history

9
00:01:07,310 --> 00:01:04,379
1990 on Valentine's Day 1990 at 3.7

10
00:01:09,469 --> 00:01:07,320
billion miles away from the Sun the

11
00:01:12,289 --> 00:01:09,479
Voyager 1 spacecraft takes a photograph

12
00:01:15,350 --> 00:01:12,299
of the Earth the picture known as pale

13
00:01:19,850 --> 00:01:15,360

blue dot shows our planet as a blue

14

00:01:22,490 --> 00:01:19,860

Speck the size of a pixel on this day in

15

00:01:23,710 --> 00:01:22,500

1990 here's your fader fact today fully

16

00:01:27,050 --> 00:01:23,720

vetted

17

00:01:28,969 --> 00:01:27,060

a small child could swim through the

18

00:01:31,789 --> 00:01:28,979

veins of a blue whale

19

00:01:33,950 --> 00:01:31,799

that's because their hearts are the size

20

00:01:36,710 --> 00:01:33,960

of a car

21

00:01:37,910 --> 00:01:36,720

there's your fader fact let's get to the

22

00:01:40,490 --> 00:01:37,920

breaking news

23

00:01:41,870 --> 00:01:40,500

Washington DC and the Pentagon are

24

00:01:43,730 --> 00:01:41,880

scrambling to downplay an

25

00:01:45,950 --> 00:01:43,740

extraterrestrial connection to the three

26

00:01:46,969 --> 00:01:45,960

UFOs that were shot down over the

27

00:01:49,789 --> 00:01:46,979

weekend

28

00:01:52,550 --> 00:01:49,799

in a briefing today filled with

29

00:01:54,050 --> 00:01:52,560

unanswered questions there was this

30

00:01:58,190 --> 00:01:54,060

statement from White House Press

31

00:02:01,069 --> 00:01:58,200

Secretary Kareem Jean-Pierre quote the

32

00:02:03,289 --> 00:02:01,079

U.S military has not shot down any UFOs

33

00:02:06,649 --> 00:02:03,299

from outer space

34

00:02:10,430 --> 00:02:06,659

she continued with there was no sign

35

00:02:12,890 --> 00:02:10,440

again no indication of aliens or

36

00:02:15,470 --> 00:02:12,900

extraterrestrial activity with these

37

00:02:17,869 --> 00:02:15,480

recent takedowns she went on to say

38

00:02:20,750 --> 00:02:17,879

wanted to make sure that the American

39

00:02:23,990 --> 00:02:20,760

people knew that that all of you knew

40

00:02:26,990 --> 00:02:24,000

that and it was important for us to say

41

00:02:30,350 --> 00:02:27,000

that from here because we've been

42

00:02:32,869 --> 00:02:30,360

hearing a lot about it end quote now

43

00:02:36,229 --> 00:02:32,879

following the unprecedented move by the

44

00:02:38,750 --> 00:02:36,239

president to shoot down four objects in

45

00:02:40,490 --> 00:02:38,760

the course of roughly a week starting

46

00:02:42,949 --> 00:02:40,500

with the Chinese spy balloon earlier

47

00:02:45,530 --> 00:02:42,959

this month White House officials have

48

00:02:48,470 --> 00:02:45,540

been besieged by a torrent of incoming

49

00:02:50,809 --> 00:02:48,480

question about those objects and what

50

00:02:53,630 --> 00:02:50,819

had prompted Biden and his top military

51
00:02:56,150 --> 00:02:53,640
brass to take them down

52
00:02:59,330 --> 00:02:56,160
here we go

53
00:03:01,369 --> 00:02:59,340
a determination was made that even in

54
00:03:03,170 --> 00:03:01,379
the absence of much concrete information

55
00:03:05,589 --> 00:03:03,180
that could be shared with the public

56
00:03:09,130 --> 00:03:05,599
about the three recently downed objects

57
00:03:12,890 --> 00:03:09,140
it would be prudent to publicly rule out

58
00:03:16,430 --> 00:03:12,900
as quickly as possible the possibility

59
00:03:19,910 --> 00:03:16,440
of extraterrestrial activity but here we

60
00:03:23,570 --> 00:03:19,920
go we've got missiles flying over North

61
00:03:27,649 --> 00:03:23,580
America shooting stuff down they said

62
00:03:30,649 --> 00:03:27,659
today that we may never recover the

63
00:03:33,229 --> 00:03:30,659

debris so we're using missiles to shoot

64

00:03:35,869 --> 00:03:33,239

stuff down and they don't know what it

65

00:03:37,550 --> 00:03:35,879

is and they're not going to recover the

66

00:03:40,009 --> 00:03:37,560

stuff

67

00:03:41,630 --> 00:03:40,019

that's not the truth they're not giving

68

00:03:44,630 --> 00:03:41,640

it to us straight

69

00:03:47,030 --> 00:03:44,640

National Security Council spokesman John

70

00:03:49,910 --> 00:03:47,040

Kirby said today quote

71

00:03:52,369 --> 00:03:49,920

they could be just balloons tied to some

72

00:03:55,550 --> 00:03:52,379

commercial or benign purpose end quote

73

00:03:57,470 --> 00:03:55,560

but now we're suddenly shooting them

74

00:04:00,970 --> 00:03:57,480

down with missiles

75

00:04:04,070 --> 00:04:00,980

and right now as I speak to you live

76
00:04:07,670 --> 00:04:04,080
China says it is preparing to shoot down

77
00:04:09,949 --> 00:04:07,680
its own unidentified flying object that

78
00:04:11,809 --> 00:04:09,959
the mysterious flying object was spotted

79
00:04:14,509 --> 00:04:11,819
on Sunday off the coast of the city of

80
00:04:17,090 --> 00:04:14,519
rizau in Shandong Province between

81
00:04:19,969 --> 00:04:17,100
Shanghai and Beijing

82
00:04:22,610 --> 00:04:19,979
China announced today that American

83
00:04:25,610 --> 00:04:22,620
capitalist pigs got too many clicks and

84
00:04:28,189 --> 00:04:25,620
made a ton of Dosh off of their balloon

85
00:04:32,150 --> 00:04:28,199
and now it's their turn to get some

86
00:04:34,610 --> 00:04:32,160
American Ducks quacking in their pond

87
00:04:37,189 --> 00:04:34,620
fair enough

88
00:04:40,310 --> 00:04:37,199

Kim fatty fat and North Korean

89

located 60 miles Northeast of Budapest

108
00:05:40,189 --> 00:05:38,639
and he did it with the two foot

109
00:05:44,990 --> 00:05:40,199
telescope

110
00:05:48,409 --> 00:05:45,000
information was passed along to the

111
00:05:51,230 --> 00:05:48,419
European Space Agency hours before it

112
00:05:55,610 --> 00:05:51,240
fell into the atmosphere at around 10 pm

113
00:05:58,490 --> 00:05:55,620

eastern time on Sunday February 12th

114

00:06:01,730 --> 00:05:58,500

this was only the seventh time in

115

00:06:03,830 --> 00:06:01,740

history something like this has occurred

116

00:06:06,110 --> 00:06:03,840

now

117

00:06:09,110 --> 00:06:06,120

for the second time in two months

118

00:06:12,350 --> 00:06:09,120

a Russian spacecraft docked at the

119

00:06:15,350 --> 00:06:12,360

International Space Station has sprung a

120

00:06:18,230 --> 00:06:15,360

leak the mission controllers in Moscow

121

00:06:22,249 --> 00:06:18,240

have noticed a depressurization in the

00:06:24,350 --> 00:06:22,259

robotic progress 82 cargo craft Russia's

123

00:06:28,029 --> 00:06:24,360

progress Vehicles coolant system

127
00:06:41,510 --> 00:06:37,740

October 28 2022 and was scheduled to

129
00:06:47,629 --> 00:06:45,419
depart in three days on February 17th

130
00:06:49,850 --> 00:06:47,639
it's unclear if the freighter will still

131
00:06:52,010 --> 00:06:49,860
leave on that date or if the mission

132
00:06:55,070 --> 00:06:52,020
controllers will keep it around longer

133
00:06:57,110 --> 00:06:55,080
than originally planned to continue the

134
00:07:00,290 --> 00:06:57,120
