47  
00:02:57,589 --> 00:02:54,660  
Mars NASA administrator Bill Nelson said

48  
00:03:00,229 --> 00:02:57,599

57  
00:03:28,670 --> 00:03:24,920  
organization's leader Jim free

58  
00:03:31,070 --> 00:03:28,680  
scientists have filmed a fish swimming

59  
00:03:33,830 --> 00:03:31,080  
at an extraordinary depth in the ocean

60  
00:03:37,490 --> 00:03:33,840  
making it the deepest observation that

61  
00:03:41,869 --> 00:03:37,500  
has ever been made the species a type of

62  
00:03:45,850 --> 00:03:41,879  
snailfish was filmed check this swimming

63  
00:03:50,089 --> 00:03:45,860

at a depth of 27

64

00:03:53,690 --> 00:03:50,099

349 feet it was filmed by an autonomous

65

00:03:56,449 --> 00:03:53,700

Lander dropped into a trench south of

66

00:03:59,350 --> 00:03:56,459

Japan the lead scientist said the

67

00:04:03,970 --> 00:03:59,360

snailfish could be at or very close to

68

00:04:06,770 --> 00:04:03,980

the maximum depth any fish can survive

69

00:04:08,930 --> 00:04:06,780

and that is incredible

70

00:04:12,710 --> 00:04:08,940

check this out

71

00:04:16,670 --> 00:04:12,720

Joe wood the former wife of Rolling

72

00:04:20,449 --> 00:04:16,680

Stones Ronnie Wood thinks she may have

73

00:04:22,790 --> 00:04:20,459

been abducted by aliens that's right Joe

74

00:04:25,730 --> 00:04:22,800

says her first alien sighting was in

75

00:04:29,270 --> 00:04:25,740

Brazil when Ronnie that's right Ronnie

76  
00:04:31,730 --> 00:04:29,280  
Wood alerted her by shouting quote come

77  
00:04:35,570 --> 00:04:31,740  
see there's something in the sky end

78  
00:04:37,909 --> 00:04:35,580  
quote Joe explained that out over the

79  
00:04:40,730 --> 00:04:37,919  
sea was a thing with lights reflecting

80  
00:04:43,610 --> 00:04:40,740  
on the water she said it lifted up went

81  
00:04:46,490 --> 00:04:43,620  
to the right and shot across the sky at

82  
00:04:49,189 --> 00:04:46,500  
a speed that was unbelievable she says

83  
00:04:52,249 --> 00:04:49,199  
now she has reoccurring dreams of her

84  
00:04:56,150 --> 00:04:52,259  
rising up really really fast and then

85  
00:04:59,030 --> 00:04:56,160  
possibly being beamed back to Earth the

86  
00:05:01,249 --> 00:04:59,040  
former Strictly Come Dancing star who

87  
00:05:04,370 --> 00:05:01,259  
part who partnered with Brendan Cole for

88  
00:05:07,070 --> 00:05:04,380

the 2009 series now hosts the podcast

89

00:05:10,969 --> 00:05:07,080

about the E.T phenomenon it's called

90

00:05:13,310 --> 00:05:10,979

Alien Nation with Joe wood she says that

91

00:05:15,950 --> 00:05:13,320

she thinks well you know there are good

92

00:05:19,249 --> 00:05:15,960

guys and bad guys when it comes to

93

00:05:22,790 --> 00:05:19,259

aliens I agree Joe

94

00:05:24,770 --> 00:05:22,800

virgin orbit is ceasing operations for

95

00:05:27,110 --> 00:05:24,780

the foreseeable future laying off about

96

00:05:30,050 --> 00:05:27,120

90 percent of its Workforce I first

97

00:05:33,110 --> 00:05:30,060

reported about this two weeks ago but

98

00:05:34,430 --> 00:05:33,120

now virgin orbit CEO Dan Hart has just

99

00:05:38,029 --> 00:05:34,440

announced the news over the weekend

100

00:05:40,570 --> 00:05:38,039

during an all hands on deck meeting of

101  
00:05:43,430 --> 00:05:40,580  
the company saying and I quote

102  
00:05:45,230 --> 00:05:43,440  
unfortunately we have not been able to

103  
00:05:48,230 --> 00:05:45,240  
secure the funding to provide a clear

104  
00:05:51,110 --> 00:05:48,240  
path for this company we have no choice

105  
00:05:54,129 --> 00:05:51,120  
but to implement immediate dramatic and

106  
00:05:59,150 --> 00:05:54,139  
extremely painful changes end quote

107  
00:06:01,550 --> 00:05:59,160  
virgin orbit wow that's insane well that

108  
00:06:03,290 --> 00:06:01,560  
Chinese spy balloon that crossed over

109  
00:06:06,590 --> 00:06:03,300  
the United States earlier this year

110  
00:06:10,189 --> 00:06:06,600  
according to are you ready intelligence

111  
00:06:12,710 --> 00:06:10,199  
reports it was able to capture imagery

112  
00:06:16,610 --> 00:06:12,720  
and collect some signals intelligence

113  
00:06:18,710 --> 00:06:16,620

from U.S military sites the balloon was

114

00:06:21,890 --> 00:06:18,720

able to transmit information back to

115

00:06:23,990 --> 00:06:21,900

Beijing in real time and the U.S

116

00:06:26,510 --> 00:06:24,000

government still does not know for sure

117

00:06:29,990 --> 00:06:26,520

whether the Chinese government could

118

00:06:32,210 --> 00:06:30,000

wipe the balloon's data as it received

119

00:06:34,550 --> 00:06:32,220

it that raises questions about whether

120

00:06:37,370 --> 00:06:34,560

there was and is intelligence the

121

00:06:39,590 --> 00:06:37,380

balloon was able to gather that the U.S

122

00:06:42,710 --> 00:06:39,600

still doesn't know about

123

00:06:44,270 --> 00:06:42,720

still the intelligence Community has not

124

00:06:45,950 --> 00:06:44,280

been overly concerned about the

125

00:06:48,770 --> 00:06:45,960

information that bloom was able to

126

00:06:50,390 --> 00:06:48,780

gather because it is not much more

127

00:06:52,730 --> 00:06:50,400

sophisticated than what Chinese

128

00:06:56,150 --> 00:06:52,740

satellites are able to glean as they

129

00:07:00,409 --> 00:06:56,160

orbit over similar locations

130

00:07:02,570 --> 00:07:00,419

but they say it's a little bit better

131

00:07:05,270 --> 00:07:02,580

I'll keep you posted

132

00:07:06,670 --> 00:07:05,280

now finally I'm going to leave you with

133

00:07:10,610 --> 00:07:06,680

this

134

00:07:13,370 --> 00:07:10,620

VIP Twitter users woke up on Saturday

135

00:07:16,730 --> 00:07:13,380

expecting to have lost their coveted

136

00:07:21,050 --> 00:07:16,740

blue verification check marks because of

137

00:07:24,770 --> 00:07:21,060

the announced Purge by Elon Musk but

138

00:07:25,790 --> 00:07:24,780

instead Twitter targeted a single

139

00:07:29,629 --> 00:07:25,800  
account

140

00:07:31,969 --> 00:07:29,639  
the New York Times Twitter had said it

141

00:07:33,890 --> 00:07:31,979  
would begin winding down blue checks

142

00:07:36,610 --> 00:07:33,900  
granted under its old verification

143

00:07:38,870 --> 00:07:36,620  
system which emphasized protecting

144

00:07:40,490 --> 00:07:38,880  
high-profile users at the risk of

145

00:07:45,050 --> 00:07:40,500  
impersonation they were going to do all

146

00:07:47,270 --> 00:07:45,060  
of this by this past Saturday April 1st

147

00:07:51,170 --> 00:07:47,280  
well in order ordered to stay verified

148

00:07:53,629 --> 00:07:51,180  
Elon said users would have to pay eight

149

00:07:56,350 --> 00:07:53,639  
dollars per month to join the platform's

150

00:08:00,409 --> 00:07:56,360  
Twitter Blues Subscription Service

151  
00:08:02,990 --> 00:08:00,419  
VIP blue check mark holders found this

152  
00:08:05,450 --> 00:08:03,000  
weekend that their verification marks

153  
00:08:08,689 --> 00:08:05,460  
had not disappeared but rather had been

154  
00:08:11,570 --> 00:08:08,699  
appended with a new label that read

155  
00:08:16,490 --> 00:08:11,580  
quote this account is verified because

156  
00:08:19,070 --> 00:08:16,500  
it's subscribed to Twitter blue or is a

157  
00:08:22,249 --> 00:08:19,080  
legacy verified account end quote this

158  
00:08:24,409 --> 00:08:22,259  
is appearing right now on Twitter the

159  
00:08:27,290 --> 00:08:24,419  
New York Times posted a mean this

160  
00:08:31,309 --> 00:08:27,300  
weekend about the times declining to pay

161  
00:08:35,149 --> 00:08:31,319  
for verification so Elon responded in a

162  
00:08:38,930 --> 00:08:35,159  
tweet saying quote Oh okay we'll take it

163  
00:08:41,690 --> 00:08:38,940

off then end quote he then lashed out at

164

00:08:45,350 --> 00:08:41,700

the times in a series of tweets that

165

00:08:47,870 --> 00:08:45,360

claim the outlets coverage is boring

166

00:08:50,449 --> 00:08:47,880

and propaganda
