[Music]

3
00:00:44,650 --> 00:00:41,569
good afternoon Fade to Black breaking

4
00:00:48,229 --> 00:00:44,660
news for this Tuesday June 6

5
00:00:50,810 --> 00:00:48,239
2023. this is all of the news that you

6
00:00:52,850 --> 00:00:50,820
need I'm Jimmy Church

7
00:00:53,770 --> 00:00:52,860
let's get straight to it on this day in

8
00:00:57,830 --> 00:00:53,780
history

9
00:01:01,430 --> 00:00:57,840
1944 led by the United States General

10
00:01:04,189 --> 00:01:01,440
Dwight D Eisenhower and Allied Armada of

11
00:01:06,170 --> 00:01:04,199
ships planes and landing craft and some

12
00:01:09,410 --> 00:01:06,180
156

13
00:01:11,450 --> 00:01:09,420

000 troops began the invasion of a

14

00:01:16,730 --> 00:01:11,460

northern France from England on this day

15

00:01:21,710 --> 00:01:16,740

in 1944 the famous D-Day of World War II

16

00:01:29,510 --> 00:01:25,190

a bolt of lightning contains enough

17

00:01:32,690 --> 00:01:29,520

energy to toast 100

18

00:01:35,450 --> 00:01:32,700

000 slices of bread that's right the

19

00:01:38,330 --> 00:01:35,460

average 1000 watt two slice toaster

20

00:01:41,870 --> 00:01:38,340

could be powered for eighty four

21

00:01:43,969 --> 00:01:41,880

thousand minutes and that

22

00:01:46,490 --> 00:01:43,979

is your fader fact let's get to the

23

00:01:48,850 --> 00:01:46,500

breaking news this happened late last

24

00:01:52,130 --> 00:01:48,860

night but earlier today

25

00:01:54,969 --> 00:01:52,140

Ukraine accused Russian forces of

26
00:01:58,010 --> 00:01:54,979
blowing up a major soviet-era Dam and

27
00:02:00,350 --> 00:01:58,020
hydroelectric power station in a part of

28
00:02:03,050 --> 00:02:00,360
Southern Ukraine that Russia controls

29
00:02:06,249 --> 00:02:03,060
sending water gushing from the breached

30
00:02:09,410 --> 00:02:06,259
facility and risking massive flooding

31
00:02:12,610 --> 00:02:09,420
Ukrainian authorities ordered thousands

32
00:02:15,770 --> 00:02:12,620
of residents down river to evacuate

33
00:02:20,030 --> 00:02:15,780
Russia claimed it was Ukraine's military

34
00:02:23,510 --> 00:02:20,040
that damaged the Nova uh kavoka Dam

35
00:02:26,030 --> 00:02:23,520
which It seems impossible considering it

36
00:02:27,650 --> 00:02:26,040
has been under Russian control for

37
00:02:28,850 --> 00:02:27,660
months

38
00:02:30,890 --> 00:02:28,860

foreign

39

00:02:34,610 --> 00:02:30,900

yesterday

40

00:02:37,250 --> 00:02:34,620

a fake Declaration of Martial law and

41

00:02:41,150 --> 00:02:37,260

Military mobilization by President

42

00:02:42,890 --> 00:02:41,160

Vladimir Putin of Russia aired on a

43

00:02:45,170 --> 00:02:42,900

number of Russian radio and television

44

00:02:49,610 --> 00:02:45,180

networks an incident that the Kremlin

45

00:02:51,890 --> 00:02:49,620

described as a hack the bogus speech

46

00:02:54,470 --> 00:02:51,900

which was broadcast on the mere radio

47

00:02:57,110 --> 00:02:54,480

station and television networks said

48

00:03:00,470 --> 00:02:57,120

Ukraine had invaded three border regions

49

00:03:03,290 --> 00:03:00,480

and urged their residents to evacuate to

50

00:03:05,570 --> 00:03:03,300

the Russian Heartland the clip also

51
00:03:08,630 --> 00:03:05,580
depicted Mr Putin declaring a general

52
00:03:10,550 --> 00:03:08,640
mobilization saying that the power of

53
00:03:15,050 --> 00:03:10,560
the country needed to be harnessed to

54
00:03:18,530 --> 00:03:15,060
defeat a dangerous and insidious enemy

55
00:03:21,530 --> 00:03:18,540
the the Press service of Mir a Russian

56
00:03:23,750 --> 00:03:21,540
public broadcaster said in a statement

57
00:03:26,570 --> 00:03:23,760
that it's radio and television channels

58
00:03:28,990 --> 00:03:26,580
had been illegally interrupted for a

59
00:03:32,869 --> 00:03:29,000
little more than a half an hour before

60
00:03:35,110 --> 00:03:32,879
being restored

61
00:03:37,729 --> 00:03:35,120
I'm gonna leave that right there

62
00:03:40,430 --> 00:03:37,739
prehistoric rock art

63
00:03:42,890 --> 00:03:40,440

has been discovered in the rugged

64

00:03:45,009 --> 00:03:42,900

mountains of Eastern Spain with drones

65

00:03:47,750 --> 00:03:45,019

fitted with cameras

66

00:03:51,350 --> 00:03:47,760

geo-archeology researcher and authorized

67

00:03:55,270 --> 00:03:51,360

drone pilot Francisco Javier Molina of

68

00:03:58,070 --> 00:03:55,280

the University of alcante explored 18

69

00:04:00,550 --> 00:03:58,080

hard-to-reach caves with the drones and

70

00:04:04,009 --> 00:04:00,560

discovered cave paintings in two of them

71

00:04:06,949 --> 00:04:04,019

the artwork including images of archers

72

00:04:10,009 --> 00:04:06,959

deer and goats some of which had been

73

00:04:14,089 --> 00:04:10,019

hit with an arrow is estimated to be

74

00:04:17,270 --> 00:04:14,099

about 7 000 years old the artists may

75

00:04:20,030 --> 00:04:17,280

have built scaffolding structures to

76

00:04:22,670 --> 00:04:20,040

reach some of the sites and after they

77

00:04:26,090 --> 00:04:22,680

have obtained permits they will start

78

00:04:29,629 --> 00:04:26,100

the documentation work in the first cave

79

00:04:31,450 --> 00:04:29,639

this is very exciting news

80

00:04:34,430 --> 00:04:31,460

this month

81

00:04:37,430 --> 00:04:34,440

researchers on board the joyoutis

82

00:04:39,469 --> 00:04:37,440

resolution the flagship of the

83

00:04:43,310 --> 00:04:39,479

international ocean Discovery program

84

00:04:45,890 --> 00:04:43,320

the iodp said they have finally

85

00:04:48,950 --> 00:04:45,900

succeeded in drilling below the seabed

86

00:04:52,010 --> 00:04:48,960

in the Mid-Atlantic ocean they have

87

00:04:56,870 --> 00:04:52,020

collected a core of rock more than one

88

00:05:00,670 --> 00:04:56,880

kilometer long consisting largely of uh

89

00:05:03,409 --> 00:05:00,680

printedite a kind of upper mantle Rock

90

00:05:05,930 --> 00:05:03,419

although it's not clear how pristine and

91

00:05:09,070 --> 00:05:05,940

unaltered the samples are it is certain

92

00:05:12,290 --> 00:05:09,080

the cylinders of the gray green rock

93

00:05:15,230 --> 00:05:12,300

present an unparalleled new record says

94

00:05:20,230 --> 00:05:15,240

Susan Lang a biochemist at the Woods

95

00:05:27,950 --> 00:05:24,050

oceanographic institution and co-lead of

96

00:05:29,870 --> 00:05:27,960

the cruise a kilometer of rock samples

97

00:05:32,990 --> 00:05:29,880

yeah it's pretty incredible

98

00:05:35,529 --> 00:05:33,000

archaeologist in South Africa have

99

00:05:40,909 --> 00:05:35,539

discovered Footprints of homo sapiens

100

00:05:43,129 --> 00:05:40,919

modern humans dating to 153

101
00:05:46,249 --> 00:05:43,139
000 years ago the oldest known tracks

102
00:05:48,350 --> 00:05:46,259
attributed to our species all of this in

103
00:05:51,170 --> 00:05:48,360
the new study the record-breaking

104
00:05:54,350 --> 00:05:51,180
finding is one of many Unearthed in

105
00:05:57,950 --> 00:05:54,360
Africa over the past few decades since

106
00:06:01,490 --> 00:05:57,960
the report of 3.66 million year old

107
00:06:03,490 --> 00:06:01,500
Footprints at the site in Tanzania over

108
00:06:06,469 --> 00:06:03,500
40 years ago

109
00:06:09,110 --> 00:06:06,479
paleo anthropologists have found more

110
00:06:13,070 --> 00:06:09,120
than 100 walking trails preserved in

111
00:06:15,830 --> 00:06:13,080
rocks Ash and mud left by our hominin

112
00:06:18,290 --> 00:06:15,840
ancestors the group that includes modern

113
00:06:21,469 --> 00:06:18,300

and extinct humans as well as our

114

00:06:24,170 --> 00:06:21,479

closely related ancestors most of the

115

00:06:26,570 --> 00:06:24,180

samples the team examined dated between

116

00:06:29,629 --> 00:06:26,580

seventy thousand and one hundred and

117

00:06:33,409 --> 00:06:29,639

thirty thousand years ago in addition to

118

00:06:36,050 --> 00:06:33,419

the 150 53

119

00:06:40,010 --> 00:06:36,060

000 year old track site absolutely

120

00:06:42,249 --> 00:06:40,020

incredible and finally I'll leave you

121

00:06:45,070 --> 00:06:42,259

with this

122

00:06:47,930 --> 00:06:45,080

from NASA to SpaceX

123

00:06:50,749 --> 00:06:47,940

numerous space agencies and private

124

00:06:53,570 --> 00:06:50,759

space flight companies have both plans

125

00:06:57,529 --> 00:06:53,580

to send humans to Mars possibly even

126
00:07:00,350 --> 00:06:57,539
within the next few decades given NASA's

127
00:07:03,890 --> 00:07:00,360
ambitious plans to land astronauts on

128
00:07:07,189 --> 00:07:03,900
Mars by 2040 a hot topic of debate has

129
00:07:10,189 --> 00:07:07,199
been who will get to represent Humanity

130
00:07:13,809 --> 00:07:10,199
on the red planet at the center of that

131
00:07:17,390 --> 00:07:13,819
discourse is the 70 year old argument

132
00:07:20,390 --> 00:07:17,400
that an all-female crew would make the

133
00:07:23,150 --> 00:07:20,400
most sense both biologically and

134
00:07:26,270 --> 00:07:23,160
psychologically and not just as a matter

135
00:07:29,450 --> 00:07:26,280
of diversity and representation

136
00:07:31,730 --> 00:07:29,460
this argument is backed up by numerous

137
00:07:35,029 --> 00:07:31,740
scientific studies that cite the fact

138
00:07:38,029 --> 00:07:35,039

that an all-female crew would consume

139

00:07:40,610 --> 00:07:38,039

fewer resources than an all-male crew

140

00:07:43,850 --> 00:07:40,620

would you know like oxygen water and

141

00:07:45,890 --> 00:07:43,860

food making the long distance Journey to

142

00:07:50,330 --> 00:07:45,900

Mars more efficient

143

00:07:52,430 --> 00:07:50,340

new calculations support the idea in a

144

00:07:55,730 --> 00:07:52,440

paper published in April in the journal

145

00:08:00,589 --> 00:07:55,740

scientific reports a team of researchers

146

00:08:05,290 --> 00:08:00,599

found that on a 1080 day Mission a

147

00:08:10,129 --> 00:08:05,300

four-member all-female crew would need

148

00:08:15,790 --> 00:08:10,139

3736 pounds less food than an all-male

149

00:08:22,850 --> 00:08:18,770

158 million dollars

150

00:08:24,710 --> 00:08:22,860

that's right on a three-year Mission a

151

00:08:27,890 --> 00:08:24,720

crew of four women with the heights

152

00:08:31,129 --> 00:08:27,900

between five and six feet roughly the

153

00:08:35,230 --> 00:08:31,139

criteria for astronauts today consumed

154

00:08:38,810 --> 00:08:35,240

up to 29 percent less resources than men

155

00:08:41,529 --> 00:08:38,820

across the same height range

156

00:08:44,149 --> 00:08:41,539

there you go

157

00:08:46,790 --> 00:08:44,159

there's all the fade to black breaking

158

00:08:47,769 --> 00:08:46,800

news that you need for this Tuesday June

159

00:08:50,990 --> 00:08:47,779

6

160

00:08:53,030 --> 00:08:51,000

2023 Fade to Black breaking news is

161

00:08:55,490 --> 00:08:53,040

produced by Renee Newman I'm Jimmy

162

00:08:58,370 --> 00:08:55,500

church I want to let everybody know that

163

00:09:01,310 --> 00:08:58,380

I have a very special guest we are

164

00:09:05,150 --> 00:09:01,320

rescheduling for Thursday night so we

165

00:09:08,630 --> 00:09:05,160

can cover The Whistleblower statements

166

00:09:12,949 --> 00:09:08,640

and news that has been breaking over the

167

00:09:16,310 --> 00:09:12,959

last 24 hours and once everything gets

168

00:09:19,730 --> 00:09:16,320

finalized this afternoon we will make

169

00:09:25,770 --> 00:09:19,740

that announcement for now I'm Jimmy
