

1

00:00:00,000 --> 00:00:04,600

Hey, so what did you guys figure out?

2

00:00:04,600 --> 00:00:06,720

We spent a lot of time in Arela's room.

3

00:00:06,720 --> 00:00:11,320

Honestly, like as far as EMF readings go, nothing.

4

00:00:11,320 --> 00:00:14,440

We sat quietly in the room, nothing.

5

00:00:14,440 --> 00:00:16,760

I also figured out that her bed is hard as a rock.

6

00:00:16,760 --> 00:00:19,640

It feels like a cement slab because it's a brand new bed.

7

00:00:19,640 --> 00:00:21,160

And mom's bed is wicked comfortable.

8

00:00:21,160 --> 00:00:23,600

So maybe that's why.

9

00:00:23,600 --> 00:00:24,200

What's a new bed?

10

00:00:24,200 --> 00:00:25,280

Her mom bought her a new bed.

11

00:00:25,280 --> 00:00:25,780

Yeah.

12

00:00:25,780 --> 00:00:26,760

She went to the other one.

13

00:00:26,760 --> 00:00:27,680

Right.

14

00:00:27,680 --> 00:00:29,280

Well, if you guys are all standing up,

15

00:00:29,280 --> 00:00:30,600

Steve, you wanted to head in.

16

00:00:30,600 --> 00:00:31,100

Yeah.

17

00:00:31,100 --> 00:00:32,000

I'm going to head in with Chris.

18

00:00:32,000 --> 00:00:33,400

Try to provoke Steve.

19

00:00:33,400 --> 00:00:34,800

You can get anything going that way.

20

00:00:34,800 --> 00:00:35,800

I'll change it over here.

21

00:00:35,800 --> 00:00:38,760

It's an EVP work done.

22

00:00:38,760 --> 00:00:39,760

I'll provoke it nice.

23

00:00:39,760 --> 00:00:40,260

OK.

24

00:00:40,260 --> 00:00:40,760

Don't be.

25

00:00:54,520 --> 00:00:56,200

I think I'm definitely going to get up there.

26

00:01:00,280 --> 00:01:03,840

200 years, it's still here.

27

00:01:03,840 --> 00:01:05,400

Yeah, just be careful, brother.

28

00:01:05,400 --> 00:01:07,560

Well, my wife could see me now.

29

00:01:07,560 --> 00:01:09,440

I ain't letting you go anywhere.

30

00:01:09,440 --> 00:01:12,920

You're going to definitely need my hand to step in, too.

31

00:01:21,920 --> 00:01:22,920

You all right?

32

00:01:22,920 --> 00:01:23,920

Yeah.

33

00:01:23,920 --> 00:01:27,040

Well, there's tons of stuff that they couldn't make.

34

00:01:27,040 --> 00:01:28,200

Make that noise?

35

00:01:28,200 --> 00:01:30,640

Oh, that could be moved.

36

00:01:30,640 --> 00:01:32,800

Now, if there's a sound of something moving,

37

00:01:32,800 --> 00:01:35,320

you know, it's not like there's nothing up here.

38

00:01:35,320 --> 00:01:37,800

And that sound is weird because there's nothing up here.

39

00:01:37,800 --> 00:01:41,280

You see, they would find any evidence of rodents?

40

00:01:41,280 --> 00:01:43,760

Oh, it's all blown insulation, man.

41

00:01:43,760 --> 00:01:46,280

Oh, is it?

42

00:01:46,280 --> 00:01:48,240

You never know if there was a nest in here or not.

43

00:01:48,240 --> 00:01:48,880

You know what I mean?

44

00:01:48,880 --> 00:01:50,560

Yeah, because they're going to be scurrying around

45

00:01:50,560 --> 00:01:51,600

underneath it all.

46

00:01:51,600 --> 00:01:52,100

Yeah.

47

00:01:52,100 --> 00:01:52,920

They have the tunnels.

48

00:01:52,920 --> 00:01:54,680

Steve, you can't tell.

49

00:01:54,680 --> 00:01:58,240

Are there any vents that animals could be getting in?

50

00:01:58,240 --> 00:02:00,320

Squirrels, chevmonks?

51

00:02:00,320 --> 00:02:03,160

Yeah, it's got the whole mover hanging out.

52

00:02:03,160 --> 00:02:07,040

So, or animals could get in, knock over stuff?

53

00:02:07,040 --> 00:02:08,360

Yeah, definitely.

54

00:02:08,360 --> 00:02:10,120

Want to come down?

55

00:02:10,120 --> 00:02:13,760

Yeah, nothing suspicious up here, so this is the fun part.

56

00:02:13,760 --> 00:02:16,760

Oh.

57

00:02:16,760 --> 00:02:17,360

Got it?

58

00:02:17,360 --> 00:02:17,960

Yeah.

59

00:02:17,960 --> 00:02:18,640

Don't worry.

60

00:02:18,640 --> 00:02:20,240

I got my own weight right now.

61

00:02:20,240 --> 00:02:20,840

I got this.

62

00:02:20,840 --> 00:02:24,080

You're not going anywhere, brother.

63

00:02:24,120 --> 00:02:24,920

All right.

64

00:02:24,920 --> 00:02:25,560

Thanks for the help.

65

00:02:35,920 --> 00:02:37,480

Chris and I are getting ready to review the evidence

66

00:02:37,480 --> 00:02:38,840

for the MacArthur House.

67

00:02:38,840 --> 00:02:40,200

This is our first time analyzing.

68

00:02:40,200 --> 00:02:41,680

Over the past few investigations,

69

00:02:41,680 --> 00:02:43,600

Chris has been making really good progress.

70

00:02:43,600 --> 00:02:46,280

Her skills as an investigator are really starting to come out.

71

00:02:46,280 --> 00:02:48,480

And we think it's time that she starts helping us

72

00:02:48,480 --> 00:02:49,760

with the evidence analysis.

73

00:02:54,600 --> 00:03:00,200

One thing we were able to shoot down, which wasn't one

74

00:03:00,200 --> 00:03:02,320

of the claims, but it would definitely throw some people

75

00:03:02,320 --> 00:03:04,960

off if they came to investigate, was we were standing out

76

00:03:04,960 --> 00:03:05,560

in the back.

77

00:03:05,560 --> 00:03:08,360

And all of a sudden, this room that we're in right now lit up.

78

00:03:08,360 --> 00:03:09,240

It just started glowing.

79

00:03:09,240 --> 00:03:11,280

Well, came in, nothing was here.

80

00:03:11,280 --> 00:03:14,720

So I stayed in the room, and Grant stayed out in the courtyard.

81

00:03:14,720 --> 00:03:18,280

What was happening was certain cars were coming down the street.

82

00:03:18,280 --> 00:03:20,760

He'd be reflecting off the sign behind you.

83

00:03:20,800 --> 00:03:22,640

And it would eliminate the whole room.

84

00:03:22,640 --> 00:03:25,720

And it would almost appear as if this ghostly light was just

85

00:03:25,720 --> 00:03:28,240

lighting up this room and then vanishing as quick as it came.

86

00:03:37,520 --> 00:03:40,680

Well, Steve, from what I hear, there's the natural body

87

00:03:40,680 --> 00:03:41,520

buried somewhere.

88

00:03:41,520 --> 00:03:42,560

They don't know where it is.

89

00:03:42,560 --> 00:03:45,080

There's an actual body somewhere.

90

00:03:45,080 --> 00:03:46,120

Guys, sorry.

91

00:03:46,120 --> 00:03:47,920

This guy's transparently in the room.

92

00:03:47,920 --> 00:03:49,080

I'm not sure where.

93

00:03:49,080 --> 00:03:49,880

Guys, sorry.

94

00:03:49,880 --> 00:03:52,200

This guy is transporting a criminal in his back seat,

95

00:03:52,200 --> 00:03:54,600

but giving me a thumbs up, the cop on your left.

96

00:03:54,600 --> 00:03:55,840

Ha ha ha.
