

1  
00:00:00,000 --> 00:00:09,610

I

2  
00:00:09,620 --> 00:00:42,090

[Music]

3  
00:00:49,270 --> 00:00:44,770

we got a crazy show today it's James

4  
00:00:52,600 --> 00:00:49,280

rink he's amazing a super soldier with a

5  
00:00:55,390 --> 00:00:52,610

lot to talk about time and how the time

6  
00:00:57,280 --> 00:00:55,400

manipulation is a big thing something

7  
00:01:00,490 --> 00:00:57,290

called a tipsy which is a brain

8  
00:01:02,650 --> 00:01:00,500

scrambler fun stuff so with no further

9  
00:01:04,810 --> 00:01:02,660

ado I want to talk to the secret soldier

10  
00:01:09,100 --> 00:01:04,820

himself who wants nothing out of it here

11  
00:01:11,130 --> 00:01:09,110

he is the hello hey how's it going

12  
00:01:15,550 --> 00:01:11,140

thanks so much for talking with us today

13  
00:01:17,530 --> 00:01:15,560

all right yeah I'm just fast fascinated

14

00:01:20,469 --> 00:01:17,540

by everything you're doing your book is

15

00:01:25,180 --> 00:01:20,479

very interesting and your YouTube

16

00:01:28,359 --> 00:01:25,190

channel and what you put out there yeah

17

00:01:30,219 --> 00:01:28,369

thank you yeah I just kind of wanted I

18

00:01:34,240 --> 00:01:30,229

know a lot of people aren't privy to

19

00:01:37,330 --> 00:01:34,250

this it is sort of a sort of a new thing

20

00:01:39,520 --> 00:01:37,340

and what I mean by that is not not that

21

00:01:41,889 --> 00:01:39,530

it's a new thing but people have not

22

00:01:43,749 --> 00:01:41,899

understood it for quite some time but

23

00:01:45,219 --> 00:01:43,759

like when I when I talk to others about

24

00:01:47,710 --> 00:01:45,229

it they say what I haven't heard of that

25

00:01:49,510 --> 00:01:47,720

so if you could just kind of tell people

26

00:01:54,670 --> 00:01:49,520

a little bit about it I think I know I

27

00:01:56,859 --> 00:01:54,680

was just fascinated okay so I don't even

28

00:01:59,520 --> 00:01:56,869

know where to begin but I'm guessing you

29

00:02:03,250 --> 00:01:59,530

want me to get from the top yeah a

30

00:02:07,570 --> 00:02:03,260

little bit about myself so I am a super

31

00:02:09,310 --> 00:02:07,580

soldier so what that may not be the

32

00:02:11,710 --> 00:02:09,320

typical stereotypes that you might have

33

00:02:15,400 --> 00:02:11,720

in your mind typically the way this

34

00:02:17,350 --> 00:02:15,410

actually works is that a portion at

35

00:02:19,390 --> 00:02:17,360

least for me in my case a portion of my

36

00:02:22,229 --> 00:02:19,400

consciousness is projected into a clone

37

00:02:25,150 --> 00:02:22,239

avatar body and I'm used in awful

38

00:02:29,920 --> 00:02:25,160

missions in different types of security

39

00:02:31,900 --> 00:02:29,930

operations with different I would call

40

00:02:34,750 --> 00:02:31,910

military contractors or private military

41

00:02:37,690 --> 00:02:34,760

contracting groups that work within the

42

00:02:42,300 --> 00:02:37,700

secret space program additionally I've

43

00:02:50,440 --> 00:02:42,310

also been in the SSP as well but they

44

00:02:52,110 --> 00:02:50,450

they usually work as like mercenary it's

45

00:02:54,250 --> 00:02:52,120

not like I'm being paid for any of this

46

00:02:56,080 --> 00:02:54,260

they take me out of

47

00:03:00,000 --> 00:02:56,090

what they do is they take you at a time

48

00:03:02,979 --> 00:03:00,010

you do what is called 20 years and back

49

00:03:05,610 --> 00:03:02,989

you do your service and then they read

50

00:03:09,339 --> 00:03:05,620

you and they put you back but in my case

51  
00:03:11,500 --> 00:03:09,349  
I have done that but typically I would

52  
00:03:14,680 --> 00:03:11,510  
project myself into a clone avatar body

53  
00:03:16,420 --> 00:03:14,690  
and I could be working multiple lives at

54  
00:03:18,580 --> 00:03:16,430  
the same time as I'm here talking with

55  
00:03:21,699 --> 00:03:18,590  
you and then they have ways of

56  
00:03:25,179 --> 00:03:21,709  
preventing the memories percolating back

57  
00:03:27,130 --> 00:03:25,189  
into me which is why primary is one of

58  
00:03:30,099 --> 00:03:27,140  
the reasons why they are doing the the

59  
00:03:32,410 --> 00:03:30,109  
clone avatars because it's difficult to

60  
00:03:34,089 --> 00:03:32,420  
transfer the memories back into me but

61  
00:03:35,530 --> 00:03:34,099  
some of the other whistleblowers that

62  
00:03:37,330 --> 00:03:35,540  
have gone through the experience of

63  
00:03:40,210 --> 00:03:37,340

actually having been reached and put

64

00:03:42,729 --> 00:03:40,220

back their memories are more likely to

65

00:03:45,190 --> 00:03:42,739

come forward so that's why we had some

66

00:03:48,670 --> 00:03:45,200

whistleblowers like Tony Rodriguez and

67

00:03:51,670 --> 00:03:48,680

penny Bradley Ilana Coppola Inc of

68

00:03:54,990 --> 00:03:51,680

course there's Cori good but I wouldn't

69

00:04:01,689 --> 00:03:55,000

really considered him much of a birthday

70

00:04:06,339 --> 00:04:01,699

but yeah so far for different type of

71

00:04:08,409 --> 00:04:06,349

missions may include security operations

72

00:04:11,080 --> 00:04:08,419

could be recon to be temporal recon were

73

00:04:15,849 --> 00:04:11,090

sent back in time we could also be used

74

00:04:20,529 --> 00:04:15,859

for say infiltration perhaps like in the

75

00:04:22,150 --> 00:04:20,539

the Nazi apparatus back in time there

76  
00:04:24,250 --> 00:04:22,160  
was another mission while sent back in

77  
00:04:27,460 --> 00:04:24,260  
time to meet George Washington and that

78  
00:04:30,430 --> 00:04:27,470  
one I was a child that was through

79  
00:04:33,159 --> 00:04:30,440  
Montauk and when I'm in Washington my

80  
00:04:37,240 --> 00:04:33,169  
hair was wet and I was nervous very

81  
00:04:41,020 --> 00:04:37,250  
nervous and scared oh yeah I was about

82  
00:04:43,689 --> 00:04:41,030  
70 years old and I was brought back back

83  
00:04:45,310 --> 00:04:43,699  
back in time with Preston Nichols so I

84  
00:04:48,779 --> 00:04:45,320  
don't recall exactly what was being

85  
00:04:52,779 --> 00:04:48,789  
discussed with General Washington but

86  
00:04:55,210 --> 00:04:52,789  
from what I was able to put together he

87  
00:04:57,760 --> 00:04:55,220  
is a super soldier as well they sent him

88  
00:05:00,279 --> 00:04:57,770

back in time through Montauk because

89  
00:05:03,450 --> 00:05:00,289  
they needed somebody who would have been

90  
00:05:06,820 --> 00:05:03,460  
able to have the mental capacity to

91  
00:05:07,620 --> 00:05:06,830  
continue doing what he did so we would

92  
00:05:11,370 --> 00:05:07,630  
have a

93  
00:05:13,830 --> 00:05:11,380  
but so so what most of stuff went on in

94  
00:05:15,780 --> 00:05:13,840  
Montauk my opinion was not good but I

95  
00:05:20,640 --> 00:05:15,790  
think what they did there was at least

96  
00:05:22,950 --> 00:05:20,650  
positive I mean that's just like a

97  
00:05:26,790 --> 00:05:22,960  
really brief nutshell I don't even know

98  
00:05:29,100 --> 00:05:26,800  
is that even deep a night I've got a

99  
00:05:30,930 --> 00:05:29,110  
zillion questions of course and I know

100  
00:05:33,660 --> 00:05:30,940  
that my listeners do too it's so

101  
00:05:36,450 --> 00:05:33,670  
fascinating because well I mean this

102  
00:05:39,510 --> 00:05:36,460  
this just just the last thing you said

103  
00:05:44,610 --> 00:05:39,520  
George Washington through Montauk now I

104  
00:05:48,030 --> 00:05:44,620  
can only assume that that's the secret

105  
00:05:52,110 --> 00:05:48,040  
military base Montauk on the East Coast

106  
00:05:54,240 --> 00:05:52,120  
correct well yeah I mean at one point

107  
00:05:57,330 --> 00:05:54,250  
Montauk who did take place in her

108  
00:05:59,250 --> 00:05:57,340  
Montauk Point Long Island the projects

109  
00:06:02,640 --> 00:05:59,260  
since been expanded there's bases all

110  
00:06:04,830 --> 00:06:02,650  
over the place certainly there's one

111  
00:06:05,910 --> 00:06:04,840  
under Lana and there's one in Rome New

112  
00:06:09,180 --> 00:06:05,920  
York and rum

113  
00:06:14,340 --> 00:06:09,190

of course Rochester New York as well as

114

00:06:15,840 --> 00:06:14,350

of course China Lake naval NX and I'm

115

00:06:17,790 --> 00:06:15,850

sure there's probably plenty under in

116

00:06:19,140 --> 00:06:17,800

Utah so there's a lot of different

117

00:06:21,840 --> 00:06:19,150

facilities where they can take these

118

00:06:24,390 --> 00:06:21,850

people and program them but in my case

119

00:06:26,610 --> 00:06:24,400

of what for what happened to me at

120

00:06:30,330 --> 00:06:26,620

Montauk is they did take us out of time

121

00:06:32,370 --> 00:06:30,340

and they would reach us and put us in

122

00:06:36,390 --> 00:06:32,380

these facilities where they would keep

123

00:06:39,890 --> 00:06:36,400

us in cages and we were you or they

124

00:06:42,060 --> 00:06:39,900

would harvest our tea energy for their

125

00:06:44,430 --> 00:06:42,070

operating there the Machine the

126

00:06:46,320 --> 00:06:44,440

machinery such as like the time travel

127

00:06:48,930 --> 00:06:46,330

tech which is basically all a bunch of

128

00:06:51,000 --> 00:06:48,940

work of Bourgogne tech and then they

129

00:06:54,570 --> 00:06:51,010

would they would need to project our

130

00:06:56,160 --> 00:06:54,580

consciousness through the sex chakras so

131

00:06:59,820 --> 00:06:56,170

there was a lot of a lot of really bad

132

00:07:01,350 --> 00:06:59,830

stuff taking place at that point and the

133

00:07:05,640 --> 00:07:01,360

beans that were involved in that project

134

00:07:07,950 --> 00:07:05,650

was a Dubin Draco and they are the one

135

00:07:11,430 --> 00:07:07,960

who was in charge of that project he was

136

00:07:14,790 --> 00:07:11,440

like the third general from hell so like

137

00:07:18,150 --> 00:07:14,800

the their their astral body or what were

138

00:07:19,740 --> 00:07:18,160

they actually came from so the people

139

00:07:20,460 --> 00:07:19,750

the children now were involved in

140

00:07:21,390 --> 00:07:20,470

montage

141

00:07:25,020 --> 00:07:21,400

went through some of the most horrific

142

00:07:27,420 --> 00:07:25,030

things possible and my my memories that

143

00:07:30,210 --> 00:07:27,430

it thankfully have not come back mostly

144

00:07:34,940 --> 00:07:30,220

I say mostly Harley at all I do recall a

145

00:07:37,200 --> 00:07:34,950

few things but my that particular

146

00:07:39,720 --> 00:07:37,210

information was mostly through remote

147

00:07:44,880 --> 00:07:39,730

viewing as well as some other people

148

00:07:46,950 --> 00:07:44,890

that I worked in my whip work with there

149

00:07:51,900 --> 00:07:46,960

was basically like a core group about 20

150

00:07:54,900 --> 00:07:51,910

to 30 kids and I know some of the other

151  
00:07:57,330 --> 00:07:54,910  
people in this core group and we we've

152  
00:07:59,520 --> 00:07:57,340  
talked a couple times and shared shared

153  
00:08:00,690 --> 00:07:59,530  
information and they're the ones that

154  
00:08:05,010 --> 00:08:00,700  
are sort of filling me in more in the

155  
00:08:07,110 --> 00:08:05,020  
blanks on this than I would but at least

156  
00:08:10,770 --> 00:08:07,120  
from what I'm able to recall here or

157  
00:08:13,980 --> 00:08:10,780  
come back when we were taken outside of

158  
00:08:16,430 --> 00:08:13,990  
time and brought to Montauk we would

159  
00:08:19,200 --> 00:08:16,440  
remote view the future and we saw that

160  
00:08:21,000 --> 00:08:19,210  
we would actually we would be set free

161  
00:08:23,550 --> 00:08:21,010  
or more likely to start recovering our

162  
00:08:27,090 --> 00:08:23,560  
memories after George Bush Senior died

163  
00:08:31,590 --> 00:08:27,100

in July of 2019 and of course he died

164

00:08:35,430 --> 00:08:31,600

and yes he did December 2018

165

00:08:38,550 --> 00:08:35,440

so we're a little off on that but now

166

00:08:39,870 --> 00:08:38,560

here we are to July 2019 so i'm not

167

00:08:41,490 --> 00:08:39,880

quite sure what's going to happen i'm

168

00:08:45,120 --> 00:08:41,500

looking forward to the future on this

169

00:08:46,890 --> 00:08:45,130

but at least a lot of people died then

170

00:08:48,810 --> 00:08:46,900

through our group that montage should

171

00:08:49,950 --> 00:08:48,820

probably start coming forward at this

172

00:08:53,579 --> 00:08:49,960

point we're going to start seeing a lot

173

00:08:55,110 --> 00:08:53,589

of people come out but i don't know how

174

00:08:58,110 --> 00:08:55,120

much more you want to keep talking about

175

00:09:00,690 --> 00:08:58,120

Montauk or you only go out let me clean

176

00:09:02,430 --> 00:09:00,700

easier to outline I want to let you go

177

00:09:04,370 --> 00:09:02,440

the direction you want to go but I just

178

00:09:09,240 --> 00:09:04,380

had a couple of quick questions

179

00:09:10,410 --> 00:09:09,250

yeah do people like in these groups even

180

00:09:13,190 --> 00:09:10,420

know they're in these groups at all

181

00:09:17,880 --> 00:09:16,440

most likely not I didn't know for a long

182

00:09:20,490 --> 00:09:17,890

time I mean I knew something was not

183

00:09:22,050 --> 00:09:20,500

right in my life certainly waking up

184

00:09:25,500 --> 00:09:22,060

every day getting needle marks that's

185

00:09:28,410 --> 00:09:25,510

usually a telltale sign that you're not

186

00:09:29,550 --> 00:09:28,420

in your bed all in your sleep and of

187

00:09:31,500 --> 00:09:29,560

course doesn't only happen when I'm

188

00:09:33,120 --> 00:09:31,510

sleeping I could be in the room talking

189

00:09:35,370 --> 00:09:33,130

with somebody or even

190

00:09:37,410 --> 00:09:35,380

the airplane and be pulled out at a time

191

00:09:39,090 --> 00:09:37,420

so they have the teleportation tech

192

00:09:43,170 --> 00:09:39,100

where they can freeze time pull you out

193

00:09:44,730 --> 00:09:43,180

and put you back we age you put you back

194

00:09:49,500 --> 00:09:44,740

and you wouldn't even remember anything

195

00:09:52,290 --> 00:09:49,510

so yeah there's a lot of potential use

196

00:09:54,930 --> 00:09:52,300

of that technology I think it should be

197

00:09:56,640 --> 00:09:54,940

released to the public so that well not

198

00:09:58,710 --> 00:09:56,650

so the public and abuse it but so that

199

00:10:03,690 --> 00:09:58,720

it can be used for like healing and

200

00:10:07,890 --> 00:10:03,700

integration certainly I would like a lot

201  
00:10:09,390 --> 00:10:07,900  
of our psychic abilities were tied up in

202  
00:10:12,420 --> 00:10:09,400  
these alters so they would create they

203  
00:10:15,180 --> 00:10:12,430  
would use trauma to split off our well

204  
00:10:17,160 --> 00:10:15,190  
in part two and to access our psychic

205  
00:10:19,770 --> 00:10:17,170  
abilities but then they would put the

206  
00:10:21,840 --> 00:10:19,780  
trauma wall barriers around them so that

207  
00:10:25,440 --> 00:10:21,850  
we're not really able to tune into that

208  
00:10:27,150 --> 00:10:25,450  
as much as we like we used to without at

209  
00:10:28,680 --> 00:10:27,160  
least alters coming out so it would be

210  
00:10:30,650 --> 00:10:28,690  
nice if we could have access to that

211  
00:10:33,800 --> 00:10:30,660  
technology so that we can heal ourselves

212  
00:10:37,710 --> 00:10:33,810  
but of course they don't want a bunch of

213  
00:10:39,930 --> 00:10:37,720

super science going around the in the

214

00:10:43,680 --> 00:10:39,940

public sector healing people and

215

00:10:45,450 --> 00:10:43,690

manifesting gold out of thin air anyway

216

00:10:47,310 --> 00:10:45,460

but in the meantime we can least we can

217

00:10:49,290 --> 00:10:47,320

do is we can share about our experiences

218

00:10:52,500 --> 00:10:49,300

and talk about them and tell people that

219

00:10:54,450 --> 00:10:52,510

yeah this stuff is real but it's not

220

00:10:56,220 --> 00:10:54,460

like what you think because there's a

221

00:10:58,920 --> 00:10:56,230

lot of black people don't understand the

222

00:11:00,780 --> 00:10:58,930

time travel a productive at all yeah

223

00:11:02,460 --> 00:11:00,790

that's so fascinating

224

00:11:04,740 --> 00:11:02,470

okay so sorry to interrupt you but yeah

225

00:11:07,650 --> 00:11:04,750

go on the direction that you were going

226

00:11:10,200 --> 00:11:07,660

I guess so cool so so during my time at

227

00:11:12,570 --> 00:11:10,210

Montauk they referred to me as alien boy

228

00:11:19,740 --> 00:11:12,580

and so essentially what would go on is

229

00:11:21,060 --> 00:11:19,750

that I was typically that other kids

230

00:11:23,220 --> 00:11:21,070

would pick on me because I was kinda

231

00:11:26,370 --> 00:11:23,230

like this nerdy even I was kind of a

232

00:11:30,570 --> 00:11:26,380

nerdy kid but um there was this time

233

00:11:32,550 --> 00:11:30,580

where they were I guess we're all horse

234

00:11:33,960 --> 00:11:32,560

playing and they pushed me off the

235

00:11:36,660 --> 00:11:33,970

balcony there's like the second level

236

00:11:41,040 --> 00:11:36,670

barracks like two to multi level

237

00:11:43,470 --> 00:11:41,050

barracks up we were in and and went up

238

00:11:46,560 --> 00:11:43,480

one when they pushed me off the the the

239

00:11:48,120 --> 00:11:46,570

guards came out and they were

240

00:11:49,590 --> 00:11:48,130

because because we were under heavy

241

00:11:52,290 --> 00:11:49,600

surveillance all the time

242

00:11:56,490 --> 00:11:52,300

and when they came out I went invisible

243

00:11:57,810 --> 00:11:56,500

and and the other kids are like yeah I'm

244

00:12:00,180 --> 00:11:57,820

sorry I don't ask a lot of tail work but

245

00:12:01,590 --> 00:12:00,190

that's my alien boy just turned

246

00:12:03,390 --> 00:12:01,600

invisible and all the other kids are

247

00:12:05,400 --> 00:12:03,400

getting all excited oh you see I didn't

248

00:12:09,000 --> 00:12:05,410

they didn't even the guards didn't know

249

00:12:11,760 --> 00:12:09,010

I could turn invisible so what I did is

250

00:12:14,850 --> 00:12:11,770

I went off base when I was invisible and

251  
00:12:16,170 --> 00:12:14,860  
I called in my Andromeda and star family

252  
00:12:19,290 --> 00:12:16,180  
because there was we were in like in

253  
00:12:22,110 --> 00:12:19,300  
this time freezing zone where they were

254  
00:12:24,330 --> 00:12:22,120  
the good guys the peoples of the aliens

255  
00:12:26,220 --> 00:12:24,340  
out there we're not really not able to

256  
00:12:27,840 --> 00:12:26,230  
detect where we were they didn't really

257  
00:12:29,970 --> 00:12:27,850  
know because we were outside this time

258  
00:12:32,130 --> 00:12:29,980  
for example so I went outside the time

259  
00:12:36,210 --> 00:12:32,140  
bubble called in my alien star star

260  
00:12:38,250 --> 00:12:36,220  
family brought them in and then when I

261  
00:12:40,980 --> 00:12:38,260  
came back I was I was speaking in

262  
00:12:42,510 --> 00:12:40,990  
Andromeda and the Zubin Draco's were

263  
00:12:43,920 --> 00:12:42,520

like totally freaking out they're like

264

00:12:46,500 --> 00:12:43,930

what did he just do what did you just do

265

00:12:49,560 --> 00:12:46,510

and then I don't know exactly what

266

00:12:51,180 --> 00:12:49,570

happens like the time the difficult like

267

00:12:52,470 --> 00:12:51,190

the events the timeline I mean I know

268

00:12:54,810 --> 00:12:52,480

what happened in the timelines I don't

269

00:12:58,140 --> 00:12:54,820

know like the time that passed but

270

00:13:00,360 --> 00:12:58,150

apparently the in Java Ninh

271

00:13:02,160 --> 00:13:00,370

I they must reach it because in dramas

272

00:13:04,230 --> 00:13:02,170

themselves are pacifists they they don't

273

00:13:06,210 --> 00:13:04,240

have any super soldiers so they they

274

00:13:08,070 --> 00:13:06,220

send in a team of the NSA they went in

275

00:13:10,020 --> 00:13:08,080

there and they rescue us but right

276

00:13:11,460 --> 00:13:10,030

before they could do that the subin's

277

00:13:13,920 --> 00:13:11,470

realized that we were about to be

278

00:13:15,450 --> 00:13:13,930

rescued so they put us all through the

279

00:13:17,100 --> 00:13:15,460

trip cease to have our memories erased

280

00:13:20,250 --> 00:13:17,110

and they put me in the trip key twice

281

00:13:22,550 --> 00:13:20,260

because they were so pissed at me for

282

00:13:26,550 --> 00:13:22,560

screwing everything through their plan

283

00:13:27,870 --> 00:13:26,560

so and then when they rescued us one of

284

00:13:30,840 --> 00:13:27,880

the one of the members of our group was

285

00:13:33,660 --> 00:13:30,850

Laura Laura Eisenhower and she was she

286

00:13:35,910 --> 00:13:33,670

was like 14 at that time and she was

287

00:13:39,240 --> 00:13:35,920

just she was she was telling the guards

288

00:13:42,780 --> 00:13:39,250

and in the van and when they get pulling

289

00:13:44,010 --> 00:13:42,790

us away how thankful she was the rest of

290

00:13:46,620 --> 00:13:44,020

us then she started complaining about

291

00:13:47,490 --> 00:13:46,630

this listen this man anyways somebody

292

00:13:51,780 --> 00:13:47,500

turn around torture

293

00:13:53,540 --> 00:13:51,790

never this is so cool no this is such a

294

00:13:56,790 --> 00:13:53,550

small world because I was just recently

295

00:13:59,850 --> 00:13:56,800

invited to her place in California and

296

00:14:02,610 --> 00:13:59,860

this was like so random

297

00:14:04,560 --> 00:14:02,620

and then I couldn't go because I had to

298

00:14:07,110 --> 00:14:04,570

go to like a spiritual retreat long

299

00:14:09,900 --> 00:14:07,120

story short it was to meet a guy who I

300

00:14:13,710 --> 00:14:09,910

actually ended up doing a podcast with

301

00:14:17,370 --> 00:14:13,720

earlier today and it's it's so

302

00:14:21,060 --> 00:14:17,380

interesting that how the synchronicities

303

00:14:23,400 --> 00:14:21,070

that that this has like that it seems

304

00:14:25,950 --> 00:14:23,410

like this time manipulation is a big

305

00:14:29,970 --> 00:14:25,960

thing and and that would kind of explain

306

00:14:31,380 --> 00:14:29,980

some of the synchronicities but I I

307

00:14:35,190 --> 00:14:31,390

think it's also neat

308

00:14:36,600 --> 00:14:35,200

you mentioned tripsy could you go into

309

00:14:39,750 --> 00:14:36,610

that a little bit because that you said

310

00:14:43,320 --> 00:14:39,760

they put you in there a few times yeah

311

00:14:47,340 --> 00:14:43,330

so typically the trip seats you that

312

00:14:50,160 --> 00:14:47,350

they'll totally screw up your head you

313

00:14:53,190 --> 00:14:50,170

most people would not be able to go

314

00:14:55,110 --> 00:14:53,200

through the process and if you did you

315

00:14:58,800 --> 00:14:55,120

pretty much be messed up the rest of

316

00:15:01,200 --> 00:14:58,810

your life but um I guess if they have

317

00:15:04,290 --> 00:15:01,210

like somebody who knows what they're

318

00:15:06,120 --> 00:15:04,300

doing they might be not be something

319

00:15:07,950 --> 00:15:06,130

that supplement but they do they can't

320

00:15:09,960 --> 00:15:07,960

erase your memories they can pull your

321

00:15:12,480 --> 00:15:09,970

memories out move things around put new

322

00:15:14,160 --> 00:15:12,490

memories in new timelines one of the

323

00:15:16,410 --> 00:15:14,170

ways they do it is of course through

324

00:15:18,260 --> 00:15:16,420

trauma they call it up time where they

325

00:15:20,520 --> 00:15:18,270

can traumatize you in virtual reality

326

00:15:22,050 --> 00:15:20,530

another way they could do it is they can

327

00:15:26,490 --> 00:15:22,060

pull out memories from an alternate

328

00:15:29,540 --> 00:15:26,500

parallel universe where you recall say

329

00:15:33,030 --> 00:15:29,550

say if you spend 20 years in a Nazi

330

00:15:37,020 --> 00:15:33,040

concentration camp like I did in Alaska

331

00:15:39,060 --> 00:15:37,030

in it what they would do is afterwards

332

00:15:42,450 --> 00:15:39,070

they would pull out memories of being

333

00:15:44,730 --> 00:15:42,460

with a family and being on the beach and

334

00:15:46,050 --> 00:15:44,740

playing with seashells and stuff and

335

00:15:47,370 --> 00:15:46,060

they would race the memories and me

336

00:15:49,560 --> 00:15:47,380

being in the concentration camp before

337

00:15:51,840 --> 00:15:49,570

they put me back so if I ever tried to

338

00:15:54,000 --> 00:15:51,850

remember it what would come come come

339

00:15:55,140 --> 00:15:54,010

out would be the happy memories so the

340

00:15:57,720 --> 00:15:55,150

happy childhood

341

00:16:02,550 --> 00:15:57,730

so yeah they can certainly do stuff like

342

00:16:05,100 --> 00:16:02,560

this and wonder when um some of these

343

00:16:06,780 --> 00:16:05,110

bases actually when they send in like

344

00:16:09,560 --> 00:16:06,790

teams of people in the league black ops

345

00:16:11,460 --> 00:16:09,570

and so on they go in there and they they

346

00:16:13,150 --> 00:16:11,470

rescued some of these children out of

347

00:16:17,170 --> 00:16:13,160

these bases one of the first

348

00:16:18,129 --> 00:16:17,180

is that the the other people do the

349

00:16:19,749 --> 00:16:18,139

other people in charge that were

350

00:16:23,800 --> 00:16:19,759

originally in charge of the base they

351

00:16:25,119 --> 00:16:23,810

tried they they tried to get the church

352

00:16:27,579 --> 00:16:25,129

chairs out of the base they try to

353

00:16:29,410 --> 00:16:27,589

rescue and run off the trip chairs

354

00:16:31,210 --> 00:16:29,420

because there's about 20 million dollars

355

00:16:32,949 --> 00:16:31,220

of gold and platinum inside these trip

356

00:16:34,929 --> 00:16:32,959

services there's a lot of precious

357

00:16:37,030 --> 00:16:34,939

metals involved

358

00:16:44,100 --> 00:16:37,040

that's philosopher's stone death nice

359

00:16:49,900 --> 00:16:47,439

include the depending on whether or not

360

00:16:52,300 --> 00:16:49,910

you working with monarch or cruller it

361

00:16:54,280 --> 00:16:52,310

all kind of depends but they got the

362

00:16:56,829 --> 00:16:54,290

different types of bio box they're

363

00:17:01,300 --> 00:16:56,839

attached into with the the memories and

364

00:17:03,879 --> 00:17:01,310

the DNA so yeah and there are many

365

00:17:06,939 --> 00:17:03,889

different types of drugs they would do

366

00:17:09,159 --> 00:17:06,949

use for that of course in the French

367

00:17:12,549 --> 00:17:09,169

series we've heard about Cortexiphan and

368

00:17:16,809 --> 00:17:12,559

that is a drug that's produced by of

369

00:17:18,370 --> 00:17:16,819

course in that that that so Cortexiphan

370

00:17:19,809 --> 00:17:18,380

is produced by a massive dynamic which

371

00:17:22,360 --> 00:17:19,819

is by the way one of the military

372

00:17:25,929 --> 00:17:22,370

contractors and they do exist in this

373

00:17:28,329 --> 00:17:25,939

reality they're based in the UK but the

374

00:17:30,070 --> 00:17:28,339

Cortexiphan amplifies her psychic

375

00:17:33,190 --> 00:17:30,080

abilities so they would inject these

376

00:17:36,399 --> 00:17:33,200

children to the point like one of the

377

00:17:40,180 --> 00:17:36,409

children uh was the shooter and Miami

378

00:17:42,100 --> 00:17:40,190

and the high school shooter so they were

379

00:17:45,130 --> 00:17:42,110

shooting him up was it the zest of a

380

00:17:48,490 --> 00:17:45,140

pulse the pulse what that the pulse

381

00:17:51,130 --> 00:17:48,500

shooting is that correct

382

00:17:54,610 --> 00:17:51,140

was it the pulse shooting her in Miami

383

00:17:57,039 --> 00:17:54,620

no that's Orlando's oh okay hammy that

384

00:17:59,049 --> 00:17:57,049

was it I think his name is Nicholas yeah

385

00:18:02,020 --> 00:17:59,059

yeah okay I know here talking about so

386

00:18:05,649 --> 00:18:02,030

sorry okay yeah so Cruz was a you know

387

00:18:07,960 --> 00:18:05,659

he was part of monarch and even like the

388

00:18:09,940 --> 00:18:07,970

sheriff in that County with best friends

389

00:18:12,810 --> 00:18:09,950

of Hillary Clinton she's the Clintons

390

00:18:15,549 --> 00:18:12,820

were also products of monarch so monarch

391

00:18:17,260 --> 00:18:15,559

the kid and at that school it was the

392

00:18:19,240 --> 00:18:17,270

duck the doctor there was shooting them

393

00:18:21,430 --> 00:18:19,250

up with Cortexiphan just to test out the

394

00:18:23,950 --> 00:18:21,440

team what would happen and it doesn't

395

00:18:25,750 --> 00:18:23,960

amp up your aggression but it takes away

396

00:18:28,690 --> 00:18:25,760

all your fear it makes you feel

397

00:18:30,370 --> 00:18:28,700

for confident and make super psychic so

398

00:18:33,060 --> 00:18:30,380

what happened is the kids shape-shifting

399

00:18:35,560 --> 00:18:33,070

into his Super Soldier altar which

400

00:18:37,810 --> 00:18:35,570

sounds like a tiger face and he had a

401  
00:18:41,260 --> 00:18:37,820  
helmet and he had weapons that popped

402  
00:18:43,030 --> 00:18:41,270  
out of his skin out of his arm and so

403  
00:18:46,420 --> 00:18:43,040  
yeah he went around campus shooting

404  
00:18:48,250 --> 00:18:46,430  
people up and the MIB had to come in and

405  
00:18:49,510 --> 00:18:48,260  
race to all the cell phone photos and

406  
00:18:52,330 --> 00:18:49,520  
that's why they kept them in the media

407  
00:18:53,500 --> 00:18:52,340  
way because and they had erased their

408  
00:18:55,450 --> 00:18:53,510  
memories that it might be have

409  
00:18:58,360 --> 00:18:55,460  
technology to neuralyzer attack from the

410  
00:18:59,890 --> 00:18:58,370  
movie that's actually real and they used

411  
00:19:01,930 --> 00:18:59,900  
that same process I mentioned earlier

412  
00:19:03,790 --> 00:19:01,940  
they go into another alternate reality

413  
00:19:06,340 --> 00:19:03,800

where Nicolas Cruz did not shoot anyone

414

00:19:08,380 --> 00:19:06,350

up and pull off the memories so that

415

00:19:10,720 --> 00:19:08,390

they would not know what would happen or

416

00:19:12,130 --> 00:19:10,730

at least remember the exact details it

417

00:19:13,750 --> 00:19:12,140

would change it around from different

418

00:19:17,640 --> 00:19:13,760

reality

419

00:19:20,050 --> 00:19:17,650

so yeah that's just one example but

420

00:19:22,900 --> 00:19:20,060

certainly a lot of these a lot of these

421

00:19:25,390 --> 00:19:22,910

high schools shootings some of them are

422

00:19:28,840 --> 00:19:25,400

part of Monarch and that is that is one

423

00:19:31,630 --> 00:19:28,850

of the issues out there is monarch well

424

00:19:35,470 --> 00:19:31,640

it's it's on board moving around me it

425

00:19:37,660 --> 00:19:35,480

seems like it seems like man a lot of

426  
00:19:40,390 --> 00:19:37,670  
these it's weird you say that I saw one

427  
00:19:42,600 --> 00:19:40,400  
earlier today you may be right but it

428  
00:19:46,210 --> 00:19:42,610  
didn't in my video I never saw no

429  
00:19:47,950 --> 00:19:46,220  
actually I did see that one but no I saw

430  
00:19:51,130 --> 00:19:47,960  
one earlier today which I hardly ever

431  
00:19:53,470 --> 00:19:51,140  
see them just in peripheral but man a

432  
00:19:56,680 --> 00:19:53,480  
lot of these high school shootings and

433  
00:20:00,490 --> 00:19:56,690  
other strange shootings seem to be at

434  
00:20:02,350 --> 00:20:00,500  
least in essence surrounded by some

435  
00:20:04,420 --> 00:20:02,360  
government secrecy or government

436  
00:20:06,100 --> 00:20:04,430  
undertones like even the Vegas shooting

437  
00:20:06,730 --> 00:20:06,110  
you know a government worker his whole

438  
00:20:09,250 --> 00:20:06,740

life

439

00:20:10,630 --> 00:20:09,260

don't even go Sandy Hook I can't even go

440

00:20:16,870 --> 00:20:10,640

there because I'll just sound like a

441

00:20:18,310 --> 00:20:16,880

madman and then if I mean what's up you

442

00:20:20,770 --> 00:20:18,320

might get your account banned I might

443

00:20:23,830 --> 00:20:20,780

get my accountant yeah everybody that's

444

00:20:26,230 --> 00:20:23,840

involved in it seems that any anybody

445

00:20:27,840 --> 00:20:26,240

that's involved with a lawsuit having to

446

00:20:30,550 --> 00:20:27,850

do with Sandy Hook ends up winning

447

00:20:35,340 --> 00:20:30,560

against them because they can't prove

448

00:20:37,840 --> 00:20:35,350

anybody has died yet online social media

449

00:20:39,460 --> 00:20:37,850

as far as the media narrative is

450

00:20:41,530 --> 00:20:39,470

mainstream goes

451  
00:20:45,220 --> 00:20:41,540  
you cannot talk badly against it or

452  
00:20:47,260 --> 00:20:45,230  
you're an outcast so I'm so confused but

453  
00:20:48,970 --> 00:20:47,270  
man a lot of this high school shooting

454  
00:20:49,600 --> 00:20:48,980  
stuff seems to have Monarch written all

455  
00:20:53,020 --> 00:20:49,610  
over it

456  
00:20:56,080 --> 00:20:53,030  
I recall reading and actually post this

457  
00:20:58,180 --> 00:20:56,090  
on super-soldier talk this Lahey remote

458  
00:21:01,690 --> 00:20:58,190  
youth what happened at Sandy Hook and

459  
00:21:06,040 --> 00:21:01,700  
what she saw were two men young men

460  
00:21:09,220 --> 00:21:06,050  
dressed up in black like a long trench

461  
00:21:11,620 --> 00:21:09,230  
coat and they had their weapons on them

462  
00:21:16,780 --> 00:21:11,630  
they came into the school shocked people

463  
00:21:21,250 --> 00:21:16,790

and they hidden some trees why everybody

464

00:21:23,950 --> 00:21:21,260

was running out and then they just

465

00:21:25,660 --> 00:21:23,960

walked away when the crowd so nobody

466

00:21:27,490 --> 00:21:25,670

really recognized who it was so I I

467

00:21:29,050 --> 00:21:27,500

don't think Adam Lanza had anything to

468

00:21:31,660 --> 00:21:29,060

do with what was going on and

469

00:21:34,870 --> 00:21:31,670

interestingly enough I think his father

470

00:21:36,160 --> 00:21:34,880

had some connections to DoD do you

471

00:21:39,940 --> 00:21:36,170

remember what the connections was with

472

00:21:43,060 --> 00:21:39,950

Adam Lanza's father I I wasn't familiar

473

00:21:46,090 --> 00:21:43,070

with it yeah there was like something

474

00:21:48,280 --> 00:21:46,100

going on with Adam so Adam Adam Lanza's

475

00:21:52,740 --> 00:21:48,290

dad and you find this a lot with a lot

476

00:21:55,510 --> 00:21:52,750

of this stuff there's father-son type

477

00:21:57,790 --> 00:21:55,520

things going on and I'm not sure why

478

00:22:00,190 --> 00:21:57,800

that is and I've got to get back to the

479

00:22:03,340 --> 00:22:00,200

whole like Andromeda and star-like thing

480

00:22:07,540 --> 00:22:03,350

family but thing but but back to Adam

481

00:22:09,340 --> 00:22:07,550

Lanza you said he had a his father was I

482

00:22:10,780 --> 00:22:09,350

don't know what it was maybe he was some

483

00:22:12,550 --> 00:22:10,790

kind of Futures Trading there's

484

00:22:15,700 --> 00:22:12,560

something he was high up involved in

485

00:22:17,890 --> 00:22:15,710

Wall Street or I don't know but maybe

486

00:22:20,020 --> 00:22:17,900

maybe one of the listeners will you know

487

00:22:21,760 --> 00:22:20,030

the deal is not back honey get serviced

488

00:22:23,830 --> 00:22:21,770

this time I mean I think it comes back

489

00:22:25,690 --> 00:22:23,840

to this whole time manipulation thing if

490

00:22:28,450 --> 00:22:25,700

this is a big way it might be an ear

491

00:22:30,670 --> 00:22:28,460

right so like stock market options

492

00:22:32,980 --> 00:22:30,680

trading things of that nature if you're

493

00:22:37,150 --> 00:22:32,990

able to manipulate time that's a big

494

00:22:38,440 --> 00:22:37,160

thing okay I found it okay and this is I

495

00:22:40,180 --> 00:22:38,450

don't know if you want to believe social

496

00:22:42,070 --> 00:22:40,190

fall so but I'm gonna go ahead and

497

00:22:43,630 --> 00:22:42,080

that's what the source is okay it says

498

00:22:48,190 --> 00:22:43,640

here Nancy

499

00:22:50,560 --> 00:22:48,200

champion Lhasa Lanza of relocated

500

00:22:52,870 --> 00:22:50,570

Connecticut as a DARPA project so she

501  
00:22:53,289 --> 00:22:52,880  
worked for DARPA she was assigned to to

502  
00:22:54,999 --> 00:22:53,299  
have his

503  
00:22:57,909 --> 00:22:55,009  
headquarters the US Naval Submarine Base

504  
00:22:59,769 --> 00:22:57,919  
in New London access be received

505  
00:23:01,450 --> 00:22:59,779  
extensive file on the CIA and DARPA

506  
00:23:03,519 --> 00:23:01,460  
video game projects from Iranian

507  
00:23:05,979 --> 00:23:03,529  
intelligence officials after the 2011

508  
00:23:07,720 --> 00:23:05,989  
arrest okay I don't climb here so how

509  
00:23:09,999 --> 00:23:07,730  
much that I've got a question that's

510  
00:23:11,739 --> 00:23:10,009  
just nagging me is that okay if I

511  
00:23:14,320 --> 00:23:11,749  
interject real quick like a weapon knock

512  
00:23:16,930 --> 00:23:14,330  
DARPA go ahead yeah DARPA has to be

513  
00:23:19,210 --> 00:23:16,940

super involved especially when it comes

514

00:23:22,239 --> 00:23:19,220

to these clone avatars I wanted to ask

515

00:23:26,099 --> 00:23:22,249

you these clone avatars let's say you're

516

00:23:31,509 --> 00:23:26,109

in one of these and you happen to perish

517

00:23:33,940 --> 00:23:31,519

in one of these classified whatever wars

518

00:23:35,409 --> 00:23:33,950

what happens to your actual

519

00:23:38,320 --> 00:23:35,419

consciousness it just comes back and

520

00:23:39,220 --> 00:23:38,330

it's okay correct or yeah I know yeah

521

00:23:42,279 --> 00:23:39,230

yeah it does

522

00:23:45,009 --> 00:23:42,289

okay you don't remember anything hmm

523

00:23:50,109 --> 00:23:45,019

there was yeah there was one mission

524

00:23:53,529 --> 00:23:50,119

that I did an offworld planet and they

525

00:23:55,690 --> 00:23:53,539

left us there to die so one of the

526

00:23:59,619 --> 00:23:55,700

handlers on my project he was a

527

00:24:02,409 --> 00:23:59,629

reptilian from diaries 1564 and that was

528

00:24:04,330 --> 00:24:02,419

my next question I hate to ask this what

529

00:24:05,739 --> 00:24:04,340

are we fighting against or is it

530

00:24:09,759 --> 00:24:05,749

different every time

531

00:24:10,930 --> 00:24:09,769

good question good question so what

532

00:24:12,220 --> 00:24:10,940

we're probably gonna be talking about

533

00:24:14,289 --> 00:24:12,230

darkly now I don't know if I

534

00:24:16,269 --> 00:24:14,299

specifically was working for darkly that

535

00:24:18,430 --> 00:24:16,279

time but typically the dark League has

536

00:24:20,229 --> 00:24:18,440

the most amount of colonies out there do

537

00:24:21,970 --> 00:24:20,239

you know what dark fleet is I should

538

00:24:26,259 --> 00:24:21,980

start with that I've only heard the name

539

00:24:29,979 --> 00:24:26,269

I'm just like I'm so like it's just I'm

540

00:24:32,109 --> 00:24:29,989

so blown away by all this that I have to

541

00:24:34,840 --> 00:24:32,119

start from the top alright so

542

00:24:36,759 --> 00:24:34,850

essentially what happened is I'm sure a

543

00:24:39,399 --> 00:24:36,769

lot of listeners here we're base

544

00:24:42,009 --> 00:24:39,409

two-one-one in Antarctica what was going

545

00:24:45,430 --> 00:24:42,019

on after World War two and then the Nazi

546

00:24:47,590 --> 00:24:45,440

Sabbath whoa gotcha yeah yes it was

547

00:24:49,509 --> 00:24:47,600

before before the bomb more actually

548

00:24:50,979 --> 00:24:49,519

this took place they were building a

549

00:24:52,989 --> 00:24:50,989

base out there and they were

550

00:24:56,080 --> 00:24:52,999

transporting the most exotic technology

551  
00:24:58,149 --> 00:24:56,090  
to the base Antarctica and then what

552  
00:25:01,590 --> 00:24:58,159  
happened is when Hitler was starting to

553  
00:25:03,759 --> 00:25:01,600  
lose the war the German at 2-1-1

554  
00:25:05,710 --> 00:25:03,769  
basically told Hitler to piss off

555  
00:25:07,150 --> 00:25:05,720  
because they thought he was insane and

556  
00:25:09,010 --> 00:25:07,160  
so

557  
00:25:10,990 --> 00:25:09,020  
they still consider they don't really

558  
00:25:14,740 --> 00:25:11,000  
consider themselves Nazis however they

559  
00:25:20,830 --> 00:25:14,750  
do adopt a lot of the principles the

560  
00:25:26,080 --> 00:25:20,840  
pure like where at least one of the

561  
00:25:28,360 --> 00:25:26,090  
goals of the whole philosophy of Nazism

562  
00:25:30,880 --> 00:25:28,370  
is transhumanism where you try to

563  
00:25:34,270 --> 00:25:30,890

improve yourself or try to transcend

564

00:25:36,940 --> 00:25:34,280

humanity and become godlike so some of

565

00:25:39,940 --> 00:25:36,950

these Nazis necessarily what I don't

566

00:25:44,680 --> 00:25:39,950

want to encode some Germans they wanted

567

00:25:47,350 --> 00:25:44,690

to basically one they wanted to continue

568

00:25:49,210 --> 00:25:47,360

their technology research could and be

569

00:25:51,580 --> 00:25:49,220

left alone because they were tired of

570

00:25:53,529 --> 00:25:51,590

being hunted the Vatican was after them

571

00:25:54,970 --> 00:25:53,539

quits the Vatican banks the Rothschilds

572

00:25:56,320 --> 00:25:54,980

the Rockefellers they're all trying to

573

00:25:59,320 --> 00:25:56,330

trying to crush them

574

00:26:00,880 --> 00:25:59,330

so they set up colonies of course we

575

00:26:02,560 --> 00:26:00,890

know about the colony some moon live in

576

00:26:06,010 --> 00:26:02,570

an Operations Command that was set up in

577

00:26:09,310 --> 00:26:06,020

the nineteen I think it was 29 it's

578

00:26:12,100 --> 00:26:09,320

early 29 they went up there I don't know

579

00:26:16,029 --> 00:26:12,110

I think they might colonize it on 32 or

580

00:26:18,399 --> 00:26:16,039

36 and then of course the base bases

581

00:26:20,860 --> 00:26:18,409

Trump the tropical region within Mars

582

00:26:23,710 --> 00:26:20,870

which later became the northern man may

583

00:26:26,500 --> 00:26:23,720

I ask a question though yet when it

584

00:26:28,000 --> 00:26:26,510

comes to the dissemination of

585

00:26:31,240 --> 00:26:28,010

information that the what the way the

586

00:26:33,760 --> 00:26:31,250

media was given to the American people

587

00:26:36,899 --> 00:26:33,770

in you know with the first man on the

588

00:26:39,880 --> 00:26:36,909

moon and all of that was that all staged

589

00:26:41,590 --> 00:26:39,890

yeah I think so I don't think they were

590

00:26:46,450 --> 00:26:41,600

we were really even allowed on the moon

591

00:26:49,570 --> 00:26:46,460

brick and I tell you why essentially we

592

00:26:53,980 --> 00:26:49,580

wanted to send up bombs up there to blow

593

00:26:58,450 --> 00:26:53,990

them up and what was going on is that

594

00:27:00,940 --> 00:26:58,460

the Nazis or the Germans really be very

595

00:27:03,250 --> 00:27:00,950

careful how you do this it's so hard

596

00:27:05,730 --> 00:27:03,260

like you don't really right they were

597

00:27:08,080 --> 00:27:05,740

already entrenched by by the mid-1950s

598

00:27:12,720 --> 00:27:08,090

they already had their bases up there

599

00:27:15,340 --> 00:27:12,730

and they were fully established and so

600

00:27:18,250 --> 00:27:15,350

what happened is around I think it was

601  
00:27:20,690 --> 00:27:18,260  
in 52 there was a flyover over

602  
00:27:22,820 --> 00:27:20,700  
Washington DC were these

603  
00:27:26,240 --> 00:27:22,830  
ships were showing up right over that

604  
00:27:27,830 --> 00:27:26,250  
the capital and so these Germans were

605  
00:27:29,870 --> 00:27:27,840  
putting pressure on the American

606  
00:27:31,790 --> 00:27:29,880  
government to let the people know in the

607  
00:27:35,120 --> 00:27:31,800  
United States that they are still around

608  
00:27:38,060 --> 00:27:35,130  
that they do not win the war so then of

609  
00:27:40,490 --> 00:27:38,070  
course the operation Highjump I forgot

610  
00:27:44,300 --> 00:27:40,500  
the exact year might have been 48 I'm

611  
00:27:49,460 --> 00:27:44,310  
not sure - 47 I already said I'm 47 down

612  
00:27:51,380 --> 00:27:49,470  
in our yeah where was it 47 okay so they

613  
00:27:54,080 --> 00:27:51,390

so they go down the Antarctica and they

614

00:28:01,640 --> 00:27:54,090

get totally destroyed but by the German

615

00:28:03,140 --> 00:28:01,650

technology so we in the United States we

616

00:28:04,910 --> 00:28:03,150

came to realize that we're not going to

617

00:28:06,680 --> 00:28:04,920

be able to defeat them so we what we did

618

00:28:09,380 --> 00:28:06,690

instead was we've decided to create a

619

00:28:11,360 --> 00:28:09,390

treaty with them and we would send art

620

00:28:13,430 --> 00:28:11,370

we would allow the treaty basically

621

00:28:15,770 --> 00:28:13,440

allows them to abduct a hundred fifty

622

00:28:17,990 --> 00:28:15,780

thousand people per year to be used in

623

00:28:21,290 --> 00:28:18,000

the secret space program within these 20

624

00:28:24,890 --> 00:28:21,300

year and back programs mm-hmm so in

625

00:28:27,170 --> 00:28:24,900

exchange for that they would grant them

626

00:28:28,940 --> 00:28:27,180

access to some of the technology that

627

00:28:30,560 --> 00:28:28,950

they were getting and the way they were

628

00:28:34,460 --> 00:28:30,570

actually getting the technology is they

629

00:28:37,220 --> 00:28:34,470

were they would attack extraterrestrials

630

00:28:40,190 --> 00:28:37,230

in our system or outsiders that could

631

00:28:46,130 --> 00:28:40,200

eventually went outside system and steal

632

00:28:48,860 --> 00:28:46,140

their tech so they told people that were

633

00:28:50,590 --> 00:28:48,870

being within this SSP groups that were

634

00:28:52,970 --> 00:28:50,600

being abducted from planet earth that

635

00:28:56,300 --> 00:28:52,980

planet Earth was destroyed in a cobalt

636

00:28:59,420 --> 00:28:56,310

bomb by extraterrestrials and here's

637

00:29:01,520 --> 00:28:59,430

your new post and welcome on this ship

638

00:29:05,000 --> 00:29:01,530

and it's your job now to go out there

639

00:29:06,890 --> 00:29:05,010

and attack them and get revenge and of

640

00:29:08,600 --> 00:29:06,900

course a lot of these people get

641

00:29:10,250 --> 00:29:08,610

brainwashed and programmed you can't

642

00:29:11,990 --> 00:29:10,260

even think about planet Earth you can't

643

00:29:14,480 --> 00:29:12,000

try it is like oh I'm just go let's just

644

00:29:17,870 --> 00:29:14,490

go fly our craft over here in orbit over

645

00:29:19,520 --> 00:29:17,880

earth and it's they will activate

646

00:29:23,270 --> 00:29:19,530

implants and shut everybody down give

647

00:29:25,340 --> 00:29:23,280

you seizures so there's a lot of control

648

00:29:29,480 --> 00:29:25,350

involved and the people involvement and

649

00:29:31,190 --> 00:29:29,490

that side of the SSP so while here in

650

00:29:34,040 --> 00:29:31,200

the United States we were making all

651  
00:29:35,810 --> 00:29:34,050  
these trades with the German group

652  
00:29:37,580 --> 00:29:35,820  
they were not releasing that technology

653  
00:29:39,830 --> 00:29:37,590  
to the public so that would happen is we

654  
00:29:44,840 --> 00:29:39,840  
got we have this breakaway civilization

655  
00:29:46,610 --> 00:29:44,850  
of these these technocrats who are so so

656  
00:29:48,410 --> 00:29:46,620  
technologically superior they don't care

657  
00:29:50,690 --> 00:29:48,420  
if we have guns they don't even care if

658  
00:29:52,250 --> 00:29:50,700  
we have a democratic process they don't

659  
00:29:54,590 --> 00:29:52,260  
care about anything because they have

660  
00:29:58,130 --> 00:29:54,600  
time-travel tech we aging tech they've

661  
00:29:59,540 --> 00:29:58,140  
got technology to quantum 3d printers so

662  
00:30:01,400 --> 00:29:59,550  
they can manifest you know they can

663  
00:30:03,860 --> 00:30:01,410

print out food or gold or whatever

664

00:30:05,750 --> 00:30:03,870

whatever they want doesn't cost them

665

00:30:11,120 --> 00:30:05,760

anything so they don't even need money

666

00:30:13,700 --> 00:30:11,130

and but but I say that that's just some

667

00:30:15,740 --> 00:30:13,710

of the groups now we have DARPA DARPA is

668

00:30:17,330 --> 00:30:15,750

part of the course the DoD they claim to

669

00:30:18,860 --> 00:30:17,340

have a budget of four billion dollars a

670

00:30:20,930 --> 00:30:18,870

year and they do research for advanced

671

00:30:23,780 --> 00:30:20,940

technology for the military which is

672

00:30:26,600 --> 00:30:23,790

great I guess it's because they didn't

673

00:30:28,580 --> 00:30:26,610

lie to us except that most of the money

674

00:30:30,350 --> 00:30:28,590

through the SSP is being funneled

675

00:30:33,110 --> 00:30:30,360

through DARPA it's in the tune of 100

676

00:30:35,090 --> 00:30:33,120

trillion dollars a year this a lot of

677

00:30:36,530 --> 00:30:35,100

this money is being traded offshore by

678

00:30:38,210 --> 00:30:36,540

the Federal Reserve and they have their

679

00:30:41,930 --> 00:30:38,220

central banks and their bank trading

680

00:30:45,200 --> 00:30:41,940

programs the rolls and on this familiar

681

00:30:47,360 --> 00:30:45,210

when I'm talking about well yeah okay so

682

00:30:49,490 --> 00:30:47,370

the central banks and all them the

683

00:30:51,770 --> 00:30:49,500

Russia that basically this but maybe

684

00:30:53,120 --> 00:30:51,780

explain it may be arm maybe explain it

685

00:30:54,730 --> 00:30:53,130

for some listeners because I don't know

686

00:30:58,520 --> 00:30:54,740

that all my listeners would know that

687

00:31:00,260 --> 00:30:58,530

okay so what happens to central banks

688

00:31:02,510 --> 00:31:00,270

make deals with each other where they

689

00:31:05,450 --> 00:31:02,520

would move money back and forth between

690

00:31:09,230 --> 00:31:05,460

financial intermediaries and they may

691

00:31:12,200 --> 00:31:09,240

charge a 1% or 3% fee per transaction

692

00:31:14,780 --> 00:31:12,210

and that that may be one transaction per

693

00:31:18,020 --> 00:31:14,790

day so when you start compounding all

694

00:31:19,220 --> 00:31:18,030

these transactions it can be quite a lot

695

00:31:22,490 --> 00:31:19,230

you can like double your money every

696

00:31:24,799 --> 00:31:22,500

month so what they do is they in order

697

00:31:27,110 --> 00:31:24,809

to get into these role programs to do

698

00:31:29,240 --> 00:31:27,120

these investments and does that and is

699

00:31:30,830 --> 00:31:29,250

that does that Figo I'm guessing to the

700

00:31:32,750 --> 00:31:30,840

banking elite like the Rothschilds

701  
00:31:35,270 --> 00:31:32,760  
Rockefellers yeah you need to be part of

702  
00:31:38,720 --> 00:31:35,280  
that banking elite maybe probably you

703  
00:31:41,419 --> 00:31:38,730  
need to be part of their progeny so you

704  
00:31:43,280 --> 00:31:41,429  
we're definitely yeah you if you're not

705  
00:31:45,680 --> 00:31:43,290  
part of that you need to know someone

706  
00:31:47,379 --> 00:31:45,690  
who is and piggyback up them hope

707  
00:31:49,930 --> 00:31:47,389  
they're not going to steal from you

708  
00:31:52,209 --> 00:31:49,940  
but typically you need a minimum of a

709  
00:31:54,219 --> 00:31:52,219  
hundred million dollars to do one trade

710  
00:31:57,430 --> 00:31:54,229  
so they're not many people out there to

711  
00:31:59,769 --> 00:31:57,440  
have 100 million dollars throw around

712  
00:32:01,149 --> 00:31:59,779  
I know Trump he was actually in the

713  
00:32:03,699 --> 00:32:01,159

programs for a while and then they

714

00:32:06,879 --> 00:32:03,709

kicked him out but he he um he knows a

715

00:32:07,899 --> 00:32:06,889

lot about what's going on and I work you

716

00:32:10,569 --> 00:32:07,909

know a lot of people don't give him

717

00:32:11,709 --> 00:32:10,579

credit for that but I do think he's a

718

00:32:16,239 --> 00:32:11,719

white hat by the way

719

00:32:17,829 --> 00:32:16,249

yeah okay so I'm trying to I know there

720

00:32:19,869 --> 00:32:17,839

was a cop something I want to go on here

721

00:32:23,259 --> 00:32:19,879

but oh okay so essentially the American

722

00:32:26,139 --> 00:32:23,269

forces within the SSP the Rothschilds

723

00:32:28,930 --> 00:32:26,149

and DARPA with their with their groups

724

00:32:31,869 --> 00:32:28,940

they still have this mindset that they

725

00:32:34,299 --> 00:32:31,879

want to destroy the Nazis and so what

726

00:32:36,459 --> 00:32:34,309

what's going on we're dark dark fleet is

727

00:32:39,249 --> 00:32:36,469

David used time travel check that glocca

728

00:32:42,129 --> 00:32:39,259

detect lack of tech the spending mercury

729

00:32:43,959 --> 00:32:42,139

drive that they used for time certainly

730

00:32:46,149 --> 00:32:43,969

not Duchess for levitation but the time

731

00:32:48,669 --> 00:32:46,159

travel they went back in time 400 years

732

00:32:52,449 --> 00:32:48,679

and settled colonies all throughout the

733

00:32:54,190 --> 00:32:52,459

Galactic rim so I don't know exact

734

00:32:59,349 --> 00:32:54,200

amount of colonies that dark fleet ads

735

00:33:00,879 --> 00:32:59,359

but they are all over the place and SSP

736

00:33:05,319 --> 00:33:00,889

groups they only have a hundred colony

737

00:33:07,209 --> 00:33:05,329

so SSP as in you know the moment the

738

00:33:12,430 --> 00:33:07,219

Rothschild faction and all that solar

739

00:33:15,969 --> 00:33:12,440

warden radiant garden ICC I um so I've

740

00:33:18,339 --> 00:33:15,979

got a crazy question a super crazy I had

741

00:33:21,369 --> 00:33:18,349

a I recently bought like a nowhere piece

742

00:33:23,709 --> 00:33:21,379

of property next to a nowhere piece of

743

00:33:27,359 --> 00:33:23,719

property that I know the Department of

744

00:33:31,060 --> 00:33:27,369

Defense is involved with monitoring so I

745

00:33:33,310 --> 00:33:31,070

put up cameras and facilities trying to

746

00:33:35,499 --> 00:33:33,320

like just track any kind of UFOs going

747

00:33:39,369 --> 00:33:35,509

over this property and in any direction

748

00:33:41,319 --> 00:33:39,379

well when a friend of mine there's three

749

00:33:43,539 --> 00:33:41,329

of us that are working nonstop on this

750

00:33:47,259 --> 00:33:43,549

project it's called space wolf research

751  
00:33:51,459 --> 00:33:47,269  
a friend of mine one of the three looked

752  
00:33:53,529 --> 00:33:51,469  
online at the I guess the properties I

753  
00:33:55,719 --> 00:33:53,539  
don't know address or latitude launched

754  
00:33:57,879 --> 00:33:55,729  
anyway it came up with solar warden and

755  
00:34:00,460 --> 00:33:57,889  
that's the first time I heard that and I

756  
00:34:04,390 --> 00:34:00,470  
started looking into it and now I'm

757  
00:34:07,060 --> 00:34:04,400  
away what the heck like it says solar

758  
00:34:08,830 --> 00:34:07,070  
warden on it is that something we should

759  
00:34:10,510 --> 00:34:08,840  
that's something from the 80s that we

760  
00:34:15,150 --> 00:34:10,520  
really shouldn't be concerned about is

761  
00:34:18,430 --> 00:34:15,160  
that or is that still in place today oh

762  
00:34:20,620 --> 00:34:18,440  
yeah so I mean solar warden is basically

763  
00:34:22,660 --> 00:34:20,630

the the rothschild faction that I

764

00:34:26,500 --> 00:34:22,670

mentioned her earlier there basically

765

00:34:29,590 --> 00:34:26,510

this is for my book page as before

766

00:34:31,750 --> 00:34:29,600

okay so solar warden they are these are

767

00:34:33,040 --> 00:34:31,760

predominantly American aligned ICC which

768

00:34:35,200 --> 00:34:33,050

is the interplanetary corporate

769

00:34:36,820 --> 00:34:35,210

conglomerate groups that are trying to

770

00:34:38,500 --> 00:34:36,830

catch up to everyone else and considered

771

00:34:41,260 --> 00:34:38,510

annoyances and troublemakers to the

772

00:34:42,940 --> 00:34:41,270

other ssp groups they have been tasked

773

00:34:45,760 --> 00:34:42,950

with monitoring all traffic in and

774

00:34:47,590 --> 00:34:45,770

outside the solar system in the 1990s

775

00:34:51,190 --> 00:34:47,600

they renamed those cells radiant garden

776

00:34:53,980 --> 00:34:51,200

actually didn't they split themselves

777

00:34:56,470 --> 00:34:53,990

off the I think it's called the coop the

778

00:35:01,650 --> 00:34:56,480

coop your belt the belt the asteroid

779

00:35:04,540 --> 00:35:01,660

belt between Mars and Earth mmm-hmm I

780

00:35:06,400 --> 00:35:04,550

don't know surface maybe it's radiant

781

00:35:08,020 --> 00:35:06,410

Guardian has that from that asteroid

782

00:35:09,160 --> 00:35:08,030

bullet to the Sun and then the other

783

00:35:12,610 --> 00:35:09,170

group has it all the way out to

784

00:35:15,160 --> 00:35:12,620

dnssocial so that that is in essence

785

00:35:20,100 --> 00:35:15,170

what this property was like created to

786

00:35:25,480 --> 00:35:23,170

Solar Ward I mean I mean I mean Solar

787

00:35:27,490 --> 00:35:25,490

warning yeah I don't know like I'm

788

00:35:28,960 --> 00:35:27,500

guessing I don't know like this is

789

00:35:31,180 --> 00:35:28,970

really strange because it's been very

790

00:35:34,480 --> 00:35:31,190

difficult for us to purchase it at a

791

00:35:38,440 --> 00:35:34,490

very exorbitant price but what's strange

792

00:35:39,340 --> 00:35:38,450

is when I did purchase it and he sent me

793

00:35:44,260 --> 00:35:39,350

this link

794

00:35:46,150 --> 00:35:44,270

it said solar warden and and it I didn't

795

00:35:47,680 --> 00:35:46,160

know anything about that was but that

796

00:35:53,010 --> 00:35:47,690

would mean it was government land is

797

00:35:55,510 --> 00:35:53,020

that right or I don't know well Adam I

798

00:35:57,490 --> 00:35:55,520

kind of questioned whether or not they

799

00:36:01,720 --> 00:35:57,500

would actually come out and say it's so

800

00:36:04,330 --> 00:36:01,730

important but I mean even more likely

801  
00:36:08,350 --> 00:36:04,340  
more likely somebody posting it as

802  
00:36:10,420 --> 00:36:08,360  
something it's not or or or putting or

803  
00:36:13,300 --> 00:36:10,430  
somebody actually putting what it is but

804  
00:36:14,380 --> 00:36:13,310  
doing so from a distance type thing do

805  
00:36:16,900 --> 00:36:14,390  
you remember that

806  
00:36:20,440 --> 00:36:16,910  
hacker that hacked into NASA back in

807  
00:36:21,220 --> 00:36:20,450  
like 2001 or something McKinnon is named

808  
00:36:28,779 --> 00:36:21,230  
yeah

809  
00:36:30,970 --> 00:36:28,789  
that said solar warden so so any

810  
00:36:33,099 --> 00:36:30,980  
coupling comes the star people filed so

811  
00:36:37,059 --> 00:36:33,109  
certainly I mean if it's been within

812  
00:36:40,019 --> 00:36:37,069  
NASA you know you know unencrypted files

813  
00:36:44,980 --> 00:36:40,029

maybe they would do something like that

814

00:36:46,480 --> 00:36:44,990

but going on here it says here they draw

815

00:36:48,759 --> 00:36:46,490

their office their officers are drawn

816

00:36:50,769 --> 00:36:48,769

from Naval Space Command mm-hmm

817

00:36:53,380 --> 00:36:50,779

the first their first vessels were built

818

00:36:56,170 --> 00:36:53,390

in the 1970s inside massive underground

819

00:36:58,900 --> 00:36:56,180

shipyards beneath the wasa Tosh

820

00:37:00,759 --> 00:36:58,910

Mountains of Utah they would convert

821

00:37:02,650 --> 00:37:00,769

submarines for space flight with a

822

00:37:04,359 --> 00:37:02,660

temple drive based on the principles of

823

00:37:07,210 --> 00:37:04,369

quantum entanglement between certain

824

00:37:09,490 --> 00:37:07,220

isotopes President Reagan was briefed

825

00:37:12,099 --> 00:37:09,500

about solar warden 1980 and further

826

00:37:14,349 --> 00:37:12,109

upgrade to fleet their largest craft is

827

00:37:16,539 --> 00:37:14,359

two kilometres long and their fleets

828

00:37:19,509 --> 00:37:16,549

include carrier spiders triangular

829

00:37:22,450 --> 00:37:19,519

shuttles research vessels troop

830

00:37:26,079 --> 00:37:22,460

transport ships hospital ships and

831

00:37:28,390 --> 00:37:26,089

supply ships within this umbrella is the

832

00:37:30,160 --> 00:37:28,400

United States Marine Corps Mars Defense

833

00:37:32,559 --> 00:37:30,170

Force the intergalactic League of

834

00:37:34,180 --> 00:37:32,569

Nations overseen by the UN which it

835

00:37:35,799 --> 00:37:34,190

basically just does a lip service for

836

00:37:38,380 --> 00:37:35,809

you and there they're really nothing my

837

00:37:40,059 --> 00:37:38,390

opinion and the LOC lunar Operations

838

00:37:42,400 --> 00:37:40,069

Command which operates Earth Defense

839

00:37:43,779 --> 00:37:42,410

Grid from three sites on the dark three

840

00:37:46,569 --> 00:37:43,789

sites on the dark side the moon is now

841

00:37:47,589 --> 00:37:46,579

dark fleet is also up in the lunar

842

00:37:49,749 --> 00:37:47,599

Operations Command so they actually

843

00:37:51,309 --> 00:37:49,759

shared a lot of bases with Darkly we're

844

00:37:55,059 --> 00:37:51,319

really darkly built a lot of this stuff

845

00:37:57,339 --> 00:37:55,069

so there's a lot too dark free okay

846

00:37:59,109 --> 00:37:57,349

according to Gary McKinnon who act the

847

00:38:01,930 --> 00:37:59,119

NSA I'm sorry Anna

848

00:38:03,579 --> 00:38:01,940

NASA star people's files in 2002 it was

849

00:38:05,980 --> 00:38:03,589

found that the American side of the SSP

850

00:38:07,720 --> 00:38:05,990

would be called solar warden and operate

851  
00:38:10,839 --> 00:38:07,730  
under the US Naval Network and Space

852  
00:38:14,019 --> 00:38:10,849  
Operations Command in in SOC base at

853  
00:38:15,970 --> 00:38:14,029  
area 51 and Pine Gap Australia and then

854  
00:38:18,970 --> 00:38:15,980  
of course you got the miec corporations

855  
00:38:20,470 --> 00:38:18,980  
which you know Northrop Grumman was

856  
00:38:21,609 --> 00:38:20,480  
sowing but these people don't really

857  
00:38:23,950 --> 00:38:21,619  
have I mean they don't really have

858  
00:38:26,350 --> 00:38:23,960  
access to the full tech that the most

859  
00:38:29,020 --> 00:38:26,360  
advanced stuff is in dark fleet and then

860  
00:38:31,090 --> 00:38:29,030  
the military contractors which serve

861  
00:38:35,920 --> 00:38:31,100  
demo which is who I work for

862  
00:38:41,290 --> 00:38:35,930  
Kruger and shoreline so my acid isn't

863  
00:38:44,320 --> 00:38:41,300

time in monarch yeah so much about that

864

00:38:48,310 --> 00:38:44,330

oh good so the I guess the implications

865

00:38:50,650 --> 00:38:48,320

of this are huge like oh yeah we've been

866

00:38:55,680 --> 00:38:50,660

lied a lot I mean that it's that's not

867

00:38:58,480 --> 00:38:55,690

that's total understatement it's like

868

00:39:01,510 --> 00:38:58,490

being able to pull up memories from an

869

00:39:03,550 --> 00:39:01,520

alternate parallel universe you know

870

00:39:05,410 --> 00:39:03,560

you're actually in a concentration camp

871

00:39:09,520 --> 00:39:05,420

that you think you're in a great family

872

00:39:11,830 --> 00:39:09,530

vacation like hey they called him at the

873

00:39:14,410 --> 00:39:11,840

Tabas mm-hmm they were it was it was a

874

00:39:17,680 --> 00:39:14,420

it was a parallel reality in which Nazis

875

00:39:19,600 --> 00:39:17,690

won World War two and I do go into this

876

00:39:22,740 --> 00:39:19,610

on my show quite a bit about that

877

00:39:26,230 --> 00:39:22,750

reality because it's quite fascinating

878

00:39:27,010 --> 00:39:26,240

just the difference of history but yeah

879

00:39:29,050 --> 00:39:27,020

they did

880

00:39:31,660 --> 00:39:29,060

Alaska was considered like a no-man's

881

00:39:32,860 --> 00:39:31,670

land that they didn't really the Germans

882

00:39:35,530 --> 00:39:32,870

really didn't control it neither the

883

00:39:38,290 --> 00:39:35,540

Japanese so they kind of shared the

884

00:39:40,900 --> 00:39:38,300

territory but they though you gave him a

885

00:39:42,640 --> 00:39:40,910

lot of leeway to do a lot of stuff that

886

00:39:45,310 --> 00:39:42,650

it probably would would have been able

887

00:39:49,750 --> 00:39:45,320

to get away with like setting up these

888

00:39:51,850 --> 00:39:49,760

concentration camps wow that's amazing

889

00:39:54,010 --> 00:39:51,860

yeah it just seems like you know in

890

00:39:55,930 --> 00:39:54,020

these being able to have clones and

891

00:39:59,940 --> 00:39:55,940

avatars and being able to pull up

892

00:40:03,180 --> 00:39:59,950

memories from alternate universes the

893

00:40:05,680 --> 00:40:03,190

that there's there's a phrase you used

894

00:40:08,350 --> 00:40:05,690

that kind of got me it was the time

895

00:40:10,630 --> 00:40:08,360

framing zone could you go into that a

896

00:40:14,170 --> 00:40:10,640

little bit like what time breathing zone

897

00:40:16,600 --> 00:40:14,180

yeah I think that was it enough they

898

00:40:19,930 --> 00:40:16,610

called it a bubble on time bubble on

899

00:40:23,140 --> 00:40:19,940

home so it's a manipulation of time type

900

00:40:27,220 --> 00:40:23,150

of thing it's yeah it's outside of time

901  
00:40:28,990 --> 00:40:27,230  
I mean as far as like how do I don't I

902  
00:40:31,360 --> 00:40:29,000  
don't I couldn't tell you explain to you

903  
00:40:34,300 --> 00:40:31,370  
the technology how it works I don't

904  
00:40:37,630 --> 00:40:34,310  
really know the details but I can't tell

905  
00:40:40,100 --> 00:40:37,640  
you like for instance and the Nazi

906  
00:40:42,980 --> 00:40:40,110  
parallel reality

907  
00:40:46,310 --> 00:40:42,990  
they have technology where they can met

908  
00:40:49,160 --> 00:40:46,320  
put whole military bases in a time

909  
00:40:51,590 --> 00:40:49,170  
freezing zone and then they can teleport

910  
00:40:55,070 --> 00:40:51,600  
them over here so there have been

911  
00:40:57,890 --> 00:40:55,080  
reports of regiments of these Nazi super

912  
00:41:01,870 --> 00:40:57,900  
soldiers they call Nixa diamonds and

913  
00:41:05,240 --> 00:41:01,880

light soldiers or light warriors and

914

00:41:08,720 --> 00:41:05,250

they are manifesting in the outback of

915

00:41:11,300 --> 00:41:08,730

Australia hmm quick with tanks of course

916

00:41:14,210 --> 00:41:11,310

to Kochi all your your planes and all

917

00:41:18,950 --> 00:41:14,220

these all the equipment and then they

918

00:41:22,550 --> 00:41:18,960

disappear so if they have the technology

919

00:41:26,240 --> 00:41:22,560

to teleport a whole hello

920

00:41:29,150 --> 00:41:26,250

regiment then they can they could

921

00:41:30,770 --> 00:41:29,160

basically take us over they wanted to so

922

00:41:32,000 --> 00:41:30,780

the question is why haven't they done it

923

00:41:34,640 --> 00:41:32,010

already

924

00:41:36,560 --> 00:41:34,650

there's probably trees going dark sleet

925

00:41:38,180 --> 00:41:36,570

and so on so you know there's different

926

00:41:40,580 --> 00:41:38,190

groups they have their different agendas

927

00:41:42,380 --> 00:41:40,590

I personally like to think that this is

928

00:41:45,440 --> 00:41:42,390

a time line where we won't be taken over

929

00:41:48,530 --> 00:41:45,450

by these these Nazi groups but they are

930

00:41:50,630 --> 00:41:48,540

here and and I think humanity needs to

931

00:41:54,080 --> 00:41:50,640

learn to coexist we need to accept that

932

00:41:57,560 --> 00:41:54,090

okay so well may I accept the fact that

933

00:41:59,390 --> 00:41:57,570

they well we need we can't deny that

934

00:42:01,220 --> 00:41:59,400

they're not here but I'm not saying we

935

00:42:02,510 --> 00:42:01,230

should embrace their philosophy I'm just

936

00:42:04,820 --> 00:42:02,520

saying that we should accept that

937

00:42:07,090 --> 00:42:04,830

they're here let's do something about it

938

00:42:09,320 --> 00:42:07,100

let's try to work together and stop

939

00:42:12,230 --> 00:42:09,330

abducting under fifty thousand people a

940

00:42:15,470 --> 00:42:12,240

year and brainwashing them and and by

941

00:42:17,960 --> 00:42:15,480

the way it's not just one s120 air back

942

00:42:21,740 --> 00:42:17,970

for some of us it's multiple so I was

943

00:42:27,770 --> 00:42:21,750

gonna say like how many multiple do we

944

00:42:30,470 --> 00:42:27,780

know well I don't know I mean for me

945

00:42:31,790 --> 00:42:30,480

I've done a little bit of working with

946

00:42:33,320 --> 00:42:31,800

different types of psychics and the

947

00:42:35,150 --> 00:42:33,330

little viewers and China trying to

948

00:42:37,750 --> 00:42:35,160

recover some of my own memories but it

949

00:42:40,250 --> 00:42:37,760

does look like I'm about 243 years old

950

00:42:43,310 --> 00:42:40,260

at least since the last time they put me

951  
00:42:45,320 --> 00:42:43,320  
a new clone body but even though they

952  
00:42:46,640 --> 00:42:45,330  
kept Montauk they would use me over and

953  
00:42:49,400 --> 00:42:46,650  
over again they would he means between

954  
00:42:51,560 --> 00:42:49,410  
the age of seven and eleven and just

955  
00:42:53,090 --> 00:42:51,570  
keep doing that like I think they did

956  
00:42:58,330 --> 00:42:53,100  
that like seven

957  
00:43:00,920 --> 00:42:58,340  
times so they're almost like 40 years so

958  
00:43:03,170 --> 00:43:00,930  
yeah but at that age there must be

959  
00:43:06,050 --> 00:43:03,180  
something about that age 7 to 11 you're

960  
00:43:08,570 --> 00:43:06,060  
super you know like the were vibrant

961  
00:43:11,240 --> 00:43:08,580  
like the world is new to you your senses

962  
00:43:14,480 --> 00:43:11,250  
are super keen like is there a reason

963  
00:43:16,100 --> 00:43:14,490

they choose those ages do you know well

964

00:43:19,580 --> 00:43:16,110

I know they wanted to harness our loose

965

00:43:21,680 --> 00:43:19,590

energy mean I'm not I couldn't really

966

00:43:23,270 --> 00:43:21,690

say I'm the expert of what what it is

967

00:43:24,770 --> 00:43:23,280

they were they were wanted from that age

968

00:43:26,780 --> 00:43:24,780

group but I can't tell you that

969

00:43:29,360 --> 00:43:26,790

certainly young children are highly

970

00:43:33,530 --> 00:43:29,370

susceptible to being programmed and

971

00:43:39,710 --> 00:43:33,540

manipulated and and a lot of these Draco

972

00:43:41,360 --> 00:43:39,720

were they would they wanted something

973

00:43:43,970 --> 00:43:41,370

they wanted people to serve them and

974

00:43:46,720 --> 00:43:43,980

almost like worship them so they wanted

975

00:43:49,370 --> 00:43:46,730

a group of people that would be very

976

00:43:51,740 --> 00:43:49,380

complacent to that and certainly

977

00:43:56,120 --> 00:43:51,750

children would be easier to control and

978

00:43:58,040 --> 00:43:56,130

manipulate than adults or teenagers so

979

00:44:01,070 --> 00:43:58,050

yeah that that doesn't make a lot of

980

00:44:03,380 --> 00:44:01,080

tunes yeah that does Wow the

981

00:44:06,170 --> 00:44:03,390

manipulation of time a hundred and fifty

982

00:44:07,280 --> 00:44:06,180

thousand people a year is that that's I

983

00:44:12,020 --> 00:44:07,290

mean that's this could be the biggest

984

00:44:13,850 --> 00:44:12,030

lie like never told like mmm yeah that

985

00:44:15,980 --> 00:44:13,860

figure came from penny Bradley she

986

00:44:17,990 --> 00:44:15,990

actually saw the treaty during her time

987

00:44:20,750 --> 00:44:18,000

in the SSP she saw the treaty that dark

988

00:44:23,810 --> 00:44:20,760

fleet made with the SSP groups here in

989

00:44:25,340 --> 00:44:23,820

the United States so many similar to the

990

00:44:27,320 --> 00:44:25,350

United States Australia is involved in

991

00:44:33,290 --> 00:44:27,330

it really any any nation that member of

992

00:44:34,190 --> 00:44:33,300

NATO is involved and then in SSP mmm wow

993

00:44:37,130 --> 00:44:34,200

that's amazing

994

00:44:40,040 --> 00:44:37,140

and the I thought it was really

995

00:44:43,640 --> 00:44:40,050

interesting that you mentioned radiant

996

00:44:46,160 --> 00:44:43,650

Guardian is that correct yeah that's

997

00:44:51,320 --> 00:44:46,170

just another project I guess these are

998

00:44:52,910 --> 00:44:51,330

just projects to keep an eye so they're

999

00:44:56,540 --> 00:44:52,920

part of dark fleet they're supposed to

1000

00:44:58,850 --> 00:44:56,550

keep an eye against no no no no no no no

1001

00:45:00,890 --> 00:44:58,860

I'm sorry I solar warden and raiding

1002

00:45:02,720 --> 00:45:00,900

Guardian are not a part of darkly dark

1003

00:45:05,000 --> 00:45:02,730

fleet was the German groups that solar

1004

00:45:06,080 --> 00:45:05,010

warden is the Rothschild Rockefeller

1005

00:45:07,790 --> 00:45:06,090

that the basically did

1006

00:45:10,120 --> 00:45:07,800

the banks the people that run our

1007

00:45:14,090 --> 00:45:10,130

banking families here on this continent

1008

00:45:15,860 --> 00:45:14,100

yeah control solar warden which split

1009

00:45:18,200 --> 00:45:15,870

off into radiant Guardian did they just

1010

00:45:20,300 --> 00:45:18,210

split off the territory because there's

1011

00:45:21,620 --> 00:45:20,310

there's so much activity going on in

1012

00:45:23,690 --> 00:45:21,630

space

1013

00:45:25,820 --> 00:45:23,700

radiant Guardian controls one sector of

1014

00:45:27,140 --> 00:45:25,830

our solar system and solar wardens the

1015

00:45:29,510 --> 00:45:27,150

other but they really they're under the

1016

00:45:32,840 --> 00:45:29,520

same on umbrella under the SSP groups

1017

00:45:34,610 --> 00:45:32,850

yeah I probably done probably the ICC is

1018

00:45:36,050 --> 00:45:34,620

what they're going work underneath the

1019

00:45:38,750 --> 00:45:36,060

the interplanetary corporate

1020

00:45:40,670 --> 00:45:38,760

conglomerate which is um essentially

1021

00:45:43,970 --> 00:45:40,680

what they do is they they funded these

1022

00:45:46,040 --> 00:45:43,980

colonies and a certain amount of money

1023

00:45:47,720 --> 00:45:46,050

and the goal was for the colonies become

1024

00:45:49,220 --> 00:45:47,730

self-sufficient and some of them became

1025

00:45:50,810 --> 00:45:49,230

self-sufficient some became very

1026

00:45:52,820 --> 00:45:50,820

successful someone became failures

1027

00:45:54,920 --> 00:45:52,830

mm-hmm but each colony has their own

1028

00:45:57,080 --> 00:45:54,930

corporation like the MTC is the Mars

1029

00:45:59,660 --> 00:45:57,090

colony corporation and then there was

1030

00:46:01,390 --> 00:45:59,670

other ones I'm assuming there's probably

1031

00:46:05,150 --> 00:46:01,400

one on the moon and so on but

1032

00:46:07,580 --> 00:46:05,160

unbelievable now Argos about a hundred

1033

00:46:09,410 --> 00:46:07,590

colonies some space stations do you

1034

00:46:12,830 --> 00:46:09,420

mentioned the dollar amount that's being

1035

00:46:15,920 --> 00:46:12,840

you know the total payout dollar amount

1036

00:46:18,170 --> 00:46:15,930

and it's like unfathomable I can't

1037

00:46:20,180 --> 00:46:18,180

remember what it was a hundred trillion

1038

00:46:22,970 --> 00:46:20,190

dollars a year that's according to Peter

1039

00:46:25,340 --> 00:46:22,980

the insider who was a head of division

1040

00:46:29,150 --> 00:46:25,350

12 at the ACI Oh out of Pine Gap

1041

00:46:31,250 --> 00:46:29,160

Australia yeah I append a question him I

1042

00:46:32,660 --> 00:46:31,260

said well you know DARPA always said

1043

00:46:35,210 --> 00:46:32,670

they're spending four billion dollars a

1044

00:46:37,130 --> 00:46:35,220

year there on their projects what do you

1045

00:46:38,840 --> 00:46:37,140

think the actual number is like it's

1046

00:46:40,730 --> 00:46:38,850

honor a trillion and that that includes

1047

00:46:44,180 --> 00:46:40,740

everything that's going up through solar

1048

00:46:45,500 --> 00:46:44,190

warden but you know as I said earlier

1049

00:46:47,240 --> 00:46:45,510

some of these groups are breakaway

1050

00:46:48,620 --> 00:46:47,250

civilizations so some of these groups

1051  
00:46:50,540 --> 00:46:48,630  
are not they don't even need any of this

1052  
00:46:54,340 --> 00:46:50,550  
money so the money is just really just

1053  
00:46:58,340 --> 00:46:54,350  
it's almost as if like the banks and

1054  
00:47:00,140 --> 00:46:58,350  
humanity as a whole we are financing all

1055  
00:47:02,090 --> 00:47:00,150  
these breakaway civilizations wants to

1056  
00:47:04,190 --> 00:47:02,100  
become technologically advanced they

1057  
00:47:05,720 --> 00:47:04,200  
don't need us anymore and then they go

1058  
00:47:07,880 --> 00:47:05,730  
off and do their thing but then more and

1059  
00:47:09,440 --> 00:47:07,890  
more organizations are being funded so

1060  
00:47:11,870 --> 00:47:09,450  
we have all these groups being funded

1061  
00:47:14,210 --> 00:47:11,880  
but humanity itself is being suppressed

1062  
00:47:16,060 --> 00:47:14,220  
we're all well most like it's like we're

1063  
00:47:18,520 --> 00:47:16,070

being drained of our life force energy

1064

00:47:21,230 --> 00:47:18,530

through work exactly

1065

00:47:23,570 --> 00:47:21,240

paying taxes a debt system ain't

1066

00:47:25,490 --> 00:47:23,580

interest to the bank's all the stuff is

1067

00:47:29,830 --> 00:47:25,500

all part of that system that funnels out

1068

00:47:33,320 --> 00:47:29,840

to off world to suppress it Wow yeah and

1069

00:47:35,930 --> 00:47:33,330

it's also created an energetic imbalance

1070

00:47:38,870 --> 00:47:35,940

on mother earth if you believe in that

1071

00:47:42,020 --> 00:47:38,880

mother totally Oh Gaia surely we're

1072

00:47:43,820 --> 00:47:42,030

going to yeah and there's going to be a

1073

00:47:46,910 --> 00:47:43,830

lot of bad karma for what they've done

1074

00:47:49,220 --> 00:47:46,920

and I like to think I like to hope it

1075

00:47:52,610 --> 00:47:49,230

comes at least for Humanity as a whole

1076  
00:47:54,380 --> 00:47:52,620  
errand planner I think it could come out

1077  
00:47:56,870 --> 00:47:54,390  
positive for us but not so positive for

1078  
00:47:58,940 --> 00:47:56,880  
them for what they've done but but we

1079  
00:48:00,530 --> 00:47:58,950  
also need to learn that fruits we have

1080  
00:48:02,800 --> 00:48:00,540  
to be willing to accept that we can at

1081  
00:48:04,970 --> 00:48:02,810  
least try to work towards forgiveness

1082  
00:48:08,240 --> 00:48:04,980  
because that's also important too

1083  
00:48:09,650 --> 00:48:08,250  
because there's a it's going to be hard

1084  
00:48:11,720 --> 00:48:09,660  
for us to come together if we're still

1085  
00:48:14,510 --> 00:48:11,730  
angry at each other for what's happened

1086  
00:48:16,130 --> 00:48:14,520  
mm-hmm I think it's more important we

1087  
00:48:18,860 --> 00:48:16,140  
get the technologies released first and

1088  
00:48:21,860 --> 00:48:18,870

then we worry about later what what what

1089

00:48:23,330 --> 00:48:21,870

they did Wow

1090

00:48:25,940 --> 00:48:23,340

so it's really just the typical

1091

00:48:29,990 --> 00:48:25,950

situation of the higher-ups using the

1092

00:48:31,520 --> 00:48:30,000

lower downs to get what they want well

1093

00:48:33,710 --> 00:48:31,530

that's basically what's going on

1094

00:48:35,450 --> 00:48:33,720

throughout history is though I mean even

1095

00:48:37,160 --> 00:48:35,460

even the white Europeans they took

1096

00:48:40,580 --> 00:48:37,170

advantage of the Native American so I

1097

00:48:42,230 --> 00:48:40,590

mean BT is doing Saints a year so when

1098

00:48:44,150 --> 00:48:42,240

does it come to stock when we say no

1099

00:48:45,530 --> 00:48:44,160

what say hey that's not that's not the

1100

00:48:47,360 --> 00:48:45,540

way we want to be treated but

1101

00:48:49,670 --> 00:48:47,370

unfortunately most people don't know

1102

00:48:51,410 --> 00:48:49,680

that they're being mistreated they think

1103

00:48:53,300 --> 00:48:51,420

this whole system this reality is what

1104

00:48:56,150 --> 00:48:53,310

God wants if you go to it I grew up

1105

00:48:58,220 --> 00:48:56,160

Southern Baptist and part of the country

1106

00:49:00,530 --> 00:48:58,230

that I live and most people are tuned to

1107

00:49:02,000 --> 00:49:00,540

that kind of religion so they all

1108

00:49:03,440 --> 00:49:02,010

they're all tied in to the system where

1109

00:49:06,110 --> 00:49:03,450

this is what this is what God wants for

1110

00:49:07,340 --> 00:49:06,120

us mm-hmm and it's very difficult to

1111

00:49:09,860 --> 00:49:07,350

break people out of their programming

1112

00:49:11,600 --> 00:49:09,870

it's built into the system isn't it the

1113

00:49:13,940 --> 00:49:11,610

whole like this is what you should do

1114

00:49:16,090 --> 00:49:13,950

and this is a bearable amount of pain

1115

00:49:20,750 --> 00:49:16,100

and you should just put up with it and

1116

00:49:24,350 --> 00:49:20,760

it's it's very accepted I know I know

1117

00:49:27,440 --> 00:49:24,360

well there are people like me willing to

1118

00:49:28,970 --> 00:49:27,450

speak up and share our truth and I mean

1119

00:49:32,150 --> 00:49:28,980

I can't say I have all the facts and

1120

00:49:35,510 --> 00:49:32,160

figures put together just

1121

00:49:37,160 --> 00:49:35,520

yet I don't even know them how accurate

1122

00:49:38,960 --> 00:49:37,170

both of this content that I have I mean

1123

00:49:41,120 --> 00:49:38,970

our guys whistleblower testimonies not

1124

00:49:42,980 --> 00:49:41,130

like I have a government database you

1125

00:49:45,380 --> 00:49:42,990

know I can run up in dart board you

1126

00:49:49,339 --> 00:49:45,390

actually do I did get some fire to do

1127

00:49:51,920 --> 00:49:49,349

this but um overall I mean I'm doing the

1128

00:49:54,079 --> 00:49:51,930

best I can to to share information and

1129

00:49:55,670 --> 00:49:54,089

as far as what listeners can do you can

1130

00:49:58,579 --> 00:49:55,680

you can go visit my website

1131

00:50:01,029 --> 00:49:58,589

1132

00:50:04,730 --> 00:50:01,039

subscribe to my interviews on youtube

1133

00:50:04,970 --> 00:50:04,740

you can download the book or buy one buy

1134

00:50:07,549 --> 00:50:04,980

one

1135

00:50:11,059 --> 00:50:07,559

help me out look you can help get away

1136

00:50:13,250 --> 00:50:11,069

doesn't matter he can get for free if

1137

00:50:15,049 --> 00:50:13,260

you wanted that too I don't mind it's

1138

00:50:19,460 --> 00:50:15,059

there it's out there for that purpose

1139

00:50:21,440 --> 00:50:19,470

but yeah just educate yourself and stop

1140

00:50:22,789 --> 00:50:21,450

being a sepal but I think I think it

1141

00:50:25,579 --> 00:50:22,799

sounds like most listeners your show

1142

00:50:28,069 --> 00:50:25,589

would probably probably more light than

1143

00:50:30,260 --> 00:50:28,079

those people so I can only hope so

1144

00:50:32,900 --> 00:50:30,270

and I know I know that you had to carve

1145

00:50:34,549 --> 00:50:32,910

some time out of your day James thank

1146

00:50:36,950 --> 00:50:34,559

you James we can't thank you enough for

1147

00:50:38,779 --> 00:50:36,960

taking some time and kind of educating

1148

00:50:40,819 --> 00:50:38,789

us and giving us some knowledge on on

1149

00:50:42,490 --> 00:50:40,829

everything and the manipulation that's

1150

00:50:44,240 --> 00:50:42,500

it's a huge deal thank you so much

1151

00:50:45,920 --> 00:50:44,250

you're very welcome

1152

00:50:51,230 --> 00:50:45,930

all right have a great evening thank you

1153

00:50:53,329 --> 00:50:51,240

sir you brutally authentic guest he was

1154

00:50:55,220 --> 00:50:53,339

completely honest the entire time about

1155

00:50:57,470 --> 00:50:55,230

the typical situation of the higher-ups

1156

00:51:00,710 --> 00:50:57,480

using the lower downs to get what they

1157

00:51:01,990 --> 00:51:00,720

want a big thank you to James we can't

1158

00:51:06,710 --> 00:51:02,000

thank him enough

1159

00:51:08,660 --> 00:51:06,720

blowing the lid off the SSP first guy I

1160

00:51:11,569 --> 00:51:08,670

know of that's doing it without wanting

1161

00:51:15,140 --> 00:51:11,579

any money at all he's willing to give

1162

00:51:17,210 --> 00:51:15,150

his book away for free I recommend we do

1163

00:51:19,069 --> 00:51:17,220

a little something classier than that

1164

00:51:20,480 --> 00:51:19,079

and actually buy it to help him and all

1165

00:51:24,260 --> 00:51:20,490

the time that he puts in getting this

1166

00:51:27,340 --> 00:51:24,270

message out amazing stuff parallel

1167

00:51:31,260 --> 00:51:27,350

universes alternate parallel you

1168

00:51:33,550 --> 00:51:31,270

versus remote viewing all kinds of

1169

00:51:36,400 --> 00:51:33,560

interesting stuff what the good guys are

1170

00:51:38,530 --> 00:51:36,410

doing the time framing zone he hit all

1171

00:51:40,750 --> 00:51:38,540

kinds of sports that I still have so

1172

00:51:42,730 --> 00:51:40,760

many questions what we know is that

1173

00:51:45,520 --> 00:51:42,740

there is a secret space program of some

1174

00:51:47,920 --> 00:51:45,530

sort on some level I just appreciate

1175

00:51:51,250 --> 00:51:47,930

James for taking some time to explain

1176

00:51:53,860 --> 00:51:51,260

this to us definitely hit him up he is

1177

00:51:57,010 --> 00:51:53,870

the super soldier when it comes to it he

1178

00:52:00,100 --> 00:51:57,020

comes clean and told us about solar

1179

00:52:02,830 --> 00:52:00,110

warden hit him up by his book follow him

1180

00:52:04,840 --> 00:52:02,840

he's a great guy and all-around good

1181

00:52:07,630 --> 00:52:04,850

to get as much stuff as we can there

1186

00:52:23,350 --> 00:52:20,030

from local researchers that are on the

1187

00:52:26,260 --> 00:52:23,360

ground apparently in a solar warden area

1188

00:52:30,610 --> 00:52:26,270
