

FADE TO BLACK

with JIMMY CHURCH

PRESENTS

DAVID PALMER

GREEN COMETS AND THE LEO KING

THUR JAN 19 LIVE

7:00 PM PT/10:00PM ET

1
00:00:38,889 --> 00:00:33,910

[Music]

2
00:00:42,170 --> 00:00:38,899

the smoke radio for the masses of July 8

3
00:00:44,569 --> 00:00:42,180

1947 the Army Air Forces has announced

4
00:00:46,729 --> 00:00:44,579

that a flying disc has been found and is

5
00:00:49,790 --> 00:00:46,739

now in the possession of the army

6
00:00:53,510 --> 00:00:49,800

game is rigged change the game game

7
00:00:57,170 --> 00:00:53,520

changer I occasionally think how quickly

8
00:01:00,529 --> 00:00:57,180

hard differences worldwide would vanish

9
00:01:01,790 --> 00:01:00,539

if we were facing an alien threat from

10
00:01:03,660 --> 00:01:01,800

outside this work

11
00:01:03,870 --> 00:01:03,670

[Music]

12
00:01:06,190 --> 00:01:03,880

[Applause]

13
00:01:09,109 --> 00:01:06,200

[Music]

14

00:01:11,990 --> 00:01:09,119

this is Fade to Black with your host

15

00:01:12,640 --> 00:01:12,000

Jimmy Church on the game changer Radio

16

00:01:16,130 --> 00:01:12,650

Network

17

00:01:24,490 --> 00:01:20,210

all right welcome Fade to Black

18

00:01:27,230 --> 00:01:24,500

yeah today's Thursday January 19

19

00:01:28,550 --> 00:01:27,240

2023 I'm your host Jimmy church and

20

00:01:31,730 --> 00:01:28,560

tonight

21

00:01:35,030 --> 00:01:31,740

it's the Leo King David Palmer is with

22

00:01:37,850 --> 00:01:35,040

us and not only one of the most

23

00:01:40,969 --> 00:01:37,860

respected uh astrologers in the world

24

00:01:42,350 --> 00:01:40,979

and and that that pretty much goes

25

00:01:46,249 --> 00:01:42,360

without saying but

26

00:01:48,109 --> 00:01:46,259

he's somebody that does it his way and I

27

00:01:53,149 --> 00:01:48,119

really appreciate that and respect him

28

00:01:56,510 --> 00:01:53,159

so much and high Vibe TV his app uh he's

29

00:01:59,990 --> 00:01:56,520

created that reputation as a spiritual

30

00:02:01,850 --> 00:02:00,000

uh influencer uh that

31

00:02:05,149 --> 00:02:01,860

um people listen to and and that

32

00:02:07,249 --> 00:02:05,159

includes me and uh before I I pull him

33

00:02:10,370 --> 00:02:07,259

in uh his website of course is the

34

00:02:12,770 --> 00:02:10,380

leaking.com and he's all over social

35

00:02:14,449 --> 00:02:12,780

media and Instagram and all that so go

36

00:02:16,610 --> 00:02:14,459

to leaking.com you can find everything

37

00:02:19,790 --> 00:02:16,620

there we've got that up on our website

38

00:02:22,369 --> 00:02:19,800

and throughout social media and and go

39

00:02:25,850 --> 00:02:22,379

and check them out but I'm I'm just

40

00:02:31,729 --> 00:02:28,970

we did an event uh a lot there's lots of

41

00:02:36,190 --> 00:02:31,739

pictures out there and video uh we did

42

00:02:39,589 --> 00:02:36,200

an event last year and at that event

43

00:02:43,910 --> 00:02:39,599

was late that's right he's late

44

00:02:46,910 --> 00:02:43,920

and I'm doing my thing as the host uh

45

00:02:49,190 --> 00:02:46,920

trying to stretch things out stretch

46

00:02:51,110 --> 00:02:49,200

things out I'm texting you know and and

47

00:02:52,850 --> 00:02:51,120

and and and and you know I'm getting the

48

00:02:54,470 --> 00:02:52,860

string of excuses you know and I know

49

00:02:57,410 --> 00:02:54,480

he's doing his best but anyway he's not

50

00:02:59,930 --> 00:02:57,420

there and I've got that hundreds of

51
00:03:02,690 --> 00:02:59,940
people that are starting to get a little

52
00:03:04,790 --> 00:03:02,700
antsy in front of me they don't want to

53
00:03:07,190 --> 00:03:04,800
hear any more Jimmy Church one-liners

54
00:03:10,309 --> 00:03:07,200
they don't want to hear anything else

55
00:03:13,130 --> 00:03:10,319
from me they just wanted David and

56
00:03:14,809 --> 00:03:13,140
finally he steps up I see him walking

57
00:03:18,190 --> 00:03:14,819
through the crowd right

58
00:03:22,690 --> 00:03:18,200
right and he steps up on stage

59
00:03:26,149 --> 00:03:22,700
and without missing a beat I sat down

60
00:03:28,610 --> 00:03:26,159
and I watched and I listened

61
00:03:31,729 --> 00:03:28,620
and the amount of respect and the love

62
00:03:35,330 --> 00:03:31,739
that came off of that audience and back

63
00:03:37,850 --> 00:03:35,340

onto that stage was something just

64

00:03:41,270 --> 00:03:37,860

wonderful to witness and I learned a lot

65

00:03:43,670 --> 00:03:41,280

that day and that being said you can go

66

00:03:46,970 --> 00:03:43,680

read your own bio on David we've got it

67

00:03:49,309 --> 00:03:46,980

below and I'm gonna bring in

68

00:03:51,850 --> 00:03:49,319

the new singer for Black Flag

69

00:03:55,550 --> 00:03:51,860

David Palmer the Leo King

70

00:03:59,089 --> 00:03:55,560

here I am that was a great uh intro

71

00:04:00,890 --> 00:03:59,099

thank you so much uh especially the

72

00:04:03,229 --> 00:04:00,900

amount of people that were stressed of

73

00:04:05,270 --> 00:04:03,239

me being late on the phones and it was

74

00:04:06,830 --> 00:04:05,280

disclosure Fest which is such an amazing

75

00:04:09,949 --> 00:04:06,840

festival and

76

00:04:12,589 --> 00:04:09,959

I I felt so bad I was in traffic but it

77

00:04:14,690 --> 00:04:12,599

was really very Leo of me to walk in

78

00:04:18,710 --> 00:04:14,700

with thousands of people at the festival

79

00:04:22,129 --> 00:04:18,720

and the 500 people at your that was your

80

00:04:24,890 --> 00:04:22,139

yeah yeah yeah yeah and and then I see

81

00:04:26,689 --> 00:04:24,900

Ben Carson who's about to get on after

82

00:04:28,370 --> 00:04:26,699

me looking at me and everybody's looking

83

00:04:30,170 --> 00:04:28,380

at me and I just come up there with a

84

00:04:31,730 --> 00:04:30,180

soda and my sunglasses on and I just

85

00:04:35,150 --> 00:04:31,740

started going all right well here we go

86

00:04:37,370 --> 00:04:35,160

boom it was a moment man and and see the

87

00:04:39,830 --> 00:04:37,380

thing is everything that I just said was

88

00:04:43,909 --> 00:04:39,840

the absolute I didn't it sounds like

89

00:04:45,770 --> 00:04:43,919

I've exaggerated but I no that's exactly

90

00:04:47,810 --> 00:04:45,780

how it went down that's exactly how it

91

00:04:49,490 --> 00:04:47,820

went down welcome back my friend

92

00:04:51,770 --> 00:04:49,500

um tell me the truth before we get

93

00:04:53,570 --> 00:04:51,780

started tonight all right

94

00:04:55,070 --> 00:04:53,580

um how did the auditions go for Black

95

00:04:56,689 --> 00:04:55,080

Flag it looks like you made it right

96

00:04:58,490 --> 00:04:56,699

you're in the back I think they're doing

97

00:05:00,770 --> 00:04:58,500

a movie like they did that Elvis movie

98

00:05:02,870 --> 00:05:00,780

and I think yeah I I have a good chance

99

00:05:03,950 --> 00:05:02,880

you got a good shot at it you're playing

100

00:05:06,050 --> 00:05:03,960

the part

101

00:05:08,090 --> 00:05:06,060

um tell me the truth

102

00:05:11,390 --> 00:05:08,100

do you miss the bunker do you want to be

103

00:05:13,249 --> 00:05:11,400

here Demus I do I do I do want to but

104

00:05:15,650 --> 00:05:13,259

you know what I I just miss hanging with

105

00:05:18,650 --> 00:05:15,660

you and I do love the bunker and I love

106

00:05:21,469 --> 00:05:18,660

outside the bunker at your spot looking

107

00:05:24,409 --> 00:05:21,479

at UFOs you taught me so much just in

108

00:05:26,870 --> 00:05:24,419

that one time and you taught me yeah you

109

00:05:29,510 --> 00:05:26,880

taught me uh so much that night it was

110

00:05:31,850 --> 00:05:29,520

it was pretty funny how uh the two of us

111

00:05:34,249 --> 00:05:31,860

sitting there in the dark

112

00:05:36,230 --> 00:05:34,259

um just looking up at the stars and you

113

00:05:38,870 --> 00:05:36,240

asking me questions and I'm you know

114

00:05:41,029 --> 00:05:38,880

whatever and I'm asking you what's that

115

00:05:43,850 --> 00:05:41,039

over there well that's you know and and

116

00:05:46,909 --> 00:05:43,860

we sat we did that for hours man hours

117

00:05:49,249 --> 00:05:46,919

yeah and all the people you brought by

118

00:05:51,830 --> 00:05:49,259

and and there's so many good people and

119

00:05:54,409 --> 00:05:51,840

I I just literally love those are the

120

00:05:57,409 --> 00:05:54,419

moments that make life so worth doing

121

00:05:59,990 --> 00:05:57,419

this work is is when you know how you

122

00:06:02,210 --> 00:06:00,000

and I met and then continuing the

123

00:06:03,890 --> 00:06:02,220

friendship and and really piggybacking

124

00:06:05,990 --> 00:06:03,900

up each other with our knowledge and

125

00:06:08,689 --> 00:06:06,000

having fun with others and and seeking

126

00:06:10,730 --> 00:06:08,699

all the exciting things are out there is

127

00:06:12,950 --> 00:06:10,740

in the universe and in life in general

128

00:06:14,510 --> 00:06:12,960

you know so you know what I remember

129

00:06:16,730 --> 00:06:14,520

from that night

130

00:06:18,350 --> 00:06:16,740

um uh let me ask I I haven't even talked

131

00:06:19,550 --> 00:06:18,360

to you about this

132

00:06:23,090 --> 00:06:19,560

um well you don't know what I'm gonna

133

00:06:25,309 --> 00:06:23,100

ask but what's that uh we had Whitley

134

00:06:29,409 --> 00:06:25,319

streamer there that night I know you

135

00:06:32,870 --> 00:06:29,419

know and so to have uh that was a pretty

136

00:06:35,270 --> 00:06:32,880

rounded crowd that we had over for

137

00:06:38,570 --> 00:06:35,280

dinner right there was just a good mix

138

00:06:42,770 --> 00:06:38,580

of of of people right different minds

139

00:06:47,749 --> 00:06:42,780

and things but then then there's Whitley

140

00:06:51,529 --> 00:06:47,759

and talking and watching everybody so

141

00:06:54,230 --> 00:06:51,539

focused and the ability to ask you know

142

00:06:58,010 --> 00:06:54,240

Whitley questions and he's just so so

143

00:07:01,070 --> 00:06:58,020

open about everything and uh including

144

00:07:04,029 --> 00:07:01,080

yeah solid yeah yeah it was a great

145

00:07:09,230 --> 00:07:04,039

night it was a great night okay

146

00:07:14,330 --> 00:07:10,210

um

147

00:07:18,529 --> 00:07:14,340

before we get fully started

148

00:07:21,650 --> 00:07:18,539

I have seen throughout social media

149

00:07:23,330 --> 00:07:21,660

doesn't matter the platform

150

00:07:26,629 --> 00:07:23,340

um and I don't

151

00:07:28,189 --> 00:07:26,639

think the majority are from our

152

00:07:30,350 --> 00:07:28,199

community I'm just talking about General

153

00:07:35,689 --> 00:07:30,360

stuff right in general sense

154

00:07:38,570 --> 00:07:35,699

that 2023 is the great year right and

155

00:07:41,870 --> 00:07:38,580

I've I see it repeated over and over

156

00:07:44,089 --> 00:07:41,880

again and I'm I know that you've seen it

157

00:07:46,010 --> 00:07:44,099

what do you think about those comments

158

00:07:48,350 --> 00:07:46,020

um is it because everybody's just tired

159

00:07:51,129 --> 00:07:48,360

of the last uh two or three years and

160

00:07:53,870 --> 00:07:51,139

are exhausted which I can understand

161

00:07:54,890 --> 00:07:53,880

or is this something else that's going

162

00:07:56,510 --> 00:07:54,900

on

163

00:08:00,890 --> 00:07:56,520

I think it's

164

00:08:05,330 --> 00:08:00,900

people are tired but at the same time

165

00:08:07,249 --> 00:08:05,340

our solar system is at a the most

166

00:08:09,230 --> 00:08:07,259

intense place

167

00:08:13,670 --> 00:08:09,240

we're ever going to see in our lives the

168

00:08:16,249 --> 00:08:13,680

changing of not just a page or a chapter

169

00:08:19,010 --> 00:08:16,259

but a book we've never

170

00:08:20,570 --> 00:08:19,020

titled or seen before you and I in our

171

00:08:23,689 --> 00:08:20,580

last time I was on your program we're

172

00:08:26,450 --> 00:08:23,699

talking about Planet X

173

00:08:29,450 --> 00:08:26,460

but now we have you know James Webb

174

00:08:32,750 --> 00:08:29,460

Telescope but astrologically speaking or

175

00:08:34,550 --> 00:08:32,760

just even planetary speaking

176

00:08:40,969 --> 00:08:34,560

seeing

177

00:08:43,909 --> 00:08:40,979

Saturn moving into these new places

178

00:08:46,490 --> 00:08:43,919

and the last time that we saw Pluto of

179

00:08:48,350 --> 00:08:46,500

course move into Aquarius was the

180

00:08:49,910 --> 00:08:48,360

Revolutionary War

181

00:08:52,130 --> 00:08:49,920

literally

182

00:08:55,130 --> 00:08:52,140

right when the Declaration of

183

00:08:57,230 --> 00:08:55,140

Independence was signed and the winter

184

00:08:59,150 --> 00:08:57,240

of Washington

185

00:09:01,190 --> 00:08:59,160

going I don't know if this is going to

186

00:09:04,070 --> 00:09:01,200

happen right

187

00:09:06,230 --> 00:09:04,080

and the years that they had to the fight

188

00:09:09,050 --> 00:09:06,240

and the and the and the uniqueness of a

189

00:09:10,610 --> 00:09:09,060

country to govern itself and that the

190

00:09:13,070 --> 00:09:10,620

people were going to govern itself it

191

00:09:16,190 --> 00:09:13,080

was tried in the 1650s in in England

192

00:09:17,750 --> 00:09:16,200

didn't work out too hot so getting rid

193

00:09:21,350 --> 00:09:17,760

of the Monarch and shopping off his head

194

00:09:24,050 --> 00:09:21,360

that didn't work out right so the idea

195

00:09:26,269 --> 00:09:24,060

though in that that that whole way of

196

00:09:28,009 --> 00:09:26,279

where we're at now with this great year

197

00:09:29,570 --> 00:09:28,019

I guess if that's what people are

198

00:09:33,050 --> 00:09:29,580

calling it I've actually I haven't seen

199

00:09:35,150 --> 00:09:33,060

that actually but um it's the beginning

200

00:09:37,550 --> 00:09:35,160

of that new book which we've all been

201
00:09:40,250 --> 00:09:37,560
waiting for in our community we hear

202
00:09:42,670 --> 00:09:40,260
disclosure a lot right

203
00:09:45,889 --> 00:09:42,680
to me it's more about

204
00:09:48,350 --> 00:09:45,899
revealing and starting to see the

205
00:09:50,449 --> 00:09:48,360
beginning title of this new story and

206
00:09:53,509 --> 00:09:50,459
book that we've all been knowing is out

207
00:09:56,150 --> 00:09:53,519
there and so it's the discovery it's the

208
00:09:58,850 --> 00:09:56,160
discovery of where humanity is going to

209
00:10:00,829 --> 00:09:58,860
LEAP in its Evolution it's this

210
00:10:02,150 --> 00:10:00,839
discovery of where we can actually be

211
00:10:04,370 --> 00:10:02,160
better people

212
00:10:06,110 --> 00:10:04,380
and More in alignment even though it

213
00:10:07,370 --> 00:10:06,120

looks like the opposite's happening it's

214

00:10:08,990 --> 00:10:07,380

all going to be the world that's

215

00:10:11,329 --> 00:10:09,000

inverted

216

00:10:15,110 --> 00:10:11,339

and that's what's so exciting to me and

217

00:10:16,490 --> 00:10:15,120

this Comet 2022 that's come in which I

218

00:10:18,410 --> 00:10:16,500

don't know if you saw but just in the

219

00:10:20,690 --> 00:10:18,420

last five hours the tales already

220

00:10:23,870 --> 00:10:20,700

started to break apart

221

00:10:25,190 --> 00:10:23,880

um it is sort of um I I look at it the

222

00:10:28,670 --> 00:10:25,200

opposite it looks like it's getting

223

00:10:30,710 --> 00:10:28,680

longer so yeah and that's an interesting

224

00:10:33,829 --> 00:10:30,720

perspective yeah yeah it looks like it's

225

00:10:36,590 --> 00:10:33,839

getting longer um this I'll tell you the

226

00:10:39,650 --> 00:10:36,600

uh I didn't want to get into the comment

227

00:10:40,850 --> 00:10:39,660

so quickly because that's such a great

228

00:10:42,230 --> 00:10:40,860

conversation that we're going to have

229

00:10:43,930 --> 00:10:42,240

tonight

230

00:10:46,750 --> 00:10:43,940

um but

231

00:10:50,410 --> 00:10:46,760

it doesn't matter what

232

00:10:53,750 --> 00:10:50,420

headline or website you go to about that

233

00:10:55,449 --> 00:10:53,760

there's two words there that stick out

234

00:11:00,650 --> 00:10:55,459

in every single headline

235

00:11:03,829 --> 00:11:00,660

towards Earth right that's pretty that's

236

00:11:06,829 --> 00:11:03,839

that's pretty wild man that's pretty

237

00:11:09,650 --> 00:11:06,839

wild and no matter what cameras are

238

00:11:12,410 --> 00:11:09,660

looking at it uh from here on Earth but

239

00:11:15,470 --> 00:11:12,420

from the angle that we're on yeah it's

240

00:11:18,050 --> 00:11:15,480

moving down right right it's not like

241

00:11:22,970 --> 00:11:18,060

you know what I mean it's it's not doing

242

00:11:25,670 --> 00:11:22,980

no it's towards towards Earth and in

243

00:11:27,230 --> 00:11:25,680

between Earth and Mars which happen to

244

00:11:29,930 --> 00:11:27,240

just pass each other

245

00:11:31,670 --> 00:11:29,940

in the last couple months and we were

246

00:11:34,130 --> 00:11:31,680

the closest that we could be to Mars

247

00:11:37,130 --> 00:11:34,140

yeah it's interesting if you look at the

248

00:11:40,850 --> 00:11:37,140

great Comet of 1811 which brought on the

249

00:11:43,970 --> 00:11:40,860

War of 1812 the Napoleon Wars

250

00:11:45,829 --> 00:11:43,980

same place in the sky the comet would

251

00:11:47,750 --> 00:11:45,839

look and if you were to use Ptolemy in

252

00:11:51,590 --> 00:11:47,760

astrology

253

00:11:53,810 --> 00:11:51,600

he wrote and for many many thousands of

254

00:11:55,910 --> 00:11:53,820

years the older astrologers and even the

255

00:11:57,949 --> 00:11:55,920

Romans and Greek astrologers always said

256

00:12:00,650 --> 00:11:57,959

a comment is what you pay attention to

257

00:12:03,110 --> 00:12:00,660

it just as much as a solar eclipse

258

00:12:04,910 --> 00:12:03,120

or of course the planets because it's

259

00:12:07,370 --> 00:12:04,920

something we're able to see it's

260

00:12:10,970 --> 00:12:07,380

something that we can track and we can

261

00:12:12,590 --> 00:12:10,980

see and where in the area in the zone of

262

00:12:14,870 --> 00:12:12,600

the sky is it happening and to pay

263

00:12:17,210 --> 00:12:14,880

attention to and what planets is it

264

00:12:19,130 --> 00:12:17,220

happening close to

265

00:12:21,889 --> 00:12:19,140

and so it's interesting that it's

266

00:12:24,949 --> 00:12:21,899

happening by Mars the same way it did in

267

00:12:27,550 --> 00:12:24,959

1811 ironically enough the great Comet

268

00:12:31,430 --> 00:12:27,560

of 1811 in the same area in the same

269

00:12:34,430 --> 00:12:31,440

zodiac signs right so it's been moving

270

00:12:36,410 --> 00:12:34,440

you know a lot but it's kind of got a

271

00:12:39,050 --> 00:12:36,420

really weird uh

272

00:12:41,389 --> 00:12:39,060

orbit this one and it also is really

273

00:12:43,490 --> 00:12:41,399

weird to me that we didn't see it until

274

00:12:45,230 --> 00:12:43,500

50 000 years prior but then we're not

275

00:12:49,250 --> 00:12:45,240

going to see it for over a million years

276

00:12:51,230 --> 00:12:49,260

it may be never right yeah this is like

277

00:12:53,329 --> 00:12:51,240

uh out of control sperm or something I

278

00:12:55,250 --> 00:12:53,339

have no idea right right right right

279

00:12:56,750 --> 00:12:55,260

right right the

280

00:12:59,210 --> 00:12:56,760

um uh

281

00:13:01,790 --> 00:12:59,220

the projections right the computer

282

00:13:05,930 --> 00:13:01,800

modeling on this right now are saying

283

00:13:09,590 --> 00:13:05,940

that this this is it this this it a

284

00:13:11,569 --> 00:13:09,600

million years or maybe never it just

285

00:13:12,530 --> 00:13:11,579

might not be back it's that crazy of an

286

00:13:14,329 --> 00:13:12,540

orbit

287

00:13:18,470 --> 00:13:14,339

um let's get back to this though well

288

00:13:21,050 --> 00:13:18,480

the the comment is a huge conversation

289

00:13:24,590 --> 00:13:21,060

um uh back to you know we're at the

290

00:13:28,190 --> 00:13:24,600

start of uh 2023 here

291

00:13:31,670 --> 00:13:28,200

um what uh you and I are doing an event

292

00:13:34,970 --> 00:13:31,680

here in a couple of weeks uh yeah yeah a

293

00:13:40,069 --> 00:13:34,980

huge one and we've got uh stuff going on

294

00:13:44,030 --> 00:13:40,079

all year uh how are things looking let's

295

00:13:46,490 --> 00:13:44,040

let's let's go with this first month

296

00:13:48,650 --> 00:13:46,500

month and a half through February and

297

00:13:51,829 --> 00:13:48,660

the end of February which for me are

298

00:13:55,670 --> 00:13:51,839

some very important dates

299

00:13:58,790 --> 00:13:55,680

well you know I feel one it's it's kind

300

00:14:01,790 --> 00:13:58,800

of ironic because it's the Chinese New

301
00:14:03,769 --> 00:14:01,800
Year that's happening on Saturday for us

302
00:14:06,530 --> 00:14:03,779
of course in China until be Sunday but

303
00:14:08,150 --> 00:14:06,540
on the 21st so we're having the new moon

304
00:14:09,530 --> 00:14:08,160
in Aquarius which every new moon in

305
00:14:11,269 --> 00:14:09,540
Aquarius is what brings in the new

306
00:14:13,790 --> 00:14:11,279
Chinese New Year

307
00:14:16,910 --> 00:14:13,800
so we're moving into the water rabbit

308
00:14:20,030 --> 00:14:16,920
moving out of a water Tiger but we've

309
00:14:22,730 --> 00:14:20,040
been in the Yang water the masculine

310
00:14:25,009 --> 00:14:22,740
water we're moving to a Yin water

311
00:14:26,930 --> 00:14:25,019
and it's the rabbit so it's definitely a

312
00:14:28,670 --> 00:14:26,940
different energy and a tiger doesn't

313
00:14:30,110 --> 00:14:28,680

like to sit in water right and just have

314

00:14:32,389 --> 00:14:30,120

to sit and wait and put this whole last

315

00:14:34,910 --> 00:14:32,399

2022 felt like just kind of sitting and

316

00:14:37,850 --> 00:14:34,920

waiting for a moment to pounce and

317

00:14:40,129 --> 00:14:37,860

Tigers don't want to be in water

318

00:14:42,410 --> 00:14:40,139

so you know things are definitely I

319

00:14:44,810 --> 00:14:42,420

think gonna be feeling a much more free

320

00:14:46,730 --> 00:14:44,820

than they did in 2022 felt like well it

321

00:14:48,050 --> 00:14:46,740

is free but it kind of feels like it's

322

00:14:50,449 --> 00:14:48,060

kind of

323

00:14:52,310 --> 00:14:50,459

cycling around and we had the great

324

00:14:54,350 --> 00:14:52,320

conjunction of Jupiter and Neptune in

325

00:14:59,090 --> 00:14:54,360

their home signs of Pisces and they've

326

00:15:01,550 --> 00:14:59,100

now passed so 2022 really had it doesn't

327

00:15:02,930 --> 00:15:01,560

feel like it's ended it's really this

328

00:15:05,389 --> 00:15:02,940

February that's feeling like the

329

00:15:08,329 --> 00:15:05,399

beginning of 2023 that's what's odd is

330

00:15:11,269 --> 00:15:08,339

because we've been seeing a rare

331

00:15:13,730 --> 00:15:11,279

configuration from October September and

332

00:15:16,069 --> 00:15:13,740

October of 2022 which is finally

333

00:15:19,670 --> 00:15:16,079

finishing oddly enough this week where

334

00:15:21,769 --> 00:15:19,680

in September of 2022 we had six planets

335

00:15:23,569 --> 00:15:21,779

that were retrograde that's six planets

336

00:15:27,530 --> 00:15:23,579

retrograde is very rare

337

00:15:30,370 --> 00:15:27,540

in a year just one moment of time and

338

00:15:32,629 --> 00:15:30,380

now finally on the 22nd of January

339

00:15:34,310 --> 00:15:32,639

Uranus will station direct and every

340

00:15:37,030 --> 00:15:34,320

planet will be direct

341

00:15:39,470 --> 00:15:37,040

so there'll be no retrogrades and so

342

00:15:42,590 --> 00:15:39,480

that's where it's going to start to feel

343

00:15:44,150 --> 00:15:42,600

like oh and we entered this year with a

344

00:15:47,990 --> 00:15:44,160

Mars retrograde when the Earth was

345

00:15:50,930 --> 00:15:48,000

passing Mars so that's not normal either

346

00:15:53,449 --> 00:15:50,940

so that doesn't feel like a kick off the

347

00:15:55,970 --> 00:15:53,459

new year it didn't even every picture I

348

00:15:58,509 --> 00:15:55,980

saw every event I saw just kind of felt

349

00:16:05,930 --> 00:16:02,389

2023 I guess it felt like the calendar

350

00:16:07,430 --> 00:16:05,940

system we're on is not the definition of

351
00:16:09,650 --> 00:16:07,440
our time

352
00:16:11,269 --> 00:16:09,660
and and I think people are starting to

353
00:16:13,490 --> 00:16:11,279
finally realize that there is something

354
00:16:16,250 --> 00:16:13,500
about the universal time even this

355
00:16:17,990 --> 00:16:16,260
comment appearing or the way that the

356
00:16:20,269 --> 00:16:18,000
planets move and the way that our

357
00:16:21,650 --> 00:16:20,279
ancients have always done it that you

358
00:16:23,930 --> 00:16:21,660
know what are we going to really Define

359
00:16:27,410 --> 00:16:23,940
as a new year in life you know this

360
00:16:29,750 --> 00:16:27,420
calendar system is not on so it's it's

361
00:16:32,269 --> 00:16:29,760
interesting to see that February is the

362
00:16:35,329 --> 00:16:32,279
beginning of the feeling of 2023 but the

363
00:16:38,990 --> 00:16:35,339

odd part is it's the in-between month

364

00:16:41,090 --> 00:16:39,000

between March whereas the actual shift

365

00:16:43,269 --> 00:16:41,100

of Pluto into Aquarius which hasn't

366

00:16:48,410 --> 00:16:43,279

happened since

367

00:16:49,790 --> 00:16:48,420

1777 right major changeover and then you

368

00:16:52,009 --> 00:16:49,800

have

369

00:16:54,230 --> 00:16:52,019

Saturn moving into Pisces which hasn't

370

00:16:57,110 --> 00:16:54,240

happened since 94 but with the planet

371

00:16:59,530 --> 00:16:57,120

Neptune being in Pisces we haven't seen

372

00:17:03,370 --> 00:16:59,540

these two planets in the same area since

373

00:17:05,870 --> 00:17:03,380

1523. so we're moving into

374

00:17:07,909 --> 00:17:05,880

massive new territory in March and

375

00:17:10,309 --> 00:17:07,919

February is the beginning of this new

376

00:17:12,470 --> 00:17:10,319

year but it's also the end of I would

377

00:17:14,630 --> 00:17:12,480

say what the last Millennium has felt

378

00:17:17,449 --> 00:17:14,640

like and the beginning of this new

379

00:17:19,909 --> 00:17:17,459

millennium too at the same time so uh

380

00:17:22,250 --> 00:17:19,919

that's that's 10 AM yeah yeah yeah yeah

381

00:17:25,390 --> 00:17:22,260

yeah yeah and that's a very interesting

382

00:17:28,270 --> 00:17:25,400

point uh because historically

383

00:17:30,710 --> 00:17:28,280

I think that all of us felt Yeah

384

00:17:33,049 --> 00:17:30,720

Christmas and New Year's you know after

385

00:17:35,690 --> 00:17:33,059

New Year it's like ah right new all

386

00:17:37,850 --> 00:17:35,700

right let's go here we go right and and

387

00:17:40,549 --> 00:17:37,860

the new year was here

388

00:17:42,529 --> 00:17:40,559

but what you're suggesting now and now

389

00:17:44,810 --> 00:17:42,539

that you've said it now that now I

390

00:17:50,090 --> 00:17:44,820

recognize it thanks for that David I

391

00:17:51,830 --> 00:17:50,100

hate that but uh that the new yeah so

392

00:17:53,990 --> 00:17:51,840

are you saying that it's gonna feel like

393

00:17:57,110 --> 00:17:54,000

ah New Year

394

00:18:00,110 --> 00:17:57,120

in a couple of weeks already by the end

395

00:18:02,150 --> 00:18:00,120

of this week by the 22nd of January but

396

00:18:04,669 --> 00:18:02,160

there's some odd angles that are making

397

00:18:07,370 --> 00:18:04,679

things really interesting with Mercury

398

00:18:08,870 --> 00:18:07,380

and Mars and a quincunx we call it 150

399

00:18:11,390 --> 00:18:08,880

degree angle and if you were to look at

400

00:18:13,310 --> 00:18:11,400

it three-dimensionally from a heliospec

401
00:18:17,930 --> 00:18:13,320
helio point of view

402
00:18:20,150 --> 00:18:17,940
Earth is mercury is just past Earth so

403
00:18:23,150 --> 00:18:20,160
we're out of the retrograde Earth's

404
00:18:24,710 --> 00:18:23,160
moving past Mars and this is where all

405
00:18:26,930 --> 00:18:24,720
three of them are looking like we're all

406
00:18:28,430 --> 00:18:26,940
not on the same orbits that's for sure

407
00:18:29,750 --> 00:18:28,440
it's like where the planets can have an

408
00:18:32,210 --> 00:18:29,760
awareness and we can actually see

409
00:18:34,370 --> 00:18:32,220
scientifically why every planet has

410
00:18:35,930 --> 00:18:34,380
their own orbit that they actually get

411
00:18:38,630 --> 00:18:35,940
this actual View and what that looks

412
00:18:41,810 --> 00:18:38,640
like in astrology is a is an odd angle

413
00:18:43,909 --> 00:18:41,820

where Mercury and Mars they create a

414

00:18:46,669 --> 00:18:43,919

line of sight with each other but Earth

415

00:18:48,529 --> 00:18:46,679

is to the side kind of looking at like

416

00:18:50,750 --> 00:18:48,539

I'm not in their line of sight so it's a

417

00:18:52,130 --> 00:18:50,760

really weird moment where Mars and

418

00:18:54,310 --> 00:18:52,140

Mercury are looking at each other and

419

00:18:56,510 --> 00:18:54,320

this is what's been kind of this

420

00:18:57,650 --> 00:18:56,520

agitation of like everything feels like

421

00:18:59,930 --> 00:18:57,660

it's starting to move but we're not

422

00:19:02,450 --> 00:18:59,940

right there just yet and that's what's

423

00:19:03,890 --> 00:19:02,460

turning over this next this week into

424

00:19:05,570 --> 00:19:03,900

especially with all the planets direct

425

00:19:08,570 --> 00:19:05,580

but as we come into the very first of

426

00:19:10,250 --> 00:19:08,580

February boom and the Chinese New Year

427

00:19:13,250 --> 00:19:10,260

which actually is very important

428

00:19:15,110 --> 00:19:13,260

astrology and the comet and you know

429

00:19:17,029 --> 00:19:15,120

which is going to be at its closest to

430

00:19:19,549 --> 00:19:17,039

Earth February 1st and 2nd

431

00:19:21,230 --> 00:19:19,559

no coincidence

432

00:19:23,390 --> 00:19:21,240

man

433

00:19:24,470 --> 00:19:23,400

so we should feel pretty good then are

434

00:19:27,710 --> 00:19:24,480

you saying then

435

00:19:29,690 --> 00:19:27,720

that should feel that energy yeah 100 I

436

00:19:31,909 --> 00:19:29,700

think it's for people who are excited

437

00:19:33,830 --> 00:19:31,919

about the unknown yes you're gonna feel

438

00:19:36,529 --> 00:19:33,840

excited for those that want to cling on

439

00:19:39,049 --> 00:19:36,539

to the to the old way and not evolve and

440

00:19:42,230 --> 00:19:39,059

see where the excitement of the unknown

441

00:19:44,150 --> 00:19:42,240

is it could be very difficult

442

00:19:46,190 --> 00:19:44,160

um can uh can we back up a little bit

443

00:19:48,289 --> 00:19:46,200

let's go back three months two months

444

00:19:52,730 --> 00:19:48,299

three months

445

00:19:54,770 --> 00:19:52,740

um when Mars uh duck behind the moon and

446

00:19:59,330 --> 00:19:54,780

we had that alignment oh yeah that that

447

00:20:01,310 --> 00:19:59,340

uh that was crazy that was cool I'm

448

00:20:03,409 --> 00:20:01,320

standing out in in your favorite spot

449

00:20:06,350 --> 00:20:03,419

I'm standing in the David Palmer

450

00:20:09,190 --> 00:20:06,360

Memorial uh spot in the backyard I'm

451
00:20:11,570 --> 00:20:09,200
right there I mean so that's that

452
00:20:15,710 --> 00:20:11,580
and I'm watching this

453
00:20:18,289 --> 00:20:15,720
and what I didn't expect

454
00:20:20,150 --> 00:20:18,299
was how fast it happened right if

455
00:20:22,789 --> 00:20:20,160
because if you looked at it especially

456
00:20:27,130 --> 00:20:22,799
as it got close you you were watching

457
00:20:29,630 --> 00:20:27,140
Mars move right and and I it it didn't

458
00:20:31,250 --> 00:20:29,640
normally with that Celestial stuff

459
00:20:34,250 --> 00:20:31,260
you're standing in the backyard for four

460
00:20:35,390 --> 00:20:34,260
hours you know because this was going

461
00:20:39,890 --> 00:20:35,400
down

462
00:20:41,930 --> 00:20:39,900
and to see uh that happened

463
00:20:46,430 --> 00:20:41,940

it would never happen in our life again

464

00:20:47,390 --> 00:20:46,440

ever ever and and and and and I watched

465

00:20:53,270 --> 00:20:47,400

it

466

00:20:54,890 --> 00:20:53,280

history at that moment how important was

467

00:20:56,930 --> 00:20:54,900

that for the world

468

00:20:59,090 --> 00:20:56,940

it was extremely important it happened

469

00:21:01,850 --> 00:20:59,100

where one of course where the Earth

470

00:21:05,210 --> 00:21:01,860

passed Mars at the exact moment that

471

00:21:08,150 --> 00:21:05,220

Earth was exactly in line of sight

472

00:21:10,490 --> 00:21:08,160

passing Mars and saying hi we're in the

473

00:21:13,250 --> 00:21:10,500

exact same alignment in alignment with

474

00:21:15,470 --> 00:21:13,260

the sun and the moon the exact moment

475

00:21:17,930 --> 00:21:15,480

that we were in a full moon the exact

476
00:21:21,110 --> 00:21:17,940
moment so the Moon and the Earth were

477
00:21:24,710 --> 00:21:21,120
both aligned looking at Mars with the

478
00:21:26,210 --> 00:21:24,720
sun and all at the same time in them in

479
00:21:28,250 --> 00:21:26,220
the most you can't get any more perfect

480
00:21:29,510 --> 00:21:28,260
right so it's like an eclipse but it's

481
00:21:31,370 --> 00:21:29,520
not

482
00:21:33,110 --> 00:21:31,380
it's kind of weird and also if you were

483
00:21:34,310 --> 00:21:33,120
to be on Mars I thought about it that

484
00:21:36,289 --> 00:21:34,320
way like

485
00:21:37,630 --> 00:21:36,299
right like that would almost be like how

486
00:21:40,549 --> 00:21:37,640
we saw them

487
00:21:41,890 --> 00:21:40,559
yeah it would be an eclipse for Mars you

488
00:21:45,350 --> 00:21:41,900

would see

489

00:21:47,149 --> 00:21:45,360

our Earth hidden by the moon yeah and I

490

00:21:48,230 --> 00:21:47,159

looked up the declinations and it would

491

00:21:52,010 --> 00:21:48,240

have been

492

00:21:53,590 --> 00:21:52,020

just the most smallest bit I thought it

493

00:21:55,490 --> 00:21:53,600

was thought it was interesting that no

494

00:21:57,350 --> 00:21:55,500

astrophysicist or anybody talked about

495

00:21:59,390 --> 00:21:57,360

it or put any info or thought about it

496

00:22:02,270 --> 00:21:59,400

or we used the Rover to look up or take

497

00:22:04,190 --> 00:22:02,280

a picture maybe they did yeah yeah but

498

00:22:06,649 --> 00:22:04,200

but definitely it would have it was an

499

00:22:08,330 --> 00:22:06,659

earth-shaking moment because it's

500

00:22:10,430 --> 00:22:08,340

you know with all this stuff that we've

501
00:22:12,169 --> 00:22:10,440
been seeing about war this is where the

502
00:22:15,649 --> 00:22:12,179
Ancients or even modern astrologers

503
00:22:18,890 --> 00:22:15,659
right Mars is war and to to have it

504
00:22:21,049 --> 00:22:18,900
exactly also in a position to where you

505
00:22:23,870 --> 00:22:21,059
know we have the fixed star aldebaran

506
00:22:27,230 --> 00:22:23,880
that's out there too now of course it's

507
00:22:29,149 --> 00:22:27,240
way up high in declination uh sorry Mars

508
00:22:33,130 --> 00:22:29,159
is the high in declination in aldebra

509
00:22:36,950 --> 00:22:33,140
and sits below like 23 to 23 to 24 below

510
00:22:39,049 --> 00:22:36,960
uh negative right so in South so there

511
00:22:42,230 --> 00:22:39,059
they were way off but they're still in

512
00:22:45,169 --> 00:22:42,240
that same spot and so it's like there's

513
00:22:47,270 --> 00:22:45,179

that's the military star

514

00:22:49,669 --> 00:22:47,280

which is interesting so there's been a

515

00:22:51,350 --> 00:22:49,679

lot about military and so that brought

516

00:22:52,610 --> 00:22:51,360

up a lot about where we have to start

517

00:22:54,110 --> 00:22:52,620

thinking

518

00:22:56,210 --> 00:22:54,120

about

519

00:22:58,310 --> 00:22:56,220

are we just gonna just do world war

520

00:23:01,610 --> 00:22:58,320

three again are we just gonna really

521

00:23:04,130 --> 00:23:01,620

just not listen to history are we gonna

522

00:23:06,409 --> 00:23:04,140

really fight with each other anymore but

523

00:23:08,270 --> 00:23:06,419

also it's a fight for truth that's what

524

00:23:13,270 --> 00:23:08,280

that full moon represented with the

525

00:23:15,890 --> 00:23:13,280

occultation of Mars to to exactly cover

526

00:23:19,490 --> 00:23:15,900

Mars and that's where it's like people

527

00:23:21,230 --> 00:23:19,500

are afraid to speak but it's also at the

528

00:23:23,210 --> 00:23:21,240

same time turning the tide where people

529

00:23:25,190 --> 00:23:23,220

are like you know what I'm going to

530

00:23:28,010 --> 00:23:25,200

speak truth and we are allowed to that's

531

00:23:30,470 --> 00:23:28,020

what we're here and our rights are so

532

00:23:32,149 --> 00:23:30,480

it's a very interesting moment because

533

00:23:33,710 --> 00:23:32,159

we'll never see it in our lives again if

534

00:23:36,890 --> 00:23:33,720

you think of where we're at in the world

535

00:23:39,529 --> 00:23:36,900

right now and about free speech and it

536

00:23:41,330 --> 00:23:39,539

is about expression too and also not

537

00:23:43,010 --> 00:23:41,340

judging people by their expression of

538

00:23:45,529 --> 00:23:43,020

how they want to be and so forth we have

539

00:23:48,830 --> 00:23:45,539

to find that that there's a common

540

00:23:50,330 --> 00:23:48,840

denominator of us as humans and and so

541

00:23:52,130 --> 00:23:50,340

it's a I think it's a beautiful moment

542

00:23:54,710 --> 00:23:52,140

but it comes with that harshness of

543

00:23:56,570 --> 00:23:54,720

truth of we got to face this stuff and

544

00:23:59,149 --> 00:23:56,580

we can't just avoid it and we've got to

545

00:24:00,890 --> 00:23:59,159

find ways for everybody to to come

546

00:24:03,770 --> 00:24:00,900

together and figure these things out

547

00:24:05,390 --> 00:24:03,780

there's solutions that are that can be

548

00:24:08,210 --> 00:24:05,400

found when more people are contributing

549

00:24:10,430 --> 00:24:08,220

in this in the problems with solutions

550

00:24:13,250 --> 00:24:10,440

that they have and and and when we

551
00:24:14,510 --> 00:24:13,260
suppress that it makes problems worse if

552
00:24:16,190 --> 00:24:14,520
you just put it to just a certain amount

553
00:24:17,990 --> 00:24:16,200
of people you know right right right

554
00:24:20,810 --> 00:24:18,000
right I love this comment from Adam

555
00:24:22,610 --> 00:24:20,820
bicycle Martian talk radio talking about

556
00:24:25,310 --> 00:24:22,620
the same thing right now from their

557
00:24:29,090 --> 00:24:25,320
perspective oh really hey that's cool

558
00:24:33,289 --> 00:24:29,100
yeah well and and uh that's actually a

559
00:24:35,570 --> 00:24:33,299
fascinating comment uh Adam uh there has

560
00:24:37,430 --> 00:24:35,580
to be

561
00:24:39,590 --> 00:24:37,440
um and when we talk about physics and

562
00:24:41,390 --> 00:24:39,600
and probability and numbers and the size

563
00:24:43,130 --> 00:24:41,400

of the universe and what's going on and

564

00:24:46,010 --> 00:24:43,140

and things and particles and

565

00:24:50,630 --> 00:24:46,020

combinations that there has to be it's

566

00:24:51,830 --> 00:24:50,640

just a numbers game it's a fact that you

567

00:24:54,470 --> 00:24:51,840

and I

568

00:24:56,390 --> 00:24:54,480

are out there somewhere else

569

00:24:59,029 --> 00:24:56,400

doing this

570

00:25:01,070 --> 00:24:59,039

right that's it there is another version

571

00:25:04,810 --> 00:25:01,080

of us out there somewhere

572

00:25:10,549 --> 00:25:04,820

okay all right crazier than that

573

00:25:14,590 --> 00:25:10,559

there is two guys like us not us

574

00:25:17,930 --> 00:25:14,600

on talk radio talking about

575

00:25:22,010 --> 00:25:17,940

exoplanets and we just found this little

576

00:25:24,289 --> 00:25:22,020

blue planet in that section of of of the

577

00:25:26,630 --> 00:25:24,299

Galaxy that looks like there might be

578

00:25:28,549 --> 00:25:26,640

life on it you know just like we are

579

00:25:31,190 --> 00:25:28,559

doing the same thing when we talk about

580

00:25:33,470 --> 00:25:31,200

the heavens and I've I know it sounds

581

00:25:36,830 --> 00:25:33,480

crazy it sounds like I'm smoking weed I

582

00:25:39,230 --> 00:25:36,840

I that but that's that's the reality of

583

00:25:40,970 --> 00:25:39,240

it and I love that part so I'm not sure

584

00:25:43,789 --> 00:25:40,980

if it's going down on Mars but it would

585

00:25:45,590 --> 00:25:43,799

be cool and if if it was going down on

586

00:25:48,950 --> 00:25:45,600

Mars that's what they would be saying

587

00:25:51,590 --> 00:25:48,960

right wasn't it a trip well think about

588

00:25:53,269 --> 00:25:51,600

how much if you look at the next time

589

00:25:56,870 --> 00:25:53,279

that the Earth is going to pass Mars

590

00:25:59,990 --> 00:25:56,880

we're entering into the phase in which

591

00:26:01,669 --> 00:26:00,000

we can actually start to get to Mars the

592

00:26:04,549 --> 00:26:01,679

best ways

593

00:26:07,310 --> 00:26:04,559

the way that if you start looking at all

594

00:26:10,250 --> 00:26:07,320

of the countries and the money that are

595

00:26:12,769 --> 00:26:10,260

sending their Mars missions

596

00:26:13,730 --> 00:26:12,779

for the next passes of the Earth and

597

00:26:17,690 --> 00:26:13,740

Mars

598

00:26:19,970 --> 00:26:17,700

whether it's from Elon Musk to NASA to

599

00:26:22,070 --> 00:26:19,980

every other country it blew my mind when

600

00:26:26,510 --> 00:26:22,080

I started to look at the 2020

601
00:26:28,190 --> 00:26:26,520
uh 4 and 2026 especially oh my gosh it's

602
00:26:30,649 --> 00:26:28,200
like they have a period where they know

603
00:26:32,630 --> 00:26:30,659
these are going to be the times and Mars

604
00:26:34,370 --> 00:26:32,640
Cycles are very interesting of course

605
00:26:35,570 --> 00:26:34,380
with the Earth passing Mars or signs

606
00:26:37,190 --> 00:26:35,580
where we're closest and then the most

607
00:26:39,710 --> 00:26:37,200
far away from it

608
00:26:41,930 --> 00:26:39,720
it's almost like they like having it far

609
00:26:43,490 --> 00:26:41,940
away because they can actually like send

610
00:26:46,070 --> 00:26:43,500
the trajectory to give it a little bit

611
00:26:48,169 --> 00:26:46,080
more time to I don't know I'm not an

612
00:26:50,690 --> 00:26:48,179
astrophysicist but it made me really

613
00:26:53,149 --> 00:26:50,700

interested to see like why didn't they

614

00:26:56,149 --> 00:26:53,159

use this point when especially in 2020

615

00:26:58,070 --> 00:26:56,159

that was the closest Earth Mars passed

616

00:26:59,990 --> 00:26:58,080

that we would ever have in our life the

617

00:27:02,210 --> 00:27:00,000

closest right you would think isn't that

618

00:27:03,830 --> 00:27:02,220

when you would shoot it all off but no

619

00:27:06,470 --> 00:27:03,840

it's actually when we start going

620

00:27:07,970 --> 00:27:06,480

farther away again that they want to and

621

00:27:09,470 --> 00:27:07,980

I thought of it just kind of in my own

622

00:27:11,750 --> 00:27:09,480

layman's terms like well maybe you'd

623

00:27:13,250 --> 00:27:11,760

want a little bit more access you want

624

00:27:15,169 --> 00:27:13,260

the do you want the wine of sight but

625

00:27:17,630 --> 00:27:15,179

you kind of maybe want it's kind of like

626

00:27:19,190 --> 00:27:17,640

docking a big yacht I kind of want a

627

00:27:21,230 --> 00:27:19,200

little bit more time and space before I

628

00:27:23,450 --> 00:27:21,240

just Jam in the yacht you know yeah yeah

629

00:27:25,250 --> 00:27:23,460

think about it yeah we gotta let the

630

00:27:28,010 --> 00:27:25,260

tide maybe come up just a little bit

631

00:27:30,110 --> 00:27:28,020

more before we pull this beast in and

632

00:27:32,570 --> 00:27:30,120

and and you're right though I watched a

633

00:27:34,970 --> 00:27:32,580

documentary on curiosity in the

634

00:27:37,490 --> 00:27:34,980

construction of it they had that window

635

00:27:40,490 --> 00:27:37,500

right they had that with they knew when

636

00:27:42,230 --> 00:27:40,500

they were launching right and so two

637

00:27:46,450 --> 00:27:42,240

three years before that and the price

638

00:27:49,310 --> 00:27:46,460

they get get your [h__h] done

639

00:27:53,750 --> 00:27:49,320

this is the date we're not missing this

640

00:27:57,350 --> 00:27:53,760

and waiting two more years and it's this

641

00:28:01,490 --> 00:27:57,360

date of we keep seeing this 2024 launch

642

00:28:05,149 --> 00:28:01,500

window and in 2026 and Mars and and

643

00:28:08,750 --> 00:28:05,159

getting Mars Mars Mars man and moon but

644

00:28:11,930 --> 00:28:08,760

mainly Mars mainly Mars and it's a it's

645

00:28:16,310 --> 00:28:11,940

a perfect perfect launch window and uh

646

00:28:18,590 --> 00:28:16,320

it's all going down for sure 2024 and uh

647

00:28:21,350 --> 00:28:18,600

2026 we're going to see some crazy stuff

648

00:28:24,110 --> 00:28:21,360

happen uh I want to say this about that

649

00:28:27,590 --> 00:28:24,120

full moon that was a very crazy day in

650

00:28:30,890 --> 00:28:27,600

headlines that was the the runoff in the

651
00:28:32,990 --> 00:28:30,900
Senate that they did in uh Georgia that

652
00:28:36,350 --> 00:28:33,000
was done that was when Trump's company

653
00:28:39,470 --> 00:28:36,360
got guilty for fraud that was when the

654
00:28:42,049 --> 00:28:39,480
house uh January 6 committee signals it

655
00:28:44,149 --> 00:28:42,059
would issue criminal referrals

656
00:28:46,610 --> 00:28:44,159
right so yeah yeah yeah if you're

657
00:28:49,490 --> 00:28:46,620
dealing with Mars and a full moon and

658
00:28:51,169 --> 00:28:49,500
it's a very rare moment there because

659
00:28:52,789 --> 00:28:51,179
that's from Earth's point of view Mars

660
00:28:54,590 --> 00:28:52,799
retrograde so a full moon on Mars

661
00:28:57,409 --> 00:28:54,600
retrograde exact

662
00:29:00,289 --> 00:28:57,419
and to think the month prior was a lunar

663
00:29:03,230 --> 00:29:00,299

eclipse exactly in conjunction with the

664

00:29:04,870 --> 00:29:03,240

planet Uranus exact so it was two

665

00:29:08,529 --> 00:29:04,880

back-to-back months of a full moon

666

00:29:11,510 --> 00:29:08,539

occluding a planet

667

00:29:13,190 --> 00:29:11,520

you felt the vibe I mean I felt the

668

00:29:16,130 --> 00:29:13,200

energy from that

669

00:29:19,250 --> 00:29:16,140

um now before we uh swing back forward

670

00:29:22,070 --> 00:29:19,260

um into the comet I I also want to go

671

00:29:24,350 --> 00:29:22,080

back uh I I I did a live stream of this

672

00:29:27,169 --> 00:29:24,360

because I was on the freeway uh when the

673

00:29:30,409 --> 00:29:27,179

first part of it was going down uh about

674

00:29:33,289 --> 00:29:30,419

a year ago uh a little less maybe nine

675

00:29:34,990 --> 00:29:33,299

months we had the red moon full lunar

676
00:29:39,710 --> 00:29:35,000
eclipse

677
00:29:42,730 --> 00:29:39,720
and I'm I'm gonna say the Mars that was

678
00:29:47,029 --> 00:29:42,740
pretty incredible we had the the Venus

679
00:29:48,830 --> 00:29:47,039
Saturn thing going on with the moon uh

680
00:29:51,409 --> 00:29:48,840
that was that actually that was pretty

681
00:29:56,810 --> 00:29:51,419
cool too we can't forget about that but

682
00:29:58,669 --> 00:29:56,820
but that red moon full eclipse night I

683
00:30:01,370 --> 00:29:58,679
did a live stream for my car I'm racing

684
00:30:04,010 --> 00:30:01,380
to get home uh I'm watching it from the

685
00:30:06,409 --> 00:30:04,020
freeway it was the spookiest craziest

686
00:30:07,850 --> 00:30:06,419
thing it's right there right right you

687
00:30:09,830 --> 00:30:07,860
know there was clouds that were coming

688
00:30:11,810 --> 00:30:09,840

through for us which is not normal and

689

00:30:13,909 --> 00:30:11,820

then it would you could see it it was

690

00:30:16,070 --> 00:30:13,919

pretty it was pretty incredible it was

691

00:30:18,590 --> 00:30:16,080

pretty incredible and then then I

692

00:30:21,889 --> 00:30:18,600

watched it then I watched it go down and

693

00:30:24,409 --> 00:30:21,899

uh videotaped and live streamed

694

00:30:27,769 --> 00:30:24,419

how powerful is something like that when

695

00:30:30,669 --> 00:30:27,779

it goes down so beautifully uh the

696

00:30:35,630 --> 00:30:30,679

combination of a hot summer night right

697

00:30:38,990 --> 00:30:35,640

uh a full full-on eclipse right and

698

00:30:40,610 --> 00:30:39,000

those colors wow it was just insane well

699

00:30:43,070 --> 00:30:40,620

and the fact that we're not gonna we've

700

00:30:44,990 --> 00:30:43,080

been lucky on the west coast of being in

701

00:30:46,730 --> 00:30:45,000

the Americas to be able to see lunar

702

00:30:49,490 --> 00:30:46,740

eclipses now that was the last one we're

703

00:30:51,649 --> 00:30:49,500

gonna get to see for years so it was

704

00:30:54,110 --> 00:30:51,659

that was the unique part but the other

705

00:30:57,230 --> 00:30:54,120

unique part of it is in the area in

706

00:31:02,090 --> 00:30:57,240

which we saw this so you always go back

707

00:31:05,269 --> 00:31:02,100

about 19 years so 2003 into 2004 which

708

00:31:07,610 --> 00:31:05,279

was the Iraq invasion and

709

00:31:10,549 --> 00:31:07,620

you know you start looking at things and

710

00:31:12,529 --> 00:31:10,559

you start going hmm

711

00:31:14,210 --> 00:31:12,539

you know and then you think of the one

712

00:31:15,769 --> 00:31:14,220

that the not an eclipse but the full

713

00:31:18,529 --> 00:31:15,779

moon that happened right after on top of

714

00:31:20,330 --> 00:31:18,539

Mars the military buildup over the last

715

00:31:22,430 --> 00:31:20,340

couple months during these Eclipse

716

00:31:26,630 --> 00:31:22,440

energies while there was also another

717

00:31:28,490 --> 00:31:26,640

full moon with an occult occulting Mars

718

00:31:31,190 --> 00:31:28,500

you know that's been the interesting

719

00:31:33,710 --> 00:31:31,200

part is about so much about military or

720

00:31:36,230 --> 00:31:33,720

then finally right after that right

721

00:31:38,630 --> 00:31:36,240

we're by where you live we got to see

722

00:31:43,310 --> 00:31:38,640

the new B-21

723

00:31:45,350 --> 00:31:43,320

bummer yeah the B-21 Raider so yeah like

724

00:31:46,269 --> 00:31:45,360

if you think about it if you look back

725

00:31:49,190 --> 00:31:46,279

at

726

00:31:50,330 --> 00:31:49,200

1940 before 41 when we went to Pearl

727

00:31:53,870 --> 00:31:50,340

Harbor

728

00:31:55,370 --> 00:31:53,880

that was when the government was saying

729

00:31:58,250 --> 00:31:55,380

that we were going to release our new

730

00:32:00,470 --> 00:31:58,260

American uh Fighters they of course they

731

00:32:02,389 --> 00:32:00,480

were prop planes

732

00:32:04,370 --> 00:32:02,399

but we weren't in a war yet so it was

733

00:32:05,810 --> 00:32:04,380

like here's the building up and telling

734

00:32:07,130 --> 00:32:05,820

the press and telling the people we got

735

00:32:08,510 --> 00:32:07,140

these new war planes we're going to be

736

00:32:10,010 --> 00:32:08,520

bringing up we're going to be testing

737

00:32:11,690 --> 00:32:10,020

them we're going to be putting them all

738

00:32:13,789 --> 00:32:11,700

out we're going to be so it's like we

739

00:32:16,070 --> 00:32:13,799

what are we are we going back in time

740

00:32:19,010 --> 00:32:16,080

again are we in a time capsule

741

00:32:20,630 --> 00:32:19,020

well it was that way though because if

742

00:32:25,789 --> 00:32:20,640

you think about it when that was going

743

00:32:29,330 --> 00:32:25,799

down there was all of the questions of

744

00:32:32,090 --> 00:32:29,340

Russia invading Ukraine of course and

745

00:32:34,070 --> 00:32:32,100

and the build up on the borders is it no

746

00:32:39,710 --> 00:32:34,080

no no no no we're not going to do it and

747

00:32:43,909 --> 00:32:39,720

and we were and uh watching the tense

748

00:32:45,830 --> 00:32:43,919

situation as as the world was watching

749

00:32:47,090 --> 00:32:45,840

that all of us were

750

00:32:49,430 --> 00:32:47,100

um that was happening at the same time

751

00:32:52,669 --> 00:32:49,440

so yeah you're exactly right uh the

752

00:32:54,529 --> 00:32:52,679

timing on that is is nearly spot on yeah

753

00:32:57,289 --> 00:32:54,539

they stopped putting Arby's commercials

754

00:32:59,149 --> 00:32:57,299

like at the beginning of the invasion do

755

00:33:01,669 --> 00:32:59,159

you remember that that happened right at

756

00:33:03,289 --> 00:33:01,679

the beginning of 2022 that there's no

757

00:33:05,330 --> 00:33:03,299

more Arby's commercials but they're

758

00:33:07,490 --> 00:33:05,340

playing this stuff anymore we'll be

759

00:33:10,730 --> 00:33:07,500

right back Kiev is being bombed and then

760

00:33:11,570 --> 00:33:10,740

get chicken fried something I was just

761

00:33:15,049 --> 00:33:11,580

like

762

00:33:17,269 --> 00:33:15,059

okay this is 2022 but now in 2023 it's

763

00:33:18,830 --> 00:33:17,279

like I feel like you know people are at

764

00:33:22,370 --> 00:33:18,840

a point to where

765

00:33:25,310 --> 00:33:22,380

are the conversations being had

766

00:33:27,289 --> 00:33:25,320

you know I'm uh I'm not a hippie but I'm

767

00:33:29,810 --> 00:33:27,299

a hippie if that makes sense I'm

768

00:33:33,110 --> 00:33:29,820

somebody who wants love compassion and

769

00:33:34,850 --> 00:33:33,120

I'm an astrologer so I look at the

770

00:33:36,769 --> 00:33:34,860

science and the planetary aspects and I

771

00:33:38,630 --> 00:33:36,779

use the ancient wisdoms of how they were

772

00:33:40,789 --> 00:33:38,640

looking at these things to help

773

00:33:43,009 --> 00:33:40,799

the world and back when there was

774

00:33:46,130 --> 00:33:43,019

magistrates on the courts in the senate

775

00:33:47,930 --> 00:33:46,140

in Rome they would be allowed to offer

776
00:33:49,370 --> 00:33:47,940
their you know opinions of why there was

777
00:33:52,130 --> 00:33:49,380
a famine or why these things were

778
00:33:54,049 --> 00:33:52,140
happening the fact that not even I don't

779
00:33:56,830 --> 00:33:54,059
care if it's not me or any other Soldier

780
00:34:00,049 --> 00:33:56,840
but just that we're not getting any

781
00:34:01,730 --> 00:34:00,059
conversations about anything going on in

782
00:34:03,830 --> 00:34:01,740
the world anymore

783
00:34:06,110 --> 00:34:03,840
at all of course they are happening on

784
00:34:07,970 --> 00:34:06,120
shows like this but you know it's like

785
00:34:10,909 --> 00:34:07,980
they've created an environment where

786
00:34:14,930 --> 00:34:10,919
it's so such a spider's web where

787
00:34:17,510 --> 00:34:14,940
there's no way to let there be some sort

788
00:34:19,369 --> 00:34:17,520

of debates anymore or be even like at

789

00:34:21,470 --> 00:34:19,379

the University level like I've been

790

00:34:23,750 --> 00:34:21,480

putting some Timothy Leary stuff up

791

00:34:26,389 --> 00:34:23,760

about the Jordan Peterson Peterson stuff

792

00:34:28,129 --> 00:34:26,399

going on and I'm like why is why isn't

793

00:34:30,970 --> 00:34:28,139

you know Jordan Peterson doing a Timothy

794

00:34:33,409 --> 00:34:30,980

Leary thing he he went and got

795

00:34:35,389 --> 00:34:33,419

broadcasted his ability to have his

796

00:34:36,710 --> 00:34:35,399

arguments out there and about how maybe

797

00:34:38,030 --> 00:34:36,720

the world could be different in a

798

00:34:39,550 --> 00:34:38,040

different way we're not seeing any of

799

00:34:45,730 --> 00:34:39,560

that

800

00:34:48,470 --> 00:34:45,740

point because if we

801
00:34:50,690 --> 00:34:48,480
uh and not to say that some of the

802
00:34:52,849 --> 00:34:50,700
recent craziness over the last three

803
00:34:55,369 --> 00:34:52,859
years didn't represent that to to some

804
00:34:57,950 --> 00:34:55,379
degree for sure but

805
00:35:00,650 --> 00:34:57,960
um if we go back historically and it

806
00:35:03,670 --> 00:35:00,660
doesn't matter what period in history

807
00:35:06,230 --> 00:35:03,680
whether it was in Europe or it was here

808
00:35:09,170 --> 00:35:06,240
uh here recently

809
00:35:12,770 --> 00:35:09,180
but we did have people speaking up

810
00:35:16,310 --> 00:35:12,780
yeah we did have things happening we did

811
00:35:18,710 --> 00:35:16,320
have public debates public Discord yeah

812
00:35:20,569 --> 00:35:18,720
right where where different Minds would

813
00:35:22,370 --> 00:35:20,579

get together you know and at the end of

814

00:35:25,609 --> 00:35:22,380

the night you know and they're going to

815

00:35:27,109 --> 00:35:25,619

they still shook hands oh yeah and and I

816

00:35:31,130 --> 00:35:27,119

mean I don't drink but they'd still

817

00:35:34,849 --> 00:35:31,140

maybe toasted to a whiskey drink or you

818

00:35:38,329 --> 00:35:34,859

know that's the crazy part is that

819

00:35:41,210 --> 00:35:38,339

we're actually in the astrology of where

820

00:35:43,010 --> 00:35:41,220

it it's really weird big events happen

821

00:35:44,690 --> 00:35:43,020

and not a lot of people say stuff and

822

00:35:48,109 --> 00:35:44,700

it's always after the events will happen

823

00:35:50,510 --> 00:35:48,119

that we we we redo the system and how we

824

00:35:52,550 --> 00:35:50,520

communicate those things but I

825

00:35:54,950 --> 00:35:52,560

I'm doing everything I can to put out

826

00:35:57,829 --> 00:35:54,960

the word that we don't have to repeat

827

00:36:00,230 --> 00:35:57,839

history I hope not I mean astrology is

828

00:36:01,910 --> 00:36:00,240

so real that it's like it's really good

829

00:36:04,609 --> 00:36:01,920

at indicating the history and what

830

00:36:06,589 --> 00:36:04,619

what's what's to look at and it's one of

831

00:36:10,310 --> 00:36:06,599

those moments where I'm like do we can

832

00:36:12,770 --> 00:36:10,320

we be the evolved human species now that

833

00:36:15,710 --> 00:36:12,780

doesn't repeat it and learns and

834

00:36:19,550 --> 00:36:15,720

actually applies it that's my biggest

835

00:36:22,970 --> 00:36:19,560

question to all things in life being an

836

00:36:27,530 --> 00:36:22,980

astrologer is can we avoid

837

00:36:30,410 --> 00:36:27,540

the same pattern by finally turning the

838

00:36:33,650 --> 00:36:30,420

tide and being aware of it you know and

839

00:36:39,290 --> 00:36:33,660

here's here's let me answer that we can

840

00:36:43,250 --> 00:36:39,300

yeah we can we have the tools we are I

841

00:36:45,530 --> 00:36:43,260

think we're more mature than we were and

842

00:36:49,250 --> 00:36:45,540

and we're growing up we're like the age

843

00:36:50,589 --> 00:36:49,260

of 21 22 right that's how old we are

844

00:36:52,910 --> 00:36:50,599

where we're like

845

00:36:55,310 --> 00:36:52,920

think about this and maybe settle down

846

00:36:58,430 --> 00:36:55,320

and start to get a little responsible

847

00:37:01,130 --> 00:36:58,440

about things that's where we are but you

848

00:37:04,550 --> 00:37:01,140

still screw up at the age of 21 22 too

849

00:37:09,109 --> 00:37:04,560

so hopefully we don't but I think that

850

00:37:11,210 --> 00:37:09,119

we can David I believe you 100 I feel

851
00:37:12,950 --> 00:37:11,220
like your show

852
00:37:15,109 --> 00:37:12,960
there's so many other people doing

853
00:37:17,690 --> 00:37:15,119
putting the word out but especially when

854
00:37:19,910 --> 00:37:17,700
we do conscious life Expo

855
00:37:22,490 --> 00:37:19,920
or any of these events where we all get

856
00:37:23,750 --> 00:37:22,500
together and get to speak about it and I

857
00:37:26,150 --> 00:37:23,760
think it's so much

858
00:37:29,089 --> 00:37:26,160
so important for people to come together

859
00:37:31,849 --> 00:37:29,099
now and come to events and go where

860
00:37:33,470 --> 00:37:31,859
other people with the same energy and

861
00:37:36,109 --> 00:37:33,480
even different parts of the energy get

862
00:37:39,230 --> 00:37:36,119
to come together and and all get to

863
00:37:40,550 --> 00:37:39,240

experience all these different ideas and

864

00:37:42,770 --> 00:37:40,560

all these different ways and that's why

865

00:37:45,050 --> 00:37:42,780

we have panels I mean that's why I love

866

00:37:47,089 --> 00:37:45,060

conscious life Expo is because

867

00:37:49,010 --> 00:37:47,099

it really is the biggest spiritual

868

00:37:50,930 --> 00:37:49,020

conference in the world it's the one

869

00:37:53,210 --> 00:37:50,940

where we all come together we come on

870

00:37:54,470 --> 00:37:53,220

panels we have individual workshops we

871

00:37:57,829 --> 00:37:54,480

hang out

872

00:38:00,410 --> 00:37:57,839

whole time it's like

873

00:38:02,930 --> 00:38:00,420

the best moments

874

00:38:04,790 --> 00:38:02,940

of the spiritual Community our conscious

875

00:38:07,010 --> 00:38:04,800

life Expo where we're everybody's

876

00:38:09,050 --> 00:38:07,020

together for multiple days and we all

877

00:38:10,970 --> 00:38:09,060

are getting all of it together and it's

878

00:38:12,770 --> 00:38:10,980

a supercharge that lasts till the next

879

00:38:14,450 --> 00:38:12,780

one always it's really interesting yeah

880

00:38:16,069 --> 00:38:14,460

yeah yeah yeah yeah that's what I feel

881

00:38:18,670 --> 00:38:16,079

is gonna be the most powerful one that

882

00:38:22,849 --> 00:38:18,680

we that's ever happened I think so too

883

00:38:25,130 --> 00:38:22,859

and uh when you when you attend

884

00:38:27,770 --> 00:38:25,140

especially conscious life Expo is a

885

00:38:30,190 --> 00:38:27,780

really good example of this

886

00:38:31,890 --> 00:38:30,200

um in that it's not

887

00:38:32,990 --> 00:38:31,900

one thing

888

00:38:35,750 --> 00:38:33,000

[Music]

889

00:38:39,230 --> 00:38:35,760

it's everything it's going down

890

00:38:41,530 --> 00:38:39,240

so you have uh the conscious Community

891

00:38:43,430 --> 00:38:41,540

right hardcore conscious Community

892

00:38:44,710 --> 00:38:43,440

dreams and

893

00:39:00,170 --> 00:38:44,720

and

894

00:39:02,870 --> 00:39:00,180

have Bigfoot in there somewhere uh we've

895

00:39:06,010 --> 00:39:02,880

got Susan Slaughter doing seances right

896

00:39:09,530 --> 00:39:06,020

that's their health there's Health stuff

897

00:39:13,069 --> 00:39:09,540

and we do we've we've got this crazy ass

898

00:39:14,230 --> 00:39:13,079

dude that's going to be DJing and

899

00:39:16,370 --> 00:39:14,240

um

900

00:39:19,010 --> 00:39:16,380

I don't even know how it all happened

901
00:39:21,470 --> 00:39:19,020
but yeah a DJing Friday night and then

902
00:39:23,270 --> 00:39:21,480
I'm doing a panel on Sunday first the

903
00:39:26,089 --> 00:39:23,280
astrology panel I always do and then

904
00:39:30,470 --> 00:39:26,099
doing a a workshop

905
00:39:32,510 --> 00:39:30,480
and and and so with that you can have

906
00:39:34,069 --> 00:39:32,520
and I talked to people the whole time

907
00:39:37,069 --> 00:39:34,079
that I'm there you you know what I do

908
00:39:40,370 --> 00:39:37,079
right I'm all over and so I'll go up to

909
00:39:43,910 --> 00:39:40,380
somebody who is there

910
00:39:46,430 --> 00:39:43,920
um and it's obvious right it's a

911
00:39:49,190 --> 00:39:46,440
conscious Vibe right and they're there

912
00:39:51,890 --> 00:39:49,200
and they happen to go in to Scott

913
00:39:54,710 --> 00:39:51,900

Walters panel and it learns about the

914

00:39:58,010 --> 00:39:54,720

hook decks and and ruin stones from

915

00:40:00,849 --> 00:39:58,020

Scandinavia right you know the hook tax

916

00:40:03,050 --> 00:40:00,859

from Jerusalem and and they come out

917

00:40:06,430 --> 00:40:03,060

they weren't looking for but they have

918

00:40:08,930 --> 00:40:06,440

an open mind right and it's the ability

919

00:40:12,170 --> 00:40:08,940

to come together and not question

920

00:40:14,390 --> 00:40:12,180

anybody not to worry about somebody's

921

00:40:16,609 --> 00:40:14,400

you know why they are here or or

922

00:40:19,250 --> 00:40:16,619

anything no it's everybody brought

923

00:40:23,030 --> 00:40:19,260

together that it's like that's how it

924

00:40:24,650 --> 00:40:23,040

was when we were growing up and and I I

925

00:40:27,109 --> 00:40:24,660

don't understand where we got that

926
00:40:28,130 --> 00:40:27,119
change in values where was okay to be

927
00:40:30,770 --> 00:40:28,140
different

928
00:40:32,150 --> 00:40:30,780
right that's what's so beautiful about

929
00:40:34,250 --> 00:40:32,160
it I love that you bring that up it

930
00:40:35,990 --> 00:40:34,260
reminds me of a real life movie theater

931
00:40:37,849 --> 00:40:36,000
the biggest one in the world but when

932
00:40:40,790 --> 00:40:37,859
you're walking into the movie theaters

933
00:40:42,589 --> 00:40:40,800
these lectures these panels it's real

934
00:40:44,510 --> 00:40:42,599
life and then we all get to come back

935
00:40:46,130 --> 00:40:44,520
and meet where the popcorn is which is

936
00:40:48,109 --> 00:40:46,140
actually much bigger than that

937
00:40:49,790 --> 00:40:48,119
everybody's got their booths and tables

938
00:40:51,170 --> 00:40:49,800

and their businesses and all that stuff

939

00:40:54,109 --> 00:40:51,180

to share we all hang out in the middle

940

00:40:57,349 --> 00:40:54,119

there and it's for three four days

941

00:41:01,310 --> 00:40:57,359

that's exactly right do you remember

942

00:41:03,050 --> 00:41:01,320

um uh events you and I are uh you're I'm

943

00:41:05,870 --> 00:41:03,060

a little older than you uh not much

944

00:41:09,950 --> 00:41:05,880

we're the same age that um and I I tell

945

00:41:14,089 --> 00:41:13,010

at 12 years old 13 years old 15 years

946

00:41:20,050 --> 00:41:14,099

old right

947

00:41:25,609 --> 00:41:22,930

and you're out in front on your street

948

00:41:27,710 --> 00:41:25,619

and and so you've got your house and

949

00:41:30,530 --> 00:41:27,720

across the street is some computer geek

950

00:41:33,650 --> 00:41:30,540

and over here is a family from India and

951

00:41:35,569 --> 00:41:33,660

over here is a a black family he's an

952

00:41:38,990 --> 00:41:35,579

insurance salesman and down the street

953

00:41:40,609 --> 00:41:39,000

this guy's a Vietnam veteran that works

954

00:41:43,550 --> 00:41:40,619

on his Harley every day in his garage

955

00:41:45,470 --> 00:41:43,560

and then over here right this mix of a

956

00:41:48,910 --> 00:41:45,480

street of a block

957

00:41:53,349 --> 00:41:48,920

right always fourth the Fourth of July

958

00:41:57,890 --> 00:41:53,359

everybody is out hanging out drinking

959

00:42:00,410 --> 00:41:57,900

cooking blowing [h__h] up right ads on

960

00:42:02,630 --> 00:42:00,420

every lawn that you never know who paid

961

00:42:04,790 --> 00:42:02,640

for them or who put them on but somebody

962

00:42:06,950 --> 00:42:04,800

did the work it put a flag on every

963

00:42:08,750 --> 00:42:06,960

single person's house in one yeah yeah

964

00:42:11,030 --> 00:42:08,760

yeah I thought we blew my mind I'm like

965

00:42:14,990 --> 00:42:11,040

who did that

966

00:42:17,150 --> 00:42:15,000

where is that today now now it's not

967

00:42:19,490 --> 00:42:17,160

cool to be different

968

00:42:22,310 --> 00:42:19,500

wait wait what

969

00:42:24,589 --> 00:42:22,320

no no that's not me and we need to get

970

00:42:26,510 --> 00:42:24,599

back to that man and and another

971

00:42:28,849 --> 00:42:26,520

conscious life Expo really is and I

972

00:42:31,609 --> 00:42:28,859

think on such a profound level for where

973

00:42:33,230 --> 00:42:31,619

I we were just talking about with where

974

00:42:35,210 --> 00:42:33,240

the world is and where the astrology is

975

00:42:39,530 --> 00:42:35,220

I mean this is a new

976
00:42:42,349 --> 00:42:39,540
huge book for Humanity The evolutionary

977
00:42:45,589 --> 00:42:42,359
I believe in evolution I'm I'm very

978
00:42:47,990 --> 00:42:45,599
evolutionist and so we are evolving as

979
00:42:50,390 --> 00:42:48,000
the human species and we have some

980
00:42:52,849 --> 00:42:50,400
choices of how it's going to go and I

981
00:42:54,410 --> 00:42:52,859
think everybody has to be at the table

982
00:42:55,490 --> 00:42:54,420
and people don't feel like they can they

983
00:42:58,309 --> 00:42:55,500
think they can only do it through

984
00:43:00,890 --> 00:42:58,319
political or something it's like no the

985
00:43:03,650 --> 00:43:00,900
people when we come together come up

986
00:43:05,450 --> 00:43:03,660
with the ways to make the changes and so

987
00:43:07,849 --> 00:43:05,460
I think it's like that's what makes it

988
00:43:09,829 --> 00:43:07,859

so beautiful is like

989

00:43:12,170 --> 00:43:09,839

people don't feel like they have a place

990

00:43:13,730 --> 00:43:12,180

to go and it's like with all the events

991

00:43:16,010 --> 00:43:13,740

that are being done in the spiritual

992

00:43:17,329 --> 00:43:16,020

community that have been going on for so

993

00:43:18,710 --> 00:43:17,339

long people are just finding out about

994

00:43:20,329 --> 00:43:18,720

these events and it's like hey you know

995

00:43:23,990 --> 00:43:20,339

conscious life X wasn't going on like 20

996

00:43:26,329 --> 00:43:24,000

years now you know but it's grown now to

997

00:43:28,309 --> 00:43:26,339

where all these disclosure Fest all

998

00:43:31,670 --> 00:43:28,319

these amazing festivals people are ready

999

00:43:33,349 --> 00:43:31,680

to start coming and everybody feels part

1000

00:43:34,730 --> 00:43:33,359

of it it's not like if you're not a

1001
00:43:36,230 --> 00:43:34,740
speaker you're not part of it you're

1002
00:43:38,470 --> 00:43:36,240
part of it the second you walk in that

1003
00:43:41,690 --> 00:43:38,480
door you are 100

1004
00:43:43,130 --> 00:43:41,700
you are in the mix that's all you got to

1005
00:43:44,630 --> 00:43:43,140
do you just gotta walk through the front

1006
00:43:45,770 --> 00:43:44,640
door

1007
00:43:48,890 --> 00:43:45,780
um now

1008
00:43:52,250 --> 00:43:48,900
uh with that in mind we've got the event

1009
00:43:55,430 --> 00:43:52,260
coming up in less than three weeks I

1010
00:43:57,050 --> 00:43:55,440
know I did that it's it's going to be

1011
00:44:00,349 --> 00:43:57,060
right here

1012
00:44:02,450 --> 00:44:00,359
um between that event which is what we

1013
00:44:04,309 --> 00:44:02,460

were just talking about

1014

00:44:07,790 --> 00:44:04,319

is everything that's going on with

1015

00:44:13,309 --> 00:44:07,800

astrology and then the unexpected right

1016

00:44:15,770 --> 00:44:13,319

here we have uh uh comment ztf

1017

00:44:17,230 --> 00:44:15,780

coming straight through

1018

00:44:20,210 --> 00:44:17,240

um

1019

00:44:25,010 --> 00:44:20,220

historically speaking

1020

00:44:25,750 --> 00:44:25,020

comets are part of the record we can go

1021

00:44:29,870 --> 00:44:25,760

back

1022

00:44:32,690 --> 00:44:29,880

thousands and thousands of years and to

1023

00:44:35,750 --> 00:44:32,700

figure out dating and years and where

1024

00:44:39,230 --> 00:44:35,760

these calendars are you just go where oh

1025

00:44:41,809 --> 00:44:39,240

they marked the you know the Comet here

1026
00:44:45,050 --> 00:44:41,819
so we know that they were at you know

1027
00:44:46,970 --> 00:44:45,060
this this this this point in history but

1028
00:44:50,990 --> 00:44:46,980
all cultures knew that comets were

1029
00:44:53,870 --> 00:44:51,000
important and they took the time uh to

1030
00:44:57,050 --> 00:44:53,880
document this and and put it into the

1031
00:45:00,530 --> 00:44:57,060
historical record right how important

1032
00:45:02,569 --> 00:45:00,540
were comments to uh not only ancient

1033
00:45:07,130 --> 00:45:02,579
history but let's let's go with the

1034
00:45:10,849 --> 00:45:07,140
Egyptians and uh uh where where the

1035
00:45:14,870 --> 00:45:10,859
comments were always uh marked and noted

1036
00:45:17,150 --> 00:45:14,880
they were all noted because of their

1037
00:45:20,089 --> 00:45:17,160
if anything they're the exclamation

1038
00:45:24,849 --> 00:45:20,099

point to whatever is happening

1039

00:45:28,069 --> 00:45:24,859

in our solar system they add the

1040

00:45:30,890 --> 00:45:28,079

magnifying glass on the situation they

1041

00:45:35,210 --> 00:45:30,900

are the disruptive force that comes out

1042

00:45:36,710 --> 00:45:35,220

of nowhere and is seen in a way that it

1043

00:45:39,410 --> 00:45:36,720

actually literally is almost like a

1044

00:45:41,930 --> 00:45:39,420

pointer too right the tail the head of

1045

00:45:44,150 --> 00:45:41,940

the Comet where is it pointing and the

1046

00:45:46,849 --> 00:45:44,160

tail always being faced where the sun is

1047

00:45:49,370 --> 00:45:46,859

which is always a weird Point too right

1048

00:45:51,349 --> 00:45:49,380

so you look at both parts of the sky the

1049

00:45:53,690 --> 00:45:51,359

Ancients used to look at where is this

1050

00:45:56,329 --> 00:45:53,700

headed in this like they would look at

1051
00:45:57,890 --> 00:45:56,339
not just the 12 zodiac constellations of

1052
00:45:59,809 --> 00:45:57,900
the tropical zodiac that we hear in

1053
00:46:01,370 --> 00:45:59,819
astrology they would actually look of

1054
00:46:03,050 --> 00:46:01,380
course because they don't run on that

1055
00:46:04,730 --> 00:46:03,060
all the time they only they're so high

1056
00:46:08,030 --> 00:46:04,740
in declination how high you can go

1057
00:46:10,370 --> 00:46:08,040
there's so many different zodiac you

1058
00:46:12,530 --> 00:46:10,380
know signs out there and so when you

1059
00:46:16,609 --> 00:46:12,540
look at all these different parts of our

1060
00:46:19,130 --> 00:46:16,619
whole entire zodiac those areas they say

1061
00:46:20,809 --> 00:46:19,140
wherever the heads headed definitely

1062
00:46:23,809 --> 00:46:20,819
there's disruptive forces but it's

1063
00:46:27,109 --> 00:46:23,819

usually where the tail is is at

1064

00:46:30,410 --> 00:46:27,119

that the calamities happened most

1065

00:46:32,990 --> 00:46:30,420

and the way that the tail is if the tail

1066

00:46:36,470 --> 00:46:33,000

comes in solid and good by the time it

1067

00:46:39,950 --> 00:46:36,480

gets closest to Earth that's a good omen

1068

00:46:43,089 --> 00:46:39,960

if it's breaking apart it's a bad Omen

1069

00:46:45,650 --> 00:46:43,099

now I'm not going to say that's true but

1070

00:46:47,270 --> 00:46:45,660

right there is something interesting to

1071

00:46:49,970 --> 00:46:47,280

say that that's been the most recorded

1072

00:46:52,190 --> 00:46:49,980

out of the India because India is the

1073

00:46:55,970 --> 00:46:52,200

ones that really were recording

1074

00:46:58,250 --> 00:46:55,980

a lot of this data and the Romans

1075

00:47:01,550 --> 00:46:58,260

a lot right yeah they were putting it

1076
00:47:03,109 --> 00:47:01,560
with more of the theology element to it

1077
00:47:05,930 --> 00:47:03,119
than I would say than I've been able to

1078
00:47:09,290 --> 00:47:05,940
find with any Theology of Egypt Egypt

1079
00:47:11,030 --> 00:47:09,300
ethology of what it actually means well

1080
00:47:12,950 --> 00:47:11,040
what about the Greeks okay no let's

1081
00:47:14,450 --> 00:47:12,960
Circle yes degree exam the Roman gem

1082
00:47:16,670 --> 00:47:14,460
yeah yeah yeah okay

1083
00:47:18,589 --> 00:47:16,680
um now

1084
00:47:21,109 --> 00:47:18,599
um and then you can go back into the

1085
00:47:22,790 --> 00:47:21,119
historical record and and you do this

1086
00:47:24,290 --> 00:47:22,800
right so you go and you pinpoint the

1087
00:47:26,390 --> 00:47:24,300
state in history and you're looking at

1088
00:47:28,730 --> 00:47:26,400

the astrology and what was going on in

1089

00:47:31,609 --> 00:47:28,740

the event but here we have these

1090

00:47:34,069 --> 00:47:31,619

exclamation points right of of comets

1091

00:47:36,710 --> 00:47:34,079

and they're all there right they're all

1092

00:47:39,530 --> 00:47:36,720

in parts and then we we are able to look

1093

00:47:42,170 --> 00:47:39,540

at that time in history and see what was

1094

00:47:45,170 --> 00:47:42,180

happening uh globally and around the

1095

00:47:48,109 --> 00:47:45,180

world during these comment events

1096

00:47:51,770 --> 00:47:48,119

right like Mark Twain was born with

1097

00:47:53,569 --> 00:47:51,780

Haley's Comet and then he wrote when he

1098

00:47:55,430 --> 00:47:53,579

knew Haley's Comet was coming back in

1099

00:47:57,470 --> 00:47:55,440

that he would leave with Haley's comment

1100

00:48:01,430 --> 00:47:57,480

and he did leave this earth with Haley's

1101

00:48:02,809 --> 00:48:01,440

Comet 75 years right so it's like

1102

00:48:04,550 --> 00:48:02,819

okay

1103

00:48:07,010 --> 00:48:04,560

that's an easy way for people to

1104

00:48:09,170 --> 00:48:07,020

understand how okay but with this

1105

00:48:11,750 --> 00:48:09,180

comment what makes it so unique

1106

00:48:14,390 --> 00:48:11,760

is how long ago it

1107

00:48:17,450 --> 00:48:14,400

was and it was when Homo sapiens and

1108

00:48:19,910 --> 00:48:17,460

Neanderthals were on the planet and the

1109

00:48:21,710 --> 00:48:19,920

evolution of humanity at that point so

1110

00:48:24,589 --> 00:48:21,720

that makes me think of

1111

00:48:26,390 --> 00:48:24,599

we're evolving astrologically we already

1112

00:48:28,790 --> 00:48:26,400

know what these transits coming to the

1113

00:48:30,890 --> 00:48:28,800

next form of human evolution from where

1114

00:48:33,589 --> 00:48:30,900

we're calling ourselves today

1115

00:48:35,630 --> 00:48:33,599

and then you're getting that comment

1116

00:48:38,210 --> 00:48:35,640

that was at that transformational point

1117

00:48:40,069 --> 00:48:38,220

where they were both on the Earth

1118

00:48:41,450 --> 00:48:40,079

and we're kind of at this place where

1119

00:48:43,010 --> 00:48:41,460

some people might say there's two

1120

00:48:44,809 --> 00:48:43,020

different versions of human on the earth

1121

00:48:46,670 --> 00:48:44,819

at the moment and where are we evolving

1122

00:48:50,569 --> 00:48:46,680

to

1123

00:48:52,430 --> 00:48:50,579

if you use the ancient way of looking at

1124

00:48:55,010 --> 00:48:52,440

it and throwing in all those kind of

1125

00:48:58,490 --> 00:48:55,020

pieces I'm just going to show this to

1126

00:49:00,829 --> 00:48:58,500

you really quick yeah I just realized in

1127

00:49:05,750 --> 00:49:00,839

in I guess that's Australia the calendar

1128

00:49:11,930 --> 00:49:08,750

I I don't know which uh Au calendar yeah

1129

00:49:14,030 --> 00:49:11,940

I I see I was hoping you would be able

1130

00:49:16,069 --> 00:49:14,040

to there's a lot of there's a lot of

1131

00:49:17,750 --> 00:49:16,079

calendars I mean you know Saudi Arabia

1132

00:49:21,790 --> 00:49:17,760

didn't get on the Gregorian calendar so

1133

00:49:26,030 --> 00:49:21,800

until 2015. so yeah you realized in AU

1134

00:49:31,930 --> 00:49:26,040

astronomical units what what okay

1135

00:49:35,210 --> 00:49:31,940

um XR that's if you made you made the

1136

00:49:38,450 --> 00:49:35,220

you made the screen now you have to

1137

00:49:44,930 --> 00:49:42,829

um uh yeah Australian 2023 year 20 okay

1138

00:49:45,950 --> 00:49:44,940

now hold on we got do we have a

1139

00:49:49,430 --> 00:49:45,960

correction

1140

00:49:52,250 --> 00:49:49,440

sorry 2023 year 20

1141

00:49:54,530 --> 00:49:52,260

20. okay XR you lost his first second

1142

00:49:56,690 --> 00:49:54,540

there though it was pretty badass yeah I

1143

00:49:59,809 --> 00:49:56,700

was like oh I didn't know Australia had

1144

00:50:04,190 --> 00:49:59,819

their own calendar it's a military time

1145

00:50:10,309 --> 00:50:06,349

um and then

1146

00:50:15,849 --> 00:50:10,319

I I think we have this uh crazy X Factor

1147

00:50:21,349 --> 00:50:19,190

you know white yellow sometimes a light

1148

00:50:22,430 --> 00:50:21,359

brown or something said in the Ancients

1149

00:50:24,250 --> 00:50:22,440

but never green

1150

00:50:29,329 --> 00:50:24,260

never green

1151
00:50:32,270 --> 00:50:29,339
Evergreen uh what what does that mean

1152
00:50:33,770 --> 00:50:32,280
well I think I mean if I were to I mean

1153
00:50:35,690 --> 00:50:33,780
if the jokester me is like it's The

1154
00:50:38,270 --> 00:50:35,700
Wizard of Oz finally showing up but

1155
00:50:40,490 --> 00:50:38,280
right the the the deeper part of myself

1156
00:50:42,349 --> 00:50:40,500
and the truth would be well we need to

1157
00:50:45,349 --> 00:50:42,359
pay attention to this more there's

1158
00:50:47,089 --> 00:50:45,359
something new coming in It's new

1159
00:50:49,970 --> 00:50:47,099
there's something new coming in

1160
00:50:51,710 --> 00:50:49,980
and scientifically to understand that

1161
00:50:53,569 --> 00:50:51,720
coloring there you know there's

1162
00:50:55,670 --> 00:50:53,579
everything from I don't know we are

1163
00:50:57,049 --> 00:50:55,680

seeing so many weird things in our solar

1164

00:50:58,549 --> 00:50:57,059

system with the planets and

1165

00:51:01,790 --> 00:50:58,559

understanding

1166

00:51:04,849 --> 00:51:01,800

what they do with their electromagnetic

1167

00:51:06,770 --> 00:51:04,859

fields the Sun and what it's been doing

1168

00:51:09,049 --> 00:51:06,780

and how we're now understanding

1169

00:51:10,790 --> 00:51:09,059

overlapping in solar cycles of solar

1170

00:51:13,490 --> 00:51:10,800

minimums and how that's creating more

1171

00:51:16,910 --> 00:51:13,500

flaring right so it's like what's really

1172

00:51:18,890 --> 00:51:16,920

happening with the you know activity of

1173

00:51:20,930 --> 00:51:18,900

if we're saying it's coming from the Sun

1174

00:51:22,910 --> 00:51:20,940

or we're saying that

1175

00:51:25,190 --> 00:51:22,920

maybe that's the coloring from the Sun

1176

00:51:26,390 --> 00:51:25,200

and the solar radiation or the solar

1177

00:51:28,790 --> 00:51:26,400

particles

1178

00:51:30,950 --> 00:51:28,800

it's it's a deeper question now of like

1179

00:51:32,750 --> 00:51:30,960

what's different about the sun I thought

1180

00:51:34,790 --> 00:51:32,760

it was interesting like a week and a

1181

00:51:37,430 --> 00:51:34,800

half or two weeks ago Elon Musk tweeted

1182

00:51:40,430 --> 00:51:37,440

uh a question to people what color is

1183

00:51:44,710 --> 00:51:40,440

the sun I did see that yeah and then he

1184

00:51:49,010 --> 00:51:47,329

when you're up in space supposedly and

1185

00:51:52,309 --> 00:51:49,020

I'm like I've never heard that where is

1186

00:51:56,210 --> 00:51:54,829

and that's what made me go instantly

1187

00:51:57,770 --> 00:51:56,220

when they said it was green I thought

1188

00:52:00,049 --> 00:51:57,780

about that I'm like

1189

00:52:01,309 --> 00:52:00,059

what's what's going on you know what I

1190

00:52:03,290 --> 00:52:01,319

mean what's going on with the Sun or

1191

00:52:04,849 --> 00:52:03,300

what what is up with the sun because you

1192

00:52:06,770 --> 00:52:04,859

know comets are related to the sun

1193

00:52:08,390 --> 00:52:06,780

everything's related to the sun and the

1194

00:52:10,250 --> 00:52:08,400

solar system

1195

00:52:12,470 --> 00:52:10,260

or even the fact that you know that X

1196

00:52:15,410 --> 00:52:12,480

Factor point is also the fact that James

1197

00:52:18,109 --> 00:52:15,420

Webb Telescope is finding atmospheric

1198

00:52:19,730 --> 00:52:18,119

exoplanets that we're finally seeing I

1199

00:52:21,890 --> 00:52:19,740

mean to see

1200

00:52:24,470 --> 00:52:21,900

to see all the pictures that we've been

1201
00:52:27,290 --> 00:52:24,480
seeing especially when I looked at uh

1202
00:52:30,170 --> 00:52:27,300
you know the creation the walls of

1203
00:52:34,069 --> 00:52:30,180
creation of the the star clouds

1204
00:52:37,549 --> 00:52:34,079
I I to see the the Hubble one in 95 and

1205
00:52:40,549 --> 00:52:37,559
to see the now I was seeing characters

1206
00:52:41,829 --> 00:52:40,559
in them it was crazy I was like what is

1207
00:52:46,130 --> 00:52:41,839
that

1208
00:52:48,650 --> 00:52:46,140
like whoa

1209
00:52:50,690 --> 00:52:48,660
and it's making us realize how much more

1210
00:52:52,670 --> 00:52:50,700
alive this universe might be and how

1211
00:52:55,010 --> 00:52:52,680
much we do not really know and that's

1212
00:52:57,170 --> 00:52:55,020
what I think the best part is don't act

1213
00:52:59,690 --> 00:52:57,180

like we know but to be more excited to

1214

00:53:03,049 --> 00:52:59,700

learn and to continue this fun process

1215

00:53:05,870 --> 00:53:03,059

you know putting it together so today uh

1216

00:53:07,609 --> 00:53:05,880

they released uh I don't have the image

1217

00:53:10,670 --> 00:53:07,619

yeah I wouldn't do it for for the show

1218

00:53:14,829 --> 00:53:10,680

anyway uh I don't want to get sideways

1219

00:53:19,190 --> 00:53:14,839

um we mapped and cataloged

1220

00:53:21,589 --> 00:53:19,200

the side view of the Milky Way a big

1221

00:53:26,030 --> 00:53:21,599

chunk of it I saw that yeah do you see

1222

00:53:29,150 --> 00:53:26,040

that image from Wild dude right now you

1223

00:53:31,730 --> 00:53:29,160

look you you know we all have this image

1224

00:53:35,630 --> 00:53:31,740

of the Milky Way oh I know so we have

1225

00:53:38,690 --> 00:53:35,640

this image of the universe and and and

1226
00:53:43,130 --> 00:53:38,700
and then you see that and it's just a

1227
00:53:43,849 --> 00:53:43,140
small section of the side of the Milky

1228
00:53:46,549 --> 00:53:43,859
Way

1229
00:53:49,430 --> 00:53:46,559
yeah look it looks like you know how on

1230
00:53:51,650 --> 00:53:49,440
iPhones we take Panorama shots yeah it

1231
00:53:53,930 --> 00:53:51,660
looks like James James Webb switched to

1232
00:53:56,390 --> 00:53:53,940
panorama mode and went you can't do the

1233
00:53:59,270 --> 00:53:56,400
Milky Way real quick yeah yeah and you

1234
00:54:01,190 --> 00:53:59,280
can't that you can't there are so many

1235
00:54:03,470 --> 00:54:01,200
stars

1236
00:54:07,130 --> 00:54:03,480
and object you know Stars you can't even

1237
00:54:10,089 --> 00:54:07,140
see between them I know it's like a

1238
00:54:12,410 --> 00:54:10,099

Jackson Pollock painting right it's like

1239

00:54:14,510 --> 00:54:12,420

yeah and I thought it was interesting it

1240

00:54:17,569 --> 00:54:14,520

was in 2020 one of the great discoveries

1241

00:54:19,730 --> 00:54:17,579

but it got overshadowed by the pandemic

1242

00:54:23,030 --> 00:54:19,740

and so forth was the discovery that in

1243

00:54:24,589 --> 00:54:23,040

between our galaxies that there is no

1244

00:54:27,349 --> 00:54:24,599

Dark Matter between that they all

1245

00:54:30,109 --> 00:54:27,359

extended to each other so like you know

1246

00:54:32,569 --> 00:54:30,119

as they spiral around that the end of

1247

00:54:34,549 --> 00:54:32,579

the spirals actually spiral into the

1248

00:54:38,030 --> 00:54:34,559

other Galaxy right I remember that being

1249

00:54:40,250 --> 00:54:38,040

like whoa so they're not really separate

1250

00:54:43,069 --> 00:54:40,260

yeah the idea is that they look separate

1251

00:54:45,650 --> 00:54:43,079

well they just um so that that was

1252

00:54:48,650 --> 00:54:45,660

released today right the The Edge view

1253

00:54:51,470 --> 00:54:48,660

uh mapping and I think they got 3.2

1254

00:54:53,030 --> 00:54:51,480

billion objects catalog that's a pretty

1255

00:54:55,190 --> 00:54:53,040

thick book by the way if you think about

1256

00:54:56,450 --> 00:54:55,200

it it was printed out it's a pretty

1257

00:54:57,770 --> 00:54:56,460

thick book

1258

00:54:59,930 --> 00:54:57,780

um but

1259

00:55:01,970 --> 00:54:59,940

last week

1260

00:55:05,750 --> 00:55:01,980

they announced

1261

00:55:07,809 --> 00:55:05,760

that they found the outer edge of the

1262

00:55:12,170 --> 00:55:07,819

Milky Way now

1263

00:55:14,030 --> 00:55:12,180

yeah so the Milky Way uh I can't do this

1264

00:55:16,549 --> 00:55:14,040

on camera because of the lights that are

1265

00:55:19,150 --> 00:55:16,559

in here but we know that our Milky Way

1266

00:55:21,710 --> 00:55:19,160

you know it's a spiral right let me see

1267

00:55:23,630 --> 00:55:21,720

uh See yeah it's the lights in here I

1268

00:55:25,730 --> 00:55:23,640

can't do it but there was a spiral here

1269

00:55:27,950 --> 00:55:25,740

that I just a little spiral and that we

1270

00:55:32,270 --> 00:55:27,960

know that from side to side on this

1271

00:55:35,150 --> 00:55:32,280

spiral is 150 000 light years across

1272

00:55:38,930 --> 00:55:35,160

that's pretty damn big right 100 that's

1273

00:55:40,430 --> 00:55:38,940

150 000 years at the speed of light it

1274

00:55:42,470 --> 00:55:40,440

would take you to go from one side of

1275

00:55:46,069 --> 00:55:42,480

our Milky Way to the other gives you an

1276

00:55:50,210 --> 00:55:46,079

idea how big the Milky Way is but then

1277

00:55:53,210 --> 00:55:50,220

they found the outer reaches of the

1278

00:55:56,109 --> 00:55:53,220

Milky Way right this is 150 000 light

1279

00:56:02,270 --> 00:55:56,119

years that it's

1280

00:56:05,950 --> 00:56:02,280

1 million light years from the center

1281

00:56:11,089 --> 00:56:05,960

not a cross right from the center out

1282

00:56:14,109 --> 00:56:11,099

one million and that it reaches almost

1283

00:56:16,910 --> 00:56:14,119

to Andromeda

1284

00:56:20,150 --> 00:56:16,920

what did you just say

1285

00:56:23,030 --> 00:56:20,160

galaxies are connected yeah right and so

1286

00:56:25,549 --> 00:56:23,040

Andromeda our closest Galactic neighbor

1287

00:56:28,010 --> 00:56:25,559

uh two and a half million light years

1288

00:56:29,290 --> 00:56:28,020

away right and that's uh that's a lot of

1289

00:56:32,870 --> 00:56:29,300

light years

1290

00:56:34,849 --> 00:56:32,880

that's not an easy trip make sure you

1291

00:56:37,309 --> 00:56:34,859

have a comfortable seat yeah and it

1292

00:56:38,329 --> 00:56:37,319

turns out that we're actually touching

1293

00:56:42,710 --> 00:56:38,339

each other

1294

00:56:43,490 --> 00:56:42,720

right it reminds me of I mean wormholes

1295

00:56:45,530 --> 00:56:43,500

now

1296

00:56:48,589 --> 00:56:45,540

like this is the kind of stuff that

1297

00:56:50,809 --> 00:56:48,599

makes me think of Pythagorean and his

1298

00:56:53,870 --> 00:56:50,819

people think of his theorem but when you

1299

00:56:55,970 --> 00:56:53,880

look into his quaternary math and that

1300

00:56:58,430 --> 00:56:55,980

there's trans numbers right so it's like

1301
00:57:00,950 --> 00:56:58,440
one two three four and then the numbers

1302
00:57:04,010 --> 00:57:00,960
between like three from one to two is

1303
00:57:06,530 --> 00:57:04,020
three and you start thinking of

1304
00:57:08,150 --> 00:57:06,540
the half of a circle

1305
00:57:10,430 --> 00:57:08,160
and to create the other half of the

1306
00:57:12,890 --> 00:57:10,440
circle is what you don't see but you can

1307
00:57:14,750 --> 00:57:12,900
understand what the math on how they use

1308
00:57:17,930 --> 00:57:14,760
it for the Sun and the Earth and the

1309
00:57:20,150 --> 00:57:17,940
moon right idea right right and this is

1310
00:57:22,069 --> 00:57:20,160
old math right but it's funny most

1311
00:57:23,809 --> 00:57:22,079
people don't know but when I started

1312
00:57:25,549 --> 00:57:23,819
thinking about all this stuff with the

1313
00:57:29,030 --> 00:57:25,559

galaxies and the understanding of the

1314

00:57:30,650 --> 00:57:29,040

Milky Way and are you are Multiverse

1315

00:57:32,990 --> 00:57:30,660

it made me start thinking in a

1316

00:57:35,210 --> 00:57:33,000

Pythagorean way of like what if

1317

00:57:38,030 --> 00:57:35,220

what we see is one part but then there's

1318

00:57:40,010 --> 00:57:38,040

this whole other side to access that we

1319

00:57:42,290 --> 00:57:40,020

just need to understand

1320

00:57:43,670 --> 00:57:42,300

the math and how that's brought over the

1321

00:57:46,730 --> 00:57:43,680

same way that

1322

00:57:48,950 --> 00:57:46,740

if our eclipses are so perfect in the

1323

00:57:51,589 --> 00:57:48,960

exact position of the moon is in the

1324

00:57:53,569 --> 00:57:51,599

right place from the distance of the

1325

00:57:56,089 --> 00:57:53,579

Earth but the sun is also the right

1326
00:57:58,809 --> 00:57:56,099
distance for the Earth and the moon to

1327
00:58:01,069 --> 00:57:58,819
Eclipse so perfectly

1328
00:58:02,990 --> 00:58:01,079
where are we going to start finding the

1329
00:58:06,530 --> 00:58:03,000
math of these perfect

1330
00:58:09,950 --> 00:58:06,540
I would call them Divine mathematics in

1331
00:58:11,750 --> 00:58:09,960
this and where is that in this stuff is

1332
00:58:14,569 --> 00:58:11,760
I think where we're going

1333
00:58:17,089 --> 00:58:14,579
that math that you're talking about you

1334
00:58:19,910 --> 00:58:17,099
know with the physicist or you know an

1335
00:58:24,170 --> 00:58:19,920
astro physicist

1336
00:58:26,870 --> 00:58:24,180
they they can see

1337
00:58:31,910 --> 00:58:26,880
what it represents right they can see it

1338
00:58:34,010 --> 00:58:31,920

they can see and for us to see the math

1339

00:58:36,950 --> 00:58:34,020

they have to write it down they have to

1340

00:58:39,289 --> 00:58:36,960

tell us what the math is but you're

1341

00:58:40,250 --> 00:58:39,299

right they see the other half of that

1342

00:58:42,289 --> 00:58:40,260

Circle

1343

00:58:44,630 --> 00:58:42,299

they see it they see it in the math they

1344

00:58:46,190 --> 00:58:44,640

can look at it and and see what it

1345

00:58:48,829 --> 00:58:46,200

represents

1346

00:58:51,829 --> 00:58:48,839

um a Multiverse a parallel world another

1347

00:58:55,069 --> 00:58:51,839

dimension uh whatever it may be they can

1348

00:58:57,589 --> 00:58:55,079

look at the math and see that and will

1349

00:58:59,930 --> 00:58:57,599

we with our level of understanding right

1350

00:59:02,329 --> 00:58:59,940

now we have a ceiling of what you and I

1351
00:59:04,970 --> 00:59:02,339
can theoretically understand we're

1352
00:59:07,549 --> 00:59:04,980
pretty smart right but we're not that

1353
00:59:10,670 --> 00:59:07,559
smart right but there will be a time

1354
00:59:13,549 --> 00:59:10,680
when we do see

1355
00:59:16,130 --> 00:59:13,559
when we do understand when we look at

1356
00:59:18,170 --> 00:59:16,140
that and we do see another dimension

1357
00:59:22,309 --> 00:59:18,180
right yeah that's where this is all

1358
00:59:24,789 --> 00:59:22,319
moving is the end of our tropical zodiac

1359
00:59:27,650 --> 00:59:24,799
which is Aquarius and Pisces and seeing

1360
00:59:29,210 --> 00:59:27,660
Pluto here and then Saturn and Neptune

1361
00:59:32,329 --> 00:59:29,220
the last time Saturn and Neptune came

1362
00:59:34,970 --> 00:59:32,339
together was in 1989 and then they were

1363
00:59:38,109 --> 00:59:34,980

together through 90 into 91 and this is

1364

00:59:42,109 --> 00:59:38,119

where the internet and Computing became

1365

00:59:44,089 --> 00:59:42,119

actually very commercialized but it was

1366

00:59:46,370 --> 00:59:44,099

still more on a private level because it

1367

00:59:47,829 --> 00:59:46,380

was so expensive but pretty quick they

1368

00:59:50,870 --> 00:59:47,839

brought it to Market

1369

00:59:54,710 --> 00:59:50,880

and now with Saturn and Neptune coming

1370

00:59:57,049 --> 00:59:54,720

together again it's like what where

1371

00:59:59,750 --> 00:59:57,059

we're going into the most boundless

1372

01:00:01,789 --> 00:59:59,760

Parts Pisces is such a huge zodiac sign

1373

01:00:05,089 --> 01:00:01,799

because it's one of the widest and so

1374

01:00:07,250 --> 01:00:05,099

many stars and it becomes to where we go

1375

01:00:09,109 --> 01:00:07,260

so far beyond we can almost get lost

1376

01:00:11,809 --> 01:00:09,119

because it's so wow

1377

01:00:13,730 --> 01:00:11,819

but also with Aquarius too so there's

1378

01:00:15,829 --> 01:00:13,740

this really interesting energy where we

1379

01:00:19,609 --> 01:00:15,839

are all at that point to where what else

1380

01:00:21,589 --> 01:00:19,619

is left but to see what is not seen

1381

01:00:23,870 --> 01:00:21,599

like we've seen everything that there is

1382

01:00:26,710 --> 01:00:23,880

to be seen But then there's also the

1383

01:00:30,589 --> 01:00:26,720

Oddity of like you know in

1384

01:00:33,410 --> 01:00:30,599

2021 it was when the UK scientists said

1385

01:00:35,890 --> 01:00:33,420

that like uh octopuses are actually

1386

01:00:38,809 --> 01:00:35,900

Sentinel beings yeah

1387

01:00:41,630 --> 01:00:38,819

that they were extraterrestrial correct

1388

01:00:43,309 --> 01:00:41,640

yes and they saw recently that one

1389

01:00:45,370 --> 01:00:43,319

little I don't know it was on Instagram

1390

01:00:49,430 --> 01:00:45,380

or something some fisherman caught this

1391

01:00:51,109 --> 01:00:49,440

clear Little Octopus that looked like an

1392

01:00:53,809 --> 01:00:51,119

alien from

1393

01:00:56,510 --> 01:00:53,819

um Independence Day

1394

01:00:59,089 --> 01:00:56,520

right yeah I saw it

1395

01:01:00,829 --> 01:00:59,099

and I was like that's what's weird about

1396

01:01:02,870 --> 01:01:00,839

this Pluto and how they don't count it

1397

01:01:04,069 --> 01:01:02,880

as a planet but yet they're so obsessed

1398

01:01:05,990 --> 01:01:04,079

they'll take a lot of pictures of it

1399

01:01:08,030 --> 01:01:06,000

they always mention it

1400

01:01:11,390 --> 01:01:08,040

and I wonder I'm like okay because

1401

01:01:14,750 --> 01:01:11,400

that's what's weird is Pluto's orbit so

1402

01:01:17,690 --> 01:01:14,760

long around the Sun but it also gets in

1403

01:01:20,329 --> 01:01:17,700

the zone right now where it stays in

1404

01:01:22,670 --> 01:01:20,339

parts of the sky longer

1405

01:01:26,930 --> 01:01:22,680

then the shorter form that it was over

1406

01:01:29,349 --> 01:01:26,940

the 1900s right so the 2000s are where

1407

01:01:32,510 --> 01:01:29,359

we go into where it was into the late

1408

01:01:34,670 --> 01:01:32,520

1700s into the 1800s it just starts to

1409

01:01:38,089 --> 01:01:34,680

go really far out and we start to really

1410

01:01:40,430 --> 01:01:38,099

expand our minds and really try some

1411

01:01:42,829 --> 01:01:40,440

things we never tried before so but

1412

01:01:45,289 --> 01:01:42,839

there's the other part where we were not

1413

01:01:48,230 --> 01:01:45,299

conscious of Pluto it was found in 1930.

1414

01:01:51,890 --> 01:01:48,240

so this is where we get to see Pluto

1415

01:01:52,910 --> 01:01:51,900

consciously that we can verify that it's

1416

01:01:55,549 --> 01:01:52,920

there

1417

01:01:58,069 --> 01:01:55,559

and it's going into the Realms of

1418

01:02:01,010 --> 01:01:58,079

exposing things that are underneath us

1419

01:02:03,410 --> 01:02:01,020

at the same time while as above so it's

1420

01:02:05,089 --> 01:02:03,420

like we're there's a lot more in the

1421

01:02:07,490 --> 01:02:05,099

oceans or even in our own world we don't

1422

01:02:08,990 --> 01:02:07,500

understand at the same time holy cow

1423

01:02:10,490 --> 01:02:09,000

what else is going on up there and

1424

01:02:11,630 --> 01:02:10,500

there's a connection to all that at the

1425

01:02:13,849 --> 01:02:11,640

same time too

1426

01:02:20,210 --> 01:02:13,859

let's take a break right here let's get

1427

01:02:24,829 --> 01:02:22,490

this is Jimmy Church of Fade to Black

1428

01:02:27,049 --> 01:02:24,839

please visit all of our sponsors we're

1429

01:02:28,789 --> 01:02:27,059

taking a quick break here all of the

1430

01:02:31,910 --> 01:02:28,799

links are below

1431

01:02:34,190 --> 01:02:31,920

and we'll be right back

1432

01:02:35,170 --> 01:02:34,200

check out Billy Carson's Forbidden

1433

01:02:37,270 --> 01:02:35,180

Knowledge

1434

01:02:39,230 --> 01:02:37,280

forbiddenknowledge.com or

1435

01:02:43,190 --> 01:02:39,240

forbiddenknowledge.tv where you can get

1436

01:02:45,650 --> 01:02:43,200

access to over 6 000 videos movies TV

1437

01:02:47,630 --> 01:02:45,660

series exclusive documentaries like the

1438

01:02:49,150 --> 01:02:47,640

Black Knight satellite you can do it all

1439

01:02:52,609 --> 01:02:49,160

for just

1440

01:02:55,069 --> 01:02:52,619

7.77 per month or seventy seven dollars

1441

01:02:57,170 --> 01:02:55,079

per year after the three-day trial which

1442

01:02:59,870 --> 01:02:57,180

is also totally free to check out it's

1443

01:03:01,750 --> 01:02:59,880

all simple to do Billy Carson is the

1444

01:03:03,410 --> 01:03:01,760

best it's simple

1445

01:03:06,109 --> 01:03:03,420

forbiddenknowledge.com or

1446

01:03:10,370 --> 01:03:06,119

forbiddenknowledge dot TV that's the

1447

01:03:14,750 --> 01:03:12,349

I will be hosting an M seeing the

1448

01:03:17,329 --> 01:03:14,760

conscious life Expo this February 10th

1449

01:03:20,270 --> 01:03:17,339

through the 13th at The Lax Hilton right

1450

01:03:22,370 --> 01:03:20,280

here in Los Angeles California 200

1451

01:03:24,470 --> 01:03:22,380

speakers including Linda Moulton Howe

1452

01:03:26,870 --> 01:03:24,480

Bashar Deborah King George Nori Daniel

1453

01:03:30,349 --> 01:03:26,880

Sheehan Scout Walter Sean Stone and

1454

01:03:34,190 --> 01:03:30,359

David Wolfe over 200 vendors special

1455

01:03:36,950 --> 01:03:34,200

events this is the biggest event of its

1456

01:03:38,930 --> 01:03:36,960

kind on planet Earth you've got to come

1457

01:03:41,630 --> 01:03:38,940

and hang out with all of us tickets and

1458

01:03:43,190 --> 01:03:41,640

info at consciouslifeexpo.com the links

1459

01:03:46,549 --> 01:03:43,200

are below

1460

01:03:49,730 --> 01:03:46,559

on Saturday April 1st that's right April

1461

01:03:51,890 --> 01:03:49,740

Fool's Day 2023 I will be hosting the

1462

01:03:55,430 --> 01:03:51,900

peripod festival at the Hyatt Regency

1463

01:03:57,890 --> 01:03:55,440

right here in Valencia California it's a

1464

01:04:00,950 --> 01:03:57,900

live one-day podcast Awards it's a film

1465

01:04:02,990 --> 01:04:00,960

festival it's a full on media event

1466

01:04:04,849 --> 01:04:03,000

we're going to have Sky watching it's

1467

01:04:07,609 --> 01:04:04,859

going to be a Lifetime Achievement Award

1468

01:04:09,589 --> 01:04:07,619

presented to Linda Moulton Howe right

1469

01:04:11,690 --> 01:04:09,599

now you can submit your podcast your

1470

01:04:14,390 --> 01:04:11,700

film your TV series any of your

1471

01:04:16,370 --> 01:04:14,400

paranormal media for consideration you

1472

01:04:19,569 --> 01:04:16,380

can do all of that on the links below

1473

01:04:21,470 --> 01:04:19,579

for info and tickets go to

1474

01:04:24,549 --> 01:04:21,480

parapodfilmfest.com that's

1475

01:04:30,230 --> 01:04:28,609

April 7th through the 14th 2023 I'll be

1476

01:04:33,230 --> 01:04:30,240

hosting and presenting on the hidden

1477

01:04:35,809 --> 01:04:33,240

secrets seminar at Sea cruise from Los

1478

01:04:38,150 --> 01:04:35,819

Angeles to the Mexican Riviera I'm the

1479

01:04:40,730 --> 01:04:38,160

Navigator of the Seas that's right up

1480

01:04:42,410 --> 01:04:40,740

top a giant water slide you've got to

1481

01:04:44,329 --> 01:04:42,420

check out the Navigator of the Seas it's

1482

01:04:46,670 --> 01:04:44,339

amazing we've got Scott Walter Adam

1483

01:04:49,549 --> 01:04:46,680

Apollo Nick Pope Brad Olson Vivian

1484

01:04:51,890 --> 01:04:49,559

chauve Jason shirka Robert Grant Reuben

1485

01:04:54,230 --> 01:04:51,900

Langdon and another 12 amazing speakers

1486

01:04:55,630 --> 01:04:54,240

and presenters it's all simple to do

1487

01:04:58,069 --> 01:04:55,640

just visit

1488

01:05:01,789 --> 01:04:58,079

divinetravels.com forward slash hidden

1489

01:05:04,010 --> 01:05:01,799

secrets 2023 you know you want to go on

1490

01:05:07,430 --> 01:05:04,020

a cruise with me

1491

01:05:10,250 --> 01:05:07,440

River Moon coffee makers of the Fade to

1492

01:05:12,069 --> 01:05:10,260

Black blend truly the best coffee on

1493

01:05:14,329 --> 01:05:12,079

planet Earth just visit

1494

01:05:16,190 --> 01:05:14,339

rivermoonwellness.com or their Amazon

1495

01:05:17,630 --> 01:05:16,200

store it's all simple to do you can

1496

01:05:19,670 --> 01:05:17,640

check out the Fade to Black blend the

1497

01:05:22,370 --> 01:05:19,680

game changer Blend or any of their black

1498

01:05:26,089 --> 01:05:22,380

moon wellness products it's the only

1499

01:05:31,670 --> 01:05:26,099

coffee I drink it is the best and it's

1500

01:05:35,630 --> 01:05:34,010

all right Welcome Back Fade to Black I'm

1501

01:05:39,490 --> 01:05:35,640

gonna see me Church

1502

01:05:45,829 --> 01:05:39,500

tonight David Palmer the Leo king

1503

01:05:48,609 --> 01:05:45,839

and the octopus Comet when when when

1504

01:05:51,289 --> 01:05:48,619

that was when that was announced

1505

01:05:53,089 --> 01:05:51,299

and and you you know just read the fine

1506

01:05:55,910 --> 01:05:53,099

print on that press release it was it

1507

01:05:58,370 --> 01:05:55,920

was pretty extraordinary and the comment

1508

01:06:00,349 --> 01:05:58,380

was and it was a direct one

1509

01:06:03,589 --> 01:06:00,359

that the octopus

1510

01:06:05,690 --> 01:06:03,599

out of every species and we've got

1511

01:06:10,190 --> 01:06:05,700

strange stuff on this planet

1512

01:06:13,250 --> 01:06:10,200

out of everything here it is the octopus

1513

01:06:17,089 --> 01:06:13,260

that doesn't belong it's the octopus

1514

01:06:18,710 --> 01:06:17,099

that doesn't make sense and the only way

1515

01:06:21,829 --> 01:06:18,720

it got here

1516

01:06:25,609 --> 01:06:21,839

was that it was brought here right I

1517

01:06:28,970 --> 01:06:25,619

have thought wow and then you go I'll

1518

01:06:30,829 --> 01:06:28,980

never I never was a fan of of that kind

1519

01:06:35,930 --> 01:06:30,839

of seafood but I'll never do that again

1520

01:06:37,970 --> 01:06:35,940

and ever in in any form no but but when

1521

01:06:41,210 --> 01:06:37,980

you analyze that and just you know just

1522

01:06:44,930 --> 01:06:41,220

give it baby calamari no no not me no no

1523

01:06:47,329 --> 01:06:44,940

no no I'm done I'm done I'm done but um

1524

01:06:49,970 --> 01:06:47,339

it kind of makes sense doesn't it it

1525

01:06:52,130 --> 01:06:49,980

does you know I thinking about this

1526

01:06:53,750 --> 01:06:52,140

comment and thinking of using the

1527

01:06:56,450 --> 01:06:53,760

reference to it

1528

01:06:59,329 --> 01:06:56,460

that you just brought up it's like

1529

01:07:01,970 --> 01:06:59,339

the old thinking was that possibly

1530

01:07:04,910 --> 01:07:01,980

comments were the seeding of planets too

1531

01:07:06,829 --> 01:07:04,920

right that's right right so it's like

1532

01:07:08,450 --> 01:07:06,839

and that's why I called it a sperm like

1533

01:07:10,789 --> 01:07:08,460

a wild sperm earlier because it does

1534

01:07:14,150 --> 01:07:10,799

look it kind of reminds me of this whole

1535

01:07:16,490 --> 01:07:14,160

way of fertilization we see in mammals

1536

01:07:18,170 --> 01:07:16,500

right but we can't also think of it in

1537

01:07:19,970 --> 01:07:18,180

that way only because there's so many

1538

01:07:22,309 --> 01:07:19,980

other species on this planet that aren't

1539

01:07:25,490 --> 01:07:22,319

mammals but there is kind of that

1540

01:07:27,109 --> 01:07:25,500

interesting what is this seeding too

1541

01:07:29,770 --> 01:07:27,119

it's like a

1542

01:07:32,270 --> 01:07:29,780

you know there's a trail to it there's

1543

01:07:36,170 --> 01:07:32,280

obviously in this case with it being

1544

01:07:38,029 --> 01:07:36,180

green something different about it

1545

01:07:40,069 --> 01:07:38,039

you know because when comet neowise in

1546

01:07:41,510 --> 01:07:40,079

2020 was coming around in the middle of

1547

01:07:43,549 --> 01:07:41,520

the pandemic and that one was beautiful

1548

01:07:46,789 --> 01:07:43,559

it was so easy to see

1549

01:07:49,250 --> 01:07:46,799

the the shots were amazing it was it was

1550

01:07:51,410 --> 01:07:49,260

it was beautiful to see it and then it

1551

01:07:53,990 --> 01:07:51,420

was things like the octopus that came

1552

01:07:57,589 --> 01:07:54,000

out it was also Humanity trying new

1553

01:07:59,750 --> 01:07:57,599

technologies which you know definitely

1554

01:08:02,390 --> 01:07:59,760

were out of the normal order

1555

01:08:04,789 --> 01:08:02,400

so I'm wondering if this comment because

1556

01:08:07,010 --> 01:08:04,799

you know there's more ancients that said

1557

01:08:08,870 --> 01:08:07,020

it was a good thing than a bad thing I

1558

01:08:11,450 --> 01:08:08,880

want to make that clear

1559

01:08:13,490 --> 01:08:11,460

um so I want to get back to Pluto but

1560

01:08:15,109 --> 01:08:13,500

speaking of sperm have you made any

1561

01:08:19,249 --> 01:08:15,119

public announcements

1562

01:08:23,390 --> 01:08:19,259

yeah I have yeah so I can say

1563

01:08:25,910 --> 01:08:23,400

congratulations thank you yeah I I I've

1564

01:08:30,470 --> 01:08:25,920

done it off the air but uh I wanted to

1565

01:08:32,689 --> 01:08:30,480

just do this uh uh on the air uh it's

1566

01:08:35,570 --> 01:08:32,699

pretty cool man thanks yeah yeah my

1567

01:08:38,510 --> 01:08:35,580

fiance Sophia is pregnant and there's

1568

01:08:41,329 --> 01:08:38,520

there's gonna be a little David

1569

01:08:43,669 --> 01:08:41,339

in some form of we will we'll find out

1570

01:08:47,030 --> 01:08:43,679

next week the gender so

1571

01:08:50,269 --> 01:08:47,040

it's pretty exciting Heaven Help Us and

1572

01:08:53,150 --> 01:08:50,279

and Heaven help her because I am as a

1573

01:08:54,769 --> 01:08:53,160

man to to go through this I know you're

1574

01:08:56,749 --> 01:08:54,779

a father I haven't gone through this yet

1575

01:08:59,570 --> 01:08:56,759

but what a woman has to go through to

1576

01:09:02,030 --> 01:08:59,580

bring a soul into this planet is

1577

01:09:04,490 --> 01:09:02,040

the most humbling you know experience

1578

01:09:07,249 --> 01:09:04,500

I've ever had to experience in my life

1579

01:09:10,550 --> 01:09:07,259

yeah yeah it's so funny you guys are

1580

01:09:13,249 --> 01:09:10,560

having a baby no I'm not she is I know

1581

01:09:15,050 --> 01:09:13,259

man I'm still I'm still working out I'm

1582

01:09:16,450 --> 01:09:15,060

hanging out I'm doing my thing you know

1583

01:09:21,470 --> 01:09:16,460

no no

1584

01:09:24,769 --> 01:09:21,480

all all of that is is on her and it's

1585

01:09:27,470 --> 01:09:24,779

it's just an amazing thing uh to go

1586

01:09:30,709 --> 01:09:27,480

through so right but that whole process

1587

01:09:32,329 --> 01:09:30,719

if you think of it with how the universe

1588

01:09:35,209 --> 01:09:32,339

is built

1589

01:09:37,789 --> 01:09:35,219

you know there's there's that kind of

1590

01:09:41,749 --> 01:09:37,799

energy of a feminine energy or at least

1591

01:09:44,390 --> 01:09:41,759

the energy that brings this life in

1592

01:09:47,630 --> 01:09:44,400

so it's a question of like is it is it

1593

01:09:49,669 --> 01:09:47,640

things like comets is it is it asteroids

1594

01:09:51,829 --> 01:09:49,679

that's always been another weird part we

1595

01:09:53,870 --> 01:09:51,839

do have an asteroid belt that's around

1596

01:09:55,370 --> 01:09:53,880

us that's definitely something that

1597

01:09:57,770 --> 01:09:55,380

broke apart

1598

01:09:59,930 --> 01:09:57,780

it's it's really interesting and then

1599

01:10:01,729 --> 01:09:59,940

you have something like Pluto which

1600

01:10:03,830 --> 01:10:01,739

actually in astrology represents

1601
01:10:08,270 --> 01:10:03,840
fertilization

1602
01:10:10,490 --> 01:10:08,280
or implanting of like a something was

1603
01:10:11,689 --> 01:10:10,500
implanted here like octopus and the

1604
01:10:14,870 --> 01:10:11,699
species of

1605
01:10:16,610 --> 01:10:14,880
of that gender of I guess I don't even

1606
01:10:20,410 --> 01:10:16,620
know where they're calling them now

1607
01:10:25,130 --> 01:10:20,420
sentinent beings yes

1608
01:10:26,050 --> 01:10:25,140
and and can I ask you oh okay so

1609
01:10:31,610 --> 01:10:26,060
um

1610
01:10:34,010 --> 01:10:31,620
I I have you charted your son yet right

1611
01:10:36,110 --> 01:10:34,020
I mean with your daughter

1612
01:10:37,790 --> 01:10:36,120
um of course of course we got the due

1613
01:10:39,649 --> 01:10:37,800

date and then I of course was already

1614

01:10:42,709 --> 01:10:39,659

all over that yeah you're all over it

1615

01:10:45,110 --> 01:10:42,719

aren't you I'm all over the weeks prior

1616

01:10:46,970 --> 01:10:45,120

weeks after and even I know these I know

1617

01:10:49,010 --> 01:10:46,980

the astrology from now till whenever so

1618

01:10:50,570 --> 01:10:49,020

yeah I I'm already in my head like it's

1619

01:10:51,830 --> 01:10:50,580

already mapped out it's already mapped

1620

01:10:57,649 --> 01:10:51,840

out

1621

01:10:59,510 --> 01:10:57,659

uh just let everybody know you know I

1622

01:11:02,570 --> 01:10:59,520

got the text right and I was like get

1623

01:11:05,149 --> 01:11:02,580

get out right Jimmy I did this just

1624

01:11:06,709 --> 01:11:05,159

happened and now I'm reading the text

1625

01:11:08,330 --> 01:11:06,719

you know and congrats you know and all

1626

01:11:09,410 --> 01:11:08,340

that stuff okay cool cool but I'm

1627

01:11:13,310 --> 01:11:09,420

thinking

1628

01:11:17,570 --> 01:11:13,320

he's already charting he's already he's

1629

01:11:19,250 --> 01:11:17,580

working these numbers right now so uh

1630

01:11:22,010 --> 01:11:19,260

but Pluto

1631

01:11:24,649 --> 01:11:22,020

um again congratulations man thank you

1632

01:11:28,070 --> 01:11:24,659

it's a miracle I go back

1633

01:11:31,250 --> 01:11:28,080

um a lot and I look at the pictures of

1634

01:11:32,630 --> 01:11:31,260

of the day that uh my daughter Nicole

1635

01:11:34,310 --> 01:11:32,640

came in the world and I'm in the hot

1636

01:11:35,930 --> 01:11:34,320

right there fresh out of the oven I'm

1637

01:11:41,689 --> 01:11:35,940

you know minutes

1638

01:11:43,850 --> 01:11:41,699

and uh minutes right and and the things

1639

01:11:46,610 --> 01:11:43,860

that happen

1640

01:11:48,530 --> 01:11:46,620

here you know in your heart and all I

1641

01:11:51,709 --> 01:11:48,540

I'm gonna get lump in my throat just

1642

01:11:54,169 --> 01:11:51,719

thinking about it that it it is such a

1643

01:11:56,330 --> 01:11:54,179

special special thing I'm jealous man

1644

01:11:59,090 --> 01:11:56,340

you get to go through that it's it's

1645

01:12:00,169 --> 01:11:59,100

it's bleeping incredible most incredible

1646

01:12:02,990 --> 01:12:00,179

thing you're ever going to do in your

1647

01:12:04,970 --> 01:12:03,000

life it it hands down guaranteed

1648

01:12:07,010 --> 01:12:04,980

um so congratulations it already has and

1649

01:12:09,169 --> 01:12:07,020

I haven't even got to that point yet no

1650

01:12:11,810 --> 01:12:09,179

no no no you know what let me help you

1651
01:12:14,990 --> 01:12:11,820
out no no you know nothing you know

1652
01:12:16,430 --> 01:12:15,000
nothing you think you do no then talk to

1653
01:12:19,310 --> 01:12:16,440
me I'll give you that I will give you

1654
01:12:21,890 --> 01:12:19,320
that 100. later you're gonna be here

1655
01:12:27,130 --> 01:12:21,900
right Jimmy you were right oh man okay

1656
01:12:32,330 --> 01:12:27,140
so back to Pluto because Pluto

1657
01:12:36,310 --> 01:12:32,340
it's so dang slow right it's so long in

1658
01:12:41,570 --> 01:12:36,320
its orbit since it's Discovery right

1659
01:12:45,950 --> 01:12:41,580
it's moved like this far right right it

1660
01:12:49,130 --> 01:12:45,960
must have a more profound effect on

1661
01:12:50,750 --> 01:12:49,140
everything because it's it's like always

1662
01:12:53,270 --> 01:12:50,760
there

1663
01:12:56,209 --> 01:12:53,280

well I mean no it's moved a lot since

1664

01:12:58,850 --> 01:12:56,219

it's Discovery I mean it's 200 and right

1665

01:13:01,610 --> 01:12:58,860

so you got Pluto that's 248 Years Around

1666

01:13:04,790 --> 01:13:01,620

The Sun right and it was discovered 80

1667

01:13:08,810 --> 01:13:04,800

years ago right but in its orbit around

1668

01:13:12,709 --> 01:13:08,820

the sun it's when it comes to where it

1669

01:13:14,450 --> 01:13:12,719

was discovered is its fastest point in a

1670

01:13:16,850 --> 01:13:14,460

half circle

1671

01:13:18,709 --> 01:13:16,860

around the orbit of the sun kind of like

1672

01:13:20,450 --> 01:13:18,719

more even mercury has a point to where

1673

01:13:22,209 --> 01:13:20,460

it's closer to the Sun and farther away

1674

01:13:26,450 --> 01:13:22,219

from the Sun

1675

01:13:28,850 --> 01:13:26,460

a 15 degree ellipse right so it

1676

01:13:31,490 --> 01:13:28,860

it went through its fastest form to

1677

01:13:34,610 --> 01:13:31,500

where it went through half of its orbit

1678

01:13:36,530 --> 01:13:34,620

already and then the next part of its

1679

01:13:39,790 --> 01:13:36,540

half of the orbit is the longer part

1680

01:13:42,290 --> 01:13:39,800

which is the extra

1681

01:13:44,950 --> 01:13:42,300

148 years let's say if we were to take

1682

01:13:47,870 --> 01:13:44,960

100 years and use 20 30 or something

1683

01:13:49,729 --> 01:13:47,880

halfway through the orbit but I know

1684

01:13:52,310 --> 01:13:49,739

that's the fastest part now it goes in

1685

01:13:54,770 --> 01:13:52,320

the very long slow

1686

01:13:57,169 --> 01:13:54,780

orbit that takes forever to come back

1687

01:13:59,450 --> 01:13:57,179

and it actually goes into the quote

1688

01:14:01,790 --> 01:13:59,460

unquote underworld so it dips below

1689

01:14:04,669 --> 01:14:01,800

right right when it passes the galactic

1690

01:14:06,229 --> 01:14:04,679

center and then it dips down into the

1691

01:14:09,350 --> 01:14:06,239

underworld it's in that lower

1692

01:14:12,350 --> 01:14:09,360

declination and then it pops back up and

1693

01:14:14,810 --> 01:14:12,360

goes into the north when it comes up

1694

01:14:16,790 --> 01:14:14,820

by over where like Taurus Gemini is and

1695

01:14:19,189 --> 01:14:16,800

so forth right when it Aries when it

1696

01:14:21,350 --> 01:14:19,199

comes back up so it's like after he's

1697

01:14:22,550 --> 01:14:21,360

Taurus and Gemini so it's like at this

1698

01:14:25,010 --> 01:14:22,560

point now

1699

01:14:27,649 --> 01:14:25,020

where it's we're that's what's felt so

1700

01:14:30,950 --> 01:14:27,659

weird about the world we experienced it

1701

01:14:32,870 --> 01:14:30,960

go from the northern declination to the

1702

01:14:35,750 --> 01:14:32,880

southern declination into the where it

1703

01:14:38,330 --> 01:14:35,760

rules the underworld and it goes out of

1704

01:14:41,689 --> 01:14:38,340

any planet in our solar system

1705

01:14:46,729 --> 01:14:41,699

down farthest the lowest mm-hmm

1706

01:14:49,310 --> 01:14:46,739

so uh because of its trajectory and the

1707

01:14:51,229 --> 01:14:49,320

length of time of that orbit does it

1708

01:14:54,290 --> 01:14:51,239

have a more profound effect on

1709

01:14:56,330 --> 01:14:54,300

everything because it is it it takes so

1710

01:14:59,390 --> 01:14:56,340

long to orbit the Sun

1711

01:15:01,910 --> 01:14:59,400

yeah uh I would say it's the

1712

01:15:06,709 --> 01:15:01,920

it was The X Factor that made us

1713

01:15:12,070 --> 01:15:08,390

in general

1714

01:15:15,290 --> 01:15:12,080

like the understanding that right now

1715

01:15:17,990 --> 01:15:15,300

you and I and anybody watching this is

1716

01:15:20,750 --> 01:15:18,000

the same generation

1717

01:15:22,310 --> 01:15:20,760

of Pluto's rotation as the ones that

1718

01:15:25,130 --> 01:15:22,320

went through the American Revolutionary

1719

01:15:27,890 --> 01:15:25,140

War so you can take somebody's Pluto and

1720

01:15:29,630 --> 01:15:27,900

go you would have been so people born in

1721

01:15:34,070 --> 01:15:29,640

the 50s are

1722

01:15:37,130 --> 01:15:34,080

the Benjamin Franklin's you and I are

1723

01:15:39,050 --> 01:15:37,140

the George Washington's and

1724

01:15:40,430 --> 01:15:39,060

believe it or not so many of them were

1725

01:15:41,270 --> 01:15:40,440

younger believe it or not a lot of

1726

01:15:42,950 --> 01:15:41,280

people who signed the Declaration

1727

01:15:44,510 --> 01:15:42,960

independence with the Pluto Scorpio and

1728

01:15:46,490 --> 01:15:44,520

the sad generation which are the kids

1729

01:15:47,689 --> 01:15:46,500

that are in their 20s right now and

1730

01:15:49,370 --> 01:15:47,699

that's what's interesting is most people

1731

01:15:50,870 --> 01:15:49,380

who fought that war were Pluto and

1732

01:15:52,970 --> 01:15:50,880

Sagittarius

1733

01:15:55,310 --> 01:15:52,980

and that's what's interesting is looking

1734

01:15:57,350 --> 01:15:55,320

at how the military recruitment numbers

1735

01:16:03,010 --> 01:15:57,360

are the lowest right now and it was the

1736

01:16:08,390 --> 01:16:05,510

look at this comment I can see the

1737

01:16:14,450 --> 01:16:08,400

distinct influence of Pluto change

1738

01:16:14,460 --> 01:16:18,470

isn't Pluto about transmission

1739

01:16:25,010 --> 01:16:21,350

transformation I mean it it does have an

1740

01:16:26,450 --> 01:16:25,020

ability to maybe if we were to think of

1741

01:16:28,070 --> 01:16:26,460

I I think it was just a story I saw the

1742

01:16:30,830 --> 01:16:28,080

other day I think I forgot what country

1743

01:16:34,430 --> 01:16:30,840

just got an eight point

1744

01:16:37,010 --> 01:16:34,440

eight billion year old frequency message

1745

01:16:39,350 --> 01:16:37,020

from the beginning of the universe uh

1746

01:16:40,729 --> 01:16:39,360

from the middle yeah from the middle

1747

01:16:42,350 --> 01:16:40,739

um so I guess you could call that a

1748

01:16:45,410 --> 01:16:42,360

transmission that's like you know

1749

01:16:47,570 --> 01:16:45,420

embedded from so long but I mean

1750

01:16:49,130 --> 01:16:47,580

Neptune's more it actually looks and if

1751

01:16:50,870 --> 01:16:49,140

you look at Neptune is trying it looks

1752

01:16:53,030 --> 01:16:50,880

like an antenna

1753

01:16:55,970 --> 01:16:53,040

so I would call like Transmissions more

1754

01:16:58,250 --> 01:16:55,980

Neptune but Pluto is is the generational

1755

01:17:01,490 --> 01:16:58,260

element but the other part of Pluto is

1756

01:17:04,090 --> 01:17:01,500

like for example in 1892 it was in

1757

01:17:06,590 --> 01:17:04,100

perfect alignment with Neptune

1758

01:17:08,570 --> 01:17:06,600

that is it happened in the sign of

1759

01:17:10,910 --> 01:17:08,580

Gemini which in America it happened

1760

01:17:13,490 --> 01:17:10,920

right where when America's Declaration

1761

01:17:15,649 --> 01:17:13,500

was signed was where Uranus was

1762

01:17:17,330 --> 01:17:15,659

so if you think of they still have not

1763

01:17:20,030 --> 01:17:17,340

come back together those are the two

1764

01:17:21,709 --> 01:17:20,040

farthest outer planets they take a long

1765

01:17:23,870 --> 01:17:21,719

time to come together they still haven't

1766

01:17:25,250 --> 01:17:23,880

and right when that happened was the

1767

01:17:28,370 --> 01:17:25,260

beginning of the Industrial Revolution

1768

01:17:29,930 --> 01:17:28,380

and Gemini rules cars telecommunications

1769

01:17:33,110 --> 01:17:29,940

and what is America known for

1770

01:17:35,930 --> 01:17:33,120

telecommunications computers cars all

1771

01:17:38,870 --> 01:17:35,940

the things that Gemini rules and we were

1772

01:17:41,270 --> 01:17:38,880

the country that got the planets aligned

1773

01:17:44,149 --> 01:17:41,280

of Pluto and Neptune together on our

1774

01:17:46,790 --> 01:17:44,159

natal Uranus to be the Hub of the world

1775

01:17:48,470 --> 01:17:46,800

so if you look at 1892 in the build up

1776

01:17:51,770 --> 01:17:48,480

of all this stuff

1777

01:17:55,669 --> 01:17:51,780

it's been from that Transit so it's more

1778

01:17:57,950 --> 01:17:55,679

of a a fertilization moment and then it

1779

01:18:00,890 --> 01:17:57,960

also when it finally finishes some sort

1780

01:18:02,750 --> 01:18:00,900

of completion of a trend at the end it's

1781

01:18:06,470 --> 01:18:02,760

the it's the understanding of where the

1782

01:18:08,630 --> 01:18:06,480

end of our planets go because after that

1783

01:18:11,750 --> 01:18:08,640

we start really thinking of them as like

1784

01:18:14,570 --> 01:18:11,760

you know exoplanets like Eris which is

1785

01:18:16,370 --> 01:18:14,580

on the 500 year orbit or we start going

1786

01:18:17,510 --> 01:18:16,380

right we start kind of almost like going

1787

01:18:19,729 --> 01:18:17,520

eh

1788

01:18:21,229 --> 01:18:19,739

I don't know about that anymore but

1789

01:18:22,850 --> 01:18:21,239

there's something where we did consider

1790

01:18:24,290 --> 01:18:22,860

it as a planet and that's what Pluto is

1791

01:18:27,410 --> 01:18:24,300

weird about is like everything that

1792

01:18:29,110 --> 01:18:27,420

Pluto represents which is the ruler of

1793

01:18:32,950 --> 01:18:29,120

Scorpio is

1794

01:18:35,810 --> 01:18:32,960

Secrets sacks you know

1795

01:18:37,669 --> 01:18:35,820

uncovering things and that's the stuff

1796

01:18:39,470 --> 01:18:37,679

we don't like to deal with we don't want

1797

01:18:42,050 --> 01:18:39,480

to show it on TV we don't want to talk

1798

01:18:43,490 --> 01:18:42,060

about what the CIA is doing right so

1799

01:18:45,229 --> 01:18:43,500

let's not also call that a planet

1800

01:18:47,870 --> 01:18:45,239

anymore and then people don't associate

1801

01:18:49,370 --> 01:18:47,880

with those things that

1802

01:18:51,050 --> 01:18:49,380

this world doesn't want to associate

1803

01:18:52,250 --> 01:18:51,060

with but that's what Pluto represents

1804

01:18:55,610 --> 01:18:52,260

the stuff we don't want to associate

1805

01:19:02,750 --> 01:18:59,229

there's 50 comments I have with that

1806

01:19:03,709 --> 01:19:02,760

the and and here's here's my first

1807

01:19:05,870 --> 01:19:03,719

thought

1808

01:19:07,669 --> 01:19:05,880

I think everybody was kind of offended

1809

01:19:09,890 --> 01:19:07,679

when that happened

1810

01:19:12,350 --> 01:19:09,900

right you can't you can't do that you

1811

01:19:13,490 --> 01:19:12,360

can't you're pretty much if you get into

1812

01:19:18,530 --> 01:19:13,500

the club

1813

01:19:20,750 --> 01:19:18,540

into Club planet

1814

01:19:22,370 --> 01:19:20,760

and then get kicked out because your

1815

01:19:25,550 --> 01:19:22,380

shoes are too small

1816

01:19:27,530 --> 01:19:25,560

right that that doesn't make any sense

1817

01:19:31,490 --> 01:19:27,540

and I think a lot of people were were

1818

01:19:36,070 --> 01:19:31,500

offended by that and to hear

1819

01:19:39,410 --> 01:19:36,080

um the other part of some of the

1820

01:19:43,310 --> 01:19:39,420

excuses well we've got we've got uh

1821

01:19:45,890 --> 01:19:43,320

other other solar bodies in our solar

1822

01:19:48,530 --> 01:19:45,900

system better just as big as Pluto but

1823

01:19:51,590 --> 01:19:48,540

we don't call them planets I'm like no

1824

01:19:54,470 --> 01:19:51,600

those are moons right right those are

1825

01:19:55,910 --> 01:19:54,480

that that's another situation which of

1826

01:19:58,910 --> 01:19:55,920

course they try to say because of

1827

01:20:01,250 --> 01:19:58,920

Pluto's moon is almost the size of Pluto

1828

01:20:03,110 --> 01:20:01,260

right that it that it kind of makes it

1829

01:20:06,950 --> 01:20:03,120

weird too or the fact that the outer

1830

01:20:11,390 --> 01:20:06,960

planets are gas giants for it to not be

1831

01:20:13,910 --> 01:20:11,400

this big gas giant and be completely

1832

01:20:16,430 --> 01:20:13,920

more odd I guess you could say would

1833

01:20:18,709 --> 01:20:16,440

make it also for them to give the excuse

1834

01:20:20,930 --> 01:20:18,719

but I think it's funny that in the 70s

1835

01:20:23,810 --> 01:20:20,940

we send those voyagers one and two out

1836

01:20:25,610 --> 01:20:23,820

and then oh it is Voyager one or two

1837

01:20:27,709 --> 01:20:25,620

that's gonna take the pictures of Pluto

1838

01:20:29,870 --> 01:20:27,719

after we've discounted it so we sent

1839

01:20:31,970 --> 01:20:29,880

something up to take pictures of planets

1840

01:20:34,010 --> 01:20:31,980

use all these awesome timing to use the

1841

01:20:37,430 --> 01:20:34,020

gravitational pull to finally get there

1842

01:20:39,530 --> 01:20:37,440

and then Revel about the pictures

1843

01:20:41,149 --> 01:20:39,540

and act like it's a planet but not say

1844

01:20:42,770 --> 01:20:41,159

it's a you know it was a really weird

1845

01:20:44,149 --> 01:20:42,780

moment in 2018 when those pictures came

1846

01:20:45,530 --> 01:20:44,159

out because I'm like laughing as it

1847

01:20:47,090 --> 01:20:45,540

shows you're like look at how obsessed

1848

01:20:49,669 --> 01:20:47,100

they are and how they they love it so

1849

01:20:52,189 --> 01:20:49,679

much but at the same time it's like well

1850

01:20:53,510 --> 01:20:52,199

it's an exoplanet uh but but then you

1851
01:20:55,010 --> 01:20:53,520
know you saw I saw in some articles

1852
01:20:57,290 --> 01:20:55,020
people just being like yeah planet Pluto

1853
01:21:00,350 --> 01:20:57,300
like they just like you know went it was

1854
01:21:01,790 --> 01:21:00,360
amazing it was like it was like that was

1855
01:21:04,010 --> 01:21:01,800
the planetary picture that blew my mind

1856
01:21:06,350 --> 01:21:04,020
was Pluto I was like there we go yeah

1857
01:21:09,050 --> 01:21:06,360
that is the Wild colors and some weird

1858
01:21:11,689 --> 01:21:09,060
stuff going on yeah yeah yeah yeah looks

1859
01:21:16,010 --> 01:21:11,699
like a planet acts like a planet

1860
01:21:18,590 --> 01:21:16,020
Walks Like a planet you know it and but

1861
01:21:20,810 --> 01:21:18,600
you know they brought up series

1862
01:21:23,149 --> 01:21:20,820
you know and and why that it doesn't

1863
01:21:25,790 --> 01:21:23,159

have a planet classification again I'm

1864

01:21:28,450 --> 01:21:25,800

I'm not going there and here's I'll tell

1865

01:21:31,790 --> 01:21:28,460

you something else

1866

01:21:34,430 --> 01:21:31,800

when you look at you've seen my

1867

01:21:36,830 --> 01:21:34,440

telescope right you pop that baby in the

1868

01:21:37,610 --> 01:21:36,840

backyard and you look at Jupiter in that

1869

01:21:41,090 --> 01:21:37,620

thing

1870

01:21:44,209 --> 01:21:41,100

and until you see it most people haven't

1871

01:21:47,330 --> 01:21:44,219

you look at Jupiter in in in pictures

1872

01:21:50,030 --> 01:21:47,340

and stuff and it's great it's Majestic

1873

01:21:54,050 --> 01:21:50,040

when you look at Jupiter right

1874

01:21:58,669 --> 01:21:54,060

uh with a telescope for yourself and you

1875

01:22:01,910 --> 01:21:58,679

see its Moon Yeah Yeah and they're all

1876
01:22:04,370 --> 01:22:01,920
it's its own solar system man yeah and

1877
01:22:06,169 --> 01:22:04,380
and to me it's like you're looking at

1878
01:22:09,290 --> 01:22:06,179
the sun

1879
01:22:12,290 --> 01:22:09,300
with with Mars Venus right well that's

1880
01:22:15,350 --> 01:22:12,300
what Jupiter is it's a it's a yes it's

1881
01:22:18,770 --> 01:22:15,360
being it's being born into becoming a

1882
01:22:21,669 --> 01:22:18,780
star if we almost had two right we

1883
01:22:24,610 --> 01:22:21,679
almost had a binary system here but but

1884
01:22:28,610 --> 01:22:24,620
those moons of Jupiter

1885
01:22:30,290 --> 01:22:28,620
seemed those when you see it like that

1886
01:22:32,270 --> 01:22:30,300
those are planets is what I'm saying

1887
01:22:34,490 --> 01:22:32,280
you're looking at another solar system

1888
01:22:37,070 --> 01:22:34,500

and it's crazy to see and they're lit up

1889

01:22:40,310 --> 01:22:37,080

man they're lit up just like any star in

1890

01:22:42,950 --> 01:22:40,320

the sky I know you see it in a telescope

1891

01:22:45,350 --> 01:22:42,960

that's that's absolutely incredible but

1892

01:22:48,169 --> 01:22:45,360

yeah yeah and that's why it's it's why

1893

01:22:51,470 --> 01:22:48,179

the Greeks of course gave it Zeus

1894

01:22:55,430 --> 01:22:51,480

right like oh that's just all-powerful

1895

01:22:57,890 --> 01:22:55,440

God right of the Gods right because it

1896

01:23:01,370 --> 01:22:57,900

was so magical to them

1897

01:23:03,709 --> 01:23:01,380

and it was this great benefic energy of

1898

01:23:05,930 --> 01:23:03,719

its power and might and if you really

1899

01:23:07,370 --> 01:23:05,940

think of the studies if it wasn't for

1900

01:23:08,990 --> 01:23:07,380

Jupiter and its orbit and its

1901

01:23:11,590 --> 01:23:09,000

gravitational pull we probably would be

1902

01:23:17,630 --> 01:23:15,649

oh oh I want to make a a a comment you

1903

01:23:20,930 --> 01:23:17,640

had said earlier about you know comets

1904

01:23:24,530 --> 01:23:20,940

and and life here

1905

01:23:25,790 --> 01:23:24,540

that's how we got our water right or

1906

01:23:27,290 --> 01:23:25,800

even the water they're finding on the

1907

01:23:28,610 --> 01:23:27,300

moon right now that they're obsessed and

1908

01:23:30,590 --> 01:23:28,620

everybody's going running and go up

1909

01:23:33,110 --> 01:23:30,600

there comments

1910

01:23:35,570 --> 01:23:33,120

yeah it makes sense because of what's

1911

01:23:37,070 --> 01:23:35,580

ever in those trails

1912

01:23:41,450 --> 01:23:37,080

and that's what's interesting about the

1913

01:23:43,729 --> 01:23:41,460

tails on the trails that's so funny the

1914

01:23:46,130 --> 01:23:43,739

trails that the Tails leave

1915

01:23:48,110 --> 01:23:46,140

um it reminds me of a slug in a way but

1916

01:23:49,490 --> 01:23:48,120

it's kind of interesting of like what

1917

01:23:51,050 --> 01:23:49,500

are those things that are left behind

1918

01:23:53,510 --> 01:23:51,060

and and you know we're I think we're

1919

01:23:56,090 --> 01:23:53,520

finally thinking is you know we have all

1920

01:23:58,850 --> 01:23:56,100

these awesome abilities to to think far

1921

01:24:00,649 --> 01:23:58,860

and wide now it's like what's being left

1922

01:24:02,990 --> 01:24:00,659

behind and where is it falling I mean

1923

01:24:05,990 --> 01:24:03,000

it's passing the Earth

1924

01:24:08,750 --> 01:24:06,000

it falls maybe the particles that are

1925

01:24:10,790 --> 01:24:08,760

are you know are protection from our

1926

01:24:12,290 --> 01:24:10,800

electromagnetic field and get burned out

1927

01:24:15,410 --> 01:24:12,300

I don't know

1928

01:24:17,209 --> 01:24:15,420

but they keep every time finding new new

1929

01:24:18,709 --> 01:24:17,219

stuff even on earth like hey this is an

1930

01:24:21,410 --> 01:24:18,719

asteroid that came a long time ago and

1931

01:24:23,630 --> 01:24:21,420

this is I've never seen whatever this

1932

01:24:25,850 --> 01:24:23,640

metal is or this isn't part of our

1933

01:24:29,209 --> 01:24:25,860

carbon stuff this isn't part of our

1934

01:24:31,490 --> 01:24:29,219

scientific table it's like what what is

1935

01:24:34,070 --> 01:24:31,500

been trailed on all this stuff

1936

01:24:36,169 --> 01:24:34,080

especially our moon

1937

01:24:37,790 --> 01:24:36,179

in the old days they say the Moon is

1938

01:24:39,950 --> 01:24:37,800

alive

1939

01:24:41,450 --> 01:24:39,960

and that that one always gets me because

1940

01:24:44,390 --> 01:24:41,460

I feel like that's what's the most

1941

01:24:46,550 --> 01:24:44,400

interesting it's the only body that we

1942

01:24:48,770 --> 01:24:46,560

actually just sit and look at the only

1943

01:24:51,890 --> 01:24:48,780

face of it the whole time

1944

01:24:54,410 --> 01:24:51,900

we don't see it make a turn or an orbit

1945

01:24:56,810 --> 01:24:54,420

but it orbits us and it's perfectly

1946

01:24:58,070 --> 01:24:56,820

looking at us the whole time and and I

1947

01:25:01,669 --> 01:24:58,080

thought it was weird because we just had

1948

01:25:05,330 --> 01:25:01,679

the Artemis mission that was awesome to

1949

01:25:07,970 --> 01:25:05,340

get pictures from behind the Moon

1950

01:25:10,370 --> 01:25:07,980

the Dark Side of the Moon and I'm a huge

1951

01:25:12,290 --> 01:25:10,380

Pink Floyd fan I finally got to see a

1952

01:25:13,189 --> 01:25:12,300

picture of a quarter of the Dark Side of

1953

01:25:15,590 --> 01:25:13,199

the Moon

1954

01:25:17,630 --> 01:25:15,600

but what was weird was Artemis took a

1955

01:25:20,209 --> 01:25:17,640

selfie so that made me think of you know

1956

01:25:22,310 --> 01:25:20,219

when we had the Apollo missions and we

1957

01:25:25,310 --> 01:25:22,320

took the first picture of the Earth

1958

01:25:26,990 --> 01:25:25,320

and that picture my grandfather had it

1959

01:25:29,090 --> 01:25:27,000

and gave it to me where I put that up in

1960

01:25:32,270 --> 01:25:29,100

my bedroom you know it was like holy

1961

01:25:34,970 --> 01:25:32,280

[h__h] now I couldn't believe we had it

1962

01:25:37,850 --> 01:25:34,980

again but now with a selfie of an AI

1963

01:25:39,110 --> 01:25:37,860

computer system with a fake human inside

1964

01:25:41,450 --> 01:25:39,120

of it

1965

01:25:42,709 --> 01:25:41,460

take a selfie on the Dark Side of the

1966

01:25:45,709 --> 01:25:42,719

Moon

1967

01:25:47,630 --> 01:25:45,719

with the Earth and so we got to see A

1968

01:25:49,310 --> 01:25:47,640

new ingredient in the picture we got to

1969

01:25:53,209 --> 01:25:49,320

see

1970

01:25:55,790 --> 01:25:53,219

from the throne in high definition too I

1971

01:25:56,930 --> 01:25:55,800

know and I thought I was like whoa and

1972

01:25:59,209 --> 01:25:56,940

that just happened in this last couple

1973

01:26:01,550 --> 01:25:59,219

month period with these eclipses too and

1974

01:26:03,410 --> 01:26:01,560

and in that full moon actually with Mars

1975

01:26:04,850 --> 01:26:03,420

that was that was the time you know

1976

01:26:08,270 --> 01:26:04,860

what's so fascinating about what you

1977

01:26:10,129 --> 01:26:08,280

just said is that the label the Dark

1978

01:26:14,990 --> 01:26:10,139

Side of the Moon because we can't see it

1979

01:26:18,290 --> 01:26:15,000

right so uh we have this fixation

1980

01:26:21,110 --> 01:26:18,300

Dogma that it's dark

1981

01:26:24,110 --> 01:26:21,120

right it's not

1982

01:26:27,669 --> 01:26:24,120

it it it's lit up

1983

01:26:32,030 --> 01:26:27,679

it's in front of the Sun every day

1984

01:26:36,110 --> 01:26:32,040

every day it is as lit up especially on

1985

01:26:39,169 --> 01:26:36,120

a new moon yes yes fully lit up it's

1986

01:26:43,430 --> 01:26:39,179

fully lit up it's it's more lit than the

1987

01:26:46,790 --> 01:26:43,440

front side and and but we don't see that

1988

01:26:50,030 --> 01:26:46,800

and so to have Artemis uh with that

1989

01:26:51,890 --> 01:26:50,040

ability to go and snap that shot where

1990

01:26:55,370 --> 01:26:51,900

you know because we have this we think

1991

01:26:58,490 --> 01:26:55,380

it's dark oh no it's not every 12 hours

1992

01:27:01,910 --> 01:26:58,500

right something like that it's it's it

1993

01:27:04,729 --> 01:27:01,920

the whole Horizon The Horizon uh there

1994

01:27:06,830 --> 01:27:04,739

are no Shadows it's so lit up yeah

1995

01:27:09,890 --> 01:27:06,840

that's what I think is interesting is

1996

01:27:12,110 --> 01:27:09,900

thinking about where we're going is

1997

01:27:14,450 --> 01:27:12,120

if we thought about the 60s and where we

1998

01:27:17,450 --> 01:27:14,460

went the idea that you know what okay

1999

01:27:20,330 --> 01:27:17,460

this is the Earth it's for sure

2000

01:27:23,149 --> 01:27:20,340

got a curvature it's for sure got this

2001

01:27:25,189 --> 01:27:23,159

Moon and we could see it and and

2002

01:27:27,350 --> 01:27:25,199

you know it was kind of funny you know

2003

01:27:29,030 --> 01:27:27,360

we started to move more into Hubble and

2004

01:27:30,890 --> 01:27:29,040

things like that

2005

01:27:32,510 --> 01:27:30,900

and I think that was all important but

2006

01:27:35,450 --> 01:27:32,520

now to see that they're going back to

2007

01:27:36,890 --> 01:27:35,460

the Moon again China is going back to

2008

01:27:38,990 --> 01:27:36,900

them everybody's rushing to the Moon in

2009

01:27:40,610 --> 01:27:39,000

Mars at the same time and that's what

2010

01:27:42,350 --> 01:27:40,620

this full moon was and I think it's

2011

01:27:45,770 --> 01:27:42,360

really weird that this comet is passing

2012

01:27:47,030 --> 01:27:45,780

right between where Earth and Mars are

2013

01:27:51,590 --> 01:27:47,040

now

2014

01:27:53,149 --> 01:27:51,600

um and we so after uh once we get into

2015

01:28:00,229 --> 01:27:53,159

March

2016

01:28:04,430 --> 01:28:00,239

1st comet is now past us yeah

2017

01:28:07,129 --> 01:28:04,440

um and what effects is that going to

2018

01:28:08,750 --> 01:28:07,139

have and and when do you when you do

2019

01:28:11,830 --> 01:28:08,760

this and when you're looking at the

2020

01:28:14,510 --> 01:28:11,840

charts and and looking at everything

2021

01:28:16,070 --> 01:28:14,520

the comment is you didn't know about

2022

01:28:18,530 --> 01:28:16,080

this comment

2023

01:28:21,649 --> 01:28:18,540

a year ago it was just discovered a year

2024

01:28:24,350 --> 01:28:21,659

ago no we talked about it I think on our

2025

01:28:26,689 --> 01:28:24,360

last no we did we talked I was on your

2026

01:28:28,669 --> 01:28:26,699

show and it was discovered in March but

2027

01:28:30,590 --> 01:28:28,679

I think we were talking about it like oh

2028

01:28:32,209 --> 01:28:30,600

there's it's we were unsure if it was

2029

01:28:33,910 --> 01:28:32,219

gonna be bright enough to see like there

2030

01:28:37,850 --> 01:28:33,920

was all that talk

2031

01:28:41,030 --> 01:28:37,860

what I'm referring to is your charts two

2032

01:28:42,410 --> 01:28:41,040

years ago oh correct there's no one now

2033

01:28:44,629 --> 01:28:42,420

exactly right they weren't they weren't

2034

01:28:47,149 --> 01:28:44,639

that's what makes them awesome as far as

2035

01:28:49,729 --> 01:28:47,159

they are disruptors they disrupt they

2036

01:28:52,310 --> 01:28:49,739

come in whoa they're Shockers right like

2037

01:28:56,570 --> 01:28:52,320

well add this in

2038

01:28:59,209 --> 01:28:56,580

and and so now right same charts right

2039

01:29:01,910 --> 01:28:59,219

they haven't changed right but now we've

2040

01:29:04,790 --> 01:29:01,920

got uh the great disrupter coming in uh

2041

01:29:07,669 --> 01:29:04,800

uh 2022 ztf

2042

01:29:09,590 --> 01:29:07,679

um which is uh like you said February

2043

01:29:12,290 --> 01:29:09,600

1st it'll be at its closest point to

2044

01:29:15,830 --> 01:29:12,300

Earth and then it's going to zip past us

2045

01:29:19,310 --> 01:29:15,840

and then it's gone so if we uh toast

2046

01:29:20,870 --> 01:29:19,320

this out uh 30 days and I'm just pulling

2047

01:29:22,790 --> 01:29:20,880

numbers out

2048

01:29:25,669 --> 01:29:22,800

um we will have finished conscious life

2049

01:29:29,629 --> 01:29:25,679

Expo be going to March

2050

01:29:32,570 --> 01:29:29,639

um what does the comet uh do uh to the

2051

01:29:35,149 --> 01:29:32,580

end of the first quarter

2052

01:29:37,490 --> 01:29:35,159

I mean it's pretty much when it

2053

01:29:40,010 --> 01:29:37,500

approaches its closest to Earth is the

2054

01:29:43,310 --> 01:29:40,020

moment right right and that says what

2055

01:29:44,870 --> 01:29:43,320

Ptolemy would say is where is that

2056

01:29:46,970 --> 01:29:44,880

happening

2057

01:29:48,770 --> 01:29:46,980

and I'm using Ptolemy because without

2058

01:29:50,930 --> 01:29:48,780

Ptolemy we wouldn't be talking about

2059

01:29:56,030 --> 01:29:50,940

planets and the rotations or any of this

2060

01:30:00,530 --> 01:29:56,040

stuff so it Ptolemy says look at where

2061

01:30:02,510 --> 01:30:00,540

the area is so I was like okay it's you

2062

01:30:05,390 --> 01:30:02,520

know Happening by Ursa

2063

01:30:06,530 --> 01:30:05,400

um major it happened actually in uh uh

2064

01:30:08,510 --> 01:30:06,540

Corona

2065

01:30:10,370 --> 01:30:08,520

um it's not high in the north it's like

2066

01:30:12,950 --> 01:30:10,380

the King of the North basically and then

2067

01:30:14,270 --> 01:30:12,960

it's it's Buddhist right and yeah and

2068

01:30:16,850 --> 01:30:14,280

then now it's in Buddhist and then I

2069

01:30:19,490 --> 01:30:16,860

think it's going to Ursa and then I

2070

01:30:23,930 --> 01:30:19,500

think it's going to Draco yes Draco

2071

01:30:26,510 --> 01:30:23,940

right so it's like okay

2072

01:30:29,090 --> 01:30:26,520

that area of the sky represents in

2073

01:30:31,430 --> 01:30:29,100

tropical astrology you know cancer in

2074

01:30:34,310 --> 01:30:31,440

the Leo right so

2075

01:30:37,129 --> 01:30:34,320

like if you look down on our zodiac and

2076
01:30:40,370 --> 01:30:37,139
understand our Earth and Sun connection

2077
01:30:42,970 --> 01:30:40,380
of our tropical of cancer and Capricorn

2078
01:30:45,350 --> 01:30:42,980
on the Earth right so it's like oh okay

2079
01:30:47,090 --> 01:30:45,360
astrologically Tommy would say like okay

2080
01:30:50,270 --> 01:30:47,100
what

2081
01:30:53,689 --> 01:30:50,280
this is where Kings and stuff change so

2082
01:30:56,689 --> 01:30:53,699
already New Zealand prime minister in

2083
01:30:58,490 --> 01:30:56,699
this last day just resigned yep people

2084
01:31:01,430 --> 01:30:58,500
are saying is Biden going to resign

2085
01:31:03,290 --> 01:31:01,440
because he's not answering questions

2086
01:31:05,510 --> 01:31:03,300
you have

2087
01:31:08,570 --> 01:31:05,520
a very weird moment they're asking about

2088
01:31:11,330 --> 01:31:08,580

that crazy weird Republican GOP guy who

2089

01:31:12,649 --> 01:31:11,340

lied about everything Santos like you

2090

01:31:15,350 --> 01:31:12,659

need to resign

2091

01:31:16,910 --> 01:31:15,360

so it was always about seeing changes of

2092

01:31:18,590 --> 01:31:16,920

big Power

2093

01:31:21,110 --> 01:31:18,600

and especially when you're in this area

2094

01:31:23,629 --> 01:31:21,120

of the zodiac that's where you see

2095

01:31:25,250 --> 01:31:23,639

changes of power right

2096

01:31:27,169 --> 01:31:25,260

and so there's all been calls about

2097

01:31:30,169 --> 01:31:27,179

changes of power even Kevin McCarthy

2098

01:31:33,950 --> 01:31:30,179

right like up 15 votes to get in hadn't

2099

01:31:36,169 --> 01:31:33,960

happened since when 1859 and so oh that

2100

01:31:38,450 --> 01:31:36,179

was right when we're at with Jupiter

2101

01:31:40,729 --> 01:31:38,460

right right right right right right yeah

2102

01:31:43,570 --> 01:31:40,739

it makes sense so it's like that's where

2103

01:31:47,270 --> 01:31:43,580

it's like oh this comet's more bringing

2104

01:31:49,370 --> 01:31:47,280

especially it's the bringing us into

2105

01:31:52,189 --> 01:31:49,380

because we will never see it for a

2106

01:31:53,570 --> 01:31:52,199

million years the because of where the

2107

01:31:54,950 --> 01:31:53,580

planets are you also take that in

2108

01:31:57,729 --> 01:31:54,960

consideration

2109

01:31:59,990 --> 01:31:57,739

I mean it's definitely taking us to

2110

01:32:02,810 --> 01:32:00,000

obviously whether you want to call that

2111

01:32:04,729 --> 01:32:02,820

a hunch or a mathematical truth

2112

01:32:06,530 --> 01:32:04,739

we are definitely going to Mars because

2113

01:32:09,290 --> 01:32:06,540

it's going to pass right between that so

2114

01:32:11,270 --> 01:32:09,300

obviously that was in the cards

2115

01:32:12,410 --> 01:32:11,280

somehow some way we're definitely going

2116

01:32:14,570 --> 01:32:12,420

to Mars

2117

01:32:16,629 --> 01:32:14,580

over these next couple years it's more

2118

01:32:18,709 --> 01:32:16,639

about the long-term effect in my

2119

01:32:19,729 --> 01:32:18,719

understanding especially with the fact

2120

01:32:20,629 --> 01:32:19,739

that we're not going to see it for a

2121

01:32:22,850 --> 01:32:20,639

million years

2122

01:32:25,970 --> 01:32:22,860

if it was more on a rotational path of

2123

01:32:27,890 --> 01:32:25,980

like 75 years or something okay but I

2124

01:32:29,750 --> 01:32:27,900

think it's much more intense that it's

2125

01:32:31,490 --> 01:32:29,760

green and the fact that it's coming

2126
01:32:33,950 --> 01:32:31,500
right between what Earth and Mars was

2127
01:32:36,830 --> 01:32:33,960
and then I was looking at other comments

2128
01:32:38,570 --> 01:32:36,840
on that path of course Neil wise kind of

2129
01:32:41,050 --> 01:32:38,580
had a similar path

2130
01:32:44,090 --> 01:32:41,060
but the one that had the most exact

2131
01:32:46,790 --> 01:32:44,100
precise path was the great Comet of 1811

2132
01:32:49,010 --> 01:32:46,800
and that was a major moment in life

2133
01:32:51,410 --> 01:32:49,020
that's when King George lost his mind

2134
01:32:53,450 --> 01:32:51,420
and they went to his Regency his son and

2135
01:32:56,330 --> 01:32:53,460
he was walking around he was very

2136
01:32:58,430 --> 01:32:56,340
obsessed with astronomy

2137
01:33:00,470 --> 01:32:58,440
and he was the one who lost the war to

2138
01:33:02,330 --> 01:33:00,480

us here in America and that was when the

2139

01:33:04,729 --> 01:33:02,340

War of 1812 started and then that was

2140

01:33:06,590 --> 01:33:04,739

also when Napoleon was doing his Wars

2141

01:33:09,410 --> 01:33:06,600

and was keeping the English at Bay and

2142

01:33:11,990 --> 01:33:09,420

that was helping us until he then gets

2143

01:33:13,610 --> 01:33:12,000

you know sorry you're crazy bro and then

2144

01:33:15,110 --> 01:33:13,620

oh the British said everybody here in

2145

01:33:17,510 --> 01:33:15,120

the white house burns down and I looked

2146

01:33:19,910 --> 01:33:17,520

at the astrology of 1812 to 1814 and

2147

01:33:22,430 --> 01:33:19,920

boom we're in the same progressions when

2148

01:33:24,950 --> 01:33:22,440

the same the same comment came in the

2149

01:33:27,110 --> 01:33:24,960

same area America is a cancer the son of

2150

01:33:28,610 --> 01:33:27,120

America is in the same spot I'm like oh

2151
01:33:31,430 --> 01:33:28,620
man

2152
01:33:34,550 --> 01:33:31,440
then I looked at Ukraine and and Russia

2153
01:33:38,090 --> 01:33:34,560
and that was also when Russia people

2154
01:33:41,629 --> 01:33:38,100
tried to invade Russia in the 1812 into

2155
01:33:44,810 --> 01:33:41,639
13 14 and they failed that was Napoleon

2156
01:33:49,930 --> 01:33:44,820
correct yeah so

2157
01:33:54,110 --> 01:33:49,940
um I mean yeah okay okay so now

2158
01:33:56,810 --> 01:33:54,120
uh a lot of and I want to thank uh Bill

2159
01:33:58,850 --> 01:33:56,820
our moderator for

2160
01:34:01,430 --> 01:33:58,860
um uh posting the information on how to

2161
01:34:03,770 --> 01:34:01,440
see the the comment I keep calling it

2162
01:34:05,270 --> 01:34:03,780
The Green comment I think it's the best

2163
01:34:08,390 --> 01:34:05,280

thing to call it I don't know what you

2164

01:34:11,629 --> 01:34:08,400

know at 2022 EFA you know it's like kind

2165

01:34:13,189 --> 01:34:11,639

of I don't know Green Comet ztf yeah and

2166

01:34:16,330 --> 01:34:13,199

we'll just leave it there

2167

01:34:20,810 --> 01:34:16,340

um that on its closest approach

2168

01:34:23,270 --> 01:34:20,820

it is going to be just about look at the

2169

01:34:26,390 --> 01:34:23,280

Big Dipper right and and that's where

2170

01:34:28,729 --> 01:34:26,400

it's going to be just above uh the

2171

01:34:30,770 --> 01:34:28,739

Dipper part of the Big Dipper what

2172

01:34:33,890 --> 01:34:30,780

constellation is that

2173

01:34:35,629 --> 01:34:33,900

uh I think that's there's uh I mean

2174

01:34:37,970 --> 01:34:35,639

that's right wait by Draco and there's

2175

01:34:39,669 --> 01:34:37,980

some minor right and I mean honestly

2176
01:34:42,890 --> 01:34:39,679
you're you're you're headed towards

2177
01:34:44,750 --> 01:34:42,900
where the you were just in Egypt right

2178
01:34:48,530 --> 01:34:44,760
like they all Point towards the Stars

2179
01:34:50,209 --> 01:34:48,540
serious and we're it's not now back then

2180
01:34:53,870 --> 01:34:50,219
though I try to tell people like sorry

2181
01:34:56,629 --> 01:34:53,880
Sirius was not there you know all these

2182
01:34:57,950 --> 01:34:56,639
fixed stars move right over time but

2183
01:34:59,990 --> 01:34:57,960
that's what's interesting is it's

2184
01:35:02,870 --> 01:35:00,000
happening in the zone of

2185
01:35:06,470 --> 01:35:02,880
where we see the North Star area right

2186
01:35:08,990 --> 01:35:06,480
like it's very pointed at the North yeah

2187
01:35:10,370 --> 01:35:09,000
uh bill again he's so good yeah it's

2188
01:35:13,790 --> 01:35:10,380

Ursa Major

2189

01:35:15,770 --> 01:35:13,800

oh major yeah not minor so it's a or

2190

01:35:16,689 --> 01:35:15,780

some major that's that's all you have to

2191

01:35:20,149 --> 01:35:16,699

do

2192

01:35:22,610 --> 01:35:20,159

and uh just go out nine o'clock at night

2193

01:35:25,189 --> 01:35:22,620

uh in North America no matter what time

2194

01:35:27,410 --> 01:35:25,199

zone you're in you know you're 9 p.m

2195

01:35:29,990 --> 01:35:27,420

right you don't have to adjust for time

2196

01:35:32,030 --> 01:35:30,000

you go out at your 9 pm look at the Big

2197

01:35:35,450 --> 01:35:32,040

Dipper it's gonna be right there naked

2198

01:35:37,970 --> 01:35:35,460

that's because the sun in our point from

2199

01:35:41,930 --> 01:35:37,980

view remember the Earth is actually at a

2200

01:35:43,870 --> 01:35:41,940

place to where we are in that place

2201

01:35:47,450 --> 01:35:43,880

right so

2202

01:35:49,729 --> 01:35:47,460

the comment is behind us but because of

2203

01:35:52,129 --> 01:35:49,739

our night that's when we are able to see

2204

01:35:54,590 --> 01:35:52,139

because the sun's illuminating

2205

01:35:55,970 --> 01:35:54,600

the other side of the Earth right in

2206

01:35:58,129 --> 01:35:55,980

China when we're

2207

01:36:00,110 --> 01:35:58,139

you know at night they're awake in the

2208

01:36:04,250 --> 01:36:00,120

day but that's when we can see because

2209

01:36:06,169 --> 01:36:04,260

the Earth is actually in that area

2210

01:36:07,729 --> 01:36:06,179

but when we look at astrology people

2211

01:36:09,890 --> 01:36:07,739

kind of don't remember that we're

2212

01:36:11,209 --> 01:36:09,900

looking at where the sun is at from

2213

01:36:13,490 --> 01:36:11,219

her's point of view and the background

2214

01:36:15,110 --> 01:36:13,500

of the constellation behind the Sun so

2215

01:36:17,810 --> 01:36:15,120

when we say we're in Capricorn moving

2216

01:36:20,629 --> 01:36:17,820

into Aquarius the Earth is not there

2217

01:36:22,550 --> 01:36:20,639

it's the Earth's view point of it

2218

01:36:23,990 --> 01:36:22,560

people get that confused like they think

2219

01:36:26,330 --> 01:36:24,000

oh yeah like

2220

01:36:27,890 --> 01:36:26,340

Sun's in this sign I'm like yeah well

2221

01:36:29,570 --> 01:36:27,900

Earth's point of view and that means

2222

01:36:33,350 --> 01:36:29,580

we're in the opposite we're actually

2223

01:36:34,669 --> 01:36:33,360

where with the comet in that zone when

2224

01:36:36,890 --> 01:36:34,679

when you and I were sitting in my

2225

01:36:40,729 --> 01:36:36,900

backyard and you're walking me through

2226

01:36:42,590 --> 01:36:40,739

all of this right and and just when uh

2227

01:36:44,689 --> 01:36:42,600

Dave I'm gonna be straight with you I

2228

01:36:46,550 --> 01:36:44,699

thought I had a grip of the heavens

2229

01:36:49,610 --> 01:36:46,560

right because I go out there every night

2230

01:36:52,750 --> 01:36:49,620

man I got my I got my computer I got my

2231

01:36:55,610 --> 01:36:52,760

thing and my lining it up and I got my

2232

01:36:57,649 --> 01:36:55,620

binoculars telescopes and night vision I

2233

01:37:01,250 --> 01:36:57,659

got comfortable chairs I got a great

2234

01:37:03,110 --> 01:37:01,260

backyard you got the laser pointer yeah

2235

01:37:05,270 --> 01:37:03,120

got all that right got all that going on

2236

01:37:08,229 --> 01:37:05,280

and and you come out and just tip it all

2237

01:37:12,470 --> 01:37:08,239

over for me no Jimmy no actually

2238

01:37:14,990 --> 01:37:12,480

we're moving it's that it that no

2239

01:37:17,689 --> 01:37:15,000

um but uh yeah you you understand it

2240

01:37:20,390 --> 01:37:17,699

really well and the concepts of that I

2241

01:37:22,610 --> 01:37:20,400

can I say something about that night

2242

01:37:24,709 --> 01:37:22,620

I told you when I was sitting there and

2243

01:37:26,450 --> 01:37:24,719

I was looking in your backyard and I was

2244

01:37:28,790 --> 01:37:26,460

looking towards aquarius so I was

2245

01:37:30,350 --> 01:37:28,800

looking towards like where Skunk Works

2246

01:37:33,229 --> 01:37:30,360

would be like I was looking on the

2247

01:37:34,370 --> 01:37:33,239

horizon of what was Rising right because

2248

01:37:36,830 --> 01:37:34,380

I said oh we're going to start to see

2249

01:37:40,430 --> 01:37:36,840

Jupiter rise and it was like 3 A.M

2250

01:37:44,750 --> 01:37:40,440

remember I'm like yeah and I said the

2251

01:37:47,570 --> 01:37:44,760

last time we saw this was 1963

2252

01:37:49,490 --> 01:37:47,580

of where we're seeing everything and I

2253

01:37:51,709 --> 01:37:49,500

said in November

2254

01:37:54,169 --> 01:37:51,719

of 2022

2255

01:37:57,530 --> 01:37:54,179

an event that would take place that

2256

01:37:58,970 --> 01:37:57,540

would be weird for the presidency what

2257

01:38:01,010 --> 01:37:58,980

happened he said all right I'll I'll

2258

01:38:04,550 --> 01:38:01,020

call you on that and we just found out

2259

01:38:08,030 --> 01:38:04,560

that it was in November yeah yeah that

2260

01:38:09,470 --> 01:38:08,040

the documents were actually be yeah if

2261

01:38:11,570 --> 01:38:09,480

they didn't say anything for the whole

2262

01:38:14,149 --> 01:38:11,580

time yeah that's that that actually

2263

01:38:17,570 --> 01:38:14,159

happened and you know what was you know

2264

01:38:20,590 --> 01:38:17,580

what was trippy is we uh we watched

2265

01:38:25,970 --> 01:38:23,450

yeah that was correct how long were we

2266

01:38:27,850 --> 01:38:25,980

sitting out there because until 4am well

2267

01:38:31,010 --> 01:38:27,860

no no that's not my point

2268

01:38:33,470 --> 01:38:31,020

because we watched Jupiter come up when

2269

01:38:34,270 --> 01:38:33,480

we went in the house Jupiter was above

2270

01:38:39,410 --> 01:38:34,280

us

2271

01:38:42,470 --> 01:38:39,420

out there like nine or ten p.m or

2272

01:38:45,169 --> 01:38:42,480

something yeah hours long but we were

2273

01:38:47,870 --> 01:38:45,179

all just having a great time and and

2274

01:38:49,310 --> 01:38:47,880

that was because you saw that you were I

2275

01:38:51,410 --> 01:38:49,320

don't know you're the master man you

2276

01:38:53,330 --> 01:38:51,420

don't need anything you just see it you

2277

01:38:56,629 --> 01:38:53,340

know how to look through the stars and

2278

01:38:58,910 --> 01:38:56,639

see what's not normal yeah yeah yeah can

2279

01:39:00,410 --> 01:38:58,920

anybody be able to do it and we all saw

2280

01:39:02,270 --> 01:39:00,420

it at the same time because you pointed

2281

01:39:03,970 --> 01:39:02,280

out and then we saw it move

2282

01:39:06,950 --> 01:39:03,980

oh okay

2283

01:39:09,590 --> 01:39:06,960

what David is referring to and you know

2284

01:39:11,810 --> 01:39:09,600

what that was that dude that was a

2285

01:39:14,390 --> 01:39:11,820

precious moment because that happened

2286

01:39:16,070 --> 01:39:14,400

for real so

2287

01:39:18,770 --> 01:39:16,080

um I'm standing and facing everybody

2288

01:39:20,689 --> 01:39:18,780

everybody is in the line in chairs right

2289

01:39:23,330 --> 01:39:20,699

and we've got our gear and we're looking

2290

01:39:26,030 --> 01:39:23,340

up and I'm standing up being loud and

2291

01:39:27,350 --> 01:39:26,040

I'm facing everybody and and David

2292

01:39:29,990 --> 01:39:27,360

sitting right in front of me and I go

2293

01:39:34,370 --> 01:39:30,000

now I gotta tell you guys man a couple

2294

01:39:37,490 --> 01:39:34,380

of days ago I looked up and and this

2295

01:39:41,090 --> 01:39:37,500

star this object lit up and went bloop

2296

01:39:44,390 --> 01:39:41,100

and I go and David goes where I go right

2297

01:39:47,350 --> 01:39:44,400

there and right as I point this freaking

2298

01:39:51,350 --> 01:39:47,360

thing lights up and goes

2299

01:39:53,030 --> 01:39:51,360

and there that was oh man you know what

2300

01:39:55,129 --> 01:39:53,040

that was the universe going we're gonna

2301
01:39:58,490 --> 01:39:55,139
make you look pretty good Jimmy right

2302
01:40:01,129 --> 01:39:58,500
now if we all saw it and it looked like

2303
01:40:03,530 --> 01:40:01,139
oh that looks like it could be a

2304
01:40:05,750 --> 01:40:03,540
it can't be a planet because it was so

2305
01:40:08,810 --> 01:40:05,760
bright yeah it wasn't like twinkling

2306
01:40:11,209 --> 01:40:08,820
either I know and it just lit up that

2307
01:40:13,850 --> 01:40:11,219
was that was crazy and then it moved

2308
01:40:15,590 --> 01:40:13,860
about that far it didn't you know you

2309
01:40:19,189 --> 01:40:15,600
know it just disappeared it was nuts

2310
01:40:22,430 --> 01:40:19,199
that was crazy right there that's what I

2311
01:40:25,490 --> 01:40:22,440
that's what's interesting about March is

2312
01:40:30,290 --> 01:40:25,500
yes the comet will be done

2313
01:40:34,729 --> 01:40:32,330

is it's like

2314

01:40:37,129 --> 01:40:34,739

you know back in the day of like uh

2315

01:40:40,189 --> 01:40:37,139

Happy Gilmore just tap it in

2316

01:40:42,169 --> 01:40:40,199

okay the comment is tapping in Pluto

2317

01:40:44,090 --> 01:40:42,179

into Aquarius and Saturn into Pisces

2318

01:40:46,250 --> 01:40:44,100

with Neptune which hasn't happened since

2319

01:40:47,810 --> 01:40:46,260

1523 and then of course Pluto and

2320

01:40:51,290 --> 01:40:47,820

Aquarius which we've never consciously

2321

01:40:52,970 --> 01:40:51,300

seen since the end of 1776 into 77 right

2322

01:40:55,550 --> 01:40:52,980

there same thing boom

2323

01:40:59,810 --> 01:40:55,560

it's tapping it in

2324

01:41:02,330 --> 01:40:59,820

the um with some extra green weird new

2325

01:41:05,390 --> 01:41:02,340

stuff that we have that's making it more

2326

01:41:08,510 --> 01:41:05,400

of the excitement of the unknown

2327

01:41:10,850 --> 01:41:08,520

some people uh that are on high Vibe

2328

01:41:12,229 --> 01:41:10,860

said or this one woman especially said

2329

01:41:13,910 --> 01:41:12,239

well you know she thought of the chakra

2330

01:41:17,270 --> 01:41:13,920

colors like green and being the heart

2331

01:41:19,490 --> 01:41:17,280

and being love yeah yes yes right so I

2332

01:41:22,129 --> 01:41:19,500

was like you know that that actually

2333

01:41:23,629 --> 01:41:22,139

makes a lot of sense I've heard that a

2334

01:41:26,570 --> 01:41:23,639

few times now

2335

01:41:29,209 --> 01:41:26,580

actually I think I saw it in in the chat

2336

01:41:30,370 --> 01:41:29,219

room uh uh at the beginning of the show

2337

01:41:32,870 --> 01:41:30,380

tonight

2338

01:41:35,689 --> 01:41:32,880

you know it's like I'm willing to I'm

2339

01:41:38,209 --> 01:41:35,699

open to it all you know nobody's the

2340

01:41:40,790 --> 01:41:38,219

master of comments that's the coolest

2341

01:41:42,410 --> 01:41:40,800

part is nobody mastered him and nobody's

2342

01:41:44,090 --> 01:41:42,420

fully understood them going thousands of

2343

01:41:47,090 --> 01:41:44,100

years and nobody's tried to act that way

2344

01:41:48,709 --> 01:41:47,100

either it's just more the debate is like

2345

01:41:51,050 --> 01:41:48,719

some people just think it's a comment

2346

01:41:53,209 --> 01:41:51,060

whatever whereas like a lot of the

2347

01:41:56,090 --> 01:41:53,219

ancient astrologers are like pay

2348

01:41:57,770 --> 01:41:56,100

attention to them and figure out as much

2349

01:41:59,930 --> 01:41:57,780

as you can and

2350

01:42:01,490 --> 01:41:59,940

if it was Nostradamus he would have been

2351
01:42:04,090 --> 01:42:01,500
open enough to be like okay yeah let's

2352
01:42:06,890 --> 01:42:04,100
pay attention to this and

2353
01:42:09,050 --> 01:42:06,900
what's happening at that time it's

2354
01:42:11,870 --> 01:42:09,060
always about the moment like what's

2355
01:42:14,330 --> 01:42:11,880
happening at that moment and where that

2356
01:42:15,770 --> 01:42:14,340
what's the uniqueness of the story well

2357
01:42:17,870 --> 01:42:15,780
the uniqueness is

2358
01:42:19,609 --> 01:42:17,880
geez we're going into a place the last

2359
01:42:21,950 --> 01:42:19,619
time Pluto left assigned and moved into

2360
01:42:25,550 --> 01:42:21,960
a new one was 2008 right when it did

2361
01:42:28,250 --> 01:42:25,560
boom right Obama became president like

2362
01:42:31,370 --> 01:42:28,260
it's crazy like we are moving into

2363
01:42:33,109 --> 01:42:31,380

where things changed fast

2364

01:42:34,729 --> 01:42:33,119

the world to change as fast the

2365

01:42:37,189 --> 01:42:34,739

financial crisis happened I'm not saying

2366

01:42:39,490 --> 01:42:37,199

those are the same things but Pluto

2367

01:42:43,790 --> 01:42:39,500

brings in uh ushering of a new chapter

2368

01:42:48,050 --> 01:42:43,800

that's fully like it doesn't 2008 to now

2369

01:42:50,930 --> 01:42:48,060

feels like nothing like the end of the

2370

01:42:53,930 --> 01:42:50,940

90s to 2008.

2371

01:42:57,470 --> 01:42:53,940

was it master of comets Metallica's

2372

01:42:59,570 --> 01:42:57,480

second album oh yeah

2373

01:43:02,090 --> 01:42:59,580

I had to man I couldn't let that go that

2374

01:43:04,390 --> 01:43:02,100

was too easy right or at the w e f it's

2375

01:43:06,770 --> 01:43:04,400

the method of future

2376

01:43:08,689 --> 01:43:06,780

right right right right I don't know

2377

01:43:12,649 --> 01:43:08,699

anybody that can match to the future but

2378

01:43:14,570 --> 01:43:12,659

you know so the last two comments

2379

01:43:17,689 --> 01:43:14,580

um dissolved

2380

01:43:20,870 --> 01:43:17,699

all right and and and and went away uh

2381

01:43:22,270 --> 01:43:20,880

uh uh with the sun and it it kind of

2382

01:43:25,129 --> 01:43:22,280

bumped me out

2383

01:43:28,250 --> 01:43:25,139

the way that things are looking right

2384

01:43:31,129 --> 01:43:28,260

now it doesn't feel that way that that

2385

01:43:33,350 --> 01:43:31,139

this one is going to stay a comment I

2386

01:43:35,629 --> 01:43:33,360

know you said the the tail breaking up

2387

01:43:39,290 --> 01:43:35,639

thing but um I'm talking about uh

2388

01:43:41,030 --> 01:43:39,300

continuing Justice yeah yeah do you

2389

01:43:43,250 --> 01:43:41,040

think um it's not going to break apart

2390

01:43:46,430 --> 01:43:43,260

do you think it's it's it's it's going

2391

01:43:49,609 --> 01:43:46,440

to be just beautiful for the next month

2392

01:43:52,490 --> 01:43:49,619

I mean I'm looking at an article that's

2393

01:43:54,229 --> 01:43:52,500

from Sky watching saying the brilliant

2394

01:43:56,450 --> 01:43:54,239

Greek Comet loses part of its tail the

2395

01:43:58,490 --> 01:43:56,460

solar storm and this stunning Astro

2396

01:44:00,470 --> 01:43:58,500

photographer photo so they're saying a

2397

01:44:02,090 --> 01:44:00,480

solar storm affected

2398

01:44:04,970 --> 01:44:02,100

it

2399

01:44:07,189 --> 01:44:04,980

which is again the question about the

2400

01:44:10,970 --> 01:44:07,199

sun and the that's like the big stuff

2401
01:44:12,169 --> 01:44:10,980
even with health going on and our polar

2402
01:44:14,030 --> 01:44:12,179
shift but we don't even have to go there

2403
01:44:16,310 --> 01:44:14,040
but that's an interesting part that the

2404
01:44:20,390 --> 01:44:16,320
effects of even comments now

2405
01:44:21,830 --> 01:44:20,400
but okay I I I'm gonna it doesn't look

2406
01:44:23,990 --> 01:44:21,840
like from what I'm reading here that

2407
01:44:26,930 --> 01:44:24,000
it's going to

2408
01:44:29,530 --> 01:44:26,940
lose its capability for it to keep going

2409
01:44:32,390 --> 01:44:29,540
or be seen or to disseminate completely

2410
01:44:34,490 --> 01:44:32,400
okay so check this out let's just go

2411
01:44:37,070 --> 01:44:34,500
let's just go

2412
01:44:38,870 --> 01:44:37,080
you ready yep

2413
01:44:40,550 --> 01:44:38,880

there it is right now

2414

01:44:43,129 --> 01:44:40,560

boom

2415

01:44:44,510 --> 01:44:43,139

that's in real time here I'll clean this

2416

01:44:46,970 --> 01:44:44,520

up let me clean this up for everybody

2417

01:44:49,430 --> 01:44:46,980

I'm gonna be really nice there it is it

2418

01:44:50,149 --> 01:44:49,440

is live

2419

01:44:54,410 --> 01:44:50,159

um

2420

01:44:56,990 --> 01:44:54,420

yeah this is uh 21 hours in

2421

01:45:02,149 --> 01:44:57,000

um this is just a 24-hour live stream

2422

01:45:04,310 --> 01:45:02,159

that's awesome yes isn't that just crazy

2423

01:45:05,990 --> 01:45:04,320

yeah I love it I love that we're having

2424

01:45:07,790 --> 01:45:06,000

one I'd rather have one than not

2425

01:45:10,010 --> 01:45:07,800

especially with where we've been it's

2426

01:45:12,709 --> 01:45:10,020

the thing that brings the changes that

2427

01:45:15,050 --> 01:45:12,719

are necessary that we feel like

2428

01:45:17,209 --> 01:45:15,060

haven't been happening

2429

01:45:19,550 --> 01:45:17,219

man wouldn't be crazy with this live

2430

01:45:23,950 --> 01:45:19,560

stream fixated on this comet

2431

01:45:26,570 --> 01:45:23,960

that's you know some spacecraft Zips by

2432

01:45:29,090 --> 01:45:26,580

you know with you on this show I would

2433

01:45:30,410 --> 01:45:29,100

not be surprised I know right we're just

2434

01:45:33,770 --> 01:45:30,420

sitting here yeah check it out man check

2435

01:45:36,709 --> 01:45:33,780

up there whoa but uh it it it it it it

2436

01:45:38,209 --> 01:45:36,719

wouldn't surprise me it was a moment

2437

01:45:40,910 --> 01:45:38,219

with the background of all the stars

2438

01:45:43,609 --> 01:45:40,920

that are twinkling right yeah and

2439

01:45:45,890 --> 01:45:43,619

interesting on how the formation of the

2440

01:45:49,790 --> 01:45:45,900

Dipper and it looks like you could do an

2441

01:45:52,070 --> 01:45:49,800

X with the Dipper part you know when you

2442

01:45:56,870 --> 01:45:52,080

you sit you know that's kind of crazy

2443

01:45:59,209 --> 01:45:56,880

Xbox the spot X New Roman numeral 10 is

2444

01:46:01,030 --> 01:45:59,219

actually really what is the

2445

01:46:03,530 --> 01:46:01,040

understanding of Pythagorean

2446

01:46:06,410 --> 01:46:03,540

understanding with trans numbers to 30

2447

01:46:09,890 --> 01:46:06,420

20 24 trans numbers into 30. it's pretty

2448

01:46:12,430 --> 01:46:09,900

deep stuff and with with the monitor

2449

01:46:14,810 --> 01:46:12,440

that I have here in the studio right

2450

01:46:19,629 --> 01:46:14,820

you've seen it nobody else has seen yeah

2451

01:46:23,090 --> 01:46:19,639

it's big right it's huge and so it's

2452

01:46:25,310 --> 01:46:23,100

this is so cool in real time I'm going

2453

01:46:26,510 --> 01:46:25,320

to take my pointer here this is not

2454

01:46:28,669 --> 01:46:26,520

moving

2455

01:46:31,850 --> 01:46:28,679

but if you sit here and you just stare

2456

01:46:36,010 --> 01:46:31,860

this star right here it's going it's

2457

01:46:39,470 --> 01:46:36,020

like one pixel at a time right

2458

01:46:41,570 --> 01:46:39,480

this is not this is perfectly still the

2459

01:46:44,629 --> 01:46:41,580

the head of the Comet but if you just

2460

01:46:46,910 --> 01:46:44,639

sit here and you keep staring it's so

2461

01:46:49,370 --> 01:46:46,920

funny whoever's that's not me moving it

2462

01:46:51,770 --> 01:46:49,380

by the way no do they have to they have

2463

01:46:53,510 --> 01:46:51,780

to adjust constantly there's somebody in

2464

01:46:58,070 --> 01:46:53,520

their backyard you know he's got a

2465

01:47:00,470 --> 01:46:58,080

tripod probably I don't know but uh this

2466

01:47:03,770 --> 01:47:00,480

um this back star you can just see it

2467

01:47:06,950 --> 01:47:03,780

it's just going slowly back this is

2468

01:47:08,450 --> 01:47:06,960

moving towards us and if you just sit

2469

01:47:10,490 --> 01:47:08,460

there and look at it long enough you can

2470

01:47:11,930 --> 01:47:10,500

see like this you can see the the you

2471

01:47:14,930 --> 01:47:11,940

know these back Stars you can see them

2472

01:47:16,729 --> 01:47:14,940

just let little pixel at a time it's

2473

01:47:18,470 --> 01:47:16,739

pretty fast and that's what's

2474

01:47:20,810 --> 01:47:18,480

interesting is

2475

01:47:22,490 --> 01:47:20,820

I mean you know

2476

01:47:24,950 --> 01:47:22,500

the fact that it's going to be heading

2477

01:47:27,050 --> 01:47:24,960

towards Draco

2478

01:47:28,669 --> 01:47:27,060

you know there's a lot of Stories on

2479

01:47:30,290 --> 01:47:28,679

Draco

2480

01:47:32,390 --> 01:47:30,300

of course you hear them in the spiritual

2481

01:47:34,970 --> 01:47:32,400

communities being uh

2482

01:47:36,830 --> 01:47:34,980

kind of more intense or there's

2483

01:47:40,609 --> 01:47:36,840

there's different beings that come from

2484

01:47:43,310 --> 01:47:40,619

Draco right so I think it's kind of an

2485

01:47:45,890 --> 01:47:43,320

interesting thing of like

2486

01:47:48,830 --> 01:47:45,900

we have the UAP stuff we have the

2487

01:47:51,890 --> 01:47:48,840

sentient beings of of

2488

01:47:54,410 --> 01:47:51,900

gosh octopuses I guess I could have

2489

01:47:57,590 --> 01:47:54,420

guessed that one but

2490

01:48:01,490 --> 01:47:57,600

that's what's interesting to me is the

2491

01:48:05,030 --> 01:48:01,500

the way the UFO stuff is going right now

2492

01:48:07,310 --> 01:48:05,040

and that this is coming into a zone of

2493

01:48:09,169 --> 01:48:07,320

where are the pyramids just so happen to

2494

01:48:12,229 --> 01:48:09,179

be pointed towards

2495

01:48:13,850 --> 01:48:12,239

of Egypt they they have hieroglyphics of

2496

01:48:15,470 --> 01:48:13,860

like pointing that's why I'm saying I

2497

01:48:18,229 --> 01:48:15,480

don't know they're I'm not a

2498

01:48:21,530 --> 01:48:18,239

hieroglyphic Egyptian study

2499

01:48:25,310 --> 01:48:21,540

so I can't translate that

2500

01:48:27,470 --> 01:48:25,320

um yeah thank you for this Lisa uh ztf

2501

01:48:29,810 --> 01:48:27,480

means the zwiki transient facility where

2502

01:48:32,870 --> 01:48:29,820

it was first seen which

2503

01:48:36,350 --> 01:48:32,880

was right here at Mount Palomar awesome

2504

01:48:37,609 --> 01:48:36,360

yeah yeah right here Southern California

2505

01:48:39,649 --> 01:48:37,619

um I think what's going to be

2506

01:48:42,290 --> 01:48:39,659

interesting is I think it's it's the

2507

01:48:45,189 --> 01:48:42,300

evolution of our species

2508

01:48:48,530 --> 01:48:45,199

and that means maybe the

2509

01:48:51,290 --> 01:48:48,540

invert of what other species are out

2510

01:48:54,169 --> 01:48:51,300

there to understand what we really are

2511

01:48:57,470 --> 01:48:54,179

that's an evolution of a conscious part

2512

01:48:59,090 --> 01:48:57,480

of a human not knowing a homo sapien

2513

01:49:01,010 --> 01:48:59,100

that doesn't know really who we are

2514

01:49:05,090 --> 01:49:01,020

because we don't know what to refer

2515

01:49:09,470 --> 01:49:07,189

something outside of

2516

01:49:13,970 --> 01:49:09,480

what we're used to that's right

2517

01:49:17,330 --> 01:49:13,980

environment well but that if we this is

2518

01:49:21,410 --> 01:49:17,340

what is so fascinating about that where

2519

01:49:23,870 --> 01:49:21,420

we kind of want to ignore where we we we

2520

01:49:25,729 --> 01:49:23,880

just think that we're so smart now right

2521

01:49:29,810 --> 01:49:25,739

and that we understand everything and

2522

01:49:34,070 --> 01:49:29,820

that every we are at no we are where we

2523

01:49:34,990 --> 01:49:34,080

are right now but if we had a time

2524

01:49:38,629 --> 01:49:35,000

machine

2525

01:49:41,270 --> 01:49:38,639

and and we went back 10 000 years

2526
01:49:43,430 --> 01:49:41,280
fifteen thousand years thirty thousand

2527
01:49:45,890 --> 01:49:43,440
years and we go up to Homo sapiens

2528
01:49:50,050 --> 01:49:45,900
sapien and try to talk to them about

2529
01:49:52,550 --> 01:49:50,060
where where their capacity to understand

2530
01:49:54,770 --> 01:49:52,560
is not there

2531
01:49:56,870 --> 01:49:54,780
no not there their capacity to

2532
01:49:59,149 --> 01:49:56,880
understand they have a limit of what you

2533
01:50:02,209 --> 01:49:59,159
know we build on it and build on it over

2534
01:50:06,470 --> 01:50:02,219
time and here we are now but if we meet

2535
01:50:09,169 --> 01:50:06,480
an advanced species that's got us by ten

2536
01:50:11,030 --> 01:50:09,179
thousand years a million years I don't

2537
01:50:13,209 --> 01:50:11,040
know pick a number

2538
01:50:16,910 --> 01:50:13,219

um our

2539

01:50:20,209 --> 01:50:16,920

our ceiling of the ability to understand

2540

01:50:23,390 --> 01:50:20,219

something is not going to be in that

2541

01:50:25,910 --> 01:50:23,400

ballpark it's it's simply not well a lot

2542

01:50:28,850 --> 01:50:25,920

of it too is if based off the astrology

2543

01:50:31,310 --> 01:50:28,860

of 1523 with Saturn and Neptune coming

2544

01:50:33,290 --> 01:50:31,320

into alignment over the next four years

2545

01:50:35,870 --> 01:50:33,300

you're going to see them every time

2546

01:50:38,090 --> 01:50:35,880

you'll be able to see that Saturn and

2547

01:50:40,790 --> 01:50:38,100

Neptune are aligning for the next four

2548

01:50:42,530 --> 01:50:40,800

years and in 2026 they're going to

2549

01:50:44,330 --> 01:50:42,540

exactly align from her's point of view

2550

01:50:47,450 --> 01:50:44,340

and the sun's point of view they're

2551

01:50:49,550 --> 01:50:47,460

aligning around 2025 right to 256 too

2552

01:50:51,890 --> 01:50:49,560

but they're coming in right now in 2023

2553

01:50:54,590 --> 01:50:51,900

like wow you could just start seeing the

2554

01:50:57,350 --> 01:50:54,600

closure of Saturn on it

2555

01:51:00,350 --> 01:50:57,360

in 1523 it happened in this space last

2556

01:51:02,689 --> 01:51:00,360

time is right after Martin Luther pegged

2557

01:51:05,030 --> 01:51:02,699

on to the church hey I don't know if I

2558

01:51:08,030 --> 01:51:05,040

want to do it this way it's all been

2559

01:51:10,910 --> 01:51:08,040

stories of how we are maybe we come from

2560

01:51:12,649 --> 01:51:10,920

this so this is going to be a religious

2561

01:51:14,270 --> 01:51:12,659

odd thing because it's happening in

2562

01:51:16,430 --> 01:51:14,280

Pisces that deals with religion the age

2563

01:51:18,410 --> 01:51:16,440

of Pisces that's coming to its close in

2564

01:51:20,330 --> 01:51:18,420

this age of Aquarius and that's what's

2565

01:51:22,430 --> 01:51:20,340

weird is if we start discovering things

2566

01:51:26,090 --> 01:51:22,440

that aren't stories but are actually yo

2567

01:51:28,010 --> 01:51:26,100

you can see it look at what starts to be

2568

01:51:30,350 --> 01:51:28,020

discovered look what disclosure stuff

2569

01:51:33,290 --> 01:51:30,360

starts to bring out that changes the

2570

01:51:35,330 --> 01:51:33,300

homo sapiens storyline and that's a

2571

01:51:37,609 --> 01:51:35,340

that's a that's a that's going to be the

2572

01:51:41,030 --> 01:51:37,619

part of two different species

2573

01:51:44,570 --> 01:51:41,040

a species that wants to believe a story

2574

01:51:46,669 --> 01:51:44,580

that we can't see we don't know and then

2575

01:51:48,950 --> 01:51:46,679

a species that's moving into look at

2576

01:51:52,550 --> 01:51:48,960

what's being exposed here and willing to

2577

01:51:55,850 --> 01:51:52,560

open itself up and not feel

2578

01:51:58,010 --> 01:51:55,860

I don't know if if they accept what is

2579

01:51:59,330 --> 01:51:58,020

showing up that they're going they're

2580

01:52:01,609 --> 01:51:59,340

not going to go to heaven or they're

2581

01:52:05,270 --> 01:52:01,619

like that's the stuff that I'm really

2582

01:52:07,550 --> 01:52:05,280

looking at the evolution is like

2583

01:52:10,070 --> 01:52:07,560

you know it was already Martin Luther

2584

01:52:12,649 --> 01:52:10,080

was it's if you have the name Martin

2585

01:52:14,450 --> 01:52:12,659

Luther even King it doesn't seem to go

2586

01:52:15,890 --> 01:52:14,460

down too well

2587

01:52:18,370 --> 01:52:15,900

which is kind of an interesting thing

2588

01:52:20,689 --> 01:52:18,380

but it's like the moments of change

2589

01:52:23,450 --> 01:52:20,699

exactly they're all moments of change

2590

01:52:25,790 --> 01:52:23,460

and and now and here's where you're

2591

01:52:29,689 --> 01:52:25,800

right let me help you out here here's

2592

01:52:31,310 --> 01:52:29,699

where you write so E.T lands right and

2593

01:52:33,950 --> 01:52:31,320

and they come up to you know I'm the

2594

01:52:36,470 --> 01:52:33,960

Science Guy you're the astrologer right

2595

01:52:38,709 --> 01:52:36,480

you're the finest guy they come up to us

2596

01:52:42,530 --> 01:52:38,719

and they go you know what church

2597

01:52:43,729 --> 01:52:42,540

that's science stuff and the math let me

2598

01:52:46,070 --> 01:52:43,739

tell you what

2599

01:52:49,310 --> 01:52:46,080

works

2600

01:52:50,750 --> 01:52:49,320

the influence of the Universe on

2601

01:52:53,450 --> 01:52:50,760

everything

2602

01:52:54,950 --> 01:52:53,460

that's what I I they're gonna look at

2603

01:52:57,530 --> 01:52:54,960

you and go man keep doing what you're

2604

01:52:59,330 --> 01:52:57,540

doing you're on the right track and I I

2605

01:53:01,750 --> 01:52:59,340

firmly believe that I don't think it

2606

01:53:05,090 --> 01:53:01,760

necessarily has to do with with numbers

2607

01:53:08,090 --> 01:53:05,100

it's both everything is about converging

2608

01:53:10,010 --> 01:53:08,100

that we need that and

2609

01:53:12,229 --> 01:53:10,020

right you can't do it without the map

2610

01:53:13,550 --> 01:53:12,239

like sure that's true Soldier that's

2611

01:53:16,209 --> 01:53:13,560

trying to be an astrologer right now and

2612

01:53:18,590 --> 01:53:16,219

doesn't know astronomy and anything

2613

01:53:20,930 --> 01:53:18,600

astrophysic at all or is willing to

2614

01:53:22,910 --> 01:53:20,940

understand orbits and declinations is

2615

01:53:24,649 --> 01:53:22,920

not an astrologer you can't you're

2616

01:53:26,330 --> 01:53:24,659

really not under Challenger you have to

2617

01:53:31,390 --> 01:53:26,340

understand that but but what I'm

2618

01:53:34,010 --> 01:53:31,400

referring to is that uh The Sciences

2619

01:53:36,229 --> 01:53:34,020

will call our discussion tonight

2620

01:53:39,169 --> 01:53:36,239

pseudoscience

2621

01:53:40,490 --> 01:53:39,179

right that ET is going to arrive here

2622

01:53:42,890 --> 01:53:40,500

and say

2623

01:53:45,590 --> 01:53:42,900

Mr Palmer you've had it right all along

2624

01:53:47,870 --> 01:53:45,600

I mean I'm I that would be nice I'm not

2625

01:53:49,970 --> 01:53:47,880

gonna hope for that right I'm just going

2626

01:53:53,030 --> 01:53:49,980

because that would also be putting my

2627

01:53:54,770 --> 01:53:53,040

own ego in front of the work I think

2628

01:53:56,149 --> 01:53:54,780

what's the pseudoscience part is the

2629

01:53:58,729 --> 01:53:56,159

fact that they only have done it off

2630

01:54:01,430 --> 01:53:58,739

studies of horoscopes and newspapers and

2631

01:54:02,810 --> 01:54:01,440

giving them to people and that they knew

2632

01:54:04,430 --> 01:54:02,820

were not their birthday and them

2633

01:54:05,810 --> 01:54:04,440

resonating with it and calling in is

2634

01:54:07,729 --> 01:54:05,820

truth that they call it a pseudoscience

2635

01:54:09,290 --> 01:54:07,739

but they're not talking about the

2636

01:54:10,790 --> 01:54:09,300

astrology that we're talking about or

2637

01:54:12,790 --> 01:54:10,800

how we're observing the comment coming

2638

01:54:15,470 --> 01:54:12,800

by the Earth and Mars

2639

01:54:16,790 --> 01:54:15,480

that's never been looked at in that

2640

01:54:20,750 --> 01:54:16,800

Realm

2641

01:54:22,430 --> 01:54:20,760

uh called the pseudoscience before to a

2642

01:54:25,070 --> 01:54:22,440

sneeze

2643

01:54:27,590 --> 01:54:25,080

that's a good sign

2644

01:54:29,810 --> 01:54:27,600

okay it's gone it's gone it was there

2645

01:54:39,410 --> 01:54:29,820

though look at my eyes were like

2646

01:54:43,970 --> 01:54:40,149

um

2647

01:54:45,950 --> 01:54:43,980

uh really quick and and I don't want to

2648

01:54:49,790 --> 01:54:45,960

give stuff away but

2649

01:54:52,189 --> 01:54:49,800

um uh uh where your head is at but I

2650

01:54:54,229 --> 01:54:52,199

just gotta know so conscious life Expo

2651
01:54:56,629 --> 01:54:54,239
coming up uh February 10th through the

2652
01:54:57,709 --> 01:54:56,639
13th uh we're going to be doing lots of

2653
01:55:01,490 --> 01:54:57,719
things together

2654
01:55:05,689 --> 01:55:01,500
um all weekend in your presentation

2655
01:55:07,609 --> 01:55:05,699
do you prepare for that or do you just

2656
01:55:09,770 --> 01:55:07,619
put bullet points in your head and then

2657
01:55:11,209 --> 01:55:09,780
you hit the stage and just go how do you

2658
01:55:13,430 --> 01:55:11,219
approach it

2659
01:55:15,350 --> 01:55:13,440
well of course with conscious life Expo

2660
01:55:17,209 --> 01:55:15,360
they want to know what I'm talking about

2661
01:55:21,830 --> 01:55:17,219
right

2662
01:55:24,950 --> 01:55:21,840
I spent all of 2022 going and wanting to

2663
01:55:27,470 --> 01:55:24,960

and 2021 breaking the codes of John D

2664

01:55:29,629 --> 01:55:27,480

and the works that they say is

2665

01:55:31,330 --> 01:55:29,639

impossible to be understood of people at

2666

01:55:33,530 --> 01:55:31,340

this time I'm like

2667

01:55:37,310 --> 01:55:33,540

you're doing John D at the conscious

2668

01:55:40,189 --> 01:55:37,320

life Expo yeah and Nostradamus which I

2669

01:55:42,530 --> 01:55:40,199

cracked his prophecies

2670

01:55:44,709 --> 01:55:42,540

right they say you can't crack it I was

2671

01:55:47,450 --> 01:55:44,719

like he gives all of it in his preface

2672

01:55:50,890 --> 01:55:47,460

and anyway long story short it's gonna

2673

01:55:54,709 --> 01:55:50,900

be about can astrological

2674

01:55:57,350 --> 01:55:54,719

influence of Prophecy help us in these

2675

01:55:58,790 --> 01:55:57,360

times of Crisis instead of only looking

2676

01:56:09,709 --> 01:55:58,800

at

2677

01:56:12,229 --> 01:56:09,719

multi-pre-even 2000 years ago prior to

2678

01:56:15,109 --> 01:56:12,239

the idea of Christ prior to they've been

2679

01:56:16,550 --> 01:56:15,119

using prophecies through in Providence

2680

01:56:18,770 --> 01:56:16,560

through the understanding of

2681

01:56:20,330 --> 01:56:18,780

understanding the celestial bodies and

2682

01:56:23,870 --> 01:56:20,340

my presentation is going to be is like

2683

01:56:25,790 --> 01:56:23,880

what's the effect without it what's the

2684

01:56:28,790 --> 01:56:25,800

effect with it and what would it look

2685

01:56:30,169 --> 01:56:28,800

like if we used it today and what has it

2686

01:56:32,629 --> 01:56:30,179

already started to look like for people

2687

01:56:34,970 --> 01:56:32,639

who followed it over the last three

2688

01:56:36,709 --> 01:56:34,980

years and

2689

01:56:37,609 --> 01:56:36,719

are they better off or are they worse

2690

01:56:41,149 --> 01:56:37,619

off

2691

01:56:45,169 --> 01:56:41,159

the basic of it but you know we should

2692

01:56:48,050 --> 01:56:45,179

do we should do a John A John D show uh

2693

01:56:50,689 --> 01:56:48,060

one day I would I would yeah one of the

2694

01:56:55,310 --> 01:56:50,699

most uh misunderstood

2695

01:56:59,030 --> 01:56:55,320

and also uh I'm gonna say neglected yeah

2696

01:57:02,570 --> 01:56:59,040

uh people historical figures like uh

2697

01:57:05,109 --> 01:57:02,580

ever and I just don't get that

2698

01:57:07,850 --> 01:57:05,119

yeah it's because he

2699

01:57:09,530 --> 01:57:07,860

around that time it got a little hairy

2700

01:57:12,649 --> 01:57:09,540

in 1564.

2701
01:57:15,709 --> 01:57:12,659
he of course was that the astrologer to

2702
01:57:19,189 --> 01:57:15,719
Queen Elizabeth first but he was also

2703
01:57:21,350 --> 01:57:19,199
her main advisor and he was the one who

2704
01:57:25,669 --> 01:57:21,360
came up with the British Empire and Maps

2705
01:57:28,910 --> 01:57:25,679
yep yep yep yep but he went to the Holy

2706
01:57:30,830 --> 01:57:28,920
Roman Emperor because she wasn't wanting

2707
01:57:31,729 --> 01:57:30,840
to add the extra stuff he had to say

2708
01:57:34,370 --> 01:57:31,739
about

2709
01:57:35,870 --> 01:57:34,380
the Pythagorean theorems and the all

2710
01:57:37,250 --> 01:57:35,880
these things that he was having

2711
01:57:39,169 --> 01:57:37,260
Revelations about

2712
01:57:41,149 --> 01:57:39,179
so he went to the Holy Roman Emperor to

2713
01:57:44,270 --> 01:57:41,159

say in order to form a republic because

2714

01:57:46,729 --> 01:57:44,280

he also is the beginner of creating the

2715

01:57:48,350 --> 01:57:46,739

understanding of a republic

2716

01:57:50,510 --> 01:57:48,360

to try and bring back the Republic

2717

01:57:52,310 --> 01:57:50,520

energy of the senates of Rome and so

2718

01:57:54,649 --> 01:57:52,320

forth because you have to remember it

2719

01:57:57,050 --> 01:57:54,659

was just monarchs at that time

2720

01:58:00,830 --> 01:57:57,060

and so he kind of is in a sketchy

2721

01:58:04,189 --> 01:58:00,840

situation where science and and God and

2722

01:58:06,890 --> 01:58:04,199

all that in the new church of England

2723

01:58:09,830 --> 01:58:06,900

right that Elizabeth was holding on to

2724

01:58:13,790 --> 01:58:09,840

right to make sure that Henry VII's work

2725

01:58:16,430 --> 01:58:13,800

didn't get back to the Catholic Church

2726

01:58:18,410 --> 01:58:16,440

so it was a crazy time but that's what's

2727

01:58:22,010 --> 01:58:18,420

interesting is looking at he had to be

2728

01:58:23,330 --> 01:58:22,020

very uh careful and he was trying to

2729

01:58:25,250 --> 01:58:23,340

show Alchemy

2730

01:58:26,870 --> 01:58:25,260

and because he was an alchemist he was

2731

01:58:29,089 --> 01:58:26,880

an astrologer I mean he was he was

2732

01:58:30,649 --> 01:58:29,099

everything he was all of it in one and

2733

01:58:32,930 --> 01:58:30,659

that's what happened was then he had his

2734

01:58:34,189 --> 01:58:32,940

own library and his own school to teach

2735

01:58:36,649 --> 01:58:34,199

people

2736

01:58:38,629 --> 01:58:36,659

and that's really where his work

2737

01:58:41,209 --> 01:58:38,639

is beyond what most people don't even

2738

01:58:45,010 --> 01:58:41,219

know and I mean they don't they don't it

2739

01:58:47,570 --> 01:58:45,020

he was at at that point in time

2740

01:58:49,790 --> 01:58:47,580

he might have been

2741

01:58:51,169 --> 01:58:49,800

it's certainly at moments the smartest

2742

01:58:55,070 --> 01:58:51,179

person on the planet

2743

01:58:58,790 --> 01:58:55,080

and and so if if you're at that level

2744

01:59:02,629 --> 01:58:58,800

that means those that you are Consulting

2745

01:59:03,950 --> 01:59:02,639

yeah those that you are advising are

2746

01:59:07,609 --> 01:59:03,960

below you

2747

01:59:10,310 --> 01:59:07,619

and that's a dangerous Zone and to be in

2748

01:59:12,649 --> 01:59:10,320

because you're misunderstood and you're

2749

01:59:14,149 --> 01:59:12,659

trying to convince people to lift their

2750

01:59:17,510 --> 01:59:14,159

intelligence and understand these

2751

01:59:19,669 --> 01:59:17,520

Concepts that that are going on and that

2752

01:59:23,689 --> 01:59:19,679

was the world of John D now we can look

2753

01:59:25,790 --> 01:59:23,699

back and go oh man wow genius right but

2754

01:59:28,729 --> 01:59:25,800

back then that's a dangerous place to be

2755

01:59:32,089 --> 01:59:28,739

if you have Da Vinci right at the end of

2756

01:59:34,189 --> 01:59:32,099

the 1400s and you're like wow I mean I I

2757

01:59:35,990 --> 01:59:34,199

look at Da Vinci like that guy

2758

01:59:38,930 --> 01:59:36,000

didn't even have to say it even though

2759

01:59:41,089 --> 01:59:38,940

he did Journal it and he drew it but his

2760

01:59:43,729 --> 01:59:41,099

paintings speak louder than what they

2761

01:59:45,950 --> 01:59:43,739

say but I feel like it's weird because

2762

01:59:48,350 --> 01:59:45,960

then you have Nostradamus who's in

2763

01:59:50,149 --> 01:59:48,360

France at the same time as John D is in

2764

01:59:51,589 --> 01:59:50,159

England doing astrology and both of them

2765

01:59:53,810 --> 01:59:51,599

are coming up with prophetic

2766

01:59:57,350 --> 01:59:53,820

understandings of where we'll be and how

2767

01:59:59,570 --> 01:59:57,360

uh Humanity needs to try and understand

2768

02:00:03,109 --> 01:59:59,580

that only that less than one percent

2769

02:00:05,149 --> 02:00:03,119

will ever understand this and until we

2770

02:00:06,890 --> 02:00:05,159

get to the point to where more people

2771

02:00:08,629 --> 02:00:06,900

are open to it is when the Great

2772

02:00:10,490 --> 02:00:08,639

Awakening I guess if you called it today

2773

02:00:11,689 --> 02:00:10,500

or we get out of the Matrix another way

2774

02:00:13,609 --> 02:00:11,699

to look at it

2775

02:00:15,290 --> 02:00:13,619

will happen and that's both of them and

2776

02:00:18,530 --> 02:00:15,300

what their prophecies were yeah

2777

02:00:20,750 --> 02:00:18,540

absolutely different ways yeah we we've

2778

02:00:24,010 --> 02:00:20,760

got to do a John D show I mean I'm a

2779

02:00:28,490 --> 02:00:24,020

John D fan but I know you are I am yeah

2780

02:00:30,830 --> 02:00:28,500

huge man and and just uh some people

2781

02:00:33,290 --> 02:00:30,840

it's actually a really positive guy he

2782

02:00:35,510 --> 02:00:33,300

was not like uh awesome he was awesome

2783

02:00:37,609 --> 02:00:35,520

he was super cool that's an awesome guy

2784

02:00:40,370 --> 02:00:37,619

you know and the advocate for human

2785

02:00:42,890 --> 02:00:40,380

beings are species and God it was like

2786

02:00:46,910 --> 02:00:42,900

and the universe and the wonders of it

2787

02:00:49,370 --> 02:00:46,920

and and he lived it a hundred percent he

2788

02:00:51,290 --> 02:00:49,380

did he really did he's just he was just

2789

02:00:54,830 --> 02:00:51,300

an amazing individual so we we should

2790

02:00:56,930 --> 02:00:54,840

man we should uh give him uh

2791

02:00:59,109 --> 02:00:56,940

uh uh his evening I was just wondering

2792

02:01:01,490 --> 02:00:59,119

when's his birthday

2793

02:01:04,430 --> 02:01:01,500

I mean it's weird because you know it's

2794

02:01:07,070 --> 02:01:04,440

good back in the Julian calendar but

2795

02:01:09,530 --> 02:01:07,080

he's the we can't make it up then

2796

02:01:11,270 --> 02:01:09,540

comments happening right where his son

2797

02:01:12,709 --> 02:01:11,280

was when he was born so that's kind of

2798

02:01:14,450 --> 02:01:12,719

interesting yeah so we can just make it

2799

02:01:16,910 --> 02:01:14,460

up we can we can come up with the John D

2800

02:01:18,310 --> 02:01:16,920

birthday yeah I know the birthday I'm

2801

02:01:20,330 --> 02:01:18,320

just saying that you know

2802

02:01:22,790 --> 02:01:20,340

you have to you have to use it

2803

02:01:24,169 --> 02:01:22,800

differently like everybody's birthday in

2804

02:01:26,990 --> 02:01:24,179

Gregorian

2805

02:01:28,550 --> 02:01:27,000

right if you run somebody prior to the

2806

02:01:30,290 --> 02:01:28,560

Gregorian calendar and in the Julian

2807

02:01:31,910 --> 02:01:30,300

calendar your astrology is going to be

2808

02:01:34,189 --> 02:01:31,920

different

2809

02:01:37,430 --> 02:01:34,199

is uh Sophia coming to conscious life

2810

02:01:38,870 --> 02:01:37,440

Expo yes I mean she is pregnant so we've

2811

02:01:40,910 --> 02:01:38,880

got a room there to be able to like hey

2812

02:01:42,290 --> 02:01:40,920

if you need to take a break I'm not

2813

02:01:44,390 --> 02:01:42,300

gonna

2814

02:01:46,550 --> 02:01:44,400

that's a lot I just you know especially

2815

02:01:48,950 --> 02:01:46,560

that place that place is an energetic a

2816

02:01:51,109 --> 02:01:48,960

lot and it's going to be great for the

2817

02:01:54,169 --> 02:01:51,119

three of us to hang out man and I know

2818

02:01:56,990 --> 02:01:54,179

so I'll see you in three weeks oh

2819

02:01:58,669 --> 02:01:57,000

um I'm gonna be going I might as well

2820

02:02:00,830 --> 02:01:58,679

just tell everybody now I'm going to be

2821

02:02:02,689 --> 02:02:00,840

going south I'm gonna go to a David's

2822

02:02:04,970 --> 02:02:02,699

studio

2823

02:02:07,430 --> 02:02:04,980

um and we're gonna do a thing down there

2824

02:02:09,290 --> 02:02:07,440

and we were kind of planning on doing it

2825

02:02:11,810 --> 02:02:09,300

tomorrow but uh

2826

02:02:13,669 --> 02:02:11,820

I guess we'll do it next Friday yeah

2827

02:02:17,330 --> 02:02:13,679

that would work yeah we'll do it next

2828

02:02:19,129 --> 02:02:17,340

Friday live from Palmers I'll talk to

2829

02:02:22,189 --> 02:02:19,139

you the Leo King David Palmer thank you

2830

02:02:23,689 --> 02:02:22,199

so much it's thelooking.com links are

2831

02:02:24,770 --> 02:02:23,699

below we've got them throughout social

2832

02:02:27,050 --> 02:02:24,780

media

2833

02:02:30,050 --> 02:02:27,060

David you're the very best go follow

2834

02:02:31,689 --> 02:02:30,060

David you're the man on on Instagram no

2835

02:02:34,129 --> 02:02:31,699

you demand

2836

02:02:36,290 --> 02:02:34,139

or Twitter I'm on Twitter a lot lately

2837

02:02:38,510 --> 02:02:36,300

that's been more fun yeah I I've kind of

2838

02:02:40,910 --> 02:02:38,520

noticed you picked up the pace there

2839

02:02:43,189 --> 02:02:40,920

um yeah there you go David behave man

2840

02:02:45,410 --> 02:02:43,199

have a great evening thank you man love

2841

02:02:48,770 --> 02:02:45,420

you brother love you back the absolute

2842

02:02:51,649 --> 02:02:48,780

very best and uh now I'm gonna get out

2843

02:02:53,709 --> 02:02:51,659

of here uh we just ran over so let me

2844

02:02:56,750 --> 02:02:53,719

just uh make that really again

2845

02:02:59,209 --> 02:02:56,760

congratulations David and Sophia that is

2846

02:03:03,530 --> 02:02:59,219

absolutely amazing

2847

02:03:06,290 --> 02:03:03,540

Fade to Black all right so now we are in

2848

02:03:08,149 --> 02:03:06,300

the weekend officially we're in the

2849

02:03:10,550 --> 02:03:08,159

weekend so I want everybody to have a

2850

02:03:12,350 --> 02:03:10,560

great safe fun amazing weekend and uh

2851

02:03:15,589 --> 02:03:12,360

we're right back here on Monday my guest

2852

02:03:17,450 --> 02:03:15,599

on Monday sneak preview Leslie Kane

2853

02:03:19,310 --> 02:03:17,460

right here on Fade to Black Fade to

2854

02:03:20,570 --> 02:03:19,320

Black is produced by Hilton J Palm Renee

2855

02:03:22,609 --> 02:03:20,580

Dennis and Kevin

2856

02:03:24,310 --> 02:03:22,619

wet Master is Drew the geek music Doug

2857

02:03:26,870 --> 02:03:24,320

Aldridge intro space boys

2858

02:03:28,790 --> 02:03:26,880

spaceboymusic.com fade to black is

2859

02:03:30,589 --> 02:03:28,800

produced by kjcr for the game changer

2860

02:03:33,709 --> 02:03:30,599

Network and this broadcast is own and

2861
