BREAKING NEWS

Thur Jan 12, 2023 **LIVE**

1
00:00:16,199 --> 00:00:18,960
foreign

2
00:00:44,930 --> 00:00:31,100
[Music]

3
00:00:51,770 --> 00:00:47,630
good afternoon Fade to Black breaking

4
00:00:54,729 --> 00:00:51,780
news on Thursday January 12 2023 I'm

5
00:00:58,310 --> 00:00:54,739
Jimmy church this is all of the news

6
00:01:00,410 --> 00:00:58,320
that you need on this day in history

7
00:01:04,570 --> 00:01:00,420
1904

8
00:01:07,250 --> 00:01:04,580
Henry Ford sets a land speed record of

9
00:01:10,850 --> 00:01:07,260
91.37 miles per hour on the Frozen

10
00:01:13,670 --> 00:01:10,860
surface of Michigan's Lake Saint Claire

11
00:01:19,510 --> 00:01:13,680
he was driving a four-wheel vehicle

12
00:01:23,030 --> 00:01:19,520
dubbed the 999 made of wood and nobody

13
00:01:26,149 --> 00:01:23,040

or hood on ice

14

00:01:29,230 --> 00:01:26,159

91 miles per hour on this day in 1904

15

00:01:33,590 --> 00:01:29,240

let's get to your fader fact today in

16

00:01:35,630 --> 00:01:33,600

1783 the first hot air balloon was

17

00:01:40,490 --> 00:01:35,640

launched in France

18

00:01:41,569 --> 00:01:40,500

its passengers were a sheep a duck and a

19

00:01:44,030 --> 00:01:41,579

rooster

20

00:01:47,210 --> 00:01:44,040

because at the time

21

00:01:50,510 --> 00:01:47,220

it was unknown how flying at high

22

00:01:51,950 --> 00:01:50,520

altitudes would affect people

23

00:01:54,109 --> 00:01:51,960

I'm just gonna leave that right there

24

00:01:55,310 --> 00:01:54,119

let's get to the breaking news Well it

25

00:02:01,550 --> 00:01:55,320

finally happened

26
00:02:05,950 --> 00:02:01,560
today the 2022 annual UA UFO UAP report

27
00:02:10,850 --> 00:02:05,960
that was due back on October 31st 2022

28
00:02:12,890 --> 00:02:10,860
has been released it's just 12 pages

29
00:02:17,270 --> 00:02:12,900
long and it's not the classified version

30
00:02:20,110 --> 00:02:17,280
by the way this is the public version

31
00:02:23,330 --> 00:02:20,120
so some of the highlights in total

32
00:02:25,430 --> 00:02:23,340
510 unidentified aerial phenomena I'm

33
00:02:27,530 --> 00:02:25,440
putting that in air quotes observed and

34
00:02:31,070 --> 00:02:27,540
protected airspace or near sensitive

35
00:02:36,229 --> 00:02:31,080
facilities have been compiled as of

36
00:02:40,430 --> 00:02:36,239
August of last year 2022. now out of

37
00:02:42,290 --> 00:02:40,440
those out of the 510 366 were gathered

38
00:02:44,830 --> 00:02:42,300

since a preliminary assessment was

39

00:02:49,070 --> 00:02:44,840

published in

40

00:02:53,630 --> 00:02:49,080

2021. now according to the report

41

00:02:55,869 --> 00:02:53,640

just 26 of the 510 were drones

42

00:02:59,930 --> 00:02:55,879

and get ready

43

00:03:04,790 --> 00:02:59,940

163 were balloons

44

00:03:07,930 --> 00:03:04,800

and six were described as clutter

45

00:03:13,089 --> 00:03:07,940

right not sure what that means

46

00:03:16,070 --> 00:03:13,099

that leaves if we do the math right

47

00:03:19,130 --> 00:03:16,080

171 sightings that again air quotes

48

00:03:21,229 --> 00:03:19,140

according to the report that appeared to

49

00:03:23,270 --> 00:03:21,239

have demonstrated unusual flight

50

00:03:26,449 --> 00:03:23,280

characteristics or performance

51
00:03:27,589 --> 00:03:26,459
capabilities end quote lifted from the

52
00:03:34,030 --> 00:03:27,599
report

53
00:03:37,610 --> 00:03:34,040
aircraft specifically the United States

54
00:03:41,390 --> 00:03:37,620
has ever collided with the UFO

55
00:03:45,229 --> 00:03:41,400
and the report also says that looking at

56
00:03:49,309 --> 00:03:45,239
or observing a UFO or a UAP

57
00:03:52,550 --> 00:03:49,319
hasn't caused any health effects

58
00:03:55,369 --> 00:03:52,560
to Personnel so far

59
00:03:57,170 --> 00:03:55,379
there you go now the 12-page report is

60
00:04:00,949 --> 00:03:57,180
an unclassified version of the secret

61
00:04:02,270 --> 00:04:00,959
stuff that was just delivered to

62
00:04:05,390 --> 00:04:02,280
Congress

63
00:04:07,850 --> 00:04:05,400

okay now I'm going to be reading through

64

00:04:11,570 --> 00:04:07,860

uh the report and getting back to

65

00:04:14,149 --> 00:04:11,580

everybody in the days ahead

66

00:04:17,509 --> 00:04:14,159

okay here we go

67

00:04:19,250 --> 00:04:17,519

and uh pretty bummed about this Justin

68

00:04:22,670 --> 00:04:19,260

Roiland

69

00:04:26,090 --> 00:04:22,680

who co-created and stars in the hit

70

00:04:28,850 --> 00:04:26,100

animated series Rick and Morty has been

71

00:04:30,290 --> 00:04:28,860

charged with felony domestic violence in

72

00:04:34,730 --> 00:04:30,300

connection with an incident that

73

00:04:36,710 --> 00:04:34,740

occurred in 2020 now we're in 2023 so I

74

00:04:38,629 --> 00:04:36,720

know what you're saying how come we

75

00:04:41,870 --> 00:04:38,639

haven't heard about this before

76

00:04:44,270 --> 00:04:41,880

check this out he was charged with one

77

00:04:47,390 --> 00:04:44,280

felony count of domestic battery with

78

00:04:50,749 --> 00:04:47,400

Corporal in injury and one felony count

79

00:04:53,689 --> 00:04:50,759

of false imprisonment by Menace violence

80

00:04:56,330 --> 00:04:53,699

fraud and or deceit

81

00:05:00,890 --> 00:04:56,340

he pleaded not guilty to both charges

82

00:05:02,390 --> 00:05:00,900

and an October 2020 arraignment and the

83

00:05:04,969 --> 00:05:02,400

case has proceeded through the court

84

00:05:06,770 --> 00:05:04,979

system without attracting public

85

00:05:13,070 --> 00:05:06,780

attention

86

00:05:15,110 --> 00:05:13,080

now and I am reporting on it royland

87

00:05:19,330 --> 00:05:15,120

appeared in an Orange County California

88

00:05:23,330 --> 00:05:19,340

court today in connection with the case

89

00:05:25,189 --> 00:05:23,340

so I guess I won't be wearing my Rick

90

00:05:26,749 --> 00:05:25,199

and Morty t-shirts

91

00:05:30,650 --> 00:05:26,759

anymore

92

00:05:33,710 --> 00:05:30,660

in a new study a team of astronomers led

93

00:05:36,770 --> 00:05:33,720

by heyo Jin Yan at the University of

94

00:05:38,749 --> 00:05:36,780

Missouri used data from NASA's James

95

00:05:43,310 --> 00:05:38,759

Webb Space Telescope early release

96

00:05:44,810 --> 00:05:43,320

observations and discovered 87 galaxies

97

00:05:46,909 --> 00:05:44,820

that could be the earliest known

98

00:05:49,490 --> 00:05:46,919

galaxies in the universe

99

00:05:52,310 --> 00:05:49,500

the finding moves the astronomers one

100

00:05:54,890 --> 00:05:52,320

step closer to finding out when galaxies

101

00:05:58,070 --> 00:05:54,900

first appeared in the universe and now

102

00:06:01,730 --> 00:05:58,080

that number is about 200 to 400 million

103

00:06:04,010 --> 00:06:01,740

years after the big bang all of this

104

00:06:07,189 --> 00:06:04,020

according to Yan associate professor of

105

00:06:10,550 --> 00:06:07,199

physics and astronomy at mu and Lead

106

00:06:13,730 --> 00:06:10,560

author of the study so there you go

107

00:06:16,790 --> 00:06:13,740

the first galaxies formed 200 million

108

00:06:19,430 --> 00:06:16,800

years after the big bang and that's a

109

00:06:22,610 --> 00:06:19,440

short period of time isn't it

110

00:06:26,150 --> 00:06:22,620

and more James Webb news the James Webb

111

00:06:30,050 --> 00:06:26,160

Space Telescope has detected its first

112

00:06:35,809 --> 00:06:30,060

Rocky exoplanet and the distinction goes

113

00:06:39,350 --> 00:06:35,819

to LHS 475b an earth-sized Planet as hot

114

00:06:41,930 --> 00:06:39,360

as Venus located just 41 light years

115

00:06:44,390 --> 00:06:41,940

away from Earth in the constellation

116

00:06:46,670 --> 00:06:44,400

octans

117

00:06:50,330 --> 00:06:46,680

all right well it happened yesterday the

118

00:06:53,629 --> 00:06:50,340

faa's computer system crashed there were

119

00:06:56,330 --> 00:06:53,639

over a thousand uh canceled flights

120

00:06:59,029 --> 00:06:56,340

yesterday I think there were 6 000

121

00:07:01,070 --> 00:06:59,039

delays all because of the faa's program

122

00:07:04,129 --> 00:07:01,080

the Federal Aviation Administration

123

00:07:05,510 --> 00:07:04,139

software that failed yesterday caused

124

00:07:09,409 --> 00:07:05,520

thousands of flight delays and

125

00:07:12,909 --> 00:07:09,419

cancellations and that system is 30

126

00:07:16,670 --> 00:07:12,919

years old in at least six years away

127

00:07:18,469 --> 00:07:16,680

from being updated now what happened was

128

00:07:20,689 --> 00:07:18,479

there was a corrupted file

129

00:07:23,629 --> 00:07:20,699

so they went to the backup version of

130

00:07:27,350 --> 00:07:23,639

everything and that same file was

131

00:07:30,589 --> 00:07:27,360

corrupted in the backup

132

00:07:32,770 --> 00:07:30,599

go and figure the notices to air

133

00:07:35,450 --> 00:07:32,780

missions it's called No Tam

134

00:07:38,689 --> 00:07:35,460

n-o-t-a-m the notice is to air missions

135

00:07:40,969 --> 00:07:38,699

database failure triggered the FAA to

136

00:07:45,469 --> 00:07:40,979

implement the first Nationwide stop of

137

00:07:48,890 --> 00:07:45,479

air traffic in more than 20 years its

138

00:07:53,029 --> 00:07:48,900

budget estimate for 2023 the FAA

139

00:07:54,710 --> 00:07:53,039

requested 29.4 million dollars for its

140

00:07:58,570 --> 00:07:54,720

aeronautical Information Management

141

00:08:02,870 --> 00:07:58,580

program which includes the no Tam system

142

00:08:06,589 --> 00:08:02,880

but yes it is still six years away from

143

00:08:09,170 --> 00:08:06,599

being brought online so there you go

144

00:08:10,670 --> 00:08:09,180

that's all of the Fade to Black breaking

145

00:08:12,670 --> 00:08:10,680

news that you need for this Thursday

146

00:08:16,189 --> 00:08:12,680

January 12

147

00:08:20,510 --> 00:08:16,199

2023 I'm Jimmy church and breaking news

148

00:08:26,950 --> 00:08:20,520

is produced by Renee Newman and with

149

00:08:49,060 --> 00:08:39,090
