

FADE TO BLACK

with **JIMMY CHURCH**
PRESENTS

BREAKING NEWS

Wed Feb 22, 2023 **LIVE**

1
00:00:04,860 --> 00:00:13,700
foreign

2
00:00:39,670 --> 00:00:25,840
[Music]

3
00:00:45,610 --> 00:00:42,530
good afternoon Fade to Black breaking

4
00:00:49,490 --> 00:00:45,620
news for this Wednesday February 22nd

5
00:00:51,830 --> 00:00:49,500
2023 this is all of the news that you

6
00:00:55,689 --> 00:00:51,840
need I'm Jimmy Church let's get straight

7
00:01:00,049 --> 00:00:55,699
to it on this day in history

8
00:01:04,490 --> 00:01:00,059
2014. El Chapo Guzman the World's Most

9
00:01:07,010 --> 00:01:04,500
Wanted drug kingpin is captured in

10
00:01:09,170 --> 00:01:07,020
Mazatlan Mexico

11
00:01:11,770 --> 00:01:09,180
here's your fader fact today

12
00:01:18,310 --> 00:01:11,780
vetted

13
00:01:25,310 --> 00:01:22,789

372 miles wider to be exact

14

00:01:26,749 --> 00:01:25,320

and that is your fader fact let's get to

15

00:01:29,749 --> 00:01:26,759

the breaking news

16

00:01:32,149 --> 00:01:29,759

the Supreme Court wrapped up arguments

17

00:01:34,130 --> 00:01:32,159

in the Twitter case about two and a half

18

00:01:37,069 --> 00:01:34,140

hours after the hearing started before

19

00:01:40,550 --> 00:01:37,079

the hearing ended Twitter lawyer Seth

20

00:01:43,910 --> 00:01:40,560

Waxman offered a brief rebuttal to his

21

00:01:46,550 --> 00:01:43,920

opponent's arguments Waxman was grilled

22

00:01:50,030 --> 00:01:46,560

on what kind of assistance to terrorists

23

00:01:53,090 --> 00:01:50,040

would make a platform liable under the

24

00:01:54,950 --> 00:01:53,100

anti-terrorism law he attempted to argue

25

00:01:57,530 --> 00:01:54,960

there's a distinction between a

26

00:02:02,450 --> 00:01:57,540

defendant's action assisting a terrorist

27

00:02:04,730 --> 00:02:02,460

versus their inaction the plaintiffs the

28

00:02:07,789 --> 00:02:04,740

family of a person who was killed in an

29

00:02:11,449 --> 00:02:07,799

Isaac attack ISIS attack in Istanbul in

30

00:02:13,089 --> 00:02:11,459

2017 allege is social media companies

31

00:02:16,790 --> 00:02:13,099

including Twitter

32

00:02:20,270 --> 00:02:16,800

knowingly aided Isis by allowing some of

33

00:02:21,410 --> 00:02:20,280

the group's content to persist on their

34

00:02:24,050 --> 00:02:21,420

platforms

35

00:02:26,690 --> 00:02:24,060

Twitter has previously argued it was

36

00:02:31,130 --> 00:02:26,700

immune from the suit thanks to section

37

00:02:33,350 --> 00:02:31,140

230 and that just because Isis used the

38

00:02:35,809 --> 00:02:33,360

platform to promote itself doesn't

39

00:02:39,589 --> 00:02:35,819
constitute the company's knowing

40

00:02:42,009 --> 00:02:39,599
assistance to the terrorist group

41

00:02:45,470 --> 00:02:42,019
we shall see

42

00:02:49,070 --> 00:02:45,480
astronomers have spotted a runaway super

43

00:02:51,290 --> 00:02:49,080
massive black hole seemingly ejected

44

00:02:54,949 --> 00:02:51,300
from its home Galaxy and racing through

45

00:02:57,290 --> 00:02:54,959
space with a chain of stars trailing in

46

00:02:59,449 --> 00:02:57,300
its wake according to the team's

47

00:03:02,089 --> 00:02:59,459
research which was published on the

48

00:03:03,949 --> 00:03:02,099
pre-print server archive has been

49

00:03:06,710 --> 00:03:03,959
accepted for publication in the

50

00:03:10,550 --> 00:03:06,720
astrophysical journal letters

51
00:03:12,170 --> 00:03:10,560
the discovery is the first observational

52
00:03:15,350 --> 00:03:12,180
evidence

53
00:03:17,930 --> 00:03:15,360
seeing it the first observational

54
00:03:20,350 --> 00:03:17,940
evidence that supermassive black holes

55
00:03:24,110 --> 00:03:20,360
can be ejected from their home galaxies

56
00:03:26,330 --> 00:03:24,120
to Rome Interstellar space

57
00:03:28,550 --> 00:03:26,340
the researchers discovered the runaway

58
00:03:30,710 --> 00:03:28,560
black hole as a bright streak of light

59
00:03:33,850 --> 00:03:30,720
while they were using the Hubble Space

60
00:03:38,690 --> 00:03:33,860
Telescope to observe the dwarf galaxy

61
00:03:42,110 --> 00:03:38,700
rcp-28 located about 7.5 billion light

62
00:03:44,030 --> 00:03:42,120
years from Earth its streak is more than

63
00:03:47,630 --> 00:03:44,040

200

64

00:03:51,050 --> 00:03:47,640

000 light years long and is 20 million

65

00:03:55,970 --> 00:03:51,060

times the mass of our sun and speeding

66

00:03:57,710 --> 00:03:55,980

away from its home Galaxy at 3.5 million

67

00:04:02,470 --> 00:03:57,720

miles per hour

68

00:04:04,550 --> 00:04:02,480

eating everything in its path

69

00:04:07,789 --> 00:04:04,560

archaeologists working at a historic

70

00:04:12,770 --> 00:04:07,799

Battlefield a Gettysburg recently found

71

00:04:14,690 --> 00:04:12,780

a live 160 year old artillery show that

72

00:04:18,229 --> 00:04:14,700

had to be detonated by a specially

73

00:04:21,170 --> 00:04:18,239

trained U.S army disposal team the show

74

00:04:23,689 --> 00:04:21,180

was found on February 8th at Little

75

00:04:26,290 --> 00:04:23,699

Round Top Hill and was about seven

76
00:04:29,090 --> 00:04:26,300
inches long and weighed about 10 pounds

77
00:04:32,210 --> 00:04:29,100
unexploded Ordnance still found on the

78
00:04:34,909 --> 00:04:32,220
battlefield in Gettysburg is rare and

79
00:04:39,890 --> 00:04:34,919
this is only the fifth time it has

80
00:04:43,370 --> 00:04:39,900
happened since 1980. what we don't know

81
00:04:45,770 --> 00:04:43,380
is whether it was fired by Union or

82
00:04:47,870 --> 00:04:45,780
Confederate troops

83
00:04:50,930 --> 00:04:47,880
and apparently the investigation

84
00:04:53,990 --> 00:04:50,940
continues maybe we'll find out

85
00:04:56,350 --> 00:04:54,000
all right it's getting crazy

86
00:04:59,290 --> 00:04:56,360
so here you go

87
00:05:02,390 --> 00:04:59,300
Vanderbilt University's Peabody school

88
00:05:05,390 --> 00:05:02,400

has apologized to students for using

89

00:05:07,249 --> 00:05:05,400

artificial intelligence to write an

90

00:05:09,530 --> 00:05:07,259

email about a mass shooting at another

91

00:05:12,230 --> 00:05:09,540

University saying the distribution of

92

00:05:14,270 --> 00:05:12,240

the note did not follow the school's

93

00:05:17,689 --> 00:05:14,280

usual processes

94

00:05:21,050 --> 00:05:17,699

last Friday the Tennessee based School

95

00:05:23,390 --> 00:05:21,060

emailed its student body to address the

96

00:05:25,370 --> 00:05:23,400

tragedy at Michigan State that killed

97

00:05:26,510 --> 00:05:25,380

three students and injured five more

98

00:05:29,390 --> 00:05:26,520

people

99

00:05:31,969 --> 00:05:29,400

check this at the end of the school's

100

00:05:34,330 --> 00:05:31,979

email was a surprising line and I'm

101
00:05:39,590 --> 00:05:34,340
quoting because I read it myself

102
00:05:42,550 --> 00:05:39,600
paraphrase from open a eyes chat GPT AI

103
00:05:45,249 --> 00:05:42,560
language model personal communication

104
00:05:51,110 --> 00:05:45,259
February 15

105
00:05:54,010 --> 00:05:51,120
2023 end quote and that is nuts so today

106
00:05:58,730 --> 00:05:54,020
Nicole Joseph and haciend

107
00:06:02,150 --> 00:05:58,740
both Vanderbilt Deans were suspended and

108
00:06:07,689 --> 00:06:02,160
voluntarily stepped down today for using

109
00:06:11,749 --> 00:06:07,699
chat GPT to write that email

110
00:06:14,810 --> 00:06:11,759
unbelievable well a powerful Coast to

111
00:06:17,810 --> 00:06:14,820
Coast storm is bringing heavy snow high

112
00:06:19,610 --> 00:06:17,820
winds and Ice today putting parts of

113
00:06:22,249 --> 00:06:19,620

more than two dozen states under winter

114

00:06:25,370 --> 00:06:22,259

weather alerts at travel conditions

115

00:06:28,730 --> 00:06:25,380

begin to deteriorate in some areas

116

00:06:31,070 --> 00:06:28,740

more than 65 million people across 29

117

00:06:34,189 --> 00:06:31,080

States from California to Minnesota

118

00:06:36,409 --> 00:06:34,199

through Maine are under winter weather

119

00:06:39,950 --> 00:06:36,419

alerts that include warnings of severe

120

00:06:42,230 --> 00:06:39,960

icing extreme cold and sleet the Upper

121

00:06:44,809 --> 00:06:42,240

Midwest is expected to Bear the brunt of

122

00:06:46,510 --> 00:06:44,819

the storm in terms of snowfall with

123

00:06:50,330 --> 00:06:46,520

Minneapolis Minnesota

124

00:06:53,290 --> 00:06:50,340

that area getting more than 20 inches

125

00:06:56,510 --> 00:06:53,300

today potentially the most in 30 years

126
00:06:59,469 --> 00:06:56,520
more than 5 million people are under ice

127
00:07:02,990 --> 00:06:59,479
storm warnings across Iowa Wisconsin

128
00:07:05,029 --> 00:07:03,000
Illinois and Southern Michigan and more

129
00:07:06,830 --> 00:07:05,039
than 2 million people are under blizzard

130
00:07:11,150 --> 00:07:06,840
warnings across parts of Wyoming

131
00:07:13,850 --> 00:07:11,160
Minnesota Wisconsin and The Dakotas

132
00:07:16,309 --> 00:07:13,860
look at me it's freezing here in the

133
00:07:22,309 --> 00:07:16,319
Mojave Desert too I am completely

134
00:07:26,510 --> 00:07:23,689
right

135
00:07:29,930 --> 00:07:26,520
let me leave you with this

136
00:07:33,050 --> 00:07:29,940
for those who have ever felt the urge to

137
00:07:34,870 --> 00:07:33,060
whip off a tick tock video from inside

138
00:07:37,189 --> 00:07:34,880

their car

139

00:07:41,529 --> 00:07:37,199

Mercedes-Benz owners will be able to do

140

00:07:45,589 --> 00:07:41,539

just that from inside the 2024 E-class

141

00:07:49,670 --> 00:07:45,599

without even have to get out your phone

142

00:07:53,270 --> 00:07:49,680

that's because the 2024 Mercedes E-Class

143

00:07:55,309 --> 00:07:53,280

will have Tick Tock built in

144

00:07:57,469 --> 00:07:55,319

seriously

145

00:08:00,890 --> 00:07:57,479

the camera of the E-class dashboard

146

00:08:02,830 --> 00:08:00,900

facing occupants can be used for filming

147

00:08:06,469 --> 00:08:02,840

Tick-Tock videos but according to

148

00:08:10,249 --> 00:08:06,479

Mercedes-Benz will only be possible when

149

00:08:13,730 --> 00:08:10,259

the car is stopped but check this

150

00:08:17,749 --> 00:08:13,740

passengers can watch videos stream music

151

00:08:21,830 --> 00:08:17,759

and browse the internet while the car is

152

00:08:25,390 --> 00:08:21,840

driven It's A Brave New World Tick-Tock

153

00:08:27,950 --> 00:08:25,400

and Mercedes-Benz

154

00:08:32,329 --> 00:08:27,960

feed the black breaking news for this

155

00:08:35,990 --> 00:08:32,339

Wednesday February 22nd 2023 this is

156

00:08:38,630 --> 00:08:36,000

all of the news that you need breaking

157

00:08:44,840 --> 00:08:38,640

news is produced by Renee Newman I'm

158

00:08:44,850 --> 00:08:56,750

[Music]
