Las Vegas local of the Summerlin area

8  
00:00:59,360 --> 00:00:56,129  
who has been able to well without a

9  
00:01:02,420 --> 00:00:59,370  
doubt been able to catch and capture

10  
00:01:06,649 --> 00:01:02,430  
different anomalies along the mountains

11  
00:01:10,480 --> 00:01:06,659  
tops Airways of the valleys and spots

12  
00:01:14,420 --> 00:01:10,490  
that are usual pathways for these

13  
00:01:18,380 --> 00:01:14,430

unidentified aerial phenomena definitely

14  
00:01:20,899 --> 00:01:18,390  
check out UFOs over Vegas Steve has been

15  
00:01:24,560 --> 00:01:20,909  
a recent guest on coast to coast fade to

16  
00:01:27,350 --> 00:01:24,570  
black and many more trying to explain

17  
00:01:30,950 --> 00:01:27,360  
what it is that we are actually seeing

18  
00:01:33,440 --> 00:01:30,960  
in his videos and living in Las Vegas I

19  
00:01:36,469 --> 00:01:33,450  
have been able to witness some of these

20  
00:01:40,039 --> 00:01:36,479  
things myself I'm privy to the area he

21  
00:01:43,999 --> 00:01:40,049  
is filming most recently and there are

22  
00:01:48,649 --> 00:01:44,009  
anomalies geographically and otherwise

23  
00:01:50,870 --> 00:01:48,659  
that you know historically could help

24  
00:01:53,300 --> 00:01:50,880  
explain some of what we're seeing in

25  
00:01:54,980 --> 00:01:53,310  
these skies but hey I'm not the expert I

26

00:01:57,230 --> 00:01:54,990

00:02:16,340 --> 00:02:13,890

Steve welcome to the hero

35

00:02:19,610 --> 00:02:16,350

normal podcast I'm super excited to talk

36

00:02:21,770 --> 00:02:19,620

to you today because you're kind of onto

37

00:02:25,280 --> 00:02:21,780

something that a lot of people in my

38

00:02:29,090 --> 00:02:25,290

opinion have missed and it's it's kind

39

00:02:31,460 --> 00:02:29,100

of a magical area that even I would have

40

00:02:34,640 --> 00:02:31,470

kind of brushed over and not not really

41

00:02:36,290 --> 00:02:34,650

I guess taken for granted if I hadn't

42

00:02:40,550 --> 00:02:36,300

have moved here and witnessed it myself

43

00:02:41,420 --> 00:02:40,560

and I wanted to ask you a couple of

44

00:02:44,660 --> 00:02:41,430

questions

45

00:02:46,430 --> 00:02:44,670

what first kind of brought your

46

00:02:49,729 --> 00:02:46,440

attention to the fact that we may be

47

00:02:53,330 --> 00:02:49,739

having anomalous unidentified aircraft

48

00:02:58,070 --> 00:02:53,340

in in a particular area and actually all

49

00:03:00,170 --> 00:02:58,080

over Vegas yeah you know it was

50

00:03:03,590 --> 00:03:00,180

something that I was always interested

51  
00:03:07,640 --> 00:03:03,600  
in Ryan but I never really followed up

52  
00:03:10,490 --> 00:03:07,650  
on any of it until I had had a pair of

53  
00:03:13,759 --> 00:03:10,500  
UFO sightings is actually the first one

54  
00:03:16,640 --> 00:03:13,769  
and the second one the first one was in

55  
00:03:19,850 --> 00:03:16,650  
Nova Scotia it was unbelievable but the

56  
00:03:23,390 --> 00:03:19,860  
second one is the one that really put me

57  
00:03:27,410 --> 00:03:23,400  
into a mode where I wanted to do what

58  
00:03:30,590 --> 00:03:27,420  
I'm doing now and that was in April of

59  
00:03:34,009 --> 00:03:30,600  
2014 I was in my backyard here in

60  
00:03:36,080 --> 00:03:34,019  
Summerlin and back then I used to smoke

61  
00:03:39,620 --> 00:03:36,090  
cigarettes and and I've quit about

62  
00:03:42,020 --> 00:03:39,630  
almost three years ago now but I was out

63  
00:03:45,530 --> 00:03:42,030

there and out of the corner of my eye I

64

00:03:49,190 --> 00:03:45,540

spotted this just beautiful crimson red

65

00:03:52,699 --> 00:03:49,200

light and I turned and looked at it and

66

00:03:58,060 --> 00:03:52,709

what it appeared to be was an arc kind

67

00:04:01,819 --> 00:03:58,070

of a semicircle with about 20 tall

68

00:04:04,759 --> 00:04:01,829

tubular looking and crimson or red

69

00:04:08,090 --> 00:04:04,769

lights all side-by-side and it was

70

00:04:10,729 --> 00:04:08,100

moving northward and immediately I knew

71

00:04:14,120 --> 00:04:10,739

this was something just unbelievable and

72

00:04:17,930 --> 00:04:14,130

you know I jumped up and I grabbed my

73

00:04:19,880 --> 00:04:17,940

galaxy telephone out of my pocket trying

74

00:04:22,850 --> 00:04:19,890

to turn on the camera while still

75

00:04:26,990 --> 00:04:22,860

keeping my eye on this thing because it

76  
00:04:27,560 --> 00:04:27,000  
was moving north and all of a sudden it

77  
00:04:29,660 --> 00:04:27,570  
just

78  
00:04:32,360 --> 00:04:29,670  
in its tracks and started backtracking

79  
00:04:34,550 --> 00:04:32,370  
in the same pass that had been on and

80  
00:04:37,040 --> 00:04:34,560  
that got my adrenaline going it was I

81  
00:04:39,710 --> 00:04:37,050  
was actually I hate to admit it but a

82  
00:04:43,250 --> 00:04:39,720  
little bit spooked because I thought it

83  
00:04:46,220 --> 00:04:43,260  
saw me and at the time it couldn't have

84  
00:04:49,670 --> 00:04:46,230  
been more than a quarter-mile maybe just

85  
00:04:51,920 --> 00:04:49,680  
a little bit more away and then it

86  
00:04:55,520 --> 00:04:51,930  
stopped again and it continued on its

87  
00:04:57,950 --> 00:04:55,530  
path to the north of the city but anyway

88  
00:05:02,180 --> 00:04:57,960

I shot video of that thing for over five

89

00:05:03,800 --> 00:05:02,190  
minutes I turned it into MUFON and it

90

00:05:06,980 --> 00:05:03,810  
took about three months to get the

91

00:05:09,110 --> 00:05:06,990  
investigation results back initially

92

00:05:10,720 --> 00:05:09,120  
they said it was a consumer drone which

93

00:05:13,760 --> 00:05:10,730  
I knew it wasn't

94

00:05:16,340 --> 00:05:13,770  
and I've actually proved to them that it

95

00:05:18,710 --> 00:05:16,350  
was and just by using the screen grabs

96

00:05:21,770 --> 00:05:18,720  
and comparing it with what they were

97

00:05:24,530 --> 00:05:21,780  
showing me so anyway that was that was

98

00:05:28,850 --> 00:05:24,540  
my first one to actually capture on

99

00:05:33,650 --> 00:05:28,860  
video but that is also what gave me the

100

00:05:36,970 --> 00:05:33,660  
idea to make a hobby out of it so slowly

101  
00:05:42,530 --> 00:05:36,980  
but surely I bought a new digital

102  
00:05:44,780 --> 00:05:42,540  
camcorder that shoots an HD 1080p and a

103  
00:05:48,280 --> 00:05:44,790  
tripod and all that and and then just

104  
00:05:51,110 --> 00:05:48,290  
started going out there every night Ryan

105  
00:05:53,540 --> 00:05:51,120  
when I do something and I'm interested

106  
00:05:56,750 --> 00:05:53,550  
in something I never do it halfway

107  
00:05:59,450 --> 00:05:56,760  
I decided that I was it was a numbers

108  
00:06:02,480 --> 00:05:59,460  
game and that I'm going to make a real

109  
00:06:05,300 --> 00:06:02,490  
strong effort to document these because

110  
00:06:09,740 --> 00:06:05,310  
you know in a two and a half period year

111  
00:06:12,230 --> 00:06:09,750  
period I saw two UFOs but not like just

112  
00:06:15,110 --> 00:06:12,240  
seeing a light in the sky these were so

113  
00:06:18,590 --> 00:06:15,120

close that I knew they were real had

114

00:06:22,190 --> 00:06:18,600

that's what motivated me and so for

115

00:06:24,260 --> 00:06:22,200

about three and a half years I was out

116

00:06:27,500 --> 00:06:24,270

almost every night I mean there were

117

00:06:29,210 --> 00:06:27,510

only a few reasons that it wouldn't I

118

00:06:31,400 --> 00:06:29,220

wouldn't go out and one would be the

119

00:06:34,310 --> 00:06:31,410

weather you know if it was lightning and

120

00:06:36,500 --> 00:06:34,320

rain and wind you can't go out there for

121

00:06:40,010 --> 00:06:36,510

that but other than that it would be

122

00:06:40,830 --> 00:06:40,020

being sick or being on a vacation other

123

00:06:42,930 --> 00:06:40,840

than that I was

124

00:06:46,680 --> 00:06:42,940

outside I think for three and a half

125

00:06:50,610 --> 00:06:46,690

year period at least 1,000 nights of

126  
00:06:52,560 --> 00:06:50,620  
just standing guard pretty much I mean I

127  
00:06:55,650 --> 00:06:52,570  
was in the Navy I just have to stand

128  
00:06:57,510 --> 00:06:55,660  
guard there and so you know just being

129  
00:06:59,909 --> 00:06:57,520  
alert and being out there and waiting

130  
00:07:02,550 --> 00:06:59,919  
for them because I knew it was real and

131  
00:07:05,939 --> 00:07:02,560  
I knew that you and I live in one of the

132  
00:07:09,960 --> 00:07:05,949  
most bizarre places there are four UFOs

133  
00:07:12,629 --> 00:07:09,970  
it really is this place is it's

134  
00:07:16,140 --> 00:07:12,639  
difficult to explain until you see it

135  
00:07:19,020 --> 00:07:16,150  
and it you know it looks really pretty

136  
00:07:20,909 --> 00:07:19,030  
from afar and I mean you live very

137  
00:07:22,379 --> 00:07:20,919  
without giving our neighborhoods you

138  
00:07:25,909 --> 00:07:22,389

live so close to me that when I

139

00:07:28,110 --> 00:07:25,919

contacted you I was just floored and

140

00:07:31,680 --> 00:07:28,120

we're kind of in that same little

141

00:07:34,290 --> 00:07:31,690

viewpoint and it's really amazing Steve

142

00:07:36,570 --> 00:07:34,300

that you have gathered your your footage

143

00:07:38,760 --> 00:07:36,580

is nothing less of her more than

144

00:07:41,550 --> 00:07:38,770

remarkable I think and your methods of

145

00:07:44,610 --> 00:07:41,560

getting it it is kind of a cat-and-mouse

146

00:07:47,400 --> 00:07:44,620

game it seems you know it these things

147

00:07:49,140 --> 00:07:47,410

and I call them things because we're in

148

00:07:50,730 --> 00:07:49,150

a difficult position here in Vegas and

149

00:07:54,270 --> 00:07:50,740

you and I know this we have military

150

00:07:57,990 --> 00:07:54,280

presence a lot of wealthy individuals

151

00:08:01,080 --> 00:07:58,000

with helicopters private jets all kinds

152

00:08:03,360 --> 00:08:01,090

of aircraft city aircraft sheriff's all

153

00:08:08,480 --> 00:08:03,370

kind you know you name it it's in the

154

00:08:14,430 --> 00:08:08,490

sky but also there is some other craft

155

00:08:17,969 --> 00:08:14,440

that is very difficult to explain and do

156

00:08:19,680 --> 00:08:17,979

you think that some of it may be

157

00:08:26,219 --> 00:08:19,690

military because I'm getting a lot of

158

00:08:28,860 --> 00:08:26,229

that online but I don't know yes you

159

00:08:32,790 --> 00:08:28,870

know I always try to make a point of

160

00:08:36,540 --> 00:08:32,800

never making a claim like ok see this

161

00:08:39,959 --> 00:08:36,550

UFO this is from you know a black

162

00:08:43,050 --> 00:08:39,969

project or this is aliens or this is our

163

00:08:45,360 --> 00:08:43,060

own reverse-engineered I can't ever say

164

00:08:48,660 --> 00:08:45,370

that because I you know from day one I

165

00:08:51,329 --> 00:08:48,670

mean my goal was to be honest and just

166

00:08:53,850 --> 00:08:51,339

talk about what I'm seeing and what what

167

00:08:56,340 --> 00:08:53,860

I meant you know would I know

168

00:09:00,329 --> 00:08:56,350

and I have learned things about them but

169

00:09:03,690 --> 00:09:00,339

I would say that a good percentage of

170

00:09:06,829 --> 00:09:03,700

what we see here is probably have some

171

00:09:10,740 --> 00:09:06,839

sort of relation to the military though

172

00:09:13,800 --> 00:09:10,750

when you see these things out over or on

173

00:09:16,350 --> 00:09:13,810

the edge of an Air Force Base or

174

00:09:19,590 --> 00:09:16,360

Vanilla's tester age or somewhere like

175

00:09:22,110 --> 00:09:19,600

that you have to you know I mean it's

176

00:09:25,710 --> 00:09:22,120

just logical that first of all they're

177

00:09:28,740 --> 00:09:25,720

there nobody's chasing them down these

178

00:09:30,750 --> 00:09:28,750

are extremely unusual you don't see any

179

00:09:33,900 --> 00:09:30,760

other videos of anything like this

180

00:09:37,050 --> 00:09:33,910

anywhere and yet you know no one's

181

00:09:40,370 --> 00:09:37,060

giving chase yeah it's it's it's really

182

00:09:43,319 --> 00:09:40,380

interesting living in Summerlin and I

183

00:09:46,980 --> 00:09:43,329

say that because it is Las Vegas

184

00:09:50,579 --> 00:09:46,990

everybody knows about nearby area 51 and

185

00:09:52,340 --> 00:09:50,589

we have Nellis and we have Creech and we

186

00:09:54,509 --> 00:09:52,350

have all these areas that have

187

00:09:57,630 --> 00:09:54,519

interesting aircraft going in and out of

188

00:10:01,889 --> 00:09:57,640

them and for example I have a neighbor

189

00:10:03,540 --> 00:10:01,899

up the street from my mother's house she

190

00:10:06,509 --> 00:10:03,550

lives very close to me in the community

191

00:10:08,699 --> 00:10:06,519

and I guess he was saying he was at a

192

00:10:10,560 --> 00:10:08,709

barbecue and it was in the same

193

00:10:13,139 --> 00:10:10,570

community and he had a friend over at

194

00:10:17,040 --> 00:10:13,149

his house and the friend worked at area

195

00:10:19,079 --> 00:10:17,050

51 and he said hey guys look up in about

196

00:10:23,069 --> 00:10:19,089

one minute we're gonna have something

197

00:10:25,980 --> 00:10:23,079

fly by and sure enough this drone kind

198

00:10:28,290 --> 00:10:25,990

of buzzed the barbecue and so it kind of

199

00:10:30,569 --> 00:10:28,300

you know everybody knows somebody who

200

00:10:33,329 --> 00:10:30,579

knows something about it again you know

201

00:10:36,689 --> 00:10:33,339

what I mean and yeah and and it's a

202

00:10:38,880 --> 00:10:36,699

reality that's hard to escape and the

203

00:10:41,280 --> 00:10:38,890

the military factor I think that's

204

00:10:43,860 --> 00:10:41,290

really cool but I'm there's there's

205

00:10:46,949 --> 00:10:43,870

there's something majestic about this

206

00:10:48,329 --> 00:10:46,959

area in particular that you have caught

207

00:10:49,829 --> 00:10:48,339

some pretty amazing stuff and you've

208

00:10:52,319 --> 00:10:49,839

caught some pretty amazing stuff from

209

00:10:55,889 --> 00:10:52,329

different mountain ranges all over here

210

00:10:57,480 --> 00:10:55,899

but this particular one la madre can you

211

00:11:01,380 --> 00:10:57,490

tell people a little bit about Lomond

212

00:11:04,410 --> 00:11:01,390

ray yeah yeah you know Monterey Mountain

213

00:11:07,140 --> 00:11:04,420

is part of the spring mountains and and

214

00:11:10,110 --> 00:11:07,150

then and all of that is part of the red

215

00:11:13,050 --> 00:11:10,120

Kanyon which you will probably agree

216

00:11:16,500 --> 00:11:13,060

with me that it's so beautiful that it

217

00:11:20,880 --> 00:11:16,510

actually I think would qualify to be a

218

00:11:23,940 --> 00:11:20,890

national park and it's amazes me that

219

00:11:27,960 --> 00:11:23,950

not that many people know about it they

220

00:11:30,660 --> 00:11:27,970

come and visit Las Vegas but you know a

221

00:11:31,860 --> 00:11:30,670

year after that I got started doing this

222

00:11:35,460 --> 00:11:31,870

Ryan

223

00:11:38,820 --> 00:11:35,470

there was a gentleman back east in North

224

00:11:40,680 --> 00:11:38,830

Carolina who had been following me that

225

00:11:44,280 --> 00:11:40,690

wanted to donate a night-vision camera

226

00:11:47,430 --> 00:11:44,290

to me and I I don't ever ask for any

227

00:11:50,220 --> 00:11:47,440

donations I don't ask for anything I

228

00:11:53,010 --> 00:11:50,230

mean I just I guess it's just how I grew

229

00:11:54,840 --> 00:11:53,020

up and I said oh don't worry you know I

230

00:11:57,060 --> 00:11:54,850

I mean I'll save money and I'll

231

00:12:01,200 --> 00:11:57,070

eventually get there well he said no

232

00:12:04,080 --> 00:12:01,210

listen he goes I have like seven cameras

233

00:12:08,880 --> 00:12:04,090

there two of them I have here that I

234

00:12:11,310 --> 00:12:08,890

don't use anymore so he sent me one and

235

00:12:14,070 --> 00:12:11,320

that was the most amazing thing that

236

00:12:18,180 --> 00:12:14,080

ever happened in terms of me doing this

237

00:12:20,070 --> 00:12:18,190

because it opened up a whole new world

238

00:12:25,050 --> 00:12:20,080

of things that I did to even know

239

00:12:28,650 --> 00:12:25,060

existed this this monocular it's made by

240

00:12:31,050 --> 00:12:28,660

a company called Luna optics I see a lot

241

00:12:33,060 --> 00:12:31,060

of people using that same model and what

242

00:12:34,800 --> 00:12:33,070

they do is they aim it up at you know

243

00:12:37,710 --> 00:12:34,810

it's straight up and using the green

244

00:12:40,770 --> 00:12:37,720

screens and shooting video of the sky

245

00:12:43,590 --> 00:12:40,780

and watching satellites and even even

246

00:12:47,100 --> 00:12:43,600

probably UFOs come over from time to

247

00:12:50,250 --> 00:12:47,110

time but for me I decided to use it more

248

00:12:52,230 --> 00:12:50,260

like a regular camera because it can

249

00:12:52,680 --> 00:12:52,240

magnify the light like you wouldn't

250

00:12:55,710 --> 00:12:52,690

believe

251  
00:12:59,280 --> 00:12:55,720  
and it was catching you know things that

252  
00:13:01,470 --> 00:12:59,290  
that just were shocking and especially

253  
00:13:03,900 --> 00:13:01,480  
when I aimed it to the northern part of

254  
00:13:10,700 --> 00:13:03,910  
the sky when you look more towards area

255  
00:13:13,890 --> 00:13:10,710  
51 and out on the Nellis test range and

256  
00:13:17,820 --> 00:13:13,900  
you know it didn't take long before I

257  
00:13:20,310 --> 00:13:17,830  
started catching these groups of four

258  
00:13:20,910 --> 00:13:20,320  
and I don't know what they are I mean

259  
00:13:23,940 --> 00:13:20,920  
they look

260  
00:13:26,370 --> 00:13:23,950  
like white spheres using the monocular

261  
00:13:28,379 --> 00:13:26,380  
but if there's times when you can see

262  
00:13:32,730 --> 00:13:28,389  
inside them and there are these two tiny

263  
00:13:35,040 --> 00:13:32,740

little orange dots of light that these

264

00:13:37,470 --> 00:13:35,050

things can change I mean over almost six

265

00:13:39,150 --> 00:13:37,480

years now I've seen them change from one

266

00:13:41,189 --> 00:13:39,160

to the other to the other to the other

267

00:13:45,269 --> 00:13:41,199

and they I think they are the bulk of

268

00:13:48,269 --> 00:13:45,279

what I see in that area but it just

269

00:13:50,879 --> 00:13:48,279

opened this whole new world I started

270

00:13:53,250 --> 00:13:50,889

recording videos of these things and I

271

00:13:57,900 --> 00:13:53,260

now have a pretty large collection of

272

00:14:00,030 --> 00:13:57,910

them but you know bah Madre mountain the

273

00:14:02,189 --> 00:14:00,040

spring mountains the las vegas mountain

274

00:14:06,920 --> 00:14:02,199

range and the Sheep mountain range are

275

00:14:10,590 --> 00:14:06,930

all I'll use a new term off-the-hook

276  
00:14:11,610 --> 00:14:10,600  
incredible with what kind of things that

277  
00:14:15,870 --> 00:14:11,620  
happen in them

278  
00:14:18,030 --> 00:14:15,880  
and you know I make mistakes just like

279  
00:14:20,759 --> 00:14:18,040  
anybody else and I have in the past and

280  
00:14:23,040 --> 00:14:20,769  
I've put up videos that look fabulous

281  
00:14:25,819 --> 00:14:23,050  
and I you know I researched them I I

282  
00:14:28,949 --> 00:14:25,829  
want to debunk my own videos I never

283  
00:14:31,500 --> 00:14:28,959  
want to post a video that isn't a

284  
00:14:35,160 --> 00:14:31,510  
legitimate UFO but so I had to take some

285  
00:14:37,650 --> 00:14:35,170  
down but some of these they're so

286  
00:14:42,600 --> 00:14:37,660  
profound that they there's just no way

287  
00:14:46,829 --> 00:14:42,610  
you can even debunk them and it's in the

288  
00:14:50,100 --> 00:14:46,839

last year Ryan that I start seeing them

289

00:14:53,300 --> 00:14:50,110

much closer to home which is awesome

290

00:14:56,850 --> 00:14:53,310

because you can get better videos and

291

00:14:59,280 --> 00:14:56,860

they're they're just amazing and and

292

00:15:02,189 --> 00:14:59,290

then once you start thinking that you've

293

00:15:04,230 --> 00:15:02,199

seen it all something else happens

294

00:15:07,350 --> 00:15:04,240

something new that you've never seen

295

00:15:09,600 --> 00:15:07,360

before and and that's what's going on

296

00:15:13,500 --> 00:15:09,610

right here in our neighborhood and and

297

00:15:15,569 --> 00:15:13,510

just right there nearby yes it is it's

298

00:15:20,100 --> 00:15:15,579

something else when you see this stuff

299

00:15:21,689 --> 00:15:20,110

and I had a just to kind of correlate

300

00:15:23,850 --> 00:15:21,699

with what you're saying I had my

301

00:15:28,079 --> 00:15:23,860

mother-in-law over one day in our pool

302

00:15:31,530 --> 00:15:28,089

and she's a disbeliever of everything

303

00:15:33,240 --> 00:15:31,540

and a wonderful woman loved her so much

304

00:15:33,940 --> 00:15:33,250

and we're sitting there in the pool and

305

00:15:36,310 --> 00:15:33,950

I am

306

00:15:37,930 --> 00:15:36,320

looking at the sky and I'm seeing

307

00:15:41,050 --> 00:15:37,940

something that I don't even want to

308

00:15:43,240 --> 00:15:41,060

bring up and like you said just to kind

309

00:15:45,610 --> 00:15:43,250

of give a little backbone to what these

310

00:15:48,940 --> 00:15:45,620

these these objects in the sky these

311

00:15:52,210 --> 00:15:48,950

white round objects you're you're

312

00:15:56,190 --> 00:15:52,220

discussing these are exactly what we saw

313

00:16:00,880 --> 00:15:56,200

I lose you know oh can you hear me okay

314

00:16:04,930 --> 00:16:00,890

okay I lost you there first stack yeah

315

00:16:07,150 --> 00:16:04,940

well we we saw these objects exactly

316

00:16:10,120 --> 00:16:07,160

what you are discussing these these

317

00:16:12,670 --> 00:16:10,130

white objects in the sky and there were

318

00:16:14,980 --> 00:16:12,680

about four or five of them and I just

319

00:16:16,390 --> 00:16:14,990

pointed him out to her like hey uh just

320

00:16:18,340 --> 00:16:16,400

kind of jokingly hey Linda what do you

321

00:16:20,110 --> 00:16:18,350

think those are and you know she's a

322

00:16:24,160 --> 00:16:20,120

disbeliever of everything she looked up

323

00:16:26,680 --> 00:16:24,170

and about 60 seconds later she said you

324

00:16:30,340 --> 00:16:26,690

know I've never seen anything like that

325

00:16:32,740 --> 00:16:30,350

in my life and it's stuff that you don't

326

00:16:34,600 --> 00:16:32,750

notice but you have an incredible eye

327

00:16:36,610 --> 00:16:34,610

for this and you've done a really good

328

00:16:39,190 --> 00:16:36,620

job of documenting this Steve I have to

329

00:16:41,260 --> 00:16:39,200

take my hat off to you because you know

330

00:16:46,570 --> 00:16:41,270

a lot of people for lack of a better

331

00:16:48,730 --> 00:16:46,580

word they're just not looking up yeah

332

00:16:51,520 --> 00:16:48,740

well you know what I think Ryan is that

333

00:16:53,740 --> 00:16:51,530

you know first of all I mean let's say

334

00:16:56,860 --> 00:16:53,750

we're watching some program or somebody

335

00:16:58,480 --> 00:16:56,870

as a UFO hunter right typically what

336

00:17:01,360 --> 00:16:58,490

they have to do is they have to have a

337

00:17:04,210 --> 00:17:01,370

team of people they a load up all their

338

00:17:06,400 --> 00:17:04,220

gear they go somewhere it may be even a

339

00:17:08,920 --> 00:17:06,410

different state or even a different

340

00:17:12,400 --> 00:17:08,930

country and and you know they only have

341

00:17:15,790 --> 00:17:12,410

so many opportunities to get out and and

342

00:17:18,040 --> 00:17:15,800

try to document it they might spend two

343

00:17:21,010 --> 00:17:18,050

or three nights camping out and doing it

344

00:17:23,110 --> 00:17:21,020

but the thing is is what's different

345

00:17:26,410 --> 00:17:23,120

about me and you know this because you

346

00:17:29,530 --> 00:17:26,420

live in this area we are at one of the

347

00:17:32,200 --> 00:17:29,540

highest elevations in Las Vegas and Las

348

00:17:36,010 --> 00:17:32,210

Vegas isn't flat it's more like a bowl

349

00:17:37,960 --> 00:17:36,020

and you know where we live is it's

350

00:17:42,190 --> 00:17:37,970

almost like being up on the rim of a

351  
00:17:46,799 --> 00:17:42,200  
bowl and you can see down in you can see

352  
00:17:49,919 --> 00:17:46,809  
everywhere you know we don't have

353  
00:17:52,980 --> 00:17:49,929  
a lot of foliage or anything like that

354  
00:17:56,549 --> 00:17:52,990  
there's nothing blocking our views but

355  
00:17:58,879 --> 00:17:56,559  
the main thing is with me is that I did

356  
00:18:02,129 --> 00:17:58,889  
this because I knew that all I had to do

357  
00:18:04,739 --> 00:18:02,139  
was keep my batteries charged keep my

358  
00:18:09,149 --> 00:18:04,749  
cameras by the back door and walk out my

359  
00:18:10,950 --> 00:18:09,159  
back door and 15 steps up onto a cement

360  
00:18:14,940 --> 00:18:10,960  
pad that I have in the corner of the

361  
00:18:16,739 --> 00:18:14,950  
yard and set up my cameras and you know

362  
00:18:20,220 --> 00:18:16,749  
I always said it's a numbers game it's

363  
00:18:22,590 --> 00:18:20,230

you know it's a abductions happen if a

364

00:18:27,060 --> 00:18:22,600

UFOs visit the city which I knew they

365

00:18:30,720 --> 00:18:27,070

did if all of this stuff happens that if

366

00:18:32,759 --> 00:18:30,730

I go outside every night for two three

367

00:18:36,960 --> 00:18:32,769

four hours just depending on what's

368

00:18:38,340 --> 00:18:36,970

going on then my my opportunities to

369

00:18:43,139 --> 00:18:38,350

capture something are going to be

370

00:18:45,690 --> 00:18:43,149

increased greatly and you know I did it

371

00:18:47,639 --> 00:18:45,700

I burned out at the end of it about

372

00:18:50,639 --> 00:18:47,649

three and a half years into it I kind of

373

00:18:52,769 --> 00:18:50,649

burned out and then backed way off but

374

00:18:54,299 --> 00:18:52,779

for those three and a half years I was

375

00:18:56,789 --> 00:18:54,309

going outside every night and I know

376

00:18:59,159 --> 00:18:56,799

that out of that period of time I did

377

00:19:02,549 --> 00:18:59,169

that for about a thousand nights or more

378

00:19:06,450 --> 00:19:02,559

and when you do that you're going to

379

00:19:09,749 --> 00:19:06,460

come away with a lot of footage a matter

380

00:19:12,210 --> 00:19:09,759

of fact I have three external hard

381

00:19:15,359 --> 00:19:12,220

drives that I store these things on and

382

00:19:18,989 --> 00:19:15,369

one of them is a one gigabyte another

383

00:19:21,539 --> 00:19:18,999

one is a three gigabyte re geek I'm

384

00:19:23,430 --> 00:19:21,549

sorry terabyte one terabyte three

385

00:19:26,549 --> 00:19:23,440

terabyte and a five terabyte external

386

00:19:28,409 --> 00:19:26,559

hard drives to store these on because

387

00:19:31,940 --> 00:19:28,419

your computer can't hold them all and of

388

00:19:36,149 --> 00:19:31,950

course you know a lot of them are

389

00:19:39,149 --> 00:19:36,159

useless but my advice is always to tell

390

00:19:41,789 --> 00:19:39,159

people if you want to do this always err

391

00:19:44,369 --> 00:19:41,799

on the side of shooting video of it

392

00:19:47,269 --> 00:19:44,379

because if you don't you missed it

393

00:19:49,919 --> 00:19:47,279

if you do and it turns out to be a

394

00:19:52,889 --> 00:19:49,929

helicopter or a drone or airplane or

395

00:19:56,669 --> 00:19:52,899

something like that and if you know you

396

00:20:00,750 --> 00:19:56,679

can always delete it so you know it

397

00:20:04,470 --> 00:20:00,760

worked and you know I'm back and

398

00:20:05,880 --> 00:20:04,480

more motivated than ever right now I got

399

00:20:08,910 --> 00:20:05,890

a new camera that's going to be

400

00:20:12,030 --> 00:20:08,920

delivered tomorrow and I'm just super

401  
00:20:14,940 --> 00:20:12,040  
excited about getting out again and

402  
00:20:16,950 --> 00:20:14,950  
start to put in more time because it's

403  
00:20:18,540 --> 00:20:16,960  
also starting to warm up again and

404  
00:20:22,320 --> 00:20:18,550  
people don't realize it actually gets

405  
00:20:24,870 --> 00:20:22,330  
cold here as well yeah it is cold here

406  
00:20:26,670 --> 00:20:24,880  
and like you said we are above the

407  
00:20:29,190 --> 00:20:26,680  
valley in this particular area and it's

408  
00:20:31,790 --> 00:20:29,200  
a lot colder it's about 10 10 degrees on

409  
00:20:34,650 --> 00:20:31,800  
average colder than everywhere else and

410  
00:20:39,870 --> 00:20:34,660  
you do have you kind of start to

411  
00:20:42,390 --> 00:20:39,880  
understand why the Native American or

412  
00:20:45,000 --> 00:20:42,400  
some of the Native American tribes were

413  
00:20:48,090 --> 00:20:45,010

kind of holed up in this in this

414

00:20:50,700 --> 00:20:48,100

particular area of Summerlin amazing

415

00:20:53,910 --> 00:20:50,710

amazing things it is like a different

416

00:20:55,440 --> 00:20:53,920

world and I'm guessing without saying

417

00:20:58,200 --> 00:20:55,450

street names I think I know exactly

418

00:21:01,320 --> 00:20:58,210

where you're going because yeah it's

419

00:21:04,170 --> 00:21:01,330

like it's it's a trudge but it is man

420

00:21:06,990 --> 00:21:04,180

you get up there and you just know the

421

00:21:09,270 --> 00:21:07,000

energy that little red rocks area you

422

00:21:12,560 --> 00:21:09,280

can just tell something was going down I

423

00:21:16,200 --> 00:21:12,570

mean it is amazing the petroglyphs and

424

00:21:19,650 --> 00:21:16,210

the the viewpoints I mean they could

425

00:21:21,750 --> 00:21:19,660

have seen intruders enemies whatever you

426

00:21:27,450 --> 00:21:21,760

want to call it coming from any

427

00:21:29,670 --> 00:21:27,460

direction yeah it's incredible and you

428

00:21:31,590 --> 00:21:29,680

know I get a lot of people that that are

429

00:21:34,680 --> 00:21:31,600

a little bit critical and say well why

430

00:21:37,350 --> 00:21:34,690

didn't you why didn't you grab your

431

00:21:39,030 --> 00:21:37,360

camera and drive over there you know the

432

00:21:40,710 --> 00:21:39,040

thing is is that they say that about

433

00:21:42,870 --> 00:21:40,720

every video and they don't realize that

434

00:21:48,030 --> 00:21:42,880

sometimes I'm shooting videos something

435

00:21:50,370 --> 00:21:48,040

50 miles away and that the the smartest

436

00:21:53,000 --> 00:21:50,380

thing anyone can do in my mind is when

437

00:21:55,830 --> 00:21:53,010

they see a UFO and you have a camera

438

00:21:58,110 --> 00:21:55,840

hurry up and turn it the camera on and

439

00:22:01,440 --> 00:21:58,120

get it from right there because it might

440

00:22:03,210 --> 00:22:01,450

be there for 30 seconds might be there

441

00:22:06,270 --> 00:22:03,220

for five minutes or there might be there

442

00:22:10,440 --> 00:22:06,280

for an hour you don't know you know and

443

00:22:11,820 --> 00:22:10,450

I mean by doing what they suggest okay

444

00:22:14,190 --> 00:22:11,830

I'm going to grab everything get in the

445

00:22:14,610 --> 00:22:14,200

car and go and and hope that I'm even

446

00:22:17,790 --> 00:22:14,620

going

447

00:22:19,430 --> 00:22:17,800

to the right place that by the time you

448

00:22:25,530 --> 00:22:19,440

get there it's probably going to be gone

449

00:22:28,080 --> 00:22:25,540

and so I I have done that it it has

450

00:22:30,270 --> 00:22:28,090

never panned out to be something that

451

00:22:33,710 --> 00:22:30,280

people think it should be yeah it's a

452

00:22:36,990 --> 00:22:33,720

lot harder to do and and the I agree the

453

00:22:39,210 --> 00:22:37,000

distances are these are really big

454

00:22:41,520 --> 00:22:39,220

formations these mountains are really

455

00:22:43,799 --> 00:22:41,530

large something looks close and it's

456

00:22:46,100 --> 00:22:43,809

really far away we have people and you

457

00:22:49,530 --> 00:22:46,110

know this on the news all the time

458

00:22:51,810 --> 00:22:49,540

getting lost out there perishing out

459

00:22:53,460 --> 00:22:51,820

there getting turned around and you

460

00:22:55,740 --> 00:22:53,470

would never guess it you know being next

461

00:22:57,419 --> 00:22:55,750

to the brightest city in the world that

462

00:23:01,230 --> 00:22:57,429

you know you couldn't find your way back

463

00:23:03,570 --> 00:23:01,240

home but it happens all the time yeah

464

00:23:07,530 --> 00:23:03,580

and then you know I like I say I've gone

465

00:23:10,380 --> 00:23:07,540

out and and without seeing one right and

466

00:23:11,790 --> 00:23:10,390

going to an area where I hope that you

467

00:23:14,100 --> 00:23:11,800

know something's going to happen because

468

00:23:16,740 --> 00:23:14,110

I've had activity there in the past and

469

00:23:18,840 --> 00:23:16,750

I've gone out there alone and with other

470

00:23:22,350 --> 00:23:18,850

people and I'll tell you what going out

471

00:23:25,950 --> 00:23:22,360

there alone is the creepiest thing ever

472

00:23:27,660 --> 00:23:25,960

because you're there and you you're

473

00:23:30,120 --> 00:23:27,670

thinking what if they're right here

474

00:23:32,370 --> 00:23:30,130

right now and I just don't see them and

475

00:23:35,760 --> 00:23:32,380

they're watching me and wondering what

476

00:23:38,970 --> 00:23:35,770

is this guy doing right when you're with

477

00:23:42,660 --> 00:23:38,980

others for some reason there's more of a

478

00:23:45,330 --> 00:23:42,670

sense of being safe but you know I don't

479

00:23:48,750 --> 00:23:45,340

feel any threat from them I actually

480

00:23:51,799 --> 00:23:48,760

worry more about just weird people that

481

00:23:55,320 --> 00:23:51,809

come around because this is Las Vegas

482

00:23:58,320 --> 00:23:55,330

and there are a few where people you

483

00:24:00,480 --> 00:23:58,330

know of course some people must think

484

00:24:03,120 --> 00:24:00,490

I'm very weird just because of what I do

485

00:24:04,650 --> 00:24:03,130

but uh I'll tell you what I'd like to

486

00:24:07,440 --> 00:24:04,660

say I would have never thought of doing

487

00:24:09,990 --> 00:24:07,450

this and I think you know you you are

488

00:24:13,380 --> 00:24:10,000

not only I think you're very talented

489

00:24:15,030 --> 00:24:13,390

and actually catching the phenomenon

490

00:24:17,700 --> 00:24:15,040

because it's a lot more difficult than

491

00:24:21,630 --> 00:24:17,710

people realize something else I wanted

492

00:24:23,610 --> 00:24:21,640

to ask you is this I've noticed a lot of

493

00:24:25,410 --> 00:24:23,620

strange cloud formations and I'm

494

00:24:28,259 --> 00:24:25,420

wondering if you have two over la madre

495

00:24:34,210 --> 00:24:28,269

in that direction of area 51

496

00:24:36,399 --> 00:24:34,220

you know I I actually shoot a lot of

497

00:24:42,250 --> 00:24:36,409

photographs of clouds just because

498

00:24:45,970 --> 00:24:42,260

they're so beautiful and I do see some

499

00:24:51,250 --> 00:24:45,980

of them that are very strange but it

500

00:24:54,159 --> 00:24:51,260

seems like most of my luck with this

501  
00:24:58,480 --> 00:24:54,169  
phenomena is something that happens at

502  
00:25:01,690 --> 00:24:58,490  
night you know my eyes Ryan when I was

503  
00:25:06,100 --> 00:25:01,700  
in my 20s and 30s were just perfect

504  
00:25:08,139 --> 00:25:06,110  
I even now I don't wear glasses but my

505  
00:25:11,440 --> 00:25:08,149  
eye my vision is not what it used to be

506  
00:25:14,320 --> 00:25:11,450  
and I do have friends here locally a

507  
00:25:16,450 --> 00:25:14,330  
couple of friends that they don't do

508  
00:25:19,210 --> 00:25:16,460  
this all the time but they are really

509  
00:25:21,970 --> 00:25:19,220  
interested in topic one lady who lives

510  
00:25:24,850 --> 00:25:21,980  
over in Centennial Hills has some

511  
00:25:27,820 --> 00:25:24,860  
daytime footage of metallic-looking orbs

512  
00:25:31,419 --> 00:25:27,830  
up over you know the Centennial Hills

513  
00:25:34,720 --> 00:25:31,429

area that are just astonishing and I

514

00:25:37,990 --> 00:25:34,730

have spent a little bit of time in the

515

00:25:40,600 --> 00:25:38,000

daytime outside trying to watch and see

516

00:25:43,990 --> 00:25:40,610

what I can see with a very limited

517

00:25:46,509 --> 00:25:44,000

amount of success things that are you

518

00:25:50,830 --> 00:25:46,519

know debatable but for whatever reason

519

00:25:53,350 --> 00:25:50,840

at night they just become so much easier

520

00:25:56,560 --> 00:25:53,360

to see you know I I've always thought

521

00:25:58,450 --> 00:25:56,570

that if UFOs want to move around here in

522

00:26:00,129 --> 00:25:58,460

Vegas it's probably better to do it

523

00:26:03,730 --> 00:26:00,139

during the day because they're harder is

524

00:26:05,289 --> 00:26:03,740

he yeah the daytime I I'm with you I

525

00:26:07,990 --> 00:26:05,299

haven't seen anything in the daytime

526

00:26:09,639 --> 00:26:08,000

other than that pool I when we were in

527

00:26:11,560 --> 00:26:09,649

the pool and there was four or five of

528

00:26:15,060 --> 00:26:11,570

these just sitting there kind of

529

00:26:20,230 --> 00:26:15,070

floating around inexplicable really and

530

00:26:22,480 --> 00:26:20,240

the area there over la madre to kind of

531

00:26:26,200 --> 00:26:22,490

explain to people we're talking almost

532

00:26:28,360 --> 00:26:26,210

directly in the direction of area 51 but

533

00:26:31,480 --> 00:26:28,370

it's a long ways away and we have this

534

00:26:35,769 --> 00:26:31,490

huge mountain if you can picture it the

535

00:26:38,289 --> 00:26:35,779

towers over all the homes and it kind of

536

00:26:40,779 --> 00:26:38,299

seems like the weather starts there like

537

00:26:41,680 --> 00:26:40,789

you know if not Red Rock Canyon deeper

538

00:26:44,019 --> 00:26:41,690

in there but

539

00:26:47,740 --> 00:26:44,029

and behind this this is all conserved

540

00:26:50,259 --> 00:26:47,750

land there's nothing literally in a

541

00:26:53,379 --> 00:26:50,269

beautiful way like a natural way nothing

542

00:26:56,139 --> 00:26:53,389

behind this mountain I mean yeah yeah

543

00:26:58,990 --> 00:26:56,149

well you know right I grew up here I was

544

00:27:02,110 --> 00:26:59,000

a kid growing up here and so we lived

545

00:27:05,850 --> 00:27:02,120

here I'm 65 years old we moved here when

546

00:27:09,129 --> 00:27:05,860

I was 2 so that was in 1956 and then I

547

00:27:12,159 --> 00:27:09,139

went in the Navy in 1972 had never lived

548

00:27:14,289 --> 00:27:12,169

here again until 2011 but the MAL

549

00:27:17,200 --> 00:27:14,299

Charlestown area isn't hasn't really

550

00:27:19,930 --> 00:27:17,210

changed much at all and you get off of

551  
00:27:22,629 --> 00:27:19,940  
the main road there it doesn't take but

552  
00:27:27,399 --> 00:27:22,639  
a few minutes to feel like you are you

553  
00:27:30,430 --> 00:27:27,409  
know in the middle of some just out of

554  
00:27:33,519 --> 00:27:30,440  
the middle of nowhere in a way and and

555  
00:27:35,590 --> 00:27:33,529  
the same thing goes with a desert you

556  
00:27:38,649 --> 00:27:35,600  
get out there and it doesn't take long

557  
00:27:42,610 --> 00:27:38,659  
to feel like you're a pretty remote you

558  
00:27:44,169 --> 00:27:42,620  
know real quick yeah you realize that

559  
00:27:45,940 --> 00:27:44,179  
you're in the middle and you are in the

560  
00:27:48,879 --> 00:27:45,950  
middle of nowhere my gosh I mean the

561  
00:27:51,129 --> 00:27:48,889  
expanse actually you know people don't

562  
00:27:52,990 --> 00:27:51,139  
realize vagus is kind of in the middle

563  
00:27:55,210 --> 00:27:53,000

of nowhere it's yeah it's a huge city

564

00:27:59,440 --> 00:27:55,220

it's super bright there's a lot going on

565

00:28:03,159 --> 00:27:59,450

a lot of energy but if you look at it on

566

00:28:06,940 --> 00:28:03,169

a map like it is kind of on its own with

567

00:28:09,549 --> 00:28:06,950

the given exception of Purab right you

568

00:28:12,190 --> 00:28:09,559

know and you know that's often kind of

569

00:28:15,129 --> 00:28:12,200

one of the answers I give to people who

570

00:28:17,740 --> 00:28:15,139

ask why would they be there why you know

571

00:28:19,600 --> 00:28:17,750

would UFOs be around there of course

572

00:28:21,999 --> 00:28:19,610

we've already talked about the military

573

00:28:24,190 --> 00:28:22,009

bases in the area 51 and things like

574

00:28:27,039 --> 00:28:24,200

that but you know you also have Lake

575

00:28:30,940 --> 00:28:27,049

Mead which is the largest man-made body

576

00:28:33,789 --> 00:28:30,950

of water in you I think it's in North

577

00:28:37,180 --> 00:28:33,799

America in the United States we have

578

00:28:41,529 --> 00:28:37,190

millions of square miles of empty desert

579

00:28:43,629 --> 00:28:41,539

where if you were extraterrestrial you

580

00:28:45,730 --> 00:28:43,639

could be in a UFO that was a mile wide

581

00:28:49,210 --> 00:28:45,740

and go land there and nobody would ever

582

00:28:51,850 --> 00:28:49,220

notice you know so it's just a perfect

583

00:28:54,549 --> 00:28:51,860

place and then of course something that

584

00:28:55,430 --> 00:28:54,559

people don't talk about that much is you

585

00:28:59,119 --> 00:28:55,440

know back in the sea

586

00:29:03,889 --> 00:28:59,129

see 60s I lived here and even remember

587

00:29:06,889 --> 00:29:03,899

feeling the vibration of atomic and

588

00:29:09,499 --> 00:29:06,899

nuclear bombs being detonated just I

589

00:29:12,200 --> 00:29:09,509

don't know maybe not even sixty miles

590

00:29:14,720 --> 00:29:12,210

away from Las Vegas so they have the

591

00:29:17,060 --> 00:29:14,730

nuclear component going on there as well

592

00:29:19,850 --> 00:29:17,070

but there's just so many reasons that

593

00:29:22,129 --> 00:29:19,860

they would be around here tons of

594

00:29:26,180 --> 00:29:22,139

reasons oh my gosh it's the brightest

595

00:29:28,549 --> 00:29:26,190

point on the earth and it's like you

596

00:29:30,230 --> 00:29:28,559

know that's one that like a lot of

597

00:29:33,470 --> 00:29:30,240

people I mean you've got this massive

598

00:29:35,960 --> 00:29:33,480

black pyramid if you're into that with a

599

00:29:39,049 --> 00:29:35,970

light coming out of it going into the

600

00:29:41,119 --> 00:29:39,059

sky that's visible from space and we're

601  
00:29:45,860 --> 00:29:41,129  
just scraping the surface and then the

602  
00:29:48,200 --> 00:29:45,870  
the interesting thing Steve is if I'm

603  
00:29:50,389 --> 00:29:48,210  
not mistaken I remember hearing right

604  
00:29:54,169 --> 00:29:50,399  
around the time you filmed one of your

605  
00:29:57,830 --> 00:29:54,179  
latest UFOs Pahrump which is nearby the

606  
00:30:00,320 --> 00:29:57,840  
the late home of art bell it it there

607  
00:30:02,330 --> 00:30:00,330  
was a power outage and other things you

608  
00:30:04,460 --> 00:30:02,340  
know I just now heard about that hi I'm

609  
00:30:07,549 --> 00:30:04,470  
surprised I didn't I I get so caught up

610  
00:30:09,919 --> 00:30:07,559  
in this stuff that I'm not following the

611  
00:30:11,450 --> 00:30:09,929  
news I I kind of purposely don't follow

612  
00:30:14,659 --> 00:30:11,460  
the news at times because there's just

613  
00:30:16,580 --> 00:30:14,669

so much negativity and I you know I

614

00:30:19,279 --> 00:30:16,590

realized there's not a whole lot I can

615

00:30:22,340 --> 00:30:19,289

do about it but you know except to try

616

00:30:24,289 --> 00:30:22,350

to just be a good person but somebody

617

00:30:25,759 --> 00:30:24,299

made me aware of that and I I'm just

618

00:30:28,700 --> 00:30:25,769

wondering what happened

619

00:30:30,980 --> 00:30:28,710

you know Pahrump is like the little the

620

00:30:33,590 --> 00:30:30,990

little brother next door any you know

621

00:30:36,230 --> 00:30:33,600

the city's just far enough that you can

622

00:30:42,110 --> 00:30:36,240

you can get there in an hour but you

623

00:30:45,919 --> 00:30:42,120

know this area has been I was amazed to

624

00:30:47,749 --> 00:30:45,929

find out through actually my wife who is

625

00:30:50,570 --> 00:30:47,759

very familiar with the area and has to

626

00:30:53,269 --> 00:30:50,580

do USGS stuff with the maps and she made

627

00:30:56,090 --> 00:30:53,279

me aware that you know even up here in

628

00:30:59,360 --> 00:30:56,100

the hills of Summerlin you know there

629

00:31:02,149 --> 00:30:59,370

were small areas that filled with water

630

00:31:04,490 --> 00:31:02,159

on rainstorms there were massive tribes

631

00:31:06,230 --> 00:31:04,500

will not massive but for the area what

632

00:31:08,270 --> 00:31:06,240

you would expect has high desert and

633

00:31:11,410 --> 00:31:08,280

inhospitable there

634

00:31:14,090 --> 00:31:11,420

were tribes there the petroglyphs are

635

00:31:17,630 --> 00:31:14,100

fascinating some of the coolest on the

636

00:31:18,280 --> 00:31:17,640

planet really yeah yeah and you know

637

00:31:20,540 --> 00:31:18,290

what else

638

00:31:24,700 --> 00:31:20,550

another thing that I had sounds you

639

00:31:27,680 --> 00:31:24,710

don't find much documentation about this

640

00:31:30,340 --> 00:31:27,690

but it is a thing that somebody came up

641

00:31:33,830 --> 00:31:30,350

with if people do a Google search for

642

00:31:35,930 --> 00:31:33,840

underground bases in Nevada there's

643

00:31:38,600 --> 00:31:35,940

going to be a list of a whole slew of

644

00:31:43,690 --> 00:31:38,610

underground bases here but one of them

645

00:31:46,130 --> 00:31:43,700

Ryan is supposedly at Blue Diamond and

646

00:31:48,200 --> 00:31:46,140

you know it kind of makes sense if you

647

00:31:50,630 --> 00:31:48,210

think about it because I don't know if

648

00:31:53,600 --> 00:31:50,640

you guys explore these mountains much

649

00:31:56,120 --> 00:31:53,610

and there's a lot of sandstone a lot of

650

00:32:01,130 --> 00:31:56,130

limestone where there's actually a lot

651  
00:32:05,780 --> 00:32:01,140  
of natural caves and you know not only

652  
00:32:08,120 --> 00:32:05,790  
did this underground base get you know

653  
00:32:11,570 --> 00:32:08,130  
identified as being as in blue diamond

654  
00:32:13,250 --> 00:32:11,580  
but even the type of base and I don't

655  
00:32:16,690 --> 00:32:13,260  
know who came up with it I take it with

656  
00:32:20,780 --> 00:32:16,700  
a grain of salt but they say it is a a

657  
00:32:22,940 --> 00:32:20,790  
saucer base and you know to me there

658  
00:32:24,380 --> 00:32:22,950  
might have been a time you know seven

659  
00:32:27,530 --> 00:32:24,390  
years ago where I might start laughing

660  
00:32:30,140 --> 00:32:27,540  
about that but now based on my

661  
00:32:34,760 --> 00:32:30,150  
experiences over the last six years I

662  
00:32:38,990 --> 00:32:34,770  
don't I think it's very plausible it's

663  
00:32:40,910 --> 00:32:39,000

very plausible yeah blue diamond is kind

664

00:32:44,510 --> 00:32:40,920

of a debt it's a different area it's

665

00:32:46,190 --> 00:32:44,520

it's unincorporated you have it's a

666

00:32:50,360 --> 00:32:46,200

beautiful little spot with the Burroughs

667

00:32:52,850 --> 00:32:50,370

oh my gosh but it is I mean for our

668

00:32:56,210 --> 00:32:52,860

listeners it's pretty wild I mean it is

669

00:32:58,460 --> 00:32:56,220

you have massive millions and millions

670

00:33:00,590 --> 00:32:58,470

of dollar homes next to just regular

671

00:33:03,860 --> 00:33:00,600

homes and it's kind of in the middle of

672

00:33:07,340 --> 00:33:03,870

nowhere - yeah and you know the way it

673

00:33:09,200 --> 00:33:07,350

got its name was for anyone that doesn't

674

00:33:13,010 --> 00:33:09,210

know there's just outside of Red Rock

675

00:33:15,250 --> 00:33:13,020

Canyon coming towards Las Vegas on blue

676

00:33:18,730 --> 00:33:15,260

diamond road that comes from fur rump is

677

00:33:21,769 --> 00:33:18,740

the the mind where they process that

678

00:33:25,009 --> 00:33:21,779

gypsum that is mined

679

00:33:27,169 --> 00:33:25,019

on top of the cliffs there and the

680

00:33:31,129 --> 00:33:27,179

reason it's called blue diamond is that

681

00:33:35,359 --> 00:33:31,139

that gypsum is the purest gypsum in the

682

00:33:37,820 --> 00:33:35,369

world and it got its name blue diamond

683

00:33:41,570 --> 00:33:37,830

because blue diamonds are extremely rare

684

00:33:43,580 --> 00:33:41,580

and at the gypsum there is extremely

685

00:33:47,209 --> 00:33:43,590

rare it's it's you just don't find it

686

00:33:49,399 --> 00:33:47,219

everywhere there's also two other things

687

00:33:52,909 --> 00:33:49,409

about Nevada that people probably don't

688

00:33:55,789 --> 00:33:52,919

know as well is that it's rich mineral

689

00:33:58,369 --> 00:33:55,799

rich and two of the big things that are

690

00:34:00,739 --> 00:33:58,379

in this state that that you know are

691

00:34:04,489 --> 00:34:00,749

constantly still being mined is gold and

692

00:34:07,249 --> 00:34:04,499

silver so you know we see these things

693

00:34:08,779 --> 00:34:07,259

looking for stuff and you don't know

694

00:34:10,339 --> 00:34:08,789

what it is they're looking for when

695

00:34:12,919 --> 00:34:10,349

they're shining a beam towards the

696

00:34:16,579 --> 00:34:12,929

ground I have at least two videos of

697

00:34:18,829 --> 00:34:16,589

that where you know you initially think

698

00:34:20,539 --> 00:34:18,839

what are they looking for but then you

699

00:34:22,220 --> 00:34:20,549

realize what if they're not looking for

700

00:34:25,220 --> 00:34:22,230

something on top of the ground what if

701  
00:34:28,309 --> 00:34:25,230  
they're doing some sort of scan that's

702  
00:34:31,669 --> 00:34:28,319  
looking for minerals or they're looking

703  
00:34:33,919 --> 00:34:31,679  
for some sort of underground base or

704  
00:34:36,260 --> 00:34:33,929  
something like that so it's just

705  
00:34:40,010 --> 00:34:36,270  
fascinating and and it's the main reason

706  
00:34:44,960 --> 00:34:40,020  
that I can stay motivated for all these

707  
00:34:47,059 --> 00:34:44,970  
years to go out and you know deal with

708  
00:34:49,159 --> 00:34:47,069  
the coal deal with the heat deal with

709  
00:34:50,899 --> 00:34:49,169  
the insects that are constantly biting

710  
00:34:53,210 --> 00:34:50,909  
me

711  
00:34:55,970 --> 00:34:53,220  
I said wonder where do I get all these

712  
00:34:58,250 --> 00:34:55,980  
these bites you know but it's it's in

713  
00:35:01,460 --> 00:34:58,260

the summer yeah you're out there with

714

00:35:05,569 --> 00:35:01,470

the insects as well yeah and scorpions

715

00:35:07,190 --> 00:35:05,579

and snakes and you know that is an

716

00:35:09,920 --> 00:35:07,200

interesting thing that area of blue

717

00:35:12,980 --> 00:35:09,930

diamond I like to go out there and like

718

00:35:14,510 --> 00:35:12,990

I kind of launched my my ATV and head

719

00:35:18,039 --> 00:35:14,520

for the direction of the Pioneer saloon

720

00:35:21,799 --> 00:35:18,049

often and you realize that you are in

721

00:35:23,839 --> 00:35:21,809

the middle of nowhere and you know the

722

00:35:25,549 --> 00:35:23,849

interesting thing Steve is a lot of

723

00:35:28,609 --> 00:35:25,559

people say that they're like oh that's

724

00:35:30,950 --> 00:35:28,619

an ATV or that's or that's a truck or a

725

00:35:32,870 --> 00:35:30,960

pickup and when you're out on these

726

00:35:35,390 --> 00:35:32,880

trails you quickly realize that that

727

00:35:37,009 --> 00:35:35,400

isn't possible these roads there

728

00:35:39,349 --> 00:35:37,019

they don't go to the tops of the

729

00:35:42,289 --> 00:35:39,359

mountains in many cases and it's

730

00:35:44,650 --> 00:35:42,299

impossible yeah and if that is really

731

00:35:47,299 --> 00:35:44,660

good about one thing you know we the

732

00:35:49,630 --> 00:35:47,309

desert here is way different than the

733

00:35:52,370 --> 00:35:49,640

desert in the Sonora Desert near Phoenix

734

00:35:53,630 --> 00:35:52,380

you know they have those gigantic dust

735

00:35:56,170 --> 00:35:53,640

storms the haboobs

736

00:36:03,079 --> 00:35:56,180

that come up because their soil isn't

737

00:36:05,690 --> 00:36:03,089

compact our soil is so solid and you

738

00:36:07,309 --> 00:36:05,700

know it's I mean there are trails there

739

00:36:12,140 --> 00:36:07,319

are a lot of trails but we just don't

740

00:36:16,420 --> 00:36:12,150

get that same kind of dust it is a

741

00:36:18,589 --> 00:36:16,430

different beast here you know

742

00:36:22,519 --> 00:36:18,599

unfortunately you know they don't allow

743

00:36:25,099 --> 00:36:22,529

a lot of that everywhere I have videos

744

00:36:29,299 --> 00:36:25,109

that are probably that I could probably

745

00:36:31,460 --> 00:36:29,309

post that I don't because I don't want

746

00:36:33,650 --> 00:36:31,470

to argue over them and I have enough

747

00:36:36,620 --> 00:36:33,660

good videos where I don't need to post

748

00:36:40,549 --> 00:36:36,630

them but they are closer to the ground

749

00:36:44,059 --> 00:36:40,559

and you see there's incredible displays

750

00:36:48,890 --> 00:36:44,069

of lights doing things but I don't use

751  
00:36:51,829 --> 00:36:48,900  
them Ryan because you know people are

752  
00:36:55,279 --> 00:36:51,839  
real quick to slam you even for a great

753  
00:36:58,729 --> 00:36:55,289  
video one this up in the sky clearly in

754  
00:37:02,390 --> 00:36:58,739  
the sky they're still kind of going

755  
00:37:05,809 --> 00:37:02,400  
after you so you know to present the

756  
00:37:08,690 --> 00:37:05,819  
best possible evidence I only post the

757  
00:37:09,410 --> 00:37:08,700  
videos that are extremely difficult to

758  
00:37:11,809 --> 00:37:09,420  
debunk

759  
00:37:14,509 --> 00:37:11,819  
yeah and I'll think your videos are great

760  
00:37:16,789 --> 00:37:14,519  
it's when it's it's it's like being here

761  
00:37:19,849 --> 00:37:16,799  
and knowing the wilderness behind the

762  
00:37:21,859 --> 00:37:19,859  
areas that you are videotaping behind la

763  
00:37:23,870 --> 00:37:21,869

madre behind Red Rock the pit you know

764

00:37:27,859 --> 00:37:23,880

all those petroglyphs and pet degraaf's

765

00:37:30,349 --> 00:37:27,869

drawings there Springs the the calico

766

00:37:33,739 --> 00:37:30,359

basin area you're covering all of this

767

00:37:37,400 --> 00:37:33,749

and you know this this area is so

768

00:37:40,039 --> 00:37:37,410

sheltered and so scenic and so it's it's

769

00:37:42,769 --> 00:37:40,049

it's really really pretty amazing and

770

00:37:45,410 --> 00:37:42,779

it's obvious why it's protected but I

771

00:37:47,019 --> 00:37:45,420

think that you without a doubt are the

772

00:37:48,950 --> 00:37:47,029

only individual who has been

773

00:37:52,849 --> 00:37:48,960

consistently grabbing

774

00:37:54,980 --> 00:37:52,859

these visitors or unidentified aerial

775

00:37:57,940 --> 00:37:54,990

phenomena in an area where people don't

776

00:38:01,130 --> 00:37:57,950

expect it and that I think it's great

777

00:38:03,650 --> 00:38:01,140

well it's a I always call it a perfect

778

00:38:05,890 --> 00:38:03,660

storm of circumstances or you know I

779

00:38:08,720 --> 00:38:05,900

compare it to like winning the lottery

780

00:38:10,970 --> 00:38:08,730

you know the chances of winning the

781

00:38:13,970 --> 00:38:10,980

lottery are just horrific but you know

782

00:38:15,559 --> 00:38:13,980

what someone always wins it right

783

00:38:19,730 --> 00:38:15,569

there's always somebody that just had

784

00:38:21,470 --> 00:38:19,740

this crazy situation where everything

785

00:38:25,490 --> 00:38:21,480

went right and that's what happened to

786

00:38:28,490 --> 00:38:25,500

me you know I had an interest in UFOs

787

00:38:30,770 --> 00:38:28,500

maybe not the point where you know I

788

00:38:32,930 --> 00:38:30,780

ever went to a convention or anything

789

00:38:35,829 --> 00:38:32,940

like that but it was always something

790

00:38:39,200 --> 00:38:35,839

that fascinated me if there was ever a a

791

00:38:42,500 --> 00:38:39,210

UFO program on TV or something like that

792

00:38:46,339 --> 00:38:42,510

I wanted to watch it but you know buying

793

00:38:49,339 --> 00:38:46,349

this home it wasn't because oh maybe I

794

00:38:51,799 --> 00:38:49,349

can see UFOs from here what sold me on

795

00:38:55,490 --> 00:38:51,809

this house wasn't even the house it was

796

00:38:57,200 --> 00:38:55,500

the backyard not backyard it's easy to

797

00:39:00,799 --> 00:38:57,210

maintain we're getting older it's a

798

00:39:04,730 --> 00:39:00,809

smaller yard a lot of you know drought

799

00:39:07,309 --> 00:39:04,740

tolerant vegetation and stuff but it

800

00:39:08,839 --> 00:39:07,319

just put me over the top that we had

801

00:39:11,180 --> 00:39:08,849

this view of the city and the

802

00:39:15,950 --> 00:39:11,190

surrounding mountains that was just

803

00:39:19,010 --> 00:39:15,960

phenomenal day and night and and then to

804

00:39:22,630 --> 00:39:19,020

have this UFO fly over my home and

805

00:39:26,720 --> 00:39:22,640

piqued my interest to the point where I

806

00:39:28,700 --> 00:39:26,730

decided to just go for it it's just a

807

00:39:31,670 --> 00:39:28,710

perfect storm it's a perfect storm of

808

00:39:35,000 --> 00:39:31,680

things you know living there area 51 to

809

00:39:38,359 --> 00:39:35,010

air force bases hoover dam even i've

810

00:39:41,240 --> 00:39:38,369

heard has connections with the

811

00:39:45,640 --> 00:39:41,250

paranormal you know and again i take it

812

00:39:47,780 --> 00:39:45,650

with a grain of salt but you know what i

813

00:39:50,120 --> 00:39:47,790

look with it you know i have a

814

00:39:53,000 --> 00:39:50,130

collection now of ufos that i began

815

00:39:55,039 --> 00:39:53,010

almost six years ago and it's just going

816

00:39:57,799 --> 00:39:55,049

to keep on getting bigger because i keep

817

00:40:00,170 --> 00:39:57,809

trying to get better and this new camera

818

00:40:02,480 --> 00:40:00,180

I'm getting tomorrow is I'm really

819

00:40:05,330 --> 00:40:02,490

excited about it because it's definitely

820

00:40:08,330 --> 00:40:05,340

to be an upgrade and he I even got a new

821

00:40:11,420 --> 00:40:08,340

tripod which is much more stable and so

822

00:40:13,160 --> 00:40:11,430

I'm excited I'm excited as well and I I

823

00:40:15,470 --> 00:40:13,170

mean the cameras that you're using right

824

00:40:17,840 --> 00:40:15,480

now are already so good I'm wondering

825

00:40:19,609 --> 00:40:17,850

what exactly you know upgrade I'm like

826

00:40:22,070 --> 00:40:19,619

oh my god what could it be this is great

827

00:40:25,430 --> 00:40:22,080

I mean they're good enough you know I I

828

00:40:27,770 --> 00:40:25,440

mean I can't go spend \$3,000 on a camera

829

00:40:31,580 --> 00:40:27,780

I don't have money like that but these

830

00:40:33,590 --> 00:40:31,590

are like in the \$500 range cameras there

831

00:40:35,690 --> 00:40:33,600

I you know I had to have something that

832

00:40:37,970 --> 00:40:35,700

was better than trying to catch

833

00:40:40,910 --> 00:40:37,980

something with your cell phone you mean

834

00:40:43,250 --> 00:40:40,920

that's good for an emergency situation

835

00:40:45,980 --> 00:40:43,260

but that would be the only way I would

836

00:40:48,050 --> 00:40:45,990

use something like that and then you

837

00:40:51,890 --> 00:40:48,060

know you want it to be stable so you buy

838

00:40:54,620 --> 00:40:51,900

tripods and you you get binoculars and

839

00:40:57,580 --> 00:40:54,630

you need to buy a new computer because

840

00:41:00,230 --> 00:40:57,590

your old one can't process videos well

841

00:41:02,660 --> 00:41:00,240

you know my computer that I bought it's

842

00:41:05,270 --> 00:41:02,670

it's not just a regular computer it's a

843

00:41:08,390 --> 00:41:05,280

gamer's computer and I don't play games

844

00:41:14,420 --> 00:41:08,400

on my computer at all but it it's meant

845

00:41:17,120 --> 00:41:14,430

to process large files and and big you

846

00:41:18,970 --> 00:41:17,130

know memory hungry video games and stuff

847

00:41:23,330 --> 00:41:18,980

and it works really well now for

848

00:41:25,130 --> 00:41:23,340

processing my videos but yeah you get in

849

00:41:26,750 --> 00:41:25,140

the hole you're you know if people think

850

00:41:27,349 --> 00:41:26,760

you're making money out of this you're

851  
00:41:33,020 --> 00:41:27,359  
wrong

852  
00:41:35,180 --> 00:41:33,030  
isn't that the truth it is it is it's

853  
00:41:37,640 --> 00:41:35,190  
it's it's an act of passion if you're

854  
00:41:39,980 --> 00:41:37,650  
not into this you're definitely I've

855  
00:41:42,620 --> 00:41:39,990  
never made a dollar but I'll never stop

856  
00:41:44,780 --> 00:41:42,630  
doing it I'm with you Steve and these

857  
00:41:46,420 --> 00:41:44,790  
encounters that you're having even if

858  
00:41:51,109 --> 00:41:46,430  
they're from a distance filming these

859  
00:41:54,800 --> 00:41:51,119  
objects it seems like this area I mean

860  
00:41:57,890 --> 00:41:54,810  
we have area 51 and I mean Charles Hall

861  
00:42:00,830 --> 00:41:57,900  
talked about tall whites in areas 54 and

862  
00:42:02,780 --> 00:42:00,840  
53 and that there were actually aliens

863  
00:42:05,960 --> 00:42:02,790

and bases underground so this kind of

864

00:42:09,340 --> 00:42:05,970

all has a historical presence well I

865

00:42:12,980 --> 00:42:09,350

I've tried to get a hold of mr. Hall I

866

00:42:15,349 --> 00:42:12,990

have chatted with his wife Marie but

867

00:42:16,370 --> 00:42:15,359

this was quite a while back before I

868

00:42:20,359 --> 00:42:16,380

really understood

869

00:42:23,960 --> 00:42:20,369

what it was I was seeing you know I

870

00:42:27,410 --> 00:42:23,970

could actually make a case in court that

871

00:42:30,529 --> 00:42:27,420

much of what I shoot video of in the

872

00:42:33,920 --> 00:42:30,539

northern and north western part of the

873

00:42:37,549 --> 00:42:33,930

city might be the tall whites and that

874

00:42:40,599 --> 00:42:37,559

they are still here there was one thing

875

00:42:43,849 --> 00:42:40,609

that put me over the top on that one was

876

00:42:46,220 --> 00:42:43,859

Charles Hall I didn't read his book but

877

00:42:48,829 --> 00:42:46,230

I watched this long video on his

878

00:42:51,980 --> 00:42:48,839

millennial series and listened to

879

00:42:55,180 --> 00:42:51,990

everything and it just blew me away but

880

00:42:57,620 --> 00:42:55,190

there was one story that he told that

881

00:43:01,970 --> 00:42:57,630

that like I say just put me over the top

882

00:43:05,380 --> 00:43:01,980

it was that over on in the spring

883

00:43:08,809 --> 00:43:05,390

mountains not far from Charles

884

00:43:10,490 --> 00:43:08,819

Charleston now Charleston is the place

885

00:43:12,710 --> 00:43:10,500

called wheel or pass it's all part of

886

00:43:16,460 --> 00:43:12,720

that same mountain range and wheeler

887

00:43:19,900 --> 00:43:16,470

pass is a little dirt road that goes

888

00:43:23,059 --> 00:43:19,910

through it that goes from Cold Creek on

889

00:43:25,880 --> 00:43:23,069

our side of the mountain over to Pahrump

890

00:43:28,130 --> 00:43:25,890

on the other side and I you know only a

891

00:43:30,019 --> 00:43:28,140

four-wheel drive will make that trip but

892

00:43:32,359 --> 00:43:30,029

when you get up into the middle of it's

893

00:43:37,249 --> 00:43:32,369

very isolated it's up on the mountain

894

00:43:40,670 --> 00:43:37,259

and it's an old from the old western

895

00:43:44,180 --> 00:43:40,680

days a charcoal kiln where they would

896

00:43:49,160 --> 00:43:44,190

create make charcoal and anyway Charles

897

00:43:51,109 --> 00:43:49,170

said that these tall lights for whatever

898

00:43:54,410 --> 00:43:51,119

reason they would come and they would

899

00:43:56,960 --> 00:43:54,420

park their Scout crafts there and get

900

00:43:58,670 --> 00:43:56,970

out because it was fairly flat and I

901  
00:44:00,470 --> 00:43:58,680  
don't know the purpose for why they

902  
00:44:02,299 --> 00:44:00,480  
would park there it might be it's a

903  
00:44:05,559 --> 00:44:02,309  
little tall light children out to play

904  
00:44:10,460 --> 00:44:05,569  
or whatever I know it sounds crazy but

905  
00:44:12,589 --> 00:44:10,470  
this was one of his stories and so I I

906  
00:44:14,029 --> 00:44:12,599  
wanted to see where those charcoal kilns

907  
00:44:17,740 --> 00:44:14,039  
were it's because they're still there

908  
00:44:21,529 --> 00:44:17,750  
and I found him on you know Google

909  
00:44:25,160 --> 00:44:21,539  
Google Earth and so that was that I knew

910  
00:44:26,900 --> 00:44:25,170  
where they were well one night it was I

911  
00:44:29,820 --> 00:44:26,910  
actually know the date it was November

912  
00:44:34,170 --> 00:44:29,830  
12th uh

913  
00:44:41,110 --> 00:44:34,180

2006 I I'm sorry I'm sorry

914

00:44:43,990 --> 00:44:41,120

2016 I I catch three objects moving from

915

00:44:45,760 --> 00:44:44,000

the north part of the valley to over

916

00:44:47,500 --> 00:44:45,770

towards the Spring Mountains and I'm

917

00:44:50,500 --> 00:44:47,510

trying to follow them with that night

918

00:44:52,600 --> 00:44:50,510

vision monocular because you can't see

919

00:44:54,790 --> 00:44:52,610

them visually I could never see them

920

00:44:56,830 --> 00:44:54,800

with the naked eye but I'm following

921

00:45:00,850 --> 00:44:56,840

them and I know there's at least three

922

00:45:02,290 --> 00:45:00,860

and all of a sudden here they come and

923

00:45:04,990 --> 00:45:02,300

they're now at the little Madre

924

00:45:09,420 --> 00:45:05,000

Mountains over near where I live here

925

00:45:13,240 --> 00:45:09,430

right very close and when they went down

926  
00:45:15,190 --> 00:45:13,250  
one two three they went down at by that

927  
00:45:19,000 --> 00:45:15,200  
time I knew not to turn the camera off

928  
00:45:21,640 --> 00:45:19,010  
yet because about 10 or 15 seconds later

929  
00:45:24,400 --> 00:45:21,650  
here comes two more so they all went

930  
00:45:26,620 --> 00:45:24,410  
down five of them in one spot the thing

931  
00:45:29,020 --> 00:45:26,630  
is I can see exactly where they went

932  
00:45:32,380 --> 00:45:29,030  
down behind the mountain on the Madre

933  
00:45:35,500 --> 00:45:32,390  
mountain so I got on Google Earth later

934  
00:45:39,570 --> 00:45:35,510  
on and I just drew a line from my home

935  
00:45:43,510 --> 00:45:39,580  
through that mountain into infinity of

936  
00:45:46,420 --> 00:45:43,520  
where they went down and tyrannids

937  
00:45:50,260 --> 00:45:46,430  
probably guess where that line went

938  
00:45:53,740 --> 00:45:50,270

right through the middle of is the Clark

939

00:45:56,050 --> 00:45:53,750

County charcoal kilns so these five

940

00:45:59,590 --> 00:45:56,060

objects went down they never came back

941

00:46:02,080 --> 00:45:59,600

up and they were right in perfect

942

00:46:05,050 --> 00:46:02,090

alignment with those charcoal kilns

943

00:46:05,440 --> 00:46:05,060

right and that just that just did it for

944

00:46:08,260 --> 00:46:05,450

me

945

00:46:09,910 --> 00:46:08,270

I you know I can't prove it but I can

946

00:46:15,070 --> 00:46:09,920

make a good case sounds like a really

947

00:46:18,310 --> 00:46:15,080

good case that is an amazing area and it

948

00:46:21,790 --> 00:46:18,320

is my gosh you know the interesting

949

00:46:24,760 --> 00:46:21,800

thing is that the underground base thing

950

00:46:26,560 --> 00:46:24,770

here in Nevada like I said if you don't

951  
00:46:29,920 --> 00:46:26,570  
have to live here too long I think I've

952  
00:46:32,080 --> 00:46:29,930  
been here since 2014 and pretty soon you

953  
00:46:33,880 --> 00:46:32,090  
start knowing people I I can name a few

954  
00:46:36,070 --> 00:46:33,890  
just right within you know you could

955  
00:46:38,530 --> 00:46:36,080  
throw a rock and hit people that either

956  
00:46:40,780 --> 00:46:38,540  
have worked at area 51 work at Nellis

957  
00:46:44,020 --> 00:46:40,790  
worked at Creech work somewhere with

958  
00:46:46,660 --> 00:46:44,030  
top-secret clearance and one thing

959  
00:46:51,280 --> 00:46:46,670  
everybody agrees on is something is

960  
00:46:54,370 --> 00:46:51,290  
going on oh yeah yeah and I mean it

961  
00:46:56,020 --> 00:46:54,380  
could be part of it could be that you

962  
00:46:59,320 --> 00:46:56,030  
know everyone has a camera in their

963  
00:47:04,210 --> 00:46:59,330

pocket now but I don't think that's all

964

00:47:06,940 --> 00:47:04,220

of it early on Ryan I there was a

965

00:47:09,550 --> 00:47:06,950

concern I wasn't ignorant to the fact of

966

00:47:11,080 --> 00:47:09,560

what I was doing I felt like I can't get

967

00:47:14,560 --> 00:47:11,090

in trouble because I'm doing most of

968

00:47:17,170 --> 00:47:14,570

this from my own yard but for a long

969

00:47:19,240 --> 00:47:17,180

time I didn't mention anything about

970

00:47:20,890 --> 00:47:19,250

Nellis Air Force Base or anything like

971

00:47:24,190 --> 00:47:20,900

that because I was a little bit nervous

972

00:47:27,850 --> 00:47:24,200

about having somebody try to prevent me

973

00:47:30,760 --> 00:47:27,860

from doing this and the more time that

974

00:47:32,920 --> 00:47:30,770

went by the more I realized I'm not

975

00:47:35,740 --> 00:47:32,930

walking out of my home and finding some

976

00:47:38,860 --> 00:47:35,750

van with two weird people sitting at it

977

00:47:43,240 --> 00:47:38,870

watching me you know it's been almost

978

00:47:47,320 --> 00:47:43,250

six years and only twice did something

979

00:47:49,660 --> 00:47:47,330

unusual happen but other than that no

980

00:47:53,290 --> 00:47:49,670

one's bothered me and I'm just wondering

981

00:47:56,500 --> 00:47:53,300

if there if there has been some sort of

982

00:47:59,020 --> 00:47:56,510

soft to quote disclosure happening in

983

00:48:01,330 --> 00:47:59,030

other words you know the Navy's coming

984

00:48:03,970 --> 00:48:01,340

out and talking about tic tacs

985

00:48:06,810 --> 00:48:03,980

you know all of these details are coming

986

00:48:10,750 --> 00:48:06,820

out now and UFOs are becoming mainstream

987

00:48:14,440 --> 00:48:10,760

you know you've got Tom DeLonge and you

988

00:48:16,990 --> 00:48:14,450

know Robert Bigelow and all these big

989

00:48:20,080 --> 00:48:17,000

names Harry Reid they're all they're all

990

00:48:23,350 --> 00:48:20,090

going after this topic and nobody's

991

00:48:26,440 --> 00:48:23,360

trying to stop me so my feeling is is I

992

00:48:29,350 --> 00:48:26,450

think there is some sort of disclosure

993

00:48:31,030 --> 00:48:29,360

that's been happening but on the other

994

00:48:34,030 --> 00:48:31,040

hand there's the sight of me that says

995

00:48:36,430 --> 00:48:34,040

there's stuff that's so fantastic that

996

00:48:39,100 --> 00:48:36,440

even though they give us some amazing

997

00:48:41,680 --> 00:48:39,110

details we may not always ever hear all

998

00:48:44,410 --> 00:48:41,690

of it I think you're right and it's as

999

00:48:47,050 --> 00:48:44,420

far as Las Vegas being ground zero for

1000

00:48:50,980 --> 00:48:47,060

UFOs 100%

1001  
00:48:53,830 --> 00:48:50,990  
I mean Bigelow you have Harry Reid you

1002  
00:48:55,790 --> 00:48:53,840  
have Luis Elizondo

1003  
00:48:57,530 --> 00:48:55,800  
Colonel Alexander tor

1004  
00:49:02,810 --> 00:48:57,540  
to nap the list goes I mean I could just

1005  
00:49:06,650 --> 00:49:02,820  
going and it is obviously very UFO

1006  
00:49:09,860 --> 00:49:06,660  
friendly here the the proximity to area

1007  
00:49:12,740 --> 00:49:09,870  
51 and I have to ask you you said a

1008  
00:49:14,960 --> 00:49:12,750  
couple of times something weird happened

1009  
00:49:18,610 --> 00:49:14,970  
what were those things and what what

1010  
00:49:23,360 --> 00:49:18,620  
happened Steve well there was one time

1011  
00:49:25,550 --> 00:49:23,370  
where I was out in my backyard and I I

1012  
00:49:28,040 --> 00:49:25,560  
was actually had something I was

1013  
00:49:31,880 --> 00:49:28,050

shooting videos over towards downtown

1014

00:49:34,850 --> 00:49:31,890

Las Vegas and I see this light coming

1015

00:49:37,610 --> 00:49:34,860

from the distance and you don't think I

1016

00:49:40,460 --> 00:49:37,620

know what is that you know something

1017

00:49:40,940 --> 00:49:40,470

interesting is coming this way but so

1018

00:49:42,860 --> 00:49:40,950

anyway I

1019

00:49:45,440 --> 00:49:42,870

I turned the camera and I started

1020

00:49:47,840 --> 00:49:45,450

shooting and then I couldn't hear it it

1021

00:49:48,770 --> 00:49:47,850

was a helicopter oh it's a helicopter

1022

00:49:53,900 --> 00:49:48,780

okay

1023

00:49:55,730 --> 00:49:53,910

I turned the video off and you know went

1024

00:50:00,500 --> 00:49:55,740

back for watching for this thing that I

1025

00:50:04,040 --> 00:50:00,510

had been shooting video of and all of a

1026

00:50:06,020 --> 00:50:04,050

sudden it is a helicopter and all of a

1027

00:50:08,840 --> 00:50:06,030

sudden there's spotlights shining on me

1028

00:50:09,440 --> 00:50:08,850

as it's going over and I thought last

1029

00:50:10,940 --> 00:50:09,450

weird

1030

00:50:12,410 --> 00:50:10,950

okay well it's just probably a

1031

00:50:14,440 --> 00:50:12,420

coincidence because I see the police

1032

00:50:16,940 --> 00:50:14,450

helicopters all the time

1033

00:50:20,750 --> 00:50:16,950

well all of a sudden here comes again

1034

00:50:22,540 --> 00:50:20,760

and it got me a second time can they get

1035

00:50:25,010 --> 00:50:22,550

okay no that's that's really weird

1036

00:50:28,700 --> 00:50:25,020

because I am right in the middle of

1037

00:50:32,240 --> 00:50:28,710

shooting video of a UFO right and so by

1038

00:50:35,150 --> 00:50:32,250

the third time this time I I still have

1039

00:50:37,580 --> 00:50:35,160

the video I'm telling people on the

1040

00:50:39,830 --> 00:50:37,590

video okay here it comes again man and

1041

00:50:42,620 --> 00:50:39,840

third time and he could even see the

1042

00:50:44,240 --> 00:50:42,630

light shining on the neighbors roof okay

1043

00:50:48,920 --> 00:50:44,250

but that was the end of it that just

1044

00:50:50,720 --> 00:50:48,930

ended it left only the only weird part

1045

00:50:54,050 --> 00:50:50,730

that was left in that story is that

1046

00:50:56,690 --> 00:50:54,060

where that other UFO was that it was

1047

00:50:59,000 --> 00:50:56,700

shooting video of that's where the

1048

00:51:01,580 --> 00:50:59,010

helicopter ended up it went towards

1049

00:51:03,770 --> 00:51:01,590

downtown and ended up there so could

1050

00:51:07,640 --> 00:51:03,780

have all been a big coincidence I don't

1051  
00:51:12,650 --> 00:51:07,650  
know the other story was really weird

1052  
00:51:16,850 --> 00:51:12,660  
not that scary but weird I decided one

1053  
00:51:19,070 --> 00:51:16,860  
time to go and not tell anybody except

1054  
00:51:21,860 --> 00:51:19,080  
my wife and one other person what I was

1055  
00:51:25,580 --> 00:51:21,870  
doing I was going to go just to the

1056  
00:51:29,960 --> 00:51:25,590  
outside of Nellis Air Force Base with my

1057  
00:51:32,270 --> 00:51:29,970  
cameras and tripod and go to Apex where

1058  
00:51:35,000 --> 00:51:32,280  
everyone parks or going to the Nellis

1059  
00:51:37,760 --> 00:51:35,010  
Dunes actually where they park and they

1060  
00:51:40,520 --> 00:51:37,770  
unload their ATVs and four-wheelers and

1061  
00:51:43,580 --> 00:51:40,530  
everything and they ride because I see a

1062  
00:51:46,340 --> 00:51:43,590  
lot of weird things over there right so

1063  
00:51:48,770 --> 00:51:46,350

anyway I get there right before sundown

1064

00:51:50,360 --> 00:51:48,780

that's how my plan always is I get

1065

00:51:52,160 --> 00:51:50,370

outside before it gets dark just so I

1066

00:51:55,100 --> 00:51:52,170

can scan the area to see what's going on

1067

00:51:57,320 --> 00:51:55,110

and you know I've been there probably an

1068

00:51:59,900 --> 00:51:57,330

hour I had my tripod set up had the

1069

00:52:02,630 --> 00:51:59,910

camera ready and Ryan I'm not even

1070

00:52:06,740 --> 00:52:02,640

seeing an airplane lettle let alone a

1071

00:52:09,410 --> 00:52:06,750

UFO nothing and that area is also where

1072

00:52:13,010 --> 00:52:09,420

Las Vegas Boulevard runs into interstate

1073

00:52:14,480 --> 00:52:13,020

15 finally and I see this white truck

1074

00:52:16,640 --> 00:52:14,490

coming down the road and it has a

1075

00:52:18,110 --> 00:52:16,650

spotlight on the passenger side and

1076  
00:52:21,710 --> 00:52:18,120  
they're shining it all over the place

1077  
00:52:24,080 --> 00:52:21,720  
and it hits me but they don't stay on me

1078  
00:52:27,620 --> 00:52:24,090  
they and they turn off the road into the

1079  
00:52:29,420 --> 00:52:27,630  
dirt and they go in a park about 200

1080  
00:52:32,900 --> 00:52:29,430  
yards away from me behind me back

1081  
00:52:36,170 --> 00:52:32,910  
towards the paved road where I just came

1082  
00:52:38,210 --> 00:52:36,180  
from and they're just sitting there I

1083  
00:52:39,560 --> 00:52:38,220  
thought well they're not bothering me so

1084  
00:52:43,580 --> 00:52:39,570  
I'm just going to wait but nothing's

1085  
00:52:46,940 --> 00:52:43,590  
happening is boring as heck next thing I

1086  
00:52:50,060 --> 00:52:46,950  
know all of a sudden I hear my car light

1087  
00:52:53,110 --> 00:52:50,070  
my car lock and the lights start

1088  
00:52:56,240 --> 00:52:53,120

flashing I thought that's weird I

1089

00:52:58,820 --> 00:52:56,250

thought just like sometimes you

1090

00:53:01,190 --> 00:52:58,830

accidentally set off your car alarm I

1091

00:53:04,130 --> 00:53:01,200

thought that my little quiche you know

1092

00:53:06,080 --> 00:53:04,140

did did something that caused that so I

1093

00:53:08,750 --> 00:53:06,090

took my keys out of my pocket

1094

00:53:10,520 --> 00:53:08,760

and I was really actually thankful that

1095

00:53:12,140 --> 00:53:10,530

that they were in my pocket because I

1096

00:53:15,110 --> 00:53:12,150

would have been locked out and I

1097

00:53:17,300 --> 00:53:15,120

unlocked it and I put the keys back in

1098

00:53:20,060 --> 00:53:17,310

next thing you know within the next five

1099

00:53:21,680 --> 00:53:20,070

minutes it happened four more times and

1100

00:53:24,620 --> 00:53:21,690

on the fifth

1101

00:53:26,690 --> 00:53:24,630

I might already had my C's I'd already

1102

00:53:27,950 --> 00:53:26,700

made sure the buttons weren't stuck or

1103

00:53:30,530 --> 00:53:27,960

anything and I had them in the palm of

1104

00:53:32,540 --> 00:53:30,540

my hand just staring at them happened

1105

00:53:35,030 --> 00:53:32,550

again and I just started laughing

1106

00:53:37,460 --> 00:53:35,040

because I thought okay these guys it's

1107

00:53:39,770 --> 00:53:37,470

these guys these camo dudes that are in

1108

00:53:42,080 --> 00:53:39,780

this white Ranger or whatever it was

1109

00:53:43,910 --> 00:53:42,090

they were driving and they're sitting

1110

00:53:46,540 --> 00:53:43,920

behind me and they don't want me here

1111

00:53:49,610 --> 00:53:46,550

and the part I forgot to tell you is

1112

00:53:52,940 --> 00:53:49,620

earlier I mentioned to you a lady friend

1113

00:53:56,840 --> 00:53:52,950

who get daytime videos of metallic

1114

00:53:59,780 --> 00:53:56,850

spheres over in Centennial area hmm she

1115

00:54:02,750 --> 00:53:59,790

was the one I called to tell her where I

1116

00:54:07,010 --> 00:54:02,760

was going and that was a dumb mistake

1117

00:54:09,890 --> 00:54:07,020

because either they come to that

1118

00:54:11,690 --> 00:54:09,900

location all the time to get kind of

1119

00:54:14,600 --> 00:54:11,700

chase scare people away or chase them

1120

00:54:17,120 --> 00:54:14,610

out or they had my phone wired or in

1121

00:54:19,810 --> 00:54:17,130

tapped and knew I was going and and

1122

00:54:22,610 --> 00:54:19,820

decided we don't want this guy here

1123

00:54:26,090 --> 00:54:22,620

because I know we're running short on

1124

00:54:29,210 --> 00:54:26,100

time but I now have a friend who is a

1125

00:54:33,230 --> 00:54:29,220

former security specialist at Nellis Air

1126

00:54:37,610 --> 00:54:33,240

Force Base he was there between 2002 or

1127

00:54:41,240 --> 00:54:37,620

1998 and 2002 and the reason I met him

1128

00:54:43,550 --> 00:54:41,250

was he saw one of my videos that at home

1129

00:54:46,640 --> 00:54:43,560

with him because he remembers seeing

1130

00:54:49,250 --> 00:54:46,650

something his two words were extremely

1131

00:54:51,290 --> 00:54:49,260

similar to that and we became friends

1132

00:54:54,230 --> 00:54:51,300

and he told me as stories that go on

1133

00:54:58,490 --> 00:54:54,240

over there so that was the second weird

1134

00:55:01,970 --> 00:54:58,500

thing but other than that Ryan nothing

1135

00:55:04,010 --> 00:55:01,980

there's nobody bothers me I can say what

1136

00:55:07,130 --> 00:55:04,020

I want to say I can shoot where I want

1137

00:55:10,070 --> 00:55:07,140

to shoot and that's where I am right now

1138

00:55:12,320 --> 00:55:10,080

so I plan to continue and I'm not going

1139

00:55:15,530 --> 00:55:12,330

to worry about anybody those are really

1140

00:55:17,540 --> 00:55:15,540

cool really cool stories and yeah yeah

1141

00:55:19,910 --> 00:55:17,550

you kind of have to you can't go down

1142

00:55:21,800 --> 00:55:19,920

that pathway of paranoia I've seen

1143

00:55:23,120 --> 00:55:21,810

people seen others go down it and I like

1144

00:55:24,500 --> 00:55:23,130

your attitude how you're just like hey

1145

00:55:27,320 --> 00:55:24,510

I'm gonna do what I'm going to do and

1146

00:55:30,230 --> 00:55:27,330

you're very unique Steve in that you're

1147

00:55:32,480 --> 00:55:30,240

a Las Vegas local from inception that's

1148

00:55:34,190 --> 00:55:32,490

very rare especially living in Vegas you

1149

00:55:35,579 --> 00:55:34,200

know a lot of it's a very transient city

1150

00:55:37,799 --> 00:55:35,589

you have a lot of people that come here

1151  
00:55:39,479 --> 00:55:37,809  
when times are good they just want to

1152  
00:55:41,609 --> 00:55:39,489  
relax it's a great place to live

1153  
00:55:43,739 --> 00:55:41,619  
beautiful city you have the best food

1154  
00:55:46,499 --> 00:55:43,749  
you have the best entertainment what

1155  
00:55:49,349 --> 00:55:46,509  
people don't realize is we have some of

1156  
00:55:51,719 --> 00:55:49,359  
the most amazing geography around us as

1157  
00:55:53,640 --> 00:55:51,729  
well and I wanted to ask you about that

1158  
00:55:57,469 --> 00:55:53,650  
I find it strange that there's so many

1159  
00:56:00,719 --> 00:55:57,479  
centers and possible underground bases

1160  
00:56:02,670 --> 00:56:00,729  
there was an instance recently where you

1161  
00:56:04,259 --> 00:56:02,680  
always hear and I've heard John Mayer

1162  
00:56:04,559 --> 00:56:04,269  
talk about it I've spoken with him about

1163  
00:56:06,719 --> 00:56:04,569

it

1164

00:56:08,219 --> 00:56:06,729

yeah about these underground tunnels

1165

00:56:10,229 --> 00:56:08,229

that go everywhere and I always kind of

1166

00:56:13,259 --> 00:56:10,239

thought you know this is crazy well

1167

00:56:15,900 --> 00:56:13,269

there was an instance where I can't name

1168

00:56:18,150 --> 00:56:15,910

the individual they have a construction

1169

00:56:20,759 --> 00:56:18,160

anyway they were doing some work and

1170

00:56:23,370 --> 00:56:20,769

they were doing it down by the strip and

1171

00:56:25,289 --> 00:56:23,380

sure enough a machine of there's a very

1172

00:56:28,650 --> 00:56:25,299

heavy machine fell through the asphalt

1173

00:56:31,380 --> 00:56:28,660

and sure enough massive tunnels going in

1174

00:56:34,709 --> 00:56:31,390

every direction and I do find it yeah

1175

00:56:37,130 --> 00:56:34,719

it's like real stuff and I find it

1176

00:56:39,749 --> 00:56:37,140

strange that you know there's there's

1177

00:56:42,390 --> 00:56:39,759

legends of naval warfare centers

1178

00:56:47,400 --> 00:56:42,400

underground bases I can't remember

1179

00:56:49,380 --> 00:56:47,410

seeing so much confirmation or there's

1180

00:56:52,410 --> 00:56:49,390

just a lot of buzz about the military

1181

00:56:53,700 --> 00:56:52,420

and having things here in Nevada that

1182

00:56:56,670 --> 00:56:53,710

they don't have anywhere else in the

1183

00:56:59,249 --> 00:56:56,680

world so why wouldn't possible visitors

1184

00:57:01,079 --> 00:56:59,259

be looking other than the other things

1185

00:57:02,609 --> 00:57:01,089

we've mentioned which is you know the

1186

00:57:07,019 --> 00:57:02,619

list is getting longer and longer but

1187

00:57:09,630 --> 00:57:07,029

yeah why not visit yeah you know that's

1188

00:57:11,400 --> 00:57:09,640

why I'm doing this Ryan is that you know

1189

00:57:17,009 --> 00:57:11,410

I'm not trying to tell anybody that

1190

00:57:18,839 --> 00:57:17,019

these are aliens or black projects or

1191

00:57:21,719 --> 00:57:18,849

anything I'm not I'm not trying to do

1192

00:57:23,910 --> 00:57:21,729

that at all the only tried to thing I'm

1193

00:57:27,150 --> 00:57:23,920

trying to do is make people understand

1194

00:57:29,789 --> 00:57:27,160

through these videos is that you are

1195

00:57:33,239 --> 00:57:29,799

looking at a real video that is of a

1196

00:57:37,200 --> 00:57:33,249

real phenomenon here you know we don't

1197

00:57:39,509 --> 00:57:37,210

know what it is until we know you know

1198

00:57:42,479 --> 00:57:39,519

until people come forward that do know

1199

00:57:46,680 --> 00:57:42,489

what it is and that may never happen you

1200

00:57:49,170 --> 00:57:46,690

know but it is very real

1201  
00:57:52,670 --> 00:57:49,180  
and you know let's say I give up all of

1202  
00:57:55,589 --> 00:57:52,680  
my free time at night when I do this

1203  
00:57:59,190 --> 00:57:55,599  
because it's so important and I think

1204  
00:58:01,770 --> 00:57:59,200  
people need to know you know we in you

1205  
00:58:04,740 --> 00:58:01,780  
know in our lives in most of our lives

1206  
00:58:06,990 --> 00:58:04,750  
aren't aware of all of this going on so

1207  
00:58:09,750 --> 00:58:07,000  
there's all this fantastic stuff going

1208  
00:58:12,569 --> 00:58:09,760  
on and in the meantime it seems like all

1209  
00:58:15,690 --> 00:58:12,579  
of this nonsense we hear in the news is

1210  
00:58:18,540 --> 00:58:15,700  
almost as if it's designed to just

1211  
00:58:20,940 --> 00:58:18,550  
distract us from the really amazing

1212  
00:58:24,089 --> 00:58:20,950  
things that are going on you know that's

1213  
00:58:27,780 --> 00:58:24,099

why I won't I refuse to talk politics

1214

00:58:30,000 --> 00:58:27,790

with anybody I you know and I love that

1215

00:58:33,030 --> 00:58:30,010

because I can be friends with everybody

1216

00:58:35,339 --> 00:58:33,040

I don't have to worry about somebody

1217

00:58:37,250 --> 00:58:35,349

because there are a certain politic or a

1218

00:58:40,170 --> 00:58:37,260

certain religion or something like that

1219

00:58:42,329 --> 00:58:40,180

this involves all of us and I want to

1220

00:58:45,540 --> 00:58:42,339

make sure that everybody has a chance to

1221

00:58:48,300 --> 00:58:45,550

check this stuff out I agree this is

1222

00:58:51,329 --> 00:58:48,310

this is like actual amazing magical

1223

00:58:53,700 --> 00:58:51,339

stuff that people can like you said go

1224

00:58:55,410 --> 00:58:53,710

right out and look at and you know I'm

1225

00:58:57,780 --> 00:58:55,420

sure it's happening other places I

1226

00:59:00,359 --> 00:58:57,790

didn't know was sure even around the

1227

00:59:04,230 --> 00:59:00,369

valley I mean we happen to live in a

1228

00:59:06,390 --> 00:59:04,240

really neat place and I I'm extending

1229

00:59:08,640 --> 00:59:06,400

you an invitation right now let's get

1230

00:59:10,770 --> 00:59:08,650

together because if you have the spare

1231

00:59:13,200 --> 00:59:10,780

time I would love to do this with you

1232

00:59:15,559 --> 00:59:13,210

yeah and it you know fortunately for me

1233

00:59:18,270 --> 00:59:15,569

I usually cringe when you know I get

1234

00:59:20,819 --> 00:59:18,280

locals that can can we all get together

1235

00:59:22,790 --> 00:59:20,829

and go do this and you know usually as I

1236

00:59:25,740 --> 00:59:22,800

don't do it a lot but I've done it

1237

00:59:28,200 --> 00:59:25,750

probably four or five times and one time

1238

00:59:31,980 --> 00:59:28,210

we had a really nice sighting which was

1239

00:59:34,200 --> 00:59:31,990

nice but it's nice to have other people

1240

00:59:37,589 --> 00:59:34,210

that are very into this with you and

1241

00:59:39,599 --> 00:59:37,599

then it's even more exhilarating when

1242

00:59:43,170 --> 00:59:39,609

you do experience something that's

1243

00:59:45,300 --> 00:59:43,180

that's obviously I you know I don't know

1244

00:59:48,960 --> 00:59:45,310

if it's out of this world but it seems

1245

00:59:52,109 --> 00:59:48,970

that way yeah and I love your I love

1246

00:59:53,790 --> 00:59:52,119

your your style and your your thought

1247

00:59:55,319 --> 00:59:53,800

process and not you know jumping to the

1248

00:59:57,750 --> 00:59:55,329

conclusion that it's little green men

1249

01:00:00,330 --> 00:59:57,760

and flying saucers I think there there

1250

01:00:02,950 --> 01:00:00,340

may be you know other advance

1251

01:00:05,410 --> 01:00:02,960

hypothesis and really you're just

1252

01:00:08,400 --> 01:00:05,420

catching unidentified flying objects

1253

01:00:11,290 --> 01:00:08,410

that are related and you know to an

1254

01:00:13,240 --> 01:00:11,300

geographical area and it's it's it's

1255

01:00:14,830 --> 01:00:13,250

just so noble of you Steve I can't thank

1256

01:00:17,050 --> 01:00:14,840

you enough for coming on and talking

1257

01:00:18,700 --> 01:00:17,060

about it where can people keep up with

1258

01:00:20,010 --> 01:00:18,710

you on social media and watch your

1259

01:00:23,200 --> 01:00:20,020

videos and all of that

1260

01:00:28,390 --> 01:00:23,210

yeah the easiest way to do that I found

1261

01:00:31,960 --> 01:00:28,400

is to go to Google and just do a I don't

1262

01:00:36,280 --> 01:00:31,970

use Twitter but a Twitter hashtag or the

1263

01:00:39,700 --> 01:00:36,290

pound sign just do hash tag UFOs over

1264

01:00:43,030 --> 01:00:39,710

Vegas and when you do that in in in

1265

01:00:46,600 --> 01:00:43,040

Google you will find my youtube channel

1266

01:00:50,110 --> 01:00:46,610

and you'll find my facebook page and my

1267

01:00:53,890 --> 01:00:50,120

Facebook group that's all I have you

1268

01:00:56,740 --> 01:00:53,900

know I was not always the biggest fan of

1269

01:01:00,460 --> 01:00:56,750

social media but I realized I must use

1270

01:01:04,080 --> 01:01:00,470

it to get the word out and so that's the

1271

01:01:06,910 --> 01:01:04,090

way to do it and I try really hard to

1272

01:01:10,030 --> 01:01:06,920

engage with people on those two

1273

01:01:11,980 --> 01:01:10,040

platforms you know I hate it when you

1274

01:01:15,010 --> 01:01:11,990

see somebody posting videos and they

1275

01:01:17,980 --> 01:01:15,020

never make a comment or answer what so

1276

01:01:20,770 --> 01:01:17,990

as long as I can I will always do that I

1277

01:01:25,930 --> 01:01:20,780

may not be able to get to everything but

1278

01:01:27,730 --> 01:01:25,940

I I will try and you know I'd love to

1279

01:01:29,860 --> 01:01:27,740

see you guys and I don't care where

1280

01:01:32,860 --> 01:01:29,870

you're from but all over the planet I'm

1281

01:01:36,910 --> 01:01:32,870

getting a lot of visitors now from

1282

01:01:39,340 --> 01:01:36,920

France Mexico Ecuador all over the

1283

01:01:42,460 --> 01:01:39,350

planet and it's great because we have

1284

01:01:44,260 --> 01:01:42,470

Google's translation which I can have

1285

01:01:47,050 --> 01:01:44,270

conversations with people in their own

1286

01:01:48,640 --> 01:01:47,060

languages isn't it amazing

1287

01:01:52,870 --> 01:01:48,650

it's the world is becoming a smaller

1288

01:01:54,850 --> 01:01:52,880

place and can't appreciate you coming on

1289

01:01:56,980 --> 01:01:54,860

enough I can't wait to meet up with you

1290

01:01:58,930 --> 01:01:56,990

and get some research done and thanks

1291

01:02:02,320 --> 01:01:58,940

for all you do Steve I hope to talk to

1292

01:02:03,880 --> 01:02:02,330

you soon yeah thank you so much too

1293

01:02:07,090 --> 01:02:03,890

like I say I get a lot of invitations

1294

01:02:11,530 --> 01:02:07,100

but once I knew you or my neighbor it's

1295

01:02:13,120 --> 01:02:11,540

a given so anytime I shred my man Steve

1296

01:02:15,490 --> 01:02:13,130

Broome he's doing

1297

01:02:18,029 --> 01:02:15,500

stuff nobody else is doing doing it in a

1298

01:02:22,450 --> 01:02:18,039

place where nobody else is doing it and

1299

01:02:24,579 --> 01:02:22,460

ignoring the status quo this is exactly

1300

01:02:27,819 --> 01:02:24,589

the type of people we like to have on

1301  
01:02:30,640 --> 01:02:27,829  
hero paranormal he really doesn't care

1302  
01:02:32,740 --> 01:02:30,650  
what anybody thinks and that in my

1303  
01:02:37,839 --> 01:02:32,750  
opinion is the first step along this

1304  
01:02:40,599 --> 01:02:37,849  
happy happy path to realization that the

1305  
01:02:44,259 --> 01:02:40,609  
truth is rampant it's just not what is

1306  
01:02:44,980 --> 01:02:44,269  
accepted so anyway check out UFOs over

1307  
01:02:49,720 --> 01:02:44,990  
Vegas

1308  
01:02:52,809 --> 01:02:49,730  
Steve Barone great guy can't wait can't

1309  
01:02:54,819 --> 01:02:52,819  
wait to cruise all over the hills and

1310  
01:02:57,910 --> 01:02:54,829  
see what we see

1311  
01:03:01,599 --> 01:02:57,920  
check out Steve Brown UFOs over Vegas

1312  
01:03:04,779 --> 01:03:01,609  
he's on Facebook make it a point until

1313  
01:03:07,809 --> 01:03:04,789

next time everyone keep your eyes to the

1314

01:03:39,269 --> 01:03:07,819

skies feet on the ground but don't
