00:00:43,190 --> 00:00:40,910  
welcome and good afternoon Fade to Black

4  
00:00:46,610 --> 00:00:43,200  
breaking news for this Tuesday March

5  
00:00:51,110 --> 00:00:46,620  
21st 2023 I'm Jimmy Church

6  
00:00:53,830 --> 00:00:51,120  
this is all of the news that you need on

7  
00:00:55,630 --> 00:00:53,840  
this day in history

8  
00:00:58,790 --> 00:00:55,640  
1952

9  
00:01:02,150 --> 00:00:58,800  
history's first major Rock and Roll Show

10  
00:01:05,090 --> 00:01:02,160  
happened the moon dog coronation ball

11  
00:01:07,310 --> 00:01:05,100  
which was held in Cleveland at the

12  
00:01:11,450 --> 00:01:07,320  
Cleveland Arena featuring Headliners

13  
00:01:14,390 --> 00:01:11,460

Paul Williams and his hucklebuckers

14

00:01:16,370 --> 00:01:14,400  
and Tiny Grimes and the rocking

15

00:01:20,450 --> 00:01:16,380  
Highlanders they were a black

16

00:01:22,730 --> 00:01:20,460  
instrumental band that wore Kilts that's

17

00:01:24,410 --> 00:01:22,740  
right 25 000 people showed up for only

18

00:01:28,370 --> 00:01:24,420  
ten thousand seats

19

00:01:29,870 --> 00:01:28,380  
and that is very very rock and roll

20

00:01:33,109 --> 00:01:29,880  
it's good to your fader fact fully

21

00:01:36,410 --> 00:01:33,119  
vetted by the way genocide

22

00:01:40,130 --> 00:01:36,420  
Jack Black's parents

23

00:01:43,370 --> 00:01:40,140  
Thomas William black and Judith love

24

00:01:46,429 --> 00:01:43,380  
Cohen were satellite Engineers who

25

00:01:48,069 --> 00:01:46,439  
worked on the Hubble Space Telescope

26

00:01:50,630 --> 00:01:48,079

that's right

27

00:01:52,310 --> 00:01:50,640

rocket scientists

28

00:01:54,230 --> 00:01:52,320

and that

29

00:01:56,450 --> 00:01:54,240

is your fader fact let's get to the

30

00:01:59,149 --> 00:01:56,460

breaking news this happened this past

31

00:02:00,770 --> 00:01:59,159

Friday Crush to my weekend

32

00:02:02,810 --> 00:02:00,780

and I just want to make this

33

00:02:05,510 --> 00:02:02,820

announcement now uh I'm slowly

34

00:02:07,429 --> 00:02:05,520

recovering because Lance Reddick

35

00:02:09,229 --> 00:02:07,439

the amazing actor who gained Fame

36

00:02:12,589 --> 00:02:09,239

playing a police commander on The Wire

37

00:02:15,110 --> 00:02:12,599

which absolutely was amazing he was of

38

00:02:17,390 --> 00:02:15,120

course in the John Wick franchise you

39

00:02:19,970 --> 00:02:17,400

know played the hotel desk clerk right

40

00:02:22,850 --> 00:02:19,980

White House Down he was on the series

41

00:02:26,470 --> 00:02:22,860

Fringe he was on lost and of course one

42

00:02:30,949 --> 00:02:26,480

of my favorites of all time Bosh

43

00:02:33,410 --> 00:02:30,959

died on Friday natural causes

44

00:02:36,830 --> 00:02:33,420

at the age of 60.

45

00:02:38,750 --> 00:02:36,840

wow rest in peace Lance Reddick I'm just

46

00:02:40,250 --> 00:02:38,760

he was an amazing piano player and

47

00:02:41,210 --> 00:02:40,260

singer too as well you should check out

48

00:02:43,550 --> 00:02:41,220

his album

49

00:02:48,410 --> 00:02:43,560

all right let's get to the breaking news

50

00:02:51,710 --> 00:02:48,420

a private Japanese Lander has made it to

51  
00:02:55,190 --> 00:02:51,720  
the moon the hakudo our spacecraft

52  
00:02:59,630 --> 00:02:55,200  
entered lunar orbit last night that's

53  
00:03:01,729 --> 00:02:59,640  
right on Monday the hakudo r launched on

54  
00:03:05,330 --> 00:03:01,739  
a SpaceX Falcon 9 rocket back on

55  
00:03:08,449 --> 00:03:05,340  
December 11 2022 taking a long looping

56  
00:03:11,089 --> 00:03:08,459  
and highly energy efficient path to the

57  
00:03:14,030 --> 00:03:11,099  
Moon finally arriving there after an

58  
00:03:18,110 --> 00:03:14,040  
engine burn that started at 9 24 p.m

59  
00:03:21,290 --> 00:03:18,120  
eastern time yesterday no privately

60  
00:03:22,190 --> 00:03:21,300  
operated spacecraft has ever landed on

61  
00:03:25,009 --> 00:03:22,200  
the moon

62  
00:03:27,229 --> 00:03:25,019  
that's right to date only the National

63  
00:03:28,610 --> 00:03:27,239

Space agencies of the United States the

64

00:03:31,910 --> 00:03:28,620

Soviet Union

65

00:03:35,330 --> 00:03:31,920

of Russia right and China

66

00:03:37,550 --> 00:03:35,340

have pulled it off now Japan's not done

67

00:03:40,430 --> 00:03:37,560

with the space news today because and

68

00:03:43,970 --> 00:03:40,440

this one is huge

69

00:03:46,610 --> 00:03:43,980

two organic compounds essential for

70

00:03:48,789 --> 00:03:46,620

living organisms have been found in

71

00:03:51,850 --> 00:03:48,799

samples retrieved from the asteroid

72

00:03:54,949 --> 00:03:51,860

ryugu that's right

73

00:03:57,710 --> 00:03:54,959

cementing the notion the idea the theory

74

00:04:00,170 --> 00:03:57,720

that some ingredients crucial for the

75

00:04:04,789 --> 00:04:00,180

Advent of Life arrived on Earth aboard

76

00:04:06,530 --> 00:04:04,799

space rocks from billions of years ago

77

00:04:08,869 --> 00:04:06,540

I've been talking about this on Fade to

78

00:04:13,190 --> 00:04:08,879

Black for years scientists announced

79

00:04:15,969 --> 00:04:13,200

they detected uracil and niacin in rocks

80

00:04:19,789 --> 00:04:15,979

obtained by the Japanese space agencies

81

00:04:22,749 --> 00:04:19,799

Hayabusa to spacecraft from two sites on

82

00:04:25,189 --> 00:04:22,759

ryugu back in 2019

83

00:04:29,210 --> 00:04:25,199

uracil is one of the chemical building

84

00:04:30,770 --> 00:04:29,220

blocks for RNA that molecule carrying

85

00:04:36,350 --> 00:04:30,780

directions for building and operating

86

00:04:40,070 --> 00:04:36,360

living organisms like you niacin is also

87

00:04:43,129 --> 00:04:40,080

called vitamin B3

88

00:04:47,150 --> 00:04:43,139

that's right on an asteroid

89

00:04:48,170 --> 00:04:47,160

right now vitamin B3 we all know was

90

00:04:53,110 --> 00:04:48,180

vital

91

00:04:56,710 --> 00:04:53,120

for for us and for rnas metabolism

92

00:04:59,749 --> 00:04:56,720

organic astrochemist and study author

93

00:05:02,150 --> 00:04:59,759

yashinori takano of the Japanese Agency

94

00:05:05,090 --> 00:05:02,160

for marine Earth Science and Technology

95

00:05:07,310 --> 00:05:05,100

said he is now looking forward to the

96

00:05:10,790 --> 00:05:07,320

results of analysis on samples being

97

00:05:14,390 --> 00:05:10,800

returned to Earth this September from

98

00:05:16,670 --> 00:05:14,400

the osiris-rex mission samples from the

99

00:05:18,830 --> 00:05:16,680

asteroid bennu

100

00:05:20,930 --> 00:05:18,840

yeah

101  
00:05:22,490 --> 00:05:20,940  
we're all starseeds

102  
00:05:25,850 --> 00:05:22,500  
think about that

103  
00:05:27,710 --> 00:05:25,860  
an asteroid three times the size of the

104  
00:05:31,490 --> 00:05:27,720  
one that blew out the windows in Russia

105  
00:05:34,990 --> 00:05:31,500  
back in 2013 will pass by Earth at half

106  
00:05:39,650 --> 00:05:35,000  
the distance to the Moon this Saturday

107  
00:05:43,969 --> 00:05:39,660  
March 25th and it's giant the asteroid

108  
00:05:47,110 --> 00:05:43,979  
known as 2023 dz2 will make a clean pass

109  
00:05:49,790 --> 00:05:47,120  
by our planet at 17

110  
00:05:52,850 --> 00:05:49,800  
426 miles per hour

111  
00:05:54,890 --> 00:05:52,860  
Sky Watchers with the six inch telescope

112  
00:05:57,529 --> 00:05:54,900  
or larger can see it on Friday evening

113  
00:06:00,050 --> 00:05:57,539

from the northern hemisphere the virtual

114

00:06:03,710 --> 00:06:00,060

telescope project and you can check it

115

00:06:07,730 --> 00:06:03,720

out online will also show a live stream

116

00:06:09,850 --> 00:06:07,740

and that's close and it's big don't look

117

00:06:13,490 --> 00:06:09,860

up

118

00:06:16,610 --> 00:06:13,500

officials with the Colorado Parks and

119

00:06:19,070 --> 00:06:16,620

Wildlife otherwise known as the CPW

120

00:06:21,770 --> 00:06:19,080

are on the lookout for a mountain lion

121

00:06:24,650 --> 00:06:21,780

that attacked a man soaking in a hot tub

122

00:06:26,450 --> 00:06:24,660

this past Saturday night the man who has

123

00:06:30,170 --> 00:06:26,460

not been identified and I can understand

124

00:06:33,650 --> 00:06:30,180

why was relaxing with his wife when the

125

00:06:35,570 --> 00:06:33,660

animal crept up behind him and grabbed a

126

00:06:39,290 --> 00:06:35,580

hold of his head

127

00:06:42,050 --> 00:06:39,300

in ground it's an in-ground hot tub not

128

00:06:44,930 --> 00:06:42,060

one above ground in ground so just their

129

00:06:48,770 --> 00:06:44,940

heads were peeking up and I bet the

130

00:06:51,710 --> 00:06:48,780

mountain lion freaked out well and maybe

131

00:06:54,529 --> 00:06:51,720

saw dinner from there things went as you

132

00:06:57,170 --> 00:06:54,539

can imagine there was a lot of splashing

133

00:06:59,330 --> 00:06:57,180

and screaming eventually the lion

134

00:07:01,909 --> 00:06:59,340

decided to run away they found a

135

00:07:04,909 --> 00:07:01,919

flashlight to shine on the line kind of

136

00:07:07,070 --> 00:07:04,919

hold him there where he ran up a hill he

137

00:07:07,850 --> 00:07:07,080

crouched and just stared back at the

138

00:07:09,710 --> 00:07:07,860

couple

139

00:07:12,110 --> 00:07:09,720

with the light trained on the cat the

140

00:07:14,990 --> 00:07:12,120

husband and wife managed to escape to

141

00:07:16,249 --> 00:07:15,000

their rental house where they called the

142

00:07:18,710 --> 00:07:16,259

police

143

00:07:21,050 --> 00:07:18,720

there you go you heard about the

144

00:07:23,510 --> 00:07:21,060

crocodile right the alligator crocodile

145

00:07:25,670 --> 00:07:23,520

the alligator in Florida right rang the

146

00:07:28,370 --> 00:07:25,680

dude's doorbell

147

00:07:30,710 --> 00:07:28,380

he answered the door and got bit

148

00:07:32,029 --> 00:07:30,720

right all right think about that I don't

149

00:07:34,129 --> 00:07:32,039

know if you rang the doorbell but I

150

00:07:37,930 --> 00:07:34,139

think he knocked alligators have

151  
00:07:40,670 --> 00:07:37,940  
opposing thumbs more than 600 Scrolls

152  
00:07:44,210 --> 00:07:40,680  
originally buried by the eruption of

153  
00:07:47,950 --> 00:07:44,220  
Mount Vesuvius back in 79 A.D could

154  
00:07:51,529 --> 00:07:47,960  
contain unread poems by Greek poet shaho

155  
00:07:55,029 --> 00:07:51,539  
and early Christian philosophy but right

156  
00:07:57,230 --> 00:07:55,039  
now the scrolls are charred shut

157  
00:07:59,510 --> 00:07:57,240  
researchers hope that the use of

158  
00:08:01,629 --> 00:07:59,520  
artificial intelligence which I will be

159  
00:08:05,510 --> 00:08:01,639  
talking about tonight on Fade to Black

160  
00:08:08,570 --> 00:08:05,520  
will unlock the contents of two specific

161  
00:08:11,510 --> 00:08:08,580  
Scrolls University of Kentucky Professor

162  
00:08:14,270 --> 00:08:11,520  
Brent seals has crafted an artificial

163  
00:08:17,450 --> 00:08:14,280

intelligence program that takes x-ray

164

00:08:20,029 --> 00:08:17,460

images of the Papyrus and inputs it into

165

00:08:22,129 --> 00:08:20,039

an algorithm to help read the Greek

166

00:08:24,890 --> 00:08:22,139

letters and symbols from multiple layers

167

00:08:28,369 --> 00:08:24,900

of the rolled scroll the system can't

168

00:08:31,969 --> 00:08:28,379

defend different

169

00:08:34,490 --> 00:08:31,979

G8 between the thin layers of the rolled

170

00:08:36,370 --> 00:08:34,500

up Papyrus allowing the scroll to be

171

00:08:38,149 --> 00:08:36,380

deciphered

172

00:08:40,430 --> 00:08:38,159

sometimes

173

00:08:42,350 --> 00:08:40,440

letters get jumbled

174

00:08:45,590 --> 00:08:42,360

do you ever do that do you ever do that

175

00:08:47,630 --> 00:08:45,600

just like what it doesn't make any sense

176

00:08:49,730 --> 00:08:47,640

I just did it right now all right I'm

177

00:08:53,889 --> 00:08:49,740

Gonna Leave You with this

178

00:08:58,790 --> 00:08:53,899

a new Cadbury bunny has been named for

179

00:09:01,310 --> 00:08:58,800

2023 his name is Crash the cat and he's

180

00:09:04,310 --> 00:09:01,320

the winner of the fifth annual bunny

181

00:09:07,670 --> 00:09:04,320

tryouts he beat out a miniature horse

182

00:09:10,790 --> 00:09:07,680

from Andover Massachusetts a dog from

183
