

THE SECRET OF SKINWALKER RANCH

REVIEW
Season 4
Episode 5

1
00:00:27,290 --> 00:00:19,029
[Applause]

2
00:00:33,830 --> 00:00:30,710
Jimmy this was such a great episode

3
00:00:35,810 --> 00:00:33,840
we're reviewing season 4 episode 5 of

4
00:00:37,850 --> 00:00:35,820
The Secret of Skinwalker Ranch and there

5
00:00:40,729 --> 00:00:37,860
are some there were some tidbits that I

6
00:00:42,709 --> 00:00:40,739
thoroughly enjoyed but right off the bat

7
00:00:45,670 --> 00:00:42,719
what did what were your overall thoughts

8
00:00:51,729 --> 00:00:49,670
it was good it was good it's you know to

9
00:00:54,590 --> 00:00:51,739
me I should I should have you go first

10
00:00:57,770 --> 00:00:54,600
but I'll go first

11
00:01:01,369 --> 00:00:57,780
um this was a setup

12
00:01:05,830 --> 00:01:01,379
for future episodes right was kind of a

13
00:01:09,710 --> 00:01:05,840

filler episode setting up the the future

14

00:01:12,170 --> 00:01:09,720

what was missing from this show

15

00:01:14,929 --> 00:01:12,180

was the boulders from last week what

16

00:01:17,330 --> 00:01:14,939

happened right I was expecting some

17

00:01:20,810 --> 00:01:17,340

Boulder removal

18

00:01:23,390 --> 00:01:20,820

um so I that that wasn't there then we

19

00:01:25,550 --> 00:01:23,400

got the drill but we only got 60 feet of

20

00:01:27,350 --> 00:01:25,560

it right

21

00:01:32,570 --> 00:01:27,360

um what's his name what's his name

22

00:01:36,950 --> 00:01:34,789

um why do I want to call him snake I I

23

00:01:40,010 --> 00:01:36,960

he looks snakish

24

00:01:42,109 --> 00:01:40,020

there's there's a movie around that um

25

00:01:44,990 --> 00:01:42,119

but anyway so they're dropping the

26
00:01:48,410 --> 00:01:45,000
camera right and I was hoping we'd get

27
00:01:50,569 --> 00:01:48,420
back to that object from last year and

28
00:01:54,350 --> 00:01:50,579
we didn't get to that but it I think

29
00:01:59,030 --> 00:01:54,360
it's a setup right for a future episode

30
00:02:02,510 --> 00:01:59,040
um they brought in a couple of uh of

31
00:02:05,450 --> 00:02:02,520
um uh tribe members and again a setup

32
00:02:10,150 --> 00:02:05,460
maybe for a future episode something

33
00:02:14,449 --> 00:02:10,160
going on and then we had fireworks right

34
00:02:19,010 --> 00:02:14,459
fireworks and and rocket launches

35
00:02:20,930 --> 00:02:19,020
um you know and again uh a setup for a

36
00:02:22,610 --> 00:02:20,940
future episode The Purple dot in the

37
00:02:26,350 --> 00:02:22,620
background right that was very

38
00:02:29,690 --> 00:02:26,360

interesting setup for a future

39

00:02:32,330 --> 00:02:29,700

episode so that's what I think that's

40

00:02:35,030 --> 00:02:32,340

you need to do this

41

00:02:37,970 --> 00:02:35,040

um as a as a network there's so much

42

00:02:39,470 --> 00:02:37,980

stuff uh being covered um at Skinwalker

43

00:02:41,630 --> 00:02:39,480

and they and they brought that up in

44

00:02:44,150 --> 00:02:41,640

this episode we're in the Triangle or

45

00:02:47,809 --> 00:02:44,160

the the Mesa we're we're drilling we're

46

00:02:50,089 --> 00:02:47,819

moving Boulders we're uh 1.6 gigahertz

47

00:02:54,410 --> 00:02:50,099

the triangle they they've got so much

48

00:02:57,650 --> 00:02:54,420

going on that any one of those areas of

49

00:02:59,509 --> 00:02:57,660

the show could take up a whole episode

50

00:03:00,770 --> 00:02:59,519

um including this one so I think that's

51
00:03:03,350 --> 00:03:00,780
what they did with this episode

52
00:03:05,690 --> 00:03:03,360
Christina they set it up uh for the

53
00:03:07,250 --> 00:03:05,700
second half of the season I see what you

54
00:03:08,750 --> 00:03:07,260
mean there was a lot of open-ended

55
00:03:10,850 --> 00:03:08,760
questions we didn't get a lot of answers

56
00:03:12,710 --> 00:03:10,860
in this episode but it did as you

57
00:03:14,690 --> 00:03:12,720
mentioned hype up for the rest of the

58
00:03:16,790 --> 00:03:14,700
season maybe we'll get answers in the

59
00:03:18,589 --> 00:03:16,800
next episode kind of what it was hinting

60
00:03:21,110 --> 00:03:18,599
at at the very end of like what's to

61
00:03:22,910 --> 00:03:21,120
come kind of deal but there were a few

62
00:03:23,930 --> 00:03:22,920
aspects that I thoroughly enjoyed so

63
00:03:26,030 --> 00:03:23,940

let's get straight into the very

64

00:03:28,309 --> 00:03:26,040

beginning they brought these straight

65

00:03:30,649 --> 00:03:28,319

shot Drillers that they had last year or

66

00:03:33,770 --> 00:03:30,659

last season where they had to drill into

67

00:03:36,290 --> 00:03:33,780

the Mesa last year they received these

68

00:03:37,910 --> 00:03:36,300

little filaments of metal that was

69

00:03:41,089 --> 00:03:37,920

believed to be the same kind of metal

70

00:03:44,089 --> 00:03:41,099

that Rockets have when they are out in

71

00:03:47,570 --> 00:03:44,099

space so they brought them back and I I

72

00:03:49,309 --> 00:03:47,580

have a few images to share and I I liked

73

00:03:51,229 --> 00:03:49,319

that they were able to that we were able

74

00:03:53,930 --> 00:03:51,239

to see some reoccurring faces and people

75

00:03:56,210 --> 00:03:53,940

that they've worked with before it

76

00:03:59,390 --> 00:03:56,220

probably makes it easier on them as well

77

00:04:01,490 --> 00:03:59,400

but they were only on the uh in the

78

00:04:03,589 --> 00:04:01,500

episode just for a few moments but you

79

00:04:05,570 --> 00:04:03,599

bring up a really good point Thomas had

80

00:04:06,949 --> 00:04:05,580

mentioned as you can see it looks a

81

00:04:09,589 --> 00:04:06,959

little bit different than last year a

82

00:04:11,509 --> 00:04:09,599

lot of Boulders were removed and you

83

00:04:13,190 --> 00:04:11,519

said well what happened we wanted to get

84

00:04:14,929 --> 00:04:13,200

more information on how they removed

85

00:04:18,050 --> 00:04:14,939

those Boulders because in the last

86

00:04:19,849 --> 00:04:18,060

episode when they did so the guy says no

87

00:04:22,129 --> 00:04:19,859

we can't move anymore it'll be too

88

00:04:23,689 --> 00:04:22,139

dangerous and there'll be this downfall

89

00:04:25,969 --> 00:04:23,699

literally like there'll be a slide of

90

00:04:28,070 --> 00:04:25,979

rocks we can't move it somehow they were

91

00:04:29,810 --> 00:04:28,080

able to do so and they're big Bowlers

92

00:04:31,430 --> 00:04:29,820

they're not oh they're huge I mean

93

00:04:33,590 --> 00:04:31,440

they're ginormous

94

00:04:35,570 --> 00:04:33,600

um so we we didn't see that yeah but

95

00:04:37,670 --> 00:04:35,580

what I would like to mention is that

96

00:04:38,870 --> 00:04:37,680

when I had Eric Bard on the panel

97

00:04:44,030 --> 00:04:38,880

discussion with the Skinwalker Ranch

98

00:04:45,890 --> 00:04:44,040

team he mentioned that only 0.7 of the

99

00:04:48,290 --> 00:04:45,900

work that they do actually make it on

100

00:04:50,629 --> 00:04:48,300

the TV show and while they are

101
00:04:53,090 --> 00:04:50,639
conducting real scientific experiments

102
00:04:56,150 --> 00:04:53,100
you know the the production team is

103
00:04:58,249 --> 00:04:56,160
creating entertainment and they are

104
00:05:00,350 --> 00:04:58,259
lucky enough to go ahead and document

105
00:05:02,810 --> 00:05:00,360
what's happening on the ranch but what

106
00:05:06,230 --> 00:05:02,820
the team members are doing they're doing

107
00:05:08,090 --> 00:05:06,240
regardless on if there are TV cameras

108
00:05:11,030 --> 00:05:08,100
there or not they're still going to do

109
00:05:14,210 --> 00:05:11,040
their job and I think that while this is

110
00:05:16,070 --> 00:05:14,220
a very entertaining show from the times

111
00:05:18,650 --> 00:05:16,080
that I've spoken to people on the ranch

112
00:05:21,170 --> 00:05:18,660
of Duncan you know a multiple amount of

113
00:05:23,210 --> 00:05:21,180

interviews it doesn't always seem like

114

00:05:26,510 --> 00:05:23,220

the TV show gives it like full-on

115

00:05:29,990 --> 00:05:26,520

justice of the work and dedication and

116

00:05:32,629 --> 00:05:30,000

the time that they do with the

117

00:05:35,930 --> 00:05:32,639

investigations done there

118

00:05:38,749 --> 00:05:35,940

now what what do you think

119

00:05:41,930 --> 00:05:38,759

um this is It's on everybody's mind and

120

00:05:44,150 --> 00:05:41,940

by the way I like uh this comment here

121

00:05:45,890 --> 00:05:44,160

more on the red stuff

122

00:05:47,330 --> 00:05:45,900

um and that was that was again that was

123

00:05:51,469 --> 00:05:47,340

pretty interesting I'm not a geologist

124

00:05:53,350 --> 00:05:51,479

so I don't understand what that could be

125

00:05:57,650 --> 00:05:53,360

um and she's talking about when Dragon

126
00:06:00,890 --> 00:05:57,660
you know put the uh the the camera down

127
00:06:03,409 --> 00:06:00,900
and and they yeah right there and they

128
00:06:06,529 --> 00:06:03,419
picked up the uh the red looked like

129
00:06:08,570 --> 00:06:06,539
dust you know some some kind of coding

130
00:06:10,730 --> 00:06:08,580
um in that in that little crevice that

131
00:06:12,170 --> 00:06:10,740
they went down into but here's the

132
00:06:15,350 --> 00:06:12,180
number one question I think that

133
00:06:18,110 --> 00:06:15,360
everybody has uh aside from you know

134
00:06:23,270 --> 00:06:18,120
what's going on there but what what is

135
00:06:27,650 --> 00:06:23,280
this a dome is it a dome is it is it the

136
00:06:30,710 --> 00:06:27,660
top of a spacecraft is it something that

137
00:06:33,650 --> 00:06:30,720
is just natural

138
00:06:35,270 --> 00:06:33,660

um but what is this Dome and the shards

139

00:06:38,450 --> 00:06:35,280

that they picked up you can go ahead and

140

00:06:40,909 --> 00:06:38,460

and show that image uh that they got

141

00:06:43,730 --> 00:06:40,919

from the last drill

142

00:06:45,710 --> 00:06:43,740

um they've described it as the coating

143

00:06:48,830 --> 00:06:45,720

on the outside of the Space Shuttle uh

144

00:06:50,870 --> 00:06:48,840

the thermal Shield which is mainly

145

00:06:53,150 --> 00:06:50,880

ceramic

146

00:06:56,150 --> 00:06:53,160

um so you can enter Earth's atmosphere

147

00:06:59,390 --> 00:06:56,160

Now isn't wouldn't that be interesting

148

00:07:02,990 --> 00:06:59,400

the question is is that some kind of

149

00:07:06,770 --> 00:07:03,000

natural uh formation of something that

150

00:07:08,749 --> 00:07:06,780

resembles the the outer layer of the

151

00:07:10,490 --> 00:07:08,759

Space Shuttle or is this something

152

00:07:13,129 --> 00:07:10,500

artificial is this something that's

153

00:07:15,890 --> 00:07:13,139

manufactured and if it is what's it

154

00:07:17,749 --> 00:07:15,900

doing uh you know buried underneath the

155

00:07:19,670 --> 00:07:17,759

Mesa what do you think this Dome is do

156

00:07:22,370 --> 00:07:19,680

you think it's craft do you think it's

157

00:07:24,469 --> 00:07:22,380

the Dome of a city I don't know you know

158

00:07:26,270 --> 00:07:24,479

I that's the million dollar question

159

00:07:28,189 --> 00:07:26,280

Jimmy and that's those are the answers

160

00:07:31,070 --> 00:07:28,199

that they're trying to look for and that

161

00:07:33,170 --> 00:07:31,080

we're so invested in since season one

162

00:07:35,570 --> 00:07:33,180

and here we are in season four we still

163

00:07:38,870 --> 00:07:35,580

haven't received any answers but it

164

00:07:41,150 --> 00:07:38,880

seems like they are really working to

165

00:07:44,029 --> 00:07:41,160

attempt and find those by getting back

166

00:07:46,430 --> 00:07:44,039

this team these straight shot Drillers

167

00:07:48,409 --> 00:07:46,440

to go ahead and drill once again to see

168

00:07:50,689 --> 00:07:48,419

if they're gonna find anything but you

169

00:07:53,689 --> 00:07:50,699

bring up a great point about the Red

170

00:07:56,029 --> 00:07:53,699

Rock red dust kind of thing they just

171

00:07:59,089 --> 00:07:56,039

touched on it we we hardly got any

172

00:08:01,550 --> 00:07:59,099

information other than Dragon stating

173

00:08:03,830 --> 00:08:01,560

it's pretty anomalous it's very odd it's

174

00:08:06,409 --> 00:08:03,840

very out of place it shouldn't be there

175

00:08:08,749 --> 00:08:06,419

and that was kind of it and it left us

176

00:08:09,950 --> 00:08:08,759

on a cliffhanger but it seems that

177

00:08:11,749 --> 00:08:09,960

hopefully in the next episode we're

178

00:08:15,110 --> 00:08:11,759

going to receive those answers but

179

00:08:18,710 --> 00:08:15,120

looking at this drill right here what

180

00:08:22,309 --> 00:08:18,720

what the TV show is trying to elude was

181

00:08:24,650 --> 00:08:22,319

Eric had stated can this go we need this

182

00:08:27,770 --> 00:08:24,660

to go about 300 feet deep within the

183

00:08:29,510 --> 00:08:27,780

Mesa and two degrees off North is your

184

00:08:31,249 --> 00:08:29,520

machine that accurate can it do

185

00:08:33,589 --> 00:08:31,259

something like that and they were like

186

00:08:35,449 --> 00:08:33,599

yeah sure no problem and that and then

187

00:08:37,430 --> 00:08:35,459

it left us there and we're like no give

188

00:08:40,190 --> 00:08:37,440

us more information we want to know

189

00:08:42,350 --> 00:08:40,200

everything that's going on but at the

190

00:08:45,170 --> 00:08:42,360

same time during these during this

191

00:08:47,810 --> 00:08:45,180

drilling the team had set up a little

192

00:08:51,050 --> 00:08:47,820

tent with their tables and chairs and

193

00:08:54,230 --> 00:08:51,060

computer equipment so also

194

00:08:56,210 --> 00:08:54,240

look at the 1.6 gigahertz that was

195

00:08:58,310 --> 00:08:56,220

really focused on in this episode that

196

00:09:00,769 --> 00:08:58,320

with all of their experiments they were

197

00:09:03,530 --> 00:09:00,779

also looking for that signal as well and

198

00:09:05,870 --> 00:09:03,540

I think that's a pretty interesting

199

00:09:08,030 --> 00:09:05,880

tidbit to mention and something that

200

00:09:10,850 --> 00:09:08,040

we've seen consistently since the very

201
00:09:12,829 --> 00:09:10,860
beginning in season one yeah but that

202
00:09:15,050 --> 00:09:12,839
wasn't the question

203
00:09:16,810 --> 00:09:15,060
the question was what do you think the

204
00:09:19,370 --> 00:09:16,820
Dome is

205
00:09:22,910 --> 00:09:19,380
like I had stated that's the million

206
00:09:26,690 --> 00:09:22,920
dollar question we don't know I I meant

207
00:09:29,870 --> 00:09:26,700
what do you think it may be well what I

208
00:09:32,030 --> 00:09:29,880
would like it to be is obviously an

209
00:09:33,889 --> 00:09:32,040
alien craft that would be the coolest

210
00:09:35,570 --> 00:09:33,899
thing on the planet and out of this

211
00:09:37,930 --> 00:09:35,580
world

212
00:09:41,810 --> 00:09:37,940
but um

213
00:09:45,650 --> 00:09:41,820

I mean what if I mean what if that that

214

00:09:47,030 --> 00:09:45,660

that what what's going on here with that

215

00:09:48,829 --> 00:09:47,040

um I

216

00:09:51,470 --> 00:09:48,839

you know and then and then we have the

217

00:09:54,290 --> 00:09:51,480

SEC the second structure

218

00:09:56,690 --> 00:09:54,300

um that is tall and thin

219

00:10:00,230 --> 00:09:56,700

um I think there's they keep throwing

220

00:10:02,329 --> 00:10:00,240

down uh 120 feet right I think that's

221

00:10:03,889 --> 00:10:02,339

what they were suggesting that's that's

222

00:10:06,590 --> 00:10:03,899

that's pretty big and that's what

223

00:10:09,170 --> 00:10:06,600

they're drilling towards now

224

00:10:11,870 --> 00:10:09,180

um and then the episode so this is the

225

00:10:15,949 --> 00:10:13,310

60 feet

226

00:10:19,670 --> 00:10:15,959

right got the walkie-talkies right we

227

00:10:22,009 --> 00:10:19,680

got Travis how far they sent uh Thomas

228

00:10:23,990 --> 00:10:22,019

right to the top of the hill okay how

229

00:10:26,449 --> 00:10:24,000

how far are they in they're 60 feet okay

230

00:10:29,829 --> 00:10:26,459

and then it just stopped right there so

231

00:10:34,009 --> 00:10:29,839

we've got another 200 plus feet to go

232

00:10:36,530 --> 00:10:34,019

before we get to some more answers now

233

00:10:38,389 --> 00:10:36,540

next week on next week's show when we

234

00:10:41,570 --> 00:10:38,399

come back and we do this review

235

00:10:43,670 --> 00:10:41,580

are we going to be talking about what

236

00:10:46,009 --> 00:10:43,680

they discovered are we going to be

237

00:10:49,370 --> 00:10:46,019

talking about the boulders are we going

238

00:10:52,069 --> 00:10:49,380

to talk about the 1.6 gigahertz

239

00:10:54,530 --> 00:10:52,079

um they caught another UAP upright that

240

00:10:56,150 --> 00:10:54,540

was flashing um when they were going to

241

00:10:58,910 --> 00:10:56,160

the purple dot

242

00:11:01,550 --> 00:10:58,920

um are we gonna the the uh the team

243

00:11:04,850 --> 00:11:01,560

member uh that they brought in with the

244

00:11:08,350 --> 00:11:04,860

with the lasers Mason yeah yeah yeah

245

00:11:13,009 --> 00:11:08,360

with the 1.6 uh gigahertz

246

00:11:15,350 --> 00:11:13,019

not much there not in this episode but

247

00:11:18,170 --> 00:11:15,360

what did he see what can he add to it

248

00:11:20,449 --> 00:11:18,180

did he collect any data again all of

249

00:11:22,430 --> 00:11:20,459

this setting up for the future and what

250

00:11:24,710 --> 00:11:22,440

is up with these rocket launches

251
00:11:28,069 --> 00:11:24,720
something's interfering something is

252
00:11:31,310 --> 00:11:28,079
interference you know I I don't I just

253
00:11:33,889 --> 00:11:31,320
don't I just don't think that

254
00:11:36,410 --> 00:11:33,899
um a breakdown in the system like that

255
00:11:39,410 --> 00:11:36,420
they did two failed launches in a row

256
00:11:41,210 --> 00:11:39,420
finally got to a third they did a fourth

257
00:11:43,610 --> 00:11:41,220
um but to have these failed rocket

258
00:11:46,610 --> 00:11:43,620
launches that seems a little suspect to

259
00:11:48,889 --> 00:11:46,620
me I think that there's there's there is

260
00:11:51,290 --> 00:11:48,899
a phenomena there's some kind of anomaly

261
00:11:52,430 --> 00:11:51,300
in the air there it's it's very

262
00:11:54,530 --> 00:11:52,440
interesting

263
00:11:56,210 --> 00:11:54,540

it is and there were a bunch of things

264

00:11:58,370 --> 00:11:56,220

that you touched on that I would like to

265

00:12:01,790 --> 00:11:58,380

get to a little bit later but the next

266

00:12:04,550 --> 00:12:01,800

piece that we saw in the show was the

267

00:12:07,970 --> 00:12:04,560

interview at Homestead won where Candace

268

00:12:11,449 --> 00:12:07,980

and Tom Lewis spoke to two youth tribe

269

00:12:13,850 --> 00:12:11,459

members Mikey rivers and Pete Ute I

270

00:12:15,470 --> 00:12:13,860

believe is how you say his name and the

271

00:12:19,310 --> 00:12:15,480

information that they provided was

272

00:12:21,829 --> 00:12:19,320

fascinating I absolutely love when they

273

00:12:25,490 --> 00:12:21,839

bring natives on the ranch and to talk

274

00:12:26,870 --> 00:12:25,500

about their experiences or the folklore

275

00:12:28,850 --> 00:12:26,880

that has been passed down for

276

00:12:31,790 --> 00:12:28,860

Generations because that information is

277

00:12:34,430 --> 00:12:31,800

incredibly valuable and what Mike

278

00:12:36,470 --> 00:12:34,440

dropped Mikey what what he dropped there

279

00:12:38,630 --> 00:12:36,480

was so fascinating and I think that

280

00:12:40,670 --> 00:12:38,640

could be a whole book in itself a whole

281

00:12:42,350 --> 00:12:40,680

episode and I wish that they were able

282

00:12:44,690 --> 00:12:42,360

to speak more at least in this episode

283

00:12:46,910 --> 00:12:44,700

they probably spoke for hours I can just

284

00:12:49,610 --> 00:12:46,920

assume but only a small segment made it

285

00:12:52,190 --> 00:12:49,620

on the show but what Mikey had mentioned

286

00:12:54,110 --> 00:12:52,200

this is the guy in red right here he

287

00:12:56,509 --> 00:12:54,120

stayed dated and he didn't give the year

288

00:12:59,269 --> 00:12:56,519

and I'm a bit sad about that but he

289

00:13:01,550 --> 00:12:59,279

stated that he saw an actual skin walker

290

00:13:04,190 --> 00:13:01,560

with one of his family members that was

291

00:13:06,350 --> 00:13:04,200

as close to him as the fence is right

292

00:13:08,269 --> 00:13:06,360

here so if his body was here and the

293

00:13:11,389 --> 00:13:08,279

fence is right there that's how close he

294

00:13:13,790 --> 00:13:11,399

was to a skinwalker a while back and he

295

00:13:16,009 --> 00:13:13,800

mentioned in his account that it was

296

00:13:18,470 --> 00:13:16,019

standing on two legs and then it saw

297

00:13:20,870 --> 00:13:18,480

them and it went on all fours and ran

298

00:13:23,329 --> 00:13:20,880

into the forest looked back was a little

299

00:13:25,250 --> 00:13:23,339

bit more startled and continued moving

300

00:13:28,069 --> 00:13:25,260

closer

301
00:13:33,769 --> 00:13:28,079
um to the forest but then he mentioned

302
00:13:36,530 --> 00:13:33,779
in 2013 he saw a dozen UFOs not just one

303
00:13:38,810 --> 00:13:36,540
not just two but over a dozen and they

304
00:13:41,090 --> 00:13:38,820
were all different lights of blue green

305
00:13:43,009 --> 00:13:41,100
and possibly purple as well but here's

306
00:13:45,590 --> 00:13:43,019
the interesting aspect of this

307
00:13:48,710 --> 00:13:45,600
particular UFO sighting he stated that

308
00:13:51,590 --> 00:13:48,720
one of them chased him down and he felt

309
00:13:54,050 --> 00:13:51,600
threatened in all the times that you and

310
00:13:55,610 --> 00:13:54,060
I have research UFO sightings UFO

311
00:13:58,790 --> 00:13:55,620
encounters the sense of feeling

312
00:14:00,350 --> 00:13:58,800
threatened isn't always there yes it is

313
00:14:02,329 --> 00:14:00,360

sometimes when people feel like they're

314

00:14:06,170 --> 00:14:02,339

they feel like they're being surveyed

315

00:14:10,009 --> 00:14:06,180

buy a UFO but that's not always the case

316

00:14:13,370 --> 00:14:10,019

and for him for Mikey when he was around

317

00:14:16,129 --> 00:14:13,380

the Uinta Basin he had not only seen

318

00:14:22,150 --> 00:14:16,139

what he believes to be a skinwalker but

319

00:14:25,930 --> 00:14:22,160

he had also seen a had seen a dozen UFOs

320

00:14:29,090 --> 00:14:25,940

so I find that aspect pretty interesting

321

00:14:32,569 --> 00:14:29,100

when he said that he he just points he

322

00:14:34,610 --> 00:14:32,579

goes right over there right yeah I

323

00:14:37,430 --> 00:14:34,620

thought wow wow that's pretty

324

00:14:40,490 --> 00:14:37,440

interesting and then he said uh they got

325

00:14:42,769 --> 00:14:40,500

sick remember and he got nauseous and

326

00:14:44,329 --> 00:14:42,779

and as soon as they left the property

327

00:14:47,810 --> 00:14:44,339

and got home they got their feet back

328

00:14:49,490 --> 00:14:47,820

under him and uh it lasted for a few

329

00:14:52,790 --> 00:14:49,500

hours but this is something that's been

330

00:14:54,410 --> 00:14:52,800

going on with other members uh of of the

331

00:14:58,370 --> 00:14:54,420

ranch specifically I think it's Thomas

332

00:15:01,069 --> 00:14:58,380

right right all of them Tom Lewis had a

333

00:15:04,310 --> 00:15:01,079

heart issue last season

334

00:15:06,110 --> 00:15:04,320

um Thomas had a head injury Travis had

335

00:15:08,449 --> 00:15:06,120

radiation Burns

336

00:15:10,069 --> 00:15:08,459

um Kayla bench had this weird eye thing

337

00:15:11,750 --> 00:15:10,079

where it like it came like these Ripples

338

00:15:13,970 --> 00:15:11,760

and the doctor couldn't explain what was

339

00:15:15,889 --> 00:15:13,980

going on that's right that's right all

340

00:15:18,290 --> 00:15:15,899

of them have had something really weird

341

00:15:20,689 --> 00:15:18,300

except for Dragon

342

00:15:24,110 --> 00:15:20,699

dragon's the only well he looks healthy

343

00:15:26,990 --> 00:15:24,120

see drag Dragon looks healthy uh plus

344

00:15:29,750 --> 00:15:27,000

you know what he's armed so who's gonna

345

00:15:32,269 --> 00:15:29,760

mess with dragon right the entities are

346

00:15:36,350 --> 00:15:32,279

going to leave him alone let me I'm just

347

00:15:39,170 --> 00:15:36,360

gonna say this I have I've talked to uh

348

00:15:44,389 --> 00:15:39,180

people that have seen Skin Walkers and

349

00:15:46,430 --> 00:15:44,399

specifically uh a family that has

350

00:15:48,290 --> 00:15:46,440

um a business that's very close to

351

00:15:51,949 --> 00:15:48,300

Skinwalker Ranch I I don't want to get

352

00:15:54,710 --> 00:15:51,959

into details but their home which is not

353

00:15:56,509 --> 00:15:54,720

that far from Skinwalker Ranch they were

354

00:16:00,290 --> 00:15:56,519

telling me that they would come home at

355

00:16:02,870 --> 00:16:00,300

night and that that the skinwalker lived

356

00:16:05,990 --> 00:16:02,880

in their nearest shed in their backyard

357

00:16:08,750 --> 00:16:06,000

and would come out right they would pull

358

00:16:11,930 --> 00:16:08,760

up in the driveway and it would run into

359

00:16:14,509 --> 00:16:11,940

the backyard now I I don't know about

360

00:16:17,569 --> 00:16:14,519

you you know and I know I'm a grown-up

361

00:16:20,090 --> 00:16:17,579

and I and I'm supposed to be that stuff

362

00:16:22,670 --> 00:16:20,100

terrifies me I don't know how I would

363

00:16:25,069 --> 00:16:22,680

react with Mikey coming back to the

364

00:16:27,769 --> 00:16:25,079

ranch for this interview would you if

365

00:16:29,030 --> 00:16:27,779

you would you go back back that stuff

366

00:16:31,370 --> 00:16:29,040

scares me

367

00:16:33,290 --> 00:16:31,380

well Tom Lewis had mentioned that it

368

00:16:35,150 --> 00:16:33,300

requires a lot of courage in order not

369

00:16:36,889 --> 00:16:35,160

only to return to the ranch but also to

370

00:16:39,249 --> 00:16:36,899

speak out about the skin walker because

371

00:16:41,810 --> 00:16:39,259

when it comes to Native Americans

372

00:16:44,509 --> 00:16:41,820

they're almost I don't want to say the

373

00:16:46,189 --> 00:16:44,519

word prohibited but it's really frowned

374

00:16:47,810 --> 00:16:46,199

upon to talk about the skinwalker

375

00:16:50,090 --> 00:16:47,820

because it's believed that if even if

376

00:16:52,189 --> 00:16:50,100

you mention it you will Attract it and

377

00:16:54,769 --> 00:16:52,199

attract their curse attract the the

378

00:16:58,490 --> 00:16:54,779

negative energy attached to them and

379

00:17:02,269 --> 00:16:58,500

Peter the guy right next to Mikey him

380

00:17:03,650 --> 00:17:02,279

right here he had mentioned in their

381

00:17:05,929 --> 00:17:03,660

traditions

382

00:17:08,390 --> 00:17:05,939

when it comes when they see anything

383

00:17:10,429 --> 00:17:08,400

weird have it be like weird UFOs in the

384

00:17:13,189 --> 00:17:10,439

sky or the skinwalker they're running

385

00:17:16,030 --> 00:17:13,199

the other way because they fear that

386

00:17:19,309 --> 00:17:16,040

these types of entities these anomalous

387

00:17:22,010 --> 00:17:19,319

encounters can attach to their soul or

388

00:17:25,010 --> 00:17:22,020

their body and create negative effects

389

00:17:26,510 --> 00:17:25,020

afterward so they do not want to do they

390

00:17:29,030 --> 00:17:26,520

don't want to have anything to do with

391

00:17:30,530 --> 00:17:29,040

these types of things however Candace

392

00:17:33,049 --> 00:17:30,540

asked a really really great question

393

00:17:35,150 --> 00:17:33,059

that I think is so appropriate and she

394

00:17:37,990 --> 00:17:35,160

asked these two young men here stating

395

00:17:41,690 --> 00:17:38,000

do you think with the new generation

396

00:17:43,970 --> 00:17:41,700

that the people a part of these Native

397

00:17:46,310 --> 00:17:43,980

American tribes are able to speak more

398

00:17:48,830 --> 00:17:46,320

about this are do they feel more

399

00:17:51,470 --> 00:17:48,840

confident and Mikey the guy in red

400

00:17:53,390 --> 00:17:51,480

stated with it with this type of show

401
00:17:56,270 --> 00:17:53,400
and the work that you guys are doing

402
00:17:58,250 --> 00:17:56,280
it's opening doors more people are

403
00:18:01,669 --> 00:17:58,260
willing to speak out about it because

404
00:18:04,370 --> 00:18:01,679
they're being inspired by other Native

405
00:18:07,250 --> 00:18:04,380
Americans talking freely about it

406
00:18:08,330 --> 00:18:07,260
without having this increased sense of

407
00:18:10,970 --> 00:18:08,340
fear

408
00:18:13,610 --> 00:18:10,980
and if you remember speed you know

409
00:18:17,570 --> 00:18:13,620
specifically about Skin Walkers

410
00:18:20,990 --> 00:18:17,580
um uh last season or was it season uh

411
00:18:23,270 --> 00:18:21,000
two uh the Llama that was attacked you

412
00:18:26,450 --> 00:18:23,280
remember no I think that was season one

413
00:18:28,370 --> 00:18:26,460

it's season one and uh what's it that

414

00:18:33,830 --> 00:18:28,380

yeah I guess it was season one okay

415

00:18:36,770 --> 00:18:33,840

anyway a llama the cutest thing like on

416

00:18:40,490 --> 00:18:36,780

planet Earth right and

417

00:18:43,430 --> 00:18:40,500

um that was that was that was hard for

418

00:18:46,070 --> 00:18:43,440

me to watch and yeah the the poor alpaca

419

00:18:48,230 --> 00:18:46,080

was just like alpaca yeah which they

420

00:18:49,850 --> 00:18:48,240

look very similar right they're very

421

00:18:51,830 --> 00:18:49,860

very similar but yeah I was in alpaca

422

00:18:53,930 --> 00:18:51,840

which they're a little bit cuter just a

423

00:18:55,789 --> 00:18:53,940

touch but what what what you know a

424

00:18:58,850 --> 00:18:55,799

harmless you know what would go and

425

00:19:01,870 --> 00:18:58,860

attack uh the llama and right around

426

00:19:04,970 --> 00:19:01,880

that episode or the episode after that

427

00:19:08,029 --> 00:19:04,980

uh the the cow died underneath the tree

428

00:19:10,669 --> 00:19:08,039

remember that just just collapsed and

429

00:19:12,770 --> 00:19:10,679

died and they Belinda Moulton Howe came

430

00:19:14,270 --> 00:19:12,780

out and they did that whole thing uh

431

00:19:16,970 --> 00:19:14,280

with that

432

00:19:19,730 --> 00:19:16,980

um is is that Skin Walkers is is that

433

00:19:22,130 --> 00:19:19,740

related to that or are we talking about

434

00:19:25,250 --> 00:19:22,140

some kind of predatory and Predator

435

00:19:27,350 --> 00:19:25,260

predatory animal uh a wolf or something

436

00:19:28,730 --> 00:19:27,360

well see that's a really important

437

00:19:30,890 --> 00:19:28,740

question when it comes to the cattle

438

00:19:34,370 --> 00:19:30,900

mutilation there was no explanation they

439

00:19:37,549 --> 00:19:34,380

allowed the the dead the dead cow to lay

440

00:19:39,650 --> 00:19:37,559

in in a certain area of the ranch and it

441

00:19:41,270 --> 00:19:39,660

was Untouched by Predators it was

442

00:19:43,190 --> 00:19:41,280

Untouched by bugs it was just left there

443

00:19:44,630 --> 00:19:43,200

and that's a really weird aspect when it

444

00:19:47,150 --> 00:19:44,640

comes to cattle mutilations that it

445

00:19:49,430 --> 00:19:47,160

wasn't man-made however for the alpaca

446

00:19:52,370 --> 00:19:49,440

and the attack they figured that it was

447

00:19:54,110 --> 00:19:52,380

a coyote attack and that's what was told

448

00:19:57,110 --> 00:19:54,120

uh what they told me a little bit later

449

00:19:59,090 --> 00:19:57,120

so you have one that's really strange

450

00:20:01,610 --> 00:19:59,100

which is the cattle mutilation and you

451
00:20:05,750 --> 00:20:01,620
have another one that's that is that had

452
00:20:07,130 --> 00:20:05,760
been explained but it's still rather odd

453
00:20:09,110 --> 00:20:07,140
um because I think that people that live

454
00:20:11,450 --> 00:20:09,120
in the city right are the I don't live

455
00:20:14,029 --> 00:20:11,460
in these rural areas you don't think

456
00:20:16,310 --> 00:20:14,039
that something like that is as common or

457
00:20:18,230 --> 00:20:16,320
as prevalent as you would see on a TV

458
00:20:21,529 --> 00:20:18,240
show such as such as this one

459
00:20:24,230 --> 00:20:21,539
now if we get to

460
00:20:27,529 --> 00:20:24,240
um uh some answers here

461
00:20:31,310 --> 00:20:27,539
do you think that

462
00:20:35,090 --> 00:20:31,320
um uh ultimately that there's some kind

463
00:20:38,330 --> 00:20:35,100

of artificial not natural uh structure

464

00:20:42,049 --> 00:20:38,340

underneath the Mesa that is possibly

465

00:20:44,810 --> 00:20:42,059

emitting signals that 1.6 gigahertz

466

00:20:48,710 --> 00:20:44,820

which I find very interesting and then

467

00:20:51,350 --> 00:20:48,720

that is responsible for all of the other

468

00:20:53,409 --> 00:20:51,360

Supernatural and paranormal uh events

469

00:20:57,049 --> 00:20:53,419

that are going on that aren't

470

00:20:59,270 --> 00:20:57,059

necessarily you know a skin walker or

471

00:21:01,930 --> 00:20:59,280

some you know that it could be something

472

00:21:05,450 --> 00:21:01,940

interdimensional that is being created

473

00:21:07,310 --> 00:21:05,460

by what is underneath that Mesa and

474

00:21:11,930 --> 00:21:07,320

wouldn't that be like the biggest news

475

00:21:14,330 --> 00:21:11,940

in in human history if that was the case

476

00:21:16,010 --> 00:21:14,340

pretty fascinating

477

00:21:18,110 --> 00:21:16,020

I'd want to be there to see it that's

478

00:21:20,630 --> 00:21:18,120

for sure when the news breaks I want to

479

00:21:24,350 --> 00:21:20,640

be alive that is one thing that I just I

480

00:21:27,529 --> 00:21:24,360

hope to be there for but one new person

481

00:21:31,850 --> 00:21:27,539

that we saw on the ranch was David Mason

482

00:21:33,529 --> 00:21:31,860

this guy right here and he had invented

483

00:21:35,630 --> 00:21:33,539

certain equipment that he already had

484

00:21:39,529 --> 00:21:35,640

and he brought onto the ranch one of

485

00:21:42,470 --> 00:21:39,539

them being the three Spectrum analyzer

486

00:21:44,270 --> 00:21:42,480

David Mason was also in the movie The

487

00:21:45,950 --> 00:21:44,280

tear in the sky I had the pleasure to

488

00:21:48,710 --> 00:21:45,960

speaking with him and let me just tell you

489

00:21:50,750 --> 00:21:48,720

he is a brilliant mind he's an

490

00:21:52,630 --> 00:21:50,760

incredible scientist as well and an

491

00:21:56,029 --> 00:21:52,640

amazing inventor with a bunch of patents

492

00:21:57,830 --> 00:21:56,039

and I was so happy to see him on the

493

00:21:58,850 --> 00:21:57,840

show I was like oh my gosh no way I'm a

494

00:22:01,190 --> 00:21:58,860

big fan

495

00:22:03,590 --> 00:22:01,200

um but I I wish that he was able to

496

00:22:06,049 --> 00:22:03,600

share more of his knowledge instead we

497

00:22:07,310 --> 00:22:06,059

got a lot of facial expressions and he

498

00:22:08,930 --> 00:22:07,320

kind of he kind of looked a little

499

00:22:11,149 --> 00:22:08,940

clueless bless his heart because again

500

00:22:12,649 --> 00:22:11,159

he's brilliant and you can find the show

501
00:22:14,930 --> 00:22:12,659
the interview right here on this channel

502
00:22:18,350 --> 00:22:14,940
and I was like they didn't give him

503
00:22:20,770 --> 00:22:18,360
Justice he's so great and and we we only

504
00:22:25,549 --> 00:22:20,780
heard him say like two or words

505
00:22:32,029 --> 00:22:25,559
yeah yeah the it swings back to this 1.6

506
00:22:34,850 --> 00:22:32,039
right right he starts broadcasting 1.6 I

507
00:22:38,270 --> 00:22:34,860
want to know there's uh his uh his

508
00:22:40,850 --> 00:22:38,280
three-way one was visible laser and and

509
00:22:43,310 --> 00:22:40,860
two were invisible right so it was

510
00:22:46,190 --> 00:22:43,320
visible infrared and UltraViolet that's

511
00:22:50,029 --> 00:22:46,200
right and then with the carrier band of

512
00:22:55,730 --> 00:22:50,039
the 1.6 gigahertz uh broadcast the

513
00:22:59,750 --> 00:22:55,740

um uh it seems to me that they are able

514

00:23:01,730 --> 00:22:59,760

to whenever a distraction happens or or

515

00:23:04,610 --> 00:23:01,740

they're moving stuff or they're

516

00:23:08,690 --> 00:23:04,620

disturbing the the dirt right this this

517

00:23:10,070 --> 00:23:08,700

1.6 gigahertz signal is incoming but now

518

00:23:13,610 --> 00:23:10,080

they've turned around and they've

519

00:23:17,590 --> 00:23:13,620

broadcasted out I want to know you know

520

00:23:20,270 --> 00:23:17,600

I might you just can't leave that there

521

00:23:24,110 --> 00:23:20,280

they're they're they're there must be

522

00:23:26,570 --> 00:23:24,120

some data yeah for us to to look at

523

00:23:28,250 --> 00:23:26,580

I completely agree with you I I felt

524

00:23:31,250 --> 00:23:28,260

again like there's a lot of open-ended

525

00:23:33,649 --> 00:23:31,260

questions we we saw his equipment we saw

526

00:23:35,270 --> 00:23:33,659

kind of this

527

00:23:37,130 --> 00:23:35,280

um explanation that the TV show was

528

00:23:38,570 --> 00:23:37,140

giving on kind of how it worked and then

529

00:23:41,510 --> 00:23:38,580

they just dropped it there we got no

530

00:23:43,730 --> 00:23:41,520

data we got no explanations

531

00:23:45,230 --> 00:23:43,740

um all we know is that David brought in

532

00:23:47,810 --> 00:23:45,240

the equipment and that was kind of it

533

00:23:50,690 --> 00:23:47,820

but at the same time as this this

534

00:23:53,870 --> 00:23:50,700

experiment was going on Travis and Caleb

535

00:23:55,970 --> 00:23:53,880

were launching fireworks and Rockets to

536

00:23:57,710 --> 00:23:55,980

see if it would provoke anything on top

537

00:24:00,950 --> 00:23:57,720

of the triangle and as you had mentioned

538

00:24:04,250 --> 00:24:00,960

Jimmy Two Rockets failed and then two

539

00:24:07,669 --> 00:24:04,260

succeeded the two that succeeded Thomas

540

00:24:10,370 --> 00:24:07,679

saw a very weird purple light in the sky

541

00:24:13,610 --> 00:24:10,380

now for us seeing it from the other side

542

00:24:15,250 --> 00:24:13,620

of the camera right it looked blue in

543

00:24:19,310 --> 00:24:15,260

this case for Thomas it looked purple

544

00:24:22,190 --> 00:24:19,320

but he saw it twice both times at the

545

00:24:24,590 --> 00:24:22,200

last two rockets were launched to the

546

00:24:27,490 --> 00:24:24,600

point that the whole team was doing a

547

00:24:32,210 --> 00:24:27,500

Manhunt trying to find this this light

548

00:24:34,610 --> 00:24:32,220

and I what happened well no it was

549

00:24:37,490 --> 00:24:34,620

Thomas at that point which they should

550

00:24:39,169 --> 00:24:37,500

have done this already we don't know how

551
00:24:40,970 --> 00:24:39,179
much time it you know because we're

552
00:24:44,330 --> 00:24:40,980
seeing the edited version of the show

553
00:24:45,890 --> 00:24:44,340
right right but but they they go out and

554
00:24:48,649 --> 00:24:45,900
and Thomas is out there with his

555
00:24:51,169 --> 00:24:48,659
flashlight and he's got the radio and he

556
00:24:54,230 --> 00:24:51,179
says and I agree with Travis Taylor he

557
00:24:55,970 --> 00:24:54,240
says the most brilliant thing of all not

558
00:24:58,370 --> 00:24:55,980
only in this episode but maybe in the

559
00:25:01,730 --> 00:24:58,380
history of Skinwalker Ranch let's fire

560
00:25:04,549 --> 00:25:01,740
another rocket right let's see if we can

561
00:25:07,250 --> 00:25:04,559
get well why didn't you mentioned that

562
00:25:10,850 --> 00:25:07,260
after the first time you saw the purple

563
00:25:13,430 --> 00:25:10,860

uh dot because when they go out there

564

00:25:15,710 --> 00:25:13,440

and they do the fourth launch when

565

00:25:19,909 --> 00:25:15,720

Travis goes yeah man that's a great idea

566

00:25:22,370 --> 00:25:19,919

yeah no kidding and then nothing happens

567

00:25:25,549 --> 00:25:22,380

um very you know I think that purple dot

568

00:25:27,470 --> 00:25:25,559

appeared three times right right I I

569

00:25:28,850 --> 00:25:27,480

thought it only happened twice it might

570

00:25:31,010 --> 00:25:28,860

have been more than maybe that the TV

571

00:25:33,529 --> 00:25:31,020

show didn't capture was it just twice

572

00:25:36,230 --> 00:25:33,539

okay I think so but one thing that I was

573

00:25:39,350 --> 00:25:36,240

hoping to see with these rocket launches

574

00:25:42,529 --> 00:25:39,360

with these fireworks was Burnett to

575

00:25:44,690 --> 00:25:42,539

return from uh photron cameras with that

576
00:25:47,210 --> 00:25:44,700
super high speed camera to take images

577
00:25:48,890 --> 00:25:47,220
while all this was happening and we

578
00:25:49,970 --> 00:25:48,900
didn't get that and I was like I feel

579
00:25:51,769 --> 00:25:49,980
like that's probably one of the best

580
00:25:53,930 --> 00:25:51,779
pieces of equipment the team can have

581
00:25:56,930 --> 00:25:53,940
when conducting experiments to capture

582
00:26:00,830 --> 00:25:56,940
things that their human eye cannot so if

583
00:26:03,110 --> 00:26:00,840
they can't bring the photron cameras all

584
00:26:07,029 --> 00:26:03,120
the time that the company they should at

585
00:26:09,590 --> 00:26:07,039
least in my opinion invest in a

586
00:26:11,390 --> 00:26:09,600
high-speed camera so that they can do it

587
00:26:13,549 --> 00:26:11,400
themselves maybe they have already and

588
00:26:15,350 --> 00:26:13,559

we haven't seen it yet but that is one

589

00:26:18,649 --> 00:26:15,360

thing that I'm like I would really like

590

00:26:22,070 --> 00:26:18,659

to see but in the aspect of the UFO

591

00:26:24,169 --> 00:26:22,080

sighting that Thomas saw and then that

592

00:26:27,289 --> 00:26:24,179

Travis saw in one is looking through

593

00:26:29,210 --> 00:26:27,299

night vision it kind of looked like the

594

00:26:31,370 --> 00:26:29,220

the image that he was seeing the light

595

00:26:34,010 --> 00:26:31,380

in the sky was kind of it was like kind

596

00:26:36,350 --> 00:26:34,020

of strobing so given that if it was

597

00:26:38,750 --> 00:26:36,360

strobing I wonder about the Blackhawk

598

00:26:40,610 --> 00:26:38,760

helicopter overflight and the conclusion

599

00:26:43,669 --> 00:26:40,620

that the ranch is being actively

600

00:26:45,769 --> 00:26:43,679

surveilled maybe this time it was a

601
00:26:47,810 --> 00:26:45,779
military drone which are fitted with

602
00:26:50,510 --> 00:26:47,820
strobing lights what do you think about

603
00:26:53,149 --> 00:26:50,520
that well okay so on that point

604
00:26:54,890 --> 00:26:53,159
um and I do agree with you uh but to

605
00:26:58,310 --> 00:26:54,900
that point

606
00:26:59,810 --> 00:26:58,320
um if I have one criticism about this

607
00:27:01,610 --> 00:26:59,820
episode

608
00:27:03,490 --> 00:27:01,620
um it would be this it's not really a

609
00:27:10,010 --> 00:27:03,500
criticism it's more of an observation

610
00:27:12,950 --> 00:27:10,020
because Travis says that that UAP was

611
00:27:15,710 --> 00:27:12,960
following Thomas and was directly above

612
00:27:19,070 --> 00:27:15,720
him okay he said when you went over for

613
00:27:20,090 --> 00:27:19,080

the purple light this why would Travis

614

00:27:23,930 --> 00:27:20,100

say that

615

00:27:26,870 --> 00:27:23,940

it was it way off in the distance or was

616

00:27:29,210 --> 00:27:26,880

this something that was a observed uh

617

00:27:31,250 --> 00:27:29,220

directly above the ranch and was it

618

00:27:33,950 --> 00:27:31,260

following Thomas

619

00:27:36,470 --> 00:27:33,960

um why why did Travis say that unless

620

00:27:37,970 --> 00:27:36,480

it's setting up something else for a

621

00:27:39,890 --> 00:27:37,980

future episode because you have to be

622

00:27:42,049 --> 00:27:39,900

careful you know when you say something

623

00:27:44,750 --> 00:27:42,059

like that you saw Thomas's face right

624

00:27:48,049 --> 00:27:44,760

right right

625

00:27:52,909 --> 00:27:48,059

um is is Travis

626

00:27:57,049 --> 00:27:52,919

um uh suggesting an idea or was there

627

00:27:58,789 --> 00:27:57,059

actual data showing something and and if

628

00:28:01,870 --> 00:27:58,799

it was directly above Thomas that would

629

00:28:05,690 --> 00:28:01,880

have been very small very drone-like and

630

00:28:08,029 --> 00:28:05,700

if it wasn't their drone whose was it

631

00:28:10,610 --> 00:28:08,039

right so I I don't know why did Travis

632

00:28:12,350 --> 00:28:10,620

say that that's my critic that that I

633

00:28:14,690 --> 00:28:12,360

think we needed answers for in this

634

00:28:16,610 --> 00:28:14,700

episode uh because that was very

635

00:28:21,409 --> 00:28:16,620

specific and interesting at the same

636

00:28:23,450 --> 00:28:21,419

time it was and it goes to show that

637

00:28:25,190 --> 00:28:23,460

there was a lot of questions that

638

00:28:27,950 --> 00:28:25,200

hopefully will get the answers to in the

639

00:28:29,810 --> 00:28:27,960

next episode or in future episodes but I

640

00:28:33,230 --> 00:28:29,820

think my favorite aspect of this

641

00:28:35,750 --> 00:28:33,240

particular one was having you to tribal

642

00:28:38,510 --> 00:28:35,760

members come on the ranch and tell their

643

00:28:40,130 --> 00:28:38,520

stories I again that's just one aspect

644

00:28:42,350 --> 00:28:40,140

that I think is my favorite when it

645

00:28:44,330 --> 00:28:42,360

comes to this TV show but what about

646

00:28:45,049 --> 00:28:44,340

yourself one to ten what would you rate

647

00:28:49,669 --> 00:28:45,059

it

648

00:28:52,250 --> 00:28:49,679

this one yeah ah five

649

00:28:55,549 --> 00:28:52,260

I gotta go five and because it's a setup

650

00:28:57,409 --> 00:28:55,559

it's a setup for future episodes so no

651
00:28:59,269 --> 00:28:57,419
it's a half a shot you know what I mean

652
00:29:01,490 --> 00:28:59,279
it's not like

653
00:29:04,490 --> 00:29:01,500
um you know for me to go like last week

654
00:29:07,850 --> 00:29:04,500
and the week before I was like 9 10. I

655
00:29:11,390 --> 00:29:07,860
have no issues with with uh throwing

656
00:29:15,169 --> 00:29:11,400
about a number like ten or nine

657
00:29:17,870 --> 00:29:15,179
um because we had stuff there this was a

658
00:29:20,149 --> 00:29:17,880
you know a setup of future episodes a

659
00:29:22,909 --> 00:29:20,159
great setup right what's gonna happen

660
00:29:25,850 --> 00:29:22,919
next week that's the thing I I feel like

661
00:29:28,430 --> 00:29:25,860
next week we're gonna have some specific

662
00:29:29,690 --> 00:29:28,440
things uh to talk about I want to know

663
00:29:32,090 --> 00:29:29,700

what's going on with those Bowlers

664

00:29:34,669 --> 00:29:32,100

Christina I'm not gonna let this go I'm

665

00:29:37,730 --> 00:29:34,679

not gonna let this go and and this drill

666

00:29:41,389 --> 00:29:37,740

what is up with that

667

00:29:45,710 --> 00:29:41,399

um I am so curious uh yeah so for that

668

00:29:48,529 --> 00:29:45,720

uh this was an episode that is setting

669

00:29:52,610 --> 00:29:48,539

up the second half of the season and for

670

00:29:55,370 --> 00:29:52,620

a setup episode it's a nine but but for

671

00:29:58,730 --> 00:29:55,380

a data collection uh episode five I go

672

00:30:03,529 --> 00:29:58,740

five so then what do you want to see

673

00:30:06,830 --> 00:30:03,539

happen in future episodes uh I I

674

00:30:10,389 --> 00:30:06,840

I want those Boulders moved I want a

675

00:30:14,690 --> 00:30:10,399

clearer uh scan of what is underneath

676

00:30:18,409 --> 00:30:14,700

and I want an actual uh forensic

677

00:30:22,389 --> 00:30:18,419

analysis done on the ceramic shards that

678

00:30:24,889 --> 00:30:22,399

came out is that manufactured or natural

679

00:30:26,990 --> 00:30:24,899

I think those are two critical things

680

00:30:30,470 --> 00:30:27,000

because if that's if that's manufactured

681

00:30:34,090 --> 00:30:30,480

and not natural uh I say bulldoze that

682

00:30:36,769 --> 00:30:34,100

whole Mesa let's take that sucker down

683

00:30:39,710 --> 00:30:36,779

well yeah what you're gonna leave it

684

00:30:43,970 --> 00:30:39,720

there I mean if that's the case if it is

685

00:30:45,889 --> 00:30:43,980

not natural we've got a situation here I

686

00:30:48,049 --> 00:30:45,899

mean a real one

687

00:30:50,350 --> 00:30:48,059

um and let's just let's just let's move

688

00:30:53,090 --> 00:30:50,360

the mountain let's move it

689

00:30:54,289 --> 00:30:53,100

the overall purpose of the work that

690

00:30:56,330 --> 00:30:54,299

they're doing there and being so

691

00:30:58,610 --> 00:30:56,340

meticulous when it comes to The Mazes

692

00:31:02,090 --> 00:30:58,620

they simply do not want to damage the

693

00:31:04,669 --> 00:31:02,100

anomalous object item thing that is in

694

00:31:06,649 --> 00:31:04,679

the Mesa so like if you just bring the

695

00:31:08,090 --> 00:31:06,659

whole Mesa down if you move it what if

696

00:31:09,350 --> 00:31:08,100

it damages that exact thing that you're

697

00:31:11,269 --> 00:31:09,360

attempting to look for I mean it's like

698

00:31:13,549 --> 00:31:11,279

with archaeologists right they're on

699

00:31:16,010 --> 00:31:13,559

their hands and knees for weeks if not

700

00:31:17,930 --> 00:31:16,020

months with a tiny little comb and a

701
00:31:21,230 --> 00:31:17,940
little brush and just doing its thing

702
00:31:24,289 --> 00:31:21,240
right yeah and it's tedious but they

703
00:31:25,570 --> 00:31:24,299
want to preserve the relics that are

704
00:31:28,909 --> 00:31:25,580
there

705
00:31:31,610 --> 00:31:28,919
see and you can kind of tell they want

706
00:31:34,970 --> 00:31:31,620
to respect the land in the history and

707
00:31:37,970 --> 00:31:34,980
the Heritage I I totally get that but if

708
00:31:42,590 --> 00:31:37,980
we're talking about you know this

709
00:31:44,630 --> 00:31:42,600
ginormous structure that is not natural

710
00:31:46,970 --> 00:31:44,640
that's what it turns out to be you're

711
00:31:49,370 --> 00:31:46,980
not going to leave it there no no no and

712
00:31:53,470 --> 00:31:49,380
if I was in charge right if I was

713
00:31:57,289 --> 00:31:53,480

Brandon I'd bring out the big guns

714

00:32:00,230 --> 00:31:57,299

I would just bring in let's go let's go

715

00:32:02,389 --> 00:32:00,240

let's let's let's let's dig and and

716

00:32:03,830 --> 00:32:02,399

let's uncover this there's no way you

717

00:32:07,190 --> 00:32:03,840

could leave it buried and you wouldn't

718

00:32:09,710 --> 00:32:07,200

leave it buried for years no way no way

719

00:32:12,110 --> 00:32:09,720

the biggest archaeological find in the

720

00:32:13,789 --> 00:32:12,120

history of the world wow you wouldn't

721

00:32:16,250 --> 00:32:13,799

leave that buried you would you would go

722

00:32:19,970 --> 00:32:16,260

in and and get to it quickly you know

723

00:32:23,570 --> 00:32:19,980

and I could see uh

724

00:32:25,630 --> 00:32:23,580

this is where listen if that was the

725

00:32:28,669 --> 00:32:25,640

case it would be like the movie contact

726

00:32:31,330 --> 00:32:28,679

the government would come in they would

727

00:32:34,789 --> 00:32:31,340

claim the land Bureau of Land Management

728

00:32:37,850 --> 00:32:34,799

fugle is out and they would uh take over

729

00:32:40,010 --> 00:32:37,860

uh what what is to be discovered there

730

00:32:42,830 --> 00:32:40,020

they wouldn't leave it buried

731

00:32:44,990 --> 00:32:42,840

yeah so then what do you think the

732

00:32:48,430 --> 00:32:45,000

origin of all the strangeness is when it

733

00:32:52,669 --> 00:32:51,230

everything points to the Mesa you know

734

00:32:54,409 --> 00:32:52,679

there's something there's something

735

00:32:58,250 --> 00:32:54,419

under there

736

00:33:02,090 --> 00:32:58,260

um I I don't know 1.6 gigahertz is very

737

00:33:04,909 --> 00:33:02,100

specific it pops up I I think that the

738

00:33:07,789 --> 00:33:04,919

answers are are you know under under

739

00:33:10,669 --> 00:33:07,799

those Rocks Under those boulders

740

00:33:13,490 --> 00:33:10,679

hmm well Mike says something really

741

00:33:17,210 --> 00:33:13,500

funny he says episode 6 should be titled

742

00:33:21,230 --> 00:33:17,220

drilling Like a Villain 100 man I'm I'm

743

00:33:23,870 --> 00:33:21,240

so with you Mike I'm so with I would you

744

00:33:27,169 --> 00:33:23,880

know and now I would do it with respect

745

00:33:29,930 --> 00:33:27,179

I I would but I wouldn't sit on my hands

746

00:33:32,590 --> 00:33:29,940

I wouldn't I wouldn't wait I would do it

747

00:33:35,630 --> 00:33:32,600

as safe and as respectful as possible

748

00:33:37,610 --> 00:33:35,640

but man I'd be digging I would I would

749

00:33:39,470 --> 00:33:37,620

be digging I wouldn't drill I would just

750

00:33:41,630 --> 00:33:39,480

remove

751
00:33:42,889 --> 00:33:41,640
rock on yeah that's a little bit more

752
00:33:44,090 --> 00:33:42,899
work but something that you could

753
00:33:46,190 --> 00:33:44,100
definitely do

754
00:33:47,990 --> 00:33:46,200
Brian thank you so much the audio they

755
00:33:51,730 --> 00:33:48,000
found in the opening with the snake cam

756
00:33:54,409 --> 00:33:51,740
is a Monster energy drink can

757
00:33:56,450 --> 00:33:54,419
we didn't see any logos just yet but

758
00:33:57,830 --> 00:33:56,460
maybe we'll we'll see something like

759
00:34:00,110 --> 00:33:57,840
that but thank you so much for

760
00:34:01,850 --> 00:34:00,120
supporting the channel it had a weird

761
00:34:03,590 --> 00:34:01,860
shape to it you remember it was kind of

762
00:34:05,690 --> 00:34:03,600
curved that thing on the top and it was

763
00:34:10,550 --> 00:34:05,700

black it looked like it had lines down

764

00:34:13,490 --> 00:34:10,560

the side and uh that didn't look now it

765

00:34:15,649 --> 00:34:13,500

could have been dropped in right uh over

766

00:34:19,369 --> 00:34:15,659

the years somebody could have something

767

00:34:22,190 --> 00:34:19,379

down there and never uh retrieved it

768

00:34:25,310 --> 00:34:22,200

that that's totally possible

769

00:34:28,609 --> 00:34:25,320

um but it doesn't look like all of the

770

00:34:30,589 --> 00:34:28,619

the rocks and the debris that are

771

00:34:32,210 --> 00:34:30,599

rounded it was a different color and it

772

00:34:35,450 --> 00:34:32,220

just didn't it didn't look natural it

773

00:34:36,829 --> 00:34:35,460

didn't fit didn't fit what was you know

774

00:34:39,290 --> 00:34:36,839

what I mean what was surrounding it

775

00:34:42,109 --> 00:34:39,300

right and then also they were hinting at

776

00:34:44,869 --> 00:34:42,119

in the next episode that it's uh it's

777

00:34:47,210 --> 00:34:44,879

something used for cloaking devices uh

778

00:34:49,550 --> 00:34:47,220

selenium selling them something

779

00:34:52,070 --> 00:34:49,560

something along those lines and I was

780

00:34:53,990 --> 00:34:52,080

like okay well that's I mean that's a

781

00:34:55,490 --> 00:34:54,000

really big statement to say something

782

00:34:57,109 --> 00:34:55,500

like that and then Define that in the

783

00:34:58,670 --> 00:34:57,119

Mesa so hopefully we'll get more

784

00:35:02,870 --> 00:34:58,680

information on that little tidbit

785

00:35:05,690 --> 00:35:02,880

because it's like whoa whoa

786

00:35:07,310 --> 00:35:05,700

it's uh it's a very it's a very

787

00:35:10,490 --> 00:35:07,320

entertaining show

788

00:35:14,390 --> 00:35:10,500

um what what I do enjoy about secretive

789

00:35:17,930 --> 00:35:14,400

skin walker as opposed to other shows uh

790

00:35:20,030 --> 00:35:17,940

that are out there is we're not getting

791

00:35:23,810 --> 00:35:20,040

it all at once but we are getting

792

00:35:25,250 --> 00:35:23,820

answers in the research as we move along

793

00:35:27,710 --> 00:35:25,260

um I don't think they're anywhere close

794

00:35:31,250 --> 00:35:27,720

to having answers

795

00:35:33,770 --> 00:35:31,260

um or closure yet uh but at least with

796

00:35:35,990 --> 00:35:33,780

this show we we get a little something

797

00:35:37,849 --> 00:35:36,000

all the time and that's the part about

798

00:35:40,550 --> 00:35:37,859

it that I really enjoy it's a great show

799

00:35:41,930 --> 00:35:40,560

great series it is and that another

800

00:35:43,970 --> 00:35:41,940

really great aspect about this

801
00:35:46,010 --> 00:35:43,980
particular show like you said compared

802
00:35:48,349 --> 00:35:46,020
to other ones is that they are truly

803
00:35:49,970 --> 00:35:48,359
attempting to find answers while other

804
00:35:52,670 --> 00:35:49,980
ones that are kind of more in the

805
00:35:55,730 --> 00:35:52,680
Paranormal in the Cryptid side it's it's

806
00:35:58,130 --> 00:35:55,740
a lot of shock Factor right but they

807
00:35:59,870 --> 00:35:58,140
they are documenting the research going

808
00:36:01,970 --> 00:35:59,880
on there at Skinwalker Ranch these other

809
00:36:03,349 --> 00:36:01,980
ones are like well look at this wow

810
00:36:05,569 --> 00:36:03,359
that's so wild right but in this case

811
00:36:07,849 --> 00:36:05,579
we're seeing more than that and I mean

812
00:36:11,150 --> 00:36:07,859
it's a restricted format time wise as

813
00:36:14,089 --> 00:36:11,160

well you only have 45 minutes to look at

814

00:36:16,130 --> 00:36:14,099

a week's worth of research so we don't

815

00:36:20,150 --> 00:36:16,140

really get to see much again as Eric

816

00:36:22,250 --> 00:36:20,160

mentioned we only see 0.7 percent of the

817

00:36:25,190 --> 00:36:22,260

work that that they do there on the

818

00:36:26,750 --> 00:36:25,200

ranch well it's 365 days in the year you

819

00:36:27,650 --> 00:36:26,760

know and right and there's what 12

820

00:36:29,750 --> 00:36:27,660

episodes

821

00:36:33,410 --> 00:36:29,760

yeah I'm not going to

822

00:36:36,109 --> 00:36:33,420

um uh uh when it comes to things like

823

00:36:39,530 --> 00:36:36,119

let's just you know Bigfoot and I've

824

00:36:41,410 --> 00:36:39,540

made this joke now for 10 years but you

825

00:36:45,470 --> 00:36:41,420

know how those shows are going to end

826

00:36:47,030 --> 00:36:45,480

you know you know you know you know you

827

00:36:48,650 --> 00:36:47,040

know the ending you know the ending of

828

00:36:50,870 --> 00:36:48,660

the shows you know the ending of the

829

00:36:54,349 --> 00:36:50,880

season and you know what's going to go

830

00:36:57,349 --> 00:36:54,359

on next season uh secretive skin walker

831

00:36:59,390 --> 00:36:57,359

is not that all right so right now it's

832

00:37:00,950 --> 00:36:59,400

pretty solid and and we're slowly

833

00:37:03,770 --> 00:37:00,960

getting answers it's it's very

834

00:37:07,069 --> 00:37:03,780

intriguing well man

835

00:37:13,670 --> 00:37:10,430

duh now I've got to get ready for the

836

00:37:16,849 --> 00:37:13,680

black tonight and uh Maureen St Germain

837

00:37:18,349 --> 00:37:16,859

so thank you everybody Christina you're

838

00:37:21,410 --> 00:37:18,359

the absolute very are you going to head

839

00:37:23,930 --> 00:37:21,420

over to Discord now well actually right

840

00:37:26,930 --> 00:37:23,940

after this the premiere with Bryant

841

00:37:29,870 --> 00:37:26,940

Arnold AKA Dragon will be premiering on

842

00:37:31,970 --> 00:37:29,880

my channel uh going into detail on his

843

00:37:33,530 --> 00:37:31,980

experiences and his work when it comes

844

00:37:37,130 --> 00:37:33,540

to Skinwalker Ranch so you don't want to

845

00:37:39,290 --> 00:37:37,140

miss that it's at 2 30 p.m PST
