you know I've listened to podcasts for

9

desert our guest tonight is actually a

11
00:01:09,440 --> 00:01:07,170

guest host on midnight in the desert

the fray talk radio and she's

14

00:01:20,450 --> 00:01:17,549

co-authored a book with a very neat name

15

00:01:24,770 --> 00:01:20,460

beyond the fray that delves deeply into

16

00:01:27,920 --> 00:01:24,780

Bigfoot and it is an amazing collection

17

00:01:29,569 --> 00:01:27,930

of chilling first-person accounts that

18

00:01:32,149 --> 00:01:29,579

will make you think twice about going

19

00:01:34,249 --> 00:01:32,159

into the woods those are the actual

20

00:01:38,539 --> 00:01:34,259

words from the author of the beasts of

21

00:01:40,580 --> 00:01:38,549

Boggy Creek Lyle Blackburn so it is

22

00:01:43,179 --> 00:01:40,590

can get the goodies so Shannon is super

31
00:02:06,560 --> 00:02:04,049
cool she signed the book that she sent

32
00:02:08,749 --> 00:02:06,570
to me and sent me some mom some of her

33
00:02:11,210 --> 00:02:08,759
cards the into the fray cards and I'll

34
00:02:13,699 --> 00:02:11,220
tell ya some of the coolest business

35
00:02:18,199 --> 00:02:13,709
cards I have seen to date

36
00:02:20,449 --> 00:02:18,209
and definitely definitely cool had props

37
00:02:22,550 --> 00:02:20,459
on that she nailed it hit it out of the

38
00:02:25,039 --> 00:02:22,560

park with that Shannon is very

39
00:02:27,170 --> 00:02:25,049
knowledgeable of many many things in the

40
00:02:29,630 --> 00:02:27,180
paranormal so this will be really cool

41
00:02:31,520 --> 00:02:29,640
getting into the depths of this this

42
00:02:34,099 --> 00:02:31,530
book is amazing highly recommend

43
00:02:36,559 --> 00:02:34,109
everybody buy it I'm going to steal a

44
00:02:39,949 --> 00:02:36,569
line out of it that I absolutely love

45
00:02:42,190 --> 00:02:39,959
now come with me as we again depart but

46
00:02:44,660 --> 00:02:42,200
this time we go beyond the fray

47
00:02:47,629 --> 00:02:44,670
Shannon leg row welcome to the hero

48
00:02:50,509 --> 00:02:47,639
paranormal podcast thank you so much for

49
00:02:53,449 --> 00:02:50,519
having me Ryan this is this is such a

50
00:02:57,530 --> 00:02:53,459
cool book this is people say it all the

51
00:03:00,679 --> 00:02:57,540
time but I I really like the the fact

52
00:03:03,409 --> 00:03:00,689
that it is different events and stories

53
00:03:06,080 --> 00:03:03,419
and it just kind of keeps the hair on

54
00:03:08,270 --> 00:03:06,090
the back of your neck standing up I I i

55
00:03:09,500 --> 00:03:08,280
could relate to a lot of the stories

56
00:03:11,929 --> 00:03:09,510
because they're just it's just really

57
00:03:14,360 --> 00:03:11,939
well put together the whole Bigfoot

58
00:03:15,890 --> 00:03:14,370
thing what is what you did were you

59
00:03:17,780 --> 00:03:15,900
interested first or did you have an

60
00:03:20,360 --> 00:03:17,790
experience first how did you get

61
00:03:23,270 --> 00:03:20,370
involved with that yes so actually my

62
00:03:26,780 --> 00:03:23,280
first experience had nothing to do with

63
00:03:28,969 --> 00:03:26,790

Bigfoot and actually occurred not too

64

00:03:30,469 --> 00:03:28,979

far from you know one of your next or

65

00:03:32,449 --> 00:03:30,479

the west notes and you talked it had

66

00:03:35,000 --> 00:03:32,459

nothing to do it Bigfoot at all it was a

67

00:03:37,219 --> 00:03:35,010

shadow people so I remember at some

68

00:03:41,330 --> 00:03:37,229

point all the sudden years and years ago

69

00:03:44,089 --> 00:03:41,340

just diving headlong the books they were

70

00:03:46,580 --> 00:03:44,099

podcasting or and I started to consume

71

00:03:48,559 --> 00:03:46,590

as many of those as I could but you know

72

00:03:50,689 --> 00:03:48,569

a lot of people get was the beach buggy

73

00:03:52,879 --> 00:03:50,699

Creek or I saw the Patterson Gimlin film

74

00:03:54,110 --> 00:03:52,889

or they have a something that or they

75

00:03:57,770 --> 00:03:54,120

have their sighting of course as you

76
00:04:00,439 --> 00:03:57,780
mentioned I don't remember exactly the

77
00:04:02,420 --> 00:04:00,449
moment that I was like Bigfoot is my

78
00:04:06,619 --> 00:04:02,430
thing that's amazing but it certainly

79
00:04:09,050 --> 00:04:06,629
has become I would say the big guy is

80
00:04:11,749 --> 00:04:09,060
biggest in my heart as far as the

81
00:04:14,659 --> 00:04:11,759
subject matter that I cover on my show

82
00:04:18,680 --> 00:04:14,669
so I'm head over heels in love with

83
00:04:22,240 --> 00:04:18,690
Bigfoot that is so cool he the big guy I

84
00:04:24,950 --> 00:04:22,250
like that it's it's true at least it is

85
00:04:27,520 --> 00:04:24,960
somewhat of a mysterious it's kind of

86
00:04:29,410 --> 00:04:27,530
like a gateway to the

87
00:04:31,360 --> 00:04:29,420
other paranormal items or at least it

88
00:04:33,880 --> 00:04:31,370

was for me because there's so much

89

00:04:36,550 --> 00:04:33,890

mystery surrounding bigfoot and legend

90

00:04:40,510 --> 00:04:36,560

and lore and cultural I mean beliefs

91

00:04:42,190 --> 00:04:40,520

this is really big did in the writing of

92

00:04:45,060 --> 00:04:42,200

your book I'm sure you spoke with all

93

00:04:49,150 --> 00:04:45,070

kinds of people who had different ideas

94

00:04:52,120 --> 00:04:49,160

about Bigfoot what were some of the most

95

00:04:54,210 --> 00:04:52,130

interesting well I mean as far as what

96

00:04:57,360 --> 00:04:54,220

they are I don't think that anybody

97

00:04:59,680 --> 00:04:57,370

because the fact that the book is just

98

00:05:02,200 --> 00:04:59,690

basically their encounters what happened

99

00:05:04,630 --> 00:05:02,210

not only during the encounter what a

100

00:05:06,610 --> 00:05:04,640

decreased look like but the other side

101
00:05:09,130 --> 00:05:06,620
of that which is just as important is

102
00:05:10,900 --> 00:05:09,140
what did it do to the person that saw it

103
00:05:14,290 --> 00:05:10,910
you know I think that the human aspect

104
00:05:16,210 --> 00:05:14,300
of whether it's UFOs or Bigfoot or

105
00:05:18,220 --> 00:05:16,220
ghosts or shadow people it gets lost a

106
00:05:20,560 --> 00:05:18,230
lot of the time and as fascinating as it

107
00:05:22,900 --> 00:05:20,570
is to share the description what

108
00:05:25,390 --> 00:05:22,910
happened to the person physically

109
00:05:27,430 --> 00:05:25,400
mentally do they still have PTSD do they

110
00:05:29,890 --> 00:05:27,440
go in the woods there's more faculty to

111
00:05:32,920 --> 00:05:29,900
answer your question we didn't really

112
00:05:35,110 --> 00:05:32,930
dive into that too much if people get

113
00:05:37,600 --> 00:05:35,120

off on to tangents which I love tangents

114

00:05:40,060 --> 00:05:37,610

by the way on my show it wasn't so much

115

00:05:43,120 --> 00:05:40,070

that I included that particularly in the

116

00:05:44,950 --> 00:05:43,130

book but and this wasn't on my show but

117

00:05:46,930 --> 00:05:44,960

I just was recently talking with some

118

00:05:49,210 --> 00:05:46,940

other folks about this but I think one

119

00:05:50,800 --> 00:05:49,220

of the most interesting theories that

120

00:05:53,469 --> 00:05:50,810

I've heard about Bigfoot and maybe

121

00:05:57,820 --> 00:05:53,479

you've heard this Ryan was that Bigfoot

122

00:06:00,580 --> 00:05:57,830

was placed here on the planet by aliens

123

00:06:03,280 --> 00:06:00,590

to mine precious metals for them because

124

00:06:04,000 --> 00:06:03,290

that's what the aliens need to power

125

00:06:06,550 --> 00:06:04,010

their ships

126

00:06:07,960 --> 00:06:06,560

so that was one that's one of the more

127

00:06:10,900 --> 00:06:07,970

interesting ones that I've heard that

128

00:06:12,810 --> 00:06:10,910

was on my show but as far as my show

129

00:06:16,780 --> 00:06:12,820

goes I've had everybody from

130

00:06:18,909 --> 00:06:16,790

Gigantopithecus to maybe it's a human

131

00:06:21,159 --> 00:06:18,919

hybrid too it's just you know an

132

00:06:23,830 --> 00:06:21,169

undiscovered ape species so which I

133

00:06:25,840 --> 00:06:23,840

would prefer I think out of all of those

134

00:06:28,740 --> 00:06:25,850

of course to be that because if it's

135

00:06:32,380 --> 00:06:28,750

anything paranormal which just means

136

00:06:34,810 --> 00:06:32,390

abnormal if it's anything like that and

137

00:06:36,640 --> 00:06:34,820

they have any clinical weird abilities

138

00:06:40,710 --> 00:06:36,650

then we probably will never figure out

139

00:06:44,100 --> 00:06:40,720

what they are yeah and it

140

00:06:46,230 --> 00:06:44,110

seems like that route of thinking it's

141

00:06:47,910 --> 00:06:46,240

it's and it's very likely I mean that's

142

00:06:51,600 --> 00:06:47,920

this it could be possible that a

143

00:06:54,600 --> 00:06:51,610

cryptozoological creature is able to you

144

00:06:56,430 --> 00:06:54,610

know hide well I mean look at there's so

145

00:06:57,930 --> 00:06:56,440

many creatures that do other things well

146

00:07:00,780 --> 00:06:57,940

I mean look at the great white shark

147

00:07:04,560 --> 00:07:00,790

that in my opinion is like practically

148

00:07:09,510 --> 00:07:04,570

paranormal and it is just a fish

149

00:07:11,370 --> 00:07:09,520

so there's there's a lot of discussion

150

00:07:13,590 --> 00:07:11,380

that goes down and and I know that it

151
00:07:15,030 --> 00:07:13,600
can get pretty heated between the two

152
00:07:18,030 --> 00:07:15,040
camps those that think it's

153
00:07:20,400 --> 00:07:18,040
interdimensional those who mention the

154
00:07:24,470 --> 00:07:20,410
UFO connection and those who don't want

155
00:07:27,900 --> 00:07:24,480
anything to do with it do get to talk to

156
00:07:32,820 --> 00:07:27,910
mister Meldrum dr. Meldrum when you made

157
00:07:34,590 --> 00:07:32,830
the book no I've only ingest Meldrum but

158
00:07:36,720 --> 00:07:34,600
I haven't actually spoken to him stance

159
00:07:38,159 --> 00:07:36,730
but I would love to I would love to get

160
00:07:39,810 --> 00:07:38,169
the book in his hands and see what he

161
00:07:43,380 --> 00:07:39,820
what he thought about some of the

162
00:07:45,060 --> 00:07:43,390
encounters with him and even though a

163
00:07:47,370 --> 00:07:45,070

lot of the encounters are pulled from my

164

00:07:49,890 --> 00:07:47,380

show of course there are several in

165

00:07:52,350 --> 00:07:49,900

there that haven't been heard anywhere

166

00:07:54,270 --> 00:07:52,360

so I and I would hazard to say and so

167

00:07:56,730 --> 00:07:54,280

far the listeners that have gotten the

168

00:08:00,240 --> 00:07:56,740

book are going Gus even though I've

169

00:08:03,510 --> 00:08:00,250

heard these on your show it's it's

170

00:08:05,670 --> 00:08:03,520

different to consume it in word forms

171

00:08:07,290 --> 00:08:05,680

and they were just as freaked out there

172

00:08:09,990 --> 00:08:07,300

like they are we screwed out for a

173

00:08:12,060 --> 00:08:10,000

second time by the same story so and

174

00:08:14,040 --> 00:08:12,070

moving forward with our next books I

175

00:08:16,500 --> 00:08:14,050

think I'm going to put even more stories

176
00:08:19,440 --> 00:08:16,510
that have just not been heard anywhere

177
00:08:21,480 --> 00:08:19,450
else that would be great it's super

178
00:08:23,880 --> 00:08:21,490
descriptive yeah

179
00:08:25,560 --> 00:08:23,890
I'm not super close with Jeff Meldrum

180
00:08:28,430 --> 00:08:25,570
either that's kind of same as you met

181
00:08:30,900 --> 00:08:28,440
him a couple times once or twice and and

182
00:08:33,300 --> 00:08:30,910
but yeah when it comes to those two

183
00:08:36,180 --> 00:08:33,310
camps it seems like although he's very

184
00:08:40,050 --> 00:08:36,190
open-minded he's the go-to guy for the

185
00:08:41,880 --> 00:08:40,060
scientific camp and and you know trying

186
00:08:43,680 --> 00:08:41,890
to get some legitimacy into the field so

187
00:08:45,329 --> 00:08:43,690
I I think that's really cool because

188
00:08:47,670 --> 00:08:45,339

there is some legitimacy that's coming

189

00:08:50,579 --> 00:08:47,680

in to the Bigfoot field it's not just

190

00:08:53,940 --> 00:08:50,589

the Patterson Gimlin like it was for

191

00:08:56,820 --> 00:08:53,950

ever and it is

192

00:08:59,040 --> 00:08:56,830

you know that that has its its qualities

193

00:09:02,280 --> 00:08:59,050

but there is a lot more scientifically

194

00:09:05,370 --> 00:09:02,290

that I think you know DNA hair samples I

195

00:09:07,470 --> 00:09:05,380

remember I uh I got a call once from a

196

00:09:08,790 --> 00:09:07,480

another researcher and I said what are

197

00:09:11,880 --> 00:09:08,800

you doing where are you at and he said

198

00:09:14,760 --> 00:09:11,890

I've got a bunch of well the least

199

00:09:17,430 --> 00:09:14,770

favorite samples some dung in the back

200

00:09:19,380 --> 00:09:17,440

of his truck and he was driving right he

201
00:09:22,190 --> 00:09:19,390
was driving up to see Jeff Meldrum I was

202
00:09:26,130 --> 00:09:22,200
like oh I'm glad I'm not you but yeah

203
00:09:28,740 --> 00:09:26,140
there's there's a lot of features in the

204
00:09:31,890 --> 00:09:28,750
book that descriptions are terrifying

205
00:09:33,660 --> 00:09:31,900
the encounters and I can see into its

206
00:09:36,000 --> 00:09:33,670
eyes I thought that was really cool and

207
00:09:38,670 --> 00:09:36,010
a lot of them leave you or leave you

208
00:09:40,590 --> 00:09:38,680
wondering you know how often are these

209
00:09:44,100 --> 00:09:40,600
sightings taking place that people don't

210
00:09:46,230 --> 00:09:44,110
report them oh gosh I mean that that you

211
00:09:47,900 --> 00:09:46,240
hit it on the head there I mean I think

212
00:09:51,540 --> 00:09:47,910
we're just scraping the surface if you

213
00:09:54,600 --> 00:09:51,550

take all of the reports that are given

214

00:09:58,700 --> 00:09:54,610

just a podcast alone forget you know the

215

00:10:02,790 --> 00:09:58,710

online greatest things like the BFRO

216

00:10:04,110 --> 00:10:02,800

yeah that that's it's how many woman to

217

00:10:06,120 --> 00:10:04,120

be made fun of and I'm going to be

218

00:10:09,930 --> 00:10:06,130

looked at like a coupe so I'm not gonna

219

00:10:13,140 --> 00:10:09,940

tell anybody about this and you know

220

00:10:18,300 --> 00:10:13,150

look we we have good relationships

221

00:10:19,830 --> 00:10:18,310

school and people trust us and so to to

222

00:10:22,530 --> 00:10:19,840

be trusted like that and they come on

223

00:10:27,810 --> 00:10:22,540

they tell you these things it is it's an

224

00:10:30,930 --> 00:10:27,820

incredible thing and I think if we would

225

00:10:33,030 --> 00:10:30,940

probably be shocked if we found out just

226

00:10:34,920 --> 00:10:33,040

how many people are out there that have

227

00:10:37,980 --> 00:10:34,930

had encounters and just not hold a soul

228

00:10:40,740 --> 00:10:37,990

it does seem that way I mean it seems

229

00:10:42,630 --> 00:10:40,750

like every year and I want to get into

230

00:10:45,480 --> 00:10:42,640

your Utah sighting - I think that's so

231

00:10:47,010 --> 00:10:45,490

exciting but every year there's

232

00:10:49,140 --> 00:10:47,020

sightings and you see it on the news

233

00:10:50,220 --> 00:10:49,150

whether it be in almost all the states

234

00:10:52,760 --> 00:10:50,230

you know oh

235

00:10:55,560 --> 00:10:52,770

could it be this or a hiker saw that and

236

00:10:57,420 --> 00:10:55,570

it's usually kind of brushed off and

237

00:11:01,680 --> 00:10:57,430

forgotten about quite quickly and people

238

00:11:04,140 --> 00:11:01,690

yell hoax a lot and and those functions

239

00:11:07,740 --> 00:11:04,150

kind of take it away from the public

240

00:11:10,050 --> 00:11:07,750

view because the reality is

241

00:11:13,650 --> 00:11:10,060

a lot of these sightings taking place

242

00:11:15,780 --> 00:11:13,660

and it seems like there's some

243

00:11:17,580 --> 00:11:15,790

interaction communication that this

244

00:11:19,470 --> 00:11:17,590

person had with this animal or was this

245

00:11:20,790 --> 00:11:19,480

just an idea that they had what were

246

00:11:24,360 --> 00:11:20,800

some of the more interesting things

247

00:11:28,370 --> 00:11:24,370

along those lines uh you know I've heard

248

00:11:31,200 --> 00:11:28,380

over the years a lot near a wooded area

249

00:11:33,630 --> 00:11:31,210

they say that you know they'll leave

250

00:11:37,260 --> 00:11:33,640

something else for the Bigfoot creatures

251
00:11:39,090 --> 00:11:37,270
in the woods and the Bigfoot will leave

252
00:11:42,360 --> 00:11:39,100
something back for them

253
00:11:44,100 --> 00:11:42,370
in fact certainly nothing name-dropper

254
00:11:45,450 --> 00:11:44,110
eating but I finally got a chance to

255
00:11:48,450 --> 00:11:45,460
talk to George Knapp the other night

256
00:11:50,010 --> 00:11:48,460
which was amazing and he brought up we

257
00:11:52,320 --> 00:11:50,020
were talking about her situation and he

258
00:11:54,870 --> 00:11:52,330
brought up a story that a gentleman told

259
00:11:56,640 --> 00:11:54,880
on on his show where the gentleman was

260
00:11:59,790 --> 00:11:56,650
leaving like apples and things like that

261
00:12:01,230 --> 00:11:59,800
out and the pigs with because I mean

262
00:12:03,210 --> 00:12:01,240
what else is a Bigfoot going to bring

263
00:12:05,760 --> 00:12:03,220

them for the most part the Bigfoot kept

264

00:12:07,620 --> 00:12:05,770

bringing back dead squirrels you know oh

265

00:12:10,200 --> 00:12:07,630

you'll leave me food so I'll leave you

266

00:12:12,470 --> 00:12:10,210

food and I personally hadn't heard

267

00:12:14,280 --> 00:12:12,480

anything that specific before but is

268

00:12:17,100 --> 00:12:14,290

interesting to think that there are

269

00:12:19,440 --> 00:12:17,110

smart enough to know I mean if that's

270

00:12:21,810 --> 00:12:19,450

what's going on of course there's a lot

271

00:12:23,460 --> 00:12:21,820

of conjecture going on there that we're

272

00:12:29,940 --> 00:12:23,470

assuming that it was the Bigfoot right

273

00:12:33,900 --> 00:12:29,950

but it's it's not there obviously

274

00:12:36,450 --> 00:12:33,910

extremely intelligent and I've always

275

00:12:39,270 --> 00:12:36,460

liked to call them believe it's because

276

00:12:43,340 --> 00:12:39,280

they're just you know going off there an

277

00:12:45,900 --> 00:12:43,350

undiscovered ape species they are stuck

278

00:12:48,540 --> 00:12:45,910

out there in the woods we just cannot

279

00:12:49,980 --> 00:12:48,550

compare and I don't think it's out of

280

00:12:54,870 --> 00:12:49,990

the realm of possibility that they do

281

00:12:57,500 --> 00:12:54,880

things like you know even a house pet

282

00:13:00,450 --> 00:12:57,510

bless their heart know they're going

283

00:13:02,640 --> 00:13:00,460

they'll go to a you know closet or

284

00:13:06,000 --> 00:13:02,650

behind under dad or something behind a

285

00:13:08,040 --> 00:13:06,010

whatever address and because they know

286

00:13:09,810 --> 00:13:08,050

they're on their way out now I do

287

00:13:12,780 --> 00:13:09,820

realize that there's been stuff it's

288

00:13:16,890 --> 00:13:12,790

Bigfoot that have been either hit by a

289

00:13:21,150 --> 00:13:16,900

car or shot by a hunter many of those

290

00:13:23,400 --> 00:13:21,160

stories of course the rest will vary

291

00:13:27,330 --> 00:13:23,410

heard the tales I know YouTube have fun

292

00:13:29,400 --> 00:13:27,340

I mean on your show and even even

293

00:13:31,050 --> 00:13:29,410

skinwalker ranch stuff you know the

294

00:13:34,260 --> 00:13:31,060

whole government side of things the

295

00:13:38,190 --> 00:13:34,270

government coming in and covering up

296

00:13:39,960 --> 00:13:38,200

tracks or taken away a body or what this

297

00:13:42,600 --> 00:13:39,970

might be but I don't think that these

298

00:13:44,960 --> 00:13:42,610

things go very far by themselves I think

299

00:13:49,580 --> 00:13:44,970

they're very tactical so if one of them

300

00:13:52,170 --> 00:13:49,590

does get clipped by a car i I just don't

301
00:13:54,690 --> 00:13:52,180
it is frustrating because why wouldn't

302
00:13:56,340 --> 00:13:54,700
one of them take a hard-enough it to

303
00:13:59,100 --> 00:13:56,350
just be laying in the road and then the

304
00:14:02,130 --> 00:13:59,110
next person if the first person the left

305
00:14:05,100 --> 00:14:02,140
and there we have our proof but it just

306
00:14:07,500 --> 00:14:05,110
hasn't happened yet I don't really see

307
00:14:09,030 --> 00:14:07,510
why they couldn't be smart enough to to

308
00:14:11,460 --> 00:14:09,040
help each other out like hey we can't

309
00:14:13,170 --> 00:14:11,470
let these people figure us out we have

310
00:14:16,890 --> 00:14:13,180
to avoid them they obviously want to

311
00:14:18,840 --> 00:14:16,900
watch us but they know to avoid yeah and

312
00:14:20,850 --> 00:14:18,850
you you cut out for a second when you

313
00:14:27,600 --> 00:14:20,860

were saying you call it the was it what

314

00:14:31,470 --> 00:14:27,610

was it in the woods like that Liam

315

00:14:35,160 --> 00:14:31,480

Neeson exactly it's like there's a lot

316

00:14:37,650 --> 00:14:35,170

of features with these stories that this

317

00:14:39,450 --> 00:14:37,660

is you know you get the hunter it seems

318

00:14:42,420 --> 00:14:39,460

like hunters seem more scared of it more

319

00:14:47,700 --> 00:14:42,430

like they think it's a beast and hikers

320

00:14:50,460 --> 00:14:47,710

are a little less I more aware but less

321

00:14:52,350 --> 00:14:50,470

scared and but you can't make any true

322

00:14:54,720 --> 00:14:52,360

and fast judgments about any of these

323

00:14:57,710 --> 00:14:54,730

sightings because some of them do have

324

00:15:00,090 --> 00:14:57,720

government ties and then there's I

325

00:15:03,810 --> 00:15:00,100

really strange stories that you hear

326

00:15:05,730 --> 00:15:03,820

about like you know people that have

327

00:15:09,720 --> 00:15:05,740

these things visiting them all the time

328

00:15:12,510 --> 00:15:09,730

so I know that there's probably a lot we

329

00:15:14,640 --> 00:15:12,520

could learn if we could understand a

330

00:15:17,880 --> 00:15:14,650

creature that not only has such a small

331

00:15:18,450 --> 00:15:17,890

impact no pun intended but I mean a big

332

00:15:24,950 --> 00:15:18,460

impact

333

00:15:29,070 --> 00:15:24,960

know talk about hardly hardly noticeable

334

00:15:31,440 --> 00:15:29,080

ecologically and yet it's still just a

335

00:15:34,120 --> 00:15:31,450

thing of mystery that everybody kind of

336

00:15:38,019 --> 00:15:34,130

I think everybody sort of has that

337

00:15:41,530 --> 00:15:38,029

thing in them where you kind of think it

338

00:15:44,650 --> 00:15:41,540

should be there I mean I I'm a hopeful

339

00:15:46,240 --> 00:15:44,660

believer in these things imprinted on me

340

00:15:48,699 --> 00:15:46,250

the fact that these really might be out

341

00:15:53,019 --> 00:15:48,709

there I mean until I have a sighting I'm

342

00:15:55,059 --> 00:15:53,029

not gonna say I know but I mean as

343

00:15:57,040 --> 00:15:55,069

you've read in the book Jim you've her

344

00:15:59,379 --> 00:15:57,050

on the podcast and you talk it's one of

345

00:16:02,259 --> 00:15:59,389

those what you wish for because some of

346

00:16:04,809 --> 00:16:02,269

these folks have life-changing exciting

347

00:16:07,420 --> 00:16:04,819

to where they become obsessed but they

348

00:16:09,910 --> 00:16:07,430

are also terrified to go hiking and

349

00:16:12,879 --> 00:16:09,920

fishing hunting things that they used to

350

00:16:15,819 --> 00:16:12,889

love to do is now ruined yeah yeah I

351

00:16:17,590 --> 00:16:15,829

totally agree and sorry you cut out for

352

00:16:20,559 --> 00:16:17,600

again I'm not sure why that was

353

00:16:22,600 --> 00:16:20,569

happening but it it can be traumatic

354

00:16:24,850 --> 00:16:22,610

people can have post-traumatic stress

355

00:16:27,490 --> 00:16:24,860

from this and disorders from this for

356

00:16:32,050 --> 00:16:27,500

sure did you run into did you run into a

357

00:16:36,790 --> 00:16:32,060

lot of that one gentleman out to an area

358

00:16:38,350 --> 00:16:36,800

he had a with only a big name Bigfoot

359

00:16:42,129 --> 00:16:38,360

researcher one of the old school guys

360

00:16:45,370 --> 00:16:42,139

and this gentleman actually takes the

361

00:16:47,530 --> 00:16:45,380

topographic map of this area and rolls a

362

00:16:49,480 --> 00:16:47,540

circle and says you don't ever go in

363

00:16:51,460 --> 00:16:49,490

here ever this is like where they live

364

00:16:53,769 --> 00:16:51,470

you know he's like do you know I'm

365

00:16:57,189 --> 00:16:53,779

saying you know this guy David David

366

00:16:59,499 --> 00:16:57,199

they yeah I get it I'm not gonna go well

367

00:17:03,759 --> 00:16:59,509

he goes of course and not only does he

368

00:17:05,590 --> 00:17:03,769

go but he tells his wife that he's going

369

00:17:07,809 --> 00:17:05,600

on a business trip which at that point

370

00:17:10,840 --> 00:17:07,819

in time that's not strange for him to do

371

00:17:14,880 --> 00:17:10,850

so so literally nobody knows where he's

372

00:17:19,090 --> 00:17:14,890

going and he goes to this area and I

373

00:17:20,829 --> 00:17:19,100

mean long story short he never sees a

374

00:17:23,860 --> 00:17:20,839

thing but that doesn't even matter

375

00:17:26,319 --> 00:17:23,870

because he ends up getting screamed at

376

00:17:29,680 --> 00:17:26,329

from multiple creatures he's crawling

377

00:17:32,380 --> 00:17:29,690

out of this this area that he went to on

378

00:17:34,570 --> 00:17:32,390

his hands and knees really thinking that

379

00:17:35,560 --> 00:17:34,580

he was going to be killed no one's gonna

380

00:17:38,529 --> 00:17:35,570

know where he went

381

00:17:41,529 --> 00:17:38,539

nope I'm gonna think he abandoned them

382

00:17:45,760 --> 00:17:41,539

and he admitted to me and he was very

383

00:17:48,400 --> 00:17:45,770

emotional this was on the show his cross

384

00:17:52,220 --> 00:17:48,410

very early episode bye

385

00:17:54,620 --> 00:17:52,230

he would crying and he thought he was

386

00:17:56,960 --> 00:17:54,630

out of there and these things were so

387

00:17:59,960 --> 00:17:56,970

good at what they were doing that they

388

00:18:02,270 --> 00:17:59,970

were they were paralleling him out the

389

00:18:04,130 --> 00:18:02,280

entire time and he made himself walk

390

00:18:05,990 --> 00:18:04,140

because he's you know that whole

391

00:18:08,180 --> 00:18:06,000

predator-prey thing he was quite worried

392

00:18:11,600 --> 00:18:08,190

about that and probably rightfully so

393

00:18:16,550 --> 00:18:11,610

and and I think it was a blast you know

394

00:18:19,400 --> 00:18:16,560

a deer okay time to run and he didn't

395

00:18:24,470 --> 00:18:19,410

know that it was even during the day for

396

00:18:27,590 --> 00:18:24,480

I think it was nearly 25 and even now I

397

00:18:30,050 --> 00:18:27,600

spoken him a number of times over the

398

00:18:31,760 --> 00:18:30,060

years since he first told that story

399

00:18:35,000 --> 00:18:31,770

he admits he still goes out during the

400

00:18:38,540 --> 00:18:35,010

day he's always armed he tells people

401
00:18:41,750 --> 00:18:38,550
where he's going and he goes out with

402
00:18:43,910 --> 00:18:41,760
other people and it being a really truly

403
00:18:46,310 --> 00:18:43,920
life-changing event and in that case

404
00:18:50,380 --> 00:18:46,320
like I said he didn't even see them he

405
00:18:52,820 --> 00:18:50,390
had a flashlight and made the choice to

406
00:18:54,920 --> 00:18:52,830
not look at them and he's behind you he

407
00:18:56,870 --> 00:18:54,930
went in there for an experience and boy

408
00:18:59,330 --> 00:18:56,880
did he get one but he he admitted he's

409
00:19:01,810 --> 00:18:59,340
like I had a flashlight but I don't

410
00:19:04,040 --> 00:19:01,820
think that I could have dealt with it

411
00:19:06,170 --> 00:19:04,050
actually seeing them because it was

412
00:19:09,290 --> 00:19:06,180
already terrifying enough yeah that

413
00:19:11,090 --> 00:19:09,300

would be horrifying and the flash I mean

414

00:19:14,480 --> 00:19:11,100

having the flashlight and still not

415

00:19:16,370 --> 00:19:14,490

looking that is like yeah isn't a test

416

00:19:18,560 --> 00:19:16,380

oh boy I need these because I've always

417

00:19:20,900 --> 00:19:18,570

tried to put myself in these situations

418

00:19:22,580 --> 00:19:20,910

as I'm listening to them or reading them

419

00:19:24,380 --> 00:19:22,590

I mean do you think that you would have

420

00:19:26,540 --> 00:19:24,390

done the same thing that David did or do

421

00:19:29,780 --> 00:19:26,550

you think that he has a hood on the

422

00:19:32,630 --> 00:19:29,790

right track was just not looking I I

423

00:19:35,450 --> 00:19:32,640

can't say that I would look I know that

424

00:19:40,610 --> 00:19:35,460

I would want to but I don't know if I

425

00:19:42,350 --> 00:19:40,620

would yeah I know girls and I be

426

00:19:44,000 --> 00:19:42,360

interested to hear your opinion on this

427

00:19:46,940 --> 00:19:44,010

too we hear about the different types

428

00:19:48,740 --> 00:19:46,950

you know they have labels that I cannot

429

00:19:51,170 --> 00:19:48,750

get too bogged down in type 1 type 2

430

00:19:53,630 --> 00:19:51,180

type 10 you know all that but you hear

431

00:19:56,300 --> 00:19:53,640

the more gorillas looking ones face

432

00:19:59,030 --> 00:19:56,310

facial teacups why and then you hear of

433

00:20:01,169 --> 00:19:59,040

them more human looking ones which I've

434

00:20:05,430 --> 00:20:01,179

always said

435

00:20:06,690 --> 00:20:05,440

I think would stay out more for whatever

436

00:20:08,219 --> 00:20:06,700

you know whatever the implications might

437

00:20:10,709 --> 00:20:08,229

be you can take that you know how you

438

00:20:14,219 --> 00:20:10,719

want think that that would be more

439

00:20:16,440 --> 00:20:14,229

difficult and and it looks more like a

440

00:20:17,849 --> 00:20:16,450

gorilla what do you what do you think

441

00:20:21,930 --> 00:20:17,859

about that if you had a sighting like

442

00:20:25,049 --> 00:20:21,940

that I am fascinated by the sightings

443

00:20:26,849 --> 00:20:25,059

that look like you said they have they

444

00:20:30,289 --> 00:20:26,859

have kind of like those human features I

445

00:20:32,869 --> 00:20:30,299

think that would be more realistic and

446

00:20:36,869 --> 00:20:32,879

fascinated by a lot of the different

447

00:20:38,759 --> 00:20:36,879

research that's being done I mean there

448

00:20:40,979 --> 00:20:38,769

are some pictures that are making their

449

00:20:42,839 --> 00:20:40,989

way around the web that are very debated

450

00:20:46,680 --> 00:20:42,849

on whether they you know close-ups of

451
00:20:48,119 --> 00:20:46,690
faces and such and I know that I can't

452
00:20:50,999 --> 00:20:48,129
think of the gentleman's name but his

453
00:20:53,609 --> 00:20:51,009
his means of I think it's impressive but

454
00:20:55,169 --> 00:20:53,619
his means of obtaining those pictures

455
00:20:59,849 --> 00:20:55,179
and what he goes through and explains

456
00:21:01,950 --> 00:20:59,859
that he does is pretty brutal but it is

457
00:21:03,690 --> 00:21:01,960
why can't I think of his name but yeah

458
00:21:07,499 --> 00:21:03,700
the Sentinel idea that they have

459
00:21:10,019 --> 00:21:07,509
lookouts and I absolutely think that the

460
00:21:13,079 --> 00:21:10,029
more intelligent be that they would have

461
00:21:14,609 --> 00:21:13,089
features much like what is making the

462
00:21:16,499 --> 00:21:14,619
rounds I'm not saying that I'm on the

463
00:21:19,769 --> 00:21:16,509

fence whether that's actually legitimate

464

00:21:21,239 --> 00:21:19,779

but right if it were that's exactly what

465

00:21:23,909 --> 00:21:21,249

I would picture it to be what I would

466

00:21:28,609 --> 00:21:23,919

expect is something that looks a little

467

00:21:34,469 --> 00:21:28,619

bit like us Melba Ketchum had been and

468

00:21:37,499 --> 00:21:34,479

you know they cleaned it said for human

469

00:21:40,469 --> 00:21:37,509

you know for these Sam it came from a

470

00:21:43,169 --> 00:21:40,479

Bigfoot creature so you know all of this

471

00:21:45,089 --> 00:21:43,179

hotly contested in any camp though I

472

00:21:48,469 --> 00:21:45,099

just like the fact that there's people

473

00:21:52,349 --> 00:21:48,479

out there going full-bore and whatever

474

00:21:54,869 --> 00:21:52,359

people leave or they they want that is

475

00:21:56,399 --> 00:21:54,879

fun I just I don't want to knock anybody

476
00:21:58,919 --> 00:21:56,409
for anything you know because I think

477
00:22:00,690 --> 00:21:58,929
that we should be left on the table

478
00:22:03,299 --> 00:22:00,700
because we don't know and there are no

479
00:22:05,940 --> 00:22:03,309
experts in Bigfoot because we don't have

480
00:22:08,930 --> 00:22:05,950
a body and we don't have fun have a bet

481
00:22:11,969 --> 00:22:08,940
I've never left this but you know behind

482
00:22:15,090 --> 00:22:11,979
three foot are three-inch thick acrylic

483
00:22:17,700 --> 00:22:15,100
at a zoo or something we just don't know

484
00:22:20,700 --> 00:22:17,710
there's no expert in this at all that is

485
00:22:22,110 --> 00:22:20,710
so true and it it really would be the

486
00:22:24,960 --> 00:22:22,120
worst thing that could possibly happen

487
00:22:28,259 --> 00:22:24,970
is to take an animal like that and put

488
00:22:31,139 --> 00:22:28,269

it into something like a zoo yeah it's

489

00:22:32,999 --> 00:22:31,149

yeah I mean even if you go to I remember

490

00:22:35,730 --> 00:22:33,009

going to the Cleveland zoo many times

491

00:22:38,460 --> 00:22:35,740

when I was up there still and there was

492

00:22:41,820 --> 00:22:38,470

a male silverback and every time I went

493

00:22:44,220 --> 00:22:41,830

there and to look at him he was he was

494

00:22:46,409 --> 00:22:44,230

sitting in the corner basically walking

495

00:22:48,029 --> 00:22:46,419

back and forth space in the wall you

496

00:22:53,279 --> 00:22:48,039

know I mean it just breaks your heart

497

00:22:56,039 --> 00:22:53,289

because yeah so yeah that would be my

498

00:22:58,409 --> 00:22:56,049

main reason as to why we should never if

499

00:23:01,230 --> 00:22:58,419

it ever came down to it sticking behind

500

00:23:02,490 --> 00:23:01,240

glass so we can talk and point at them

501
00:23:06,990 --> 00:23:02,500
because they're far too intelligent for

502
00:23:09,360 --> 00:23:07,000
that they are and they they they have so

503
00:23:11,549 --> 00:23:09,370
much relevance with Native Americans and

504
00:23:12,899 --> 00:23:11,559
the lore the legend you know the old man

505
00:23:15,840 --> 00:23:12,909
on the mountain whatever you want to

506
00:23:19,320 --> 00:23:15,850
call him I remember there's many stories

507
00:23:20,460 --> 00:23:19,330
I've heard that they are kind of that

508
00:23:22,950 --> 00:23:20,470
would be the last thing that would be

509
00:23:27,450 --> 00:23:22,960
you know in a zoo the last thing they

510
00:23:30,749 --> 00:23:27,460
would do is is there something to the

511
00:23:33,149 --> 00:23:30,759
spiritual aspect that you've gathered in

512
00:23:35,399 --> 00:23:33,159
looking into this kind of going beyond

513
00:23:38,990 --> 00:23:35,409

where most people go and getting a

514

00:23:47,460 --> 00:23:39,000

really deep look at this is there a

515

00:23:49,379 --> 00:23:47,470

spiritual or you know essential feeling

516

00:23:53,720 --> 00:23:49,389

that people have had that you've spoken

517

00:23:56,789 --> 00:23:53,730

with about the animal uh yeah I've had

518

00:23:58,560 --> 00:23:56,799

it doesn't happen often and I think it's

519

00:24:02,340 --> 00:23:58,570

mostly again things that I've heard on

520

00:24:05,549 --> 00:24:02,350

other shows but I did have one person

521

00:24:08,070 --> 00:24:05,559

that said basically they got a sense

522

00:24:12,330 --> 00:24:08,080

from it almost you know can't account to

523

00:24:14,789 --> 00:24:12,340

mind speak or telepathy like this like

524

00:24:18,180 --> 00:24:14,799

the creature was basically saying you

525

00:24:20,460 --> 00:24:18,190

know like I'm not gonna hurt you or you

526

00:24:23,789 --> 00:24:20,470

know don't go any further or you need to

527

00:24:28,920 --> 00:24:23,799

leave you know whatever the the message

528

00:24:31,620 --> 00:24:28,930

that it needed to impart was but

529

00:24:33,720 --> 00:24:31,630

you know that could be the person the

530

00:24:36,450 --> 00:24:33,730

person's primal instincts kicking in and

531

00:24:38,100 --> 00:24:36,460

maybe it was more their inner voice you

532

00:24:40,050 --> 00:24:38,110

know I mean so it's kind of it's it's

533

00:24:41,100 --> 00:24:40,060

really hard and that's a gray area and

534

00:24:44,730 --> 00:24:41,110

again I'm not going to laugh at

535

00:24:46,410 --> 00:24:44,740

anybody's encounter or question what

536

00:24:48,750 --> 00:24:46,420

they said that's the beauty of doing

537

00:24:51,540 --> 00:24:48,760

shows like ours is that when people come

538

00:24:53,790 --> 00:24:51,550

on and they share something it's up to

539

00:24:55,470 --> 00:24:53,800

the listener to decide or the reader to

540

00:24:58,980 --> 00:24:55,480

decide if they think that if the true

541

00:25:02,250 --> 00:24:58,990

story or not you know so yeah there have

542

00:25:05,010 --> 00:25:02,260

definitely been a lot of people out

543

00:25:09,900 --> 00:25:05,020

there just in general that think these

544

00:25:15,210 --> 00:25:09,910

things have some real true extrasensory

545

00:25:17,580 --> 00:25:15,220

abilities and that they can tap into not

546

00:25:20,550 --> 00:25:17,590

only real primal stuff and just live out

547

00:25:23,760 --> 00:25:20,560

in these truly harsh environments you

548

00:25:25,110 --> 00:25:23,770

know northern Canada and Alaska every

549

00:25:28,980 --> 00:25:25,120

once in a blue moon you've heard in

550

00:25:33,710 --> 00:25:28,990

Alaska story but that they have other

551

00:25:38,640 --> 00:25:33,720

abilities that are to us pretty

552

00:25:40,620 --> 00:25:38,650

fantastical really and I don't know that

553

00:25:42,660 --> 00:25:40,630

I understand believe that they have that

554

00:25:44,700 --> 00:25:42,670

ability but then again people have said

555

00:25:46,710 --> 00:25:44,710

if we could use more of our brains that

556

00:25:48,840 --> 00:25:46,720

we might be able to do the same thing so

557

00:25:50,430 --> 00:25:48,850

I don't know what if they're just able

558

00:25:53,880 --> 00:25:50,440

to tap into that part of their brain

559

00:25:57,810 --> 00:25:53,890

tomorrow I'm not sure absolutely

560

00:25:59,850 --> 00:25:57,820

and there's the neat thing is like you

561

00:26:03,810 --> 00:25:59,860

said the place is the the climate's it's

562

00:26:06,450 --> 00:26:03,820

really broad and varied and I loved the

563

00:26:09,990 --> 00:26:06,460

Bigfoot and Nevada story because

564

00:26:12,870 --> 00:26:10,000

obviously I'm in Nevada and you are and

565

00:26:15,510 --> 00:26:12,880

as a state like Nevada is usually not

566

00:26:19,470 --> 00:26:15,520

what you think of as a place where you

567

00:26:21,270 --> 00:26:19,480

would see a Bigfoot yeah and I'm glad

568

00:26:22,620 --> 00:26:21,280

you brought that one up because this one

569

00:26:26,250 --> 00:26:22,630

was so cool because there was nothing

570

00:26:29,010 --> 00:26:26,260

truly fantastic about it it was not an

571

00:26:31,500 --> 00:26:29,020

over-the-top story basically they're

572

00:26:33,950 --> 00:26:31,510

driving a husband and a wife she's

573

00:26:37,890 --> 00:26:33,960

surviving he's not passenger seat and

574

00:26:40,530 --> 00:26:37,900

it's it's dark out and they see

575

00:26:41,289 --> 00:26:40,540

something so tall that the guy remembers

576

00:26:44,109 --> 00:26:41,299

things

577

00:26:47,830 --> 00:26:44,119

oh that's a guy on a dirt bike you know

578

00:26:49,629 --> 00:26:47,840

and man he's he's Clio but on this thing

579

00:26:51,879 --> 00:26:49,639

and he could tell that the thing was

580

00:26:54,279 --> 00:26:51,889

going to make a turn and of course once

581

00:26:56,349 --> 00:26:54,289

it turned he realized oh man I think

582

00:26:59,049 --> 00:26:56,359

going so fast it's guys gonna gonna

583

00:27:01,060 --> 00:26:59,059

crash on his dirt bike making a turn

584

00:27:03,700 --> 00:27:01,070

like that at that speed and that's when

585

00:27:07,690 --> 00:27:03,710

he realized he described it as a

586

00:27:09,759 --> 00:27:07,700

refrigerator with legs and it actually

587

00:27:13,839 --> 00:27:09,769

disappeared basically into a

588

00:27:16,419 --> 00:27:13,849

neighborhood and this is like you spend

589

00:27:19,690 --> 00:27:16,429

on an area that you would think would

590

00:27:23,320 --> 00:27:19,700

have any activity whatsoever but the

591

00:27:25,479 --> 00:27:23,330

here's why I love this story because and

592

00:27:28,210 --> 00:27:25,489

a lot of it was kept private and that's

593

00:27:30,999 --> 00:27:28,220

for specific reasons a lot of times that

594

00:27:33,789 --> 00:27:31,009

it does get stressful because if I could

595

00:27:36,489 --> 00:27:33,799

release who told this or the friend that

596

00:27:38,409 --> 00:27:36,499

told him the other information it would

597

00:27:40,839 --> 00:27:38,419

it would clean even more of a stance as

598

00:27:43,690 --> 00:27:40,849

approval from people probably but you

599

00:27:46,869 --> 00:27:43,700

know anonymity is always a chance to

600

00:27:49,029 --> 00:27:46,879

mount if that's what they want so he and

601
00:27:52,239 --> 00:27:49,039
his wife has this sighting in December

602
00:27:55,960 --> 00:27:52,249
and there's even a horrible smell which

603
00:27:57,700 --> 00:27:55,970
is a lot of times attributed to poor

604
00:27:59,830 --> 00:27:57,710
Bigfoot creatures right there just

605
00:28:01,180 --> 00:27:59,840
smelly things sometimes and that smell

606
00:28:03,879 --> 00:28:01,190
stayed around for like three days

607
00:28:06,909 --> 00:28:03,889
the dogs were acting weird and then it

608
00:28:09,219 --> 00:28:06,919
would leave and it wasn't but you know a

609
00:28:14,589 --> 00:28:09,229
couple weeks later he finds out that a

610
00:28:18,460 --> 00:28:14,599
friend of his had a sighting in in

611
00:28:21,099 --> 00:28:18,470
December the same month in Nevada so

612
00:28:22,509 --> 00:28:21,109
here we're looking at a situation where

613
00:28:25,180 --> 00:28:22,519

we're going okay well they probably

614

00:28:28,269 --> 00:28:25,190

don't hang out here too much there's not

615

00:28:30,700 --> 00:28:28,279

a lot of cover for the most part but the

616

00:28:33,549 --> 00:28:30,710

idea that they migrate and they move

617

00:28:36,210 --> 00:28:33,559

through different areas that may have

618

00:28:39,669 --> 00:28:36,220

less cover for a short amount of time is

619

00:28:41,619 --> 00:28:39,679

certainly I think a possibility so I

620

00:28:45,279 --> 00:28:41,629

know that I didn't give a specific

621

00:28:49,149 --> 00:28:45,289

location and I can tell you off the air

622

00:28:50,469 --> 00:28:49,159

probably hairline but but yeah I don't

623

00:28:51,700 --> 00:28:50,479

think it's I don't Lee it's nice to

624

00:28:53,139 --> 00:28:51,710

think they're moving through somewhere

625

00:28:55,120 --> 00:28:53,149

that doesn't have a whole bunch of woods

626

00:28:58,910 --> 00:28:55,130

to get to another place

627

00:29:02,360 --> 00:28:58,920

right and that that's that's awesome it

628

00:29:04,190 --> 00:29:02,370

is it reminds me of you know when I've

629

00:29:06,440 --> 00:29:04,200

gone out with other Bigfoot research or

630

00:29:07,880 --> 00:29:06,450

Shannon and they show you things that

631

00:29:11,030 --> 00:29:07,890

other people would just think are so

632

00:29:12,650 --> 00:29:11,040

subtle and that's nothing but you know

633

00:29:15,140 --> 00:29:12,660

you start noticing some of these little

634

00:29:17,630 --> 00:29:15,150

things like the way they sort of groomed

635

00:29:20,870 --> 00:29:17,640

trails or paths for like you said if

636

00:29:23,900 --> 00:29:20,880

they're moving through there and they

637

00:29:25,010 --> 00:29:23,910

can do this when when you when you look

638

00:29:27,320 --> 00:29:25,020

at it when you it's like one of those

639

00:29:29,810 --> 00:29:27,330

things the deeper you look it starts to

640

00:29:32,930 --> 00:29:29,820

kind of make sense which is so crazy

641

00:29:35,810 --> 00:29:32,940

because like it is it's it the

642

00:29:37,490 --> 00:29:35,820

paranormal is a broad spectrum and it l

643

00:29:41,090 --> 00:29:37,500

try not to get locked on any one thing

644

00:29:43,250 --> 00:29:41,100

but Bigfoot is so hard not to not to get

645

00:29:45,830 --> 00:29:43,260

locked into it is just so hard because

646

00:29:49,820 --> 00:29:45,840

it's so intriguing and mysterious and

647

00:29:52,190 --> 00:29:49,830

and always available it's not like you

648

00:29:54,530 --> 00:29:52,200

know it's just there it's not like you

649

00:29:56,120 --> 00:29:54,540

have to you know wait for Halloween

650

00:29:58,720 --> 00:29:56,130

night and go you know it's just

651
00:30:02,390 --> 00:29:58,730
something that's always there and yeah

652
00:30:04,790 --> 00:30:02,400
and getting back to the Utah sighting

653
00:30:07,070 --> 00:30:04,800
because I can't let that escape

654
00:30:11,120 --> 00:30:07,080
you said you may have seen something in

655
00:30:14,800 --> 00:30:11,130
Utah a little bit oh yes I certainly did

656
00:30:19,250 --> 00:30:14,810
and yeah that's really the thing that

657
00:30:22,610 --> 00:30:19,260
catapulted me into I mean it didn't

658
00:30:25,790 --> 00:30:22,620
happen right away obviously but that's

659
00:30:27,440 --> 00:30:25,800
what I credit for my I mean obsession

660
00:30:30,380 --> 00:30:27,450
with just talking to more people who

661
00:30:33,230 --> 00:30:30,390
have had sightings of all sorts so yes I

662
00:30:37,580 --> 00:30:33,240
grew up here in Vegas and parents got

663
00:30:40,610 --> 00:30:37,590

divorced and dad buys a he lived here

664

00:30:43,460 --> 00:30:40,620

still of course but he buy cabin in Utah

665

00:30:45,290 --> 00:30:43,470

and that is in Creek Utah on Cedar

666

00:30:49,820 --> 00:30:45,300

Mountain which is just up from Cedar

667

00:30:51,290 --> 00:30:49,830

City and lovely place it gets a lot of

668

00:30:53,720 --> 00:30:51,300

snow in the winter we would mostly be

669

00:30:55,400 --> 00:30:53,730

there during the summertime and we would

670

00:30:56,630 --> 00:30:55,410

go up there nearly every weekend that we

671

00:30:58,400 --> 00:30:56,640

were with them and then of course in the

672

00:31:01,160 --> 00:30:58,410

summer we would just spend weeks and

673

00:31:03,860 --> 00:31:01,170

weeks up there so a few things that we

674

00:31:07,340 --> 00:31:03,870

like to do it was a very short list was

675

00:31:08,340 --> 00:31:07,350

basically we would go fishing and we

676

00:31:12,240 --> 00:31:08,350

would ride our four

677

00:31:18,360 --> 00:31:12,250

and at the time this encounter happened

678

00:31:21,629 --> 00:31:18,370

I was 12 or 13 so around 1992 and my dad

679

00:31:25,019 --> 00:31:21,639

had gone down into Cedar City which was

680

00:31:25,950 --> 00:31:25,029

about a 40-minute drive one way so he'd

681

00:31:28,799 --> 00:31:25,960

be gone for a while

682

00:31:30,330 --> 00:31:28,809

so me being a smart kid that I was I was

683

00:31:31,710 --> 00:31:30,340

like oh well we're gonna go ready for

684

00:31:33,840 --> 00:31:31,720

alerts and dad's not here so I'm not

685

00:31:38,580 --> 00:31:33,850

going to wear my my helmet and goggles

686

00:31:40,409 --> 00:31:38,590

which that that'll be important here in

687

00:31:43,230 --> 00:31:40,419

a few minutes and anybody that's worn

688

00:31:45,090 --> 00:31:43,240

those things knows why and so I went out

689

00:31:48,330 --> 00:31:45,100

with my brother and my step-brother we

690

00:31:50,159 --> 00:31:48,340

each had our own machines and this area

691

00:31:52,590 --> 00:31:50,169

around these cabins is set up in a nice

692

00:31:57,119 --> 00:31:52,600

grid pattern it's not there's not a lot

693

00:31:59,639 --> 00:31:57,129

of traffic but it's dirt road so that's

694

00:32:01,830 --> 00:31:59,649

where we like to ride and it was the

695

00:32:05,159 --> 00:32:01,840

middle of the day a clear day nice and

696

00:32:07,139 --> 00:32:05,169

sunny nothing weird and we're riding

697

00:32:10,590 --> 00:32:07,149

down this road and because I didn't have

698

00:32:12,240 --> 00:32:10,600

my helmet and goggles on I hung back if

699

00:32:15,060 --> 00:32:12,250

I didn't want the dirt in my face and in

700

00:32:17,149 --> 00:32:15,070

my nose and in my mouth so we're we're

701
00:32:21,240 --> 00:32:17,159
moving at a good clip down this road and

702
00:32:25,289 --> 00:32:21,250
at some point during the ride I look off

703
00:32:27,749 --> 00:32:25,299
to my right and and you know you talk

704
00:32:30,119 --> 00:32:27,759
very well but there's aspen trees there

705
00:32:31,950 --> 00:32:30,129
for anybody that doesn't know and and

706
00:32:33,720 --> 00:32:31,960
you thought it's not really a lot of

707
00:32:35,820 --> 00:32:33,730
ground brush like you'd see in ohio or

708
00:32:38,669 --> 00:32:35,830
something so the ground is for the most

709
00:32:42,119 --> 00:32:38,679
part more clear than other areas of the

710
00:32:45,899 --> 00:32:42,129
country so I look off to my right and I

711
00:32:48,360 --> 00:32:45,909
see four absolutely pitch-black humanoid

712
00:32:50,549 --> 00:32:48,370
figures running through the woods and

713
00:32:52,499 --> 00:32:50,559

they are they're paralleling me they're

714

00:32:55,950 --> 00:32:52,509

going my direction the same way I'm

715

00:32:59,220 --> 00:32:55,960

going and the first thing that strikes

716

00:33:01,200 --> 00:32:59,230

me is they are like the deepest darkest

717

00:33:02,879 --> 00:33:01,210

cutouts from the blackest night and then

718

00:33:06,749 --> 00:33:02,889

somehow they were still darker than that

719

00:33:08,730 --> 00:33:06,759

and again it was sunny it was like no

720

00:33:11,909 --> 00:33:08,740

light could find them at all there was

721

00:33:14,610 --> 00:33:11,919

some of course cover from the trees but

722

00:33:16,619 --> 00:33:14,620

that it just didn't they didn't fit it

723

00:33:19,590 --> 00:33:16,629

was just wrong and I realized that

724

00:33:20,580 --> 00:33:19,600

within milliseconds and then of course

725

00:33:23,129 --> 00:33:20,590

they're moving there

726

00:33:24,659 --> 00:33:23,139

the legs like kind of and now when I

727

00:33:26,460 --> 00:33:24,669

look back I'm like this is hilarious

728

00:33:28,200 --> 00:33:26,470

because they weren't from here did they

729

00:33:33,060 --> 00:33:28,210

really need to make that human issue

730

00:33:36,060 --> 00:33:33,070

vent you know um and also this work will

731

00:33:37,560 --> 00:33:36,070

hard to describe but they they were

732

00:33:41,310 --> 00:33:37,570

moving as if the trees weren't even

733

00:33:43,590 --> 00:33:41,320

there they didn't need to to dodge them

734

00:33:45,629 --> 00:33:43,600

or you know jump over a log or whatever

735

00:33:47,220 --> 00:33:45,639

was in that way and it's not the state I

736

00:33:49,110 --> 00:33:47,230

could see them moving through them

737

00:33:50,850 --> 00:33:49,120

it's just they didn't have them go for

738

00:33:52,710 --> 00:33:50,860

them and that's really hard to describe

739

00:33:54,690 --> 00:33:52,720

but that's the best way I can do it so I

740

00:33:59,009 --> 00:33:54,700

watched them for about a count of five

741

00:34:00,779 --> 00:33:59,019

and which is a pretty good clip if he

742

00:34:03,119 --> 00:34:00,789

actually counted out and then of course

743

00:34:05,519 --> 00:34:03,129

I was still hauling butt on my folder so

744

00:34:06,899 --> 00:34:05,529

I had to check my path and by the time I

745

00:34:08,490 --> 00:34:06,909

turned back they were gone and the

746

00:34:10,470 --> 00:34:08,500

reasons I mentioned that goggles and I

747

00:34:12,690 --> 00:34:10,480

know you're you go riding a lot and do

748

00:34:14,730 --> 00:34:12,700

these things right if you can't hardly

749

00:34:15,869 --> 00:34:14,740

see anything out of those things so had

750

00:34:18,329 --> 00:34:15,879

I had the goggles on

751

00:34:19,710 --> 00:34:18,339

I wonder if I would have even really

752

00:34:21,450 --> 00:34:19,720

been able to see them I think they were

753

00:34:23,609 --> 00:34:21,460

about thirty feet back in the woods but

754

00:34:24,960 --> 00:34:23,619

I got a really good view of them from

755

00:34:28,440 --> 00:34:24,970

where I was because I didn't have

756

00:34:31,230 --> 00:34:28,450

anything covering my eyes or my face so

757

00:34:33,869 --> 00:34:31,240

I caught it to my brother something like

758

00:34:35,849 --> 00:34:33,879

hey I'm done I am done for the day and

759

00:34:37,829 --> 00:34:35,859

by the time my dad got back I was

760

00:34:40,500 --> 00:34:37,839

telling him the story and he goes well

761

00:34:42,599 --> 00:34:40,510

oh you know they DS an ex-military guy

762

00:34:44,369 --> 00:34:42,609

he's like oh they do military exercises

763

00:34:45,050 --> 00:34:44,379

out here all the time champ you know

764

00:34:49,500 --> 00:34:45,060

that's what they do

765

00:34:52,889 --> 00:34:49,510

and like no no dad these were not people

766

00:34:54,780 --> 00:34:52,899

at all and still to this day he

767

00:34:57,089 --> 00:34:54,790

remembers me telling telling that story

768

00:34:59,280 --> 00:34:57,099

and he's so funny because he admits he's

769

00:35:00,930 --> 00:34:59,290

like I I really didn't he's very

770

00:35:02,280 --> 00:35:00,940

supportive of everything I'm doing but

771

00:35:03,780 --> 00:35:02,290

he's like I didn't believe you then and

772

00:35:08,400 --> 00:35:03,790

I don't know that I still believe you

773

00:35:10,859 --> 00:35:08,410

know so but one thing about my encounter

774

00:35:12,870 --> 00:35:10,869

that comes up time and again because I

775

00:35:15,599 --> 00:35:12,880

have people come on my show to talk

776

00:35:16,829 --> 00:35:15,609

about shadow people and it's so much

777

00:35:19,410 --> 00:35:16,839

more messed up when it's in your own

778

00:35:22,500 --> 00:35:19,420

house but I think it's one of those

779

00:35:24,359 --> 00:35:22,510

things head looked over at me you know

780

00:35:25,290 --> 00:35:24,369

turn their head if they would have had a

781

00:35:27,059 --> 00:35:25,300

face I don't know

782

00:35:28,710 --> 00:35:27,069

turn their head or waved at me or

783

00:35:31,589 --> 00:35:28,720

something that it would've been a

784

00:35:34,050 --> 00:35:31,599

completely different situation and it

785

00:35:35,850 --> 00:35:34,060

was it did scare me for a while I didn't

786

00:35:37,140 --> 00:35:35,860

back out riding for nearly a week and

787

00:35:39,860 --> 00:35:37,150

then after that I was pretty cautious

788

00:35:44,100 --> 00:35:39,870

and stayed closer to my brothers but

789

00:35:46,290 --> 00:35:44,110

that was I was my inception story really

790

00:35:48,840 --> 00:35:46,300

and of course if you know you start to

791

00:35:51,060 --> 00:35:48,850

get older and and other things can get

792

00:35:52,500 --> 00:35:51,070

on your mind as you're a teenager you

793

00:35:55,110 --> 00:35:52,510

know and then you're in school and super

794

00:35:57,600 --> 00:35:55,120

busy so I didn't really have any outlets

795

00:35:59,580 --> 00:35:57,610

except for reading books but that's when

796

00:36:02,220 --> 00:35:59,590

like I said then I started to listen to

797

00:36:05,730 --> 00:36:02,230

the podcast and now I'm lucky enough to

798

00:36:09,000 --> 00:36:05,740

have my own and get to talk to people

799

00:36:10,560 --> 00:36:09,010

that have had a similar experiences so

800

00:36:12,240 --> 00:36:10,570

yeah that was my inception story and

801
00:36:15,210 --> 00:36:12,250
I've had people go well maybe they were

802
00:36:17,280 --> 00:36:15,220
basically oh my oh no no no no I that's

803
00:36:19,560 --> 00:36:17,290
that is not at all what I thought I

804
00:36:22,940 --> 00:36:19,570
still have yet to see a big switch so on

805
00:36:25,500 --> 00:36:22,950
I just think I saw like a glimpse into

806
00:36:27,120 --> 00:36:25,510
another dimension for a second I don't

807
00:36:29,880 --> 00:36:27,130
quite know what that was I I don't

808
00:36:31,940 --> 00:36:29,890
pretend to know but that was my big

809
00:36:35,160 --> 00:36:31,950
story that's the only thing I've ever

810
00:36:38,610 --> 00:36:35,170
seen with my own eyes that just of

811
00:36:42,660 --> 00:36:38,620
course blow me away it's so so cool it's

812
00:36:45,180 --> 00:36:42,670
a super creepy story and that area

813
00:36:48,630 --> 00:36:45,190

like you said my gosh if anybody Duck

814

00:36:50,250 --> 00:36:48,640

Creek is it's it's super like it you

815

00:36:54,750 --> 00:36:50,260

wouldn't expect to see something like

816

00:36:57,570 --> 00:36:54,760

that in you know by now right and it's

817

00:36:59,160 --> 00:36:57,580

what the other dust oh my gosh I when I

818

00:37:01,200 --> 00:36:59,170

go up there I usually have to wear one

819

00:37:03,240 --> 00:37:01,210

of those handkerchiefs over my mouth to

820

00:37:05,630 --> 00:37:03,250

even oh it's terrible you know I don't

821

00:37:10,320 --> 00:37:05,640

even we I've been up there in the last

822

00:37:12,210 --> 00:37:10,330

year and it's still not paid up there

823

00:37:14,940 --> 00:37:12,220

which I don't expect it to be I mean you

824

00:37:16,290 --> 00:37:14,950

know you're up there to be a part of the

825

00:37:19,260 --> 00:37:16,300

outdoors they're not ever gonna pay that

826

00:37:22,110 --> 00:37:19,270

up their hope but yeah it's just

827

00:37:24,870 --> 00:37:22,120

logistics you know you just you don't

828

00:37:26,460 --> 00:37:24,880

want dust in your eyes so you you got a

829

00:37:29,130 --> 00:37:26,470

cover up you don't want to be brainless

830

00:37:30,900 --> 00:37:29,140

stuff in all day but yeah Darry kisum I

831

00:37:31,740 --> 00:37:30,910

love that place for my favorite places

832

00:37:33,570 --> 00:37:31,750

on the planet

833

00:37:37,440 --> 00:37:33,580

I wasn't scared at all to be back there

834

00:37:38,940 --> 00:37:37,450

cuz um I mean that's a one-off I mean

835

00:37:40,140 --> 00:37:38,950

I'm sure you hear tons of people with

836

00:37:42,120 --> 00:37:40,150

these one-off stories they have

837

00:37:44,730 --> 00:37:42,130

something just nutty happened to them

838

00:37:46,700 --> 00:37:44,740

and nothing ever again and that's pretty

839

00:37:47,820 --> 00:37:46,710

much you know I've had some interesting

840

00:37:49,440 --> 00:37:47,830

experience

841

00:37:51,420 --> 00:37:49,450

decisive but really that's the only

842

00:37:54,120 --> 00:37:51,430

thing I've ever seen that just I'm like

843

00:37:56,640 --> 00:37:54,130

that was bonkers and I can still see

844

00:38:01,050 --> 00:37:56,650

them clear as day all these years later

845

00:38:02,580 --> 00:38:01,060

man it's it's a perfect story in perfect

846

00:38:05,370 --> 00:38:02,590

place to I think it's really interesting

847

00:38:08,190 --> 00:38:05,380

that you mentioned your father said that

848

00:38:10,080 --> 00:38:08,200

he was military and that they did ops

849

00:38:13,560 --> 00:38:10,090

back there that's very interesting

850

00:38:16,830 --> 00:38:13,570

my late father-in-law he was a Navy SEAL

851

00:38:18,600 --> 00:38:16,840

and he would always be like not really

852

00:38:21,630 --> 00:38:18,610

believing in things when I would talk

853

00:38:24,030 --> 00:38:21,640

with him however he did and he was from

854

00:38:26,220 --> 00:38:24,040

Oregon and I'll tell you Shannon one day

855

00:38:27,840 --> 00:38:26,230

we were talking and he said yeah him and

856

00:38:28,560 --> 00:38:27,850

his wife were driving down the road and

857

00:38:30,510 --> 00:38:28,570

they saw one

858

00:38:35,370 --> 00:38:30,520

you know just their typical Oregon

859

00:38:36,810 --> 00:38:35,380

sighting and he's like I like like you

860

00:38:39,990 --> 00:38:36,820

said he doesn't want to believe it but

861

00:38:42,480 --> 00:38:40,000

he saw it and that reminds me a lot so

862

00:38:44,310 --> 00:38:42,490

he they were so he had a like the

863

00:38:46,050 --> 00:38:44,320

typical Road sighting where they saw it

864

00:38:48,000 --> 00:38:46,060

for a few seconds I was like crossing

865

00:38:51,420 --> 00:38:48,010

the road or something that was it that

866

00:38:52,620 --> 00:38:51,430

was it and yeah I was like what did you

867

00:38:53,910 --> 00:38:52,630

do and he's like well we really didn't

868

00:38:55,860 --> 00:38:53,920

have a chance to do anything we just

869

00:38:58,890 --> 00:38:55,870

kind of slowed down saw it and moved on

870

00:39:03,150 --> 00:38:58,900

oh but you hear about it all the time

871

00:39:05,100 --> 00:39:03,160

it's very common well so that was up in

872

00:39:07,020 --> 00:39:05,110

Oregon was it a pretty pretty big

873

00:39:09,090 --> 00:39:07,030

creature they get a little bigger up in

874

00:39:11,820 --> 00:39:09,100

the Pacific Northwest for the most part

875

00:39:15,780 --> 00:39:11,830

you know I remember that he said it was

876

00:39:19,710 --> 00:39:15,790

big and they were in a truck a larger

877

00:39:22,740 --> 00:39:19,720

truck and it was just one of those

878

00:39:24,120 --> 00:39:22,750

things that and when I talked to my

879

00:39:25,410 --> 00:39:24,130

mother-in-law she's like yeah we just

880

00:39:33,630 --> 00:39:25,420

kind of looked at each other and said

881

00:39:35,040 --> 00:39:33,640

well okay yeah of course and it's but

882

00:39:37,650 --> 00:39:35,050

yeah there's a military the military

883

00:39:40,590 --> 00:39:37,660

mindset is hard to it's hard to kind of

884

00:39:43,200 --> 00:39:40,600

you know get the the things that don't

885

00:39:45,900 --> 00:39:43,210

exist to get them to believe that so

886

00:39:47,790 --> 00:39:45,910

that that's actually Wow I think your

887

00:39:50,580 --> 00:39:47,800

story is fascinating and and what a

888

00:39:54,300 --> 00:39:50,590

perfect place to have it holy cow have

889

00:39:56,790 --> 00:39:54,310

you had any experiences with Division of

890

00:39:58,500 --> 00:39:56,800

Wildlife resource people Rangers or

891

00:40:00,190 --> 00:39:58,510

anything along those lines even maybe

892

00:40:05,290 --> 00:40:00,200

law enforcement who have Haddix

893

00:40:07,810 --> 00:40:05,300

or continues to have them yeah I have I

894

00:40:10,840 --> 00:40:07,820

talked to people that it's mostly on the

895

00:40:12,310 --> 00:40:10,850

Ranger side of things but you know that

896

00:40:15,220 --> 00:40:12,320

gets real tricky because they can't

897

00:40:17,490 --> 00:40:15,230

really come out and and say that you

898

00:40:21,190 --> 00:40:17,500

know they work for the Park Service and

899

00:40:23,380 --> 00:40:21,200

you know those are situations where like

900

00:40:26,080 --> 00:40:23,390

I said you kind of have to keep keep

901
00:40:28,900 --> 00:40:26,090
their names real hush-hush and will

902
00:40:32,380 --> 00:40:28,910
either use no name or just a fault first

903
00:40:34,540 --> 00:40:32,390
name only kind of a thing but you know

904
00:40:37,840 --> 00:40:34,550
when you get these Rangers with these

905
00:40:40,060 --> 00:40:37,850
stories and they're constantly just

906
00:40:43,030 --> 00:40:40,070
being you know vague to people that come

907
00:40:46,480 --> 00:40:43,040
to the parks oh well there was a large

908
00:40:49,570 --> 00:40:46,490
predator sighting recently so avoid this

909
00:40:51,670 --> 00:40:49,580
trail or whatever it might be but I

910
00:40:53,970 --> 00:40:51,680
I mean if Rangers could ever come out

911
00:40:56,260 --> 00:40:53,980
and really talk about what they seemed

912
00:40:59,380 --> 00:40:56,270
talk about the treasure trove of

913
00:41:01,990 --> 00:40:59,390

information and you know its first a

914

00:41:04,300 --> 00:41:02,000

part show they have all kinds of

915

00:41:06,430 --> 00:41:04,310

secretive things going on even if you

916

00:41:08,650 --> 00:41:06,440

just dig into the missing for one month

917

00:41:10,240 --> 00:41:08,660

just how they don't keep list of missing

918

00:41:14,590 --> 00:41:10,250

people and all that stuff that David

919

00:41:17,140 --> 00:41:14,600

Pilates that looked into so um I would

920

00:41:19,450 --> 00:41:17,150

certainly love to pick the brain of a

921

00:41:22,480 --> 00:41:19,460

ranger that has been in one of these

922

00:41:25,780 --> 00:41:22,490

quote-unquote hot spots for years and

923

00:41:28,870 --> 00:41:25,790

did obviously see it if they've seen

924

00:41:30,820 --> 00:41:28,880

anything personally tracks or an actual

925

00:41:32,740 --> 00:41:30,830

creature and of course maybe some of the

926

00:41:35,050 --> 00:41:32,750

stories they've heard over the years I

927

00:41:36,970 --> 00:41:35,060

mean somebody can make a killing coming

928

00:41:39,010 --> 00:41:36,980

out and telling all the information that

929

00:41:41,440 --> 00:41:39,020

they know I can't agree more I've always

930

00:41:42,910 --> 00:41:41,450

wondered you know that they have to see

931

00:41:47,590 --> 00:41:42,920

stuff but like you said it gets pretty

932

00:41:49,960 --> 00:41:47,600

tricky the the neatest stuff is these

933

00:41:52,780 --> 00:41:49,970

fire have you seen these fire lookouts

934

00:41:55,450 --> 00:41:52,790

that they have in the forests I've

935

00:41:59,200 --> 00:41:55,460

always one of course you can't access

936

00:42:02,020 --> 00:41:59,210

them but I did speak with a ranger out

937

00:42:05,830 --> 00:42:02,030

where was it oh it was in Arizona

938

00:42:09,130 --> 00:42:05,840

again weird places you see this the Moga

939

00:42:11,320 --> 00:42:09,140

john monster nuts over the Mogollon Rim

940

00:42:13,120 --> 00:42:11,330

and

941

00:42:14,860 --> 00:42:13,130

we were looking we went up there we were

942

00:42:16,600 --> 00:42:14,870

talking to a guy and all kinds of great

943

00:42:18,910 --> 00:42:16,610

conversation and when I said that like

944

00:42:21,520 --> 00:42:18,920

have you ever seen anything strange and

945

00:42:26,410 --> 00:42:21,530

like yeah that same thing you said they

946

00:42:29,980 --> 00:42:26,420

give you that look like man yeah can't

947

00:42:32,530 --> 00:42:29,990

talk about it yeah oh you had to go

948

00:42:34,360 --> 00:42:32,540

there and you can tell they know stuff

949

00:42:36,820 --> 00:42:34,370

they and they're dying to say something

950

00:42:42,910 --> 00:42:36,830

but most of the time they just won't do

951

00:42:44,170 --> 00:42:42,920

it so oh yeah okay killing coming out

952

00:42:46,420 --> 00:42:44,180

and telling the stories I don't so much

953

00:42:48,250 --> 00:42:46,430

mean that they can make a fortune I mean

954

00:42:51,370 --> 00:42:48,260

maybe they could it was just more as far

955

00:42:54,760 --> 00:42:51,380

as the data collection that we could get

956

00:42:58,000 --> 00:42:54,770

off of that you know it would be amazing

957

00:43:00,310 --> 00:42:58,010

and I love the David Pilates stuff that

958

00:43:02,530 --> 00:43:00,320

Pilates stuff that he's got going on and

959

00:43:05,620 --> 00:43:02,540

some of the interesting tunnel

960

00:43:08,140 --> 00:43:05,630

formations that made that kind of blew

961

00:43:10,390 --> 00:43:08,150

me away when there's a lot of

962

00:43:12,430 --> 00:43:10,400

coincidences but the amount of missing

963

00:43:15,970 --> 00:43:12,440

people and especially children is just

964

00:43:18,430 --> 00:43:15,980

yeah brutal it makes you think twice I

965

00:43:20,380 --> 00:43:18,440

mean you get your kiddos out around you

966

00:43:23,230 --> 00:43:20,390

you know it really does like no matter

967

00:43:27,010 --> 00:43:23,240

what is going on there with that you

968

00:43:32,260 --> 00:43:27,020

just it makes you think twice that's the

969

00:43:34,690 --> 00:43:32,270

truth was or is I guess is is there a

970

00:43:37,540 --> 00:43:34,700

lot of cases we were just talking about

971

00:43:39,460 --> 00:43:37,550

Nevada Arizona a lot of these arid

972

00:43:43,150 --> 00:43:39,470

climates you'll hear people say oh yeah

973

00:43:45,580 --> 00:43:43,160

I saw in this high desert area I saw a

974

00:43:47,350 --> 00:43:45,590

Sasquatch or a Bigfoot and around the

975

00:43:49,420 --> 00:43:47,360

Four Corners area I know that there is a

976
00:43:51,580 --> 00:43:49,430
lot of research going on there and I

977
00:43:54,940 --> 00:43:51,590
mean we're literally talking about not

978
00:43:56,350 --> 00:43:54,950
very dense brush are you noticing that

979
00:43:58,090 --> 00:43:56,360
that really makes a difference or not

980
00:43:58,510 --> 00:43:58,100
you know if there's a forest there or

981
00:44:01,960 --> 00:43:58,520
not

982
00:44:04,120 --> 00:44:01,970
I honestly that's a great question I

983
00:44:06,010 --> 00:44:04,130
don't think that it does because I think

984
00:44:08,050 --> 00:44:06,020
if they find out our great spot where

985
00:44:10,060 --> 00:44:08,060
you know you've entered cave you know

986
00:44:11,560 --> 00:44:10,070
maybe they can go subterranean a little

987
00:44:14,470 --> 00:44:11,570
bit I mean heck a lot of these areas

988
00:44:16,540 --> 00:44:14,480

even have mine abandoned mines I know

989

00:44:18,700 --> 00:44:16,550

I've got a ton of them out here at the

990

00:44:20,680 --> 00:44:18,710

Sheep oil we dig or I should say we do

991

00:44:22,270 --> 00:44:20,690

you know the sheep range where at any

992

00:44:25,300 --> 00:44:22,280

Beach went missing that's a whole nother

993

00:44:27,580 --> 00:44:25,310

fascinating topic

994

00:44:31,090 --> 00:44:27,590

I don't think that it's it's crazy that

995

00:44:34,210 --> 00:44:31,100

they might be in a last foliage covered

996

00:44:37,570 --> 00:44:34,220

area you know you hear the yucca man out

997

00:44:39,850 --> 00:44:37,580

of Joshua Tree National Park there's all

998

00:44:42,040 --> 00:44:39,860

kinds of places for them to hide and

999

00:44:43,780 --> 00:44:42,050

like I said in the beginning they're

1000

00:44:46,690 --> 00:44:43,790

just so built for business

1001
00:44:49,600 --> 00:44:46,700
that they can avoid it's very easily

1002
00:44:52,210 --> 00:44:49,610
we're loud and we have all these you

1003
00:44:55,510 --> 00:44:52,220
know really probably very potent smell

1004
00:44:58,570 --> 00:44:55,520
to their nose and they are predators and

1005
00:45:00,970 --> 00:44:58,580
you know they are hunters of gear and

1006
00:45:04,270 --> 00:45:00,980
whatever else they can probably get

1007
00:45:07,000 --> 00:45:04,280
their hands on for foraging and being

1008
00:45:09,070 --> 00:45:07,010
opportunistic hunters and things I just

1009
00:45:11,230 --> 00:45:09,080
I think it's easy for them to avoid us

1010
00:45:13,600 --> 00:45:11,240
so if they're in an area with less

1011
00:45:15,310 --> 00:45:13,610
coverage they just start off to

1012
00:45:18,430 --> 00:45:15,320
somewhere else that they can hide from

1013
00:45:22,540 --> 00:45:18,440

us and I think that the idea of course

1014

00:45:26,410 --> 00:45:22,550

the migration patterns of these things

1015

00:45:28,120 --> 00:45:26,420

is something that I know it there are

1016

00:45:31,300 --> 00:45:28,130

people out there working on things like

1017

00:45:34,170 --> 00:45:31,310

that but I mean gosh it's so hard to to

1018

00:45:37,150 --> 00:45:34,180

pin down movements of a creature that

1019

00:45:39,580 --> 00:45:37,160

you might see once in your entire life

1020

00:45:42,310 --> 00:45:39,590

and then never again and that one

1021

00:45:46,120 --> 00:45:42,320

sighting was like striking gold in and

1022

00:45:51,820 --> 00:45:46,130

of itself so if we can pin down any

1023

00:45:54,730 --> 00:45:51,830

migration patterns or you know I oh I

1024

00:45:56,800 --> 00:45:54,740

wish but again this goes back to do we

1025

00:45:58,420 --> 00:45:56,810

want them in zoos I I would never want

1026
00:46:01,810 --> 00:45:58,430
to see that and I don't really think

1027
00:46:05,080 --> 00:46:01,820
it's right just specifically to go out

1028
00:46:07,000 --> 00:46:05,090
and kill one for the purposes of proof

1029
00:46:09,520 --> 00:46:07,010
although I do think we need the body for

1030
00:46:11,290 --> 00:46:09,530
the proof I'd rather it when we come

1031
00:46:13,690 --> 00:46:11,300
across it some other way the best is

1032
00:46:15,220 --> 00:46:13,700
because I'm an animal lover but it would

1033
00:46:17,050 --> 00:46:15,230
be interesting to have somebody go out

1034
00:46:21,250 --> 00:46:17,060
with them you know tranq darts or

1035
00:46:23,920 --> 00:46:21,260
something and be able to collect what we

1036
00:46:25,570 --> 00:46:23,930
needed from it and then release it but

1037
00:46:29,400 --> 00:46:25,580
that's the I mean what is what a

1038
00:46:32,980 --> 00:46:29,410

scenario that is so far-fetched but I

1039

00:46:35,560 --> 00:46:32,990

don't know I it makes me feel better

1040

00:46:37,600 --> 00:46:35,570

about being around here I don't know

1041

00:46:38,770 --> 00:46:37,610

about you I mean and like I said I'll

1042

00:46:40,630 --> 00:46:38,780

tell you off the air

1043

00:46:43,780 --> 00:46:40,640

about more about that Bigfoot in Nevada

1044

00:46:45,490 --> 00:46:43,790

say but I get bummed out because I'm not

1045

00:46:47,410 --> 00:46:45,500

in the woods anymore and I used to go to

1046

00:46:49,569 --> 00:46:47,420

Salt Fork State Park in Ohio all the

1047

00:46:51,940 --> 00:46:49,579

time where I've had school things happen

1048

00:46:54,579 --> 00:46:51,950

and now I'm like I'm back you know that

1049

00:46:57,490 --> 00:46:54,589

I love Vegas and I grew up here but and

1050

00:46:59,370 --> 00:46:57,500

I'm I'm happy to be out of the snow but

1051
00:47:01,690 --> 00:46:59,380
I miss the woods so much and I miss

1052
00:47:03,790 --> 00:47:01,700
feeling like I could have the

1053
00:47:06,339 --> 00:47:03,800
opportunity to sue one at least

1054
00:47:09,520 --> 00:47:06,349
impossible where we are and not Vegas

1055
00:47:11,859 --> 00:47:09,530
specifically but it kind of is but to go

1056
00:47:13,599 --> 00:47:11,869
on the outskirts and possibly see one it

1057
00:47:16,660 --> 00:47:13,609
makes me feel a little bit less

1058
00:47:19,240 --> 00:47:16,670
depressed to not be in the woods yeah

1059
00:47:21,250 --> 00:47:19,250
that's really cool that Nevada story I

1060
00:47:25,720 --> 00:47:21,260
would love to hear that that's awesome

1061
00:47:27,250 --> 00:47:25,730
and the the the way that you explained

1062
00:47:29,770 --> 00:47:27,260
it they're built for business that's the

1063
00:47:32,109 --> 00:47:29,780

coolest explanation I've heard because

1064

00:47:34,500 --> 00:47:32,119

they are they're just they're just so

1065

00:47:37,950 --> 00:47:34,510

solid and you hear all the time about

1066

00:47:40,420 --> 00:47:37,960

hunters and there's a story in your book

1067

00:47:42,970 --> 00:47:40,430

also about a young you know I think he

1068

00:47:44,170 --> 00:47:42,980

was 16 and he took a shot at it and you

1069

00:47:46,690 --> 00:47:44,180

know in these life death scenarios

1070

00:47:49,720 --> 00:47:46,700

you'll hear hunters will shoot these and

1071

00:47:51,819 --> 00:47:49,730

there's there's no they don't get faced

1072

00:47:55,569 --> 00:47:51,829

by it and I mean that's like seriously

1073

00:47:58,450 --> 00:47:55,579

built for business is is have you have

1074

00:48:01,240 --> 00:47:58,460

you come across any strange tales that

1075

00:48:03,010 --> 00:48:01,250

go into detail about just how built for

1076
00:48:05,800 --> 00:48:03,020
business they are hunters like that have

1077
00:48:08,470 --> 00:48:05,810
not been able to kill them or you know

1078
00:48:10,569 --> 00:48:08,480
Ill you hear it all the time but I've

1079
00:48:12,550 --> 00:48:10,579
never really heard about any that are

1080
00:48:15,160 --> 00:48:12,560
like you know like you said a car

1081
00:48:17,589 --> 00:48:15,170
hitting it or you would think that would

1082
00:48:21,460 --> 00:48:17,599
would probably leave some kind of a body

1083
00:48:22,990 --> 00:48:21,470
the body scenario is is there anybody

1084
00:48:29,290 --> 00:48:23,000
that you've talked to that thought they

1085
00:48:32,230 --> 00:48:29,300
may have killed one not me not me

1086
00:48:37,150 --> 00:48:32,240
specifically but I have heard of a story

1087
00:48:40,120 --> 00:48:37,160
of a few stories you know people and

1088
00:48:42,960 --> 00:48:40,130

other shows that claim that they know

1089

00:48:45,460 --> 00:48:42,970

they hit it or they even saw it go down

1090

00:48:48,730 --> 00:48:45,470

but then of course you have the other

1091

00:48:51,190 --> 00:48:48,740

Bigfoot to contend with they know what

1092

00:48:52,049 --> 00:48:51,200

guns are and they know what we do when

1093

00:48:54,309 --> 00:48:52,059

we're in the world

1094

00:48:56,289 --> 00:48:54,319

they don't trust us they like I said

1095

00:48:58,089 --> 00:48:56,299

they like to watch us but they don't

1096

00:49:00,089 --> 00:48:58,099

trust us in any way shape or form so

1097

00:49:04,420 --> 00:49:00,099

yeah I certainly have heard stories of

1098

00:49:06,910 --> 00:49:04,430

people claiming that they shot it and it

1099

00:49:09,609 --> 00:49:06,920

went down but of course either they left

1100

00:49:12,160 --> 00:49:09,619

because they got freaked out or the

1101
00:49:13,749 --> 00:49:12,170
Bigfoot you know start just to the other

1102
00:49:16,989 --> 00:49:13,759
base I started screaming with them or

1103
00:49:20,440 --> 00:49:16,999
you know these creatures are so massive

1104
00:49:23,049 --> 00:49:20,450
that I'd imagine you have to have a gun

1105
00:49:24,489 --> 00:49:23,059
tantamount to what those jerks use when

1106
00:49:27,039 --> 00:49:24,499
they shoot the Rhinos or something you

1107
00:49:29,549 --> 00:49:27,049
know something that big to take down

1108
00:49:34,839 --> 00:49:29,559
some of these larger a third 10/2 at all

1109
00:49:36,759 --> 00:49:34,849
but you know 900 pound Bigfoot because

1110
00:49:40,150 --> 00:49:36,769
usually what the hunters carry unless

1111
00:49:43,239 --> 00:49:40,160
they're what's the gentleman's name

1112
00:49:45,009 --> 00:49:43,249
American sniper and get that perfect

1113
00:49:46,630 --> 00:49:45,019

shot you're not taking that thing down

1114

00:49:48,880 --> 00:49:46,640

it's just not going to happen now what

1115

00:49:50,200 --> 00:49:48,890

happens to the Bigfoot after you know if

1116

00:49:51,220 --> 00:49:50,210

you hit it in the shoulder or something

1117

00:49:54,130 --> 00:49:51,230

like that it's not like they got

1118

00:49:55,749 --> 00:49:54,140

betadine out there and an antibiotics

1119

00:50:02,140 --> 00:49:55,759

I'm sure it's not good for them either

1120

00:50:05,319 --> 00:50:02,150

way to get shot but the the stories of

1121

00:50:09,059 --> 00:50:05,329

the hunters sometimes I feel a worse for

1122

00:50:13,210 --> 00:50:09,069

them because hunting was actually

1123

00:50:14,499 --> 00:50:13,220

something they'd love to do a lot or if

1124

00:50:17,620 --> 00:50:14,509

they were younger it's like their rite

1125

00:50:18,970 --> 00:50:17,630

of passage and it wasn't I have one in

1126

00:50:21,670 --> 00:50:18,980

the book it was even his first time

1127

00:50:24,370 --> 00:50:21,680

hunting it's like finally you know on

1128

00:50:26,950 --> 00:50:24,380

his own got the rifle out at the tree

1129

00:50:31,630 --> 00:50:26,960

stand and then he runs into a Bigfoot

1130

00:50:33,729 --> 00:50:31,640

and he realized it came between or he

1131

00:50:36,099 --> 00:50:33,739

came between it and a deer that it was

1132

00:50:37,599 --> 00:50:36,109

hunting they were actually probably well

1133

00:50:38,680 --> 00:50:37,609

it's called two hunters for that reason

1134

00:50:40,509 --> 00:50:38,690

because he was out there for deer and

1135

00:50:42,910 --> 00:50:40,519

obviously the Bigfoot was too and he was

1136

00:50:44,710 --> 00:50:42,920

at the bar back at his property nowhere

1137

00:50:47,710 --> 00:50:44,720

near his uncles and cousins who are also

1138

00:50:50,609 --> 00:50:47,720

hunting and that was another one where

1139

00:50:55,269 --> 00:50:50,619

he was he really thought it going to die

1140

00:50:59,349 --> 00:50:55,279

and in that case he he leveled the rifle

1141

00:51:00,910 --> 00:50:59,359

at this thing and it basically you know

1142

00:51:02,499 --> 00:51:00,920

did the whole puffing up the chest thing

1143

00:51:04,509 --> 00:51:02,509

like oh really

1144

00:51:05,080 --> 00:51:04,519

you want it you really want to do that

1145

00:51:07,900 --> 00:51:05,090

you know

1146

00:51:10,630 --> 00:51:07,910

one of those situations so they're very

1147

00:51:15,000 --> 00:51:10,640

smart and they know what what weapons

1148

00:51:17,560 --> 00:51:15,010

are and what hunters do in the woods so

1149

00:51:19,930 --> 00:51:17,570

it's just the case you got to be careful

1150

00:51:22,690 --> 00:51:19,940

what you wish for that one changed his

1151

00:51:24,820 --> 00:51:22,700

life too and he is not a fan of going

1152

00:51:27,880 --> 00:51:24,830

out in the woods without being armed and

1153

00:51:29,470 --> 00:51:27,890

and really not being out there too late

1154

00:51:31,270 --> 00:51:29,480

at night because it was getting around

1155

00:51:35,950 --> 00:51:31,280

dusk when that encounter happened for

1156

00:51:39,760 --> 00:51:35,960

him man that is pretty spooky stuff it

1157

00:51:43,530 --> 00:51:39,770

is it's pretty scary and Shannon you

1158

00:51:45,940 --> 00:51:43,540

have a bunch of stuff coming up I just I

1159

00:51:47,440 --> 00:51:45,950

don't want to get stuck on the book or

1160

00:51:50,350 --> 00:51:47,450

limited to that but it's such a fresh

1161

00:51:53,080 --> 00:51:50,360

perspective and awesome book but could

1162

00:51:54,340 --> 00:51:53,090

you tell our guests all the stuff you

1163

00:51:58,810 --> 00:51:54,350

have coming up I think you have an

1164

00:52:01,480 --> 00:51:58,820

upcoming documentary on UFOs and other

1165

00:52:04,240 --> 00:52:01,490

things going on absolutely yeah thanks

1166

00:52:08,410 --> 00:52:04,250

Ryan yes sir I was fortunate enough to

1167

00:52:10,600 --> 00:52:08,420

be the host for on the trail of UFOs

1168

00:52:13,120 --> 00:52:10,610

that is a documentary coming out from

1169

00:52:14,890 --> 00:52:13,130

small town monster I'm sure a lot of

1170

00:52:17,650 --> 00:52:14,900

your listeners will be familiar with

1171

00:52:19,390 --> 00:52:17,660

them they've done work on Mothman

1172

00:52:22,960 --> 00:52:19,400

they've got the witch stuff coming up

1173

00:52:24,640 --> 00:52:22,970

they've done Minerva monster we've we've

1174

00:52:27,430 --> 00:52:24,650

done of course on the trail of Bigfoot

1175

00:52:30,610 --> 00:52:27,440

which is already out on Amazon time or

1176
00:52:32,380 --> 00:52:30,620
through small town monsters calm but

1177
00:52:35,380 --> 00:52:32,390
later this year on the trail UFOs will

1178
00:52:38,310 --> 00:52:35,390
come out and we traveled thousands of

1179
00:52:42,670 --> 00:52:38,320
miles over many trips and talked to many

1180
00:52:44,320 --> 00:52:42,680
fascinating people about either decided

1181
00:52:48,340 --> 00:52:44,330
that where they come from for the

1182
00:52:50,700 --> 00:52:48,350
research or and or a sighting or we just

1183
00:52:53,800 --> 00:52:50,710
we talk to people that had incredible

1184
00:52:56,470 --> 00:52:53,810
witness encounters and how it changed

1185
00:52:59,320 --> 00:52:56,480
their life specific to the UFO subjects

1186
00:53:01,150 --> 00:52:59,330
so that'll be out later this year and in

1187
00:53:02,530 --> 00:53:01,160
fact if you guys are part of Facebook

1188
00:53:05,380 --> 00:53:02,540

we're doing a fun we always do a

1189

00:53:08,380 --> 00:53:05,390

Kickstarter live event and that'll be

1190

00:53:11,710 --> 00:53:08,390

February 6th at 7 p.m.

1191

00:53:13,810 --> 00:53:11,720

I believe that Pacific Standard Time but

1192

00:53:18,330 --> 00:53:13,820

you can check my facebook for more

1193

00:53:21,150 --> 00:53:18,340

information on that and also team like

1194

00:53:23,190 --> 00:53:21,160

Hof is the co-author along with myself

1195

00:53:26,220 --> 00:53:23,200

for beyond the fray Bigfoot and we've

1196

00:53:28,710 --> 00:53:26,230

got beyond the fray param Elbe nation is

1197

00:53:31,290 --> 00:53:28,720

up for pre-order right now we're in the

1198

00:53:34,050 --> 00:53:31,300

process of writing that and that should

1199

00:53:36,990 --> 00:53:34,060

be a do out late April of this year so

1200

00:53:38,820 --> 00:53:37,000

pretty quick and apparent affirmation of

1201
00:53:41,760 --> 00:53:38,830
the word that I came up with a long time

1202
00:53:44,310 --> 00:53:41,770
ago for an episode of my show I just it

1203
00:53:46,110 --> 00:53:44,320
was paranormal just all over the place

1204
00:53:48,120 --> 00:53:46,120
craziness and I'm like well this is an

1205
00:53:50,730 --> 00:53:48,130
amalgamation it's a pair of motivation

1206
00:53:53,190 --> 00:53:50,740
so that was the inception of that word

1207
00:53:57,410 --> 00:53:53,200
and that is exactly what this book will

1208
00:54:00,570 --> 00:53:57,420
be some of my favorites from my show

1209
00:54:02,940 --> 00:54:00,580
into the fray ones that are just so

1210
00:54:05,520 --> 00:54:02,950
difficult to classify they do not fit in

1211
00:54:09,780 --> 00:54:05,530
any neat tidy little box like a ghost or

1212
00:54:14,010 --> 00:54:09,790
a shadow person or whatever creatures

1213
00:54:16,980 --> 00:54:14,020

and and spooky stuff and even you know

1214

00:54:19,380 --> 00:54:16,990

for lack of a better term even a Windigo

1215

00:54:21,120 --> 00:54:19,390

a woman said she encountered a Wendigo

1216

00:54:22,740 --> 00:54:21,130

one of the most terrifying stories I've

1217

00:54:28,440 --> 00:54:22,750

taken a long time that was a recent

1218

00:54:30,480 --> 00:54:28,450

episode but again we're adding stories

1219

00:54:32,760 --> 00:54:30,490

in there that will not be on the show

1220

00:54:34,080 --> 00:54:32,770

because either usually it's because

1221

00:54:35,580 --> 00:54:34,090

people are just not comfortable coming

1222

00:54:39,720 --> 00:54:35,590

on and that's totally fine

1223

00:54:41,910 --> 00:54:39,730

so I'm currently collecting stories for

1224

00:54:43,530 --> 00:54:41,920

that so that's anybody out there is you

1225

00:54:45,840 --> 00:54:43,540

know into sharing their stories but

1226
00:54:48,240 --> 00:54:45,850
doesn't want to be on us a show that's

1227
00:54:51,480 --> 00:54:48,250
always an option too so yeah beyond the

1228
00:54:54,060 --> 00:54:51,490
fray paramount omission is it will be

1229
00:54:57,570 --> 00:54:54,070
ready to rock in April so much going on

1230
00:55:00,210 --> 00:54:57,580
so cool and it's just such a fresh

1231
00:55:01,620 --> 00:55:00,220
perspective perspective you bring to the

1232
00:55:04,200 --> 00:55:01,630
paranormal and your passion for the

1233
00:55:05,940 --> 00:55:04,210
paranormal really really shows Jen and I

1234
00:55:08,520 --> 00:55:05,950
appreciate you coming on the podcast and

1235
00:55:11,460 --> 00:55:08,530
sharing some of the coolest things that

1236
00:55:13,770 --> 00:55:11,470
you got to deal with and I hope to talk

1237
00:55:16,020 --> 00:55:13,780
to you soon I'll definitely keep an eye

1238
00:55:21,360 --> 00:55:16,030

out for all that stuff and I hope our

1239

00:55:24,150 --> 00:55:21,370

listeners do too well there you have it

1240

00:55:27,420 --> 00:55:24,160

Shannon look row telling us about her

1241

00:55:28,590 --> 00:55:27,430

new Bigfoot book beyond the fray she has

1242

00:55:30,180 --> 00:55:28,600

a lot going on and

1243

00:55:32,460 --> 00:55:30,190

her passion for the paranormal is

1244

00:55:34,800 --> 00:55:32,470

something that is hard to keep up with

1245

00:55:36,720 --> 00:55:34,810

she is all over the place

1246

00:55:39,540 --> 00:55:36,730

always researching and always working on

1247

00:55:41,850 --> 00:55:39,550

something I was very happy to be able to

1248

00:55:44,010 --> 00:55:41,860

get her on the program and hoped have

1249

00:55:45,750 --> 00:55:44,020

her on again soon and talked to her soon

1250

00:55:47,550 --> 00:55:45,760

really exciting and interesting stuff

1251

00:55:50,250 --> 00:55:47,560

that she's doing definitely check it out

1252

00:55:54,060 --> 00:55:50,260

also check her out at into the fray

1253

00:55:56,220 --> 00:55:54,070
