got a killer show coming up we have a

10  
00:01:01,580 --> 00:01:00,090

super intelligent individual who is one

11  
00:01:04,609 --> 00:01:01,590

of my favorite people on the planet to

12  
00:01:06,590 --> 00:01:04,619

be honest with you and that's just

13  
00:01:09,530 --> 00:01:06,600

because he's been in the game so long

14

00:01:14,960 --> 00:01:09,540

and has so much knowledge of so many

15

00:01:18,679 --> 00:01:14,970

places in Utah and others and he is so

16

00:01:23,690 --> 00:01:18,689

well known he is known as the Fox Mulder

17

00:01:26,330 --> 00:01:23,700

of the UFO phenomenon here in the state

18

00:01:28,789 --> 00:01:26,340

of Utah and this term was given to him

19

00:01:33,050 --> 00:01:28,799

quite a while ago also they know him as

20

00:01:37,270 --> 00:01:33,060

comm also runs the Utah UFO hunters and

22

00:01:41,149 --> 00:01:39,720

his website I don't think he's updated

23

00:01:42,410 --> 00:01:41,159

it for a while but it's pretty cool it's

24

00:01:48,410 --> 00:01:42,420

more of an archive it's pretty awesome

25

00:01:51,679 --> 00:01:48,420

and he is always on the cutting edge

26  
00:01:55,310 --> 00:01:51,689

27  
00:01:56,719 --> 00:01:55,320

photography too he's an award-winning

30  
00:02:03,679 --> 00:02:02,100

35  
00:02:21,330 --> 00:02:16,570

without further ado alien Dave welcome

56  
00:03:17,390 --> 00:03:15,240  
to the hero paranormal podcast or aka

57  
00:03:21,780 --> 00:03:17,400  
Dave Rosenfeld

58  
00:03:29,130 --> 00:03:21,790  
what do you been up to you man well you

59  
00:03:31,250 --> 00:03:29,140  
know life and and stuff having some deep

60  
00:03:34,320 --> 00:03:31,260  
problems right now but other gnats been

61  
00:03:36,660 --> 00:03:34,330  
been good you know it's funny you

62  
00:03:40,230 --> 00:03:36,670  
mentioned the Jeep I I don't know if I

63  
00:03:42,960 --> 00:03:40,240

mentioned the Jeep in the intro and it

64

00:03:44,640 --> 00:03:42,970

seems like such a silly thing to mention

65

00:03:47,160 --> 00:03:44,650

you know just being able to have a

66

00:03:49,470 --> 00:03:47,170

vehicle that is beyond the capable means

67

00:03:54,620 --> 00:03:49,480

of the average vehicle doesn't sound

68

00:03:58,140 --> 00:03:54,630

like a big deal but when some of these

69

00:04:03,180 --> 00:03:58,150

areas are more difficult in nature to

70

00:04:04,380 --> 00:04:03,190

access that becomes a huge deal that's

71

00:04:05,940 --> 00:04:04,390

correct I mean you have to have a

72

00:04:09,690 --> 00:04:05,950

vehicle they can get you where you need

73

00:04:12,840 --> 00:04:09,700

to go I mean that was a problem with

74

00:04:15,960 --> 00:04:12,850

mine for a few years there was a vehicle

75

00:04:19,260 --> 00:04:15,970

I had before I called hooker

76

00:04:20,580 --> 00:04:19,270

it was people drive and I I really beat

77

00:04:22,480 --> 00:04:20,590

the crap out of that thing I mean

78

00:04:25,270 --> 00:04:22,490

getting it trying to get it

79

00:04:27,820 --> 00:04:25,280

in places I need to go but the Jeep now

80

00:04:29,620 --> 00:04:27,830

it's it I just point it where it wants

81

00:04:32,950 --> 00:04:29,630

and it takes me wherever I want to go

82

00:04:35,469 --> 00:04:32,960

actually you know that previous car you

83

00:04:37,420 --> 00:04:35,479

had kind of impressed me down I can't

84

00:04:39,400 --> 00:04:37,430

say where cuz it's an undisclosed

85

00:04:43,240 --> 00:04:39,410

location but remember when we went down

86

00:04:44,830 --> 00:04:43,250

I had just got I had just got that red

87

00:04:51,010 --> 00:04:44,840

truck my gosh this must have been like

88

00:04:57,640 --> 00:04:51,020

2012 and really cool location oh my gosh

89

00:05:01,629 --> 00:04:57,650

but that little Ranger was broken yeah

90

00:05:03,339 --> 00:05:01,639

that's it took me where I wanted to go

91

00:05:05,439 --> 00:05:03,349

for the most part but being without

92

00:05:08,170 --> 00:05:05,449

four-wheel driving that thing it has its

93

00:05:10,870 --> 00:05:08,180

limits but it was some places it for

94

00:05:13,210 --> 00:05:10,880

sure I mean I've put some major miles on

95

00:05:17,580 --> 00:05:13,220

that big yeah there before that you had

96

00:05:24,040 --> 00:05:17,590

that was it the ARV ARV the big blazer

97

00:05:28,510 --> 00:05:24,050

that thing was crazy crazy I love that

98

00:05:30,100 --> 00:05:28,520

thing I had it for 1314 years and it

99

00:05:32,020 --> 00:05:30,110

started to rest away on me but other

100

00:05:33,240 --> 00:05:32,030

than that I mean nothing I think rocked

101  
00:05:35,680 --> 00:05:33,250  
it I loved it

102  
00:05:38,770 --> 00:05:35,690  
brutal the first time I saw that thing

103  
00:05:42,790 --> 00:05:38,780  
was at a conference you were out at the

104  
00:05:44,469 --> 00:05:42,800  
Peary hotel and you rolled in and I

105  
00:05:46,960 --> 00:05:44,479  
could tell like you can tell a mile away

106  
00:05:49,899 --> 00:05:46,970  
with some vehicle like this that it just

107  
00:05:53,680 --> 00:05:49,909  
doesn't really quite like fit in to the

108  
00:05:55,930 --> 00:05:53,690  
grid you know when they're that elevated

109  
00:05:57,850 --> 00:05:55,940  
and and it's just like oh yeah I saw you

110  
00:06:02,529 --> 00:05:57,860  
like a block away and I'm like oh sweet

111  
00:06:04,960 --> 00:06:02,539  
that's alien Dave and it was like yeah

112  
00:06:10,120 --> 00:06:04,970  
it's it's a vehicle that is more capable

113  
00:06:14,589 --> 00:06:10,130

than you know in an Armageddon situated

114

00:06:18,100 --> 00:06:14,599

in Santilli been like in a very low

115

00:06:20,170 --> 00:06:18,110

sports car compared to an ATV and then

116

00:06:21,909 --> 00:06:20,180

you realize like wow some vehicles can

117

00:06:26,249 --> 00:06:21,919

actually get over stuff other vehicles

118

00:06:31,120 --> 00:06:26,259

couldn't even you know get close to and

119

00:06:34,680 --> 00:06:31,130

in areas like Dugway which I don't know

120

00:06:35,950 --> 00:06:34,690

anybody who has a more all-encompassing

121

00:06:39,219 --> 00:06:35,960

out

122

00:06:45,249 --> 00:06:39,229

look view research time put in and ways

123

00:06:47,230 --> 00:06:45,259

in to view Doug way than you well I'll

124

00:06:49,120 --> 00:06:47,240

tell you what the cheap it definitely

125

00:06:52,270 --> 00:06:49,130

takes me around ed way anywhere I want

126

00:06:54,999 --> 00:06:52,280

to go and and then since I've had the

127

00:06:58,350 --> 00:06:55,009

Jeep I've found some new bad news points

128

00:07:00,760 --> 00:06:58,360

because if the people still anywhere and

129

00:07:01,600 --> 00:07:00,770

these new that it's points I'm telling

130

00:07:03,550 --> 00:07:01,610

you they're awesome

131

00:07:05,499 --> 00:07:03,560

I'm rap that probably take you out there

132

00:07:08,890 --> 00:07:05,509

some other people out there and saves

133

00:07:10,210 --> 00:07:08,900

them at these spots because when see

134

00:07:13,240 --> 00:07:10,220

from these vantage point it's just

135

00:07:18,420 --> 00:07:13,250

unreal and you you're up there all night

136

00:07:21,189 --> 00:07:18,430

and I mean the view is is like no other

137

00:07:23,260 --> 00:07:21,199

man I know the last vantage point that I

138

00:07:25,900 --> 00:07:23,270

met you at and it's been quite a while I

139

00:07:27,640 --> 00:07:25,910

was blown away we were testing out our

140

00:07:31,420 --> 00:07:27,650

night vision we were next to like some

141

00:07:34,570 --> 00:07:31,430

huge satellite tower and it's like the

142

00:07:38,529 --> 00:07:34,580

highest point in the area looking right

143

00:07:40,180 --> 00:07:38,539

down over some gate and I was just like

144

00:07:42,999 --> 00:07:40,190

you got to be kidding me how'd you find

145

00:07:46,320 --> 00:07:43,009

this and you were like man like a lot of

146

00:07:48,670 --> 00:07:46,330

time spent you know making tracks and

147

00:07:51,219 --> 00:07:48,680

it's so cool that you have that

148

00:07:53,230 --> 00:07:51,229

territory just kind of I don't know

149

00:07:55,659 --> 00:07:53,240

anybody that I mean I would feel and

150

00:07:57,969 --> 00:07:55,669

have felt completely lost out there when

151

00:08:00,219 --> 00:07:57,979

I lose your taillights or anything along

152

00:08:02,740 --> 00:08:00,229

that nature you've got it down so patent

153

00:08:04,899 --> 00:08:02,750

it's a big area what are we talking

154

00:08:12,129 --> 00:08:04,909

about now it's over 800,000 acres isn't

155

00:08:19,379 --> 00:08:12,139

it or close to that it's 2,000 square

156

00:08:29,379 --> 00:08:23,409

that way I think it encompasses like

157

00:08:32,110 --> 00:08:29,389

almost 800,000 acres of land so but what

158

00:08:37,980 --> 00:08:32,120

we're talking about is about five times

159

00:08:48,650 --> 00:08:44,180

to put that into perspective that is

160

00:08:51,570 --> 00:08:48,660

800,000 acres 200,000 that we know of

161

00:08:54,030 --> 00:08:51,580

and well yeah that's that's their their

162

00:08:55,860 --> 00:08:54,040

lamb boundary that their airspace goes

163

00:09:00,480 --> 00:08:55,870

beyond that so we're talking about

164

00:09:04,140 --> 00:09:00,490

airspace that is kind of the crown jewel

165

00:09:05,730 --> 00:09:04,150

of military installations I mean and you

166

00:09:10,260 --> 00:09:05,740

have that kind of space in that kind of

167

00:09:15,840 --> 00:09:10,270

airspace I mean you've got you've got

168

00:09:17,070 --> 00:09:15,850

playing God territory and it kind of

169

00:09:20,370 --> 00:09:17,080

sounds like that's what they're dealing

170

00:09:22,740 --> 00:09:20,380

I mean they have michael army airfield

171

00:09:24,480 --> 00:09:22,750

if I'm not mistaken has a you would know

172

00:09:27,620 --> 00:09:24,490

better than me but at last I checked I

173

00:09:30,660 --> 00:09:27,630

believe one of if not the longest

174

00:09:32,520 --> 00:09:30,670

airstrip in the world like 12 miles per

175

00:09:37,620 --> 00:09:32,530

like am i exaggerating or just

176

00:09:39,840 --> 00:09:37,630

corrective um Michael army airfield I

177

00:09:44,360 --> 00:09:39,850

believe in the second longest runway in

178

00:09:49,950 --> 00:09:47,010

sorry you cut out you cut out for a

179

00:09:52,320 --> 00:09:49,960

second where was the largest the largest

180

00:09:54,630 --> 00:09:52,330

is area 51 hmm

181

00:09:57,030 --> 00:09:54,640

so so that kind of tells you something

182

00:10:00,270 --> 00:09:57,040

you know that the longest airstrip on

183

00:10:02,220 --> 00:10:00,280

the planet it air did do one and you

184

00:10:04,950 --> 00:10:02,230

have the second-longest did Michael our

185

00:10:07,950 --> 00:10:04,960

marital bed way it kind of tells you

186

00:10:14,880 --> 00:10:07,960

something I mean it's it's about three

187

00:10:23,040 --> 00:10:14,890

miles long and it was it was expanded

188

00:10:25,260 --> 00:10:23,050

back in 2004 something like that and the

189

00:10:26,970 --> 00:10:25,270

spokesperson for Dugway said the reason

190

00:10:29,280 --> 00:10:26,980

for the expansion was the cargo planes

191

00:10:31,140 --> 00:10:29,290

and so I mean really do you need that

192

00:10:33,240 --> 00:10:31,150

kind of runway for cargo planes with

193

00:10:37,260 --> 00:10:33,250

cargo planes land you know everyday

194

00:10:39,240 --> 00:10:37,270

airports that are normal sized and in

195

00:10:42,030 --> 00:10:39,250

stuff but you know you think about it

196

00:10:45,720 --> 00:10:42,040

you look at it and he researched that

197

00:10:48,180 --> 00:10:45,730

this runway and it was the back up

198

00:10:54,210 --> 00:10:48,190

run away for the Space Shuttle monkeys

199

00:10:56,800 --> 00:10:54,220

you know having some problems you have

200

00:11:01,750 --> 00:10:56,810

it's also one of the widest in the world

201  
00:11:08,410 --> 00:11:01,760  
so I mean rumors have it is you can land

202  
00:11:10,810 --> 00:11:08,420  
a tr-3b on this runway and for our

203  
00:11:13,150 --> 00:11:10,820  
listeners I don't think they some may

204  
00:11:17,079 --> 00:11:13,160  
not grasp what being able to land a

205  
00:11:19,960 --> 00:11:17,089  
tr-3b or being a backup for the Space

206  
00:11:22,990 --> 00:11:19,970  
Shuttle might entail and with this redo

207  
00:11:24,850 --> 00:11:23,000  
in 2004 to put it in perspective for our

208  
00:11:27,790 --> 00:11:24,860  
listeners Dave can you explain what the

209  
00:11:30,220 --> 00:11:27,800  
tr-3b is and how the majority of the

210  
00:11:36,150 --> 00:11:30,230  
population probably isn't even aware of

211  
00:11:40,960 --> 00:11:36,160  
what it is um tr-3b is a flying triangle

212  
00:11:44,949 --> 00:11:40,970  
and rumors have it is it's it's about a

213  
00:11:47,320 --> 00:11:44,959

half a mile or so on each side so you

214

00:11:50,140 --> 00:11:47,330

could almost land an airplane on this

215

00:11:52,510 --> 00:11:50,150

airplane if that's what you want to call

216

00:11:55,360 --> 00:11:52,520

it an airplane but it's more or less a

217

00:11:57,820 --> 00:11:55,370

vehicle we can stay in the air for

218

00:12:00,400 --> 00:11:57,830

months at a time has its own kitchens

219

00:12:03,100 --> 00:12:00,410

and gyms and movie theaters because it

220

00:12:06,240 --> 00:12:03,110

is up there for so long it it creates

221

00:12:08,530 --> 00:12:06,250

its own fuels some say it has

222

00:12:15,880 --> 00:12:08,540

interdimensional types properties where

223

00:12:18,550 --> 00:12:15,890

it can go phase in and out you know it

224

00:12:22,120 --> 00:12:18,560

goes to show that you know it's been

225

00:12:29,130 --> 00:12:22,130

proven more or less that if you can

226

00:12:33,630 --> 00:12:29,140

manipulate gravity you have you have a

227

00:12:37,090 --> 00:12:33,640

like an after effect so time gravity and

228

00:12:39,220 --> 00:12:37,100

space are kind of one you mess with one

229

00:12:40,710 --> 00:12:39,230

and it has an effect on the other so you

230

00:12:43,360 --> 00:12:40,720

don't know how to have to know how to

231

00:12:45,639 --> 00:12:43,370

travel time if you can manipulate

232

00:12:48,850 --> 00:12:45,649

gravity it does that automatically have

233

00:12:51,790 --> 00:12:48,860

that effect so when you fire up this

234

00:12:54,550 --> 00:12:51,800

tr-3b and move

235

00:12:58,630 --> 00:12:54,560

through space at that kind of speed you

236

00:13:01,650 --> 00:12:58,640

not only manipulate time but space as

237

00:13:06,160 --> 00:13:01,660

well just by manipulating the gravity

238

00:13:10,750 --> 00:13:06,170

and this is done through scientific

239

00:13:13,389 --> 00:13:10,760

means this is done through probably back

240

00:13:15,460 --> 00:13:13,399

engineered alien technology with

241

00:13:19,420 --> 00:13:15,470

propulsion systems that would would be

242

00:13:25,389 --> 00:13:19,430

on those type of craft in a way type of

243

00:13:26,920 --> 00:13:25,399

craft or recovered technology and have

244

00:13:28,870 --> 00:13:26,930

you heard of any place where they may

245

00:13:33,639 --> 00:13:28,880

have gathered this technology or where

246

00:13:38,519 --> 00:13:33,649

this came from by any chance I have it

247

00:13:43,690 --> 00:13:41,560

confirmed to me that there are different

248

00:13:46,569 --> 00:13:43,700

spacecraft out there that are man-made

249

00:13:51,250 --> 00:13:46,579

and one of those craft is the venture

250

00:13:53,530 --> 00:13:51,260

star we had a contact dead way who

251  
00:13:56,980 --> 00:13:53,540  
passed all our tests we knew he worked

252  
00:14:01,060 --> 00:13:56,990  
out there he he knew the base well he

253  
00:14:03,610 --> 00:14:01,070  
had told me when we first met he worked

254  
00:14:06,100 --> 00:14:03,620  
out there and he was ill only allowed to

255  
00:14:07,870 --> 00:14:06,110  
see part of the craft and he was he

256  
00:14:09,880 --> 00:14:07,880  
worked on the landing gear for this

257  
00:14:12,690 --> 00:14:09,890  
craft and he says that this is crap that

258  
00:14:17,699 --> 00:14:12,700  
he was working on was third generation

259  
00:14:20,170 --> 00:14:17,709  
and the first generation venture starter

260  
00:14:23,139 --> 00:14:20,180  
went into space and hasn't returned yet

261  
00:14:25,480 --> 00:14:23,149  
so it was on a long mission ER or have

262  
00:14:27,400 --> 00:14:25,490  
problems or whatever but it it hasn't

263  
00:14:32,350 --> 00:14:27,410

returned but if you're talking third

264

00:14:34,840 --> 00:14:32,360

generation in the state 2005 we're

265

00:14:38,829 --> 00:14:34,850

probably on the fourth generation of

266

00:14:40,530 --> 00:14:38,839

that craft here in you know 2019 yeah

267

00:14:42,880 --> 00:14:40,540

it's using different technology than

268

00:14:46,620 --> 00:14:42,890

propulsion systems than we're used to

269

00:14:49,780 --> 00:14:46,630

that totally unconventional technology

270

00:14:53,139 --> 00:14:49,790

it must have been recovered or was an

271

00:14:55,300 --> 00:14:53,149

interdimensional do is there any idea or

272

00:15:00,760 --> 00:14:55,310

theories there's probably multitude

273

00:15:02,019 --> 00:15:00,770

where this technology came from you know

274

00:15:04,300 --> 00:15:02,029

there's all sorts of rivers where it

275

00:15:07,929 --> 00:15:04,310

came from it coulda came from the rod

276

00:15:11,290 --> 00:15:07,939

Crash's I could have been given to us

277

00:15:15,189 --> 00:15:11,300

through some kind of deal like back in

278

00:15:20,079 --> 00:15:15,199

1952 with the Eisenhower documents were

279

00:15:22,119 --> 00:15:20,089

we had an exchange program or you know

280

00:15:27,400 --> 00:15:22,129

there's an exchange for hardware for

281

00:15:29,199 --> 00:15:27,410

software and you know there's lots of

282

00:15:31,540 --> 00:15:29,209

different theories of where this

283

00:15:34,809 --> 00:15:31,550

technology originated from but

284

00:15:37,869 --> 00:15:34,819

originally in my eyes I think it came

285

00:15:39,910 --> 00:15:37,879

from off-planet because I think all this

286

00:15:47,079 --> 00:15:39,920

is my personal belief I think all real

287

00:15:49,290 --> 00:15:47,089

knowledge is taught not learned if you

288

00:15:52,239 --> 00:15:49,300

know what I'm trying to say it's like it

289

00:15:57,040 --> 00:15:52,249

for real technology to be here it was

290

00:15:59,439 --> 00:15:57,050

brought here right it's connected

291

00:16:04,420 --> 00:15:59,449

differently like it's more ancient maybe

292

00:16:06,579 --> 00:16:04,430

or augmented exactly I mean you have to

293

00:16:10,360 --> 00:16:06,589

the ancient technology like the pen

294

00:16:12,929 --> 00:16:10,370

Matas back in India and stuff like that

295

00:16:16,449 --> 00:16:12,939

that could be that could be part of it

296

00:16:19,720 --> 00:16:16,459

but I do believe that in modern times

297

00:16:20,829 --> 00:16:19,730

that if we did find a de nada we

298

00:16:26,499 --> 00:16:20,839

probably wouldn't be able to back

299

00:16:33,040 --> 00:16:26,509

engineer it with a month with our modern

300

00:16:36,100 --> 00:16:33,050

mindset on physics and with what we have

301  
00:16:39,309 --> 00:16:36,110  
back engineered we know that it we know

302  
00:16:41,530 --> 00:16:39,319  
what we've back engineered works or at

303  
00:16:43,240 --> 00:16:41,540  
least there's theories you know even

304  
00:16:46,389 --> 00:16:43,250  
people who have worked for these

305  
00:16:48,490 --> 00:16:46,399  
organizations and I don't want to throw

306  
00:16:50,290 --> 00:16:48,500  
that in the mix but I know you know we

307  
00:16:52,119 --> 00:16:50,300  
know each other so well it's hard for me

308  
00:16:54,999 --> 00:16:52,129  
to not like want to throw out like

309  
00:16:58,720 --> 00:16:55,009  
random crazy mix of like some of the

310  
00:17:00,850 --> 00:16:58,730  
things I know you know however you have

311  
00:17:05,049 --> 00:17:00,860  
had informants who have worked on some

312  
00:17:09,189 --> 00:17:05,059  
of these spacecraft and they've given

313  
00:17:10,419 --> 00:17:09,199

you a view into the window of what

314

00:17:14,139 --> 00:17:10,429

exactly they're doing it's very

315

00:17:15,549 --> 00:17:14,149

compartmentalized but they know in some

316

00:17:16,540 --> 00:17:15,559

way shape or form they're working on

317

00:17:22,000 --> 00:17:16,550

something

318

00:17:24,970 --> 00:17:22,010

way higher level is that correct yes you

319

00:17:27,310 --> 00:17:24,980

can put it like this stealth technology

320

00:17:30,370 --> 00:17:27,320

when it when it came tumbling it was 40

321

00:17:34,450 --> 00:17:30,380

years old and so what we have today

322

00:17:36,850 --> 00:17:34,460

would seem like magic or godlike

323

00:17:39,190 --> 00:17:36,860

technology compared to what people are

324

00:17:41,740 --> 00:17:39,200

used to you know normal airplanes

325

00:17:44,860 --> 00:17:41,750

helicopters fighter jets that type of

326

00:17:47,650 --> 00:17:44,870

stuff I mean the stuff they'll be we are

327

00:17:49,300 --> 00:17:47,660

keeping hidden now might not just be the

328

00:17:52,030 --> 00:17:49,310

military that's doing this there's

329

00:17:55,870 --> 00:17:52,040

there's plenty of companies out there

330

00:18:00,580 --> 00:17:55,880

like Raytheon or Boeing or you know

331

00:18:03,010 --> 00:18:00,590

Lockheed that could have very well have

332

00:18:05,590 --> 00:18:03,020

this technology and kept it secret even

333

00:18:08,830 --> 00:18:05,600

from their military contacts or the

334

00:18:12,760 --> 00:18:08,840

government themselves it in in fact be

335

00:18:16,360 --> 00:18:12,770

unlike the birds or has not passed like

336

00:18:18,220 --> 00:18:16,370

a breakaway civilization so these people

337

00:18:20,170 --> 00:18:18,230

might have technology that they're

338

00:18:21,700 --> 00:18:20,180

keeping secret and they said you know

339

00:18:24,220 --> 00:18:21,710

they might have a government contractor

340

00:18:26,170 --> 00:18:24,230

military contract and said okay we're

341

00:18:28,930 --> 00:18:26,180

making this part for you or this engine

342

00:18:32,560 --> 00:18:28,940

for you or this plane or this spaceship

343

00:18:34,480 --> 00:18:32,570

here you go but with the black project

344

00:18:37,750 --> 00:18:34,490

money that they got they might have

345

00:18:40,330 --> 00:18:37,760

built two or three of those or maybe

346

00:18:41,770 --> 00:18:40,340

just a basic one for the military it and

347

00:18:48,520 --> 00:18:41,780

kept the really good stuff for

348

00:18:51,070 --> 00:18:48,530

themselves I've it's really strange that

349

00:18:55,780 --> 00:18:51,080

you mentioned that I've I've spoken with

350

00:18:58,390 --> 00:18:55,790

some guys who claim to be super soldiers

351

00:19:01,390 --> 00:18:58,400

and that's really difficult to back up

352

00:19:05,590 --> 00:19:01,400

because that means they're connected to

353

00:19:08,830 --> 00:19:05,600

a type of organization black-budget that

354

00:19:12,070 --> 00:19:08,840

utilizes people whether they want to be

355

00:19:16,480 --> 00:19:12,080

used or not free of charge basically and

356

00:19:18,790 --> 00:19:16,490

it's super classified but what it

357

00:19:21,130 --> 00:19:18,800

reminds me of is there's no way to

358

00:19:25,210 --> 00:19:21,140

verify what they do and that is the case

359

00:19:27,730 --> 00:19:25,220

a lot of times it's I've spoken with

360

00:19:29,830 --> 00:19:27,740

different people and they've verified

361

00:19:30,280 --> 00:19:29,840

that it's difficult for some of these

362

00:19:32,260 --> 00:19:30,290

area

363

00:19:38,110 --> 00:19:32,270

fifty-one employees for example to

364

00:19:41,770 --> 00:19:38,120

verify income sometimes or you know

365

00:19:44,380 --> 00:19:41,780

where they work and although they're

366

00:19:48,550 --> 00:19:44,390

able to do it a lot of times they have

367

00:19:53,080 --> 00:19:48,560

such a higher level of clearance than

368

00:19:56,200 --> 00:19:53,090

you or I or anyone really could and a

369

00:19:59,260 --> 00:19:56,210

lot of these people presidents have been

370

00:20:01,690 --> 00:19:59,270

10 times dirtier than these individuals

371

00:20:04,720 --> 00:20:01,700

that work at some of these bases and

372

00:20:06,940 --> 00:20:04,730

what they have to do to get like not

373

00:20:11,230 --> 00:20:06,950

only keep that clearance but get that

374

00:20:13,510 --> 00:20:11,240

clearance like you can't have minimal

375

00:20:18,760 --> 00:20:13,520

like it's ridiculous like credit things

376

00:20:21,730 --> 00:20:18,770

minimal things bankruptcies ID anything

377

00:20:25,060 --> 00:20:21,740

will throw you out a DUI a trespassing

378

00:20:29,080 --> 00:20:25,070

charge a anything at all a traffic

379

00:20:32,640 --> 00:20:29,090

ticket over a certain amount its these

380

00:20:35,350 --> 00:20:32,650

clearances are like interesting and

381

00:20:37,690 --> 00:20:35,360

these people are working in capacities

382

00:20:43,020 --> 00:20:37,700

that they know we're very high yet

383

00:20:48,160 --> 00:20:45,700

totally believe that it's just like when

384

00:20:50,740 --> 00:20:48,170

I when I like talk about that way in

385

00:20:53,290 --> 00:20:50,750

public like a comic-con or a conference

386

00:20:54,940 --> 00:20:53,300

or something you know people stand up

387

00:20:57,070 --> 00:20:54,950

and they said oh you know that way I

388

00:20:58,720 --> 00:20:57,080

live out it that way that was a great

389

00:21:04,870 --> 00:20:58,730

place to raise kids you know there's

390

00:21:06,430 --> 00:21:04,880

nothing like and they're in there like

391

00:21:08,550 --> 00:21:06,440

these people that live out the dead lady

392

00:21:14,080 --> 00:21:08,560

they think oh what's going on out here

393

00:21:18,280 --> 00:21:14,090

it's a great place but small part of

394

00:21:20,200 --> 00:21:18,290

that base and that's a Ditto area now

395

00:21:23,650 --> 00:21:20,210

there there are areas out there that are

396

00:21:24,990 --> 00:21:23,660

that are off-limits to civilians that

397

00:21:28,000 --> 00:21:25,000

lives out there and there's probably

398

00:21:32,560 --> 00:21:28,010

more areas out there there special use

399

00:21:36,720 --> 00:21:32,570

and those require even more clearance

400

00:21:39,580 --> 00:21:36,730

and like for instance I have this

401  
00:21:41,919 --> 00:21:39,590  
contact it that way and he said he told

402  
00:21:43,870 --> 00:21:41,929  
me he said I have a pretty high

403  
00:21:45,370 --> 00:21:43,880  
clearance at it that way but I am not

404  
00:21:49,210 --> 00:21:45,380  
allowed to take pictures in a certain

405  
00:21:52,600 --> 00:21:49,220  
area or even point my camera up in that

406  
00:21:54,730 --> 00:21:52,610  
area and yeah I can do it because I'm

407  
00:21:57,490 --> 00:21:54,740  
not cleaned out part of the military

408  
00:21:59,769 --> 00:21:57,500  
yeah you know you start pointing your

409  
00:22:01,330 --> 00:21:59,779  
camera in that direction with you know

410  
00:22:03,190 --> 00:22:01,340  
high-powered zoom lenses and there's

411  
00:22:06,990 --> 00:22:03,200  
nothing much there so you're thinking

412  
00:22:10,510 --> 00:22:07,000  
why would they keep that area you know

413  
00:22:12,700 --> 00:22:10,520

off-limits to photography here for even

414

00:22:15,269 --> 00:22:12,710

the military personnel that's out there

415

00:22:21,750 --> 00:22:15,279

when there's really nothing there

416

00:22:25,810 --> 00:22:21,760

it is it makes you question the whole

417

00:22:31,690 --> 00:22:25,820

you know see what I see or do what I do

418

00:22:34,240 --> 00:22:31,700

but don't like I type up there you know

419

00:22:38,380 --> 00:22:34,250

but I mean there are places out there

420

00:22:40,149 --> 00:22:38,390

that I mean I've even got invited to to

421

00:22:43,930 --> 00:22:40,159

have tours out there and as well you

422

00:22:45,940 --> 00:22:43,940

know that's the surface and I'm pretty

423

00:22:48,070 --> 00:22:45,950

sure that most of the really high-tech

424

00:22:52,090 --> 00:22:48,080

stuff or the top-secret stuff's doctor

425

00:22:57,039 --> 00:22:52,100

ground it's difficult because I've seen

426

00:22:59,620 --> 00:22:57,049

some of the amazing I guess it's our

427

00:23:02,980 --> 00:22:59,630

magic is what I want to call it because

428

00:23:05,289 --> 00:23:02,990

what I saw was beyond technology yeah

429

00:23:09,039 --> 00:23:05,299

they'll straight up say there's alien

430

00:23:16,240 --> 00:23:09,049

artificial you know reverse engineered

431

00:23:18,580 --> 00:23:16,250

intelligence type technology magic yeah

432

00:23:20,970 --> 00:23:18,590

I mean you have people in that right now

433

00:23:23,110 --> 00:23:20,980

and Steven Greer is a disclosure project

434

00:23:28,000 --> 00:23:23,120

witnesses that are come forward that

435

00:23:30,029 --> 00:23:28,010

have said you know there are underground

436

00:23:33,570 --> 00:23:30,039

bases testing and maintaining an

437

00:23:37,960 --> 00:23:33,580

extraterrestrial technology in Utah

438

00:23:39,850 --> 00:23:37,970

reach reachable only by air and we're

439

00:23:42,850 --> 00:23:39,860

flying anti-gravity vehicles up there

440

00:23:45,279 --> 00:23:42,860

and in Utah right now and that was

441

00:23:47,150 --> 00:23:45,289

decades ago when that wind up state

442

00:23:51,140 --> 00:23:47,160

statements came out

443

00:23:52,790 --> 00:23:51,150

so you think about what what had what

444

00:23:57,650 --> 00:23:52,800

could you think they don't tend to tire

445

00:23:59,030 --> 00:23:57,660

in a decade or two decades in a facility

446

00:24:01,220 --> 00:23:59,040

like that way

447

00:24:04,100 --> 00:24:01,230

with that kind of landmass that kind of

448

00:24:07,790 --> 00:24:04,110

air space I mean that there's not just

449

00:24:10,730 --> 00:24:07,800

testing biological and Radiological

450

00:24:13,520 --> 00:24:10,740

weapons out there they're talking we're

451  
00:24:17,540 --> 00:24:13,530  
talking about weaponry they can reach

452  
00:24:19,700 --> 00:24:17,550  
space we're talking about craft that can

453  
00:24:22,040 --> 00:24:19,710  
easily go in the space or reach the moon

454  
00:24:23,350 --> 00:24:22,050  
or mars easily who probably does so on a

455  
00:24:26,090 --> 00:24:23,360  
regular basis

456  
00:24:29,060 --> 00:24:26,100  
we're talking about godlike technology

457  
00:24:33,200 --> 00:24:29,070  
that that's being tested which D miles

458  
00:24:36,950 --> 00:24:33,210  
away from Salt Lake City and with that

459  
00:24:40,910 --> 00:24:36,960  
weighs huge history of failures and mess

460  
00:24:44,990 --> 00:24:40,920  
ups you know you have somebody out there

461  
00:24:46,580 --> 00:24:45,000  
playing God and and mess up we're all

462  
00:24:51,290 --> 00:24:46,590  
gonna feel the after-effects of that

463  
00:24:53,140 --> 00:24:51,300

messed up so I mean I've been in bandits

464

00:24:58,010 --> 00:24:53,150

points out by Dugway and we've witnessed

465

00:25:04,120 --> 00:24:58,020

you know being tests and and weird weird

466

00:25:07,160 --> 00:25:04,130

type of craft like cloaking technology

467

00:25:11,870 --> 00:25:07,170

you know all sorts of weird stuff and

468

00:25:13,160 --> 00:25:11,880

and it seems like kind of like 10 like

469

00:25:15,320 --> 00:25:13,170

skin walks you know when you go out

470

00:25:17,090 --> 00:25:15,330

there and when you see phenomenon out

471

00:25:19,550 --> 00:25:17,100

there and then you go back out there or

472

00:25:21,500 --> 00:25:19,560

you know a dozen times later and you see

473

00:25:26,210 --> 00:25:21,510

something else it's never the same you

474

00:25:30,860 --> 00:25:26,220

never see the same thing twice but it

475

00:25:32,840 --> 00:25:30,870

does become more intimate isn't it weird

476  
00:25:35,540 --> 00:25:32,850  
though like when you see something in

477  
00:25:37,540 --> 00:25:35,550  
Dugway or in what I like to call

478  
00:25:40,160 --> 00:25:37,550  
shapeshifter territory just to cover my

479  
00:25:41,750 --> 00:25:40,170  
I'm a neighbor and you're kind of a

480  
00:25:46,640 --> 00:25:41,760  
neighbor and we're all kind of neighbors

481  
00:25:48,890 --> 00:25:46,650  
in this area and it's you know just

482  
00:25:51,650 --> 00:25:48,900  
today I had to contact all the

483  
00:25:55,160 --> 00:25:51,660  
connecting properties and say hey I

484  
00:25:56,780 --> 00:25:55,170  
don't know whose cows these are but

485  
00:25:57,070 --> 00:25:56,790  
there's a lot of cows on the property

486  
00:26:05,650 --> 00:25:57,080  
and

487  
00:26:07,750 --> 00:26:05,660  
know four out of four one was like yeah

488  
00:26:10,710 --> 00:26:07,760

they're my cows and I'll take care of it

489

00:26:14,560 --> 00:26:10,720

on Thursday or so would you know but

490

00:26:18,340 --> 00:26:14,570

Dave you realize that like the it's

491

00:26:19,900 --> 00:26:18,350

crazy when you start realizing some of

492

00:26:21,340 --> 00:26:19,910

the things that have happened in both

493

00:26:25,000 --> 00:26:21,350

areas that you just mentioned

494

00:26:27,130 --> 00:26:25,010

shapeshifter territory the quote unquote

495

00:26:29,770 --> 00:26:27,140

where the skinwalker phenomena or the

496

00:26:31,660 --> 00:26:29,780

shapeshifter phenomena or the Native

497

00:26:36,700 --> 00:26:31,670

American witch reweighed phenomenon

498

00:26:39,120 --> 00:26:36,710

takes place these ranch lands and this

499

00:26:48,850 --> 00:26:39,130

quote-unquote

500

00:26:53,080 --> 00:26:48,860

well area 51 part 2 area 52 has possibly

501  
00:26:58,840 --> 00:26:53,090  
way more than area 51 has ever been

502  
00:27:02,590 --> 00:26:58,850  
rumored to have yeah I agree I think

503  
00:27:05,260 --> 00:27:02,600  
that the proving grounds is a crown

504  
00:27:07,030 --> 00:27:05,270  
jewel in the military's eyes I mean you

505  
00:27:09,640 --> 00:27:07,040  
have that kind of land space that kind

506  
00:27:13,980 --> 00:27:09,650  
of bare space and then you on top of

507  
00:27:16,240 --> 00:27:13,990  
that you have history of failures of

508  
00:27:19,330 --> 00:27:16,250  
chemical weaponry and what-have-you so

509  
00:27:22,900 --> 00:27:19,340  
it makes it kind of a scary place I mean

510  
00:27:24,510 --> 00:27:22,910  
it's it's that Pandora's Box you know

511  
00:27:26,740 --> 00:27:24,520  
one of the scariest places on earth

512  
00:27:28,750 --> 00:27:26,750  
because they do they've tested

513  
00:27:32,020 --> 00:27:28,760

everything but nuclear weapons out there

514

00:27:34,420 --> 00:27:32,030

up to ten megatons so anything that you

515

00:27:37,090 --> 00:27:34,430

can think of as a weapon has been tested

516

00:27:41,560 --> 00:27:37,100

out there it's where they test Minuteman

517

00:27:44,950 --> 00:27:41,570

missiles tracking technology laser beam

518

00:27:47,530 --> 00:27:44,960

technologies phasers lasers you name it

519

00:27:49,990 --> 00:27:47,540

as far as weaponry go it goes that's

520

00:27:54,040 --> 00:27:50,000

been tested out there so you you have

521

00:27:55,930 --> 00:27:54,050

that as a public kind of you know hey

522

00:27:58,810 --> 00:27:55,940

this is public knowledge is what we do

523

00:28:00,880 --> 00:27:58,820

out here but it's not all they do out

524

00:28:03,010 --> 00:28:00,890

there because you doing up the backside

525

00:28:05,470 --> 00:28:03,020

where you know hey NASA mission cert

526  
00:28:08,260 --> 00:28:05,480  
landing spacecraft out there Kennison

527  
00:28:10,320 --> 00:28:08,270  
Stardust those type of missions and then

528  
00:28:12,840 --> 00:28:10,330  
you have two black project stuff that no

529  
00:28:15,690 --> 00:28:12,850  
talks about kinda like that beam test we

530  
00:28:17,460 --> 00:28:15,700  
seem well we confronted you know the

531  
00:28:20,610 --> 00:28:17,470  
spokesperson for Doug way it did hey you

532  
00:28:22,050 --> 00:28:20,620  
know here's some pictures of you know

533  
00:28:24,740 --> 00:28:22,060  
what we've seen out there and they

534  
00:28:26,970 --> 00:28:24,750  
totally deny it until their signage is

535  
00:28:28,500 --> 00:28:26,980  
pointed out in their pictures and then

536  
00:28:30,930 --> 00:28:28,510  
they say oh yeah we were doing some

537  
00:28:35,850 --> 00:28:30,940  
testing out there that night but that's

538  
00:28:37,710 --> 00:28:35,860

all we can say but on the other point of

539

00:28:41,130 --> 00:28:37,720

that when they when they do come forward

540

00:28:44,220 --> 00:28:41,140

they say Johnny or our contractors out

541

00:28:46,820 --> 00:28:44,230

here left their privacy and so you're

542

00:28:51,990 --> 00:28:46,830

talking about contractors like rocky

543

00:28:54,540 --> 00:28:52,000

Northrop you know Raytheon there's

544

00:28:56,730 --> 00:28:54,550

probably thirty contractors out there

545

00:28:59,100 --> 00:28:56,740

more or less doing whatever they want

546

00:29:00,510 --> 00:28:59,110

because that kind of land that kind of

547

00:29:03,150 --> 00:29:00,520

airspace gives them that kind of

548

00:29:06,960 --> 00:29:03,160

privilege and when we go close to there

549

00:29:09,360 --> 00:29:06,970

we see these kind of tests you know and

550

00:29:12,440 --> 00:29:09,370

take video and pictures of these tests

551  
00:29:15,560 --> 00:29:12,450  
they're a total denial until we can show

552  
00:29:19,680 --> 00:29:15,570  
hey this is Dugway this isn't you know

553  
00:29:22,110 --> 00:29:19,690  
Australia Wyoming Green this is your

554  
00:29:26,250 --> 00:29:22,120  
property in this testing done under

555  
00:29:29,310 --> 00:29:26,260  
property and so you get the basic kind

556  
00:29:32,610 --> 00:29:29,320  
of you know oh yeah we know we do this

557  
00:29:34,980 --> 00:29:32,620  
type of stuff out here but you know with

558  
00:29:39,840 --> 00:29:34,990  
bombing runs teaching pilots Hutta

559  
00:29:42,210 --> 00:29:39,850  
to run bombs and you know why fire

560  
00:29:45,840 --> 00:29:42,220  
exercise stuff like that and then on the

561  
00:29:50,280 --> 00:29:45,850  
other side you have testing of super

562  
00:29:52,790 --> 00:29:50,290  
technology more or less um I've been an

563  
00:29:56,130 --> 00:29:52,800

interesting fellow at Comic Con one time

564

00:29:58,200 --> 00:29:56,140

when here when I was doing Comicon and

565

00:30:00,630 --> 00:29:58,210

he came to me and he says I want very

566

00:30:04,380 --> 00:30:00,640

familiar with your website I work at

567

00:30:05,730 --> 00:30:04,390

Dugway we did have a ban on your

568

00:30:08,550 --> 00:30:05,740

t-shirts where we couldn't wear your

569

00:30:11,700 --> 00:30:08,560

t-shirts or having to do they you know

570

00:30:14,100 --> 00:30:11,710

stickers or anything like that and so

571

00:30:15,900 --> 00:30:14,110

I've been stalling efforts for some time

572

00:30:19,590 --> 00:30:15,910

and I would like to kind of tell you

573

00:30:21,870 --> 00:30:19,600

something because I had no longer work

574

00:30:23,320 --> 00:30:21,880

there but he said he worked for Baker

575

00:30:28,960 --> 00:30:23,330

lat

576

00:30:30,580 --> 00:30:28,970

and he worked in the mountain so I mean

577

00:30:32,320 --> 00:30:30,590

if you know anything about that way you

578

00:30:35,710 --> 00:30:32,330

do you have a huge mountain out there at

579

00:30:37,989 --> 00:30:35,720

Cal Grant amount it's a big mountain and

580

00:30:45,190 --> 00:30:37,999

it takes up miles and miles and miles of

581

00:30:49,590 --> 00:30:45,200

space and in that mountain is now if you

582

00:30:53,649 --> 00:30:49,600

have that kind of privacy let's say on

583

00:30:58,299 --> 00:30:53,659

that type of that large metal and I mean

584

00:31:00,519 --> 00:30:58,309

you know many many times larger than air

585

00:31:05,379 --> 00:31:00,529

61 are you talking about area 51 that s

586

00:31:10,930 --> 00:31:05,389

for now and that way has Granite

587

00:31:12,580 --> 00:31:10,940

Mountain and rumors are another location

588

00:31:14,169 --> 00:31:12,590

but I'm not going to get into that right

589

00:31:18,460 --> 00:31:14,179

now because that's just looking I have

590

00:31:22,029 --> 00:31:18,470

found and haven't confirmed but when you

591

00:31:26,799 --> 00:31:22,039

have that kind of space a kind of

592

00:31:31,599 --> 00:31:26,809

privacy you can more or less come up

593

00:31:34,299 --> 00:31:31,609

with a breakaway civilization very

594

00:31:36,279 --> 00:31:34,309

easily because nobody's going to see it

595

00:31:38,680 --> 00:31:36,289

it buries for you they're going to know

596

00:31:41,739 --> 00:31:38,690

about it and I mean even the people who

597

00:31:43,869 --> 00:31:41,749

work it that way security the you know

598

00:31:47,729 --> 00:31:43,879

the staff all that techniques are not

599

00:31:52,090 --> 00:31:47,739

privity to that so you're talking about a

600

00:31:55,330 --> 00:31:52,100

totally private huge land mass military

601  
00:31:58,960 --> 00:31:55,340  
owned where you can do whatever you want

602  
00:32:01,599 --> 00:31:58,970  
I don't even think that Dugway actually

603  
00:32:04,509 --> 00:32:01,609  
knows exactly everything that goes on

604  
00:32:05,919 --> 00:32:04,519  
there because you have contractors out

605  
00:32:10,149 --> 00:32:05,929  
there with more or less their own built

606  
00:32:12,609 --> 00:32:10,159  
their own bases between stuff totally in

607  
00:32:14,710 --> 00:32:12,619  
private you have no oversight on the

608  
00:32:16,659 --> 00:32:14,720  
entire facility no congressional

609  
00:32:20,769 --> 00:32:16,669  
oversight no independent oversight you

610  
00:32:24,070 --> 00:32:20,779  
have UFO Watchers as oversight and they

611  
00:32:26,889 --> 00:32:24,080  
want to take away more land that was

612  
00:32:31,060 --> 00:32:26,899  
their plan back in what 2008 was to take

613  
00:32:34,090 --> 00:32:31,070

another oh I don't know 30 miles out the

614

00:32:36,230 --> 00:32:34,100

south side because of people like me and

615

00:32:39,500 --> 00:32:36,240

you that go out there and watch

616

00:32:43,400 --> 00:32:39,510

and so well that that area too is also

617

00:32:47,840 --> 00:32:43,410

been contaminated from their bombing

618

00:32:49,700 --> 00:32:47,850

runs you know back in the day and so

619

00:32:53,330 --> 00:32:49,710

they kind of want to buy that land to

620

00:32:57,410 --> 00:32:53,340

stay keep their legal mumbo jumbo in

621

00:32:59,750 --> 00:32:57,420

check but you have this type of facility

622

00:33:01,670 --> 00:32:59,760

in this type of land for these type of

623

00:33:04,420 --> 00:33:01,680

contractors out there do whatever they

624

00:33:07,580 --> 00:33:04,430

want they could be so far ahead in

625

00:33:13,190 --> 00:33:07,590

testing tech new technologies that it

626

00:33:16,790 --> 00:33:13,200

would seem godlike to us we we basically

627

00:33:19,880 --> 00:33:16,800

have people so far had technology wise

628

00:33:23,210 --> 00:33:19,890

and as far as the legal aspects so far

629

00:33:25,790 --> 00:33:23,220

ahead claiming lands they mayor hey you

630

00:33:30,730 --> 00:33:25,800

know that covering themselves every

631

00:33:35,030 --> 00:33:30,740

which way from Sunday by means that are

632

00:33:37,930 --> 00:33:35,040

not only don't affect us or we claim

633

00:33:42,140 --> 00:33:37,940

don't affect us and I buy we I claim

634

00:33:44,770 --> 00:33:42,150

it's wherever the average citizen would

635

00:33:47,300 --> 00:33:44,780

go for information you get nothing and

636

00:33:50,090 --> 00:33:47,310

where somebody like yourself or myself

637

00:33:53,960 --> 00:33:50,100

know that this is an area where people

638

00:33:56,500 --> 00:33:53,970

have died animals have died people of

639

00:33:59,060 --> 00:33:56,510

certain faiths have been put in

640

00:34:01,790 --> 00:33:59,070

situations I mean there was an incident

641

00:34:04,160 --> 00:34:01,800

with sheep the list goes on and on and

642

00:34:07,970 --> 00:34:04,170

we don't have to go into them but

643

00:34:11,630 --> 00:34:07,980

testing of ways you can tell that it's

644

00:34:16,250 --> 00:34:11,640

more of a man-made technology that is

645

00:34:20,240 --> 00:34:16,260

taking place it may be introduced

646

00:34:23,120 --> 00:34:20,250

or be able to travel a lot faster than

647

00:34:27,500 --> 00:34:23,130

anything that the NASA people would have

648

00:34:30,860 --> 00:34:27,510

us believe I don't buy for a second that

649

00:34:34,940 --> 00:34:30,870

we haven't been back to the moon don't

650

00:34:36,560 --> 00:34:34,950

buy it for a second and don't buy it for

651  
00:34:42,020 --> 00:34:36,570  
a second that we got there when we

652  
00:34:44,480 --> 00:34:42,030  
claimed we did so it's kind of like we

653  
00:34:49,359 --> 00:34:44,490  
got here we're there we did it everybody

654  
00:34:52,119 --> 00:34:49,369  
else go away and for the last what 619

655  
00:34:57,190 --> 00:34:52,129  
69 we've probably been going on a daily

656  
00:34:59,499 --> 00:34:57,200  
basis doing something so I think the

657  
00:35:01,329 --> 00:34:59,509  
venture star is rumored to have you know

658  
00:35:03,370 --> 00:35:01,339  
he goes to the moon on regular basis

659  
00:35:04,930 --> 00:35:03,380  
they can take 33 people into space

660  
00:35:08,859 --> 00:35:04,940  
unlike the space shuttle they can take

661  
00:35:13,029 --> 00:35:08,869  
white 7/9 like that I love the 33 like

662  
00:35:16,870 --> 00:35:13,039  
that's by accident right the symbology

663  
00:35:20,769 --> 00:35:16,880

they're right in it just intergalactic

664

00:35:24,489 --> 00:35:20,779

travel 33 passengers no mention let's go

665

00:35:27,309 --> 00:35:24,499

and that's exactly the type of

666

00:35:29,499 --> 00:35:27,319

technology I've seen stuff without I

667

00:35:33,400 --> 00:35:29,509

don't want to go into it but I've seen

668

00:35:35,019 --> 00:35:33,410

stuff that it's very similar some things

669

00:35:39,519 --> 00:35:35,029

have been very similar between

670

00:35:42,759 --> 00:35:39,529

shapeshifter territory and Dugway

671

00:35:43,180 --> 00:35:42,769

proving grounds and I you know what I

672

00:35:45,099 --> 00:35:43,190

mean

673

00:35:48,579 --> 00:35:45,109

it's there's just so much going on but

674

00:35:49,269 --> 00:35:48,589

some of the things right like cloaking

675

00:35:55,239 --> 00:35:49,279

technology

676

00:35:58,470 --> 00:35:55,249

yep yeah there's there's all sorts of

677

00:36:00,670 --> 00:35:58,480

I've gotten all sorts of email and

678

00:36:02,620 --> 00:36:00,680

messages from people that work out there

679

00:36:06,009 --> 00:36:02,630

saying that that technology is big

680

00:36:09,489 --> 00:36:06,019

tested out there or was being tested out

681

00:36:11,019 --> 00:36:09,499

there and you know you have to take

682

00:36:13,989 --> 00:36:11,029

those with a grain of salt but when they

683

00:36:15,549 --> 00:36:13,999

come up with these these huge stories

684

00:36:18,130 --> 00:36:15,559

and you say you meet these people in

685

00:36:22,989 --> 00:36:18,140

person and they they are so paranoid

686

00:36:26,589 --> 00:36:22,999

about telling you what they know you

687

00:36:28,690 --> 00:36:26,599

have to take that as hey this is got to

688

00:36:32,999 --> 00:36:28,700

have some truth to it because this guy's

689

00:36:37,089 --> 00:36:35,769

it doesn't take you know yeah it doesn't

690

00:36:41,859 --> 00:36:37,099

take much to scare you

691

00:36:46,059 --> 00:36:41,869

in these areas whether it be up in the

692

00:36:49,779 --> 00:36:46,069

UN de Basin or out in the areas of

693

00:36:55,420 --> 00:36:49,789

Dugway they're similar they are similar

694

00:36:57,430 --> 00:36:55,430

in that anything can happen right the

695

00:36:59,440 --> 00:36:57,440

basin is one of those places where you

696

00:37:02,860 --> 00:36:59,450

know I've had a lot of sightings in the

697

00:37:06,490 --> 00:37:02,870

basement myself and and photographs and

698

00:37:07,900 --> 00:37:06,500

amazing UFOs and strange orbs crypto

699

00:37:09,670 --> 00:37:07,910

creatures and that type of thing and

700

00:37:11,350 --> 00:37:09,680

I've also had a big boost sighting in

701  
00:37:16,270 --> 00:37:11,360  
the base and well kind of the high unit

702  
00:37:20,590 --> 00:37:16,280  
part of the basin but I mean there was a

703  
00:37:23,830 --> 00:37:20,600  
time back in around 2000 so say early

704  
00:37:27,040 --> 00:37:23,840  
early 2000s where I was having a lot

705  
00:37:30,630 --> 00:37:27,050  
going on and I would get called to kind

706  
00:37:34,230 --> 00:37:30,640  
of like telepathically talk to that area

707  
00:37:37,720 --> 00:37:34,240  
it didn't seem to matter where I went

708  
00:37:40,900 --> 00:37:37,730  
they just wanted me kind of out of the

709  
00:37:43,810 --> 00:37:40,910  
way almost like in a rural area to show

710  
00:37:46,990 --> 00:37:43,820  
themselves or put on a display or

711  
00:37:50,500 --> 00:37:47,000  
whatever whatever it is that was that

712  
00:37:52,510 --> 00:37:50,510  
was going to go on at that time and and

713  
00:37:54,100 --> 00:37:52,520

it was this it was kind of a dark time

714

00:37:57,880 --> 00:37:54,110

for me too because I didn't really know

715

00:38:01,420 --> 00:37:57,890

what was going on other than strange

716

00:38:03,460 --> 00:38:01,430

phenomena was occurring in my life and I

717

00:38:07,320 --> 00:38:03,470

would go to these places and strange

718

00:38:12,430 --> 00:38:07,330

stuff would happen and so it made me

719

00:38:14,710 --> 00:38:12,440

kind of think of you know why why me why

720

00:38:18,490 --> 00:38:14,720

why am I being picked for this why am i

721

00:38:22,240 --> 00:38:18,500

why am I here in this location in the

722

00:38:25,150 --> 00:38:22,250

middle of the night alone yes it really

723

00:38:27,970 --> 00:38:25,160

gets you thinking and then you know over

724

00:38:32,170 --> 00:38:27,980

time you know that that phenomena have

725

00:38:36,610 --> 00:38:32,180

kind of slowed down for me but it also

726

00:38:39,880 --> 00:38:36,620

gave me time to reflect on those those

727

00:38:44,650 --> 00:38:39,890

instance where that phenomenon would

728

00:38:46,980 --> 00:38:44,660

happen and it also gave me time to like

729

00:38:52,150 --> 00:38:46,990

regain memories from some of those

730

00:38:54,850 --> 00:38:52,160

encounters let's say and I mean I can I

731

00:38:57,520 --> 00:38:54,860

could tell stories about my childhood

732

00:38:59,920 --> 00:38:57,530

that would blow people away and I don't

733

00:39:03,190 --> 00:38:59,930

because I think I'm I'm trying to write

734

00:39:05,950 --> 00:39:03,200

a book but it you know for me writing a

735

00:39:09,190 --> 00:39:05,960

book is hard I've been - I've been

736

00:39:11,920 --> 00:39:09,200

trying to read about years but it's not

737

00:39:17,609 --> 00:39:11,930

all about trying to pump out a book for

738

00:39:23,799 --> 00:39:17,619

for publicity here same I want it to be

739

00:39:26,319 --> 00:39:23,809

as real as I can remember it and and

740

00:39:29,109 --> 00:39:26,329

there's there's times where I look back

741

00:39:31,750 --> 00:39:29,119

on my note and I go oh I remember more

742

00:39:33,640 --> 00:39:31,760

and so I if I were to publish typical

743

00:39:37,960 --> 00:39:33,650

essays five years ago and be missing

744

00:39:40,240 --> 00:39:37,970

details because it's almost like a

745

00:39:43,089 --> 00:39:40,250

constant thing to me when I when I look

746

00:39:45,309 --> 00:39:43,099

back on come up my encounters or

747

00:39:49,269 --> 00:39:45,319

sightings like I remember a little bit

748

00:39:52,150 --> 00:39:49,279

more about it and so it's kind of one of

749

00:39:55,180 --> 00:39:52,160

those things but people ask me you know

750

00:39:57,160 --> 00:39:55,190

what what look gonna come out and I'm

751

00:40:02,200 --> 00:39:57,170

like you know I'm still working on that

752

00:40:04,150 --> 00:40:02,210

but it's you know you kind of know what

753

00:40:05,769 --> 00:40:04,160

I mean Ryan about writing books I mean

754

00:40:08,920 --> 00:40:05,779

when you write a book and you publish it

755

00:40:09,779 --> 00:40:08,930

then I'll said you say I should have

756

00:40:12,849 --> 00:40:09,789

been at the book

757

00:40:15,309 --> 00:40:12,859

is that right is that how it's been for

758

00:40:17,170 --> 00:40:15,319

you at least absolutely you either have

759

00:40:20,470 --> 00:40:17,180

to wait ten years and put on a

760

00:40:23,499 --> 00:40:20,480

thousand-page book or you just have to

761

00:40:26,319 --> 00:40:23,509

throw random pain at the wall and much

762

00:40:27,999 --> 00:40:26,329

like a petroglyph or a pictograph itself

763

00:40:31,620 --> 00:40:28,009

you're just trying to like in essence

764

00:40:37,059 --> 00:40:31,630

make a record somewhat of something

765

00:40:41,230 --> 00:40:37,069

somehow impossible yet commonly seen in

766

00:40:44,200 --> 00:40:41,240

particular areas and the the magic

767

00:40:47,200 --> 00:40:44,210

taking place at Dugway and the

768

00:40:50,740 --> 00:40:47,210

similarities are unsettling with

769

00:40:52,960 --> 00:40:50,750

shapeshifter territory skinwalker area

770

00:40:56,700 --> 00:40:52,970

you in a basin in general we're talking

771

00:41:00,789 --> 00:40:56,710

about it it's really an 80 square mile I

772

00:41:03,789 --> 00:41:00,799

mean there's areas up by McConkey down

773

00:41:06,430 --> 00:41:03,799

towards the book cliffs out towards you

774

00:41:09,549 --> 00:41:06,440

know there's areas in the basin that

775

00:41:12,430 --> 00:41:09,559

will make your skin crawl down by

776

00:41:15,880 --> 00:41:12,440

Pelican Lake it's it's an

777

00:41:19,019 --> 00:41:15,890

interdimensional much like it's almost

778

00:41:22,349 --> 00:41:19,029

like we are trying to mimic the mimic

779

00:41:25,299 --> 00:41:22,359

itself because this possible

780

00:41:27,220 --> 00:41:25,309

intelligence you know according to

781

00:41:29,800 --> 00:41:27,230

scientists most likely an alien

782

00:41:32,770 --> 00:41:29,810

artificial intelligence

783

00:41:35,950 --> 00:41:32,780

according to occultists it's a possible

784

00:41:38,680 --> 00:41:35,960

gin or a no that's a no all-encompassing

785

00:41:42,100 --> 00:41:38,690

term or you know there's no mention of

786

00:41:46,150 --> 00:41:42,110

other areas where it could be literally

787

00:41:51,040 --> 00:41:46,160

a reptilian space alien type ancient one

788

00:41:53,740 --> 00:41:51,050

old one slash Archon that you know we're

789

00:41:56,440 --> 00:41:53,750

all bait it's not just you or I but

790

00:41:58,390 --> 00:41:56,450

we're all bait we all are there's no

791

00:42:00,700 --> 00:41:58,400

mention of any of this and the rabbit

792

00:42:02,530 --> 00:42:00,710

hole just continues to go down I haven't

793

00:42:04,870 --> 00:42:02,540

even started into some of the other

794

00:42:07,690 --> 00:42:04,880

areas and you know this Dave there's

795

00:42:11,430 --> 00:42:07,700

some connections between Dugway and

796

00:42:14,470 --> 00:42:11,440

shapeshifter territory that are insane

797

00:42:20,010 --> 00:42:14,480

yeah I mean you got Kings speak out

798

00:42:27,700 --> 00:42:24,490

and I think much of what we see when I

799

00:42:31,750 --> 00:42:27,710

say we you and I when we're up and you

800

00:42:36,690 --> 00:42:31,760

know that's space wolf research there at

801  
00:42:40,260 --> 00:42:36,700  
us WR we see stuff above kings peak and

802  
00:42:44,310 --> 00:42:40,270  
or the jams up there really quickly

803  
00:42:46,990 --> 00:42:44,320  
we're talking about ghosts like lights

804  
00:42:51,490 --> 00:42:47,000  
that the Native Americans would call it

805  
00:42:55,590 --> 00:42:51,500  
or spirit lights lights with

806  
00:42:59,560 --> 00:42:55,600  
intelligence or precognitive sentient

807  
00:43:02,620 --> 00:42:59,570  
type technology they know what you're

808  
00:43:07,030 --> 00:43:02,630  
thinking many times before you actually

809  
00:43:09,460 --> 00:43:07,040  
think it and at this point I like that

810  
00:43:11,980 --> 00:43:09,470  
Dave use the word godlike at one point

811  
00:43:16,210 --> 00:43:11,990  
because they are omnipotent in the way

812  
00:43:22,390 --> 00:43:16,220  
they analyze within proximity another

813  
00:43:26,380 --> 00:43:22,400

creature which would be us and there's a

814

00:43:27,820 --> 00:43:26,390

highly advanced thing taking place don't

815

00:43:36,190 --> 00:43:27,830

you think Dave there's something going

816

00:43:38,740 --> 00:43:36,200

on right it seems to be ito has like two

817

00:43:43,970 --> 00:43:38,750

to three four maybe four places that are

818

00:43:46,060 --> 00:43:43,980

really really you know high in activity

819

00:43:50,300 --> 00:43:46,070

we got the base and you guys

820

00:43:52,550 --> 00:43:50,310

shape-shifter territories you got there

821

00:43:55,490 --> 00:43:52,560

was 52 and then you've got spots down

822

00:43:58,400 --> 00:43:55,500

here that are that are kind of Native

823

00:44:02,540 --> 00:43:58,410

American high energy type of type of

824

00:44:05,600 --> 00:44:02,550

areas like McConkey or steak oh those

825

00:44:07,460 --> 00:44:05,610

type of areas and it seems like you know

826

00:44:09,850 --> 00:44:07,470

when you go into them say the Native

827

00:44:12,530 --> 00:44:09,860

American type of places like say go or

828

00:44:15,710 --> 00:44:12,540

McConkey you can almost feel that energy

829

00:44:18,050 --> 00:44:15,720

right away but it's a different type of

830

00:44:22,730 --> 00:44:18,060

energy it's almost like at that ancient

831

00:44:24,680 --> 00:44:22,740

like it's natural but you go into like

832

00:44:28,780 --> 00:44:24,690

places like like Erica do when they're

833

00:44:34,820 --> 00:44:28,790

done weigh in or air 52 that way and

834

00:44:37,250 --> 00:44:34,830

it's not natural feeling energy like it

835

00:44:39,920 --> 00:44:37,260

is you know and say go or McConkey yours

836

00:44:48,040 --> 00:44:39,930

say Pacific territories it's almost like

837

00:44:52,070 --> 00:44:48,050

it's artificial kind of you know like

838

00:44:55,970 --> 00:44:52,080

conformed or messed with type of energy

839

00:44:58,040 --> 00:44:55,980

because it's uncomfortable in order you

840

00:45:00,730 --> 00:44:58,050

know what I'm talking about is plus of

841

00:45:03,740 --> 00:45:00,740

energies yeah yeah I know what you mean

842

00:45:06,920 --> 00:45:03,750

you can't you can't first Inger on it it

843

00:45:09,940 --> 00:45:06,930

doesn't deal dude uncomfortable is that

844

00:45:13,880 --> 00:45:09,950

finger on it you just nailed it it is

845

00:45:17,050 --> 00:45:13,890

uncomfortable its technology being used

846

00:45:19,760 --> 00:45:17,060

in ways it wasn't designed to be used

847

00:45:22,940 --> 00:45:19,770

right right it's like when they're you

848

00:45:25,250 --> 00:45:22,950

know 1952 treaty you know when we when

849

00:45:29,330 --> 00:45:25,260

we had that exchange and they said okay

850

00:45:31,340 --> 00:45:29,340

well here's technology that's going to

851  
00:45:35,000 --> 00:45:31,350  
help you and then they used that to make

852  
00:45:40,010 --> 00:45:35,010  
weapons so they're using that technology

853  
00:45:42,050 --> 00:45:40,020  
in a bill manner in a way that wasn't

854  
00:45:45,710 --> 00:45:42,060  
supposed to be made was it supposed to

855  
00:45:47,660 --> 00:45:45,720  
be used and so you have that mic like

856  
00:45:49,760 --> 00:45:47,670  
say that uncomfortable feeling about

857  
00:45:55,180 --> 00:45:49,770  
that and you can um you can almost feel

858  
00:46:03,740 --> 00:46:00,080  
it's an abuse of classified information

859  
00:46:05,420 --> 00:46:03,750  
magic if you will and magic I just say

860  
00:46:08,020 --> 00:46:05,430  
that because that is what they call a

861  
00:46:11,960 --> 00:46:08,030  
lot of times these top-secret documents

862  
00:46:17,450 --> 00:46:11,970  
there's high levels of this and whether

863  
00:46:20,390 --> 00:46:17,460

you're a member of Q Class secretive

864

00:46:25,030 --> 00:46:20,400

agenda or higher it's hard for me to

865

00:46:29,200 --> 00:46:25,040

believe there's higher and there is this

866

00:46:31,520 --> 00:46:29,210

implements things where they go into

867

00:46:33,770 --> 00:46:31,530

areas that the majority of the

868

00:46:35,720 --> 00:46:33,780

population would never believe that our

869

00:46:40,090 --> 00:46:35,730

government would ever consider the

870

00:46:45,950 --> 00:46:40,100

reality of these types of quote-unquote

871

00:46:48,580 --> 00:46:45,960

magic right I mean that's what the crop

872

00:46:51,680 --> 00:46:48,590

circles use to the crop circle makers

873

00:46:54,610 --> 00:46:51,690

the ones that actually go out and make

874

00:46:57,260 --> 00:46:54,620

crop circles you know not all of them

875

00:46:59,540 --> 00:46:57,270

not all of them are unexplained some of

876

00:47:02,030 --> 00:46:59,550

them are made by humans I've met some of

877

00:47:04,700 --> 00:47:02,040

these crop circle makers and they they

878

00:47:07,550 --> 00:47:04,710

found out that they can be made it takes

879

00:47:10,310 --> 00:47:07,560

a extremely a lot of amount of work and

880

00:47:12,140 --> 00:47:10,320

thought putting put into them and what

881

00:47:15,310 --> 00:47:12,150

they're gonna do during the night but

882

00:47:18,260 --> 00:47:15,320

they used that word magic as well and

883

00:47:21,100 --> 00:47:18,270

when I when I was talking about or say

884

00:47:24,350 --> 00:47:21,110

these these energies that feel wrong

885

00:47:26,660 --> 00:47:24,360

feel uncomfortable when crop circles

886

00:47:28,310 --> 00:47:26,670

aren't one of those energies a crop

887

00:47:29,570 --> 00:47:28,320

circle energy per their totally

888

00:47:32,330 --> 00:47:29,580

different than that they they feel

889

00:47:35,420 --> 00:47:32,340

natural they feel right they feel

890

00:47:38,110 --> 00:47:35,430

comfortable compared to say some of the

891

00:47:43,040 --> 00:47:38,120

shapeshifter territory energies or

892

00:47:47,510 --> 00:47:43,050

introduced tilted area 52 but yes the

893

00:47:52,070 --> 00:47:47,520

crop circle phenomenon is also that that

894

00:47:54,650 --> 00:47:52,080

word magic comes into play again it's

895

00:47:58,100 --> 00:47:54,660

weird because why would the government

896

00:48:04,550 --> 00:47:58,110

use that for magic eyes only often and

897

00:48:06,029 --> 00:48:04,560

it's almost like a badge of you have to

898

00:48:09,029 --> 00:48:06,039

look at this

899

00:48:11,160 --> 00:48:09,039

is how people that have been in that in

900

00:48:13,680 --> 00:48:11,170

those organizations have kind of like

901  
00:48:16,650 --> 00:48:13,690  
looked back on it and I only say that

902  
00:48:20,970 --> 00:48:16,660  
talking about people that have been you

903  
00:48:24,509 --> 00:48:20,980  
know the the highest levels of these

904  
00:48:28,019 --> 00:48:24,519  
organizations okay it's like a forbidden

905  
00:48:31,049 --> 00:48:28,029  
knowledge exactly it is for your eyes

906  
00:48:35,249 --> 00:48:31,059  
only which means what to someone you

907  
00:48:37,170 --> 00:48:35,259  
know do you think it's it's called or

908  
00:48:40,799 --> 00:48:37,180  
considered as to bidding knowledge

909  
00:48:44,509 --> 00:48:40,809  
because if it was common knowledge that

910  
00:48:49,349 --> 00:48:44,519  
people would do wrong with it

911  
00:48:52,559 --> 00:48:49,359  
exactly and use it for you know

912  
00:48:54,930 --> 00:48:52,569  
ill-gotten gains or to kill people or

913  
00:48:58,109 --> 00:48:54,940

revenge and that type of thing so I

914

00:49:01,529 --> 00:48:58,119

think that that's maybe one reason why

915

00:49:04,069 --> 00:49:01,539

forbidden knowledge is forbidden I think

916

00:49:07,019 --> 00:49:04,079

that's exactly right we're talking about

917

00:49:10,470 --> 00:49:07,029

ports of some sort where you don't know

918

00:49:14,759 --> 00:49:10,480

whether the sailors coming in or pirates

919

00:49:17,910 --> 00:49:14,769

or just there for knowledge and these

920

00:49:20,759 --> 00:49:17,920

are areas where when you're back

921

00:49:23,729 --> 00:49:20,769

engineering this like they are they I

922

00:49:28,529 --> 00:49:23,739

hate to use the term that's us because

923

00:49:32,099 --> 00:49:28,539

we're funding them this area that is

924

00:49:34,470 --> 00:49:32,109

using possible and we need this we need

925

00:49:36,870 --> 00:49:34,480

to know what areas like shapeshifter

926

00:49:40,140 --> 00:49:36,880

territory are doing in a sense that how

927

00:49:42,329 --> 00:49:40,150

could this affect us or damage us but at

928

00:49:45,870 --> 00:49:42,339

the same time this is most likely

929

00:49:49,079 --> 00:49:45,880

technology that's been here since times

930

00:49:49,680 --> 00:49:49,089

predating us so it's sort of none of our

931

00:49:54,660 --> 00:49:49,690

business

932

00:49:58,589 --> 00:49:54,670

but we're interested have you heard

933

00:50:00,380 --> 00:49:58,599

anything since tr-3b technology is there

934

00:50:05,720 --> 00:50:00,390

anything else coming out that may be

935

00:50:13,950 --> 00:50:10,589

you know there's always these I get a

936

00:50:16,200 --> 00:50:13,960

lot of people from Dugway they hit me up

937

00:50:18,809 --> 00:50:16,210

and they they tell me their stories they

938

00:50:19,230 --> 00:50:18,819

tell me you know what they're working on

939

00:50:20,910 --> 00:50:19,240

it

940

00:50:23,010 --> 00:50:20,920

they tell me some of them just tell me

941

00:50:26,310 --> 00:50:23,020

bunch of [h\_\_\h] you know and I think

942

00:50:27,960 --> 00:50:26,320

it's it's one of those things you know

943

00:50:31,740 --> 00:50:27,970

where you have to take you know the 50

944

00:50:33,620 --> 00:50:31,750

or 60 contacts that you have and say

945

00:50:36,750 --> 00:50:33,630

okay well these fives

946

00:50:42,270 --> 00:50:36,760

these fives I believe it's super

947

00:50:43,470 --> 00:50:42,280

credible I believe their stories if I

948

00:50:49,620 --> 00:50:43,480

talk about it I'll probably get

949

00:50:51,090 --> 00:50:49,630

something fired but they're on some of

950

00:50:55,350 --> 00:50:51,100

these people are working on things that

951  
00:50:58,230 --> 00:50:55,360  
are so far advanced that I don't think

952  
00:51:00,090 --> 00:50:58,240  
the everyday person would believe it if

953  
00:51:03,450 --> 00:51:00,100  
it was sitting right in a room in front

954  
00:51:09,720 --> 00:51:03,460  
of them I do believe that we're heading

955  
00:51:12,900 --> 00:51:09,730  
into a time where some of this is caught

956  
00:51:17,670 --> 00:51:12,910  
to be revealed sooner or later but in

957  
00:51:20,220 --> 00:51:17,680  
such a way that people that will accept

958  
00:51:23,510 --> 00:51:20,230  
it I mean because you have you have

959  
00:51:27,150 --> 00:51:23,520  
technology today that fully zero point

960  
00:51:30,780 --> 00:51:27,160  
doesn't cost a dime could totally

961  
00:51:32,550 --> 00:51:30,790  
transform the world but as being kept

962  
00:51:35,250 --> 00:51:32,560  
secrets being suppressed because you

963  
00:51:38,220 --> 00:51:35,260

can't put a bill on it you can't charge

964

00:51:40,580 --> 00:51:38,230

people for it and if it was in every day

965

00:51:43,920 --> 00:51:40,590

in an everyday household environment

966

00:51:46,109 --> 00:51:43,930

somebody would do their own

967

00:51:49,800 --> 00:51:46,119

back-engineering and make a weapon out

968

00:51:51,840 --> 00:51:49,810

of it and I think that probably part of

969

00:51:55,320 --> 00:51:51,850

the reason why it's suppressed is

970

00:51:57,960 --> 00:51:55,330

because you have very very smart people

971

00:52:03,000 --> 00:51:57,970

out there who are doing things in their

972

00:52:05,849 --> 00:52:03,010

garages and making things that would

973

00:52:08,040 --> 00:52:05,859

totally change the world I mean you have

974

00:52:10,590 --> 00:52:08,050

people but deep that like back in the

975

00:52:12,660 --> 00:52:10,600

60s and we're making water power cars

976  
00:52:15,510 --> 00:52:12,670  
and stuff like that these people just

977  
00:52:17,640 --> 00:52:15,520  
disappear I personally had a friend that

978  
00:52:18,500 --> 00:52:17,650  
I was in high school with had a motor in

979  
00:52:21,780 --> 00:52:18,510  
his garage

980  
00:52:23,550 --> 00:52:21,790  
okay I've told the story I might have

981  
00:52:24,460 --> 00:52:23,560  
told you before I'm pretty sure I did

982  
00:52:27,760 --> 00:52:24,470  
but

983  
00:52:29,859 --> 00:52:27,770  
it it was a motor that was always

984  
00:52:31,510 --> 00:52:29,869  
running and I didn't pay much attention

985  
00:52:33,819 --> 00:52:31,520  
to it I thought was it generators

986  
00:52:36,550 --> 00:52:33,829  
doesn't need a compressor or something

987  
00:52:38,200 --> 00:52:36,560  
like that and then one day I just kind

988  
00:52:39,670 --> 00:52:38,210

of asked him I said what is that motor

989

00:52:41,230 --> 00:52:39,680

that's always running over there he says

990

00:52:44,319 --> 00:52:41,240

oh that's an experiment that me and my

991

00:52:48,520 --> 00:52:44,329

dad are doing it it runs on juice motor

992

00:52:52,120 --> 00:52:48,530

oil and it has like best for oil in it

993

00:52:53,800 --> 00:52:52,130

as a lubricant a type of like I don't

994

00:52:56,290 --> 00:52:53,810

know canola oil or something like that

995

00:52:58,540 --> 00:52:56,300

so it's a Deborah leaked it wouldn't hum

996

00:53:00,309 --> 00:52:58,550

the environment I said well how long's

997

00:53:02,260 --> 00:53:00,319

that been run and he says for five years

998

00:53:04,059 --> 00:53:02,270

now and I said well how much fuel do you

999

00:53:07,690 --> 00:53:04,069

have to put in there a stupid 5 gallon

1000

00:53:13,500 --> 00:53:07,700

containers ones water one used motor oil

1001  
00:53:21,339 --> 00:53:18,160  
now this guy disappeared one day his

1002  
00:53:23,500 --> 00:53:21,349  
wife give me a call about an old couple

1003  
00:53:26,230 --> 00:53:23,510  
weeks after he disappeared haven't you

1004  
00:53:29,829 --> 00:53:26,240  
seen him and heard from him nice no I

1005  
00:53:32,740 --> 00:53:29,839  
haven't it I says why I saw you just up

1006  
00:53:35,170 --> 00:53:32,750  
and disappeared his his keys are here as

1007  
00:53:42,099 --> 00:53:35,180  
closer here everything is here but he's

1008  
00:53:43,420 --> 00:53:42,109  
not and the motors gone don't you think

1009  
00:53:45,780 --> 00:53:43,430  
about that you have people like this

1010  
00:53:48,400 --> 00:53:45,790  
doing things in their garages that

1011  
00:53:50,050 --> 00:53:48,410  
because they're gonna they could

1012  
00:53:52,569 --> 00:53:50,060  
possibly change the world with these

1013  
00:53:56,079 --> 00:53:52,579

things you know as far as the amount of

1014

00:53:57,910 --> 00:53:56,089

money we spend on utilities up and

1015

00:54:00,910 --> 00:53:57,920

disappear so if you think you know you

1016

00:54:03,849 --> 00:54:00,920

have this super technology look but we

1017

00:54:09,609 --> 00:54:03,859

could call it today you know 2019

1018

00:54:12,609 --> 00:54:09,619

suppressed technology that military

1019

00:54:14,200 --> 00:54:12,619

contractors are working on and hiding

1020

00:54:16,150 --> 00:54:14,210

and suppressing if that was to become

1021

00:54:17,859 --> 00:54:16,160

public knowledge and somebody back

1022

00:54:21,250 --> 00:54:17,869

engineered something like that their

1023

00:54:25,960 --> 00:54:21,260

garage put it to use for a different

1024

00:54:27,280 --> 00:54:25,970

purpose to revenge or make a bomb out of

1025

00:54:30,819 --> 00:54:27,290

it or you know something like that I

1026  
00:54:33,420 --> 00:54:30,829  
mean that's probably one reason why it's

1027  
00:54:36,730 --> 00:54:33,430  
kept on the down-low

1028  
00:54:38,920 --> 00:54:36,740  
and I feel like the floodgates have kind

1029  
00:54:40,750 --> 00:54:38,930  
of an open Dave just with the Internet

1030  
00:54:44,950 --> 00:54:40,760  
in general all of a sudden our

1031  
00:54:48,070 --> 00:54:44,960  
petroglyphs or our pictographs of old

1032  
00:54:51,670 --> 00:54:48,080  
have become things that can generate

1033  
00:54:56,740 --> 00:54:51,680  
traction with a life of their own and an

1034  
00:55:00,580 --> 00:54:56,750  
artificial matrix and it makes me doubt

1035  
00:55:04,900 --> 00:55:00,590  
the spectrum of the quote-unquote

1036  
00:55:09,400 --> 00:55:04,910  
reality that we are sold by things like

1037  
00:55:12,220 --> 00:55:09,410  
the mainstream media and you know those

1038  
00:55:14,560 --> 00:55:12,230

who we unfortunately elect to govern us

1039

00:55:16,450 --> 00:55:14,570

because I don't know who we're electing

1040

00:55:19,230 --> 00:55:16,460

really and I don't know that anybody

1041

00:55:22,180 --> 00:55:19,240

does we don't know these people and

1042

00:55:27,130 --> 00:55:22,190

they're you know it's just picking like

1043

00:55:30,400 --> 00:55:27,140

the most colorful character that you can

1044

00:55:33,090 --> 00:55:30,410

live with and they're probably not the

1045

00:55:36,330 --> 00:55:33,100

best characters to be voting into office

1046

00:55:39,190 --> 00:55:36,340

just just being able to get to that and

1047

00:55:41,620 --> 00:55:39,200

this sounds so bad because I know that

1048

00:55:43,750 --> 00:55:41,630

there is some divinity of sorts just if

1049

00:55:45,910 --> 00:55:43,760

this is a matrix or even if it's just

1050

00:55:48,220 --> 00:55:45,920

life in general whatever it is there's

1051

00:55:50,290 --> 00:55:48,230

got to be an all come encompassing

1052

00:55:53,890 --> 00:55:50,300

universality that you know whatever's

1053

00:56:01,180 --> 00:55:53,900

meant to be it's going to be but at the

1054

00:56:04,690 --> 00:56:01,190

same time our politics right now you

1055

00:56:08,310 --> 00:56:04,700

know an outsider an outlaw voting in to

1056

00:56:11,040 --> 00:56:08,320

office something called space force

1057

00:56:16,030 --> 00:56:11,050

when's the last time this happened

1058

00:56:19,240 --> 00:56:16,040

voting in a whole new branch of the

1059

00:56:24,240 --> 00:56:19,250

military industrial complex that deals

1060

00:56:29,220 --> 00:56:24,250

with the realm that most civilians have

1061

00:56:32,500 --> 00:56:29,230

well no idea of just what they're sold

1062

00:56:37,830 --> 00:56:32,510

what they're told and what NASA puts out

1063

00:56:43,390 --> 00:56:40,420

right I mean I think they're actually

1064

00:56:44,810 --> 00:56:43,400

with the space force I think that's part

1065

00:56:51,680 --> 00:56:44,820

of the plan

1066

00:56:54,800 --> 00:56:51,690

a plan to unsay it feel like the

1067

00:56:59,170 --> 00:56:54,810

Illuminati card game where you have a

1068

00:57:05,630 --> 00:56:59,180

plan you're not particularly willing to

1069

00:57:10,520 --> 00:57:05,640

totally hide it because of your ritual

1070

00:57:12,560 --> 00:57:10,530

magic that encompasses your beliefs in

1071

00:57:18,890 --> 00:57:12,570

this in this new world order Illuminati

1072

00:57:20,420 --> 00:57:18,900

type of groups that they actually tell

1073

00:57:23,810 --> 00:57:20,430

us what they're going to do before they

1074

00:57:25,820 --> 00:57:23,820

do it in a symbol in what kind of way so

1075

00:57:27,740 --> 00:57:25,830

I think that's the space force is kind

1076

00:57:30,170 --> 00:57:27,750

of part of a plan that they're going to

1077

00:57:32,980 --> 00:57:30,180

implement in the future and they're just

1078

00:57:38,060 --> 00:57:32,990

kind of putting it out there now but

1079

00:57:39,920 --> 00:57:38,070

they've always had this plan and I

1080

00:57:42,110 --> 00:57:39,930

actually think that they already have

1081

00:57:44,300 --> 00:57:42,120

the craft ready and all that type of

1082

00:57:46,340 --> 00:57:44,310

stuff to go on but I think what's going

1083

00:57:48,070 --> 00:57:46,350

to happen with the space forces is kind

1084

00:57:51,080 --> 00:57:48,080

of acclamation

1085

00:57:55,940 --> 00:57:51,090

to an alien invasion

1086

00:57:57,920 --> 00:57:55,950

I think alien invasion because I mean

1087

00:57:59,990 --> 00:57:57,930

they've tried just about everything you

1088

00:58:03,230 --> 00:58:00,000

know that's a day I'm talking about the

1089

00:58:05,360 --> 00:58:03,240

controllers of Planet Rao's the

1090

00:58:07,010 --> 00:58:05,370

Rockefellers the Morgans those types of

1091

00:58:07,880 --> 00:58:07,020

people those type of families them those

1092

00:58:14,180 --> 00:58:07,890

type of bloodlines

1093

00:58:16,250 --> 00:58:14,190

I think they're kind of quasi God who

1094

00:58:20,030 --> 00:58:16,260

believe that they without them the

1095

00:58:24,170 --> 00:58:20,040

planet would fail and they they're they

1096

00:58:25,700 --> 00:58:24,180

don't they Almighty so in their eyes the

1097

00:58:28,130 --> 00:58:25,710

less people on the planet the better

1098

00:58:30,050 --> 00:58:28,140

because it is even set public you know

1099

00:58:33,320 --> 00:58:30,060

hey it's easier to kill a million people

1100

00:58:37,940 --> 00:58:33,330

than to control a million people so they

1101  
00:58:40,610 --> 00:58:37,950  
have these plans to manipulate reality

1102  
00:58:44,870 --> 00:58:40,620  
in such a way that's like a

1103  
00:58:47,600 --> 00:58:44,880  
psychological kind of thing on on the

1104  
00:58:52,400 --> 00:58:47,610  
planet under the human consciousness

1105  
00:58:54,640 --> 00:58:52,410  
Leste and so you start putting out a

1106  
00:58:58,150 --> 00:58:54,650  
certain thing and saying a certain thing

1107  
00:59:01,589 --> 00:58:58,160  
enough and keep believing it

1108  
00:59:05,980 --> 00:59:01,599  
and then and that becomes a reality

1109  
00:59:08,109 --> 00:59:05,990  
whether it be truth or morally justice

1110  
00:59:12,609 --> 00:59:08,119  
is a different thing but it becomes

1111  
00:59:15,099 --> 00:59:12,619  
reality so when you have this huge

1112  
00:59:19,420 --> 00:59:15,109  
master plan you have to kind of take it

1113  
00:59:21,519 --> 00:59:19,430

one piece at a time and put out just a

1114

00:59:24,819 --> 00:59:21,529

little bit just a little bit a little

1115

00:59:27,819 --> 00:59:24,829

little bit comes the holes and so I

1116

00:59:31,329 --> 00:59:27,829

think this this base force is part of

1117

00:59:34,690 --> 00:59:31,339

that little bit that's eventually going

1118

00:59:37,420 --> 00:59:34,700

to become this this whole event whole

1119

00:59:39,490 --> 00:59:37,430

events that they plan like this is hope

1120

00:59:42,579 --> 00:59:39,500

this is all about control this is all

1121

00:59:52,660 --> 00:59:42,589

about power this is all about their need

1122

00:59:55,120 --> 00:59:52,670

for control and you know the last time I

1123

00:59:57,849 --> 00:59:55,130

heard a president talk about stuff like

1124

01:00:03,329 --> 00:59:57,859

this was Ronald Reagan talking about hey

1125

01:00:10,900 --> 01:00:03,339

if we got hit by an outer force and he

1126

01:00:14,740 --> 01:00:10,910

manifested or did this space missile

1127

01:00:17,710 --> 01:00:14,750

defense program program yes correct

1128

01:00:21,880 --> 01:00:17,720

Space Command and it's crazy what'd it

1129

01:00:24,700 --> 01:00:21,890

say capable of is absolutely impossible

1130

01:00:29,079 --> 01:00:24,710

insane for those days and I'm talking

1131

01:00:32,190 --> 01:00:29,089

about the 80s and now what we're talking

1132

01:00:35,019 --> 01:00:32,200

about is very similar we don't even know

1133

01:00:36,940 --> 01:00:35,029

what space force is and half of us

1134

01:00:42,549 --> 01:00:36,950

already sold on it sell me the Hat sell

1135

01:00:45,039 --> 01:00:42,559

me the t-shirt wasn't there a Space

1136

01:00:50,079 --> 01:00:45,049

Command in Colorado at one point like

1137

01:00:54,099 --> 01:00:50,089

back in 2004 or 2005 it was called Space

1138

01:00:56,220 --> 01:00:54,109

Command and they tracks kind of like

1139

01:00:58,839 --> 01:00:56,230

NORAD they tracked everything in space

1140

01:01:02,200 --> 01:00:58,849

they were responsible for tracking

1141

01:01:04,390 --> 01:01:02,210

asteroids and you know all that type of

1142

01:01:05,920 --> 01:01:04,400

thing so you know in my eyes it's

1143

01:01:08,710 --> 01:01:05,930

nothing new I think they just come out

1144

01:01:09,970 --> 01:01:08,720

with it publicly now because they

1145

01:01:11,320 --> 01:01:09,980

probably have a little bit more of a

1146

01:01:13,630 --> 01:01:11,330

handle on it

1147

01:01:15,310 --> 01:01:13,640

and we do have craft now that probably

1148

01:01:17,380 --> 01:01:15,320

can you know leave the planet really

1149

01:01:20,350 --> 01:01:17,390

easily without any kind of booster

1150

01:01:22,240 --> 01:01:20,360

rocket and and you know it's interesting

1151  
01:01:24,490 --> 01:01:22,250  
in Vincent Astor because I was watching

1152  
01:01:27,270 --> 01:01:24,500  
that the TV the other day and you know

1153  
01:01:29,200 --> 01:01:27,280  
these women astronauts that are on the

1154  
01:01:32,110 --> 01:01:29,210  
International Space Station right now

1155  
01:01:34,960 --> 01:01:32,120  
and they have you know that the live

1156  
01:01:36,790 --> 01:01:34,970  
feed and people are asking them

1157  
01:01:40,330 --> 01:01:36,800  
questions and they're you know answering

1158  
01:01:43,840 --> 01:01:40,340  
the questions you watch that these

1159  
01:01:46,960 --> 01:01:43,850  
female astronauts right now do you watch

1160  
01:01:51,270 --> 01:01:46,970  
that NASA TV I swear to god it looks

1161  
01:01:55,840 --> 01:01:51,280  
like virtual reality augmented reality

1162  
01:01:58,510 --> 01:01:55,850  
if you've ever put on VR virtual reality

1163  
01:02:00,280 --> 01:01:58,520

goggles and played those type of games

1164

01:02:02,980 --> 01:02:00,290

or standard use that kind of type of

1165

01:02:05,380 --> 01:02:02,990

technology when you watch these NASA

1166

01:02:09,540 --> 01:02:05,390

programs you can see that staying

1167

01:02:13,360 --> 01:02:09,550

technology being broadcast is live TV

1168

01:02:19,180 --> 01:02:13,370

but you catch him with mess-ups what

1169

01:02:20,590 --> 01:02:19,190

mistakes there is these dots on the

1170

01:02:22,750 --> 01:02:20,600

screen and you're like okay where do

1171

01:02:24,190 --> 01:02:22,760

these dots for these tracking dots for a

1172

01:02:27,040 --> 01:02:24,200

virtual reality and then they're like

1173

01:02:35,470 --> 01:02:27,050

Brad aren't there but they're probably

1174

01:02:40,810 --> 01:02:35,480

you have virtual reality contact there's

1175

01:02:46,900 --> 01:02:40,820

being the object and place and yet when

1176  
01:02:48,940 --> 01:02:46,910  
you're watching there's nothing there so

1177  
01:02:51,100 --> 01:02:48,950  
it's almost like I don't know of it

1178  
01:02:53,500 --> 01:02:51,110  
I'll suggest everybody kind of watched

1179  
01:02:55,960 --> 01:02:53,510  
NASA TV and tell me what you think if

1180  
01:02:58,390 --> 01:02:55,970  
you've ever you've ever used virtual

1181  
01:03:00,400 --> 01:02:58,400  
reality you tell me if that's not

1182  
01:03:01,990 --> 01:03:00,410  
virtual reality that we're seeing on

1183  
01:03:04,480 --> 01:03:02,000  
NASA television oh you watch it for

1184  
01:03:07,270 --> 01:03:04,490  
twenty thirty minutes you realize it's

1185  
01:03:08,440 --> 01:03:07,280  
just all CGI and it's created and write

1186  
01:03:14,130 --> 01:03:08,450  
an intense

1187  
01:03:18,340 --> 01:03:16,720  
it's just like okay these people are

1188  
01:03:22,660 --> 01:03:18,350

hanging upside down their hairs not

1189

01:03:23,860 --> 01:03:22,670

floating like it would be in zero-g you

1190

01:03:27,190 --> 01:03:23,870

know they're close

1191

01:03:30,940 --> 01:03:27,200

living like in zero-g I mean we've all

1192

01:03:34,810 --> 01:03:30,950

seen the real zero to type stuff like in

1193

01:03:37,930 --> 01:03:34,820

the bump in common you know the what

1194

01:03:40,840 --> 01:03:37,940

they call that the vomit comet just you

1195

01:03:41,410 --> 01:03:40,850

know that the plane to the the 0tt to

1196

01:03:43,680 --> 01:03:41,420

step up

1197

01:03:46,540 --> 01:03:43,690

you watch that that's really edgy and

1198

01:03:51,520 --> 01:03:46,550

you compare that with what you're seeing

1199

01:03:54,370 --> 01:03:51,530

on NASA today and it's it's so state so

1200

01:03:56,020 --> 01:03:54,380

state it's almost like they're they're

1201  
01:04:00,010 --> 01:03:56,030  
trying to say oh look how stupid you are

1202  
01:04:01,600 --> 01:04:00,020  
to believe this I mean they're no I

1203  
01:04:04,450 --> 01:04:01,610  
think there's probably some real stuff

1204  
01:04:06,400 --> 01:04:04,460  
that NASA's doing but that's all super

1205  
01:04:08,800 --> 01:04:06,410  
super secret and the stuff that they put

1206  
01:04:11,440 --> 01:04:08,810  
out in the public it's made for the

1207  
01:04:15,100 --> 01:04:11,450  
public eye it's made for kids to watch

1208  
01:04:16,810 --> 01:04:15,110  
it's anybody in in the right mind who

1209  
01:04:18,910 --> 01:04:16,820  
everything type this type of type of

1210  
01:04:22,270 --> 01:04:18,920  
technology augmented reality or virtual

1211  
01:04:24,730 --> 01:04:22,280  
reality can see it right away it's so

1212  
01:04:29,560 --> 01:04:24,740  
obvious it's turned into the National

1213  
01:04:32,770 --> 01:04:29,570

Geographic of space which you know like

1214

01:04:34,780 --> 01:04:32,780

the National Geographic oftentimes the

1215

01:04:36,460 --> 01:04:34,790

photographers were blamed with like how

1216

01:04:37,900 --> 01:04:36,470

could they be there at that specific

1217

01:04:42,520 --> 01:04:37,910

moment and it was like oh they're just

1218

01:04:45,640 --> 01:04:42,530

amazing way more believable way more

1219

01:04:51,910 --> 01:04:45,650

believable than what NASA's doing now

1220

01:04:56,110 --> 01:04:51,920

which is giving us these oh just very

1221

01:04:58,360 --> 01:04:56,120

complex images of a planet a horizon the

1222

01:05:01,660 --> 01:04:58,370

background the stars behind that

1223

01:05:07,300 --> 01:05:01,670

everything in the midst and it's all not

1224

01:05:09,250 --> 01:05:07,310

real in a sense get you it makes you

1225

01:05:11,380 --> 01:05:09,260

wonder what they what they're really

1226

01:05:14,110 --> 01:05:11,390

hiding is it is it because the NASA

1227

01:05:15,370 --> 01:05:14,120

doesn't really have the technology or is

1228

01:05:19,060 --> 01:05:15,380

it because they don't want to show you

1229

01:05:21,880 --> 01:05:19,070

what actually out there cause where did

1230

01:05:25,450 --> 01:05:21,890

all that money go that's where my head

1231

01:05:27,810 --> 01:05:25,460

goes where did all the money go because

1232

01:05:32,530 --> 01:05:27,820

we're talking about billions and

1233

01:05:35,620 --> 01:05:32,540

billions and billions of dollars right

1234

01:05:36,940 --> 01:05:35,630

it's so but yeah it could be like what

1235

01:05:38,560 --> 01:05:36,950

we were talking about earlier the

1236

01:05:41,890 --> 01:05:38,570

breakaway civilizations you know you

1237

01:05:44,079 --> 01:05:41,900

have you have that the real technology

1238

01:05:46,630 --> 01:05:44,089

that they're actually leaving the planet

1239

01:05:47,950 --> 01:05:46,640

and colonizing Mars or other planets and

1240

01:05:50,890 --> 01:05:47,960

stuff but they're actually just going to

1241

01:05:54,450 --> 01:05:50,900

fool us into thinking that this is our

1242

01:05:59,109 --> 01:05:54,460

best technology this dangerous rocket

1243

01:06:04,980 --> 01:05:59,119

technology I mean seriously I mean if we

1244

01:06:07,690 --> 01:06:04,990

if we went to the moon in 1969 why

1245

01:06:11,829 --> 01:06:07,700

hasn't that technology improved like

1246

01:06:14,829 --> 01:06:11,839

tenfold in the last 50 60 years no it

1247

01:06:18,329 --> 01:06:14,839

was like in 1969 we pulled up in a night

1248

01:06:20,849 --> 01:06:18,339

in like a 1969 Cadillac Coupe DeVille

1249

01:06:24,339 --> 01:06:20,859

perfectly makes it to the moon

1250

01:06:27,250 --> 01:06:24,349

everything goes perfect and then ever

1251

01:06:30,370 --> 01:06:27,260

since then we don't go back and all we

1252

01:06:34,540 --> 01:06:30,380

use are these little drones from afar

1253

01:06:37,930 --> 01:06:34,550

and now we're tackling the idea of Mars

1254

01:06:40,150 --> 01:06:37,940

but we haven't conquered the idea of the

1255

01:06:44,050 --> 01:06:40,160

moon yet it's really very complicated

1256

01:06:47,290 --> 01:06:44,060

and it doesn't make sense right there's

1257

01:06:51,700 --> 01:06:47,300

people go well how could attempt so many

1258

01:06:55,359 --> 01:06:51,710

people keep a secret like that all the

1259

01:06:58,270 --> 01:06:55,369

way to their graves you know money is a

1260

01:07:00,609 --> 01:06:58,280

big thing I mean it's like there's 51

1261

01:07:03,550 --> 01:07:00,619

employees I mean you get paid you know

1262

01:07:07,120 --> 01:07:03,560

40,000 a month you're gonna keep a

1263

01:07:09,309 --> 01:07:07,130

secret so I mean a curse can be kept I

1264

01:07:11,079 --> 01:07:09,319

mean it's been proven serezhha do these

1265

01:07:13,450 --> 01:07:11,089

secrets can be kept the bad I can keep

1266

01:07:16,059 --> 01:07:13,460

secrets I mean that the rods have museum

1267

01:07:19,839 --> 01:07:16,069

keeping secrets there's there's secrets

1268

01:07:22,900 --> 01:07:19,849

all around us and if we think for a

1269

01:07:28,960 --> 01:07:22,910

moment that NASA is current technology

1270

01:07:30,790 --> 01:07:28,970

then we're being duped it's it's

1271

01:07:32,770 --> 01:07:30,800

technology we have to keep our pulse on

1272

01:07:35,200 --> 01:07:32,780

and some of its real some of it isn't

1273

01:07:38,200 --> 01:07:35,210

and the reason I say it isn't is because

1274

01:07:42,849 --> 01:07:38,210

some of it is media and like you said

1275

01:07:44,319 --> 01:07:42,859

that media its programming it's not

1276

01:07:47,710 --> 01:07:44,329

called the TV show it's called

1277

01:07:50,680 --> 01:07:47,720

programming and keep an eye out for that

1278

01:07:53,710 --> 01:07:50,690

Dave I know you've got a bunch of cool

1279

01:07:58,150 --> 01:07:53,720

you're coming out for the holidays with

1280

01:08:00,099 --> 01:07:58,160

dare where tell people where to keep in

1281

01:08:02,829 --> 01:08:00,109

touch with what's going on with the Utah

1282

01:08:08,319 --> 01:08:02,839

UFO Hunters with yourself where to buy

1283

01:08:10,839 --> 01:08:08,329

your gear etc the website aleem dave

1284

01:08:14,609 --> 01:08:10,849

calm I haven't updated in years it's

1285

01:08:20,110 --> 01:08:14,619

mostly right now just kind of an archive

1286

01:08:22,539 --> 01:08:20,120

but we're on Facebook you tell UFO

1287

01:08:25,539 --> 01:08:22,549

Hunters we have daily date page Dave

1288

01:08:27,459 --> 01:08:25,549

Rosenfeld I have five five or six

1289

01:08:29,849 --> 01:08:27,469

different pages there on Facebook you

1290

01:08:33,519 --> 01:08:29,859

get one job hit you can hit the others

1291

01:08:36,430 --> 01:08:33,529

the dare where staff is it's still kind

1292

01:08:39,370 --> 01:08:36,440

of pretty popular with Dugway sales for

1293

01:08:41,920 --> 01:08:39,380

the human test subject t-shirts always

1294

01:08:46,450 --> 01:08:41,930

go up around Christmas time to dive way

1295

01:08:49,749 --> 01:08:46,460

I could do a little bit of sale

1296

01:08:52,030 --> 01:08:49,759

therefore strictly for Begley it's kind

1297

01:08:54,420 --> 01:08:52,040

of strange but you can find that at Cafe

1298

01:08:58,030 --> 01:08:54,430

Press or you can go to a game Dave comm

1299

01:09:00,400 --> 01:08:58,040

hit up the dare where store there or you

1300

01:09:04,590 --> 01:09:00,410

can probably find a link on one of our

1301

01:09:06,939 --> 01:09:04,600

Facebook pages to the dare where gear

1302

01:09:10,209 --> 01:09:06,949

awesome man thanks so much for taking

1303

01:09:12,610 --> 01:09:10,219

time out of their day to talk about what

1304

01:09:15,280 --> 01:09:12,620

you know better than anyone else which

1305

01:09:17,559 --> 01:09:15,290

is that area and a lot of other areas in

1306

01:09:21,309 --> 01:09:17,569

Utah that we really didn't get in to

1307

01:09:22,840 --> 01:09:21,319

detail about but yeah let's stay in

1308

01:09:26,950 --> 01:09:22,850

touch I can't wait to have you back

1309

01:09:28,450 --> 01:09:26,960

and thanks again hey no problem next

1310

01:09:30,459 --> 01:09:28,460

time we'll have Ted we'll have to delve

1311

01:09:33,519 --> 01:09:30,469

into the space wolf research step and

1312

01:09:36,430 --> 01:09:33,529

what you're doing out there and by the

1313

01:09:39,280 --> 01:09:36,440

way kudos on well you know to you you're

1314

01:09:41,289 --> 01:09:39,290

involved as well so you as well and yeah

1315

01:09:45,280 --> 01:09:41,299

what I thought was hoping to get into

1316

01:09:47,620 --> 01:09:45,290

that but it is what it is and yeah man

1317

01:09:48,780 --> 01:09:47,630

have a great holiday season and we'll

1318

01:09:51,130 --> 01:09:48,790

talk to you soon

1319

01:09:54,340 --> 01:09:51,140

all right now we'll see in a bit all

1320

01:09:55,990 --> 01:09:54,350

right Taylor well there you have it

1321

01:09:58,020 --> 01:09:56,000

ladies and gentlemen the man with the

1322

01:10:02,390 --> 01:09:58,030

plan the one that knows more than any

1323

01:10:09,900 --> 01:10:02,400

about Dugway breaking it down area 52

1324

01:10:15,000 --> 01:10:09,910

the new location for classified testing

1325

01:10:17,540 --> 01:10:15,010

of who knows what kind of technology the

1326

01:10:21,240 --> 01:10:17,550

latest and greatest that's for sure

1327

01:10:23,100 --> 01:10:21,250

augmented third-time and what we know

1328

01:10:24,570 --> 01:10:23,110

about is so little compared to what is

1329

01:10:27,860 --> 01:10:24,580

really out there that's really what's so

1330

01:10:30,540 --> 01:10:27,870

fascinating about this this entire

1331

01:10:32,010 --> 01:10:30,550

Dugway proving ground and the things

1332

01:10:34,890 --> 01:10:32,020

that have happened in the past which we

1333

01:10:37,890 --> 01:10:34,900

really didn't get into that it's uh it's

1334

01:10:40,680 --> 01:10:37,900

all very fascinating but it would it

1335

01:10:42,930 --> 01:10:40,690

would take forever and there was a lot

1336

01:10:46,200 --> 01:10:42,940

of accidents and a lot of animals killed

1337

01:10:49,680 --> 01:10:46,210

and people sick and etc etc people

1338

01:10:51,510 --> 01:10:49,690

killed and there was stuff of this

1339

01:10:56,600 --> 01:10:51,520

nature that has been going on for quite

1340

01:10:59,910 --> 01:10:56,610

some time it is a massive expanse and

1341

01:11:02,550 --> 01:10:59,920

it's handled like a very well managed

1342

01:11:08,780 --> 01:11:02,560

business so very interesting and it may

1343

01:11:13,080 --> 01:11:08,790

very well be as claimed the new area 52

1344

01:11:15,690 --> 01:11:13,090

Dugway proving grounds thanks so much -

1345

01:11:18,570 --> 01:11:15,700

Dave Rosenfeld check out his Utah UFO

1346

01:11:21,690 --> 01:11:18,580

Hunters on social media that's Facebook

1347

01:11:24,360 --> 01:11:21,700

and he's got a few profiles I believe

1348

01:11:27,570 --> 01:11:24,370

Instagram - he's also got some

1349

01:11:30,960 --> 01:11:27,580

award-winning artwork that he from time

1350

01:11:32,520 --> 01:11:30,970

to time sells I've been a purchaser of

1351

01:11:34,560 --> 01:11:32,530

that artwork because it's so awesome

1352

01:11:37,040 --> 01:11:34,570

what he's able to catch her

1353

01:11:39,780 --> 01:11:37,050

he captures it on a variety of different

1354

01:11:43,230 --> 01:11:39,790

formats but yeah he what he can do with

1355

01:11:47,730 --> 01:11:43,240

film and I'm talking actual film as well

1356

01:11:48,570 --> 01:11:47,740

as other other digitized type formats is

1357

01:11:51,810 --> 01:11:48,580

pretty amazing

1358

01:11:57,030 --> 01:11:51,820
