4
00:00:46,250 --> 00:00:42,860
news for this Tuesday February 7th 2023

6
00:00:55,069 --> 00:00:50,000
Church all right on this day in history

7
00:00:58,130 --> 00:00:55,079
1984. while in orbit 170 miles above

8
00:01:00,889 --> 00:00:58,140
Earth Bruce McCandless becomes the first

9
00:01:04,130 --> 00:01:00,899
human to perform an untethered spacewalk

10
00:01:07,990 --> 00:01:04,140
when he exits the space shuttle

11
00:01:12,830 --> 00:01:08,000
Challenger and maneux Maneuvers freely

12
00:01:15,170 --> 00:01:12,840
using a jet pack of his own design on

13
00:01:16,969 --> 00:01:15,180

this day in history otd here's your

14

00:01:19,370 --> 00:01:16,979

fader fact today

15

00:01:22,130 --> 00:01:19,380

in 1913

16

00:01:28,070 --> 00:01:22,140

this is crazy by the way

17

00:01:29,690 --> 00:01:28,080

in 1913 you could legally mail a baby in

18

00:01:34,149 --> 00:01:29,700

the United States

19

00:01:37,850 --> 00:01:34,159

it was cheaper to send children via USPS

20

00:01:41,810 --> 00:01:37,860

than a train or a bus

21

00:01:46,910 --> 00:01:41,820

this went on for seven years before it

22

00:01:50,630 --> 00:01:48,410

and that

23

00:01:52,550 --> 00:01:50,640

is your fader fact

24

00:01:56,149 --> 00:01:52,560

let's get to the breaking news

25

00:01:59,450 --> 00:01:56,159

more than 7 300 people have been killed

26
00:02:01,910 --> 00:01:59,460
tens of thousands more injured in the

27
00:02:05,690 --> 00:02:01,920
magnitude 7.8 earthquake that struck

28
00:02:08,570 --> 00:02:05,700
turkey and Syria two days ago over 6 000

29
00:02:11,270 --> 00:02:08,580
buildings have crumbled the numbers

30
00:02:14,330 --> 00:02:11,280
continue to mount officials Continue to

31
00:02:16,490 --> 00:02:14,340
update the death toll as rescue efforts

32
00:02:18,290 --> 00:02:16,500
continue the Quaker was one of the

33
00:02:20,990 --> 00:02:18,300
strongest to hit the region in more than

34
00:02:23,089 --> 00:02:21,000
a hundred years residents digging

35
00:02:26,690 --> 00:02:23,099
through a collapsed building in

36
00:02:29,030 --> 00:02:26,700
Northwest Syria discovered a crying

37
00:02:31,850 --> 00:02:29,040
infant whose mother appears to have

38
00:02:34,430 --> 00:02:31,860

given birth to her while buried beneath

39

00:02:36,290 --> 00:02:34,440

the rubble the newborn girls umbilical

40

00:02:39,890 --> 00:02:36,300

cord was still connected to her mother

41

00:02:41,809 --> 00:02:39,900

who died in the building collapse the

42

00:02:44,690 --> 00:02:41,819

baby was the only member of her

43

00:02:47,150 --> 00:02:44,700

immediate family to survive

44

00:02:49,850 --> 00:02:47,160

over 150 aftershocks have been felt

45

00:02:53,930 --> 00:02:49,860

across the region over the last two days

46

00:02:57,890 --> 00:02:53,940

including one measuring a magnitude 7.5

47

00:03:00,050 --> 00:02:57,900

we will continue to update all of this

48

00:03:03,949 --> 00:03:00,060

news in the coming days

49

00:03:06,530 --> 00:03:03,959

remember Elian Gonzalez

50

00:03:10,449 --> 00:03:06,540

right the Cuban boy whose custody battle

51
00:03:14,330 --> 00:03:10,459
broke Cold War era tensions well

52
00:03:17,690 --> 00:03:14,340
uh he has been nominated to serve in

53
00:03:21,710 --> 00:03:17,700
Cuba's National Assembly the Communist

54
00:03:25,190 --> 00:03:21,720
Party news media announced today Cuban

55
00:03:28,430 --> 00:03:25,200
media referred to Gonzalez who is now 29

56
00:03:32,089 --> 00:03:28,440
years old as and I quote representing

57
00:03:35,509 --> 00:03:32,099
the most worthy of the Cuban youth end

58
00:03:38,630 --> 00:03:35,519
quote his nomination all but secures his

59
00:03:41,149 --> 00:03:38,640
post in the 470 seat National Assembly

60
00:03:44,030 --> 00:03:41,159
that meets several times a year to

61
00:03:48,070 --> 00:03:44,040
discuss proposed laws which the body

62
00:03:52,690 --> 00:03:48,080
usually votes unanimously to approve

63
00:03:55,430 --> 00:03:52,700

craziness the James Webb Space Telescope

64

00:03:58,970 --> 00:03:55,440

unexpectedly discovered an asteroid that

65

00:04:01,850 --> 00:03:58,980

is around the size of the Coliseum in

66

00:04:03,830 --> 00:04:01,860

Rome it may be the smallest object that

67

00:04:08,030 --> 00:04:03,840

the Space Telescope has spotted since it

68

00:04:10,789 --> 00:04:08,040

was sent into space at the end of 2021

69

00:04:13,190 --> 00:04:10,799

though the James Webb Space Telescope

70

00:04:16,310 --> 00:04:13,200

normally discovers massive celestial

71

00:04:18,469 --> 00:04:16,320

objects billions of light years away the

72

00:04:22,250 --> 00:04:18,479

new finding demonstrates unpredicted

73

00:04:25,670 --> 00:04:22,260

usefulness much closer to home the team

74

00:04:28,930 --> 00:04:25,680

found that found the 660-foot asteroid

75

00:04:31,969 --> 00:04:28,940

did it with data collected to calibrate

76

00:04:35,570 --> 00:04:31,979

the mid-infrared instrument otherwise

77

00:04:39,950 --> 00:04:35,580

known as Miri that was never intended to

78

00:04:41,510 --> 00:04:39,960

reveal new asteroids and that is very

79

00:04:42,950 --> 00:04:41,520

very cool

80

00:04:46,310 --> 00:04:42,960

well

81

00:04:49,490 --> 00:04:46,320

previous Chinese balloon incursions

82

00:04:53,150 --> 00:04:49,500

initially went undetected and had been

83

00:04:55,969 --> 00:04:53,160

classified as unexplained phenomena and

84

00:04:58,790 --> 00:04:55,979

handed over to that Pentagon task force

85

00:05:02,090 --> 00:04:58,800

that is investigating UFOs

86

00:05:03,950 --> 00:05:02,100

General Glenn D van hurk the top

87

00:05:07,550 --> 00:05:03,960

military commander overseeing North

88

00:05:09,770 --> 00:05:07,560

American airspace said today that some

89

00:05:11,930 --> 00:05:09,780

previous incursions by Chinese spy

90

00:05:15,409 --> 00:05:11,940

balloons during the Trump administration

91

00:05:18,830 --> 00:05:15,419

were not detected in real time and the

92

00:05:21,650 --> 00:05:18,840

Pentagon learned of them only later then

93

00:05:25,670 --> 00:05:21,660

John F Kirby a National Security Council

94

00:05:27,469 --> 00:05:25,680

spokesman said today that the Chinese

95

00:05:29,990 --> 00:05:27,479

spy balloons passed over the United

96

00:05:33,710 --> 00:05:30,000

States on at least three occasions

97

00:05:36,230 --> 00:05:33,720

during the Trump Administration OD and I

98

00:05:39,950 --> 00:05:36,240

of course issued its first public report

99

00:05:41,870 --> 00:05:39,960

on unknown incidents back in 2021 but

100

00:05:46,390 --> 00:05:41,880

that document failed to offer

101
00:05:50,629 --> 00:05:46,400
explanations for all but just one of the

102
00:05:54,010 --> 00:05:50,639
144 incidents that it looked at

103
00:05:57,110 --> 00:05:54,020
aerial divisions in Southern California

104
00:05:59,629 --> 00:05:57,120
have continued to patrol the skies in

105
00:06:03,230 --> 00:05:59,639
the search for Julian Sands the British

106
00:06:06,469 --> 00:06:03,240
actor as efforts to find him reached the

107
00:06:09,230 --> 00:06:06,479
third week Mark the San Bernardino

108
00:06:11,510 --> 00:06:09,240
County Sheriff's Department said such

109
00:06:14,390 --> 00:06:11,520
efforts would normally be downgraded to

110
00:06:17,210 --> 00:06:14,400
a passive search after 10 days but that

111
00:06:20,170 --> 00:06:17,220
plans have been extended as ongoing bad

112
00:06:24,590 --> 00:06:20,180
weather continue to hamper operations

113
00:06:27,230 --> 00:06:24,600

Sands who is 65 years old was reported

114

00:06:29,990 --> 00:06:27,240

missing on January 13th after he failed

115

00:06:32,290 --> 00:06:30,000

to return from a hike in the Mount Baldy

116

00:06:34,909 --> 00:06:32,300

region of the San Gabriel mountains

117

00:06:38,749 --> 00:06:34,919

numerous searches for the actor have

118

00:06:42,409 --> 00:06:38,759

been going on by foot and by air by both

119

00:06:44,990 --> 00:06:42,419

local and state level agencies on Friday

120

00:06:47,629 --> 00:06:45,000

three weeks on from his disappearance

121

00:06:50,029 --> 00:06:47,639

the sheriff's department said conditions

122

00:06:52,930 --> 00:06:50,039

continue to be problematic but the

123

00:06:56,809 --> 00:06:52,940

searches were will continue

124

00:07:00,529 --> 00:06:56,819

scientists have unwrapped long sought

125

00:07:03,409 --> 00:07:00,539

details of embalming practices that

126
00:07:06,050 --> 00:07:03,419
ancient Egyptians use to preserve dead

127
00:07:08,870 --> 00:07:06,060
bodies mummies

128
00:07:12,110 --> 00:07:08,880
Clues came from analysis of chemical

129
00:07:15,230 --> 00:07:12,120
residue inside vessels from the only

130
00:07:18,409 --> 00:07:15,240
known Egyptian embalming workshop and

131
00:07:21,110 --> 00:07:18,419
nearby burial Chambers mummification

132
00:07:23,870 --> 00:07:21,120
Specialists who work there concocted

133
00:07:26,570 --> 00:07:23,880
specific mixtures to embalm the head

134
00:07:29,270 --> 00:07:26,580
wash the body treat the liver and

135
00:07:31,730 --> 00:07:29,280
stomach and prepare bandages that

136
00:07:34,909 --> 00:07:31,740
swathed the body researchers reported

137
00:07:37,670 --> 00:07:34,919
all of this February 1st in the journal

138
00:07:41,390 --> 00:07:37,680

Nature the findings came from chemical

139

00:07:43,610 --> 00:07:41,400

residue inside 31 vessels found in an

140

00:07:46,010 --> 00:07:43,620

Egyptian embalming workshop and four

141

00:07:48,890 --> 00:07:46,020

vessels discovered in an adjacent pair

142

00:07:52,189 --> 00:07:48,900

of burial Chambers all of the artifacts

143

00:07:56,510 --> 00:07:52,199

came from Sakara and Egypt's 26th

144

00:07:59,629 --> 00:07:56,520

Dynasty around 650 BC five of the

145

00:08:03,529 --> 00:07:59,639

vessels had the label of anchu thought

146

00:08:07,249 --> 00:08:03,539

to have been myrrh the anshu at Sakara

147

00:08:10,790 --> 00:08:07,259

however consisted of oil or or tar from

148

00:08:14,029 --> 00:08:10,800

Cedar and Juniper or cypress trees mixed

149

00:08:17,450 --> 00:08:14,039

with animal fats three vessels from the

150

00:08:20,390 --> 00:08:17,460

embalming Workshop bore the label safet

151
00:08:22,369 --> 00:08:20,400
which researchers have usually described

152
00:08:25,850 --> 00:08:22,379
and understood to be just an

153
00:08:28,610 --> 00:08:25,860
unidentified oil two safet pots

154
00:08:32,149 --> 00:08:28,620
contained animal fat mixed with oil or

155
00:08:35,690 --> 00:08:32,159
tar from juniper or cypress trees okay

156
00:08:39,469 --> 00:08:35,700
not Cedar a third container held animal

157
00:08:42,709 --> 00:08:39,479
fats and elemi a fragrant resin from

158
00:08:46,250 --> 00:08:42,719
tropical trees there you go more

159
00:08:48,290 --> 00:08:46,260
questions getting answered out of Egypt

160
00:08:51,949 --> 00:08:48,300
I'm going to leave you with this and

161
00:08:53,710 --> 00:08:51,959
this is pretty incredible woodpackers

162
00:08:57,590 --> 00:08:53,720
that's right

163
00:09:01,610 --> 00:08:57,600

woodpeckers stacked over 700 pounds of

164

00:09:04,730 --> 00:09:01,620

acorns 20 to 25 feet high in a

165

00:09:07,850 --> 00:09:04,740

California homes chimney

166

00:09:10,070 --> 00:09:07,860

Santa Rosa exterminator Nick Castro made

167

00:09:13,730 --> 00:09:10,080

the discovery during a December vacation

168

00:09:15,130 --> 00:09:13,740

rental inspection for mealworms in Glen

169

00:09:18,470 --> 00:09:15,140

Ellen California

170

00:09:21,350 --> 00:09:18,480

Castro's crew filled eight garbage bags

171

00:09:23,870 --> 00:09:21,360

full of the birds horde and the bags

172

00:09:26,630 --> 00:09:23,880

were so heavy that the crew could barely

173

00:09:28,910 --> 00:09:26,640

pick them up he estimated that the

174

00:09:34,190 --> 00:09:28,920

woodpeckers were adding to the stockpile

175

00:09:36,710 --> 00:09:34,200

of acorns for the last five years

176

00:09:38,750 --> 00:09:36,720

there you go there's all the Fade to

177

00:09:43,610 --> 00:09:38,760

Black breaking news you need for this

178
