00:00:30,200 --> 00:00:20,230

[Music]

2  
00:00:34,069 --> 00:00:30,210

thank you

3  
00:00:40,030 --> 00:00:36,830

good afternoon Fade to Black breaking

4  
00:00:44,150 --> 00:00:40,040

news for this Thursday May 4th

5  
00:00:45,889 --> 00:00:44,160

2023. this is all of the news that you

6  
00:00:49,910 --> 00:00:45,899

need I'm Jimmy Church

7  
00:00:53,090 --> 00:00:49,920

and may the fourth be with you

8  
00:00:54,910 --> 00:00:53,100

yeah let's get straight to it on this

9  
00:00:59,930 --> 00:00:54,920

day in history

10  
00:01:02,450 --> 00:00:59,940

1814. Napoleon landed on the island of

11  
00:01:05,390 --> 00:01:02,460

Elba to served the first of two Exiles

12  
00:01:08,929 --> 00:01:05,400

he was granted the island as a sovereign

13  
00:01:11,390 --> 00:01:08,939

principality at an annual income of two

14

00:01:15,590 --> 00:01:11,400

million francs to be provided by France

15

00:01:19,550 --> 00:01:15,600

and a guard of 400 volunteers a year

16

00:01:22,310 --> 00:01:19,560

later he was back in Paris and lost at

17

00:01:26,270 --> 00:01:22,320

Waterloo he would die at the age of 52

18

00:01:27,950 --> 00:01:26,280

seven years later in Exile again on

19

00:01:31,370 --> 00:01:27,960

Saint Helena

20

00:01:35,210 --> 00:01:31,380

and that is your day in history 1814

21

00:01:37,310 --> 00:01:35,220

fader facts are you ready

22

00:01:40,850 --> 00:01:37,320

kangaroos

23

00:01:42,590 --> 00:01:40,860

cannot walk backwards

24

00:01:44,330 --> 00:01:42,600

and that

25

00:01:46,730 --> 00:01:44,340

is your fader fact put that in your head

26

00:01:48,710 --> 00:01:46,740

just put that in your head let's get to

27

00:01:52,550 --> 00:01:48,720

the breaking news lots of it today

28

00:01:56,270 --> 00:01:52,560

because a Manhattan jury found Ed

29

00:01:58,490 --> 00:01:56,280

Sheeran's hit Thinking Out Loud did not

30

00:02:02,210 --> 00:01:58,500

infringe on the copyright of the classic

31

00:02:03,950 --> 00:02:02,220

Marvin Gaye song Let's Get It On the

32

00:02:06,590 --> 00:02:03,960

jury determined that Sharon had

33

00:02:08,870 --> 00:02:06,600

independently created his song and did

34

00:02:13,369 --> 00:02:08,880

not wrongfully copy compositional

35

00:02:15,830 --> 00:02:13,379

elements or Melodies From gays song upon

36

00:02:18,890 --> 00:02:15,840

hearing the verdict Sheeran hugged his

37

00:02:21,650 --> 00:02:18,900

attorneys the family of Ed Townsend who

38

00:02:24,890 --> 00:02:21,660

co-wrote let's get it on with gay had

39

00:02:28,130 --> 00:02:24,900

accused Sharon of copying the 1973 hit

40

00:02:30,229 --> 00:02:28,140

and alleged similarities between the

41

00:02:33,010 --> 00:02:30,239

chord progression harmonic Rhythm and

42

00:02:35,630 --> 00:02:33,020

certain Melodies In the two songs

43

00:02:37,910 --> 00:02:35,640

Sharon's legal team had argued that The

44

00:02:40,309 --> 00:02:37,920

Melodies are different and the elements

45

00:02:43,670 --> 00:02:40,319

used in both songs are common in pop

46

00:02:48,410 --> 00:02:43,680

music I'll say this

47

00:02:50,930 --> 00:02:48,420

I remember all music it's the same I

48

00:02:52,030 --> 00:02:50,940

remember a video many years ago posted

49

00:02:57,710 --> 00:02:52,040

on YouTube

50

00:03:00,949 --> 00:02:57,720

uh playing the chords C D and G over and

51  
00:03:03,830 --> 00:03:00,959  
over again two different songs

52  
00:03:05,330 --> 00:03:03,840  
because they were all the same so I

53  
00:03:09,050 --> 00:03:05,340  
guess that that's what I would have

54  
00:03:14,869 --> 00:03:12,170  
it's only so many notes and so many

55  
00:03:17,350 --> 00:03:14,879  
chords all right I'm actually happy with

56  
00:03:21,170 --> 00:03:17,360  
this outcome I did go back and listen to

57  
00:03:26,690 --> 00:03:21,180  
uh Sharon's song uh Thinking Out Loud

58  
00:03:28,750 --> 00:03:26,700  
today just to refresh my and man and

59  
00:03:31,550 --> 00:03:28,760  
that that

60  
00:03:34,270 --> 00:03:31,560  
lawsuit should have never happened okay

61  
00:03:37,970 --> 00:03:34,280  
continuing scientists

62  
00:03:40,130 --> 00:03:37,980  
said Monday that they have found a way

63  
00:03:41,990 --> 00:03:40,140

to use now I need you to listen

64

00:03:43,850 --> 00:03:42,000

carefully

65

00:03:46,910 --> 00:03:43,860

to this news

66

00:03:50,509 --> 00:03:46,920

because yes scientists said Monday that

67

00:03:54,009 --> 00:03:50,519

they found a way to use brain scans and

68

00:03:58,670 --> 00:03:54,019

artificial intelligence modeling to

69

00:04:03,229 --> 00:03:58,680

transcribe the gist of what people are

70

00:04:04,449 --> 00:04:03,239

thinking in what was described as a step

71

00:04:07,070 --> 00:04:04,459

towards

72

00:04:09,530 --> 00:04:07,080

mind reading

73

00:04:11,869 --> 00:04:09,540

while the main goal of the language

74

00:04:14,809 --> 00:04:11,879

decoder is to help people who have lost

75

00:04:16,430 --> 00:04:14,819

the ability to communicate the U.S

76

00:04:19,449 --> 00:04:16,440

scientists acknowledged that the

77

00:04:22,250 --> 00:04:19,459

technology raised questions about

78

00:04:24,469 --> 00:04:22,260

mental privacy

79

00:04:27,770 --> 00:04:24,479

it is the first system to be able to

80

00:04:31,010 --> 00:04:27,780

reconstruct continuous language without

81

00:04:33,290 --> 00:04:31,020

an invasive brain implant according to

82

00:04:34,790 --> 00:04:33,300

the study in the journal Nature

83

00:04:38,629 --> 00:04:34,800

Neuroscience

84

00:04:42,230 --> 00:04:38,639

David Rodriguez Arias Valen a bio

85

00:04:45,170 --> 00:04:42,240

bioethics professor at Spain's Granada

86

00:04:46,909 --> 00:04:45,180

University had not and he wasn't

87

00:04:49,370 --> 00:04:46,919

involved in the study or the research

88

00:04:52,430 --> 00:04:49,380

but he said that this brings us closer

89

00:04:55,510 --> 00:04:52,440

to a future in which machines are able

90

00:04:58,129 --> 00:04:55,520

to read minds and transcribe thought

91

00:05:00,110 --> 00:04:58,139

warning this could possibly take place

92

00:05:05,810 --> 00:05:00,120

against people's will

93

00:05:10,010 --> 00:05:08,930

that's right that's the danger of AI

94

00:05:13,249 --> 00:05:10,020

right there

95

00:05:16,370 --> 00:05:13,259

King Charles III will be crowned this

96

00:05:18,770 --> 00:05:16,380

Saturday at Westminster Abbey in an

97

00:05:21,950 --> 00:05:18,780

event full of all the pageantry Britain

98

00:05:24,050 --> 00:05:21,960

can muster but opinion polls show that

99

00:05:26,749 --> 00:05:24,060

support for the monarchy has weakened

100

00:05:28,370 --> 00:05:26,759

and Britain is gripped by double-digit

101  
00:05:31,570 --> 00:05:28,380  
inflation and making some people

102  
00:05:34,969 --> 00:05:31,580  
question the expense of the coronation

103  
00:05:37,790 --> 00:05:34,979  
the crowding of Charles and Camellia the

104  
00:05:40,189 --> 00:05:37,800  
queen consort will feature many of the

105  
00:05:43,249 --> 00:05:40,199  
elements of coronation's past you get

106  
00:05:47,029 --> 00:05:43,259  
the hymns you get the prayers and you

107  
00:05:49,850 --> 00:05:47,039  
get the anointing of oils all of which

108  
00:05:52,850 --> 00:05:49,860  
are designed to remind the world of the

109  
00:05:56,629 --> 00:05:52,860  
history the tradition and the Mystery

110  
00:05:58,450 --> 00:05:56,639  
embodied by the monarchy it's going down

111  
00:06:01,850 --> 00:05:58,460  
on Saturday

112  
00:06:04,730 --> 00:06:01,860  
researchers have retrieved human DNA

113  
00:06:06,469 --> 00:06:04,740

from a Paleolithic pendant and

114

00:06:09,890 --> 00:06:06,479

discovered that it belonged to a

115

00:06:12,409 --> 00:06:09,900

Siberian Woman Who Lived roughly 25

116

00:06:15,110 --> 00:06:12,419

000 years ago dependent of a tooth it's

117

00:06:16,490 --> 00:06:15,120

about this big and it's got a hole in it

118

00:06:18,409 --> 00:06:16,500

it's pretty cool

119

00:06:21,170 --> 00:06:18,419

this is the first time scientists have

120

00:06:23,390 --> 00:06:21,180

successfully isolated DNA from a

121

00:06:26,150 --> 00:06:23,400

prehistoric artifact using a newly

122

00:06:28,550 --> 00:06:26,160

developed extraction method according to

123

00:06:32,230 --> 00:06:28,560

a study published yesterday in the

124

00:06:34,490 --> 00:06:32,240

journal Nature in 2019

125

00:06:37,790 --> 00:06:34,500

archaeologists discovered the thumbnail

126  
00:06:41,270 --> 00:06:37,800  
size pendant buried inside a denisova

127  
00:06:44,090 --> 00:06:41,280  
cave in the altai mountains in southern

128  
00:06:46,490 --> 00:06:44,100  
Siberia the researchers were able to

129  
00:06:49,550 --> 00:06:46,500  
compare it with known human populations

130  
00:06:52,010 --> 00:06:49,560  
and determine that both the woman and

131  
00:06:55,370 --> 00:06:52,020  
the deer a species of elk known as a

132  
00:06:56,450 --> 00:06:55,380  
Wapiti lived sometime between 19000 and

133  
00:06:59,150 --> 00:06:56,460  
25

134  
00:07:02,510 --> 00:06:59,160  
000 years ago and that the woman was

135  
00:07:05,390 --> 00:07:02,520  
indeed of a Siberian heritage

136  
00:07:08,350 --> 00:07:05,400  
yeah it's pretty incredible all right

137  
00:07:11,950 --> 00:07:08,360  
here you go Israel back in the news

138  
00:07:15,770 --> 00:07:11,960

Israel has seized around

139

00:07:18,370 --> 00:07:15,780

190 crypto Accounts at crypto exchange

140

00:07:22,189 --> 00:07:18,380

binance since

141

00:07:24,890 --> 00:07:22,199

2021 including two it said were linked

142

00:07:27,050 --> 00:07:24,900

to the Islamic State and dozens of

143

00:07:29,870 --> 00:07:27,060

others it said were owned by Palestinian

144

00:07:32,270 --> 00:07:29,880

firms connected to the islamist Hamas

145

00:07:34,790 --> 00:07:32,280

group documents released by the

146

00:07:37,969 --> 00:07:34,800

country's counter-terror authorities now

147

00:07:40,249 --> 00:07:37,979

show Israel's National Bureau for

148

00:07:44,990 --> 00:07:40,259

counter-terror financing also known as

149

00:07:48,110 --> 00:07:45,000

the nbctf on January 12th confiscated

150

00:07:51,650 --> 00:07:48,120

two binance accounts and their contents

151  
00:07:54,710 --> 00:07:51,660  
the MBC TF document which has not been

152  
00:07:58,550 --> 00:07:54,720  
previously reported did not give any

153  
00:08:00,589 --> 00:07:58,560  
details on the value of the cryptocs nor

154  
00:08:03,830 --> 00:08:00,599  
how the accounts were connected to

155  
00:08:06,110 --> 00:08:03,840  
Islamic State binance the world's

156  
00:08:10,430 --> 00:08:06,120  
largest crypto exchange by trading

157  
00:08:11,809 --> 00:08:10,440  
volumes did not respond to the Israeli

158  
00:08:15,529 --> 00:08:11,819  
announcement

159  
00:08:16,490 --> 00:08:15,539  
all right now I'm Gonna Leave You with

160  
00:08:19,909 --> 00:08:16,500  
this

161  
00:08:23,390 --> 00:08:19,919  
a study recently published in the

162  
00:08:26,510 --> 00:08:23,400  
Journal of American geriatric Society

163  
00:08:31,430 --> 00:08:26,520

found that regular internet usage by

164

00:08:33,709 --> 00:08:31,440

adults aged 50 to 65 was associated with

165

00:08:34,990 --> 00:08:33,719

approximately half the risk of

166

00:08:38,329 --> 00:08:35,000

developing

167

00:08:42,829 --> 00:08:38,339

dementia all of that compared with those

168

00:08:44,930 --> 00:08:42,839

who did not go online the researchers

169

00:08:48,410 --> 00:08:44,940

said they found the risk between regular

170

00:08:53,930 --> 00:08:48,420

and non-regular users did not vary by

171

00:08:57,889 --> 00:08:53,940

education race sex or generation

172

00:08:59,690 --> 00:08:57,899

and now you know my secret

173

00:09:01,370 --> 00:08:59,700

there you go that's all the feet of

174

00:09:05,690 --> 00:09:01,380
