I occasionally think how quickly our

9
00:00:50,869 --> 00:00:48,300
differences worldwide would vanish if we

10
00:00:51,910 --> 00:00:50,879
were facing an alien threat from outside

00:00:53,720 --> 00:00:51,920

50

00:02:39,470 --> 00:02:36,660

back on the show and say Mick West what

51
00:02:40,970 --> 00:02:39,480
is going on how you doing man Jamie glad

52
00:02:42,770 --> 00:02:40,980
to be here I'm not actually joining you

53
00:02:45,229 --> 00:02:42,780
from the United Kingdom though I I left

54
00:02:46,430 --> 00:02:45,239
the United Kingdom like 23 years ago or

55
00:02:50,449 --> 00:02:46,440
so

56
00:02:52,970 --> 00:02:50,459
um my producer uh said that to me and I

57
00:02:55,729 --> 00:02:52,980
was like No And I couldn't get it out of

58
00:02:57,350 --> 00:02:55,739
my head man yeah I'm up over in

59
00:03:01,729 --> 00:02:57,360
Sacramento California Northern

60
00:03:05,330 --> 00:03:01,739
California oh oh so why see see I I knew

61
00:03:07,930 --> 00:03:05,340
I I obviously you and I talk and I knew

62
00:03:11,149 --> 00:03:07,940
I thought Nick moved to the UK

63
00:03:13,130 --> 00:03:11,159

and and this thing and timing so anyway

64

00:03:16,250 --> 00:03:13,140

it doesn't matter welcome back uh to the

65

00:03:18,530 --> 00:03:16,260

United States thank you glad to be here

66

00:03:20,750 --> 00:03:18,540

I was I was just in England a couple of

67

00:03:22,369 --> 00:03:20,760

weeks ago I went to visit my family so I

68

00:03:25,130 --> 00:03:22,379

might have reacquired a bit of my

69

00:03:28,790 --> 00:03:25,140

britishness along the way I'm gonna be

70

00:03:31,550 --> 00:03:28,800

in August and I'm very excited I'm going

71

00:03:34,009 --> 00:03:31,560

to be speaking in London and then

72

00:03:35,630 --> 00:03:34,019

heading up to Manchester so I'm going to

73

00:03:38,210 --> 00:03:35,640

be there for about a week and I'm

74

00:03:40,369 --> 00:03:38,220

speaking to Manchester too as well and

75

00:03:42,050 --> 00:03:40,379

uh now I'm gonna I'm gonna squeeze a

76

00:03:44,690 --> 00:03:42,060

berry in

77

00:03:47,809 --> 00:03:44,700

um somehow uh and and try to do a couple

78

00:03:51,170 --> 00:03:47,819

of things but aside from London and

79

00:03:53,750 --> 00:03:51,180

Manchester uh I got to get to a berry I

80

00:03:55,910 --> 00:03:53,760

got I just I just have you been there to

81

00:03:58,130 --> 00:03:55,920

where where is that Dave Berry the the

82

00:04:00,110 --> 00:03:58,140

circle the stone circles oh right yes

83

00:04:03,170 --> 00:04:00,120

yes now I've been to the Stonehenge

84

00:04:04,789 --> 00:04:03,180

right oh yeah the big one but and this

85

00:04:06,229 --> 00:04:04,799

there's a whole bunch of them everywhere

86

00:04:07,670 --> 00:04:06,239

you know when when you grow up there's

87

00:04:09,350 --> 00:04:07,680

always like a local Stone Circle

88

00:04:12,170 --> 00:04:09,360

somewhere that the local witches did

89

00:04:14,750 --> 00:04:12,180

their little uh little things in the

90

00:04:17,090 --> 00:04:14,760

school kids go and smoke uh at the Stone

91

00:04:19,310 --> 00:04:17,100

Circle you don't so I thought about that

92

00:04:20,750 --> 00:04:19,320

if you buy a piece of property in in

93

00:04:22,850 --> 00:04:20,760

Britain especially out in the country

94

00:04:24,710 --> 00:04:22,860

somewhere you've got history on that

95

00:04:26,629 --> 00:04:24,720

property you just need to go and find it

96

00:04:29,210 --> 00:04:26,639

it's not thousands of years sometimes

97

00:04:31,310 --> 00:04:29,220

you've got something there

98

00:04:34,310 --> 00:04:31,320

um now okay I want to start off the show

99

00:04:37,850 --> 00:04:34,320

uh I'm going to make a general statement

100

00:04:40,670 --> 00:04:37,860

if uh you don't mind Nick but I want to

101
00:04:44,150 --> 00:04:40,680
say this uh a few months ago well last

102
00:04:47,510 --> 00:04:44,160
year I shot a video and uh and it was

103
00:04:49,310 --> 00:04:47,520
pretty incredible and so I I spoke about

104
00:04:52,249 --> 00:04:49,320
that video on the show and finally I got

105
00:04:55,070 --> 00:04:52,259
around to editing it down because it was

106
00:04:56,870 --> 00:04:55,080
you know an hour long and I uh trimmed

107
00:05:00,050 --> 00:04:56,880
it up popped it up and I think I put a

108
00:05:03,590 --> 00:05:00,060
title on it like crazy ass night in

109
00:05:07,210 --> 00:05:03,600
Palmdale and and I posted it up and so I

110
00:05:11,210 --> 00:05:07,220
want everybody to know what happened and

111
00:05:13,909 --> 00:05:11,220
I lead by example so I want all of you

112
00:05:17,210 --> 00:05:13,919
to listen to me very closely so I post

113
00:05:18,290 --> 00:05:17,220

the video and and it was a matter of

114

00:05:19,790 --> 00:05:18,300
minutes

115

00:05:24,170 --> 00:05:19,800
until

116

00:05:27,290 --> 00:05:24,180
I got a DM uh or email or DM from Mick

117

00:05:29,689 --> 00:05:27,300
and Mick says Jimmy can you give me some

118

00:05:32,090 --> 00:05:29,699
some more information about this I said

119

00:05:34,249 --> 00:05:32,100
absolutely what do you need and and then

120

00:05:37,670 --> 00:05:34,259
he writes me back could you send this I

121

00:05:39,950 --> 00:05:37,680
said absolutely boom uh timestamps okay

122

00:05:41,990 --> 00:05:39,960
Jimmy can you send me the Gen yes and

123

00:05:44,390 --> 00:05:42,000
this went back and forth between Mick

124

00:05:47,990 --> 00:05:44,400
and I uh for a couple of days maybe

125

00:05:50,510 --> 00:05:48,000
maybe three and he's zoning in you know

126

00:05:54,170 --> 00:05:50,520

he's figuring stuff out

127

00:05:58,070 --> 00:05:54,180

um but it's called working together

128

00:06:00,650 --> 00:05:58,080

it's called communication and and I I

129

00:06:02,570 --> 00:06:00,660

felt what was going on and I knew and I

130

00:06:03,650 --> 00:06:02,580

had to embrace myself for it a little

131

00:06:06,290 --> 00:06:03,660

bit

132

00:06:08,510 --> 00:06:06,300

um I knew what was going on but

133

00:06:12,529 --> 00:06:08,520

I I didn't care

134

00:06:14,629 --> 00:06:12,539

it's about confirmation of things and

135

00:06:16,010 --> 00:06:14,639

and now it was an incredible video

136

00:06:17,749 --> 00:06:16,020

there's no doubt about it it's a great

137

00:06:21,290 --> 00:06:17,759

video I captured some really cool stuff

138

00:06:25,909 --> 00:06:21,300

yeah but not everything is a UFO and so

139

00:06:27,950 --> 00:06:25,919

when Mick posted his final analysis

140

00:06:30,710 --> 00:06:27,960

um I posted

141

00:06:32,090 --> 00:06:30,720

um uh I can't remember exactly Mick I

142

00:06:35,629 --> 00:06:32,100

apologize for that but I said something

143

00:06:38,270 --> 00:06:35,639

like man you know what uh I don't buy

144

00:06:42,469 --> 00:06:38,280

everything that Mick is selling and he

145

00:06:44,990 --> 00:06:42,479

has debunked my [\h__\h] but man that what's

146

00:06:48,290 --> 00:06:45,000

wrong with that you know and and and

147

00:06:52,730 --> 00:06:48,300

then that it it that's the way it should

148

00:06:56,390 --> 00:06:52,740

be Mick why is it that people don't want

149

00:06:59,150 --> 00:06:56,400

their their blinders messed with that

150

00:07:01,790 --> 00:06:59,160

they just want to stay in one lane and

151
00:07:03,730 --> 00:07:01,800
if anything messes with that they lose

152
00:07:06,770 --> 00:07:03,740
their minds

153
00:07:08,809 --> 00:07:06,780
we'll just get along I I think a lot of

154
00:07:10,790 --> 00:07:08,819
people are very defensive about the

155
00:07:13,550 --> 00:07:10,800
subject I think part of that is because

156
00:07:15,110 --> 00:07:13,560
the subjects uh especially for people

157
00:07:16,790 --> 00:07:15,120
who are experienced those people who

158
00:07:17,689 --> 00:07:16,800
have seen something or experienced

159
00:07:20,270 --> 00:07:17,699
something

160
00:07:24,350 --> 00:07:20,280
uh for those people they're kind of used

161
00:07:26,089 --> 00:07:24,360
to not being believed and that they know

162
00:07:27,589 --> 00:07:26,099
that a lot of people will will think

163
00:07:29,990 --> 00:07:27,599

that you know what happened to them from

164

00:07:32,210 --> 00:07:30,000

their perspective was very very unlikely

165

00:07:33,469 --> 00:07:32,220

and probably not true like it was

166

00:07:35,089 --> 00:07:33,479

probably a hallucination or something

167

00:07:38,150 --> 00:07:35,099

like that that's they know that that's

168

00:07:40,129 --> 00:07:38,160

what most people uh believe and and yet

169

00:07:43,249 --> 00:07:40,139

from their perspective they know what

170

00:07:45,290 --> 00:07:43,259

they saw and so it's it's it's when

171

00:07:47,270 --> 00:07:45,300

someone comes along and and says

172

00:07:49,249 --> 00:07:47,280

something like you know it might not be

173

00:07:53,029 --> 00:07:49,259

that then they get very defensive and

174

00:07:55,790 --> 00:07:53,039

that also applies even to related things

175

00:07:58,370 --> 00:07:55,800

like say you know someone else or a UFO

176
00:08:00,950 --> 00:07:58,380
like you see a UFO and I come along and

177
00:08:03,290 --> 00:08:00,960
I explain what it is this still makes

178
00:08:04,909 --> 00:08:03,300
people feel threatened because it's just

179
00:08:06,469 --> 00:08:04,919
like I'm one step away you know here's

180
00:08:08,330 --> 00:08:06,479
Mick West kind of knocking at the door

181
00:08:10,850 --> 00:08:08,340
here maybe he's going to like do me next

182
00:08:13,010 --> 00:08:10,860
or something like that but yeah that's

183
00:08:16,129 --> 00:08:13,020
right right that's not what I'm about

184
00:08:18,710 --> 00:08:16,139
yeah I really like cases like your case

185
00:08:21,529 --> 00:08:18,720
because it had a lot of information we

186
00:08:23,689 --> 00:08:21,539
had this great video we knew uh what

187
00:08:25,249 --> 00:08:23,699
location you were at and exactly what

188
00:08:27,350 --> 00:08:25,259

time it was and what direction you were

189

00:08:30,110 --> 00:08:27,360

pointing in because you've got this nice

190

00:08:32,510 --> 00:08:30,120

aligned house which points due north and

191

00:08:34,550 --> 00:08:32,520

so we had this perfect uh position that

192

00:08:36,350 --> 00:08:34,560

we could then use to correlate it with

193

00:08:38,810 --> 00:08:36,360

uh with these satellites which is what

194

00:08:41,209 --> 00:08:38,820

it ended up being but if it's just

195

00:08:43,010 --> 00:08:41,219

somebody's personal story I'm not going

196

00:08:44,630 --> 00:08:43,020

to debunk that I'm not going to come

197

00:08:46,670 --> 00:08:44,640

along and say you didn't see what you

198

00:08:49,370 --> 00:08:46,680

you say you saw because I've got no idea

199

00:08:51,290 --> 00:08:49,380

I wasn't there right uh yeah I might

200

00:08:53,329 --> 00:08:51,300

have my suspicions about what it was but

201
00:08:57,530 --> 00:08:53,339
I can't tell what it was or what it

202
00:08:59,449 --> 00:08:57,540
wasn't so I generally don't even address

203
00:09:01,610 --> 00:08:59,459
those other than you know that's your

204
00:09:03,720 --> 00:09:01,620
experience and I can't really address

205
00:09:05,630 --> 00:09:03,730
your experience

206
00:09:09,290 --> 00:09:05,640
[Music]

207
00:09:10,490 --> 00:09:09,300
have you okay fine I know what it is I

208
00:09:12,230 --> 00:09:10,500
know what I want to ask it's going to be

209
00:09:13,090 --> 00:09:12,240
back up okay

210
00:09:16,730 --> 00:09:13,100
um

211
00:09:19,190 --> 00:09:16,740
what you analyzed with what I sent you

212
00:09:23,090 --> 00:09:19,200
was excellent right but that doesn't

213
00:09:25,850 --> 00:09:23,100

change why I am here right you're not

214

00:09:28,250 --> 00:09:25,860

fundamentally changing my mindset with

215

00:09:29,990 --> 00:09:28,260

that and that's that's what people need

216

00:09:31,490 --> 00:09:30,000

to understand

217

00:09:33,110 --> 00:09:31,500

um they didn't know that you and I had

218

00:09:35,570 --> 00:09:33,120

this communication going back and forth

219

00:09:38,449 --> 00:09:35,580

behind the scenes on this and that I

220

00:09:41,150 --> 00:09:38,459

wanted the answers right they didn't see

221

00:09:42,769 --> 00:09:41,160

that part of it they just saw you you

222

00:09:44,090 --> 00:09:42,779

know debunking Jimmy Church's video

223

00:09:47,750 --> 00:09:44,100

right

224

00:09:50,210 --> 00:09:47,760

um but but here's the thing I have seen

225

00:09:54,350 --> 00:09:50,220

in the middle of the day with a group of

226

00:09:57,410 --> 00:09:54,360

people a 500 foot tall shaped like a

227

00:10:00,590 --> 00:09:57,420

beer can upright spinning uh with the

228

00:10:03,290 --> 00:10:00,600

silver thing it was insane and it lasted

229

00:10:05,350 --> 00:10:03,300

about 15 seconds Clear Blue Sky and then

230

00:10:09,949 --> 00:10:05,360

just disappeared in front of everybody

231

00:10:14,150 --> 00:10:09,959

now that is when you see something like

232

00:10:16,150 --> 00:10:14,160

that no matter what gets done bunked it

233

00:10:21,350 --> 00:10:16,160

doesn't change what I saw

234

00:10:24,670 --> 00:10:21,360

was absolutely crazy have you had that

235

00:10:28,850 --> 00:10:24,680

sighting a daylight not night not lights

236

00:10:31,570 --> 00:10:28,860

a daylight thing that you went okay

237

00:10:34,850 --> 00:10:31,580

that's not ours have you had

238

00:10:37,850 --> 00:10:34,860

uh not that dramatic certainly no I I

239

00:10:39,590 --> 00:10:37,860

have seen things in the daytime the you

240

00:10:41,329 --> 00:10:39,600

know they're not very interesting but

241

00:10:44,030 --> 00:10:41,339

there's certainly things that I didn't

242

00:10:46,550 --> 00:10:44,040

know what they were uh one in particular

243

00:10:48,410 --> 00:10:46,560

I remember I was just basically looking

244

00:10:51,110 --> 00:10:48,420

straight up in the sky you know almost

245

00:10:53,389 --> 00:10:51,120

directly above my head and I saw what

246

00:10:54,670 --> 00:10:53,399

appeared to be like a white object kind

247

00:10:57,110 --> 00:10:54,680

of hovering

248

00:10:59,150 --> 00:10:57,120

uh straight up and it looked like it was

249

00:11:00,769 --> 00:10:59,160

really really high like 40 000 feet or

250

00:11:03,110 --> 00:11:00,779

so and just just hovering there and I

251
00:11:04,850 --> 00:11:03,120
don't know what it was I mean it might

252
00:11:06,590 --> 00:11:04,860
have been something like I saw Venus in

253
00:11:07,730 --> 00:11:06,600
the daytime or something like that so I

254
00:11:09,410 --> 00:11:07,740
went back in the house and got my

255
00:11:10,310 --> 00:11:09,420
binoculars and then looked up and it was

256
00:11:13,130 --> 00:11:10,320
gone

257
00:11:16,790 --> 00:11:13,140
but that yeah it's that's probably the

258
00:11:19,610 --> 00:11:16,800
most uh dramatic UFO type thing that

259
00:11:20,949 --> 00:11:19,620
I've seen well you can take Venus off of

260
00:11:24,590 --> 00:11:20,959
those

261
00:11:26,750 --> 00:11:24,600
you take Venus off of that what did what

262
00:11:30,410 --> 00:11:26,760
did you think that's that's actually a

263
00:11:32,630 --> 00:11:30,420

pretty good sighting yeah it's it sounds

264

00:11:34,970 --> 00:11:32,640

good but it was really just a little

265

00:11:37,069 --> 00:11:34,980

white dot I mean it could have been a

266

00:11:38,690 --> 00:11:37,079

Bird hovering or something like that I

267

00:11:40,550 --> 00:11:38,700

mean I don't know he didn't seem to be

268

00:11:43,009 --> 00:11:40,560

moving which is what was interesting to

269

00:11:45,230 --> 00:11:43,019

me I think I was like watching a plane

270

00:11:47,150 --> 00:11:45,240

overhead with like a small camera and

271

00:11:49,490 --> 00:11:47,160

then I just saw this little white dot

272

00:11:51,829 --> 00:11:49,500

and I stopped and looked at it so you

273

00:11:53,630 --> 00:11:51,839

know it's a UFO but it's also it's it's

274

00:11:55,970 --> 00:11:53,640

in the low information Zone it's it's

275

00:11:58,310 --> 00:11:55,980

too far away to tell what it was and

276

00:12:00,889 --> 00:11:58,320

perhaps had I managed to see it again

277

00:12:03,230 --> 00:12:00,899

with my binoculars I might have been

278

00:12:04,790 --> 00:12:03,240

able to see what it was you know it

279

00:12:07,610 --> 00:12:04,800

might have just like you ended up being

280

00:12:09,170 --> 00:12:07,620

a bit of a brighter white dot which

281

00:12:11,329 --> 00:12:09,180

would mean make the kind of like the

282

00:12:13,370 --> 00:12:11,339

star or planet explanation a bit more

283

00:12:16,970 --> 00:12:13,380

likely right but you know I don't know

284

00:12:19,430 --> 00:12:16,980

and so yeah UFOs are real in the sense

285

00:12:21,769 --> 00:12:19,440

that we see things in the sky UAP are

286

00:12:23,630 --> 00:12:21,779

real there are phenomena we see in the

287

00:12:25,790 --> 00:12:23,640

sky that we can't identify

288

00:12:28,069 --> 00:12:25,800

uh but that doesn't mean that they are

289

00:12:29,269 --> 00:12:28,079

something like non-human intelligence it

290

00:12:31,370 --> 00:12:29,279

just means like right now we can't

291

00:12:32,769 --> 00:12:31,380

identify it now your thing sounds a bit

292

00:12:35,690 --> 00:12:32,779

more interesting

293

00:12:39,290 --> 00:12:35,700

cylinder that was crazy just imagine

294

00:12:42,710 --> 00:12:39,300

this 500 feet tall going into the sky

295

00:12:46,490 --> 00:12:42,720

and it was uh it was tremendous

296

00:12:49,550 --> 00:12:46,500

um and it vanished yeah and I didn't see

297

00:12:53,150 --> 00:12:49,560

it uh okay I didn't see it vanished that

298

00:12:55,009 --> 00:12:53,160

was oh I saw it appear

299

00:12:56,389 --> 00:12:55,019

um and what had happened this is I've

300

00:12:57,889 --> 00:12:56,399

told the story so many times so I'm

301
00:13:00,230 --> 00:12:57,899
going to give you the very short average

302
00:13:01,490 --> 00:13:00,240
version I'm sitting there with a pair of

303
00:13:04,670 --> 00:13:01,500
gnarly

304
00:13:06,290 --> 00:13:04,680
three foot binoculars on a tripod and

305
00:13:09,230 --> 00:13:06,300
I'm looking at the top of this mountain

306
00:13:12,170 --> 00:13:09,240
and the mountain is 14 miles away right

307
00:13:14,150 --> 00:13:12,180
and it's there and and I'm looking at

308
00:13:16,250 --> 00:13:14,160
the birds I'm just P you know and I've

309
00:13:17,870 --> 00:13:16,260
got Steve Murillo uh sitting directly

310
00:13:20,329 --> 00:13:17,880
next to me right a picnic table and I've

311
00:13:22,430 --> 00:13:20,339
got about 30 friends around us some of

312
00:13:25,009 --> 00:13:22,440
them were playing basketball and we were

313
00:13:28,129 --> 00:13:25,019

having fun right anyway so I'm looking

314

00:13:29,810 --> 00:13:28,139

at the mountain and and I see the peak

315

00:13:32,569 --> 00:13:29,820

in the binoculars I'm looking at the

316

00:13:35,509 --> 00:13:32,579

peak in them yes you know and at that

317

00:13:37,129 --> 00:13:35,519

moment from behind the mountain not

318

00:13:39,110 --> 00:13:37,139

coming in from left to right from behind

319

00:13:43,129 --> 00:13:39,120

the mountain comes this thing and it's

320

00:13:46,009 --> 00:13:43,139

14 miles away and it's if and and and I

321

00:13:48,410 --> 00:13:46,019

freak and I'm looking at it just doesn't

322

00:13:51,650 --> 00:13:48,420

make any sense to me it was black and it

323

00:13:54,530 --> 00:13:51,660

had like a chrome like dull aluminum

324

00:13:57,650 --> 00:13:54,540

silver top and bottom the sun lit it up

325

00:14:00,110 --> 00:13:57,660

perfectly it was crystal clear moving

326

00:14:03,290 --> 00:14:00,120

very slowly and it's spinning and I jump

327

00:14:04,269 --> 00:14:03,300

up and I yell video video video pictures

328

00:14:07,550 --> 00:14:04,279

pictures pictures

329

00:14:09,230 --> 00:14:07,560

and I come back and and people started

330

00:14:11,150 --> 00:14:09,240

shooting pictures and shooting video I

331

00:14:14,030 --> 00:14:11,160

came back and sat down and looked at it

332

00:14:17,090 --> 00:14:14,040

in the binoculars again and I take it

333

00:14:19,250 --> 00:14:17,100

all in for about five seconds I just

334

00:14:24,110 --> 00:14:19,260

look at it from top to bottom and it's

335

00:14:26,030 --> 00:14:24,120

huge it's big and then I look at it with

336

00:14:27,410 --> 00:14:26,040

my naked eye I come off this like 10

337

00:14:29,329 --> 00:14:27,420

seconds later

338

00:14:31,129 --> 00:14:29,339

I come off I look at it with my naked

339

00:14:33,290 --> 00:14:31,139

eye it's like a little you know but you

340

00:14:34,670 --> 00:14:33,300

can see it's spinning and and stuff even

341

00:14:36,530 --> 00:14:34,680

though it's very far away but in the

342

00:14:39,050 --> 00:14:36,540

binoculars it's like this

343

00:14:40,850 --> 00:14:39,060

and and then I come back and as I come

344

00:14:42,470 --> 00:14:40,860

back to the binoculars Steve Murillo

345

00:14:44,930 --> 00:14:42,480

sitting next to me goes it's spinning

346

00:14:46,689 --> 00:14:44,940

it's spinning it's spinning it's it's

347

00:14:49,310 --> 00:14:46,699

gone

348

00:14:51,889 --> 00:14:49,320

what and I thought we were going to see

349

00:14:55,189 --> 00:14:51,899

it Mick for the next hour in the blue

350

00:14:57,050 --> 00:14:55,199

sky because it was moving so slow and

351

00:14:59,150 --> 00:14:57,060

and I went back and I went back in my

352

00:15:00,970 --> 00:14:59,160

binoculars and I it was it just

353

00:15:03,769 --> 00:15:00,980

disappeared

354

00:15:06,189 --> 00:15:03,779

yeah yeah that's that's the type of case

355

00:15:08,750 --> 00:15:06,199

that I I don't like

356

00:15:10,009 --> 00:15:08,760

uh not not because it's disconcerting or

357

00:15:11,870 --> 00:15:10,019

anything I don't like it because I can't

358

00:15:13,670 --> 00:15:11,880

get to grips with it I can't so yeah

359

00:15:15,350 --> 00:15:13,680

there's not evidence that you can

360

00:15:16,730 --> 00:15:15,360

actually you know I guess you could say

361

00:15:18,889 --> 00:15:16,740

what's the location and you can get

362

00:15:21,470 --> 00:15:18,899

things like that I've got all of that

363

00:15:24,949 --> 00:15:21,480

the thing the thing is I got some video

364

00:15:26,810 --> 00:15:24,959

uh the object's not in the video

365

00:15:28,490 --> 00:15:26,820

but because the person taking the video

366

00:15:30,530 --> 00:15:28,500

didn't know where to point right right

367

00:15:33,650 --> 00:15:30,540

but you can hear us all talking about it

368

00:15:36,110 --> 00:15:33,660

and screaming and describing it yeah

369

00:15:38,750 --> 00:15:36,120

yeah so that's all in the video but if

370

00:15:41,870 --> 00:15:38,760

you were sitting at that picnic table

371

00:15:45,889 --> 00:15:41,880

and you witness something like that does

372

00:15:48,110 --> 00:15:45,899

that change your world view yeah well it

373

00:15:49,550 --> 00:15:48,120

depends what it is uh I think you know

374

00:15:51,769 --> 00:15:49,560

I'm the type of guy who tried to figure

375

00:15:53,090 --> 00:15:51,779

out what it was and consider a whole

376

00:15:55,250 --> 00:15:53,100

bunch of possibilities which I'm sure

377

00:15:56,569 --> 00:15:55,260

you've done as well but if you can't

378

00:15:58,370 --> 00:15:56,579

figure out what it was and you're left

379

00:16:01,009 --> 00:15:58,380

with something like a giant spinning

380

00:16:03,230 --> 00:16:01,019

tube it's kind of very difficult to

381

00:16:04,670 --> 00:16:03,240

reconcile that with with the world but I

382

00:16:06,610 --> 00:16:04,680

think what would I would probably end up

383

00:16:09,410 --> 00:16:06,620

happening is I would probably have a few

384

00:16:11,269 --> 00:16:09,420

tenuous hypotheses like you know perhaps

385

00:16:13,009 --> 00:16:11,279

it was uh someone was flying a giant

386

00:16:14,389 --> 00:16:13,019

tube kite and we just had a weird

387

00:16:16,189 --> 00:16:14,399

perspective thing where it looked like

388

00:16:17,750 --> 00:16:16,199

it was coming over the top and then

389

00:16:19,189 --> 00:16:17,760

you'd be like no no he definitely came

390

00:16:22,129 --> 00:16:19,199

over the top of the mountain it came

391

00:16:23,810 --> 00:16:22,139

from behind yeah from behind it was and

392

00:16:25,970 --> 00:16:23,820

you got to remember we were looking at

393

00:16:28,610 --> 00:16:25,980

it from 14 miles away and you could

394

00:16:30,769 --> 00:16:28,620

still 14 miles and you could see it with

395

00:16:34,129 --> 00:16:30,779

the Naked Eyes they were very very big

396

00:16:36,829 --> 00:16:34,139

it's huge yeah yeah and you think that's

397

00:16:38,870 --> 00:16:36,839

something that large would be visible to

398

00:16:40,490 --> 00:16:38,880

a lot of people a lot of people

399

00:16:41,930 --> 00:16:40,500

presumably on the other side of the

400

00:16:44,150 --> 00:16:41,940

mountain the business people as well or

401
00:16:46,730 --> 00:16:44,160
even people climbing the mountain Mick

402
00:16:49,189 --> 00:16:46,740
and that's the issue here yeah what the

403
00:16:52,310 --> 00:16:49,199
hell's going on yeah yeah we all thought

404
00:16:54,470 --> 00:16:52,320
the same thing well everybody for Miles

405
00:16:57,410 --> 00:16:54,480
just saw that

406
00:17:00,949 --> 00:16:57,420
there was there was nothing you know and

407
00:17:03,590 --> 00:17:00,959
thankfully uh I had 30 friends all

408
00:17:05,150 --> 00:17:03,600
standing there in awe watching this

409
00:17:07,250 --> 00:17:05,160
thing because that's that's the Holy

410
00:17:09,590 --> 00:17:07,260
Grail right that's the middle of the day

411
00:17:12,230 --> 00:17:09,600
sunlight this is not at night this is

412
00:17:15,770 --> 00:17:12,240
not night vision this isn't Mick West

413
00:17:17,030 --> 00:17:15,780

and starlink no it's not that right

414

00:17:19,669 --> 00:17:17,040

this is

415

00:17:23,090 --> 00:17:19,679

right there lit up lit up by the sun and

416

00:17:25,069 --> 00:17:23,100

it was yeah crazy and yeah I've often

417

00:17:27,350 --> 00:17:25,079

thought uh you know somebody like you or

418

00:17:29,870 --> 00:17:27,360

you know what what would Neil deGrasse

419

00:17:32,930 --> 00:17:29,880

Tyson have to say yeah something like

420

00:17:35,930 --> 00:17:32,940

that well I think like the very fact

421

00:17:38,750 --> 00:17:35,940

that only your group saw it at least any

422

00:17:40,430 --> 00:17:38,760

reporters saying it is is perhaps a clue

423

00:17:43,010 --> 00:17:40,440

I mean it seems like there's only a

424

00:17:45,070 --> 00:17:43,020

couple of ways that that could go like

425

00:17:48,650 --> 00:17:45,080

either it's some kind of weird phenomena

426

00:17:51,470 --> 00:17:48,660

that only wanted to be seen by your

427

00:17:53,330 --> 00:17:51,480

group or was perhaps in a situation

428

00:17:54,950 --> 00:17:53,340

where it could only be seen you know

429

00:17:57,110 --> 00:17:54,960

it's a real thing but it's only seen

430

00:17:58,310 --> 00:17:57,120

through a certain like tunnel of the air

431

00:18:01,789 --> 00:17:58,320

or something because of the way it

432

00:18:03,890 --> 00:18:01,799

warped space and time or it's it's some

433

00:18:06,169 --> 00:18:03,900

it was some kind of Illusion like there

434

00:18:10,130 --> 00:18:06,179

was something that wasn't actually quite

435

00:18:11,870 --> 00:18:10,140

so big uh and and from your perspective

436

00:18:13,850 --> 00:18:11,880

you just happen to be in the right spot

437

00:18:15,950 --> 00:18:13,860

to see it at the right time while

438

00:18:18,590 --> 00:18:15,960

somebody is solar balloon or kite or

439

00:18:20,930 --> 00:18:18,600

whatever it was uh flew over and you all

440

00:18:23,390 --> 00:18:20,940

got the same illusion at the same time

441

00:18:26,029 --> 00:18:23,400

uh but you know again I don't know which

442

00:18:31,730 --> 00:18:26,039

one of those is the right one no it's uh

443

00:18:35,390 --> 00:18:31,740

and and so back to I guess my point that

444

00:18:38,270 --> 00:18:35,400

no matter what not everything is a UFO

445

00:18:43,250 --> 00:18:38,280

it's actually right

446

00:18:45,590 --> 00:18:43,260

so what we saw that day was friggin nuts

447

00:18:48,289 --> 00:18:45,600

and I can tell you I don't I don't know

448

00:18:52,310 --> 00:18:48,299

what it was Mick I don't I certainly

449

00:18:54,710 --> 00:18:52,320

don't but this is what drives me and and

450

00:18:57,830 --> 00:18:54,720

and I'm okay with listening to

451
00:18:59,870 --> 00:18:57,840
everybody's input on everything like you

452
00:19:02,210 --> 00:18:59,880
and the work that you do I don't mind it

453
00:19:05,029 --> 00:19:02,220
I appreciate it

454
00:19:07,430 --> 00:19:05,039
um and so there you go all right so but

455
00:19:09,230 --> 00:19:07,440
you haven't seen that see I was hoping

456
00:19:10,669 --> 00:19:09,240
you would tell me that you haven't seen

457
00:19:13,029 --> 00:19:10,679
anything and I would say well that

458
00:19:15,470 --> 00:19:13,039
explains everything about Midwest

459
00:19:17,210 --> 00:19:15,480
well I haven't seen anything amazing

460
00:19:19,250 --> 00:19:17,220
this is like people always ask me what's

461
00:19:21,850 --> 00:19:19,260
the most amazing UFO video you've ever

462
00:19:25,010 --> 00:19:21,860
seen and that you you couldn't explain

463
00:19:26,510 --> 00:19:25,020

and there's there's thousands of videos

464

00:19:28,190 --> 00:19:26,520

that I can't explain just because

465

00:19:29,390 --> 00:19:28,200

they're like that white dot that I saw

466

00:19:32,450 --> 00:19:29,400

there's just something in the distance

467

00:19:34,909 --> 00:19:32,460

and you can't tell what it is uh I

468

00:19:38,210 --> 00:19:34,919

haven't seen any any ones that like are

469

00:19:40,130 --> 00:19:38,220

are amazing even as amazing as the your

470

00:19:42,110 --> 00:19:40,140

description like there if you had a you

471

00:19:44,210 --> 00:19:42,120

know a 4K video of this thing coming

472

00:19:46,490 --> 00:19:44,220

over the top of the mountain

473

00:19:49,130 --> 00:19:46,500

you know that would be pretty amazing

474

00:19:50,930 --> 00:19:49,140

uh but you know such videos don't seem

475

00:19:53,210 --> 00:19:50,940

to exist well you know it's the same

476
00:19:55,490 --> 00:19:53,220
thing just like everybody you know when

477
00:19:56,990 --> 00:19:55,500
when somebody tells me uh their

478
00:19:58,430 --> 00:19:57,000
experience and their sighting and I ask

479
00:20:02,930 --> 00:19:58,440
them the question right do you take a

480
00:20:05,570 --> 00:20:02,940
picture shoot a video no uh did I no the

481
00:20:08,270 --> 00:20:05,580
whole event was 15 seconds long right

482
00:20:11,710 --> 00:20:08,280
and 10 seconds of it was me jumping up

483
00:20:15,529 --> 00:20:11,720
and down yelling for video and and stuff

484
00:20:17,870 --> 00:20:15,539
and by the time I even got close to

485
00:20:20,450 --> 00:20:17,880
getting my mind straight it was gone

486
00:20:23,510 --> 00:20:20,460
yeah but he was so close I mean it's not

487
00:20:25,130 --> 00:20:23,520
like every single uh UFO encounter is

488
00:20:27,350 --> 00:20:25,140

like three seconds and there's no chance

489

00:20:29,870 --> 00:20:27,360

of getting it you you could

490

00:20:32,930 --> 00:20:29,880

theoretically quite easily have either

491

00:20:34,970 --> 00:20:32,940

had your camera out at that time uh or

492

00:20:38,210 --> 00:20:34,980

or like you managed to do it in the 15

493

00:20:39,770 --> 00:20:38,220

seconds I was once in my backyard uh and

494

00:20:41,630 --> 00:20:39,780

I happened to have a camera I had my big

495

00:20:46,130 --> 00:20:41,640

my big you know 500 millimeter camera

496

00:20:47,390 --> 00:20:46,140

without somewhere and uh a U2 flew over

497

00:20:49,610 --> 00:20:47,400

my house

498

00:20:50,930 --> 00:20:49,620

which is very unusual I never even seen

499

00:20:54,049 --> 00:20:50,940

a YouTube before you know the YouTube

500

00:20:56,510 --> 00:20:54,059

spy plane yeah the long skinny wings I

501
00:20:58,490 --> 00:20:56,520
see them every other day yeah well you

502
00:21:00,710 --> 00:20:58,500
you live with someone they are but

503
00:21:04,070 --> 00:21:00,720
they're stationed right here I was like

504
00:21:06,650 --> 00:21:04,080
oh my God are you too well and then I

505
00:21:08,870 --> 00:21:06,660
was like with my big camera

506
00:21:11,750 --> 00:21:08,880
so I don't think it's impossible that at

507
00:21:13,789 --> 00:21:11,760
some point you know if these UFO

508
00:21:15,830 --> 00:21:13,799
encounters that that people describe

509
00:21:17,090 --> 00:21:15,840
like yourself are happening in and you

510
00:21:18,529 --> 00:21:17,100
were you know you were in a situation

511
00:21:21,470 --> 00:21:18,539
where you were actually looking for UFOs

512
00:21:24,650 --> 00:21:21,480
at the time and you had cameras no no no

513
00:21:27,529 --> 00:21:24,660

no no no no no no you this is nature

514

00:21:28,970 --> 00:21:27,539

okay yeah but you you were observing you

515

00:21:31,549 --> 00:21:28,980

had like camera equipment you have

516

00:21:33,890 --> 00:21:31,559

binoculars I had the binoculars because

517

00:21:36,950 --> 00:21:33,900

I had this giant Mountain uh sitting in

518

00:21:40,490 --> 00:21:36,960

front of me and uh and that's why they

519

00:21:42,710 --> 00:21:40,500

were there so yeah but uh yeah yeah so

520

00:21:43,870 --> 00:21:42,720

yeah so Nick is debunking my experience

521

00:21:46,070 --> 00:21:43,880

now

522

00:21:47,990 --> 00:21:46,080

no it's not your experience I'm just

523

00:21:50,390 --> 00:21:48,000

trying to extrapolate it to the the

524

00:21:52,190 --> 00:21:50,400

broader phenomena like what does it tell

525

00:21:54,950 --> 00:21:52,200

you that that there are all these

526
00:21:58,490 --> 00:21:54,960
eyewitness accounts but you know we

527
00:22:00,289 --> 00:21:58,500
can't get uh video or or good photos of

528
00:22:01,909 --> 00:22:00,299
them and it's we're always just so close

529
00:22:03,169 --> 00:22:01,919
like you know get the camera out and I

530
00:22:05,090 --> 00:22:03,179
just don't press the button I mean that

531
00:22:07,370 --> 00:22:05,100
happened to me once I was looking I was

532
00:22:10,370 --> 00:22:07,380
outside walking the dog and it was dark

533
00:22:12,950 --> 00:22:10,380
and I saw this this enormous shower of

534
00:22:14,930 --> 00:22:12,960
golden Fireballs like shoot across the

535
00:22:16,490 --> 00:22:14,940
sky above me and I was like oh my God

536
00:22:17,810 --> 00:22:16,500
and then I'll get the camera out double

537
00:22:19,789 --> 00:22:17,820
camera out here press the button

538
00:22:22,070 --> 00:22:19,799

followed it across the sky it was

539

00:22:24,110 --> 00:22:22,080

amazing amazing thing I've ever seen

540

00:22:25,789 --> 00:22:24,120

and then it went over the horizon and I

541

00:22:28,750 --> 00:22:25,799

was like ah

542

00:22:31,430 --> 00:22:28,760

didn't press record

543

00:22:34,970 --> 00:22:31,440

I hate that

544

00:22:36,590 --> 00:22:34,980

even worse than that is uh you you've

545

00:22:40,130 --> 00:22:36,600

got you think

546

00:22:41,930 --> 00:22:40,140

you've hit the video button and you're

547

00:22:43,610 --> 00:22:41,940

watching the video the whole time yeah

548

00:22:46,970 --> 00:22:43,620

yeah I was watching it I was looking at

549

00:22:49,909 --> 00:22:46,980

my camera but this amazing size of uh

550

00:22:53,990 --> 00:22:49,919

and that's so much man and then you look

551
00:22:57,169 --> 00:22:54,000
and that Square's not lit oh man

552
00:22:59,630 --> 00:22:57,179
um okay let's uh let's talk about arrow

553
00:23:00,549 --> 00:22:59,640
for a second all right

554
00:23:10,010 --> 00:23:00,559
um

555
00:23:13,070 --> 00:23:10,020
some people upset and so many out there

556
00:23:15,830 --> 00:23:13,080
have uh put their eggs in in one basket

557
00:23:17,630 --> 00:23:15,840
and they're not really analyzing the

558
00:23:19,310 --> 00:23:17,640
situation but

559
00:23:22,190 --> 00:23:19,320
um I was asked today on another program

560
00:23:26,149 --> 00:23:22,200
uh Christina Gomez

561
00:23:29,049 --> 00:23:26,159
um what I thought about the hearing and

562
00:23:32,630 --> 00:23:29,059
I said okay I'm gonna sum it up

563
00:23:40,750 --> 00:23:35,990

um Kirkpatrick doesn't give a rat's ass

564

00:23:43,549 --> 00:23:40,760

about E.T and his job and arrows Mission

565

00:23:45,890 --> 00:23:43,559

has nothing to do

566

00:23:48,830 --> 00:23:45,900

with the search for extraterrestrial

567

00:23:51,350 --> 00:23:48,840

life that's it and the community needs

568

00:23:54,230 --> 00:23:51,360

to disengage from that thought process

569

00:23:57,289 --> 00:23:54,240

because if they're looking for him to do

570

00:23:59,570 --> 00:23:57,299

that you're wasting your time and that

571

00:24:01,970 --> 00:23:59,580

was my take when I make a statement like

572

00:24:04,549 --> 00:24:01,980

that what goes through your mind

573

00:24:07,789 --> 00:24:04,559

I I pretty much agree with it I I think

574

00:24:11,810 --> 00:24:07,799

you know he talks about how Arrow's

575

00:24:14,950 --> 00:24:11,820

mission was to make uh UAP what do you

576
00:24:18,230 --> 00:24:14,960
call them sep somebody else's problem

577
00:24:20,750 --> 00:24:18,240
and that wasn't just with

578
00:24:25,070 --> 00:24:20,760
with things like drones and whatnot he

579
00:24:26,630 --> 00:24:25,080
specifically said that if uh they'd

580
00:24:29,870 --> 00:24:26,640
found something that could only be

581
00:24:32,870 --> 00:24:29,880
explained by extraterrestrial origin

582
00:24:34,909 --> 00:24:32,880
they would then work with NASA to inform

583
00:24:37,190 --> 00:24:34,919
the Congressional leadership of what was

584
00:24:39,590 --> 00:24:37,200
going on so basically he was saying if

585
00:24:40,669 --> 00:24:39,600
we find some aliens we'll just let NASA

586
00:24:43,190 --> 00:24:40,679
handle it

587
00:24:46,250 --> 00:24:43,200
you know they their interest I think is

588
00:24:48,590 --> 00:24:46,260

is a national security thing uh there

589

00:24:51,169 --> 00:24:48,600

are objects that are unidentified

590

00:24:53,110 --> 00:24:51,179

a lot of that is you know just things

591

00:24:57,350 --> 00:24:53,120

like clutter like balloons and whatnot

592

00:25:00,350 --> 00:24:57,360

uh some of it is is things like radar

593

00:25:02,450 --> 00:25:00,360

issues and some of it might be foreign

594

00:25:03,950 --> 00:25:02,460

definitely is foreign drones because we

595

00:25:05,630 --> 00:25:03,960

know that actually happens and some of

596

00:25:07,490 --> 00:25:05,640

it might be some kind of secret foreign

597

00:25:09,289 --> 00:25:07,500

drone and then there might be something

598

00:25:12,350 --> 00:25:09,299

else maybe aliens you know they just

599

00:25:14,750 --> 00:25:12,360

keep that as a just in case but yeah

600

00:25:16,490 --> 00:25:14,760

that's that's what their focus is is

601
00:25:19,070 --> 00:25:16,500
just simply figuring out what things are

602
00:25:22,010 --> 00:25:19,080
they're not alien hunters they're not

603
00:25:24,529 --> 00:25:22,020
you know trying to figure out if ET is

604
00:25:27,769 --> 00:25:24,539
visiting at least as far as I know like

605
00:25:30,590 --> 00:25:27,779
but I don't think I don't think uh

606
00:25:34,010 --> 00:25:30,600
you're wrong there I I I he was very

607
00:25:36,350 --> 00:25:34,020
very very clear yeah and I think that

608
00:25:38,210 --> 00:25:36,360
the anticipation because so many

609
00:25:41,450 --> 00:25:38,220
including myself you know I was calling

610
00:25:42,950 --> 00:25:41,460
it another UFO hearing

611
00:25:44,930 --> 00:25:42,960
um and when the hearing really was about

612
00:25:46,730 --> 00:25:44,940
the budgeting of arrow in a mission

613
00:25:49,549 --> 00:25:46,740

statement that's you know that's what

614

00:25:52,250 --> 00:25:49,559

the hearing was for and there was a lot

615

00:25:55,070 --> 00:25:52,260

of expectation and hype behind it that's

616

00:25:56,750 --> 00:25:55,080

built up in social media that this is

617

00:25:59,570 --> 00:25:56,760

you know we're gonna have witnesses and

618

00:26:01,909 --> 00:25:59,580

this this is going on I wonder who's and

619

00:26:03,649 --> 00:26:01,919

and clearly that's not the case in the

620

00:26:06,710 --> 00:26:03,659

community

621

00:26:10,130 --> 00:26:06,720

um uh I I think it it hurts it's like

622

00:26:13,310 --> 00:26:10,140

ripping off a Band-Aid but that's not

623

00:26:17,510 --> 00:26:13,320

what arrow is for the arrow is not the

624

00:26:21,470 --> 00:26:17,520

UFO uh action group right that's not

625

00:26:23,149 --> 00:26:21,480

that's not the case here is it no and I

626

00:26:24,470 --> 00:26:23,159

I it's there's a there's lots of people

627

00:26:26,390 --> 00:26:24,480

kind of involved in this you know

628

00:26:29,690 --> 00:26:26,400

Kirsten Gila brand is like you know the

629

00:26:31,850 --> 00:26:29,700

prime mover uh I guess of the uh uh of

630

00:26:34,029 --> 00:26:31,860

you know getting things done and getting

631

00:26:36,490 --> 00:26:34,039

Arrow implemented and things like that

632

00:26:39,710 --> 00:26:36,500

uh but sometimes I think people

633

00:26:43,549 --> 00:26:39,720

politicians uh adopt an issue

634

00:26:45,649 --> 00:26:43,559

because they need an issue to

635

00:26:47,090 --> 00:26:45,659

to be working on I'm sure that she works

636

00:26:49,310 --> 00:26:47,100

on other things as well but you know

637

00:26:51,230 --> 00:26:49,320

she's becomes well known as the person

638

00:26:53,990 --> 00:26:51,240

who's in charge of this particular thing

639

00:26:56,210 --> 00:26:54,000

and it's obviously something that has

640

00:26:58,850 --> 00:26:56,220

National Security implications even if

641

00:27:00,529 --> 00:26:58,860

aliens aren't real uh and so it's

642

00:27:01,970 --> 00:27:00,539

something that she can be seen to be

643

00:27:03,610 --> 00:27:01,980

doing a good job at you know I'm sure

644

00:27:07,010 --> 00:27:03,620

she like wants to do a good job as well

645

00:27:09,649 --> 00:27:07,020

but uh it's

646

00:27:11,029 --> 00:27:09,659

if it really was such a big deal you

647

00:27:13,190 --> 00:27:11,039

know why is there just one or two

648

00:27:14,390 --> 00:27:13,200

politicians who are interested in it why

649

00:27:16,850 --> 00:27:14,400

is there just one or two people have

650

00:27:19,430 --> 00:27:16,860

adopted uh you know it has their pet pet

651
00:27:21,830 --> 00:27:19,440
subject and there's very very few people

652
00:27:24,169 --> 00:27:21,840
actually you know kind of pursuing this

653
00:27:25,370 --> 00:27:24,179
and I think the Pentagon like Sean

654
00:27:28,490 --> 00:27:25,380
Kirkpatrick

655
00:27:30,289 --> 00:27:28,500
really isn't super interested in it

656
00:27:32,090 --> 00:27:30,299
other than like we have things we can't

657
00:27:33,350 --> 00:27:32,100
identify and we need to identify them

658
00:27:35,930 --> 00:27:33,360
but they're probably just drones and

659
00:27:38,690 --> 00:27:35,940
things like that uh so the whole alien

660
00:27:42,409 --> 00:27:38,700
thing I think for the military

661
00:27:44,690 --> 00:27:42,419
I feel like the alien issue is a big

662
00:27:46,970 --> 00:27:44,700
distraction for most of them like an

663
00:27:49,250 --> 00:27:46,980

unwelcome distraction and they just

664

00:27:51,110 --> 00:27:49,260

don't want to actually engage with it

665

00:27:53,090 --> 00:27:51,120

you know think about the Air Force

666

00:27:54,890 --> 00:27:53,100

how much how much is the Air Force

667

00:27:55,970 --> 00:27:54,900

actually told us about UFOs I mean

668

00:27:58,549 --> 00:27:55,980

nothing really

669

00:28:01,430 --> 00:27:58,559

uh there was one I think retired head of

670

00:28:04,130 --> 00:28:01,440

the Air Force a few months ago uh

671

00:28:04,970 --> 00:28:04,140

basically said he had better things to

672

00:28:08,570 --> 00:28:04,980

do

673

00:28:11,269 --> 00:28:08,580

than uh investigate UFOs historically

674

00:28:13,010 --> 00:28:11,279

people investigate UFOs uh the evidence

675

00:28:14,570 --> 00:28:13,020

doesn't lead anywhere and it's just a

676

00:28:17,570 --> 00:28:14,580

big waste of time but then there's a

677

00:28:19,490 --> 00:28:17,580

huge uh public hubbub and lots of media

678

00:28:21,230 --> 00:28:19,500

interest and they get swamped with

679

00:28:23,450 --> 00:28:21,240

requests from the media and foyer

680

00:28:25,669 --> 00:28:23,460

requests and things like that so what

681

00:28:29,510 --> 00:28:25,679

did you what did you make of

682

00:28:32,870 --> 00:28:29,520

um the article that Avi Loeb and Sean

683

00:28:35,269 --> 00:28:32,880

Kirkpatrick co-authored last month about

684

00:28:37,430 --> 00:28:35,279

uh well the headlines the media said

685

00:28:40,070 --> 00:28:37,440

alien motherships are here dropping off

686

00:28:43,850 --> 00:28:40,080

drones uh and that's what the media does

687

00:28:46,430 --> 00:28:43,860

okay but yeah but it's a weird article

688

00:28:47,870 --> 00:28:46,440

uh and it was weird that Kirkpatrick put

689

00:28:50,269 --> 00:28:47,880

his name on it and I think it was

690

00:28:52,190 --> 00:28:50,279

basically RV Loeb just saying the type

691

00:28:54,830 --> 00:28:52,200

of things alveolo upsets you know he he

692

00:28:56,510 --> 00:28:54,840

thinks it's likely that there's aliens

693

00:28:58,010 --> 00:28:56,520

throughout the Galaxy and there's alien

694

00:29:00,289 --> 00:28:58,020

ships and they're probably doing things

695

00:29:02,990 --> 00:29:00,299

like this and he was hypothesizing maybe

696

00:29:05,870 --> 00:29:03,000

you know if I wanted to seed the Galaxy

697

00:29:08,090 --> 00:29:05,880

with life I would make a other ship that

698

00:29:10,370 --> 00:29:08,100

would then drop off these dandelion type

699

00:29:12,710 --> 00:29:10,380

Scout ships and that's just how it would

700

00:29:14,570 --> 00:29:12,720

work you know and it's just it's it's

701

00:29:16,669 --> 00:29:14,580

speculation it's science speculation

702

00:29:18,169 --> 00:29:16,679

it's science fiction speculation but

703

00:29:21,049 --> 00:29:18,179

then you wove in this whole other thing

704

00:29:22,850 --> 00:29:21,059

about how oh if if they were moving

705

00:29:24,649 --> 00:29:22,860

really fast then they would be

706

00:29:26,029 --> 00:29:24,659

surrounded by plasma and so they'll be

707

00:29:27,830 --> 00:29:26,039

really bright and we'll be able to see

708

00:29:29,750 --> 00:29:27,840

them which doesn't really seem like it's

709

00:29:31,250 --> 00:29:29,760

really anything in particular to do with

710

00:29:33,110 --> 00:29:31,260

the the first thing the whole you know

711

00:29:34,850 --> 00:29:33,120

Mothership and the dandelions it was

712

00:29:36,590 --> 00:29:34,860

like he was just it's almost like a

713

00:29:39,110 --> 00:29:36,600

stream of Consciousness it's like

714

00:29:41,510 --> 00:29:39,120

Kirkpatrick says like hey Avi let's

715

00:29:44,149 --> 00:29:41,520

write a paper on UFOs and there he goes

716

00:29:46,250 --> 00:29:44,159

sure yeah let's see we'll we'll do the

717

00:29:47,269 --> 00:29:46,260

thing about the mothership and then oh

718

00:29:48,350 --> 00:29:47,279

people have been saying they've been

719

00:29:49,370 --> 00:29:48,360

moving really fast but I don't think

720

00:29:50,870 --> 00:29:49,380

that's true so we're putting something

721

00:29:52,909 --> 00:29:50,880

about them being really bright if

722

00:29:54,950 --> 00:29:52,919

they're really fast that sounds good to

723

00:29:57,889 --> 00:29:54,960

you and Kirkpatrick says yeah sounds

724

00:29:59,870 --> 00:29:57,899

good I mean the science checks out so uh

725

00:30:01,850 --> 00:29:59,880

I'll put my name on that and then they

726

00:30:03,590 --> 00:30:01,860

publish it because I don't know why all

727

00:30:06,529 --> 00:30:03,600

he publishes like a paper every week

728

00:30:11,090 --> 00:30:06,539

yeah he does he does nothing to him

729

00:30:14,630 --> 00:30:11,100

um uh I'll say this uh about Avi

730

00:30:17,990 --> 00:30:14,640

um I have uh ate dinner with him I've

731

00:30:19,750 --> 00:30:18,000

shot TV shows with him

732

00:30:23,630 --> 00:30:19,760

um I have looked him straight in the eye

733

00:30:26,149 --> 00:30:23,640

and had very lengthy deep conversation

734

00:30:28,430 --> 00:30:26,159

and I will say this about that guy that

735

00:30:32,810 --> 00:30:28,440

guy intimidates the crap out of me he's

736

00:30:34,669 --> 00:30:32,820

he's really smart okay I mean like at a

737

00:30:38,269 --> 00:30:34,679

level that you and I will never ever

738

00:30:40,970 --> 00:30:38,279

understand he's like there he's he's a

739

00:30:45,769 --> 00:30:40,980

very unique person on planet Earth but

740

00:30:48,950 --> 00:30:45,779

he's so data driven Mick that he he has

741

00:30:51,169 --> 00:30:48,960

access and understands data and is able

742

00:30:54,830 --> 00:30:51,179

to process it in a way that you and I we

743

00:30:58,310 --> 00:30:54,840

just it's not what we do right and and

744

00:31:01,490 --> 00:30:58,320

he's able and so that motivation for him

745

00:31:03,289 --> 00:31:01,500

he understands the true size of

746

00:31:07,070 --> 00:31:03,299

everything and the numbers of everything

747

00:31:09,950 --> 00:31:07,080

and and how algorithms process through

748

00:31:12,730 --> 00:31:09,960

and and he's able to visualize those

749

00:31:14,830 --> 00:31:12,740

answers at the end of that math yeah

750

00:31:20,450 --> 00:31:14,840

yeah

751

00:31:22,970 --> 00:31:20,460

I I know you are but I I wouldn't say I

752

00:31:26,630 --> 00:31:22,980

entirely agree uh with that but uh

753

00:31:28,970 --> 00:31:26,640

continue yeah well I I agree with what I

754

00:31:31,610 --> 00:31:28,980

mean he was director of the black hole

755

00:31:34,310 --> 00:31:31,620

sure uh no he's he's a he's a genius

756

00:31:35,690 --> 00:31:34,320

he's a very good scientist and he's you

757

00:31:39,590 --> 00:31:35,700

know done lots of great work I'm sure

758

00:31:43,130 --> 00:31:39,600

but you know I I go back to the paper he

759

00:31:46,010 --> 00:31:43,140

wrote on the U Ukrainian UFOs

760

00:31:47,690 --> 00:31:46,020

which I thought was was you know partly

761

00:31:49,130 --> 00:31:47,700

it was just he did his thing about oh if

762

00:31:50,930 --> 00:31:49,140

it was moving really fast there would be

763

00:31:53,090 --> 00:31:50,940

plasma so it would be bright and it

764

00:31:54,470 --> 00:31:53,100

wasn't so that puts it up a limited so

765

00:31:56,690 --> 00:31:54,480

you know it's the same thing he did in

766

00:31:58,130 --> 00:31:56,700

the in the Kirkpatrick paper

767

00:32:00,230 --> 00:31:58,140

but then he goes on to say that these

768

00:32:03,350 --> 00:32:00,240

black things because it's in a war zone

769

00:32:06,110 --> 00:32:03,360

are probably artillery shells and you

770

00:32:08,570 --> 00:32:06,120

know not flies whereas I think the Flies

771

00:32:10,789 --> 00:32:08,580

are vastly more likely explanation and I

772

00:32:13,010 --> 00:32:10,799

I did a bunch of math trying to explain

773

00:32:15,409 --> 00:32:13,020

to him why I thought this was the case

774

00:32:17,690 --> 00:32:15,419

and when he first came back to me with

775

00:32:20,269 --> 00:32:17,700

rebuttals of my argument

776

00:32:22,010 --> 00:32:20,279

the first rebuttals that he gave me were

777

00:32:23,690 --> 00:32:22,020

not very good they were they were just

778

00:32:25,730 --> 00:32:23,700

kind of almost hand waving type things

779

00:32:27,590 --> 00:32:25,740

you then came back with a better one a

780

00:32:28,909 --> 00:32:27,600

much better one where he could have like

781

00:32:31,070 --> 00:32:28,919

oh yeah that's I should have said that

782

00:32:32,810 --> 00:32:31,080

from the start and he gave me that one

783

00:32:35,029 --> 00:32:32,820

but it also didn't really add up that

784

00:32:37,730 --> 00:32:35,039

math really wasn't wasn't uh wasn't

785

00:32:39,590 --> 00:32:37,740

correct I don't think and I did a

786

00:32:41,570 --> 00:32:39,600

quite a complicated simulation try to

787

00:32:43,010 --> 00:32:41,580

demonstrate this but then he kind of

788

00:32:45,889 --> 00:32:43,020

just stops talking about the whole thing

789

00:32:46,669 --> 00:32:45,899

and then moved on uh but you know I feel

790

00:32:49,549 --> 00:32:46,679

like

791

00:32:52,430 --> 00:32:49,559

we often give a lot of deference to

792

00:32:54,830 --> 00:32:52,440

people who who have a lot of degrees now

793

00:32:57,409 --> 00:32:54,840

obviously he's vastly more accomplished

794

00:32:59,330 --> 00:32:57,419

than I am when it comes to physics knows

795

00:33:00,950 --> 00:32:59,340

a lot more about it than I do but it

796

00:33:04,370 --> 00:33:00,960

doesn't mean that in every single

797

00:33:06,230 --> 00:33:04,380

analysis of a UFO video his answer is

798

00:33:08,810 --> 00:33:06,240

going to be correct when it disagrees

799

00:33:10,850 --> 00:33:08,820

with with my answer you know I think

800

00:33:12,649 --> 00:33:10,860

yeah that's something that we've seen

801
00:33:15,529 --> 00:33:12,659
before with other people as well like

802
00:33:17,750 --> 00:33:15,539
Travis Taylor who has two phds you know

803
00:33:19,909 --> 00:33:17,760
he often says things that are factually

804
00:33:21,649 --> 00:33:19,919
incorrect or he does things where he

805
00:33:25,250 --> 00:33:21,659
gets the math wrong or he gets some kind

806
00:33:27,830 --> 00:33:25,260
of uh facts wrong in his his analysis so

807
00:33:30,350 --> 00:33:27,840
it does happen uh that people get things

808
00:33:33,430 --> 00:33:30,360
wrong even if they've got this you know

809
00:33:38,090 --> 00:33:33,440
they do have these well-deserved uh

810
00:33:40,009 --> 00:33:38,100
category credentials yeah and and and

811
00:33:41,210 --> 00:33:40,019
although you are right in fact we're

812
00:33:44,990 --> 00:33:41,220
both right

813
00:33:49,909 --> 00:33:45,000

but here's the thing even when I try to

814

00:33:53,690 --> 00:33:49,919

go a little woo with Avi right yeah he

815

00:33:56,570 --> 00:33:53,700

backed off now I I think that

816

00:33:59,049 --> 00:33:56,580

um he believes it's a numbers game a

817

00:34:02,450 --> 00:33:59,059

numbers game that I tend to agree with

818

00:34:04,730 --> 00:34:02,460

where we could have up to a trillion

819

00:34:07,130 --> 00:34:04,740

planets just in the Milky Way right a

820

00:34:11,030 --> 00:34:07,140

trillion every Star has got at least one

821

00:34:13,310 --> 00:34:11,040

planet that's that's it's now a fact and

822

00:34:15,649 --> 00:34:13,320

so when you base it on that it's just a

823

00:34:18,470 --> 00:34:15,659

trillion right so when you get to

824

00:34:20,389 --> 00:34:18,480

percentages of what could support life

825

00:34:23,450 --> 00:34:20,399

and you get down to a tenth of a percent

826

00:34:26,750 --> 00:34:23,460

of a trillion a tenth a hundredth of a

827

00:34:31,129 --> 00:34:26,760

percent you're talking about hundreds of

828

00:34:33,770 --> 00:34:31,139

millions of planets billions of planets

829

00:34:35,690 --> 00:34:33,780

that and and so it's a numbers driven

830

00:34:37,129 --> 00:34:35,700

situation so how much of that and then

831

00:34:40,430 --> 00:34:37,139

how much of that and how much of that

832

00:34:43,490 --> 00:34:40,440

and and who would be aware of us he'll

833

00:34:45,710 --> 00:34:43,500

go that far that it has to be that way

834

00:34:49,070 --> 00:34:45,720

that's what the numbers are now little

835

00:34:52,730 --> 00:34:49,080

Grays uh visiting you know little gray

836

00:34:55,609 --> 00:34:52,740

aliens abducting people no no no uh he

837

00:34:58,310 --> 00:34:55,619

he's he's not anywhere near that

838

00:35:00,530 --> 00:34:58,320

um but he's a data-driven guy and it's

839

00:35:02,750 --> 00:35:00,540

the numbers that support

840

00:35:05,990 --> 00:35:02,760

um what he believes is the possibility

841

00:35:07,910 --> 00:35:06,000

that we are not only uh being visited

842

00:35:11,089 --> 00:35:07,920

but it's been going on for a very long

843

00:35:12,710 --> 00:35:11,099

time yeah no I I appreciate his take on

844

00:35:15,530 --> 00:35:12,720

that the you know being data driven and

845

00:35:19,010 --> 00:35:15,540

making sure things are backed up uh with

846

00:35:20,329 --> 00:35:19,020

with uh with math and and physics and

847

00:35:23,030 --> 00:35:20,339

some people in the community like

848

00:35:24,410 --> 00:35:23,040

disagree with him on on you know

849

00:35:28,190 --> 00:35:24,420

essentially the Kirkpatrick paper

850

00:35:30,290 --> 00:35:28,200

argument that uh you have to look at

851
00:35:32,329 --> 00:35:30,300
things under the lens of known physics

852
00:35:34,010 --> 00:35:32,339
because the idea of course is that the

853
00:35:36,470 --> 00:35:34,020
aliens would use physics which we have

854
00:35:37,849 --> 00:35:36,480
not yet discovered and so they think

855
00:35:42,410 --> 00:35:37,859
that he kind of he's kind of limiting

856
00:35:44,510 --> 00:35:42,420
himself uh when he uh he says that uh

857
00:35:46,550 --> 00:35:44,520
but he he talks about things that are

858
00:35:49,370 --> 00:35:46,560
fairly far out like the the idea of

859
00:35:50,990 --> 00:35:49,380
omumua being a you know portion of a

860
00:35:52,970 --> 00:35:51,000
solar sail you know that that kind of

861
00:35:54,589 --> 00:35:52,980
asteroid type thing that came through

862
00:35:57,050 --> 00:35:54,599
there this book I'd be right

863
00:36:00,650 --> 00:35:57,060

extraterrestrial I have I have not no

864

00:36:03,410 --> 00:36:00,660

read it read it read it and then and

865

00:36:06,290 --> 00:36:03,420

then uh revisit that statement you were

866

00:36:08,089 --> 00:36:06,300

about to make yeah well you know he

867

00:36:09,950 --> 00:36:08,099

wrote a book like a couple of years ago

868

00:36:12,050 --> 00:36:09,960

now and I think there's been a bunch of

869

00:36:14,810 --> 00:36:12,060

research by other people uh since then

870

00:36:16,849 --> 00:36:14,820

on on things like uh the hydrogen

871

00:36:18,710 --> 00:36:16,859

pressure and the outgassing and things

872

00:36:20,450 --> 00:36:18,720

like that I'm sure his book makes a very

873

00:36:22,130 --> 00:36:20,460

good compelling case because that's what

874

00:36:23,569 --> 00:36:22,140

he sets out to do he's setting out you

875

00:36:24,950 --> 00:36:23,579

know here's my argument and I think that

876

00:36:27,950 --> 00:36:24,960

this is what happened and I think it's

877

00:36:30,589 --> 00:36:27,960

probably aliens but a lot of people

878

00:36:32,990 --> 00:36:30,599

disagree with him yeah he's sure he's of

879

00:36:35,630 --> 00:36:33,000

course they do a lot of scientists and

880

00:36:37,730 --> 00:36:35,640

we need that we need that we all can't

881

00:36:40,670 --> 00:36:37,740

just agree that's not a fun place to be

882

00:36:43,329 --> 00:36:40,680

we need to to be able to sit down and

883

00:36:45,170 --> 00:36:43,339

and talk things through and and yeah

884

00:36:46,910 --> 00:36:45,180

of stuff

885

00:36:51,050 --> 00:36:46,920

um I will say

886

00:36:53,349 --> 00:36:51,060

um uh this he makes one point

887

00:36:56,750 --> 00:36:53,359

um in extraterrestrial

888

00:36:59,329 --> 00:36:56,760

that it is it's it's an unbelievable

889

00:37:01,750 --> 00:36:59,339

thing to wrap your head around no matter

890

00:37:04,010 --> 00:37:01,760

what

891

00:37:07,069 --> 00:37:04,020

is gone

892

00:37:10,250 --> 00:37:07,079

it ain't coming back yeah so the only

893

00:37:12,530 --> 00:37:10,260

data that we have is what was collected

894

00:37:15,349 --> 00:37:12,540

for those 11 days

895

00:37:17,450 --> 00:37:15,359

and it caught us by surprise by the time

896

00:37:19,490 --> 00:37:17,460

we started pointing stuff to it it's

897

00:37:22,849 --> 00:37:19,500

it's hauling man it's doing it's almost

898

00:37:25,670 --> 00:37:22,859

300 000 miles per hour right and then

899

00:37:29,930 --> 00:37:25,680

it's gone and that's it there will never

900

00:37:32,210 --> 00:37:29,940

be more data therefore everybody's

901
00:37:34,609 --> 00:37:32,220
looking at what we have got and they are

902
00:37:36,890 --> 00:37:34,619
developing their own ideas and theories

903
00:37:38,870 --> 00:37:36,900
and hypothesis that's it that's it and

904
00:37:41,510 --> 00:37:38,880
that's a really good point that he that

905
00:37:43,910 --> 00:37:41,520
he's making here it's not going to come

906
00:37:45,770 --> 00:37:43,920
back for more data we've only got what

907
00:37:47,930 --> 00:37:45,780
we've got and this is what we need to

908
00:37:49,550 --> 00:37:47,940
analyze and that's his case you should

909
00:37:53,230 --> 00:37:49,560
read extraterrestrial it's really well

910
00:37:56,150 --> 00:37:53,240
done yeah I might give it a go uh I I I

911
00:37:59,030 --> 00:37:56,160
like the mirror case uh in part because

912
00:38:01,250 --> 00:37:59,040
it reminds me of my two of my favorites

913
00:38:03,650 --> 00:38:01,260

uh science fiction books uh one of them

914

00:38:04,430 --> 00:38:03,660

is rendezvous with Rama by office e

915

00:38:06,890 --> 00:38:04,440

clock

916

00:38:08,990 --> 00:38:06,900

we're a very similar looking thing comes

917

00:38:11,930 --> 00:38:09,000

into our solar system and it's very

918

00:38:13,849 --> 00:38:11,940

similar yeah it's a long thing thing and

919

00:38:15,890 --> 00:38:13,859

but they go into it and they get inside

920

00:38:17,930 --> 00:38:15,900

it and of course it's a bit more alien

921

00:38:20,329 --> 00:38:17,940

and then there's another book called uh

922

00:38:20,890 --> 00:38:20,339

uh Dragon's egg

923

00:38:24,530 --> 00:38:20,900

um

924

00:38:26,329 --> 00:38:24,540

yeah which which is about uh a neutron

925

00:38:28,069 --> 00:38:26,339

star essentially that kind of like Zips

926

00:38:30,470 --> 00:38:28,079

through our solar system just for a

927

00:38:32,390 --> 00:38:30,480

brief period of time but it actually

928

00:38:34,790 --> 00:38:32,400

contains alien life and it's just there

929

00:38:36,050 --> 00:38:34,800

for a brief period of time uh but uh

930

00:38:38,270 --> 00:38:36,060

it's it's longer for the from the

931

00:38:40,010 --> 00:38:38,280

perspective of the aliens but yeah the

932

00:38:41,930 --> 00:38:40,020

the yeah I love

933

00:38:44,870 --> 00:38:41,940

science fiction I love science and the

934

00:38:46,490 --> 00:38:44,880

idea of being something it was really

935

00:38:48,349 --> 00:38:46,500

appealing to me if if there could be

936

00:38:51,050 --> 00:38:48,359

some actual evidence so actually

937

00:38:54,230 --> 00:38:51,060

convincing evidence uh I would love that

938

00:38:56,750 --> 00:38:54,240

but I don't want to be beguiled by the

939

00:38:59,329 --> 00:38:56,760

idea that it is aliens and then start

940

00:39:01,550 --> 00:38:59,339

accepting evidence just because I want

941

00:39:04,010 --> 00:39:01,560

that evidence to be true that's right

942

00:39:08,270 --> 00:39:04,020

well that's exactly that's the world of

943

00:39:12,710 --> 00:39:08,280

Mick West right and I have said it many

944

00:39:15,730 --> 00:39:12,720

times if if Mick West or anybody else is

945

00:39:19,010 --> 00:39:15,740

going to ruin your life that's on you

946

00:39:21,050 --> 00:39:19,020

right and and it's the same thing Mick

947

00:39:23,569 --> 00:39:21,060

uh just go and read the book that's all

948

00:39:25,970 --> 00:39:23,579

that's all the data and I'll put it in

949

00:39:28,849 --> 00:39:25,980

my list it's a very compelling case that

950

00:39:31,849 --> 00:39:28,859

is laid out and and and I'll just leave

951

00:39:33,770 --> 00:39:31,859

it at that um I I just like everything

952

00:39:36,170 --> 00:39:33,780

else just lump it into the middle of the

953

00:39:39,170 --> 00:39:36,180

table and and and let's see what we've

954

00:39:41,750 --> 00:39:39,180

got in the end and and remember the beer

955

00:39:43,730 --> 00:39:41,760

can that's all I got to say so back to

956

00:39:45,470 --> 00:39:43,740

Arrow though okay

957

00:39:50,170 --> 00:39:45,480

um why

958

00:39:54,230 --> 00:39:52,190

why is it

959

00:39:58,130 --> 00:39:54,240

um and I I'm not here to uh to piss

960

00:40:00,950 --> 00:39:58,140

everybody off but why is it that we seem

961

00:40:03,050 --> 00:40:00,960

to have two different stories going on

962

00:40:05,630 --> 00:40:03,060

at the same time

963

00:40:08,630 --> 00:40:05,640

um out in front in the media where we

964

00:40:11,510 --> 00:40:08,640

have got uh Chris Mellon and Lou

965

00:40:14,329 --> 00:40:11,520

Elizondo and their constant trips to

966

00:40:16,069 --> 00:40:14,339

Washington and working on this task

967

00:40:17,930 --> 00:40:16,079

force and talking to this and pushing

968

00:40:22,069 --> 00:40:17,940

this through and the alien agenda and

969

00:40:23,810 --> 00:40:22,079

E.T is here and it appeared that and and

970

00:40:25,970 --> 00:40:23,820

hearings and Witnesses are coming and

971

00:40:28,849 --> 00:40:25,980

that's coming from that camp

972

00:40:32,150 --> 00:40:28,859

um and and getting social media all you

973

00:40:36,230 --> 00:40:32,160

know wild up and then Kirkpatrick comes

974

00:40:39,950 --> 00:40:36,240

out and deflates what is publicly being

975

00:40:42,170 --> 00:40:39,960

uh put on by melon and Elizondo and

976

00:40:43,550 --> 00:40:42,180

others too as well

977

00:40:46,370 --> 00:40:43,560

um and we're getting these two

978

00:40:49,370 --> 00:40:46,380

conflicting stories somebody here is

979

00:40:51,349 --> 00:40:49,380

wrong or is Alexander when when talking

980

00:40:52,609 --> 00:40:51,359

to another group and it has nothing to

981

00:40:54,650 --> 00:40:52,619

do with arrow

982

00:41:00,589 --> 00:40:54,660

well it does seem like there's some kind

983

00:41:04,609 --> 00:41:00,599

of dispute about you know perhaps how

984

00:41:06,470 --> 00:41:04,619

what UFOs are within the Pentagon uh

985

00:41:10,190 --> 00:41:06,480

there were conflicting stories in the

986

00:41:12,910 --> 00:41:10,200

media a while back there was a story by

987

00:41:16,490 --> 00:41:12,920

Julian Barnes in the New York Times

988

00:41:19,430 --> 00:41:16,500

I think this was just before the last

989

00:41:20,510 --> 00:41:19,440

UAP report came out or a while before it

990

00:41:21,890 --> 00:41:20,520

came out it was when it was supposed to

991

00:41:24,650 --> 00:41:21,900

come out you know it was quite a bit

992

00:41:27,170 --> 00:41:24,660

late and he spoke to a source in the

993

00:41:28,970 --> 00:41:27,180

Pentagon and someone at ABC news also

994

00:41:30,950 --> 00:41:28,980

spoke to this same person or a similar

995

00:41:33,050 --> 00:41:30,960

person and then this person had told

996

00:41:34,790 --> 00:41:33,060

them that there wasn't very much going

997

00:41:38,930 --> 00:41:34,800

on you know there was no real evidence

998

00:41:41,930 --> 00:41:38,940

of aliens the gimbal video uh was just

999

00:41:44,510 --> 00:41:41,940

rotating glare rotating camera artifacts

1000

00:41:46,010 --> 00:41:44,520

and then go fast uh video wasn't going

1001

00:41:48,170 --> 00:41:46,020

particularly fast

1002

00:41:49,970 --> 00:41:48,180

and you know most of what they were

1003

00:41:51,349 --> 00:41:49,980

seeing was balloons I'm not sure if they

1004

00:41:54,410 --> 00:41:51,359

said that but that's what it came out

1005

00:41:57,050 --> 00:41:54,420

eventually but then uh

1006

00:41:58,910 --> 00:41:57,060

someone in the Daily Mail

1007

00:42:00,589 --> 00:41:58,920

comes up with with an article I think it

1008

00:42:03,170 --> 00:42:00,599

was uh I can't remember his name now the

1009

00:42:05,930 --> 00:42:03,180

guy and Chris sharp and the other guy

1010

00:42:07,910 --> 00:42:05,940

uh writing of the Daily Mail they

1011

00:42:09,890 --> 00:42:07,920

interviewed another guy who was a

1012

00:42:11,990 --> 00:42:09,900

pentagon source and this guy's like

1013

00:42:14,150 --> 00:42:12,000

super angry it's like well you know this

1014

00:42:16,790 --> 00:42:14,160

is not what's going on at all there's

1015

00:42:19,370 --> 00:42:16,800

all these amazing videos we have uh

1016

00:42:23,810 --> 00:42:19,380

videos from Reaper drones of this stuff

1017

00:42:25,550 --> 00:42:23,820

that's incredible and uh we we have like

1018

00:42:27,170 --> 00:42:25,560

we know that a lot of things are

1019

00:42:28,370 --> 00:42:27,180

balloons but we don't really care about

1020

00:42:30,349 --> 00:42:28,380

that

1021

00:42:31,670 --> 00:42:30,359

so it seems like it seems like there are

1022

00:42:33,109 --> 00:42:31,680

some people in the Pentagon who think oh

1023

00:42:34,250 --> 00:42:33,119

it's just a big bunch of nothing and

1024

00:42:35,810 --> 00:42:34,260

then there's some people and apparently

1025

00:42:38,870 --> 00:42:35,820

kind of think oh it's this amazing thing

1026
00:42:42,710 --> 00:42:38,880
no yeah those articles were about a week

1027
00:42:45,050 --> 00:42:42,720
apart yeah yeah yeah I had said then

1028
00:42:47,690 --> 00:42:45,060
Mick I want your opinion on this it

1029
00:42:51,770 --> 00:42:47,700
seemed like somebody was feeding

1030
00:42:53,990 --> 00:42:51,780
somebody yeah bunk and maybe bunk going

1031
00:42:56,390 --> 00:42:54,000
in both directions too as well right

1032
00:42:58,370 --> 00:42:56,400
yeah it's it's hard to say

1033
00:43:01,730 --> 00:42:58,380
when you've got an anonymous source both

1034
00:43:04,370 --> 00:43:01,740
sources were Anonymous uh you don't know

1035
00:43:05,809 --> 00:43:04,380
to what level that person is and what

1036
00:43:07,970 --> 00:43:05,819
type of information they've got and what

1037
00:43:10,370 --> 00:43:07,980
information they have access to

1038
00:43:11,750 --> 00:43:10,380

and so this first person at the Pentagon

1039

00:43:13,370 --> 00:43:11,760

that they're talking to might be someone

1040

00:43:15,230 --> 00:43:13,380

who didn't actually know that much about

1041

00:43:17,270 --> 00:43:15,240

it he might have been someone who just

1042

00:43:18,950 --> 00:43:17,280

seen my videos online and thought Oh

1043

00:43:19,849 --> 00:43:18,960

yeah Midwest explains it so that's all

1044

00:43:21,770 --> 00:43:19,859

it is

1045

00:43:23,750 --> 00:43:21,780

uh but it you know it might be someone

1046

00:43:25,430 --> 00:43:23,760

who who knows what's actually going on

1047

00:43:27,470 --> 00:43:25,440

we don't know which one of those it is

1048

00:43:30,109 --> 00:43:27,480

then this other person was someone who

1049

00:43:31,490 --> 00:43:30,119

probably knew something about the the

1050

00:43:33,650 --> 00:43:31,500

report because they knew things that

1051
00:43:35,569 --> 00:43:33,660
were in the report that came out they

1052
00:43:37,130 --> 00:43:35,579
mentioned these orbs scene from a Reaper

1053
00:43:38,630 --> 00:43:37,140
drone which is something that came out

1054
00:43:41,030 --> 00:43:38,640
later something that Kirkpatrick

1055
00:43:43,609 --> 00:43:41,040
actually showed a video of later wasn't

1056
00:43:45,589 --> 00:43:43,619
super amazing but it was something that

1057
00:43:48,109 --> 00:43:45,599
this person mentioned so it seems like

1058
00:43:49,970 --> 00:43:48,119
there might be somebody in the UAP task

1059
00:43:54,770 --> 00:43:49,980
force and whatever you know eventually

1060
00:43:56,450 --> 00:43:54,780
it was aimsog and then and then Arrow uh

1061
00:43:59,450 --> 00:43:56,460
who who is

1062
00:44:01,190 --> 00:43:59,460
very passionate about it and thinks that

1063
00:44:02,870 --> 00:44:01,200

you know there's a big issue with these

1064

00:44:04,670 --> 00:44:02,880

weird things that are flying around that

1065

00:44:05,870 --> 00:44:04,680

don't that are not our technology and

1066

00:44:07,630 --> 00:44:05,880

they're not foreign technology so

1067

00:44:09,650 --> 00:44:07,640

therefore there must be alien technology

1068

00:44:11,150 --> 00:44:09,660

what's your position what's your

1069

00:44:12,650 --> 00:44:11,160

position on that do you believe that we

1070

00:44:14,630 --> 00:44:12,660

are being visited

1071

00:44:16,370 --> 00:44:14,640

no I I don't think there's good evidence

1072

00:44:19,250 --> 00:44:16,380

showing that you know I wouldn't really

1073

00:44:20,990 --> 00:44:19,260

doubt because it's a possibility

1074

00:44:22,370 --> 00:44:21,000

I don't know you know what's going on in

1075

00:44:23,990 --> 00:44:22,380

the rest of the Universe I don't know

1076

00:44:26,870 --> 00:44:24,000

what technology they have

1077

00:44:28,370 --> 00:44:26,880

but I I do know the evidence that is

1078

00:44:31,609 --> 00:44:28,380

presented for that and the evidence

1079

00:44:35,210 --> 00:44:31,619

isn't very good you know we we get

1080

00:44:36,589 --> 00:44:35,220

Promises of these amazing things people

1081

00:44:37,970 --> 00:44:36,599

will promise you things like this this

1082

00:44:38,809 --> 00:44:37,980

video is going to come out it'll blow

1083

00:44:41,089 --> 00:44:38,819

your mind

1084

00:44:42,890 --> 00:44:41,099

and then it ends up being something like

1085

00:44:45,530 --> 00:44:42,900

that that sphere video

1086

00:44:47,750 --> 00:44:45,540

which is just not a very compelling

1087

00:44:50,870 --> 00:44:47,760

video it is something that's it looks

1088

00:44:53,150 --> 00:44:50,880

like a two foot round my last sphere

1089

00:44:55,490 --> 00:44:53,160

that's just floating in the air and it

1090

00:44:58,130 --> 00:44:55,500

looks amazing because it's shot from a

1091

00:45:00,530 --> 00:44:58,140

Reaper drone that has a camera which

1092

00:45:02,390 --> 00:45:00,540

tracks the ground so it looks like the

1093

00:45:03,410 --> 00:45:02,400

thing moves but it's just the Parallax

1094

00:45:05,930 --> 00:45:03,420

effect

1095

00:45:08,329 --> 00:45:05,940

so it's we get these these promises of

1096

00:45:10,670 --> 00:45:08,339

things like Lu Elizondo says there's a

1097

00:45:12,470 --> 00:45:10,680

23 minute video that's just amazing it

1098

00:45:14,690 --> 00:45:12,480

shows this incredible thing that's

1099

00:45:17,270 --> 00:45:14,700

that's going on but you know either it

1100

00:45:20,390 --> 00:45:17,280

doesn't show up or when the video comes

1101
00:45:22,550 --> 00:45:20,400
out it's really not that that amazing uh

1102
00:45:25,370 --> 00:45:22,560
was it's uh Jeremy Corbell it's always

1103
00:45:27,730 --> 00:45:25,380
promising as amazing things at Dalian

1104
00:45:32,089 --> 00:45:27,740
Khan he showed a little teaser of this

1105
00:45:34,370 --> 00:45:32,099
uh this one image which was a a UAP

1106
00:45:35,450 --> 00:45:34,380
moving across the screen and leaving a

1107
00:45:37,790 --> 00:45:35,460
trail

1108
00:45:40,609 --> 00:45:37,800
and that basically was pretty much the

1109
00:45:42,230 --> 00:45:40,619
same thing that Kirkpatrick showed that

1110
00:45:45,530 --> 00:45:42,240
was actually just a plane and the trail

1111
00:45:47,990 --> 00:45:45,540
was just a camera artifact even that it

1112
00:45:50,510 --> 00:45:48,000
it felt it felt to me that Kirkpatrick

1113
00:45:52,970 --> 00:45:50,520

did that on purpose uh yeah that was

1114

00:45:54,829 --> 00:45:52,980

very pointed about those videos both of

1115

00:45:57,349 --> 00:45:54,839

those things yeah exactly both of them

1116

00:45:59,630 --> 00:45:57,359

were basically direct answers to corbels

1117

00:46:02,750 --> 00:45:59,640

things because Corbell releases still of

1118

00:46:05,150 --> 00:46:02,760

a different video of a a small orb

1119

00:46:07,730 --> 00:46:05,160

flying in the sky and there's this other

1120

00:46:09,890 --> 00:46:07,740

thing with the trail but even kirkpat it

1121

00:46:11,630 --> 00:46:09,900

was bizarre the way Kirkpatrick did that

1122

00:46:15,589 --> 00:46:11,640

like he

1123

00:46:19,370 --> 00:46:15,599

he had this slide that said uh the trail

1124

00:46:21,770 --> 00:46:19,380

was a video compression artifact and

1125

00:46:24,230 --> 00:46:21,780

then he in his presentation says the

1126

00:46:26,150 --> 00:46:24,240

trail was a sensor readout artifact

1127

00:46:28,550 --> 00:46:26,160

which are two completely different

1128

00:46:31,190 --> 00:46:28,560

things so it's it's almost like two

1129

00:46:34,490 --> 00:46:31,200

different people one was making the

1130

00:46:36,530 --> 00:46:34,500

slide and one was writing his speech and

1131

00:46:37,970 --> 00:46:36,540

was it him did he write his own speech

1132

00:46:40,609 --> 00:46:37,980

or is he just reading something somebody

1133

00:46:42,710 --> 00:46:40,619

else wrote and why does the slide say

1134

00:46:44,510 --> 00:46:42,720

something that's technically entirely

1135

00:46:47,510 --> 00:46:44,520

different a sensor readout thing means

1136

00:46:48,650 --> 00:46:47,520

that the the sensors uh the pixels of

1137

00:46:51,710 --> 00:46:48,660

the sensor

1138

00:46:53,930 --> 00:46:51,720

keep the intensity of the image for a

1139

00:46:56,210 --> 00:46:53,940

while so you get these after images

1140

00:46:58,730 --> 00:46:56,220

video compression artifacts would be

1141

00:47:00,550 --> 00:46:58,740

something completely different that's

1142

00:47:04,069 --> 00:47:00,560

probably the first one

1143

00:47:06,470 --> 00:47:04,079

I want to ask you about the New York

1144

00:47:08,109 --> 00:47:06,480

Times when

1145

00:47:14,030 --> 00:47:08,119

um

1146

00:47:16,910 --> 00:47:14,040

years ago

1147

00:47:19,069 --> 00:47:16,920

um uh yes yes and then buried

1148

00:47:23,270 --> 00:47:19,079

um in the bottom of towards the end of

1149

00:47:27,370 --> 00:47:23,280

of the article it said that it they had

1150

00:47:29,990 --> 00:47:27,380

a quote attributed to Dr Eric Davis

1151

00:47:34,609 --> 00:47:30,000

that said that he

1152

00:47:38,089 --> 00:47:34,619

said that he gave a classified briefing

1153

00:47:40,790 --> 00:47:38,099

to the senate about

1154

00:47:44,290 --> 00:47:40,800

us being in possession of Not Crash

1155

00:47:46,550 --> 00:47:44,300

retrievals of flying saucers right now

1156

00:47:48,589 --> 00:47:46,560

not all this world I think something

1157

00:47:52,309 --> 00:47:48,599

like that exactly you know right right

1158

00:47:53,450 --> 00:47:52,319

now that that right there

1159

00:47:56,030 --> 00:47:53,460

um should have been the lead in the

1160

00:47:58,970 --> 00:47:56,040

article number one but yeah

1161

00:48:01,190 --> 00:47:58,980

um it's down at the bottom and you would

1162

00:48:02,390 --> 00:48:01,200

think that I've talked to Leslie Kane

1163

00:48:04,910 --> 00:48:02,400

about this I've talked to Ralph

1164

00:48:07,250 --> 00:48:04,920

Blumenthal about this on the air

1165

00:48:09,109 --> 00:48:07,260

um about due diligence and and vetting

1166

00:48:11,750 --> 00:48:09,119

quotes like that and he said well that

1167

00:48:15,609 --> 00:48:11,760

is the New York Times did what they had

1168

00:48:18,710 --> 00:48:15,619

to do to to vet that quote all right

1169

00:48:20,230 --> 00:48:18,720

well that's like the biggest news in

1170

00:48:23,270 --> 00:48:20,240

human history

1171

00:48:26,930 --> 00:48:23,280

why why isn't this being followed up on

1172

00:48:29,569 --> 00:48:26,940

why isn't and it seems that this is now

1173

00:48:31,550 --> 00:48:29,579

chatter that is happening in Washington

1174

00:48:34,730 --> 00:48:31,560

DC

1175

00:48:37,130 --> 00:48:34,740

um what what what do you is your

1176

00:48:39,410 --> 00:48:37,140

position going to change if we start

1177

00:48:41,809 --> 00:48:39,420

having testimony uh you know

1178

00:48:43,730 --> 00:48:41,819

whistleblower stuff well yeah his

1179

00:48:45,890 --> 00:48:43,740

testimony is one thing like testimony is

1180

00:48:48,730 --> 00:48:45,900

would be great but do you remember I'm

1181

00:48:51,650 --> 00:48:48,740

sure you remember the disclosure project

1182

00:48:54,170 --> 00:48:51,660

and the the talks that were given in the

1183

00:48:55,630 --> 00:48:54,180

The Press Club uh back I can't remember

1184

00:48:58,250 --> 00:48:55,640

what it was it might have been like

1185

00:49:01,030 --> 00:48:58,260

2013. right yeah there was an earlier

1186

00:49:03,530 --> 00:49:01,040

one as well I think yeah

1187

00:49:06,349 --> 00:49:03,540

a bunch of whistleblowers came forward

1188

00:49:09,349 --> 00:49:06,359

and they told us about things like like

1189

00:49:11,690 --> 00:49:09,359

uh crash retrieval uh having seen alien

1190

00:49:13,309 --> 00:49:11,700

bodies one woman had photographs of

1191

00:49:15,950 --> 00:49:13,319

bases on the moon

1192

00:49:17,150 --> 00:49:15,960

all these things you know came out so

1193

00:49:18,890 --> 00:49:17,160

but

1194

00:49:20,809 --> 00:49:18,900

it wasn't really it wasn't backed up

1195

00:49:23,109 --> 00:49:20,819

with anything yeah but that's not what I

1196

00:49:26,030 --> 00:49:23,119

heard anyway

1197

00:49:28,550 --> 00:49:26,040

what if we get somebody from Lockheed

1198

00:49:31,730 --> 00:49:28,560

Skunk Works that brings ranks and comes

1199

00:49:34,010 --> 00:49:31,740

off the bigot list and and says yeah I

1200

00:49:36,849 --> 00:49:34,020

work at Skunk Works and we've got a

1201

00:49:39,770 --> 00:49:36,859

craft and we can't make this thing fly

1202

00:49:41,270 --> 00:49:39,780

but yes we have it what do we do with

1203

00:49:43,609 --> 00:49:41,280

that and that's there's some

1204

00:49:46,190 --> 00:49:43,619

expectations that this actually may

1205

00:49:48,530 --> 00:49:46,200

happen this year yeah so if that happens

1206

00:49:50,569 --> 00:49:48,540

there's there's you know two ways of

1207

00:49:52,190 --> 00:49:50,579

interpreting it it's either true or it's

1208

00:49:54,730 --> 00:49:52,200

not

1209

00:49:58,430 --> 00:49:54,740

um if it's true

1210

00:50:01,430 --> 00:49:58,440

uh that I mean if they do actually have

1211

00:50:03,290 --> 00:50:01,440

an alien craft they're with strange

1212

00:50:04,730 --> 00:50:03,300

technology that's world changing you

1213

00:50:05,930 --> 00:50:04,740

know like you like you say like this is

1214

00:50:07,130 --> 00:50:05,940

one of the biggest things in human

1215

00:50:09,829 --> 00:50:07,140

history

1216

00:50:12,650 --> 00:50:09,839

and so the the news that the biggest

1217

00:50:13,790 --> 00:50:12,660

thing in human history has happened is

1218

00:50:15,829 --> 00:50:13,800

something that would get a lot of

1219

00:50:17,750 --> 00:50:15,839

scrutiny and so people would ask

1220

00:50:21,290 --> 00:50:17,760

questions and they'd want it to back it

1221

00:50:23,450 --> 00:50:21,300

up so just simply some guy saying uh

1222

00:50:25,609 --> 00:50:23,460

that that this was true I don't think

1223

00:50:29,450 --> 00:50:25,619

would be enough by itself well we get

1224

00:50:31,849 --> 00:50:29,460

some people like uh Steve Justice what

1225

00:50:34,309 --> 00:50:31,859

if it was Steve Justice yeah but people

1226

00:50:36,950 --> 00:50:34,319

can believe things and say things which

1227

00:50:38,030 --> 00:50:36,960

to them are true and so the under oath

1228

00:50:41,390 --> 00:50:38,040

they could be saying that they believe

1229

00:50:43,069 --> 00:50:41,400

certain things to be true but that they

1230

00:50:45,710 --> 00:50:43,079

might be misremembering they might have

1231

00:50:47,210 --> 00:50:45,720

misunderstood or they they might

1232

00:50:49,569 --> 00:50:47,220

um they might have seen something and

1233

00:50:52,370 --> 00:50:49,579

it's not what they thought it was yeah

1234

00:50:53,750 --> 00:50:52,380

so then we've got to move on so like you

1235

00:50:56,750 --> 00:50:53,760

know he's given his testimony to

1236

00:50:59,450 --> 00:50:56,760

Congress that I think would uh trigger

1237

00:51:01,910 --> 00:50:59,460

investigations at the very least a lot

1238

00:51:04,430 --> 00:51:01,920

of media investigations and probably

1239

00:51:06,770 --> 00:51:04,440

some Congressional and senates and say

1240

00:51:09,049 --> 00:51:06,780

upper level government investigations it

1241

00:51:10,790 --> 00:51:09,059

would be a big Firestorm of stuff going

1242

00:51:14,329 --> 00:51:10,800

on if something of that level actually

1243

00:51:16,430 --> 00:51:14,339

happened and so you know we would just I

1244

00:51:17,890 --> 00:51:16,440

just watch this as it is unfold I don't

1245

00:51:20,750 --> 00:51:17,900

have to do anything at this point

1246

00:51:22,309 --> 00:51:20,760

putting any videos out it would be a

1247

00:51:24,650 --> 00:51:22,319

very interesting situation but I think

1248

00:51:26,270 --> 00:51:24,660

it would be the start of something it

1249

00:51:28,430 --> 00:51:26,280

wouldn't be the end it wouldn't be

1250

00:51:30,049 --> 00:51:28,440

disclosure it would be the source of

1251
00:51:33,530 --> 00:51:30,059
something that either reveals that

1252
00:51:37,150 --> 00:51:33,540
there's this bizarre set of

1253
00:51:40,490 --> 00:51:37,160
weird things going on that isn't aliens

1254
00:51:41,990 --> 00:51:40,500
or it's something that reveals that you

1255
00:51:43,430 --> 00:51:42,000
know we actually do have contact with

1256
00:51:45,109 --> 00:51:43,440
aliens and then we've got a we've got to

1257
00:51:47,510 --> 00:51:45,119
deal with either of those two things you

1258
00:51:49,910 --> 00:51:47,520
know Eric Weinstein like is always

1259
00:51:50,809 --> 00:51:49,920
saying that this is the biggest story

1260
00:51:53,510 --> 00:51:50,819
ever

1261
00:51:55,730 --> 00:51:53,520
because either it's this Monumental

1262
00:51:57,290 --> 00:51:55,740
cock-up on the part of the government

1263
00:51:59,270 --> 00:51:57,300

and the military where they've got all

1264

00:52:01,930 --> 00:51:59,280

this stuff about aliens going on but

1265

00:52:04,549 --> 00:52:01,940

it's not aliens or it's aliens

1266

00:52:06,950 --> 00:52:04,559

uh I I tend to think that we haven't

1267

00:52:09,230 --> 00:52:06,960

really got to the the stage of either of

1268

00:52:11,750 --> 00:52:09,240

those realities yet I don't think we

1269

00:52:13,549 --> 00:52:11,760

really have this you know vast amount of

1270

00:52:15,170 --> 00:52:13,559

evidence and belief but we're kind of

1271

00:52:17,030 --> 00:52:15,180

getting towards it we're getting towards

1272

00:52:20,030 --> 00:52:17,040

this situation where there's serious

1273

00:52:21,650 --> 00:52:20,040

people like talking about about aliens

1274

00:52:23,390 --> 00:52:21,660

when it's possible that they are

1275

00:52:26,450 --> 00:52:23,400

mistaken

1276

00:52:29,230 --> 00:52:26,460

we get here because it it happened

1277

00:52:31,910 --> 00:52:29,240

pretty quickly right

1278

00:52:34,309 --> 00:52:31,920

five I've been investigating this for 50

1279

00:52:38,510 --> 00:52:34,319

years I'm 60 years old okay so I've been

1280

00:52:41,030 --> 00:52:38,520

doing this since I was 10. and uh and I

1281

00:52:44,870 --> 00:52:41,040

know a lot about a lot but that's just

1282

00:52:47,630 --> 00:52:44,880

basic research but I have never seen the

1283

00:52:49,970 --> 00:52:47,640

end of climate in my 50 years of

1284

00:52:52,809 --> 00:52:49,980

research what has gone down in the last

1285

00:52:57,410 --> 00:52:52,819

you know since 2017 almost six years now

1286

00:52:59,569 --> 00:52:57,420

uh where it is everywhere it's in the

1287

00:53:02,450 --> 00:52:59,579

White House Press Room it's on Capitol

1288

00:53:04,250 --> 00:53:02,460

Hill it's at the dod it's at the

1289

00:53:06,109 --> 00:53:04,260

Pentagon press conferences at South

1290

00:53:08,089 --> 00:53:06,119

cover of the New York Times we got

1291

00:53:12,170 --> 00:53:08,099

whistleblowers we got Pilots we got this

1292

00:53:13,970 --> 00:53:12,180

we got 60 minutes it's all you know well

1293

00:53:16,250 --> 00:53:13,980

we used to have this guy named Tucker

1294

00:53:18,770 --> 00:53:16,260

Carlson but

1295

00:53:21,010 --> 00:53:18,780

um uh I think the alien agenda took him

1296

00:53:24,530 --> 00:53:21,020

out but yeah

1297

00:53:26,390 --> 00:53:24,540

why why now it's I think it's in a way

1298

00:53:28,250 --> 00:53:26,400

it's the perfect storm is there's a

1299

00:53:30,950 --> 00:53:28,260

bunch of pressure has always been there

1300

00:53:33,410 --> 00:53:30,960

but by people who wants to get

1301
00:53:35,210 --> 00:53:33,420
disclosure out you know Leslie Kane has

1302
00:53:36,890 --> 00:53:35,220
been wanting to do it a long time Ralph

1303
00:53:39,890 --> 00:53:36,900
Blumenthal has been interested in a long

1304
00:53:41,450 --> 00:53:39,900
time uh and they managed to persuade the

1305
00:53:42,829 --> 00:53:41,460
New York Times that they could write an

1306
00:53:46,549 --> 00:53:42,839
article

1307
00:53:49,370 --> 00:53:46,559
um luellizondo I got convinced at some

1308
00:53:51,349 --> 00:53:49,380
point the aliens are real and he's been

1309
00:53:54,470 --> 00:53:51,359
working behind the scenes it seems you

1310
00:53:56,510 --> 00:53:54,480
know in various ways to try to promote

1311
00:54:00,530 --> 00:53:56,520
this this agenda like

1312
00:54:02,750 --> 00:54:00,540
um uh uh the his his the the other guy

1313
00:54:04,549 --> 00:54:02,760

the tall guy the Secretary of State the

1314

00:54:08,630 --> 00:54:04,559

Secretary of Defense Guy what's his name

1315

00:54:12,109 --> 00:54:08,640

melon Chris melon is you know also a big

1316

00:54:13,490 --> 00:54:12,119

uh believer he's being convinced this is

1317

00:54:15,109 --> 00:54:13,500

what happens and enough people get

1318

00:54:17,750 --> 00:54:15,119

convinced of these things and they they

1319

00:54:21,410 --> 00:54:17,760

work towards it and we had the perfect

1320

00:54:24,349 --> 00:54:21,420

set of circumstances we had uh Elizondo

1321

00:54:27,470 --> 00:54:24,359

deciding to to leave his position we had

1322

00:54:30,290 --> 00:54:27,480

Tom DeLong for some reason deciding he

1323

00:54:31,849 --> 00:54:30,300

wanted to start a a company to do things

1324

00:54:34,609 --> 00:54:31,859

and he managed to persuade people like

1325

00:54:37,010 --> 00:54:34,619

Steve Justice to to come along and

1326
00:54:40,250 --> 00:54:37,020
design a anti-gravity spaceship for him

1327
00:54:42,829 --> 00:54:40,260
based on studying UFOs and we have the

1328
00:54:45,589 --> 00:54:42,839
Old Guard people like Hal putoff and

1329
00:54:47,690 --> 00:54:45,599
Jack valet either like right there in in

1330
00:54:50,030 --> 00:54:47,700
the tsa or behind the scenes talking

1331
00:54:53,329 --> 00:54:50,040
and Advising and it all just kind of

1332
00:54:55,790 --> 00:54:53,339
came to this point and this was his Crux

1333
00:54:57,530 --> 00:54:55,800
with the New York Times story and when

1334
00:55:00,410 --> 00:54:57,540
the New York Times story was published

1335
00:55:02,690 --> 00:55:00,420
and they had these two videos of genuine

1336
00:55:04,430 --> 00:55:02,700
UFOs from the uh the from the military

1337
00:55:08,630 --> 00:55:04,440
of the US government

1338
00:55:10,430 --> 00:55:08,640

he then kind of broke the dam allowed

1339

00:55:12,170 --> 00:55:10,440

everybody to start talking about it

1340

00:55:14,450 --> 00:55:12,180

allowed everybody to start discussing

1341

00:55:17,030 --> 00:55:14,460

UFOs and even a lot of people to start

1342

00:55:18,890 --> 00:55:17,040

investigating UFOs and then that just

1343

00:55:20,990 --> 00:55:18,900

created this you know Perfect Storm

1344

00:55:23,030 --> 00:55:21,000

which built upon itself like one of

1345

00:55:24,410 --> 00:55:23,040

those super waves a bunch of small waves

1346

00:55:27,290 --> 00:55:24,420

come along and eventually it builds up

1347

00:55:29,630 --> 00:55:27,300

and you get a big wave and uh you know

1348

00:55:31,309 --> 00:55:29,640

it's got to where we are now I think

1349

00:55:33,170 --> 00:55:31,319

though that it's

1350

00:55:36,049 --> 00:55:33,180

it's kind of

1351
00:55:37,970 --> 00:55:36,059
run its natural course in that type of

1352
00:55:41,870 --> 00:55:37,980
thing and what we're seeing now is

1353
00:55:44,089 --> 00:55:41,880
almost an artificial uh inflation of

1354
00:55:45,770 --> 00:55:44,099
that wave and I think the bubble might

1355
00:55:48,650 --> 00:55:45,780
be about to pop

1356
00:55:49,790 --> 00:55:48,660
yeah and pop in a good way or pop in a

1357
00:55:52,970 --> 00:55:49,800
bad way

1358
00:55:55,250 --> 00:55:52,980
well it depends on your perspective uh I

1359
00:55:58,970 --> 00:55:55,260
think you know what's what's happening

1360
00:56:02,329 --> 00:55:58,980
with arrow is that it's the serious

1361
00:56:05,329 --> 00:56:02,339
attention that ufology has been asking

1362
00:56:08,390 --> 00:56:05,339
for and demanding uh for many years they

1363
00:56:09,829 --> 00:56:08,400

they've UFO people are being like take

1364

00:56:12,349 --> 00:56:09,839

me seriously

1365

00:56:14,390 --> 00:56:12,359

take the subject seriously this is a

1366

00:56:16,010 --> 00:56:14,400

real thing you know we should be have we

1367

00:56:17,390 --> 00:56:16,020

should have scientists investigating it

1368

00:56:19,490 --> 00:56:17,400

the government should be investigating

1369

00:56:21,410 --> 00:56:19,500

it there should be hearings in in

1370

00:56:23,510 --> 00:56:21,420

Congress and the Senate and now you're

1371

00:56:25,790 --> 00:56:23,520

getting those things you're getting a

1372

00:56:28,549 --> 00:56:25,800

task force which has teams of people

1373

00:56:30,589 --> 00:56:28,559

science team a military team they're

1374

00:56:32,450 --> 00:56:30,599

investigating all these UFOs they want

1375

00:56:35,450 --> 00:56:32,460

to make as much stuff public as they can

1376
00:56:37,490 --> 00:56:35,460
we've got like RV Loeb setting up giant

1377
00:56:40,790 --> 00:56:37,500
telescopes everywhere scanning the skies

1378
00:56:43,670 --> 00:56:40,800
looking for UFOs and we've got people

1379
00:56:47,450 --> 00:56:43,680
spending millions of dollars on on Tech

1380
00:56:48,950 --> 00:56:47,460
startups to use AI to study UFO reports

1381
00:56:51,589 --> 00:56:48,960
trying to glean some interesting

1382
00:56:53,089 --> 00:56:51,599
information from it we've got a vast

1383
00:56:55,130 --> 00:56:53,099
amount I think we've got people we've

1384
00:56:58,190 --> 00:56:55,140
got the military going back through all

1385
00:56:59,870 --> 00:56:58,200
old radar reports and the old FAA radar

1386
00:57:01,970 --> 00:56:59,880
we've got NASA looking at these these

1387
00:57:03,950 --> 00:57:01,980
public domain things all this stuff's

1388
00:57:06,770 --> 00:57:03,960

going on is this Spotlight is this

1389

00:57:09,290 --> 00:57:06,780

seriousness that ufology has demanded

1390

00:57:11,930 --> 00:57:09,300

but what if with all that attention

1391

00:57:14,329 --> 00:57:11,940

nothing comes out nothing comes to the

1392

00:57:17,150 --> 00:57:14,339

surface the the light has been switched

1393

00:57:18,770 --> 00:57:17,160

on but the room is empty if that happens

1394

00:57:21,710 --> 00:57:18,780

I think a lot of people are going to be

1395

00:57:24,349 --> 00:57:21,720

really disappointed and the uh

1396

00:57:26,690 --> 00:57:24,359

the air will go out of the bubble well

1397

00:57:31,130 --> 00:57:26,700

it's it's um it's it's also history

1398

00:57:35,270 --> 00:57:31,140

repeating itself because if we go back

1399

00:57:39,230 --> 00:57:35,280

and we look at the different phases of

1400

00:57:44,030 --> 00:57:39,240

things uh in in the 50s and the 60s

1401

00:57:47,150 --> 00:57:44,040

um uh the the of course the 1952 uh uh

1402

00:57:50,270 --> 00:57:47,160

Washington DC flyover which is a was a

1403

00:57:52,190 --> 00:57:50,280

very serious situation at that time and

1404

00:57:54,710 --> 00:57:52,200

then the formation of nycap and the

1405

00:57:57,290 --> 00:57:54,720

lifting of UFO secrecy with Donald Kehoe

1406

00:58:01,430 --> 00:57:57,300

that was a big deal and that was staffed

1407

00:58:05,089 --> 00:58:01,440

the board of nycap was uh uh Navy

1408

00:58:08,450 --> 00:58:05,099

Admirals and eventually in the 1960s the

1409

00:58:11,329 --> 00:58:08,460

CIA got involved with it this was all to

1410

00:58:13,609 --> 00:58:11,339

lift the secrecy behind UFOs and if you

1411

00:58:16,130 --> 00:58:13,619

look at all of the research that was

1412

00:58:18,170 --> 00:58:16,140

going on at that time Mick

1413

00:58:19,910 --> 00:58:18,180

um and the cases that were being brought

1414

00:58:22,309 --> 00:58:19,920

forward forget about blue book that was

1415

00:58:25,130 --> 00:58:22,319

something that was completely separate

1416

00:58:29,030 --> 00:58:25,140

um all of that was going on and and fell

1417

00:58:32,089 --> 00:58:29,040

apart blue book lasted until 1969 and

1418

00:58:34,910 --> 00:58:32,099

then the wheels came off of that and it

1419

00:58:38,990 --> 00:58:34,920

it it's a cyclical thing that we find

1420

00:58:40,789 --> 00:58:39,000

ourselves in so we had just like uh the

1421

00:58:43,970 --> 00:58:40,799

media is paying attention to this today

1422

00:58:46,069 --> 00:58:43,980

they were doing this in 1952 I am 1953

1423

00:58:49,190 --> 00:58:46,079

1954.

1424

00:58:50,150 --> 00:58:49,200

um a very high level of Hysteria in this

1425

00:58:52,549 --> 00:58:50,160

country

1426

00:58:54,049 --> 00:58:52,559

it was it was it was crazy time there

1427

00:58:55,549 --> 00:58:54,059

was also

1428

00:58:58,670 --> 00:58:55,559

um again if you just look at the

1429

00:59:01,370 --> 00:58:58,680

Historical perspective on this

1430

00:59:05,630 --> 00:59:01,380

um in nineteen

1431

00:59:08,210 --> 00:59:05,640

forty five and 46 in Albuquerque Los

1432

00:59:10,849 --> 00:59:08,220

Alamos uh and of course we know about

1433

00:59:12,410 --> 00:59:10,859

Trinity in the atomic bomb and and

1434

00:59:13,430 --> 00:59:12,420

everything that was going on at that

1435

00:59:18,410 --> 00:59:13,440

time

1436

00:59:22,910 --> 00:59:18,420

over Los Alamos for a period of about a

1437

00:59:25,490 --> 00:59:22,920

year were green glowing balls of light

1438

00:59:28,010 --> 00:59:25,500

that would come in in pairs and

1439

00:59:30,770 --> 00:59:28,020

sometimes in groups of three and and

1440

00:59:33,410 --> 00:59:30,780

past and it was freaking out the

1441

00:59:37,490 --> 00:59:33,420

scientists there I mean I mean losing

1442

00:59:39,109 --> 00:59:37,500

their minds to the point where they they

1443

00:59:40,430 --> 00:59:39,119

had no explanation for we're talking

1444

00:59:43,130 --> 00:59:40,440

about the smartest people on planet

1445

00:59:46,130 --> 00:59:43,140

Earth we're all at that one one spot at

1446

00:59:49,309 --> 00:59:46,140

that one time so they installed three

1447

00:59:52,910 --> 00:59:49,319

different ginormous radar installations

1448

00:59:55,010 --> 00:59:52,920

to triangulate and chase this stuff down

1449

00:59:58,789 --> 00:59:55,020

um these were the things that were

1450

01:00:02,270 --> 00:59:58,799

happening it wasn't just you know Bo and

1451

01:00:04,789 --> 01:00:02,280

mo in a fishing boat in Louisiana you

1452

01:00:07,130 --> 01:00:04,799

know no no this was a very very serious

1453

01:00:09,890 --> 01:00:07,140

situation so we've seen this go through

1454

01:00:13,130 --> 01:00:09,900

cyclically so what does the government

1455

01:00:14,930 --> 01:00:13,140

actually know based on some of the

1456

01:00:16,789 --> 01:00:14,940

examples that I've just given you which

1457

01:00:19,130 --> 01:00:16,799

was always a military perspective active

1458

01:00:23,210 --> 01:00:19,140

and the National Security perspective

1459

01:00:26,329 --> 01:00:23,220

for the last 70 almost 80 years now so

1460

01:00:27,710 --> 01:00:26,339

yeah I believe that there are people in

1461

01:00:30,710 --> 01:00:27,720

the in the Pentagon

1462

01:00:33,950 --> 01:00:30,720

and agencies that have collected this

1463

01:00:36,289 --> 01:00:33,960

data reports and and sensor and radar

1464

01:00:38,690 --> 01:00:36,299

data that have come in from professional

1465

01:00:41,390 --> 01:00:38,700

military service people and they've

1466

01:00:43,609 --> 01:00:41,400

collected this data so they I think that

1467

01:00:45,650 --> 01:00:43,619

they very well know that there is

1468

01:00:48,890 --> 01:00:45,660

something going on they may not know

1469

01:00:52,130 --> 01:00:48,900

what but they know it's there

1470

01:00:53,329 --> 01:00:52,140

yeah I I don't know uh it was

1471

01:00:55,130 --> 01:00:53,339

interesting to me about that type of

1472

01:00:56,510 --> 01:00:55,140

thing the old evidence is that everyone

1473

01:00:57,710 --> 01:00:56,520

I talked to seems to have a different

1474

01:00:59,750 --> 01:00:57,720

favorite

1475

01:01:01,609 --> 01:00:59,760

um example like the one you just gave me

1476

01:01:03,650 --> 01:01:01,619

there with the the green object server

1477

01:01:04,490 --> 01:01:03,660

Los Alamos I never heard of that one

1478

01:01:06,470 --> 01:01:04,500

before

1479

01:01:08,210 --> 01:01:06,480

and you'd think that if it was such a

1480

01:01:10,789 --> 01:01:08,220

huge event which you know it sounds like

1481

01:01:12,230 --> 01:01:10,799

it would be uh scientists are all

1482

01:01:13,670 --> 01:01:12,240

concerned about this and building radar

1483

01:01:16,130 --> 01:01:13,680

installations and then not figuring out

1484

01:01:17,569 --> 01:01:16,140

what it was and why why haven't I heard

1485

01:01:19,069 --> 01:01:17,579

about it why is why why aren't other

1486

01:01:20,690 --> 01:01:19,079

people bringing it up you know other

1487

01:01:22,309 --> 01:01:20,700

people try to persuade me of old things

1488

01:01:24,890 --> 01:01:22,319

and then they some will talk about

1489

01:01:26,690 --> 01:01:24,900

Roswell some will talk about uh you know

1490

01:01:29,450 --> 01:01:26,700

keyhouse stuff and they'll talk about

1491

01:01:31,549 --> 01:01:29,460

there's a guy called Douglas uh and

1492

01:01:32,990 --> 01:01:31,559

various different things from these old

1493

01:01:35,270 --> 01:01:33,000

reports but they all seem to have

1494

01:01:37,130 --> 01:01:35,280

different favorite ones and I think that

1495

01:01:40,549 --> 01:01:37,140

part of that comes down to storytelling

1496

01:01:44,150 --> 01:01:40,559

I think if you can tell a tale like that

1497

01:01:47,030 --> 01:01:44,160

in a way uh that's very compelling

1498

01:01:49,010 --> 01:01:47,040

and people will

1499

01:01:51,950 --> 01:01:49,020

um you know they'll kind of get hooked

1500

01:01:53,150 --> 01:01:51,960

into it yeah if you you start believing

1501
01:01:54,470 --> 01:01:53,160
it because you're viewing it from a

1502
01:01:56,329 --> 01:01:54,480
certain perspective

1503
01:01:58,549 --> 01:01:56,339
but you know I'd like to kind of look at

1504
01:02:00,109 --> 01:01:58,559
an example like that from from a fresh

1505
01:02:02,210 --> 01:02:00,119
perspective and I'd actually really like

1506
01:02:04,549 --> 01:02:02,220
to look into that one with the the green

1507
01:02:06,349 --> 01:02:04,559
objects and see see what it's actually

1508
01:02:08,630 --> 01:02:06,359
all about because you know obviously I

1509
01:02:10,730 --> 01:02:08,640
think you found it very compelling and

1510
01:02:13,789 --> 01:02:10,740
maybe it actually is so I'll definitely

1511
01:02:16,849 --> 01:02:13,799
look into that one yeah yeah it it

1512
01:02:20,450 --> 01:02:16,859
I love the history of this

1513
01:02:23,030 --> 01:02:20,460

um and and I go back and and and and and

1514

01:02:26,390 --> 01:02:23,040

study and study and study the moderns

1515

01:02:28,910 --> 01:02:26,400

and again Nick I I need to I need to

1516

01:02:32,630 --> 01:02:28,920

really stress with you

1517

01:02:35,750 --> 01:02:32,640

um all of this can't be UFOs I

1518

01:02:39,230 --> 01:02:35,760

understand that but I've seen what I

1519

01:02:41,930 --> 01:02:39,240

have seen yeah yeah and I am going to go

1520

01:02:43,309 --> 01:02:41,940

and chase this and get the answers and

1521

01:02:45,170 --> 01:02:43,319

there are too many people in this

1522

01:02:46,789 --> 01:02:45,180

community that are here in this

1523

01:02:49,329 --> 01:02:46,799

community just like you stated actually

1524

01:02:52,670 --> 01:02:49,339

they're here from a personal experience

1525

01:02:55,849 --> 01:02:52,680

and and if something has brought them

1526

01:02:58,370 --> 01:02:55,859

here and their life's journey has

1527

01:03:01,910 --> 01:02:58,380

brought them here to this moment and and

1528

01:03:04,069 --> 01:03:01,920

I have to respect that because I agree I

1529

01:03:07,789 --> 01:03:04,079

agree yeah I have the same crazy ass

1530

01:03:10,069 --> 01:03:07,799

story I sound as crazy as anybody else

1531

01:03:11,690 --> 01:03:10,079

you do I mean you sound like you're

1532

01:03:12,890 --> 01:03:11,700

you're relating an experience that

1533

01:03:15,170 --> 01:03:12,900

happened to you and that's that's

1534

01:03:18,170 --> 01:03:15,180

anything that's all any experience it

1535

01:03:20,089 --> 01:03:18,180

can do they had an experience which from

1536

01:03:21,950 --> 01:03:20,099

their perspective appeared to be a

1537

01:03:24,170 --> 01:03:21,960

certain way and they're telling that

1538

01:03:27,470 --> 01:03:24,180

story as best as they can recall it and

1539

01:03:29,870 --> 01:03:27,480

as best as they understand it and I the

1540

01:03:32,270 --> 01:03:29,880

vast majority authority of people in

1541

01:03:33,710 --> 01:03:32,280

ufology are completely honest someone

1542

01:03:35,930 --> 01:03:33,720

asked me the other day like how many

1543

01:03:38,390 --> 01:03:35,940

fake videos get sent to you and it's

1544

01:03:40,250 --> 01:03:38,400

hardly any people are always sending me

1545

01:03:42,230 --> 01:03:40,260

their own videos that they took

1546

01:03:44,930 --> 01:03:42,240

themselves right no one really sends me

1547

01:03:46,549 --> 01:03:44,940

a fake video you see them on Tick Tock

1548

01:03:48,530 --> 01:03:46,559

but you know people are not like

1549

01:03:51,650 --> 01:03:48,540

promoting them within the UFO Community

1550

01:03:53,270 --> 01:03:51,660

uh you know well they do but you know

1551

01:03:56,030 --> 01:03:53,280

they're not like saying I took this

1552

01:03:58,849 --> 01:03:56,040

video and the vast majority of people

1553

01:04:00,589 --> 01:03:58,859

are honest and I I believe an experience

1554

01:04:01,970 --> 01:04:00,599

so when they tell me they they saw

1555

01:04:03,950 --> 01:04:01,980

something I believe that's what they

1556

01:04:06,710 --> 01:04:03,960

thought that they saw uh what they

1557

01:04:08,510 --> 01:04:06,720

actually saw we don't know but okay

1558

01:04:10,430 --> 01:04:08,520

they're being honest have you found one

1559

01:04:13,549 --> 01:04:10,440

you haven't debunked have you have you

1560

01:04:15,289 --> 01:04:13,559

had is there a video that even you Mick

1561

01:04:17,569 --> 01:04:15,299

was a step back and gone okay well

1562

01:04:19,609 --> 01:04:17,579

that's that's that's pretty nuts I I got

1563

01:04:23,569 --> 01:04:19,619

nothing have you seen that video yet

1564

01:04:25,490 --> 01:04:23,579

well yeah on Tick Tock uh there's lots

1565

01:04:30,309 --> 01:04:25,500

of anonymous videos that are probably

1566

01:04:36,349 --> 01:04:34,670

your analysis you it wasn't starlink and

1567

01:04:37,789 --> 01:04:36,359

it wasn't Venus it was something that

1568

01:04:40,250 --> 01:04:37,799

you couldn't answer and you were

1569

01:04:42,470 --> 01:04:40,260

impressed I I don't think there's one

1570

01:04:45,109 --> 01:04:42,480

where it appears to demonstrate unusual

1571

01:04:48,410 --> 01:04:45,119

uh anomalous Behavior or anomalous

1572

01:04:50,390 --> 01:04:48,420

physics I think there's always

1573

01:04:52,130 --> 01:04:50,400

um enough room for a plausible

1574

01:04:54,829 --> 01:04:52,140

explanation in this but a lot of the

1575

01:04:57,589 --> 01:04:54,839

time there's not enough information to

1576

01:04:59,809 --> 01:04:57,599

determine what that explanation is or to

1577

01:05:02,630 --> 01:04:59,819

pick from a number of various hypotheses

1578

01:05:04,609 --> 01:05:02,640

and often that they have problems you

1579

01:05:07,549 --> 01:05:04,619

know sometimes I think like situations

1580

01:05:08,930 --> 01:05:07,559

can arrive where you have uh you know a

1581

01:05:11,750 --> 01:05:08,940

weird set of circumstances or

1582

01:05:13,609 --> 01:05:11,760

coincidences and it seems like it might

1583

01:05:15,829 --> 01:05:13,619

be impossible that a certain exclamation

1584

01:05:17,089 --> 01:05:15,839

could be uh there and it's very

1585

01:05:19,250 --> 01:05:17,099

difficult to persuade people that it

1586

01:05:21,710 --> 01:05:19,260

might be possible but you know it's it's

1587

01:05:23,870 --> 01:05:21,720

a possible hypothesis and it ends up

1588

01:05:25,849 --> 01:05:23,880

there's just not enough information to

1589

01:05:27,289 --> 01:05:25,859

make a determination but no I don't

1590

01:05:30,829 --> 01:05:27,299

think there's like a really weird video

1591

01:05:33,049 --> 01:05:30,839

that uh that I think has a weird

1592

01:05:35,510 --> 01:05:33,059

explanation I think it probably has a

1593

01:05:37,670 --> 01:05:35,520

reasonable explanation

1594

01:05:39,470 --> 01:05:37,680

um I want to share this with you I need

1595

01:05:40,970 --> 01:05:39,480

you know what I'm going to make a note I

1596

01:05:43,549 --> 01:05:40,980

need to take a commercial break so let

1597

01:05:45,069 --> 01:05:43,559

me get this in and then I just gotta

1598

01:05:48,289 --> 01:05:45,079

write uh

1599

01:05:50,089 --> 01:05:48,299

uh so I don't forget our guests tonight

1600

01:05:52,450 --> 01:05:50,099

the one and only not from the United

1684

01:09:17,809 --> 01:09:13,859

Mick West a great conversation tonight

1685

01:09:26,150 --> 01:09:17,819

and uh Mick sometimes I like to say that

1686

01:09:31,309 --> 01:09:28,729

um I I wanted to ask you I know this

1687

01:09:32,749 --> 01:09:31,319

isn't in your wheelhouse but but it kind

1688

01:09:34,150 --> 01:09:32,759

of is

1689

01:09:39,890 --> 01:09:34,160

um over the weekend

1690

01:09:43,849 --> 01:09:39,900

uh uh a crazy news story broke uh on all

1691

01:09:46,970 --> 01:09:43,859

the media about cattle mutilations in

1692

01:09:49,370 --> 01:09:46,980

Texas uh did you read uh the press

1693

01:09:50,329 --> 01:09:49,380

release on this uh I've I've read bits

1694

01:09:52,070 --> 01:09:50,339

of the story I'm not sure if I've read

1695

01:09:54,950 --> 01:09:52,080

the original press release but familiar

1696

01:09:58,370 --> 01:09:54,960

with like six cows kills tongues uh

1697

01:10:01,189 --> 01:09:58,380

removed and uh nobody knows what's going

1698

01:10:05,930 --> 01:10:01,199

on yeah no blood there was a seventh uh

1699

01:10:08,930 --> 01:10:05,940

cow uh they updated uh the the the story

1700

01:10:11,750 --> 01:10:08,940

today so there was a seventh exactly the

1701

01:10:17,770 --> 01:10:11,760

same fashion no blood uh surgical

1702

01:10:20,689 --> 01:10:17,780

Precision but removed uh others

1703

01:10:22,790 --> 01:10:20,699

ear right

1704

01:10:25,070 --> 01:10:22,800

um but no blood no tire tracks no

1705

01:10:28,550 --> 01:10:25,080

Footprints no Predators nothing like

1706

01:10:31,370 --> 01:10:28,560

that just seemingly uh just dropped off

1707

01:10:33,470 --> 01:10:31,380

and mutilated for no reason oh yeah

1708

01:10:35,570 --> 01:10:33,480

that's fascinating yeah what do you make

1709

01:10:40,669 --> 01:10:35,580

of that I I think there's the cattle

1710

01:10:44,149 --> 01:10:40,679

mutilation thing is uh mostly uh if not

1711

01:10:47,930 --> 01:10:44,159

entirely uh just natural causes I think

1712

01:10:52,910 --> 01:10:47,940

uh how so I think that uh what happens

1713

01:10:55,070 --> 01:10:52,920

is a cow dies and uh then the soft bits

1714

01:10:57,290 --> 01:10:55,080

of that cow like the lips and the you

1715

01:10:59,630 --> 01:10:57,300

know the rectum and the genitals get

1716

01:11:02,750 --> 01:10:59,640

eaten by Critters first because those

1717

01:11:06,830 --> 01:11:02,760

are the bits that are easiest to eat uh

1718

01:11:09,770 --> 01:11:06,840

and uh wouldn't you see that everywhere

1719

01:11:11,570 --> 01:11:09,780

yeah but I this is a this is a thing

1720

01:11:13,550 --> 01:11:11,580

like I mean when a cow dies probably

1721

01:11:15,770 --> 01:11:13,560

like you know the the farmer will see it

1722

01:11:18,590 --> 01:11:15,780

uh and then they'll they'll deal with it

1723

01:11:20,930 --> 01:11:18,600

but it requires a cow to die and be left

1724

01:11:24,290 --> 01:11:20,940

there for a while now six cows dying at

1725

01:11:26,090 --> 01:11:24,300

the same time is a bit odd uh now you

1726
01:11:27,709 --> 01:11:26,100
normally would see like a single cow die

1727
01:11:30,169 --> 01:11:27,719
but this is something that does actually

1728
01:11:31,790 --> 01:11:30,179
happen like that this cows actually get

1729
01:11:33,590 --> 01:11:31,800
like stressed or they'll all eat the

1730
01:11:35,990 --> 01:11:33,600
same thing or they'll get shocked by

1731
01:11:37,310 --> 01:11:36,000
they'll get struck by lightning all at

1732
01:11:39,830 --> 01:11:37,320
the same time this is something that

1733
01:11:41,450 --> 01:11:39,840
happens that's been quite much larger

1734
01:11:44,270 --> 01:11:41,460
herds of cattle that are struck by

1735
01:11:46,370 --> 01:11:44,280
lightning so it's so let's say that

1736
01:11:48,850 --> 01:11:46,380
happened in this example there was a

1737
01:11:52,130 --> 01:11:48,860
lightning uh strike six cows were killed

1738
01:11:54,290 --> 01:11:52,140

uh over the few days like some coyotes

1739

01:11:55,790 --> 01:11:54,300

came in and they ate the soft bits of

1740

01:11:58,490 --> 01:11:55,800

the cows like you know starting with

1741

01:12:00,550 --> 01:11:58,500

their tongues and you know the the faces

1742

01:12:04,310 --> 01:12:00,560

and their rectums and things like that

1743

01:12:07,430 --> 01:12:04,320

uh and then they get found and because

1744

01:12:08,990 --> 01:12:07,440

they're all six dead together and

1745

01:12:10,250 --> 01:12:09,000

they've all had the same bits eaten

1746

01:12:12,410 --> 01:12:10,260

because they're all they've all got the

1747

01:12:14,090 --> 01:12:12,420

same sausages don't you think that's

1748

01:12:18,470 --> 01:12:14,100

where I've got to play Devil's Advocate

1749

01:12:20,570 --> 01:12:18,480

with you sure that the the sheriff's

1750

01:12:21,550 --> 01:12:20,580

department in the middle of freaking

1751
01:12:25,010 --> 01:12:21,560
Texas

1752
01:12:27,950 --> 01:12:25,020
is dead cattle all the time right yeah

1753
01:12:29,990 --> 01:12:27,960
but like it's the sheriff's department

1754
01:12:32,149 --> 01:12:30,000
the people you want to ask you want to

1755
01:12:35,149 --> 01:12:32,159
you want to get a forensic animal

1756
01:12:38,330 --> 01:12:35,159
pathologist to examine the corpses and

1757
01:12:41,570 --> 01:12:38,340
they did and that that came out today

1758
01:12:43,250 --> 01:12:41,580
too as well okay okay I'll Circle back

1759
01:12:46,790 --> 01:12:43,260
to that

1760
01:12:48,530 --> 01:12:46,800
um uh and now I forgot oh here's my note

1761
01:12:51,649 --> 01:12:48,540
this is what I wanted to Circle back to

1762
01:12:53,630 --> 01:12:51,659
see this is the beauty of not having an

1763
01:12:55,430 --> 01:12:53,640

agenda with a conversation I'm all over

1764

01:12:59,390 --> 01:12:55,440

the place tonight

1765

01:13:04,010 --> 01:12:59,400

um is that surgical Precision of

1766

01:13:07,130 --> 01:13:04,020

removing a tongue is these uh these

1767

01:13:10,330 --> 01:13:07,140

Ranch teachers and these sheriffs that

1768

01:13:13,189 --> 01:13:10,340

are dealing with cattle and and and

1769

01:13:14,410 --> 01:13:13,199

Hustlers and wrestlers and things all

1770

01:13:17,930 --> 01:13:14,420

the time

1771

01:13:20,030 --> 01:13:17,940

for them to say something like this uh

1772

01:13:22,430 --> 01:13:20,040

that it's not a predator and there's no

1773

01:13:24,470 --> 01:13:22,440

credit or Footprints and there's nothing

1774

01:13:27,649 --> 01:13:24,480

like this here

1775

01:13:30,110 --> 01:13:27,659

um no I I I don't feel it I know it's

1776

01:13:32,630 --> 01:13:30,120

it's it's uh it's one of those things

1777

01:13:35,630 --> 01:13:32,640

though like you would think that an

1778

01:13:37,550 --> 01:13:35,640

expert or someone in Authority at least

1779

01:13:40,250 --> 01:13:37,560

it was lived in this position would

1780

01:13:42,530 --> 01:13:40,260

would know but it this this case you

1781

01:13:44,990 --> 01:13:42,540

know I don't follow cattle mutilation so

1782

01:13:47,750 --> 01:13:45,000

much but I do follow UFOs and there was

1783

01:13:48,490 --> 01:13:47,760

a case recently I think in Utah and

1784

01:13:51,169 --> 01:13:48,500

Colorado

1785

01:13:54,110 --> 01:13:51,179

where there were these swarms of drones

1786

01:13:56,030 --> 01:13:54,120

flying over fields and they had the

1787

01:13:57,470 --> 01:13:56,040

sheriff out there saying like that they

1788

01:14:00,350 --> 01:13:57,480

were seeing them and they sent a camera

1789

01:14:01,610 --> 01:14:00,360

crew out with with the sheriff and the

1790

01:14:04,250 --> 01:14:01,620

sheriff was like oh there goes another

1791

01:14:05,750 --> 01:14:04,260

one and points to this this thing for

1792

01:14:08,930 --> 01:14:05,760

flying overhead

1793

01:14:11,930 --> 01:14:08,940

but you know I recognized what it was it

1794

01:14:13,189 --> 01:14:11,940

was a 737 and it was just very high up

1795

01:14:14,870 --> 01:14:13,199

and I can recognize the navigation

1796

01:14:16,430 --> 01:14:14,880

lights and we even figured out which one

1797

01:14:18,470 --> 01:14:16,440

it was because they weren't that we knew

1798

01:14:21,110 --> 01:14:18,480

the the intersection they were at but

1799

01:14:23,030 --> 01:14:21,120

you know here's a sheriff who's a law

1800

01:14:25,370 --> 01:14:23,040

enforcement official a trained Observer

1801
01:14:27,709 --> 01:14:25,380
who's you know been in this situation

1802
01:14:30,590 --> 01:14:27,719
for a long time he sees planes fly over

1803
01:14:33,590 --> 01:14:30,600
all overhead but he gets caught up in

1804
01:14:37,189 --> 01:14:33,600
the excitement of uh it being a drone

1805
01:14:39,649 --> 01:14:37,199
swarm and he misidentifies a 737 as a

1806
01:14:42,169 --> 01:14:39,659
drone so I think there's something

1807
01:14:44,570 --> 01:14:42,179
similar might happen with with cattle

1808
01:14:46,790 --> 01:14:44,580
they don't go locking in cow's mouths

1809
01:14:49,010 --> 01:14:46,800
every time a cow dies to see if his

1810
01:14:51,530 --> 01:14:49,020
tongue's still there and they don't know

1811
01:14:53,870 --> 01:14:51,540
what happens at the various stages of

1812
01:14:55,550 --> 01:14:53,880
every single cow uh dropping dead you

1813
01:14:56,990 --> 01:14:55,560

know they you know they're sure they're

1814

01:14:58,250 --> 01:14:57,000

they're the sheriff but they're not

1815

01:15:00,649 --> 01:14:58,260

they're not vets

1816

01:15:03,050 --> 01:15:00,659

uh so I think you perhaps there's this

1817

01:15:04,669 --> 01:15:03,060

this air of false Authority that we

1818

01:15:07,550 --> 01:15:04,679

might get and you need to get an actual

1819

01:15:09,770 --> 01:15:07,560

Authority if someone's an expert in this

1820

01:15:11,450 --> 01:15:09,780

type of thing someone who knows what

1821

01:15:13,669 --> 01:15:11,460

happens to a cow if you leave it there

1822

01:15:16,490 --> 01:15:13,679

for a while it really is something going

1823

01:15:18,229 --> 01:15:16,500

on why don't we you know take some dead

1824

01:15:19,850 --> 01:15:18,239

cows and leave them in the field and see

1825

01:15:21,649 --> 01:15:19,860

what happens to them I've done that I've

1826

01:15:24,709 --> 01:15:21,659

done that and I've seen the time lapse

1827

01:15:27,430 --> 01:15:24,719

video of that and that is an organic

1828

01:15:31,070 --> 01:15:27,440

dissolving of everything

1829

01:15:33,950 --> 01:15:31,080

yeah yeah and and so

1830

01:15:36,290 --> 01:15:33,960

I'm talking about right angles of skin

1831

01:15:38,990 --> 01:15:36,300

yeah yeah you know as far as I know

1832

01:15:42,770 --> 01:15:39,000

coyotes don't have opposing thumbs and

1833

01:15:44,810 --> 01:15:42,780

cannot use dremels I'm just saying I'm

1834

01:15:49,130 --> 01:15:44,820

just saying yeah I'm just going there

1835

01:15:52,430 --> 01:15:49,140

I'm I'm a little perplexed and to have a

1836

01:15:55,209 --> 01:15:52,440

seventh uh for all from different herds

1837

01:15:59,390 --> 01:15:55,219

but along this now this is the thing

1838

01:16:03,530 --> 01:15:59,400

this is the K this is the rare case that

1839

01:16:09,830 --> 01:16:06,410

because I I would fully understand that

1840

01:16:12,410 --> 01:16:09,840

I would get it I would and okay so

1841

01:16:14,510 --> 01:16:12,420

they're grabbing cows and they're

1842

01:16:18,530 --> 01:16:14,520

experimenting on them and then dropping

1843

01:16:21,590 --> 01:16:18,540

them off all right the alternative

1844

01:16:24,530 --> 01:16:21,600

um we've got zombie coyotes running

1845

01:16:26,870 --> 01:16:24,540

around you know killing or we've got a

1846

01:16:29,630 --> 01:16:26,880

satanic cult doing rituals along the

1847

01:16:31,970 --> 01:16:29,640

Texas Highway that stuff would scare

1848

01:16:34,910 --> 01:16:31,980

scare me that's not what I wanted to be

1849

01:16:37,010 --> 01:16:34,920

I'd rather have it be aliens yeah no

1850

01:16:38,930 --> 01:16:37,020

well maybe someone who really likes

1851
01:16:40,669 --> 01:16:38,940
tongue meat found six dead cows that

1852
01:16:42,110 --> 01:16:40,679
have been struck by lightning I don't

1853
01:16:44,570 --> 01:16:42,120
drop the tongues out and took it home

1854
01:16:46,850 --> 01:16:44,580
yeah I don't want that man that's the

1855
01:16:48,470 --> 01:16:46,860
part that I don't want please let it be

1856
01:16:50,750 --> 01:16:48,480
alien yeah I mean something weird

1857
01:16:52,729 --> 01:16:50,760
happened uh it might have involved

1858
01:16:54,410 --> 01:16:52,739
people it might have involved aliens or

1859
01:16:55,850 --> 01:16:54,420
it might have just been natural causes

1860
01:16:57,410 --> 01:16:55,860
and it's one of these things where we

1861
01:17:00,890 --> 01:16:57,420
don't have enough information to tell

1862
01:17:03,470 --> 01:17:00,900
yeah the foxes have very sharp side

1863
01:17:05,810 --> 01:17:03,480

teeth almost like scissors and that they

1864

01:17:08,450 --> 01:17:05,820

can make very sharp Cuts in in soft

1865

01:17:11,030 --> 01:17:08,460

tissues and so they can kind of cleanly

1866

01:17:14,810 --> 01:17:11,040

cut along like the lip line of a face

1867

01:17:18,050 --> 01:17:14,820

and it looks very neat according to uh

1868

01:17:19,850 --> 01:17:18,060

CIA the CAA report so in the was it the

1869

01:17:21,770 --> 01:17:19,860

ca the FBI the FBI was asked to

1870

01:17:24,290 --> 01:17:21,780

investigate it and one of the things

1871

01:17:27,110 --> 01:17:24,300

that they got was this report from a a

1872

01:17:29,510 --> 01:17:27,120

Veterinary like pathologist who talked

1873

01:17:31,490 --> 01:17:29,520

about how foxes had very sharp teeth and

1874

01:17:34,130 --> 01:17:31,500

that would explain a lot of what we were

1875

01:17:35,750 --> 01:17:34,140

seeing so there are possibilities and I

1876

01:17:37,669 --> 01:17:35,760

think you know we should be open to them

1877

01:17:39,350 --> 01:17:37,679

I think aliens probably pretty low on

1878

01:17:41,510 --> 01:17:39,360

the list uh some kind of secret

1879

01:17:43,310 --> 01:17:41,520

government program is probably also you

1880

01:17:46,490 --> 01:17:43,320

know more likely than aliens but also

1881

01:17:49,189 --> 01:17:46,500

fairly low on the list some weirdo uh

1882

01:17:50,810 --> 01:17:49,199

killing cows and cutting them up is or

1883

01:17:53,209 --> 01:17:50,820

finding dead cows and chopping their

1884

01:17:54,890 --> 01:17:53,219

tongues out possible but you know also

1885

01:17:56,450 --> 01:17:54,900

doesn't sound particularly likely and

1886

01:17:58,669 --> 01:17:56,460

then some kind of natural causes that

1887

01:18:00,290 --> 01:17:58,679

just happens to look like this is also

1888

01:18:01,910 --> 01:18:00,300

something that's you know on the list

1889

01:18:04,149 --> 01:18:01,920

but we don't really know exactly where

1890

01:18:06,950 --> 01:18:04,159

to put it I don't know about

1891

01:18:09,830 --> 01:18:06,960

nibbling with preset

1892

01:18:13,669 --> 01:18:09,840

you know I don't know I don't know

1893

01:18:16,130 --> 01:18:13,679

I don't know foxes not coyotes but uh

1894

01:18:18,229 --> 01:18:16,140

and possums yeah opossums and the

1895

01:18:20,390 --> 01:18:18,239

raccoons and skunks think smaller

1896

01:18:22,910 --> 01:18:20,400

animals they uh they kind of nor at

1897

01:18:24,169 --> 01:18:22,920

things but I don't know like we don't

1898

01:18:25,370 --> 01:18:24,179

know what the circumstances were I'm

1899

01:18:27,649 --> 01:18:25,380

sure you could leave a car in a field

1900

01:18:30,169 --> 01:18:27,659

but we really got to leave a cow in that

1901

01:18:32,090 --> 01:18:30,179

field at the same time of the year with

1902

01:18:34,550 --> 01:18:32,100

the same types of animal life around and

1903

01:18:35,750 --> 01:18:34,560

leave it for a period of time if you

1904

01:18:37,729 --> 01:18:35,760

just leave it in a random field you're

1905

01:18:40,669 --> 01:18:37,739

going to get a random uh you know

1906

01:18:43,430 --> 01:18:40,679

dissolution of the body that's uh it's

1907

01:18:46,430 --> 01:18:43,440

one of those things that I I like doing

1908

01:18:48,530 --> 01:18:46,440

uh garage experiments but I'm not gonna

1909

01:18:51,229 --> 01:18:48,540

kill a cow and stick it in my garage and

1910

01:18:53,149 --> 01:18:51,239

watch what happens right right right uh

1911

01:18:56,030 --> 01:18:53,159

I'm just wondering if we're gonna have a

1912

01:18:58,850 --> 01:18:56,040

run you know this summer of cow

1913

01:19:01,010 --> 01:18:58,860

mutilation stories you don't have to you

1914

01:19:04,250 --> 01:19:01,020

know run run in Cycles

1915

01:19:06,050 --> 01:19:04,260

um what I wanted to mention uh to you

1916

01:19:09,169 --> 01:19:06,060

um and I I really hope the mutilations

1917

01:19:10,550 --> 01:19:09,179

are aliens uh I will sleep better at

1918

01:19:11,750 --> 01:19:10,560

night

1919

01:19:15,950 --> 01:19:11,760

um the

1920

01:19:19,330 --> 01:19:15,960

um uh I had this siding I had just

1921

01:19:24,530 --> 01:19:19,340

gotten back uh hanging out with Avi lobe

1922

01:19:26,750 --> 01:19:24,540

and so I get back home and I run out uh

1923

01:19:28,729 --> 01:19:26,760

on my patio at night I was talking about

1924

01:19:30,350 --> 01:19:28,739

this earlier just like the video that I

1925

01:19:32,870 --> 01:19:30,360

shot you know I'm always out there with

1926

01:19:34,370 --> 01:19:32,880

my binoculars my night vision and I'm

1927

01:19:36,229 --> 01:19:34,380

right next to Skunk Works and there's

1928

01:19:38,030 --> 01:19:36,239

always something interesting to see and

1929

01:19:40,370 --> 01:19:38,040

observe it's a lot of you should come

1930

01:19:41,990 --> 01:19:40,380

out it's a lot of fun you'll debunk

1931

01:19:44,930 --> 01:19:42,000

everything but it's still really cool to

1932

01:19:45,970 --> 01:19:44,940

go through the experience and uh so I'm

1933

01:19:48,950 --> 01:19:45,980

out there

1934

01:19:51,470 --> 01:19:48,960

and from the perspective of the video

1935

01:19:54,110 --> 01:19:51,480

that that you broke down of mine right

1936

01:19:57,410 --> 01:19:54,120

I'm looking North I'm not really doing

1937

01:20:01,490 --> 01:19:57,420

anything by the way uh I'm just standing

1938

01:20:03,830 --> 01:20:01,500

and this is what happens it's about 11

1939

01:20:07,070 --> 01:20:03,840

o'clock at night

1940

01:20:10,669 --> 01:20:07,080

from the north Over the Horizon and the

1941

01:20:15,649 --> 01:20:10,679

whole thing lasted about

1942

01:20:17,390 --> 01:20:15,659

two seconds oh okay uh the first so this

1943

01:20:20,030 --> 01:20:17,400

bright light

1944

01:20:23,209 --> 01:20:20,040

comes out over the horizon

1945

01:20:24,830 --> 01:20:23,219

at a slight angle goes all the way

1946

01:20:29,630 --> 01:20:24,840

across the sky

1947

01:20:33,350 --> 01:20:29,640

over and disappears in in the behind the

1948

01:20:36,070 --> 01:20:33,360

mountains in back of me it covers the

1949

01:20:39,229 --> 01:20:36,080

hemisphere right

1950

01:20:42,110 --> 01:20:39,239

in two seconds now I see stuff all the

1951

01:20:46,550 --> 01:20:42,120

time you see planes and you see you know

1952

01:20:49,189 --> 01:20:46,560

this this was a bullet yeah right okay

1953

01:20:52,729 --> 01:20:49,199

so as I see that

1954

01:20:55,910 --> 01:20:52,739

and I'm like now what

1955

01:20:58,669 --> 01:20:55,920

hey I just never seen anything like it

1956

01:21:01,189 --> 01:20:58,679

I saw it happened a second time like

1957

01:21:05,510 --> 01:21:01,199

five seconds later as I'm sitting there

1958

01:21:07,370 --> 01:21:05,520

going huh Bing right over the top and

1959

01:21:11,209 --> 01:21:07,380

goes over the horizon

1960

01:21:14,149 --> 01:21:11,219

I I write everything down time direction

1961

01:21:17,330 --> 01:21:14,159

right everything I run in the house and

1962

01:21:19,490 --> 01:21:17,340

I send Avi an email okay dude

1963

01:21:20,570 --> 01:21:19,500

this has got what well I don't know what

1964

01:21:22,850 --> 01:21:20,580

it was

1965

01:21:24,169 --> 01:21:22,860

but this has to have been observed so

1966

01:21:26,630 --> 01:21:24,179

this is what happened I give him

1967

01:21:28,729 --> 01:21:26,640

everything I give him the direction I

1968

01:21:31,070 --> 01:21:28,739

give him the time

1969

01:21:34,729 --> 01:21:31,080

um I thankfully I had written everything

1970

01:21:37,430 --> 01:21:34,739

down I knew it pretty much to the minute

1971

01:21:39,590 --> 01:21:37,440

and I said Avi just check with all of

1972

01:21:41,870 --> 01:21:39,600

the observatories around the world

1973

01:21:43,790 --> 01:21:41,880

somebody saw this you know and I don't

1974

01:21:46,189 --> 01:21:43,800

know what street passed the planet

1975

01:21:50,810 --> 01:21:46,199

that's what I think it was

1976

01:21:52,610 --> 01:21:50,820

um uh meteor uh asteroid undetected I

1977

01:21:55,130 --> 01:21:52,620

don't know but it didn't enter the

1978

01:21:58,729 --> 01:21:55,140

atmosphere it didn't flame out it stayed

1979

01:22:00,410 --> 01:21:58,739

up right Avi writes me back uh the next

1980

01:22:02,209 --> 01:22:00,420

day he said man I checked around

1981

01:22:04,370 --> 01:22:02,219

we got nothing

1982

01:22:07,370 --> 01:22:04,380

I said that some I wrote I'll be back

1983

01:22:10,970 --> 01:22:07,380

and said that's impossible there is no

1984

01:22:14,209 --> 01:22:10,980

way that this was not seen and it

1985

01:22:16,189 --> 01:22:14,219

happened twice yeah so please and he

1986

01:22:18,890 --> 01:22:16,199

wrote me back and said Jimmy I I made

1987

01:22:21,050 --> 01:22:18,900

the rounds man and I've reached out to

1988

01:22:22,550 --> 01:22:21,060

everybody and and we've got nothing

1989

01:22:25,790 --> 01:22:22,560

nothing showed up

1990

01:22:28,189 --> 01:22:25,800

and I'm still I'm a little this this one

1991

01:22:30,890 --> 01:22:28,199

I'm a little confused about

1992

01:22:33,950 --> 01:22:30,900

um it went across the entire Sky yeah

1993

01:22:37,130 --> 01:22:33,960

back to back it looked like you know it

1994

01:22:39,169 --> 01:22:37,140

which was very unusual to have that

1995

01:22:40,970 --> 01:22:39,179

repeat because that the second one

1996

01:22:43,189 --> 01:22:40,980

caught me more by surprise than the

1997

01:22:44,750 --> 01:22:43,199

first one did I didn't expect it I just

1998

01:22:47,510 --> 01:22:44,760

happened to be looking in the same area

1999

01:22:49,669 --> 01:22:47,520

like huh that was weird and then boom it

2000

01:22:51,410 --> 01:22:49,679

happened a second time

2001

01:22:54,950 --> 01:22:51,420

um and Avi

2002

01:22:57,950 --> 01:22:54,960

had nothing yeah well I got nothing

2003

01:22:59,510 --> 01:22:57,960

either yeah but like there's a number of

2004

01:23:01,310 --> 01:22:59,520

things you can do with that like first

2005

01:23:03,770 --> 01:23:01,320

of all like you said it it went from

2006

01:23:06,470 --> 01:23:03,780

Horizon to Horizon in two seconds

2007

01:23:08,530 --> 01:23:06,480

which is incredibly fast incredibly fast

2008

01:23:11,570 --> 01:23:08,540

incredibly fast you know the the ISS

2009

01:23:13,130 --> 01:23:11,580

takes uh like you know like 10 minutes

2010

01:23:15,530 --> 01:23:13,140

or something because it's completely

2011

01:23:18,070 --> 01:23:15,540

overhead it's it's uh and that's like

2012

01:23:20,630 --> 01:23:18,080

200 miles 250 miles up

2013

01:23:22,310 --> 01:23:20,640

uh so you know if it was something that

2014

01:23:25,010 --> 01:23:22,320

was actually you know in space or in the

2015

01:23:27,290 --> 01:23:25,020

lower atmosphere uh it's it would be

2016

01:23:29,390 --> 01:23:27,300

just you know insanely fast like planes

2017

01:23:32,030 --> 01:23:29,400

going from Horizon to Horizon they take

2018

01:23:33,649 --> 01:23:32,040

they take a long time many minutes you

2019

01:23:36,050 --> 01:23:33,659

know what I do

2020

01:23:38,149 --> 01:23:36,060

um this is interesting I'll go back uh

2021

01:23:40,790 --> 01:23:38,159

I'll get the email that I sent to Avi

2022

01:23:41,870 --> 01:23:40,800

that had no data in it and I'll send it

2023

01:23:44,149 --> 01:23:41,880

to you

2024

01:23:46,070 --> 01:23:44,159

um it's all there it's all time stamped

2025

01:23:49,189 --> 01:23:46,080

um yeah that would be interesting yeah

2026

01:23:50,390 --> 01:23:49,199

but I think probably like another aspect

2027

01:23:52,910 --> 01:23:50,400

of that is kind of like what we talked

2028

01:23:54,530 --> 01:23:52,920

about earlier uh is that if it was this

2029

01:23:56,810 --> 01:23:54,540

amazing spectacular thing that was

2030

01:23:58,729 --> 01:23:56,820

flying overhead it's you'd think someone

2031

01:24:00,470 --> 01:23:58,739

else would have seen it usually when

2032

01:24:03,050 --> 01:24:00,480

there's a meteorite there's quite a few

2033

01:24:04,669 --> 01:24:03,060

reports of people uh uh seeing them and

2034

01:24:06,830 --> 01:24:04,679

this one sounded like pretty spectacular

2035

01:24:09,290 --> 01:24:06,840

too one after the other going from

2036

01:24:11,450 --> 01:24:09,300

Horizon to Horizon which makes me

2037

01:24:13,189 --> 01:24:11,460

suspect and you probably won't like this

2038

01:24:15,410 --> 01:24:13,199

that it was something that was only

2039

01:24:16,970 --> 01:24:15,420

visible from your perspective which

2040

01:24:19,189 --> 01:24:16,980

might mean it was something a lot

2041

01:24:21,110 --> 01:24:19,199

smaller like someone perhaps just

2042

01:24:23,510 --> 01:24:21,120

shooting a firework over your head or

2043

01:24:25,970 --> 01:24:23,520

something oh I I I was I was even going

2044

01:24:27,590 --> 01:24:25,980

more mundane than that look I debunked

2045

01:24:29,930 --> 01:24:27,600

this stuff in my head all the time right

2046

01:24:32,750 --> 01:24:29,940

and I was thinking maybe it was like a

2047

01:24:34,970 --> 01:24:32,760

hawk right it was just something that

2048

01:24:38,090 --> 01:24:34,980

just happened to be flying but you know

2049

01:24:42,229 --> 01:24:38,100

and I'm trying to keep myself grounded

2050

01:24:43,970 --> 01:24:42,239

here right and not lose it but no and

2051
01:24:46,490 --> 01:24:43,980
then the second time that it happened

2052
01:24:48,229 --> 01:24:46,500
you could tell

2053
01:24:50,510 --> 01:24:48,239
um uh the first time it caught me by

2054
01:24:53,990 --> 01:24:50,520
surprise I watched the second time I was

2055
01:24:56,990 --> 01:24:54,000
able no this was out this was out and

2056
01:24:59,229 --> 01:24:57,000
above this was past planet Earth right

2057
01:25:02,090 --> 01:24:59,239
not satellite

2058
01:25:06,110 --> 01:25:02,100
it wasn't detected by you know obvious

2059
01:25:08,330 --> 01:25:06,120
threatens no nobody else saw it so no no

2060
01:25:10,430 --> 01:25:08,340
uh other are the aliens giving you a

2061
01:25:13,729 --> 01:25:10,440
unique glimpse of their spaceship in

2062
01:25:17,990 --> 01:25:13,739
space from down on Earth I don't smoke I

2063
01:25:19,669 --> 01:25:18,000

don't smoke but but here's uh here's the

2064

01:25:21,430 --> 01:25:19,679

thing with that

2065

01:25:29,169 --> 01:25:21,440

um

2066

01:25:34,850 --> 01:25:33,410

I really felt uh in a weird way uh that

2067

01:25:36,890 --> 01:25:34,860

he was going to come back and go yeah we

2068

01:25:39,470 --> 01:25:36,900

picked it up and it's already gone yes

2069

01:25:42,169 --> 01:25:39,480

we saw it and yes you're right there was

2070

01:25:44,330 --> 01:25:42,179

two two things and it was just a

2071

01:25:46,370 --> 01:25:44,340

high-speed asteroid uh maybe

2072

01:25:49,430 --> 01:25:46,380

Interstellar whatever and I was going to

2073

01:25:51,530 --> 01:25:49,440

get that back I got nothing yeah I feel

2074

01:25:54,229 --> 01:25:51,540

it's I feel it's too fast though I think

2075

01:25:55,850 --> 01:25:54,239

if it was if it was that fast and it was

2076

01:25:57,709 --> 01:25:55,860

in the atmosphere it would basically

2077

01:26:00,290 --> 01:25:57,719

explode it wouldn't get me wouldn't make

2078

01:26:01,850 --> 01:26:00,300

it all the way from one side of the AI

2079

01:26:02,930 --> 01:26:01,860

you've seen things like space junk you

2080

01:26:04,070 --> 01:26:02,940

know I was talking earlier about these

2081

01:26:06,050 --> 01:26:04,080

glowing things

2082

01:26:08,030 --> 01:26:06,060

that I didn't get a video of and that

2083

01:26:09,770 --> 01:26:08,040

was like a Chinese rocket re-entering

2084

01:26:12,050 --> 01:26:09,780

and that takes quite a long time even

2085

01:26:13,490 --> 01:26:12,060

though it's traveling at you know 20 000

2086

01:26:15,350 --> 01:26:13,500

miles per hour or whatever that they're

2087

01:26:16,970 --> 01:26:15,360

going at that's right up in the

2088

01:26:19,189 --> 01:26:16,980

atmosphere you know something going

2089

01:26:21,290 --> 01:26:19,199

across in two seconds it seems like it

2090

01:26:23,750 --> 01:26:21,300

would explode as soon as it it touched

2091

01:26:26,390 --> 01:26:23,760

the Earth's atmosphere but I guess Avi

2092

01:26:28,250 --> 01:26:26,400

would have some math on that one but I

2093

01:26:30,649 --> 01:26:28,260

was pretty upset with them and I you

2094

01:26:33,290 --> 01:26:30,659

know and I uh uh I don't want to listen

2095

01:26:37,450 --> 01:26:33,300

all the private email but some of it I

2096

01:26:41,030 --> 01:26:37,460

was starting to elevate my you know my

2097

01:26:44,149 --> 01:26:41,040

I was an anger or angry but I was like

2098

01:26:47,570 --> 01:26:44,159

man are you sure are you sure nobody's

2099

01:26:49,790 --> 01:26:47,580

gonna come on did you really check and

2100

01:26:53,090 --> 01:26:49,800

it was like that because I saw what I

2101

01:26:54,250 --> 01:26:53,100

saw and I can't explain it

2102

01:26:57,830 --> 01:26:54,260

um and

2103

01:27:00,169 --> 01:26:57,840

exact same exact same trajectory same

2104

01:27:03,110 --> 01:27:00,179

line same everything somebody just

2105

01:27:06,350 --> 01:27:03,120

asking the chat how bright it was it was

2106

01:27:08,510 --> 01:27:06,360

the same as a star what if someone shot

2107

01:27:11,270 --> 01:27:08,520

a trace a bullet over your house from a

2108

01:27:12,250 --> 01:27:11,280

few blocks away Would It Go Horizon to

2109

01:27:14,649 --> 01:27:12,260

Horizon

2110

01:27:18,410 --> 01:27:14,659

in front of it looked like it

2111

01:27:21,470 --> 01:27:18,420

about a mile away so okay so in front of

2112

01:27:24,470 --> 01:27:21,480

me I like where you're going with this

2113

01:27:26,209 --> 01:27:24,480

um but uh also where I live and if you

2114

01:27:29,570 --> 01:27:26,219

come out and hang out with me you can

2115

01:27:31,430 --> 01:27:29,580

hear your heartbeat right dead quiet at

2116

01:27:33,950 --> 01:27:31,440

night there's no cars there's no action

2117

01:27:36,470 --> 01:27:33,960

there's no crime there's no sirens

2118

01:27:39,370 --> 01:27:36,480

there's nothing but me in the

2119

01:27:44,330 --> 01:27:41,810

Lockheed Skunk Works but in front of me

2120

01:27:45,890 --> 01:27:44,340

about 10 miles away is a mountain range

2121

01:27:48,590 --> 01:27:45,900

it's the desert this is the Mojave

2122

01:27:50,030 --> 01:27:48,600

Desert right it's flat and so out in

2123

01:27:51,590 --> 01:27:50,040

front of me is a mountain range and

2124

01:27:53,570 --> 01:27:51,600

that's where it came out and then behind

2125

01:27:56,209 --> 01:27:53,580

me is another set of mountains I'm in

2126

01:27:58,430 --> 01:27:56,219

the middle in the Mojave Desert uh which

2127

01:28:01,850 --> 01:27:58,440

is the morocc lake bed you know where

2128

01:28:04,250 --> 01:28:01,860

they did all the the X1 Chuck Yeagers

2129

01:28:05,930 --> 01:28:04,260

yeah yeah down things uh Edwards Air

2130

01:28:09,169 --> 01:28:05,940

Force Base that's right

2131

01:28:10,610 --> 01:28:09,179

so yeah I I I I don't know yeah I don't

2132

01:28:12,770 --> 01:28:10,620

know I don't know it sounds really

2133

01:28:14,450 --> 01:28:12,780

interesting uh but you know there's only

2134

01:28:17,330 --> 01:28:14,460

so far you can go with with eyewitness

2135

01:28:18,830 --> 01:28:17,340

accounts uh you can maybe like you know

2136

01:28:21,590 --> 01:28:18,840

do do some of that like hypothetical

2137

01:28:23,990 --> 01:28:21,600

math like if it was in space how fast

2138

01:28:25,669 --> 01:28:24,000

would it be going and if it was in the

2139

01:28:28,550 --> 01:28:25,679

atmosphere like how fast would it be

2140

01:28:30,110 --> 01:28:28,560

going and what what type of plasma

2141

01:28:31,669 --> 01:28:30,120

effects would you expect you know that's

2142

01:28:34,010 --> 01:28:31,679

the type of thing that RV and apparently

2143

01:28:35,629 --> 01:28:34,020

Sean Kirkpatrick like to do is like

2144

01:28:37,370 --> 01:28:35,639

figure out how bright things would be if

2145

01:28:39,050 --> 01:28:37,380

they were actually going through the

2146

01:28:40,910 --> 01:28:39,060

atmosphere so you could do that math at

2147

01:28:43,370 --> 01:28:40,920

least I would think yeah that's a good

2148

01:28:45,830 --> 01:28:43,380

army to do it yep hot on the heels of

2149

01:28:47,750 --> 01:28:45,840

omomu and everything else that there

2150

01:28:49,669 --> 01:28:47,760

would be some interest here and they

2151
01:28:51,350 --> 01:28:49,679
would go back and and look at the data

2152
01:28:54,770 --> 01:28:51,360
and see if anything passed but I got

2153
01:28:56,629 --> 01:28:54,780
nothing I I got total silence and uh I

2154
01:28:59,810 --> 01:28:56,639
was pretty surprised about that now I

2155
01:29:01,490 --> 01:28:59,820
wanted to um as uh as we start to wrap

2156
01:29:05,209 --> 01:29:01,500
up here I wanted to get your thoughts on

2157
01:29:10,030 --> 01:29:05,219
uh the James Webb Space Telescope uh you

2158
01:29:16,370 --> 01:29:10,040
do visual analysis you understand

2159
01:29:19,610 --> 01:29:16,380
uh cameras lenses uh Telemetry uh FLIR

2160
01:29:22,550 --> 01:29:19,620
infrared different types of spectrum all

2161
01:29:25,310 --> 01:29:22,560
everything that uh the James Webb is out

2162
01:29:27,410 --> 01:29:25,320
there doing right now and looking at the

2163
01:29:32,090 --> 01:29:27,420

chemical breakdowns of of different

2164

01:29:36,050 --> 01:29:32,100

atmospheres its mission is to find uh a

2165

01:29:38,830 --> 01:29:36,060

techno signature a biosphere out there

2166

01:29:42,770 --> 01:29:38,840

with an exoplanet do you expect anything

2167

01:29:45,530 --> 01:29:42,780

uh uh any discoveries from James Webb

2168

01:29:47,570 --> 01:29:45,540

well this is New Territory we've never

2169

01:29:51,590 --> 01:29:47,580

had the capability to do this before so

2170

01:29:54,530 --> 01:29:51,600

we didn't really know what to expect and

2171

01:29:57,470 --> 01:29:54,540

I I don't know if I would say I respect

2172

01:29:59,629 --> 01:29:57,480

I think it would be incredibly cool I I

2173

01:30:01,490 --> 01:29:59,639

don't know what odds to put on it I

2174

01:30:03,530 --> 01:30:01,500

wouldn't bet against it though I think

2175

01:30:05,450 --> 01:30:03,540

it's entirely possible that the James

2176
01:30:09,169 --> 01:30:05,460
Webb Space Telescope sometime in the

2177
01:30:12,110 --> 01:30:09,179
next few years might find a a planet

2178
01:30:13,970 --> 01:30:12,120
with at least some kind of primitive

2179
01:30:15,830 --> 01:30:13,980
indication of life

2180
01:30:16,850 --> 01:30:15,840
uh which you know would be pretty

2181
01:30:18,890 --> 01:30:16,860
amazing

2182
01:30:20,450 --> 01:30:18,900
uh I don't know if it's going to find

2183
01:30:22,850 --> 01:30:20,460
like you know a space-bearing

2184
01:30:25,310 --> 01:30:22,860
civilization that perhaps like you know

2185
01:30:28,129 --> 01:30:25,320
some type of industry is possible it's

2186
01:30:30,410 --> 01:30:28,139
possible it's uh we don't know this is

2187
01:30:32,629 --> 01:30:30,420
there's these huge unknowns about the

2188
01:30:34,250 --> 01:30:32,639

the Drake equation and exactly how

2189

01:30:36,649 --> 01:30:34,260

prevalent life is you know we know

2190

01:30:39,169 --> 01:30:36,659

there's a trillion possible planets in

2191

01:30:40,790 --> 01:30:39,179

the galaxy but we don't know what

2192

01:30:42,649 --> 01:30:40,800

percentage of that and you can say yeah

2193

01:30:44,270 --> 01:30:42,659

oh even if it's only like you know one

2194

01:30:46,010 --> 01:30:44,280

tenth of a tenth of a percent there's

2195

01:30:47,390 --> 01:30:46,020

still quite a lot but we don't know

2196

01:30:51,229 --> 01:30:47,400

maybe it's less than that maybe it's

2197

01:30:52,910 --> 01:30:51,239

more than that and I'd love it I'd love

2198

01:30:55,669 --> 01:30:52,920

it if the James Webb Space Telescope

2199

01:30:57,890 --> 01:30:55,679

found evidence of Life out there and I

2200

01:31:00,709 --> 01:30:57,900

certainly wouldn't bet against it do you

2201

01:31:03,290 --> 01:31:00,719

do you Ponder

2202

01:31:06,470 --> 01:31:03,300

um ideas like

2203

01:31:08,330 --> 01:31:06,480

if we in our because right now we're

2204

01:31:12,590 --> 01:31:08,340

just monkeys and apes on this planet

2205

01:31:16,669 --> 01:31:12,600

right we're not that smart Okay in in

2206

01:31:21,110 --> 01:31:16,679

the big in the big picture where the

2207

01:31:23,870 --> 01:31:21,120

observable universe is you know 90

2208

01:31:25,850 --> 01:31:23,880

billion light years across right that's

2209

01:31:28,669 --> 01:31:25,860

a lot of light years that's a lot of

2210

01:31:34,129 --> 01:31:28,679

that's a lot and we

2211

01:31:36,410 --> 01:31:34,139

um we have gone one and a half seconds

2212

01:31:39,590 --> 01:31:36,420

off of our planet

2213

01:31:40,250 --> 01:31:39,600

that's it to the moon right one and a

2214

01:31:43,370 --> 01:31:40,260

half

2215

01:31:44,990 --> 01:31:43,380

seconds we've barely gone down to the

2216

01:31:48,290 --> 01:31:45,000

end of the driveway to check the mail

2217

01:31:50,750 --> 01:31:48,300

right so we are very primitive species

2218

01:31:53,390 --> 01:31:50,760

but what what are we doing we're

2219

01:31:55,610 --> 01:31:53,400

detecting exoplanets we're out there

2220

01:31:59,870 --> 01:31:55,620

looking we're at a technical level now

2221

01:32:02,750 --> 01:31:59,880

where we can observe uh light transients

2222

01:32:05,629 --> 01:32:02,760

across very distant stars and detect

2223

01:32:08,270 --> 01:32:05,639

planets that's pretty incredible so if

2224

01:32:10,550 --> 01:32:08,280

there's an advanced species out there

2225

01:32:12,770 --> 01:32:10,560

even at our level they're doing the

2226

01:32:15,229 --> 01:32:12,780

exact same thing right of course right

2227

01:32:17,330 --> 01:32:15,239

why wouldn't they they would be looking

2228

01:32:20,330 --> 01:32:17,340

for planets if they're a little bit

2229

01:32:23,149 --> 01:32:20,340

ahead of us by just 50 years imagine

2230

01:32:24,830 --> 01:32:23,159

where we would be in 50 years so if

2231

01:32:27,350 --> 01:32:24,840

they're 50 years in front of us let

2232

01:32:30,770 --> 01:32:27,360

alone ten thousand years in front of us

2233

01:32:33,229 --> 01:32:30,780

they would have detected us

2234

01:32:36,470 --> 01:32:33,239

and the fact that it's a beautiful blue

2235

01:32:38,870 --> 01:32:36,480

planet with life on it that's not too

2236

01:32:40,550 --> 01:32:38,880

far of a stretch is it sure no and

2237

01:32:41,930 --> 01:32:40,560

that's that's entirely possible if there

2238

01:32:44,030 --> 01:32:41,940

is life out there and there's a lot of

2239

01:32:46,070 --> 01:32:44,040

it it's entirely possible that there's a

2240

01:32:48,590 --> 01:32:46,080

civilization that has detected us

2241

01:32:52,850 --> 01:32:48,600

because you know they would be very far

2242

01:32:55,129 --> 01:32:52,860

away and them detecting us uh doesn't

2243

01:32:56,870 --> 01:32:55,139

really it doesn't give them a lot of

2244

01:32:59,270 --> 01:32:56,880

time to get here because human

2245

01:33:01,370 --> 01:32:59,280

civilization and our techno signature

2246

01:33:04,570 --> 01:33:01,380

has only lasted it's only been really

2247

01:33:07,490 --> 01:33:04,580

around for a few hundred years basically

2248

01:33:09,050 --> 01:33:07,500

so most civilizations in the Galaxy are

2249

01:33:12,110 --> 01:33:09,060

going to be much further than you know

2250

01:33:13,970 --> 01:33:12,120

100 light years away as far as we know

2251

01:33:16,070 --> 01:33:13,980

we can't go faster than the speed of

2252

01:33:18,350 --> 01:33:16,080

light you know maybe we can but it's

2253

01:33:20,149 --> 01:33:18,360

quite possible it's entirely possible

2254

01:33:22,910 --> 01:33:20,159

that we can't go faster than the speed

2255

01:33:24,610 --> 01:33:22,920

of light so perhaps there are in fact a

2256

01:33:27,229 --> 01:33:24,620

whole bunch of alien civilizations

2257

01:33:30,470 --> 01:33:27,239

sending probes in our Direction because

2258

01:33:33,229 --> 01:33:30,480

they they have just detected Us in the

2259

01:33:35,930 --> 01:33:33,239

last you know a few decades because it's

2260

01:33:37,610 --> 01:33:35,940

taken like 100 years for the the Techno

2261

01:33:39,770 --> 01:33:37,620

signatures from Earth to get out there

2262

01:33:41,270 --> 01:33:39,780

so it's possible it's possible I don't

2263

01:33:42,830 --> 01:33:41,280

know how likely it is because we don't

2264

01:33:44,930 --> 01:33:42,840

know what the prevalence of life is

2265

01:33:46,490 --> 01:33:44,940

throughout the Universe it may be that

2266

01:33:49,850 --> 01:33:46,500

the average distance between

2267

01:33:52,729 --> 01:33:49,860

civilizations is a thousand light years

2268

01:33:54,110 --> 01:33:52,739

so we won't get anybody visiting us for

2269

01:33:55,970 --> 01:33:54,120

a thousand years even if we start

2270

01:33:57,709 --> 01:33:55,980

broadcasting now or 2 000 years because

2271

01:34:01,129 --> 01:33:57,719

it's going to get there and back

2272

01:34:03,410 --> 01:34:01,139

uh and even longer because yeah travel

2273

01:34:06,830 --> 01:34:03,420

takes it takes quite a while not just

2274

01:34:09,410 --> 01:34:06,840

service being right yeah and and I agree

2275

01:34:13,310 --> 01:34:09,420

with that and I used to absolutely 100

2276

01:34:16,729 --> 01:34:13,320

be in that camp I did I've changed my

2277

01:34:19,910 --> 01:34:16,739

view on it and and I've only changed my

2278

01:34:22,189 --> 01:34:19,920

view because of certain things like that

2279

01:34:26,750 --> 01:34:22,199

beer can that disappeared it just

2280

01:34:30,050 --> 01:34:26,760

vaporized right it's just gone so now if

2281

01:34:31,189 --> 01:34:30,060

we look at the way that theoretical

2282

01:34:37,729 --> 01:34:31,199

physics

2283

01:34:38,590 --> 01:34:37,739

looks at the

2284

01:34:40,310 --> 01:34:38,600

the the the the the

2285

01:34:44,330 --> 01:34:40,320

math

2286

01:34:46,750 --> 01:34:44,340

that presents to them uh uh 11

2287

01:34:49,090 --> 01:34:46,760

Dimensions right the Multiverse

2288

01:34:53,030 --> 01:34:49,100

multi-wirlc

2289

01:34:55,870 --> 01:34:53,040

100 super string so if we go to all of

2290

01:34:59,930 --> 01:34:55,880

that and understand that then something

2291

01:35:04,430 --> 01:34:59,940

coming in and out of our reality

2292

01:35:06,350 --> 01:35:04,440

although very briefly is a way to you're

2293

01:35:08,229 --> 01:35:06,360

not traveling at the speed of light

2294

01:35:13,010 --> 01:35:08,239

you're traveling at the speed of now

2295

01:35:14,689 --> 01:35:13,020

right yeah I mean it sounds good well it

2296

01:35:16,310 --> 01:35:14,699

sounds good but does it does it pad out

2297

01:35:18,590 --> 01:35:16,320

with the actual science though I mean

2298

01:35:20,870 --> 01:35:18,600

talk to Avi about this he'll probably

2299

01:35:22,729 --> 01:35:20,880

pour a bit of cold water on your idea no

2300

01:35:26,930 --> 01:35:22,739

no he wouldn't because I would be right

2301

01:35:28,810 --> 01:35:26,940

and but here's the thing here's the

2302

01:35:31,729 --> 01:35:28,820

thing

2303

01:35:34,610 --> 01:35:31,739

200 years ago you and I go back to the

2304

01:35:37,430 --> 01:35:34,620

time machine and and 200 years ago and

2305

01:35:39,950 --> 01:35:37,440

you're hanging out some City Town

2306

01:35:41,570 --> 01:35:39,960

doesn't matter and you go hey man check

2307

01:35:43,250 --> 01:35:41,580

this out

2308

01:35:46,970 --> 01:35:43,260

um in the future

2309

01:35:50,870 --> 01:35:46,980

you'll be able to jump in your car at

2310

01:35:52,250 --> 01:35:50,880

midnight and drive 20 miles and get a

2311

01:35:56,030 --> 01:35:52,260

cheeseburger

2312

01:35:57,830 --> 01:35:56,040

and drive home and eat it in bed

2313

01:35:59,810 --> 01:35:57,840

in a half an hour

2314

01:36:03,050 --> 01:35:59,820

and then you'd be like man that's a

2315

01:36:04,610 --> 01:36:03,060

magnetic sorcery right if you get that

2316

01:36:08,270 --> 01:36:04,620

get that out that's impossible that'll

2317

01:36:12,229 --> 01:36:08,280

never happen you do it today and I do it

2318

01:36:16,430 --> 01:36:12,239

and we order ubereats on our cell phone

2319

01:36:18,890 --> 01:36:16,440

because it's easy yeah and E.T getting

2320

01:36:20,270 --> 01:36:18,900

here from 10 000 light years away

2321

01:36:22,490 --> 01:36:20,280

they're not doing it because they're

2322

01:36:25,669 --> 01:36:22,500

traveling for 10 000 years at the speed

2323

01:36:29,510 --> 01:36:25,679

of light now no they're doing it because

2324

01:36:31,070 --> 01:36:29,520

it's easy and they do it like that and

2325

01:36:33,890 --> 01:36:31,080

that would have to be it we just don't

2326

01:36:35,530 --> 01:36:33,900

have the level of the capacity of

2327

01:36:38,689 --> 01:36:35,540

understanding how that would get done

2328

01:36:40,850 --> 01:36:38,699

just like somebody 200 years ago would

2329

01:36:44,689 --> 01:36:40,860

not have the capacity of understanding a

2330

01:36:47,870 --> 01:36:44,699

microwave oven they just no no no and

2331

01:36:51,229 --> 01:36:47,880

and that that's where I'm at I I truly

2332

01:36:53,689 --> 01:36:51,239

believe that uh the breaking the laws of

2333

01:36:56,090 --> 01:36:53,699

it's the laws of physics as we

2334

01:36:59,330 --> 01:36:56,100

understand today we don't understand

2335

01:37:01,430 --> 01:36:59,340

everything it's no no and we will be a

2336

01:37:04,790 --> 01:37:01,440

completely different civilization in in

2337

01:37:06,830 --> 01:37:04,800

10 000 years I I hope so I mean I I hope

2338

01:37:08,390 --> 01:37:06,840

that is true I mean I I think the

2339

01:37:10,550 --> 01:37:08,400

universe will be a much more interesting

2340

01:37:11,450 --> 01:37:10,560

place if we can have faster than light

2341

01:37:14,570 --> 01:37:11,460

travel

2342

01:37:18,169 --> 01:37:14,580

uh it does seem that there are pretty

2343

01:37:19,790 --> 01:37:18,179

hard constraints upon that uh there's

2344

01:37:21,229 --> 01:37:19,800

some theoretical ways of possibly

2345

01:37:23,209 --> 01:37:21,239

getting around here but it doesn't mean

2346

01:37:25,370 --> 01:37:23,219

you know even if we have a million years

2347

01:37:27,290 --> 01:37:25,380

of research it doesn't necessarily mean

2348

01:37:28,129 --> 01:37:27,300

it's going to pan out we can certainly

2349

01:37:30,110 --> 01:37:28,139

hope

2350

01:37:32,870 --> 01:37:30,120

that it will pan out and you know it

2351

01:37:35,330 --> 01:37:32,880

would be the ideal situation

2352

01:37:37,310 --> 01:37:35,340

uh but right now like I'm kind of in the

2353

01:37:39,709 --> 01:37:37,320

RV camp like saying that we have to go

2354

01:37:43,790 --> 01:37:39,719

by the physics that we know rather than

2355

01:37:46,010 --> 01:37:43,800

just inventing physics and uh yeah we'll

2356

01:37:49,430 --> 01:37:46,020

we'll see I guess yeah well the the

2357

01:37:51,709 --> 01:37:49,440

problem with that and and uh this is

2358

01:37:54,290 --> 01:37:51,719

where I would argue with with Avi and

2359

01:37:57,530 --> 01:37:54,300

win okay is this

2360

01:38:01,070 --> 01:37:57,540

the speed of light is a fixed number

2361

01:38:04,250 --> 01:38:01,080

that has been agreed upon by the science

2362

01:38:06,490 --> 01:38:04,260

community so their math would work and

2363

01:38:10,610 --> 01:38:06,500

stay consistent

2364

01:38:12,470 --> 01:38:10,620

Einstein's own theories both in special

2365

01:38:16,790 --> 01:38:12,480

and general

2366

01:38:19,430 --> 01:38:16,800

state that everything is in flux

2367

01:38:20,930 --> 01:38:19,440

time is stretched everything is

2368

01:38:22,430 --> 01:38:20,940

stretched and compressed throughout the

2369

01:38:25,070 --> 01:38:22,440

universe that's it and the speed of

2370

01:38:27,830 --> 01:38:25,080

light changes all over the place so you

2371

01:38:28,970 --> 01:38:27,840

can't have the same speed of light in

2372

01:38:30,410 --> 01:38:28,980

different parts of the universe it

2373

01:38:33,229 --> 01:38:30,420

doesn't work that way but that would

2374

01:38:36,290 --> 01:38:33,239

also mess with the math so everybody's

2375

01:38:39,530 --> 01:38:36,300

equations won't work so they had to come

2376

01:38:42,830 --> 01:38:39,540

up with the number and and agree on that

2377

01:38:44,570 --> 01:38:42,840

and use that speed of light figure in

2378

01:38:47,090 --> 01:38:44,580

all of the math to make the math work

2379

01:38:50,450 --> 01:38:47,100

but the speed of light changes all over

2380

01:38:52,669 --> 01:38:50,460

the universe and any mass and gravity is

2381

01:38:55,129 --> 01:38:52,679

going to change in bend light and and

2382

01:38:59,149 --> 01:38:55,139

change the speed that's a fact

2383

01:39:00,890 --> 01:38:59,159

so yeah so that's that's uh to say that

2384

01:39:03,890 --> 01:39:00,900

something can exceed the speed of light

2385

01:39:05,810 --> 01:39:03,900

or not the what speed what speed are you

2386

01:39:08,450 --> 01:39:05,820

talking about well it has a warp space

2387

01:39:10,189 --> 01:39:08,460

and time if you want to exceed the speed

2388

01:39:12,590 --> 01:39:10,199

of light and then this this

2389

01:39:13,850 --> 01:39:12,600

um there's issues with causality uh

2390

01:39:17,030 --> 01:39:13,860

which is something I think that's

2391

01:39:19,669 --> 01:39:17,040

difficult to get around but yeah I'm

2392

01:39:21,770 --> 01:39:19,679

with you though I'm with you I I I I'd

2393

01:39:24,470 --> 01:39:21,780

hold out hope for faster than light

2394

01:39:26,450 --> 01:39:24,480

travel I think it would be amazing I

2395

01:39:28,010 --> 01:39:26,460

don't want to wait like uh you know 200

2396

01:39:30,169 --> 01:39:28,020

years to get to like something that's

2397

01:39:31,689 --> 01:39:30,179

only four light years away I wouldn't be

2398

01:39:36,590 --> 01:39:31,699

there in a jiffy

2399

01:39:39,410 --> 01:39:36,600

but and that's why I I just when when

2400

01:39:41,750 --> 01:39:39,420

somebody says and I've I've seen it

2401

01:39:43,930 --> 01:39:41,760

myself but when somebody says well it

2402

01:39:47,990 --> 01:39:43,940

appeared in the sky and then it was gone

2403

01:39:51,410 --> 01:39:48,000

well that says a lot to me

2404

01:39:53,330 --> 01:39:51,420

um I I used to be like you right the

2405

01:39:56,810 --> 01:39:53,340

nuts and but you know how could a craft

2406

01:39:59,990 --> 01:39:56,820

travel at near the speed of light for a

2407

01:40:02,270 --> 01:40:00,000

million years why would you do that it

2408

01:40:06,050 --> 01:40:02,280

it just doesn't make no that they don't

2409

01:40:10,250 --> 01:40:06,060

do that yeah no no they they step they

2410

01:40:12,950 --> 01:40:10,260

take a step Mick they go they go and

2411

01:40:16,370 --> 01:40:12,960

it's Galaxy to Galaxy it it's something

2412

01:40:18,410 --> 01:40:16,380

like that it's that easy it's it's not

2413

01:40:20,510 --> 01:40:18,420

some crazy difficult thing that and and

2414

01:40:22,790 --> 01:40:20,520

they've got it figured out that's what

2415

01:40:25,550 --> 01:40:22,800

I'm convinced of and that's why we see

2416

01:40:26,629 --> 01:40:25,560

things appear and disappear uh so

2417

01:40:28,970 --> 01:40:26,639

quickly

2418

01:40:31,729 --> 01:40:28,980

that would be great yeah but you know

2419

01:40:33,649 --> 01:40:31,739

I'm I'm uh I'd love that to be true but

2420

01:40:35,270 --> 01:40:33,659

yeah I'm an evidence-driven person and

2421

01:40:40,070 --> 01:40:35,280

the evidence that I've seen of the

2422

01:40:42,770 --> 01:40:40,080

things in our you know on our planet

2423

01:40:44,750 --> 01:40:42,780

I I hear the stories and the stories are

2424

01:40:46,910 --> 01:40:44,760

very compelling but I don't think we've

2425

01:40:48,830 --> 01:40:46,920

got the physical evidence yet to back

2426

01:40:50,870 --> 01:40:48,840

those stories up so I think we have to

2427

01:40:52,970 --> 01:40:50,880

be open to the idea that some of those

2428

01:40:55,129 --> 01:40:52,980

stories are based on misperceptions and

2429

01:40:57,410 --> 01:40:55,139

aren't necessarily representative of

2430

01:40:59,209 --> 01:40:57,420

some advanced technology yeah absolutely

2431

01:41:00,410 --> 01:40:59,219

absolutely

2432

01:41:02,990 --> 01:41:00,420

um

2433

01:41:03,850 --> 01:41:03,000

uh I had one last question and I can't

2434

01:41:07,189 --> 01:41:03,860

remember

2435

01:41:09,169 --> 01:41:07,199

uh well oh oh oh oh one last thing I

2436

01:41:10,430 --> 01:41:09,179

wanted to talk about uh David fraver for

2437

01:41:13,310 --> 01:41:10,440

a second all right

2438

01:41:15,649 --> 01:41:13,320

um the three videos I'm not I've I've

2439

01:41:18,649 --> 01:41:15,659

never bought into so I'm not talking

2440

01:41:24,709 --> 01:41:18,659

about the three videos but what I'm very

2441

01:41:30,110 --> 01:41:24,719

interested in is favor and others

2442

01:41:33,050 --> 01:41:30,120

um uh say what they have seen a very

2443

01:41:34,850 --> 01:41:33,060

confused with that because it doesn't

2444

01:41:39,229 --> 01:41:34,860

match up with the videos at all the

2445

01:41:42,830 --> 01:41:39,239

videos no no no no no no no no I don't

2446

01:41:46,729 --> 01:41:42,840

but fravor is a professional military

2447

01:41:48,709 --> 01:41:46,739

pilot and for him to say it went you

2448

01:41:51,709 --> 01:41:48,719

know and and was gone

2449

01:41:54,550 --> 01:41:51,719

um I'm I'm I'm I'm very very confused

2450

01:41:59,330 --> 01:41:54,560

with that now if it's our own technology

2451

01:42:02,510 --> 01:41:59,340

okay all right okay uh we have it but it

2452

01:42:04,850 --> 01:42:02,520

that part of it Separates Me from the

2453

01:42:06,890 --> 01:42:04,860

videos I I put the videos in a box and I

2454

01:42:09,109 --> 01:42:06,900

put them on the Shelf what do you what

2455

01:42:12,010 --> 01:42:09,119

do you think fraver saw I didn't know

2456

01:42:15,169 --> 01:42:12,020

what framer saw uh I I have a number of

2457

01:42:16,910 --> 01:42:15,179

hypotheses uh but I think that there's a

2458

01:42:21,229 --> 01:42:16,920

number of issues just right out of the

2459

01:42:24,050 --> 01:42:21,239

bag with uh uh freyva's account and and

2460

01:42:27,350 --> 01:42:24,060

that's the there are differences between

2461

01:42:29,930 --> 01:42:27,360

the different people accounts there are

2462

01:42:32,330 --> 01:42:29,940

three people we know who are given uh

2463

01:42:34,910 --> 01:42:32,340

reports there were four people there

2464

01:42:37,370 --> 01:42:34,920

so there's uh fraver there's Alex

2465

01:42:39,530 --> 01:42:37,380

Dietrich who was a junior pilot at the

2466

01:42:43,010 --> 01:42:39,540

time trained being trained her

2467

01:42:45,350 --> 01:42:43,020

backseater was a senior Jim slay

2468

01:42:48,050 --> 01:42:45,360

um and then there was another person who

2469

01:42:49,790 --> 01:42:48,060

was the backseater on fravers aircraft

2470

01:42:51,770 --> 01:42:49,800

and they've all given these these

2471

01:42:53,510 --> 01:42:51,780

accounts and they all kind of differ so

2472

01:42:55,970 --> 01:42:53,520

much you know they all kind of agree on

2473

01:42:58,669 --> 01:42:55,980

the general uh idea that they saw some

2474

01:43:00,649 --> 01:42:58,679

kind of tic-tac-shaped uh object that

2475

01:43:03,229 --> 01:43:00,659

was flying around but the way they

2476

01:43:06,410 --> 01:43:03,239

describe it especially if you look at

2477

01:43:09,109 --> 01:43:06,420

their earliest uh descriptions of it the

2478

01:43:11,149 --> 01:43:09,119

like the early interviews they're quite

2479

01:43:12,530 --> 01:43:11,159

varied about about what they saw and

2480

01:43:15,229 --> 01:43:12,540

some of it doesn't actually make any

2481

01:43:19,070 --> 01:43:15,239

physical sense like Alex Dietrich talks

2482

01:43:22,250 --> 01:43:19,080

about seeing an object uh flying across

2483

01:43:23,149 --> 01:43:22,260

a region of the water that was White

2484

01:43:24,890 --> 01:43:23,159

Water

2485

01:43:26,450 --> 01:43:24,900

in a way that just basically couldn't

2486

01:43:28,370 --> 01:43:26,460

have happened it would have taken like a

2487

01:43:30,890 --> 01:43:28,380

thousandth of a second or something from

2488

01:43:33,470 --> 01:43:30,900

the speed she was traveling at and it it

2489

01:43:36,109 --> 01:43:33,480

didn't seem to make any sense but the

2490

01:43:39,470 --> 01:43:36,119

biggest thing was this discrepancy uh

2491

01:43:42,129 --> 01:43:39,480

between the times like uh Commander

2492

01:43:44,570 --> 01:43:42,139

fraver describes this almost leisurely

2493

01:43:47,090 --> 01:43:44,580

encounter where they fly up they go to

2494

01:43:49,490 --> 01:43:47,100

this what they call merge plot where

2495

01:43:51,770 --> 01:43:49,500

they the the the radar guy tells them

2496

01:43:53,930 --> 01:43:51,780

Kevin Day presumably tells them you've

2497

01:43:55,609 --> 01:43:53,940

arrived at where the object is you

2498

01:43:57,229 --> 01:43:55,619

should be seeing it and they look around

2499

01:43:59,750 --> 01:43:57,239

you know they don't see anything they're

2500

01:44:01,970 --> 01:43:59,760

expecting to see it at 20 000 feet and

2501

01:44:05,390 --> 01:44:01,980

then after a bit they see something

2502

01:44:07,669 --> 01:44:05,400

over there and then they look at it and

2503

01:44:09,709 --> 01:44:07,679

they see it moving around fraver decides

2504

01:44:11,330 --> 01:44:09,719

like I'm gonna go down take a look at

2505

01:44:14,209 --> 01:44:11,340

Alex Dietrich says she'll stay up high

2506

01:44:17,450 --> 01:44:14,219

fraver like goes down and he says very

2507

01:44:20,810 --> 01:44:17,460

specifically that he went down slowly he

2508

01:44:22,370 --> 01:44:20,820

took his time a circle yeah yeah he's

2509

01:44:24,590 --> 01:44:22,380

just he's doing a descending Circle

2510

01:44:25,790 --> 01:44:24,600

right you you were the flying in a

2511

01:44:27,470 --> 01:44:25,800

straight line or you're flying in a

2512

01:44:29,270 --> 01:44:27,480

circle so you have to keep it in sight

2513

01:44:31,910 --> 01:44:29,280

so he's flying around this this thing

2514

01:44:34,370 --> 01:44:31,920

going down towards it and he sees it

2515

01:44:36,169 --> 01:44:34,380

rise up uh and then they Circle each

2516

01:44:39,290 --> 01:44:36,179

other for a while and he flies across

2517

01:44:42,109 --> 01:44:39,300

and then it it disappears and he he

2518

01:44:43,790 --> 01:44:42,119

describes this and you know he made a

2519

01:44:45,649 --> 01:44:43,800

big point of saying that he went down

2520

01:44:48,890 --> 01:44:45,659

slowly because if you go down too fast

2521

01:44:51,229 --> 01:44:48,900

you end up running into the ocean uh and

2522

01:44:53,770 --> 01:44:51,239

and so he said the entire thing from

2523

01:44:57,350 --> 01:44:53,780

merge plot to the object flying away

2524

01:44:59,629 --> 01:44:57,360

took five minutes about five minutes and

2525

01:45:02,750 --> 01:44:59,639

he says that all four Pilots had

2526

01:45:05,270 --> 01:45:02,760

eyeballs on this object for five minutes

2527

01:45:08,090 --> 01:45:05,280

now Alex Dietrich tells a similar story

2528

01:45:09,830 --> 01:45:08,100

like they fly out there they go merge

2529

01:45:11,330 --> 01:45:09,840

plot they see the thing she looks down

2530

01:45:13,790 --> 01:45:11,340

to see the thing flies off across the

2531

01:45:16,850 --> 01:45:13,800

Whitewater fraver Zips down flies around

2532

01:45:19,669 --> 01:45:16,860

and the object disappears she says the

2533

01:45:21,649 --> 01:45:19,679

entire encounter took between 8 and 10

2534

01:45:22,910 --> 01:45:21,659

seconds

2535

01:45:25,550 --> 01:45:22,920

which is

2536

01:45:28,010 --> 01:45:25,560

impossible to reconcile with a 10 minute

2537

01:45:30,590 --> 01:45:28,020

encounter

2538

01:45:33,410 --> 01:45:30,600

so there's this huge discrepancy between

2539

01:45:35,450 --> 01:45:33,420

the two accounts and they're both saying

2540

01:45:37,250 --> 01:45:35,460

from merge plot to the object

2541

01:45:38,990 --> 01:45:37,260

disappearing she was quite specific on

2542

01:45:40,669 --> 01:45:39,000

that and I asked her you know several

2543

01:45:43,790 --> 01:45:40,679

times if it was from the merge plot

2544

01:45:47,090 --> 01:45:43,800

thing and uh

2545

01:45:49,550 --> 01:45:47,100

fraver says that the first time he saw

2546

01:45:52,910 --> 01:45:49,560

it the second he saw it

2547

01:45:54,950 --> 01:45:52,920

uh Alex dietrich's backseater was

2548

01:45:58,310 --> 01:45:54,960

talking over the radio do you see this

2549

01:46:00,229 --> 01:45:58,320

thing so the start of the story is line

2550

01:46:02,209 --> 01:46:00,239

up exactly it's merged plot they both

2551

01:46:03,590 --> 01:46:02,219

see it at the same time the thing

2552

01:46:05,830 --> 01:46:03,600

disappearing is at the end of the story

2553

01:46:08,870 --> 01:46:05,840

and yet Fraser says it took five minutes

2554

01:46:12,709 --> 01:46:08,880

Dietrich says it took uh eight to ten

2555

01:46:13,609 --> 01:46:12,719

seconds it doesn't really make any sense

2556

01:46:16,669 --> 01:46:13,619

and and

2557

01:46:19,430 --> 01:46:16,679

they saw something right

2558

01:46:22,189 --> 01:46:19,440

yeah they saw a white object they saw a

2559

01:46:24,709 --> 01:46:22,199

white tic-tac-shaped object but even

2560

01:46:27,470 --> 01:46:24,719

there there's differences like um Jim

2561

01:46:28,609 --> 01:46:27,480

slay in his account that he gave to the

2562

01:46:30,770 --> 01:46:28,619

SCU

2563

01:46:32,209 --> 01:46:30,780

uh which they've released Snippets of

2564

01:46:33,950 --> 01:46:32,219

these accounts but they've not released

2565

01:46:35,330 --> 01:46:33,960

the whole thing and I think the reason

2566

01:46:37,729 --> 01:46:35,340

they're not released the whole thing is

2567

01:46:38,930 --> 01:46:37,739

it contains more discrepancies I think

2568

01:46:40,970 --> 01:46:38,940

there's more differences in the account

2569

01:46:43,010 --> 01:46:40,980

but even in the best they released Jim

2570

01:46:45,770 --> 01:46:43,020

slay says that he looks down at this

2571

01:46:48,470 --> 01:46:45,780

thing and he saw that the surface of it

2572

01:46:51,109 --> 01:46:48,480

was shimmering like a heat Haze

2573

01:46:53,270 --> 01:46:51,119

which is a very specific thing to say

2574

01:46:55,430 --> 01:46:53,280

and in all the while this is supposedly

2575

01:46:57,770 --> 01:46:55,440

in the the eight to ten seconds or the

2576

01:46:59,090 --> 01:46:57,780

five minutes uh depending on who you

2577

01:47:01,070 --> 01:46:59,100

believe but you know he was in the same

2578

01:47:02,450 --> 01:47:01,080

plans Alex Dietrich he says he's looking

2579

01:47:05,090 --> 01:47:02,460

down at this thing and he could see a

2580

01:47:08,149 --> 01:47:05,100

heat Ace David fravor didn't see any he

2581

01:47:09,590 --> 01:47:08,159

Hayes and he was much closer to it so

2582

01:47:11,930 --> 01:47:09,600

again you've got this kind of radical

2583

01:47:14,270 --> 01:47:11,940

difference in accounts now they all saw

2584

01:47:15,649 --> 01:47:14,280

probably they all saw the same thing at

2585

01:47:18,109 --> 01:47:15,659

some point but they all seem to have a

2586

01:47:19,910 --> 01:47:18,119

very different experiences of it very

2587

01:47:22,010 --> 01:47:19,920

different perceptions and memories do

2588

01:47:23,570 --> 01:47:22,020

you think that's typical of like any car

2589

01:47:26,030 --> 01:47:23,580

accident where you're gonna get five

2590

01:47:30,290 --> 01:47:26,040

different eyewitness uh descriptions of

2591

01:47:31,970 --> 01:47:30,300

sure steam car accident but the the

2592

01:47:34,729 --> 01:47:31,980

directions of the cars were different

2593

01:47:36,649 --> 01:47:34,739

you know yeah but I think what that

2594

01:47:39,530 --> 01:47:36,659

means is that we can we can say there's

2595

01:47:41,750 --> 01:47:39,540

the the basics of it is that they saw a

2596

01:47:44,149 --> 01:47:41,760

white object in the sky and they

2597

01:47:46,250 --> 01:47:44,159

eventually lost sight of it what

2598

01:47:48,470 --> 01:47:46,260

actually happens in between and the

2599

01:47:50,750 --> 01:47:48,480

descriptions of it I think are perhaps

2600

01:47:52,550 --> 01:47:50,760

not as accurate as you would hope for

2601
01:47:53,990 --> 01:47:52,560
because you have the big discrepancies

2602
01:47:56,209 --> 01:47:54,000
like you know five minutes and 10

2603
01:47:58,010 --> 01:47:56,219
seconds you expect a military pilot

2604
01:47:59,870 --> 01:47:58,020
trying to Observer to be able to you

2605
01:48:01,910 --> 01:47:59,880
know you should be able to like they

2606
01:48:03,890 --> 01:48:01,920
should match you know if one person's

2607
01:48:05,510 --> 01:48:03,900
seeing a heat Haze shimmering on the

2608
01:48:07,729 --> 01:48:05,520
surface of the object and someone who's

2609
01:48:09,470 --> 01:48:07,739
much closer doesn't see it who knows

2610
01:48:11,510 --> 01:48:09,480
what else that might differ between

2611
01:48:13,550 --> 01:48:11,520
their accounts so yeah I definitely

2612
01:48:14,930 --> 01:48:13,560
think that they saw you know they saw a

2613
01:48:18,229 --> 01:48:14,940

white object you know like like this

2614

01:48:20,030 --> 01:48:18,239

this flying around doing something uh uh

2615

01:48:21,530 --> 01:48:20,040

but you know it perhaps didn't do the

2616

01:48:23,570 --> 01:48:21,540

amazing Maneuvers that they thought it

2617

01:48:25,250 --> 01:48:23,580

did and perhaps when it disappeared they

2618

01:48:28,070 --> 01:48:25,260

just simply lost sight of it if you read

2619

01:48:30,350 --> 01:48:28,080

the earliest reports it says uh lost

2620

01:48:32,689 --> 01:48:30,360

sight of the object in the Mist

2621

01:48:34,129 --> 01:48:32,699

uh which is you know or in the haze I

2622

01:48:37,250 --> 01:48:34,139

think it was the haze because the ocean

2623

01:48:38,629 --> 01:48:37,260

is pretty hazy over over that area but

2624

01:48:41,030 --> 01:48:38,639

you know now we've got slightly

2625

01:48:43,430 --> 01:48:41,040

different accounts over the years so I I

2626

01:48:45,350 --> 01:48:43,440

think they probably saw something like a

2627

01:48:46,790 --> 01:48:45,360

drone or a balloon or an aircraft or

2628

01:48:49,250 --> 01:48:46,800

something like that of some sort

2629

01:48:52,189 --> 01:48:49,260

probably some uh military thing possibly

2630

01:48:54,050 --> 01:48:52,199

something released from that uh White

2631

01:48:56,270 --> 01:48:54,060

Water which was probably something like

2632

01:48:59,330 --> 01:48:56,280

a submarine there was a submarine there

2633

01:49:01,010 --> 01:48:59,340

and it could be something that they just

2634

01:49:03,290 --> 01:49:01,020

weren't in the need to know so they

2635

01:49:05,209 --> 01:49:03,300

didn't get told about it but yeah I

2636

01:49:06,770 --> 01:49:05,219

don't know I'm sure lots of other people

2637

01:49:08,810 --> 01:49:06,780

will say different things there's

2638

01:49:10,310 --> 01:49:08,820

there's a big difference in in the

2639

01:49:12,290 --> 01:49:10,320

stories between

2640

01:49:15,470 --> 01:49:12,300

the kind of enlisted men you know the

2641

01:49:19,010 --> 01:49:15,480

guys on the ship and the officers the uh

2642

01:49:21,290 --> 01:49:19,020

people like fraver uh fraver says that

2643

01:49:24,050 --> 01:49:21,300

all this talk about Men In Black coming

2644

01:49:25,910 --> 01:49:24,060

in taking the tapes is all nonsense

2645

01:49:28,310 --> 01:49:25,920

uh then there's big differences between

2646

01:49:30,350 --> 01:49:28,320

the tales of people like Kevin Day Kevin

2647

01:49:33,109 --> 01:49:30,360

Day will say that he heard fraver

2648

01:49:34,790 --> 01:49:33,119

screaming in Terror over the radio and

2649

01:49:37,310 --> 01:49:34,800

he says that fraver told him that the

2650

01:49:40,010 --> 01:49:37,320

the Tic Tac did a barrel roll around his

2651
01:49:41,330 --> 01:49:40,020
plane none of which actually is is

2652
01:49:43,370 --> 01:49:41,340
anything that Trevor will tell you

2653
01:49:44,870 --> 01:49:43,380
anything about so with all these

2654
01:49:46,129 --> 01:49:44,880
differences I think it's difficult to

2655
01:49:47,990 --> 01:49:46,139
get a clear picture of what actually

2656
01:49:51,350 --> 01:49:48,000
happened other than they saw something

2657
01:49:53,270 --> 01:49:51,360
now what about and and I appreciate it

2658
01:49:55,609 --> 01:49:53,280
because I'm just as confused about this

2659
01:49:57,169 --> 01:49:55,619
uh I've listened to everybody I've

2660
01:50:00,169 --> 01:49:57,179
listened to chair London you know I've

2661
01:50:02,570 --> 01:50:00,179
listened to every angle on this

2662
01:50:05,330 --> 01:50:02,580
um and spoken to many of them uh myself

2663
01:50:06,770 --> 01:50:05,340

and I'm just a little confused but I

2664

01:50:10,310 --> 01:50:06,780

don't think it has anything to do with

2665

01:50:13,070 --> 01:50:10,320

the videos that that I think is is

2666

01:50:15,590 --> 01:50:13,080

muddying up the waters literally but

2667

01:50:18,830 --> 01:50:15,600

then there is the other aspect uh to

2668

01:50:22,490 --> 01:50:18,840

this this whole 80 000 feet to sea level

2669

01:50:24,890 --> 01:50:22,500

in a fraction of a second where

2670

01:50:27,470 --> 01:50:24,900

um and you understand the basics of

2671

01:50:29,390 --> 01:50:27,480

physics and compression that would have

2672

01:50:30,950 --> 01:50:29,400

been a gnarly disturbance on the water

2673

01:50:33,470 --> 01:50:30,960

that would have been that would have

2674

01:50:35,750 --> 01:50:33,480

been a tsunami it would have been a like

2675

01:50:36,830 --> 01:50:35,760

like Avi was talking about uh plasma

2676
01:50:38,330 --> 01:50:36,840
would have formed it would have been

2677
01:50:41,209 --> 01:50:38,340
super bright it would have been like a

2678
01:50:44,870 --> 01:50:41,219
giant explosion and uh like a lightning

2679
01:50:47,629 --> 01:50:44,880
bolt so do you think that part was an

2680
01:50:50,689 --> 01:50:47,639
anomaly on the radar or did there was a

2681
01:50:53,090 --> 01:50:50,699
physical 80 000 feet to sea level travel

2682
01:50:57,109 --> 01:50:53,100
I think the there was something going on

2683
01:50:59,990 --> 01:50:57,119
with the radar uh they had received an

2684
01:51:02,030 --> 01:51:00,000
update as I recall to the software for

2685
01:51:03,709 --> 01:51:02,040
the radar the system the system they

2686
01:51:05,629 --> 01:51:03,719
they did some reboots of it because

2687
01:51:06,950 --> 01:51:05,639
initially they thought it was radar

2688
01:51:08,990 --> 01:51:06,960

glitches they were seeing these things

2689

01:51:12,290 --> 01:51:09,000

in groups of five things just drifting

2690

01:51:13,970 --> 01:51:12,300

down the screen not very physical uh

2691

01:51:16,370 --> 01:51:13,980

types of things just things that kind of

2692

01:51:19,250 --> 01:51:16,380

looked like uh noise or some kind of

2693

01:51:20,570 --> 01:51:19,260

radar glitch and they you know

2694

01:51:22,790 --> 01:51:20,580

eventually became convinced that they

2695

01:51:25,310 --> 01:51:22,800

were real things and yeah this story

2696

01:51:29,450 --> 01:51:25,320

goes that they send to play now to look

2697

01:51:31,490 --> 01:51:29,460

for them but uh I think the most likely

2698

01:51:34,490 --> 01:51:31,500

thing for the ones that apparently

2699

01:51:37,129 --> 01:51:34,500

dropped from 80 000 to 28 000 or 28 000

2700

01:51:40,490 --> 01:51:37,139

to zero whatever the that story of areas

2701
01:51:43,250 --> 01:51:40,500
as well has given different numbers on

2702
01:51:46,609 --> 01:51:43,260
that uh I think those were probably just

2703
01:51:49,490 --> 01:51:46,619
radar glitches is this stuff like uh the

2704
01:51:50,870 --> 01:51:49,500
radar can when the ship tilts the radar

2705
01:51:52,910 --> 01:51:50,880
can bounce off the ocean and you get

2706
01:51:54,530 --> 01:51:52,920
these multi-path uh differences and

2707
01:51:56,270 --> 01:51:54,540
interferences with side lobes and

2708
01:51:57,770 --> 01:51:56,280
whatnot I don't understand the whole

2709
01:52:00,169 --> 01:51:57,780
thing but you know I've been told that

2710
01:52:04,490 --> 01:52:00,179
you can get these sudden changes in

2711
01:52:06,410 --> 01:52:04,500
altitude of a Target uh uh by these by

2712
01:52:09,649 --> 01:52:06,420
like Reflections and things like that

2713
01:52:11,870 --> 01:52:09,659

and the the captain of the ship didn't

2714

01:52:13,729 --> 01:52:11,880

seem very concerned about it he was

2715

01:52:15,649 --> 01:52:13,739

shown these things on the radar and he

2716

01:52:18,050 --> 01:52:15,659

was just like yeah just looks like I

2717

01:52:20,330 --> 01:52:18,060

don't know something it's like serious

2718

01:52:24,129 --> 01:52:20,340

clouds or something yeah it's the one of

2719

01:52:26,750 --> 01:52:24,139

the for me that is one of the biggest

2720

01:52:30,770 --> 01:52:26,760

things about this entire case with the

2721

01:52:33,830 --> 01:52:30,780

Nimitz I believe that those two planes

2722

01:52:35,330 --> 01:52:33,840

saw something I'm convinced of that I

2723

01:52:38,810 --> 01:52:35,340

don't think that fraver is making it up

2724

01:52:42,070 --> 01:52:38,820

I just don't or imagining it or or any

2725

01:52:46,149 --> 01:52:42,080

of that or it was a plasma projection

2726
01:52:49,669 --> 01:52:46,159
the light thing from some new defense

2727
01:52:52,609 --> 01:52:49,679
whatever no no I I I don't believe that

2728
01:52:56,209 --> 01:52:52,619
he saw something but the problem that I

2729
01:52:58,189 --> 01:52:56,219
have with this is that this case this

2730
01:53:01,970 --> 01:52:58,199
incident was written up

2731
01:53:04,729 --> 01:53:01,980
uh this is a battle group this is a

2732
01:53:07,570 --> 01:53:04,739
carrier group with all kinds of surface

2733
01:53:09,649 --> 01:53:07,580
vessels and subsurface vessels involved

2734
01:53:13,310 --> 01:53:09,659
apparently everybody was talking about

2735
01:53:15,950 --> 01:53:13,320
it and everybody saw it but the entire

2736
01:53:19,370 --> 01:53:15,960
paper trail is gone

2737
01:53:22,550 --> 01:53:19,380
and I would have thought that it's a big

2738
01:53:24,590 --> 01:53:22,560

enough case that we would see that we

2739

01:53:26,930 --> 01:53:24,600

would see the incidents report and we

2740

01:53:29,689 --> 01:53:26,940

would see the breakdown and and all of

2741

01:53:32,390 --> 01:53:29,699

this is missing that's the part that I'm

2742

01:53:35,209 --> 01:53:32,400

I'm I'm I'm not I'm not very comfortable

2743

01:53:37,970 --> 01:53:35,219

with yeah well they I mean what we do

2744

01:53:40,370 --> 01:53:37,980

have is is a report I think it's from

2745

01:53:41,930 --> 01:53:40,380

the uip task force or perhaps from one

2746

01:53:44,570 --> 01:53:41,940

of the other working groups where they

2747

01:53:47,090 --> 01:53:44,580

discussed this case and they say at the

2748

01:53:49,129 --> 01:53:47,100

end of it they get the description which

2749

01:53:51,229 --> 01:53:49,139

is basically you know kind of an

2750

01:53:53,870 --> 01:53:51,239

overview that it was a smooth white

2751
01:53:56,390 --> 01:53:53,880
object with 46 feet in length blah blah

2752
01:53:58,370 --> 01:53:56,400
blah and they said

2753
01:54:00,169 --> 01:53:58,380
um although the debriefs of ecru and

2754
01:54:02,570 --> 01:54:00,179
other Personnel within the strike group

2755
01:54:04,310 --> 01:54:02,580
validated the event there was very

2756
01:54:06,530 --> 01:54:04,320
little data to support technical

2757
01:54:09,530 --> 01:54:06,540
analysis so they're saying they just

2758
01:54:12,530 --> 01:54:09,540
don't have any real information on the

2759
01:54:14,689 --> 01:54:12,540
case other than the eyewitness accounts

2760
01:54:16,129 --> 01:54:14,699
and the the accounts of people who say

2761
01:54:18,350 --> 01:54:16,139
that they saw things

2762
01:54:19,729 --> 01:54:18,360
uh and there's you know there's only so

2763
01:54:22,010 --> 01:54:19,739

so much you can do with eyewitness

2764

01:54:24,169 --> 01:54:22,020

accounts unfortunately the fact that

2765

01:54:27,609 --> 01:54:24,179

they don't have

2766

01:54:30,830 --> 01:54:27,619

um radar information means that probably

2767

01:54:32,930 --> 01:54:30,840

either it's it's classified because it's

2768

01:54:34,189 --> 01:54:32,940

something like a vulnerability in the

2769

01:54:36,169 --> 01:54:34,199

radar like there was something wrong

2770

01:54:37,729 --> 01:54:36,179

with the radar or it was being spoofed

2771

01:54:38,750 --> 01:54:37,739

or it was a spoofing test or something

2772

01:54:41,330 --> 01:54:38,760

like that

2773

01:54:42,470 --> 01:54:41,340

uh or there just wasn't anything there

2774

01:54:44,510 --> 01:54:42,480

well

2775

01:54:46,910 --> 01:54:44,520

the military

2776

01:54:49,250 --> 01:54:46,920

is all about paperwork

2777

01:54:52,550 --> 01:54:49,260

um you know that's it that's all you do

2778

01:54:54,350 --> 01:54:52,560

that's all you do is paperwork and

2779

01:54:56,270 --> 01:54:54,360

something like this that went on for a

2780

01:54:57,830 --> 01:54:56,280

couple of weeks this wasn't a one day

2781

01:55:02,450 --> 01:54:57,840

thing

2782

01:55:06,109 --> 01:55:02,460

um uh if we it was actually it was the

2783

01:55:08,030 --> 01:55:06,119

freight incident yeah they they knew

2784

01:55:09,649 --> 01:55:08,040

where they were going and they knew that

2785

01:55:12,649 --> 01:55:09,659

they were what they were flying into

2786

01:55:14,450 --> 01:55:12,659

because they were leveling out at 30 if

2787

01:55:16,970 --> 01:55:14,460

you go with that you know everything

2788

01:55:19,010 --> 01:55:16,980

that has been presented that they have

2789

01:55:21,050 --> 01:55:19,020

been following this for quite a

2790

01:55:22,729 --> 01:55:21,060

while this was it hadn't been doing

2791

01:55:24,830 --> 01:55:22,739

anything interesting in the previous

2792

01:55:27,410 --> 01:55:24,840

days every single incident up to that

2793

01:55:29,689 --> 01:55:27,420

point according to Kevin day uh was just

2794

01:55:31,910 --> 01:55:29,699

these dots moving down the screen that's

2795

01:55:33,590 --> 01:55:31,920

right that's right and then there's one

2796

01:55:35,750 --> 01:55:33,600

day of loads of action like you know

2797

01:55:37,669 --> 01:55:35,760

forever goes out they see the things

2798

01:55:41,090 --> 01:55:37,679

drop down very rapidly to the surface of

2799

01:55:43,250 --> 01:55:41,100

the ocean they uh they see it appear at

2800

01:55:44,810 --> 01:55:43,260

the cat point and the the Men in Black

2801
01:55:46,790 --> 01:55:44,820
come in and take the tapes and then and

2802
01:55:48,470 --> 01:55:46,800
then there's this video and then yeah

2803
01:55:50,750 --> 01:55:48,480
then that's it then they return to Port

2804
01:55:52,850 --> 01:55:50,760
so there was these few days of radar

2805
01:55:54,830 --> 01:55:52,860
glitches and then there was one day of a

2806
01:55:58,129 --> 01:55:54,840
flurry of excitement and then and then

2807
01:56:00,970 --> 01:55:58,139
then it was over so right did it but my

2808
01:56:04,729 --> 01:56:00,980
point Mick my point is

2809
01:56:07,129 --> 01:56:04,739
to go one way or another with this case

2810
01:56:09,950 --> 01:56:07,139
it's in the paperwork and there isn't

2811
01:56:13,609 --> 01:56:09,960
any and I don't buy that I just there's

2812
01:56:16,910 --> 01:56:13,619
no way that you don't have

2813
01:56:19,550 --> 01:56:16,920

um after every single run that you do

2814

01:56:21,229 --> 01:56:19,560

you get down and you debrief

2815

01:56:24,370 --> 01:56:21,239

you're sitting in that where you are

2816

01:56:27,649 --> 01:56:24,380

debrief that's all they do they put

2817

01:56:30,430 --> 01:56:27,659

everything is rehearsal rehearsal

2818

01:56:35,090 --> 01:56:30,440

rehearsal training training training

2819

01:56:37,010 --> 01:56:35,100

written write up this analyze and and in

2820

01:56:39,890 --> 01:56:37,020

this case something like this where

2821

01:56:42,709 --> 01:56:39,900

there is trial nothing that's the part

2822

01:56:44,510 --> 01:56:42,719

that I don't buy and it would take this

2823

01:56:47,149 --> 01:56:44,520

case one way or another and we don't

2824

01:56:49,250 --> 01:56:47,159

have it too this is one piece of

2825

01:56:51,590 --> 01:56:49,260

paperwork we do know exists which uh

2826
01:56:52,750 --> 01:56:51,600
Alex dietrich's notes uh that she made

2827
01:56:55,609 --> 01:56:52,760
at the time

2828
01:56:57,169 --> 01:56:55,619
uh and she she said she'll she'll

2829
01:56:58,850 --> 01:56:57,179
release them at some point but she's

2830
01:57:00,229 --> 01:56:58,860
kind of like she's been she's been

2831
01:57:02,390 --> 01:57:00,239
having a lot of stuff going on in her

2832
01:57:04,490 --> 01:57:02,400
life and she's uh is in storage he had a

2833
01:57:06,109 --> 01:57:04,500
flood and she has the medical issues and

2834
01:57:07,910 --> 01:57:06,119
so she hasn't been able to get to it but

2835
01:57:09,950 --> 01:57:07,920
you know I'm I'm hopeful that sometime

2836
01:57:11,450 --> 01:57:09,960
in the next like couple of years uh

2837
01:57:13,970 --> 01:57:11,460
she'll be able to like you know find the

2838
01:57:16,790 --> 01:57:13,980

time to dig them out uh and that might

2839

01:57:17,810 --> 01:57:16,800

might help it might not you know it's we

2840

01:57:19,129 --> 01:57:17,820

don't know but there's definitely

2841

01:57:21,830 --> 01:57:19,139

something that's

2842

01:57:23,629 --> 01:57:21,840

notes that were taken out the time

2843

01:57:24,950 --> 01:57:23,639

are going to be the most valuable you

2844

01:57:26,330 --> 01:57:24,960

know you took your notes when that thing

2845

01:57:28,310 --> 01:57:26,340

whizzed over the head and you took them

2846

01:57:30,169 --> 01:57:28,320

immediately because you know as soon as

2847

01:57:32,089 --> 01:57:30,179

you take the notes you know it's down

2848

01:57:33,530 --> 01:57:32,099

it's that you've made a record that if

2849

01:57:35,689 --> 01:57:33,540

you leave it until a few days later

2850

01:57:37,310 --> 01:57:35,699

you're gonna forget what you saw so that

2851
01:57:38,990 --> 01:57:37,320
that would be good and there probably

2852
01:57:41,510 --> 01:57:39,000
are other things like you know in the

2853
01:57:43,490 --> 01:57:41,520
archive somewhere but uh it's all

2854
01:57:45,970 --> 01:57:43,500
classified yeah yeah

2855
01:57:49,370 --> 01:57:45,980
amazing probably not for good reason

2856
01:57:51,830 --> 01:57:49,380
thank you man thank you for for not only

2857
01:57:53,930 --> 01:57:51,840
doing what you do again you Center me

2858
01:57:56,089 --> 01:57:53,940
but uh just thank you for coming on

2859
01:57:58,370 --> 01:57:56,099
