[Music]

3
00:00:45,950 --> 00:00:41,930
welcome Fade to Black breaking news for

4
00:00:47,150 --> 00:00:45,960
this Tuesday January 24th 2023 I'm Jimmy

5
00:00:51,350 --> 00:00:47,160
Church

6
00:00:53,750 --> 00:00:51,360
this is all of the news that you need

7
00:00:56,110 --> 00:00:53,760
let's start with on this day in history

8
00:00:59,990 --> 00:00:56,120
otd

9
00:01:04,490 --> 00:01:00,000
1972 Japanese soldier was found hiding

10
00:01:08,350 --> 00:01:04,500
on Guam after 28 years of hiding in the

11
00:01:12,109 --> 00:01:08,360
jungles local farmers discovered soichi

12
00:01:13,789 --> 00:01:12,119
yokoi a Japanese Sergeant who fought in

13
00:01:16,550 --> 00:01:13,799

World War II

14

00:01:17,390 --> 00:01:16,560

on this day in 1972 I think I saw that

15

00:01:20,810 --> 00:01:17,400

episode

16

00:01:23,990 --> 00:01:20,820

on Gilligan's Island here's your fader

17

00:01:33,530 --> 00:01:29,690

before Kleenex was Kleenex the tissue

18

00:01:35,990 --> 00:01:33,540

they were the filters in gas mask in

19

00:01:37,670 --> 00:01:36,000

World War One

20

00:01:40,630 --> 00:01:37,680

and that

21

00:01:43,929 --> 00:01:40,640

is your fader fact

22

00:01:46,210 --> 00:01:43,939

breaking news

23

00:01:50,109 --> 00:01:46,220

Earth's inner core

24

00:01:54,289 --> 00:01:50,119

has just stopped spinning

25

00:01:56,810 --> 00:01:54,299

Earth's inner core spin has slowed and

26

00:01:59,090 --> 00:01:56,820

paused all of this when scientists

27

00:02:01,310 --> 00:01:59,100

believe this happens roughly every seven

28

00:02:04,969 --> 00:02:01,320

decades as the core will then start

29

00:02:07,609 --> 00:02:04,979

spinning in a different direction a new

30

00:02:10,969 --> 00:02:07,619

study published in nature geoscience by

31

00:02:13,449 --> 00:02:10,979

a geophysicist yin yang and Ajay long

32

00:02:16,790 --> 00:02:13,459

song of Peking University in Beijing

33

00:02:18,350 --> 00:02:16,800

says the inner cores movement recently

34

00:02:23,270 --> 00:02:18,360

reduced enough

35

00:02:24,910 --> 00:02:23,280

that it is now considered paused

36

00:02:29,869 --> 00:02:24,920

wow

37

00:02:34,010 --> 00:02:29,879

NASA wants to redesign and demonstrate a

38

00:02:36,050 --> 00:02:34,020

working nuclear thermal rocket by 2027.

39

00:02:38,869 --> 00:02:36,060

NASA administrator Bill Nelson

40

00:02:42,350 --> 00:02:38,879

introduced the project on during today's

41

00:02:44,509 --> 00:02:42,360

presentation at the 2023 American

42

00:02:48,530 --> 00:02:44,519

Institute of Aeronautics and

43

00:02:50,809 --> 00:02:48,540

astronautics the aiaa scitec form and

44

00:02:51,970 --> 00:02:50,819

Exposition held in National Harbor

45

00:02:55,070 --> 00:02:51,980

Maryland

46

00:02:57,949 --> 00:02:55,080

Nelson said that the agency will partner

47

00:03:01,250 --> 00:02:57,959

with the pentagon's defense Advance

48

00:03:03,410 --> 00:03:01,260

research projects agency otherwise known

49

00:03:06,170 --> 00:03:03,420

as DARPA

50

00:03:08,930 --> 00:03:06,180

under the agreement NASA will join

51
00:03:12,350 --> 00:03:08,940
darpa's demonstration rocket for agile

52
00:03:15,110 --> 00:03:12,360
CIS lunar operations otherwise known as

53
00:03:18,589 --> 00:03:15,120
Draco

54
00:03:22,850 --> 00:03:18,599
I'm not making that up a program that

55
00:03:25,550 --> 00:03:22,860
began back in 2021. DARPA will develop

56
00:03:28,130 --> 00:03:25,560
the nuclear reactor and engine for the

57
00:03:32,750 --> 00:03:28,140
nuclear rocket which they hope will fly

58
00:03:34,670 --> 00:03:32,760
in an in-space demonstration as early as

59
00:03:37,190 --> 00:03:34,680
2027.

60
00:03:39,589 --> 00:03:37,200
and that's crazy news

61
00:03:42,770 --> 00:03:39,599
well here we go

62
00:03:47,350 --> 00:03:42,780
a newly discovered asteroid will come

63
00:03:52,550 --> 00:03:47,360

very very very close to Earth this week

64

00:03:55,130 --> 00:03:52,560

check this out asteroid 2023 bu measures

65

00:03:58,009 --> 00:03:55,140

about 28 feet across and was just

66

00:04:01,190 --> 00:03:58,019

discovered this past Saturday by

67

00:04:05,030 --> 00:04:01,200

astronomer Gennady borisov at the Margot

68

00:04:05,890 --> 00:04:05,040

observatory in Crimea when it passes by

69

00:04:07,750 --> 00:04:05,900

Earth

70

00:04:12,710 --> 00:04:07,760

this Thursday

71

00:04:17,390 --> 00:04:12,720

January 26th at 4 17 p.m eastern time

72

00:04:19,689 --> 00:04:17,400

yes in just two days the space Rock will

73

00:04:24,890 --> 00:04:19,699

be within 2

74

00:04:28,189 --> 00:04:24,900

178 miles above the Earth's surface

75

00:04:33,950 --> 00:04:31,909

Peru has indefinitely shut Machu Picchu

76

00:04:36,290 --> 00:04:33,960

they did it this past weekend on

77

00:04:38,570 --> 00:04:36,300

Saturday in the latest sign that

78

00:04:41,450 --> 00:04:38,580

anti-government protests that began last

79

00:04:43,310 --> 00:04:41,460

month are increasing the culture

80

00:04:45,170 --> 00:04:43,320

Ministry said it had closed the

81

00:04:47,390 --> 00:04:45,180

country's most famous tourist attraction

82

00:04:49,790 --> 00:04:47,400

as well as the Inca Trail leading up to

83

00:04:52,629 --> 00:04:49,800

the site to protect the safety of

84

00:04:55,370 --> 00:04:52,639

tourists and the population in general

85

00:04:58,070 --> 00:04:55,380

just recently there were 400 and

86

00:05:02,810 --> 00:04:58,080

visitors stuck up on top of Machu Picchu

87

00:05:06,490 --> 00:05:02,820

and unable to get out in more than 300

88

00:05:10,790 --> 00:05:06,500

were tourists and foreigners

89

00:05:15,590 --> 00:05:10,800

paleontologist in India have found 92

90

00:05:17,749 --> 00:05:15,600

dinosaur nesting sites and 256 egg

91

00:05:21,890 --> 00:05:17,759

fossils the scientists made the

92

00:05:25,490 --> 00:05:21,900

discovery between 2017 and 2020 in the

93

00:05:29,270 --> 00:05:25,500

narmada valley in central India during

94

00:05:31,909 --> 00:05:29,280

the study published on the poos one this

95

00:05:34,790 --> 00:05:31,919

week researchers from the University of

96

00:05:39,070 --> 00:05:34,800

Delhi found the sauropod nesting sites

97

00:05:41,930 --> 00:05:39,080

in five villages in the bankuchi area

98

00:05:45,590 --> 00:05:41,940

sauropods of course are large herbivores

99

00:05:48,290 --> 00:05:45,600

with long necks and they're very similar

100

00:05:50,629 --> 00:05:48,300

to the Brontosaurus the researchers

101
00:05:52,909 --> 00:05:50,639
studied and documented the egg fossils

102
00:05:55,909 --> 00:05:52,919
either as clutches you know eggs in a

103
00:05:59,150 --> 00:05:55,919
nest or in the form of broken eggs with

104
00:06:02,210 --> 00:05:59,160
eggshell fragments scattered around no

105
00:06:05,270 --> 00:06:02,220
remains of juvenile or parent dinosaurs

106
00:06:07,670 --> 00:06:05,280
have been found at the site and I find

107
00:06:12,770 --> 00:06:07,680
that really curious pretty amazing

108
00:06:14,749 --> 00:06:12,780
Disney has closed Splash Mountain one of

109
00:06:17,330 --> 00:06:14,759
its long running attractions in the

110
00:06:20,629 --> 00:06:17,340
Magic Kingdom theme park as the company

111
00:06:24,230 --> 00:06:20,639
plans to reimagine the ride to remove

112
00:06:26,930 --> 00:06:24,240
any ties from the controversial film The

113
00:06:29,809 --> 00:06:26,940

Song of the South the ride will be

114

00:06:31,969 --> 00:06:29,819

redesigned with a theme from Disney's

115

00:06:34,189 --> 00:06:31,979

Princess and the Frog

116

00:06:36,290 --> 00:06:34,199

there you go

117

00:06:38,210 --> 00:06:36,300

well I'm Gonna Leave You with this I try

118

00:06:42,050 --> 00:06:38,220

to leave on an up note

119

00:06:45,770 --> 00:06:42,060

but I can't today because the world is

120

00:06:50,029 --> 00:06:45,780

closer to Oblivion than ever before

121

00:06:52,070 --> 00:06:50,039

according to the Doomsday Clock the

122

00:06:55,129 --> 00:06:52,080

clock a reflection of how close to

123

00:06:58,969 --> 00:06:55,139

destruction Humanity really is and set

124

00:07:01,189 --> 00:06:58,979

by experts and scientists was moved 10

125

00:07:04,850 --> 00:07:01,199

seconds forward to 90 Seconds To

126

00:07:10,070 --> 00:07:04,860

Midnight earlier today this is the

127

00:07:12,350 --> 00:07:10,080

closest since it was started in 1947.

128

00:07:14,150 --> 00:07:12,360

so there you go there's your fade the

129

00:07:16,550 --> 00:07:14,160

black breaking news all the news that

130

00:07:20,150 --> 00:07:16,560

you need for this Tuesday January 24th

131

00:07:22,730 --> 00:07:20,160

2023 breaking news is produced by Renee
