

FADE **TO** BLACK

with **JIMMY CHURCH**
PRESENTS

BREAKING NEWS

Wed May 10, 2023 **LIVE**

1
00:00:00,599 --> 00:00:16,310
foreign

2
00:00:42,729 --> 00:00:28,440
[Music]

3
00:00:51,610 --> 00:00:46,790
welcome Fade to Black breaking news for

4
00:00:55,010 --> 00:00:51,620
this what day we had Wednesday May 10th

5
00:00:56,689 --> 00:00:55,020
2023 this is all of the news that you

6
00:01:00,889 --> 00:00:56,699
need I'm Jimmy Church

7
00:01:04,250 --> 00:01:00,899
let's get straight to it man they have

8
00:01:08,450 --> 00:01:04,260
big news day today but this one has to

9
00:01:11,510 --> 00:01:08,460
do uh on this day in history 1950

10
00:01:16,990 --> 00:01:11,520
the Mandela effect

11
00:01:18,550 --> 00:01:17,000
yeah because on this day in

12
00:01:21,830 --> 00:01:18,560
1994

13
00:01:23,749 --> 00:01:21,840

Nelson Mandela whose efforts led to the

14

00:01:29,690 --> 00:01:23,759

apartheid

15

00:01:32,210 --> 00:01:29,700

imprisonment from 1962 to 1990 and

16

00:01:36,830 --> 00:01:32,220

earned him a share of the 1993 Nobel

17

00:01:43,569 --> 00:01:36,840

Peace Prize he became president of South

18

00:01:47,929 --> 00:01:43,579

Africa on this day in 1994.

19

00:01:53,469 --> 00:01:47,939

yeah the Mandela effect on this day in

20

00:01:57,649 --> 00:01:55,010

cans

21

00:02:01,609 --> 00:01:57,659

of diet soda

22

00:02:09,729 --> 00:02:04,789

but regular soda cans

23

00:02:16,210 --> 00:02:13,309

that's your fader fact

24

00:02:19,790 --> 00:02:16,220

that's crazy isn't it

25

00:02:21,229 --> 00:02:19,800

yeah I guess it's uh the fructose all

26

00:02:23,630 --> 00:02:21,239

right let's get to the breaking news

27

00:02:25,430 --> 00:02:23,640

lots of breaking news today I'm going to

28

00:02:27,410 --> 00:02:25,440

leave the politics out of it and I'm not

29

00:02:29,210 --> 00:02:27,420

going to talk about Santos you know

30

00:02:32,750 --> 00:02:29,220

being arrested and taken into custody

31

00:02:35,869 --> 00:02:32,760

today and then and uh posting 500 000

32

00:02:38,510 --> 00:02:35,879

Bond and getting charges uh you know 13

33

00:02:40,790 --> 00:02:38,520

federal charges wire fraud amongst other

34

00:02:44,509 --> 00:02:40,800

things I'm not going to get into all of

35

00:02:47,930 --> 00:02:44,519

that but it was crazy to watch

36

00:02:51,550 --> 00:02:47,940

all right let's get to the breaking news

37

00:02:55,130 --> 00:02:51,560

an ambitious space junk cleanup Mission

38

00:02:59,150 --> 00:02:55,140

now has its Rocket Ride

39

00:03:01,430 --> 00:02:59,160

Swiss startup clear space plans to

40

00:03:03,949 --> 00:03:01,440

launch an active debris removal mission

41

00:03:07,970 --> 00:03:03,959

to take out a piece of space junk no

42

00:03:10,850 --> 00:03:07,980

earlier than the first half of 2026 that

43

00:03:15,290 --> 00:03:10,860

mission known as clear space one will

44

00:03:18,350 --> 00:03:15,300

ride aboard an Arion space Vega C rocket

45

00:03:20,750 --> 00:03:18,360

clear space one aims to Rendezvous

46

00:03:21,890 --> 00:03:20,760

capture and remove a piece of space

47

00:03:24,290 --> 00:03:21,900

debris

48

00:03:26,809 --> 00:03:24,300

fall goes according to plan

49

00:03:29,390 --> 00:03:26,819

the clear clear space one spacecraft

50

00:03:31,910 --> 00:03:29,400

will meet up with a payload adapter

51
00:03:35,210 --> 00:03:31,920
that's been left behind and in orbit by

52
00:03:38,570 --> 00:03:35,220
a Vega rocket launch back in 2013 the

53
00:03:41,750 --> 00:03:38,580
adapter is already in a gradual disposal

54
00:03:44,149 --> 00:03:41,760
orbit I'm using air quotes for that

55
00:03:47,869 --> 00:03:44,159
meaning that it's going to fall back to

56
00:03:50,449 --> 00:03:47,879
Earth anyway and and burn up without any

57
00:03:54,229 --> 00:03:50,459
intervention and clear space and clear

58
00:03:58,490 --> 00:03:54,239
space one is going to test this out so

59
00:04:01,670 --> 00:03:58,500
we shall see 2026. all right a scientist

60
00:04:03,649 --> 00:04:01,680
will send stem cells remember man I'm

61
00:04:06,410 --> 00:04:03,659
wearing my patch I'm wearing my patch

62
00:04:09,589 --> 00:04:06,420
right here scientists will send stem

63
00:04:11,690 --> 00:04:09,599

cells to space in early May to

64

00:04:16,210 --> 00:04:11,700

investigate the effect of weak gravity

65

00:04:20,270 --> 00:04:16,220

or microgravity in space on stem cells

66

00:04:22,670 --> 00:04:20,280

the induced pluripotent stem cells a

67

00:04:25,790 --> 00:04:22,680

type of a stem cell that can develop

68

00:04:28,010 --> 00:04:25,800

into the three primary groups of cells

69

00:04:31,070 --> 00:04:28,020

that make up the human body will be

70

00:04:34,670 --> 00:04:31,080

cultivated in Space by astronauts aboard

71

00:04:39,110 --> 00:04:34,680

the ISS by astronauts flying on Axiom

72

00:04:40,909 --> 00:04:39,120

space private ax2 Mission the mission is

73

00:04:43,909 --> 00:04:40,919

scheduled to launch on May 21st from

74

00:04:47,330 --> 00:04:43,919

Kennedy Space Center in Florida now

75

00:04:49,969 --> 00:04:47,340

growing these cells and allowing them to

76
00:04:52,310 --> 00:04:49,979
differentiate in space should allow

77
00:04:56,090 --> 00:04:52,320
researchers to determine if microgravity

78
00:04:59,570 --> 00:04:56,100
has any impact on the way the ipscs

79
00:05:03,950 --> 00:04:59,580
develop into other cell types like brain

80
00:05:07,790 --> 00:05:03,960
and heart cells in my case

81
00:05:13,670 --> 00:05:10,850
the first ever space station could

82
00:05:16,010 --> 00:05:13,680
launch the private space station could

83
00:05:17,890 --> 00:05:16,020
launch into Earth orbit a little over

84
00:05:20,830 --> 00:05:17,900
two years from now

85
00:05:24,409 --> 00:05:20,840
california-based startup vast space

86
00:05:27,350 --> 00:05:24,419
plans to Loft its Haven one Outpost

87
00:05:31,390 --> 00:05:27,360
aboard a SpaceX Falcon 9 rocket no

88
00:05:34,969 --> 00:05:31,400

earlier than August of 2025 the company

89

00:05:37,370 --> 00:05:34,979

announced everything today that initial

90

00:05:41,210 --> 00:05:37,380

Mission will be followed in quick

91

00:05:43,909 --> 00:05:41,220

succession by vast one a four-person

92

00:05:47,570 --> 00:05:43,919

John to the new station that could last

93

00:05:50,689 --> 00:05:47,580

up to 30 days vast one will also launch

94

00:05:55,310 --> 00:05:50,699

atop a falcon 9 and its astronauts will

95

00:05:59,029 --> 00:05:55,320

ride on a SpaceX Dragon capsule private

96

00:06:01,370 --> 00:05:59,039

space stations private Rockets

97

00:06:04,550 --> 00:06:01,380

private astronauts

98

00:06:07,010 --> 00:06:04,560

it's a new day isn't it now check this

99

00:06:10,430 --> 00:06:07,020

out this is it's like my good news of

100

00:06:12,730 --> 00:06:10,440

the day humpback whales have

101
00:06:18,409 --> 00:06:12,740
for the first time ever

102
00:06:22,309 --> 00:06:18,419
been filmed rolling to and fro on Sandy

103
00:06:24,529 --> 00:06:22,319
seabeds to scrub off dead skin and

104
00:06:27,050 --> 00:06:24,539
unwanted hitchhikers

105
00:06:29,210 --> 00:06:27,060
Stay With Me

106
00:06:31,550 --> 00:06:29,220
footage captured by researchers on the

107
00:06:35,029 --> 00:06:31,560
Gold Coast Bay and Southeast Queensland

108
00:06:38,990 --> 00:06:35,039
Australia shows the gigantic marine

109
00:06:42,710 --> 00:06:39,000
mammals performing full inside sand

110
00:06:46,490 --> 00:06:42,720
rolls up to 164 feet below the ocean

111
00:06:50,290 --> 00:06:46,500
surface to shed parasites that live on

112
00:06:54,129 --> 00:06:50,300
their skin which can make the welds less

113
00:06:57,170 --> 00:06:54,139

hydrodemantic now

114

00:06:58,850 --> 00:06:57,180

hydrodynamic although humpback whales

115

00:07:01,670 --> 00:06:58,860

have been spotted hovering and feeding

116

00:07:04,309 --> 00:07:01,680

near the sea floor before this is the

117

00:07:05,350 --> 00:07:04,319

first time researchers have recorded

118

00:07:07,790 --> 00:07:05,360

them

119

00:07:09,469 --> 00:07:07,800

scrubbing their skin

120

00:07:13,390 --> 00:07:09,479

it's amazing

121

00:07:15,950 --> 00:07:13,400

all right there has been a baby born

122

00:07:18,550 --> 00:07:15,960

using three

123

00:07:20,749 --> 00:07:18,560

three three

124

00:07:22,550 --> 00:07:20,759

people's DNA

125

00:07:25,249 --> 00:07:22,560

this is for the first time in the United

126
00:07:29,089 --> 00:07:25,259
Kingdom the fertility regulator has

127
00:07:32,150 --> 00:07:29,099
confirmed most of their DNA comes from

128
00:07:36,710 --> 00:07:32,160
their two parents and around 0.1 percent

129
00:07:39,170 --> 00:07:36,720
from a third donor woman

130
00:07:41,390 --> 00:07:39,180
the pioneering technique is an attempt

131
00:07:45,469 --> 00:07:41,400
to prevent children being born with a

132
00:07:48,830 --> 00:07:45,479
devastating mitochondrial diseases fewer

133
00:07:52,930 --> 00:07:48,840
than five such babies have been born but

134
00:07:57,950 --> 00:07:52,940
no further details have been released

135
00:08:01,909 --> 00:07:57,960
three types of DNA combined wow messing

136
00:08:05,089 --> 00:08:01,919
with Mother Nature now

137
00:08:07,749 --> 00:08:05,099
I'm Gonna Leave You with this

138
00:08:09,890 --> 00:08:07,759

because

139

00:08:14,150 --> 00:08:09,900

Beetlejuice is one of my favorite movies

140

00:08:15,650 --> 00:08:14,160

of all time it's it's a it's top ten uh

141

00:08:19,129 --> 00:08:15,660

it's top 20.

142

00:08:22,670 --> 00:08:19,139

okay it's top top 20 top 20. I love

143

00:08:27,650 --> 00:08:22,680

Beetlejuice but there have been rumors

144

00:08:30,230 --> 00:08:27,660

about Beetlejuice 2. right well let's

145

00:08:31,870 --> 00:08:30,240

put all of that to rest it's one of the

146

00:08:35,209 --> 00:08:31,880

biggest rumors out there

147

00:08:38,029 --> 00:08:35,219

and now it appears that the Ghost with

148

00:08:41,089 --> 00:08:38,039

the most is finally getting his next big

149

00:08:44,269 --> 00:08:41,099

moment because Beetlejuice 2 the

150

00:08:47,210 --> 00:08:44,279

long-awaited sequel to Tim Burton's 1988

151

00:08:51,710 --> 00:08:47,220

Masterpiece is set to be released in

152

00:08:54,190 --> 00:08:51,720

September of 2024. all of this confirmed

153

00:08:59,269 --> 00:08:54,200

by Warner Brothers Pictures

154

00:09:01,610 --> 00:08:59,279

now the new film is said to be uh

155

00:09:04,430 --> 00:09:01,620

featuring The Return of original Stars

156

00:09:08,150 --> 00:09:04,440

Michael Keaton and Winona Ryder as well

157

00:09:09,850 --> 00:09:08,160

as the addition of Wednesday and Scream

158

00:09:14,870 --> 00:09:09,860

4 star

159

00:09:16,370 --> 00:09:14,880

Jenna Ortega now I will keep you posted

160

00:09:17,690 --> 00:09:16,380

on all of this that's some of the

161

00:09:21,290 --> 00:09:17,700

biggest news of the year right there

162

00:09:24,470 --> 00:09:21,300

Fade to Black breaking news this is all

163

00:09:28,389 --> 00:09:24,480

of the news that you need for Tuesday or

164

00:09:31,370 --> 00:09:28,399

Wednesday or Wednesday Wednesday May 10

165

00:09:34,190 --> 00:09:31,380

2023 Fade to Black breaking news is

166

00:09:35,210 --> 00:09:34,200

produced by Renee Newman I am Jimmy

167

00:09:40,200 --> 00:09:35,220

Church

168
