[Music]

2
00:00:36,350 --> 00:00:33,079

the smoke radio for the masses of July 8

3
00:00:38,750 --> 00:00:36,360

1947 the Army Air Forces has announced

4
00:00:40,850 --> 00:00:38,760

that a flying disc has been found and is

5
00:00:43,910 --> 00:00:40,860

now in the possession of the army

6
00:00:47,690 --> 00:00:43,920

game is rigged change the game game

7
00:00:51,290 --> 00:00:47,700

changer I occasionally think how quickly

8
00:00:54,650 --> 00:00:51,300

our differences worldwide would vanish

9
00:00:55,990 --> 00:00:54,660

if we were facing an alien threat from

10
00:00:57,810 --> 00:00:56,000

outside this work

11
00:01:00,310 --> 00:00:57,820

[Music]

12
00:01:03,229 --> 00:01:00,320

[Applause]

13
00:01:06,109 --> 00:01:03,239

this is Fade to Black with your host

14
00:01:06,770 --> 00:01:06,119
Jimmy Church on the game changer Radio

15
00:01:08,870 --> 00:01:06,780
Network

16
00:01:15,010 --> 00:01:08,880
[Music]

17
00:01:20,450 --> 00:01:18,230
all right good evening I mean assuming

18
00:01:25,070 --> 00:01:20,460
church this is Fade to Black it is

19
00:01:29,149 --> 00:01:25,080
Monday January 23rd 2023 and our guest

20
00:01:32,270 --> 00:01:29,159
tonight is Leslie Kane and we're going

21
00:01:35,210 --> 00:01:32,280
to jump straight into it uh tonight and

22
00:01:38,090 --> 00:01:35,220
of course uh Leslie's a writer a

23
00:01:40,850 --> 00:01:38,100
journalist uh an author a researcher

24
00:01:44,289 --> 00:01:40,860
with a focus over the last few decades

25
00:01:46,730 --> 00:01:44,299
on UFOs but lately some life after death

26

00:01:49,670 --> 00:01:46,740

has entered the picture too as well

27

00:01:51,530 --> 00:01:49,680

extremely compelling and interesting and

28

00:01:53,929 --> 00:01:51,540

with all of that

29

00:01:56,749 --> 00:01:53,939

let's just get straight to it and say

30

00:01:59,990 --> 00:01:56,759

Leslie good evening good evening how you

31

00:02:01,789 --> 00:02:00,000

doing Jimmy I am fantastic young lady

32

00:02:04,069 --> 00:02:01,799

and listen it's been a while since

33

00:02:06,830 --> 00:02:04,079

you've been on the show so before I say

34

00:02:08,990 --> 00:02:06,840

what have you been up to uh welcome back

35

00:02:11,029 --> 00:02:09,000

it's uh really great to see you and and

36

00:02:12,470 --> 00:02:11,039

hear from you great to be on with you

37

00:02:15,190 --> 00:02:12,480

it's been a little it has been a while

38

00:02:19,910 --> 00:02:15,200

I'm glad to be here yeah and so much is

39

00:02:23,270 --> 00:02:19,920

oh my God yeah right so much has gone

40

00:02:26,030 --> 00:02:23,280

down and uh and and we'll do all of that

41

00:02:28,850 --> 00:02:26,040

and I promise everybody that uh is is

42

00:02:31,190 --> 00:02:28,860

listening right now we'll we'll get to

43

00:02:33,290 --> 00:02:31,200

um some new stuff and and what is going

44

00:02:36,170 --> 00:02:33,300

on today but

45

00:02:37,729 --> 00:02:36,180

um I got a hold of Leslie I'm just gonna

46

00:02:43,430 --> 00:02:37,739

throw you under the bus just a little

47

00:02:46,190 --> 00:02:43,440

bit oh I was um I was reading uh for I

48

00:02:50,630 --> 00:02:46,200

don't know uh how many times now I went

49

00:02:52,910 --> 00:02:50,640

back and cracked open on the record and

50

00:02:54,830 --> 00:02:52,920

and I did it for my own reasons there's

51
00:02:56,509 --> 00:02:54,840
so much going on you know politics in

52
00:03:00,229 --> 00:02:56,519
the Department of Defense and and

53
00:03:02,750 --> 00:03:00,239
everything in the media and and I went

54
00:03:05,170 --> 00:03:02,760
in and knocked the dust off of that 2010

55
00:03:08,509 --> 00:03:05,180
right we're in 2023

56
00:03:11,830 --> 00:03:08,519
and uh started reading it and I put the

57
00:03:15,350 --> 00:03:11,840
book down uh after the second night

58
00:03:18,229 --> 00:03:15,360
and I said to myself I gotta I gotta

59
00:03:21,890 --> 00:03:18,239
call Leslie tomorrow and and I've I've

60
00:03:25,550 --> 00:03:21,900
I've got to do a show and the reason for

61
00:03:28,009 --> 00:03:25,560
me reaching out which I said to you was

62
00:03:30,890 --> 00:03:28,019
that I want to talk about you

63
00:03:33,589 --> 00:03:30,900

and and I don't know the last time

64

00:03:35,990 --> 00:03:33,599

somebody has said that to you because it

65

00:03:38,570 --> 00:03:36,000

you know it's all UFOs and uavs you know

66

00:03:41,030 --> 00:03:38,580

all the time now but uh that's what I

67

00:03:43,610 --> 00:03:41,040

did and you you said let's do this I I

68

00:03:45,710 --> 00:03:43,620

think that's a great idea and that's

69

00:03:48,110 --> 00:03:45,720

that was my vision for tonight so are

70

00:03:50,089 --> 00:03:48,120

you down sure yeah you said you want to

71

00:03:52,970 --> 00:03:50,099

talk about the book and just to say the

72

00:03:55,430 --> 00:03:52,980

full title it's UFOs generals pilots and

73

00:03:56,869 --> 00:03:55,440

government officials go on the record so

74

00:03:59,410 --> 00:03:56,879

yeah I think on the record's a great

75

00:04:01,670 --> 00:03:59,420

abbreviation for that long title

76

00:04:03,770 --> 00:04:01,680

I've never heard it I've never heard it

77

00:04:08,390 --> 00:04:03,780

called that before so that's good yeah

78

00:04:13,610 --> 00:04:08,400

and uh here's here's the thing with that

79

00:04:16,789 --> 00:04:13,620

um that book when it came out was right

80

00:04:18,770 --> 00:04:16,799

when you were just sort of wrapping up

81

00:04:20,270 --> 00:04:18,780

things in South and Central America and

82

00:04:23,090 --> 00:04:20,280

certainly

83

00:04:24,790 --> 00:04:23,100

um in Washington DC with with things

84

00:04:29,749 --> 00:04:24,800

that you were working on at that time

85

00:04:31,790 --> 00:04:29,759

but it does it never starts there if I I

86

00:04:33,350 --> 00:04:31,800

want to go back let's go let's go back

87

00:04:36,710 --> 00:04:33,360

back

88

00:04:39,590 --> 00:04:36,720

um the interest in the subject of UFOs

89

00:04:41,210 --> 00:04:39,600

uh today uaps let's stay with UFOs

90

00:04:44,870 --> 00:04:41,220

tonight

91

00:04:48,230 --> 00:04:44,880

um uh had to start somewhere did you

92

00:04:50,570 --> 00:04:48,240

have a sighting as a child or a crazy

93

00:04:53,150 --> 00:04:50,580

aunt or uncle that had been abducted

94

00:04:55,670 --> 00:04:53,160

what what

95

00:04:58,909 --> 00:04:55,680

well the way it got started for me was

96

00:05:01,850 --> 00:04:58,919

it was in 1999 I received a copy of the

97

00:05:03,950 --> 00:05:01,860

cometa report a translation of it and I

98

00:05:06,230 --> 00:05:03,960

I your list your listeners probably know

99

00:05:07,490 --> 00:05:06,240

what that report is that French study so

100

00:05:09,770 --> 00:05:07,500

I'm not going to go into a lot of detail

101
00:05:11,210 --> 00:05:09,780
about it but it was you know I was a

102
00:05:13,129 --> 00:05:11,220
journalist I was at a public radio

103
00:05:16,670 --> 00:05:13,139
station at the time covering all kinds

104
00:05:19,070 --> 00:05:16,680
of topics on a Daily Show and then this

105
00:05:22,070 --> 00:05:19,080
colleague sent me this report this 90

106
00:05:23,870 --> 00:05:22,080
page study and it just blew my mind

107
00:05:26,510 --> 00:05:23,880
um so it wasn't because I'd had any

108
00:05:28,370 --> 00:05:26,520
sightings or anything I it was the the

109
00:05:30,230 --> 00:05:28,380
quality of that report and the fact that

110
00:05:32,090 --> 00:05:30,240
it was written by generals and Admirals

111
00:05:34,070 --> 00:05:32,100
and really really high level French

112
00:05:35,810 --> 00:05:34,080
officials and then they drew the

113
00:05:37,490 --> 00:05:35,820

conclusion that the best explanation

114

00:05:40,129 --> 00:05:37,500

that they could provide for the

115

00:05:41,870 --> 00:05:40,139

phenomena they studied was the

116

00:05:43,610 --> 00:05:41,880

Extraterrestrial hypothesis I mean they

117

00:05:45,950 --> 00:05:43,620

said that in black and white and that

118

00:05:47,990 --> 00:05:45,960

was Radical in those days nobody was you

119

00:05:50,810 --> 00:05:48,000

know nobody at generals and Admirals

120

00:05:53,090 --> 00:05:50,820

were generally not saying that publicly

121

00:05:57,290 --> 00:05:53,100

um you know it was such a different time

122

00:05:58,610 --> 00:05:57,300

that then than it is now so and I just

123

00:06:00,230 --> 00:05:58,620

thought you know they said it was the

124

00:06:02,029 --> 00:06:00,240

most valid rational and logical

125

00:06:03,650 --> 00:06:02,039

hypothesis to explain the cases they

126
00:06:05,510 --> 00:06:03,660
studied and these are all official cases

127
00:06:07,850 --> 00:06:05,520
with really good data

128
00:06:10,129 --> 00:06:07,860
so I just jumped on that as a journalist

129
00:06:11,689 --> 00:06:10,139
it was really my journalistic and you

130
00:06:14,689 --> 00:06:11,699
know interest that got me going on it

131
00:06:16,909 --> 00:06:14,699
and then I published a story in May of

132
00:06:18,050 --> 00:06:16,919
2000 in the Boston Globe based on this

133
00:06:20,390 --> 00:06:18,060
report

134
00:06:22,070 --> 00:06:20,400
and that was really a challenge to even

135
00:06:24,469 --> 00:06:22,080
get something published on this in those

136
00:06:27,350 --> 00:06:24,479
days and then from that moment on I was

137
00:06:30,230 --> 00:06:27,360
completely captivated by this and I just

138
00:06:32,210 --> 00:06:30,240

never never stopped now we were you ever

139

00:06:34,969 --> 00:06:32,220

concerned with the stigma you know the

140

00:06:37,249 --> 00:06:34,979

UFO stigma in in media and journalism

141

00:06:39,110 --> 00:06:37,259

because pretty much it's the kiss of

142

00:06:42,110 --> 00:06:39,120

death or at least that's what they'll

143

00:06:45,230 --> 00:06:42,120

tell you you know let's do something

144

00:06:47,510 --> 00:06:45,240

about this over here it's a little safer

145

00:06:49,490 --> 00:06:47,520

were you concerned about that oh yeah I

146

00:06:51,830 --> 00:06:49,500

mean it was a big deal then and when I

147

00:06:53,689 --> 00:06:51,840

was working on that first story I

148

00:06:55,189 --> 00:06:53,699

remember I was working at this public

149

00:06:57,350 --> 00:06:55,199

radio station in Berkeley California

150

00:06:59,990 --> 00:06:57,360

which considered itself to be very

151
00:07:02,150 --> 00:07:00,000
Progressive but nonetheless I was afraid

152
00:07:04,790 --> 00:07:02,160
to even let anybody there know that I

153
00:07:06,890 --> 00:07:04,800
was working on this topic it was so and

154
00:07:08,029 --> 00:07:06,900
and they that what little if I showed it

155
00:07:10,670 --> 00:07:08,039
you know if I mentioned it a little bit

156
00:07:13,070 --> 00:07:10,680
there were Snickers and laughter and

157
00:07:15,710 --> 00:07:13,080
um and then yeah so I mean I was I was

158
00:07:18,770 --> 00:07:15,720
concerned about it and I but I felt like

159
00:07:20,689 --> 00:07:18,780
once that Boston Globe story came out I

160
00:07:23,629 --> 00:07:20,699
had some legs to stand on because that

161
00:07:26,270 --> 00:07:23,639
was a really reputable publication it

162
00:07:28,969 --> 00:07:26,280
was a serious story with no

163
00:07:31,550 --> 00:07:28,979

sensationalism or exaggeration or claims

164

00:07:34,730 --> 00:07:31,560

or anything else and so I felt like I

165

00:07:36,710 --> 00:07:34,740

had that to stand on after that and at

166

00:07:40,189 --> 00:07:36,720

that point I just felt that the the

167

00:07:42,650 --> 00:07:40,199

taboo was so so irrational and crazy to

168

00:07:44,689 --> 00:07:42,660

me I just it took me a while to even

169

00:07:46,430 --> 00:07:44,699

understand that it existed and what it

170

00:07:48,830 --> 00:07:46,440

was like and then I was like what the

171

00:07:51,409 --> 00:07:48,840

hell is this why does nobody care about

172

00:07:53,390 --> 00:07:51,419

this and it sort of became part of my my

173

00:07:55,370 --> 00:07:53,400

journey was to figure all of that out

174

00:07:57,050 --> 00:07:55,380

and then over the years I got to watch

175

00:07:59,270 --> 00:07:57,060

it gradually decrease but it was a

176

00:08:02,029 --> 00:07:59,280

really a big deal in the beginning what

177

00:08:04,490 --> 00:08:02,039

what did you versus where you were

178

00:08:05,870 --> 00:08:04,500

before you read the uh uh commutative

179

00:08:08,990 --> 00:08:05,880

report

180

00:08:11,809 --> 00:08:09,000

um what was your foundation with UFOs

181

00:08:14,570 --> 00:08:11,819

was it just Hollywood you know and and

182

00:08:16,909 --> 00:08:14,580

that side of things or did you learn

183

00:08:18,830 --> 00:08:16,919

something significant and get a take

184

00:08:21,230 --> 00:08:18,840

away from the commuter report important

185

00:08:24,170 --> 00:08:21,240

well I had read I remember reading

186

00:08:26,450 --> 00:08:24,180

communion so I had read and I might have

187

00:08:27,610 --> 00:08:26,460

even read Bud hopkins's

188

00:08:31,490 --> 00:08:27,620

um

189

00:08:33,649 --> 00:08:31,500

yeah or missing time but I do remember

190

00:08:36,949 --> 00:08:33,659

um staying up most of the night reading

191

00:08:38,209 --> 00:08:36,959

uh communion and being terrified

192

00:08:39,709 --> 00:08:38,219

um so you know and I had some friends

193

00:08:41,570 --> 00:08:39,719

that lived in the Hudson Valley during

194

00:08:43,790 --> 00:08:41,580

the Hudson Valley way they were tally so

195

00:08:47,090 --> 00:08:43,800

I I had this definite curiosity about

196

00:08:48,829 --> 00:08:47,100

UFOs but it wasn't any more than I think

197

00:08:51,590 --> 00:08:48,839

any average person would have who read

198

00:08:52,850 --> 00:08:51,600

that book you know and yeah so what I

199

00:08:53,990 --> 00:08:52,860

learned from that committed report I

200

00:08:55,850 --> 00:08:54,000

definitely learned something new which

201
00:08:57,949 --> 00:08:55,860
was that officials at this high level

202
00:09:00,170 --> 00:08:57,959
were taking it seriously we're studying

203
00:09:02,329 --> 00:09:00,180
it and that was something I hadn't seen

204
00:09:04,370 --> 00:09:02,339
before at least here in the United

205
00:09:06,410 --> 00:09:04,380
States right well I mean and I'm sure

206
00:09:08,509 --> 00:09:06,420
you know if I had been researching this

207
00:09:10,610 --> 00:09:08,519
there were all these foia documents that

208
00:09:12,410 --> 00:09:10,620
had been released in the 70s and there

209
00:09:14,090 --> 00:09:12,420
was lots of evidence that our government

210
00:09:15,889 --> 00:09:14,100
you know there was Project Blue Book I

211
00:09:17,630 --> 00:09:15,899
mean all of that I hadn't looked into

212
00:09:21,230 --> 00:09:17,640
that yet it was all new to me at that

213
00:09:23,090 --> 00:09:21,240

time so so it was it took me years to

214

00:09:25,970 --> 00:09:23,100

really get a handle on you know to do

215

00:09:27,350 --> 00:09:25,980

all the research and get and learn who

216

00:09:29,269 --> 00:09:27,360

were the people that I could trust and

217

00:09:31,630 --> 00:09:29,279

who were the serious people and who

218

00:09:35,389 --> 00:09:31,640

weren't it was it was a mess you know

219

00:09:37,790 --> 00:09:35,399

things haven't changed have they no I

220

00:09:41,030 --> 00:09:37,800

think it's better now but um it's better

221

00:09:45,410 --> 00:09:41,040

but what I mean by that is the uh the

222

00:09:47,230 --> 00:09:45,420

whole aspect of UFO 101 and

223

00:09:50,210 --> 00:09:47,240

um you know when we look at today

224

00:09:53,389 --> 00:09:50,220

because so much has been brought into

225

00:09:55,910 --> 00:09:53,399

this so many new faces and people and a

226

00:09:58,790 --> 00:09:55,920

general interest in this but they don't

227

00:10:01,310 --> 00:09:58,800

have that Foundation right that UFO 101

228

00:10:05,690 --> 00:10:01,320

it's kind of like the Nimitz and forward

229

00:10:07,790 --> 00:10:05,700

right or 2017 in the New York Times and

230

00:10:08,810 --> 00:10:07,800

forward where they don't have that

231

00:10:10,730 --> 00:10:08,820

Foundation

232

00:10:13,430 --> 00:10:10,740

well who doesn't who doesn't have the

233

00:10:15,949 --> 00:10:13,440

foundation who do you mean those that

234

00:10:17,210 --> 00:10:15,959

are suddenly hearing about UFOs for the

235

00:10:19,009 --> 00:10:17,220

first time they don't know about the

236

00:10:20,990 --> 00:10:19,019

industry that's right I think it's

237

00:10:23,329 --> 00:10:21,000

important to contextualize it you know

238

00:10:25,550 --> 00:10:23,339

for people and I like to do that as much

239

00:10:27,410 --> 00:10:25,560

as I can when I get the rare opportunity

240

00:10:30,050 --> 00:10:27,420

to write an article at the Times Ralph

241

00:10:32,449 --> 00:10:30,060

blumenth and I always try to provide as

242

00:10:34,910 --> 00:10:32,459

much context as we can but we have

243

00:10:36,889 --> 00:10:34,920

limited space so yeah it takes a long

244

00:10:38,509 --> 00:10:36,899

time to get a handle on it and to see it

245

00:10:40,250 --> 00:10:38,519

in the in the context that everyone

246

00:10:42,769 --> 00:10:40,260

needs to understand it and it's really

247

00:10:46,610 --> 00:10:42,779

true it's one of the funnest rabbit

248

00:10:49,069 --> 00:10:46,620

holes oh yeah you just you open up

249

00:10:51,829 --> 00:10:49,079

something and there's that you could

250

00:10:54,650 --> 00:10:51,839

spend months you know J in this

251
00:10:57,290 --> 00:10:54,660
direction or go into this direction and

252
00:10:59,870 --> 00:10:57,300
it's like the gift it keeps on giving it

253
00:11:02,150 --> 00:10:59,880
it's not just one singular event is it

254
00:11:04,850 --> 00:11:02,160
no it's true you can and you can follow

255
00:11:06,769 --> 00:11:04,860
a lot of paths you know as you go along

256
00:11:08,509 --> 00:11:06,779
your road you take a lot of side routes

257
00:11:09,350 --> 00:11:08,519
and some of them pan out and some of

258
00:11:11,090 --> 00:11:09,360
them don't

259
00:11:13,009 --> 00:11:11,100
so you can spend months looking into

260
00:11:14,630 --> 00:11:13,019
something that you kind of have to say

261
00:11:16,130 --> 00:11:14,640
Okay well I'm not going to be able to

262
00:11:17,329 --> 00:11:16,140
work with this I did that a lot in the

263
00:11:20,150 --> 00:11:17,339

beginning because I was looking into

264

00:11:22,550 --> 00:11:20,160

things like you know the MJ 12 documents

265

00:11:25,370 --> 00:11:22,560

and the Bob Lazar story and all these

266

00:11:26,930 --> 00:11:25,380

things that were intriguing to me but to

267

00:11:28,670 --> 00:11:26,940

do the kind of reporting that I wanted

268

00:11:30,350 --> 00:11:28,680

to do these were not the kinds of things

269

00:11:32,569 --> 00:11:30,360

that I could work with because they they

270

00:11:34,610 --> 00:11:32,579

did they weren't corroborated so you

271

00:11:37,490 --> 00:11:34,620

know I I just had to kind of go through

272

00:11:40,069 --> 00:11:37,500

a process of elimination like that

273

00:11:41,569 --> 00:11:40,079

um and really figure out what could I

274

00:11:43,790 --> 00:11:41,579

really report on because I was trying to

275

00:11:46,009 --> 00:11:43,800

reach the mainstream audience you know

276

00:11:48,110 --> 00:11:46,019

that doesn't know anything about this

277

00:11:51,170 --> 00:11:48,120

and trying to really break through this

278

00:11:53,150 --> 00:11:51,180

ridicule Factor so I had to be get

279

00:11:55,970 --> 00:11:53,160

really really good material and like the

280

00:11:58,190 --> 00:11:55,980

second story I did was was um based on a

281

00:12:01,190 --> 00:11:58,200

report by Richard Haynes from narcap who

282

00:12:03,170 --> 00:12:01,200

maybe some listeners will remember and

283

00:12:05,389 --> 00:12:03,180

it was all about Aviation safety cases

284

00:12:07,130 --> 00:12:05,399

and you know that was something I mean

285

00:12:08,870 --> 00:12:07,140

it was really powerful because it was

286

00:12:10,610 --> 00:12:08,880

all these cases of Pilots interacting

287

00:12:12,110 --> 00:12:10,620

with these objects and they were all on

288

00:12:14,090 --> 00:12:12,120

the record and nobody could argue with

289

00:12:17,210 --> 00:12:14,100

it and how can you say well this doesn't

290

00:12:19,250 --> 00:12:17,220

matter when these these events are

291

00:12:20,810 --> 00:12:19,260

occurring you know with and this is

292

00:12:22,310 --> 00:12:20,820

mainly commercial aircraft you know

293

00:12:24,110 --> 00:12:22,320

passenger planes

294

00:12:25,730 --> 00:12:24,120

so those are the kinds of things that I

295

00:12:27,710 --> 00:12:25,740

had to focus on I couldn't go off into

296

00:12:28,790 --> 00:12:27,720

sort of this really strange stuff too

297

00:12:31,190 --> 00:12:28,800

much

298

00:12:34,610 --> 00:12:31,200

how do you what what's on your business

299

00:12:37,850 --> 00:12:34,620

card how do you define yourself a a

300

00:12:39,590 --> 00:12:37,860

journalist an author a researcher how do

301
00:12:42,470 --> 00:12:39,600
you look at yourself

302
00:12:44,329 --> 00:12:42,480
I had to pick one word sorry I would be

303
00:12:45,290 --> 00:12:44,339
it would be investigative journalists I

304
00:12:49,009 --> 00:12:45,300
think

305
00:12:52,490 --> 00:12:49,019
and is there a difference in the

306
00:12:56,210 --> 00:12:52,500
research for an article as opposed to

307
00:12:58,310 --> 00:12:56,220
writing a book and of course there must

308
00:12:59,509 --> 00:12:58,320
be a difference in the writing style but

309
00:13:01,490 --> 00:12:59,519
is there a difference in the research

310
00:13:03,230 --> 00:13:01,500
and how you approach it

311
00:13:05,090 --> 00:13:03,240
I mean it depends on of course what the

312
00:13:08,150 --> 00:13:05,100
book is and what it's about I mean when

313
00:13:09,590 --> 00:13:08,160

I did the UFO book in 22

314

00:13:11,269 --> 00:13:09,600

really it was

315

00:13:13,069 --> 00:13:11,279

it was it wasn't that different it was

316

00:13:15,110 --> 00:13:13,079

like an expanded article although I

317

00:13:17,629 --> 00:13:15,120

could bring more of myself into it in a

318

00:13:19,370 --> 00:13:17,639

book right because you know I I wrote

319

00:13:21,290 --> 00:13:19,380

the introduction all about how I got

320

00:13:23,329 --> 00:13:21,300

started and then at the end I sort of

321

00:13:25,550 --> 00:13:23,339

wrote my a kind of a broader

322

00:13:27,050 --> 00:13:25,560

philosophical commentary on you know

323

00:13:29,210 --> 00:13:27,060

what I think it might mean and what you

324

00:13:30,889 --> 00:13:29,220

know so it becomes more personal in a

325

00:13:33,470 --> 00:13:30,899

book

326

00:13:35,569 --> 00:13:33,480

um and more detail a lot more detail I

327

00:13:38,629 --> 00:13:35,579

mean you can do so much more in a book

328

00:13:40,910 --> 00:13:38,639

than in a short article and then my book

329

00:13:42,590 --> 00:13:40,920

surviving death was really personal and

330

00:13:43,850 --> 00:13:42,600

it was much more of a risk for me to

331

00:13:45,410 --> 00:13:43,860

write that book than it was to write

332

00:13:47,269 --> 00:13:45,420

UFOs so

333

00:13:48,710 --> 00:13:47,279

I that's what I like about writing a

334

00:13:51,110 --> 00:13:48,720

book you know

335

00:13:53,449 --> 00:13:51,120

um yeah yeah let me let me ask you about

336

00:13:56,629 --> 00:13:53,459

that because

337

00:13:59,210 --> 00:13:56,639

so much is out there it's like there's

338

00:14:01,730 --> 00:13:59,220

two different certainly today too let me

339

00:14:04,970 --> 00:14:01,740

get this thought out uh we have like two

340

00:14:09,170 --> 00:14:04,980

different sides to the question we have

341

00:14:11,210 --> 00:14:09,180

the civilian side and and the testimony

342

00:14:13,850 --> 00:14:11,220

um Bud Hopkins is a great example of

343

00:14:17,230 --> 00:14:13,860

that right of course and and John Mack

344

00:14:21,290 --> 00:14:17,240

and then you have the uh the military

345

00:14:26,150 --> 00:14:21,300

and and the governmental side of it

346

00:14:30,530 --> 00:14:26,160

um your focus uh uh for everybody has

347

00:14:34,190 --> 00:14:30,540

been on the other side right uh uh the

348

00:14:37,250 --> 00:14:34,200

geopolitical side the defensive side and

349

00:14:39,949 --> 00:14:37,260

and the military side is that because of

350

00:14:42,889 --> 00:14:39,959

your pragmatic mind where you you you

351

00:14:45,710 --> 00:14:42,899

want to just deal with those types of

352

00:14:46,750 --> 00:14:45,720

facts yeah I mean it was really if we

353

00:14:49,009 --> 00:14:46,760

look

354

00:14:51,710 --> 00:14:49,019

pre-2017 Jimmy

355

00:14:53,870 --> 00:14:51,720

my goal was to try to get the US

356

00:14:56,350 --> 00:14:53,880

government to pay attention to this and

357

00:14:58,970 --> 00:14:56,360

to get the you know the establishment

358

00:15:01,370 --> 00:14:58,980

the status quo to pay attention to this

359

00:15:03,170 --> 00:15:01,380

the members of Congress the media and

360

00:15:05,930 --> 00:15:03,180

the the only way I could do that was to

361

00:15:08,210 --> 00:15:05,940

bring super credible information to the

362

00:15:10,250 --> 00:15:08,220

table because at that point this thing

363

00:15:13,610 --> 00:15:10,260

was totally ridiculed this subject

364

00:15:17,329 --> 00:15:13,620

matter so I had to write about you know

365

00:15:19,490 --> 00:15:17,339

military people Airline air Pilots

366

00:15:21,650 --> 00:15:19,500

um you know things like that if I

367

00:15:23,329 --> 00:15:21,660

started writing about average people who

368

00:15:26,329 --> 00:15:23,339

were reporting these really bizarre

369

00:15:27,650 --> 00:15:26,339

encounters with aliens forget it that

370

00:15:28,910 --> 00:15:27,660

would there the members of Congress

371

00:15:30,470 --> 00:15:28,920

aren't going to pay attention to that it

372

00:15:33,110 --> 00:15:30,480

was all about it was all kind of a

373

00:15:34,790 --> 00:15:33,120

strategic effort to get the kinds of

374

00:15:37,129 --> 00:15:34,800

attention to this that I felt it

375

00:15:38,810 --> 00:15:37,139

deserved you know every time I wrote an

376

00:15:40,910 --> 00:15:38,820

article I thought write something that

377

00:15:42,590 --> 00:15:40,920

you could you felt you could put on the

378

00:15:43,790 --> 00:15:42,600

desk of a member of Congress and they

379

00:15:45,769 --> 00:15:43,800

would read it

380

00:15:47,269 --> 00:15:45,779

so you know if you're putting out

381

00:15:49,009 --> 00:15:47,279

pressure I remember you know there were

382

00:15:51,290 --> 00:15:49,019

activists putting out press releases at

383

00:15:53,810 --> 00:15:51,300

the time all about extraterrestrials and

384

00:15:55,790 --> 00:15:53,820

that that that just had the opposite

385

00:15:58,550 --> 00:15:55,800

effect it made them actually turn away

386

00:16:00,829 --> 00:15:58,560

from this so I actually worked with a

387

00:16:02,389 --> 00:16:00,839

public relations firm in my early years

388

00:16:04,189 --> 00:16:02,399

in in

389

00:16:06,829 --> 00:16:04,199

um Washington that's how I met John

390

00:16:08,629 --> 00:16:06,839

podesta and I I was you know I learned

391

00:16:10,009 --> 00:16:08,639

from those people how you can approach

392

00:16:12,050 --> 00:16:10,019

members of Congress what kind of

393

00:16:13,970 --> 00:16:12,060

information will they pay attention to

394

00:16:16,670 --> 00:16:13,980

what kind of information is going to

395

00:16:18,590 --> 00:16:16,680

turn them off and so I I was really

396

00:16:20,750 --> 00:16:18,600

trying to focus on you know what was

397

00:16:22,850 --> 00:16:20,760

going to create change in that or in

398

00:16:25,129 --> 00:16:22,860

that world and that's why I stuck with

399

00:16:27,230 --> 00:16:25,139

that kind of information and then in

400

00:16:29,269 --> 00:16:27,240

2017 it was that kind of information

401
00:16:30,829 --> 00:16:29,279
that broke everything open when we went

402
00:16:36,050 --> 00:16:30,839
to the New York Times

403
00:16:38,509 --> 00:16:36,060
so the um the approach when you go and

404
00:16:41,810 --> 00:16:38,519
have conversations uh South of the

405
00:16:45,050 --> 00:16:41,820
Border right uh whether it's it's Mexico

406
00:16:48,590 --> 00:16:45,060
or Central America on into you know uh

407
00:16:51,530 --> 00:16:48,600
Chile Argentina Brazil what have you

408
00:16:53,629 --> 00:16:51,540
um is it easy to start that conversation

409
00:16:55,249 --> 00:16:53,639
and open those doors as opposed to

410
00:16:57,410 --> 00:16:55,259
Washington

411
00:17:00,230 --> 00:16:57,420
it's really different I mean the main

412
00:17:03,170 --> 00:17:00,240
place that I spent time was Chile

413
00:17:04,730 --> 00:17:03,180

and and I got to be very kind of I mean

414

00:17:07,730 --> 00:17:04,740

they invited me into their government

415

00:17:09,530 --> 00:17:07,740

agency and I sat in on meetings and I

416

00:17:12,289 --> 00:17:09,540

got to spend time there and they showed

417

00:17:15,409 --> 00:17:12,299

me their files and and they just didn't

418

00:17:17,870 --> 00:17:15,419

have the kind of a paranoid you know

419

00:17:19,669 --> 00:17:17,880

secrecy going on like they do here I

420

00:17:20,750 --> 00:17:19,679

mean they were open about pretty much

421

00:17:23,569 --> 00:17:20,760

everything

422

00:17:25,669 --> 00:17:23,579

uh it was part of the Mandate of that

423

00:17:28,069 --> 00:17:25,679

government agency was to be transparent

424

00:17:30,110 --> 00:17:28,079

and it's a smaller country you know it's

425

00:17:32,590 --> 00:17:30,120

not you're not dealing with the United

426
00:17:35,390 --> 00:17:32,600
States of America which is so different

427
00:17:37,370 --> 00:17:35,400
but that I you know I was very friendly

428
00:17:39,230 --> 00:17:37,380
with the people at that agency so that

429
00:17:41,690 --> 00:17:39,240
was not difficult for me I haven't spent

430
00:17:43,070 --> 00:17:41,700
a lot of time in any other countries I

431
00:17:44,630 --> 00:17:43,080
think it was through the Chilean

432
00:17:45,950 --> 00:17:44,640
authorities that I was introduced to

433
00:17:47,150 --> 00:17:45,960
some of the officials from some of the

434
00:17:49,730 --> 00:17:47,160
other countries

435
00:17:51,590 --> 00:17:49,740
um and there was a general from Brazil

436
00:17:53,390 --> 00:17:51,600
who wrote a chapter in my book and some

437
00:17:56,029 --> 00:17:53,400
others from Chile so

438
00:17:58,010 --> 00:17:56,039

but it was really fascinating for me to

439

00:18:00,289 --> 00:17:58,020

spend time with that that agency and see

440

00:18:03,710 --> 00:18:00,299

how they operated and I kind of

441

00:18:05,990 --> 00:18:03,720

saw that as a model a smaller version of

442

00:18:08,710 --> 00:18:06,000

a model for how an agency could function

443

00:18:11,510 --> 00:18:08,720

at a very low budget and I remember

444

00:18:13,070 --> 00:18:11,520

bringing that knowledge back with me and

445

00:18:15,710 --> 00:18:13,080

I also spent time with Jay Paul in

446

00:18:17,810 --> 00:18:15,720

France the French agency and those two

447

00:18:20,029 --> 00:18:17,820

agencies sort of I felt were models for

448

00:18:22,730 --> 00:18:20,039

what could potentially happen in the

449

00:18:24,470 --> 00:18:22,740

United States and I was I you know I did

450

00:18:25,370 --> 00:18:24,480

a lot of investigation and I spent time

451
00:18:26,810 --> 00:18:25,380
with them then I brought this

452
00:18:28,909 --> 00:18:26,820
information back and I had meetings with

453
00:18:31,070 --> 00:18:28,919
John podesta about it you know we need

454
00:18:32,630 --> 00:18:31,080
to get something going here

455
00:18:34,430 --> 00:18:32,640
um and of course it turned out there

456
00:18:36,470 --> 00:18:34,440
already was an agency here but it was

457
00:18:38,330 --> 00:18:36,480
top secret and it was only dealing with

458
00:18:40,789 --> 00:18:38,340
a limited type of case only with

459
00:18:41,810 --> 00:18:40,799
military cases so yeah so it was very

460
00:18:44,690 --> 00:18:41,820
useful

461
00:18:46,730 --> 00:18:44,700
to see that the Chilean agency could do

462
00:18:49,909 --> 00:18:46,740
what it was doing without a big budget

463
00:18:51,909 --> 00:18:49,919

because it relied on advisors and and

464

00:18:53,870 --> 00:18:51,919

you know scientists and all these people

465

00:18:56,870 --> 00:18:53,880

meteorologists that would can come and

466

00:18:58,549 --> 00:18:56,880

contribute to case investigations and

467

00:19:00,230 --> 00:18:58,559

they it wouldn't cost them anything they

468

00:19:02,390 --> 00:19:00,240

just relied on all these officials from

469

00:19:04,549 --> 00:19:02,400

from outside of the agency to contribute

470

00:19:07,789 --> 00:19:04,559

and they would everybody cared everybody

471

00:19:09,049 --> 00:19:07,799

was interested in it was there ever a

472

00:19:11,570 --> 00:19:09,059

chatter

473

00:19:13,730 --> 00:19:11,580

um uh I'm just reminded of James Fox in

474

00:19:17,150 --> 00:19:13,740

his new movie right uh moment of contact

475

00:19:20,470 --> 00:19:17,160

and you've known James forever

476
00:19:23,450 --> 00:19:20,480
um in in that in in your Communications

477
00:19:25,490 --> 00:19:23,460
with with Chile

478
00:19:29,810 --> 00:19:25,500
um and and and the general from Brazil

479
00:19:32,210 --> 00:19:29,820
too as well that the road always ends

480
00:19:34,970 --> 00:19:32,220
with it's the rumor in the UFO Community

481
00:19:37,610 --> 00:19:34,980
right that the United States steps in

482
00:19:40,190 --> 00:19:37,620
there's there's a crash or there's

483
00:19:44,510 --> 00:19:40,200
contact or there's evidence or there's a

484
00:19:46,310 --> 00:19:44,520
thing and those governments and and

485
00:19:49,190 --> 00:19:46,320
militaries take things as far as they

486
00:19:51,289 --> 00:19:49,200
can until that moment of contact with

487
00:19:55,130 --> 00:19:51,299
the United States government

488
00:19:57,289 --> 00:19:55,140

um did does this stuff actually occur or

489

00:19:58,789 --> 00:19:57,299

is there an independence there the

490

00:20:02,810 --> 00:19:58,799

reason why I'm asking such a direct

491

00:20:04,610 --> 00:20:02,820

question is because of uh uh atip or

492

00:20:08,330 --> 00:20:04,620

other things that may have been going on

493

00:20:10,850 --> 00:20:08,340

at the Pentagon prior and were they

494

00:20:17,810 --> 00:20:10,860

sharing this information back and forth

495

00:20:21,289 --> 00:20:19,130

but I don't know what I don't know I

496

00:20:23,930 --> 00:20:21,299

certainly didn't get the impression that

497

00:20:26,570 --> 00:20:23,940

the U.S played a big role in the work

498

00:20:28,430 --> 00:20:26,580

that they were doing on this issue they

499

00:20:29,810 --> 00:20:28,440

certainly you know I mean I was the only

500

00:20:32,029 --> 00:20:29,820

person they really talked to and then

501
00:20:33,470 --> 00:20:32,039
they were dealing with narcap also they

502
00:20:36,169 --> 00:20:33,480
had a relationship with Richard Haynes

503
00:20:37,789 --> 00:20:36,179
and Ted Rowe from narcap but we were

504
00:20:39,529 --> 00:20:37,799
they weren't give dealing but those were

505
00:20:40,730 --> 00:20:39,539
not government officials and I wasn't a

506
00:20:43,130 --> 00:20:40,740
go they weren't dealing with anybody

507
00:20:45,650 --> 00:20:43,140
really from the United States government

508
00:20:47,630 --> 00:20:45,660
out of this agency in Chile now it may

509
00:20:49,850 --> 00:20:47,640
be that at very very high levels of the

510
00:20:52,310 --> 00:20:49,860
Chilean Air Force something else was

511
00:20:54,289 --> 00:20:52,320
going on you know sure and if there had

512
00:20:55,490 --> 00:20:54,299
been a crash there or something it might

513
00:20:57,230 --> 00:20:55,500

have been handled in the way you're

514

00:20:58,490 --> 00:20:57,240

describing I wouldn't I wouldn't be

515

00:21:01,010 --> 00:20:58,500

surprised at all

516

00:21:02,630 --> 00:21:01,020

but as far as the agency itself knew and

517

00:21:05,029 --> 00:21:02,640

it was run by a general his name is

518

00:21:06,830 --> 00:21:05,039

General Bermudez

519

00:21:08,570 --> 00:21:06,840

um they were not interacting with the

520

00:21:11,510 --> 00:21:08,580

Americans and they were completely on

521

00:21:13,250 --> 00:21:11,520

their own doing what they were doing so

522

00:21:14,510 --> 00:21:13,260

who knows what goes on though that you

523

00:21:17,630 --> 00:21:14,520

don't know about

524

00:21:21,529 --> 00:21:17,640

there was yeah exactly

525

00:21:24,770 --> 00:21:21,539

um well with uh with James in the new

526

00:21:27,770 --> 00:21:24,780

film uh you know I'm gonna include

527

00:21:30,529 --> 00:21:27,780

myself in this I I don't like to inject

528

00:21:32,810 --> 00:21:30,539

my opinions but when you get to that

529

00:21:34,549 --> 00:21:32,820

part of the film where everything is

530

00:21:37,310 --> 00:21:34,559

trying to get resolved

531

00:21:39,890 --> 00:21:37,320

it it the ending is the United States

532

00:21:42,049 --> 00:21:39,900

comes in and brings a plane down and

533

00:21:45,770 --> 00:21:42,059

cuts off everything and and the body

534

00:21:48,110 --> 00:21:45,780

and and we don't know the end of this

535

00:21:50,270 --> 00:21:48,120

story now you know you know from James

536

00:21:54,110 --> 00:21:50,280

Fox and I think that a lot of this

537

00:21:57,169 --> 00:21:54,120

including myself go yeah man you know

538

00:21:59,450 --> 00:21:57,179

it's always that it's always so

539

00:22:01,730 --> 00:21:59,460

frustrating I know but you know the end

540

00:22:04,430 --> 00:22:01,740

of the story is has not arrived but

541

00:22:06,049 --> 00:22:04,440

James is still working on it so yeah I

542

00:22:08,210 --> 00:22:06,059

hope there'll be more to come on that

543

00:22:11,810 --> 00:22:08,220

it's just a really really hard one to

544

00:22:13,370 --> 00:22:11,820

unravel but yeah I mean I have no doubt

545

00:22:15,110 --> 00:22:13,380

that the Americans came in on that in

546

00:22:17,450 --> 00:22:15,120

fact I've had that confirmed for me by

547

00:22:19,669 --> 00:22:17,460

sources here in America that that indeed

548

00:22:22,310 --> 00:22:19,679

did happen the Americans jumped in and

549

00:22:23,810 --> 00:22:22,320

grabbed the stuff and so he we it's

550

00:22:26,570 --> 00:22:23,820

somewhere sitting somewhere in America

551
00:22:28,970 --> 00:22:26,580
and we don't know anything about it now

552
00:22:30,470 --> 00:22:28,980
let's go back again let's turn back a

553
00:22:33,409 --> 00:22:30,480
couple of pages I want to talk about

554
00:22:36,010 --> 00:22:33,419
Belgium and

555
00:22:40,669 --> 00:22:36,020
um you know going back to like UFO 101

556
00:22:43,909 --> 00:22:40,679
when you start looking at the history of

557
00:22:46,970 --> 00:22:43,919
of this subject one one place stands out

558
00:22:49,250 --> 00:22:46,980
that two years in Belgium was an

559
00:22:51,529 --> 00:22:49,260
absolutely incredible ride and your

560
00:22:53,990 --> 00:22:51,539
research into that

561
00:22:56,270 --> 00:22:54,000
um uh it's so complete

562
00:22:59,930 --> 00:22:56,280
um well incomplete too as well because

563
00:23:01,730 --> 00:22:59,940

it's always incomplete but um it's uh

564

00:23:05,090 --> 00:23:01,740

it's an amount of work that you put into

565

00:23:07,610 --> 00:23:05,100

that that I invite anybody to go when

566

00:23:10,730 --> 00:23:07,620

we're talking about Belgium to go and

567

00:23:13,789 --> 00:23:10,740

and look at Leslie's research there when

568

00:23:16,789 --> 00:23:13,799

you found out about Belgium as you know

569

00:23:19,370 --> 00:23:16,799

because this was uh you said 1999 when

570

00:23:23,510 --> 00:23:19,380

you got the committed report yeah Harold

571

00:23:26,210 --> 00:23:23,520

Belgium that was a huge huge deal do you

572

00:23:29,029 --> 00:23:26,220

remember when that was actually going

573

00:23:31,070 --> 00:23:29,039

off in the media originally I don't I

574

00:23:32,870 --> 00:23:31,080

don't remember that I mean maybe the

575

00:23:34,970 --> 00:23:32,880

Hudson Valley wave which was a few years

576

00:23:37,070 --> 00:23:34,980

before that there were but there is

577

00:23:39,470 --> 00:23:37,080

barely any media coverage of that it was

578

00:23:41,390 --> 00:23:39,480

pathetic how little there was I mean I

579

00:23:44,029 --> 00:23:41,400

think I maybe remember one or two little

580

00:23:45,890 --> 00:23:44,039

tiny stories but no I didn't remember

581

00:23:48,649 --> 00:23:45,900

anything about Belgium in the American

582

00:23:50,450 --> 00:23:48,659

Media no I I just saw I learned all

583

00:23:52,549 --> 00:23:50,460

about that later when I was writing my

584

00:23:54,710 --> 00:23:52,559

book and got to meet you know Wilfred

585

00:23:57,169 --> 00:23:54,720

debrauer who was the major player in

586

00:23:59,029 --> 00:23:57,179

that and just so people know he actually

587

00:24:00,830 --> 00:23:59,039

wrote the chapter you're talking about

588

00:24:03,710 --> 00:24:00,840

with all this great research well he

589

00:24:05,810 --> 00:24:03,720

actually wrote that chapter not me so

590

00:24:09,350 --> 00:24:05,820

one of the reasons I think my book is

591

00:24:11,149 --> 00:24:09,360

interesting is because I invited like 70

592

00:24:14,029 --> 00:24:11,159

I think it was 17 other people to

593

00:24:16,010 --> 00:24:14,039

contribute chapters besides me so you're

594

00:24:18,409 --> 00:24:16,020

not you're hearing from these generals

595

00:24:19,730 --> 00:24:18,419

and these high-level people in their for

596

00:24:21,230 --> 00:24:19,740

you're hearing directly from them in

597

00:24:23,690 --> 00:24:21,240

their own words and I thought I really

598

00:24:24,950 --> 00:24:23,700

love doing that I liked for him to be I

599

00:24:28,250 --> 00:24:24,960

mean I wrote a chapter on the Belgian

600

00:24:31,130 --> 00:24:28,260

wave also but I love the fact that you

601
00:24:33,289 --> 00:24:31,140
get to read his words and he was

602
00:24:35,330 --> 00:24:33,299
directly involved and he has his own

603
00:24:38,210 --> 00:24:35,340
Nuance in his own way of portraying it

604
00:24:39,770 --> 00:24:38,220
that I find really fascinating so yeah I

605
00:24:41,570 --> 00:24:39,780
love that it's one thing I real I can

606
00:24:42,950 --> 00:24:41,580
say I love about my book is the chapters

607
00:24:44,510 --> 00:24:42,960
written by all these different people

608
00:24:46,970 --> 00:24:44,520
they're different styles they're

609
00:24:49,610 --> 00:24:46,980
different experiences you know the pilot

610
00:24:52,549 --> 00:24:49,620
who almost tried to shoot down the UFO

611
00:24:54,169 --> 00:24:52,559
over Iran I figured like why should I

612
00:24:55,909 --> 00:24:54,179
tell you what he said and give little

613
00:24:59,450 --> 00:24:55,919

quotes why not just let him tell the

614

00:25:03,310 --> 00:24:59,460

story so that's what I did yeah I see I

615

00:25:07,010 --> 00:25:05,510

I think you forget I think some people

616

00:25:08,690 --> 00:25:07,020

forget when they're reading a chapter by

617

00:25:12,350 --> 00:25:08,700

someone else that it's actually written

618

00:25:13,970 --> 00:25:12,360

by someone else the

619

00:25:16,430 --> 00:25:13,980

um and staying on Belgium for a second

620

00:25:20,570 --> 00:25:16,440

it it was

621

00:25:23,270 --> 00:25:20,580

um it was it was a case as as you

622

00:25:27,409 --> 00:25:23,280

started to find out for sure that had

623

00:25:29,330 --> 00:25:27,419

all of the elements you had civilian and

624

00:25:31,010 --> 00:25:29,340

local law enforcement on the ground with

625

00:25:32,870 --> 00:25:31,020

their sightings

626

00:25:34,850 --> 00:25:32,880

um you had multiple sightings at the

627

00:25:38,930 --> 00:25:34,860

same time that were confirmed the the

628

00:25:41,510 --> 00:25:38,940

the the the civilian uh not military

629

00:25:43,190 --> 00:25:41,520

radio chatter with you know sending

630

00:25:46,370 --> 00:25:43,200

things out to the sightings in the sky

631

00:25:48,590 --> 00:25:46,380

all the way through to pilots and

632

00:25:51,649 --> 00:25:48,600

scrambled Jets and radar data and press

633

00:25:54,950 --> 00:25:51,659

conferences and and Colonels in generals

634

00:25:57,169 --> 00:25:54,960

going on the record it was a Hysteria it

635

00:25:58,430 --> 00:25:57,179

was a fantastic it was such a I

636

00:26:00,830 --> 00:25:58,440

encourage everyone to look into that

637

00:26:03,169 --> 00:26:00,840

it's so fascinating yeah and what was

638

00:26:04,909 --> 00:26:03,179

amazing to me about it was the

639

00:26:07,130 --> 00:26:04,919

difference in the way that was handled

640

00:26:09,710 --> 00:26:07,140

versus the way the Hudson Valley wave

641

00:26:11,870 --> 00:26:09,720

was handled which was a very similar it

642

00:26:15,169 --> 00:26:11,880

just happened five years earlier four

643

00:26:16,490 --> 00:26:15,179

years earlier and I I it just was so

644

00:26:19,549 --> 00:26:16,500

interesting to me to compare and

645

00:26:21,590 --> 00:26:19,559

contrast really that was handled

646

00:26:23,690 --> 00:26:21,600

completely openly the Air Force was

647

00:26:25,070 --> 00:26:23,700

asked to to get you know to get involved

648

00:26:28,190 --> 00:26:25,080

and try to figure out what these things

649

00:26:30,230 --> 00:26:28,200

were and they they worked with the

650

00:26:33,409 --> 00:26:30,240

scientific community directly they they

651
00:26:35,090 --> 00:26:33,419
gathered volumes I went and saw these

652
00:26:37,010 --> 00:26:35,100
volumes and volumes and volumes and

653
00:26:38,090 --> 00:26:37,020
volumes of hard copy data that they

654
00:26:40,250 --> 00:26:38,100
collected

655
00:26:42,230 --> 00:26:40,260
all in cooperation with scientists and

656
00:26:45,830 --> 00:26:42,240
government I mean back in the those days

657
00:26:47,630 --> 00:26:45,840
you know it was pre-2017 that just kind

658
00:26:49,370 --> 00:26:47,640
of thing never happened here and when

659
00:26:51,590 --> 00:26:49,380
the Hudson Valley Way was happening it

660
00:26:54,590 --> 00:26:51,600
was just nobody paid any attention to it

661
00:26:56,090 --> 00:26:54,600
it was just like ignored

662
00:26:57,590 --> 00:26:56,100
um and people didn't know what to do

663
00:26:58,850 --> 00:26:57,600

they didn't know who to turn to with

664

00:27:01,250 --> 00:26:58,860

reports

665

00:27:03,529 --> 00:27:01,260

uh it was just really shocking you know

666

00:27:07,070 --> 00:27:03,539

J.L and Hallock wrote this essay about

667

00:27:08,450 --> 00:27:07,080

the that right before he died which I

668

00:27:10,130 --> 00:27:08,460

find to be one of the most compelling

669

00:27:13,970 --> 00:27:10,140

things I've ever read where he just

670

00:27:16,250 --> 00:27:13,980

expresses his utter astonishment at at

671

00:27:18,049 --> 00:27:16,260

the dereliction of Duty that he as he

672

00:27:20,149 --> 00:27:18,059

calls it that that went on during that

673

00:27:21,950 --> 00:27:20,159

Hudson Valley wave he was trying to

674

00:27:24,049 --> 00:27:21,960

understand what was going on in the

675

00:27:26,169 --> 00:27:24,059

mindset of these authorities who

676

00:27:28,130 --> 00:27:26,179

completely ignored this absolutely

677

00:27:30,470 --> 00:27:28,140

extraordinary thing that was happening

678

00:27:35,950 --> 00:27:30,480

in their backyard right it was just like

679

00:27:40,549 --> 00:27:38,570

thousands of witnesses pulling over on

680

00:27:41,870 --> 00:27:40,559

the freeway right exactly

681

00:27:44,269 --> 00:27:41,880

and

682

00:27:47,690 --> 00:27:44,279

um what is fascinating about Hudson

683

00:27:50,510 --> 00:27:47,700

Valley and and and Belgium if those

684

00:27:51,890 --> 00:27:50,520

events went down today it would have

685

00:27:54,230 --> 00:27:51,900

been totally totally a different story

686

00:27:56,330 --> 00:27:54,240

absolutely I really agree with you and I

687

00:27:59,269 --> 00:27:56,340

same thing about the O'Hare incident of

688

00:28:00,890 --> 00:27:59,279

2006 which is really that and

689

00:28:02,510 --> 00:28:00,900

Stephenville are sort of the most recent

690

00:28:05,810 --> 00:28:02,520

really good cases we've had I think

691

00:28:06,950 --> 00:28:05,820

prior to to Nimitz or yeah I guess they

692

00:28:09,409 --> 00:28:06,960

were after Nimbus but we didn't hear

693

00:28:11,390 --> 00:28:09,419

about Nimitz until later so you know

694

00:28:13,130 --> 00:28:11,400

imagine if there was a disc hovering

695

00:28:15,169 --> 00:28:13,140

over an airport now for five minutes

696

00:28:17,390 --> 00:28:15,179

over over the gate you know not that

697

00:28:20,149 --> 00:28:17,400

high up I would be a big deal it's not

698

00:28:22,130 --> 00:28:20,159

they can't do this anymore we're in a

699

00:28:24,409 --> 00:28:22,140

new world now so and that's that's a

700

00:28:27,169 --> 00:28:24,419

really great thing I mean

701
00:28:30,169 --> 00:28:27,179
so I hope they come back with another

702
00:28:32,810 --> 00:28:30,179
wave for us yeah right right right I

703
00:28:36,950 --> 00:28:32,820
mean it goes without saying but could

704
00:28:38,390 --> 00:28:36,960
you imagine a live stream on Facebook of

705
00:28:42,649 --> 00:28:38,400
O'Hare

706
00:28:44,029 --> 00:28:42,659
right whoa I mean it just it wouldn't it

707
00:28:46,010 --> 00:28:44,039
would not have been treated the way it

708
00:28:49,010 --> 00:28:46,020
was it they couldn't get away with it

709
00:28:52,250 --> 00:28:49,020
treating it the way they did then

710
00:28:55,250 --> 00:28:52,260
um and and and stay I I want to stay on

711
00:28:56,269 --> 00:28:55,260
Belgium for a second uh because there

712
00:28:58,789 --> 00:28:56,279
was

713
00:29:00,289 --> 00:28:58,799

when when those press conferences

714

00:29:02,570 --> 00:29:00,299

started

715

00:29:04,490 --> 00:29:02,580

um I don't think I mean going back to

716

00:29:05,870 --> 00:29:04,500

General Stanford right I think when was

717

00:29:09,350 --> 00:29:05,880

the last time we had a press conference

718

00:29:12,230 --> 00:29:09,360

like that where evidence was what the

719

00:29:15,409 --> 00:29:12,240

Iraq invasion right I don't know

720

00:29:18,409 --> 00:29:15,419

um uh where you had military officials

721

00:29:20,990 --> 00:29:18,419

uh in front of the press running a

722

00:29:23,870 --> 00:29:21,000

television screen uh with gun camera

723

00:29:25,850 --> 00:29:23,880

footage I mean that was crazy town yeah

724

00:29:28,370 --> 00:29:25,860

I mean he was up I remember General

725

00:29:31,130 --> 00:29:28,380

Dubrow was up and he had these these uh

726

00:29:33,889 --> 00:29:31,140

radar you know signatures

727

00:29:36,470 --> 00:29:33,899

that he was showing to everybody in a

728

00:29:38,210 --> 00:29:36,480

packed Press Room and he was explaining

729

00:29:41,210 --> 00:29:38,220

what data they had

730

00:29:43,970 --> 00:29:41,220

like there's nothing secret about it

731

00:29:48,230 --> 00:29:43,980

when we go back

732

00:29:52,190 --> 00:29:48,240

and and talk about Belgium do you think

733

00:29:55,789 --> 00:29:52,200

there is a possibility that that may

734

00:29:57,350 --> 00:29:55,799

have been our craft being test flown I

735

00:30:00,350 --> 00:29:57,360

mean I think that's always a possibility

736

00:30:02,029 --> 00:30:00,360

I have to yeah I do I mean as far as

737

00:30:04,370 --> 00:30:02,039

General de Brower I mean he was a

738

00:30:07,490 --> 00:30:04,380

colonel at the time but he spoke to the

739

00:30:08,930 --> 00:30:07,500

NATO NATO allies he spoke to high-level

740

00:30:11,450 --> 00:30:08,940

officials in the United States He

741

00:30:12,789 --> 00:30:11,460

personally was convinced it was not uh

742

00:30:15,710 --> 00:30:12,799

U.S technology

743

00:30:17,450 --> 00:30:15,720

uh and he was essentially told that but

744

00:30:20,330 --> 00:30:17,460

that doesn't mean you know maybe it was

745

00:30:22,010 --> 00:30:20,340

because if it was I'm not sure we would

746

00:30:24,230 --> 00:30:22,020

just go tell General de Brower that it

747

00:30:27,169 --> 00:30:24,240

was you know so I think we always have

748

00:30:29,210 --> 00:30:27,179

to keep that as a possibility I mean I I

749

00:30:32,210 --> 00:30:29,220

I I don't know what kind of secret

750

00:30:36,110 --> 00:30:32,220

technology we might have I suspect it's

751
00:30:39,110 --> 00:30:36,120
we have more than any of us are aware of

752
00:30:41,570 --> 00:30:39,120
so it was recent enough I suppose that

753
00:30:43,789 --> 00:30:41,580
you know it was still a while ago but

754
00:30:46,130 --> 00:30:43,799
the people who saw it certainly could

755
00:30:47,690 --> 00:30:46,140
never even imagine that it could be to

756
00:30:51,490 --> 00:30:47,700
our technology

757
00:30:54,409 --> 00:30:51,500
but I live I live um

758
00:30:57,289 --> 00:30:54,419
uh I have a full disclosure I live about

759
00:31:00,010 --> 00:30:57,299
a mile and a half from Skunk Works right

760
00:31:04,010 --> 00:31:00,020
I'm out here in the desert in Palmdale

761
00:31:07,029 --> 00:31:04,020
and uh yeah right this is where it goes

762
00:31:11,269 --> 00:31:07,039
down this is where it's always gone down

763
00:31:16,010 --> 00:31:11,279

and there is stuff right there just is

764

00:31:18,409 --> 00:31:16,020

and the the suggestion that what we see

765

00:31:20,389 --> 00:31:18,419

now well what we're working on is 50

766

00:31:21,950 --> 00:31:20,399

years in the future right and we're

767

00:31:24,049 --> 00:31:21,960

seeing stuff

768

00:31:25,669 --> 00:31:24,059

um that was developed 50 years ago this

769

00:31:28,010 --> 00:31:25,679

modern technology that we're seeing

770

00:31:29,750 --> 00:31:28,020

today and I would say in a general sense

771

00:31:32,149 --> 00:31:29,760

that is true

772

00:31:34,789 --> 00:31:32,159

but that doesn't take care of you know

773

00:31:37,850 --> 00:31:34,799

the tr-3b or black uh triangles or the

774

00:31:40,610 --> 00:31:37,860

Tic Tac or anti-gravity or or defying

775

00:31:41,930 --> 00:31:40,620

physics unless we are what a thousand

776

00:31:44,149 --> 00:31:41,940

years in the future and I don't think

777

00:31:45,769 --> 00:31:44,159

that's where it is yeah I mean I just

778

00:31:47,990 --> 00:31:45,779

don't know I'm really not in a position

779

00:31:50,330 --> 00:31:48,000

to know what technology goes with how

780

00:31:52,070 --> 00:31:50,340

many years in the future but I just

781

00:31:53,630 --> 00:31:52,080

think you know we have to keep that as a

782

00:31:55,909 --> 00:31:53,640

I mean it's probably the only other

783

00:31:58,669 --> 00:31:55,919

possible explanation for those those

784

00:32:01,669 --> 00:31:58,679

objects that were over Belgium but the

785

00:32:03,710 --> 00:32:01,679

speed at which they could take off

786

00:32:05,510 --> 00:32:03,720

um you know the way they describe you

787

00:32:07,070 --> 00:32:05,520

know the silent hovering triangles and

788

00:32:09,409 --> 00:32:07,080

then in a blink of an eye they're just

789

00:32:11,450 --> 00:32:09,419

like gone like that right certainly they

790

00:32:12,950 --> 00:32:11,460

couldn't have any uh creature any living

791

00:32:14,769 --> 00:32:12,960

creatures inside of them you wouldn't

792

00:32:17,210 --> 00:32:14,779

think that could survive that kind of

793

00:32:19,610 --> 00:32:17,220

acceleration so

794

00:32:21,710 --> 00:32:19,620

I don't know I mean it doesn't sound

795

00:32:24,409 --> 00:32:21,720

like it was our technology from what

796

00:32:26,090 --> 00:32:24,419

they describe but I think you just never

797

00:32:30,470 --> 00:32:26,100

know 100 you got to leave that

798

00:32:34,010 --> 00:32:30,480

possibility open as a journalist

799

00:32:35,269 --> 00:32:34,020

um and you you take a look at the we're

800

00:32:38,570 --> 00:32:35,279

in the middle of some pretty crazy

801
00:32:42,230 --> 00:32:38,580
hysteria right now and when you look at

802
00:32:44,750 --> 00:32:42,240
this and you are asked all the time well

803
00:32:46,750 --> 00:32:44,760
what's the deal is it E.T is it UFOs are

804
00:32:49,549 --> 00:32:46,760
they real are they actually visiting us

805
00:32:52,310 --> 00:32:49,559
you've answered that question so many

806
00:32:55,310 --> 00:32:52,320
times but how do you feel personally

807
00:32:57,649 --> 00:32:55,320
about the phenomenon now and and has it

808
00:32:59,570 --> 00:32:57,659
fundamentally changed uh over the last

809
00:33:01,549 --> 00:32:59,580
20 30 years

810
00:33:03,169 --> 00:33:01,559
well I mean the basic way I think it's

811
00:33:05,210 --> 00:33:03,179
changed for me is that I recognize

812
00:33:07,070 --> 00:33:05,220
there's a lot more complexity to it than

813
00:33:10,310 --> 00:33:07,080

I originally thought

814

00:33:11,870 --> 00:33:10,320

um how so well I mean back in the day

815

00:33:14,149 --> 00:33:11,880

when I was writing and then at the time

816

00:33:15,590 --> 00:33:14,159

of my book the sort of going Theory at

817

00:33:17,570 --> 00:33:15,600

that time was the Extraterrestrial

818

00:33:19,310 --> 00:33:17,580

hypothesis just like the generals and

819

00:33:22,970 --> 00:33:19,320

the people in the committee report had

820

00:33:24,529 --> 00:33:22,980

said in in 1999 and that's what to the

821

00:33:26,269 --> 00:33:24,539

extent that any of the people who

822

00:33:28,669 --> 00:33:26,279

contributed to my book were willing to

823

00:33:30,909 --> 00:33:28,679

say what they thought it was they always

824

00:33:33,830 --> 00:33:30,919

said it that way which really meant

825

00:33:36,110 --> 00:33:33,840

visitors from some other solar system or

826
00:33:38,450 --> 00:33:36,120
some other part of the Galaxy traveling

827
00:33:40,070 --> 00:33:38,460
in spaceships to get here that's how

828
00:33:41,090 --> 00:33:40,080
they were thinking of it and you know

829
00:33:43,610 --> 00:33:41,100
now

830
00:33:45,889 --> 00:33:43,620
uh I don't think of the phenomenon as

831
00:33:48,350 --> 00:33:45,899
being anywhere near that simple I mean I

832
00:33:51,110 --> 00:33:48,360
don't think we know you know it's got

833
00:33:53,750 --> 00:33:51,120
it's just it's as everyone talks about

834
00:33:55,549 --> 00:33:53,760
it's you can't just label it that simply

835
00:33:58,029 --> 00:33:55,559
right it's got it could be

836
00:34:00,470 --> 00:33:58,039
interdimensional it could be

837
00:34:02,330 --> 00:34:00,480
ultra-terrestrial it could be some could

838
00:34:04,009 --> 00:34:02,340

be some things and some could be

839

00:34:07,009 --> 00:34:04,019

something else it has all these

840

00:34:09,230 --> 00:34:07,019

paranormal aspects to it it's just this

841

00:34:12,109 --> 00:34:09,240

and it seems to get more and more hard

842

00:34:14,089 --> 00:34:12,119

to pin down the more we learn about it

843

00:34:16,129 --> 00:34:14,099

so I'm much more sort of I think that

844

00:34:17,990 --> 00:34:16,139

you know Jacques valet was sort of ahead

845

00:34:20,690 --> 00:34:18,000

of everyone on that you know I'm much

846

00:34:22,970 --> 00:34:20,700

more in that camp now of seeing it

847

00:34:24,589 --> 00:34:22,980

through a much broader lens than I used

848

00:34:28,070 --> 00:34:24,599

to see it

849

00:34:31,430 --> 00:34:28,080

um and yeah so that's the main

850

00:34:35,869 --> 00:34:31,440

difference let me let me jump in and ask

851
00:34:38,869 --> 00:34:35,879
you why and and the reason for such a

852
00:34:41,810 --> 00:34:38,879
general question when I say why is it

853
00:34:44,089 --> 00:34:41,820
because of the size of our Milky Way

854
00:34:46,550 --> 00:34:44,099
it's ginormous right and the amount of

855
00:34:49,250 --> 00:34:46,560
exoplanets and then you go beyond that

856
00:34:53,389 --> 00:34:49,260
and the size of the universe that it

857
00:34:56,030 --> 00:34:53,399
made not just be one single species some

858
00:34:59,270 --> 00:34:56,040
Advanced extraterrestrial civilization

859
00:35:01,250 --> 00:34:59,280
visiting us it could be thousands and

860
00:35:02,690 --> 00:35:01,260
they could just do a drive-by once and

861
00:35:05,150 --> 00:35:02,700
then we're seeing something else the

862
00:35:07,370 --> 00:35:05,160
next time that's why things don't line

863
00:35:10,250 --> 00:35:07,380

up case after case

864

00:35:13,430 --> 00:35:10,260

could be I mean I I just don't know and

865

00:35:15,290 --> 00:35:13,440

it's very mysterious the variety of you

866

00:35:16,910 --> 00:35:15,300

know objects and and reports that we

867

00:35:18,170 --> 00:35:16,920

have of different types of creatures and

868

00:35:20,329 --> 00:35:18,180

all of that

869

00:35:23,510 --> 00:35:20,339

I don't know I mean it's also possible

870

00:35:25,250 --> 00:35:23,520

that there have been uh you know beings

871

00:35:27,770 --> 00:35:25,260

I mean I think there have been beings

872

00:35:30,410 --> 00:35:27,780

here long before we ever got here

873

00:35:31,849 --> 00:35:30,420

or certainly the go back way way back in

874

00:35:34,190 --> 00:35:31,859

history there have been

875

00:35:36,650 --> 00:35:34,200

visitors from somewhere else who maybe

876
00:35:38,750 --> 00:35:36,660
have decided to come stay here and then

877
00:35:41,089 --> 00:35:38,760
we came after that I mean

878
00:35:42,530 --> 00:35:41,099
it's so complicated

879
00:35:45,230 --> 00:35:42,540
um and I think it's not some I think

880
00:35:46,790 --> 00:35:45,240
it's more that Moore has there's been

881
00:35:49,130 --> 00:35:46,800
more knowledge there's been more that's

882
00:35:52,310 --> 00:35:49,140
come out about the sort of stranger

883
00:35:54,530 --> 00:35:52,320
aspects of the of the UFO phenomenon

884
00:35:56,750 --> 00:35:54,540
such as the the skin workers at the

885
00:35:58,910 --> 00:35:56,760
Pentagon book for instance you know

886
00:36:01,190 --> 00:35:58,920
there's so much more data now showing

887
00:36:03,710 --> 00:36:01,200
these sort of more bizarre elements of

888
00:36:05,510 --> 00:36:03,720

it that are you just can't pin down to

889

00:36:06,950 --> 00:36:05,520

oh they're visitors from some other

890

00:36:09,710 --> 00:36:06,960

planet

891

00:36:13,130 --> 00:36:09,720

it's just you know it's impossible to to

892

00:36:15,890 --> 00:36:13,140

box it in like that is it because we've

893

00:36:18,770 --> 00:36:15,900

just reached our ceiling of being able

894

00:36:20,750 --> 00:36:18,780

to understand certain things right if we

895

00:36:22,550 --> 00:36:20,760

just I don't know what sometimes I feel

896

00:36:24,950 --> 00:36:22,560

like I'll probably never understand what

897

00:36:26,270 --> 00:36:24,960

this is I mean maybe maybe we're not

898

00:36:27,890 --> 00:36:26,280

capable of understanding I know Jim

899

00:36:30,829 --> 00:36:27,900

semivan has made some really interesting

900

00:36:32,630 --> 00:36:30,839

comments along those lines you know that

901
00:36:36,050 --> 00:36:32,640
maybe the human being will never

902
00:36:37,970 --> 00:36:36,060
understand it uh and we just can't and

903
00:36:39,710 --> 00:36:37,980
maybe we're not meant to or it's it's

904
00:36:41,470 --> 00:36:39,720
you know you can also think of it maybe

905
00:36:44,750 --> 00:36:41,480
it's up to the phenomenon itself

906
00:36:46,910 --> 00:36:44,760
whatever whoever it is how much we're

907
00:36:48,109 --> 00:36:46,920
going to be understanding it what you

908
00:36:49,930 --> 00:36:48,119
know how much are they going to reveal

909
00:36:54,069 --> 00:36:49,940
to us

910
00:36:57,349 --> 00:36:54,079
and not to go like uh some intangible

911
00:37:00,349 --> 00:36:57,359
existential situation here but if we

912
00:37:02,329 --> 00:37:00,359
just go with black and white and if we

913
00:37:05,510 --> 00:37:02,339

jumped in a time machine and went back

914

00:37:08,750 --> 00:37:05,520

50 000 Years and we're dealing with homo

915

00:37:10,130 --> 00:37:08,760

sapien sapien back then about these

916

00:37:12,410 --> 00:37:10,140

basic things that we're talking about

917

00:37:16,670 --> 00:37:12,420

right they would have abs their their

918

00:37:19,310 --> 00:37:16,680

knowledge sealing is way off kilter as

919

00:37:21,050 --> 00:37:19,320

to what they could understand maybe

920

00:37:23,690 --> 00:37:21,060

that's where we are today I mean they

921

00:37:26,030 --> 00:37:23,700

just what how far how much can we

922

00:37:28,310 --> 00:37:26,040

understand the future will be different

923

00:37:30,470 --> 00:37:28,320

but right now we're having trouble with

924

00:37:32,030 --> 00:37:30,480

it and it's only because we Are Who We

925

00:37:34,010 --> 00:37:32,040

Are

926
00:37:37,210 --> 00:37:34,020
yeah

927
00:37:40,750 --> 00:37:37,220
I don't know what to say to that

928
00:37:43,730 --> 00:37:40,760
well and and and and

929
00:37:47,329 --> 00:37:43,740
this is why I agree with everything that

930
00:37:50,589 --> 00:37:47,339
you just said if I think about what I

931
00:37:54,470 --> 00:37:50,599
used to think about you know the the

932
00:37:57,650 --> 00:37:54,480
uh the the hypothesis generally speaking

933
00:38:00,589 --> 00:37:57,660
I think we were all there metal ship

934
00:38:03,829 --> 00:38:00,599
little dude exactly at the at the

935
00:38:07,130 --> 00:38:03,839
controls rivets right said it's cruising

936
00:38:10,790 --> 00:38:07,140
Across the Universe for uh some crazy

937
00:38:13,430 --> 00:38:10,800
length of time and arriving here I am so

938
00:38:14,750 --> 00:38:13,440

far away from that now also I think

939

00:38:16,970 --> 00:38:14,760

everyone is you know I think the

940

00:38:20,510 --> 00:38:16,980

understanding has really expanded and

941

00:38:21,950 --> 00:38:20,520

and to what yeah it's just something way

942

00:38:25,430 --> 00:38:21,960

more than that

943

00:38:27,530 --> 00:38:25,440

way more difficult to understand a lot

944

00:38:29,990 --> 00:38:27,540

more complexity and different dimensions

945

00:38:33,050 --> 00:38:30,000

to it than something like that

946

00:38:35,290 --> 00:38:33,060

um and so you know it just makes it

947

00:38:39,470 --> 00:38:35,300

harder and harder to pin it down

948

00:38:42,050 --> 00:38:39,480

when um when you started to get exposed

949

00:38:45,770 --> 00:38:42,060

to all of the information back in in

950

00:38:48,710 --> 00:38:45,780

2017 leading up to the article in

951
00:38:51,650 --> 00:38:48,720
December with you and Ralph

952
00:38:53,750 --> 00:38:51,660
um this starts to open up those doors

953
00:38:56,329 --> 00:38:53,760
where

954
00:38:57,710 --> 00:38:56,339
um the suggestions from Jacques or or

955
00:39:00,050 --> 00:38:57,720
others

956
00:39:02,810 --> 00:39:00,060
um certainly come into play because the

957
00:39:06,050 --> 00:39:02,820
physics behind the Tic Tac as described

958
00:39:08,690 --> 00:39:06,060
by by David fravor absolutely made no

959
00:39:10,910 --> 00:39:08,700
sense that and and coming up to that we

960
00:39:13,250 --> 00:39:10,920
never really talked about UFOs in in

961
00:39:16,790 --> 00:39:13,260
those terms how did you start to deal

962
00:39:21,950 --> 00:39:16,800
with that you mean with the that case in

963
00:39:24,770 --> 00:39:21,960

particular yes yes I mean I I was

964

00:39:28,069 --> 00:39:24,780

stunned by that case it was you know I I

965

00:39:29,569 --> 00:39:28,079

we we actually included a section in the

966

00:39:32,630 --> 00:39:29,579

New York Times story just about that

967

00:39:34,250 --> 00:39:32,640

case but it was only the you know it was

968

00:39:35,150 --> 00:39:34,260

it didn't include all of it by a long

969

00:39:37,550 --> 00:39:35,160

shot

970

00:39:39,470 --> 00:39:37,560

but um I think it I think it was the

971

00:39:41,930 --> 00:39:39,480

first time that Dave fraver had come

972

00:39:42,710 --> 00:39:41,940

forward I'm not sure but

973

00:39:44,870 --> 00:39:42,720

um

974

00:39:47,030 --> 00:39:44,880

I remember meeting him when I went with

975

00:39:48,710 --> 00:39:47,040

Helene Cooper the the reporter from the

976

00:39:51,349 --> 00:39:48,720

times that we had dinner with him in DC

977

00:39:53,630 --> 00:39:51,359

for like in just hours listening to him

978

00:39:56,390 --> 00:39:53,640

tell that story she was absolutely blown

979

00:40:00,109 --> 00:39:56,400

away because she was new to all of this

980

00:40:02,690 --> 00:40:00,119

so um yeah I mean all the data that that

981

00:40:05,450 --> 00:40:02,700

case has is really extraordinary and the

982

00:40:08,930 --> 00:40:05,460

behavior of the object as you point out

983

00:40:11,089 --> 00:40:08,940

and you know yeah and which can can we

984

00:40:14,230 --> 00:40:11,099

stay right here for a second yeah

985

00:40:17,810 --> 00:40:14,240

um going up to that point when you're uh

986

00:40:20,270 --> 00:40:17,820

you're writing you're researching uh you

987

00:40:23,569 --> 00:40:20,280

know going back to comida or or Belgium

988

00:40:25,089 --> 00:40:23,579

and and the content of on the record uh

989

00:40:27,589 --> 00:40:25,099

UFOs

990

00:40:28,910 --> 00:40:27,599

throw it on the record that's good on

991

00:40:32,150 --> 00:40:28,920

the record

992

00:40:33,710 --> 00:40:32,160

um everything was uh described by

993

00:40:37,310 --> 00:40:33,720

Witnesses and Military and everything

994

00:40:39,770 --> 00:40:37,320

else in a certain way and now we've got

995

00:40:42,109 --> 00:40:39,780

hardcore science fiction going on this

996

00:40:44,510 --> 00:40:42,119

is like Way new stuff and if you're

997

00:40:46,970 --> 00:40:44,520

gonna write about it the public has to

998

00:40:49,790 --> 00:40:46,980

understand it along with you and and

999

00:40:51,890 --> 00:40:49,800

your friend getting exposed to this for

1000

00:40:54,109 --> 00:40:51,900

the first time like that that's kind of

1001
00:40:55,910 --> 00:40:54,119
your barometer and you know the way that

1002
00:40:58,670 --> 00:40:55,920
the public would look at this too right

1003
00:41:00,710 --> 00:40:58,680
yeah I mean I I really think what you

1004
00:41:02,810 --> 00:41:00,720
said is right on that it's it's more

1005
00:41:04,430 --> 00:41:02,820
like science fiction now and in fact one

1006
00:41:08,089 --> 00:41:04,440
of the early briefing slides from the

1007
00:41:10,609 --> 00:41:08,099
atip program that I saw said that um you

1008
00:41:12,109 --> 00:41:10,619
know it was a little little blurb they

1009
00:41:14,089 --> 00:41:12,119
had at the bottom of the breathing site

1010
00:41:17,030 --> 00:41:14,099
it said science fiction is now science

1011
00:41:19,310 --> 00:41:17,040
fact and this was like 10 years ago

1012
00:41:20,150 --> 00:41:19,320
I think that's sort of that sort of sums

1013
00:41:22,430 --> 00:41:20,160

it up

1014

00:41:24,770 --> 00:41:22,440

I mean I guess you could say that the

1015

00:41:26,750 --> 00:41:24,780

notion of extraterrestrial Travelers and

1016

00:41:29,089 --> 00:41:26,760

metal spaceships is also like science

1017

00:41:30,829 --> 00:41:29,099

fiction but not in the same way that of

1018

00:41:33,050 --> 00:41:30,839

what we're dealing with now

1019

00:41:34,849 --> 00:41:33,060

just because of all the components of

1020

00:41:37,670 --> 00:41:34,859

this phenomenon that have come out right

1021

00:41:39,829 --> 00:41:37,680

I mean and that includes the kind of

1022

00:41:42,470 --> 00:41:39,839

things that occurred at Skinwalker Ranch

1023

00:41:44,210 --> 00:41:42,480

and people's Consciousness being

1024

00:41:46,670 --> 00:41:44,220

affected by sightings

1025

00:41:48,530 --> 00:41:46,680

uh you know different changes that go on

1026
00:41:50,630 --> 00:41:48,540
in people after they have events like

1027
00:41:52,970 --> 00:41:50,640
this all the close encounter events and

1028
00:41:56,569 --> 00:41:52,980
how you know there's a whole mixture of

1029
00:41:58,790 --> 00:41:56,579
conglomeration of of phenomena that make

1030
00:42:01,550 --> 00:41:58,800
up the UAP

1031
00:42:03,770 --> 00:42:01,560
um and it's not simple at all so it is

1032
00:42:06,589 --> 00:42:03,780
kind of more science fictiony the more

1033
00:42:10,430 --> 00:42:06,599
we learn the weirder it gets are you

1034
00:42:13,130 --> 00:42:10,440
still in in contact with uh your your

1035
00:42:15,770 --> 00:42:13,140
military friends from around the world

1036
00:42:19,609 --> 00:42:15,780
yeah I mean not as it depends who but

1037
00:42:22,069 --> 00:42:19,619
not as much as I was but before 2017.

1038
00:42:23,569 --> 00:42:22,079

I've been you know yeah not quite as

1039

00:42:28,790 --> 00:42:23,579

much but it depends who you're talking

1040

00:42:32,390 --> 00:42:28,800

about the the reason why I ask is the

1041

00:42:34,069 --> 00:42:32,400

the Tic Tac and and things like that and

1042

00:42:36,190 --> 00:42:34,079

certainly we can go East Coast West

1043

00:42:40,670 --> 00:42:36,200

Coast you know Roosevelt what have you

1044

00:42:43,310 --> 00:42:40,680

but can't only be the United States Navy

1045

00:42:46,849 --> 00:42:43,320

right this is a global phenomenon

1046

00:42:50,210 --> 00:42:46,859

wouldn't this be happening with navies

1047

00:42:54,650 --> 00:42:50,220

of South America or Australia or or

1048

00:42:57,970 --> 00:42:54,660

Russia or China uh Great Britain are

1049

00:43:00,950 --> 00:42:57,980

there other reports of of tick-tac-ish

1050

00:43:04,609 --> 00:43:00,960

events going on I mean I I don't not

1051

00:43:06,109 --> 00:43:04,619

that I can really think of post 2017 no

1052

00:43:07,790 --> 00:43:06,119

I mean and of course if they went on in

1053

00:43:09,849 --> 00:43:07,800

Russia or China we might might not know

1054

00:43:12,530 --> 00:43:09,859

about it

1055

00:43:15,470 --> 00:43:12,540

I I haven't heard of any from South

1056

00:43:18,849 --> 00:43:15,480

America that are quite like that

1057

00:43:21,829 --> 00:43:18,859

um it's an interesting question yeah

1058

00:43:25,069 --> 00:43:21,839

in your opinion maybe it's U.S

1059

00:43:27,890 --> 00:43:25,079

technology right okay so I guess you

1060

00:43:30,650 --> 00:43:27,900

answered my question in your opinion uh

1061

00:43:33,290 --> 00:43:30,660

why why only the United States Navy and

1062

00:43:35,329 --> 00:43:33,300

and not even our Air Force right it

1063

00:43:37,550 --> 00:43:35,339

seems to be it seems like it's kind of a

1064

00:43:39,589 --> 00:43:37,560

one-off event or there's been no no Tic

1065

00:43:42,050 --> 00:43:39,599

Tac since and and there were some

1066

00:43:44,210 --> 00:43:42,060

earlier reports of the of tic tac-like

1067

00:43:46,790 --> 00:43:44,220

objects like in the 50s and 60s I

1068

00:43:49,670 --> 00:43:46,800

remember Lou Elizondo had these really

1069

00:43:51,410 --> 00:43:49,680

interesting documents referencing one

1070

00:43:53,030 --> 00:43:51,420

that described it I think like a butane

1071

00:43:55,550 --> 00:43:53,040

tank or something another one you know

1072

00:43:57,589 --> 00:43:55,560

they described it in ways of so there

1073

00:43:59,510 --> 00:43:57,599

have been similar shaped objects whether

1074

00:44:02,210 --> 00:43:59,520

they were behaving the same way as the

1075

00:44:05,329 --> 00:44:02,220

one in 2004 I'm not sure

1076

00:44:07,450 --> 00:44:05,339

so um yeah it's not like this has been a

1077

00:44:10,010 --> 00:44:07,460

recurring thing the way the way

1078

00:44:11,870 --> 00:44:10,020

triangles are or disc shapes objects you

1079

00:44:15,050 --> 00:44:11,880

know that people see a lot

1080

00:44:16,670 --> 00:44:15,060

so who knows why that is

1081

00:44:19,849 --> 00:44:16,680

um you know you have to keep open the

1082

00:44:22,010 --> 00:44:19,859

possibility that maybe it was some some

1083

00:44:25,309 --> 00:44:22,020

incredibly advanced technology being

1084

00:44:27,349 --> 00:44:25,319

tested or something like that but

1085

00:44:28,309 --> 00:44:27,359

nobody who was there thought that was

1086

00:44:31,550 --> 00:44:28,319

the case

1087

00:44:34,970 --> 00:44:31,560

the way I had uh Ryan Graves on last

1088

00:44:38,510 --> 00:44:34,980

week and uh and he's great and he's just

1089

00:44:41,150 --> 00:44:38,520

it's great and in speaking with him

1090

00:44:43,609 --> 00:44:41,160

I I can't help but ask the question

1091

00:44:48,170 --> 00:44:43,619

that's on everybody's mind it just can't

1092

00:44:50,630 --> 00:44:48,180

be uh just off of our Shores that every

1093

00:44:52,910 --> 00:44:50,640

every military in the world must be

1094

00:44:56,030 --> 00:44:52,920

dealing with this uh in their own way it

1095

00:44:57,530 --> 00:44:56,040

just can't be just us well I I think

1096

00:44:58,670 --> 00:44:57,540

they are all dealing with it I mean is

1097

00:45:01,670 --> 00:44:58,680

there any reason to think that they're

1098

00:45:03,410 --> 00:45:01,680

not exactly they probably are I what to

1099

00:45:04,550 --> 00:45:03,420

what extent we would know about it I'm

1100

00:45:06,470 --> 00:45:04,560

not sure

1101
00:45:08,450 --> 00:45:06,480
you know I mean every country has their

1102
00:45:09,829 --> 00:45:08,460
own way of dealing with it and certainly

1103
00:45:11,650 --> 00:45:09,839
our adversaries are not going to

1104
00:45:16,309 --> 00:45:11,660
broadcast it

1105
00:45:18,410 --> 00:45:16,319
you know and how do you uh with all of

1106
00:45:19,550 --> 00:45:18,420
this crashing down on the world so

1107
00:45:22,849 --> 00:45:19,560
quickly

1108
00:45:25,550 --> 00:45:22,859
um the the impact of of your article

1109
00:45:27,410 --> 00:45:25,560
with Ralph back in 2017 I don't think it

1110
00:45:33,829 --> 00:45:27,420
could be measured right the impact was

1111
00:45:36,470 --> 00:45:33,839
was was Broad and uh very very serious

1112
00:45:39,650 --> 00:45:36,480
but the world didn't implode either

1113
00:45:41,450 --> 00:45:39,660

right everybody did pretty well were you

1114

00:45:45,050 --> 00:45:41,460

surprised about that

1115

00:45:47,450 --> 00:45:45,060

that the world didn't implode yes

1116

00:45:49,250 --> 00:45:47,460

and well you know you said comida but if

1117

00:45:51,890 --> 00:45:49,260

you go to the Condon report or either

1118

00:45:54,109 --> 00:45:51,900

the Rand Corporation or the Robertson

1119

00:45:57,170 --> 00:45:54,119

committee you you look at all of the

1120

00:45:59,630 --> 00:45:57,180

professional analysis on what would

1121

00:46:01,069 --> 00:45:59,640

happen to humanity if this reveal

1122

00:46:04,970 --> 00:46:01,079

happened

1123

00:46:06,950 --> 00:46:04,980

December of 2017. I think the world took

1124

00:46:08,930 --> 00:46:06,960

it pretty well yeah I mean if you're

1125

00:46:11,150 --> 00:46:08,940

thinking about like people freaking out

1126

00:46:12,890 --> 00:46:11,160

if they sort of get it that UFOs are

1127

00:46:14,569 --> 00:46:12,900

real I mean I think the key there is

1128

00:46:16,670 --> 00:46:14,579

that that there's got to be a gradual

1129

00:46:19,010 --> 00:46:16,680

unfolding of information

1130

00:46:21,050 --> 00:46:19,020

and um it you know it's been fairly

1131

00:46:22,730 --> 00:46:21,060

great I mean that was just saying well

1132

00:46:24,710 --> 00:46:22,740

there's this agency there's this

1133

00:46:27,290 --> 00:46:24,720

department in the dod that's been

1134

00:46:29,930 --> 00:46:27,300

studying this for a while and uh here's

1135

00:46:31,370 --> 00:46:29,940

some videos you know and Harry Reid says

1136

00:46:34,190 --> 00:46:31,380

they're really important he would he got

1137

00:46:35,690 --> 00:46:34,200

the money for it and Lou Elizondo feels

1138

00:46:37,609 --> 00:46:35,700

there needs to be more resources for it

1139

00:46:39,109 --> 00:46:37,619

so he resigned you know so it's that was

1140

00:46:40,970 --> 00:46:39,119

sort of like wow the government's been

1141

00:46:43,490 --> 00:46:40,980

studying it and they've even given us

1142

00:46:45,829 --> 00:46:43,500

some videos here and then the next step

1143

00:46:47,990 --> 00:46:45,839

was kind of like you know finally our

1144

00:46:49,309 --> 00:46:48,000

government itself acknowledged that yes

1145

00:46:51,589 --> 00:46:49,319

they're real

1146

00:46:53,210 --> 00:46:51,599

but you know it's happened in steps and

1147

00:46:56,030 --> 00:46:53,220

the Navy says okay we need better

1148

00:46:58,069 --> 00:46:56,040

reporting methods then we get the 2021

1149

00:46:59,690 --> 00:46:58,079

report where they really do say these

1150

00:47:01,190 --> 00:46:59,700

are these things are real I mean that

1151
00:47:02,990 --> 00:47:01,200
was a real statement

1152
00:47:04,970 --> 00:47:03,000
they said that they're real we don't

1153
00:47:06,470 --> 00:47:04,980
have evidence that they're ours we don't

1154
00:47:08,690 --> 00:47:06,480
have evidence that they're Russian or

1155
00:47:11,930 --> 00:47:08,700
Chinese you know no data showing us that

1156
00:47:14,630 --> 00:47:11,940
so it's been this sort of gradual step

1157
00:47:17,329 --> 00:47:14,640
stepping thing stepping stones from 2017

1158
00:47:19,730 --> 00:47:17,339
and then recently we've got the U.S

1159
00:47:21,109 --> 00:47:19,740
Congress asking for reports about crash

1160
00:47:22,569 --> 00:47:21,119
retrievals

1161
00:47:24,950 --> 00:47:22,579
I mean

1162
00:47:26,390 --> 00:47:24,960
we've really come it's been five years

1163
00:47:28,790 --> 00:47:26,400

but so I don't think it was like

1164

00:47:29,930 --> 00:47:28,800

everything was dumped on the world at

1165

00:47:32,150 --> 00:47:29,940

once

1166

00:47:33,770 --> 00:47:32,160

I think maybe if everything was dumped

1167

00:47:35,510 --> 00:47:33,780

at once there'd be a little more of a

1168

00:47:37,550 --> 00:47:35,520

reaction like you're talking about but

1169

00:47:40,910 --> 00:47:37,560

yeah why do you think why do you think

1170

00:47:44,710 --> 00:47:40,920

the reaction was so was subdued

1171

00:47:47,990 --> 00:47:44,720

um that I I I I was driving in my car

1172

00:47:50,990 --> 00:47:48,000

and I'm listening to KFI the radio

1173

00:47:52,849 --> 00:47:51,000

station that I broadcast on right and in

1174

00:47:55,609 --> 00:47:52,859

Los Angeles the big talk radio station

1175

00:47:57,170 --> 00:47:55,619

so it's always on in my car I'm Church

1176

00:48:00,410 --> 00:47:57,180

Street

1177

00:48:02,450 --> 00:48:00,420

the government says UFOs are real we'll

1178

00:48:05,809 --> 00:48:02,460

tell you all about it after the break I

1179

00:48:05,819 --> 00:48:08,809

2017

1180

00:48:13,250 --> 00:48:11,450

. it was a big deal I I think I think it

1181

00:48:15,170 --> 00:48:13,260

was I mean I remember the reaction of

1182

00:48:18,290 --> 00:48:15,180

the article was absolutely huge all over

1183

00:48:21,530 --> 00:48:18,300

the world so it really was there was a

1184

00:48:25,730 --> 00:48:21,540

huge reaction to it but subdued I mean

1185

00:48:30,109 --> 00:48:25,740

the reaction was but I don't know I but

1186

00:48:32,390 --> 00:48:30,119

no I I what I'm trying to uh Express is

1187

00:48:34,609 --> 00:48:32,400

when I would talk to right after that

1188

00:48:36,770 --> 00:48:34,619

yeah and I would talk to people outside

1189

00:48:40,130 --> 00:48:36,780

of the UFO game right just friends or

1190

00:48:43,370 --> 00:48:40,140

family whatever yeah of course there's

1191

00:48:45,829 --> 00:48:43,380

aliens visiting us I think you know the

1192

00:48:49,069 --> 00:48:45,839

universe is just too big it was like a

1193

00:48:52,309 --> 00:48:49,079

strange I thought that I was gonna get

1194

00:48:55,089 --> 00:48:52,319

something whoa are you kidding me no I

1195

00:48:58,370 --> 00:48:55,099

didn't get that at all it was very nice

1196

00:48:59,750 --> 00:48:58,380

yeah okay that's true I mean for us who

1197

00:49:02,329 --> 00:48:59,760

are interested in it it's the biggest

1198

00:49:04,670 --> 00:49:02,339

deal in the world right because we're

1199

00:49:06,890 --> 00:49:04,680

finally getting acknowledgment but yeah

1200

00:49:09,170 --> 00:49:06,900

for people who don't care

1201
00:49:11,329 --> 00:49:09,180
it probably wasn't a big deal and those

1202
00:49:12,710 --> 00:49:11,339
we forget that that's the majority of

1203
00:49:14,809 --> 00:49:12,720
the people out there

1204
00:49:17,030 --> 00:49:14,819
I just think the majority of the people

1205
00:49:18,829 --> 00:49:17,040
out there there they might think it's

1206
00:49:20,569 --> 00:49:18,839
sort of fun but they don't really care

1207
00:49:22,849 --> 00:49:20,579
that much about UFO so it's not going to

1208
00:49:24,890 --> 00:49:22,859
affect them very much I think that's the

1209
00:49:27,770 --> 00:49:24,900
point in making we we live in this

1210
00:49:30,410 --> 00:49:27,780
bubble of people who really care and for

1211
00:49:33,050 --> 00:49:30,420
us the littlest thing we get from our

1212
00:49:34,609 --> 00:49:33,060
government is like the biggest deal yeah

1213
00:49:36,109 --> 00:49:34,619

but for the average person out there

1214

00:49:38,809 --> 00:49:36,119

they don't care they don't know they

1215

00:49:41,329 --> 00:49:38,819

don't care they just want to you know to

1216

00:49:43,250 --> 00:49:41,339

live their daily lives and take care of

1217

00:49:46,450 --> 00:49:43,260

their families and

1218

00:49:50,390 --> 00:49:46,460

and how was how was the New York Times

1219

00:49:52,250 --> 00:49:50,400

uh uh attitude about this today is it

1220

00:49:53,270 --> 00:49:52,260

still the same are they still pursuing

1221

00:49:56,510 --> 00:49:53,280

this

1222

00:49:58,309 --> 00:49:56,520

um and and I'm asking because of uh so

1223

00:50:00,530 --> 00:49:58,319

many significant things happened in the

1224

00:50:03,950 --> 00:50:00,540

media and certainly centered around you

1225

00:50:06,890 --> 00:50:03,960

like New Yorker and and and that that

1226

00:50:10,010 --> 00:50:06,900

great piece uh that was written

1227

00:50:12,109 --> 00:50:10,020

um are are they still open to this is it

1228

00:50:13,010 --> 00:50:12,119

something that is the foot still on the

1229

00:50:16,250 --> 00:50:13,020

gas

1230

00:50:17,870 --> 00:50:16,260

well I I think I'd have to leave that up

1231

00:50:20,089 --> 00:50:17,880

to the people who read the New York

1232

00:50:22,130 --> 00:50:20,099

Times reporting that's been coming out

1233

00:50:24,290 --> 00:50:22,140

in the last you know I mean The Last

1234

00:50:26,390 --> 00:50:24,300

Story Ralph and I did was in July of

1235

00:50:29,390 --> 00:50:26,400

2021 and that was about the crash

1236

00:50:31,250 --> 00:50:29,400

retrieval scenario

1237

00:50:33,650 --> 00:50:31,260

um oh no and then we we did a story too

1238

00:50:36,589 --> 00:50:33,660

about the hearings in May last the May

1239

00:50:38,450 --> 00:50:36,599

uh Congressional hearings but

1240

00:50:40,010 --> 00:50:38,460

um there's been you know there's been

1241

00:50:42,710 --> 00:50:40,020

some reporting in the New York Times

1242

00:50:44,390 --> 00:50:42,720

since then by others uh that are on

1243

00:50:46,190 --> 00:50:44,400

staff there and I'm not going to comment

1244

00:50:48,950 --> 00:50:46,200

on them I think it's up to people who

1245

00:50:50,329 --> 00:50:48,960

read them to decide they think the New

1246

00:50:53,150 --> 00:50:50,339

York Times is at

1247

00:50:56,390 --> 00:50:53,160

um Ralph and I are Freelancers so we

1248

00:50:58,670 --> 00:50:56,400

have to you know we have to bring a

1249

00:51:00,710 --> 00:50:58,680

story to them and say hey we've got this

1250

00:51:03,170 --> 00:51:00,720

exclusive and it's got to be something

1251
00:51:05,690 --> 00:51:03,180
really special for them to run our story

1252
00:51:08,510 --> 00:51:05,700
it's very difficult for us to get a

1253
00:51:10,549 --> 00:51:08,520
story into the times so until we bring

1254
00:51:11,690 --> 00:51:10,559
them our next story it's hard for me to

1255
00:51:15,470 --> 00:51:11,700
know

1256
00:51:17,750 --> 00:51:15,480
their position or not they've always

1257
00:51:20,450 --> 00:51:17,760
been open to our contributing stories if

1258
00:51:22,490 --> 00:51:20,460
they're really spectacular uh they're

1259
00:51:24,710 --> 00:51:22,500
not gonna you know they're not and so

1260
00:51:26,329 --> 00:51:24,720
for the less spectacular ones they just

1261
00:51:29,210 --> 00:51:26,339
hire they just have one of their staff

1262
00:51:32,030 --> 00:51:29,220
on it and maybe their staff don't have

1263
00:51:33,829 --> 00:51:32,040

the uh the knowledge about the topic

1264

00:51:37,130 --> 00:51:33,839

have very much knowledge about the topic

1265

00:51:39,230 --> 00:51:37,140

or maybe they have an agenda or you know

1266

00:51:40,670 --> 00:51:39,240

they they take a particular angle and I

1267

00:51:42,710 --> 00:51:40,680

don't know how much of that is the

1268

00:51:44,630 --> 00:51:42,720

position of the paper or how much it's

1269

00:51:46,549 --> 00:51:44,640

just the person who writes the story I

1270

00:51:48,530 --> 00:51:46,559

mean I'm not on the inside of the New

1271

00:51:51,650 --> 00:51:48,540

York Times because I'm a freelancer I'm

1272

00:51:53,750 --> 00:51:51,660

on the outside and so I only really get

1273

00:51:55,670 --> 00:51:53,760

to know what everyone else gets to know

1274

00:51:57,650 --> 00:51:55,680

who reads it who reads what they put out

1275

00:51:58,849 --> 00:51:57,660

and I just hope that Ralph and I are

1276

00:52:01,849 --> 00:51:58,859

going to be able to continue to report

1277

00:52:03,710 --> 00:52:01,859

for them when we get a story that will

1278

00:52:05,990 --> 00:52:03,720

you know is the kind of story that we

1279

00:52:07,430 --> 00:52:06,000

can get to our editors there we're

1280

00:52:09,349 --> 00:52:07,440

trying to do that we're always following

1281

00:52:12,490 --> 00:52:09,359

up on things and and trying to get to

1282

00:52:15,109 --> 00:52:12,500

the next story so

1283

00:52:17,930 --> 00:52:15,119

in your last article

1284

00:52:20,690 --> 00:52:17,940

and I talked to Ralph about this uh

1285

00:52:22,849 --> 00:52:20,700

maybe you listened to it but in that

1286

00:52:26,030 --> 00:52:22,859

article about Crash retrievals which was

1287

00:52:32,109 --> 00:52:26,040

great right but the the Hidden Gem in

1288

00:52:39,309 --> 00:52:35,210

I'm just reading along and then and then

1289

00:52:43,190 --> 00:52:39,319

I get to it right the the Dr Eric Davis

1290

00:52:48,349 --> 00:52:43,200

uh quote attributed to him

1291

00:52:52,790 --> 00:52:48,359

um that he uh briefed uh in a classified

1292

00:52:56,030 --> 00:52:52,800

setting uh to the Senate that dudes

1293

00:52:57,589 --> 00:52:56,040

we've got flying saucers right and so we

1294

00:52:59,450 --> 00:52:57,599

didn't quite like that but actually the

1295

00:53:02,750 --> 00:52:59,460

staffers it wasn't to the actual centers

1296

00:53:06,490 --> 00:53:02,760

to staffers right right and I I read

1297

00:53:13,609 --> 00:53:11,450

and holy crap right whoa

1298

00:53:15,650 --> 00:53:13,619

I agree with you that was a that was an

1299

00:53:18,170 --> 00:53:15,660

amazing little piece of dynamite buried

1300

00:53:20,150 --> 00:53:18,180

in that story and if you know as far as

1301

00:53:22,130 --> 00:53:20,160

Ralph and I were concerned that was the

1302

00:53:25,130 --> 00:53:22,140

that was the headline of the Articles

1303

00:53:28,370 --> 00:53:25,140

the headline why why down why why why

1304

00:53:32,390 --> 00:53:28,380

down and why not lead off with that that

1305

00:53:34,549 --> 00:53:32,400

was not our uh up to us that was there's

1306

00:53:36,349 --> 00:53:34,559

a lot of editorial control when you

1307

00:53:37,490 --> 00:53:36,359

write a story about UFOs for the New

1308

00:53:40,609 --> 00:53:37,500

York Times

1309

00:53:42,890 --> 00:53:40,619

so uh you know

1310

00:53:45,530 --> 00:53:42,900

well I I can't say too much about it but

1311

00:53:48,829 --> 00:53:45,540

we don't always get to choose the order

1312

00:53:50,569 --> 00:53:48,839

in which things appear in a story what's

1313

00:53:53,210 --> 00:53:50,579

important what isn't important how much

1314

00:53:55,069 --> 00:53:53,220

information we can include about this as

1315

00:53:58,430 --> 00:53:55,079

opposed to that

1316

00:54:00,349 --> 00:53:58,440

uh you know there's there's a lot of

1317

00:54:02,329 --> 00:54:00,359

other people involved in writing in in

1318

00:54:04,430 --> 00:54:02,339

that have the ultimate say and we have

1319

00:54:07,370 --> 00:54:04,440

to you have to you bargain I mean you

1320

00:54:10,490 --> 00:54:07,380

request certain things and you you um

1321

00:54:12,410 --> 00:54:10,500

you know try to you pick your battles

1322

00:54:14,809 --> 00:54:12,420

and you really insist on some things and

1323

00:54:16,670 --> 00:54:14,819

you let go of other things but um yeah

1324

00:54:19,730 --> 00:54:16,680

that was that was the way the article

1325

00:54:21,470 --> 00:54:19,740

was structured well and here's here's

1326

00:54:24,049 --> 00:54:21,480

what people do

1327

00:54:26,510 --> 00:54:24,059

this is the mindset so you read the

1328

00:54:28,970 --> 00:54:26,520

article and you get to that gem that

1329

00:54:33,049 --> 00:54:28,980

piece of dynamite as as you describe it

1330

00:54:35,510 --> 00:54:33,059

you get to that and then uh it's it's

1331

00:54:39,230 --> 00:54:35,520

journalism 101 you're taught this in

1332

00:54:41,870 --> 00:54:39,240

school first week in in class right it

1333

00:54:43,849 --> 00:54:41,880

you vet your you vet your sources three

1334

00:54:46,790 --> 00:54:43,859

times right you bet your sources three

1335

00:54:49,309 --> 00:54:46,800

times adventures and so if the New York

1336

00:54:53,410 --> 00:54:49,319

Times has included this in this article

1337

00:54:57,770 --> 00:54:53,420

this bombshell uh reference in there

1338

00:55:01,849 --> 00:54:57,780

then for it to make it to print they

1339

00:55:04,309 --> 00:55:01,859

deemed it solid and okay am I correct in

1340

00:55:05,990 --> 00:55:04,319

saying it that way absolutely absolutely

1341

00:55:08,210 --> 00:55:06,000

they're very careful about what they

1342

00:55:11,450 --> 00:55:08,220

print and Eric Davis is a highly

1343

00:55:13,609 --> 00:55:11,460

reputable highly credible person

1344

00:55:15,890 --> 00:55:13,619

and so they were willing to accept him

1345

00:55:19,130 --> 00:55:15,900

and that at that level at face value and

1346

00:55:20,990 --> 00:55:19,140

put his quote in there and Lou Elizondo

1347

00:55:23,510 --> 00:55:21,000

also had been in previous stories we'd

1348

00:55:26,630 --> 00:55:23,520

written so he contributed to that

1349

00:55:29,210 --> 00:55:26,640

dialogue too about the materials

1350

00:55:32,150 --> 00:55:29,220

um so yeah I mean

1351
00:55:34,430 --> 00:55:32,160
we were amazed that they would do it we

1352
00:55:36,349 --> 00:55:34,440
and you know it's always I remember

1353
00:55:38,270 --> 00:55:36,359
there's a frustration that there wasn't

1354
00:55:41,089 --> 00:55:38,280
more about

1355
00:55:43,549 --> 00:55:41,099
that topic in the story because Ralph

1356
00:55:46,609 --> 00:55:43,559
and I certainly had more information

1357
00:55:48,530 --> 00:55:46,619
but uh it's it's not up to us and I

1358
00:55:49,970 --> 00:55:48,540
think people have to realize if they're

1359
00:55:52,130 --> 00:55:49,980
disappointed

1360
00:55:53,870 --> 00:55:52,140
they have to realize the battle that we

1361
00:55:55,130 --> 00:55:53,880
had to fight just to get in there what

1362
00:55:56,630 --> 00:55:55,140
we got

1363
00:55:58,490 --> 00:55:56,640

um and that was the situation this was

1364

00:55:59,390 --> 00:55:58,500

the most difficult story of all the ones

1365

00:56:01,370 --> 00:55:59,400

we did

1366

00:56:03,710 --> 00:56:01,380

uh because of it you know because of the

1367

00:56:07,190 --> 00:56:03,720

nature of what we're talking about crash

1368

00:56:08,930 --> 00:56:07,200

retrievals right so we did the absolute

1369

00:56:11,270 --> 00:56:08,940

best we could but and we were happy with

1370

00:56:12,710 --> 00:56:11,280

what we got even though of course we'd

1371

00:56:15,890 --> 00:56:12,720

always wish we could have done more with

1372

00:56:18,109 --> 00:56:15,900

it you're giving other journalists out

1373

00:56:19,670 --> 00:56:18,119

there investigative reporters you're

1374

00:56:22,069 --> 00:56:19,680

giving them

1375

00:56:23,049 --> 00:56:22,079

the golden egg right you're giving him

1376

00:56:27,549 --> 00:56:23,059

that

1377

00:56:32,089 --> 00:56:27,559

why from another organization or another

1378

00:56:34,730 --> 00:56:32,099

uh writer uh follow-up and and jumping

1379

00:56:36,650 --> 00:56:34,740

on that comment did you get phone calls

1380

00:56:38,870 --> 00:56:36,660

about it

1381

00:56:41,569 --> 00:56:38,880

that is such a good question Jimmy

1382

00:56:44,270 --> 00:56:41,579

because Ralph and I we're Freelancers

1383

00:56:45,950 --> 00:56:44,280

right but somebody on the staff of like

1384

00:56:48,650 --> 00:56:45,960

the Washington Post

1385

00:56:50,809 --> 00:56:48,660

could go places that we can't go as

1386

00:56:52,609 --> 00:56:50,819

Freelancers and it's like why don't they

1387

00:56:56,210 --> 00:56:52,619

why I mean I remember feeling that way

1388

00:56:58,010 --> 00:56:56,220

when I wrote my story in 2000 right how

1389

00:57:00,770 --> 00:56:58,020

many years ago more than 20 years ago

1390

00:57:02,750 --> 00:57:00,780

about this cometa report I was just

1391

00:57:04,670 --> 00:57:02,760

waiting for everybody to jump on it and

1392

00:57:07,130 --> 00:57:04,680

for like you know Seymour Hirsch or

1393

00:57:09,290 --> 00:57:07,140

someone like that to grab it who

1394

00:57:12,230 --> 00:57:09,300

actually works for a publication and can

1395

00:57:13,970 --> 00:57:12,240

open doors that I could never open as an

1396

00:57:16,069 --> 00:57:13,980

independent or freelance journalist you

1397

00:57:18,290 --> 00:57:16,079

know and nothing happened

1398

00:57:19,730 --> 00:57:18,300

and it's the same thing with that I

1399

00:57:22,250 --> 00:57:19,740

think it's just such a great Point like

1400

00:57:25,190 --> 00:57:22,260

why don't these journalists who have

1401

00:57:28,130 --> 00:57:25,200

this inside track that I don't have

1402

00:57:30,170 --> 00:57:28,140

jump all over this and they don't why

1403

00:57:34,309 --> 00:57:30,180

hasn't anybody reported about this new

1404

00:57:36,109 --> 00:57:34,319

ndaa that's asking for reports on Crash

1405

00:57:37,370 --> 00:57:36,119

retrievals and mentions reverse

1406

00:57:40,370 --> 00:57:37,380

engineering

1407

00:57:42,290 --> 00:57:40,380

I mean nobody's covering that and you

1408

00:57:44,990 --> 00:57:42,300

know I don't have the ability to do it

1409

00:57:46,970 --> 00:57:45,000

for the New York Times or I would

1410

00:57:48,829 --> 00:57:46,980

so it's really an interesting question

1411

00:57:51,349 --> 00:57:48,839

about why and you know the media goes

1412

00:57:53,990 --> 00:57:51,359

through waves too remember in around in

1413

00:57:56,030 --> 00:57:54,000

Spring of 2021 right before that report

1414

00:57:58,309 --> 00:57:56,040

came out there was like a frenzy in the

1415

00:58:00,470 --> 00:57:58,319

media right that's when 60 Minutes did

1416

00:58:02,930 --> 00:58:00,480

their show that's when the New Yorker

1417

00:58:05,150 --> 00:58:02,940

piece came out it was you know everybody

1418

00:58:07,010 --> 00:58:05,160

in the media was on this topic and then

1419

00:58:09,230 --> 00:58:07,020

the report came out

1420

00:58:11,089 --> 00:58:09,240

and there was barely any coverage of the

1421

00:58:13,549 --> 00:58:11,099

report all the coverage was in

1422

00:58:14,930 --> 00:58:13,559

anticipation of it and then it just

1423

00:58:16,970 --> 00:58:14,940

stopped

1424

00:58:18,829 --> 00:58:16,980

so I don't know it goes through these

1425

00:58:20,750 --> 00:58:18,839

frenzied moments but there's nobody

1426

00:58:22,609 --> 00:58:20,760

that's really on it really digging

1427

00:58:24,470 --> 00:58:22,619

except you know there's people like Ross

1428

00:58:28,630 --> 00:58:24,480

coldheart is amazing

1429

00:58:31,130 --> 00:58:28,640

but from these mainstream established

1430

00:58:34,250 --> 00:58:31,140

media Outlets like the Washington Post

1431

00:58:36,170 --> 00:58:34,260

say or places like that or some of the

1432

00:58:38,270 --> 00:58:36,180

networks like NBC I mean you don't have

1433

00:58:41,270 --> 00:58:38,280

somebody that just staying on this and

1434

00:58:44,030 --> 00:58:41,280

really trying to pick up on it and I

1435

00:58:46,849 --> 00:58:44,040

don't I don't know why really if it were

1436

00:58:49,010 --> 00:58:46,859

me I'd want to do it it's a gift you

1437

00:58:50,329 --> 00:58:49,020

gave you gave everybody the tools you

1438

00:58:54,170 --> 00:58:50,339

gave him the gift

1439

00:58:56,030 --> 00:58:54,180

yeah I did um uh I had a sighting this

1440

00:58:57,829 --> 00:58:56,040

is many many years ago I'm not going to

1441

00:59:00,410 --> 00:58:57,839

waste time on it but I had this

1442

00:59:03,650 --> 00:59:00,420

incredible sighting and I go um I'm

1443

00:59:06,470 --> 00:59:03,660

hosting Coast to Coast right and and I

1444

00:59:08,930 --> 00:59:06,480

go public with it and I tell the whole

1445

00:59:12,530 --> 00:59:08,940

thing think about the size of that

1446

00:59:15,230 --> 00:59:12,540

audience Leslie right yeah and and I

1447

00:59:19,970 --> 00:59:15,240

expected I expected I really did I

1448

00:59:22,069 --> 00:59:19,980

thought somebody CNN Fox uh ABC News BBC

1449

00:59:23,690 --> 00:59:22,079

somebody would reach out going what did

1450

00:59:27,049 --> 00:59:23,700

you say what happened

1451

00:59:30,109 --> 00:59:27,059

crickets I just I I just don't get it

1452

00:59:31,970 --> 00:59:30,119

you give somebody a gift like that and

1453

00:59:35,930 --> 00:59:31,980

um I you know I've just given up and and

1454

00:59:37,970 --> 00:59:35,940

like your your little drop in that

1455

00:59:40,730 --> 00:59:37,980

article I just thought to myself here we

1456

00:59:44,569 --> 00:59:40,740

go this is going to be great all right

1457

00:59:48,109 --> 00:59:44,579

let's circle the wagons nothing yeah

1458

00:59:49,970 --> 00:59:48,119

just that's right absolutely right yeah

1459

00:59:52,190 --> 00:59:49,980

but the Congress did write their their

1460

00:59:54,770 --> 00:59:52,200

legislation so maybe that had maybe it

1461

00:59:57,049 --> 00:59:54,780

somehow was you know contributed towards

1462

00:59:59,210 --> 00:59:57,059

that I have no idea but at least now

1463

01:00:01,670 --> 00:59:59,220

it's it's in the discussion it's part of

1464

01:00:04,430 --> 01:00:01,680

the narrative so let's take our break

01:03:28,210 --> 01:03:24,720

your host Jimmy church tonight Our Guest

1542

01:03:31,549 --> 01:03:28,220

Leslie Kane and

1543

01:03:33,890 --> 01:03:31,559

my goal has been completed

1544

01:03:37,430 --> 01:03:33,900

The Life and Times of Leslie and and

1545

01:03:38,630 --> 01:03:37,440

what makes her tick and the the deal is

1546

01:03:40,789 --> 01:03:38,640

this

1547

01:03:42,890 --> 01:03:40,799

um we started off the show uh tonight

1548

01:03:43,970 --> 01:03:42,900

Leslie with you know what have you been

1549

01:03:48,530 --> 01:03:43,980

up to

1550

01:03:50,390 --> 01:03:48,540

um can you confirm or deny uh you know

1551

01:03:53,390 --> 01:03:50,400

the chatter going around about a new

1552

01:03:54,950 --> 01:03:53,400

series uh coming out that you're you've

1553

01:03:58,970 --> 01:03:54,960

contributed to

1554

01:04:00,410 --> 01:03:58,980

yeah it's it's not uh I can confirm in

1555

01:04:01,490 --> 01:04:00,420

fact I've already posted it on my

1556

01:04:03,890 --> 01:04:01,500

Facebook page

1557

01:04:07,190 --> 01:04:03,900

um but so this is the series that was

1558

01:04:09,410 --> 01:04:07,200

supposed to be was actually made for CNN

1559

01:04:12,109 --> 01:04:09,420

and I was a producer on that along with

1560

01:04:13,549 --> 01:04:12,119

the my my team at breakthrough films

1561

01:04:15,829 --> 01:04:13,559

which is a production company that I've

1562

01:04:18,049 --> 01:04:15,839

worked with on many projects and

1563

01:04:21,170 --> 01:04:18,059

anyway so it's not going to be on CNN

1564

01:04:23,150 --> 01:04:21,180

but it's a five it's a five part series

1565

01:04:25,910 --> 01:04:23,160

um and it's going to be on National

1566

01:04:28,250 --> 01:04:25,920

Geographic not Geo on I think it's

1567

01:04:30,829 --> 01:04:28,260

February 13th is the initial

1568

01:04:33,770 --> 01:04:30,839

two episodes and then the day after it

1569

01:04:35,329 --> 01:04:33,780

goes on Hulu so I think most people will

1570

01:04:37,190 --> 01:04:35,339

probably want to watch it on Hulu I

1571

01:04:38,750 --> 01:04:37,200

don't know I I don't watch cable

1572

01:04:40,250 --> 01:04:38,760

television and turn it on at nine

1573

01:04:42,829 --> 01:04:40,260

o'clock at night to watch something you

1574

01:04:45,470 --> 01:04:42,839

know but it's that's so it's it's two

1575

01:04:47,210 --> 01:04:45,480

episodes on on Monday the 13th and then

1576

01:04:48,829 --> 01:04:47,220

two episodes the following Monday and

1577

01:04:51,049 --> 01:04:48,839

then the final episode the following

1578

01:04:53,329 --> 01:04:51,059

Monday and then so that means by the end

1579

01:04:55,730 --> 01:04:53,339

of that two-week period the whole thing

1580

01:04:59,030 --> 01:04:55,740

will be on Hulu for streaming

1581

01:05:02,329 --> 01:04:59,040

so and and how is

1582

01:05:06,109 --> 01:05:02,339

um uh you know I've got my own series

1583

01:05:08,690 --> 01:05:06,119

um my stuff is on Gaia so I'm it's it's

1584

01:05:11,329 --> 01:05:08,700

a little bit more what's the word I want

1585

01:05:13,190 --> 01:05:11,339

to use I I've got control right and and

1586

01:05:17,030 --> 01:05:13,200

and things it's it's a different way to

1587

01:05:19,250 --> 01:05:17,040

approach things how is uh uh network

1588

01:05:21,650 --> 01:05:19,260

television today starting to approach

1589

01:05:22,849 --> 01:05:21,660

this programming is has it changed for

1590

01:05:25,910 --> 01:05:22,859

you do you think that there's a

1591

01:05:29,510 --> 01:05:25,920

different way of looking at things

1592

01:05:31,130 --> 01:05:29,520

um uh I'm not sure exactly what if I

1593

01:05:33,490 --> 01:05:31,140

understand your question Jimmy

1594

01:05:38,630 --> 01:05:35,930

less of a taboo is that what you mean

1595

01:05:41,150 --> 01:05:38,640

yeah yeah exactly and you know the The

1596

01:05:43,309 --> 01:05:41,160

X-Files music and and that attitude to

1597

01:05:45,650 --> 01:05:43,319

the boardroom yeah no I think that's

1598

01:05:47,750 --> 01:05:45,660

definitely changed and this is this

1599

01:05:49,370 --> 01:05:47,760

series certainly is totally serious

1600

01:05:50,990 --> 01:05:49,380

there's none of that silly stuff at all

1601
01:05:52,609 --> 01:05:51,000
I would never participate in something

1602
01:05:55,490 --> 01:05:52,619
that was like that

1603
01:05:58,130 --> 01:05:55,500
so this is sort of a CNN style kind of

1604
01:06:00,109 --> 01:05:58,140
news you know it's it's just it's really

1605
01:06:02,150 --> 01:06:00,119
exciting and it's

1606
01:06:04,010 --> 01:06:02,160
um you know they I think it's very well

1607
01:06:06,530 --> 01:06:04,020
done and it's designed for people who

1608
01:06:08,569 --> 01:06:06,540
don't know a lot about this so it was

1609
01:06:10,670 --> 01:06:08,579
designed to reach you know the millions

1610
01:06:12,349 --> 01:06:10,680
of in the CNN audience who don't know

1611
01:06:14,089 --> 01:06:12,359
anything about this it's going to be

1612
01:06:15,829 --> 01:06:14,099
part of their documentary

1613
01:06:17,150 --> 01:06:15,839

programming that they'd have they have

1614

01:06:19,670 --> 01:06:17,160

something every Sunday night but anyway

1615

01:06:20,750 --> 01:06:19,680

it didn't work out because CNN they kind

1616

01:06:22,609 --> 01:06:20,760

of uh

1617

01:06:24,109 --> 01:06:22,619

shuttered I mean they just kind of

1618

01:06:25,730 --> 01:06:24,119

collapsed when there was this merger

1619

01:06:27,710 --> 01:06:25,740

over the summer and this whole

1620

01:06:29,089 --> 01:06:27,720

documentary department and within CNN

1621

01:06:31,309 --> 01:06:29,099

just shut down

1622

01:06:34,130 --> 01:06:31,319

and we almost lost the Series altogether

1623

01:06:35,750 --> 01:06:34,140

unfortunately it went over to Vice

1624

01:06:39,230 --> 01:06:35,760

actually picked it up and it went over

1625

01:06:41,029 --> 01:06:39,240

to this Con this it's a Disney plus Vice

1626

01:06:43,910 --> 01:06:41,039

and that Geo they're all part of one

1627

01:06:45,470 --> 01:06:43,920

right yeah he's also going to have a run

1628

01:06:47,750 --> 01:06:45,480

on Vice and it's going to end up on

1629

01:06:48,829 --> 01:06:47,760

Disney plus eventually

1630

01:06:50,510 --> 01:06:48,839

um so it's going to get a lot of

1631

01:06:52,730 --> 01:06:50,520

exposure this year but yeah it's a very

1632

01:06:54,890 --> 01:06:52,740

serious and it's got great people in it

1633

01:06:57,289 --> 01:06:54,900

and revisit some old cases and look at

1634

01:06:59,450 --> 01:06:57,299

them through new eyes and you know talk

1635

01:07:01,849 --> 01:06:59,460

about the behind the scenes at the 2017

1636

01:07:03,589 --> 01:07:01,859

New York Times story and then there's

1637

01:07:04,670 --> 01:07:03,599

stuff about Stephenville and there's

1638

01:07:06,589 --> 01:07:04,680

stuff about

1639

01:07:08,210 --> 01:07:06,599

um you know we have James in there we go

1640

01:07:09,890 --> 01:07:08,220

back to the press conference James and I

1641

01:07:12,710 --> 01:07:09,900

did in 2007 there's a lot of looking

1642

01:07:15,170 --> 01:07:12,720

back but there's also a lot of post 2017

1643

01:07:17,210 --> 01:07:15,180

coverage too

1644

01:07:18,950 --> 01:07:17,220

um and we talk about mufon and some of

1645

01:07:21,650 --> 01:07:18,960

the citizen groups that were really

1646

01:07:23,690 --> 01:07:21,660

prevalent after Blue Book shut down and

1647

01:07:25,849 --> 01:07:23,700

you know got great interviews with a lot

1648

01:07:28,730 --> 01:07:25,859

of incredible people so I think I think

1649

01:07:31,250 --> 01:07:28,740

everyone's going to enjoy it so well you

1650

01:07:34,490 --> 01:07:31,260

know I subscribe I don't have cable TV

1651
01:07:36,650 --> 01:07:34,500
either uh right right you're on Hulu you

1652
01:07:40,190 --> 01:07:36,660
can watch it there I have Hulu I have

1653
01:07:42,470 --> 01:07:40,200
Nat Geo you know it's so funny I I cut

1654
01:07:45,049 --> 01:07:42,480
the tie like everybody does right so you

1655
01:07:46,789 --> 01:07:45,059
cut the ties right no more cable and

1656
01:07:48,589 --> 01:07:46,799
then you go and subscribe and you're

1657
01:07:51,230 --> 01:07:48,599
spending three times the money that you

1658
01:07:52,910 --> 01:07:51,240
were doing yeah I know so all these

1659
01:07:54,410 --> 01:07:52,920
other streaming stations but I want

1660
01:07:56,450 --> 01:07:54,420
people to know I actually went and

1661
01:07:58,250 --> 01:07:56,460
looked that you can get a 30-day free

1662
01:08:00,289 --> 01:07:58,260
trial on Hulu

1663
01:08:01,970 --> 01:08:00,299

So for anybody who wants to watch it

1664

01:08:04,250 --> 01:08:01,980

just wait until all three it's all up

1665

01:08:06,410 --> 01:08:04,260

there and then do your third you have 30

1666

01:08:08,750 --> 01:08:06,420

days so you can you know you can watch

1667

01:08:10,430 --> 01:08:08,760

it for free and then just can your

1668

01:08:13,430 --> 01:08:10,440

subscription and you won't pay anything

1669

01:08:15,230 --> 01:08:13,440

and that's how they get you right I know

1670

01:08:17,990 --> 01:08:15,240

you forget to do it but if you just make

1671

01:08:21,650 --> 01:08:18,000

a note you can do it

1672

01:08:25,130 --> 01:08:21,660

um now uh I want to get your uh insights

1673

01:08:27,650 --> 01:08:25,140

uh everybody it's Nat Geo and Hulu and

1674

01:08:30,349 --> 01:08:27,660

it's February 13th

1675

01:08:32,450 --> 01:08:30,359

um which is when it kicks off that's a

1676

01:08:35,870 --> 01:08:32,460

Monday right yeah it's a Monday yeah

1677

01:08:42,769 --> 01:08:35,880

that's it that's the first two episodes

1678

01:08:44,809 --> 01:08:42,779

um I I want your opinion on uh the ndaa

1679

01:08:48,970 --> 01:08:44,819

we're going to get to the report in a

1680

01:08:53,809 --> 01:08:48,980

second but when you have 40 pages

1681

01:08:57,590 --> 01:08:53,819

uh of of Law and legislation right that

1682

01:09:00,229 --> 01:08:57,600

are inserted in into this for what may

1683

01:09:04,010 --> 01:09:00,239

be in this to this extent for the first

1684

01:09:04,729 --> 01:09:04,020

time uh dealing with uap's UFOs

1685

01:09:09,769 --> 01:09:04,739

um

1686

01:09:13,189 --> 01:09:09,779

how good is this and do you think that

1687

01:09:15,289 --> 01:09:13,199

Washington is taking it serious and if

1688

01:09:17,450 --> 01:09:15,299

it is you know the words you know this

1689

01:09:19,010 --> 01:09:17,460

is written into law because there's a

1690

01:09:20,990 --> 01:09:19,020

couple of components to this that

1691

01:09:24,410 --> 01:09:21,000

nobody's talking about that nobody wants

1692

01:09:26,630 --> 01:09:24,420

to mention one of them historically that

1693

01:09:28,070 --> 01:09:26,640

we've been talking about all night uh

1694

01:09:31,130 --> 01:09:28,080

the history of things

1695

01:09:35,090 --> 01:09:31,140

is that the odni and the D and the

1696

01:09:39,650 --> 01:09:35,100

Department of Defense are mandated to go

1697

01:09:44,689 --> 01:09:39,660

back to January 1st 1945 and investigate

1698

01:09:49,309 --> 01:09:44,699

and revisit all of the military reports

1699

01:09:52,610 --> 01:09:49,319

that's like huge and the rest of the NDA

1700

01:09:55,430 --> 01:09:52,620

okay that's great but that right there

1701

01:09:57,350 --> 01:09:55,440

is a really really big deal it's

1702

01:09:59,750 --> 01:09:57,360

something that the UFO Community has

1703

01:10:02,030 --> 01:09:59,760

been uh screaming about from the

1704

01:10:04,669 --> 01:10:02,040

beginning that we have other stuff to

1705

01:10:06,110 --> 01:10:04,679

talk about here it's not just these two

1706

01:10:08,810 --> 01:10:06,120

or three cases

1707

01:10:10,910 --> 01:10:08,820

yeah it is huge I can hardly imagine how

1708

01:10:12,290 --> 01:10:10,920

they're gonna do it in any timely

1709

01:10:15,050 --> 01:10:12,300

fashion really

1710

01:10:16,970 --> 01:10:15,060

but yeah it's extraordinary and I think

1711

01:10:18,169 --> 01:10:16,980

I think it's also extraordinary that

1712

01:10:20,149 --> 01:10:18,179

they're offering these whistleblower

1713

01:10:23,169 --> 01:10:20,159

protections for people to be able to

1714

01:10:26,570 --> 01:10:23,179

come forward and talk to Congress about

1715

01:10:28,010 --> 01:10:26,580

sensitive matters relating to UAP I mean

1716

01:10:29,630 --> 01:10:28,020

the whole thing is incredible if you

1717

01:10:31,910 --> 01:10:29,640

look back over what we've been living

1718

01:10:33,530 --> 01:10:31,920

with since the close of blue book or

1719

01:10:36,110 --> 01:10:33,540

even before that

1720

01:10:38,149 --> 01:10:36,120

I mean you know I think that it's easy

1721

01:10:39,709 --> 01:10:38,159

to find fault with these things if the

1722

01:10:42,169 --> 01:10:39,719

people like to focus on oh they didn't

1723

01:10:43,970 --> 01:10:42,179

do that or they didn't do this or but

1724

01:10:46,370 --> 01:10:43,980

just the fact that it's happening at all

1725

01:10:48,890 --> 01:10:46,380

is sort of what amazes me because I I

1726

01:10:52,310 --> 01:10:48,900

you know I started doing all of this in

1727

01:10:53,750 --> 01:10:52,320

1999 so I've seen this incredible

1728

01:10:56,030 --> 01:10:53,760

transition

1729

01:10:57,950 --> 01:10:56,040

and so it's hard for me to you know to

1730

01:11:00,169 --> 01:10:57,960

be too critical of what I see happening

1731

01:11:04,070 --> 01:11:00,179

when I put it in the context of what

1732

01:11:06,830 --> 01:11:04,080

life was like before 2017 and so

1733

01:11:09,110 --> 01:11:06,840

to me with whatever problems there might

1734

01:11:11,149 --> 01:11:09,120

be with the ndaa and you know for

1735

01:11:13,729 --> 01:11:11,159

instance that there's no the GAO should

1736

01:11:15,410 --> 01:11:13,739

have been is no longer given oversight I

1737

01:11:18,590 --> 01:11:15,420

mean there are certain things in there

1738

01:11:19,610 --> 01:11:18,600

there's stuff about saps that you know

1739

01:11:21,169 --> 01:11:19,620

maybe they're not going to release

1740

01:11:23,450 --> 01:11:21,179

certain information we don't know how

1741

01:11:25,189 --> 01:11:23,460

much is going to be made public all of

1742

01:11:27,470 --> 01:11:25,199

that but still

1743

01:11:29,750 --> 01:11:27,480

just the fact that it's on the books at

1744

01:11:32,810 --> 01:11:29,760

all to me is absolutely extraordinary

1745

01:11:34,250 --> 01:11:32,820

and obviously there are some at least

1746

01:11:35,870 --> 01:11:34,260

some members of Congress that really do

1747

01:11:37,910 --> 01:11:35,880

care about it they're the ones that are

1748

01:11:40,970 --> 01:11:37,920

making this happen I don't know

1749

01:11:43,370 --> 01:11:40,980

and and so I just I look at it through a

1750

01:11:47,030 --> 01:11:43,380

pretty positive lens

1751

01:11:50,630 --> 01:11:47,040

um and I I'm just amazed by it you know

1752

01:11:53,390 --> 01:11:50,640

what amazes me when when you see a

1753

01:11:56,530 --> 01:11:53,400

budget right the stack how large it is

1754

01:11:59,209 --> 01:11:56,540

yeah and and who's writing it

1755

01:12:02,689 --> 01:11:59,219

who's reading it for that matter who's

1756

01:12:04,490 --> 01:12:02,699

got the time to sit down and and read

1757

01:12:07,610 --> 01:12:04,500

all of the content and then you get to

1758

01:12:08,750 --> 01:12:07,620

the section on uaps and you read through

1759

01:12:12,110 --> 01:12:08,760

that

1760

01:12:14,510 --> 01:12:12,120

all I can ask myself is who were they

1761

01:12:17,390 --> 01:12:14,520

talking to there's too many specifics in

1762

01:12:20,510 --> 01:12:17,400

here there's input coming in and it's

1763

01:12:23,450 --> 01:12:20,520

not from staffers it's not there's

1764

01:12:26,750 --> 01:12:23,460

there's input coming from somewhere do

1765

01:12:28,610 --> 01:12:26,760

you have any idea who is consultant uh

1766

01:12:32,450 --> 01:12:28,620

who was Consulting on that section for

1767

01:12:34,610 --> 01:12:32,460

uaps I I suspect that Chris melon was

1768

01:12:36,830 --> 01:12:34,620

I suspect that the members of Congress

1769

01:12:40,490 --> 01:12:36,840

talk to a number of people like Chris

1770

01:12:43,130 --> 01:12:40,500

Mellon and got input and you know advice

1771

01:12:45,050 --> 01:12:43,140

and he certainly one of them it's on the

1772

01:12:46,610 --> 01:12:45,060

Forefront of working with members of

1773

01:12:49,130 --> 01:12:46,620

Congress so

1774

01:12:50,750 --> 01:12:49,140

yeah I'm sure I and Beyond I don't

1775

01:12:52,669 --> 01:12:50,760

really know beyond that but I think that

1776

01:12:56,750 --> 01:12:52,679

Chris played a major role in making that

1777

01:13:00,709 --> 01:12:56,760

happen it smells melon-ish it does yeah

1778

01:13:03,169 --> 01:13:00,719

it's got a little melon smell to it

1779

01:13:07,430 --> 01:13:03,179

um uh which I love I love the smell of

1780

01:13:12,790 --> 01:13:10,070

but but the other part of it

1781

01:13:17,810 --> 01:13:12,800

um which I was surprised about

1782

01:13:20,390 --> 01:13:17,820

we uh in the UFO Community have inserted

1783

01:13:23,090 --> 01:13:20,400

whistleblower for Witness

1784

01:13:26,090 --> 01:13:23,100

is there a difference between the two in

1785

01:13:27,770 --> 01:13:26,100

the ndaa it's witness protection you

1786

01:13:29,930 --> 01:13:27,780

know it they use the word witness

1787

01:13:31,910 --> 01:13:29,940

instead of whistleblower yeah

1788

01:13:33,590 --> 01:13:31,920

yeah that should be

1789

01:13:35,330 --> 01:13:33,600

I mean I guess maybe I'm confused about

1790

01:13:38,390 --> 01:13:35,340

that because a whistleblower is really

1791

01:13:41,630 --> 01:13:38,400

somebody who's reporting on some kind of

1792

01:13:43,310 --> 01:13:41,640

misdeed you know or crime yeah a crime

1793

01:13:44,810 --> 01:13:43,320

within the government that that needs to

1794

01:13:46,669 --> 01:13:44,820

yeah exactly

1795

01:13:48,649 --> 01:13:46,679

um and these don't have to be people

1796

01:13:50,930 --> 01:13:48,659

that see any kind of crime they're just

1797

01:13:53,630 --> 01:13:50,940

people who want to report on what they

1798

01:13:55,370 --> 01:13:53,640

know the only crime might be that they

1799

01:13:56,990 --> 01:13:55,380

should have been brought to the

1800

01:13:58,250 --> 01:13:57,000

attention of Congress a lot sooner there

1801
01:13:59,330 --> 01:13:58,260
should have been some kind of oversight

1802
01:14:01,189 --> 01:13:59,340
to them

1803
01:14:02,870 --> 01:14:01,199
so you know maybe some people would

1804
01:14:04,970 --> 01:14:02,880
consider that a crime I don't know but I

1805
01:14:06,950 --> 01:14:04,980
that's not the focus of it so maybe the

1806
01:14:10,250 --> 01:14:06,960
use of whistleblower isn't isn't really

1807
01:14:12,590 --> 01:14:10,260
accurate right right our community has

1808
01:14:14,510 --> 01:14:12,600
has done that without without thinking

1809
01:14:16,250 --> 01:14:14,520
about the differences between the two

1810
01:14:18,530 --> 01:14:16,260
and yeah I think it's important to do

1811
01:14:19,850 --> 01:14:18,540
that I mean I I think I'll think I I

1812
01:14:21,950 --> 01:14:19,860
actually wasn't careful about it

1813
01:14:24,229 --> 01:14:21,960

probably myself so yeah there really is

1814

01:14:26,870 --> 01:14:24,239

a difference and I think it's witnesses

1815

01:14:28,910 --> 01:14:26,880

that they want to hear from now

1816

01:14:30,649 --> 01:14:28,920

um uh to that end

1817

01:14:35,209 --> 01:14:30,659

when we're talking about crash

1818

01:14:38,030 --> 01:14:35,219

retrievals that that would in my mind if

1819

01:14:39,530 --> 01:14:38,040

would fall into some sap program with

1820

01:14:44,149 --> 01:14:39,540

Lockheed out here in the middle of the

1821

01:14:46,010 --> 01:14:44,159

Mojave Desert as opposed to uh pilots

1822

01:14:48,709 --> 01:14:46,020

and things that are going on in the

1823

01:14:51,050 --> 01:14:48,719

skies that are getting reported which

1824

01:14:52,070 --> 01:14:51,060

have been compiled into the most recent

1825

01:14:56,330 --> 01:14:52,080

report

1826

01:15:00,430 --> 01:14:56,340

is there a way uh with the ndaa or the

1827

01:15:04,010 --> 01:15:00,440

senate or congress to get to a witness

1828

01:15:06,890 --> 01:15:04,020

from say a backwards engineering program

1829

01:15:09,350 --> 01:15:06,900

that may be going on somewhere in the

1830

01:15:11,689 --> 01:15:09,360

Nevada desert is there a way to do that

1831

01:15:13,850 --> 01:15:11,699

and do you think that the ndaa that's

1832

01:15:15,830 --> 01:15:13,860

part of its purpose

1833

01:15:17,870 --> 01:15:15,840

yeah I mean I don't know what the

1834

01:15:18,830 --> 01:15:17,880

reporting the mechanisms are that are

1835

01:15:21,590 --> 01:15:18,840

you know I think they're still being

1836

01:15:25,729 --> 01:15:21,600

worked out through which people will

1837

01:15:27,530 --> 01:15:25,739

come to Arrow or to Congress

1838

01:15:29,270 --> 01:15:27,540

um but you know I think what's been

1839

01:15:32,090 --> 01:15:29,280

happening so far is that people have

1840

01:15:35,030 --> 01:15:32,100

come forward and offered their

1841

01:15:36,470 --> 01:15:35,040

contribution to whoever they're speaking

1842

01:15:38,510 --> 01:15:36,480

with

1843

01:15:41,149 --> 01:15:38,520

um so then I think you know if

1844

01:15:43,310 --> 01:15:41,159

information is provided then the members

1845

01:15:46,790 --> 01:15:43,320

of Congress have to verify it they have

1846

01:15:48,709 --> 01:15:46,800

to go out and find what it is that

1847

01:15:50,570 --> 01:15:48,719

they're being told

1848

01:15:52,250 --> 01:15:50,580

um it's a long process

1849

01:15:55,070 --> 01:15:52,260

and I think they're still working out

1850

01:15:57,850 --> 01:15:55,080

the the mechanism by which people will

1851
01:16:00,290 --> 01:15:57,860
go through this process

1852
01:16:01,790 --> 01:16:00,300
but some of them already have begun some

1853
01:16:03,830 --> 01:16:01,800
of them have already been talking to

1854
01:16:05,709 --> 01:16:03,840
officials from Arrow and to

1855
01:16:08,030 --> 01:16:05,719
Congressional staffers

1856
01:16:10,790 --> 01:16:08,040
but it's going to be interesting to see

1857
01:16:12,530 --> 01:16:10,800
to what extent members of Congress will

1858
01:16:14,930 --> 01:16:12,540
really be able to get to the bottom of

1859
01:16:17,209 --> 01:16:14,940
some of these reports I mean even if

1860
01:16:18,830 --> 01:16:17,219
it's a high level person that's

1861
01:16:20,450 --> 01:16:18,840
reporting something within their own

1862
01:16:22,850 --> 01:16:20,460
experience

1863
01:16:24,770 --> 01:16:22,860

it's just that one person's information

1864

01:16:26,390 --> 01:16:24,780

maybe they won't be able to track it

1865

01:16:29,510 --> 01:16:26,400

down maybe they won't be able to confirm

1866

01:16:31,610 --> 01:16:29,520

it if something is off in a corporation

1867

01:16:33,290 --> 01:16:31,620

like Lockheed

1868

01:16:36,050 --> 01:16:33,300

um then there's also kinds of issues

1869

01:16:38,990 --> 01:16:36,060

around what what kind of um control

1870

01:16:42,110 --> 01:16:39,000

these companies have over their own

1871

01:16:43,790 --> 01:16:42,120

possessions there's is you know laws

1872

01:16:46,430 --> 01:16:43,800

about proprietary

1873

01:16:49,130 --> 01:16:46,440

issues around something that is in their

1874

01:16:51,830 --> 01:16:49,140

possession they may not be required to

1875

01:16:53,630 --> 01:16:51,840

reveal it to the a government agency I

1876

01:16:55,250 --> 01:16:53,640

mean there's a lot of complexities that

1877

01:16:56,630 --> 01:16:55,260

have to be worked out and then there's

1878

01:16:58,430 --> 01:16:56,640

also the question of how much of this

1879

01:17:01,030 --> 01:16:58,440

will be made public even if they do find

1880

01:17:06,709 --> 01:17:04,370

I'm down the street from Lockheed I'm

1881

01:17:07,669 --> 01:17:06,719

looking for the flying saucers yeah I

1882

01:17:08,990 --> 01:17:07,679

don't think they're going to be flying

1883

01:17:10,729 --> 01:17:09,000

them they just got them in a vault

1884

01:17:12,550 --> 01:17:10,739

somewhere so they can reverse engineer

1885

01:17:14,510 --> 01:17:12,560

them right

1886

01:17:17,750 --> 01:17:14,520

at some point

1887

01:17:20,149 --> 01:17:17,760

um but uh I've been waiting haven't seen

1888

01:17:23,149 --> 01:17:20,159

it yet but then again I don't know if I

1889

01:17:25,370 --> 01:17:23,159

would say it uh on the air uh either I

1890

01:17:26,229 --> 01:17:25,380

like where I live

1891

01:17:28,669 --> 01:17:26,239

um

1892

01:17:31,130 --> 01:17:28,679

it's going to be a long and complex

1893

01:17:33,290 --> 01:17:31,140

process and we just hope for the best

1894

01:17:35,450 --> 01:17:33,300

but you know if something comes out of a

1895

01:17:37,550 --> 01:17:35,460

special something really sensitive is

1896

01:17:38,750 --> 01:17:37,560

reported to Congress that's has National

1897

01:17:40,490 --> 01:17:38,760

Security

1898

01:17:42,770 --> 01:17:40,500

implications I don't think it's going to

1899

01:17:44,330 --> 01:17:42,780

be made public and it maybe it shouldn't

1900

01:17:46,490 --> 01:17:44,340

be it should probably be some things

1901

01:17:48,310 --> 01:17:46,500

that shouldn't be made public and you

1902

01:17:50,930 --> 01:17:48,320

know that's going to be a tricky thing

1903

01:17:54,470 --> 01:17:50,940

uh for how that how they're going to

1904

01:17:55,729 --> 01:17:54,480

decide that and will stuff leak you know

1905

01:17:57,169 --> 01:17:55,739

all these questions that we don't know

1906

01:18:00,229 --> 01:17:57,179

yet we don't know what's going to happen

1907

01:18:02,209 --> 01:18:00,239

but it's just a great it's just great

1908

01:18:04,490 --> 01:18:02,219

that it's begun that it's happening at

1909

01:18:05,930 --> 01:18:04,500

all it's how I look at it yeah I just

1910

01:18:08,510 --> 01:18:05,940

never know what the next day is going to

1911

01:18:11,149 --> 01:18:08,520

bring right it's really exciting it's an

1912

01:18:13,910 --> 01:18:11,159

exciting time it really really is it

1913

01:18:16,070 --> 01:18:13,920

truly is so with

1914

01:18:18,110 --> 01:18:16,080

um there are three things in play here

1915

01:18:21,950 --> 01:18:18,120

that I want your opinion on so we had

1916

01:18:25,430 --> 01:18:21,960

the UFO hearing uh Bray and Moultrie uh

1917

01:18:27,350 --> 01:18:25,440

the the two first uh what would we call

1918

01:18:30,410 --> 01:18:27,360

them are they Witnesses well they were

1919

01:18:32,630 --> 01:18:30,420

called to testify yeah I mean the

1920

01:18:34,729 --> 01:18:32,640

Congress called them Witnesses but

1921

01:18:38,270 --> 01:18:34,739

you're right right so we had Bray and

1922

01:18:40,850 --> 01:18:38,280

Moultrie and then uh on the front and

1923

01:18:45,709 --> 01:18:40,860

back side of that uh we had the two

1924

01:18:48,050 --> 01:18:45,719

reports uh from OD and I and in the

1925

01:18:50,750 --> 01:18:48,060

first report so if we look at it in a

1926

01:18:52,310 --> 01:18:50,760

linear sense first report comes out like

1927

01:18:54,590 --> 01:18:52,320

you said

1928

01:18:57,290 --> 01:18:54,600

um we've got we've got questions because

1929

01:18:59,090 --> 01:18:57,300

it's not us it's not them so we've got

1930

01:19:00,709 --> 01:18:59,100

the other bin that we're lumping all of

1931

01:19:02,510 --> 01:19:00,719

this stuff into right so we got that out

1932

01:19:05,890 --> 01:19:02,520

of the first report pretty cool

1933

01:19:08,750 --> 01:19:05,900

and then Bray Moultrie uh testified

1934

01:19:11,030 --> 01:19:08,760

ah man it's just Chinese drones right

1935

01:19:13,130 --> 01:19:11,040

this is all military there's no ET

1936

01:19:15,649 --> 01:19:13,140

component here

1937

01:19:17,390 --> 01:19:15,659

um and I think Andre uh Carson had a

1938

01:19:19,729 --> 01:19:17,400

little bit of frustration with that but

1939

01:19:22,910 --> 01:19:19,739

nonetheless that that was in the middle

1940

01:19:27,110 --> 01:19:22,920

then we've got the latest report that is

1941

01:19:30,470 --> 01:19:27,120

in contrast of Bray moultrie's reporting

1942

01:19:33,649 --> 01:19:30,480

but it's also a little bit contrasty to

1943

01:19:35,510 --> 01:19:33,659

the first report to as well

1944

01:19:37,490 --> 01:19:35,520

um when you start to digest all of this

1945

01:19:40,370 --> 01:19:37,500

what goes through your mind do they even

1946

01:19:42,169 --> 01:19:40,380

understand what is happening or are they

1947

01:19:44,810 --> 01:19:42,179

just holding back

1948

01:19:46,790 --> 01:19:44,820

I mean yeah so the the fact that the

1949

01:19:48,410 --> 01:19:46,800

legislation refers to crash retrievals

1950

01:19:50,330 --> 01:19:48,420

and reverse engineering of course is in

1951

01:19:52,790 --> 01:19:50,340

direct contradiction to what Bray and

1952

01:19:56,990 --> 01:19:52,800

Moultrie said whether this none of that

1953

01:19:59,030 --> 01:19:57,000

so I mean I I assume that there they are

1954

01:20:01,729 --> 01:19:59,040

able to say things in such a way that

1955

01:20:04,310 --> 01:20:01,739

they're not lying

1956

01:20:05,870 --> 01:20:04,320

um if they say they don't have proof

1957

01:20:08,030 --> 01:20:05,880

that there's anything extraterrestrial

1958

01:20:10,370 --> 01:20:08,040

where they probably don't have hard

1959

01:20:14,149 --> 01:20:10,380

proof of it

1960

01:20:16,910 --> 01:20:14,159

so you know are you referring to Bray

1961

01:20:19,370 --> 01:20:16,920

Moultrie or the word yeah the brain

1962

01:20:21,530 --> 01:20:19,380

Moultrie I mean and that whole universe

1963

01:20:24,050 --> 01:20:21,540

of people who will will they they're

1964

01:20:26,930 --> 01:20:24,060

just so distant from

1965

01:20:29,090 --> 01:20:26,940

you know acknowledgment of anything

1966

01:20:30,649 --> 01:20:29,100

strange about it right

1967

01:20:32,450 --> 01:20:30,659

if that's what you're getting at we're

1968

01:20:35,450 --> 01:20:32,460

as opposed to the Congress is way more

1969

01:20:37,430 --> 01:20:35,460

open to asking the tough questions and

1970

01:20:39,410 --> 01:20:37,440

they seem to really get it I mean those

1971

01:20:41,270 --> 01:20:39,420

con members of Congress have received

1972

01:20:43,430 --> 01:20:41,280

enough briefings classified briefings to

1973

01:20:45,470 --> 01:20:43,440

understand what we're dealing with here

1974

01:20:46,790 --> 01:20:45,480

and and um but

1975

01:20:48,830 --> 01:20:46,800

they're not going to come out and really

1976

01:20:50,510 --> 01:20:48,840

say it directly but I don't know how

1977

01:20:52,430 --> 01:20:50,520

much people like Bray and Moultrie

1978

01:20:54,950 --> 01:20:52,440

actually knew

1979

01:20:56,930 --> 01:20:54,960

uh they may be purposely kept from

1980

01:20:58,689 --> 01:20:56,940

knowing certain things so that they can

1981

01:21:01,930 --> 01:20:58,699

go out and talk about it like that

1982

01:21:04,910 --> 01:21:01,940

Leslie do you remember I'm sure you do

1983

01:21:07,130 --> 01:21:04,920

when uh I think it was Gallagher I could

1984

01:21:09,290 --> 01:21:07,140

be wrong but uh one of the members of

1985

01:21:11,810 --> 01:21:09,300

the subcommittee said okay so but what

1986

01:21:15,229 --> 01:21:11,820

about Malmstrom yeah I do remember that

1987

01:21:18,310 --> 01:21:15,239

yeah gray goes I don't do you know

1988

01:21:22,250 --> 01:21:18,320

anything about that yeah exactly

1989

01:21:24,770 --> 01:21:22,260

we don't know all right is that a

1990

01:21:25,930 --> 01:21:24,780

situation where they honestly don't know

1991

01:21:27,830 --> 01:21:25,940

when

1992

01:21:29,810 --> 01:21:27,840

I think that it's not like they've been

1993

01:21:32,390 --> 01:21:29,820

sitting around studying history of UAP

1994

01:21:34,430 --> 01:21:32,400

you know they just brought on is there

1995

01:21:35,750 --> 01:21:34,440

again brought onto this job no I mean I

1996

01:21:38,390 --> 01:21:35,760

wasn't surprised that they didn't know

1997

01:21:40,970 --> 01:21:38,400

to tell you the truth you know the the

1998

01:21:43,550 --> 01:21:40,980

members of the UFO Community oh come on

1999

01:21:45,470 --> 01:21:43,560

right yeah but you know this is what

2000

01:21:46,669 --> 01:21:45,480

they're into these guys aren't that's

2001

01:21:48,410 --> 01:21:46,679

not what they're doing with their time

2002

01:21:50,990 --> 01:21:48,420

they're like bureaucrats they've come in

2003

01:21:51,890 --> 01:21:51,000

to try to organize this task force or

2004

01:21:54,169 --> 01:21:51,900

whatever

2005

01:21:56,330 --> 01:21:54,179

you know and they're not focused on the

2006

01:21:58,850 --> 01:21:56,340

studying stuff from the history books so

2007

01:22:01,010 --> 01:21:58,860

yeah it was kind of amusing but it

2008

01:22:04,310 --> 01:22:01,020

wasn't surprising to me it was very

2009

01:22:07,669 --> 01:22:04,320

amusing and if they if they are

2010

01:22:10,430 --> 01:22:07,679

continuing to choose you know and pick

2011

01:22:12,050 --> 01:22:10,440

this low-hanging fruit of of military

2012

01:22:14,510 --> 01:22:12,060

reports

2013

01:22:16,910 --> 01:22:14,520

they've got a couple of things that are

2014

01:22:20,330 --> 01:22:16,920

right in front of them and I would think

2015

01:22:22,490 --> 01:22:20,340

that rendelshim should be something that

2016

01:22:26,149 --> 01:22:22,500

has a pretty severe paper trail to it

2017

01:22:26,990 --> 01:22:26,159

the Witnesses are all still alive and we

2018

01:22:29,090 --> 01:22:27,000

have

2019

01:22:30,890 --> 01:22:29,100

um a collection of data too as well that

2020

01:22:32,410 --> 01:22:30,900

goes along with it shouldn't they be

2021

01:22:35,390 --> 01:22:32,420

looking shouldn't

2022

01:22:38,270 --> 01:22:35,400

well Malmstrom too shouldn't right

2023

01:22:39,649 --> 01:22:38,280

shouldn't be part of of This research

2024

01:22:42,530 --> 01:22:39,659

and if they're going to look back to

2025

01:22:45,290 --> 01:22:42,540

1945 even though that was in the United

2026

01:22:47,750 --> 01:22:45,300

Kingdom but it was the United States Air

2027

01:22:48,830 --> 01:22:47,760

Force should become part of the

2028

01:22:50,689 --> 01:22:48,840

conversation

2029

01:22:53,330 --> 01:22:50,699

I would think so I mean if they're going

2030

01:22:55,310 --> 01:22:53,340

to go back and look at cases in previous

2031

01:22:57,110 --> 01:22:55,320

decades that's certainly one of the ones

2032

01:23:00,470 --> 01:22:57,120

that stands out I would agree with you

2033

01:23:03,169 --> 01:23:00,480

in terms of evidence and Witnesses and

2034

01:23:04,490 --> 01:23:03,179

it was spectacular event so I I would

2035

01:23:05,930 --> 01:23:04,500

think so but I don't know how much

2036

01:23:08,390 --> 01:23:05,940

they're going to go they're going to get

2037

01:23:09,290 --> 01:23:08,400

into these sort of Cold Case reviews you

2038

01:23:11,450 --> 01:23:09,300

know of

2039

01:23:13,250 --> 01:23:11,460

things that happened decades ago I mean

2040

01:23:15,830 --> 01:23:13,260

they're right now they're just trying to

2041

01:23:17,990 --> 01:23:15,840

get set up you know what I mean they're

2042

01:23:20,149 --> 01:23:18,000

nowhere near ready to do this kind of

2043

01:23:22,910 --> 01:23:20,159

stuff they're just trying to get some

2044

01:23:26,030 --> 01:23:22,920

staff in there and get organized and get

2045

01:23:29,689 --> 01:23:26,040

the data collected into one location and

2046

01:23:31,189 --> 01:23:29,699

you know it's a slow process so yeah but

2047

01:23:32,930 --> 01:23:31,199

it would make sense to me I agree with

2048

01:23:34,610 --> 01:23:32,940

you that if they're going to review

2049

01:23:35,810 --> 01:23:34,620

cases that's certainly one that you

2050

01:23:38,030 --> 01:23:35,820

would think would be at the top of the

2051
01:23:40,970 --> 01:23:38,040
list if you were going to hand something

2052
01:23:43,550 --> 01:23:40,980
off to uh Kirkpatrick or or Moultrie or

2053
01:23:47,270 --> 01:23:43,560
Bray what would the case be that you

2054
01:23:53,930 --> 01:23:49,430
whoa I don't know you mean a historical

2055
01:23:58,490 --> 01:23:56,810
it's a good question I mean uh

2056
01:24:03,350 --> 01:23:58,500
I mean

2057
01:24:05,090 --> 01:24:03,360
there are so many cases uh just also

2058
01:24:07,430 --> 01:24:05,100
whether a lot of the I don't know if you

2059
01:24:09,770 --> 01:24:07,440
can hear the wind it's howling here but

2060
01:24:11,149 --> 01:24:09,780
um it's crazy yeah I hope it's not too

2061
01:24:13,430 --> 01:24:11,159
noisy um

2062
01:24:15,770 --> 01:24:13,440
yeah I mean I'd have to think about that

2063
01:24:17,630 --> 01:24:15,780

to say like one particular case I mean

2064

01:24:19,250 --> 01:24:17,640

some of them you know the really older

2065

01:24:21,709 --> 01:24:19,260

cases they're not gonna there's not

2066

01:24:22,729 --> 01:24:21,719

gonna be anybody around that can tell

2067

01:24:25,490 --> 01:24:22,739

them what happened they're just gonna

2068

01:24:27,110 --> 01:24:25,500

have to look at documents

2069

01:24:29,810 --> 01:24:27,120

um so

2070

01:24:31,010 --> 01:24:29,820

you know it's a good I don't know I

2071

01:24:32,870 --> 01:24:31,020

can't think of anything off the top of

2072

01:24:34,790 --> 01:24:32,880

my head I mean

2073

01:24:37,010 --> 01:24:34,800

um I mean randallsham certainly is one

2074

01:24:37,910 --> 01:24:37,020

of the stronger ones

2075

01:24:40,490 --> 01:24:37,920

um

2076

01:24:42,649 --> 01:24:40,500

there's a lot of the Iranian case is

2077

01:24:45,470 --> 01:24:42,659

always fascinated me because of the in

2078

01:24:48,290 --> 01:24:45,480

the the long report that the US

2079

01:24:51,169 --> 01:24:48,300

government filed on that case absolute

2080

01:24:53,630 --> 01:24:51,179

details but we've we've lost parvi

2081

01:24:55,070 --> 01:24:53,640

Jafari he died so

2082

01:24:56,750 --> 01:24:55,080

you know I don't know how much they're

2083

01:24:57,950 --> 01:24:56,760

going to be able to go into these older

2084

01:25:01,610 --> 01:24:57,960

cases really

2085

01:25:03,470 --> 01:25:01,620

yeah the uh with the um you've mentioned

2086

01:25:05,630 --> 01:25:03,480

the Iranian case now like five times

2087

01:25:07,610 --> 01:25:05,640

tonight I don't know I just find that

2088

01:25:10,729 --> 01:25:07,620

one fascinating

2089

01:25:14,770 --> 01:25:10,739

an incredible case and so when you just

2090

01:25:19,430 --> 01:25:14,780

when you just have the aspect of

2091

01:25:22,610 --> 01:25:19,440

scrambling uh Iranian Jets right just

2092

01:25:25,189 --> 01:25:22,620

right there but the back side of that

2093

01:25:28,189 --> 01:25:25,199

story is the United States Air Force

2094

01:25:31,250 --> 01:25:28,199

stepping right in and and collecting

2095

01:25:34,130 --> 01:25:31,260

data and interviewing and and then like

2096

01:25:36,770 --> 01:25:34,140

you said writing it up this was a very

2097

01:25:39,649 --> 01:25:36,780

very big deal uh to the United States

2098

01:25:41,570 --> 01:25:39,659

Air Force wasn't it it was and I mean I

2099

01:25:43,490 --> 01:25:41,580

there's a there's this assessment I mean

2100

01:25:46,010 --> 01:25:43,500

I can't remember that I have it in my

2101
01:25:47,630 --> 01:25:46,020
book here but the dni assessment that

2102
01:25:50,870 --> 01:25:47,640
was written on that case

2103
01:25:53,209 --> 01:25:50,880
which said um you know this is a I

2104
01:25:55,130 --> 01:25:53,219
forget exactly this is a perfect example

2105
01:25:57,830 --> 01:25:55,140
of of

2106
01:25:59,570 --> 01:25:57,840
you know a UFO case that of why it's

2107
01:26:01,189 --> 01:25:59,580
important I I mean it would take me a

2108
01:26:03,590 --> 01:26:01,199
minute to find it in my book but it was

2109
01:26:05,770 --> 01:26:03,600
this assessment that was like giving it

2110
01:26:11,090 --> 01:26:05,780
a plus a plus a plus

2111
01:26:12,709 --> 01:26:11,100
from the uh Dia and this was at a at a

2112
01:26:14,990 --> 01:26:12,719
period in history where we have we had

2113
01:26:17,149 --> 01:26:15,000

told the American people that we we had

2114

01:26:18,890 --> 01:26:17,159

no interest in UFOs we weren't studying

2115

01:26:21,110 --> 01:26:18,900

them there was nothing to them they

2116

01:26:23,209 --> 01:26:21,120

weren't worthy of investigation and yet

2117

01:26:25,910 --> 01:26:23,219

you have this report from the DIA on

2118

01:26:28,189 --> 01:26:25,920

this case that shows absolutely the the

2119

01:26:30,110 --> 01:26:28,199

opposite attitude from whoever wrote it

2120

01:26:33,050 --> 01:26:30,120

I think his name was Colonel Moy or

2121

01:26:35,810 --> 01:26:33,060

something m-o-o-y it's just a stunning

2122

01:26:39,050 --> 01:26:35,820

assessment that they wrote after writing

2123

01:26:41,330 --> 01:26:39,060

this four-page single-page report on

2124

01:26:43,850 --> 01:26:41,340

what happened in that case

2125

01:26:45,709 --> 01:26:43,860

so I I just I find it so interesting

2126

01:26:48,050 --> 01:26:45,719

because it's in such contradiction to

2127

01:26:50,030 --> 01:26:48,060

what they were saying publicly yeah the

2128

01:26:52,430 --> 01:26:50,040

one part about that there are so many

2129

01:26:53,649 --> 01:26:52,440

parts about that case but

2130

01:26:57,770 --> 01:26:53,659

um

2131

01:26:59,330 --> 01:26:57,780

the the pilot was ready to pull the

2132

01:27:01,370 --> 01:26:59,340

trigger

2133

01:27:06,470 --> 01:27:01,380

yeah

2134

01:27:10,850 --> 01:27:06,480

he's ready to pull the trigger and when

2135

01:27:14,090 --> 01:27:10,860

he decides to the systems are shut down

2136

01:27:16,850 --> 01:27:14,100

exactly it happened more than once yes

2137

01:27:18,590 --> 01:27:16,860

and you know it was just chilling I mean

2138

01:27:21,189 --> 01:27:18,600

just at the moment he was going to fire

2139

01:27:23,090 --> 01:27:21,199

that missile because there was a large

2140

01:27:24,590 --> 01:27:23,100

diamond-shaped object that was kind of

2141

01:27:27,470 --> 01:27:24,600

sitting up there and then there was the

2142

01:27:29,450 --> 01:27:27,480

projectiles were coming out of it and

2143

01:27:31,189 --> 01:27:29,460

they were like heading for his plane and

2144

01:27:33,050 --> 01:27:31,199

he thought he was going to be attacked

2145

01:27:35,209 --> 01:27:33,060

or something so he was he got his

2146

01:27:36,410 --> 01:27:35,219

missile locked on to this object the

2147

01:27:38,330 --> 01:27:36,420

smaller one

2148

01:27:40,010 --> 01:27:38,340

and just when he was going to press the

2149

01:27:41,510 --> 01:27:40,020

trigger it would everything would shut

2150

01:27:43,310 --> 01:27:41,520

down

2151
01:27:44,810 --> 01:27:43,320
it's just and then the thing would move

2152
01:27:48,590 --> 01:27:44,820
away and it would come back on again

2153
01:27:49,910 --> 01:27:48,600
when it got to be a certain way right it

2154
01:27:52,610 --> 01:27:49,920
was only when it was a certain distance

2155
01:27:54,830 --> 01:27:52,620
of a closeness to him and he also lost

2156
01:27:58,370 --> 01:27:54,840
all his radio communications and

2157
01:28:00,530 --> 01:27:58,380
everything went out in his plane

2158
01:28:02,390 --> 01:28:00,540
um yeah it happened at least certainly

2159
01:28:04,070 --> 01:28:02,400
twice maybe three times before he

2160
01:28:07,010 --> 01:28:04,080
decided I think I better go back down

2161
01:28:08,209 --> 01:28:07,020
yeah and he's hitting that they're like

2162
01:28:11,270 --> 01:28:08,219
what happened what do you mean what

2163
01:28:13,310 --> 01:28:11,280

happened I I I had nothing right right

2164

01:28:15,410 --> 01:28:13,320

yeah I mean it's just it's fascinating

2165

01:28:16,729 --> 01:28:15,420

to read the report for those who haven't

2166

01:28:19,370 --> 01:28:16,739

read it because it's one of the more

2167

01:28:22,250 --> 01:28:19,380

detailed U.S government documents that

2168

01:28:24,050 --> 01:28:22,260

I've ever seen on on one case you know

2169

01:28:26,510 --> 01:28:24,060

just that goes for three or four pages

2170

01:28:28,970 --> 01:28:26,520

the single space you know absolute every

2171

01:28:30,830 --> 01:28:28,980

detail about that case and what happened

2172

01:28:33,470 --> 01:28:30,840

and what the thing looked like and how

2173

01:28:34,850 --> 01:28:33,480

it behaved all of that's in there

2174

01:28:37,430 --> 01:28:34,860

um and then this assessment that gives

2175

01:28:40,310 --> 01:28:37,440

it this High rating as a a case of

2176

01:28:42,649 --> 01:28:40,320

interest is it's just fascinating before

2177

01:28:46,070 --> 01:28:42,659

I I let you go Leslie and I know it's

2178

01:28:48,290 --> 01:28:46,080

New York and it's late and yeah you've

2179

01:28:53,990 --> 01:28:48,300

got stuff to do tomorrow

2180

01:28:58,370 --> 01:28:54,000

um the uh the turnover every year right

2181

01:29:00,830 --> 01:28:58,380

here we are it's January uh of 2023

2182

01:29:05,030 --> 01:29:00,840

every year we go through the same

2183

01:29:06,950 --> 01:29:05,040

cyclical motion which is all right

2184

01:29:09,169 --> 01:29:06,960

this is the year

2185

01:29:12,530 --> 01:29:09,179

it's happening this year right this is

2186

01:29:14,990 --> 01:29:12,540

it this is it is it's 2023 the year how

2187

01:29:17,149 --> 01:29:15,000

do you feel about things do you think uh

2188

01:29:19,910 --> 01:29:17,159

we're about to uh

2189

01:29:21,229 --> 01:29:19,920

uh about to get exposed to things that

2190

01:29:22,430 --> 01:29:21,239

we're gonna have to figure out a way to

2191

01:29:25,070 --> 01:29:22,440

handle it

2192

01:29:27,169 --> 01:29:25,080

well when you say the year the Year for

2193

01:29:29,750 --> 01:29:27,179

what disclosure

2194

01:29:32,270 --> 01:29:29,760

I don't think so I mean I I don't think

2195

01:29:34,570 --> 01:29:32,280

it's that no I wouldn't depending how

2196

01:29:38,149 --> 01:29:34,580

you Define disclosure

2197

01:29:40,970 --> 01:29:38,159

how do you define it well I mean I I

2198

01:29:43,129 --> 01:29:40,980

Define it it's a word that comes from

2199

01:29:45,770 --> 01:29:43,139

the UFO Community which I think they

2200

01:29:48,229 --> 01:29:45,780

Define as an official acknowledgment

2201

01:29:50,270 --> 01:29:48,239

that we're being visited by E.T or

2202

01:29:53,030 --> 01:29:50,280

something along those lines right an

2203

01:29:56,149 --> 01:29:53,040

official acknowledgment that okay folks

2204

01:29:58,129 --> 01:29:56,159

we're not alone we're not alone we

2205

01:30:01,430 --> 01:29:58,139

haven't been alone for as long as

2206

01:30:04,250 --> 01:30:01,440

however long they might decide to say

2207

01:30:05,570 --> 01:30:04,260

um so I don't know I mean I feel that

2208

01:30:07,790 --> 01:30:05,580

it's more going to be a gradual

2209

01:30:09,950 --> 01:30:07,800

unfolding of information I

2210

01:30:11,930 --> 01:30:09,960

there may come a point where that will

2211

01:30:14,930 --> 01:30:11,940

have to be acknowledged I mean I think

2212

01:30:16,610 --> 01:30:14,940

it's we're inching closer to that but I

2213

01:30:18,169 --> 01:30:16,620

don't necessarily think that level of

2214

01:30:19,370 --> 01:30:18,179

acknowledgment will happen this year but

2215

01:30:21,110 --> 01:30:19,380

I think we're going to make a lot of

2216

01:30:24,050 --> 01:30:21,120

progress this year

2217

01:30:25,729 --> 01:30:24,060

but what do I know you're asking me I'm

2218

01:30:29,990 --> 01:30:25,739

not a I don't have a crystal ball I may

2219

01:30:32,810 --> 01:30:30,000

be completely wrong you know well I I

2220

01:30:36,550 --> 01:30:32,820

would have never have thought that

2221

01:30:39,709 --> 01:30:36,560

December of 2017 would would happen and

2222

01:30:43,070 --> 01:30:39,719

what you did and and I mean it was it

2223

01:30:45,410 --> 01:30:43,080

was what Lou did Lou resigned and then

2224

01:30:47,030 --> 01:30:45,420

he decided he wanted to go into the

2225

01:30:50,510 --> 01:30:47,040

public and I was called to this meeting

2226
01:30:52,070 --> 01:30:50,520
for that reason but really Lou Elizondo

2227
01:30:54,410 --> 01:30:52,080
is the one that made it happen

2228
01:30:56,750 --> 01:30:54,420
I just had the Good Fortune of being

2229
01:30:59,090 --> 01:30:56,760
able to bring it to the New York Times

2230
01:31:01,070 --> 01:30:59,100
but really the credit goes to him and he

2231
01:31:03,530 --> 01:31:01,080
changed everything by resigning from

2232
01:31:05,149 --> 01:31:03,540
that program writing that letter to the

2233
01:31:06,950 --> 01:31:05,159
Secretary of Defense

2234
01:31:08,990 --> 01:31:06,960
I couldn't believe my eyes when I first

2235
01:31:10,250 --> 01:31:09,000
read that thing that that his letter of

2236
01:31:12,110 --> 01:31:10,260
resignation when I was sitting there in

2237
01:31:15,110 --> 01:31:12,120
that meeting in Washington

2238
01:31:17,149 --> 01:31:15,120

I could not believe it you know now it

2239

01:31:18,669 --> 01:31:17,159

just doesn't seem like okay that big a

2240

01:31:21,890 --> 01:31:18,679

deal you know

2241

01:31:24,050 --> 01:31:21,900

but it was a shock it was just like I

2242

01:31:24,890 --> 01:31:24,060

could not believe my eyes when I was

2243

01:31:26,450 --> 01:31:24,900

there

2244

01:31:29,750 --> 01:31:26,460

um at that meeting I'll never forget it

2245

01:31:32,450 --> 01:31:29,760

are are you sitting on something now

2246

01:31:35,990 --> 01:31:32,460

um are you working on something uh as

2247

01:31:38,209 --> 01:31:36,000

far as a research go with uaps and and

2248

01:31:40,310 --> 01:31:38,219

is there something uh right around the

2249

01:31:42,169 --> 01:31:40,320

corner

2250

01:31:44,209 --> 01:31:42,179

um I'm always I mean Ralph and I are

2251
01:31:45,649 --> 01:31:44,219
always trying to get something together

2252
01:31:47,090 --> 01:31:45,659
that we can bring to the times and

2253
01:31:48,830 --> 01:31:47,100
hopefully we'll be able to do something

2254
01:31:51,470 --> 01:31:48,840
in the next few months

2255
01:31:53,450 --> 01:31:51,480
and so I'm talking to a lot of people I

2256
01:31:56,750 --> 01:31:53,460
got a lot of sources I'm trying to keep

2257
01:31:59,870 --> 01:31:56,760
tabs on what's happening within this new

2258
01:32:01,910 --> 01:31:59,880
trajectory within arrow in the Congress

2259
01:32:04,129 --> 01:32:01,920
that a lot of you know new Witnesses are

2260
01:32:05,689 --> 01:32:04,139
getting involved with so that's really

2261
01:32:07,910 --> 01:32:05,699
interesting to me to kind of try to

2262
01:32:10,310 --> 01:32:07,920
monitor that as best I can talk to

2263
01:32:12,770 --> 01:32:10,320

people who are involved

2264

01:32:15,229 --> 01:32:12,780

um and you know just following up leads

2265

01:32:17,090 --> 01:32:15,239

it takes a lot of time to do the work

2266

01:32:20,330 --> 01:32:17,100

that you never publish

2267

01:32:23,030 --> 01:32:20,340

you know I was always following up on

2268

01:32:25,910 --> 01:32:23,040

things talking to people uh keeping tabs

2269

01:32:28,129 --> 01:32:25,920

on things and then a lot of it just

2270

01:32:28,790 --> 01:32:28,139

never sees the light of day

2271

01:32:31,910 --> 01:32:28,800

um

2272

01:32:33,649 --> 01:32:31,920

but it takes a lot of time anyway so I

2273

01:32:37,490 --> 01:32:33,659

hope I just hope that we'll be able to

2274

01:32:39,649 --> 01:32:37,500

to get something out there soon but I

2275

01:32:42,770 --> 01:32:39,659

don't know all right one last question

2276

01:32:46,790 --> 01:32:42,780

uh were you surprised about uh

2277

01:32:48,490 --> 01:32:46,800

representative uh Timber Chet uh on a

2278

01:32:53,750 --> 01:32:48,500

few occasions now

2279

01:32:55,850 --> 01:32:53,760

uh being extremely vocal and critical uh

2280

01:32:58,209 --> 01:32:55,860

about the United States government his

2281

01:33:02,510 --> 01:32:58,219

words not mine I know

2282

01:33:03,709 --> 01:33:02,520

yeah covering up uh the UFO issue and

2283

01:33:06,350 --> 01:33:03,719

evidence

2284

01:33:08,090 --> 01:33:06,360

um were you surprised about that I mean

2285

01:33:10,129 --> 01:33:08,100

I I don't know if surprise I remember

2286

01:33:13,370 --> 01:33:10,139

the first time I I was actually there

2287

01:33:15,890 --> 01:33:13,380

for the hearing in May and he he was

2288

01:33:17,450 --> 01:33:15,900

there he was the one only member of

2289

01:33:19,610 --> 01:33:17,460

Congress who came to that hearing who

2290

01:33:21,830 --> 01:33:19,620

was not part of the committee so he was

2291

01:33:23,870 --> 01:33:21,840

sitting in the you know in the opposite

2292

01:33:25,390 --> 01:33:23,880

where the members of Congress were and I

2293

01:33:28,310 --> 01:33:25,400

remember as soon as that thing was over

2294

01:33:30,050 --> 01:33:28,320

he was ranting and raving right there in

2295

01:33:32,149 --> 01:33:30,060

the in the same in the room about how

2296

01:33:33,830 --> 01:33:32,159

how pathetic it was and how it was all a

2297

01:33:35,450 --> 01:33:33,840

cover-up and the media was all over him

2298

01:33:38,270 --> 01:33:35,460

with their mic I mean I took some videos

2299

01:33:40,850 --> 01:33:38,280

with my cell phone of him in that moment

2300

01:33:42,169 --> 01:33:40,860

when and and he was just like saying

2301

01:33:43,910 --> 01:33:42,179

this was like I could have written this

2302

01:33:45,530 --> 01:33:43,920

thing in this it was like an eighth

2303

01:33:48,649 --> 01:33:45,540

grade presentation they couldn't even

2304

01:33:51,890 --> 01:33:48,659

get the slides up oh he was

2305

01:33:53,810 --> 01:33:51,900

this is a scam it hasn't changed he has

2306

01:33:56,030 --> 01:33:53,820

not changed his tune since then I mean

2307

01:33:56,810 --> 01:33:56,040

he's very very vocal about

2308

01:33:58,790 --> 01:33:56,820

um

2309

01:34:00,649 --> 01:33:58,800

it's it's fascinating to me I don't know

2310

01:34:01,970 --> 01:34:00,659

it's all a cover-up and he makes the

2311

01:34:04,729 --> 01:34:01,980

point

2312

01:34:06,770 --> 01:34:04,739

should should the should the agency

2313

01:34:08,390 --> 01:34:06,780

that's at fold here be the one doing the

2314

01:34:10,490 --> 01:34:08,400

investigation

2315

01:34:12,770 --> 01:34:10,500

should the Department of Defense be the

2316

01:34:15,410 --> 01:34:12,780

one in charge of this investigation

2317

01:34:18,770 --> 01:34:15,420

I mean he raises that question and so

2318

01:34:20,750 --> 01:34:18,780

yeah just to stand there in the chambers

2319

01:34:22,729 --> 01:34:20,760

right yeah he did it right there after

2320

01:34:25,310 --> 01:34:22,739

this I mean it was it was pretty intense

2321

01:34:28,370 --> 01:34:25,320

I mean I you know he's a bit you know

2322

01:34:30,229 --> 01:34:28,380

he's a bit of a loose cannon but I put

2323

01:34:33,290 --> 01:34:30,239

it mildly

2324

01:34:35,050 --> 01:34:33,300

um but he's he makes his point and he's

2325

01:34:38,209 --> 01:34:35,060

passionate about it

2326

01:34:41,030 --> 01:34:38,219

when he used the word Sham in the

2327

01:34:44,410 --> 01:34:41,040

chambers right this was a sham he does

2328

01:34:47,750 --> 01:34:44,420

say something I mean it was a bit much

2329

01:34:50,149 --> 01:34:47,760

my government your government is lying

2330

01:34:51,709 --> 01:34:50,159

it reminded me of what's his name in The

2331

01:34:55,189 --> 01:34:51,719

Movie Network

2332

01:34:57,649 --> 01:34:55,199

right just just losing it he's just kind

2333

01:34:59,450 --> 01:34:57,659

of loses it and he has this very he's

2334

01:35:01,550 --> 01:34:59,460

got this whole religious component to

2335

01:35:04,669 --> 01:35:01,560

him as well

2336

01:35:06,410 --> 01:35:04,679

um so he he's just sort of a a guy out

2337

01:35:08,149 --> 01:35:06,420

there doing his thing I don't think he

2338

01:35:09,890 --> 01:35:08,159

really uh Blends in with the rest of the

2339

01:35:11,750 --> 01:35:09,900

members of Congress very well who are in

2340

01:35:13,610 --> 01:35:11,760

charge of this he's not he's not part of

2341

01:35:14,990 --> 01:35:13,620

the committee no the Committees that are

2342

01:35:17,090 --> 01:35:15,000

making this happen

2343

01:35:19,430 --> 01:35:17,100

but he obviously feels very strongly

2344

01:35:22,010 --> 01:35:19,440

about it and he doesn't hold back

2345

01:35:24,890 --> 01:35:22,020

on his opinions you know yeah I don't

2346

01:35:27,129 --> 01:35:24,900

think he'll be a uh invited to too many

2347

01:35:29,629 --> 01:35:27,139

committees

2348

01:35:32,450 --> 01:35:29,639

probably lost a little favor among some

2349

01:35:34,850 --> 01:35:32,460

people I would have to say but in a

2350

01:35:37,970 --> 01:35:34,860

weird way but I'm glad that you bring

2351

01:35:42,649 --> 01:35:37,980

that up because in a weird way

2352

01:35:44,030 --> 01:35:42,659

um he is saying the things that you know

2353

01:35:45,890 --> 01:35:44,040

a member of a committee can't

2354

01:35:50,209 --> 01:35:45,900

necessarily say in public

2355

01:35:53,090 --> 01:35:50,219

and and he is speaking for them he's

2356

01:35:54,890 --> 01:35:53,100

speaking for Rubio right he might be

2357

01:35:56,209 --> 01:35:54,900

speaking for the American people too of

2358

01:35:59,689 --> 01:35:56,219

course a lot of people

2359

01:36:02,090 --> 01:35:59,699

feel the way he feels yes so he may be

2360

01:36:04,430 --> 01:36:02,100

also trying to represent a certain group

2361

01:36:05,990 --> 01:36:04,440

of people then he's just letting it hang

2362

01:36:08,510 --> 01:36:06,000

out you know

2363

01:36:10,070 --> 01:36:08,520

I don't know he's a he's an interesting

2364

01:36:11,570 --> 01:36:10,080

guy I mean I was able to actually meet

2365

01:36:14,930 --> 01:36:11,580

him and talk to him a bit in his office

2366

01:36:16,430 --> 01:36:14,940

the day of the hearing and he's an

2367

01:36:19,490 --> 01:36:16,440

interesting guy

2368

01:36:20,990 --> 01:36:19,500

I don't know I just don't you know I

2369

01:36:25,610 --> 01:36:21,000

don't know if he's crossed a line that

2370

01:36:28,550 --> 01:36:25,620

maybe uh is not serving him anymore but

2371

01:36:31,250 --> 01:36:28,560

he just keeps doing it so

2372

01:36:34,790 --> 01:36:31,260

yeah I have no color to things right

2373

01:36:37,250 --> 01:36:34,800

well I I was uh I was on another show

2374

01:36:41,090 --> 01:36:37,260

last week and we were talking about this

2375

01:36:42,410 --> 01:36:41,100

exact issue uh around uh timberchet and

2376

01:36:44,870 --> 01:36:42,420

I said you know what what's the

2377

01:36:47,689 --> 01:36:44,880

alternative not to have somebody like

2378

01:36:50,330 --> 01:36:47,699

him I I don't like that world yeah

2379

01:36:53,570 --> 01:36:50,340

that's color he adds color and energy to

2380

01:36:57,050 --> 01:36:53,580

it yeah I'm okay with it I I really

2381

01:36:59,030 --> 01:36:57,060

well um Leslie that again thank you so

2382

01:37:02,209 --> 01:36:59,040

much I know that you're very busy and

2383

01:37:04,669 --> 01:37:02,219

and uh but uh tonight was an absolutely

2384

01:37:08,570 --> 01:37:04,679

amazing conversation and I look forward

2385

01:37:10,250 --> 01:37:08,580

2386

01:37:13,430 --> 01:37:10,260
