00:00:06,779 --> 00:00:11,330
foreign

2
00:00:36,970 --> 00:00:23,460
[Music]

3
00:00:45,650 --> 00:00:40,250
good afternoon Fade to Black breaking

4
00:00:48,110 --> 00:00:45,660
news for this Monday June 12 2023

5
00:00:49,850 --> 00:00:48,120
this is all of the news that you need

6
00:00:52,490 --> 00:00:49,860
I'm Jimmy Church let's get straight to

7
00:00:55,490 --> 00:00:52,500
it lots to talk about today on this day

8
00:00:58,069 --> 00:00:55,500
in history in 1949 speaking about the

9
00:01:01,310 --> 00:00:58,079
Berlin Wall as he stood at the

10
00:01:04,310 --> 00:01:01,320
Brandenburg gate in Berlin U.S president

11
00:01:09,350 --> 00:01:04,320
Ronald Reagan said the words

12
00:01:12,649 --> 00:01:09,360
Mr Gorbachev tear down this wall on this

13
00:01:15,590 --> 00:01:12,659

day in 1949. here's your fader fact

14

00:01:18,289 --> 00:01:15,600

today mosquitoes

15

00:01:22,010 --> 00:01:18,299

are attracted to people

16

00:01:23,870 --> 00:01:22,020

who just ate bananas

17

00:01:25,850 --> 00:01:23,880

and that

18

00:01:27,350 --> 00:01:25,860

is your fader fact all right let's get

19

00:01:30,050 --> 00:01:27,360

to the breaking news that's been going

20

00:01:32,690 --> 00:01:30,060

on all day today I've been watching

21

00:01:36,710 --> 00:01:32,700

Stephen Greer's National Press Club

22

00:01:40,370 --> 00:01:36,720

presentation and it just ended before

23

00:01:43,609 --> 00:01:40,380

the news broadcast right now and

24

00:01:47,810 --> 00:01:43,619

tomorrow I will give a full report I've

25

00:01:50,210 --> 00:01:47,820

got a lot to assets and the tax are

26

00:01:54,950 --> 00:01:50,220

coming in what do I think

27

00:01:57,429 --> 00:01:54,960

I will have everything uh tomorrow also

28

00:02:00,649 --> 00:01:57,439

uh later on tonight on Fade to Black

29

00:02:02,510 --> 00:02:00,659

I've got Richard Dolan here we're going

30

00:02:07,010 --> 00:02:02,520

to be talking about the UAP

31

00:02:09,529 --> 00:02:07,020

whistleblower David gresh and maybe uh

32

00:02:14,270 --> 00:02:09,539

we will talk a little bit too as well

33

00:02:17,330 --> 00:02:14,280

about Dr Greer's presentation today tied

34

00:02:22,309 --> 00:02:17,340

into all of that uh talking about David

35

00:02:24,410 --> 00:02:22,319

Crush Jim shell a former Chief scientist

36

00:02:28,130 --> 00:02:24,420

of the space Innovation and Development

37

00:02:31,369 --> 00:02:28,140

Center at Air Force space command wrote

38

00:02:33,710 --> 00:02:31,379

on LinkedIn last week to support his

39

00:02:37,850 --> 00:02:33,720

former colleague David grush

40

00:02:41,150 --> 00:02:37,860

that's right the UAP whistleblower shell

41

00:02:44,030 --> 00:02:41,160

wrote on LinkedIn and I'm quoting

42

00:02:47,690 --> 00:02:44,040

I will vouch for the Integrity of Dave

43

00:02:50,350 --> 00:02:47,700

grush getting to the bottom of this is

44

00:02:53,449 --> 00:02:50,360

Elusive and problematic to say the least

45

00:02:56,449 --> 00:02:53,459

I will assert no matter the conclusion

46

00:02:59,750 --> 00:02:56,459

of extraterrestrial materials or not the

47

00:03:02,990 --> 00:02:59,760

dod and IC security apparatus is in

48

00:03:06,850 --> 00:03:03,000

trouble and unwitting accomplices are

49

00:03:10,850 --> 00:03:06,860

fostering an abusive system end quote

50

00:03:11,869 --> 00:03:10,860

absolutely incredible all right check

51
00:03:16,070 --> 00:03:11,879
this out

52
00:03:19,670 --> 00:03:16,080
a power solar there is some stuff today

53
00:03:24,070 --> 00:03:19,680
in Dr Greer's presentation and I've got

54
00:03:27,410 --> 00:03:24,080
this news here a space a solar power

55
00:03:30,949 --> 00:03:27,420
prototype has demonstrated its ability

56
00:03:33,770 --> 00:03:30,959
to wirelessly beam power through space

57
00:03:37,190 --> 00:03:33,780
and direct a detectable amount of energy

58
00:03:39,830 --> 00:03:37,200
toward Earth For the First Time The

59
00:03:42,289 --> 00:03:39,840
Experiment proves that tapping into a

60
00:03:46,369 --> 00:03:42,299
near Limitless supply of power from the

61
00:03:49,009 --> 00:03:46,379
Sun that's right from space because

62
00:03:50,869 --> 00:03:49,019
solar energy in space isn't subject to

63
00:03:54,729 --> 00:03:50,879

factors like you know day and night

64

00:03:57,410 --> 00:03:54,739

clouds or weather it is always available

65

00:04:00,410 --> 00:03:57,420

it is estimated that space-based

66

00:04:03,050 --> 00:04:00,420

Harvesters could yield eight times more

67

00:04:06,289 --> 00:04:03,060

power than solar panels at any location

68

00:04:08,869 --> 00:04:06,299

on the surface of the Earth the wireless

69

00:04:11,570 --> 00:04:08,879

power transfer was achieved by the

70

00:04:15,470 --> 00:04:11,580

microwave array for power transfer low

71

00:04:19,129 --> 00:04:15,480

or experiment otherwise known as Maple

72

00:04:23,330 --> 00:04:19,139

that was launched in January 2023 as

73

00:04:25,629 --> 00:04:23,340

part of the caltex space solar power

74

00:04:27,610 --> 00:04:25,639

project

75

00:04:30,290 --> 00:04:27,620

incredible

76

00:04:31,969 --> 00:04:30,300

archaeologists have Unearthed a

77

00:04:34,730 --> 00:04:31,979

collection of 12

78

00:04:37,749 --> 00:04:34,740

000 year old flutes carved out of bird

79

00:04:42,409 --> 00:04:37,759

bones at a prehistoric site in Israel

80

00:04:46,270 --> 00:04:42,419

the site it's called Aina malaha was

81

00:04:49,249 --> 00:04:46,280

once occupied by the natufians the last

82

00:04:51,710 --> 00:04:49,259

hunter-gatherers in the Levant according

83

00:04:54,950 --> 00:04:51,720

to a study published Friday in the

84

00:04:57,050 --> 00:04:54,960

journal scientific reports although

85

00:04:59,770 --> 00:04:57,060

researchers had investigated the site

86

00:05:02,990 --> 00:04:59,780

since its Discovery back in the 1950s

87

00:05:05,090 --> 00:05:03,000

last year archaeologists were surprised

88

00:05:10,310 --> 00:05:05,100

to find the flute scattered among a

89

00:05:12,950 --> 00:05:10,320

stockpile of 1100 bird bones of the more

90

00:05:16,249 --> 00:05:12,960

than a dozen flutes Unearthed only one

91

00:05:20,689 --> 00:05:16,259

was completely intact and measured less

92

00:05:23,409 --> 00:05:20,699

than 2.6 inches in length

93

00:05:26,330 --> 00:05:23,419

an international team of researchers

94

00:05:29,330 --> 00:05:26,340

published a study on Monday in the

95

00:05:32,629 --> 00:05:29,340

Journal of Applied psychology where they

96

00:05:36,230 --> 00:05:32,639

found workers that frequently interacted

97

00:05:38,930 --> 00:05:36,240

with AI artificial intelligence for

98

00:05:41,409 --> 00:05:38,940

their jobs were more likely to

99

00:05:45,590 --> 00:05:41,419

experience loneliness

100

00:05:49,550 --> 00:05:45,600

insomnia and increased rates of drinking

101
00:05:52,129 --> 00:05:49,560
when compared to those that didn't the

102
00:05:55,129 --> 00:05:52,139
study's findings were made based on four

103
00:05:58,930 --> 00:05:55,139
experiments conducted in the U.S Taiwan

104
00:06:02,029 --> 00:05:58,940
Indonesia and Malaysia in one

105
00:06:04,310 --> 00:06:02,039
126 people who worked in real estate for

106
00:06:07,730 --> 00:06:04,320
an Indonesia property management company

107
00:06:10,670 --> 00:06:07,740
were divided into two groups one was

108
00:06:13,310 --> 00:06:10,680
instructed not to use AI for three

109
00:06:16,610 --> 00:06:13,320
consecutive days while the other were

110
00:06:19,310 --> 00:06:16,620
told to use it as much as possible the

111
00:06:20,749 --> 00:06:19,320
latter group reported increased rates of

112
00:06:24,230 --> 00:06:20,759
loneliness

113
00:06:27,950 --> 00:06:24,240

and insomnia another experiment in

114

00:06:30,409 --> 00:06:27,960

Taiwan divided up a group of 166

115

00:06:33,650 --> 00:06:30,419

Engineers who worked at a biomedical

116

00:06:36,350 --> 00:06:33,660

company workers who interacted more with

117

00:06:39,050 --> 00:06:36,360

the AI systems also experienced higher

118

00:06:41,990 --> 00:06:39,060

rates of loneliness and insomnia and

119

00:06:45,430 --> 00:06:42,000

alarmingly they also showed increased

120

00:06:48,290 --> 00:06:45,440

rates of after work alcohol consumption

121

00:06:49,490 --> 00:06:48,300

as well there's kind of a good side to

122

00:06:53,570 --> 00:06:49,500

this though

123

00:06:56,870 --> 00:06:53,580

those that were interacting with A.I

124

00:06:58,969 --> 00:06:56,880

were also going and trying to talk to

125

00:07:03,110 --> 00:06:58,979

their co-workers

126
00:07:06,469 --> 00:07:03,120
they needed companionship they weren't

127
00:07:09,249 --> 00:07:06,479
getting it from AI very interesting

128
00:07:11,450 --> 00:07:09,259
and uh I've got more on this coming up

129
00:07:14,689 --> 00:07:11,460
and finally

130
00:07:18,830 --> 00:07:14,699
I'll leave you with this

131
00:07:22,790 --> 00:07:18,840
a study to test people's reactions to

132
00:07:26,570 --> 00:07:22,800
driverless cars has used a Ghost Driver

133
00:07:29,689 --> 00:07:26,580
to record their responses the work by

134
00:07:32,809 --> 00:07:29,699
University of Nottingham found that in

135
00:07:33,730 --> 00:07:32,819
the absence of someone in the driver's

136
00:07:36,710 --> 00:07:33,740
seat

137
00:07:39,249 --> 00:07:36,720
pedestrians trust certain visual prompts

138
00:07:43,490 --> 00:07:39,259

more than others when deciding whether

139

00:07:46,670 --> 00:07:43,500

to cross the road that's right they

140

00:07:49,790 --> 00:07:46,680

don't like looking at a car without a

141

00:07:51,830 --> 00:07:49,800

driver as part of the study a car was

142

00:07:53,950 --> 00:07:51,840

driven around the University's campus

143

00:07:57,309 --> 00:07:53,960

over several days with its driver

144

00:08:02,330 --> 00:07:57,319

research fellow David r large

145

00:08:03,950 --> 00:08:02,340

concealed in the driver's seat Mr lard a

146

00:08:06,110 --> 00:08:03,960

senior research fellow with the human

147

00:08:09,890 --> 00:08:06,120

factors research group at the University

148

00:08:13,490 --> 00:08:09,900

said and I quote it was amazing to watch

149

00:08:15,890 --> 00:08:13,500

we finally know why the chicken didn't

150

00:08:18,770 --> 00:08:15,900

cross the road there

151

00:08:20,270 --> 00:08:18,780

there you go that's all the Fade to

152

00:08:23,230 --> 00:08:20,280

Black breaking news that you need for

153

00:08:26,450 --> 00:08:23,240

this Monday June 12

154

00:08:28,790 --> 00:08:26,460

2023 faded black breaking news is

155

00:08:30,469 --> 00:08:28,800

produced by Renee Newman I'm Jimmy

156

00:08:33,769 --> 00:08:30,479

church I want to remind everybody

157

00:08:37,010 --> 00:08:33,779

tonight on Fade to Black Richard Dolan

158

00:08:40,850 --> 00:08:37,020

joins us and we will be discussing

159

00:08:45,700 --> 00:08:40,860

David crush the UAP whistleblower
