

1

00:00:00,000 --> 00:00:05,520

Nobody else really comes down here except me so I don't think anybody else

2

00:00:05,520 --> 00:00:09,000

ever had any experiences down here. Somebody comes down here. Oh does the mice

3

00:00:09,000 --> 00:00:13,320

again? Yeah the mice the mice drink that stuff they really like the corona. Yeah yeah yeah.

4

00:00:13,320 --> 00:00:19,680

What is that? I think this is a battery. You take acid you pour it in here and it

5

00:00:19,680 --> 00:00:23,240

looks like you can vary the amount of current they go through it. Look at this

6

00:00:23,240 --> 00:00:27,720

guy. So I mean this is just the type of stuff that he did. My grandfather saved

7

00:00:27,720 --> 00:00:31,520

everything and he just would come down here and he would just tinker with this

8

00:00:31,520 --> 00:00:35,880

kind of stuff. So it's like if he had fun with it I can understand why he wouldn't

9

00:00:35,880 --> 00:00:41,960

want to leave. Oh my gosh everything down to the commode. Yep. So what kind of

10

00:00:41,960 --> 00:00:45,520

experiences have we felt in this room? My friend Justin he came up in here to get

11

00:00:45,520 --> 00:00:49,400

I had a cordless drill in here and he said he walked in the door and he just

12

00:00:49,400 --> 00:00:53,360

stopped and again it was the same thing as the basement where he felt like

13

00:00:53,360 --> 00:00:59,360

somebody was in the room with him just staring at him. He said he walked over he

14

00:00:59,360 --> 00:01:03,000

grabbed the drill and he beat feet as fast as he could because he didn't want to

15

00:01:03,000 --> 00:01:08,360

stay in here too long. What paranormal experiences have been felt in this room

16

00:01:08,360 --> 00:01:13,280

really? Uh besides the glasses I'm always in here when I hear the voice. I was

17

00:01:13,280 --> 00:01:17,280

lying in bed for a little bit starting to drift off into sleep and that night I

18

00:01:17,280 --> 00:01:22,120

heard the woman's voice again and it was actually loud. It sounded like it was

19

00:01:22,880 --> 00:01:26,440

coming from the pool and I got out of bed and I'm standing next to my bed. I'm

20

00:01:26,440 --> 00:01:30,480

fully awake now and I'm still hearing it. As soon as I opened the door it stopped.

21

00:01:30,480 --> 00:01:35,440

For a while when I was in bed I felt this vibration. You could almost say

22

00:01:35,440 --> 00:01:42,480

watch by it about 2.13 in the morning. It would last about 30-40 seconds.

23

00:01:44,520 --> 00:01:49,680

Alright Jen welcome to the wonderful world of tabs. New world of tabs. New world of

24

00:01:49,680 --> 00:01:54,440

tabs. You know I mean it. I think Brian Horn was kind of flirting around with

25

00:01:54,440 --> 00:02:01,280

Jen Rossi so we'll have to see where that goes. Yes yes very high tech we're

26

00:02:01,280 --> 00:02:05,880

getting up there in the world. Hey Brian, did you shut your tongue in? Jen's here.

27

00:02:05,880 --> 00:02:10,400

Oh I saw it was a tongue come out of Jen's ear on the other side. Steve what?

28

00:02:10,400 --> 00:02:14,400

We need to go dark within a half hour brother. Where's that third camera?

29

00:02:14,400 --> 00:02:19,080

Hey Jen, let's roll. I was putting something here just in case it's

30

00:02:19,120 --> 00:02:29,520

intelligent out there. So Jen. What's up with you and Brian? Nothing. You sense it on his side?

31

00:02:31,520 --> 00:02:36,360

Nothing. Brian and Jen have both been in tabs for a while and they've worked a lot together.

32

00:02:36,360 --> 00:02:41,600

If there's anything going on between them it will blow me away just because I

33

00:02:41,600 --> 00:02:46,680

just don't think that one would be right for the other from both sides of it.

34

00:02:46,720 --> 00:02:51,440

But hey I never know. We are in the business of paranormal you know.

35

00:02:57,440 --> 00:03:02,240

These are Y rods. They're also dowsing rods and the way that these work as you

36

00:03:02,240 --> 00:03:06,280

approach spiritual energy begins to pull down like this as if being tugged by an

37

00:03:06,280 --> 00:03:12,640

invisible string. It's pulling downward. Yeah it's weird. You're actually

38

00:03:12,680 --> 00:03:15,440

feeling something. You know you won't even with your with your cameras and you have to

39

00:03:15,440 --> 00:03:18,880

take this and stuff. You know you're already feeling you know this year

40

00:03:18,880 --> 00:03:24,600

actually being pulled on a little bit. I imagine if they had you know a master bed

41

00:03:24,600 --> 00:03:30,120

since there's windows on the other walls so their bed might actually you know come

42

00:03:30,120 --> 00:03:34,040

out to this spot. It's probably the fuller bed. Let's try the other bedroom because

43

00:03:34,040 --> 00:03:40,000

that's where the box of the shock glasses came off. Demo run. I think it's following you.

44

00:03:41,000 --> 00:03:47,000

I think it's following you because every time you move it dissipates. It seems like it's moving now.

45

00:03:47,000 --> 00:03:57,000

So I get a 2.4 then I'll go down to 12 or 19. Yeah so now they just separated. Yeah see they're coming apart.

46

00:03:57,000 --> 00:04:03,000

Yeah it's just crazy. Actually I'm going into that little alcove right there.

47

00:04:03,000 --> 00:04:13,000

We got crossies. Big crossies. Big crossies. They just reversed and hit me because they just crossed way too far.

48

00:04:13,000 --> 00:04:23,000

51.3. Seating moves here. This is definitely breaking me up. I want to go one more time.

49

00:04:23,000 --> 00:04:30,000

Just see that they've detected some type of spiritual energy. Another way apart now because I'm not even fixing.

50

00:04:30,000 --> 00:04:35,000

I'm usually able to start parallel but I just want to see.

51

00:04:35,000 --> 00:04:40,000

What's going on?

52

00:04:44,000 --> 00:04:48,000

Nope I'm not doing anything differently and whatever it is it's clearly gone.
