iTunes we're making their rounds haven't

33

00:02:10,190 --> 00:02:08,580

got to patreon yet I am just too darn

34

00:02:13,309 --> 00:02:10,200

slow but I'm getting there I'm getting

35

00:02:13,940 --> 00:02:13,319

there I know that there's all the reason

36

00:02:16,970 --> 00:02:13,950

to do it

37

00:02:20,120 --> 00:02:16,980

and it will be done well we are going to

38

00:02:23,000 --> 00:02:20,130

try to understand a little more about a

39

00:02:24,590 --> 00:02:23,010

very complicated subject sometimes it

40

00:02:27,530 --> 00:02:24,600

looks one way sometimes it looks another

41

00:02:29,660 --> 00:02:27,540

way lots of info on the news about to

42

00:02:32,330 --> 00:02:29,670

the stars Academy Tom DeLonge we sell

43

00:02:35,360 --> 00:02:32,340

azan do--how put off and the bunch

44

00:02:39,530 --> 00:02:35,370

Danny Silva is going to help us navigate

45

00:02:42,199 --> 00:02:39,540

this landscape without further ado Danny

46

00:02:47,660 --> 00:02:42,209

Silva welcome to the hero paranormal

47

00:02:49,520 --> 00:02:47,670

podcast I am super excited to talk about

48

00:02:52,240 --> 00:02:49,530

something that you know so much more

49

00:02:55,820 --> 00:02:52,250

about than most individuals and that is

50

00:02:58,670 --> 00:02:55,830

this to the Stars Academy all the info

51
00:03:02,390 --> 00:02:58,680
coming out on in the news on TV on TV

52
00:03:05,930 --> 00:03:02,400
shows Tom DeLonge how put off Luis

53
00:03:08,990 --> 00:03:05,940
Elizondo the list goes on and on does

54
00:03:11,840 --> 00:03:09,000
that this is it's getting very

55
00:03:19,690 --> 00:03:11,850
interesting navigating this landscape

56
00:03:25,340 --> 00:03:23,960
and ever since the hf revelations you

57
00:03:30,830 --> 00:03:25,350
know a lot of things have chance for a

58
00:03:33,350 --> 00:03:30,840
lot of people and including me and it

59
00:03:41,300 --> 00:03:33,360
with the revelations what kind of things

60
00:03:44,210 --> 00:03:41,310
have you noticed Danny oh right well um

61
00:03:48,530 --> 00:03:44,220
you know it's it's gone into the media

62
00:03:49,819 --> 00:03:48,540
and it's okay to talk about it at least

63
00:03:54,289 --> 00:03:49,829

a little bit more than it was before

64

00:03:57,470 --> 00:03:54,299

that and a lot of that is thanks to to

65

00:03:59,420 --> 00:03:57,480

the stars Academy and the media push and

66

00:04:00,770 --> 00:03:59,430

they brought out the Navy pilots I mean

67

00:04:03,819 --> 00:04:00,780

there wasn't all these Navy pilots

68

00:04:06,080 --> 00:04:03,829

before 2017 coming out going on record

69

00:04:08,900 --> 00:04:06,090

it happened with the tick-tack event

70

00:04:11,509 --> 00:04:08,910

which was on the west coast and there's

71

00:04:13,430 --> 00:04:11,519

been consistent information coming out

72

00:04:15,740 --> 00:04:13,440

about that just recently we heard our

73

00:04:17,270 --> 00:04:15,750

Chad Underwood talk for the first time

74

00:04:18,949 --> 00:04:17,280

and he's the guy that actually recorded

75

00:04:20,360 --> 00:04:18,959

the video a lot of people thought Dave

76

00:04:22,760 --> 00:04:20,370

raver recorded it but it was actually

77

00:04:26,270 --> 00:04:22,770

Chad Underwood and then there was the

78

00:04:28,340 --> 00:04:26,280

follow of New York Times article in 2019

79

00:04:30,740 --> 00:04:28,350

about the

80

00:04:33,470 --> 00:04:30,750

eastcoast events the gimbal and we heard

81

00:04:34,820 --> 00:04:33,480

Brian graves and Danny acclaim and other

82

00:04:38,960 --> 00:04:34,830

pilots come out and those are actually

83

00:04:42,290 --> 00:04:38,970

active duty pilots so you know it's one

84

00:04:43,780 --> 00:04:42,300

thing if you hear an experimenter out on

85

00:04:45,590 --> 00:04:43,790

a farm or something and not to take

86

00:04:47,780 --> 00:04:45,600

anything away from them

87

00:04:49,970 --> 00:04:47,790

I'm trying their experience but it's

88

00:04:53,180 --> 00:04:49,980

just more credible at least to the

89

00:04:56,240 --> 00:04:53,190

public at large when military personnel

90

00:04:57,940 --> 00:04:56,250

are talking about it and you know

91

00:05:01,160 --> 00:04:57,950

hearing these guys speak

92

00:05:02,750 --> 00:05:01,170

Elizondo always says that we're trusting

93

00:05:05,420 --> 00:05:02,760

them to protect our country we're

94

00:05:08,660 --> 00:05:05,430

trusting them with you know weapons and

95

00:05:10,160 --> 00:05:08,670

million dollar of equipment flying these

96

00:05:12,380 --> 00:05:10,170

planes around so we definitely need to

97

00:05:14,750 --> 00:05:12,390

be trusting on them when they come out

98

00:05:18,200 --> 00:05:14,760

with these experiences that they've had

99

00:05:20,330 --> 00:05:18,210

and things that they've seen I totally

100

00:05:23,120 --> 00:05:20,340

agree that getting these bigger names

101
00:05:27,650 --> 00:05:23,130
people that are very legitimate out

102
00:05:29,420 --> 00:05:27,660
there that is you know it's giving a

103
00:05:33,890 --> 00:05:29,430
sort of legitimacy like you said that

104
00:05:35,420 --> 00:05:33,900
we've never seen before ever and I think

105
00:05:38,000 --> 00:05:35,430
you're right there's there's something

106
00:05:41,210 --> 00:05:38,010
to that and we're it leaps and bounds

107
00:05:43,640 --> 00:05:41,220
just in one year compared to you know

108
00:05:46,670 --> 00:05:43,650
the previous you know it seems like

109
00:05:50,300 --> 00:05:46,680
every year after every year is like more

110
00:05:55,310 --> 00:05:50,310
magical as far as the stuff that is

111
00:05:57,890 --> 00:05:55,320
getting Declassified yeah and you know

112
00:06:00,650 --> 00:05:57,900
back to the media there's just more

113
00:06:02,930 --> 00:06:00,660

coverage of it now I'm I get contacted

114

00:06:04,160 --> 00:06:02,940

by mainstream journalists every once in

115

00:06:06,200 --> 00:06:04,170

a while and I'm princess some of them

116

00:06:08,420 --> 00:06:06,210

now and they're they're covering the

117

00:06:10,010 --> 00:06:08,430

topic seriously and you know a lot of

118

00:06:11,540 --> 00:06:10,020

people don't like Tucker Carlson for

119

00:06:13,820 --> 00:06:11,550

whatever reasons other people support

120

00:06:16,400 --> 00:06:13,830

them I'm not political with that kind of

121

00:06:19,480 --> 00:06:16,410

thing but I think his UFO coverage is

122

00:06:23,600 --> 00:06:19,490

great and that's a national news TV show

123

00:06:26,840 --> 00:06:23,610

national news broadcast and he's

124

00:06:30,410 --> 00:06:26,850

continuously covered the UFO topic in

125

00:06:31,880 --> 00:06:30,420

short spurts but he's doing it and he's

126

00:06:36,080 --> 00:06:31,890

gotten some great comments from Elizondo

127

00:06:39,020 --> 00:06:36,090

and other people too that is so cool and

128

00:06:40,200 --> 00:06:39,030

taunt along is what if I mean not to

129

00:06:42,930 --> 00:06:40,210

he's a he

130

00:06:44,910 --> 00:06:42,940

he says things that I think sometimes

131

00:06:48,150 --> 00:06:44,920

getting into him in trouble he's very

132

00:06:51,840 --> 00:06:48,160

passionate but also sometimes he says

133

00:06:54,210 --> 00:06:51,850

things that ring very true even just you

134

00:06:59,060 --> 00:06:54,220

know even if you're on the fence with

135

00:07:01,260 --> 00:06:59,070

everything and I think that something is

136

00:07:04,800 --> 00:07:01,270

something's brewing because he

137

00:07:07,470 --> 00:07:04,810

apparently is BRE me you know it would

138

00:07:11,280 --> 00:07:07,480

be hard to know something and not be

139

00:07:13,380 --> 00:07:11,290

able to talk about it yes um you know

140

00:07:15,360 --> 00:07:13,390

brings a kind of regular guy even though

141

00:07:16,890 --> 00:07:15,370

he's a rock star he kind of approaches

142

00:07:20,220 --> 00:07:16,900

the UFO thing is more of a regular guy

143

00:07:24,510 --> 00:07:20,230

and yeah I would be as excited as he is

144

00:07:27,030 --> 00:07:24,520

a long time so tweet or post on social

145

00:07:29,670 --> 00:07:27,040

media and that's just him saying things

146

00:07:31,950 --> 00:07:29,680

it's not a representation of what the

147

00:07:34,290 --> 00:07:31,960

rest of to the Stars Academy at-large

148

00:07:36,720 --> 00:07:34,300

believes it's just him talking and he

149

00:07:38,820 --> 00:07:36,730

jokes around a lot and stuff too and he

150

00:07:41,880 --> 00:07:38,830

gets back for it and I understand that

151

00:07:45,060 --> 00:07:41,890

but you know he's not some big

152

00:07:46,830 --> 00:07:45,070

businessman he's just a person and he

153

00:07:48,780 --> 00:07:46,840

gets excited and he tweets but I'd the

154

00:07:50,340 --> 00:07:48,790

other on the other side of it he said a

155

00:07:52,260 --> 00:07:50,350

lot of things that he's backed up I mean

156

00:07:55,710 --> 00:07:52,270

he went on Rogan before any of this

157

00:07:56,940 --> 00:07:55,720

happened and said that you know kind of

158

00:07:59,030 --> 00:07:56,950

laid out what they were going to do in a

159

00:08:01,590 --> 00:07:59,040

lot of ways and he backed it up with

160

00:08:04,040 --> 00:08:01,600

Elizondo coming out talking about a tip

161

00:08:06,660 --> 00:08:04,050

and he backed it up with they take back

162

00:08:08,370 --> 00:08:06,670

events which is now you know known

163

00:08:10,560 --> 00:08:08,380

across the world it isn't as known as

164

00:08:12,210 --> 00:08:10,570

we'd like it to be in the public circles

165

00:08:14,550 --> 00:08:12,220

but it's known you know definitely in

166

00:08:17,970 --> 00:08:14,560

the paranormal communities and even just

167

00:08:19,560 --> 00:08:17,980

a lot of people that watch the news or

168

00:08:21,900 --> 00:08:19,570

things like that I mean Bernie Sanders

169

00:08:23,520 --> 00:08:21,910

commented on it last week and other

170

00:08:24,900 --> 00:08:23,530

politicians are being asked about it and

171

00:08:28,260 --> 00:08:24,910

how in the presidential race and they're

172

00:08:29,850 --> 00:08:28,270

familiar with Davis forever and they're

173

00:08:32,310 --> 00:08:29,860

familiar with the Tic Tac incident so

174

00:08:34,830 --> 00:08:32,320

it's huge and this was brought out

175

00:08:37,020 --> 00:08:34,840

because of to the stars Academy and in

176

00:08:38,970 --> 00:08:37,030

many ways to Tom has put his money where

177

00:08:40,530 --> 00:08:38,980

his mouth is he he says a lot of other

178

00:08:43,500 --> 00:08:40,540

things that he hasn't backed up sir

179

00:08:47,420 --> 00:08:43,510

but um the main points I think he has

180

00:08:50,150 --> 00:08:47,430

backed up with this at this page yeah

181

00:08:52,950 --> 00:08:50,160

he's got some it's pretty impossible

182

00:08:55,290 --> 00:08:52,960

things to accomplish and

183

00:08:57,240 --> 00:08:55,300

it I wouldn't be envious of his position

184

00:08:59,760 --> 00:08:57,250

you know it would be very difficult I'd

185

00:09:01,139 --> 00:08:59,770

have to do some soul-searching the I

186

00:09:05,550 --> 00:09:01,149

wanted to kind of jump a little bit

187

00:09:07,500 --> 00:09:05,560

Danny - this is so cool

188

00:09:12,320 --> 00:09:07,510

it's actually something on your website

189

00:09:15,300 --> 00:09:12,330

that interests me very much and that is

190

00:09:18,170 --> 00:09:15,310

Keith Bastyr field and how he's been

191

00:09:21,240 --> 00:09:18,180

digging into the now-defunct needs

192

00:09:24,900 --> 00:09:21,250

National Institute for discovery science

193

00:09:26,850 --> 00:09:24,910

website and this could we talk about

194

00:09:28,590 --> 00:09:26,860

that a little bit because I just I you

195

00:09:30,329 --> 00:09:28,600

know just when this is so similar when

196

00:09:31,680 --> 00:09:30,339

you think you know everything things

197

00:09:34,199 --> 00:09:31,690

come up and you're just like whoa

198

00:09:37,320 --> 00:09:34,209

connecting the dots can get just more

199

00:09:38,490 --> 00:09:37,330

and more interesting and I thought it

200

00:09:41,460 --> 00:09:38,500

was pretty amazing

201
00:09:45,090 --> 00:09:41,470
the statistics and the stuff they were

202
00:09:48,960 --> 00:09:45,100
you know from for field investigation

203
00:09:51,930 --> 00:09:48,970
needs being especially back then they

204
00:09:54,810 --> 00:09:51,940
had some very interesting stuff that

205
00:09:59,760 --> 00:09:54,820
kind of I think may have revolved around

206
00:10:06,240 --> 00:09:59,770
parts of well it did Utah New Mexico and

207
00:10:07,800 --> 00:10:06,250
I believe Arizona and yeah no no no no

208
00:10:09,449 --> 00:10:07,810
yeah I just wanted to talk about that

209
00:10:11,400 --> 00:10:09,459
and the instrumentation they were using

210
00:10:13,410 --> 00:10:11,410
to like detect magnetic electrical

211
00:10:15,560 --> 00:10:13,420
fields electromagnetic nuclear radiation

212
00:10:19,470 --> 00:10:15,570
visible and infrared detection

213
00:10:22,920 --> 00:10:19,480

spectrometry they were up to that back

214

00:10:24,740 --> 00:10:22,930

then and I just wanted to yeah kind of

215

00:10:28,800 --> 00:10:24,750

get into that if that's cool

216

00:10:31,680 --> 00:10:28,810

this was like an all-star cast and you

217

00:10:32,970 --> 00:10:31,690

know scientists and researchers and they

218

00:10:35,010 --> 00:10:32,980

were doing a lot back then it was pretty

219

00:10:37,400 --> 00:10:35,020

amazing that it's you know like two

220

00:10:40,019 --> 00:10:37,410

decades ago now that they were really

221

00:10:41,790 --> 00:10:40,029

making moves but they were doing a lot

222

00:10:45,480 --> 00:10:41,800

as you know the skinwalker and

223

00:10:47,100 --> 00:10:45,490

everything else and just the cast of

224

00:10:50,550 --> 00:10:47,110

characters that were involved back then

225

00:10:51,900 --> 00:10:50,560

is amazing to try to research now with

226

00:10:54,420 --> 00:10:51,910

these are guys look these guys are dying

227

00:10:56,670 --> 00:10:54,430

but uh this was great and you know in a

228

00:10:59,720 --> 00:10:56,680

lot of ways and it's effective what to

229

00:11:03,750 --> 00:10:59,730

the Stars Academy is doing now Bigelow

230

00:11:07,170 --> 00:11:03,760

kind of made a precedent of how to take

231

00:11:09,420 --> 00:11:07,180

some of this stuff seriously I think and

232

00:11:11,490 --> 00:11:09,430

I'm not an expert exactly on everything

233

00:11:13,410 --> 00:11:11,500

with it but uh Keith pastor killed it

234

00:11:15,180 --> 00:11:13,420

and I you know we spent a lot of time on

235

00:11:17,430 --> 00:11:15,190

the old knits website just digging stuff

236

00:11:18,900 --> 00:11:17,440

up Keith did a great job with it and I

237

00:11:20,400 --> 00:11:18,910

was able to find a few things other

238

00:11:22,680 --> 00:11:20,410

people have been digging on that website

239

00:11:25,920 --> 00:11:22,690

on the wayback machine because the

240

00:11:27,450 --> 00:11:25,930

websites gone now but um yeah a lot of

241

00:11:30,750 --> 00:11:27,460

the stuff they turned up was really

242

00:11:33,660 --> 00:11:30,760

amazing and I wish everything that they

243

00:11:36,630 --> 00:11:33,670

did would come out we've seen it in some

244

00:11:40,050 --> 00:11:36,640

of these leaks and so not everything

245

00:11:44,070 --> 00:11:40,060

that they if they worked on is public

246

00:11:46,260 --> 00:11:44,080

but I think they did find some other

247

00:11:48,060 --> 00:11:46,270

interesting things you know the story

248

00:11:50,160 --> 00:11:48,070

kind of goes that they weren't able to

249

00:11:51,750 --> 00:11:50,170

find a lot of solid evidence of

250

00:11:54,690 --> 00:11:51,760

skinwalker but at the same time I think

251
00:11:58,110 --> 00:11:54,700
they did find a lot so I just hope more

252
00:12:00,900 --> 00:11:58,120
of it comes out and needs was just

253
00:12:03,240 --> 00:12:00,910
really historic when you look back on it

254
00:12:05,310 --> 00:12:03,250
and everyone was involved with knids at

255
00:12:09,180 --> 00:12:05,320
the time it seemed like that was a major

256
00:12:10,860 --> 00:12:09,190
player and in the paranormal world so um

257
00:12:13,890 --> 00:12:10,870
I think there's a lot more to be told

258
00:12:17,730 --> 00:12:13,900
with our story and I just love trying to

259
00:12:20,280 --> 00:12:17,740
uncover some of it yeah the the players

260
00:12:22,920 --> 00:12:20,290
are just so like out of this world I

261
00:12:25,680 --> 00:12:22,930
mean Robert Bigelow and his beliefs

262
00:12:29,460 --> 00:12:25,690
which are just magnificent for somebody

263
00:12:31,680 --> 00:12:29,470

in his position and that kind of want

264

00:12:34,650 --> 00:12:31,690

just to merge a little bit into Bigelow

265

00:12:37,560 --> 00:12:34,660

Aerospace there's some pretty neat stuff

266

00:12:38,790 --> 00:12:37,570

this is older stuff but a lot of them

267

00:12:44,940 --> 00:12:38,800

amazed at how many people aren't aware

268

00:12:48,000 --> 00:12:44,950

of it like back in September at Bigelow

269

00:12:51,000 --> 00:12:48,010

Aerospace there was like an orb and I

270

00:12:52,890 --> 00:12:51,010

can only imagine that the security and

271

00:12:57,210 --> 00:12:52,900

ventilation systems and everything is

272

00:12:59,310 --> 00:12:57,220

just you know ridiculous at Bigelow

273

00:13:02,400 --> 00:12:59,320

Aerospace that's just from the outside

274

00:13:04,440 --> 00:13:02,410

and this was interesting do you think

275

00:13:06,990 --> 00:13:04,450

this was an honor of just kind of for

276

00:13:08,340 --> 00:13:07,000

fun of the storm area51 movement or

277

00:13:11,310 --> 00:13:08,350

could you tell us a little bit about it

278

00:13:13,050 --> 00:13:11,320

I think he did post it probably because

279

00:13:15,390 --> 00:13:13,060

of storm area 51 and he likes that

280

00:13:19,070 --> 00:13:15,400

energy now the or video itself was from

281

00:13:20,930 --> 00:13:19,080

2011 a lot of people were

282

00:13:23,180 --> 00:13:20,940

Kame frustrated when they posted it and

283

00:13:25,870 --> 00:13:23,190

I understand why because they didn't put

284

00:13:28,190 --> 00:13:25,880

out a lot of information with it but

285

00:13:30,380 --> 00:13:28,200

talking to people behind the scenes and

286

00:13:33,500 --> 00:13:30,390

I got some anonymous quotes on my blogs

287

00:13:35,150 --> 00:13:33,510

about it they really think it was a real

288

00:13:37,580 --> 00:13:35,160

or video you know a lot of people wrote

289

00:13:40,210 --> 00:13:37,590

it off as dust or a bug or something

290

00:13:43,610 --> 00:13:40,220

like that but um it was a highly secure

291

00:13:45,020 --> 00:13:43,620

facility the details of it I still

292

00:13:47,450 --> 00:13:45,030

haven't been able to uncover all the

293

00:13:49,430 --> 00:13:47,460

details because it sounded like most

294

00:13:51,440 --> 00:13:49,440

people that knew a lot about it I have

295

00:13:53,120 --> 00:13:51,450

to sign NDA's or something like that and

296

00:13:58,850 --> 00:13:53,130

it was just real tight security on it

297

00:14:00,470 --> 00:13:58,860

and but Bigelow and his uh his team

298

00:14:02,330 --> 00:14:00,480

we're sitting on this video for eight

299

00:14:03,980 --> 00:14:02,340

years and they were passing around

300

00:14:06,530 --> 00:14:03,990

behind the scenes not too many people

301

00:14:10,250 --> 00:14:06,540

got to take a look at it only really

302

00:14:11,690 --> 00:14:10,260

serious people looked at it and you know

303

00:14:16,190 --> 00:14:11,700

they were pretty sure it showed

304

00:14:18,170 --> 00:14:16,200

something it's not positive so the fact

305

00:14:20,090 --> 00:14:18,180

that people think it's a bug or dust

306

00:14:25,520 --> 00:14:20,100

like of course it occurred to them in

307

00:14:28,610 --> 00:14:25,530

those eight years and like you said the

308

00:14:30,560 --> 00:14:28,620

facility was really secure I haven't

309

00:14:32,060 --> 00:14:30,570

been able to confirm 100% if there was

310

00:14:35,630 --> 00:14:32,070

even air flow in there but I don't think

311

00:14:37,340 --> 00:14:35,640

there was and you know I think it's

312

00:14:39,680 --> 00:14:37,350

probably is a real or video do I know a

313

00:14:42,170 --> 00:14:39,690

hundred percent no I don't but I've

314

00:14:44,630 --> 00:14:42,180

spoken to really serious people off the

315

00:14:46,700 --> 00:14:44,640

record and they a hundred percent that

316

00:14:48,830 --> 00:14:46,710

get is a real video of an orb and I

317

00:14:52,160 --> 00:14:48,840

think possibly that orb did up the

318

00:14:54,350 --> 00:14:52,170

things that aren't public yet at the

319

00:14:55,730 --> 00:14:54,360

time we were hoping that

320

00:14:57,710 --> 00:14:55,740

Bigler would come out with more

321

00:14:59,990 --> 00:14:57,720

information about it they haven't yet

322

00:15:04,430 --> 00:15:00,000

but I really look forward to that day if

323

00:15:06,800 --> 00:15:04,440

they do to kind of give positive some of

324

00:15:08,570 --> 00:15:06,810

these critics about that but but you

325

00:15:10,310 --> 00:15:08,580

know when you have this these huge

326

00:15:12,200 --> 00:15:10,320

scientists important people looking at

327

00:15:14,570 --> 00:15:12,210

these videos and they think they're real

328

00:15:17,030 --> 00:15:14,580

it really makes me think twice and and

329

00:15:19,130 --> 00:15:17,040

really take it seriously so I think it

330

00:15:22,730 --> 00:15:19,140

probably is a real or video and I think

331

00:15:25,550 --> 00:15:22,740

if all the unreleased facts about the

332

00:15:28,790 --> 00:15:25,560

backstory of that video came out it

333

00:15:31,820 --> 00:15:28,800

would change our minds yeah there's a

334

00:15:32,420 --> 00:15:31,830

lot of bright minds in a small space and

335

00:15:35,210 --> 00:15:32,430

they

336

00:15:38,269 --> 00:15:35,220

are not gonna let anything through the

337

00:15:42,250 --> 00:15:38,279

slide that's not gonna pass their smell

338

00:15:46,880 --> 00:15:42,260

test I agree that is interesting I mean

339

00:15:50,660 --> 00:15:46,890

very very senior aerospace individuals

340

00:15:54,199 --> 00:15:50,670

on site so cone Keller her senior

341

00:15:58,610 --> 00:15:54,209

aerospace program manager for Bigelow

342

00:16:03,470 --> 00:15:58,620

Aerospace very involved as well in to

343

00:16:05,530 --> 00:16:03,480

the stars Academy yeah comb was a member

344

00:16:08,570 --> 00:16:05,540

up to the stars he actually left

345

00:16:10,940 --> 00:16:08,580

recently in the last few months he

346

00:16:12,380 --> 00:16:10,950

stepped away from to the stars but you

347

00:16:14,090 --> 00:16:12,390

know he has history would nerds he

348

00:16:16,550 --> 00:16:14,100

co-wrote the skinwalker book the George

349

00:16:18,260 --> 00:16:16,560

Knapp and he's been with Bigelow

350

00:16:21,139 --> 00:16:18,270

the whole time and he is still currently

351

00:16:24,500 --> 00:16:21,149

with Bigelow he stays pretty quiet he

352

00:16:26,630 --> 00:16:24,510

doesn't make a lot of public comments be

353

00:16:28,100 --> 00:16:26,640

able to make some more but I know he

354

00:16:30,290 --> 00:16:28,110

talks to people behind the scenes and he

355

00:16:32,570 --> 00:16:30,300

does real serious work with Bigelow now

356

00:16:35,030 --> 00:16:32,580

of course he's been working on the

357

00:16:37,490 --> 00:16:35,040

aerospace stuff and with NASA and things

358

00:16:40,400 --> 00:16:37,500

like that on behalf of bigger though but

359

00:16:43,250 --> 00:16:40,410

yeah comes to real seriously I and it's

360

00:16:46,310 --> 00:16:43,260

amazing to hear once again these people

361

00:16:48,920 --> 00:16:46,320

that are so serious be interested in the

362

00:16:53,540 --> 00:16:48,930

paranormal at the same time coast or E

363

00:16:54,800 --> 00:16:53,550

is amazing that our just I hope he would

364

00:16:56,810 --> 00:16:54,810

do some more interviews maybe go on

365

00:16:59,240 --> 00:16:56,820

coastal George or something like that

366

00:17:01,090 --> 00:16:59,250

I'd really like to hear an update on his

367

00:17:02,930 --> 00:17:01,100

life and what he's been doing recently

368

00:17:05,150 --> 00:17:02,940

yeah he is

369

00:17:08,689 --> 00:17:05,160

such an interesting guy in such a nice

370

00:17:11,390 --> 00:17:08,699

guy such a nice guy um one of the most

371

00:17:15,590 --> 00:17:11,400

amazing stories Danny that you have

372

00:17:19,340 --> 00:17:15,600

pinpointed is I've heard about the

373

00:17:23,500 --> 00:17:19,350

torpedo with commander Dave flavor and a

374

00:17:28,040 --> 00:17:23,510

possible unidentified submerged object

375

00:17:31,150 --> 00:17:28,050

yeah that was a major story that the

376

00:17:33,530 --> 00:17:31,160

public first heard from Dave kloiber and

377

00:17:35,630 --> 00:17:33,540

it shot a lot of myths when we heard and

378

00:17:36,020 --> 00:17:35,640

it was really cool it was secondhand for

379

00:17:38,150 --> 00:17:36,030

flavor

380

00:17:41,600 --> 00:17:38,160

you know it didn't happen to him someone

381

00:17:43,940 --> 00:17:41,610

told him about it and then he spoke

382

00:17:45,290 --> 00:17:43,950

about it on Rogan and many of the people

383

00:17:46,169 --> 00:17:45,300

jumped on him at that point because he

384

00:17:47,700 --> 00:17:46,179

is talk to me

385

00:17:50,609 --> 00:17:47,710

with Jeremy Korbelt I think like a year

386

00:17:51,659 --> 00:17:50,619

prior but when touch but Ilan Rogan it

387

00:17:54,600 --> 00:17:51,669

started getting a lot of media attention

388

00:17:57,779 --> 00:17:54,610

and people were kind of this recycling

389

00:18:01,169 --> 00:17:57,789

the story for those that aren't familiar

390

00:18:05,369 --> 00:18:01,179

basically there are dummy torpedoes or

391

00:18:08,129 --> 00:18:05,379

training torpedoes that the Navy

392

00:18:11,100 --> 00:18:08,139

I guess they shoot them off and then

393

00:18:15,090 --> 00:18:11,110

they they rise to the surface of the

394

00:18:17,730 --> 00:18:15,100

ocean and for training they hang a man

395

00:18:20,789 --> 00:18:17,740

out of a helicopter on a rope and they

396

00:18:22,560 --> 00:18:20,799

kind of dip them down into the water to

397

00:18:24,950 --> 00:18:22,570

grab it and then pull it back up into

398

00:18:30,119 --> 00:18:24,960

the helicopter they do that with

399

00:18:32,129 --> 00:18:30,129

torpedoes and also be QMS and on what

400

00:18:35,190 --> 00:18:32,139

the first occasion I think it was a beak

401
00:18:37,230 --> 00:18:35,200
um they they grabbed it but when they

402
00:18:41,070 --> 00:18:37,240
grabbed it they saw a dark mass under

403
00:18:42,989 --> 00:18:41,080
the beak um as they were kind of going

404
00:18:46,560 --> 00:18:42,999
back up and then on the second occasion

405
00:18:48,509 --> 00:18:46,570
the same thing happened however this

406
00:18:50,700 --> 00:18:48,519
time it was a torpedo and then before

407
00:18:52,950 --> 00:18:50,710
they were even in to grab it the dark

408
00:18:55,619 --> 00:18:52,960
mass actually grabbed the torpedo and

409
00:18:59,129 --> 00:18:55,629
sunk it down and took it and they never

410
00:19:00,989 --> 00:18:59,139
saw it again so it's a really weird

411
00:19:03,480 --> 00:19:00,999
story you know they said it was about

412
00:19:05,580 --> 00:19:03,490
the size of a submarine you know I guess

413
00:19:06,989 --> 00:19:05,590

you know if you're a critic and I

414

00:19:08,759 --> 00:19:06,999

understand this we don't know for a fact

415

00:19:10,529 --> 00:19:08,769

maybe it was some sort of like large sea

416

00:19:12,239 --> 00:19:10,539

creature or something like that we don't

417

00:19:13,109 --> 00:19:12,249

know but you know they were taking a

418

00:19:15,749 --> 00:19:13,119

serious look like it was unidentified

419

00:19:18,930 --> 00:19:15,759

submerged object basically like a UFO

420

00:19:20,460 --> 00:19:18,940

underwater and so we've been following

421

00:19:22,950 --> 00:19:20,470

that story it's just real amazing I've

422

00:19:24,450 --> 00:19:22,960

been hoping that the person that had

423

00:19:28,139 --> 00:19:24,460

happened to that talk today favor would

424

00:19:32,239 --> 00:19:28,149

go on the record favor actually spoke

425

00:19:34,259 --> 00:19:32,249

mentioned to George Joe Rogan that the

426

00:19:35,759 --> 00:19:34,269

original New York Times article was

427

00:19:37,649 --> 00:19:35,769

actually interested in getting this guy

428

00:19:40,220 --> 00:19:37,659

on the record and then they kind of

429

00:19:42,180 --> 00:19:40,230

backed off they wanted more recent

430

00:19:44,609 --> 00:19:42,190

encounters because that apparently

431

00:19:47,220 --> 00:19:44,619

happened in the 90s where the tic-tac

432

00:19:50,190 --> 00:19:47,230

was a 2004 and the gimbal was like a

433

00:19:51,899 --> 00:19:50,200

2015 but um that would have been really

434

00:19:54,180 --> 00:19:51,909

cool if they had that also in the times

435

00:19:58,200 --> 00:19:54,190

and get that guy to speak and then just

436

00:19:58,990 --> 00:19:58,210

last week a recent Tom DeLonge interview

437

00:20:01,690 --> 00:19:59,000

he talked about

438

00:20:03,640 --> 00:20:01,700

out to the stars also being interested

439

00:20:06,610 --> 00:20:03,650

in that story so maybe though included

440

00:20:08,890 --> 00:20:06,620

in unidentified season 2 I hope they're

441

00:20:10,630 --> 00:20:08,900

able to dig more up on it I think their

442

00:20:12,010 --> 00:20:10,640

back is kind of against a while it's

443

00:20:14,320 --> 00:20:12,020

going to be uphill battle with that

444

00:20:16,990 --> 00:20:14,330

because it happened in the 90s and it's

445

00:20:19,300 --> 00:20:17,000

gonna be kind of hard to get more

446

00:20:21,490 --> 00:20:19,310

information on it I think but I think

447

00:20:23,290 --> 00:20:21,500

the main thing that is possible is that

448

00:20:25,270 --> 00:20:23,300

maybe this guy will come forward and

449

00:20:26,650 --> 00:20:25,280

talk and that's what I'm hoping for but

450

00:20:28,540 --> 00:20:26,660

even if they just cover it on

451

00:20:31,230 --> 00:20:28,550

unidentified it'll be cool to get more

452

00:20:33,430 --> 00:20:31,240

people interested in the story and

453

00:20:34,930 --> 00:20:33,440

without a lot of hard facts on it I

454

00:20:37,600 --> 00:20:34,940

think it's just kind of interesting and

455

00:20:40,050 --> 00:20:37,610

fun story more so than like something

456

00:20:43,210 --> 00:20:40,060

that will be well documented like the

457

00:20:44,020 --> 00:20:43,220

but it is a it does have more military

458

00:20:46,120 --> 00:20:44,030

um

459

00:20:48,580 --> 00:20:46,130

witnesses so that's always taken

460

00:20:50,770 --> 00:20:48,590

seriously that is really cool when you

461

00:20:54,700 --> 00:20:50,780

have military caliber people as

462

00:20:56,650 --> 00:20:54,710

witnesses and there's you know even even

463

00:20:59,170 --> 00:20:56,660

in this case I mean in a lot of cases

464

00:21:00,970 --> 00:20:59,180

it's just stories secondhand but there

465

00:21:03,730 --> 00:21:00,980

are still stories and it's you know

466

00:21:06,370 --> 00:21:03,740

close associations something I wanted it

467

00:21:11,080 --> 00:21:06,380

kind of delving a little bit into the

468

00:21:13,630 --> 00:21:11,090

military is the relationship between

469

00:21:15,690 --> 00:21:13,640

UFOs and nukes this is so cool it's

470

00:21:20,710 --> 00:21:15,700

something you had on silver record and

471

00:21:25,170 --> 00:21:20,720

it is the to the stars Academy of Arts

472

00:21:28,660 --> 00:21:25,180

and Science basically talking with

473

00:21:30,460 --> 00:21:28,670

people in India because could you go

474

00:21:32,410 --> 00:21:30,470

into that the identified aircraft and

475

00:21:35,550 --> 00:21:32,420

how they might pose a risk to flight

476
00:21:38,700 --> 00:21:35,560
safety and other things like nuclear war

477
00:21:41,950 --> 00:21:38,710
yeah a friend of mine Sabir Hussein a

478
00:21:45,550 --> 00:21:41,960
researcher from India he started

479
00:21:47,370 --> 00:21:45,560
basically a type of petition for the

480
00:21:50,770 --> 00:21:47,380
Indian government where he lives and

481
00:21:54,070 --> 00:21:50,780
there's already heightened military you

482
00:21:56,020 --> 00:21:54,080
know scares and things like that over

483
00:21:59,010 --> 00:21:56,030
there between Pakistan and India and

484
00:22:01,450 --> 00:21:59,020
they started to get worried that

485
00:22:03,730 --> 00:22:01,460
basically some of these UFO incursions

486
00:22:05,530 --> 00:22:03,740
or sightings or on nuclear bases could

487
00:22:08,020 --> 00:22:05,540
be taken as you know an act of war by

488
00:22:09,490 --> 00:22:08,030

either of those countries so the idea is

489

00:22:10,420 --> 00:22:09,500

they don't want that to happen they

490

00:22:13,110 --> 00:22:10,430

don't want an you

491

00:22:15,600 --> 00:22:13,120

or another very you know active war to

492

00:22:18,700 --> 00:22:15,610

occur between those two countries and

493

00:22:19,960 --> 00:22:18,710

you know it's very possible that a UFO

494

00:22:23,590 --> 00:22:19,970

flying around could do that

495

00:22:26,470 --> 00:22:23,600

so he spoke to researchers all over the

496

00:22:29,260 --> 00:22:26,480

world and scientists and he got Elizondo

497

00:22:32,320 --> 00:22:29,270

to write a letter to the Chief Justice

498

00:22:34,780 --> 00:22:32,330

of India as well as how put off and I

499

00:22:36,730 --> 00:22:34,790

was able to release those letters

500

00:22:39,150 --> 00:22:36,740

exclusively on the website and it's

501
00:22:42,580 --> 00:22:39,160
clearly just they reiterate that that

502
00:22:45,040 --> 00:22:42,590
you know these are UFOs and nukes and

503
00:22:47,290 --> 00:22:45,050
currents happen pretty regularly and

504
00:22:49,080 --> 00:22:47,300
that the two countries should show

505
00:22:51,210 --> 00:22:49,090
restraint because they don't want that

506
00:22:56,500 --> 00:22:51,220
to occur

507
00:22:57,910 --> 00:22:56,510
Sabir had a lot of resistance but he's

508
00:22:59,380 --> 00:22:57,920
still going at it I don't know if it's

509
00:23:01,690 --> 00:22:59,390
never going to come to anything you know

510
00:23:03,670 --> 00:23:01,700
you can imagine going before a court

511
00:23:07,000 --> 00:23:03,680
judge and saying watch out for UFOs or I

512
00:23:08,680 --> 00:23:07,010
take you seriously but they were trying

513
00:23:11,590 --> 00:23:08,690

to pierce trying really hard and it's

514

00:23:13,540 --> 00:23:11,600

just cool to see Elizondo and how put

515

00:23:17,560 --> 00:23:13,550

off and to the Stars kind of jumping in

516

00:23:21,550 --> 00:23:17,570

on world events like that and trying to

517

00:23:24,520 --> 00:23:21,560

help basically yeah they are they just

518

00:23:25,870 --> 00:23:24,530

class act individuals the the the other

519

00:23:28,930 --> 00:23:25,880

question I wanted to talk to you about

520

00:23:31,630 --> 00:23:28,940

is one that is just you know so under

521

00:23:35,440 --> 00:23:31,640

mentioned and I think such an amazing

522

00:23:38,710 --> 00:23:35,450

character is Eric Davis and everything

523

00:23:44,620 --> 00:23:38,720

he's been involved with for decades I

524

00:23:47,620 --> 00:23:44,630

mean just decades yeah he was in mid you

525

00:23:48,880 --> 00:23:47,630

know he's around Bigelow he was working

526

00:23:51,970 --> 00:23:48,890

square how about four years

527

00:23:55,030 --> 00:23:51,980

he recently left her to do the funding

528

00:23:56,470 --> 00:23:55,040

issues and now he's working in Alabama I

529

00:23:59,980 --> 00:23:56,480

think in the aerospace industry or

530

00:24:02,770 --> 00:23:59,990

something like that but uh you know we

531

00:24:06,160 --> 00:24:02,780

kick around nicknames for him you know

532

00:24:08,500 --> 00:24:06,170

he he really doesn't matter stunt very

533

00:24:11,410 --> 00:24:08,510

often especially when he's feeling it

534

00:24:13,330 --> 00:24:11,420

and he's uh he's on a roll and he really

535

00:24:15,490 --> 00:24:13,340

lets a lot of great information out so

536

00:24:16,510 --> 00:24:15,500

we call him one-man disclosure another

537

00:24:19,990 --> 00:24:16,520

friend of mine calls him the honey

538

00:24:23,290 --> 00:24:20,000

badger but uh we just really appreciate

539

00:24:24,130 --> 00:24:23,300

it when he talks and he's a genius I

540

00:24:27,250 --> 00:24:24,140

think

541

00:24:28,539 --> 00:24:27,260

and so he said a lot of different things

542

00:24:30,100 --> 00:24:28,549

I've been wanting to write some blogs

543

00:24:32,820 --> 00:24:30,110

and just recap some of the amazing

544

00:24:34,870 --> 00:24:32,830

things he said over the years but um

545

00:24:36,490 --> 00:24:34,880

like I said he just doesn't buy this

546

00:24:38,260 --> 00:24:36,500

tongue and I would really hope he would

547

00:24:41,650 --> 00:24:38,270

like write a book or something like that

548

00:24:43,299 --> 00:24:41,660

I'm just a life led a lot out and I'm

549

00:24:45,789 --> 00:24:43,309

hoping that since he left Earth Tech now

550

00:24:47,560 --> 00:24:45,799

it's not going to be you know time at

551
00:24:49,930 --> 00:24:47,570
this swansong into the paranormal world

552
00:24:51,520 --> 00:24:49,940
I don't think it will be and he still is

553
00:24:53,080 --> 00:24:51,530
friends with a lot of important

554
00:24:55,930 --> 00:24:53,090
scientists I research their stuff so I

555
00:24:58,419 --> 00:24:55,940
think he's gonna kind of pop up other

556
00:25:00,159 --> 00:24:58,429
places now but uh I love hearing from

557
00:25:00,580 --> 00:25:00,169
Eric Davis he said a lot of things over

558
00:25:02,320 --> 00:25:00,590
the years

559
00:25:04,960 --> 00:25:02,330
let me try think of some of them off the

560
00:25:06,549 --> 00:25:04,970
top of my head you know he was talking

561
00:25:09,880 --> 00:25:06,559
about crashes his time about crash

562
00:25:15,100 --> 00:25:09,890
retrieval programs UFO crashes of course

563
00:25:18,120 --> 00:25:15,110

and how some of the government crash

564

00:25:20,230 --> 00:25:18,130

retrieval programs were successful

565

00:25:21,820 --> 00:25:20,240

necessarily but they were successful in

566

00:25:24,700 --> 00:25:21,830

getting the crashes just not really

567

00:25:26,620 --> 00:25:24,710

successful in reengineering tech you

568

00:25:29,470 --> 00:25:26,630

know he supposedly had his experience as

569

00:25:31,770 --> 00:25:29,480

a skinwalker he was on site on

570

00:25:34,210 --> 00:25:31,780

skinwalker studying it for years and is

571

00:25:35,890 --> 00:25:34,220

it just kind of goes on and on and his

572

00:25:38,260 --> 00:25:35,900

story is really amazing he supposedly

573

00:25:43,210 --> 00:25:38,270

saw a UFO when he was in college I think

574

00:25:45,000 --> 00:25:43,220

in Tucson Arizona of course he was

575

00:25:47,320 --> 00:25:45,010

involved with the Boston document league

576
00:25:51,310 --> 00:25:47,330
for people who take that seriously and

577
00:25:54,070 --> 00:25:51,320
think it was a real document you know he

578
00:25:56,440 --> 00:25:54,080
supposedly talked to Admiral Wilson and

579
00:25:58,960 --> 00:25:56,450
it kind of goes on and on and on

580
00:26:00,400 --> 00:25:58,970
he's just achieved knowledge base and if

581
00:26:02,500 --> 00:26:00,410
he's saying this stuff during interviews

582
00:26:04,690 --> 00:26:02,510
you only can imagine what he hasn't been

583
00:26:06,820 --> 00:26:04,700
saying publicly that he knows that me

584
00:26:08,340 --> 00:26:06,830
and he does talk about NDA's I think in

585
00:26:11,260 --> 00:26:08,350
things like that too

586
00:26:14,260 --> 00:26:11,270
another friend of mine James got him to

587
00:26:16,720 --> 00:26:14,270
kind of reiterate after Elizondo went on

588
00:26:19,570 --> 00:26:16,730

Tucker Carlson Tucker asked him about

589

00:26:24,010 --> 00:26:19,580

does the UFO the government have UFO

590

00:26:27,450 --> 00:26:24,020

records or UFO debris and and understood

591

00:26:30,190 --> 00:26:27,460

simply put yes and then my friend got

592

00:26:32,680 --> 00:26:30,200

Jay my friend James and all the guys

593

00:26:34,900 --> 00:26:32,690

Erik Davis to reiterate that and say

594

00:26:36,760 --> 00:26:34,910

that's a thousand percent true and he

595

00:26:37,250 --> 00:26:36,770

was talking about crashes as well as

596

00:26:39,140 --> 00:26:37,260

landed

597

00:26:40,940 --> 00:26:39,150

craft so that's another thing we can

598

00:26:44,240 --> 00:26:40,950

kind of think of not all these crashes

599

00:26:46,190 --> 00:26:44,250

uh occur on accident sometimes the the

600

00:26:48,770 --> 00:26:46,200

crash was this land and apparently it's

601
00:26:50,750 --> 00:26:48,780
found by government people or something

602
00:26:52,640 --> 00:26:50,760
like that I mean it wasn't backed up

603
00:26:55,280 --> 00:26:52,650
with evidence but it's something I take

604
00:26:57,590 --> 00:26:55,290
seriously if Eric Davis does it so and

605
00:26:59,120 --> 00:26:57,600
there's many more things he said over

606
00:27:01,130 --> 00:26:59,130
the years that will just kind of blow

607
00:27:03,050 --> 00:27:01,140
your mind it's just one sentence here

608
00:27:04,670 --> 00:27:03,060
they're in an interview he's done these

609
00:27:06,440 --> 00:27:04,680
amazing interviews with Alejandro Rojas

610
00:27:10,190 --> 00:27:06,450
and George Knapp and people like that

611
00:27:13,820 --> 00:27:10,200
and we love that guy and I hope to hear

612
00:27:17,050 --> 00:27:13,830
more of him in the future yeah he is he

613
00:27:21,380 --> 00:27:17,060

is great guy he really is and talk about

614

00:27:23,270 --> 00:27:21,390

amazing astrophysics papers and work

615

00:27:26,240 --> 00:27:23,280

drive stuff when I was looking at the

616

00:27:28,570 --> 00:27:26,250

stuff that and you know it's amazing

617

00:27:31,610 --> 00:27:28,580

it's just absolutely mind-blowing and

618

00:27:34,130 --> 00:27:31,620

the Wilson thing is yeah that really

619

00:27:38,120 --> 00:27:34,140

blew over didn't it like that was such

620

00:27:40,070 --> 00:27:38,130

the big huge disclosure and it just kind

621

00:27:41,660 --> 00:27:40,080

of pattered out for people that missed

622

00:27:44,420 --> 00:27:41,670

it it's like one of those yeah if you

623

00:27:46,520 --> 00:27:44,430

were on vacation you missed it and it

624

00:27:48,110 --> 00:27:46,530

pattered out I haven't heard much else

625

00:27:50,080 --> 00:27:48,120

from it and I think you're right it's

626
00:27:55,760 --> 00:27:50,090
probably not going to see much more

627
00:27:59,140 --> 00:27:55,770
coverage but moving on with the with the

628
00:28:01,850 --> 00:27:59,150
group needs and and the group they're

629
00:28:04,670 --> 00:28:01,860
one that is all like kind of the

630
00:28:07,880 --> 00:28:04,680
opposite of Eric Davis exact valet I

631
00:28:10,610 --> 00:28:07,890
mean both awesome guys neatest guys but

632
00:28:14,870 --> 00:28:10,620
I'm like wow Jacques dis does an amazing

633
00:28:18,220 --> 00:28:14,880
job of saying what needs to be said but

634
00:28:23,330 --> 00:28:18,230
not letting out information that is

635
00:28:27,400 --> 00:28:23,340
confidential or at least it seems that

636
00:28:29,360 --> 00:28:27,410
way pragmatic and he's he's more

637
00:28:32,660 --> 00:28:29,370
conservative I would say with what he

638
00:28:36,230 --> 00:28:32,670

says now he also believes that there's

639

00:28:38,080 --> 00:28:36,240

been crashes I would think but then he's

640

00:28:41,030 --> 00:28:38,090

actually commented on my website

641

00:28:42,500 --> 00:28:41,040

recently so I got to be careful he was

642

00:28:45,620 --> 00:28:42,510

saying it was kind of irresponsible to

643

00:28:48,350 --> 00:28:45,630

metamaterials or use very UFO debris or

644

00:28:49,850 --> 00:28:48,360

ultra materials or whatever we want to

645

00:28:50,750 --> 00:28:49,860

call it so it's hard for me to speak for

646

00:28:52,520 --> 00:28:50,760

him but

647

00:28:54,289 --> 00:28:52,530

you know he's doing this work testing

648

00:28:57,710 --> 00:28:54,299

these materials currently with dr. Gary

649

00:28:59,090 --> 00:28:57,720

Nolan who's a great mind and you know

650

00:29:01,820 --> 00:28:59,100

Valerie is kind of like the Michael

651
00:29:04,010 --> 00:29:01,830
Jordan of urology and he's written all

652
00:29:07,840 --> 00:29:04,020
these amazing books probably the best

653
00:29:10,730 --> 00:29:07,850
books ever written on the subject he

654
00:29:12,080 --> 00:29:10,740
doesn't agree with some things on how

655
00:29:13,780 --> 00:29:12,090
people do some things and he isn't

656
00:29:15,980 --> 00:29:13,790
afraid to kind of give his opinion and

657
00:29:19,970 --> 00:29:15,990
many people don't agree with him either

658
00:29:23,720 --> 00:29:19,980
but you know regardless of that he's

659
00:29:25,880 --> 00:29:23,730
done great work over the years and and I

660
00:29:27,980 --> 00:29:25,890
think a lot of these guys as they're

661
00:29:31,340 --> 00:29:27,990
getting older I think they're going to

662
00:29:35,840 --> 00:29:31,350
start releasing more there was a blog Sr

663
00:29:37,460 --> 00:29:35,850

recently about he was talking about some

664

00:29:38,840 --> 00:29:37,470

documents that he had and he didn't want

665

00:29:40,909 --> 00:29:38,850

to put them out and I think he put him

666

00:29:42,590 --> 00:29:40,919

in I don't know where he put him in but

667

00:29:44,990 --> 00:29:42,600

he said they would come out in about ten

668

00:29:46,640 --> 00:29:45,000

years so I think as these guys get older

669

00:29:49,370 --> 00:29:46,650

there's going to be these kind of caches

670

00:29:50,510 --> 00:29:49,380

of documents and information that

671

00:29:52,669 --> 00:29:50,520

they're going to be letting out that

672

00:29:54,860 --> 00:29:52,679

they might get in trouble for putting it

673

00:29:58,159 --> 00:29:54,870

out while they're alive or while they're

674

00:29:59,570 --> 00:29:58,169

in the prime of their lives but I think

675

00:30:00,980 --> 00:29:59,580

they're gonna end up coming out later on

676

00:30:02,900 --> 00:30:00,990

and I think that's going to be true with

677

00:30:06,070 --> 00:30:02,910

a lot of the aging scientists and

678

00:30:10,580 --> 00:30:06,080

researchers and legends in the field so

679

00:30:12,799 --> 00:30:10,590

I'm you know stressed about these guys

680

00:30:14,630 --> 00:30:12,809

being gone and that's not having them in

681

00:30:16,880 --> 00:30:14,640

the community but at the same time it'll

682

00:30:19,010 --> 00:30:16,890

be cool and some of these secret files

683

00:30:22,340 --> 00:30:19,020

get out and that were probably the case

684

00:30:24,799 --> 00:30:22,350

with ballet and he also has his library

685

00:30:25,940 --> 00:30:24,809

and all of his uh his research that I

686

00:30:28,880 --> 00:30:25,950

think he's going to be giving to someone

687

00:30:30,650 --> 00:30:28,890

as well yeah for sure

688

00:30:34,159 --> 00:30:30,660

I'm glad that you mentioned that he was

689

00:30:36,770 --> 00:30:34,169

doing work with dr. Gary Nolan I wanted

690

00:30:40,220 --> 00:30:36,780

to ask you Danny there's a really

691

00:30:41,600 --> 00:30:40,230

interesting thing that you have written

692

00:30:44,510 --> 00:30:41,610

about on the silver record about

693

00:30:47,530 --> 00:30:44,520

experience so there's unique intuition

694

00:30:50,299 --> 00:30:47,540

and biomarkers and it just goes crazy

695

00:30:53,659 --> 00:30:50,309

delving into this could you kind of like

696

00:30:55,299 --> 00:30:53,669

tell a little bit about that I can I'm

697

00:30:58,909 --> 00:30:55,309

not able to speak about it very well

698

00:31:00,890 --> 00:30:58,919

that's actually the only blog article on

699

00:31:02,300 --> 00:31:00,900

my website I did not write that was

700

00:31:04,250 --> 00:31:02,310

written by a friend of mine

701
00:31:08,330 --> 00:31:04,260
he kind of calls himself Twitter user J

702
00:31:13,610 --> 00:31:08,340
but that's work that kid green and dr.

703
00:31:16,100 --> 00:31:13,620
Gary Nolan have been doing experiencers

704
00:31:18,280 --> 00:31:16,110
or not necessarily even experiencers

705
00:31:21,800 --> 00:31:18,290
it's people that have been affected by

706
00:31:25,970 --> 00:31:21,810
kind of anomalous things and although

707
00:31:27,500 --> 00:31:25,980
that is titled experiencers and it's

708
00:31:30,560 --> 00:31:27,510
hard for me to recap it a lot of the

709
00:31:32,570 --> 00:31:30,570
science is pretty tentacle but it's kind

710
00:31:35,990 --> 00:31:32,580
of basically the jumping-off point and

711
00:31:39,410 --> 00:31:36,000
they want other scientists on board and

712
00:31:42,470 --> 00:31:39,420
I have heard of some universities and

713
00:31:44,510 --> 00:31:42,480

things like that that are trying to get

714

00:31:48,200 --> 00:31:44,520

into it now so I would say everyone go

715

00:31:51,470 --> 00:31:48,210

and read that it was really kind of dr.

716

00:31:54,650 --> 00:31:51,480

Gary Nolan and dr. King to put that out

717

00:31:55,670 --> 00:31:54,660

through my blog through another blog you

718

00:31:57,500 --> 00:31:55,680

know they could have went to the New

719

00:31:59,120 --> 00:31:57,510

York Times and given them that

720

00:32:00,590 --> 00:31:59,130

information and probably had a big story

721

00:32:03,020 --> 00:32:00,600

but they kind of decided to put it out

722

00:32:05,060 --> 00:32:03,030

and and kind of let people think about

723

00:32:07,190 --> 00:32:05,070

it a little bit more but uh you know

724

00:32:09,170 --> 00:32:07,200

that could be groundbreaking work I

725

00:32:10,370 --> 00:32:09,180

think it is and you know in 50 years

726
00:32:14,210 --> 00:32:10,380
from now or something like that people

727
00:32:15,290 --> 00:32:14,220
may be referring back to it and I think

728
00:32:18,080 --> 00:32:15,300
it's just the tip of the iceberg

729
00:32:22,280 --> 00:32:18,090
basically but um in many ways they were

730
00:32:24,040 --> 00:32:22,290
able to look to a part of the brain

731
00:32:27,560 --> 00:32:24,050
which is the cutting for taemin and

732
00:32:29,840 --> 00:32:27,570
think that if there's extra connections

733
00:32:31,190 --> 00:32:29,850
or extra maybe activity and probably

734
00:32:32,780 --> 00:32:31,200
messing this up I think it's extra

735
00:32:37,100 --> 00:32:32,790
activity in that part of the brain you

736
00:32:39,080 --> 00:32:37,110
may be more inclined for psychic ability

737
00:32:40,550 --> 00:32:39,090
or other things like that so it's

738
00:32:42,350 --> 00:32:40,560

groundbreaking you know they're they're

739

00:32:45,410 --> 00:32:42,360

trying to prove some of these more

740

00:32:47,240 --> 00:32:45,420

paranormal topics and issues and they're

741

00:32:48,860 --> 00:32:47,250

doing it through science so I'm really

742

00:32:51,020 --> 00:32:48,870

interested to see where that goes and I

743

00:32:53,540 --> 00:32:51,030

think in the future they'll be a lot

744

00:32:56,410 --> 00:32:53,550

more work done on that I can't wait to

745

00:32:59,180 --> 00:32:56,420

keep up on it yeah I was blown away by

746

00:33:02,690 --> 00:32:59,190

you know how they obviously they can't

747

00:33:05,510 --> 00:33:02,700

disclose all the slides but special

748

00:33:08,090 --> 00:33:05,520

populations have like the high IQ high

749

00:33:10,580 --> 00:33:08,100

intuition high performers generational

750

00:33:12,680 --> 00:33:10,590

genetics I mean it starts getting whoa

751

00:33:14,690 --> 00:33:12,690

it starts getting very interesting

752

00:33:15,820 --> 00:33:14,700

that's something to definitely keep an

753

00:33:18,370 --> 00:33:15,830

eye out for holy

754

00:33:22,480 --> 00:33:18,380

now that's it very cool very cool indeed

755

00:33:25,000 --> 00:33:22,490

getting back to TTS a and the

756

00:33:28,180 --> 00:33:25,010

metamaterials that you know everybody is

757

00:33:30,370 --> 00:33:28,190

seen on TV through TV shows and we hear

758

00:33:34,240 --> 00:33:30,380

about it going as far back as arts parts

759

00:33:36,070 --> 00:33:34,250

you know the old art bell this is you

760

00:33:38,919 --> 00:33:36,080

would think at this point that there

761

00:33:40,269 --> 00:33:38,929

would be some some acceptance but

762

00:33:42,600 --> 00:33:40,279

there's still a lot of pushback isn't

763

00:33:45,669 --> 00:33:42,610

there by the public or how's that going

764

00:33:48,549 --> 00:33:45,679

the pushback in the public in the

765

00:33:50,680 --> 00:33:48,559

sceptics they want they wanted hard

766

00:33:52,149 --> 00:33:50,690

science on it and I understand that in

767

00:33:54,639 --> 00:33:52,159

many ways because you know you can say

768

00:33:57,070 --> 00:33:54,649

you have pieces of crashed UFO all day

769

00:33:59,169 --> 00:33:57,080

but they want proof of it and luckily

770

00:34:01,990 --> 00:33:59,179

it's not only to the star of the Academy

771

00:34:04,120 --> 00:34:02,000

that's getting into this stuff Jacques

772

00:34:07,570 --> 00:34:04,130

Brel a and Gary Nolan are also testing

773

00:34:09,520 --> 00:34:07,580

pieces it's going to be I think covered

774

00:34:12,579 --> 00:34:09,530

in the new James Fox documentary titled

775

00:34:16,780 --> 00:34:12,589

the phenomenon it's in Diana pisacas

776

00:34:18,849 --> 00:34:16,790

book American cosmic the alias of Tyler

777

00:34:21,190 --> 00:34:18,859

an alias of James they have pieces she

778

00:34:23,349 --> 00:34:21,200

was allegedly taken to a crash site when

779

00:34:26,320 --> 00:34:23,359

they found pieces there so it's not just

780

00:34:28,810 --> 00:34:26,330

to the stars that are doing this um it's

781

00:34:30,820 --> 00:34:28,820

kind of beyond me why so stars gets the

782

00:34:32,589 --> 00:34:30,830

most flack about it when other people

783

00:34:36,280 --> 00:34:32,599

are making similar claims they're just

784

00:34:37,750 --> 00:34:36,290

doing it with aliases or even making

785

00:34:39,190 --> 00:34:37,760

stronger claims especially in the

786

00:34:41,619 --> 00:34:39,200

American cosmic but they're doing it

787

00:34:43,300 --> 00:34:41,629

with aliases but so the stars comes out

788

00:34:45,579 --> 00:34:43,310

and uses their real names and they get

789

00:34:48,909 --> 00:34:45,589

out look back for it but regardless of

790

00:34:51,579 --> 00:34:48,919

the flack and the criticism I think it's

791

00:34:54,310 --> 00:34:51,589

a it's amazing and it's great and it's

792

00:34:55,750 --> 00:34:54,320

it's I hate to use the word more nuts

793

00:35:01,180 --> 00:34:55,760

and bolts and I think if we're going to

794

00:35:03,010 --> 00:35:01,190

be convincing people basically of what's

795

00:35:04,359 --> 00:35:03,020

going on this maybe they're out to do it

796

00:35:07,000 --> 00:35:04,369

because lights in the sky aren't

797

00:35:10,390 --> 00:35:07,010

necessarily going to do it it's going to

798

00:35:12,820 --> 00:35:10,400

be science and dr. Gary Nolan's on the

799

00:35:14,530 --> 00:35:12,830

forefront of it and he talked about it a

800

00:35:17,050 --> 00:35:14,540

little bit he's tweeted about it he's

801
00:35:18,820 --> 00:35:17,060
talked about it in interviews and and

802
00:35:21,339 --> 00:35:18,830
that he's totally separate from to the

803
00:35:24,220 --> 00:35:21,349
stars academy so that's great to me that

804
00:35:26,710 --> 00:35:24,230
more than one group of people are

805
00:35:27,890 --> 00:35:26,720
working on this and you know if I had my

806
00:35:29,090 --> 00:35:27,900
way to the stars

807
00:35:32,390 --> 00:35:29,100
I'm out with some stuff they're working

808
00:35:35,660 --> 00:35:32,400
on it with in their army situation

809
00:35:37,490 --> 00:35:35,670
called the crater and so they have army

810
00:35:39,230 --> 00:35:37,500
Labs working on it and then dr. Gary

811
00:35:41,690 --> 00:35:39,240
Nolan has his own lab and home lab

812
00:35:43,220 --> 00:35:41,700
working on it along with Jacques Ballet

813
00:35:46,340 --> 00:35:43,230

and there's probably other people like

814

00:35:47,960 --> 00:35:46,350

in the book American cosmic Tyler is

815

00:35:49,190 --> 00:35:47,970

probably working on some things too and

816

00:35:52,850 --> 00:35:49,200

there's probably a bunch of other people

817

00:35:54,980 --> 00:35:52,860

we don't know about you know you can get

818

00:35:57,020 --> 00:35:54,990

more conspiratorial has the government

819

00:36:00,340 --> 00:35:57,030

has these pieces for decades and so they

820

00:36:02,990 --> 00:36:00,350

already know that they're anomalous

821

00:36:07,400 --> 00:36:03,000

maybe you know it's hard to tell and

822

00:36:10,010 --> 00:36:07,410

then also um you know you have to kind

823

00:36:13,160 --> 00:36:10,020

of figure out what exactly is proof what

824

00:36:15,470 --> 00:36:13,170

would make it true what would prove that

825

00:36:16,820 --> 00:36:15,480

these come from a UFO I mean can you say

826

00:36:18,320 --> 00:36:16,830

that they're just anomalous and then

827

00:36:20,660 --> 00:36:18,330

assume that they come from you too or

828

00:36:22,460 --> 00:36:20,670

can you say there's nothing like it on

829

00:36:24,230 --> 00:36:22,470

the planet so they must come from a UFO

830

00:36:26,420 --> 00:36:24,240

I don't know if that'll work in the

831

00:36:28,580 --> 00:36:26,430

skeptics mind but I think it's great

832

00:36:31,400 --> 00:36:28,590

steps forward and it's some of the first

833

00:36:33,290 --> 00:36:31,410

steps but uh the simple fact that

834

00:36:35,810 --> 00:36:33,300

there's so many of these pieces floating

835

00:36:38,900 --> 00:36:35,820

around and there's so many of these

836

00:36:41,030 --> 00:36:38,910

stories of crashes if maybe we can use

837

00:36:42,800 --> 00:36:41,040

it as anecdotal evidence or more that

838

00:36:44,900 --> 00:36:42,810

some of these crashes occurred I mean if

839

00:36:47,240 --> 00:36:44,910

someone saw a crash and then they found

840

00:36:48,280 --> 00:36:47,250

a piece in the same area you know that's

841

00:36:50,420 --> 00:36:48,290

just more wood on the fire that

842

00:36:52,910 --> 00:36:50,430

something weird happened and maybe there

843

00:36:55,280 --> 00:36:52,920

really was a crash so I'm looking

844

00:36:58,700 --> 00:36:55,290

forward to it and I think it's going to

845

00:37:01,580 --> 00:36:58,710

be a big deal you know going forward and

846

00:37:03,170 --> 00:37:01,590

in the future and it may even end up

847

00:37:05,840 --> 00:37:03,180

being more important than military

848

00:37:09,080 --> 00:37:05,850

eyewitnesses because it's tangible and

849

00:37:10,400 --> 00:37:09,090

it's something people can hold and you

850

00:37:12,680 --> 00:37:10,410

know a lot of people talk about the peer

851
00:37:15,080 --> 00:37:12,690
review testing so if it's peer reviewed

852
00:37:16,460 --> 00:37:15,090
in science journals or whatever else you

853
00:37:17,600 --> 00:37:16,470
know that stuff you can kind of take to

854
00:37:21,350 --> 00:37:17,610
the bank and supposedly it's

855
00:37:24,500 --> 00:37:21,360
reproducible testing so it's huge and

856
00:37:26,240 --> 00:37:24,510
it's going to be a big deal and it's

857
00:37:28,160 --> 00:37:26,250
just something it's one more thing that

858
00:37:30,500 --> 00:37:28,170
we could kind of look forward to so I

859
00:37:32,330 --> 00:37:30,510
think that to the Stars Academy crater

860
00:37:34,820 --> 00:37:32,340
is going to be great with that and I

861
00:37:37,670 --> 00:37:34,830
would I expect that coming out probably

862
00:37:39,890 --> 00:37:37,680
not or at the customer either in 2020 or

863
00:37:41,780 --> 00:37:39,900

20 21 you know sometimes it's kind of a

864

00:37:43,970 --> 00:37:41,790

long haul and you know you

865

00:37:46,370 --> 00:37:43,980

people like Gary Nolan he's working on

866

00:37:49,760 --> 00:37:46,380

other stuff he's you know works on these

867

00:37:51,170 --> 00:37:49,770

cancer issues so he's not only just 24/7

868

00:37:53,680 --> 00:37:51,180

working on metamaterials or anything

869

00:37:56,330 --> 00:37:53,690

like that but um you know he has the

870

00:37:58,400 --> 00:37:56,340

chance to also work on it so we kind of

871

00:38:01,490 --> 00:37:58,410

have to play by their timelines but um

872

00:38:03,110 --> 00:38:01,500

it's extremely exciting and I'm and got

873

00:38:06,680 --> 00:38:03,120

to be the biggest thing in ecology

874

00:38:10,160 --> 00:38:06,690

probably right now it's it's huge I

875

00:38:12,680 --> 00:38:10,170

think when DeLong was on rogen I was

876

00:38:14,900 --> 00:38:12,690

blown away by the conversation and when

877

00:38:17,120 --> 00:38:14,910

it went in to metamaterials and the

878

00:38:20,240 --> 00:38:17,130

things DeLong said we're possible or can

879

00:38:22,430 --> 00:38:20,250

happen with this stuff and it's it takes

880

00:38:25,460 --> 00:38:22,440

a lot of science to prove this first of

881

00:38:27,290 --> 00:38:25,470

all and I think that's that's the the

882

00:38:29,990 --> 00:38:27,300

big thing you need a special environment

883

00:38:31,580 --> 00:38:30,000

I mean if you apparently if you hit this

884

00:38:32,180 --> 00:38:31,590

metal with enough energy it becomes

885

00:38:35,960 --> 00:38:32,190

weightless

886

00:38:39,740 --> 00:38:35,970

I mean that's pretty mind-blowing yeah

887

00:38:42,140 --> 00:38:39,750

and I would like to see that be produced

888

00:38:45,140 --> 00:38:42,150

in the lab or something like that but

889

00:38:47,570 --> 00:38:45,150

even not even if that isn't exactly the

890

00:38:49,490 --> 00:38:47,580

case and I'm thinking it is but even if

891

00:38:51,970 --> 00:38:49,500

it isn't I think they'll be able to look

892

00:38:55,310 --> 00:38:51,980

at it in other angles in other ways and

893

00:38:56,870 --> 00:38:55,320

and get some great information out of it

894

00:38:59,780 --> 00:38:56,880

you know I hear a ton of other things

895

00:39:01,640 --> 00:38:59,790

behind the scenes of course about these

896

00:39:03,070 --> 00:39:01,650

materials but yeah yeah they can get

897

00:39:06,920 --> 00:39:03,080

this thing to be weightless or they can

898

00:39:09,470 --> 00:39:06,930

so that you know it becomes slightly

899

00:39:11,450 --> 00:39:09,480

less heavy I guess would be the better

900

00:39:14,570 --> 00:39:11,460

way to put it but uh yeah it's gonna be

901
00:39:16,730 --> 00:39:14,580
huge and you know many people think you

902
00:39:18,230 --> 00:39:16,740
know I've said well why would someone

903
00:39:19,640 --> 00:39:18,240
make this and then throw it out in the

904
00:39:21,590 --> 00:39:19,650
desert like it would take billions of

905
00:39:23,600 --> 00:39:21,600
dollars supposedly to make some of this

906
00:39:25,220 --> 00:39:23,610
material even if we could and some

907
00:39:27,320 --> 00:39:25,230
people say we can't but even if we could

908
00:39:29,150 --> 00:39:27,330
make it you spent billions on it and

909
00:39:32,420 --> 00:39:29,160
they throw it out in the desert so this

910
00:39:34,340 --> 00:39:32,430
doesn't make sense but yeah and we got

911
00:39:37,850 --> 00:39:34,350
to remember the Rogan claims you know

912
00:39:40,610 --> 00:39:37,860
that was before the Elizondo stuff so

913
00:39:41,930 --> 00:39:40,620

I'm looking forward to Tom putting money

914

00:39:44,570 --> 00:39:41,940

where his mouth is and it really seems

915

00:39:46,640 --> 00:39:44,580

like they're doing that and again like I

916

00:39:49,700 --> 00:39:46,650

said we have other groups like getting

917

00:39:51,820 --> 00:39:49,710

on I'm working on it so it's for

918

00:39:53,339 --> 00:39:51,830

progress and it's a positive movement

919

00:39:55,170 --> 00:39:53,349

yeah

920

00:39:57,209 --> 00:39:55,180

I think you're absolutely right Tom

921

00:39:59,189 --> 00:39:57,219

DeLonge did say like what you said he

922

00:40:00,660 --> 00:39:59,199

said he wouldn't have said it was

923

00:40:02,279 --> 00:40:00,670

weightless right because I think Reagan

924

00:40:04,650 --> 00:40:02,289

tried to like put him in a corner and

925

00:40:06,779 --> 00:40:04,660

say so it'll be weightless and I think

926
00:40:08,459 --> 00:40:06,789
Tom said I wouldn't quite say weightless

927
00:40:12,150 --> 00:40:08,469
show that's so cool

928
00:40:17,969 --> 00:40:12,160
the it loses mass yeah that is really

929
00:40:21,059 --> 00:40:17,979
amazing stuff as far as Lu Elizondo

930
00:40:23,789 --> 00:40:21,069
there was he had some comments in recent

931
00:40:26,849 --> 00:40:23,799
thing I saw that were so epic it was

932
00:40:30,209 --> 00:40:26,859
great it was it reminded me a lot of

933
00:40:34,319 --> 00:40:30,219
kind of like a Utah's kind of the eerie

934
00:40:36,539 --> 00:40:34,329
spots of Utah and I think he said it's

935
00:40:38,130 --> 00:40:36,549
similar to the stuff that Tom says you

936
00:40:39,959 --> 00:40:38,140
know like if you knew what you were

937
00:40:42,150 --> 00:40:39,969
dealing with you wish you would didn't

938
00:40:45,180 --> 00:40:42,160

know or what we are dealing with

939

00:40:46,620 --> 00:40:45,190

possibly I and oh here's the quote and I

940

00:40:50,249 --> 00:40:46,630

actually got this from silver record

941

00:40:53,339 --> 00:40:50,259

calm your website the phenomena may seem

942

00:40:57,359 --> 00:40:53,349

hard to believe we ignore the facts at

943

00:41:00,329 --> 00:40:57,369

our own peril that is so poignant you

944

00:41:03,599 --> 00:41:00,339

know yeah well yeah that wasn't a letter

945

00:41:06,749 --> 00:41:03,609

to the Indian Supreme Court yeah it's a

946

00:41:09,170 --> 00:41:06,759

great line isn't it and we really can't

947

00:41:12,180 --> 00:41:09,180

just be ignoring this kind of stuff

948

00:41:14,160 --> 00:41:12,190

maganda also said I think it was at the

949

00:41:16,529 --> 00:41:14,170

MUFON conference that you know this

950

00:41:18,509 --> 00:41:16,539

conversation should have been started 30

951
00:41:20,670 --> 00:41:18,519
years ago or something in the public and

952
00:41:22,170 --> 00:41:20,680
it really didn't get started publicly as

953
00:41:24,809 --> 00:41:22,180
far as the government's concerned until

954
00:41:25,979 --> 00:41:24,819
2017 when he came out so that's what

955
00:41:27,539 --> 00:41:25,989
they've done that's what other stars

956
00:41:31,229 --> 00:41:27,549
have done they've got the conversation

957
00:41:33,239 --> 00:41:31,239
started now and some people think it's

958
00:41:35,430 --> 00:41:33,249
trickery and it's a PSYOP and stuff like

959
00:41:38,039 --> 00:41:35,440
that I don't agree with that I think

960
00:41:39,479 --> 00:41:38,049
they're doing their best and they aren't

961
00:41:41,249 --> 00:41:39,489
the government you know to the Stars

962
00:41:43,589 --> 00:41:41,259
Academy is not the government you know I

963
00:41:45,749 --> 00:41:43,599

think that's made been made clear with

964

00:41:47,039 --> 00:41:45,759

some of the muddy or comments or

965

00:41:49,079 --> 00:41:47,049

negative comments by Pentagon

966

00:41:50,910 --> 00:41:49,089

spokespeople that there's people in the

967

00:41:52,199 --> 00:41:50,920

government that don't want those under

968

00:41:54,509 --> 00:41:52,209

doing what it's doing and they don't

969

00:41:57,269 --> 00:41:54,519

want this information out that's clear

970

00:42:00,630 --> 00:41:57,279

now so you know at first we thought some

971

00:42:02,579 --> 00:42:00,640

of us thought that oh try to me it came

972

00:42:04,130 --> 00:42:02,589

out in 2017 obviously this is the

973

00:42:06,900 --> 00:42:04,140

government's way to get this stuff out

974

00:42:09,089 --> 00:42:06,910

but that may not be the full story

975

00:42:11,220 --> 00:42:09,099

you're accurate at all even and I think

976

00:42:13,289 --> 00:42:11,230

they're just a faction of people and it

977

00:42:15,000 --> 00:42:13,299

may have been a perfect storm and also

978

00:42:16,890 --> 00:42:15,010

I'm sure there are some people in

979

00:42:18,690 --> 00:42:16,900

government that do want this out the

980

00:42:21,329 --> 00:42:18,700

government isn't one person it isn't one

981

00:42:22,589 --> 00:42:21,339

group it's tons of people and tons of

982

00:42:24,750 --> 00:42:22,599

smaller groups that make up the

983

00:42:26,039 --> 00:42:24,760

government and there's people in the

984

00:42:27,299 --> 00:42:26,049

government that don't want this

985

00:42:31,470 --> 00:42:27,309

information out and there's people that

986

00:42:32,970 --> 00:42:31,480

do but uh and now we're here a few years

987

00:42:36,150 --> 00:42:32,980

later and there's been a lot of progress

988

00:42:38,010 --> 00:42:36,160

made people get frustrated that things

989

00:42:40,799 --> 00:42:38,020

aren't happening quick enough well you

990

00:42:43,260 --> 00:42:40,809

know in like 50 years from now you know

991

00:42:45,150 --> 00:42:43,270

they're actually be like oh yeah I can't

992

00:42:48,299 --> 00:42:45,160

I mean they're not gonna care about a

993

00:42:49,410 --> 00:42:48,309

five-year two year gap 50 years from now

994

00:42:51,960 --> 00:42:49,420

when they're reading about it not a

995

00:42:53,940 --> 00:42:51,970

stray book this trap where we want it

996

00:42:55,500 --> 00:42:53,950

all click and we want it now and I do

997

00:42:57,120 --> 00:42:55,510

too and that's part of the reason why I

998

00:42:59,549 --> 00:42:57,130

started my blog is because I just wanted

999

00:43:01,319 --> 00:42:59,559

more information all the time and I

1000

00:43:02,339 --> 00:43:01,329

still do but you know we get to kind of

1001

00:43:04,200 --> 00:43:02,349

take some of the stuff into

1002

00:43:06,120 --> 00:43:04,210

consideration as well it's been a

1003

00:43:08,579 --> 00:43:06,130

relatively short amount of time and we

1004

00:43:11,490 --> 00:43:08,589

spend a lot of information already the

1005

00:43:13,650 --> 00:43:11,500

simple fact that at first you know they

1006

00:43:15,599 --> 00:43:13,660

were just talking about the take-back no

1007

00:43:18,870 --> 00:43:15,609

one was talking about metamaterials or

1008

00:43:20,849 --> 00:43:18,880

UFO debris outside of the UFO community

1009

00:43:23,220 --> 00:43:20,859

you know Jacques Frere wasn't his books

1010

00:43:25,019 --> 00:43:23,230

and other UFO people were but no nobody

1011

00:43:26,730 --> 00:43:25,029

really outside of the community was now

1012

00:43:28,740 --> 00:43:26,740

we have Elizondo going on Fox News

1013

00:43:32,099 --> 00:43:28,750

saying the government has UFO debris and

1014

00:43:35,160 --> 00:43:32,109

then later on Tucker Carlson asked

1015

00:43:36,750 --> 00:43:35,170

Donald Trump during the interview if she

1016

00:43:39,029 --> 00:43:36,760

had heard similar things

1017

00:43:42,510 --> 00:43:39,039

Trump course denied it but I mean he

1018

00:43:44,549 --> 00:43:42,520

asked the president UFO debris I mean

1019

00:43:46,799 --> 00:43:44,559

this is pretty crazy but the times were

1020

00:43:48,839 --> 00:43:46,809

living in and I think people need to

1021

00:43:52,230 --> 00:43:48,849

kind of not take it for granted about

1022

00:43:54,779 --> 00:43:52,240

what's happening yeah you're so right

1023

00:43:57,359 --> 00:43:54,789

and there's so much that you do to like

1024

00:44:00,990 --> 00:43:57,369

kind of keep people informed Danny and

1025

00:44:03,450 --> 00:44:01,000

it's pretty amazing the silver record is

1026

00:44:06,269 --> 00:44:03,460

such a great thing can you tell our

1027

00:44:07,620 --> 00:44:06,279

listeners just kind of you know what

1028

00:44:09,990 --> 00:44:07,630

features or news or posts you have

1029

00:44:11,730 --> 00:44:10,000

coming down the pike or interviews or

1030

00:44:13,680 --> 00:44:11,740

appearances what what you got going on

1031

00:44:16,490 --> 00:44:13,690

and how they can stay in touch with

1032

00:44:19,770 --> 00:44:16,500

silver record and stuff like that I

1033

00:44:21,420 --> 00:44:19,780

don't know if know exactly I know

1034

00:44:23,970 --> 00:44:21,430

I'm trying to work on but I always know

1035

00:44:25,550 --> 00:44:23,980

my next post especially this year it's

1036

00:44:28,590 --> 00:44:25,560

been harder for me and it kind of just

1037

00:44:30,060 --> 00:44:28,600

comes as it comes and and I don't have

1038

00:44:32,580 --> 00:44:30,070

so I don't know what my next post is

1039

00:44:35,160 --> 00:44:32,590

going to be but you can always blow on

1040

00:44:37,530 --> 00:44:35,170

the website so directed calm you can go

1041

00:44:39,720 --> 00:44:37,540

Twitter so record you look at me talking

1042

00:44:41,880 --> 00:44:39,730

a lot of crap on there you can go to

1043

00:44:43,800 --> 00:44:41,890

Danny silver record on Instagram so the

1044

00:44:47,910 --> 00:44:43,810

record on Facebook I'll say patreon

1045

00:44:49,380 --> 00:44:47,920

which is silver record it's cool when I

1046

00:44:51,300 --> 00:44:49,390

first started this you know a couple

1047

00:44:53,610 --> 00:44:51,310

years ago I was one of the only people

1048

00:44:57,300 --> 00:44:53,620

blogging about it and now there's much

1049

00:45:02,730 --> 00:44:57,310

more people there's articles in price

1050

00:45:04,560 --> 00:45:02,740

and articles and magazines and things

1051
00:45:06,060 --> 00:45:04,570
like that and Daily Mail and they're

1052
00:45:07,740 --> 00:45:06,070
just all over the place now so there's a

1053
00:45:10,170 --> 00:45:07,750
lot more people interested you know

1054
00:45:12,150 --> 00:45:10,180
Washington Examiner my friend Tom Rogan

1055
00:45:13,830 --> 00:45:12,160
is covering it of course we're talking

1056
00:45:15,360 --> 00:45:13,840
about Tucker Carlson so it's getting

1057
00:45:17,550 --> 00:45:15,370
this media attention so now it's not

1058
00:45:18,810 --> 00:45:17,560
just me and a few others now it's a lot

1059
00:45:20,480 --> 00:45:18,820
of other people so I have a lot more

1060
00:45:24,270 --> 00:45:20,490
competition now and that's a good thing

1061
00:45:25,940 --> 00:45:24,280
and there's a lot of people covering to

1062
00:45:28,410 --> 00:45:25,950
the Stars Academy now so that's great

1063
00:45:30,240 --> 00:45:28,420

but yeah like I said on all social media

1064

00:45:32,970 --> 00:45:30,250

itself a record except Instagram is

1065

00:45:35,310 --> 00:45:32,980

Danny Silver record and I try to kind of

1066

00:45:37,410 --> 00:45:35,320

even if I don't cover every single thing

1067

00:45:39,510 --> 00:45:37,420

I try to at least mention it so people

1068

00:45:42,300 --> 00:45:39,520

can go on my website so the record calm

1069

00:45:44,040 --> 00:45:42,310

and they can kind of get the latest news

1070

00:45:45,810 --> 00:45:44,050

even if I'm not breaking the story

1071

00:45:48,120 --> 00:45:45,820

they'll be able to know the latest

1072

00:45:51,120 --> 00:45:48,130

that's going on if they go on there yeah

1073

00:45:53,160 --> 00:45:51,130

it is such an awesome awesome website I

1074

00:45:54,710 --> 00:45:53,170

am just like blown away by it all the

1075

00:45:57,690 --> 00:45:54,720

time and you do such a good job

1076

00:46:00,150 --> 00:45:57,700

definitely people should go on there I

1077

00:46:03,170 --> 00:46:00,160

think there's a donate button and in

1078

00:46:06,150 --> 00:46:03,180

kicky kicky a couple bucks for sure and

1079

00:46:07,740 --> 00:46:06,160

Danny thanks so much for coming on the

1080

00:46:09,540 --> 00:46:07,750

podcast I can't wait to talk to you

1081

00:46:13,110 --> 00:46:09,550

again and keep up with what's going on

1082

00:46:16,950 --> 00:46:13,120

and I hope we talk to you soon thanks

1083

00:46:19,410 --> 00:46:16,960

Ryan yeah miss toric and I loved hearing

1084

1109
00:49:28,720 --> 00:49:27,110
record calm that is where all the

1110
00:49:32,440 --> 00:49:28,730
information that we were speaking about

1111
00:49:34,390 --> 00:49:32,450
is archived and written about and he

1112
00:49:38,500 --> 00:49:34,400
puts it out on a regular basis it's good

1113
00:49:40,990 --> 00:49:38,510

stuff and the articles are epic Danny

1114

00:49:44,470 --> 00:49:41,000

always has his pulse on everything UFO

1115

00:49:48,100 --> 00:49:44,480

and that includes to the stars Academy

1116

00:49:49,900 --> 00:49:48,110

and many of the players around that it

1117

00:49:52,150 --> 00:49:49,910

was really cool that we brought up some

1118

00:49:54,820 --> 00:49:52,160

of the things that we talked about the

1119

00:49:57,220 --> 00:49:54,830

Wilson email thing is something that I

1120

00:49:58,750 --> 00:49:57,230

was so interested in and now I've

1121

00:50:00,100 --> 00:49:58,760

totally forgotten about it I'm gonna

1122

00:50:03,220 --> 00:50:00,110

have to look into that and see if

1123

00:50:05,650 --> 00:50:03,230

there's anything going on with that that

1124

00:50:08,880 --> 00:50:05,660

was pretty interesting that was an email

1125

00:50:11,680 --> 00:50:08,890

chain and and it was talking about

1126

00:50:13,690 --> 00:50:11,690

basically spacecraft housed in

1127

00:50:18,610 --> 00:50:13,700

warehouses but I don't want to get into

1128

00:50:20,620 --> 00:50:18,620

it it was a very muddled and long thing

1129

00:50:23,410 --> 00:50:20,630

but it was at the time when it came out

1130

00:50:26,440 --> 00:50:23,420

that a major disclosure Danny always has

1131

00:50:30,460 --> 00:50:26,450

a great way of navigating this landscape

1132

00:50:34,030 --> 00:50:30,470

of science government disclosure media

1133

00:50:36,220 --> 00:50:34,040

and the like and I was super stoked that

1134

00:50:38,470 --> 00:50:36,230
