67

00:03:48,760 --> 00:03:59,540

It's finding success as often as you can, because so many people feel like they have been let down, or they haven't had success when they haven't caught something on tape.

68

00:03:59,540 --> 00:04:01,580

they go to a place, they set up the equipment.

69

00:04:01,920 --> 00:04:03,740

and they feel like, "Oh, we didn't find anything."

70

00:04:04,740 --> 00:04:11,200

Well, you got to find success beyond that ,or else you're just going to die off because there's a lot of period time between when you find stuff.

71

00:04:11,380 --> 00:04:13,540

It's just good about the season, we've been pretty successful.
