

FADE TO BLACK

with **JIMMY CHURCH**
PRESENTS

BREAKING NEWS

Wed May 17, 2023 **LIVE**

1
00:00:25,310 --> 00:00:13,170
foreign

2
00:00:25,320 --> 00:00:39,549
[Music]

3
00:00:46,910 --> 00:00:42,290
Fade to Black breaking news for this

4
00:00:49,310 --> 00:00:46,920
Wednesday May 17 2023 this is all of the

5
00:00:52,069 --> 00:00:49,320
news that you need I am Jimmy Church

6
00:00:56,869 --> 00:00:52,079
let's get straight to it on this day in

7
00:01:00,529 --> 00:00:56,879
history 1900 L frank bombs the wonderful

8
00:01:03,590 --> 00:01:00,539
Wizard of Oz is published and then the

9
00:01:06,890 --> 00:01:03,600
1939 film adaptation became one of the

10
00:01:10,810 --> 00:01:06,900
most beloved movies in American Cinema

11
00:01:13,750 --> 00:01:10,820
all of it kicked off on this day in

12
00:01:17,570 --> 00:01:13,760
1900. here's your fader fact

13
00:01:20,330 --> 00:01:17,580

anteaters eat 35

14

00:01:23,450 --> 00:01:20,340

000 ants a day

15

00:01:26,570 --> 00:01:23,460

seriously let's get to the breaking news

16

00:01:28,429 --> 00:01:26,580

Prince Harry and his wife Megan were

17

00:01:31,190 --> 00:01:28,439

involved in a chaotic car chase with

18

00:01:33,289 --> 00:01:31,200

Paparazzi in New York last night that

19

00:01:35,929 --> 00:01:33,299

could have resulted as they say in a

20

00:01:38,630 --> 00:01:35,939

catastrophic outcome they were pursued

21

00:01:41,630 --> 00:01:38,640

by photographers after leaving the women

22

00:01:44,289 --> 00:01:41,640

of vision awards at the city's zagfeld

23

00:01:47,870 --> 00:01:44,299

Ballroom in a convoy that also included

24

00:01:49,490 --> 00:01:47,880

Doria Ragland Megan's mother the couple

25

00:01:54,370 --> 00:01:49,500

were left shaken by the incident

26
00:01:58,429 --> 00:01:54,380
although ultimately no one was hurt wow

27
00:02:00,590 --> 00:01:58,439
oh covert last night I got three emails

28
00:02:02,510 --> 00:02:00,600
and a couple of texts uh from people

29
00:02:04,910 --> 00:02:02,520
talking about this that's because

30
00:02:07,990 --> 00:02:04,920
yesterday a covert Sunspot partially

31
00:02:10,330 --> 00:02:08,000
hidden behind the sun's Southeast limb

32
00:02:14,510 --> 00:02:10,340
Unleashed a powerful

33
00:02:18,589 --> 00:02:14,520
m.96 class solar flare yesterday at 12

34
00:02:21,110 --> 00:02:18,599
43 p.m eastern time though the Sunspot

35
00:02:23,210 --> 00:02:21,120
wasn't facing Earth the effects of the

36
00:02:24,890 --> 00:02:23,220
eruption were felt as the radiation from

37
00:02:26,869 --> 00:02:24,900
the event triggered a moderate radio

38
00:02:30,410 --> 00:02:26,879

blackout over parts of North America

39

00:02:32,570 --> 00:02:30,420

Central America and South America all of

40

00:02:35,330 --> 00:02:32,580

this according to noaa's space weather

41

00:02:38,330 --> 00:02:35,340

prediction center due to the sun's

42

00:02:41,270 --> 00:02:38,340

rotation the secretive Sunspot will soon

43

00:02:46,070 --> 00:02:41,280

come into Earth view and by this weekend

44

00:02:48,229 --> 00:02:46,080

it will be directly facing us

45

00:02:51,050 --> 00:02:48,239

I'm gonna leave that right there the

46

00:02:52,729 --> 00:02:51,060

world is now likely to breach a key

47

00:02:55,250 --> 00:02:52,739

climate threshold for the first time

48

00:02:57,309 --> 00:02:55,260

within the next five years according to

49

00:03:00,410 --> 00:02:57,319

the world media law

50

00:03:02,570 --> 00:03:00,420

immediological association due to a

51
00:03:05,809 --> 00:03:02,580
combination of heat trapping pollution

52
00:03:07,670 --> 00:03:05,819
and a looming El Nino global

53
00:03:10,369 --> 00:03:07,680
temperatures have soared in recent years

54
00:03:13,550 --> 00:03:10,379
as the world continues to burn Planet

55
00:03:16,490 --> 00:03:13,560
warming fossil fuels like coal oil and

56
00:03:19,670 --> 00:03:16,500
gas and that Trend shows no sign of

57
00:03:24,070 --> 00:03:19,680
slowing in its annual climate update the

58
00:03:28,070 --> 00:03:24,080
wmo said that between 2023 and

59
00:03:30,589 --> 00:03:28,080
2027 there is now a 66 percent chance

60
00:03:33,110 --> 00:03:30,599
that the planet's temperature will climb

61
00:03:34,509 --> 00:03:33,120
above one and a half degrees Celsius of

62
00:03:38,270 --> 00:03:34,519
warming above

63
00:03:41,649 --> 00:03:38,280

pre-industrial levels for at least one

64

00:03:44,570 --> 00:03:41,659

full year incredible

65

00:03:48,649 --> 00:03:44,580

archaeologists in Germany have Unearthed

66

00:03:50,809 --> 00:03:48,659

a stashed of grave stuff including a

67

00:03:54,190 --> 00:03:50,819

folded sword that may have been used in

68

00:03:58,009 --> 00:03:54,200

battle and an exceptionally good pair of

69

00:04:02,630 --> 00:03:58,019

left-handed scissors all of this in a 2

70

00:04:04,970 --> 00:04:02,640

300 year old Celtic cremation tomb based

71

00:04:07,070 --> 00:04:04,980

on a variety of artifacts which also

72

00:04:09,309 --> 00:04:07,080

include a portion of a shield a razor a

73

00:04:11,809 --> 00:04:09,319

clasp a belt chain and a spearhead

74

00:04:14,210 --> 00:04:11,819

researchers think that a man and a woman

75

00:04:17,689 --> 00:04:14,220

were buried there between the third

76
00:04:19,990 --> 00:04:17,699
Century BC and the second century BC the

77
00:04:22,730 --> 00:04:20,000
Celts who lived in Mainland Europe

78
00:04:25,430 --> 00:04:22,740
burned their dead and buried their

79
00:04:28,189 --> 00:04:25,440
remains in pits alongside their

80
00:04:30,469 --> 00:04:28,199
belongings an excavation team searching

81
00:04:34,430 --> 00:04:30,479
for explosive devices left over from

82
00:04:35,350 --> 00:04:34,440
World War II discovered the items by

83
00:04:37,749 --> 00:04:35,360
accident

84
00:04:40,189 --> 00:04:37,759
absolutely incredible

85
00:04:43,730 --> 00:04:40,199
astronomers want your help hunting for

86
00:04:45,530 --> 00:04:43,740
asteroids that's right anyone with an

87
00:04:48,170 --> 00:04:45,540
internet connection can now join the

88
00:04:50,390 --> 00:04:48,180

University of Arizona researchers as

89

00:04:53,090 --> 00:04:50,400

they venture to discover asteroids

90

00:04:55,430 --> 00:04:53,100

that's right hurtling through our solar

91

00:04:57,530 --> 00:04:55,440

system thanks to a new program launched

92

00:05:00,710 --> 00:04:57,540

by astronomers at the University of

93

00:05:05,210 --> 00:05:00,720

Arizona lunar and planetary planetary

94

00:05:06,950 --> 00:05:05,220

laboratory the part of this is funded by

95

00:05:09,770 --> 00:05:06,960

NASA and it's called the Catalina Sky

96

00:05:13,189 --> 00:05:09,780

survey the scientists created an online

97

00:05:15,590 --> 00:05:13,199

portal that opens their mission to the

98

00:05:17,650 --> 00:05:15,600

public for the first time and you can

99

00:05:20,270 --> 00:05:17,660

check out everything that is visiting

100

00:05:23,230 --> 00:05:20,280

Earth's neighborhood it's simple to do

101
00:05:27,430 --> 00:05:23,240

just go to

102
00:05:35,689 --> 00:05:32,390

z-o-o-n-i-v-e-r-s-e dot org astronomers

103
00:05:37,870 --> 00:05:35,699

have observed a radiation belt outside

104
00:05:41,029 --> 00:05:37,880

of our solar system for the first time

105
00:05:43,249 --> 00:05:41,039

Imaging high energy particles trapped by

106
00:05:46,370 --> 00:05:43,259

a magnetic field around an Ultra Cool

107
00:05:49,129 --> 00:05:46,380

dwarf star around 18 light years from

108
00:05:51,170 --> 00:05:49,139

Earth the new found radiation belt is

109
00:05:54,110 --> 00:05:51,180

double lobed just like the radiation

110
00:05:56,749 --> 00:05:54,120

belts that encircle Jupiter the largest

111
00:05:59,150 --> 00:05:56,759

planet in our solar system but if the

112
00:06:02,390 --> 00:05:59,160

dwarf stars radiation belt were placed

113
00:06:05,990 --> 00:06:02,400

next to that of Jupiter it would be 10

114

00:06:08,689 --> 00:06:06,000

million times brighter the radiation is

115

00:06:11,749 --> 00:06:08,699

in the form of persistent intense radio

116

00:06:14,390 --> 00:06:11,759

emissions Imaging reveal the presence of

117

00:06:16,310 --> 00:06:14,400

a cloud of energy electrons trapped in

118

00:06:18,830 --> 00:06:16,320

the magnetic field of the dwarf star

119

00:06:21,430 --> 00:06:18,840

which is known as just so you can look

120

00:06:25,550 --> 00:06:21,440

it up LSR

121

00:06:28,790 --> 00:06:25,560

j1835 Plus 3259

122

00:06:31,610 --> 00:06:28,800

now I'm Gonna Leave You with this for

123

00:06:34,370 --> 00:06:31,620

the sixth year in a row

124

00:06:36,350 --> 00:06:34,380

Finland is the world's happiest country

125

00:06:39,290 --> 00:06:36,360

all of this according to the world

126
00:06:42,529 --> 00:06:39,300
happiness report rankings based largely

127
00:06:45,409 --> 00:06:42,539
on life evaluations from the Gallup

128
00:06:48,170 --> 00:06:45,419
World Poll the Nordic country and its

129
00:06:51,230 --> 00:06:48,180
neighbors Denmark Iceland Sweden and

130
00:06:53,629 --> 00:06:51,240
Norway all score very well in the

131
00:06:57,230 --> 00:06:53,639
measures the report uses to explain its

132
00:07:00,850 --> 00:06:57,240
findings healthy life right GDP per

133
00:07:03,350 --> 00:07:00,860
capita social support low corruption

134
00:07:06,950 --> 00:07:03,360
generosity in a community where people

135
00:07:09,770 --> 00:07:06,960
looked after each other and freedom to

136
00:07:11,749 --> 00:07:09,780
make key life decisions

137
00:07:13,490 --> 00:07:11,759
so there you go there's all the Fade to

138
00:07:15,670 --> 00:07:13,500

Black breaking news that you need for

139

00:07:18,830 --> 00:07:15,680

this Wednesday May 17

140

00:07:20,809 --> 00:07:18,840

2023 Fade to Black breaking news is

141

00:07:26,490 --> 00:07:20,819

produced by Renee Newman I'm Jimmy
