00:00:39,340 --> 00:00:37,750

[Music]

2
00:00:48,130 --> 00:00:39,350

thank you

3
00:00:54,369 --> 00:00:51,170

good afternoon Fade to Black breaking

4
00:00:58,430 --> 00:00:54,379

news for this Wednesday

5
00:01:00,889 --> 00:00:58,440

June 7th 2023 this is all of the news

6
00:01:03,110 --> 00:01:00,899

that you need I'm Jimmy Church

7
00:01:06,070 --> 00:01:03,120

let's get straight to it on this day in

8
00:01:09,230 --> 00:01:06,080

history 1982.

9
00:01:12,910 --> 00:01:09,240

Graceland Elvis Presley's home in

10
00:01:16,370 --> 00:01:12,920

Memphis Tennessee where he died in 1977

11
00:01:19,010 --> 00:01:16,380

was open for Public tours and became one

12
00:01:22,670 --> 00:01:19,020

of the top tourist attractions in the

13
00:01:25,249 --> 00:01:22,680

United States on this day in 1982.

14

00:01:28,609 --> 00:01:25,259

here's your fader fact and it's pretty

15

00:01:31,490 --> 00:01:28,619

unbelievable but it is vetted

16

00:01:34,310 --> 00:01:31,500

in 2014

17

00:01:36,890 --> 00:01:34,320

there was a Tinder match

18

00:01:40,370 --> 00:01:36,900

in Antarctica

19

00:01:43,370 --> 00:01:40,380

and that is your fader fact let's get to

20

00:01:46,069 --> 00:01:43,380

the breaking news more than a dozen U.S

21

00:01:49,550 --> 00:01:46,079

states were under air quality alerts

22

00:01:53,270 --> 00:01:49,560

today as smoke from hundreds of Canadian

23

00:01:55,670 --> 00:01:53,280

wildfires as headed south casting adult

24

00:01:59,090 --> 00:01:55,680

gray power over City skylines and

25

00:02:02,510 --> 00:01:59,100

prompting officials to urge residents to

26
00:02:05,510 --> 00:02:02,520
remain indoors Health officials from

27
00:02:08,210 --> 00:02:05,520
Vermont to South Carolina along the east

28
00:02:09,830 --> 00:02:08,220
coast as well as in Ohio and Kansas in

29
00:02:11,930 --> 00:02:09,840
the midwest

30
00:02:14,750 --> 00:02:11,940
urged millions of residents to limit

31
00:02:17,330 --> 00:02:14,760
their time Outdoors warning that fine

32
00:02:20,030 --> 00:02:17,340
particulates in the atmosphere could

33
00:02:21,350 --> 00:02:20,040
make breathing difficult and pose health

34
00:02:23,809 --> 00:02:21,360
risks

35
00:02:27,949 --> 00:02:23,819
all right and that includes schools by

36
00:02:32,330 --> 00:02:27,959
the way recess is canceled

37
00:02:36,470 --> 00:02:32,340
a deadly bacteria with a roughly 50

38
00:02:38,690 --> 00:02:36,480

percent fatality rate worldwide has made

39

00:02:42,290 --> 00:02:38,700

its way to the United States Gulf Coast

40

00:02:44,690 --> 00:02:42,300

where it has been declared an endemic by

41

00:02:47,869 --> 00:02:44,700

centers for the Disease Control and

42

00:02:51,050 --> 00:02:47,879

prevention the CDC has confirmed three

43

00:02:53,770 --> 00:02:51,060

cases of infection from the bacteria and

44

00:02:57,229 --> 00:02:53,780

this is what's called burkhold area

45

00:03:01,850 --> 00:02:57,239

pseudomale which can cause potentially

46

00:03:04,009 --> 00:03:01,860

lethal malitosis if not treated the

47

00:03:07,610 --> 00:03:04,019

most recent case was reported in

48

00:03:09,770 --> 00:03:07,620

Mississippi in January two others were

49

00:03:14,750 --> 00:03:09,780

confirmed in the same Mississippi county

50

00:03:17,089 --> 00:03:14,760

in July of 2020 and may of 2020 however

51
00:03:20,089 --> 00:03:17,099
most of the people infected with the

52
00:03:23,030 --> 00:03:20,099
bacteria don't show symptoms and develop

53
00:03:26,630 --> 00:03:23,040
antibodies against it meaning many more

54
00:03:29,869 --> 00:03:26,640
people are likely infected in all three

55
00:03:31,930 --> 00:03:29,879
Mississippi cases the patients have

56
00:03:36,050 --> 00:03:31,940
recovered

57
00:03:39,589 --> 00:03:36,060
the first private mission to Venus won't

58
00:03:42,289 --> 00:03:39,599
launch this year after all the rocket

59
00:03:45,289 --> 00:03:42,299
lab Mission which was initially set to

60
00:03:50,030 --> 00:03:45,299
launch last month has been delayed till

61
00:03:52,729 --> 00:03:50,040
at least January of 2025. Rocket lab

62
00:03:55,789 --> 00:03:52,739
announced its planned Venus mission in

63
00:03:58,070 --> 00:03:55,799

August of 2020 then fleshed out its

64

00:04:01,490 --> 00:03:58,080

architecture in a paper published in the

65

00:04:04,490 --> 00:04:01,500

journal Aerospace two years later the

66

00:04:06,949 --> 00:04:04,500

primary goal is to investigate the Venus

67

00:04:10,910 --> 00:04:06,959

atmosphere to search for conditions

68

00:04:13,970 --> 00:04:10,920

needed for life to exist Venus the

69

00:04:17,390 --> 00:04:13,980

hottest planet in the solar system is

70

00:04:20,330 --> 00:04:17,400

generally considered a hellscape with

71

00:04:23,230 --> 00:04:20,340

the surface temperature hot enough to

72

00:04:23,230 --> 00:04:23,240

melt lead

73

00:04:31,189 --> 00:04:26,689

siberia's gateway to the underworld it's

74

00:04:33,969 --> 00:04:31,199

a mega slump is revealing 650

75

00:04:38,390 --> 00:04:33,979

000 year old secrets from its permafrost

76

00:04:41,749 --> 00:04:38,400

ground that has been frozen for 650

77

00:04:44,030 --> 00:04:41,759

000 years is the oldest permafrost in

78

00:04:47,510 --> 00:04:44,040

Siberia and the second oldest ever

79

00:04:50,870 --> 00:04:47,520

discovered on Earth the researchers took

80

00:04:54,230 --> 00:04:50,880

samples from the batigai mega slump a

81

00:04:57,610 --> 00:04:54,240

huge collapse a section of Hillside in

82

00:05:01,249 --> 00:04:57,620

the yena Uplands in Northern and yakusha

83

00:05:05,090 --> 00:05:01,259

Russia that is known to locals as the

84

00:05:07,850 --> 00:05:05,100

gateway to the Underworld the slump is a

85

00:05:10,790 --> 00:05:07,860

stark Badlands in the midst of large and

86

00:05:13,969 --> 00:05:10,800

Birch Woodlands deforestation which

87

00:05:17,210 --> 00:05:13,979

started in the 1940s led to erosion

88

00:05:19,550 --> 00:05:17,220

which in turn caused increased seasonal

89

00:05:22,189 --> 00:05:19,560

melting of the permafrost in The Frigid

90

00:05:25,909 --> 00:05:22,199

region where winter temperatures average

91

00:05:29,629 --> 00:05:25,919

mine is 40 degrees the permafrost in

92

00:05:31,610 --> 00:05:29,639

this region is 80 percent ice so the

93

00:05:34,330 --> 00:05:31,620

significant amounts of the Melt cause

94

00:05:38,210 --> 00:05:34,340

the sediment in the hillside to collapse

95

00:05:41,210 --> 00:05:38,220

and all of this according to a Paleo

96

00:05:44,510 --> 00:05:41,220

um my ecologist at the Alfred Wegner

97

00:05:49,510 --> 00:05:44,520

Institute in Germany

98

00:05:54,950 --> 00:05:49,520

Pablo Escobar's cocaine hippos now top

99

00:05:57,710 --> 00:05:54,960

200 twice as many as thought a new study

100

00:06:00,050 --> 00:05:57,720

of the invasive mammals population in

101
00:06:02,090 --> 00:06:00,060
Colombia revealed there could be double

102
00:06:05,749 --> 00:06:02,100
the number of experts previously

103
00:06:09,290 --> 00:06:05,759
estimated all of this reported in the

104
00:06:12,770 --> 00:06:09,300
journal Nature a study in 2021 estimated

105
00:06:15,950 --> 00:06:12,780
that there was around 98 individuals but

106
00:06:23,510 --> 00:06:15,960
with a more recent census published in

107
00:06:32,930 --> 00:06:28,689
the first case uh listen to this

108
00:06:36,710 --> 00:06:32,940
the first case of a crocodile who made

109
00:06:40,670 --> 00:06:36,720
herself pregnant has been identified at

110
00:06:43,490 --> 00:06:40,680
a zoo in Costa Rica she produced a fetus

111
00:06:47,510 --> 00:06:43,500
that was 99.9 percent genetically

112
00:06:50,749 --> 00:06:47,520
identical to herself the phenomenon is

113
00:06:53,210 --> 00:06:50,759

so-called the Virgin birth and has been

114

00:06:56,809 --> 00:06:53,220

found in species of birds fish and other

115

00:06:59,450 --> 00:06:56,819

reptiles but never before in crocodiles

116

00:07:02,270 --> 00:06:59,460

the time the scientists say the trait

117

00:07:05,809 --> 00:07:02,280

might be inherited from an evolutionary

118

00:07:09,529 --> 00:07:05,819

ancestor so dinosaurs might also have

119

00:07:12,170 --> 00:07:09,539

been capable of self-reproduction the

120

00:07:16,450 --> 00:07:12,180

egg was laid by an 18 year old female

121

00:07:20,330 --> 00:07:16,460

American crocodile in January of 2018

122

00:07:24,170 --> 00:07:20,340

the fetus inside was fully formed but

123

00:07:26,990 --> 00:07:24,180

stillborn and so it did not hatch

124

00:07:30,950 --> 00:07:27,000

the research has been published in the

125

00:07:34,249 --> 00:07:30,960

Royal Society Journal biology letters

126
00:07:35,409 --> 00:07:34,259
now finally I'm going to leave you with

127
00:07:38,210 --> 00:07:35,419
this

128
00:07:41,650 --> 00:07:38,220
scientists say they have built the first

129
00:07:46,070 --> 00:07:41,660
ever breathing sweating

130
00:07:49,010 --> 00:07:46,080
shivering robot designed to cope and

131
00:07:52,210 --> 00:07:49,020
adapt to different temperatures the heat

132
00:07:55,550 --> 00:07:52,220
sensitive thermomatican dubbed Andy

133
00:07:59,629 --> 00:07:55,560
features 35 individually controlled

134
00:08:03,770 --> 00:07:59,639
surfaces with pores that bead sweat like

135
00:08:06,409 --> 00:08:03,780
humans designed by U.S firm thermetrics

136
00:08:09,230 --> 00:08:06,419
used by researchers at the Arizona State

137
00:08:10,790 --> 00:08:09,240
University the robot was created to

138
00:08:13,610 --> 00:08:10,800

better help understand the health

139

00:08:16,969 --> 00:08:13,620

impacts of extreme temperatures on the

140

00:08:20,570 --> 00:08:16,979

human body when robots start cleaning

141

00:08:22,490 --> 00:08:20,580

our homes there you go that's how the

142

00:08:27,529 --> 00:08:22,500

faded black breaking news that you need

143

00:08:29,450 --> 00:08:27,539

for this Wednesday June 7th 2023 faded

144

00:08:32,149 --> 00:08:29,460

black breaking news is produced by Renee

145

00:08:34,070 --> 00:08:32,159

Newman I want to remind everybody that

146

00:08:35,510 --> 00:08:34,080

tomorrow night we have a change in

147

00:08:39,230 --> 00:08:35,520

programming

148

00:08:42,170 --> 00:08:39,240

tomorrow night John Greenwald of The

149

00:08:45,790 --> 00:08:42,180

Black Vault is joining us we will be

150

00:08:51,470 --> 00:08:45,800

discussing in depth the U.S

151
00:08:54,350 --> 00:08:51,480
whistleblower David grush who says the

152
00:08:58,490 --> 00:08:54,360
United States is in possession of flying

153
00:09:01,670 --> 00:08:58,500
saucers and alien bodies what I don't

154
00:09:04,370 --> 00:09:01,680
understand about all of this is this is

155
00:09:06,290 --> 00:09:04,380
potentially the biggest news in the

156
00:09:10,610 --> 00:09:06,300
history of mankind

157
00:09:13,970 --> 00:09:10,620
and it is being largely ignored by the

158
00:09:16,250 --> 00:09:13,980
media this should be headlines around

159
00:09:18,590 --> 00:09:16,260
the world I know that Fox News has

160
00:09:22,370 --> 00:09:18,600
recently covered it news nation has

161
00:09:25,970 --> 00:09:22,380
covered it finally today The Huffington

162
00:09:30,530 --> 00:09:25,980
Post uh has has covered it but nothing

163
00:09:34,970 --> 00:09:30,540

from CNN or the New York Times or the LA

164

00:09:37,970 --> 00:09:34,980

Times or the BBC it just it's being

165

00:09:41,449 --> 00:09:37,980

largely ignored we'll be discussing all

166

00:09:45,530 --> 00:09:41,459

of that NY tomorrow night with John

167

00:09:47,210 --> 00:09:45,540

Greenwald I'm Jimmy Church go back Lee

168

00:09:48,730 --> 00:09:47,220

tappy
