00:01:05,509 --> 00:01:03,600

five shows Monday through Friday we've

9
00:01:07,250 --> 00:01:05,519

got five shows this week tonight I'm

10
00:01:10,190 --> 00:01:07,260

doing a show on

11
00:01:11,810 --> 00:01:10,200

the meaning of life so stay tuned for

12
00:01:13,490 --> 00:01:11,820

that tonight

13
00:01:15,170 --> 00:01:13,500

I think you're going to find that very

14

00:01:18,550 --> 00:01:15,180

interesting and then tomorrow night I'm

15

00:01:21,910 --> 00:01:18,560

doing a special report on artificial

16

00:01:24,170 --> 00:01:21,920

intelligence and this is very important

17

00:01:26,510 --> 00:01:24,180

and you're not going to want to miss

18

00:01:29,630 --> 00:01:26,520

that broadcast tomorrow night and then

19

00:01:32,890 --> 00:01:29,640

Wednesday night I've got David Palmer

20

00:01:35,870 --> 00:01:32,900

here the Leo King because on Thursday

21

00:01:38,469 --> 00:01:35,880

one of the biggest events in astrology

22

00:01:42,109 --> 00:01:38,479

and our solar system is taking place

23

00:01:45,530 --> 00:01:42,119

Pluto is entering aquarius so Wednesday

24

00:01:47,749 --> 00:01:45,540

night David Palmer is with us to discuss

25

00:01:50,870 --> 00:01:47,759

all of that Thursday night

26

00:01:53,030 --> 00:01:50,880

that's right Ronnie LeBlanc will be with

27

00:01:55,550 --> 00:01:53,040

us for a full night of Bigfoot we had to

28

00:01:57,170 --> 00:01:55,560

reschedule from last week so he's going

29

00:02:01,069 --> 00:01:57,180

to be with us on Thursday and then

30

00:02:03,770 --> 00:02:01,079

Friday night is our Linda Moulton Howe

31

00:02:07,969 --> 00:02:03,780

special she is going to be with us for

32

00:02:10,550 --> 00:02:07,979

two hours on Friday night and she is

33

00:02:14,390 --> 00:02:10,560

going to be receiving a media Legend

34

00:02:18,170 --> 00:02:14,400

award next week here in Los Angeles this

35

00:02:20,330 --> 00:02:18,180

is a very very big deal and to help us

36

00:02:22,190 --> 00:02:20,340

celebrate Linda is going to be with us

37

00:02:25,670 --> 00:02:22,200

on Friday night so we have five shows

38

00:02:28,850 --> 00:02:25,680

this week on Fade to Black all right

39

00:02:30,650 --> 00:02:28,860

very excited busy week and a great week

40

00:02:31,690 --> 00:02:30,660

all right so let's get straight to it

41

00:02:36,050 --> 00:02:31,700

today

42

00:02:39,490 --> 00:02:36,060

on this day in history now check this

43

00:02:42,650 --> 00:02:39,500

out the Black Death is created

44

00:02:45,890 --> 00:02:42,660

allegedly according to Scholars at the

45

00:02:48,290 --> 00:02:45,900

University of Paris the Black Death is

46

00:02:51,410 --> 00:02:48,300

Created from what they call and I quote

47

00:02:54,290 --> 00:02:51,420

here a triple conjunction of Saturn

48

00:02:57,650 --> 00:02:54,300

Jupiter and Mars in the 40th degree of

49

00:03:02,210 --> 00:02:57,660

Aquarius occurring on the 20th of March

50

00:03:06,110 --> 00:03:02,220

1345 therefore it created the Black

51
00:03:08,509 --> 00:03:06,120
Death on this day in history in 1345.

52
00:03:11,270 --> 00:03:08,519
let's get to your fader fact this is for

53
00:03:13,089 --> 00:03:11,280
genocide here's your fader fact fully

54
00:03:15,790 --> 00:03:13,099
vetted by the way

55
00:03:20,270 --> 00:03:15,800
your nose

56
00:03:23,149 --> 00:03:20,280
works one nostril at a time

57
00:03:24,290 --> 00:03:23,159
that's right to stop them from drying

58
00:03:27,470 --> 00:03:24,300
out

59
00:03:31,009 --> 00:03:27,480
they do this and take turns and give

60
00:03:34,430 --> 00:03:31,019
each other a break from detecting smells

61
00:03:36,470 --> 00:03:34,440
and I know you didn't know that and that

62
00:03:37,910 --> 00:03:36,480
is your fader fact let's get to the

63
00:03:42,170 --> 00:03:37,920

breaking news

64
00:03:45,410 --> 00:03:42,180
the U.S Geological Survey announced that

65
00:03:48,110 --> 00:03:45,420
the giant invasive pythons have now

66
00:03:50,630 --> 00:03:48,120
spread beyond their core range in the

67
00:03:53,990 --> 00:03:50,640
south Florida Everglades and into places

68
00:03:57,229 --> 00:03:54,000
like West Palm Beach and Fort Myers

69
00:03:59,390 --> 00:03:57,239
Florida the study calls Florida's python

70
00:04:02,350 --> 00:03:59,400
Invasion one of the most intractable

71
00:04:05,930 --> 00:04:02,360
invasive species management problems

72
00:04:08,089 --> 00:04:05,940
across the globe and as the snakes

73
00:04:10,809 --> 00:04:08,099
continue to spread North leaving a trail

74
00:04:14,289 --> 00:04:10,819
of ecological Devastation in their wake

75
00:04:18,110 --> 00:04:14,299
eradication of the species is impossible

76

00:04:20,210 --> 00:04:18,120

with existing tools pythons are

77

00:04:21,710 --> 00:04:20,220

notoriously hard to locate in the

78

00:04:25,610 --> 00:04:21,720

immense stretches of South Florida

79

00:04:27,770 --> 00:04:25,620

Wetlands where they Thrive they don't

80

00:04:30,469 --> 00:04:27,780

readily enter traps they're too smart

81

00:04:33,050 --> 00:04:30,479

for that and they're natural camouflage

82

00:04:35,390 --> 00:04:33,060

is incredibly well suited to the Florida

83

00:04:38,350 --> 00:04:35,400

terrain where they've been breeding

84

00:04:43,310 --> 00:04:38,360

rapidly since the year

85

00:04:46,310 --> 00:04:43,320

2000 all right well this past Friday

86

00:04:48,890 --> 00:04:46,320

a series of streaking lights across

87

00:04:52,870 --> 00:04:48,900

California Skies had onlookers

88

00:04:55,610 --> 00:04:52,880

speculating it was an alien and UFO

89

00:04:58,390 --> 00:04:55,620

Invasion well it turned out

90

00:05:01,430 --> 00:04:58,400

to be the bits of flaming space debris

91

00:05:04,070 --> 00:05:01,440

re-entering the atmosphere because for

92

00:05:06,409 --> 00:05:04,080

40 seconds people in Sacramento

93

00:05:10,430 --> 00:05:06,419

California saw what looked like a group

94

00:05:13,070 --> 00:05:10,440

of shooting stars uh Jonathan McDowell

95

00:05:16,490 --> 00:05:13,080

an astrophysicist at the Harvard

96

00:05:18,230 --> 00:05:16,500

Smithsonian Center for astrophysics said

97

00:05:20,150 --> 00:05:18,240

that the lights were pieces of

98

00:05:22,909 --> 00:05:20,160

communication equipment that were

99

00:05:25,490 --> 00:05:22,919

checked this thrown out of the

100

00:05:29,450 --> 00:05:25,500

International Space Station back in

101
00:05:32,390 --> 00:05:29,460
February of 2020 the pieces which were

102
00:05:35,029 --> 00:05:32,400
traveling across the sky at 17

103
00:05:38,810 --> 00:05:35,039
000 miles per hour were part of a

104
00:05:43,390 --> 00:05:38,820
discarded 700 pound Communications

105
00:05:46,550 --> 00:05:43,400
antenna that they just threw out

106
00:05:49,430 --> 00:05:46,560
the remains of a glacier have been found

107
00:05:52,010 --> 00:05:49,440
on Mars near the Martian equator showing

108
00:05:53,990 --> 00:05:52,020
that some form of water could still

109
00:05:59,150 --> 00:05:54,000
exist in a region on the red planet

110
00:06:01,129 --> 00:05:59,160
where humans May land the ice mass is no

111
00:06:03,770 --> 00:06:01,139
longer there but scientists spotted

112
00:06:06,770 --> 00:06:03,780
Telltale remains of other mineral

113
00:06:09,350 --> 00:06:06,780

deposits near Mars's uh equilateral

114

00:06:13,310 --> 00:06:09,360

region the deposits there usually

115

00:06:15,290 --> 00:06:13,320

contain light-colored sulfate salts when

116

00:06:18,010 --> 00:06:15,300

scientists took a closer look they

117

00:06:21,710 --> 00:06:18,020

recognized the features of a glacier

118

00:06:24,290 --> 00:06:21,720

including those Glacier ridges the

119

00:06:27,469 --> 00:06:24,300

research team also spotted a crevasse

120

00:06:30,110 --> 00:06:27,479

field or deep wedge-shaped openings that

121

00:06:32,990 --> 00:06:30,120

form inside glaciers

122

00:06:36,110 --> 00:06:33,000

the findings were shared last Wednesday

123

00:06:40,090 --> 00:06:36,120

at the 54th lunar and planetary science

124

00:06:43,309 --> 00:06:40,100

conference in The Woodlands Texas area

125

00:06:48,710 --> 00:06:43,319

all right U.S Customs and Border

126
00:06:52,309 --> 00:06:48,720
Protection found six live giant African

127
00:06:54,770 --> 00:06:52,319
land snails inside of a suitcase as a

128
00:06:57,409 --> 00:06:54,780
traveler arrived at the Detroit Metro

129
00:06:58,610 --> 00:06:57,419
Airport recently all of which were

130
00:07:01,670 --> 00:06:58,620
intended

131
00:07:04,730 --> 00:07:01,680
to be eaten

132
00:07:07,129 --> 00:07:04,740
the snails were inside of a suitcase as

133
00:07:10,610 --> 00:07:07,139
a traveler ride to the U.S from Ghana

134
00:07:16,430 --> 00:07:10,620
and were immediately intercepted by the

135
00:07:18,529 --> 00:07:16,440
CBP according to the cpb uh CBP they

136
00:07:21,890 --> 00:07:18,539
were all meant to be consumed which can

137
00:07:24,830 --> 00:07:21,900
pose health risks because they can carry

138
00:07:27,409 --> 00:07:24,840

a parasite that can lead to meningitis

139

00:07:31,010 --> 00:07:27,419

in humans now I know what you're asking

140

00:07:33,950 --> 00:07:31,020

yourself right now how big is a giant

141

00:07:37,850 --> 00:07:33,960

African snail and that's a great

142

00:07:42,230 --> 00:07:37,860

question how about eight inches in

143

00:07:47,469 --> 00:07:42,240

length and 5 inches in diameter

144

00:07:55,610 --> 00:07:49,010

ew

145

00:07:57,529 --> 00:07:55,620

the size of a house hurdled past Earth

146

00:08:01,189 --> 00:07:57,539

this past Friday

147

00:08:05,629 --> 00:08:01,199

and nobody said a thing the asteroid

148

00:08:09,230 --> 00:08:05,639

named 2023 ey passed by our planet at a

149

00:08:11,689 --> 00:08:09,240

distance of just 149

150

00:08:14,570 --> 00:08:11,699

000 miles and that is seriously close

151
00:08:19,430 --> 00:08:14,580
because that is about two-thirds of the

152
00:08:21,950 --> 00:08:19,440
distance to the Moon and nobody noticed

153
00:08:24,529 --> 00:08:21,960
all right I'm Gonna Leave You with this

154
00:08:27,469 --> 00:08:24,539
I find this very interesting

155
00:08:30,710 --> 00:08:27,479
here is every country

156
00:08:33,469 --> 00:08:30,720
that is banned tick tock

157
00:08:35,570 --> 00:08:33,479
you have the United States two dozen U.S

158
00:08:38,089 --> 00:08:35,580
states have banned the app on state

159
00:08:40,550 --> 00:08:38,099
government devices you've got New

160
00:08:42,589 --> 00:08:40,560
Zealand officials prohibited Tick Tock

161
00:08:46,850 --> 00:08:42,599
from being installed on government

162
00:08:48,889 --> 00:08:46,860
phones you have India India had a ban in

163
00:08:49,970 --> 00:08:48,899

place for years originally introduced in

164

00:08:54,310 --> 00:08:49,980

2020

165

00:08:57,110 --> 00:08:54,320

and they made it permanent in January of

166

00:08:58,850 --> 00:08:57,120

2021. you have the United Kingdom the

167

00:09:01,790 --> 00:08:58,860

British government announced a

168

00:09:02,750 --> 00:09:01,800

government device ban on Tick Tock this

169

00:09:05,810 --> 00:09:02,760

week

170

00:09:10,310 --> 00:09:05,820

Canada Canada started Banning the app on

171

00:09:12,530 --> 00:09:10,320

government devices last month Taiwan

172

00:09:15,290 --> 00:09:12,540

Taiwan introduced a government-to-vice

173

00:09:17,210 --> 00:09:15,300

ban in December and has been considering

174

00:09:19,910 --> 00:09:17,220

a larger ban

175

00:09:22,190 --> 00:09:19,920

you've got the entire European Union

176

00:09:25,250 --> 00:09:22,200

with multiple EU bodies citing security

177

00:09:28,430 --> 00:09:25,260

concerns the EU ban Tick Tock from being

178

00:09:31,190 --> 00:09:28,440

installed on staff phones also last

179

00:09:33,410 --> 00:09:31,200

month you've got Australia several

180

00:09:35,269 --> 00:09:33,420

individual government agencies in

181

00:09:38,930 --> 00:09:35,279

Australia have banned Tick Tock from

182

00:09:43,490 --> 00:09:38,940

being installed on officials devices but

183

00:09:45,650 --> 00:09:43,500

it no longer has that enacted

184

00:09:48,230 --> 00:09:45,660

you've got Afghanistan of course the

185

00:09:52,490 --> 00:09:48,240

Taliban announced an outright man on the

186

00:09:55,930 --> 00:09:52,500

app and then Indonesia and Pakistan have

187

00:09:58,250 --> 00:09:55,940

reversed their positions and rescinded

188
