00:00:48,229 --> 00:00:44,460
game is rigged change the game game

7
00:00:51,830 --> 00:00:48,239
changer I occasionally think how quickly

8
00:00:55,189 --> 00:00:51,840
our differences worldwide would vanish

9
00:00:56,540 --> 00:00:55,199
if we were facing an alien threat from

10
00:00:58,320 --> 00:00:56,550
outside this work

11
00:00:58,530 --> 00:00:58,330

19

00:01:27,770 --> 00:01:25,439

and uh this is just uh uh too funny uh

20

00:01:29,149 --> 00:01:27,780

what's going on uh between uh the two of

21

00:01:31,670 --> 00:01:29,159

us right now

22

00:01:33,770 --> 00:01:31,680

um uh he'll be here in just a second if

23

00:01:35,090 --> 00:01:33,780

this is Fade to Black I am your host

24

00:01:39,249 --> 00:01:35,100

Jimmy Church

25

00:01:42,590 --> 00:01:39,259

tonight well it's Wednesday April 26

26

00:01:47,510 --> 00:01:42,600

2023 our guest tonight is Richard Dolan

27

00:01:51,350 --> 00:01:47,520

Richard and I tonight are going to be uh

28

00:01:55,310 --> 00:01:51,360

discussing the Senate Arrow slash UFO

29

00:01:56,950 --> 00:01:55,320

hearing uh that uh took place uh just

30

00:01:59,870 --> 00:01:56,960

about a week ago

31

00:02:01,370 --> 00:01:59,880

and uh this week I'm pretty much

32

00:02:03,950 --> 00:02:01,380

discussing it every night on the show

33

00:02:06,289 --> 00:02:03,960

and I brought in uh the best of the best

34

00:02:09,070 --> 00:02:06,299

this week to do just that we had a great

35

00:02:13,309 --> 00:02:09,080

show last night with with John Ramirez

36

00:02:16,790 --> 00:02:13,319

and uh very very insightful and

37

00:02:18,410 --> 00:02:16,800

informative as well and

38

00:02:21,949 --> 00:02:18,420

um Richard

39

00:02:26,210 --> 00:02:21,959

uh as I'm I'm waiting he just said dude

40

00:02:30,589 --> 00:02:26,220

I'm here where are you and so I don't

41

00:02:32,830 --> 00:02:30,599

see him so anyway uh I'm he's going I

42

00:02:35,869 --> 00:02:32,840

just resent him everything

43

00:02:37,610 --> 00:02:35,879

and uh and I'm just waiting for him to

44

00:02:41,229 --> 00:02:37,620

pop in Richard

45

00:02:45,170 --> 00:02:41,239

um the day after the hearing

46

00:02:48,830 --> 00:02:45,180

okay ah there he is

47

00:02:53,089 --> 00:02:48,840

there's Mr Dolan now now I guess I have

48

00:02:55,490 --> 00:02:53,099

to do an intro now uh instead of uh uh

49

00:02:58,430 --> 00:02:55,500

he's now listening you know stretching

50

00:02:59,990 --> 00:02:58,440

it stretching it uh Richard of course is

51
00:03:03,589 --> 00:03:00,000
one of the leading researchers and

52
00:03:07,009 --> 00:03:03,599
writers on the subject of UFOs and he

53
00:03:09,009 --> 00:03:07,019
broadcast so much amazing content live

54
00:03:11,869 --> 00:03:09,019
every single week over at

55
00:03:14,570 --> 00:03:11,879
richarddolanmembers.com and I encourage

56
00:03:16,910 --> 00:03:14,580
everybody to head over to Richard Dolan

57
00:03:18,589 --> 00:03:16,920
members uh the links are below I've got

58
00:03:21,110 --> 00:03:18,599
them over on my website I've got them

59
00:03:23,930 --> 00:03:21,120
throughout social media without a long

60
00:03:25,790 --> 00:03:23,940
intro we've got a lot a lot of stuff to

61
00:03:28,430 --> 00:03:25,800
discuss tonight so let's just get

62
00:03:31,009 --> 00:03:28,440
straight to it and say welcome Richard

63
00:03:33,290 --> 00:03:31,019

bleep and Dolan how you doing brother

64

00:03:35,030 --> 00:03:33,300

hello Jimmy thank you for having me on

65

00:03:36,770 --> 00:03:35,040

we had a little bit of a link issue

66

00:03:39,649 --> 00:03:36,780

there I'm sure the issue is all minor

67

00:03:42,410 --> 00:03:39,659

yeah yeah you know

68

00:03:46,070 --> 00:03:42,420

um yeah I'll I'll just tell everybody

69

00:03:47,930 --> 00:03:46,080

uh Richard and I used to uh we did this

70

00:03:50,570 --> 00:03:47,940

for a couple of years maybe like three

71

00:03:52,789 --> 00:03:50,580

years Richard would go screw the sound

72

00:03:54,890 --> 00:03:52,799

check dude I'm coming in one minute

73

00:03:56,990 --> 00:03:54,900

before the show and I'm a professional

74

00:03:59,930 --> 00:03:57,000

and I'll be ready to go and I was like

75

00:04:02,990 --> 00:03:59,940

okay deal with it yeah deal with it and

76

00:04:05,690 --> 00:04:03,000

so we we did that for years and uh

77

00:04:08,390 --> 00:04:05,700

Richard was the only guest uh I would do

78

00:04:10,429 --> 00:04:08,400

that with a it's called trust but B yeah

79

00:04:12,649 --> 00:04:10,439

he's a professional he's ready to go and

80

00:04:13,940 --> 00:04:12,659

we've done enough shows

81

00:04:18,610 --> 00:04:13,950

um and then there's tonight

82

00:04:23,629 --> 00:04:21,289

there you go there hey

83

00:04:27,230 --> 00:04:23,639

um Richard there's so much to discuss

84

00:04:30,249 --> 00:04:27,240

tonight but if I could uh I want to say

85

00:04:33,110 --> 00:04:30,259

hello to all of your uh your your

86

00:04:34,670 --> 00:04:33,120

dolanites is that right I guess so yeah

87

00:04:36,590 --> 00:04:34,680

I don't know I haven't really used that

88

00:04:38,990 --> 00:04:36,600

in a while but I hear that every now and

89

00:04:40,370 --> 00:04:39,000

then well I I see them in the chat so

90

00:04:43,070 --> 00:04:40,380

welcome that's what I'm talking about

91

00:04:45,170 --> 00:04:43,080

yeah all of you dolanites

92

00:04:49,070 --> 00:04:45,180

um and so for them

93

00:04:50,930 --> 00:04:49,080

uh Richard Knight normally chat uh uh

94

00:04:53,150 --> 00:04:50,940

and talk uh before the show we didn't do

95

00:04:54,710 --> 00:04:53,160

that today we did that via email I

96

00:04:56,749 --> 00:04:54,720

thought you didn't like me anymore yeah

97

00:04:58,490 --> 00:04:56,759

I'm not really concerned you know I when

98

00:05:00,050 --> 00:04:58,500

I sent you that email last week don't

99

00:05:01,610 --> 00:05:00,060

worry Richard we're still friends

100

00:05:04,909 --> 00:05:01,620

[Laughter]

101

00:05:09,050 --> 00:05:04,919

um but anyway it in this

102

00:05:11,270 --> 00:05:09,060

um I like to Richard and I like to uh

103

00:05:13,909 --> 00:05:11,280

have a spirited discussion and we don't

104

00:05:15,890 --> 00:05:13,919

normally don't always agree on

105

00:05:18,409 --> 00:05:15,900

everything and that's a lot of fun to

106

00:05:20,990 --> 00:05:18,419

have discussions like that tonight's

107

00:05:23,029 --> 00:05:21,000

show Richard I'm kind of I'm kind of

108

00:05:26,810 --> 00:05:23,039

firmly on your side of the fence on

109

00:05:29,450 --> 00:05:26,820

tonight's discussion so so uh I I think

110

00:05:31,790 --> 00:05:29,460

what we need to do is tonight I I gotta

111

00:05:34,249 --> 00:05:31,800

play I gotta play the role of Devil's

112

00:05:36,529 --> 00:05:34,259

Advocate uh along the way here so we can

113

00:05:39,409 --> 00:05:36,539

heat up the room a little bit all right

114

00:05:42,050 --> 00:05:39,419

are you cool with the little spirited uh

115

00:05:44,210 --> 00:05:42,060

jousting okay fine even if you'd truly

116

00:05:52,270 --> 00:05:44,220

disagreed with me I don't care well this

117

00:05:59,689 --> 00:05:55,790

and you did an excellent presentation

118

00:06:01,909 --> 00:05:59,699

um and for transparency the day of the

119

00:06:04,909 --> 00:06:01,919

the day the hearing uh Christina Gomez

120

00:06:07,310 --> 00:06:04,919

and I did a live stream and so we

121

00:06:08,810 --> 00:06:07,320

streamed it and and commented ate

122

00:06:12,710 --> 00:06:08,820

popcorn at seven o'clock in the morning

123

00:06:16,969 --> 00:06:12,720

and and and watched it and then had uh

124

00:06:19,189 --> 00:06:16,979

uh discussions after that and very much

125

00:06:21,529 --> 00:06:19,199

so the next day when you did your stream

126

00:06:23,930 --> 00:06:21,539

uh which I watched immediately I was

127

00:06:26,150 --> 00:06:23,940

very interested on your take

128

00:06:29,510 --> 00:06:26,160

um I have my notes here that I wrote

129

00:06:35,570 --> 00:06:29,520

live during the hearing and it's it's

130

00:06:37,490 --> 00:06:35,580

just like mirrored uh your view of the

131

00:06:39,350 --> 00:06:37,500

hearing and so but this is the thing

132

00:06:41,990 --> 00:06:39,360

although I don't like to agree with

133

00:06:46,189 --> 00:06:42,000

everybody on everything but what it did

134

00:06:49,129 --> 00:06:46,199

do to me Richard was let me know that we

135

00:06:51,170 --> 00:06:49,139

all kind of saw the same thing and that

136

00:06:53,809 --> 00:06:51,180

made me feel a little bit better that

137

00:06:55,610 --> 00:06:53,819

was like reading this the wrong way was

138

00:06:57,350 --> 00:06:55,620

I you know am I feeling kind of weird

139

00:06:59,990 --> 00:06:57,360

about this

140

00:07:02,629 --> 00:07:00,000

um and then uh and then that's it uh

141

00:07:05,450 --> 00:07:02,639

we're gonna start the show

142

00:07:07,129 --> 00:07:05,460

um I did send you an email today and I

143

00:07:09,710 --> 00:07:07,139

brought up nycap

144

00:07:13,790 --> 00:07:09,720

and did you see the email oh yeah yeah

145

00:07:14,689 --> 00:07:13,800

and there's there's a weird so I'll tie

146

00:07:18,770 --> 00:07:14,699

that

147

00:07:21,650 --> 00:07:18,780

but I feel like over the last few years

148

00:07:23,830 --> 00:07:21,660

all the way through to today I'm feeling

149

00:07:26,809 --> 00:07:23,840

kind of nightcap-ish

150

00:07:29,150 --> 00:07:26,819

in a way it's like history it

151

00:07:31,129 --> 00:07:29,160

you know they say history hasn't uh

152

00:07:34,249 --> 00:07:31,139

repeat but it Rhymes but it's it's kind

153

00:07:36,710 --> 00:07:34,259

of repeating and rhyming there's a lot

154

00:07:38,990 --> 00:07:36,720

that has happened before that I I do I

155

00:07:41,089 --> 00:07:39,000

think we see happening again yeah yeah I

156

00:07:43,850 --> 00:07:41,099

feel night capish okay so we'll we'll

157

00:07:46,450 --> 00:07:43,860

swing back around to that but I want to

158

00:07:50,689 --> 00:07:46,460

open up with

159

00:07:54,589 --> 00:07:50,699

have you do you have have you figured

160

00:07:57,830 --> 00:07:54,599

out Sean Kirkpatrick do you got do you

161

00:08:00,710 --> 00:07:57,840

have him dialed in yet do you what's

162

00:08:02,870 --> 00:08:00,720

your take well you know I like you I

163

00:08:05,450 --> 00:08:02,880

just the only thing that I've seen of

164

00:08:08,930 --> 00:08:05,460

him is the one hour of the hearing that

165

00:08:11,270 --> 00:08:08,940

he gave before the members of the Senate

166

00:08:13,129 --> 00:08:11,280

and he's obviously a very he's an

167

00:08:14,749 --> 00:08:13,139

intelligent man

168

00:08:18,409 --> 00:08:14,759

um I don't think there's any denying

169

00:08:21,050 --> 00:08:18,419

that he he seems to be going out of his

170

00:08:24,770 --> 00:08:21,060

way in my opinion to to give the most

171

00:08:26,330 --> 00:08:24,780

absolutely boring presentation during

172

00:08:28,309 --> 00:08:26,340

the whole first half of when he was

173

00:08:30,230 --> 00:08:28,319

talking about the arrow program I I

174

00:08:32,570 --> 00:08:30,240

almost thought he was intentionally

175

00:08:34,550 --> 00:08:32,580

trying to just put people to sleep

176
00:08:36,649 --> 00:08:34,560
honestly that's what I thought and then

177
00:08:38,690 --> 00:08:36,659
he was a little bit more engaged during

178
00:08:40,610 --> 00:08:38,700
the Q a section which was the second

179
00:08:43,550 --> 00:08:40,620
half of that it was a little bit more

180
00:08:45,650 --> 00:08:43,560
but uh no I mean you just I mean first

181
00:08:47,329 --> 00:08:45,660
of all that wasn't a dead empty room I

182
00:08:51,170 --> 00:08:47,339
think there was like maybe 20 25 people

183
00:08:53,329 --> 00:08:51,180
in there uh not what I was expecting I I

184
00:08:54,730 --> 00:08:53,339
don't know in my mind I had this much

185
00:08:57,889 --> 00:08:54,740
bigger thing

186
00:08:59,990 --> 00:08:57,899
envisioned and I'll get to him but

187
00:09:03,170 --> 00:09:00,000
you'll notice the cameras almost never

188
00:09:06,170 --> 00:09:03,180

showed a full shot of the room itself

189

00:09:08,389 --> 00:09:06,180

because it was so embarrassingly empty

190

00:09:10,370 --> 00:09:08,399

so nearly all the time the cameras are

191

00:09:11,810 --> 00:09:10,380

just focusing on him or Angela brand or

192

00:09:15,710 --> 00:09:11,820

one of the other senators

193

00:09:21,829 --> 00:09:18,370

he uh

194

00:09:24,470 --> 00:09:21,839

he's either he's either really clueless

195

00:09:27,050 --> 00:09:24,480

which I just can't think he is

196

00:09:29,930 --> 00:09:27,060

or he's just he's playing the political

197

00:09:33,110 --> 00:09:29,940

game and he is he knows like we're at a

198

00:09:35,030 --> 00:09:33,120

point in in DC politics where I don't

199

00:09:36,230 --> 00:09:35,040

think anyone really is expected to tell

200

00:09:39,410 --> 00:09:36,240

the truth

201
00:09:42,050 --> 00:09:39,420
are we at that point where just no we

202
00:09:44,389 --> 00:09:42,060
don't expect truth from the people in DC

203
00:09:45,650 --> 00:09:44,399
at least I don't and they never seem to

204
00:09:48,470 --> 00:09:45,660
disappoint

205
00:09:50,150 --> 00:09:48,480
so he's saying things like we've had no

206
00:09:52,490 --> 00:09:50,160
evidence that any of these objects are

207
00:09:54,350 --> 00:09:52,500
extraterrestrial or beyond the current

208
00:09:58,490 --> 00:09:54,360
laws of physics

209
00:09:59,870 --> 00:09:58,500
and he showed this one clip that looked

210
00:10:01,370 --> 00:09:59,880
really interesting and said no no we

211
00:10:03,829 --> 00:10:01,380
explained that

212
00:10:05,930 --> 00:10:03,839
and he's just playing to me it just

213
00:10:07,910 --> 00:10:05,940

seemed like the same game that we heard

214

00:10:10,190 --> 00:10:07,920

a year ago with Scott Bray and Ronald

215

00:10:12,290 --> 00:10:10,200

Moultrie where they're saying

216

00:10:13,790 --> 00:10:12,300

the only problem is just a lack of data

217

00:10:16,130 --> 00:10:13,800

if we had more data we could identify

218

00:10:18,650 --> 00:10:16,140

all of these they went out of their way

219

00:10:20,810 --> 00:10:18,660

also to state that this was the whole

220

00:10:23,269 --> 00:10:20,820

UFO UAP phenomenon was simply

221

00:10:25,070 --> 00:10:23,279

explainable in conventional terms if we

222

00:10:26,690 --> 00:10:25,080

just had enough data it's almost the

223

00:10:29,030 --> 00:10:26,700

exact same same thing that the Air Force

224

00:10:31,670 --> 00:10:29,040

is saying in the 1950s and I I felt

225

00:10:34,550 --> 00:10:31,680

that's what Kirkpatrick here was

226

00:10:37,430 --> 00:10:34,560

going after the one thing that I found

227

00:10:39,769 --> 00:10:37,440

really more disturbing about this

228

00:10:41,870 --> 00:10:39,779

hearing than any of the others

229

00:10:44,750 --> 00:10:41,880

is how

230

00:10:45,590 --> 00:10:44,760

it seemed to me that

231

00:10:48,829 --> 00:10:45,600

um

232

00:10:52,430 --> 00:10:48,839

the Senators particularly uh

233

00:10:54,889 --> 00:10:52,440

Judy uh Ernst Ernst yes

234

00:10:58,910 --> 00:10:54,899

was really just hitting the whole

235

00:11:03,170 --> 00:10:58,920

Chinese Russian angle of UFOs UAP in a

236

00:11:05,389 --> 00:11:03,180

way that even in the 1950s you didn't

237

00:11:06,710 --> 00:11:05,399

get any anything like public statements

238

00:11:09,590 --> 00:11:06,720

along these lines where people thought

239

00:11:11,389 --> 00:11:09,600

the Russians were actually flying these

240

00:11:12,230 --> 00:11:11,399

objects over American airspace there

241

00:11:14,990 --> 00:11:12,240

were some

242

00:11:16,790 --> 00:11:15,000

private classified conversations that

243

00:11:18,230 --> 00:11:16,800

wondered you know were the Soviets were

244

00:11:21,829 --> 00:11:18,240

the Russians doing this

245

00:11:23,329 --> 00:11:21,839

but uh there's really even then no firm

246

00:11:25,970 --> 00:11:23,339

conclusion that they were doing it

247

00:11:29,930 --> 00:11:25,980

because it was incredible but now here

248

00:11:32,389 --> 00:11:29,940

we are in 2023 and you could see like

249

00:11:34,550 --> 00:11:32,399

they really wanted all the easy wayp to

250

00:11:36,650 --> 00:11:34,560

be Chinese balloons or Chinese Russian

251

00:11:37,550 --> 00:11:36,660

spy satellites or spy drones or what

252

00:11:40,310 --> 00:11:37,560

have you

253

00:11:42,230 --> 00:11:40,320

and I just found that very disturbing on

254

00:11:44,690 --> 00:11:42,240

many levels but as far as with

255

00:11:47,210 --> 00:11:44,700

Kirkpatrick uh the only thing I can just

256

00:11:49,550 --> 00:11:47,220

really say is gauge my response on what

257

00:11:52,130 --> 00:11:49,560

he did in the hearing what he has said

258

00:11:53,630 --> 00:11:52,140

I'm not deeply familiar with the rest of

259

00:11:55,970 --> 00:11:53,640

his career I don't know I mean I know

260

00:11:59,150 --> 00:11:55,980

he's a lifelong DOD guy

261

00:12:01,610 --> 00:11:59,160

but as far as what he said

262

00:12:03,889 --> 00:12:01,620

he he talked a lot of jargon a lot of

263

00:12:05,870 --> 00:12:03,899

scientific bureaucraties like we're

264

00:12:08,150 --> 00:12:05,880

working with our partners to

265

00:12:09,350 --> 00:12:08,160

like NASA and we're doing this and that

266

00:12:10,610 --> 00:12:09,360

you know he said all of the the

267

00:12:13,750 --> 00:12:10,620

bureaucratic things that you'd expect

268

00:12:16,670 --> 00:12:13,760

but that just struck me as a lot of wind

269

00:12:19,190 --> 00:12:16,680

and in terms of actual

270

00:12:21,829 --> 00:12:19,200

anything substantive to say on UFOs or

271

00:12:24,170 --> 00:12:21,839

UAP I I just wasn't feeling it I wasn't

272

00:12:26,930 --> 00:12:24,180

getting anything so I was just left

273

00:12:30,769 --> 00:12:26,940

feeling very empty at the end of it yeah

274

00:12:35,870 --> 00:12:30,779

it and there was uh and we can certainly

275

00:12:38,269 --> 00:12:35,880

uh that's an easy view to achieve right

276

00:12:40,850 --> 00:12:38,279

there because I think we all came away

277

00:12:44,990 --> 00:12:40,860

uh kind of feeling that way but there

278

00:12:46,790 --> 00:12:45,000

was an awful lot there to unpack if you

279

00:12:50,569 --> 00:12:46,800

just start to take things in an

280

00:12:52,610 --> 00:12:50,579

individual sense and one of the one of

281

00:12:54,889 --> 00:12:52,620

the things that stuck out for me about

282

00:12:55,730 --> 00:12:54,899

Kirkpatrick because he did this out of

283

00:12:57,710 --> 00:12:55,740

the gate

284

00:12:59,569 --> 00:12:57,720

is that

285

00:13:02,629 --> 00:12:59,579

um and I don't know why Jilla brand uh

286

00:13:07,550 --> 00:13:02,639

dropped the ball on this but it was just

287

00:13:09,050 --> 00:13:07,560

last month when himself an Avi lobe come

288

00:13:11,870 --> 00:13:09,060

out with this article that goes

289

00:13:14,930 --> 00:13:11,880

completely viral picked up on all of the

290

00:13:17,269 --> 00:13:14,940

the media Outlets that you know alien

291

00:13:20,090 --> 00:13:17,279

Mothership are are dropping off probes

292

00:13:22,910 --> 00:13:20,100

in our solar system right and you get

293

00:13:24,949 --> 00:13:22,920

like Sean Kirkpatrick what Arrow yeah

294

00:13:29,350 --> 00:13:24,959

but did they really say that did he

295

00:13:33,470 --> 00:13:29,360

really say that but my point is

296

00:13:36,710 --> 00:13:33,480

his name and avi's were uh were the

297

00:13:38,150 --> 00:13:36,720

bylines there and the way that the media

298

00:13:40,490 --> 00:13:38,160

picked it doesn't matter about the

299

00:13:43,610 --> 00:13:40,500

article itself it's the headline that

300

00:13:46,730 --> 00:13:43,620

the media flashes around the world alien

301
00:13:51,410 --> 00:13:46,740
mother ships in our solar system and and

302
00:13:53,629 --> 00:13:51,420
to that clickbait yeah exactly and yeah

303
00:13:56,110 --> 00:13:53,639
is that was that you or me yeah sorry

304
00:13:58,730 --> 00:13:56,120
that was me hitting my microphone sorry

305
00:14:00,710 --> 00:13:58,740
that was an interesting tone and it's

306
00:14:03,290 --> 00:14:00,720
really unprofessional it is highly

307
00:14:07,430 --> 00:14:03,300
unprofessional and the point about that

308
00:14:10,610 --> 00:14:07,440
though is I I read the article okay and

309
00:14:13,430 --> 00:14:10,620
they they have the the thing is is

310
00:14:16,310 --> 00:14:13,440
Kirkpatrick is data driven he has stated

311
00:14:18,530 --> 00:14:16,320
his case we we know that Avi lobe he's a

312
00:14:22,670 --> 00:14:18,540
physicist he's data driven they're gonna

313
00:14:25,850 --> 00:14:22,680

come up with ideas Based on data all

314

00:14:29,090 --> 00:14:25,860

right that's their job so what in spot

315

00:14:32,810 --> 00:14:29,100

what do they see in the data that will

316

00:14:35,690 --> 00:14:32,820

turn around and have them author a paper

317

00:14:38,449 --> 00:14:35,700

like this so I thought oh okay

318

00:14:41,090 --> 00:14:38,459

Kirkpatrick's got an open mind that's

319

00:14:42,650 --> 00:14:41,100

all just an open mind I haven't read

320

00:14:44,990 --> 00:14:42,660

their paper have you read it because I

321

00:14:46,310 --> 00:14:45,000

actually have oh yes I've read it a

322

00:14:49,670 --> 00:14:46,320

couple of times it's pretty amazing

323

00:14:51,829 --> 00:14:49,680

you're ahead of me there uh but but

324

00:14:53,930 --> 00:14:51,839

he shows up at the hearing and that

325

00:14:57,110 --> 00:14:53,940

wasn't the guy that authored the paper

326

00:14:58,910 --> 00:14:57,120

and if you are Sean Kirkpatrick and you

327

00:15:01,850 --> 00:14:58,920

go you remember when he waved his arms

328

00:15:03,290 --> 00:15:01,860

all the data says right all the data

329

00:15:06,769 --> 00:15:03,300

says no E.T

330

00:15:08,870 --> 00:15:06,779

right okay that's gillibrand's opening

331

00:15:12,530 --> 00:15:08,880

well didn't you just write this thing

332

00:15:14,509 --> 00:15:12,540

with Javi Loeb uh what's the what's

333

00:15:17,389 --> 00:15:14,519

what's going on here why did you write

334

00:15:21,470 --> 00:15:17,399

that article and now you're saying uh

335

00:15:23,569 --> 00:15:21,480

absolutely not here today and that I was

336

00:15:26,930 --> 00:15:23,579

very surprised about Richard it was a

337

00:15:28,970 --> 00:15:26,940

gift given to uh gillibrand and

338

00:15:31,069 --> 00:15:28,980

everybody just let that go

339

00:15:33,350 --> 00:15:31,079

well I I have to say I dropped the ball

340

00:15:35,930 --> 00:15:33,360

because I had not read his paper so you

341

00:15:39,350 --> 00:15:35,940

have read it is it a sincere paper did

342

00:15:41,990 --> 00:15:39,360

he actually make this argument yeah that

343

00:15:44,810 --> 00:15:42,000

UFOs are are alien drones essentially

344

00:15:47,210 --> 00:15:44,820

yeah without you know pulling up the

345

00:15:49,790 --> 00:15:47,220

paper and and and and doing direct

346

00:15:51,710 --> 00:15:49,800

quotes from it but I'll paraphrase with

347

00:15:56,930 --> 00:15:51,720

this

348

00:16:01,910 --> 00:15:56,940

um the overarching idea here is that how

349

00:16:04,430 --> 00:16:01,920

could the probes uh enter our atmosphere

350

00:16:07,490 --> 00:16:04,440

um here in the solar system and one of

351
00:16:09,769 --> 00:16:07,500
the ways to do that would be to have a

352
00:16:12,829 --> 00:16:09,779
large Mothership full of these drones

353
00:16:16,069 --> 00:16:12,839
and you're Distributing these out to the

354
00:16:17,689 --> 00:16:16,079
planets that's very hypothetical it does

355
00:16:20,090 --> 00:16:17,699
and the way that they're putting it

356
00:16:22,910 --> 00:16:20,100
might be very hypothetical and but it's

357
00:16:25,490 --> 00:16:22,920
all data driven you don't hypothesize

358
00:16:28,550 --> 00:16:25,500
without data in no no you can share

359
00:16:29,750 --> 00:16:28,560
hypothesize I mean I I haven't I'm at a

360
00:16:32,090 --> 00:16:29,760
disadvantage here because I haven't read

361
00:16:33,650 --> 00:16:32,100
the paper but I could easily see him and

362
00:16:36,949 --> 00:16:33,660
Avi Loeb

363
00:16:39,110 --> 00:16:36,959

saying well it would be possible for an

364

00:16:41,990 --> 00:16:39,120

alien Mothership to send off drones

365

00:16:43,490 --> 00:16:42,000

maybe that's what they're doing but are

366

00:16:45,290 --> 00:16:43,500

they really saying were they really

367

00:16:47,269 --> 00:16:45,300

saying that Based on data in the paper

368

00:16:51,290 --> 00:16:47,279

I'm going to guess no

369

00:16:53,930 --> 00:16:51,300

no okay this is this is my point and

370

00:16:57,170 --> 00:16:53,940

this is see now this is where we Spar I

371

00:16:58,670 --> 00:16:57,180

love this this is great it is this we

372

00:17:01,670 --> 00:16:58,680

didn't even have to bring up Lazar

373

00:17:07,370 --> 00:17:01,680

tonight to do this so that's always a

374

00:17:10,549 --> 00:17:07,380

good thing is that Avi is in today's

375

00:17:13,370 --> 00:17:10,559

funding environment right you're not

376

00:17:15,169 --> 00:17:13,380

going to freak people out and if you're

377

00:17:17,990 --> 00:17:15,179

going you're just not going to do like

378

00:17:20,090 --> 00:17:18,000

this guy's unhinged so if you're going

379

00:17:22,189 --> 00:17:20,100

to put in the same thing with Sean

380

00:17:24,949 --> 00:17:22,199

Kirkpatrick being the director of Arrow

381

00:17:26,809 --> 00:17:24,959

you're not going to appear unhinged so

382

00:17:30,409 --> 00:17:26,819

if you're going to write something like

383

00:17:33,470 --> 00:17:30,419

this it's I'm just suggesting it's based

384

00:17:35,450 --> 00:17:33,480

on something I don't know what that

385

00:17:37,370 --> 00:17:35,460

something is but you're not going to go

386

00:17:40,510 --> 00:17:37,380

willy-nilly here and I don't think that

387

00:17:43,970 --> 00:17:40,520

they were just you know Gene Roddenberry

388

00:17:45,289 --> 00:17:43,980

uh an article to put out there I I just

389

00:17:48,470 --> 00:17:45,299

don't see that happening I think it was

390

00:17:50,150 --> 00:17:48,480

bad well all right so again and I'm I

391

00:17:52,130 --> 00:17:50,160

I've got to be careful how far I go

392

00:17:54,770 --> 00:17:52,140

because I have not read the paper but

393

00:17:57,409 --> 00:17:54,780

I'm going to take a guess that the the

394

00:17:59,150 --> 00:17:57,419

headline totally Twisted out of context

395

00:18:00,289 --> 00:17:59,160

probably what they were saying and I'm

396

00:18:01,850 --> 00:18:00,299

going to take a guess at what they were

397

00:18:04,730 --> 00:18:01,860

saying was some kind of crazy

398

00:18:06,950 --> 00:18:04,740

hypothetical about alien drones because

399

00:18:09,890 --> 00:18:06,960

there's no way that Kirkpatrick

400

00:18:12,590 --> 00:18:09,900

the guy is a DOD employee he's running

401
00:18:14,390 --> 00:18:12,600
Arrow we heard him and the hearings he

402
00:18:17,570 --> 00:18:14,400
just basically was through a cold wet

403
00:18:20,870 --> 00:18:17,580
blanket over UFOs UAP I cannot imagine

404
00:18:23,029 --> 00:18:20,880
that he was actually seriously saying oh

405
00:18:26,029 --> 00:18:23,039
yeah so I think that an alien mothership

406
00:18:28,370 --> 00:18:26,039
is sending drones here I seriously doubt

407
00:18:30,169 --> 00:18:28,380
that so but that's as far as I could go

408
00:18:32,090 --> 00:18:30,179
without having read the paper and that's

409
00:18:34,430 --> 00:18:32,100
fair that's fair I'm just saying that if

410
00:18:36,529 --> 00:18:34,440
I'm gillibrand that's the first thing

411
00:18:41,770 --> 00:18:36,539
out of my mouth it's like wait are you

412
00:18:46,070 --> 00:18:43,970
I'm gonna have to now you're giving me

413
00:18:48,169 --> 00:18:46,080

more homework assignments which I really

414

00:18:52,190 --> 00:18:48,179

dislike because I will I will read the

415

00:18:55,250 --> 00:18:52,200

paper I apologize uh for that in advance

416

00:18:58,610 --> 00:18:55,260

um do you feel that

417

00:19:02,510 --> 00:18:58,620

um uh there was

418

00:19:03,409 --> 00:19:02,520

there the choice of videos that were

419

00:19:07,330 --> 00:19:03,419

shown

420

00:19:10,549 --> 00:19:07,340

and the comments by Kirkpatrick

421

00:19:14,570 --> 00:19:10,559

were you used the word through through

422

00:19:17,150 --> 00:19:14,580

water on it um it it definitely put a

423

00:19:19,490 --> 00:19:17,160

little bit of kabash on some of the

424

00:19:22,549 --> 00:19:19,500

other things that other efforts out

425

00:19:26,330 --> 00:19:22,559

there by you know say melon or Elizondo

426
00:19:29,029 --> 00:19:26,340
and maybe even uh Jill brand herself uh

427
00:19:32,029 --> 00:19:29,039
by by absolutely saying

428
00:19:34,430 --> 00:19:32,039
ET is off the table here when there's

429
00:19:37,970 --> 00:19:34,440
all these very vocal efforts that are

430
00:19:41,570 --> 00:19:37,980
going on that there is something in in

431
00:19:45,110 --> 00:19:41,580
the skies that is not of human origin

432
00:19:48,650 --> 00:19:45,120
and for Kirkpatrick to take that view so

433
00:19:51,470 --> 00:19:48,660
strongly uh when he's trying to keep

434
00:19:53,810 --> 00:19:51,480
Arrow funded it was like a strange

435
00:19:55,310 --> 00:19:53,820
approach to me do you feel like I don't

436
00:19:57,650 --> 00:19:55,320
think it's strange at all I don't think

437
00:20:00,470 --> 00:19:57,660
it's strange I think I look I think we

438
00:20:03,529 --> 00:20:00,480

have got to get over the fact that the

439

00:20:04,970 --> 00:20:03,539

Pentagon chest institutionally I'm not

440

00:20:06,710 --> 00:20:04,980

talking about individuals who work

441

00:20:08,090 --> 00:20:06,720

within the military structure there's a

442

00:20:10,070 --> 00:20:08,100

lot of good people there but the

443

00:20:12,890 --> 00:20:10,080

Pentagon has a bureaucracy just cannot

444

00:20:14,450 --> 00:20:12,900

help but lie at this point we don't have

445

00:20:17,330 --> 00:20:14,460

an honest system I was going to say

446

00:20:18,650 --> 00:20:17,340

corrupted but I I think uh captured is a

447

00:20:20,330 --> 00:20:18,660

better word to describe these

448

00:20:22,010 --> 00:20:20,340

institutions now they don't I don't

449

00:20:24,289 --> 00:20:22,020

believe they work for us I do not

450

00:20:25,669 --> 00:20:24,299

believe the Pentagon is ever going to be

451
00:20:27,890 --> 00:20:25,679
in a position where it can truly be

452
00:20:30,830 --> 00:20:27,900
honest about the reality of the UFO

453
00:20:33,169 --> 00:20:30,840
phenomenon they cannot and I think this

454
00:20:34,610 --> 00:20:33,179
is what we are saying Kirkpatrick is a

455
00:20:37,430 --> 00:20:34,620
company man he's working for the

456
00:20:39,770 --> 00:20:37,440
Pentagon that's his job and I just I

457
00:20:41,570 --> 00:20:39,780
have never expected an honest good faith

458
00:20:44,450 --> 00:20:41,580
effort coming from them and they

459
00:20:46,190 --> 00:20:44,460
unfortunately are justifying

460
00:20:48,169 --> 00:20:46,200
my position

461
00:20:49,789 --> 00:20:48,179
I just don't think that they can do it

462
00:20:52,789 --> 00:20:49,799
how can they

463
00:20:55,130 --> 00:20:52,799

how can how can the Pentagon honestly

464

00:20:57,230 --> 00:20:55,140

come out and say to the world

465

00:20:59,990 --> 00:20:57,240

oh yes this does appear to be real after

466

00:21:01,789 --> 00:21:00,000

all that just opens up a can of worms

467

00:21:04,010 --> 00:21:01,799

that they're not going to be able to

468

00:21:06,110 --> 00:21:04,020

deal with so I've never expected honesty

469

00:21:08,450 --> 00:21:06,120

from them and as far as gillibrand goes

470

00:21:11,029 --> 00:21:08,460

she can play whatever game she wants in

471

00:21:12,350 --> 00:21:11,039

terms of public Persona oh yes I'm

472

00:21:13,549 --> 00:21:12,360

trying to get transparency out of the

473

00:21:17,029 --> 00:21:13,559

government yeah you know keep talking

474

00:21:17,750 --> 00:21:17,039

that game but I believe it when I see

475

00:21:19,789 --> 00:21:17,760

it

476

00:21:21,890 --> 00:21:19,799

I think there's a lot of window dressing

477

00:21:24,230 --> 00:21:21,900

going on here in a lot of theater

478

00:21:26,110 --> 00:21:24,240

and that that's what this strikes me as

479

00:21:29,990 --> 00:21:26,120

this strikes me as theater

480

00:21:31,549 --> 00:21:30,000

this is a serious public effort do you

481

00:21:32,690 --> 00:21:31,559

think quadcopters are the new weather

482

00:21:36,669 --> 00:21:32,700

balloons

483

00:21:40,669 --> 00:21:36,679

oh God he said that he actually he said

484

00:21:42,649 --> 00:21:40,679

uh even if even if these are quadcopters

485

00:21:45,409 --> 00:21:42,659

that's still important like you could

486

00:21:46,970 --> 00:21:45,419

just see these rhetorical devices that

487

00:21:49,730 --> 00:21:46,980

he used several times to kind of move

488

00:21:51,529 --> 00:21:49,740

UFOs into quadcopters or balloons

489

00:21:54,529 --> 00:21:51,539

Chinese balloons and all of that stuff

490

00:21:58,190 --> 00:21:54,539

and that's what UFOs or UAP have become

491

00:21:59,690 --> 00:21:58,200

conflated with and I I see that as kind

492

00:22:01,370 --> 00:21:59,700

of dishonest I mean

493

00:22:02,630 --> 00:22:01,380

the kind of dishonest I think I see it

494

00:22:05,390 --> 00:22:02,640

as dishonest

495

00:22:07,669 --> 00:22:05,400

I'm looking at UFO reports all the time

496

00:22:09,649 --> 00:22:07,679

and many of them are military reports

497

00:22:11,990 --> 00:22:09,659

and most of them that I'm looking at are

498

00:22:14,750 --> 00:22:12,000

21st century you know I'm not I'm done

499

00:22:17,529 --> 00:22:14,760

looking at a lot of the 20th century

500

00:22:21,289 --> 00:22:17,539

material I'm looking all at contemporary

501
00:22:23,810 --> 00:22:21,299
sightings and they're not foia released

502
00:22:28,549 --> 00:22:23,820
okay I'll grant you that but they are

503
00:22:30,890 --> 00:22:28,559
well attested witness accounts of you

504
00:22:33,169 --> 00:22:30,900
know objects over military bases or

505
00:22:36,289 --> 00:22:33,179
attempted interceptions and all of it

506
00:22:39,590 --> 00:22:36,299
it's still going on this is a Non-Stop

507
00:22:40,850 --> 00:22:39,600
issue as far as I could see and for him

508
00:22:43,010 --> 00:22:40,860
to say

509
00:22:44,630 --> 00:22:43,020
well maybe there'll be you know if

510
00:22:46,070 --> 00:22:44,640
they're quadcopters will have that's

511
00:22:49,010 --> 00:22:46,080
still interesting I'm like

512
00:22:51,590 --> 00:22:49,020
okay call BS on this I just don't think

513
00:22:53,630 --> 00:22:51,600

it's an honest attempt and you know when

514

00:22:57,049 --> 00:22:53,640

uh when the whole UFO conversation

515

00:22:59,390 --> 00:22:57,059

changed at the end of 2017

516

00:23:01,370 --> 00:22:59,400

the tsa group out there and they're

517

00:23:03,950 --> 00:23:01,380

talking about these UAP which are real

518

00:23:05,870 --> 00:23:03,960

and Elizondo and Kristen ramellen we're

519

00:23:07,669 --> 00:23:05,880

saying that this is real which was very

520

00:23:09,950 --> 00:23:07,679

important at that time for them to say

521

00:23:12,230 --> 00:23:09,960

that there were lots of people saying

522

00:23:13,970 --> 00:23:12,240

look you're just working for the CIA and

523

00:23:15,830 --> 00:23:13,980

the whole thing you heard a lot of folks

524

00:23:18,049 --> 00:23:15,840

saying this is going to be a false flag

525

00:23:19,610 --> 00:23:18,059

Alien Invasion scenario

526
00:23:20,870 --> 00:23:19,620
and

527
00:23:22,669 --> 00:23:20,880
you could talk about whatever

528
00:23:24,350 --> 00:23:22,679
motivations you want about the tsa

529
00:23:26,390 --> 00:23:24,360
people in fact we discussed that if you

530
00:23:27,590 --> 00:23:26,400
want but one thing I've never ever

531
00:23:30,409 --> 00:23:27,600
believed is that there was going to be

532
00:23:33,169 --> 00:23:30,419
this false flag Alien Invasion scenario

533
00:23:35,330 --> 00:23:33,179
I just never ever saw it and a lot of

534
00:23:38,330 --> 00:23:35,340
people criticized me for that at the

535
00:23:40,130 --> 00:23:38,340
time but now look look I I think we're

536
00:23:41,210 --> 00:23:40,140
we're far enough into this that we can

537
00:23:43,850 --> 00:23:41,220
say

538
00:23:46,490 --> 00:23:43,860

the Pentagon The Establishment they're

539

00:23:48,529 --> 00:23:46,500

not pushing the alien connection here if

540

00:23:51,590 --> 00:23:48,539

anything they're trying to pull that out

541

00:23:54,169 --> 00:23:51,600

and they are redirecting this whole

542

00:23:56,810 --> 00:23:54,179

conversation and they're turning UFOs

543

00:24:00,049 --> 00:23:56,820

into adversarial threats from China and

544

00:24:02,450 --> 00:24:00,059

Russia that's what is happening and that

545

00:24:05,029 --> 00:24:02,460

is not an accurate assessment of the UFO

546

00:24:06,710 --> 00:24:05,039

phenomenon but they are manipulating

547

00:24:09,890 --> 00:24:06,720

that

548

00:24:12,890 --> 00:24:09,900

a narrative for their own clearly for

549

00:24:14,690 --> 00:24:12,900

their own crazed geopolitical purposes

550

00:24:16,130 --> 00:24:14,700

which probably will not come to a good

551
00:24:18,169 --> 00:24:16,140
End by the way

552
00:24:20,690 --> 00:24:18,179
I mean I you can't you can't really see

553
00:24:23,149 --> 00:24:20,700
anyone like they

554
00:24:26,690 --> 00:24:23,159
gillibrin or Ernst rather

555
00:24:29,149 --> 00:24:26,700
she's wanted to like get some kind of

556
00:24:31,250 --> 00:24:29,159
affirmation that these were Chinese or

557
00:24:33,470 --> 00:24:31,260
Russian like you could just see her she

558
00:24:35,149 --> 00:24:33,480
was salivating over it and Kirkpatrick

559
00:24:37,070 --> 00:24:35,159
wouldn't quite give her that but he came

560
00:24:39,169 --> 00:24:37,080
close he said well I have concerns that

561
00:24:43,250 --> 00:24:39,179
adversaries are involved

562
00:24:46,370 --> 00:24:43,260
and but no one would ever really

563
00:24:48,169 --> 00:24:46,380

have have the audacity to accuse the

564

00:24:49,850 --> 00:24:48,179

Chinese of flying these things because

565

00:24:52,130 --> 00:24:49,860

that would be

566

00:24:54,110 --> 00:24:52,140

such an escalation in diplomatic circles

567

00:24:56,149 --> 00:24:54,120

plus internationally I guarantee you

568

00:24:57,890 --> 00:24:56,159

most of the world's Statesmen would just

569

00:25:00,230 --> 00:24:57,900

point and laugh like you've got to be

570

00:25:02,390 --> 00:25:00,240

kidding me yeah outside of the US and

571

00:25:05,289 --> 00:25:02,400

it's minions like Europe no we can't

572

00:25:08,390 --> 00:25:05,299

either yeah uh Kirkpatrick incredible

573

00:25:09,950 --> 00:25:08,400

when she came after him

574

00:25:11,870 --> 00:25:09,960

um I'm gonna make two comments here I'm

575

00:25:13,610 --> 00:25:11,880

gonna make them really quick when she

576
00:25:16,250 --> 00:25:13,620
came after him on the first point about

577
00:25:18,710 --> 00:25:16,260
Russian and Chinese

578
00:25:20,289 --> 00:25:18,720
um and he said well you know there are

579
00:25:23,330 --> 00:25:20,299
indicators

580
00:25:26,690 --> 00:25:23,340
you know he's using that that jargon

581
00:25:28,909 --> 00:25:26,700
there are indicators that may be kind of

582
00:25:30,409 --> 00:25:28,919
sore eight or that point but but now I

583
00:25:34,070 --> 00:25:30,419
just don't feel like it's China or

584
00:25:36,470 --> 00:25:34,080
Russia well he didn't say that he said I

585
00:25:38,330 --> 00:25:36,480
have indicators right some are related

586
00:25:40,549 --> 00:25:38,340
to foreign capabilities and and I'm

587
00:25:43,190 --> 00:25:40,559
willing to look into that you know okay

588
00:25:45,289 --> 00:25:43,200

so but then she comes right back at him

589

00:25:50,029 --> 00:25:45,299

and says

590

00:25:52,430 --> 00:25:50,039

is Arrow redundant right she goes you

591

00:25:55,669 --> 00:25:52,440

know is Arrow redundant are there other

592

00:25:57,529 --> 00:25:55,679

agencies doing the very same thing you

593

00:25:59,750 --> 00:25:57,539

know and and yeah I don't think Ernst

594

00:26:02,390 --> 00:25:59,760

was too happy with his reply and then

595

00:26:04,850 --> 00:26:02,400

she wants to turn around and and ask if

596

00:26:06,710 --> 00:26:04,860

his well from her perspective it is

597

00:26:08,090 --> 00:26:06,720

redundant because you could tell she

598

00:26:10,610 --> 00:26:08,100

doesn't really care about the UAP part

599

00:26:13,669 --> 00:26:10,620

she's interested in identifying these as

600

00:26:15,070 --> 00:26:13,679

Russian or Chinese technology and so for

601
00:26:17,149 --> 00:26:15,080
that the United States military is

602
00:26:19,190 --> 00:26:17,159
constantly looking at Russian and

603
00:26:21,529 --> 00:26:19,200
Chinese capabilities

604
00:26:23,450 --> 00:26:21,539
they know about all the you know China's

605
00:26:25,490 --> 00:26:23,460
satellites Russia satellites

606
00:26:28,250 --> 00:26:25,500
they're they're on top of that so on

607
00:26:29,750 --> 00:26:28,260
from that logic sure why would you need

608
00:26:34,669 --> 00:26:29,760
Arrow

609
00:26:36,289 --> 00:26:34,679
started as a essentially as a UFO I'm

610
00:26:38,930 --> 00:26:36,299
going to use that phrase a UFO

611
00:26:41,450 --> 00:26:38,940
investigative agency but what you see is

612
00:26:43,250 --> 00:26:41,460
that the Pentagon is saying no no no and

613
00:26:45,769 --> 00:26:43,260

Kirkpatrick said we're not really here

614

00:26:48,769 --> 00:26:45,779

to solve the UFO mystery that's not what

615

00:26:50,690 --> 00:26:48,779

we're doing we you know he said like

616

00:26:52,850 --> 00:26:50,700

it's going to take a long time I think

617

00:26:54,049 --> 00:26:52,860

before we get to that which by which I

618

00:26:56,990 --> 00:26:54,059

think he means never

619

00:26:59,090 --> 00:26:57,000

so uh and this whole thing about being

620

00:27:02,110 --> 00:26:59,100

data driven and the Integrity of the

621

00:27:04,549 --> 00:27:02,120

data I mean oh that sounds really great

622

00:27:06,409 --> 00:27:04,559

plays nice on TV

623

00:27:09,350 --> 00:27:06,419

what does it really mean you think about

624

00:27:11,090 --> 00:27:09,360

a typical UFO event usually the

625

00:27:13,490 --> 00:27:11,100

instruments that are usually used to

626

00:27:16,370 --> 00:27:13,500

record it are human eyeballs

627

00:27:19,130 --> 00:27:16,380

that's like 95 of them and you get some

628

00:27:21,769 --> 00:27:19,140

amazing sightings with that method but

629

00:27:24,169 --> 00:27:21,779

there's what's the data there that would

630

00:27:27,169 --> 00:27:24,179

satisfy him I mean actually there are

631

00:27:30,710 --> 00:27:27,179

many incredible witness encounters that

632

00:27:34,070 --> 00:27:30,720

would I think satisfy most reasonable

633

00:27:36,409 --> 00:27:34,080

minds but for him he wants the data I

634

00:27:38,950 --> 00:27:36,419

was looking at a U.S Navy case from 2007

635

00:27:41,029 --> 00:27:38,960

off the eastern U.S Coast

636

00:27:43,490 --> 00:27:41,039

uh and

637

00:27:44,950 --> 00:27:43,500

it was it was deciding by a U.S Navy

638

00:27:47,570 --> 00:27:44,960

meteorologist

639

00:27:49,669 --> 00:27:47,580

2007 about 100 miles off the coast of

640

00:27:51,769 --> 00:27:49,679

Virginia out in the Atlantic

641

00:27:53,810 --> 00:27:51,779

over the Deep part of the Atlantic where

642

00:27:56,330 --> 00:27:53,820

after when the Shelf drops they're out

643

00:27:58,130 --> 00:27:56,340

there and he said I saw this this object

644

00:27:59,930 --> 00:27:58,140

he said imagine an ordinary aircraft

645

00:28:01,549 --> 00:27:59,940

that didn't have blinking lights just

646

00:28:03,769 --> 00:28:01,559

one solid light

647

00:28:06,529 --> 00:28:03,779

but moving at 5000 miles per hour and

648

00:28:08,269 --> 00:28:06,539

making incredible turns and right angle

649

00:28:11,169 --> 00:28:08,279

turns he said that's what I saw

650

00:28:13,970 --> 00:28:11,179

and he was a U.S Navy meteorologist

651
00:28:15,590 --> 00:28:13,980
2007's not ancient history but he said

652
00:28:17,570 --> 00:28:15,600
we couldn't catch this on radar we could

653
00:28:19,490 --> 00:28:17,580
not detect it electronically

654
00:28:22,370 --> 00:28:19,500
so what are you left with would that go

655
00:28:23,990 --> 00:28:22,380
into Kirkpatrick's data set I'm thinking

656
00:28:26,090 --> 00:28:24,000
probably not I don't know but I'm going

657
00:28:27,769 --> 00:28:26,100
to guess maybe not there's a lot of

658
00:28:29,810 --> 00:28:27,779
these types of encounters

659
00:28:32,029 --> 00:28:29,820
and you know for these scientists who

660
00:28:33,590 --> 00:28:32,039
are trying to be very rigorous we need

661
00:28:35,930 --> 00:28:33,600
the data well

662
00:28:38,690 --> 00:28:35,940
good for you that the phenomenon doesn't

663
00:28:40,310 --> 00:28:38,700

always behave the way you want it to and

664

00:28:42,350 --> 00:28:40,320

anyone who has studied this for any

665

00:28:43,789 --> 00:28:42,360

lengthy period of time knows that the

666

00:28:45,470 --> 00:28:43,799

phenomenon is

667

00:28:48,169 --> 00:28:45,480

has its own mind

668

00:28:49,490 --> 00:28:48,179

it does what it does and sometimes the

669

00:28:51,470 --> 00:28:49,500

data you have to work with the

670

00:28:55,130 --> 00:28:51,480

information you get and I I personally

671

00:28:57,110 --> 00:28:55,140

think that good witness testimony counts

672

00:28:59,210 --> 00:28:57,120

as excellent data and we're foolish not

673

00:29:02,330 --> 00:28:59,220

to utilize it because it gives a very

674

00:29:04,130 --> 00:29:02,340

important part of the greater picture

675

00:29:06,529 --> 00:29:04,140

I mean I'm looking at I look at

676
00:29:08,570 --> 00:29:06,539
thousands of UFO cases every year now I

677
00:29:10,610 --> 00:29:08,580
mean I'm all over Davenport's National

678
00:29:14,169 --> 00:29:10,620
UFO Reporting Center I love that site

679
00:29:17,090 --> 00:29:14,179
and I'm still a big fan of George feiler

680
00:29:19,549 --> 00:29:17,100
and a number of other sites that have

681
00:29:22,010 --> 00:29:19,559
great sightings I just read them and

682
00:29:23,630 --> 00:29:22,020
most of them don't they don't get good

683
00:29:25,909 --> 00:29:23,640
investigations unfortunately we don't

684
00:29:27,289 --> 00:29:25,919
have the capability but it doesn't mean

685
00:29:29,570 --> 00:29:27,299
that these sightings don't happen

686
00:29:31,130 --> 00:29:29,580
there's very excellent ones and yes I

687
00:29:32,570 --> 00:29:31,140
realized a lot of

688
00:29:34,850 --> 00:29:32,580

things that seem like they're good

689

00:29:36,769 --> 00:29:34,860

sightings sometimes they're not

690

00:29:38,330 --> 00:29:36,779

but when you create enough of them I

691

00:29:40,010 --> 00:29:38,340

think I mean for me I just get a sense

692

00:29:41,690 --> 00:29:40,020

that there's a lot of very very

693

00:29:44,510 --> 00:29:41,700

critically important activity going on

694

00:29:46,310 --> 00:29:44,520

every single day and meanwhile we got

695

00:29:48,470 --> 00:29:46,320

this Arrow program I feel like I'm

696

00:29:50,649 --> 00:29:48,480

looking at Nero fiddling while Rome is

697

00:29:54,230 --> 00:29:50,659

burning we've got this massive

698

00:29:55,850 --> 00:29:54,240

phenomenon worldwide yeah and he's just

699

00:30:00,350 --> 00:29:55,860

like well we we've got to get more of

700

00:30:02,510 --> 00:30:00,360

the data we're 650 cases now half he

701
00:30:04,490 --> 00:30:02,520
said we're actually interesting in terms

702
00:30:06,470 --> 00:30:04,500
of anomalies but

703
00:30:08,630 --> 00:30:06,480
but he also then implied that he didn't

704
00:30:11,330 --> 00:30:08,640
have enough data for most of those well

705
00:30:15,350 --> 00:30:11,340
he also wonder where's he gonna go he

706
00:30:17,750 --> 00:30:15,360
said two things uh to your point Richard

707
00:30:21,649 --> 00:30:17,760
um I need your comments on this one and

708
00:30:24,169 --> 00:30:21,659
I was blown away he said that the sensor

709
00:30:25,669 --> 00:30:24,179
filters have only been used for the

710
00:30:26,870 --> 00:30:25,679
first time they've only been adjusted

711
00:30:29,510 --> 00:30:26,880
for the first time it's like wait a

712
00:30:31,610 --> 00:30:29,520
minute but this is this is United States

713
00:30:35,210 --> 00:30:31,620

airspace what do you mean you're just

714

00:30:37,870 --> 00:30:35,220

now adjusting how the sensor filters

715

00:30:40,730 --> 00:30:37,880

operate number one and then number two

716

00:30:43,549 --> 00:30:40,740

we're firing missiles over North America

717

00:30:46,610 --> 00:30:43,559

right right over North America three

718

00:30:49,610 --> 00:30:46,620

incidents you know a total of four and

719

00:30:51,289 --> 00:30:49,620

and he says Arrow had nothing to do with

720

00:30:53,750 --> 00:30:51,299

it they weren't involved with those

721

00:30:56,330 --> 00:30:53,760

balloons and and and nobody asked them

722

00:30:58,430 --> 00:30:56,340

anything I heard that they were briefly

723

00:31:00,169 --> 00:30:58,440

but then I wondered were they really so

724

00:31:02,090 --> 00:31:00,179

he said sorry we're not he's saying they

725

00:31:03,169 --> 00:31:02,100

were not yeah well the thing about the

726

00:31:03,950 --> 00:31:03,179

filters

727

00:31:06,789 --> 00:31:03,960

um

728

00:31:09,230 --> 00:31:06,799

I remembered when the Chinese balloon

729

00:31:12,649 --> 00:31:09,240

Extravaganza took over the news cycle

730

00:31:15,169 --> 00:31:12,659

for that week and there was a bit of

731

00:31:17,870 --> 00:31:15,179

discussion if you recall on the fact

732

00:31:19,370 --> 00:31:17,880

that you know a lot of clutter is

733

00:31:20,930 --> 00:31:19,380

filtered out

734

00:31:22,010 --> 00:31:20,940

I mean the fact is there are balloon

735

00:31:23,510 --> 00:31:22,020

launchings

736

00:31:26,210 --> 00:31:23,520

frequently they're all over the place

737

00:31:27,409 --> 00:31:26,220

and uh the argument was and you could

738

00:31:29,149 --> 00:31:27,419

take this or leave it but the argument

739

00:31:31,310 --> 00:31:29,159

was that if you were to

740

00:31:32,690 --> 00:31:31,320

you know have every one of these objects

741

00:31:34,190 --> 00:31:32,700

in here you get balloons you might get

742

00:31:36,889 --> 00:31:34,200

birds you might get who knows what kind

743

00:31:38,690 --> 00:31:36,899

of stuff is going to turn up and so some

744

00:31:42,710 --> 00:31:38,700

of these things have to be filtered out

745

00:31:44,210 --> 00:31:42,720

uh and that arguably that was the the

746

00:31:47,149 --> 00:31:44,220

reason we're told

747

00:31:49,250 --> 00:31:47,159

as to why the Chinese balloon got into

748

00:31:50,930 --> 00:31:49,260

U.S airspace to begin with because we

749

00:31:52,430 --> 00:31:50,940

couldn't filter out all the balloons so

750

00:31:53,510 --> 00:31:52,440

I'm guessing that's what he was talking

751
00:31:55,490 --> 00:31:53,520
about

752
00:31:58,730 --> 00:31:55,500
you know adjusting the filters so that

753
00:32:00,950 --> 00:31:58,740
we could detect more or better who knows

754
00:32:02,090 --> 00:32:00,960
what what they did turn the dials a

755
00:32:02,870 --> 00:32:02,100
little bit this way a little bit that

756
00:32:07,490 --> 00:32:02,880
way

757
00:32:11,330 --> 00:32:07,500
is what I'm guessing I I call BS and and

758
00:32:14,090 --> 00:32:11,340
the reason why I call PS good yes it

759
00:32:15,409 --> 00:32:14,100
wasn't it wasn't uh it wasn't a

760
00:32:18,710 --> 00:32:15,419
bumblebee

761
00:32:22,610 --> 00:32:18,720
it wasn't sensor data picking up a

762
00:32:26,149 --> 00:32:22,620
swallow right we're talking about a

763
00:32:29,450 --> 00:32:26,159

hundred meter the balloon of the balloon

764

00:32:32,870 --> 00:32:29,460

yeah yeah with with a sensor system

765

00:32:35,450 --> 00:32:32,880

hanging off of it sending real-time data

766

00:32:37,310 --> 00:32:35,460

collection do you know do we have the

767

00:32:41,090 --> 00:32:37,320

facts on that balloon yeah yeah I have

768

00:32:45,230 --> 00:32:41,100

been trying to I have actually read uh

769

00:32:47,570 --> 00:32:45,240

from uh the dod and I think it's the FBI

770

00:32:50,510 --> 00:32:47,580

that and it must be true okay keep going

771

00:32:53,470 --> 00:32:50,520

yeah I don't just stop return

772

00:32:57,350 --> 00:32:53,480

um I mean they do lie

773

00:32:59,570 --> 00:32:57,360

they confirmed that there was real time

774

00:33:02,269 --> 00:32:59,580

relay of data

775

00:33:04,190 --> 00:33:02,279

yeah so it was a I was an Espionage

776

00:33:05,930 --> 00:33:04,200

people which is totally possible you

777

00:33:07,909 --> 00:33:05,940

know during that whole I mean that could

778

00:33:11,570 --> 00:33:07,919

be true they don't they don't have to

779

00:33:13,669 --> 00:33:11,580

lie 100 of the time they usually lie uh

780

00:33:15,830 --> 00:33:13,679

during that whole week I remembered

781

00:33:17,210 --> 00:33:15,840

getting a quote from uh I forget the

782

00:33:19,310 --> 00:33:17,220

general's name he's

783

00:33:22,730 --> 00:33:19,320

either number one or close to number one

784

00:33:24,649 --> 00:33:22,740

in U.S um Central Command over in the

785

00:33:27,110 --> 00:33:24,659

Middle East so he runs a lot of the

786

00:33:28,970 --> 00:33:27,120

American Military over there

787

00:33:31,490 --> 00:33:28,980

and there was a quote from him and he

788

00:33:34,070 --> 00:33:31,500

said oh God Chinese balloons every

789

00:33:36,590 --> 00:33:34,080

single day it it's not at the front of

790

00:33:38,870 --> 00:33:36,600

my worry Lister yeah I saw that yeah I

791

00:33:40,789 --> 00:33:38,880

did yeah you know I mean I mean the

792

00:33:42,529 --> 00:33:40,799

thing about I don't want to get too off

793

00:33:45,769 --> 00:33:42,539

track here the whole balloon thing was

794

00:33:47,690 --> 00:33:45,779

almost comically bad and funny

795

00:33:50,029 --> 00:33:47,700

uh I mean first of all the United States

796

00:33:52,850 --> 00:33:50,039

has used spy balloons since the 1950s as

797

00:33:54,710 --> 00:33:52,860

well I mean this is an old game uh but

798

00:33:57,110 --> 00:33:54,720

on top of that the Chinese have many

799

00:34:01,130 --> 00:33:57,120

many many spy satellites we all know

800

00:34:03,710 --> 00:34:01,140

everyone spies on everyone we all know

801
00:34:06,289 --> 00:34:03,720
this and the United States most of all

802
00:34:08,270 --> 00:34:06,299
and so but here we are getting really

803
00:34:10,790 --> 00:34:08,280
our panties work up in a bunch here over

804
00:34:13,190 --> 00:34:10,800
oh my God the balloon all right it's not

805
00:34:14,510 --> 00:34:13,200
supposed to be there but this is this is

806
00:34:16,070 --> 00:34:14,520
the real world and in the real world

807
00:34:17,149 --> 00:34:16,080
those kind of things go down all the

808
00:34:21,409 --> 00:34:17,159
time

809
00:34:24,770 --> 00:34:21,419
so you know whatever well okay and then

810
00:34:28,909 --> 00:34:24,780
to uh we're we'll stay on Arrow but yeah

811
00:34:32,690 --> 00:34:28,919
yeah but it was pretty crazy

812
00:34:36,710 --> 00:34:32,700
to have in one week that amount of

813
00:34:38,690 --> 00:34:36,720

missiles and ordinance uh being used in

814

00:34:40,550 --> 00:34:38,700

in North American airspace like that

815

00:34:41,930 --> 00:34:40,560

that's because the war is going bad in

816

00:34:43,550 --> 00:34:41,940

Ukraine they had to do something I

817

00:34:46,010 --> 00:34:43,560

really firmly believe that it's like you

818

00:34:47,690 --> 00:34:46,020

had to be strong Biden you know he gets

819

00:34:49,129 --> 00:34:47,700

caught basically politically with his

820

00:34:51,829 --> 00:34:49,139

pants down the balloon thing comes over

821

00:34:54,109 --> 00:34:51,839

the U.S and now he's gotta looks tough

822

00:34:56,149 --> 00:34:54,119

he's gotta look strong can't let this

823

00:34:58,010 --> 00:34:56,159

thing you know I mean how many times

824

00:35:01,790 --> 00:34:58,020

does this thing happen in in real life

825

00:35:05,030 --> 00:35:01,800

and and I guarantee you it doesn't cause

826

00:35:07,490 --> 00:35:05,040

a big Ruckus but it became public and it

827

00:35:10,310 --> 00:35:07,500

had to be dealt with and so you get more

828

00:35:11,750 --> 00:35:10,320

political theater and they had it they

829

00:35:13,430 --> 00:35:11,760

had to look strong we got to shoot this

830

00:35:18,550 --> 00:35:13,440

thing down and that's in my opinion

831

00:35:21,410 --> 00:35:18,560

that's 99 of it right there well okay so

832

00:35:23,510 --> 00:35:21,420

let's keep political theater let's not

833

00:35:26,329 --> 00:35:23,520

talk politics but we'll keep political

834

00:35:28,550 --> 00:35:26,339

theater on the table if it was important

835

00:35:32,210 --> 00:35:28,560

enough to shoot a half million dollar

836

00:35:33,970 --> 00:35:32,220

Miss still at it it's a lot of bread

837

00:35:37,970 --> 00:35:33,980

um

838

00:35:39,950 --> 00:35:37,980

yeah right okay it was a twenty dollars

839

00:35:44,150 --> 00:35:39,960

they got a trillion dollar a year budget

840

00:35:47,690 --> 00:35:44,160

yeah I know uh but uh shooting a 500 000

841

00:35:49,490 --> 00:35:47,700

missile at an object and then saying ah

842

00:35:50,870 --> 00:35:49,500

we're not going to tell you what it was

843

00:35:52,370 --> 00:35:50,880

we're not going to show you what it was

844

00:35:54,290 --> 00:35:52,380

we're not even going to go and look for

845

00:35:55,849 --> 00:35:54,300

it in fact we'll never even find it yeah

846

00:35:57,530 --> 00:35:55,859

this is why I kind of wondered was it

847

00:35:59,030 --> 00:35:57,540

really is Bible certainly could have

848

00:36:01,130 --> 00:35:59,040

been a spy balloon but maybe it wasn't

849

00:36:02,329 --> 00:36:01,140

there was one statement during that

850

00:36:05,450 --> 00:36:02,339

whole thing

851

00:36:08,450 --> 00:36:05,460

it was from an unnamed senior U.S

852

00:36:10,550 --> 00:36:08,460

intelligence military whatever I read it

853

00:36:12,710 --> 00:36:10,560

I don't have it in front of me

854

00:36:15,170 --> 00:36:12,720

uh by which they said yeah we're not

855

00:36:16,910 --> 00:36:15,180

really sure it was a spy balloon I I

856

00:36:20,030 --> 00:36:16,920

know that I read that now that doesn't

857

00:36:23,450 --> 00:36:20,040

make it true but it does signal to me

858

00:36:25,990 --> 00:36:23,460

that there was some question in the

859

00:36:29,750 --> 00:36:26,000

upper echelons about that whole spy

860

00:36:32,150 --> 00:36:29,760

narrative and it is look it's at least

861

00:36:34,730 --> 00:36:32,160

possible that it wasn't could easily

862

00:36:36,829 --> 00:36:34,740

have been I'm not saying it wasn't but I

863

00:36:40,069 --> 00:36:36,839

don't know that it was and this is why

864

00:36:42,470 --> 00:36:40,079

I'm waiting for actual confirmation

865

00:36:44,270 --> 00:36:42,480

and from coming from the FBI sorry I'm

866

00:36:48,290 --> 00:36:44,280

going to want a little more than that

867

00:36:51,829 --> 00:36:48,300

now what did you make of uh first time I

868

00:36:56,210 --> 00:36:51,839

heard this and they kept going back to

869

00:37:00,109 --> 00:36:56,220

the point of seps somebody else's

870

00:37:03,349 --> 00:37:00,119

problem and Kirkpatrick that was a bit

871

00:37:06,190 --> 00:37:03,359

disturbing yeah very very very in that

872

00:37:10,190 --> 00:37:06,200

he he kept going back to the point

873

00:37:12,970 --> 00:37:10,200

and for him to again I'm paraphrasing

874

00:37:18,170 --> 00:37:12,980

here but I'm pretty accurate

875

00:37:21,589 --> 00:37:18,180

he more or less said that it was Arrow's

876

00:37:23,569 --> 00:37:21,599

mission to make these objects scps

877

00:37:25,670 --> 00:37:23,579

that's right he did say that yeah

878

00:37:27,890 --> 00:37:25,680

someone else's problem yeah so

879

00:37:29,630 --> 00:37:27,900

essentially yeah to identify and then

880

00:37:31,970 --> 00:37:29,640

give him off to whatever appropriate

881

00:37:34,010 --> 00:37:31,980

agency to deal with

882

00:37:35,690 --> 00:37:34,020

to make it someone else's problem but I

883

00:37:37,190 --> 00:37:35,700

found it disturbing because I I'm

884

00:37:38,750 --> 00:37:37,200

thinking

885

00:37:40,730 --> 00:37:38,760

this guy is not striking me as someone

886

00:37:43,250 --> 00:37:40,740

who really gives a rat's ass about the

887

00:37:46,790 --> 00:37:43,260

UFO phenomenon which I'm sure he

888

00:37:48,650 --> 00:37:46,800

probably doesn't probably doesn't he was

889

00:37:50,390 --> 00:37:48,660

given this job someone said all right

890

00:37:52,430 --> 00:37:50,400

Kirkpatrick this is you you're taking

891

00:37:53,810 --> 00:37:52,440

this you did space now you're going to

892

00:37:55,310 --> 00:37:53,820

do this and you know you could easily

893

00:37:56,510 --> 00:37:55,320

see that happen he's like okay fine

894

00:37:58,849 --> 00:37:56,520

groan

895

00:38:01,849 --> 00:37:58,859

so I don't really get the idea that he

896

00:38:04,310 --> 00:38:01,859

is particularly engaged or fascinated by

897

00:38:06,530 --> 00:38:04,320

this phenomenon as you and I and many

898

00:38:09,050 --> 00:38:06,540

all the listeners probably are like

899

00:38:10,910 --> 00:38:09,060

we're we're actually interested we're

900

00:38:13,849 --> 00:38:10,920

curious about it I don't know that he's

901
00:38:15,230 --> 00:38:13,859
really curious other than from you know

902
00:38:17,390 --> 00:38:15,240
a standard bureaucratic National

903
00:38:19,550 --> 00:38:17,400
Security his National Security

904
00:38:20,810 --> 00:38:19,560
perspective and it's like yeah we'll

905
00:38:23,510 --> 00:38:20,820
figure this out it's probably a Chinese

906
00:38:25,310 --> 00:38:23,520
probably the Russians I mean for all I

907
00:38:27,230 --> 00:38:25,320
know maybe that's what he's thinking uh

908
00:38:28,970 --> 00:38:27,240
I've never I didn't get any sense from

909
00:38:30,710 --> 00:38:28,980
him that he was actually into any of

910
00:38:33,410 --> 00:38:30,720
this or fascinated by it in fact I

911
00:38:34,730 --> 00:38:33,420
thought he I felt that he feels it's

912
00:38:36,890 --> 00:38:34,740
boring

913
00:38:38,390 --> 00:38:36,900

I mean that's the impression I got and

914

00:38:39,890 --> 00:38:38,400

meanwhile like you've got but I think

915

00:38:43,430 --> 00:38:39,900

that's his job

916

00:38:45,050 --> 00:38:43,440

I I believe his job is to make this as

917

00:38:46,130 --> 00:38:45,060

boring as possible so that people just

918

00:38:49,010 --> 00:38:46,140

don't care

919

00:38:51,770 --> 00:38:49,020

like just move on like a blue bookish

920

00:38:53,569 --> 00:38:51,780

kind of I do I think so yeah I think I

921

00:38:56,210 --> 00:38:53,579

think they're not interested in

922

00:38:57,650 --> 00:38:56,220

in uh stoking the fires of this

923

00:38:59,210 --> 00:38:57,660

phenomenon

924

00:39:00,829 --> 00:38:59,220

I think they want to just put it to

925

00:39:02,510 --> 00:39:00,839

sleep which is what the military has

926

00:39:04,250 --> 00:39:02,520

always wanted to do

927

00:39:06,109 --> 00:39:04,260

they've always wanted UFOs to go to

928

00:39:08,569 --> 00:39:06,119

sleep I still believe

929

00:39:10,190 --> 00:39:08,579

uh you know people people are encouraged

930

00:39:12,650 --> 00:39:10,200

to try to prove me wrong here but I

931

00:39:15,290 --> 00:39:12,660

still believe that when tsa started on

932

00:39:18,650 --> 00:39:15,300

this business back in 2017.

933

00:39:20,450 --> 00:39:18,660

that they were a genuine faction within

934

00:39:22,370 --> 00:39:20,460

the establishment they're not

935

00:39:24,710 --> 00:39:22,380

revolutionaries they're not Renegades

936

00:39:28,870 --> 00:39:24,720

they're just a faction from within the

937

00:39:31,670 --> 00:39:28,880

establishment but one that wanted more

938

00:39:32,930 --> 00:39:31,680

openness on UFOs not disclosure I don't

939

00:39:35,270 --> 00:39:32,940

think there were disclosure Advocates

940

00:39:36,829 --> 00:39:35,280

but for whatever their reasons are and I

941

00:39:38,870 --> 00:39:36,839

don't know all other reasons I think

942

00:39:41,990 --> 00:39:38,880

some of them genuinely believe in UFOs

943

00:39:44,210 --> 00:39:42,000

in fact I'm quite sure of that but for

944

00:39:45,530 --> 00:39:44,220

you know this is really something that I

945

00:39:48,230 --> 00:39:45,540

want to know and I think we all need to

946

00:39:51,770 --> 00:39:48,240

know is what was tsa's fundamental

947

00:39:55,849 --> 00:39:51,780

motivation but but they did open up this

948

00:39:58,069 --> 00:39:55,859

question to the dis comfort of of the

949

00:39:59,569 --> 00:39:58,079

Pentagon establishment I believe that I

950

00:40:02,150 --> 00:39:59,579

do not believe that the Pentagon was

951
00:40:04,609 --> 00:40:02,160
happy with all of this new emphasis on

952
00:40:06,349 --> 00:40:04,619
UAP starting 2017. I don't think so I

953
00:40:08,150 --> 00:40:06,359
don't see any evidence that the Pentagon

954
00:40:10,069 --> 00:40:08,160
was happy you had a whole year plus

955
00:40:11,930 --> 00:40:10,079
where they were smearing Elizondo trying

956
00:40:15,770 --> 00:40:11,940
to take him down making a lot of

957
00:40:18,349 --> 00:40:15,780
unfounded lies about it actually and

958
00:40:20,990 --> 00:40:18,359
uh there were places within the Navy

959
00:40:23,870 --> 00:40:21,000
that were playing it up a little bit but

960
00:40:26,390 --> 00:40:23,880
I again I think that could be

961
00:40:28,010 --> 00:40:26,400
the result of a real disagreement within

962
00:40:29,870 --> 00:40:28,020
within that service I think it's

963
00:40:31,310 --> 00:40:29,880

entirely possible especially with the

964

00:40:33,589 --> 00:40:31,320

Navy because there's just so much going

965

00:40:35,510 --> 00:40:33,599

on with the UFO subject there

966

00:40:37,550 --> 00:40:35,520

so I think what we were looking at was

967

00:40:38,510 --> 00:40:37,560

the kind of uh food fight inside the

968

00:40:40,790 --> 00:40:38,520

Pentagon

969

00:40:41,930 --> 00:40:40,800

and and I think what's happening now is

970

00:40:44,089 --> 00:40:41,940

that the

971

00:40:46,790 --> 00:40:44,099

you know the big boys are taking control

972

00:40:49,069 --> 00:40:46,800

of it again and they are putting this

973

00:40:51,530 --> 00:40:49,079

problem back into the box where they had

974

00:40:53,630 --> 00:40:51,540

happily kept it for all this time do you

975

00:40:56,089 --> 00:40:53,640

think um and I'm not trying to put you

976

00:40:59,630 --> 00:40:56,099

on the spot Richard but it kind of needs

977

00:41:02,150 --> 00:40:59,640

to be asked in a direct form do you

978

00:41:05,329 --> 00:41:02,160

think that Kirkpatrick was doing just

979

00:41:09,050 --> 00:41:05,339

that that he was taking a direct uh

980

00:41:10,849 --> 00:41:09,060

crack at Elizondo and those efforts by

981

00:41:14,510 --> 00:41:10,859

saying directly

982

00:41:16,849 --> 00:41:14,520

there there's nothing E.T here

983

00:41:20,750 --> 00:41:16,859

yes I do and I think he took a crack at

984

00:41:24,170 --> 00:41:20,760

the at the uh the UFO research community

985

00:41:26,270 --> 00:41:24,180

in general when he said we don't work uh

986

00:41:29,210 --> 00:41:26,280

science doesn't work by blog and social

987

00:41:33,170 --> 00:41:29,220

media and I think that was a direct dig

988

00:41:35,150 --> 00:41:33,180

at a genuine UFO researchers so he's you

989

00:41:37,390 --> 00:41:35,160

know staking his territory he's

990

00:41:40,970 --> 00:41:37,400

essentially saying we're only looking at

991

00:41:43,130 --> 00:41:40,980

uh you know high level data Integrity by

992

00:41:46,190 --> 00:41:43,140

which he's really throwing out the vast

993

00:41:48,710 --> 00:41:46,200

majority of UFO sightings it's not going

994

00:41:51,349 --> 00:41:48,720

to make it to him uh they want the

995

00:41:54,650 --> 00:41:51,359

phenomenon to behave in the way that

996

00:41:56,569 --> 00:41:54,660

they require for their data analysis

997

00:41:58,069 --> 00:41:56,579

which okay look if you're really if

998

00:42:01,849 --> 00:41:58,079

you're going to be rigorous about the

999

00:42:04,430 --> 00:42:01,859

data that's fine but I I

1000

00:42:06,470 --> 00:42:04,440

I'm not convinced that they are honest

1001
00:42:08,750 --> 00:42:06,480
about it look you know the United States

1002
00:42:11,450 --> 00:42:08,760
Air Force with Project Blue Book was not

1003
00:42:13,370 --> 00:42:11,460
honest about their data

1004
00:42:16,130 --> 00:42:13,380
when people quote Blue Book statistics

1005
00:42:18,770 --> 00:42:16,140
to this day it annoys me because I know

1006
00:42:20,569 --> 00:42:18,780
those statistics were massaged to all

1007
00:42:23,210 --> 00:42:20,579
hell I mean blue book did everything

1008
00:42:24,890 --> 00:42:23,220
possible to get the unknown percentage

1009
00:42:27,170 --> 00:42:24,900
down to as low as possible I mean they

1010
00:42:29,150 --> 00:42:27,180
would anything that was a possible

1011
00:42:31,370 --> 00:42:29,160
balloon became balloon anything that was

1012
00:42:33,829 --> 00:42:31,380
possible Birds was birds and that was

1013
00:42:35,930 --> 00:42:33,839

literally their policy it was absolutely

1014

00:42:38,870 --> 00:42:35,940

scientifically dishonest

1015

00:42:40,190 --> 00:42:38,880

now that was the 1950s and 60s and

1016

00:42:42,650 --> 00:42:40,200

people might say oh well we're different

1017

00:42:44,329 --> 00:42:42,660

now well I would really question that

1018

00:42:46,430 --> 00:42:44,339

are they different

1019

00:42:47,750 --> 00:42:46,440

you know Kirkpatrick saying this is we

1020

00:42:50,930 --> 00:42:47,760

want this to be someone else's problem

1021

00:42:53,930 --> 00:42:50,940

meaning I don't want this on my desk

1022

00:42:57,410 --> 00:42:53,940

so I think I think the point of what he

1023

00:42:59,569 --> 00:42:57,420

was doing I feel number one was to just

1024

00:43:00,770 --> 00:42:59,579

like the the um

1025

00:43:03,530 --> 00:43:00,780

you know recommendations of the

1026
00:43:05,510 --> 00:43:03,540
Robertson panels 70 years ago which is

1027
00:43:07,550 --> 00:43:05,520
basically to demystify and debunk the

1028
00:43:09,349 --> 00:43:07,560
UFO problem to the public

1029
00:43:11,510 --> 00:43:09,359
they're still doing it that's what

1030
00:43:12,950 --> 00:43:11,520
they're doing here I mean demystify

1031
00:43:15,230 --> 00:43:12,960
turned it all into conventional

1032
00:43:18,530 --> 00:43:15,240
technology

1033
00:43:20,870 --> 00:43:18,540
and uh and that's that and then also I

1034
00:43:24,230 --> 00:43:20,880
mean I do think we're at the point now

1035
00:43:26,270 --> 00:43:24,240
where the UFO or UAP pH phenomenon can

1036
00:43:28,490 --> 00:43:26,280
do its part to help feed the

1037
00:43:30,829 --> 00:43:28,500
military-industrial complex I think I

1038
00:43:33,410 --> 00:43:30,839

think they're now willing to use it for

1039

00:43:35,390 --> 00:43:33,420

that end I don't think publicly they

1040

00:43:37,309 --> 00:43:35,400

were in the past

1041

00:43:40,130 --> 00:43:37,319

they because to do that would have given

1042

00:43:42,349 --> 00:43:40,140

the UFO subject too much credibility but

1043

00:43:44,210 --> 00:43:42,359

it's now as long as they demystify and

1044

00:43:45,589 --> 00:43:44,220

turn UFOs into Chinese balloons hell

1045

00:43:48,349 --> 00:43:45,599

like all right we'll call them UFOs

1046

00:43:50,569 --> 00:43:48,359

great and we'll use that also to stir up

1047

00:43:53,630 --> 00:43:50,579

the fear I mean one thing Kirkpatrick

1048

00:43:56,930 --> 00:43:53,640

said toward the end was uh the adversary

1049

00:43:58,430 --> 00:43:56,940

is not waiting and this is really one of

1050

00:44:00,109 --> 00:43:58,440

the most disturbing things they are

1051

00:44:03,290 --> 00:44:00,119

advancing I have the code here and they

1052

00:44:06,109 --> 00:44:03,300

are advancing quickly they are less risk

1053

00:44:07,609 --> 00:44:06,119

averse to technological advancement than

1054

00:44:10,550 --> 00:44:07,619

we are which I thought was disingenuous

1055

00:44:12,770 --> 00:44:10,560

and also not true but but he's basically

1056

00:44:14,990 --> 00:44:12,780

giving a warning like yeah the Chinese

1057

00:44:16,730 --> 00:44:15,000

and the Russians they're moving ahead we

1058

00:44:18,349 --> 00:44:16,740

need to move ahead so that's that's a

1059

00:44:19,970 --> 00:44:18,359

call for more money and for more

1060

00:44:22,730 --> 00:44:19,980

spending for the military-industrial

1061

00:44:25,910 --> 00:44:22,740

complex so I think UFOs are UAP in this

1062

00:44:28,069 --> 00:44:25,920

Incarnation are being used for

1063

00:44:31,750 --> 00:44:28,079

for that purpose

1064

00:44:35,390 --> 00:44:31,760

now if we go back historically because

1065

00:44:39,290 --> 00:44:35,400

Kirkpatrick's statement there I think is

1066

00:44:43,490 --> 00:44:39,300

only applicable to like the last five

1067

00:44:46,849 --> 00:44:43,500

years maybe possibly 10 years

1068

00:44:49,970 --> 00:44:46,859

but you can't go back historically and

1069

00:44:52,730 --> 00:44:49,980

pin Russia and China no I mean since in

1070

00:44:54,950 --> 00:44:52,740

the 70s in the 80s the 60s and the 50s

1071

00:44:56,990 --> 00:44:54,960

you can't even pin the Tic Tac UFO on

1072

00:44:59,150 --> 00:44:57,000

the Russians no you can't not credible

1073

00:45:01,430 --> 00:44:59,160

you cannot do it so you're right it is

1074

00:45:02,870 --> 00:45:01,440

disingenuous and it's it's quite frankly

1075

00:45:04,370 --> 00:45:02,880

an untruth

1076

00:45:06,290 --> 00:45:04,380

absolutely

1077

00:45:08,170 --> 00:45:06,300

and that and that leads to the last

1078

00:45:11,870 --> 00:45:08,180

thing that this thing really was so the

1079

00:45:14,150 --> 00:45:11,880

demystify UAP UFOs yes feed the military

1080

00:45:15,470 --> 00:45:14,160

industrial complex yeah do that but then

1081

00:45:17,569 --> 00:45:15,480

the other thing is

1082

00:45:19,089 --> 00:45:17,579

you know this has to be said intentional

1083

00:45:23,750 --> 00:45:19,099

obfuscation

1084

00:45:25,370 --> 00:45:23,760

phenomenon in other words

1085

00:45:26,630 --> 00:45:25,380

I mean think about

1086

00:45:28,970 --> 00:45:26,640

just

1087

00:45:31,430 --> 00:45:28,980

you and and all listeners like if you if

1088

00:45:32,569 --> 00:45:31,440

you've studied the UFO subject to any

1089

00:45:34,609 --> 00:45:32,579

degree

1090

00:45:36,530 --> 00:45:34,619

and if you really get into it if you

1091

00:45:39,410 --> 00:45:36,540

really start looking at the data and

1092

00:45:42,950 --> 00:45:39,420

read like a thousand books on it and all

1093

00:45:45,589 --> 00:45:42,960

of that you you know that this is a

1094

00:45:48,790 --> 00:45:45,599

global phenomenon that is running hot

1095

00:45:51,530 --> 00:45:48,800

and heavy back in the 1950s and today

1096

00:45:54,170 --> 00:45:51,540

this is Big Time stuff here that we're

1097

00:45:57,950 --> 00:45:54,180

dealing with this is something it's very

1098

00:45:59,630 --> 00:45:57,960

very important and I don't hear UFO

1099

00:46:02,150 --> 00:45:59,640

um researchers or speakers really

1100

00:46:03,349 --> 00:46:02,160

hitting this point enough this is a

1101
00:46:04,849 --> 00:46:03,359
significant

1102
00:46:09,470 --> 00:46:04,859
problem

1103
00:46:10,790 --> 00:46:09,480
hovering over your neighborhood at 2 30

1104
00:46:14,450 --> 00:46:10,800
in the morning

1105
00:46:16,130 --> 00:46:14,460
it's a problem when every year more

1106
00:46:18,849 --> 00:46:16,140
people are convinced that they've had

1107
00:46:22,430 --> 00:46:18,859
abduction experiences it's a problem

1108
00:46:25,250 --> 00:46:22,440
when you you know get sightings of this

1109
00:46:27,890 --> 00:46:25,260
literally every continent almost every

1110
00:46:32,089 --> 00:46:27,900
country practically every day as far as

1111
00:46:34,010 --> 00:46:32,099
we can tell this is so like I'm doing a

1112
00:46:37,130 --> 00:46:34,020
a lot of research right now on Usos

1113
00:46:39,849 --> 00:46:37,140

water-based UFOs and the sightings that

1114

00:46:42,050 --> 00:46:39,859

I'm finding that I'm digging up and and

1115

00:46:44,390 --> 00:46:42,060

let me stop you right there Richard this

1116

00:46:45,950 --> 00:46:44,400

is mind-blowing hold on hold on I'm

1117

00:46:48,170 --> 00:46:45,960

going to give you here's here's my gift

1118

00:46:52,430 --> 00:46:48,180

here's my gift

1119

00:46:54,230 --> 00:46:52,440

that Richard oh hell man you pull up one

1120

00:46:57,770 --> 00:46:54,240

of my slides man I don't I don't mess

1121

00:47:00,950 --> 00:46:57,780

around you did your homework okay so I'm

1122

00:47:02,930 --> 00:47:00,960

gonna run this uh without audio

1123

00:47:05,450 --> 00:47:02,940

um but uh the graphics are here and I'm

1124

00:47:07,910 --> 00:47:05,460

gonna stop with the uh the report and

1125

00:47:10,069 --> 00:47:07,920

and we'll go through that but uh tell

1126

00:47:11,150 --> 00:47:10,079

everybody what's going on here

1127

00:47:12,829 --> 00:47:11,160

yeah

1128

00:47:16,010 --> 00:47:12,839

um I wish I had the quote of that in

1129

00:47:20,030 --> 00:47:16,020

front of me but I pretty much

1130

00:47:22,670 --> 00:47:20,040

yeah so this was a a an oil rig worker

1131

00:47:24,490 --> 00:47:22,680

and it's the 2017 as you see the Gulf of

1132

00:47:27,290 --> 00:47:24,500

Mexico and this went into the National

1133

00:47:29,329 --> 00:47:27,300

UFO Reporting Center and I remember this

1134

00:47:32,510 --> 00:47:29,339

pretty well so I think I can say it

1135

00:47:36,410 --> 00:47:32,520

there you go he sees a massive UFO so

1136

00:47:37,490 --> 00:47:36,420

he's with um uh three co-workers on his

1137

00:47:43,430 --> 00:47:37,500

rig

1138

00:47:46,849 --> 00:47:43,440

less than a mile from their distance so

1139

00:47:49,730 --> 00:47:46,859

it's clearly visible and in between the

1140

00:47:51,410 --> 00:47:49,740

two rigs he's 80 miles off the coast of

1141

00:47:52,670 --> 00:47:51,420

New Orleans oh you got the quote right

1142

00:47:54,470 --> 00:47:52,680

here you've got this

1143

00:47:57,050 --> 00:47:54,480

so yeah it's it's

1144

00:48:01,130 --> 00:47:57,060

um getting toward the end of the day

1145

00:48:03,530 --> 00:48:01,140

and they see this huge object come out

1146

00:48:05,390 --> 00:48:03,540

of the water let's see it's not it

1147

00:48:08,089 --> 00:48:05,400

wasn't dripping water I think he's got

1148

00:48:10,130 --> 00:48:08,099

that in there he was

1149

00:48:15,890 --> 00:48:10,140

a quarter of a mile

1150

00:48:17,030 --> 00:48:15,900

close yeah he says the oil rig is a half

1151

00:48:20,450 --> 00:48:17,040

mile away

1152

00:48:23,630 --> 00:48:20,460

yeah that's it between the two and

1153

00:48:26,690 --> 00:48:23,640

therefore he was able to gauge the size

1154

00:48:29,569 --> 00:48:26,700

of this craft just based on the oil rig

1155

00:48:32,690 --> 00:48:29,579

that's a half mile out this is like four

1156

00:48:35,930 --> 00:48:32,700

times the size of his shoes this thing

1157

00:48:38,270 --> 00:48:35,940

was massive yes yes it comes out of the

1158

00:48:40,370 --> 00:48:38,280

water and then just 40 feet above the

1159

00:48:42,589 --> 00:48:40,380

water the guy was very kind of exact

1160

00:48:44,450 --> 00:48:42,599

with a lot of his descriptions and he

1161

00:48:46,130 --> 00:48:44,460

said it just took off within a split

1162

00:48:48,170 --> 00:48:46,140

second I'm just going to read it the

1163

00:48:50,690 --> 00:48:48,180

craft disappeared at a 30 degree angle

1164

00:48:52,490 --> 00:48:50,700

into the sky he said speed I love this

1165

00:48:54,650 --> 00:48:52,500

appeared to be faster than speed of a

1166

00:48:57,530 --> 00:48:54,660

light turning on in a room

1167

00:48:58,609 --> 00:48:57,540

and it was just gone and uh and then he

1168

00:49:00,770 --> 00:48:58,619

said yeah I think there's got to be

1169

00:49:02,270 --> 00:49:00,780

other Witnesses from the other rig I

1170

00:49:04,490 --> 00:49:02,280

hope they come forward and then Peter

1171

00:49:05,930 --> 00:49:04,500

Davenport which is one thing I love

1172

00:49:08,450 --> 00:49:05,940

about Peter you know he's been doing

1173

00:49:10,670 --> 00:49:08,460

this for so long and he's still going at

1174

00:49:13,010 --> 00:49:10,680

it uh every now and then Peter will talk

1175

00:49:14,510 --> 00:49:13,020

to these people he doesn't go on site

1176

00:49:17,150 --> 00:49:14,520

he's not doing an investigation he's not

1177

00:49:19,150 --> 00:49:17,160

doing boots on the ground uh but he'll

1178

00:49:22,370 --> 00:49:19,160

talk to these folks and and Peter is

1179

00:49:24,230 --> 00:49:22,380

very smart and he just said in the

1180

00:49:26,210 --> 00:49:24,240

aftermath spoke to Ed link to the

1181

00:49:29,690 --> 00:49:26,220

witness struck me as exceedingly

1182

00:49:32,030 --> 00:49:29,700

credible a clear observant witness and

1183

00:49:34,250 --> 00:49:32,040

so forth which it's about as much as you

1184

00:49:35,690 --> 00:49:34,260

can do in a phone conversation so yeah

1185

00:49:38,329 --> 00:49:35,700

this thing comes up out of the Gulf of

1186

00:49:41,870 --> 00:49:38,339

Mexico and just hovers for a few moments

1187

00:49:44,990 --> 00:49:41,880

just above the water and then it's gone

1188

00:49:49,370 --> 00:49:45,000

instant acceleration he he says that uh

1189

00:49:55,730 --> 00:49:53,150

excuse me 240 feet in length and that

1190

00:49:58,130 --> 00:49:55,740

this object was four times the size of

1191

00:50:00,290 --> 00:49:58,140

that so about a thousand feet you're

1192

00:50:03,770 --> 00:50:00,300

talking three football fields three

1193

00:50:06,050 --> 00:50:03,780

football fields and came out dry

1194

00:50:08,270 --> 00:50:06,060

very very which you hear a lot of that

1195

00:50:10,130 --> 00:50:08,280

actually yeah

1196

00:50:12,829 --> 00:50:10,140

and he said there were two other oil

1197

00:50:15,410 --> 00:50:12,839

rigs uh out there there must have been

1198

00:50:17,750 --> 00:50:15,420

you know uh he said it was himself and

1199

00:50:20,569 --> 00:50:17,760

four crew members on his boat I'll watch

1200

00:50:21,890 --> 00:50:20,579

this happen uh but he said that this is

1201

00:50:25,309 --> 00:50:21,900

out here in the Gulf of Mexico there's

1202

00:50:27,470 --> 00:50:25,319

other oil rigs and certainly there were

1203

00:50:30,250 --> 00:50:27,480

other Witnesses too as well I like

1204

00:50:33,650 --> 00:50:30,260

Peter's comment though you're right yeah

1205

00:50:36,109 --> 00:50:33,660

sober enough fellow you know that's what

1206

00:50:37,550 --> 00:50:36,119

Peter does yes and by the way there's a

1207

00:50:39,829 --> 00:50:37,560

lot of sightings out of the Gulf of

1208

00:50:42,470 --> 00:50:39,839

Mexico and the Caribbean in general uh

1209

00:50:44,870 --> 00:50:42,480

little you know next door there and the

1210

00:50:47,510 --> 00:50:44,880

thing about the lack of water you do I'm

1211

00:50:49,130 --> 00:50:47,520

seeing that a lot in these cases where

1212

00:50:51,170 --> 00:50:49,140

people say I can't believe there's no

1213

00:50:53,510 --> 00:50:51,180

water coming out of this thing uh the

1214

00:50:55,730 --> 00:50:53,520

the late Carl fine who was just an

1215

00:50:58,609 --> 00:50:55,740

exceptional Uso researcher he really was

1216

00:51:00,290 --> 00:50:58,619

the greatest Uso researcher ever the

1217

00:51:03,710 --> 00:51:00,300

more I look into his work

1218

00:51:06,470 --> 00:51:03,720

but he did a lot of analysis of the

1219

00:51:10,190 --> 00:51:06,480

interaction between these objects and

1220

00:51:12,470 --> 00:51:10,200

water uh not all as Usos like if it was

1221

00:51:14,150 --> 00:51:12,480

a flying saucer in the rain he would put

1222

00:51:15,950 --> 00:51:14,160

that in his database if it was going

1223

00:51:18,950 --> 00:51:15,960

through fog or if it affected water if

1224

00:51:21,290 --> 00:51:18,960

it affected ice but he did have a lot of

1225

00:51:24,109 --> 00:51:21,300

these cases where these objects were in

1226
00:51:26,270 --> 00:51:24,119
large bodies of water for sure and he

1227
00:51:30,109 --> 00:51:26,280
believed that it was in effect

1228
00:51:32,270 --> 00:51:30,119
of the uh the field generation around

1229
00:51:34,849 --> 00:51:32,280
the craft that somehow was just able to

1230
00:51:36,109 --> 00:51:34,859
allow it not to get the water on it and

1231
00:51:37,549 --> 00:51:36,119
so that when it left the water

1232
00:51:38,809 --> 00:51:37,559
frequently

1233
00:51:40,370 --> 00:51:38,819
sometimes the field would be on

1234
00:51:43,790 --> 00:51:40,380
sometimes he said the field is off but

1235
00:51:45,950 --> 00:51:43,800
if it's on it's you're not often going

1236
00:51:48,170 --> 00:51:45,960
to see water coming off of it

1237
00:51:50,510 --> 00:51:48,180
I mean His science is better on this

1238
00:51:52,609 --> 00:51:50,520

than mine yeah this is uh what you had

1239

00:51:55,849 --> 00:51:52,619

mentioned earlier uh the U.S Navy

1240

00:51:59,690 --> 00:51:55,859

encounter yeah which was October of uh

1241

00:52:02,930 --> 00:51:59,700

October 2nd 2007 and you can see

1242

00:52:06,049 --> 00:52:02,940

Virginia here and North Carolina and

1243

00:52:07,910 --> 00:52:06,059

that we have is a report from the United

1244

00:52:10,069 --> 00:52:07,920

States Navy uh can we go over this

1245

00:52:11,990 --> 00:52:10,079

really quick yeah yeah this I I didn't

1246

00:52:14,329 --> 00:52:12,000

know you had this here and I would have

1247

00:52:16,010 --> 00:52:14,339

used probably a different case but I did

1248

00:52:19,670 --> 00:52:16,020

just mention this on my uh my YouTube

1249

00:52:21,950 --> 00:52:19,680

show the other day so um it's a good and

1250

00:52:23,930 --> 00:52:21,960

yeah so he's on a ship he says it's 100

1251
00:52:25,549 --> 00:52:23,940
miles off the coast of Southern Virginia

1252
00:52:27,589 --> 00:52:25,559
so I just went to Google Earth and I'm

1253
00:52:29,089 --> 00:52:27,599
like okay the southern part of Virginia

1254
00:52:30,770 --> 00:52:29,099
let's measure it out and that's where

1255
00:52:33,049 --> 00:52:30,780
that little Thumbtack was

1256
00:52:34,670 --> 00:52:33,059
and then um

1257
00:52:36,109 --> 00:52:34,680
and that's what I do with every one of

1258
00:52:38,270 --> 00:52:36,119
these cases I'm going through it's like

1259
00:52:40,849 --> 00:52:38,280
I have to know exactly where did it

1260
00:52:42,410 --> 00:52:40,859
happen the best of my capability to

1261
00:52:43,849 --> 00:52:42,420
figure this out so that's where that was

1262
00:52:46,190 --> 00:52:43,859
he says during a routine weather

1263
00:52:48,170 --> 00:52:46,200

observation 10 P.M

1264

00:52:50,690 --> 00:52:48,180

a lot of these are at night not all but

1265

00:52:52,670 --> 00:52:50,700

many are aboard a naval vessel he didn't

1266

00:52:54,290 --> 00:52:52,680

say which during flight operations I saw

1267

00:52:57,290 --> 00:52:54,300

an object in my East moving at an

1268

00:52:58,970 --> 00:52:57,300

extreme speed changing directions before

1269

00:53:01,790 --> 00:52:58,980

disappearing said it was a white light

1270

00:53:03,650 --> 00:53:01,800

about four times the size of a star I

1271

00:53:05,270 --> 00:53:03,660

forgot that part and he said imagine an

1272

00:53:07,370 --> 00:53:05,280

airplane at night with its lights not

1273

00:53:10,250 --> 00:53:07,380

blinking but flying at 5000 miles per

1274

00:53:12,049 --> 00:53:10,260

hour moving at a four this was a little

1275

00:53:14,750 --> 00:53:12,059

confusing to me moving at a 45 degree

1276

00:53:18,109 --> 00:53:14,760

angle from east to west

1277

00:53:20,030 --> 00:53:18,119

I I'm not sure what that meant maybe 45

1278

00:53:22,609 --> 00:53:20,040

degrees from his position but then he

1279

00:53:24,170 --> 00:53:22,619

said it it abruptly changed course and

1280

00:53:25,849 --> 00:53:24,180

made a right angle turn and disappeared

1281

00:53:28,370 --> 00:53:25,859

and they just said I'm a meteorologist

1282

00:53:30,410 --> 00:53:28,380

for the Navy and observed the sky on a

1283

00:53:32,089 --> 00:53:30,420

nightly basis I would think that makes

1284

00:53:34,190 --> 00:53:32,099

him a pretty good witness frankly I've

1285

00:53:36,710 --> 00:53:34,200

never seen anything like this it was not

1286

00:53:38,510 --> 00:53:36,720

on our radar it appeared to be about

1287

00:53:41,270 --> 00:53:38,520

five to seven miles away but I suspect

1288

00:53:43,069 --> 00:53:41,280

it was farther away than that and that's

1289

00:53:44,569 --> 00:53:43,079

that's a new Fork case people you can

1290

00:53:45,950 --> 00:53:44,579

look that up you go to the National UFO

1291

00:53:47,630 --> 00:53:45,960

Reporting Center for that date and you

1292

00:53:51,829 --> 00:53:47,640

can read it

1293

00:53:53,809 --> 00:53:51,839

um the thing is these these cases like

1294

00:53:56,630 --> 00:53:53,819

I don't know if they would qualify for

1295

00:53:58,309 --> 00:53:56,640

the arrow database uh the the one in the

1296

00:54:00,170 --> 00:53:58,319

Gulf of Mexico

1297

00:54:02,270 --> 00:54:00,180

what radar caught that that wasn't a

1298

00:54:04,430 --> 00:54:02,280

military case that's just a bunch of

1299

00:54:06,770 --> 00:54:04,440

guys working on an oil rig and then

1300

00:54:09,650 --> 00:54:06,780

you've got this Navy one which is a

1301

00:54:11,510 --> 00:54:09,660

military case but as I'm seeing with a

1302

00:54:14,589 --> 00:54:11,520

lot of these Navy encounters like a lot

1303

00:54:18,290 --> 00:54:14,599

of them don't get reported

1304

00:54:20,450 --> 00:54:18,300

and this 5 000 mile per hour number I I

1305

00:54:23,450 --> 00:54:20,460

I'm gonna go back to your point uh where

1306

00:54:26,089 --> 00:54:23,460

Kirkpatrick is talking about the now now

1307

00:54:28,130 --> 00:54:26,099

with a China and adversarial you know

1308

00:54:30,890 --> 00:54:28,140

catching up with technology in Russia

1309

00:54:34,329 --> 00:54:30,900

and things like that but historically

1310

00:54:37,670 --> 00:54:34,339

speaking uh and you have covered

1311

00:54:40,430 --> 00:54:37,680

hundreds of cases like this I have

1312

00:54:43,849 --> 00:54:40,440

poured over your research and you hear

1313

00:54:46,870 --> 00:54:43,859

this over and over again in the 50s in

1314

00:54:50,650 --> 00:54:46,880

the 60s in the 70s military

1315

00:54:54,109 --> 00:54:50,660

uh different divisions of the military

1316

00:54:55,490 --> 00:54:54,119

reporting these extraordinary speeds of

1317

00:54:57,589 --> 00:54:55,500

you know five thousand it was traveling

1318

00:55:00,410 --> 00:54:57,599

at four thousand miles per hour it at

1319

00:55:02,809 --> 00:55:00,420

one o'clock we observed this for two

1320

00:55:06,890 --> 00:55:02,819

hours and it was traveling at extreme

1321

00:55:09,230 --> 00:55:06,900

speeds when nobody including us had that

1322

00:55:11,450 --> 00:55:09,240

technology and that's the part where

1323

00:55:12,950 --> 00:55:11,460

Kirkpatrick is completely in the dark

1324

00:55:15,490 --> 00:55:12,960

and I just don't think he would have

1325

00:55:17,809 --> 00:55:15,500

that position today if he just went back

1326

00:55:21,650 --> 00:55:17,819

historically and pulled up some military

1327

00:55:24,170 --> 00:55:21,660

cases like this I agree with you uh I

1328

00:55:26,930 --> 00:55:24,180

completely agree and the reason when I

1329

00:55:28,730 --> 00:55:26,940

started researching UFOs all those years

1330

00:55:30,650 --> 00:55:28,740

ago the first

1331

00:55:33,650 --> 00:55:30,660

area that I wanted to become conversant

1332

00:55:36,770 --> 00:55:33,660

with were U.S military Declassified

1333

00:55:38,630 --> 00:55:36,780

reports because I just I assumed

1334

00:55:40,430 --> 00:55:38,640

that at least

1335

00:55:44,329 --> 00:55:40,440

I don't know how you know much

1336

00:55:46,609 --> 00:55:44,339

scientific data is on the foia documents

1337

00:55:48,170 --> 00:55:46,619

but at least with a foia document you

1338

00:55:50,150 --> 00:55:48,180

know the thing happened you know it was

1339

00:55:52,730 --> 00:55:50,160

reported and it was considered serious

1340

00:55:55,130 --> 00:55:52,740

enough that a report was made and in

1341

00:55:56,390 --> 00:55:55,140

fact in many of the foia documents there

1342

00:55:58,910 --> 00:55:56,400

is

1343

00:56:00,890 --> 00:55:58,920

I would say data to work off of in terms

1344

00:56:02,750 --> 00:56:00,900

of like a lot of times speeds of the

1345

00:56:05,450 --> 00:56:02,760

objects are indicated or performance

1346

00:56:08,150 --> 00:56:05,460

qualities of the objects are there

1347

00:56:09,950 --> 00:56:08,160

but you know I remember

1348

00:56:12,710 --> 00:56:09,960

um a couple of years ago I was asking

1349

00:56:15,530 --> 00:56:12,720

Lou Elizondo about you know how much

1350

00:56:17,630 --> 00:56:15,540

historical knowledge was in the um the

1351
00:56:19,069 --> 00:56:17,640
atip program and the OSAP program like

1352
00:56:22,430 --> 00:56:19,079
were you guys

1353
00:56:25,250 --> 00:56:22,440
going back into the archaic UFO reports

1354
00:56:27,290 --> 00:56:25,260
and he said like no not really like

1355
00:56:30,109 --> 00:56:27,300
there wasn't there wasn't this

1356
00:56:31,910 --> 00:56:30,119
historical knowledge and

1357
00:56:35,630 --> 00:56:31,920
I could actually believe that now

1358
00:56:37,790 --> 00:56:35,640
because when that office started

1359
00:56:39,950 --> 00:56:37,800
that was started you know

1360
00:56:41,390 --> 00:56:39,960
guys like Harry Reid and a few other

1361
00:56:43,849 --> 00:56:41,400
Senators said are we going to start this

1362
00:56:45,470 --> 00:56:43,859
up and they got Bigelow involved

1363
00:56:47,270 --> 00:56:45,480

that didn't mean that they automatically

1364

00:56:49,250 --> 00:56:47,280

had access to all of the pentagon's

1365

00:56:51,109 --> 00:56:49,260

historical UFO data

1366

00:56:53,930 --> 00:56:51,119

in fact what really it looks like more

1367

00:56:55,549 --> 00:56:53,940

and more is that that program was its

1368

00:56:59,809 --> 00:56:55,559

own attempt

1369

00:57:01,970 --> 00:56:59,819

to get to get to the data and I I think

1370

00:57:07,010 --> 00:57:01,980

I think they failed

1371

00:57:08,990 --> 00:57:07,020

so so Lou didn't have access at least an

1372

00:57:11,210 --> 00:57:09,000

official capacity to the historical data

1373

00:57:13,670 --> 00:57:11,220

either which I thought was disappointing

1374

00:57:15,290 --> 00:57:13,680

and now the Arab program you you might

1375

00:57:18,250 --> 00:57:15,300

think would be in a better position

1376

00:57:20,990 --> 00:57:18,260

that's more of a that's a formally

1377

00:57:22,430 --> 00:57:21,000

established pentagon

1378

00:57:25,309 --> 00:57:22,440

program

1379

00:57:27,170 --> 00:57:25,319

not that atip wasn't but

1380

00:57:28,190 --> 00:57:27,180

I think atip was always like a black

1381

00:57:31,250 --> 00:57:28,200

sheep

1382

00:57:33,170 --> 00:57:31,260

the arrow program

1383

00:57:35,150 --> 00:57:33,180

I don't know maybe that's a black sheep

1384

00:57:37,309 --> 00:57:35,160

too maybe they're not given the data I

1385

00:57:40,370 --> 00:57:37,319

don't really know the Inside Story there

1386

00:57:42,589 --> 00:57:40,380

but uh clearly they're not working off

1387

00:57:44,390 --> 00:57:42,599

of any historical information

1388

00:57:47,510 --> 00:57:44,400

and they're not working off of this

1389

00:57:49,790 --> 00:57:47,520

historically in any way this is where

1390

00:57:50,569 --> 00:57:49,800

this is where I I do get kind of pissed

1391

00:57:53,150 --> 00:57:50,579

though

1392

00:57:56,510 --> 00:57:53,160

uh both Elizondo

1393

00:57:58,630 --> 00:57:56,520

and Kirkpatrick and others all have

1394

00:58:01,309 --> 00:57:58,640

freaking Amazon Prime

1395

00:58:03,109 --> 00:58:01,319

[Laughter]

1396

00:58:04,849 --> 00:58:03,119

those are the National Security State

1397

00:58:08,089 --> 00:58:04,859

volume one

1398

00:58:10,670 --> 00:58:08,099

you know they can go and get uh uh top

1399

00:58:13,190 --> 00:58:10,680

secret uh you know Timothy good right

1400

00:58:15,710 --> 00:58:13,200

they can go and get any Jacques valet

1401

00:58:17,809 --> 00:58:15,720

book which is full of historical

1402

00:58:20,150 --> 00:58:17,819

sightings around the world they can go

1403

00:58:24,230 --> 00:58:20,160

and get Jay Allen heineck's book that

1404

00:58:27,290 --> 00:58:24,240

has been out for 50 years now right that

1405

00:58:30,589 --> 00:58:27,300

historically goes back in the Deep dive

1406

00:58:32,870 --> 00:58:30,599

Project Blue Book and the cases that

1407

00:58:35,270 --> 00:58:32,880

should have been uh looked at a little

1408

00:58:38,089 --> 00:58:35,280

bit differently that's all easily

1409

00:58:40,130 --> 00:58:38,099

accessible and do a little bit of your

1410

00:58:42,170 --> 00:58:40,140

homework spend a weekend in a cabin in

1411

00:58:45,170 --> 00:58:42,180

the woods and and just get caught up on

1412

00:58:46,670 --> 00:58:45,180

stuff so I I just don't hold that as an

1413

00:58:48,589 --> 00:58:46,680

excuse if you're going to be serious

1414

00:58:50,990 --> 00:58:48,599

about the subject go out and do some

1415

00:58:53,150 --> 00:58:51,000

reading we're dealing with the Pentagon

1416

00:58:56,270 --> 00:58:53,160

we're dealing with an institution that

1417

00:58:59,089 --> 00:58:56,280

really is incapable of truth-telling or

1418

00:58:59,710 --> 00:58:59,099

reading or reading apparently

1419

00:59:01,309 --> 00:58:59,720

yeah

1420

00:59:03,770 --> 00:59:01,319

right

1421

00:59:06,530 --> 00:59:03,780

uh but certainly not truth-telling they

1422

00:59:09,170 --> 00:59:06,540

they can't do it

1423

00:59:10,970 --> 00:59:09,180

we're we're so beyond the pale at this

1424

00:59:13,549 --> 00:59:10,980

point in our society

1425

00:59:15,829 --> 00:59:13,559

and I'm I'm kind of amazed I mean I

1426

00:59:18,470 --> 00:59:15,839

there are a couple of uh folks in the

1427

00:59:20,150 --> 00:59:18,480

UFO field the commentary field who are

1428

00:59:22,670 --> 00:59:20,160

like supporting

1429

00:59:24,349 --> 00:59:22,680

what arrow is doing they were like very

1430

00:59:26,329 --> 00:59:24,359

supportive of it yeah I think he did a

1431

00:59:28,130 --> 00:59:26,339

very good job I read uh something in the

1432

00:59:30,109 --> 00:59:28,140

debrief along those lines the other day

1433

00:59:31,730 --> 00:59:30,119

and I was a little disappointed

1434

00:59:33,890 --> 00:59:31,740

but

1435

00:59:35,450 --> 00:59:33,900

you know there's just there's I don't

1436

00:59:38,809 --> 00:59:35,460

know I don't know what the breakdown is

1437

00:59:41,390 --> 00:59:38,819

among other UFO researchers

1438

00:59:43,549 --> 00:59:41,400

um but I'm not I'm not hearing a lot of

1439

00:59:44,990 --> 00:59:43,559

indignation maybe I'm just not paying

1440

00:59:47,569 --> 00:59:45,000

enough attention but

1441

00:59:50,569 --> 00:59:47,579

my God I mean

1442

00:59:51,410 --> 00:59:50,579

there's we're so far past the point of

1443

00:59:54,410 --> 00:59:51,420

having

1444

00:59:55,609 --> 00:59:54,420

honesty and good faith in the United

1445

00:59:57,109 --> 00:59:55,619

States government on pretty much

1446

00:59:58,549 --> 00:59:57,119

anything I'm at the point where I I

1447

01:00:00,470 --> 00:59:58,559

really don't see them having good faith

1448

01:00:03,170 --> 01:00:00,480

on any single thing but certainly on the

1449

01:00:04,609 --> 01:00:03,180

UFO subject they do not have they do not

1450

01:00:07,730 --> 01:00:04,619

work in good faith and I think they're

1451

01:00:09,650 --> 01:00:07,740

just long project to put the toothpaste

1452

01:00:12,049 --> 01:00:09,660

back in the tube which I think they've

1453

01:00:13,730 --> 01:00:12,059

been wanting to do for a while meanwhile

1454

01:00:17,210 --> 01:00:13,740

Yours Jimmy church tonight Richard Dolan

is with us and and Richard

1541

01:03:42,170 --> 01:03:39,180

I stopped wearing my glasses

1542

01:03:45,650 --> 01:03:42,180

yeah I stopped wearing my glass I'm

1543

01:03:47,530 --> 01:03:45,660

using this this this thing it's a patch

1544

01:03:49,910 --> 01:03:47,540

x39

1545

01:03:52,130 --> 01:03:49,920

laser surgery you didn't have that I

1546

01:03:56,569 --> 01:03:52,140

didn't zap your eyes I didn't I couldn't

1547

01:03:58,430 --> 01:03:56,579

see I I can see yeah it's crazy we have

1548

01:04:00,589 --> 01:03:58,440

to talk about this yeah yeah yeah we'll

1549

01:04:03,410 --> 01:04:00,599

talk about it I want to know your secret

1550

01:04:05,390 --> 01:04:03,420

man I'm telling you I'm telling you I I

1551
01:04:07,970 --> 01:04:05,400
for me

1552
01:04:11,870 --> 01:04:07,980
um uh you know to have these monitors in

1553
01:04:13,789 --> 01:04:11,880
front of me and about a year ago I I

1554
01:04:16,670 --> 01:04:13,799
gave in I started wearing glasses on the

1555
01:04:18,970 --> 01:04:16,680
air because I couldn't see now it's

1556
01:04:21,309 --> 01:04:18,980
gonna make fun of you but yeah

1557
01:04:23,750 --> 01:04:21,319
I know

1558
01:04:26,150 --> 01:04:23,760
you've got to check it out

1559
01:04:30,349 --> 01:04:26,160
um what I wanted to do

1560
01:04:32,450 --> 01:04:30,359
is uh I wanted to talk about Nike cap

1561
01:04:36,829 --> 01:04:32,460
and the reason

1562
01:04:40,190 --> 01:04:36,839
the reason for that is this nycap

1563
01:04:42,530 --> 01:04:40,200

um historically for those that at Nic AP

1564

01:04:44,870 --> 01:04:42,540

for everybody that that may not know

1565

01:04:46,910 --> 01:04:44,880

historically and for anybody doing

1566

01:04:50,589 --> 01:04:46,920

modern UFO research and you're in the

1567

01:04:54,710 --> 01:04:50,599

game now because of 2017. I get it Go

1568

01:04:57,710 --> 01:04:54,720

and and look up nightcap and look at the

1569

01:05:02,870 --> 01:04:57,720

history there and certainly Richard uh

1570

01:05:04,910 --> 01:05:02,880

uh does some great uh uh information uh

1571

01:05:07,730 --> 01:05:04,920

I I wanted to say deep dive yeah yeah

1572

01:05:11,630 --> 01:05:07,740

actually you spent a chapter or two on

1573

01:05:16,250 --> 01:05:11,640

nycap in in Security State but is this

1574

01:05:19,010 --> 01:05:16,260

nycap which was formed in 1956 their

1575

01:05:21,049 --> 01:05:19,020

mission and they ran man they ran they

1576

01:05:23,030 --> 01:05:21,059

ran a few decades right they kept it

1577

01:05:27,049 --> 01:05:23,040

together for a few decades and they're

1578

01:05:30,289 --> 01:05:27,059

ups and downs but their mission was to

1579

01:05:32,390 --> 01:05:30,299

lift the secrecy about UFOs that's it

1580

01:05:35,210 --> 01:05:32,400

that was their mission statement and and

1581

01:05:37,789 --> 01:05:35,220

that was their goal and talk about

1582

01:05:40,549 --> 01:05:37,799

history repeating itself that's exactly

1583

01:05:44,870 --> 01:05:40,559

where we are today but if we also go

1584

01:05:46,730 --> 01:05:44,880

back and look at nycap nycap originally

1585

01:05:49,789 --> 01:05:46,740

and you can jump in at any point say

1586

01:05:53,329 --> 01:05:49,799

Church your your way off base here but

1587

01:05:57,230 --> 01:05:53,339

nycap originally to the head like a half

1588

01:05:59,390 --> 01:05:57,240

a dozen Admirals from the Navy right on

1589

01:06:03,730 --> 01:05:59,400

board with nycap

1590

01:06:08,990 --> 01:06:03,740

um and then after about 10 years or so

1591

01:06:11,510 --> 01:06:09,000

the CIA gets involved and the CIA kind

1592

01:06:15,049 --> 01:06:11,520

of did their little infiltration of

1593

01:06:19,010 --> 01:06:15,059

nycap uh don Kehoe definitely tried to

1594

01:06:22,910 --> 01:06:19,020

keep everything together and and keep

1595

01:06:25,910 --> 01:06:22,920

the the the unveiling of the UFO secret

1596

01:06:30,410 --> 01:06:25,920

their primary Mission and here we are

1597

01:06:32,329 --> 01:06:30,420

today repeating the same words with the

1598

01:06:35,870 --> 01:06:32,339

same involvement here we have the name

1599

01:06:38,270 --> 01:06:35,880

Navy right the Navy front and center in

1600

01:06:41,029 --> 01:06:38,280

this entire situation we certainly have

1601

01:06:43,910 --> 01:06:41,039

the CIA involved in the situation and

1602

01:06:47,329 --> 01:06:43,920

where the goal is still the same trying

1603

01:06:50,210 --> 01:06:47,339

to lift this and and get to the answers

1604

01:06:53,089 --> 01:06:50,220

for all of these questions and and how

1605

01:06:55,549 --> 01:06:53,099

crazy do you feel that that is well uh

1606

01:06:57,950 --> 01:06:55,559

yeah a couple of things I would just add

1607

01:06:59,270 --> 01:06:57,960

to what you were saying nycap did have a

1608

01:07:02,150 --> 01:06:59,280

lot of Navy

1609

01:07:04,970 --> 01:07:02,160

uh people on the board in the early

1610

01:07:06,770 --> 01:07:04,980

years there was CIA infiltration early

1611

01:07:09,710 --> 01:07:06,780

on in icap

1612

01:07:12,289 --> 01:07:09,720

uh but it became much more severe

1613

01:07:14,870 --> 01:07:12,299

by the late 1960s so it became a real

1614

01:07:16,970 --> 01:07:14,880

problem and uh really I think torpedo of

1615

01:07:20,210 --> 01:07:16,980

nightcap nightcap was dead in the water

1616

01:07:21,589 --> 01:07:20,220

after uh Kehoe left in 1969 it was it

1617

01:07:23,750 --> 01:07:21,599

went for another decade but it was

1618

01:07:25,670 --> 01:07:23,760

essentially just a nothing organization

1619

01:07:27,049 --> 01:07:25,680

after that

1620

01:07:28,910 --> 01:07:27,059

um and they had a couple of guys from

1621

01:07:31,609 --> 01:07:28,920

the Army on the board as well in the

1622

01:07:33,170 --> 01:07:31,619

early years Donald Kehoe who he didn't

1623

01:07:35,650 --> 01:07:33,180

create an eye cap actually that was

1624

01:07:39,589 --> 01:07:35,660

created by T Townsend Brown

1625

01:07:42,529 --> 01:07:39,599

yeah yeah but he kind of got nosed out

1626

01:07:45,829 --> 01:07:42,539

of it Kehoe took over early on and ran

1627

01:07:48,170 --> 01:07:45,839

it and he did run it as a UFO you say

1628

01:07:52,010 --> 01:07:48,180

UFO disclosure kind of organization for

1629

01:07:54,410 --> 01:07:52,020

the longest time and Kehoe was Hardcore

1630

01:07:56,809 --> 01:07:54,420

believer he really was pushing this he

1631

01:07:58,910 --> 01:07:56,819

absolutely believed that the United

1632

01:08:00,829 --> 01:07:58,920

States Congress needed to get on top of

1633

01:08:02,870 --> 01:08:00,839

this because back then Donald Keough

1634

01:08:04,430 --> 01:08:02,880

believed in the American system everyone

1635

01:08:06,170 --> 01:08:04,440

believed in the American system back in

1636

01:08:08,450 --> 01:08:06,180

the 50s and 60s like that was the norm

1637

01:08:10,730 --> 01:08:08,460

and the idea is well we've got to get

1638

01:08:12,710 --> 01:08:10,740

this problem before our elected

1639

01:08:15,289 --> 01:08:12,720

representatives in Congress and they'll

1640

01:08:18,050 --> 01:08:15,299

deal with this and so the the goal that

1641

01:08:20,809 --> 01:08:18,060

nycap had almost annually during the 50s

1642

01:08:23,930 --> 01:08:20,819

and in the 60s was to somehow get

1643

01:08:25,370 --> 01:08:23,940

Congressional hearings on UFOs and in

1644

01:08:27,890 --> 01:08:25,380

fact there were a couple of time times

1645

01:08:30,530 --> 01:08:27,900

in the early 60s when it looked like

1646

01:08:31,910 --> 01:08:30,540

nycap was going to succeed and they had

1647

01:08:34,070 --> 01:08:31,920

the rug pulled out from underneath them

1648

01:08:36,769 --> 01:08:34,080

at the last minute they finally did get

1649

01:08:39,110 --> 01:08:36,779

some hearings in 1966 those were a joke

1650

01:08:41,209 --> 01:08:39,120

it's like one day hearing and then they

1651

01:08:44,510 --> 01:08:41,219

had hearings for

1652

01:08:46,070 --> 01:08:44,520

um in 1968 where which were much more

1653

01:08:47,650 --> 01:08:46,080

substantial and they had a lot of

1654

01:08:50,630 --> 01:08:47,660

outside speakers like James McDonald

1655

01:08:53,510 --> 01:08:50,640

Allen heineck and some other very

1656

01:08:55,610 --> 01:08:53,520

impressive people but then uh

1657

01:08:57,470 --> 01:08:55,620

but that never went anywhere either I

1658

01:08:59,329 --> 01:08:57,480

mean it never these just never went

1659

01:09:01,970 --> 01:08:59,339

anywhere and uh

1660

01:09:04,789 --> 01:09:01,980

and it's true what the the Air Force and

1661

01:09:06,829 --> 01:09:04,799

the CIA were both excellent at doing

1662

01:09:08,870 --> 01:09:06,839

which is what they're doing now is

1663

01:09:11,090 --> 01:09:08,880

getting out ahead of the problem

1664

01:09:12,890 --> 01:09:11,100

so think of thing in the 19

1665

01:09:14,030 --> 01:09:12,900

well let's go let me just go back even a

1666

01:09:16,130 --> 01:09:14,040

little bit more I want to talk about the

1667

01:09:18,410 --> 01:09:16,140

1950s and the Robertson panel because

1668

01:09:21,470 --> 01:09:18,420

that also was the response to a crisis

1669

01:09:24,890 --> 01:09:21,480

and the crisis happened back in 1952

1670

01:09:26,709 --> 01:09:24,900

over 70 years ago that was a huge year

1671

01:09:29,590 --> 01:09:26,719

of UFO sightings in the United States

1672

01:09:32,689 --> 01:09:29,600

civilian and Military lots of military

1673

01:09:34,249 --> 01:09:32,699

sightings this was really getting the

1674

01:09:36,289 --> 01:09:34,259

military and the intelligence Community

1675

01:09:38,229 --> 01:09:36,299

up in arms and

1676

01:09:41,269 --> 01:09:38,239

so what do they do they the CIA

1677

01:09:44,329 --> 01:09:41,279

organized a classified scientific panel

1678

01:09:46,010 --> 01:09:44,339

a lot of high-level Nobel caliber

1679

01:09:49,070 --> 01:09:46,020

scientists physicists

1680

01:09:51,950 --> 01:09:49,080

where we now know the research on this

1681

01:09:53,689 --> 01:09:51,960

is shut and open and shut that their the

1682

01:09:54,970 --> 01:09:53,699

conclusions were done before they even

1683

01:09:57,950 --> 01:09:54,980

convened

1684

01:09:59,630 --> 01:09:57,960

didn't know anything about the Robertson

1685

01:10:01,370 --> 01:09:59,640

panel at that that's right that's right

1686

01:10:04,610 --> 01:10:01,380

but but it was very important and what

1687

01:10:06,169 --> 01:10:04,620

it did is they basically said uh there's

1688

01:10:07,310 --> 01:10:06,179

nothing to this they looked at some

1689

01:10:08,930 --> 01:10:07,320

amazing evidence but they said oh

1690

01:10:10,490 --> 01:10:08,940

there's nothing to this at all we don't

1691

01:10:12,650 --> 01:10:10,500

see anything extraordinary about it

1692

01:10:14,630 --> 01:10:12,660

exactly what Kirkpatrick was saying last

1693

01:10:16,250 --> 01:10:14,640

week and and what the other thing they

1694

01:10:17,810 --> 01:10:16,260

did out of the Robertson panel was they

1695

01:10:20,930 --> 01:10:17,820

they completely disemboweled Project

1696

01:10:22,490 --> 01:10:20,940

Blue Book and they made it a non-entity

1697

01:10:25,310 --> 01:10:22,500

blue book actually had been halfway

1698

01:10:27,890 --> 01:10:25,320

decent during 1952. they had like staff

1699

01:10:29,510 --> 01:10:27,900

of 15 people they were doing

1700

01:10:31,850 --> 01:10:29,520

not perfect work but they were doing

1701

01:10:34,910 --> 01:10:31,860

pretty good work so Blue Book uh just

1702

01:10:36,350 --> 01:10:34,920

cut out uh of operation and then the

1703

01:10:37,669 --> 01:10:36,360

other recommendation of the Robertson

1704

01:10:40,370 --> 01:10:37,679

panel and they just took this for

1705

01:10:42,350 --> 01:10:40,380

granted because hey they're the CIA was

1706

01:10:44,630 --> 01:10:42,360

that yeah we'll work with major media to

1707

01:10:47,270 --> 01:10:44,640

debunk UFOs in the public and take take

1708

01:10:50,390 --> 01:10:47,280

the Mystique away and they they actively

1709

01:10:53,149 --> 01:10:50,400

worked to do that so then come the 1960s

1710

01:10:55,189 --> 01:10:53,159

and the UFO you know whoever's operating

1711

01:10:56,870 --> 01:10:55,199

the UFOs they don't get the memo that

1712

01:10:59,810 --> 01:10:56,880

they're not supposed to exist so there

1713

01:11:01,430 --> 01:10:59,820

was a huge upsurge in sightings in the

1714

01:11:04,310 --> 01:11:01,440

mid-1960s

1715

01:11:07,689 --> 01:11:04,320

and this made the newspapers back then

1716

01:11:11,090 --> 01:11:07,699

we still had kind of a a functioning

1717

01:11:13,130 --> 01:11:11,100

uh media press that would report this

1718

01:11:15,110 --> 01:11:13,140

and this was a public relations problem

1719

01:11:17,330 --> 01:11:15,120

big time the Air Force had lost all

1720

01:11:20,090 --> 01:11:17,340

credibility everyone knew the Air Force

1721

01:11:22,790 --> 01:11:20,100

lied on UFOs everyone knew and they

1722

01:11:24,830 --> 01:11:22,800

started really looking bad and Alan

1723

01:11:26,570 --> 01:11:24,840

heineck goes out with the Michigan case

1724

01:11:28,729 --> 01:11:26,580

and he's talking about swamp gas and

1725

01:11:32,090 --> 01:11:28,739

that became a laughing stock and so the

1726

01:11:33,169 --> 01:11:32,100

Air Force and the CIA got out ahead of

1727

01:11:36,410 --> 01:11:33,179

this

1728

01:11:39,649 --> 01:11:36,420

and the Air Force selected an academic

1729

01:11:40,790 --> 01:11:39,659

institution to do the science and we'll

1730

01:11:43,070 --> 01:11:40,800

we're going to give this to the

1731

01:11:45,470 --> 01:11:43,080

University of Colorado and they're just

1732

01:11:47,209 --> 01:11:45,480

going to settle this and we have nothing

1733

01:11:49,910 --> 01:11:47,219

to do with it it's a totally independent

1734

01:11:51,890 --> 01:11:49,920

academic study well we know

1735

01:11:53,750 --> 01:11:51,900

again just like with the Robertson panel

1736

01:11:54,770 --> 01:11:53,760

that the Condon committee as it became

1737

01:11:57,530 --> 01:11:54,780

called

1738

01:11:59,689 --> 01:11:57,540

after Edward Condon who ran it that was

1739

01:12:01,910 --> 01:11:59,699

also a rigged game and we know this

1740

01:12:03,290 --> 01:12:01,920

there was never going to be a positive

1741

01:12:05,149 --> 01:12:03,300

conclusion coming from the content

1742

01:12:07,310 --> 01:12:05,159

committee on this they had a mutiny

1743

01:12:09,590 --> 01:12:07,320

Midway through the project where the

1744

01:12:11,030 --> 01:12:09,600

scientists who actually were naive

1745

01:12:12,709 --> 01:12:11,040

enough to think oh yeah this is going to

1746

01:12:15,590 --> 01:12:12,719

be a legitimate study they started

1747

01:12:17,990 --> 01:12:15,600

realizing oh no it isn't and they uh

1748

01:12:19,370 --> 01:12:18,000

fired Midway through that's right so

1749

01:12:21,770 --> 01:12:19,380

anyway the condom committee does a

1750

01:12:23,630 --> 01:12:21,780

report and they throw more cold water

1751

01:12:26,270 --> 01:12:23,640

over UFOs and that works for a little

1752

01:12:30,110 --> 01:12:26,280

while but then the phenomenon keeps

1753

01:12:33,110 --> 01:12:30,120

coming back by the late 1980s people are

1754

01:12:35,090 --> 01:12:33,120

talking now about Roswell that was

1755

01:12:36,830 --> 01:12:35,100

starting to get a lot of traction you

1756

01:12:39,050 --> 01:12:36,840

know Roswell had been forgotten for a

1757

01:12:41,870 --> 01:12:39,060

long long time and then Stan Friedman

1758

01:12:44,990 --> 01:12:41,880

finds Jesse Marcel and he starts talking

1759

01:12:47,570 --> 01:12:45,000

about you know the craft and and then

1760

01:12:50,270 --> 01:12:47,580

other Witnesses come forward and but you

1761

01:12:52,910 --> 01:12:50,280

have in the 1980s is a nice little

1762

01:12:55,189 --> 01:12:52,920

Roswell research industry where they're

1763

01:12:57,950 --> 01:12:55,199

I was like Stanton Friedman Don on

1764

01:13:00,649 --> 01:12:57,960

Schmidt Kevin Randall and Don Berliner

1765

01:13:02,030 --> 01:13:00,659

and and other researchers are finding

1766

01:13:04,550 --> 01:13:02,040

these Witnesses and they were getting

1767

01:13:07,010 --> 01:13:04,560

traction and so what does the Air Force

1768

01:13:09,590 --> 01:13:07,020

do once again very intelligently

1769

01:13:11,570 --> 01:13:09,600

especially when they go to Steven Schiff

1770

01:13:13,970 --> 01:13:11,580

in New Mexico congressman from New

1771

01:13:15,709 --> 01:13:13,980

Mexico and and they say Hey you know

1772

01:13:16,729 --> 01:13:15,719

this happened in your state don't you

1773

01:13:19,010 --> 01:13:16,739

want to know what the hell happened

1774

01:13:20,330 --> 01:13:19,020

there why can't we get records on what

1775

01:13:22,070 --> 01:13:20,340

happened at Roswell and schiff's like

1776

01:13:24,530 --> 01:13:22,080

you know what you got a point so he

1777

01:13:26,149 --> 01:13:24,540

starts talking to the general Accounting

1778

01:13:28,910 --> 01:13:26,159

Office in Congress

1779

01:13:31,610 --> 01:13:28,920

why them the GAO well it was a smart

1780

01:13:32,990 --> 01:13:31,620

move they look at a lot of uh old

1781

01:13:34,729 --> 01:13:33,000

records

1782

01:13:37,790 --> 01:13:34,739

and they said yes we will look at this

1783

01:13:40,250 --> 01:13:37,800

and they met with absolute stonewalling

1784

01:13:42,470 --> 01:13:40,260

by the Air Force that's a whole story

1785

01:13:44,570 --> 01:13:42,480

that I still haven't written but I will

1786

01:13:47,330 --> 01:13:44,580

for for a future book

1787

01:13:49,430 --> 01:13:47,340

and um and the Air Force jumps out ahead

1788

01:13:52,189 --> 01:13:49,440

before the gao's investigation was

1789

01:13:54,709 --> 01:13:52,199

complete the Air Force did their own

1790

01:13:57,290 --> 01:13:54,719

so-called investigation and said oh yeah

1791

01:14:00,050 --> 01:13:57,300

yeah uh we were doing these balloons as

1792

01:14:01,490 --> 01:14:00,060

Mogul balloons which were to test uh

1793

01:14:03,530 --> 01:14:01,500

when the Soviets were going to detonate

1794

01:14:05,090 --> 01:14:03,540

a nuclear weapon and and we're pretty

1795

01:14:07,010 --> 01:14:05,100

sure that one of those came down and

1796

01:14:11,030 --> 01:14:07,020

people got mixed up and I mean it was

1797

01:14:13,070 --> 01:14:11,040

such a ridiculous yeah but they got away

1798

01:14:16,250 --> 01:14:13,080

with it yeah the airport's called

1799

01:14:18,290 --> 01:14:16,260

there's uh uh Roswell case closed yeah

1800

01:14:21,770 --> 01:14:18,300

remember that was the title of the

1801

01:14:25,130 --> 01:14:21,780

report but it worked it did work it did

1802

01:14:27,169 --> 01:14:25,140

work and the GAO they have investigative

1803

01:14:27,970 --> 01:14:27,179

Authority they're the general Accounting

1804

01:14:31,310 --> 01:14:27,980

Office

1805

01:14:33,290 --> 01:14:31,320

and completely stonewalled were they

1806

01:14:36,530 --> 01:14:33,300

they have the authority to go after

1807

01:14:38,149 --> 01:14:36,540

Records phone records bills receipts

1808

01:14:40,130 --> 01:14:38,159

it's the general accounting office right

1809

01:14:41,930 --> 01:14:40,140

the key records They looked for were

1810

01:14:44,030 --> 01:14:41,940

missing uh they wanted to get records

1811

01:14:45,189 --> 01:14:44,040

out of Roswell Army Air Base Air Force

1812

01:14:48,110 --> 01:14:45,199

Base

1813

01:14:50,510 --> 01:14:48,120

from the end of 1946 to the beginning of

1814

01:14:54,110 --> 01:14:50,520

19 I think 48. just oh just so happened

1815

01:14:56,090 --> 01:14:54,120

oh wow they're gone okay destroyed right

1816

01:14:57,530 --> 01:14:56,100

destroyed and those are records that

1817

01:14:59,149 --> 01:14:57,540

were supposed to be permanent records

1818

01:15:02,630 --> 01:14:59,159

that were never supposed to be destroyed

1819

01:15:05,870 --> 01:15:02,640

and they were destroyed and and so when

1820

01:15:08,209 --> 01:15:05,880

it comes to nycap uh again yeah back to

1821

01:15:10,550 --> 01:15:08,219

nightcap right that was my well but this

1822

01:15:11,990 --> 01:15:10,560

is this is all the the same point in

1823

01:15:19,189 --> 01:15:12,000

that

1824

01:15:21,890 --> 01:15:19,199

there with uh the the newer community

1825

01:15:23,090 --> 01:15:21,900

that is involved uh with the UFO

1826
01:15:25,550 --> 01:15:23,100
question right now and I welcome

1827
01:15:27,830 --> 01:15:25,560
everybody in all opinions but they think

1828
01:15:29,689 --> 01:15:27,840
that this is all just new stuff that we

1829
01:15:31,490 --> 01:15:29,699
are combating all of this for the first

1830
01:15:33,950 --> 01:15:31,500
time and this is the first time we are

1831
01:15:37,689 --> 01:15:33,960
trying to lift the veil on UFO secrecy

1832
01:15:40,850 --> 01:15:37,699
and disclosure right

1833
01:15:45,709 --> 01:15:40,860
no no no no no no no no no no

1834
01:15:47,990 --> 01:15:45,719
this has been going on for decades and

1835
01:15:50,330 --> 01:15:48,000
you look at the efforts of nycap and

1836
01:15:52,669 --> 01:15:50,340
Donald Kehoe deserves the Medal of Honor

1837
01:15:54,050 --> 01:15:52,679
because that guy he ran it until the

1838
01:15:56,030 --> 01:15:54,060

wheels fell off the same thing with

1839

01:16:00,189 --> 01:15:56,040

James McDonald literally until the

1840

01:16:03,830 --> 01:16:00,199

wheels fell off okay and yes and and

1841

01:16:06,169 --> 01:16:03,840

this is nothing new to us and the

1842

01:16:09,590 --> 01:16:06,179

frustration that everybody feels today I

1843

01:16:11,990 --> 01:16:09,600

get that but if you do just a little bit

1844

01:16:14,450 --> 01:16:12,000

of a deep dive into the historical

1845

01:16:16,130 --> 01:16:14,460

record you'll see that all of this has

1846

01:16:18,709 --> 01:16:16,140

been done before

1847

01:16:20,330 --> 01:16:18,719

well we're we're dealing with the fact

1848

01:16:22,850 --> 01:16:20,340

that we really don't we don't control

1849

01:16:24,229 --> 01:16:22,860

our government you know we we this is a

1850

01:16:26,209 --> 01:16:24,239

nice story we'd like to tell ourselves

1851

01:16:28,070 --> 01:16:26,219

it was how the United States was founded

1852

01:16:29,630 --> 01:16:28,080

on this principle that you know

1853

01:16:31,370 --> 01:16:29,640

government is responsible to the people

1854

01:16:33,950 --> 01:16:31,380

it's an amazing idea

1855

01:16:35,990 --> 01:16:33,960

but the problem happened that the this

1856

01:16:37,610 --> 01:16:36,000

Republic became an Empire and when you

1857

01:16:40,189 --> 01:16:37,620

become an Empire you can't really listen

1858

01:16:41,930 --> 01:16:40,199

to the people and that's but you can't

1859

01:16:44,689 --> 01:16:41,940

tell the people that you're an Empire so

1860

01:16:46,250 --> 01:16:44,699

you have to just play the same game and

1861

01:16:48,410 --> 01:16:46,260

so what you have is essentially

1862

01:16:50,930 --> 01:16:48,420

gaslighting year after year and people

1863

01:16:52,250 --> 01:16:50,940

they kind of know they're being gaslit

1864

01:16:53,689 --> 01:16:52,260

they kind of know that they don't really

1865

01:16:55,970 --> 01:16:53,699

have the country that they're told they

1866

01:16:57,830 --> 01:16:55,980

have but there's no official recognition

1867

01:16:59,149 --> 01:16:57,840

of it we go through these charades of

1868

01:17:01,130 --> 01:16:59,159

the elections every every couple of

1869

01:17:02,930 --> 01:17:01,140

years and so we think that we've we've

1870

01:17:04,550 --> 01:17:02,940

got some control over the system but I'm

1871

01:17:07,669 --> 01:17:04,560

telling you we don't have control over

1872

01:17:09,709 --> 01:17:07,679

this system we don't and and it's it

1873

01:17:11,930 --> 01:17:09,719

just gets worse as with each passing

1874

01:17:14,830 --> 01:17:11,940

year because that is the nature of how

1875

01:17:18,110 --> 01:17:14,840

this this particular Empire is going

1876

01:17:21,070 --> 01:17:18,120

uh and it it cannot be honest it is

1877

01:17:23,810 --> 01:17:21,080

incapable of being honest and the UFO

1878

01:17:26,149 --> 01:17:23,820

phenomenon is

1879

01:17:28,850 --> 01:17:26,159

potentially probably

1880

01:17:30,470 --> 01:17:28,860

definitely the most explosive of all the

1881

01:17:32,770 --> 01:17:30,480

secrets that it's hiding

1882

01:17:35,750 --> 01:17:32,780

no because

1883

01:17:38,030 --> 01:17:35,760

okay I just interrupted you well I had

1884

01:17:39,950 --> 01:17:38,040

to do it at least once okay so we got

1885

01:17:42,649 --> 01:17:39,960

that out of the way Richard

1886

01:17:45,890 --> 01:17:42,659

um but what did you staying on point

1887

01:17:47,030 --> 01:17:45,900

um what did you make of uh Kirkpatrick's

1888

01:17:49,250 --> 01:17:47,040

comment

1889

01:17:50,870 --> 01:17:49,260

uh because he was kind of talking out of

1890

01:17:53,750 --> 01:17:50,880

both sides of his mouth where he said

1891

01:17:55,729 --> 01:17:53,760

well you know it's not yeah but you know

1892

01:17:57,590 --> 01:17:55,739

we're looking at our partners like NASA

1893

01:17:59,030 --> 01:17:57,600

to see what they've got to put on the

1894

01:18:00,490 --> 01:17:59,040

table it's like yeah wait wait wait wait

1895

01:18:03,770 --> 01:18:00,500

wait wait wait wait wait wait

1896

01:18:06,770 --> 01:18:03,780

and I I thought that that a came out of

1897

01:18:08,450 --> 01:18:06,780

nowhere either you're looking at ten

1898

01:18:11,149 --> 01:18:08,460

thousand to thirty thousand feet which

1899

01:18:13,790 --> 01:18:11,159

is what he said he also said one to four

1900

01:18:17,030 --> 01:18:13,800

meters which was a weird number to throw

1901

01:18:18,770 --> 01:18:17,040

out there as well and then he wants to

1902

01:18:20,510 --> 01:18:18,780

wrap it up with well you know we're

1903

01:18:22,550 --> 01:18:20,520

looking at Nasa to see what kind of data

1904

01:18:24,350 --> 01:18:22,560

they've got what did you make of that

1905

01:18:26,149 --> 01:18:24,360

yeah

1906

01:18:27,410 --> 01:18:26,159

by the way I thought I was on point but

1907

01:18:29,930 --> 01:18:27,420

anyway let's just keep going back to

1908

01:18:33,590 --> 01:18:29,940

Kirkpatrick so

1909

01:18:39,169 --> 01:18:36,649

um but uh yeah the fact that he brought

1910

01:18:40,790 --> 01:18:39,179

NASA in that

1911

01:18:42,590 --> 01:18:40,800

I guess it shouldn't have caught me off

1912

01:18:44,689 --> 01:18:42,600

guard but it did a little bit I thought

1913

01:18:46,610 --> 01:18:44,699

why is he talking about NASA like who

1914

01:18:49,550 --> 01:18:46,620

cares about NASA really like where does

1915

01:18:52,370 --> 01:18:49,560

where does NASA rate so highly but but

1916

01:18:54,590 --> 01:18:52,380

basically I think he's he he doesn't

1917

01:18:56,090 --> 01:18:54,600

want sole responsibility for this

1918

01:18:58,130 --> 01:18:56,100

problem this is what I think so he's

1919

01:18:59,990 --> 01:18:58,140

like yeah we got NASA over here they're

1920

01:19:02,390 --> 01:19:00,000

part of this too don't just yell at me

1921

01:19:03,530 --> 01:19:02,400

they're part of it we're partnering with

1922

01:19:06,590 --> 01:19:03,540

them

1923

01:19:09,050 --> 01:19:06,600

so uh I thought the most disingenuous

1924

01:19:12,110 --> 01:19:09,060

thing about that actually was when he

1925

01:19:14,390 --> 01:19:12,120

said well if we conclude that this is

1926

01:19:15,890 --> 01:19:14,400

genuinely like extraterrestrial I think

1927

01:19:18,169 --> 01:19:15,900

he may have said that

1928

01:19:19,250 --> 01:19:18,179

which I'm thinking dude you are never

1929

01:19:21,590 --> 01:19:19,260

going to conclude that this is

1930

01:19:22,970 --> 01:19:21,600

extraterrestrial don't don't don't pee

1931

01:19:24,950 --> 01:19:22,980

on my leg and tell me it's raining like

1932

01:19:27,050 --> 01:19:24,960

we know that they're never going to do

1933

01:19:28,669 --> 01:19:27,060

that but he said well if we if we come

1934

01:19:30,770 --> 01:19:28,679

to this conclusion we will partner with

1935

01:19:32,630 --> 01:19:30,780

NASA and

1936

01:19:35,570 --> 01:19:32,640

did he say I think he said we will

1937

01:19:36,470 --> 01:19:35,580

jointly brief the he didn't even say the

1938

01:19:37,910 --> 01:19:36,480

president

1939

01:19:39,350 --> 01:19:37,920

I think he just said like the

1940

01:19:40,990 --> 01:19:39,360

responsible officials in the federal

1941

01:19:44,510 --> 01:19:41,000

yeah yeah

1942

01:19:46,610 --> 01:19:44,520

right so uh and then why why are you

1943

01:19:48,470 --> 01:19:46,620

sharing this with NASA like where when

1944

01:19:49,370 --> 01:19:48,480

did this become NASA's job this is your

1945

01:19:53,630 --> 01:19:49,380

job

1946

01:19:55,550 --> 01:19:53,640

phenomenon and you're supposed to figure

1947

01:19:58,729 --> 01:19:55,560

this out actually

1948

01:20:00,410 --> 01:19:58,739

the other thing in terms of Partners

1949

01:20:03,229 --> 01:20:00,420

the most interesting thing about that

1950

01:20:03,950 --> 01:20:03,239

that I did not know before is that he

1951

01:20:05,990 --> 01:20:03,960

said

1952

01:20:07,250 --> 01:20:06,000

this is actually interesting to me this

1953

01:20:09,229 --> 01:20:07,260

is the most interesting thing he was

1954

01:20:11,390 --> 01:20:09,239

saying he was talking about how the how

1955

01:20:12,830 --> 01:20:11,400

the arrow organization was structured he

1956

01:20:14,990 --> 01:20:12,840

said we have red team and blue team you

1957

01:20:17,330 --> 01:20:15,000

remember this is like so one team is

1958

01:20:19,610 --> 01:20:17,340

basically scientists and Engineers like

1959

01:20:21,470 --> 01:20:19,620

you know the gear heads and the the

1960

01:20:22,970 --> 01:20:21,480

smart guys like figuring this out and

1961

01:20:24,050 --> 01:20:22,980

then the other group is the intelligence

1962

01:20:25,910 --> 01:20:24,060

guys

1963

01:20:27,890 --> 01:20:25,920

and so he said we're going to give them

1964

01:20:30,169 --> 01:20:27,900

their reports uh each the same report

1965

01:20:32,990 --> 01:20:30,179

and they're gonna each come to their

1966

01:20:34,910 --> 01:20:33,000

conclusions and uh I think he implied

1967

01:20:37,550 --> 01:20:34,920

that he would adjudicate or it would be

1968

01:20:39,770 --> 01:20:37,560

adjudicated somehow and then what he

1969

01:20:42,290 --> 01:20:39,780

said this was interesting that

1970

01:20:45,110 --> 01:20:42,300

conclusion would go to another Advisory

1971

01:20:48,229 --> 01:20:45,120

Group that he did not name

1972

01:20:50,270 --> 01:20:48,239

and he said these are

1973

01:20:52,910 --> 01:20:50,280

and and while he was saying that I'm

1974

01:20:55,189 --> 01:20:52,920

looking at him thinking this is you're

1975

01:20:56,870 --> 01:20:55,199

getting very fuzzy here he was getting

1976

01:20:59,570 --> 01:20:56,880

fuzzy he basically said these were

1977

01:21:01,910 --> 01:20:59,580

retired intelligence and military people

1978

01:21:03,890 --> 01:21:01,920

but he didn't say who they were he

1979

01:21:06,830 --> 01:21:03,900

didn't say what they were he said though

1980

01:21:09,649 --> 01:21:06,840

that this report is going to go to them

1981

01:21:11,570 --> 01:21:09,659

and they will comment on it and then

1982

01:21:13,550 --> 01:21:11,580

send it back to him and then he said and

1983

01:21:15,709 --> 01:21:13,560

then I will make my determination one

1984

01:21:17,570 --> 01:21:15,719

way or the other and I'm thinking who

1985

01:21:18,709 --> 01:21:17,580

are these people it's just very

1986

01:21:21,350 --> 01:21:18,719

interesting I'm not saying it's

1987

01:21:23,030 --> 01:21:21,360

necessarily nefarious I don't know that

1988

01:21:25,490 --> 01:21:23,040

it is but

1989

01:21:27,770 --> 01:21:25,500

he throws that little thing out there

1990

01:21:29,030 --> 01:21:27,780

and I'm thinking I'd like to know who

1991

01:21:32,090 --> 01:21:29,040

these people are

1992

01:21:35,209 --> 01:21:32,100

how how are how are they rating what's

1993

01:21:36,350 --> 01:21:35,219

their situation who are they what is

1994

01:21:38,030 --> 01:21:36,360

their

1995

01:21:39,890 --> 01:21:38,040

what's the you know what are they about

1996

01:21:42,290 --> 01:21:39,900

and we don't know and I thought that was

1997

01:21:44,330 --> 01:21:42,300

just a little interesting thing but but

1998

01:21:46,250 --> 01:21:44,340

here's the tie-in and this is why I

1999

01:21:50,450 --> 01:21:46,260

brought it up at the end of your last

2000

01:21:52,970 --> 01:21:50,460

comment it's it's history repeating

2001

01:21:55,370 --> 01:21:52,980

itself where Condon tried to make it

2002

01:21:58,669 --> 01:21:55,380

about the science Robertson tried to

2003

01:22:00,770 --> 01:21:58,679

make it about the science and and tried

2004

01:22:02,870 --> 01:22:00,780

to you know try to make it the planet

2005

01:22:04,550 --> 01:22:02,880

Venus tried to you know come up with

2006

01:22:07,010 --> 01:22:04,560

they're hiding behind signs is really

2007

01:22:09,830 --> 01:22:07,020

what they're doing right which is which

2008

01:22:12,410 --> 01:22:09,840

is what Kirkpatrick apparently is is

2009

01:22:14,870 --> 01:22:12,420

trying to do here too as well again like

2010

01:22:17,270 --> 01:22:14,880

he said make it somebody else's problem

2011

01:22:18,790 --> 01:22:17,280

and it's I just find that completely

2012

01:22:22,370 --> 01:22:18,800

fascinating

2013

01:22:24,470 --> 01:22:22,380

oh sorry but then he you just said you

2014

01:22:28,630 --> 01:22:24,480

wanted to know who this right who the

2015

01:22:30,830 --> 01:22:28,640

senior level thing is and then he he

2016

01:22:33,050 --> 01:22:30,840

washes through

2017

01:22:36,530 --> 01:22:33,060

over and I'm going to quote him here

2018

01:22:38,930 --> 01:22:36,540

over two dozen Witnesses right so they

2019

01:22:41,030 --> 01:22:38,940

brought in over two dozen Witnesses oh

2020

01:22:44,990 --> 01:22:41,040

the whistleblowers yes and does it

2021

01:22:46,370 --> 01:22:45,000

mention any specific cases no uh what

2022

01:22:49,209 --> 01:22:46,380

they were talking about what they were

2023

01:22:52,490 --> 01:22:49,219

and then he called it an investigation

2024

01:22:55,370 --> 01:22:52,500

that that was his words right so he

2025

01:22:57,950 --> 01:22:55,380

brought in these the the over two dozen

2026

01:23:00,590 --> 01:22:57,960

Witnesses for an investigation but

2027

01:23:04,250 --> 01:23:00,600

doesn't State anything and Jilla Brandon

2028

01:23:06,830 --> 01:23:04,260

Ernst just let that go well what what

2029

01:23:08,330 --> 01:23:06,840

and they were running out of time by

2030

01:23:10,970 --> 01:23:08,340

then gillibrand was the one who brought

2031

01:23:12,530 --> 01:23:10,980

up the whole whistleblower thing I mean

2032

01:23:15,110 --> 01:23:12,540

that was one thing that she seemed to be

2033

01:23:19,130 --> 01:23:15,120

interested in what could I make one more

2034

01:23:21,610 --> 01:23:19,140

comment and then in that then gillibrand

2035

01:23:27,709 --> 01:23:21,620

reveals that

2036

01:23:29,709 --> 01:23:27,719

brand that gave him the witnesses

2037

01:23:32,270 --> 01:23:29,719

and General brand doesn't say anything

2038

01:23:34,430 --> 01:23:32,280

and and she said well you know we're

2039

01:23:37,250 --> 01:23:34,440

going to bring you some more and uh you

2040

01:23:38,750 --> 01:23:37,260

know we're we're working on that and he

2041

01:23:41,090 --> 01:23:38,760

said that they really didn't have the

2042

01:23:42,530 --> 01:23:41,100

staff right to do a full investigation

2043

01:23:43,970 --> 01:23:42,540

of everything I'm saying that Jilla

2044

01:23:45,530 --> 01:23:43,980

brand gave him the witnesses I thought

2045

01:23:48,830 --> 01:23:45,540

what he said is that it was her

2046

01:23:50,390 --> 01:23:48,840

amendment that that prompted the

2047

01:23:53,689 --> 01:23:50,400

witnesses I didn't know that he said

2048

01:23:56,209 --> 01:23:53,699

gillibrand was sending him the witnesses

2049

01:23:58,490 --> 01:23:56,219

perhaps maybe they came to gillibrand

2050

01:24:00,490 --> 01:23:58,500

first and then she directed them to the

2051

01:24:02,750 --> 01:24:00,500

arrow office

2052

01:24:04,010 --> 01:24:02,760

you could go back and watch it again I

2053

01:24:06,470 --> 01:24:04,020

don't know if I read it that way or

2054

01:24:08,630 --> 01:24:06,480

heard it because I did hear that

2055

01:24:10,910 --> 01:24:08,640

exchange but maybe I didn't interpret it

2056

01:24:13,010 --> 01:24:10,920

that way so that's interesting maybe

2057

01:24:15,350 --> 01:24:13,020

that's what he meant what I what I

2058

01:24:17,630 --> 01:24:15,360

gathered from his statement was that he

2059

01:24:20,270 --> 01:24:17,640

wasn't too enamored of the witnesses

2060

01:24:21,830 --> 01:24:20,280

maybe that's just my reading of it but I

2061

01:24:24,770 --> 01:24:21,840

I thought he

2062

01:24:26,930 --> 01:24:24,780

he like then he did say this little Sly

2063

01:24:28,430 --> 01:24:26,940

thing where it's like in the future I

2064

01:24:30,770 --> 01:24:28,440

think we need to have a way to

2065

01:24:33,470 --> 01:24:30,780

prioritize the witnesses

2066

01:24:34,790 --> 01:24:33,480

and I just got the impression that he

2067

01:24:37,850 --> 01:24:34,800

was

2068

01:24:40,490 --> 01:24:37,860

time with some of those Witnesses that's

2069

01:24:42,649 --> 01:24:40,500

the impression that I got from listening

2070

01:24:44,270 --> 01:24:42,659

to him he didn't seem to be too

2071

01:24:46,669 --> 01:24:44,280

he didn't seem to be excited about any

2072

01:24:49,250 --> 01:24:46,679

of this no he did not the witnesses and

2073

01:24:51,229 --> 01:24:49,260

not the cases not really anything well I

2074

01:24:53,689 --> 01:24:51,239

you know and I'm wondering was it you

2075

01:24:55,790 --> 01:24:53,699

know was it Robert Salas you know what

2076

01:24:58,630 --> 01:24:55,800

you know was it John Burroughs you know

2077

01:25:01,910 --> 01:24:58,640

who who oh right right

2078

01:25:03,950 --> 01:25:01,920

yeah exactly well I don't know because

2079

01:25:06,649 --> 01:25:03,960

they they don't need whistleblower

2080

01:25:08,450 --> 01:25:06,659

protection I mean they're all public

2081

01:25:10,189 --> 01:25:08,460

they're all out there you know everyone

2082

01:25:11,890 --> 01:25:10,199

knows Robert sounds historian and John

2083

01:25:14,810 --> 01:25:11,900

Burroughs the story is very well known

2084

01:25:16,010 --> 01:25:14,820

so I would think that

2085

01:25:18,290 --> 01:25:16,020

you know the whole point of The

2086

01:25:20,570 --> 01:25:18,300

Whistleblower would be the protection

2087

01:25:22,010 --> 01:25:20,580

aspect of it would be to protect those

2088

01:25:24,229 --> 01:25:22,020

people now one one important thing about

2089

01:25:26,750 --> 01:25:24,239

The Whistleblower thing that I think we

2090

01:25:28,370 --> 01:25:26,760

should mention here is that

2091

01:25:30,290 --> 01:25:28,380

a whistleblower doesn't mean that

2092

01:25:33,530 --> 01:25:30,300

they're able to go public with what they

2093

01:25:36,169 --> 01:25:33,540

say they are they are protected to speak

2094

01:25:38,270 --> 01:25:36,179

to the arrow program by the way Arrow

2095

01:25:40,790 --> 01:25:38,280

stands for all domain anomaly resolution

2096

01:25:44,930 --> 01:25:40,800

office so this is the UFO office and

2097

01:25:46,310 --> 01:25:44,940

they are protected within that context I

2098

01:25:49,189 --> 01:25:46,320

don't think that they're protected to go

2099

01:25:51,169 --> 01:25:49,199

public with their UFO stories

2100

01:25:54,290 --> 01:25:51,179

I don't I don't see anything in there

2101
01:25:56,149 --> 01:25:54,300
that that indicates that the the public

2102
01:25:59,270 --> 01:25:56,159
is going to have access to that stuff

2103
01:26:01,070 --> 01:25:59,280
but yeah that the but the program will

2104
01:26:03,709 --> 01:26:01,080
have access to it so those

2105
01:26:05,090 --> 01:26:03,719
whistleblowers will have protection if

2106
01:26:06,590 --> 01:26:05,100
they go

2107
01:26:09,890 --> 01:26:06,600
to him because you know a lot of the

2108
01:26:11,390 --> 01:26:09,900
people who are under ndas you know they

2109
01:26:12,350 --> 01:26:11,400
can't even talk to other people in the

2110
01:26:16,790 --> 01:26:12,360
military

2111
01:26:18,649 --> 01:26:16,800
right so I think this this uh clause in

2112
01:26:20,870 --> 01:26:18,659
the laws meant

2113
01:26:22,550 --> 01:26:20,880

to give them protection I don't yeah I

2114

01:26:25,310 --> 01:26:22,560

really wonder

2115

01:26:28,189 --> 01:26:25,320

is it really is it effective law is it

2116

01:26:30,649 --> 01:26:28,199

really going to work I mean I I don't

2117

01:26:32,990 --> 01:26:30,659

know I'm not in that world I don't know

2118

01:26:34,430 --> 01:26:33,000

if like if I've if you're in a special

2119

01:26:36,770 --> 01:26:34,440

Access program if you're in something

2120

01:26:38,330 --> 01:26:36,780

like described by by Eric Davis in his

2121

01:26:41,390 --> 01:26:38,340

nose with Thomas Wilson you know some

2122

01:26:44,090 --> 01:26:41,400

some reverse engineering program uh out

2123

01:26:46,550 --> 01:26:44,100

of Lockheed or Boeing or who knows where

2124

01:26:48,350 --> 01:26:46,560

would this whistleblower Protection Law

2125

01:26:49,669 --> 01:26:48,360

give you sufficient

2126

01:26:53,209 --> 01:26:49,679

cover

2127

01:26:55,550 --> 01:26:53,219

just to speak yeah actually I really

2128

01:26:57,890 --> 01:26:55,560

wonder I really wonder somebody that's

2129

01:27:00,070 --> 01:26:57,900

on the bigot list right your name's on

2130

01:27:02,990 --> 01:27:00,080

the big you know you you've you've

2131

01:27:04,610 --> 01:27:03,000

passed muster right you're in the you're

2132

01:27:07,729 --> 01:27:04,620

in the boys club

2133

01:27:10,250 --> 01:27:07,739

uh uh would they even if they were

2134

01:27:11,030 --> 01:27:10,260

protected Richard would they step out of

2135

01:27:13,189 --> 01:27:11,040

line

2136

01:27:15,470 --> 01:27:13,199

and no they won't they almost none of

2137

01:27:17,689 --> 01:27:15,480

them will right right right but he's

2138

01:27:19,430 --> 01:27:17,699

saying he got 25 so apparently some

2139

01:27:20,810 --> 01:27:19,440

people are coming forward so and that's

2140

01:27:22,850 --> 01:27:20,820

good look you want them to come forward

2141

01:27:23,930 --> 01:27:22,860

it would be nicer if they could go

2142

01:27:25,430 --> 01:27:23,940

public

2143

01:27:28,189 --> 01:27:25,440

if we could hear their stories but

2144

01:27:30,530 --> 01:27:28,199

that's so yeah it's he's her 25

2145

01:27:33,110 --> 01:27:30,540

whistleblower stories basically I think

2146

01:27:34,910 --> 01:27:33,120

uh and and we only learned about it

2147

01:27:37,610 --> 01:27:34,920

through the hearing we you know I did

2148

01:27:39,890 --> 01:27:37,620

not know that I didn't know no no caught

2149

01:27:42,950 --> 01:27:39,900

me by surprise and I know who they are

2150

01:27:47,149 --> 01:27:42,960

what their stories are and so apparently

2151
01:27:51,110 --> 01:27:47,159
now I'm just saying just based on his uh

2152
01:27:54,770 --> 01:27:51,120
statements and testimony that he said

2153
01:27:57,229 --> 01:27:54,780
none of this defies the laws of physics

2154
01:27:59,750 --> 01:27:57,239
right that's a quote

2155
01:28:01,850 --> 01:27:59,760
in a sense nothing defies the laws of

2156
01:28:04,510 --> 01:28:01,860
physics we we just don't always know all

2157
01:28:08,390 --> 01:28:04,520
the laws maybe but

2158
01:28:10,729 --> 01:28:08,400
if it happens if anything happens it by

2159
01:28:14,149 --> 01:28:10,739
definition must be within the realm of

2160
01:28:17,990 --> 01:28:14,159
the law of physics it's true I suppose

2161
01:28:19,910 --> 01:28:18,000
yes it just disappeared yeah okay all

2162
01:28:21,950 --> 01:28:19,920
right so there's laws of physics we

2163
01:28:24,110 --> 01:28:21,960

don't know yet it's but it's so

2164

01:28:25,250 --> 01:28:24,120

nothing's being broken but here's the

2165

01:28:26,810 --> 01:28:25,260

thing

2166

01:28:28,450 --> 01:28:26,820

um apparently he didn't talk to somebody

2167

01:28:33,110 --> 01:28:28,460

like David Traver

2168

01:28:36,290 --> 01:28:33,120

where his description of uh what he

2169

01:28:39,290 --> 01:28:36,300

witnessed not only uh from the sensor

2170

01:28:41,689 --> 01:28:39,300

data you know from 80 000 feet to sea

2171

01:28:43,729 --> 01:28:41,699

level in in a fraction of a second I

2172

01:28:45,850 --> 01:28:43,739

would say that that's that's going

2173

01:28:49,129 --> 01:28:45,860

against the grain of what we understand

2174

01:28:52,250 --> 01:28:49,139

as humans at this point in our Evolution

2175

01:28:54,649 --> 01:28:52,260

there's that and so if he was hearing

2176
01:28:57,290 --> 01:28:54,659
from somebody like fravor then he

2177
01:28:58,850 --> 01:28:57,300
couldn't make that statement I agree

2178
01:29:01,010 --> 01:28:58,860
with you I agree with you I think the

2179
01:29:04,070 --> 01:29:01,020
USS Nimitz Tic Tac case

2180
01:29:05,810 --> 01:29:04,080
that's a hell of a case and we're lucky

2181
01:29:07,669 --> 01:29:05,820
to have it we're lucky to have it

2182
01:29:10,129 --> 01:29:07,679
because even when you compare it to

2183
01:29:13,669 --> 01:29:10,139
other UFO cases of the past like the

2184
01:29:16,310 --> 01:29:13,679
Nimitz case is a great case when it's

2185
01:29:18,830 --> 01:29:16,320
got all the things that you want in an

2186
01:29:20,030 --> 01:29:18,840
amazing UFO case you've got lots of

2187
01:29:21,770 --> 01:29:20,040
witnesses

2188
01:29:24,350 --> 01:29:21,780

like from different perspectives not

2189

01:29:25,850 --> 01:29:24,360

just forever but uh you know other other

2190

01:29:28,610 --> 01:29:25,860

people in the aircraft have talked about

2191

01:29:30,709 --> 01:29:28,620

this now you got Kevin day operating the

2192

01:29:32,510 --> 01:29:30,719

radar and there are a number of other

2193

01:29:34,129 --> 01:29:32,520

individuals as well who've gone on the

2194

01:29:35,570 --> 01:29:34,139

record to talk about this so there's

2195

01:29:39,229 --> 01:29:35,580

lots of witnesses

2196

01:29:43,669 --> 01:29:39,239

and you've got favors and outstanding

2197

01:29:45,229 --> 01:29:43,679

eyewitness uh you know to everything how

2198

01:29:46,430 --> 01:29:45,239

much more of a qualified witness do you

2199

01:29:49,550 --> 01:29:46,440

want than him

2200

01:29:51,709 --> 01:29:49,560

and when you estimate he talked about

2201

01:29:54,770 --> 01:29:51,719

his line of sight when that thing took

2202

01:29:59,030 --> 01:29:54,780

off and I he said I think he said he had

2203

01:30:01,610 --> 01:29:59,040

10 miles visibility easy but actually he

2204

01:30:03,649 --> 01:30:01,620

then said realistically you say more

2205

01:30:05,390 --> 01:30:03,659

like 50 miles visibility and he said

2206

01:30:07,850 --> 01:30:05,400

this thing was out of his line of sight

2207

01:30:10,129 --> 01:30:07,860

in two seconds so by even 10 mile

2208

01:30:11,689 --> 01:30:10,139

visibility you're talking like nine ten

2209

01:30:12,950 --> 01:30:11,699

thousand miles per I figured out one day

2210

01:30:14,450 --> 01:30:12,960

it was like about ten thousand miles per

2211

01:30:16,490 --> 01:30:14,460

hour

2212

01:30:18,110 --> 01:30:16,500

and if it's a 50 mile visibility then

2213

01:30:20,810 --> 01:30:18,120

multiply by five

2214

01:30:23,570 --> 01:30:20,820

but accordingly Patrick according to

2215

01:30:26,390 --> 01:30:23,580

Kirkpatrick that's that's that's that's

2216

01:30:28,669 --> 01:30:26,400

that's we understand that you know and

2217

01:30:30,290 --> 01:30:28,679

it has to be well maybe maybe we do

2218

01:30:32,090 --> 01:30:30,300

understand it I mean there are

2219

01:30:35,209 --> 01:30:32,100

theoretical

2220

01:30:36,709 --> 01:30:35,219

uh means by which we can understand that

2221

01:30:38,689 --> 01:30:36,719

that

2222

01:30:41,209 --> 01:30:38,699

the propulsion of the Tic Tac UFO I

2223

01:30:42,649 --> 01:30:41,219

listen to that pretty cool uh

2224

01:30:45,350 --> 01:30:42,659

explanation I have to say a few years

2225

01:30:46,790 --> 01:30:45,360

ago by Jack sarfati some people think

2226

01:30:48,890 --> 01:30:46,800

he's full of it I know him and Eric

2227

01:30:50,750 --> 01:30:48,900

Davis love to fight each other but hey

2228

01:30:52,450 --> 01:30:50,760

sarfati had a really interesting theory

2229

01:30:55,250 --> 01:30:52,460

about how the Tic Tac

2230

01:30:58,010 --> 01:30:55,260

might do what it it does he talked about

2231

01:30:59,750 --> 01:30:58,020

it in terms of the metamaterial thinking

2232

01:31:01,250 --> 01:30:59,760

if you've got a meta material around the

2233

01:31:02,590 --> 01:31:01,260

skin of that thing it might be able to

2234

01:31:04,729 --> 01:31:02,600

slow the speed of light down

2235

01:31:06,169 --> 01:31:04,739

sufficiently and if you if you slow down

2236

01:31:10,250 --> 01:31:06,179

the speed of light you're changing the

2237

01:31:13,490 --> 01:31:10,260

physics of of basically creating an alko

2238

01:31:14,870 --> 01:31:13,500

beer uh bubble around your craft I mean

2239

01:31:17,090 --> 01:31:14,880

I don't mean to be

2240

01:31:19,370 --> 01:31:17,100

what the hell do I know I I don't do the

2241

01:31:21,350 --> 01:31:19,380

math that Miguel Kabir did but what he

2242

01:31:23,870 --> 01:31:21,360

did in the 1990s is came up with the

2243

01:31:25,370 --> 01:31:23,880

physics of warp drive basically and it's

2244

01:31:28,669 --> 01:31:25,380

true like you can create a warp field

2245

01:31:30,890 --> 01:31:28,679

around a craft the problem with that is

2246

01:31:33,290 --> 01:31:30,900

that the amount of energy that it would

2247

01:31:35,330 --> 01:31:33,300

take to create such a field by which you

2248

01:31:37,310 --> 01:31:35,340

could in a sense defeat the speed of

2249

01:31:39,890 --> 01:31:37,320

light and practice your warping space

2250

01:31:41,629 --> 01:31:39,900

the amount of energy was so great I

2251
01:31:44,870 --> 01:31:41,639
think it was like more than the amount

2252
01:31:48,470 --> 01:31:44,880
of the universe yeah but what sarfati

2253
01:31:50,810 --> 01:31:48,480
said is I said no there's a trick if you

2254
01:31:53,090 --> 01:31:50,820
change the equation and the speed of

2255
01:31:55,010 --> 01:31:53,100
light is a big part of that equation and

2256
01:31:55,850 --> 01:31:55,020
he said if you slow down the speed of

2257
01:31:58,070 --> 01:31:55,860
light

2258
01:32:00,229 --> 01:31:58,080
you can do it he said maybe a AAA

2259
01:32:01,910 --> 01:32:00,239
Battery might be all you need

2260
01:32:04,570 --> 01:32:01,920
I mean you might have been facetious but

2261
01:32:07,189 --> 01:32:04,580
the point is there are theoretical

2262
01:32:09,410 --> 01:32:07,199
possibilities even if that's not the

2263
01:32:10,910 --> 01:32:09,420

case maybe something else and

2264

01:32:12,350 --> 01:32:10,920

Kirkpatrick could easily be you know

2265

01:32:14,870 --> 01:32:12,360

they're doing all their lawyerly

2266

01:32:16,430 --> 01:32:14,880

speaking are they like he's like this

2267

01:32:18,050 --> 01:32:16,440

did not violate the known laws of

2268

01:32:20,209 --> 01:32:18,060

physics well yeah right it doesn't

2269

01:32:23,090 --> 01:32:20,219

violate the fault laws of physics

2270

01:32:25,250 --> 01:32:23,100

it can't by definition it is impossible

2271

01:32:28,370 --> 01:32:25,260

to violate the laws of physics

2272

01:32:30,470 --> 01:32:28,380

it is literally an impossibility to

2273

01:32:33,530 --> 01:32:30,480

violate the laws of physics or else it

2274

01:32:36,110 --> 01:32:33,540

wouldn't be a law so there's that but

2275

01:32:38,090 --> 01:32:36,120

then it's entirely possible that they

2276

01:32:39,530 --> 01:32:38,100

know how these things work that's

2277

01:32:41,570 --> 01:32:39,540

entirely possible they may not be able

2278

01:32:44,689 --> 01:32:41,580

to duplicate it because our Material

2279

01:32:45,890 --> 01:32:44,699

Science may not be there but they may

2280

01:32:48,530 --> 01:32:45,900

have a pretty good handle at this point

2281

01:32:51,649 --> 01:32:48,540

on how to swear I mean help Paul Hill

2282

01:32:53,090 --> 01:32:51,659

uh 30 years ago practically published a

2283

01:32:55,729 --> 01:32:53,100

book called unconventional flying

2284

01:32:58,149 --> 01:32:55,739

objects Paul hill was a NASA scientist

2285

01:33:01,729 --> 01:32:58,159

and this book was published posthumously

2286

01:33:04,910 --> 01:33:01,739

in the 90s and he laid out he did an

2287

01:33:06,649 --> 01:33:04,920

amazing job of discussing the probable

2288

01:33:08,510 --> 01:33:06,659

physics of flying saucers and how they

2289

01:33:10,189 --> 01:33:08,520

do what they do and he didn't answer

2290

01:33:11,030 --> 01:33:10,199

every single question but he answered a

2291

01:33:15,110 --> 01:33:11,040

lot

2292

01:33:16,669 --> 01:33:15,120

a feeling in the black budget World

2293

01:33:17,450 --> 01:33:16,679

they've got a pretty decent handle on

2294

01:33:20,750 --> 01:33:17,460

this

2295

01:33:24,530 --> 01:33:20,760

well I don't want to inflame our sarfati

2296

01:33:30,169 --> 01:33:24,540

uh chat group uh which is is very easy

2297

01:33:33,590 --> 01:33:30,179

to do but I'll say this uh Jack

2298

01:33:36,770 --> 01:33:33,600

um he's not afraid to think outside of

2299

01:33:40,310 --> 01:33:36,780

the box and I will always commend him

2300

01:33:42,050 --> 01:33:40,320

for that he does not lock himself in uh

2301

01:33:45,229 --> 01:33:42,060

when it comes to physics he's a very

2302

01:33:48,050 --> 01:33:45,239

smart guy but

2303

01:33:51,229 --> 01:33:48,060

I just want some of that weed because he

2304

01:33:55,610 --> 01:33:53,570

it's our body's got the he's got the

2305

01:33:57,410 --> 01:33:55,620

bionic weed that's all I've got to say

2306

01:34:00,229 --> 01:33:57,420

okay so

2307

01:34:03,050 --> 01:34:00,239

um one last thing I want to get into man

2308

01:34:05,930 --> 01:34:03,060

that I I can already see the chat

2309

01:34:07,550 --> 01:34:05,940

uh I can already see they want you to

2310

01:34:09,770 --> 01:34:07,560

get political which you're refusing to

2311

01:34:11,390 --> 01:34:09,780

do by the way no I I will not do that so

2312

01:34:13,070 --> 01:34:11,400

you know that's still no you will not do

2313

01:34:14,290 --> 01:34:13,080

that that's the only thing wrong with

2314

01:34:19,370 --> 01:34:14,300

that chat group

2315

01:34:21,229 --> 01:34:19,380

is is it gets way too political when it

2316

01:34:22,669 --> 01:34:21,239

doesn't need to it just doesn't need to

2317

01:34:27,070 --> 01:34:22,679

sometimes it does need to though

2318

01:34:29,330 --> 01:34:27,080

sometimes it does need to yeah yeah okay

2319

01:34:31,930 --> 01:34:29,340

I get it I get it you're trying to keep

2320

01:34:35,090 --> 01:34:31,940

everyone happy yeah yeah yeah yeah yeah

2321

01:34:36,709 --> 01:34:35,100

I'm tired of that I think I'm one year

2322

01:34:39,530 --> 01:34:36,719

older than you so I'm I'm one of your

2323

01:34:41,030 --> 01:34:39,540

crotch more crotch yeah yeah yeah I

2324

01:34:44,450 --> 01:34:41,040

don't care as much anymore

2325

01:34:46,310 --> 01:34:44,460

I'm I'm caring less I'll say that you're

2326

01:34:50,450 --> 01:34:46,320

influencing me

2327

01:34:52,490 --> 01:34:50,460

um but uh let me let me just show your

2328

01:34:54,950 --> 01:34:52,500

rules so it's good Let Me Tell well and

2329

01:34:57,649 --> 01:34:54,960

I'm gonna do that right now over the

2330

01:35:00,649 --> 01:34:57,659

weekend and it was on Saturday

2331

01:35:03,830 --> 01:35:00,659

um I saw one of the craziest

2332

01:35:06,470 --> 01:35:03,840

uh news stories that broke into uh the

2333

01:35:09,530 --> 01:35:06,480

national media it hasn't stopped and

2334

01:35:12,010 --> 01:35:09,540

that is cattle mutilations

2335

01:35:15,050 --> 01:35:12,020

uh happening in Texas

2336

01:35:16,790 --> 01:35:15,060

and when I saw it now it was one of

2337

01:35:18,890 --> 01:35:16,800

those moments Richard right I'm like

2338

01:35:21,229 --> 01:35:18,900

walking through the house I mean my

2339

01:35:23,270 --> 01:35:21,239

boxers and my slippers right and I've

2340

01:35:25,370 --> 01:35:23,280

got my phone out and I was like what

2341

01:35:27,410 --> 01:35:25,380

that doesn't is that what that says

2342

01:35:28,149 --> 01:35:27,420

click

2343

01:35:32,209 --> 01:35:28,159

um

2344

01:35:36,169 --> 01:35:32,219

six mutilated cattle along a highway

2345

01:35:38,629 --> 01:35:36,179

from six different herds six different

2346

01:35:39,830 --> 01:35:38,639

pastures

2347

01:35:42,410 --> 01:35:39,840

um all

2348

01:35:43,550 --> 01:35:42,420

it it looks like Linda Moulton Howe

2349

01:35:47,330 --> 01:35:43,560

wrote this article

2350

01:35:50,450 --> 01:35:47,340

all of them had their tongues cut out

2351

01:35:51,770 --> 01:35:50,460

their face peeled back with surgical

2352

01:35:54,410 --> 01:35:51,780

precision

2353

01:35:58,970 --> 01:35:54,420

had their butts removed

2354

01:36:00,050 --> 01:35:58,980

right uh their anus removed and are you

2355

01:36:02,390 --> 01:36:00,060

ready

2356

01:36:07,250 --> 01:36:02,400

no blood

2357

01:36:12,610 --> 01:36:07,260

no tire tracks no footprints

2358

01:36:19,310 --> 01:36:16,850

this is CNN man this is Fox CNN covered

2359

01:36:23,110 --> 01:36:19,320

this oh

2360

01:36:25,970 --> 01:36:23,120

and uh look it up look it up look it up

2361

01:36:28,790 --> 01:36:25,980

and they're still following up and and

2362

01:36:30,410 --> 01:36:28,800

then at the end of the article so you're

2363

01:36:33,050 --> 01:36:30,420

saying that you didn't you didn't you

2364

01:36:35,649 --> 01:36:33,060

didn't know oh I needed your opinion on

2365

01:36:38,810 --> 01:36:35,659

this because at the end of the article

2366

01:36:41,990 --> 01:36:38,820

uh they also State and the quotes from

2367

01:36:44,510 --> 01:36:42,000

the sheriff's department and other quote

2368

01:36:46,490 --> 01:36:44,520

agencies by the way chimed into as well

2369

01:36:50,090 --> 01:36:46,500

we're gonna get my fresh hot take on it

2370

01:36:51,070 --> 01:36:50,100

so you guys it said that this is a

2371

01:36:53,990 --> 01:36:51,080

national

2372

01:37:01,030 --> 01:36:54,000

situation that there are other

2373

01:37:05,270 --> 01:37:03,470

I think relations have never stopped

2374

01:37:07,310 --> 01:37:05,280

happening so what's interesting is that

2375

01:37:08,510 --> 01:37:07,320

this is getting coverage here I thought

2376

01:37:10,189 --> 01:37:08,520

you were going to go with all Tucker

2377

01:37:12,530 --> 01:37:10,199

Carlson because that was his last

2378

01:37:15,950 --> 01:37:12,540

because he's into UFOs as everyone knows

2379

01:37:19,310 --> 01:37:15,960

and I I was informed

2380

01:37:21,110 --> 01:37:19,320

that his last kind of special was on

2381

01:37:22,850 --> 01:37:21,120

cattle mutilations

2382

01:37:24,709 --> 01:37:22,860

and then you know the next thing you

2383

01:37:27,229 --> 01:37:24,719

hear is like he's been he's been axed by

2384

01:37:29,149 --> 01:37:27,239

Fox and I have someone writing to me

2385

01:37:31,129 --> 01:37:29,159

who's quite insistent and he could be

2386

01:37:32,750 --> 01:37:31,139

right that that was maybe one reason

2387

01:37:34,910 --> 01:37:32,760

behind it I think there's a lot of

2388

01:37:36,169 --> 01:37:34,920

reasons behind that up on with Tucker

2389

01:37:37,490 --> 01:37:36,179

Carlson but

2390

01:37:39,229 --> 01:37:37,500

I thought you were going to go there

2391

01:37:41,629 --> 01:37:39,239

since you mentioned mutilations and I do

2392

01:37:43,550 --> 01:37:41,639

know that that was one of the final

2393

01:37:47,510 --> 01:37:43,560

projects that he was doing

2394

01:37:48,890 --> 01:37:47,520

yeah so I've got uh I've got the article

2395

01:37:50,090 --> 01:37:48,900

here I'm gonna you're not going you're

2396

01:37:52,510 --> 01:37:50,100

not doing the Tucker thing you're going

2397

01:37:56,570 --> 01:37:52,520

to do the uh

2398

01:37:58,910 --> 01:37:56,580

well I'm gonna do the Jimmy's mind was

2399

01:38:01,490 --> 01:37:58,920

completely blown it didn't

2400

01:38:03,950 --> 01:38:01,500

it just didn't compute okay I popped

2401

01:38:06,350 --> 01:38:03,960

this up in the chat everybody here is

2402

01:38:09,590 --> 01:38:06,360

one of the articles in the National

2403

01:38:11,870 --> 01:38:09,600

media uh Richard you can follow up on

2404

01:38:15,290 --> 01:38:11,880

that too there it is in the comments

2405

01:38:17,890 --> 01:38:15,300

here is there we go yeah yeah and it

2406

01:38:20,510 --> 01:38:17,900

says six cows in Texas

2407

01:38:22,490 --> 01:38:20,520

yeah you've got to work hard I'm a

2408

01:38:24,350 --> 01:38:22,500

little annoyed about that yeah come in

2409

01:38:25,790 --> 01:38:24,360

and see all right I'm gonna go check

2410

01:38:27,890 --> 01:38:25,800

this out here we're gonna go read this

2411

01:38:29,689 --> 01:38:27,900

together man yeah let's do this in real

2412

01:38:32,450 --> 01:38:29,699

time

2413

01:38:34,010 --> 01:38:32,460

six cows in Texas found dead and

2414

01:38:36,709 --> 01:38:34,020

mutilated with their tongues cut out

2415

01:38:39,050 --> 01:38:36,719

have left police searching for answers

2416

01:38:41,149 --> 01:38:39,060

and of course I didn't know why it was

2417

01:38:42,350 --> 01:38:41,159

on Shakespeare's birthday April 23rd I'm

2418

01:38:44,229 --> 01:38:42,360

not going to do anything on that I'm

2419

01:38:45,970 --> 01:38:44,239

you're not married

2420

01:38:48,530 --> 01:38:45,980

Shakespeare

2421

01:38:51,229 --> 01:38:48,540

you were in Ashland Oregon at the

2422

01:38:52,629 --> 01:38:51,239

Shakespeare Festival I knew that

2423

01:38:56,330 --> 01:38:52,639

um

2424

01:38:58,070 --> 01:38:56,340

and mutilated along State Highway in

2425

01:38:59,810 --> 01:38:58,080

East Central Texas with their tongues

2426
01:39:02,870 --> 01:38:59,820
completely removed have prompted an

2427
01:39:04,310 --> 01:39:02,880
investigation by County Sheriff's Office

2428
01:39:08,090 --> 01:39:04,320
um now

2429
01:39:09,010 --> 01:39:08,100
um uh I'm going to as you are looking at

2430
01:39:22,129 --> 01:39:09,020
it

2431
01:39:24,290 --> 01:39:22,139
Precision these are all drug quotes from

2432
01:39:26,209 --> 01:39:24,300
the Sheriff's Office had been made to

2433
01:39:29,629 --> 01:39:26,219
remove the hide around the cow's mouth

2434
01:39:32,090 --> 01:39:29,639
on one side while looking into the dev

2435
01:39:34,930 --> 01:39:32,100
the investigators learned that five

2436
01:39:38,390 --> 01:39:34,940
other cows were found in the similar

2437
01:39:40,669 --> 01:39:38,400
a brutal fashion condition each cow was

2438
01:39:42,410 --> 01:39:40,679

from a different pasture and heard and

2439

01:39:44,030 --> 01:39:42,420

was found at different locations along

2440

01:39:47,149 --> 01:39:44,040

the area of the state highway near

2441

01:39:49,070 --> 01:39:47,159

Brazos and Robertson counties on two of

2442

01:39:52,010 --> 01:39:49,080

the cows the circular cut had also been

2443

01:39:54,649 --> 01:39:52,020

removed removing the anus and the

2444

01:39:57,110 --> 01:39:54,659

external genitalia the circular cut was

2445

01:39:59,930 --> 01:39:57,120

made with the same precision as the cuts

2446

01:40:03,050 --> 01:39:59,940

noted around the jaw lines of each cow

2447

01:40:05,510 --> 01:40:03,060

there were no signs of struggle no signs

2448

01:40:08,990 --> 01:40:05,520

of blood spill and no Footprints or tire

2449

01:40:11,810 --> 01:40:09,000

tracks in the area around any of the

2450

01:40:14,209 --> 01:40:11,820

cows wow you know that's interesting

2451
01:40:15,649 --> 01:40:14,219
yeah yeah very very interesting because

2452
01:40:17,629 --> 01:40:15,659
I was going to say you know just because

2453
01:40:20,750 --> 01:40:17,639
it's a mutilation doesn't necessarily

2454
01:40:22,729 --> 01:40:20,760
connect it to the UFO subject but we do

2455
01:40:23,870 --> 01:40:22,739
have a bit of a mystery here I don't I

2456
01:40:26,570 --> 01:40:23,880
don't know what else to say about it

2457
01:40:30,229 --> 01:40:26,580
it's interesting for sure it's just a

2458
01:40:32,629 --> 01:40:30,239
timing I I agree with you why now

2459
01:40:34,910 --> 01:40:32,639
um uh is there

2460
01:40:37,310 --> 01:40:34,920
um is there a connection to ET of course

2461
01:40:39,229 --> 01:40:37,320
you know uh with uh Linda's excellent

2462
01:40:41,209 --> 01:40:39,239
research over the last four decades and

2463
01:40:42,950 --> 01:40:41,219

into the subject

2464

01:40:46,370 --> 01:40:42,960

um you have to have you know ask that

2465

01:40:48,470 --> 01:40:46,380

question but here we are in this era of

2466

01:40:50,689 --> 01:40:48,480

uh you know the Nimitz and and

2467

01:40:53,510 --> 01:40:50,699

everything else and Jilla brand and

2468

01:40:54,830 --> 01:40:53,520

hearings and and the media and you just

2469

01:40:57,229 --> 01:40:54,840

brought up Tucker Carl with everything

2470

01:41:00,709 --> 01:40:57,239

else is going suddenly we have an

2471

01:41:03,430 --> 01:41:00,719

article like this in the media and the

2472

01:41:06,530 --> 01:41:03,440

timing is suspect

2473

01:41:08,570 --> 01:41:06,540

I don't know what to think about this

2474

01:41:10,669 --> 01:41:08,580

I don't know why the article has

2475

01:41:12,770 --> 01:41:10,679

appeared when it did

2476

01:41:14,930 --> 01:41:12,780

it is I mean it's a spectacular kind of

2477

01:41:17,209 --> 01:41:14,940

a case I mean let's just let's put it in

2478

01:41:19,850 --> 01:41:17,219

perspective I mean there's a lot of

2479

01:41:21,890 --> 01:41:19,860

Mutilation cases but to find six so they

2480

01:41:24,590 --> 01:41:21,900

were found all around the same time in

2481

01:41:26,209 --> 01:41:24,600

different on different properties yep

2482

01:41:28,070 --> 01:41:26,219

different properties along the same

2483

01:41:29,629 --> 01:41:28,080

Highway they were found at the same time

2484

01:41:31,010 --> 01:41:29,639

along the same so that yeah that's kind

2485

01:41:33,709 --> 01:41:31,020

of a spectacular

2486

01:41:36,590 --> 01:41:33,719

event even for a mutilation yeah it is

2487

01:41:39,470 --> 01:41:36,600

it is and then and then this comment

2488

01:41:42,050 --> 01:41:39,480

here which I found very interesting the

2489

01:41:45,169 --> 01:41:42,060

Sheriff's Office says it is coordinating

2490

01:41:48,950 --> 01:41:45,179

with other law enforcement agencies for

2491

01:41:52,669 --> 01:41:48,960

information noting multiple similar

2492

01:41:54,410 --> 01:41:52,679

incidents in the United States

2493

01:41:56,390 --> 01:41:54,420

yeah now that makes a lot of sense

2494

01:41:58,609 --> 01:41:56,400

because I said this stuff always goes on

2495

01:42:01,970 --> 01:41:58,619

there there do seem to be periods where

2496

01:42:03,770 --> 01:42:01,980

you get waves of intense reporting on it

2497

01:42:05,990 --> 01:42:03,780

but there hasn't been a lot of reporting

2498

01:42:08,090 --> 01:42:06,000

on mutilations for a while and in this

2499

01:42:10,370 --> 01:42:08,100

country in fact not in a long time

2500

01:42:13,070 --> 01:42:10,380

the last wave of emulations that I'm

2501

01:42:14,750 --> 01:42:13,080

aware of that got a lot of publicity

2502

01:42:17,450 --> 01:42:14,760

uh I could be wrong but I think it was

2503

01:42:19,790 --> 01:42:17,460

about 20 years ago in Argentina they had

2504

01:42:22,250 --> 01:42:19,800

a very big wave of mutilations that went

2505

01:42:25,370 --> 01:42:22,260

on in conjunction with some intense UFO

2506

01:42:29,570 --> 01:42:25,380

sightings and I think around 2001 2002

2507

01:42:33,050 --> 01:42:29,580

2003 it was big it was big there but I

2508

01:42:36,530 --> 01:42:33,060

I'm not aware of like a lot of publicity

2509

01:42:38,510 --> 01:42:36,540

on mutilation cases since then

2510

01:42:39,950 --> 01:42:38,520

maybe I'm missing something but I I

2511

01:42:40,970 --> 01:42:39,960

don't know I don't I'm it's not

2512

01:42:42,590 --> 01:42:40,980

something that really seems to have

2513

01:42:44,830 --> 01:42:42,600

gotten a lot of publicity at least in

2514

01:42:48,410 --> 01:42:44,840

the U.S right are you aware

2515

01:42:51,050 --> 01:42:48,420

well okay so there is you there are some

2516

01:42:53,570 --> 01:42:51,060

follow-up articles and uh the

2517

01:42:54,709 --> 01:42:53,580

investigation continues

2518

01:42:57,830 --> 01:42:54,719

um you're talking about the current one

2519

01:43:01,010 --> 01:42:57,840

this is current one I'm asking you like

2520

01:43:02,689 --> 01:43:01,020

are you aware of prior to this case no

2521

01:43:04,250 --> 01:43:02,699

were there was there much reporting on

2522

01:43:06,890 --> 01:43:04,260

mutilations for decades I don't think

2523

01:43:09,109 --> 01:43:06,900

that there was no and I have as you know

2524

01:43:11,270 --> 01:43:09,119

I have Linda on the show at least once a

2525

01:43:13,310 --> 01:43:11,280

month they still happen yeah but I don't

2526

01:43:15,830 --> 01:43:13,320

think there's reporting on it not like

2527

01:43:19,010 --> 01:43:15,840

this no and

2528

01:43:22,609 --> 01:43:19,020

um and here's here's another if you look

2529

01:43:25,550 --> 01:43:22,619

at this article and it it's it's all of

2530

01:43:27,169 --> 01:43:25,560

The Sensational things that Linda has

2531

01:43:29,030 --> 01:43:27,179

brought you know brought up and brought

2532

01:43:31,430 --> 01:43:29,040

to our attention over the years where

2533

01:43:35,149 --> 01:43:31,440

it's like you know this is this is crazy

2534

01:43:36,649 --> 01:43:35,159

well check this out Richard the cause of

2535

01:43:39,850 --> 01:43:36,659

death I'm quoting

2536

01:43:43,189 --> 01:43:39,860

the cause of death of all six cows

2537

01:43:47,149 --> 01:43:43,199

remains unknown

2538

01:43:48,590 --> 01:43:47,159

are these are these long-horned okay so

2539

01:43:50,570 --> 01:43:48,600

you have a comment I'm looking at the

2540

01:43:52,629 --> 01:43:50,580

comments I'm going to give her name Jane

2541

01:43:56,270 --> 01:43:52,639

Beady well done James this is Jimmy

2542

01:43:57,709 --> 01:43:56,280

Longhorn cross cattle are huge cattle

2543

01:43:59,870 --> 01:43:57,719

wow

2544

01:44:00,530 --> 01:43:59,880

so these are these are large these

2545

01:44:03,530 --> 01:44:00,540

aren't

2546

01:44:07,250 --> 01:44:03,540

these are Big these are beautiful and uh

2547

01:44:09,169 --> 01:44:07,260

I'm glad that Richard pays attention to

2548

01:44:10,510 --> 01:44:09,179

the chat room well I'm not hosting so

2549

01:44:12,649 --> 01:44:10,520

like I can

2550

01:44:14,330 --> 01:44:12,659

I don't have to pay attention to you I'm

2551

01:44:16,070 --> 01:44:14,340

I'm reading the people like these you

2552

01:44:17,570 --> 01:44:16,080

got these are good people here yeah yeah

2553

01:44:20,689 --> 01:44:17,580

when I'm hosting I don't I don't ever

2554

01:44:23,629 --> 01:44:20,699

look at the chat I can't yeah I can't do

2555

01:44:25,189 --> 01:44:23,639

it it's too but here I'm like I'm I'm

2556

01:44:26,930 --> 01:44:25,199

hanging out I'm chilling with the people

2557

01:44:32,090 --> 01:44:26,940

here the

2558

01:44:35,390 --> 01:44:32,100

um uh I have I have often thought of of

2559

01:44:38,270 --> 01:44:35,400

you know listening and reading uh and

2560

01:44:41,510 --> 01:44:38,280

watching Linda's stuff over the years

2561

01:44:43,729 --> 01:44:41,520

um I I always look at this the cataly

2562

01:44:47,570 --> 01:44:43,739

cattle mutilation uh situation

2563

01:44:49,310 --> 01:44:47,580

phenomenon uh two ways and I don't think

2564

01:44:52,910 --> 01:44:49,320

that there's any gray area in the middle

2565

01:44:56,090 --> 01:44:52,920

I think absolutely anything is possible

2566

01:44:58,129 --> 01:44:56,100

and E.T is here and they're checking out

2567

01:44:59,810 --> 01:44:58,139

our stuff and and that's what that's

2568

01:45:01,729 --> 01:44:59,820

what we do when we go into the Amazon

2569

01:45:03,350 --> 01:45:01,739

rainforest and pluck something out of

2570

01:45:06,530 --> 01:45:03,360

the tree you know we're gonna take it

2571

01:45:07,729 --> 01:45:06,540

back and cut it apart in a laboratory in

2572

01:45:10,970 --> 01:45:07,739

somewhere in the United States that's

2573

01:45:13,669 --> 01:45:10,980

what we do everybody dissected a frog in

2574

01:45:17,689 --> 01:45:13,679

Biology class all right so I get that

2575

01:45:19,250 --> 01:45:17,699

part but the other side says to me that

2576

01:45:22,250 --> 01:45:19,260

maybe

2577

01:45:24,890 --> 01:45:22,260

it's government research you know is it

2578

01:45:27,410 --> 01:45:24,900

nuclear testing in the area is there

2579

01:45:31,490 --> 01:45:27,420

food additive you know is there a reason

2580

01:45:34,129 --> 01:45:31,500

to pick up a cow go and and and check

2581

01:45:35,990 --> 01:45:34,139

out the tissue because the tongue is

2582

01:45:39,229 --> 01:45:36,000

always eating stuff off of the ground

2583

01:45:41,450 --> 01:45:39,239

right here's my problem with that theory

2584

01:45:44,810 --> 01:45:41,460

because if it's Government research if

2585

01:45:47,450 --> 01:45:44,820

it's legitimate government research

2586

01:45:49,910 --> 01:45:47,460

how difficult is it to approach a

2587

01:45:52,910 --> 01:45:49,920

Rancher and say hey can I buy X number

2588

01:45:54,590 --> 01:45:52,920

of your cattle Bingo no what they do is

2589

01:45:55,669 --> 01:45:54,600

they basically engage in this act of

2590

01:45:57,410 --> 01:45:55,679

terrorism

2591

01:46:00,410 --> 01:45:57,420

and they take these kind of languages to

2592

01:46:03,350 --> 01:46:00,420

kill them I remember back in 2006 I

2593

01:46:05,450 --> 01:46:03,360

talked to Gabe Valdez he's long gone now

2594

01:46:08,390 --> 01:46:05,460

Gabe Valdez was a New Mexico state

2595

01:46:10,510 --> 01:46:08,400

trooper he was he was the guy in New

2596

01:46:13,189 --> 01:46:10,520

Mexico for years on cattle mutilations

2597

01:46:15,410 --> 01:46:13,199

he was like any time this happened you

2598

01:46:17,930 --> 01:46:15,420

go to Gabe and

2599

01:46:19,910 --> 01:46:17,940

uh also with UFOs he was very very

2600

01:46:23,030 --> 01:46:19,920

involved in that but he definitely was

2601
01:46:25,669 --> 01:46:23,040
on top of cattle mutilations and um I

2602
01:46:27,169 --> 01:46:25,679
met I met him for some TV thing in 2006

2603
01:46:28,310 --> 01:46:27,179
and I remember talking with him

2604
01:46:31,790 --> 01:46:28,320
privately

2605
01:46:34,490 --> 01:46:31,800
and I and we were at we were actually at

2606
01:46:36,649 --> 01:46:34,500
the ranch of a family named the Gomez

2607
01:46:38,689 --> 01:46:36,659
family and they they were famous back in

2608
01:46:42,050 --> 01:46:38,699
the 70s they lost something like 50 head

2609
01:46:44,390 --> 01:46:42,060
of cattle to to mutilations really bad

2610
01:46:46,310 --> 01:46:44,400
they were wonderful I loved meeting them

2611
01:46:48,649 --> 01:46:46,320
but anyway Gabe Valdez was there and I

2612
01:46:50,149 --> 01:46:48,659
talked with him off camera and I said

2613
01:46:53,629 --> 01:46:50,159

what do you what do you really think

2614

01:46:55,550 --> 01:46:53,639

this is you know and he he said I used

2615

01:46:57,530 --> 01:46:55,560

to think it was extraterrestrial

2616

01:47:01,450 --> 01:46:57,540

and I don't think that I said well what

2617

01:47:05,290 --> 01:47:01,460

is it and all he wouldn't tell me but he

2618

01:47:07,669 --> 01:47:05,300

he felt this was dark

2619

01:47:09,890 --> 01:47:07,679

evil stuff and he said I'm just not

2620

01:47:12,229 --> 01:47:09,900

going into it I know what it is he was

2621

01:47:14,149 --> 01:47:12,239

adamant he knew so he was essentially

2622

01:47:15,410 --> 01:47:14,159

implying it was

2623

01:47:17,330 --> 01:47:15,420

I don't know he didn't say government

2624

01:47:20,330 --> 01:47:17,340

but it was human

2625

01:47:21,250 --> 01:47:20,340

right like Eyes Wide Shut Stanley Cooper

2626

01:47:25,550 --> 01:47:21,260

maybe maybe

2627

01:47:29,149 --> 01:47:25,560

cultivo like yeah evil like he I'll tell

2628

01:47:32,209 --> 01:47:29,159

you he felt absolutely adamant about it

2629

01:47:33,169 --> 01:47:32,219

who might argue with him I wasn't in a

2630

01:47:35,990 --> 01:47:33,179

position so no I think it's

2631

01:47:38,629 --> 01:47:36,000

extraterrestrial no he was

2632

01:47:40,609 --> 01:47:38,639

absolutely adamant and they were

2633

01:47:42,590 --> 01:47:40,619

scary evil

2634

01:47:44,870 --> 01:47:42,600

which was really what he felt so like in

2635

01:47:46,550 --> 01:47:44,880

other words for him I think he was at a

2636

01:47:48,410 --> 01:47:46,560

point where he felt there's no way I'm

2637

01:47:50,689 --> 01:47:48,420

gonna go fight these people I'm running

2638

01:47:55,729 --> 01:47:50,699

the hell away that was his attitude yeah

2639

01:47:58,609 --> 01:47:55,739

and it here's here's the thing Richard

2640

01:48:00,530 --> 01:47:58,619

these are like Jane said these things

2641

01:48:04,030 --> 01:48:00,540

are ginormous it'll be thousands of

2642

01:48:10,129 --> 01:48:04,040

pounds right I mean they're huge

2643

01:48:13,609 --> 01:48:10,139

and to not have uh any signs of struggle

2644

01:48:17,030 --> 01:48:13,619

um no blood no tire tracks no Footprints

2645

01:48:19,850 --> 01:48:17,040

no other animals coming in and attacking

2646

01:48:22,790 --> 01:48:19,860

you know what I mean none of that

2647

01:48:26,330 --> 01:48:22,800

um to just have them apparently fall out

2648

01:48:28,010 --> 01:48:26,340

of the sky into this spot that's where

2649

01:48:29,990 --> 01:48:28,020

you've got to just step back and scratch

2650

01:48:32,030 --> 01:48:30,000

your head because if you've got to look

2651

01:48:33,890 --> 01:48:32,040

for ligature marks on any of these

2652

01:48:36,290 --> 01:48:33,900

creatures sometimes that has been

2653

01:48:38,510 --> 01:48:36,300

alleged look at you like as a rope you

2654

01:48:39,410 --> 01:48:38,520

know like left uh tied up and then let

2655

01:48:42,169 --> 01:48:39,420

down

2656

01:48:44,030 --> 01:48:42,179

I remember years ago I chatted with uh I

2657

01:48:45,830 --> 01:48:44,040

think Greg Bishop because he he did some

2658

01:48:48,530 --> 01:48:45,840

stuff on this great Greg's a great guy

2659

01:48:50,930 --> 01:48:48,540

and uh he

2660

01:48:52,729 --> 01:48:50,940

I don't know if I agreed with him on on

2661

01:48:55,850 --> 01:48:52,739

some of his research here but I respect

2662

01:48:57,590 --> 01:48:55,860

where he's coming from but he stated

2663

01:48:59,030 --> 01:48:57,600

that you know he knew that in a number

2664

01:49:01,129 --> 01:48:59,040

of these mutilation cases they were

2665

01:49:03,590 --> 01:49:01,139

definite ligature marks on the on the

2666

01:49:05,810 --> 01:49:03,600

cattle so as if they were being left uh

2667

01:49:08,810 --> 01:49:05,820

laid um

2668

01:49:10,129 --> 01:49:08,820

rested on by from a helicopter you know

2669

01:49:12,109 --> 01:49:10,139

hanging on a rope from a helicopter and

2670

01:49:13,609 --> 01:49:12,119

then just let down or lift it up or

2671

01:49:15,709 --> 01:49:13,619

something like that that was the

2672

01:49:18,470 --> 01:49:15,719

implication and if that's true like

2673

01:49:20,629 --> 01:49:18,480

you'd want to look at that on these

2674

01:49:22,310 --> 01:49:20,639

cattle I would think now and so the

2675

01:49:23,930 --> 01:49:22,320

ligature marks wouldn't necessarily be

2676

01:49:26,689 --> 01:49:23,940

around the neck it could be around the

2677

01:49:28,609 --> 01:49:26,699

waist underneath the you know right yeah

2678

01:49:29,570 --> 01:49:28,619

I mean I I wouldn't know what's the best

2679

01:49:32,510 --> 01:49:29,580

way to

2680

01:49:34,189 --> 01:49:32,520

look a cow to lift a cow up by rope I

2681

01:49:36,290 --> 01:49:34,199

don't know how I would want to do that I

2682

01:49:38,330 --> 01:49:36,300

probably it would probably fall and drop

2683

01:49:39,649 --> 01:49:38,340

by if I were in charge of that but

2684

01:49:41,149 --> 01:49:39,659

anyway

2685

01:49:42,830 --> 01:49:41,159

people who understand these things would

2686

01:49:45,530 --> 01:49:42,840

have to know where to look

2687

01:49:48,290 --> 01:49:45,540

you know that and what would you make of

2688

01:49:50,209 --> 01:49:48,300

and then we'll say good night where

2689

01:49:55,550 --> 01:49:50,219

we've you know we've gone through these

2690

01:49:57,709 --> 01:49:55,560

waves of of of sightings uh lately uh uh

2691

01:49:59,629 --> 01:49:57,719

video and imaging and and Witnesses

2692

01:50:01,250 --> 01:49:59,639

coming forward and everything else that

2693

01:50:04,609 --> 01:50:01,260

the media has been covering

2694

01:50:07,850 --> 01:50:04,619

and everything comes in waves right are

2695

01:50:11,270 --> 01:50:07,860

we about to go through the summer of

2696

01:50:14,689 --> 01:50:11,280

cattle mutilations right I hope not

2697

01:50:16,669 --> 01:50:14,699

because it's just an awful thing it is

2698

01:50:18,229 --> 01:50:16,679

um so I don't know I I really don't know

2699

01:50:21,169 --> 01:50:18,239

I do feel

2700

01:50:23,330 --> 01:50:21,179

that you know I was in um

2701

01:50:25,010 --> 01:50:23,340

one of the most exciting things in my

2702

01:50:27,950 --> 01:50:25,020

young life was when I was in Berlin when

2703

01:50:29,689 --> 01:50:27,960

the Wall came down in 1989. so I spent

2704

01:50:31,370 --> 01:50:29,699

uh three three and a half months I

2705

01:50:33,410 --> 01:50:31,380

actually arrived

2706

01:50:35,750 --> 01:50:33,420

four days after the wall was breached I

2707

01:50:37,490 --> 01:50:35,760

got there on November 13th damn it I

2708

01:50:39,770 --> 01:50:37,500

knew it was going to happen too but so I

2709

01:50:41,629 --> 01:50:39,780

was there all during that time and that

2710

01:50:43,850 --> 01:50:41,639

was the period when

2711

01:50:46,430 --> 01:50:43,860

all the Eastern Bloc countries were

2712

01:50:48,410 --> 01:50:46,440

crumbling and collapsing and the last

2713

01:50:50,990 --> 01:50:48,420

holdout was Romania

2714

01:50:53,810 --> 01:50:51,000

and and they got Nicolette chachesco and

2715

01:50:56,629 --> 01:50:53,820

his evil wife Elena uh in December of

2716

01:50:59,570 --> 01:50:56,639

1989. I remember this very well and um

2717

01:51:01,310 --> 01:50:59,580

there was a political cartoon

2718

01:51:02,629 --> 01:51:01,320

just before all of that happened in

2719

01:51:04,609 --> 01:51:02,639

Romania

2720

01:51:07,129 --> 01:51:04,619

and all the Eastern European countries

2721

01:51:10,250 --> 01:51:07,139

you know they're celebrating freedom and

2722

01:51:12,970 --> 01:51:10,260

all of that the political cartoon was

2723

01:51:15,290 --> 01:51:12,980

this guy sitting in a chair

2724

01:51:17,570 --> 01:51:15,300

blindfolded and bound to the chair and

2725

01:51:20,149 --> 01:51:17,580

that was that was Romania

2726

01:51:22,850 --> 01:51:20,159

and all around was all of this

2727

01:51:26,030 --> 01:51:22,860

celebration going on but this one guy

2728

01:51:27,950 --> 01:51:26,040

was bound blindfolded and his ears

2729

01:51:30,649 --> 01:51:27,960

stuffed up and a chair and was unable to

2730

01:51:34,430 --> 01:51:30,659

to know what was happening that is us

2731

01:51:38,870 --> 01:51:34,440

we are that guy in the chair

2732

01:51:43,090 --> 01:51:38,880

we have a phenomenon that is going on

2733

01:51:45,310 --> 01:51:43,100

all the time it is important it involves

2734

01:51:48,410 --> 01:51:45,320

highly advanced

2735

01:51:50,870 --> 01:51:48,420

Ultra advanced technology and science

2736

01:51:54,229 --> 01:51:50,880

and beings

2737

01:51:57,950 --> 01:51:54,239

they are doing something it is important

2738

01:52:00,770 --> 01:51:57,960

it involves them expending many

2739

01:52:02,750 --> 01:52:00,780

resources for something that is a

2740

01:52:04,850 --> 01:52:02,760

long-term project

2741

01:52:07,669 --> 01:52:04,860

by which they are engaged in doing

2742

01:52:12,350 --> 01:52:07,679

something at a time when this world is

2743

01:52:15,950 --> 01:52:12,360

going through a Civilization Revolution

2744

01:52:18,109 --> 01:52:15,960

and you know we've got to be asking

2745

01:52:20,030 --> 01:52:18,119

these are two really important things is

2746

01:52:22,430 --> 01:52:20,040

there a relationship

2747

01:52:24,890 --> 01:52:22,440

and yet here we have

2748

01:52:26,870 --> 01:52:24,900

this media which is worse than

2749

01:52:28,910 --> 01:52:26,880

sycophantic look people are better off

2750

01:52:30,290 --> 01:52:28,920

following the NFL and trying to follow

2751
01:52:31,970 --> 01:52:30,300
the news if you're just going to get

2752
01:52:33,590 --> 01:52:31,980
Western news and be propaganda let's

2753
01:52:35,390 --> 01:52:33,600
just go follow the football scores

2754
01:52:37,189 --> 01:52:35,400
you'll be better off at least you won't

2755
01:52:39,229 --> 01:52:37,199
be lying to yourself about being

2756
01:52:42,590 --> 01:52:39,239
informed so where

2757
01:52:45,050 --> 01:52:42,600
absolutely blind to what is happening in

2758
01:52:47,209 --> 01:52:45,060
this world the important things and we

2759
01:52:48,830 --> 01:52:47,219
got this Arrow hearing which was

2760
01:52:52,010 --> 01:52:48,840
basically

2761
01:52:53,570 --> 01:52:52,020
a complete waste of time on that basis

2762
01:52:55,609 --> 01:52:53,580
in terms of informing the public about

2763
01:52:58,490 --> 01:52:55,619

anything that matters

2764

01:53:01,970 --> 01:52:58,500

and you know I mean how much longer are

2765

01:53:03,530 --> 01:53:01,980

we going to have before our world goes

2766

01:53:05,570 --> 01:53:03,540

through such a fundamental change that

2767

01:53:07,550 --> 01:53:05,580

maybe none of this is going to matter

2768

01:53:09,410 --> 01:53:07,560

like I really wonder this

2769

01:53:11,090 --> 01:53:09,420

we just think oh yeah it's tomorrow's

2770

01:53:12,470 --> 01:53:11,100

going to be like today because today was

2771

01:53:14,629 --> 01:53:12,480

a little bit like yesterday well you

2772

01:53:16,310 --> 01:53:14,639

know what at some point things are going

2773

01:53:18,649 --> 01:53:16,320

to change enough that we're going to be

2774

01:53:21,590 --> 01:53:18,659

in something very different

2775

01:53:23,450 --> 01:53:21,600

and and maybe not very good

2776

01:53:26,030 --> 01:53:23,460

so

2777

01:53:28,010 --> 01:53:26,040

I don't know how much time we're going

2778

01:53:29,450 --> 01:53:28,020

to have before things really change you

2779

01:53:30,649 --> 01:53:29,460

know David Jacobs no one ever wants to

2780

01:53:32,390 --> 01:53:30,659

talk about Jacobs anymore it's like

2781

01:53:34,970 --> 01:53:32,400

let's pretend he never happened that's

2782

01:53:37,430 --> 01:53:34,980

ufology today let's pretend David Jacobs

2783

01:53:38,270 --> 01:53:37,440

never happened and Bud Hopkins and those

2784

01:53:40,910 --> 01:53:38,280

guys

2785

01:53:42,649 --> 01:53:40,920

well Jacob's in his research his last

2786

01:53:45,229 --> 01:53:42,659

two books he was talking about something

2787

01:53:48,050 --> 01:53:45,239

that his the abductees that he regressed

2788

01:53:50,270 --> 01:53:48,060

told him about the great change

2789

01:53:51,649 --> 01:53:50,280

and David try to interpret what that is

2790

01:53:54,470 --> 01:53:51,659

and I don't think he had it exactly

2791

01:53:56,750 --> 01:53:54,480

right but his research I think is

2792

01:53:59,030 --> 01:53:56,760

valuable David believed that the great

2793

01:54:01,490 --> 01:53:59,040

change was when the aliens would

2794

01:54:03,410 --> 01:54:01,500

formally take over planetary takeover

2795

01:54:04,790 --> 01:54:03,420

that was going to be the great change

2796

01:54:09,229 --> 01:54:04,800

I think

2797

01:54:11,590 --> 01:54:09,239

changes we're living in it right now

2798

01:54:14,450 --> 01:54:11,600

this is the great change like those

2799

01:54:16,729 --> 01:54:14,460

abductees that he's interviewing 25 30

2800

01:54:19,310 --> 01:54:16,739

plus years ago who are talking about a

2801

01:54:21,350 --> 01:54:19,320

great change this is it man

2802

01:54:23,209 --> 01:54:21,360

this is it and

2803

01:54:25,370 --> 01:54:23,219

we really have to wonder did these

2804

01:54:26,870 --> 01:54:25,380

aliens who are the the handlers who were

2805

01:54:29,330 --> 01:54:26,880

talking to these people about the great

2806

01:54:31,729 --> 01:54:29,340

change maybe they knew something did

2807

01:54:35,209 --> 01:54:31,739

they know did they know what we're going

2808

01:54:37,490 --> 01:54:35,219

through right now maybe they did

2809

01:54:40,370 --> 01:54:37,500

and if that's the case then you got to

2810

01:54:41,990 --> 01:54:40,380

ask this is I know this is like Invasion

2811

01:54:44,930 --> 01:54:42,000

of the Body snatcher stuff but just bear

2812

01:54:47,330 --> 01:54:44,940

with me because it has to be asked have

2813

01:54:49,490 --> 01:54:47,340

do they have something to do with it

2814

01:54:51,649 --> 01:54:49,500

are they are they pulling strings I

2815

01:54:54,050 --> 01:54:51,659

don't really know but how many times

2816

01:54:56,390 --> 01:54:54,060

have we gotten stories about human

2817

01:54:57,649 --> 01:54:56,400

looking beings who have infiltrated this

2818

01:55:00,050 --> 01:54:57,659

world

2819

01:55:03,370 --> 01:55:00,060

hell man almost every single UFO

2820

01:55:06,169 --> 01:55:03,380

researcher has got these stories

2821

01:55:07,790 --> 01:55:06,179

it's in the Bible Richard well there's

2822

01:55:09,830 --> 01:55:07,800

that but I'm talking about contemporary

2823

01:55:13,490 --> 01:55:09,840

UFO researchers I'm saying you're right

2824

01:55:16,490 --> 01:55:13,500

though uh this isn't anything new well

2825

01:55:18,470 --> 01:55:16,500

no I think it actually is new I don't

2826

01:55:21,290 --> 01:55:18,480

believe I I'm actually I've become very

2827

01:55:23,090 --> 01:55:21,300

skeptical over a lot of the so-called

2828

01:55:24,770 --> 01:55:23,100

Ancient Aliens Theory we should talk

2829

01:55:27,649 --> 01:55:24,780

about this sometime I think it's been

2830

01:55:28,790 --> 01:55:27,659

way overstated way way overstated I'm

2831

01:55:31,129 --> 01:55:28,800

not saying there's no such thing as

2832

01:55:33,830 --> 01:55:31,139

Ancient Aliens but I think most of what

2833

01:55:36,770 --> 01:55:33,840

we find as evidence for that is nonsense

2834

01:55:39,109 --> 01:55:36,780

and but one thing I've been trying to do

2835

01:55:41,689 --> 01:55:39,119

I know I'm out of time here in my

2836

01:55:44,450 --> 01:55:41,699

current research I am trying to figure

2837

01:55:46,370 --> 01:55:44,460

out when I believe this phenomenon hit

2838

01:55:48,410 --> 01:55:46,380

us in a big way and I'm starting to

2839

01:55:50,510 --> 01:55:48,420

think it was in the 19th century some in

2840

01:55:52,310 --> 01:55:50,520

the 18th century and there was there's

2841

01:55:54,350 --> 01:55:52,320

always been a presence

2842

01:55:57,109 --> 01:55:54,360

but there's been a qualitative

2843

01:55:59,870 --> 01:55:57,119

difference between the long-standing

2844

01:56:02,030 --> 01:55:59,880

kind of low-level observation in my

2845

01:56:03,770 --> 01:56:02,040

opinion this is just me and what we are

2846

01:56:06,649 --> 01:56:03,780

now dealing with which is like

2847

01:56:09,350 --> 01:56:06,659

full-scale freaking invasion

2848

01:56:11,990 --> 01:56:09,360

because we're starting to see you know

2849

01:56:14,270 --> 01:56:12,000

I'm looking for for reports of actual

2850

01:56:15,410 --> 01:56:14,280

things that are craft not just lights

2851
01:56:17,629 --> 01:56:15,420
not just

2852
01:56:19,669 --> 01:56:17,639
but like actual craft and I think I

2853
01:56:21,169 --> 01:56:19,679
think we're talking maybe late 18th

2854
01:56:24,350 --> 01:56:21,179
century but definitely by the 19th

2855
01:56:26,990 --> 01:56:24,360
century uh and we're just seeing it's a

2856
01:56:29,510 --> 01:56:27,000
lot now so I think there's something new

2857
01:56:32,330 --> 01:56:29,520
that's happening and it's very big and

2858
01:56:34,250 --> 01:56:32,340
like we're not no it's even UFO

2859
01:56:36,890 --> 01:56:34,260
Community folks are really not

2860
01:56:38,450 --> 01:56:36,900
discussing this and I think we really

2861
01:56:40,010 --> 01:56:38,460
need to start

2862
01:56:41,810 --> 01:56:40,020
looking at the seven this is one reason

2863
01:56:44,090 --> 01:56:41,820

I'm working on my current research I'm

2864

01:56:46,310 --> 01:56:44,100

doing a book on Usos and it's going very

2865

01:56:47,689 --> 01:56:46,320

well it's very big and fat already and

2866

01:56:49,370 --> 01:56:47,699

it's going to be bigger and fatter when

2867

01:56:51,950 --> 01:56:49,380

I'm done and I think it will be done

2868

01:56:53,629 --> 01:56:51,960

this year and I I just hope that it will

2869

01:56:55,790 --> 01:56:53,639

be a contribution to this conversation

2870

01:56:57,229 --> 01:56:55,800

because we need to get some data out in

2871

01:57:01,490 --> 01:56:57,239

front of the world

2872

01:57:05,330 --> 01:57:01,500

well do you think that's because uh we

2873

01:57:07,790 --> 01:57:05,340

now have a better capacity of

2874

01:57:10,790 --> 01:57:07,800

understanding right that that you know

2875

01:57:13,490 --> 01:57:10,800

we we we're not smart enough to

2876
01:57:15,589 --> 01:57:13,500
understand everything but where we were

2877
01:57:18,290 --> 01:57:15,599
a hundred years ago or a thousand years

2878
01:57:20,149 --> 01:57:18,300
ago we have a much better yes it's much

2879
01:57:22,010 --> 01:57:20,159
better to understand and and much better

2880
01:57:24,050 --> 01:57:22,020
at detection also you know we've got

2881
01:57:25,790 --> 01:57:24,060
electronic means we've got we're up in

2882
01:57:28,010 --> 01:57:25,800
the air ourselves so yeah we're much

2883
01:57:29,629 --> 01:57:28,020
better able we're way vastly more

2884
01:57:33,050 --> 01:57:29,639
sophisticated with this now than we were

2885
01:57:35,390 --> 01:57:33,060
in the past no question about it no

2886
01:57:37,490 --> 01:57:35,400
what's the book coming out how far along

2887
01:57:39,109 --> 01:57:37,500
are you well I've got almost 300 Pages

2888
01:57:40,790 --> 01:57:39,119

done right now it's kind of a big it's a

2889

01:57:43,310 --> 01:57:40,800

good book but I've got a long long way

2890

01:57:44,570 --> 01:57:43,320

to go it's I have a lot more to go this

2891

01:57:47,089 --> 01:57:44,580

is this is becoming a bigger project

2892

01:57:49,570 --> 01:57:47,099

than I thought but I I do it every day I

2893

01:57:51,550 --> 01:57:49,580

actually love this project

2894

01:57:53,570 --> 01:57:51,560

engage

2895

01:57:55,930 --> 01:57:53,580

what do you think you're doing writing

2896

01:57:59,030 --> 01:57:55,940

War and Peace

2897

01:58:01,609 --> 01:57:59,040

I know I know well I just I'm finding

2898

01:58:03,229 --> 01:58:01,619

there's a lot of data once I got into it

2899

01:58:05,209 --> 01:58:03,239

I'm finding much more data than I

2900

01:58:07,370 --> 01:58:05,219

realized and I just I have to go through

2901

01:58:09,950 --> 01:58:07,380

it and and every time I come up with it

2902

01:58:12,890 --> 01:58:09,960

I have it has to be my own analysis my

2903

01:58:14,390 --> 01:58:12,900

own I gotta do my own thing on it so it

2904

01:58:17,450 --> 01:58:14,400

takes a little bit of time but I have

2905

01:58:19,310 --> 01:58:17,460

close to 300 Pages done right now it's

2906

01:58:20,750 --> 01:58:19,320

going to be Illustrated it's going to be

2907

01:58:23,510 --> 01:58:20,760

a cool book I I think it's going to be

2908

01:58:26,209 --> 01:58:23,520

an interesting and

2909

01:58:27,169 --> 01:58:26,219

for me I want it to be a really useful

2910

01:58:31,310 --> 01:58:27,179

book

2911

01:58:33,770 --> 01:58:31,320

and and because we're not we are losing

2912

01:58:36,109 --> 01:58:33,780

the thread here as a community we are

2913

01:58:38,330 --> 01:58:36,119

losing this area we get worked up with

2914

01:58:39,890 --> 01:58:38,340

you know personalities and arguments and

2915

01:58:42,830 --> 01:58:39,900

these little things but like the big

2916

01:58:44,750 --> 01:58:42,840

picture just seems to elude most of us

2917

01:58:46,850 --> 01:58:44,760

most of the time and I I don't want that

2918

01:58:49,250 --> 01:58:46,860

to happen so I want to bring us back

2919

01:58:51,229 --> 01:58:49,260

stick to the main line get on the main

2920

01:58:52,729 --> 01:58:51,239

evidence and

2921

01:58:54,950 --> 01:58:52,739

and I think we're much better off of

2922

01:58:58,729 --> 01:58:54,960

that man I'm really looking forward to

2923

01:59:00,470 --> 01:58:58,739

this uh seriously thank you so much give

2924

01:59:02,109 --> 01:59:00,480

my best to Tracy you know I will she

2925

01:59:04,850 --> 01:59:02,119

gives her best to you

2926

01:59:08,570 --> 01:59:04,860

and you and I are trading emails right

2927

01:59:10,910 --> 01:59:08,580

now yes sir and and we're on we're on

2928

01:59:12,830 --> 01:59:10,920

track Richard we're on track Jimmy I I

2929

01:59:14,930 --> 01:59:12,840

enjoyed our conversation it's always a

2930

01:59:16,310 --> 01:59:14,940

pleasure I mean it I enjoy it you're the

2931

01:59:18,229 --> 01:59:16,320

best you didn't ask me about music by

2932

01:59:19,790 --> 01:59:18,239

the way I was a little disappointed wait

2933

01:59:21,290 --> 01:59:19,800

a minute what was like you just like

2934

01:59:23,870 --> 01:59:21,300

you're changing our relationship here

2935

01:59:26,330 --> 01:59:23,880

yeah I actually came prepared for this

2936

01:59:28,729 --> 01:59:26,340

one that that's your fault you came late

2937

01:59:30,530 --> 01:59:28,739

to the party today okay Richard

2938

01:59:33,410 --> 01:59:30,540

what was the last

2939

01:59:35,870 --> 01:59:33,420

today

2940

01:59:37,430 --> 01:59:35,880

I will tell you it was I'll tell you the

2941

01:59:39,290 --> 01:59:37,440

the group and you're gonna have to tell

2942

01:59:40,729 --> 01:59:39,300

me the album because I listened to the

2943

01:59:43,609 --> 01:59:40,739

whole album I took a little bit of a

2944

01:59:46,850 --> 01:59:43,619

midday nap because I'm old I'm tired and

2945

01:59:49,149 --> 01:59:46,860

I played an album by Pink Floyd it is

2946

01:59:53,410 --> 01:59:49,159

your job to guess which was the album

2947

01:59:53,420 --> 02:00:01,030

you're an animal's guy

2948

02:00:06,169 --> 02:00:03,290

metal in there too but I you know the

2949

02:00:08,290 --> 02:00:06,179

top four but no I love animals it's just

2950

02:00:12,649 --> 02:00:08,300

an amazing

2951
02:00:16,490 --> 02:00:12,659
every time when when the fender Rhodes

2952
02:00:19,669 --> 02:00:16,500
piano comes in for the song sheep I man

2953
02:00:21,530 --> 02:00:19,679
I am just I go I go right there man I am

2954
02:00:23,570 --> 02:00:21,540
you should listen to that it's

2955
02:00:25,250 --> 02:00:23,580
you know I mean the you're a guitar guy

2956
02:00:27,410 --> 02:00:25,260
and David Gilmore is incredible in that

2957
02:00:29,390 --> 02:00:27,420
whole life of course but when you listen

2958
02:00:31,250 --> 02:00:29,400
to what Roger Waters is singing it's

2959
02:00:33,709 --> 02:00:31,260
easy to miss it so you got to like get

2960
02:00:36,649 --> 02:00:33,719
the lyrics there and uh the writing is

2961
02:00:38,450 --> 02:00:36,659
superb and everything about this

2962
02:00:40,430 --> 02:00:38,460
I don't know if it's their best but it

2963
02:00:42,410 --> 02:00:40,440

might be my favorite no you're right

2964

02:00:44,990 --> 02:00:42,420

about that and you know there were there

2965

02:00:47,209 --> 02:00:45,000

were things animals to me was one of

2966

02:00:50,209 --> 02:00:47,219

their more intelligent all of their

2967

02:00:53,169 --> 02:00:50,219

albums are intelligent but animals came

2968

02:00:55,790 --> 02:00:53,179

from another perspective and it's a very

2969

02:00:59,510 --> 02:00:55,800

intellectual album no he's doing George

2970

02:01:03,010 --> 02:00:59,520

Orwell's animal farm and and he wrote it

2971

02:01:05,390 --> 02:01:03,020

out really well

2972

02:01:08,629 --> 02:01:05,400

it's one of my favorite albums of all

2973

02:01:10,790 --> 02:01:08,639

time I'm very gratified and pleased that

2974

02:01:12,770 --> 02:01:10,800

you guessed correctly I'm I'm totally

2975

02:01:15,649 --> 02:01:12,780

impressed you know what I listened to

2976

02:01:18,290 --> 02:01:15,659

today and everybody's gonna laugh uh I'm

2977

02:01:20,570 --> 02:01:18,300

really late to the party on this one

2978

02:01:22,790 --> 02:01:20,580

Ellie Goulding

2979

02:01:25,129 --> 02:01:22,800

now I want you to go I'm even later than

2980

02:01:27,169 --> 02:01:25,139

you I I haven't yeah yeah so just go

2981

02:01:29,510 --> 02:01:27,179

ahead just go who who is she Jimmy

2982

02:01:31,010 --> 02:01:29,520

because I know that's coming so I know

2983

02:01:32,510 --> 02:01:31,020

it's a woman because you just told me so

2984

02:01:35,689 --> 02:01:32,520

that's right that's good I'm learning

2985

02:01:37,430 --> 02:01:35,699

she's she's from the UK uh she's British

2986

02:01:39,649 --> 02:01:37,440

singer

2987

02:01:42,189 --> 02:01:39,659

um one of the biggest selling artists of

2988

02:01:45,169 --> 02:01:42,199

of this decade who I had never heard of

2989

02:01:48,770 --> 02:01:45,179

and I think her first album came out in

2990

02:01:51,729 --> 02:01:48,780

like 2011. I huge sales and numbers and

2991

02:01:53,890 --> 02:01:51,739

everything I I I've never heard of her

2992

02:01:56,410 --> 02:01:53,900

I found her

2993

02:02:00,669 --> 02:01:56,420

on

2994

02:02:05,030 --> 02:02:00,679

whatever you know uh what do you call it

2995

02:02:08,270 --> 02:02:05,040

on a computer the internet it was a t it

2996

02:02:10,189 --> 02:02:08,280

was a TV and but anyways bro it's her

2997

02:02:11,149 --> 02:02:10,199

concert's playing in the background as

2998

02:02:17,030 --> 02:02:11,159

I'm

2999

02:02:19,310 --> 02:02:17,040

sounds like that's a pretty good singer

3000

02:02:22,370 --> 02:02:19,320

so I click and she's slowly check it out

3001
02:02:24,229 --> 02:02:22,380
she's singing in this Arboretum uh with

3002
02:02:26,390 --> 02:02:24,239
her feeling like jazz you're doing like

3003
02:02:27,589 --> 02:02:26,400
rock or something new thing or what is

3004
02:02:29,410 --> 02:02:27,599
it what are we talking about here I'm

3005
02:02:32,629 --> 02:02:29,420
gonna call it

3006
02:02:34,089 --> 02:02:32,639
synth folk music

3007
02:02:37,270 --> 02:02:34,099
yeah yeah

3008
02:02:41,030 --> 02:02:37,280
there was music beyond the 70s

3009
02:02:44,209 --> 02:02:41,040
truly noted man and I'm telling you I

3010
02:02:47,570 --> 02:02:44,219
and so I'm getting sucked into this and

3011
02:02:49,550 --> 02:02:47,580
I'm like who is this person singing in

3012
02:02:51,589 --> 02:02:49,560
this Arboretum with this amazing band

3013
02:02:55,070 --> 02:02:51,599

and it's live and her voice and it's

3014

02:02:57,350 --> 02:02:55,080

real right it's not and so I do a

3015

02:02:58,370 --> 02:02:57,360

certain I'm like what rock have I been

3016

02:03:01,370 --> 02:02:58,380

under

3017

02:03:03,530 --> 02:03:01,380

what do you mean you know I remember the

3018

02:03:06,050 --> 02:03:03,540

first time years ago when I heard Amy

3019

02:03:07,790 --> 02:03:06,060

Winehouse yeah and it was the this is

3020

02:03:09,790 --> 02:03:07,800

like you know 20 plus whatever years ago

3021

02:03:12,530 --> 02:03:09,800

and it was the first time I felt old

3022

02:03:14,510 --> 02:03:12,540

listening I was like holy crap like

3023

02:03:15,290 --> 02:03:14,520

she's so good and she was amazing of

3024

02:03:17,750 --> 02:03:15,300

course

3025

02:03:20,089 --> 02:03:17,760

and I I realized at that moment like

3026

02:03:22,189 --> 02:03:20,099

this what at the time this was the new

3027

02:03:24,649 --> 02:03:22,199

generation like they were Way Beyond me

3028

02:03:26,990 --> 02:03:24,659

like she just had a musical sensibility

3029

02:03:28,729 --> 02:03:27,000

that just blew my mind but I'll check

3030

02:03:31,850 --> 02:03:28,739

out Ellie Goulding I'm sure she's great

3031

02:03:34,609 --> 02:03:31,860

she's yeah just check out the Arboretum

3032

02:03:36,589 --> 02:03:34,619

right the live concert I I can't speak

3033

02:03:39,890 --> 02:03:36,599

for her old stuff I I don't know what

3034

02:03:42,950 --> 02:03:39,900

she was like 10 years ago but this

3035

02:03:46,370 --> 02:03:42,960

concert this thing in the Arboretum

3036

02:03:47,990 --> 02:03:46,380

watch that man she's good man she's

3037

02:03:49,970 --> 02:03:48,000

right I mean as long as she's not like

3038

02:03:52,310 --> 02:03:49,980

trying to scream her lungs out like a

3039

02:03:55,270 --> 02:03:52,320

lot of singers these days like it's like

3040

02:03:57,530 --> 02:03:55,280

it's like

3041

02:03:59,510 --> 02:03:57,540

oh yeah right you said the folk part

3042

02:04:03,109 --> 02:03:59,520

yeah yeah yeah it makes sense so like

3043

02:04:08,649 --> 02:04:03,119

it's hard James Taylor combined with uh

3044

02:04:11,510 --> 02:04:08,659

uh Electric Light Orchestra I don't know

3045

02:04:15,350 --> 02:04:11,520

you have to it's very original she's

3046

02:04:17,990 --> 02:04:15,360

very very cool her vocal control

3047

02:04:20,089 --> 02:04:18,000

um she's very smooth man very I believe

3048

02:04:23,930 --> 02:04:20,099

I'm already a fan see now I I think

3049

02:04:26,689 --> 02:04:23,940

she's awesome so she's amazing man I I I

3050
