

FADE TO BLACK

with JIMMY CHURCH

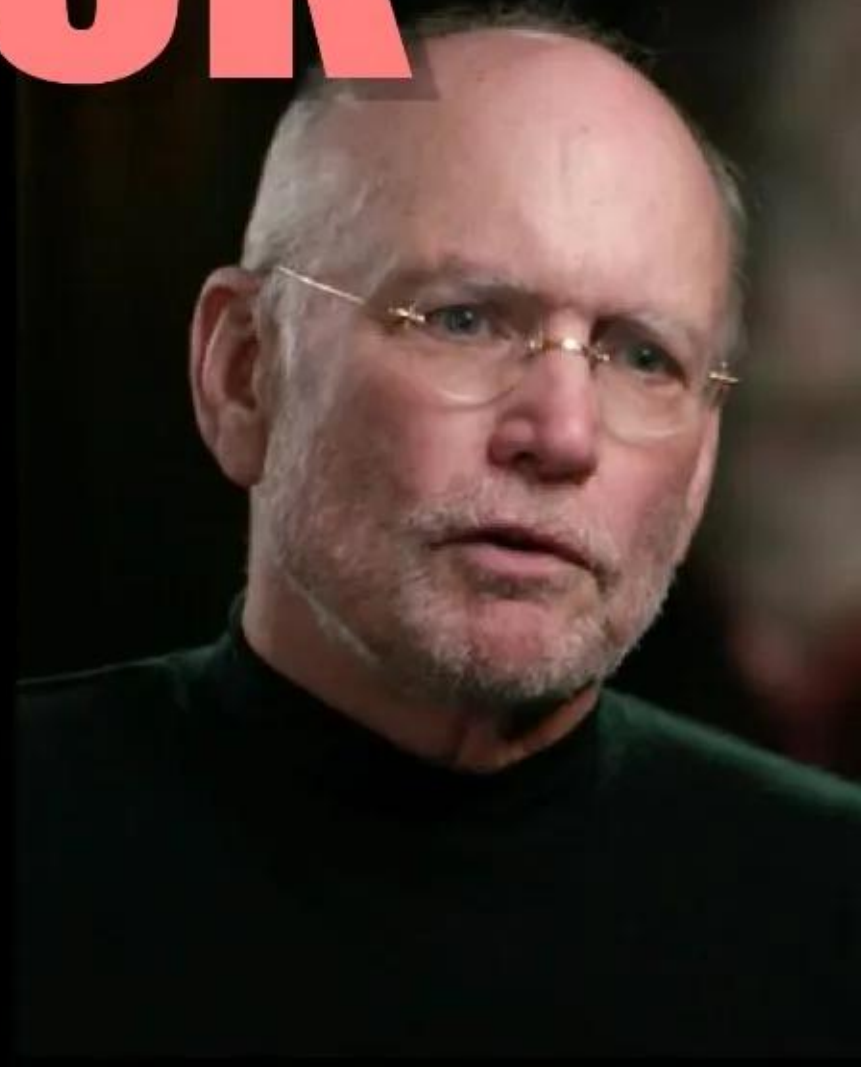

PRESENTS

STEVE BASSETT

D.C., PRG, DISCLOSURE AND YOU

THUR APRIL 27 LIVE

700-900PM PT

1
00:00:21,710 --> 00:00:17,000

[Music]

2
00:00:25,790 --> 00:00:21,720

thank you

3
00:00:29,509 --> 00:00:25,800

the smoke radioed for the masses of July

4
00:00:31,849 --> 00:00:29,519

8 1947 the Army Air Forces has announced

5
00:00:34,490 --> 00:00:31,859

that applying disc has been found and is

6
00:00:38,990 --> 00:00:34,500

now in the possession of the army

7
00:00:41,690 --> 00:00:39,000

rigs change the game game changer I

8
00:00:45,530 --> 00:00:41,700

occasionally think how quickly our

9
00:00:48,110 --> 00:00:45,540

differences worldwide would vanish if we

10
00:00:49,150 --> 00:00:48,120

were facing an alien threat from outside

11
00:00:50,960 --> 00:00:49,160

this work

12
00:00:53,470 --> 00:00:50,970

[Music]

13
00:00:56,450 --> 00:00:53,480

[Applause]

14

00:00:59,270 --> 00:00:56,460

this is Fade to Black with your host

15

00:00:59,910 --> 00:00:59,280

Jimmy Church on the game changer Radio

16

00:01:03,170 --> 00:00:59,920

Network

17

00:01:10,429 --> 00:01:06,109

all right good evening everybody Fade to

18

00:01:13,370 --> 00:01:10,439

Black today is Thursday April 27 2023

19

00:01:17,690 --> 00:01:13,380

I'm Yours Jimmy church and tonight Steve

20

00:01:19,609 --> 00:01:17,700

Bassett joins us of prg and we are going

21

00:01:21,770 --> 00:01:19,619

to break down what is really going on in

22

00:01:23,210 --> 00:01:21,780

Washington and the push for disclosure

23

00:01:27,050 --> 00:01:23,220

we're going to hit it from all angles

24

00:01:29,870 --> 00:01:27,060

tonight Steve founded prg back in 1996

25

00:01:33,590 --> 00:01:29,880

and I want to remind everybody

26

00:01:36,830 --> 00:01:33,600

that in 2013 prg organized the citizen

27

00:01:39,710 --> 00:01:36,840

hearing on disclosure and it is now the

28

00:01:41,810 --> 00:01:39,720

10-year anniversary for that you can

29

00:01:44,569 --> 00:01:41,820

reach out to Steve and catch up on

30

00:01:46,969 --> 00:01:44,579

everything prg at Paradigm research

31

00:01:50,389 --> 00:01:46,979

group dot Org the links are below

32

00:01:52,910 --> 00:01:50,399

without jumping into the longest bio and

33

00:01:54,109 --> 00:01:52,920

CV of anybody that I know personally I'm

34

00:01:57,410 --> 00:01:54,119

just gonna go

35

00:02:00,109 --> 00:01:57,420

welcome Steve Bassett how you doing my

36

00:02:02,630 --> 00:02:00,119

friend everything good Timmy good to be

37

00:02:06,109 --> 00:02:02,640

with you it's always great to see you my

38

00:02:08,930 --> 00:02:06,119

friend and uh crazy times we find

39

00:02:10,910 --> 00:02:08,940

ourselves in on this long road to

40

00:02:12,470 --> 00:02:10,920

disclosure

41

00:02:14,809 --> 00:02:12,480

um and you've always got you know this

42

00:02:18,170 --> 00:02:14,819

is the thing Steve you always ground me

43

00:02:21,350 --> 00:02:18,180

you Center me you have that effect

44

00:02:23,449 --> 00:02:21,360

um on me and and everybody else so

45

00:02:25,670 --> 00:02:23,459

Mission achieved there

46

00:02:27,350 --> 00:02:25,680

um but things are starting to heat up in

47

00:02:29,809 --> 00:02:27,360

Washington and we just came off of

48

00:02:31,309 --> 00:02:29,819

another hearing I've gotta go straight

49

00:02:35,449 --> 00:02:31,319

to your thoughts

50

00:02:38,690 --> 00:02:35,459

um what's your takeaways from last week

51
00:02:41,990 --> 00:02:38,700
oh goodness there is uh more has

52
00:02:44,690 --> 00:02:42,000
happened in the last three years

53
00:02:47,390 --> 00:02:44,700
in term with respect to government

54
00:02:50,449 --> 00:02:47,400
activity and so forth than in the

55
00:02:53,270 --> 00:02:50,459
previous 73. it is it's a it's a fire

56
00:02:54,770 --> 00:02:53,280
hose I can't keep up with it now those

57
00:02:56,030 --> 00:02:54,780
that are not paying attention they hear

58
00:02:58,250 --> 00:02:56,040
this they hear that and they go well

59
00:03:01,070 --> 00:02:58,260
yeah we this is the same old thing the

60
00:03:03,050 --> 00:03:01,080
odd drip drip no no no no no no if

61
00:03:04,910 --> 00:03:03,060
you're following on a daily basis it is

62
00:03:08,330 --> 00:03:04,920
simply extraordinary

63
00:03:10,430 --> 00:03:08,340

so we recently had a the second quote

64

00:03:12,770 --> 00:03:10,440

hearing it was really a briefing

65

00:03:15,410 --> 00:03:12,780

uh the first one back in May last year

66

00:03:16,729 --> 00:03:15,420

was uh was it this year not last year uh

67

00:03:18,110 --> 00:03:16,739

with Moultrie and Bray that wasn't

68

00:03:20,149 --> 00:03:18,120

hearing either that was a briefing they

69

00:03:22,009 --> 00:03:20,159

did not take a note they came in to

70

00:03:24,110 --> 00:03:22,019

brief that particular committee about

71

00:03:26,869 --> 00:03:24,120

the how the project was doing over at

72

00:03:28,729 --> 00:03:26,879

the Pentagon they didn't have nothing

73

00:03:30,770 --> 00:03:28,739

much had been set up yet there was only

74

00:03:32,270 --> 00:03:30,780

so much they could really say they were

75

00:03:33,770 --> 00:03:32,280

immediately asked questions there's no

76

00:03:35,449 --> 00:03:33,780

way they could answer but they sort of

77

00:03:37,250 --> 00:03:35,459

knew that was going to happen people

78

00:03:38,809 --> 00:03:37,260

were upset I'm going no that's exactly

79

00:03:40,610 --> 00:03:38,819

what you do you call some people in

80

00:03:43,309 --> 00:03:40,620

debrief well now some time has gone by

81

00:03:46,369 --> 00:03:43,319

legislation has been passed and so now

82

00:03:49,430 --> 00:03:46,379

in this case we had another briefing

83

00:03:51,649 --> 00:03:49,440

only this was a step above the one in

84

00:03:53,030 --> 00:03:51,659

May of last year this was a senate

85

00:03:55,750 --> 00:03:53,040

committee in fact it was a senate

86

00:03:58,250 --> 00:03:55,760

subcommittee a senate armed services

87

00:04:00,050 --> 00:03:58,260

subcommittee on emerging threats and

88

00:04:02,630 --> 00:04:00,060

capabilities which happen to be chaired

89

00:04:04,789 --> 00:04:02,640

by Senator Kristen killebrand

90

00:04:05,750 --> 00:04:04,799

a gillibrand rather who ran for

91

00:04:08,210 --> 00:04:05,760

president

92

00:04:10,130 --> 00:04:08,220

and if Joe Biden were to decide not to

93

00:04:12,649 --> 00:04:10,140

run or something changes there she'll

94

00:04:16,250 --> 00:04:12,659

run again and she chairs that committee

95

00:04:18,349 --> 00:04:16,260

and she asked uh the head of Arrow the

96

00:04:21,110 --> 00:04:18,359

all-domain anomaly resolution office

97

00:04:23,330 --> 00:04:21,120

which is now the interagency group

98

00:04:24,730 --> 00:04:23,340

across all of the agencies that has been

99

00:04:27,170 --> 00:04:24,740

set up to

100

00:04:29,810 --> 00:04:27,180

a deal with this issue

101

00:04:32,030 --> 00:04:29,820

uh to come in and be briefed and he came

102

00:04:33,469 --> 00:04:32,040

in didn't take an oath sat down answered

103

00:04:36,350 --> 00:04:33,479

some basic question about what was going

104

00:04:38,030 --> 00:04:36,360

on uh some references to the legislation

105

00:04:40,749 --> 00:04:38,040

some requests in the legislation and

106

00:04:43,310 --> 00:04:40,759

what have you and he uh is a very very

107

00:04:44,870 --> 00:04:43,320

competent man he has an exceptional

108

00:04:47,390 --> 00:04:44,880

background if you were to go online read

109

00:04:49,550 --> 00:04:47,400

his biography realize this is no no

110

00:04:52,129 --> 00:04:49,560

amateur this man knows his way around

111

00:04:54,350 --> 00:04:52,139

the Pentagon he knows science he is

112

00:04:57,350 --> 00:04:54,360

perhaps the perfect individual to head

113

00:04:59,270 --> 00:04:57,360

Arrow and he's getting his footing this

114

00:05:01,670 --> 00:04:59,280

program is expanding and he gave

115

00:05:03,290 --> 00:05:01,680

reasonable answers to as it were three

116

00:05:04,670 --> 00:05:03,300

members of the committee not all the

117

00:05:06,890 --> 00:05:04,680

members through there because this was

118

00:05:09,670 --> 00:05:06,900

not a hearing it was a briefing

119

00:05:12,170 --> 00:05:09,680

the ranking member the chairman

120

00:05:13,550 --> 00:05:12,180

gillibrand and another Senator whose

121

00:05:15,530 --> 00:05:13,560

Name Escapes Me

122

00:05:18,290 --> 00:05:15,540

I kind of couldn't help but note that

123

00:05:21,850 --> 00:05:18,300

all three were women yeah you you caught

124

00:05:24,770 --> 00:05:21,860

that yeah so did I very interesting very

125

00:05:26,930 --> 00:05:24,780

interesting I might add

126

00:05:31,850 --> 00:05:26,940

um not that gender has anything to do

127

00:05:34,969 --> 00:05:31,860

with it but uh it was uh it was it was

128

00:05:37,189 --> 00:05:34,979

three uh women Senators uh and and I

129

00:05:39,710 --> 00:05:37,199

thought that they were uh pretty strong

130

00:05:41,510 --> 00:05:39,720

and pretty effective by the way well all

131

00:05:44,810 --> 00:05:41,520

the women senators are pretty effective

132

00:05:47,170 --> 00:05:44,820

uh but here's my takeaway

133

00:05:51,590 --> 00:05:47,180

and this is purely my opinion

134

00:05:53,990 --> 00:05:51,600

the military intelligence complex

135

00:05:55,370 --> 00:05:54,000

the secret Empire as you want if some

136

00:05:57,650 --> 00:05:55,380

may call it

137

00:06:01,490 --> 00:05:57,660

our national security structures our

138

00:06:05,210 --> 00:06:01,500

military uh structures and so forth

139

00:06:07,310 --> 00:06:05,220

as almost a completely male dominated

140

00:06:10,010 --> 00:06:07,320

from the get-go and as you go back in

141

00:06:12,710 --> 00:06:10,020

time it becomes

142

00:06:14,390 --> 00:06:12,720

100 practically male dominated

143

00:06:16,730 --> 00:06:14,400

why is this important

144

00:06:18,590 --> 00:06:16,740

well as in the collective I don't think

145

00:06:20,210 --> 00:06:18,600

this shocks anybody women have a

146

00:06:22,370 --> 00:06:20,220

different world view from men and

147

00:06:24,710 --> 00:06:22,380

they're also smarter so well there's

148

00:06:26,409 --> 00:06:24,720

that too yeah but let's not forget that

149

00:06:30,110 --> 00:06:26,419

yeah

150

00:06:31,670 --> 00:06:30,120

and and while on an individual basis you

151

00:06:32,930 --> 00:06:31,680

can't necessarily say that but in the

152

00:06:35,689 --> 00:06:32,940

collective they have a different world

153

00:06:40,129 --> 00:06:35,699

view with Matt from men it is a world

154

00:06:42,790 --> 00:06:40,139

view that doesn't really uh embrace

155

00:06:46,730 --> 00:06:42,800

the kinds of things we have seen since

156

00:06:48,110 --> 00:06:46,740

1975 and 1947 rather

157

00:06:50,510 --> 00:06:48,120

um and the structures have been set up

158

00:06:52,790 --> 00:06:50,520

the massive secrecy the endless Wars

159

00:06:56,510 --> 00:06:52,800

they're not quite on that page

160

00:06:58,129 --> 00:06:56,520

and so it is it is not is going to

161

00:06:59,689 --> 00:06:58,139

probably be the case that as we go

162

00:07:01,309 --> 00:06:59,699

further more and more women are going to

163

00:07:04,370 --> 00:07:01,319

step forward on this

164

00:07:07,010 --> 00:07:04,380

because this issue is has the potential

165

00:07:10,790 --> 00:07:07,020

to transform our military National

166

00:07:13,189 --> 00:07:10,800

Security uh and other policies and

167

00:07:15,110 --> 00:07:13,199

programs in profound ways and I think

168

00:07:16,490 --> 00:07:15,120

they want to put their stamp on it and

169

00:07:18,350 --> 00:07:16,500

so this was a way of making that

170

00:07:20,629 --> 00:07:18,360

statement I don't know if the men were

171

00:07:26,469 --> 00:07:20,639

told not to show up right but there were

172

00:07:26,479 --> 00:07:30,730

let's

173

00:07:37,850 --> 00:07:33,710

go deep here

174

00:07:41,390 --> 00:07:37,860

um my first takeaway uh that I was

175

00:07:43,610 --> 00:07:41,400

surprised about was Kirkpatrick himself

176

00:07:46,370 --> 00:07:43,620

for him to

177

00:07:49,070 --> 00:07:46,380

come off of the article that he wrote

178

00:07:50,870 --> 00:07:49,080

with avilo about alien motherships

179

00:07:53,409 --> 00:07:50,880

dropping off probes in our solar system

180

00:07:56,809 --> 00:07:53,419

right so that comes out three weeks ago

181

00:07:58,309 --> 00:07:56,819

uh almost four weeks ago and so hot on

182

00:08:01,610 --> 00:07:58,319

the heels of that he comes into this

183

00:08:04,909 --> 00:08:01,620

hearing and out of the gate says and I'm

184

00:08:08,629 --> 00:08:04,919

paraphrasing here but he says out of all

185

00:08:15,290 --> 00:08:11,749

and it was like it was a different

186

00:08:18,890 --> 00:08:15,300

person than who was in the byline of

187

00:08:22,309 --> 00:08:18,900

that article right and julabrand didn't

188

00:08:26,930 --> 00:08:22,319

mention that and obviously by intention

189

00:08:30,610 --> 00:08:26,940

uh but it's like two versions of Sean

190

00:08:33,589 --> 00:08:30,620

Kirkpatrick which one is the real one

191

00:08:36,709 --> 00:08:33,599

let me uh you feeling a little cognizant

192

00:08:39,889 --> 00:08:36,719

dissonance are you Jimmy yeah no I I am

193

00:08:43,490 --> 00:08:39,899

the openness of the open I I want my

194

00:08:46,070 --> 00:08:43,500

mind changed okay that stuck out that

195

00:08:48,829 --> 00:08:46,080

was glaring to me well you know my

196

00:08:51,110 --> 00:08:48,839

position on this uh I've given it now

197

00:08:54,710 --> 00:08:51,120

and probably 100 interviews in the last

198

00:08:56,509 --> 00:08:54,720

year uh including your show in fact I

199

00:08:59,329 --> 00:08:56,519

put it as clear as I possibly could into

200

00:09:01,730 --> 00:08:59,339

an op-ed which was interestingly enough

201
00:09:02,509 --> 00:09:01,740
recently published in the Roswell Daily

202
00:09:04,130 --> 00:09:02,519
Record

203
00:09:06,470 --> 00:09:04,140
I tried to get it in the New York Times

204
00:09:07,370 --> 00:09:06,480
on the Washington coast and the hill but

205
00:09:13,310 --> 00:09:07,380
they

206
00:09:15,290 --> 00:09:13,320
useful the Roswell Daily Record did and

207
00:09:18,350 --> 00:09:15,300
that's perfect it could not have been

208
00:09:21,769 --> 00:09:18,360
published in a better more appropriate

209
00:09:24,170 --> 00:09:21,779
paper and in this uh op-ed I make the

210
00:09:26,269 --> 00:09:24,180
case that I've made to you

211
00:09:28,310 --> 00:09:26,279
what's going on is not the United States

212
00:09:29,509 --> 00:09:28,320
government suddenly learning not too

213
00:09:31,130 --> 00:09:29,519

long ago because of a New York Times

214

00:09:32,750 --> 00:09:31,140

article that there was a phenomena up

215

00:09:34,070 --> 00:09:32,760

there that really wasn't explained and

216

00:09:36,590 --> 00:09:34,080

they probably maybe should do something

217

00:09:38,449 --> 00:09:36,600

about it uh I don't know sure what but

218

00:09:40,610 --> 00:09:38,459

let's let's talk let's do something and

219

00:09:42,590 --> 00:09:40,620

and oh well let's talk to some people

220

00:09:45,829 --> 00:09:42,600

maybe do some legislation set up a group

221

00:09:48,230 --> 00:09:45,839

in the Pentagon and so forth no that is

222

00:09:50,389 --> 00:09:48,240

not what's going on not by a long shot

223

00:09:53,210 --> 00:09:50,399

the US government has known about the ET

224

00:09:57,230 --> 00:09:53,220

presences at 47. if not a little sooner

225

00:09:58,970 --> 00:09:57,240

but absolutely since 47 when they made a

226

00:10:01,610 --> 00:09:58,980

slight boo-boo and sent out a press

227

00:10:04,430 --> 00:10:01,620

release saying we have a saucer all

228

00:10:07,430 --> 00:10:04,440

right which was kind of a problem and

229

00:10:09,130 --> 00:10:07,440

they moved very quickly to quell that

230

00:10:11,750 --> 00:10:09,140

think about what they were going to do

231

00:10:12,769 --> 00:10:11,760

ride the right ride the train for a

232

00:10:15,650 --> 00:10:12,779

while and then when the big event

233

00:10:17,570 --> 00:10:15,660

occurred in 52 they got serious and they

234

00:10:19,790 --> 00:10:17,580

solidified the truth embargo they have

235

00:10:22,090 --> 00:10:19,800

known all along they have been

236

00:10:24,530 --> 00:10:22,100

researching E.T craft

237

00:10:26,570 --> 00:10:24,540

obtained through retrievals all along

238

00:10:29,630 --> 00:10:26,580

they have been tracking them in Disguise

239

00:10:31,550 --> 00:10:29,640

all along they had a live VT in 47 I'm

240

00:10:34,310 --> 00:10:31,560

sure they tried to interrogate it I

241

00:10:37,730 --> 00:10:34,320

don't know how that went all along

242

00:10:40,310 --> 00:10:37,740

so what is going on now what is going on

243

00:10:42,769 --> 00:10:40,320

now is

244

00:10:47,030 --> 00:10:42,779

how do you get from there's nothing

245

00:10:49,250 --> 00:10:47,040

there for 75 years to oh

246

00:10:52,009 --> 00:10:49,260

there's something there and then tell

247

00:10:54,050 --> 00:10:52,019

the people right how do you do that you

248

00:10:55,910 --> 00:10:54,060

do you just don't casually mention in a

249

00:10:58,550 --> 00:10:55,920

press release put on a Friday afternoon

250

00:11:00,769 --> 00:10:58,560

that oh by the way this phenomenon is

251
00:11:02,630 --> 00:11:00,779
extraterrestrial non-human intelligence

252
00:11:05,150 --> 00:11:02,640
see you Monday

253
00:11:08,030 --> 00:11:05,160
this is a hugely complex hugely

254
00:11:10,430 --> 00:11:08,040
implicative thing that has to be then

255
00:11:11,930 --> 00:11:10,440
finally confirmed to the world's people

256
00:11:13,310 --> 00:11:11,940
it will be confirmed with the world's

257
00:11:16,009 --> 00:11:13,320
people and it might it probably will

258
00:11:17,870 --> 00:11:16,019
start with the United States and to do

259
00:11:20,690 --> 00:11:17,880
this you need to go about it in an

260
00:11:22,250 --> 00:11:20,700
appropriate way to do it properly to

261
00:11:24,290 --> 00:11:22,260
involve the right entities to be

262
00:11:25,790 --> 00:11:24,300
responsible and transparent so that you

263
00:11:27,470 --> 00:11:25,800

can create a situation where the

264

00:11:29,630 --> 00:11:27,480

president can come forward and confirm

265

00:11:32,930 --> 00:11:29,640

what every president has known to one

266

00:11:34,730 --> 00:11:32,940

degree or another since 47 there's

267

00:11:36,769 --> 00:11:34,740

non-human technology in our skies

268

00:11:39,889 --> 00:11:36,779

probably from another planet

269

00:11:42,470 --> 00:11:39,899

now but this creates a real problem I

270

00:11:44,750 --> 00:11:42,480

mean you can't you can't talk and act

271

00:11:47,030 --> 00:11:44,760

like you already know there's a limit to

272

00:11:48,290 --> 00:11:47,040

what you can say you've got to give you

273

00:11:50,509 --> 00:11:48,300

know briefings and you've got to answer

274

00:11:51,889 --> 00:11:50,519

journalist questions and so forth in

275

00:11:54,350 --> 00:11:51,899

other words

276

00:11:56,090 --> 00:11:54,360

it's like one of those bowling alleys

277

00:11:58,610 --> 00:11:56,100

for the kids where they put the they put

278

00:12:00,050 --> 00:11:58,620

the the bumpers in the gutters so their

279

00:12:02,150 --> 00:12:00,060

balls can't go in the gutter because

280

00:12:03,470 --> 00:12:02,160

that ball cannot go in the gutter so the

281

00:12:05,630 --> 00:12:03,480

kid could just roll it down and always

282

00:12:08,090 --> 00:12:05,640

get a couple of pins they have to stay

283

00:12:10,310 --> 00:12:08,100

between the lines and this requires

284

00:12:12,410 --> 00:12:10,320

saying and doing things which a lot of

285

00:12:14,509 --> 00:12:12,420

people who know that you well are

286

00:12:16,850 --> 00:12:14,519

scratching their head and going I don't

287

00:12:19,130 --> 00:12:16,860

get it I don't get it two examples

288

00:12:21,370 --> 00:12:19,140

there's nothing wrong with Kirkpatrick

289

00:12:23,750 --> 00:12:21,380

writing an article about motherships

290

00:12:26,930 --> 00:12:23,760

speculating about motherships with Abby

291

00:12:29,090 --> 00:12:26,940

lope all right uh

292

00:12:32,389 --> 00:12:29,100

does that mean that he is confirming an

293

00:12:35,150 --> 00:12:32,399

ET presence no he is what he's doing is

294

00:12:37,130 --> 00:12:35,160

he's pairing up with a the head of the

295

00:12:39,230 --> 00:12:37,140

astronomy apartment of Harvard that's

296

00:12:43,670 --> 00:12:39,240

the same University that tried to

297

00:12:45,590 --> 00:12:43,680

cashier John Mack in 1993. okay and show

298

00:12:47,870 --> 00:12:45,600

a little you know Faith with him and and

299

00:12:50,509 --> 00:12:47,880

uh Garner some of that Prestige that was

300

00:12:52,129 --> 00:12:50,519

Harvard Arrow working together now they

301

00:12:54,470 --> 00:12:52,139

can't it can't come together and write

302

00:12:56,750 --> 00:12:54,480

an article about Crash retrievals I can

303

00:12:58,910 --> 00:12:56,760

assure you that but they can speculate

304

00:13:01,910 --> 00:12:58,920

about probes and and motherships which

305

00:13:04,430 --> 00:13:01,920

he did and that's serves the process

306

00:13:06,050 --> 00:13:04,440

right he's connecting with the academic

307

00:13:08,210 --> 00:13:06,060

community and then he makes that

308

00:13:10,190 --> 00:13:08,220

statement in the hearing we have not

309

00:13:12,949 --> 00:13:10,200

found yet

310

00:13:15,710 --> 00:13:12,959

or we have not do not have confirmation

311

00:13:18,110 --> 00:13:15,720

of extraterrestrial technology

312

00:13:21,470 --> 00:13:18,120

now what does that mean the entire

313

00:13:24,110 --> 00:13:21,480

government doesn't have that no it

314

00:13:26,030 --> 00:13:24,120

simply means that as of now era which is

315

00:13:29,569 --> 00:13:26,040

only about a year old

316

00:13:32,509 --> 00:13:29,579

does not have yet under its umbrella

317

00:13:34,250 --> 00:13:32,519

stuff that confirms the ET presence that

318

00:13:37,129 --> 00:13:34,260

does not mean it won't have it a week

319

00:13:40,610 --> 00:13:37,139

from now okay which

320

00:13:42,290 --> 00:13:40,620

and even if it did have that even if it

321

00:13:43,910 --> 00:13:42,300

did and it's interviewed now a bunch of

322

00:13:45,230 --> 00:13:43,920

people I'm going to talk about that in a

323

00:13:46,850 --> 00:13:45,240

while it's interviewed a number of

324

00:13:49,250 --> 00:13:46,860

people that are direct witnesses to this

325

00:13:51,949 --> 00:13:49,260

issue grass retrievals nuclear weapons

326

00:13:55,069 --> 00:13:51,959

turn offs pilots and so forth and so in

327

00:13:58,190 --> 00:13:55,079

a sense it does have evidence like that

328

00:13:59,629 --> 00:13:58,200

but he can't say it and and again wait a

329

00:14:01,970 --> 00:13:59,639

minute we know you interviewed them why

330

00:14:03,590 --> 00:14:01,980

don't you say it because that gets ahead

331

00:14:05,930 --> 00:14:03,600

of the skis

332

00:14:08,329 --> 00:14:05,940

his job is to set up this cross-agency

333

00:14:10,730 --> 00:14:08,339

do the right things interview people and

334

00:14:13,490 --> 00:14:10,740

set the stage for the members of the

335

00:14:14,990 --> 00:14:13,500

Intel and armed services committee to

336

00:14:17,990 --> 00:14:15,000

learn this information from the

337

00:14:19,970 --> 00:14:18,000

witnesses under oath he is not the one

338

00:14:22,370 --> 00:14:19,980

that's supposed to tell us that and and

339

00:14:24,530 --> 00:14:22,380

throughout all of this process everybody

340

00:14:27,230 --> 00:14:24,540

involved whether it's Elizondo or melon

341

00:14:28,910 --> 00:14:27,240

or or or or Kirkpatrick or Bray or

342

00:14:32,090 --> 00:14:28,920

Moultrie and all of them

343

00:14:35,090 --> 00:14:32,100

they're under a range of protocols that

344

00:14:37,190 --> 00:14:35,100

they have to stay in because the goal is

345

00:14:39,350 --> 00:14:37,200

not telling them telling us there's an

346

00:14:41,689 --> 00:14:39,360

E.T presence the goal is setting the

347

00:14:43,910 --> 00:14:41,699

stage for the president to tell us and

348

00:14:45,829 --> 00:14:43,920

that is why you get these odd situations

349

00:14:47,810 --> 00:14:45,839

where you're scratching your head but

350

00:14:50,150 --> 00:14:47,820

once you see it it's nothing more than a

351

00:14:53,090 --> 00:14:50,160

disclosure process not a discovery

352

00:14:54,350 --> 00:14:53,100

process any political process then it

353

00:14:55,850 --> 00:14:54,360

starts to make sense

354

00:15:00,170 --> 00:14:55,860

if

355

00:15:03,530 --> 00:15:00,180

um okay I I understand that he stayed

356

00:15:05,689 --> 00:15:03,540

uh in in the boundaries of truth right

357

00:15:06,670 --> 00:15:05,699

he stayed in his Lane it's the best he

358

00:15:10,490 --> 00:15:06,680

could

359

00:15:12,350 --> 00:15:10,500

and but I don't I I don't think he was

360

00:15:16,370 --> 00:15:12,360

telling the truth

361

00:15:19,129 --> 00:15:16,380

and in in saying that because

362

00:15:20,689 --> 00:15:19,139

um he dismissed it as that was an

363

00:15:24,530 --> 00:15:20,699

Arrow's mission

364

00:15:28,370 --> 00:15:24,540

okay and he he he had said that it was

365

00:15:30,530 --> 00:15:28,380

Arrow's mission to make uaps somebody

366

00:15:32,509 --> 00:15:30,540

else's problem and he said that like

367

00:15:35,689 --> 00:15:32,519

three three or four times in the hearing

368

00:15:38,689 --> 00:15:35,699

yes he did we're setting this up to hand

369

00:15:41,509 --> 00:15:38,699

this off to somebody else and and make

370

00:15:45,530 --> 00:15:41,519

it a genuine sep somebody else's problem

371

00:15:48,350 --> 00:15:45,540

yeah yeah and so what he could have said

372

00:15:50,810 --> 00:15:48,360

if he would have spoken the truth

373

00:15:54,290 --> 00:15:50,820

um certainly based on the article

374

00:15:57,790 --> 00:15:54,300

is is is something as simple as this

375

00:16:01,430 --> 00:15:57,800

no ET information yet

376

00:16:03,889 --> 00:16:01,440

but we would love to find out and it

377

00:16:06,410 --> 00:16:03,899

only takes one case and if we can do it

378

00:16:08,750 --> 00:16:06,420

and work with our partners to see if

379

00:16:10,850 --> 00:16:08,760

something is coming from out there and

380

00:16:12,650 --> 00:16:10,860

it's not of this Earth that would be the

381

00:16:16,370 --> 00:16:12,660

greatest discovery of all but right now

382

00:16:19,370 --> 00:16:16,380

we don't have that that would be more

383

00:16:20,990 --> 00:16:19,380

truthful than his original statement and

384

00:16:26,389 --> 00:16:21,000

I think that that's everybody was

385

00:16:29,030 --> 00:16:26,399

expecting Arrow to be a UFO UAP task

386

00:16:30,710 --> 00:16:29,040

force and he's saying they're not that

387

00:16:33,230 --> 00:16:30,720

they're looking at one to four meter

388

00:16:35,569 --> 00:16:33,240

objects we're looking at this altitude

389

00:16:37,910 --> 00:16:35,579

and and that's our goal and then to make

390

00:16:39,410 --> 00:16:37,920

this stuff somebody else's problem I was

391

00:16:41,870 --> 00:16:39,420

just confused it seemed like two

392

00:16:44,930 --> 00:16:41,880

different kirkpatrick's to me well first

393

00:16:46,370 --> 00:16:44,940

of all I don't I don't recall him saying

394

00:16:47,930 --> 00:16:46,380

they're just looking at certain things

395

00:16:49,730 --> 00:16:47,940

they talked about some of the things

396

00:16:51,650 --> 00:16:49,740

they're doing such as recalibrating

397

00:16:56,090 --> 00:16:51,660

certain sensors and that they're they're

398

00:16:58,430 --> 00:16:56,100

going to be reviewing lots and lots of

399

00:17:01,370 --> 00:16:58,440

UAP cases and reports and Witnesses

400

00:17:04,669 --> 00:17:01,380

across the board but this SCP is very

401
00:17:07,429 --> 00:17:04,679
important he meant exactly what he said

402
00:17:10,150 --> 00:17:07,439
right here is what some other someone

403
00:17:13,909 --> 00:17:10,160
else's problem means

404
00:17:16,669 --> 00:17:13,919
Arrow's job is to collect information

405
00:17:20,809 --> 00:17:16,679
to set up the ability of people to make

406
00:17:24,110 --> 00:17:20,819
reports to organize the engagement of

407
00:17:27,530 --> 00:17:24,120
the issue in the public-facing sector to

408
00:17:30,110 --> 00:17:27,540
show the flag to do the right thing it

409
00:17:32,810 --> 00:17:30,120
is not Arrow's job to confirm the

410
00:17:35,750 --> 00:17:32,820
Extraterrestrial presence it is Arrow's

411
00:17:39,289 --> 00:17:35,760
job to set the stage for the Congress to

412
00:17:41,750 --> 00:17:39,299
take testimony from Witnesses which will

413
00:17:44,270 --> 00:17:41,760

help confirm to the Congress

414

00:17:47,150 --> 00:17:44,280

that there is validity to this and to

415

00:17:49,610 --> 00:17:47,160

the president so that he in concert with

416

00:17:52,010 --> 00:17:49,620

uh his political leaders Congressional

417

00:17:54,650 --> 00:17:52,020

leaders rather can finally confirm the

418

00:17:57,230 --> 00:17:54,660

issue the people he is referring to with

419

00:17:59,270 --> 00:17:57,240

some other people's problem is the

420

00:18:01,310 --> 00:17:59,280

Congress's problem the president's

421

00:18:03,710 --> 00:18:01,320

problem ultimately that's what he's

422

00:18:05,810 --> 00:18:03,720

saying and he said it in a way that I

423

00:18:08,390 --> 00:18:05,820

think is obviously people could kind of

424

00:18:10,970 --> 00:18:08,400

misconstrue it I get it but he can't say

425

00:18:13,730 --> 00:18:10,980

what I just said and it's a little too

426

00:18:16,130 --> 00:18:13,740

granular okay but you just said

427

00:18:20,090 --> 00:18:16,140

something very interesting and I'm not

428

00:18:23,450 --> 00:18:20,100

trying to uh Steve at all uh position

429

00:18:25,250 --> 00:18:23,460

herself in an adversarial way but but

430

00:18:30,669 --> 00:18:25,260

you just had to be very interesting

431

00:18:33,470 --> 00:18:30,679

which is validity validity of what

432

00:18:36,110 --> 00:18:33,480

validity of objects in the sky we know

433

00:18:38,750 --> 00:18:36,120

that's happening or the validity of

434

00:18:40,850 --> 00:18:38,760

something that is not human something

435

00:18:43,850 --> 00:18:40,860

that comes from out there that is not of

436

00:18:47,029 --> 00:18:43,860

this Earth the validity of what what

437

00:18:49,850 --> 00:18:47,039

what is Arrow's position arrow is not

438

00:18:51,590 --> 00:18:49,860

going to have a position Arrow's job is

439

00:18:55,130 --> 00:18:51,600

to do what I just said

440

00:18:56,270 --> 00:18:55,140

the decision about confirming what is

441

00:18:58,669 --> 00:18:56,280

valid

442

00:18:59,990 --> 00:18:58,679

will come from the Congress and the

443

00:19:02,029 --> 00:19:00,000

reason for that as I've said this many

444

00:19:04,010 --> 00:19:02,039

times on your show and other shows the

445

00:19:05,390 --> 00:19:04,020

issue what we're dealing with now is not

446

00:19:07,610 --> 00:19:05,400

science we haven't been dealing with

447

00:19:09,590 --> 00:19:07,620

science for 75 years there's been a lot

448

00:19:11,090 --> 00:19:09,600

of science done it's been dismissed and

449

00:19:12,230 --> 00:19:11,100

the big scientists won't touch it the

450

00:19:14,450 --> 00:19:12,240

universities won't deal with it because

451
00:19:15,950 --> 00:19:14,460
it's embargoed it hasn't been a science

452
00:19:18,650 --> 00:19:15,960
problem it's been a political problem

453
00:19:20,930 --> 00:19:18,660
from the get-go it is a political policy

454
00:19:23,630 --> 00:19:20,940
of the United States to embargo and deny

455
00:19:26,150 --> 00:19:23,640
the Extraterrestrial presence and ending

456
00:19:28,669 --> 00:19:26,160
that political decision is what is going

457
00:19:31,370 --> 00:19:28,679
on as far as the validity hey there's

458
00:19:33,110 --> 00:19:31,380
only one place this goes and that's the

459
00:19:35,570 --> 00:19:33,120
validity of a non-human intelligence

460
00:19:37,010 --> 00:19:35,580
presence engaging us non-human

461
00:19:39,950 --> 00:19:37,020
intelligence piloted or controlled

462
00:19:42,950 --> 00:19:39,960
technology in our world undersea in the

463
00:19:44,210 --> 00:19:42,960

in the sky where they come from hey I

464

00:19:46,130 --> 00:19:44,220

believe they come from other planets

465

00:19:47,870 --> 00:19:46,140

they have told contactees they've come

466

00:19:49,610 --> 00:19:47,880

from other planets they've told people

467

00:19:52,490 --> 00:19:49,620

in ancient times they came from other

468

00:19:54,770 --> 00:19:52,500

planets so hey you know I like wormholes

469

00:19:56,870 --> 00:19:54,780

and so and and and and time travel and

470

00:20:00,650 --> 00:19:56,880

inner Dimensions is is as well as

471

00:20:03,650 --> 00:20:00,660

anybody it's other planets that is where

472

00:20:06,049 --> 00:20:03,660

this must go well okay during that

473

00:20:08,510 --> 00:20:06,059

validity that's what this is about let's

474

00:20:09,490 --> 00:20:08,520

stay right there let's stay right there

475

00:20:13,909 --> 00:20:09,500

um

476

00:20:17,510 --> 00:20:13,919

what is it that arrows going to hand off

477

00:20:21,169 --> 00:20:17,520

the stuff that they can't figure out

478

00:20:22,970 --> 00:20:21,179

no again all right okay this is an

479

00:20:25,370 --> 00:20:22,980

interagency committee serving the United

480

00:20:27,010 --> 00:20:25,380

States Congress under the MDA

481

00:20:29,150 --> 00:20:27,020

legislation of

482

00:20:30,350 --> 00:20:29,160

2022-2023. this happens all the time

483

00:20:32,330 --> 00:20:30,360

okay

484

00:20:35,270 --> 00:20:32,340

in other words they didn't set this

485

00:20:37,130 --> 00:20:35,280

program up on their own they were told

486

00:20:39,890 --> 00:20:37,140

to set it up by the Congress they are

487

00:20:41,690 --> 00:20:39,900

serving the Congress for various reasons

488

00:20:44,690 --> 00:20:41,700

and they're very political

489

00:20:46,909 --> 00:20:44,700

and so if you're if you're going to hold

490

00:20:49,909 --> 00:20:46,919

uh hearings

491

00:20:52,970 --> 00:20:49,919

credibly well-watched hearings of

492

00:20:55,549 --> 00:20:52,980

extraordinary uh nature with military

493

00:20:57,650 --> 00:20:55,559

Witnesses

494

00:20:59,930 --> 00:20:57,660

you're needing that and you need an

495

00:21:02,450 --> 00:20:59,940

entity set up within the intelligence

496

00:21:05,810 --> 00:21:02,460

and Military Intelligence community

497

00:21:09,529 --> 00:21:05,820

that can interview those Witnesses talk

498

00:21:12,169 --> 00:21:09,539

to them research as well as address the

499

00:21:15,950 --> 00:21:12,179

broad organization of the issue fine

500

00:21:19,310 --> 00:21:15,960

tune it do whatever it needs to do to

501
00:21:20,990 --> 00:21:19,320
make the Congress committee's job easier

502
00:21:23,950 --> 00:21:21,000
and that's exactly what they're doing

503
00:21:26,870 --> 00:21:23,960
right is it resolution

504
00:21:30,350 --> 00:21:26,880
in their name so therefore by just

505
00:21:31,990 --> 00:21:30,360
definition alone the Airborne anomaly

506
00:21:35,149 --> 00:21:32,000
resolution office

507
00:21:37,490 --> 00:21:35,159
you're you're coming to conclusions

508
00:21:40,490 --> 00:21:37,500
and if they're not going if they're not

509
00:21:42,890 --> 00:21:40,500
pursuing that what is it that they're it

510
00:21:45,289 --> 00:21:42,900
almost goes back to Steve I think this

511
00:21:46,250 --> 00:21:45,299
really needs to be explored

512
00:21:49,310 --> 00:21:46,260
Ernst

513
00:21:51,770 --> 00:21:49,320

um asked one uh well she said it a few

514

00:21:54,350 --> 00:21:51,780

times but one very important question

515

00:21:56,630 --> 00:21:54,360

she said are you are you redundant

516

00:21:58,669 --> 00:21:56,640

what's the purpose here aren't there

517

00:22:01,970 --> 00:21:58,679

other agencies doing exactly what you're

518

00:22:05,350 --> 00:22:01,980

doing why do we need Arrow so that and

519

00:22:09,950 --> 00:22:05,360

which takes me back to my point are they

520

00:22:13,190 --> 00:22:09,960

is is their mission to figure out if ET

521

00:22:15,649 --> 00:22:13,200

is visiting this planet or not no and

522

00:22:17,390 --> 00:22:15,659

that's so you're saying so what does

523

00:22:19,310 --> 00:22:17,400

resolution mean then what are they they

524

00:22:22,370 --> 00:22:19,320

had to call it something and it is

525

00:22:24,409 --> 00:22:22,380

remember from the standpoint of

526
00:22:26,710 --> 00:22:24,419
the Congress and and the Department of

527
00:22:29,870 --> 00:22:26,720
Defense right

528
00:22:33,770 --> 00:22:29,880
it's kind of a pretend thing right

529
00:22:37,909 --> 00:22:33,780
meaning we are going to set up what we

530
00:22:40,190 --> 00:22:37,919
should have done in 1948 right we should

531
00:22:42,770 --> 00:22:40,200
have acknowledged that press release was

532
00:22:44,690 --> 00:22:42,780
valid we should have taken some time to

533
00:22:47,270 --> 00:22:44,700
think about it and then if we had come

534
00:22:49,430 --> 00:22:47,280
forward in 1948 and confirm that that

535
00:22:51,770 --> 00:22:49,440
crash vehicle was not human and from

536
00:22:54,230 --> 00:22:51,780
somewhere else right we chose not to do

537
00:22:56,450 --> 00:22:54,240
that fine we had another opportunity in

538
00:22:58,789 --> 00:22:56,460

53 after the huge sightings in

539

00:23:00,710 --> 00:22:58,799

Washington in July 52 which really got

540

00:23:03,590 --> 00:23:00,720

everybody's attention but again a

541

00:23:06,289 --> 00:23:03,600

different time less less television less

542

00:23:07,850 --> 00:23:06,299

less uh less internet less less

543

00:23:09,890 --> 00:23:07,860

everything right it was a lot easier to

544

00:23:11,570 --> 00:23:09,900

sort of hey let's just move on they

545

00:23:13,490 --> 00:23:11,580

didn't do it they chose not to and then

546

00:23:15,890 --> 00:23:13,500

the Cold War heats up and goes on for

547

00:23:19,010 --> 00:23:15,900

decades and decades the next chance to

548

00:23:21,470 --> 00:23:19,020

do what the right thing was was 93 after

549

00:23:23,450 --> 00:23:21,480

the cold war is technically over things

550

00:23:26,029 --> 00:23:23,460

are looking better the Communist party

551
00:23:28,669 --> 00:23:26,039
was outlawed you know on Christmas day

552
00:23:30,110 --> 00:23:28,679
of 91 one they're all going capitalist

553
00:23:31,250 --> 00:23:30,120
which means the early stage of

554
00:23:33,169 --> 00:23:31,260
capitalism where you have all these

555
00:23:35,750 --> 00:23:33,179
oligarchs and robber barons or whatever

556
00:23:38,510 --> 00:23:35,760
anyway we won right and then a new

557
00:23:40,070 --> 00:23:38,520
president comes in Rockefeller knows its

558
00:23:41,690 --> 00:23:40,080
time he goes to the White House says

559
00:23:43,669 --> 00:23:41,700
look I want to help get the files out

560
00:23:45,169 --> 00:23:43,679
I'll support this I'll fund you know a

561
00:23:46,430 --> 00:23:45,179
program project whatever the hell came

562
00:23:47,330 --> 00:23:46,440
to be known as the Rockefeller

563
00:23:49,490 --> 00:23:47,340

initiative

564

00:23:51,590 --> 00:23:49,500

but the military intelligence Community

565

00:23:53,029 --> 00:23:51,600

wasn't ready yet and so they stonewalled

566

00:23:56,330 --> 00:23:53,039

the president basically told him to go

567

00:23:59,270 --> 00:23:56,340

pound sand and we didn't do it then that

568

00:24:02,450 --> 00:23:59,280

was 30 years ago a lot has happened in

569

00:24:04,310 --> 00:24:02,460

the last 30 years and I can tell you so

570

00:24:07,970 --> 00:24:04,320

much has happened in the last 30 years

571

00:24:11,930 --> 00:24:07,980

that this time the fourth time they are

572

00:24:13,549 --> 00:24:11,940

going to get it done now again

573

00:24:15,789 --> 00:24:13,559

they have to call the office something

574

00:24:17,810 --> 00:24:15,799

so they call it the all domain anomaly

575

00:24:19,909 --> 00:24:17,820

resolution office which has many

576

00:24:21,710 --> 00:24:19,919

advantages it doesn't have UFO doesn't

577

00:24:23,330 --> 00:24:21,720

have UAP doesn't have alien doesn't have

578

00:24:25,370 --> 00:24:23,340

extraterrestrial it's kind of cool okay

579

00:24:29,890 --> 00:24:25,380

it's got a great acronym arrow that

580

00:24:34,010 --> 00:24:29,900

works for me too what was the last one

581

00:24:35,630 --> 00:24:34,020

yeah yeah it was like STP w-jyx I mean

582

00:24:39,049 --> 00:24:35,640

it was like a Wordle it was like a

583

00:24:40,450 --> 00:24:39,059

wordal answer so uh so so they called it

584

00:24:42,710 --> 00:24:40,460

the resolution office well guess what

585

00:24:46,070 --> 00:24:42,720

it's job

586

00:24:48,830 --> 00:24:46,080

is to service the resolution of this

587

00:24:50,510 --> 00:24:48,840

issue that doesn't mean its job is to

588

00:24:53,690 --> 00:24:50,520

hold a press conference one day and say

589

00:24:55,250 --> 00:24:53,700

arrow is here to tell you today that in

590

00:24:58,250 --> 00:24:55,260

fact there is an extraterrestrial

591

00:25:00,470 --> 00:24:58,260

presence and I Sean Kirkpatrick am now

592

00:25:01,210 --> 00:25:00,480

confirming to the world that that is the

593

00:25:04,370 --> 00:25:01,220

case

594

00:25:06,169 --> 00:25:04,380

not going to happen their job is to help

595

00:25:08,450 --> 00:25:06,179

the resolution process and they are

596

00:25:10,850 --> 00:25:08,460

doing that in appropriate ways

597

00:25:12,950 --> 00:25:10,860

but the ultimate resolution can only

598

00:25:15,649 --> 00:25:12,960

come from one person

599

00:25:17,870 --> 00:25:15,659

the president of the United States the

600

00:25:20,390 --> 00:25:17,880

commander-in-chief of the entire U.S

601
00:25:23,690 --> 00:25:20,400
military and intelligence Services who

602
00:25:26,210 --> 00:25:23,700
can classify and declassify anything he

603
00:25:28,850 --> 00:25:26,220
wants right though he does you know have

604
00:25:30,710 --> 00:25:28,860
other people do that for him uh the Pres

605
00:25:33,590 --> 00:25:30,720
is the only person that can do this now

606
00:25:35,750 --> 00:25:33,600
the Congress needs to play a role the

607
00:25:37,789 --> 00:25:35,760
president could circumvent the Congress

608
00:25:39,950 --> 00:25:37,799
the president and and I think Clinton

609
00:25:42,890 --> 00:25:39,960
was kind of doing that in a way which

610
00:25:44,630 --> 00:25:42,900
which which may made it unlikely it

611
00:25:46,610 --> 00:25:44,640
could possibly succeed but he could go

612
00:25:49,070 --> 00:25:46,620
right around the Congress go straight to

613
00:25:51,289 --> 00:25:49,080

his secretary of defense and say look

614

00:25:52,730 --> 00:25:51,299

we're getting this out uh I'm gonna have

615

00:25:54,529 --> 00:25:52,740

some you know let's have some secret

616

00:25:55,669 --> 00:25:54,539

meetings in the cone of silence and

617

00:25:57,169 --> 00:25:55,679

we're all going to talk about this we're

618

00:25:59,090 --> 00:25:57,179

going to get the files together and then

619

00:26:00,890 --> 00:25:59,100

I'm going public and confirm it and just

620

00:26:02,990 --> 00:26:00,900

cut the Congress completely out of it he

621

00:26:04,130 --> 00:26:03,000

could do that or every president

622

00:26:06,730 --> 00:26:04,140

technically could have done that

623

00:26:10,850 --> 00:26:06,740

politically would be suicide

624

00:26:12,890 --> 00:26:10,860

all right it is again once you

625

00:26:15,950 --> 00:26:12,900

understand this is all about the

626

00:26:17,990 --> 00:26:15,960

disclosure and not Discovery it is a

627

00:26:19,909 --> 00:26:18,000

political process designed to get things

628

00:26:22,909 --> 00:26:19,919

done in a way that's politically wise

629

00:26:26,269 --> 00:26:22,919

appropriate and minimizes to the extent

630

00:26:28,909 --> 00:26:26,279

humanly possible the enormous spectrum

631

00:26:31,070 --> 00:26:28,919

of public relations issues the

632

00:26:34,549 --> 00:26:31,080

government the Air Force the Navy the

633

00:26:36,710 --> 00:26:34,559

CIA did you name it I was going to have

634

00:26:38,450 --> 00:26:36,720

once the cat's out of the bag and

635

00:26:39,710 --> 00:26:38,460

they're going to have to sit down and

636

00:26:41,450 --> 00:26:39,720

answer endless questions from

637

00:26:43,430 --> 00:26:41,460

journalists and have many more hearings

638

00:26:45,529 --> 00:26:43,440

with far tougher questions getting into

639

00:26:47,210 --> 00:26:45,539

even more difficult issues we know some

640

00:26:48,830 --> 00:26:47,220

of them Jimmy you've covered them on

641

00:26:51,409 --> 00:26:48,840

your show but

642

00:26:52,610 --> 00:26:51,419

first let's do the right thing and then

643

00:26:56,570 --> 00:26:52,620

people will be a little more

644

00:26:59,570 --> 00:26:56,580

understanding that yeah we knew in 1747

645

00:27:02,510 --> 00:26:59,580

but we just felt it was against our

646

00:27:06,049 --> 00:27:02,520

interest to tell you if if Kirkpatrick

647

00:27:08,090 --> 00:27:06,059

okay so they get they get the one right

648

00:27:10,549 --> 00:27:08,100

they get the one they get them they got

649

00:27:13,370 --> 00:27:10,559

the sensor native they've got uh

650

00:27:15,890 --> 00:27:13,380

Telemetry they've got Imaging they've

651
00:27:18,350 --> 00:27:15,900
got video still images they've got a

652
00:27:20,510 --> 00:27:18,360
photograph of a gray ET waving out the

653
00:27:22,789 --> 00:27:20,520
window you know doing this okay they got

654
00:27:26,570 --> 00:27:22,799
the whole shebang

655
00:27:30,049 --> 00:27:26,580
aren't they the one to come to a

656
00:27:33,350 --> 00:27:30,059
resolution on this or is that it now in

657
00:27:35,029 --> 00:27:33,360
SCP and if that is an STP who do they

658
00:27:37,310 --> 00:27:35,039
hand that off to I thought that they

659
00:27:39,470 --> 00:27:37,320
were the agency or the organization to

660
00:27:40,490 --> 00:27:39,480
deal with it this is a good time for me

661
00:27:42,830 --> 00:27:40,500
to bring up

662
00:27:44,510 --> 00:27:42,840
that yesterday I've been answering the

663
00:27:46,070 --> 00:27:44,520

question though who did they hand it off

664

00:27:48,289 --> 00:27:46,080

to Steve no they're going to hand it off

665

00:27:50,990 --> 00:27:48,299

to the Congress in other words whatever

666

00:27:52,250 --> 00:27:51,000

comes in their door right uh and it

667

00:27:54,710 --> 00:27:52,260

could be extraordinary stuff somebody

668

00:27:56,930 --> 00:27:54,720

shows up with I don't know two hours of

669

00:27:58,370 --> 00:27:56,940

footage of a landing craft at Malmstrom

670

00:27:59,750 --> 00:27:58,380

Air Force not in house from Air Force

671

00:28:02,590 --> 00:27:59,760

Base uh whatever is that barefoot space

672

00:28:05,570 --> 00:28:02,600

whatever anything extraordinary

673

00:28:08,990 --> 00:28:05,580

he meant to say Holloman yeah Holloman

674

00:28:11,750 --> 00:28:09,000

Air Force Base uh immediately that's

675

00:28:14,090 --> 00:28:11,760

brought in under Arrow immediately it is

676

00:28:16,970 --> 00:28:14,100

classified right or if it's classified

677

00:28:19,510 --> 00:28:16,980

it stays classified and then they will

678

00:28:22,730 --> 00:28:19,520

provide that to the appropriate

679

00:28:25,370 --> 00:28:22,740

congressional committees who are also

680

00:28:28,070 --> 00:28:25,380

have who have the security clearance and

681

00:28:30,710 --> 00:28:28,080

can maintain classification for them to

682

00:28:33,830 --> 00:28:30,720

consider as they move towards having

683

00:28:36,169 --> 00:28:33,840

hearings right in other words the other

684

00:28:38,210 --> 00:28:36,179

person's problem is the congress's

685

00:28:40,190 --> 00:28:38,220

problem next that is who's going to deal

686

00:28:42,769 --> 00:28:40,200

with it so they're interviewing the

687

00:28:43,789 --> 00:28:42,779

witnesses and and and and as in this

688

00:28:45,649 --> 00:28:43,799

article that I'm going to talk about in

689

00:28:48,529 --> 00:28:45,659

a minute there's been indications I've

690

00:28:49,789 --> 00:28:48,539

interviewed at least 12 maybe more uh

691

00:28:51,890 --> 00:28:49,799

who are going to be the witnesses at

692

00:28:53,330 --> 00:28:51,900

those hearings they are not going to

693

00:28:55,070 --> 00:28:53,340

then come forward and tell you what they

694

00:28:58,010 --> 00:28:55,080

have gotten from these Witnesses they're

695

00:29:01,070 --> 00:28:58,020

going to interview them in advance and

696

00:29:02,990 --> 00:29:01,080

then Congressional staffers say Intel

697

00:29:06,649 --> 00:29:03,000

committee staffers will also interview

698

00:29:09,049 --> 00:29:06,659

them so they so that everyone knows what

699

00:29:11,990 --> 00:29:09,059

their basic testimony is

700

00:29:14,330 --> 00:29:12,000

and and and and and deals with any

701
00:29:15,830 --> 00:29:14,340
concerns that that they may have about

702
00:29:19,130 --> 00:29:15,840
that and I don't think they're going to

703
00:29:21,470 --> 00:29:19,140
censor right uh and and so on so they

704
00:29:23,090 --> 00:29:21,480
know the right questions to ask in an

705
00:29:24,350 --> 00:29:23,100
intelligent way this is the way you go

706
00:29:25,430 --> 00:29:24,360
about doing hearings correctly you just

707
00:29:27,590 --> 00:29:25,440
don't have them show up and let's see

708
00:29:28,970 --> 00:29:27,600
what happens and so they've already done

709
00:29:30,590 --> 00:29:28,980
those interviews I believe the

710
00:29:32,810 --> 00:29:30,600
interviews are already taking place over

711
00:29:35,269 --> 00:29:32,820
at the staff level at the Congress right

712
00:29:38,029 --> 00:29:35,279
again leading to what Congressional

713
00:29:41,269 --> 00:29:38,039

hearings and so we'll Circle back to

714

00:29:43,870 --> 00:29:41,279

that but I need to uh I need to address

715

00:29:47,330 --> 00:29:43,880

some of your points here

716

00:29:50,090 --> 00:29:47,340

who does the first round of hearings

717

00:29:52,669 --> 00:29:50,100

with the witnesses is that a house thing

718

00:29:56,149 --> 00:29:52,679

or is that a senate thing interesting

719

00:29:57,830 --> 00:29:56,159

you see any committee in Congress even

720

00:30:00,169 --> 00:29:57,840

the agricultural committee could

721

00:30:02,389 --> 00:30:00,179

theoretically demand a hearing on this

722

00:30:04,070 --> 00:30:02,399

and ask for some people to show up right

723

00:30:06,350 --> 00:30:04,080

bring some witnesses it but if the

724

00:30:08,810 --> 00:30:06,360

agricultural committee chair tried to do

725

00:30:10,930 --> 00:30:08,820

this they'd make a he or she would make

726

00:30:14,750 --> 00:30:10,940

a fool of himself

727

00:30:17,690 --> 00:30:14,760

Andre Carson would be okay

728

00:30:20,450 --> 00:30:17,700

sure but you have to understand

729

00:30:21,769 --> 00:30:20,460

yes there is a lot of internal politics

730

00:30:23,330 --> 00:30:21,779

in the House and Senate there are

731

00:30:25,010 --> 00:30:23,340

protocols and way things are done and

732

00:30:26,930 --> 00:30:25,020

you don't step on other people's toes

733

00:30:28,850 --> 00:30:26,940

and you follow the rules or people won't

734

00:30:30,830 --> 00:30:28,860

cooperate with you it's getting a little

735

00:30:32,269 --> 00:30:30,840

Messier these days I hope it'll get back

736

00:30:34,730 --> 00:30:32,279

to normal soon

737

00:30:39,350 --> 00:30:34,740

so let's be clear

738

00:30:41,750 --> 00:30:39,360

the testimony regarding this issue

739

00:30:43,549 --> 00:30:41,760

the reality of an E.T presence

740

00:30:45,470 --> 00:30:43,559

these will be the biggest hearings of

741

00:30:48,470 --> 00:30:45,480

all time but it's all the biggest

742

00:30:50,210 --> 00:30:48,480

audience of all time is it Senate is it

743

00:30:51,909 --> 00:30:50,220

Marco Rubio the Senate intelligence

744

00:30:54,409 --> 00:30:51,919

committee

745

00:30:55,549 --> 00:30:54,419

when you're talking about something this

746

00:30:57,470 --> 00:30:55,559

big

747

00:31:00,710 --> 00:30:57,480

is profound

748

00:31:03,649 --> 00:31:00,720

you go you go to the top right and there

749

00:31:06,049 --> 00:31:03,659

is a hierarchy of committees in Congress

750

00:31:08,210 --> 00:31:06,059

the in select Intel committees are like

751
00:31:09,830 --> 00:31:08,220
considered Numero Uno

752
00:31:11,149 --> 00:31:09,840
number two is the armed service

753
00:31:12,769 --> 00:31:11,159
committee

754
00:31:14,930 --> 00:31:12,779
after that

755
00:31:16,250 --> 00:31:14,940
it may vary Homeland Security is

756
00:31:17,570 --> 00:31:16,260
important ways and means are pretty

757
00:31:20,690 --> 00:31:17,580
important but when it comes to National

758
00:31:24,049 --> 00:31:20,700
Security the Senate Intel is Numero Uno

759
00:31:26,029 --> 00:31:24,059
and so I it is hard for me to imagine

760
00:31:28,430 --> 00:31:26,039
that when the real hearings start with

761
00:31:30,529 --> 00:31:28,440
Witnesses like salus and others that

762
00:31:33,110 --> 00:31:30,539
it's going to be some subcommittee of a

763
00:31:36,169 --> 00:31:33,120

house committee no it's going to be the

764

00:31:38,750 --> 00:31:36,179

Intel committee the and and the the tip

765

00:31:41,930 --> 00:31:38,760

off to that is who sponsored the first

766

00:31:45,370 --> 00:31:41,940

legislation in this issue it was Marco

767

00:31:48,889 --> 00:31:45,380

Rubio who put it in the kovid

768

00:31:50,870 --> 00:31:48,899

omnimus bill right 2020. that launches

769

00:31:52,810 --> 00:31:50,880

the whole thing and then who gets

770

00:31:55,310 --> 00:31:52,820

involved in the next the next bill

771

00:31:57,230 --> 00:31:55,320

gillibrand also a member of the Senate

772

00:31:59,870 --> 00:31:57,240

didn't tell committee and who sponsors

773

00:32:03,110 --> 00:31:59,880

the the language in the third Bill 2023

774

00:32:05,090 --> 00:32:03,120

Mark Warner the that now chairman of the

775

00:32:06,230 --> 00:32:05,100

Senate info committee Rubio is the

776

00:32:08,269 --> 00:32:06,240

ranking member

777

00:32:10,190 --> 00:32:08,279

you're getting the message now the house

778

00:32:11,690 --> 00:32:10,200

is trying to get in there I I you know

779

00:32:13,730 --> 00:32:11,700

the house is looking back and going you

780

00:32:15,830 --> 00:32:13,740

know I know this is really huge and the

781

00:32:18,470 --> 00:32:15,840

Senate is probably it defers there but

782

00:32:20,990 --> 00:32:18,480

you know we we count we matter and and

783

00:32:23,810 --> 00:32:21,000

this is going to be enormously political

784

00:32:25,310 --> 00:32:23,820

implicit implications right and so any

785

00:32:26,690 --> 00:32:25,320

person that's attached to it they're

786

00:32:28,430 --> 00:32:26,700

writing history like the people who

787

00:32:30,049 --> 00:32:28,440

became famous on the Watergate hearings

788

00:32:32,149 --> 00:32:30,059

and so they're down there and Andre

789

00:32:34,549 --> 00:32:32,159

Carson's going you know I I think I can

790

00:32:37,250 --> 00:32:34,559

make a move here so he he calls a a

791

00:32:40,130 --> 00:32:37,260

Committee hearing okay good good for him

792

00:32:42,230 --> 00:32:40,140

all right uh and that was that's been

793

00:32:43,070 --> 00:32:42,240

the only House briefing that has taken

794

00:32:44,810 --> 00:32:43,080

place

795

00:32:46,370 --> 00:32:44,820

the other two the other one was of

796

00:32:48,529 --> 00:32:46,380

course in uh in the Senate with

797

00:32:51,049 --> 00:32:48,539

gillibran subcommittee of armed services

798

00:32:55,430 --> 00:32:51,059

but I should mention by the way in case

799

00:32:58,490 --> 00:32:55,440

I don't forget that on May 28th on May

800

00:33:00,769 --> 00:32:58,500

28th March 21 March 28th

801
00:33:02,990 --> 00:33:00,779
prior to this Committee hearing with

802
00:33:05,690 --> 00:33:03,000
Kirkpatrick

803
00:33:09,409 --> 00:33:05,700
gillibrand had another

804
00:33:12,169 --> 00:33:09,419
briefing in front of her subcommittee on

805
00:33:15,769 --> 00:33:12,179
uh emerging threats and and capabilities

806
00:33:18,110 --> 00:33:15,779
with the Secretary of Defense

807
00:33:19,850 --> 00:33:18,120
and Moultrie who is now in another under

808
00:33:22,310 --> 00:33:19,860
secretary position a very high position

809
00:33:24,409 --> 00:33:22,320
not related to The Arrow program was

810
00:33:25,850 --> 00:33:24,419
there and another under secretary was

811
00:33:28,130 --> 00:33:25,860
there and they were discussing a range

812
00:33:30,470 --> 00:33:28,140
of things but lo and behold in other

813
00:33:32,450 --> 00:33:30,480

words it wasn't about this but she chose

814

00:33:34,190 --> 00:33:32,460

to bring it up anyway and she brought it

815

00:33:37,430 --> 00:33:34,200

up to

816

00:33:40,130 --> 00:33:37,440

the Secretary of Defense Austin about

817

00:33:41,750 --> 00:33:40,140

the funding and how things going and is

818

00:33:44,210 --> 00:33:41,760

the funding getting there in time has

819

00:33:46,009 --> 00:33:44,220

this been going the way it should be and

820

00:33:48,529 --> 00:33:46,019

several people answered including Austin

821

00:33:51,169 --> 00:33:48,539

this was the first time in the history

822

00:33:53,630 --> 00:33:51,179

of this issue that a secretary of

823

00:33:56,690 --> 00:33:53,640

defense has been asked in a hearing or

824

00:33:59,509 --> 00:33:56,700

briefing of Congress a question about

825

00:34:01,549 --> 00:33:59,519

this issue that that's the kind of

826

00:34:05,389 --> 00:34:01,559

progress we're making and Austin gave

827

00:34:07,009 --> 00:34:05,399

her a standard sober response and then a

828

00:34:08,690 --> 00:34:07,019

few weeks later you've got Kirkpatrick

829

00:34:10,450 --> 00:34:08,700

back in front of the same committee I

830

00:34:13,310 --> 00:34:10,460

mean I understand people are are

831

00:34:15,530 --> 00:34:13,320

skeptical and they've been around this

832

00:34:19,010 --> 00:34:15,540

been many times and I've been talking

833

00:34:23,109 --> 00:34:19,020

about disclosure for 25 years but folks

834

00:34:26,710 --> 00:34:23,119

it's happening right of all things end

835

00:34:30,470 --> 00:34:26,720

including truth embargoes accept it

836

00:34:32,930 --> 00:34:30,480

embrace it be generous and understanding

837

00:34:36,050 --> 00:34:32,940

that what they're trying to do is not

838

00:34:38,270 --> 00:34:36,060

easy they just can't hold a meeting and

839

00:34:41,210 --> 00:34:38,280

say hey they're here sorry we didn't

840

00:34:43,669 --> 00:34:41,220

tell you now leave us alone no this is

841

00:34:46,010 --> 00:34:43,679

huge and and by the way there's a lot of

842

00:34:47,869 --> 00:34:46,020

people in journalism and Science and in

843

00:34:49,730 --> 00:34:47,879

Congress that had nothing to do with the

844

00:34:54,050 --> 00:34:49,740

truth embargo right nothing to do with

845

00:34:55,430 --> 00:34:54,060

it at all and they really want to be

846

00:34:59,450 --> 00:34:55,440

involved in this

847

00:35:01,849 --> 00:34:59,460

momentous paradigm shift that's coming

848

00:35:02,930 --> 00:35:01,859

and this process which is dragging on a

849

00:35:04,490 --> 00:35:02,940

little longer than it should have but

850

00:35:07,370 --> 00:35:04,500

there's been some issues that you're

851

00:35:08,990 --> 00:35:07,380

aware of uh is is giving them an

852

00:35:11,089 --> 00:35:09,000

opportunity to be involved perfect

853

00:35:13,069 --> 00:35:11,099

example

854

00:35:15,349 --> 00:35:13,079

he's been able to get involved and

855

00:35:17,329 --> 00:35:15,359

restore to some degree Harvard's

856

00:35:19,069 --> 00:35:17,339

credibility on this issue after what

857

00:35:21,470 --> 00:35:19,079

they did to John Mack Now understand

858

00:35:24,050 --> 00:35:21,480

he's not prepared to go all the way on

859

00:35:25,609 --> 00:35:24,060

this and and what does he know I think

860

00:35:27,230 --> 00:35:25,619

Avi Logan who's for sure there's an ET

861

00:35:30,170 --> 00:35:27,240

presence he's got connections up to

862

00:35:32,329 --> 00:35:30,180

Wazoo but he's going far enough to put

863

00:35:35,510 --> 00:35:32,339

Harvard in the game you're going to see

864

00:35:37,730 --> 00:35:35,520

a lot of this all right and so again you

865

00:35:39,170 --> 00:35:37,740

have to view it that way and then it

866

00:35:42,589 --> 00:35:39,180

starts to make sense

867

00:35:45,109 --> 00:35:42,599

but what's the end of okay okay so

868

00:35:48,349 --> 00:35:45,119

what's the end of the process though if

869

00:35:51,410 --> 00:35:48,359

they if if it is as you state and by the

870

00:35:52,910 --> 00:35:51,420

way I agree with you okay but if it is

871

00:35:54,710 --> 00:35:52,920

as you state that they just can't do it

872

00:35:56,569 --> 00:35:54,720

they can't do that it's just too huge of

873

00:35:59,390 --> 00:35:56,579

an issue it's just no I didn't say that

874

00:36:01,430 --> 00:35:59,400

but I said that I said that there's a

875

00:36:03,589 --> 00:36:01,440

way they have to do it and and it is

876

00:36:04,910 --> 00:36:03,599

because it's huge more entities need to

877

00:36:07,010 --> 00:36:04,920

be involved they need to be able to

878

00:36:08,870 --> 00:36:07,020

participate in something that's big well

879

00:36:10,849 --> 00:36:08,880

so what's the end of the process though

880

00:36:13,370 --> 00:36:10,859

are we going to have to wait 15 years

881

00:36:16,670 --> 00:36:13,380

because it's so complex or is this

882

00:36:18,650 --> 00:36:16,680

something that is is is eminent you know

883

00:36:21,050 --> 00:36:18,660

what is the end of the process and what

884

00:36:23,930 --> 00:36:21,060

would you expect that statement to be

885

00:36:25,510 --> 00:36:23,940

when the process has ended it's uh to me

886

00:36:28,790 --> 00:36:25,520

pretty straightforward

887

00:36:31,430 --> 00:36:28,800

the the uh

888

00:36:35,690 --> 00:36:31,440

Congressional hearings will be held

889

00:36:36,829 --> 00:36:35,700

and not and very appropriately the

890

00:36:40,010 --> 00:36:36,839

president

891

00:36:42,109 --> 00:36:40,020

and the Congress and everybody else in

892

00:36:43,609 --> 00:36:42,119

government and the Air Force in the Navy

893

00:36:46,069 --> 00:36:43,619

everybody's going to be watching this

894

00:36:48,230 --> 00:36:46,079

everybody in the whole big shabang is

895

00:36:50,990 --> 00:36:48,240

going to be watching together

896

00:36:54,410 --> 00:36:51,000

as these Witnesses give testimony

897

00:36:56,750 --> 00:36:54,420

like in a in a a trial

898

00:37:00,170 --> 00:36:56,760

it basically shows Beyond a reasonable

899

00:37:01,970 --> 00:37:00,180

doubt this is non-human technology in a

900

00:37:04,010 --> 00:37:01,980

non-human presence in other words they

901
00:37:05,510 --> 00:37:04,020
all find out together and of course that

902
00:37:08,150 --> 00:37:05,520
includes the president who would be

903
00:37:11,329 --> 00:37:08,160
watching these series everybody learns

904
00:37:13,970 --> 00:37:11,339
together what a lot of people knew in 47

905
00:37:17,150 --> 00:37:13,980
and others have known all along but now

906
00:37:19,370 --> 00:37:17,160
we learn together comes out it's true

907
00:37:21,770 --> 00:37:19,380
and the ultimate endgame is the

908
00:37:25,130 --> 00:37:21,780
president then confirms it after

909
00:37:27,530 --> 00:37:25,140
everybody is already convinced the

910
00:37:31,190 --> 00:37:27,540
president confirms it which strips away

911
00:37:34,849 --> 00:37:31,200
the political risks makes it less

912
00:37:36,770 --> 00:37:34,859
partisan also it's also appropriate he's

913
00:37:38,089 --> 00:37:36,780

the only person in my view that can can

914

00:37:39,650 --> 00:37:38,099

end the truth and Barbara Now understand

915

00:37:41,150 --> 00:37:39,660

there are other heads of state out there

916

00:37:43,370 --> 00:37:41,160

that could do it tomorrow I like to

917

00:37:45,650 --> 00:37:43,380

remind our government of that we keep

918

00:37:47,569 --> 00:37:45,660

getting a break nobody wants to step

919

00:37:49,370 --> 00:37:47,579

forward macron could come forward

920

00:37:51,349 --> 00:37:49,380

tomorrow Francis been involved in this

921

00:37:52,790 --> 00:37:51,359

issue for years and blow the whole thing

922

00:37:54,230 --> 00:37:52,800

wide open or they could quickly hold

923

00:37:56,089 --> 00:37:54,240

some hearings over the French Parliament

924

00:37:57,890 --> 00:37:56,099

the next thing you know boom there it is

925

00:38:00,770 --> 00:37:57,900

and Crone is the disclosure president

926

00:38:02,930 --> 00:38:00,780

hey what can I say

927

00:38:05,450 --> 00:38:02,940

I'm just saying to our government

928

00:38:07,730 --> 00:38:05,460

you're really making progress now

929

00:38:09,770 --> 00:38:07,740

uh don't stop

930

00:38:11,270 --> 00:38:09,780

and and and to answer the other part of

931

00:38:13,130 --> 00:38:11,280

your question look

932

00:38:14,510 --> 00:38:13,140

any day now

933

00:38:16,609 --> 00:38:14,520

you're going to there's going to be an

934

00:38:18,170 --> 00:38:16,619

announcement it'll be a briefing or

935

00:38:20,030 --> 00:38:18,180

something not a briefing but a like a

936

00:38:22,790 --> 00:38:20,040

press release or a news article is going

937

00:38:23,870 --> 00:38:22,800

to turn up on CNN that the Senate Intel

938

00:38:26,390 --> 00:38:23,880

committee

939

00:38:28,490 --> 00:38:26,400

is announcing that on such and such a

940

00:38:30,349 --> 00:38:28,500

day they're going to hold a hearing on

941

00:38:32,870 --> 00:38:30,359

the UAP issue

942

00:38:34,730 --> 00:38:32,880

taking testimony from members of the

943

00:38:37,310 --> 00:38:34,740

United former current and former members

944

00:38:40,790 --> 00:38:37,320

of the United States military that could

945

00:38:42,710 --> 00:38:40,800

come tomorrow all right that moment you

946

00:38:45,530 --> 00:38:42,720

hear that

947

00:38:48,470 --> 00:38:45,540

uh that announcement

948

00:38:50,569 --> 00:38:48,480

start bringing in you know snacks and

949

00:38:52,250 --> 00:38:50,579

and and and drink and whatever so you

950

00:38:54,710 --> 00:38:52,260

can you know sit in front of the

951
00:38:57,710 --> 00:38:54,720
television for long periods of time and

952
00:39:00,230 --> 00:38:57,720
enjoy yourself and when the day that

953
00:39:02,150 --> 00:39:00,240
hearing starts you can start literally

954
00:39:03,890 --> 00:39:02,160
counting down the days until the

955
00:39:06,230 --> 00:39:03,900
president confirms the ET presence and

956
00:39:08,990 --> 00:39:06,240
it will not take many days two weeks

957
00:39:11,510 --> 00:39:09,000
would be more than enough we I know what

958
00:39:13,849 --> 00:39:11,520
this testimony is is is going to be to

959
00:39:15,530 --> 00:39:13,859
some degree I know a lot of it and a lot

960
00:39:17,569 --> 00:39:15,540
of my colleagues know I think you even

961
00:39:20,089 --> 00:39:17,579
know and let me tell you once that

962
00:39:22,910 --> 00:39:20,099
testimony is out in the open

963
00:39:25,609 --> 00:39:22,920

not not on some you know publication out

964

00:39:26,690 --> 00:39:25,619

of you know you know small website or

965

00:39:29,690 --> 00:39:26,700

something I'm talking about in the open

966

00:39:33,050 --> 00:39:29,700

with 20 50 100 million people watching

967

00:39:35,810 --> 00:39:33,060

under oath to Congress at penalty of

968

00:39:38,150 --> 00:39:35,820

perjury in jail time once that testimony

969

00:39:40,190 --> 00:39:38,160

comes out game over then it's just a

970

00:39:43,430 --> 00:39:40,200

question of how much of it does it take

971

00:39:45,950 --> 00:39:43,440

for people to go that's it we've got it

972

00:39:48,829 --> 00:39:45,960

at that point the president will know

973

00:39:50,810 --> 00:39:48,839

and the president will act and we get

974

00:39:53,329 --> 00:39:50,820

disclosure it should happen this summer

975

00:39:56,510 --> 00:39:53,339

it needs to happen before the political

976

00:39:58,310 --> 00:39:56,520

season which starts obscenely early in

977

00:39:59,690 --> 00:39:58,320

this country right as you know but

978

00:40:01,190 --> 00:39:59,700

you've got to raise billions of dollars

979

00:40:03,470 --> 00:40:01,200

to win the office so you got to start

980

00:40:05,270 --> 00:40:03,480

early it has to start before things get

981

00:40:06,770 --> 00:40:05,280

rolling this fall

982

00:40:08,630 --> 00:40:06,780

because

983

00:40:10,490 --> 00:40:08,640

if this issue is still hanging out there

984

00:40:12,349 --> 00:40:10,500

it's just going to be extremely annoying

985

00:40:14,870 --> 00:40:12,359

and confusing and everybody's going to

986

00:40:16,670 --> 00:40:14,880

be irritated by it on the other hand if

987

00:40:18,109 --> 00:40:16,680

they can get it done this summer the

988

00:40:19,550 --> 00:40:18,119

president's made the announcement it

989

00:40:22,190 --> 00:40:19,560

means that every single person running

990

00:40:25,130 --> 00:40:22,200

for congress running for Senate running

991

00:40:27,670 --> 00:40:25,140

for governor running for anything is

992

00:40:30,470 --> 00:40:27,680

going to start their campaign in a

993

00:40:32,870 --> 00:40:30,480

post-disclosure world where the presence

994

00:40:36,050 --> 00:40:32,880

of this non-human technology and and

995

00:40:38,510 --> 00:40:36,060

presence is confirmed it is fact and

996

00:40:40,609 --> 00:40:38,520

they can just speak to that they can say

997

00:40:42,410 --> 00:40:40,619

I don't know anything they could say oh

998

00:40:44,329 --> 00:40:42,420

I've got a massive UFO library in my

999

00:40:46,849 --> 00:40:44,339

basement I'm very knowledgeable I was a

1000

00:40:49,849 --> 00:40:46,859

friend of satin Friedman's whatever they

1001

00:40:52,310 --> 00:40:49,859

can ask answer legitimate questions with

1002

00:40:54,890 --> 00:40:52,320

legitimate statements and the whole

1003

00:40:56,089 --> 00:40:54,900

thing will get infused in the 2024

1004

00:40:59,270 --> 00:40:56,099

election

1005

00:41:02,089 --> 00:40:59,280

which means it becomes democratized and

1006

00:41:04,069 --> 00:41:02,099

so now the ET presence becomes a matter

1007

00:41:06,770 --> 00:41:04,079

before the entire American people to

1008

00:41:08,990 --> 00:41:06,780

deal with not just the arrow office or

1009

00:41:12,349 --> 00:41:09,000

some members on the hill because they

1010

00:41:14,870 --> 00:41:12,359

will decide in 2024 which candidates

1011

00:41:16,730 --> 00:41:14,880

will be appropriate to elect with

1012

00:41:19,130 --> 00:41:16,740

respect to this new paradigm we are

1013

00:41:21,050 --> 00:41:19,140

living in who is capable of

1014

00:41:23,569 --> 00:41:21,060

understanding this who has spoken to it

1015

00:41:25,210 --> 00:41:23,579

who has stepped up whatever now there's

1016

00:41:29,510 --> 00:41:25,220

certain people that are way out in front

1017

00:41:32,450 --> 00:41:29,520

Rubio Werner hillebrand Tim Burchette

1018

00:41:34,250 --> 00:41:32,460

God knows Andre Carson Diego they're out

1019

00:41:35,829 --> 00:41:34,260

in front they will soon be joined by

1020

00:41:38,870 --> 00:41:35,839

other members of Congress because

1021

00:41:42,050 --> 00:41:38,880

members of Congress are very very keen

1022

00:41:45,770 --> 00:41:42,060

on getting attention media and being

1023

00:41:46,970 --> 00:41:45,780

seen as being important and so the idea

1024

00:41:49,550 --> 00:41:46,980

that they're going to sit back and let

1025

00:41:51,410 --> 00:41:49,560

the biggest issue of all time unfold and

1026

00:41:53,450 --> 00:41:51,420

be resolved while they sit in the back

1027

00:41:56,810 --> 00:41:53,460

bench I don't think so

1028

00:41:58,310 --> 00:41:56,820

I had a John Ramirez on earlier this

1029

00:42:00,530 --> 00:41:58,320

week and he brought up the same point

1030

00:42:04,130 --> 00:42:00,540

Steve and I thought that's a it's an

1031

00:42:08,329 --> 00:42:04,140

interesting take and a sobering one that

1032

00:42:11,690 --> 00:42:08,339

uh uaps uh and and where we are right

1033

00:42:14,230 --> 00:42:11,700

now is an election issue and that's why

1034

00:42:18,470 --> 00:42:14,240

we may see this rapidly

1035

00:42:21,650 --> 00:42:18,480

uh develop uh over the next coming

1036

00:42:24,170 --> 00:42:21,660

months because of the 2024 cycle that's

1037

00:42:27,230 --> 00:42:24,180

about to happen and that this is now

1038

00:42:29,690 --> 00:42:27,240

constituent and an election issue it is

1039

00:42:31,550 --> 00:42:29,700

an election issue but again the

1040

00:42:33,470 --> 00:42:31,560

elections are not really underway you're

1041

00:42:34,910 --> 00:42:33,480

in the early stages right now and

1042

00:42:37,490 --> 00:42:34,920

money's being raised and people are

1043

00:42:39,829 --> 00:42:37,500

declaring I get that but in terms of the

1044

00:42:43,089 --> 00:42:39,839

media buys and all that stuff no we're

1045

00:42:45,589 --> 00:42:43,099

not there yet so it's not formally

1046

00:42:48,109 --> 00:42:45,599

that's not what I'm referring to I'm not

1047

00:42:50,210 --> 00:42:48,119

talking about commercials yet

1048

00:42:53,270 --> 00:42:50,220

um but he's saying that it's it's going

1049

00:42:56,750 --> 00:42:53,280

to be set in place now because it will

1050

00:42:59,210 --> 00:42:56,760

be be addressed in 2024 and I I tend to

1051
00:43:01,730 --> 00:42:59,220
agree with that absolutely but again if

1052
00:43:04,250 --> 00:43:01,740
if we're still in the uh well we're

1053
00:43:05,809 --> 00:43:04,260
we're looking at it and uh oh you know

1054
00:43:06,950 --> 00:43:05,819
we're we're checking and uh we'll let

1055
00:43:08,870 --> 00:43:06,960
you know if you find if we're in that

1056
00:43:10,790 --> 00:43:08,880
kind of a mode come end of summer

1057
00:43:13,250 --> 00:43:10,800
it may be an election issue but it'll be

1058
00:43:15,530 --> 00:43:13,260
a complete mess right it'll be just an

1059
00:43:17,569 --> 00:43:15,540
absolute mess the issue is now spread

1060
00:43:19,309 --> 00:43:17,579
everywhere it's in everybody's mind it's

1061
00:43:20,569 --> 00:43:19,319
a massive media stories including the

1062
00:43:22,550 --> 00:43:20,579
one that we're going to talk about in a

1063
00:43:24,109 --> 00:43:22,560

bit and so the idea that you know

1064

00:43:25,730 --> 00:43:24,119

candidates are being asked about it and

1065

00:43:27,109 --> 00:43:25,740

going well you know I you know I don't

1066

00:43:29,210 --> 00:43:27,119

really know I mean they haven't said

1067

00:43:32,089 --> 00:43:29,220

anything yet I mean I hear there's an

1068

00:43:34,069 --> 00:43:32,099

office set up but whatever no no and and

1069

00:43:35,809 --> 00:43:34,079

without confirmation the candidates are

1070

00:43:37,910 --> 00:43:35,819

not going to take the time and bother to

1071

00:43:39,890 --> 00:43:37,920

actually go read something about it to

1072

00:43:41,450 --> 00:43:39,900

get informed about it and so it's going

1073

00:43:43,010 --> 00:43:41,460

to be a freaking mess and everybody's

1074

00:43:45,290 --> 00:43:43,020

going to be mad as hell because

1075

00:43:47,270 --> 00:43:45,300

candidates who want to be a senator from

1076
00:43:50,390 --> 00:43:47,280
a state will be asked a question about

1077
00:43:52,910 --> 00:43:50,400
Roswell and they'll go Roswell

1078
00:43:54,230 --> 00:43:52,920
uh what state is that in and they're

1079
00:43:56,030 --> 00:43:54,240
people are going to start ripping their

1080
00:43:57,530 --> 00:43:56,040
hair out no

1081
00:44:00,109 --> 00:43:57,540
it's going to be an election issue it's

1082
00:44:02,690 --> 00:44:00,119
got to be after confirmation that will

1083
00:44:04,970 --> 00:44:02,700
be fantastic without confirmation it's

1084
00:44:08,690 --> 00:44:04,980
going to be a friggin clown show well I

1085
00:44:10,910 --> 00:44:08,700
I think that's exactly my point and uh

1086
00:44:13,370 --> 00:44:10,920
that the point that John Ramirez was

1087
00:44:17,870 --> 00:44:13,380
trying to make that get this resolved

1088
00:44:22,370 --> 00:44:17,880

now because this is going to be an issue

1089

00:44:24,890 --> 00:44:22,380

yeah uh to support the 24 uh uh 2024

1090

00:44:26,450 --> 00:44:24,900

election cycle and and there's something

1091

00:44:28,190 --> 00:44:26,460

that I like to talk about a lot and I

1092

00:44:30,109 --> 00:44:28,200

think I know that some of the members on

1093

00:44:32,329 --> 00:44:30,119

the hill have figured this out

1094

00:44:34,250 --> 00:44:32,339

it is going to be issue of enormous

1095

00:44:36,349 --> 00:44:34,260

importance that will attract enormous

1096

00:44:39,010 --> 00:44:36,359

attention right if you're willing to

1097

00:44:42,349 --> 00:44:39,020

speak to it and it is completely

1098

00:44:44,630 --> 00:44:42,359

non-partisan no matter how far out and

1099

00:44:46,490 --> 00:44:44,640

left field or right field you are

1100

00:44:49,670 --> 00:44:46,500

no matter how much trolling you're

1101
00:44:51,470 --> 00:44:49,680
getting about your politics right uh and

1102
00:44:53,390 --> 00:44:51,480
how much hate nail you're getting

1103
00:44:56,450 --> 00:44:53,400
they've already figured out they can

1104
00:44:58,069 --> 00:44:56,460
speak to this issue and it's cool

1105
00:44:59,450 --> 00:44:58,079
it's it's you're not going to get

1106
00:45:01,250 --> 00:44:59,460
attacked by the right if you're a

1107
00:45:04,250 --> 00:45:01,260
Democrat addressing this issue and vice

1108
00:45:06,470 --> 00:45:04,260
versa and so it gives these politicians

1109
00:45:08,630 --> 00:45:06,480
who basically have to prostitute

1110
00:45:09,950 --> 00:45:08,640
themselves raise all this tons of money

1111
00:45:11,210 --> 00:45:09,960
lie through their teeth and go through

1112
00:45:13,790 --> 00:45:11,220
all these hoops jump through all these

1113
00:45:16,010 --> 00:45:13,800

hoops in order to get into you know a

1114

00:45:17,870 --> 00:45:16,020

seat and and and and and most of them

1115

00:45:20,450 --> 00:45:17,880

really hate it they don't want to do

1116

00:45:22,190 --> 00:45:20,460

this this is the system we have until we

1117

00:45:23,870 --> 00:45:22,200

change it they have to go through it

1118

00:45:26,270 --> 00:45:23,880

it's like wading through a Louisiana

1119

00:45:30,349 --> 00:45:26,280

swamp to get the you know go to dinner

1120

00:45:32,510 --> 00:45:30,359

it's awful so there they they would love

1121

00:45:34,910 --> 00:45:32,520

to be able to talk about this issue

1122

00:45:38,270 --> 00:45:34,920

right I don't want to talk about that

1123

00:45:40,250 --> 00:45:38,280

position I had on immigration in 1982.

1124

00:45:41,690 --> 00:45:40,260

let's talk about my position on the

1125

00:45:43,190 --> 00:45:41,700

Extraterrestrial presence and

1126
00:45:46,250 --> 00:45:43,200
everybody's saying yeah yeah let's talk

1127
00:45:48,530 --> 00:45:46,260
about that this is a massive gift to

1128
00:45:50,750 --> 00:45:48,540
politicians who have to go through one

1129
00:45:53,150 --> 00:45:50,760
of the most obscene awful political

1130
00:45:55,430 --> 00:45:53,160
processes in any Democratic country in

1131
00:45:57,710 --> 00:45:55,440
the world right now and I'm thinking if

1132
00:46:00,650 --> 00:45:57,720
I'm them I want this closure get it done

1133
00:46:02,870 --> 00:46:00,660
right I'm re I'm reading all of uh

1134
00:46:05,030 --> 00:46:02,880
Richard Dolan's books right now I'm

1135
00:46:06,650 --> 00:46:05,040
ready get this issue confirmed and I'll

1136
00:46:08,930 --> 00:46:06,660
be out there and I'll be answering

1137
00:46:13,190 --> 00:46:08,940
questions and I'll become a senator

1138
00:46:15,650 --> 00:46:13,200

uh by the way uh Bassett is in his new

1139

00:46:18,470 --> 00:46:15,660

office that is not green screen I can

1140

00:46:20,990 --> 00:46:18,480

make him walk to the back and pour me a

1141

00:46:23,750 --> 00:46:21,000

martini out of one of those uh decanters

1142

00:46:25,970 --> 00:46:23,760

in the back very impressive uh nice digs

1143

00:46:27,650 --> 00:46:25,980

my friend nice digs well I got to do

1144

00:46:29,690 --> 00:46:27,660

even better digs but that's later this

1145

00:46:32,329 --> 00:46:29,700

year that's later but it's more

1146

00:46:33,710 --> 00:46:32,339

disclosure uh I might add yeah oh I have

1147

00:46:35,690 --> 00:46:33,720

something to disclose pretty soon that

1148

00:46:37,970 --> 00:46:35,700

are pretty cool but I wanted to disclose

1149

00:46:40,849 --> 00:46:37,980

them a year ago as you know but yes uh

1150

00:46:43,069 --> 00:46:40,859

this is this is Los Angeles it's filmed

1151

00:46:44,390 --> 00:46:43,079

it's where the film industry is and

1152

00:46:47,210 --> 00:46:44,400

there is a concept here called

1153

00:46:48,829 --> 00:46:47,220

development hell yes and uh until you've

1154

00:46:51,230 --> 00:46:48,839

been in development hell you really

1155

00:46:53,450 --> 00:46:51,240

can't appreciate it appropriately and

1156

00:46:56,270 --> 00:46:53,460

now I've been in it and I'm not

1157

00:46:57,770 --> 00:46:56,280

complaining but it is a young man's game

1158

00:46:59,750 --> 00:46:57,780

you want to be going through development

1159

00:47:04,790 --> 00:46:59,760

hell of making a movie like I don't know

1160

00:47:07,130 --> 00:47:04,800

41 36 not 73. yeah yeah yeah yeah yeah

1161

00:47:08,569 --> 00:47:07,140

but it's almost over and so hopefully

1162

00:47:10,490 --> 00:47:08,579

I'll have some really cool stuff to talk

1163

00:47:12,410 --> 00:47:10,500

about your show on your show in the

1164

00:47:14,210 --> 00:47:12,420

future uh somebody just said my

1165

00:47:17,230 --> 00:47:14,220

background is a hologram yeah I know

1166

00:47:19,670 --> 00:47:17,240

it's it's a new technology though

1167

00:47:21,950 --> 00:47:19,680

this is green screen but it's a new

1168

00:47:23,210 --> 00:47:21,960

technology it's the it's like the hollow

1169

00:47:27,410 --> 00:47:23,220

deck

1170

00:47:30,430 --> 00:47:27,420

um in Star Trek in that it's not real

1171

00:47:33,710 --> 00:47:30,440

right but it is

1172

00:47:36,230 --> 00:47:33,720

oh you spoofed this you spoofed it this

1173

00:47:38,630 --> 00:47:36,240

is not real no I I was gonna I was gonna

1174

00:47:40,670 --> 00:47:38,640

say you you take all your cars down and

1175

00:47:42,170 --> 00:47:40,680

then put up a whole uh you know a green

1176

00:47:45,170 --> 00:47:42,180

screen behind you of guitars and I'm

1177

00:47:48,349 --> 00:47:45,180

going wait a minute it's a hologram it's

1178

00:47:51,530 --> 00:47:48,359

it's a hollow deck it's a holiday

1179

00:47:54,349 --> 00:47:51,540

um now uh uh let's get back on this for

1180

00:47:57,829 --> 00:47:54,359

a second because

1181

00:48:00,050 --> 00:47:57,839

um I felt that Ernst

1182

00:48:01,910 --> 00:48:00,060

um I think Ernst was you had to have a

1183

00:48:04,010 --> 00:48:01,920

good cop bad cop in a situation like

1184

00:48:05,329 --> 00:48:04,020

this you always do I think she was a

1185

00:48:07,730 --> 00:48:05,339

little angry

1186

00:48:10,730 --> 00:48:07,740

um which I I enjoy you need to keep the

1187

00:48:14,030 --> 00:48:10,740

pressure on and you can't make everybody

1188

00:48:18,890 --> 00:48:14,040

feel like this is this is phone in time

1189

00:48:21,670 --> 00:48:18,900

right and this is not important but she

1190

00:48:26,510 --> 00:48:21,680

um uh kept pushing

1191

00:48:29,809 --> 00:48:26,520

for a China Russian resolution

1192

00:48:32,510 --> 00:48:29,819

and and he wasn't he wasn't going there

1193

00:48:34,430 --> 00:48:32,520

he said that there was I'm paraphrasing

1194

00:48:35,809 --> 00:48:34,440

for Kirkpatrick

1195

00:48:39,530 --> 00:48:35,819

um but he said well there's some

1196

00:48:41,870 --> 00:48:39,540

indicators but not right now no I'm I'm

1197

00:48:44,809 --> 00:48:41,880

not I'm not willing to go there now

1198

00:48:47,210 --> 00:48:44,819

maybe he can't go there because it's a

1199

00:48:50,510 --> 00:48:47,220

geopolitical issue but it really seen

1200

00:48:52,730 --> 00:48:50,520

that Ernst wanted that out of him

1201

00:48:55,130 --> 00:48:52,740

um what what did you make of that that

1202

00:48:56,510 --> 00:48:55,140

back and forth look the Senators can ask

1203

00:48:58,910 --> 00:48:56,520

any question they want to all right

1204

00:49:01,730 --> 00:48:58,920

right and and they can make mistakes

1205

00:49:03,170 --> 00:49:01,740

that happens it's it's just no big deal

1206

00:49:06,050 --> 00:49:03,180

it's no big deal

1207

00:49:07,550 --> 00:49:06,060

Kirkpatrick the only reason that China

1208

00:49:09,829 --> 00:49:07,560

comes up at all

1209

00:49:12,730 --> 00:49:09,839

with Kirkpatrick is because of the

1210

00:49:16,130 --> 00:49:12,740

Chinese belong Fiasco right which was

1211

00:49:18,770 --> 00:49:16,140

technically for a while a UAP otherwise

1212

00:49:20,750 --> 00:49:18,780

there's no absolutely no reason to ask

1213

00:49:22,490 --> 00:49:20,760

him about U.S China relations right

1214

00:49:25,190 --> 00:49:22,500

period that's not his that's not his

1215

00:49:28,250 --> 00:49:25,200

office nothing but because of the that

1216

00:49:30,170 --> 00:49:28,260

that Fiasco he got asked about it and of

1217

00:49:32,569 --> 00:49:30,180

course his answer is

1218

00:49:36,650 --> 00:49:32,579

can't really eat that much I can really

1219

00:49:38,450 --> 00:49:36,660

say about that uh and so she kind of

1220

00:49:40,670 --> 00:49:38,460

kind of went off the rail there but it's

1221

00:49:42,410 --> 00:49:40,680

okay it's all right they're used to that

1222

00:49:44,150 --> 00:49:42,420

and he handled as best he could but he's

1223

00:49:47,450 --> 00:49:44,160

the wrong Austin is the one you ask

1224

00:49:50,030 --> 00:49:47,460

about that but the Chinese balloon

1225

00:49:52,250 --> 00:49:50,040

Fiasco was a very uh a learning

1226
00:49:54,109 --> 00:49:52,260
experience teaching experience I think

1227
00:49:55,069 --> 00:49:54,119
for the government uh for those

1228
00:49:56,870 --> 00:49:55,079
particularly those in the government

1229
00:49:59,450 --> 00:49:56,880
still in the fence meaning I don't know

1230
00:50:01,190 --> 00:49:59,460
should we go for it or go backward can

1231
00:50:03,109 --> 00:50:01,200
we just do another like you know

1232
00:50:05,690 --> 00:50:03,119
Robertson report and just pretend this

1233
00:50:07,609 --> 00:50:05,700
never happened no is is this the

1234
00:50:10,010 --> 00:50:07,619
interest in this subject now is intense

1235
00:50:12,230 --> 00:50:10,020
it is everywhere it is filling up

1236
00:50:14,890 --> 00:50:12,240
Twitter and Facebook it's filling up

1237
00:50:17,930 --> 00:50:14,900
hundreds of podcasts netcast broadcast

1238
00:50:20,450 --> 00:50:17,940

it's generating just in just in what I'm

1239

00:50:22,849 --> 00:50:20,460

covering on my print media archive I've

1240

00:50:24,170 --> 00:50:22,859

I've now logged in and these are proper

1241

00:50:26,270 --> 00:50:24,180

articles these are English language

1242

00:50:29,930 --> 00:50:26,280

mainstream articles 4 000 articles since

1243

00:50:32,750 --> 00:50:29,940

December 16th of 2017. four thousand go

1244

00:50:35,329 --> 00:50:32,760

read them all have fun all right and so

1245

00:50:36,950 --> 00:50:35,339

the I so anything turns up that's

1246

00:50:38,690 --> 00:50:36,960

uap-ish

1247

00:50:40,609 --> 00:50:38,700

people are on it I don't know what's

1248

00:50:42,349 --> 00:50:40,619

going on journalists jumping in right

1249

00:50:44,210 --> 00:50:42,359

statements what stuff on Twitter things

1250

00:50:46,010 --> 00:50:44,220

are me and so

1251
00:50:49,069 --> 00:50:46,020
poor

1252
00:50:52,250 --> 00:50:49,079
Biden has had some things happen you

1253
00:50:55,370 --> 00:50:52,260
know that is not fair but but

1254
00:50:57,470 --> 00:50:55,380
giant surveillance balloons they

1255
00:50:59,390 --> 00:50:57,480
a thousand feet right they're not in the

1256
00:51:01,490 --> 00:50:59,400
way of any airplanes and things I mean

1257
00:51:04,130 --> 00:51:01,500
that's the way it works ours fly over

1258
00:51:06,109 --> 00:51:04,140
there at 80 000 feet their satellites

1259
00:51:08,210 --> 00:51:06,119
also fly over and take pictures of us

1260
00:51:11,030 --> 00:51:08,220
they have their own Google Earth over

1261
00:51:12,530 --> 00:51:11,040
there right so we do this that's part of

1262
00:51:14,390 --> 00:51:12,540
the the deal everybody knows this

1263
00:51:16,069 --> 00:51:14,400

everybody knows that everybody spies on

1264

00:51:17,569 --> 00:51:16,079

each other just don't talk about it

1265

00:51:20,210 --> 00:51:17,579

right let's don't make a thing about it

1266

00:51:22,609 --> 00:51:20,220

it's necessary to maintain the peace

1267

00:51:25,010 --> 00:51:22,619

well apparently one of these balloons

1268

00:51:28,309 --> 00:51:25,020

sprung a lake or something and just kind

1269

00:51:29,329 --> 00:51:28,319

of came on down right okay because you

1270

00:51:31,309 --> 00:51:29,339

lose a little layer you're going to come

1271

00:51:33,589 --> 00:51:31,319

down doesn't have to take much and so it

1272

00:51:36,049 --> 00:51:33,599

drops down into the air traffic

1273

00:51:38,569 --> 00:51:36,059

now it's being seen by airplanes and

1274

00:51:40,730 --> 00:51:38,579

it's a risk to air travel and you can't

1275

00:51:42,230 --> 00:51:40,740

ignore it I mean if they could have they

1276

00:51:44,150 --> 00:51:42,240

would have just let it keep going and

1277

00:51:47,450 --> 00:51:44,160

just Sail on out to the Atlantic and

1278

00:51:49,549 --> 00:51:47,460

speak no more of it but no now they got

1279

00:51:52,549 --> 00:51:49,559

to deal with it and the UAP interest

1280

00:51:54,109 --> 00:51:52,559

just intensified that and so Biden was

1281

00:51:55,790 --> 00:51:54,119

in an impossible situation what do I do

1282

00:51:57,710 --> 00:51:55,800

about the stupid balloon

1283

00:52:01,790 --> 00:51:57,720

now that the Chinese could have given

1284

00:52:04,730 --> 00:52:01,800

them an out right by acknowledging it so

1285

00:52:07,549 --> 00:52:04,740

sorry very sorry uh that balloon got a

1286

00:52:09,170 --> 00:52:07,559

little low very sorry uh but uh you know

1287

00:52:10,250 --> 00:52:09,180

we we do surveillance you do

1288

00:52:11,750 --> 00:52:10,260

surveillance something like that but

1289

00:52:13,309 --> 00:52:11,760

that's not the way the game is played so

1290

00:52:15,650 --> 00:52:13,319

they just denied it's a weather balloon

1291

00:52:19,069 --> 00:52:15,660

now you see the irony of that I'm sure

1292

00:52:20,809 --> 00:52:19,079

Jimmy water balloons man they have

1293

00:52:21,890 --> 00:52:20,819

played a very important part of the last

1294

00:52:24,170 --> 00:52:21,900

hundred years

1295

00:52:25,549 --> 00:52:24,180

and that really irritated Biden so they

1296

00:52:27,349 --> 00:52:25,559

shot the damn thing down with a half a

1297

00:52:29,270 --> 00:52:27,359

million dollar missile make a statement

1298

00:52:31,549 --> 00:52:29,280

but at the same time

1299

00:52:33,290 --> 00:52:31,559

other because everybody's looking at the

1300

00:52:35,510 --> 00:52:33,300

sky and thinking balloons they started

1301

00:52:37,549 --> 00:52:35,520

seeing other things these weren't big

1302

00:52:39,290 --> 00:52:37,559

balloons they were small Balloons with

1303

00:52:41,150 --> 00:52:39,300

stuff hanging down from them what do you

1304

00:52:43,970 --> 00:52:41,160

do about those

1305

00:52:46,430 --> 00:52:43,980

well there was a lot of confusion and

1306

00:52:47,329 --> 00:52:46,440

misstatements and the left-handed or the

1307

00:52:49,910 --> 00:52:47,339

right hand was doing I don't know what

1308

00:52:51,950 --> 00:52:49,920

the hell was going on but it was Fiasco

1309

00:52:54,109 --> 00:52:51,960

and so we ended up apparently shooting

1310

00:52:55,430 --> 00:52:54,119

down a couple of ridiculous unimportant

1311

00:52:58,010 --> 00:52:55,440

small balloons that might have been put

1312

00:53:00,650 --> 00:52:58,020

up by some fraternity guys with two more

1313

00:53:02,870 --> 00:53:00,660

half a million dollar missiles right

1314

00:53:05,809 --> 00:53:02,880

that's roughly what I know

1315

00:53:08,569 --> 00:53:05,819

all right and so again how big a fiasco

1316

00:53:10,730 --> 00:53:08,579

well look at their problem then okay

1317

00:53:12,770 --> 00:53:10,740

first of all these these weren't very

1318

00:53:15,410 --> 00:53:12,780

big so I doubt there was any record he

1319

00:53:17,329 --> 00:53:15,420

was blown to bits and so they they don't

1320

00:53:19,130 --> 00:53:17,339

want to say that right they just they

1321

00:53:20,210 --> 00:53:19,140

just say we can't find the wreckage none

1322

00:53:21,770 --> 00:53:20,220

of that irritated people but there

1323

00:53:24,530 --> 00:53:21,780

probably wasn't any records a small

1324

00:53:26,870 --> 00:53:24,540

balloon blown to bits over Lake Huron

1325

00:53:28,670 --> 00:53:26,880

and prudo Bay you think you're gonna go

1326

00:53:30,770 --> 00:53:28,680

find wreckage now if it had been another

1327

00:53:32,150 --> 00:53:30,780

giant Chinese what uh surveillance

1328

00:53:34,370 --> 00:53:32,160

balloon there might have been some but

1329

00:53:35,589 --> 00:53:34,380

no they didn't show any footage of it

1330

00:53:38,210 --> 00:53:35,599

either

1331

00:53:41,030 --> 00:53:38,220

they never told us anything but it was

1332

00:53:43,309 --> 00:53:41,040

important enough to fire missiles Over

1333

00:53:46,910 --> 00:53:43,319

America well there was no way they could

1334

00:53:49,130 --> 00:53:46,920

keep that a secret okay but but here's

1335

00:53:49,790 --> 00:53:49,140

here's the here's the bigger issue with

1336

00:53:52,190 --> 00:53:49,800

that

1337

00:53:55,130 --> 00:53:52,200

if we haven't fired any missiles since

1338

00:53:58,670 --> 00:53:55,140

so suddenly there's nothing

1339

00:54:02,030 --> 00:53:58,680

there you know in in in in the span of

1340

00:54:05,930 --> 00:54:02,040

seven days we shoot down four objects

1341

00:54:09,049 --> 00:54:05,940

and nothing sense and that is three good

1342

00:54:10,790 --> 00:54:09,059

whatever well plus China

1343

00:54:13,069 --> 00:54:10,800

well okay well look here here's the

1344

00:54:14,270 --> 00:54:13,079

thing look they don't they don't want to

1345

00:54:16,549 --> 00:54:14,280

shoot things down

1346

00:54:19,069 --> 00:54:16,559

right this was a fiasco in other words

1347

00:54:22,130 --> 00:54:19,079

this is something this is a UAP thing

1348

00:54:24,829 --> 00:54:22,140

that got out of hand because the public

1349

00:54:26,809 --> 00:54:24,839

interest is so intense that there was no

1350

00:54:28,790 --> 00:54:26,819

way they could kind of finesse it all

1351

00:54:31,549 --> 00:54:28,800

right so they had to deal with it and

1352

00:54:34,130 --> 00:54:31,559

then the thing just got ridiculous so uh

1353

00:54:37,309 --> 00:54:34,140

again under my interpretation people are

1354

00:54:39,890 --> 00:54:37,319

angry what they showed the the shoot

1355

00:54:43,250 --> 00:54:39,900

down of the big Chinese surveillance

1356

00:54:45,290 --> 00:54:43,260

balloon really cool blew it up came down

1357

00:54:46,309 --> 00:54:45,300

why didn't they show the footage of the

1358

00:54:48,470 --> 00:54:46,319

other ones

1359

00:54:50,150 --> 00:54:48,480

well let me tell you if you're the

1360

00:54:51,710 --> 00:54:50,160

America if you're the Air Force or

1361

00:54:53,569 --> 00:54:51,720

you're the US government and you just

1362

00:54:54,829 --> 00:54:53,579

shot down some silly ass fraternity

1363

00:54:58,130 --> 00:54:54,839

balloon with a half a million dollar

1364

00:55:01,069 --> 00:54:58,140

missile you do not want to show the the

1365

00:55:02,809 --> 00:55:01,079

film of that right it's an embarrassment

1366

00:55:05,930 --> 00:55:02,819

so you just

1367

00:55:07,250 --> 00:55:05,940

just let's move on folks but because of

1368

00:55:09,109 --> 00:55:07,260

the history of the government on this

1369

00:55:10,790 --> 00:55:09,119

issue everybody's thinking oh oh you're

1370

00:55:14,210 --> 00:55:10,800

not showing film you can't find the

1371

00:55:16,430 --> 00:55:14,220

wreckage oh this might have been Tic

1372

00:55:18,470 --> 00:55:16,440

Tacs or something or Tic Tacs hanging

1373

00:55:20,410 --> 00:55:18,480

from balloons well that's the price of

1374

00:55:23,930 --> 00:55:20,420

all the secrecy and nonsense

1375

00:55:25,849 --> 00:55:23,940

ask those questions Steve what now we're

1376

00:55:27,890 --> 00:55:25,859

supposed to ask those questions I'm not

1377

00:55:29,750 --> 00:55:27,900

saying you shouldn't ask them I'm just

1378

00:55:31,190 --> 00:55:29,760

trying to explain why you're not getting

1379

00:55:35,809 --> 00:55:31,200

the answers

1380

00:55:38,030 --> 00:55:35,819

yeah and I I just find it for me uh to

1381

00:55:41,690 --> 00:55:38,040

have missiles fired over North America

1382

00:55:45,829 --> 00:55:41,700

like that in Rapid succession uh without

1383

00:55:49,510 --> 00:55:45,839

answers to uh the American people about

1384

00:55:52,730 --> 00:55:49,520

what they were shooting down and and and

1385

00:55:55,670 --> 00:55:52,740

imagery of it to have none of that

1386

00:55:58,970 --> 00:55:55,680

included if it was important enough uh

1387

00:56:01,430 --> 00:55:58,980

to shoot missiles over North America I

1388

00:56:03,589 --> 00:56:01,440

think we deserve some uh some

1389

00:56:05,809 --> 00:56:03,599

transparency and we didn't have any of

1390

00:56:07,790 --> 00:56:05,819

that well you know what can I say uh

1391

00:56:09,230 --> 00:56:07,800

Jimmy I've lived a long time and the

1392

00:56:10,549 --> 00:56:09,240

list of things that we deserve

1393

00:56:12,470 --> 00:56:10,559

transparency on we don't get

1394

00:56:15,890 --> 00:56:12,480

transparency is an extremely long list

1395

00:56:18,170 --> 00:56:15,900

yeah except for you're right Steve

1396

00:56:20,270 --> 00:56:18,180

you've never been more right but we're

1397

00:56:22,790 --> 00:56:20,280

talking about missiles over North

1398

00:56:28,609 --> 00:56:25,910

yeah I I mean I think it's a pretty

1399

00:56:30,710 --> 00:56:28,619

serious situation well I think I'm

1400

00:56:32,809 --> 00:56:30,720

pretty sure that that when they shot the

1401

00:56:34,910 --> 00:56:32,819

one down over prudo Bay they got they

1402

00:56:36,950 --> 00:56:34,920

got on the Alaska side and they aimed at

1403

00:56:38,450 --> 00:56:36,960

it heading towards the Arctic Ocean and

1404

00:56:40,190 --> 00:56:38,460

and when they shot the one down over

1405

00:56:42,950 --> 00:56:40,200

Lake Huron I'm sure the missile was

1406

00:56:45,710 --> 00:56:42,960

aiming towards Canada so so it became

1407

00:56:48,049 --> 00:56:45,720

Trudeau's problems but whatever it was a

1408

00:56:50,329 --> 00:56:48,059

fiasco all right look they don't shoot

1409

00:56:52,549 --> 00:56:50,339

at extraterrestrial craft right they

1410

00:56:55,490 --> 00:56:52,559

don't do that they knew a long time ago

1411

00:56:57,290 --> 00:56:55,500

you don't do that uh and and that's

1412

00:56:58,910 --> 00:56:57,300

another Point that's interesting all

1413

00:57:01,430 --> 00:56:58,920

right we have these sightings all the

1414

00:57:03,829 --> 00:57:01,440

time everywhere pretty good ones right

1415

00:57:05,930 --> 00:57:03,839

here there everywhere ships what

1416

00:57:08,150 --> 00:57:05,940

aircraft carriers they don't shoot at

1417

00:57:09,890 --> 00:57:08,160

them interesting but a Chinese weather

1418

00:57:13,010 --> 00:57:09,900

balloons turns up we got to take that

1419

00:57:14,510 --> 00:57:13,020

sucker down and so what's the difference

1420

00:57:17,750 --> 00:57:14,520

first of all they know it's a Chinese

1421

00:57:19,970 --> 00:57:17,760

weather balloon rather and so okay we're

1422

00:57:22,609 --> 00:57:19,980

going to shoot it down they also know

1423

00:57:25,250 --> 00:57:22,619

that these other things are ET craft and

1424

00:57:26,630 --> 00:57:25,260

they know you don't shoot at them all

1425

00:57:28,609 --> 00:57:26,640

right so they're basically it's all

1426
00:57:29,870 --> 00:57:28,619
common sense right now but they didn't

1427
00:57:31,609 --> 00:57:29,880
want to shoot at the Chinese balloon

1428
00:57:33,829 --> 00:57:31,619
believe me they don't want to

1429
00:57:36,230 --> 00:57:33,839
auditions right the damn thing dropped

1430
00:57:38,450 --> 00:57:36,240
down to 40 000 feet it happens remember

1431
00:57:40,010 --> 00:57:38,460
the U2 back in Eisenhower's

1432
00:57:42,470 --> 00:57:40,020
Administration just before the big

1433
00:57:44,150 --> 00:57:42,480
Summit right when the YouTube higher

1434
00:57:45,770 --> 00:57:44,160
Gary Powers got a little low or

1435
00:57:47,329 --> 00:57:45,780
something and got taken out by a missile

1436
00:57:49,910 --> 00:57:47,339
and had to parachute down and it became

1437
00:57:52,069 --> 00:57:49,920
a fiasco and into the summit these

1438
00:57:55,130 --> 00:57:52,079

things happen so consider this Chinese

1439

00:58:00,130 --> 00:57:55,140

weather balloon not a big UAP thing but

1440

00:58:02,510 --> 00:58:00,140

a another uh YouTube U2 Fiasco part two

1441

00:58:05,150 --> 00:58:02,520

back in the 60s

1442

00:58:07,549 --> 00:58:05,160

uh I'll take this to a whole nother

1443

00:58:10,549 --> 00:58:07,559

level for you Steve back in the 60s

1444

00:58:15,490 --> 00:58:10,559

right here in my town of Palmdale

1445

00:58:20,450 --> 00:58:15,500

the uh Lockheed is test firing a remote

1446

00:58:23,690 --> 00:58:20,460

controlled drone in the 60s they they

1447

00:58:25,609 --> 00:58:23,700

launch it it goes errant

1448

00:58:28,549 --> 00:58:25,619

you know what we did

1449

00:58:32,569 --> 00:58:28,559

we shot it down over the City of

1450

00:58:36,049 --> 00:58:32,579

Palmdale we scrambled a jet fired a

1451
00:58:39,650 --> 00:58:36,059
missile over a populated American city

1452
00:58:42,470 --> 00:58:39,660
and shot that thing down oh yeah all

1453
00:58:45,349 --> 00:58:42,480
right but we were also told what we shot

1454
00:58:48,349 --> 00:58:45,359
down and it was a secret research

1455
00:58:51,410 --> 00:58:48,359
project it was a remote controlled drone

1456
00:58:54,049 --> 00:58:51,420
imagine that technology in the 1960s all

1457
00:58:56,390 --> 00:58:54,059
of that was transparent and disclosed

1458
00:58:58,430 --> 00:58:56,400
you know yeah it did happen over

1459
00:59:00,230 --> 00:58:58,440
Palmdale and probably pieces of it

1460
00:59:02,210 --> 00:59:00,240
landed in somebody's swimming pool this

1461
00:59:04,609 --> 00:59:02,220
happened over at Lake Huron in prudo Bay

1462
00:59:07,069 --> 00:59:04,619
so you know the government's going to go

1463
00:59:10,250 --> 00:59:07,079

with the flow here right we don't have

1464

00:59:12,890 --> 00:59:10,260

Imaging data and and we have sensor data

1465

00:59:14,870 --> 00:59:12,900

and and none no there was Zero

1466

00:59:20,089 --> 00:59:14,880

transparency back to the public and I'm

1467

00:59:21,950 --> 00:59:20,099

I'm not I'm not satisfied with with not

1468

00:59:23,809 --> 00:59:21,960

telling us anything I'm not satisfied

1469

00:59:25,549 --> 00:59:23,819

with that and I was pretty surprised no

1470

00:59:27,770 --> 00:59:25,559

we did find out they shot something now

1471

00:59:29,450 --> 00:59:27,780

right we got that we just didn't get the

1472

00:59:31,730 --> 00:59:29,460

details right because they were

1473

00:59:34,069 --> 00:59:31,740

embarrassing right governments hate to

1474

00:59:36,230 --> 00:59:34,079

be embarrassed this is this is something

1475

00:59:38,630 --> 00:59:36,240

that activists know and take advantage

1476

00:59:41,270 --> 00:59:38,640

of whenever they can and shouldn't you

1477

00:59:44,810 --> 00:59:41,280

as an activist shouldn't you be pounding

1478

00:59:48,670 --> 00:59:44,820

and and angry and and burning stuff down

1479

00:59:51,430 --> 00:59:48,680

[Laughter]

1480

00:59:54,490 --> 00:59:51,440

hey Steve Steve Steve

1481

00:59:57,109 --> 00:59:54,500

let's take a break

1482

00:59:59,690 --> 00:59:57,119

yeah go to commercial I I it's going to

1483

01:00:01,010 --> 00:59:59,700

take a while to recover but we'll be

1484

01:00:04,010 --> 01:00:01,020

right back our guest tonight is Steve

1485

01:00:06,410 --> 01:00:04,020

Bassett I am Jimmy church this is Jimmy

1486

01:00:08,030 --> 01:00:06,420

Church of Fade to Black please visit all

1487

01:00:11,450 --> 01:00:08,040

of our sponsors we're taking a quick

1488

01:00:13,970 --> 01:00:11,460

break here all of the links are below

1489

01:00:16,250 --> 01:00:13,980

and we'll be right back

1490

01:00:19,730 --> 01:00:16,260

this is Jimmy church and I want to

1491

01:00:21,950 --> 01:00:19,740

introduce you to lifewaves x39 Stem Cell

1492

01:00:25,130 --> 01:00:21,960

Activation batch which has totally

1493

01:00:28,030 --> 01:00:25,140

transformed my health my sleep brain and

1494

01:00:30,530 --> 01:00:28,040

my eyes I no longer need reading glasses

1495

01:00:34,190 --> 01:00:30,540

x39 is a true breakthrough in

1496

01:00:36,530 --> 01:00:34,200

regenerative science using light x-39's

1497

01:00:38,690 --> 01:00:36,540

patented age reversal Technologies

1498

01:00:40,430 --> 01:00:38,700

clinically proven to Signal the

1499

01:00:42,710 --> 01:00:40,440

activation of younger stem cells

1500

01:00:45,950 --> 01:00:42,720

accelerating the body's natural healing

1501

01:00:48,230 --> 01:00:45,960

process x39 promotes restoration and

1502

01:00:50,690 --> 01:00:48,240

Rejuvenation bringing the life-changing

1503

01:00:52,970 --> 01:00:50,700

benefits that I've experienced by

1504

01:00:56,089 --> 01:00:52,980

naturally elevating a master signaling

1505

01:00:58,849 --> 01:00:56,099

peptide in the body x-39 boost Vitality

1506

01:01:01,730 --> 01:00:58,859

health and wellness and resets 4 000

1507

01:01:04,370 --> 01:01:01,740

genes to a younger healthier State it's

1508

01:01:08,109 --> 01:01:04,380

one patch once a day and you can turn

1509

01:01:11,510 --> 01:01:08,119

back time with x-39 just go to

1510

01:01:14,930 --> 01:01:11,520

healingworksnow.com that's works with an

1511

01:01:19,849 --> 01:01:17,510

hey everybody it's Billy Carson also

1512

01:01:21,289 --> 01:01:19,859

known as Forbidden Knowledge I want to

1513

01:01:25,010 --> 01:01:21,299

talk to you about a very special event

1514

01:01:27,109 --> 01:01:25,020

coming up July 30th 2023 The Forbidden

1515

01:01:28,730 --> 01:01:27,119

conscious Awards we're going to honor

1516

01:01:31,130 --> 01:01:28,740

people who have been contributing to the

1517

01:01:32,630 --> 01:01:31,140

conscious Community for decades people

1518

01:01:34,370 --> 01:01:32,640

that you know and love that have helped

1519

01:01:36,349 --> 01:01:34,380

you get to higher levels of thought and

1520

01:01:38,569 --> 01:01:36,359

Consciousness and awareness it's going

1521

01:01:39,829 --> 01:01:38,579

to be alive in-person event but since

1522

01:01:41,329 --> 01:01:39,839

we're going to sell out very fast you

1523

01:01:43,370 --> 01:01:41,339

want to make sure you're there in person

1524

01:01:45,190 --> 01:01:43,380

and guess what you can help vote for the

1525

01:01:47,210 --> 01:01:45,200

winners voting is available on

1526
01:01:48,829 --> 01:01:47,220
forbiddenknowledge.com and the

1527
01:01:51,950 --> 01:01:48,839
categories are going to be social media

1528
01:01:53,829 --> 01:01:51,960
influencer podcast slash radio host TV

1529
01:01:55,609 --> 01:01:53,839
host actor director producer

1530
01:01:57,049 --> 01:01:55,619
entrepreneurs health and wellness

1531
01:01:59,510 --> 01:01:57,059
philanthropists authors field

1532
01:02:01,250 --> 01:01:59,520
researchers archaeologists space anomaly

1533
01:02:04,130 --> 01:02:01,260
hunters and of course a Lifetime

1534
01:02:06,049 --> 01:02:04,140
Achievement Award I'll be your keynote

1535
01:02:07,970 --> 01:02:06,059
speaker that night at The Forbidden

1536
01:02:10,309 --> 01:02:07,980
conscious Awards we have celebrity

1537
01:02:11,809 --> 01:02:10,319
guests performing we'll have a halftime

1538
01:02:13,490 --> 01:02:11,819

show where we're actually going to

1539

01:02:16,130 --> 01:02:13,500

perform music for you and don't forget

1540

01:02:18,109 --> 01:02:16,140

about the pre-event mixer where if you

1541

01:02:20,030 --> 01:02:18,119

buy a box seat you'll be in the VIP

1542

01:02:22,670 --> 01:02:20,040

section and you also have private access

1543

01:02:25,789 --> 01:02:22,680

to a big-ip mixer with celebrity guests

1544

01:02:27,530 --> 01:02:25,799

shake hands break bread Network and then

1545

01:02:29,390 --> 01:02:27,540

walk the red carpet with us and take

1546

01:02:30,650 --> 01:02:29,400

amazing photos it's going to be a night

1547

01:02:32,870 --> 01:02:30,660

to remember you don't want to forget

1548

01:02:34,549 --> 01:02:32,880

this make sure you hurry up and get your

1549

01:02:37,010 --> 01:02:34,559

tickets because you're selling out very

1550

01:02:38,790 --> 01:02:37,020

fast I want to see you there forbidden

1551
01:02:42,410 --> 01:02:38,800
conscious Awards 2023

1552
01:02:45,829 --> 01:02:42,420
[Music]

1553
01:02:48,650 --> 01:02:45,839
River Moon coffee makers of the Fade to

1554
01:02:50,470 --> 01:02:48,660
Black blend truly the best coffee on

1555
01:02:52,730 --> 01:02:50,480
planet Earth just visit

1556
01:02:54,589 --> 01:02:52,740
rivermoonwellness.com or their Amazon

1557
01:02:56,030 --> 01:02:54,599
store it's all simple to do you can

1558
01:02:58,069 --> 01:02:56,040
check out the Fade to Black blend the

1559
01:03:00,770 --> 01:02:58,079
game changer Blend or any of their black

1560
01:03:04,490 --> 01:03:00,780
moon wellness products it's the only

1561
01:03:09,589 --> 01:03:04,500
coffee I drink it is the best and it's

1562
01:03:13,430 --> 01:03:12,349
all right Welcome Back Fade to Black I

1563
01:03:16,010 --> 01:03:13,440

am your host Jimmy church tonight

1564

01:03:19,609 --> 01:03:16,020

Stephen Bassett is with us I'm being

1565

01:03:21,710 --> 01:03:19,619

very serious about x39 I am not wearing

1566

01:03:24,230 --> 01:03:21,720

glasses you need to check it out it's a

1567

01:03:28,849 --> 01:03:24,240

patch I wear it right here face of my

1568

01:03:31,010 --> 01:03:28,859

neck nobody can see it stem cells yeah I

1569

01:03:35,210 --> 01:03:31,020

got my vision back got my vision back

1570

01:03:37,609 --> 01:03:35,220

and uh Stephen you let me I've never you

1571

01:03:41,030 --> 01:03:37,619

wear glasses once in a while when you're

1572

01:03:43,250 --> 01:03:41,040

trying to look really smart yeah you

1573

01:03:45,230 --> 01:03:43,260

know and and I thought it would work for

1574

01:03:47,630 --> 01:03:45,240

me wearing glasses and trying to look

1575

01:03:50,750 --> 01:03:47,640

like the smart guy in the room didn't no

1576

01:03:53,109 --> 01:03:50,760

no but I got my vision back man I can

1577

01:03:57,170 --> 01:03:53,119

see it's crazy it's crazy

1578

01:04:00,829 --> 01:03:57,180

it's interesting yeah I can see close I

1579

01:04:02,510 --> 01:04:00,839

need glasses for far uh but hey look I'm

1580

01:04:04,370 --> 01:04:02,520

waiting for those stem cell patches you

1581

01:04:07,190 --> 01:04:04,380

put on like completely rejuvenates your

1582

01:04:09,530 --> 01:04:07,200

liver and that's the ones I'm wearing oh

1583

01:04:11,510 --> 01:04:09,540

that sounds a matter of time yeah yeah

1584

01:04:14,450 --> 01:04:11,520

well I was supposed to wear them over

1585

01:04:16,010 --> 01:04:14,460

each eye but it it it doesn't work for

1586

01:04:18,410 --> 01:04:16,020

the show

1587

01:04:21,109 --> 01:04:18,420

um so I want to get to some of those

1588

01:04:23,750 --> 01:04:21,119

stuff that's in the press and and we're

1589

01:04:26,809 --> 01:04:23,760

going to get uh to the witnesses here in

1590

01:04:29,630 --> 01:04:26,819

a second because that was a point that

1591

01:04:33,230 --> 01:04:29,640

uh Kirkpatrick brought up in the hearing

1592

01:04:36,349 --> 01:04:33,240

uh that uh he he he said over two dozen

1593

01:04:39,410 --> 01:04:36,359

Witnesses and apparently it was

1594

01:04:41,809 --> 01:04:39,420

gillibren that sent him those Witnesses

1595

01:04:44,329 --> 01:04:41,819

and she said that there will be more he

1596

01:04:46,089 --> 01:04:44,339

said his staff is overwhelmed at the

1597

01:04:49,490 --> 01:04:46,099

moment she said well I'll write a letter

1598

01:04:51,410 --> 01:04:49,500

you know if you need my help so we're

1599

01:04:54,890 --> 01:04:51,420

going to circle back to that uh because

1600

01:04:58,190 --> 01:04:54,900

I just saw in the comments that there is

1601
01:04:59,589 --> 01:04:58,200
I'm gonna pop this up uh here yeah it

1602
01:05:03,650 --> 01:04:59,599
says the house oversight Community

1603
01:05:07,430 --> 01:05:03,660
Committee is reportedly preparing for a

1604
01:05:09,530 --> 01:05:07,440
congressional UAP Hearing in June

1605
01:05:11,329 --> 01:05:09,540
um so we'll Circle back to this because

1606
01:05:15,470 --> 01:05:11,339
over the weekend

1607
01:05:19,690 --> 01:05:15,480
crazy news uh went viral around the

1608
01:05:23,870 --> 01:05:19,700
world about cattle mutilations in Texas

1609
01:05:26,210 --> 01:05:23,880
uh now as if we haven't had a load of

1610
01:05:28,069 --> 01:05:26,220
everything lately when it comes to UFOs

1611
01:05:32,089 --> 01:05:28,079
and uaps

1612
01:05:35,569 --> 01:05:32,099
um and now we have this coming back uh

1613
01:05:38,569 --> 01:05:35,579

what what'd you make of and not only uh

1614

01:05:41,450 --> 01:05:38,579

the mutilations but it was all of the

1615

01:05:46,549 --> 01:05:41,460

terms right no blood no tire tracks no

1616

01:05:48,670 --> 01:05:46,559

Footprints uh Precision uh removal of of

1617

01:05:51,470 --> 01:05:48,680

of certain things

1618

01:05:54,069 --> 01:05:51,480

what went through your mind well I

1619

01:05:56,950 --> 01:05:54,079

tracked the media constantly every day

1620

01:05:59,809 --> 01:05:56,960

and Academy relations just literally

1621

01:06:01,609 --> 01:05:59,819

disappeared from media coverage and that

1622

01:06:04,609 --> 01:06:01,619

didn't mean it wasn't going on

1623

01:06:06,130 --> 01:06:04,619

it's kind of a basic story I mean once

1624

01:06:07,970 --> 01:06:06,140

you've covered one cattle mutilation

1625

01:06:11,870 --> 01:06:07,980

covered them all

1626
01:06:14,930 --> 01:06:11,880
and so I could easily see why over those

1627
01:06:18,109 --> 01:06:14,940
number of years uh you have an event

1628
01:06:20,210 --> 01:06:18,119
like that and it's you know it's been in

1629
01:06:22,670 --> 01:06:20,220
the news the whole issue about it

1630
01:06:24,410 --> 01:06:22,680
possible being very likely not of human

1631
01:06:26,569 --> 01:06:24,420
origin is out there

1632
01:06:28,490 --> 01:06:26,579
and so if you're a Rancher and you find

1633
01:06:31,430 --> 01:06:28,500
one of those

1634
01:06:33,049 --> 01:06:31,440
what are you going to shock anybody by

1635
01:06:35,329 --> 01:06:33,059
calling up a reporter and saying come

1636
01:06:37,010 --> 01:06:35,339
out and look at this my cow it look how

1637
01:06:38,690 --> 01:06:37,020
it's been cut up no it's just not news

1638
01:06:41,029 --> 01:06:38,700

anymore it's like crop circles are

1639

01:06:43,069 --> 01:06:41,039

disappearing from the news because they

1640

01:06:45,289 --> 01:06:43,079

are normal completely normal now they

1641

01:06:47,870 --> 01:06:45,299

come in every year but hey been covering

1642

01:06:49,370 --> 01:06:47,880

them what more does there to say uh in

1643

01:06:51,289 --> 01:06:49,380

other words the normalization of the ET

1644

01:06:53,450 --> 01:06:51,299

presence has been underway for some time

1645

01:06:55,370 --> 01:06:53,460

and I think that's probably what's

1646

01:06:58,910 --> 01:06:55,380

happening I think that there have been

1647

01:07:00,890 --> 01:06:58,920

instances of this consistently uh over

1648

01:07:02,569 --> 01:07:00,900

the years it's not like the the ETS took

1649

01:07:05,270 --> 01:07:02,579

a break or they didn't need any cow

1650

01:07:07,490 --> 01:07:05,280

blood but rather it's just what's the

1651
01:07:10,670 --> 01:07:07,500
point of reporting it however as the

1652
01:07:14,210 --> 01:07:10,680
issue starts to get hot again right

1653
01:07:16,370 --> 01:07:14,220
Sun ranchers probably make called up the

1654
01:07:18,589 --> 01:07:16,380
paper and said look I I don't like this

1655
01:07:19,849 --> 01:07:18,599
and the reporters come out they take a

1656
01:07:22,970 --> 01:07:19,859
look at it and they know the issue is

1657
01:07:24,650 --> 01:07:22,980
hot so they write up the Articles uh so

1658
01:07:26,210 --> 01:07:24,660
this is one of the this is what I call

1659
01:07:29,029 --> 01:07:26,220
one of the five

1660
01:07:31,970 --> 01:07:29,039
ET related phenomena uh the animal

1661
01:07:33,349 --> 01:07:31,980
mutilations or animal harvesting uh and

1662
01:07:36,529 --> 01:07:33,359
it's worth noting

1663
01:07:39,250 --> 01:07:36,539

that in all of these years that I'm been

1664

01:07:42,470 --> 01:07:39,260

aware of it going back to the very first

1665

01:07:43,789 --> 01:07:42,480

articles on on this and and Linda

1666

01:07:45,770 --> 01:07:43,799

Moulton how's work

1667

01:07:49,130 --> 01:07:45,780

the government has not come up with an

1668

01:07:50,870 --> 01:07:49,140

explanation period there is no

1669

01:07:52,910 --> 01:07:50,880

explanation for the I mean no

1670

01:07:55,670 --> 01:07:52,920

explanation that has been that has been

1671

01:07:57,170 --> 01:07:55,680

proven they just can't explain it and

1672

01:07:59,809 --> 01:07:57,180

and the reason they can't explain well

1673

01:08:01,309 --> 01:07:59,819

me this way if they can explain it and I

1674

01:08:03,349 --> 01:08:01,319

think they know what it is they can't

1675

01:08:04,670 --> 01:08:03,359

say the reason because it's E.T and

1676

01:08:06,890 --> 01:08:04,680

there are new ETS

1677

01:08:09,529 --> 01:08:06,900

and so this is just another example of

1678

01:08:11,870 --> 01:08:09,539

the dog that didn't bark right in that

1679

01:08:12,470 --> 01:08:11,880

famous uh show

1680

01:08:16,789 --> 01:08:12,480

um

1681

01:08:19,550 --> 01:08:16,799

homes uh he saw the case because a dog

1682

01:08:22,189 --> 01:08:19,560

should have barked but it didn't this is

1683

01:08:24,349 --> 01:08:22,199

another case the government uh you know

1684

01:08:27,349 --> 01:08:24,359

the killing of of very expensive Ranch

1685

01:08:29,329 --> 01:08:27,359

animals is a big deal particularly the

1686

01:08:30,349 --> 01:08:29,339

ranchers and the idea that they're being

1687

01:08:31,910 --> 01:08:30,359

killed and they don't know what the hell

1688

01:08:33,709 --> 01:08:31,920

is killing them it should it should have

1689

01:08:35,809 --> 01:08:33,719

been they should have absolutely been on

1690

01:08:40,370 --> 01:08:35,819

top of that and put a stop to it they

1691

01:08:44,570 --> 01:08:40,380

can't right I assure you if in American

1692

01:08:47,510 --> 01:08:44,580

cities people started finding dogs right

1693

01:08:49,370 --> 01:08:47,520

right cord out and you know special you

1694

01:08:51,169 --> 01:08:49,380

know with laser-like Precision they

1695

01:08:53,390 --> 01:08:51,179

can't explain my God it would have been

1696

01:08:56,030 --> 01:08:53,400

an uprising in this country and all hell

1697

01:08:57,229 --> 01:08:56,040

would have broken loose fortunately he's

1698

01:09:01,610 --> 01:08:57,239

don't seem to have an interest in dogs

1699

01:09:03,470 --> 01:09:01,620

or cats uh it's cows and so this is just

1700

01:09:05,809 --> 01:09:03,480

another example like the Chinese weather

1701

01:09:07,910 --> 01:09:05,819

balloon that for those that want to

1702

01:09:11,269 --> 01:09:07,920

cling to the truth embargo Into The

1703

01:09:13,550 --> 01:09:11,279

Bitter End forget about it anything that

1704

01:09:15,229 --> 01:09:13,560

happens that has a UAP connection is

1705

01:09:17,150 --> 01:09:15,239

going to be news and it's just going to

1706

01:09:21,950 --> 01:09:17,160

get bigger and bigger and bigger

1707

01:09:23,749 --> 01:09:21,960

and so the timing is is not suspect I

1708

01:09:26,990 --> 01:09:23,759

don't think the timing is suspect at all

1709

01:09:30,050 --> 01:09:27,000

I think it's a it's an obvious thing it

1710

01:09:32,150 --> 01:09:30,060

is news it's an unresolved issue that

1711

01:09:35,809 --> 01:09:32,160

has been going back not only for decades

1712

01:09:39,289 --> 01:09:35,819

but the first reporting of uh animal

1713

01:09:40,450 --> 01:09:39,299

mutilations like this was in 1606 in in

1714

01:09:43,430 --> 01:09:40,460

England

1715

01:09:46,309 --> 01:09:43,440

and uh where they had herds of sheep

1716

01:09:50,269 --> 01:09:46,319

that the same thing you know that that

1717

01:09:52,430 --> 01:09:50,279

have complete carcasses just mutilated

1718

01:09:54,650 --> 01:09:52,440

sheep it's like not not in a way that

1719

01:09:56,750 --> 01:09:54,660

would count for wild animals again the

1720

01:10:00,169 --> 01:09:56,760

ET presence goes back thousands of years

1721

01:10:02,930 --> 01:10:00,179

may not be the same ETS right

1722

01:10:05,270 --> 01:10:02,940

right would be I think absurd to assume

1723

01:10:07,970 --> 01:10:05,280

that uh but it doesn't matter as far as

1724

01:10:11,930 --> 01:10:07,980

I'm concerned uh we are a biosphere with

1725

01:10:15,350 --> 01:10:11,940

a with a pretty rich uh uh life uh

1726

01:10:18,830 --> 01:10:15,360

spectrum and uh for 200 000 years we've

1727

01:10:21,590 --> 01:10:18,840

had a fully accented species uh and so

1728

01:10:24,830 --> 01:10:21,600

that's going to attract attention from

1729

01:10:27,649 --> 01:10:24,840

those who care in our galaxy and they

1730

01:10:29,990 --> 01:10:27,659

have been dealing with that for a long

1731

01:10:33,410 --> 01:10:30,000

time uh I'm only interested in the last

1732

01:10:34,790 --> 01:10:33,420

73 years that's enough for me uh and of

1733

01:10:37,550 --> 01:10:34,800

course what's going on now is very

1734

01:10:40,010 --> 01:10:37,560

special this is not Egypt this is not uh

1735

01:10:41,930 --> 01:10:40,020

Easter Island this is a fully Global

1736

01:10:43,550 --> 01:10:41,940

civilization with Advanced weapons and

1737

01:10:48,169 --> 01:10:43,560

Advanced Communications that is already

1738

01:10:51,530 --> 01:10:48,179

sent a craft outside the solar system uh

1739

01:10:55,189 --> 01:10:51,540

it's time for us to meet our neighbors

1740

01:10:58,490 --> 01:10:55,199

now uh uh let's let's get to these

1741

01:11:01,430 --> 01:10:58,500

Witnesses and uh

1742

01:11:04,189 --> 01:11:01,440

um well okay let's let's actually start

1743

01:11:07,550 --> 01:11:04,199

here what have you heard

1744

01:11:11,390 --> 01:11:07,560

um you know I've read the article uh uh

1745

01:11:14,689 --> 01:11:11,400

with Danny Sheehan uh talking about this

1746

01:11:19,130 --> 01:11:14,699

um so we can actually start there and

1747

01:11:23,990 --> 01:11:19,140

who made these Witnesses be and are they

1748

01:11:26,050 --> 01:11:24,000

the same witnesses that Kirkpatrick has

1749

01:11:28,910 --> 01:11:26,060

interviewed

1750

01:11:31,310 --> 01:11:28,920

uh we know some of the witnesses that

1751

01:11:35,810 --> 01:11:31,320

have gone down there but not all of them

1752

01:11:37,910 --> 01:11:35,820

uh Silas is one I think Gray's for sure

1753

01:11:39,470 --> 01:11:37,920

uh I I think Salas mentioned a couple of

1754

01:11:40,910 --> 01:11:39,480

other nuclear weapons tampering Guys

1755

01:11:42,410 --> 01:11:40,920

these are the most important Witnesses

1756

01:11:44,270 --> 01:11:42,420

by the way the nuclear weapons tampering

1757

01:11:48,410 --> 01:11:44,280

Witnesses are the most important period

1758

01:11:51,410 --> 01:11:48,420

right uh and they will have their day uh

1759

01:11:53,870 --> 01:11:51,420

so but the others no by and large uh the

1760

01:11:55,310 --> 01:11:53,880

witnesses they don't want to go down

1761

01:11:56,510 --> 01:11:55,320

there and be pre-interviewed for a

1762

01:11:58,490 --> 01:11:56,520

hearing and then run out and tell

1763

01:11:59,390 --> 01:11:58,500

everybody they've been there no no uh I

1764

01:12:00,830 --> 01:11:59,400

don't know if they're I don't think

1765

01:12:03,590 --> 01:12:00,840

their names necessarily being put under

1766

01:12:05,030 --> 01:12:03,600

an NDA uh probably not but overall it's

1767

01:12:07,130 --> 01:12:05,040

not a good not good thing you don't want

1768

01:12:10,669 --> 01:12:07,140

to do that you want to give let the

1769

01:12:13,910 --> 01:12:10,679

process uh go forward uh so we're not

1770

01:12:15,470 --> 01:12:13,920

going to uh to know the names of most of

1771

01:12:16,189 --> 01:12:15,480

these Witnesses until they actually turn

1772

01:12:19,310 --> 01:12:16,199

up

1773

01:12:20,750 --> 01:12:19,320

uh at the hearing itself gillibrand has

1774

01:12:22,189 --> 01:12:20,760

probably referred a few but others

1775

01:12:24,229 --> 01:12:22,199

probably in Congress but they're also

1776

01:12:27,530 --> 01:12:24,239

coming from other directions they they

1777

01:12:29,570 --> 01:12:27,540

have one of the questions that she she

1778

01:12:32,810 --> 01:12:29,580

asked him was are you going to set up a

1779

01:12:34,370 --> 01:12:32,820

a report uh uh you know structure where

1780

01:12:36,470 --> 01:12:34,380

people can just send stuff in you know

1781

01:12:37,970 --> 01:12:36,480

like a mailbox or something and he said

1782

01:12:39,950 --> 01:12:37,980

yeah they're putting that together so

1783

01:12:41,930 --> 01:12:39,960

anybody can send a report directly into

1784

01:12:43,970 --> 01:12:41,940

them particularly I think from within

1785

01:12:46,189 --> 01:12:43,980

the government military services

1786

01:12:49,070 --> 01:12:46,199

something else I want to mention

1787

01:12:50,450 --> 01:12:49,080

uh in in this article which you just

1788

01:12:52,850 --> 01:12:50,460

referred to which is one of the most

1789

01:12:56,930 --> 01:12:52,860

comprehensive I've ever seen it was in

1790

01:12:58,610 --> 01:12:56,940

yesterday's uh uh Daily Mail by Josh

1791

01:13:02,270 --> 01:12:58,620

Boswell who's been covering this issue

1792

01:13:04,910 --> 01:13:02,280

for a long time it is mind-blowing okay

1793

01:13:06,470 --> 01:13:04,920

it's it's headline is exclusive six

1794

01:13:08,810 --> 01:13:06,480

whistleblowers who claim they worked on

1795

01:13:10,790 --> 01:13:08,820

Military UFO programs retrieving and

1796

01:13:12,709 --> 01:13:10,800

analyzing crash material have come

1797

01:13:14,990 --> 01:13:12,719

forward to spill their secrets to senior

1798

01:13:16,490 --> 01:13:15,000

members of Congress at some point I'd

1799

01:13:17,990 --> 01:13:16,500

like to talk about this I've I've

1800

01:13:20,450 --> 01:13:18,000

highlighted a bunch of stuff it's

1801
01:13:23,270 --> 01:13:20,460
mind-blowing Boswell you know again the

1802
01:13:25,310 --> 01:13:23,280
UK papers get ahead of our papers they

1803
01:13:27,770 --> 01:13:25,320
tend to get this get this stuff together

1804
01:13:29,510 --> 01:13:27,780
sooner The Washington Post New York

1805
01:13:32,030 --> 01:13:29,520
Times should be writing this but no it's

1806
01:13:33,649 --> 01:13:32,040
coming from The Daily Mail no problem it

1807
01:13:37,070 --> 01:13:33,659
forces the hand of the of the Washington

1808
01:13:39,050 --> 01:13:37,080
Post in New York Times uh to to step

1809
01:13:41,990 --> 01:13:39,060
step in and go okay we're gonna have to

1810
01:13:43,370 --> 01:13:42,000
go here please folks read this article I

1811
01:13:45,890 --> 01:13:43,380
believe there's a link on your site

1812
01:13:47,810 --> 01:13:45,900
Jimmy to this Daily Mail article all

1813
01:13:52,790 --> 01:13:47,820

right so

1814

01:13:55,070 --> 01:13:52,800

uh the the Witnesses are are not going

1815

01:13:58,189 --> 01:13:55,080

to come forward in in in detail until

1816

01:13:59,330 --> 01:13:58,199

they actually appear before Congress

1817

01:14:03,830 --> 01:13:59,340

um and

1818

01:14:05,390 --> 01:14:03,840

again we've gotten a good taste of what

1819

01:14:07,970 --> 01:14:05,400

some of them are going to say because

1820

01:14:10,729 --> 01:14:07,980

they have gone public like fravor and

1821

01:14:12,950 --> 01:14:10,739

Graves and Bob Salas and others but

1822

01:14:16,790 --> 01:14:12,960

there are other Witnesses and this this

1823

01:14:18,229 --> 01:14:16,800

article in the uh uh refers to a lot of

1824

01:14:20,870 --> 01:14:18,239

these I mean let me just give you a

1825

01:14:22,250 --> 01:14:20,880

taste hang on a second

1826

01:14:23,570 --> 01:14:22,260

um by the way while I'm looking for this

1827

01:14:26,410 --> 01:14:23,580

let me mention

1828

01:14:29,810 --> 01:14:26,420

that everything I'm talking about now

1829

01:14:31,070 --> 01:14:29,820

and a lot more I'm going to get into at

1830

01:14:33,050 --> 01:14:31,080

a conference coming up called the

1831

01:14:35,750 --> 01:14:33,060

contact in the desert conference June

1832

01:14:38,450 --> 01:14:35,760

two to four in Indian Wells

1833

01:14:41,030 --> 01:14:38,460

near Palm Springs there's uh going to be

1834

01:14:42,709 --> 01:14:41,040

2 000 people and 60 speakers I'm going

1835

01:14:45,890 --> 01:14:42,719

to do a workshop two hours of nothing

1836

01:14:48,649 --> 01:14:45,900

but q a as well as a lecture on some of

1837

01:14:50,870 --> 01:14:48,659

these things and other stuff contacting

1838

01:14:55,130 --> 01:14:50,880

the desert uh please come and join me

1839

01:14:56,630 --> 01:14:55,140

now let me let me bring up this uh I've

1840

01:14:59,149 --> 01:14:56,640

got the wrong article let me just see if

1841

01:15:04,250 --> 01:14:59,159

I oh here it is okay let me let me just

1842

01:15:06,229 --> 01:15:04,260

give you a taste okay uh by Boswell uh

1843

01:15:09,110 --> 01:15:06,239

he he mentions Nolan

1844

01:15:11,810 --> 01:15:09,120

uh let's see well first of all he really

1845

01:15:13,850 --> 01:15:11,820

gets into Danny Sheehan's work right and

1846

01:15:15,950 --> 01:15:13,860

Danny Sheehan is way in front of this

1847

01:15:17,630 --> 01:15:15,960

issue a lot more than people know

1848

01:15:19,910 --> 01:15:17,640

right

1849

01:15:22,010 --> 01:15:19,920

um uh she and said that some of these

1850

01:15:25,130 --> 01:15:22,020

half dozen whistleblowers briefed the

1851
01:15:27,290 --> 01:15:25,140
staff of Senate committees dealing with

1852
01:15:30,169 --> 01:15:27,300
Military Intelligence even before the

1853
01:15:32,510 --> 01:15:30,179
NDA was passed we knew that and may have

1854
01:15:35,110 --> 01:15:32,520
been the inspiration for senators to

1855
01:15:37,790 --> 01:15:35,120
include the reverse engineering language

1856
01:15:40,430 --> 01:15:37,800
what dominates this article it's not

1857
01:15:42,410 --> 01:15:40,440
it's not just this is that there's all

1858
01:15:44,330 --> 01:15:42,420
these references to reverse engineering

1859
01:15:46,370 --> 01:15:44,340
including witness statements from about

1860
01:15:49,070 --> 01:15:46,380
six or seven different people

1861
01:15:50,870 --> 01:15:49,080
right essentially this article is saying

1862
01:15:53,990 --> 01:15:50,880
flat out we have been reverse

1863
01:15:56,510 --> 01:15:54,000

engineering ATEC ET technology since 47.

1864

01:15:58,130 --> 01:15:56,520

this is the most the strongest article

1865

01:16:00,770 --> 01:15:58,140

I've ever seen that's gone into that I

1866

01:16:03,410 --> 01:16:00,780

mean it touches on all the bases Nolan

1867

01:16:05,510 --> 01:16:03,420

Jacques Valley's diary that Wilson Davis

1868

01:16:07,790 --> 01:16:05,520

notes which Gary Nolan personally

1869

01:16:11,209 --> 01:16:07,800

vouches for because he's known Davis for

1870

01:16:14,330 --> 01:16:11,219

years okay the Wilson Davis notes are

1871

01:16:17,270 --> 01:16:14,340

the real deal now this is really

1872

01:16:19,790 --> 01:16:17,280

important to me as an activist wow

1873

01:16:22,310 --> 01:16:19,800

when people ask well okay there's ETS

1874

01:16:24,169 --> 01:16:22,320

here so what is that going to get me a

1875

01:16:25,970 --> 01:16:24,179

job is that going to help me raise my

1876

01:16:28,130 --> 01:16:25,980

kids I mean what what what what what

1877

01:16:30,830 --> 01:16:28,140

what what how much difference can it

1878

01:16:33,470 --> 01:16:30,840

make right I I can see all the ETS I

1879

01:16:35,270 --> 01:16:33,480

want et's that did Marvel Marvel tent

1880

01:16:36,709 --> 01:16:35,280

pole movies I mean why do I need to know

1881

01:16:39,169 --> 01:16:36,719

about the real ones

1882

01:16:41,270 --> 01:16:39,179

reverse engineering

1883

01:16:43,490 --> 01:16:41,280

you see one of the one of the very

1884

01:16:45,169 --> 01:16:43,500

difficult public relations problem the

1885

01:16:47,330 --> 01:16:45,179

government is going to have and it is

1886

01:16:48,530 --> 01:16:47,340

going to be a Whopper

1887

01:16:52,370 --> 01:16:48,540

is

1888

01:16:55,430 --> 01:16:52,380

what technology or what how much ET Tech

1889

01:16:58,910 --> 01:16:55,440

did you get your hands on question two

1890

01:17:01,850 --> 01:16:58,920

how much in reverse engineering have you

1891

01:17:04,970 --> 01:17:01,860

done with that Tech question three

1892

01:17:08,209 --> 01:17:04,980

have you been successful question four

1893

01:17:10,790 --> 01:17:08,219

if you have been successful why isn't

1894

01:17:12,470 --> 01:17:10,800

the fruits of that that technology and

1895

01:17:14,630 --> 01:17:12,480

that reverse engineering been made

1896

01:17:16,729 --> 01:17:14,640

available to the human race which in

1897

01:17:20,450 --> 01:17:16,739

case you haven't noticed is going down

1898

01:17:23,870 --> 01:17:20,460

the drain in other words what have we

1899

01:17:26,209 --> 01:17:23,880

lost what what things can we not do what

1900

01:17:28,970 --> 01:17:26,219

what solutions could do we could we have

1901

01:17:30,530 --> 01:17:28,980

had if technology derived from ET

1902

01:17:34,130 --> 01:17:30,540

sources could have been made available

1903

01:17:36,350 --> 01:17:34,140

to us years if not decades sooner these

1904

01:17:37,970 --> 01:17:36,360

are really tough questions and if it

1905

01:17:41,209 --> 01:17:37,980

turns out they had some extraordinary

1906

01:17:43,070 --> 01:17:41,219

Tech but we couldn't use it because in

1907

01:17:44,510 --> 01:17:43,080

order for them to give it out or put it

1908

01:17:46,790 --> 01:17:44,520

out they had to acknowledge the ET

1909

01:17:48,590 --> 01:17:46,800

presence and that wasn't going to happen

1910

01:17:51,950 --> 01:17:48,600

therefore the tech remained classified

1911

01:17:54,649 --> 01:17:51,960

this is a real problem and so disclosure

1912

01:17:57,290 --> 01:17:54,659

problem but there's a but there's a

1913

01:18:01,970 --> 01:17:57,300

difference here and I will always play

1914

01:18:05,630 --> 01:18:01,980

Devil's Advocate is this when we are

1915

01:18:08,890 --> 01:18:05,640

talking about uh whistleblowers that

1916

01:18:11,689 --> 01:18:08,900

worked on reverse engineering programs

1917

01:18:14,270 --> 01:18:11,699

of of this technology to reverse

1918

01:18:17,330 --> 01:18:14,280

engineer it what are we actually talking

1919

01:18:21,590 --> 01:18:17,340

about here Steve are we talking about a

1920

01:18:24,649 --> 01:18:21,600

little p of melted metal that is this

1921

01:18:27,709 --> 01:18:24,659

big or are we talking about a flying

1922

01:18:31,010 --> 01:18:27,719

frigging saucer talking about flying

1923

01:18:34,010 --> 01:18:31,020

freaking saucers right and and so in in

1924

01:18:37,250 --> 01:18:34,020

in in this statement here from from

1925

01:18:39,550 --> 01:18:37,260

Boswell or in the article right those

1926

01:18:45,050 --> 01:18:39,560

are we talking about

1927

01:18:48,950 --> 01:18:45,060

how put off and little pieces of melted

1928

01:18:50,709 --> 01:18:48,960

meta material and and speculation or are

1929

01:18:54,890 --> 01:18:50,719

we talking about

1930

01:18:57,830 --> 01:18:54,900

an intact craft and that's there's a big

1931

01:19:02,030 --> 01:18:57,840

difference here about what it can be

1932

01:19:03,950 --> 01:19:02,040

interpreted as as E.T crash retrieval

1933

01:19:05,990 --> 01:19:03,960

materials Well yeah if you read the

1934

01:19:08,450 --> 01:19:06,000

article those will read the article okay

1935

01:19:10,790 --> 01:19:08,460

what are you going to find is what this

1936

01:19:13,430 --> 01:19:10,800

article is saying

1937

01:19:15,229 --> 01:19:13,440

and it it's not almost exactly direct

1938

01:19:17,390 --> 01:19:15,239

it doesn't say it matter-of-factly but

1939

01:19:19,370 --> 01:19:17,400

it's clearly what what you take from it

1940

01:19:20,810 --> 01:19:19,380

is that some of the Witnesses are going

1941

01:19:23,090 --> 01:19:20,820

to appear in front of these committees

1942

01:19:25,790 --> 01:19:23,100

we're going to be crash retrieval

1943

01:19:28,490 --> 01:19:25,800

Witnesses people that were involved in

1944

01:19:31,610 --> 01:19:28,500

the retrieval of crashed ET vehicles are

1945

01:19:33,290 --> 01:19:31,620

going to be Witnesses now are they they

1946

01:19:36,169 --> 01:19:33,300

even more profound than the nuclear

1947

01:19:37,970 --> 01:19:36,179

weapons tampering Witnesses no the

1948

01:19:39,350 --> 01:19:37,980

turning off of our missiles is the

1949

01:19:41,030 --> 01:19:39,360

single most important piece of

1950

01:19:42,890 --> 01:19:41,040

information we know about the presence

1951

01:19:45,590 --> 01:19:42,900

of ETS on this planet everything else

1952

01:19:47,209 --> 01:19:45,600

comes underneath that but again crash

1953

01:19:49,790 --> 01:19:47,219

retrieval is going to be in play early

1954

01:19:51,290 --> 01:19:49,800

on which means reverse engineering is in

1955

01:19:53,390 --> 01:19:51,300

play unless they can make the case look

1956

01:19:55,610 --> 01:19:53,400

yeah we retrieve them but we put them in

1957

01:19:58,310 --> 01:19:55,620

a trunk like in that you know that uh

1958

01:20:01,070 --> 01:19:58,320

you know um the Spielberg movie

1959

01:20:03,470 --> 01:20:01,080

uh and and stuck it in a warehouse yeah

1960

01:20:05,810 --> 01:20:03,480

Warehouse 13. yes yeah we're at no no no

1961

01:20:07,850 --> 01:20:05,820

nobody's gonna buy that and so that's

1962

01:20:11,090 --> 01:20:07,860

that's on the table now too this article

1963

01:20:12,830 --> 01:20:11,100

gets into that it is a compilation

1964

01:20:15,290 --> 01:20:12,840

gives very few mistakes in this article

1965

01:20:16,729 --> 01:20:15,300

it is amazing what Boswell has done here

1966

01:20:18,649 --> 01:20:16,739

he's put some tremendous work in this

1967

01:20:20,450 --> 01:20:18,659

but most of what's in it is kind of

1968

01:20:22,070 --> 01:20:20,460

known but he's Consolidated into a

1969

01:20:24,709 --> 01:20:22,080

single piece with some new stuff from

1970

01:20:27,530 --> 01:20:24,719

Danny Sheehan and Gary Nolan but again

1971

01:20:30,050 --> 01:20:27,540

you just can't keep up

1972

01:20:32,750 --> 01:20:30,060

with the number of statements being made

1973

01:20:34,910 --> 01:20:32,760

by people we know and new people that

1974

01:20:37,729 --> 01:20:34,920

are turning up the dam is not just

1975

01:20:40,430 --> 01:20:37,739

leaking now it's got giant cracks water

1976

01:20:43,850 --> 01:20:40,440

is pouring out you know in giant streams

1977

01:20:45,649 --> 01:20:43,860

the damn thing is about to go and if

1978

01:20:48,050 --> 01:20:45,659

you're a member of Congress or if you're

1979

01:20:50,689 --> 01:20:48,060

a scientist who's been debunking this

1980

01:20:52,490 --> 01:20:50,699

thing your whole career you need to kind

1981

01:20:54,410 --> 01:20:52,500

of head to Higher Ground and get out

1982

01:20:57,350 --> 01:20:54,420

from You Know the Way of the the dam

1983

01:20:59,390 --> 01:20:57,360

break right in other words get on top of

1984

01:21:02,930 --> 01:20:59,400

this issue get on the disclosure train

1985

01:21:08,209 --> 01:21:06,050

you brought up Wilson Davis and Wilson

1986

01:21:10,750 --> 01:21:08,219

Davis is directly connected to this

1987

01:21:12,770 --> 01:21:10,760

article and what Boswell is stating here

1988

01:21:15,649 --> 01:21:12,780

in that

1989

01:21:18,130 --> 01:21:15,659

if we take it I do I think that the

1990

01:21:21,229 --> 01:21:18,140

Wilson Davis document is an accurate

1991

01:21:24,350 --> 01:21:21,239

transcription of a conversation that did

1992

01:21:28,490 --> 01:21:24,360

take place between Eric Davis and and

1993

01:21:32,030 --> 01:21:28,500

Thomas Wilson okay I do so if we if we

1994

01:21:36,350 --> 01:21:32,040

do that then we get to two important

1995

01:21:39,189 --> 01:21:36,360

issues one the bigot list not bigot like

1996

01:21:42,649 --> 01:21:39,199

what people think a bigot the bigot list

1997

01:21:46,130 --> 01:21:42,659

goes back to World War II and who is

1998

01:21:49,910 --> 01:21:46,140

approved to to be in the boys club and

1999

01:21:53,689 --> 01:21:49,920

and exposed to uh the The Biggest

2000

01:21:55,490 --> 01:21:53,699

Secrets yes that's a bigot list so we

2001
01:21:58,370 --> 01:21:55,500
have the biggest list and then we have

2002
01:22:00,110 --> 01:21:58,380
the fact that Davis says that he met

2003
01:22:02,390 --> 01:22:00,120
with three people from I'm we're

2004
01:22:05,510 --> 01:22:02,400
assuming it's uh Lockheed Skunk Works

2005
01:22:08,090 --> 01:22:05,520
the statement was made we have a craft

2006
01:22:10,610 --> 01:22:08,100
but we can't get this thing to fly

2007
01:22:13,430 --> 01:22:10,620
so if we have whistleblowers that are

2008
01:22:16,189 --> 01:22:13,440
coming into now and that's exactly what

2009
01:22:18,290 --> 01:22:16,199
this article is talking about yeah

2010
01:22:21,229 --> 01:22:18,300
followers that have worked on the

2011
01:22:24,890 --> 01:22:21,239
reverse engineering programs of an

2012
01:22:27,830 --> 01:22:24,900
intact craft so if that's what we're how

2013
01:22:31,570 --> 01:22:27,840

would somebody to whistleblower

2014

01:22:35,570 --> 01:22:31,580

protection be damned why would somebody

2015

01:22:37,550 --> 01:22:35,580

break ranks from the bigot list

2016

01:22:40,729 --> 01:22:37,560

I don't care what kind of protection

2017

01:22:43,310 --> 01:22:40,739

you're under that is a very exclusive

2018

01:22:45,290 --> 01:22:43,320

club and an impossible one to get into

2019

01:22:48,290 --> 01:22:45,300

it depends what you mean by breaking

2020

01:22:50,149 --> 01:22:48,300

ranks I mean you know this is a point to

2021

01:22:52,970 --> 01:22:50,159

get on that bigot list is because you

2022

01:22:56,209 --> 01:22:52,980

are trusted and you will never talk well

2023

01:22:58,850 --> 01:22:56,219

yeah they do talk right things happen

2024

01:23:00,290 --> 01:22:58,860

stuff gets out that Wilson Davis notes

2025

01:23:02,209 --> 01:23:00,300

remember it was a private conversation

2026

01:23:05,270 --> 01:23:02,219

the the notes ended up with Edgar

2027

01:23:06,950 --> 01:23:05,280

Mitchell right and he died it was given

2028

01:23:08,770 --> 01:23:06,960

out to another person I mean it wasn't

2029

01:23:11,330 --> 01:23:08,780

like you know

2030

01:23:13,729 --> 01:23:11,340

Davis ran down to the New York Times and

2031

01:23:15,770 --> 01:23:13,739

told him a story look the truth embargo

2032

01:23:17,689 --> 01:23:15,780

is gone on so long and there's so much

2033

01:23:21,050 --> 01:23:17,699

stuff now that is embargoed it they

2034

01:23:22,790 --> 01:23:21,060

can't contain it right it's just simply

2035

01:23:25,070 --> 01:23:22,800

bigger than they can handle and it's

2036

01:23:28,490 --> 01:23:25,080

going to be leaking all over the place

2037

01:23:31,430 --> 01:23:28,500

by the way right talk about Wilson Davis

2038

01:23:33,110 --> 01:23:31,440

as a document if that if that document

2039

01:23:35,630 --> 01:23:33,120

were to somehow be substantiated

2040

01:23:37,790 --> 01:23:35,640

absolutely verified completely and

2041

01:23:39,770 --> 01:23:37,800

Congressional hearing hell that could

2042

01:23:41,750 --> 01:23:39,780

that could drop the truth in Fargo right

2043

01:23:43,729 --> 01:23:41,760

there at the tracks but let me tell you

2044

01:23:46,610 --> 01:23:43,739

but that's what I'm saying Stephen

2045

01:23:48,770 --> 01:23:46,620

that's exactly what I'm saying yeah if

2046

01:23:51,649 --> 01:23:48,780

you're gonna have a whistleblower

2047

01:23:54,169 --> 01:23:51,659

right a whistlebar you need somebody

2048

01:23:55,430 --> 01:23:54,179

that is on that bigot list that's going

2049

01:23:57,890 --> 01:23:55,440

to come out and go look I've been

2050

01:24:00,410 --> 01:23:57,900

working at Skunk Works we have a craft

2051
01:24:03,649 --> 01:24:00,420
in Palmdale we've had the thing for 30

2052
01:24:06,050 --> 01:24:03,659
years this is what is going on that's a

2053
01:24:08,689 --> 01:24:06,060
whistleblower and that you need somebody

2054
01:24:13,250 --> 01:24:08,699
from the bigot list that will come out

2055
01:24:14,990 --> 01:24:13,260
and not not obfuscate and not not you

2056
01:24:18,590 --> 01:24:15,000
know get into some existential

2057
01:24:20,689 --> 01:24:18,600
conversation I'm talking about facts I

2058
01:24:22,189 --> 01:24:20,699
understand stuff out look the problem

2059
01:24:24,770 --> 01:24:22,199
the word is need

2060
01:24:27,229 --> 01:24:24,780
do we need them to get disclosure no we

2061
01:24:29,330 --> 01:24:27,239
do not do they not want to come forward

2062
01:24:32,090 --> 01:24:29,340
while the process is underway no they do

2063
01:24:34,250 --> 01:24:32,100

not uh you're going to learn about these

2064

01:24:38,810 --> 01:24:34,260

people post disclosure not

2065

01:24:40,430 --> 01:24:38,820

pre-disclosure all right uh and again

2066

01:24:43,070 --> 01:24:40,440

the witnesses that are going to be

2067

01:24:45,830 --> 01:24:43,080

available are more than sufficient to

2068

01:24:47,390 --> 01:24:45,840

confirm this Davis may very well end up

2069

01:24:50,890 --> 01:24:47,400

testifying in front of Congress under

2070

01:24:54,169 --> 01:24:50,900

oath that'll be pretty powerful

2071

01:24:56,689 --> 01:24:54,179

again I assure you there is enough to

2072

01:24:58,850 --> 01:24:56,699

lock this thing down already available

2073

01:25:00,290 --> 01:24:58,860

but let me point out something else okay

2074

01:25:02,270 --> 01:25:00,300

well first of all before I do that let

2075

01:25:03,290 --> 01:25:02,280

me let me let me clarify something sure

2076

01:25:06,709 --> 01:25:03,300

you know I have a thing about

2077

01:25:07,850 --> 01:25:06,719

whistleblower Witnesses right I I do not

2078

01:25:10,370 --> 01:25:07,860

believe they're whistleblowers they're

2079

01:25:12,229 --> 01:25:10,380

Witnesses and if you go and read the

2080

01:25:14,990 --> 01:25:12,239

transcript or watch the hearing that

2081

01:25:16,970 --> 01:25:15,000

Jilla brand went with Kirkpatrick and

2082

01:25:19,010 --> 01:25:16,980

then compared to the article Boswell in

2083

01:25:20,689 --> 01:25:19,020

his in his Daily Mail article keeps

2084

01:25:23,990 --> 01:25:20,699

referring to whistleblowers

2085

01:25:27,110 --> 01:25:24,000

Patrick said Witnesses Jilla brand said

2086

01:25:31,130 --> 01:25:27,120

Witnesses because that is what they are

2087

01:25:33,590 --> 01:25:31,140

they are not whistleblowers I know it's

2088

01:25:35,030 --> 01:25:33,600

catchy and people like it and they like

2089

01:25:36,350 --> 01:25:35,040

the idea if somebody's coming out from

2090

01:25:38,390 --> 01:25:36,360

the government and they're blowing the

2091

01:25:41,090 --> 01:25:38,400

whistle on the truth embargo but that's

2092

01:25:43,550 --> 01:25:41,100

not what they are Snowden was a

2093

01:25:46,189 --> 01:25:43,560

whistleblower and he's living in Russia

2094

01:25:47,570 --> 01:25:46,199

and so casting these witnesses as

2095

01:25:49,189 --> 01:25:47,580

whistleblowers they don't want to be

2096

01:25:50,930 --> 01:25:49,199

thought of that way they don't want

2097

01:25:52,070 --> 01:25:50,940

people looking them at that way they're

2098

01:25:53,630 --> 01:25:52,080

going well they're people are going to

2099

01:25:55,430 --> 01:25:53,640

want well you should probably flee

2100

01:25:58,129 --> 01:25:55,440

shouldn't you I mean you you shouldn't

2101
01:26:00,229 --> 01:25:58,139
be here I mean and plus they could get

2102
01:26:02,209 --> 01:26:00,239
death threats from people that think oh

2103
01:26:05,209 --> 01:26:02,219
well whistleblower that's Snowden that's

2104
01:26:07,790 --> 01:26:05,219
unpatriotic let's let's no they are

2105
01:26:09,169 --> 01:26:07,800
witnesses they are testifying to events

2106
01:26:11,090 --> 01:26:09,179
and evidence they are aware about

2107
01:26:12,950 --> 01:26:11,100
regarding a program called the truth

2108
01:26:16,610 --> 01:26:12,960
embargo that I call the truth embargo

2109
01:26:20,570 --> 01:26:16,620
that was completely legal

2110
01:26:22,370 --> 01:26:20,580
right it was legal may not like it it's

2111
01:26:23,330 --> 01:26:22,380
like the war in Vietnam I know actually

2112
01:26:25,129 --> 01:26:23,340
the war in Vietnam might have been

2113
01:26:26,810 --> 01:26:25,139

illegal but whatever the point I'm

2114

01:26:29,390 --> 01:26:26,820

making is is the governments do things

2115

01:26:31,070 --> 01:26:29,400

that are legal we don't like we as

2116

01:26:32,330 --> 01:26:31,080

Witnesses are not whistleblowers and so

2117

01:26:33,770 --> 01:26:32,340

that's the first point the second point

2118

01:26:35,750 --> 01:26:33,780

I want to make is this

2119

01:26:37,430 --> 01:26:35,760

you know everybody's all up you know you

2120

01:26:40,550 --> 01:26:37,440

know you know not about the Wilson Davis

2121

01:26:43,310 --> 01:26:40,560

notes that's really cool but you know

2122

01:26:45,770 --> 01:26:43,320

most people have forgotten there are

2123

01:26:46,850 --> 01:26:45,780

tons of documents out there related to

2124

01:26:49,430 --> 01:26:46,860

this issue

2125

01:26:53,209 --> 01:26:49,440

guess what huge numbers are on

2126

01:26:54,890 --> 01:26:53,219

government file servers right uh and one

2127

01:26:57,110 --> 01:26:54,900

I'll just point out to you right now if

2128

01:27:01,570 --> 01:26:57,120

your listeners or viewers want to have a

2129

01:27:03,669 --> 01:27:01,580

fun time here's a simple Earl it's Vault

2130

01:27:07,010 --> 01:27:03,679

dot

2131

01:27:08,530 --> 01:27:07,020

fbi.gov doesn't get simpler that Vault

2132

01:27:11,149 --> 01:27:08,540

Dot

2133

01:27:13,370 --> 01:27:11,159

fbi.gov and when it comes up on the

2134

01:27:15,950 --> 01:27:13,380

right side slide down the menu until you

2135

01:27:20,030 --> 01:27:15,960

get the unexplained phenomena and click

2136

01:27:22,490 --> 01:27:20,040

on that right and then it takes you to a

2137

01:27:25,550 --> 01:27:22,500

range of options regarding unidentified

2138

01:27:30,110 --> 01:27:25,560

phenomena click on UFO

2139

01:27:33,890 --> 01:27:30,120

and under that are hundreds of documents

2140

01:27:35,390 --> 01:27:33,900

many redacted sitting on the FBI files

2141

01:27:36,649 --> 01:27:35,400

and some have been there for years and

2142

01:27:38,270 --> 01:27:36,659

years most a lot of people have

2143

01:27:39,890 --> 01:27:38,280

forgotten about that

2144

01:27:41,570 --> 01:27:39,900

some of these documents are going to

2145

01:27:43,310 --> 01:27:41,580

have to hurry up at the hearings right

2146

01:27:45,649 --> 01:27:43,320

you know somebody's going to be pointing

2147

01:27:47,930 --> 01:27:45,659

and they had been on the FBI Vault file

2148

01:27:49,970 --> 01:27:47,940

for I mean 10 or 15 years the evidence

2149

01:27:52,910 --> 01:27:49,980

has always been there it's been fun of

2150

01:27:54,530 --> 01:27:52,920

us right all the time the truth embargo

2151

01:27:57,169 --> 01:27:54,540

says don't look

2152

01:27:59,810 --> 01:27:57,179

don't talk about it don't worry but

2153

01:28:01,370 --> 01:27:59,820

again it's all there and so we don't

2154

01:28:03,590 --> 01:28:01,380

need Wilson Davis notes let's just go

2155

01:28:06,470 --> 01:28:03,600

get the documents from the FBI Vault

2156

01:28:08,390 --> 01:28:06,480

file and that's not the only one the CIA

2157

01:28:11,570 --> 01:28:08,400

has a whole bunch of documents related

2158

01:28:14,450 --> 01:28:11,580

to this issue going back to the 40s two

2159

01:28:16,910 --> 01:28:14,460

in other words once we finally realize

2160

01:28:18,530 --> 01:28:16,920

it's over and the government does sort

2161

01:28:20,510 --> 01:28:18,540

of know that now

2162

01:28:22,189 --> 01:28:20,520

it's going to be pretty cool to start

2163

01:28:23,870 --> 01:28:22,199

getting all of this stuff back out and

2164

01:28:25,669 --> 01:28:23,880

bringing it out and dealing with it but

2165

01:28:27,530 --> 01:28:25,679

in a much more favorable atmosphere

2166

01:28:30,550 --> 01:28:27,540

there the evidence for the

2167

01:28:33,830 --> 01:28:30,560

Extraterrestrial presence is absolutely

2168

01:28:36,649 --> 01:28:33,840

overwhelming it is a absolute proven

2169

01:28:39,050 --> 01:28:36,659

fact period and people that say it isn't

2170

01:28:41,689 --> 01:28:39,060

haven't looked at the evidence and then

2171

01:28:44,810 --> 01:28:41,699

they say to you uh well you know I don't

2172

01:28:45,649 --> 01:28:44,820

think it's true okay and you say it's

2173

01:28:48,290 --> 01:28:45,659

fact

2174

01:28:49,010 --> 01:28:48,300

and you say there's evidence prove it to

2175

01:28:51,709 --> 01:28:49,020

me

2176

01:28:54,050 --> 01:28:51,719

and I'm going no go look at the damn

2177

01:28:56,750 --> 01:28:54,060

evidence yourself and if you arrive at

2178

01:28:58,970 --> 01:28:56,760

the the conclusion that it's true which

2179

01:29:01,430 --> 01:28:58,980

you should great and if you don't great

2180

01:29:04,010 --> 01:29:01,440

I don't care all right in other words

2181

01:29:05,510 --> 01:29:04,020

I'm not gonna do your work for you the

2182

01:29:07,129 --> 01:29:05,520

evidence for this thing is overwhelming

2183

01:29:08,450 --> 01:29:07,139

and massive and the only reason why that

2184

01:29:09,830 --> 01:29:08,460

isn't being screened from every

2185

01:29:12,229 --> 01:29:09,840

newspaper in the country is the

2186

01:29:15,370 --> 01:29:12,239

government has spent 75 years in a huge

2187

01:29:18,290 --> 01:29:15,380

amount of money to sort of

2188

01:29:20,689 --> 01:29:18,300

warp our brains in such a way that we

2189

01:29:22,250 --> 01:29:20,699

just will not make a big deal out of it

2190

01:29:25,910 --> 01:29:22,260

the truth embargo

2191

01:29:28,370 --> 01:29:25,920

so hey vault.fbi.gov

2192

01:29:29,689 --> 01:29:28,380

uh and have some fun there's hundreds of

2193

01:29:31,129 --> 01:29:29,699

documents there some of them are very

2194

01:29:33,110 --> 01:29:31,139

hard to read but you can blow them up

2195

01:29:36,110 --> 01:29:33,120

with you know Google you know zoom and

2196

01:29:38,090 --> 01:29:36,120

stuff yeah speaking of media uh I

2197

01:29:42,950 --> 01:29:38,100

reported this news earlier today this

2198

01:29:45,950 --> 01:29:42,960

was uh published uh in a journal uh and

2199

01:29:49,430 --> 01:29:45,960

um is this and again the media hasn't

2200

01:29:51,169 --> 01:29:49,440

picked up on this yet and I I expected

2201

01:29:54,110 --> 01:29:51,179

over the next couple of days but Steve

2202

01:29:56,030 --> 01:29:54,120

in a major breakthrough search for extra

2203

01:29:59,350 --> 01:29:56,040

terrestrial life scientists have

2204

01:30:02,090 --> 01:29:59,360

detected repeating radio signals from an

2205

01:30:04,010 --> 01:30:02,100

Earth-like planet outside of our solar

2206

01:30:06,649 --> 01:30:04,020

system and by the way it's very close to

2207

01:30:10,570 --> 01:30:06,659

us the signal links were detected by

2208

01:30:13,790 --> 01:30:10,580

breakthrough listen okay all right and

2209

01:30:16,189 --> 01:30:13,800

Yuri Milner and and that whole crew are

2210

01:30:19,370 --> 01:30:16,199

coming from a planet called YZ seti

2211

01:30:22,629 --> 01:30:19,380

which is located only 130 light years

2212

01:30:25,310 --> 01:30:22,639

from Earth that is in our backyard

2213

01:30:27,350 --> 01:30:25,320

yeah the discovery of these signals is a

2214

01:30:29,750 --> 01:30:27,360

major step forward search for alien life

2215

01:30:32,330 --> 01:30:29,760

it is the first time that scientists

2216

01:30:35,030 --> 01:30:32,340

have detected repeating radio signals

2217

01:30:37,490 --> 01:30:35,040

from an Earth-like planet the signals

2218

01:30:39,350 --> 01:30:37,500

are also very strong which suggest that

2219

01:30:41,510 --> 01:30:39,360

they could be coming from an intelligent

2220

01:30:43,970 --> 01:30:41,520

civilization the Breakthrough listen

2221

01:30:45,649 --> 01:30:43,980

project has been using a variety of

2222

01:30:48,709 --> 01:30:45,659

radio telescopes to search for

2223

01:30:50,689 --> 01:30:48,719

extraterrestrial life and in 2017 the

2224

01:30:52,550 --> 01:30:50,699

project announced a discovery of a set

2225

01:30:56,930 --> 01:30:52,560

of repeating radio signals from a star

2226

01:30:59,149 --> 01:30:56,940

called kic 846 2852 I reported on that

2227

01:31:02,209 --> 01:30:59,159

when it happened these signals were

2228

01:31:04,669 --> 01:31:02,219

dubbed wow however the while signals

2229

01:31:06,410 --> 01:31:04,679

were not repeated and the scientists are

2230

01:31:08,149 --> 01:31:06,420

not sure if they came from an alien

2231

01:31:11,330 --> 01:31:08,159

civilization the discovery of the

2232

01:31:12,830 --> 01:31:11,340

signals from YZ seti is more significant

2233

01:31:15,169 --> 01:31:12,840

because they are coming from an

2234

01:31:17,870 --> 01:31:15,179

Earth-like planet the radio signals from

2235

01:31:20,570 --> 01:31:17,880

YZ seti were detected by the green Bank

2236

01:31:23,450 --> 01:31:20,580

telescope in West Virginia the signals

2237

01:31:25,970 --> 01:31:23,460

were detected at a frequency of 1.1

2238

01:31:28,669 --> 01:31:25,980

gigahertz and lasted for about

2239

01:31:32,810 --> 01:31:28,679

millisecond the signals were detected

2240

01:31:36,649 --> 01:31:32,820

Steve in 2022 they were not announced

2241

01:31:38,990 --> 01:31:36,659

until today in 2023. the scientists who

2242

01:31:42,250 --> 01:31:39,000

detected the signals wanted to make sure

2243

01:31:46,790 --> 01:31:42,260

that they were not coming from get this

2244

01:31:50,149 --> 01:31:46,800

a natural source before they announced

2245

01:31:53,750 --> 01:31:50,159

the discovery now this potentially huge

2246

01:31:55,850 --> 01:31:53,760

news for for the obvious reasons but

2247

01:31:59,330 --> 01:31:55,860

I've also felt that

2248

01:32:00,530 --> 01:31:59,340

the government needs this

2249

01:32:02,629 --> 01:32:00,540

first

2250

01:32:05,209 --> 01:32:02,639

they need this right they need the James

2251

01:32:08,030 --> 01:32:05,219

Webb they need something else external

2252

01:32:10,550 --> 01:32:08,040

from the scientific Community before

2253

01:32:14,810 --> 01:32:10,560

they go and cross the Rubicon of

2254

01:32:21,350 --> 01:32:17,450

now they don't need it now it would have

2255

01:32:24,830 --> 01:32:21,360

been nice if it had happened right uh

2256

01:32:28,010 --> 01:32:24,840

say years ago seti had plenty of

2257

01:32:30,410 --> 01:32:28,020

opportunities to maybe do that uh it

2258

01:32:33,229 --> 01:32:30,420

would have softened up the situation a

2259

01:32:34,850 --> 01:32:33,239

bit but I was always of a mind and and

2260

01:32:36,890 --> 01:32:34,860

I've had a lot of people agree with me

2261

01:32:38,090 --> 01:32:36,900

on this that if said he'd ever found a

2262

01:32:40,129 --> 01:32:38,100

signal it wouldn't have been able to

2263

01:32:43,669 --> 01:32:40,139

give it out I mean the real deal all

2264

01:32:45,410 --> 01:32:43,679

right see my problem with that is this

2265

01:32:46,790 --> 01:32:45,420

said he was looking for signals when

2266

01:32:48,290 --> 01:32:46,800

people involved and said he knew there

2267

01:32:50,030 --> 01:32:48,300

was an E.T president so it said he then

2268

01:32:51,229 --> 01:32:50,040

becomes a front operation for the truth

2269

01:32:53,209 --> 01:32:51,239

embargo and that's one of the great

2270

01:32:54,709 --> 01:32:53,219

scientific frauds of all time so that so

2271

01:32:57,709 --> 01:32:54,719

the whole looking for Signal thing is

2272

01:33:00,470 --> 01:32:57,719

always you know stuck in my craw however

2273

01:33:04,189 --> 01:33:00,480

the people who really needed are the

2274

01:33:06,890 --> 01:33:04,199

scientists okay in other words boy after

2275

01:33:09,709 --> 01:33:06,900

seven how many it was 1958 so we're

2276

01:33:12,350 --> 01:33:09,719

talking 42 after 63 years of looking for

2277

01:33:14,689 --> 01:33:12,360

a signal we actually found one and it's

2278

01:33:16,430 --> 01:33:14,699

probably a an advanced civilization and

2279

01:33:18,709 --> 01:33:16,440

that would be really cool and they would

2280

01:33:20,390 --> 01:33:18,719

feel better about themselves these are

2281

01:33:22,669 --> 01:33:20,400

the same scientists that have basically

2282

01:33:24,350 --> 01:33:22,679

just let the truth embargo go without

2283

01:33:26,450 --> 01:33:24,360

even challenging it for all these

2284

01:33:27,890 --> 01:33:26,460

decades and so yeah the scientists could

2285

01:33:30,729 --> 01:33:27,900

use a little little action and that

2286

01:33:34,550 --> 01:33:30,739

would be fine but but let's face it

2287

01:33:37,189 --> 01:33:34,560

what's more significant yeah we have

2288

01:33:39,290 --> 01:33:37,199

gotten a signal from a planet out there

2289

01:33:42,290 --> 01:33:39,300

that's Earth-like they apparently have

2290

01:33:46,189 --> 01:33:42,300

got cable and it's a sitcom it's a

2291

01:33:48,350 --> 01:33:46,199

rom-com and we think we like it or

2292

01:33:50,030 --> 01:33:48,360

the Senate Intel committee has just

2293

01:33:52,010 --> 01:33:50,040

confirmed that the Extraterrestrial

2294

01:33:54,770 --> 01:33:52,020

presence and this is a non-human

2295

01:33:57,770 --> 01:33:54,780

technology uh is now established as fact

2296

01:33:59,870 --> 01:33:57,780

which is more important all right uh I

2297

01:34:01,850 --> 01:33:59,880

think the latter all right but I don't

2298

01:34:03,649 --> 01:34:01,860

want to disrespect these other efforts

2299

01:34:05,870 --> 01:34:03,659

there are things that are learned in

2300

01:34:08,149 --> 01:34:05,880

these efforts to find these signals and

2301
01:34:11,209 --> 01:34:08,159
it helped Advance radio telescoping and

2302
01:34:13,370 --> 01:34:11,219
other things it's not but I am always

2303
01:34:16,010 --> 01:34:13,380
I've always been irritated but the the

2304
01:34:17,810 --> 01:34:16,020
great scientific community that has made

2305
01:34:19,910 --> 01:34:17,820
America what it is today all these

2306
01:34:21,709 --> 01:34:19,920
millions of scientists and academics at

2307
01:34:25,550 --> 01:34:21,719
the institutions and the research Labs

2308
01:34:28,070 --> 01:34:25,560
laid down for the truth embargo for the

2309
01:34:30,169 --> 01:34:28,080
last 75 years meaning it just won't go

2310
01:34:32,209 --> 01:34:30,179
there we're not going to talk about that

2311
01:34:34,189 --> 01:34:32,219
the few that did well one of them

2312
01:34:36,410 --> 01:34:34,199
committed suicide Dr James McDonald

2313
01:34:38,810 --> 01:34:36,420

another one spent his whole life to the

2314

01:34:41,689 --> 01:34:38,820

end but didn't get Vindicated

2315

01:34:44,330 --> 01:34:41,699

Alan heineck uh Roger Lear did some

2316

01:34:46,129 --> 01:34:44,340

amazing work he died in a he died didn't

2317

01:34:47,990 --> 01:34:46,139

quite make it there were a few

2318

01:34:50,270 --> 01:34:48,000

courageous scientists they haven't been

2319

01:34:51,669 --> 01:34:50,280

acknowledged they get no Awards they

2320

01:34:54,590 --> 01:34:51,679

will hopefully get them in the future

2321

01:34:55,970 --> 01:34:54,600

and so the scientific Community is going

2322

01:34:57,470 --> 01:34:55,980

to have to do a hell of a lot more than

2323

01:35:00,350 --> 01:34:57,480

find a signal from an Earth-like planet

2324

01:35:05,870 --> 01:35:00,360

before I started going hurray hurray

2325

01:35:10,129 --> 01:35:05,880

well for them to again uh uh I'm not

2326

01:35:12,470 --> 01:35:10,139

surprised by anything but to uh to go

2327

01:35:14,990 --> 01:35:12,480

where nobody else is willing to go which

2328

01:35:17,870 --> 01:35:15,000

is we wanted to wait to make sure that

2329

01:35:20,169 --> 01:35:17,880

this wasn't something natural

2330

01:35:23,629 --> 01:35:20,179

that's that's that's a really big deal

2331

01:35:26,810 --> 01:35:23,639

and I mean that's that's that's

2332

01:35:28,910 --> 01:35:26,820

significant you know a few days ago it's

2333

01:35:30,709 --> 01:35:28,920

cattle mutilations you know today it's

2334

01:35:33,770 --> 01:35:30,719

it signals from an Earth-like planet

2335

01:35:36,050 --> 01:35:33,780

that aren't a natural source we've got

2336

01:35:38,990 --> 01:35:36,060

Avi lobe in his book extraterrestrial

2337

01:35:42,110 --> 01:35:39,000

and another book about to come out uh

2338

01:35:44,629 --> 01:35:42,120

all Based on data I think that these are

2339

01:35:47,810 --> 01:35:44,639

are amazing times and they all just add

2340

01:35:50,030 --> 01:35:47,820

up to one thing uh disclosure is here

2341

01:35:52,010 --> 01:35:50,040

and and I think the planet is ready for

2342

01:35:53,990 --> 01:35:52,020

it look the scientific community in

2343

01:35:55,610 --> 01:35:54,000

various levels and play trying to play a

2344

01:35:56,870 --> 01:35:55,620

little ketchup they kind of know what's

2345

01:35:59,090 --> 01:35:56,880

coming they're these are not stupid

2346

01:36:01,010 --> 01:35:59,100

people they see what's coming what can

2347

01:36:02,810 --> 01:36:01,020

you do what are you gonna do right hold

2348

01:36:05,149 --> 01:36:02,820

a press conference and say well I'm a

2349

01:36:06,649 --> 01:36:05,159

I'm I'm an astrophysicist and I've sort

2350

01:36:08,750 --> 01:36:06,659

of always knew there was an ET presence

2351

01:36:10,370 --> 01:36:08,760

nobody wants to hear that you're just

2352

01:36:12,110 --> 01:36:10,380

gonna embarrass yourself so they're

2353

01:36:14,870 --> 01:36:12,120

they're trying to do something to show

2354

01:36:17,270 --> 01:36:14,880

we're not idiots here right uh and and

2355

01:36:19,310 --> 01:36:17,280

and and and and and and uh I I don't

2356

01:36:21,290 --> 01:36:19,320

blame them it's fine they're going to do

2357

01:36:23,990 --> 01:36:21,300

the best they can but they're not

2358

01:36:26,209 --> 01:36:24,000

leading the charge okay they they're way

2359

01:36:29,030 --> 01:36:26,219

behind I just read an article the other

2360

01:36:30,790 --> 01:36:29,040

day that it said that um what was it

2361

01:36:34,729 --> 01:36:30,800

they expect

2362

01:36:37,669 --> 01:36:34,739

uh a a something uh some sort of a

2363

01:36:39,410 --> 01:36:37,679

message would be coming in uh to our

2364

01:36:42,709 --> 01:36:39,420

planet within the next hundred years

2365

01:36:44,510 --> 01:36:42,719

from from a an intelligent source and if

2366

01:36:45,950 --> 01:36:44,520

there have been a comment section I

2367

01:36:47,390 --> 01:36:45,960

would have written well that's an

2368

01:36:49,370 --> 01:36:47,400

interesting projection you're only off

2369

01:36:50,390 --> 01:36:49,380

by about four or five thousand years you

2370

01:36:52,430 --> 01:36:50,400

know

2371

01:36:54,410 --> 01:36:52,440

um so

2372

01:36:56,990 --> 01:36:54,420

again it's it's all part of the middle

2373

01:36:58,850 --> 01:36:57,000

you you know why am I not setting things

2374

01:37:01,550 --> 01:36:58,860

on fire look

2375

01:37:03,830 --> 01:37:01,560

the key to activism is focus

2376

01:37:05,750 --> 01:37:03,840

you've got to pick what you need to do

2377

01:37:08,450 --> 01:37:05,760

what you've got to do and not be

2378

01:37:11,090 --> 01:37:08,460

distracted as things get more and more

2379

01:37:14,209 --> 01:37:11,100

and more crazy which activism is always

2380

01:37:17,229 --> 01:37:14,219

that way all right uh so

2381

01:37:19,370 --> 01:37:17,239

I I just don't let myself get drawn into

2382

01:37:21,229 --> 01:37:19,380

uh I mean I'm not going to invest much

2383

01:37:23,689 --> 01:37:21,239

time in the old Chinese balloon thing or

2384

01:37:25,850 --> 01:37:23,699

or uh you know a lot of other things

2385

01:37:28,729 --> 01:37:25,860

that turn up like all the the the things

2386

01:37:31,850 --> 01:37:28,739

that turn up about objects on Mars uh

2387

01:37:33,530 --> 01:37:31,860

they're cool but yeah so what right NASA

2388

01:37:35,450 --> 01:37:33,540

probably has some much better photos

2389

01:37:38,330 --> 01:37:35,460

than that and don't be surprised if one

2390

01:37:41,149 --> 01:37:38,340

day very soon suddenly you get a real

2391

01:37:42,950 --> 01:37:41,159

crystal clear shot of a pinball machine

2392

01:37:44,450 --> 01:37:42,960

or something on Mars and everybody goes

2393

01:37:46,550 --> 01:37:44,460

oops I guess there was a civilization

2394

01:37:48,890 --> 01:37:46,560

this will be part of the game of ketchup

2395

01:37:50,990 --> 01:37:48,900

if you've got something and you know you

2396

01:37:53,090 --> 01:37:51,000

could be part of the game when do you

2397

01:37:54,950 --> 01:37:53,100

insert it when do you make your move if

2398

01:37:58,729 --> 01:37:54,960

you go too early you get screwed if you

2399

01:38:01,189 --> 01:37:58,739

go too late nobody cares and so the Big

2400

01:38:02,810 --> 01:38:01,199

Show is about to start and a lot of

2401

01:38:04,669 --> 01:38:02,820

people want to be on the stage they're

2402

01:38:07,610 --> 01:38:04,679

going to find a way to play some kind of

2403

01:38:09,770 --> 01:38:07,620

a role uh and that's how and that's how

2404

01:38:11,629 --> 01:38:09,780

I view it and so I don't get upset with

2405

01:38:13,790 --> 01:38:11,639

with things that that don't add up

2406

01:38:15,830 --> 01:38:13,800

because I know the core issue is going

2407

01:38:17,689 --> 01:38:15,840

to be resolved soon and in the

2408

01:38:19,610 --> 01:38:17,699

post-disclosure world we're not going to

2409

01:38:21,649 --> 01:38:19,620

have to jump through all these hoops and

2410

01:38:23,270 --> 01:38:21,659

go through all these speculations we'll

2411

01:38:26,450 --> 01:38:23,280

actually start having some real science

2412

01:38:27,530 --> 01:38:26,460

for told to us as it happens we'll start

2413

01:38:30,169 --> 01:38:27,540

getting huge amounts of information

2414

01:38:32,570 --> 01:38:30,179

about past understandings re-engineered

2415

01:38:34,070 --> 01:38:32,580

this and re-engineered that and it's

2416

01:38:35,810 --> 01:38:34,080

going to be appropriate

2417

01:38:37,629 --> 01:38:35,820

and it's not going to stretch out for

2418

01:38:39,950 --> 01:38:37,639

decades it's going to happen pretty fast

2419

01:38:41,390 --> 01:38:39,960

I've waited a long time for this and

2420

01:38:43,310 --> 01:38:41,400

I've got a lot of people that contact me

2421

01:38:46,189 --> 01:38:43,320

feeling the same way we have waited a

2422

01:38:48,530 --> 01:38:46,199

long time it must happen now not simply

2423

01:38:50,870 --> 01:38:48,540

because I want it to happen and as I

2424

01:38:52,970 --> 01:38:50,880

will get into in some serious detail in

2425

01:38:56,870 --> 01:38:52,980

my lecture at contact in the desert come

2426

01:38:59,270 --> 01:38:56,880

June 2. uh we have to have it now

2427

01:39:01,669 --> 01:38:59,280

disclosure is not a matter of should we

2428

01:39:02,930 --> 01:39:01,679

or shouldn't we it is an existential

2429

01:39:05,629 --> 01:39:02,940

issue

2430

01:39:07,850 --> 01:39:05,639

if we don't get disclosure I think we're

2431

01:39:09,229 --> 01:39:07,860

done I think it's over

2432

01:39:12,350 --> 01:39:09,239

Now by that I mean if we don't

2433

01:39:13,729 --> 01:39:12,360

disclosure like you know say kids put

2434

01:39:16,550 --> 01:39:13,739

try they try to put it off another 10

2435

01:39:19,370 --> 01:39:16,560

years we're screwed our situation right

2436

01:39:21,649 --> 01:39:19,380

now on this planet is so messed up so

2437

01:39:23,750 --> 01:39:21,659

dire and so many levels in so many ways

2438

01:39:25,790 --> 01:39:23,760

we are so over our head

2439

01:39:28,430 --> 01:39:25,800

uh we've got so much pain and suffering

2440

01:39:31,250 --> 01:39:28,440

heading our way that

2441

01:39:34,250 --> 01:39:31,260

it's going to be awful 8 billion really

2442

01:39:36,649 --> 01:39:34,260

pissed off people yeah yeah you're

2443

01:39:37,729 --> 01:39:36,659

you're probably more right than wrong

2444

01:39:40,010 --> 01:39:37,739

there

2445

01:39:41,870 --> 01:39:40,020

um but I've always got flowers hanging

2446

01:39:44,570 --> 01:39:41,880

out of my pockets right so I always look

2447

01:39:46,550 --> 01:39:44,580

at the bright side but here's why I

2448

01:39:49,729 --> 01:39:46,560

think that this Yuri Milner and

2449

01:39:53,450 --> 01:39:49,739

breakthrough uh uh release is so

2450

01:39:57,830 --> 01:39:53,460

important it's that 130 light year

2451

01:40:02,770 --> 01:39:57,840

number yeah and there's reasons for that

2452

01:40:08,870 --> 01:40:02,780

it's 260 years round trip right okay

2453

01:40:12,830 --> 01:40:08,880

if Earth 260 years ago uh if you're

2454

01:40:14,510 --> 01:40:12,840

you're seeing things that is taking you

2455

01:40:15,950 --> 01:40:14,520

know how many light years to go in a

2456

01:40:19,010 --> 01:40:15,960

certain direction but what was happening

2457

01:40:22,490 --> 01:40:19,020

then cities were starting to be lit up

2458

01:40:24,410 --> 01:40:22,500

uh the the the life on this planet was

2459

01:40:26,390 --> 01:40:24,420

becoming more and more obvious you have

2460

01:40:30,350 --> 01:40:26,400

the Industrial Age you had pollution you

2461

01:40:33,470 --> 01:40:30,360

had uh carbon monoxide and and coal and

2462

01:40:36,169 --> 01:40:33,480

and and steam engines and things firing

2463

01:40:39,890 --> 01:40:36,179

up for the very first time that

2464

01:40:42,890 --> 01:40:39,900

technical signature was picked up 130

2465

01:40:45,110 --> 01:40:42,900

light years away it takes 130 light

2466

01:40:49,970 --> 01:40:45,120

years to come back and send us a signal

2467

01:40:53,030 --> 01:40:49,980

I would assume that uh from 50 light

2468

01:40:56,750 --> 01:40:53,040

years and out to 100 light years and out

2469

01:40:59,390 --> 01:40:56,760

around us anybody that is more advanced

2470

01:41:02,390 --> 01:40:59,400

than us that is looking for life like we

2471

01:41:05,870 --> 01:41:02,400

are with exoplanets we should start to

2472

01:41:07,729 --> 01:41:05,880

expect to hear from them now and it l

2473

01:41:10,910 --> 01:41:07,739

think it's really that simple and that's

2474

01:41:12,910 --> 01:41:10,920

why that that 130 light year number is

2475

01:41:15,770 --> 01:41:12,920

so important

2476

01:41:17,870 --> 01:41:15,780

yeah yeah and if if you and if you look

2477

01:41:20,709 --> 01:41:17,880

at it one other way

2478

01:41:25,189 --> 01:41:20,719

um we can talk about Marconi and Tesla

2479

01:41:28,970 --> 01:41:25,199

if you go back 130 years ago uh when

2480

01:41:32,209 --> 01:41:28,980

these dudes and I'm not making light of

2481

01:41:34,609 --> 01:41:32,219

this we're building monstrosities of

2482

01:41:37,010 --> 01:41:34,619

radio towers right there was no

2483

01:41:41,090 --> 01:41:37,020

government control of wattage of signals

2484

01:41:44,149 --> 01:41:41,100

right 100 000 Watts million Watts Warden

2485

01:41:46,370 --> 01:41:44,159

Cliff you know we're talking about huge

2486

01:41:50,390 --> 01:41:46,380

radio signals going out at the speed of

2487

01:41:53,810 --> 01:41:50,400

light and it was seriously like a a

2488

01:41:57,530 --> 01:41:53,820

Searchlight being activated a beam being

2489

01:42:00,709 --> 01:41:57,540
activated so if you go out 50 light

2490

01:42:02,870 --> 01:42:00,719
years uh out and 50 light years back and

2491

01:42:03,790 --> 01:42:02,880
that was 130 years ago so now let's go

2492

01:42:08,330 --> 01:42:03,800
to

2493

01:42:10,729 --> 01:42:08,340
65 years out and 65 years back we should

2494

01:42:13,850 --> 01:42:10,739
seriously start to expect to to hear

2495

01:42:15,649 --> 01:42:13,860
from somebody and maybe see somebody and

2496

01:42:18,410 --> 01:42:15,659
that's why it's happening like it is

2497

01:42:21,229 --> 01:42:18,420
right now with probes and and everything

2498

01:42:23,629 --> 01:42:21,239
else I I think we've we've shown

2499

01:42:25,790 --> 01:42:23,639
everybody where we're at we're waving

2500

01:42:27,050 --> 01:42:25,800
and we should expect to get these things

2501

01:42:28,910 --> 01:42:27,060

now Steve

2502

01:42:32,209 --> 01:42:28,920

well okay I mean I think I think it's

2503

01:42:33,890 --> 01:42:32,219

kind of a nice view of right now that

2504

01:42:36,410 --> 01:42:33,900

planet that you're talking about is

2505

01:42:37,010 --> 01:42:36,420

getting our silent movies

2506

01:42:42,109 --> 01:42:37,020

um

2507

01:42:47,330 --> 01:42:43,790

I think ETS have been coming to this

2508

01:42:50,450 --> 01:42:47,340

planet for a long time and and uh uh

2509

01:42:52,189 --> 01:42:50,460

let's just take the last 10 000 years

2510

01:42:53,450 --> 01:42:52,199

right there's there's evidence all over

2511

01:42:56,209 --> 01:42:53,460

the place that seems to point in that

2512

01:42:59,030 --> 01:42:56,219

direction and and uh and we know the the

2513

01:43:01,310 --> 01:42:59,040

show that that tries to get that across

2514

01:43:02,450 --> 01:43:01,320

and does a pretty good job uh so they've

2515

01:43:04,250 --> 01:43:02,460

been here a long time

2516

01:43:05,330 --> 01:43:04,260

and they're Interstellar

2517

01:43:07,370 --> 01:43:05,340

and so without getting into

2518

01:43:09,350 --> 01:43:07,380

communication issue there is another

2519

01:43:12,229 --> 01:43:09,360

issue and that's called the travel issue

2520

01:43:14,450 --> 01:43:12,239

that here getting here from their issue

2521

01:43:17,870 --> 01:43:14,460

and

2522

01:43:20,030 --> 01:43:17,880

that I think is solved

2523

01:43:22,430 --> 01:43:20,040

we are our our understanding of travel

2524

01:43:25,010 --> 01:43:22,440

is based upon the Einstein uh work of

2525

01:43:27,229 --> 01:43:25,020

the early 1900s it's about a hundred and

2526

01:43:28,669 --> 01:43:27,239

it's a hundred hundred years old

2527

01:43:30,530 --> 01:43:28,679

and anybody thinks that that's the

2528

01:43:32,090 --> 01:43:30,540

be-all end-all of understanding space

2529

01:43:34,189 --> 01:43:32,100

and time and now you go through it I'm

2530

01:43:35,450 --> 01:43:34,199

really sorry but you know it's not the

2531

01:43:38,629 --> 01:43:35,460

way it works

2532

01:43:41,990 --> 01:43:38,639

so the idea that that there is a

2533

01:43:44,810 --> 01:43:42,000

workaround to the Einstein approach to

2534

01:43:47,090 --> 01:43:44,820

space and time I think is is as I think

2535

01:43:48,890 --> 01:43:47,100

has been proven the ETS can get here

2536

01:43:50,810 --> 01:43:48,900

from there sure and they're able to do

2537

01:43:52,910 --> 01:43:50,820

it in reasonable lengths of time because

2538

01:43:55,430 --> 01:43:52,920

20 000 years you're not exploring too

2539

01:43:57,649 --> 01:43:55,440

well so so that's been established all

2540

01:43:58,970 --> 01:43:57,659

right now if that's been the case an

2541

01:44:01,250 --> 01:43:58,980

advanced civilization has been coming

2542

01:44:03,109 --> 01:44:01,260

forward they don't need to find out

2543

01:44:05,830 --> 01:44:03,119

about us by catching signals from our

2544

01:44:09,530 --> 01:44:05,840

planet they just need to go into Google

2545

01:44:10,970 --> 01:44:09,540

and Google up what what are the plan you

2546

01:44:13,070 --> 01:44:10,980

know it's like Google Maps right it'll

2547

01:44:15,649 --> 01:44:13,080

be Galactic Google just what are the

2548

01:44:17,510 --> 01:44:15,659

planets near me and they will get a list

2549

01:44:19,729 --> 01:44:17,520

of those planets that were discovered

2550

01:44:22,490 --> 01:44:19,739

long ago that have been logged into the

2551

01:44:25,490 --> 01:44:22,500

system that's how I think about the

2552

01:44:28,189 --> 01:44:25,500

Galaxy yeah yeah sure sure well it's a

2553

01:44:32,750 --> 01:44:28,199

numbers game Steve you have to have

2554

01:44:33,910 --> 01:44:32,760

different levels of of progress when it

2555

01:44:36,830 --> 01:44:33,920

comes to ET

2556

01:44:38,510 --> 01:44:36,840

just just here in our Milky Way forget

2557

01:44:41,209 --> 01:44:38,520

about the universe but just here in our

2558

01:44:42,530 --> 01:44:41,219

Milky Way there has to be has to be it's

2559

01:44:45,169 --> 01:44:42,540

a numbers game

2560

01:44:47,270 --> 01:44:45,179

hundreds of millions of advanced

2561

01:44:49,510 --> 01:44:47,280

civilizations now are they at the level

2562

01:44:53,510 --> 01:44:49,520

of us right

2563

01:44:57,290 --> 01:44:53,520

over sure it's under or over so some

2564

01:45:00,470 --> 01:44:57,300

have uh figured out how to take one step

2565

01:45:02,870 --> 01:45:00,480

and and step across the Milky Way and

2566

01:45:06,109 --> 01:45:02,880

and travel instantly some are doing it

2567

01:45:09,189 --> 01:45:06,119

other ways but it's it's it's such a

2568

01:45:13,430 --> 01:45:09,199

wide range of technology and types of VT

2569

01:45:16,010 --> 01:45:13,440

that are aware of us and so certainly if

2570

01:45:18,050 --> 01:45:16,020

somebody is is a million years ahead of

2571

01:45:20,090 --> 01:45:18,060

us and they've been scanning for

2572

01:45:23,689 --> 01:45:20,100

exoplanets and they see this beautiful

2573

01:45:26,570 --> 01:45:23,699

blue gem maybe with Dinosaurs on it at

2574

01:45:28,250 --> 01:45:26,580

that time but they know that it's it's a

2575

01:45:30,590 --> 01:45:28,260

it's a planet that supports life and it

2576

01:45:35,050 --> 01:45:30,600

has life on it yeah so they're going to

2577

01:45:41,030 --> 01:45:38,510

they may only visit once because there

2578

01:45:43,790 --> 01:45:41,040

are what another trillion planets to go

2579

01:45:46,970 --> 01:45:43,800

and and take a look at so yeah you're

2580

01:45:49,189 --> 01:45:46,980

right a quick login a drive-by yeah this

2581

01:45:50,390 --> 01:45:49,199

is pretty nice I happen to think if we

2582

01:45:51,770 --> 01:45:50,400

have to close your eyes I've said in

2583

01:45:53,030 --> 01:45:51,780

your show many times at we're going to

2584

01:45:55,129 --> 01:45:53,040

have open contact pretty shortly

2585

01:45:57,950 --> 01:45:55,139

thereafter and one of the things we may

2586

01:45:59,570 --> 01:45:57,960

get in open contact is like uh among

2587

01:46:02,810 --> 01:45:59,580

other things they may say look here's a

2588

01:46:05,229 --> 01:46:02,820

here's a little flash drive here and on

2589

01:46:07,970 --> 01:46:05,239

it is the location of all the other

2590

01:46:10,070 --> 01:46:07,980

relatively Advanced civilizations in

2591

01:46:13,270 --> 01:46:10,080

your within 100 light years of your

2592

01:46:14,870 --> 01:46:13,280

planet just let you know right just yeah

2593

01:46:16,189 --> 01:46:14,880

but there's another Point

2594

01:46:19,310 --> 01:46:16,199

technologically that you need to

2595

01:46:20,990 --> 01:46:19,320

consider sure

2596

01:46:23,450 --> 01:46:21,000

the idea

2597

01:46:25,070 --> 01:46:23,460

I think the ETS prove that you can go

2598

01:46:26,990 --> 01:46:25,080

from one planet to another in a way that

2599

01:46:28,850 --> 01:46:27,000

that makes sense the other question is

2600

01:46:30,530 --> 01:46:28,860

can you communicate from one planet to

2601
01:46:32,270 --> 01:46:30,540
another over large distances it makes

2602
01:46:34,609 --> 01:46:32,280
sense in other words

2603
01:46:36,410 --> 01:46:34,619
is the nature of communication such that

2604
01:46:39,169 --> 01:46:36,420
you can actually communicate without

2605
01:46:42,770 --> 01:46:39,179
having to stay within relativity limits

2606
01:46:44,810 --> 01:46:42,780
meaning light speed only so 130 light

2607
01:46:46,790 --> 01:46:44,820
years May there may be a way to get a

2608
01:46:49,550 --> 01:46:46,800
message from R to that planet with the

2609
01:46:50,930 --> 01:46:49,560
right technology in 20 minutes and that

2610
01:46:52,250 --> 01:46:50,940
hasn't been resolved yet yeah

2611
01:46:54,590 --> 01:46:52,260
entanglement

2612
01:46:57,410 --> 01:46:54,600
I again I I don't know I'm just saying

2613
01:46:59,930 --> 01:46:57,420

that like I our physics is relatively

2614

01:47:02,870 --> 01:46:59,940

new most of our physics is in the last

2615

01:47:04,430 --> 01:47:02,880

90 years okay and we're really proud of

2616

01:47:06,109 --> 01:47:04,440

it you know like wow that's that's a

2617

01:47:07,790 --> 01:47:06,119

great business an astrophysicist let me

2618

01:47:10,189 --> 01:47:07,800

tell you it's hard stuff I can't even

2619

01:47:11,510 --> 01:47:10,199

read it anymore I read a physics thing I

2620

01:47:13,430 --> 01:47:11,520

can't understand the words I can't

2621

01:47:16,370 --> 01:47:13,440

understand the paragraphs the physics I

2622

01:47:18,649 --> 01:47:16,380

Learned was 50 years ago right but hey

2623

01:47:20,689 --> 01:47:18,659

we're very proud of it trust me

2624

01:47:22,970 --> 01:47:20,699

a lot of our physics is being taught to

2625

01:47:24,649 --> 01:47:22,980

six-year-olds in other civilizations

2626

01:47:27,890 --> 01:47:24,659

right to get that in sixth grade third

2627

01:47:30,649 --> 01:47:27,900

grade whatever so we need to constantly

2628

01:47:32,990 --> 01:47:30,659

remind ourselves who we are and the the

2629

01:47:34,550 --> 01:47:33,000

uh the arena that we're in and view it

2630

01:47:36,350 --> 01:47:34,560

the bigger picture

2631

01:47:38,030 --> 01:47:36,360

they can get here from there they can

2632

01:47:40,370 --> 01:47:38,040

probably communicate it faster than

2633

01:47:42,350 --> 01:47:40,380

light speed in some way and their

2634

01:47:43,669 --> 01:47:42,360

understanding of this galaxies far

2635

01:47:46,070 --> 01:47:43,679

exceeds us

2636

01:47:47,330 --> 01:47:46,080

we'd like we would like to get that

2637

01:47:49,729 --> 01:47:47,340

understanding

2638

01:47:51,770 --> 01:47:49,739

now and not have to spend the next

2639

01:47:53,930 --> 01:47:51,780

Thousand Years getting it and that's

2640

01:47:55,370 --> 01:47:53,940

okay right that's perfectly reasonable

2641

01:47:57,350 --> 01:47:55,380

we do this all the time there's nothing

2642

01:47:58,910 --> 01:47:57,360

wrong with them educating us and giving

2643

01:48:00,410 --> 01:47:58,920

us a nice learning curve and bringing us

2644

01:48:02,030 --> 01:48:00,420

up to speed on a whole lot of things

2645

01:48:03,709 --> 01:48:02,040

right there's nothing in the universe

2646

01:48:05,330 --> 01:48:03,719

some law that's oh no no you got to

2647

01:48:07,129 --> 01:48:05,340

learn it all by yourself

2648

01:48:09,890 --> 01:48:07,139

that's not the way we deal with our own

2649

01:48:11,330 --> 01:48:09,900

people our own kids right we take them

2650

01:48:12,770 --> 01:48:11,340

to school so they can learn as quickly

2651

01:48:14,330 --> 01:48:12,780

as possible we don't send them out in

2652

01:48:16,910 --> 01:48:14,340

the woods and say figure it out in your

2653

01:48:18,169 --> 01:48:16,920

own good time and so the things we might

2654

01:48:22,149 --> 01:48:18,179

learn

2655

01:48:26,149 --> 01:48:22,159

Post open contact could just totally be

2656

01:48:28,609 --> 01:48:26,159

unbelievable and the number one barrier

2657

01:48:31,070 --> 01:48:28,619

between us and open contact is

2658

01:48:33,229 --> 01:48:31,080

disclosure and the number one barrier

2659

01:48:35,870 --> 01:48:33,239

between us and disclosure is the truth

2660

01:48:37,910 --> 01:48:35,880

embargo so you see how the dominoes fall

2661

01:48:40,609 --> 01:48:37,920

all right now

2662

01:48:42,890 --> 01:48:40,619

it's possible I give it a very tiny

2663

01:48:45,290 --> 01:48:42,900

possibility that once we confirm to

2664

01:48:46,970 --> 01:48:45,300

ourselves the E.T presence and it's all

2665

01:48:49,070 --> 01:48:46,980

acknowledged and everybody's going yay

2666

01:48:50,149 --> 01:48:49,080

the et's will go

2667

01:48:51,410 --> 01:48:50,159

well

2668

01:48:52,910 --> 01:48:51,420

that's it

2669

01:48:54,649 --> 01:48:52,920

that's what we needed you finally

2670

01:48:56,510 --> 01:48:54,659

acknowledged us now you know where we

2671

01:48:58,070 --> 01:48:56,520

exist good we're leaving now we have

2672

01:48:59,390 --> 01:48:58,080

other places to go

2673

01:49:01,430 --> 01:48:59,400

good luck

2674

01:49:03,290 --> 01:49:01,440

all right don't don't use those nuclear

2675

01:49:05,390 --> 01:49:03,300

weapons don't don't screw the planet up

2676

01:49:07,310 --> 01:49:05,400

right but we're we're gone you've

2677

01:49:09,649 --> 01:49:07,320

disclosed this that's it that could

2678

01:49:11,510 --> 01:49:09,659

happen in which case

2679

01:49:13,189 --> 01:49:11,520

I'm just gonna put a bunch of rocks in

2680

01:49:14,149 --> 01:49:13,199

my pocket and walk into the Pacific I

2681

01:49:16,430 --> 01:49:14,159

mean that's pretty much what I'm going

2682

01:49:18,050 --> 01:49:16,440

to do yeah yeah right right but I don't

2683

01:49:19,129 --> 01:49:18,060

think that's going to happen Jimmy right

2684

01:49:22,970 --> 01:49:19,139

well

2685

01:49:26,750 --> 01:49:22,980

um John Ramirez uh and others and uh but

2686

01:49:30,410 --> 01:49:26,760

but John Ramirez uh earlier this week

2687

01:49:32,030 --> 01:49:30,420

um said that uh it's gonna something big

2688

01:49:34,669 --> 01:49:32,040

is gonna happen before the holiday

2689

01:49:37,070 --> 01:49:34,679

season this year

2690

01:49:39,109 --> 01:49:37,080

um are you do you have that same mindset

2691

01:49:42,050 --> 01:49:39,119

are you are are you are you from that

2692

01:49:44,709 --> 01:49:42,060

camp that something is is is big and

2693

01:49:48,109 --> 01:49:44,719

eminent it may not be the whole shebang

2694

01:49:52,010 --> 01:49:48,119

but that something is going to happen in

2695

01:49:54,709 --> 01:49:52,020

2023. he's a former FBI guy uh yeah yeah

2696

01:49:56,510 --> 01:49:54,719

whatever and and and had all kinds of

2697

01:49:58,970 --> 01:49:56,520

contacts I mean he has got people

2698

01:50:00,950 --> 01:49:58,980

contact him uh all kinds of things could

2699

01:50:03,109 --> 01:50:00,960

be coming across his radar no I don't

2700

01:50:05,030 --> 01:50:03,119

have any specific information that

2701
01:50:06,530 --> 01:50:05,040
something is spectacular is going to

2702
01:50:08,810 --> 01:50:06,540
happen I'm just saying that if you read

2703
01:50:11,209 --> 01:50:08,820
the tea leaves right if you just kind of

2704
01:50:13,010 --> 01:50:11,219
step back and look at the picture

2705
01:50:14,510 --> 01:50:13,020
clearly something big is going to happen

2706
01:50:16,910 --> 01:50:14,520
between now and the end of the year

2707
01:50:19,850 --> 01:50:16,920
what's Your Gut tell you

2708
01:50:21,590 --> 01:50:19,860
I I've said it next comes an

2709
01:50:24,649 --> 01:50:21,600
announcement from a major committee

2710
01:50:26,510 --> 01:50:24,659
we're going to have uh hearing under

2711
01:50:28,970 --> 01:50:26,520
oath military Witnesses

2712
01:50:30,290 --> 01:50:28,980
those hearings will be set up they'll be

2713
01:50:33,050 --> 01:50:30,300

advance notice they'll be covered by

2714

01:50:36,410 --> 01:50:33,060

every conceivable Network that there is

2715

01:50:38,450 --> 01:50:36,420

so we broadcast worldwide hundreds of

2716

01:50:40,189 --> 01:50:38,460

millions of people will watch it again

2717

01:50:42,290 --> 01:50:40,199

what we've had now is a couple of

2718

01:50:43,729 --> 01:50:42,300

briefings that's not the hearing I'm

2719

01:50:47,330 --> 01:50:43,739

talking about

2720

01:50:49,010 --> 01:50:47,340

uh and it will be the most watched

2721

01:50:52,250 --> 01:50:49,020

hearing and watch maybe watch show of

2722

01:50:53,649 --> 01:50:52,260

all time and the then the witnesses will

2723

01:50:56,629 --> 01:50:53,659

start testifying

2724

01:50:58,010 --> 01:50:56,639

uh and our minds will be blown well some

2725

01:50:59,810 --> 01:50:58,020

people's minds will be blown I'll be

2726

01:51:01,310 --> 01:50:59,820

going I knew that I knew that but the

2727

01:51:04,970 --> 01:51:01,320

point is is that is that it will be

2728

01:51:07,609 --> 01:51:04,980

amazing and it will I do not think these

2729

01:51:10,609 --> 01:51:07,619

the truth embargo can last two weeks of

2730

01:51:12,470 --> 01:51:10,619

such hearings I'm serious it can't

2731

01:51:14,270 --> 01:51:12,480

because I know the kinds of Witnesses

2732

01:51:17,209 --> 01:51:14,280

are going to turn up and and other

2733

01:51:18,770 --> 01:51:17,219

backgrounds and and the idea that I

2734

01:51:20,810 --> 01:51:18,780

don't know some debunkers on Twitter are

2735

01:51:22,189 --> 01:51:20,820

going to come up and say no no no let me

2736

01:51:24,470 --> 01:51:22,199

show you why all of these people have

2737

01:51:26,270 --> 01:51:24,480

come together and commit a fraud on the

2738

01:51:28,070 --> 01:51:26,280

world right they're all not really

2739

01:51:30,470 --> 01:51:28,080

military at all they're they're they're

2740

01:51:32,390 --> 01:51:30,480

crisis actors or whatever the hell right

2741

01:51:34,550 --> 01:51:32,400

yeah they can do that forget about it

2742

01:51:36,290 --> 01:51:34,560

it's over two weeks of those hearings

2743

01:51:38,090 --> 01:51:36,300

it's over president makes the

2744

01:51:40,790 --> 01:51:38,100

announcement so that puts that

2745

01:51:45,350 --> 01:51:40,800

announcement easily

2746

01:51:47,870 --> 01:51:45,360

by mid-summer wow wow and and again I

2747

01:51:50,109 --> 01:51:47,880

told you before politically it is the

2748

01:51:53,149 --> 01:51:50,119

right thing to do look

2749

01:51:55,970 --> 01:51:53,159

nonpartisan everybody wins but you know

2750

01:51:57,830 --> 01:51:55,980

who really wins Joe Biden

2751
01:52:00,050 --> 01:51:57,840
because while it will be it will clearly

2752
01:52:02,330 --> 01:52:00,060
be a non-political thing

2753
01:52:04,430 --> 01:52:02,340
right it's like say oh this is political

2754
01:52:06,169 --> 01:52:04,440
how dare you

2755
01:52:08,810 --> 01:52:06,179
tell us the truth about the

2756
01:52:11,510 --> 01:52:08,820
extraterrestrials how Democratic of you

2757
01:52:13,490 --> 01:52:11,520
no no it's not political but Joe Biden

2758
01:52:16,129 --> 01:52:13,500
will be the disclosure president

2759
01:52:18,770 --> 01:52:16,139
and he will go down in history and be

2760
01:52:20,450 --> 01:52:18,780
talked about for thousands of years all

2761
01:52:21,890 --> 01:52:20,460
right his administration will be

2762
01:52:25,129 --> 01:52:21,900
considered one of the most important of

2763
01:52:28,010 --> 01:52:25,139

all time luck of the draw luck of the

2764

01:52:29,810 --> 01:52:28,020

draw yeah okay but still

2765

01:52:31,910 --> 01:52:29,820

and so you think that's going to help

2766

01:52:34,669 --> 01:52:31,920

him in the 2024 election do you think

2767

01:52:35,990 --> 01:52:34,679

it's going to help anybody who is deeply

2768

01:52:38,930 --> 01:52:36,000

involved in these hearings whatever

2769

01:52:41,209 --> 01:52:38,940

party democrat or republican who are on

2770

01:52:42,770 --> 01:52:41,219

camera taking this testimony asking

2771

01:52:44,270 --> 01:52:42,780

intelligent questions with hundreds of

2772

01:52:45,530 --> 01:52:44,280

millions of people watching you don't

2773

01:52:48,290 --> 01:52:45,540

think their political career isn't going

2774

01:52:51,229 --> 01:52:48,300

to be enhanced right so again

2775

01:52:53,870 --> 01:52:51,239

it's win win win win win

2776

01:52:57,109 --> 01:52:53,880

everybody wins

2777

01:52:59,270 --> 01:52:57,119

and toe disclosure happens and then the

2778

01:53:01,430 --> 01:52:59,280

post-disclosure world starts and then

2779

01:53:05,510 --> 01:53:01,440

the awkwardness and the difficult part

2780

01:53:08,570 --> 01:53:05,520

starts okay when they have to kind of

2781

01:53:09,830 --> 01:53:08,580

open up and start talking about the

2782

01:53:12,410 --> 01:53:09,840

things they've hid

2783

01:53:14,629 --> 01:53:12,420

answer the tough questions about why and

2784

01:53:16,790 --> 01:53:14,639

and and and and also

2785

01:53:18,830 --> 01:53:16,800

we'll get into the even more difficult

2786

01:53:20,209 --> 01:53:18,840

areas of contact that that will happen

2787

01:53:23,330 --> 01:53:20,219

you'll have hearings literally on

2788

01:53:25,250 --> 01:53:23,340

contact post disclosure contactees will

2789

01:53:28,669 --> 01:53:25,260

be coming in and testifying to Congress

2790

01:53:31,250 --> 01:53:28,679

okay that'll be a pretty big hearing too

2791

01:53:34,070 --> 01:53:31,260

but and that's tough stuff believe me

2792

01:53:36,290 --> 01:53:34,080

but it'll be a lot less difficult if

2793

01:53:38,510 --> 01:53:36,300

it's in the post-disclosure world and

2794

01:53:40,430 --> 01:53:38,520

impossible in the pre-disclosure world

2795

01:53:41,930 --> 01:53:40,440

if you're a contactee and you're

2796

01:53:43,910 --> 01:53:41,940

thinking you like to testify to Congress

2797

01:53:46,550 --> 01:53:43,920

you want to do it now

2798

01:53:48,770 --> 01:53:46,560

forget it post disclosure you should

2799

01:53:50,930 --> 01:53:48,780

call your Congress person and say hey

2800

01:53:52,310 --> 01:53:50,940

I am a well-known contactee I have

2801
01:53:53,810 --> 01:53:52,320
extraordinary experiences well

2802
01:53:54,890 --> 01:53:53,820
documented I'd like to come in and

2803
01:53:56,390 --> 01:53:54,900
testify to your committee and they're

2804
01:53:58,250 --> 01:53:56,400
going to be going oh please give your

2805
01:53:59,750 --> 01:53:58,260
information to the secretary we have a

2806
01:54:01,970 --> 01:53:59,760
number of people we're luck talking at

2807
01:54:04,729 --> 01:54:01,980
right now that's what's coming and

2808
01:54:07,370 --> 01:54:04,739
contact is tough if you're a politician

2809
01:54:09,649 --> 01:54:07,380
there's some tough questions there and

2810
01:54:11,330 --> 01:54:09,659
if you were if you were still alive and

2811
01:54:13,250 --> 01:54:11,340
part of the early days of the truth

2812
01:54:15,470 --> 01:54:13,260
embargo again

2813
01:54:18,709 --> 01:54:15,480

the question is simple this

2814

01:54:21,290 --> 01:54:18,719

was the truth embargo worth

2815

01:54:22,370 --> 01:54:21,300

leaving huge numbers of people in a

2816

01:54:24,890 --> 01:54:22,380

position

2817

01:54:27,649 --> 01:54:24,900

where there was no place to go it's that

2818

01:54:29,810 --> 01:54:27,659

maybe zero and John Mack to talk about

2819

01:54:31,609 --> 01:54:29,820

these things that completely transformed

2820

01:54:34,790 --> 01:54:31,619

their life and maybe made it miserable

2821

01:54:37,129 --> 01:54:34,800

and you denied the existence of what was

2822

01:54:39,229 --> 01:54:37,139

happening talk about people that deny

2823

01:54:42,109 --> 01:54:39,239

women that come forward with sexual

2824

01:54:44,629 --> 01:54:42,119

abuse allegations this is on a whole

2825

01:54:46,850 --> 01:54:44,639

nother level this is tough

2826

01:54:49,669 --> 01:54:46,860

the hearings and the process of

2827

01:54:52,430 --> 01:54:49,679

disclosure will simply make it easy for

2828

01:54:54,530 --> 01:54:52,440

us to be sympathetic and understanding

2829

01:54:56,870 --> 01:54:54,540

with the government as it tries to get

2830

01:54:58,490 --> 01:54:56,880

through those difficult times I'm ready

2831

01:55:00,709 --> 01:54:58,500

to be very forgiving and understanding

2832

01:55:02,810 --> 01:55:00,719

but I'm not a contactee

2833

01:55:05,890 --> 01:55:02,820

I do believe that contact e should get

2834

01:55:08,390 --> 01:55:05,900

attention reparations I I don't

2835

01:55:09,649 --> 01:55:08,400

validation like that that will help a

2836

01:55:12,229 --> 01:55:09,659

lot of them

2837

01:55:14,390 --> 01:55:12,239

but there's no way their life gets worse

2838

01:55:16,550 --> 01:55:14,400

post-disclosure

2839

01:55:19,010 --> 01:55:16,560

here here Stephen Bassett thank you so

2840

01:55:20,510 --> 01:55:19,020

much my friend uh now you're going to

2841

01:55:22,490 --> 01:55:20,520

have some announcements coming up we'll

2842

01:55:25,070 --> 01:55:22,500

do that right here on Fade to Black I I

2843

01:55:27,109 --> 01:55:25,080

look forward to all of that uh have a

2844

01:55:28,910 --> 01:55:27,119

great time at contact in the desert I

2845

01:55:32,090 --> 01:55:28,920

will not be attending this year I've got

2846

01:55:33,590 --> 01:55:32,100

another event that that I am doing uh

2847

01:55:36,050 --> 01:55:33,600

during that weekend but have a good time

2848

01:55:38,450 --> 01:55:36,060

tell everybody I said hello and you've

2849

01:55:39,890 --> 01:55:38,460

got a big big event coming at the end of

2850

01:55:41,570 --> 01:55:39,900

the year that's kind of dealing with the

2851
01:55:43,790 --> 01:55:41,580
ancient stuff and everything and I'm I'm

2852
01:55:45,410 --> 01:55:43,800
watching Ancient Aliens all the time man

2853
01:55:47,450 --> 01:55:45,420
I'm getting really smart on that subject

2854
01:55:49,189 --> 01:55:47,460
so put me down on the possible speaker

2855
01:55:51,070 --> 01:55:49,199
list or something you know or a cop or

2856
01:55:54,770 --> 01:55:51,080
whatever because I want to be there

2857
01:55:56,689 --> 01:55:54,780
done see thank you see how easy it is

2858
01:56:01,689 --> 01:55:56,699
see you've got connections man you've

2859
01:56:07,370 --> 01:56:04,370
the absolute very best Stephen Bassett

2860
01:56:09,350 --> 01:56:07,380
and I'm uh uh Paradigm research group uh

2861
01:56:12,709 --> 01:56:09,360
the links are below we've got them over

2862
01:56:14,390 --> 01:56:12,719
on our social media and again uh Steve

2863
01:56:16,430 --> 01:56:14,400

will be a contact in the desert but he's

2864

01:56:20,270 --> 01:56:16,440

also going to be at Stairway To the

2865

01:56:22,850 --> 01:56:20,280

Stars in Las Vegas with us at the Luxor

2866

01:56:26,209 --> 01:56:22,860

hotel with that I'm going to get out of

2867

01:56:28,729 --> 01:56:26,219

here I've got a very very very busy day

2868

01:56:31,310 --> 01:56:28,739

tomorrow I've got to get up really early

2869

01:56:33,649 --> 01:56:31,320

I've got to go to work then come back

2870

01:56:36,410 --> 01:56:33,659

I've got to do a show and then tomorrow

2871

01:56:40,189 --> 01:56:36,420

night I've got Nick West right here on

2872

01:56:43,189 --> 01:56:40,199

Fade to Black so with that I am going to

2873

01:56:47,090 --> 01:56:43,199

get out of here thank you to Stephen

2874

01:56:49,189 --> 01:56:47,100

Bassett and uh what was I going to say I

2875

01:56:50,810 --> 01:56:49,199

had something else oh I've got an

2876
01:56:54,530 --> 01:56:50,820
announcement that's right I will go

2877
01:56:57,530 --> 01:56:54,540
ahead and do all of that tomorrow Fade

2878
01:57:01,250 --> 01:56:57,540
to Black is produced by Renee Newman

2879
01:57:03,350 --> 01:57:01,260
Michelle freed special thanks to oh

2880
01:57:06,830 --> 01:57:03,360
where

2881
01:57:09,290 --> 01:57:06,840
my screen just went blank

2882
01:57:11,750 --> 01:57:09,300
Hilton J Palm Renee Newman Michelle free

2883
01:57:14,510 --> 01:57:11,760
thank you to Dennis and Kevin webmaster

2884
01:57:17,750 --> 01:57:14,520
is true the geek music Doug Alder it's

2885
01:57:19,970 --> 01:57:17,760
intro space boys spaceboymusic.com fade

2886
01:57:21,229 --> 01:57:19,980
to black is produced by kjcr for the

2887
01:57:25,370 --> 01:57:21,239
game changer Network in this broadcast
