[Music]

3  
00:00:41,650 --> 00:00:37,850  
good afternoon Fade to Black breaking

4  
00:00:45,410 --> 00:00:41,660  
news for this Wednesday April 26th a

5  
00:00:47,690 --> 00:00:45,420  
2023. this is all of the news that you

6  
00:00:51,850 --> 00:00:47,700  
need I'm Jimmy Church let's get straight

7  
00:00:55,610 --> 00:00:51,860  
to it on this day in history

8  
00:00:58,069 --> 00:00:55,620  
1986 a devastating environmental

9  
00:01:01,790 --> 00:00:58,079  
catastrophe occurred early this morning

10  
00:01:04,329 --> 00:01:01,800  
in 1986 when an explosion of fire at the

11  
00:01:07,070 --> 00:01:04,339  
Chernobyl nuclear power plant in Ukraine

12  
00:01:10,969 --> 00:01:07,080  
released large amounts of radioactive

13  
00:01:14,990 --> 00:01:10,979

material into the atmosphere and it's

14

00:01:17,929 --> 00:01:15,000

still not over on this day in 1986.

15

00:01:20,050 --> 00:01:17,939

here's your fader fact now check this

16

00:01:23,929 --> 00:01:20,060

out it's a two-parter

17

00:01:28,550 --> 00:01:23,939

surgeons who played video games at least

18

00:01:33,890 --> 00:01:28,560

three hours a week performed 27 faster

19

00:01:37,370 --> 00:01:33,900

and make 37 fewer errors and

20

00:01:38,990 --> 00:01:37,380

Sonic the Hedgehog has registered itself

21

00:01:41,450 --> 00:01:39,000

in the Guinness Book of World Records

22

00:01:42,830 --> 00:01:41,460

for being the fastest gaming character

23

00:01:45,109 --> 00:01:42,840

ever

24

00:01:48,590 --> 00:01:45,119

and I see the connection

25

00:01:49,910 --> 00:01:48,600

and that is your fader fact let's get to

26

00:01:52,069 --> 00:01:49,920

the breaking news

27

00:01:55,370 --> 00:01:52,079

lots of breaking news today the United

28

00:01:58,550 --> 00:01:55,380

States National Science and Technology

29

00:02:01,069 --> 00:01:58,560

Council has updated the country's plan

30

00:02:04,609 --> 00:02:01,079

for dealing with potentially dangerous

31

00:02:08,630 --> 00:02:04,619

asteroids earlier this month the council

32

00:02:11,390 --> 00:02:08,640

published a 38-page document saying that

33

00:02:14,270 --> 00:02:11,400

they've laid out six goals for federal

34

00:02:17,330 --> 00:02:14,280

agencies aimed at strengthening our

35

00:02:19,910 --> 00:02:17,340

ability to detect track and develop

36

00:02:22,670 --> 00:02:19,920

Technologies to deflect hazardous near

37

00:02:25,010 --> 00:02:22,680

Earth objects and increasing

38

00:02:26,510 --> 00:02:25,020

International preparedness for such

39

00:02:29,330 --> 00:02:26,520

events

40

00:02:32,150 --> 00:02:29,340

that's right so in response to the

41

00:02:35,150 --> 00:02:32,160

looming threat of impact and the ability

42

00:02:37,369 --> 00:02:35,160

to do something about it the outer space

43

00:02:39,650 --> 00:02:37,379

Affairs office of the United Nations

44

00:02:42,350 --> 00:02:39,660

created the international asteroid

45

00:02:45,170 --> 00:02:42,360

warning Network and the space mission

46

00:02:50,570 --> 00:02:45,180

planning Advisory Group all of this back

47

00:02:53,330 --> 00:02:50,580

in 2014. NASA followed suit in 2016 when

48

00:02:56,350 --> 00:02:53,340

it established the Neo dedicated

49

00:03:00,470 --> 00:02:56,360

planetary defense coordination office

50

00:03:01,790 --> 00:03:00,480

yeah the one from the movie don't look

51

00:03:04,850 --> 00:03:01,800

up

52

00:03:09,430 --> 00:03:04,860

the goal is to redirect the asteroid

53

00:03:13,610 --> 00:03:09,440

Apophis when it approaches Earth in

54

00:03:14,869 --> 00:03:13,620

2029 I will keep you posted on all of

55

00:03:17,509 --> 00:03:14,879

the updates

56

00:03:24,830 --> 00:03:17,519

NASA

57

00:03:28,750 --> 00:03:24,840

embark on the agency's first one-year

58

00:03:34,190 --> 00:03:28,760

analog mission in a habitat to simulate

59

00:03:36,589 --> 00:03:34,200

living on Mars it's called chapia The

60

00:03:39,949 --> 00:03:36,599

Crew health and performance exploration

61

00:03:42,949 --> 00:03:39,959

analog is a ground-based mission set to

62

00:03:45,949 --> 00:03:42,959

begin in June at the agency's Johnson

63

00:03:49,070 --> 00:03:45,959

Space Center in Houston Texas the

64

00:03:52,490 --> 00:03:49,080

mission is the first of three planned

65

00:03:55,850 --> 00:03:52,500

one year Mars surface simulations during

66

00:03:58,630 --> 00:03:55,860

which crew members will live and work in

67

00:04:02,869 --> 00:03:58,640

a 3D printed

68

00:04:05,809 --> 00:04:02,879

1700 square foot habitat and that's

69

00:04:08,270 --> 00:04:05,819

really small researchers will simulate

70

00:04:11,690 --> 00:04:08,280

the challenges of human missions on Mars

71

00:04:15,189 --> 00:04:11,700

including resource limitations equipment

72

00:04:18,050 --> 00:04:15,199

failure communication delays and other

73

00:04:23,270 --> 00:04:18,060

environmental disasters now

74

00:04:27,590 --> 00:04:23,280

four people one year 1700 square feet

75

00:04:32,990 --> 00:04:29,710

the first time

76  
00:04:34,189 --> 00:04:33,000  
astronomers have observed in the same

77  
00:04:36,469 --> 00:04:34,199  
image

78  
00:04:40,430 --> 00:04:36,479  
the black hole at the center of the

79  
00:04:43,490 --> 00:04:40,440  
Galaxy Messier 87 and the powerful jet

80  
00:04:46,070 --> 00:04:43,500  
expelled from it the observations were

81  
00:04:50,090 --> 00:04:46,080  
done in 2018 with telescopes from the

82  
00:04:53,749 --> 00:04:50,100  
global millimeter vlbi array the Atacama

83  
00:04:56,870 --> 00:04:53,759  
large millimeter sub millimeter array of

84  
00:05:00,249 --> 00:04:56,880  
which ESO is a partner and the Greenland

85  
00:05:03,850 --> 00:05:00,259  
telescope the new image published today

86  
00:05:07,550 --> 00:05:03,860  
shows precisely for the first time ever

87  
00:05:10,070 --> 00:05:07,560  
how the base of a jet connects with the

88  
00:05:13,129 --> 00:05:10,080

matter swirling around a supermassive

89

00:05:16,129 --> 00:05:13,139

black hole the researcher the research

90

00:05:19,129 --> 00:05:16,139

was presented in a paper quote a

91

00:05:21,770 --> 00:05:19,139

ring-like accretion structure in m87

92

00:05:25,610 --> 00:05:21,780

connecting its black hole and jet and

93

00:05:28,070 --> 00:05:25,620

quote that's the title yesterday in the

94

00:05:29,870 --> 00:05:28,080

journal Nature it's an incredible image

95

00:05:31,990 --> 00:05:29,880

you need to go and check it out

96

00:05:35,510 --> 00:05:32,000

all right

97

00:05:39,050 --> 00:05:35,520

archaeologists in Spain have Unearthed

98

00:05:41,090 --> 00:05:39,060

five life-size bust of human figures

99

00:05:45,830 --> 00:05:41,100

that could be the first known human

100

00:05:48,050 --> 00:05:45,840

depictions of the tartessos a people who

101

00:05:52,249 --> 00:05:48,060

formed an ancient civilization that

102

00:05:54,650 --> 00:05:52,259

disappeared more than 2500 years ago the

103

00:05:57,529 --> 00:05:54,660

carved Stone faces which archaeologists

104

00:06:01,430 --> 00:05:57,539

date to the 5th Century BC were found

105

00:06:05,270 --> 00:06:01,440

hidden inside a sealed pit in an adobe

106

00:06:08,090 --> 00:06:05,280

Temple at the Casas Del turinuelo an

107

00:06:10,670 --> 00:06:08,100

ancient tartesian site in southern Spain

108

00:06:14,150 --> 00:06:10,680

the pieces were scattered amongst animal

109

00:06:18,409 --> 00:06:14,160

bones mostly from horses that likely

110

00:06:21,529 --> 00:06:18,419

came from a mass sacrifice now here's

111

00:06:24,469 --> 00:06:21,539

the catch some historians including the

112

00:06:28,309 --> 00:06:24,479

Greek philosopher Aristotle linked the

113

00:06:29,749 --> 00:06:28,319

tartesso's people to the lost city of

114

00:06:32,029 --> 00:06:29,759

Atlantis

115

00:06:36,409 --> 00:06:32,039

there you go

116

00:06:43,430 --> 00:06:39,010

118

00:06:49,129 --> 00:06:46,560

Queen front man Freddie Mercury are

125

00:07:11,689 --> 00:07:07,460

the music video for his band's 1977 hit
