BREAKING NEWS

Thur June 01, 2023 **LIVE**

1
00:00:38,510 --> 00:00:24,820

[Music]

2
00:00:44,889 --> 00:00:41,510

good afternoon Fade to Black breaking

3
00:00:48,650 --> 00:00:44,899

news for this Thursday June 1st

4
00:00:51,170 --> 00:00:48,660

2023 this is all of the news that you

5
00:00:54,290 --> 00:00:51,180

need I'm Jimmy Church let's get straight

6
00:00:57,410 --> 00:00:54,300

to it everybody here we go on this day

7
00:01:00,110 --> 00:00:57,420

in history 1980.

8
00:01:04,250 --> 00:01:00,120

Ted Turner's Cable News Network

9
00:01:08,270 --> 00:01:04,260

otherwise known as CNN headquartered in

10
00:01:11,570 --> 00:01:08,280

Atlanta began 24-hour live news

11
00:01:14,750 --> 00:01:11,580

broadcast this day in 1980 and gained

12
00:01:17,870 --> 00:01:14,760

worldwide attention in 1991 for its

13
00:01:19,570 --> 00:01:17,880

Around the Clock coverage of the Persian

14

00:01:23,870 --> 00:01:19,580

Gulf War

15

00:01:26,450 --> 00:01:23,880

wow that was a day in history 1980 here

16

00:01:28,370 --> 00:01:26,460

we go fader facts

17

00:01:31,370 --> 00:01:28,380

people

18

00:01:34,730 --> 00:01:31,380

and I know you thought about this

19

00:01:36,670 --> 00:01:34,740

people are more creative

20

00:01:41,210 --> 00:01:36,680

in the shower

21

00:01:44,030 --> 00:01:41,220

warm or hot water on your head causes an

22

00:01:46,850 --> 00:01:44,040

increased dopamine flow that makes us

23

00:01:49,550 --> 00:01:46,860

more creative

24

00:01:51,469 --> 00:01:49,560

but you don't sing any better there you

25

00:01:53,990 --> 00:01:51,479

go there's your fader Factory you always

26
00:01:55,130 --> 00:01:54,000
wonder about that right those ideas pop

27
00:01:57,770 --> 00:01:55,140
in your head

28
00:01:59,630 --> 00:01:57,780
when you're in the shower now you know

29
00:02:03,530 --> 00:01:59,640
there's your fader fact let's get to the

30
00:02:06,770 --> 00:02:03,540
breaking news North Korean leader Kim

31
00:02:11,110 --> 00:02:06,780
Jong-un fatty fat sister

32
00:02:14,449 --> 00:02:11,120
said earlier today that Pyongyang would

33
00:02:17,210 --> 00:02:14,459
correctly place a spy satellite into

34
00:02:23,150 --> 00:02:17,220
orbit soon a day after their first

35
00:02:28,130 --> 00:02:23,160
attempted crash right okay now listen

36
00:02:32,570 --> 00:02:28,140
this is a direct quote from Kim yo Yong

37
00:02:36,170 --> 00:02:32,580
and I'm not making this up quote

38
00:02:38,630 --> 00:02:36,180

the U.S is a group of gangsters who

39

00:02:41,210 --> 00:02:38,640

would claim that even if the dprk

40

00:02:44,809 --> 00:02:41,220

launches a satellite in space orbit

41

00:02:47,330 --> 00:02:44,819

through balloon it is illegal and

42

00:02:50,390 --> 00:02:47,340

threatening end quote

43

00:02:52,490 --> 00:02:50,400

that's all I've got South Korea

44

00:02:55,089 --> 00:02:52,500

recovered North Korea's rocket and

45

00:02:59,270 --> 00:02:55,099

satellite after it crashed into the sea

46

00:03:03,430 --> 00:02:59,280

and are studying the technology and I

47

00:03:06,290 --> 00:03:03,440

will keep you posted the U.S is a group

48

00:03:08,930 --> 00:03:06,300

of gangstas

49

00:03:12,890 --> 00:03:08,940

for the first time scientists have used

50

00:03:16,070 --> 00:03:12,900

x-rays to characterize the properties of

51

00:03:17,390 --> 00:03:16,080

a single atom showing that this

52

00:03:19,910 --> 00:03:17,400

technique can be used to understand

53

00:03:23,449 --> 00:03:19,920

matter at the level of its tiniest

54

00:03:25,610 --> 00:03:23,459

building blocks x-rays are considered a

55

00:03:28,790 --> 00:03:25,620

suitable probe for the characterization

56

00:03:31,970 --> 00:03:28,800

of materials on an atomic level because

57

00:03:36,410 --> 00:03:31,980

their wavelength distribution is

58

00:03:38,330 --> 00:03:36,420

comparable to an atom's size incredible

59

00:03:40,490 --> 00:03:38,340

now

60

00:03:42,350 --> 00:03:40,500

scientists have used x-rays to

61

00:03:44,690 --> 00:03:42,360

characterize the properties of a single

62

00:03:46,369 --> 00:03:44,700

atom showing that this technique can be

63

00:03:50,210 --> 00:03:46,379

used to understand matter at the level

64

00:03:53,089 --> 00:03:50,220

of its tiniest tiniest of sizes led by

65

00:03:58,130 --> 00:03:53,099

physicists uh talupe

66

00:04:00,649 --> 00:03:58,140

ayaya of uh aye of Ohio University and

67

00:04:02,869 --> 00:04:00,659

Argonne National Laboratory they showed

68

00:04:06,410 --> 00:04:02,879

that x-rays can be used to characterize

69

00:04:10,250 --> 00:04:06,420

the elemental and chemical state of just

70

00:04:12,170 --> 00:04:10,260

one atom I remember years ago on the

71

00:04:15,229 --> 00:04:12,180

show I said

72

00:04:19,610 --> 00:04:15,239

has anybody ever photographed an atom

73

00:04:22,189 --> 00:04:19,620

you know a photograph of an atom

74

00:04:24,830 --> 00:04:22,199

and fate or not responded and you all

75

00:04:27,590 --> 00:04:24,840

sent me the the same picture but now

76

00:04:30,350 --> 00:04:27,600

finally we're getting closer yeah it's

77

00:04:33,050 --> 00:04:30,360

pretty impressive Earth has pushed past

78

00:04:34,670 --> 00:04:33,060

seven out of eight scientifically

79

00:04:38,050 --> 00:04:34,680

established

80

00:04:41,689 --> 00:04:38,060

safety limits and Into the Danger Zone

81

00:04:43,990 --> 00:04:41,699

not just for an overheating planet that

82

00:04:46,790 --> 00:04:44,000

is losing its natural

83

00:04:49,909 --> 00:04:46,800

resources but

84

00:04:51,950 --> 00:04:49,919

for the well-being of people living on

85

00:04:54,770 --> 00:04:51,960

it according to a new study the study

86

00:04:56,870 --> 00:04:54,780

looks at the guard rails for the

87

00:05:00,830 --> 00:04:56,880

planetary ecosystem but for the first

88

00:05:03,710 --> 00:05:00,840

time it includes measures of Justice

89

00:05:07,010 --> 00:05:03,720

which is mostly about preventing harm

90

00:05:09,310 --> 00:05:07,020

for countries ethnicities and genders

91

00:05:11,830 --> 00:05:09,320

the study by the international

92

00:05:15,469 --> 00:05:11,840

scientists group Earth commission

93

00:05:18,010 --> 00:05:15,479

published in Wednesday's journal Nature

94

00:05:20,990 --> 00:05:18,020

looks at climate air pollution

95

00:05:23,290 --> 00:05:21,000

phosphorus nitrogen contamination of

96

00:05:26,810 --> 00:05:23,300

water from fertilizer overuse

97

00:05:30,350 --> 00:05:26,820

groundwater supplies fresh surface water

98

00:05:32,990 --> 00:05:30,360

the unbuilt natural environment and the

99

00:05:34,430 --> 00:05:33,000

overall natural and human built

100

00:05:39,290 --> 00:05:34,440

environment

101
00:05:43,150 --> 00:05:39,300
check this out only air pollution wasn't

102
00:05:45,409 --> 00:05:43,160
quite at the danger Point globally

103
00:05:48,850 --> 00:05:45,419
absolutely incredible the National

104
00:05:51,770 --> 00:05:48,860
Science Foundation has awarded

105
00:05:55,189 --> 00:05:51,780
91.8 million dollars to the university

106
00:05:58,070 --> 00:05:55,199
Corporation for atmospheric research to

107
00:06:00,950 --> 00:05:58,080
build a groundbreaking radar that could

108
00:06:03,350 --> 00:06:00,960
improve predictions of hurricanes and

109
00:06:05,270 --> 00:06:03,360
other high impact storms and allow

110
00:06:08,510 --> 00:06:05,280
researchers to see much deeper into

111
00:06:10,790 --> 00:06:08,520
clouds than is currently possible the

112
00:06:13,310 --> 00:06:10,800
radar will be flown by the National

113
00:06:16,790 --> 00:06:13,320

Oceanic and Atmospheric Administration

114

00:06:19,909 --> 00:06:16,800

Noah there and their hurricane hunter

115

00:06:22,850 --> 00:06:19,919

aircraft to support weather forecasting

116

00:06:26,809 --> 00:06:22,860

the radar called The Airborne phased

117

00:06:28,550 --> 00:06:26,819

array radar or apar will mount to the

118

00:06:30,409 --> 00:06:28,560

outside of a national Center for

119

00:06:34,370 --> 00:06:30,419

atmospheric research aircraft and

120

00:06:38,930 --> 00:06:34,380

provide close 3D views of what is going

121

00:06:41,450 --> 00:06:38,940

on deep inside clouds and severe storms

122

00:06:42,590 --> 00:06:41,460

yeah I think that's pretty cool after

123

00:06:47,390 --> 00:06:42,600

police

124

00:06:50,650 --> 00:06:47,400

found a body in a black steamer trunk in

125

00:06:55,070 --> 00:06:50,660

a wooded area in Florida 53 years ago

126
00:06:59,330 --> 00:06:55,080
the mystery of the trunk lady became a

127
00:07:01,490 --> 00:06:59,340
cold case for decades Now using DNA

128
00:07:06,050 --> 00:07:01,500
evidence police have identified the

129
00:07:10,490 --> 00:07:06,060
victim as Sylvia June Atherton a mother

130
00:07:14,990 --> 00:07:10,500
of five from Tucson Arizona on Halloween

131
00:07:17,390 --> 00:07:15,000
back in 1969 Saint Petersburg Police

132
00:07:20,029 --> 00:07:17,400
were called to a wooded area behind what

133
00:07:23,450 --> 00:07:20,039
was then a restaurant called the Oyster

134
00:07:25,909 --> 00:07:23,460
Bar assistant chief Michael koshyev has

135
00:07:28,909 --> 00:07:25,919
said at a news conference this past

136
00:07:31,510 --> 00:07:28,919
Tuesday he said two children reported

137
00:07:35,210 --> 00:07:31,520
seeing two white men in a pickup truck

138
00:07:38,270 --> 00:07:35,220

unload the trunk in the field and then

139

00:07:43,330 --> 00:07:38,280

leave while police now know her name

140

00:07:45,830 --> 00:07:43,340

they still don't know who killed Sylvia

141

00:07:48,110 --> 00:07:45,840

DNA there you go

142

00:07:49,189 --> 00:07:48,120

check this out this is incredible a

143

00:07:52,249 --> 00:07:49,199

necklace

144

00:07:56,029 --> 00:07:52,259

carrying the tooth of a prehistoric

145

00:07:57,830 --> 00:07:56,039

shark known as the Megalodon have been

146

00:08:00,230 --> 00:07:57,840

discovered in the wreckage of the

147

00:08:02,809 --> 00:08:00,240

Titanic during a digital scan of the

148

00:08:04,909 --> 00:08:02,819

sunken ship coincidence tonight I'm

149

00:08:08,809 --> 00:08:04,919

doing Mega charts and megalodon tonight

150

00:08:11,469 --> 00:08:08,819

on the show with Max Hawthorne strange

151
00:08:14,510 --> 00:08:11,479
right but for more than a hundred years

152
00:08:16,309 --> 00:08:14,520
the necklace sat at the bottom of the

153
00:08:20,390 --> 00:08:16,319
ocean following the sinking of the

154
00:08:22,670 --> 00:08:20,400
Titanic in 1912 according to Magellan a

155
00:08:25,790 --> 00:08:22,680
deep water investigation company that

156
00:08:29,150 --> 00:08:25,800
carried out the scan images from the

157
00:08:32,810 --> 00:08:29,160
scan show a gold necklace with a tooth

158
00:08:35,990 --> 00:08:32,820
of a Megalodon scientifically known as

159
00:08:39,529 --> 00:08:36,000
well a giant megalodon a prehistoric

160
00:08:42,469 --> 00:08:39,539
shark that lived more than 23 million

161
00:08:44,630 --> 00:08:42,479
years ago Megalodons were faster than

162
00:08:48,889 --> 00:08:44,640
any shark alive today and big enough to

163
00:08:51,110 --> 00:08:48,899

eat an orca whale in just five bites the

164

00:08:54,170 --> 00:08:51,120

necklace this was discovered by Magellan

165

00:08:57,170 --> 00:08:54,180

during a project to produce a full-size

166

00:08:59,449 --> 00:08:57,180

digital scan of the Titanic which the

167

00:09:03,829 --> 00:08:59,459

company says is the largest underwater

168

00:09:07,810 --> 00:09:03,839

scanning project in history

169

00:09:13,009 --> 00:09:07,820

and finally I'll leave you with this

170

00:09:15,290 --> 00:09:13,019

Elon Musk has reclaimed his position as

171

00:09:17,630 --> 00:09:15,300

the world's wealthiest person that's

172

00:09:20,329 --> 00:09:17,640

according to the Bloomberg billionaires

173

00:09:22,750 --> 00:09:20,339

tally which estimated the dude's net

174

00:09:27,730 --> 00:09:22,760

worth and now at about

175

00:09:31,210 --> 00:09:27,740

192 billion dollars compared to the lvmh

176

00:09:36,650 --> 00:09:31,220

CEO Bernard Arnold's

177

00:09:39,889 --> 00:09:36,660

187 billion dollars the two srbs or

178

00:09:41,930 --> 00:09:39,899

stupid Rich billionaires a term used to

179

00:09:44,870 --> 00:09:41,940

refer to people with fortunes of more

180

00:09:48,170 --> 00:09:44,880

than 100 billion dollars have been neck

181

00:09:50,870 --> 00:09:48,180

and neck for the top spot for months

182

00:09:52,850 --> 00:09:50,880

there you go there's all the Fade to

183

00:09:55,150 --> 00:09:52,860

Black breaking news that you need for

184

00:09:58,130 --> 00:09:55,160

this Thursday June 1st

185

00:10:00,050 --> 00:09:58,140

2023 Theta black breaking news is
