blast-off in my time machine there I

3
00:00:28,250 --> 00:00:24,930

feel like it needs a blast-off no blast

4
00:00:31,070 --> 00:00:28,260

off cold blast off it must hurt [h__\h]

5
00:00:33,750 --> 00:00:31,080

there I feel like it need my sleep last

6
00:00:33,760 --> 00:00:43,340

[Music]

7
00:00:48,260 --> 00:00:46,370

hello ladies and gentlemen hello well

8
00:00:50,360 --> 00:00:48,270

we've got a we got something special

9
00:00:53,830 --> 00:00:50,370

today something very special in my

10
00:00:56,450 --> 00:00:53,840

opinion mm-hmm a very special individual

11
00:00:59,330 --> 00:00:56,460

he is the type of person that doesn't

12
00:01:03,290 --> 00:00:59,340

come around usually but once a

13
00:01:05,510 --> 00:01:03,300

generation and I'm talking about the the

14

00:01:09,320 --> 00:01:05,520

man in the myth the legend Tom dango

15

00:01:12,830 --> 00:01:09,330

from Arizona he is the author of a

16

00:01:15,380 --> 00:01:12,840

variety of books over twelve distinct

17

00:01:17,840 --> 00:01:15,390

works merging dimensions the opening of

18

00:01:20,719 --> 00:01:17,850

portals of Sedona the mysteries of

19

00:01:22,910 --> 00:01:20,729

Sedona the New Age frontier the alien

20

00:01:26,270 --> 00:01:22,920

tide mysteries of Sedona book two the

21

00:01:29,390 --> 00:01:26,280

quest in pursuit of mastery unseen

22

00:01:31,820 --> 00:01:29,400

beings unseen worlds shining the light

23

00:01:34,609 --> 00:01:31,830

everything you want to know about Sedona

24

00:01:37,160 --> 00:01:34,619

in a nutshell and there's nobody who can

25

00:01:43,010 --> 00:01:37,170

tuck the opening of portals and the

26

00:01:45,350 --> 00:01:43,020

unseen beings like Tom dango he is if if

27

00:01:49,340 --> 00:01:45,360

you want to compare it to the old

28

00:01:51,370 --> 00:01:49,350

Sherman Ranch or the Utah UFO ranch that

29

00:01:53,920 --> 00:01:51,380

everyone knows about

30

00:01:56,140 --> 00:01:53,930

there is a ranch in Arizona known as the

31

00:02:02,110 --> 00:01:56,150

Bradshaw ranch which is every bit as

32

00:02:05,500 --> 00:02:02,120

active it is amazing it's definitely got

33

00:02:07,750 --> 00:02:05,510

proximity portal activity and we're

34

00:02:10,270 --> 00:02:07,760

gonna have the guy that knows the most

35

00:02:12,340 --> 00:02:10,280

about it explain it so I've talked to

36

00:02:14,080 --> 00:02:12,350

Tom before he's a gem of an individual

37

00:02:16,240 --> 00:02:14,090

it's just a genuinely good person

38

00:02:18,820 --> 00:02:16,250

and he actually cares about the

39

00:02:20,770 --> 00:02:18,830

well-being of others something that's

40

00:02:23,200 --> 00:02:20,780

hard to find these days especially when

41

00:02:25,390 --> 00:02:23,210

it comes into researchers and egos and

42

00:02:31,260 --> 00:02:25,400

all these things that Tom's not that

43

00:02:34,420 --> 00:02:31,270

about really at all and he

44

00:02:37,540 --> 00:02:34,430

wholeheartedly was there when the

45

00:02:40,420 --> 00:02:37,550

activity started with mrs. Bradshaw and

46

00:02:42,670 --> 00:02:40,430

he saw the paths of power that this

47

00:02:43,900 --> 00:02:42,680

activity took and how it interacted with

48

00:02:46,510 --> 00:02:43,910

the people that were there on the

49

00:02:49,600 --> 00:02:46,520

property and he was one of them it's

50

00:02:52,600 --> 00:02:49,610

very likely that he is the equivalent of

51
00:02:55,540 --> 00:02:52,610
a Ryan Layton to the old chairman

52
00:03:00,340 --> 00:02:55,550
property or the Utah UFO ranch many

53
00:03:02,729 --> 00:03:00,350
names and this is like I said the

54
00:03:05,880 --> 00:03:02,739
Bradshaw ranch has secrets all its own

55
00:03:08,470 --> 00:03:05,890
it's very important not to box carpet

56
00:03:10,330 --> 00:03:08,480
compartmentalize and try to make one

57
00:03:12,100 --> 00:03:10,340
paranormal property more important than

58
00:03:13,840 --> 00:03:12,110
another because they are all connected

59
00:03:15,520 --> 00:03:13,850
and

60
00:03:18,340 --> 00:03:15,530
it's important to realize this so

61
00:03:20,860 --> 00:03:18,350
without further ado I mean the knowledge

62
00:03:22,900 --> 00:03:20,870
that's gonna come from Thomism not only

63
00:03:24,400 --> 00:03:22,910

from the source but it's it's some of

64

00:03:30,460 --> 00:03:24,410

the best knowledge there is out here so

65

00:03:32,140 --> 00:03:30,470

Tom dango coming up hi Tom yeah how's it

66

00:03:34,570 --> 00:03:32,150

going bill pretty good pretty good

67

00:03:36,790 --> 00:03:34,580

finally cooling off down here in Arizona

68

00:03:38,830 --> 00:03:36,800

that's been a brutally hot summer oh my

69

00:03:44,380 --> 00:03:38,840

gosh it's been bad here in Vegas where

70

00:03:46,570 --> 00:03:44,390

I'm at - but yeah man it's it's a

71

00:03:48,729 --> 00:03:46,580

pleasure and an honor to have you on the

72

00:03:50,470 --> 00:03:48,739

podcast I I went through a variety of

73

00:03:54,000 --> 00:03:50,480

the works that you've written regarding

74

00:03:57,940 --> 00:03:54,010

this subject and you know

75

00:04:00,970 --> 00:03:57,950

interdimensional beings entities I love

76
00:04:05,080 --> 00:04:00,980
in your writing you you mentioned them

77
00:04:07,330 --> 00:04:05,090
in the unseen it's just so cool I have

78
00:04:10,390 --> 00:04:07,340
so many questions and so so many so many

79
00:04:13,810 --> 00:04:10,400
places I want to I want to start but I

80
00:04:16,509 --> 00:04:13,820
wanted to begin with merging dimensions

81
00:04:19,979 --> 00:04:16,519
my gosh can you tell us was was the

82
00:04:23,560 --> 00:04:19,989
activity that you're aware of Tom there

83
00:04:27,540 --> 00:04:23,570
prior to Linda arriving after she were

84
00:04:31,030 --> 00:04:27,550
it or was it something when when you

85
00:04:34,240 --> 00:04:31,040
looking back when did you first get the

86
00:04:38,640 --> 00:04:34,250
specific idea her idea that this had

87
00:04:42,460 --> 00:04:38,650
been here for a specific amount of time

88
00:04:45,190 --> 00:04:42,470

well I don't know I'm in college now but

89

00:04:47,020 --> 00:04:45,200

I've been I was in Sedona 32 years and

90

00:04:50,170 --> 00:04:47,030

soon as I got that I started hearing

91

00:04:52,780 --> 00:04:50,180

these crazy stories about being aliens

92

00:04:56,980 --> 00:04:52,790

and UFOs and really really strange stuff

93

00:05:00,010 --> 00:04:56,990

going on so I started digging into it

94

00:05:04,870 --> 00:05:00,020

and I got enough information to write a

95

00:05:08,409 --> 00:05:04,880

book you know not alien tide and it kind

96

00:05:12,100 --> 00:05:08,419

of went from there and then I got to

97

00:05:14,320 --> 00:05:12,110

meet Linda Bradshaw and then it never

98

00:05:16,600 --> 00:05:14,330

really took off so as a result I've

99

00:05:19,750 --> 00:05:16,610

written seven books that are pretty much

100

00:05:21,820 --> 00:05:19,760

on that same subject the whole thing and

101
00:05:26,439 --> 00:05:21,830
they're all must reads they really are

102
00:05:29,080 --> 00:05:26,449
the eye the other thing I wanted to

103
00:05:32,140 --> 00:05:29,090
now is I mean being a resident there you

104
00:05:34,719 --> 00:05:32,150
I mean the thousands of miles that you

105
00:05:39,279 --> 00:05:34,729
hiked checking out those deserts those

106
00:05:41,469 --> 00:05:39,289
canyons I mean the the the type of

107
00:05:43,929 --> 00:05:41,479
research has changed significantly

108
00:05:45,640 --> 00:05:43,939
there's a lot of armchair researchers

109
00:05:49,600 --> 00:05:45,650
nowadays they never leave their office

110
00:05:53,110 --> 00:05:49,610
right right right yeah and I just find

111
00:05:55,719 --> 00:05:53,120
that in in in your works of literature

112
00:05:57,760 --> 00:05:55,729
that comes right through it comes right

113
00:05:59,649 --> 00:05:57,770

through and I think that's why your

114

00:06:02,230 --> 00:05:59,659

books are just so I can treating and

115

00:06:05,290 --> 00:06:02,240

they draw people in because it's just

116

00:06:09,309 --> 00:06:05,300

honest and it's not sugar-coated it's

117

00:06:11,890 --> 00:06:09,319

just what it is and there were a bunch

118

00:06:13,510 --> 00:06:11,900

more questions I wanted to ask you when

119

00:06:14,529 --> 00:06:13,520

did you first see something on the

120

00:06:16,420 --> 00:06:14,539

property Oh

121

00:06:17,950 --> 00:06:16,430

almost immediately I spent pointing out

122

00:06:19,480 --> 00:06:17,960

always on the Bradshaw ranch you know

123

00:06:22,089 --> 00:06:19,490

the Bradshaw act was completely

124

00:06:24,309 --> 00:06:22,099

different than any other place in the

125

00:06:25,600 --> 00:06:24,319

world over I think I know you might know

126

00:06:29,409 --> 00:06:25,610

but in Walker ranch

127

00:06:31,959 --> 00:06:29,419

intimately the Stardust ranch I I stayed

128

00:06:33,879 --> 00:06:31,969

when I stayed away from Stardust if they

129

00:06:34,570 --> 00:06:33,889

scared me it really did stuff that went

130

00:06:38,320 --> 00:06:34,580

on down there

131

00:06:39,999 --> 00:06:38,330

and you know other places so it went on

132

00:06:44,409 --> 00:06:40,009

it was you know the what happened on the

133

00:06:46,089 --> 00:06:44,419

bridge my ranch was completely good I

134

00:06:48,300 --> 00:06:46,099

mean there was no wasn't anything bad

135

00:06:50,920 --> 00:06:48,310

happened on Bradshaw it could have been

136

00:06:54,730 --> 00:06:50,930

it was plenty of opportunity for us but

137

00:06:56,199 --> 00:06:54,740

and you know Lynn and I I've said in my

138

00:06:58,899 --> 00:06:56,209

lectures the lender and I would never

139

00:07:01,559 --> 00:06:58,909

hurt in any way with all the stuff that

140

00:07:04,300 --> 00:07:01,569

went on the ranch or a it was it was

141

00:07:05,949 --> 00:07:04,310

pretty incredible I love this three

142

00:07:08,980 --> 00:07:05,959

books been written about it Linda wrote

143

00:07:13,480 --> 00:07:08,990

one and I wrote two it's all about the

144

00:07:15,760 --> 00:07:13,490

Bradshaw ranch and it's still there's a

145

00:07:17,820 --> 00:07:15,770

phenomena I'm really really happy that I

146

00:07:19,989 --> 00:07:17,830

got to be involved with because it was a

147

00:07:23,139 --> 00:07:19,999

life-changing experience the things that

148

00:07:24,790 --> 00:07:23,149

we ran into there that you know as I've

149

00:07:26,829 --> 00:07:24,800

seen creatures that we probably rubbed

150

00:07:28,360 --> 00:07:26,839

shoulders with constantly and I think

151

00:07:32,290 --> 00:07:28,370

they could see us but we couldn't see

152

00:07:34,149 --> 00:07:32,300

them it was in and then you know

153

00:07:35,679 --> 00:07:34,159

creatures we were seeing on a branch

154

00:07:38,350 --> 00:07:35,689

alright well they still are you and

155

00:07:39,650 --> 00:07:38,360

today so strange things are happening on

156

00:07:42,320 --> 00:07:39,660

the bench alright so it is

157

00:07:44,720 --> 00:07:42,330

probably gonna let me continue for what

158

00:07:47,090 --> 00:07:44,730

a while record a while in the University

159

00:07:49,220 --> 00:07:47,100

of Northern Arizona police Pez the lease

160

00:07:50,270 --> 00:07:49,230

on a pair chair ranch now to the Forest

161

00:07:52,600 --> 00:07:50,280

Service and they're going to build a

162

00:07:56,750 --> 00:07:52,610

dormitory they're going to bulldoze the

163

00:08:00,920 --> 00:07:56,760

ranch houses in build a dormitory right

164

00:08:03,890 --> 00:08:00,930

where the ranch house where so it's you

165

00:08:05,420 --> 00:08:03,900

know it's gonna be pretty interest or

166

00:08:08,500 --> 00:08:05,430

ease the stories I'm I'm gonna here I

167

00:08:13,460 --> 00:08:08,510

sure gonna be very very interesting yes

168

00:08:16,220 --> 00:08:13,470

and with those stories would you say

169

00:08:19,810 --> 00:08:16,230

that the phenomena is associated only

170

00:08:24,350 --> 00:08:19,820

with the ranch or is it associated with

171

00:08:25,970 --> 00:08:24,360

the whole area well I think it was

172

00:08:27,980 --> 00:08:25,980

centered in the Bradshaw ranch but it's

173

00:08:29,870 --> 00:08:27,990

I've run into the work when I ran into

174

00:08:32,300 --> 00:08:29,880

Ana Bradshaw ranch I've run into in all

175

00:08:35,930 --> 00:08:32,310

the Canyon and this goes back he goes

176

00:08:39,170 --> 00:08:35,940

back as far as 1922 the first first

177

00:08:42,080 --> 00:08:39,180

parallel incident of the Cowboys running

178

00:08:46,180 --> 00:08:42,090

into a UFO was in 1922 in secret engine

179

00:08:49,400 --> 00:08:46,190

so it's in the air for a while well 1922

180

00:08:51,320 --> 00:08:49,410

yeah so some of those canyons the energy

181

00:08:53,180 --> 00:08:51,330

is just I mean it's very hard I don't

182

00:08:55,190 --> 00:08:53,190

think you can get too many of those

183

00:08:58,550 --> 00:08:55,200

canyons anymore almost all of them have

184

00:09:00,290 --> 00:08:58,560

been either closed off by the Forest

185

00:09:02,780 --> 00:09:00,300

Service like you said for checking

186

00:09:05,750 --> 00:09:02,790

things out or they're private there's um

187

00:09:09,590 --> 00:09:05,760

and they're all fenced off from what I

188

00:09:12,050 --> 00:09:09,600

understand and but those are all magical

189

00:09:15,560 --> 00:09:12,060

places as well yeah well secret Canyon

190

00:09:18,200 --> 00:09:15,570

is still the Benison and I was I was in

191

00:09:19,940 --> 00:09:18,210

Boynton Canyon two weeks ago and I

192

00:09:22,330 --> 00:09:19,950

haven't been in Boyd Canyon about five

193

00:09:25,700 --> 00:09:22,340

years by five or five to eight years and

194

00:09:27,380 --> 00:09:25,710

and the energy is back up in in blaine

195

00:09:29,060 --> 00:09:27,390

canyon now it's just what it was 30

196

00:09:31,460 --> 00:09:29,070

years ago which really surprised me

197

00:09:33,830 --> 00:09:31,470

because it was so many people have been

198

00:09:35,450 --> 00:09:33,840

in blaine Canyon you know it just

199

00:09:37,760 --> 00:09:35,460

dissipated the point where there was no

200

00:09:40,880 --> 00:09:37,770

energy left but if it's back up to what

201

00:09:43,400 --> 00:09:40,890

it was I don't know why but it I was

202

00:09:45,830 --> 00:09:43,410

kind of you know excited to find it like

203

00:09:47,900 --> 00:09:45,840

it was some incredibly strange things

204

00:09:50,390 --> 00:09:47,910

happen in Boyd Canyon

205

00:09:52,840 --> 00:09:50,400

however would you say that these

206

00:10:00,939 --> 00:09:59,170

energies they recharge possibly yeah I

207

00:10:02,740 --> 00:10:00,949

think they do it for some reason I don't

208

00:10:05,309 --> 00:10:02,750

know why probably has something to it

209

00:10:07,509 --> 00:10:05,319

earth energy or whatever but it kind of

210

00:10:09,189 --> 00:10:07,519

threw out that you know there's just too

211

00:10:10,960 --> 00:10:09,199

many people here now that's that's the

212

00:10:12,189 --> 00:10:10,970

drawback isn't there too many people

213

00:10:16,660 --> 00:10:12,199

there's too many people have moved here

214

00:10:19,870 --> 00:10:16,670

so a lot of what was isn't anymore you

215

00:10:23,110 --> 00:10:19,880

know so I don't know but the UFO

216

00:10:25,120 --> 00:10:23,120

activity has really been company comes

217

00:10:27,340 --> 00:10:25,130

and goes and when it's still when it's

218

00:10:30,120 --> 00:10:27,350

intense here we just had a UFO flap here

219

00:10:32,620 --> 00:10:30,130

just a few weeks ago a strange storm

220

00:10:35,079 --> 00:10:32,630

really strange stolen it kidded this

221

00:10:37,660 --> 00:10:35,089

wave and dissipated in a some kind of a

222

00:10:39,009 --> 00:10:37,670

huge object route through it at a

223

00:10:40,749 --> 00:10:39,019

hundred and eighty miles now on the

224

00:10:44,069 --> 00:10:40,759

whole thing disappear with people

225

00:10:46,720 --> 00:10:44,079

witnessed it they saw it happen and I

226

00:10:49,030 --> 00:10:46,730

somebody call me and said you know it's

227

00:10:51,280 --> 00:10:49,040

Tom you drew a picture of thirty years

228

00:10:53,590 --> 00:10:51,290

ago a UFO it's exactly like that one

229

00:10:55,930 --> 00:10:53,600

that's who we were through the storm and

230

00:10:57,400 --> 00:10:55,940

I said really I totally didn't remember

231

00:11:00,579 --> 00:10:57,410

it but she's you know that's exactly the

232

00:11:02,710 --> 00:11:00,589

way you you you drove so I'm gonna well

233

00:11:07,150 --> 00:11:02,720

okay I totally don't remember it but

234

00:11:10,030 --> 00:11:07,160

right after that we had a pretty

235

00:11:15,009 --> 00:11:10,040

significant significant UFO flap we had

236

00:11:16,870 --> 00:11:15,019

in Rimrock the people watched a broad

237

00:11:23,019 --> 00:11:16,880

daylight what two o'clock in the day and

238

00:11:25,030 --> 00:11:23,029

people watched a UFO hovering over went

239

00:11:27,939 --> 00:11:25,040

Beaver Creek it's pretty good-sized

240

00:11:32,290 --> 00:11:27,949

River and was sucking water out of out

241

00:11:33,490 --> 00:11:32,300

of the creek and and I didn't get I

242

00:11:34,840 --> 00:11:33,500

didn't get to talk to these people I

243

00:11:37,030 --> 00:11:34,850

just don't have the time to chase these

244

00:11:42,210 --> 00:11:37,040

people down any more of it and right

245

00:11:45,550 --> 00:11:42,220

after that some people right near me in

246

00:11:49,480 --> 00:11:45,560

Cornville from hour-and-a-half

247

00:11:52,800 --> 00:11:49,490

huge sagashi ship hovered over their

248

00:11:55,660 --> 00:11:52,810

house they stood up here watch this okay

249

00:11:57,900 --> 00:11:55,670

so here we got a case of mind control of

250

00:12:00,910 --> 00:11:57,910

missing time no photographs potata

251
00:12:02,319 --> 00:12:00,920
but I'm sure under hypnosis some strange

252
00:12:05,920 --> 00:12:02,329
things happen to those people in this a

253
00:12:06,550 --> 00:12:05,930
broad daylight and they said it was huge

254
00:12:09,960 --> 00:12:06,560
and it

255
00:12:13,480 --> 00:12:09,970
on the top mm-hmm yeah pretty straight

256
00:12:16,900 --> 00:12:13,490
do you think that there are portals in

257
00:12:19,030 --> 00:12:16,910
the area are there portals are they

258
00:12:21,130 --> 00:12:19,040
constant intermittent are they in one

259
00:12:23,230 --> 00:12:21,140
location in one time and what are they

260
00:12:25,660 --> 00:12:23,240
or where are they oh you know there's a

261
00:12:28,030 --> 00:12:25,670
lot of controversy about the vortex

262
00:12:29,890 --> 00:12:28,040
isn't text isn't of portals and kind of

263
00:12:34,180 --> 00:12:29,900

stuff around here but it gets real I

264

00:12:36,160 --> 00:12:34,190

mean stuff to people experience I did

265

00:12:38,620 --> 00:12:36,170

vortex to us first two years I was in

266

00:12:41,320 --> 00:12:38,630

sadhana I made that living I can't sit

267

00:12:43,570 --> 00:12:41,330

watch you know the effects of the

268

00:12:46,540 --> 00:12:43,580

vortexes there aren't just for there are

269

00:12:49,650 --> 00:12:46,550

hundreds of them here in the canyon so I

270

00:12:55,560 --> 00:12:49,660

got to watch they affected women mostly

271

00:12:58,960 --> 00:12:55,570

and it was could be pretty dramatic so

272

00:13:00,910 --> 00:12:58,970

I'd say maybe no five out of ten people

273

00:13:02,350 --> 00:13:00,920

that would be affected by the vortexes

274

00:13:05,170 --> 00:13:02,360

and it affects everybody in different

275

00:13:08,430 --> 00:13:05,180

ways and it was mostly mental healing I

276

00:13:10,420 --> 00:13:08,440

only remember one physical healing but

277

00:13:14,680 --> 00:13:10,430

to me it was kind of like getting a

278

00:13:16,930 --> 00:13:14,690

tune-up walking into a vortex was ugly

279

00:13:18,940 --> 00:13:16,940

if I remember it seven point eight Hertz

280

00:13:23,860 --> 00:13:18,950

and that's supposedly from what I

281

00:13:26,890 --> 00:13:23,870

understand the perfect vibration of

282

00:13:28,240 --> 00:13:26,900

human body so but at any rate people can

283

00:13:30,579 --> 00:13:28,250

tank out you know they said I feel

284

00:13:32,860 --> 00:13:30,589

wonderful and some of them I would

285

00:13:34,720 --> 00:13:32,870

contact a couple weeks later and I they

286

00:13:37,000 --> 00:13:34,730

call me and I see how you doing I make

287

00:13:38,800 --> 00:13:37,010

ya'll just just fantastic every other

288

00:13:44,170 --> 00:13:38,810

problems I had those worried about it

289

00:13:45,850 --> 00:13:44,180

gone so oh there you go Wow I wanted to

290

00:13:49,540 --> 00:13:45,860

ask you something

291

00:13:54,820 --> 00:13:49,550

that is of interest like a huge interest

292

00:13:56,920 --> 00:13:54,830

to me in chapter 3 of the book you

293

00:13:58,870 --> 00:13:56,930

mentioned the Invisibles and if you

294

00:14:00,730 --> 00:13:58,880

don't mind I want to read because I love

295

00:14:02,980 --> 00:14:00,740

your description of because like you

296

00:14:04,840 --> 00:14:02,990

said I mean there's similarities to like

297

00:14:06,780 --> 00:14:04,850

other areas like the old Sherman place

298

00:14:09,850 --> 00:14:06,790

but this is such a great description

299

00:14:11,350 --> 00:14:09,860

quickly lifted his camera over his head

300

00:14:14,079 --> 00:14:11,360

and focused on a being which was

301
00:14:16,930 --> 00:14:14,089
directly behind him he did this without

302
00:14:19,490 --> 00:14:16,940
turning around Tom then quickly brought

303
00:14:22,040 --> 00:14:19,500
the camera to his side and directed it

304
00:14:24,200 --> 00:14:22,050
behind him to catch the body when the

305
00:14:26,780 --> 00:14:24,210
photos came back we were both somewhat

306
00:14:29,930 --> 00:14:26,790
surprised there was a definite being

307
00:14:32,690 --> 00:14:29,940
with a head and body due to angle from

308
00:14:34,910 --> 00:14:32,700
the camera and which it was directed

309
00:14:38,060 --> 00:14:34,920
only the forehead and hair was visible

310
00:14:40,960 --> 00:14:38,070
on one photo on the other photo there

311
00:14:43,510 --> 00:14:40,970
was a definite body visible that's

312
00:14:47,630 --> 00:14:43,520
intense

313
00:14:49,250 --> 00:14:47,640

yeah we you know Linda and I all my

314

00:14:52,010 --> 00:14:49,260

books are going out of print but they're

315

00:14:53,720 --> 00:14:52,020

on they're on ebooks and that Kindle Jim

316

00:14:55,430 --> 00:14:53,730

only one where reprinting merging

317

00:14:57,320 --> 00:14:55,440

dimension we're totally overhaul and

318

00:14:59,300 --> 00:14:57,330

merging dimensions right now with new

319

00:15:02,720 --> 00:14:59,310

photographs really really good for the

320

00:15:05,060 --> 00:15:02,730

and and then we developed the film the

321

00:15:08,240 --> 00:15:05,070

next day she was apartment what was on

322

00:15:10,070 --> 00:15:08,250

the film and sometimes it was stunning I

323

00:15:12,530 --> 00:15:10,080

mean just Ashley incredible look when

324

00:15:14,540 --> 00:15:12,540

one night all my fault

325

00:15:18,380 --> 00:15:14,550

all the best photographs I have we got

326

00:15:20,150 --> 00:15:18,390

him in one night that the very best ones

327

00:15:22,370 --> 00:15:20,160

I've got we had a big up again alone one

328

00:15:25,040 --> 00:15:22,380

night only one night okay so the energy

329

00:15:27,260 --> 00:15:25,050

was high we were being watched

330

00:15:29,570 --> 00:15:27,270

constantly by creatures something

331

00:15:32,150 --> 00:15:29,580

something and we found after about two

332

00:15:34,310 --> 00:15:32,160

years we figured out that both my

333

00:15:36,350 --> 00:15:34,320

cameras the old 35 millimeter cameras

334

00:15:38,900 --> 00:15:36,360

went when the when they were powered up

335

00:15:42,020 --> 00:15:38,910

and the flash was ready it had a little

336

00:15:46,730 --> 00:15:42,030

red white on the little little red light

337

00:15:51,050 --> 00:15:46,740

on the back of the camera so we found

338

00:15:53,420 --> 00:15:51,060

out that we were getting strange

339

00:15:55,100 --> 00:15:53,430

photographs didn't make any sense so we

340

00:15:57,470 --> 00:15:55,110

figured out that they were see if they

341

00:15:59,750 --> 00:15:57,480

were watching that red light and when we

342

00:16:01,940 --> 00:15:59,760

brought the camera up they would duck a

343

00:16:05,000 --> 00:16:01,950

little area get in front of the camera

344

00:16:06,890 --> 00:16:05,010

whatever so what we did was extended we

345

00:16:08,600 --> 00:16:06,900

started putting our thumb over that red

346

00:16:10,100 --> 00:16:08,610

light and then just you know we'll be

347

00:16:13,280 --> 00:16:10,110

walking along and take a take a

348

00:16:14,510 --> 00:16:13,290

photograph over our head behind this and

349

00:16:19,190 --> 00:16:14,520

whatnot that's when we started getting

350

00:16:21,770 --> 00:16:19,200

some really spectacular stuff and one

351

00:16:28,490 --> 00:16:21,780

night I went into my van to reload my

352

00:16:30,050 --> 00:16:28,500

camera I hit a big band and I sense

353

00:16:32,249 --> 00:16:30,060

there's something look at the times

354

00:16:34,710 --> 00:16:32,259

first time I smelled burning

355

00:16:38,659 --> 00:16:34,720

like burning tar himself upon the end of

356

00:16:40,979 --> 00:16:38,669

my band it was song and another night I

357

00:16:44,099 --> 00:16:40,989

knew something was behind me so I

358

00:16:45,659 --> 00:16:44,109

reloaded my camera got all powered up

359

00:16:47,639 --> 00:16:45,669

and turn around real quick and took a

360

00:16:49,109 --> 00:16:47,649

flash I press the shutter button before

361

00:16:52,139 --> 00:16:49,119

before I was all the way around so I

362

00:16:53,519 --> 00:16:52,149

couldn't get out of go hey I press the

363

00:16:55,439 --> 00:16:53,529

shutter button and to this day I feel

364

00:16:57,569 --> 00:16:55,449

bad about this I think I heard something

365

00:16:59,460 --> 00:16:57,579

really bad there was kind of an

366

00:17:01,710 --> 00:16:59,470

explosion in front of the camera and it

367

00:17:04,829 --> 00:17:01,720

looked like a huge Daisy just flashed

368

00:17:06,779 --> 00:17:04,839

out like a daisy and then it will - it

369

00:17:10,319 --> 00:17:06,789

just just kind of melted right in front

370

00:17:12,720 --> 00:17:10,329

of me and I go whoa so I have no idea

371

00:17:14,850 --> 00:17:12,730

what that was but I think I caught

372

00:17:18,210 --> 00:17:14,860

something totally by surprise it heard

373

00:17:19,949 --> 00:17:18,220

it I think it got hurt so you know

374

00:17:23,429 --> 00:17:19,959

that's the kind of stuff that went on

375

00:17:26,699 --> 00:17:23,439

the Bradshaw ranch every night yeah yeah

376

00:17:28,620 --> 00:17:26,709

in this this augmented reality that you

377

00:17:31,470 --> 00:17:28,630

had through this portal proximity and

378

00:17:35,450 --> 00:17:31,480

and and the ability that you had to

379

00:17:39,629 --> 00:17:35,460

actually photograph it is stunning the

380

00:17:42,450 --> 00:17:39,639

III I was really impressed that I mean

381

00:17:45,060 --> 00:17:42,460

so far ahead of your time Tom

382

00:17:46,590 --> 00:17:45,070

you had it was a different term than

383

00:17:51,779 --> 00:17:46,600

what people use now you called them

384

00:17:54,659 --> 00:17:51,789

houseguests and loosely I use that term

385

00:17:56,850 --> 00:17:54,669

loosely I'll just read the it says I

386

00:17:59,310 --> 00:17:56,860

okay so I use this term houseguests

387

00:18:01,470 --> 00:17:59,320

loosely because these particular guests

388

00:18:02,940 --> 00:18:01,480

were not invited one evening I was

389

00:18:04,950 --> 00:18:02,950

sitting in the living room and looked up

390

00:18:07,230 --> 00:18:04,960

to see a cloud of energy hovering in the

391

00:18:09,330 --> 00:18:07,240

corner of the room this was a new one

392

00:18:11,279 --> 00:18:09,340

I'd seen balls of light in the house

393

00:18:14,129 --> 00:18:11,289

which is not uncommon for some people

394

00:18:16,860 --> 00:18:14,139

but never had I witnessed this form in

395

00:18:18,869 --> 00:18:16,870

the house before not wanting to miss the

396

00:18:20,820 --> 00:18:18,879

opportunity to record it I hurried to

397

00:18:22,409 --> 00:18:20,830

the kitchen for my camera which was

398

00:18:24,720 --> 00:18:22,419

sitting on the counter I reached for the

399

00:18:27,299 --> 00:18:24,730

camera and in my surprise and amazement

400

00:18:29,460 --> 00:18:27,309

I realized that this body of energy had

401
00:18:32,220 --> 00:18:29,470
followed me into the kitchen and was now

402
00:18:34,470 --> 00:18:32,230
wrapping itself around my legs the

403
00:18:36,330 --> 00:18:34,480
distinct sensation of electrical ions

404
00:18:38,519 --> 00:18:36,340
pricked at me I was furious

405
00:18:41,310 --> 00:18:38,529
but not angry enough to miss a good shot

406
00:18:43,019 --> 00:18:41,320
so I aim the camera directly at my legs

407
00:18:44,820 --> 00:18:43,029
and feet and snapped a shutter on

408
00:18:47,130 --> 00:18:44,830
certain terms I apologize

409
00:18:49,140 --> 00:18:47,140
I then told this whatever to leave did

410
00:18:51,360 --> 00:18:49,150
it leave because this is this is a term

411
00:18:54,120 --> 00:18:51,370
that's so far ahead of its time Tom

412
00:18:59,040 --> 00:18:54,130
everybody now calls them hitchhikers or

413
00:19:01,650 --> 00:18:59,050

unwanted guests or but you called them I

414

00:19:05,910 --> 00:19:01,660

love that you called them houseguests

415

00:19:07,860 --> 00:19:05,920

because they were there and I stood in

416

00:19:09,510 --> 00:19:07,870

the back I wrote that she wrote the

417

00:19:11,490 --> 00:19:09,520

first half the one I wrote the second

418

00:19:15,750 --> 00:19:11,500

that's something she wrote but Wow you

419

00:19:17,520 --> 00:19:15,760

know you know you know the stuff that

420

00:19:19,470 --> 00:19:17,530

happens because the cleaning involved

421

00:19:22,740 --> 00:19:19,480

with her all the time you know in that

422

00:19:24,660 --> 00:19:22,750

there was a there was a yeah I mean this

423

00:19:26,490 --> 00:19:24,670

one was too hard to believe if I didn't

424

00:19:29,250 --> 00:19:26,500

you know if I didn't know limit that

425

00:19:29,820 --> 00:19:29,260

well and I trusted to a hundred and ten

426

00:19:31,710 --> 00:19:29,830

percent

427

00:19:34,740 --> 00:19:31,720

but she never never made any of this

428

00:19:36,750 --> 00:19:34,750

stuff up but there was a Linda ahead of

429

00:19:41,190 --> 00:19:36,760

bad guy so she slept on the couch I

430

00:19:43,380 --> 00:19:41,200

didn't know living room and the she put

431

00:19:47,070 --> 00:19:43,390

a camera on the coffee table in front of

432

00:19:53,520 --> 00:19:47,080

the PR the couch and something takes her

433

00:19:56,070 --> 00:19:53,530

camera over see it pictures everywhere

434

00:19:58,530 --> 00:19:56,080

except one one night it took that again

435

00:20:02,550 --> 00:19:58,540

oh we lost you for example seconds yeah

436

00:20:04,470 --> 00:20:02,560

no worries so it did what it did wanna

437

00:20:08,610 --> 00:20:04,480

go me now yeah yeah we got you you got

438

00:20:11,610 --> 00:20:08,620

me now yes sir okay yeah okay so

439

00:20:13,470 --> 00:20:11,620

something something was picking up the

440

00:20:14,940 --> 00:20:13,480

camera off the coffee table and over a

441

00:20:17,160 --> 00:20:14,950

three month period it took 49

442

00:20:19,170 --> 00:20:17,170

photographs inside the Rancho except

443

00:20:21,120 --> 00:20:19,180

where Linda was sleeping one night it

444

00:20:24,720 --> 00:20:21,130

took a panorama all around the inside of

445

00:20:27,330 --> 00:20:24,730

the living room and it it didn't take a

446

00:20:30,060 --> 00:20:27,340

picture of Linda so in whatever took

447

00:20:31,740 --> 00:20:30,070

these pitches was three feet tall

448

00:20:34,740 --> 00:20:31,750

because we figured that out from the

449

00:20:37,320 --> 00:20:34,750

angle that the the creature occurred the

450

00:20:40,680 --> 00:20:37,330

camera so one night we were there were

451
00:20:45,000 --> 00:20:40,690
six of us sitting around the kitchen

452
00:20:46,980 --> 00:20:45,010
table and I said let's dust the camera

453
00:20:49,320 --> 00:20:46,990
with baby powder and see if see if this

454
00:20:51,510 --> 00:20:49,330
thing picks it up tonight so we did we

455
00:20:53,670 --> 00:20:51,520
busted the camera would baby powder and

456
00:20:55,980 --> 00:20:53,680
it picked the camera up and it took one

457
00:20:58,180 --> 00:20:55,990
picture and it's a it's an allergic

458
00:21:01,870 --> 00:20:58,190
marriage interventions my work

459
00:21:04,120 --> 00:21:01,880
and Linda's book the prince that it left

460
00:21:06,610 --> 00:21:04,130
on the camera one one on the other on

461
00:21:10,900 --> 00:21:06,620
the end of the camera was a square and a

462
00:21:16,480 --> 00:21:10,910
lot of time looks like a print with a

463
00:21:20,350 --> 00:21:16,490

claw a very very finger with a claw on

464

00:21:21,910 --> 00:21:20,360

it that's it's a it's real clear so you

465

00:21:23,980 --> 00:21:21,920

know they never came back it never took

466

00:21:27,670 --> 00:21:23,990

another picture inside the Rancho it's

467

00:21:29,530 --> 00:21:27,680

almost as if getting caught for these

468

00:21:31,690 --> 00:21:29,540

tricksters or whatever you want to call

469

00:21:35,560 --> 00:21:31,700

them these dimensional entities that are

470

00:21:37,900 --> 00:21:35,570

able to fold time and space and and seek

471

00:21:40,900 --> 00:21:37,910

paths into another alternate reality

472

00:21:43,210 --> 00:21:40,910

augmented through a portal proximity I

473

00:21:45,580 --> 00:21:43,220

assume we'd really don't know these are

474

00:21:48,640 --> 00:21:45,590

all we're really these are all theories

475

00:21:52,170 --> 00:21:48,650

but the evidence is there and you know I

476
00:21:55,660 --> 00:21:52,180
happen I won't go into my story but I

477
00:21:58,180 --> 00:21:55,670
believer from what I experienced and

478
00:22:02,250 --> 00:21:58,190
others in the area during a stay when

479
00:22:05,310 --> 00:22:02,260
and this is prior anyway this this is

480
00:22:10,720 --> 00:22:05,320
regardless it there's definitely a

481
00:22:13,600 --> 00:22:10,730
dimensionality in a portal ish proximity

482
00:22:17,650 --> 00:22:13,610
feel to this you get I don't want to

483
00:22:19,960 --> 00:22:17,660
call it an augmented reality but you see

484
00:22:22,030 --> 00:22:19,970
into a different reality or a different

485
00:22:27,190 --> 00:22:22,040
reality comes into ours which is more

486
00:22:29,350 --> 00:22:27,200
likely yeah well you know it's allowing

487
00:22:31,180 --> 00:22:29,360
us are we're surrounded by unseen beings

488
00:22:33,430 --> 00:22:31,190

I mean that's week later and I found

489

00:22:34,720 --> 00:22:33,440

that out on the Bradshaw act I mean we

490

00:22:37,450 --> 00:22:34,730

could actually feel them moving around

491

00:22:41,730 --> 00:22:37,460

us at night and I think the center what

492

00:22:45,160 --> 00:22:41,740

they were rubbed off on me and Linda I

493

00:22:47,440 --> 00:22:45,170

have I have an extreme we went viewing a

494

00:22:49,600 --> 00:22:47,450

birdie I can look into a human body even

495

00:22:51,630 --> 00:22:49,610

a thousand thousands of miles away I

496

00:22:55,030 --> 00:22:51,640

just did it for the Roman in Singapore

497

00:22:57,970 --> 00:22:55,040

so this is there's no affair I've done

498

00:23:00,820 --> 00:22:57,980

this on hundreds of people and it's it's

499

00:23:02,470 --> 00:23:00,830

a it's like x-ray vision seeing into a

500

00:23:04,770 --> 00:23:02,480

human body but it's really remote

501
00:23:06,780 --> 00:23:04,780
viewing and I I just realized that

502
00:23:09,480 --> 00:23:06,790
been doing this my whole life mm-hmm I

503
00:23:11,520 --> 00:23:09,490
guess I'm an attorney I'm a natural

504
00:23:13,050 --> 00:23:11,530
remote viewer because I psychologist

505
00:23:15,630 --> 00:23:13,060
friend of mine tested me on it once for

506
00:23:18,000 --> 00:23:15,640
three months and it was pretty

507
00:23:20,460 --> 00:23:18,010
illustrate was pretty amazing so I do

508
00:23:24,060 --> 00:23:20,470
have an amazing amazing remote viewing

509
00:23:27,420 --> 00:23:24,070
ability oh absolutely and the the

510
00:23:29,610 --> 00:23:27,430
interesting thing is these are areas at

511
00:23:32,340 --> 00:23:29,620
least geographically and geologically

512
00:23:34,950 --> 00:23:32,350
speaking at least ain't even the native

513
00:23:37,350 --> 00:23:34,960

shaman of the area were encountering

514

00:23:40,950 --> 00:23:37,360

similar lights in the sky encountering

515

00:23:42,930 --> 00:23:40,960

similar abilities encountering similar

516

00:23:46,230 --> 00:23:42,940

secrets geomancy

517

00:23:48,630 --> 00:23:46,240

like it's basically special areas of the

518

00:23:51,090 --> 00:23:48,640

earth produce a certain kind of energy

519

00:23:53,730 --> 00:23:51,100

that can be tapped into whether somebody

520

00:23:56,910 --> 00:23:53,740

wants to or not it's just kind of mixed

521

00:23:59,160 --> 00:23:56,920

in and recorded into your DNA and when

522

00:24:01,980 --> 00:23:59,170

you navigate you may actually be able to

523

00:24:04,380 --> 00:24:01,990

pull back a file and and you know reach

524

00:24:06,750 --> 00:24:04,390

into your quiver so to speak geographic

525

00:24:08,850 --> 00:24:06,760

locations are recharging that Energy's

526
00:24:11,430 --> 00:24:08,860
going somewhere is that the entities the

527
00:24:13,770 --> 00:24:11,440
observers the other animals in the area

528
00:24:15,780 --> 00:24:13,780
that happened to see things or you know

529
00:24:17,850 --> 00:24:15,790
it's really is it reactionary you know

530
00:24:19,950 --> 00:24:17,860
is it intimately involved with whatever

531
00:24:23,610 --> 00:24:19,960
they are seeing for whatever reason that

532
00:24:25,230 --> 00:24:23,620
I don't know but other people believe

533
00:24:26,820 --> 00:24:25,240
that it is more just like oh you just

534
00:24:30,020 --> 00:24:26,830
saw something that's happening all the

535
00:24:32,610 --> 00:24:30,030
time it's an intermittent portal and

536
00:24:34,770 --> 00:24:32,620
there I think that there is a residual

537
00:24:36,390 --> 00:24:34,780
truth to that as well I mean this has

538
00:24:39,690 --> 00:24:36,400

been going on for centuries haven't it

539

00:24:41,280 --> 00:24:39,700

time well yeah I see most of the the the

540

00:24:43,230 --> 00:24:41,290

sanella petroglyphs that are in the

541

00:24:47,340 --> 00:24:43,240

canyons and some of them are really

542

00:24:49,440 --> 00:24:47,350

strange I mean I met an archaeologist

543

00:24:50,880 --> 00:24:49,450

that he said a lot of this just they're

544

00:24:52,350 --> 00:24:50,890

just doodling it doesn't really doesn't

545

00:24:55,860 --> 00:24:52,360

mean anything so that I'm sure that's

546

00:24:58,110 --> 00:24:55,870

true but the Indians or course you know

547

00:24:59,910 --> 00:24:58,120

the Indians were they didn't have to

548

00:25:01,950 --> 00:24:59,920

deal with the stuff what we did we do

549

00:25:03,540 --> 00:25:01,960

now so they were probably really into

550

00:25:05,570 --> 00:25:03,550

love the earth energies and creatures

551
00:25:10,770 --> 00:25:05,580
and probably you an ace to

552
00:25:12,930 --> 00:25:10,780
extraterrestrials but yeah yeah it would

553
00:25:14,760 --> 00:25:12,940
it would be it would be really

554
00:25:15,150 --> 00:25:14,770
interesting interesting to go back 2,000

555
00:25:18,450 --> 00:25:15,160
years

556
00:25:21,350 --> 00:25:18,460
and you know behavior on the India so

557
00:25:23,670 --> 00:25:21,360
I'll see what they know but they they

558
00:25:26,490 --> 00:25:23,680
yeah would have been it would have been

559
00:25:27,840 --> 00:25:26,500
interesting they were much more I think

560
00:25:31,860 --> 00:25:27,850
you're right they were much more

561
00:25:33,690 --> 00:25:31,870
intimately involved with the with the

562
00:25:36,090 --> 00:25:33,700
planet upon which they lived and even

563
00:25:38,600 --> 00:25:36,100

the dynamics of some of those canyons

564

00:25:40,980 --> 00:25:38,610

and some of those energies that are

565

00:25:45,060 --> 00:25:40,990

seeping out for whatever reason from the

566

00:25:47,190 --> 00:25:45,070

core of the earth or through portal like

567

00:25:49,920 --> 00:25:47,200

I love the word portal because like you

568

00:25:52,410 --> 00:25:49,930

said I mean you know the first time I

569

00:25:54,930 --> 00:25:52,420

went to Sedona you hear all the you know

570

00:25:57,870 --> 00:25:54,940

the vortex portal stuff UFOs and I'm

571

00:26:00,420 --> 00:25:57,880

thinking okay I've lived next to

572

00:26:02,250 --> 00:26:00,430

skinwalker ranch this is not this let me

573

00:26:05,100 --> 00:26:02,260

see what's you know come on you know

574

00:26:07,500 --> 00:26:05,110

feeling like oh you know I I knew

575

00:26:10,980 --> 00:26:07,510

something but what I realized is it's a

576
00:26:14,630 --> 00:26:10,990
completely different something and it's

577
00:26:18,030 --> 00:26:14,640
just as powerful just as amazing just as

578
00:26:22,340 --> 00:26:18,040
intuitive and intelligently like you

579
00:26:27,390 --> 00:26:22,350
said these are actual entities they have

580
00:26:28,710 --> 00:26:27,400
actual traits and and and and some of

581
00:26:33,000 --> 00:26:28,720
the things I witnessed I

582
00:26:36,540 --> 00:26:33,010
I mean are possible and so I believe

583
00:26:38,760 --> 00:26:36,550
100% I I mean is it's really pretty

584
00:26:42,960 --> 00:26:38,770
amazing the research that you were doing

585
00:26:45,600 --> 00:26:42,970
in this area and the timeframe that you

586
00:26:49,320 --> 00:26:45,610
were doing it was very very very close

587
00:26:52,280 --> 00:26:49,330
in fact with the timeframe that the

588
00:26:55,710 --> 00:26:52,290

Sherman ranch was having an explosion

589

00:26:57,840 --> 00:26:55,720

right tivity well you know you know

590

00:26:59,340 --> 00:26:57,850

everybody knows the Bigfoot exists

591

00:27:01,080 --> 00:26:59,350

scientists say they don't because

592

00:27:02,820 --> 00:27:01,090

there's no proof well as tons of proof

593

00:27:08,850 --> 00:27:02,830

you know I

594

00:27:11,900 --> 00:27:08,860

there's I've seen traction in the canyon

595

00:27:14,220 --> 00:27:11,910

and recently and it

596

00:27:16,620 --> 00:27:14,230

these creatures materialize and

597

00:27:21,630 --> 00:27:16,630

dematerialize somehow and I know big

598

00:27:23,670 --> 00:27:21,640

feet can do that but this this fellow he

599

00:27:25,990 --> 00:27:23,680

was in Lincoln Canyon and he

600

00:27:28,629 --> 00:27:26,000

photographed what has to be a dog man

601
00:27:31,619 --> 00:27:28,639
and I thought ago great we know we got

602
00:27:33,190 --> 00:27:31,629
dug men around here and it's it's a

603
00:27:34,720 --> 00:27:33,200
clearly to me

604
00:27:36,879 --> 00:27:34,730
and do a lot of other people it's a bag

605
00:27:40,749 --> 00:27:36,889
man track and it was down and it's

606
00:27:42,820 --> 00:27:40,759
lenient on the bone behind its paw it's

607
00:27:44,980 --> 00:27:42,830
a it's a big it's about dog man-sized

608
00:27:47,889 --> 00:27:44,990
pretty big but because there's your hand

609
00:27:52,119 --> 00:27:47,899
you know you can open your hand so I

610
00:27:53,769 --> 00:27:52,129
followed I don't you know I push 275 now

611
00:27:58,180 --> 00:27:53,779
so I don't I don't get out like I used

612
00:28:01,149 --> 00:27:58,190
to in a jungle but the I don't know how

613
00:28:04,690 --> 00:28:01,159

many times I found tracks in the canyons

614

00:28:06,460 --> 00:28:04,700

that matured it and stopped and I used

615

00:28:08,950 --> 00:28:06,470

to talk about this for the video that

616

00:28:10,990 --> 00:28:08,960

the tour guides around here and the ones

617

00:28:14,049 --> 00:28:11,000

that get into the woods you know that

618

00:28:18,940 --> 00:28:14,059

they they they've seen them too and I

619

00:28:20,769 --> 00:28:18,950

found that it still kind of kind of

620

00:28:24,789 --> 00:28:20,779

gives me the creeps a little bit i yeah

621

00:28:27,460 --> 00:28:24,799

I was so you know a difference between

622

00:28:30,940 --> 00:28:27,470

me and armchair researches if I go out

623

00:28:33,340 --> 00:28:30,950

on that turf I had him on I had him on a

624

00:28:37,480 --> 00:28:33,350

trip and sometimes I think I'm pretty

625

00:28:40,029 --> 00:28:37,490

lucky not to yeah well this one night I

626
00:28:41,619 --> 00:28:40,039
was I was I actually took I have an m1

627
00:28:43,779 --> 00:28:41,629
carbine I actually took it with me the

628
00:28:46,060 --> 00:28:43,789
only time I ever taken a gun with me and

629
00:28:48,970 --> 00:28:46,070
it turns out like it probably came in

630
00:28:51,460 --> 00:28:48,980
real handy I was at the south end of the

631
00:28:54,759 --> 00:28:51,470
Bradshaw ranch after some reason I found

632
00:28:56,619 --> 00:28:54,769
some tracks of an ATV that went down as

633
00:29:01,060 --> 00:28:56,629
a TVs everywhere we're back in those

634
00:29:03,909 --> 00:29:01,070
days it was so I'm following these

635
00:29:07,180 --> 00:29:03,919
tracks down through the bushes and on

636
00:29:08,619 --> 00:29:07,190
the way they dug a v-shape like like

637
00:29:11,019 --> 00:29:08,629
somebody was going to pitch a tent and

638
00:29:13,869 --> 00:29:11,029

dug a drainage around it but it was it

639

00:29:16,539 --> 00:29:13,879

was impossible pretend the wrong place

640

00:29:19,330 --> 00:29:16,549

and wrong card ground and if somebody

641

00:29:21,039 --> 00:29:19,340

would have had to really work hard to

642

00:29:22,690 --> 00:29:21,049

dig that B into the ground

643

00:29:24,940 --> 00:29:22,700

it was about 6 inches early ground like

644

00:29:27,430 --> 00:29:24,950

I still can't figure that out so anyway

645

00:29:30,399 --> 00:29:27,440

I continued on falling on the ATV down

646

00:29:32,710 --> 00:29:30,409

the McClatchy and I came to a place

647

00:29:34,810 --> 00:29:32,720

where they had got out of this real

648

00:29:39,700 --> 00:29:34,820

standing of sandy bottom with bushes all

649

00:29:42,370 --> 00:29:39,710

around the place and so I

650

00:29:45,430 --> 00:29:42,380

I was just finished looking around and

651
00:29:49,330 --> 00:29:45,440
they both have the exact same truth left

652
00:29:51,610 --> 00:29:49,340
size 11 they both had the brand name on

653
00:29:53,830 --> 00:29:51,620
the bottom for the boss team say both

654
00:29:54,730 --> 00:29:53,840
guys had the same shoe you know where

655
00:29:57,670 --> 00:29:54,740
the government issue

656
00:29:59,230 --> 00:29:57,680
probably so anyway I'm looking around

657
00:30:01,030 --> 00:29:59,240
these guys wandering all over the place

658
00:30:02,740 --> 00:30:01,040
and then I found some other tracks that

659
00:30:06,280 --> 00:30:02,750
were mixed in with these guys tracks

660
00:30:11,290 --> 00:30:06,290
with barefoot human track and it weighed

661
00:30:13,930 --> 00:30:11,300
about a thousand pounds I gotta go I

662
00:30:15,850 --> 00:30:13,940
kind of got into a little bit Roger Leir

663
00:30:17,680 --> 00:30:15,860

and I ended up being just the best of

664

00:30:19,630 --> 00:30:17,690

friends but when I did a talk in Los

665

00:30:22,000 --> 00:30:19,640

Angeles compressed itself in a tire

666

00:30:23,980 --> 00:30:22,010

Roger wait a minute I talked spoke

667

00:30:26,530 --> 00:30:23,990

because that's impossible comment yeah

668

00:30:28,420 --> 00:30:26,540

I'm atomically impossible did not it is

669

00:30:30,130 --> 00:30:28,430

a project what if it came from a

670

00:30:32,950 --> 00:30:30,140

different universe he had no answer for

671

00:30:34,450 --> 00:30:32,960

that so anyway you know another

672

00:30:40,870 --> 00:30:34,460

dimension what if he came from other

673

00:30:42,430 --> 00:30:40,880

dimensions okay I thought I'm going

674

00:30:44,650 --> 00:30:42,440

around looking at all these tracks you

675

00:30:46,450 --> 00:30:44,660

know with the creaturely at first I did

676
00:30:48,790 --> 00:30:46,460
those guys meet the creature there and

677
00:30:51,040 --> 00:30:48,800
they work together whether the creature

678
00:30:53,560 --> 00:30:51,050
come after they left you know so I'm

679
00:30:57,160 --> 00:30:53,570
looking around and I see I saw where the

680
00:30:59,020 --> 00:30:57,170
creature went up a embankment it was

681
00:31:00,070 --> 00:30:59,030
kind of kind of like long you know it

682
00:31:02,320 --> 00:31:00,080
was not Stan

683
00:31:04,410 --> 00:31:02,330
I found the track that was still filling

684
00:31:06,970 --> 00:31:04,420
with water scared the hell out of me

685
00:31:09,310 --> 00:31:06,980
because the bushes are so thick down

686
00:31:12,820 --> 00:31:09,320
there I said that damn thing is right

687
00:31:16,390 --> 00:31:12,830
here total hair watching me and I headed

688
00:31:17,890 --> 00:31:16,400

in one copy in my hand if I had to I

689

00:31:20,650 --> 00:31:17,900

probably could have done some damage but

690

00:31:22,690 --> 00:31:20,660

I beat it out of there in a hurry that's

691

00:31:25,740 --> 00:31:22,700

probably that well weirdest trees I

692

00:31:28,480 --> 00:31:25,750

haven't got involved in a bradshaw and

693

00:31:29,140 --> 00:31:28,490

it's it's pretty it's it's pretty

694

00:31:32,500 --> 00:31:29,150

amazing

695

00:31:33,910 --> 00:31:32,510

like the difference in research like you

696

00:31:37,060 --> 00:31:33,920

were saying and I mean like you said

697

00:31:40,420 --> 00:31:37,070

you're 75 I didn't see that long ago I

698

00:31:42,790 --> 00:31:40,430

mean gosh it was a bit ago but you were

699

00:31:46,600 --> 00:31:42,800

in better shape than I that I remember

700

00:31:49,470 --> 00:31:46,610

and you know it a question that I wanted

701
00:31:52,419 --> 00:31:49,480
to ask you is is anybody doing any real

702
00:31:57,060 --> 00:31:52,429
scientific research like you were in

703
00:32:00,249 --> 00:31:57,070
1895 in this area oh no no really

704
00:32:03,909 --> 00:32:00,259
there's a you know the TV crews come to

705
00:32:07,629 --> 00:32:03,919
come here and they do you know stuff

706
00:32:09,609 --> 00:32:07,639
just for you know just for mmm

707
00:32:11,409 --> 00:32:09,619
makes make things make things more

708
00:32:12,999 --> 00:32:11,419
spectacular and similar stuff they do it

709
00:32:15,810 --> 00:32:13,009
majoring the energy and all that is

710
00:32:18,999 --> 00:32:15,820
really kind of BS I mean it's it's

711
00:32:20,409 --> 00:32:19,009
exaggerated stuff you know there's one

712
00:32:23,039 --> 00:32:20,419
guy I'm trying to think of his name I

713
00:32:25,840 --> 00:32:23,049

can't offhand but he has done

714

00:32:28,989 --> 00:32:25,850

measurements here I just kept all

715

00:32:32,759 --> 00:32:28,999

Benjamin long tree Benjamin long tree he

716

00:32:36,669 --> 00:32:32,769

has been here he's real credible and so

717

00:32:38,649 --> 00:32:36,679

so you know but no no no real that you

718

00:32:40,960 --> 00:32:38,659

know that when the camera crews come

719

00:32:43,029 --> 00:32:40,970

here I've got so many so many

720

00:32:44,830 --> 00:32:43,039

interviewers and some of these they

721

00:32:48,249 --> 00:32:44,840

bring their damn skeptics with them but

722

00:32:50,529 --> 00:32:48,259

debunkers drives me nuts it really does

723

00:32:52,779 --> 00:32:50,539

cuz they're just they're they're being

724

00:32:54,460 --> 00:32:52,789

paid to debunk you and it really pisses

725

00:32:58,029 --> 00:32:54,470

it really pisses me off

726
00:32:59,590 --> 00:32:58,039
mm-hmm in the future if a TV crew comes

727
00:33:01,629 --> 00:32:59,600
here and they get they got a bunker with

728
00:33:02,080 --> 00:33:01,639
them well I won't do little I don't do

729
00:33:04,509 --> 00:33:02,090
it anymore

730
00:33:07,210 --> 00:33:04,519
I wanted to ask you Benjamin lonetree is

731
00:33:09,820 --> 00:33:07,220
he that's the same vortex energy he goes

732
00:33:14,850 --> 00:33:09,830
into the vortex theory right the love

733
00:33:20,590 --> 00:33:14,860
like resonance and and that dirt so

734
00:33:23,799 --> 00:33:20,600
these areas is there I'll ask you this

735
00:33:27,580 --> 00:33:23,809
but what is the best evidence to date on

736
00:33:30,129 --> 00:33:27,590
the existence of dimensional portals in

737
00:33:32,350 --> 00:33:30,139
Sedona or the area or the Bradshaw ranch

738
00:33:35,529 --> 00:33:32,360

what what was what's been the most

739

00:33:37,499 --> 00:33:35,539

impressive that you've seen because you

740

00:33:43,090 --> 00:33:37,509

you I think you saw it in a special

741

00:33:44,499 --> 00:33:43,100

magical time well word of mouth you know

742

00:33:48,430 --> 00:33:44,509

and when Lynne and I were on the ranch

743

00:33:51,279 --> 00:33:48,440

we had countless crews from NBC

744

00:33:53,289 --> 00:33:51,289

Universal Studios you know the cable

745

00:33:56,049 --> 00:33:53,299

networks and every one of those crews

746

00:33:58,690 --> 00:33:56,059

was dumbfounded but what happened to her

747

00:34:00,100 --> 00:33:58,700

so they go back and I was telling we

748

00:34:02,440 --> 00:34:00,110

need equipment all we have a

749

00:34:05,980 --> 00:34:02,450

35-millimeter flash cameras

750

00:34:08,290 --> 00:34:05,990

all we have it's all we going forward we

751
00:34:11,410 --> 00:34:08,300
need to know some cameras that like the

752
00:34:13,150 --> 00:34:11,420
betacam cameras at the time was \$100,000

753
00:34:16,540 --> 00:34:13,160
camera it was the only camera that were

754
00:34:18,640 --> 00:34:16,550
filling it up and I'll go back and tell

755
00:34:21,940 --> 00:34:18,650
you bars of what you saw you got film

756
00:34:24,010 --> 00:34:21,950
evidence and we tell them we need radar

757
00:34:26,830 --> 00:34:24,020
we need ground-penetrating radar we need

758
00:34:29,350 --> 00:34:26,840
cameras and we would give them you know

759
00:34:30,880 --> 00:34:29,360
all rights to anything that they get you

760
00:34:34,410 --> 00:34:30,890
know we never agree that they got shot

761
00:34:37,720 --> 00:34:34,420
down every single time they got nowhere

762
00:34:40,480 --> 00:34:37,730
yeah it's it's so less about real

763
00:34:43,420 --> 00:34:40,490

research nowadays than it is about

764

00:34:45,280 --> 00:34:43,430

dollars and cents and unfortunately you

765

00:34:48,010 --> 00:34:45,290

know that's where I have so much respect

766

00:34:50,680 --> 00:34:48,020

for people like these independent

767

00:34:54,040 --> 00:34:50,690

private individuals who are like Bigelow

768

00:34:56,380 --> 00:34:54,050

who and others you know who are putting

769

00:34:59,050 --> 00:34:56,390

so much of their own money into these

770

00:35:02,800 --> 00:34:59,060

areas that are fringe areas or areas

771

00:35:04,810 --> 00:35:02,810

that are a wild bet and yet it's paying

772

00:35:07,150 --> 00:35:04,820

off for them I have a lot of respect for

773

00:35:09,010 --> 00:35:07,160

that yeah yeah you can't have any

774

00:35:12,550 --> 00:35:09,020

stranger on me you've got a you know and

775

00:35:15,100 --> 00:35:12,560

I never did III I've had some

776

00:35:16,930 --> 00:35:15,110

experiences and luckily I was able to

777

00:35:19,120 --> 00:35:16,940

write books you know about it but some

778

00:35:21,040 --> 00:35:19,130

of the things that I've had happened to

779

00:35:23,830 --> 00:35:21,050

me were beyond belief

780

00:35:26,140 --> 00:35:23,840

I mean you what it happened and I and

781

00:35:27,820 --> 00:35:26,150

most but most the time I had witnesses

782

00:35:29,230 --> 00:35:27,830

to prove it if you don't say well Tom do

783

00:35:31,840 --> 00:35:29,240

you have any proof I said yeah three

784

00:35:34,030 --> 00:35:31,850

witnesses eyewitnesses the start exactly

785

00:35:36,580 --> 00:35:34,040

the same thing I did but there's not a

786

00:35:38,980 --> 00:35:36,590

lot of other than photographs there's

787

00:35:41,470 --> 00:35:38,990

really not a lot of you know proof

788

00:35:43,900 --> 00:35:41,480

except for eyewitness staff and

789

00:35:46,270 --> 00:35:43,910

first-person stuff in there but yeah

790

00:35:48,940 --> 00:35:46,280

it's but you know Linda and I tried to

791

00:35:52,450 --> 00:35:48,950

get the best sound I told her we need

792

00:35:54,510 --> 00:35:52,460

scientific equipment here and we didn't

793

00:35:57,400 --> 00:35:54,520

get anywhere we got absolutely

794

00:35:59,860 --> 00:35:57,410

absolutely nothing no response from them

795

00:36:01,060 --> 00:35:59,870

like unit which I really Universal

796

00:36:03,580 --> 00:36:01,070

Studios real well

797

00:36:05,590 --> 00:36:03,590

no they wouldn't they wouldn't they

798

00:36:06,970 --> 00:36:05,600

wouldn't put a penny into it and there

799

00:36:09,610 --> 00:36:06,980

was a time when the staff in the branch

800

00:36:11,080 --> 00:36:09,620

and our answers at its peak they they I

801
00:36:12,370 --> 00:36:11,090
guess not much money and not enough

802
00:36:15,280 --> 00:36:12,380
money and there's something I don't know

803
00:36:16,089 --> 00:36:15,290
right that's the problem it's hard to

804
00:36:21,370 --> 00:36:16,099
get

805
00:36:24,400 --> 00:36:21,380
cause it really is and you know when

806
00:36:27,009 --> 00:36:24,410
when people do it's like very refreshing

807
00:36:29,170 --> 00:36:27,019
that people believe enough to you know

808
00:36:31,630 --> 00:36:29,180
in in stuff like your research and what

809
00:36:34,120 --> 00:36:31,640
you found and your books

810
00:36:35,949 --> 00:36:34,130
I mean the variety of books and I think

811
00:36:39,459 --> 00:36:35,959
the path that you took with your books

812
00:36:41,289 --> 00:36:39,469
is very unique can you tell our guests

813
00:36:43,029 --> 00:36:41,299

about your books where they can get them

814

00:36:44,769 --> 00:36:43,039

if they're available and I know how that

815

00:36:48,719 --> 00:36:44,779

is I have books that aren't available as

816

00:36:51,759 --> 00:36:48,729

well I know how that goes yeah well

817

00:36:54,099 --> 00:36:51,769

amazon.com they're there on ebooks and

818

00:36:56,650 --> 00:36:54,109

Kindle all my paper books are going out

819

00:36:58,420 --> 00:36:56,660

of print Amazon has a few left and we

820

00:36:59,890 --> 00:36:58,430

are reprinting emerging dimensions but

821

00:37:03,279 --> 00:36:59,900

but they're all going out of print right

822

00:37:04,959 --> 00:37:03,289

now paper print so that's that's that's

823

00:37:06,640 --> 00:37:04,969

me reading dimensions will the only book

824

00:37:08,170 --> 00:37:06,650

I have left

825

00:37:10,539 --> 00:37:08,180

pretty soon it's going to be it's going

826

00:37:12,339 --> 00:37:10,549

to be really really improved the change

827

00:37:14,079 --> 00:37:12,349

of the cover is the Indian side stuff

828

00:37:16,959 --> 00:37:14,089

and the Kota quality of photographs were

829

00:37:18,819 --> 00:37:16,969

changing so it's going to be a really

830

00:37:21,459 --> 00:37:18,829

good book I got a story for you I was

831

00:37:23,469 --> 00:37:21,469

good I was you know we had we were

832

00:37:25,390 --> 00:37:23,479

trying to get people involved in the

833

00:37:25,930 --> 00:37:25,400

Bradshaw branch any big money people

834

00:37:28,479 --> 00:37:25,940

right

835

00:37:30,579 --> 00:37:28,489

so I a friend of mine I got to be

836

00:37:34,089 --> 00:37:30,589

friends with him when NBC was out here

837

00:37:35,529 --> 00:37:34,099

he was a top producer for NBC and I told

838

00:37:38,410 --> 00:37:35,539

him we need we need equipment we need

839

00:37:41,140 --> 00:37:38,420

money and so he did the very best he

840

00:37:44,499 --> 00:37:41,150

could to get us whatever we needed you

841

00:37:48,279 --> 00:37:44,509

know and he was really enthusiastic and

842

00:37:50,489 --> 00:37:48,289

so one day I got a cutter I got an email

843

00:37:53,469 --> 00:37:50,499

from and he was scared to death

844

00:37:56,049 --> 00:37:53,479

somebody obviously got to him you know

845

00:37:57,400 --> 00:37:56,059

who maybe the government found out about

846

00:38:00,039 --> 00:37:57,410

I don't know but he dropped it like a

847

00:38:03,339 --> 00:38:00,049

hot brick but he was really enthusiastic

848

00:38:05,319 --> 00:38:03,349

about you know doing a whole series on

849

00:38:07,359 --> 00:38:05,329

the stuff that occurred at the Bradshaw

850

00:38:09,849 --> 00:38:07,369

and should some other stuff I wanted him

851
00:38:12,279 --> 00:38:09,859
to and I gave this to you know this idea

852
00:38:14,559 --> 00:38:12,289
to a number of studios and no I don't

853
00:38:16,270 --> 00:38:14,569
come I always nobody did it but the

854
00:38:20,950 --> 00:38:16,280
stuff that goes on in the Indian

855
00:38:23,550 --> 00:38:20,960
is all about the stuff that goes on you

856
00:38:26,350 --> 00:38:23,560
know in Asia with with us white folks

857
00:38:28,360 --> 00:38:26,360
because I dealt for quite a while with

858
00:38:30,340 --> 00:38:28,370
the harpies of the Navajo and I heard

859
00:38:32,590 --> 00:38:30,350
the stories they don't they don't get

860
00:38:36,220 --> 00:38:32,600
excited about it at all I mean one woman

861
00:38:37,900 --> 00:38:36,230
had to edit a lien crack land in the

862
00:38:40,540 --> 00:38:37,910
front yard they got it all walked around

863
00:38:42,100 --> 00:38:40,550

she went out and talked to him you know

864

00:38:44,500 --> 00:38:42,110

and they got back in the ship and flew

865

00:38:47,260 --> 00:38:44,510

away I I ran into that about a half a

866

00:38:50,410 --> 00:38:47,270

dozen times it's no big deal to them but

867

00:38:54,520 --> 00:38:50,420

I said listen listen I knew I was I had

868

00:38:55,870 --> 00:38:54,530

a real strong contact with a Navajo as

869

00:38:58,660 --> 00:38:55,880

they trusted me because I had some

870

00:39:00,310 --> 00:38:58,670

Navajo friends it hurry up we're in on

871

00:39:02,500 --> 00:39:00,320

this with me so we were going to we

872

00:39:06,700 --> 00:39:02,510

wanted to do with NBC we wanted to do a

873

00:39:09,640 --> 00:39:06,710

show all the Indian reservations in the

874

00:39:11,970 --> 00:39:09,650

the ones in Washington state where

875

00:39:15,940 --> 00:39:11,980

actually the most traumatic that I know

876

00:39:17,710 --> 00:39:15,950

wasn't we wanted to do a show and my

877

00:39:19,630 --> 00:39:17,720

friend in New York was really promoting

878

00:39:22,900 --> 00:39:19,640

this to do a show interview the Indians

879

00:39:25,360 --> 00:39:22,910

it would have been a fabulous show but

880

00:39:28,600 --> 00:39:25,370

nobody I gave the idea away to you know

881

00:39:30,790 --> 00:39:28,610

the students of people that you know the

882

00:39:33,580 --> 00:39:30,800

studio as the came here their networks

883

00:39:35,080 --> 00:39:33,590

and nobody I say you can have it you

884

00:39:38,400 --> 00:39:35,090

know give you the idea nobody nobody has

885

00:39:41,470 --> 00:39:38,410

done it you know and I don't know why

886

00:39:43,390 --> 00:39:41,480

ancient aliens has a blast on it because

887

00:39:46,480 --> 00:39:43,400

those Indians have some incredible

888

00:39:48,100 --> 00:39:46,490

stories you go and sit with them and if

889

00:39:50,470 --> 00:39:48,110

you've got some Navajos with you with

890

00:39:53,230 --> 00:39:50,480

you they'll tell you have been enough

891

00:39:54,940 --> 00:39:53,240

they have enough to know and they're not

892

00:39:57,370 --> 00:39:54,950

in if we go they're not enough for money

893

00:39:59,380 --> 00:39:57,380

they don't care but but if they you know

894

00:40:02,100 --> 00:39:59,390

you have to those people are so poor you

895

00:40:06,670 --> 00:40:02,110

have to do something for you have to in

896

00:40:12,010 --> 00:40:06,680

these these portal locations do you

897

00:40:14,230 --> 00:40:12,020

think these are due to are they remnants

898

00:40:17,470 --> 00:40:14,240

of a distant past or possibly a distant

899

00:40:20,560 --> 00:40:17,480

future or are they a constant or

900

00:40:24,090 --> 00:40:20,570

intermittent portal in a location just

901

00:40:26,200 --> 00:40:24,100

due to specific time in like geology

902

00:40:27,730 --> 00:40:26,210

good question it's not something

903

00:40:28,620 --> 00:40:27,740

nobody's ever asked me before I probably

904

00:40:30,330 --> 00:40:28,630

they probably

905

00:40:31,710 --> 00:40:30,340

always have always been there and the

906

00:40:36,150 --> 00:40:31,720

quarterly the Bradshaw range is still

907

00:40:38,460 --> 00:40:36,160

there because unless so that's how I was

908

00:40:42,450 --> 00:40:38,470

about six months ago six or eight months

909

00:40:45,930 --> 00:40:42,460

ago three guys three very serious

910

00:40:48,240 --> 00:40:45,940

researchers at a major encounter on the

911

00:40:51,360 --> 00:40:48,250

Bradshaw edge well I'll go into it just

912

00:40:52,950 --> 00:40:51,370

quickly they were I mean these guys had

913

00:40:56,190 --> 00:40:52,960

all the equipment they had everything

914

00:40:57,870 --> 00:40:56,200

they they all had good jobs and they so

915

00:40:59,760 --> 00:40:57,880

they positioned themselves around the

916

00:41:02,610 --> 00:40:59,770

Bradshaw ranch now this was well maybe

917

00:41:07,350 --> 00:41:02,620

eight months ago now and I mean they had

918

00:41:07,860 --> 00:41:07,360

the best of best equip and so so after

919

00:41:11,040 --> 00:41:07,870

dot

920

00:41:13,620 --> 00:41:11,050

they sorry so this has everything to do

921

00:41:15,540 --> 00:41:13,630

or the portal somehow and I think the

922

00:41:17,940 --> 00:41:15,550

portals there it'll always will be but

923

00:41:20,220 --> 00:41:17,950

it does it goes dormant sometimes I

924

00:41:22,350 --> 00:41:20,230

think so anyway these guys one guy was

925

00:41:26,280 --> 00:41:22,360

real first of the donor portal if the

926
00:41:28,650 --> 00:41:26,290
portal was always just a moment ranch to

927
00:41:31,260 --> 00:41:28,660
the to the east and about thirty feet

928
00:41:33,860 --> 00:41:31,270
off the ground it was pretty big there's

929
00:41:38,690 --> 00:41:33,870
about twenty to twenty feet across in

930
00:41:41,670 --> 00:41:38,700
diameter so these guys these guys are

931
00:41:44,100 --> 00:41:41,680
positions on the ranch and I interviewed

932
00:41:47,220 --> 00:41:44,110
these guys for two hours it was uh I've

933
00:41:49,730 --> 00:41:47,230
got a take but anyway they were one guy

934
00:41:52,350 --> 00:41:49,740
was up at the windmill there's a window

935
00:41:54,720 --> 00:41:52,360
for the ranch there and it still is

936
00:41:57,120 --> 00:41:54,730
still operating and he was the window

937
00:41:58,650 --> 00:41:57,130
big mistake so really weird things have

938
00:42:01,590 --> 00:41:58,660

happened around that wind will I don't

939

00:42:03,060 --> 00:42:01,600

know why but anyway they were there they

940

00:42:05,160 --> 00:42:03,070

were they had all the equipment

941

00:42:09,240 --> 00:42:05,170

operating at any start car coming down

942

00:42:12,120 --> 00:42:09,250

from the hill to the east of HR ranch

943

00:42:13,620 --> 00:42:12,130

but they knew where the road was but it

944

00:42:15,480 --> 00:42:13,630

wasn't on the road it was coming down

945

00:42:18,480 --> 00:42:15,490

through the trees like it was a car

946

00:42:20,850 --> 00:42:18,490

driving down a road actually impossible

947

00:42:23,250 --> 00:42:20,860

but if you know it's [h__h] like that's

948

00:42:26,820 --> 00:42:23,260

going on the turns you know it gets down

949

00:42:28,590 --> 00:42:26,830

to the flat on the ranch and it doesn't

950

00:42:30,690 --> 00:42:28,600

go through the gate of the big block

951
00:42:32,580 --> 00:42:30,700
steel gate they've got it drives right

952
00:42:35,180 --> 00:42:32,590
across the field which is really rough

953
00:42:38,400 --> 00:42:35,190
and right through a chain-link fence

954
00:42:40,180 --> 00:42:38,410
didn't hurt the ticket or a fence across

955
00:42:42,609 --> 00:42:40,190
the cultivated feel that the

956
00:42:44,319 --> 00:42:42,619
the University of Northern Arizona was

957
00:42:46,930 --> 00:42:44,329
doing something really I don't know they

958
00:42:49,750 --> 00:42:46,940
they doing research on native native

959
00:42:52,240 --> 00:42:49,760
Arizona plants and anyway these three

960
00:42:53,950 --> 00:42:52,250
guys are watching us right so so that

961
00:42:56,289 --> 00:42:53,960
the you know is a there was a perfect

962
00:43:01,210 --> 00:42:56,299
car headlights taillights the whole deal

963
00:43:03,520 --> 00:43:01,220

and so it made a turn it went through

964

00:43:07,299 --> 00:43:03,530

the chicken wire offense it twice again

965

00:43:11,829 --> 00:43:07,309

and stop and in this girl gets up she's

966

00:43:13,599 --> 00:43:11,839

wearing a white a white skirt and she

967

00:43:15,160 --> 00:43:13,609

walks real fast around the back of the

968

00:43:17,380 --> 00:43:15,170

ranch house and the guy on the yellow I

969

00:43:20,500 --> 00:43:17,390

forgot this guy's name and just seeing a

970

00:43:24,039 --> 00:43:20,510

guy with white pants walking towards her

971

00:43:25,599 --> 00:43:24,049

ranch out below him and I saw my first

972

00:43:27,339 --> 00:43:25,609

thing I asked was did the girl have

973

00:43:30,849 --> 00:43:27,349

enough time to take a pee and they said

974

00:43:33,279 --> 00:43:30,859

no she was she must he must have picked

975

00:43:35,020 --> 00:43:33,289

something up okay the guy gave her

976
00:43:38,230 --> 00:43:35,030
something you know so she went back you

977
00:43:40,180 --> 00:43:38,240
know few ten seconds later she went back

978
00:43:43,779 --> 00:43:40,190
to the car walking fast

979
00:43:45,700 --> 00:43:43,789
they said got in the car I mean

980
00:43:47,799 --> 00:43:45,710
headlights taillights brakes lights the

981
00:43:50,289 --> 00:43:47,809
whole deal drove through the chicken

982
00:43:53,200 --> 00:43:50,299
wire bent again I crossed that

983
00:43:56,079 --> 00:43:53,210
cultivated field smooth it's like on

984
00:43:59,349 --> 00:43:56,089
pavement cross out of the ranch up the

985
00:44:01,089 --> 00:43:59,359
hill and disappeared so something

986
00:44:06,069 --> 00:44:01,099
happened to those guys went when this

987
00:44:07,990 --> 00:44:06,079
honking horn because they are the guy

988
00:44:09,099 --> 00:44:08,000

behind it up on the ranch was was

989

00:44:11,319 --> 00:44:09,109

disoriented

990

00:44:13,630 --> 00:44:11,329

one guy was fine he was just fine but

991

00:44:15,220 --> 00:44:13,640

the guy up in the windmill got so

992

00:44:16,539 --> 00:44:15,230

disoriented he got lost

993

00:44:18,039 --> 00:44:16,549

he went instead of going down to the

994

00:44:18,789 --> 00:44:18,049

ranch he went up over the hill and got

995

00:44:21,609 --> 00:44:18,799

across

996

00:44:23,829 --> 00:44:21,619

and I said I know I'm thinking wow you

997

00:44:25,990 --> 00:44:23,839

know and I said okay now did you guys

998

00:44:28,960 --> 00:44:26,000

have any missing time we were watching

999

00:44:31,960 --> 00:44:28,970

our watches every second and we didn't

1000

00:44:33,579 --> 00:44:31,970

have any missing time so you know you're

1001
00:44:35,529 --> 00:44:33,589
not gonna believe us you're not gonna

1002
00:44:37,359 --> 00:44:35,539
build it you're not you're not you're

1003
00:44:40,630 --> 00:44:37,369
not gonna believe this I was with that

1004
00:44:45,420 --> 00:44:40,640
group of guys oh you are and you're

1005
00:44:49,180 --> 00:44:45,430
absolutely right it was without a doubt

1006
00:44:54,580 --> 00:44:49,190
like you said there was something taking

1007
00:44:57,580 --> 00:44:54,590
place oh okay yeah I don't I yeah well

1008
00:44:59,440 --> 00:44:57,590
it was quite a while well like you said

1009
00:45:06,220 --> 00:44:59,450
it was about it was it was one of those

1010
00:45:09,400 --> 00:45:06,230
things where we we we knew what we saw

1011
00:45:11,950 --> 00:45:09,410
and this there was no road there this

1012
00:45:15,400 --> 00:45:11,960
vehicle what this vehicle could not have

1013
00:45:18,310 --> 00:45:15,410

come in that way right and you know it's

1014

00:45:20,800 --> 00:45:18,320

not like it's just one person saying

1015

00:45:23,470 --> 00:45:20,810

this and we had like you said we had

1016

00:45:27,430 --> 00:45:23,480

night vision thermal we had you name it

1017

00:45:29,170 --> 00:45:27,440

yeah and it all caught different things

1018

00:45:33,250 --> 00:45:29,180

but we with the naked eye we knew we

1019

00:45:36,340 --> 00:45:33,260

were seeing with you know it's very

1020

00:45:37,780 --> 00:45:36,350

difficult to explain what we so you're

1021

00:45:39,970 --> 00:45:37,790

absolutely right there is something

1022

00:45:43,590 --> 00:45:39,980

there and now you said that the

1023

00:45:46,570 --> 00:45:43,600

phenomena is associated well at least

1024

00:45:49,990 --> 00:45:46,580

real scientific research I'm not talking

1025

00:45:51,340 --> 00:45:50,000

about the you said that it is now

1026

00:45:53,580 --> 00:45:51,350

cordoned off correct and they're

1027

00:45:56,050 --> 00:45:53,590

checking Cottonwood growth is that

1028

00:46:00,970 --> 00:45:56,060

classified or can I actually say that

1029

00:46:04,840 --> 00:46:00,980

yeah it's just yeah yeah University

1030

00:46:06,730 --> 00:46:04,850

stuff it's not okay so now it's all

1031

00:46:08,800 --> 00:46:06,740

restricted just first so everybody knows

1032

00:46:11,170 --> 00:46:08,810

it's all a restricted area you cannot go

1033

00:46:14,140 --> 00:46:11,180

in there but they're checking things

1034

00:46:16,620 --> 00:46:14,150

that we kind of wonder what the specific

1035

00:46:18,880 --> 00:46:16,630

effort is for not that we're questioning

1036

00:46:21,790 --> 00:46:18,890

but you know what they're doing

1037

00:46:24,280 --> 00:46:21,800

sincerely but they K that they could be

1038

00:46:28,450 --> 00:46:24,290

checking that but at the same time it is

1039

00:46:30,280 --> 00:46:28,460

a property and if there are portals in

1040

00:46:31,900 --> 00:46:30,290

the area is it possible that they are

1041

00:46:33,340 --> 00:46:31,910

being affected by that and isn't that

1042

00:46:36,430 --> 00:46:33,350

even something that they could share

1043

00:46:37,810 --> 00:46:36,440

with us I don't know if it is you

1044

00:46:42,460 --> 00:46:37,820

wouldn't get anybody to talk about it

1045

00:46:44,530 --> 00:46:42,470

you know they the the Forest Service is

1046

00:46:47,590 --> 00:46:44,540

kind of real attitude about paranormal

1047

00:46:51,330 --> 00:46:47,600

stuff I know because I've had to deal

1048

00:46:53,530 --> 00:46:51,340

with it you know 20 25 years and they

1049

00:46:56,860 --> 00:46:53,540

you know you wouldn't get into any talk

1050

00:46:59,020 --> 00:46:56,870

I tried you know it you know you know

1051
00:47:00,520 --> 00:46:59,030
clarity probably a fire departments

1052
00:47:02,670 --> 00:47:00,530
Police Department's no I think they

1053
00:47:07,650 --> 00:47:02,680
don't they you you won't find any

1054
00:47:09,870 --> 00:47:07,660
ready to talk yeah no you won't so yeah

1055
00:47:12,270 --> 00:47:09,880
are you doing with those guys yeah well

1056
00:47:14,790 --> 00:47:12,280
that's the last thing that I know a big

1057
00:47:16,710 --> 00:47:14,800
thing that happened on the ranch you

1058
00:47:19,320 --> 00:47:16,720
know I was I was trying to lend them oh

1059
00:47:21,720 --> 00:47:19,330
how she didn't think it was a big deal

1060
00:47:24,570 --> 00:47:21,730
at all I know okay that's you know oh

1061
00:47:27,480 --> 00:47:24,580
yeah yeah we had an actual we haven't we

1062
00:47:30,510 --> 00:47:27,490
had an event of bilocation and I don't

1063
00:47:33,660 --> 00:47:30,520

know where I saw this guy literally go

1064

00:47:35,250 --> 00:47:33,670

from one part of the property where he

1065

00:47:37,050 --> 00:47:35,260

was talking to me on the walkie-talkie

1066

00:47:39,240 --> 00:47:37,060

we all had walkie-talkies we were in

1067

00:47:41,130 --> 00:47:39,250

constant communication keeping up with

1068

00:47:42,810 --> 00:47:41,140

the tempo and you know what's going on

1069

00:47:46,680 --> 00:47:42,820

hey did you see that yeah we saw that

1070

00:47:49,110 --> 00:47:46,690

and the interesting part was I was

1071

00:47:55,200 --> 00:47:49,120

talking to him and then I'll send I saw

1072

00:47:57,480 --> 00:47:55,210

him and he was over by me and then he

1073

00:47:58,830 --> 00:47:57,490

was gone and then I talked to him and I

1074

00:48:02,300 --> 00:47:58,840

like where are you and he's like I have

1075

00:48:06,630 --> 00:48:02,310

no idea he was completely like you said

1076

00:48:10,230 --> 00:48:06,640

disoriented yeah no there's a lot going

1077

00:48:14,100 --> 00:48:10,240

on and when you see these things and

1078

00:48:16,770 --> 00:48:14,110

you're able to actually it's a there's

1079

00:48:20,220 --> 00:48:16,780

something comin through or there's some

1080

00:48:25,590 --> 00:48:20,230

kind of a there's a phenomena associated

1081

00:48:27,840 --> 00:48:25,600

with it well there's something of a

1082

00:48:30,630 --> 00:48:27,850

Bradshaw - you know I've heard a million

1083

00:48:32,130 --> 00:48:30,640

times that they've got they know the

1084

00:48:34,410 --> 00:48:32,140

government probably has the last do it

1085

00:48:35,760 --> 00:48:34,420

I've never brennick run across a shred

1086

00:48:38,460 --> 00:48:35,770

of evidence that the government has

1087

00:48:41,280 --> 00:48:38,470

anything to do with it there not a shred

1088

00:48:43,440 --> 00:48:41,290

so I'm sure they you know they've got a

1089

00:48:44,940 --> 00:48:43,450

big portfolio on all that stuff and

1090

00:48:47,370 --> 00:48:44,950

we've got copies of my books that

1091

00:48:49,350 --> 00:48:47,380

they've read you know and notes and my

1092

00:48:50,850 --> 00:48:49,360

books or whatever but they they there's

1093

00:48:52,470 --> 00:48:50,860

never been any government government

1094

00:48:55,620 --> 00:48:52,480

interference except for the Forest

1095

00:48:57,960 --> 00:48:55,630

Service being pissed off about people

1096

00:49:00,750 --> 00:48:57,970

trespassing on the ranch at camping too

1097

00:49:03,000 --> 00:49:00,760

close to the ranch I heard that they're

1098

00:49:04,820 --> 00:49:03,010

arresting people now if it is private

1099

00:49:07,680 --> 00:49:04,830

property and there's still a lot of

1100

00:49:09,120 --> 00:49:07,690

research is going you know going in

1101
00:49:10,650 --> 00:49:09,130
there at night and taking pictures and

1102
00:49:11,280 --> 00:49:10,660
whatnot and somebody's only you know

1103
00:49:13,050 --> 00:49:11,290
that there

1104
00:49:15,900 --> 00:49:13,060
arresting people now that's what I heard

1105
00:49:18,630 --> 00:49:15,910
I heard it's completely restricted it's

1106
00:49:23,040 --> 00:49:18,640
no longer even an option to do you know

1107
00:49:26,040 --> 00:49:23,050
like it's not like it used to be and on

1108
00:49:31,440 --> 00:49:26,050
a whim you know an interesting thing is

1109
00:49:33,540 --> 00:49:31,450
that the now it seems like the more even

1110
00:49:35,840 --> 00:49:33,550
camping nearby like you said where in

1111
00:49:37,770 --> 00:49:35,850
the past I I remember even tour

1112
00:49:39,590 --> 00:49:37,780
organizations like from a distance will

1113
00:49:42,230 --> 00:49:39,600

say oh there's the famous biochar ranch

1114

00:49:45,390 --> 00:49:42,240

but now they don't even want that like

1115

00:49:46,650 --> 00:49:45,400

do you I don't know I don't think I also

1116

00:49:49,460 --> 00:49:46,660

agree that I don't think there's a

1117

00:49:53,580 --> 00:49:49,470

government but I think it's a natural

1118

00:49:57,780 --> 00:49:53,590

occurring possible there's there's

1119

00:50:00,800 --> 00:49:57,790

questions in a location that portals

1120

00:50:03,080 --> 00:50:00,810

seem to allow things to take place

1121

00:50:08,070 --> 00:50:03,090

associated with this area in particular

1122

00:50:11,310 --> 00:50:08,080

is that is that tension to Bradshaw

1123

00:50:14,720 --> 00:50:11,320

ranch or has it always been something

1124

00:50:17,070 --> 00:50:14,730

that do you think that will kind of

1125

00:50:19,710 --> 00:50:17,080

there's got to be a point where people

1126

00:50:22,470 --> 00:50:19,720

realize that this could be and and this

1127

00:50:24,330 --> 00:50:22,480

is why I'm almost 100% for the

1128

00:50:27,390 --> 00:50:24,340

University doing what they're doing and

1129

00:50:30,960 --> 00:50:27,400

kind of locking the place down because

1130

00:50:33,090 --> 00:50:30,970

is there a possibility that this is kind

1131

00:50:34,920 --> 00:50:33,100

of a special area and maybe it should

1132

00:50:35,490 --> 00:50:34,930

just be watched because that's what

1133

00:50:40,170 --> 00:50:35,500

they're doing

1134

00:50:41,910 --> 00:50:40,180

ish correct well it probably doesn't

1135

00:50:45,150 --> 00:50:41,920

matter what anybody does is it's

1136

00:50:48,120 --> 00:50:45,160

probably gonna paranormal phenomena it's

1137

00:50:49,530 --> 00:50:48,130

probably still gonna go on and you know

1138

00:50:53,190 --> 00:50:49,540

there's gonna be a lot of students there

1139

00:50:55,530 --> 00:50:53,200

and I don't think a dormitory there

1140

00:50:58,080 --> 00:50:55,540

which would destroy the the you know the

1141

00:51:02,250 --> 00:50:58,090

activity there but it would time will

1142

00:51:06,950 --> 00:51:02,260

tell because we you know you know it's

1143

00:51:09,000 --> 00:51:06,960

kind of like you know well you know

1144

00:51:11,130 --> 00:51:09,010

it'll be really interesting to hear the

1145

00:51:13,500 --> 00:51:11,140

stories I know it's not going to get

1146

00:51:15,450 --> 00:51:13,510

still it's still active I know is it

1147

00:51:19,200 --> 00:51:15,460

wasn't only you guys but I've had people

1148

00:51:21,030 --> 00:51:19,210

call me and tell me that they had been

1149

00:51:23,560 --> 00:51:21,040

in the Bradshaw ranch they saw this that

1150

00:51:27,850 --> 00:51:23,570

and Bigfoot I know I

1151

00:51:31,600 --> 00:51:27,860

a group oh yeah I remember i I just I

1152

00:51:36,280 --> 00:51:31,610

did a talk to nineteen women from from

1153

00:51:37,600 --> 00:51:36,290

Canada and and they they were there all

1154

00:51:40,180 --> 00:51:37,610

went on to the Bradshaw ranch took

1155

00:51:42,400 --> 00:51:40,190

pictures and they they had experiences

1156

00:51:45,730 --> 00:51:42,410

and I'm trying to remember the best ones

1157

00:51:48,940 --> 00:51:45,740

but you know unless I write things down

1158

00:51:51,100 --> 00:51:48,950

I don't remember but one girl came out

1159

00:51:53,880 --> 00:51:51,110

and said she said she had a muddy

1160

00:51:56,650 --> 00:51:53,890

Bigfoot handprint on the hood of a car

1161

00:51:58,720 --> 00:51:56,660

another girl that described it I said

1162

00:52:02,680 --> 00:51:58,730

well you know hidden rained a long time

1163

00:52:05,140 --> 00:52:02,690

so and she was parked just outside the

1164

00:52:07,590 --> 00:52:05,150

gate at the Bradshaw ranch and I another

1165

00:52:10,540 --> 00:52:07,600

girl said yeah I saw it it was this huge

1166

00:52:13,120 --> 00:52:10,550

handprint muddy handprint on the hood of

1167

00:52:15,280 --> 00:52:13,130

her car and I told her I just Emily can

1168

00:52:17,320 --> 00:52:15,290

you send me a copy of that photograph I

1169

00:52:21,750 --> 00:52:17,330

know but did you know most a lot of

1170

00:52:25,900 --> 00:52:21,760

times I don't so you know so at any rate

1171

00:52:28,210 --> 00:52:25,910

let's see what Turner knows the other

1172

00:52:30,610 --> 00:52:28,220

stuff that the girls had but they I know

1173

00:52:33,220 --> 00:52:30,620

the windmill was one they had some kind

1174

00:52:35,380 --> 00:52:33,230

of a encounter oh one of the things that

1175

00:52:38,170 --> 00:52:35,390

happens around that windmill and this

1176
00:52:41,440 --> 00:52:38,180
happened to a TV crew the animal planet

1177
00:52:43,780 --> 00:52:41,450
was out here one time they say the guy I

1178
00:52:45,610 --> 00:52:43,790
don't remember who it was but he went up

1179
00:52:48,750 --> 00:52:45,620
there he went up on the top of the hill

1180
00:52:52,300 --> 00:52:48,760
to take a leak and he didn't come back

1181
00:52:54,130 --> 00:52:52,310
an hour later I don't know if he came in

1182
00:52:55,330 --> 00:52:54,140
anyway you know the filming schedule he

1183
00:52:55,720 --> 00:52:55,340
said they said where the hell have you

1184
00:52:59,080 --> 00:52:55,730
been

1185
00:52:59,860 --> 00:52:59,090
minutes I went up to get atop the hill

1186
00:53:01,510 --> 00:52:59,870
to take a leak

1187
00:53:04,030 --> 00:53:01,520
and he said the funny thing is I heard

1188
00:53:07,360 --> 00:53:04,040

these strange voices and sounds of

1189

00:53:10,350 --> 00:53:07,370

horses in the distance and I and I you

1190

00:53:13,000 --> 00:53:10,360

know I was there when he came back and

1191

00:53:15,310 --> 00:53:13,010

so he had an auto missing time he didn't

1192

00:53:20,320 --> 00:53:15,320

realize it this was yeah Animal Planet

1193

00:53:22,150 --> 00:53:20,330

Discovery Channel wow that's that it's

1194

00:53:23,560 --> 00:53:22,160

like where time is of the essence and

1195

00:53:25,780 --> 00:53:23,570

you don't want to miss out on a minute

1196

00:53:29,440 --> 00:53:25,790

that's why I'd be fascinating

1197

00:53:32,910 --> 00:53:29,450

there's is is the phenomena associated

1198

00:53:36,270 --> 00:53:32,920

with missing time have you heard of any

1199

00:53:40,830 --> 00:53:36,280

correlations with other locations where

1200

00:53:42,120 --> 00:53:40,840

there is one location that somebody's

1201
00:53:44,730 --> 00:53:42,130
missing time and then they're found in

1202
00:53:46,470 --> 00:53:44,740
another location I can't remember any

1203
00:53:48,690 --> 00:53:46,480
that happened at the Bradshaw ranch but

1204
00:53:54,570 --> 00:53:48,700
I would think that that is a place where

1205
00:53:57,060 --> 00:53:54,580
that could happen oh you know well on

1206
00:53:59,790 --> 00:53:57,070
the Bradshaw ranch that there was never

1207
00:54:01,680 --> 00:53:59,800
any case of missing time that I know of

1208
00:54:04,860 --> 00:54:01,690
like you know a couple hours to a few

1209
00:54:09,510 --> 00:54:04,870
hours or whatever but I you know I'd

1210
00:54:10,830 --> 00:54:09,520
have to I did I'd say no as far as I

1211
00:54:12,480 --> 00:54:10,840
know there's never been any cases of

1212
00:54:13,710 --> 00:54:12,490
missing time a lot of people don't you

1213
00:54:15,300 --> 00:54:13,720

know they don't look at their walk they

1214

00:54:18,450 --> 00:54:15,310

don't keep track of time so if they

1215

00:54:20,070 --> 00:54:18,460

don't know but that was not a big thing

1216

00:54:23,400 --> 00:54:20,080

that happened you know at the Bradshaw

1217

00:54:24,840 --> 00:54:23,410

ranch and any kind of consistent basis

1218

00:54:27,540 --> 00:54:24,850

if it ever happened at all

1219

00:54:29,160 --> 00:54:27,550

you're so right about the time and how

1220

00:54:31,080 --> 00:54:29,170

people just they look at their phone

1221

00:54:33,300 --> 00:54:31,090

that's the best evidence they just stick

1222

00:54:35,340 --> 00:54:33,310

with that they don't question it they're

1223

00:54:39,720 --> 00:54:35,350

not looking at a timepiece that may or

1224

00:54:42,330 --> 00:54:39,730

may not be missing an hour good point

1225

00:54:43,680 --> 00:54:42,340

do you what do you think is speaking of

1226
00:54:47,370 --> 00:54:43,690
evidence what do you think is the best

1227
00:54:51,630 --> 00:54:47,380
evidence that you've seen to the

1228
00:54:57,480 --> 00:54:51,640
existence of these dimensional portals

1229
00:55:01,670 --> 00:54:57,490
oh stuff that I've seen well that would

1230
00:55:04,260 --> 00:55:01,680
be that would be difficult well you know

1231
00:55:07,140 --> 00:55:04,270
we've got all kinds of photographic

1232
00:55:08,550 --> 00:55:07,150
evidence but I had this thing going with

1233
00:55:10,260 --> 00:55:08,560
ancient aliens they were going to do a

1234
00:55:11,940 --> 00:55:10,270
show on a Bradshaw it fell through

1235
00:55:14,820 --> 00:55:11,950
mainly because of interference from the

1236
00:55:17,190 --> 00:55:14,830
Forest Service but we were we run a

1237
00:55:19,170 --> 00:55:17,200
Bradshaw ranch one night in the the duck

1238
00:55:21,630 --> 00:55:19,180

they had seven dogs on the ranch and

1239

00:55:23,570 --> 00:55:21,640

they they they would put dark fur going

1240

00:55:26,370 --> 00:55:23,580

well under dollars ranch they keep it a

1241

00:55:29,280 --> 00:55:26,380

lot I suppose so anyway they had seven

1242

00:55:30,840 --> 00:55:29,290

dogs and the dogs with furious ball and

1243

00:55:33,090 --> 00:55:30,850

the sand in front of the ranch and

1244

00:55:35,520 --> 00:55:33,100

spread of the ranch house in the winters

1245

00:55:38,670 --> 00:55:35,530

keep along the summer to keep cold so

1246

00:55:40,800 --> 00:55:38,680

one night Linda and I were just taking

1247

00:55:43,830 --> 00:55:40,810

photographs at all seven dogs jumped up

1248

00:55:47,280 --> 00:55:43,840

simultaneously and ran towards the old

1249

00:55:48,549 --> 00:55:47,290

apple orchard and unbeknownst to us a

1250

00:55:52,150 --> 00:55:48,559

creature had been watching

1251
00:55:53,829 --> 00:55:52,160
for probably hours so and the ancient

1252
00:55:55,329 --> 00:55:53,839
aliens wanted to do a show on this but

1253
00:55:56,170 --> 00:55:55,339
it just it just didn't happen it got too

1254
00:55:58,390 --> 00:55:56,180
complicated

1255
00:56:01,509 --> 00:55:58,400
oh my gosh because that the hidden power

1256
00:56:06,489 --> 00:56:01,519
of that property is just phenomenal yeah

1257
00:56:08,559 --> 00:56:06,499
so so anyway we put the dogs rant we had

1258
00:56:10,059 --> 00:56:08,569
three million candlepower all right so

1259
00:56:12,009 --> 00:56:10,069
we shine know where the dogs was gone

1260
00:56:15,099 --> 00:56:12,019
and there was a creature there by the

1261
00:56:17,709 --> 00:56:15,109
fence post and the dogs were coming up

1262
00:56:19,390 --> 00:56:17,719
on it really fast and it started it

1263
00:56:23,739 --> 00:56:19,400

didn't you didn't really run it just

1264

00:56:25,749 --> 00:56:23,749

well a friend has walked and it was

1265

00:56:29,890 --> 00:56:25,759

brown everything on it was human

1266

00:56:33,640 --> 00:56:29,900

humanoid but everything is brown skin

1267

00:56:36,429 --> 00:56:33,650

here clothes shoes everything is brown

1268

00:56:38,799 --> 00:56:36,439

and it was about 5 foot 6 inches tall

1269

00:56:41,019 --> 00:56:38,809

and we followed it when it went across

1270

00:56:42,699 --> 00:56:41,029

the opening layer by the ranch and it

1271

00:56:44,650 --> 00:56:42,709

got to a yucca tree and it just

1272

00:56:46,749 --> 00:56:44,660

disappeared just blinked out and then

1273

00:56:49,599 --> 00:56:46,759

the dogs caught up with it and it never

1274

00:56:52,359 --> 00:56:49,609

it would not turn its face to look at us

1275

00:56:55,839 --> 00:56:52,369

and we we ran it at that time and time

1276
00:56:58,419 --> 00:56:55,849
again if we had a photograph being it

1277
00:57:00,189 --> 00:56:58,429
was never her face it was always turned

1278
00:57:02,549 --> 00:57:00,199
like turned away from us then I think

1279
00:57:05,349 --> 00:57:02,559
all we got about 8 photographs like that

1280
00:57:09,459 --> 00:57:05,359
so anyway next day of inter and I went

1281
00:57:11,789 --> 00:57:09,469
up there and it was harder shot dead out

1282
00:57:15,009 --> 00:57:11,799
there powder saw you know you know a

1283
00:57:17,739 --> 00:57:15,019
bird would have made a track and there

1284
00:57:20,439 --> 00:57:17,749
was the only the tracks of the dogs but

1285
00:57:22,059 --> 00:57:20,449
no no other tracks no no boot you know

1286
00:57:24,489 --> 00:57:22,069
no shoe tracks or anything else and so

1287
00:57:26,529 --> 00:57:24,499
it later and I spent a couple of hours

1288
00:57:28,989 --> 00:57:26,539

just sticking up experimenting around

1289

00:57:30,429 --> 00:57:28,999

that yucca tree sticking our arms

1290

00:57:31,449 --> 00:57:30,439

through it you know it's like can you

1291

00:57:34,150 --> 00:57:31,459

see my arm you know

1292

00:57:35,739 --> 00:57:34,160

did my arm disappears and we saw email

1293

00:57:37,599 --> 00:57:35,749

we didn't have we didn't get sucked into

1294

00:57:40,059 --> 00:57:37,609

a pole or didn't find one but it

1295

00:57:43,120 --> 00:57:40,069

disappeared it's absolutely fascinating

1296

00:57:45,489 --> 00:57:43,130

Tom what you mentioned about this this

1297

00:57:47,739 --> 00:57:45,499

this like you said the angles and the

1298

00:57:49,390 --> 00:57:47,749

perception how you wonder did there's no

1299

00:57:52,569 --> 00:57:49,400

way I could have seen that and you check

1300

00:57:54,370 --> 00:57:52,579

things and and it's also interesting

1301
00:57:55,839 --> 00:57:54,380
what you said about the Forest Service I

1302
00:57:58,089 --> 00:57:55,849
encountered that on my own with with

1303
00:57:58,540 --> 00:57:58,099
with a group of individuals who we went

1304
00:58:00,430 --> 00:57:58,550
out

1305
00:58:02,410 --> 00:58:00,440
and when you speak to these forests

1306
00:58:05,890 --> 00:58:02,420
service people even if you hike way in

1307
00:58:07,930 --> 00:58:05,900
and go way way way way way in there into

1308
00:58:10,060 --> 00:58:07,940
the into the into the deep country

1309
00:58:12,130 --> 00:58:10,070
you'll find that these people will say

1310
00:58:14,710 --> 00:58:12,140
one thing if they're off the record and

1311
00:58:16,780 --> 00:58:14,720
a completely different thing if they're

1312
00:58:18,630 --> 00:58:16,790
on the record and I find that

1313
00:58:22,030 --> 00:58:18,640

fascinating

1314

00:58:23,320 --> 00:58:22,040

well the volunteers they're just there

1315

00:58:25,750 --> 00:58:23,330

on their own time you know they're not

1316

00:58:29,260 --> 00:58:25,760

the nut that just got a uniform all and

1317

00:58:30,790 --> 00:58:29,270

it meets they had no you know we were I

1318

00:58:32,890 --> 00:58:30,800

was in Grand Canyon about three weeks

1319

00:58:36,130 --> 00:58:32,900

ago three quarters ago and was with two

1320

00:58:38,500 --> 00:58:36,140

women and we we I don't know how this

1321

00:58:40,750 --> 00:58:38,510

women woman found it I really don't I

1322

00:58:42,940 --> 00:58:40,760

really don't I wonder how in the hell

1323

00:58:44,590 --> 00:58:42,950

did this woman find us but we were you

1324

00:58:46,150 --> 00:58:44,600

know they most of people to go in there

1325

00:58:47,560 --> 00:58:46,160

city people and oh absolutely nothing

1326
00:58:49,510 --> 00:58:47,570
about snakes or anything else so we were

1327
00:58:51,490 --> 00:58:49,520
down in the creek this girls yelling

1328
00:58:53,050 --> 00:58:51,500
don't go down there the snakes gonna

1329
00:58:55,420 --> 00:58:53,060
come back on the trail this snakes down

1330
00:58:58,150 --> 00:58:55,430
there and I'm going a bunch of BS you

1331
00:59:00,130 --> 00:58:58,160
know having the call my self-respect

1332
00:59:02,290 --> 00:59:00,140
respect the rattlesnake with everybody

1333
00:59:03,670 --> 00:59:02,300
around down here so you could have come

1334
00:59:05,860 --> 00:59:03,680
back up here on the trail and I don't

1335
00:59:07,240 --> 00:59:05,870
know where that girl came from because

1336
00:59:09,540 --> 00:59:07,250
we were quite a ways back in Blaine

1337
00:59:12,580 --> 00:59:09,550
Canyon it was a 100 degree day

1338
00:59:13,660 --> 00:59:12,590

you know I just totally baffle there

1339

00:59:16,900 --> 00:59:13,670

must have been some kind of an

1340

00:59:18,720 --> 00:59:16,910

electronic sensor that alerted her and

1341

00:59:21,190 --> 00:59:18,730

still I don't know where she came from

1342

00:59:22,960 --> 00:59:21,200

you know if it makes no sense whatsoever

1343

00:59:28,480 --> 00:59:22,970

and this just happened about three weeks

1344

00:59:29,830 --> 00:59:28,490

ago and there's there's a lot of strange

1345

00:59:32,320 --> 00:59:29,840

instances like that

1346

00:59:38,080 --> 00:59:32,330

when did the phenomena start at the

1347

00:59:45,850 --> 00:59:38,090

Bradshaw ranch do you know that yeah Bob

1348

00:59:52,420 --> 00:59:45,860

had been there since 1949 so I as a

1349

00:59:57,070 --> 00:59:52,430

guest as Linda contacted me in 1988 and

1350

00:59:58,660 --> 00:59:57,080

it had it evidently had been going on

1351

01:00:00,640 --> 00:59:58,670

for about a year because she was

1352

01:00:02,380 --> 01:00:00,650

photographing or to getting photographs

1353

01:00:03,820 --> 01:00:02,390

of orbs and other strange things were

1354

01:00:07,630 --> 01:00:03,830

happening around the ranch strange

1355

01:00:08,839 --> 01:00:07,640

sounds and all that and so so Linda she

1356

01:00:10,819 --> 01:00:08,849

sent me a letter with

1357

01:00:11,870 --> 01:00:10,829

all photographing I would just be light

1358

01:00:13,430 --> 01:00:11,880

it because I had heard about the

1359

01:00:14,660 --> 01:00:13,440

Bradshaw ass I just wanted to go down

1360

01:00:17,299 --> 01:00:14,670

there and I spent the next four and a

1361

01:00:19,400 --> 01:00:17,309

half years there but at the same time

1362

01:00:21,589 --> 01:00:19,410

Linda's crystalline in Pine Bush New

1363

01:00:23,930 --> 01:00:21,599

York was getting photographs of aura and

1364

01:00:25,759 --> 01:00:23,940

limited crystal minarets started the

1365

01:00:30,620 --> 01:00:25,769

whole orb phenomenon from there spread

1366

01:00:33,200 --> 01:00:30,630

all around the world amazing Wow

1367

01:00:35,960 --> 01:00:33,210

because yeah that was not a thing this

1368

01:00:38,239 --> 01:00:35,970

is the new now everybody knows what an

1369

01:00:40,519 --> 01:00:38,249

orb is you know that it may be power

1370

01:00:43,339 --> 01:00:40,529

incarnate floating through weathered

1371

01:00:44,900 --> 01:00:43,349

light or day and I've had people argue

1372

01:00:46,839 --> 01:00:44,910

oh you can't see him in the daytime or

1373

01:00:50,390 --> 01:00:46,849

you can't see him in the nighttime and

1374

01:00:53,989 --> 01:00:50,400

similarly you know there's photographic

1375

01:00:56,269 --> 01:00:53,999

evidence of both even even on you know

1376

01:00:58,460 --> 01:00:56,279

properties I've assisted on like putting

1377

01:01:01,579 --> 01:00:58,470

the cameras on and there's photographic

1378

01:01:03,410 --> 01:01:01,589

evidence of both so there's there's it's

1379

01:01:05,479 --> 01:01:03,420

something real that you guys were tapped

1380

01:01:07,359 --> 01:01:05,489

into so ahead of your time it's just

1381

01:01:09,680 --> 01:01:07,369

fascinating and I just wanted to

1382

01:01:11,630 --> 01:01:09,690

wholeheartedly thank you for you know

1383

01:01:13,819 --> 01:01:11,640

being on the show and it's been such a

1384

01:01:18,160 --> 01:01:13,829

pleasure and honor to to have you on the

1385

01:01:21,319 --> 01:01:18,170

podcast anything new coming anything

1386

01:01:26,170 --> 01:01:21,329

that stands out to you from the area do

1387

01:01:29,059 --> 01:01:26,180

you see anything that is of interest

1388

01:01:32,809 --> 01:01:29,069

coming up or or is it just is it just

1389

01:01:36,650 --> 01:01:32,819

kind of one of these constant

1390

01:01:39,589 --> 01:01:36,660

intermittent location time you know

1391

01:01:41,209 --> 01:01:39,599

cyclical things with these portals well

1392

01:01:43,400 --> 01:01:41,219

it's like it's like you three guys donal

1393

01:01:46,759 --> 01:01:43,410

Bradshaw I see just it's just faradic

1394

01:01:50,839 --> 01:01:46,769

like that it's not consistent at all so

1395

01:01:52,370 --> 01:01:50,849

you know it's really you know there's

1396

01:01:55,779 --> 01:01:52,380

just too many people are going into the

1397

01:01:58,339 --> 01:01:55,789

canyons now I think it's you know

1398

01:01:59,660 --> 01:01:58,349

driving it away or whatever you know you

1399

01:02:02,509 --> 01:01:59,670

earlier on you were talking about

1400

01:02:04,219 --> 01:02:02,519

footprints and footsteps and voices no

1401
01:02:05,599 --> 01:02:04,229
creature was there two legged creature

1402
01:02:07,849 --> 01:02:05,609
but that you could hear the sound of the

1403
01:02:11,660 --> 01:02:07,859
crunching I've heard that I never hear

1404
01:02:14,329 --> 01:02:11,670
those stories anymore mm-hmm yep yep

1405
01:02:16,219 --> 01:02:14,339
they're still happening and you know it

1406
01:02:17,959 --> 01:02:16,229
they're I think a lot of it has to do

1407
01:02:19,400 --> 01:02:17,969
with these locations that are magical

1408
01:02:20,960 --> 01:02:19,410
and you're so blessed to have been a

1409
01:02:24,650 --> 01:02:20,970
part of like I think in my opinion

1410
01:02:26,150 --> 01:02:24,660
the most energetic time and probably one

1411
01:02:27,650 --> 01:02:26,160
of the most magical spots on the planet

1412
01:02:30,020 --> 01:02:27,660
ever like one of the most magical

1413
01:02:32,060 --> 01:02:30,030

ecosystems and that's something I wanted

1414

01:02:34,099 --> 01:02:32,070

to ask you do you think how are we gonna

1415

01:02:36,200 --> 01:02:34,109

convince people that these are magical

1416

01:02:39,320 --> 01:02:36,210

ecosystems that should be protected and

1417

01:02:41,630 --> 01:02:39,330

not be you know dosed and you know

1418

01:02:43,580 --> 01:02:41,640

houses thrown up or I don't know like

1419

01:02:45,290 --> 01:02:43,590

it's hard to explain

1420

01:02:47,390 --> 01:02:45,300

you know because and a lot of

1421

01:02:49,730 --> 01:02:47,400

characteristics these are just Badlands

1422

01:02:52,070 --> 01:02:49,740

but on the other hand if they're

1423

01:02:54,410 --> 01:02:52,080

actually locations that have portals and

1424

01:02:57,980 --> 01:02:54,420

paths of power for interdimensional

1425

01:03:02,380 --> 01:02:57,990

entities this is a very important thing

1426

01:03:04,580 --> 01:03:02,390

and kind of a very vulnerable and unique

1427

01:03:08,359 --> 01:03:04,590

ecosystem that probably shall be

1428

01:03:11,030 --> 01:03:08,369

protected at all costs well as long as

1429

01:03:12,830 --> 01:03:11,040

money to be made this business it's not

1430

01:03:14,480 --> 01:03:12,840

going to be stopped when they develop

1431

01:03:18,290 --> 01:03:14,490

long canyon there are three million

1432

01:03:20,210 --> 01:03:18,300

dollar houses been built in long can and

1433

01:03:25,130 --> 01:03:20,220

that was one of that that was one of the

1434

01:03:27,530 --> 01:03:25,140

the really great paranormal spots and it

1435

01:03:29,030 --> 01:03:27,540

is now you know in the back of the

1436

01:03:31,940 --> 01:03:29,040

canyon things are still going on but not

1437

01:03:33,290 --> 01:03:31,950

whether this new development is not the

1438

01:03:34,849 --> 01:03:33,300

golf course it's a three million dollar

1439

01:03:36,980 --> 01:03:34,859

house I mean so you know what are you

1440

01:03:39,530 --> 01:03:36,990

going to do right it's just the way it

1441

01:03:41,240 --> 01:03:39,540

goes isn't it it's well hopefully we'll

1442

01:03:43,460 --> 01:03:41,250

get a little traction sooner or later

1443

01:03:46,040 --> 01:03:43,470

it's been such a blessing to have you on

1444

01:03:48,040 --> 01:03:46,050

Tom you're such a great guy and I wish

1445

01:03:50,510 --> 01:03:48,050

people knew you the way I did because

1446

01:03:52,250 --> 01:03:50,520

everything I I've never talked to a

1447

01:03:56,089 --> 01:03:52,260

researcher that's been more honest to me

1448

01:03:58,579 --> 01:03:56,099

about their actual experiences and I

1449

01:04:00,349 --> 01:03:58,589

think your photographic evidence is so

1450

01:04:04,430 --> 01:04:00,359

far ahead of its time

1451

01:04:07,220 --> 01:04:04,440

that I mean kudos hats off to you it's

1452

01:04:08,930 --> 01:04:07,230

just it's just an honor to always you

1453

01:04:10,820 --> 01:04:08,940

know get your time and be able to speak

1454

01:04:12,140 --> 01:04:10,830

with you about things that you know

1455

01:04:15,890 --> 01:04:12,150

you're obviously interested in I

1456

01:04:19,400 --> 01:04:15,900

appreciate it well it's been a pleasure

1457

01:04:22,730 --> 01:04:19,410

right thanks thanks much I you know I'm

1458

01:04:24,800 --> 01:04:22,740

still still here I I do like to you know

1459

01:04:26,570 --> 01:04:24,810

talk about this stuff because people

1460

01:04:30,020 --> 01:04:26,580

need to pay attention to it because it's

1461

01:04:32,720 --> 01:04:30,030

real well if I have the opportunity I

1462

01:04:34,710 --> 01:04:32,730

just had a newborn but I'm if I get down

1463

01:04:37,530 --> 01:04:34,720

that way there's a possibility

1464

01:04:39,300 --> 01:04:37,540

the next couple well we'll see okay

1465

01:04:40,950 --> 01:04:39,310

actually about three months there's

1466

01:04:42,270 --> 01:04:40,960

possibly in the next three months but I

1467

01:04:43,770 --> 01:04:42,280

will definitely reach out to you because

1468

01:04:45,780 --> 01:04:43,780

it would be great to tap with you again

1469

01:04:48,599 --> 01:04:45,790

and and just see you again and I really

1470

01:04:51,359 --> 01:04:48,609

appreciate your your honesty and just

1471

01:04:53,190 --> 01:04:51,369

your depth of perception into something

1472

01:04:56,640 --> 01:04:53,200

that's so magical like it's just such

1473

01:04:58,309 --> 01:04:56,650

such an amazing place and and thank you

1474

01:05:01,770 --> 01:04:58,319

so much Tom you're you're such a

1475

01:05:03,450 --> 01:05:01,780

researcher ahead of your time and and I

1476

01:05:05,490 --> 01:05:03,460

think you know you always have your

1477

01:05:10,130 --> 01:05:05,500

pulse on what's going on and I

1478

01:05:10,140 --> 01:05:17,150

take care totally you bet

1479

01:05:23,609 --> 01:05:20,370

is it me or is Tom donkus' real as they

1480

01:05:27,089 --> 01:05:23,619

get he's just the coolest cat and he's

1481

01:05:29,520 --> 01:05:27,099

exactly how he seems he's he knows

1482

01:05:33,000 --> 01:05:29,530

exactly what's going on he's he's really

1483

01:05:36,270 --> 01:05:33,010

in tune and it was just an honor and a

1484

01:05:40,349 --> 01:05:36,280

blessing to be able to have him on as

1485

01:05:42,089 --> 01:05:40,359

far as Future casts we are starting to

1486

01:05:46,410 --> 01:05:42,099

get them lined up stacked up whatever

1487

01:05:47,609 --> 01:05:46,420

you want to call it back down but the we

1488

01:05:50,760 --> 01:05:47,619

want to also kind of like bring your

1489

01:05:52,470 --> 01:05:50,770

desire into realization as well so we're

1490

01:05:54,089 --> 01:05:52,480

set in a way that we're gonna be able to

1491

01:05:56,339 --> 01:05:54,099

do that a more interactive with like

1492

01:05:59,940 --> 01:05:56,349

especially our patrons our pot being

1493

01:06:03,390 --> 01:05:59,950

paid patrons and hopefully we will be

1494

01:06:05,130 --> 01:06:03,400

having patreon see and be on iTunes and

1495

01:06:10,170 --> 01:06:05,140

I think we're on YouTube so that's cool

1496

01:06:13,120 --> 01:06:10,180

this happening keep in touch with hero

1497

01:06:16,540 --> 01:06:13,130

paranormal com

1498

01:06:20,400 --> 01:06:16,550

feel free to get the pot beam app it's

1499

01:06:26,020 --> 01:06:23,980

also check out space wolf research comm

1500

01:06:28,330 --> 01:06:26,030

which is like a research project for

1501

01:06:31,750 --> 01:06:28,340

doing it's pretty fun kind of the thing

1502

01:06:34,570 --> 01:06:31,760

you'd expect and keep in touch with

1503

01:06:36,220 --> 01:06:34,580

everything going on here Oh paranormal

1504

01:06:39,730 --> 01:06:36,230

trying to bring you the heroes of the

1505

01:06:44,740 --> 01:06:39,740

paranormal the scientific the fringe

1506

01:06:47,710 --> 01:06:44,750

elements of society and culture seem

1507

01:06:50,020 --> 01:06:47,720

we'll have things that delve into deeper

1508

01:06:54,400 --> 01:06:50,030

darker realms and some delve into

1509

01:06:58,330 --> 01:06:54,410

extreme light so we have him the the man

1510

01:07:01,840 --> 01:06:58,340

the myth the legend the Ivy League when

1511

01:07:04,720 --> 01:07:01,850

it comes to portal proximity locations

1512

01:07:07,630 --> 01:07:04,730

whether you're dealing with entities

1513

01:07:09,840 --> 01:07:07,640

from other dimensions or possible

1514

01:07:12,910 --> 01:07:09,850

sasquatch the phenomena associated with

1515

01:07:15,280 --> 01:07:12,920

one particular ranch and associated with

1516

01:07:17,740 --> 01:07:15,290

other canyons leading down to the ranch

1517

01:07:19,500 --> 01:07:17,750

what's what's with the canyons in the

1518

01:07:21,730 --> 01:07:19,510

phenomena associated with them are

1519

01:07:23,380 --> 01:07:21,740

portals in the area are these portals

1520

01:07:24,550 --> 01:07:23,390

constant are the intermittent in

1521

01:07:27,490 --> 01:07:24,560

location in time

1522

01:07:30,880 --> 01:07:27,500

what are they is anybody doing any real

1523

01:07:34,680 --> 01:07:30,890

research like this guy did no not really

1524

01:07:37,270 --> 01:07:34,690

of course there are government

1525

01:07:39,520 --> 01:07:37,280

conspiracies and possibilities that

1526

01:07:42,190 --> 01:07:39,530

ownership is buy up for example the

1527

01:07:43,960 --> 01:07:42,200

University of well the location that is

1528

01:07:46,510 --> 01:07:43,970

currently being studied for cottonwoods

1529

01:07:48,310 --> 01:07:46,520

I'm just glad that the location is

1530

01:07:52,180 --> 01:07:48,320

locked down because it's definitely

1531

01:07:54,940 --> 01:07:52,190

magical and such a pleasure to have the

1532

01:07:56,240 --> 01:07:54,950

master you know in an honor to have Tom

1533

01:07:59,150 --> 01:07:56,250

dango I mean

1534

01:08:01,190 --> 01:07:59,160

on the podcast I went through a list of

1535

01:08:02,810 --> 01:08:01,200

people and a variety of folks that have

1536

01:08:05,120 --> 01:08:02,820

written in and others that I've been

1537

01:08:06,890 --> 01:08:05,130

reaching out to regarding some of these

1538

01:08:09,410 --> 01:08:06,900

subjects and when it comes to the

1539

01:08:12,470 --> 01:08:09,420

Bradshaw ranch and the reality that

1540

01:08:15,290 --> 01:08:12,480

through portal proximity very similar to

1541

01:08:20,180 --> 01:08:15,300

the skinwalker corridor and the valley

1542

01:08:24,440 --> 01:08:20,190

there below skinwalker Ridge and the

1543

01:08:26,930 --> 01:08:24,450

area that's been known as the well path

1544

01:08:28,880 --> 01:08:26,940

of the skinwalker the shapeshifter where

1545

01:08:31,190 --> 01:08:28,890

reality is bended through portal

1546

01:08:33,680 --> 01:08:31,200

proximity and meditative states that are

1547

01:08:37,249 --> 01:08:33,690

brought on through cultural either

1548

01:08:39,349 --> 01:08:37,259

curses or witchcraft and I sincerely

1549

01:08:42,499 --> 01:08:39,359

believe that this is a seek and ye shall

1550

01:08:45,349 --> 01:08:42,509

find type of a situation in the

1551
01:08:48,610 --> 01:08:45,359
proximity that space wolf researches to

1552
01:08:51,740 --> 01:08:48,620
the location we found things that have

1553
01:08:53,510 --> 01:08:51,750
well our ability is doubted and in the

1554
01:08:55,940 --> 01:08:53,520
moment of discovery because you never

1555
01:09:00,070 --> 01:08:55,950
know what you're up against and what I

1556
01:09:02,690 --> 01:09:00,080
can say is having been a bit of a

1557
01:09:05,019 --> 01:09:02,700
practitioner myself at least like

1558
01:09:07,130 --> 01:09:05,029
everyone else just as a means to

1559
01:09:09,470 --> 01:09:07,140
understand what we're dead generally

1560
01:09:11,180 --> 01:09:09,480
talking about I would have to say that

1561
01:09:13,990 --> 01:09:11,190
those with good fortune being of

1562
01:09:16,570 --> 01:09:14,000
privilege expect and usually receive

1563
01:09:19,970 --> 01:09:16,580

leniency justice and opportunity while

1564

01:09:22,940 --> 01:09:19,980

those that are surrounded by other

1565

01:09:24,620 --> 01:09:22,950

things don't and I could see witchcraft

1566

01:09:26,749 --> 01:09:24,630

being obtained and being used to

1567

01:09:30,190 --> 01:09:26,759

cultivate and give instruction to those

1568

01:09:32,599 --> 01:09:30,200

who want what the others have and

1569

01:09:35,840 --> 01:09:32,609

rituals for cursing and hexing your

1570

01:09:38,209 --> 01:09:35,850

enemies this is a very culturally at

1571

01:09:40,640 --> 01:09:38,219

least historically accepted truth in

1572

01:09:42,470 --> 01:09:40,650

fact that this is a possibility in the

1573

01:09:46,180 --> 01:09:42,480

matrix of what can and cannot be

1574

01:09:49,780 --> 01:09:46,190

especially in the paths the hidden paths

1575

01:09:53,940 --> 01:09:49,790

that the secret leagues of black

1576

01:09:56,710 --> 01:09:53,950

magicians use to gain power and this is

1577

01:10:00,750 --> 01:09:56,720

identifiable in Native American tribes

1578

01:10:04,990 --> 01:10:00,760

this is identifiable in the deep-rooted

1579

01:10:09,130 --> 01:10:05,000

historical royalty of most generational

1580

01:10:10,810 --> 01:10:09,140

cultures that have at least located

1581

01:10:13,120 --> 01:10:10,820

themselves where the United States is

1582

01:10:14,770 --> 01:10:13,130

now as well as other parts in the planet

1583

01:10:17,830 --> 01:10:14,780

so there's very few cultures that are

1584

01:10:20,380 --> 01:10:17,840

not touched by this power pyramid that

1585

01:10:22,840 --> 01:10:20,390

seems to not sincerely but

1586

01:10:26,560 --> 01:10:22,850

wholeheartedly be after power domination

1587

01:10:30,160 --> 01:10:26,570

and hidden paths that lead to that if

1588

01:10:34,030 --> 01:10:30,170

you can't go to hero paranormal com sign

1589

01:10:35,980 --> 01:10:34,040

up at hero paranormal pod be calm and

1590

01:10:38,590 --> 01:10:35,990

you can get all kinds of awesome stuff

1591

01:10:40,840 --> 01:10:38,600

like special episodes that aren't

1592

01:10:43,900 --> 01:10:40,850

available to other people you become an

1593

01:10:45,610 --> 01:10:43,910

Insider you get secrets of the bunker is

1594

01:10:47,440 --> 01:10:45,620

what I like to call it I don't want to

1595

01:10:50,910 --> 01:10:47,450

talk about it but that's what you'll get

1596

01:10:54,190 --> 01:10:50,920

you'll also get special exclusive

1597

01:10:56,110 --> 01:10:54,200

location Airy data and things that

1598

01:10:58,420 --> 01:10:56,120

happen on property that other people

1599

01:11:02,260 --> 01:10:58,430

don't get if you want to get tax or

1600

01:11:04,900 --> 01:11:02,270

emails just let us know and definitely

1601

01:11:07,810 --> 01:11:04,910

shoot over to space wolf research an

1602

01:11:10,210 --> 01:11:07,820

actual research organization that is

1603

01:11:13,480 --> 01:11:10,220

being privately funded we need donations

1604

01:11:17,020 --> 01:11:13,490

we want special things like safety not a

1605

01:11:18,490 --> 01:11:17,030

big deal or the cameras but yeah it's

1606

01:11:21,880 --> 01:11:18,500

very expensive we're getting it done

1607

01:11:25,090 --> 01:11:21,890

hold up last but not least check out you

1608

01:11:26,070 --> 01:11:25,100

tell you a foam hunters and until next

1609

01:11:29,320 --> 01:11:26,080

time

1610

01:11:37,930 --> 01:11:29,330

eyes to the skies feet on the ground but

1611

01:11:37,940 --> 01:11:45,000

[Music]

1612

01:11:54,580 --> 01:11:48,520

cool blast off in my time machine there

1613

01:11:57,910 --> 01:11:54,590

I feel like advising blast off no last
