Thur Jan 5, 2023 **LIVE**

1
00:00:46,030 --> 00:00:32,410

[Music]

2
00:00:51,709 --> 00:00:49,490

all right welcome Fade to Black breaking

3
00:00:53,170 --> 00:00:51,719

news I'm your assuming church for this

4
00:00:55,689 --> 00:00:53,180

Thursday

5
00:01:00,529 --> 00:00:55,699

January 5th

6
00:01:04,130 --> 00:01:00,539

2023 this is all of the news that you

7
00:01:07,789 --> 00:01:04,140

need now let's start here with putting

8
00:01:11,270 --> 00:01:07,799

on some glasses so I can see on this day

9
00:01:15,350 --> 00:01:11,280

in history 1972 Richard Nixon signs a

10
00:01:18,910 --> 00:01:15,360

bill authorizing 5.5 million dollars in

11
00:01:21,590 --> 00:01:18,920

funding to develop the space shuttle

12
00:01:23,770 --> 00:01:21,600

NASA launched a Columbia the first space

13
00:01:27,469 --> 00:01:23,780

shuttle in

14

00:01:29,270 --> 00:01:27,479

1981. here's your fader fact today the

15

00:01:31,330 --> 00:01:29,280

name spam

16

00:01:37,429 --> 00:01:31,340

this is your fader fact

17

00:01:39,069 --> 00:01:37,439

the name spam is a combination of spice

18

00:01:43,130 --> 00:01:39,079

and ham

19

00:01:46,190 --> 00:01:43,140

mythology says spam is an acronym an

20

00:01:48,410 --> 00:01:46,200

acronym for scientifically processed

21

00:01:50,990 --> 00:01:48,420

animal matter

22

00:01:53,210 --> 00:01:51,000

both are correct

23

00:01:56,149 --> 00:01:53,220

and that is your fader fact today let's

24

00:01:59,210 --> 00:01:56,159

get to the breaking news a recent

25

00:02:03,050 --> 00:01:59,220

massive explosion on the far side of the

26
00:02:03,950 --> 00:02:03,060
sun of an x-class flare narrowly missed

27
00:02:06,889 --> 00:02:03,960
Earth

28
00:02:10,130 --> 00:02:06,899
but the Sunspot responsible for it will

29
00:02:13,850 --> 00:02:10,140
soon be pointed directly at our planet

30
00:02:15,890 --> 00:02:13,860
the eruption was detected on January 3rd

31
00:02:19,250 --> 00:02:15,900
by the solar and heliospheric

32
00:02:22,250 --> 00:02:19,260
Observatory Soho spotted a bright stream

33
00:02:23,510 --> 00:02:22,260
of Plaza from the sun's Southeastern

34
00:02:29,449 --> 00:02:23,520
area

35
00:02:31,790 --> 00:02:29,459
the Sunspot known as AR 3163 rotated on

36
00:02:35,770 --> 00:02:31,800
the far side of the sun around two weeks

37
00:02:39,110 --> 00:02:35,780
ago and today the closest edge of AR

38
00:02:42,110 --> 00:02:39,120

3163 began to appear on the solar

39

00:02:44,930 --> 00:02:42,120

Horizon as expected it will soon be

40

00:02:47,570 --> 00:02:44,940

pointed directly at Earth

41

00:02:51,770 --> 00:02:47,580

I'll keep you posted

42

00:02:55,190 --> 00:02:51,780

John Deere that's right yellow and green

43

00:02:58,729 --> 00:02:55,200

tractors John Deere's Chief technology

44

00:03:02,390 --> 00:02:58,739

officer jahi Hinman just announced the

45

00:03:05,330 --> 00:03:02,400

world's largest maker of tractors is in

46

00:03:09,949 --> 00:03:05,340

the process of finalizing a satellite

47

00:03:13,850 --> 00:03:09,959

partner that's right first drones then

48

00:03:17,390 --> 00:03:13,860

robotics technology and now satellites

49

00:03:19,250 --> 00:03:17,400

the goal is to create a geospatial map

50

00:03:21,830 --> 00:03:19,260

that farmers can use to better track

51
00:03:23,149 --> 00:03:21,840
productivity and the performance of

52
00:03:25,910 --> 00:03:23,159
crops

53
00:03:27,369 --> 00:03:25,920
that is actually very big news

54
00:03:30,110 --> 00:03:27,379
now

55
00:03:33,290 --> 00:03:30,120
researchers from the University of North

56
00:03:36,830 --> 00:03:33,300
Carolina have found in one of the first

57
00:03:40,910 --> 00:03:36,840
studies of its kind that habitually

58
00:03:44,270 --> 00:03:40,920
checking social feeds may change the way

59
00:03:47,570 --> 00:03:44,280
early adolescence process social rewards

60
00:03:49,850 --> 00:03:47,580
and punishments changes concrete enough

61
00:03:52,449 --> 00:03:49,860
that they can be seen as a distinct and

62
00:03:56,110 --> 00:03:52,459
Divergent neural Pathways in

63
00:04:00,649 --> 00:03:56,120

brain scans that's right

64

00:04:02,270 --> 00:04:00,659

changing DNA in children published in

65

00:04:05,330 --> 00:04:02,280

the Journal of American Medical

66

00:04:09,170 --> 00:04:05,340

Association Pediatrics the paper found

67

00:04:11,869 --> 00:04:09,180

significant changes to the amygdala the

68

00:04:15,250 --> 00:04:11,879

part of the brain associated with memory

69

00:04:19,069 --> 00:04:15,260

and emotions in the brains of the study

70

00:04:22,189 --> 00:04:19,079

169 study participants all came from a

71

00:04:26,090 --> 00:04:22,199

North Carolina middle school

72

00:04:27,909 --> 00:04:26,100

you knew it the effects of social media

73

00:04:32,270 --> 00:04:27,919

yesterday

74

00:04:35,210 --> 00:04:32,280

January 4th NASA's perseverance Mars

75

00:04:38,270 --> 00:04:35,220

Rover dropped its fourth rock sample

76

00:04:42,170 --> 00:04:38,280

tube at a location in the gisero crater

77

00:04:46,249 --> 00:04:42,180

so now it's first backup sample Depot is

78

00:04:50,210 --> 00:04:46,259

now 40 complete perseverance which

79

00:04:53,030 --> 00:04:50,220

landed on Mars in February 2021 will

80

00:04:56,150 --> 00:04:53,040

stash 10 samples overall at the location

81

00:04:59,990 --> 00:04:56,160

called Three Forks which is on the floor

82

00:05:02,990 --> 00:05:00,000

of the 28 mile wide Cesaro crater the

83

00:05:05,689 --> 00:05:03,000

primary goal is for the Rover itself to

84

00:05:08,629 --> 00:05:05,699

deliver the samples to an incoming NASA

85

00:05:11,030 --> 00:05:08,639

Lander which will carry a rocket to

86

00:05:12,550 --> 00:05:11,040

blast the samples off the Martian

87

00:05:14,810 --> 00:05:12,560

surface

88

00:05:17,030 --> 00:05:14,820

yeah it's pretty incredible actually

89

00:05:19,010 --> 00:05:17,040

Mexico

90

00:05:21,590 --> 00:05:19,020

has arrested

91

00:05:25,969 --> 00:05:21,600

of Dio Guzman

92

00:05:28,909 --> 00:05:25,979

son of drug lord Joaquin El Chapo Guzman

93

00:05:31,249 --> 00:05:28,919

in a dramatic operation in the northern

94

00:05:32,810 --> 00:05:31,259

state of Sinaloa all of this happening

95

00:05:35,930 --> 00:05:32,820

earlier today

96

00:05:38,270 --> 00:05:35,940

Guzman is described as a high-ranking

97

00:05:39,830 --> 00:05:38,280

member of the Sinaloa cartel in a press

98

00:05:43,370 --> 00:05:39,840

release issue by the United States

99

00:05:47,749 --> 00:05:43,380

Department of uh the United States state

100

00:05:49,550 --> 00:05:47,759

department on December 16th he was

101
00:05:52,730 --> 00:05:49,560
previously arrested by the federal

102
00:05:54,350 --> 00:05:52,740
authorities in October 2019 but was

103
00:06:00,529 --> 00:05:54,360
released on the order of the president

104
00:06:02,270 --> 00:06:00,539
of Mexico to avoid further bloodshed

105
00:06:05,150 --> 00:06:02,280
I'm gonna leave her right there a new

106
00:06:08,330 --> 00:06:05,160
Gallup poll sought to gauge what people

107
00:06:11,450 --> 00:06:08,340
think of the character of individuals

108
00:06:14,210 --> 00:06:11,460
based on their jobs

109
00:06:15,350 --> 00:06:14,220
that's right now think about what I just

110
00:06:18,290 --> 00:06:15,360
said

111
00:06:22,189 --> 00:06:18,300
right what do you think

112
00:06:25,249 --> 00:06:22,199
when you think of somebody's job and the

113
00:06:28,390 --> 00:06:25,259

character of the individuals behind

114

00:06:33,710 --> 00:06:28,400

those jobs so Gallup interviewed

115

00:06:37,010 --> 00:06:33,720

1018 adults ages 18 and over living in

116

00:06:39,430 --> 00:06:37,020

all 50 U.S states and the District of

117

00:06:44,809 --> 00:06:39,440

Columbia to find out which professions

118

00:06:50,330 --> 00:06:44,819

were the most and least trusted

119

00:06:54,650 --> 00:06:50,340

out of the top 15 least trusted number

120

00:06:57,170 --> 00:06:54,660

14 was car salespeople now that doesn't

121

00:06:58,850 --> 00:06:57,180

come as a surprise does it right that's

122

00:07:00,830 --> 00:06:58,860

the lowest of the low

123

00:07:04,010 --> 00:07:00,840

or is it

124

00:07:09,469 --> 00:07:04,020

the least trusted to come in at number

125

00:07:14,230 --> 00:07:09,479

15 below that of car sales people

126

00:07:21,950 --> 00:07:18,170
