foreign

2
00:00:20,770 --> 00:00:38,229
[Music]

3
00:00:43,069 --> 00:00:40,850
Air Forces has announced that applying

4
00:00:44,690 --> 00:00:43,079
disc has been found and is now in the

5
00:00:49,069 --> 00:00:44,700
possession of the army

6
00:00:52,430 --> 00:00:49,079
game is rigged change the game changer

7
00:00:56,270 --> 00:00:52,440
I occasionally think how quickly our

8
00:00:58,850 --> 00:00:56,280
differences worldwide would vanish if we

9
00:00:59,850 --> 00:00:58,860
were facing an alien threat from outside

10
00:01:01,660 --> 00:00:59,860
this work

11
00:01:04,090 --> 00:01:01,670

13
00:01:09,950 --> 00:01:07,080

this is Fade to Black with your host

14
00:01:10,620 --> 00:01:09,960
Jimmy Church on the game changer Radio

15
00:01:14,270 --> 00:01:10,630
Network

16
00:01:17,810 --> 00:01:14,280
[Music]

17
00:01:21,109 --> 00:01:17,820
good evening Fade to Black today is

18
00:01:22,670 --> 00:01:21,119
Thursday May 18 2023 I'm your host Jimmy

19
00:01:25,429 --> 00:01:22,680
church and tonight

20
00:01:27,890 --> 00:01:25,439
very special show Dr Bruce Cornett is

21
00:01:30,609 --> 00:01:27,900
with us for the first time and tonight

22
00:01:35,090 --> 00:01:30,619
we're going to be talking about ice ages

23
00:01:36,649 --> 00:01:35,100
in ancient pyramids and this is going to

24
00:01:39,469 --> 00:01:36,659
be an interesting conversation tonight

25
00:01:41,630 --> 00:01:39,479
he received his ba degree in biology and

26

00:01:43,670 --> 00:01:41,640

a master's degree in Paley and botany

27

00:01:46,550 --> 00:01:43,680

from the University of Connecticut he

28

00:01:50,230 --> 00:01:46,560

graduated from Penn State in 1977 with a

29

00:01:52,490 --> 00:01:50,240

PhD in geology and

30

00:01:54,289 --> 00:01:52,500

pollinology I don't even know what that

31

00:01:56,510 --> 00:01:54,299

is what's pollinology tonight we're

32

00:01:58,850 --> 00:01:56,520

going to find out his websites and all

33

00:02:01,850 --> 00:01:58,860

of his published works are below and

34

00:02:03,350 --> 00:02:01,860

over on our website and I would like to

35

00:02:05,510 --> 00:02:03,360

welcome for the first time to fade to

36

00:02:08,330 --> 00:02:05,520

black Dr Bruce Cornett and he's right

37

00:02:10,669 --> 00:02:08,340

there Bruce how are you this evening I'm

38

00:02:13,190 --> 00:02:10,679

fine Jimmy thank you

39

00:02:14,990 --> 00:02:13,200

um pelonology is the study of fossil

40

00:02:18,530 --> 00:02:15,000

spores in pollen

41

00:02:21,710 --> 00:02:18,540

if somebody's got to do it well they

42

00:02:22,729 --> 00:02:21,720

they are well preserved in rocks sure

43

00:02:25,070 --> 00:02:22,739

and

44

00:02:27,650 --> 00:02:25,080

um all the plants that have existed for

45

00:02:29,270 --> 00:02:27,660

the last uh 400 million years have

46

00:02:32,330 --> 00:02:29,280

produced different types of spores in

47

00:02:34,550 --> 00:02:32,340

pollen so you can determine the age uh

48

00:02:37,790 --> 00:02:34,560

by extracting the pollen and spores from

49

00:02:40,150 --> 00:02:37,800

the rocks of uh and then comparing them

50

00:02:42,650 --> 00:02:40,160

with the standard just like tree wings

51
00:02:46,250 --> 00:02:42,660
and that's what I did when I worked in

52
00:02:47,570 --> 00:02:46,260
the oil industry for 11 years I was a

53
00:02:49,850 --> 00:02:47,580
palinologist looking through a

54
00:02:51,949 --> 00:02:49,860
microscope they would give me the slides

55
00:02:54,229 --> 00:02:51,959
I would tell them what age they're

56
00:02:57,050 --> 00:02:54,239
Drilling in wow wow I already learned

57
00:02:59,390 --> 00:02:57,060
something okay before we get started uh

58
00:03:01,610 --> 00:02:59,400
uh Bruce you get the First Time guest

59
00:03:02,869 --> 00:03:01,620
disclaimer okay next time you're on the

60
00:03:05,390 --> 00:03:02,879
show you don't get it but you get it

61
00:03:07,910 --> 00:03:05,400
tonight and here it is it's just you and

62
00:03:09,110 --> 00:03:07,920
I having a conversation on my couch as

63
00:03:11,030 --> 00:03:09,120

friends and where that conversation

64

00:03:13,009 --> 00:03:11,040

starts it starts where it ends it ends

65

00:03:17,509 --> 00:03:13,019

but we're gonna end his friends there

66

00:03:19,910 --> 00:03:17,519

you go agree click right agree okay good

67

00:03:22,250 --> 00:03:19,920

good so pollinology

68

00:03:26,229 --> 00:03:22,260

um are you one of those guys and I love

69

00:03:31,309 --> 00:03:26,239

this right or gals that can walk up to

70

00:03:33,470 --> 00:03:31,319

uh the side of a canyon wall and go okay

71

00:03:35,270 --> 00:03:33,480

yeah okay that's 300 million years ago

72

00:03:37,550 --> 00:03:35,280

that's about 150 million this is what's

73

00:03:41,089 --> 00:03:37,560

going on are you one of those guys that

74

00:03:44,030 --> 00:03:41,099

that can date like that yes that's it's

75

00:03:47,330 --> 00:03:44,040

always impressed me in fact I was able

76

00:03:49,850 --> 00:03:47,340

to uh show that the rocks in basins up

77

00:03:53,149 --> 00:03:49,860

and down the East Coast that formed when

78

00:03:56,869 --> 00:03:53,159

Africa and North America broke apart

79

00:03:59,990 --> 00:03:56,879

um uh 200 million years ago that right

80

00:04:03,589 --> 00:04:00,000

when the Atlantic Ocean began to form uh

81

00:04:05,869 --> 00:04:03,599

those rocks extend into the Jurassic up

82

00:04:08,630 --> 00:04:05,879

until my work they had been thought to

83

00:04:11,809 --> 00:04:08,640

be just late Triassic or older than 200

84

00:04:15,649 --> 00:04:11,819

million years and I showed that they uh

85

00:04:18,890 --> 00:04:15,659

the ones on the top are equal to the of

86

00:04:20,390 --> 00:04:18,900

oceanic basalts that were forming in the

87

00:04:24,050 --> 00:04:20,400

proto-atlantic ocean

88

00:04:26,469 --> 00:04:24,060

so this the USGS had to go and redo all

89

00:04:29,870 --> 00:04:26,479

their Maps because of me

90

00:04:33,469 --> 00:04:29,880

you know when I was a kid

91

00:04:36,409 --> 00:04:33,479

um this is what happened uh uh eighth

92

00:04:38,990 --> 00:04:36,419

grade uh Indianapolis I'm taking Indiana

93

00:04:42,170 --> 00:04:39,000

history right required right eighth

94

00:04:43,850 --> 00:04:42,180

grade and and the teacher said this to

95

00:04:45,890 --> 00:04:43,860

us and we're going to be talking a lot

96

00:04:47,629 --> 00:04:45,900

about this tonight but this is what

97

00:04:49,790 --> 00:04:47,639

happened I can't remember his name I

98

00:04:52,730 --> 00:04:49,800

wish I remember his name and anyway

99

00:04:54,830 --> 00:04:52,740

had him for a semester he says these

100

00:04:56,810 --> 00:04:54,840

words he goes

101
00:05:01,670 --> 00:04:56,820
Indiana

102
00:05:05,330 --> 00:05:01,680
is half flat half Hills that's because

103
00:05:07,850 --> 00:05:05,340
we were under a mile of ice and the

104
00:05:13,450 --> 00:05:07,860
glacier came down and flattened

105
00:05:18,710 --> 00:05:13,460
everything out and and I went uh what

106
00:05:21,590 --> 00:05:18,720
and I uh thought about this and and

107
00:05:25,670 --> 00:05:21,600
looked above me and thought about a mile

108
00:05:28,810 --> 00:05:25,680
of ice and leveling out

109
00:05:30,950 --> 00:05:28,820
um you know Indiana and I have never

110
00:05:33,290 --> 00:05:30,960
forgotten that

111
00:05:35,870 --> 00:05:33,300
and it was just one of those things it

112
00:05:37,610 --> 00:05:35,880
was a teacher that said something that

113
00:05:41,090 --> 00:05:37,620

changed my life I don't think I don't

114

00:05:44,689 --> 00:05:41,100

think teachers understand uh fully who

115

00:05:46,909 --> 00:05:44,699

absorbs what and who gets changed but I

116

00:05:49,310 --> 00:05:46,919

never forgot that and that's exactly the

117

00:05:51,770 --> 00:05:49,320

situation in North America and around

118

00:05:54,290 --> 00:05:51,780

the world right right I grew up in

119

00:05:57,469 --> 00:05:54,300

Connecticut and went to college in New

120

00:05:59,810 --> 00:05:57,479

Jersey and uh Pennsylvania

121

00:06:02,270 --> 00:05:59,820

um and so I was I'm very familiar with

122

00:06:04,550 --> 00:06:02,280

all of the glacial terrain the glacial

123

00:06:07,070 --> 00:06:04,560

marines that were left behind at the

124

00:06:08,950 --> 00:06:07,080

edge of the ice sheets that came down

125

00:06:10,610 --> 00:06:08,960

from the North Pole

126
00:06:15,110 --> 00:06:10,620
and

127
00:06:17,090 --> 00:06:15,120
about this lately

128
00:06:19,850 --> 00:06:17,100
um you know Graham Hancock and Randall

129
00:06:23,990 --> 00:06:19,860
Carlson and others have have talked

130
00:06:28,850 --> 00:06:24,000
about that uh you know that 11 000 BC 10

131
00:06:32,510 --> 00:06:28,860
500 BC uh end of the last ice age uh

132
00:06:35,210 --> 00:06:32,520
situation and the the world now is

133
00:06:39,110 --> 00:06:35,220
understanding more and more about this

134
00:06:43,070 --> 00:06:39,120
subject which is very important right

135
00:06:47,090 --> 00:06:43,080
yes how it all fits in and uh scientists

136
00:06:50,510 --> 00:06:47,100
are beginning to convince archaeologists

137
00:06:54,110 --> 00:06:50,520
um that mythology is not just make

138
00:06:55,790 --> 00:06:54,120

believe it is actually history in the

139

00:06:57,350 --> 00:06:55,800

making and

140

00:06:59,689 --> 00:06:57,360

um one of the things that I discovered

141

00:07:02,749 --> 00:06:59,699

that was part of this conversation

142

00:07:06,590 --> 00:07:02,759

is that the ancient Egyptians knew a lot

143

00:07:08,689 --> 00:07:06,600

about the last ice age and egyptologists

144

00:07:11,870 --> 00:07:08,699

won't can't accept that because they

145

00:07:15,950 --> 00:07:11,880

can't accept that the first dynasty is

146

00:07:19,790 --> 00:07:15,960

you know older than the 5 000 years and

147

00:07:22,790 --> 00:07:19,800

yet they have recorded in the Book of

148

00:07:23,830 --> 00:07:22,800

the Dead geologic and glacial

149

00:07:29,210 --> 00:07:23,840

information

150

00:07:32,089 --> 00:07:29,220

floods at the end of the last ice age

151
00:07:34,189 --> 00:07:32,099
how is it possible that the Egyptians

152
00:07:35,749 --> 00:07:34,199
would have known that there were three

153
00:07:38,990 --> 00:07:35,759
great floods

154
00:07:41,450 --> 00:07:39,000
at the end of the Meltdown as Graham

155
00:07:45,230 --> 00:07:41,460
Hancock likes to say in his book

156
00:07:47,390 --> 00:07:45,240
underworld and he found scientists who

157
00:07:51,409 --> 00:07:47,400
dated the

158
00:07:56,629 --> 00:07:51,419
drowning of coral reefs and they'd

159
00:07:59,089 --> 00:07:56,639
carbon 14 dated them at 14.2 thousand

160
00:08:01,309 --> 00:07:59,099
eleven point five thousand and seven

161
00:08:02,570 --> 00:08:01,319
point six thousand years ago

162
00:08:07,430 --> 00:08:02,580
and

163
00:08:11,510 --> 00:08:07,440

discovered a graph in the Book of the

164

00:08:15,170 --> 00:08:11,520

Dead that the Egyptians Drew uh showing

165

00:08:16,850 --> 00:08:15,180

all of those three major floods people

166

00:08:18,950 --> 00:08:16,860

think that there was only one great

167

00:08:20,990 --> 00:08:18,960

flood or maybe two great floods but

168

00:08:23,450 --> 00:08:21,000

they're really three great floods and

169

00:08:26,150 --> 00:08:23,460

the Egyptians knew about them

170

00:08:29,510 --> 00:08:26,160

and in this graph that they generated

171

00:08:31,850 --> 00:08:29,520

which is quite spectacular because it

172

00:08:36,110 --> 00:08:31,860

shows the intensity of the graph in on a

173

00:08:39,050 --> 00:08:36,120

bar graph of the extent of them and they

174

00:08:43,070 --> 00:08:39,060

show Drew boats on top of the largest

175

00:08:45,670 --> 00:08:43,080

two uh Mega tsunamis or floods uh the

176

00:08:49,190 --> 00:08:45,680

central one was the longest one at 11

177

00:08:52,550 --> 00:08:49,200

500 with a huge boat on top of it with

178

00:08:55,490 --> 00:08:52,560

ropes being pulled by people on land and

179

00:08:58,130 --> 00:08:55,500

then you have the bottom one at seven

180

00:09:01,070 --> 00:08:58,140

thousand six hundred with a smaller boat

181

00:09:04,370 --> 00:09:01,080

with ropes uh being pulled by people on

182

00:09:07,550 --> 00:09:04,380

land and it is in a graph that is called

183

00:09:08,870 --> 00:09:07,560

The Descent of Osiris into the

184

00:09:10,370 --> 00:09:08,880

underworld

185

00:09:12,590 --> 00:09:10,380

and

186

00:09:15,410 --> 00:09:12,600

the egyptologists say it's just

187

00:09:17,509 --> 00:09:15,420

mythology no it's actually a graph of

188

00:09:21,470 --> 00:09:17,519

the end of the last ice age what

189

00:09:26,630 --> 00:09:21,480

happened uh and during the Meltdown and

190

00:09:30,410 --> 00:09:26,640

there is a a casket of Osiris sliding

191

00:09:32,930 --> 00:09:30,420

down a slope that goes from upper left

192

00:09:35,210 --> 00:09:32,940

to lower right in the diagram and when

193

00:09:38,630 --> 00:09:35,220

it reaches the

194

00:09:41,150 --> 00:09:38,640

point of the uh the flood

195

00:09:43,550 --> 00:09:41,160

it flattens out and then continues to

196

00:09:47,710 --> 00:09:43,560

descend further to the next flood it

197

00:09:51,230 --> 00:09:47,720

flattens out then it continues to

198

00:09:53,110 --> 00:09:51,240

descend to the bottom of the graph why

199

00:09:56,630 --> 00:09:53,120

did it flatten out at each of those

200

00:09:58,910 --> 00:09:56,640

points where there was a mega tsunami

201
00:10:02,410 --> 00:09:58,920
that they are indicating a major flood

202
00:10:06,110 --> 00:10:02,420
and that was what I got involved in and

203
00:10:09,170 --> 00:10:06,120
I discovered when the first evidence of

204
00:10:13,070 --> 00:10:09,180
Gobekli tapi came out that they were

205
00:10:16,490 --> 00:10:13,080
actually mapping and and charging the

206
00:10:19,370 --> 00:10:16,500
decrease in the uh the Earth's rotation

207
00:10:21,470 --> 00:10:19,380
at the end of the last ice age because

208
00:10:24,230 --> 00:10:21,480
during the Ice Age

209
00:10:26,870 --> 00:10:24,240
ages each of them the ice agents were

210
00:10:29,389 --> 00:10:26,880
100 approximately 108 000 years in

211
00:10:32,630 --> 00:10:29,399
duration and the interglacials between

212
00:10:35,050 --> 00:10:32,640
they are approximately 21 600 years in

213
00:10:37,730 --> 00:10:35,060

duration we're in the Holocene

214

00:10:40,009 --> 00:10:37,740

interglacial the previous interglacial

215

00:10:42,170 --> 00:10:40,019

was called the sanghamonian here in

216

00:10:44,569 --> 00:10:42,180

North America and in Europe it's called

217

00:10:46,730 --> 00:10:44,579

the emien and

218

00:10:48,889 --> 00:10:46,740

what is significant is that these

219

00:10:52,069 --> 00:10:48,899

alternate interglacial glacial

220

00:10:53,690 --> 00:10:52,079

interglacial glacial going back uh more

221

00:10:57,290 --> 00:10:53,700

than two million years

222

00:11:00,050 --> 00:10:57,300

and so what what is different about this

223

00:11:04,069 --> 00:11:00,060

uh back in the late

224

00:11:06,650 --> 00:11:04,079

um well actually 1990 to 94 I was

225

00:11:08,750 --> 00:11:06,660

involved in a coring project in the

226

00:11:11,509 --> 00:11:08,760

Newark Basin drilling into one of these

227

00:11:12,530 --> 00:11:11,519

Rift basins that I had age dated for my

228

00:11:16,490 --> 00:11:12,540

thesis

229

00:11:20,630 --> 00:11:16,500

and we recovered 28 000 feet of core

230

00:11:22,550 --> 00:11:20,640

from Seven Wells and my job as a

231

00:11:25,490 --> 00:11:22,560

well-side geologist was describe every

232

00:11:28,069 --> 00:11:25,500

inch of those cores so I got to see all

233

00:11:31,190 --> 00:11:28,079

of the climate cycles that we recovered

234

00:11:34,130 --> 00:11:31,200

from those cores and they showed that

235

00:11:37,069 --> 00:11:34,140

the Earth back then had at least five

236

00:11:39,470 --> 00:11:37,079

separate overlapping cycles of

237

00:11:41,870 --> 00:11:39,480

approximately twenty one thousand a

238

00:11:43,670 --> 00:11:41,880

hundred and five thousand uh and then

239

00:11:46,970 --> 00:11:43,680

four hundred thousand four hundred and

240

00:11:50,150 --> 00:11:46,980

twenty thousand years in duration and uh

241

00:11:53,269 --> 00:11:50,160

you multiply 21 000 by five and you get

242

00:11:57,050 --> 00:11:53,279

the uh 105 000 year cycle you multiply

243

00:12:00,110 --> 00:11:57,060

that by the uh four and you get the 420

244

00:12:02,690 --> 00:12:00,120

000 years so it was a very regular types

245

00:12:04,190 --> 00:12:02,700

of climate Cycles caused by the

246

00:12:06,650 --> 00:12:04,200

different planets in our solar system

247

00:12:08,870 --> 00:12:06,660

that affected the shape of the Earth's

248

00:12:11,449 --> 00:12:08,880

orbit and therefore its distance from

249

00:12:14,509 --> 00:12:11,459

the Sun and an amount of insulation

250

00:12:16,370 --> 00:12:14,519

versus cool that the Earth got over

251
00:12:19,670 --> 00:12:16,380
those periods of time

252
00:12:23,269 --> 00:12:19,680
and but that's not what happens when you

253
00:12:27,710 --> 00:12:23,279
get into Ice Age the Ice Age cycles of

254
00:12:30,110 --> 00:12:27,720
108 000 21 600 alternate and over print

255
00:12:31,850 --> 00:12:30,120
on those other Cycles which are still

256
00:12:36,350 --> 00:12:31,860
detectable

257
00:12:38,630 --> 00:12:36,360
um in the uh in sediments so I wanted to

258
00:12:41,269 --> 00:12:38,640
know what happened and why did the Ice

259
00:12:41,990 --> 00:12:41,279
Age form and

260
00:12:45,230 --> 00:12:42,000
um

261
00:12:46,550 --> 00:12:45,240
why do the Isis advance and I came to

262
00:12:49,490 --> 00:12:46,560
Discovery

263
00:12:54,590 --> 00:12:49,500

that the Earth does not rotate the way

264

00:12:55,610 --> 00:12:54,600

it does now today the Earth is fixed in

265

00:12:59,810 --> 00:12:55,620

position

266

00:13:01,250 --> 00:12:59,820

so that as it uh circles the sun it

267

00:13:04,670 --> 00:13:01,260

still is pointing the same direction

268

00:13:06,190 --> 00:13:04,680

thus giving us our four seasons

269

00:13:10,030 --> 00:13:06,200

uh you know

270

00:13:13,550 --> 00:13:10,040

spring summer winter and fall and winter

271

00:13:16,490 --> 00:13:13,560

uh and opposite opposition on the on the

272

00:13:19,310 --> 00:13:16,500

hemispheres of the Earth but during the

273

00:13:20,650 --> 00:13:19,320

Ice Age the Earth appears to have

274

00:13:24,829 --> 00:13:20,660

rotated

275

00:13:25,730 --> 00:13:24,839

uh one complete Revolution as it circled

276

00:13:28,250 --> 00:13:25,740

the Sun

277

00:13:31,190 --> 00:13:28,260

and how do I know this you know how how

278

00:13:32,750 --> 00:13:31,200

could I come to this possible uh crazy

279

00:13:36,110 --> 00:13:32,760

conclusion

280

00:13:39,530 --> 00:13:36,120

and it's because of the ice cap forming

281

00:13:40,970 --> 00:13:39,540

on the Northern North Pole and the South

282

00:13:44,329 --> 00:13:40,980

Pole

283

00:13:46,850 --> 00:13:44,339

um being bathed in Sun the ancient

284

00:13:50,030 --> 00:13:46,860

Egyptians recorded this in Hancock

285

00:13:52,610 --> 00:13:50,040

reports this in his uh footnotes he says

286

00:13:55,310 --> 00:13:52,620

that uh the ancient Egyptians say that

287

00:13:57,470 --> 00:13:55,320

at the South Pole or Antarctica which

288

00:13:59,990 --> 00:13:57,480

they went to

289

00:14:03,170 --> 00:14:00,000

um the Sun never set

290

00:14:04,670 --> 00:14:03,180

whereas at the North Pole the Sun never

291

00:14:07,129 --> 00:14:04,680

Rose

292

00:14:09,069 --> 00:14:07,139

how is this possible it's not possible

293

00:14:12,710 --> 00:14:09,079

well I mean no well

294

00:14:14,629 --> 00:14:12,720

it it is entirely possible but the only

295

00:14:17,569 --> 00:14:14,639

way that they could say that

296

00:14:20,150 --> 00:14:17,579

is if they visited and I think that the

297

00:14:22,069 --> 00:14:20,160

the and and saw for themselves and

298

00:14:24,590 --> 00:14:22,079

recorded it this is not science fiction

299

00:14:28,670 --> 00:14:24,600

this wasn't dreamed up and and recorded

300

00:14:30,290 --> 00:14:28,680

but but there's also when we go back to

301
00:14:32,210 --> 00:14:30,300
uh we're gonna Circle back to go back

302
00:14:33,250 --> 00:14:32,220
litepi by the way it's a very important

303
00:14:37,490 --> 00:14:33,260
point

304
00:14:40,310 --> 00:14:37,500
the the evidence of trans-oceanic

305
00:14:41,930 --> 00:14:40,320
cultures mapping the world multiple

306
00:14:44,509 --> 00:14:41,940
times

307
00:14:47,090 --> 00:14:44,519
um before the Russians officially air

308
00:14:50,030 --> 00:14:47,100
quotes right uh found Antarctica in

309
00:14:51,949 --> 00:14:50,040
1817. absolutely right the maps of the

310
00:14:54,829 --> 00:14:51,959
sea Kings absolutely they knew about

311
00:14:57,110 --> 00:14:54,839
Antarctica thousands of years ago they

312
00:14:59,870 --> 00:14:57,120
did they did and and those Maps were

313
00:15:03,470 --> 00:14:59,880

handed down and handed down and and when

314

00:15:05,569 --> 00:15:03,480

you tie all of this together uh back to

315

00:15:06,710 --> 00:15:05,579

the edfu building text that you referred

316

00:15:09,530 --> 00:15:06,720

to

317

00:15:12,710 --> 00:15:09,540

um in Egypt that's a 10 000 year

318

00:15:15,889 --> 00:15:12,720

timeline and at the beginning of that

319

00:15:17,750 --> 00:15:15,899

timeline uh going back uh from When It

320

00:15:21,590 --> 00:15:17,760

Was Written now it's pushing back to

321

00:15:24,230 --> 00:15:21,600

around 12 000 BC yes um and if you go

322

00:15:26,210 --> 00:15:24,240

back that far they are talking about you

323

00:15:29,269 --> 00:15:26,220

know it could be Antarctica uh it could

324

00:15:32,629 --> 00:15:29,279

be Atlantis uh no matter what they're

325

00:15:36,290 --> 00:15:32,639

talking about uh the the founders of

326

00:15:38,449 --> 00:15:36,300

Egypt it showing up then because of

327

00:15:41,930 --> 00:15:38,459

something catastrophic and and the flood

328

00:15:44,170 --> 00:15:41,940

that was uh uh you know caused them to

329

00:15:47,150 --> 00:15:44,180

leave for more ever they departed from

330

00:15:50,449 --> 00:15:47,160

this same thing repeated all around the

331

00:15:51,710 --> 00:15:50,459

world didn't it yes that graph that I

332

00:15:53,750 --> 00:15:51,720

mentioned from The Book of the Dead

333

00:15:56,210 --> 00:15:53,760

which is called The Descent of Osiris

334

00:15:58,610 --> 00:15:56,220

into the underworld

335

00:16:00,410 --> 00:15:58,620

um nobody it's been in in various books

336

00:16:02,990 --> 00:16:00,420

they've been published but nobody's

337

00:16:06,230 --> 00:16:03,000

really explained it until I saw it and I

338

00:16:09,530 --> 00:16:06,240

realized that that line that the coffin

339

00:16:13,250 --> 00:16:09,540

Osiris coffin is sliding down represent

340

00:16:16,069 --> 00:16:13,260

the rate of rotation of the Earth on its

341

00:16:17,990 --> 00:16:16,079

orbital axis now some people have a

342

00:16:20,810 --> 00:16:18,000

difficult time understanding that the

343

00:16:22,069 --> 00:16:20,820

Earth rotates on two separate axes at

344

00:16:25,069 --> 00:16:22,079

the same time

345

00:16:26,689 --> 00:16:25,079

uh the solar axis is the one that gives

346

00:16:29,449 --> 00:16:26,699

us day and night

347

00:16:31,310 --> 00:16:29,459

but the orbital axis the vertical axis

348

00:16:33,170 --> 00:16:31,320

is the one that gives us the procession

349

00:16:35,569 --> 00:16:33,180

of the equinox

350

00:16:38,509 --> 00:16:35,579

and

351

00:16:41,810 --> 00:16:38,519

what I discovered is that the Earth was

352

00:16:44,269 --> 00:16:41,820

rotating uh one complete turn on its

353

00:16:46,730 --> 00:16:44,279

orbital axis during an ice age

354

00:16:49,910 --> 00:16:46,740

such that it kept its South Pole

355

00:16:52,730 --> 00:16:49,920

pointing inside the Earth's orbit and

356

00:16:54,350 --> 00:16:52,740

its North Pole outside the Earth's orbit

357

00:16:57,769 --> 00:16:54,360

as it rotated

358

00:17:00,110 --> 00:16:57,779

now you think about that if the North

359

00:17:02,329 --> 00:17:00,120

Pole was always further away from the

360

00:17:04,669 --> 00:17:02,339

Sun than the South Pole

361

00:17:06,590 --> 00:17:04,679

the North Pole would not have any light

362

00:17:09,890 --> 00:17:06,600

because the sun would never rise there

363

00:17:12,590 --> 00:17:09,900

and the ice cap would grow and grow and

364

00:17:15,650 --> 00:17:12,600

grow whereas the South Pole pointing

365

00:17:18,650 --> 00:17:15,660

inside the Earth's orbit would never see

366

00:17:21,829 --> 00:17:18,660

the sun set completely and it would have

367

00:17:25,010 --> 00:17:21,839

uh very little ice left by the end of

368

00:17:27,409 --> 00:17:25,020

the Ice Age although we know that

369

00:17:29,750 --> 00:17:27,419

Greenland preserved its ice during our

370

00:17:32,270 --> 00:17:29,760

current Holocene interglacial because

371

00:17:36,770 --> 00:17:32,280

they were able to core that and recover

372

00:17:40,730 --> 00:17:36,780

800 000 years of of ice cycles

373

00:17:43,130 --> 00:17:40,740

and both at Greenland and Antarctica

374

00:17:45,770 --> 00:17:43,140

and that's quite amazing and it's

375

00:17:47,570 --> 00:17:45,780

through that knowledge and that

376

00:17:50,330 --> 00:17:47,580

scientific data

377

00:17:53,330 --> 00:17:50,340

that we I can tell you that the the

378

00:17:54,529 --> 00:17:53,340

glaciers have repeated over and over and

379

00:17:57,470 --> 00:17:54,539

over again

380

00:18:01,010 --> 00:17:57,480

so what is causing the floods

381

00:18:03,830 --> 00:18:01,020

well okay now I I I'm gonna we're gonna

382

00:18:06,049 --> 00:18:03,840

Circle back to that because

383

00:18:08,390 --> 00:18:06,059

it all ties together doesn't it okay so

384

00:18:11,270 --> 00:18:08,400

we're uh we're gonna Circle back if we

385

00:18:14,750 --> 00:18:11,280

go to go back Lee Tepe now

386

00:18:17,510 --> 00:18:14,760

um again the same date is popping up

387

00:18:20,210 --> 00:18:17,520

um I I think go back Lee Tepe and the

388

00:18:23,570 --> 00:18:20,220

other uh megalithic sites are on there I

389

00:18:25,130 --> 00:18:23,580

think are gonna uh show a a long process

390

00:18:27,289 --> 00:18:25,140

of building I think it's going to be

391

00:18:29,169 --> 00:18:27,299

thousands of years older which is even

392

00:18:32,570 --> 00:18:29,179

more exciting but if we stay right there

393

00:18:34,669 --> 00:18:32,580

ten thousand five hundred BC that is the

394

00:18:37,789 --> 00:18:34,679

end of the last ice age and they

395

00:18:41,270 --> 00:18:37,799

deliberately buried Gobekli Tepe and

396

00:18:44,930 --> 00:18:41,280

abandoned the site and never returned do

397

00:18:46,549 --> 00:18:44,940

you do you think again it's all the same

398

00:18:48,710 --> 00:18:46,559

dates you know from different cultures

399

00:18:49,970 --> 00:18:48,720

around the world but do you think that

400

00:18:53,270 --> 00:18:49,980

they knew

401
00:18:55,010 --> 00:18:53,280
right the Builders of Gobekli Tepe knew

402
00:18:56,090 --> 00:18:55,020
that something catastrophic was on the

403
00:18:59,750 --> 00:18:56,100
horizon

404
00:19:03,230 --> 00:18:59,760
I think so but more importantly uh their

405
00:19:06,409 --> 00:19:03,240
world was changing radically at as the

406
00:19:09,230 --> 00:19:06,419
Earth began to slow down before it began

407
00:19:10,909 --> 00:19:09,240
to slow down uh you could look up at the

408
00:19:12,110 --> 00:19:10,919
sky and see what constellation was

409
00:19:14,330 --> 00:19:12,120
overhead

410
00:19:17,270 --> 00:19:14,340
and because the Earth rotated 360

411
00:19:20,690 --> 00:19:17,280
degrees on its orbit uh you could tell

412
00:19:23,150 --> 00:19:20,700
uh what time of year it was and based on

413
00:19:26,210 --> 00:19:23,160

the constellation that preceded the

414

00:19:28,850 --> 00:19:26,220

sunset and followed the Sun and preceded

415

00:19:30,710 --> 00:19:28,860

the sun rise and followed the sunset you

416

00:19:33,770 --> 00:19:30,720

could tell where you were on the globe

417

00:19:37,490 --> 00:19:33,780

it was basically a built-in natural uh

418

00:19:40,310 --> 00:19:37,500

Sextant that allowed the Egyptians to

419

00:19:41,930 --> 00:19:40,320

travel the oceans back then without the

420

00:19:44,330 --> 00:19:41,940

need of any technology

421

00:19:46,850 --> 00:19:44,340

they would know exactly where they were

422

00:19:50,450 --> 00:19:46,860

and

423

00:19:52,730 --> 00:19:50,460

what is important about Gobekli Tepe is

424

00:19:55,250 --> 00:19:52,740

when I looked at that for the the

425

00:19:57,590 --> 00:19:55,260

information then realized that they were

426
00:19:59,330 --> 00:19:57,600
building one Temple after another after

427
00:20:01,010 --> 00:19:59,340
another after another

428
00:20:03,230 --> 00:20:01,020
what do they need more than one Temple

429
00:20:04,310 --> 00:20:03,240
for if it was for religion purposes

430
00:20:06,590 --> 00:20:04,320
right

431
00:20:10,010 --> 00:20:06,600
so what were they measuring

432
00:20:12,350 --> 00:20:10,020
and um Andrew Collins says that they

433
00:20:14,890 --> 00:20:12,360
were measuring uh you know the the

434
00:20:17,390 --> 00:20:14,900
position of the star cygnus or the swan

435
00:20:19,850 --> 00:20:17,400
yeah and

436
00:20:21,289 --> 00:20:19,860
I think that's that's correct but more

437
00:20:23,930 --> 00:20:21,299
importantly

438
00:20:26,630 --> 00:20:23,940

why did they build a keep on building

439

00:20:29,270 --> 00:20:26,640

more circular observatories which I call

440

00:20:30,710 --> 00:20:29,280

them because they ran out of space in in

441

00:20:33,110 --> 00:20:30,720

the previous one and they didn't want to

442

00:20:36,590 --> 00:20:33,120

tear it back down it was a record of

443

00:20:38,690 --> 00:20:36,600

what they were tracking and let's say as

444

00:20:41,630 --> 00:20:38,700

the Earth began to slow down

445

00:20:43,310 --> 00:20:41,640

the year length for them the seasons

446

00:20:48,169 --> 00:20:43,320

would continue to shift

447

00:20:50,810 --> 00:20:48,179

so that they um would be spotting a a

448

00:20:54,770 --> 00:20:50,820

mountain peak uh in at a certain point

449

00:20:56,390 --> 00:20:54,780

and when it was opposite a a

450

00:20:59,210 --> 00:20:56,400

constellation they would know that

451
00:21:01,549 --> 00:20:59,220
they've gone One 360 degrees

452
00:21:04,669 --> 00:21:01,559
okay but if the Earth was slowing down

453
00:21:07,850 --> 00:21:04,679
in its rotation it would start to take

454
00:21:10,029 --> 00:21:07,860
longer and longer for that mountain to

455
00:21:13,250 --> 00:21:10,039
get in that position

456
00:21:16,970 --> 00:21:13,260
right right right right so what they

457
00:21:18,289 --> 00:21:16,980
were doing was they when they they had

458
00:21:20,409 --> 00:21:18,299
that alignment

459
00:21:23,510 --> 00:21:20,419
they would build a vertical column

460
00:21:26,210 --> 00:21:23,520
inside that Stone Circle

461
00:21:28,010 --> 00:21:26,220
representing where that mountain was and

462
00:21:30,110 --> 00:21:28,020
because why were they tracking that

463
00:21:32,630 --> 00:21:30,120

because it was the the seasons were

464

00:21:35,390 --> 00:21:32,640

changing so radically at that time that

465

00:21:37,130 --> 00:21:35,400

they had had to follow what was

466

00:21:38,810 --> 00:21:37,140

happening in the animals knew what was

467

00:21:42,350 --> 00:21:38,820

happening that's why they have animal

468

00:21:44,990 --> 00:21:42,360

carvings on all of those posts they had

469

00:21:47,450 --> 00:21:45,000

to know when the the herds would migrate

470

00:21:49,130 --> 00:21:47,460

because their food and their survival

471

00:21:51,529 --> 00:21:49,140

was dependent on it

472

00:21:54,169 --> 00:21:51,539

so that's what I think they were doing

473

00:21:56,810 --> 00:21:54,179

and when they ran out of room on two in

474

00:22:01,490 --> 00:21:56,820

circles one inside the other uh and I

475

00:22:05,270 --> 00:22:01,500

did a series of um uh used the circle as

476

00:22:06,890 --> 00:22:05,280

a compass and with radiating uh arms

477

00:22:10,430 --> 00:22:06,900

coming from the center through the

478

00:22:13,430 --> 00:22:10,440

various posts to see where they were

479

00:22:17,510 --> 00:22:13,440

pointing in it was a complete 360 degree

480

00:22:21,710 --> 00:22:17,520

circle that they were measuring as the

481

00:22:24,169 --> 00:22:21,720

Earth slowed down and I was able to map

482

00:22:27,529 --> 00:22:24,179

that for the first one and found out

483

00:22:29,029 --> 00:22:27,539

that it was actually Shifting the the

484

00:22:33,230 --> 00:22:29,039

time

485

00:22:36,890 --> 00:22:33,240

um so that you could knew that it it was

486

00:22:39,649 --> 00:22:36,900

um an increase in the length of the day

487

00:22:41,270 --> 00:22:39,659

for them or the time of year not so much

488

00:22:44,090 --> 00:22:41,280

the day because that's the solar axis

489

00:22:45,710 --> 00:22:44,100

but the length that it took the Earth to

490

00:22:48,190 --> 00:22:45,720

get it get around to the same Point

491

00:22:55,549 --> 00:22:51,590

around the Sun our solar year

492

00:22:58,370 --> 00:22:55,559

um can I uh can I freeze frame this for

493

00:23:00,470 --> 00:22:58,380

a second sure right there

494

00:23:04,909 --> 00:23:00,480

um the

495

00:23:08,090 --> 00:23:04,919

speed of the Slowdown did that affect uh

496

00:23:10,730 --> 00:23:08,100

the geology of the Earth was the surface

497

00:23:16,490 --> 00:23:10,740

of the Earth moving did it cause any

498

00:23:20,090 --> 00:23:16,500

tectonic uh motion no okay now that

499

00:23:23,270 --> 00:23:20,100

answers that if you were observing the

500

00:23:27,289 --> 00:23:23,280

stars during the Slowdown period would

501
00:23:29,690 --> 00:23:27,299
the stars appear to be erratic in place

502
00:23:33,289 --> 00:23:29,700
right but would they appear to be

503
00:23:35,810 --> 00:23:33,299
erratic with motion

504
00:23:37,730 --> 00:23:35,820
um probably not be well depends on the

505
00:23:39,590 --> 00:23:37,740
rate it would it took I was able to

506
00:23:41,630 --> 00:23:39,600
calculate it took seven thousand years

507
00:23:44,450 --> 00:23:41,640
for the earth to completely slow down

508
00:23:47,090 --> 00:23:44,460
and and the angular momentum on it I

509
00:23:50,149 --> 00:23:47,100
mean Earth is a huge mass and to slow it

510
00:23:52,669 --> 00:23:50,159
down from three you know spinning 360

511
00:23:56,149 --> 00:23:52,679
degrees down to not spinning at all

512
00:23:58,610 --> 00:23:56,159
takes a period of time the real question

513
00:24:01,310 --> 00:23:58,620

was what was slowing it down how was

514

00:24:04,430 --> 00:24:01,320

that mechanism working and I've figured

515

00:24:08,750 --> 00:24:04,440

that out and it's all right look yeah

516

00:24:12,190 --> 00:24:08,760

this is getting better and better okay

517

00:24:14,390 --> 00:24:12,200

um especially uh I think it was China

518

00:24:16,250 --> 00:24:14,400

that did a press release a couple of

519

00:24:19,669 --> 00:24:16,260

months ago that the Earth's core stopped

520

00:24:23,210 --> 00:24:19,679

spinning for uh for a minute um but

521

00:24:26,210 --> 00:24:23,220

there are some references in ancient

522

00:24:27,950 --> 00:24:26,220

texts from a few different cultures

523

00:24:31,370 --> 00:24:27,960

um around the world Egypt being one

524

00:24:34,450 --> 00:24:31,380

Sumer being another and others

525

00:24:37,430 --> 00:24:34,460

um around five to six thousand years ago

526

00:24:40,669 --> 00:24:37,440

uh where the stars were shaking in the

527

00:24:43,010 --> 00:24:40,679

sky and yes and I've always wondered

528

00:24:46,490 --> 00:24:43,020

what they what they were I mean the

529

00:24:49,669 --> 00:24:46,500

stars were obviously shaking it was seen

530

00:24:50,690 --> 00:24:49,679

uh around the world what was causing

531

00:25:01,310 --> 00:24:50,700

that

532

00:25:04,549 --> 00:25:01,320

okay now this is gonna try to hold your

533

00:25:07,070 --> 00:25:04,559

audience into let them understand what I

534

00:25:08,870 --> 00:25:07,080

was able to figure out but if the Earth

535

00:25:14,390 --> 00:25:08,880

is rotating

536

00:25:17,690 --> 00:25:14,400

uh as it's moving around in its orbit

537

00:25:21,350 --> 00:25:17,700

you're going to develop an oscillation

538

00:25:23,169 --> 00:25:21,360

because it's now free to move and the

539

00:25:26,870 --> 00:25:23,179

earth's core is

540

00:25:29,390 --> 00:25:26,880

not equal and not spherical it's oblong

541

00:25:30,890 --> 00:25:29,400

and there is more of the core on the

542

00:25:33,289 --> 00:25:30,900

southern hemisphere than the Northern

543

00:25:35,090 --> 00:25:33,299

Hemisphere that means that the southern

544

00:25:36,470 --> 00:25:35,100

hemisphere is going to be attracted to

545

00:25:39,289 --> 00:25:36,480

the sun more than the Northern

546

00:25:42,529 --> 00:25:39,299

Hemisphere and thus that is why the

547

00:25:44,750 --> 00:25:42,539

Earth during an ice age will rotate like

548

00:25:47,870 --> 00:25:44,760

the moon does around the earth because

549

00:25:51,830 --> 00:25:47,880

the Moon is has an eccentric core as

550

00:25:54,230 --> 00:25:51,840

well and it's always tracking Earth and

551
00:25:56,210 --> 00:25:54,240
thus you'll only see one side of the

552
00:25:58,970 --> 00:25:56,220
moon well during the Ice Age the same

553
00:26:01,669 --> 00:25:58,980
thing happened uh with the Earth around

554
00:26:03,710 --> 00:26:01,679
the Sun and you had no Seasons during

555
00:26:06,230 --> 00:26:03,720
the Ice Age which was very interesting

556
00:26:09,470 --> 00:26:06,240
you just had a huge northern ice cap

557
00:26:14,149 --> 00:26:09,480
growing and a southern ice cap shrinking

558
00:26:18,350 --> 00:26:14,159
but as the Earth was rotating around it

559
00:26:20,450 --> 00:26:18,360
took approximately uh five thousand and

560
00:26:24,950 --> 00:26:20,460
or 5100 years

561
00:26:27,649 --> 00:26:24,960
for the earth to oscillate back and

562
00:26:30,350 --> 00:26:27,659
forth on its orbital axis just a little

563
00:26:32,890 --> 00:26:30,360

bit in other words if it was moving

564

00:26:36,830 --> 00:26:32,900

in uh

565

00:26:39,110 --> 00:26:36,840

pointing the the South Pole not exactly

566

00:26:41,289 --> 00:26:39,120

at the Sun but a little bit off to the

567

00:26:44,810 --> 00:26:41,299

right or a little bit off to the left

568

00:26:46,490 --> 00:26:44,820

over a 5 000 year period

569

00:26:47,870 --> 00:26:46,500

what is that five thousand year period

570

00:26:50,870 --> 00:26:47,880

it's the um

571

00:26:53,810 --> 00:26:50,880

the Mayan long year they knew about this

572

00:26:57,289 --> 00:26:53,820

cycle okay and they knew that at the end

573

00:26:59,930 --> 00:26:57,299

of 2012 that uh they predicts that there

574

00:27:02,450 --> 00:26:59,940

was going to be a major Earth movements

575

00:27:04,370 --> 00:27:02,460

and sure enough there were in Indonesia

576
00:27:06,590 --> 00:27:04,380
and Japan

577
00:27:08,810 --> 00:27:06,600
um so we did have the events that

578
00:27:13,490 --> 00:27:08,820
happened that they were predicting or

579
00:27:17,570 --> 00:27:13,500
tracking and as the Earth oscillated in

580
00:27:20,450 --> 00:27:17,580
its rotation it as I said it took uh 5

581
00:27:22,850 --> 00:27:20,460
000 revolutions around before to get to

582
00:27:24,710 --> 00:27:22,860
one extreme and then to go back to the

583
00:27:28,370 --> 00:27:24,720
other direction a little bit just back

584
00:27:32,450 --> 00:27:28,380
and forth just a nice little oscillation

585
00:27:33,350 --> 00:27:32,460
but if you know about a pendulum when it

586
00:27:37,130 --> 00:27:33,360
swings

587
00:27:39,409 --> 00:27:37,140
it reaches its maximum extent on one

588
00:27:41,090 --> 00:27:39,419

side and it what it does what it

589

00:27:43,430 --> 00:27:41,100

reverses Direction

590

00:27:45,350 --> 00:27:43,440

comes back and then gets to the other

591

00:27:47,870 --> 00:27:45,360

extent and then it reverses direction

592

00:27:50,810 --> 00:27:47,880

again correct well the same thing

593

00:27:52,370 --> 00:27:50,820

happens with the Earth during that

594

00:27:53,630 --> 00:27:52,380

period of time

595

00:27:56,450 --> 00:27:53,640

but

596

00:27:59,110 --> 00:27:56,460

when it reverse Direction

597

00:28:04,669 --> 00:27:59,120

the Sun

598

00:28:07,190 --> 00:28:04,679

set twice and the sun rose twice and

599

00:28:09,409 --> 00:28:07,200

because it it was a change in angular

600

00:28:11,090 --> 00:28:09,419

momentum that caused the oceans to come

601
00:28:12,950 --> 00:28:11,100
out of their basins

602
00:28:15,470 --> 00:28:12,960
and flood the land

603
00:28:19,370 --> 00:28:15,480
during the Ice Age the sea level was

604
00:28:22,070 --> 00:28:19,380
between 300 and 400 feet lower than it

605
00:28:23,810 --> 00:28:22,080
is today the Continental ice shelves

606
00:28:25,990 --> 00:28:23,820
were exposed

607
00:28:28,370 --> 00:28:26,000
many uh

608
00:28:30,830 --> 00:28:28,380
Islands out in the Pacific were

609
00:28:35,029 --> 00:28:30,840
continents that were joined together to

610
00:28:38,570 --> 00:28:35,039
form your your pants specific continents

611
00:28:41,990 --> 00:28:38,580
or land masses at that time

612
00:28:46,490 --> 00:28:42,000
but with the low sea level when this

613
00:28:48,669 --> 00:28:46,500

happened this uh shutter I should say it

614

00:28:51,649 --> 00:28:48,679

it would which would have caused the

615

00:28:55,490 --> 00:28:51,659

Stars to to move

616

00:28:57,409 --> 00:28:55,500

you had the oceans come sloshed back and

617

00:29:00,169 --> 00:28:57,419

forth in their basin

618

00:29:02,390 --> 00:29:00,179

and the Continental uh ice shelves are

619

00:29:05,690 --> 00:29:02,400

kind of those shelves would block that

620

00:29:07,549 --> 00:29:05,700

movement onto the continent but when

621

00:29:09,230 --> 00:29:07,559

that water level Rose above the

622

00:29:11,510 --> 00:29:09,240

Continental shells during the Meltdown

623

00:29:14,029 --> 00:29:11,520

at the end of the last ice age

624

00:29:16,909 --> 00:29:14,039

guess what

625

00:29:19,430 --> 00:29:16,919

the oceans came up onto the Continental

626

00:29:22,250 --> 00:29:19,440

shelves and went into the into the

627

00:29:24,409 --> 00:29:22,260

continents themselves just they ravaged

628

00:29:27,889 --> 00:29:24,419

the continents so you had these enormous

629

00:29:29,510 --> 00:29:27,899

tsunamis which the Egyptians recorded

630

00:29:32,210 --> 00:29:29,520

and graft

631

00:29:35,750 --> 00:29:32,220

and published in the Book of the Dead

632

00:29:38,870 --> 00:29:35,760

so that's why you have these huge great

633

00:29:41,029 --> 00:29:38,880

floods during the Meltdown but you don't

634

00:29:44,450 --> 00:29:41,039

have records of them during the ice ages

635

00:29:47,269 --> 00:29:44,460

because the oceans never got that far

636

00:29:49,370 --> 00:29:47,279

uh one of the things that told me that

637

00:29:52,250 --> 00:29:49,380

this was a probably the correct

638

00:29:54,470 --> 00:29:52,260

interpretation is that uh there were uh

639

00:29:57,289 --> 00:29:54,480

those who had studied the geology at the

640

00:29:59,930 --> 00:29:57,299

top of the Andes mountains and they

641

00:30:03,830 --> 00:29:59,940

couldn't understand why they would find

642

00:30:06,649 --> 00:30:03,840

Shoreline deposits with seashells at

643

00:30:08,210 --> 00:30:06,659

that height they it postulated well the

644

00:30:12,230 --> 00:30:08,220

mountains must have grown very rapidly

645

00:30:16,070 --> 00:30:12,240

now you just need a uh the seed coming

646

00:30:19,070 --> 00:30:16,080

out of its Basin and with uh

647

00:30:21,289 --> 00:30:19,080

mega tsunami waves that are one to two

648

00:30:23,090 --> 00:30:21,299

miles tall just crashing up onto the

649

00:30:25,010 --> 00:30:23,100

side of the vandes mountains and

650

00:30:27,950 --> 00:30:25,020

carrying with it all of the uh the beach

651

00:30:31,310 --> 00:30:27,960

deposits that's all you'd need

652

00:30:34,970 --> 00:30:31,320

the and that's at 12 000 feet yes yeah

653

00:30:39,049 --> 00:30:34,980

that's at 12 000 feet the uh the same

654

00:30:44,090 --> 00:30:39,059

situation uh would have to be this is a

655

00:30:46,430 --> 00:30:44,100

global uh moistening okay so if that's

656

00:30:49,190 --> 00:30:46,440

the case when you drive around like I

657

00:30:52,130 --> 00:30:49,200

live in the Mojave Desert right and

658

00:30:55,430 --> 00:30:52,140

we've got the Salt Lakes out here right

659

00:30:59,330 --> 00:30:55,440

the the flat uh here's the morocc lake

660

00:31:01,190 --> 00:30:59,340

bed you know where uh uh the X1 with

661

00:31:02,630 --> 00:31:01,200

rocket plane and you know and all that

662

00:31:06,430 --> 00:31:02,640

stuff would would happen out here at

663

00:31:09,649 --> 00:31:06,440

Edwards that uh those are sea deposits

664

00:31:12,110 --> 00:31:09,659

and I that's my guess I'm not a

665

00:31:15,289 --> 00:31:12,120

geologist or anything but but when you

666

00:31:18,590 --> 00:31:15,299

drive around through Arizona through New

667

00:31:22,610 --> 00:31:18,600

Mexico uh through Southern California

668

00:31:26,269 --> 00:31:22,620

it it was all of that ocean all of the

669

00:31:29,029 --> 00:31:26,279

Rises that uh are around you those look

670

00:31:30,769 --> 00:31:29,039

like those used to be Islands to me and

671

00:31:32,810 --> 00:31:30,779

then you could see where the water

672

00:31:34,730 --> 00:31:32,820

affected the layers

673

00:31:37,430 --> 00:31:34,740

um but I never hear anybody talk about

674

00:31:40,250 --> 00:31:37,440

this is that what you're referring to

675

00:31:42,950 --> 00:31:40,260

here was the Mojave Desert once part of

676
00:31:45,649 --> 00:31:42,960
the ocean oh you did have oceans coming

677
00:31:47,510 --> 00:31:45,659
Inland in those areas over long periods

678
00:31:50,510 --> 00:31:47,520
of geologic time back during the

679
00:31:52,850 --> 00:31:50,520
Mesozoic the Jurassic Inland Sea that

680
00:31:55,130 --> 00:31:52,860
went from the Gulf of Mexico all the way

681
00:31:57,830 --> 00:31:55,140
up to the Arctic and even in the

682
00:31:59,930 --> 00:31:57,840
Cretaceous is Inland Cretaceous sea at

683
00:32:03,470 --> 00:31:59,940
the end of the Cretaceous that went all

684
00:32:06,649 --> 00:32:03,480
that way uh that's why the uh the

685
00:32:09,169 --> 00:32:06,659
megasonami caused by the checksolute

686
00:32:11,930 --> 00:32:09,179
impact crater that ended the dinosaurs

687
00:32:14,450 --> 00:32:11,940
uh that wave could travel all the way up

688
00:32:17,570 --> 00:32:14,460

into the northern states it was

689

00:32:20,690 --> 00:32:17,580

following that sea Lane going that cut

690

00:32:22,909 --> 00:32:20,700

through the center of the the country

691

00:32:25,970 --> 00:32:22,919

and but that's not the same thing as

692

00:32:28,450 --> 00:32:25,980

these Mega tsunamis that I'm talking

693

00:32:32,210 --> 00:32:28,460

about at the end of the Ice Age remember

694

00:32:34,010 --> 00:32:32,220

you in order to get those huge tsunamis

695

00:32:37,029 --> 00:32:34,020

to the oceans to come out of their

696

00:32:41,090 --> 00:32:37,039

basins you needed some sort of a change

697

00:32:43,070 --> 00:32:41,100

in uh inertia uh of the way the Earth

698

00:32:45,230 --> 00:32:43,080

rotates

699

00:32:48,590 --> 00:32:45,240

um and it's it's sort of like driving

700

00:32:50,750 --> 00:32:48,600

down the highway uh and uh everybody's

701
00:32:54,289 --> 00:32:50,760
traveling at about 70 miles an hour and

702
00:32:57,350 --> 00:32:54,299
suddenly the uh driver hits the brakes

703
00:32:59,389 --> 00:32:57,360
everybody in the car suddenly lurches

704
00:33:01,789 --> 00:32:59,399
forward and

705
00:33:04,190 --> 00:33:01,799
um that that sort of thing is going to

706
00:33:08,149 --> 00:33:04,200
happen when the earth that oscillation

707
00:33:10,430 --> 00:33:08,159
that I talked about switches over a 5

708
00:33:15,710 --> 00:33:10,440
000 to 5100 year period

709
00:33:17,870 --> 00:33:15,720
and um so yeah okay so

710
00:33:22,009 --> 00:33:17,880
um and staying right here

711
00:33:25,250 --> 00:33:22,019
if if North America

712
00:33:27,310 --> 00:33:25,260
um all the way up to Canada is under uh

713
00:33:30,350 --> 00:33:27,320

a mile of ice

714

00:33:34,430 --> 00:33:30,360

and the Ice Age ended at ten thousand

715

00:33:36,169 --> 00:33:34,440

five hundred uh BC or they're about

716

00:33:39,830 --> 00:33:36,179

um how long does it take that ice to

717

00:33:42,769 --> 00:33:39,840

melt and where is that water displaced

718

00:33:45,529 --> 00:33:42,779

initially they think that much of the

719

00:33:46,850 --> 00:33:45,539

ice a water from the ice was pooled on

720

00:33:50,269 --> 00:33:46,860

top of the ice

721

00:33:53,509 --> 00:33:50,279

and you had these huge ice Lakes on top

722

00:33:54,470 --> 00:33:53,519

and that there were ice dams that kept

723

00:33:57,950 --> 00:33:54,480

it there

724

00:34:00,649 --> 00:33:57,960

and then this is in order to explain how

725

00:34:02,630 --> 00:34:00,659

the sea level could rise rapidly right

726

00:34:05,389 --> 00:34:02,640

three separate times right and then

727

00:34:08,030 --> 00:34:05,399

those eye stamps broke and all of that

728

00:34:10,970 --> 00:34:08,040

water just cascaded into the oceans and

729

00:34:13,970 --> 00:34:10,980

raised the ocean sea level

730

00:34:16,210 --> 00:34:13,980

that's what uh they think is how this

731

00:34:19,369 --> 00:34:16,220

happened also remember you had those

732

00:34:22,730 --> 00:34:19,379

Mega Boulders that were traveled across

733

00:34:23,510 --> 00:34:22,740

Western Northwestern United States

734

00:34:25,909 --> 00:34:23,520

um

735

00:34:29,389 --> 00:34:25,919

where whole you know Boulders the size

736

00:34:33,409 --> 00:34:29,399

of buildings were being moved along and

737

00:34:34,730 --> 00:34:33,419

and in the uh uh the flat country out

738

00:34:38,149 --> 00:34:34,740

there

739

00:34:40,790 --> 00:34:38,159

um and they were great floods and even

740

00:34:42,770 --> 00:34:40,800

those floods reached all the way down

741

00:34:46,389 --> 00:34:42,780

here into Texas

742

00:34:48,829 --> 00:34:46,399

uh when those ice that I I stands broke

743

00:34:52,430 --> 00:34:48,839

is that okay

744

00:34:56,270 --> 00:34:52,440

um I don't want to get too sideways here

745

00:34:57,530 --> 00:34:56,280

um giant rock which is you know not too

746

00:34:59,270 --> 00:34:57,540

far for me

747

00:35:02,210 --> 00:34:59,280

um it's the biggest or second biggest

748

00:35:04,730 --> 00:35:02,220

freestanding rock in the world I think

749

00:35:06,829 --> 00:35:04,740

it's seven eight stories tall it's uh I

750

00:35:10,609 --> 00:35:06,839

think it's red granite it's freaking

751
00:35:13,970 --> 00:35:10,619
huge but it got there somehow and when

752
00:35:16,130 --> 00:35:13,980
you look behind giant rock there are

753
00:35:18,829 --> 00:35:16,140
others not quite as big as giant rock

754
00:35:23,089 --> 00:35:18,839
but there's a lot of very you know two

755
00:35:27,050 --> 00:35:23,099
three four story tall Bolder big there

756
00:35:30,550 --> 00:35:27,060
but they arrived somehow and all I can

757
00:35:34,790 --> 00:35:30,560
visualize Bruce is what kind of water

758
00:35:39,170 --> 00:35:34,800
what kind of force is moving something

759
00:35:42,230 --> 00:35:39,180
like this it didn't grow right it it was

760
00:35:43,250 --> 00:35:42,240
moved there yes well imagine that Great

761
00:35:46,030 --> 00:35:43,260
Lakes

762
00:35:48,470 --> 00:35:46,040
suddenly emptying that much water

763
00:35:49,790 --> 00:35:48,480

pouring across the land

764

00:35:52,910 --> 00:35:49,800

it would take something of that

765

00:35:55,430 --> 00:35:52,920

magnitude right who Boulders that size

766

00:35:58,130 --> 00:35:55,440

uh and you so do you think that happened

767

00:36:00,530 --> 00:35:58,140

in in at the end of the last ice age or

768

00:36:02,630 --> 00:36:00,540

do you think the giant rock is older no

769

00:36:04,730 --> 00:36:02,640

no I'm pretty sure that's probably how

770

00:36:07,130 --> 00:36:04,740

it got there yeah it's what uh uh

771

00:36:09,589 --> 00:36:07,140

Randall Carlson uh was trying to explain

772

00:36:11,930 --> 00:36:09,599

to me too that it is possible and when

773

00:36:15,770 --> 00:36:11,940

you stand there next to something that

774

00:36:19,609 --> 00:36:15,780

big and now you have to imagine the

775

00:36:22,790 --> 00:36:19,619

water right how much of it and and and

776

00:36:25,190 --> 00:36:22,800

how fast was it moving to to get

777

00:36:28,089 --> 00:36:25,200

something like this uh to come from

778

00:36:31,849 --> 00:36:28,099

somewhere else it just must have been

779

00:36:36,050 --> 00:36:31,859

catastrophic yep I totally agree

780

00:36:39,109 --> 00:36:36,060

and um but the fascinating part of the

781

00:36:41,810 --> 00:36:39,119

this is recognizing that

782

00:36:42,770 --> 00:36:41,820

uh the ancient Egyptians knew about all

783

00:36:46,010 --> 00:36:42,780

of this

784

00:36:48,410 --> 00:36:46,020

before their first dynasty was ever

785

00:36:50,150 --> 00:36:48,420

acknowledged or recognized

786

00:36:52,310 --> 00:36:50,160

so where did that information come from

787

00:36:55,550 --> 00:36:52,320

there must have come from uh previous

788

00:36:58,370 --> 00:36:55,560

civilizations or if you go back to the

789

00:37:01,970 --> 00:36:58,380

Kings list for uh Sumerian Kings list

790

00:37:03,109 --> 00:37:01,980

that takes us back uh well into the last

791

00:37:06,290 --> 00:37:03,119

ice age

792

00:37:09,130 --> 00:37:06,300

and certainly and then you also have uh

793

00:37:10,730 --> 00:37:09,140

uh Gilgamesh yes

794

00:37:18,410 --> 00:37:10,740

the

795

00:37:20,510 --> 00:37:18,420

talk about pyramids but but anyway

796

00:37:21,890 --> 00:37:20,520

that's uh when you look at some of these

797

00:37:28,010 --> 00:37:21,900

ancient texts

798

00:37:31,190 --> 00:37:28,020

um uh where Orthodox Academia uh wants

799

00:37:34,790 --> 00:37:31,200

us to believe that everything was at

800

00:37:38,569 --> 00:37:34,800

3000 BC Sumerian texts uh uh Egyptian

801
00:37:41,690 --> 00:37:38,579
hieroglyphs uh Narmer King Manet the

802
00:37:45,589 --> 00:37:41,700
first dynasty uh abidos and and all of

803
00:37:48,230 --> 00:37:45,599
that which is fine but uh the Sumerian

804
00:37:51,170 --> 00:37:48,240
texts and the Egyptian texts refer back

805
00:37:52,790 --> 00:37:51,180
to a far far older time and in some

806
00:37:56,089 --> 00:37:52,800
cases we're going back hundreds of

807
00:37:58,550 --> 00:37:56,099
thousands of years yes um that that to

808
00:38:01,670 --> 00:37:58,560
me isn't mythology they didn't have that

809
00:38:06,530 --> 00:38:01,680
kind of imagination uh back then this is

810
00:38:08,990 --> 00:38:06,540
based on a real historical uh moments in

811
00:38:12,109 --> 00:38:09,000
time right right well the second part of

812
00:38:14,349 --> 00:38:12,119
this talk which you asked me about was

813
00:38:18,290 --> 00:38:14,359

about pyramids

814

00:38:22,609 --> 00:38:18,300

and what I would like to talk about is

815

00:38:25,130 --> 00:38:22,619

how uh did those pyramids get built on

816

00:38:27,890 --> 00:38:25,140

Mars who built them

817

00:38:30,650 --> 00:38:27,900

is that is are we tying that into the

818

00:38:32,569 --> 00:38:30,660

Sumerian accent I just referenced no it

819

00:38:33,710 --> 00:38:32,579

would be a lot older it would be a lot

820

00:38:36,290 --> 00:38:33,720

older

821

00:38:40,310 --> 00:38:36,300

um uh millions of years

822

00:38:43,970 --> 00:38:40,320

last interglacial 118 to 120 000 years

823

00:38:47,329 --> 00:38:43,980

ago okay well that would tie into the

824

00:38:50,630 --> 00:38:47,339

Sumerian text uh in a couple of ways

825

00:38:52,609 --> 00:38:50,640

that 200 000 year period uh certainly

826

00:38:54,829 --> 00:38:52,619

yes it would that would definitely go

827

00:38:57,109 --> 00:38:54,839

back that far

828

00:39:00,290 --> 00:38:57,119

um okay let's continue

829

00:39:02,089 --> 00:39:00,300

um uh how did you figure this out

830

00:39:02,810 --> 00:39:02,099

okay

831

00:39:05,270 --> 00:39:02,820

um

832

00:39:07,430 --> 00:39:05,280

back in the early 90s I was introduced

833

00:39:12,050 --> 00:39:07,440

to Richard Hoagland

834

00:39:14,210 --> 00:39:12,060

uh I was fascinated uh by uh his study

835

00:39:17,390 --> 00:39:14,220

of the face on Mars and the Sedonia

836

00:39:20,270 --> 00:39:17,400

complex and I wanted to know as much

837

00:39:22,370 --> 00:39:20,280

about how is this for real you know

838

00:39:26,390 --> 00:39:22,380

there was a lot of debate back there in

839

00:39:29,150 --> 00:39:26,400

the late 80s and early 90s and even uh

840

00:39:31,310 --> 00:39:29,160

John Brandenburg uh he's the one who I

841

00:39:33,290 --> 00:39:31,320

think first talked about the face on

842

00:39:35,870 --> 00:39:33,300

Mars that he saw because he was working

843

00:39:38,510 --> 00:39:35,880

for the government at the time and then

844

00:39:42,349 --> 00:39:38,520

uh Hoagland came along and he

845

00:39:45,410 --> 00:39:42,359

capitalized on this and recognized at

846

00:39:48,829 --> 00:39:45,420

least five other monuments surrounding

847

00:39:50,750 --> 00:39:48,839

the face on Mars based on the NASA

848

00:39:52,730 --> 00:39:50,760

photographs of course there was a lot of

849

00:39:55,310 --> 00:39:52,740

debate and NASA didn't want people to

850

00:39:58,670 --> 00:39:55,320

think that any intelligent life was on

851
00:40:00,470 --> 00:39:58,680
Mars for whatever reason I guess the

852
00:40:02,630 --> 00:40:00,480
same thing that didn't want people to

853
00:40:06,230 --> 00:40:02,640
think that an alien spacecraft crashed

854
00:40:07,849 --> 00:40:06,240
in Roswell either right so

855
00:40:13,190 --> 00:40:07,859
um

856
00:40:19,790 --> 00:40:17,870
they went I went with to visit his his

857
00:40:22,310 --> 00:40:19,800
house and helped him even with his

858
00:40:24,470 --> 00:40:22,320
presentations and I got to see all of

859
00:40:27,770 --> 00:40:24,480
his photographs and all of his evidence

860
00:40:31,490 --> 00:40:27,780
and I got copies of his data and I was

861
00:40:35,089 --> 00:40:31,500
literally wanted to know well

862
00:40:38,690 --> 00:40:35,099
why he thought that the eighth Berry

863
00:40:44,569 --> 00:40:38,700

Circle and soberry Hill in England

864

00:40:47,450 --> 00:40:44,579

were 14 to 1 versions of the tholas and

865

00:40:50,750 --> 00:40:47,460

the crater on Mars because the crater

866

00:40:53,750 --> 00:40:50,760

was artificially modified on Mars within

867

00:40:56,810 --> 00:40:53,760

the Sidonia complex it not only has a

868

00:40:59,690 --> 00:40:56,820

tetrahedron built up on its rim and

869

00:41:03,109 --> 00:40:59,700

that's not normal but it had a hill

870

00:41:05,510 --> 00:41:03,119

amount of of rocks piled up on its out

871

00:41:08,510 --> 00:41:05,520

Splash apron and that's not normal

872

00:41:10,430 --> 00:41:08,520

either and

873

00:41:12,250 --> 00:41:10,440

um

874

00:41:16,310 --> 00:41:12,260

so

875

00:41:19,490 --> 00:41:16,320

I was I had done a survey in the Walker

876
00:41:21,349 --> 00:41:19,500
River Valley near Pine Bush New York a

877
00:41:23,270 --> 00:41:21,359
Geological Survey because I was

878
00:41:25,790 --> 00:41:23,280
fascinated by what was going on there

879
00:41:29,210 --> 00:41:25,800
with all the UAP that people had been

880
00:41:32,150 --> 00:41:29,220
reported I was introduced to Dr Ellen

881
00:41:33,710 --> 00:41:32,160
Crystal's book salad Invasion and I

882
00:41:36,109 --> 00:41:33,720
contacted her she took me out in the

883
00:41:38,690 --> 00:41:36,119
field and I started seeing all of these

884
00:41:40,670 --> 00:41:38,700
crafts coming around and flying into the

885
00:41:42,589 --> 00:41:40,680
ground and coming out of the ground now

886
00:41:44,870 --> 00:41:42,599
as a scientist this just

887
00:41:48,170 --> 00:41:44,880
didn't sit well with me how is this

888
00:41:50,930 --> 00:41:48,180

possible right I mean are these

889

00:41:53,810 --> 00:41:50,940

Illusions are these Holograms Etc

890

00:41:58,069 --> 00:41:53,820

and I um

891

00:41:59,810 --> 00:41:58,079

I wanted to know uh what was going on in

892

00:42:02,089 --> 00:41:59,820

this basin

893

00:42:07,010 --> 00:42:02,099

uh Hoagland had said and gave a talk

894

00:42:09,470 --> 00:42:07,020

before the U.N uh on his uh Sedonia 2

895

00:42:11,290 --> 00:42:09,480

complex he called it it's the Aviary

896

00:42:13,790 --> 00:42:11,300

Circle and Silver Hill in England

897

00:42:17,329 --> 00:42:13,800

because there were crop circles all

898

00:42:20,210 --> 00:42:17,339

around them on these two uh are ancient

899

00:42:22,730 --> 00:42:20,220

monuments and he thought that they

900

00:42:24,470 --> 00:42:22,740

represented a smaller version of those

901
00:42:26,750 --> 00:42:24,480
features on Mars

902
00:42:30,349 --> 00:42:26,760
okay so he was making a connection

903
00:42:34,310 --> 00:42:30,359
between uh aliens making crop circles

904
00:42:35,810 --> 00:42:34,320
and these ancient uh structures in

905
00:42:38,630 --> 00:42:35,820
England

906
00:42:39,650 --> 00:42:38,640
so and since Pine Bush was a UFO hot

907
00:42:43,490 --> 00:42:39,660
spot

908
00:42:46,130 --> 00:42:43,500
I thought that maybe that crater that I

909
00:42:48,410 --> 00:42:46,140
had mapped when I was mapping in 1992

910
00:42:50,510 --> 00:42:48,420
and 93

911
00:42:54,589 --> 00:42:50,520
um could represent

912
00:42:57,410 --> 00:42:54,599
the uh a duplicate Circle that like the

913
00:43:00,589 --> 00:42:57,420

ape Berry Circle uh in England

914

00:43:03,470 --> 00:43:00,599

and I had measured it on Earth

915

00:43:05,329 --> 00:43:03,480

and the center of that crater was 41

916

00:43:08,990 --> 00:43:05,339

degrees 36 minutes

917

00:43:10,490 --> 00:43:09,000

I called Hoagland up and he said I asked

918

00:43:12,829 --> 00:43:10,500

him what is the center of the crater on

919

00:43:15,710 --> 00:43:12,839

Mars and he said get he got me in

920

00:43:19,190 --> 00:43:15,720

contact with his other geologist Jim

921

00:43:21,349 --> 00:43:19,200

merjavik and uh Jim said well the center

922

00:43:23,230 --> 00:43:21,359

of the crater and Mars is at 41 degrees

923

00:43:25,790 --> 00:43:23,240

36 minutes

924

00:43:29,089 --> 00:43:25,800

wait a minute hmm

925

00:43:30,230 --> 00:43:29,099

saying latitude that's more than

926
00:43:31,910 --> 00:43:30,240
coincidence

927
00:43:34,849 --> 00:43:31,920
so I said well maybe there's something

928
00:43:36,109 --> 00:43:34,859
else in the valley I need to look for

929
00:43:37,910 --> 00:43:36,119
something else

930
00:43:40,430 --> 00:43:37,920
so I

931
00:43:43,910 --> 00:43:40,440
uh knew that the next thing that was

932
00:43:47,690 --> 00:43:43,920
important was the tholas on Mars and the

933
00:43:50,390 --> 00:43:47,700
in silvery Hill uh in England so I

934
00:43:52,670 --> 00:43:50,400
tracked out in the direction roughly the

935
00:43:53,630 --> 00:43:52,680
same direction from the crater that I

936
00:43:57,589 --> 00:43:53,640
had mapped

937
00:43:58,370 --> 00:43:57,599
and where my ruler came to an end on the

938
00:44:00,589 --> 00:43:58,380

map

939

00:44:02,809 --> 00:44:00,599

there was the Solas

940

00:44:04,550 --> 00:44:02,819

right underneath the Stuart air for

941

00:44:08,329 --> 00:44:04,560

arming Air Force Base

942

00:44:10,910 --> 00:44:08,339

the whole damn thoughts including the uh

943

00:44:14,030 --> 00:44:10,920

the the satellite Mound off to the side

944

00:44:16,790 --> 00:44:14,040

the tholas on Mars has a satellite Mound

945

00:44:20,930 --> 00:44:16,800

off to the side and they were virtually

946

00:44:22,730 --> 00:44:20,940

a Dead Ringer a perfect copy on Earth

947

00:44:24,950 --> 00:44:22,740

but there were to this one-to-one scale

948

00:44:27,770 --> 00:44:24,960

not a 14 to one scale yeah that's my

949

00:44:29,930 --> 00:44:27,780

question okay so the scales were not

950

00:44:34,250 --> 00:44:29,940

different we're talking about a

951
00:44:36,890 --> 00:44:34,260
one-to-one layover yes really yeah which

952
00:44:37,790 --> 00:44:36,900
was shocking and then I said well you

953
00:44:39,890 --> 00:44:37,800
know

954
00:44:41,870 --> 00:44:39,900
I need something more than this this is

955
00:44:43,190 --> 00:44:41,880
this people are just not going to want

956
00:44:46,430 --> 00:44:43,200
to believe this

957
00:44:48,770 --> 00:44:46,440
so I determined the distance of the face

958
00:44:53,870 --> 00:44:48,780
from the tholas and the crater on Mars

959
00:44:56,450 --> 00:44:53,880
you know roughly and I got my rulers on

960
00:44:58,370 --> 00:44:56,460
my topographic maps and where they came

961
00:45:00,109 --> 00:44:58,380
to an end I looked down and I couldn't

962
00:45:01,910 --> 00:45:00,119
believe my eyes

963
00:45:04,069 --> 00:45:01,920

there was a face

964

00:45:05,930 --> 00:45:04,079

carved out of the Rock right there near

965

00:45:08,690 --> 00:45:05,940

Goshen New York

966

00:45:10,730 --> 00:45:08,700

but it was a mirror image of the face on

967

00:45:12,109 --> 00:45:10,740

Mars you could see all the features on

968

00:45:16,609 --> 00:45:12,119

it

969

00:45:20,510 --> 00:45:16,619

um the forehead the nose Ridge the eye

970

00:45:21,890 --> 00:45:20,520

the eye sockets the mouth the chin it

971

00:45:24,890 --> 00:45:21,900

was all there

972

00:45:27,290 --> 00:45:24,900

uh what was the ratio there in relation

973

00:45:30,589 --> 00:45:27,300

to tholas very close to one to one

974

00:45:34,910 --> 00:45:33,109

um well okay okay what are we suggesting

975

00:45:39,230 --> 00:45:34,920

here and we're going to continue but

976
00:45:42,290 --> 00:45:39,240
what do we actually suggesting now okay

977
00:45:44,270 --> 00:45:42,300
I had to go and find the biggest one

978
00:45:47,270 --> 00:45:44,280
the biggest feature in the sodium

979
00:45:50,809 --> 00:45:47,280
complex which is that DNM pyramid

980
00:45:52,730 --> 00:45:50,819
which is Rises at least 800 to perhaps

981
00:45:54,470 --> 00:45:52,740
as much as a thousand it may have

982
00:45:56,990 --> 00:45:54,480
originally been a thousand feet tall but

983
00:45:59,930 --> 00:45:57,000
but it's collapsed to a slight a

984
00:46:01,970 --> 00:45:59,940
significant degree on Mars because it is

985
00:46:04,730 --> 00:46:01,980
the base is what two three square miles

986
00:46:08,329 --> 00:46:04,740
three point uh two uh square miles right

987
00:46:11,569 --> 00:46:08,339
3.2 square miles uh it's ginormous okay

988
00:46:13,370 --> 00:46:11,579

it's the biggest pyramid in the solar

989

00:46:15,770 --> 00:46:13,380

system are you gonna tell me next that

990

00:46:18,109 --> 00:46:15,780

you found a pyramid in New York I found

991

00:46:21,170 --> 00:46:18,119

the base of it okay okay okay okay okay

992

00:46:25,250 --> 00:46:21,180

okay this is this is getting good

993

00:46:27,230 --> 00:46:25,260

um where was that and was this also now

994

00:46:30,710 --> 00:46:27,240

a one-to-one ratio

995

00:46:33,829 --> 00:46:30,720

yes and what is fascinating about this

996

00:46:36,349 --> 00:46:33,839

uh is the base is

997

00:46:38,270 --> 00:46:36,359

um right next to a town now there are a

998

00:46:41,510 --> 00:46:38,280

lot of coincidences going on here and

999

00:46:43,130 --> 00:46:41,520

you'll find out as I uh reveal this

1000

00:46:46,010 --> 00:46:43,140

story further

1001
00:46:48,950 --> 00:46:46,020
right neck to the south of the where

1002
00:46:51,710 --> 00:46:48,960
this feature may have existed

1003
00:46:54,829 --> 00:46:51,720
is a town called Warwick

1004
00:46:58,849 --> 00:46:54,839
and what is Mars

1005
00:47:03,530 --> 00:47:01,430
so what is Warwick doing and here's that

1006
00:47:06,890 --> 00:47:03,540
something else that's really weird the

1007
00:47:10,370 --> 00:47:06,900
tholas underneath Stuart Air Force Base

1008
00:47:13,309 --> 00:47:10,380
has a little town next to it called

1009
00:47:15,410 --> 00:47:13,319
Little Britain

1010
00:47:16,970 --> 00:47:15,420
and the thoris and the averagebury

1011
00:47:20,470 --> 00:47:16,980
circle in England

1012
00:47:23,870 --> 00:47:20,480
you're in Britain

1013
00:47:26,450 --> 00:47:23,880

keep going I'm looking at Warwick right

1014

00:47:28,790 --> 00:47:26,460

now okay let me see what's going on here

1015

00:47:32,690 --> 00:47:28,800

okay so there's Warwick

1016

00:47:36,470 --> 00:47:32,700

um and Stewart Air Force Base is

1017

00:47:39,290 --> 00:47:36,480

is where you know what near Newburgh go

1018

00:47:43,510 --> 00:47:39,300

look for Newberg okay I'll I'll find it

1019

00:47:47,089 --> 00:47:43,520

uh yeah oh I got it okay so

1020

00:47:48,530 --> 00:47:47,099

uh who

1021

00:47:49,970 --> 00:47:48,540

I gotta look at the clock here we're

1022

00:47:54,470 --> 00:47:49,980

going to take a break in nine minutes

1023

00:47:56,569 --> 00:47:54,480

who was here first are we martians or

1024

00:47:59,630 --> 00:47:56,579

are martians Earthlings

1025

00:48:01,250 --> 00:47:59,640

you have raised and most and asked the

1026
00:48:04,010 --> 00:48:01,260
most important question because that is

1027
00:48:06,530 --> 00:48:04,020
going going through my mind is that are

1028
00:48:09,710 --> 00:48:06,540
they our ancestors or are they our

1029
00:48:11,770 --> 00:48:09,720
creators what do you think

1030
00:48:16,510 --> 00:48:11,780
they could be both

1031
00:48:21,829 --> 00:48:16,520
okay let's get some dating you suggested

1032
00:48:25,609 --> 00:48:21,839
that we're looking at uh 150

1033
00:48:27,410 --> 00:48:25,619
000 120 120 000 years now here's the

1034
00:48:30,109 --> 00:48:27,420
interesting part about this the last

1035
00:48:33,050 --> 00:48:30,119
interglacial right and the ice course

1036
00:48:35,690 --> 00:48:33,060
showed that in the center of that uh

1037
00:48:37,130 --> 00:48:35,700
interglacial there was a 3 000 year

1038
00:48:39,770 --> 00:48:37,140

period

1039

00:48:42,109 --> 00:48:39,780

when the global temperatures on Earth

1040

00:48:43,730 --> 00:48:42,119

Rose three to five degrees centigrated

1041

00:48:47,270 --> 00:48:43,740

higher than today

1042

00:48:48,650 --> 00:48:47,280

three to five degrees Centigrade higher

1043

00:48:50,030 --> 00:48:48,660

than today

1044

00:48:52,069 --> 00:48:50,040

wait a minute

1045

00:48:53,030 --> 00:48:52,079

isn't that what we're going into right

1046

00:48:55,670 --> 00:48:53,040

now

1047

00:48:57,530 --> 00:48:55,680

we're in the middle of our interglacial

1048

00:48:59,050 --> 00:48:57,540

Holocene interglacial

1049

00:49:01,790 --> 00:48:59,060

and during the

1050

00:49:03,109 --> 00:49:01,800

sagamonian interglacial there was this

1051

00:49:05,390 --> 00:49:03,119

hot period

1052

00:49:07,910 --> 00:49:05,400

the Earth really heated up

1053

00:49:09,890 --> 00:49:07,920

I've always wondered well is that was

1054

00:49:12,589 --> 00:49:09,900

that caused by an intelligent

1055

00:49:14,809 --> 00:49:12,599

civilization

1056

00:49:16,490 --> 00:49:14,819

did they have go through what we're

1057

00:49:19,010 --> 00:49:16,500

going through right now

1058

00:49:20,569 --> 00:49:19,020

well we have to look at it a few

1059

00:49:23,630 --> 00:49:20,579

different ways don't we I mean there's

1060

00:49:25,970 --> 00:49:23,640

ways to answer the question but

1061

00:49:29,030 --> 00:49:25,980

um first off uh the changes that we were

1062

00:49:30,950 --> 00:49:29,040

going through today is because of uh the

1063

00:49:33,290 --> 00:49:30,960

industrial period uh that we're going

1064

00:49:35,270 --> 00:49:33,300

through now did we cause this

1065

00:49:38,030 --> 00:49:35,280

um is there something else of the

1066

00:49:40,790 --> 00:49:38,040

expansion of life and biology on the

1067

00:49:45,250 --> 00:49:40,800

planet that is causing it or

1068

00:49:47,690 --> 00:49:45,260

um is it just solar is it just Celestial

1069

00:49:50,990 --> 00:49:47,700

and the Earth has gone through stuff

1070

00:49:53,510 --> 00:49:51,000

like this before so could it be that or

1071

00:49:55,910 --> 00:49:53,520

were there ancient civilizations here

1072

00:49:58,550 --> 00:49:55,920

before that went through the same

1073

00:49:59,870 --> 00:49:58,560

changes that we're going through now

1074

00:50:01,430 --> 00:49:59,880

um we have to look I think that

1075

00:50:02,930 --> 00:50:01,440

everything should be on the table Bruce

1076

00:50:05,470 --> 00:50:02,940

I don't think we have anything

1077

00:50:08,930 --> 00:50:05,480

conclusive thank you yes I totally agree

1078

00:50:10,790 --> 00:50:08,940

this is up in the air in fact I would I

1079

00:50:12,770 --> 00:50:10,800

mean I talked about the cause of the

1080

00:50:16,190 --> 00:50:12,780

earth stopping its rotation on its

1081

00:50:18,890 --> 00:50:16,200

orbital axis when the Earth's orbit is

1082

00:50:22,910 --> 00:50:18,900

allowed with the sun's ecliptic or

1083

00:50:26,030 --> 00:50:22,920

accretion disk and uh that also could

1084

00:50:27,170 --> 00:50:26,040

account for Earth being pulled closer to

1085

00:50:29,990 --> 00:50:27,180

the Sun

1086

00:50:32,450 --> 00:50:30,000

and thus the Earth heating up so this

1087

00:50:34,849 --> 00:50:32,460

could be a natural cycle but it could

1088

00:50:36,890 --> 00:50:34,859

also have been caused because it lasted

1089

00:50:39,589 --> 00:50:36,900

three thousand years they they were able

1090

00:50:42,410 --> 00:50:39,599

to extract that data from the ice course

1091

00:50:44,569 --> 00:50:42,420

which is an amazing accomplishment

1092

00:50:47,270 --> 00:50:44,579

and um it's also an amazing

1093

00:50:50,930 --> 00:50:47,280

accomplishment that cores drilled in the

1094

00:50:53,990 --> 00:50:50,940

uh Ronnie uh ice shelf in in Antarctica

1095

00:50:58,790 --> 00:50:54,000

pulled up well-preserved plants tropical

1096

00:51:01,190 --> 00:50:58,800

plants from the bottom and uh the ground

1097

00:51:03,470 --> 00:51:01,200

penetrating radar across large expanses

1098

00:51:05,750 --> 00:51:03,480

of Antarctica show that they're it's on

1099

00:51:09,290 --> 00:51:05,760

the ice is underlain by v-shaped

1100

00:51:13,970 --> 00:51:09,300

valleys those are not glacial valleys

1101

00:51:16,609 --> 00:51:13,980

those are tropical river valleys so the

1102

00:51:18,890 --> 00:51:16,619

idea that uh Earth froze up on both

1103

00:51:22,069 --> 00:51:18,900

hemispheres both poles at the same time

1104

00:51:23,990 --> 00:51:22,079

is incorrect and to explain how you

1105

00:51:25,130 --> 00:51:24,000

could get the northern ice cap growing

1106

00:51:28,609 --> 00:51:25,140

so big

1107

00:51:31,549 --> 00:51:28,619

and the South uh and tropical climate to

1108

00:51:33,770 --> 00:51:31,559

exist in the at the South Pole you have

1109

00:51:36,370 --> 00:51:33,780

to orient the Earth in a different way

1110

00:51:42,069 --> 00:51:36,380

than it's orienting now

1111

00:51:48,410 --> 00:51:44,750

well hapgood wanted to say that it moved

1112

00:51:51,170 --> 00:51:48,420

yeah that's 17 degrees yes and um I

1113

00:51:53,930 --> 00:51:51,180

don't think so because uh as a geologist

1114

00:51:56,750 --> 00:51:53,940

I realized that if the crust decoupled

1115

00:51:58,549 --> 00:51:56,760

and started moving uh that much 17

1116

00:51:59,930 --> 00:51:58,559

degrees is an enormous amount of

1117

00:52:01,609 --> 00:51:59,940

movement okay

1118

00:52:03,710 --> 00:52:01,619

the um

1119

00:52:07,849 --> 00:52:03,720

Richter Scale earthquakes would have

1120

00:52:09,710 --> 00:52:07,859

been over 12 for Endless for years

1121

00:52:11,809 --> 00:52:09,720

everything on the surface of the Earth

1122

00:52:14,690 --> 00:52:11,819

would have been just totally pulverized

1123

00:52:17,510 --> 00:52:14,700

and and brought down no ancient

1124

00:52:19,849 --> 00:52:17,520

monuments temples civilizations would

1125

00:52:21,770 --> 00:52:19,859

have been any trace of it left if the

1126
00:52:23,270 --> 00:52:21,780
Earth had moved that that way

1127
00:52:25,430 --> 00:52:23,280
so

1128
00:52:27,849 --> 00:52:25,440
okay

1129
00:52:31,849 --> 00:52:27,859
is it possible

1130
00:52:35,049 --> 00:52:31,859
that Antarctica could have been

1131
00:52:42,230 --> 00:52:38,809
was there a civilization ancient uh

1132
00:52:44,569 --> 00:52:42,240
living in Antarctica back then and will

1133
00:52:47,150 --> 00:52:44,579
we find evidence of that I think so

1134
00:52:49,190 --> 00:52:47,160
because if it had a tropical climate

1135
00:52:52,930 --> 00:52:49,200
right I mean

1136
00:53:00,770 --> 00:52:55,809
the yeah

1137
00:53:03,290 --> 00:53:00,780
so if we go and look at some of the

1138
00:53:05,630 --> 00:53:03,300

ancient maps that are redrawn and

1139

00:53:08,390 --> 00:53:05,640

redrawn and redrawn and handed down over

1140

00:53:11,450 --> 00:53:08,400

the years there is evidence I don't

1141

00:53:14,870 --> 00:53:11,460

think it's totally conclusive but it

1142

00:53:17,630 --> 00:53:14,880

appears to my eyeballs that the

1143

00:53:19,970 --> 00:53:17,640

coastline of Antarctica that is there is

1144

00:53:23,030 --> 00:53:19,980

land and not ice the way it's

1145

00:53:25,970 --> 00:53:23,040

represented today and the only reason

1146

00:53:30,049 --> 00:53:25,980

you would know that is if you saw

1147

00:53:32,750 --> 00:53:30,059

Antarctica when it was topical right

1148

00:53:35,390 --> 00:53:32,760

what it was trying right well Hancock

1149

00:53:36,589 --> 00:53:35,400

and silver Fingerprints of the Gods goes

1150

00:53:38,089 --> 00:53:36,599

through the different maps and puts them

1151
00:53:41,089 --> 00:53:38,099
in order

1152
00:53:43,790 --> 00:53:41,099
um and shows that there's a sequence

1153
00:53:46,370 --> 00:53:43,800
showing that uh there was no ice on

1154
00:53:48,650 --> 00:53:46,380
Antarctica and then it iced up around uh

1155
00:53:50,510 --> 00:53:48,660
in the center and then it iced up on the

1156
00:53:53,690 --> 00:53:50,520
shelves in the shorelines

1157
00:53:56,329 --> 00:53:53,700
uh he presented evidence for that

1158
00:53:57,950 --> 00:53:56,339
happening in Fingerprints of the Gods I

1159
00:54:00,410 --> 00:53:57,960
think he's right

1160
00:54:03,589 --> 00:54:00,420
I I think it's much older than that

1161
00:54:05,990 --> 00:54:03,599
though um I like the way he lays it out

1162
00:54:09,290 --> 00:54:06,000
um but I think it's much much older than

1163
00:54:11,630 --> 00:54:09,300

what uh Graham uh is presenting to us

1164

00:54:13,490 --> 00:54:11,640

look he can't he can't go to the

1165

00:54:14,829 --> 00:54:13,500

extremes he's already upsetting enough

1166

00:54:18,170 --> 00:54:14,839

people right

1167

00:54:20,089 --> 00:54:18,180

you know and and I I can appreciate that

1168

00:54:21,770 --> 00:54:20,099

but

1169

00:54:26,630 --> 00:54:21,780

um I think I think it's much much much

1170

00:54:28,549 --> 00:54:26,640

much much older uh than than what Graham

1171

00:54:31,609 --> 00:54:28,559

um has laid out you can't base it on the

1172

00:54:35,470 --> 00:54:31,619

Perry race map uh well well it depends

1173

00:54:38,510 --> 00:54:35,480

on when when this uh the ice

1174

00:54:39,950 --> 00:54:38,520

formed on Antarctica when that's

1175

00:54:42,829 --> 00:54:39,960

basically what you're saying did it form

1176

00:54:44,329 --> 00:54:42,839

uh at the beginning of the of the last

1177

00:54:46,010 --> 00:54:44,339

ice age or in the middle of the last

1178

00:54:48,770 --> 00:54:46,020

side Chase or at the end of the last

1179

00:54:51,530 --> 00:54:48,780

side stage and if I can bring in uh Mark

1180

00:54:55,430 --> 00:54:51,540

carlotto who put out a book before

1181

00:54:58,490 --> 00:54:55,440

Atlantis it's a good book yes he talks

1182

00:55:01,790 --> 00:54:58,500

about you know orientation of the

1183

00:55:05,150 --> 00:55:01,800

different uh ancient sites uh and picks

1184

00:55:08,870 --> 00:55:05,160

different locations for the Magnetic

1185

00:55:11,150 --> 00:55:08,880

North Pole and he shows that there were

1186

00:55:13,430 --> 00:55:11,160

civilizations going all the way back to

1187

00:55:16,010 --> 00:55:13,440

the middle of the last ice age although

1188

00:55:18,710 --> 00:55:16,020

he doesn't recognize the the

1189

00:55:20,809 --> 00:55:18,720

um the beginning of the last ice age as

1190

00:55:23,809 --> 00:55:20,819

being part of it and I'm whereas I do

1191

00:55:25,910 --> 00:55:23,819

recognize that it began a hundred and

1192

00:55:28,849 --> 00:55:25,920

eighteen thousand years ago he thinks it

1193

00:55:31,130 --> 00:55:28,859

began nice last night's about 50 000

1194

00:55:33,349 --> 00:55:31,140

years ago and then no the the evidence

1195

00:55:35,809 --> 00:55:33,359

in the course is that it goes back at

1196

00:55:37,910 --> 00:55:35,819

least a hundred and ten thousand years

1197

00:55:40,490 --> 00:55:37,920

do you think that uh you know we've got

1198

00:55:43,190 --> 00:55:40,500

so many research stations uh down

1199

00:55:46,069 --> 00:55:43,200

different countries in Antarctica doing

1200

00:55:48,290 --> 00:55:46,079

a lot of core samples and and things

1201

00:55:50,270 --> 00:55:48,300

they're obviously interested do you

1202

00:55:51,829 --> 00:55:50,280

think that they know do you think that

1203

00:55:54,829 --> 00:55:51,839

they know that there was somebody living

1204

00:55:58,069 --> 00:55:54,839

there a long time ago and it and and if

1205

00:56:00,530 --> 00:55:58,079

they do why aren't they sharing it

1206

00:56:04,670 --> 00:56:00,540

uh doesn't fit the narrative

1207

00:56:08,410 --> 00:56:04,680

I mean before that why because look at

1208

00:56:12,650 --> 00:56:08,420

the uh egyptologists who still cannot

1209

00:56:15,230 --> 00:56:12,660

recognize circular saw blades in huge

1210

00:56:18,650 --> 00:56:15,240

blocks of granite at the base of the

1211

00:56:21,230 --> 00:56:18,660

Great Pyramid and drill holes uh

1212

00:56:22,430 --> 00:56:21,240

perfectly round drill holes in many of

1213

00:56:25,069 --> 00:56:22,440

those rocks

1214

00:56:27,589 --> 00:56:25,079

they just can't recognize a high

1215

00:56:29,690 --> 00:56:27,599

technology tools why

1216

00:56:32,450 --> 00:56:29,700

they all are talking about you know

1217

00:56:34,370 --> 00:56:32,460

copper chisels and and Hammers and stuff

1218

00:56:37,790 --> 00:56:34,380

like that to be able to make all of that

1219

00:56:40,430 --> 00:56:37,800

stuff and it's um I don't think so

1220

00:56:42,349 --> 00:56:40,440

there's something else going on here

1221

00:56:45,349 --> 00:56:42,359

yeah you're you're right

1222

00:56:47,630 --> 00:56:45,359

um I just got back from Egypt and I'm

1223

00:56:50,390 --> 00:56:47,640

not gonna you know take up time on this

1224

00:56:54,470 --> 00:56:50,400

show about that but but I say it over

1225

00:56:56,630 --> 00:56:54,480

and over again when you uh are asking

1226

00:56:58,309 --> 00:56:56,640

questions and you have an open mind and

1227

00:57:01,010 --> 00:56:58,319

your eyeballs are open and you're

1228

00:57:03,890 --> 00:57:01,020

observing you you just take a look

1229

00:57:07,490 --> 00:57:03,900

around at any sites you know any of the

1230

00:57:09,650 --> 00:57:07,500

sites in Egypt and and know that they

1231

00:57:13,730 --> 00:57:09,660

had it figured out you know this you can

1232

00:57:16,549 --> 00:57:13,740

feel it now uh the egyptologists are in

1233

00:57:19,370 --> 00:57:16,559

denial I get that but they didn't want

1234

00:57:22,730 --> 00:57:19,380

to even admit that go back Lee Tepe uh

1235

00:57:25,250 --> 00:57:22,740

was real because that that upsets what

1236

00:57:28,490 --> 00:57:25,260

they've been telling the world for quite

1237

00:57:30,470 --> 00:57:28,500

a long time that uh the the Cradle of

1238

00:57:32,870 --> 00:57:30,480

everything started uh on the Giza

1239

00:57:34,010 --> 00:57:32,880

Plateau well basically now that that is

1240

00:57:35,270 --> 00:57:34,020

not the case

1241

00:57:36,829 --> 00:57:35,280

exactly

1242

00:57:39,049 --> 00:57:36,839

Dr Bruce Cornett now

1371

01:02:59,870 --> 01:02:56,760

um uh let's swing this back for a second

1372

01:03:02,630 --> 01:02:59,880

let's do a little bit of a reset

1373

01:03:06,829 --> 01:03:02,640

um who came first was it was it us or

1374

01:03:09,109 --> 01:03:06,839

them and obviously there is a connection

1375

01:03:12,470 --> 01:03:09,119

to what is happening right now with ET

1376
01:03:14,630 --> 01:03:12,480
and UFOs and this planet but but Bruce

1377
01:03:16,549 --> 01:03:14,640
who came first

1378
01:03:20,089 --> 01:03:16,559
I can give you some information that's

1379
01:03:23,270 --> 01:03:20,099
going to be like a um

1380
01:03:25,670 --> 01:03:23,280
a pebble in the pond okay

1381
01:03:28,250 --> 01:03:25,680
it's going to create ripples let's go

1382
01:03:31,430 --> 01:03:28,260
let's go I'm ready let's Ripple let's

1383
01:03:33,770 --> 01:03:31,440
come let's go I told you when I started

1384
01:03:36,170 --> 01:03:33,780
out that I was witnessing and

1385
01:03:39,530 --> 01:03:36,180
photographing spent 11 years in the

1386
01:03:42,410 --> 01:03:39,540
field documenting hundreds of close

1387
01:03:44,270 --> 01:03:42,420
encounters with unconventional craft I

1388
01:03:48,049 --> 01:03:44,280

mean any gravity craft

1389

01:03:50,150 --> 01:03:48,059

and witnessing them uh coming to us

1390

01:03:53,089 --> 01:03:50,160

finding us wherever we were in the

1391

01:03:57,010 --> 01:03:53,099

valley and putting on Sky glyphs in the

1392

01:04:01,250 --> 01:03:57,020

night sky uh incredible uh Sky glyphs

1393

01:04:02,890 --> 01:04:01,260

one was in the shape of the Superman s

1394

01:04:07,670 --> 01:04:02,900

for example

1395

01:04:09,349 --> 01:04:07,680

and others were just outrageous there no

1396

01:04:13,010 --> 01:04:09,359

way could a conventional aircraft

1397

01:04:16,549 --> 01:04:13,020

perform these things these crafts could

1398

01:04:19,970 --> 01:04:16,559

stop and and take off like a bat out of

1399

01:04:21,289 --> 01:04:19,980

hell I saw I saw I was with a couple of

1400

01:04:25,250 --> 01:04:21,299

hundred people

1401

01:04:31,069 --> 01:04:25,260

and I saw a green one cross this guy

1402

01:04:33,470 --> 01:04:31,079

huge do a backwards Zorro Z wow okay

1403

01:04:35,990 --> 01:04:33,480

lasted about a second

1404

01:04:37,549 --> 01:04:36,000

yeah but I took time exposures and

1405

01:04:39,289 --> 01:04:37,559

that's how I captured them and I would

1406

01:04:41,510 --> 01:04:39,299

splice all the pictures together and I

1407

01:04:44,150 --> 01:04:41,520

have hundreds of web pages on all of

1408

01:04:47,750 --> 01:04:44,160

these things that we discovered right

1409

01:04:49,490 --> 01:04:47,760

but in my process of doing that I

1410

01:04:50,930 --> 01:04:49,500

discovered that in the southern part of

1411

01:04:53,390 --> 01:04:50,940

the valley

1412

01:04:54,890 --> 01:04:53,400

there are two large Hills or small

1413

01:04:58,190 --> 01:04:54,900

mountains

1414

01:05:01,549 --> 01:04:58,200

in the shape of pyramids

1415

01:05:04,670 --> 01:05:01,559

one is called Mount Adam it's a stepped

1416

01:05:08,030 --> 01:05:04,680

four-sided stepped pyramid

1417

01:05:10,309 --> 01:05:08,040

still it survived the last ice age

1418

01:05:13,309 --> 01:05:10,319

and I've climbed to the top of that it's

1419

01:05:17,150 --> 01:05:13,319

quite a magnificent structure and then

1420

01:05:18,890 --> 01:05:17,160

off to the side is a low low Mound with

1421

01:05:20,750 --> 01:05:18,900

in the shape of a key

1422

01:05:22,609 --> 01:05:20,760

with with uh

1423

01:05:26,210 --> 01:05:22,619

um

1424

01:05:29,089 --> 01:05:26,220

as with a key it had three prongs on the

1425

01:05:32,210 --> 01:05:29,099

end of it and at that same time that I

1426
01:05:33,530 --> 01:05:32,220
discovered that crop circles appeared in

1427
01:05:37,010 --> 01:05:33,540
in England

1428
01:05:38,870 --> 01:05:37,020
of the key look exactly like the one

1429
01:05:41,630 --> 01:05:38,880
that I found in in the form of the

1430
01:05:44,329 --> 01:05:41,640
mountain now that one is named by the

1431
01:05:47,210 --> 01:05:44,339
early settlers Mount Eve

1432
01:05:49,069 --> 01:05:47,220
and the tall one of the step pyramid is

1433
01:05:53,589 --> 01:05:49,079
named Mount Adam

1434
01:05:57,049 --> 01:05:53,599
why would they name yeah

1435
01:05:59,349 --> 01:05:57,059
is this was this subliminal information

1436
01:06:03,230 --> 01:05:59,359
given to the early settlers of that area

1437
01:06:05,569 --> 01:06:03,240
now what is a fascinating Hoagland uh

1438
01:06:08,809 --> 01:06:05,579

said that the Sidonia complex in Mars

1439

01:06:11,569 --> 01:06:08,819

was built on the edge of a

1440

01:06:14,270 --> 01:06:11,579

of a shallow sea and they could even

1441

01:06:15,890 --> 01:06:14,280

find the shoreline of that ocean before

1442

01:06:18,890 --> 01:06:15,900

it disappeared

1443

01:06:22,250 --> 01:06:18,900

and that he shows a picture in one of

1444

01:06:24,230 --> 01:06:22,260

his web pages and of of the face viewed

1445

01:06:26,150 --> 01:06:24,240

from the

1446

01:06:29,089 --> 01:06:26,160

um

1447

01:06:34,130 --> 01:06:29,099

the city of pyramids where you could see

1448

01:06:37,309 --> 01:06:34,140

the face uh profile coming out of water

1449

01:06:40,069 --> 01:06:37,319

well in the Waco River Valley

1450

01:06:44,329 --> 01:06:40,079

everything behind or south of the face

1451

01:06:47,569 --> 01:06:44,339

near Goshen was a Shallow Lake

1452

01:06:50,329 --> 01:06:47,579

at one time in the end of the they had

1453

01:06:53,930 --> 01:06:50,339

the early settlers there in the 1800s

1454

01:06:56,569 --> 01:06:53,940

they had to build a canal through the

1455

01:06:59,270 --> 01:06:56,579

mouth of the face in order to drain that

1456

01:07:02,870 --> 01:06:59,280

lake so that they could claim the lake

1457

01:07:05,210 --> 01:07:02,880

Bud um bottom mutts and use it for

1458

01:07:08,589 --> 01:07:05,220

growing onions it's one of the best

1459

01:07:11,930 --> 01:07:08,599

onion growing areas in the country

1460

01:07:13,730 --> 01:07:11,940

but that it was originally a lake and

1461

01:07:17,089 --> 01:07:13,740

looked a lot like the picture of the

1462

01:07:20,089 --> 01:07:17,099

face on Mars when the ocean was there

1463

01:07:23,450 --> 01:07:20,099

so the question is

1464

01:07:25,609 --> 01:07:23,460

how much similarity is there between

1465

01:07:26,809 --> 01:07:25,619

what's on Mars and what's here in New

1466

01:07:29,210 --> 01:07:26,819

York state

1467

01:07:31,789 --> 01:07:29,220

and what is Mount Adam and mount Eve

1468

01:07:34,549 --> 01:07:31,799

have to do with all of this this is

1469

01:07:38,089 --> 01:07:34,559

really strange you ask the question

1470

01:07:39,230 --> 01:07:38,099

um did they are they us or did they

1471

01:07:40,609 --> 01:07:39,240

create us

1472

01:07:45,710 --> 01:07:40,619

and

1473

01:07:48,109 --> 01:07:45,720

gives some indication that they may have

1474

01:07:49,910 --> 01:07:48,119

been responsible for genetically

1475

01:07:52,430 --> 01:07:49,920

engineering us

1476

01:07:56,569 --> 01:07:52,440

and the old stories from uh gilgamation

1477

01:07:59,349 --> 01:07:56,579

from Samaria about uh the

1478

01:08:04,069 --> 01:07:59,359

Anunnaki coming to Earth and

1479

01:08:06,549 --> 01:08:04,079

creating us for as slaves for them

1480

01:08:08,870 --> 01:08:06,559

it might be true

1481

01:08:11,930 --> 01:08:08,880

how do you

1482

01:08:14,930 --> 01:08:11,940

um we're gonna come back right to where

1483

01:08:17,809 --> 01:08:14,940

we are right now but just like Graham

1484

01:08:19,990 --> 01:08:17,819

Hancock is is constantly rolling that

1485

01:08:23,450 --> 01:08:20,000

rock uphill right yes

1486

01:08:27,050 --> 01:08:23,460

it is constantly and others he's not the

1487

01:08:29,269 --> 01:08:27,060

only one right uh uh but right now he's

1488

01:08:34,010 --> 01:08:29,279

he's in his moment

1489

01:08:35,689 --> 01:08:34,020

um but uh so many are rolling that rock

1490

01:08:40,130 --> 01:08:35,699

uphill you're facing those same

1491

01:08:43,930 --> 01:08:40,140

challenges uh for you to present uh

1492

01:08:48,890 --> 01:08:43,940

another uh complex that replicates

1493

01:08:52,729 --> 01:08:48,900

one-to-one Sedona Sedonia on Mars uh in

1494

01:08:56,410 --> 01:08:52,739

New York that was leveled uh uh by

1495

01:09:00,110 --> 01:08:56,420

glaciers in uh during the last ice age

1496

01:09:02,630 --> 01:09:00,120

that that's an enormous Rock uh for

1497

01:09:04,970 --> 01:09:02,640

somebody like you to be rolling uphill

1498

01:09:07,430 --> 01:09:04,980

how do you how do you publish this and

1499

01:09:11,329 --> 01:09:07,440

how do you get people to accept it I put

1500

01:09:13,309 --> 01:09:11,339

it out there on um the uh on on web

1501

01:09:15,169 --> 01:09:13,319

pages I have a lot of web pages out

1502

01:09:18,410 --> 01:09:15,179

there that you can just do Sedonia 2

1503

01:09:21,950 --> 01:09:18,420

report and you'll get all of mine uh

1504

01:09:25,550 --> 01:09:21,960

information laid out for those who want

1505

01:09:29,209 --> 01:09:25,560

to read it but also I created a

1506

01:09:32,390 --> 01:09:29,219

a YouTube video on this in addition

1507

01:09:36,289 --> 01:09:32,400

and then you have Bill Burns

1508

01:09:39,289 --> 01:09:36,299

who was the editor of UFO magazine back

1509

01:09:42,709 --> 01:09:39,299

when I met him and he wanted to do a

1510

01:09:46,249 --> 01:09:42,719

story on on my work in the Walker River

1511

01:09:49,610 --> 01:09:46,259

Valley and the name of this uh History

1512

01:09:51,189 --> 01:09:49,620

Channel presentation is called UFO

1513

01:09:54,590 --> 01:09:51,199

vortexes

1514

01:09:57,890 --> 01:09:54,600

now what is important about that

1515

01:10:00,410 --> 01:09:57,900

is that he was out there with me we were

1516

01:10:03,650 --> 01:10:00,420

going around showing all of this stuff

1517

01:10:05,990 --> 01:10:03,660

uh and he and he presents a lot of it on

1518

01:10:07,430 --> 01:10:06,000

this uh show

1519

01:10:10,430 --> 01:10:07,440

and

1520

01:10:14,090 --> 01:10:10,440

he also presents this hologram that I

1521

01:10:16,750 --> 01:10:14,100

took a picture of uh back on the 28th of

1522

01:10:20,750 --> 01:10:16,760

April 1993.

1523

01:10:23,870 --> 01:10:20,760

and I was with Ellen Crystal and I saw

1524

01:10:24,890 --> 01:10:23,880

this craft rising up from a nearby farm

1525

01:10:28,310 --> 01:10:24,900

field

1526

01:10:30,709 --> 01:10:28,320

and it was traveling south and as it

1527

01:10:32,689 --> 01:10:30,719

Rose it did something strange I didn't

1528

01:10:34,010 --> 01:10:32,699

know what it did until I got the picture

1529

01:10:37,430 --> 01:10:34,020

developed

1530

01:10:40,370 --> 01:10:37,440

and there was a strange formation of

1531

01:10:44,510 --> 01:10:40,380

lights that it created and of course

1532

01:10:46,550 --> 01:10:44,520

those at UFO owners and Bill Burns

1533

01:10:51,830 --> 01:10:46,560

thought it was a UFO Vortex that's why

1534

01:10:54,709 --> 01:10:51,840

they called the show uh UFO vertices and

1535

01:10:56,930 --> 01:10:54,719

um but it's it's not a vortex

1536

01:11:00,290 --> 01:10:56,940

if you look at it closely

1537

01:11:02,750 --> 01:11:00,300

it was a hologram that was generated of

1538

01:11:07,430 --> 01:11:02,760

our binary solar system

1539

01:11:10,669 --> 01:11:07,440

and it has a sun our sun with rings

1540

01:11:13,610 --> 01:11:10,679

around it and inside those concentric

1541

01:11:16,970 --> 01:11:13,620

Rings it has planets of different size

1542

01:11:19,669 --> 01:11:16,980

and different color actually color coded

1543

01:11:22,610 --> 01:11:19,679

and then off to the right there is

1544

01:11:27,890 --> 01:11:22,620

another Sun a blue Sun

1545

01:11:30,470 --> 01:11:27,900

with a energy coming being drawn from

1546

01:11:32,510 --> 01:11:30,480

our sun to it

1547

01:11:37,070 --> 01:11:32,520

and all of the

1548

01:11:40,570 --> 01:11:37,080

uh the orbits of the planets

1549

01:11:42,850 --> 01:11:40,580

around our sun are are disc shaped

1550

01:11:46,729 --> 01:11:42,860

concave

1551

01:11:50,149 --> 01:11:46,739

towards the blue Sun indicating that it

1552

01:11:53,990 --> 01:11:50,159

is revolving around the blue Sun and

1553

01:11:56,810 --> 01:11:54,000

Walter croutendon has in early 2000s did

1554

01:11:59,689 --> 01:11:56,820

a lot of papers and in interviews about

1555

01:12:02,570 --> 01:11:59,699

uh the binary in fact this organization

1556

01:12:06,110 --> 01:12:02,580

is called you know the binary astrology

1557

01:12:08,390 --> 01:12:06,120

and uh he believes that we do have a

1558

01:12:10,010 --> 01:12:08,400

companion son then mythology it's talked

1559

01:12:13,310 --> 01:12:10,020

about and

1560

01:12:15,350 --> 01:12:13,320

they seem to have given us that

1561

01:12:18,229 --> 01:12:15,360

information in the form of a hologram a

1562

01:12:20,149 --> 01:12:18,239

spectacular uh piece of technology that

1563

01:12:22,669 --> 01:12:20,159

we can't duplicate

1564

01:12:27,470 --> 01:12:22,679

well what when Walter started to publish

1565

01:12:29,450 --> 01:12:27,480

this he was the uh one of the only

1566

01:12:34,010 --> 01:12:29,460

voices uh that we're talking about

1567

01:12:37,610 --> 01:12:34,020

binary systems uh today I think it's

1568

01:12:40,850 --> 01:12:37,620

generally accepted that binary star

1569

01:12:43,370 --> 01:12:40,860

systems are the most common versions of

1570

01:12:46,370 --> 01:12:43,380

star systems uh throughout the Universe

1571

01:12:49,189 --> 01:12:46,380

yes and and that's where we are today

1572

01:12:51,410 --> 01:12:49,199

Walter talk about the you know the

1573

01:12:54,649 --> 01:12:51,420

pebble right in the pond and causing

1574

01:12:56,149 --> 01:12:54,659

those ripples well as it turns out uh

1575

01:13:01,070 --> 01:12:56,159

Walter was on the right side of History

1576

01:13:03,709 --> 01:13:01,080

wasn't he yes yes in fact he said that

1577

01:13:05,030 --> 01:13:03,719

um the the procession of the Equinox is

1578

01:13:07,310 --> 01:13:05,040

actually

1579

01:13:11,090 --> 01:13:07,320

um he said because the proceeds a

1580

01:13:12,830 --> 01:13:11,100

process as well as the uh zodiac from

1581

01:13:15,590 --> 01:13:12,840

the earth standpoint

1582

01:13:17,930 --> 01:13:15,600

that it represents

1583

01:13:20,350 --> 01:13:17,940

the rotation of this whole solar system

1584

01:13:22,570 --> 01:13:20,360

not something that's

1585

01:13:26,030 --> 01:13:22,580

centered about Earth

1586

01:13:28,070 --> 01:13:26,040

and um that's why what we're seeing now

1587

01:13:30,229 --> 01:13:28,080

with the Earth not rotating on its

1588

01:13:31,669 --> 01:13:30,239

orbital axis we're seeing the background

1589

01:13:34,189 --> 01:13:31,679

procession

1590

01:13:36,050 --> 01:13:34,199

uh of the uh

1591

01:13:39,790 --> 01:13:36,060

the position of the zodiacs

1592

01:13:42,410 --> 01:13:39,800

constellations changing 50 angst uh what

1593

01:13:47,390 --> 01:13:42,420

astronomical units every year

1594

01:13:51,470 --> 01:13:47,400

as we process through 360 degrees of the

1595

01:13:56,090 --> 01:13:51,480

zodiac over 25 770 years

1596

01:13:57,950 --> 01:13:56,100

this is is the background because the

1597

01:14:00,490 --> 01:13:57,960

Earth is not rotating on its orbital

1598

01:14:03,950 --> 01:14:00,500

axis but during the Ice Age when it did

1599

01:14:05,750 --> 01:14:03,960

that imp that that cycle just over

1600

01:14:08,570 --> 01:14:05,760

printed everything else you couldn't

1601
01:14:12,110 --> 01:14:08,580
have the procession was still there

1602
01:14:16,070 --> 01:14:12,120
but it wasn't uh is visible as it is

1603
01:14:19,010 --> 01:14:16,080
today well and and uh Mike Brown who's

1604
01:14:22,070 --> 01:14:19,020
an astrophysicist uh at Caltech about

1605
01:14:24,530 --> 01:14:22,080
five years ago uh well he he published

1606
01:14:25,970 --> 01:14:24,540
two papers on this but about five years

1607
01:14:27,649 --> 01:14:25,980
ago he said

1608
01:14:31,669 --> 01:14:27,659
there's another planet out there

1609
01:14:34,970 --> 01:14:31,679
something is causing uh the strange

1610
01:14:36,950 --> 01:14:34,980
movements of Neptune and and Saturn that

1611
01:14:39,709 --> 01:14:36,960
we can't explain and the only thing that

1612
01:14:41,270 --> 01:14:39,719
would do that in the math support is

1613
01:14:45,950 --> 01:14:41,280

that there is another planet that we

1614

01:14:50,030 --> 01:14:45,960

can't see uh that is beyond uh Neptune

1615

01:14:53,330 --> 01:14:50,040

and and he says

1616

01:14:56,750 --> 01:14:53,340

it's the math right and the the math

1617

01:14:58,910 --> 01:14:56,760

says that this body is out there it's

1618

01:15:01,490 --> 01:14:58,920

too far out to reflect sunlight

1619

01:15:04,729 --> 01:15:01,500

therefore we can't see it but it is

1620

01:15:06,470 --> 01:15:04,739

affecting us but isn't this exactly what

1621

01:15:10,070 --> 01:15:06,480

the Sumerian texts were talking about

1622

01:15:11,630 --> 01:15:10,080

yes yes also I got a picture a

1623

01:15:14,209 --> 01:15:11,640

photograph of it

1624

01:15:17,689 --> 01:15:14,219

they gave me a an image of where it was

1625

01:15:20,209 --> 01:15:17,699

in the night sky uh my wife and I were

1626
01:15:21,590 --> 01:15:20,219
out on West Harrisville Road waiting for

1627
01:15:22,910 --> 01:15:21,600
something to happen all of a sudden a

1628
01:15:25,250 --> 01:15:22,920
light turns on

1629
01:15:28,310 --> 01:15:25,260
behind the trees across the farm field

1630
01:15:30,169 --> 01:15:28,320
right and Rises up and as it rises up it

1631
01:15:32,390 --> 01:15:30,179
does an S shape

1632
01:15:34,970 --> 01:15:32,400
then it gets above the trees and it

1633
01:15:37,790 --> 01:15:34,980
starts traveling south and as it travels

1634
01:15:41,330 --> 01:15:37,800
South it rises in altitude

1635
01:15:44,750 --> 01:15:41,340
and and goes to a specific point in the

1636
01:15:47,090 --> 01:15:44,760
night sky where there was a star all

1637
01:15:49,790 --> 01:15:47,100
right and tags that star

1638
01:15:50,870 --> 01:15:49,800

well that star doesn't exist on any Star

1639

01:15:54,890 --> 01:15:50,880

Charts

1640

01:15:55,689 --> 01:15:54,900

hmm and it went out after it it tagged

1641

01:15:59,270 --> 01:15:55,699

it

1642

01:16:02,390 --> 01:15:59,280

so were they trying to point out the

1643

01:16:03,910 --> 01:16:02,400

position of that other body in our solar

1644

01:16:06,709 --> 01:16:03,920

system

1645

01:16:09,050 --> 01:16:06,719

do you think that's Nibiru and do you

1646

01:16:13,250 --> 01:16:09,060

think that what Mike Brown is talking

1647

01:16:15,649 --> 01:16:13,260

about is possibly Nibiru could be

1648

01:16:18,890 --> 01:16:15,659

it could be could very well be

1649

01:16:22,430 --> 01:16:18,900

I don't know yeah yeah wow I mean just

1650

01:16:25,250 --> 01:16:22,440

wouldn't see the thing is you know they

1651

01:16:29,090 --> 01:16:25,260

just don't want us to know but at some

1652

01:16:30,130 --> 01:16:29,100

point uh we are going to find out these

1653

01:16:34,010 --> 01:16:30,140

things

1654

01:16:37,010 --> 01:16:34,020

and are have we been lied to right

1655

01:16:39,110 --> 01:16:37,020

throughout history and why uh why is

1656

01:16:41,330 --> 01:16:39,120

that the case or

1657

01:16:44,570 --> 01:16:41,340

um are we about to to have a really big

1658

01:16:46,610 --> 01:16:44,580

surprise and I feel like something is

1659

01:16:49,250 --> 01:16:46,620

right here on the horizon uh what do you

1660

01:16:51,110 --> 01:16:49,260

think yes I think we're very close I

1661

01:16:54,169 --> 01:16:51,120

mean we're seeing increased numbers of

1662

01:16:56,209 --> 01:16:54,179

sightings all across the world and

1663

01:16:59,810 --> 01:16:56,219

especially in the United States

1664

01:17:03,410 --> 01:16:59,820

and keep in mind that during the 1990s

1665

01:17:04,250 --> 01:17:03,420

until 2003 I was 11 years going into the

1666

01:17:08,090 --> 01:17:04,260

field

1667

01:17:10,490 --> 01:17:08,100

I was supported by my uh wife at the

1668

01:17:12,410 --> 01:17:10,500

time and she she was a workaholic and

1669

01:17:14,990 --> 01:17:12,420

all she wanted me to do is raise her

1670

01:17:15,830 --> 01:17:15,000

kids which I did and

1671

01:17:20,689 --> 01:17:15,840

um

1672

01:17:25,790 --> 01:17:20,699

I would take trips up to Pine Bush and

1673

01:17:27,709 --> 01:17:25,800

go in the field and I documented 140

1674

01:17:29,390 --> 01:17:27,719

Close Encounters they're all on my web

1675

01:17:33,669 --> 01:17:29,400

pages

1676

01:17:36,470 --> 01:17:33,679

and um I've been you know uh

1677

01:17:37,790 --> 01:17:36,480

been written about in books called

1678

01:17:39,770 --> 01:17:37,800

repeaters

1679

01:17:43,729 --> 01:17:39,780

because I'm one of the very few who has

1680

01:17:46,010 --> 01:17:43,739

had so many repeating encounters but

1681

01:17:49,010 --> 01:17:46,020

this I was right in the middle of their

1682

01:17:51,169 --> 01:17:49,020

their location now keep in mind that

1683

01:17:52,610 --> 01:17:51,179

this is the valley where these monuments

1684

01:17:55,010 --> 01:17:52,620

I found right

1685

01:17:55,970 --> 01:17:55,020

if this was a civilization that lived

1686

01:18:00,430 --> 01:17:55,980

there

1687

01:18:02,810 --> 01:18:00,440

they're just Underground

1688

01:18:03,709 --> 01:18:02,820

do you think that

1689

01:18:06,649 --> 01:18:03,719

um

1690

01:18:09,290 --> 01:18:06,659

do you think that they're coming to you

1691

01:18:11,390 --> 01:18:09,300

or again it's kind of like the same

1692

01:18:13,430 --> 01:18:11,400

question I asked you before are you are

1693

01:18:16,070 --> 01:18:13,440

you pulling them in or do they know that

1694

01:18:18,649 --> 01:18:16,080

you're there and they're winking at you

1695

01:18:21,229 --> 01:18:18,659

oh I

1696

01:18:22,870 --> 01:18:21,239

I did something I agreed to do something

1697

01:18:25,970 --> 01:18:22,880

for them

1698

01:18:29,450 --> 01:18:25,980

that um was perhaps the most

1699

01:18:31,010 --> 01:18:29,460

extraordinary part of my life of and I I

1700

01:18:33,130 --> 01:18:31,020

don't know if we can get very far into

1701

01:18:36,950 --> 01:18:33,140

this at this time but I wrote

1702

01:18:38,510 --> 01:18:36,960

a whole page a web page on it called The

1703

01:18:42,229 --> 01:18:38,520

Passion of Bonnie

1704

01:18:46,310 --> 01:18:42,239

and then I also gave a talk at the

1705

01:18:47,570 --> 01:18:46,320

Lachlan UFO Mega conference called

1706

01:18:51,350 --> 01:18:47,580

um

1707

01:18:53,149 --> 01:18:51,360

anatomy of an ET spiritual deception of

1708

01:18:56,209 --> 01:18:53,159

biblical magnitude

1709

01:18:58,610 --> 01:18:56,219

and it goes in all of the details of

1710

01:19:00,830 --> 01:18:58,620

what I went through for seven years

1711

01:19:03,350 --> 01:19:00,840

with this woman

1712

01:19:05,990 --> 01:19:03,360

who when she died

1713

01:19:08,330 --> 01:19:06,000

my mother and I witnessed her spirit and

1714

01:19:11,810 --> 01:19:08,340

videotaped it over her grave

1715

01:19:14,450 --> 01:19:11,820

and then we saw a second son appear in

1716

01:19:15,470 --> 01:19:14,460

an overhead Cloud this is around 8 30 in

1717

01:19:17,990 --> 01:19:15,480

the morning

1718

01:19:20,330 --> 01:19:18,000

and the actual Sun it was barely

1719

01:19:21,530 --> 01:19:20,340

breaking the tops of the trees to the

1720

01:19:24,590 --> 01:19:21,540

east

1721

01:19:27,709 --> 01:19:24,600

and we saw a beam of golden light come

1722

01:19:31,790 --> 01:19:27,719

down from the Sun capture her spirit

1723

01:19:35,450 --> 01:19:31,800

it went up into that second sun the beam

1724

01:19:38,689 --> 01:19:35,460

of light retracted and it went out

1725

01:19:41,510 --> 01:19:38,699

now this was in 1991 when she died in

1726

01:19:43,310 --> 01:19:41,520

January 12th it wasn't until a couple

1727

01:19:45,590 --> 01:19:43,320

years later that the technology caught

1728

01:19:46,370 --> 01:19:45,600

up with everybody with their computers

1729

01:19:49,330 --> 01:19:46,380

etc

1730

01:19:52,610 --> 01:19:49,340

and they had abilities

1731

01:19:55,010 --> 01:19:52,620

devices that could capture frames off of

1732

01:19:59,870 --> 01:19:55,020

a you know analog video

1733

01:20:01,910 --> 01:19:59,880

so I uh converted my video that I took

1734

01:20:04,610 --> 01:20:01,920

with the um

1735

01:20:06,890 --> 01:20:04,620

to digital and I went through the each

1736

01:20:09,770 --> 01:20:06,900

of the frames frame by frame and 30

1737

01:20:11,689 --> 01:20:09,780

frames per second and for about three or

1738

01:20:14,390 --> 01:20:11,699

four frames

1739

01:20:16,430 --> 01:20:14,400

I had my camera on my shoulder as I was

1740

01:20:19,250 --> 01:20:16,440

driving into this Garden of Texas

1741

01:20:23,450 --> 01:20:19,260

Liberty where she is buried

1742

01:20:24,830 --> 01:20:23,460

suddenly this huge Mothership sticking

1743

01:20:28,070 --> 01:20:24,840

out of the cloud

1744

01:20:30,350 --> 01:20:28,080

I mean it's enormous it's white a

1745

01:20:33,290 --> 01:20:30,360

dome-shaped double brimmed and flat

1746

01:20:36,709 --> 01:20:33,300

bottomed you can see it very clearly

1747

01:20:39,110 --> 01:20:36,719

and then the cloud quickly enveloped the

1748

01:20:41,090 --> 01:20:39,120

crap the mothership and it and it went

1749

01:20:44,090 --> 01:20:41,100

back to being just the cloud

1750

01:20:46,310 --> 01:20:44,100

so that told me and in addition to the

1751

01:20:48,770 --> 01:20:46,320

fact that my late wife continued to

1752

01:20:52,669 --> 01:20:48,780

communicate with me after she died

1753

01:20:54,830 --> 01:20:52,679

telepathically for at least six years

1754

01:20:59,330 --> 01:20:54,840

and instructing me about what's going on

1755

01:21:02,390 --> 01:20:59,340

she's part of a the the very uh beings

1756

01:21:04,729 --> 01:21:02,400

that were part of that Civilization that

1757

01:21:09,290 --> 01:21:04,739

existed in the valley

1758

01:21:13,189 --> 01:21:09,300

um and also were behind they she said

1759

01:21:16,729 --> 01:21:13,199

she claims behind uh ancient Egypt uh

1760

01:21:20,149 --> 01:21:16,739

religion and Sumerian religion

1761

01:21:22,669 --> 01:21:20,159

so how do you uh Bruce here's the

1762

01:21:24,590 --> 01:21:22,679

serious question how do you as a you

1763

01:21:26,390 --> 01:21:24,600

know scientist you've got you know a

1764

01:21:28,790 --> 01:21:26,400

degree in biology you got a master's

1765

01:21:31,189 --> 01:21:28,800

degree in paleobotany

1766

01:21:34,250 --> 01:21:31,199

uh you graduated from Penn State with a

1767

01:21:37,669 --> 01:21:34,260

PhD in geology how do you as a

1768

01:21:41,090 --> 01:21:37,679

scientists start to resolve all of this

1769

01:21:43,070 --> 01:21:41,100

and and try to remain pragmatic or have

1770

01:21:47,270 --> 01:21:43,080

you just let it all go and you're just

1771

01:21:49,610 --> 01:21:47,280

you're with me in woo-woo land I mean uh

1772

01:21:50,570 --> 01:21:49,620

well I'd like to well keep in mind that

1773

01:21:53,689 --> 01:21:50,580

one

1774

01:21:57,530 --> 01:21:53,699

I was uh this all started back on March

1775

01:22:00,830 --> 01:21:57,540

23rd 1981 we were drilling wells in the

1776

01:22:01,550 --> 01:22:00,840

Richmond Basin of Virginia and

1777

01:22:03,830 --> 01:22:01,560

um

1778

01:22:05,870 --> 01:22:03,840

the I

1779

01:22:09,110 --> 01:22:05,880

was living in Houston Texas at the time

1780

01:22:11,870 --> 01:22:09,120

and I had gone to a Baptist retreat

1781

01:22:14,270 --> 01:22:11,880

uh on the coastline and on the church

1782

01:22:17,510 --> 01:22:14,280

bus headed back to Houston

1783

01:22:19,790 --> 01:22:17,520

hey Spirit talked to me and it said are

1784

01:22:22,010 --> 01:22:19,800

you ready to serve God and do whatever

1785

01:22:26,149 --> 01:22:22,020

he asks you to do

1786

01:22:28,250 --> 01:22:26,159

and I said yes and then the voice said

1787

01:22:30,950 --> 01:22:28,260

there is somebody who needs help if I

1788

01:22:33,410 --> 01:22:30,960

bring her to you will you help her I

1789

01:22:34,669 --> 01:22:33,420

thought for a moment I was single I said

1790

01:22:36,709 --> 01:22:34,679

yes

1791

01:22:39,229 --> 01:22:36,719

when will I meet her the voice said

1792

01:22:41,290 --> 01:22:39,239

before the year is out I met around 15

1793

01:22:45,350 --> 01:22:41,300

December 1983

1794

01:22:48,229 --> 01:22:45,360

and on a very unusual circumstances

1795

01:22:50,810 --> 01:22:48,239

she was definitely in need of trouble I

1796

01:22:53,930 --> 01:22:50,820

had just purchased a brand new house I

1797

01:22:55,669 --> 01:22:53,940

was living there you know alone and I

1798

01:22:57,350 --> 01:22:55,679

told her I said why don't you cut you

1799

01:22:59,390 --> 01:22:57,360

and your son come and live with me if

1800

01:23:01,370 --> 01:22:59,400

you should because you know and we

1801

01:23:02,930 --> 01:23:01,380

stayed together for seven years until

1802

01:23:06,290 --> 01:23:02,940

she died

1803

01:23:08,030 --> 01:23:06,300

and then she can came back and but when

1804

01:23:09,890 --> 01:23:08,040

on that first weekend we were together

1805

01:23:13,010 --> 01:23:09,900

Jimmy

1806

01:23:16,910 --> 01:23:13,020

she just blew my mind completely you

1807

01:23:19,790 --> 01:23:16,920

know forget woo-woo I mean okay I mean

1808

01:23:22,790 --> 01:23:19,800

she was she had been tested by the

1809

01:23:25,490 --> 01:23:22,800

Princeton University paranormal lab and

1810

01:23:27,649 --> 01:23:25,500

has scored virtually 100 percent

1811

01:23:30,790 --> 01:23:27,659

she demonstrated everything she said she

1812

01:23:33,470 --> 01:23:30,800

was the telepathic precognitive

1813

01:23:35,209 --> 01:23:33,480

telekinetic and and

1814

01:23:36,590 --> 01:23:35,219

um she could predict the future she knew

1815

01:23:37,370 --> 01:23:36,600

what was going to happen all of this

1816

01:23:41,870 --> 01:23:37,380

stuff

1817

01:23:43,790 --> 01:23:41,880

and um I said well is there any way you

1818

01:23:46,310 --> 01:23:43,800

could prove this to me

1819

01:23:48,649 --> 01:23:46,320

and she said well pick up one of your

1820

01:23:52,370 --> 01:23:48,659

books that you know what I haven't read

1821

01:23:55,250 --> 01:23:52,380

and okay I got a book and I handed it to

1822

01:23:58,010 --> 01:23:55,260

her scientific book right

1823

01:24:00,050 --> 01:23:58,020

and she opened she put it between her

1824

01:24:02,750 --> 01:24:00,060

hands and she closed her eyes she

1825

01:24:04,430 --> 01:24:02,760

meditated for about a minute

1826

01:24:05,750 --> 01:24:04,440

then she opened her eyes she handed it

1827

01:24:09,290 --> 01:24:05,760

to me

1828

01:24:12,410 --> 01:24:09,300

she said now open it up to any page

1829

01:24:13,729 --> 01:24:12,420

so that only you can see the page which

1830

01:24:16,550 --> 01:24:13,739

I did

1831

01:24:17,270 --> 01:24:16,560

and she said now tell me the page and I

1832

01:24:19,790 --> 01:24:17,280

did

1833

01:24:22,910 --> 01:24:19,800

and she started reciting line for line

1834

01:24:25,189 --> 01:24:22,920

what the script was on that page

1835

01:24:27,229 --> 01:24:25,199

you know that's that's voodoo man yeah

1836

01:24:29,689 --> 01:24:27,239

what do you do with that what do you do

1837

01:24:32,450 --> 01:24:29,699

what do you do what do you do did you

1838

01:24:34,370 --> 01:24:32,460

freak out I mean if that was done in

1839

01:24:36,830 --> 01:24:34,380

years past somebody would get burned at

1840

01:24:39,169 --> 01:24:36,840

the stake that's right

1841

01:24:41,890 --> 01:24:39,179

and she moved objects and all sorts of

1842

01:24:45,350 --> 01:24:41,900

things she had a um

1843

01:24:47,149 --> 01:24:45,360

had developed three types of cancer in

1844

01:24:49,669 --> 01:24:47,159

an eight-month period and had three

1845

01:24:52,189 --> 01:24:49,679

different surgeries to remove the cancer

1846

01:24:53,390 --> 01:24:52,199

and and she left her disabled

1847

01:24:56,209 --> 01:24:53,400

well

1848

01:24:58,130 --> 01:24:56,219

she um

1849

01:25:00,770 --> 01:24:58,140

would occasionally have excruciating

1850

01:25:02,990 --> 01:25:00,780

pain and her left leg where a lot of the

1851
01:25:04,850 --> 01:25:03,000
muscle and tendon had been removed

1852
01:25:06,729 --> 01:25:04,860
and whenever that happened glass around

1853
01:25:10,070 --> 01:25:06,739
her was in Mortal Danger

1854
01:25:12,290 --> 01:25:10,080
and one time she was she dropped a match

1855
01:25:16,189 --> 01:25:12,300
into her the hole in her leg

1856
01:25:17,149 --> 01:25:16,199
and she cringed in in pain she's lying

1857
01:25:19,430 --> 01:25:17,159
in bed

1858
01:25:21,410 --> 01:25:19,440
he cringed the pain and the glass thick

1859
01:25:23,810 --> 01:25:21,420
glass ashtray next to her on the

1860
01:25:26,689 --> 01:25:23,820
nightstand it's exploded like a hangar

1861
01:25:29,649 --> 01:25:26,699
in ape and went across the room

1862
01:25:33,169 --> 01:25:29,659
then another time we were toasting a

1863
01:25:35,649 --> 01:25:33,179

wine wine glasses and we wanted to hook

1864

01:25:37,669 --> 01:25:35,659

our arms together and I did

1865

01:25:40,729 --> 01:25:37,679

and uh

1866

01:25:42,229 --> 01:25:40,739

she cringed in pain and the glass in her

1867

01:25:45,350 --> 01:25:42,239

hand just completely shattered into

1868

01:25:48,169 --> 01:25:45,360

little pieces and fell to the floor

1869

01:25:51,709 --> 01:25:48,179

and on a third time we were on a trip

1870

01:25:53,510 --> 01:25:51,719

from Houston up to New York to live

1871

01:25:55,790 --> 01:25:53,520

and I was working going to work at

1872

01:25:58,010 --> 01:25:55,800

Lamont Doherty Earth Observatory

1873

01:26:01,550 --> 01:25:58,020

and she had propped her bad leg up onto

1874

01:26:04,910 --> 01:26:01,560

the dashboard of the rider truck

1875

01:26:07,070 --> 01:26:04,920

and everything was going fine until she

1876

01:26:09,590 --> 01:26:07,080

started cringing in pain and a

1877

01:26:12,709 --> 01:26:09,600

Spiderwick crack appeared in the

1878

01:26:15,229 --> 01:26:12,719

windshield radiating out

1879

01:26:17,090 --> 01:26:15,239

so that's what I mean by glass was in

1880

01:26:20,990 --> 01:26:17,100

Mortal danger around her whenever she's

1881

01:26:23,570 --> 01:26:21,000

in pain no kidding no kidding and

1882

01:26:25,790 --> 01:26:23,580

um can we talk about nids for a second

1883

01:26:28,370 --> 01:26:25,800

sure

1884

01:26:30,350 --> 01:26:28,380

um uh have you been watching uh skin

1885

01:26:32,570 --> 01:26:30,360

walker Ranch who do you watch the TV

1886

01:26:34,189 --> 01:26:32,580

show yeah I'm one of the Insiders now

1887

01:26:37,610 --> 01:26:34,199

okay

1888

01:26:39,709 --> 01:26:37,620

um uh I've been doing a review of uh the

1889

01:26:42,649 --> 01:26:39,719

new episodes with Christina Gomez each

1890

01:26:44,750 --> 01:26:42,659

week and following closely what's going

1891

01:26:46,550 --> 01:26:44,760

along and

1892

01:26:49,070 --> 01:26:46,560

um as you can imagine I know most of the

1893

01:26:52,209 --> 01:26:49,080

players right uh throughout the years

1894

01:26:56,149 --> 01:26:52,219

and and have interviewed many

1895

01:27:00,050 --> 01:26:56,159

uh and uh on and off the air uh about

1896

01:27:03,950 --> 01:27:00,060

Skinwalker you got involved uh back in

1897

01:27:05,930 --> 01:27:03,960

the early 2000s 2004 2004. how did that

1898

01:27:08,209 --> 01:27:05,940

happen how did you how did you get

1899

01:27:11,570 --> 01:27:08,219

connected uh with Bigelow

1900

01:27:12,830 --> 01:27:11,580

I was uh irritating some people you if

1901

01:27:14,510 --> 01:27:12,840

you're familiar with all those people

1902

01:27:17,450 --> 01:27:14,520

it's gonna Walker Ranch you know that

1903

01:27:18,370 --> 01:27:17,460

Bigelow was heavily connected to the

1904

01:27:21,169 --> 01:27:18,380

government

1905

01:27:23,750 --> 01:27:21,179

and uh Harry Reid and all of the other

1906

01:27:25,610 --> 01:27:23,760

stuff he's getting money from NSA to be

1907

01:27:29,209 --> 01:27:25,620

able to do his a lot of his work he

1908

01:27:31,250 --> 01:27:29,219

wasn't spending his own money any rate

1909

01:27:32,810 --> 01:27:31,260

what surprised me when I started working

1910

01:27:38,209 --> 01:27:32,820

there is to find out how many people

1911

01:27:40,729 --> 01:27:38,219

that he hired were former FBI NSA CIA

1912

01:27:42,590 --> 01:27:40,739

employees

1913

01:27:44,570 --> 01:27:42,600

and saying why does he need all these

1914

01:27:46,250 --> 01:27:44,580

different people what is what are the

1915

01:27:49,070 --> 01:27:46,260

connection between all of that well yeah

1916

01:27:51,649 --> 01:27:49,080

can I can I ask you really quick we're

1917

01:27:53,689 --> 01:27:51,659

going to get that how did you how did

1918

01:27:54,950 --> 01:27:53,699

you meet Bigelow how did how did that

1919

01:27:59,330 --> 01:27:54,960

happen

1920

01:28:00,169 --> 01:27:59,340

uh column Kelleher Dr Kelleher gave me a

1921

01:28:04,490 --> 01:28:00,179

phone call

1922

01:28:07,250 --> 01:28:04,500

back in October of uh 2002.

1923

01:28:08,870 --> 01:28:07,260

oh no 2003 I'm sorry

1924

01:28:11,689 --> 01:28:08,880

and

1925

01:28:13,250 --> 01:28:11,699

he asked me uh uh I said we have a

1926

01:28:15,350 --> 01:28:13,260

position opening up

1927

01:28:17,930 --> 01:28:15,360

in at Ned's and wondered whether or not

1928

01:28:20,870 --> 01:28:17,940

I'd be interested in in taking it he

1929

01:28:22,330 --> 01:28:20,880

said that Bigelow wants to uh shut down

1930

01:28:23,870 --> 01:28:22,340

nids

1931

01:28:35,450 --> 01:28:23,880

and

1932

01:28:38,510 --> 01:28:35,460

you come on board uh you can um uh he'll

1933

01:28:40,430 --> 01:28:38,520

keep it in what position uh that you

1934

01:28:43,430 --> 01:28:40,440

were like one of the administrators yeah

1935

01:28:46,310 --> 01:28:43,440

right the Deputy Administrator of nibs

1936

01:28:48,169 --> 01:28:46,320

nids right but but Bigelow would not

1937

01:28:50,450 --> 01:28:48,179

allow me to go to the ranch or allow me

1938

01:28:53,510 --> 01:28:50,460

to do field work he just kept me

1939

01:28:58,430 --> 01:28:53,520

basically chained to a desk in Las Vegas

1940

01:29:03,110 --> 01:28:58,440

in Las Vegas right at his office in this

1941

01:29:05,390 --> 01:29:03,120

and uh it is when after four months

1942

01:29:08,990 --> 01:29:05,400

everything seemed to be going well and

1943

01:29:11,870 --> 01:29:09,000

then suddenly uh Kelleher informs me

1944

01:29:14,629 --> 01:29:11,880

that Bigelow is shedding the the nids

1945

01:29:18,530 --> 01:29:14,639

down and that your services are nowhere

1946

01:29:22,310 --> 01:29:18,540

longer needed so I was shoved out onto

1947

01:29:24,169 --> 01:29:22,320

the street basically

1948

01:29:27,709 --> 01:29:24,179

um

1949

01:29:30,410 --> 01:29:27,719

and I look back on that Jimmy and I

1950

01:29:32,870 --> 01:29:30,420

realized that there's something

1951

01:29:33,890 --> 01:29:32,880

um you know that's just not right about

1952

01:29:37,970 --> 01:29:33,900

this

1953

01:29:40,430 --> 01:29:37,980

that I was pulled uh west of the

1954

01:29:43,310 --> 01:29:40,440

Mississippi River away from my field

1955

01:29:44,950 --> 01:29:43,320

area because somebody wanted me out of

1956

01:29:47,330 --> 01:29:44,960

New York

1957

01:29:49,070 --> 01:29:47,340

what what did you

1958

01:29:51,590 --> 01:29:49,080

um yeah that's interesting isn't it

1959

01:29:54,169 --> 01:29:51,600

that's that's real interesting

1960

01:29:56,270 --> 01:29:54,179

um what did you uh I don't know if you

1961

01:29:58,870 --> 01:29:56,280

can share this but

1962

01:30:02,510 --> 01:29:58,880

um what did you learn uh about

1963

01:30:04,550 --> 01:30:02,520

Skinwalker uh that you uh you know about

1964

01:30:06,770 --> 01:30:04,560

the phenomena that is is going on there

1965

01:30:11,450 --> 01:30:06,780

that you can share with us in that brief

1966

01:30:14,990 --> 01:30:11,460

period at mids okay uh Eric Davis uh he

1967

01:30:17,030 --> 01:30:15,000

helped uh introduce me to uh nids and

1968

01:30:20,030 --> 01:30:17,040

its crew uh the people that he had been

1969

01:30:23,629 --> 01:30:20,040

working with on on the research team

1970

01:30:25,610 --> 01:30:23,639

that had preceded me that research team

1971

01:30:27,229 --> 01:30:25,620

had been disbanded for the most part

1972

01:30:31,610 --> 01:30:27,239

even though some of the people such as

1973

01:30:35,330 --> 01:30:31,620

Jacques valet and John and Alexander and

1974

01:30:36,470 --> 01:30:35,340

and himself were all still part of Ned's

1975

01:30:41,450 --> 01:30:36,480

um

1976

01:30:43,669 --> 01:30:41,460

they wanted uh you know he he told me

1977

01:30:45,470 --> 01:30:43,679

about what they had done and comb

1978

01:30:48,590 --> 01:30:45,480

Kelleher explained a lot of the things

1979

01:30:51,890 --> 01:30:48,600

to me that what they had discovered okay

1980

01:30:55,310 --> 01:30:51,900

at at skinwalker and all of that

1981

01:30:57,590 --> 01:30:55,320

information has since come out in in uh

1982

01:31:00,830 --> 01:30:57,600

George Knapp and call him Kelleher's

1983

01:31:03,290 --> 01:31:00,840

book you know a lot of the same stuff

1984

01:31:05,390 --> 01:31:03,300

that's in there I was told when I was

1985

01:31:07,729 --> 01:31:05,400

there so there's nothing really

1986

01:31:10,129 --> 01:31:07,739

um extraordinary other than what you're

1987

01:31:12,590 --> 01:31:10,139

seeing now on the Skinwalker Ranch show

1988

01:31:16,629 --> 01:31:12,600

they're finding more things going on

1989

01:31:18,290 --> 01:31:16,639

there now than Bigelow ever found

1990

01:31:22,430 --> 01:31:18,300

the

1991

01:31:25,910 --> 01:31:22,440

um how much should uh Eric Davis know

1992

01:31:28,129 --> 01:31:25,920

because at that time it's you know

1993

01:31:31,129 --> 01:31:28,139

history man history is a [h__h] isn't it

1994

01:31:33,709 --> 01:31:31,139

because you get to learn the truth and

1995

01:31:35,810 --> 01:31:33,719

here we are in uh 2023 we know that uh

1996

01:31:37,010 --> 01:31:35,820

What uh three years ago four years ago

1997

01:31:38,770 --> 01:31:37,020

three years ago the Wilson Davis

1998

01:31:43,490 --> 01:31:38,780

document surfaced

1999

01:31:47,030 --> 01:31:43,500

and uh and which was written uh you know

2000

01:31:48,830 --> 01:31:47,040

transcription of by Eric Davis in 2002.

2001

01:31:52,850 --> 01:31:48,840

you arrived on the scene there at mids

2002

01:31:55,430 --> 01:31:52,860

in late 2003 and 2004 right a document

2003

01:31:59,689 --> 01:31:55,440

was already written

2004

01:32:03,649 --> 01:31:59,699

um was was Eric Davis a part of nid's

2005

01:32:06,530 --> 01:32:03,659

still or had he left mids uh in 2003.

2006

01:32:08,330 --> 01:32:06,540

well you you realize that Eric Davis and

2007

01:32:09,310 --> 01:32:08,340

Hal putoff are still part of that whole

2008

01:32:13,209 --> 01:32:09,320

team

2009

01:32:15,850 --> 01:32:13,219

yes so yeah there

2010

01:32:19,370 --> 01:32:15,860

nobody has left that bed

2011

01:32:22,250 --> 01:32:19,380

exactly exactly

2012

01:32:25,189 --> 01:32:22,260

um and uh Eric Davis interestingly

2013

01:32:28,010 --> 01:32:25,199

enough told me about another ranch with

2014

01:32:31,370 --> 01:32:28,020

a lot of paranormal activity in it this

2015

01:32:34,430 --> 01:32:31,380

one in Nevada not in Utah

2016

01:32:40,430 --> 01:32:34,440

okay it's in central Nevada it's called

2017

01:32:44,510 --> 01:32:42,709

Bigelow purchased it

2018

01:32:47,510 --> 01:32:44,520

and then he sold it

2019

01:32:49,790 --> 01:32:47,520

and he and he said Eric Davis told me

2020

01:32:51,410 --> 01:32:49,800

there's all sorts of paranormal activity

2021

01:32:52,790 --> 01:32:51,420

going on there

2022

01:32:56,930 --> 01:32:52,800

and now

2023

01:33:02,149 --> 01:32:56,940

it was uh purchased by

2024

01:33:07,189 --> 01:33:04,250

what is this last name

2025

01:33:12,430 --> 01:33:07,199

Jeff Jeff

2026

01:33:20,810 --> 01:33:16,790

right any rate yeah he um he see current

2027

01:33:24,649 --> 01:33:20,820

owner he got it through uh inheritance

2028

01:33:26,990 --> 01:33:24,659

and he's opened that ranch up to uh

2029

01:33:29,810 --> 01:33:27,000

James Keenan who's gone out there and

2030

01:33:32,270 --> 01:33:29,820

done an instrument study of it and found

2031

01:33:33,950 --> 01:33:32,280

all sorts of Paranormal Activity and

2032

01:33:36,709 --> 01:33:33,960

you've probably heard of Carl the

2033

01:33:38,030 --> 01:33:36,719

crusher right I do I Know Carl well I I

2034

01:33:40,669 --> 01:33:38,040

know of him

2035

01:33:43,010 --> 01:33:40,679

yeah he's doing a lot of research out

2036

01:33:45,649 --> 01:33:43,020

there on that Ranch now he's finding

2037

01:33:48,550 --> 01:33:45,659

some amazing stuff yeah absolutely James

2038

01:33:53,209 --> 01:33:48,560

James Keenan uh who I know pretty well

2039

01:33:56,030 --> 01:33:53,219

uh James is uh very focused I think you

2040

01:33:58,910 --> 01:33:56,040

know his intentions are real and uh he's

2041

01:34:01,189 --> 01:33:58,920

a very talented guy I like James a lot

2042

01:34:03,649 --> 01:34:01,199

me too well you realize he's from EI

2043

01:34:07,129 --> 01:34:03,659

Paso right I do I do he's he's a good

2044

01:34:11,090 --> 01:34:07,139

dude he's a good dude oh yeah now uh

2045

01:34:15,910 --> 01:34:11,100

What uh specifically uh do you think is

2046

01:34:19,970 --> 01:34:15,920

underneath the the Mesa at skinwalker

2047

01:34:22,669 --> 01:34:19,980

I've let my mind wander my imagination

2048

01:34:24,530 --> 01:34:22,679

try I I could I can go in any direction

2049

01:34:26,930 --> 01:34:24,540

but ultimately what do you think is

2050

01:34:29,330 --> 01:34:26,940

there well you can connect the dots as

2051

01:34:32,149 --> 01:34:29,340

well as I can okay and based on the

2052

01:34:34,070 --> 01:34:32,159

information that they have so far uh

2053

01:34:37,370 --> 01:34:34,080

revealed about the drilling about the

2054

01:34:39,590 --> 01:34:37,380

metal flakes about the uh strange uh

2055

01:34:43,430 --> 01:34:39,600

Elemental composition of those metal

2056

01:34:46,910 --> 01:34:43,440

flakes about the uh strange Tower uh

2057

01:34:49,490 --> 01:34:46,920

invisible tower that goes up over uh

2058

01:34:50,149 --> 01:34:49,500

whatever it is in the ground

2059

01:34:52,550 --> 01:34:50,159

um

2060

01:34:55,610 --> 01:34:52,560

and uh Carl the crusher is finding

2061

01:34:59,990 --> 01:34:55,620

something similar out on an identical

2062

01:35:03,290 --> 01:35:00,000

um Mesa a near uh the Mount Wilson Ranch

2063

01:35:06,470 --> 01:35:03,300

he has a whole video on it where uh his

2064

01:35:10,669 --> 01:35:06,480

Mesa lights up with infrared at night

2065

01:35:12,890 --> 01:35:10,679

and so does the Mesa at Skinwalker Ranch

2066

01:35:15,590 --> 01:35:12,900

so there's some interesting things in

2067

01:35:17,930 --> 01:35:15,600

common now how is it that uh Bigelow

2068

01:35:19,250 --> 01:35:17,940

should have zeroed in on these two

2069

01:35:21,590 --> 01:35:19,260

locations

2070

01:35:24,590 --> 01:35:21,600

and purchase those ranches

2071

01:35:27,709 --> 01:35:24,600

then then there's evidence that as James

2072

01:35:31,510 --> 01:35:27,719

has told me that this study of that area

2073

01:35:34,490 --> 01:35:31,520

has goes back decades before that before

2074

01:35:35,930 --> 01:35:34,500

anybody knew that these were paranormal

2075

01:35:38,450 --> 01:35:35,940

hot spots

2076

01:35:40,490 --> 01:35:38,460

and the government was was involved he

2077

01:35:41,930 --> 01:35:40,500

did a very good job of not answering the

2078

01:35:46,910 --> 01:35:41,940

question though

2079

01:35:48,410 --> 01:35:46,920

what do you think is underneath the Mesa

2080

01:35:51,050 --> 01:35:48,420

okay

2081

01:35:55,669 --> 01:35:51,060

I think it's alien yeah

2082

01:35:59,870 --> 01:35:55,679

and uh did you if you go on my web pages

2083

01:36:02,629 --> 01:35:59,880

I did a 24 square mile magnetic survey

2084

01:36:04,070 --> 01:36:02,639

uh with a proton magnetometer around

2085

01:36:07,070 --> 01:36:04,080

Pine Bush

2086

01:36:09,350 --> 01:36:07,080

and I published it okay now what is

2087

01:36:12,770 --> 01:36:09,360

interesting is that I found when I first

2088

01:36:14,689 --> 01:36:12,780

went out there with this instrument that

2089

01:36:16,790 --> 01:36:14,699

there were these magnetic pulses coming

2090

01:36:18,350 --> 01:36:16,800

out of the ground everywhere in near

2091

01:36:20,870 --> 01:36:18,360

Pine Bush

2092

01:36:22,490 --> 01:36:20,880

and I had my instrument checked out and

2093

01:36:24,770 --> 01:36:22,500

it checked out fine it was nothing wrong

2094

01:36:27,649 --> 01:36:24,780

with it when I went back all those

2095

01:36:29,149 --> 01:36:27,659

magnetic pulses had disappeared

2096

01:36:32,090 --> 01:36:29,159

but then we found that they would

2097

01:36:34,250 --> 01:36:32,100

occasionally come back in one area

2098

01:36:36,709 --> 01:36:34,260

around a Jewish cemetery

2099

01:36:38,629 --> 01:36:36,719

and I would come back to that location

2100

01:36:41,390 --> 01:36:38,639

every time I went out into the field to

2101
01:36:44,750 --> 01:36:41,400
do a survey collects more data I had

2102
01:36:47,330 --> 01:36:44,760
1800 different stations throughout that

2103
01:36:50,149 --> 01:36:47,340
24 square mile area

2104
01:36:52,790 --> 01:36:50,159
um I found uh all sorts of wild things

2105
01:36:55,010 --> 01:36:52,800
underground you know Ellen Crystal had

2106
01:36:57,169 --> 01:36:55,020
said that the aliens were underground

2107
01:36:58,490 --> 01:36:57,179
she believed they're living Underground

2108
01:37:02,830 --> 01:36:58,500
and

2109
01:37:05,330 --> 01:37:02,840
they're using magnetic technology

2110
01:37:07,850 --> 01:37:05,340
electromagnetism we could should be able

2111
01:37:09,290 --> 01:37:07,860
to detect them and boy did I detect them

2112
01:37:13,189 --> 01:37:09,300
a lot

2113
01:37:15,310 --> 01:37:13,199

but I also detected uh beams coming out

2114

01:37:17,870 --> 01:37:15,320

of a ground in a triangular formation

2115

01:37:19,430 --> 01:37:17,880

underneath this Jewish cemetery in the

2116

01:37:22,010 --> 01:37:19,440

neighboring Farm

2117

01:37:23,810 --> 01:37:22,020

and whenever the constellation booties

2118

01:37:27,770 --> 01:37:23,820

was overhead

2119

01:37:29,750 --> 01:37:27,780

and um and and on occasion

2120

01:37:34,010 --> 01:37:29,760

um I've had people tell me that they're

2121

01:37:37,430 --> 01:37:34,020

Sky watching at this location and

2122

01:37:39,950 --> 01:37:37,440

um uh a plane one case a plane turned

2123

01:37:42,470 --> 01:37:39,960

early going to Stewart Airport it was a

2124

01:37:44,629 --> 01:37:42,480

beacon on a nearby Ridge and normally

2125

01:37:46,550 --> 01:37:44,639

the planes would align up with the

2126
01:37:48,530 --> 01:37:46,560
runway on the other side of the valley

2127
01:37:50,390 --> 01:37:48,540
using that Beacon

2128
01:37:54,770 --> 01:37:50,400
well this time this plane took a

2129
01:37:58,129 --> 01:37:54,780
shortcut and flew directly over that

2130
01:37:59,450 --> 01:37:58,139
um Cemetery guess what happened a beam

2131
01:38:01,970 --> 01:37:59,460
of white light came out of the ground

2132
01:38:05,450 --> 01:38:01,980
and painted the bottom of the aircraft

2133
01:38:08,209 --> 01:38:05,460
as it flew over and then disappeared

2134
01:38:11,450 --> 01:38:08,219
did you say booties booties yes

2135
01:38:13,189 --> 01:38:11,460
constellation booties Now isn't that

2136
01:38:17,209 --> 01:38:13,199
interesting

2137
01:38:20,870 --> 01:38:17,219
very I mean for for a lot of different

2138
01:38:22,490 --> 01:38:20,880

reasons I'll bring up one

2139

01:38:25,930 --> 01:38:22,500

um you're probably aware of this but

2140

01:38:29,090 --> 01:38:25,940

this is for for the audience uh

2141

01:38:31,669 --> 01:38:29,100

the Black Knight satellite

2142

01:38:37,270 --> 01:38:31,679

all right Black Knight satellite when it

2143

01:38:40,610 --> 01:38:37,280

was first detected uh by Tesla and the

2144

01:38:42,709 --> 01:38:40,620

messages that were decoded uh by

2145

01:38:44,649 --> 01:38:42,719

gentlemen in Sweden and this was in

2146

01:38:46,870 --> 01:38:44,659

1922.

2147

01:38:50,689 --> 01:38:46,880

uh that

2148

01:38:53,629 --> 01:38:50,699

they those that put that satellite there

2149

01:38:56,330 --> 01:38:53,639

that is observing us came from the

2150

01:38:58,850 --> 01:38:56,340

constellation duties and that was that

2151

01:39:03,050 --> 01:38:58,860

was in 1922

2152

01:39:05,330 --> 01:39:03,060

um and then in uh another document

2153

01:39:10,370 --> 01:39:05,340

surfaced I have it here it was an NSA

2154

01:39:13,610 --> 01:39:10,380

document uh from 1969 1970

2155

01:39:17,270 --> 01:39:13,620

um about radio signals and how to

2156

01:39:18,770 --> 01:39:17,280

translate an alien message that would

2157

01:39:21,530 --> 01:39:18,780

come from

2158

01:39:22,970 --> 01:39:21,540

the constellation booties wow it's like

2159

01:39:25,910 --> 01:39:22,980

wait a minute wait a minute wait a

2160

01:39:28,610 --> 01:39:25,920

minute these these these connections

2161

01:39:30,229 --> 01:39:28,620

connection connections and when I uh

2162

01:39:32,209 --> 01:39:30,239

these signals that were coming out of

2163

01:39:35,570 --> 01:39:32,219

the ground I could

2164

01:39:39,410 --> 01:39:35,580

with my proton magnetometer sensors walk

2165

01:39:41,810 --> 01:39:39,420

Orient the device a distant magnetic

2166

01:39:44,750 --> 01:39:41,820

signal and then when I got up close to

2167

01:39:47,149 --> 01:39:44,760

them I could stick the instrument into

2168

01:39:48,890 --> 01:39:47,159

the beam when it was firing and these

2169

01:39:51,410 --> 01:39:48,900

there are three beams coming out of the

2170

01:39:54,050 --> 01:39:51,420

ground at the corners of a triangular

2171

01:39:56,990 --> 01:39:54,060

craft that was nine feet below the

2172

01:39:59,209 --> 01:39:57,000

surface uh when Bill Burns brought his

2173

01:40:01,910 --> 01:39:59,219

crew out there the UFO Hunters they

2174

01:40:03,169 --> 01:40:01,920

brought a a GPR

2175

01:40:07,189 --> 01:40:03,179

um and they

2176
01:40:09,229 --> 01:40:07,199
literally imaged the the uh a huge

2177
01:40:10,370 --> 01:40:09,239
triangular craft that's at least 20 feet

2178
01:40:12,770 --> 01:40:10,380
thick

2179
01:40:16,070 --> 01:40:12,780
it's embedded in the underlying rock

2180
01:40:17,570 --> 01:40:16,080
that is 400 million years old

2181
01:40:20,030 --> 01:40:17,580
embedded

2182
01:40:22,209 --> 01:40:20,040
it landed on an island at that time

2183
01:40:24,530 --> 01:40:22,219
because so what I my magnetic survey

2184
01:40:27,229 --> 01:40:24,540
demonstrated was that there were these

2185
01:40:30,169 --> 01:40:27,239
ancient Islands in a sea in the area

2186
01:40:34,729 --> 01:40:30,179
that had been all covered over and then

2187
01:40:35,750 --> 01:40:34,739
through uplift and erosion of those

2188
01:40:38,990 --> 01:40:35,760

um

2189

01:40:41,090 --> 01:40:39,000

alien probes mining probes had landed on

2190

01:40:42,530 --> 01:40:41,100

some of the islands now what's important

2191

01:40:44,689 --> 01:40:42,540

about this

2192

01:40:46,370 --> 01:40:44,699

is that I found these signals coming out

2193

01:40:47,090 --> 01:40:46,380

of the ground at other locations in the

2194

01:40:49,490 --> 01:40:47,100

valley

2195

01:40:53,090 --> 01:40:49,500

on other Islands

2196

01:40:54,410 --> 01:40:53,100

so just like a Skinwalker Ranch with all

2197

01:40:56,629 --> 01:40:54,420

that stuff coming out of there there's

2198

01:40:59,270 --> 01:40:56,639

something in the ground and here I found

2199

01:41:01,070 --> 01:40:59,280

them in the ground as well in Pine Bush

2200

01:41:05,629 --> 01:41:01,080

and

2201
01:41:06,430 --> 01:41:05,639
there's a mine uh at the New York New

2202
01:41:12,770 --> 01:41:06,440
Jersey

2203
01:41:15,890 --> 01:41:12,780
border of that goes down several miles

2204
01:41:17,390 --> 01:41:15,900
um and it is for all the Exotic minerals

2205
01:41:20,510 --> 01:41:17,400
that they pull out of these ancient

2206
01:41:22,970 --> 01:41:20,520
granitic masses that have all this weird

2207
01:41:26,570 --> 01:41:22,980
they have hundreds of different kinds of

2208
01:41:27,530 --> 01:41:26,580
uh exotic minerals that come out in rare

2209
01:41:29,450 --> 01:41:27,540
Earths

2210
01:41:31,490 --> 01:41:29,460
from this mine

2211
01:41:34,430 --> 01:41:31,500
and um

2212
01:41:36,649 --> 01:41:34,440
and all of these granitic masses that I

2213
01:41:39,169 --> 01:41:36,659

was detecting in the valley

2214

01:41:42,350 --> 01:41:39,179

through my the magnetic survey

2215

01:41:45,229 --> 01:41:42,360

were similar types of features that had

2216

01:41:48,169 --> 01:41:45,239

formed when the Earth was very young

2217

01:41:50,930 --> 01:41:48,179

long before complex multicellular life

2218

01:41:54,709 --> 01:41:50,940

had had evolved on the planet

2219

01:41:57,709 --> 01:41:54,719

so these mine mining probes were

2220

01:42:00,109 --> 01:41:57,719

apparently trying to extract that and

2221

01:42:01,550 --> 01:42:00,119

then they stayed there and became

2222

01:42:05,270 --> 01:42:01,560

beacons

2223

01:42:08,290 --> 01:42:05,280

firing out into the sky right well you

2224

01:42:11,810 --> 01:42:08,300

want to know why the area around

2225

01:42:14,450 --> 01:42:11,820

Pine Bush is so active with UAP

2226

01:42:19,070 --> 01:42:14,460

it's because there's these beacons that

2227

01:42:23,689 --> 01:42:19,080

are firing out at booties constantly

2228

01:42:26,689 --> 01:42:23,699

and and what about uh okay for something

2229

01:42:29,570 --> 01:42:26,699

to I've thought the same thing for

2230

01:42:32,570 --> 01:42:29,580

something to be underneath the Mesa uh

2231

01:42:37,970 --> 01:42:32,580

at Skinwalker you've also got blind frog

2232

01:42:41,270 --> 01:42:37,980

Ranch you've got uh uh Wilson in Nevada

2233

01:42:43,430 --> 01:42:41,280

um there's a a place in Alabama too as

2234

01:42:46,850 --> 01:42:43,440

well you have Joshua tree out here where

2235

01:42:51,290 --> 01:42:46,860

these these things happen

2236

01:42:55,310 --> 01:42:51,300

um but uh for for them to be there

2237

01:42:57,890 --> 01:42:55,320

underneath uh a Mesa like Skinwalker and

2238

01:43:01,609 --> 01:42:57,900

other areas it's it's got to be really

2239

01:43:04,550 --> 01:43:01,619

really old I mean old well I'll I'll

2240

01:43:07,070 --> 01:43:04,560

give you put in some archaeological data

2241

01:43:08,030 --> 01:43:07,080

to support that okay

2242

01:43:10,070 --> 01:43:08,040

um

2243

01:43:12,050 --> 01:43:10,080

when Ellen Crystal took me out of the

2244

01:43:14,090 --> 01:43:12,060

field we went to the one location at the

2245

01:43:16,189 --> 01:43:14,100

dog leg Bend in West Seattle Road you'll

2246

01:43:19,189 --> 01:43:16,199

hear me or read me talking about that

2247

01:43:21,649 --> 01:43:19,199

location all the time and there was a

2248

01:43:24,350 --> 01:43:21,659

farmhouse right next door and the wild

2249

01:43:26,709 --> 01:43:24,360

family lived there and I thought oh that

2250

01:43:30,290 --> 01:43:26,719

was a great name wild

2251
01:43:32,570 --> 01:43:30,300
w-i-l-d-e and um they owned all the land

2252
01:43:34,729 --> 01:43:32,580
they've subsequently sold much of the

2253
01:43:37,490 --> 01:43:34,739
land for housing development but

2254
01:43:39,530 --> 01:43:37,500
uh when we went out there we kept on

2255
01:43:41,930 --> 01:43:39,540
seeing all of this these lights coming

2256
01:43:43,850 --> 01:43:41,940
up out of the ground and and then once

2257
01:43:46,250 --> 01:43:43,860
they the craft got to a certain altitude

2258
01:43:47,990 --> 01:43:46,260
they took off to the South or they would

2259
01:43:50,450 --> 01:43:48,000
come in from the south or come in from

2260
01:43:52,430 --> 01:43:50,460
the west and they'd dive down into the

2261
01:43:54,830 --> 01:43:52,440
uh that area and I said what's over

2262
01:43:58,330 --> 01:43:54,840
there why are they all there

2263
01:44:03,229 --> 01:43:58,340

well then on the uh

2264

01:44:07,430 --> 01:44:03,239

29th of April 1993 Ellen had been

2265

01:44:10,490 --> 01:44:07,440

contacted by the producers of sightings

2266

01:44:13,189 --> 01:44:10,500

the television show and they wanted to

2267

01:44:15,649 --> 01:44:13,199

come and do a piece on her and me and

2268

01:44:17,570 --> 01:44:15,659

they came out there and when they were

2269

01:44:20,870 --> 01:44:17,580

filming this Jimmy

2270

01:44:24,290 --> 01:44:20,880

sixcraft showed up right before cameras

2271

01:44:27,290 --> 01:44:24,300

put on a spectacular performances flew

2272

01:44:30,649 --> 01:44:27,300

out the cameras been around flew back

2273

01:44:34,430 --> 01:44:30,659

over the woods and dove into the forest

2274

01:44:37,310 --> 01:44:34,440

all on camera got these amazing and uh

2275

01:44:39,169 --> 01:44:37,320

Ellen got great video I got great time

2276

01:44:41,030 --> 01:44:39,179

exposures I have a whole website on it

2277

01:44:43,250 --> 01:44:41,040

called the performance

2278

01:44:44,870 --> 01:44:43,260

and um

2279

01:44:47,390 --> 01:44:44,880

but they didn't

2280

01:44:49,669 --> 01:44:47,400

only published a still frame of one of

2281

01:44:52,430 --> 01:44:49,679

the of the manta ray when it flew over

2282

01:44:54,290 --> 01:44:52,440

us it was the size of 747. yeah that

2283

01:44:57,250 --> 01:44:54,300

manta ray photograph is friggin

2284

01:45:00,530 --> 01:44:57,260

incredible I do I have it

2285

01:45:05,209 --> 01:45:00,540

the one with the beams that come out am

2286

01:45:06,830 --> 01:45:05,219

I if if I pop this up here uh am I I

2287

01:45:09,169 --> 01:45:06,840

think I have it

2288

01:45:12,950 --> 01:45:09,179

um is it okay if I show it sure go right

2289

01:45:15,830 --> 01:45:12,960

in man what did I do with that that's an

2290

01:45:16,669 --> 01:45:15,840

incredible photograph I mean I I still

2291

01:45:22,430 --> 01:45:16,679

don't

2292

01:45:25,850 --> 01:45:22,440

was the craft oh as I said the wingspan

2293

01:45:27,770 --> 01:45:25,860

of a 747. yeah and a long tail on the

2294

01:45:28,729 --> 01:45:27,780

back of it it doesn't have a nose out

2295

01:45:30,950 --> 01:45:28,739

the front

2296

01:45:33,169 --> 01:45:30,960

but it can move its lights around on its

2297

01:45:36,050 --> 01:45:33,179

on its craft if you go to the the

2298

01:45:39,229 --> 01:45:36,060

sighting that the video that we uh took

2299

01:45:42,229 --> 01:45:39,239

um in near Salt Point New York

2300

01:45:46,550 --> 01:45:42,239

um what east of the Hudson River on the

2301

01:45:48,890 --> 01:45:46,560

20th of august 19 l'm in 2003 that is

2302

01:45:51,709 --> 01:45:48,900

perhaps the best picture of of the manta

2303

01:45:53,510 --> 01:45:51,719

ray and what it did and how you can see

2304

01:45:55,910 --> 01:45:53,520

everything that's happening with here

2305

01:45:58,550 --> 01:45:55,920

all the sounds it makes the other thing

2306

01:46:02,170 --> 01:45:58,560

that uh Jack sarfati you've heard of him

2307

01:46:06,530 --> 01:46:03,709

[Laughter]

2308

01:46:07,729 --> 01:46:06,540

and uh well he's called me his

2309

01:46:14,750 --> 01:46:07,739

Whittington

2310

01:46:18,770 --> 01:46:14,760

that uh confirmed Einstein's concept of

2311

01:46:22,310 --> 01:46:18,780

uh uh you know planetary masses are Sons

2312

01:46:24,229 --> 01:46:22,320

bending light and uh because

2313

01:46:26,209 --> 01:46:24,239

the sounds that these crafts would

2314

01:46:29,570 --> 01:46:26,219

produce and they would be all artificial

2315

01:46:32,830 --> 01:46:29,580

sounds we're all reverse Doppler

2316

01:46:35,450 --> 01:46:32,840

they were completely

2317

01:46:37,609 --> 01:46:35,460

non-normal physics and they've

2318

01:46:39,169 --> 01:46:37,619

subsequently found that metamaterial

2319

01:46:43,669 --> 01:46:39,179

Halls that are associated with

2320

01:46:45,370 --> 01:46:43,679

anti-gravity craft reverse invert the

2321

01:46:47,990 --> 01:46:45,380

image of the sounds that come off them

2322

01:46:50,270 --> 01:46:48,000

and that's exactly what I have in many

2323

01:46:53,030 --> 01:46:50,280

of my web pages the uh if you go to my

2324

01:46:56,270 --> 01:46:53,040

web pages on reverse Doppler you'll get

2325

01:46:58,070 --> 01:46:56,280

that information that proves that these

2326

01:47:01,790 --> 01:46:58,080

are not conventional aircraft they're

2327

01:47:02,750 --> 01:47:01,800

not uh Alien reproduction vehicles at

2328

01:47:04,250 --> 01:47:02,760

all

2329

01:47:04,850 --> 01:47:04,260

so

2330

01:47:07,189 --> 01:47:04,860

um

2331

01:47:10,430 --> 01:47:07,199

and the other thing that I wanted to

2332

01:47:13,250 --> 01:47:10,440

just mention here is telepathy

2333

01:47:15,470 --> 01:47:13,260

how was it that the these craft would

2334

01:47:18,350 --> 01:47:15,480

even at a distance of a half a mile to a

2335

01:47:19,970 --> 01:47:18,360

mile from me would know exactly when I

2336

01:47:22,490 --> 01:47:19,980

was opening and closing the shutter of

2337

01:47:28,430 --> 01:47:25,910

and they would produce some squiggles or

2338

01:47:31,070 --> 01:47:28,440

oscillations of their light to indicate

2339

01:47:33,590 --> 01:47:31,080

when my shutter opened right after it

2340

01:47:34,729 --> 01:47:33,600

opened and just before it closed right

2341

01:47:38,090 --> 01:47:34,739

after it opened you know you could

2342

01:47:41,209 --> 01:47:38,100

perhaps smize well they they had a nice

2343

01:47:43,970 --> 01:47:41,219

you know you know Optics or audio

2344

01:47:46,970 --> 01:47:43,980

detection but

2345

01:47:49,430 --> 01:47:46,980

before I close the shutter

2346

01:47:52,070 --> 01:47:49,440

I did a series of experiments and found

2347

01:47:55,070 --> 01:47:52,080

out that when I stopped thinking and I

2348

01:47:58,430 --> 01:47:55,080

stopped talking out loud

2349

01:48:01,310 --> 01:47:58,440

they couldn't read my mind yeah yeah I

2350

01:48:02,870 --> 01:48:01,320

you know I I don't want to I Love The

2351

01:48:06,470 --> 01:48:02,880

woo

2352

01:48:09,310 --> 01:48:06,480

um and some things I just have to keep

2353

01:48:13,250 --> 01:48:09,320

inside of my head I don't want to talk

2354

01:48:17,350 --> 01:48:13,260

because it's it's it sounds too nuts

2355

01:48:19,870 --> 01:48:17,360

but there is too much of a coincidence

2356

01:48:25,370 --> 01:48:19,880

too much of a connection

2357

01:48:30,290 --> 01:48:25,380

to uh the the appearance of something

2358

01:48:32,209 --> 01:48:30,300

and by the time you think right and

2359

01:48:35,930 --> 01:48:32,219

thinking is the speed of light right

2360

01:48:40,750 --> 01:48:35,940

okay right that fast but it by the time

2361

01:48:45,010 --> 01:48:40,760

you think camera phone video audio

2362

01:48:48,770 --> 01:48:45,020

the thought it's gone yes it's it's

2363

01:48:52,850 --> 01:48:48,780

that's not that's not a coincidence

2364

01:48:55,129 --> 01:48:52,860

you know and uh

2365

01:48:56,990 --> 01:48:55,139

I've got I've got plenty of thoughts on

2366

01:48:58,609 --> 01:48:57,000

this I would love to maybe we can talk

2367

01:48:59,870 --> 01:48:58,619

off the air

2368

01:49:01,970 --> 01:48:59,880

um because I just don't want to sound

2369

01:49:04,729 --> 01:49:01,980

like the crazy person that that used to

2370

01:49:06,709 --> 01:49:04,739

call into my show right now I've given

2371

01:49:09,169 --> 01:49:06,719

up on that a long time ago you know I

2372

01:49:11,450 --> 01:49:09,179

know I know I know it's fast what

2373

01:49:15,410 --> 01:49:11,460

um uh uh can I ask you about the because

2374

01:49:17,629 --> 01:49:15,420

you were talking about the beams uh and

2375

01:49:22,189 --> 01:49:17,639

and the signals uh what's up with this

2376

01:49:23,270 --> 01:49:22,199

1.6 terahertz uh signal at Skinwalker oh

2377

01:49:25,970 --> 01:49:23,280

wow

2378

01:49:30,470 --> 01:49:25,980

that's that's a good one most of the

2379

01:49:32,930 --> 01:49:30,480

sounds that these craft uh produce are a

2380

01:49:35,390 --> 01:49:32,940

lesson less than a Hertz I mean they're

2381

01:49:37,910 --> 01:49:35,400

very low low frequencies not these very

2382

01:49:40,430 --> 01:49:37,920

high frequencies right right right and

2383

01:49:43,010 --> 01:49:40,440

so that that's very puzzling I think

2384

01:49:45,169 --> 01:49:43,020

it's to keep them thinking and trying to

2385

01:49:47,870 --> 01:49:45,179

figure things out

2386

01:49:50,050 --> 01:49:47,880

um that's more like a carrot dangling in

2387

01:49:54,310 --> 01:49:50,060

front of them

2388

01:49:58,430 --> 01:49:54,320

well it's got to be

2389

01:50:02,390 --> 01:49:58,440

I'm not a scientist but I Know audio

2390

01:50:04,070 --> 01:50:02,400

um it seems like it's a carrier signal

2391

01:50:07,609 --> 01:50:04,080

yeah that's that's what I think I think

2392

01:50:10,550 --> 01:50:07,619

that there was something in there

2393

01:50:13,790 --> 01:50:10,560

um that we haven't figured out yet right

2394

01:50:16,070 --> 01:50:13,800

and it could be a communication tool but

2395

01:50:18,590 --> 01:50:16,080

it could also be a beacon of some kind

2396

01:50:21,050 --> 01:50:18,600

uh too as well

2397

01:50:23,570 --> 01:50:21,060

um but I I I don't know but it's a very

2398

01:50:26,090 --> 01:50:23,580

specific frequency you know it's 1.6

2399

01:50:28,669 --> 01:50:26,100

terahertz and it's not moving around and

2400

01:50:30,890 --> 01:50:28,679

there doesn't appear to be anything on

2401
01:50:33,970 --> 01:50:30,900
either side of it of significance right

2402
01:50:36,950 --> 01:50:33,980
it's just right there peaking at 1.6

2403
01:50:39,709 --> 01:50:36,960
it's I I can't figure this one out but I

2404
01:50:41,750 --> 01:50:39,719
think that there's something in that in

2405
01:50:43,490 --> 01:50:41,760
that you know something's being carried

2406
01:50:48,709 --> 01:50:43,500
in in that wave

2407
01:50:50,689 --> 01:50:48,719
very well could be I mean I I

2408
01:50:53,030 --> 01:50:50,699
thought that the magnetic signals coming

2409
01:50:56,209 --> 01:50:53,040
out of the ground and they were magnetic

2410
01:50:58,550 --> 01:50:56,219
uh of 30 to 50 percent of the Earth's

2411
01:51:02,209 --> 01:50:58,560
total magnetic field

2412
01:51:04,790 --> 01:51:02,219
um when the uh UFO owners came and they

2413
01:51:07,310 --> 01:51:04,800

had their own magnetometers and they

2414

01:51:10,430 --> 01:51:07,320

were checking around Above This

2415

01:51:14,390 --> 01:51:10,440

triangular buried triangular craft and

2416

01:51:16,970 --> 01:51:14,400

they got 1.7 uh Gauss

2417

01:51:21,530 --> 01:51:16,980

it was so powerful that was coming out

2418

01:51:24,109 --> 01:51:21,540

of there and I told I said to my friend

2419

01:51:26,330 --> 01:51:24,119

who's Scott stride who works for JPL and

2420

01:51:30,410 --> 01:51:26,340

he designed the telecommunication system

2421

01:51:33,350 --> 01:51:30,420

for the Mars rover and he I he gave me

2422

01:51:35,930 --> 01:51:33,360

an analysis of what was coming out of

2423

01:51:38,390 --> 01:51:35,940

the ground he said those magnetic beams

2424

01:51:39,950 --> 01:51:38,400

that you detected which were about two

2425

01:51:43,250 --> 01:51:39,960

feet in diameter

2426
01:51:45,590 --> 01:51:43,260
said they were not carrier signals they

2427
01:51:49,550 --> 01:51:45,600
were not sending signals to some place

2428
01:51:51,590 --> 01:51:49,560
he said the three of them were guides

2429
01:51:53,450 --> 01:51:51,600
for a central

2430
01:51:57,410 --> 01:51:53,460
signal that was coming out of the middle

2431
01:51:59,090 --> 01:51:57,420
of that triangle and uh I have friends

2432
01:52:00,890 --> 01:51:59,100
that said they've seen that beam of

2433
01:52:01,810 --> 01:52:00,900
light coming out of the ground right in

2434
01:52:04,609 --> 01:52:01,820
the middle

2435
01:52:06,590 --> 01:52:04,619
that's the carrier signal that would be

2436
01:52:07,970 --> 01:52:06,600
going if I wish I could get back to her

2437
01:52:11,149 --> 01:52:07,980
and put instruments there and check

2438
01:52:13,310 --> 01:52:11,159

maybe it's a 1.6 terahertz who knows uh

2439

01:52:16,310 --> 01:52:13,320

yeah I I misspoke it's not terahertz

2440

01:52:20,030 --> 01:52:16,320

it's a gigahertz right

2441

01:52:22,070 --> 01:52:20,040

um and I had heard I'm watching the chat

2442

01:52:26,090 --> 01:52:22,080

too as well

2443

01:52:28,970 --> 01:52:26,100

um uh everybody is pretty smart here it

2444

01:52:32,750 --> 01:52:28,980

says here's a PDF USA frequency spectrum

2445

01:52:35,689 --> 01:52:32,760

allocations you will have to zoom in the

2446

01:52:38,330 --> 01:52:35,699

1.6 gigahertz error hold on for a second

2447

01:52:40,910 --> 01:52:38,340

man let me just pop it up here the 1.6

2448

01:52:44,030 --> 01:52:40,920

gigahertz area fifth uh gravity to the

2449

01:52:45,410 --> 01:52:44,040

left is labeled three gigahertz but I

2450

01:52:47,510 --> 01:52:45,420

think somebody said that it's a

2451

01:52:49,430 --> 01:52:47,520

satellite carrier oh here it is this is

2452

01:52:52,010 --> 01:52:49,440

this is Bill one of our moderators Bill

2453

01:52:55,629 --> 01:52:52,020

thank you for this 1.6 gigahertz is

2454

01:52:59,330 --> 01:52:55,639

allocated to satellite to ground

2455

01:53:02,930 --> 01:52:59,340

signaling data also Airborne aircraft

2456

01:53:05,689 --> 01:53:02,940

radar Direction and rain finding to

2457

01:53:08,390 --> 01:53:05,699

other traffic and terrain yes I looked

2458

01:53:11,570 --> 01:53:08,400

it up thank you for that bill now isn't

2459

01:53:13,030 --> 01:53:11,580

that interesting okay very very

2460

01:53:20,270 --> 01:53:13,040

huh

2461

01:53:23,510 --> 01:53:20,280

In My Bones Bruce that something's about

2462

01:53:25,430 --> 01:53:23,520

to break something's about to

2463

01:53:28,010 --> 01:53:25,440

about but once these dominoes start to

2464

01:53:29,270 --> 01:53:28,020

fall uh they're all gonna fall and and

2465

01:53:31,010 --> 01:53:29,280

we're gonna start getting some answers

2466

01:53:33,410 --> 01:53:31,020

here pretty quick

2467

01:53:36,470 --> 01:53:33,420

well that would be nice

2468

01:53:37,669 --> 01:53:36,480

yes I agree where can everybody reach

2469

01:53:41,390 --> 01:53:37,679

out to you

2470

01:53:44,629 --> 01:53:41,400

okay they can reach out to me at my

2471

01:53:46,609 --> 01:53:44,639

email address which is uh cornetbruce

2472

01:53:49,430 --> 01:53:46,619

yahoo.com

2473

01:53:51,530 --> 01:53:49,440

and I would prefer that one or they can

2474

01:53:53,090 --> 01:53:51,540

call me should I give out my phone

2475

01:53:56,510 --> 01:53:53,100

number no you don't want to do your

2476

01:53:58,729 --> 01:53:56,520

phone number on this show but uh uh okay

2477

01:54:02,510 --> 01:53:58,739

and then we've got uh links to some of

2478

01:54:04,430 --> 01:54:02,520

your research papers uh uh and stuff

2479

01:54:05,930 --> 01:54:04,440

over on our website and certainly in the

2480

01:54:08,270 --> 01:54:05,940

video description below what a

2481

01:54:10,970 --> 01:54:08,280

fascinating conversation tonight thank

2482

01:54:13,010 --> 01:54:10,980

you I look forward uh to you uh coming

2483

01:54:16,209 --> 01:54:13,020

onto the show again we can continue all

2484

01:54:20,330 --> 01:54:16,219

of this thank you so much okay

2485

01:54:24,109 --> 01:54:20,340

I I haven't uh said everything no I know

2486

01:54:26,209 --> 01:54:24,119

I know I know this is uh this has to

2487

01:54:28,910 --> 01:54:26,219

continue Bruce thank you so much and

2488

01:54:32,709 --> 01:54:28,920

again keep rolling that rock uphill okay

2489

01:54:36,290 --> 01:54:32,719

will do thank you sir great conversation

2490

01:54:38,629 --> 01:54:36,300

and uh now uh heading into the weekend

2491

01:54:41,390 --> 01:54:38,639

uh we've got an amazing week lined up

2492

01:54:43,310 --> 01:54:41,400

for Fade to Black next week uh those

2493

01:54:46,550 --> 01:54:43,320

announcements will come over the weekend
