

FADE TO BLACK

with **JIMMY CHURCH**
PRESENTS

BREAKING NEWS

Wed Feb 08, 2023 **LIVE**

1
00:00:35,450 --> 00:00:21,810

[Music]

2
00:00:43,250 --> 00:00:38,450

good afternoon Fade to Black breaking

3
00:00:46,790 --> 00:00:43,260

news for this Wednesday February 8 2023

4
00:00:49,970 --> 00:00:46,800

I'm Jimmy church this is all of the news

5
00:00:51,709 --> 00:00:49,980

that you need let's start with on this

6
00:00:52,930 --> 00:00:51,719

day in history

7
00:00:57,590 --> 00:00:52,940

otd

8
00:01:00,709 --> 00:00:57,600

1994. Jack Nicholson that's right

9
00:01:03,110 --> 00:01:00,719

Jack Nicholson uses a golf club to bash

10
00:01:04,490 --> 00:01:03,120

the roof and windshield of a car stopped

11
00:01:05,710 --> 00:01:04,500

at a red light in North Hollywood

12
00:01:08,750 --> 00:01:05,720

California

13
00:01:11,450 --> 00:01:08,760

charges were dropped when Jack cut a

14

00:01:15,230 --> 00:01:11,460

check for five hundred thousand dollars

15

00:01:18,050 --> 00:01:15,240

to the owner of the Mercedes Mr Robert

16

00:01:19,690 --> 00:01:18,060

blank on this day

17

00:01:22,490 --> 00:01:19,700

in

18

00:01:24,649 --> 00:01:22,500

1994. here's your fader fact today

19

00:01:28,609 --> 00:01:24,659

completely vetted

20

00:01:33,289 --> 00:01:28,619

French painter Claude Monet was only

21

00:01:38,030 --> 00:01:33,299

Rich because in 1890 he won 100

22

00:01:40,789 --> 00:01:38,040

000 Francs in the lottery that was 350

23

00:01:43,069 --> 00:01:40,799

000 in today's money which allowed him

24

00:01:45,350 --> 00:01:43,079

to wander around the French Countryside

25

00:01:48,350 --> 00:01:45,360

painting landscapes

26

00:01:50,590 --> 00:01:48,360

you gotta love it that's your fader fact

27

00:01:54,469 --> 00:01:50,600

let's get to the breaking news

28

00:01:56,929 --> 00:01:54,479

uh currently more than 12

29

00:01:59,929 --> 00:01:56,939

000 people have been killed tens of

30

00:02:02,330 --> 00:01:59,939

thousands more injured in the magnitude

31

00:02:05,270 --> 00:02:02,340

7.8 earthquake that struck turkey in

32

00:02:07,910 --> 00:02:05,280

Syria three days ago over 6 000

33

00:02:10,729 --> 00:02:07,920

buildings have been crumbled officials

34

00:02:13,729 --> 00:02:10,739

Continue to update the death toll and

35

00:02:15,949 --> 00:02:13,739

the search and rescue teams are in place

36

00:02:18,530 --> 00:02:15,959

the Quake is one of the strongest to hit

37

00:02:21,229 --> 00:02:18,540

the region in more than 100 years over

38

00:02:25,430 --> 00:02:21,239

200 aftershocks have been felt across

39

00:02:30,350 --> 00:02:25,440

the region and one included a magnitude

40

00:02:33,229 --> 00:02:30,360

of 7.5 an update about Gobekli Tepe

41

00:02:36,830 --> 00:02:33,239

Gobekli Tepe one of the the oldest known

42

00:02:38,750 --> 00:02:36,840

megalithic sites in the world about 12

43

00:02:42,470 --> 00:02:38,760

000 years old which sits on the turkey

44

00:02:45,650 --> 00:02:42,480

Syrian border appears to not have any

45

00:02:49,430 --> 00:02:45,660

damage a security guard at the site said

46

00:02:52,610 --> 00:02:49,440

that no stones have moved

47

00:02:56,089 --> 00:02:52,620

all right moving on recent telescope

48

00:03:00,110 --> 00:02:56,099

data revealed that a small planet in the

49

00:03:03,290 --> 00:03:00,120

far reaches of our solar system has a

50

00:03:06,949 --> 00:03:03,300

dense ring around it the planet is known

51
00:03:09,530 --> 00:03:06,959
as qualar which is roughly three

52
00:03:12,890 --> 00:03:09,540
thousand it's one of roughly 3 000 small

53
00:03:15,949 --> 00:03:12,900
planets that are Beyond Neptune and at

54
00:03:18,670 --> 00:03:15,959
690 miles wide it's about the seventh

55
00:03:21,070 --> 00:03:18,680
largest with Pluto being the biggest

56
00:03:26,470 --> 00:03:21,080
observations of

57
00:03:32,390 --> 00:03:26,480
qua or began by the way that's spelled

58
00:03:35,149 --> 00:03:32,400
q-u-a-o-a-r qua or uh began in 2018 and

59
00:03:37,610 --> 00:03:35,159
ended in around 2021 and they revealed

60
00:03:40,690 --> 00:03:37,620
that the planet has a ring sitting

61
00:03:44,350 --> 00:03:40,700
farther away from it than scientists

62
00:03:48,850 --> 00:03:44,360
previously believed to be possible

63
00:03:51,710 --> 00:03:48,860

absolutely amazing three thousand

64

00:03:52,509 --> 00:03:51,720

planets are out there in the outer solar

65

00:03:55,550 --> 00:03:52,519

system

66

00:03:58,130 --> 00:03:55,560

NASA says that it's experimental

67

00:04:00,410 --> 00:03:58,140

electric airplane has taken a major step

68

00:04:02,570 --> 00:04:00,420

towards its Maiden flight after

69

00:04:06,770 --> 00:04:02,580

successfully completed thermal testing

70

00:04:08,630 --> 00:04:06,780

of its Cruise motor controllers the

71

00:04:11,869 --> 00:04:08,640

space agency has been working on the

72

00:04:15,830 --> 00:04:11,879

fully electric x-67 Maxwell aircraft

73

00:04:18,770 --> 00:04:15,840

since 2016. with the goal of creating an

74

00:04:21,050 --> 00:04:18,780

efficient and quiet flying machine the

75

00:04:24,230 --> 00:04:21,060

aircraft is being built by modifying a

76

00:04:27,409 --> 00:04:24,240

baseline Italian technum at p260

77

00:04:30,530 --> 00:04:27,419

aircraft adding an electric propulsion

78

00:04:33,170 --> 00:04:30,540

system that features lithium ion

79

00:04:36,650 --> 00:04:33,180

batteries together with 14 electric

80

00:04:38,990 --> 00:04:36,660

motors and propellers a date has yet to

81

00:04:42,350 --> 00:04:39,000

be set for the x-57s made in flight

82

00:04:45,050 --> 00:04:42,360

however the aircraft now faces a flight

83

00:04:48,590 --> 00:04:45,060

Readiness review at NASA's Armstrong

84

00:04:51,590 --> 00:04:48,600

flight research center right up the

85

00:04:53,770 --> 00:04:51,600

street from the bunker I'll keep you

86

00:04:56,810 --> 00:04:53,780

posted

87

00:05:00,249 --> 00:04:56,820

scientists studying archaeological

88

00:05:04,010 --> 00:05:00,259

remains in Portugal discovered that

89
00:05:08,629 --> 00:05:04,020
neanderthals were harvesting Brown crabs

90
00:05:11,390 --> 00:05:08,639
and cooked them in fires in a cave just

91
00:05:14,629 --> 00:05:11,400
south of Lisbon they discovered stone

92
00:05:17,450 --> 00:05:14,639
tools charcoal and deposits of crab

93
00:05:19,810 --> 00:05:17,460
shells and Bones a study published in

94
00:05:24,430 --> 00:05:19,820
Frontiers in environmental archeology

95
00:05:28,070 --> 00:05:24,440
shows that 90 000 years ago these

96
00:05:31,430 --> 00:05:28,080
neanderthals were cooking and eating

97
00:05:37,730 --> 00:05:34,550
there you go a mysterious Russian

98
00:05:40,249 --> 00:05:37,740
satellite broke apart early last month

99
00:05:42,790 --> 00:05:40,259
creating a cloud of debris that could

100
00:05:47,390 --> 00:05:42,800
linger in Earth orbit for quite a while

101
00:05:50,150 --> 00:05:47,400
the cosmos 2499 spacecraft disintegrated

102
00:05:54,650 --> 00:05:50,160
on the night of January 3rd according to

103
00:05:58,010 --> 00:05:54,660
the U.S space forces 18th space defense

104
00:06:01,909 --> 00:05:58,020
Squadron the breakup event generated at

105
00:06:04,909 --> 00:06:01,919
least 85 pieces of trackable debris that

106
00:06:07,670 --> 00:06:04,919
cloud of space junk is orbiting 726

107
00:06:10,909 --> 00:06:07,680
miles above Earth so high that it'll

108
00:06:15,129 --> 00:06:10,919
likely take a century or more for the

109
00:06:18,290 --> 00:06:15,139
atmosphere to bring it down all right

110
00:06:20,930 --> 00:06:18,300
U.S intelligence officials are now

111
00:06:23,870 --> 00:06:20,940
saying that the recently discovered

112
00:06:26,270 --> 00:06:23,880
Chinese spy balloon is part of an

113
00:06:29,090 --> 00:06:26,280

extensive surveillance program run by

114

00:06:31,070 --> 00:06:29,100

the Chinese military the surveillance

115

00:06:35,029 --> 00:06:31,080

program is in part run out of the

116

00:06:37,189 --> 00:06:35,039

Chinese province of Hainan the U.S does

117

00:06:39,430 --> 00:06:37,199

not know the precise size of the fleet

118

00:06:41,930 --> 00:06:39,440

of the Chinese surveillance balloons but

119

00:06:44,689 --> 00:06:41,940

intelligence officials say that the

120

00:06:47,689 --> 00:06:44,699

program had conducted at least two dozen

121

00:06:51,050 --> 00:06:47,699

missions over at least five continents

122

00:06:54,050 --> 00:06:51,060

in recent years roughly half a dozen of

123

00:06:56,689 --> 00:06:54,060

those flights have been within U.S

124

00:07:00,050 --> 00:06:56,699

airspace although not necessarily over

125

00:07:03,770 --> 00:07:00,060

U.S territory according to one official

126

00:07:06,850 --> 00:07:03,780

familiar with the intelligence can you

127

00:07:10,490 --> 00:07:06,860

say uaps

128

00:07:13,909 --> 00:07:10,500

astronomers have caught another look at

129

00:07:18,430 --> 00:07:13,919

a massive sun-grazing Comet revealing a

130

00:07:20,990 --> 00:07:18,440

trail of dust both behind and

131

00:07:25,249 --> 00:07:21,000

ahead of the comet

132

00:07:29,330 --> 00:07:25,259

the 3.7 mile wide Comet known as 96p

133

00:07:32,930 --> 00:07:29,340

Michaels has a leading tale of debris in

134

00:07:35,629 --> 00:07:32,940

addition to the usual tale of dust and

135

00:07:38,150 --> 00:07:35,639

Ice fragments comets develop as they

136

00:07:40,370 --> 00:07:38,160

pass the Sun and their material is

137

00:07:46,790 --> 00:07:40,380

heated from solid gas

138

00:07:49,450 --> 00:07:46,800

this is a comet chasing its own tail

139

00:07:52,430 --> 00:07:49,460

there you go that's your favorite

140

00:07:57,249 --> 00:07:52,440

the black breaking news

141

00:08:00,350 --> 00:07:57,259

for Wednesday February 8th 2023 this is

142

00:08:02,450 --> 00:08:00,360

all of the news that you need Fade to

143

00:08:05,870 --> 00:08:02,460

Black breaking news is produced by Renee

144

00:08:09,650 --> 00:08:05,880

Newman I am Jimmy Church

145

00:08:11,470 --> 00:08:09,660

and go back Lee tappy

146

00:08:23,600 --> 00:08:11,480

thank you

147

00:08:33,580 --> 00:08:31,930

[Music]
