

FADE TO BLACK

with JIMMY CHURCH

PRESENTS

CHERYL COSTA

UFOs IN YOUR STATE RIGHT NOW

WED MAR 01 LIVE

7:00 PM PT/10:00PM ET

1
00:00:30,790 --> 00:00:25,870

[Music]

2
00:00:34,069 --> 00:00:30,800

the smoke radio for the masses of July 8

3
00:00:36,470 --> 00:00:34,079

1947 the Army Air Forces has announced

4
00:00:38,569 --> 00:00:36,480

that a flying disc has been found and is

5
00:00:41,630 --> 00:00:38,579

now in the possession of the army

6
00:00:42,889 --> 00:00:41,640

game is rigged change the game game

7
00:00:46,250 --> 00:00:42,899

changer

8
00:00:50,090 --> 00:00:46,260

I occasionally think how quickly our

9
00:00:52,670 --> 00:00:50,100

differences worldwide would vanish if we

10
00:00:53,740 --> 00:00:52,680

were facing an alien threat from outside

11
00:00:55,550 --> 00:00:53,750

this work

12
00:00:55,730 --> 00:00:55,560

[Music]

13
00:00:58,029 --> 00:00:55,740

[Applause]

14

00:01:01,010 --> 00:00:58,039

[Music]

15

00:01:03,830 --> 00:01:01,020

this is Fade to Black with your host

16

00:01:04,509 --> 00:01:03,840

Jimmy Church on the game changer Radio

17

00:01:06,230 --> 00:01:04,519

Network

18

00:01:06,990 --> 00:01:06,240

[Music]

19

00:01:08,410 --> 00:01:07,000

foreign

20

00:01:11,210 --> 00:01:08,420

[Music]

21

00:01:15,609 --> 00:01:11,220

welcome Fade to Black I'm your host

22

00:01:19,429 --> 00:01:15,619

Jimmy church today Wednesday March 1st

23

00:01:21,109 --> 00:01:19,439

2023 we made it to March everybody we

24

00:01:24,070 --> 00:01:21,119

made it to March our guest tonight

25

00:01:29,030 --> 00:01:24,080

Cheryl Costa is back with us

26

00:01:31,850 --> 00:01:29,040

and I have framed the show tonight I'm

27

00:01:33,530 --> 00:01:31,860

gonna fire up the chat and and and watch

28

00:01:35,050 --> 00:01:33,540

the comments start to fly because this

29

00:01:40,429 --> 00:01:35,060

is what we're gonna do tonight

30

00:01:44,030 --> 00:01:40,439

I've framed the show UFOs in your state

31

00:01:46,429 --> 00:01:44,040

so if you want to know what's going on

32

00:01:49,490 --> 00:01:46,439

in your state you're going to find out

33

00:01:53,870 --> 00:01:49,500

tonight by posting in the chat on

34

00:01:57,649 --> 00:01:53,880

YouTube all caps your state all right

35

00:02:00,289 --> 00:01:57,659

and uh and the moderators uh zanzibil

36

00:02:02,569 --> 00:02:00,299

and genocide and uh I don't know who

37

00:02:05,990 --> 00:02:02,579

else is in the room tonight

38

00:02:07,249 --> 00:02:06,000

um tag it so I can see it and uh you

39

00:02:09,650 --> 00:02:07,259

know because they're gonna fly by it's

40

00:02:13,010 --> 00:02:09,660

gonna be a busy chat tonight

41

00:02:17,229 --> 00:02:13,020

um and we will get to them all right now

42

00:02:20,390 --> 00:02:17,239

she has she's got 50 books published

43

00:02:22,729 --> 00:02:20,400

50 bucks published uh you can go to

44

00:02:25,070 --> 00:02:22,739

Amazon and uh check all of that out

45

00:02:27,770 --> 00:02:25,080

we've got uh the links for that uh below

46

00:02:29,690 --> 00:02:27,780

and of course throughout social media

47

00:02:32,449 --> 00:02:29,700

um she's a journalist she's a writer

48

00:02:35,750 --> 00:02:32,459

she's a military veteran all of that but

49

00:02:38,990 --> 00:02:35,760

the thing is Cheryl and her partner

50

00:02:41,869 --> 00:02:39,000

Linda get it done for this community and

51
00:02:44,470 --> 00:02:41,879
have been compiling sightings and

52
00:02:46,790 --> 00:02:44,480
information down to the county level

53
00:02:49,970 --> 00:02:46,800
across this great country of ours and

54
00:02:52,369 --> 00:02:49,980
that includes Alaska that's right so

55
00:02:53,809 --> 00:02:52,379
with all of that I'm not going to do a

56
00:02:56,210 --> 00:02:53,819
big long intro because I want to get

57
00:02:57,350 --> 00:02:56,220
Cheryl in here and I want to say good

58
00:03:01,690 --> 00:02:57,360
evening

59
00:03:09,410 --> 00:03:01,700
to Cheryl Costa Cheryl how you doing

60
00:03:10,330 --> 00:03:09,420
I'm sorry sorry yeah yeah sorry I see

61
00:03:13,369 --> 00:03:10,340
um

62
00:03:15,470 --> 00:03:13,379
before I ask how you're doing and and

63
00:03:17,809 --> 00:03:15,480

all of that you're always sparkly and

64

00:03:19,309 --> 00:03:17,819

wonderful and things so

65

00:03:21,530 --> 00:03:19,319

um and you're just gonna say Jimmy life

66

00:03:25,790 --> 00:03:21,540

is great but but

67

00:03:27,530 --> 00:03:25,800

been crazy in the media lately and I

68

00:03:29,630 --> 00:03:27,540

can't stop talking about it and the

69

00:03:31,970 --> 00:03:29,640

media can't certainly stop you know

70

00:03:32,830 --> 00:03:31,980

we're shooting missiles over North

71

00:03:35,509 --> 00:03:32,840

America

72

00:03:37,369 --> 00:03:35,519

at these objects what did you

73

00:03:39,710 --> 00:03:37,379

what did you think I mean this is what

74

00:03:42,110 --> 00:03:39,720

you do you're compiling information and

75

00:03:44,509 --> 00:03:42,120

then suddenly you've got stuff like this

76
00:03:47,210 --> 00:03:44,519
what went through your mind uh you know

77
00:03:49,009 --> 00:03:47,220
we've got four uh obviously the Chinese

78
00:03:51,710 --> 00:03:49,019
surveillance balloon and the three other

79
00:03:54,050 --> 00:03:51,720
objects that uh are not going to be ever

80
00:03:57,170 --> 00:03:54,060
recovered according to our government

81
00:03:59,750 --> 00:03:57,180
and they're forever lost we've got no

82
00:04:01,070 --> 00:03:59,760
images uh what did you think when we

83
00:04:01,850 --> 00:04:01,080
started to shoot missiles at these

84
00:04:05,990 --> 00:04:01,860
things

85
00:04:06,589 --> 00:04:06,000
I was flabbergasted to be to begin with

86
00:04:08,869 --> 00:04:06,599
um

87
00:04:11,089 --> 00:04:08,879
as somebody who worked with intelligence

88
00:04:13,729 --> 00:04:11,099

kind of stuff I hope you can hear me

89

00:04:15,470 --> 00:04:13,739

okay okay oh we got you okay

90

00:04:17,090 --> 00:04:15,480

um I was intrigued by the Chinese

91

00:04:19,370 --> 00:04:17,100

balloon

92

00:04:21,710 --> 00:04:19,380

because the pictures I saw I said that

93

00:04:26,090 --> 00:04:21,720

thing has to be the size of three buses

94

00:04:28,730 --> 00:04:26,100

okay and it was huge array on it

95

00:04:30,469 --> 00:04:28,740

um inside information is the technology

96

00:04:32,330 --> 00:04:30,479

they actually recovered on they were

97

00:04:36,129 --> 00:04:32,340

expecting much more advanced technology

98

00:04:38,990 --> 00:04:36,139

and it turned out the stuff is like uh

99

00:04:43,990 --> 00:04:39,000

1980s technology we're talking Ataris

100

00:04:47,450 --> 00:04:44,000

and apple twos uh and and CB radio uh

101
00:04:51,350 --> 00:04:47,460
technology but um considering that that

102
00:04:55,189 --> 00:04:51,360
level of space has a lot of ionized

103
00:04:58,310 --> 00:04:55,199
um charge in it right uh you know that

104
00:05:00,469 --> 00:04:58,320
might actually make sense because that

105
00:05:03,170 --> 00:05:00,479
Electronics from that era was more

106
00:05:07,010 --> 00:05:03,180
discrete technology and it was much more

107
00:05:09,409 --> 00:05:07,020
less sensitive to static charge chips

108
00:05:12,350 --> 00:05:09,419
you get them in a static environment and

109
00:05:15,050 --> 00:05:12,360
they go kubuki wow that's such a great

110
00:05:16,850 --> 00:05:15,060
Point yeah that's such I didn't even

111
00:05:19,610 --> 00:05:16,860
think about that that makes a lot of

112
00:05:22,189 --> 00:05:19,620
sense a lot of our technology today

113
00:05:23,870 --> 00:05:22,199

that's here's the thing about back to

114

00:05:24,590 --> 00:05:23,880

your point

115

00:05:27,230 --> 00:05:24,600

um

116

00:05:30,290 --> 00:05:27,240

all of the electronics that we have in

117

00:05:35,029 --> 00:05:30,300

our world uh you know especially our

118

00:05:36,790 --> 00:05:35,039

cars right if an EMP or solar flash or

119

00:05:38,870 --> 00:05:36,800

nuclear weapon or whatever

120

00:05:40,189 --> 00:05:38,880

nothing's going to work you know what's

121

00:05:44,110 --> 00:05:40,199

going to work

122

00:05:47,210 --> 00:05:44,120

my 1966 Ford Mustang with a with the

123

00:05:48,370 --> 00:05:47,220

with the distributor cap you know what I

124

00:05:52,189 --> 00:05:48,380

mean

125

00:05:55,129 --> 00:05:52,199

that old technology is is what's going

126

00:05:58,310 --> 00:05:55,139

to be running if if the doodoo hits the

127

00:06:01,550 --> 00:05:58,320

fan a good uh okay either a really good

128

00:06:04,730 --> 00:06:01,560

big solar mass ejection

129

00:06:06,830 --> 00:06:04,740

of the wrong charge and polarity

130

00:06:10,790 --> 00:06:06,840

at the right angle

131

00:06:12,890 --> 00:06:10,800

or a good EMP Type Thing by any actor

132

00:06:15,529 --> 00:06:12,900

any actor who's got missile technology

133

00:06:18,230 --> 00:06:15,539

okay

134

00:06:21,230 --> 00:06:18,240

um we could find ourselves uh in the

135

00:06:24,710 --> 00:06:21,240

19th century in about 25-30 minutes yeah

136

00:06:27,409 --> 00:06:24,720

yeah no doubt no Stone Age and and so

137

00:06:29,809 --> 00:06:27,419

much of what we have

138

00:06:33,890 --> 00:06:29,819

um is vulnerable and and everything is

139

00:06:36,290 --> 00:06:33,900

electronic now I mean just everything is

140

00:06:38,529 --> 00:06:36,300

in our cell phones uh our entire

141

00:06:41,930 --> 00:06:38,539

existence and if that goes away

142

00:06:45,830 --> 00:06:41,940

our communication we don't even have we

143

00:06:50,029 --> 00:06:45,840

don't have phone lines we don't have uh

144

00:06:51,890 --> 00:06:50,039

uh analog TV antennas right there no

145

00:06:54,409 --> 00:06:51,900

everything is in a D in the digital

146

00:06:57,890 --> 00:06:54,419

world all of our broadcasts our

147

00:07:00,590 --> 00:06:57,900

Communications and uh who's got who's

148

00:07:02,210 --> 00:07:00,600

got antennas on their TV anymore well

149

00:07:03,710 --> 00:07:02,220

think about it this way

150

00:07:06,529 --> 00:07:03,720

um I mentioned this a couple of years

151

00:07:08,870 --> 00:07:06,539

ago on a talk show uh

152

00:07:11,330 --> 00:07:08,880

uh let's see let's take somebody like

153

00:07:13,670 --> 00:07:11,340

North Korea okay he's got some pretty

154

00:07:16,129 --> 00:07:13,680

serious missiles now okay

155

00:07:18,950 --> 00:07:16,139

now if they sent one of those missiles

156

00:07:20,390 --> 00:07:18,960

up high uh High orbit type of thing

157

00:07:22,850 --> 00:07:20,400

which it would probably be able to do

158

00:07:25,670 --> 00:07:22,860

instead of trying to launch it over here

159

00:07:28,730 --> 00:07:25,680

uh and detonated even one of his smaller

160

00:07:31,490 --> 00:07:28,740

nukes up at that altitude

161

00:07:32,870 --> 00:07:31,500

of the EMP could take out a large

162

00:07:34,969 --> 00:07:32,880

portion of our communication

163

00:07:38,089 --> 00:07:34,979

communication satellite so there goes

164

00:07:40,610 --> 00:07:38,099

there goes uh probably television there

165

00:07:42,710 --> 00:07:40,620

goes uh uh all the radio links there's

166

00:07:45,890 --> 00:07:42,720

all the telephone internet and all this

167

00:07:49,430 --> 00:07:45,900

kind of stuff uh like I said a a hostile

168

00:07:51,830 --> 00:07:49,440

actor with missile technology and some

169

00:07:54,050 --> 00:07:51,840

level of nuclear technology doesn't have

170

00:07:56,029 --> 00:07:54,060

to drop Obama in a city they can simply

171

00:07:58,010 --> 00:07:56,039

take out or take out a whole array of

172

00:08:02,350 --> 00:07:58,020

our satellites and we're going to be in

173

00:08:05,330 --> 00:08:02,360

the 1940s very quickly yeah GPS

174

00:08:09,110 --> 00:08:05,340

man all right enough of the Doomsday

175

00:08:11,809 --> 00:08:09,120

stuff no no I was a threat analyst for a

176
00:08:14,689 --> 00:08:11,819
long time so you know that's what I used

177
00:08:17,870 --> 00:08:14,699
to do so well I I I I I think about

178
00:08:21,170 --> 00:08:17,880
this stuff uh I do and I think that most

179
00:08:23,270 --> 00:08:21,180
of this uh do think about this and we

180
00:08:26,629 --> 00:08:23,280
concern ourselves with it we don't

181
00:08:31,010 --> 00:08:26,639
necessarily speak about it but I had

182
00:08:34,430 --> 00:08:31,020
said many years ago on the air I said

183
00:08:36,409 --> 00:08:34,440
just imagine I had this dream and so I I

184
00:08:38,750 --> 00:08:36,419
just went on the air with it and the

185
00:08:41,089 --> 00:08:38,760
dream and which I followed up with like

186
00:08:42,409 --> 00:08:41,099
uh you know a thought experiment but

187
00:08:45,130 --> 00:08:42,419
what if

188
00:08:48,949 --> 00:08:45,140

I just went downstairs

189

00:08:51,230 --> 00:08:48,959

and went to make coffee I just wake up

190

00:08:53,630 --> 00:08:51,240

haven't done anything yet

191

00:08:58,790 --> 00:08:53,640

and my electricity's out

192

00:09:01,550 --> 00:08:58,800

so I think to myself okay maybe it's my

193

00:09:03,590 --> 00:09:01,560

circuit breakers right and I'm going to

194

00:09:07,190 --> 00:09:03,600

what I don't know

195

00:09:08,630 --> 00:09:07,200

is that an EMP came through in Crash

196

00:09:10,490 --> 00:09:08,640

Communications and there's no

197

00:09:11,329 --> 00:09:10,500

electricity at all but I don't know that

198

00:09:13,430 --> 00:09:11,339

yet

199

00:09:16,850 --> 00:09:13,440

so I'm out flipping the switches on my

200

00:09:20,870 --> 00:09:16,860

box you know and I'm kind of noticing

201

00:09:23,449 --> 00:09:20,880

the silence and then I go to maybe

202

00:09:25,790 --> 00:09:23,459

check my cell phone and jump on the

203

00:09:29,150 --> 00:09:25,800

internet to see if the power's out and

204

00:09:32,870 --> 00:09:29,160

then my cell phone's not working and and

205

00:09:35,690 --> 00:09:32,880

that's how it would slowly unveil itself

206

00:09:37,910 --> 00:09:35,700

because if it did come through you

207

00:09:41,509 --> 00:09:37,920

wouldn't have the news you wouldn't have

208

00:09:45,490 --> 00:09:41,519

the internet nobody else around me would

209

00:09:49,910 --> 00:09:45,500

know either it would take a day

210

00:09:52,370 --> 00:09:49,920

or two and then suddenly we'll find out

211

00:09:56,210 --> 00:09:52,380

the bad news and then you know day three

212

00:09:58,430 --> 00:09:56,220

I'm armed at my front door you know and

213

00:10:01,430 --> 00:09:58,440

but that's that's the situation we can

214

00:10:03,230 --> 00:10:01,440

find ourselves in and and it yeah we

215

00:10:06,590 --> 00:10:03,240

should spend some time thinking about it

216

00:10:09,170 --> 00:10:06,600

don't lose sleep over it but we should

217

00:10:11,870 --> 00:10:09,180

have some prevented measures uh in place

218

00:10:14,030 --> 00:10:11,880

uh to protect our infrastructure in case

219

00:10:17,389 --> 00:10:14,040

something like that goes down okay

220

00:10:20,570 --> 00:10:17,399

um just just just for storms and other

221

00:10:22,910 --> 00:10:20,580

disasters here I live here in Ohio not

222

00:10:25,730 --> 00:10:22,920

all that far away from where I live

223

00:10:28,070 --> 00:10:25,740

right now we head that East Palestine

224

00:10:30,530 --> 00:10:28,080

thing with the train derailment and the

225

00:10:34,130 --> 00:10:30,540

big the big mushroom cloud of uh

226

00:10:35,509 --> 00:10:34,140

polyvinyl chloride black smoke going up

227

00:10:36,710 --> 00:10:35,519

okay

228

00:10:38,990 --> 00:10:36,720

um

229

00:10:41,210 --> 00:10:39,000

and the thing is

230

00:10:43,670 --> 00:10:41,220

most people these states are so used to

231

00:10:45,710 --> 00:10:43,680

getting everything over their phone most

232

00:10:48,949 --> 00:10:45,720

people don't have a terrestrial a little

233

00:10:52,030 --> 00:10:48,959

transistor radio type of thing okay for

234

00:10:55,850 --> 00:10:52,040

news uh we keep a weather radio here

235

00:10:58,490 --> 00:10:55,860

solar powered uh AM FM radio so we can

236

00:11:00,110 --> 00:10:58,500

we can get a terrestrial station if

237

00:11:02,269 --> 00:11:00,120

there's a disaster I've been through a

238

00:11:05,329 --> 00:11:02,279

number of very bad snowstorms in Upstate

239

00:11:08,509 --> 00:11:05,339

New York that kind of thing and

240

00:11:11,030 --> 00:11:08,519

um I I maintain a degree of technology

241

00:11:12,829 --> 00:11:11,040

that is old school just I'll give an

242

00:11:15,410 --> 00:11:12,839

example we had a really bad snowstorm

243

00:11:19,610 --> 00:11:15,420

about 15 years ago

244

00:11:21,710 --> 00:11:19,620

and my housemates at that time the radio

245

00:11:23,329 --> 00:11:21,720

said quite literally

246

00:11:25,310 --> 00:11:23,339

um this particular neighborhood was not

247

00:11:29,389 --> 00:11:25,320

going to have power for like five days

248

00:11:32,449 --> 00:11:29,399

and we were in that neighborhood and uh

249

00:11:36,949 --> 00:11:32,459

I went into a chest I had down seller I

250

00:11:39,410 --> 00:11:36,959

came back out I had a very light load 20

251
00:11:41,509 --> 00:11:39,420
or 30 foot extension cords

252
00:11:45,590 --> 00:11:41,519
I hit power splitters

253
00:11:48,170 --> 00:11:45,600
and I had a couple marine batteries

254
00:11:49,790 --> 00:11:48,180
downstairs fully charged I hooked it up

255
00:11:51,889 --> 00:11:49,800
and we were running everything on all

256
00:11:54,650 --> 00:11:51,899
these uh at the time it was CFC lights

257
00:11:57,829 --> 00:11:54,660
now it would be LEDs and we had lights

258
00:11:59,509 --> 00:11:57,839
in the place okay and because we did not

259
00:12:02,210 --> 00:11:59,519
have an electric stove we had a gas

260
00:12:04,670 --> 00:12:02,220
stove we were able to you know put put

261
00:12:06,230 --> 00:12:04,680
something in the oven and bake a loaf of

262
00:12:08,690 --> 00:12:06,240
bread and you're keeping the house warm

263
00:12:10,490 --> 00:12:08,700

you know so there were ways of doing it

264

00:12:14,030 --> 00:12:10,500

but the thing is most people don't have

265

00:12:18,230 --> 00:12:14,040

a degree of disaster preparedness and

266

00:12:20,389 --> 00:12:18,240

um just for just a bad ice storm any

267

00:12:22,730 --> 00:12:20,399

number of things can happen it's very

268

00:12:24,530 --> 00:12:22,740

very very important to keep a couple of

269

00:12:25,690 --> 00:12:24,540

weeks worth of of

270

00:12:27,710 --> 00:12:25,700

um

271

00:12:29,210 --> 00:12:27,720

canned food things like this I know

272

00:12:30,829 --> 00:12:29,220

people who run with almost nothing in

273

00:12:33,710 --> 00:12:30,839

the refrigerator and they're just

274

00:12:37,910 --> 00:12:33,720

waiting for a disaster it's a bad

275

00:12:40,550 --> 00:12:37,920

situation I I've got all of the uh a

276

00:12:42,889 --> 00:12:40,560

25-year shelf life Food Packs you know

277

00:12:45,350 --> 00:12:42,899

I've got I've got cases of that in the

278

00:12:47,990 --> 00:12:45,360

garage I've got Bunsen burners and I've

279

00:12:51,530 --> 00:12:48,000

got a camping stove if you know I've got

280

00:12:54,290 --> 00:12:51,540

uh uh solar powered lanterns I've got uh

281

00:12:57,410 --> 00:12:54,300

of course I've got a couple of radios

282

00:12:59,930 --> 00:12:57,420

um but it it's just sitting there but

283

00:13:01,910 --> 00:12:59,940

what if right what if I look at it all

284

00:13:04,190 --> 00:13:01,920

the time I'm like wow man hopefully I'm

285

00:13:06,650 --> 00:13:04,200

never gonna need you but if I if

286

00:13:09,470 --> 00:13:06,660

anything hits the fan I'm grabbing those

287

00:13:11,449 --> 00:13:09,480

totes in the Jeep and I'm heading I'm

288

00:13:13,250 --> 00:13:11,459

heading to the mountains man you know we

289

00:13:15,350 --> 00:13:13,260

do you know we do when we do groceries

290

00:13:17,930 --> 00:13:15,360

uh about once a month when we do

291

00:13:20,329 --> 00:13:17,940

groceries uh when we're going down like

292

00:13:21,530 --> 00:13:20,339

the canned food particularly canned meat

293

00:13:24,410 --> 00:13:21,540

that type of thing

294

00:13:26,449 --> 00:13:24,420

I'll throw in a can of spam yeah throw

295

00:13:29,269 --> 00:13:26,459

in a can of corned beef it's gotten too

296

00:13:32,930 --> 00:13:29,279

expensive though so I go over spam I go

297

00:13:35,870 --> 00:13:32,940

for canned chicken canned salmon

298

00:13:38,509 --> 00:13:35,880

um Kipper treats uh you know the the

299

00:13:40,610 --> 00:13:38,519

canned fish that type of thing and I've

300

00:13:42,470 --> 00:13:40,620

got quite a collection and I and I've

301

00:13:44,810 --> 00:13:42,480

inter I've inventored them into my

302

00:13:46,430 --> 00:13:44,820

computer so I know there's some experts

303

00:13:48,530 --> 00:13:46,440

some of that stuff is good forever but

304

00:13:50,750 --> 00:13:48,540

you know I mean I was eating Kansas spam

305

00:13:53,389 --> 00:13:50,760

in Vietnam that were made 10 years

306

00:13:56,810 --> 00:13:53,399

before I was born you know so you know

307

00:13:59,030 --> 00:13:56,820

at Costco they've got that six pack of

308

00:14:01,190 --> 00:13:59,040

chicken breasts in the cans those are

309

00:14:03,410 --> 00:14:01,200

those are great I've got so much of that

310

00:14:05,509 --> 00:14:03,420

you know so if it does hit the fan

311

00:14:07,970 --> 00:14:05,519

come to my place I can feed the

312

00:14:09,710 --> 00:14:07,980

neighborhood there you go when

313

00:14:12,050 --> 00:14:09,720

um uh I want to move on I'm already

314

00:14:15,889 --> 00:14:12,060

please do yeah I want to move on but

315

00:14:19,310 --> 00:14:15,899

I'll say this my real like you with uh

316

00:14:22,370 --> 00:14:19,320

having the ability uh to have a Charged

317

00:14:24,650 --> 00:14:22,380

marine batteries that's a rare thing

318

00:14:26,110 --> 00:14:24,660

um and when the earthquake hit here in

319

00:14:30,230 --> 00:14:26,120

1994

320

00:14:32,269 --> 00:14:30,240

uh I the entire obviously you know it

321

00:14:34,910 --> 00:14:32,279

was a humongous earthquake and the

322

00:14:36,650 --> 00:14:34,920

entire neighborhood was gathered in the

323

00:14:39,710 --> 00:14:36,660

church parking lot across the street

324

00:14:41,150 --> 00:14:39,720

from our condo and aftershocks are going

325

00:14:46,610 --> 00:14:41,160

off there's a couple hundred people in

326

00:14:49,970 --> 00:14:46,620

this parking lot I happen to grab my

327

00:14:52,610 --> 00:14:49,980

little AM radio that was like this big

328

00:14:55,250 --> 00:14:52,620

with a little speaker on it and I've got

329

00:14:57,530 --> 00:14:55,260

that thing sitting on a cinder block in

330

00:15:00,110 --> 00:14:57,540

in this parking lot and there was 50

331

00:15:03,170 --> 00:15:00,120

people crowded around the radio and

332

00:15:05,389 --> 00:15:03,180

that's all we had for news right this

333

00:15:08,210 --> 00:15:05,399

little radio and I'm thinking man this

334

00:15:10,250 --> 00:15:08,220

is like Beirut you know this is what

335

00:15:13,129 --> 00:15:10,260

it's like and we had buildings on fire

336

00:15:15,650 --> 00:15:13,139

across the street you know this is it

337

00:15:18,470 --> 00:15:15,660

was nuts and we're all listening to my

338

00:15:19,970 --> 00:15:18,480

little radio and I was the only one in

339

00:15:22,670 --> 00:15:19,980

this group of people to have that so

340

00:15:24,650 --> 00:15:22,680

yeah have a radio I've got a solar

341

00:15:26,090 --> 00:15:24,660

powered radio I've got it I know it's

342

00:15:28,129 --> 00:15:26,100

got a little crank on it right look

343

00:15:29,930 --> 00:15:28,139

generator thing

344

00:15:35,030 --> 00:15:29,940

um and I've got that and I was sitting

345

00:15:37,670 --> 00:15:35,040

in the Box you know uh praise praise the

346

00:15:40,129 --> 00:15:37,680

holy spiritual being in in the heavens

347

00:15:42,410 --> 00:15:40,139

above that I never have to use it but

348

00:15:44,810 --> 00:15:42,420

it's there just in case all right we

349

00:15:47,449 --> 00:15:44,820

have tornado season here

350

00:15:49,490 --> 00:15:47,459

so we keep ours charged up all the time

351

00:15:51,350 --> 00:15:49,500

if we start seeing the sky turning

352

00:15:53,530 --> 00:15:51,360

orange we we know we need to start

353

00:15:57,650 --> 00:15:53,540

listening to the right where the radio

354

00:15:59,750 --> 00:15:57,660

something along being prepared um when I

355

00:16:02,329 --> 00:15:59,760

was 16 I got and got into terrestrial

356

00:16:03,769 --> 00:16:02,339

radio when I was 16 years old I went to

357

00:16:07,850 --> 00:16:03,779

work for a radio station I was kind of

358

00:16:11,329 --> 00:16:07,860

like Cub announcer so to speak okay and

359

00:16:14,090 --> 00:16:11,339

um if we've got a really bad snowstorm

360

00:16:16,490 --> 00:16:14,100

okay I only lived a few blocks from the

361

00:16:19,250 --> 00:16:16,500

actual physical station but our morning

362

00:16:21,650 --> 00:16:19,260

man lived out in the Finger Lakes 50

363

00:16:23,509 --> 00:16:21,660

miles away now normally that was not a

364

00:16:25,670 --> 00:16:23,519

big deal it was like 35-40 minute drive

365

00:16:28,129 --> 00:16:25,680

for him to get to work but if we had a

366

00:16:30,530 --> 00:16:28,139

like a one foot snowfall overnight he

367

00:16:34,189 --> 00:16:30,540

wasn't going to get to work for a while

368

00:16:36,410 --> 00:16:34,199

so the the the general manager or the

369

00:16:38,329 --> 00:16:36,420

program director would call my house ask

370

00:16:40,310 --> 00:16:38,339

for me to go up and put the station on

371

00:16:42,710 --> 00:16:40,320

the air I'd go up put the station on the

372

00:16:44,629 --> 00:16:42,720

air do the morning news and that type of

373

00:16:46,430 --> 00:16:44,639

thing and usually the guy got there

374

00:16:48,230 --> 00:16:46,440

about nine o'clock just about the time

375

00:16:50,509 --> 00:16:48,240

classes were starting at the high school

376

00:16:52,610 --> 00:16:50,519

they'd throw me in a cab send me down

377

00:16:53,689 --> 00:16:52,620

you know and of course second period my

378

00:16:55,550 --> 00:16:53,699

English teacher said there and

379

00:16:58,970 --> 00:16:55,560

criticized all my mispronunciations

380

00:17:01,430 --> 00:16:58,980

during the newscast but you know uh well

381

00:17:02,749 --> 00:17:01,440

I've always thought that about you

382

00:17:05,809 --> 00:17:02,759

um I know we've talked about it before

383

00:17:08,750 --> 00:17:05,819

but you're such I'm just gonna say

384

00:17:12,650 --> 00:17:08,760

you're such a great guest you know you

385

00:17:16,189 --> 00:17:12,660

know how to uh to do radio and and do a

386

00:17:17,630 --> 00:17:16,199

good show that's something that is uh it

387

00:17:19,490 --> 00:17:17,640

takes the pressure off of me I don't

388

00:17:21,470 --> 00:17:19,500

have to carry the load so thank you for

389

00:17:24,169 --> 00:17:21,480

that Cheryl okay let's get to it yeah

390

00:17:28,549 --> 00:17:24,179

let's get to it now um I'm gonna back up

391

00:17:32,030 --> 00:17:28,559

here and uh through the chat and let me

392

00:17:33,710 --> 00:17:32,040

see so we're gonna do uh let me let me

393

00:17:35,990 --> 00:17:33,720

do something let me give a quick summary

394

00:17:41,810 --> 00:17:36,000

for the United States this is 2001 to

395

00:17:44,630 --> 00:17:41,820

2020. sure okay uh two okay we had 167

396

00:17:47,630 --> 00:17:44,640

632

397

00:17:51,110 --> 00:17:47,640

eyewitness reports reported to mufon or

398

00:17:53,570 --> 00:17:51,120

new Fork collection centers okay we had

399

00:17:56,750 --> 00:17:53,580

an average of about uh it goes up and

400

00:17:59,210 --> 00:17:56,760

down but we had an average of about 8400

401
00:18:02,450 --> 00:17:59,220
8400 a year

402
00:18:04,909 --> 00:18:02,460
we had about an average of about 700 a

403
00:18:09,650 --> 00:18:04,919
month in the United States we had about

404
00:18:16,549 --> 00:18:09,660
160 a week and an average of 23 a day

405
00:18:18,409 --> 00:18:16,559
okay and we're now in 2021 2022 2023 the

406
00:18:20,690 --> 00:18:18,419
numbers on while I'm not tracking them

407
00:18:24,289 --> 00:18:20,700
for our data they're roughly about where

408
00:18:28,390 --> 00:18:24,299
they were in 2012 2013 2014 we're seeing

409
00:18:33,470 --> 00:18:28,400
up in the 14 15 12 000 range

410
00:18:35,750 --> 00:18:33,480
uh what um uh as as I start to pull up

411
00:18:37,970 --> 00:18:35,760
the states here and Cheryl's got

412
00:18:41,049 --> 00:18:37,980
everything ready to go but

413
00:18:45,409 --> 00:18:41,059

um when we start to hear about

414

00:18:47,990 --> 00:18:45,419

uh these objects and uaps and things and

415

00:18:49,610 --> 00:18:48,000

uh the the mention of balloons and

416

00:18:52,669 --> 00:18:49,620

weather balloons

417

00:18:55,130 --> 00:18:52,679

um how many uh I know this is an opinion

418

00:18:57,350 --> 00:18:55,140

but how many do you think are our

419

00:19:00,529 --> 00:18:57,360

balloons these days

420

00:19:02,830 --> 00:19:00,539

well what they didn't nobody knew

421

00:19:04,909 --> 00:19:02,840

until after these balloons got shot down

422

00:19:07,370 --> 00:19:04,919

was that

423

00:19:10,549 --> 00:19:07,380

um it's that space between the

424

00:19:13,789 --> 00:19:10,559

atmosphere and deep space

425

00:19:16,730 --> 00:19:13,799

and just extremely high altitude and the

426

00:19:19,370 --> 00:19:16,740

problem was is uh uh there was a lot of

427

00:19:21,049 --> 00:19:19,380

scientific stuff up there too

428

00:19:24,409 --> 00:19:21,059

okay

429

00:19:28,250 --> 00:19:24,419

um I know some people uh 10 15 years ago

430

00:19:31,370 --> 00:19:28,260

put some types of communication balloon

431

00:19:34,250 --> 00:19:31,380

type stuff or high altitude

432

00:19:37,310 --> 00:19:34,260

um solar powered uh drone planes up

433

00:19:40,490 --> 00:19:37,320

there with relay stations on them okay

434

00:19:44,150 --> 00:19:40,500

that's that was technology 20 years ago

435

00:19:47,150 --> 00:19:44,160

okay and the thing is is that um the

436

00:19:49,549 --> 00:19:47,160

reason we didn't know like defense NORAD

437

00:19:52,669 --> 00:19:49,559

didn't know about them their radar had

438

00:19:54,770 --> 00:19:52,679

become so high tech and digital they had

439

00:19:56,930 --> 00:19:54,780

just filtered out anything it was not

440

00:19:58,669 --> 00:19:56,940

moving at ballistic missile speed or

441

00:20:00,770 --> 00:19:58,679

something like this so that's why we

442

00:20:01,990 --> 00:20:00,780

didn't see all the small slow moving

443

00:20:05,330 --> 00:20:02,000

stuff

444

00:20:07,070 --> 00:20:05,340

and one uh one other comment that I do

445

00:20:10,490 --> 00:20:07,080

have

446

00:20:13,070 --> 00:20:10,500

um and this is just my opinion but it

447

00:20:16,669 --> 00:20:13,080

has to be this way

448

00:20:18,350 --> 00:20:16,679

um the sky is the same everywhere all

449

00:20:21,529 --> 00:20:18,360

right no I should say the Stars right

450

00:20:25,250 --> 00:20:21,539

the stars and

451

00:20:27,950 --> 00:20:25,260

um it's just it's something that has to

452

00:20:29,450 --> 00:20:27,960

get reported and not only that otherwise

453

00:20:32,090 --> 00:20:29,460

you're not going to get the data right

454

00:20:35,210 --> 00:20:32,100

it has to get reported number two with

455

00:20:37,070 --> 00:20:35,220

that people have to look up right they

456

00:20:38,750 --> 00:20:37,080

you have to be at the right place at the

457

00:20:40,669 --> 00:20:38,760

right time you got to look up and then

458

00:20:43,190 --> 00:20:40,679

you got to take it to the next step and

459

00:20:46,370 --> 00:20:43,200

call new Fork call mufon get this

460

00:20:48,470 --> 00:20:46,380

reported and get it stamped time date

461

00:20:50,870 --> 00:20:48,480

location and get all of that so you have

462

00:20:53,330 --> 00:20:50,880

to take things to The Next Step because

463

00:20:56,510 --> 00:20:53,340

I when I think of a state like Montana

464

00:20:59,270 --> 00:20:56,520

or South Dakota which may it's got a

465

00:21:01,970 --> 00:20:59,280

lower population first off right a

466

00:21:04,850 --> 00:21:01,980

Wyoming you know who lives there oh I

467

00:21:06,010 --> 00:21:04,860

love my Wyoming they don't have rural

468

00:21:09,350 --> 00:21:06,020

broadband

469

00:21:10,850 --> 00:21:09,360

that's the other part right so you can't

470

00:21:12,590 --> 00:21:10,860

get it in you can't report it because

471

00:21:14,870 --> 00:21:12,600

you don't have a real broadband and we

472

00:21:16,210 --> 00:21:14,880

can't count it right right unless you're

473

00:21:18,130 --> 00:21:16,220

calling

474

00:21:23,510 --> 00:21:18,140

Davenport's hotline

475

00:21:24,770 --> 00:21:23,520

1-800 1-800 I see stuff and uh uh so

476
00:21:27,650 --> 00:21:24,780
anyway

477
00:21:30,770 --> 00:21:27,660
um I have got a long list already

478
00:21:36,289 --> 00:21:30,780
compiled here it looks like we got all

479
00:21:39,409 --> 00:21:36,299
50 states right whoa okay now

480
00:21:40,970 --> 00:21:39,419
um let's start with the well it's

481
00:21:43,730 --> 00:21:40,980
actually first

482
00:21:45,470 --> 00:21:43,740
um but I've got it up here Marty wants

483
00:21:50,570 --> 00:21:45,480
to know about California

484
00:21:55,250 --> 00:21:53,330
why why why why would you say that it's

485
00:21:58,610 --> 00:21:55,260
the number one state it's the number one

486
00:22:00,049 --> 00:21:58,620
state and and and and and the freaks

487
00:22:03,289 --> 00:22:00,059
live out here and we're all looking up

488
00:22:05,390 --> 00:22:03,299

to the skies for our alien Brothers our

489

00:22:07,010 --> 00:22:05,400

first book came out someone asked me

490

00:22:08,630 --> 00:22:07,020

like I was on Facebook asked me well

491

00:22:10,370 --> 00:22:08,640

what's the number one state and it's a

492

00:22:13,190 --> 00:22:10,380

California and they said oh that's where

493

00:22:15,230 --> 00:22:13,200

all the Freaks and druggies are why did

494

00:22:16,970 --> 00:22:15,240

it have to be California that's exactly

495

00:22:19,909 --> 00:22:16,980

how he said it you know yeah yeah yeah

496

00:22:23,270 --> 00:22:19,919

it's just the way that it is I love my

497

00:22:25,430 --> 00:22:23,280

state so okay California uh okay

498

00:22:30,289 --> 00:22:25,440

California remember these numbers are

499

00:22:31,789 --> 00:22:30,299

2001 to 2020. uh California head here it

500

00:22:36,289 --> 00:22:31,799

is 21

501
00:22:41,210 --> 00:22:36,299
0013 uh that turned out to be about 10

502
00:22:46,430 --> 00:22:41,220
about a thousand fifty yearly okay about

503
00:22:49,130 --> 00:22:46,440
87 monthly and about uh 20 weekly and

504
00:22:50,810 --> 00:22:49,140
about three a day now I know that with

505
00:22:53,090 --> 00:22:50,820
California you can break that down a

506
00:22:57,590 --> 00:22:53,100
little bit further too as well

507
00:23:00,649 --> 00:22:57,600
um uh is there one particular city or

508
00:23:02,570 --> 00:23:00,659
county that uh was number one okay first

509
00:23:04,850 --> 00:23:02,580
thing right off the top of my head I can

510
00:23:09,130 --> 00:23:04,860
tell you that the number one county in

511
00:23:15,049 --> 00:23:09,140
the United States of 3 100 31

512
00:23:16,909 --> 00:23:15,059
3100 uh 25 or 35 counties is Los Angeles

513
00:23:19,430 --> 00:23:16,919

county is number one now we're not

514

00:23:21,169 --> 00:23:19,440

saying to cities everybody all these

515

00:23:23,210 --> 00:23:21,179

move on guys come but they got light

516

00:23:26,270 --> 00:23:23,220

pollution I said but the county is a big

517

00:23:28,430 --> 00:23:26,280

area once you get away from downtown you

518

00:23:30,770 --> 00:23:28,440

lose that light pollution problem well I

519

00:23:33,409 --> 00:23:30,780

live in the Mojave Desert okay um yeah

520

00:23:36,409 --> 00:23:33,419

you got Sky uh but I'm in Los Angeles

521

00:23:39,350 --> 00:23:36,419

County yeah okay I'm in the Mojave

522

00:23:41,570 --> 00:23:39,360

Desert but it's Los Angeles County and

523

00:23:44,390 --> 00:23:41,580

that's how big LA county is it's huge

524

00:23:46,610 --> 00:23:44,400

well here's the deal on that Los Angeles

525

00:23:48,590 --> 00:23:46,620

county is the number one County for

526
00:23:52,149 --> 00:23:48,600
sightings in the United States they had

527
00:23:54,950 --> 00:23:52,159
in 20 years they had 4330.

528
00:24:00,409 --> 00:23:54,960
reported sightings reported sightings

529
00:24:04,130 --> 00:24:00,419
and um that that equals more sightings

530
00:24:07,370 --> 00:24:04,140
than 39 individual states

531
00:24:09,710 --> 00:24:07,380
that's crazy and where I live

532
00:24:13,190 --> 00:24:09,720
Cheryl you'll love this

533
00:24:16,370 --> 00:24:13,200
um where I live I'm one mile ah no it's

534
00:24:19,909 --> 00:24:16,380
that's a lie I'm a mile and a half

535
00:24:25,970 --> 00:24:22,610
it's right here so

536
00:24:30,169 --> 00:24:25,980
um uh you just you head east and the

537
00:24:32,990 --> 00:24:30,179
street out you know off of my house ends

538
00:24:35,870 --> 00:24:33,000

at Skunk Works it T-Bones you're facing

539

00:24:37,970 --> 00:24:35,880

Skunk Works and and it's not just Skunk

540

00:24:43,010 --> 00:24:37,980

Works that's there it's Air Force plant

541

00:24:44,810 --> 00:24:43,020

42 it's uh uh Northrop Grumman NASA uh

542

00:24:47,350 --> 00:24:44,820

they all have their facilities there and

543

00:24:51,649 --> 00:24:47,360

they're testing all kinds of crazy stuff

544

00:24:53,450 --> 00:24:51,659

so uh at any given day and you know I'm

545

00:24:55,010 --> 00:24:53,460

not going to give away Secrets but if

546

00:24:56,570 --> 00:24:55,020

you're standing in my backyard and you

547

00:24:57,529 --> 00:24:56,580

want to see something you're going to

548

00:25:00,470 --> 00:24:57,539

see something

549

00:25:01,970 --> 00:25:00,480

it's it's it's pretty nuts and I've seen

550

00:25:05,210 --> 00:25:01,980

some things where

551
00:25:07,370 --> 00:25:05,220
I've seen some UFO flying saucer type

552
00:25:09,169 --> 00:25:07,380
stuff but if you really wanted to go and

553
00:25:11,149 --> 00:25:09,179
stretch your imagination

554
00:25:14,210 --> 00:25:11,159
yeah you can you can turn that stuff

555
00:25:16,370 --> 00:25:14,220
into UFOs and it it's just right here

556
00:25:18,890 --> 00:25:16,380
and I I don't know how many people have

557
00:25:20,930 --> 00:25:18,900
seen strange things you know out here in

558
00:25:22,610 --> 00:25:20,940
this area Edwards Air Force Base is

559
00:25:26,090 --> 00:25:22,620
right at the road it's seven miles away

560
00:25:29,149 --> 00:25:26,100
and that's a testing center right so

561
00:25:32,450 --> 00:25:29,159
yeah yeah the weird stuff goes down up

562
00:25:34,669 --> 00:25:32,460
here and and there's unless you know you

563
00:25:35,810 --> 00:25:34,679

don't know it some of the stuff looks

564

00:25:38,330 --> 00:25:35,820

pretty weird

565

00:25:42,049 --> 00:25:38,340

well one thing about California

566

00:25:43,850 --> 00:25:42,059

um it's this is the weird part we we try

567

00:25:46,850 --> 00:25:43,860

not to compare to any other state

568

00:25:49,130 --> 00:25:46,860

because it's the equivalent of four or

569

00:25:52,370 --> 00:25:49,140

five states by itself across this nine

570

00:25:54,289 --> 00:25:52,380

lines of latitude so you've got all the

571

00:25:55,669 --> 00:25:54,299

major except for the Arctic you've got

572

00:25:59,870 --> 00:25:55,679

all the major

573

00:26:03,470 --> 00:25:59,880

um uh climate regions and so and you got

574

00:26:06,529 --> 00:26:03,480

what now all the coastline okay so all

575

00:26:09,769 --> 00:26:06,539

the elements that come into

576

00:26:11,450 --> 00:26:09,779

being a driver for sightings and a

577

00:26:13,789 --> 00:26:11,460

influencer for sighting so all of them

578

00:26:15,830 --> 00:26:13,799

come into play now one thing I want to

579

00:26:17,269 --> 00:26:15,840

make a point of our new whole series of

580

00:26:21,590 --> 00:26:17,279

50 books

581

00:26:23,149 --> 00:26:21,600

it goes state county and goes down quite

582

00:26:26,090 --> 00:26:23,159

literally down in the back of the book

583

00:26:29,870 --> 00:26:26,100

there's a printout for each state

584

00:26:32,570 --> 00:26:29,880

um and it goes County zip code your ZIP

585

00:26:34,669 --> 00:26:32,580

code your town and what's up what shapes

586

00:26:37,070 --> 00:26:34,679

we're seeing over the 20-year period and

587

00:26:39,110 --> 00:26:37,080

then down to the next zip code and it'll

588

00:26:41,510 --> 00:26:39,120

tell you what that so we've gone down to

589

00:26:43,070 --> 00:26:41,520

the Hamlet level in our books but we had

590

00:26:45,710 --> 00:26:43,080

to do a single book for every single

591

00:26:52,930 --> 00:26:45,720

state to do it so did you write a freaky

592

00:26:57,529 --> 00:26:55,490

the front of the book was all of our

593

00:26:59,510 --> 00:26:57,539

research essays that we did that we

594

00:27:01,669 --> 00:26:59,520

developed over 7 000 hours worth of

595

00:27:03,769 --> 00:27:01,679

research we wrote all these essays it

596

00:27:07,130 --> 00:27:03,779

was all science and then in the back of

597

00:27:09,950 --> 00:27:07,140

the book towards the latter half we go

598

00:27:12,830 --> 00:27:09,960

in specifically into citing ish issues

599

00:27:14,330 --> 00:27:12,840

no stories but just citing issues and

600

00:27:16,250 --> 00:27:14,340

then we break it down for that

601
00:27:17,930 --> 00:27:16,260
particular State the books are all named

602
00:27:20,390 --> 00:27:17,940
the same thing

603
00:27:22,370 --> 00:27:20,400
um sort of like UFOs in California and

604
00:27:25,190 --> 00:27:22,380
where to find them the first one out was

605
00:27:26,810 --> 00:27:25,200
UFOs in Ohio and where to find them uh

606
00:27:28,669 --> 00:27:26,820
the second one out was Michigan and

607
00:27:31,010 --> 00:27:28,679
where to find them so all you got to do

608
00:27:33,890 --> 00:27:31,020
is go up to book search on Amazon and

609
00:27:36,049 --> 00:27:33,900
say UFOs in whatever your state is and

610
00:27:40,010 --> 00:27:36,059
uh and where to find them if you say

611
00:27:41,450 --> 00:27:40,020
just UFOs in in Wyoming you'll get maybe

612
00:27:43,430 --> 00:27:41,460
three or four other books by somebody

613
00:27:45,230 --> 00:27:43,440

but if you want our book you just say

614

00:27:47,330 --> 00:27:45,240

and where to find them it's that whole

615

00:27:49,970 --> 00:27:47,340

Fantastic Beasts and Where to Find Them

616

00:27:52,010 --> 00:27:49,980

flavor yeah right right right right uh

617

00:27:53,870 --> 00:27:52,020

and we've got the links for that uh down

618

00:27:55,730 --> 00:27:53,880

below and here's some states let's do

619

00:27:57,710 --> 00:27:55,740

some things here's an interesting fact

620

00:28:00,529 --> 00:27:57,720

for you

621

00:28:03,110 --> 00:28:00,539

California has more people

622

00:28:05,750 --> 00:28:03,120

than Canada

623

00:28:09,230 --> 00:28:05,760

oh yeah yeah yeah yeah yeah that's a

624

00:28:10,269 --> 00:28:09,240

little little fun fact okay next up we

625

00:28:12,890 --> 00:28:10,279

have

626

00:28:15,590 --> 00:28:12,900

genocide wants to know about Washington

627

00:28:19,190 --> 00:28:15,600

and I'm assuming it doesn't say DC he's

628

00:28:25,330 --> 00:28:19,200

talking about Washington State yep okay

629

00:28:30,010 --> 00:28:25,340

uh 7 7 156 or I'm sorry uh

630

00:28:35,510 --> 00:28:30,020

7160 for the 20 years an average of uh

631

00:28:38,409 --> 00:28:35,520

357 uh a year about 30 a month about

632

00:28:41,210 --> 00:28:38,419

seven a week and about one a day

633

00:28:45,230 --> 00:28:41,220

and hotspot

634

00:28:47,810 --> 00:28:45,240

uh hotspot I wasn't ready for that hang

635

00:28:49,210 --> 00:28:47,820

on a thing uh Washington The Hot Spot

636

00:28:51,890 --> 00:28:49,220

Washington

637

00:28:53,930 --> 00:28:51,900

I have to scroll through it here and so

638

00:28:55,549 --> 00:28:53,940

here it is got it got it right here okay

639

00:28:58,610 --> 00:28:55,559

they were they won they ranked number

640

00:29:00,890 --> 00:28:58,620

four in the country uh uh yeah

641

00:29:03,590 --> 00:29:00,900

Washington state ranks number four of

642

00:29:06,590 --> 00:29:03,600

the in the country and their hot spot is

643

00:29:10,909 --> 00:29:06,600

King County and Seattle Washington

644

00:29:15,470 --> 00:29:10,919

you know what what what goes down not so

645

00:29:18,710 --> 00:29:15,480

much Seattle but King County Bigfoot

646

00:29:20,450 --> 00:29:18,720

uh yeah yeah yeah there's probably more

647

00:29:23,210 --> 00:29:20,460

Bigfoot sightings in King County than

648

00:29:24,350 --> 00:29:23,220

than UFOs uh they love their Bigfoot up

649

00:29:26,570 --> 00:29:24,360

there

650

00:29:28,730 --> 00:29:26,580

um connection I've always wondered about

651

00:29:31,190 --> 00:29:28,740

that but here's the other thing though

652

00:29:34,730 --> 00:29:31,200

uh about Washington and I know that

653

00:29:36,830 --> 00:29:34,740

Oregon uh is actually Oregon's going to

654

00:29:37,870 --> 00:29:36,840

be next so get ready

655

00:29:39,909 --> 00:29:37,880

um

656

00:29:42,110 --> 00:29:39,919

strange people live in Washington

657

00:29:44,330 --> 00:29:42,120

strange people live in Oregon strange

658

00:29:47,029 --> 00:29:44,340

people live in and you know our people

659

00:29:48,470 --> 00:29:47,039

our community and so they are looking to

660

00:29:52,610 --> 00:29:48,480

the skies more

661

00:29:56,210 --> 00:29:52,620

you know and Washington uh you had the

662

00:29:58,250 --> 00:29:56,220

first uh if that's where the term Flying

663

00:30:01,250 --> 00:29:58,260

Saucer came from came out of Washington

664

00:30:04,850 --> 00:30:01,260

and and if we think about that the

665

00:30:07,070 --> 00:30:04,860

origin of UFOs and sightings uh we can

666

00:30:09,230 --> 00:30:07,080

we can look at other areas but basically

667

00:30:10,990 --> 00:30:09,240

speaking and certainly with the media

668

00:30:15,169 --> 00:30:11,000

and start all started in Washington

669

00:30:17,330 --> 00:30:15,179

Arnold yeah Arnold yeah yeah absolutely

670

00:30:18,710 --> 00:30:17,340

um speaking of Oregon uh there's a

671

00:30:21,830 --> 00:30:18,720

there's a great conference up there

672

00:30:23,330 --> 00:30:21,840

called mcminnins yep in Portland Linda

673

00:30:26,210 --> 00:30:23,340

and I are speaking there this year

674

00:30:27,769 --> 00:30:26,220

together are you guys really yeah that's

675

00:30:29,810 --> 00:30:27,779

one conference I haven't been to

676

00:30:32,450 --> 00:30:29,820

McMinnville

677

00:30:34,610 --> 00:30:32,460

um I would I would love to uh to make it

678

00:30:37,669 --> 00:30:34,620

up there uh for that conference still to

679

00:30:40,310 --> 00:30:37,679

this day those photos

680

00:30:43,909 --> 00:30:40,320

I I think they're they're the best or

681

00:30:46,070 --> 00:30:43,919

they're they're the top three of UFO

682

00:30:49,190 --> 00:30:46,080

photos no doubt about it

683

00:30:51,830 --> 00:30:49,200

okay what the specs on Oregon and uh

684

00:30:55,250 --> 00:30:51,840

Paul Paul Martin wants to know about

685

00:30:59,450 --> 00:30:55,260

Oregon okay ranks number 13 in the

686

00:31:00,830 --> 00:30:59,460

country the top county is uh I'm gonna

687

00:31:02,630 --> 00:31:00,840

pronounce it I'm going to torture it

688

00:31:05,570 --> 00:31:02,640

Mohammed

689

00:31:10,250 --> 00:31:05,580

County close enough okay and Portland

690

00:31:14,269 --> 00:31:10,260

itself they had uh the county had uh 839

691

00:31:16,250 --> 00:31:14,279

and Portland had 712 for the period of

692

00:31:18,430 --> 00:31:16,260

time here's what it was for total here

693

00:31:23,210 --> 00:31:18,440

for the 20 years uh

694

00:31:27,889 --> 00:31:23,220

4241 uh within it was about uh 211 a

695

00:31:32,149 --> 00:31:27,899

year about uh uh about 18 a month about

696

00:31:35,090 --> 00:31:32,159

four a week in about one every other day

697

00:31:37,730 --> 00:31:35,100

and uh and for me if I'm going to

698

00:31:41,630 --> 00:31:37,740

comment on this Oregon

699

00:31:44,510 --> 00:31:41,640

you know be uh you know being in between

700

00:31:46,370 --> 00:31:44,520

Washington and California finds itself

701
00:31:49,850 --> 00:31:46,380
in a very special location number one

702
00:31:51,289 --> 00:31:49,860
number two Mount Shasta which is just

703
00:31:53,210 --> 00:31:51,299
South of the Border it's in in

704
00:31:56,029 --> 00:31:53,220
California of course but I always

705
00:31:58,310 --> 00:31:56,039
consider Shasta Oregon when you're

706
00:32:00,230 --> 00:31:58,320
driving on the five you see Shasta you

707
00:32:03,830 --> 00:32:00,240
know you're Crossing the the state line

708
00:32:05,810 --> 00:32:03,840
right but Shasta is a hotbed for UFO

709
00:32:07,669 --> 00:32:05,820
sightings and and that part of the

710
00:32:10,549 --> 00:32:07,679
county I've looked at your numbers uh

711
00:32:12,710 --> 00:32:10,559
for that area uh in the past a huge

712
00:32:15,230 --> 00:32:12,720
amount of sightings go down there and I

713
00:32:18,830 --> 00:32:15,240

would equate that with Oregon fact

714

00:32:21,769 --> 00:32:18,840

number two if you just go west

715

00:32:23,870 --> 00:32:21,779

that is the Patterson uh Bigfoot

716

00:32:25,430 --> 00:32:23,880

sighting and where that was filmed uh

717

00:32:29,510 --> 00:32:25,440

over on the river right there on the

718

00:32:31,970 --> 00:32:29,520

California Oregon border and again is

719

00:32:35,810 --> 00:32:31,980

there a are you going to do a Bigfoot

720

00:32:39,470 --> 00:32:35,820

sightings book next I mean I'm wondering

721

00:32:42,649 --> 00:32:39,480

if there are connections with hot spots

722

00:32:44,990 --> 00:32:42,659

for UFOs and hot spots for a Bigfoot the

723

00:32:47,389 --> 00:32:45,000

people who collected Bigfoot data

724

00:32:49,870 --> 00:32:47,399

they're not really putting them in a

725

00:32:52,610 --> 00:32:49,880

database where we can actually they got

726

00:32:55,669 --> 00:32:52,620

lists of stories but they don't have it

727

00:32:59,269 --> 00:32:55,679

Quantified and a line by line just the

728

00:33:01,549 --> 00:32:59,279

details you know and uh so it's the same

729

00:33:04,490 --> 00:33:01,559

thing for the um livestock mutilation

730

00:33:08,330 --> 00:33:04,500

people I had one guy told me he had this

731

00:33:11,570 --> 00:33:08,340

great database and we got in there and I

732

00:33:14,269 --> 00:33:11,580

and it was just a story story story it

733

00:33:15,950 --> 00:33:14,279

was pages and pages of story and I I

734

00:33:18,950 --> 00:33:15,960

would have been there two years just

735

00:33:21,769 --> 00:33:18,960

trying to sort out the dates right so I

736

00:33:23,870 --> 00:33:21,779

I we only we only do this this is our

737

00:33:26,450 --> 00:33:23,880

specialty yeah see that's that's the

738

00:33:28,970 --> 00:33:26,460

thing uh that uh I've I've got such

739

00:33:31,370 --> 00:33:28,980

great respect for you and Linda your

740

00:33:33,110 --> 00:33:31,380

numbers you guys are numbers people now

741

00:33:36,049 --> 00:33:33,120

I did the stories when I hit my

742

00:33:38,330 --> 00:33:36,059

newspaper column yes okay we did lots of

743

00:33:42,230 --> 00:33:38,340

stories love to write the stories but um

744

00:33:45,470 --> 00:33:42,240

yeah you can't do that no data Day date

745

00:33:47,330 --> 00:33:45,480

location time right and and and that's

746

00:33:49,909 --> 00:33:47,340

how you start to compile all about well

747

00:33:52,130 --> 00:33:49,919

Linda would also tell you that

748

00:33:53,769 --> 00:33:52,140

if you define science

749

00:33:56,690 --> 00:33:53,779

uh

750

00:33:59,210 --> 00:33:56,700

it's basically evidenced by observation

751
00:34:01,009 --> 00:33:59,220
and in this case the statistics is our

752
00:34:04,190 --> 00:34:01,019
form of observation

753
00:34:06,769 --> 00:34:04,200
okay so this is this is how we generated

754
00:34:09,290 --> 00:34:06,779
evidence now some people complain well

755
00:34:10,690 --> 00:34:09,300
you can't go out there and vet all 169

756
00:34:13,129 --> 00:34:10,700
000 no I don't have to because

757
00:34:16,010 --> 00:34:13,139
statistically I can take some percentage

758
00:34:18,169 --> 00:34:16,020
and say uh let's just take so much off

759
00:34:20,629 --> 00:34:18,179
the top that that allows for Kooks nuts

760
00:34:22,030 --> 00:34:20,639
and crackpots as they say sure sure it

761
00:34:25,250 --> 00:34:22,040
does

762
00:34:28,849 --> 00:34:25,260
all right Stacy F wants to know about

763
00:34:31,669 --> 00:34:28,859

the great state of Texas Texas is number

764

00:34:34,369 --> 00:34:31,679

three okay I got my first driving

765

00:34:36,290 --> 00:34:34,379

driver's license in the state of Texas

766

00:34:39,349 --> 00:34:36,300

and I was very proud of that driver's

767

00:34:42,050 --> 00:34:39,359

license uh I'm gonna get my specs up

768

00:34:44,649 --> 00:34:42,060

here for Texas bear with me one moment I

769

00:34:48,290 --> 00:34:44,659

earn two different spreadsheets

770

00:34:51,169 --> 00:34:48,300

and Utah Texas there we are there we are

771

00:34:52,790 --> 00:34:51,179

okay uh I'm okay I got my driver's

772

00:34:54,109 --> 00:34:52,800

license when I was in the Air Force I

773

00:34:56,570 --> 00:34:54,119

didn't have a driver's license when I

774

00:34:58,250 --> 00:34:56,580

went in the Air Force and they decided I

775

00:35:00,770 --> 00:34:58,260

needed to know how to drive a truck so

776

00:35:04,010 --> 00:35:00,780

they I went to a Commercial Driving

777

00:35:06,410 --> 00:35:04,020

School off duty and then I got my truck

778

00:35:09,290 --> 00:35:06,420

license you know driving two-ton Trucks

779

00:35:10,970 --> 00:35:09,300

and Things okay Texas Texas uh number

780

00:35:15,170 --> 00:35:10,980

three state in the country for sightings

781

00:35:20,210 --> 00:35:15,180

uh 9 400 for for the 20 years an average

782

00:35:24,829 --> 00:35:20,220

of about 470 a year about 39 a month

783

00:35:26,510 --> 00:35:24,839

about nine a week and about one a little

784

00:35:30,170 --> 00:35:26,520

over one a day

785

00:35:32,870 --> 00:35:30,180

and now is uh would you guess that's

786

00:35:37,069 --> 00:35:32,880

because of the size of Texas

787

00:35:40,250 --> 00:35:37,079

oh yeah oh yeah yeah they got 256

788

00:35:42,710 --> 00:35:40,260

counties yeah right okay

789

00:35:46,849 --> 00:35:42,720

um they have 400 miles of coastline

790

00:35:49,790 --> 00:35:46,859

okay and they've got several uh major

791

00:35:52,190 --> 00:35:49,800

cities that are huge population magnets

792

00:35:54,589 --> 00:35:52,200

that type of thing and population is a

793

00:35:57,170 --> 00:35:54,599

driver to some degree uh the temperate

794

00:35:58,069 --> 00:35:57,180

weather is certainly a driver

795

00:35:59,750 --> 00:35:58,079

um

796

00:36:01,310 --> 00:35:59,760

and like everybody else they got a

797

00:36:04,190 --> 00:36:01,320

certain amount of leisure time they've

798

00:36:05,930 --> 00:36:04,200

got uh they've got and they've got good

799

00:36:09,290 --> 00:36:05,940

infrastructure down there for Broadband

800

00:36:10,550 --> 00:36:09,300

yeah and uh not a lot of uh light

801
00:36:12,230 --> 00:36:10,560
pollution I mean you've got Houston

802
00:36:14,690 --> 00:36:12,240
you've got Dallas and you've got sanity

803
00:36:16,790 --> 00:36:14,700
you've got cities but you've got a lot

804
00:36:19,430 --> 00:36:16,800
of population that is rural and there's

805
00:36:22,370 --> 00:36:19,440
zero light pollution and and they have

806
00:36:25,670 --> 00:36:22,380
uh the internet uh what's the hot spots

807
00:36:28,190 --> 00:36:25,680
in Texas Texas okay here okay Harris

808
00:36:32,270 --> 00:36:28,200
County to rent County Dallas County

809
00:36:34,849 --> 00:36:32,280
Travis County and uh uh I'm going to

810
00:36:38,690 --> 00:36:34,859
pronounce it wrong uh Bexar County

811
00:36:41,510 --> 00:36:38,700
uh Houston Austin San Antonio Dallas and

812
00:36:44,390 --> 00:36:41,520
Fort Worth are your top cities right

813
00:36:45,829 --> 00:36:44,400

yeah it makes a lot of sense and out of

814

00:36:49,910 --> 00:36:45,839

those top cities what's the number one

815

00:36:51,290 --> 00:36:49,920

city Houston yeah and uh a little

816

00:36:53,829 --> 00:36:51,300

connect you know that's the space

817

00:36:58,130 --> 00:36:53,839

program right Houston we have a problem

818

00:37:00,170 --> 00:36:58,140

and so you've got a lot of uh uh smart

819

00:37:03,230 --> 00:37:00,180

people there scientists

820

00:37:04,790 --> 00:37:03,240

um and and and so forth you have the

821

00:37:06,530 --> 00:37:04,800

Aerospace program and you have people

822

00:37:08,450 --> 00:37:06,540

that are looking up to the skies and

823

00:37:10,250 --> 00:37:08,460

they also know what they're seeing and

824

00:37:12,589 --> 00:37:10,260

if they see something that doesn't fit

825

00:37:14,569 --> 00:37:12,599

they're going to report it yeah that

826
00:37:17,210 --> 00:37:14,579
makes a lot of sense now something else

827
00:37:20,170 --> 00:37:17,220
Goofy with Texas what's that they have

828
00:37:23,329 --> 00:37:20,180
the the the curve like most every of

829
00:37:25,849 --> 00:37:23,339
started out back early around 2001 went

830
00:37:27,650 --> 00:37:25,859
up to about 2006 then it when it started

831
00:37:30,589 --> 00:37:27,660
going up a little bit more and then went

832
00:37:34,370 --> 00:37:30,599
up to the bigger numbers in the 2010

833
00:37:37,370 --> 00:37:34,380
through about 13 time frame okay but

834
00:37:40,970 --> 00:37:37,380
Texas one of about four states that had

835
00:37:44,510 --> 00:37:40,980
an unusual anomaly in 2008 their

836
00:37:48,310 --> 00:37:44,520
sightings in 2008 is higher than any

837
00:37:52,690 --> 00:37:48,320
other year in Texas they average about

838
00:37:55,910 --> 00:37:52,700

400 a year in Texas in 2008 they had

839

00:37:58,069 --> 00:37:55,920

915. we talked about that before when we

840

00:38:00,109 --> 00:37:58,079

went through the curves uh when you were

841

00:38:02,050 --> 00:38:00,119

on the show and that stood out like a

842

00:38:04,849 --> 00:38:02,060

sore thumb I mean

843

00:38:06,290 --> 00:38:04,859

I did some research on that this week as

844

00:38:07,609 --> 00:38:06,300

a matter of fact yeah what did you find

845

00:38:09,950 --> 00:38:07,619

out

846

00:38:14,510 --> 00:38:09,960

um it was uh well it was a whole bunch

847

00:38:17,569 --> 00:38:14,520

of zip codes but I identified about 10

848

00:38:20,690 --> 00:38:17,579

zip codes that had unusually high levels

849

00:38:23,290 --> 00:38:20,700

okay because I've got this difficult

850

00:38:26,510 --> 00:38:23,300

this I've got zip code information

851
00:38:29,450 --> 00:38:26,520
and I was trying to I'm trying to write

852
00:38:31,670 --> 00:38:29,460
a book on hot spots

853
00:38:34,490 --> 00:38:31,680
okay now first thing I gotta tell your

854
00:38:36,470 --> 00:38:34,500
audience there is no regularly scheduled

855
00:38:39,530 --> 00:38:36,480
hot spot in the United States already

856
00:38:41,569 --> 00:38:39,540
disproved that with data really yeah

857
00:38:43,790 --> 00:38:41,579
there's people who think there's this

858
00:38:45,650 --> 00:38:43,800
place you can go and it's like you can

859
00:38:49,130 --> 00:38:45,660
set a bus schedule to it you know that

860
00:38:52,190 --> 00:38:49,140
everything no it doesn't exist but there

861
00:38:53,390 --> 00:38:52,200
are places that have had one day hot

862
00:38:56,329 --> 00:38:53,400
spots

863
00:39:00,589 --> 00:38:56,339

okay and I've identified a little over

864

00:39:04,490 --> 00:39:00,599

700 of those out of 146

865

00:39:07,849 --> 00:39:04,500

000 days over 20 years right that peaked

866

00:39:11,450 --> 00:39:07,859

that Peak and and we found about 700

867

00:39:13,130 --> 00:39:11,460

they had a most days have nothing and

868

00:39:16,370 --> 00:39:13,140

then if they have sightings it's onesie

869

00:39:18,170 --> 00:39:16,380

twosies if it's over four or more it's

870

00:39:20,150 --> 00:39:18,180

statistically significant and I've

871

00:39:21,530 --> 00:39:20,160

identified them I'm going to try and

872

00:39:24,170 --> 00:39:21,540

write a book

873

00:39:26,810 --> 00:39:24,180

all of my big sightings that I've had

874

00:39:30,770 --> 00:39:26,820

personally right Daytime Nighttime I

875

00:39:34,010 --> 00:39:30,780

didn't report any of them and and I

876

00:39:36,430 --> 00:39:34,020

would think uh places that I would call

877

00:39:40,069 --> 00:39:36,440

hot spots which uh you know Washington

878

00:39:44,150 --> 00:39:40,079

certainly King County uh Joshua Tree

879

00:39:46,910 --> 00:39:44,160

California Sedona Arizona uh these are

880

00:39:48,950 --> 00:39:46,920

typical hot spots and you can go out and

881

00:39:53,089 --> 00:39:48,960

have a sky watch out there I'm going to

882

00:39:55,609 --> 00:39:53,099

be doing one uh in about four weeks in

883

00:39:57,710 --> 00:39:55,619

in mentaryville uh California but if you

884

00:39:59,930 --> 00:39:57,720

I hear this from Sedona all the time and

885

00:40:01,910 --> 00:39:59,940

I hear it from Las Vegas if you don't

886

00:40:03,710 --> 00:40:01,920

report them I can't count them that's

887

00:40:06,170 --> 00:40:03,720

right that's what I'm saying so I'm out

888

00:40:08,390 --> 00:40:06,180

there with 200 people right three and

889

00:40:12,950 --> 00:40:08,400

we're all seeing this together nobody's

890

00:40:15,950 --> 00:40:12,960

reporting that nobody it did so

891

00:40:18,950 --> 00:40:15,960

um typically Joshua Tree it's a magical

892

00:40:21,170 --> 00:40:18,960

place I I can't explain it I don't know

893

00:40:23,390 --> 00:40:21,180

if this is Spirit beings that are

894

00:40:25,910 --> 00:40:23,400

manifesting themselves into plasma balls

895

00:40:27,430 --> 00:40:25,920

or whatever I don't know you know uh but

896

00:40:30,710 --> 00:40:27,440

but they're there

897

00:40:32,510 --> 00:40:30,720

and uh let me give you this and then

898

00:40:35,630 --> 00:40:32,520

we're gonna go on uh you can warm up

899

00:40:36,650 --> 00:40:35,640

Colorado okay great Colorado is going to

900

00:40:39,650 --> 00:40:36,660

be an act

901
00:40:43,069 --> 00:40:39,660
um we were out in in Joshua Tree and

902
00:40:45,290 --> 00:40:43,079
Cheryl I've got 200 people with me and

903
00:40:48,410 --> 00:40:45,300
uh I tell the story like once a week on

904
00:40:52,550 --> 00:40:48,420
the air but it was incredible this green

905
00:40:55,390 --> 00:40:52,560
Z this ship lights up and it took up the

906
00:40:58,670 --> 00:40:55,400
entire sky and it made this backwards

907
00:41:01,550 --> 00:40:58,680
Zorro Zig and that lasted about two

908
00:41:03,770 --> 00:41:01,560
seconds that didn't get reported Peter

909
00:41:05,810 --> 00:41:03,780
Davenport never heard about that uh that

910
00:41:08,650 --> 00:41:05,820
never made it in to move on but yet

911
00:41:11,870 --> 00:41:08,660
we're all screaming and we see it was

912
00:41:14,450 --> 00:41:11,880
took up that much of the sky Zach Zach

913
00:41:16,130 --> 00:41:14,460

Zach and went across that didn't get

914

00:41:18,530 --> 00:41:16,140

reported and that was pretty incredible

915

00:41:21,589 --> 00:41:18,540

I'll give you one along the same line

916

00:41:24,349 --> 00:41:21,599

we're at a an old dairy farm I'm a

917

00:41:25,670 --> 00:41:24,359

live-action role play gamer okay so

918

00:41:27,589 --> 00:41:25,680

we're all dressed up out there in

919

00:41:29,770 --> 00:41:27,599

medieval stuff you know we got our big

920

00:41:33,230 --> 00:41:29,780

rubber swords and stuff right right

921

00:41:34,970 --> 00:41:33,240

clear sky you can see from miles and

922

00:41:37,250 --> 00:41:34,980

we're out there getting ready to go down

923

00:41:39,710 --> 00:41:37,260

beat up a whole bunch of people dressed

924

00:41:41,390 --> 00:41:39,720

like Orcs you know we're getting ready

925

00:41:44,329 --> 00:41:41,400

to do this and somebody looks up and

926
00:41:45,950 --> 00:41:44,339
sees this really really spectacular

927
00:41:47,349 --> 00:41:45,960
thing

928
00:41:49,970 --> 00:41:47,359
GameStop

929
00:41:52,069 --> 00:41:49,980
yelled and everybody stopped and we're

930
00:41:54,410 --> 00:41:52,079
watching this thing and then after it

931
00:41:58,310 --> 00:41:54,420
was gone we just said game back on and

932
00:42:00,950 --> 00:41:58,320
nobody reported it's a memory now 50 of

933
00:42:02,690 --> 00:42:00,960
us out there you know love that I love

934
00:42:05,810 --> 00:42:02,700
that yeah but this stuff is stuff like

935
00:42:09,530 --> 00:42:05,820
that it just doesn't get reported

936
00:42:12,050 --> 00:42:09,540
um I'm going on a cruise uh to Mexico uh

937
00:42:13,609 --> 00:42:12,060
in a in a few weeks and we're gonna do a

938
00:42:15,589 --> 00:42:13,619

sky watch from the deck of the cruise

939

00:42:17,750 --> 00:42:15,599

ship every single night those are fun

940

00:42:21,589 --> 00:42:17,760

how much of that's going to get reported

941

00:42:25,390 --> 00:42:21,599

uh probably zero yeah probably zero all

942

00:42:28,970 --> 00:42:25,400

right Colorado's up next okay Colorado

943

00:42:31,970 --> 00:42:28,980

uh Colorado is interesting it's uh

944

00:42:36,190 --> 00:42:31,980

number 11 in the country for sightings

945

00:42:39,890 --> 00:42:36,200

they had an average of 40 40 they had

946

00:42:44,630 --> 00:42:39,900

4654 for 20 years they had about an

947

00:42:48,290 --> 00:42:44,640

average of about 232 a year uh about uh

948

00:42:49,670 --> 00:42:48,300

20 a month about five a day and one

949

00:42:54,170 --> 00:42:49,680

every other day

950

00:42:56,870 --> 00:42:54,180

the hot spots were uh Denver County uh

951
00:42:59,210 --> 00:42:56,880
and the city of Denver and then El Paso

952
00:43:01,970 --> 00:42:59,220
County and the other city was Colorado

953
00:43:05,270 --> 00:43:01,980
Springs really Colorado Springs Air

954
00:43:07,190 --> 00:43:05,280
Force Academy yeah yeah yeah okay which

955
00:43:08,569 --> 00:43:07,200
makes a lot of sense

956
00:43:11,030 --> 00:43:08,579
um not that it's the Air Force Academy

957
00:43:13,430 --> 00:43:11,040
but you got you've got people that that

958
00:43:15,770 --> 00:43:13,440
are high tech and are looking to the

959
00:43:17,690 --> 00:43:15,780
skies and I would say that they would

960
00:43:19,730 --> 00:43:17,700
they would take the time to report

961
00:43:22,370 --> 00:43:19,740
something that was anomalous that that

962
00:43:24,309 --> 00:43:22,380
didn't make sense but nothing Boulder's

963
00:43:28,370 --> 00:43:24,319

not there

964

00:43:29,990 --> 00:43:28,380

uh Boulder Boulder Boulder Boulder you

965

00:43:32,770 --> 00:43:30,000

know that's interesting they're they're

966

00:43:35,210 --> 00:43:32,780

the number eight City

967

00:43:37,609 --> 00:43:35,220

presiding I would say that they would be

968

00:43:41,109 --> 00:43:37,619

number one uh it's Denver Colorado

969

00:43:45,050 --> 00:43:41,119

Springs Fort Collins Aurora Littleton

970

00:43:49,010 --> 00:43:45,060

Longmont uh Pueblo and Boulder yeah well

971

00:43:51,770 --> 00:43:49,020

okay so Longmont uh Fort Collins that's

972

00:43:53,329 --> 00:43:51,780

all in that general area of Boulder

973

00:43:55,730 --> 00:43:53,339

um okay all right it's kind of weird

974

00:43:58,250 --> 00:43:55,740

okay all right okay what state next so I

975

00:44:01,309 --> 00:43:58,260

need to line it up uh here we go

976

00:44:02,750 --> 00:44:01,319

Illinois okay now this is going to be

977

00:44:07,490 --> 00:44:02,760

interesting

978

00:44:10,670 --> 00:44:07,500

um I was born in Chicago I don't uh I

979

00:44:12,890 --> 00:44:10,680

don't really think of Illinois uh as a

980

00:44:16,930 --> 00:44:12,900

as a UFO hotspot what's the ranking

981

00:44:19,430 --> 00:44:16,940

number 10 really ahead of Colorado yeah

982

00:44:24,109 --> 00:44:19,440

wow okay I would have never thought that

983

00:44:27,710 --> 00:44:24,119

yeah um it's uh Cook County yep DuPage

984

00:44:30,530 --> 00:44:27,720

County yep Will County Lake County and

985

00:44:33,309 --> 00:44:30,540

Winnebago County the top five wait wait

986

00:44:36,829 --> 00:44:33,319

where's Lake County in that list

987

00:44:39,410 --> 00:44:36,839

uh day number four or five

988

00:44:40,569 --> 00:44:39,420

uh they were number four yeah see that's

989

00:44:44,150 --> 00:44:40,579

Chicago

990

00:44:46,609 --> 00:44:44,160

County now here back when we did the

991

00:44:48,349 --> 00:44:46,619

first book I had a small newspaper on

992

00:44:51,589 --> 00:44:48,359

the outside of the suburbs of Chicago

993

00:44:53,750 --> 00:44:51,599

call me up and uh okay we'll give you

994

00:44:56,809 --> 00:44:53,760

the flavor here Chicago is the number

995

00:44:58,670 --> 00:44:56,819

one city for sightings but out there in

996

00:45:03,609 --> 00:44:58,680

their southern burbs there's a little

997

00:45:09,109 --> 00:45:07,190

they're number two in the state shut up

998

00:45:13,309 --> 00:45:09,119

hold on for a second I'm looking this up

999

00:45:14,630 --> 00:45:13,319

Tinley Park Illinois okay let me see

1000

00:45:16,069 --> 00:45:14,640

where this is let's go to them

1001

00:45:19,970 --> 00:45:16,079

understand that the numbers drop off

1002

00:45:21,710 --> 00:45:19,980

Chicago had like 720-year Tinley Park is

1003

00:45:27,829 --> 00:45:21,720

the next one down they only have like

1004

00:45:31,130 --> 00:45:27,839

179 180. okay so Tinley Park is that is

1005

00:45:32,930 --> 00:45:31,140

a Chicago suburbs up Southern suburb

1006

00:45:35,930 --> 00:45:32,940

yeah yeah but it's up against Chicago

1007

00:45:38,870 --> 00:45:35,940

Heights and uh right there Oak Lawn okay

1008

00:45:41,569 --> 00:45:38,880

so that's that's the southern part of

1009

00:45:45,530 --> 00:45:41,579

Chicago all right fair enough now what's

1010

00:45:47,990 --> 00:45:45,540

weird about Illinois and I observed this

1011

00:45:49,550 --> 00:45:48,000

during when I was doing some dig through

1012

00:45:53,450 --> 00:45:49,560

data right when I was starting to look

1013

00:45:56,930 --> 00:45:53,460

for these hot spots Illinois in in this

1014

00:46:00,589 --> 00:45:56,940

in the um Chicago suburbs

1015

00:46:05,870 --> 00:46:00,599

they had some unusual spikes of UFO

1016

00:46:11,329 --> 00:46:07,910

what two or three different places

1017

00:46:14,329 --> 00:46:11,339

Halloween they had a spike of sightings

1018

00:46:17,150 --> 00:46:14,339

what do you think is going on I I don't

1019

00:46:19,010 --> 00:46:17,160

know maybe somebody's releasing Balloons

1020

00:46:20,750 --> 00:46:19,020

with candles on them or something or

1021

00:46:22,970 --> 00:46:20,760

they had something valid going on

1022

00:46:24,890 --> 00:46:22,980

because people are outside it's as long

1023

00:46:26,329 --> 00:46:24,900

as your time it's dark you know yeah

1024

00:46:27,770 --> 00:46:26,339

yeah yeah yeah yeah yeah you've got

1025

00:46:30,589 --> 00:46:27,780

people out on the streets something

1026
00:46:33,170 --> 00:46:30,599
gotta be outside and after dark you know

1027
00:46:35,290 --> 00:46:33,180
oh wow that is yeah that's pretty cool

1028
00:46:37,730 --> 00:46:35,300
that's pretty cool so yeah Tinley Park

1029
00:46:41,569 --> 00:46:37,740
is I would call that you can call that

1030
00:46:43,790 --> 00:46:41,579
Chicago yeah yeah you could safely uh

1031
00:46:48,890 --> 00:46:43,800
you would not get any

1032
00:46:51,650 --> 00:46:48,900
any uh bad bad uh mail uh over saying

1033
00:46:54,230 --> 00:46:51,660
that Tinley Park it's about looking here

1034
00:46:58,250 --> 00:46:54,240
on the map it's about

1035
00:47:02,450 --> 00:46:58,260
20 miles from downtown Chicago it but

1036
00:47:05,030 --> 00:47:02,460
it's in it's in the city it's literally

1037
00:47:09,109 --> 00:47:05,040
where the where it's literally just

1038
00:47:11,390 --> 00:47:09,119

below the the interstate Loop that goes

1039

00:47:15,650 --> 00:47:11,400

around the whole place yeah yeah that's

1040

00:47:18,650 --> 00:47:15,660

where it's at uh 355 80 57 yeah it's

1041

00:47:21,530 --> 00:47:18,660

right there all this UFO statistics

1042

00:47:24,410 --> 00:47:21,540

stuff I I have gotten a serious

1043

00:47:25,550 --> 00:47:24,420

geography lesson doing this I can only

1044

00:47:28,430 --> 00:47:25,560

imagine

1045

00:47:30,890 --> 00:47:28,440

I I could whip out any ZIP code right

1046

00:47:33,530 --> 00:47:30,900

nine three five five one

1047

00:47:36,050 --> 00:47:33,540

where is it what ZIP code I don't know

1048

00:47:37,970 --> 00:47:36,060

okay that was a test I made it up so I

1049

00:47:40,670 --> 00:47:37,980

don't I don't I don't memorize that

1050

00:47:43,190 --> 00:47:40,680

stuff nine five would probably be on the

1051

00:47:46,370 --> 00:47:43,200

west coast though yeah yep it is it is

1052

00:47:49,250 --> 00:47:46,380

it would be okay so next up the great

1053

00:47:53,089 --> 00:47:49,260

state of Ohio Rick Norman wants to know

1054

00:47:55,609 --> 00:47:53,099

about his state of Ohio well as I I just

1055

00:47:59,170 --> 00:47:55,619

Linda and I just completed

1056

00:48:02,750 --> 00:47:59,180

a seven lecture

1057

00:48:05,470 --> 00:48:02,760

three-month tour of Cuyahoga County

1058

00:48:08,809 --> 00:48:05,480

that's the county that Cleveland is in

1059

00:48:11,750 --> 00:48:08,819

lecturing at Cuyahoga County library

1060

00:48:13,250 --> 00:48:11,760

branches oh that's cool and they got our

1061

00:48:15,890 --> 00:48:13,260

presentation that there's like

1062

00:48:18,710 --> 00:48:15,900

equivalent to our National presentation

1063

00:48:22,250 --> 00:48:18,720

so they got a really cool thing for free

1064

00:48:24,290 --> 00:48:22,260

you know uh let me get Ohio Ohio right

1065

00:48:27,230 --> 00:48:24,300

off the bat I can tell you is number

1066

00:48:29,630 --> 00:48:27,240

eight in the country really yeah well

1067

00:48:33,530 --> 00:48:29,640

right Patterson's just down the road

1068

00:48:35,630 --> 00:48:33,540

yeah yeah yeah so let's see where is it

1069

00:48:38,410 --> 00:48:35,640

here I'm bear with me I have to scroll

1070

00:48:42,349 --> 00:48:38,420

through the whole list here uh

1071

00:48:44,470 --> 00:48:42,359

almost there almost there uh Oregon

1072

00:48:49,370 --> 00:48:44,480

there back it up to Ohio

1073

00:48:51,530 --> 00:48:49,380

boom Oregon Okay Oklahoma Ohio there we

1074

00:48:55,010 --> 00:48:51,540

go sorry about that I have to scroll

1075

00:48:58,190 --> 00:48:55,020

through this rather large PDF okay Ohio

1076
00:49:01,010 --> 00:48:58,200
ranks number eight in the country uh an

1077
00:49:02,809 --> 00:49:01,020
average they had for 20 years 50 uh

1078
00:49:04,270 --> 00:49:02,819
basically let's just say it's uh they

1079
00:49:08,089 --> 00:49:04,280
had um

1080
00:49:12,290 --> 00:49:08,099
5700 for the 20 years they had an

1081
00:49:14,750 --> 00:49:12,300
average of about 285 a month they had an

1082
00:49:18,829 --> 00:49:14,760
average of about 24

1083
00:49:22,849 --> 00:49:18,839
um I'm sorry I'm sorry 284 per year an

1084
00:49:24,770 --> 00:49:22,859
average of 24 a month about six a week

1085
00:49:27,890 --> 00:49:24,780
and about one a day

1086
00:49:31,430 --> 00:49:27,900
how many of those are

1087
00:49:33,470 --> 00:49:31,440
UFOs from Hangar 18 backwards engineered

1088
00:49:37,250 --> 00:49:33,480

flying saucers we have no way of knowing

1089

00:49:39,950 --> 00:49:37,260

but but funny thing when I looked out to

1090

00:49:42,530 --> 00:49:39,960

where Wright Patterson is and I've I

1091

00:49:45,050 --> 00:49:42,540

visited that when I was doing my my uh

1092

00:49:46,970 --> 00:49:45,060

defense contractor work I I've been to a

1093

00:49:48,710 --> 00:49:46,980

Patterson Wright-Patterson several times

1094

00:49:50,510 --> 00:49:48,720

and

1095

00:49:52,130 --> 00:49:50,520

um I looked up their County

1096

00:49:56,990 --> 00:49:52,140

and

1097

00:49:59,450 --> 00:49:57,000

it wasn't that impressive really no at

1098

00:50:01,910 --> 00:49:59,460

most uh we hear the name Wright

1099

00:50:04,790 --> 00:50:01,920

Patterson all the time but most people

1100

00:50:09,250 --> 00:50:04,800

don't understand the size of that Air

1101
00:50:12,890 --> 00:50:09,260
Force Base sprawling sprawling is

1102
00:50:15,950 --> 00:50:12,900
ginormous I don't know is as far as size

1103
00:50:21,349 --> 00:50:15,960
goes what it ranks uh with other Air

1104
00:50:24,050 --> 00:50:21,359
Force bases but no it is it is ginormous

1105
00:50:25,970 --> 00:50:24,060
huge it is it is really really really

1106
00:50:27,650 --> 00:50:25,980
big so you would think that there would

1107
00:50:29,750 --> 00:50:27,660
be some more sightings around there and

1108
00:50:32,930 --> 00:50:29,760
but the tough counties are Franklin

1109
00:50:35,930 --> 00:50:32,940
County right Cuyahoga County

1110
00:50:39,230 --> 00:50:35,940
uh Montgomery County

1111
00:50:41,150 --> 00:50:39,240
Hamilton County and Summit County top

1112
00:50:43,430 --> 00:50:41,160
cities are Columbus that's the capital

1113
00:50:46,550 --> 00:50:43,440

here I'm learning my Ohio geography

1114

00:50:50,270 --> 00:50:46,560

moved here last year so uh Cincinnati

1115

00:50:52,970 --> 00:50:50,280

Cleveland Toledo and Dayton and Akron

1116

00:50:57,170 --> 00:50:52,980

well Dayton Dayton and Cincinnati that's

1117

00:50:59,049 --> 00:50:57,180

right Pat yeah so uh so that's that but

1118

00:51:02,030 --> 00:50:59,059

Columbus makes a lot of sense Cleveland

1119

00:51:04,250 --> 00:51:02,040

and the there's another part to this I

1120

00:51:09,650 --> 00:51:04,260

wonder how many of those

1121

00:51:14,569 --> 00:51:11,210

it's goofy

1122

00:51:15,890 --> 00:51:14,579

um we did the zip codes for Cuyahoga

1123

00:51:19,069 --> 00:51:15,900

County I can tell you that because it

1124

00:51:21,950 --> 00:51:19,079

was in our presentation and

1125

00:51:24,470 --> 00:51:21,960

um the part of downtown Cleveland the

1126

00:51:26,569 --> 00:51:24,480

top part of of Cuyahoga County to

1127

00:51:29,150 --> 00:51:26,579

actually touch the lake those zip codes

1128

00:51:32,390 --> 00:51:29,160

didn't have any reports that doesn't

1129

00:51:36,049 --> 00:51:32,400

make any sense it didn't and then but as

1130

00:51:38,150 --> 00:51:36,059

you move back further away from the lake

1131

00:51:40,309 --> 00:51:38,160

um it it on the southern side of

1132

00:51:41,990 --> 00:51:40,319

Cleveland it loaded right up you know

1133

00:51:44,809 --> 00:51:42,000

what was the reaction like as you're

1134

00:51:47,990 --> 00:51:44,819

doing uh the library tour which I love

1135

00:51:50,030 --> 00:51:48,000

by the way uh what were you just doing

1136

00:51:52,309 --> 00:51:50,040

the state of Ohio at those presentations

1137

00:51:55,190 --> 00:51:52,319

no they got they got a high overview of

1138

00:51:58,250 --> 00:51:55,200

the United States just the United USA

1139

00:51:59,990 --> 00:51:58,260

numbers uh we explained to them what the

1140

00:52:02,569 --> 00:52:00,000

numbers were like what the implications

1141

00:52:04,190 --> 00:52:02,579

of certain numbers are and what it looks

1142

00:52:06,470 --> 00:52:04,200

like when you take a number like people

1143

00:52:08,150 --> 00:52:06,480

used to say hey Cheryl uh the guy at

1144

00:52:09,710 --> 00:52:08,160

Staples used to say hey Cheryl did you

1145

00:52:12,410 --> 00:52:09,720

take out the kook's nuts and crackpots

1146

00:52:16,549 --> 00:52:12,420

you know so we have this thing of doing

1147

00:52:19,849 --> 00:52:16,559

like Dr uh Dr uh valet did

1148

00:52:24,049 --> 00:52:19,859

um you know he says 80 percent is noise

1149

00:52:25,910 --> 00:52:24,059

okay and mufan says 70s noise and Cheryl

1150

00:52:28,670 --> 00:52:25,920

Linda we use the other criteria but we

1151
00:52:31,370 --> 00:52:28,680
came up with about 70 ourselves so we

1152
00:52:33,410 --> 00:52:31,380
said let's take 70 of the sightings off

1153
00:52:37,670 --> 00:52:33,420
the top we don't know which ones we just

1154
00:52:40,790 --> 00:52:37,680
take 70 30 of our total numbers worked

1155
00:52:43,250 --> 00:52:40,800
out to about 50 uh 50 000 a year uh

1156
00:52:46,309 --> 00:52:43,260
fifty thousand for the for the um

1157
00:52:48,530 --> 00:52:46,319
the 20 years okay and then smaller

1158
00:52:49,730 --> 00:52:48,540
numbers but the thing is it still worked

1159
00:52:52,250 --> 00:52:49,740
out to

1160
00:52:53,270 --> 00:52:52,260
for the United States for that 20-year

1161
00:52:55,790 --> 00:52:53,280
period

1162
00:52:59,950 --> 00:52:55,800
taking 70 percent of them and throwing

1163
00:53:04,730 --> 00:52:59,960

them away still worked out to uh

1164

00:53:07,549 --> 00:53:04,740

210 a month for the 240 months of 20

1165

00:53:09,950 --> 00:53:07,559

years yeah that's a huge number as they

1166

00:53:12,890 --> 00:53:09,960

say it only takes one only take one now

1167

00:53:14,569 --> 00:53:12,900

that is a huge huge number and then we

1168

00:53:16,970 --> 00:53:14,579

took the other one we have we have these

1169

00:53:19,910 --> 00:53:16,980

peoples here oh Cheryl newspaper editors

1170

00:53:22,730 --> 00:53:19,920

and news directors oh driving crazy and

1171

00:53:24,530 --> 00:53:22,740

they say Cheryl they got to be more rare

1172

00:53:26,630 --> 00:53:24,540

than that they can't get here from there

1173

00:53:28,010 --> 00:53:26,640

they can't violate the laws of physics

1174

00:53:28,930 --> 00:53:28,020

well they're doing a pretty good job of

1175

00:53:31,190 --> 00:53:28,940

it but

1176

00:53:33,290 --> 00:53:31,200

so I said okay tell you what I'll throw

1177

00:53:37,750 --> 00:53:33,300

99 away

1178

00:53:40,870 --> 00:53:37,760

99 thrown away leaves us with

1179

00:53:45,349 --> 00:53:40,880

1674 for the 20 years

1180

00:53:48,349 --> 00:53:45,359

okay and it leaves us with about

1181

00:53:52,370 --> 00:53:48,359

um 84 a year

1182

00:53:55,030 --> 00:53:52,380

and if these are the real Starships

1183

00:53:58,190 --> 00:53:55,040

it's seven a month every month for the

1184

00:54:01,010 --> 00:53:58,200

240 months of 20 years that's a number

1185

00:54:03,349 --> 00:54:01,020

you cannot deny you can't you have to

1186

00:54:05,870 --> 00:54:03,359

take that serious you just can't brush

1187

00:54:08,809 --> 00:54:05,880

that aside and say there's nothing to

1188

00:54:10,730 --> 00:54:08,819

see here and and what we know now uh

1189

00:54:13,130 --> 00:54:10,740

Cheryl as we move on the next date is

1190

00:54:15,650 --> 00:54:13,140

going to be Florida

1191

00:54:17,569 --> 00:54:15,660

um is that what we know now is what we

1192

00:54:19,190 --> 00:54:17,579

didn't know if you go back to the

1193

00:54:22,730 --> 00:54:19,200

beginning of your numbers right in the

1194

00:54:26,690 --> 00:54:22,740

year 2000 if you go back to 2000 we only

1195

00:54:28,309 --> 00:54:26,700

had at that point like 10 confirmed

1196

00:54:31,549 --> 00:54:28,319

exoplanets

1197

00:54:34,670 --> 00:54:31,559

that's it right that's it that's it we

1198

00:54:37,190 --> 00:54:34,680

we were still discovering things and

1199

00:54:41,390 --> 00:54:37,200

trying to figure stuff out today what do

1200

00:54:43,609 --> 00:54:41,400

we know that is different thousands that

1201
00:54:46,250 --> 00:54:43,619
every star in the sky has at least one

1202
00:54:49,130 --> 00:54:46,260
planet every single star that you can

1203
00:54:51,650 --> 00:54:49,140
see and and every every star in the

1204
00:54:53,569 --> 00:54:51,660
Milky Way has at least one planet and

1205
00:54:56,390 --> 00:54:53,579
the James Wood telescope is showing us

1206
00:54:59,870 --> 00:54:56,400
that there are trillions upon trillions

1207
00:55:02,690 --> 00:54:59,880
of galaxies it's a crazy situation we

1208
00:55:05,930 --> 00:55:02,700
find ourselves in so

1209
00:55:08,089 --> 00:55:05,940
um uh 80 80 a year

1210
00:55:10,010 --> 00:55:08,099
you know if you're going with a one

1211
00:55:13,069 --> 00:55:10,020
percent number whatever it is right and

1212
00:55:14,990 --> 00:55:13,079
you're throwing away 99 I still say that

1213
00:55:18,609 --> 00:55:15,000

that's a small number

1214

00:55:21,410 --> 00:55:18,619

um we're not seeing there are literally

1215

00:55:23,630 --> 00:55:21,420

millions if not billions of intelligent

1216

00:55:25,609 --> 00:55:23,640

civilizations right in our neighborhood

1217

00:55:28,910 --> 00:55:25,619

let me give you another number real

1218

00:55:31,849 --> 00:55:28,920

quick okay this is based on two polls so

1219

00:55:34,910 --> 00:55:31,859

I felt comfortable with the metric okay

1220

00:55:37,069 --> 00:55:34,920

these two polls when in 2017 by fox

1221

00:55:42,549 --> 00:55:37,079

pictures and another one done by Gallup

1222

00:55:46,010 --> 00:55:42,559

in 2019. they said that um

1223

00:55:47,930 --> 00:55:46,020

16.74 of adult Americans say they have

1224

00:55:51,349 --> 00:55:47,940

seen a UFO

1225

00:55:54,650 --> 00:55:51,359

now that doesn't translate to my 169 100

1226
00:55:57,530 --> 00:55:54,660
almost 170 000 sightings so what that

1227
00:55:59,329 --> 00:55:57,540
basically says is uh we worked a bell

1228
00:56:02,450 --> 00:55:59,339
curve we did it for every state in their

1229
00:56:05,930 --> 00:56:02,460
pop adult population okay and it works

1230
00:56:08,829 --> 00:56:05,940
out to about 43 million 280

1231
00:56:14,210 --> 00:56:08,839
000 people okay that's a lot of people

1232
00:56:15,829 --> 00:56:14,220
and it works out to one in 257 reports

1233
00:56:18,710 --> 00:56:15,839
what they see

1234
00:56:23,089 --> 00:56:18,720
the the most recent poll which was a

1235
00:56:27,710 --> 00:56:23,099
2021 I don't have anything for 2023.

1236
00:56:31,910 --> 00:56:27,720
um broke down like this 33 of Europeans

1237
00:56:36,049 --> 00:56:31,920
33 believe that we are being visited by

1238
00:56:39,470 --> 00:56:36,059

extraterrestrials 33 25 in the United

1239

00:56:41,089 --> 00:56:39,480

States and I you know so I read these

1240

00:56:42,109 --> 00:56:41,099

numbers and that doesn't I would have

1241

00:56:45,770 --> 00:56:42,119

thought

1242

00:56:49,910 --> 00:56:45,780

that it would be the opposite right that

1243

00:56:51,589 --> 00:56:49,920

the smart the smart the smart uh

1244

00:56:53,270 --> 00:56:51,599

Europeans that sit around in coffee

1245

00:56:55,010 --> 00:56:53,280

shops and discuss politics and

1246

00:56:56,630 --> 00:56:55,020

revolutions every day over coffee and

1247

00:57:00,170 --> 00:56:56,640

cigarettes

1248

00:57:01,849 --> 00:57:00,180

um and and you know Revolution that uh

1249

00:57:04,069 --> 00:57:01,859

the the numbers would be different that

1250

00:57:06,890 --> 00:57:04,079

it would be lower in Europe and higher

1251
00:57:08,809 --> 00:57:06,900
here in the United States but no 33 uh

1252
00:57:12,470 --> 00:57:08,819
in Europe I believe were being visited

1253
00:57:13,730 --> 00:57:12,480
by 18. it's about 25 here in the United

1254
00:57:15,170 --> 00:57:13,740
States

1255
00:57:17,089 --> 00:57:15,180
um now with everything else that has

1256
00:57:20,150 --> 00:57:17,099
been going on lately maybe those numbers

1257
00:57:23,809 --> 00:57:20,160
have changed uh somewhat uh but I don't

1258
00:57:27,109 --> 00:57:23,819
have any 2023 data all right let's go to

1259
00:57:28,790 --> 00:57:27,119
Florida Florida okay now the thing I got

1260
00:57:31,730 --> 00:57:28,800
to tell you about Florida it's it's the

1261
00:57:34,250 --> 00:57:31,740
number two state is that right yeah well

1262
00:57:35,930 --> 00:57:34,260
they get 1200 miles of Coastline people

1263
00:57:37,910 --> 00:57:35,940

say Texas well wait a minute Texas

1264

00:57:40,250 --> 00:57:37,920

Cheryl why is it number three they've

1265

00:57:42,109 --> 00:57:40,260

got twice the population of Florida you

1266

00:57:44,210 --> 00:57:42,119

know but it's not driven strictly by

1267

00:57:47,450 --> 00:57:44,220

population and they have 1200 miles

1268

00:57:49,190 --> 00:57:47,460

versus Texas is 400 miles of Coastline

1269

00:57:51,710 --> 00:57:49,200

okay yeah

1270

00:57:53,510 --> 00:57:51,720

um goofy thing about Texas or Florida

1271

00:57:55,309 --> 00:57:53,520

Reddit

1272

00:57:57,230 --> 00:57:55,319

um Senator Rubio

1273

00:57:59,809 --> 00:57:57,240

we knew about those of us who were

1274

00:58:02,210 --> 00:57:59,819

connected into the DC knew that Rubio

1275

00:58:03,950 --> 00:58:02,220

was going to put a bill into something A

1276
00:58:05,809 --> 00:58:03,960
continuing spending package he knew

1277
00:58:08,990 --> 00:58:05,819
would get through for Congressional

1278
00:58:12,170 --> 00:58:09,000
hearings we knew about this in 2019 okay

1279
00:58:13,670 --> 00:58:12,180
that's why our book about UFOs is pink

1280
00:58:15,770 --> 00:58:13,680
because they told us we might be

1281
00:58:17,809 --> 00:58:15,780
testifying before Congress we're still

1282
00:58:19,910 --> 00:58:17,819
waiting but okay we made this thing pink

1283
00:58:23,270 --> 00:58:19,920
so people knew a couple girls did this

1284
00:58:26,690 --> 00:58:23,280
okay well okay

1285
00:58:29,089 --> 00:58:26,700
um summer of 2021 I threw two copies of

1286
00:58:32,150 --> 00:58:29,099
this on my couch

1287
00:58:34,910 --> 00:58:32,160
I wrote a draft cover letter for each

1288
00:58:37,190 --> 00:58:34,920

one just one page Realtors very very

1289

00:58:40,250 --> 00:58:37,200

tight executive summary

1290

00:58:42,950 --> 00:58:40,260

and then I dumped at that time it was

1291

00:58:47,750 --> 00:58:42,960

still still kind of dirty but I dumped

1292

00:58:49,730 --> 00:58:47,760

the entire State of Florida down to its

1293

00:58:51,170 --> 00:58:49,740

down to the ZIP code level it was an

1294

00:58:54,890 --> 00:58:51,180

inch and a half thick when I printed it

1295

00:58:56,870 --> 00:58:54,900

out up at Staples okay and he was at the

1296

00:58:58,849 --> 00:58:56,880

time the head of the Senate select

1297

00:59:00,890 --> 00:58:58,859

committee on intelligence that's right I

1298

00:59:03,289 --> 00:59:00,900

found figured I found out on Webb who

1299

00:59:06,109 --> 00:59:03,299

his counterpart was in the house commit

1300

00:59:08,089 --> 00:59:06,119

house select committee did the same

1301

00:59:09,770 --> 00:59:08,099

thing for him dumped his State turned

1302

00:59:12,650 --> 00:59:09,780

out to be New York State and that was

1303

00:59:16,370 --> 00:59:12,660

another internet but so both these guys

1304

00:59:18,589 --> 00:59:16,380

got five pound packages from us

1305

00:59:21,530 --> 00:59:18,599

okay did you hear back

1306

00:59:24,470 --> 00:59:21,540

no we never hear back yeah now remember

1307

00:59:26,569 --> 00:59:24,480

I gotta say that I gotta say that

1308

00:59:28,430 --> 00:59:26,579

um I wrote my Senator when I was in New

1309

00:59:31,670 --> 00:59:28,440

York state senator Schumer who's now the

1310

00:59:33,950 --> 00:59:31,680

head of the Senate uh every year for uh

1311

00:59:36,530 --> 00:59:33,960

for of seven years that I was writing my

1312

00:59:38,630 --> 00:59:36,540

newspaper column hell I did a we did the

1313

00:59:41,329 --> 00:59:38,640

newspaper even published it they gave me

1314

00:59:43,190 --> 00:59:41,339

a half page open letter to the

1315

00:59:46,849 --> 00:59:43,200

Congressional Delegation of New York

1316

00:59:49,910 --> 00:59:46,859

State you know why don't we have UFO

1317

00:59:52,549 --> 00:59:49,920

hearings right you know and um

1318

00:59:53,930 --> 00:59:52,559

so we did all this stuff nothing

1319

00:59:58,069 --> 00:59:53,940

crickets

1320

01:00:00,349 --> 00:59:58,079

about uh uh let's see just about when I

1321

01:00:01,809 --> 01:00:00,359

moved here uh we moved here in December

1322

01:00:04,490 --> 01:00:01,819

of

1323

01:00:07,789 --> 01:00:04,500

2021 okay

1324

01:00:09,829 --> 01:00:07,799

and uh about that same time I got a full

1325

01:00:11,450 --> 01:00:09,839

page letter from Senator Schumer's

1326

01:00:13,309 --> 01:00:11,460

office thanking me for supporting

1327

01:00:16,730 --> 01:00:13,319

Congressional hearings

1328

01:00:19,609 --> 01:00:16,740

did you uh send anything to gillibran

1329

01:00:22,010 --> 01:00:19,619

yeah we sent both Schumer and a Jilla

1330

01:00:23,390 --> 01:00:22,020

brand our white book right right when

1331

01:00:25,190 --> 01:00:23,400

the first one came out with the New Year

1332

01:00:26,809 --> 01:00:25,200

New York Times article we put that with

1333

01:00:28,730 --> 01:00:26,819

it and everything like this never heard

1334

01:00:30,890 --> 01:00:28,740

a peep out of her office at least the

1335

01:00:32,990 --> 01:00:30,900

Schumer's office uh talked to me a

1336

01:00:35,750 --> 01:00:33,000

little bit you know but right right as

1337

01:00:37,190 --> 01:00:35,760

far as it went uh all these guys that

1338

01:00:40,390 --> 01:00:37,200

are running the Congressional hearings

1339

01:00:43,970 --> 01:00:40,400

have gotten something from us but

1340

01:00:46,609 --> 01:00:43,980

it's been a parade of Pentagon Spooks

1341

01:00:48,530 --> 01:00:46,619

and swaggering Pilots they're only now

1342

01:00:50,690 --> 01:00:48,540

starting to talk the last thing they did

1343

01:00:51,349 --> 01:00:50,700

the guy who one of the missile guys you

1344

01:00:52,450 --> 01:00:51,359

know

1345

01:00:56,329 --> 01:00:52,460

um

1346

01:00:59,210 --> 01:00:56,339

yeah they just did him thank God you

1347

01:01:01,490 --> 01:00:59,220

know with that I agree with that

1348

01:01:04,250 --> 01:01:01,500

um what about Andre Carson from Indiana

1349

01:01:06,950 --> 01:01:04,260

he as soon as the week they announced

1350

01:01:10,910 --> 01:01:06,960

those CL those uh hearings his office in

1351
01:01:12,589 --> 01:01:10,920
in Indianapolis got got uh the same kind

1352
01:01:14,870 --> 01:01:12,599
of package I dumped the entire state

1353
01:01:18,049 --> 01:01:14,880
with maps and gave him a copy of the

1354
01:01:21,170 --> 01:01:18,059
pink book and what about uh Timber chat

1355
01:01:24,490 --> 01:01:21,180
uh him I didn't know about okay okay

1356
01:01:27,890 --> 01:01:24,500
he's he's he's one of the the more vocal

1357
01:01:29,630 --> 01:01:27,900
uh you know Representatives uh pretty

1358
01:01:30,950 --> 01:01:29,640
outspoken that we're being lied to and

1359
01:01:32,630 --> 01:01:30,960
our government is suppressing this

1360
01:01:35,030 --> 01:01:32,640
information and we got to get somebody

1361
01:01:38,210 --> 01:01:35,040
is sitting on us

1362
01:01:41,750 --> 01:01:38,220
um I've hit three people now who are

1363
01:01:44,390 --> 01:01:41,760

well we'll say in the Inner Loop tell me

1364

01:01:46,849 --> 01:01:44,400

that you know Cheryl you and Linda are

1365

01:01:50,270 --> 01:01:46,859

being sat on you've got numbers and

1366

01:01:52,370 --> 01:01:50,280

there's like this shyness to actually oh

1367

01:01:54,770 --> 01:01:52,380

yeah the military oversensitive airspace

1368

01:01:57,770 --> 01:01:54,780

they had 500 it was in the ondi report

1369

01:01:59,930 --> 01:01:57,780

remember wow wow 500 side

1370

01:02:03,890 --> 01:01:59,940

I got 169

1371

01:02:07,069 --> 01:02:03,900

000 you know 632 guys you know how about

1372

01:02:10,069 --> 01:02:07,079

that no they don't want us to scare the

1373

01:02:12,230 --> 01:02:10,079

people in the flyover country yeah you

1374

01:02:15,589 --> 01:02:12,240

know I've I've I've I've I've talked

1375

01:02:17,450 --> 01:02:15,599

about that a lot and we are looking at

1376

01:02:18,890 --> 01:02:17,460

now I'm happy about the progress that

1377

01:02:20,569 --> 01:02:18,900

it's being made I'm not going to say

1378

01:02:23,210 --> 01:02:20,579

that but

1379

01:02:26,569 --> 01:02:23,220

um the numbers are skewed because we're

1380

01:02:29,750 --> 01:02:26,579

looking at military data and their needs

1381

01:02:31,849 --> 01:02:29,760

to uh be a point and I don't know when

1382

01:02:35,329 --> 01:02:31,859

it's gonna be hopefully sooner than

1383

01:02:38,870 --> 01:02:35,339

later where they hear from us they need

1384

01:02:42,410 --> 01:02:38,880

the civilian input on all of this and

1385

01:02:44,510 --> 01:02:42,420

right now it is uh the way that uh this

1386

01:02:46,250 --> 01:02:44,520

this data is completely skewed it's

1387

01:02:48,470 --> 01:02:46,260

military and now it's professional

1388

01:02:50,870 --> 01:02:48,480

Pilots I get that it's it's military

1389

01:02:53,150 --> 01:02:50,880

sensors and and and and do you

1390

01:02:54,170 --> 01:02:53,160

understand credible Pilots that's what

1391

01:02:56,569 --> 01:02:54,180

they're looking there for It's The

1392

01:03:00,230 --> 01:02:56,579

credibility they tend to look at all the

1393

01:03:01,970 --> 01:03:00,240

the stuff in new fork and mufon as not

1394

01:03:05,049 --> 01:03:01,980

necessarily I hear some news director oh

1395

01:03:07,910 --> 01:03:05,059

it can't be credible right that's why

1396

01:03:09,890 --> 01:03:07,920

all the all you see on TV anymore is

1397

01:03:11,930 --> 01:03:09,900

somebody interviewing a pilot right

1398

01:03:15,490 --> 01:03:11,940

let's get to Florida before we do our

1399

01:03:19,329 --> 01:03:15,500

break okay uh 11

1400

01:03:26,450 --> 01:03:19,339

043 for the 20 years an average of

1401

01:03:30,230 --> 01:03:26,460

552 per year about 46 a month about 11 a

1402

01:03:32,569 --> 01:03:30,240

week and two a day wow so they're number

1403

01:03:35,089 --> 01:03:32,579

two uh okay if I'm gonna make

1404

01:03:36,049 --> 01:03:35,099

predictions for hot spots I'm going to

1405

01:03:45,190 --> 01:03:36,059

go

1406

01:03:48,470 --> 01:03:45,200

Lauderdale and Miami no actually not

1407

01:03:51,770 --> 01:03:48,480

county-wise Broward County Miami-Dade

1408

01:03:55,789 --> 01:03:51,780

County that's Miami okay uh Miami Beach

1409

01:04:00,109 --> 01:03:55,799

County Orange County and uh

1410

01:04:03,849 --> 01:04:00,119

um pineliness of Pinellas Pinellas I'm

1411

01:04:09,250 --> 01:04:03,859

sorry okay now cities Orlando Miami

1412

01:04:13,069 --> 01:04:09,260

Jacksonville Tampa uh Sarasota oh okay

1413

01:04:16,569 --> 01:04:13,079

there yeah yeah I was halfway there

1414

01:04:19,430 --> 01:04:16,579

um no mention about Gulf Breeze

1415

01:04:21,950 --> 01:04:19,440

come on you're supposed to laugh

1416

01:04:24,470 --> 01:04:21,960

um do you remember nada

1417

01:04:28,150 --> 01:04:24,480

NADA yet

1418

01:04:32,030 --> 01:04:28,160

remember uh I know you do but

1419

01:04:35,569 --> 01:04:32,040

1985-86 when that was Front Page News

1420

01:04:37,849 --> 01:04:35,579

sitting up there yeah I could tell there

1421

01:04:40,190 --> 01:04:37,859

were balloons you know

1422

01:04:43,670 --> 01:04:40,200

I mean I'll never forget I was in

1423

01:04:45,890 --> 01:04:43,680

Pasadena at the time and uh I I don't

1424

01:04:49,130 --> 01:04:45,900

know if it's the LA Times or whatever

1425

01:04:52,370 --> 01:04:49,140

the Pasadena newspaper was at the time a

1426

01:04:54,950 --> 01:04:52,380

color photograph of Gulf Breeze uh with

1427

01:04:56,569 --> 01:04:54,960

you know that UFO on the cover and then

1428

01:04:59,030 --> 01:04:56,579

it made it you know it was Time Magazine

1429

01:05:01,849 --> 01:04:59,040

this was huge news across the United

1430

01:05:05,150 --> 01:05:01,859

States that was really a big deal yeah

1431

01:05:07,190 --> 01:05:05,160

it was it was until you're the guy in

1432

01:05:09,289 --> 01:05:07,200

the in the chat room that said they'd

1433

01:05:12,170 --> 01:05:09,299

like to see me testify I would like to

1434

01:05:14,270 --> 01:05:12,180

see me testify we would love to have you

1435

01:05:15,710 --> 01:05:14,280

testify you need to testify all right

1436

01:05:19,250 --> 01:05:15,720

let's take a break our guest tonight

moon wellness products it's the only

1516

01:08:55,930 --> 01:08:47,100

coffee I drink it is the best and it's

1517

01:08:55,940 --> 01:09:00,130

River Moon coffee

1518

01:09:04,370 --> 01:09:02,630

all right now

1519

01:09:07,070 --> 01:09:04,380

um hey can I can I pitch where I'm going

1520

01:09:10,370 --> 01:09:07,080

to be speaking real quick it's your show

1521

01:09:12,410 --> 01:09:10,380

okay some dude with a microphone okay uh

1522

01:09:15,470 --> 01:09:12,420

we're uh Linda and I are both gonna be

1523

01:09:18,530 --> 01:09:15,480

speaking in May at McMenamins up in

1524

01:09:22,010 --> 01:09:18,540

Portland Oregon okay together which is

1525

01:09:26,390 --> 01:09:22,020

rare and um we're going to be speaking

1526

01:09:30,289 --> 01:09:26,400

together at Roswell incident okay in

1527

01:09:32,630 --> 01:09:30,299

July okay and I'm speaking at contact in

1528

01:09:35,990 --> 01:09:32,640

the desert in Palm Springs

1529

01:09:37,970 --> 01:09:36,000

wow that's a that's a good year yeah and

1530

01:09:40,309 --> 01:09:37,980

one more I would you believe you know I

1531

01:09:42,169 --> 01:09:40,319

got my book of magic out there somebody

1532

01:09:43,610 --> 01:09:42,179

finally booked me for one of these

1533

01:09:45,050 --> 01:09:43,620

mystical things that I'm going to be

1534

01:09:47,570 --> 01:09:45,060

going to a place called the mystical

1535

01:09:49,209 --> 01:09:47,580

tribe event in August and I'm going to

1536

01:09:51,849 --> 01:09:49,219

teach Magic

1537

01:09:56,150 --> 01:09:51,859

Man where's that at

1538

01:09:58,430 --> 01:09:56,160

uh two hours to the west of Chicago

1539

01:10:00,770 --> 01:09:58,440

that sounds like a good time right there

1540

01:10:02,930 --> 01:10:00,780

yeah it's a very intimate it's a it's

1541

01:10:04,850 --> 01:10:02,940

about a hundred people you know and they

1542

01:10:07,370 --> 01:10:04,860

do the they do it at a bed and breakfast

1543

01:10:09,590 --> 01:10:07,380

and they have these speakers come in and

1544

01:10:12,110 --> 01:10:09,600

uh give these um presentations and this

1545

01:10:14,450 --> 01:10:12,120

ladies was chasing me all over social

1546

01:10:17,570 --> 01:10:14,460

media telling people please put me in

1547

01:10:18,709 --> 01:10:17,580

touch with her you know that's that's so

1548

01:10:19,330 --> 01:10:18,719

cool so

1549

01:10:23,510 --> 01:10:19,340

um

1550

01:10:25,910 --> 01:10:23,520

the next my weight my magic books okay I

1551

01:10:27,530 --> 01:10:25,920

want to talk about that okay so let's

1552

01:10:29,050 --> 01:10:27,540

the next state is going to be

1553

01:10:31,550 --> 01:10:29,060

Massachusetts

1554

01:10:33,830 --> 01:10:31,560

uh but wait a minute

1555

01:10:35,990 --> 01:10:33,840

um what what kind of magic are you gonna

1556

01:10:47,090 --> 01:10:36,000

teach

1557

01:10:50,570 --> 01:10:47,100

magical physics

1558

01:10:53,570 --> 01:10:50,580

right on it's a higher form of physics I

1559

01:10:56,570 --> 01:10:53,580

teach straight up no candles no incense

1560

01:10:58,790 --> 01:10:56,580

no demons no Gods no goddesses I teach

1561

01:11:02,229 --> 01:10:58,800

you the mechanics of turning thought

1562

01:11:05,990 --> 01:11:02,239

into form oh that's cool well

1563

01:11:08,090 --> 01:11:06,000

46 years is a Wicca Priestess uh the

1564

01:11:10,250 --> 01:11:08,100

last 20 years as a Buddha an ordained

1565

01:11:12,709 --> 01:11:10,260

Buddhist Yogi I know something about the

1566

01:11:17,040 --> 01:11:12,719

mechanics of magic yeah right but you do

1567

01:11:21,770 --> 01:11:19,450

[Music]

1568

01:11:24,649 --> 01:11:21,780

all right Massachusetts Jessica

1569

01:11:27,229 --> 01:11:24,659

Rodriguez wants to know about her state

1570

01:11:29,390 --> 01:11:27,239

of Massachusetts coming right up

1571

01:11:31,189 --> 01:11:29,400

momentarily I'm just trying to get it

1572

01:11:34,430 --> 01:11:31,199

centered up in that Maryland come on not

1573

01:11:37,030 --> 01:11:34,440

that not not that uh okay okay

1574

01:11:40,010 --> 01:11:37,040

Massachusetts here we go here we go okay

1575

01:11:43,209 --> 01:11:40,020

Massachusetts it's a small place it

1576

01:11:46,669 --> 01:11:43,219

ranks number 19 of of 50.

1577

01:11:50,090 --> 01:11:46,679

uh the over 20 years they had three

1578

01:11:53,990 --> 01:11:50,100

thousand forty uh an average of 152 a

1579

01:11:57,770 --> 01:11:54,000

year uh about 13 a month about three a

1580

01:12:00,590 --> 01:11:57,780

week and run about every three days

1581

01:12:02,270 --> 01:12:00,600

I would I would have thought no well I

1582

01:12:05,110 --> 01:12:02,280

guess number 19

1583

01:12:08,570 --> 01:12:05,120

right the upper third right

1584

01:12:12,110 --> 01:12:08,580

okay that kind of makes sense but where

1585

01:12:13,850 --> 01:12:12,120

Massachusetts is which you've got uh

1586

01:12:15,470 --> 01:12:13,860

Vermont which is way high in the

1587

01:12:18,590 --> 01:12:15,480

sightings and we'll we'll certainly get

1588

01:12:20,570 --> 01:12:18,600

to that but but it's it's just north of

1589

01:12:22,729 --> 01:12:20,580

New York and you know it's on the east

1590

01:12:26,149 --> 01:12:22,739

coast you would think that there would

1591

01:12:28,250 --> 01:12:26,159

be you know Boston of course uh that uh

1592

01:12:30,110 --> 01:12:28,260

that New England area that uh

1593

01:12:32,709 --> 01:12:30,120

Massachusetts might rank a little bit

1594

01:12:35,930 --> 01:12:32,719

higher what are the hot spots

1595

01:12:39,410 --> 01:12:35,940

this is doesn't make any sense

1596

01:12:40,850 --> 01:12:39,420

okay Middlesex County worse uh

1597

01:12:43,689 --> 01:12:40,860

Worcester

1598

01:12:46,610 --> 01:12:43,699

Essex really really

1599

01:12:49,430 --> 01:12:46,620

Burns stable County

1600

01:12:50,870 --> 01:12:49,440

so not what you think in the cities that

1601
01:12:55,010 --> 01:12:50,880
that's just gonna blow your socks off

1602
01:12:58,610 --> 01:12:55,020
Worcester Springfield Lowell uh New

1603
01:13:01,790 --> 01:12:58,620
Bedford Plymouth Pittsfield

1604
01:13:03,590 --> 01:13:01,800
what Province Town go ahead and say

1605
01:13:06,890 --> 01:13:03,600
Province down next

1606
01:13:10,490 --> 01:13:06,900
see here's the thing no no that isn't

1607
01:13:13,610 --> 01:13:10,500
enough Springfield is Way east of Boston

1608
01:13:15,470 --> 01:13:13,620
it's east of Worcester where Chester's

1609
01:13:17,990 --> 01:13:15,480
in the middle of the state it's closer

1610
01:13:21,290 --> 01:13:18,000
to New York right it is closer to New

1611
01:13:24,770 --> 01:13:21,300
York and uh closer to Providence too as

1612
01:13:27,410 --> 01:13:24,780
well but Plymouth is south of Boston and

1613
01:13:30,050 --> 01:13:27,420

out there on the coast in the cape and

1614

01:13:32,330 --> 01:13:30,060

having them rank uh higher than Boston

1615

01:13:35,270 --> 01:13:32,340

itself that's that's that's that's

1616

01:13:37,430 --> 01:13:35,280

pretty strange but then again if you

1617

01:13:39,890 --> 01:13:37,440

think about it Springfield is out in the

1618

01:13:42,470 --> 01:13:39,900

sticks a little bit you know so less

1619

01:13:44,689 --> 01:13:42,480

light pollution I guess is there another

1620

01:13:47,390 --> 01:13:44,699

reason to have Springfield and

1621

01:13:50,149 --> 01:13:47,400

warchester up up so high on the list

1622

01:13:52,370 --> 01:13:50,159

yeah very interesting it's in the center

1623

01:13:54,290 --> 01:13:52,380

of the state and it really doesn't have

1624

01:13:56,090 --> 01:13:54,300

the light pollution that Boston does and

1625

01:13:58,490 --> 01:13:56,100

Boston's pretty lit up it really is yeah

1626

01:14:00,350 --> 01:13:58,500

it is it is it is even in the burbs I

1627

01:14:04,310 --> 01:14:00,360

used to go up to a place called Wayland

1628

01:14:08,030 --> 01:14:04,320

Mass which is in The Burbs and it it's

1629

01:14:10,430 --> 01:14:08,040

still pretty rotten for sightings and uh

1630

01:14:13,370 --> 01:14:10,440

we'll see if somebody wants to uh

1631

01:14:15,649 --> 01:14:13,380

mention Vermont but Vermont is way high

1632

01:14:17,930 --> 01:14:15,659

it's on the opposite end I mean they've

1633

01:14:19,570 --> 01:14:17,940

got a very high number okay next up is

1634

01:14:23,750 --> 01:14:19,580

Arkansas

1635

01:14:26,689 --> 01:14:23,760

Mary Ruth wants to know about the great

1636

01:14:28,490 --> 01:14:26,699

state they're all great States but I

1637

01:14:30,110 --> 01:14:28,500

love Arkansas Arkansas is an amazing

1638

01:14:32,209 --> 01:14:30,120

place

1639

01:14:34,970 --> 01:14:32,219

um and now okay I'm gonna make a

1640

01:14:39,050 --> 01:14:34,980

prediction I'm gonna say Arkansas is I'm

1641

01:14:42,550 --> 01:14:39,060

gonna go number 14.

1642

01:14:45,770 --> 01:14:42,560

that's mine I'm still pulling it up

1643

01:14:50,750 --> 01:14:45,780

I have I have the list I got it right

1644

01:14:58,330 --> 01:14:50,760

here I'm sorry but my prediction is 14.

1645

01:15:01,669 --> 01:14:58,340

why smoking what 35 35 of 50. okay

1646

01:15:03,709 --> 01:15:01,679

well uh Linda and I they they've got one

1647

01:15:06,050 --> 01:15:03,719

fantastic conference down there the

1648

01:15:08,270 --> 01:15:06,060

Ozark Mountain conference I've spoken

1649

01:15:10,370 --> 01:15:08,280

there twice uh the first time I did it

1650

01:15:12,830 --> 01:15:10,380

by myself the last one was last year

1651

01:15:16,310 --> 01:15:12,840

Lyndon and I did it together rocked the

1652

01:15:17,050 --> 01:15:16,320

place okay so okay here we are

1653

01:15:21,290 --> 01:15:17,060

um

1654

01:15:22,090 --> 01:15:21,300

1468 for the 20 years an average of 73 a

1655

01:15:28,010 --> 01:15:22,100

year

1656

01:15:29,510 --> 01:15:28,020

uh six a month and about one maybe two a

1657

01:15:32,590 --> 01:15:29,520

week

1658

01:15:35,450 --> 01:15:32,600

that surprises me

1659

01:15:37,189 --> 01:15:35,460

and that's just I I'm I am really

1660

01:15:39,770 --> 01:15:37,199

surprised with that I was joking about

1661

01:15:42,530 --> 01:15:39,780

number 35. I was serious about number

1662

01:15:45,709 --> 01:15:42,540

14. I would have thought that there was

1663

01:15:47,630 --> 01:15:45,719

more sightings there okay the tops okay

1664

01:15:50,450 --> 01:15:47,640

the top five counties are Washington

1665

01:15:53,870 --> 01:15:50,460

County Benton County Pulaski County

1666

01:15:56,510 --> 01:15:53,880

Faulkner County and Craighead County and

1667

01:15:59,450 --> 01:15:56,520

then the cities were Fayetteville Little

1668

01:16:01,790 --> 01:15:59,460

Rock Jonesboro which surprised the heck

1669

01:16:05,050 --> 01:16:01,800

out of me with Jonesboro

1670

01:16:08,930 --> 01:16:05,060

um uh Fort Smith and Conway

1671

01:16:11,510 --> 01:16:08,940

those are well Fort Smith right you know

1672

01:16:13,370 --> 01:16:11,520

Fayetteville those are the big cities

1673

01:16:14,470 --> 01:16:13,380

um and yeah and here's the other thing

1674

01:16:18,229 --> 01:16:14,480

about Arkansas

1675

01:16:21,770 --> 01:16:18,239

it is unless you're in Fort Collins you

1676

01:16:24,169 --> 01:16:21,780

know or Fort Smith I mean uh a big

1677

01:16:26,630 --> 01:16:24,179

university cities right the Razorbacks

1678

01:16:31,010 --> 01:16:26,640

and all of that but once you get outside

1679

01:16:33,950 --> 01:16:31,020

of that it's rural I mean it's really

1680

01:16:36,169 --> 01:16:33,960

really uh Rural and so I could see the

1681

01:16:38,709 --> 01:16:36,179

sightings being lower makes sense you

1682

01:16:41,390 --> 01:16:38,719

can't get a salad there

1683

01:16:44,149 --> 01:16:41,400

no but you can get everything's fried

1684

01:16:46,250 --> 01:16:44,159

baby everything was fried you can get

1685

01:16:49,370 --> 01:16:46,260

all the chicken fried steak and eggs

1686

01:16:52,850 --> 01:16:49,380

with gravy that you can eat and I love

1687

01:16:56,630 --> 01:16:52,860

it biscuits and gravy all day long

1688

01:17:02,270 --> 01:17:00,470

all right so I've got uh a couple of

1689

01:17:04,610 --> 01:17:02,280

Canada's in here and I know that you

1690

01:17:07,370 --> 01:17:04,620

don't do Canada

1691

01:17:10,790 --> 01:17:07,380

um or at least not yet but let's go to

1692

01:17:11,990 --> 01:17:10,800

Tennessee Stargazer wants to know about

1693

01:17:16,250 --> 01:17:12,000

Tennessee

1694

01:17:18,530 --> 01:17:16,260

like Arkansas

1695

01:17:22,310 --> 01:17:18,540

it's a more populated state it's south

1696

01:17:24,410 --> 01:17:22,320

of Ohio uh Indiana okay well I've been

1697

01:17:28,910 --> 01:17:24,420

corrected by my Native American friend

1698

01:17:31,310 --> 01:17:28,920

it's tanasi oh stop with that okay I'm

1699

01:17:36,610 --> 01:17:31,320

from Indiana it's Tennessee all day long

1700

01:17:41,510 --> 01:17:36,620

that's okay number 20 a 50.

1701

01:17:45,530 --> 01:17:41,520

I had 3016 for the 20 years he had 150 a

1702

01:17:47,290 --> 01:17:45,540

year uh about 13 a month about three a

1703

01:17:50,510 --> 01:17:47,300

week

1704

01:17:51,649 --> 01:17:50,520

doesn't surprise that that I think

1705

01:17:53,390 --> 01:17:51,659

that's

1706

01:17:55,550 --> 01:17:53,400

you know it's the cross I get a lot of

1707

01:17:59,209 --> 01:17:55,560

requests for Tennessee I really do yeah

1708

01:18:01,729 --> 01:17:59,219

and now uh Memphis

1709

01:18:04,610 --> 01:18:01,739

okay okay let me give you the counties

1710

01:18:06,530 --> 01:18:04,620

first Davidson County Knox County Shelby

1711

01:18:09,970 --> 01:18:06,540

County Rutherford County and Hamilton

1712

01:18:13,430 --> 01:18:09,980

County top five right okay Nashville

1713

01:18:14,209 --> 01:18:13,440

Knoxville Memphis

1714

01:18:30,950 --> 01:18:14,219

um

1715

01:18:32,050 --> 01:18:30,960

and Memphis that's where Memphis is

1716

01:18:35,149 --> 01:18:32,060

right

1717

01:18:36,430 --> 01:18:35,159

what's across the river

1718

01:18:40,550 --> 01:18:36,440

Arkansas

1719

01:18:43,669 --> 01:18:40,560

it's right there so you have you know

1720

01:18:47,570 --> 01:18:43,679

Tennessee at number 20

1721

01:18:50,450 --> 01:18:47,580

um and Arkansas at 35 Shelby and Memphis

1722

01:18:52,910 --> 01:18:50,460

you know rank so high the people that

1723

01:18:54,890 --> 01:18:52,920

are in Little Rock have the same sky as

1724

01:18:58,910 --> 01:18:54,900

the people in Shelby County it's right

1725

01:19:02,930 --> 01:18:58,920

there yeah but okay Arkansas to the West

1726

01:19:04,970 --> 01:19:02,940

yes yeah okay that little piece of

1727

01:19:08,830 --> 01:19:04,980

Arkansas down there and down there on

1728

01:19:11,750 --> 01:19:08,840

the edge to to go to Canada to Tennessee

1729

01:19:13,370 --> 01:19:11,760

the zip codes are empty

1730

01:19:15,290 --> 01:19:13,380

it doesn't make any sense there's a

1731

01:19:16,910 --> 01:19:15,300

whole big chunk of it there just just

1732

01:19:19,130 --> 01:19:16,920

yeah chunk of a whole bunch of zip codes

1733

01:19:21,350 --> 01:19:19,140

nothing there like I said the 40 freeway

1734

01:19:22,810 --> 01:19:21,360

goes right through Memphis right goes

1735

01:19:27,290 --> 01:19:22,820

right into Arkansas

1736

01:19:30,649 --> 01:19:27,300

and uh it's it's it's the same city to

1737

01:19:33,169 --> 01:19:30,659

me it's the same state it's only a river

1738

01:19:35,450 --> 01:19:33,179

the Mississippi River that's dividing

1739

01:19:40,149 --> 01:19:35,460

that so why would the numbers be so

1740

01:19:42,649 --> 01:19:40,159

skewed I I I I think when I'm

1741

01:19:44,270 --> 01:19:42,659

studying this and actually having this

1742

01:19:46,250 --> 01:19:44,280

conversation with you I'm thinking the

1743

01:19:49,250 --> 01:19:46,260

Thornton and influencer in there there

1744

01:19:52,370 --> 01:19:49,260

are some cultural influences sure there

1745

01:19:55,070 --> 01:19:52,380

are yeah yeah especially in Arkansas so

1746

01:19:58,729 --> 01:19:55,080

let's let that go for now Cheryl and

1747

01:20:01,070 --> 01:19:58,739

let's go to next up Danny wants to know

1748

01:20:03,530 --> 01:20:01,080

about South Carolina this is going to be

1749

01:20:05,630 --> 01:20:03,540

interesting oh now South Carolina I can

1750

01:20:08,630 --> 01:20:05,640

tell you right off the top there it's

1751

01:20:11,330 --> 01:20:08,640

it's something very special

1752

01:20:16,010 --> 01:20:11,340

um it is

1753

01:20:18,410 --> 01:20:16,020

number 22 in the country okay now

1754

01:20:19,430 --> 01:20:18,420

um that's about halfway through the list

1755

01:20:21,229 --> 01:20:19,440

right

1756

01:20:24,709 --> 01:20:21,239

but what's interesting about South

1757

01:20:26,570 --> 01:20:24,719

Carolina is that uh last summer when

1758

01:20:28,370 --> 01:20:26,580

they were having all those earthquakes

1759

01:20:31,189 --> 01:20:28,380

down there

1760

01:20:33,590 --> 01:20:31,199

uh remember I said you uh once upon a

1761

01:20:36,169 --> 01:20:33,600

time I said one of the influencers where

1762

01:20:37,850 --> 01:20:36,179

ET is interested in our fault zones

1763

01:20:40,189 --> 01:20:37,860

okay

1764

01:20:41,990 --> 01:20:40,199

um every time I heard a newscast hey

1765

01:20:44,810 --> 01:20:42,000

they had another earthquake down it was

1766

01:20:46,189 --> 01:20:44,820

like one a week down there they uh they

1767

01:20:48,649 --> 01:20:46,199

would say and they would say what county

1768

01:20:50,870 --> 01:20:48,659

it was and I was kind of let's boom boom

1769

01:20:55,130 --> 01:20:50,880

boom boom there they were

1770

01:20:57,490 --> 01:20:55,140

no kidding yeah yeah so okay uh kind of

1771

01:21:00,310 --> 01:20:57,500

okay Horry County is number one

1772

01:21:04,330 --> 01:21:00,320

Charleston County Greenville County

1773

01:21:07,610 --> 01:21:04,340

Richland County and Lexington County

1774

01:21:08,649 --> 01:21:07,620

Myrtle Beach now this is special Myrtle

1775

01:21:13,130 --> 01:21:08,659

Beach

1776

01:21:16,010 --> 01:21:13,140

400 in the 20 years really North Myrtle

1777

01:21:21,110 --> 01:21:16,020

Beach gets 180 and then Charleston falls

1778

01:21:25,250 --> 01:21:21,120

off the 99 Columbia 96 Greenville 66.

1779

01:21:27,709 --> 01:21:25,260

hey okay now here's here's something

1780

01:21:28,850 --> 01:21:27,719

that we that that holds a lot of weight

1781

01:21:34,610 --> 01:21:28,860

now

1782

01:21:38,410 --> 01:21:34,620

the Navy and and stuff that is happening

1783

01:21:41,570 --> 01:21:38,420

off of the coast Charleston yeah yeah

1784

01:21:43,250 --> 01:21:41,580

for a short time yeah huge Naval

1785

01:21:45,950 --> 01:21:43,260

installation I mean it's just crazy how

1786

01:21:47,570 --> 01:21:45,960

how big it is and all of the exercises

1787

01:21:49,070 --> 01:21:47,580

that they do out there and all of the

1788

01:21:50,570 --> 01:21:49,080

sightings that have been happening and

1789

01:21:53,270 --> 01:21:50,580

they got a yard and they also have a

1790

01:21:56,689 --> 01:21:53,280

shipyard there too Shipyard yeah yeah

1791

01:21:59,090 --> 01:21:56,699

and yeah we went we our submarine went

1792

01:22:01,430 --> 01:21:59,100

in for some shipyards uh stuff so we're

1793

01:22:03,470 --> 01:22:01,440

in Dry Dock you know so we have a huge

1794

01:22:07,189 --> 01:22:03,480

Air Force Base there too as well in

1795

01:22:09,530 --> 01:22:07,199

Charleston and uh what state next uh oh

1796

01:22:14,689 --> 01:22:09,540

oh you just want to keep on going okay

1797

01:22:18,350 --> 01:22:14,699

you ready sure New York Scott wants to

1798

01:22:20,510 --> 01:22:18,360

know what's going on in New York okay so

1799

01:22:23,630 --> 01:22:20,520

um as you're looking that up so we've

1800

01:22:27,110 --> 01:22:23,640

got California number one and we've got

1801

01:22:31,430 --> 01:22:27,120

number two number two Texas at number

1802

01:22:35,390 --> 01:22:31,440

four three three oh Texas is three so is

1803

01:22:36,790 --> 01:22:35,400

New York number four no what New York is

1804

01:22:39,410 --> 01:22:36,800

number five

1805

01:22:41,510 --> 01:22:39,420

okay let me show you let me tell you

1806

01:22:44,870 --> 01:22:41,520

who's number four uh no no no no no no

1807

01:22:47,030 --> 01:22:44,880

no no save that Cheryl no save that come

1808

01:22:49,370 --> 01:22:47,040

on it's radio all right yeah all right

1809

01:22:51,290 --> 01:22:49,380

it's radio you've already forgotten

1810

01:22:52,850 --> 01:22:51,300

Goodreads yeah you got to keep the

1811

01:22:55,370 --> 01:22:52,860

suspense going you gotta keep the

1812

01:23:00,470 --> 01:22:55,380

suspense going okay so New York's number

1813

01:23:02,330 --> 01:23:00,480

five okay uh they had that seven seven

1814

01:23:07,430 --> 01:23:02,340

thousand one hundred and twenty four for

1815

01:23:10,970 --> 01:23:07,440

20 years average about 356 A year about

1816

01:23:14,090 --> 01:23:10,980

30 a month about seven a week and about

1817

01:23:19,130 --> 01:23:17,090

makes sense yeah kind of would maybe

1818

01:23:22,130 --> 01:23:19,140

expect it to be a little bit higher but

1819

01:23:24,790 --> 01:23:22,140

everybody can't be number one right so

1820

01:23:28,189 --> 01:23:24,800

but but number five is is a big number

1821

01:23:30,169 --> 01:23:28,199

now the light pollution I'm just gonna

1822

01:23:32,870 --> 01:23:30,179

make this comment because Scott wants to

1823

01:23:34,850 --> 01:23:32,880

know specifically about Rochester and

1824

01:23:36,649 --> 01:23:34,860

once you get out of the five boroughs

1825

01:23:38,630 --> 01:23:36,659

right you get out of Manhattan because

1826
01:23:40,550 --> 01:23:38,640
that is complete light pollution right

1827
01:23:42,050 --> 01:23:40,560
but once you get out of there and you

1828
01:23:44,870 --> 01:23:42,060
get to Buffalo and you get to Rochester

1829
01:23:46,669 --> 01:23:44,880
right and you get into the outlying

1830
01:23:50,149 --> 01:23:46,679
areas

1831
01:23:52,490 --> 01:23:50,159
um a lot less light pollution so I'm

1832
01:23:54,590 --> 01:23:52,500
wondering what the number one city is uh

1833
01:23:55,790 --> 01:23:54,600
going to be okay it's going to blow your

1834
01:23:59,330 --> 01:23:55,800
socks off

1835
01:24:01,970 --> 01:23:59,340
okay the number one set let me do the

1836
01:24:06,470 --> 01:24:01,980
let me do the counties first okay

1837
01:24:10,790 --> 01:24:08,270
keep going okay

1838
01:24:12,350 --> 01:24:10,800

Suffolk County Long Island in the first

1839

01:24:14,570 --> 01:24:12,360

book and our first book Suffolk County

1840

01:24:17,450 --> 01:24:14,580

Long Island was Ground Zero that's right

1841

01:24:19,070 --> 01:24:17,460

I remember yeah yeah Erie County which

1842

01:24:20,390 --> 01:24:19,080

we used to have in New York state you

1843

01:24:22,370 --> 01:24:20,400

said everybody said oh it's up there

1844

01:24:25,550 --> 01:24:22,380

it's called a lake area effect you know

1845

01:24:29,090 --> 01:24:25,560

okay Nassau County which again is Long

1846

01:24:32,030 --> 01:24:29,100

Island and Monroe County uh which is

1847

01:24:35,350 --> 01:24:32,040

essentially Rochester so okay it's for

1848

01:24:40,910 --> 01:24:35,360

cities New York City had

1849

01:24:43,010 --> 01:24:40,920

971 and that's Manhattan but people also

1850

01:24:44,810 --> 01:24:43,020

report in the five boroughs so they say

1851

01:24:47,090 --> 01:24:44,820

New York City and then they put in

1852

01:24:50,990 --> 01:24:47,100

parentheses you know Bronx or you know

1853

01:24:51,709 --> 01:24:51,000

whatever okay Queens yeah exactly

1854

01:24:57,470 --> 01:24:51,719

um

1855

01:25:01,850 --> 01:24:57,480

[Music]

1856

01:25:04,729 --> 01:25:01,860

okay Buffalo was down 10 points more uh

1857

01:25:08,930 --> 01:25:04,739

it was number three Syracuse is number

1858

01:25:11,270 --> 01:25:08,940

four and Utica was number five and guess

1859

01:25:15,350 --> 01:25:11,280

what's special about them they were all

1860

01:25:23,390 --> 01:25:19,149

um okay now if you want to talk about

1861

01:25:25,430 --> 01:25:23,400

triangle UFOs in New York state

1862

01:25:27,590 --> 01:25:25,440

huge amount of sightings along the New

1863

01:25:31,669 --> 01:25:27,600

York State Thruway and what about Hudson

1864

01:25:37,790 --> 01:25:34,550

you know I we can't you know the that

1865

01:25:39,229 --> 01:25:37,800

flat that happened in 1985 1986 it

1866

01:25:43,370 --> 01:25:39,239

happened back then it doesn't it's not

1867

01:25:45,229 --> 01:25:43,380

so the no there isn't a propensity for

1868

01:25:47,750 --> 01:25:45,239

sightings but they haven't they have an

1869

01:25:51,890 --> 01:25:47,760

attitude they call their local people

1870

01:25:53,510 --> 01:25:51,900

like um uh I can't remember her name uh

1871

01:25:55,669 --> 01:25:53,520

there's a couple people down there that

1872

01:25:58,129 --> 01:25:55,679

everybody calls and tells but they don't

1873

01:26:00,169 --> 01:25:58,139

report into the National Services right

1874

01:26:02,750 --> 01:26:00,179

right right right right they tell their

1875

01:26:04,610 --> 01:26:02,760

local researcher down there so we don't

1876

01:26:06,169 --> 01:26:04,620

really in fact I get I used to get a lot

1877

01:26:07,370 --> 01:26:06,179

of hate meals when why aren't you

1878

01:26:09,950 --> 01:26:07,380

talking about I said you're not

1879

01:26:13,930 --> 01:26:09,960

reporting to the initial Services you

1880

01:26:16,490 --> 01:26:13,940

know uh albany's not on the list

1881

01:26:18,649 --> 01:26:16,500

number eight

1882

01:26:23,090 --> 01:26:18,659

albany's the capital of New York right

1883

01:26:26,689 --> 01:26:23,100

yeah yeah yeah see I kind of remember

1884

01:26:30,470 --> 01:26:26,699

these things but uh no Scranton uh

1885

01:26:32,990 --> 01:26:30,480

Syracuse I mean uh yeah weird but

1886

01:26:35,090 --> 01:26:33,000

Rochester yeah that makes sense that

1887

01:26:37,850 --> 01:26:35,100

makes sense uh so good on you Scott

1888

01:26:40,790 --> 01:26:37,860

Rochester number two uh right there

1889

01:26:43,430 --> 01:26:40,800

behind uh New York City all right next

1890

01:26:47,450 --> 01:26:43,440

up I'm looking at the clock we've got a

1891

01:26:49,669 --> 01:26:47,460

lot more to do here and uh Joshua wants

1892

01:26:51,830 --> 01:26:49,679

to know about Iowa

1893

01:26:54,229 --> 01:26:51,840

Iowa that's easy I'm very interested

1894

01:26:56,209 --> 01:26:54,239

about this but all the states are great

1895

01:26:58,729 --> 01:26:56,219

but Iowa

1896

01:27:00,830 --> 01:26:58,739

Iowa was interesting

1897

01:27:05,450 --> 01:27:00,840

um I'm almost there

1898

01:27:09,470 --> 01:27:05,460

well you know there Iowa Illinois uh

1899

01:27:12,890 --> 01:27:09,480

Missouri uh Indiana uh lots of black

1900

01:27:17,450 --> 01:27:12,900

triangle sightings in those areas yes

1901

01:27:19,510 --> 01:27:17,460

okay iowa ready yep okay uh iowa ranks

1902

01:27:21,189 --> 01:27:19,520

number 33

1903

01:27:25,070 --> 01:27:21,199

what

1904

01:27:26,810 --> 01:27:25,080

33. they can't all be number four that's

1905

01:27:28,189 --> 01:27:26,820

not but i'm surprised about that okay

1906

01:27:29,290 --> 01:27:28,199

okay

1907

01:27:34,010 --> 01:27:29,300

um

1908

01:27:36,290 --> 01:27:34,020

1565 for the 20 years about 78 a year

1909

01:27:42,410 --> 01:27:36,300

about

1910

01:27:44,510 --> 01:27:42,420

one uh one maybe two a week depending

1911

01:27:46,430 --> 01:27:44,520

upon when okay

1912

01:27:49,490 --> 01:27:46,440

um the top counties were Polk County

1913

01:27:51,830 --> 01:27:49,500

Linn County Blackhawk County Scott

1914

01:27:55,850 --> 01:27:51,840

County and Johnson County let's stop

1915

01:27:59,149 --> 01:27:55,860

five and Des Moines number one Cedar

1916

01:28:03,169 --> 01:27:59,159

Rapids number two Sioux City uh number

1917

01:28:05,209 --> 01:28:03,179

three Waterloo number four and uh

1918

01:28:07,729 --> 01:28:05,219

Council Bluffs number four our number

1919

01:28:09,770 --> 01:28:07,739

I'm number five yeah Council Bluffs made

1920

01:28:13,250 --> 01:28:09,780

it okay but those are all the population

1921

01:28:15,790 --> 01:28:13,260

centers yeah they are well there is um

1922

01:28:18,950 --> 01:28:15,800

let me take a look here oh okay

1923

01:28:22,010 --> 01:28:18,960

yeah yeah all makes sense it all makes

1924

01:28:24,770 --> 01:28:22,020

sense except for that number 35. all

1925

01:28:28,810 --> 01:28:24,780

right let's uh what is up next

1926

01:28:38,629 --> 01:28:31,870

Nancy wants to know about Mississippi

1927

01:28:46,990 --> 01:28:42,830

there it is number 41 of 50.

1928

01:28:49,010 --> 01:28:47,000

they had uh 890 for 20 years

1929

01:28:54,709 --> 01:28:49,020

of about

1930

01:28:55,430 --> 01:28:54,719

45 a year about four a month about one a

1931

01:28:58,189 --> 01:28:55,440

day

1932

01:29:01,129 --> 01:28:58,199

you know and being in the middle uh in

1933

01:29:04,129 --> 01:29:01,139

between Arkansas which again Arkansas

1934

01:29:06,530 --> 01:29:04,139

was number 35. to see a drop off for

1935

01:29:09,350 --> 01:29:06,540

Mississippi it must be because of the

1936

01:29:11,750 --> 01:29:09,360

rural situation but it would have to be

1937

01:29:13,790 --> 01:29:11,760

well it was one of those States

1938

01:29:17,629 --> 01:29:13,800

um I don't remember one of our last

1939

01:29:19,870 --> 01:29:17,639

talks we had I said that there were 105

1940

01:29:23,750 --> 01:29:19,880

counties of the

1941

01:29:26,629 --> 01:29:23,760

3145 counties 105 counties did not

1942

01:29:28,570 --> 01:29:26,639

report UFOs in that 20-year period and a

1943

01:29:34,689 --> 01:29:28,580

bunch of them were were in Mississippi

1944

01:29:37,070 --> 01:29:34,699

yeah yeah Georgia too number 42.

1945

01:29:40,910 --> 01:29:37,080

what did you predict that because next

1946

01:29:44,030 --> 01:29:40,920

up dolly wants to know about Georgia and

1947

01:29:45,590 --> 01:29:44,040

now so here's the thing uh as as you

1948

01:29:47,750 --> 01:29:45,600

pull up the numbers where you've got

1949

01:29:50,830 --> 01:29:47,760

Arkansas Mississippi Alabama Georgia

1950

01:29:56,750 --> 01:29:53,649

Texas is right there Louisiana

1951

01:30:00,470 --> 01:29:56,760

to me this is all this same general area

1952

01:30:03,649 --> 01:30:00,480

but watch Mississippi not you know just

1953

01:30:04,810 --> 01:30:03,659

a state away from Georgia and Georgia is

1954

01:30:06,370 --> 01:30:04,820

going to be

1955

01:30:09,470 --> 01:30:06,380

number

1956

01:30:14,209 --> 01:30:09,480

17. 17. I was going to say 15. yeah

1957

01:30:15,850 --> 01:30:14,219

number 17. all right Georgia had 3 559

1958

01:30:19,669 --> 01:30:15,860

for the 20 years

1959

01:30:23,390 --> 01:30:19,679

178 a year average uh about 15 a month

1960

01:30:25,910 --> 01:30:23,400

about uh three a week and about one

1961

01:30:29,750 --> 01:30:25,920

every other day wow

1962

01:30:32,390 --> 01:30:29,760

wow okay so are we gonna go top of the

1963

01:30:40,310 --> 01:30:37,030

uh for cities yes uh Atlanta 261

1964

01:30:43,970 --> 01:30:40,320

Marietta which is essentially a suburb

1965

01:30:46,910 --> 01:30:43,980

of Atlanta uh 117 then there's Savannah

1966

01:30:49,610 --> 01:30:46,920

there's coming and there's Lawrenceville

1967

01:30:50,830 --> 01:30:49,620

those are the top five Augustus number

1968

01:30:52,510 --> 01:30:50,840

six

1969

01:30:55,850 --> 01:30:52,520

Augusta

1970

01:30:59,209 --> 01:30:55,860

number six now that see that's

1971

01:31:01,370 --> 01:30:59,219

completely rural it's right on the South

1972

01:31:03,950 --> 01:31:01,380

Carolina border

1973

01:31:06,050 --> 01:31:03,960

um famous for golf by the way uh the

1974

01:31:09,709 --> 01:31:06,060

Masters Tournament but that's a very

1975

01:31:11,870 --> 01:31:09,719

rural area I'm I'm very surprised it's a

1976

01:31:14,390 --> 01:31:11,880

medium-sized City uh no it's not even a

1977

01:31:16,850 --> 01:31:14,400

medium it's medium to small but to have

1978

01:31:20,510 --> 01:31:16,860

it have it ranked yeah well let me give

1979

01:31:22,669 --> 01:31:20,520

you the counties of Fulton County uh

1980

01:31:27,169 --> 01:31:22,679

um Gwinnett County

1981

01:31:28,310 --> 01:31:27,179

Cobb County DeKalb County and Chatham

1982

01:31:34,689 --> 01:31:28,320

County

1983

01:31:37,910 --> 01:31:34,699

and uh uh Savannah again big Navy area

1984

01:31:39,950 --> 01:31:37,920

yeah big Navy area I think we have a

1985

01:31:43,910 --> 01:31:39,960

submarine base there

1986

01:31:46,729 --> 01:31:43,920

um so there you go let's see who is up

1987

01:31:47,990 --> 01:31:46,739

next I am saying they do process a lot

1988

01:31:51,470 --> 01:31:48,000

of wood there

1989

01:31:52,729 --> 01:31:51,480

and the last time I was there I came out

1990

01:31:56,450 --> 01:31:52,739

of the ship

1991

01:32:00,229 --> 01:31:56,460

and there was this sweet pungent smell

1992

01:32:01,669 --> 01:32:00,239

in the air are you a fellowship or uh no

1993

01:32:03,950 --> 01:32:01,679

the submarine

1994

01:32:07,850 --> 01:32:03,960

I'm just kidding

1995

01:32:11,629 --> 01:32:07,860

oh man uh Alabama there it is Matt Matt

1996

01:32:17,350 --> 01:32:11,639

is up next with Alabama that's easy

1997

01:32:20,990 --> 01:32:17,360

Alabama number 31 of 50. uh they hit

1998

01:32:26,149 --> 01:32:21,000

1692 for the 20 years they had 84 a year

1999

01:32:27,649 --> 01:32:26,159

about seven a month and about about two

2000

01:32:29,930 --> 01:32:27,659

weeks

2001

01:32:35,390 --> 01:32:29,940

uh

2002

01:32:36,830 --> 01:32:35,400

Birmingham

2003

01:32:37,689 --> 01:32:36,840

um actually not

2004

01:32:40,729 --> 01:32:37,699

um

2005

01:32:44,810 --> 01:32:40,739

Birmingham Huntsville

2006

01:32:49,510 --> 01:32:44,820

mobile Madison Montgomery and Huntsville

2007

01:32:52,189 --> 01:32:49,520

I guess Shores and NASA Center

2008

01:32:54,169 --> 01:32:52,199

lots of scientists there

2009

01:32:56,810 --> 01:32:54,179

um it is the home of the Space Program

2010

01:32:59,270 --> 01:32:56,820

if you really want to get down to it uh

2011

01:33:00,530 --> 01:32:59,280

outside of Houston and and certainly uh

2012

01:33:02,390 --> 01:33:00,540

Florida

2013

01:33:05,390 --> 01:33:02,400

um and here you know Vandenberg but

2014

01:33:08,750 --> 01:33:05,400

Huntsville is the center of uh center of

2015

01:33:11,770 --> 01:33:08,760

our Aerospace the goofy part about about

2016

01:33:14,890 --> 01:33:11,780

that state is

2017

01:33:17,209 --> 01:33:14,900

their numbers were an average of about

2018

01:33:18,590 --> 01:33:17,219

78 a year

2019

01:33:22,010 --> 01:33:18,600

okay

2020

01:33:23,930 --> 01:33:22,020

and the thing that jacked it up was in

2021

01:33:27,530 --> 01:33:23,940

2014 remember all the numbers were

2022

01:33:31,070 --> 01:33:27,540

tanking about that time you know

2023

01:33:33,709 --> 01:33:31,080

um there was a strange surge all the

2024

01:33:37,610 --> 01:33:33,719

numbers were tanking for everybody but

2025

01:33:40,669 --> 01:33:37,620

there was a couple of States 2014 had

2026
01:33:42,770 --> 01:33:40,679
significant uh Alabama was one of them

2027
01:33:47,810 --> 01:33:42,780
and where the average through the year

2028
01:33:50,030 --> 01:33:47,820
was 78 they had 214 that year okay there

2029
01:33:52,070 --> 01:33:50,040
was a couple of other states that had a

2030
01:33:54,169 --> 01:33:52,080
spike in 14 but it was only like three

2031
01:33:55,610 --> 01:33:54,179
or four states everybody else was

2032
01:34:00,770 --> 01:33:55,620
tanking

2033
01:34:02,810 --> 01:34:00,780
now uh Maryland is is next uh I lived

2034
01:34:04,810 --> 01:34:02,820
there for a long time

2035
01:34:09,350 --> 01:34:04,820
beautiful state

2036
01:34:14,450 --> 01:34:11,930
almost there

2037
01:34:15,649 --> 01:34:14,460
okay Maryland got it

2038
01:34:16,910 --> 01:34:15,659

all right

2039

01:34:19,850 --> 01:34:16,920

Maryland

2040

01:34:21,470 --> 01:34:19,860

okay ranks number 25 in the country

2041

01:34:23,870 --> 01:34:21,480

okay

2042

01:34:26,709 --> 01:34:23,880

um the uh

2043

01:34:37,850 --> 01:34:33,290

2274 for 20 years about 114 a year

2044

01:34:39,070 --> 01:34:37,860

about 10 a month about two a week

2045

01:34:42,890 --> 01:34:39,080

okay

2046

01:34:46,370 --> 01:34:42,900

and it works out Baltimore city is

2047

01:34:49,070 --> 01:34:46,380

number one city okay 222 and that falls

2048

01:34:52,129 --> 01:34:49,080

off to about 70 and that's Annapolis the

2049

01:34:54,410 --> 01:34:52,139

Navy Navy Academy there Washington City

2050

01:34:56,870 --> 01:34:54,420

that's Beach Silver Spring Maryland

2051

01:35:00,350 --> 01:34:56,880

that's kind of

2052

01:35:02,090 --> 01:35:00,360

uh it's Suburban but but we've got a lot

2053

01:35:05,209 --> 01:35:02,100

of tall buildings there now I lived

2054

01:35:07,090 --> 01:35:05,219

there for a number of years uh Frederick

2055

01:35:09,050 --> 01:35:07,100

which is in the out in the boonies

2056

01:35:11,570 --> 01:35:09,060

hagerstown's out in the boonies that's

2057

01:35:13,850 --> 01:35:11,580

out by by West Virginia Montgomery

2058

01:35:16,610 --> 01:35:13,860

County Anne Arundel County Baltimore

2059

01:35:21,530 --> 01:35:16,620

County Baltimore city is a county by

2060

01:35:25,370 --> 01:35:21,540

itself uh uh Prince George's County

2061

01:35:26,209 --> 01:35:25,380

and here's here's the thing

2062

01:35:28,430 --> 01:35:26,219

um

2063

01:35:31,610 --> 01:35:28,440

we can't forget our nation's capital is

2064

01:35:34,070 --> 01:35:31,620

right there right Washington DC

2065

01:35:37,910 --> 01:35:34,080

um and everything kind of touches you

2066

01:35:40,070 --> 01:35:37,920

know the Beltway and all of those cities

2067

01:35:42,950 --> 01:35:40,080

um are and Philadelphia is not that far

2068

01:35:46,010 --> 01:35:42,960

away either right and and you would

2069

01:35:48,169 --> 01:35:46,020

think that there would be an extremely

2070

01:35:50,209 --> 01:35:48,179

higher number there because of all of

2071

01:35:53,270 --> 01:35:50,219

the military the bases Andrews Air Force

2072

01:35:55,490 --> 01:35:53,280

Base okay okay what we used to call that

2073

01:35:59,570 --> 01:35:55,500

area the Delmarva area okay it was

2074

01:36:01,970 --> 01:35:59,580

Maryland uh Delaware Virginia okay you

2075

01:36:04,970 --> 01:36:01,980

got the CIA you've got Langley right

2076

01:36:08,290 --> 01:36:04,980

okay here's the deal DC over the 20

2077

01:36:10,990 --> 01:36:08,300

years only had 200.

2078

01:36:13,189 --> 01:36:11,000

[Music]

2079

01:36:15,709 --> 01:36:13,199

you can be out there in a clear summer

2080

01:36:17,930 --> 01:36:15,719

night with all the lights downtown you

2081

01:36:20,750 --> 01:36:17,940

can't see serious for God's sakes you

2082

01:36:22,610 --> 01:36:20,760

know okay it's the brightest star in the

2083

01:36:24,290 --> 01:36:22,620

sky okay you can't

2084

01:36:25,850 --> 01:36:24,300

um I've tried

2085

01:36:28,550 --> 01:36:25,860

um but

2086

01:36:30,890 --> 01:36:28,560

um so what we've learned is a lot of

2087

01:36:33,050 --> 01:36:30,900

people reported their DC sightings but

2088

01:36:35,090 --> 01:36:33,060

they were doing it from the suburbs

2089

01:36:37,370 --> 01:36:35,100

which is we always are part of our

2090

01:36:39,410 --> 01:36:37,380

research says it's the suburbs the

2091

01:36:41,450 --> 01:36:39,420

bedroom communities the unincorporated

2092

01:36:44,689 --> 01:36:41,460

communities further out and then the

2093

01:36:46,910 --> 01:36:44,699

rural communities further out okay so DC

2094

01:36:48,649 --> 01:36:46,920

being a capital city it was the

2095

01:36:50,750 --> 01:36:48,659

surrounding states is where we got the

2096

01:36:53,390 --> 01:36:50,760

reports because leisure time after

2097

01:37:02,030 --> 01:36:58,370

um next up uh let's go with now and also

2098

01:37:04,430 --> 01:37:02,040

uh I am at the very top of the chat by

2099

01:37:06,410 --> 01:37:04,440

the way there are probably 2 000

2100

01:37:08,629 --> 01:37:06,420

comments here and I haven't gotten to

2101
01:37:13,250 --> 01:37:08,639
them all but

2102
01:37:15,010 --> 01:37:13,260
um uh I'm uh next up is New Mexico Paul

2103
01:37:18,830 --> 01:37:15,020
wants to know about New Mexico

2104
01:37:21,050 --> 01:37:18,840
and you know Albuquerque specifically uh

2105
01:37:23,510 --> 01:37:21,060
in this but uh New Mexico's got to be

2106
01:37:26,270 --> 01:37:23,520
top on the list for everybody obviously

2107
01:37:28,490 --> 01:37:26,280
right we've got Roswell uh tomorrow I'm

2108
01:37:32,450 --> 01:37:28,500
doing a special on Roswell with uh

2109
01:37:35,810 --> 01:37:32,460
Christina Gomez and uh I'm very curious

2110
01:37:37,430 --> 01:37:35,820
about this and it's and I would think

2111
01:37:39,229 --> 01:37:37,440
and we're going to circle back before

2112
01:37:41,810 --> 01:37:39,239
the end of the show I'm gonna get my hot

2113
01:37:45,950 --> 01:37:41,820

list in here too as well but you would

2114

01:37:48,950 --> 01:37:45,960

think what Sandia labs and uh of course

2115

01:37:50,510 --> 01:37:48,960

Roswell but all of the technology and

2116

01:37:53,570 --> 01:37:50,520

the testing that goes on there White

2117

01:37:56,629 --> 01:37:53,580

Sands uh that there will be a lot of

2118

01:37:58,550 --> 01:37:56,639

sightings in a in an interest by E.T in

2119

01:38:00,709 --> 01:37:58,560

the state of New Mexico

2120

01:38:06,709 --> 01:38:00,719

so what's the ranking

2121

01:38:09,310 --> 01:38:06,719

28. no really yeah 28. in fact okay uh

2122

01:38:13,310 --> 01:38:09,320

2100 over 20 years

2123

01:38:16,970 --> 01:38:13,320

105 a year about nine a month about two

2124

01:38:18,830 --> 01:38:16,980

a week why why what's your analysis on

2125

01:38:20,270 --> 01:38:18,840

this I don't know it's flat and people

2126
01:38:22,129 --> 01:38:20,280
say oh

2127
01:38:23,629 --> 01:38:22,139
they they say to me what about New

2128
01:38:26,689 --> 01:38:23,639
Mexico I said well they had a crash

2129
01:38:29,209 --> 01:38:26,699
there 70 years ago yeah

2130
01:38:31,010 --> 01:38:29,219
you know but again this might be a case

2131
01:38:34,729 --> 01:38:31,020
of people not reporting what they see

2132
01:38:37,070 --> 01:38:34,739
right right like we saw saw with Sedona

2133
01:38:37,850 --> 01:38:37,080
but uh okay let me give you the counties

2134
01:38:40,729 --> 01:38:37,860
here

2135
01:38:42,950 --> 01:38:40,739
um and it's clear I mean I spent time in

2136
01:38:44,930 --> 01:38:42,960
the mountains with shamans out there so

2137
01:38:47,209 --> 01:38:44,940
you know in Hermes mountains so it's

2138
01:38:48,649 --> 01:38:47,219

beautiful it's between Albuquerque and

2139

01:38:56,689 --> 01:38:48,659

Santa Fe

2140

01:38:58,129 --> 01:38:56,699

Roswell let's say unspecified uh Rio

2141

01:39:02,510 --> 01:38:58,139

Rancho

2142

01:39:05,350 --> 01:39:02,520

you know I drove uh from Albuquerque uh

2143

01:39:08,930 --> 01:39:05,360

to Roswell right and and did that drive

2144

01:39:12,290 --> 01:39:08,940

and there was I'm gonna say probably

2145

01:39:16,310 --> 01:39:12,300

this is pretty accurate two hours two

2146

01:39:20,930 --> 01:39:16,320

hours on the freeway at night not one

2147

01:39:22,689 --> 01:39:20,940

light not a house not a street light not

2148

01:39:25,610 --> 01:39:22,699

a radio tower

2149

01:39:26,750 --> 01:39:25,620

Blackness and if you're gonna have a

2150

01:39:28,669 --> 01:39:26,760

sighting that's where it's going to be

2151

01:39:30,290 --> 01:39:28,679

it's going to be right there but there's

2152

01:39:33,050 --> 01:39:30,300

nobody out there to see it you would

2153

01:39:34,610 --> 01:39:33,060

have to stop pull over and look up at

2154

01:39:36,590 --> 01:39:34,620

the sky there's nobody there to report

2155

01:39:40,189 --> 01:39:36,600

anything even if there was something

2156

01:39:43,270 --> 01:39:40,199

there in 94 I was invited to do a

2157

01:39:47,870 --> 01:39:43,280

shamanic Retreat down there

2158

01:39:50,990 --> 01:39:47,880

and uh it was uh led by uh Pantry Miss

2159

01:39:53,149 --> 01:39:51,000

collateral medicine guys okay and this

2160

01:39:55,790 --> 01:39:53,159

was not an event this was like a

2161

01:39:57,649 --> 01:39:55,800

personal letter sent to me okay and

2162

01:39:59,930 --> 01:39:57,659

there was like only 16 of us there for

2163

01:40:01,850 --> 01:39:59,940

this thing so I get picked up at the

2164

01:40:04,189 --> 01:40:01,860

Albuquerque airport by somebody I know

2165

01:40:05,990 --> 01:40:04,199

Angela brightfeather so she picks me up

2166

01:40:07,850 --> 01:40:06,000

and we're driving out there over four

2167

01:40:10,370 --> 01:40:07,860

lane roads and then comes down to get

2168

01:40:12,350 --> 01:40:10,380

off on an exit it's a two-lane road gets

2169

01:40:14,870 --> 01:40:12,360

down to a one-way Road and then we're

2170

01:40:17,390 --> 01:40:14,880

one lane road for a while and then it

2171

01:40:19,330 --> 01:40:17,400

turns into I'm what I'm going to call a

2172

01:40:23,090 --> 01:40:19,340

goat path

2173

01:40:25,610 --> 01:40:23,100

and this camping thing we did we did up

2174

01:40:28,490 --> 01:40:25,620

in high Himes mountains and it used to

2175

01:40:31,250 --> 01:40:28,500

be an old CCC camp from the depression

2176
01:40:33,290 --> 01:40:31,260
and they had picnic tables up there they

2177
01:40:36,470 --> 01:40:33,300
had port and up Porta parties but they

2178
01:40:39,169 --> 01:40:36,480
had like a a a trench

2179
01:40:41,990 --> 01:40:39,179
Outhouse kind of thing okay but it was

2180
01:40:44,990 --> 01:40:42,000
higher than the snakes and higher than

2181
01:40:46,550 --> 01:40:45,000
the bugs so you could literally lay on a

2182
01:40:49,129 --> 01:40:46,560
blanket at night

2183
01:40:50,629 --> 01:40:49,139
and look at the stars and not be bugged

2184
01:40:52,669 --> 01:40:50,639
by Critters

2185
01:40:54,310 --> 01:40:52,679
it was one of the most magical

2186
01:40:57,590 --> 01:40:54,320
experiences that I've had in my life

2187
01:40:59,870 --> 01:40:57,600
that sounds like so much fun it was I'm

2188
01:41:01,550 --> 01:40:59,880

I'm I'm right my spiritual butt-handed

2189

01:41:03,649 --> 01:41:01,560

to me and I didn't know my own name when

2190

01:41:05,570 --> 01:41:03,659

I came off you came off the mountain I

2191

01:41:09,169 --> 01:41:05,580

know you did I know you did I know you

2192

01:41:10,669 --> 01:41:09,179

did I I we're talking UFOs tonight I'm

2193

01:41:13,250 --> 01:41:10,679

just going to say this really quick I I

2194

01:41:15,709 --> 01:41:13,260

went to Egypt back in October

2195

01:41:18,470 --> 01:41:15,719

and I got my spiritual butt handed to me

2196

01:41:21,229 --> 01:41:18,480

too and and you know see this is the

2197

01:41:24,110 --> 01:41:21,239

thing um with a lot when when this kind

2198

01:41:25,790 --> 01:41:24,120

of stuff happens a lot of the times you

2199

01:41:28,090 --> 01:41:25,800

you're alone you don't have somebody

2200

01:41:31,669 --> 01:41:28,100

there to guide you you know like okay

2201

01:41:36,050 --> 01:41:31,679

breathe this is what's happening no no

2202

01:41:40,149 --> 01:41:36,060

I'm on my own freaking out right it was

2203

01:41:43,430 --> 01:41:40,159

it was so much fun uh but I'm going back

2204

01:41:45,649 --> 01:41:43,440

uh uh later on this year and I'm I'm

2205

01:41:48,890 --> 01:41:45,659

gonna have a grip this time I I know

2206

01:41:54,370 --> 01:41:48,900

what to uh possibly expect let's go to

2207

01:41:57,290 --> 01:41:54,380

my senior Egypt I'm a priestess of Isis

2208

01:41:58,510 --> 01:41:57,300

have you have you been to the Temple of

2209

01:42:02,570 --> 01:41:58,520

Isis

2210

01:42:04,609 --> 01:42:02,580

no uh on the island of Phile or whatever

2211

01:42:06,950 --> 01:42:04,619

I'd love to go there but I I have not

2212

01:42:10,129 --> 01:42:06,960

had that opportunity I was supposed to

2213

01:42:12,770 --> 01:42:10,139

go there and then some terrorist thing

2214

01:42:14,870 --> 01:42:12,780

went down and we couldn't go a bucket

2215

01:42:17,689 --> 01:42:14,880

list man I'm just telling you right now

2216

01:42:19,609 --> 01:42:17,699

you and Linda first chance get your

2217

01:42:21,590 --> 01:42:19,619

passports get on a plane that's it

2218

01:42:24,290 --> 01:42:21,600

that's it you've got to go to Egypt I've

2219

01:42:26,689 --> 01:42:24,300

got about three egyptologists that I if

2220

01:42:29,810 --> 01:42:26,699

I if I go there they will take me places

2221

01:42:32,870 --> 01:42:29,820

where doors go with us we're going in

2222

01:42:34,910 --> 01:42:32,880

October we've got two tours in October I

2223

01:42:40,189 --> 01:42:34,920

would love to I would love to watch you

2224

01:42:48,470 --> 01:42:43,970

you would have the best time and uh uh

2225

01:42:52,430 --> 01:42:48,480

Cheryl sitting at at The Meta house

2226

01:42:55,430 --> 01:42:52,440

Ed Giza the hotel at the foot of the

2227

01:42:58,250 --> 01:42:55,440

Great Pyramid and have breakfast it'll

2228

01:43:02,330 --> 01:42:58,260

change you man it'll change you the sand

2229

01:43:05,109 --> 01:43:02,340

right there Moses walked that sand right

2230

01:43:08,649 --> 01:43:05,119

and you're having breakfast

2231

01:43:11,330 --> 01:43:08,659

it's crazy all right uh Indiana

2232

01:43:12,770 --> 01:43:11,340

we've got to do Indiana

2233

01:43:14,870 --> 01:43:12,780

um uh you know we were talking about

2234

01:43:16,550 --> 01:43:14,880

this earlier today I'm from Indiana Oh

2235

01:43:18,050 --> 01:43:16,560

yeah you talked to my mom that was kind

2236

01:43:20,629 --> 01:43:18,060

of weird

2237

01:43:25,990 --> 01:43:20,639

um uh and cheese did you say your mom

2238

01:43:28,189 --> 01:43:26,000

was ah man she's in her 70s who am I

2239

01:43:30,530 --> 01:43:28,199

that's why you guys were getting along

2240

01:43:32,330 --> 01:43:30,540

so uh there you go

2241

01:43:34,430 --> 01:43:32,340

um she's pretty cool huh she's pretty

2242

01:43:36,410 --> 01:43:34,440

cool I thought she was cool yeah she's

2243

01:43:39,709 --> 01:43:36,420

cool her and I probably get along very

2244

01:43:41,570 --> 01:43:39,719

nicely so Indiana now here it is here it

2245

01:43:43,070 --> 01:43:41,580

is okay let me make my prediction

2246

01:43:45,649 --> 01:43:43,080

Indiana

2247

01:43:47,950 --> 01:43:45,659

I'm gonna go I'm gonna bum myself out

2248

01:43:53,629 --> 01:43:47,960

I'm gonna say 23.

2249

01:43:56,510 --> 01:43:53,639

15. shut up shut the front door

2250

01:43:59,450 --> 01:43:56,520

really yeah it's one of those States

2251

01:44:03,709 --> 01:43:59,460

also they had that 2008 you know like

2252

01:44:05,689 --> 01:44:03,719

that you know yeah and uh we we can't

2253

01:44:07,790 --> 01:44:05,699

forget you know some of the yeah okay

2254

01:44:10,370 --> 01:44:07,800

all right okay they hit they hit an

2255

01:44:14,450 --> 01:44:10,380

average of about 200 a year in that

2256

01:44:16,669 --> 01:44:14,460

particular year in 2008

2257

01:44:21,530 --> 01:44:16,679

they had

2258

01:44:23,090 --> 01:44:21,540

um 323 that's as good as 2012. wow it

2259

01:44:25,310 --> 01:44:23,100

was through the roof

2260

01:44:27,109 --> 01:44:25,320

um and I haven't I haven't done the

2261

01:44:28,850 --> 01:44:27,119

research on that one yet for what

2262

01:44:32,930 --> 01:44:28,860

happened that day but are you going to

2263

01:44:34,609 --> 01:44:32,940

tell me oh okay now Marion County number

2264

01:44:37,250 --> 01:44:34,619

one number one

2265

01:44:39,950 --> 01:44:37,260

and Marion County Lake County Allen

2266

01:44:43,729 --> 01:44:39,960

County uh Hamilton County St Joseph

2267

01:44:45,530 --> 01:44:43,739

County right right number six I love

2268

01:44:49,629 --> 01:44:45,540

that it's kind of surprising okay

2269

01:44:52,550 --> 01:44:49,639

Indianapolis yep Fort Wayne Evansville

2270

01:44:55,010 --> 01:44:52,560

Kokomo remember we had the Kokomo lights

2271

01:44:58,010 --> 01:44:55,020

yeah yeah I know uh South Bend remember

2272

01:45:01,370 --> 01:44:58,020

and also in 2008 remember they had one

2273

01:45:05,169 --> 01:45:01,380

day April 16 2008 the state that

2274

01:45:09,010 --> 01:45:05,179

averages uh let's see about three a week

2275

01:45:11,689 --> 01:45:09,020

had 25 in one day

2276

01:45:13,070 --> 01:45:11,699

he said okay okay here's here's the

2277

01:45:16,729 --> 01:45:13,080

trippy thing

2278

01:45:19,010 --> 01:45:16,739

Fort Wayne extreme North right South

2279

01:45:20,750 --> 01:45:19,020

Bend Fort Wayne and then the extreme

2280

01:45:23,570 --> 01:45:20,760

South is Evansville

2281

01:45:25,609 --> 01:45:23,580

it's down on on on the Kentucky border

2282

01:45:28,490 --> 01:45:25,619

those are two extreme parts of the

2283

01:45:30,830 --> 01:45:28,500

states very rural Indianapolis has smack

2284

01:45:31,729 --> 01:45:30,840

dab in the middle right it perfectly in

2285

01:45:35,390 --> 01:45:31,739

the center

2286

01:45:37,330 --> 01:45:35,400

uh let me give you the numbers sure 39

2287

01:45:42,950 --> 01:45:37,340

12 for 20 years

2288

01:45:45,530 --> 01:45:42,960

195 a month 16 I'm sorry 195 a year 16 a

2289

01:45:49,370 --> 01:45:45,540

month and four a week

2290

01:45:51,790 --> 01:45:49,380

wow I would have never guessed that

2291

01:45:55,310 --> 01:45:51,800

no essentially one every other day

2292

01:45:57,709 --> 01:45:55,320

0.54 so one every other day not not in a

2293

01:46:01,010 --> 01:45:57,719

million years now I love I love Indiana

2294

01:46:03,770 --> 01:46:01,020

man it's my old town but no that

2295

01:46:05,870 --> 01:46:03,780

surprises me all right let's I've got uh

2296

01:46:09,109 --> 01:46:05,880

my personal list that I want to get to

2297

01:46:11,990 --> 01:46:09,119

sure um but uh let's squeeze in one more

2298

01:46:13,550 --> 01:46:12,000

uh from the chat room summer wants to

2299

01:46:17,209 --> 01:46:13,560

know about Minnesota

2300

01:46:22,550 --> 01:46:17,219

that's easy and you know Minnesota gets

2301

01:46:25,010 --> 01:46:22,560

brought up to me a lot and and I think

2302

01:46:27,050 --> 01:46:25,020

um how do I say this I think that they

2303

01:46:29,030 --> 01:46:27,060

get ignored

2304

01:46:32,450 --> 01:46:29,040

you know they feel they feel like they

2305

01:46:34,030 --> 01:46:32,460

don't get the attention now what's the

2306

01:46:38,870 --> 01:46:34,040

ranking

2307

01:46:41,229 --> 01:46:38,880

23. you're in the top 25 okay okay they

2308

01:46:49,490 --> 01:46:43,910

5543 for 20 years

2309

01:46:54,350 --> 01:46:49,500

about 270 uh 277 a month about 20 I'm

2310

01:46:58,189 --> 01:46:54,360

sorry a year uh 23 a month about five a

2311

01:47:00,229 --> 01:46:58,199

week uh basically about one one a day

2312

01:47:02,930 --> 01:47:00,239

I would have never guessed so Minnesota

2313

01:47:04,850 --> 01:47:02,940

there you go all right you got uh you

2314

01:47:08,450 --> 01:47:04,860

got the attention that you need and and

2315

01:47:10,310 --> 01:47:08,460

the little time that we have left by the

2316

01:47:13,129 --> 01:47:10,320

way Minnesota was one of those ones that

2317

01:47:15,430 --> 01:47:13,139

when everybody else was tanking 2015

2318

01:47:19,970 --> 01:47:15,440

their numbers were like through the roof

2319

01:47:21,709 --> 01:47:19,980

and see okay let me ask you this and

2320

01:47:24,830 --> 01:47:21,719

that doesn't surprise me

2321

01:47:26,570 --> 01:47:24,840

but when we I don't want to analyze all

2322

01:47:29,330 --> 01:47:26,580

of this together you brought up Robert

2323

01:47:33,470 --> 01:47:29,340

Salas right and so when we talk about

2324

01:47:36,950 --> 01:47:33,480

the Dakotas uh Wyoming Minnesota where

2325

01:47:40,850 --> 01:47:36,960

we uh uh Montana right

2326

01:47:44,149 --> 01:47:40,860

um where we have got a huge amount of uh

2327

01:47:48,709 --> 01:47:44,159

nuclear missile silos and the attention

2328

01:47:50,870 --> 01:47:48,719

that that gets do you see that is the is

2329

01:47:52,310 --> 01:47:50,880

the opposite of that taking place very

2330

01:47:55,070 --> 01:47:52,320

rural

2331

01:47:59,209 --> 01:47:55,080

um not a large population Center and

2332

01:48:03,050 --> 01:47:59,219

there's probably a lot of counties Henny

2333

01:48:07,129 --> 01:48:03,060

pin uh Ramsey Dakota County St Louis

2334

01:48:10,490 --> 01:48:07,139

County uh anaca County Washington County

2335

01:48:13,189 --> 01:48:10,500

Scott County streams County

2336

01:48:16,070 --> 01:48:13,199

okay Minneapolis Saint Paul Minneapolis

2337

01:48:19,209 --> 01:48:16,080

St Paul Duluth Rochester Lakeville

2338

01:48:22,310 --> 01:48:19,219

Bloomington Burnville

2339

01:48:24,410 --> 01:48:22,320

and where uh let's go with Montana

2340

01:48:25,669 --> 01:48:24,420

really quick just give me the State

2341

01:48:29,109 --> 01:48:25,679

ranking

2342

01:48:33,109 --> 01:48:29,119

okay give me a second to get there

2343

01:48:36,709 --> 01:48:33,119

Montana's Goofy okay here it is 40 of

2344

01:48:39,770 --> 01:48:36,719

50. yeah exactly and uh South Dakota

2345

01:48:41,090 --> 01:48:39,780

South Dakota okay oh South Dakota is

2346

01:48:46,669 --> 01:48:41,100

number two

2347

01:48:48,950 --> 01:48:46,679

so they're number 48. uh what about

2348

01:48:54,729 --> 01:48:48,960

Alaska

2349

01:49:01,790 --> 01:48:57,350

Cheryl you've said goofy now 15 times

2350

01:49:04,310 --> 01:49:01,800

sorry about that they're 45 of 50. yeah

2351

01:49:08,209 --> 01:49:04,320

see that's surprising to me

2352

01:49:10,669 --> 01:49:08,219

um uh Wyoming Wyoming okay go to the

2353

01:49:14,149 --> 01:49:10,679

bottom of the list here

2354

01:49:15,189 --> 01:49:14,159

Wyoming and there's another oddball

2355

01:49:17,270 --> 01:49:15,199

um

2356

01:49:21,530 --> 01:49:17,280

Wyoming was another one of these states

2357

01:49:25,790 --> 01:49:21,540

where the 2008 Spike okay

2358

01:49:27,410 --> 01:49:25,800

um Wyoming is number 47. yeah okay uh

2359

01:49:30,590 --> 01:49:27,420

and South Dakota is the next one down

2360

01:49:35,030 --> 01:49:30,600

okay yeah actually no North Dakota is

2361

01:49:37,129 --> 01:49:35,040

number 50. South Dakota is number 49 and

2362

01:49:39,129 --> 01:49:37,139

there's a number 48 and then uh

2363

01:49:44,149 --> 01:49:39,139

Wyoming's number 47

2364

01:49:45,709 --> 01:49:44,159

490 for the 20 years 24 a year to a

2365

01:49:49,490 --> 01:49:45,719

month

2366

01:49:52,910 --> 01:49:49,500

is that uh Vermont now we talked about

2367

01:49:55,910 --> 01:49:52,920

Vermont earlier and Vermont uh with

2368

01:49:57,290 --> 01:49:55,920

ratio population per sighting is like

2369

01:50:00,830 --> 01:49:57,300

number one number two in the United

2370

01:50:03,890 --> 01:50:00,840

States very low population but the ratio

2371

01:50:06,770 --> 01:50:03,900

uh to silence is very per capita yeah

2372

01:50:08,990 --> 01:50:06,780

per capita okay uh yeah because

2373

01:50:10,970 --> 01:50:09,000

um I had they they put that per capita

2374

01:50:12,410 --> 01:50:10,980

thing out I was getting calls from all

2375

01:50:14,930 --> 01:50:12,420

over the United States they wanted to go

2376

01:50:16,910 --> 01:50:14,940

do UFO sighting parties there and they

2377

01:50:19,250 --> 01:50:16,920

said you'll be in for a long wait

2378

01:50:22,729 --> 01:50:19,260

because it's fight for camping and it's

2379

01:50:25,609 --> 01:50:22,739

like really low number 46 in the country

2380

01:50:29,350 --> 01:50:25,619

for somebody yet it's like one out of

2381

01:50:31,070 --> 01:50:29,360

two people right yeah yeah so it's it's

2382

01:50:33,310 --> 01:50:31,080

680

2383

01:50:35,450 --> 01:50:33,320

um the guy says well it's

2384

01:50:38,990 --> 01:50:35,460

Vermont it's supposed to be like number

2385

01:50:41,149 --> 01:50:39,000

number one and I said yeah okay three a

2386

01:50:43,550 --> 01:50:41,159

month you're getting for a long wait you

2387

01:50:49,550 --> 01:50:43,560

know okay but it is only this big though

2388

01:50:51,649 --> 01:50:49,560

right so it is 680 for 20 years 34 a

2389

01:50:53,750 --> 01:50:51,659

year three a month

2390

01:50:55,790 --> 01:50:53,760

that's it

2391

01:50:59,330 --> 01:50:55,800

um Hawaii

2392

01:51:01,609 --> 01:50:59,340

white and now that's weird uh very weird

2393

01:51:02,890 --> 01:51:01,619

Hawaii is

2394

01:51:04,550 --> 01:51:02,900

um okay

2395

01:51:11,689 --> 01:51:04,560

it's

2396

01:51:13,910 --> 01:51:11,699

the monthly charts there's four spikes

2397

01:51:16,390 --> 01:51:13,920

I didn't understand it I went to a

2398

01:51:19,390 --> 01:51:16,400

travel agent she says those are the four

2399

01:51:21,050 --> 01:51:19,400

tourist seasons

2400

01:51:23,750 --> 01:51:21,060

oh

2401

01:51:25,850 --> 01:51:23,760

okay okay so you get some place from

2402

01:51:28,010 --> 01:51:25,860

some big city they get over there and

2403

01:51:30,109 --> 01:51:28,020

you're surrounded by water so it never

2404

01:51:33,229 --> 01:51:30,119

water is a driver you've got that darker

2405

01:51:35,629 --> 01:51:33,239

Sky out there and the sightings go up it

2406

01:51:37,970 --> 01:51:35,639

also tracks with

2407

01:51:39,590 --> 01:51:37,980

um dipping periods when they that also

2408

01:51:41,750 --> 01:51:39,600

have their rainy Seasons they have

2409

01:51:44,629 --> 01:51:41,760

several rainy seasons and the numbers go

2410

01:51:46,310 --> 01:51:44,639

down during the Rainy Seasons okay uh

2411

01:51:48,530 --> 01:51:46,320

Hawaii was

2412

01:51:54,890 --> 01:51:48,540

um hang on I gotta push something okay

2413

01:51:57,950 --> 01:51:54,900

uh 766 for 20 years 38 a year uh three a

2414

01:52:00,290 --> 01:51:57,960

month about one a month uh about one

2415

01:52:02,950 --> 01:52:00,300

about one a week

2416

01:52:05,149 --> 01:52:02,960

and their their ranking is

2417

01:52:06,370 --> 01:52:05,159

Honolulu calendar there's only four

2418

01:52:10,070 --> 01:52:06,380

counties

2419

01:52:12,290 --> 01:52:10,080

the the national ranking oh um hang on

2420

01:52:17,990 --> 01:52:12,300

I'm gonna move that up a little bit

2421

01:52:20,629 --> 01:52:18,000

uh 43 out of 51. shut up that I see that

2422

01:52:22,490 --> 01:52:20,639

yeah this just doesn't make any sense it

2423

01:52:24,709 --> 01:52:22,500

doesn't make any sense

2424

01:52:27,410 --> 01:52:24,719

yeah what else I would have never I

2425

01:52:27,970 --> 01:52:27,420

would have never guessed that

2426

01:52:32,870 --> 01:52:27,980

um

2427

01:52:35,209 --> 01:52:32,880

uh Arizona we didn't uh I'm so surprised

2428

01:52:39,050 --> 01:52:35,219

that the chat room uh didn't bring up

2429

01:52:41,209 --> 01:52:39,060

Arizona but then again I'm I I see I've

2430

01:52:44,629 --> 01:52:41,219

got I was surprised too I really was

2431

01:52:51,109 --> 01:52:44,639

okay number seven in the country

2432

01:52:55,790 --> 01:52:51,119

okay uh 65.83 for 20 years about 329 a

2433

01:52:57,830 --> 01:52:55,800

year uh 27 28 a month uh about six a

2434

01:53:00,350 --> 01:52:57,840

week about one a day

2435

01:53:03,410 --> 01:53:00,360

Maricopa County Arizona is the number

2436

01:53:06,410 --> 01:53:03,420

one County it is state it is the number

2437

01:53:11,629 --> 01:53:06,420

two county in the United States

2438

01:53:13,330 --> 01:53:11,639

okay and zip code get your pins out kids

2439

01:53:16,070 --> 01:53:13,340

zip code

2440

01:53:18,490 --> 01:53:16,080

85001 downtown Phoenix this is the

2441

01:53:21,649 --> 01:53:18,500

hottest zip code in the country yeah

2442

01:53:23,629 --> 01:53:21,659

okay so what about but it only works out

2443

01:53:26,149 --> 01:53:23,639

to five or six sightings a month but

2444

01:53:28,010 --> 01:53:26,159

they are the hottest well but here's the

2445

01:53:29,570 --> 01:53:28,020

thing you go a couple of miles in any

2446

01:53:31,910 --> 01:53:29,580

direction in Phoenix and you're in the

2447

01:53:33,770 --> 01:53:31,920

middle of the desert thank you yeah and

2448

01:53:36,830 --> 01:53:33,780

so a lot of sightings there what about

2449

01:53:39,109 --> 01:53:36,840

Sedona though and Flagstaff okay here

2450

01:53:39,910 --> 01:53:39,119

here's here's the counties Maricopa

2451
01:53:47,990 --> 01:53:39,920
County

2452
01:53:52,070 --> 01:53:48,000
Tucson right uh yakubhee

2453
01:53:54,590 --> 01:53:52,080
um penal and um uh Mojave okay the

2454
01:53:58,070 --> 01:53:54,600
cities are Phoenix Tucson Mesa

2455
01:54:01,910 --> 01:53:58,080
Scottsdale Chandler Glendale Tempe

2456
01:54:04,669 --> 01:54:01,920
Sedona is number eight okay so it was

2457
01:54:06,410 --> 01:54:04,679
actually then Sedona is number two and

2458
01:54:10,430 --> 01:54:06,420
I'll tell you why everything that you

2459
01:54:14,390 --> 01:54:10,440
just named Tempe right uh Mesa Glendale

2460
01:54:16,129 --> 01:54:14,400
Chandler that's all Phoenix that's all

2461
01:54:17,750 --> 01:54:16,139
Phoenix those are Phoenix suburbs but

2462
01:54:20,209 --> 01:54:17,760
that's all Phoenix proper oh yeah

2463
01:54:23,270 --> 01:54:20,219

America America the city of Maricopa

2464

01:54:26,149 --> 01:54:23,280

it's the same way you know yeah so uh so

2465

01:54:28,370 --> 01:54:26,159

Sedona would be number two okay uh where

2466

01:54:31,790 --> 01:54:28,380

was Tucson

2467

01:54:34,430 --> 01:54:31,800

Tucson was number two oh oh okay okay

2468

01:54:37,609 --> 01:54:34,440

Tucson number two makes sense makes

2469

01:54:39,169 --> 01:54:37,619

sense and they're citing a spike from a

2470

01:54:40,970 --> 01:54:39,179

from a monthly standpoint they're

2471

01:54:42,109 --> 01:54:40,980

they're citing Spike about the time the

2472

01:54:45,129 --> 01:54:42,119

rattlesnakes are coming out of

2473

01:54:51,229 --> 01:54:45,139

hibernation and now some

2474

01:54:55,850 --> 01:54:54,410

um somebody wanted me to ask you I'm I'm

2475

01:54:58,010 --> 01:54:55,860

going to scroll back and see if I can

2476

01:55:00,590 --> 01:54:58,020

get it oh yeah here it is Mary Mary

2477

01:55:03,530 --> 01:55:00,600

wants to know if you have had

2478

01:55:06,950 --> 01:55:03,540

your own sighting

2479

01:55:08,810 --> 01:55:06,960

yes a number of them I've got about 40 I

2480

01:55:11,649 --> 01:55:08,820

never reported

2481

01:55:14,629 --> 01:55:11,659

um but okay I think probably the most

2482

01:55:16,669 --> 01:55:14,639

awe-inspiring one that really changed me

2483

01:55:19,430 --> 01:55:16,679

of course I had my first one with my

2484

01:55:22,310 --> 01:55:19,440

parents when I was 12 years old sphere

2485

01:55:24,050 --> 01:55:22,320

parked out there in the sky okay that

2486

01:55:25,910 --> 01:55:24,060

blew my mind that when it started to

2487

01:55:28,129 --> 01:55:25,920

leave it was one of these things right

2488

01:55:30,770 --> 01:55:28,139

yeah pretty crazy all right

2489

01:55:35,629 --> 01:55:30,780

um but the one that really rattled me

2490

01:55:37,910 --> 01:55:35,639

was in 2000 June of 2012. I was working

2491

01:55:40,850 --> 01:55:37,920

for a different newspaper than the one I

2492

01:55:42,590 --> 01:55:40,860

ended up writing a column for okay and I

2493

01:55:44,270 --> 01:55:42,600

I was part of the tech department we put

2494

01:55:46,850 --> 01:55:44,280

the Morning Edition to bed we're all

2495

01:55:49,310 --> 01:55:46,860

home by three maybe 3 30 in the morning

2496

01:55:50,990 --> 01:55:49,320

put the garage door down I used to stand

2497

01:55:52,970 --> 01:55:51,000

there in my driveway and look at the

2498

01:55:54,770 --> 01:55:52,980

North Star and the Big Dipper every

2499

01:55:56,689 --> 01:55:54,780

night if there was a clearest guy and

2500

01:55:58,970 --> 01:55:56,699

just let it the night kind of shake off

2501

01:56:00,350 --> 01:55:58,980

of me okay and I was sitting there in

2502

01:56:04,189 --> 01:56:00,360

that one particular night in the middle

2503

01:56:07,490 --> 01:56:04,199

of June of 2012 and I began hearing a

2504

01:56:11,090 --> 01:56:07,500

pulsing humming sound oh

2505

01:56:13,250 --> 01:56:11,100

and I looked up above me and noticed

2506

01:56:15,890 --> 01:56:13,260

that the stars were blotting out like a

2507

01:56:19,010 --> 01:56:15,900

like like a V

2508

01:56:21,050 --> 01:56:19,020

and as it got over me and passed me it

2509

01:56:23,930 --> 01:56:21,060

was it had to be three stories deep had

2510

01:56:26,450 --> 01:56:23,940

to be over a football field long and had

2511

01:56:28,070 --> 01:56:26,460

the big three glowing things on the back

2512

01:56:30,050 --> 01:56:28,080

and the red light on the bottom this

2513

01:56:32,930 --> 01:56:30,060

whole thing and

2514

01:56:34,970 --> 01:56:32,940

um it seemed to be it felt like it was

2515

01:56:37,550 --> 01:56:34,980

at fifteen hundred two thousand feet and

2516

01:56:40,970 --> 01:56:37,560

it was just casually going about 45 50

2517

01:56:44,390 --> 01:56:40,980

miles an hour off to the Northwest in

2518

01:56:47,870 --> 01:56:44,400

those days I was terrified to file a

2519

01:56:48,709 --> 01:56:47,880

report the stigma okay

2520

01:56:50,390 --> 01:56:48,719

um

2521

01:56:53,450 --> 01:56:50,400

eight months later I'm writing a

2522

01:56:54,890 --> 01:56:53,460

newspaper column about UFOs

2523

01:56:57,229 --> 01:56:54,900

okay

2524

01:56:59,209 --> 01:56:57,239

it changed me it gave me a kick in the

2525

01:57:01,250 --> 01:56:59,219

pants and said I have got to talk about

2526

01:57:03,890 --> 01:57:01,260

this stuff and when I finally did report

2527

01:57:06,229 --> 01:57:03,900

that thing in my newspaper column it was

2528

01:57:08,390 --> 01:57:06,239

because a nurse coming off a shift over

2529

01:57:11,090 --> 01:57:08,400

at Crouse Hospital on one of the

2530

01:57:14,209 --> 01:57:11,100

opposite Hills in Syracuse saw the same

2531

01:57:15,229 --> 01:57:14,219

thing I saw and she reported it and so I

2532

01:57:17,330 --> 01:57:15,239

haven't

2533

01:57:20,149 --> 01:57:17,340

um and thank you what what a great show

2534

01:57:22,910 --> 01:57:20,159

I I keep saying this too we we should

2535

01:57:25,910 --> 01:57:22,920

just do this once a month but

2536

01:57:27,589 --> 01:57:25,920

um here's here's the thing here's the

2537

01:57:29,570 --> 01:57:27,599

thing

2538

01:57:35,030 --> 01:57:29,580

um I don't

2539

01:57:36,950 --> 01:57:35,040

I don't have the black triangle sighting

2540

01:57:38,510 --> 01:57:36,960

I've seen everything else Cheryl I've

2541

01:57:40,430 --> 01:57:38,520

seen I've seen I've seen the craziest

2542

01:57:43,970 --> 01:57:40,440

stuff it's been a lot of fun I haven't

2543

01:57:45,589 --> 01:57:43,980

had your sighting I am you know I'm

2544

01:57:48,470 --> 01:57:45,599

trying to manifest it to the universe

2545

01:57:50,810 --> 01:57:48,480

come on man bring this to me I kind of

2546

01:57:52,129 --> 01:57:50,820

you know that that screensaver they've

2547

01:57:55,609 --> 01:57:52,139

got with like about 80 different

2548

01:57:57,589 --> 01:57:55,619

configurations on it we put that up as a

2549

01:57:58,750 --> 01:57:57,599

lead slide where people are coming into

2550

01:58:01,790 --> 01:57:58,760

our talk

2551
01:58:03,290 --> 01:58:01,800
and uh people ask me at the talk you

2552
01:58:06,470 --> 01:58:03,300
know did you see them and I'm sure

2553
01:58:08,570 --> 01:58:06,480
calling I got a j6 I got a L4 I got this

2554
01:58:11,649 --> 01:58:08,580
you know and basically I've got about

2555
01:58:14,990 --> 01:58:11,659
seven of them that I've seen

2556
01:58:17,209 --> 01:58:15,000
have you seen the beer can that's my

2557
01:58:18,770 --> 01:58:17,219
that's my big size no I have not seen

2558
01:58:20,870 --> 01:58:18,780
that I've seen spheres I've seen

2559
01:58:23,390 --> 01:58:20,880
triangles I've seen the I've seen the

2560
01:58:25,430 --> 01:58:23,400
wedgies I haven't seen a cigar I haven't

2561
01:58:28,430 --> 01:58:25,440
seen that I've never seen a cylinder or

2562
01:58:30,470 --> 01:58:28,440
a cigar uh I have seen one of the ones

2563
01:58:33,290 --> 01:58:30,480

probably the most fascinating one you

2564

01:58:36,109 --> 01:58:33,300

you know the one that kind of looks like

2565

01:58:38,390 --> 01:58:36,119

a it it goes like this but then it's got

2566

01:58:41,390 --> 01:58:38,400

like a wing a wing shape to it it's like

2567

01:58:44,209 --> 01:58:41,400

just like a flying wing okay I've seen

2568

01:58:47,089 --> 01:58:44,219

them twice once when I was 14 and then

2569

01:58:49,070 --> 01:58:47,099

uh about four years ago Linda and I were

2570

01:58:52,129 --> 01:58:49,080

up uh staying at a friend of my Cottage

2571

01:58:56,089 --> 01:58:52,139

up on up on St Lawrence and we saw one

2572

01:58:57,649 --> 01:58:56,099

and he he literally flew over us and he

2573

01:58:59,270 --> 01:58:57,659

had the light to light the Stephenson

2574

01:59:01,370 --> 01:58:59,280

Bill picture he's got the lights right

2575

01:59:03,830 --> 01:59:01,380

along the wings is the thing

2576

01:59:06,830 --> 01:59:03,840

um it just takes your breath away we we

2577

01:59:08,930 --> 01:59:06,840

can't forget if we go back to Kenneth

2578

01:59:11,810 --> 01:59:08,940

Arnold's original siding

2579

01:59:14,870 --> 01:59:11,820

it wasn't a flying saucer wasn't a disc

2580

01:59:18,109 --> 01:59:14,880

no he describes that as as a wing yeah

2581

01:59:20,330 --> 01:59:18,119

you know a bat-shaped uh configuration

2582

01:59:23,089 --> 01:59:20,340

there was nine of them

2583

01:59:24,830 --> 01:59:23,099

um it wasn't a flying saucer and and

2584

01:59:26,990 --> 01:59:24,840

it's if you go to the 1940 there was

2585

01:59:29,930 --> 01:59:27,000

nothing like that you know especially at

2586

01:59:33,109 --> 01:59:29,940

that speed but that I don't think that's

2587

01:59:36,770 --> 01:59:33,119

an unusual sighting let's go let's go

2588

01:59:38,629 --> 01:59:36,780

months before his sighting okay

2589

01:59:41,450 --> 01:59:38,639

um 47.

2590

01:59:44,089 --> 01:59:41,460

um there was a couple of college

2591

01:59:47,450 --> 01:59:44,099

students at Syracuse University middle

2592

01:59:49,070 --> 01:59:47,460

of February 47. they're going across the

2593

01:59:50,990 --> 01:59:49,080

campus they looked at the Holden

2594

01:59:53,149 --> 01:59:51,000

Observatory and they saw some guys the

2595

01:59:55,669 --> 01:59:53,159

the the the telescope being swung around

2596

01:59:58,010 --> 01:59:55,679

like this okay

2597

01:59:59,510 --> 01:59:58,020

um and they went inside the doors were

2598

02:00:01,189 --> 01:59:59,520

remember this thing is not heated

2599

02:00:03,709 --> 02:00:01,199

because you can't heat those places

2600

02:00:05,629 --> 02:00:03,719

because it makes things contract you

2601
02:00:07,729 --> 02:00:05,639
know so he goes in there and this

2602
02:00:09,589 --> 02:00:07,739
professor realized they were there said

2603
02:00:10,970 --> 02:00:09,599
oh God thank God you're a come here take

2604
02:00:12,830 --> 02:00:10,980
a look at this he didn't tell them what

2605
02:00:14,629 --> 02:00:12,840
they were looking at he set it up guys

2606
02:00:15,890 --> 02:00:14,639
look through it after they both looked

2607
02:00:18,470 --> 02:00:15,900
through it they said tell me what you

2608
02:00:20,570 --> 02:00:18,480
saw and they saw the thing that was like

2609
02:00:23,330 --> 02:00:20,580
this with the kind of the indent the

2610
02:00:26,330 --> 02:00:23,340
camera and Arnold kind of thing yeah and

2611
02:00:28,370 --> 02:00:26,340
one of the one of the two one guy was a

2612
02:00:29,450 --> 02:00:28,380
junior he looked at the professor said

2613
02:00:33,229 --> 02:00:29,460

but

2614

02:00:36,109 --> 02:00:33,239

there's hundreds of them up there

2615

02:00:37,970 --> 02:00:36,119

now if you want to go to the New York

2616

02:00:43,010 --> 02:00:37,980

Times article

2617

02:00:45,410 --> 02:00:43,020

from December of 2017 don't look at the

2618

02:00:47,450 --> 02:00:45,420

gimbal picture listen to this audio

2619

02:00:50,209 --> 02:00:47,460

track every new service in the United

2620

02:00:52,250 --> 02:00:50,219

States Cuts this part off but it's on

2621

02:00:54,350 --> 02:00:52,260

the New York Times thing they play the

2622

02:00:56,629 --> 02:00:54,360

whole time thing of the pilots talking

2623

02:00:59,209 --> 02:00:56,639

and pilot says hey he locked onto it

2624

02:01:01,790 --> 02:00:59,219

yeah I gotta hey there's a whole Fleet

2625

02:01:04,189 --> 02:01:01,800

of them yeah yeah they cut that off

2626

02:01:06,050 --> 02:01:04,199

every single new service to cut that off

2627

02:01:08,510 --> 02:01:06,060

they're

2628

02:01:11,990 --> 02:01:08,520

um also if you go back to 1947 another

2629

02:01:14,589 --> 02:01:12,000

sighting uh with the photographs uh the

2630

02:01:19,729 --> 02:01:14,599

Rhodes photographs from Phoenix Arizona

2631

02:01:22,189 --> 02:01:19,739

and I I go back to I I'm gonna shout

2632

02:01:25,129 --> 02:01:22,199

from the rooftops uh about the Rhodes

2633

02:01:27,290 --> 02:01:25,139

photographs uh forever

2634

02:01:31,310 --> 02:01:27,300

um you look at those

2635

02:01:34,490 --> 02:01:31,320

Crescent shape number one black

2636

02:01:38,689 --> 02:01:34,500

um very strange shape uh to be in the

2637

02:01:41,330 --> 02:01:38,699

sky in 1947 predated Roswell and was

2638

02:01:43,430 --> 02:01:41,340

right there along the same timeline like

2639

02:01:47,750 --> 02:01:43,440

the same week as Kenneth Arnold's

2640

02:01:50,270 --> 02:01:47,760

sighting and those photographs were uh

2641

02:01:52,669 --> 02:01:50,280

confiscated by the now that made it to

2642

02:01:54,290 --> 02:01:52,679

the front page of the newspaper uh there

2643

02:01:57,169 --> 02:01:54,300

in Phoenix

2644

02:01:59,209 --> 02:01:57,179

um Air Force shows up grabs the well at

2645

02:02:02,149 --> 02:01:59,219

that time was probably still the Army

2646

02:02:04,729 --> 02:02:02,159

anyway shows up grabs his photographs

2647

02:02:08,629 --> 02:02:04,739

and grabs the negatives and they don't

2648

02:02:10,729 --> 02:02:08,639

return them to him for two years

2649

02:02:13,070 --> 02:02:10,739

um but thankfully it made it to the

2650

02:02:16,810 --> 02:02:13,080

front page of the newspaper before the

2651
02:02:20,810 --> 02:02:16,820
negatives uh were confiscated but I I

2652
02:02:23,089 --> 02:02:20,820
the Crescent shape and what was there uh

2653
02:02:25,669 --> 02:02:23,099
uh 1947 I think it's one of the most

2654
02:02:28,910 --> 02:02:25,679
important cases in all of ufology

2655
02:02:30,589 --> 02:02:28,920
yeah I agree so thank you so much and

2656
02:02:32,570 --> 02:02:30,599
now listen I've got the links up hold

2657
02:02:35,689 --> 02:02:32,580
the book up

2658
02:02:37,850 --> 02:02:35,699
okay

2659
02:02:40,729 --> 02:02:37,860
they're different colors

2660
02:02:43,070 --> 02:02:40,739
green is the Midwest orange are the

2661
02:02:45,109 --> 02:02:43,080
Southern States powder blue is the New

2662
02:02:47,990 --> 02:02:45,119
England states and purple are the west

2663
02:02:50,870 --> 02:02:48,000

Western they're it's done by con it's

2664

02:02:53,390 --> 02:02:50,880

done by census district and

2665

02:02:55,669 --> 02:02:53,400

um they're all named the same thing UFOs

2666

02:02:57,229 --> 02:02:55,679

whatever your state is and where to find

2667

02:03:00,709 --> 02:02:57,239

them so if you're searching on Amazon

2668

02:03:02,330 --> 02:03:00,719

just put in UFOs uh in your state and

2669

02:03:05,270 --> 02:03:02,340

where to find them and boom you'll see

2670

02:03:07,010 --> 02:03:05,280

the book we've priced them to go

2671

02:03:10,189 --> 02:03:07,020

um the the lowest price ones for the

2672

02:03:12,530 --> 02:03:10,199

tiny states are like 12 bucks the the

2673

02:03:14,050 --> 02:03:12,540

even the big California ones is under

2674

02:03:16,609 --> 02:03:14,060

nineteen dollars

2675

02:03:19,189 --> 02:03:16,619

so we priced them to go we took a very

2676

02:03:21,280 --> 02:03:19,199

little profit we want this is disclosure

2677

02:03:25,189 --> 02:03:21,290

to old ladies Style

2678

02:03:28,070 --> 02:03:25,199

[Laughter]

2679

02:03:30,649 --> 02:03:28,080

say that again this is Grassroots

2680

02:03:32,870 --> 02:03:30,659

disclosure two old ladies style two old

2681

02:03:34,669 --> 02:03:32,880

ladies style the links and this was

2682

02:03:35,930 --> 02:03:34,679

people say where did you get a grant for

2683

02:03:38,990 --> 02:03:35,940

this I said

2684

02:03:41,570 --> 02:03:39,000

the pensions of two old ladies this is

2685

02:03:43,189 --> 02:03:41,580

reprehensible and unconscionable that's

2686

02:03:45,189 --> 02:03:43,199

what I'm talking about Cheryl you're the

2687

02:03:48,410 --> 02:03:45,199

government-funded it's Social Security

2688

02:03:50,209 --> 02:03:48,420

give my best to Linda and and just tell

2689

02:03:52,310 --> 02:03:50,219

her thank you uh you're the absolute

2690

02:03:54,109 --> 02:03:52,320

best what a great show tonight it was

2691

02:03:55,609 --> 02:03:54,119

absolutely perfect we'll come back and

2692

02:03:58,669 --> 02:03:55,619

talk to you when we get our hot spots

2693

02:04:01,729 --> 02:03:58,679

book done behave and be well

2694

02:04:05,990 --> 02:04:01,739

thank you Cheryl Cheryl Costa everybody

2695

02:04:08,209 --> 02:04:06,000

and uh the links for the book are right

2696

02:04:12,050 --> 02:04:08,219

there below us and it's very simple to

2697

02:04:14,330 --> 02:04:12,060

do and uh let me do this and thank you

2698

02:04:17,810 --> 02:04:14,340

so much Cheryl I am going to get out of

2699

02:04:21,290 --> 02:04:17,820

here tomorrow night Randall Carlson the
