BREAKING NEWS

Thur Mar 30, 2023 **LIVE**

1
00:00:28,920 --> 00:00:11,180
foreign

2
00:00:28,930 --> 00:00:42,410
[Music]

3
00:00:48,650 --> 00:00:46,490
good afternoon Fade to Black it's not

4
00:00:53,930 --> 00:00:48,660
it's Fade to Black breaking news for

5
00:00:55,910 --> 00:00:53,940
this Thursday March 30th 2023. this is

6
00:00:58,369 --> 00:00:55,920
all of the news that you need I'm Jimmy

7
00:01:02,630 --> 00:00:58,379
Church all right let's get straight to

8
00:01:05,149 --> 00:01:02,640
it on this day in history 1981 President

9
00:01:08,810 --> 00:01:05,159
Ronald Reagan is shot in the chest

10
00:01:13,070 --> 00:01:08,820
outside of a Washington DC hotel by a

11
00:01:16,310 --> 00:01:13,080
Drifter named John Hinckley Jr I'll

12
00:01:20,510 --> 00:01:16,320
never forget that I was in Florida for

13
00:01:24,649 --> 00:01:20,520

spring break in Fort Lauderdale walking

14

00:01:27,109 --> 00:01:24,659

through the house of my friend Walt and

15

00:01:29,690 --> 00:01:27,119

the TV was on and the breaking news came

16

00:01:33,109 --> 00:01:29,700

in I'll never forget that day exactly

17

00:01:38,109 --> 00:01:33,119

where I was all right fader fact

18

00:01:43,310 --> 00:01:38,119

for genocide fader fact John cheese bro

19

00:01:46,609 --> 00:01:43,320

invented Vaseline in 1872.

20

00:01:51,350 --> 00:01:46,619

he invented it as a medicinal product

21

00:01:58,490 --> 00:01:51,360

he ate a spoonful of Vaseline every day

22

00:02:02,149 --> 00:01:58,500

until he died at the age of 96. and that

23

00:02:04,249 --> 00:02:02,159

is your fader fact all right

24

00:02:06,410 --> 00:02:04,259

I don't dispense with

25

00:02:07,789 --> 00:02:06,420

medical advice and I'm going to leave

26

00:02:09,790 --> 00:02:07,799

that one right there here's your

27

00:02:12,350 --> 00:02:09,800

breaking news

28

00:02:15,229 --> 00:02:12,360

astronomers have just discovered what

29

00:02:18,470 --> 00:02:15,239

may be the largest black hole known to

30

00:02:22,130 --> 00:02:18,480

date the giant black hole has a mass of

31

00:02:24,229 --> 00:02:22,140

30 billion Suns and sits at the center

32

00:02:25,869 --> 00:02:24,239

of the galaxy located hundreds of

33

00:02:29,690 --> 00:02:25,879

millions of light years from Earth

34

00:02:32,210 --> 00:02:29,700

astronomers call The Cosmic monster and

35

00:02:36,910 --> 00:02:32,220

Ultra massive black hole as opposed to

36

00:02:41,210 --> 00:02:36,920

you know supermassive black hole and

37

00:02:44,089 --> 00:02:41,220

it uh check this out that way anywhere

38

00:02:47,630 --> 00:02:44,099

between a few million and a few billion

39

00:02:49,910 --> 00:02:47,640

solar masses this one is ginormous

40

00:02:52,610 --> 00:02:49,920

astronomers discovered the black hole

41

00:02:55,070 --> 00:02:52,620

during observations of a galaxy located

42

00:02:56,809 --> 00:02:55,080

farther away from Earth than the one

43

00:02:59,630 --> 00:02:56,819

centered around the monster black hole

44

00:03:01,910 --> 00:02:59,640

while using the gravity of the

45

00:03:05,509 --> 00:03:01,920

foreground Galaxy to magnify the

46

00:03:09,410 --> 00:03:05,519

background object this is all over the

47

00:03:14,809 --> 00:03:12,530

one of the oldest Copper Fish Hooks in

48

00:03:18,410 --> 00:03:14,819

the world has been discovered during

49

00:03:20,930 --> 00:03:18,420

excavations in Ashkelon Southern Israel

50

00:03:23,690 --> 00:03:20,940

the Israeli Antiquity Authority

51
00:03:27,290 --> 00:03:23,700
announced everything yesterday the 6 000

52
00:03:30,110 --> 00:03:27,300
year old Discovery was made in 2018 when

53
00:03:32,750 --> 00:03:30,120
the IAA carried out excavations prior to

54
00:03:36,470 --> 00:03:32,760
the constructions of the mmn

55
00:03:38,990 --> 00:03:36,480
neighborhood in Ashkelon however the

56
00:03:41,570 --> 00:03:39,000
find is only being presented to the

57
00:03:44,270 --> 00:03:41,580
public now and I don't know why it will

58
00:03:47,750 --> 00:03:44,280
be exhibited for the first time at the

59
00:03:52,009 --> 00:03:47,760
48th archaeological Congress on April

60
00:03:55,729 --> 00:03:52,019
3rd and yes I know what you're asking it

61
00:03:58,610 --> 00:03:55,739
looks just like a modern Fish Hook and

62
00:04:00,530 --> 00:03:58,620
it's incredible and apparently things

63
00:04:05,449 --> 00:04:00,540

haven't changed

64

00:04:09,289 --> 00:04:05,459

that's right yesterday the sun emitted a

65

00:04:14,089 --> 00:04:09,299

strong solar flare peaking last night at

66

00:04:16,490 --> 00:04:14,099

10 33 p.m Eastern Time NASA's Solar

67

00:04:19,670 --> 00:04:16,500

Dynamics Observatory which watches the

68

00:04:22,069 --> 00:04:19,680

sun constantly captured an image of the

69

00:04:27,010 --> 00:04:22,079

event and yes it is incredible the flare

70

00:04:32,330 --> 00:04:27,020

is classified as an x 1.2 flare

71

00:04:34,430 --> 00:04:32,340

x-class is the most intense just so you

72

00:04:37,189 --> 00:04:34,440

know yeah disrupted radio signals and

73

00:04:39,170 --> 00:04:37,199

all kinds of stuff last night but uh it

74

00:04:40,969 --> 00:04:39,180

wasn't in the news I'm reporting it to

75

00:04:44,810 --> 00:04:40,979

you now after the fact

76
00:04:48,409 --> 00:04:44,820
Spain has approved a statute regulating

77
00:04:51,830 --> 00:04:48,419
the functions of its recently launched

78
00:04:54,650 --> 00:04:51,840
space agency that's right this is while

79
00:04:57,110 --> 00:04:54,660
a push of other European countries try

80
00:05:00,050 --> 00:04:57,120
to keep Pace with global Rivals like

81
00:05:02,390 --> 00:05:00,060
China and Russia all of this coming from

82
00:05:04,909 --> 00:05:02,400
science Minister Diana Moran and she

83
00:05:09,110 --> 00:05:04,919
announced everything today the Spanish

84
00:05:14,090 --> 00:05:09,120
space agency otherwise known as the AE

85
00:05:16,310 --> 00:05:14,100
right it's not the SSA it is the AE it's

86
00:05:18,249 --> 00:05:16,320
based in the southern city of Seville

87
00:05:22,070 --> 00:05:18,259
and will have a budget of

88
00:05:25,790 --> 00:05:22,080

746 million dollars in its first year

89

00:05:28,969 --> 00:05:25,800

and a staff of 75.

90

00:05:31,610 --> 00:05:28,979

Spain is in the space race

91

00:05:34,790 --> 00:05:31,620

well this was this was announced today

92

00:05:37,850 --> 00:05:34,800

and it's all over uh the media right now

93

00:05:40,189 --> 00:05:37,860

but it's a pretty interesting article

94

00:05:45,650 --> 00:05:40,199

stressed plants

95

00:05:47,930 --> 00:05:45,660

scream

96

00:05:50,749 --> 00:05:47,940

and apparently it sounds like popping

97

00:05:52,629 --> 00:05:50,759

bubble wrap a study of tomato and

98

00:05:55,249 --> 00:05:52,639

tobacco plants suggest they emit

99

00:05:59,510 --> 00:05:55,259

ultrasonic popping sounds when

100

00:06:02,050 --> 00:05:59,520

dehydrated or physically damaged

101
00:06:05,270 --> 00:06:02,060
that's right when you cut your flowers

102
00:06:06,350 --> 00:06:05,280
when you trim your plants with those

103
00:06:08,990 --> 00:06:06,360
scissors

104
00:06:11,870 --> 00:06:09,000
think about that when deprived of water

105
00:06:15,170 --> 00:06:11,880
or snipped with scissors plants emit a

106
00:06:17,150 --> 00:06:15,180
flurry of staccato screams that are too

107
00:06:19,850 --> 00:06:17,160
high frequency for humans to hear a

108
00:06:22,430 --> 00:06:19,860
study suggests when lowered into a range

109
00:06:24,590 --> 00:06:22,440
that human ears can detect these stress

110
00:06:27,350 --> 00:06:24,600
induced pops sound like somebody

111
00:06:30,110 --> 00:06:27,360
furiously tap dancing across a field of

112
00:06:32,950 --> 00:06:30,120
bubble wrap although humans cannot hear

113
00:06:36,050 --> 00:06:32,960

the pops without you know assistance

114

00:06:38,870 --> 00:06:36,060

various animals mammals insects and

115

00:06:41,510 --> 00:06:38,880

other plants may be able to detect these

116

00:06:44,510 --> 00:06:41,520

noises in the wild and respond to them

117

00:06:49,249 --> 00:06:44,520

all of this researchers reported today

118

00:06:50,510 --> 00:06:49,259

in the journal cell go and check out

119

00:06:53,090 --> 00:06:50,520

that article

120

00:06:55,850 --> 00:06:53,100

all right I'm Gonna Leave You with this

121

00:06:59,230 --> 00:06:55,860

because this might be

122

00:07:03,529 --> 00:06:59,240

my biggest news of the year

123

00:07:06,730 --> 00:07:03,539

the official trailer for Wes Anderson's

124

00:07:11,450 --> 00:07:06,740

latest film asteroid city

125

00:07:13,670 --> 00:07:11,460

has dropped go and Google it look it up

126

00:07:16,129 --> 00:07:13,680

and watch it

127

00:07:18,350 --> 00:07:16,139

now everybody knows Wes is one of my

128

00:07:20,029 --> 00:07:18,360

favorite filmmakers and all of his work

129

00:07:23,749 --> 00:07:20,039

starting all the way back with bottle

130

00:07:26,450 --> 00:07:23,759

rocket and Rushmore are some of my

131

00:07:30,110 --> 00:07:26,460

all-time favorite films

132

00:07:32,870 --> 00:07:30,120

and I mean uh I could go on another Life

133

00:07:36,830 --> 00:07:32,880

Aquatic right Budapest I could I could

134

00:07:40,730 --> 00:07:36,840

just keep going but uh seriously so when

135

00:07:43,309 --> 00:07:40,740

something drops you know new when Wes

136

00:07:45,710 --> 00:07:43,319

comes out with something I'm all in and

137

00:07:48,589 --> 00:07:45,720

this time

138

00:07:50,589 --> 00:07:48,599

we've got an alien invasion

139

00:07:54,650 --> 00:07:50,599

that's right

140

00:07:58,249 --> 00:07:54,660

Wes Anderson asteroid city is packed

141

00:08:00,890 --> 00:07:58,259

142

00:08:03,850 --> 00:08:00,900

Tilda Swinton Ed Norton Adrian Brody

145

00:08:13,670 --> 00:08:10,319

Rupert Friend Rita Wilson William Dafoe

146

00:08:17,210 --> 00:08:13,680

Jeff Goldblum Fisher Stevens hope Davis

147

00:08:20,950 --> 00:08:17,220

Matt Dillon and many more and to top it

148

00:08:24,589 --> 00:08:20,960

all off the movie is set in

149

00:08:26,869 --> 00:08:24,599

1955. go check out the trailer it is

150

00:08:28,809 --> 00:08:26,879

visually stunning all of us as films are

151

00:08:31,070 --> 00:08:28,819

but in the trailer

152

00:08:33,529 --> 00:08:31,080

schwartzman's character asked his

153

00:08:36,649 --> 00:08:33,539

father-in-law played by Tom Hanks to

154

00:08:38,990 --> 00:08:36,659

00:08:47,870 --> 00:08:45,779

asteroid City soon aliens arrive and

158

00:08:50,630 --> 00:08:47,880

everyone is stuck in Asteroid City

159

00:08:51,850 --> 00:08:50,640

quarantine and directed not to leave the

160

00:08:56,269 --> 00:08:51,860

161

00:08:59,810 --> 00:08:56,279
