

FADE TO BLACK

with JIMMY CHURCH

PRESENTS

RICHARD DOLAN

UFOs OVER NORTH AMERICA

WED FEB 15 LIVE

7:00 PM PT/10:00PM ET

1
00:00:30,130 --> 00:00:25,210

[Music]

2
00:00:33,470 --> 00:00:30,140

the smoke radio for the masses of July 8

3
00:00:35,810 --> 00:00:33,480

1947 the Army Air Forces has announced

4
00:00:37,970 --> 00:00:35,820

that a flying disc has been found and is

5
00:00:41,030 --> 00:00:37,980

now in the possession of the army

6
00:00:44,810 --> 00:00:41,040

game is rigs change the game game

7
00:00:47,990 --> 00:00:44,820

changer I occasionally think how quickly

8
00:00:51,110 --> 00:00:48,000

hard difference is worldwide would

9
00:00:53,120 --> 00:00:51,120

vanish if we were facing an alien threat

10
00:00:54,900 --> 00:00:53,130

from outside this work

11
00:00:55,110 --> 00:00:54,910

[Music]

12
00:00:57,430 --> 00:00:55,120

[Applause]

13
00:01:00,350 --> 00:00:57,440

[Music]

14

00:01:03,229 --> 00:01:00,360

this is Fade to Black with your host

15

00:01:03,880 --> 00:01:03,239

Jimmy Church on the game changer Radio

16

00:01:07,429 --> 00:01:03,890

Network

17

00:01:12,550 --> 00:01:09,710

all right welcome Fade to Black

18

00:01:16,310 --> 00:01:12,560

Wednesday February 15

19

00:01:21,230 --> 00:01:16,320

2023 very excited about the show tonight

20

00:01:23,630 --> 00:01:21,240

except for my cable check this out

21

00:01:26,270 --> 00:01:23,640

it's shorting out and I can't figure out

22

00:01:29,149 --> 00:01:26,280

why look it broke look at this look look

23

00:01:30,830 --> 00:01:29,159

look look can you believe that so now

24

00:01:33,710 --> 00:01:30,840

I've got shorting out I've got another

25

00:01:35,810 --> 00:01:33,720

pair of headphones here

26

00:01:40,310 --> 00:01:35,820

I didn't have the time

27

00:01:44,210 --> 00:01:40,320

show started this is what happens when

28

00:01:47,929 --> 00:01:44,220

Richard bleep and Dolan is our guest he

29

00:01:49,069 --> 00:01:47,939

melts all this stuff Richard Dolan is

30

00:01:51,710 --> 00:01:49,079

here with us tonight we're going to be

31

00:01:54,249 --> 00:01:51,720

talking about what is going on in the

32

00:01:59,870 --> 00:01:54,259

Skies over North America

33

00:02:01,670 --> 00:01:59,880

missiles UFOs UFO uaps and uh the

34

00:02:04,069 --> 00:02:01,680

possible agenda behind it all there's

35

00:02:06,649 --> 00:02:04,079

nobody better to do all of this I want

36

00:02:08,630 --> 00:02:06,659

everybody to go to either during the

37

00:02:10,390 --> 00:02:08,640

show after the show tonight but just get

38

00:02:12,830 --> 00:02:10,400

it done go to

39

00:02:14,390 --> 00:02:12,840

richarddolinmembers.com the links are

40

00:02:16,550 --> 00:02:14,400

below they're over the website I've got

41

00:02:18,530 --> 00:02:16,560

them up in social media

42

00:02:22,670 --> 00:02:18,540

um it's uh it's the place to hang out

43

00:02:24,830 --> 00:02:22,680

well besides right here right now and

44

00:02:28,309 --> 00:02:24,840

I'm not gonna do it anymore I'm not

45

00:02:30,650 --> 00:02:28,319

gonna do the Richard bleep and Dolan CV

46

00:02:32,449 --> 00:02:30,660

that is like this long and it takes me a

47

00:02:34,910 --> 00:02:32,459

half an hour takes away from the show

48

00:02:37,250 --> 00:02:34,920

because tonight Richard Dolan and I

49

00:02:38,990 --> 00:02:37,260

later on we're going to discuss what's

50

00:02:42,589 --> 00:02:39,000

going on in North America the first 90

51
00:02:44,690 --> 00:02:42,599
minutes of the show Jazz and classic

52
00:02:46,910 --> 00:02:44,700
American films that's what we're going

53
00:02:48,949 --> 00:02:46,920
to do you know you know what's funny hey

54
00:02:50,990 --> 00:02:48,959
Richard everybody's so excited right

55
00:02:53,570 --> 00:02:51,000
Richard's gonna bring the big stuff

56
00:02:55,670 --> 00:02:53,580
tonight we're gonna throw down and we

57
00:02:58,670 --> 00:02:55,680
talk about about Miles Davis and

58
00:03:01,009 --> 00:02:58,680
baseball we do enjoy the Miles Davis and

59
00:03:03,410 --> 00:03:01,019
we do enjoy by the way

60
00:03:05,390 --> 00:03:03,420
a nice little intro theme going there is

61
00:03:07,150 --> 00:03:05,400
that new uh

62
00:03:09,710 --> 00:03:07,160
do I just not pay attention

63
00:03:13,130 --> 00:03:09,720

either it's a combination of both you

64

00:03:15,170 --> 00:03:13,140

don't pay attention I don't but it's new

65

00:03:17,149 --> 00:03:15,180

to you Richard that's all that matters

66

00:03:18,790 --> 00:03:17,159

and that's what matters well I thought

67

00:03:21,830 --> 00:03:18,800

it sounded pretty good

68

00:03:24,290 --> 00:03:21,840

it's interesting happening there

69

00:03:28,070 --> 00:03:24,300

um uh I've got a really I've got a

70

00:03:33,530 --> 00:03:28,080

really close mutual friend of ours

71

00:03:36,410 --> 00:03:33,540

um that uh does stuff for me and uh and

72

00:03:37,369 --> 00:03:36,420

who who who doesn't like their name in

73

00:03:40,789 --> 00:03:37,379

public

74

00:03:42,170 --> 00:03:40,799

so I can't I will blurt it out and then

75

00:03:44,930 --> 00:03:42,180

the next thing you know all the cool

76

00:03:46,729 --> 00:03:44,940

stuff stops getting made for me but uh

77

00:03:48,830 --> 00:03:46,739

all right yeah yeah there you go no I'm

78

00:03:50,210 --> 00:03:48,840

not that talented I I can't do stuff

79

00:03:51,649 --> 00:03:50,220

that good

80

00:03:53,869 --> 00:03:51,659

um and I know you're in the same boat

81

00:03:55,250 --> 00:03:53,879

who who does your book covers it's not

82

00:03:57,589 --> 00:03:55,260

you

83

00:03:58,850 --> 00:03:57,599

uh no I'm not saying no it isn't it

84

00:04:03,170 --> 00:03:58,860

isn't actually

85

00:04:05,270 --> 00:04:03,180

um Tracy runs that and will usually

86

00:04:07,369 --> 00:04:05,280

we don't have one person but she will

87

00:04:10,729 --> 00:04:07,379

find people on Fiverr

88

00:04:12,229 --> 00:04:10,739

oh yeah yeah five is really good so you

89

00:04:13,390 --> 00:04:12,239

got a lot of people out there very

90

00:04:16,189 --> 00:04:13,400

talented

91

00:04:18,229 --> 00:04:16,199

that uh in a whole array of things I've

92

00:04:20,990 --> 00:04:18,239

got someone on Fiverr doing uh

93

00:04:22,990 --> 00:04:21,000

audiobooks for me as well wow that's

94

00:04:26,150 --> 00:04:23,000

great

95

00:04:28,790 --> 00:04:26,160

amazing big fan yeah that's really

96

00:04:31,010 --> 00:04:28,800

Tracy's thing she runs that I just sort

97

00:04:33,770 --> 00:04:31,020

of sign off and I'm like oh yes I

98

00:04:37,610 --> 00:04:33,780

approve of this but she's she does all

99

00:04:40,249 --> 00:04:37,620

the the grunt work uh ninety percent of

100

00:04:43,909 --> 00:04:40,259

it so

101
00:04:45,409 --> 00:04:43,919
um let me let me ask you uh we Richard

102
00:04:46,850 --> 00:04:45,419
and I we're going to be talking about

103
00:04:48,350 --> 00:04:46,860
UFOs tonight we're going to be talking

104
00:04:49,790 --> 00:04:48,360
about uaps we're going to be talking

105
00:04:52,430 --> 00:04:49,800
about what's going on in North America

106
00:04:54,770 --> 00:04:52,440
that's why he's here I need to know and

107
00:04:56,570 --> 00:04:54,780
I was getting text uh Richard from some

108
00:04:59,390 --> 00:04:56,580
friends of ours

109
00:05:02,270 --> 00:04:59,400
um uh to Richard already do the show no

110
00:05:03,830 --> 00:05:02,280
okay uh right before the show a lot of

111
00:05:05,230 --> 00:05:03,840
people are tuning in tonight as they

112
00:05:08,150 --> 00:05:05,240
come on now

113
00:05:10,270 --> 00:05:08,160

but and we're gonna get to that but I

114

00:05:12,710 --> 00:05:10,280

I'm just curious

115

00:05:17,090 --> 00:05:12,720

instead of

116

00:05:19,310 --> 00:05:17,100

that you listened to today unless you

117

00:05:21,530 --> 00:05:19,320

wrote it down did you remember it

118

00:05:23,090 --> 00:05:21,540

I I didn't write it down but I actually

119

00:05:25,850 --> 00:05:23,100

do remember it but we don't have to go

120

00:05:28,430 --> 00:05:25,860

there we could say something do you even

121

00:05:31,249 --> 00:05:28,440

remember it are you getting out because

122

00:05:34,490 --> 00:05:31,259

you forgot I actually remember it spit

123

00:05:37,969 --> 00:05:34,500

it out my man it is Elvis Costello whoa

124

00:05:40,129 --> 00:05:37,979

whoa that is Elvis Costello

125

00:05:41,570 --> 00:05:40,139

and uh a really great song that he

126

00:05:43,909 --> 00:05:41,580

didn't write but he did the ultimate

127

00:05:46,370 --> 00:05:43,919

cover of it what's so funny about peace

128

00:05:49,550 --> 00:05:46,380

love and understand is that a great song

129

00:05:52,070 --> 00:05:49,560

yeah you know what also a great video

130

00:05:55,310 --> 00:05:52,080

it's it's a great video the early early

131

00:05:57,230 --> 00:05:55,320

days of MTV so anyone under 50 must be

132

00:06:00,350 --> 00:05:57,240

listening to like these little moments

133

00:06:03,050 --> 00:06:00,360

of ours thinking these dudes are oh wait

134

00:06:06,170 --> 00:06:03,060

is Elvis Costello but honestly you

135

00:06:09,170 --> 00:06:06,180

listen to Elvis Costello in 1979 which

136

00:06:11,450 --> 00:06:09,180

is when I did and he blew my doors away

137

00:06:13,150 --> 00:06:11,460

he was just amazing here's the thing

138

00:06:15,110 --> 00:06:13,160

about Elvis

139

00:06:18,950 --> 00:06:15,120

Costello

140

00:06:23,029 --> 00:06:18,960

um he got in a strange way he found

141

00:06:26,510 --> 00:06:23,039

himself a little pigeonholed like he was

142

00:06:30,170 --> 00:06:26,520

just a punk guy right that he was yeah

143

00:06:33,590 --> 00:06:30,180

yeah in the beginning and and and what

144

00:06:37,610 --> 00:06:33,600

he really was even then right but he was

145

00:06:40,370 --> 00:06:37,620

the musician's musician period a great

146

00:06:42,290 --> 00:06:40,380

songwriter absolutely and a unique

147

00:06:44,809 --> 00:06:42,300

singer everything he did is just top

148

00:06:48,170 --> 00:06:44,819

notch that's right he really was and is

149

00:06:50,809 --> 00:06:48,180

great now if he was if if the Elvis

150

00:06:52,430 --> 00:06:50,819

Costello that we know now right you know

151

00:06:56,210 --> 00:06:52,440

what his actual name is his real name

152

00:06:57,950 --> 00:06:56,220

what is it Declan McManus that's right

153

00:07:01,670 --> 00:06:57,960

that's right that's right that's right

154

00:07:04,790 --> 00:07:01,680

but it is so if the guy that we know now

155

00:07:07,790 --> 00:07:04,800

was coming out that I don't think he

156

00:07:09,469 --> 00:07:07,800

would have made it no peace of a lot of

157

00:07:11,090 --> 00:07:09,479

guys probably yeah I've met a lot of

158

00:07:12,590 --> 00:07:11,100

people yeah he got his foot in the door

159

00:07:16,370 --> 00:07:12,600

with that's a nice little song it was

160

00:07:18,350 --> 00:07:16,380

written by um Nick Lowe who had was with

161

00:07:20,990 --> 00:07:18,360

rock pile and played with Dave Evans and

162

00:07:23,029 --> 00:07:21,000

was Elvis Costello's producer for um a

163

00:07:24,710 --> 00:07:23,039

number of his early albums Nick Lowe was

164

00:07:27,110 --> 00:07:24,720

pretty cool that's a nice kind of like

165

00:07:29,450 --> 00:07:27,120

Latter-Day hippie songs like can't we

166

00:07:31,070 --> 00:07:29,460

all just get along we've got a little

167

00:07:32,809 --> 00:07:31,080

bit of a utopian vibe to it but

168

00:07:34,909 --> 00:07:32,819

especially when I was a teenager I was

169

00:07:37,730 --> 00:07:34,919

like I love this song and it's still a

170

00:07:41,570 --> 00:07:37,740

great song I remember a couple of years

171

00:07:46,029 --> 00:07:41,580

ago you and I went on this uh Dave

172

00:07:51,110 --> 00:07:48,469

we went on that tangent for like 45

173

00:07:53,210 --> 00:07:51,120

minutes and I'm watching the attack I

174

00:07:54,710 --> 00:07:53,220

was watching the chat Jesus Christ who

175

00:07:56,809 --> 00:07:54,720

is David

176

00:07:59,809 --> 00:07:56,819

you and I Nick I'd never heard of this

177

00:08:02,870 --> 00:07:59,819

Nick Lowe guy no I know but they were

178

00:08:05,830 --> 00:08:02,880

great they were great we were losing our

179

00:08:08,150 --> 00:08:05,840

minds over that and nobody

180

00:08:10,309 --> 00:08:08,160

Edmonds especially people really don't

181

00:08:12,529 --> 00:08:10,319

remember Dave Edmonds but he he was

182

00:08:16,010 --> 00:08:12,539

truly excellent yeah excellent guitar

183

00:08:18,050 --> 00:08:16,020

plus okay so we almost did it now we're

184

00:08:19,550 --> 00:08:18,060

done everybody you wanted to move on to

185

00:08:21,830 --> 00:08:19,560

something else though you had another

186

00:08:24,110 --> 00:08:21,840

thing on your mind one one question

187

00:08:26,990 --> 00:08:24,120

because I've been on this

188

00:08:30,529 --> 00:08:27,000

um uh Steven Spielberg uh kick over the

189

00:08:32,149 --> 00:08:30,539

last couple of weeks so I I went back I

190

00:08:33,889 --> 00:08:32,159

just told you before the show I watched

191

00:08:35,930 --> 00:08:33,899

his documentary called Spielberg it's on

192

00:08:37,969 --> 00:08:35,940

HBO HBO documentaries I watched that a

193

00:08:39,769 --> 00:08:37,979

couple of weeks ago he's got his new

194

00:08:41,810 --> 00:08:39,779

film out called the Fable men's you know

195

00:08:44,570 --> 00:08:41,820

his life story

196

00:08:46,250 --> 00:08:44,580

um and so when you see the documentary

197

00:08:49,370 --> 00:08:46,260

and then you go and you watch the

198

00:08:50,930 --> 00:08:49,380

fablemans which the way that his mom's

199

00:08:53,210 --> 00:08:50,940

portrayed and the way that it's all laid

200

00:08:55,550 --> 00:08:53,220

out in the documentary The fablement is

201
00:08:58,370 --> 00:08:55,560
his biopic right and it's it's really

202
00:09:01,850 --> 00:08:58,380
well made but anyway so I went back and

203
00:09:05,210 --> 00:09:01,860
and I I did them all you know I did E.T

204
00:09:08,750 --> 00:09:05,220
and I did uh

205
00:09:12,949 --> 00:09:08,760
um uh of course I did Close Encounters I

206
00:09:15,949 --> 00:09:12,959
did uh uh uh the horse there's so many

207
00:09:17,870 --> 00:09:15,959
um I did uh War the worlds uh which I

208
00:09:21,110 --> 00:09:17,880
hadn't I hadn't seen that in a minute or

209
00:09:22,610 --> 00:09:21,120
two the Tom Cruise one that was pretty

210
00:09:24,769 --> 00:09:22,620
good yeah it's pretty good pretty good

211
00:09:28,790 --> 00:09:24,779
it was a good movie yeah yeah so I went

212
00:09:31,370 --> 00:09:28,800
down uh Memory Lane I didn't realize uh

213
00:09:35,650 --> 00:09:31,380

but when you start to look at dude has

214

00:09:39,650 --> 00:09:35,660

made a lot of films we did Jaws yeah

215

00:09:42,889 --> 00:09:39,660

that's right no out I watched it

216

00:09:44,930 --> 00:09:42,899

yeah we did uh Saving Private Ryan I

217

00:09:47,750 --> 00:09:44,940

watched that I watched a shattering

218

00:09:50,650 --> 00:09:47,760

movie uh incredible okay so my question

219

00:09:54,769 --> 00:09:50,660

is yeah

220

00:09:56,630 --> 00:09:54,779

it's Schindler's List the the the scenes

221

00:09:58,730 --> 00:09:56,640

with the girl with the red dress

222

00:10:02,990 --> 00:09:58,740

you know and you know when she's walking

223

00:10:05,150 --> 00:10:03,000

down the streets of uh Warsaw in the in

224

00:10:08,030 --> 00:10:05,160

the Nazis are you know hurting everybody

225

00:10:10,730 --> 00:10:08,040

up she's by herself in the red dress and

226

00:10:13,370 --> 00:10:10,740

then later on Schindler he sees her from

227

00:10:15,949 --> 00:10:13,380

the rooftop right and he takes note and

228

00:10:18,410 --> 00:10:15,959

then later he sees her in a

229

00:10:19,910 --> 00:10:18,420

she's dead you know in a pile of bodies

230

00:10:21,190 --> 00:10:19,920

on the wagon

231

00:10:24,290 --> 00:10:21,200

um okay

232

00:10:26,449 --> 00:10:24,300

what's your favorite Spielberg movie is

233

00:10:28,850 --> 00:10:26,459

there one that immediately comes to mind

234

00:10:32,449 --> 00:10:28,860

uh don't say jaws and don't say no no

235

00:10:33,650 --> 00:10:32,459

probably Saving Private Ryan yeah I

236

00:10:34,790 --> 00:10:33,660

really loved that movie it was an

237

00:10:36,470 --> 00:10:34,800

amazing movie

238

00:10:37,730 --> 00:10:36,480

I I don't know if it's the best one I

239

00:10:39,650 --> 00:10:37,740

ever saw by him but it's the one that

240

00:10:41,389 --> 00:10:39,660

stands out to me and it just

241

00:10:43,730 --> 00:10:41,399

I've seen it many times and it just kind

242

00:10:46,670 --> 00:10:43,740

of blew me away yeah just as you said

243

00:10:49,370 --> 00:10:46,680

that as I was asking the question there

244

00:10:50,870 --> 00:10:49,380

it is saving Saving Private Ryan was my

245

00:10:53,930 --> 00:10:50,880

favorite

246

00:10:56,569 --> 00:10:53,940

um so okay let's let's move on I just

247

00:10:59,150 --> 00:10:56,579

got back from you always make me laugh

248

00:11:01,150 --> 00:10:59,160

you don't even try you just make me

249

00:11:05,690 --> 00:11:01,160

laugh

250

00:11:07,970 --> 00:11:05,700

you just do it I I can't remember why we

251
00:11:10,310 --> 00:11:07,980
were laughing so hard last week in our

252
00:11:12,290 --> 00:11:10,320
text hold on for a second let me pull

253
00:11:14,750 --> 00:11:12,300
this up because you and I were killing

254
00:11:17,090 --> 00:11:14,760
each other oh oh that's right not that

255
00:11:26,230 --> 00:11:17,100
much I don't think so no no it was the

256
00:11:31,910 --> 00:11:29,210
we did uh we did bring out the the

257
00:11:34,310 --> 00:11:31,920
penguin urination yes for a brief period

258
00:11:36,350 --> 00:11:34,320
yeah and we were laughing at that

259
00:11:39,470 --> 00:11:36,360
um but we do make each other laugh man

260
00:11:42,350 --> 00:11:39,480
for sure I appreciate that I enjoy that

261
00:11:44,750 --> 00:11:42,360
uh especially when we come off of such a

262
00:11:47,509 --> 00:11:44,760
crazy serious weekend too as well to

263
00:11:49,610 --> 00:11:47,519

have some brevity and and stuff

264

00:11:53,030 --> 00:11:49,620

um I was at conscious life Expo Thursday

265

00:11:54,350 --> 00:11:53,040

Friday Saturday Sunday Monday and of

266

00:11:57,650 --> 00:11:54,360

course we know what happened Friday

267

00:12:01,310 --> 00:11:57,660

Saturday and Sunday and to have a UFO

268

00:12:03,530 --> 00:12:01,320

conference right a Consciousness UFO

269

00:12:06,110 --> 00:12:03,540

conference like that and I have this

270

00:12:08,210 --> 00:12:06,120

going on at the same time obviously

271

00:12:10,430 --> 00:12:08,220

everybody was talking about it and it

272

00:12:12,230 --> 00:12:10,440

was pretty strange to go through the

273

00:12:15,590 --> 00:12:12,240

weekend with this

274

00:12:18,230 --> 00:12:15,600

um as we start to do the Deep dive

275

00:12:20,750 --> 00:12:18,240

um Looking Back Now on the three days do

276

00:12:23,509 --> 00:12:20,760

you have an overall take as we get into

277

00:12:25,730 --> 00:12:23,519

this yep I do yeah what's your overall I

278

00:12:28,610 --> 00:12:25,740

did I did a thing on this uh on my my

279

00:12:31,310 --> 00:12:28,620

channel uh on YouTube last night

280

00:12:32,990 --> 00:12:31,320

um hey go take a look at my channel see

281

00:12:34,490 --> 00:12:33,000

what I have to say but I'll just say

282

00:12:35,990 --> 00:12:34,500

here

283

00:12:37,850 --> 00:12:36,000

um I put out a couple of different

284

00:12:41,930 --> 00:12:37,860

scenarios because I don't really think

285

00:12:43,970 --> 00:12:41,940

anyone actually knows exactly yet but

286

00:12:45,650 --> 00:12:43,980

we're developing some theories I'm going

287

00:12:47,090 --> 00:12:45,660

to give you my theory I don't know if I

288

00:12:49,250 --> 00:12:47,100

have time for it here before whatever

289

00:12:50,870 --> 00:12:49,260

you want to do a break but I think it's

290

00:12:53,690 --> 00:12:50,880

a combination of a few things that

291

00:12:55,610 --> 00:12:53,700

actually happened hey it's not UFOs

292

00:12:58,670 --> 00:12:55,620

when I hear people use talking about

293

00:13:00,769 --> 00:12:58,680

this as a UFO thing I mean maybe it is I

294

00:13:03,350 --> 00:13:00,779

don't think it is and I just find a lot

295

00:13:04,550 --> 00:13:03,360

of the UFO chat to be kind of cringy in

296

00:13:08,410 --> 00:13:04,560

my opinion

297

00:13:11,810 --> 00:13:08,420

I think what this is a geopolitical

298

00:13:13,190 --> 00:13:11,820

uh in a lot of ways distraction and in a

299

00:13:16,190 --> 00:13:13,200

lot of ways it's just something that

300

00:13:18,350 --> 00:13:16,200

blew up in a way that really I think

301
00:13:21,350 --> 00:13:18,360
would never have blown up in any other

302
00:13:23,990 --> 00:13:21,360
era so by that I mean

303
00:13:26,269 --> 00:13:24,000
balloons have been used as spycraft

304
00:13:28,550 --> 00:13:26,279
actually for quite some time

305
00:13:30,590 --> 00:13:28,560
you go back to the 1950s and 60s the

306
00:13:32,870 --> 00:13:30,600
United States flew hundreds of balloons

307
00:13:34,850 --> 00:13:32,880
over the Soviet Union for Espionage

308
00:13:37,970 --> 00:13:34,860
Soviets did the same thing over West

309
00:13:39,889 --> 00:13:37,980
Germany during the Cold War everyone has

310
00:13:41,269 --> 00:13:39,899
known that China uses balloons and and

311
00:13:43,250 --> 00:13:41,279
you think why would you use a balloon

312
00:13:45,769 --> 00:13:43,260
their satellites are so much better and

313
00:13:47,750 --> 00:13:45,779

yes satellites undoubtedly are better

314

00:13:52,190 --> 00:13:47,760

for a lot of things but balloons are

315

00:13:54,050 --> 00:13:52,200

cheap and balloons can uh you know as as

316

00:13:56,509 --> 00:13:54,060

I have learned in trying to study this

317

00:13:57,650 --> 00:13:56,519

and understand there are lots and lots

318

00:14:00,170 --> 00:13:57,660

of commercial balloons that have said

319

00:14:01,670 --> 00:14:00,180

Aloft all the time so if you have a spy

320

00:14:04,430 --> 00:14:01,680

balloon and you just want to send it

321

00:14:06,470 --> 00:14:04,440

over it it may not be that difficult for

322

00:14:08,449 --> 00:14:06,480

it to just go unnoticed even even by

323

00:14:10,129 --> 00:14:08,459

something like NORAD

324

00:14:11,810 --> 00:14:10,139

in fact one of the things I said last

325

00:14:15,170 --> 00:14:11,820

night I I'm probably going to want to

326

00:14:17,509 --> 00:14:15,180

correct because a very smart person

327

00:14:18,769 --> 00:14:17,519

uh pointed something out but essentially

328

00:14:21,350 --> 00:14:18,779

I'll just say

329

00:14:23,269 --> 00:14:21,360

NORAD

330

00:14:25,970 --> 00:14:23,279

has a lot of that balloon traffic

331

00:14:28,790 --> 00:14:25,980

filtered out because there's just too

332

00:14:30,829 --> 00:14:28,800

much there's too much traffic and so

333

00:14:33,470 --> 00:14:30,839

it's absolutely possible for spy

334

00:14:36,590 --> 00:14:33,480

balloons to be used and to be effective

335

00:14:39,530 --> 00:14:36,600

they can be and undoubtedly China does

336

00:14:41,569 --> 00:14:39,540

this now here's the thing

337

00:14:42,949 --> 00:14:41,579

we've known China has done this for many

338

00:14:45,949 --> 00:14:42,959

many years

339

00:14:48,590 --> 00:14:45,959

and no one was really having a

340

00:14:52,370 --> 00:14:48,600

conniption over it I found a quote uh

341

00:14:54,470 --> 00:14:52,380

yesterday morning from the head of the

342

00:14:55,250 --> 00:14:54,480

U.S I got this note right here in front

343

00:14:57,590 --> 00:14:55,260

of me

344

00:14:59,569 --> 00:14:57,600

he's he's chief of Air Force Central

345

00:15:02,750 --> 00:14:59,579

Command that's in the Middle East this

346

00:15:05,389 --> 00:15:02,760

is Lieutenant General Alexis grinkowich

347

00:15:07,490 --> 00:15:05,399

and I just saw an article about uh

348

00:15:08,810 --> 00:15:07,500

featuring him yesterday and he's talking

349

00:15:11,810 --> 00:15:08,820

about how

350

00:15:13,569 --> 00:15:11,820

we in the Middle East U.S command has

351
00:15:16,730 --> 00:15:13,579
been trapping tracking Chinese balloons

352
00:15:18,350 --> 00:15:16,740
for the longest time and he says the

353
00:15:20,930 --> 00:15:18,360
level of concern I have about them is

354
00:15:22,910 --> 00:15:20,940
extremely low it's not something I lose

355
00:15:24,829 --> 00:15:22,920
sleep over he had a few other things to

356
00:15:28,250 --> 00:15:24,839
say but that was basically it it's like

357
00:15:30,110 --> 00:15:28,260
we spy on the Chinese they spy on us we

358
00:15:32,449 --> 00:15:30,120
spy on the Russians they spy on us

359
00:15:33,769 --> 00:15:32,459
there's cyber warfare that goes back and

360
00:15:36,410 --> 00:15:33,779
forth there's all kinds of things we got

361
00:15:38,509 --> 00:15:36,420
spy satellites over there territory they

362
00:15:39,949 --> 00:15:38,519
have them over hours it's like everyone

363
00:15:42,170 --> 00:15:39,959

knows this

364

00:15:44,090 --> 00:15:42,180

are you going to start a war over every

365

00:15:46,250 --> 00:15:44,100

single time this happens that's a real

366

00:15:48,590 --> 00:15:46,260

question so the real question to ask is

367

00:15:52,790 --> 00:15:48,600

not is this something new

368

00:15:56,810 --> 00:15:52,800

but why is this a thing now

369

00:15:59,870 --> 00:15:56,820

why is this a thing now well okay and um

370

00:16:03,189 --> 00:15:59,880

I don't know if you're done but let me

371

00:16:07,009 --> 00:16:03,199

I'm done for now okay is this Richard

372

00:16:09,650 --> 00:16:07,019

but why missiles all all of a sudden

373

00:16:11,990 --> 00:16:09,660

what missiles am I missing something we

374

00:16:14,150 --> 00:16:12,000

shot we shot down three with missiles

375

00:16:16,850 --> 00:16:14,160

yeah yeah missiles over North America

376

00:16:18,829 --> 00:16:16,860

why why why this Sudden Change well

377

00:16:20,090 --> 00:16:18,839

that's not a good look let me think

378

00:16:21,170 --> 00:16:20,100

about this you got to think what the

379

00:16:23,090 --> 00:16:21,180

Russians and Chinese are thinking

380

00:16:26,030 --> 00:16:23,100

looking over in America right now

381

00:16:28,490 --> 00:16:26,040

oh I'm just stop and think

382

00:16:29,629 --> 00:16:28,500

uh and and really the the war in Eastern

383

00:16:30,769 --> 00:16:29,639

Europe and I don't want to get you in

384

00:16:34,069 --> 00:16:30,779

trouble

385

00:16:35,569 --> 00:16:34,079

night for everything that I said but

386

00:16:37,610 --> 00:16:35,579

basically it's part of my analysis

387

00:16:39,230 --> 00:16:37,620

because that war is not going well from

388

00:16:40,189 --> 00:16:39,240

a western point of view I'm just going

389

00:16:41,689 --> 00:16:40,199

to say this

390

00:16:43,730 --> 00:16:41,699

doesn't matter who you think is right or

391

00:16:46,370 --> 00:16:43,740

wrong it's irrelevant

392

00:16:55,389 --> 00:16:46,380

the facts on the ground do not look good

393

00:17:03,470 --> 00:17:00,590

this is a an A plus plus level crap show

394

00:17:06,409 --> 00:17:03,480

that will only get worse

395

00:17:07,669 --> 00:17:06,419

in the coming weeks and months and I

396

00:17:10,549 --> 00:17:07,679

guarantee it

397

00:17:11,929 --> 00:17:10,559

and you've got the crazy neocons who

398

00:17:13,429 --> 00:17:11,939

surround the president right now he's

399

00:17:14,809 --> 00:17:13,439

actually one of the crazy neocons but

400

00:17:15,949 --> 00:17:14,819

we've got all these all these crazy

401
00:17:18,590 --> 00:17:15,959
people

402
00:17:20,929 --> 00:17:18,600
who have pushed 100 plus billion dollars

403
00:17:22,429 --> 00:17:20,939
into the war all right that's that's the

404
00:17:23,870 --> 00:17:22,439
drop in the bucket compared with what we

405
00:17:26,090 --> 00:17:23,880
did in Afghanistan and Iraq but

406
00:17:29,210 --> 00:17:26,100
nonetheless it's a lot of money

407
00:17:31,850 --> 00:17:29,220
and and the whole thing's going Belly Up

408
00:17:34,789 --> 00:17:31,860
this is going sideways real fast

409
00:17:36,770 --> 00:17:34,799
really fast and I am

410
00:17:39,169 --> 00:17:36,780
I would not be surprised if you have

411
00:17:41,270 --> 00:17:39,179
some people thinking uh let's move some

412
00:17:42,470 --> 00:17:41,280
eyeballs away from this and we got to

413
00:17:44,450 --> 00:17:42,480

move towards China because that's really

414

00:17:45,830 --> 00:17:44,460

what we're going to be doing that's the

415

00:17:47,750 --> 00:17:45,840

real issue

416

00:17:50,029 --> 00:17:47,760

China is an actual problem from for the

417

00:17:51,350 --> 00:17:50,039

usgo strategically and it's all has to

418

00:17:52,970 --> 00:17:51,360

do with Taiwan

419

00:17:54,289 --> 00:17:52,980

you got all the semiconductors being

420

00:17:56,810 --> 00:17:54,299

made there

421

00:18:00,049 --> 00:17:56,820

a lot of semiconductors we're in an era

422

00:18:02,690 --> 00:18:00,059

where AI is now got Wings it's taking

423

00:18:04,370 --> 00:18:02,700

off and those semiconductors are more

424

00:18:06,230 --> 00:18:04,380

important than ever and they're all made

425

00:18:08,210 --> 00:18:06,240

in that little island like less than 100

426
00:18:10,310 --> 00:18:08,220
miles off the coast of China that China

427
00:18:13,070 --> 00:18:10,320
says that's our country

428
00:18:17,270 --> 00:18:13,080
and America's like no it isn't and

429
00:18:20,750 --> 00:18:19,010
you know China's looking at the United

430
00:18:22,549 --> 00:18:20,760
States right now

431
00:18:24,169 --> 00:18:22,559
our manufacturing infrastructure for

432
00:18:25,970 --> 00:18:24,179
weapons is shot

433
00:18:28,190 --> 00:18:25,980
that's a fact

434
00:18:29,390 --> 00:18:28,200
we've been building for the wrong kind

435
00:18:30,830 --> 00:18:29,400
of a war

436
00:18:32,810 --> 00:18:30,840
we've been fighting Wars for the last 20

437
00:18:36,409 --> 00:18:32,820
years against guys in the desert aren't

438
00:18:38,930 --> 00:18:36,419

with AK-47s not peer level armies that

439

00:18:40,669 --> 00:18:38,940

have S 400 anti-aircraft rocket systems

440

00:18:42,710 --> 00:18:40,679

that'll shoot your aircraft out of the

441

00:18:46,310 --> 00:18:42,720

sky and much more and we can't produce

442

00:18:48,350 --> 00:18:46,320

the amount our military manufacturing

443

00:18:49,430 --> 00:18:48,360

system is totally different than what

444

00:18:51,470 --> 00:18:49,440

Russia has

445

00:18:53,330 --> 00:18:51,480

and what China has for that matter so

446

00:18:55,190 --> 00:18:53,340

they're able to produce this is like a

447

00:18:57,169 --> 00:18:55,200

real shocking turnaround I don't think

448

00:18:58,669 --> 00:18:57,179

most people are aware so my point is

449

00:19:02,090 --> 00:18:58,679

very simple

450

00:19:03,350 --> 00:19:02,100

this whole thing is going down real fast

451
00:19:06,169 --> 00:19:03,360
and

452
00:19:08,270 --> 00:19:06,179
right now it's all about Optics it's it

453
00:19:09,529 --> 00:19:08,280
can only be about managing public

454
00:19:10,909 --> 00:19:09,539
perception

455
00:19:12,890 --> 00:19:10,919
and so

456
00:19:13,970 --> 00:19:12,900
what I believe actually happened this is

457
00:19:16,070 --> 00:19:13,980
my theory

458
00:19:19,130 --> 00:19:16,080
the first balloon

459
00:19:20,690 --> 00:19:19,140
was spotted I think by civilians am I

460
00:19:21,890 --> 00:19:20,700
wrong here I think civilians spotted it

461
00:19:25,010 --> 00:19:21,900
in Montana

462
00:19:28,789 --> 00:19:25,020
and it became a thing

463
00:19:30,950 --> 00:19:28,799

this was an unexpected like and for

464

00:19:32,750 --> 00:19:30,960

several days the Nations like to Biden

465

00:19:34,430 --> 00:19:32,760

why aren't you shooting this down all

466

00:19:36,169 --> 00:19:34,440

the um you know the Republicans

467

00:19:37,970 --> 00:19:36,179

especially who hate Biden they want to

468

00:19:40,250 --> 00:19:37,980

take him down it's like this is invading

469

00:19:42,230 --> 00:19:40,260

our sovereignty like

470

00:19:43,970 --> 00:19:42,240

so says the nation that invades

471

00:19:45,770 --> 00:19:43,980

everyone's sovereignty but we'll just

472

00:19:48,409 --> 00:19:45,780

leave that aside for the moment this is

473

00:19:50,930 --> 00:19:48,419

our violation of our sovereignty and

474

00:19:53,150 --> 00:19:50,940

what are you going to do about it so

475

00:19:55,130 --> 00:19:53,160

he had to shoot it down

476

00:19:56,810 --> 00:19:55,140

I would bet ten to one odds that the

477

00:19:58,370 --> 00:19:56,820

military itself is thinking we don't

478

00:20:00,230 --> 00:19:58,380

really want to do this but this is all

479

00:20:01,850 --> 00:20:00,240

white house like they had to do it for

480

00:20:04,669 --> 00:20:01,860

political Optics because you can't

481

00:20:06,409 --> 00:20:04,679

appear weak because you're barely

482

00:20:09,549 --> 00:20:06,419

hanging on by your fingernails to your

483

00:20:12,350 --> 00:20:09,559

reputation in Eastern Europe right now

484

00:20:13,970 --> 00:20:12,360

so so we got to look strong and shoot

485

00:20:16,669 --> 00:20:13,980

the balloon out of the sky and then once

486

00:20:18,529 --> 00:20:16,679

you get the first one now everyone is

487

00:20:20,870 --> 00:20:18,539

aware of the balloons so now there's

488

00:20:22,549 --> 00:20:20,880

balloon number two the next day balloon

489

00:20:26,169 --> 00:20:22,559

number three the day after that and

490

00:20:31,909 --> 00:20:30,110

have they run out of targets I was I was

491

00:20:34,850 --> 00:20:31,919

pretty surprised we didn't have anything

492

00:20:37,549 --> 00:20:34,860

on Monday Tuesday or tonight

493

00:20:39,890 --> 00:20:37,559

yeah well I mean if you know what I'm

494

00:20:42,230 --> 00:20:39,900

saying I I expected this trend to

495

00:20:45,049 --> 00:20:42,240

continue I mean why stop you got to look

496

00:20:46,669 --> 00:20:45,059

how how farcical and foolish this looks

497

00:20:48,770 --> 00:20:46,679

a lot of people in the UFO Community

498

00:20:50,810 --> 00:20:48,780

like they're getting excited it's like

499

00:20:53,930 --> 00:20:50,820

hey UFOs are being mentioned in the news

500

00:20:55,850 --> 00:20:53,940

maybe These Are UFOs they're not UFOs if

501
00:20:59,350 --> 00:20:55,860
they were actual UFOs you wouldn't shoot

502
00:21:05,870 --> 00:21:03,529
okay okay not not real UFOs I mean I'm

503
00:21:08,270 --> 00:21:05,880
not saying a real UFO has never been

504
00:21:10,990 --> 00:21:08,280
shot down but four for four not

505
00:21:13,310 --> 00:21:11,000
happening yeah yeah that doesn't happen

506
00:21:15,350 --> 00:21:13,320
yeah suddenly they're running in slow

507
00:21:18,590 --> 00:21:15,360
motion like they're in a giant tank of

508
00:21:20,690 --> 00:21:18,600
Canadian molasses right it's it just

509
00:21:22,630 --> 00:21:20,700
doesn't make any sense but

510
00:21:27,549 --> 00:21:22,640
here's the thing

511
00:21:30,830 --> 00:21:27,559
uh at least from uh you know my Optics

512
00:21:32,690 --> 00:21:30,840
uh like three or three or four mistakes

513
00:21:34,130 --> 00:21:32,700

have been made so let's go to the first

514

00:21:37,010 --> 00:21:34,140

one

515

00:21:42,049 --> 00:21:37,020

um which is the Department of Defense

516

00:21:43,789 --> 00:21:42,059

and odni I have been putting uaps out

517

00:21:45,909 --> 00:21:43,799

front with reports and public hearings

518

00:21:48,649 --> 00:21:45,919

and conversation and foyers and then

519

00:21:53,330 --> 00:21:48,659

leaked video you know so that's been out

520

00:21:55,909 --> 00:21:53,340

there and and then when stuff starts

521

00:21:58,370 --> 00:21:55,919

getting shot out of the sky they've

522

00:22:00,649 --> 00:21:58,380

created their own problem right where

523

00:22:02,029 --> 00:22:00,659

they've done this where you know all of

524

00:22:04,610 --> 00:22:02,039

this has been talked about and now

525

00:22:06,470 --> 00:22:04,620

suddenly uh we're shooting stuff out of

526

00:22:09,049 --> 00:22:06,480

the sky and now they have to backpedal

527

00:22:11,750 --> 00:22:09,059

when the public is going what's going on

528

00:22:14,330 --> 00:22:11,760

well you've you've prepped us for this

529

00:22:16,250 --> 00:22:14,340

for so long that of course we're going

530

00:22:18,230 --> 00:22:16,260

to ask if these are

531

00:22:21,049 --> 00:22:18,240

ET or alien because this is all you've

532

00:22:23,570 --> 00:22:21,059

been talking about since 2017 right so

533

00:22:26,149 --> 00:22:23,580

did they create this problem for

534

00:22:28,850 --> 00:22:26,159

themselves uh it was kind of created for

535

00:22:30,830 --> 00:22:28,860

them I I still do not believe that the

536

00:22:33,049 --> 00:22:30,840

Navy voluntarily said hey we're going to

537

00:22:35,750 --> 00:22:33,059

start talking to the public about UFOs I

538

00:22:36,890 --> 00:22:35,760

don't believe that what I think is that

539

00:22:39,830 --> 00:22:36,900

their

540

00:22:41,630 --> 00:22:39,840

are always factions always factions

541

00:22:43,970 --> 00:22:41,640

within the National Security State and

542

00:22:45,590 --> 00:22:43,980

we had the Elizondo Mellon and the tsa

543

00:22:47,330 --> 00:22:45,600

faction

544

00:22:49,490 --> 00:22:47,340

yeah they have intelligence connections

545

00:22:51,890 --> 00:22:49,500

but they also had enemies

546

00:22:55,190 --> 00:22:51,900

they had friends they had enemies they

547

00:22:56,570 --> 00:22:55,200

were able to get the UFO UAP matter out

548

00:22:58,190 --> 00:22:56,580

to the public they had help from people

549

00:23:01,370 --> 00:22:58,200

like Leslie Kane and Ralph Blumenthal

550

00:23:05,210 --> 00:23:01,380

and they made they made a breakthrough

551
00:23:07,970 --> 00:23:05,220
and so that forced the Pentagon and the

552
00:23:09,350 --> 00:23:07,980
Navy into eventually having to do

553
00:23:12,649 --> 00:23:09,360
something about it if you remember for

554
00:23:14,990 --> 00:23:12,659
the whole first year and a half uh it

555
00:23:17,930 --> 00:23:15,000
was one attack on those guys after

556
00:23:19,789 --> 00:23:17,940
another I remember one time uh you you

557
00:23:21,890 --> 00:23:19,799
cornered me I think it was at contact in

558
00:23:24,350 --> 00:23:21,900
the desert a few years ago when the

559
00:23:26,750 --> 00:23:24,360
Pentagon was calling Elizondo a liar

560
00:23:28,789 --> 00:23:26,760
saying he'd never run atip

561
00:23:30,649 --> 00:23:28,799
well that was a lie

562
00:23:32,330 --> 00:23:30,659
but the the fact was that there was an

563
00:23:35,090 --> 00:23:32,340

information war going on behind the

564

00:23:37,370 --> 00:23:35,100

scenes and so the Pentagon got dragged

565

00:23:40,250 --> 00:23:37,380

into this and I think that they've done

566

00:23:41,870 --> 00:23:40,260

a masterful job of handling the pr right

567

00:23:43,130 --> 00:23:41,880

they've take they've taken control of

568

00:23:46,430 --> 00:23:43,140

the narrative

569

00:23:48,710 --> 00:23:46,440

so but but they I think if they really

570

00:23:50,690 --> 00:23:48,720

had things the way they wanted we'd be

571

00:23:52,490 --> 00:23:50,700

in you know where we were in 2016 and

572

00:23:54,770 --> 00:23:52,500

2015 and before that I think that that

573

00:23:56,270 --> 00:23:54,780

was the ideal for them but now that it's

574

00:23:58,789 --> 00:23:56,280

been brought out it's been made a little

575

00:24:00,710 --> 00:23:58,799

bit of a public thing yeah they they are

576

00:24:03,409 --> 00:24:00,720

working with that and they are using

577

00:24:06,470 --> 00:24:03,419

that to their advantage so now yes UFOs

578

00:24:08,210 --> 00:24:06,480

UAP they're not the kiss of death in the

579

00:24:09,830 --> 00:24:08,220

media that they once were

580

00:24:11,750 --> 00:24:09,840

you can talk about them and know people

581

00:24:14,930 --> 00:24:11,760

aren't going to laugh at you so it is

582

00:24:17,630 --> 00:24:14,940

out there now and this is part of the

583

00:24:19,549 --> 00:24:17,640

result it's like yes the public is aware

584

00:24:22,190 --> 00:24:19,559

this is what happened in the old days of

585

00:24:23,990 --> 00:24:22,200

Project Blue Book back in the 1940s and

586

00:24:29,570 --> 00:24:24,000

50s and 60s

587

00:24:31,850 --> 00:24:29,580

in this really tough spot on the one

588

00:24:33,370 --> 00:24:31,860

hand they would say to the public these

589

00:24:35,810 --> 00:24:33,380

UFOs are hoaxes hallucinations

590

00:24:37,909 --> 00:24:35,820

misidentifications and so forth but the

591

00:24:40,370 --> 00:24:37,919

problem that they always had was yeah

592

00:24:41,990 --> 00:24:40,380

but why do you have Project Blue Book to

593

00:24:45,049 --> 00:24:42,000

investigate these things if you think

594

00:24:47,029 --> 00:24:45,059

there's nothing to it why and and the

595

00:24:48,710 --> 00:24:47,039

fact was the Air Force never had a good

596

00:24:50,930 --> 00:24:48,720

answer for that they kept trying to

597

00:24:53,149 --> 00:24:50,940

unload Blue Book for years they finally

598

00:24:55,909 --> 00:24:53,159

succeeded at the end of the 60s but it

599

00:24:57,590 --> 00:24:55,919

took them a while and and we're finding

600

00:24:59,330 --> 00:24:57,600

the military in a similar position again

601
00:25:03,830 --> 00:24:59,340
now so they

602
00:25:06,470 --> 00:25:03,840
you know they're they never once have

603
00:25:08,270 --> 00:25:06,480
pressed the Red Alien alarm button and

604
00:25:09,710 --> 00:25:08,280
said Run for the hills the aliens are

605
00:25:12,950 --> 00:25:09,720
here they don't do that they everything

606
00:25:14,630 --> 00:25:12,960
they say plays it down everything and

607
00:25:18,169 --> 00:25:14,640
what's interesting well the last thing

608
00:25:21,110 --> 00:25:18,179
I'll say Okay UFOs are now they're

609
00:25:22,970 --> 00:25:21,120
they're using balloons and they're

610
00:25:24,590 --> 00:25:22,980
describing them as UFOs

611
00:25:27,830 --> 00:25:24,600
ask yourself

612
00:25:30,649 --> 00:25:27,840
what's that all about why are they why

613
00:25:32,149 --> 00:25:30,659

are they using the phrase UFO to

614

00:25:35,149 --> 00:25:32,159

describe something that are clearly

615

00:25:37,850 --> 00:25:35,159

balloons and clearly either Chinese

616

00:25:40,669 --> 00:25:37,860

surveillance or maybe us drones who the

617

00:25:42,409 --> 00:25:40,679

hell knows but they're not UFOs but and

618

00:25:44,570 --> 00:25:42,419

they know that but they're using the

619

00:25:46,490 --> 00:25:44,580

phrase UFO wow that's right that's right

620

00:25:48,950 --> 00:25:46,500

and so

621

00:25:51,909 --> 00:25:48,960

um a couple of weeks ago

622

00:25:55,190 --> 00:25:51,919

um I called you up out of the blue

623

00:25:57,169 --> 00:25:55,200

to uh compliment to and talk to you

624

00:25:58,669 --> 00:25:57,179

about UFOs and National Security State

625

00:26:00,950 --> 00:25:58,679

volume one and that you know I was

626

00:26:03,890 --> 00:26:00,960

reading it for like yeah that was great

627

00:26:08,390 --> 00:26:03,900

and and and we talked a little bit then

628

00:26:10,730 --> 00:26:08,400

about how you wrote that in 2000

629

00:26:12,830 --> 00:26:10,740

published the first edition in 2000 I

630

00:26:15,110 --> 00:26:12,840

actually wrote it in the late 90s okay

631

00:26:18,649 --> 00:26:15,120

starting from no knowledge that was my

632

00:26:20,750 --> 00:26:18,659

education that book but the way uh and

633

00:26:23,149 --> 00:26:20,760

the the subject and the way that it's

634

00:26:24,529 --> 00:26:23,159

approached in that book which is now 23

635

00:26:26,810 --> 00:26:24,539

years ago

636

00:26:29,870 --> 00:26:26,820

we're reliving it right now it's it's

637

00:26:32,510 --> 00:26:29,880

pretty shocking to to see

638

00:26:34,310 --> 00:26:32,520

um how accurate your analysis was and

639

00:26:35,870 --> 00:26:34,320

for telling the future on this and that

640

00:26:36,769 --> 00:26:35,880

I find that an extremely compelling

641

00:26:38,750 --> 00:26:36,779

Richard

642

00:26:42,169 --> 00:26:38,760

I'll have to reread it myself now but

643

00:26:44,090 --> 00:26:42,179

yeah thank you that's right okay but but

644

00:26:45,950 --> 00:26:44,100

okay so that was mistake number one in

645

00:26:47,870 --> 00:26:45,960

my opinion and they're dealing with that

646

00:26:49,130 --> 00:26:47,880

wait wait mistake number one I just want

647

00:26:50,350 --> 00:26:49,140

to make sure I'm following you it's

648

00:26:53,390 --> 00:26:50,360

shooting them down

649

00:26:55,010 --> 00:26:53,400

that we've had UFOs and new APS in the

650

00:26:57,049 --> 00:26:55,020

conversation the public eye for the last

651
00:26:59,330 --> 00:26:57,059
five years suddenly this starts

652
00:27:00,890 --> 00:26:59,340
happening missiles well it's on

653
00:27:02,450 --> 00:27:00,900
everybody's mind and so the questions

654
00:27:05,510 --> 00:27:02,460
are going to come back to the Department

655
00:27:07,730 --> 00:27:05,520
of Defense about what is actually going

656
00:27:10,490 --> 00:27:07,740
on that I think that's mistake number

657
00:27:15,590 --> 00:27:10,500
one mistake number two

658
00:27:16,850 --> 00:27:15,600
they have not released a single image or

659
00:27:20,570 --> 00:27:16,860
video

660
00:27:23,630 --> 00:27:20,580
I don't understand that and if you're if

661
00:27:27,970 --> 00:27:23,640
they are telling us that they are

662
00:27:30,350 --> 00:27:27,980
acquiring uh a Target

663
00:27:33,830 --> 00:27:30,360

scrambling Jets

664

00:27:36,110 --> 00:27:33,840

and not getting Imaging of these before

665

00:27:39,230 --> 00:27:36,120

they shoot them down that's [h__h] but

666

00:27:41,690 --> 00:27:39,240

that's not true and so right now with

667

00:27:43,210 --> 00:27:41,700

missiles flying over North America then

668

00:27:45,289 --> 00:27:43,220

I think that the American public

669

00:27:49,549 --> 00:27:45,299

deserves to see what we are shooting

670

00:27:51,470 --> 00:27:49,559

down and yeah why I I think this is a

671

00:27:53,210 --> 00:27:51,480

huge mistake yeah they've State the

672

00:27:55,730 --> 00:27:53,220

official statement if I'm if unless I'm

673

00:27:58,730 --> 00:27:55,740

wrong is that the the numbers two three

674

00:28:01,370 --> 00:27:58,740

and four they have not recovered no

675

00:28:04,310 --> 00:28:01,380

didn't they say that when they were yes

676

00:28:05,870 --> 00:28:04,320

hold on that's Point number three so

677

00:28:08,390 --> 00:28:05,880

we're gonna that's Point number three

678

00:28:11,810 --> 00:28:08,400

but Point number two you know that

679

00:28:14,810 --> 00:28:11,820

they've shot video and captured still

680

00:28:17,990 --> 00:28:14,820

images of these objects and have not

681

00:28:21,049 --> 00:28:18,000

released anything if it's just

682

00:28:22,669 --> 00:28:21,059

commercial balloons gone astray

683

00:28:24,529 --> 00:28:22,679

release the pictures

684

00:28:26,149 --> 00:28:24,539

that's an interesting point I would say

685

00:28:28,789 --> 00:28:26,159

this

686

00:28:30,350 --> 00:28:28,799

uh from their point of view

687

00:28:32,029 --> 00:28:30,360

I mean think about it you're in you're

688

00:28:35,149 --> 00:28:32,039

an authoritarian government

689

00:28:37,250 --> 00:28:35,159

that uh you're in the middle of a

690

00:28:39,769 --> 00:28:37,260

revolution against your people

691

00:28:41,830 --> 00:28:39,779

part of a worldwide phenomenon uh you

692

00:28:45,649 --> 00:28:41,840

don't want to get into the habit of over

693

00:28:47,149 --> 00:28:45,659

sharing with your public right so you do

694

00:28:48,470 --> 00:28:47,159

you want to do you want the people to be

695

00:28:50,450 --> 00:28:48,480

used to the idea that you're just going

696

00:28:52,909 --> 00:28:50,460

to share information with them probably

697

00:28:55,130 --> 00:28:52,919

not so that's probably their motivation

698

00:28:56,630 --> 00:28:55,140

uh are they actually hiding something I

699

00:28:58,610 --> 00:28:56,640

I don't think they're hiding the fact

700

00:29:01,010 --> 00:28:58,620

that these are alien craft

701
00:29:02,950 --> 00:29:01,020
I just I just don't believe it now let

702
00:29:05,450 --> 00:29:02,960
me just say

703
00:29:08,750 --> 00:29:05,460
someone's gonna have to do some foia

704
00:29:11,210 --> 00:29:08,760
to see what information can be obtained

705
00:29:13,250 --> 00:29:11,220
so it it wouldn't it's honestly it's

706
00:29:14,990 --> 00:29:13,260
really not appropriate for me to say

707
00:29:17,330 --> 00:29:15,000
that I know for a fact that they're not

708
00:29:21,669 --> 00:29:17,340
genuine UFOs but I will say I don't

709
00:29:26,870 --> 00:29:24,830
when you combine the comments you know

710
00:29:28,490 --> 00:29:26,880
that have come out publicly about this

711
00:29:30,289 --> 00:29:28,500
and everything's been you know very

712
00:29:32,990 --> 00:29:30,299
limited and we all know that the

713
00:29:34,310 --> 00:29:33,000

information is has been spare spares

714

00:29:35,950 --> 00:29:34,320

sparse

715

00:29:39,350 --> 00:29:35,960

um but

716

00:29:42,350 --> 00:29:39,360

no images and if you are going to say

717

00:29:44,029 --> 00:29:42,360

and these quotes are out there now we

718

00:29:46,730 --> 00:29:44,039

have determined that they were harmless

719

00:29:48,470 --> 00:29:46,740

and that these were either commercial or

720

00:29:51,470 --> 00:29:48,480

private balloons

721

00:29:52,850 --> 00:29:51,480

release the photographs release well

722

00:29:55,370 --> 00:29:52,860

there's a couple of other possibilities

723

00:29:59,630 --> 00:29:55,380

here Jimmy well I didn't get too I

724

00:30:01,490 --> 00:29:59,640

didn't get to three and four so so

725

00:30:02,990 --> 00:30:01,500

um I'm gonna skip over three because you

726

00:30:06,470 --> 00:30:03,000

kind of mentioned it let's go to four

727

00:30:07,389 --> 00:30:06,480

there was a quote uh two days ago on

728

00:30:10,730 --> 00:30:07,399

Monday

729

00:30:13,130 --> 00:30:10,740

uh at one of the press conferences with

730

00:30:15,049 --> 00:30:13,140

a general I'm going to paraphrase I

731

00:30:17,690 --> 00:30:15,059

don't have it out in front of me but he

732

00:30:21,470 --> 00:30:17,700

literally said to the Press Corps

733

00:30:22,970 --> 00:30:21,480

I can't say it wasn't aliens

734

00:30:25,130 --> 00:30:22,980

and and I'm like wait wait wait wait

735

00:30:28,310 --> 00:30:25,140

wait wait wait wait you just said

736

00:30:31,669 --> 00:30:28,320

harmless not him uh uh what's her name

737

00:30:33,669 --> 00:30:31,679

uh from uh uh the White House

738

00:30:36,710 --> 00:30:33,679

um

739

00:30:38,389 --> 00:30:36,720

Jean-Pierre so uh you know you've got

740

00:30:40,669 --> 00:30:38,399

that and then you're gonna step up and

741

00:30:44,330 --> 00:30:40,679

say well you know I I can't say that

742

00:30:46,789 --> 00:30:44,340

it's not aliens but it's this mixed

743

00:30:49,789 --> 00:30:46,799

message and then and then if we're gonna

744

00:30:51,169 --> 00:30:49,799

get to the fifth one uh fifth point

745

00:30:56,210 --> 00:30:51,179

which is

746

00:30:58,909 --> 00:30:56,220

to suggest in any way I don't care if a

747

00:31:00,889 --> 00:30:58,919

Cessna goes down some small plane in the

748

00:31:04,250 --> 00:31:00,899

Rocky Mountains in some remote region or

749

00:31:06,769 --> 00:31:04,260

the Yukon or whatever FAA Canadian

750

00:31:08,870 --> 00:31:06,779

authorities all over that investigating

751

00:31:10,430 --> 00:31:08,880

it retrieving the debris laying it out

752

00:31:13,130 --> 00:31:10,440

in an airplane Hangar and figuring out

753

00:31:15,769 --> 00:31:13,140

what's going on minutes after they will

754

00:31:18,590 --> 00:31:15,779

arrive and get there and somehow do

755

00:31:21,649 --> 00:31:18,600

everything that they can but we shoot

756

00:31:23,409 --> 00:31:21,659

down three well we can call it four but

757

00:31:27,049 --> 00:31:23,419

I'm talking about the three this weekend

758

00:31:29,090 --> 00:31:27,059

and to respond back that we shot stuff

759

00:31:31,970 --> 00:31:29,100

down with missiles and we may never

760

00:31:34,850 --> 00:31:31,980

recover the debris that's [h__\h] it's

761

00:31:38,149 --> 00:31:34,860

[h__\h] they've got it now there is no

762

00:31:40,190 --> 00:31:38,159

way that they don't if if they actually

763

00:31:41,990 --> 00:31:40,200

shot down three I mean I don't really

764

00:31:44,450 --> 00:31:42,000

know if they did

765

00:31:46,370 --> 00:31:44,460

no one really knows

766

00:31:47,750 --> 00:31:46,380

I I don't know how truthful these people

767

00:31:49,370 --> 00:31:47,760

are these are the people who blew up the

768

00:31:53,029 --> 00:31:49,380

nordstrain pipeline

769

00:31:54,590 --> 00:31:53,039

there let's not go there here we go I

770

00:31:56,630 --> 00:31:54,600

don't watch that but these are these are

771

00:31:59,570 --> 00:31:56,640

the I'm just saying you cannot expect

772

00:32:00,769 --> 00:31:59,580

honesty in any way

773

00:32:03,470 --> 00:32:00,779

to come out of the United States

774

00:32:05,870 --> 00:32:03,480

government I'm sorry you can't this is

775

00:32:08,570 --> 00:32:05,880

not these are not honest players

776

00:32:11,330 --> 00:32:08,580

and so this leads into

777

00:32:12,889 --> 00:32:11,340

a couple of my other scenarios scenario

778

00:32:15,409 --> 00:32:12,899

number one is what I what I said earlier

779

00:32:17,690 --> 00:32:15,419

which is a civilian saw it it became a

780

00:32:18,889 --> 00:32:17,700

big thing and the Biden White House felt

781

00:32:21,350 --> 00:32:18,899

like ah crap we got to do something

782

00:32:24,590 --> 00:32:21,360

about this which I do think

783

00:32:28,250 --> 00:32:24,600

is part of it but I also think that this

784

00:32:32,210 --> 00:32:28,260

is part of a uh a pivot

785

00:32:35,029 --> 00:32:32,220

well I guess it is a pivot really away

786

00:32:36,409 --> 00:32:35,039

a slow pivot but a pivot away from the

787

00:32:38,389 --> 00:32:36,419

debacle that's happening in Eastern

788

00:32:40,669 --> 00:32:38,399

Europe onward to the next debacle which

789

00:32:41,930 --> 00:32:40,679

will be over probably China and Taiwan I

790

00:32:44,450 --> 00:32:41,940

think they're going to move to that you

791

00:32:45,769 --> 00:32:44,460

had Mark milley who's uh you know

792

00:32:48,049 --> 00:32:45,779

this is

793

00:32:51,470 --> 00:32:48,059

Joint Chiefs what is he he's saying you

794

00:32:53,810 --> 00:32:51,480

know China 2025 could be a war

795

00:32:55,909 --> 00:32:53,820

it's insane but this is how these people

796

00:32:59,450 --> 00:32:55,919

think so they're they're clearly looking

797

00:33:01,850 --> 00:32:59,460

for the next engagement and and China is

798

00:33:03,409 --> 00:33:01,860

important Taiwan is important it

799

00:33:04,909 --> 00:33:03,419

actually really really is it's very

800

00:33:06,649 --> 00:33:04,919

important to China and it's very

801
00:33:08,269 --> 00:33:06,659
important to the United States

802
00:33:09,230 --> 00:33:08,279
that's a problem that's not going to go

803
00:33:12,769 --> 00:33:09,240
away

804
00:33:15,289 --> 00:33:12,779
and so you could see maybe the US is

805
00:33:16,190 --> 00:33:15,299
trying to just build up build up the

806
00:33:19,310 --> 00:33:16,200
tension

807
00:33:21,590 --> 00:33:19,320
to justify something against China

808
00:33:23,149 --> 00:33:21,600
I mean I assume that China had

809
00:33:25,310 --> 00:33:23,159
surveillance balloons at least the first

810
00:33:27,830 --> 00:33:25,320
one I am

811
00:33:30,110 --> 00:33:27,840
quite likely to believe that that was a

812
00:33:31,210 --> 00:33:30,120
Chinese Bible in

813
00:33:33,470 --> 00:33:31,220

um they say It was a commercial

814

00:33:35,149 --> 00:33:33,480

meteorological balloon day it's probably

815

00:33:37,610 --> 00:33:35,159

a spider

816

00:33:39,649 --> 00:33:37,620

but the next three it's it is very odd

817

00:33:42,169 --> 00:33:39,659

and

818

00:33:46,190 --> 00:33:42,179

I could easily see this being just pure

819

00:33:48,110 --> 00:33:46,200

Optics as a way to ramp up tensions with

820

00:33:49,310 --> 00:33:48,120

those individuals on the other side of

821

00:33:50,570 --> 00:33:49,320

the world

822

00:33:52,549 --> 00:33:50,580

China

823

00:33:53,930 --> 00:33:52,559

I think that's what very likely is

824

00:33:56,269 --> 00:33:53,940

happening

825

00:33:59,750 --> 00:33:56,279

if um

826

00:34:02,450 --> 00:33:59,760

China responded or did a press release

827

00:34:07,490 --> 00:34:02,460

two days ago I'm sure you saw it that

828

00:34:11,510 --> 00:34:07,500

they now have their own UFO slash uh spy

829

00:34:13,790 --> 00:34:11,520

balloon uh cruising uh past Beijing and

830

00:34:16,369 --> 00:34:13,800

they they have determined that they were

831

00:34:18,770 --> 00:34:16,379

going to shoot it down right and you

832

00:34:21,230 --> 00:34:18,780

know a little bit for Tad thing

833

00:34:23,329 --> 00:34:21,240

um they responded to us that it was a

834

00:34:25,310 --> 00:34:23,339

commercial weather balloon and this is

835

00:34:27,950 --> 00:34:25,320

wrong and we should shouldn't have shot

836

00:34:29,270 --> 00:34:27,960

it down are we going to say anything if

837

00:34:31,149 --> 00:34:29,280

this turns out to be one of our

838

00:34:33,710 --> 00:34:31,159

surveillance balloons

839

00:34:35,570 --> 00:34:33,720

I'm sure he won't and the American

840

00:34:38,510 --> 00:34:35,580

people will never hear about it yeah

841

00:34:40,970 --> 00:34:38,520

yeah I mean we won't give her crap China

842

00:34:42,649 --> 00:34:40,980

said that uh I mean who knows what's

843

00:34:44,990 --> 00:34:42,659

true and what's not true but China said

844

00:34:48,530 --> 00:34:45,000

a few days ago that in the past 12

845

00:34:50,329 --> 00:34:48,540

months that they had tracked 10 U.S

846

00:34:52,849 --> 00:34:50,339

spyballoons over their country

847

00:34:54,710 --> 00:34:52,859

did they really I don't know could they

848

00:34:56,030 --> 00:34:54,720

have sure of course they could have

849

00:34:58,790 --> 00:34:56,040

I don't know if that's what the US

850

00:35:00,950 --> 00:34:58,800

really does but I wouldn't see it as

851

00:35:02,270 --> 00:35:00,960

impossible yeah like I said balloons

852

00:35:05,570 --> 00:35:02,280

could be useful they're more useful than

853

00:35:08,450 --> 00:35:05,580

we than we may have realized or up in um

854

00:35:10,550 --> 00:35:08,460

in Seattle at the Boeing uh Factory they

855

00:35:12,349 --> 00:35:10,560

have the Boeing Museum it's

856

00:35:14,990 --> 00:35:12,359

freaking incredible but one of the

857

00:35:18,109 --> 00:35:15,000

things that they have at that Air Museum

858

00:35:19,790 --> 00:35:18,119

is they have an SR-71 we've all seen

859

00:35:22,190 --> 00:35:19,800

them I've got a couple down the street I

860

00:35:23,630 --> 00:35:22,200

drive past them all the time now but

861

00:35:25,849 --> 00:35:23,640

back then it was pretty special to me

862

00:35:27,290 --> 00:35:25,859

right it's kind of a rare thing so I go

863

00:35:31,010 --> 00:35:27,300

to the museum and there it is but that

864

00:35:35,510 --> 00:35:31,020

wasn't what caught my eye Richard next

865

00:35:37,970 --> 00:35:35,520

to it was the Drone the stealth drone

866

00:35:41,930 --> 00:35:37,980

that was built to Launch

867

00:35:44,210 --> 00:35:41,940

off of the SR-71 and the 60s I at the

868

00:35:46,550 --> 00:35:44,220

time I had never heard of it so I go and

869

00:35:49,130 --> 00:35:46,560

I look it looks like a miniature SR-71

870

00:35:51,349 --> 00:35:49,140

I'll come up with the name of it here in

871

00:35:52,430 --> 00:35:51,359

a second as you respond to this I'll

872

00:35:54,589 --> 00:35:52,440

look it up

873

00:35:56,870 --> 00:35:54,599

um but it wasn't that it was the little

874

00:35:59,569 --> 00:35:56,880

placard underneath it right as I'm

875

00:36:00,770 --> 00:35:59,579

reading it and it said something like

876

00:36:03,589 --> 00:36:00,780

this

877

00:36:08,210 --> 00:36:03,599

the stealth spy drone the United States

878

00:36:12,589 --> 00:36:08,220

built to fly over mainland China right

879

00:36:16,490 --> 00:36:12,599

there it is right and it's it's not like

880

00:36:19,370 --> 00:36:16,500

this is all something new you know we we

881

00:36:23,089 --> 00:36:19,380

figured that uh we would take the SR-71

882

00:36:26,630 --> 00:36:23,099

get close make a U-turn but let this

883

00:36:29,450 --> 00:36:26,640

little guy keep going right across China

884

00:36:32,569 --> 00:36:29,460

and and that was in the 60s but it

885

00:36:34,390 --> 00:36:32,579

literally it didn't say Russia right it

886

00:36:37,550 --> 00:36:34,400

didn't say it did there was a chance

887

00:36:42,230 --> 00:36:37,560

North Korea right it did say Vietnam

888

00:36:44,750 --> 00:36:42,240

right it said mainland China interesting

889

00:36:47,510 --> 00:36:44,760

yeah no surprise

890

00:36:50,630 --> 00:36:47,520

because this is the game that every look

891

00:36:55,550 --> 00:36:50,640

we grew up remember Mad Magazine spy

892

00:36:57,530 --> 00:36:55,560

versus spy all about the Cold War and in

893

00:36:58,790 --> 00:36:57,540

everyone who's listening for as long as

894

00:37:01,910 --> 00:36:58,800

everyone listening has been alive

895

00:37:04,190 --> 00:37:01,920

there's been Nations spying on each

896

00:37:06,950 --> 00:37:04,200

other and long after we are gone there

897

00:37:08,990 --> 00:37:06,960

will be Nations spying on each other

898

00:37:10,069 --> 00:37:09,000

that is the rule it's never going to

899

00:37:12,890 --> 00:37:10,079

stop

900

00:37:15,470 --> 00:37:12,900

this is our world so China will spy in

901
00:37:17,950 --> 00:37:15,480
the US the US will spy in China and just

902
00:37:21,710 --> 00:37:17,960
like the general

903
00:37:23,690 --> 00:37:21,720
uh Alexis grinkowicz who said I'm not

904
00:37:25,849 --> 00:37:23,700
losing any sleep over it

905
00:37:27,349 --> 00:37:25,859
uh I'm not saying it's not a threat I'm

906
00:37:28,970 --> 00:37:27,359
not saying that you shouldn't be worried

907
00:37:30,950 --> 00:37:28,980
about Espionage of another country of

908
00:37:33,829 --> 00:37:30,960
course it's an issue but the fact is

909
00:37:35,569 --> 00:37:33,839
it's very widespread and it's been going

910
00:37:37,430 --> 00:37:35,579
on for a long time and this was not

911
00:37:39,589 --> 00:37:37,440
something that people were making

912
00:37:42,589 --> 00:37:39,599
literally a federal case out of uh every

913
00:37:45,109 --> 00:37:42,599

single time you can't you can't every

914

00:37:46,250 --> 00:37:45,119

time you catch someone doing some nasty

915

00:37:48,230 --> 00:37:46,260

business in your country are you going

916

00:37:53,650 --> 00:37:48,240

to go to war every time it's not how

917

00:38:02,210 --> 00:37:59,210

that's the D21 wow drone yeah isn't that

918

00:38:03,710 --> 00:38:02,220

crazy and you know we always think of

919

00:38:05,930 --> 00:38:03,720

drones

920

00:38:10,849 --> 00:38:05,940

um it looks just as elegant doesn't it

921

00:38:14,210 --> 00:38:10,859

as the SR-71 yes oh man and so we think

922

00:38:17,270 --> 00:38:14,220

about this all the time uh uh you know

923

00:38:19,430 --> 00:38:17,280

drones being some something from you

924

00:38:22,490 --> 00:38:19,440

know the 2000s or the two you know this

925

00:38:25,190 --> 00:38:22,500

is some modern technology but uh there

926
00:38:27,589 --> 00:38:25,200
it is you know and I I stood right next

927
00:38:30,589 --> 00:38:27,599
to it it was uh it's a pretty crazy

928
00:38:32,450 --> 00:38:30,599
thing to see how large is that when

929
00:38:36,770 --> 00:38:32,460
you're standing next time I would say it

930
00:38:38,810 --> 00:38:36,780
was uh uh well I can I actually have

931
00:38:41,390 --> 00:38:38,820
that data here would you like that data

932
00:38:43,430 --> 00:38:41,400
Richard yeah okay here we go here we go

933
00:38:47,470 --> 00:38:43,440
as big as a truck is it as big as it

934
00:38:49,210 --> 00:38:47,480
what what is it as big as okay it was

935
00:38:53,810 --> 00:38:49,220
originally

936
00:38:55,670 --> 00:38:53,820
it was retired in 1971 they built 38 of

937
00:38:58,849 --> 00:38:55,680
them

938
00:39:01,970 --> 00:38:58,859

um uh built to be launched off of the

939

00:39:06,530 --> 00:39:01,980

Lockheed a112 and SR-71 the Drone had a

940

00:39:08,569 --> 00:39:06,540

maximum speed of mach 3.3 cool right

941

00:39:12,530 --> 00:39:08,579

okay

942

00:39:14,109 --> 00:39:12,540

um operational altitude of 90

943

00:39:20,390 --> 00:39:14,119

000 feet

944

00:39:22,910 --> 00:39:20,400

uh uh 1962 right 1962 that's crazy uh

945

00:39:25,970 --> 00:39:22,920

Lockheed blah blah blah blah and

946

00:39:27,050 --> 00:39:25,980

now let me get the dimensions of this

947

00:39:29,150 --> 00:39:27,060

dude

948

00:39:32,630 --> 00:39:29,160

design and development if I don't pull

949

00:39:35,630 --> 00:39:32,640

this up in like the next few seconds

950

00:39:37,910 --> 00:39:35,640

um we will move on

951

00:39:40,250 --> 00:39:37,920

all right I'll see if I can uh pull this

952

00:39:41,750 --> 00:39:40,260

up I've got all the speeds here there's

953

00:39:43,430 --> 00:39:41,760

always the break I didn't want to put

954

00:39:46,910 --> 00:39:43,440

you onto a whole wild goose chase there

955

00:39:49,490 --> 00:39:46,920

yeah but but it's just so interesting

956

00:39:51,950 --> 00:39:49,500

how suddenly all of this has become an

957

00:39:55,250 --> 00:39:51,960

issue when you're right Mad Magazine in

958

00:39:57,650 --> 00:39:55,260

spy versus spy has been covering this in

959

00:39:59,390 --> 00:39:57,660

in elementary schools Across America for

960

00:40:02,150 --> 00:39:59,400

the last 50 years

961

00:40:03,829 --> 00:40:02,160

yeah I mean even more it's so

962

00:40:06,109 --> 00:40:03,839

I I just think that what we're looking

963

00:40:08,450 --> 00:40:06,119

at this is this is something that

964

00:40:10,609 --> 00:40:08,460

doesn't make the United States look good

965

00:40:13,790 --> 00:40:10,619

I honestly I really think this is not a

966

00:40:15,290 --> 00:40:13,800

good look for the United States what is

967

00:40:17,569 --> 00:40:15,300

in a good look

968

00:40:19,550 --> 00:40:17,579

you got the military scrambling around

969

00:40:21,470 --> 00:40:19,560

to shoot a bunch of balloons out of the

970

00:40:23,510 --> 00:40:21,480

sky right

971

00:40:25,670 --> 00:40:23,520

you take foreign diplomats in other

972

00:40:26,750 --> 00:40:25,680

countries aren't like chuckling a little

973

00:40:29,089 --> 00:40:26,760

bit

974

00:40:31,190 --> 00:40:29,099

as the U.S basically splashes around

975

00:40:32,810 --> 00:40:31,200

like a man drowning in the ocean like oh

976
00:40:35,810 --> 00:40:32,820
my God another balloon gotta shoot this

977
00:40:37,609 --> 00:40:35,820
down right it's not it's not a good look

978
00:40:38,690 --> 00:40:37,619
I'm just going to say that I just don't

979
00:40:40,010 --> 00:40:38,700
think it's

980
00:40:41,810 --> 00:40:40,020
you were supposed to be the world's

981
00:40:44,210 --> 00:40:41,820
greatest superpower we can't we cannot

982
00:40:46,550 --> 00:40:44,220
monitor our own airspace nope apparently

983
00:40:50,569 --> 00:40:46,560
not not from balloons

984
00:40:52,730 --> 00:40:50,579
does Russia and China because you know

985
00:40:54,890 --> 00:40:52,740
that stuff is flying over there all of

986
00:40:56,810 --> 00:40:54,900
the time being launched on both sides of

987
00:40:58,910 --> 00:40:56,820
their countries

988
00:41:01,250 --> 00:40:58,920

um to monitor their airspace are they

989

00:41:03,530 --> 00:41:01,260

just letting those balloons go and

990

00:41:05,810 --> 00:41:03,540

they're not doing anything about it good

991

00:41:07,310 --> 00:41:05,820

question I don't know

992

00:41:09,589 --> 00:41:07,320

I do not know

993

00:41:10,970 --> 00:41:09,599

I mean this is not something that really

994

00:41:13,250 --> 00:41:10,980

I don't think any of us were really

995

00:41:16,069 --> 00:41:13,260

thinking about before a week ago

996

00:41:18,890 --> 00:41:16,079

I wasn't I wasn't thinking about balloon

997

00:41:20,750 --> 00:41:18,900

balloon Espionage I have to admit so I I

998

00:41:24,170 --> 00:41:20,760

don't know I've still not figured out

999

00:41:26,270 --> 00:41:24,180

how serious a problem is this

1000

00:41:27,589 --> 00:41:26,280

I know that in the 50s and 60s because I

1001
00:41:29,870 --> 00:41:27,599
looked into this

1002
00:41:31,849 --> 00:41:29,880
the United States did send hundreds of

1003
00:41:33,710 --> 00:41:31,859
balloons Aloft over the Soviet Union for

1004
00:41:35,630 --> 00:41:33,720
purposes of espionage

1005
00:41:38,569 --> 00:41:35,640
and that the Russians the Soviets did

1006
00:41:40,790 --> 00:41:38,579
the same thing over West Germany over

1007
00:41:41,930 --> 00:41:40,800
NATO during the same period of time it

1008
00:41:45,109 --> 00:41:41,940
was common

1009
00:41:47,089 --> 00:41:45,119
I didn't have the idea that it was still

1010
00:41:48,770 --> 00:41:47,099
common today but apparently I was wrong

1011
00:41:53,089 --> 00:41:48,780
I mean

1012
00:41:55,550 --> 00:41:53,099
engaged in Espionage they probably were

1013
00:41:57,470 --> 00:41:55,560

we actually don't know for a fact they

1014

00:41:59,510 --> 00:41:57,480

they keep denying it of course they're

1015

00:42:01,130 --> 00:41:59,520

going to deny it let's assume that it

1016

00:42:02,569 --> 00:42:01,140

was a spy balloon but we really don't

1017

00:42:05,750 --> 00:42:02,579

know

1018

00:42:08,089 --> 00:42:05,760

so I'm going to assume it was

1019

00:42:10,190 --> 00:42:08,099

we don't really have the information

1020

00:42:12,170 --> 00:42:10,200

and if

1021

00:42:15,829 --> 00:42:12,180

um okay I mean the United States has

1022

00:42:19,010 --> 00:42:15,839

made many many false claims it's just in

1023

00:42:21,589 --> 00:42:19,020

the last couple of years ago how did you

1024

00:42:23,690 --> 00:42:21,599

take the words out of my mouth how did

1025

00:42:24,910 --> 00:42:23,700

you do that did you that was just that

1026
00:42:28,910 --> 00:42:24,920
was bad

1027
00:42:31,370 --> 00:42:28,920
so if you're not going to

1028
00:42:33,770 --> 00:42:31,380
it's like did the tree fall in the woods

1029
00:42:35,569 --> 00:42:33,780
right if you're not going to produce any

1030
00:42:37,849 --> 00:42:35,579
photographs or videos you're not going

1031
00:42:40,130 --> 00:42:37,859
to produce any debris and you're saying

1032
00:42:43,250 --> 00:42:40,140
that that's never happened did anything

1033
00:42:45,910 --> 00:42:43,260
get shot down in the first place

1034
00:42:48,410 --> 00:42:45,920
well the first balloon

1035
00:42:51,109 --> 00:42:48,420
this weekend the three no we've

1036
00:42:53,270 --> 00:42:51,119
recovered that debris okay we get that

1037
00:42:55,550 --> 00:42:53,280
everybody saw that that's your octagonal

1038
00:42:58,450 --> 00:42:55,560

shape I heard did I hear Tic Tac did

1039

00:43:02,569 --> 00:42:58,460

someone say it was a bad shape

1040

00:43:04,730 --> 00:43:02,579

one was the size of a small car I

1041

00:43:06,010 --> 00:43:04,740

haven't heard them say whether it was a

1042

00:43:09,589 --> 00:43:06,020

Hugo

1043

00:43:11,510 --> 00:43:09,599

or a Volkswagen Bug what what is small

1044

00:43:12,770 --> 00:43:11,520

in that description but a balloon there

1045

00:43:15,710 --> 00:43:12,780

are weather balloons that are the size

1046

00:43:17,030 --> 00:43:15,720

of a small car the second one was a

1047

00:43:19,550 --> 00:43:17,040

cylinder

1048

00:43:21,410 --> 00:43:19,560

right nobody's giving us Colors by the

1049

00:43:23,750 --> 00:43:21,420

way so the first one that was a small

1050

00:43:26,030 --> 00:43:23,760

car was it white could it be Tick Tock

1051
00:43:27,829 --> 00:43:26,040
more performance capabilities like we're

1052
00:43:29,569 --> 00:43:27,839
not I I'm not hearing if they're

1053
00:43:31,790 --> 00:43:29,579
maneuvering or doing anything like that

1054
00:43:33,950 --> 00:43:31,800
you know I can get a thing about that

1055
00:43:38,690 --> 00:43:33,960
the second one was the cylinder the

1056
00:43:41,630 --> 00:43:38,700
third one was the Octagon now is octagon

1057
00:43:45,349 --> 00:43:41,640
uh was it something flat with the stop

1058
00:43:49,609 --> 00:43:45,359
sign shape or was it a geodesic dome

1059
00:43:51,410 --> 00:43:49,619
octagon kind of shape is that possible I

1060
00:43:53,089 --> 00:43:51,420
don't know well that's a good question

1061
00:43:55,309 --> 00:43:53,099
though that's a really good question you

1062
00:43:58,309 --> 00:43:55,319
know what if it was what if it's uh like

1063
00:44:00,589 --> 00:43:58,319

a it's got two halves to it and the

1064

00:44:03,410 --> 00:44:00,599

first top has got four sides in the

1065

00:44:07,250 --> 00:44:03,420

bottom part it's got four sides because

1066

00:44:09,829 --> 00:44:07,260

uh you see that shielding a radar

1067

00:44:12,230 --> 00:44:09,839

antenna right you see the domes around

1068

00:44:13,970 --> 00:44:12,240

the radar antenna and then the radar

1069

00:44:16,309 --> 00:44:13,980

antenna is protected on the inside of it

1070

00:44:17,569 --> 00:44:16,319

and it's doing its thing okay

1071

00:44:20,809 --> 00:44:17,579

um could it have been something like

1072

00:44:22,970 --> 00:44:20,819

that but there was some type of uh you

1073

00:44:25,490 --> 00:44:22,980

know electronic equipment inside of some

1074

00:44:27,410 --> 00:44:25,500

type of you know we've heard octagon

1075

00:44:29,630 --> 00:44:27,420

what I don't even know what that means

1076

00:44:31,910 --> 00:44:29,640

but it's possible I mean we we really

1077

00:44:34,069 --> 00:44:31,920

were given nothing to work with here

1078

00:44:36,589 --> 00:44:34,079

it was just being told

1079

00:44:38,329 --> 00:44:36,599

that our military is on top of this

1080

00:44:39,890 --> 00:44:38,339

we're sending up those f-22s with our

1081

00:44:41,809 --> 00:44:39,900

missiles and we're going to shoot those

1082

00:44:43,430 --> 00:44:41,819

balloons down

1083

00:44:45,710 --> 00:44:43,440

someone said to me that I was being kind

1084

00:44:47,450 --> 00:44:45,720

of unfair because last night I did I

1085

00:44:49,790 --> 00:44:47,460

kind of made fun like like you know

1086

00:44:53,750 --> 00:44:49,800

we're doing here you're setting up

1087

00:44:55,730 --> 00:44:53,760

an F-22 with a Sidewinder or some kind

1088

00:44:58,910 --> 00:44:55,740

of missile to take down a balloon it's

1089

00:45:00,650 --> 00:44:58,920

it's like using you know a hammer to

1090

00:45:02,569 --> 00:45:00,660

kill an ant like really that's how

1091

00:45:04,670 --> 00:45:02,579

you're gonna do this but but someone

1092

00:45:06,050 --> 00:45:04,680

said look they're just following

1093

00:45:08,089 --> 00:45:06,060

procedures I think they were talking

1094

00:45:09,770 --> 00:45:08,099

about the Canadian one where uh I think

1095

00:45:12,589 --> 00:45:09,780

it was an F-22 that shot down the object

1096

00:45:15,290 --> 00:45:12,599

over Canada and I I was making fun of it

1097

00:45:17,030 --> 00:45:15,300

but someone said look it's just standard

1098

00:45:18,890 --> 00:45:17,040

operating procedure you have a violation

1099

00:45:21,829 --> 00:45:18,900

of airspace and something that has to be

1100

00:45:23,809 --> 00:45:21,839

uh dealt with you get the aircraft

1101
00:45:25,250 --> 00:45:23,819
that's in the nearest vicinity that can

1102
00:45:27,950 --> 00:45:25,260
do the job and

1103
00:45:29,510 --> 00:45:27,960
I guess it was an F-22

1104
00:45:33,710 --> 00:45:29,520
.

1105
00:45:36,290 --> 00:45:33,720
he said uh this is the Octagon one was

1106
00:45:38,630 --> 00:45:36,300
rotating it was reported by the pilot

1107
00:45:41,089 --> 00:45:38,640
and I did get some email earlier today

1108
00:45:44,750 --> 00:45:41,099
that Ross Culvert

1109
00:45:46,670 --> 00:45:44,760
um uh read a transcript back uh from uh

1110
00:45:49,609 --> 00:45:46,680
some radio chatter from the pilot with

1111
00:45:52,730 --> 00:45:49,619
the Octagon I haven't read it okay

1112
00:45:55,250 --> 00:45:52,740
um but I would like to see that and and

1113
00:45:57,530 --> 00:45:55,260

I can reach out to Ross uh and so can

1114

00:45:59,750 --> 00:45:57,540

you and we'll see if we can get some

1115

00:46:01,190 --> 00:45:59,760

more on that these these may not have I

1116

00:46:02,750 --> 00:46:01,200

mean maybe they don't have anything to

1117

00:46:06,530 --> 00:46:02,760

do with China

1118

00:46:08,930 --> 00:46:06,540

I mean there are lots of privately

1119

00:46:11,030 --> 00:46:08,940

uh private balloons at a set Aloft

1120

00:46:13,069 --> 00:46:11,040

private drones that are set Aloft

1121

00:46:15,230 --> 00:46:13,079

there's really no reason to think that

1122

00:46:17,569 --> 00:46:15,240

all of these are from China we are told

1123

00:46:20,210 --> 00:46:17,579

that the first one was from China and

1124

00:46:22,730 --> 00:46:20,220

China I believe that man China didn't

1125

00:46:24,589 --> 00:46:22,740

say anything about these other three and

1126

00:46:26,210 --> 00:46:24,599

I found that pretty you know you kind of

1127

00:46:28,069 --> 00:46:26,220

got to take a mental note of that they

1128

00:46:29,930 --> 00:46:28,079

didn't know so we there's we're just

1129

00:46:34,609 --> 00:46:29,940

working off a lot of blind

1130

00:46:35,569 --> 00:46:34,619

I I have to think that again like rule

1131

00:46:38,390 --> 00:46:35,579

number one

1132

00:46:40,309 --> 00:46:38,400

do not trust what comes out of the

1133

00:46:43,130 --> 00:46:40,319

mouths of the Washington establishment

1134

00:46:45,109 --> 00:46:43,140

I'm I know it sounds cynical but

1135

00:46:47,990 --> 00:46:45,119

I think if if you follow if we follow

1136

00:46:50,390 --> 00:46:48,000

that rule we unlikely to go wrong

1137

00:46:52,430 --> 00:46:50,400

they're not honest

1138

00:46:53,930 --> 00:46:52,440

they're almost they're pathological in

1139

00:46:55,250 --> 00:46:53,940

their dishonesty

1140

00:46:57,890 --> 00:46:55,260

so

1141

00:47:01,790 --> 00:46:57,900

there's a lot of dishonesty in there

1142

00:47:03,829 --> 00:47:01,800

okay I I don't wanna I I I want to

1143

00:47:05,569 --> 00:47:03,839

have the discussion uh because you're

1144

00:47:08,750 --> 00:47:05,579

one of the experts on this about false

1145

00:47:11,510 --> 00:47:08,760

flags and you and I

1146

00:47:13,550 --> 00:47:11,520

um over the years have talked you've you

1147

00:47:15,829 --> 00:47:13,560

know this is this is your wheelhouse but

1148

00:47:19,370 --> 00:47:15,839

you and I have talked a lot about this

1149

00:47:22,309 --> 00:47:19,380

both publicly and privately and I have

1150

00:47:24,410 --> 00:47:22,319

always uh I'll just remind you of my

1151
00:47:26,750 --> 00:47:24,420
point of view that if there was going to

1152
00:47:28,910 --> 00:47:26,760
be a UFO false flag it wouldn't be over

1153
00:47:31,490 --> 00:47:28,920
a populated area it would be out in the

1154
00:47:34,069 --> 00:47:31,500
middle of the ocean we shot down a UFO

1155
00:47:35,690 --> 00:47:34,079
where nobody can see it right so that's

1156
00:47:38,270 --> 00:47:35,700
why you would have the false flag out

1157
00:47:40,010 --> 00:47:38,280
there nobody can see it and now the what

1158
00:47:42,770 --> 00:47:40,020
would be the purpose of such a false

1159
00:47:44,630 --> 00:47:42,780
flag because then you can say whatever

1160
00:47:47,569 --> 00:47:44,640
you want you could say whatever you want

1161
00:47:50,270 --> 00:47:47,579
it you can make up any story if there's

1162
00:47:52,930 --> 00:47:50,280
no way you can't have a UFO false flag

1163
00:47:55,970 --> 00:47:52,940

over in New York City

1164

00:47:57,829 --> 00:47:55,980

can you have a UFO false flag that no

1165

00:48:01,490 --> 00:47:57,839

one sees the UFO is that really going to

1166

00:48:05,089 --> 00:48:01,500

work uh that's why I I we're doing it

1167

00:48:07,910 --> 00:48:05,099

now aren't we not really who believes

1168

00:48:12,170 --> 00:48:07,920

that these are actual UFOs well until

1169

00:48:14,510 --> 00:48:12,180

and did we oh this is my point though

1170

00:48:18,109 --> 00:48:14,520

um I'm not suggesting the false Flags

1171

00:48:20,870 --> 00:48:18,119

scenario over this weekend but if you're

1172

00:48:23,569 --> 00:48:20,880

going to do it do it without any

1173

00:48:26,569 --> 00:48:23,579

evidence being produced uh do it without

1174

00:48:30,410 --> 00:48:26,579

any debris being produced any images any

1175

00:48:34,430 --> 00:48:30,420

radar data nothing but your word that

1176

00:48:36,170 --> 00:48:34,440

these incidents occurred and and you

1177

00:48:39,829 --> 00:48:36,180

know and so if you're going to do that

1178

00:48:42,349 --> 00:48:39,839

right and possibly like you said you

1179

00:48:45,470 --> 00:48:42,359

know wind up China wind up in

1180

00:48:48,230 --> 00:48:45,480

adversarial uh position on this

1181

00:48:50,210 --> 00:48:48,240

um it's it's the perfect way to do it so

1182

00:48:52,430 --> 00:48:50,220

here's why it you could do a false flag

1183

00:48:54,290 --> 00:48:52,440

like that and maybe convince part of

1184

00:48:57,050 --> 00:48:54,300

your own population they'll be willing

1185

00:48:58,910 --> 00:48:57,060

to believe it but you got a whole world

1186

00:49:01,130 --> 00:48:58,920

out there and you have

1187

00:49:03,290 --> 00:49:01,140

foreign diplomats

1188

00:49:06,290 --> 00:49:03,300

they're not stupid most of them like

1189

00:49:08,450 --> 00:49:06,300

they're pretty smart people uh

1190

00:49:10,970 --> 00:49:08,460

the Chinese foreign Ministry the Russian

1191

00:49:14,270 --> 00:49:10,980

foreign Ministry the foreign ministries

1192

00:49:16,910 --> 00:49:14,280

of Africa or of the other nations of

1193

00:49:18,710 --> 00:49:16,920

Asia India do you really think they're

1194

00:49:21,550 --> 00:49:18,720

going to be like oh wow America shot

1195

00:49:24,170 --> 00:49:21,560

down a flying saucer I don't think so

1196

00:49:26,510 --> 00:49:24,180

on America's word

1197

00:49:28,250 --> 00:49:26,520

Saudi Arabia Muhammad bin Salman of

1198

00:49:30,349 --> 00:49:28,260

Saudi Arabia do you really think he's

1199

00:49:32,809 --> 00:49:30,359

going to believe if Joe Biden makes an

1200

00:49:34,550 --> 00:49:32,819

announcement that we shut down a UFO

1201

00:49:38,089 --> 00:49:34,560

over the Pacific Ocean

1202

00:49:40,069 --> 00:49:38,099

really I I think there's not a lot of

1203

00:49:41,750 --> 00:49:40,079

credibility that would be coming out of

1204

00:49:42,650 --> 00:49:41,760

Washington on that matter and I don't

1205

00:49:46,910 --> 00:49:42,660

think

1206

00:49:48,349 --> 00:49:46,920

the rest of the world is just going to

1207

00:49:50,329 --> 00:49:48,359

take America's word for something just

1208

00:49:51,829 --> 00:49:50,339

because America says so they're going to

1209

00:49:54,710 --> 00:49:51,839

want to see something

1210

00:49:56,990 --> 00:49:54,720

I I don't I don't think that kind of a

1211

00:49:59,510 --> 00:49:57,000

false flag is is necessarily going to

1212

00:50:04,569 --> 00:49:59,520

work I mean yes America does dominate

1213

00:50:07,569 --> 00:50:04,579

the global media for the most part but

1214

00:50:11,750 --> 00:50:07,579

there are people like

1215

00:50:13,370 --> 00:50:11,760

well educated smart people who are in

1216

00:50:14,569 --> 00:50:13,380

the business they're in the business of

1217

00:50:16,250 --> 00:50:14,579

diplomacy they deal with the United

1218

00:50:17,930 --> 00:50:16,260

States

1219

00:50:19,130 --> 00:50:17,940

in the intelligence Community they're

1220

00:50:22,670 --> 00:50:19,140

going to know

1221

00:50:23,390 --> 00:50:22,680

going to be that easy to fool them on

1222

00:50:25,849 --> 00:50:23,400

that

1223

00:50:28,609 --> 00:50:25,859

false flags do happen

1224

00:50:31,550 --> 00:50:28,619

but they that kind of a false like an

1225

00:50:36,050 --> 00:50:31,560

alien false flag I've I have just never

1226
00:50:38,030 --> 00:50:36,060
found a way that someone can create a

1227
00:50:39,950 --> 00:50:38,040
plausible alien false flag scenario to

1228
00:50:42,410 --> 00:50:39,960
me to make it work well what you're

1229
00:50:44,210 --> 00:50:42,420
describing is maybe better what you're

1230
00:50:46,309 --> 00:50:44,220
describing is actually a better scenario

1231
00:50:48,230 --> 00:50:46,319
than you know something like

1232
00:50:49,730 --> 00:50:48,240
Independence Day right you know some

1233
00:50:51,410 --> 00:50:49,740
holographic projection I I would agree

1234
00:50:53,450 --> 00:50:51,420
with that but I I don't think it's good

1235
00:50:57,049 --> 00:50:53,460
enough to work I just I can't see it

1236
00:50:58,569 --> 00:50:57,059
happening it's a big ask of the

1237
00:51:01,549 --> 00:50:58,579
international

1238
00:51:03,170 --> 00:51:01,559

diplomatic core and all the other people

1239

00:51:05,750 --> 00:51:03,180

out in the world who are

1240

00:51:08,030 --> 00:51:05,760

becoming very reserved about the United

1241

00:51:09,589 --> 00:51:08,040

States U.S is losing a lot of

1242

00:51:11,089 --> 00:51:09,599

last couple years they're losing India

1243

00:51:12,230 --> 00:51:11,099

losing Saudi Arabia they're losing

1244

00:51:15,109 --> 00:51:12,240

turkey

1245

00:51:17,510 --> 00:51:15,119

this is a serious serious International

1246

00:51:19,790 --> 00:51:17,520

realignment that's happening as we speak

1247

00:51:22,910 --> 00:51:19,800

we've lost them before

1248

00:51:25,250 --> 00:51:22,920

it's like The Godfather we no we have

1249

00:51:28,130 --> 00:51:25,260

not lost Saudi Arabia before and we have

1250

00:51:30,710 --> 00:51:28,140

not lost turkey before they hear but he

1251

00:51:34,730 --> 00:51:30,720

hears it's very significant here here's

1252

00:51:37,069 --> 00:51:34,740

my take with that though if if the

1253

00:51:38,890 --> 00:51:37,079

president of the United States

1254

00:51:42,710 --> 00:51:38,900

whoever it is

1255

00:51:47,270 --> 00:51:42,720

literally crossed if there's a red line

1256

00:51:49,309 --> 00:51:47,280

right and crossed the line and says we

1257

00:51:52,670 --> 00:51:49,319

shot down a flying saucer not of this

1258

00:51:56,109 --> 00:51:52,680

world right I uh man I'm not so sure

1259

00:51:58,609 --> 00:51:56,119

that people wouldn't uh pay attention

1260

00:52:00,170 --> 00:51:58,619

we would all pay attention if you're

1261

00:52:02,990 --> 00:52:00,180

never going to be looking if you're

1262

00:52:06,410 --> 00:52:03,000

gonna cry what are you suggesting that

1263

00:52:08,390 --> 00:52:06,420

they're most of the uh State actors and

1264

00:52:10,750 --> 00:52:08,400

population of the world would go I don't

1265

00:52:13,670 --> 00:52:10,760

believe it I'm not

1266

00:52:15,049 --> 00:52:13,680

it all depends on how the information is

1267

00:52:17,450 --> 00:52:15,059

presented

1268

00:52:20,510 --> 00:52:17,460

I'm saying without any information no

1269

00:52:21,950 --> 00:52:20,520

video no nothing nothing shut down

1270

00:52:24,230 --> 00:52:21,960

you're gonna wait over the Atlantic

1271

00:52:26,630 --> 00:52:24,240

Ocean I think

1272

00:52:28,970 --> 00:52:26,640

this is not like Ronald Reagan's America

1273

00:52:31,010 --> 00:52:28,980

this is not Bill Clinton's America this

1274

00:52:33,710 --> 00:52:31,020

is a different world and it's there's

1275

00:52:34,790 --> 00:52:33,720

been as I say a major realignment and I

1276

00:52:36,710 --> 00:52:34,800

don't think

1277

00:52:38,870 --> 00:52:36,720

the United States wouldn't just say we

1278

00:52:40,609 --> 00:52:38,880

shot down a flying saucer trust us

1279

00:52:42,349 --> 00:52:40,619

that's not going to work

1280

00:52:43,190 --> 00:52:42,359

they're going to have to produce

1281

00:52:47,870 --> 00:52:43,200

something

1282

00:52:50,569 --> 00:52:47,880

okay so back to my point which is point

1283

00:52:52,030 --> 00:52:50,579

number one with that because I agree

1284

00:52:57,710 --> 00:52:52,040

with you

1285

00:53:01,490 --> 00:52:57,720

why no photographic evidence and why no

1286

00:53:03,589 --> 00:53:01,500

debris on these last three things you're

1287

00:53:07,790 --> 00:53:03,599

making claims you're saying things we're

1288

00:53:09,770 --> 00:53:07,800

shooting missiles over our country over

1289

00:53:12,049 --> 00:53:09,780

Canada I don't know that I have an

1290

00:53:13,849 --> 00:53:12,059

answer I don't I don't I don't know that

1291

00:53:16,069 --> 00:53:13,859

I can answer that I just don't feel like

1292

00:53:20,530 --> 00:53:16,079

there's enough information for me I mean

1293

00:53:25,790 --> 00:53:23,569

don't trust anything I'm with you on

1294

00:53:28,069 --> 00:53:25,800

that yeah really we shouldn't yeah is

1295

00:53:30,170 --> 00:53:28,079

all of this just [h__\h]

1296

00:53:32,690 --> 00:53:30,180

kind of yes it is

1297

00:53:33,650 --> 00:53:32,700

yeah basically and this statement by The

1298

00:53:35,450 --> 00:53:33,660

General

1299

00:53:38,030 --> 00:53:35,460

well we can't rule out aliens I remember

1300

00:53:41,270 --> 00:53:38,040

that so someone asked him oh you did

1301
00:53:43,430 --> 00:53:41,280
here yeah yeah yeah so he was asked uh

1302
00:53:45,530 --> 00:53:43,440
could this be genuine UFOs or aliens and

1303
00:53:47,349 --> 00:53:45,540
I think I think what he said I read the

1304
00:53:49,670 --> 00:53:47,359
quote I didn't hear it I think he said

1305
00:53:51,290 --> 00:53:49,680
I'm not ruling anything out I'm giving

1306
00:53:52,210 --> 00:53:51,300
that to intelligence so let them figure

1307
00:53:54,589 --> 00:53:52,220
it out

1308
00:53:56,569 --> 00:53:54,599
yeah that was what he said after you're

1309
00:53:59,329 --> 00:53:56,579
right no he said I cannot I cannot say

1310
00:54:01,790 --> 00:53:59,339
it it was an alien I don't think that

1311
00:54:04,849 --> 00:54:01,800
the intelligence I don't think he was

1312
00:54:07,670 --> 00:54:04,859
saying like wink wink it's aliens I just

1313
00:54:10,609 --> 00:54:07,680

don't I don't read it that way I think

1314

00:54:12,950 --> 00:54:10,619

he was just you know his rule is I'm not

1315

00:54:16,370 --> 00:54:12,960

here to speculate we're ruling nothing

1316

00:54:18,170 --> 00:54:16,380

out there it's like he's got his script

1317

00:54:20,510 --> 00:54:18,180

You Will Rule nothing out you're not

1318

00:54:22,970 --> 00:54:20,520

going to answer any like I I'm sure this

1319

00:54:25,730 --> 00:54:22,980

is very micromanaged and so he's just

1320

00:54:27,710 --> 00:54:25,740

probably performing the script that

1321

00:54:30,770 --> 00:54:27,720

doesn't mean that he's saying oh yeah

1322

00:54:32,750 --> 00:54:30,780

wink wink people it's I'm not saying

1323

00:54:34,309 --> 00:54:32,760

it's not I'm not saying it's aliens but

1324

00:54:35,089 --> 00:54:34,319

it's aliens I don't think he's doing

1325

00:54:37,069 --> 00:54:35,099

that

1326
00:54:39,410 --> 00:54:37,079
I think

1327
00:54:42,829 --> 00:54:39,420
now but but

1328
00:54:44,569 --> 00:54:42,839
there is this other kind of really nasty

1329
00:54:46,130 --> 00:54:44,579
element to this whole thing about

1330
00:54:47,870 --> 00:54:46,140
bringing in UFOs when we're talking

1331
00:54:50,210 --> 00:54:47,880
about balloons and things like that the

1332
00:54:52,010 --> 00:54:50,220
question is why this is this is quite

1333
00:54:55,250 --> 00:54:52,020
significant in my opinion because what

1334
00:54:58,190 --> 00:54:55,260
we are seeing is a further twisting by

1335
00:55:00,170 --> 00:54:58,200
the establishment of of what UFOs

1336
00:55:02,690 --> 00:55:00,180
actually are

1337
00:55:05,089 --> 00:55:02,700
so they you know they've they've done

1338
00:55:07,010 --> 00:55:05,099

this for the whole history of UFOs you

1339

00:55:10,130 --> 00:55:07,020

know back 70 years ago they were calling

1340

00:55:12,230 --> 00:55:10,140

UFOs as mistaken balloons there's always

1341

00:55:14,150 --> 00:55:12,240

been this conflation now it's just a

1342

00:55:16,609 --> 00:55:14,160

balloon so now they're they're doing it

1343

00:55:19,190 --> 00:55:16,619

again they're talking about things that

1344

00:55:21,589 --> 00:55:19,200

are obvious balloons and conventional

1345

00:55:24,829 --> 00:55:21,599

objects and they're calling them UFOs

1346

00:55:26,690 --> 00:55:24,839

and the question is why is it laziness

1347

00:55:28,250 --> 00:55:26,700

on the part of the media that says well

1348

00:55:30,109 --> 00:55:28,260

people are into UFOs let's just throw

1349

00:55:34,250 --> 00:55:30,119

the word out there maybe that's part of

1350

00:55:37,069 --> 00:55:34,260

it or is there an element to

1351
00:55:38,150 --> 00:55:37,079
the cover-up let's just go there where

1352
00:55:40,790 --> 00:55:38,160
they're saying all right we're just

1353
00:55:42,650 --> 00:55:40,800
going to like manage we're going to

1354
00:55:44,990 --> 00:55:42,660
Rebrand this yet again

1355
00:55:47,270 --> 00:55:45,000
and and we're going to just siphon all

1356
00:55:49,309 --> 00:55:47,280
of the value and meaning out of the

1357
00:55:51,589 --> 00:55:49,319
actual phrase UFO

1358
00:55:53,809 --> 00:55:51,599
because there are real UFOs these are

1359
00:55:55,670 --> 00:55:53,819
not it we're going to siphon all meaning

1360
00:55:57,290 --> 00:55:55,680
out of it we're going to call these UFOs

1361
00:55:59,870 --> 00:55:57,300
and we're just going to continue

1362
00:56:02,630 --> 00:55:59,880
watering it down until the definition is

1363
00:56:04,730 --> 00:56:02,640

meaningless and I do think so there's

1364

00:56:08,329 --> 00:56:04,740

there's some of that going on it's just

1365

00:56:10,430 --> 00:56:08,339

some ESOP Fable right the boy who cried

1366

00:56:13,430 --> 00:56:10,440

wolf where the next time something like

1367

00:56:15,950 --> 00:56:13,440

this happens and it's the real thing the

1368

00:56:18,710 --> 00:56:15,960

government says something and we blow it

1369

00:56:20,630 --> 00:56:18,720

off it's just the real thing happens all

1370

00:56:22,069 --> 00:56:20,640

the time there's constant military

1371

00:56:24,410 --> 00:56:22,079

engagements with these things and they

1372

00:56:27,530 --> 00:56:24,420

don't get any attention and press right

1373

00:56:29,270 --> 00:56:27,540

I go through um I go through Peter

1374

00:56:31,069 --> 00:56:29,280

Davenport's site the National UFO

1375

00:56:32,930 --> 00:56:31,079

Reporting Center I I talk it up all the

1376

00:56:36,290 --> 00:56:32,940

time I believe in that site it's a great

1377

00:56:37,670 --> 00:56:36,300

site and I acknowledge most of those are

1378

00:56:39,290 --> 00:56:37,680

raw reports they don't get follow-up

1379

00:56:41,089 --> 00:56:39,300

investigations but they're damned

1380

00:56:43,130 --> 00:56:41,099

interesting to read and you go through

1381

00:56:46,370 --> 00:56:43,140

that and you will find in any given Year

1382

00:56:48,770 --> 00:56:46,380

many witness accounts of [h__h]

1383

00:56:50,690 --> 00:56:48,780

interceptors Chasing UFOs

1384

00:56:53,030 --> 00:56:50,700

it happens

1385

00:56:56,270 --> 00:56:53,040

and they don't get media attention

1386

00:56:58,849 --> 00:56:56,280

there are genuine cases of this kind of

1387

00:57:01,010 --> 00:56:58,859

thing happening of objects performing

1388

00:57:04,609 --> 00:57:01,020

incredible maneuverability

1389

00:57:06,829 --> 00:57:04,619

uh back in the 1940s and 50s and today

1390

00:57:08,510 --> 00:57:06,839

and you know engagements with the United

1391

00:57:12,349 --> 00:57:08,520

States military and other militaries

1392

00:57:13,970 --> 00:57:12,359

that happens those never get attention

1393

00:57:15,290 --> 00:57:13,980

and I don't see any reason why they're

1394

00:57:16,609 --> 00:57:15,300

going to get attention because those are

1395

00:57:18,710 --> 00:57:16,619

the real deal

1396

00:57:20,450 --> 00:57:18,720

so the you know anytime there's a

1397

00:57:22,190 --> 00:57:20,460

balloon and they want to call it a UFO

1398

00:57:24,230 --> 00:57:22,200

that's a win for them

1399

00:57:26,750 --> 00:57:24,240

and that's a loss for us as if we let

1400

00:57:29,089 --> 00:57:26,760

that continue because they're watering

1401

00:57:31,970 --> 00:57:29,099

down and twisting the definition of

1402

00:57:34,670 --> 00:57:31,980

genuine UFOs just into nothingness no

1403

00:57:37,069 --> 00:57:34,680

but that's right and and for everybody

1404

00:57:39,770 --> 00:57:37,079

I'm going to give you a Shameless uh

1405

00:57:41,150 --> 00:57:39,780

plug here Richard I'll do it for you if

1406

00:57:44,450 --> 00:57:41,160

you haven't

1407

00:57:47,390 --> 00:57:44,460

go and get volume one and volume 2 of

1408

00:57:51,530 --> 00:57:47,400

UFOs in the National Security State and

1409

00:57:53,809 --> 00:57:51,540

if you go through uh volume one uh

1410

00:57:57,349 --> 00:57:53,819

Richard you can correct me but starts

1411

00:57:59,390 --> 00:57:57,359

around the 1947-ish there might be he

1412

00:58:00,950 --> 00:57:59,400

might step back into 46 on a couple of

1413

00:58:04,370 --> 00:58:00,960

things which was interesting but anyway

1414

00:58:08,410 --> 00:58:04,380

yeah World War II but yeah basically

1415

00:58:11,170 --> 00:58:08,420

yeah and and dances into the

1416

00:58:15,710 --> 00:58:11,180

1956-1957 era I don't think he gets into

1417

00:58:18,970 --> 00:58:15,720

1960. but if you oh okay

1418

00:58:23,809 --> 00:58:18,980

um but go and I'd like to think that I

1419

00:58:27,290 --> 00:58:23,819

know a lot the amount of U.S military

1420

00:58:29,870 --> 00:58:27,300

and U.S government uh observations and

1421

00:58:32,930 --> 00:58:29,880

encounters with UFOs through that period

1422

00:58:35,569 --> 00:58:32,940

that nobody has ever heard of nobody

1423

00:58:36,849 --> 00:58:35,579

nobody nobody and Richard you do it like

1424

00:58:40,609 --> 00:58:36,859

this

1425

00:58:44,150 --> 00:58:40,619

it's page after page you know and so go

1426

00:58:46,549 --> 00:58:44,160

and see that for yourself it's it's

1427

00:58:49,130 --> 00:58:46,559

pretty incredible so no that and and and

1428

00:58:51,349 --> 00:58:49,140

and and when you read your descriptions

1429

00:58:52,910 --> 00:58:51,359

of of these events of what was going on

1430

00:58:55,069 --> 00:58:52,920

these were not weather balloons

1431

00:58:57,289 --> 00:58:55,079

obviously these were under intelligent

1432

00:58:58,789 --> 00:58:57,299

control thank you for that plug I

1433

00:59:01,609 --> 00:58:58,799

appreciate that

1434

00:59:03,170 --> 00:59:01,619

um uh yeah there's a lot of uh sightings

1435

00:59:05,630 --> 00:59:03,180

I remember when I put that first book

1436

00:59:08,150 --> 00:59:05,640

together it was in the mid late 90s

1437

00:59:09,950 --> 00:59:08,160

and as I said earlier that really was my

1438

00:59:12,829 --> 00:59:09,960

education in the UFO field I started

1439

00:59:15,349 --> 00:59:12,839

when I began that project I did not know

1440

00:59:17,030 --> 00:59:15,359

very much about UFOs and I read book

1441

00:59:20,150 --> 00:59:17,040

after book after book after book after

1442

00:59:22,430 --> 00:59:20,160

book and I took good notes that's what

1443

00:59:25,789 --> 00:59:22,440

allowed me to do my book

1444

00:59:28,250 --> 00:59:25,799

and I I was very fortunate in how I did

1445

00:59:29,990 --> 00:59:28,260

that project because I took all of

1446

00:59:32,450 --> 00:59:30,000

books from Donald Kehoe and the

1447

00:59:35,089 --> 00:59:32,460

lorenzans and all the old the old the

1448

00:59:37,010 --> 00:59:35,099

ogs of uvology and I created

1449

00:59:38,569 --> 00:59:37,020

chronological databases from every

1450

00:59:40,250 --> 00:59:38,579

single book and I put those

1451

00:59:42,650 --> 00:59:40,260

chronological databases together into

1452

00:59:45,410 --> 00:59:42,660

one big fat database and on the basis of

1453

00:59:47,809 --> 00:59:45,420

that I crafted my narrative and I had a

1454

00:59:51,710 --> 00:59:47,819

lot of UFO cases to work with

1455

00:59:54,770 --> 00:59:51,720

so um I think in that book from 19 it

1456

00:59:58,069 --> 00:59:54,780

actually started the narrative in 1941

1457

01:00:00,829 --> 00:59:58,079

and uh went to 1973 and I tracked uh

1458

01:00:03,650 --> 01:00:00,839

just under 300 military encounters with

1459

01:00:07,370 --> 01:00:03,660

UFOs uh and and an engagements that

1460

01:00:09,170 --> 01:00:07,380

involved 50 U.S military bases

1461

01:00:10,849 --> 01:00:09,180

that appeared in that book and then the

1462

01:00:11,630 --> 01:00:10,859

second volume I think I had a little bit

1463

01:00:13,789 --> 01:00:11,640

more

1464

01:00:16,069 --> 01:00:13,799

but there's a lot there and and frankly

1465

01:00:18,349 --> 01:00:16,079

even from what I tallied there's so much

1466

01:00:20,750 --> 01:00:18,359

more so much more

1467

01:00:22,250 --> 01:00:20,760

I just was able to grab the stuff that

1468

01:00:24,410 --> 01:00:22,260

was available uh from Freedom of

1469

01:00:25,910 --> 01:00:24,420

Information and you know things that

1470

01:00:30,289 --> 01:00:25,920

you'd find in Donald keho's books and

1471

01:00:35,710 --> 01:00:30,299

the like and uh that was a lot oh man he

1472

01:00:37,789 --> 01:00:35,720

would be losing his mind today Kehoe

1473

01:00:40,210 --> 01:00:37,799

he'd be very disappointed he'd be

1474

01:00:44,450 --> 01:00:40,220

heartbroken he would be losing his mind

1475

01:00:47,329 --> 01:00:44,460

Kehoe believed in deltio was one of my

1476

01:00:51,770 --> 01:00:47,339

first heroes in the UFO field and

1477

01:00:53,990 --> 01:00:51,780

he is a guy who believed in the process

1478

01:00:56,630 --> 01:00:54,000

he believed in working with Congress and

1479

01:00:58,730 --> 01:00:56,640

he believed in the American system and

1480

01:01:00,710 --> 01:00:58,740

and that the American people had a right

1481

01:01:02,450 --> 01:01:00,720

to know about this and that we had a

1482

01:01:05,210 --> 01:01:02,460

right not to be lied to by a government

1483

01:01:07,250 --> 01:01:05,220

and all of these amazing things you know

1484

01:01:09,530 --> 01:01:07,260

but he was living in the 1950s and 60s

1485

01:01:11,690 --> 01:01:09,540

when he was active when when people

1486

01:01:14,390 --> 01:01:11,700

could believe that who believes that now

1487

01:01:15,950 --> 01:01:14,400

I mean we believe in those ideals but

1488

01:01:18,789 --> 01:01:15,960

who actually thinks that we have a

1489

01:01:22,069 --> 01:01:18,799

functioning system

1490

01:01:24,849 --> 01:01:22,079

I have a hardcover first edition of his

1491

01:01:28,849 --> 01:01:24,859

first book right 1950 right got it here

1492

01:01:30,789 --> 01:01:28,859

and it is still Richard I think holds up

1493

01:01:34,370 --> 01:01:30,799

man yeah

1494

01:01:36,349 --> 01:01:34,380

the flying saucers are real yes man that

1495

01:01:38,270 --> 01:01:36,359

thing holds up it holds up let's take

1496

01:01:40,190 --> 01:01:38,280

our break right here we'll be back in a

1497

01:01:42,410 --> 01:01:40,200

moon wellness products it's the only

1572

01:04:54,530 --> 01:04:49,319

coffee I drink it is the best and it's

1573

01:04:59,150 --> 01:04:57,170

all right Welcome Back Fade to Black I

1574

01:05:02,930 --> 01:04:59,160

am your host Jimmy Church River Moon

1575

01:05:09,289 --> 01:05:05,990

okay enough of that the best uh Richard

1576

01:05:10,430 --> 01:05:09,299

Dolan is our guest tonight now Richard

1577

01:05:13,130 --> 01:05:10,440

um here's

1578

01:05:15,950 --> 01:05:13,140

here's here's where I want to go let's

1579

01:05:18,049 --> 01:05:15,960

I'm I'm going to present a hypothetical

1580

01:05:20,809 --> 01:05:18,059

scenario I'm going wherever you want to

1581

01:05:23,270 --> 01:05:20,819

lead Jimmy yeah well you know we're

1582

01:05:24,410 --> 01:05:23,280

going down that dark Road here's here's

1583

01:05:28,910 --> 01:05:24,420

the thing

1584

01:05:31,309 --> 01:05:28,920

we have uh perseverance on Mars right

1585

01:05:34,430 --> 01:05:31,319

going across the Martian surface at

1586

01:05:37,609 --> 01:05:34,440

about a mile an hour right whatever it's

1587

01:05:39,410 --> 01:05:37,619

doing right you know forever as far as I

1588

01:05:41,329 --> 01:05:39,420

know no defensive or offensive

1589

01:05:44,270 --> 01:05:41,339

capabilities on that thing I don't think

1590

01:05:46,990 --> 01:05:44,280

there's any guns we've also got uh an

1591

01:05:50,030 --> 01:05:47,000

aircraft on Mars right Ingenuity right

1592

01:05:52,849 --> 01:05:50,040

anal flour as far as I know no heat

1593

01:05:54,589 --> 01:05:52,859

seeking missiles on that little guy

1594

01:05:56,569 --> 01:05:54,599

um the stuff that we've had on the moon

1595

01:05:57,770 --> 01:05:56,579

and so forth you know these land and

1596

01:05:59,930 --> 01:05:57,780

things

1597

01:06:02,809 --> 01:05:59,940

um very slow and and defense but but

1598

01:06:09,049 --> 01:06:02,819

we're collecting data now hypothetically

1599

01:06:10,089 --> 01:06:09,059

speaking is it too much of a stretch to

1600

01:06:15,289 --> 01:06:10,099

suggest

1601
01:06:18,650 --> 01:06:15,299
that uh some stuff here uh coming from

1602
01:06:22,430 --> 01:06:18,660
elsewhere right an intelligent uh

1603
01:06:25,430 --> 01:06:22,440
species out there in ETC sending stuff

1604
01:06:29,390 --> 01:06:25,440
out to observe another planet

1605
01:06:31,069 --> 01:06:29,400
um could be slow moving could not uh you

1606
01:06:34,190 --> 01:06:31,079
know possess offensive and defensive

1607
01:06:35,809 --> 01:06:34,200
capabilities and wouldn't care about and

1608
01:06:38,270 --> 01:06:35,819
now I'm not saying everything I'm just

1609
01:06:40,670 --> 01:06:38,280
saying hypothetically speaking that it

1610
01:06:44,329 --> 01:06:40,680
is possible isn't it that some things

1611
01:06:47,569 --> 01:06:44,339
could be here just to cruise around and

1612
01:06:49,490 --> 01:06:47,579
and not have a whole lot of of crazy

1613
01:06:52,370 --> 01:06:49,500

technology on it and it's just here to

1614

01:06:54,710 --> 01:06:52,380

collect data and it could get shot down

1615

01:06:56,750 --> 01:06:54,720

sure yeah it's possible

1616

01:06:59,990 --> 01:06:56,760

uh

1617

01:07:03,770 --> 01:07:00,000

but you'd think though that if there's

1618

01:07:06,289 --> 01:07:03,780

an alien species that would do that

1619

01:07:08,630 --> 01:07:06,299

they would probably know that they're

1620

01:07:10,130 --> 01:07:08,640

sending their probe to Earth it's not

1621

01:07:13,309 --> 01:07:10,140

just going to arrive at Earth randomly

1622

01:07:16,069 --> 01:07:13,319

so one would assume it's intentional and

1623

01:07:17,870 --> 01:07:16,079

one would assume that they are aware oh

1624

01:07:19,789 --> 01:07:17,880

this is a planet so God that has a lot

1625

01:07:21,770 --> 01:07:19,799

of life and

1626

01:07:25,190 --> 01:07:21,780

um

1627

01:07:27,289 --> 01:07:25,200

I mean are they just going to go

1628

01:07:28,849 --> 01:07:27,299

at some point they if they have a

1629

01:07:29,930 --> 01:07:28,859

satellite that's high enough they're

1630

01:07:32,150 --> 01:07:29,940

going to see a whole bunch of other

1631

01:07:34,609 --> 01:07:32,160

satellites in orbit

1632

01:07:37,130 --> 01:07:34,619

so they're going to know presumably

1633

01:07:38,809 --> 01:07:37,140

right away and then you know all of our

1634

01:07:40,370 --> 01:07:38,819

RF signals and all the stuff coming off

1635

01:07:42,589 --> 01:07:40,380

of the planet they're probably going to

1636

01:07:45,529 --> 01:07:42,599

have a realization that there's a

1637

01:07:46,670 --> 01:07:45,539

technologically advanced species on that

1638

01:07:49,510 --> 01:07:46,680

planet

1639

01:07:52,670 --> 01:07:49,520

but what if it's a Von Neumann situation

1640

01:07:56,529 --> 01:07:52,680

where it's self-replicating and just out

1641

01:07:59,510 --> 01:07:56,539

exploring every single planets

1642

01:08:01,490 --> 01:07:59,520

trillions what and and these things are

1643

01:08:04,390 --> 01:08:01,500

just being manufactured to go and

1644

01:08:07,490 --> 01:08:04,400

collect data and and

1645

01:08:09,970 --> 01:08:07,500

you know what that could be that's why

1646

01:08:13,849 --> 01:08:09,980

not why not

1647

01:08:16,910 --> 01:08:13,859

that doesn't that doesn't follow most of

1648

01:08:19,249 --> 01:08:16,920

the observational what I have on UFOs

1649

01:08:22,309 --> 01:08:19,259

but yeah I would certainly totally say

1650

01:08:26,630 --> 01:08:22,319

it's possible yeah yeah it could be and

1651

01:08:28,370 --> 01:08:26,640

and the the other part uh with this

1652

01:08:30,769 --> 01:08:28,380

um I you know I think about this all the

1653

01:08:32,749 --> 01:08:30,779

time and you know I've got a twisted

1654

01:08:35,749 --> 01:08:32,759

mind I I just don't look at things

1655

01:08:38,689 --> 01:08:35,759

probably as rational as I should but

1656

01:08:40,849 --> 01:08:38,699

here's the other thing if if we do have

1657

01:08:45,769 --> 01:08:40,859

what no we do this is a fact where we've

1658

01:08:48,590 --> 01:08:45,779

got 40 50 billion billion with a B Rocky

1659

01:08:49,729 --> 01:08:48,600

Earth-like planets in in the Goldilocks

1660

01:08:51,530 --> 01:08:49,739

zone

1661

01:08:53,570 --> 01:08:51,540

um in our Milky Way just right there

1662

01:08:55,309 --> 01:08:53,580

it's a numbers game so how much of that

1663

01:08:58,010 --> 01:08:55,319

supports life how much of it is

1664

01:09:00,709 --> 01:08:58,020

intelligent life how much of it uh

1665

01:09:03,229 --> 01:09:00,719

another small percentage is Interstellar

1666

01:09:05,930 --> 01:09:03,239

right okay so if we go with that but

1667

01:09:08,870 --> 01:09:05,940

it's 40 billion and you go with like a

1668

01:09:10,910 --> 01:09:08,880

tenth of a percent you're still dealing

1669

01:09:13,090 --> 01:09:10,920

with hundreds of Millions millions of

1670

01:09:18,229 --> 01:09:13,100

advanced civilization it's a big number

1671

01:09:19,789 --> 01:09:18,239

and so therefore we if if they're

1672

01:09:22,309 --> 01:09:19,799

getting here and I believe that they are

1673

01:09:24,349 --> 01:09:22,319

we would be seeing all kinds of

1674

01:09:27,890 --> 01:09:24,359

different civilizations it's not just

1675

01:09:30,349 --> 01:09:27,900

one we might be right right it could be

1676

01:09:34,130 --> 01:09:30,359

thousands you get a very it's one of the

1677

01:09:35,749 --> 01:09:34,140

weird things about the UFO phenomenon

1678

01:09:38,450 --> 01:09:35,759

is that

1679

01:09:40,309 --> 01:09:38,460

it doesn't behave the way you know most

1680

01:09:44,030 --> 01:09:40,319

of us would want it to behave we want

1681

01:09:46,249 --> 01:09:44,040

one alien species with one kind of craft

1682

01:09:48,829 --> 01:09:46,259

right so that we can figure it out and

1683

01:09:52,689 --> 01:09:48,839

instead what you have are a wide range

1684

01:09:55,550 --> 01:09:52,699

of craft designs and shapes and types

1685

01:09:58,970 --> 01:09:55,560

and you have a wide range of alleged

1686

01:10:01,550 --> 01:09:58,980

let's just say alien beings yes all

1687

01:10:02,870 --> 01:10:01,560

they're very different it's different

1688

01:10:05,330 --> 01:10:02,880

species

1689

01:10:07,850 --> 01:10:05,340

even even among what we would call Grays

1690

01:10:10,430 --> 01:10:07,860

there's a very wide range in their size

1691

01:10:13,610 --> 01:10:10,440

and in the type and in the way the eyes

1692

01:10:15,050 --> 01:10:13,620

look and a lot of a lot of details are

1693

01:10:16,430 --> 01:10:15,060

described very differently and so you're

1694

01:10:18,830 --> 01:10:16,440

really left wondering

1695

01:10:20,630 --> 01:10:18,840

are people

1696

01:10:22,970 --> 01:10:20,640

not reporting this

1697

01:10:25,370 --> 01:10:22,980

accurately maybe there's some kind of

1698

01:10:28,010 --> 01:10:25,380

mind manipulation going on okay

1699

01:10:30,110 --> 01:10:28,020

but is it is it that much of a variation

1700

01:10:32,090 --> 01:10:30,120

that you've got all of this or are we

1701

01:10:33,890 --> 01:10:32,100

dealing with different species yeah

1702

01:10:37,310 --> 01:10:33,900

different well look at the two of us

1703

01:10:40,490 --> 01:10:37,320

Richard take a really close look

1704

01:10:42,729 --> 01:10:40,500

to somebody else we could be from two

1705

01:10:46,130 --> 01:10:42,739

different planets

1706

01:10:49,550 --> 01:10:46,140

if you really think about it there's

1707

01:10:51,530 --> 01:10:49,560

nothing similar you know we've got the

1708

01:10:54,830 --> 01:10:51,540

In-Shape good-looking guy we've got the

1709

01:10:57,830 --> 01:10:54,840

fat bloated pasty dude over but I do

1710

01:11:00,290 --> 01:10:57,840

have I I do I don't dye my hair

1711

01:11:01,250 --> 01:11:00,300

but here you know what I mean we could

1712

01:11:02,450 --> 01:11:01,260

be

1713

01:11:05,750 --> 01:11:02,460

right

1714

01:11:08,770 --> 01:11:05,760

I don't I don't think I think um

1715

01:11:11,270 --> 01:11:08,780

human beings actually have a remarkable

1716

01:11:14,390 --> 01:11:11,280

homogeneity within our genetic structure

1717

01:11:16,610 --> 01:11:14,400

like we we actually have less variety as

1718

01:11:17,510 --> 01:11:16,620

a species than many other species on

1719

01:11:19,610 --> 01:11:17,520

this planet

1720

01:11:22,610 --> 01:11:19,620

uh part of the reason is that all the

1721

01:11:24,470 --> 01:11:22,620

other hominins that evolved with us are

1722

01:11:26,810 --> 01:11:24,480

gone neanderthals are gone the Denis

1723

01:11:28,550 --> 01:11:26,820

Evans are gone the uh the the floret

1724

01:11:30,709 --> 01:11:28,560

homo floresiensis the hobbits they're

1725

01:11:32,990 --> 01:11:30,719

gone they were all pretty recent yeah

1726

01:11:35,450 --> 01:11:33,000

they were they were all they were all

1727

01:11:39,290 --> 01:11:35,460

you know standing up bipedal hominins

1728

01:11:41,570 --> 01:11:39,300

like us uh they looked more different

1729

01:11:44,209 --> 01:11:41,580

I'm just saying that

1730

01:11:46,550 --> 01:11:44,219

when you have a description of an alien

1731

01:11:48,350 --> 01:11:46,560

being that's three feet high and a

1732

01:11:50,510 --> 01:11:48,360

description of an alien being that's

1733

01:11:52,010 --> 01:11:50,520

five feet high that's a pretty big range

1734

01:11:53,390 --> 01:11:52,020

right there and then when you have a

1735

01:11:55,310 --> 01:11:53,400

description of an alien being that's got

1736

01:11:57,709 --> 01:11:55,320

big black wraparound eyes

1737

01:11:59,570 --> 01:11:57,719

and a big wide head but then a

1738

01:12:01,430 --> 01:11:59,580

description of a gray being that doesn't

1739

01:12:04,610 --> 01:12:01,440

have big black wrap around eyes and has

1740

01:12:05,570 --> 01:12:04,620

a thin but large head and that happens I

1741

01:12:07,189 --> 01:12:05,580

was just reading one of Glenn

1742

01:12:09,470 --> 01:12:07,199

stringfield's reports that describe that

1743

01:12:11,209 --> 01:12:09,480

so now you're talking that's that's a

1744

01:12:13,430 --> 01:12:11,219

variation enough that I'm thinking

1745

01:12:15,470 --> 01:12:13,440

that's not the same species there's no

1746

01:12:18,770 --> 01:12:15,480

way that I'm going to see a big fat head

1747

01:12:20,390 --> 01:12:18,780

and a tall skinny head as belonging to

1748

01:12:22,870 --> 01:12:20,400

the same species that's called

1749

01:12:24,649 --> 01:12:22,880

morphology and this is what

1750

01:12:26,990 --> 01:12:24,659

paleoanthropologists look at all the

1751

01:12:28,550 --> 01:12:27,000

time they're doing all these minute you

1752

01:12:30,470 --> 01:12:28,560

know measurements of all these ancient

1753

01:12:32,149 --> 01:12:30,480

skulls they're finding and they're

1754

01:12:34,250 --> 01:12:32,159

classifying them as different species I

1755

01:12:36,050 --> 01:12:34,260

think rightly so I think we should do

1756

01:12:37,610 --> 01:12:36,060

the same thing with these aliens so

1757

01:12:40,010 --> 01:12:37,620

there's a lot of different species which

1758

01:12:41,990 --> 01:12:40,020

would speak to if these reports are

1759

01:12:43,970 --> 01:12:42,000

accurate that would speak to what you're

1760

01:12:46,729 --> 01:12:43,980

saying that there's

1761

01:12:49,370 --> 01:12:46,739

a wide variety that's out there or you

1762

01:12:52,430 --> 01:12:49,380

could say there are a wide range of

1763

01:12:55,070 --> 01:12:52,440

genetic manipulations that's the other

1764

01:12:57,410 --> 01:12:55,080

thing I have to always wonder how many

1765

01:12:59,810 --> 01:12:57,420

of these species are naturally occurring

1766

01:13:02,090 --> 01:12:59,820

purely naturally occurring and how many

1767

01:13:04,130 --> 01:13:02,100

of them are artificially enhanced

1768

01:13:07,689 --> 01:13:04,140

through you know

1769

01:13:10,910 --> 01:13:07,699

genetic manipulation and so forth I mean

1770

01:13:13,790 --> 01:13:10,920

yeah and we're doing that now yeah yeah

1771

01:13:15,410 --> 01:13:13,800

for sure no idea where crispr is going

1772

01:13:17,270 --> 01:13:15,420

to lead the human race in the next 50

1773

01:13:20,630 --> 01:13:17,280

years I have no idea I think it's going

1774

01:13:22,669 --> 01:13:20,640

to lead us into a variety of human types

1775

01:13:25,490 --> 01:13:22,679

I think that's gonna happen man I don't

1776

01:13:29,030 --> 01:13:25,500

know about 50 years but within um

1777

01:13:31,970 --> 01:13:29,040

a couple of centuries our our pace of

1778

01:13:33,350 --> 01:13:31,980

you know evolution is is rapidly

1779

01:13:35,930 --> 01:13:33,360

increasing

1780

01:13:37,729 --> 01:13:35,940

and when you're talking about

1781

01:13:40,430 --> 01:13:37,739

self-directed essentially is what this

1782

01:13:41,990 --> 01:13:40,440

is oh my God this can go into a lot of

1783

01:13:43,850 --> 01:13:42,000

really crazy places

1784

01:13:46,370 --> 01:13:43,860

but the thing is Will Will those

1785

01:13:48,229 --> 01:13:46,380

variations work

1786

01:13:50,390 --> 01:13:48,239

you start changing you start screwing

1787

01:13:52,490 --> 01:13:50,400

about the species the species has to

1788

01:13:54,229 --> 01:13:52,500

survive within its ecosystem and

1789

01:13:55,370 --> 01:13:54,239

environment and you start messing with

1790

01:13:57,470 --> 01:13:55,380

it too much

1791

01:13:59,990 --> 01:13:57,480

uh you might be undercutting it

1792

01:14:02,510 --> 01:14:00,000

survivability well yeah well like simple

1793

01:14:03,850 --> 01:14:02,520

things like reproduction right suddenly

1794

01:14:06,770 --> 01:14:03,860

yeah yeah

1795

01:14:08,930 --> 01:14:06,780

right he messed with too many

1796

01:14:12,050 --> 01:14:08,940

chromosomes and too much DNA the next

1797

01:14:14,689 --> 01:14:12,060

thing you know uh I mean we can't as far

1798

01:14:17,750 --> 01:14:14,699

as I know I don't think we can mate with

1799

01:14:20,810 --> 01:14:17,760

lions and tigers right even though our

1800

01:14:23,390 --> 01:14:20,820

DNA is closed right but we can't it's a

1801

01:14:27,590 --> 01:14:23,400

chromosome and DNA issue let me ask you

1802

01:14:30,070 --> 01:14:27,600

this staying on on this subject

1803

01:14:33,649 --> 01:14:30,080

um if Enrico Fermi

1804

01:14:36,590 --> 01:14:33,659

uh was alive today

1805

01:14:38,750 --> 01:14:36,600

do you think he would say the same

1806

01:14:40,910 --> 01:14:38,760

things do you think that Fermi Paradox

1807

01:14:42,830 --> 01:14:40,920

would stand today

1808

01:14:45,649 --> 01:14:42,840

well I think he probably would because

1809

01:14:48,709 --> 01:14:45,659

there are a lot of scientists in

1810

01:14:51,410 --> 01:14:48,719

cosmology and in physics who I mean most

1811

01:14:53,510 --> 01:14:51,420

of them don't know a lot about UFOs but

1812

01:14:55,070 --> 01:14:53,520

they repeat the Fermi Paradox like where

1813

01:14:57,590 --> 01:14:55,080

is everybody

1814

01:15:00,169 --> 01:14:57,600

so what they're saying is there should

1815

01:15:02,810 --> 01:15:00,179

be life out there why isn't it here

1816

01:15:04,490 --> 01:15:02,820

our answer is well maybe you want to

1817

01:15:06,590 --> 01:15:04,500

look at some UFO evidence before you

1818

01:15:09,350 --> 01:15:06,600

make that determination

1819

01:15:11,990 --> 01:15:09,360

but I think it all depends on what

1820

01:15:14,470 --> 01:15:12,000

fermi's attitude about UFOs would be but

1821

01:15:16,430 --> 01:15:14,480

assuming that he's a typical

1822

01:15:18,649 --> 01:15:16,440

establishment scientist who doesn't

1823

01:15:20,570 --> 01:15:18,659

study the matter he might still be

1824

01:15:22,130 --> 01:15:20,580

asking that same question I mean the

1825

01:15:24,229 --> 01:15:22,140

thing is it's changing a little bit now

1826

01:15:27,709 --> 01:15:24,239

we are seeing

1827

01:15:31,669 --> 01:15:27,719

more people being open about expressing

1828

01:15:33,830 --> 01:15:31,679

their belief in the reality of UFOs

1829

01:15:35,689 --> 01:15:33,840

so

1830

01:15:37,790 --> 01:15:35,699

you know but it's still it's still a

1831

01:15:41,209 --> 01:15:37,800

career risk

1832

01:15:43,490 --> 01:15:41,219

for a mainstream scientist just say oh

1833

01:15:46,149 --> 01:15:43,500

yes I believe totally in UFOs I don't

1834

01:15:49,970 --> 01:15:46,159

there not many of them are doing that

1835

01:15:52,310 --> 01:15:49,980

the uh and the reason why I I bring that

1836

01:15:53,870 --> 01:15:52,320

up because if you go back he's the you

1837

01:15:55,669 --> 01:15:53,880

know the quote the conversation in the

1838

01:15:59,030 --> 01:15:55,679

cafeteria has been attributed to him in

1839

01:16:03,229 --> 01:15:59,040

1953 at uh Los Alamos right they're

1840

01:16:04,970 --> 01:16:03,239

having lunch uh the the 1952 UFO flap

1841

01:16:07,130 --> 01:16:04,980

the headlines all over the newspapers

1842

01:16:08,270 --> 01:16:07,140

and so you know the physicists are

1843

01:16:10,430 --> 01:16:08,280

sitting around having their

1844

01:16:12,590 --> 01:16:10,440

cheeseburgers at lunch you know talking

1845

01:16:14,209 --> 01:16:12,600

about the the national headlines okay

1846

01:16:17,570 --> 01:16:14,219

all right

1847

01:16:21,110 --> 01:16:17,580

um but back then in 1953 it goes without

1848

01:16:24,770 --> 01:16:21,120

saying but it needs to be repeated back

1849

01:16:26,450 --> 01:16:24,780

then nobody knew of any other planets

1850

01:16:28,850 --> 01:16:26,460

outside of our solar system and we

1851

01:16:32,450 --> 01:16:28,860

didn't know that for another 40 years

1852

01:16:34,970 --> 01:16:32,460

until 1999 that is a good point and so

1853

01:16:38,330 --> 01:16:34,980

you know you push this up to uh you know

1854

01:16:42,290 --> 01:16:38,340

2023 where we go from you know zero

1855

01:16:44,090 --> 01:16:42,300

planets in 1994 right that's pretty

1856

01:16:46,430 --> 01:16:44,100

recent history to me although although

1857

01:16:49,130 --> 01:16:46,440

to be fair those guys eyes back then

1858

01:16:50,930 --> 01:16:49,140

assumed that there were planets out

1859

01:16:52,490 --> 01:16:50,940

there I think you know their assumption

1860

01:16:54,169 --> 01:16:52,500

in terms of things like Star formation

1861

01:16:56,090 --> 01:16:54,179

and the like was

1862

01:16:59,030 --> 01:16:56,100

formation of a star is going to create

1863

01:17:00,649 --> 01:16:59,040

debris and those debris are planets I

1864

01:17:03,530 --> 01:17:00,659

think that that theory was out there but

1865

01:17:06,290 --> 01:17:03,540

it's true like there's no proof there

1866

01:17:09,290 --> 01:17:06,300

was no reason to be absolutely certain

1867

01:17:11,450 --> 01:17:09,300

one thing about first but there's

1868

01:17:12,890 --> 01:17:11,460

actually another interesting point with

1869

01:17:16,310 --> 01:17:12,900

that

1870

01:17:18,350 --> 01:17:16,320

um the current mapping in numbers of the

1871

01:17:22,010 --> 01:17:18,360

Milky Way and the size of the Milky Way

1872

01:17:25,910 --> 01:17:22,020

it gets bigger every year and so when

1873

01:17:29,630 --> 01:17:25,920

you back up into the 1950s they were

1874

01:17:31,689 --> 01:17:29,640

saying things like millions of stars in

1875

01:17:35,270 --> 01:17:31,699

the Milky Way right right

1876

01:17:37,250 --> 01:17:35,280

now it's a trillion trillions I think

1877

01:17:40,550 --> 01:17:37,260

you're right so many it's incredible

1878

01:17:42,709 --> 01:17:40,560

between millions and the trill ever you

1879

01:17:46,010 --> 01:17:42,719

know a thousand Millions to get to one

1880

01:17:48,410 --> 01:17:46,020

billion yeah that's crazy town and then

1881

01:17:51,490 --> 01:17:48,420

another thousand another thousand

1882

01:17:53,689 --> 01:17:51,500

billions you know to get to the trip

1883

01:17:57,830 --> 01:17:53,699

they didn't have that they didn't have

1884

01:18:00,709 --> 01:17:57,840

that concept back then and and today the

1885

01:18:02,990 --> 01:18:00,719

pragmatic black and white scientist as

1886

01:18:05,810 --> 01:18:03,000

you know that's fine but they Now

1887

01:18:08,330 --> 01:18:05,820

understand how ginormous things are and

1888

01:18:10,189 --> 01:18:08,340

which include includes going beyond our

1889

01:18:13,550 --> 01:18:10,199

Milky Way and into the universe that

1890

01:18:15,770 --> 01:18:13,560

there are trillions of of galaxies so

1891

01:18:17,270 --> 01:18:15,780

good point yeah and you know what's kind

1892

01:18:18,890 --> 01:18:17,280

of crazy I just I just thought of this

1893

01:18:20,390 --> 01:18:18,900

for the first time and it's kind of an

1894

01:18:22,729 --> 01:18:20,400

odd thing that I didn't think of this

1895

01:18:25,370 --> 01:18:22,739

before so Fermi is talking about where

1896

01:18:27,530 --> 01:18:25,380

is everybody in the early 50s

1897

01:18:30,709 --> 01:18:27,540

you realize over at Los Alamos in the

1898

01:18:34,390 --> 01:18:30,719

late 40s just a couple of years earlier

1899

01:18:40,189 --> 01:18:34,400

that the so-called uh green Fireballs

1900

01:18:43,550 --> 01:18:40,199

were a seriously high level concern of

1901

01:18:45,910 --> 01:18:43,560

UFOs over Los Alamos and that and over

1902

01:18:49,310 --> 01:18:45,920

places like White Sands and they said

1903

01:18:52,430 --> 01:18:49,320

they set up radar systems and built them

1904

01:18:54,110 --> 01:18:52,440

because of those correct yes it was it

1905

01:18:56,990 --> 01:18:54,120

was and it was a problem that got the

1906

01:18:59,209 --> 01:18:57,000

attention of high level

1907

01:19:01,970 --> 01:18:59,219

military people and high-level

1908

01:19:05,030 --> 01:19:01,980

scientists and we know this for a fact

1909

01:19:07,610 --> 01:19:05,040

yes it is not a and so you got to wonder

1910

01:19:09,470 --> 01:19:07,620

like what was up with Fermi like is he

1911

01:19:11,330 --> 01:19:09,480

just oblivious to this like right there

1912

01:19:14,450 --> 01:19:11,340

in Los Alamos

1913

01:19:16,910 --> 01:19:14,460

that this was clearly the scene of

1914

01:19:19,250 --> 01:19:16,920

directed unknown

1915

01:19:21,050 --> 01:19:19,260

activity that was

1916

01:19:23,630 --> 01:19:21,060

stated by the world's leading meteorite

1917

01:19:26,209 --> 01:19:23,640

expert Lincoln La Paz back then he said

1918

01:19:29,149 --> 01:19:26,219

these are not meteorites

1919

01:19:30,890 --> 01:19:29,159

and and so what do you got you have uh

1920

01:19:34,250 --> 01:19:30,900

sightings of these objects maneuvering

1921

01:19:37,669 --> 01:19:34,260

at times uh dropping moving up at times

1922

01:19:40,550 --> 01:19:37,679

like they they didn't make sense it was

1923

01:19:43,010 --> 01:19:40,560

such a problem that one question

1924

01:19:44,689 --> 01:19:43,020

obviously was are the Russians playing

1925

01:19:46,610 --> 01:19:44,699

games over our sensitive airspace

1926

01:19:50,090 --> 01:19:46,620

because you don't just fly things over

1927

01:19:53,570 --> 01:19:50,100

Los Alamos back then no no either but

1928

01:19:56,510 --> 01:19:53,580

but not then and so this was a real

1929

01:19:58,490 --> 01:19:56,520

problem and so it's kind of weird

1930

01:19:59,630 --> 01:19:58,500

to think that Enrico Fermi who was a

1931

01:20:03,850 --> 01:19:59,640

genius

1932

01:20:07,610 --> 01:20:03,860

would be was he that oblivious did you

1933

01:20:10,070 --> 01:20:07,620

yeah yeah did you uh ever get a chance

1934

01:20:11,450 --> 01:20:10,080

to see I'm gonna see if this pops up in

1935

01:20:14,510 --> 01:20:11,460

the chat room I haven't mentioned it

1936

01:20:17,630 --> 01:20:14,520

there's a TV series uh that came out in

1937

01:20:21,770 --> 01:20:17,640

the 2010 11 12 like right in there

1938

01:20:25,430 --> 01:20:21,780

called Manhattan two seasons did you see

1939

01:20:26,689 --> 01:20:25,440

that no okay so it's all about now one

1940

01:20:28,790 --> 01:20:26,699

of the things that I didn't realize

1941

01:20:31,310 --> 01:20:28,800

because we understand Los Alamos today

1942

01:20:33,110 --> 01:20:31,320

as a laboratory Los Alamos back then

1943

01:20:36,110 --> 01:20:33,120

which you know development of the bomb

1944

01:20:36,950 --> 01:20:36,120

with Oppenheimer and the team uh that

1945

01:20:42,169 --> 01:20:36,960

was

1946

01:20:43,910 --> 01:20:42,179

town that they built out in the middle

1947

01:20:45,890 --> 01:20:43,920

of the desert

1948

01:20:47,810 --> 01:20:45,900

um the families lived there right but

1949

01:20:50,990 --> 01:20:47,820

complete when you said you can't fly

1950

01:20:54,350 --> 01:20:51,000

over it didn't even exist it was a post

1951

01:20:56,870 --> 01:20:54,360

office box right that was not any Maps

1952

01:20:59,630 --> 01:20:56,880

or anything like that but to go back and

1953

01:21:01,250 --> 01:20:59,640

watch uh that TV series and if you

1954

01:21:04,610 --> 01:21:01,260

haven't seen it go and watch it two

1955

01:21:08,270 --> 01:21:04,620

seasons it's phenomenal great acting but

1956

01:21:10,250 --> 01:21:08,280

uh a a a great cast but the point with

1957

01:21:12,110 --> 01:21:10,260

all of this is the amount of secrecy

1958

01:21:15,410 --> 01:21:12,120

that was there in the amount of

1959

01:21:16,910 --> 01:21:15,420

intelligence the brain power you know it

1960

01:21:19,910 --> 01:21:16,920

was the best of the best of the entire

1961

01:21:23,570 --> 01:21:19,920

world uh that was brought together and

1962

01:21:26,689 --> 01:21:23,580

it never left Richard Sandia White Sands

1963

01:21:28,910 --> 01:21:26,699

yeah it never brilliant Brilliant Minds

1964

01:21:31,790 --> 01:21:28,920

working there then and now

1965

01:21:34,430 --> 01:21:31,800

so and you know Los Alamos has been

1966

01:21:36,709 --> 01:21:34,440

there have been other uh UFO incidents

1967

01:21:41,870 --> 01:21:36,719

over that area after that period but

1968

01:21:43,430 --> 01:21:41,880

from 1948 1949 1950 into 51 it was such

1969

01:21:45,709 --> 01:21:43,440

a a problem

1970

01:21:48,229 --> 01:21:45,719

that the air force uh ran something

1971

01:21:51,669 --> 01:21:48,239

called project twinkle which got some

1972

01:21:54,890 --> 01:21:51,679

publicity back then at the time and was

1973

01:21:57,110 --> 01:21:54,900

not really understood to be as

1974

01:22:00,590 --> 01:21:57,120

successful as it actually was uh Dr

1975

01:22:03,229 --> 01:22:00,600

Bruce Maccabee wrote a very good uh

1976

01:22:05,270 --> 01:22:03,239

piece on this where he actually went

1977

01:22:07,970 --> 01:22:05,280

back and looked at the analysis that was

1978

01:22:09,290 --> 01:22:07,980

done by the

1979

01:22:10,729 --> 01:22:09,300

um they've been set up these three

1980

01:22:13,130 --> 01:22:10,739

different theodolites at different

1981

01:22:16,310 --> 01:22:13,140

stations to triangulate these objects

1982

01:22:18,470 --> 01:22:16,320

and what he found is that they on a

1983

01:22:20,090 --> 01:22:18,480

couple of occasions actually did track

1984

01:22:22,430 --> 01:22:20,100

on one occasion specifically they

1985

01:22:24,649 --> 01:22:22,440

tracked an object traveling at uh I

1986

01:22:27,770 --> 01:22:24,659

think it was 100 000 feet altitude with

1987

01:22:29,689 --> 01:22:27,780

a diameter of 30 feet at uh I I don't

1988

01:22:31,910 --> 01:22:29,699

think they wrote the exact speed but

1989

01:22:34,070 --> 01:22:31,920

many thousands of miles per hour that's

1990

01:22:35,870 --> 01:22:34,080

correct so in nineteen I think it was

1991

01:22:37,850 --> 01:22:35,880

1949 or 1950

1992

01:22:40,189 --> 01:22:37,860

and that was in the report it got buried

1993

01:22:41,870 --> 01:22:40,199

in the report and so the conclusion was

1994

01:22:44,030 --> 01:22:41,880

there's nothing there's not a lot of

1995

01:22:46,850 --> 01:22:44,040

hard data here but that was hard data

1996

01:22:50,810 --> 01:22:46,860

and they did wasn't it wasn't in uh it

1997

01:22:52,729 --> 01:22:50,820

was on station for a few hours right and

1998

01:22:55,550 --> 01:22:52,739

it came in it was tracked for quite a

1999

01:22:57,950 --> 01:22:55,560

long time it wasn't a an entirely that

2000

01:22:59,870 --> 01:22:57,960

lasted you know a couple of seconds in a

2001

01:23:01,790 --> 01:22:59,880

blip on the radar that they were

2002

01:23:03,950 --> 01:23:01,800

actually tracking this for for quite a

2003

01:23:05,930 --> 01:23:03,960

long time I I know it was a good track I

2004

01:23:08,149 --> 01:23:05,940

know that they were satisfied with it

2005

01:23:11,209 --> 01:23:08,159

and it went into the report as a solid

2006

01:23:12,649 --> 01:23:11,219

track and theodolites are then and now

2007

01:23:15,169 --> 01:23:12,659

they're good instruments they're very

2008

01:23:16,669 --> 01:23:15,179

reliable label track they will see an

2009

01:23:18,530 --> 01:23:16,679

object they'll track his altitude at

2010

01:23:20,390 --> 01:23:18,540

speed

2011

01:23:23,330 --> 01:23:20,400

um and that's what was used to track

2012

01:23:25,510 --> 01:23:23,340

these things so in in for everybody out

2013

01:23:29,390 --> 01:23:25,520

there in the northern side of New Mexico

2014

01:23:33,410 --> 01:23:29,400

Albuquerque uh where centrally a lot of

2015

01:23:36,189 --> 01:23:33,420

this intelligence uh and and uh uh

2016

01:23:38,689 --> 01:23:36,199

technical development of what's going on

2017

01:23:40,310 --> 01:23:38,699

several different sites in the

2018

01:23:43,669 --> 01:23:40,320

laboratory setting in a testing setting

2019

01:23:47,630 --> 01:23:43,679

so outside the perimeter here they they

2020

01:23:50,570 --> 01:23:47,640

went into Northeast uh New Mexico not

2021

01:23:52,669 --> 01:23:50,580

too far uh Northwest and then Central

2022

01:23:55,610 --> 01:23:52,679

below Albuquerque and they had this

2023

01:23:58,310 --> 01:23:55,620

triangle set up to try and track this

2024

01:24:00,229 --> 01:23:58,320

stuff because it was going down the

2025

01:24:03,530 --> 01:24:00,239

sites themselves the buildings are still

2026

01:24:05,390 --> 01:24:03,540

there yeah from what I recall from the

2027

01:24:08,090 --> 01:24:05,400

twinkle report

2028

01:24:10,490 --> 01:24:08,100

um once they set up first of all there

2029

01:24:13,130 --> 01:24:10,500

was a an argument over the location of

2030

01:24:15,470 --> 01:24:13,140

one of the stations and it was said that

2031

01:24:18,169 --> 01:24:15,480

you put this in an area where there's no

2032

01:24:19,850 --> 01:24:18,179

activity why are you doing that and and

2033

01:24:21,530 --> 01:24:19,860

so there was argument that the project

2034

01:24:23,990 --> 01:24:21,540

was set up to fail I don't know if

2035

01:24:25,910 --> 01:24:24,000

that's true or not but maybe uh but what

2036

01:24:28,189 --> 01:24:25,920

they I think rupeld actually wrote about

2037

01:24:30,530 --> 01:24:28,199

this in his book report on an end of

2038

01:24:32,030 --> 01:24:30,540

five flying objects that the activity

2039

01:24:35,209 --> 01:24:32,040

just dropped

2040

01:24:37,130 --> 01:24:35,219

while twinkle was underway and I I think

2041

01:24:38,510 --> 01:24:37,140

that is true but it didn't it didn't

2042

01:24:41,149 --> 01:24:38,520

stop

2043

01:24:43,790 --> 01:24:41,159

and they they did track a few unknowns

2044

01:24:49,669 --> 01:24:43,800

and they got that one really good one

2045

01:24:51,950 --> 01:24:49,679

now if we're explainable if we uh if we

2046

01:24:55,010 --> 01:24:51,960

I'll just say you and I right if you and

2047

01:24:57,590 --> 01:24:55,020

I uh find out about you know intelligent

2048

01:24:59,149 --> 01:24:57,600

life we find a VI a biosphere on a

2049

01:25:01,010 --> 01:24:59,159

planet and and we head out and we're

2050

01:25:04,850 --> 01:25:01,020

gonna go check it out and we're looking

2051

01:25:09,470 --> 01:25:04,860

at it and let's say it's Neanderthal

2052

01:25:11,930 --> 01:25:09,480

level or you know 10 000 year uh or like

2053

01:25:14,810 --> 01:25:11,940

us 10 000 years ago right where we've

2054

01:25:16,669 --> 01:25:14,820

we've got fire right maybe agriculture

2055

01:25:18,110 --> 01:25:16,679

maybe we're domesticating the animals

2056

01:25:22,310 --> 01:25:18,120

right

2057

01:25:25,729 --> 01:25:22,320

um we've tamed the house cat anyway it's

2058

01:25:31,729 --> 01:25:25,739

a joke sure so uh house cats are aliens

2059

01:25:34,370 --> 01:25:31,739

so the but but we go what would we do we

2060

01:25:36,890 --> 01:25:34,380

would go and look for maybe campfires

2061

01:25:39,410 --> 01:25:36,900

you know something and just Monitor and

2062

01:25:41,510 --> 01:25:39,420

check things out maybe we'll go back in

2063

01:25:44,410 --> 01:25:41,520

100 years that's only that's all we

2064

01:25:46,910 --> 01:25:44,420

would do yes yeah right yeah exactly

2065

01:25:48,890 --> 01:25:46,920

exactly but then you know go back and

2066

01:25:50,930 --> 01:25:48,900

check in oh check it out they've got

2067

01:25:53,689 --> 01:25:50,940

wagons they've got the wheel yeah

2068

01:25:56,810 --> 01:25:53,699

exactly right yeah and go back oh oh

2069

01:26:00,770 --> 01:25:56,820

holy crap Smoke Stacks right yeah steam

2070

01:26:03,229 --> 01:26:00,780

power assuming that our civilization is

2071

01:26:05,330 --> 01:26:03,239

stable enough to track their

2072

01:26:08,750 --> 01:26:05,340

civilization over a period of many

2073

01:26:11,330 --> 01:26:08,760

centuries or Millennia well that's I

2074

01:26:15,950 --> 01:26:11,340

assume that's what we would do I

2075

01:26:19,129 --> 01:26:15,960

hopefully just observe well E.T would do

2076

01:26:22,430 --> 01:26:19,139

the same thing here they would go to

2077

01:26:24,229 --> 01:26:22,440

where the technology is is happening you

2078

01:26:26,209 --> 01:26:24,239

know suddenly you're seeing atoms

2079

01:26:28,850 --> 01:26:26,219

getting split right you're seeing you

2080

01:26:31,970 --> 01:26:28,860

know radioactivity in in certain

2081

01:26:34,850 --> 01:26:31,980

locations at a certain historical a time

2082

01:26:36,530 --> 01:26:34,860

period you're going to have uh some

2083

01:26:38,149 --> 01:26:36,540

observation going there I would

2084

01:26:40,189 --> 01:26:38,159

absolutely say that that would have to

2085

01:26:41,510 --> 01:26:40,199

be the case we would do the same thing I

2086

01:26:43,430 --> 01:26:41,520

think that did happen I think that's

2087

01:26:47,209 --> 01:26:43,440

part of our history I think we've been

2088

01:26:48,830 --> 01:26:47,219

subject to my opinion about this at this

2089

01:26:52,250 --> 01:26:48,840

time

2090

01:26:55,189 --> 01:26:52,260

is that we were subject to low level but

2091

01:26:57,290 --> 01:26:55,199

ongoing monitoring for a long time I say

2092

01:26:59,629 --> 01:26:57,300

low level because

2093

01:27:02,450 --> 01:26:59,639

there wasn't an awareness certainly by

2094

01:27:04,610 --> 01:27:02,460

people that that this was happening I

2095

01:27:07,129 --> 01:27:04,620

mean there are stories of the Gods okay

2096

01:27:08,930 --> 01:27:07,139

so let's just keep that in mind and and

2097

01:27:10,490 --> 01:27:08,940

maybe some of those might relate to this

2098

01:27:14,510 --> 01:27:10,500

totally possible

2099

01:27:16,010 --> 01:27:14,520

but it's not it's not an overt part of

2100

01:27:17,930 --> 01:27:16,020

our history doesn't mean that we weren't

2101
01:27:20,570 --> 01:27:17,940
manipulated doesn't mean that we weren't

2102
01:27:22,070 --> 01:27:20,580
tweaked my guess is that if we were

2103
01:27:26,030 --> 01:27:22,080
tweaked it might have been about 50 000

2104
01:27:28,129 --> 01:27:26,040
years ago 50 60 quite possible uh

2105
01:27:32,270 --> 01:27:28,139
but I don't know that but it's possible

2106
01:27:34,129 --> 01:27:32,280
but I I maintain I believe when I look

2107
01:27:37,370 --> 01:27:34,139
at the long history that something

2108
01:27:38,689 --> 01:27:37,380
changed during the 20th century that we

2109
01:27:41,689 --> 01:27:38,699
thought the whole neighborhood in

2110
01:27:44,209 --> 01:27:41,699
because what we start seeing are really

2111
01:27:46,790 --> 01:27:44,219
large numbers of UFO sightings in

2112
01:27:48,050 --> 01:27:46,800
starting in the mid 20th century and you

2113
01:27:50,990 --> 01:27:48,060

could say well it's because our

2114

01:27:53,390 --> 01:27:51,000

capability has improved and that's

2115

01:27:55,669 --> 01:27:53,400

absolutely true but you know I was

2116

01:27:57,649 --> 01:27:55,679

thinking a few months ago about 19th

2117

01:28:01,490 --> 01:27:57,659

century America

2118

01:28:03,290 --> 01:28:01,500

now that was a a very Advanced Society I

2119

01:28:05,810 --> 01:28:03,300

mean basically they were a society that

2120

01:28:07,850 --> 01:28:05,820

had a basically a scientific orientation

2121

01:28:10,030 --> 01:28:07,860

for the most part uh they were building

2122

01:28:13,310 --> 01:28:10,040

railroads

2123

01:28:15,709 --> 01:28:13,320

Telegraph Telegraph like these were

2124

01:28:18,229 --> 01:28:15,719

right these were people who were making

2125

01:28:20,629 --> 01:28:18,239

things happen they were smart

2126

01:28:23,629 --> 01:28:20,639

can-do attitude and yet there was no

2127

01:28:25,310 --> 01:28:23,639

consciousness of UFOs why not were they

2128

01:28:26,330 --> 01:28:25,320

just oblivious I don't think they were

2129

01:28:28,430 --> 01:28:26,340

oblivious

2130

01:28:31,750 --> 01:28:28,440

they were outside they were looking at

2131

01:28:34,669 --> 01:28:31,760

the skies a lot uh there wasn't this

2132

01:28:37,030 --> 01:28:34,679

widespread Consciousness in you know

2133

01:28:39,649 --> 01:28:37,040

America of the 1870s

2134

01:28:42,470 --> 01:28:39,659

that yeah there's these these things

2135

01:28:44,570 --> 01:28:42,480

here and I think it's because there

2136

01:28:47,030 --> 01:28:44,580

wasn't a lot of it going on

2137

01:28:49,010 --> 01:28:47,040

I think that's the answer and I think

2138

01:28:51,430 --> 01:28:49,020

the the truth is that

2139

01:28:54,649 --> 01:28:51,440

during the 20th century

2140

01:28:56,510 --> 01:28:54,659

more and more groups started to arrive

2141

01:28:58,189 --> 01:28:56,520

here we're at a point now where

2142

01:29:00,649 --> 01:28:58,199

sightings are happening in massive

2143

01:29:01,790 --> 01:29:00,659

amounts thousands in North America every

2144

01:29:05,450 --> 01:29:01,800

year

2145

01:29:06,709 --> 01:29:05,460

convinced is having a lot of them but

2146

01:29:07,790 --> 01:29:06,719

they don't they don't report them

2147

01:29:09,649 --> 01:29:07,800

there's not a good reporting

2148

01:29:11,689 --> 01:29:09,659

infrastructure for much of the rest of

2149

01:29:14,450 --> 01:29:11,699

the world but we're seeing a lot of

2150

01:29:17,330 --> 01:29:14,460

these things you're a historian and when

2151

01:29:20,090 --> 01:29:17,340

you uh when you look back

2152

01:29:23,629 --> 01:29:20,100

and you think about because the 19th

2153

01:29:26,090 --> 01:29:23,639

century is is very extraordinary the

2154

01:29:28,750 --> 01:29:26,100

Industrial Revolution oil the the

2155

01:29:31,750 --> 01:29:28,760

everything it was crazy

2156

01:29:35,629 --> 01:29:31,760

absolutely telephone phonograph

2157

01:29:38,090 --> 01:29:35,639

telegraphs electricity were wiring I

2158

01:29:40,490 --> 01:29:38,100

think we did photography we did our

2159

01:29:44,149 --> 01:29:40,500

first Transatlantic cable you know at

2160

01:29:48,110 --> 01:29:44,159

that time with with with [h__\h] but anyway

2161

01:29:50,510 --> 01:29:48,120

um as crazy as that sounds in 1900 we

2162

01:29:53,450 --> 01:29:50,520

were still horse and buggy right that's

2163

01:29:54,890 --> 01:29:53,460

that's it we were still gas lamps we

2164

01:29:58,189 --> 01:29:54,900

were still trying to figure out how to

2165

01:30:00,530 --> 01:29:58,199

light up Manhattan right but and we

2166

01:30:02,390 --> 01:30:00,540

still we were not Airborne no we were

2167

01:30:05,209 --> 01:30:02,400

not that when you when you look up in

2168

01:30:07,610 --> 01:30:05,219

the sky there's there'd be no drones

2169

01:30:09,530 --> 01:30:07,620

heart maybe a couple of balloons like

2170

01:30:11,629 --> 01:30:09,540

you might see five balloons in your

2171

01:30:14,229 --> 01:30:11,639

lifetime maybe you know I don't know but

2172

01:30:17,930 --> 01:30:14,239

probably not many yeah

2173

01:30:20,510 --> 01:30:17,940

zero unless you were in France but yes

2174

01:30:23,390 --> 01:30:20,520

so in other words you you would if there

2175

01:30:26,270 --> 01:30:23,400

was an object in the sky one would think

2176

01:30:29,390 --> 01:30:26,280

you'd notice it you would notice it and

2177

01:30:31,669 --> 01:30:29,400

then so to go from 1900

2178

01:30:33,290 --> 01:30:31,679

and I and when I say horse and buggy I'm

2179

01:30:37,610 --> 01:30:33,300

not saying this in a loose context

2180

01:30:42,649 --> 01:30:37,620

that's what was here and and gas lamps

2181

01:30:45,470 --> 01:30:42,659

to just 40 years later 40 right jet

2182

01:30:49,370 --> 01:30:45,480

aircraft Atomic knowledge

2183

01:30:52,790 --> 01:30:49,380

um circuitry radios radar

2184

01:30:55,490 --> 01:30:52,800

um trans Oceanic flights you know all of

2185

01:30:58,490 --> 01:30:55,500

this stuff four decades man

2186

01:31:00,649 --> 01:30:58,500

four decades is extraordinary I I I I

2187

01:31:03,850 --> 01:31:00,659

just can't explain that and then if we

2188

01:31:08,570 --> 01:31:03,860

if you take it one step further

2189

01:31:10,669 --> 01:31:08,580

2020 two decades man 20 years after that

2190

01:31:12,590 --> 01:31:10,679

Jimi Hendrix

2191

01:31:15,890 --> 01:31:12,600

what

2192

01:31:18,310 --> 01:31:15,900

the think of it I mean just really yeah

2193

01:31:22,850 --> 01:31:18,320

culture that's not that's not a joke

2194

01:31:25,070 --> 01:31:22,860

yeah yeah so Hendricks was an ET that's

2195

01:31:27,770 --> 01:31:25,080

what we can do we can deduce that from

2196

01:31:29,450 --> 01:31:27,780

from all of that how do those

2197

01:31:31,970 --> 01:31:29,460

ridiculously long fingers that they're

2198

01:31:34,669 --> 01:31:31,980

probably alien yeah he was E.T man he

2199

01:31:38,030 --> 01:31:34,679

was a gift uh from them but how do we

2200

01:31:42,110 --> 01:31:38,040

explain those leaps and Technology if it

2201

01:31:45,709 --> 01:31:42,120

wasn't from the possibility of crash

2202

01:31:47,870 --> 01:31:45,719

retrievals or some kind of assistance is

2203

01:31:51,709 --> 01:31:47,880

it really putting it out there too far

2204

01:31:51,719 --> 01:31:55,490

foreign

2205

01:32:00,169 --> 01:31:58,550

I think we did those things now I mean

2206

01:32:02,450 --> 01:32:00,179

there's there's I've actually had a

2207

01:32:05,570 --> 01:32:02,460

conversation with a very brilliant

2208

01:32:07,850 --> 01:32:05,580

friend of mine who believes and maybe

2209

01:32:10,070 --> 01:32:07,860

he's right that there is aliens that

2210

01:32:12,590 --> 01:32:10,080

were seated in our society

2211

01:32:14,810 --> 01:32:12,600

from the early 20th century

2212

01:32:16,370 --> 01:32:14,820

it is a theory

2213

01:32:20,390 --> 01:32:16,380

I don't know what I think about that

2214

01:32:22,990 --> 01:32:20,400

what I would say is the logic of our

2215

01:32:31,010 --> 01:32:27,530

is inexorable in other words once you

2216

01:32:32,870 --> 01:32:31,020

achieve a breakthrough in certain areas

2217

01:32:35,090 --> 01:32:32,880

they are going to lead to more

2218

01:32:36,290 --> 01:32:35,100

breakthroughs and and really the

2219

01:32:38,510 --> 01:32:36,300

ultimate

2220

01:32:42,169 --> 01:32:38,520

breakthrough

2221

01:32:44,330 --> 01:32:42,179

I mean actually goes back to when we

2222

01:32:46,729 --> 01:32:44,340

develop language complex language

2223

01:32:48,590 --> 01:32:46,739

probably 50 000 plus years ago I think

2224

01:32:50,270 --> 01:32:48,600

it's the greatest the best estimate and

2225

01:32:52,430 --> 01:32:50,280

I say that I don't want to get off track

2226

01:32:55,129 --> 01:32:52,440

here but

2227

01:32:59,810 --> 01:32:55,139

what what our whole journey as a species

2228

01:33:01,790 --> 01:32:59,820

has been is to create tools by which we

2229

01:33:03,649 --> 01:33:01,800

can manipulate our environment

2230

01:33:05,410 --> 01:33:03,659

and actually our greatest invention

2231

01:33:07,550 --> 01:33:05,420

toward that end is probably language

2232

01:33:10,070 --> 01:33:07,560

complex language

2233

01:33:11,570 --> 01:33:10,080

my opinion that allows everything else

2234

01:33:14,990 --> 01:33:11,580

it allows you to manipulate information

2235

01:33:16,370 --> 01:33:15,000

to create ideas to pass on ideas to

2236

01:33:19,310 --> 01:33:16,380

communicate these things

2237

01:33:21,169 --> 01:33:19,320

and and you could argue

2238

01:33:23,629 --> 01:33:21,179

in the long long scheme of things you're

2239

01:33:25,550 --> 01:33:23,639

looking at billions of years 50 000

2240

01:33:26,689 --> 01:33:25,560

years is not that long ago you might

2241

01:33:29,629 --> 01:33:26,699

just say

2242

01:33:32,629 --> 01:33:29,639

once those beings with their big frontal

2243

01:33:34,610 --> 01:33:32,639

cortex had language to communicate that

2244

01:33:36,649 --> 01:33:34,620

what we're doing now could be considered

2245

01:33:38,689 --> 01:33:36,659

an inevitability and you could say it's

2246

01:33:39,890 --> 01:33:38,699

just a matter of time that's actually my

2247

01:33:41,209 --> 01:33:39,900

position

2248

01:33:43,129 --> 01:33:41,219

so

2249

01:33:44,930 --> 01:33:43,139

now there are a couple of other

2250

01:33:46,550 --> 01:33:44,940

necessary steps along the way you have

2251

01:33:47,810 --> 01:33:46,560

to discover science

2252

01:33:49,550 --> 01:33:47,820

language allows you to discover

2253

01:33:52,250 --> 01:33:49,560

mathematics but that's not quite the

2254

01:33:54,649 --> 01:33:52,260

same as science so we we really discover

2255

01:33:57,290 --> 01:33:54,659

science let's say three four hundred

2256

01:34:00,530 --> 01:33:57,300

years ago right Newton Descartes and all

2257

01:34:01,669 --> 01:34:00,540

of those guys and and that that is the

2258

01:34:03,790 --> 01:34:01,679

real key

2259

01:34:07,970 --> 01:34:03,800

so once you have a scientific

2260

01:34:10,250 --> 01:34:07,980

understanding my opinion on it at this

2261

01:34:12,590 --> 01:34:10,260

point is that

2262

01:34:14,870 --> 01:34:12,600

you're basically looking at a matter of

2263

01:34:17,270 --> 01:34:14,880

time before you crack the atom

2264

01:34:18,950 --> 01:34:17,280

and and it and it's things speed up up

2265

01:34:20,510 --> 01:34:18,960

to a certain point I don't think they're

2266

01:34:21,890 --> 01:34:20,520

going to speed up forever

2267

01:34:24,709 --> 01:34:21,900

but I think

2268

01:34:26,330 --> 01:34:24,719

that where they may continue to speed up

2269

01:34:29,209 --> 01:34:26,340

for a while because now we have a new

2270

01:34:31,550 --> 01:34:29,219

tool strong generative AI

2271

01:34:35,390 --> 01:34:31,560

where that's on the way

2272

01:34:38,450 --> 01:34:35,400

so so we're still continually increasing

2273

01:34:39,950 --> 01:34:38,460

our ability to manipulate the world

2274

01:34:42,590 --> 01:34:39,960

around us

2275

01:34:44,990 --> 01:34:42,600

so I'm not sure that

2276

01:34:48,169 --> 01:34:45,000

you know you need aliens

2277

01:34:51,950 --> 01:34:48,179

for to explain what we have but I do

2278

01:34:57,110 --> 01:34:51,960

what I will say is that there have been

2279

01:34:59,270 --> 01:34:57,120

retrievals of of UFOs we have them

2280

01:35:01,310 --> 01:34:59,280

we have them some that crash and some

2281

01:35:03,850 --> 01:35:01,320

that didn't crash some that are intact

2282

01:35:06,770 --> 01:35:03,860

and we've got them and there has been

2283

01:35:09,530 --> 01:35:06,780

covert deeply covert study of these

2284

01:35:12,890 --> 01:35:09,540

objects and the Technologies associated

2285

01:35:15,950 --> 01:35:12,900

with them and I have to assume we have

2286

01:35:18,830 --> 01:35:15,960

to assume I feel that

2287

01:35:20,510 --> 01:35:18,840

that's a nice little bonus right there

2288

01:35:23,750 --> 01:35:20,520

so that

2289

01:35:26,570 --> 01:35:23,760

that I would see it as an accelerant to

2290

01:35:29,090 --> 01:35:26,580

our what would be maybe a somewhat

2291

01:35:32,510 --> 01:35:29,100

slower progress in our technology and

2292

01:35:33,649 --> 01:35:32,520

science and that this what these beings

2293

01:35:35,510 --> 01:35:33,659

have

2294

01:35:37,790 --> 01:35:35,520

presumably being quite a bit more

2295

01:35:42,050 --> 01:35:37,800

advanced than what we have would would

2296

01:35:44,750 --> 01:35:42,060

speed us up yes but I I think that

2297

01:35:47,149 --> 01:35:44,760

given enough time and and probably not a

2298

01:35:50,270 --> 01:35:47,159

lot of time that we would be on the same

2299

01:35:53,450 --> 01:35:50,280

basic trajectory because science is

2300

01:35:55,790 --> 01:35:53,460

science and the way that we've got our

2301
01:35:57,290 --> 01:35:55,800
society structured we've got all of

2302
01:35:59,450 --> 01:35:57,300
these competitive scientific

2303
01:36:01,610 --> 01:35:59,460
institutions around the world

2304
01:36:03,410 --> 01:36:01,620
I mean look at look at AI

2305
01:36:05,390 --> 01:36:03,420
you know you've got these people from

2306
01:36:08,030 --> 01:36:05,400
Elon Musk to many other people saying

2307
01:36:10,070 --> 01:36:08,040
this AI could be dangerous and yes

2308
01:36:12,350 --> 01:36:10,080
everyone knows it can be how do you stop

2309
01:36:15,830 --> 01:36:12,360
it impossible

2310
01:36:17,510 --> 01:36:15,840
military reasons alone mean would make

2311
01:36:19,669 --> 01:36:17,520
it impossible to stop it the United

2312
01:36:22,970 --> 01:36:19,679
States is competing with Russia and

2313
01:36:25,970 --> 01:36:22,980

China and everyone knows

2314

01:36:27,649 --> 01:36:25,980

you get super strong AI for your

2315

01:36:29,689 --> 01:36:27,659

military first you're gonna have a

2316

01:36:31,669 --> 01:36:29,699

massive Advantage so that alone and then

2317

01:36:33,709 --> 01:36:31,679

you've got corporations wanting it and

2318

01:36:35,810 --> 01:36:33,719

now you've got the general public with a

2319

01:36:38,570 --> 01:36:35,820

demand for it so the demand is there's

2320

01:36:40,850 --> 01:36:38,580

too many people in the game working you

2321

01:36:42,410 --> 01:36:40,860

got Google you've got Facebook you've

2322

01:36:46,750 --> 01:36:42,420

got who else is working on AI everyone

2323

01:36:50,290 --> 01:36:46,760

Boston Dynamics Israel Israel Nations

2324

01:36:54,169 --> 01:36:50,300

corporations yeah it's just

2325

01:36:56,270 --> 01:36:54,179

Pandora's Box is open and all that stuff

2326

01:36:58,970 --> 01:36:56,280

is flown out so there's no getting it

2327

01:37:03,010 --> 01:36:58,980

back in and that's just one example so

2328

01:37:06,169 --> 01:37:03,020

our society pardon me is structured

2329

01:37:07,790 --> 01:37:06,179

now that we've got a I would say

2330

01:37:10,310 --> 01:37:07,800

sophisticated understanding of

2331

01:37:13,250 --> 01:37:10,320

scientific principles and many many

2332

01:37:15,530 --> 01:37:13,260

specific Sciences I mean we're operating

2333

01:37:18,110 --> 01:37:15,540

in a very high level these days

2334

01:37:19,370 --> 01:37:18,120

and we're competing we've got competing

2335

01:37:23,810 --> 01:37:19,380

factions in the world so that's a

2336

01:37:27,129 --> 01:37:23,820

perfect recipe for Rapid technological

2337

01:37:31,310 --> 01:37:30,649

yeah we don't necessarily

2338

01:37:33,350 --> 01:37:31,320

um

2339

01:37:35,330 --> 01:37:33,360

I want to be very clear to the audience

2340

01:37:37,610 --> 01:37:35,340

here we don't necessarily have to

2341

01:37:39,649 --> 01:37:37,620

backwards engineer something uh and

2342

01:37:41,870 --> 01:37:39,659

understand it fully you only have to

2343

01:37:44,810 --> 01:37:41,880

look at something and get an idea and be

2344

01:37:46,729 --> 01:37:44,820

inspired exactly and you can come up

2345

01:37:50,629 --> 01:37:46,739

with your own version your own version

2346

01:37:52,870 --> 01:37:50,639

they have possible right oh okay that's

2347

01:37:56,930 --> 01:37:52,880

fiber optics I don't know what this does

2348

01:38:00,110 --> 01:37:56,940

right that's a circuit board okay all

2349

01:38:01,970 --> 01:38:00,120

right you only need the inspiration I

2350

01:38:06,290 --> 01:38:01,980

think I think that you nailed it that's

2351
01:38:08,450 --> 01:38:06,300
exactly it the the biggest obstacle

2352
01:38:09,229 --> 01:38:08,460
or the most important

2353
01:38:11,149 --> 01:38:09,239
um

2354
01:38:12,649 --> 01:38:11,159
opening of the gate that you need is

2355
01:38:15,350 --> 01:38:12,659
knowing that such and such a thing is

2356
01:38:18,290 --> 01:38:15,360
possible you have to know it's possible

2357
01:38:20,870 --> 01:38:18,300
and and that opens all the possibilities

2358
01:38:23,149 --> 01:38:20,880
up for you so in other words

2359
01:38:25,070 --> 01:38:23,159
talk about flying saucer

2360
01:38:27,290 --> 01:38:25,080
once you know that it's possible for an

2361
01:38:29,030 --> 01:38:27,300
object instantly to accelerate from a

2362
01:38:31,010 --> 01:38:29,040
hovering position and make a right angle

2363
01:38:32,870 --> 01:38:31,020

turn silently

2364

01:38:35,750 --> 01:38:32,880

then you're like okay how do we do that

2365

01:38:38,810 --> 01:38:35,760

how do we do it let's open up our mind

2366

01:38:42,290 --> 01:38:38,820

and figure it out so that I think is a

2367

01:38:45,470 --> 01:38:42,300

big big advantage of the recovery of of

2368

01:38:47,090 --> 01:38:45,480

these UFOs they they let you know that

2369

01:38:49,250 --> 01:38:47,100

certain things are possible in areas

2370

01:38:50,930 --> 01:38:49,260

like Material Science in areas like

2371

01:38:51,890 --> 01:38:50,940

propulsion those are two big ones right

2372

01:38:54,890 --> 01:38:51,900

there

2373

01:38:57,590 --> 01:38:54,900

and you know many others but yes I think

2374

01:38:58,610 --> 01:38:57,600

I think that they have been instrumental

2375

01:39:03,590 --> 01:38:58,620

in

2376

01:39:06,590 --> 01:39:03,600

world but to answer the question like

2377

01:39:10,550 --> 01:39:06,600

is it necessary no I don't think so I

2378

01:39:13,430 --> 01:39:10,560

think that our scientific

2379

01:39:16,189 --> 01:39:13,440

path that we have been on would probably

2380

01:39:17,930 --> 01:39:16,199

get us to these places eventually and

2381

01:39:20,209 --> 01:39:17,940

maybe not that much longer maybe just a

2382

01:39:22,910 --> 01:39:20,219

little bit longer I did I did a report

2383

01:39:26,689 --> 01:39:22,920

earlier today on the news uh and I've

2384

01:39:28,970 --> 01:39:26,699

just check this out Richard so

2385

01:39:31,250 --> 01:39:28,980

um a group of researchers University

2386

01:39:34,610 --> 01:39:31,260

just published a paper

2387

01:39:38,390 --> 01:39:34,620

and uh peer-reviewed they went and

2388

01:39:41,810 --> 01:39:38,400

looked at Da Vinci's journals a set of

2389

01:39:43,070 --> 01:39:41,820

journals and a set of experiments that

2390

01:39:47,090 --> 01:39:43,080

he had there

2391

01:39:50,570 --> 01:39:47,100

trying to figure out gravity

2392

01:39:52,669 --> 01:39:50,580

now let's let's see you just said Newton

2393

01:39:54,590 --> 01:39:52,679

right 300 years ago get that now let's

2394

01:39:58,490 --> 01:39:54,600

bounce back another 300 years before

2395

01:40:01,610 --> 01:39:58,500

that uh you know uh Da Vinci was born in

2396

01:40:05,270 --> 01:40:01,620

1450 or something and died in 1510 or

2397

01:40:08,270 --> 01:40:05,280

something right so he did uh laid out in

2398

01:40:11,149 --> 01:40:08,280

these journals a set of experiments uh

2399

01:40:15,770 --> 01:40:11,159

trying to figure out gravity as an

2400

01:40:20,110 --> 01:40:15,780

acceleration tool right a source and so

2401
01:40:22,070 --> 01:40:20,120
and that's his thing they said that that

2402
01:40:26,030 --> 01:40:22,080
da Vinci

2403
01:40:29,810 --> 01:40:26,040
in in 1500 man this is like what

2404
01:40:34,550 --> 01:40:29,820
um was 97 there

2405
01:40:37,010 --> 01:40:34,560
that Newton Newton took his stuff and

2406
01:40:39,350 --> 01:40:37,020
you know in 1750 right and published hit

2407
01:40:41,629 --> 01:40:39,360
you know 300 years ago

2408
01:40:44,750 --> 01:40:41,639
um and and figured out the gravitational

2409
01:40:46,370 --> 01:40:44,760
rules that and laws that we we generally

2410
01:40:49,310 --> 01:40:46,380
still use today

2411
01:40:51,770 --> 01:40:49,320
but the only reason as they write in

2412
01:40:55,129 --> 01:40:51,780
this report the only reason

2413
01:40:57,610 --> 01:40:55,139

Da Vinci didn't go a hundred percent

2414

01:41:02,149 --> 01:40:57,620

he didn't have a clock

2415

01:41:04,729 --> 01:41:02,159

accurate enough to measure the time when

2416

01:41:06,229 --> 01:41:04,739

an object drops to the ground how very

2417

01:41:08,629 --> 01:41:06,239

interesting and if he would have had

2418

01:41:10,070 --> 01:41:08,639

that we would have had a 300 year jump

2419

01:41:12,350 --> 01:41:10,080

start

2420

01:41:14,450 --> 01:41:12,360

that's crazy that's quite interesting

2421

01:41:16,610 --> 01:41:14,460

yeah yeah thanks for that that's that's

2422

01:41:18,950 --> 01:41:16,620

really fascinating that was published

2423

01:41:21,470 --> 01:41:18,960

today it was amazing he was amazing

2424

01:41:24,110 --> 01:41:21,480

I have I've got his journals on the

2425

01:41:26,090 --> 01:41:24,120

bookshelf over there you know what it

2426

01:41:28,490 --> 01:41:26,100

made me look for that yeah I've got it

2427

01:41:30,050 --> 01:41:28,500

I've got a two pack in a box

2428

01:41:33,229 --> 01:41:30,060

um if you want to go pull it out but

2429

01:41:35,209 --> 01:41:33,239

here's the thing though when we go there

2430

01:41:39,649 --> 01:41:35,219

there's there's a tie in here to Wilson

2431

01:41:43,129 --> 01:41:39,659

Davis because if we look at the concepts

2432

01:41:45,229 --> 01:41:43,139

of of the ideas that we are laying out

2433

01:41:47,689 --> 01:41:45,239

here and some of the statements that

2434

01:41:49,250 --> 01:41:47,699

were in the Wilson Davis document pretty

2435

01:41:51,410 --> 01:41:49,260

much is exactly what we're talking about

2436

01:41:53,689 --> 01:41:51,420

here right we we have a craft we know

2437

01:41:55,850 --> 01:41:53,699

what can fly we just can't get the

2438

01:41:57,709 --> 01:41:55,860

sucker in the air right and we're having

2439

01:41:59,930 --> 01:41:57,719

a difficult time but you only have to

2440

01:42:01,490 --> 01:41:59,940

look and observe the craft because when

2441

01:42:03,590 --> 01:42:01,500

you see the stuff that's coming out of

2442

01:42:06,229 --> 01:42:03,600

Skunk Works

2443

01:42:09,070 --> 01:42:06,239

um it would seriously suggest a

2444

01:42:11,050 --> 01:42:09,080

knowledge of something stealth paints

2445

01:42:15,410 --> 01:42:11,060

Electro

2446

01:42:18,109 --> 01:42:15,420

gravitic you know uh electromagnetic uh

2447

01:42:20,030 --> 01:42:18,119

forces on the wings interfering with

2448

01:42:22,010 --> 01:42:20,040

lift to get these things off the ground

2449

01:42:24,950 --> 01:42:22,020

faster they've been working on that for

2450

01:42:27,649 --> 01:42:24,960

decades for decades where do these ideas

2451
01:42:28,970 --> 01:42:27,659
come from it's yeah I don't know I mean

2452
01:42:30,410 --> 01:42:28,980
it's uh

2453
01:42:32,149 --> 01:42:30,420
some of it

2454
01:42:35,209 --> 01:42:32,159
could very well be inspired from

2455
01:42:37,189 --> 01:42:35,219
elsewhere I would certainly say that but

2456
01:42:39,410 --> 01:42:37,199
there's a lot of very very brilliant

2457
01:42:41,510 --> 01:42:39,420
people working on these things no

2458
01:42:43,189 --> 01:42:41,520
question and way more brilliant than I

2459
01:42:45,590 --> 01:42:43,199
could ever be they've got those things

2460
01:42:48,410 --> 01:42:45,600
figured out so I think there's a lot of

2461
01:42:51,350 --> 01:42:48,420
very good people doing work but yes some

2462
01:42:53,689 --> 01:42:51,360
inspiration from Beyond I definitely do

2463
01:42:55,970 --> 01:42:53,699

think that's the case what do you what

2464

01:42:58,609 --> 01:42:55,980

have you been thinking about a timeline

2465

01:43:00,350 --> 01:42:58,619

here uh if you've been writing about

2466

01:43:04,250 --> 01:43:00,360

this and talking about you know the Big

2467

01:43:06,830 --> 01:43:04,260

D word uh for a couple of decades now

2468

01:43:08,810 --> 01:43:06,840

um and it certainly seems that we're in

2469

01:43:11,330 --> 01:43:08,820

A Brave New World right let's let's

2470

01:43:14,330 --> 01:43:11,340

quote you know George Orwell real quick

2471

01:43:17,470 --> 01:43:14,340

but we're right here there is something

2472

01:43:21,350 --> 01:43:17,480

going on do you feel

2473

01:43:25,129 --> 01:43:21,360

uh and it could be from a Washington DC

2474

01:43:27,649 --> 01:43:25,139

control of a timeline of a rollout or is

2475

01:43:29,930 --> 01:43:27,659

there something else going on that isn't

2476

01:43:32,390 --> 01:43:29,940

necessarily in their control and things

2477

01:43:33,890 --> 01:43:32,400

could be quite quicker do you think that

2478

01:43:35,149 --> 01:43:33,900

there is something that's about to

2479

01:43:37,490 --> 01:43:35,159

happen

2480

01:43:40,129 --> 01:43:37,500

and the on the UFO scene or on the

2481

01:43:42,410 --> 01:43:40,139

disclosure scene you're saying yeah

2482

01:43:45,530 --> 01:43:42,420

I I don't

2483

01:43:52,790 --> 01:43:48,530

I don't think that I do

2484

01:43:54,490 --> 01:43:52,800

um well I I don't I here's why I don't

2485

01:43:59,030 --> 01:43:54,500

see

2486

01:44:03,530 --> 01:43:59,040

what is to be gained and and how do you

2487

01:44:08,990 --> 01:44:06,649

do you say

2488

01:44:10,310 --> 01:44:09,000

we have come to understand that some of

2489

01:44:11,590 --> 01:44:10,320

these objects are not from this

2490

01:44:14,270 --> 01:44:11,600

civilization

2491

01:44:17,689 --> 01:44:14,280

what are they going to disclose if they

2492

01:44:22,250 --> 01:44:20,209

it's it's going to be they might in in

2493

01:44:23,810 --> 01:44:22,260

the immediate term be able to control

2494

01:44:28,310 --> 01:44:23,820

all of

2495

01:44:30,470 --> 01:44:28,320

points so that people just accept oh wow

2496

01:44:31,490 --> 01:44:30,480

you just figured that out okay but I

2497

01:44:32,870 --> 01:44:31,500

don't think that's going to last very

2498

01:44:35,330 --> 01:44:32,880

long

2499

01:44:37,310 --> 01:44:35,340

and maybe they won't even care if

2500

01:44:38,990 --> 01:44:37,320

they're implicated in a cover-up

2501
01:44:41,930 --> 01:44:39,000
maybe they're not going to care you know

2502
01:44:44,570 --> 01:44:41,940
in in the earlier years the the big

2503
01:44:46,609 --> 01:44:44,580
concern that I had and I I don't think I

2504
01:44:48,890 --> 01:44:46,619
was alone was that if the government

2505
01:44:50,810 --> 01:44:48,900
were to admit this then they're going to

2506
01:44:51,950 --> 01:44:50,820
admit that they've been lying for a long

2507
01:44:54,590 --> 01:44:51,960
time

2508
01:44:56,629 --> 01:44:54,600
and they don't want to do that but you

2509
01:44:58,729 --> 01:44:56,639
know

2510
01:45:01,129 --> 01:44:58,739
I think we're getting to a point where

2511
01:45:03,229 --> 01:45:01,139
maybe they just don't give a crap they

2512
01:45:06,290 --> 01:45:03,239
just don't care

2513
01:45:08,570 --> 01:45:06,300

what maybe they don't care we've moved

2514

01:45:11,270 --> 01:45:08,580

into an era like you've got most

2515

01:45:13,070 --> 01:45:11,280

national leaders around the world many

2516

01:45:15,229 --> 01:45:13,080

of them are utterly hated by their

2517

01:45:17,030 --> 01:45:15,239

people and they're still in power they

2518

01:45:19,430 --> 01:45:17,040

don't care they know they don't have to

2519

01:45:20,810 --> 01:45:19,440

care what's going to happen to them they

2520

01:45:23,330 --> 01:45:20,820

get they get voted out and then they go

2521

01:45:25,430 --> 01:45:23,340

work for some NGO for the World Bank or

2522

01:45:29,209 --> 01:45:25,440

for Davos or whatever they don't care

2523

01:45:31,370 --> 01:45:29,219

we're in a new era and there is there's

2524

01:45:34,070 --> 01:45:31,380

really no

2525

01:45:35,990 --> 01:45:34,080

there's you you don't get the sense that

2526

01:45:37,189 --> 01:45:36,000

that any of these politicians in our

2527

01:45:38,870 --> 01:45:37,199

world

2528

01:45:40,790 --> 01:45:38,880

really give a

2529

01:45:43,790 --> 01:45:40,800

a damn about what the public thinks of

2530

01:45:46,430 --> 01:45:43,800

them and so I think we could be getting

2531

01:45:48,410 --> 01:45:46,440

to the point where

2532

01:45:49,790 --> 01:45:48,420

the government let's just say the United

2533

01:45:51,770 --> 01:45:49,800

States government

2534

01:45:53,629 --> 01:45:51,780

might get to a point and I'm just

2535

01:45:55,430 --> 01:45:53,639

thinking out loud here with you

2536

01:45:58,250 --> 01:45:55,440

where they

2537

01:46:00,530 --> 01:45:58,260

decide it is in our interest now

2538

01:46:02,570 --> 01:46:00,540

to make a statement

2539

01:46:04,189 --> 01:46:02,580

and people want to think we lied all

2540

01:46:05,810 --> 01:46:04,199

these years ah we don't really care

2541

01:46:07,609 --> 01:46:05,820

we'll handle it

2542

01:46:08,990 --> 01:46:07,619

but there's still going to be a lot of

2543

01:46:11,169 --> 01:46:09,000

other questions

2544

01:46:15,530 --> 01:46:11,179

are there abductions

2545

01:46:19,310 --> 01:46:15,540

are are you hiding classified technology

2546

01:46:21,370 --> 01:46:19,320

energy and energy energy Breakers all of

2547

01:46:23,570 --> 01:46:21,380

that right right so these these will

2548

01:46:25,729 --> 01:46:23,580

these presumably would be difficult to

2549

01:46:27,649 --> 01:46:25,739

contain and then the biggest question

2550

01:46:29,510 --> 01:46:27,659

it's never going to be able to be asked

2551

01:46:31,189 --> 01:46:29,520

in our society I mean

2552

01:46:35,149 --> 01:46:31,199

so many things are just completely

2553

01:46:38,570 --> 01:46:35,159

sealed off but you have to ask are any

2554

01:46:40,370 --> 01:46:38,580

of them here in our society now

2555

01:46:42,229 --> 01:46:40,380

I know it sounds like Invasion of the

2556

01:46:45,649 --> 01:46:42,239

Body Snatchers but we got to get over

2557

01:46:47,330 --> 01:46:45,659

that we have to recognize that this is a

2558

01:46:49,729 --> 01:46:47,340

real possibility

2559

01:46:50,570 --> 01:46:49,739

you talk to any you know in one of the

2560

01:46:52,669 --> 01:46:50,580

um

2561

01:46:53,930 --> 01:46:52,679

your commercials during the break you

2562

01:46:56,090 --> 01:46:53,940

mentioned Linda Moulton house getting a

2563

01:46:58,250 --> 01:46:56,100

Lifetime Achievement Award she deserves

2564

01:47:00,169 --> 01:46:58,260

it well Linda Linda has talked about

2565

01:47:02,870 --> 01:47:00,179

human-looking beings human looking

2566

01:47:05,510 --> 01:47:02,880

aliens sure she has she's come across

2567

01:47:07,609 --> 01:47:05,520

those stories as have I as have a lot of

2568

01:47:08,990 --> 01:47:07,619

people a lot of researchers have come

2569

01:47:11,149 --> 01:47:09,000

across this

2570

01:47:12,830 --> 01:47:11,159

what what do we do with that if you have

2571

01:47:16,129 --> 01:47:12,840

the recognition

2572

01:47:18,830 --> 01:47:16,139

that there are beings that are here

2573

01:47:20,030 --> 01:47:18,840

and are we going to be okay with the

2574

01:47:22,250 --> 01:47:20,040

fact that some of them are here looking

2575

01:47:24,229 --> 01:47:22,260

like us what are they doing and have

2576

01:47:26,689 --> 01:47:24,239

they do they have influence over our

2577

01:47:28,729 --> 01:47:26,699

over our world

2578

01:47:31,609 --> 01:47:28,739

this is

2579

01:47:35,689 --> 01:47:31,619

it it's sounds crazy but it's not crazy

2580

01:47:37,550 --> 01:47:35,699

it's a legit question to ask and and and

2581

01:47:39,410 --> 01:47:37,560

no one in the UFO field really wants to

2582

01:47:41,450 --> 01:47:39,420

ask it because they don't like the way

2583

01:47:42,830 --> 01:47:41,460

it makes them sound which okay I get

2584

01:47:45,109 --> 01:47:42,840

that

2585

01:47:47,450 --> 01:47:45,119

I don't want to bring it up either but

2586

01:47:50,090 --> 01:47:47,460

how do you how do you ignore it so there

2587

01:47:53,570 --> 01:47:50,100

are difficult questions that will be

2588

01:47:54,649 --> 01:47:53,580

that are like are liable to be raised I

2589

01:47:57,410 --> 01:47:54,659

don't know if they're likely to be

2590

01:48:00,109 --> 01:47:57,420

raised but they're liable to be raised

2591

01:48:02,270 --> 01:48:00,119

so disclosure is it's always going to be

2592

01:48:05,450 --> 01:48:02,280

messy I just don't see it as an easy

2593

01:48:06,649 --> 01:48:05,460

thing and I I I'll just stop but I

2594

01:48:07,970 --> 01:48:06,659

think

2595

01:48:11,149 --> 01:48:07,980

the the

2596

01:48:12,950 --> 01:48:11,159

power of inertia is very great here and

2597

01:48:16,669 --> 01:48:12,960

the Secret's been going for a long time

2598

01:48:19,189 --> 01:48:16,679

and I I continue to feel that this will

2599

01:48:21,649 --> 01:48:19,199

will go for as long as it can be dragged

2600

01:48:23,149 --> 01:48:21,659

out because it's in their interest it's

2601

01:48:25,010 --> 01:48:23,159

in the interest of

2602

01:48:26,390 --> 01:48:25,020

the beings that are here and it's in the

2603

01:48:28,850 --> 01:48:26,400

interest of

2604

01:48:30,410 --> 01:48:28,860

the global system of governments that

2605

01:48:32,629 --> 01:48:30,420

has come into place it's in their system

2606

01:48:33,709 --> 01:48:32,639

interests as well to keep this on the

2607

01:48:36,229 --> 01:48:33,719

down low

2608

01:48:39,790 --> 01:48:36,239

that's why I think that uh the movie

2609

01:48:41,689 --> 01:48:39,800

They Live is a documentary

2610

01:48:46,209 --> 01:48:41,699

you know and you stop and you think

2611

01:48:50,930 --> 01:48:46,219

about that but but is it also possible

2612

01:48:52,609 --> 01:48:50,940

that the uh the United States government

2613

01:48:54,290 --> 01:48:52,619

will stay there we could say the rest of

2614

01:48:55,669 --> 01:48:54,300

the world and other state actors but

2615

01:48:59,570 --> 01:48:55,679

let's say the United States government

2616

01:49:02,270 --> 01:48:59,580

is holding off as long as they can

2617

01:49:04,850 --> 01:49:02,280

so that the gene they're hoping that the

2618

01:49:06,709 --> 01:49:04,860

James Webb Space Telescope is going to

2619

01:49:08,930 --> 01:49:06,719

produce something because then that

2620

01:49:10,970 --> 01:49:08,940

takes the pressure off right so James

2621

01:49:13,669 --> 01:49:10,980

Webb says Ah we got a techno signal not

2622

01:49:16,850 --> 01:49:13,679

a bio signature we've got a techno

2623

01:49:19,250 --> 01:49:16,860

signature coming off of trappist-1 uh

2624

01:49:22,010 --> 01:49:19,260

Planet number four and there are city

2625

01:49:25,370 --> 01:49:22,020

lights right or whatever it may be right

2626

01:49:28,430 --> 01:49:25,380

where it's something that will take the

2627

01:49:30,770 --> 01:49:28,440

pressure off so they can therefore from

2628

01:49:33,050 --> 01:49:30,780

this point forward base it on that and

2629

01:49:35,090 --> 01:49:33,060

the conversation is on the table is that

2630

01:49:36,890 --> 01:49:35,100

a possibility yeah that's possible but

2631

01:49:37,729 --> 01:49:36,900

that doesn't make the UFO problem go

2632

01:49:41,090 --> 01:49:37,739

away

2633

01:49:42,950 --> 01:49:41,100

people still encounter objects low

2634

01:49:44,629 --> 01:49:42,960

hovering triangles 100 feet over their

2635

01:49:47,330 --> 01:49:44,639

house at 2 30 in the morning that still

2636

01:49:49,430 --> 01:49:47,340

happens they still have a parent

2637

01:49:51,890 --> 01:49:49,440

abduction experiences that still happens

2638

01:49:54,970 --> 01:49:51,900

there are still sightings of utterly

2639

01:49:56,930 --> 01:49:54,980

extraordinary objects in our skies and

2640

01:49:59,689 --> 01:49:56,940

increasingly you know you can try to

2641

01:50:00,890 --> 01:49:59,699

pass them off as uh secret Tech but some

2642

01:50:02,209 --> 01:50:00,900

of them are still kind of tough to pass

2643

01:50:05,209 --> 01:50:02,219

off that way

2644

01:50:08,270 --> 01:50:05,219

so I don't know I I think the the game

2645

01:50:11,770 --> 01:50:08,280

plan is is going to be

2646

01:50:13,850 --> 01:50:11,780

uh turn UFOs into balloons

2647

01:50:15,950 --> 01:50:13,860

destigmatize UFOs and make them

2648

01:50:19,850 --> 01:50:15,960

non-exotic pretend that there are no

2649

01:50:21,709 --> 01:50:19,860

exotic UEFA reports and

2650

01:50:24,169 --> 01:50:21,719

and just keep going just keep going

2651

01:50:27,050 --> 01:50:24,179

along that along that path I think

2652

01:50:30,350 --> 01:50:27,060

that's I I believe I still think that

2653

01:50:32,810 --> 01:50:30,360

you have a concerted effort to siphon

2654

01:50:35,209 --> 01:50:32,820

UFOs out of the public conversation

2655

01:50:39,430 --> 01:50:35,219

or at least to Rebrand it to such an

2656

01:50:42,290 --> 01:50:39,440

extent that it's not it's not real

2657

01:50:45,470 --> 01:50:42,300

they have to Rebrand their own branding

2658

01:50:48,109 --> 01:50:45,480

right it was it was them that went from

2659

01:50:50,930 --> 01:50:48,119

you opposed to uaps and you know it

2660

01:50:53,209 --> 01:50:50,940

started this conversation and and you

2661

01:50:55,850 --> 01:50:53,219

know getting you know Tucker Carlson you

2662

01:50:58,370 --> 01:50:55,860

know to go off the rails and so if you

2663

01:50:59,750 --> 01:50:58,380

go and you if he's the one mainstream

2664

01:51:02,169 --> 01:50:59,760

guy who actually is decent on this

2665

01:51:05,090 --> 01:51:02,179

that's what I'm saying right

2666

01:51:08,270 --> 01:51:05,100

I'm saying in the in the mass media

2667

01:51:10,129 --> 01:51:08,280

context he he went off the rails so you

2668

01:51:12,350 --> 01:51:10,139

you did all of the and now you're gonna

2669

01:51:15,350 --> 01:51:12,360

turn around and Rebrand The Branding

2670

01:51:17,930 --> 01:51:15,360

that you work so hard on that's why I

2671

01:51:20,750 --> 01:51:17,940

think so yeah and it goes back to your

2672

01:51:22,370 --> 01:51:20,760

point though Richard so if James Webb

2673

01:51:25,250 --> 01:51:22,380

takes the pressure off

2674

01:51:27,950 --> 01:51:25,260

then it's not about what the government

2675

01:51:30,890 --> 01:51:27,960

knew they can now say yeah this stuff

2676
01:51:32,990 --> 01:51:30,900
was real we didn't know James Webb just

2677
01:51:35,510 --> 01:51:33,000
confirmed it so now we can go back and

2678
01:51:37,370 --> 01:51:35,520
historically look at it but we now we

2679
01:51:39,229 --> 01:51:37,380
got nothing we didn't know well they

2680
01:51:40,609 --> 01:51:39,239
they can do that because they they'll do

2681
01:51:43,370 --> 01:51:40,619
everything they can to rewrite history

2682
01:51:45,770 --> 01:51:43,380
and to erase the history there's the

2683
01:51:48,169 --> 01:51:45,780
history of military encounters with

2684
01:51:50,149 --> 01:51:48,179
flying saucers is still there the

2685
01:51:51,830 --> 01:51:50,159
history of people having Close

2686
01:51:54,649 --> 01:51:51,840
Encounters and abduction experiences

2687
01:51:56,570 --> 01:51:54,659
with branded craft is still there right

2688
01:51:58,490 --> 01:51:56,580

so so you can say oh yeah we've

2689

01:52:00,709 --> 01:51:58,500

discovered a techno signal yeah that's

2690

01:52:03,169 --> 01:52:00,719

great that's nice and safe that's way

2691

01:52:05,930 --> 01:52:03,179

far away on another star system exactly

2692

01:52:07,550 --> 01:52:05,940

that's that doesn't the the problem that

2693

01:52:09,530 --> 01:52:07,560

the U.S government and and any

2694

01:52:12,830 --> 01:52:09,540

government but especially the US has is

2695

01:52:14,930 --> 01:52:12,840

being implicated in a lie and implicated

2696

01:52:17,209 --> 01:52:14,940

in a cover-up and implicated in doing

2697

01:52:21,770 --> 01:52:17,219

something that's actually important to

2698

01:52:24,590 --> 01:52:21,780

hide this important phenomenon so that's

2699

01:52:26,810 --> 01:52:24,600

so that means that they have to play

2700

01:52:29,510 --> 01:52:26,820

this game of pretend like oh let's look

2701
01:52:31,550 --> 01:52:29,520
into this UFO these uaps and let's see

2702
01:52:33,229 --> 01:52:31,560
if there's something there that's that's

2703
01:52:35,209 --> 01:52:33,239
where they're at right now we're like

2704
01:52:37,070 --> 01:52:35,219
yeah we're we're genuinely exploring

2705
01:52:37,970 --> 01:52:37,080
this and if we find anything we'll tell

2706
01:52:40,729 --> 01:52:37,980
you

2707
01:52:43,430 --> 01:52:40,739
and that's that's all dishonest that's

2708
01:52:45,109 --> 01:52:43,440
utterly dishonest uh but you know

2709
01:52:47,510 --> 01:52:45,119
finding another

2710
01:52:49,370 --> 01:52:47,520
life form somewhere else in the universe

2711
01:52:51,350 --> 01:52:49,380
or signal that doesn't that doesn't

2712
01:52:53,450 --> 01:52:51,360
implicate them in anything bad so that's

2713
01:52:55,669 --> 01:52:53,460

safe right that's a totally safe thing

2714

01:52:57,470 --> 01:52:55,679

you're hoping man they're holding

2715

01:53:00,890 --> 01:52:57,480

because that takes the pressure off

2716

01:53:03,649 --> 01:53:00,900

right that that the the whole maybe it

2717

01:53:05,810 --> 01:53:03,659

will maybe it will yeah yeah I mean it

2718

01:53:09,530 --> 01:53:05,820

just makes it makes perfect sense to me

2719

01:53:12,709 --> 01:53:09,540

and when you uh you combine all of that

2720

01:53:14,750 --> 01:53:12,719

with exoplanets and the confirmation of

2721

01:53:17,870 --> 01:53:14,760

this and Goldilocks zones and the size

2722

01:53:20,410 --> 01:53:17,880

of this and what is going on and uh uh

2723

01:53:23,209 --> 01:53:20,420

fast radio burst right you constantly

2724

01:53:24,890 --> 01:53:23,219

acquire all of the scientific data and

2725

01:53:27,290 --> 01:53:24,900

you're pushing it out into the public

2726

01:53:29,450 --> 01:53:27,300

right you're taking the pressure off of

2727

01:53:31,250 --> 01:53:29,460

you or somebody's gonna right somebody's

2728

01:53:32,390 --> 01:53:31,260

gonna make that Discovery for you we're

2729

01:53:34,370 --> 01:53:32,400

running we're running out of time

2730

01:53:36,169 --> 01:53:34,380

because you think of it this way the

2731

01:53:37,490 --> 01:53:36,179

level of our technology is becoming so

2732

01:53:39,229 --> 01:53:37,500

advanced

2733

01:53:41,209 --> 01:53:39,239

it you know it's going to make UFO

2734

01:53:43,729 --> 01:53:41,219

sightings almost seem like ah no big

2735

01:53:45,470 --> 01:53:43,739

deal that's ours it's all ours and

2736

01:53:47,270 --> 01:53:45,480

they'll just erase the history which

2737

01:53:50,870 --> 01:53:47,280

they're already doing as everything they

2738

01:53:52,430 --> 01:53:50,880

can to do and uh and if there is a

2739

01:53:54,229 --> 01:53:52,440

presence of other beings that have an

2740

01:53:56,030 --> 01:53:54,239

agenda

2741

01:53:58,129 --> 01:53:56,040

you know I think once we get past a

2742

01:53:59,870 --> 01:53:58,139

certain point in our society and our

2743

01:54:02,570 --> 01:53:59,880

technology

2744

01:54:04,490 --> 01:54:02,580

they may see that there's clear sailing

2745

01:54:06,770 --> 01:54:04,500

as far as UFOs go they may say oh yeah

2746

01:54:09,709 --> 01:54:06,780

that's just part of your history part of

2747

01:54:11,629 --> 01:54:09,719

our history that we got that wrong

2748

01:54:13,430 --> 01:54:11,639

there there are UFOs now but that's

2749

01:54:14,570 --> 01:54:13,440

things that we make like I could see

2750

01:54:17,870 --> 01:54:14,580

that happening

2751
01:54:22,189 --> 01:54:17,880
yeah is such a great example of that or

2752
01:54:24,530 --> 01:54:22,199
the idea of a tr3b and that's a triangle

2753
01:54:28,010 --> 01:54:24,540
right and a gravitic triangle but it

2754
01:54:29,890 --> 01:54:28,020
could be any shape right and and so if

2755
01:54:32,830 --> 01:54:29,900
that happens

2756
01:54:35,450 --> 01:54:32,840
sightings are are not even legit anymore

2757
01:54:37,550 --> 01:54:35,460
I'm gonna say so I have I have a couple

2758
01:54:40,070 --> 01:54:37,560
of uh correspondents

2759
01:54:42,950 --> 01:54:40,080
who um

2760
01:54:45,709 --> 01:54:42,960
are are concerned

2761
01:54:47,810 --> 01:54:45,719
that there's an infiltration going on so

2762
01:54:49,970 --> 01:54:47,820
let's just say just pretend that that's

2763
01:54:51,950 --> 01:54:49,980

true because it could be true

2764

01:54:53,510 --> 01:54:51,960

if there is

2765

01:54:56,810 --> 01:54:53,520

then

2766

01:55:01,010 --> 01:54:58,970

are they are they just

2767

01:55:03,229 --> 01:55:01,020

have they inserted themselves into our

2768

01:55:05,510 --> 01:55:03,239

world and are managing our world for

2769

01:55:07,850 --> 01:55:05,520

their ends not for our ends

2770

01:55:11,149 --> 01:55:07,860

you're looking at entire Global civil

2771

01:55:12,590 --> 01:55:11,159

civilization falling to pieces going

2772

01:55:14,209 --> 01:55:12,600

into what I keep calling the fourth

2773

01:55:16,729 --> 01:55:14,219

stage of humanity basically turning us

2774

01:55:17,870 --> 01:55:16,739

into one big digital ant hill that's

2775

01:55:19,910 --> 01:55:17,880

happening

2776
01:55:23,209 --> 01:55:19,920
is that our design or is that someone

2777
01:55:26,030 --> 01:55:23,219
else's design maybe it's both but if if

2778
01:55:28,370 --> 01:55:26,040
there is an infiltration

2779
01:55:31,129 --> 01:55:28,380
the clock is ticking for our ability

2780
01:55:33,410 --> 01:55:31,139
very likely to do anything about it yeah

2781
01:55:35,450 --> 01:55:33,420
maybe the clock's already struck

2782
01:55:36,669 --> 01:55:35,460
midnight and maybe it's too late but you

2783
01:55:39,050 --> 01:55:36,679
know

2784
01:55:40,430 --> 01:55:39,060
you brought up the point though Invasion

2785
01:55:42,770 --> 01:55:40,440
of the Body smell you know that's what

2786
01:55:46,850 --> 01:55:42,780
parasites do right get into the host

2787
01:55:48,169 --> 01:55:46,860
body and and and and and and live off of

2788
01:55:50,870 --> 01:55:48,179

it and hopefully just take everything

2789

01:55:52,729 --> 01:55:50,880

over and survive off of that and that

2790

01:55:54,169 --> 01:55:52,739

could be the case I mean someone who

2791

01:55:56,990 --> 01:55:54,179

thinks that this is crazy talk should

2792

01:55:59,689 --> 01:55:57,000

just take a step back and you look at

2793

01:56:03,830 --> 01:55:59,699

the UFO phenomenon you look at the long

2794

01:56:06,050 --> 01:56:03,840

history of Encounters of abductions of

2795

01:56:09,290 --> 01:56:06,060

alleged hybridization

2796

01:56:10,850 --> 01:56:09,300

David Jacobs work on hybrid hubris Cuban

2797

01:56:12,770 --> 01:56:10,860

looking hybrids and all of that and you

2798

01:56:15,709 --> 01:56:12,780

start you put this together

2799

01:56:17,930 --> 01:56:15,719

and it is not difficult it is not

2800

01:56:20,689 --> 01:56:17,940

outrageous even when you actually look

2801
01:56:22,910 --> 01:56:20,699
at the testimony and evidence

2802
01:56:25,310 --> 01:56:22,920
that there could be this this

2803
01:56:26,870 --> 01:56:25,320
infiltration happening and if that's the

2804
01:56:29,149 --> 01:56:26,880
case you could say well it's some people

2805
01:56:31,250 --> 01:56:29,159
say it's benign and some people say nope

2806
01:56:33,290 --> 01:56:31,260
it's not benign

2807
01:56:36,109 --> 01:56:33,300
but it's happening and it's covert

2808
01:56:38,750 --> 01:56:36,119
there's definitely a covert presence of

2809
01:56:40,729 --> 01:56:38,760
other that's here and I do believe that

2810
01:56:41,870 --> 01:56:40,739
they're interacting in our world the

2811
01:56:44,030 --> 01:56:41,880
real question is what are they doing

2812
01:56:46,970 --> 01:56:44,040
what's the agenda

2813
01:56:49,310 --> 01:56:46,980

is it's not a trivial matter there's

2814

01:56:52,070 --> 01:56:49,320

something big happening it's been

2815

01:56:55,970 --> 01:56:52,080

happening for since really the almost

2816

01:56:57,890 --> 01:56:55,980

the mid 20th century in a big way

2817

01:56:59,330 --> 01:56:57,900

I think I think we confuse ourselves

2818

01:57:01,129 --> 01:56:59,340

when we say oh they've always been here

2819

01:57:02,689 --> 01:57:01,139

I think I think we've got to really be

2820

01:57:06,830 --> 01:57:02,699

careful about that

2821

01:57:09,590 --> 01:57:06,840

yes someone has kind of always been here

2822

01:57:10,729 --> 01:57:09,600

but are they the ones who are acting on

2823

01:57:12,589 --> 01:57:10,739

us now

2824

01:57:13,669 --> 01:57:12,599

because you don't get reports of gray

2825

01:57:16,910 --> 01:57:13,679

aliens

2826

01:57:19,490 --> 01:57:16,920

back in the time of Leonardo da Vinci

2827

01:57:21,470 --> 01:57:19,500

you don't there's a friend of a friend

2828

01:57:24,470 --> 01:57:21,480

of Leonardo's who actually had a very

2829

01:57:26,149 --> 01:57:24,480

bizarre encounter yeah Fazio cardano I

2830

01:57:28,250 --> 01:57:26,159

wrote about him in one of my books yeah

2831

01:57:30,109 --> 01:57:28,260

yeah but they were human looking

2832

01:57:31,790 --> 01:57:30,119

and they were

2833

01:57:33,770 --> 01:57:31,800

they talked to him

2834

01:57:35,870 --> 01:57:33,780

they weren't gray aliens

2835

01:57:37,310 --> 01:57:35,880

so I think we're dealing with something

2836

01:57:39,109 --> 01:57:37,320

very different today

2837

01:57:40,910 --> 01:57:39,119

this is not the same thing as the

2838

01:57:42,109 --> 01:57:40,920

long-standing presence

2839

01:57:45,050 --> 01:57:42,119

I think there's something much more

2840

01:57:45,649 --> 01:57:45,060

active and that we should be concerned

2841

01:57:49,310 --> 01:57:45,659

about

2842

01:57:50,930 --> 01:57:49,320

it is concerning well uh we're actually

2843

01:57:54,050 --> 01:57:50,940

at the end of the show

2844

01:57:55,010 --> 01:57:54,060

um but uh let me let me make this one

2845

01:57:56,930 --> 01:57:55,020

comment

2846

01:58:00,350 --> 01:57:56,940

if you

2847

01:58:02,270 --> 01:58:00,360

think about think about how thick your

2848

01:58:04,490 --> 01:58:02,280

thickest book is that you wrote right

2849

01:58:06,910 --> 01:58:04,500

how many pages right okay did you ever

2850

01:58:10,370 --> 01:58:06,920

bust a thousand Pages

2851
01:58:13,990 --> 01:58:10,380
highest level 634 that's my job that's a

2852
01:58:17,209 --> 01:58:14,000
lot of writing right okay now imagine

2853
01:58:21,669 --> 01:58:17,219
600 pages and and how many words are on

2854
01:58:25,490 --> 01:58:21,679
a page if you were logging

2855
01:58:30,229 --> 01:58:25,500
every star system in the Milky Way

2856
01:58:34,609 --> 01:58:30,239
think about the Skies of the database

2857
01:58:36,410 --> 01:58:34,619
right so if you if you are

2858
01:58:38,870 --> 01:58:36,420
um cruising by

2859
01:58:40,970 --> 01:58:38,880
Earth uh you know our star system here

2860
01:58:43,790 --> 01:58:40,980
what what do we have eight planets here

2861
01:58:47,990 --> 01:58:43,800
we have another 3 000 dwarf planets you

2862
01:58:49,850 --> 01:58:48,000
know out Beyond Pluto out yeah okay but

2863
01:58:53,649 --> 01:58:49,860

just think about this for a second so

2864

01:58:56,870 --> 01:58:53,659

you're cruising by how much time are you

2865

01:58:58,669 --> 01:58:56,880

Earth is going to get a number

2866

01:59:00,530 --> 01:58:58,679

all right it's not going to get a name

2867

01:59:02,570 --> 01:59:00,540

it's going to get it a number how much

2868

01:59:05,050 --> 01:59:02,580

time are you going to spend here because

2869

01:59:08,870 --> 01:59:05,060

you have another

2870

01:59:12,109 --> 01:59:08,880

right five trillion whatever just here

2871

01:59:15,649 --> 01:59:12,119

in the Milky Way right and and that you

2872

01:59:17,629 --> 01:59:15,659

have to go and and and log and and do

2873

01:59:20,149 --> 01:59:17,639

because that's what we're doing now we

2874

01:59:22,790 --> 01:59:20,159

are trying to map the Milky Way we're

2875

01:59:25,450 --> 01:59:22,800

doing our best to get that done from

2876

01:59:28,910 --> 01:59:25,460

here right now how thick is that book

2877

01:59:31,850 --> 01:59:28,920

it's ginormous so how much time so back

2878

01:59:33,229 --> 01:59:31,860

to your point Richard are you going to

2879

01:59:38,149 --> 01:59:33,239

come back

2880

01:59:39,890 --> 01:59:38,159

I think now is the time yeah because

2881

01:59:41,930 --> 01:59:39,900

it's our moment when we're about to LEAP

2882

01:59:43,910 --> 01:59:41,940

into their world that's right that's

2883

01:59:46,250 --> 01:59:43,920

right and so the way of interest for

2884

01:59:49,010 --> 01:59:46,260

that and here's the other spin

2885

01:59:50,390 --> 01:59:49,020

this is my other spin I'll let you chew

2886

01:59:51,470 --> 01:59:50,400

on this and everybody can think about

2887

01:59:54,050 --> 01:59:51,480

this

2888

01:59:56,510 --> 01:59:54,060

here we are here's Earth so we've been

2889

01:59:59,330 --> 01:59:56,520

sending out as we know radio television

2890

02:00:02,030 --> 01:59:59,340

let's say 150 years let's go 100 we see

2891

02:00:03,950 --> 02:00:02,040

the very beginnings of Marconi and Tesla

2892

02:00:06,950 --> 02:00:03,960

right okay so let's just say we're in

2893

02:00:09,589 --> 02:00:06,960

2023 so let's say 150 years we've been

2894

02:00:13,310 --> 02:00:09,599

broadcasting out we've been broadcasting

2895

02:00:16,129 --> 02:00:13,320

out realistic stuff for maybe a hundred

2896

02:00:20,030 --> 02:00:16,139

so let's go 100 years 100 years at the

2897

02:00:23,390 --> 02:00:20,040

speed of light out we've got about 2

2898

02:00:26,750 --> 02:00:23,400

000 stars star systems in our local

2899

02:00:28,430 --> 02:00:26,760

neighborhood that are a hundred light

2900

02:00:32,750 --> 02:00:28,440

years away

2901

02:00:36,890 --> 02:00:32,760

okay so we would expect

2902

02:00:40,850 --> 02:00:36,900

uh that that number in half 1

2903

02:00:43,250 --> 02:00:40,860

000 that are 50 light years away

2904

02:00:47,330 --> 02:00:43,260

that if there is something intelligent

2905

02:00:50,750 --> 02:00:47,340

we would expect something now

2906

02:00:52,729 --> 02:00:50,760

right now like this year right and next

2907

02:00:55,609 --> 02:00:52,739

year and the year after wouldn't

2908

02:00:58,910 --> 02:00:55,619

necessarily be before that because they

2909

02:01:02,870 --> 02:00:58,920

haven't gotten our signals right so I I

2910

02:01:05,689 --> 02:01:02,880

don't put that past a possibility if we

2911

02:01:07,310 --> 02:01:05,699

are dealing with traditional speed of

2912

02:01:09,530 --> 02:01:07,320

light you know radio transmission

2913

02:01:12,950 --> 02:01:09,540

signals traveling at the speed of light

2914

02:01:15,649 --> 02:01:12,960

that if we stay with Einstein and and

2915

02:01:18,410 --> 02:01:15,659

and relativity that that's what we're

2916

02:01:21,890 --> 02:01:18,420

dealing with so there is no reason why

2917

02:01:23,510 --> 02:01:21,900

right now this this time period that the

2918

02:01:26,870 --> 02:01:23,520

activity is kicked up like it has

2919

02:01:28,870 --> 02:01:26,880

because we've we've let them know right

2920

02:01:31,990 --> 02:01:28,880

we're Morris coding this thing right

2921

02:01:36,290 --> 02:01:32,000

right we're over here

2922

02:01:39,770 --> 02:01:36,300

and uh and and yeah so I I would say

2923

02:01:43,189 --> 02:01:39,780

that uh the next uh five ten years

2924

02:01:46,010 --> 02:01:43,199

because every five ten years past that

2925

02:01:47,990 --> 02:01:46,020

now we're getting out into the thousands

2926

02:01:50,209 --> 02:01:48,000

of planets that are within that region

2927

02:01:53,089 --> 02:01:50,219

you know of a hundred light years okay

2928

02:01:55,550 --> 02:01:53,099

so that's my take and and I don't know

2929

02:01:57,770 --> 02:01:55,560

man I'm feeling pretty good about it I

2930

02:02:00,709 --> 02:01:57,780

think I think they found us a little

2931

02:02:03,709 --> 02:02:00,719

earlier than that because the at least

2932

02:02:05,689 --> 02:02:03,719

the evidence looks like there's was an

2933

02:02:07,129 --> 02:02:05,699

explosion of UFO sightings starting in

2934

02:02:10,070 --> 02:02:07,139

the 1940s

2935

02:02:12,290 --> 02:02:10,080

uh there were some before that but you

2936

02:02:15,169 --> 02:02:12,300

get a massive in number massive amount

2937

02:02:17,750 --> 02:02:15,179

seemingly in the 40s and I think that

2938

02:02:19,910 --> 02:02:17,760

might be the first wave yeah sure and

2939

02:02:22,010 --> 02:02:19,920

and so and what you're referring to that

2940

02:02:25,070 --> 02:02:22,020

no you're absolutely correct and and you

2941

02:02:28,129 --> 02:02:25,080

go back to uh and Nuremberg and you can

2942

02:02:30,830 --> 02:02:28,139

go back to the 1890s and we could push

2943

02:02:32,689 --> 02:02:30,840

things back uh to other stuff and what

2944

02:02:35,030 --> 02:02:32,699

Moses was seeing all right so we have

2945

02:02:36,709 --> 02:02:35,040

all of that through history for sure but

2946

02:02:39,850 --> 02:02:36,719

those are the those are the the

2947

02:02:43,490 --> 02:02:39,860

civilizations that had the technology

2948

02:02:46,310 --> 02:02:43,500

to find us it's a little bit different

2949

02:02:49,250 --> 02:02:46,320

so I'm just referring to those out there

2950

02:02:51,290 --> 02:02:49,260

that may be at our level not necessarily

2951
02:02:54,350 --> 02:02:51,300
Interstellar but they could send a

2952
02:02:55,850 --> 02:02:54,360
signal right so yeah this conversation

2953
02:02:57,229 --> 02:02:55,860
needs to go to a place where you burn

2954
02:02:58,850 --> 02:02:57,239
one and you just keep going through the

2955
02:03:04,990 --> 02:02:58,860
night you know what I'm saying yeah I

2956
02:03:10,370 --> 02:03:07,790
I haven't burned one in in 20 years but

2957
02:03:12,229 --> 02:03:10,380
I would do it with you do you remember

2958
02:03:14,750 --> 02:03:12,239
um I'll leave you with this

2959
02:03:17,390 --> 02:03:14,760
one of my favorite scenes of burning

2960
02:03:18,770 --> 02:03:17,400
weed it's about our community it's

2961
02:03:21,410 --> 02:03:18,780
Animal House

2962
02:03:24,109 --> 02:03:21,420
and they go over Donald Sutherland is

2963
02:03:25,729 --> 02:03:24,119

the hippie Professor right okay and they

2964

02:03:28,250 --> 02:03:25,739

go over to his house and they're gonna

2965

02:03:30,109 --> 02:03:28,260

smoke pot right they all sit down they

2966

02:03:33,109 --> 02:03:30,119

like candles you know they're smoking

2967

02:03:35,390 --> 02:03:33,119

weed Donald Sutherland and and one of

2968

02:03:40,490 --> 02:03:35,400

the kids from the animal from the Frat

2969

02:03:43,850 --> 02:03:40,500

he goes you mean you mean like the cell

2970

02:03:46,609 --> 02:03:43,860

in my thumbnail could be like a whole

2971

02:03:52,609 --> 02:03:50,810

as you can see it is the best man what's

2972

02:03:55,609 --> 02:03:52,619

the name of it I haven't seen it it's

2973

02:03:57,290 --> 02:03:55,619

Animal House uh with John Belushi oh man

2974

02:04:00,169 --> 02:03:57,300

you know oh that was an animal house

2975

02:04:02,149 --> 02:04:00,179

yeah yeah oh I saw that a long time ago

2976

02:04:04,810 --> 02:04:02,159

okay you gotta watch that again give me

2977

02:04:07,790 --> 02:04:04,820

my you mean the cell

2978

02:04:11,030 --> 02:04:07,800

all right man Richard give my best to

2979

02:04:13,970 --> 02:04:11,040

Tracy sir love you brother and uh this

2980

02:04:15,890 --> 02:04:13,980

is this is gonna get crazier and crazier

2981

02:04:18,109 --> 02:04:15,900

and I can't wait until our next

2982

02:04:20,510 --> 02:04:18,119

conversation thank you so much always a

2983

02:04:23,330 --> 02:04:20,520

pleasure thank you Jimmy Richard Dolan

2984

02:04:26,030 --> 02:04:23,340

members and if you if you caught part of

2985

02:04:28,070 --> 02:04:26,040

this show I always send uh Richard a

2986

02:04:30,830 --> 02:04:28,080

file and he gets it up on his side for

2987

02:04:32,810 --> 02:04:30,840

Richard Dolan members and and all of you

2988

02:04:34,910 --> 02:04:32,820

guys can go and enjoy it over there and

2989

02:04:36,410 --> 02:04:34,920

replay it to your heart's content thank

2990

02:04:38,570 --> 02:04:36,420

you so much Richard behave and be well

2991

02:04:41,390 --> 02:04:38,580

my friend thank you so much Jimmy take

2992

02:04:44,450 --> 02:04:41,400

care the best Richard Dolan and I'm

2993

02:04:46,850 --> 02:04:44,460

gonna get out of here I'm over and uh

2994

02:04:50,030 --> 02:04:46,860

this is Fade to Black I am your host

2995

02:04:51,410 --> 02:04:50,040

Jimmy church and uh and I'm gonna watch

2996

02:04:53,450 --> 02:04:51,420

here's the thing

2997

02:04:54,950 --> 02:04:53,460

Richard and I always have an after show

2998

02:04:56,810 --> 02:04:54,960

but tonight it's late I'm gonna I'm

2999

02:05:00,050 --> 02:04:56,820

gonna watch him click out he's gonna go

3000

02:05:05,689 --> 02:05:02,390

Fade to Black thank you so much Richard

3001

02:05:08,689 --> 02:05:05,699
