[Music]

2  
00:00:40,490 --> 00:00:37,219

the smoke radio for the masses of July 8

3  
00:00:42,889 --> 00:00:40,500

1947 the Army Air Forces has announced

4  
00:00:45,049 --> 00:00:42,899

that a flying disc has been found and is

5  
00:00:48,110 --> 00:00:45,059

now in the possession of the army

6  
00:00:51,830 --> 00:00:48,120

game is rigged change the game game

7  
00:00:55,430 --> 00:00:51,840

changer I occasionally think how quickly

8  
00:00:58,790 --> 00:00:55,440

our differences worldwide would vanish

9  
00:01:00,160 --> 00:00:58,800

if we were facing an alien threat from

10  
00:01:01,970 --> 00:01:00,170

outside this work

11  
00:01:02,160 --> 00:01:01,980

[Music]

12  
00:01:04,509 --> 00:01:02,170

[Applause]

13  
00:01:07,429 --> 00:01:04,519

[Music]

14

00:01:10,310 --> 00:01:07,439

this is Fade to Black with your host

15

00:01:10,930 --> 00:01:10,320

Jimmy Church on the game changer Radio

16

00:01:14,649 --> 00:01:10,940

Network

17

00:01:17,750 --> 00:01:14,659

[Music]

18

00:01:19,010 --> 00:01:17,760

all right welcome Fade to Black I'm your

19

00:01:21,969 --> 00:01:19,020

host Jimmy church today is Wednesday

20

00:01:24,590 --> 00:01:21,979

January 18th

21

00:01:27,590 --> 00:01:24,600

2023. our guest tonight Steve Bassett is

22

00:01:28,990 --> 00:01:27,600

with us of uh prg we're going to be

23

00:01:31,070 --> 00:01:29,000

discussing

24

00:01:33,370 --> 00:01:31,080

oh man

25

00:01:39,550 --> 00:01:33,380

going to be discussing Washington D.C

26  
00:01:42,530 --> 00:01:39,560  
uaps UFOs we have the uh the 2023 ndaa

27  
00:01:49,690 --> 00:01:42,540  
uh to go through and discuss uh tonight

28  
00:01:53,210 --> 00:01:49,700  
and also of course the 2023 odni UAP UFO

29  
00:01:56,330 --> 00:01:53,220  
uh report that was finally released uh

30  
00:01:59,389 --> 00:01:56,340  
about a week and a half ago and uh well

31  
00:02:01,609 --> 00:01:59,399  
today's Wednesday I'm not even sure now

32  
00:02:04,910 --> 00:02:01,619  
it was released on a Friday was it this

33  
00:02:07,310 --> 00:02:04,920  
last Friday the week before uh yeah we

34  
00:02:09,710 --> 00:02:07,320  
had to have been the week before

35  
00:02:12,650 --> 00:02:09,720  
it's uh time flies we're going to be

36  
00:02:15,949 --> 00:02:12,660  
doing all of that tonight and before I

37  
00:02:19,130 --> 00:02:15,959  
go through a long and extensive bio for

38  
00:02:21,290 --> 00:02:19,140

Steve we know that he is the executive

39

00:02:24,050 --> 00:02:21,300

director of the Paradigm research group

40

00:02:27,790 --> 00:02:24,060

founded back in 1996 so that means Steve

41

00:02:31,309 --> 00:02:27,800

has been doing this for a way too long

42

00:02:34,670 --> 00:02:31,319

he is seriously concerned and dedicated

43

00:02:36,530 --> 00:02:34,680

his life to formal Disclosure by our

44

00:02:40,070 --> 00:02:36,540

government and other world governments

45

00:02:42,530 --> 00:02:40,080

and in 2013 of course prg produced The

46

00:02:45,229 --> 00:02:42,540

Citizen hearing on disclosure at the

47

00:02:47,710 --> 00:02:45,239

national Press Club in Washington D.C

48

00:02:49,430 --> 00:02:47,720

his website is Paradigm

49

00:02:51,350 --> 00:02:49,440

researchgroup.org the links are

50

00:02:53,690 --> 00:02:51,360

throughout social media and over on our

51  
00:02:56,449 --> 00:02:53,700  
website and I would like to welcome back

52  
00:02:57,530 --> 00:02:56,459  
to fade to black troublemaker and our

53  
00:03:00,490 --> 00:02:57,540  
good friend

54  
00:03:03,410 --> 00:03:00,500  
Stephen Bassett Stephen

55  
00:03:05,750 --> 00:03:03,420  
Troublemaker yeah the trouble good

56  
00:03:08,449 --> 00:03:05,760  
trouble Jimmy good trouble uh you look

57  
00:03:10,809 --> 00:03:08,459  
great man uh the holidays are behind us

58  
00:03:13,670 --> 00:03:10,819  
happy New Year how you doing

59  
00:03:15,290 --> 00:03:13,680  
I am incredibly excited for the year

60  
00:03:19,089 --> 00:03:15,300  
that is coming this is going to be the

61  
00:03:26,690 --> 00:03:21,770  
you know I just cut you off

62  
00:03:29,270 --> 00:03:26,700  
um uh uh I want to bring up uh not

63  
00:03:33,530 --> 00:03:29,280

extensively or anything like this but uh

64

00:03:36,350 --> 00:03:33,540

you and I had a private evening uh at my

65

00:03:38,270 --> 00:03:36,360

house uh we cooked and and drank uh to

66

00:03:40,490 --> 00:03:38,280

the wee hours in the morning talking

67

00:03:43,009 --> 00:03:40,500

about this subject and where we are

68

00:03:45,589 --> 00:03:43,019

right now and and we did it for hours

69

00:03:47,089 --> 00:03:45,599

and hours and hours but uh we had to do

70

00:03:49,190 --> 00:03:47,099

it again it's been a while let's do this

71

00:03:50,530 --> 00:03:49,200

again I I that was way too much fun yeah

72

00:03:53,690 --> 00:03:50,540

we

73

00:03:55,789 --> 00:03:53,700

you know normally

74

00:03:58,670 --> 00:03:55,799

um Stephen I know the audience is gonna

75

00:04:00,949 --> 00:03:58,680

laugh normally I need like a dozen

76

00:04:04,009 --> 00:04:00,959

guests around me do keep the

77

00:04:07,070 --> 00:04:04,019

conversation going right nah not with

78

00:04:09,470 --> 00:04:07,080

not with Bassett I just take that as a

79

00:04:13,610 --> 00:04:09,480

compliment I just need one I just need

80

00:04:17,390 --> 00:04:13,620

one but but here we are right and uh

81

00:04:20,090 --> 00:04:17,400

pretty exciting times uh how do you feel

82

00:04:21,949 --> 00:04:20,100

let's let's actually start where we need

83

00:04:24,050 --> 00:04:21,959

to start

84

00:04:27,710 --> 00:04:24,060

um every year

85

00:04:30,290 --> 00:04:27,720

it's okay this is gonna be the year

86

00:04:32,930 --> 00:04:30,300

right and we do this a decade goes by

87

00:04:34,909 --> 00:04:32,940

and then another decade goes by and here

88

00:04:36,350 --> 00:04:34,919

comes another New Year's and ah this is

89

00:04:37,969 --> 00:04:36,360

going to be the year man I can feel it

90

00:04:41,870 --> 00:04:37,979

it's gonna be the year it's going to be

91

00:04:45,469 --> 00:04:41,880

the year well what do you think is is

92

00:04:48,770 --> 00:04:45,479

2023 going to be the one

93

00:04:50,330 --> 00:04:48,780

years ago and I I didn't prepare this in

94

00:04:51,650 --> 00:04:50,340

advance so I'm I'm gonna be a little

95

00:04:54,290 --> 00:04:51,660

sketchy but because it just came to me

96

00:04:57,110 --> 00:04:54,300

but years ago well before I got in to

97

00:05:00,230 --> 00:04:57,120

this work uh so we're talking about well

98

00:05:02,090 --> 00:05:00,240

before 1996 could have been in the 80s

99

00:05:04,550 --> 00:05:02,100

and and you can probably find it if you

100

00:05:06,830 --> 00:05:04,560

look look online everything's online I

101  
00:05:10,689 --> 00:05:06,840  
read an amazing story about the search

102  
00:05:14,870 --> 00:05:10,699  
for the Spanish uh gold Galleon

103  
00:05:16,969 --> 00:05:14,880  
Laden with gold called the Atoka a t o c

104  
00:05:18,950 --> 00:05:16,979  
h a and there was a gentleman and his

105  
00:05:22,790 --> 00:05:18,960  
family that had been looking for it

106  
00:05:26,150 --> 00:05:22,800  
right for years and years uh you know

107  
00:05:28,430 --> 00:05:26,160  
how that can go and uh every every year

108  
00:05:30,770 --> 00:05:28,440  
he would say this is the year we're

109  
00:05:33,469 --> 00:05:30,780  
going to find this ship right and

110  
00:05:36,110 --> 00:05:33,479  
tragedy happened he lost his I think uh

111  
00:05:38,810 --> 00:05:36,120  
his daughter and her husband when one of

112  
00:05:41,990 --> 00:05:38,820  
the boats sunk and all kinds of it goes

113  
00:05:43,210 --> 00:05:42,000

on and by God one year they found the

114

00:05:46,070 --> 00:05:43,220

Atoka

115

00:05:47,450 --> 00:05:46,080

loaded with gold it was a fortune I

116

00:05:49,850 --> 00:05:47,460

don't know what it was it's a great

117

00:05:51,830 --> 00:05:49,860

story I think this guy's probably passed

118

00:05:53,150 --> 00:05:51,840

on now but I I that is always stuck in

119

00:05:55,490 --> 00:05:53,160

my mind

120

00:06:00,950 --> 00:05:55,500

um you know are you talking about

121

00:06:03,409 --> 00:06:00,960

um uh Mel Fisher yes absolutely yeah

122

00:06:04,430 --> 00:06:03,419

yeah that's a great story I don't know I

123

00:06:06,170 --> 00:06:04,440

think they've done a dock on it they

124

00:06:09,290 --> 00:06:06,180

should do a narrative film on that puppy

125

00:06:11,770 --> 00:06:09,300

uh what an amazing Story look the nature

126  
00:06:15,650 --> 00:06:11,780  
of activism is fundamentally persistence

127  
00:06:16,850 --> 00:06:15,660  
it always has been why uh and now I'm

128  
00:06:19,550 --> 00:06:16,860  
not saying that he was an activist he

129  
00:06:21,350 --> 00:06:19,560  
wasn't but he was searching for

130  
00:06:23,629 --> 00:06:21,360  
something special something important

131  
00:06:27,170 --> 00:06:23,639  
activists are are in roughly the same

132  
00:06:29,390 --> 00:06:27,180  
way is that you are up against Authority

133  
00:06:31,670 --> 00:06:29,400  
you're up against the powers of the

134  
00:06:34,610 --> 00:06:31,680  
state uh you're up against peer pressure

135  
00:06:36,710 --> 00:06:34,620  
and so forth and so it's not going to be

136  
00:06:39,950 --> 00:06:36,720  
easy it's always going to be tough right

137  
00:06:42,469 --> 00:06:39,960  
by the very nature of activism and so

138  
00:06:43,670 --> 00:06:42,479

all the first thing you have to have is

139

00:06:46,129 --> 00:06:43,680

persistence

140

00:06:47,629 --> 00:06:46,139

uh you you think gee it would be right

141

00:06:50,629 --> 00:06:47,639

and just if the government were to do

142

00:06:52,850 --> 00:06:50,639

this and the government says screw you

143

00:06:54,890 --> 00:06:52,860

what are you doing next and so if you

144

00:06:57,230 --> 00:06:54,900

look if you look to this movement

145

00:06:59,270 --> 00:06:57,240

they take depending upon how important

146

00:07:01,629 --> 00:06:59,280

the issue is they take longer and longer

147

00:07:04,370 --> 00:07:01,639

they go through harder and harder times

148

00:07:08,390 --> 00:07:04,380

but they are all marked by a Relentless

149

00:07:10,309 --> 00:07:08,400

persistence and they always Prevail with

150

00:07:12,469 --> 00:07:10,319

few exceptions and that is where the

151  
00:07:14,629 --> 00:07:12,479  
phrase The Arc of the immoral universe

152  
00:07:17,029 --> 00:07:14,639  
is long but tends toward Justice it is

153  
00:07:19,129 --> 00:07:17,039  
long and unless you're prepared to run

154  
00:07:22,010 --> 00:07:19,139  
that long race you need to find

155  
00:07:23,150 --> 00:07:22,020  
something else I made the decision 26

156  
00:07:25,070 --> 00:07:23,160  
years in

157  
00:07:27,230 --> 00:07:25,080  
uh but there were people that got into

158  
00:07:30,650 --> 00:07:27,240  
this issue even from the standpoint of

159  
00:07:33,710 --> 00:07:30,660  
disclosure 55 years ago sure so I I'm

160  
00:07:36,230 --> 00:07:33,720  
not complaining uh but is this the year

161  
00:07:37,670 --> 00:07:36,240  
never seen anything like it in my 26

162  
00:07:40,790 --> 00:07:37,680  
years and anything that's happened

163  
00:07:42,550 --> 00:07:40,800

before that in general nothing compares

164

00:07:44,210 --> 00:07:42,560

to what we're seeing right now

165

00:07:52,870 --> 00:07:44,220

the

166

00:07:56,749 --> 00:07:52,880

have invested and it it seems

167

00:07:59,150 --> 00:07:56,759

you know it's almost like a a Dreamscape

168

00:08:01,370 --> 00:07:59,160

and and then you turn around and you

169

00:08:03,589 --> 00:08:01,380

look at others around us like you're

170

00:08:05,089 --> 00:08:03,599

saying right and and and those that came

171

00:08:08,089 --> 00:08:05,099

before us because we're riding on the

172

00:08:11,270 --> 00:08:08,099

backs of giants right and you know going

173

00:08:13,309 --> 00:08:11,280

back to Kehoe you know I mean if you

174

00:08:15,230 --> 00:08:13,319

really want to think about some guys

175

00:08:17,450 --> 00:08:15,240

that were on a mission and talk about an

176

00:08:20,390 --> 00:08:17,460

activist and and going up against the

177

00:08:23,689 --> 00:08:20,400

government uh there were plenty of those

178

00:08:25,969 --> 00:08:23,699

in in the 50s and 60s and nycap and and

179

00:08:28,550 --> 00:08:25,979

the things that were going on but

180

00:08:31,369 --> 00:08:28,560

then I just look at myself

181

00:08:32,750 --> 00:08:31,379

I've been looking at this issue I'm 60.

182

00:08:36,409 --> 00:08:32,760

I've been doing it since I was eight

183

00:08:42,829 --> 00:08:39,949

Library looking up UFO in in the

184

00:08:44,329 --> 00:08:42,839

encyclopedia and and doing that what

185

00:08:46,790 --> 00:08:44,339

prompted you at eight years old to look

186

00:08:48,910 --> 00:08:46,800

up UFO in the encyclopedia my my next

187

00:08:52,009 --> 00:08:48,920

door neighbor and best friend John

188

00:08:54,590 --> 00:08:52,019

dubrava everybody leave John alone uh

189

00:08:56,750 --> 00:08:54,600

this was in Chicago I should have said

190

00:08:58,970 --> 00:08:56,760

his last name and

191

00:09:00,410 --> 00:08:58,980

um but we were into astronauts and and

192

00:09:02,870 --> 00:09:00,420

everything else and then you know I had

193

00:09:05,870 --> 00:09:02,880

my mom who was into this too as well but

194

00:09:07,090 --> 00:09:05,880

but that's we would sit around in in

195

00:09:11,630 --> 00:09:07,100

fourth grade

196

00:09:16,910 --> 00:09:11,640

drawing Rockets Apollo whatever UFOs

197

00:09:21,190 --> 00:09:16,920

moon bases and you had uh in 72

198

00:09:24,410 --> 00:09:21,200

um you and I are the same age so if you

199

00:09:27,170 --> 00:09:24,420

I wish that were true man I wish it were

200

00:09:29,050 --> 00:09:27,180

true you are a kid yeah you were a kid

201

00:09:32,210 --> 00:09:29,060

you're a child

202

00:09:35,090 --> 00:09:32,220

I'm older than dirt it's ridiculous you

203

00:09:40,970 --> 00:09:35,100

got me by six months but here's my 16

204

00:09:45,170 --> 00:09:40,980

years if you go back to 70 71 72 yeah

205

00:09:46,790 --> 00:09:45,180

and and think about 69 when you had we

206

00:09:49,730 --> 00:09:46,800

think it's amazing today but back then

207

00:09:52,190 --> 00:09:49,740

you had lost in space you had a Star

208

00:09:55,070 --> 00:09:52,200

Trek uh uh of course you know things

209

00:09:58,130 --> 00:09:55,080

like the Twilight Zone but um you had

210

00:10:00,590 --> 00:09:58,140

the TV series UFO which still to this

211

00:10:02,930 --> 00:10:00,600

day is is one of the did you know

212

00:10:06,650 --> 00:10:02,940

strangest was on that show for an

213

00:10:09,230 --> 00:10:06,660

episode I mean yeah it was it was

214

00:10:11,750 --> 00:10:09,240

bringing in UFO researcher from the

215

00:10:14,570 --> 00:10:11,760

United States and and so he flies over

216

00:10:17,090 --> 00:10:14,580

to England uh and goes to Shadow you

217

00:10:20,930 --> 00:10:17,100

know the you know the the offices under

218

00:10:24,310 --> 00:10:20,940

the the the the movie studio and starts

219

00:10:27,829 --> 00:10:24,320

talking about the UFO issue but anyway

220

00:10:31,130 --> 00:10:27,839

uh uh space 1999 you know you had all

221

00:10:35,269 --> 00:10:31,140

these things and UFOs and ET in contact

222

00:10:38,570 --> 00:10:35,279

were just a a part of me from a very

223

00:10:41,329 --> 00:10:38,580

young age and so here I I am at 60 still

224

00:10:43,970 --> 00:10:41,339

chasing it man along with you but I

225

00:10:45,050 --> 00:10:43,980

agree let me let me segue from that

226

00:10:46,310 --> 00:10:45,060

because I think I'd like to make an

227

00:10:47,750 --> 00:10:46,320

important Point

228

00:10:49,490 --> 00:10:47,760

um

229

00:10:51,769 --> 00:10:49,500

if you if you look at all the great

230

00:10:54,710 --> 00:10:51,779

activist movements the people that were

231

00:10:57,710 --> 00:10:54,720

involved early on they get forgotten

232

00:10:59,509 --> 00:10:57,720

very few people know many about many of

233

00:11:01,130 --> 00:10:59,519

the activists that really started the

234

00:11:03,889 --> 00:11:01,140

Civil Rights movement after the Civil

235

00:11:07,850 --> 00:11:03,899

War certainly after reconstruction 70 is

236

00:11:11,690 --> 00:11:07,860

it's 18 like 70 75. uh but there were

237

00:11:14,090 --> 00:11:11,700

people trying to advance the the cause

238

00:11:17,030 --> 00:11:14,100

of justice for people of color all the

239

00:11:18,769 --> 00:11:17,040

way back 1870s 80s 90s and they just

240

00:11:21,530 --> 00:11:18,779

kind of disappear

241

00:11:23,810 --> 00:11:21,540

and then as you get closer to the

242

00:11:25,850 --> 00:11:23,820

success you know where you get the prize

243

00:11:27,290 --> 00:11:25,860

the activist prize in this case it was a

244

00:11:29,030 --> 00:11:27,300

Civil Rights Act there's actually a

245

00:11:30,769 --> 00:11:29,040

documentary called I in the prize which

246

00:11:33,110 --> 00:11:30,779

is all about it's a series fantastic I

247

00:11:34,910 --> 00:11:33,120

won awards the people that are involved

248

00:11:37,370 --> 00:11:34,920

at the end the ones that are remembered

249

00:11:39,769 --> 00:11:37,380

and and uh they're they're held up and

250

00:11:41,750 --> 00:11:39,779

so forth we get that okay

251

00:11:43,550 --> 00:11:41,760

um well this is true in this issue as

252

00:11:47,569 --> 00:11:43,560

well it is so what's different about

253

00:11:49,009 --> 00:11:47,579

this issue is that the the the efforts

254

00:11:51,050 --> 00:11:49,019

of the early activists in the Civil

255

00:11:53,449 --> 00:11:51,060

Rights Movement nobody denied nobody was

256

00:11:54,829 --> 00:11:53,459

denying that there wasn't uh Injustice

257

00:11:56,269 --> 00:11:54,839

toward people of color or their what

258

00:11:57,829 --> 00:11:56,279

segregation laws or whatever nobody

259

00:12:01,190 --> 00:11:57,839

denied that nobody denied there was an

260

00:12:03,050 --> 00:12:01,200

issue in this issue in this on our area

261

00:12:05,630 --> 00:12:03,060

the people that were involved in trying

262

00:12:08,389 --> 00:12:05,640

to move this forward were doing it in a

263

00:12:10,430 --> 00:12:08,399

a a in an arena where the government was

264

00:12:11,930 --> 00:12:10,440

saying there's nothing there there's

265

00:12:13,850 --> 00:12:11,940

nothing what are you why are you doing

266

00:12:15,470 --> 00:12:13,860

this why are you putting your there's

267

00:12:18,290 --> 00:12:15,480

there's nothing there

268

00:12:21,410 --> 00:12:18,300

think how odd that is how strange it is

269

00:12:23,269 --> 00:12:21,420

and so all of these people for for even

270

00:12:28,370 --> 00:12:23,279

basically to today but let's just go

271

00:12:31,670 --> 00:12:28,380

from 40 40 uh uh uh seven to about uh

272

00:12:33,110 --> 00:12:31,680

even 1990. they're they're pushing this

273

00:12:34,430 --> 00:12:33,120

rock up the hill and the government just

274

00:12:36,949 --> 00:12:34,440

flicks it down they push it up and

275

00:12:38,690 --> 00:12:36,959

government fix it down and the academics

276

00:12:40,130 --> 00:12:38,700

and the journalists and so many others

277

00:12:42,350 --> 00:12:40,140

I've pretty much gone along with the

278

00:12:44,090 --> 00:12:42,360

truth embargo there's really no there

279

00:12:45,650 --> 00:12:44,100

there and we feel so sorry that you're

280

00:12:47,870 --> 00:12:45,660

wasting your life now can you imagine

281

00:12:51,110 --> 00:12:47,880

how easy it's going to be

282

00:12:54,290 --> 00:12:51,120

for those people to be forgotten all

283

00:12:57,650 --> 00:12:54,300

right meaning yeah hey look it turns out

284

00:12:59,810 --> 00:12:57,660

that uh that uh ETS are here

285

00:13:02,329 --> 00:12:59,820

uh but you believed it before it was

286

00:13:04,910 --> 00:13:02,339

acceptable so you're crazy you're right

287

00:13:06,650 --> 00:13:04,920

but you're crazy uh-uh so this is a

288

00:13:07,970 --> 00:13:06,660

special situation in terms of the

289

00:13:09,829 --> 00:13:07,980

history of activism

290

00:13:12,350 --> 00:13:09,839

and that brings me to something I want

291

00:13:14,509 --> 00:13:12,360

to mention tonight and that is this

292

00:13:17,930 --> 00:13:14,519

I have been involved in developing a

293

00:13:20,569 --> 00:13:17,940

project for over a year it's been hell

294

00:13:22,009 --> 00:13:20,579

you know it's called development hell uh

295

00:13:24,949 --> 00:13:22,019

and that's not unusual because this

296

00:13:26,810 --> 00:13:24,959

project is based in Los Angeles uh kind

297

00:13:28,370 --> 00:13:26,820

of in the uh film world where

298

00:13:29,930 --> 00:13:28,380

development hell is taught in film

299

00:13:31,129 --> 00:13:29,940

school and if you don't learn it well

300

00:13:33,110 --> 00:13:31,139

you suffer

301  
00:13:35,030 --> 00:13:33,120  
uh and we're going to be announcing the

302  
00:13:37,970 --> 00:13:35,040  
particulars in about three weeks or so

303  
00:13:40,850 --> 00:13:37,980  
uh so I'm limited what I can say

304  
00:13:42,530 --> 00:13:40,860  
but the project has a couple of has has

305  
00:13:43,790 --> 00:13:42,540  
several components to its mission

306  
00:13:46,490 --> 00:13:43,800  
statement

307  
00:13:49,129 --> 00:13:46,500  
one of them is to start informing the

308  
00:13:50,930 --> 00:13:49,139  
world about this issue in a in a way

309  
00:13:53,509 --> 00:13:50,940  
that is going to help people understand

310  
00:13:56,329 --> 00:13:53,519  
it and deal with it as it finally

311  
00:13:58,190 --> 00:13:56,339  
matures to what we'll call disclosure

312  
00:14:00,829 --> 00:13:58,200  
but one another part of the mission

313  
00:14:04,129 --> 00:14:00,839

statement is that we're going to really

314

00:14:05,870 --> 00:14:04,139

work very hard to make sure that all of

315

00:14:08,269 --> 00:14:05,880

the people that have carried the water

316

00:14:14,329 --> 00:14:08,279

in this issue going all the way back to

317

00:14:17,509 --> 00:14:14,339

45 47 are not forgotten they are uh uh

318

00:14:20,810 --> 00:14:17,519

brought forward presented in in a very

319

00:14:23,810 --> 00:14:20,820

high production values uh and in quality

320

00:14:26,569 --> 00:14:23,820

ways so that their work is not going to

321

00:14:27,829 --> 00:14:26,579

be forgotten because they were trying to

322

00:14:31,069 --> 00:14:27,839

do something when the government said

323

00:14:33,290 --> 00:14:31,079

there's nothing there and so this has

324

00:14:35,750 --> 00:14:33,300

become kind of a mission and a passion

325

00:14:37,670 --> 00:14:35,760

uh I've been very fortunate that I have

326

00:14:40,790 --> 00:14:37,680

hooked up with some rather Extraordinary

327

00:14:42,230 --> 00:14:40,800

People in the film industry so you're

328

00:14:44,329 --> 00:14:42,240

seeing a little glimpse of that behind

329

00:14:46,189 --> 00:14:44,339

me this is a studio that I'm going to be

330

00:14:47,810 --> 00:14:46,199

working out of uh but there's much more

331

00:14:52,069 --> 00:14:47,820

to come and I'll be talking about that

332

00:14:54,710 --> 00:14:52,079

in about three weeks so it's it's and

333

00:14:56,509 --> 00:14:54,720

it's always been a thing of mine that as

334

00:14:59,090 --> 00:14:56,519

as someone who is an activist and is

335

00:15:01,009 --> 00:14:59,100

admired activist through my life that

336

00:15:02,389 --> 00:15:01,019

you you look at the major activist

337

00:15:05,030 --> 00:15:02,399

movements and you look at some of the

338

00:15:07,970 --> 00:15:05,040

key people and how they were held up uh

339

00:15:09,230 --> 00:15:07,980

in in high esteem uh by those that

340

00:15:11,870 --> 00:15:09,240

supported the issue and you know the

341

00:15:15,410 --> 00:15:11,880

issues I'm talking about uh but then

342

00:15:17,870 --> 00:15:15,420

when you look at this issue no no it's

343

00:15:20,930 --> 00:15:17,880

it's not like oh gee I know what you

344

00:15:23,449 --> 00:15:20,940

want but it it it's wrong it's like you

345

00:15:26,269 --> 00:15:23,459

have nothing what are you doing this is

346

00:15:28,550 --> 00:15:26,279

so strange the truth embargo is one of

347

00:15:31,430 --> 00:15:28,560

the strangest things any government any

348

00:15:34,790 --> 00:15:31,440

Empire any any uh Society I think has

349

00:15:37,069 --> 00:15:34,800

ever done authorities ever done 75 years

350

00:15:39,410 --> 00:15:37,079

of there's nothing there when in fact

351

00:15:42,590 --> 00:15:39,420

it's everywhere and so it's a very odd

352

00:15:44,269 --> 00:15:42,600

situation but thanks to the power of uh

353

00:15:46,670 --> 00:15:44,279

the internet the power of social media

354

00:15:49,490 --> 00:15:46,680

and of course the power of film and Film

355

00:15:51,530 --> 00:15:49,500

Production that that can be rectified

356

00:15:54,170 --> 00:15:51,540

and so that's something thing to look

357

00:15:57,170 --> 00:15:54,180

forward to and I'm thrilled about having

358

00:16:01,129 --> 00:15:57,180

the opportunity to participate in it

359

00:16:04,970 --> 00:16:01,139

um when we uh the foundations that

360

00:16:07,610 --> 00:16:04,980

you're talking about and I had uh uh

361

00:16:10,370 --> 00:16:07,620

last night on the show I had Ryan Graves

362

00:16:12,470 --> 00:16:10,380

um on the show and one of the things one

363

00:16:14,569 --> 00:16:12,480

of the words that was mentioned so much

364

00:16:18,350 --> 00:16:14,579

last night was Foundation because

365

00:16:24,730 --> 00:16:18,360

there's foundations to all of this and

366

00:16:28,069 --> 00:16:24,740

it's now uh referenced in the 2023 ndaa

367

00:16:29,689 --> 00:16:28,079

and not in the way that you would

368

00:16:32,569 --> 00:16:29,699

normally think

369

00:16:36,350 --> 00:16:32,579

but um I've been very vocal about this

370

00:16:39,170 --> 00:16:36,360

and others out there either have let

371

00:16:40,610 --> 00:16:39,180

this slip by or they're they just didn't

372

00:16:41,990 --> 00:16:40,620

see it

373

00:16:43,490 --> 00:16:42,000

um and and they're not paying attention

374

00:16:49,269 --> 00:16:43,500

to but it's this it's the very

375

00:16:57,530 --> 00:16:49,279

Foundation written into law in the 2023

376

00:17:01,790 --> 00:16:57,540

ndaa is that the odni and the dod must

377

00:17:05,929 --> 00:17:01,800

work together and investigate all

378

00:17:10,730 --> 00:17:05,939

military UFO reports going back to

379

00:17:15,169 --> 00:17:10,740

January 1st 1945 and that report is due

380

00:17:18,289 --> 00:17:15,179

by law in June of 2024. now it's right

381

00:17:20,569 --> 00:17:18,299

there it's in the ndaa and one of the

382

00:17:22,309 --> 00:17:20,579

things not that's the foundation right

383

00:17:24,049 --> 00:17:22,319

that's the that's exactly what you're

384

00:17:25,909 --> 00:17:24,059

talking about right the truth embargo

385

00:17:28,490 --> 00:17:25,919

that's been going on well suddenly if

386

00:17:30,890 --> 00:17:28,500

nothing was going on why is it written

387

00:17:34,190 --> 00:17:30,900

into law that that you need to go back

388

00:17:37,130 --> 00:17:34,200

and look at your own stuff going back to

389

00:17:39,350 --> 00:17:37,140

January 1st 1945 which is also a curious

390

00:17:40,490 --> 00:17:39,360

date by the way it's now I'm going to

391

00:17:43,549 --> 00:17:40,500

talk about that I'm going to talk about

392

00:17:45,890 --> 00:17:43,559

that it's very cool look Jimmy I what

393

00:17:47,450 --> 00:17:45,900

I'm going to do tonight and I have it

394

00:17:48,890 --> 00:17:47,460

all up on my computer here so I'm going

395

00:17:51,110 --> 00:17:48,900

to be reading some stuff forgive me but

396

00:17:52,250 --> 00:17:51,120

it's it's got It's not this language is

397

00:17:55,130 --> 00:17:52,260

so tricky you know when you're talking

398

00:17:56,930 --> 00:17:55,140

about uh bills and things but I'm going

399

00:17:58,430 --> 00:17:56,940

to go through parts of some of the

400

00:18:02,270 --> 00:17:58,440

things that have come out recently the

401  
00:18:05,090 --> 00:18:02,280  
ndaa the uh the uh report Arrow report

402  
00:18:08,690 --> 00:18:05,100  
and so forth but I'm gonna pick out

403  
00:18:10,430 --> 00:18:08,700  
certain things that highlight uh that

404  
00:18:12,230 --> 00:18:10,440  
intrigue me in other words I'm going to

405  
00:18:14,510 --> 00:18:12,240  
look at it Through The Eyes of an of an

406  
00:18:15,770 --> 00:18:14,520  
activist right what is an act of the sea

407  
00:18:19,310 --> 00:18:15,780  
when they when they read this stuff

408  
00:18:21,409 --> 00:18:19,320  
because that prism you you see things

409  
00:18:22,549 --> 00:18:21,419  
that others just don't see right and you

410  
00:18:24,650 --> 00:18:22,559  
have if you have enough knowledge about

411  
00:18:26,630 --> 00:18:24,660  
the history and you're you're in that

412  
00:18:29,330 --> 00:18:26,640  
active assignment of mine some things

413  
00:18:31,669 --> 00:18:29,340

just jump out at you and go whoa so I'm

414

00:18:32,690 --> 00:18:31,679

gonna I'm going to do that for you

415

00:18:35,210 --> 00:18:32,700

tonight we're going to go through a

416

00:18:37,930 --> 00:18:35,220

number of things but I want to preface

417

00:18:40,070 --> 00:18:37,940

it with this and I have been

418

00:18:41,810 --> 00:18:40,080

repeating this in in an interview after

419

00:18:43,909 --> 00:18:41,820

interview and I'm only getting started

420

00:18:45,230 --> 00:18:43,919

uh in fact I just wrote an op-ed

421

00:18:47,210 --> 00:18:45,240

recently which was published in The

422

00:18:50,150 --> 00:18:47,220

Liberation times Chris Sharp's fantastic

423

00:18:53,330 --> 00:18:50,160

new publication Chris also is a writer

424

00:18:55,669 --> 00:18:53,340

uh for the mirror I'm hoping that a

425

00:18:57,350 --> 00:18:55,679

couple of other papers will pick it up

426

00:18:59,390 --> 00:18:57,360

we'll see but it was published uh I

427

00:19:01,549 --> 00:18:59,400

don't know about uh maybe I forget what

428

00:19:02,690 --> 00:19:01,559

date it was 10 12 days ago and it's

429

00:19:05,510 --> 00:19:02,700

called um

430

00:19:08,450 --> 00:19:05,520

uh the UAP a political activist

431

00:19:11,330 --> 00:19:08,460

perspective now there is a fundamental

432

00:19:14,350 --> 00:19:11,340

point to this op-ed which is reflected

433

00:19:18,529 --> 00:19:14,360

in the very last two paragraphs and and

434

00:19:20,450 --> 00:19:18,539

what what it's about is this that

435

00:19:22,010 --> 00:19:20,460

disclosure was not going to happen right

436

00:19:25,070 --> 00:19:22,020

after Roswell they got it under control

437

00:19:27,529 --> 00:19:25,080

pretty quickly it was early they were

438

00:19:28,970 --> 00:19:27,539

safe they got five years of grace period

439

00:19:31,070 --> 00:19:28,980

there was a lot of activity in the skies

440

00:19:34,190 --> 00:19:31,080

but the government was okay until the

441

00:19:36,289 --> 00:19:34,200

major events of July 1952. the overfly

442

00:19:38,630 --> 00:19:36,299

of Washington DC which really got their

443

00:19:39,890 --> 00:19:38,640

attention they realized oh my God we

444

00:19:41,270 --> 00:19:39,900

just can't finesse this what are we

445

00:19:43,250 --> 00:19:41,280

going to do these these things

446

00:19:45,049 --> 00:19:43,260

apparently don't want to go along with

447

00:19:48,650 --> 00:19:45,059

our position on this they can go

448

00:19:50,630 --> 00:19:48,660

wherever they want and so at that point

449

00:19:52,370 --> 00:19:50,640

they had a decision to make

450

00:19:55,850 --> 00:19:52,380

it would have been perfectly reasonable

451  
00:19:57,350 --> 00:19:55,860  
if Truman had made the decision look uh

452  
00:19:59,810 --> 00:19:57,360  
that was pretty amazing event that just

453  
00:20:01,850 --> 00:19:59,820  
happened over D.C let's let's get the

454  
00:20:03,110 --> 00:20:01,860  
Congress involved let's start holding

455  
00:20:04,669 --> 00:20:03,120  
some hearings on this let's do some

456  
00:20:06,230 --> 00:20:04,679  
investigations so let's get let's get

457  
00:20:07,810 --> 00:20:06,240  
some information to the people in other

458  
00:20:10,610 --> 00:20:07,820  
words let's end

459  
00:20:13,010 --> 00:20:10,620  
let's don't start a truth embargo let's

460  
00:20:15,830 --> 00:20:13,020  
let's actually get it out right now 52.

461  
00:20:17,090 --> 00:20:15,840  
that was their best choice they went

462  
00:20:19,130 --> 00:20:17,100  
another way

463  
00:20:21,529 --> 00:20:19,140

they held a panel called the Robertson

464

00:20:23,150 --> 00:20:21,539

panel it was run by the CIA they did

465

00:20:25,070 --> 00:20:23,160

their study and they came up with the

466

00:20:27,230 --> 00:20:25,080

conclusion that well this thing is not

467

00:20:29,870 --> 00:20:27,240

really a threat to us but the Public's

468

00:20:31,789 --> 00:20:29,880

growing an interest in it is a threat

469

00:20:34,430 --> 00:20:31,799

and they made the faithful decision

470

00:20:36,110 --> 00:20:34,440

rather than start the process of

471

00:20:38,450 --> 00:20:36,120

bringing the Congress in getting studies

472

00:20:40,970 --> 00:20:38,460

public facing activity we're going to

473

00:20:43,250 --> 00:20:40,980

embargo it we're actually going to say

474

00:20:44,510 --> 00:20:43,260

no there's nothing here we're not going

475

00:20:46,310 --> 00:20:44,520

to help it along we're going to push

476

00:20:49,010 --> 00:20:46,320

back in any way we can and somehow we're

477

00:20:50,870 --> 00:20:49,020

going to manage the Public's interest in

478

00:20:52,549 --> 00:20:50,880

this subject in spite of the fact the

479

00:20:55,370 --> 00:20:52,559

phenomena does whatever it wants

480

00:20:59,330 --> 00:20:55,380

whenever it wants and thus the formal

481

00:21:01,070 --> 00:20:59,340

truth embargo began in 1952. okay okay

482

00:21:04,250 --> 00:21:01,080

so this is where I'm going to jump in

483

00:21:11,150 --> 00:21:04,260

for a little historical perspective when

484

00:21:12,409 --> 00:21:11,160

we look at uh 1947 to 1952 1953 54. that

485

00:21:16,789 --> 00:21:12,419

period

486

00:21:21,490 --> 00:21:16,799

there was nothing in the everything Jets

487

00:21:26,750 --> 00:21:21,500

jet engine brand new technology and so

488

00:21:30,610 --> 00:21:26,760

uh the app what was Blazing speed to the

489

00:21:33,649 --> 00:21:30,620

military back then was 400 miles an hour

490

00:21:37,370 --> 00:21:33,659

450. and they are picking up on their

491

00:21:40,430 --> 00:21:37,380

radar and tracking things going 1800 2

492

00:21:42,730 --> 00:21:40,440

500 miles an hour even faster than that

493

00:21:47,870 --> 00:21:42,740

their track and they know

494

00:21:49,909 --> 00:21:47,880

nothing on this planet period can do

495

00:21:53,390 --> 00:21:49,919

that and it was obvious to a number of

496

00:21:55,250 --> 00:21:53,400

civilians that of course right right 10

497

00:21:58,130 --> 00:21:55,260

different times Jimmy different time no

498

00:22:00,409 --> 00:21:58,140

no social media no internet just local

499

00:22:02,510 --> 00:22:00,419

papers couple of major papers three

500

00:22:05,630 --> 00:22:02,520

television networks relatively fledgling

501  
00:22:07,190 --> 00:22:05,640  
the the the it was post World War II our

502  
00:22:10,610 --> 00:22:07,200  
government our military was at high

503  
00:22:12,710 --> 00:22:10,620  
esteem and so the idea it's hard to to

504  
00:22:15,169 --> 00:22:12,720  
to put ourselves back there we're

505  
00:22:16,850 --> 00:22:15,179  
thinking from the modern time presentism

506  
00:22:18,830 --> 00:22:16,860  
but the fact is

507  
00:22:21,049 --> 00:22:18,840  
the fact that the government was willing

508  
00:22:22,490 --> 00:22:21,059  
to say look no uh this is not an issue

509  
00:22:24,529 --> 00:22:22,500  
it's not a threat whatever and don't

510  
00:22:26,390 --> 00:22:24,539  
worry about it people went okay they

511  
00:22:28,730 --> 00:22:26,400  
just did even though it was kind of

512  
00:22:31,070 --> 00:22:28,740  
obvious however as you point because it

513  
00:22:34,010 --> 00:22:31,080

was so obvious wait a minute a number of

514

00:22:36,590 --> 00:22:34,020

people said uh-uh right and they jumped

515

00:22:39,230 --> 00:22:36,600

in to deal with what to the to them was

516

00:22:41,630 --> 00:22:39,240

clearly non-human Tech

517

00:22:44,029 --> 00:22:41,640

well as you can imagine

518

00:22:47,630 --> 00:22:44,039

they had a rough road going forward and

519

00:22:48,890 --> 00:22:47,640

so it's taken 75 years to go from the

520

00:22:50,330 --> 00:22:48,900

obvious

521

00:22:53,510 --> 00:22:50,340

conclusion

522

00:22:56,029 --> 00:22:53,520

to the the a final finally a public face

523

00:22:58,549 --> 00:22:56,039

and engagement that will allow them to

524

00:23:01,010 --> 00:22:58,559

tell us what was obvious 75 years ago

525

00:23:03,649 --> 00:23:01,020

which brings me to the point of this

526

00:23:04,850 --> 00:23:03,659

op-ed okay and this is something that I

527

00:23:07,669 --> 00:23:04,860

hope people will listen to carefully

528

00:23:10,190 --> 00:23:07,679

because it will be helpful to you

529

00:23:12,649 --> 00:23:10,200

and this is how I finish

530

00:23:15,289 --> 00:23:12,659

the appropriate and public-facing

531

00:23:18,909 --> 00:23:15,299

actions now underway

532

00:23:21,890 --> 00:23:18,919

should have taken place 70 years ago

533

00:23:24,350 --> 00:23:21,900

1952-53 at that time those were the need

534

00:23:27,409 --> 00:23:24,360

to know and others within the dod CIA

535

00:23:28,549 --> 00:23:27,419

Congress and the media were aware UAP

536

00:23:31,250 --> 00:23:28,559

were real

537

00:23:33,610 --> 00:23:31,260

and controlled or piloted by non-human

538

00:23:36,830 --> 00:23:33,620

entities and that remains the case in

539

00:23:40,070 --> 00:23:36,840

2022. why was the government aware they

540

00:23:41,690 --> 00:23:40,080

had a vehicle at least one and bodies

541

00:23:44,149 --> 00:23:41,700

and they weren't human that's about as

542

00:23:45,890 --> 00:23:44,159

aware as you can get that's right so is

543

00:23:49,730 --> 00:23:45,900

this awkward because they knew then

544

00:23:52,370 --> 00:23:49,740

right yeah it is kind of awkward

545

00:23:55,190 --> 00:23:52,380

but is it necessary that they go through

546

00:23:56,570 --> 00:23:55,200

this public-facing process and all these

547

00:23:59,390 --> 00:23:56,580

good things we're saying that could have

548

00:24:02,390 --> 00:23:59,400

been done 70 years ago yes it is the

549

00:24:04,490 --> 00:24:02,400

legislation the dod cross-agency working

550

00:24:06,049 --> 00:24:04,500

group which we'll talk about statements

551  
00:24:07,970 --> 00:24:06,059  
by Congressional members and former

552  
00:24:09,529 --> 00:24:07,980  
National Security Executives and the

553  
00:24:14,810 --> 00:24:09,539  
public Congressional hearing certainly

554  
00:24:17,149 --> 00:24:14,820  
to come is a process not to finally get

555  
00:24:19,130 --> 00:24:17,159  
to the bottom of this issue but rather

556  
00:24:21,289 --> 00:24:19,140  
to correct the record

557  
00:24:24,710 --> 00:24:21,299  
that we got to the bottom of this issue

558  
00:24:26,750 --> 00:24:24,720  
75 years ago at least the key issue

559  
00:24:28,490 --> 00:24:26,760  
in a responsible and minimally

560  
00:24:30,169 --> 00:24:28,500  
disruptive manner

561  
00:24:32,750 --> 00:24:30,179  
in other words they're doing the right

562  
00:24:35,029 --> 00:24:32,760  
thing late but they're doing it because

563  
00:24:37,250 --> 00:24:35,039

that's the best way to wrap this up and

564

00:24:40,430 --> 00:24:37,260

I finish with this it is a public

565

00:24:43,789 --> 00:24:40,440

relations driven extrication process to

566

00:24:46,490 --> 00:24:43,799

reduce blowback over the 75-year truth

567

00:24:49,070 --> 00:24:46,500

embargo while building a platform on

568

00:24:50,750 --> 00:24:49,080

which the president can stand to confirm

569

00:24:53,750 --> 00:24:50,760

the Extraterrestrial presence to the

570

00:24:55,250 --> 00:24:53,760

American people disclosure now when I

571

00:24:57,710 --> 00:24:55,260

read that

572

00:25:00,710 --> 00:24:57,720

um uh the first time through I thought

573

00:25:03,409 --> 00:25:00,720

this is a point not only that we need

574

00:25:05,570 --> 00:25:03,419

distress but I think we're all thinking

575

00:25:08,270 --> 00:25:05,580

about it right yeah nobody's raising it

576

00:25:10,070 --> 00:25:08,280

I think I'm the only person raising it

577

00:25:13,370 --> 00:25:10,080

in the media we're not talking about it

578

00:25:16,610 --> 00:25:13,380

enough and uh it I was like right on

579

00:25:17,649 --> 00:25:16,620

Steve and the and and here's my point

580

00:25:21,350 --> 00:25:17,659

with that

581

00:25:24,289 --> 00:25:21,360

every time uh this issue was sort of

582

00:25:28,250 --> 00:25:24,299

talked about it it gets a little bit

583

00:25:30,289 --> 00:25:28,260

scary it it it's scary in this regard we

584

00:25:32,149 --> 00:25:30,299

want disclosure right we want this we

585

00:25:34,130 --> 00:25:32,159

you know we want the president to come

586

00:25:36,470 --> 00:25:34,140

up and go okay we're not alone man and

587

00:25:40,010 --> 00:25:36,480

check this out we've known for a while

588

00:25:43,190 --> 00:25:40,020

well at that point what you're talking

589

00:25:45,649 --> 00:25:43,200

about that they are now in uh putting

590

00:25:48,710 --> 00:25:45,659

themselves in a in an impossible

591

00:25:50,810 --> 00:25:48,720

position so how do we because there's

592

00:25:53,390 --> 00:25:50,820

too many questions after there's legal

593

00:25:55,850 --> 00:25:53,400

ramifications that not impossible tough

594

00:25:58,130 --> 00:25:55,860

it's a tough tough situation yeah right

595

00:26:00,110 --> 00:25:58,140

so they're gonna avoid that right

596

00:26:02,029 --> 00:26:00,120

there's got to be advisors sitting

597

00:26:04,190 --> 00:26:02,039

around going okay no we can't do it for

598

00:26:07,130 --> 00:26:04,200

these reasons and it's enough to scare

599

00:26:09,049 --> 00:26:07,140

everybody right but what has happened

600

00:26:11,149 --> 00:26:09,059

Jimmy is they finally enough people

601  
00:26:13,850 --> 00:26:11,159  
inside have finally come to the the

602  
00:26:16,970 --> 00:26:13,860  
personal understanding conclusion that

603  
00:26:17,830 --> 00:26:16,980  
we can do it we have to do it right in

604  
00:26:22,549 --> 00:26:17,840  
other words

605  
00:26:24,169 --> 00:26:22,559  
uh they had an opportunity back in 53

606  
00:26:26,810 --> 00:26:24,179  
to get this done

607  
00:26:28,610 --> 00:26:26,820  
uh I'm not going to say 47. it could

608  
00:26:29,930 --> 00:26:28,620  
have happened in 47 if the president had

609  
00:26:31,610 --> 00:26:29,940  
been a little slow in getting in touch

610  
00:26:33,950 --> 00:26:31,620  
with Roger Ramey but but it didn't

611  
00:26:35,269 --> 00:26:33,960  
happen Okay but 53 they clearly had an

612  
00:26:36,950 --> 00:26:35,279  
opportunity the damn things were flying

613  
00:26:39,649 --> 00:26:36,960

all over Washington D.C they were seen

614

00:26:40,370 --> 00:26:39,659

for like over 13 days but they didn't do

615

00:26:45,110 --> 00:26:40,380

it

616

00:26:47,470 --> 00:26:45,120

war nuclear weapons Soviet Threat all

617

00:26:50,390 --> 00:26:47,480

that kind of stuff and many other things

618

00:26:53,510 --> 00:26:50,400

now when they when they initiated the

619

00:26:54,950 --> 00:26:53,520

truth embargo formerly in 53 I don't

620

00:26:57,110 --> 00:26:54,960

think they thought that we'd still be

621

00:26:58,130 --> 00:26:57,120

under embargo this many years later I

622

00:26:59,570 --> 00:26:58,140

think they probably thought look we're

623

00:27:01,850 --> 00:26:59,580

going to do this for a while things will

624

00:27:04,149 --> 00:27:01,860

settle down and we can we can get this

625

00:27:07,970 --> 00:27:04,159

forward but because it's stretched up

626

00:27:09,830 --> 00:27:07,980

the problem changed back in 53 there was

627

00:27:12,230 --> 00:27:09,840

concerns that well you know if we get

628

00:27:13,730 --> 00:27:12,240

this out the people may not be able to

629

00:27:15,169 --> 00:27:13,740

handle it very well it's pretty uh

630

00:27:17,810 --> 00:27:15,179

pretty amazing pretty startling

631

00:27:21,470 --> 00:27:17,820

upsetting you know and maybe people get

632

00:27:23,470 --> 00:27:21,480

upset 70 73 years later the problem is

633

00:27:26,149 --> 00:27:23,480

not the people it's the government

634

00:27:27,590 --> 00:27:26,159

they're unable to get it done is the

635

00:27:29,269 --> 00:27:27,600

government's going to get upset we're

636

00:27:30,950 --> 00:27:29,279

going to be under barrage of terrible

637

00:27:32,930 --> 00:27:30,960

questions public relations problem it's

638

00:27:34,310 --> 00:27:32,940

going to be a nightmare lawsuits you

639

00:27:37,250 --> 00:27:34,320

know all kinds of stuff it's it's

640

00:27:40,669 --> 00:27:37,260

flipped but the fact is it's not going

641

00:27:41,690 --> 00:27:40,679

to be that way it's not all right I I

642

00:27:46,130 --> 00:27:41,700

don't think it's going to be that way

643

00:27:48,230 --> 00:27:46,140

and and we the issue uh the way that it

644

00:27:50,750 --> 00:27:48,240

is played out the way that you presented

645

00:27:54,649 --> 00:27:50,760

it there which is the way it's played

646

00:27:57,549 --> 00:27:54,659

out is that there was a hysteria in 1952

647

00:28:02,810 --> 00:28:00,470

well you know and all my headlines and

648

00:28:05,149 --> 00:28:02,820

and things were and so and coming right

649

00:28:07,549 --> 00:28:05,159

off of World War II and nuclear bombs

650

00:28:09,470 --> 00:28:07,559

and suddenly you're gonna throw this out

651  
00:28:12,470 --> 00:28:09,480  
there on the world well okay I could

652  
00:28:14,870 --> 00:28:12,480  
understand a concern about freaking out

653  
00:28:18,890 --> 00:28:14,880  
the citizens of the United States in the

654  
00:28:21,590 --> 00:28:18,900  
world I dig that but we've had this

655  
00:28:24,470 --> 00:28:21,600  
exposure now for 75 years and not to

656  
00:28:26,810 --> 00:28:24,480  
mentioned 500 uh fine films made in the

657  
00:28:29,570 --> 00:28:26,820  
film industry with EPS in them yes yes

658  
00:28:32,769 --> 00:28:29,580  
yes yeah so no the world's not going to

659  
00:28:35,690 --> 00:28:32,779  
freak out in fact they're expecting this

660  
00:28:37,549 --> 00:28:35,700  
it's anticlimactic right they're

661  
00:28:40,070 --> 00:28:37,559  
irritated because it's taking so long

662  
00:28:43,610 --> 00:28:40,080  
mom are We There Yet dad are we there

663  
00:28:46,130 --> 00:28:43,620

yet so it's it's it's a very kind of no

664

00:28:47,510 --> 00:28:46,140

no activist movement nothing in like

665

00:28:50,090 --> 00:28:47,520

this in history I think has ever

666

00:28:52,250 --> 00:28:50,100

happened in other words

667

00:28:55,130 --> 00:28:52,260

they at some point they've got to end

668

00:28:56,810 --> 00:28:55,140

this policy of embargo where they

669

00:28:58,010 --> 00:28:56,820

suddenly where they're going to go

670

00:28:59,690 --> 00:28:58,020

through a process in which they're going

671

00:29:01,970 --> 00:28:59,700

to say effectively

672

00:29:05,750 --> 00:29:01,980

that thing that we told you didn't exist

673

00:29:08,269 --> 00:29:05,760

75 years ago it does exist and actually

674

00:29:09,590 --> 00:29:08,279

knew it about it 75 years ago and for

675

00:29:11,630 --> 00:29:09,600

various reasons

676

00:29:14,210 --> 00:29:11,640

we didn't tell you now we're telling you

677

00:29:16,789 --> 00:29:14,220

okay now this is tough very very tough

678

00:29:18,950 --> 00:29:16,799

because it's not just any issue it has

679

00:29:21,110 --> 00:29:18,960

implications across a huge spectrum of

680

00:29:23,090 --> 00:29:21,120

of human endeavor and so forth and so

681

00:29:24,110 --> 00:29:23,100

forth so okay it's a big deal which is

682

00:29:26,450 --> 00:29:24,120

why

683

00:29:27,889 --> 00:29:26,460

the way to do it even though it's a

684

00:29:28,909 --> 00:29:27,899

little awkward and this is what I'm

685

00:29:32,149 --> 00:29:28,919

getting at

686

00:29:34,730 --> 00:29:32,159

is that okay let's do what we should

687

00:29:37,730 --> 00:29:34,740

have done in 1953 let's do all of the

688

00:29:41,090 --> 00:29:37,740

right things set up working group put

689

00:29:43,130 --> 00:29:41,100

down legislation ask what to do uh uh

690

00:29:45,830 --> 00:29:43,140

start having talked talking to Witnesses

691

00:29:49,090 --> 00:29:45,840

and what have you uh taking the issue

692

00:29:52,970 --> 00:29:49,100

seriously and moving in a a reasonably

693

00:29:54,649 --> 00:29:52,980

fast-paced towards uh a situation almost

694

00:29:56,450 --> 00:29:54,659

certainly based upon hearing testimony

695

00:29:58,730 --> 00:29:56,460

extraordinary healing testimony where

696

00:30:01,850 --> 00:29:58,740

the president can finally say look the

697

00:30:04,370 --> 00:30:01,860

evidence is pretty clear uh uh this is

698

00:30:05,690 --> 00:30:04,380

confirmed it's it's non-human Tech and

699

00:30:07,909 --> 00:30:05,700

uh we're going to be getting information

700

00:30:10,190 --> 00:30:07,919

about that in much greater depth to you

701

00:30:13,549 --> 00:30:10,200

soon then when the questions start

702

00:30:16,070 --> 00:30:13,559

pouring in they'll be drowned out

703

00:30:17,990 --> 00:30:16,080

by the huge number of people that don't

704

00:30:19,430 --> 00:30:18,000

care about what happened in 53

705

00:30:21,409 --> 00:30:19,440

particularly the Millennials they don't

706

00:30:23,870 --> 00:30:21,419

even know what happened in 53. they care

707

00:30:25,190 --> 00:30:23,880

about the fact that they they are they

708

00:30:28,190 --> 00:30:25,200

just learned that we're not alone in the

709

00:30:29,389 --> 00:30:28,200

universe tell us more thank you my

710

00:30:32,090 --> 00:30:29,399

government

711

00:30:34,669 --> 00:30:32,100

this is the way it has to happen now why

712

00:30:36,230 --> 00:30:34,679

am I making a big deal out of this two

713

00:30:38,570 --> 00:30:36,240

reasons one

714

00:30:40,010 --> 00:30:38,580

as you read through the laws and you

715

00:30:42,470 --> 00:30:40,020

watch the press and you see these

716

00:30:44,690 --> 00:30:42,480

announcements from various people

717

00:30:48,529 --> 00:30:44,700

if you can keep in your back of the mind

718

00:30:50,630 --> 00:30:48,539

that back of your mind this truth that

719

00:30:53,870 --> 00:30:50,640

they've all they've known they've known

720

00:30:56,450 --> 00:30:53,880

for 75 years those that have had a need

721

00:30:58,610 --> 00:30:56,460

to know knew those that were tipped off

722

00:31:00,289 --> 00:30:58,620

knew those that figured it out on their

723

00:31:04,250 --> 00:31:00,299

own because they read some decent books

724

00:31:07,190 --> 00:31:04,260

and Watson docs new so they have already

725

00:31:09,350 --> 00:31:07,200

they're already known they are new and

726

00:31:11,450 --> 00:31:09,360

so when you look at this stuff with that

727

00:31:14,389 --> 00:31:11,460

in mind it starts to make more sense

728

00:31:16,970 --> 00:31:14,399

it's less upsetting it's less irritating

729

00:31:19,370 --> 00:31:16,980

all right you see the way they go about

730

00:31:22,130 --> 00:31:19,380

it is to serve this what I call

731

00:31:24,529 --> 00:31:22,140

extrication process where you can't go

732

00:31:26,690 --> 00:31:24,539

too far but you also don't want to

733

00:31:28,669 --> 00:31:26,700

debunk you want to move forward you

734

00:31:30,590 --> 00:31:28,679

don't want to create problems you stay

735

00:31:32,149 --> 00:31:30,600

within certain Lanes as long as you keep

736

00:31:34,130 --> 00:31:32,159

moving forward toward disclosure

737

00:31:35,810 --> 00:31:34,140

everybody wins okay

738

00:31:37,549 --> 00:31:35,820

and so with that in mind if you don't

739

00:31:39,409 --> 00:31:37,559

mind I'm going to kind of jump into some

740

00:31:42,529 --> 00:31:39,419

of the stuff we've seen what was your

741

00:31:45,490 --> 00:31:42,539

point too the second way it would happen

742

00:31:50,409 --> 00:31:45,500

uh let me think now okay

743

00:31:53,049 --> 00:31:50,419

I'm not sure okay yeah I lost it

744

00:31:56,570 --> 00:31:53,059

wasn't a point too

745

00:31:58,430 --> 00:31:56,580

vodka man we're not even doing uh but I

746

00:32:01,549 --> 00:31:58,440

do have the special stuff here uh

747

00:32:05,029 --> 00:32:01,559

waiting uh for you Steve okay so uh but

748

00:32:08,690 --> 00:32:05,039

let me jump in that part

749

00:32:10,669 --> 00:32:08,700

uh and and and it's exposure at that

750

00:32:13,010 --> 00:32:10,679

point it's not necessarily disclosure

751

00:32:15,350 --> 00:32:13,020

right it's it's exposure but

752

00:32:18,110 --> 00:32:15,360

that's that side of it

753

00:32:19,610 --> 00:32:18,120

that's we've known for 75 years there's

754

00:32:22,370 --> 00:32:19,620

a whole desert that's the military

755

00:32:27,529 --> 00:32:22,380

that's the government that's that's

756

00:32:30,470 --> 00:32:27,539

the other part about uh saucer sitting

757

00:32:32,810 --> 00:32:30,480

out here in Palmdale at Lockheed a

758

00:32:35,330 --> 00:32:32,820

flying saucer that the government

759

00:32:37,490 --> 00:32:35,340

doesn't know about that special access

760

00:32:40,090 --> 00:32:37,500

programs that they they they're

761

00:32:43,610 --> 00:32:40,100

concerned you know the ndaa doesn't have

762

00:32:46,070 --> 00:32:43,620

any nouns or verbs in their uh

763

00:32:49,909 --> 00:32:46,080

concerning backwards engineering

764

00:32:52,850 --> 00:32:49,919

spacecraft that that's not in there and

765

00:32:55,370 --> 00:32:52,860

the politicians that are dealing with

766

00:32:58,730 --> 00:32:55,380

this in the Beltway are not aware of

767

00:33:01,130 --> 00:32:58,740

this either if that gets exposed now

768

00:33:03,950 --> 00:33:01,140

we've got a real issue it's not about

769

00:33:07,909 --> 00:33:03,960

they've known or made contact or have

770

00:33:10,610 --> 00:33:07,919

observed or that but if it if it if that

771

00:33:12,830 --> 00:33:10,620

becomes a reality now we've got a

772

00:33:14,870 --> 00:33:12,840

problem well it will but again the

773

00:33:17,149 --> 00:33:14,880

question is you want it to become a

774

00:33:19,190 --> 00:33:17,159

reality in a way that is responsible and

775

00:33:21,470 --> 00:33:19,200

not destructive there's really two

776

00:33:24,649 --> 00:33:21,480

things one one is fairly tight one is

777

00:33:28,070 --> 00:33:24,659

huge that we're dealing with one is the

778

00:33:30,909 --> 00:33:28,080

core Point hold on keep those two points

779

00:33:33,649 --> 00:33:30,919

okay let me ask you this though

780

00:33:37,490 --> 00:33:33,659

in this exposure

781

00:33:40,669 --> 00:33:37,500

would you expect the government to also

782

00:33:43,509 --> 00:33:40,679

say that we have a craft we actually

783

00:33:45,289 --> 00:33:43,519

have a craft we think it can fly okay

784

00:33:47,450 --> 00:33:45,299

this is the point I'm trying to make

785

00:33:50,930 --> 00:33:47,460

there's two things here the one thing

786

00:33:53,810 --> 00:33:50,940

which is fundamental to the activism is

787

00:33:56,269 --> 00:33:53,820

does the government know we have a

788

00:33:57,830 --> 00:33:56,279

non-human presence high technology in

789

00:33:59,509 --> 00:33:57,840

our world almost certainly from off

790

00:34:00,769 --> 00:33:59,519

planet does the government know that

791

00:34:04,190 --> 00:34:00,779

just that

792

00:34:06,049 --> 00:34:04,200

they do and they have for since 70 47

793

00:34:08,450 --> 00:34:06,059

minimum probably even slightly before

794

00:34:09,829 --> 00:34:08,460

that now that's that's one thing but you

795

00:34:12,710 --> 00:34:09,839

see how important it is I mean that's

796

00:34:15,409 --> 00:34:12,720

critical just knowing that is incredibly

797

00:34:18,409 --> 00:34:15,419

significant and disclosure as I Define

798

00:34:21,950 --> 00:34:18,419

it capital D the event is just about

799

00:34:23,810 --> 00:34:21,960

confirming the Central Point yes there

800

00:34:26,869 --> 00:34:23,820

are extraterrestrials that's all that it

801  
00:34:29,690 --> 00:34:26,879  
is now the other thing is this huge

802  
00:34:31,790 --> 00:34:29,700  
thing which encompasses everything we

803  
00:34:33,889 --> 00:34:31,800  
have learned since then and the

804  
00:34:35,930 --> 00:34:33,899  
accumulation of information within the

805  
00:34:37,010 --> 00:34:35,940  
government and the private sector and

806  
00:34:40,010 --> 00:34:37,020  
all of the possibilities and

807  
00:34:43,310 --> 00:34:40,020  
speculations all of that of course

808  
00:34:45,589 --> 00:34:43,320  
we want to get to but in order to get to

809  
00:34:47,810 --> 00:34:45,599  
it it's clear we need to go through that

810  
00:34:49,430 --> 00:34:47,820  
First Fundamental stage you must get the

811  
00:34:52,609 --> 00:34:49,440  
government to acknowledge the presence

812  
00:34:54,829 --> 00:34:52,619  
once you have the disclosure event then

813  
00:34:58,430 --> 00:34:54,839

all of this other stuff now can

814

00:35:01,790 --> 00:34:58,440

legitimately come into play not not

815

00:35:05,510 --> 00:35:01,800

haphazardly not ridiculous in a uh an

816

00:35:08,450 --> 00:35:05,520

absurd way but in other words disclosure

817

00:35:11,030 --> 00:35:08,460

gives reasonable license to every aspect

818

00:35:12,950 --> 00:35:11,040

of every government to start bringing

819

00:35:15,829 --> 00:35:12,960

information to the public in other words

820

00:35:18,109 --> 00:35:15,839

the the Embargo is over now we're going

821

00:35:19,430 --> 00:35:18,119

to start telling you the rest but

822

00:35:20,630 --> 00:35:19,440

responsibly it doesn't mean we're just

823

00:35:22,490 --> 00:35:20,640

going to dump it out on the White House

824

00:35:24,230 --> 00:35:22,500

law and let you go through the boxes no

825

00:35:26,870 --> 00:35:24,240

but people are going to start getting

826

00:35:28,790 --> 00:35:26,880

information and and and and they're

827

00:35:30,950 --> 00:35:28,800

going to start learning the rest of the

828

00:35:32,569 --> 00:35:30,960

story will there be a point where

829

00:35:35,450 --> 00:35:32,579

they'll stop and say look there's a more

830

00:35:37,310 --> 00:35:35,460

to this but that's classified we'll see

831

00:35:39,170 --> 00:35:37,320

and what people need to understand a lot

832

00:35:41,270 --> 00:35:39,180

of people say no we want that whole big

833

00:35:44,690 --> 00:35:41,280

thing first give us all the information

834

00:35:47,030 --> 00:35:44,700

we want it now we don't need disclosure

835

00:35:48,770 --> 00:35:47,040

wrong uh you're not going to get that

836

00:35:50,930 --> 00:35:48,780

big information until you get that

837

00:35:53,930 --> 00:35:50,940

formal confirmation everything that's

838

00:35:56,089 --> 00:35:53,940

going on right now is not so much about

839

00:35:58,190 --> 00:35:56,099

getting all that big information out

840

00:36:01,609 --> 00:35:58,200

right and and if you read through this

841

00:36:03,710 --> 00:36:01,619

stuff you realize no no it's about the

842

00:36:05,510 --> 00:36:03,720

basic processes that you would go

843

00:36:08,390 --> 00:36:05,520

through in order to establish the

844

00:36:11,750 --> 00:36:08,400

fundamental premise are we alone is this

845

00:36:13,430 --> 00:36:11,760

non-human attack yes that's what this is

846

00:36:16,069 --> 00:36:13,440

about and the thing that makes it a

847

00:36:17,810 --> 00:36:16,079

little crazy is they already know and so

848

00:36:19,490 --> 00:36:17,820

if they already know why go through this

849

00:36:21,109 --> 00:36:19,500

because when you're dealing with

850

00:36:23,510 --> 00:36:21,119

something of this magnitude with the

851

00:36:25,730 --> 00:36:23,520

implications that it has involving the

852

00:36:27,710 --> 00:36:25,740

Congress and the dod setting up the uh

853

00:36:30,050 --> 00:36:27,720

the study setting up the information

854

00:36:32,810 --> 00:36:30,060

exchanges all of that

855

00:36:35,210 --> 00:36:32,820

isn't you need to do that right

856

00:36:37,010 --> 00:36:35,220

whether you knew or didn't know so

857

00:36:38,750 --> 00:36:37,020

they're doing the right thing now now

858

00:36:40,250 --> 00:36:38,760

one question at one point that gets

859

00:36:42,290 --> 00:36:40,260

brought up to me well then they're just

860

00:36:43,609 --> 00:36:42,300

throwing money down the drain I mean

861

00:36:45,230 --> 00:36:43,619

they already know so they're setting up

862

00:36:46,849 --> 00:36:45,240

all this stuff we're studying this gonna

863

00:36:48,650 --> 00:36:46,859

get the reports look at this look at

864

00:36:50,810 --> 00:36:48,660

that it's just it just all this

865

00:36:52,990 --> 00:36:50,820

infrastructure is going to be wasted no

866

00:36:55,910 --> 00:36:53,000

it's not you want to know why because

867

00:36:58,069 --> 00:36:55,920

once the president ends the truth in

868

00:36:59,510 --> 00:36:58,079

Virgo by by giving us disclosure capital

869

00:37:01,490 --> 00:36:59,520

D

870

00:37:03,050 --> 00:37:01,500

all of this infrastructure is going to

871

00:37:04,970 --> 00:37:03,060

be needed more than ever

872

00:37:06,710 --> 00:37:04,980

now you've got the whole world coming to

873

00:37:07,930 --> 00:37:06,720

the government say what do you got

874

00:37:10,430 --> 00:37:07,940

what's going on

875

00:37:11,870 --> 00:37:10,440

get into this get into that we want more

876

00:37:13,370 --> 00:37:11,880

reports we want this and they said no

877

00:37:14,930 --> 00:37:13,380

problem we're set up we're set up we got

878

00:37:17,150 --> 00:37:14,940

a massive cross-agency working group

879

00:37:18,710 --> 00:37:17,160

here and now we're Unleashed in other

880

00:37:20,390 --> 00:37:18,720

words we're untethered you might say

881

00:37:22,069 --> 00:37:20,400

we're going to start really being able

882

00:37:24,170 --> 00:37:22,079

to get stuff to you and so they're just

883

00:37:25,810 --> 00:37:24,180

going to repurpose it right they're

884

00:37:28,430 --> 00:37:25,820

going to repurpose it for the

885

00:37:30,470 --> 00:37:28,440

post-disclosure world now some people

886

00:37:32,569 --> 00:37:30,480

are thinking this kid is crazy but look

887

00:37:35,150 --> 00:37:32,579

I'm telling you I've been at this a long

888

00:37:38,210 --> 00:37:35,160

time and I know enough to know that the

889

00:37:39,890 --> 00:37:38,220

idea that this is all this is happening

890

00:37:41,930 --> 00:37:39,900

because the U.S government suddenly

891

00:37:43,730 --> 00:37:41,940

realized oh my goodness there's this

892

00:37:45,589 --> 00:37:43,740

phenomena we don't understand it's a

893

00:37:47,569 --> 00:37:45,599

Potential Threat we should probably set

894

00:37:50,990 --> 00:37:47,579

up a working group we should hold

895

00:37:52,370 --> 00:37:51,000

hearings give me a break no way that's

896

00:37:54,170 --> 00:37:52,380

not what's happening what's happening is

897

00:37:56,630 --> 00:37:54,180

what do we have to do to get the

898

00:37:59,030 --> 00:37:56,640

disclosure in a responsible way so that

899

00:38:01,010 --> 00:37:59,040

the public relations impact is not too

900

00:38:03,410 --> 00:38:01,020

awful and that people will be forgiving

901  
00:38:05,390 --> 00:38:03,420  
and understanding so that we can then

902  
00:38:07,490 --> 00:38:05,400  
then move on to the really interesting

903  
00:38:09,950 --> 00:38:07,500  
stuff that's what's going on and I'm

904  
00:38:12,770 --> 00:38:09,960  
going to keep telling this uh you know

905  
00:38:15,230 --> 00:38:12,780  
at every opportunity because one people

906  
00:38:16,430 --> 00:38:15,240  
will have less less angst and upset

907  
00:38:19,310 --> 00:38:16,440  
about it

908  
00:38:21,770 --> 00:38:19,320  
and less cognizant dissonance but also

909  
00:38:23,930 --> 00:38:21,780  
for this somewhat subtle reason

910  
00:38:26,510 --> 00:38:23,940  
it's okay for the people to know that

911  
00:38:28,430 --> 00:38:26,520  
it's you can know that this is what's

912  
00:38:30,650 --> 00:38:28,440  
going on and still be very supportive

913  
00:38:32,270 --> 00:38:30,660

like I am yeah I get it you knew but

914

00:38:34,550 --> 00:38:32,280

okay now you're doing the right thing

915

00:38:36,349 --> 00:38:34,560

good good on you just don't drag it out

916

00:38:38,990 --> 00:38:36,359

let's get on with it let's move along

917

00:38:41,030 --> 00:38:39,000

and I assure you the pace is far faster

918

00:38:44,810 --> 00:38:41,040

than you know these reports that are due

919

00:38:48,770 --> 00:38:44,820

in 2025 and 25 forget that get on with

920

00:38:51,410 --> 00:38:48,780

it right uh they are they're going to be

921

00:38:53,810 --> 00:38:51,420

a much more understanding all right and

922

00:38:55,069 --> 00:38:53,820

that that's important but also there's a

923

00:38:57,170 --> 00:38:55,079

I don't know it's kind of a personal

924

00:38:59,329 --> 00:38:57,180

thing look

925

00:39:02,150 --> 00:38:59,339

in order to end this truth embargo

926  
00:39:04,730 --> 00:39:02,160  
they're literally having to quote lie

927  
00:39:06,230 --> 00:39:04,740  
their way out from under a lie there's a

928  
00:39:08,510 --> 00:39:06,240  
whole lot of things being done and said

929  
00:39:10,490 --> 00:39:08,520  
that are mendacious they're

930  
00:39:12,650 --> 00:39:10,500  
misrepresented because they have to stay

931  
00:39:15,829 --> 00:39:12,660  
within certain lines things they can't

932  
00:39:18,170 --> 00:39:15,839  
say and to their good credit they do a

933  
00:39:19,550 --> 00:39:18,180  
lot of can't talk about that and you're

934  
00:39:20,870 --> 00:39:19,560  
thinking you know if you just learned

935  
00:39:23,210 --> 00:39:20,880  
about this what is it that you can't

936  
00:39:24,890 --> 00:39:23,220  
talk about well that's okay all of this

937  
00:39:28,790 --> 00:39:24,900  
is a lot but but

938  
00:39:32,150 --> 00:39:28,800

it is in fact lying to end a lie and

939

00:39:34,490 --> 00:39:32,160

therefore my feeling is this

940

00:39:36,650 --> 00:39:34,500

I want people to know the truth

941

00:39:38,810 --> 00:39:36,660

the truth is they're lying their way out

942

00:39:40,670 --> 00:39:38,820

from under a lie and to me that makes it

943

00:39:42,890 --> 00:39:40,680

a little more acceptable in other words

944

00:39:45,650 --> 00:39:42,900

I don't want the the end of the truth

945

00:39:48,290 --> 00:39:45,660

embargo to be basically another how

946

00:39:49,849 --> 00:39:48,300

would you say true misrepresentation I

947

00:39:52,430 --> 00:39:49,859

mean it is a misrepresentation but I

948

00:39:54,290 --> 00:39:52,440

don't want people to to know that I want

949

00:39:58,069 --> 00:39:54,300

them to understand that there this is

950

00:39:59,990 --> 00:39:58,079

this is a process to good purpose

951  
00:40:01,849 --> 00:40:00,000  
and while they are they are being

952  
00:40:03,770 --> 00:40:01,859  
mendacious

953  
00:40:05,270 --> 00:40:03,780  
you know the truth in other words you

954  
00:40:07,190 --> 00:40:05,280  
know what they're doing and therefore it

955  
00:40:10,069 --> 00:40:07,200  
makes it to me less

956  
00:40:11,990 --> 00:40:10,079  
more acceptable and less disturbing

957  
00:40:13,970 --> 00:40:12,000  
right yeah I don't think they're yeah

958  
00:40:15,530 --> 00:40:13,980  
yeah and I don't think I'm saying that's

959  
00:40:16,609 --> 00:40:15,540  
a little awkward but that's that's what

960  
00:40:19,010 --> 00:40:16,619  
I'm trying to get I don't think they're

961  
00:40:20,589 --> 00:40:19,020  
going to kick the can down the road uh

962  
00:40:23,089 --> 00:40:20,599  
this time around

963  
00:40:24,770 --> 00:40:23,099

but but there's another thing that comes

964

00:40:27,589 --> 00:40:24,780

into play here and then I want to get to

965

00:40:29,810 --> 00:40:27,599

your points on uh the ndaa and we still

966

00:40:32,349 --> 00:40:29,820

have to get to the odni tonight too as

967

00:40:35,750 --> 00:40:32,359

well yeah a lot of stuff here but um

968

00:40:38,270 --> 00:40:35,760

there's another there's another uh card

969

00:40:39,770 --> 00:40:38,280

that is and that is going to be played

970

00:40:43,310 --> 00:40:39,780

and that's the James Webb Space

971

00:40:46,490 --> 00:40:43,320

Telescope and so if I had a crystal ball

972

00:40:49,849 --> 00:40:46,500

here this is my crystal ball it's very

973

00:40:53,710 --> 00:40:49,859

rarely wrong Steve I'm I'm wrong but not

974

00:40:58,130 --> 00:40:53,720

that often because I have a lot of money

975

00:41:01,609 --> 00:40:58,140

and that crystal ball is telling me that

976  
00:41:04,730 --> 00:41:01,619  
we will get the announcement

977  
00:41:06,170 --> 00:41:04,740  
um about the past and and where we are

978  
00:41:08,450 --> 00:41:06,180  
today and what the government knows

979  
00:41:12,109 --> 00:41:08,460  
after

980  
00:41:15,710 --> 00:41:12,119  
the James Webb Telescope confirms a

981  
00:41:18,109 --> 00:41:15,720  
techno signature on an exoplanet once

982  
00:41:21,410 --> 00:41:18,119  
that went what because that the the

983  
00:41:23,930 --> 00:41:21,420  
James Webb is international okay that it

984  
00:41:25,310 --> 00:41:23,940  
it is not a United States project it's

985  
00:41:28,310 --> 00:41:25,320  
an international project with

986  
00:41:31,069 --> 00:41:28,320  
International scientists and astronomers

987  
00:41:33,130 --> 00:41:31,079  
that are involved in physicists and so

988  
00:41:36,970 --> 00:41:33,140

when that techno signature biosphere

989

00:41:39,890 --> 00:41:36,980

evidence of uh uh an advanced

990

00:41:42,470 --> 00:41:39,900

extraterrestrial civilization that

991

00:41:44,930 --> 00:41:42,480

announcement happens you've got to come

992

00:41:47,390 --> 00:41:44,940

clean and you have the support of

993

00:41:49,370 --> 00:41:47,400

science so it's in my estimation that

994

00:41:51,230 --> 00:41:49,380

that's going to happen soon look I've

995

00:41:53,510 --> 00:41:51,240

talked about this on a number of shows

996

00:41:56,390 --> 00:41:53,520

it is certainly I know that they've

997

00:41:57,829 --> 00:41:56,400

thought about it uh in other words

998

00:41:59,510 --> 00:41:57,839

uh you know we've got an awkward

999

00:42:03,710 --> 00:41:59,520

situation here what if

1000

00:42:05,990 --> 00:42:03,720

uh we did find a clear artifact on Mars

1001  
00:42:08,150 --> 00:42:06,000  
you know you know sort of an iPad thingy

1002  
00:42:10,370 --> 00:42:08,160  
or whatever uh and then we revealed that

1003  
00:42:12,050 --> 00:42:10,380  
and people go oh my god there had to be

1004  
00:42:14,470 --> 00:42:12,060  
a civilization on Mars a billion years

1005  
00:42:17,390 --> 00:42:14,480  
ago that would kind of break the ice

1006  
00:42:19,849 --> 00:42:17,400  
that would that would that would ease

1007  
00:42:22,430 --> 00:42:19,859  
the pain you could rip the Band-Aid off

1008  
00:42:24,349 --> 00:42:22,440  
at that point so but but again we're

1009  
00:42:26,450 --> 00:42:24,359  
talking you know again it's a safer play

1010  
00:42:27,589 --> 00:42:26,460  
because again whatever was on Mars it

1011  
00:42:29,810 --> 00:42:27,599  
was a billion years ago they're long

1012  
00:42:33,230 --> 00:42:29,820  
gone same thing with the web they they

1013  
00:42:36,770 --> 00:42:33,240

may discover through the web a a clear

1014

00:42:38,329 --> 00:42:36,780

indication of a life planet and might

1015

00:42:39,589 --> 00:42:38,339

even maybe pick up some satellites

1016

00:42:40,970 --> 00:42:39,599

cruising around it therefore they've

1017

00:42:43,069 --> 00:42:40,980

just confirmed that there's life on this

1018

00:42:44,329 --> 00:42:43,079

thing out there keep in mind that the

1019

00:42:47,569 --> 00:42:44,339

light that came from that planet

1020

00:42:50,690 --> 00:42:47,579

probably is is like uh you know 400

1021

00:42:52,790 --> 00:42:50,700

million years old so again a safe play

1022

00:42:54,890 --> 00:42:52,800

and I know that they thought about that

1023

00:42:56,329 --> 00:42:54,900

and I could get the logic but there is a

1024

00:42:58,010 --> 00:42:56,339

problem there okay

1025

00:43:00,710 --> 00:42:58,020

because

1026

00:43:03,349 --> 00:43:00,720

while it does kind of take a little the

1027

00:43:05,030 --> 00:43:03,359

sting out of the issue and it does open

1028

00:43:07,130 --> 00:43:05,040

the door a little bit for people to come

1029

00:43:09,790 --> 00:43:07,140

forward it still doesn't alter the fact

1030

00:43:12,230 --> 00:43:09,800

they've been lying about this since 47.

1031

00:43:15,430 --> 00:43:12,240

it doesn't alter anything but it takes

1032

00:43:17,630 --> 00:43:15,440

the focus off of Washington DC

1033

00:43:18,650 --> 00:43:17,640

it's going to put the focus on DC

1034

00:43:20,690 --> 00:43:18,660

because that's just going to increase

1035

00:43:22,430 --> 00:43:20,700

the pressure on the truth embargo but

1036

00:43:23,450 --> 00:43:22,440

what here's the here's the downside to

1037

00:43:27,050 --> 00:43:23,460

it

1038

00:43:29,750 --> 00:43:27,060

what the government's trying to do is

1039

00:43:31,190 --> 00:43:29,760

say to show the people you know we

1040

00:43:33,170 --> 00:43:31,200

finally come to our senses and we're

1041

00:43:35,450 --> 00:43:33,180

doing the right thing we're doing what

1042

00:43:36,710 --> 00:43:35,460

we should have done see us do this look

1043

00:43:38,569 --> 00:43:36,720

at all these things we're doing look at

1044

00:43:40,550 --> 00:43:38,579

the legislation look at the witnesses

1045

00:43:42,410 --> 00:43:40,560

that are coming forward look at the dod

1046

00:43:44,930 --> 00:43:42,420

coming together and all this wonderful

1047

00:43:46,430 --> 00:43:44,940

stuff we're doing the right thing you

1048

00:43:48,410 --> 00:43:46,440

don't get that if they suddenly just

1049

00:43:49,670 --> 00:43:48,420

find something on Mars What You Get

1050

00:43:52,010 --> 00:43:49,680

There is

1051  
00:43:53,450 --> 00:43:52,020  
wait a minute artifact on Mars yeah sure

1052  
00:43:55,250 --> 00:43:53,460  
it's a billion years but clearly there's

1053  
00:43:57,109 --> 00:43:55,260  
life outside the planet that just

1054  
00:43:58,490 --> 00:43:57,119  
confirms you've been lying all these 72

1055  
00:44:00,710 --> 00:43:58,500  
years and they haven't started doing the

1056  
00:44:02,569 --> 00:44:00,720  
right thing yet you see the problem I

1057  
00:44:06,109 --> 00:44:02,579  
didn't lose most of the public relations

1058  
00:44:10,069 --> 00:44:06,119  
benefit it does and so and my point that

1059  
00:44:12,470 --> 00:44:10,079  
I'm making uh that if you have suddenly

1060  
00:44:15,530 --> 00:44:12,480  
a conversation going on about planet

1061  
00:44:17,210 --> 00:44:15,540  
number three a Trappist one that's got a

1062  
00:44:19,569 --> 00:44:17,220  
techno signature we can see the lights

1063  
00:44:23,150 --> 00:44:19,579

of cities there and they've got carbon

1064

00:44:26,089 --> 00:44:23,160

gases and and pollution and and things

1065

00:44:28,190 --> 00:44:26,099

there's that and so that conversation is

1066

00:44:32,089 --> 00:44:28,200

going to be going on instead of the

1067

00:44:33,650 --> 00:44:32,099

singular conversation of disclosure here

1068

00:44:35,990 --> 00:44:33,660

you'd have both going on at the same

1069

00:44:39,410 --> 00:44:36,000

time takes the heat off of one and

1070

00:44:41,690 --> 00:44:39,420

you've got a shared pressure uh to deal

1071

00:44:44,569 --> 00:44:41,700

with instead of a singular pressure

1072

00:44:46,250 --> 00:44:44,579

point they both are going on at the same

1073

00:44:49,609 --> 00:44:46,260

time I happen to think the government

1074

00:44:51,589 --> 00:44:49,619

has photographs

1075

00:44:53,329 --> 00:44:51,599

work that confirms it that are nicely

1076

00:44:54,890 --> 00:44:53,339

tucked away in some vaults which is

1077

00:44:56,809 --> 00:44:54,900

another awkward thing but here's a

1078

00:44:58,430 --> 00:44:56,819

here's a simpler way to put it

1079

00:45:00,170 --> 00:44:58,440

if we go through the process that's

1080

00:45:02,510 --> 00:45:00,180

underway now and it allows the president

1081

00:45:04,130 --> 00:45:02,520

to in a fairly nonpartisan way confirm

1082

00:45:05,870 --> 00:45:04,140

the ET presence there's massive

1083

00:45:08,030 --> 00:45:05,880

political benefits to that okay

1084

00:45:10,250 --> 00:45:08,040

everybody's winning the Congress both

1085

00:45:11,690 --> 00:45:10,260

parties the dod the president

1086

00:45:14,030 --> 00:45:11,700

everybody's greatest event in human

1087

00:45:15,710 --> 00:45:14,040

history if if suddenly the web

1088

00:45:18,050 --> 00:45:15,720

telescopes discover that looks like

1089

00:45:19,910 --> 00:45:18,060

there's sentient life on a Planet 2

1090

00:45:22,309 --> 00:45:19,920

billion light years away there's no

1091

00:45:24,770 --> 00:45:22,319

political benefits you see see what I'm

1092

00:45:27,589 --> 00:45:24,780

getting at here this is a complex

1093

00:45:29,510 --> 00:45:27,599

process yes yes yes except and this is

1094

00:45:31,670 --> 00:45:29,520

just like dinner at my house this is

1095

00:45:34,690 --> 00:45:31,680

what it was like because I have to go

1096

00:45:38,030 --> 00:45:36,890

is that what we did that night was it

1097

00:45:40,730 --> 00:45:38,040

right I think it was fake it was steak

1098

00:45:44,290 --> 00:45:40,740

and salad it was a steak and and I ate

1099

00:45:46,150 --> 00:45:44,300

huge amounts of chocolate peanuts

1100

00:45:48,650 --> 00:45:46,160

that's right

1101

00:45:49,730 --> 00:45:48,660

or maybe it was chocolate cashews I

1102

00:45:51,910 --> 00:45:49,740

wrote a tilled my way through a whole

1103

00:45:54,530 --> 00:45:51,920

can it was uh it was amazing chocolate

1104

00:45:55,329 --> 00:45:54,540

dark chocolate almonds I think is what

1105

00:45:58,849 --> 00:45:55,339

it was

1106

00:46:02,390 --> 00:45:58,859

but but it's it's this

1107

00:46:03,790 --> 00:46:02,400

if uh if things fire off and fire off

1108

00:46:09,710 --> 00:46:03,800

really quickly

1109

00:46:11,809 --> 00:46:09,720

and NASA suddenly has this under their

1110

00:46:14,630 --> 00:46:11,819

you know you can tuck this in in into

1111

00:46:16,730 --> 00:46:14,640

their belt NASA's got all the funding

1112

00:46:19,190 --> 00:46:16,740

that they cry about [h\_\_\h] all the time

1113

00:46:21,589 --> 00:46:19,200

well your muscle has been tied down like

1114

00:46:25,370 --> 00:46:21,599

in the little Pullins what is it that uh

1115

00:46:30,849 --> 00:46:25,380

that that that book uh tied down to the

1116

00:46:36,470 --> 00:46:35,329

unable to to to basically do the thing

1117

00:46:38,569 --> 00:46:36,480

that would probably get him more

1118

00:46:40,130 --> 00:46:38,579

attention and more money uh and they've

1119

00:46:41,930 --> 00:46:40,140

suffered because of it so it was

1120

00:46:43,609 --> 00:46:41,940

incredibly significant when Bill Nelson

1121

00:46:46,069 --> 00:46:43,619

was put in charge of NASA former

1122

00:46:47,990 --> 00:46:46,079

astronaut and Intel Senate Intel

1123

00:46:49,490 --> 00:46:48,000

committee Senator and then he comes out

1124

00:46:52,970 --> 00:46:49,500

and says we're we're into it we're

1125

00:46:54,069 --> 00:46:52,980

investigating so this process it's not

1126

00:46:56,809 --> 00:46:54,079

just about

1127

00:46:58,309 --> 00:46:56,819

helping the public relations issues that

1128

00:47:01,130 --> 00:46:58,319

the Congress or the president will face

1129

00:47:04,790 --> 00:47:01,140

also NASA Air Force all of them face

1130

00:47:07,069 --> 00:47:04,800

serious uh public relations image issues

1131

00:47:08,930 --> 00:47:07,079

post-disclosure and so to the extent

1132

00:47:11,750 --> 00:47:08,940

they're doing the right thing which NASA

1133

00:47:14,210 --> 00:47:11,760

is doing under Bill Nelson the public is

1134

00:47:16,490 --> 00:47:14,220

the Millennials are going to go hey I'm

1135

00:47:18,109 --> 00:47:16,500

great with it and the Old Guard who have

1136

00:47:20,750 --> 00:47:18,119

been around and know better are going to

1137

00:47:22,910 --> 00:47:20,760

be generous and so again

1138

00:47:24,950 --> 00:47:22,920

that's how I invite people to look at

1139

00:47:27,530 --> 00:47:24,960

this and that way they will be they

1140

00:47:29,390 --> 00:47:27,540

won't be so irritated when there's

1141

00:47:31,309 --> 00:47:29,400

something in the act and you're going

1142

00:47:34,309 --> 00:47:31,319

what do you mean you're looking at that

1143

00:47:36,829 --> 00:47:34,319

hell that was covered in 1962 in this

1144

00:47:37,849 --> 00:47:36,839

book or that book no they're they're

1145

00:47:40,550 --> 00:47:37,859

they're they're they're they're starting

1146

00:47:42,290 --> 00:47:40,560

in a sense from scratch in a way but

1147

00:47:43,970 --> 00:47:42,300

it's because they need to do it that way

1148

00:47:46,430 --> 00:47:43,980

and I'm totally supportive of that

1149

00:47:48,410 --> 00:47:46,440

unless somehow they get the idea okay

1150

00:47:50,390 --> 00:47:48,420

it's working so well let's drag it out

1151

00:47:53,870 --> 00:47:50,400

let's see if we can drag this out to

1152

00:47:55,849 --> 00:47:53,880

2030. no that's going to go very badly

1153

00:48:00,349 --> 00:47:55,859

yeah that's not the way it's going to go

1154

00:48:02,329 --> 00:48:00,359

down and I I firmly believe that the

1155

00:48:05,450 --> 00:48:02,339

world is not going to freak out and I

1156

00:48:08,450 --> 00:48:05,460

think the majority of the world

1157

00:48:10,089 --> 00:48:08,460

um it would uh it would be headline news

1158

00:48:13,750 --> 00:48:10,099

for a minute

1159

00:48:16,849 --> 00:48:13,760

it'll be a brand new day 24 hours later

1160

00:48:18,530 --> 00:48:16,859

it'll be headline news for like weeks

1161

00:48:21,430 --> 00:48:18,540

and months I mean it will be a

1162

00:48:24,290 --> 00:48:21,440

journalistic uh tsunami yeah

1163

00:48:27,710 --> 00:48:24,300

you can argue every point that I say but

1164

00:48:29,089 --> 00:48:27,720

here's but here's the thing

1165

00:48:31,790 --> 00:48:29,099

um you're with me here in Southern

1166

00:48:33,410 --> 00:48:31,800

California we have the 405 and the 101

1167

00:48:35,329 --> 00:48:33,420

the busiest intersection in the world

1168

00:48:38,809 --> 00:48:35,339

right right here right right there four

1169

00:48:41,089 --> 00:48:38,819

or five in the 101 it's crazy 5 p.m it's

1170

00:48:44,329 --> 00:48:41,099

the worst traffic on planet Earth at

1171

00:48:47,089 --> 00:48:44,339

that moment if a flying saucer came down

1172

00:48:48,349 --> 00:48:47,099

and landed in the middle of the 405 and

1173

00:48:51,530 --> 00:48:48,359

blocked

1174

00:48:53,569 --> 00:48:51,540

rush hour traffic you would have some

1175

00:48:56,510 --> 00:48:53,579

people freaking out shooting cell phones

1176  
00:48:58,970 --> 00:48:56,520  
and that would last for about 15 minutes

1177  
00:49:00,770 --> 00:48:58,980  
but about 15 minutes later you're gonna

1178  
00:49:02,690 --> 00:49:00,780  
have people going get that freaking

1179  
00:49:05,390 --> 00:49:02,700  
thing off of the freeway oh I

1180  
00:49:08,450 --> 00:49:05,400  
misunderstood you yeah the public will

1181  
00:49:09,890 --> 00:49:08,460  
go we'll go okay fantastic and then a

1182  
00:49:11,930 --> 00:49:09,900  
week later you know it's like okay what

1183  
00:49:14,329 --> 00:49:11,940  
do you got next I was referring this to

1184  
00:49:15,770 --> 00:49:14,339  
the media the media is going to go nuts

1185  
00:49:17,390 --> 00:49:15,780  
because we're talking story we're

1186  
00:49:20,030 --> 00:49:17,400  
talking eyeballs we're talking money

1187  
00:49:21,410 --> 00:49:20,040  
here so they will just Feast on it for

1188  
00:49:23,329 --> 00:49:21,420

weeks and months but you know there's a

1189

00:49:26,030 --> 00:49:23,339

lot of people hey I knew that 15 25

1190

00:49:29,050 --> 00:49:26,040

years ago okay what have you got for me

1191

00:49:31,430 --> 00:49:29,060

okay show me some craft

1192

00:49:33,410 --> 00:49:31,440

what kind of tech have you got all of

1193

00:49:35,930 --> 00:49:33,420

these questions are going to come up and

1194

00:49:37,790 --> 00:49:35,940

the process will will get underway in

1195

00:49:41,930 --> 00:49:37,800

the post disclosure World which is where

1196

00:49:43,790 --> 00:49:41,940

we're going and uh the one of the one of

1197

00:49:45,530 --> 00:49:43,800

the things that's been happening in the

1198

00:49:47,390 --> 00:49:45,540

last 10 years particularly with the rise

1199

00:49:50,510 --> 00:49:47,400

of podcasting and of course more shows

1200

00:49:55,130 --> 00:49:50,520

like yours and and so forth is that the

1201  
00:49:57,589 --> 00:49:55,140  
ability of the public now to ensure that

1202  
00:49:58,990 --> 00:49:57,599  
they will be fully engaged in this issue

1203  
00:50:01,430 --> 00:49:59,000  
that they're not going to be just

1204  
00:50:03,710 --> 00:50:01,440  
waiting for the next press release from

1205  
00:50:05,809 --> 00:50:03,720  
the Pentagon I assure you we have a

1206  
00:50:08,690 --> 00:50:05,819  
massive media and social media

1207  
00:50:11,390 --> 00:50:08,700  
infrastructure ready to come in and

1208  
00:50:13,370 --> 00:50:11,400  
feast on this and I think they know that

1209  
00:50:16,309 --> 00:50:13,380  
and I'm sure they're going to cooperate

1210  
00:50:19,069 --> 00:50:16,319  
with it so it's like hey we are not

1211  
00:50:21,470 --> 00:50:19,079  
going to be left off the stage this time

1212  
00:50:23,150 --> 00:50:21,480  
when this happens uh and that's very

1213  
00:50:24,410 --> 00:50:23,160

important and I think they know that let

1214

00:50:25,250 --> 00:50:24,420

me add something that I've mentioned

1215

00:50:27,290 --> 00:50:25,260

before

1216

00:50:29,089 --> 00:50:27,300

man this is from an inside source I have

1217

00:50:31,790 --> 00:50:29,099

I don't have many I get a couple yeah

1218

00:50:35,329 --> 00:50:31,800

nothing special but my understanding is

1219

00:50:37,130 --> 00:50:35,339

is that in the early 90s the Pentagon uh

1220

00:50:39,589 --> 00:50:37,140

provided a multi-million dollar contract

1221

00:50:41,690 --> 00:50:39,599

to a major public relations firm in in

1222

00:50:44,270 --> 00:50:41,700

Washington DC

1223

00:50:46,550 --> 00:50:44,280

which I believe is Hillary Knowlton

1224

00:50:49,370 --> 00:50:46,560

it's a big firm big deal multi-million

1225

00:50:51,950 --> 00:50:49,380

what was the classified of course what

1226

00:50:55,010 --> 00:50:51,960

was the the deal

1227

00:50:57,950 --> 00:50:55,020

game this thing out study and get back

1228

00:51:00,049 --> 00:50:57,960

to with a report of the various ways we

1229

00:51:02,990 --> 00:51:00,059

could go about finally confirming ET

1230

00:51:06,349 --> 00:51:03,000

presence to the public okay and while

1231

00:51:08,510 --> 00:51:06,359

you're at it game out the various ways

1232

00:51:10,250 --> 00:51:08,520

the public might react and institutions

1233

00:51:12,109 --> 00:51:10,260

and then it will react to disclosure

1234

00:51:13,849 --> 00:51:12,119

Senator was give us a picture on this

1235

00:51:16,370 --> 00:51:13,859

from a public relations perspective

1236

00:51:17,990 --> 00:51:16,380

remember the Department of Defense has

1237

00:51:20,329 --> 00:51:18,000

got super computers running super

1238

00:51:22,790 --> 00:51:20,339

computers they can gain things down to

1239

00:51:24,470 --> 00:51:22,800

the granular level but they're not

1240

00:51:25,730 --> 00:51:24,480

public relations Specialists so they

1241

00:51:27,890 --> 00:51:25,740

want it from that point of view

1242

00:51:29,510 --> 00:51:27,900

apparently four or five years later in

1243

00:51:31,309 --> 00:51:29,520

the late 90s they got that report back

1244

00:51:32,930 --> 00:51:31,319

right around the time that I think the

1245

00:51:35,510 --> 00:51:32,940

Rockefeller initiative was wrapping up

1246

00:51:37,250 --> 00:51:35,520

at the Clinton Administration the point

1247

00:51:38,990 --> 00:51:37,260

I'm making is look do you think the

1248

00:51:41,870 --> 00:51:39,000

government hasn't thought about how this

1249

00:51:43,849 --> 00:51:41,880

would go down how the disclosure process

1250

00:51:46,309 --> 00:51:43,859

might unfold particularly in a national

1251  
00:51:48,290 --> 00:51:46,319  
security level and how uh how they would

1252  
00:51:50,210 --> 00:51:48,300  
handle it of course they have they've

1253  
00:51:53,510 --> 00:51:50,220  
gained it eight ways to Sunday so it's

1254  
00:51:54,710 --> 00:51:53,520  
not believe me so what you're seeing is

1255  
00:51:56,750 --> 00:51:54,720  
not something you just got thrown

1256  
00:51:59,089 --> 00:51:56,760  
together at the last minute this has

1257  
00:52:02,150 --> 00:51:59,099  
been in the works for a long time but it

1258  
00:52:04,309 --> 00:52:02,160  
did a trigger to sort of get it going

1259  
00:52:05,690 --> 00:52:04,319  
because I'm sure that in spite of their

1260  
00:52:07,670 --> 00:52:05,700  
plans and what they would like to do

1261  
00:52:10,670 --> 00:52:07,680  
there's an internal inertia because

1262  
00:52:13,370 --> 00:52:10,680  
again huge huge public relations issues

1263  
00:52:14,809 --> 00:52:13,380

why not just pretend it's not there Kick

1264

00:52:15,950 --> 00:52:14,819

the Can down the road wait till I'm

1265

00:52:20,329 --> 00:52:15,960

retired

1266

00:52:21,349 --> 00:52:20,339

but that trigger was 2017. one can say

1267

00:52:23,270 --> 00:52:21,359

it was the two the Stars Academy

1268

00:52:24,710 --> 00:52:23,280

announcement in the film where melon and

1269

00:52:26,930 --> 00:52:24,720

Elizondo got up there and set some

1270

00:52:29,210 --> 00:52:26,940

rather amazing things others will say it

1271

00:52:30,589 --> 00:52:29,220

was the New York Times articles those

1272

00:52:32,690 --> 00:52:30,599

massively important articles that were

1273

00:52:35,450 --> 00:52:32,700

printed on two consecutive days December

1274

00:52:36,470 --> 00:52:35,460

16th 17th first on on the web and then

1275

00:52:40,370 --> 00:52:36,480

online

1276  
00:52:41,690 --> 00:52:40,380  
whichever the this was the trigger that

1277  
00:52:43,670 --> 00:52:41,700  
set in motion

1278  
00:52:46,609 --> 00:52:43,680  
what they had probably thinking of doing

1279  
00:52:48,290 --> 00:52:46,619  
for a long time but couldn't it was set

1280  
00:52:49,730 --> 00:52:48,300  
in motion by people operating pretty

1281  
00:52:51,710 --> 00:52:49,740  
much I think on their own this was

1282  
00:52:53,930 --> 00:52:51,720  
personal stuff it wasn't some

1283  
00:52:56,390 --> 00:52:53,940  
orchestrated thing from within the dod

1284  
00:52:59,510 --> 00:52:56,400  
okay guys do this do that pretend you're

1285  
00:53:01,490 --> 00:52:59,520  
now now this was good people making hey

1286  
00:53:04,670 --> 00:53:01,500  
enough is enough we're gonna act on our

1287  
00:53:05,990 --> 00:53:04,680  
own but it is notable that you know if

1288  
00:53:08,630 --> 00:53:06,000

they didn't all end up on us Island

1289

00:53:10,670 --> 00:53:08,640

somewhere or you know forced to work

1290

00:53:12,410 --> 00:53:10,680

underground at area 51. I mean they were

1291

00:53:13,970 --> 00:53:12,420

allowed to go forward so it means that

1292

00:53:15,349 --> 00:53:13,980

overall even though a lot of the

1293

00:53:17,829 --> 00:53:15,359

government was surprised by what

1294

00:53:21,290 --> 00:53:17,839

happened in in October and December of

1295

00:53:23,089 --> 00:53:21,300

2016 rather yeah 2016.

1296

00:53:24,349 --> 00:53:23,099

ultimately and there was some pushback

1297

00:53:25,730 --> 00:53:24,359

and there were some people going what

1298

00:53:27,290 --> 00:53:25,740

are you talking about no that's not true

1299

00:53:28,849 --> 00:53:27,300

and because they didn't have the the the

1300

00:53:30,410 --> 00:53:28,859

the they didn't have the right

1301  
00:53:31,790 --> 00:53:30,420  
information

1302  
00:53:33,650 --> 00:53:31,800  
they were allowed to go forward weren't

1303  
00:53:35,210 --> 00:53:33,660  
they they were allowed to go forward and

1304  
00:53:36,950 --> 00:53:35,220  
when things didn't work out the way they

1305  
00:53:38,329 --> 00:53:36,960  
initially planned they didn't they

1306  
00:53:39,950 --> 00:53:38,339  
weren't blocked when they came out

1307  
00:53:42,829 --> 00:53:39,960  
fundamentally with the two of the Stars

1308  
00:53:45,170 --> 00:53:42,839  
Academy in 2017. in other words there

1309  
00:53:46,730 --> 00:53:45,180  
was a fundamental resignation within the

1310  
00:53:49,130 --> 00:53:46,740  
military intelligence complex the

1311  
00:53:51,049 --> 00:53:49,140  
trigger's been pulled okay

1312  
00:53:54,290 --> 00:53:51,059  
let's go with this and see what happens

1313  
00:53:57,290 --> 00:53:54,300

well and what didn't happen Steve

1314

00:54:00,950 --> 00:53:57,300

the Vatican didn't implode people didn't

1315

00:54:03,589 --> 00:54:00,960

jump off Wall Street didn't collapse and

1316

00:54:06,230 --> 00:54:03,599

I think the general when I talk to

1317

00:54:08,750 --> 00:54:06,240

people that have nothing to do with

1318

00:54:11,630 --> 00:54:08,760

never seen an episode of Ancient Aliens

1319

00:54:13,190 --> 00:54:11,640

never heard of uh Coast to Coast or Fade

1320

00:54:16,030 --> 00:54:13,200

to Black

1321

00:54:18,470 --> 00:54:16,040

um when I talked to them about this

1322

00:54:20,870 --> 00:54:18,480

the universe is a big place of course

1323

00:54:23,569 --> 00:54:20,880

we're not alone so what's the big deal

1324

00:54:26,630 --> 00:54:23,579

here I think I think that was the

1325

00:54:29,630 --> 00:54:26,640

average uh the world it wasn't the

1326

00:54:32,270 --> 00:54:29,640

Condon report 2.0 right it wasn't the

1327

00:54:34,970 --> 00:54:32,280

Robertson it wasn't Rand corporation's

1328

00:54:38,630 --> 00:54:34,980

analysis on this no it's unprecedented

1329

00:54:41,150 --> 00:54:38,640

it was unprecedented and uh and uh

1330

00:54:42,530 --> 00:54:41,160

um I I think that

1331

00:54:44,630 --> 00:54:42,540

look

1332

00:54:46,970 --> 00:54:44,640

I I think I know what the original plan

1333

00:54:49,069 --> 00:54:46,980

was and and things happen look when

1334

00:54:52,370 --> 00:54:49,079

you're trying to work on something like

1335

00:54:54,230 --> 00:54:52,380

this this level this importance man

1336

00:54:55,549 --> 00:54:54,240

history can just throw your curveballs

1337

00:54:57,589 --> 00:54:55,559

all day long and so this thing is

1338

00:54:59,809 --> 00:54:57,599

dragged down a lot longer than I think

1339

00:55:01,430 --> 00:54:59,819

it would have because of developments

1340

00:55:03,770 --> 00:55:01,440

around the world and what have you this

1341

00:55:06,650 --> 00:55:03,780

is this happens it's not really

1342

00:55:07,849 --> 00:55:06,660

anybody's fault it is just life so it's

1343

00:55:10,370 --> 00:55:07,859

dragged it out which made it a little

1344

00:55:13,309 --> 00:55:10,380

tougher all right and and a little more

1345

00:55:14,930 --> 00:55:13,319

Awkward uh but nevertheless in spite of

1346

00:55:18,230 --> 00:55:14,940

all that has happened in the last five

1347

00:55:20,390 --> 00:55:18,240

years chaos and new Wars and nuclear

1348

00:55:22,450 --> 00:55:20,400

threats and you know the odd massive

1349

00:55:25,970 --> 00:55:22,460

worldwide pandemic

1350

00:55:27,530 --> 00:55:25,980

they've continued on anyway all right

1351

00:55:29,329 --> 00:55:27,540

and now we're practically on the

1352

00:55:30,589 --> 00:55:29,339

threshold and I'll be getting that in a

1353

00:55:34,609 --> 00:55:30,599

little bit when I get into the the

1354

00:55:36,770 --> 00:55:34,619

granular stuff but I'm impressed by the

1355

00:55:38,630 --> 00:55:36,780

fact that this thing has just moved

1356

00:55:40,790 --> 00:55:38,640

forward relentlessly no matter what has

1357

00:55:43,010 --> 00:55:40,800

been thrown at it now a nuclear war is

1358

00:55:44,930 --> 00:55:43,020

definitely gonna uh interrupt the

1359

00:55:47,030 --> 00:55:44,940

process it's going to be bad okay it's

1360

00:55:52,089 --> 00:55:47,040

bad bad for disclosure bad for

1361

00:55:56,450 --> 00:55:54,170

let's take our break right here Stephen

1362

00:55:59,809 --> 00:55:56,460

when we come back we'll get we'll go

1363

00:56:01,210 --> 00:55:59,819

granular granular absolutely that's a

1364

00:56:04,430 --> 00:56:01,220

great word

1365

00:56:06,370 --> 00:56:04,440

sorry I'm sorry what was that I wear the

1366

00:56:10,790 --> 00:56:06,380

chocolate almonds well we're on break

1367

00:56:15,349 --> 00:56:13,069

1439

00:59:29,150 --> 00:59:24,349

all right welcome back our guest tonight

1440

00:59:32,270 --> 00:59:29,160

Steven Bassett of uh prg and we are

1441

00:59:37,010 --> 00:59:32,280

breaking down a few things tonight we

1442

00:59:41,569 --> 00:59:37,020

are right in the middle of uh 2023 and

1443

00:59:44,809 --> 00:59:41,579

some serious movement on uh disclosure

1444

00:59:46,670 --> 00:59:44,819

and E.T and and and what is going on not

1445

00:59:50,630 --> 00:59:46,680

only with with our planet but the

1446

00:59:54,609 --> 00:59:50,640

universe around us too as well and uh we

1447

00:59:58,670 --> 00:59:54,619

are about to go granular into the ndaa

1448

01:00:04,250 --> 00:59:58,680

and which uh you know there's over 40

1449

01:00:08,210 --> 01:00:04,260

pages of uh the 2023 budget uh dealing

1450

01:00:10,670 --> 01:00:08,220

with uh the UAP issue specifically and

1451  
01:00:13,490 --> 01:00:10,680  
and Steve when you say going granular

1452  
01:00:16,250 --> 01:00:13,500  
I'm very interested in in what you're

1453  
01:00:18,829 --> 01:00:16,260  
going to pick first so uh what's what's

1454  
01:00:20,870 --> 01:00:18,839  
top of the list yeah there's no special

1455  
01:00:22,490 --> 01:00:20,880  
order to this but I'm just pointing out

1456  
01:00:24,349 --> 01:00:22,500  
some interesting things that I think

1457  
01:00:26,690 --> 01:00:24,359  
we'll Muse

1458  
01:00:28,250 --> 01:00:26,700  
um and I should mention forgive me but

1459  
01:00:29,150 --> 01:00:28,260  
I'm going to follow up on your your

1460  
01:00:31,370 --> 01:00:29,160  
break

1461  
01:00:34,130 --> 01:00:31,380  
uh I'm going to be speaking I'm going to

1462  
01:00:37,250 --> 01:00:34,140  
be at the conscious life Expo my first

1463  
01:00:40,609 --> 01:00:37,260

on stage stuff in three years I'm also

1464

01:00:42,470 --> 01:00:40,619

going to be at the UFO Expo in March in

1465

01:00:44,329 --> 01:00:42,480

Roswell they're actually holding another

1466

01:00:46,130 --> 01:00:44,339

conference in Roswell and then there's

1467

01:00:48,470 --> 01:00:46,140

going to be a massive contact in the

1468

01:00:49,609 --> 01:00:48,480

desert it's back that is in June two to

1469

01:00:51,589 --> 01:00:49,619

four I'm going to be presenting

1470

01:00:53,510 --> 01:00:51,599

extensively there and there's going to

1471

01:00:55,789 --> 01:00:53,520

be much more to talk about but the

1472

01:00:57,349 --> 01:00:55,799

conference are starting to shape up this

1473

01:01:00,289 --> 01:00:57,359

could be the best year of conferences

1474

01:01:03,170 --> 01:01:00,299

ever because well it's time to move on

1475

01:01:05,390 --> 01:01:03,180

with life and the issue is En Fuego so I

1476

01:01:07,670 --> 01:01:05,400

just want to mention that okay now let's

1477

01:01:09,589 --> 01:01:07,680

first talk about the report

1478

01:01:11,990 --> 01:01:09,599

it was uh I don't know what it was what

1479

01:01:13,910 --> 01:01:12,000

was it 22 pages I think and by the way

1480

01:01:16,069 --> 01:01:13,920

I'll put some links on my social media

1481

01:01:17,510 --> 01:01:16,079

Twitter and Facebook with the links to

1482

01:01:20,329 --> 01:01:17,520

all these little things you want to go

1483

01:01:21,950 --> 01:01:20,339

grab them easy and since I mentioned

1484

01:01:26,030 --> 01:01:21,960

that and because there's a lot of things

1485

01:01:28,609 --> 01:01:26,040

coming from my world uh uh uh Paradigm

1486

01:01:31,910 --> 01:01:28,619

research group has a Twitter account uh

1487

01:01:33,289 --> 01:01:31,920

please if you if you uh follow it you'll

1488

01:01:35,210 --> 01:01:33,299

you'll get stuff from me all the time

1489

01:01:37,730 --> 01:01:35,220

about this plus I need more followers

1490

01:01:39,230 --> 01:01:37,740

please Facebook as well Paradigm

1491

01:01:41,210 --> 01:01:39,240

research group and Steve Bassett but

1492

01:01:43,069 --> 01:01:41,220

certainly Twitter I'll put some links up

1493

01:01:44,049 --> 01:01:43,079

on the social media so the report comes

1494

01:01:45,650 --> 01:01:44,059

in

1495

01:01:46,190 --> 01:01:45,660

and

1496

01:01:48,349 --> 01:01:46,200

um

1497

01:01:50,750 --> 01:01:48,359

this paragraph is like the fourth

1498

01:01:53,510 --> 01:01:50,760

paragraph and I'm going to read it

1499

01:01:54,789 --> 01:01:53,520

because I want you to to get its power

1500

01:01:57,770 --> 01:01:54,799

all right

1501  
01:01:59,690 --> 01:01:57,780  
because this this paragraph has never

1502  
01:02:01,910 --> 01:01:59,700  
been written anywhere prior to this

1503  
01:02:04,670 --> 01:02:01,920  
report going back to the end the

1504  
01:02:09,829 --> 01:02:04,680  
beginning of time it says

1505  
01:02:12,589 --> 01:02:09,839  
this report was drafted by the odnis Nim

1506  
01:02:14,329 --> 01:02:12,599  
Aviation Group which is the one that put

1507  
01:02:16,370 --> 01:02:14,339  
out that patch with a little saucer on

1508  
01:02:17,930 --> 01:02:16,380  
it that was kind of a joke in

1509  
01:02:21,010 --> 01:02:17,940  
conjunction with arrow

1510  
01:02:24,049 --> 01:02:21,020  
the all domain anomaly resolution office

1511  
01:02:25,549 --> 01:02:24,059  
which is the final was the one they had

1512  
01:02:28,670 --> 01:02:25,559  
two other things they came up with the

1513  
01:02:30,049 --> 01:02:28,680

acronyms were unbelievably awful this is

1514

01:02:33,109 --> 01:02:30,059

perfect

1515

01:02:35,030 --> 01:02:33,119

all domain anomaly resolution office

1516

01:02:37,730 --> 01:02:35,040

does not have UAP in it and doesn't have

1517

01:02:40,130 --> 01:02:37,740

UFOs in it right it's

1518

01:02:42,710 --> 01:02:40,140

but when you pronounce the acronym you

1519

01:02:45,950 --> 01:02:42,720

get Arrow right clearly indicating

1520

01:02:48,410 --> 01:02:45,960

something in the air I love this

1521

01:02:50,210 --> 01:02:48,420

it includes input from the under

1522

01:02:53,270 --> 01:02:50,220

secretary of defense for intelligence

1523

01:02:55,970 --> 01:02:53,280

and security the USD ins the defense

1524

01:02:58,430 --> 01:02:55,980

intelligence agency Dia the Federal

1525

01:03:00,710 --> 01:02:58,440

Bureau of Investigation FBI the national

1526  
01:03:03,890 --> 01:03:00,720  
reconnaissance office nro the National

1527  
01:03:06,470 --> 01:03:03,900  
geospatial Intelligence Agency NGA the

1528  
01:03:08,390 --> 01:03:06,480  
National Security Agency NSA the U.S

1529  
01:03:10,190 --> 01:03:08,400  
army the U.S Navy the US Marine Corps

1530  
01:03:12,289 --> 01:03:10,200  
the U.S Air Force the Federal Aviation

1531  
01:03:14,030 --> 01:03:12,299  
Administration the National Aeronautics

1532  
01:03:16,069 --> 01:03:14,040  
and Space Administration that would be

1533  
01:03:18,170 --> 01:03:16,079  
NASA the national oceanographic and

1534  
01:03:21,049 --> 01:03:18,180  
Atmospheric Administration NOAA the

1535  
01:03:23,569 --> 01:03:21,059  
department of energy the doe the odni

1536  
01:03:26,349 --> 01:03:23,579  
Nim emerging and disruptive technology

1537  
01:03:28,309 --> 01:03:26,359  
group whoa the odni national

1538  
01:03:31,549 --> 01:03:28,319

counterintelligence and security Center

1539

01:03:32,870 --> 01:03:31,559

the ncsc and odni National Intelligence

1540

01:03:35,870 --> 01:03:32,880

Council

1541

01:03:37,549 --> 01:03:35,880

OD and i n i c

1542

01:03:38,829 --> 01:03:37,559

what what happened there what just

1543

01:03:42,049 --> 01:03:38,839

happened there

1544

01:03:45,829 --> 01:03:42,059

basically saying that all of these

1545

01:03:49,010 --> 01:03:45,839

entities are reporting to

1546

01:03:51,829 --> 01:03:49,020

Arrow to create this report

1547

01:03:54,530 --> 01:03:51,839

what is what is this this is called a

1548

01:03:56,569 --> 01:03:54,540

cross agency working group that is what

1549

01:03:59,329 --> 01:03:56,579

is being set up in response to the

1550

01:04:02,150 --> 01:03:59,339

legislation who isn't in that group I

1551

01:04:04,250 --> 01:04:02,160

mean this is this is this is it this is

1552

01:04:08,329 --> 01:04:04,260

the uh what I don't know what to call it

1553

01:04:10,250 --> 01:04:08,339

and so whoa all right that is massive

1554

01:04:12,650 --> 01:04:10,260

okay and that is across agency working

1555

01:04:14,390 --> 01:04:12,660

group and I want to explain what that is

1556

01:04:15,530 --> 01:04:14,400

because a lot of people don't know what

1557

01:04:17,990 --> 01:04:15,540

that is

1558

01:04:18,890 --> 01:04:18,000

a cross agency or interagency working

1559

01:04:21,650 --> 01:04:18,900

group

1560

01:04:24,349 --> 01:04:21,660

is something that is set up across two

1561

01:04:27,589 --> 01:04:24,359

four five fifteen twenty entities as

1562

01:04:29,930 --> 01:04:27,599

needed to deal with an important issue

1563

01:04:32,450 --> 01:04:29,940

in in good order probably already

1564

01:04:34,789 --> 01:04:32,460

happening there will be two three

1565

01:04:36,170 --> 01:04:34,799

thousand people in that working group

1566

01:04:37,789 --> 01:04:36,180

all right

1567

01:04:39,049 --> 01:04:37,799

but this is what people need to

1568

01:04:41,150 --> 01:04:39,059

understand

1569

01:04:43,609 --> 01:04:41,160

that doesn't mean that those people

1570

01:04:45,589 --> 01:04:43,619

don't have a job they they have other

1571

01:04:48,049 --> 01:04:45,599

jobs within these entities that they do

1572

01:04:50,450 --> 01:04:48,059

their core job however they have been

1573

01:04:52,849 --> 01:04:50,460

assigned to this working group to

1574

01:04:55,549 --> 01:04:52,859

participate so it's like part-time

1575

01:04:57,230 --> 01:04:55,559

little part-time thing across all of

1576

01:04:59,150 --> 01:04:57,240

these agencies it's not like they're

1577

01:05:00,770 --> 01:04:59,160

forming some massive office with a

1578

01:05:03,349 --> 01:05:00,780

building and they're sticking 2 000

1579

01:05:05,270 --> 01:05:03,359

people in it to work on this no this is

1580

01:05:07,010 --> 01:05:05,280

much more efficient effective so now

1581

01:05:10,069 --> 01:05:07,020

what they're saying is we have people

1582

01:05:13,370 --> 01:05:10,079

now addressing this issue across all of

1583

01:05:15,710 --> 01:05:13,380

these entities the creme de La Creme and

1584

01:05:17,870 --> 01:05:15,720

they're going to be reporting to us

1585

01:05:19,849 --> 01:05:17,880

that's even bigger than setting up I

1586

01:05:21,289 --> 01:05:19,859

don't know just an apartment they're

1587

01:05:22,309 --> 01:05:21,299

basically saying the whole government's

1588

01:05:24,650 --> 01:05:22,319

on board the entire Military

1589

01:05:26,630 --> 01:05:24,660

Intelligence Community is on board we're

1590

01:05:29,690 --> 01:05:26,640

working for you okay that's what I want

1591

01:05:33,410 --> 01:05:29,700

to get across so that paragraph alone is

1592

01:05:35,089 --> 01:05:33,420

worth that report it it basically sends

1593

01:05:38,270 --> 01:05:35,099

a message to everybody my God

1594

01:05:41,750 --> 01:05:38,280

everybody's in on this uh so wait for

1595

01:05:43,970 --> 01:05:41,760

new development now is there um with

1596

01:05:46,789 --> 01:05:43,980

that though is there somebody and I

1597

01:05:49,910 --> 01:05:46,799

don't think it's Moultrie or Bray or or

1598

01:05:52,549 --> 01:05:49,920

any other the names I think that the the

1599

01:05:56,170 --> 01:05:52,559

current director of Arrow as well is

1600

01:05:58,250 --> 01:05:56,180

slated to be Kirkpatrick yes it is

1601  
01:06:03,410 --> 01:05:58,260  
powerful enough

1602  
01:06:05,569 --> 01:06:03,420  
as a as a figurehead to make sure you

1603  
01:06:08,569 --> 01:06:05,579  
you've got to be a sheriff with bullets

1604  
01:06:10,190 --> 01:06:08,579  
in your gun right and you have to make

1605  
01:06:12,650 --> 01:06:10,200  
sure that people aren't sitting on their

1606  
01:06:14,210 --> 01:06:12,660  
hands or that you know if they don't

1607  
01:06:16,730 --> 01:06:14,220  
bother us then we're not we don't have

1608  
01:06:19,849 --> 01:06:16,740  
to give anything up and we don't want to

1609  
01:06:22,190 --> 01:06:19,859  
share our secrets and which is the

1610  
01:06:25,430 --> 01:06:22,200  
interagency problem that's been going on

1611  
01:06:29,630 --> 01:06:25,440  
forever that is a problem in Washington

1612  
01:06:32,390 --> 01:06:29,640  
D.C uh agencies don't cooperate uh with

1613  
01:06:36,349 --> 01:06:32,400

each other and so you need to have

1614

01:06:40,670 --> 01:06:36,359

somebody in place to make sure and and

1615

01:06:43,789 --> 01:06:40,680

to keep the fires burning that's uh that

1616

01:06:45,950 --> 01:06:43,799

somebody's paying attention and and who

1617

01:06:48,470 --> 01:06:45,960

who is strong enough who's bigger a big

1618

01:06:51,650 --> 01:06:48,480

enough of a figure to go in there to

1619

01:06:54,470 --> 01:06:51,660

make sure that we have the uaps are that

1620

01:06:56,870 --> 01:06:54,480

is gonna uh keep the coordination going

1621

01:06:59,569 --> 01:06:56,880

with uh all of this interagency

1622

01:07:01,370 --> 01:06:59,579

dependents start hour I get well they're

1623

01:07:02,569 --> 01:07:01,380

not making a 10-pole movie with a 200

1624

01:07:04,069 --> 01:07:02,579

million dollar budget and they've got to

1625

01:07:05,329 --> 01:07:04,079

get a 40 million dollar actor in there

1626

01:07:09,410 --> 01:07:05,339

no that's not what they're doing the

1627

01:07:11,690 --> 01:07:09,420

power of Arrow comes from this okay

1628

01:07:14,150 --> 01:07:11,700

first of all it comes from the fact that

1629

01:07:17,029 --> 01:07:14,160

under the legislation arrow is under the

1630

01:07:19,430 --> 01:07:17,039

Aegis of not just the dod

1631

01:07:21,829 --> 01:07:19,440

but the office of the Director of

1632

01:07:25,309 --> 01:07:21,839

National Intelligence Odie and I in

1633

01:07:28,069 --> 01:07:25,319

other words it's two the dod and the

1634

01:07:31,430 --> 01:07:28,079

odni are jointly

1635

01:07:33,890 --> 01:07:31,440

controlling overseeing this project

1636

01:07:35,510 --> 01:07:33,900

what's bigger than the dod and the

1637

01:07:37,970 --> 01:07:35,520

office Director of National Intelligence

1638

01:07:39,470 --> 01:07:37,980

so anybody out there that's going ah

1639

01:07:41,150 --> 01:07:39,480

screw this I'm not going to do that let

1640

01:07:43,430 --> 01:07:41,160

me just take a vacation whatever oh

1641

01:07:45,589 --> 01:07:43,440

they're in deep trouble that that alone

1642

01:07:48,410 --> 01:07:45,599

has sent the message we are really

1643

01:07:49,970 --> 01:07:48,420

serious about this okay because if

1644

01:07:51,470 --> 01:07:49,980

they're not they're not just going to

1645

01:07:54,109 --> 01:07:51,480

embarrass the dod they're going to

1646

01:07:55,370 --> 01:07:54,119

embarrass a major uh position in the

1647

01:07:57,650 --> 01:07:55,380

administration of the current president

1648

01:07:59,690 --> 01:07:57,660

so that's part of where the power comes

1649

01:08:01,670 --> 01:07:59,700

and the other power comes from what I

1650

01:08:04,309 --> 01:08:01,680

just read to you they're saying look

1651  
01:08:05,890 --> 01:08:04,319  
under Federal legislation all of these

1652  
01:08:09,349 --> 01:08:05,900  
entities which is pretty much everything

1653  
01:08:11,930 --> 01:08:09,359  
out there uh of significance in the

1654  
01:08:14,089 --> 01:08:11,940  
military intelligence world are part of

1655  
01:08:17,390 --> 01:08:14,099  
this process they don't need a star

1656  
01:08:19,370 --> 01:08:17,400  
running it the process itself right is

1657  
01:08:21,470 --> 01:08:19,380  
overwhelming and so believe me there

1658  
01:08:24,470 --> 01:08:21,480  
won't be any problem right in terms of

1659  
01:08:26,510 --> 01:08:24,480  
people dragging their feet this is the

1660  
01:08:28,550 --> 01:08:26,520  
real deal folks even though they should

1661  
01:08:31,130 --> 01:08:28,560  
have done it 70 years ago this is the

1662  
01:08:33,289 --> 01:08:31,140  
real deal any debunker or anybody that

1663  
01:08:35,090 --> 01:08:33,299

wants to kind of throw the you know a

1664

01:08:38,630 --> 01:08:35,100

monkey wrench into this is probably

1665

01:08:41,570 --> 01:08:38,640

making a career ending mistake yeah and

1666

01:08:45,289 --> 01:08:41,580

and and and so uh we'll we'll go to your

1667

01:08:47,990 --> 01:08:45,299

next granular uh position here but you

1668

01:08:52,130 --> 01:08:48,000

have to it's one thing to because it

1669

01:08:53,930 --> 01:08:52,140

looks great on paper right it does I man

1670

01:08:56,930 --> 01:08:53,940

yeah yes

1671

01:08:59,090 --> 01:08:56,940

yeah you have to make it happen it is

1672

01:09:00,769 --> 01:08:59,100

happening look this group is being set

1673

01:09:02,630 --> 01:09:00,779

up I have inside and from I mean I I

1674

01:09:04,130 --> 01:09:02,640

have I know people in the group they're

1675

01:09:06,410 --> 01:09:04,140

setting this thing up across all these

1676

01:09:09,289 --> 01:09:06,420

agencies right it's not this is going to

1677

01:09:11,269 --> 01:09:09,299

happen no it's happening now they're not

1678

01:09:13,010 --> 01:09:11,279

going to tell you all the details of

1679

01:09:14,809 --> 01:09:13,020

that that's not the way it works it's

1680

01:09:17,390 --> 01:09:14,819

it's not that it's their business for

1681

01:09:19,669 --> 01:09:17,400

now uh you could there are people God

1682

01:09:22,309 --> 01:09:19,679

bless them my good friend John Greenwell

1683

01:09:23,930 --> 01:09:22,319

will will certainly be doing it filing

1684

01:09:26,030 --> 01:09:23,940

in foia's trying to get information

1685

01:09:27,890 --> 01:09:26,040

about what's going on but this is a

1686

01:09:29,990 --> 01:09:27,900

rapidly growing massive process there's

1687

01:09:33,169 --> 01:09:30,000

no way we could keep up with it but it

1688

01:09:35,930 --> 01:09:33,179

is happening all right and that's I

1689

01:09:38,630 --> 01:09:35,940

agree with you that it's happening but

1690

01:09:41,570 --> 01:09:38,640

you need to have somebody with a puffy

1691

01:09:45,130 --> 01:09:41,580

chest that can go to the Air Force and

1692

01:09:50,209 --> 01:09:47,870

is running this program and that puffy

1693

01:09:52,970 --> 01:09:50,219

chess would be the Secretary of Defense

1694

01:09:56,030 --> 01:09:52,980

in other words the secretary of defense

1695

01:09:59,390 --> 01:09:56,040

is the titular head of one of the

1696

01:10:01,850 --> 01:09:59,400

co-entities that is creating and and an

1697

01:10:04,010 --> 01:10:01,860

overseeing arrow and so if you want to

1698

01:10:05,810 --> 01:10:04,020

piss on it well you're going to get a

1699

01:10:08,090 --> 01:10:05,820

call from the sect deaf and it's going

1700

01:10:11,270 --> 01:10:08,100

to go badly for you so don't worry about

1701

01:10:12,890 --> 01:10:11,280

the gravitas it's overwhelmingly filled

1702

01:10:15,709 --> 01:10:12,900

with gravitas

1703

01:10:19,189 --> 01:10:15,719

um and those that are frustrated by all

1704

01:10:21,649 --> 01:10:19,199

these Decades of of uh of denial and so

1705

01:10:24,110 --> 01:10:21,659

forth I uh they're they're going I'll

1706

01:10:27,169 --> 01:10:24,120

see it when I believe it look

1707

01:10:29,750 --> 01:10:27,179

all my entire job is to Simply watch all

1708

01:10:30,950 --> 01:10:29,760

this happen and so I realize there are

1709

01:10:32,450 --> 01:10:30,960

people that are frustrated but they're

1710

01:10:34,729 --> 01:10:32,460

not they're not paying attention at this

1711

01:10:35,930 --> 01:10:34,739

level I I why should they I'm paying

1712

01:10:37,850 --> 01:10:35,940

attention for them and I've got

1713

01:10:41,570 --> 01:10:37,860

colleagues doing the same thing and so

1714

01:10:43,550 --> 01:10:41,580

look relax chill it's happening right

1715

01:10:45,290 --> 01:10:43,560

and and and the one thing I tell people

1716

01:10:47,930 --> 01:10:45,300

to say okay what can I do what can I do

1717

01:10:49,250 --> 01:10:47,940

simple right you don't have to you don't

1718

01:10:51,229 --> 01:10:49,260

have to form a whole new group or

1719

01:10:53,330 --> 01:10:51,239

whatever go and write a book

1720

01:10:55,970 --> 01:10:53,340

go on Twitter and particularly Twitter

1721

01:10:57,950 --> 01:10:55,980

and start firing off praise to every

1722

01:11:00,709 --> 01:10:57,960

single person doing the right thing okay

1723

01:11:02,330 --> 01:11:00,719

fire off Twitter and almost all of them

1724

01:11:05,209 --> 01:11:02,340

are on on Twitter everybody's on Twitter

1725

01:11:07,669 --> 01:11:05,219

right fire off praise to Adam you know

1726

01:11:11,030 --> 01:11:07,679

not to to uh Mark Warner and Mark Rubio

1727

01:11:13,669 --> 01:11:11,040

to Burchette and griego right to

1728

01:11:15,709 --> 01:11:13,679

Gallagher Carson right fire off praise

1729

01:11:16,729 --> 01:11:15,719

to to uh Tucker Carlson and any of the

1730

01:11:19,010 --> 01:11:16,739

journalists that are writing good

1731

01:11:21,169 --> 01:11:19,020

articles send them tweets saying we

1732

01:11:22,790 --> 01:11:21,179

really like what you're doing

1733

01:11:24,590 --> 01:11:22,800

and this is something that has been

1734

01:11:27,290 --> 01:11:24,600

absent because of the frustration and

1735

01:11:29,090 --> 01:11:27,300

anger over this issue it is 10 times

1736

01:11:31,130 --> 01:11:29,100

easier to get people to move forward

1737

01:11:32,990 --> 01:11:31,140

when you praise them than when you tell

1738

01:11:36,050 --> 01:11:33,000

them what an [h\_\_h] there are they are

1739

01:11:37,910 --> 01:11:36,060

and it's been mostly the latter now we

1740

01:11:39,830 --> 01:11:37,920

need to go to the former and now we have

1741

01:11:41,689 --> 01:11:39,840

a basis to do it look at all this good

1742

01:11:44,090 --> 01:11:41,699

stuff they're doing right and so I'm

1743

01:11:46,189 --> 01:11:44,100

telling people look go on Twitter and

1744

01:11:48,890 --> 01:11:46,199

praise the hell out of them because you

1745

01:11:51,110 --> 01:11:48,900

know when people get praised and you

1746

01:11:52,970 --> 01:11:51,120

know this in your life they love to tell

1747

01:11:55,130 --> 01:11:52,980

other people about it oh I got this

1748

01:11:56,750 --> 01:11:55,140

fantastic tweet oh man I heard this from

1749

01:11:58,729 --> 01:11:56,760

my supporter but when they're when

1750

01:12:01,490 --> 01:11:58,739

they're told you know how awful they are

1751

01:12:03,890 --> 01:12:01,500

they don't share that and so praise

1752

01:12:05,510 --> 01:12:03,900

means virality you've got all these

1753

01:12:07,729 --> 01:12:05,520

people telling other members of Congress

1754

01:12:10,010 --> 01:12:07,739

and others inside the dod and elsewhere

1755

01:12:11,930 --> 01:12:10,020

boy the people love this I got this

1756

01:12:14,750 --> 01:12:11,940

wonderful tweet you see what I'm talking

1757

01:12:17,630 --> 01:12:14,760

about new words praise them to Victory

1758

01:12:19,910 --> 01:12:17,640

and be graceful in Victory I don't want

1759

01:12:22,189 --> 01:12:19,920

to hear a bunch of I Told You So I want

1760

01:12:24,110 --> 01:12:22,199

to hear nothing but but Grace from

1761

01:12:26,090 --> 01:12:24,120

people because we're winning and let's

1762

01:12:28,189 --> 01:12:26,100

win well the only thing worse than a bad

1763

01:12:29,510 --> 01:12:28,199

loser is a bad winner and I played

1764

01:12:31,910 --> 01:12:29,520

enough tennis to know what a bad winner

1765

01:12:34,490 --> 01:12:31,920

was like oh they're awful we don't want

1766

01:12:36,470 --> 01:12:34,500

to be bad winners I'm preaching now

1767

01:12:38,090 --> 01:12:36,480

forgive me how do you get back over to

1768

01:12:39,770 --> 01:12:38,100

my house for another dinner talk about

1769

01:12:41,890 --> 01:12:39,780

my cooking that's all you got to do

1770

01:12:45,709 --> 01:12:41,900

Steve and uh

1771

01:12:47,090 --> 01:12:45,719

well well now you tell me I've talked

1772

01:12:49,070 --> 01:12:47,100

about your guitar playing I'm talking

1773

01:12:50,689 --> 01:12:49,080

about your your production days I've

1774

01:12:52,729 --> 01:12:50,699

talked about your personality I mean my

1775

01:12:54,649 --> 01:12:52,739

God but okay yeah I didn't know the

1776

01:12:56,390 --> 01:12:54,659

cooking was that big a thing for you but

1777

01:12:59,149 --> 01:12:56,400

I will say that was a great meal that

1778

01:13:01,990 --> 01:12:59,159

you provided let's go there it's the way

1779

01:13:06,229 --> 01:13:02,000

to my heart okay

1780

01:13:07,669 --> 01:13:06,239

in uh the the UAP report now again

1781

01:13:09,590 --> 01:13:07,679

you'll notice I'm picking out things

1782

01:13:11,330 --> 01:13:09,600

that most people wouldn't have seized on

1783

01:13:14,030 --> 01:13:11,340

well that's what we report there's this

1784

01:13:17,030 --> 01:13:14,040

this moment which I kind of like

1785

01:13:19,490 --> 01:13:17,040

it's about flight safety concerns right

1786

01:13:21,470 --> 01:13:19,500

and so they they go flight safety

1787

01:13:23,510 --> 01:13:21,480

concerns and health implications UAP and

1788

01:13:25,550 --> 01:13:23,520

I'll get to that's important thing pose

1789

01:13:27,229 --> 01:13:25,560

a safety of flight and collision Hazard

1790

01:13:29,209 --> 01:13:27,239

to air assets

1791

01:13:31,370 --> 01:13:29,219

now you know that these are the kinds of

1792

01:13:33,470 --> 01:13:31,380

issues that make it comfortable for

1793

01:13:35,689 --> 01:13:33,480

legislation to go forward and hearings

1794

01:13:37,910 --> 01:13:35,699

to be held I get it okay

1795

01:13:40,250 --> 01:13:37,920

potentially requiring aircraft operators

1796

01:13:41,930 --> 01:13:40,260

to adjust flight patterns in response to

1797

01:13:44,030 --> 01:13:41,940

their unauthorized presence in their

1798

01:13:46,250 --> 01:13:44,040

space operating outside of air traffic

1799

01:13:48,290 --> 01:13:46,260

control standards and instruction

1800

01:13:50,330 --> 01:13:48,300

and then it says this

1801  
01:13:52,669 --> 01:13:50,340  
to date

1802  
01:13:56,030 --> 01:13:52,679  
there have been no reported collisions

1803  
01:13:59,630 --> 01:13:56,040  
between U.S aircraft and UAP why did

1804  
01:14:02,870 --> 01:13:59,640  
they have to that that stood out for me

1805  
01:14:05,750 --> 01:14:02,880  
um why why have that in the report

1806  
01:14:08,330 --> 01:14:05,760  
because it's true right and not only

1807  
01:14:09,950 --> 01:14:08,340  
that they don't specify a time frame so

1808  
01:14:13,669 --> 01:14:09,960  
I'm assuming this goes back all the way

1809  
01:14:15,290 --> 01:14:13,679  
to 1945 all right so since 1945 there

1810  
01:14:17,930 --> 01:14:15,300  
have been no reported collisions between

1811  
01:14:20,330 --> 01:14:17,940  
U.S aircraft and UAP and then the very

1812  
01:14:22,310 --> 01:14:20,340  
next paragraph starts with this UAP

1813  
01:14:24,709 --> 01:14:22,320

continue to represent a hazard to flight

1814

01:14:27,050 --> 01:14:24,719

safety and pose a possible adversary

1815

01:14:28,610 --> 01:14:27,060

collection threat now that I get that

1816

01:14:30,709 --> 01:14:28,620

okay adversary collections there put

1817

01:14:32,930 --> 01:14:30,719

that aside since the publication of the

1818

01:14:35,570 --> 01:14:32,940

odni preliminary assessment in June of

1819

01:14:37,610 --> 01:14:35,580

2021 UAP reporting has increased

1820

01:14:40,970 --> 01:14:37,620

partially due to a concentrated effort

1821

01:14:42,770 --> 01:14:40,980

to destigmatize the topic of UAP very

1822

01:14:45,229 --> 01:14:42,780

important statement and instead

1823

01:14:47,870 --> 01:14:45,239

recognize the potential risk that it

1824

01:14:51,770 --> 01:14:47,880

poses as both a safety and flight Hazard

1825

01:14:53,570 --> 01:14:51,780

potential adversarial activity again

1826

01:14:55,370 --> 01:14:53,580

remember what I said at the beginning of

1827

01:14:57,649 --> 01:14:55,380

this show you've got to always remind

1828

01:14:59,570 --> 01:14:57,659

yourself they've known for 70 years okay

1829

01:15:01,850 --> 01:14:59,580

so what's going on here okay here's what

1830

01:15:03,649 --> 01:15:01,860

they're they're doing

1831

01:15:05,149 --> 01:15:03,659

they're trying to be truthful there's

1832

01:15:07,370 --> 01:15:05,159

never actually been a collision with the

1833

01:15:09,530 --> 01:15:07,380

UAP okay because apparently they're damn

1834

01:15:11,570 --> 01:15:09,540

Nimble these UAP all right it's really

1835

01:15:15,649 --> 01:15:11,580

hard to crash into them very hard but

1836

01:15:17,570 --> 01:15:15,659

nevertheless this Potential Threat is is

1837

01:15:19,729 --> 01:15:17,580

helpful so we need to emphasize we need

1838

01:15:21,709 --> 01:15:19,739

to mention it because you know we want

1839

01:15:23,330 --> 01:15:21,719

the politicians need a safe reason to

1840

01:15:24,590 --> 01:15:23,340

get into this and not be embarrassed so

1841

01:15:27,410 --> 01:15:24,600

we're going to keep putting that out

1842

01:15:30,470 --> 01:15:27,420

there okay and then

1843

01:15:32,149 --> 01:15:30,480

they talk about the increased in

1844

01:15:34,310 --> 01:15:32,159

reporting activity and they say it's

1845

01:15:37,250 --> 01:15:34,320

partially due to concentrated effort to

1846

01:15:39,290 --> 01:15:37,260

destigmatize the topic that's kind of

1847

01:15:42,189 --> 01:15:39,300

odd that's not the reason there's been

1848

01:15:45,050 --> 01:15:42,199

an increase but uh this idea of

1849

01:15:47,630 --> 01:15:45,060

detigmatize uh is important

1850

01:15:51,050 --> 01:15:47,640

one of the chief functions of this

1851  
01:15:52,669 --> 01:15:51,060  
entire process is to do what you and I

1852  
01:15:55,630 --> 01:15:52,679  
and all of our colleagues have been

1853  
01:15:58,669 --> 01:15:55,640  
trying to do for years is

1854  
01:16:01,070 --> 01:15:58,679  
de-stigmatize the issue because the

1855  
01:16:03,709 --> 01:16:01,080  
stigma on the issue supported by all

1856  
01:16:05,930 --> 01:16:03,719  
those wonderful debunkers that we're so

1857  
01:16:08,149 --> 01:16:05,940  
fond of most of which are dead now that

1858  
01:16:10,669 --> 01:16:08,159  
you know just went out there to Heap the

1859  
01:16:13,070 --> 01:16:10,679  
ridicule and so forth and undermined it

1860  
01:16:16,189 --> 01:16:13,080  
has been one of the chief components of

1861  
01:16:18,890 --> 01:16:16,199  
the truth embargo right the stigma the

1862  
01:16:21,110 --> 01:16:18,900  
stink the stain whatever has helped to

1863  
01:16:23,209 --> 01:16:21,120

keep this under control for years

1864

01:16:25,970 --> 01:16:23,219

they're literally saying we're trying to

1865

01:16:27,530 --> 01:16:25,980

destigmatize it God bless them one of

1866

01:16:29,570 --> 01:16:27,540

the reasons that people in this field

1867

01:16:32,390 --> 01:16:29,580

because it started in this field the

1868

01:16:35,149 --> 01:16:32,400

government did not do this people our

1869

01:16:37,790 --> 01:16:35,159

colleagues including me have worked to

1870

01:16:40,790 --> 01:16:37,800

try to get UFO changed to UAP why

1871

01:16:43,550 --> 01:16:40,800

because they mean the same thing is that

1872

01:16:46,610 --> 01:16:43,560

UFOs got tons of stigma attached to it

1873

01:16:48,830 --> 01:16:46,620

and UAP doesn't and so absent the stigma

1874

01:16:50,390 --> 01:16:48,840

you got your your academics and your

1875

01:16:52,850 --> 01:16:50,400

politicians and your members of Congress

1876

01:16:55,370 --> 01:16:52,860

and so forth are able to say UAP without

1877

01:16:58,610 --> 01:16:55,380

the stigma it seems like a small thing

1878

01:17:00,590 --> 01:16:58,620

doesn't it it's not small at all if you

1879

01:17:02,270 --> 01:17:00,600

go through all of the reports and all of

1880

01:17:05,689 --> 01:17:02,280

the bills I have word searched them the

1881

01:17:09,229 --> 01:17:05,699

UFO is not in there anywhere nowhere

1882

01:17:10,970 --> 01:17:09,239

okay that is not trivial and so they're

1883

01:17:12,350 --> 01:17:10,980

destigmatizing what does that mean well

1884

01:17:13,970 --> 01:17:12,360

what they're trying to say is that

1885

01:17:15,709 --> 01:17:13,980

because there's less stigma people are

1886

01:17:18,290 --> 01:17:15,719

willing to report it more

1887

01:17:20,090 --> 01:17:18,300

yeah that's probably true well you said

1888

01:17:22,490 --> 01:17:20,100

that that wasn't the case uh that wasn't

1889

01:17:24,290 --> 01:17:22,500

the reason well I mean the reason the

1890

01:17:27,169 --> 01:17:24,300

fundamental reason that reports are

1891

01:17:30,229 --> 01:17:27,179

coming forward is because the the lid is

1892

01:17:32,689 --> 01:17:30,239

off uh it's out in the open the the bar

1893

01:17:34,550 --> 01:17:32,699

has come down there and also maybe more

1894

01:17:37,790 --> 01:17:34,560

ET activity

1895

01:17:39,649 --> 01:17:37,800

um and uh so in a way I guess you could

1896

01:17:43,130 --> 01:17:39,659

but it's not so much that the government

1897

01:17:45,229 --> 01:17:43,140

has successfully destigmatized this uh

1898

01:17:46,850 --> 01:17:45,239

the process is moving forward in such a

1899

01:17:49,130 --> 01:17:46,860

way that clearly people are more willing

1900

01:17:50,990 --> 01:17:49,140

to come forward but where this may apply

1901

01:17:52,850 --> 01:17:51,000

and this is something that people are

1902

01:17:55,430 --> 01:17:52,860

missing some people are missing

1903

01:17:57,050 --> 01:17:55,440

all of this stuff about reports that are

1904

01:18:00,169 --> 01:17:57,060

turning up in the legislation and in the

1905

01:18:02,330 --> 01:18:00,179

report they get from odni is not about

1906

01:18:03,530 --> 01:18:02,340

all the reports coming in around the

1907

01:18:05,510 --> 01:18:03,540

country

1908

01:18:08,149 --> 01:18:05,520

to move on and new fork and all that

1909

01:18:09,890 --> 01:18:08,159

other stuff this is only about reports

1910

01:18:12,830 --> 01:18:09,900

coming in through the system

1911

01:18:14,689 --> 01:18:12,840

from people within the government okay

1912

01:18:16,970 --> 01:18:14,699

the stuff that's going to move on it's

1913

01:18:19,370 --> 01:18:16,980

not included here all right and so

1914

01:18:21,290 --> 01:18:19,380

they're far they're far far more than

1915

01:18:23,350 --> 01:18:21,300

400 reports that have turned in one way

1916

01:18:26,450 --> 01:18:23,360

or another media new

1917

01:18:28,729 --> 01:18:26,460

fork and and move on they're just

1918

01:18:30,709 --> 01:18:28,739

talking about the ones that come in from

1919

01:18:32,290 --> 01:18:30,719

the system from within the military

1920

01:18:35,630 --> 01:18:32,300

intelligence and government Community

1921

01:18:38,390 --> 01:18:35,640

now that's important because and I I

1922

01:18:41,030 --> 01:18:38,400

mean no disrespect but

1923

01:18:42,530 --> 01:18:41,040

you take the quality of 400 reports that

1924

01:18:45,410 --> 01:18:42,540

just turned in by the Republic to

1925

01:18:47,030 --> 01:18:45,420

various uh UAP organizations and then

1926

01:18:48,229 --> 01:18:47,040

you compare that to the quality of

1927

01:18:50,510 --> 01:18:48,239

reports that are coming in from people

1928

01:18:51,590 --> 01:18:50,520

within the military Air Force and what

1929

01:18:54,410 --> 01:18:51,600

have you

1930

01:18:56,930 --> 01:18:54,420

the latter is far higher quality

1931

01:18:59,209 --> 01:18:56,940

obviously okay these are far more

1932

01:19:01,130 --> 01:18:59,219

significant reports and that's where

1933

01:19:04,030 --> 01:19:01,140

they're focusing all right so that's

1934

01:19:07,970 --> 01:19:04,040

your sensor data and and and and and and

1935

01:19:10,790 --> 01:19:07,980

video footage and as well as you know

1936

01:19:14,030 --> 01:19:10,800

professional eyewitness uh accounts you

1937

01:19:15,470 --> 01:19:14,040

know from uh uh the military I I get

1938

01:19:18,050 --> 01:19:15,480

that part of it you're right it's

1939

01:19:21,590 --> 01:19:18,060

completely solid but there is so much

1940

01:19:24,410 --> 01:19:21,600

more like uh let's go with just eyeballs

1941

01:19:25,550 --> 01:19:24,420

from a commercial pilot no no I'm not

1942

01:19:28,310 --> 01:19:25,560

saying that those reports I'm just

1943

01:19:30,890 --> 01:19:28,320

saying any any group of 400. Steve this

1944

01:19:33,110 --> 01:19:30,900

is a more powerful group and and and and

1945

01:19:34,910 --> 01:19:33,120

I think when you're talking about Steve

1946

01:19:36,189 --> 01:19:34,920

Steve I'm sorry I'm sorry I'm sorry I'm

1947

01:19:39,470 --> 01:19:36,199

sorry

1948

01:19:42,649 --> 01:19:39,480

I was just uh at JFK

1949

01:19:46,070 --> 01:19:42,659

that's just there yeah and uh like

1950

01:19:48,229 --> 01:19:46,080

recently recently I was at JFK and uh

1951

01:19:50,870 --> 01:19:48,239

there were four Pilots

1952

01:19:52,790 --> 01:19:50,880

standing there in uniform and I just

1953

01:19:54,470 --> 01:19:52,800

stroll right up hey man you guys thanks

1954

01:19:57,649 --> 01:19:54,480

man thanks yeah yeah great great great

1955

01:19:59,270 --> 01:19:57,659

great I said hey I just just a question

1956

01:20:02,209 --> 01:19:59,280

uh really quick

1957

01:20:03,890 --> 01:20:02,219

um you guys ever see a UFO

1958

01:20:05,870 --> 01:20:03,900

and

1959

01:20:08,890 --> 01:20:05,880

yeah I'm gonna go right to left because

1960

01:20:12,649 --> 01:20:08,900

that's the way it was like no

1961

01:20:17,450 --> 01:20:12,659

no and then these two looked at each

1962

01:20:18,550 --> 01:20:17,460

other right and then turn to me and said

1963

01:20:34,250 --> 01:20:18,560

no

1964

01:20:36,830 --> 01:20:34,260

um right in a row and so the stigma and

1965

01:20:39,890 --> 01:20:36,840

I think that it is slowly changing but

1966

01:20:42,110 --> 01:20:39,900

this was just a random you know just a

1967

01:20:44,030 --> 01:20:42,120

random sample right to be able to go up

1968

01:20:46,490 --> 01:20:44,040

to four professional Pilots like that

1969

01:20:48,410 --> 01:20:46,500

and just hit him really quick in in a

1970

01:20:50,330 --> 01:20:48,420

very smooth and nice way I wasn't

1971

01:20:51,530 --> 01:20:50,340

offensive at all did they know who you

1972

01:20:53,630 --> 01:20:51,540

were

1973

01:20:56,149 --> 01:20:53,640

um I'm not going to get into that on

1974

01:20:57,649 --> 01:20:56,159

this show I'll talk to uh that's all

1975

01:21:01,610 --> 01:20:57,659

right that's all right that's off the

1976

01:21:05,330 --> 01:21:01,620

air but but yeah and so is it going to

1977

01:21:09,290 --> 01:21:05,340

be the same way with this whistleblower

1978

01:21:12,649 --> 01:21:09,300

part in in the ndaa uh Private Industry

1979

01:21:14,570 --> 01:21:12,659

is one thing but will Pilots start to

1980

01:21:15,950 --> 01:21:14,580

take that serious and especially with

1981

01:21:17,450 --> 01:21:15,960

the Air Force

1982

01:21:18,470 --> 01:21:17,460

I'm glad this is a three-hour show

1983

01:21:20,090 --> 01:21:18,480

because actually I'm going to be getting

1984

01:21:22,550 --> 01:21:20,100

into that too this very important area

1985

01:21:25,610 --> 01:21:22,560

it's a two-hour show good hour show oh

1986

01:21:28,430 --> 01:21:25,620

my God okay whoa uh caught me by

1987

01:21:31,370 --> 01:21:28,440

surprise there look uh there is there

1988

01:21:33,350 --> 01:21:31,380

there's stigma which has been a critical

1989

01:21:34,910 --> 01:21:33,360

part of the truth embargo and then

1990

01:21:36,950 --> 01:21:34,920

there's self-interest

1991

01:21:38,570 --> 01:21:36,960

and they're not quite the same thing no

1992

01:21:39,530 --> 01:21:38,580

they're not

1993

01:21:41,810 --> 01:21:39,540

um

1994

01:21:43,310 --> 01:21:41,820

a lot of the you know if I if I

1995

01:21:44,689 --> 01:21:43,320

didn't know you and I was a pilot or I

1996

01:21:46,430 --> 01:21:44,699

thought you were in any way a celebrity

1997

01:21:49,130 --> 01:21:46,440

or journalist or something I'm going to

1998

01:21:51,770 --> 01:21:49,140

say no in other words uh

1999

01:21:53,630 --> 01:21:51,780

I'm not going to discuss this issue or

2000

01:21:55,850 --> 01:21:53,640

say anything that could jeopardize my

2001

01:21:57,950 --> 01:21:55,860

work situation that's that's so critical

2002

01:21:59,510 --> 01:21:57,960

to my life and so it's not a matter of

2003

01:22:01,970 --> 01:21:59,520

stigma it's about a simple logic and

2004

01:22:03,470 --> 01:22:01,980

self-preservation and self-interest so

2005

01:22:07,010 --> 01:22:03,480

both of these things have been operating

2006

01:22:10,370 --> 01:22:07,020

throughout the truth embargo but uh the

2007

01:22:11,930 --> 01:22:10,380

point that I'm making uh is this that

2008

01:22:13,910 --> 01:22:11,940

when when you read these reports

2009

01:22:16,189 --> 01:22:13,920

understand that almost everything

2010

01:22:18,470 --> 01:22:16,199

is involving reports coming within

2011

01:22:20,630 --> 01:22:18,480

government sources from from our

2012

01:22:22,729 --> 01:22:20,640

services and so forth uh high-level

2013

01:22:24,290 --> 01:22:22,739

people and that there's a lot of rules

2014

01:22:25,550 --> 01:22:24,300

about how this is being done a lot of

2015

01:22:26,570 --> 01:22:25,560

people don't understand the rules that

2016

01:22:28,130 --> 01:22:26,580

are being set up and I'm going to get

2017

01:22:29,090 --> 01:22:28,140

into that

2018

01:22:32,030 --> 01:22:29,100

um

2019

01:22:34,669 --> 01:22:32,040

and so 400 reports

2020

01:22:36,590 --> 01:22:34,679

with a hundred not uh say a hundred not

2021

01:22:38,510 --> 01:22:36,600

accounted for is that's a one very

2022

01:22:40,729 --> 01:22:38,520

significant hundred okay that is a very

2023

01:22:42,830 --> 01:22:40,739

profound Hunter but again

2024

01:22:45,050 --> 01:22:42,840

that's that's all part of the process

2025

01:22:47,810 --> 01:22:45,060

all right it doesn't matter whether it's

2026

01:22:49,430 --> 01:22:47,820

20 that aren't accounted for or 200 the

2027

01:22:52,010 --> 01:22:49,440

government already knows they're here

2028

01:22:53,689 --> 01:22:52,020

but they are following the process and

2029

01:22:55,910 --> 01:22:53,699

they're trying to tell the truth if we

2030

01:22:59,750 --> 01:22:55,920

got 400 we think 300 were counted for

2031

01:23:01,850 --> 01:22:59,760

100 or not fine that's so good now

2032

01:23:03,470 --> 01:23:01,860

the point I was making here though is

2033

01:23:05,390 --> 01:23:03,480

because

2034

01:23:07,669 --> 01:23:05,400

we're referring to reports coming from

2035

01:23:09,830 --> 01:23:07,679

government sources

2036

01:23:13,090 --> 01:23:09,840

the stigma issue is a little more

2037

01:23:15,830 --> 01:23:13,100

important meaning

2038

01:23:16,910 --> 01:23:15,840

any any de-stigmatization is going to

2039

01:23:18,470 --> 01:23:16,920

make it a little easier for somebody

2040

01:23:20,750 --> 01:23:18,480

working within government to step

2041

01:23:22,729 --> 01:23:20,760

forward with a fully legitimate

2042

01:23:24,830 --> 01:23:22,739

statement that is not breaking any ndas

2043

01:23:26,090 --> 01:23:24,840

so I I'm going to go along with that

2044

01:23:28,070 --> 01:23:26,100

the only other thing I want to mention

2045

01:23:30,649 --> 01:23:28,080

about the report before I move on is

2046

01:23:33,709 --> 01:23:30,659

this came up in the appendix

2047

01:23:35,450 --> 01:23:33,719

and in the appendix a it mentions that

2048

01:23:37,310 --> 01:23:35,460

an assessment of any health related

2049

01:23:39,470 --> 01:23:37,320

effects for individuals that have

2050

01:23:40,910 --> 01:23:39,480

encountered unidentified Arrow phenomena

2051  
01:23:42,890 --> 01:23:40,920  
means referring to that section they

2052  
01:23:44,990 --> 01:23:42,900  
would address that all right very

2053  
01:23:46,930 --> 01:23:45,000  
significant why

2054  
01:23:50,750 --> 01:23:46,940  
big deal

2055  
01:23:52,010 --> 01:23:50,760  
me

2056  
01:23:54,770 --> 01:23:52,020  
you know

2057  
01:23:56,209 --> 01:23:54,780  
if you're seeing a lightness guy 10

2058  
01:23:58,490 --> 01:23:56,219  
miles away

2059  
01:24:00,110 --> 01:23:58,500  
not much chance of Health effect

2060  
01:24:02,330 --> 01:24:00,120  
okay I don't think health effects are

2061  
01:24:04,010 --> 01:24:02,340  
coming into play there you're probably

2062  
01:24:05,689 --> 01:24:04,020  
going to have health effects if you get

2063  
01:24:08,750 --> 01:24:05,699

really close

2064

01:24:10,010 --> 01:24:08,760

to a craft okay and so but they're

2065

01:24:11,090 --> 01:24:10,020

acknowledging is that there's some

2066

01:24:12,770 --> 01:24:11,100

people that must have gotten pretty

2067

01:24:15,590 --> 01:24:12,780

close to those craft and they had health

2068

01:24:19,610 --> 01:24:15,600

effects and so that without saying it

2069

01:24:22,729 --> 01:24:19,620

specifically did you as angry as as I

2070

01:24:26,750 --> 01:24:22,739

was for them to have that in the odni

2071

01:24:28,910 --> 01:24:26,760

report that oh no it's nobody got sick

2072

01:24:32,390 --> 01:24:28,920

no health issues to report here nothing

2073

01:24:36,709 --> 01:24:32,400

to see let's move on but yet it is

2074

01:24:40,910 --> 01:24:36,719

specifically addressed in the ndaa that

2075

01:24:44,630 --> 01:24:40,920

this is a concern and health and and and

2076

01:24:47,330 --> 01:24:44,640

contact with uaps is a concern and

2077

01:24:50,870 --> 01:24:47,340

anybody that has been affected

2078

01:24:53,149 --> 01:24:50,880

needs to have their health taken care of

2079

01:24:54,410 --> 01:24:53,159

and here's how here's how I avoid being

2080

01:24:57,350 --> 01:24:54,420

angry about that there's two different

2081

01:25:00,169 --> 01:24:57,360

things one is the legislation which is

2082

01:25:01,970 --> 01:25:00,179

buried in that act right okay and all

2083

01:25:03,950 --> 01:25:01,980

that funky language and everything that

2084

01:25:04,910 --> 01:25:03,960

it is saying here is what needs to be

2085

01:25:08,090 --> 01:25:04,920

done

2086

01:25:11,689 --> 01:25:08,100

the other is the report coming back to

2087

01:25:13,850 --> 01:25:11,699

Arrow from the entities giving them an

2088

01:25:15,830 --> 01:25:13,860

update of what's going on they're really

2089

01:25:17,390 --> 01:25:15,840

two different things it's much more

2090

01:25:19,430 --> 01:25:17,400

important that the health effect issue

2091

01:25:21,410 --> 01:25:19,440

be brought up in the legislation

2092

01:25:24,350 --> 01:25:21,420

it's less important that the ODI

2093

01:25:26,870 --> 01:25:24,360

mentioned in a report unless uh they

2094

01:25:28,550 --> 01:25:26,880

they one of the entities uh did some

2095

01:25:29,990 --> 01:25:28,560

serious investigation and found three

2096

01:25:31,610 --> 01:25:30,000

cases they might mention that in a

2097

01:25:33,590 --> 01:25:31,620

future report so I'm not too too upset

2098

01:25:35,990 --> 01:25:33,600

about that and the other thing that was

2099

01:25:38,870 --> 01:25:36,000

in the in the appendix as we finish up

2100

01:25:41,510 --> 01:25:38,880

with the NDA it was an appendix C that

2101  
01:25:44,810 --> 01:25:41,520  
was covered and this was I noted this

2102  
01:25:47,030 --> 01:25:44,820  
it says transmit this is this section in

2103  
01:25:50,030 --> 01:25:47,040  
the appendix covers transmedium objects

2104  
01:25:51,410 --> 01:25:50,040  
or devices objects are what innocent

2105  
01:25:53,930 --> 01:25:51,420  
definition it's this is the definition

2106  
01:25:55,970 --> 01:25:53,940  
section what are transmedium objects or

2107  
01:25:58,610 --> 01:25:55,980  
devices objects are devices that are

2108  
01:25:59,930 --> 01:25:58,620  
observed to transition between space and

2109  
01:26:03,229 --> 01:25:59,940  
the atmosphere

2110  
01:26:06,649 --> 01:26:03,239  
water

2111  
01:26:10,070 --> 01:26:06,659  
that are not immediately identifiable

2112  
01:26:12,050 --> 01:26:10,080  
now this is important because the moment

2113  
01:26:14,510 --> 01:26:12,060

you go and acknowledge that there are

2114

01:26:17,209 --> 01:26:14,520

transmitting a median medium events

2115

01:26:21,110 --> 01:26:17,219

taking place you've just eliminated a

2116

01:26:23,750 --> 01:26:21,120

huge swath of other explanations okay

2117

01:26:25,910 --> 01:26:23,760

for instance birds are out in terms of

2118

01:26:27,410 --> 01:26:25,920

the space to air thing balloons are out

2119

01:26:30,470 --> 01:26:27,420

with respect to the air to space space

2120

01:26:33,530 --> 01:26:30,480

to air thing and when you go water uh to

2121

01:26:35,750 --> 01:26:33,540

uh air to water watering out that limit

2122

01:26:38,390 --> 01:26:35,760

so this is this is acknowledging that

2123

01:26:41,270 --> 01:26:38,400

one of the most significant pieces of

2124

01:26:43,910 --> 01:26:41,280

evidence we have are sightings of Trends

2125

01:26:45,590 --> 01:26:43,920

medium events so again

2126  
01:26:47,330 --> 01:26:45,600  
they're not making a big deal out of it

2127  
01:26:49,610 --> 01:26:47,340  
but they're putting it out there they're

2128  
01:26:52,370 --> 01:26:49,620  
saying yeah we're aware of that too this

2129  
01:26:54,709 --> 01:26:52,380  
is all part of doing the right thing all

2130  
01:26:56,870 --> 01:26:54,719  
right so when I read that I'm pleased

2131  
01:26:58,370 --> 01:26:56,880  
others will go well tell us about the

2132  
01:27:00,530 --> 01:26:58,380  
trans medium events that's post

2133  
01:27:01,910 --> 01:27:00,540  
disclosure now since we're running I'm

2134  
01:27:04,729 --> 01:27:01,920  
moving along now

2135  
01:27:07,430 --> 01:27:04,739  
I'm gonna go I'm going into the uh the

2136  
01:27:11,169 --> 01:27:07,440  
FY 20. by the way that was mostly the

2137  
01:27:14,750 --> 01:27:11,179  
appendix in the report not the uh ndaa

2138  
01:27:17,689 --> 01:27:14,760

no let's still go to the ndaa yet I want

2139

01:27:20,530 --> 01:27:17,699

to specifically go back to the 171

2140

01:27:25,430 --> 01:27:20,540

number uh that was there in the report

2141

01:27:28,189 --> 01:27:25,440

and and and in that section where I

2142

01:27:31,550 --> 01:27:28,199

don't have it in front of me but there

2143

01:27:35,110 --> 01:27:31,560

was a very important sentence there that

2144

01:27:37,250 --> 01:27:35,120

said some of these uaps exhibit

2145

01:27:40,370 --> 01:27:37,260

extraordinary right it's like

2146

01:27:43,570 --> 01:27:40,380

characteristics right uh uh propulsion

2147

01:27:46,669 --> 01:27:43,580

systems and that

2148

01:27:50,870 --> 01:27:46,679

obviously that that requires further

2149

01:27:53,990 --> 01:27:50,880

attention but does that does that set

2150

01:27:56,090 --> 01:27:54,000

off an alarm Bell uh for the rest of the

2151  
01:27:58,010 --> 01:27:56,100  
world going wait a minute so it's not

2152  
01:28:00,229 --> 01:27:58,020  
trash bags right it's not weather

2153  
01:28:02,510 --> 01:28:00,239  
balloons we know that it's not Chinese

2154  
01:28:05,209 --> 01:28:02,520  
drones we're talking about something

2155  
01:28:08,750 --> 01:28:05,219  
that pilots and you know military

2156  
01:28:10,729 --> 01:28:08,760  
Witnesses are going it was nuts man you

2157  
01:28:14,030 --> 01:28:10,739  
should have seen this thing you know

2158  
01:28:17,209 --> 01:28:14,040  
because that's what would constitute a

2159  
01:28:19,370 --> 01:28:17,219  
sentence like that well again the thing

2160  
01:28:21,530 --> 01:28:19,380  
is you know the alarm Bells is I'm not

2161  
01:28:23,450 --> 01:28:21,540  
you know not alarm Bells because the

2162  
01:28:25,129 --> 01:28:23,460  
public has been polled on this issue for

2163  
01:28:26,510 --> 01:28:25,139

decades I mean it's been dozens and

2164

01:28:28,790 --> 01:28:26,520

dozens of polls I've got a bunch of them

2165

01:28:30,530 --> 01:28:28,800

listed the public has been on this for a

2166

01:28:32,330 --> 01:28:30,540

long long time so the idea of something

2167

01:28:37,250 --> 01:28:32,340

traveling incredibly fast which would be

2168

01:28:38,870 --> 01:28:37,260

extraordinary uh uh uh uh evidence they

2169

01:28:40,970 --> 01:28:38,880

know that they know that's been in play

2170

01:28:43,729 --> 01:28:40,980

for a long time so that's not scary they

2171

01:28:45,110 --> 01:28:43,739

go very fast uh what but you say okay

2172

01:28:47,990 --> 01:28:45,120

but they're mentioning it aren't they

2173

01:28:51,110 --> 01:28:48,000

all right look basically if something

2174

01:28:53,570 --> 01:28:51,120

something solid flies by at 15 000 miles

2175

01:28:55,550 --> 01:28:53,580

in the atmosphere it's not human humans

2176

01:28:58,250 --> 01:28:55,560

didn't make it Case Closed over all

2177

01:29:00,890 --> 01:28:58,260

right but we can't do that we can't

2178

01:29:02,990 --> 01:29:00,900

close the case yet we've got to go

2179

01:29:04,850 --> 01:29:03,000

through this process leading to the

2180

01:29:07,310 --> 01:29:04,860

disclosure event which confirms that

2181

01:29:10,189 --> 01:29:07,320

it's extra trust then we move on to get

2182

01:29:11,390 --> 01:29:10,199

into the details so these things are

2183

01:29:12,950 --> 01:29:11,400

going to come up and people are saying

2184

01:29:14,450 --> 01:29:12,960

well if you said that why didn't you

2185

01:29:15,890 --> 01:29:14,460

follow it up and they're they're missing

2186

01:29:18,169 --> 01:29:15,900

my key point

2187

01:29:20,750 --> 01:29:18,179

the reason they're saying it

2188

01:29:22,729 --> 01:29:20,760

is because this this they have to go

2189

01:29:24,950 --> 01:29:22,739

through it this way and conduct it this

2190

01:29:27,590 --> 01:29:24,960

way to get to where they need to go

2191

01:29:29,930 --> 01:29:27,600

which is the disclosure event

2192

01:29:32,090 --> 01:29:29,940

the confirmation is what opens the door

2193

01:29:34,850 --> 01:29:32,100

to everything else and so they are

2194

01:29:37,129 --> 01:29:34,860

they're always going to hold stay within

2195

01:29:39,890 --> 01:29:37,139

certain boundaries they'll go so far

2196

01:29:42,830 --> 01:29:39,900

they are trying very hard not to

2197

01:29:47,930 --> 01:29:42,840

specifically lie in other words not to

2198

01:29:49,250 --> 01:29:47,940

outright lie uh but to to be relatively

2199

01:29:51,110 --> 01:29:49,260

um

2200

01:29:53,629 --> 01:29:51,120

appropriate and honest at what they do

2201  
01:29:56,090 --> 01:29:53,639  
say and so they are saying things which

2202  
01:29:57,830 --> 01:29:56,100  
are important and and valid they don't

2203  
01:29:59,570 --> 01:29:57,840  
come to the conclusions that obviously

2204  
01:30:01,129 --> 01:29:59,580  
they should come to because that's not

2205  
01:30:02,090 --> 01:30:01,139  
what's happening now and that's for

2206  
01:30:04,669 --> 01:30:02,100  
later

2207  
01:30:05,629 --> 01:30:04,679  
again it's it's so complicated I

2208  
01:30:07,250 --> 01:30:05,639  
understand people are probably a little

2209  
01:30:09,709 --> 01:30:07,260  
frustrated but

2210  
01:30:11,870 --> 01:30:09,719  
um just keep it in mind yeah but I don't

2211  
01:30:13,490 --> 01:30:11,880  
go so far because there's a reason to

2212  
01:30:15,590 --> 01:30:13,500  
why they're doing this yeah but I don't

2213  
01:30:17,990 --> 01:30:15,600

look at it that way

2214

01:30:21,050 --> 01:30:18,000

um I look at it when you look at a

2215

01:30:25,070 --> 01:30:21,060

number that big 171 and that's a crazy

2216

01:30:27,110 --> 01:30:25,080

freaking big number for six or a year or

2217

01:30:30,110 --> 01:30:27,120

less worth of reports and sightings

2218

01:30:33,229 --> 01:30:30,120

coming in that exhibit this kind of

2219

01:30:36,530 --> 01:30:33,239

stuff you have to uh have a team in

2220

01:30:40,250 --> 01:30:36,540

place of researchers to go in and look

2221

01:30:42,770 --> 01:30:40,260

at that data uh interview uh the pilots

2222

01:30:45,470 --> 01:30:42,780

and the crew members that witnessed this

2223

01:30:47,930 --> 01:30:45,480

and all of that takes time you just

2224

01:30:51,050 --> 01:30:47,940

can't do that kind of uh investigation

2225

01:30:53,930 --> 01:30:51,060

on that many cases in such a short

2226

01:30:56,169 --> 01:30:53,940

period of time that's my point and

2227

01:30:58,490 --> 01:30:56,179

that's why it throws off a red flag

2228

01:31:00,169 --> 01:30:58,500

they're they're accounting for the

2229

01:31:03,709 --> 01:31:00,179

reports that are coming in

2230

01:31:06,350 --> 01:31:03,719

and uh if if they're if they're being

2231

01:31:08,510 --> 01:31:06,360

somewhat fast with it again keep in mind

2232

01:31:10,430 --> 01:31:08,520

they already know that they're non-human

2233

01:31:11,689 --> 01:31:10,440

craft right so they don't need to study

2234

01:31:14,030 --> 01:31:11,699

it too hard

2235

01:31:15,890 --> 01:31:14,040

they already know and so again yeah

2236

01:31:17,510 --> 01:31:15,900

there's a lot of things that logically

2237

01:31:19,430 --> 01:31:17,520

you would think they would do that and

2238

01:31:21,770 --> 01:31:19,440

you're going why didn't they and I'm

2239

01:31:23,990 --> 01:31:21,780

trying to get back to my key point is

2240

01:31:25,970 --> 01:31:24,000

the reason that they don't do it that

2241

01:31:28,610 --> 01:31:25,980

way is because that's not what this is

2242

01:31:30,890 --> 01:31:28,620

about this is not an effort to find out

2243

01:31:33,890 --> 01:31:30,900

what this stuff is they already know

2244

01:31:37,070 --> 01:31:33,900

this is a process that they're going to

2245

01:31:39,470 --> 01:31:37,080

go through in order to get to hearings

2246

01:31:41,930 --> 01:31:39,480

and the proper procedures that will set

2247

01:31:43,970 --> 01:31:41,940

the stage for disclosure now I know this

2248

01:31:47,390 --> 01:31:43,980

is for some a little bit hard to grasp

2249

01:31:49,430 --> 01:31:47,400

but what can I say one one look at this

2250

01:31:51,169 --> 01:31:49,440

one the simplest way to get to where I'm

2251

01:31:53,450 --> 01:31:51,179

at is simply go read the witness to

2252

01:31:55,850 --> 01:31:53,460

Disclosure by Carrie and Schmidt it's an

2253

01:31:58,910 --> 01:31:55,860

absolute Case Closed book Roswell

2254

01:32:01,610 --> 01:31:58,920

absolutely was what it was so again once

2255

01:32:03,770 --> 01:32:01,620

you know and and understand that Roswell

2256

01:32:06,709 --> 01:32:03,780

was in fact what it was a crashed ET

2257

01:32:09,290 --> 01:32:06,719

vehicle with bodies then you know that

2258

01:32:11,390 --> 01:32:09,300

the government's known since 47. case

2259

01:32:12,950 --> 01:32:11,400

closed on that so once you're there then

2260

01:32:16,430 --> 01:32:12,960

you can say okay if they've known since

2261

01:32:17,930 --> 01:32:16,440

47 how do I view what's going on now

2262

01:32:20,689 --> 01:32:17,940

with all of this activity and

2263

01:32:23,750 --> 01:32:20,699

legislation and and actions by the dod

2264

01:32:26,570 --> 01:32:23,760

how do I view it in that context

2265

01:32:28,610 --> 01:32:26,580

right and I'm trying to help in that

2266

01:32:31,070 --> 01:32:28,620

regard and it's it's easy not easy and I

2267

01:32:33,950 --> 01:32:31,080

know I'm confusing some people your

2268

01:32:37,970 --> 01:32:33,960

point is well taken Steve the um the

2269

01:32:41,149 --> 01:32:37,980

trash let's move on to the ndaa but uh

2270

01:32:45,590 --> 01:32:41,159

the trash bag uh comment and Airborne

2271

01:32:49,310 --> 01:32:45,600

debris my only uh I could you know it's

2272

01:32:54,590 --> 01:32:49,320

nothing for me but what raises a concern

2273

01:32:58,669 --> 01:32:54,600

is how does that rise to the level of

2274

01:33:00,530 --> 01:32:58,679

UAP and worthy of submitting a report if

2275

01:33:04,310 --> 01:33:00,540

you know what to try if it's attractive

2276

01:33:06,890 --> 01:33:04,320

you know if that's what it is then how

2277

01:33:09,290 --> 01:33:06,900

why WI-Fi all that report what's the

2278

01:33:10,910 --> 01:33:09,300

question no no I think you look the the

2279

01:33:12,890 --> 01:33:10,920

reports

2280

01:33:14,450 --> 01:33:12,900

people people within the government

2281

01:33:16,669 --> 01:33:14,460

people within the military intelligence

2282

01:33:17,990 --> 01:33:16,679

complex are military services are

2283

01:33:19,550 --> 01:33:18,000

reporting something they see and

2284

01:33:21,110 --> 01:33:19,560

couldn't understand

2285

01:33:22,370 --> 01:33:21,120

in other words they sought they didn't

2286

01:33:23,570 --> 01:33:22,380

know it was a trash bag if they knew it

2287

01:33:25,610 --> 01:33:23,580

was a trash bag they wouldn't report it

2288

01:33:27,050 --> 01:33:25,620

so reporting it and they're taking

2289

01:33:28,669 --> 01:33:27,060

whatever they're getting they're not

2290

01:33:29,810 --> 01:33:28,679

saying look unless you're really sure or

2291

01:33:31,010 --> 01:33:29,820

you know whatever it's really weird

2292

01:33:33,290 --> 01:33:31,020

don't come see it look if it's

2293

01:33:34,910 --> 01:33:33,300

unidentified and it's in our space and

2294

01:33:36,770 --> 01:33:34,920

it's near our ships whatever report it

2295

01:33:38,870 --> 01:33:36,780

and then they do a quick analysis and

2296

01:33:41,090 --> 01:33:38,880

discover it's a trash pack okay and to

2297

01:33:42,890 --> 01:33:41,100

their credit they report that and to

2298

01:33:44,870 --> 01:33:42,900

their credit they also report that we

2299

01:33:46,850 --> 01:33:44,880

have no idea what the hell this one was

2300

01:33:49,129 --> 01:33:46,860

remember Project Blue Book was a

2301  
01:33:50,450 --> 01:33:49,139  
whitewash the whole thing was a total

2302  
01:33:52,490 --> 01:33:50,460  
whitewash to try to get the government

2303  
01:33:53,810 --> 01:33:52,500  
out from under it and after all the

2304  
01:33:55,550 --> 01:33:53,820  
stuff they went through to whitewash it

2305  
01:33:57,290 --> 01:33:55,560  
they still came up with 701 reports they

2306  
01:33:58,729 --> 01:33:57,300  
couldn't account for yeah that's true

2307  
01:34:01,310 --> 01:33:58,739  
that's true but

2308  
01:34:07,790 --> 01:34:01,320  
um what what the point that I'm making

2309  
01:34:10,310 --> 01:34:07,800  
here is that uh a trash bag is I I I'm

2310  
01:34:13,310 --> 01:34:10,320  
not wrong a trash bag is not going to

2311  
01:34:15,590 --> 01:34:13,320  
turn up as a trash bag in sensor data

2312  
01:34:17,629 --> 01:34:15,600  
it's going to be a trash bag because of

2313  
01:34:19,070 --> 01:34:17,639

what they saw oh some of the reports are

2314

01:34:20,570 --> 01:34:19,080

visual that some of them are approaches

2315

01:34:23,270 --> 01:34:20,580

spatial visual sightings that's right

2316

01:34:28,490 --> 01:34:23,280

guys see something so why is why are

2317

01:34:31,729 --> 01:34:28,500

trash bags getting into this report it's

2318

01:34:35,570 --> 01:34:31,739

not because of a flear picked up a trash

2319

01:34:38,450 --> 01:34:35,580

bag and radar uh kicked off and they

2320

01:34:40,250 --> 01:34:38,460

scrambled Jets and this was no that's

2321

01:34:42,110 --> 01:34:40,260

not and they had to go figure out that

2322

01:34:44,030 --> 01:34:42,120

it was a trash bag I don't think that's

2323

01:34:45,590 --> 01:34:44,040

the case I don't know how they arrived

2324

01:34:47,390 --> 01:34:45,600

at that Jimmy but I think they're just

2325

01:34:49,790 --> 01:34:47,400

actually I applaud them what they're

2326

01:34:51,709 --> 01:34:49,800

doing they're saying look we want

2327

01:34:53,570 --> 01:34:51,719

reports we are going to look at these

2328

01:34:55,790 --> 01:34:53,580

reports and and we're going to provide

2329

01:34:57,290 --> 01:34:55,800

information about what we find and so

2330

01:34:58,550 --> 01:34:57,300

the reports come in they look at them

2331

01:35:01,370 --> 01:34:58,560

and if one of them turns out to be a

2332

01:35:02,810 --> 01:35:01,380

trash bag they they say that all right

2333

01:35:06,050 --> 01:35:02,820

in other words they're telling the truth

2334

01:35:09,649 --> 01:35:06,060

now one could say how could some guy on

2335

01:35:11,390 --> 01:35:09,659

a ship mistake that I I don't know but

2336

01:35:14,030 --> 01:35:11,400

I don't think it's an attempt to

2337

01:35:16,010 --> 01:35:14,040

undermine the fundamental process people

2338

01:35:18,290 --> 01:35:16,020

say well it's a trash bag well look how

2339

01:35:20,629 --> 01:35:18,300

silly this is no because of the ones

2340

01:35:22,610 --> 01:35:20,639

they can't identify remember they're

2341

01:35:24,350 --> 01:35:22,620

coming in for military people high level

2342

01:35:26,810 --> 01:35:24,360

people that can that know what they're

2343

01:35:28,970 --> 01:35:26,820

looking at and they're unable to figure

2344

01:35:30,410 --> 01:35:28,980

it out so the core message is look

2345

01:35:32,570 --> 01:35:30,420

there's plenty out there we can't

2346

01:35:34,610 --> 01:35:32,580

explain which pretty much confirms what

2347

01:35:36,649 --> 01:35:34,620

we already know yeah there's there's

2348

01:35:38,330 --> 01:35:36,659

non-human craft here

2349

01:35:40,430 --> 01:35:38,340

I'm sure that a lot of them would like

2350

01:35:41,870 --> 01:35:40,440

to get it over with tomorrow and just

2351  
01:35:43,970 --> 01:35:41,880  
suddenly put out a press release and say

2352  
01:35:46,550 --> 01:35:43,980  
enough enough with this yeah it's it's

2353  
01:35:48,830 --> 01:35:46,560  
there's non-human craft uh we need to

2354  
01:35:51,830 --> 01:35:48,840  
get the details to you but they can't

2355  
01:35:54,830 --> 01:35:51,840  
this is a hugely political

2356  
01:35:57,050 --> 01:35:54,840  
process there's so much at stake it's

2357  
01:35:58,790 --> 01:35:57,060  
got to be done right and the sooner it's

2358  
01:36:00,470 --> 01:35:58,800  
done the better for them as well now

2359  
01:36:02,330 --> 01:36:00,480  
along those lines some of the things

2360  
01:36:04,669 --> 01:36:02,340  
just it's just a list of just some of

2361  
01:36:06,890 --> 01:36:04,679  
the things that have happened recently

2362  
01:36:08,990 --> 01:36:06,900  
first of all Christopher Mellon puts out

2363  
01:36:10,490 --> 01:36:09,000

and I've got that I've got that up here

2364

01:36:13,370 --> 01:36:10,500

too Christopher Mellon puts out this

2365

01:36:16,129 --> 01:36:13,380

extraordinary statement uh on his

2366

01:36:19,129 --> 01:36:16,139

website yeah it's at fifteen thousand

2367

01:36:21,530 --> 01:36:19,139

words it was half of it was like War and

2368

01:36:22,910 --> 01:36:21,540

Peace you're talking about setting the

2369

01:36:26,030 --> 01:36:22,920

record straight it's kind of it's a

2370

01:36:27,470 --> 01:36:26,040

Manifesto of intent he he he's given the

2371

01:36:28,669 --> 01:36:27,480

excuse to write it because of those

2372

01:36:29,870 --> 01:36:28,679

articles that turned up in the Wall

2373

01:36:33,169 --> 01:36:29,880

Street Journal in the New York Times

2374

01:36:36,770 --> 01:36:33,179

this gentleman by the name of uh of uh

2375

01:36:38,030 --> 01:36:36,780

uh Holman W Jenkins Jr who was on the

2376

01:36:40,310 --> 01:36:38,040

editorial board of the Wall Street

2377

01:36:42,410 --> 01:36:40,320

Journal puts out two hit pieces you know

2378

01:36:44,689 --> 01:36:42,420

it's like hey man [\h\_\_\h] nonsense all

2379

01:36:46,129 --> 01:36:44,699

right and now he is on the editorial

2380

01:36:48,470 --> 01:36:46,139

board but his columns are about business

2381

01:36:50,810 --> 01:36:48,480

whatever these these articles are not

2382

01:36:51,950 --> 01:36:50,820

going to wear well but then Julian

2383

01:36:53,750 --> 01:36:51,960

Barnes who was like the National

2384

01:36:55,790 --> 01:36:53,760

Security guy for the New York Times he

2385

01:36:56,750 --> 01:36:55,800

writes a piece that's kind of very much

2386

01:36:59,689 --> 01:36:56,760

critical

2387

01:37:03,350 --> 01:36:59,699

okay look why those got written I don't

2388

01:37:04,490 --> 01:37:03,360

know uh I do know this that when you're

2389

01:37:06,770 --> 01:37:04,500

talking about journalists at the high

2390

01:37:08,629 --> 01:37:06,780

level they all have their own sources

2391

01:37:10,970 --> 01:37:08,639

in other words and they don't they're

2392

01:37:12,649 --> 01:37:10,980

all the same sources and so one has

2393

01:37:14,629 --> 01:37:12,659

certain sources within the dod other

2394

01:37:16,790 --> 01:37:14,639

have other sources some within the Air

2395

01:37:18,770 --> 01:37:16,800

Force and what have you and they're off

2396

01:37:19,850 --> 01:37:18,780

the Record by and large but they're

2397

01:37:21,890 --> 01:37:19,860

known and they're they're already

2398

01:37:23,689 --> 01:37:21,900

reported to the editor so they will talk

2399

01:37:27,110 --> 01:37:23,699

about them they will say unknown source

2400

01:37:29,209 --> 01:37:27,120

said this and so it's not surprising if

2401

01:37:30,709 --> 01:37:29,219

there are some sources within the dod

2402

01:37:32,510 --> 01:37:30,719

that are not happy about this process

2403

01:37:34,370 --> 01:37:32,520

and they want to throw a little water on

2404

01:37:35,689 --> 01:37:34,380

it so they contact their their favorite

2405

01:37:38,570 --> 01:37:35,699

journalists in New York Times and Report

2406

01:37:41,629 --> 01:37:38,580

some stuff and that person treats it as

2407

01:37:44,090 --> 01:37:41,639

valid and writes it up it's also also

2408

01:37:46,310 --> 01:37:44,100

possible and I wouldn't rule this out

2409

01:37:47,390 --> 01:37:46,320

that some of these major papers like the

2410

01:37:48,890 --> 01:37:47,400

Wall Street Journal and New York Times

2411

01:37:51,290 --> 01:37:48,900

Washington Post typically New York Times

2412

01:37:53,330 --> 01:37:51,300

have a problem in other words they're

2413

01:37:54,709 --> 01:37:53,340

saying you know look we're writing all

2414

01:37:56,870 --> 01:37:54,719

these articles we're covering it like

2415

01:37:58,850 --> 01:37:56,880

crazy most of them are without any

2416

01:38:01,010 --> 01:37:58,860

skepticism it's going to start looking

2417

01:38:02,510 --> 01:38:01,020

like we're on the disclosure train you

2418

01:38:04,669 --> 01:38:02,520

know we got on board with with a free

2419

01:38:07,610 --> 01:38:04,679

ticket we're in the we're in the uh the

2420

01:38:09,649 --> 01:38:07,620

VIP car shipping champagne somebody

2421

01:38:11,330 --> 01:38:09,659

write something negative for God's sakes

2422

01:38:14,750 --> 01:38:11,340

right so we don't look like we're we're

2423

01:38:16,070 --> 01:38:14,760

you know uh you know in in the deal uh

2424

01:38:21,910 --> 01:38:16,080

and that could be that could be the

2425

01:38:26,570 --> 01:38:24,229

I don't know I'm simply saying that

2426

01:38:29,090 --> 01:38:26,580

these gave Christopher Mellon the excuse

2427

01:38:30,950 --> 01:38:29,100

to write this really fantastic wrote a

2428

01:38:33,110 --> 01:38:30,960

great piece he wrote a great piece and

2429

01:38:36,649 --> 01:38:33,120

it turns out to see here's the thing now

2430

01:38:38,990 --> 01:38:36,659

now we have hindsight uh I think that we

2431

01:38:42,770 --> 01:38:39,000

all felt that Julian Barnes piece was an

2432

01:38:44,629 --> 01:38:42,780

opinion piece and and uh unnamed sword

2433

01:38:46,850 --> 01:38:44,639

and this and that he had some kind of

2434

01:38:49,610 --> 01:38:46,860

inside track and it turned out he was

2435

01:38:51,590 --> 01:38:49,620

completely wrong and and that doesn't

2436

01:38:52,910 --> 01:38:51,600

mean he didn't have an inside track it

2437

01:38:54,709 --> 01:38:52,920

just means he might have been given bad

2438

01:38:56,629 --> 01:38:54,719

information by his sources which he

2439

01:38:58,930 --> 01:38:56,639

trusts

2440

01:39:01,550 --> 01:38:58,940

yeah but maybe not

2441

01:39:03,709 --> 01:39:01,560

I'm just just happy he was wrong because

2442

01:39:04,970 --> 01:39:03,719

the the piece itself was an opinion

2443

01:39:08,209 --> 01:39:04,980

piece and it should have never been

2444

01:39:09,770 --> 01:39:08,219

published and and and now I hope he

2445

01:39:11,629 --> 01:39:09,780

never writes another piece like this

2446

01:39:12,890 --> 01:39:11,639

again I really encourage people to read

2447

01:39:15,050 --> 01:39:12,900

this statement it's on Christopher

2448

01:39:16,970 --> 01:39:15,060

melon's site christophermelon.net it's

2449

01:39:20,570 --> 01:39:16,980

also linked on my website it's linked on

2450

01:39:23,090 --> 01:39:20,580

my my social media because

2451

01:39:24,709 --> 01:39:23,100

he doesn't just do a rebuttal he goes

2452

01:39:26,510 --> 01:39:24,719

through a history of what's happened

2453

01:39:28,790 --> 01:39:26,520

since the two of the Stars Academy come

2454

01:39:30,770 --> 01:39:28,800

out it's like him saying hey folks let's

2455

01:39:33,050 --> 01:39:30,780

let's don't forget this is what has

2456

01:39:36,770 --> 01:39:33,060

happened now remember Christopher melon

2457

01:39:38,450 --> 01:39:36,780

in my you is the central figure to all

2458

01:39:40,189 --> 01:39:38,460

that's going on meaning if you want to

2459

01:39:41,209 --> 01:39:40,199

take all the various elements and

2460

01:39:42,950 --> 01:39:41,219

entities

2461

01:39:44,990 --> 01:39:42,960

and you want to look into that Center

2462

01:39:47,330 --> 01:39:45,000

you're going to see Christopher Mellon

2463

01:39:49,070 --> 01:39:47,340

there was a time and a much different

2464

01:39:51,530 --> 01:39:49,080

time when things were nothing like they

2465

01:39:53,270 --> 01:39:51,540

are now when I would have said the

2466

01:39:54,830 --> 01:39:53,280

central figure going on to whatever the

2467

01:39:57,950 --> 01:39:54,840

hell's happening within government and

2468

01:39:59,390 --> 01:39:57,960

politics was John podesta okay but that

2469

01:40:01,430 --> 01:39:59,400

was a different time

2470

01:40:03,649 --> 01:40:01,440

Christopher melon has taken it way past

2471

01:40:04,790 --> 01:40:03,659

that and when I say Central I mean

2472

01:40:06,590 --> 01:40:04,800

Central

2473

01:40:08,090 --> 01:40:06,600

he's the one that's been going up on the

2474

01:40:10,250 --> 01:40:08,100

hill he's starting off the hill back in

2475

01:40:11,750 --> 01:40:10,260

I think 1819 he's had tons of meetings

2476

01:40:13,490 --> 01:40:11,760

up there he's helping to orchestrate

2477

01:40:15,709 --> 01:40:13,500

what's happening on the hill he's kind

2478

01:40:17,629 --> 01:40:15,719

of like a consultant in that regard and

2479

01:40:20,270 --> 01:40:17,639

so he has literally been key to the

2480

01:40:22,310 --> 01:40:20,280

process going forward and so when he

2481

01:40:23,689 --> 01:40:22,320

writes this summary piece he's saying

2482

01:40:25,790 --> 01:40:23,699

look folks

2483

01:40:27,530 --> 01:40:25,800

look how far we've come look what's

2484

01:40:29,209 --> 01:40:27,540

going on here so this piece is that

2485

01:40:31,189 --> 01:40:29,219

article in the paper is ridiculous but

2486

01:40:33,229 --> 01:40:31,199

I'm also going to remind you of where we

2487

01:40:35,090 --> 01:40:33,239

are right now which is very very far

2488

01:40:39,770 --> 01:40:35,100

along now here's where it gets

2489

01:40:42,709 --> 01:40:39,780

interesting just a couple days later

2490

01:40:45,229 --> 01:40:42,719

is when Robert Salas Captain Robert

2491

01:40:47,570 --> 01:40:45,239

Salas one of the principal witnesses to

2492

01:40:49,669 --> 01:40:47,580

nuclear weapons tampering

2493

01:40:51,350 --> 01:40:49,679

sends out a tweet and says uh I've been

2494

01:40:53,570 --> 01:40:51,360

contacted to come in be interviewed by

2495

01:40:55,970 --> 01:40:53,580

arrow and I've been asked to contact

2496

01:40:58,550 --> 01:40:55,980

some of the other Witnesses

2497

01:41:00,770 --> 01:40:58,560

now think about those things happening

2498

01:41:02,510 --> 01:41:00,780

virtually together

2499

01:41:04,850 --> 01:41:02,520

you don't

2500

01:41:07,390 --> 01:41:04,860

if you're Arrow you do not bring in Bob

2501  
01:41:10,129 --> 01:41:07,400  
Salas to interview except for one reason

2502  
01:41:12,610 --> 01:41:10,139  
you are getting prepared for him to

2503  
01:41:15,470 --> 01:41:12,620  
testify before Congress

2504  
01:41:16,970 --> 01:41:15,480  
the way it works is and not people don't

2505  
01:41:18,830 --> 01:41:16,980  
know this but before any of those

2506  
01:41:20,930 --> 01:41:18,840  
Witnesses sit down on under oath in that

2507  
01:41:22,310 --> 01:41:20,940  
chair with cameras on and millions of

2508  
01:41:23,810 --> 01:41:22,320  
people watching they're going to be

2509  
01:41:25,129 --> 01:41:23,820  
interviewed by the dod or the

2510  
01:41:26,629 --> 01:41:25,139  
appropriate entity they're going to be

2511  
01:41:28,970 --> 01:41:26,639  
interviewed by some of the committee

2512  
01:41:31,070 --> 01:41:28,980  
staff so that they know what they're

2513  
01:41:32,990 --> 01:41:31,080

generally going to say so that they can

2514

01:41:35,990 --> 01:41:33,000

shape the questions they're going to ask

2515

01:41:37,550 --> 01:41:36,000

not to influence them not to undermine

2516

01:41:40,729 --> 01:41:37,560

them but rather you know you just don't

2517

01:41:42,530 --> 01:41:40,739

fly this thing blind so it will improve

2518

01:41:43,970 --> 01:41:42,540

the questions but be assured once those

2519

01:41:45,530 --> 01:41:43,980

Witnesses sit down on the road they can

2520

01:41:46,850 --> 01:41:45,540

say whatever the hell they want so if

2521

01:41:47,689 --> 01:41:46,860

they're asked a question they decide hey

2522

01:41:50,149 --> 01:41:47,699

I'm going to tell you about what

2523

01:41:52,250 --> 01:41:50,159

happened no that can happen but this is

2524

01:41:54,109 --> 01:41:52,260

the process and so basically the

2525

01:41:56,330 --> 01:41:54,119

interview process is underway then then

2526

01:41:58,609 --> 01:41:56,340

a few days later Kevin Day indicates

2527

01:42:00,770 --> 01:41:58,619

that apparently he's preparing to

2528

01:42:02,390 --> 01:42:00,780

testify and if they've contacted Kevin

2529

01:42:04,970 --> 01:42:02,400

Day they've probably contacted fraver

2530

01:42:07,070 --> 01:42:04,980

Graves and teacher and who knows what

2531

01:42:09,890 --> 01:42:07,080

else and so what are we hearing here

2532

01:42:11,689 --> 01:42:09,900

melon is gearing up he just gave you a

2533

01:42:14,330 --> 01:42:11,699

review Witnesses are being interviewed

2534

01:42:15,770 --> 01:42:14,340

by Arrow all right hearings are in the

2535

01:42:17,870 --> 01:42:15,780

process there have been other statements

2536

01:42:20,270 --> 01:42:17,880

that have been made all right and so

2537

01:42:21,830 --> 01:42:20,280

hearings are coming they will be in the

2538

01:42:25,129 --> 01:42:21,840

Senate they will almost certainly be the

2539

01:42:28,550 --> 01:42:25,139

Senate Intel committee and that's how

2540

01:42:30,350 --> 01:42:28,560

far we've gone so that happened okay now

2541

01:42:31,609 --> 01:42:30,360

something else that's been happening

2542

01:42:33,229 --> 01:42:31,619

lately which I have to talk about

2543

01:42:35,689 --> 01:42:33,239

because it's cool

2544

01:42:38,570 --> 01:42:35,699

is that of all the people that have been

2545

01:42:39,890 --> 01:42:38,580

hearing about this issue in Congress

2546

01:42:42,649 --> 01:42:39,900

scores of them have been gotten

2547

01:42:44,270 --> 01:42:42,659

briefings right classified briefings

2548

01:42:46,310 --> 01:42:44,280

remember this report that just came out

2549

01:42:49,550 --> 01:42:46,320

had a classified version and that's

2550

01:42:51,109 --> 01:42:49,560

where the real action is okay

2551

01:42:52,910 --> 01:42:51,119

about there's about eight or nine

2552

01:42:55,129 --> 01:42:52,920

members of Congress now that have

2553

01:42:56,930 --> 01:42:55,139

actually gone and made statements to

2554

01:42:59,870 --> 01:42:56,940

press and have been written up

2555

01:43:01,490 --> 01:42:59,880

one of them though is not one of those

2556

01:43:04,310 --> 01:43:01,500

that are getting these heavy briefings

2557

01:43:06,550 --> 01:43:04,320

he's on some important committees but

2558

01:43:09,590 --> 01:43:06,560

not the ones that are in play here right

2559

01:43:12,890 --> 01:43:09,600

he's he's a Tennessee Conservative

2560

01:43:14,330 --> 01:43:12,900

Republican he's what in the I think I

2561

01:43:16,070 --> 01:43:14,340

would say I don't think it's an insult

2562

01:43:19,490 --> 01:43:16,080

is what in Britain they refer to some of

2563

01:43:21,830 --> 01:43:19,500

the MPS as backventures okay but no he's

2564

01:43:25,550 --> 01:43:21,840

a he's a he's a congressman and he's

2565

01:43:28,550 --> 01:43:25,560

into this issue and so he is the most

2566

01:43:30,530 --> 01:43:28,560

outspoken of all of them probably

2567

01:43:32,510 --> 01:43:30,540

because he's not really part of the

2568

01:43:33,950 --> 01:43:32,520

process that I'm referring to he's

2569

01:43:35,990 --> 01:43:33,960

sitting out there but he sees what's

2570

01:43:39,350 --> 01:43:36,000

going on and he says I'm going to speak

2571

01:43:41,629 --> 01:43:39,360

up his name is Tim burchett and boy is

2572

01:43:44,870 --> 01:43:41,639

he speaking up

2573

01:43:46,669 --> 01:43:44,880

he first of all he spoke out on the ET

2574

01:43:48,950 --> 01:43:46,679

issue before the first hearing it was

2575

01:43:50,689 --> 01:43:48,960

held by Carson right back in may he

2576

01:43:52,370 --> 01:43:50,699

speaks out very aggressively then he

2577

01:43:53,870 --> 01:43:52,380

goes to the hearing makes sure the Press

2578

01:43:55,550 --> 01:43:53,880

sees him there and after the Ring's over

2579

01:43:57,530 --> 01:43:55,560

he starts giving interviews to the Press

2580

01:43:59,330 --> 01:43:57,540

since then he's been on Tucker he's been

2581

01:44:01,669 --> 01:43:59,340

on these shows and he keeps saying the

2582

01:44:03,470 --> 01:44:01,679

Extraterrestrial presence is real okay

2583

01:44:05,090 --> 01:44:03,480

there's et's here he's doing a Bob

2584

01:44:07,430 --> 01:44:05,100

Bigelow all he's doing it every three

2585

01:44:08,149 --> 01:44:07,440

months so recently he just turned up

2586

01:44:10,790 --> 01:44:08,159

again

2587

01:44:12,709 --> 01:44:10,800

right let me just go into this Timber

2588

01:44:15,229 --> 01:44:12,719

shed is turned up and and he's and it's

2589

01:44:16,970 --> 01:44:15,239

been several media that's covered him

2590

01:44:19,010 --> 01:44:16,980

and this is what he's saying now he says

2591

01:44:21,410 --> 01:44:19,020

the U.S UF government is covering up the

2592

01:44:23,209 --> 01:44:21,420

truth about unidentified flying objects

2593

01:44:25,250 --> 01:44:23,219

he told newsmac and several other

2594

01:44:26,930 --> 01:44:25,260

entities and then he goes in first

2595

01:44:28,250 --> 01:44:26,940

chapter of Ezekiel it pretty much

2596

01:44:31,189 --> 01:44:28,260

described what you would call a modern

2597

01:44:32,510 --> 01:44:31,199

day UFO he says he's a religious God he

2598

01:44:34,370 --> 01:44:32,520

says you look at all the organized

2599

01:44:36,169 --> 01:44:34,380

religions that we recognize in the world

2600

01:44:38,090 --> 01:44:36,179

today from the Muslims the Hindus they

2601  
01:44:40,910 --> 01:44:38,100  
describe something we would consider a

2602  
01:44:43,490 --> 01:44:40,920  
UFO I think they're hiding former crash

2603  
01:44:45,830 --> 01:44:43,500  
sites he said you should go back to Ross

2604  
01:44:48,590 --> 01:44:45,840  
from Mexico in 1947 there was a craft

2605  
01:44:51,290 --> 01:44:48,600  
two crafts apparently crashed I've been

2606  
01:44:55,070 --> 01:44:51,300  
told there was a mid-air Collision

2607  
01:44:57,169 --> 01:44:55,080  
and then he goes on he says the the uh

2608  
01:44:59,689 --> 01:44:57,179  
I'm sorry okay so when the headlines

2609  
01:45:01,490 --> 01:44:59,699  
saucer recovered across the country the

2610  
01:45:03,050 --> 01:45:01,500  
next day they said oh wait no it was a

2611  
01:45:04,370 --> 01:45:03,060  
weather balloon and that's just totally

2612  
01:45:07,609 --> 01:45:04,380  
bogus

2613  
01:45:09,169 --> 01:45:07,619

10 Merced is like

2614

01:45:10,790 --> 01:45:09,179

he's like the person that goes to that

2615

01:45:12,530 --> 01:45:10,800

meeting you know the stockholders

2616

01:45:14,570 --> 01:45:12,540

meeting and stands up and starts telling

2617

01:45:16,970 --> 01:45:14,580

you know the the guys that have the most

2618

01:45:20,450 --> 01:45:16,980

stocks what the hell is going on

2619

01:45:22,970 --> 01:45:20,460

this is this is interesting right Timber

2620

01:45:24,109 --> 01:45:22,980

set is telling the truth he's saying it

2621

01:45:26,270 --> 01:45:24,119

flat out

2622

01:45:28,250 --> 01:45:26,280

whether he got any classified briefings

2623

01:45:29,750 --> 01:45:28,260

does it matter he probably got some

2624

01:45:32,629 --> 01:45:29,760

information from those that did get the

2625

01:45:34,250 --> 01:45:32,639

blessed by briefings and he is stepping

2626

01:45:36,109 --> 01:45:34,260

up

2627

01:45:37,970 --> 01:45:36,119

and you know what's happening nothing

2628

01:45:39,470 --> 01:45:37,980

now what do I mean by that is Tim

2629

01:45:41,510 --> 01:45:39,480

getting greased is he getting attacked

2630

01:45:43,550 --> 01:45:41,520

no not at all hasn't affected

2631

01:45:45,709 --> 01:45:43,560

politically at all you know one one

2632

01:45:47,330 --> 01:45:45,719

other thing he said that you left out

2633

01:45:50,930 --> 01:45:47,340

there

2634

01:45:54,470 --> 01:45:50,940

um is he said this is an elected

2635

01:45:56,090 --> 01:45:54,480

representative right he said I don't

2636

01:45:58,189 --> 01:45:56,100

trust the government

2637

01:46:01,729 --> 01:45:58,199

right it's it's right in the middle of

2638

01:46:04,550 --> 01:46:01,739

that line and uh I thought that that was

2639

01:46:07,250 --> 01:46:04,560

uh an extraordinary thing and when he

2640

01:46:08,590 --> 01:46:07,260

after the UFO hearing

2641

01:46:11,810 --> 01:46:08,600

um when he got in front of the camera

2642

01:46:15,649 --> 01:46:11,820

and and and let loose

2643

01:46:17,870 --> 01:46:15,659

he had said he called the hearing a sham

2644

01:46:19,850 --> 01:46:17,880

because it it didn't seem to go anywhere

2645

01:46:23,410 --> 01:46:19,860

right he's not he's not on to the

2646

01:46:26,450 --> 01:46:23,420

process but I get it yeah yeah yeah

2647

01:46:30,229 --> 01:46:26,460

he's upset What's Happening Here

2648

01:46:31,310 --> 01:46:30,239

Rubio and Warner Carson Gallego all

2649

01:46:32,750 --> 01:46:31,320

these people are coming out and doing

2650

01:46:35,510 --> 01:46:32,760

this and putting legislation in what's

2651  
01:46:37,430 --> 01:46:35,520  
the political consequences nothing all

2652  
01:46:40,070 --> 01:46:37,440  
right Burchette really going to town

2653  
01:46:41,390 --> 01:46:40,080  
consequences politically nothing right

2654  
01:46:43,129 --> 01:46:41,400  
we're set to Republican you've got

2655  
01:46:44,990 --> 01:46:43,139  
Republicans a Democrat

2656  
01:46:48,530 --> 01:46:45,000  
they fully established this thing as a

2657  
01:46:50,090 --> 01:46:48,540  
nonpartisan issue it's safe and more and

2658  
01:46:52,910 --> 01:46:50,100  
more members of Congress are going to

2659  
01:46:53,990 --> 01:46:52,920  
decide you know it's safe look at

2660  
01:46:55,850 --> 01:46:54,000  
Burchette

2661  
01:46:57,890 --> 01:46:55,860  
I don't I don't want to I'm not a potted

2662  
01:46:59,030 --> 01:46:57,900  
plant here this is going to be huge

2663  
01:47:00,229 --> 01:46:59,040

they're going to start you're going to

2664

01:47:03,050 --> 01:47:00,239

see more of them coming forward and

2665

01:47:04,310 --> 01:47:03,060

speaking so when people say look this

2666

01:47:06,590 --> 01:47:04,320

thing is all going to die out they're

2667

01:47:09,830 --> 01:47:06,600

going to stretch it out no no no this is

2668

01:47:11,990 --> 01:47:09,840

a this is this is this is a raging fire

2669

01:47:13,490 --> 01:47:12,000

it is moving forward it cannot be

2670

01:47:15,109 --> 01:47:13,500

stopped so that's what I want to make

2671

01:47:16,970 --> 01:47:15,119

the point now I want to get into the NDA

2672

01:47:19,550 --> 01:47:16,980

because there's two things here that are

2673

01:47:22,970 --> 01:47:19,560

extremely critical this is serious in

2674

01:47:24,590 --> 01:47:22,980

the NDA of 2023 that assuming you can

2675

01:47:27,649 --> 01:47:24,600

read it and I'll tell you it's not easy

2676

01:47:30,910 --> 01:47:27,659

because we're talking legislative speak

2677

01:47:33,590 --> 01:47:30,920

and one of them involves

2678

01:47:35,990 --> 01:47:33,600

ndas right and National Defense

2679

01:47:39,350 --> 01:47:36,000

appropriation act one of them involves

2680

01:47:42,649 --> 01:47:39,360

ndas let me read this to you this is a

2681

01:47:45,109 --> 01:47:42,659

big deal all right in case people miss

2682

01:47:46,970 --> 01:47:45,119

it okay hang on

2683

01:47:48,530 --> 01:47:46,980

uh

2684

01:47:53,030 --> 01:47:48,540

okay

2685

01:47:56,090 --> 01:47:53,040

it's called non-disclosure agreements

2686

01:47:58,010 --> 01:47:56,100

now I invite you to listen carefully

2687

01:47:59,390 --> 01:47:58,020

the Secretary of Defense the Director of

2688

01:48:00,830 --> 01:47:59,400

National Intelligence the two people

2689

01:48:02,510 --> 01:48:00,840

that are running this

2690

01:48:04,010 --> 01:48:02,520

are overseeing the Secretary of Homeland

2691

01:48:05,510 --> 01:48:04,020

Security the heads of such other

2692

01:48:07,370 --> 01:48:05,520

departments and agencies of the federal

2693

01:48:09,649 --> 01:48:07,380

government that have supported

2694

01:48:11,870 --> 01:48:09,659

investigations of the types of events

2695

01:48:15,050 --> 01:48:11,880

covered by subparagraph a meaning at any

2696

01:48:16,669 --> 01:48:15,060

time in the past of subsection A1 and

2697

01:48:20,030 --> 01:48:16,679

activities and programs described in

2698

01:48:22,910 --> 01:48:20,040

some paragraph B of such

2699

01:48:25,070 --> 01:48:22,920

um of such subsection and contractors of

2700

01:48:26,870 --> 01:48:25,080

the federal government that have

2701  
01:48:29,590 --> 01:48:26,880  
um supported or supporting such

2702  
01:48:31,810 --> 01:48:29,600  
activities and programs

2703  
01:48:35,209 --> 01:48:31,820  
shall conduct

2704  
01:48:38,030 --> 01:48:35,219  
comprehensive searches of all records

2705  
01:48:39,890 --> 01:48:38,040  
relating to non-disclosure orders

2706  
01:48:41,090 --> 01:48:39,900  
relating to the types of events

2707  
01:48:44,270 --> 01:48:41,100  
described

2708  
01:48:45,350 --> 01:48:44,280  
uh in subsection a in other words all

2709  
01:48:46,790 --> 01:48:45,360  
these cases and things that have

2710  
01:48:49,070 --> 01:48:46,800  
happened in the past you've been

2711  
01:48:51,410 --> 01:48:49,080  
associated with it if there's any

2712  
01:48:54,770 --> 01:48:51,420  
non-disclosures associated with that you

2713  
01:48:58,490 --> 01:48:54,780

need to provide copies of such orders

2714

01:49:00,890 --> 01:48:58,500

and agreements or obligations to Arrow

2715

01:49:03,050 --> 01:49:00,900

what are they saying they're saying

2716

01:49:04,729 --> 01:49:03,060

everybody out there in all of the

2717

01:49:06,410 --> 01:49:04,739

agencies involved in this cross-agency

2718

01:49:08,930 --> 01:49:06,420

group and elsewhere who have

2719

01:49:10,910 --> 01:49:08,940

non-disclosures relating to UAP type

2720

01:49:15,350 --> 01:49:10,920

events

2721

01:49:17,090 --> 01:49:15,360

send them to us send them a copy of all

2722

01:49:19,790 --> 01:49:17,100

of them to us

2723

01:49:21,950 --> 01:49:19,800

my god do you realize what information

2724

01:49:23,990 --> 01:49:21,960

is in those so the arrow is going to be

2725

01:49:26,149 --> 01:49:24,000

collected now still not for release to

2726

01:49:27,950 --> 01:49:26,159

the public non-disclosure agreements

2727

01:49:29,330 --> 01:49:27,960

describing why there's a non-disclosure

2728

01:49:31,609 --> 01:49:29,340

agreement what is the issue is not being

2729

01:49:34,250 --> 01:49:31,619

disclosed and who is signed on to it

2730

01:49:36,410 --> 01:49:34,260

it's like a road map to the entire

2731

01:49:38,450 --> 01:49:36,420

history of the internal investigations

2732

01:49:39,590 --> 01:49:38,460

send them on does it mean they will or

2733

01:49:41,930 --> 01:49:39,600

not don't know if they don't they're

2734

01:49:43,129 --> 01:49:41,940

going to have a problem but then it goes

2735

01:49:45,970 --> 01:49:43,139

further

2736

01:49:49,010 --> 01:49:45,980

it says the head of the office shall

2737

01:49:51,229 --> 01:49:49,020

accessible to I'm sorry

2738

01:49:53,450 --> 01:49:51,239

I'm sorry the head of the office meaning

2739

01:49:55,550 --> 01:49:53,460

Arrow shall make

2740

01:49:58,609 --> 01:49:55,560

the records compiled under this

2741

01:50:01,129 --> 01:49:58,619

subparagraph A Accessible to the

2742

01:50:02,629 --> 01:50:01,139

Congressional defense committees the

2743

01:50:05,149 --> 01:50:02,639

Congressional intelligence committees

2744

01:50:06,890 --> 01:50:05,159

and the Congressional leadership which

2745

01:50:08,510 --> 01:50:06,900

means leadership that may not even be in

2746

01:50:10,729 --> 01:50:08,520

those committees

2747

01:50:12,169 --> 01:50:10,739

the legislation says that all these

2748

01:50:13,609 --> 01:50:12,179

non-disclosure agreements which are not

2749

01:50:15,050 --> 01:50:13,619

going to be made public are going to

2750

01:50:17,030 --> 01:50:15,060

come to us and we're going to send them

2751  
01:50:18,169 --> 01:50:17,040  
to the members of Congress who will then

2752  
01:50:20,450 --> 01:50:18,179  
find out

2753  
01:50:22,550 --> 01:50:20,460  
all these things that were a quote not

2754  
01:50:24,410 --> 01:50:22,560  
to be disclosed the issue involved and

2755  
01:50:27,109 --> 01:50:24,420  
the people that were signed on do you

2756  
01:50:28,910 --> 01:50:27,119  
have any idea assume you know without

2757  
01:50:32,149 --> 01:50:28,920  
getting into any leaks or anything like

2758  
01:50:34,490 --> 01:50:32,159  
that what that information will do to

2759  
01:50:37,669 --> 01:50:34,500  
all of these key committee members it

2760  
01:50:40,250 --> 01:50:37,679  
will set their hair on fire this is for

2761  
01:50:43,129 --> 01:50:40,260  
them the ultimate reveal in a sense

2762  
01:50:46,010 --> 01:50:43,139  
without getting into actual programs

2763  
01:50:47,030 --> 01:50:46,020

it's in the legislation it's by law a

2764

01:50:48,530 --> 01:50:47,040

lot of people don't even know that's

2765

01:50:49,729 --> 01:50:48,540

there so there's that now there's

2766

01:50:52,010 --> 01:50:49,739

something else then this is like

2767

01:50:54,950 --> 01:50:52,020

something I really love okay

2768

01:50:56,990 --> 01:50:54,960

this is really cool on two levels 10

2769

01:50:59,149 --> 01:50:57,000

minutes I can pull this off this is

2770

01:51:01,729 --> 01:50:59,159

under protection for individuals making

2771

01:51:04,189 --> 01:51:01,739

authorized disclosures

2772

01:51:06,709 --> 01:51:04,199

now let me make something clear

2773

01:51:08,450 --> 01:51:06,719

all of these reports are and these

2774

01:51:10,729 --> 01:51:08,460

disclosures are talking about are

2775

01:51:13,609 --> 01:51:10,739

authorized in other words they actually

2776

01:51:15,950 --> 01:51:13,619

follow certain rules if they if it's

2777

01:51:18,229 --> 01:51:15,960

under an NDA it is not an authorized

2778

01:51:19,790 --> 01:51:18,239

disclosure right if it violates National

2779

01:51:21,649 --> 01:51:19,800

Security it's not an authorized

2780

01:51:23,270 --> 01:51:21,659

disclosure so when they talk about

2781

01:51:25,070 --> 01:51:23,280

disclosures that are coming in from the

2782

01:51:26,750 --> 01:51:25,080

witnesses they're talking about those

2783

01:51:29,810 --> 01:51:26,760

that do not violate those rules which

2784

01:51:30,950 --> 01:51:29,820

they specify but but nevertheless they

2785

01:51:31,910 --> 01:51:30,960

don't violate the rules but they're

2786

01:51:35,390 --> 01:51:31,920

still important and they're being

2787

01:51:37,250 --> 01:51:35,400

brought forward okay so people that are

2788

01:51:39,410 --> 01:51:37,260

bringing forward appropriate disclosures

2789

01:51:41,270 --> 01:51:39,420

about this issue sightings whatever the

2790

01:51:42,830 --> 01:51:41,280

hell that don't violate the the

2791

01:51:45,890 --> 01:51:42,840

conditions that we have described in

2792

01:51:47,629 --> 01:51:45,900

earlier in the in the law

2793

01:51:51,290 --> 01:51:47,639

all right

2794

01:51:53,270 --> 01:51:51,300

shall not be subject to a non-design I'm

2795

01:51:54,830 --> 01:51:53,280

sorry all right I'm sorry protection for

2796

01:51:57,470 --> 01:51:54,840

individuals making authorized uh

2797

01:51:59,510 --> 01:51:57,480

disclosures authorized disclosures and

2798

01:52:01,550 --> 01:51:59,520

authorized disclosure

2799

01:52:03,649 --> 01:52:01,560

entered into by an individual who makes

2800

01:52:05,570 --> 01:52:03,659

the disclosure shall be deemed to comply

2801  
01:52:08,030 --> 01:52:05,580  
with any regulations or order issued

2802  
01:52:09,169 --> 01:52:08,040  
under Authority executive order 1326 and

2803  
01:52:10,790 --> 01:52:09,179  
so forth that's what I was trying to

2804  
01:52:12,470 --> 01:52:10,800  
tell you he can't violate those rules

2805  
01:52:15,109 --> 01:52:12,480  
okay

2806  
01:52:18,530 --> 01:52:15,119  
is but if it doesn't and it is not a

2807  
01:52:20,570 --> 01:52:18,540  
violation okay all right then it is

2808  
01:52:23,990 --> 01:52:20,580  
going to be received and now comes the

2809  
01:52:26,570 --> 01:52:24,000  
key part prohibition on reprisals

2810  
01:52:28,010 --> 01:52:26,580  
an employee or a department or agency of

2811  
01:52:30,109 --> 01:52:28,020  
the federal government or of a

2812  
01:52:31,550 --> 01:52:30,119  
contractor subcontractor grantee

2813  
01:52:34,010 --> 01:52:31,560

subgrantee or personal services

2814

01:52:36,530 --> 01:52:34,020

contractor of such a department or

2815

01:52:38,870 --> 01:52:36,540

agency who has authority to take direct

2816

01:52:41,570 --> 01:52:38,880

others to take recommend or approve any

2817

01:52:43,490 --> 01:52:41,580

Personnel action shall not with respect

2818

01:52:46,129 --> 01:52:43,500

to such Authority take or fail to take

2819

01:52:48,649 --> 01:52:46,139

or threaten to take or fail to take a

2820

01:52:50,090 --> 01:52:48,659

personal Personnel action including the

2821

01:52:52,430 --> 01:52:50,100

revocation of suspension of security

2822

01:52:55,070 --> 01:52:52,440

clearances or termination of employment

2823

01:52:57,649 --> 01:52:55,080

with respect to any individual as a

2824

01:53:01,129 --> 01:52:57,659

reprisal for any authorized disclosure

2825

01:53:03,109 --> 01:53:01,139

what this says by law is that if there

2826  
01:53:05,990 --> 01:53:03,119  
is an authorized Disclosure by anybody

2827  
01:53:08,030 --> 01:53:06,000  
within the the system here and you take

2828  
01:53:10,729 --> 01:53:08,040  
a reprisal that is against the law that

2829  
01:53:13,970 --> 01:53:10,739  
is against this act you can't do that

2830  
01:53:16,189 --> 01:53:13,980  
anymore they're basically taking the the

2831  
01:53:18,770 --> 01:53:16,199  
ability for people to keep those subtle

2832  
01:53:21,050 --> 01:53:18,780  
pressures on away that doesn't mean they

2833  
01:53:23,750 --> 01:53:21,060  
won't try but they're taking it away now

2834  
01:53:26,510 --> 01:53:23,760  
here's what's really cool about this

2835  
01:53:29,030 --> 01:53:26,520  
in the Senate version of the ACT which

2836  
01:53:31,070 --> 01:53:29,040  
was which was sponsored by Warner he

2837  
01:53:33,169 --> 01:53:31,080  
didn't write it all but his P he had

2838  
01:53:35,270 --> 01:53:33,179

staff to do it but sure he signed off on

2839

01:53:36,649 --> 01:53:35,280

everything so we're talking Mark Warner

2840

01:53:37,970 --> 01:53:36,659

the current chairman of the Intel

2841

01:53:40,910 --> 01:53:37,980

committee

2842

01:53:42,950 --> 01:53:40,920

he put this additional language in the

2843

01:53:44,870 --> 01:53:42,960

Senate version of the ACT which did not

2844

01:53:48,470 --> 01:53:44,880

make it through reconciliation

2845

01:53:52,129 --> 01:53:48,480

but note what he was willing to see in

2846

01:53:56,930 --> 01:53:54,830

any case in which an employee described

2847

01:53:59,629 --> 01:53:56,940

in paragraph two the one I just read to

2848

01:54:01,010 --> 01:53:59,639

you takes a Personnel action against an

2849

01:54:02,030 --> 01:54:01,020

individual in violation of such

2850

01:54:04,490 --> 01:54:02,040

paragraph

2851

01:54:06,169 --> 01:54:04,500

the individual could be a pilot could be

2852

01:54:09,229 --> 01:54:06,179

a Navy person could be a member of the

2853

01:54:10,609 --> 01:54:09,239

DI whatever the hell may bring a private

2854

01:54:12,830 --> 01:54:10,619

civil action

2855

01:54:14,810 --> 01:54:12,840

for all appropriate remedies including

2856

01:54:16,669 --> 01:54:14,820

injunctive relief and compensatory and

2857

01:54:18,830 --> 01:54:16,679

punitive damages

2858

01:54:22,189 --> 01:54:18,840

against the government

2859

01:54:25,790 --> 01:54:22,199

and the other employer is that where the

2860

01:54:27,470 --> 01:54:25,800

300 000 number gets extended is is it in

2861

01:54:29,149 --> 01:54:27,480

that section no it's not in the section

2862

01:54:31,609 --> 01:54:29,159

this is that one paragraph is in the

2863

01:54:33,530 --> 01:54:31,619

Senate bill or other employer who took

2864

01:54:35,810 --> 01:54:33,540

the Personnel action in a federal

2865

01:54:38,990 --> 01:54:35,820

district court of competent jurisdiction

2866

01:54:40,850 --> 01:54:39,000

Warner was willing to put into the final

2867

01:54:43,129 --> 01:54:40,860

signed Bill the right of government

2868

01:54:45,770 --> 01:54:43,139

employees to sue the government and

2869

01:54:51,070 --> 01:54:45,780

their boss if they screw with them on an

2870

01:54:57,350 --> 01:54:53,750

it is incredible I'm saying that later

2871

01:55:00,350 --> 01:54:57,360

on in the NDA uh specifically addressing

2872

01:55:03,169 --> 01:55:00,360

that that the cap for a whistleblower to

2873

01:55:05,450 --> 01:55:03,179

Sue or compensation was three hundred

2874

01:55:07,430 --> 01:55:05,460

thousand dollars and so if that was

2875

01:55:09,290 --> 01:55:07,440

there it was probably taken out too no

2876  
01:55:11,689 --> 01:55:09,300  
because I didn't see it is it the final

2877  
01:55:13,990 --> 01:55:11,699  
bill it's in there and that it can

2878  
01:55:16,189 --> 01:55:14,000  
exceed that number now

2879  
01:55:19,910 --> 01:55:16,199  
I'm going to look into that because

2880  
01:55:23,870 --> 01:55:19,920  
technically if they didn't Steve Steve

2881  
01:55:27,350 --> 01:55:23,880  
who does this apply to I the simple

2882  
01:55:31,310 --> 01:55:27,360  
thing would be uh pilots and enlisted

2883  
01:55:34,550 --> 01:55:31,320  
anybody anybody reporting within the uh

2884  
01:55:37,070 --> 01:55:34,560  
an authorized disclosure within the the

2885  
01:55:38,450 --> 01:55:37,080  
investigations that arrow is doing it's

2886  
01:55:40,729 --> 01:55:38,460  
not referring to people that are going

2887  
01:55:42,410 --> 01:55:40,739  
to move on with a problem it's referring

2888  
01:55:45,350 --> 01:55:42,420

to people in government in other words

2889

01:55:47,090 --> 01:55:45,360

the whole focus of this project is to

2890

01:55:49,250 --> 01:55:47,100

make it easier for witnesses to come

2891

01:55:51,530 --> 01:55:49,260

forward so they have as many witnesses

2892

01:55:52,850 --> 01:55:51,540

available to them for the hearings

2893

01:55:54,649 --> 01:55:52,860

because you can't have a powerful

2894

01:55:55,790 --> 01:55:54,659

witness if you don't know they exist and

2895

01:55:57,709 --> 01:55:55,800

you don't really think this they don't

2896

01:55:59,689 --> 01:55:57,719

come forward yeah yeah but that's not my

2897

01:56:02,629 --> 01:55:59,699

question so you can't answer the

2898

01:56:04,370 --> 01:56:02,639

question of if I can't ask so let's try

2899

01:56:06,890 --> 01:56:04,380

this again

2900

01:56:08,629 --> 01:56:06,900

um uh military I understand government I

2901  
01:56:11,870 --> 01:56:08,639  
understand but what about the private

2902  
01:56:14,030 --> 01:56:11,880  
sector what about Lockheed what about is

2903  
01:56:16,510 --> 01:56:14,040  
you know something that is going on a

2904  
01:56:21,109 --> 01:56:16,520  
private security subcontractor that is

2905  
01:56:24,350 --> 01:56:21,119  
uh uh securing uh Area 51 that has

2906  
01:56:26,390 --> 01:56:24,360  
witnessed easy answers yeah look on it

2907  
01:56:27,709 --> 01:56:26,400  
says it right in there this bill is

2908  
01:56:30,470 --> 01:56:27,719  
covering

2909  
01:56:32,510 --> 01:56:30,480  
contractors defense contractors all

2910  
01:56:34,310 --> 01:56:32,520  
right it is it does it's not covering

2911  
01:56:36,229 --> 01:56:34,320  
any contractor you'd be making I don't

2912  
01:56:39,649 --> 01:56:36,239  
know uh footstools the point is is that

2913  
01:56:42,229 --> 01:56:39,659

if if you are a defense contractor and a

2914

01:56:43,970 --> 01:56:42,239

UAP thing is is involved in your world

2915

01:56:46,370 --> 01:56:43,980

and somebody does an authorized

2916

01:56:48,970 --> 01:56:46,380

disclosure about it right they're

2917

01:56:51,290 --> 01:56:48,980

covered I mean civilian people now again

2918

01:56:53,570 --> 01:56:51,300

you know how hard it is you know how

2919

01:56:55,910 --> 01:56:53,580

hard how much effort the government goes

2920

01:56:57,709 --> 01:56:55,920

to to prevent people from suing it

2921

01:56:59,090 --> 01:56:57,719

I mean it's very hard they go to all

2922

01:57:01,729 --> 01:56:59,100

kinds they all pass all kinds of laws

2923

01:57:04,189 --> 01:57:01,739

you can't sue the government Warner was

2924

01:57:05,689 --> 01:57:04,199

willing to put in the bill that in this

2925

01:57:07,490 --> 01:57:05,699

particular case you consume now I'm

2926  
01:57:09,830 --> 01:57:07,500  
going to look about this 300 000 maybe

2927  
01:57:11,209 --> 01:57:09,840  
the language somewhat relevant to this

2928  
01:57:13,669 --> 01:57:11,219  
is turned up elsewhere in the bill it's

2929  
01:57:17,030 --> 01:57:13,679  
very large if I find it I'll I'll get

2930  
01:57:19,970 --> 01:57:17,040  
you an email on that but again this is a

2931  
01:57:22,430 --> 01:57:19,980  
small thing but remember that head of

2932  
01:57:24,350 --> 01:57:22,440  
the Intel Senate Intel committee was

2933  
01:57:26,330 --> 01:57:24,360  
putting into the bill he sponsored at

2934  
01:57:28,609 --> 01:57:26,340  
the Senate level the right to sue people

2935  
01:57:30,950 --> 01:57:28,619  
that screw with you remember how it used

2936  
01:57:32,030 --> 01:57:30,960  
to be uh yeah you shouldn't have you

2937  
01:57:33,770 --> 01:57:32,040  
shouldn't have talked about that

2938  
01:57:35,750 --> 01:57:33,780

sighting Airman uh you're never flying

2939

01:57:38,870 --> 01:57:35,760

again we're putting you on a desk right

2940

01:57:40,370 --> 01:57:38,880

you know near the Bering Sea okay and by

2941

01:57:42,589 --> 01:57:40,380

the way your wife is divorcing you

2942

01:57:44,870 --> 01:57:42,599

that's the way it used to be now this is

2943

01:57:48,550 --> 01:57:44,880

the way it is yeah yeah yeah is that

2944

01:57:54,550 --> 01:57:48,560

cool or what yeah it's amazing and uh

2945

01:57:59,390 --> 01:57:54,560

it's when you see I I brought up earlier

2946

01:58:01,669 --> 01:57:59,400

the report that is now required by law

2947

01:58:05,990 --> 01:58:01,679

for the odni and the dod to go back to

2948

01:58:09,350 --> 01:58:06,000

January 1st 1945 and investigate all of

2949

01:58:12,310 --> 01:58:09,360

the military reports about UFOs well

2950

01:58:15,589 --> 01:58:12,320

that is by law

2951

01:58:18,050 --> 01:58:15,599

the classified report is also by law yes

2952

01:58:20,209 --> 01:58:18,060

okay and they're getting all of that but

2953

01:58:22,250 --> 01:58:20,219

as cool as those classified reports may

2954

01:58:23,750 --> 01:58:22,260

be and we hear they're pretty cool right

2955

01:58:24,950 --> 01:58:23,760

because because what's happening is

2956

01:58:26,570 --> 01:58:24,960

other members of Congress are learning

2957

01:58:28,790 --> 01:58:26,580

about it you know the cocktail table and

2958

01:58:31,550 --> 01:58:28,800

they're starting to talk about it

2959

01:58:34,609 --> 01:58:31,560

the non-disclosure agreement paragraph

2960

01:58:36,709 --> 01:58:34,619

is mind-blowing I mean technically there

2961

01:58:38,330 --> 01:58:36,719

should have been a Revolt right in the

2962

01:58:39,950 --> 01:58:38,340

military intelligence complex where they

2963

01:58:41,990 --> 01:58:39,960

were pick you know picketing you know

2964

01:58:44,050 --> 01:58:42,000

the Pentagon saying no no we cannot

2965

01:58:47,330 --> 01:58:44,060

possibly do that

2966

01:58:49,609 --> 01:58:47,340

regardless of how many NDA copies end up

2967

01:58:51,589 --> 01:58:49,619

turning up an arrow or get passed on to

2968

01:58:54,109 --> 01:58:51,599

Congress there will be some

2969

01:58:56,689 --> 01:58:54,119

equally important is this sends a clear

2970

01:58:58,010 --> 01:58:56,699

message to everybody out there that

2971

01:59:00,169 --> 01:58:58,020

thinks that they're going to be able to

2972

01:59:02,149 --> 01:59:00,179

get by with this and that will with the

2973

01:59:06,830 --> 01:59:02,159

the the the truth embargo will continue

2974

01:59:11,330 --> 01:59:06,840

on we'll skate like we did in in 52 47

2975

01:59:14,810 --> 01:59:11,340

uh also 90 96 95 they're clean no it's

2976

01:59:17,990 --> 01:59:14,820

over right it's over get on board let's

2977

01:59:19,790 --> 01:59:18,000

move on with this so my prediction right

2978

01:59:21,709 --> 01:59:19,800

now I feel really confident about this

2979

01:59:23,810 --> 01:59:21,719

and I'm glad that the project I'm

2980

01:59:25,189 --> 01:59:23,820

involved is so huge because you know I

2981

01:59:27,229 --> 01:59:25,199

think we're going to materially be able

2982

01:59:28,850 --> 01:59:27,239

to affect this right in in very

2983

01:59:33,229 --> 01:59:28,860

important ways

2984

01:59:35,570 --> 01:59:33,239

if I am uh Mark Warner man

2985

01:59:38,270 --> 01:59:35,580

I have a hearing this January

2986

01:59:40,070 --> 01:59:38,280

I get these witnessed it start the

2987

01:59:43,070 --> 01:59:40,080

process and we're holding a witness on

2988

01:59:44,629 --> 01:59:43,080

this incredibly significant issue the

2989

01:59:46,970 --> 01:59:44,639

the attention of the public will be

2990

01:59:49,010 --> 01:59:46,980

galvanized now I'm going to go partisan

2991

01:59:52,129 --> 01:59:49,020

for a second but it's I'm simply stating

2992

01:59:53,689 --> 01:59:52,139

you know reality here don't don't torch

2993

01:59:56,209 --> 01:59:53,699

me

2994

01:59:59,390 --> 01:59:56,219

Warner has a chance to put that going on

2995

02:00:01,669 --> 01:59:59,400

in the Senate at the same time and in

2996

02:00:04,609 --> 02:00:01,679

the Democrat consultant at the same time

2997

02:00:06,109 --> 02:00:04,619

the Republican house is going nuts all

2998

02:00:08,570 --> 02:00:06,119

right and you have this profound

2999

02:00:10,669 --> 02:00:08,580

comparison from a purely partisan

3000

02:00:13,250 --> 02:00:10,679

political basis they gotta hold those

3001  
02:00:14,629 --> 02:00:13,260  
hearings now I'm not I'm not getting I'm

3002  
02:00:16,370 --> 02:00:14,639  
not going Democrat Republican here I'm

3003  
02:00:18,109 --> 02:00:16,380  
simply saying that is the reality right

3004  
02:00:20,930 --> 02:00:18,119  
now they have a chance to start the

3005  
02:00:22,790 --> 02:00:20,940  
hearings in a democrat-controlled senate

3006  
02:00:25,189 --> 02:00:22,800  
the process is underway everything is

3007  
02:00:27,589 --> 02:00:25,199  
half set up and it just happens to be a

3008  
02:00:29,750 --> 02:00:27,599  
stark contrast to the house

3009  
02:00:30,890 --> 02:00:29,760  
is that going to play a factor and even

3010  
02:00:33,350 --> 02:00:30,900  
if it did they're not going to admit it

3011  
02:00:35,209 --> 02:00:33,360  
but I'm saying this you know when Bob

3012  
02:00:37,070 --> 02:00:35,219  
Salas is being interviewed by Arrow you

3013  
02:00:38,390 --> 02:00:37,080

need to start planning your your trips

3014

02:00:39,530 --> 02:00:38,400

to Washington okay because those

3015

02:00:41,209 --> 02:00:39,540

hearings will be open to the public

3016

02:00:43,490 --> 02:00:41,219

you're going to have to get in line very

3017

02:00:44,810 --> 02:00:43,500

very early I'm going to pay somebody to

3018

02:00:46,490 --> 02:00:44,820

get in line for me it's one of those

3019

02:00:48,410 --> 02:00:46,500

line sitters yeah I'm going to do that

3020

02:00:50,930 --> 02:00:48,420

and then I'm going to try to get in the

3021

02:00:53,149 --> 02:00:50,940

front I want to be in the front row when

3022

02:00:55,430 --> 02:00:53,159

Bob Salas sits down so when you focus on

3023

02:00:57,129 --> 02:00:55,440

Bob you're going to be saying is that

3024

02:00:59,750 --> 02:00:57,139

Basset behind in there

3025

02:01:01,669 --> 02:00:59,760

right right right

3026

02:01:04,790 --> 02:01:01,679

um Before I Let You Go Steve

3027

02:01:08,030 --> 02:01:04,800

um I saw some chatter today on social

3028

02:01:10,430 --> 02:01:08,040

media that involved you

3029

02:01:14,450 --> 02:01:10,440

um clarification here

3030

02:01:16,850 --> 02:01:14,460

um that there is a Steven Spielberg UFO

3031

02:01:19,250 --> 02:01:16,860

documentary series that is getting ready

3032

02:01:21,830 --> 02:01:19,260

to come out and that you you had

3033

02:01:23,330 --> 02:01:21,840

something to do with it no I I not

3034

02:01:25,970 --> 02:01:23,340

something to do with it I found out

3035

02:01:28,010 --> 02:01:25,980

about it and I put it out oh let me tell

3036

02:01:30,350 --> 02:01:28,020

you I've been I've been in Hollywood now

3037

02:01:31,750 --> 02:01:30,360

for almost a year

3038

02:01:36,050 --> 02:01:31,760

and

3039

02:01:41,270 --> 02:01:38,930

this town is crawling with UAP projects

3040

02:01:42,950 --> 02:01:41,280

okay in various levels yeah they are

3041

02:01:45,310 --> 02:01:42,960

yeah most of them are not being talked

3042

02:01:48,589 --> 02:01:45,320

about right okay for a lot of reasons

3043

02:01:50,149 --> 02:01:48,599

but I I can say

3044

02:01:52,129 --> 02:01:50,159

that

3045

02:01:53,570 --> 02:01:52,139

I played a small part and bring this

3046

02:01:56,209 --> 02:01:53,580

about

3047

02:01:58,189 --> 02:01:56,219

the film industry that is made well in

3048

02:01:59,930 --> 02:01:58,199

excess of a hundred billion dollars way

3049

02:02:02,510 --> 02:01:59,940

above 100 billion dollars on fictional

3050

02:02:05,270 --> 02:02:02,520

movies about ETS it's finally realized

3051  
02:02:07,669 --> 02:02:05,280  
that there may be even greater glory by

3052  
02:02:10,070 --> 02:02:07,679  
taking those resources and putting it on

3053  
02:02:12,410 --> 02:02:10,080  
the real deal and they're seeing

3054  
02:02:13,729 --> 02:02:12,420  
eyeballs by the millions and they're

3055  
02:02:15,589 --> 02:02:13,739  
jumping in let me tell you they're in

3056  
02:02:16,970 --> 02:02:15,599  
there to make money but there's plenty

3057  
02:02:18,589 --> 02:02:16,980  
of people in this town that know that

3058  
02:02:20,510 --> 02:02:18,599  
the truth embargo should end they want

3059  
02:02:23,510 --> 02:02:20,520  
to do the right thing and so you're

3060  
02:02:26,270 --> 02:02:23,520  
about to see Hollywood rise up and say

3061  
02:02:28,430 --> 02:02:26,280  
government like what you're doing but

3062  
02:02:30,890 --> 02:02:28,440  
we're not gonna let you skirt on this

3063  
02:02:32,390 --> 02:02:30,900

right we've got documentary streaming

3064

02:02:34,550 --> 02:02:32,400

series we got so much stuff in the works

3065

02:02:36,109 --> 02:02:34,560

you wouldn't believe it and one of the

3066

02:02:37,970 --> 02:02:36,119

things I'm going to be hope hoping to

3067

02:02:40,010 --> 02:02:37,980

help is make sure that a lot of this

3068

02:02:43,790 --> 02:02:40,020

content covers those other people we're

3069

02:02:46,189 --> 02:02:43,800

talking about McDonald Keo right uh

3070

02:02:48,109 --> 02:02:46,199

heinek you name it all of these people

3071

02:02:49,490 --> 02:02:48,119

who were the the founders and the people

3072

02:02:52,430 --> 02:02:49,500

that carry the water for all these years

3073

02:02:54,290 --> 02:02:52,440

hey massive stories here so let's get

3074

02:02:56,330 --> 02:02:54,300

them up on the big screen let's get the

3075

02:02:58,910 --> 02:02:56,340

narrative films let's do docs let's

3076

02:03:00,290 --> 02:02:58,920

because most of the world is for that

3077

02:03:02,450 --> 02:03:00,300

doesn't know that history most of the

3078

02:03:04,729 --> 02:03:02,460

people on this planet are under 30 right

3079

02:03:07,430 --> 02:03:04,739

they need to find out about the people

3080

02:03:09,530 --> 02:03:07,440

that that started to try to tell the

3081

02:03:12,290 --> 02:03:09,540

truth to the American people starting on

3082

02:03:14,089 --> 02:03:12,300

day one Jesse Marcel they need to know

3083

02:03:16,729 --> 02:03:14,099

about all of them because this isn't

3084

02:03:19,490 --> 02:03:16,739

just history this is the biggest history

3085

02:03:21,109 --> 02:03:19,500

you will ever live in if you're if

3086

02:03:22,570 --> 02:03:21,119

you're reincarnated another hundred

3087

02:03:26,030 --> 02:03:22,580

times

3088

02:03:28,129 --> 02:03:26,040

you're right about that you know uh uh

3089

02:03:30,770 --> 02:03:28,139

certainly James you know McDonald and

3090

02:03:33,950 --> 02:03:30,780

and and the Leonard Stringfield you know

3091

02:03:37,609 --> 02:03:33,960

on and on yeah it's it's just great

3092

02:03:38,750 --> 02:03:37,619

repel I mean yeah yeah all these people

3093

02:03:40,729 --> 02:03:38,760

are heroes they should all get the

3094

02:03:42,169 --> 02:03:40,739

freaking medal of freedom well you know

3095

02:03:43,850 --> 02:03:42,179

there was a time when they just

3096

02:03:46,070 --> 02:03:43,860

disappear into history like the early

3097

02:03:48,830 --> 02:03:46,080

black civil rights people in the 1800s

3098

02:03:51,229 --> 02:03:48,840

but this isn't then this is the age of

3099

02:03:53,990 --> 02:03:51,239

the internet social media and mass

3100

02:03:56,390 --> 02:03:54,000

participation it's the age of people 14

3101

02:03:59,089 --> 02:03:56,400

year old kids with 13 uh you know a

3102

02:04:00,649 --> 02:03:59,099

level 13 iPhones doing high level films

3103

02:04:03,410 --> 02:04:00,659

in their basement whatever the hell

3104

02:04:06,410 --> 02:04:03,420

there is no way that all of that history

3105

02:04:08,750 --> 02:04:06,420

is somehow just gonna disappear it's

3106

02:04:11,290 --> 02:04:08,760

it's going to be covered and I can tell

3107

02:04:14,570 --> 02:04:11,300

you this town is on board and happening

3108

02:04:15,890 --> 02:04:14,580

and you know we're we're one of the one

3109

02:04:18,229 --> 02:04:15,900

of the reasons that we're very happy

3110

02:04:20,330 --> 02:04:18,239

what's happening now is that we're we're

3111

02:04:21,470 --> 02:04:20,340

watching the competition we're watching

3112

02:04:23,510 --> 02:04:21,480

all this stuff developing and we're

3113

02:04:24,589 --> 02:04:23,520

gonna get run over I mean it's going to

3114

02:04:26,570 --> 02:04:24,599

be the it's going to be like the

3115

02:04:28,790 --> 02:04:26,580

Oklahoma Land Rush with the Thousand

3116

02:04:29,629 --> 02:04:28,800

conestogas racing forward to get a piece

3117

02:04:32,330 --> 02:04:29,639

of land

3118

02:04:33,290 --> 02:04:32,340

this town has figured it out and by the

3119

02:04:34,910 --> 02:04:33,300

way

3120

02:04:36,290 --> 02:04:34,920

the big they're big shots in this town

3121

02:04:38,450 --> 02:04:36,300

that have known ET presidents was real

3122

02:04:40,609 --> 02:04:38,460

going back the last 60 years I assure

3123

02:04:42,109 --> 02:04:40,619

you they're connected they're wealthy

3124

02:04:44,089 --> 02:04:42,119

they're brilliant you don't think

3125

02:04:45,770 --> 02:04:44,099

they're going to tipped off they made a

3126

02:04:47,270 --> 02:04:45,780

conscious decision

3127

02:04:50,450 --> 02:04:47,280

we're going to do the fiction on this

3128

02:04:52,550 --> 02:04:50,460

people love it we understand why we're

3129

02:04:54,290 --> 02:04:52,560

not gonna poke the bear We're not gonna

3130

02:04:55,850 --> 02:04:54,300

go there but we're going to put out the

3131

02:04:57,709 --> 02:04:55,860

fiction I'm not going to argue with that

3132

02:04:59,450 --> 02:04:57,719

they made a decision it wasn't their

3133

02:05:01,850 --> 02:04:59,460

best interest maybe it wasn't that's

3134

02:05:03,169 --> 02:05:01,860

changing you know so now all of a sudden

3135

02:05:07,189 --> 02:05:03,179

hey

3136

02:05:08,930 --> 02:05:07,199

and and and one of the key look

3137

02:05:10,609 --> 02:05:08,940

one of the reasons that I ended up in

3138

02:05:12,709 --> 02:05:10,619

this is because of a development over a

3139

02:05:15,649 --> 02:05:12,719

Bad Robot right which is not connected

3140

02:05:17,990 --> 02:05:15,659

to project but yeah uh uh one of the

3141

02:05:20,390 --> 02:05:18,000

biggest players in this town JJ Abrams

3142

02:05:22,490 --> 02:05:20,400

takes on a Reclamation project puts a

3143

02:05:24,950 --> 02:05:22,500

couple million into it puts out UFO on

3144

02:05:26,510 --> 02:05:24,960

Showtime now a lot of people say so what

3145

02:05:29,030 --> 02:05:26,520

what

3146

02:05:32,209 --> 02:05:29,040

when somebody at that level puts money

3147

02:05:33,950 --> 02:05:32,219

behind a docu-series on the UAP issue

3148

02:05:35,510 --> 02:05:33,960

right on a studio that's one of the

3149

02:05:37,189 --> 02:05:35,520

biggest in town

3150

02:05:39,229 --> 02:05:37,199

you know how many people got that

3151  
02:05:40,609 --> 02:05:39,239  
message around this town and so yeah the

3152  
02:05:42,649 --> 02:05:40,619  
Spielberg is just one of many many

3153  
02:05:44,629 --> 02:05:42,659  
projects in the works uh they're going

3154  
02:05:46,250 --> 02:05:44,639  
to start pouring out uh pretty soon and

3155  
02:05:49,010 --> 02:05:46,260  
you're going to see some things from my

3156  
02:05:51,890 --> 02:05:49,020  
neck of the woods Steve thank you so

3157  
02:05:54,530 --> 02:05:51,900  
much my friend an absolute amazing uh

3158  
02:05:56,629 --> 02:05:54,540  
conversation uh I want to bring you back

3159  
02:05:58,609 --> 02:05:56,639  
uh we've got an announcement that we're

3160  
02:06:00,709 --> 02:05:58,619  
going to do uh in about three weeks

3161  
02:06:02,770 --> 02:06:00,719  
we'll do it right here on Fade to Black

3162  
02:06:06,410 --> 02:06:02,780  
and I'm happy to be a part of it okay

3163  
02:06:09,169 --> 02:06:06,420

fantastic and look uh I might my uh my

3164

02:06:11,450 --> 02:06:09,179

messaging is always on you you can send

3165

02:06:12,830 --> 02:06:11,460

the dinner invitation Via SMS that's

3166

02:06:16,310 --> 02:06:12,840

fine

3167

02:06:18,290 --> 02:06:16,320

later see you later Steve Steve Bassett

3168

02:06:21,649 --> 02:06:18,300

thank you so much my friend uh the

3169

02:06:25,129 --> 02:06:21,659

absolute very best and uh with that

3170

02:06:27,589 --> 02:06:25,139

tomorrow night I am going to oh so uh

3171

02:06:29,629 --> 02:06:27,599

Paradigm research group all of uh

3172

02:06:32,450 --> 02:06:29,639

Steven's links and of course uh Twitter

3173

02:06:34,669 --> 02:06:32,460

uh we've got everything up and out there

3174

02:06:37,070 --> 02:06:34,679

and you can do it over on our website or

3175

02:06:39,589 --> 02:06:37,080

throughout our social media go follow

3176

02:06:41,810 --> 02:06:39,599

Steve it's uh uh prg uh Paradigm

3177

02:06:44,330 --> 02:06:41,820

research group on Twitter easy to find

3178

02:06:47,209 --> 02:06:44,340

we've got it up there all right and so

3179

02:06:51,770 --> 02:06:47,219

with that tomorrow night here on Fade to

3180

02:06:54,530 --> 02:06:51,780

Black I've got astrologer David Palmer

3181

02:06:57,290 --> 02:06:54,540

with us the Leo King and it's a very

3182

02:07:00,770 --> 02:06:57,300

important show why because right now

3183

02:07:03,649 --> 02:07:00,780

we've got a green comment that is

3184

02:07:06,169 --> 02:07:03,659

approaching Earth it has just rounded

3185

02:07:08,689 --> 02:07:06,179

the sun it's going to be visible for the

3186

02:07:11,109 --> 02:07:08,699

rest of the month naked eye right here

3187

02:07:13,490 --> 02:07:11,119

from planet Earth so what implications

3188

02:07:15,109 --> 02:07:13,500

is this going to have

3189

02:07:18,589 --> 02:07:15,119

right we're going to do all of that

3190

02:07:20,870 --> 02:07:18,599

tomorrow night with David Palmer the Leo

3191

02:07:23,570 --> 02:07:20,880

King I'm your host Jimmy Church Fade to
