

A dark, conical mountain peak, possibly a volcanic cinder cone, stands prominently in the center of a vast, arid desert landscape. The terrain is covered in sparse, scrubby vegetation and small bushes. The sky is a clear, pale blue. The overall scene is desolate and mysterious.

00:00:38,959 --> 00:00:29,689

blast off you must hurry there I feel

3
00:00:41,690 --> 00:00:38,969

like I see our history as humans seems

4
00:00:43,790 --> 00:00:41,700

pretty cut and dry if you do a quick

5
00:00:47,600 --> 00:00:43,800

browse through the most accepted

6
00:00:51,799 --> 00:00:47,610

educational words look a little closer

7
00:00:54,160 --> 00:00:51,809

however and all kinds of unwanted truths

8
00:00:56,889 --> 00:00:54,170

bubbled to the surface of the

9
00:00:59,630 --> 00:00:56,899

educationally accepted narrative

10
00:01:02,810 --> 00:00:59,640

advanced technologies advanced

11
00:01:08,230 --> 00:01:02,820

civilizations the wiping out of mankind

12
00:01:10,880 --> 00:01:08,240

in epic proportions by various means

13
00:01:14,990 --> 00:01:10,890

nobody knows this area of possibility

14
00:01:19,130 --> 00:01:15,000
better than our guest James Keenan James

15
00:01:19,910 --> 00:01:19,140
is guilty of providing one of the most

16
00:01:24,740 --> 00:01:19,920
amazing

17
00:01:26,960 --> 00:01:24,750
I think things available on YouTube

18
00:01:31,490 --> 00:01:26,970
which is a presentation he did for a

19
00:01:33,830 --> 00:01:31,500
MUFON group in Phoenix it's it's out

20
00:01:37,819 --> 00:01:33,840
there look it up it's a very good

21
00:01:40,070 --> 00:01:37,829
presentation and it goes into ancient

22
00:01:45,350 --> 00:01:40,080
civilizations and

23
00:01:49,680 --> 00:01:45,360
then not so often spoken of but arguably

24
00:01:53,880 --> 00:01:49,690
feasibly possibly correct version of

25
00:01:56,070 --> 00:01:53,890
history that is overlooked let me tell

26

00:01:58,890 --> 00:01:56,080

you a little bit about James he has a

27

00:02:04,560 --> 00:01:58,900

variety of books among them dark shadows

28

00:02:06,420 --> 00:02:04,570

and catastrophe 10:22 2036 is another

29

00:02:09,449 --> 00:02:06,430

book these are all available on Amazon

30

00:02:11,430 --> 00:02:09,459

he also has one that is aimed more at

31

00:02:16,080 --> 00:02:11,440

the elementary school student it's

32

00:02:19,800 --> 00:02:16,090

called the UFO and alien and he has

33

00:02:21,210 --> 00:02:19,810

great books other than that previous

34

00:02:23,729 --> 00:02:21,220

that are not so much with the subject

35

00:02:26,580 --> 00:02:23,739

matter but definitely check him out

36

00:02:32,850 --> 00:02:26,590

check out his online presence as well

37

00:02:35,670 --> 00:02:32,860

he's on and he also has a variety of

38

00:02:36,960 --> 00:02:35,680

things that he keeps up-to-date with his

39

00:02:38,699 --> 00:02:36,970

social media having to do with

40

00:02:42,690 --> 00:02:38,709

archaeology and anthropology

41

00:02:45,990 --> 00:02:42,700

these are his areas of choice at UCSB he

42

00:02:50,759 --> 00:02:46,000

studied biology of Ventura College went

43

00:02:52,680 --> 00:02:50,769

to a variety of different locations to

44

00:02:55,500 --> 00:02:52,690

do lectures he's an investigator of

45

00:02:58,110 --> 00:02:55,510

ancient civilizations past catastrophes

46

00:03:01,350 --> 00:02:58,120

and the paranormal in general his bio

47

00:03:06,750 --> 00:03:01,360

goes on and on but we'll get into his

48

00:03:09,270 --> 00:03:06,760

other works and his other books and for

49

00:03:11,789 --> 00:03:09,280

now we're gonna just try to add some

50

00:03:16,590 --> 00:03:11,799

kind of direction of some sort to it and

51
00:03:18,630 --> 00:03:16,600
aim for the meat potatoes see how the

52
00:03:20,610 --> 00:03:18,640
acceptive narrative of advanced

53
00:03:24,060 --> 00:03:20,620
technologies and advanced civilizations

54
00:03:28,620 --> 00:03:24,070
is totally overlooked by our most

55
00:03:30,370 --> 00:03:28,630
accepted educational theories wiping out

56
00:03:34,930 --> 00:03:30,380
histories that mankind

57
00:03:38,050 --> 00:03:34,940
had in vast quantities with the loss of

58
00:03:40,750 --> 00:03:38,060
Alexandria and other libraries cultures

59
00:03:44,470 --> 00:03:40,760
have wiped the history of the people

60
00:03:47,050 --> 00:03:44,480
before them away and this has gone on

61
00:03:50,410 --> 00:03:47,060
over and over again so without further

62
00:03:53,770 --> 00:03:50,420
ado James Keenan welcome to the hero

63
00:03:55,240 --> 00:03:53,780

paranormal podcast oh yeah so sorry

64

00:03:57,030 --> 00:03:55,250
about the time I don't know why I

65

00:04:01,900 --> 00:03:57,040
thought we were on the same time there

66

00:04:03,790 --> 00:04:01,910
no lights on when you'd asked me ten or

67

00:04:06,220 --> 00:04:03,800
eleven you know right up there it says

68

00:04:08,500 --> 00:04:06,230
where you're located and it shows us

69

00:04:11,590 --> 00:04:08,510
sort through same so I thought we were

70

00:04:13,480 --> 00:04:11,600
both on mountain time Oh gotcha gotcha

71

00:04:15,190 --> 00:04:13,490
you know what I do like about Arizona is

72

00:04:21,310 --> 00:04:15,200
you never do change the time right is

73

00:04:24,460 --> 00:04:21,320
that correct or your ass exactly yeah oh

74

00:04:25,810 --> 00:04:24,470
that is awesome so I'm so excited to

75

00:04:28,840 --> 00:04:25,820
talk about this

76

00:04:31,210 --> 00:04:28,850

and how our history is human seems

77

00:04:34,870 --> 00:04:31,220

pretty cut-and-dry if you accept like

78

00:04:38,920 --> 00:04:34,880

the most accepted educational narratives

79

00:04:41,230 --> 00:04:38,930

but looking a little deeper there's all

80

00:04:45,120 --> 00:04:41,240

kinds of unwanted truths that kind of

81

00:04:47,490 --> 00:04:45,130

bubbled to the surface and of the like

82

00:04:49,660 --> 00:04:47,500

educationally accepted narrative and

83

00:04:52,740 --> 00:04:49,670

advanced technologies advanced

84

00:04:56,080 --> 00:04:52,750

civilizations the wiping out of mankind

85

00:04:59,250 --> 00:04:56,090

how how did you I kind of went into in

86

00:05:02,650 --> 00:04:59,260

the bio I kind of went into detail about

87

00:05:04,300 --> 00:05:02,660

about you but what got you interested in

88

00:05:08,200 --> 00:05:04,310

this and what was the how did how did

89

00:05:12,850 --> 00:05:08,210

this first what first got you interested

90

00:05:15,340 --> 00:05:12,860

in this possible history that is more

91

00:05:20,670 --> 00:05:15,350

likely than the mainstream is willing to

92

00:05:25,300 --> 00:05:20,680

accept at the moment yes sir you know

93

00:05:28,000 --> 00:05:25,310

basically when I was out for a long time

94

00:05:30,730 --> 00:05:28,010

I just didn't think with you know the

95

00:05:35,470 --> 00:05:30,740

historical data was correct and when I

96

00:05:39,580 --> 00:05:35,480

was getting my degrees was they were in

97

00:05:42,399 --> 00:05:39,590

anthropology and archeology and you know

98

00:05:44,169 --> 00:05:42,409

when you look at

99

00:05:46,089 --> 00:05:44,179

thing that they're telling you as you're

100

00:05:48,669 --> 00:05:46,099

having its class it seemed to me that

101

00:05:50,499 --> 00:05:48,679

they were just peddling exactly what

102

00:05:52,629 --> 00:05:50,509

they were taught you know and then their

103

00:05:56,290 --> 00:05:52,639

professor was taught the same thing and

104

00:05:59,469 --> 00:05:56,300

it seems like a really old data because

105

00:06:02,649 --> 00:05:59,479

when you look at the explanation they

106

00:06:06,040 --> 00:06:02,659

had a nineteenth-century explanation to

107

00:06:09,549 --> 00:06:06,050

everything and as technology advances

108

00:06:11,709 --> 00:06:09,559

and you look at certain things it's

109

00:06:16,589 --> 00:06:11,719

recognizable now because we have the

110

00:06:26,159 --> 00:06:16,599

same stuff and when I was out doing an

111

00:06:28,899 --> 00:06:26,169

excavation in Eastern Mexico we I

112

00:06:33,579 --> 00:06:28,909

location I was that was a Mayan location

113

00:06:35,829 --> 00:06:33,589

on the island of Casa med and where I

114

00:06:37,959 --> 00:06:35,839

was working I stopped at the

115

00:06:40,419 --> 00:06:37,969

stratigraphically I was told to stop at

116

00:06:44,049 --> 00:06:40,429

because it was the virgin you know

117

00:06:49,239 --> 00:06:44,059

virgin specific location where the site

118

00:06:53,139 --> 00:06:49,249

had supposedly originated you know seven

119

00:06:55,419 --> 00:06:53,149

or eight hundred years earlier and the

120

00:06:59,139 --> 00:06:55,429

night before it rained a lot and there

121

00:07:01,809 --> 00:06:59,149

was a lake up an area that was really

122

00:07:04,269 --> 00:07:01,819

muddy and so I kind of went over there

123

00:07:06,549 --> 00:07:04,279

and I dug as quick as I could without

124

00:07:10,509 --> 00:07:06,559

anybody watching and I went about a

125

00:07:12,819 --> 00:07:10,519

metre further down and as I was doing

126

00:07:19,719 --> 00:07:12,829

this and I was sifting through all the

127

00:07:23,290 --> 00:07:19,729

mud I found a an artifact it was a face

128

00:07:26,969 --> 00:07:23,300

an anthropomorphic face probably about

129

00:07:30,850 --> 00:07:26,979

an instant three quarters by three

130

00:07:32,679 --> 00:07:30,860

quarters of an inch and absolutely not

131

00:07:35,169 --> 00:07:32,689

supposed to be there because you know

132

00:07:36,969 --> 00:07:35,179

going down a meter is almost in that

133

00:07:42,699 --> 00:07:36,979

location was probably going anywhere

134

00:07:44,999 --> 00:07:42,709

between 800 to 1500 years back and there

135

00:07:46,809 --> 00:07:45,009

was no way for there to be a runoff

136

00:07:48,909 --> 00:07:46,819

artifact because there would have been

137

00:07:53,770 --> 00:07:48,919

other items that are with it and

138

00:07:55,719 --> 00:07:53,780

Sam wouldn't matched and so suddenly I

139

00:07:57,909 --> 00:07:55,729

was like well you know this is out of

140

00:07:59,709 --> 00:07:57,919

place this it's impossible it should've

141

00:08:02,290 --> 00:07:59,719

been Joey and then what the artists act

142

00:08:06,399 --> 00:08:02,300

look like you know they tell you it's

143

00:08:10,629 --> 00:08:06,409

anthropomorphic but I mean well it it

144

00:08:14,070 --> 00:08:10,639

looks almost like I always hate to say

145

00:08:19,170 --> 00:08:14,080

this not our species not our race

146

00:08:22,450 --> 00:08:19,180

probably something that was here before

147

00:08:24,399 --> 00:08:22,460

a lot of people always try to corner me

148

00:08:27,999 --> 00:08:24,409

and say so you'd think it was alien you

149

00:08:29,800 --> 00:08:28,009

know UFO now I saw him wait I think that

150

00:08:33,250 --> 00:08:29,810

there's a possibility that there was

151

00:08:34,779 --> 00:08:33,260

other civilizations and cultures whoever

152

00:08:41,259 --> 00:08:34,789

or whatever they were here before

153

00:08:43,259 --> 00:08:41,269

and that artifact got me as soon as I

154

00:08:49,199 --> 00:08:43,269

had my degrees I started going to Mexico

155

00:08:51,340 --> 00:08:49,209

to new locations and sites like Silicon

156

00:08:53,110 --> 00:08:51,350

where they were told there's not

157

00:08:55,389 --> 00:08:53,120

supposed to be anything on the West

158

00:08:58,360 --> 00:08:55,399

Coasters no West Coast civilizations as

159

00:09:02,170 --> 00:08:58,370

advanced as the Maya or the Olmec here

160

00:09:06,880 --> 00:09:02,180

we always sudden have an area that's

161

00:09:10,900 --> 00:09:06,890

about eight square miles of nothing but

162

00:09:12,550 --> 00:09:10,910

pure netid stand you know civilizations

163

00:09:16,060 --> 00:09:12,560

and the one pyramid that we've excavated

164

00:09:19,150 --> 00:09:16,070

it's a single pyramid it's incredible

165

00:09:21,519 --> 00:09:19,160

it's made of clay the outside and you

166

00:09:24,340 --> 00:09:21,529

and I know that claisen lasts for more

167

00:09:26,590 --> 00:09:24,350

than six or seven years that here's clay

168

00:09:31,660 --> 00:09:26,600

on an entire pyramid that's over 3,000

169

00:09:34,389 --> 00:09:31,670

years old and there's these locations on

170

00:09:38,949 --> 00:09:34,399

these pyramids in the center that line

171

00:09:39,939 --> 00:09:38,959

up with other pyramids or temples in the

172

00:09:44,079 --> 00:09:39,949

area

173

00:09:46,060 --> 00:09:44,089

at four locations and they all dead

174

00:09:49,949 --> 00:09:46,070

center mats right into the middle of

175

00:09:52,000 --> 00:09:49,959

this pyramid and you're going to do your

176

00:09:54,850 --> 00:09:52,010

your your you know your an

177

00:09:56,829 --> 00:09:54,860

anthropological you conduct interviews

178

00:09:58,240 --> 00:09:56,839

with the people in the area and all

179

00:10:04,019 --> 00:09:58,250

these people are pulling out their cell

180

00:10:08,859 --> 00:10:06,189

unidentified craft right above the

181

00:10:11,710 --> 00:10:08,869

pyramid doesn't look like anything they

182

00:10:14,229 --> 00:10:11,720

show me these what I can only tell you

183

00:10:16,929 --> 00:10:14,239

look like purples el Verde curtains

184

00:10:20,199 --> 00:10:16,939

coming right up out of the the square

185

00:10:21,669 --> 00:10:20,209

that's in the center of the temple and

186

00:10:25,269 --> 00:10:21,679

then you know you go to other locations

187

00:10:27,999 --> 00:10:25,279

and they pull out artifacts that are

188

00:10:32,609 --> 00:10:28,009

Mayan but there are six 700 miles away

189

00:10:35,559 --> 00:10:32,619

from where they're supposed to be and

190

00:10:38,739 --> 00:10:35,569

you know so the further I dug down the

191

00:10:42,189 --> 00:10:38,749

further I researched suddenly I found

192

00:10:45,819 --> 00:10:42,199

out that there's these catastrophic

193

00:10:48,569 --> 00:10:45,829

events that took place and I've been

194

00:10:51,669 --> 00:10:48,579

able to trace for them the historic data

195

00:10:54,219 --> 00:10:51,679

showing major catastrophic events taking

196

00:10:56,859 --> 00:10:54,229

place that wiped out by earth cultures

197

00:10:59,649 --> 00:10:56,869

and civilizations were they human I

198

00:11:02,819 --> 00:10:59,659

don't know I can tell you that there was

199

00:11:05,409 --> 00:11:02,829

obviously a lot greater technology here

200

00:11:08,079 --> 00:11:05,419

probably a hundred and twenty thousand

201
00:11:12,519 --> 00:11:08,089
years ago in two interglacial periods

202
00:11:15,969 --> 00:11:12,529
back just based upon a lot of findings

203
00:11:18,039 --> 00:11:15,979
also gamma MEK you know magnetometer

204
00:11:20,859 --> 00:11:18,049
readings at certain locations that I've

205
00:11:23,259 --> 00:11:20,869
taken that have magnetic anomalies at

206
00:11:25,719 --> 00:11:23,269
that location you know it would be at

207
00:11:28,149 --> 00:11:25,729
that depth so that's what got me into it

208
00:11:31,139 --> 00:11:28,159
I mean just the fact that you know

209
00:11:35,729 --> 00:11:31,149
nothing matches that what we're told and

210
00:11:40,419 --> 00:11:35,739
it's starting to break down you know

211
00:11:43,509 --> 00:11:40,429
other people and you know other

212
00:11:46,229 --> 00:11:43,519
scientists are starting to realize that

213
00:11:50,049 --> 00:11:46,239

there's a good possibility that our

214

00:11:53,679 --> 00:11:50,059

civilization is really you know minor

215

00:11:55,299 --> 00:11:53,689

and in its infancy when it comes to

216

00:12:04,149 --> 00:11:55,309

technology compared to what was here

217

00:12:08,830 --> 00:12:04,159

before it it really does seem like some

218

00:12:16,030 --> 00:12:12,269

our technologies that appear to be out

219

00:12:19,800 --> 00:12:16,040

of this world and one that kind of hit

220

00:12:24,310 --> 00:12:19,810

home for me I was born in Costa Rica and

221

00:12:27,240 --> 00:12:24,320

watching your presentation to a MUFON

222

00:12:29,740 --> 00:12:27,250

group I believe in Phoenix online

223

00:12:35,170 --> 00:12:29,750

talking about the advanced technologies

224

00:12:39,750 --> 00:12:35,180

the I love that you are open-minded

225

00:12:43,720 --> 00:12:39,760

enough to be realistic in a lot of these

226

00:12:46,420 --> 00:12:43,730

these situations because it seems to me

227

00:12:50,590 --> 00:12:46,430

that science is not realistic in some of

228

00:12:52,600 --> 00:12:50,600

these areas like to think that those

229

00:12:54,460 --> 00:12:52,610

round balls and for those who are not

230

00:12:57,790 --> 00:12:54,470

aware of what they are in Costa Rica

231

00:13:01,840 --> 00:12:57,800

there they appear to be perfectly and I

232

00:13:04,990 --> 00:13:01,850

believe are perfectly round balls but of

233

00:13:07,930 --> 00:13:05,000

stone yep chipped perfectly round like

234

00:13:12,340 --> 00:13:07,940

marbles almost oh yeah they were made

235

00:13:14,770 --> 00:13:12,350

out of the cash and I mean for science

236

00:13:17,440 --> 00:13:14,780

to think that it's just it's when

237

00:13:20,770 --> 00:13:17,450

science won't believe that that could be

238

00:13:22,860 --> 00:13:20,780

created by there's so many names I mean

239

00:13:26,530 --> 00:13:22,870

the ancient ones the old ones the

240

00:13:28,300 --> 00:13:26,540

indigenous tribes had so many names what

241

00:13:31,300 --> 00:13:28,310

do you what where are people little

242

00:13:35,350 --> 00:13:31,310

people yeah and but they all have things

243

00:13:40,630 --> 00:13:35,360

in common correct absolutely you know

244

00:13:43,440 --> 00:13:40,640

it's pretty pretty interesting is you

245

00:13:47,110 --> 00:13:43,450

know I kept most of what I did to

246

00:13:51,850 --> 00:13:47,120

Mesoamerica until probably the last few

247

00:13:55,210 --> 00:13:51,860

years when I started realizing there was

248

00:13:59,820 --> 00:13:55,220

a lot more Southwest cultures Native

249

00:14:02,079 --> 00:13:59,830

Americans III focused in on the Chumash

250

00:14:05,530 --> 00:14:02,089

Indians which are around the Santa

251

00:14:08,560 --> 00:14:05,540

Barbara area because I went to UCSB and

252

00:14:13,170 --> 00:14:08,570

in their cliffs there is UFOs everywhere

253

00:14:15,760 --> 00:14:13,180

I mean these are our craft in the air

254

00:14:18,640 --> 00:14:15,770

you know I don't know if they're there

255

00:14:21,550 --> 00:14:18,650

air balloon craft helium craft what kind

256

00:14:26,620 --> 00:14:21,560

of craft but their way out of place

257

00:14:28,660 --> 00:14:26,630

even if that's all they are and in the

258

00:14:33,670 --> 00:14:28,670

last few years now that you know I've

259

00:14:35,760 --> 00:14:33,680

been on durin in the Phoenix area I've

260

00:14:41,350 --> 00:14:35,770

just started I've started tracking

261

00:14:43,300 --> 00:14:41,360

Giants tracking anomalous technology in

262

00:14:47,079 --> 00:14:43,310

the petroglyphs pictographs the

263

00:14:50,470 --> 00:14:47,089

artifacts the Stella the Stella in the

264

00:14:52,660 --> 00:14:50,480

caves and a couple tunnel systems I

265

00:14:57,310 --> 00:14:52,670

found in the Superstition Springs to

266

00:15:01,300 --> 00:14:57,320

some bizarre stuff and you know none of

267

00:15:03,130 --> 00:15:01,310

its supposed to to exist and they tell

268

00:15:05,620 --> 00:15:03,140

you when they don't know something they

269

00:15:07,480 --> 00:15:05,630

go oh it's a spirit person or it's an M

270

00:15:10,630 --> 00:15:07,490

or sick person it was when they were

271

00:15:15,070 --> 00:15:10,640

high you know or when they were taking

272

00:15:19,810 --> 00:15:15,080

you know drugs narcotics - well that's

273

00:15:22,840 --> 00:15:19,820

not true because when you go and you

274

00:15:25,900 --> 00:15:22,850

speak to the Navajo or than you and you

275

00:15:28,990 --> 00:15:25,910

do these etymologies they talk they

276

00:15:31,260 --> 00:15:29,000

laugh at us you know they're like no but

277

00:15:34,720 --> 00:15:31,270

that's exactly what you see is what they

278

00:15:37,090 --> 00:15:34,730

it was so important that they put it

279

00:15:41,350 --> 00:15:37,100

into rock and it's been passed down in

280

00:15:46,710 --> 00:15:41,360

all tradition and it's not going away

281

00:15:49,150 --> 00:15:46,720

and at some point I think Western

282

00:15:51,310 --> 00:15:49,160

philosophy Western culture our beliefs

283

00:15:52,900 --> 00:15:51,320

will finally catch up to it and

284

00:15:55,510 --> 00:15:52,910

unfortunately I always tell people this

285

00:15:57,640 --> 00:15:55,520

you know science advances you know once

286

00:16:02,440 --> 00:15:57,650

you know a lot of time and that's what

287

00:16:03,670 --> 00:16:02,450

has to happen but yeah I like doing the

288

00:16:06,280 --> 00:16:03,680

guides to Costa Rica

289

00:16:09,820 --> 00:16:06,290

you know those spherical balls were

290

00:16:12,480 --> 00:16:09,830

created with technology that we still

291

00:16:16,930 --> 00:16:12,490

don't have because we can't liquefy Rock

292

00:16:21,430 --> 00:16:16,940

and create you know through the mold or

293

00:16:25,810 --> 00:16:21,440

cast these huge bricks that were used

294

00:16:29,530 --> 00:16:25,820

you know in Peru or in all back or these

295

00:16:31,090 --> 00:16:29,540

massive balls that were created and then

296

00:16:33,860 --> 00:16:31,100

you have to think about the possibility

297

00:16:36,660 --> 00:16:33,870

that you know like the CTA

298

00:16:39,000 --> 00:16:36,670

these were giant you know cannibalistic

299

00:16:40,770 --> 00:16:39,010

red-headed giants that were here all the

300

00:16:42,450 --> 00:16:40,780

natives hunted them down because they

301
00:16:45,270 --> 00:16:42,460
were eating their people the pies you

302
00:16:48,780 --> 00:16:45,280
wiped them out at the very end so there

303
00:16:51,990 --> 00:16:48,790
are other species other races where they

304
00:16:54,330 --> 00:16:52,000
human would you know with a hybrid of

305
00:16:56,010 --> 00:16:54,340
who knows at this point but I think

306
00:17:00,830 --> 00:16:56,020
we're catching up with that technology

307
00:17:04,770 --> 00:17:00,840
too so that whatever was here you know

308
00:17:06,690 --> 00:17:04,780
120,000 years ago 70,000 years ago in

309
00:17:09,150 --> 00:17:06,700
between these catastrophic events we're

310
00:17:13,140 --> 00:17:09,160
catching up slowly to where we've

311
00:17:18,270 --> 00:17:13,150
already been you know I'm really glad

312
00:17:20,850 --> 00:17:18,280
that you brought up Peru and it's it's

313
00:17:23,550 --> 00:17:20,860

pretty amazing because what we're

314

00:17:27,570 --> 00:17:23,560

finding is indigenous people what we

315

00:17:31,710 --> 00:17:27,580

consider indigenous they in their

316

00:17:34,310 --> 00:17:31,720

quote-unquote primitive methods have far

317

00:17:38,190 --> 00:17:34,320

outweighed us in our cloud storage

318

00:17:41,760 --> 00:17:38,200

mentality in that if we were wiped out

319

00:17:44,940 --> 00:17:41,770

there would be nothing left and you know

320

00:17:48,140 --> 00:17:44,950

the the indigenous Native Americans and

321

00:17:51,200 --> 00:17:48,150

I believe in Peru I mean this this

322

00:17:55,410 --> 00:17:51,210

ancient city of the pyramids at coral

323

00:17:59,160 --> 00:17:55,420

that you talk about that have you know

324

00:18:02,600 --> 00:17:59,170

this this site is one of the earliest

325

00:18:06,480 --> 00:18:02,610

known civilizations possibly correct

326

00:18:14,160 --> 00:18:06,490

correct and yet there it is in South

327

00:18:16,310 --> 00:18:14,170

America it's like things aren't adding

328

00:18:21,840 --> 00:18:16,320

up and I like that you mentioned the

329

00:18:22,530 --> 00:18:21,850

using a gamma magnetometer because those

330

00:18:25,500 --> 00:18:22,540

readings

331

00:18:28,140 --> 00:18:25,510

I mean if nothing's matching up as far

332

00:18:31,710 --> 00:18:28,150

as history and our civilization is in

333

00:18:36,420 --> 00:18:31,720

its infancy compared to what's drawn in

334

00:18:38,880 --> 00:18:36,430

stone and these I think that these

335

00:18:40,800 --> 00:18:38,890

primitive methods quote-unquote are not

336

00:18:44,220 --> 00:18:40,810

that primitive it's probably not a bad

337

00:18:45,390 --> 00:18:44,230

idea because they're the only thing that

338

00:18:47,820 --> 00:18:45,400

seems to have

339

00:18:49,650 --> 00:18:47,830

stood the test of time and you look at

340

00:18:52,950 --> 00:18:49,660

all the great libraries the Library of

341

00:18:56,700 --> 00:18:52,960

Alexandria and you mentioned so many

342

00:18:59,310 --> 00:18:56,710

other libraries that were just destroyed

343

00:19:07,110 --> 00:18:59,320

and our history was literally wiped from

344

00:19:10,710 --> 00:19:07,120

the face of the earth exactly and you

345

00:19:12,780 --> 00:19:10,720

know it's interesting too in regards to

346

00:19:14,400 --> 00:19:12,790

people always ask me what do you think

347

00:19:16,110 --> 00:19:14,410

about the pyramids you know what do you

348

00:19:18,660 --> 00:19:16,120

think about the Great Pyramid at Giza

349

00:19:23,070 --> 00:19:18,670

and I tell him it's just a copy of a

350

00:19:26,130 --> 00:19:23,080

copy of a copy you know we at some point

351
00:19:26,760 --> 00:19:26,140
there was a pyramid that stood on this

352
00:19:29,160 --> 00:19:26,770
planet

353
00:19:34,140 --> 00:19:29,170
it was probably between 70 and 120

354
00:19:37,140 --> 00:19:34,150
thousand years ago that was used it was

355
00:19:39,240 --> 00:19:37,150
technology-based you know whatever it

356
00:19:42,900 --> 00:19:39,250
was who knows about what we have now is

357
00:19:47,430 --> 00:19:42,910
just a copy of a copy of a copy and the

358
00:19:49,380 --> 00:19:47,440
real uses for it was lost and you know

359
00:19:50,820 --> 00:19:49,390
things get mixed together like the

360
00:19:54,180 --> 00:19:50,830
Sphinx and the pyramids even though

361
00:19:55,830 --> 00:19:54,190
they're you know so close to each other

362
00:20:01,280 --> 00:19:55,840
they're completely from different time

363
00:20:04,200 --> 00:20:01,290

periods and unfortunately in older

364

00:20:08,420 --> 00:20:04,210

anthropological times you know in

365

00:20:12,870 --> 00:20:08,430

Western culture meaning you know late

366

00:20:14,580 --> 00:20:12,880

late 1700s early 1800s when it started

367

00:20:18,630 --> 00:20:14,590

picking up they didn't know any better

368

00:20:22,290 --> 00:20:18,640

they didn't have technology available to

369

00:20:24,960 --> 00:20:22,300

date things as we do today so they made

370

00:20:27,030 --> 00:20:24,970

mistakes and you know you and I know

371

00:20:30,030 --> 00:20:27,040

after 100 years of telling the same lie

372

00:20:31,710 --> 00:20:30,040

it becomes truth mm-hmm it's very

373

00:20:33,120 --> 00:20:31,720

difficult to get them to admit to

374

00:20:34,620 --> 00:20:33,130

anything different because it's become

375

00:20:37,590 --> 00:20:34,630

like a religion science is like a

376

00:20:40,260 --> 00:20:37,600

religion and people don't want to be

377

00:20:43,610 --> 00:20:40,270

told they're wrong because that ruins

378

00:20:45,870 --> 00:20:43,620

all the papers that they wrote and

379

00:20:50,240 --> 00:20:45,880

unfortunately it makes the change of

380

00:20:53,070 --> 00:20:50,250

that tick you know a lot longer period

381

00:20:56,620 --> 00:20:53,080

you know for that paradigm switch to

382

00:21:02,800 --> 00:21:00,520

so this sounds so similar to you know

383

00:21:07,140 --> 00:21:02,810

people not wanting to be wrong not

384

00:21:10,380 --> 00:21:07,150

wanting to rewrite history and not not

385

00:21:14,970 --> 00:21:10,390

it's almost like not wanting to change

386

00:21:20,890 --> 00:21:16,210

exactly

387

00:21:23,560 --> 00:21:20,900

wait and you know what - there's a lot

388

00:21:25,780 --> 00:21:23,570

of fear involved - because it's massive

389

00:21:30,280 --> 00:21:25,790

catastrophic events have taken place and

390

00:21:32,920 --> 00:21:30,290

we have no way of stopping or changing

391

00:21:35,620 --> 00:21:32,930

it the cause was a lot of fears so it's

392

00:21:38,770 --> 00:21:35,630

better to kind of you know shove your

393

00:21:41,680 --> 00:21:38,780

head in the sand and pretend that that

394

00:21:45,070 --> 00:21:41,690

never existed because it gives everybody

395

00:21:47,710 --> 00:21:45,080

you know in our society in our culture a

396

00:21:51,850 --> 00:21:47,720

a better you know feeling that they're

397

00:21:54,760 --> 00:21:51,860

safer and when you think about it what

398

00:21:56,890 --> 00:21:54,770

can we do that there really wouldn't be

399

00:21:59,140 --> 00:21:56,900

anything we could do it at that type of

400

00:22:04,000 --> 00:21:59,150

level of catastrophic event we don't

401
00:22:05,890 --> 00:22:04,010
have any control over it so you know for

402
00:22:08,470 --> 00:22:05,900
the governments and things of that

403
00:22:10,300 --> 00:22:08,480
nature if they were to come out and do

404
00:22:12,580 --> 00:22:10,310
that it would it would cause panic and

405
00:22:15,040 --> 00:22:12,590
people don't know no when we able to

406
00:22:17,290 --> 00:22:15,050
accept it no not really not with the way

407
00:22:21,340 --> 00:22:17,300
religion is set up I don't think they'd

408
00:22:24,670 --> 00:22:21,350
be able to do that no there's there's

409
00:22:27,310 --> 00:22:24,680
too much control baked into the scenario

410
00:22:29,320 --> 00:22:27,320
and yeah it's nickel and diming

411
00:22:33,970 --> 00:22:29,330
you but at the end of the day it takes

412
00:22:36,990 --> 00:22:33,980
your entire paycheck so it's the I agree

413
00:22:41,740 --> 00:22:37,000

completely that the impo the narrative

414

00:22:45,520 --> 00:22:41,750

does having that rewritten is going to

415

00:22:52,510 --> 00:22:45,530

hit close to home for the powers that be

416

00:22:54,910 --> 00:22:52,520

and this is exactly why when past

417

00:22:59,290 --> 00:22:54,920

cultures would invade other cultures

418

00:23:04,320 --> 00:22:59,300

they would just slash burn destroy all

419

00:23:04,330 --> 00:23:08,940

exactly

420

00:23:15,910 --> 00:23:11,770

but yeah you know and it's interesting

421

00:23:18,280 --> 00:23:15,920

that the petroglyphs from specific time

422

00:23:20,530 --> 00:23:18,290

periods no matter where you are in the

423

00:23:23,350 --> 00:23:20,540

world seem to show the same type of

424

00:23:25,210 --> 00:23:23,360

glyphs and the reason being was because

425

00:23:28,690 --> 00:23:25,220

the anomalous event that took place in

426

00:23:33,000 --> 00:23:28,700

the sky you know if it was an Aurora

427

00:23:35,620 --> 00:23:33,010

effect or some electromagnetic effect

428

00:23:40,960 --> 00:23:35,630

they all saw the exact same thing and

429

00:23:43,960 --> 00:23:40,970

they carved the same thing and you know

430

00:23:46,600 --> 00:23:43,970

when suddenly physicists in the last

431

00:23:50,230 --> 00:23:46,610

thirty years are saying holy crap that's

432

00:23:52,540 --> 00:23:50,240

exactly what we see in the lab you know

433

00:23:54,840 --> 00:23:52,550

and they're starting to say yeah that's

434

00:23:58,860 --> 00:23:54,850

what happened and you have some very

435

00:24:01,750 --> 00:23:58,870

large names in the science community

436

00:24:03,880 --> 00:24:01,760

coming out and saying when you see

437

00:24:07,090 --> 00:24:03,890

anapestic lists can only be reproduced

438

00:24:11,770 --> 00:24:07,100

in a lab and then for something like if

439

00:24:12,670 --> 00:24:11,780

you watched my my lecture when sighting

440

00:24:14,680 --> 00:24:12,680

spring

441

00:24:19,350 --> 00:24:14,690

I mean God we finally got lucky we

442

00:24:22,900 --> 00:24:19,360

captured something at a planetary level

443

00:24:26,520 --> 00:24:22,910

take place and it shows exactly what

444

00:24:29,590 --> 00:24:26,530

signa glyph exactly what they saw

445

00:24:35,350 --> 00:24:29,600

happening above above their heads in the

446

00:24:39,280 --> 00:24:35,360

sky oh it's it's unreal some of the

447

00:24:41,530 --> 00:24:39,290

things in your presentation and I'm

448

00:24:44,410 --> 00:24:41,540

guilty of watching it more than once it

449

00:24:49,090 --> 00:24:44,420

is if anybody has not seen this they

450

00:24:52,960 --> 00:24:49,100

have to see it it is pretty awesome it

451
00:25:00,370 --> 00:24:52,970
is I mean there are parts that just blow

452
00:25:02,620 --> 00:25:00,380
me away like the figurines that appear

453
00:25:04,570 --> 00:25:02,630
to be completely appear in my opinion to

454
00:25:06,400 --> 00:25:04,580
be jinn and you mentioned the same I

455
00:25:10,380 --> 00:25:06,410
mean the way the body is moving the way

456
00:25:13,630 --> 00:25:10,390
they appear our traditional knowledge

457
00:25:17,470 --> 00:25:13,640
and when we think of a jinn looking at

458
00:25:21,230 --> 00:25:17,480
these it's identical and exactly it's

459
00:25:30,970 --> 00:25:24,320
what are your thoughts like how can

460
00:25:34,760 --> 00:25:30,980
science turn a blind eye so quickly well

461
00:25:37,070 --> 00:25:34,770
you know what again it's it's a

462
00:25:43,940 --> 00:25:37,080
community that's turned into a religion

463
00:25:47,780 --> 00:25:43,950

you know science no longer and you know

464

00:25:49,700 --> 00:25:47,790

what I don't when I go out and I

465

00:25:53,570 --> 00:25:49,710

investigate the research something if I

466

00:25:57,800 --> 00:25:53,580

were to do what they did and stick just

467

00:26:00,230 --> 00:25:57,810

so you know put my blinders on and just

468

00:26:02,660 --> 00:26:00,240

look down a straight path and not look

469

00:26:06,740 --> 00:26:02,670

and use my peripheral I wouldn't find

470

00:26:07,820 --> 00:26:06,750

these things or or peace you know two

471

00:26:14,150 --> 00:26:07,830

and two together

472

00:26:15,560 --> 00:26:14,160

and it's it's going to come it's just

473

00:26:19,220 --> 00:26:15,570

going to come with the changing of the

474

00:26:23,650 --> 00:26:19,230

gaurd as these older professors and

475

00:26:31,480 --> 00:26:23,660

doctors you know unfortunately leave us

476

00:26:34,310 --> 00:26:31,490

and move on more open minds are here and

477

00:26:36,440 --> 00:26:34,320

the change is going to take place and

478

00:26:38,570 --> 00:26:36,450

people have to realize too that with

479

00:26:41,890 --> 00:26:38,580

these catastrophic events that happen

480

00:26:46,550 --> 00:26:41,900

they changed the carbon that was in the

481

00:26:49,880 --> 00:26:46,560

atmosphere so carbon-14 dating you know

482

00:26:54,980 --> 00:26:49,890

unfortunately it's the best we have but

483

00:26:57,170 --> 00:26:54,990

it's not not completely accurate and the

484

00:27:02,750 --> 00:26:57,180

carbon was changes such a planetary

485

00:27:05,990 --> 00:27:02,760

level that down the road they're gonna

486

00:27:07,400 --> 00:27:06,000

find something better and you know in a

487

00:27:10,520 --> 00:27:07,410

hundred years they're gonna laugh at us

488

00:27:13,910 --> 00:27:10,530

for having to use that and been and say

489

00:27:18,260 --> 00:27:13,920

you know my gosh that was so archaic of

490

00:27:20,030 --> 00:27:18,270

a process you know but I mean for now

491

00:27:24,050 --> 00:27:20,040

all we have to use what we have and it's

492

00:27:25,550 --> 00:27:24,060

better than what we had 100 years ago we

493

00:27:29,240 --> 00:27:25,560

laugh at them you know for what they

494

00:27:30,830 --> 00:27:29,250

used 100 years ago but it's just going

495

00:27:33,360 --> 00:27:30,840

to be a matter of changing of the gaurd

496

00:27:38,250 --> 00:27:33,370

and trying to

497

00:27:40,980 --> 00:27:38,260

go back to science being science you

498

00:27:43,650 --> 00:27:40,990

know something remembering that it's an

499

00:27:47,400 --> 00:27:43,660

open-minded hypothesis or thesis that

500

00:27:49,620 --> 00:27:47,410

you know would become you know the

501
00:27:51,690 --> 00:27:49,630
mainstream until it's proven wrong again

502
00:27:53,310 --> 00:27:51,700
but that people have to realize even

503
00:27:56,940 --> 00:27:53,320
something scientifically proven

504
00:27:59,820 --> 00:27:56,950
eventually can change and we as the

505
00:28:02,340 --> 00:27:59,830
public right now we're not taught that

506
00:28:04,920 --> 00:28:02,350
that's how science works we're being

507
00:28:07,950 --> 00:28:04,930
told you know by the media that it's set

508
00:28:10,470 --> 00:28:07,960
in stone and we're under that false

509
00:28:13,260 --> 00:28:10,480
pretense that what they say is a fact

510
00:28:15,060 --> 00:28:13,270
and it can't be any other way but it'll

511
00:28:16,200 --> 00:28:15,070
change just you know to answer your

512
00:28:20,790 --> 00:28:16,210
question so it's going to be a matter of

513
00:28:26,040 --> 00:28:20,800

time and that's the most interesting

514

00:28:29,100 --> 00:28:26,050

thing is these these formations and I've

515

00:28:30,930 --> 00:28:29,110

seen them here I live in Las Vegas and

516

00:28:33,420 --> 00:28:30,940

we know that we had a little time

517

00:28:35,580 --> 00:28:33,430

discrepancy and which is ridiculous but

518

00:28:38,370 --> 00:28:35,590

we're right next to each other you're in

519

00:28:42,180 --> 00:28:38,380

Arizona and there's a ton of petroglyphs

520

00:28:45,030 --> 00:28:42,190

in your area that don't fit I recently

521

00:28:47,610 --> 00:28:45,040

included a petroglyph within walking

522

00:28:53,550 --> 00:28:47,620

distance of where I live that doesn't

523

00:29:00,320 --> 00:28:53,560

fit into anything it has all the

524

00:29:03,960 --> 00:29:00,330

tendencies of multiple like times

525

00:29:06,720 --> 00:29:03,970

shamanistic shapeshifters Christianity

526

00:29:09,900 --> 00:29:06,730

pre Christianity all written at the same

527

00:29:11,790 --> 00:29:09,910

time and these are a mess I've sent them

528

00:29:15,000 --> 00:29:11,800

to people and they don't even want to

529

00:29:18,180 --> 00:29:15,010

deal with it it's hard to even get it

530

00:29:20,760 --> 00:29:18,190

designated an area to be protected but

531

00:29:24,870 --> 00:29:20,770

luckily my wife works for the person

532

00:29:26,850 --> 00:29:24,880

that owns the land but it's very

533

00:29:32,400 --> 00:29:26,860

interesting how these are popping up all

534

00:29:34,530 --> 00:29:32,410

over the place and nobody knows this the

535

00:29:37,440 --> 00:29:34,540

way you do and the possibilities better

536

00:29:40,380 --> 00:29:37,450

than you do and I think your research is

537

00:29:45,330 --> 00:29:40,390

gone really deep and you've mentioned

538

00:29:47,160 --> 00:29:45,340

the sumos Sumas I hope I'm not the

539

00:29:50,130 --> 00:29:47,170

Native Americans who

540

00:29:52,299 --> 00:29:50,140

their superstitions may have not been

541

00:29:55,360 --> 00:29:52,309

superstitions am i right there's some

542

00:29:56,920 --> 00:29:55,370

very interesting things according to

543

00:30:01,930 --> 00:29:56,930

them and the ancient ones are the old

544

00:30:06,610 --> 00:30:01,940

ones absolutely and and that's you know

545

00:30:08,290 --> 00:30:06,620

we're learning through you know remember

546

00:30:10,450 --> 00:30:08,300

that old when they did all that

547

00:30:13,570 --> 00:30:10,460

knowledge ease and they would enemy they

548

00:30:18,520 --> 00:30:13,580

spoke to the Native Americans there was

549

00:30:20,470 --> 00:30:18,530

a lot to be held back from you know

550

00:30:22,960 --> 00:30:20,480

people that originated from Western

551
00:30:25,930 --> 00:30:22,970
Europe there was just a you trust

552
00:30:27,400 --> 00:30:25,940
discrepancy there barrier and for good

553
00:30:33,580 --> 00:30:27,410
reason

554
00:30:38,260 --> 00:30:33,590
my wife is half Native American and that

555
00:30:43,210 --> 00:30:38,270
along with you know they knowing that

556
00:30:47,290 --> 00:30:43,220
what I'm searching for is is a

557
00:30:50,140 --> 00:30:47,300
fact-based mission more for me to come

558
00:30:54,130 --> 00:30:50,150
to an understanding of the realities of

559
00:31:00,100 --> 00:30:54,140
what has happened and they're more open

560
00:31:02,110 --> 00:31:00,110
now they being Native Americans to point

561
00:31:07,540 --> 00:31:02,120
us in the right direction as to what

562
00:31:11,610 --> 00:31:07,550
their history was and like you said you

563
00:31:13,780 --> 00:31:11,620

give these petroglyphs to you know

564

00:31:15,490 --> 00:31:13,790

experts that they'll call themselves

565

00:31:17,830 --> 00:31:15,500

because they have a doctorate degree in

566

00:31:20,680 --> 00:31:17,840

anthropology archaeology they don't want

567

00:31:25,750 --> 00:31:20,690

to touch it because they're afraid of

568

00:31:27,180 --> 00:31:25,760

its possibilities however you know you

569

00:31:29,770 --> 00:31:27,190

go to the anthropologists or

570

00:31:33,340 --> 00:31:29,780

archaeologists that have gotten their

571

00:31:36,130 --> 00:31:33,350

degrees from universities and you know

572

00:31:38,110 --> 00:31:36,140

in Mexico or here in the southwest and

573

00:31:39,850 --> 00:31:38,120

you have Native Americans now holding

574

00:31:42,340 --> 00:31:39,860

doctorates degrees in anthropology

575

00:31:44,950 --> 00:31:42,350

archaeology they understand both sides

576
00:31:47,190 --> 00:31:44,960
they understand the Native American side

577
00:31:51,250 --> 00:31:47,200
they understand the Western European

578
00:31:53,169 --> 00:31:51,260
cultural aspect of it and if you talk to

579
00:31:56,180 --> 00:31:53,179
the right people you start getting the

580
00:31:59,030 --> 00:31:56,190
right information you start

581
00:32:01,520 --> 00:31:59,040
what they've been able to pass down an

582
00:32:04,640 --> 00:32:01,530
oral tradition and you and I know that

583
00:32:07,490 --> 00:32:04,650
you know after hundreds of years of all

584
00:32:11,350 --> 00:32:07,500
tradition things get mixed up a bit or

585
00:32:15,410 --> 00:32:11,360
changed or the main meaning may be lost

586
00:32:17,060 --> 00:32:15,420
but along with diehard physical evidence

587
00:32:19,400 --> 00:32:17,070
that's as the artifacts or the

588
00:32:23,690 --> 00:32:19,410

petroglyphs or the glyphs hieroglyphs

589

00:32:26,810 --> 00:32:23,700

whatever they are you're starting to put

590

00:32:32,170 --> 00:32:26,820

the full picture together and you're

591

00:32:35,510 --> 00:32:32,180

starting to see other cultures other

592

00:32:38,480 --> 00:32:35,520

civilizations possibly other races or

593

00:32:43,310 --> 00:32:38,490

species that we're here they may still

594

00:32:47,600 --> 00:32:43,320

be here who knows you're seeing though

595

00:32:52,360 --> 00:32:47,610

this use of technology at certain

596

00:32:55,490 --> 00:32:52,370

locations on the wood in the world and

597

00:32:57,440 --> 00:32:55,500

luckily I'm here in the southwest the

598

00:33:01,850 --> 00:32:57,450

desert Southwest and around the

599

00:33:04,750 --> 00:33:01,860

40-degree parallel I am my research is

600

00:33:08,360 --> 00:33:04,760

starting to pull me to those locations

601
00:33:11,270 --> 00:33:08,370
that it looks like a lot of this may

602
00:33:15,140 --> 00:33:11,280
have started at a planetary level around

603
00:33:21,290 --> 00:33:15,150
the 40th parallel and devices could have

604
00:33:29,480 --> 00:33:21,300
been in use that allowed for cultures to

605
00:33:35,090 --> 00:33:29,490
move about the planet more and you have

606
00:33:37,070 --> 00:33:35,100
to kind of look and I always tell people

607
00:33:39,470 --> 00:33:37,080
they asked me well everything you

608
00:33:42,260 --> 00:33:39,480
present looks looks like it has this

609
00:33:43,670 --> 00:33:42,270
possibility how can that be and I tell

610
00:33:47,750 --> 00:33:43,680
them well think about when I'm out in

611
00:33:52,400 --> 00:33:47,760
the field if I for the one thing I

612
00:33:54,860 --> 00:33:52,410
present to you in a PowerPoint on a

613
00:33:57,440 --> 00:33:54,870

slide for every one slide that I've

614

00:33:59,780 --> 00:33:57,450

located I've looked at fifty to a

615

00:34:02,180 --> 00:33:59,790

hundred and fifty to hundred other

616

00:34:05,030 --> 00:34:02,190

petroglyphs that when I look at it I

617

00:34:08,460 --> 00:34:05,040

know exactly what it is it's it's a deer

618

00:34:10,490 --> 00:34:08,470

or it's a lizard or it's a snake

619

00:34:13,230 --> 00:34:10,500

I know that's what it is it's these

620

00:34:17,359 --> 00:34:13,240

there's one in a hundred or one and two

621

00:34:21,300 --> 00:34:17,369

hundred that I'm presenting to you so

622

00:34:25,710 --> 00:34:21,310

you know the hundred that I have in a

623

00:34:29,060 --> 00:34:25,720

presentation took you know a thousand

624

00:34:33,419 --> 00:34:29,070

two thousand petroglyphs to go through

625

00:34:35,909 --> 00:34:33,429

and to locate to find make sure that

626
00:34:39,570 --> 00:34:35,919
there you know probably around the same

627
00:34:41,909 --> 00:34:39,580
period that they were created you know

628
00:34:44,700 --> 00:34:41,919
they're pointing or located in the same

629
00:34:47,700 --> 00:34:44,710
direction you know facing the same part

630
00:34:51,450 --> 00:34:47,710
of you know the sky or that they would

631
00:34:54,389 --> 00:34:51,460
line up and have been available for

632
00:34:56,310 --> 00:34:54,399
people 80 to 100 miles in the same

633
00:35:01,620 --> 00:34:56,320
direction to have seen the same thing

634
00:35:06,349 --> 00:35:01,630
there takes a lot to that goes into each

635
00:35:10,200 --> 00:35:06,359
presentation slide and so yeah there is

636
00:35:12,620 --> 00:35:10,210
you know I always tell people you you

637
00:35:15,660 --> 00:35:12,630
know you look at I they they put

638
00:35:17,490 --> 00:35:15,670

petroglyphs of a cow they carved the

639

00:35:22,050 --> 00:35:17,500

account in there well obviously they saw

640

00:35:25,890 --> 00:35:22,060

a count so when the carving these Antep

641

00:35:27,930 --> 00:35:25,900

amorphic creatures you know give it the

642

00:35:29,339 --> 00:35:27,940

opportunity to think that maybe what

643

00:35:32,420 --> 00:35:29,349

they carved

644

00:35:38,910 --> 00:35:32,430

they saw that as well or they saw these

645

00:35:41,370 --> 00:35:38,920

these large symbols in the sky like you

646

00:35:43,380 --> 00:35:41,380

know the changing of the world symbol or

647

00:35:46,680 --> 00:35:43,390

the plasma tree or the universal

648

00:35:50,490 --> 00:35:46,690

stickman that some electromagnetic

649

00:35:53,400 --> 00:35:50,500

anomaly was being created out you know

650

00:35:55,620 --> 00:35:53,410

outside of the planet's atmosphere due

651
00:35:59,490 --> 00:35:55,630
to something taking place that many

652
00:36:02,480 --> 00:35:59,500
people saw at the same time so it's just

653
00:36:08,120 --> 00:36:02,490
a low-level of changing people's

654
00:36:11,310 --> 00:36:08,130
perception on allowing an individual to

655
00:36:15,210 --> 00:36:11,320
look at something and agree that maybe

656
00:36:18,930 --> 00:36:15,220
what you're looking at really was what

657
00:36:20,730 --> 00:36:18,940
they saw and decided that they wanted to

658
00:36:22,920 --> 00:36:20,740
capture for time and

659
00:36:26,010 --> 00:36:22,930
or you know at that point what they

660
00:36:30,599 --> 00:36:26,020
thought would be the best subject matter

661
00:36:32,910 --> 00:36:30,609
to be put down on the best format that

662
00:36:39,810 --> 00:36:32,920
they had which you and I know is rock

663
00:36:43,980 --> 00:36:39,820

and the rock using the rock maybe in a

664

00:36:45,480 --> 00:36:43,990

way maybe no mention of meditative

665

00:36:48,150 --> 00:36:45,490

States or what they may have been doing

666

00:36:51,270 --> 00:36:48,160

but some of these rocks that they carve

667

00:36:54,270 --> 00:36:51,280

things on and not only that but what the

668

00:36:58,800 --> 00:36:54,280

rocks are made of there is in your

669

00:37:01,920 --> 00:36:58,810

presentation one particular rock or I'm

670

00:37:07,620 --> 00:37:01,930

sorry more like a ceramic that was hung

671

00:37:09,510 --> 00:37:07,630

on a wall reverse so what was actually

672

00:37:13,849 --> 00:37:09,520

carved into the rock was toward the wall

673

00:37:17,250 --> 00:37:13,859

and I mean it looks just in my opinion

674

00:37:21,060 --> 00:37:17,260

and this is just my opinion it looks

675

00:37:27,450 --> 00:37:21,070

just like some kind of reptilian space

676

00:37:31,770 --> 00:37:27,460

alien and or a gray of some sort it's

677

00:37:33,720 --> 00:37:31,780

got these features and this presentation

678

00:37:38,660 --> 00:37:33,730

that you did has some pretty advanced

679

00:37:41,880 --> 00:37:38,670

pretty amazing various actual artifacts

680

00:37:43,170 --> 00:37:41,890

so this area of possibility isn't just

681

00:37:47,730 --> 00:37:43,180

conjecture anymore

682

00:37:49,800 --> 00:37:47,740

this oral tradition this quote-unquote

683

00:37:52,920 --> 00:37:49,810

magic that's been passed along plus

684

00:37:59,490 --> 00:37:52,930

we've actually found things that don't

685

00:38:03,120 --> 00:37:59,500

fit and people don't want to is it more

686

00:38:04,950 --> 00:38:03,130

the fact that there's kind of a

687

00:38:07,200 --> 00:38:04,960

self-promotion thing I'm guessing that

688

00:38:10,079 --> 00:38:07,210

that's got to be it at some point level

689

00:38:13,470 --> 00:38:10,089

this is perfectly explained in some kind

690

00:38:19,290 --> 00:38:13,480

of public relations meeting somewhere at

691

00:38:23,250 --> 00:38:19,300

a high level and Declassified a hundred

692

00:38:26,160 --> 00:38:23,260

years from now and there's no mention of

693

00:38:28,050 --> 00:38:26,170

a lot of things historically yet we seem

694

00:38:30,450 --> 00:38:28,060

to be drawn in especially when our I've

695

00:38:34,060 --> 00:38:30,460

noticed this whenever this is brought up

696

00:38:38,830 --> 00:38:34,070

these areas are usually very hostile

697

00:38:40,840 --> 00:38:38,840

areas war areas you know wherever this

698

00:38:44,200 --> 00:38:40,850

type of thing has taken place in the

699

00:38:48,760 --> 00:38:44,210

past anyway Peru is I think the only

700

00:38:51,340 --> 00:38:48,770

place that seems to be very conducive to

701
00:38:56,110 --> 00:38:51,350
these states without as much that we

702
00:38:59,670 --> 00:38:56,120
know of war but there's there a lot of

703
00:39:01,480 --> 00:38:59,680
these places all over the world correct

704
00:39:05,160 --> 00:39:01,490
yeah they're everywhere

705
00:39:08,710 --> 00:39:05,170
absolutely and you know like you said

706
00:39:09,250 --> 00:39:08,720
they're hot beds for you know past and

707
00:39:13,780 --> 00:39:09,260
present

708
00:39:17,110 --> 00:39:13,790
more than likely future wars and and

709
00:39:21,780 --> 00:39:17,120
that's an interesting you know topic in

710
00:39:24,310 --> 00:39:21,790
and of itself is you know not just

711
00:39:28,300 --> 00:39:24,320
location but there has to be something

712
00:39:34,690 --> 00:39:28,310
some other underlying point to these

713
00:39:39,030 --> 00:39:34,700

areas for you know for this history to

714

00:39:42,640 --> 00:39:39,040

have taken effect and been so you know

715

00:39:47,280 --> 00:39:42,650

predominant of a location for for growth

716

00:39:51,240 --> 00:39:47,290

of large amounts of humans or other and

717

00:39:55,630 --> 00:39:51,250

yeah I mean you're absolutely right it's

718

00:40:01,330 --> 00:39:55,640

around the world and you know we've been

719

00:40:03,940 --> 00:40:01,340

taught that the push of our civilization

720

00:40:07,690 --> 00:40:03,950

and our culture was very slow and then

721

00:40:11,020 --> 00:40:07,700

it came from just one specific area and

722

00:40:16,120 --> 00:40:11,030

moved out from there and my take on that

723

00:40:19,630 --> 00:40:16,130

is 99% of the population of humans was

724

00:40:24,250 --> 00:40:19,640

wiped out multiple times I can prove it

725

00:40:26,560 --> 00:40:24,260

I have has historical data showing this

726

00:40:32,170 --> 00:40:26,570

that at least four different anomalous

727

00:40:34,360 --> 00:40:32,180

events took place and 1% or less than 1%

728

00:40:36,280 --> 00:40:34,370

of the population survived so these

729

00:40:40,480 --> 00:40:36,290

pockets whether say no this is where

730

00:40:41,770 --> 00:40:40,490

society started you know and I'm going

731

00:40:44,620 --> 00:40:41,780

to give the example that Western Europe

732

00:40:46,700 --> 00:40:44,630

uses as it came from Africa from South

733

00:40:48,940 --> 00:40:46,710

Africa and moved upward

734

00:40:51,940 --> 00:40:48,950

obviously somebody survived down there

735

00:40:55,780 --> 00:40:51,950

same thing when you look at the Bible

736

00:40:58,580 --> 00:40:55,790

Genesis is actually two separate

737

00:40:59,930 --> 00:40:58,590

catastrophes taking place the first one

738

00:41:02,840 --> 00:40:59,940

involved Adam and Eve and then the

739

00:41:06,440 --> 00:41:02,850

second one was this Noah or Gilgamesh

740

00:41:09,860 --> 00:41:06,450

and this huge deluge two completely

741

00:41:13,970 --> 00:41:09,870

separate probably 6,000 years 6,500

742

00:41:15,950 --> 00:41:13,980

years in between each but these moral

743

00:41:20,240 --> 00:41:15,960

small pockets of people survived and

744

00:41:28,520 --> 00:41:20,250

obviously we came from you know from

745

00:41:31,910 --> 00:41:28,530

their lineage and it's it's hard to

746

00:41:36,410 --> 00:41:31,920

fathom this but if you think about it at

747

00:41:37,970 --> 00:41:36,420

a level just a common-sense level more

748

00:41:41,420 --> 00:41:37,980

than likely these people that survived

749

00:41:46,730 --> 00:41:41,430

were not the scientists you know they

750

00:41:48,470 --> 00:41:46,740

weren't the brilliant people it could

751
00:41:53,000 --> 00:41:48,480
have very well been that you know Adam

752
00:41:57,200 --> 00:41:53,010
was a janitor and he happened to survive

753
00:42:01,970 --> 00:41:57,210
and so we were thrown back into a Dark

754
00:42:04,790 --> 00:42:01,980
Age over and over again and every time

755
00:42:10,340 --> 00:42:04,800
we lose more historical data and what

756
00:42:14,120 --> 00:42:10,350
few text scrolls curtis's remain are

757
00:42:17,630 --> 00:42:14,130
lost not just due to the catastrophe but

758
00:42:20,630 --> 00:42:17,640
also because mankind is so evil towards

759
00:42:22,940 --> 00:42:20,640
one another and that the winner writes

760
00:42:25,310 --> 00:42:22,950
history and the winner also happens to

761
00:42:29,060 --> 00:42:25,320
destroy a lot of the losers history

762
00:42:34,190 --> 00:42:29,070
which happened here in Mesoamerica you

763
00:42:38,570 --> 00:42:34,200

know Landry came in with you know the

764

00:42:41,870 --> 00:42:38,580

church and wiped out most of the

765

00:42:44,840 --> 00:42:41,880

Mesoamericans documents their coda says

766

00:42:48,200 --> 00:42:44,850

their books their Scrolls so now we're

767

00:42:57,340 --> 00:42:48,210

left with next to nothing about ancient

768

00:43:00,280 --> 00:42:57,350

history it's so true with with our

769

00:43:07,240 --> 00:43:00,290

conspiracy minded

770

00:43:11,320 --> 00:43:07,250

they I think can understand that whole

771

00:43:15,100 --> 00:43:11,330

winner rewriting history being a

772

00:43:18,490 --> 00:43:15,110

possibility and I think part of the

773

00:43:21,550 --> 00:43:18,500

catastrophe is the mainstream does not

774

00:43:24,120 --> 00:43:21,560

nobody looks at that knows that this

775

00:43:28,690 --> 00:43:24,130

could be a possibility or even

776
00:43:31,660 --> 00:43:28,700
appreciates what you've shared and what

777
00:43:35,800 --> 00:43:31,670
you've looked into I mean the historical

778
00:43:38,610 --> 00:43:35,810
data that you've looked into that is you

779
00:43:40,690 --> 00:43:38,620
know less than 1% of the population

780
00:43:44,500 --> 00:43:40,700
surviving we hear this number thrown

781
00:43:46,810 --> 00:43:44,510
around a lot the 1% yet it is the 1% who

782
00:43:48,730 --> 00:43:46,820
are building bunkers you know whether

783
00:43:51,670 --> 00:43:48,740
you call them stupid or smart or

784
00:43:54,640 --> 00:43:51,680
whatever they are there is and it's not

785
00:43:57,540 --> 00:43:54,650
always about you know when it comes to

786
00:44:01,300 --> 00:43:57,550
that prepping mentality like you said

787
00:44:04,030 --> 00:44:01,310
wealth in fact I think you mentioned

788
00:44:07,630 --> 00:44:04,040

sometimes the people you know we're just

789

00:44:10,450 --> 00:44:07,640

the the forgive my language but the

790

00:44:12,430 --> 00:44:10,460

badasses of society or the cockroaches

791

00:44:15,340 --> 00:44:12,440

of society in some cases when things

792

00:44:17,740 --> 00:44:15,350

were going well and they just happen to

793

00:44:21,130 --> 00:44:17,750

have a bunker for whatever reason and I

794

00:44:23,380 --> 00:44:21,140

don't use cockroach in a bad term or way

795

00:44:26,980 --> 00:44:23,390

but in a way they they had a hole to

796

00:44:29,850 --> 00:44:26,990

crawl into and they had prepared it and

797

00:44:35,020 --> 00:44:29,860

you know cockroaches always seem to

798

00:44:38,560 --> 00:44:35,030

survive these you know wiping out of

799

00:44:40,570 --> 00:44:38,570

mine kind in epic proportions by various

800

00:44:43,090 --> 00:44:40,580

means and I think it's interesting

801
00:44:47,350 --> 00:44:43,100
because some of those means aren't

802
00:44:49,300 --> 00:44:47,360
exactly they're wild and some of the

803
00:44:51,880 --> 00:44:49,310
things that are written down are wild

804
00:44:53,940 --> 00:44:51,890
like my favorite and I just have to get

805
00:44:56,320 --> 00:44:53,950
into this is some of these entities

806
00:44:58,960 --> 00:44:56,330
writing what appear to be I mean it

807
00:45:01,150 --> 00:44:58,970
makes Star Wars look kind of lame like

808
00:45:06,580 --> 00:45:01,160
the things that these things are writing

809
00:45:09,940 --> 00:45:06,590
these hovering space bikes or they're

810
00:45:12,070 --> 00:45:09,950
like Vimanas but they're not they're

811
00:45:13,499 --> 00:45:12,080
they're like a pod that seems to be

812
00:45:17,729 --> 00:45:13,509
elevated

813
00:45:20,569 --> 00:45:17,739

and this is all so interesting because

814

00:45:22,919 --> 00:45:20,579

it's just been that possibility at least

815

00:45:25,559 --> 00:45:22,929

the evidence is still there thank

816

00:45:28,229 --> 00:45:25,569

goodness but the possibility at least

817

00:45:31,319 --> 00:45:28,239

it's difficult for that to survive

818

00:45:32,459 --> 00:45:31,329

because it's being wiped away under we

819

00:45:34,409 --> 00:45:32,469

just don't understand what they were

820

00:45:37,079 --> 00:45:34,419

doing they were just too primitive and

821

00:45:42,259 --> 00:45:37,089

that seems to be the explanation when

822

00:45:50,309 --> 00:45:45,569

absolutely and there's you know there's

823

00:45:52,979 --> 00:45:50,319

just this tremendous amount of data when

824

00:45:59,939 --> 00:45:52,989

you look at it for not just use the

825

00:46:04,379 --> 00:45:59,949

portal usage and I my lectures I've

826

00:46:07,129 --> 00:46:04,389

separated I have given a more recent

827

00:46:09,629 --> 00:46:07,139

lecture than the one that you had seen

828

00:46:13,049 --> 00:46:09,639

and I'll probably be putting that one

829

00:46:18,649 --> 00:46:13,059

out out in the next couple months but it

830

00:46:24,089 --> 00:46:18,659

shows that technology you know it being

831

00:46:27,239 --> 00:46:24,099

in the past and remember too that they

832

00:46:31,349 --> 00:46:27,249

could have had this technology even at a

833

00:46:33,589 --> 00:46:31,359

much earlier time and these stories were

834

00:46:38,039 --> 00:46:33,599

being passed down in oral tradition and

835

00:46:41,879 --> 00:46:38,049

eventually somebody that said hey you

836

00:46:45,089 --> 00:46:41,889

know I'm gonna capture this for you know

837

00:46:47,099 --> 00:46:45,099

future posterity whether it happened a

838

00:46:51,179 --> 00:46:47,109

thousand two thousand ten thousand years

839

00:46:53,999 --> 00:46:51,189

before that person who knows and we know

840

00:46:58,399 --> 00:46:54,009

that and we're learning more that you

841

00:47:04,079 --> 00:46:58,409

know all these fairy tales and all these

842

00:47:09,599 --> 00:47:04,089

myths are based that there's some actual

843

00:47:13,589 --> 00:47:09,609

true fact in them and every story has

844

00:47:16,699 --> 00:47:13,599

got to have come from some factual

845

00:47:20,719 --> 00:47:16,709

reality some sexual topic something

846

00:47:22,979 --> 00:47:20,729

subject matter that truly existed and

847

00:47:24,859 --> 00:47:22,989

you know sure enough I always tell

848

00:47:26,450 --> 00:47:24,869

people you know the

849

00:47:28,670 --> 00:47:26,460

the glyphs like the changing of the

850

00:47:31,220 --> 00:47:28,680

world symbol or the plasma tree or the

851

00:47:34,700 --> 00:47:31,230

universal statement they started off

852

00:47:37,130 --> 00:47:34,710

with meaning of an catastrophic event a

853

00:47:38,269 --> 00:47:37,140

disaster that took place and over time

854

00:47:41,359 --> 00:47:38,279

you know what they could have turned

855

00:47:46,069 --> 00:47:41,369

into being used as you know symbols on a

856

00:47:52,489 --> 00:47:46,079

blanket or to make art for home we do it

857

00:47:55,640 --> 00:47:52,499

today you know if you look and and not

858

00:47:58,279 --> 00:47:55,650

use an ethnocentric you know you point

859

00:48:00,529 --> 00:47:58,289

and you look at wheat what we do today

860

00:48:02,509 --> 00:48:00,539

you know things started out having true

861

00:48:05,239 --> 00:48:02,519

fact and meaning behind it and now we

862

00:48:08,390 --> 00:48:05,249

use those symbols or whatever for daily

863

00:48:11,269 --> 00:48:08,400

you know daily life daily routine but

864

00:48:14,329 --> 00:48:11,279

everything can be traced back to

865

00:48:17,210 --> 00:48:14,339

something factual and it's just a matter

866

00:48:20,720 --> 00:48:17,220

of breaking through the barriers and

867

00:48:24,349 --> 00:48:20,730

finding what that origin or that

868

00:48:24,710 --> 00:48:24,359

origination point was I couldn't agree

869

00:48:33,680 --> 00:48:24,720

more

870

00:48:36,140 --> 00:48:33,690

of that going on and it is like the Taco

871

00:48:38,180 --> 00:48:36,150

Bell commercial where they use the

872

00:48:40,970 --> 00:48:38,190

all-seeing eye the formation of a

873

00:48:43,660 --> 00:48:40,980

pyramid and it's in a joking manner and

874

00:48:46,970 --> 00:48:43,670

kind of like a wink-wink nudge-nudge and

875

00:48:50,749 --> 00:48:46,980

there's nothing to it yet you know that

876

00:48:53,329 --> 00:48:50,759

they're selling more tacos and it's so

877

00:48:56,539 --> 00:48:53,339

crazy because like you said I think

878

00:48:58,299 --> 00:48:56,549

science has become a religion and we'll

879

00:49:01,970 --> 00:48:58,309

have to get into that another time

880

00:49:03,289 --> 00:49:01,980

James where can our listeners how can

881

00:49:04,789 --> 00:49:03,299

they keep up with what you're doing

882

00:49:06,620 --> 00:49:04,799

where can our listeners buy your books

883

00:49:08,809 --> 00:49:06,630

which I only mentioned a few of them

884

00:49:10,640 --> 00:49:08,819

because you have so many some your older

885

00:49:12,220 --> 00:49:10,650

ones seem really interesting as well I

886

00:49:15,079 --> 00:49:12,230

haven't had a chance to read them but

887

00:49:18,910 --> 00:49:15,089

where can we keep up with you and

888

00:49:21,349 --> 00:49:18,920

support you and what you're doing sure

889

00:49:26,210 --> 00:49:21,359

all the five books that have out are

890

00:49:28,309 --> 00:49:26,220

fictional but really like dark shadows

891

00:49:29,839 --> 00:49:28,319

and catastrophe was my first one and I

892

00:49:33,910 --> 00:49:29,849

tell people when they meet me in person

893

00:49:37,010 --> 00:49:33,920

or not one of the shows or events that

894

00:49:40,430 --> 00:49:37,020

probably out 40 or 50 percent of it was

895

00:49:43,790 --> 00:49:40,440

you know based on my life and then based

896

00:49:45,950 --> 00:49:43,800

on you know my injecting my thought

897

00:49:50,510 --> 00:49:45,960

process and my research and

898

00:49:51,859 --> 00:49:50,520

investigation into them so all the you

899

00:49:55,760 --> 00:49:51,869

know characters and names have changed

900

00:49:58,609 --> 00:49:55,770

but the basis around you know the main

901
00:50:03,890 --> 00:49:58,619
point of the books are based in reality

902
00:50:08,210 --> 00:50:03,900
and you can go to amazon.com forward

903
00:50:11,750 --> 00:50:08,220
slash author forward slash Kings Kanan

904
00:50:13,400 --> 00:50:11,760
and all my books are located on that and

905
00:50:19,040 --> 00:50:13,410
then you know you branch out from there

906
00:50:21,770 --> 00:50:19,050
I also have a Facebook page under James

907
00:50:24,890 --> 00:50:21,780
Keenan and 100 dark shadows and

908
00:50:27,590 --> 00:50:24,900
catastrophe and you know you can click

909
00:50:31,210 --> 00:50:27,600
on that and go out to my books I have a

910
00:50:33,980 --> 00:50:31,220
youtube page also and I just recently

911
00:50:38,150 --> 00:50:33,990
decided to start putting my lectures up

912
00:50:39,890 --> 00:50:38,160
so my very first lecture is there which

913
00:50:44,530 --> 00:50:39,900

is ancient anomalies pointed towards

914

00:50:47,270 --> 00:50:44,540

past worldwide catastrophic events and I

915

00:50:51,710 --> 00:50:47,280

will be receiving the second lecture I

916

00:50:56,750 --> 00:50:51,720

did for MUFON next month which is in a

917

00:50:58,760 --> 00:50:56,760

few days and that one is really

918

00:51:03,920 --> 00:50:58,770

interesting because that really focuses

919

00:51:07,220 --> 00:51:03,930

on the UN top basin and that I believe a

920

00:51:10,010 --> 00:51:07,230

lot of things around the world all fall

921

00:51:11,570 --> 00:51:10,020

into this this you win top basin and a

922

00:51:13,670 --> 00:51:11,580

lot of people go you mean skinwalker

923

00:51:16,099 --> 00:51:13,680

ranch and I tell them absolutely not

924

00:51:19,099 --> 00:51:16,109

in my research I don't care if I get on

925

00:51:22,310 --> 00:51:19,109

skinwalker ranch or not but I need

926

00:51:24,980 --> 00:51:22,320

natural locations in that area because

927

00:51:29,300 --> 00:51:24,990

the proof in the pudding is underground

928

00:51:30,620 --> 00:51:29,310

and I tell people it's coming I'm going

929

00:51:33,020 --> 00:51:30,630

to find it for you and I'm going to give

930

00:51:35,330 --> 00:51:33,030

you some real information soon that a

931

00:51:38,090 --> 00:51:35,340

lot of this focal point is coming from

932

00:51:40,099 --> 00:51:38,100

Fort Bhushan itself in very specific

933

00:51:42,410 --> 00:51:40,109

locations and that lecture will be out

934

00:51:44,810 --> 00:51:42,420

very soon and I'll put it on that

935

00:51:47,300 --> 00:51:44,820

YouTube as well and it'll tie it in to

936

00:51:50,390 --> 00:51:47,310

the first lecture and then I'm putting

937

00:51:52,430 --> 00:51:50,400

third lecture which will cover the last

938

00:51:54,830 --> 00:51:52,440

two catastrophic events I can show

939

00:51:58,220 --> 00:51:54,840

taking place in the historical data and

940

00:52:00,110 --> 00:51:58,230

then I am working on my first non

941

00:52:03,050 --> 00:52:00,120

fictional book which will be book number

942

00:52:07,760 --> 00:52:03,060

six and hopefully that should be out by

943

00:52:11,570 --> 00:52:07,770

September or October of 2020 oh man that

944

00:52:14,000 --> 00:52:11,580

is so awesome I can't wait it's been

945

00:52:17,660 --> 00:52:14,010

awesome having you and I

946

00:52:20,990 --> 00:52:17,670

I agree that that fort Duchesne area and

947

00:52:24,770 --> 00:52:21,000

that the Uintah Basin is it's a magical

948

00:52:26,510 --> 00:52:24,780

place and oh absolutely I can't I can't

949

00:52:28,040 --> 00:52:26,520

wait to speak with you again

950

00:52:29,900 --> 00:52:28,050

thanks so much for taking I know it's

951
00:52:32,450 --> 00:52:29,910
been a busy time of the year thanks for

952
00:52:35,420 --> 00:52:32,460
taking this time out to speak with our

953
00:52:38,570 --> 00:52:35,430
listeners and your research and

954
00:52:40,310 --> 00:52:38,580
everything you do is not lost we many of

955
00:52:43,940 --> 00:52:40,320
us appreciate it so thank you so much

956
00:52:45,620 --> 00:52:43,950
mr. Kenan thank you for having me all

957
00:52:51,770 --> 00:52:45,630
the best take care of happy new year

958
00:52:54,740 --> 00:52:51,780
okay did you buy there you have it

959
00:52:59,990 --> 00:52:54,750
ladies and gentlemen mr. James Keenan

960
00:53:02,510 --> 00:53:00,000
let the bell ring let the angels sing he

961
00:53:07,040 --> 00:53:02,520
knows that the Uintah Basin is an

962
00:53:10,520 --> 00:53:07,050
intergalactic port of some sort with the

963
00:53:13,970 --> 00:53:10,530

epicenter somewhere if not fort Dushane

964

00:53:16,100 --> 00:53:13,980

itself this is interesting

965

00:53:19,190 --> 00:53:16,110

shapeshifter territory is something that

966

00:53:22,250 --> 00:53:19,200

I don't always bring up but it's hard to

967

00:53:26,570 --> 00:53:22,260

keep down it is something that it's

968

00:53:30,340 --> 00:53:26,580

inside Mina it's hard to ignore I also

969

00:53:35,000 --> 00:53:30,350

believe that it is an interdimensional

970

00:53:38,320 --> 00:53:35,010

area whether that be spiritual in

971

00:53:44,380 --> 00:53:38,330

essence and many argue the Native

972

00:53:47,780 --> 00:53:44,390

American aspect the also the space

973

00:53:52,400 --> 00:53:47,790

ancient ones reptilian space alien the

974

00:53:55,940 --> 00:53:52,410

old ones the aspects of the jinn the

975

00:53:58,440 --> 00:53:55,950

intergalactic the dominant yet always

976
00:54:04,310 --> 00:53:58,450
passive

977
00:54:09,210 --> 00:54:04,320
this could be a interdimensional

978
00:54:10,770 --> 00:54:09,220
trickster and this intelligence an alien

979
00:54:14,460 --> 00:54:10,780
intelligence most likely in the

980
00:54:16,140 --> 00:54:14,470
interdimensional sense at least in my

981
00:54:19,230 --> 00:54:16,150
opinion which is very limited because

982
00:54:21,599 --> 00:54:19,240
I'm only human this is the argument that

983
00:54:25,230 --> 00:54:21,609
I make whether the phenomenon whether

984
00:54:29,069 --> 00:54:25,240
this intelligence is of this earth or

985
00:54:31,140 --> 00:54:29,079
not it may be it may be older than us

986
00:54:34,950 --> 00:54:31,150
and that is why we see it as something

987
00:54:38,460 --> 00:54:34,960
so much more than us regardless the

988
00:54:45,410 --> 00:54:38,470

interesting aspects of how our history

989

00:54:50,069 --> 00:54:45,420

as humans is not a quick cut and dry

990

00:54:52,730 --> 00:54:50,079

history lesson you look and you see that

991

00:54:56,250 --> 00:54:52,740

there are interesting technologies

992

00:54:59,120 --> 00:54:56,260

advanced civilizations wiping out of

993

00:55:02,790 --> 00:54:59,130

mankind and effort proportions and

994

00:55:05,790 --> 00:55:02,800

nobody nobody knew this better than

995

00:55:07,859 --> 00:55:05,800

James Keenan couldn't be happier to have

996

00:55:11,790 --> 00:55:07,869

him on wealth of knowledge can't wait to

997

00:55:13,290 --> 00:55:11,800

have him on again and keep in touch with

998

00:55:15,990 --> 00:55:13,300

everything that he's doing check out his

999

00:55:17,579 --> 00:55:16,000

books I'm telling you also keep in touch
