

A person stands on a beach at sunset, looking out at the ocean. The sky is a mix of blue, orange, and yellow, with a crescent moon and stars visible. The person's silhouette is reflected in the water in the foreground.

about that let's get to this interesting

42

00:02:35,060 --> 00:02:30,830

dilemma we have we have what seems to be

43

00:02:41,560 --> 00:02:35,070

since the beginning of this to the Stars

44

00:02:47,690 --> 00:02:45,860

Pentagon scenario because it's there's a

45

00:02:49,460 --> 00:02:47,700

lot of moving parts it's not it's not

46

00:02:51,410 --> 00:02:49,470

just one thing there's there's a lot

47

00:02:54,610 --> 00:02:51,420

going on and that's why we're bringing

48

00:02:58,670 --> 00:02:54,620

the guests that I chose for today who is

49

00:03:00,680 --> 00:02:58,680

without a doubt in my opinion one of the

50

00:03:02,930 --> 00:03:00,690

most knowledgeable people about all the

51  
00:03:04,310 --> 00:03:02,940  
working parts involved we're even going

52  
00:03:09,680 --> 00:03:04,320  
to get into things like the Wilson

53  
00:03:12,680 --> 00:03:09,690  
document how well whether or not it's

54  
00:03:17,030 --> 00:03:12,690  
real whether meta materials are being

55  
00:03:19,040 --> 00:03:17,040  
stored in a facility of private

56  
00:03:22,430 --> 00:03:19,050  
contractors possibly some here in Las

57  
00:03:23,660 --> 00:03:22,440  
Vegas truth is it really doesn't matter

58  
00:03:27,320 --> 00:03:23,670  
where it is stored

59  
00:03:30,110 --> 00:03:27,330  
what matters is what it is and it is a

60  
00:03:33,199 --> 00:03:30,120  
meta material it's possibly something

61  
00:03:35,150 --> 00:03:33,209  
that is not from this planet a lot of

62  
00:03:37,130 --> 00:03:35,160  
disagreement on that there's there's

63  
00:03:38,600 --> 00:03:37,140

like I said there's so many moving parts

64

00:03:42,410 --> 00:03:38,610

and that's why we've got the man with

65

00:03:44,600 --> 00:03:42,420

the plan best website on the planet to

66

00:03:46,910 --> 00:03:44,610

one-stop shop and get all the

67

00:03:49,280 --> 00:03:46,920

information you usually need to follow

68

00:03:53,510 --> 00:03:49,290

up with this stuff and that is silver

69

00:03:55,640 --> 00:03:53,520

record comm by now you know who he is he

70

00:03:58,670 --> 00:03:55,650

needs no introduction he's amazing in

71

00:04:01,550 --> 00:03:58,680

every shape and form one of my favorite

72

00:04:05,390 --> 00:04:01,560

guests Danny Silva welcome to the hero

73

00:04:08,000 --> 00:04:05,400

paranormal podcast great to talk to you

74

00:04:10,370 --> 00:04:08,010

oh that's great man

75

00:04:12,199 --> 00:04:10,380

how you doing I'm right now you know

76  
00:04:14,479 --> 00:04:12,209  
there's so much going on there's there's

77  
00:04:18,560 --> 00:04:14,489  
there's so much news there's UFO

78  
00:04:20,659 --> 00:04:18,570  
disclosure there is co vid 19 there's

79  
00:04:24,219 --> 00:04:20,669  
other stuff going on there's quarantine

80  
00:04:26,659 --> 00:04:24,229  
it's almost too much to handle however

81  
00:04:27,350 --> 00:04:26,669  
you seem to be handling it just plant

82  
00:04:30,469 --> 00:04:27,360  
how you been

83  
00:04:32,510 --> 00:04:30,479  
hold nut I've been good I've been

84  
00:04:35,390 --> 00:04:32,520  
quarantined I'm forgetting my dad so

85  
00:04:38,270 --> 00:04:35,400  
come on I insist to be writing or

86  
00:04:40,270 --> 00:04:38,280  
falling leaves and enough finally the

87  
00:04:43,850 --> 00:04:40,280  
COS on these kind of breakthrough you're

88  
00:04:47,420 --> 00:04:43,860

the poet new cycle which we really

89

00:04:50,629 --> 00:04:47,430

didn't think is possible right now true

90

00:04:52,339 --> 00:04:50,639

true and it is I guess it's Beltane

91

00:04:55,399 --> 00:04:52,349

happy Beltane I guess I should tell you

92

00:04:58,760 --> 00:04:55,409

May 1st which was technically yesterday

93

00:05:01,309 --> 00:04:58,770

but huh I didn't know this I found out

94

00:05:03,619 --> 00:05:01,319

today this is crazy man like you know

95

00:05:07,760 --> 00:05:03,629

like Mayday Mayday like when a plane is

96

00:05:10,309 --> 00:05:07,770

going down they or that came from Mayday

97

00:05:14,059 --> 00:05:10,319

May 1st or happy Beltane all kinds of

98

00:05:19,420 --> 00:05:14,069

weird occult stuff tied to it and what's

99

00:05:21,050 --> 00:05:19,430

strange is I guess Utah decided to just

100

00:05:22,820 --> 00:05:21,060

just go for it

101

00:05:24,950 --> 00:05:22,830

they just kind of like went for it today

102

00:05:27,559 --> 00:05:24,960

so they're just like doing a soft open I

103

00:05:30,769 --> 00:05:27,569

guess on the state so yeah Utah May

104

00:05:32,659 --> 00:05:30,779

first opening up a soft open on the

105

00:05:36,320 --> 00:05:32,669

state opening everything up seeing how

106

00:05:39,350 --> 00:05:36,330

it goes we will see if this is a good

107

00:05:41,809 --> 00:05:39,360

move or not keep it close I yeah yeah

108

00:05:44,570 --> 00:05:41,819

yeah and they're saying that about 10 11

109

00:05:48,649 --> 00:05:44,580

people will die a day as a consequence

110

00:05:50,360 --> 00:05:48,659

but we will see how that plays out but

111

00:05:52,100 --> 00:05:50,370

speak into Utah we'll get to that

112

00:05:54,140 --> 00:05:52,110

there's some weird stuff going on there

113

00:05:57,680 --> 00:05:54,150

but I'm sure have you been watching the

114

00:06:00,379 --> 00:05:57,690

show at all the skinwalker show ok

115

00:06:04,879 --> 00:06:00,389

official name secrets of skinwalker

116

00:06:07,430 --> 00:06:04,889

ranch on the History Channel it is by

117

00:06:11,719 --> 00:06:07,440

Prometheus Entertainment great group of

118

00:06:14,809 --> 00:06:11,729

people for sure and I just think it's

119

00:06:17,570 --> 00:06:14,819

cool that it is finally getting the

120

00:06:19,219 --> 00:06:17,580

attention it deserves no matter what you

121

00:06:22,040 --> 00:06:19,229

want to say about the show a lot of

122

00:06:25,820 --> 00:06:22,050

people are nitpicking but it is giving

123

00:06:29,089 --> 00:06:25,830

it attention yes that's awesome man ok

124

00:06:31,219 --> 00:06:29,099

cool talk about that for sure I wanted

125

00:06:34,430 --> 00:06:31,229

to talk to you about the craziest thing

126

00:06:36,230 --> 00:06:34,440

we had he had some of the most wild UFO

127

00:06:38,510 --> 00:06:36,240

disclosure that I've ever seen or

128

00:06:41,540 --> 00:06:38,520

expected to see in my entire lifetime

129

00:06:43,610 --> 00:06:41,550

right and a lot of people missed

130

00:06:45,140 --> 00:06:43,620

it just kind of it just kind of like

131

00:06:46,790 --> 00:06:45,150

slipped through the cracks what are your

132

00:06:50,900 --> 00:06:46,800

thoughts on that Danny what did you

133

00:06:53,120 --> 00:06:50,910

what's going on with that well it's been

134

00:06:55,070 --> 00:06:53,130

kind of waves of the Pentagon

135

00:06:55,999 --> 00:06:55,080

announcements from Susan gold the

136

00:06:58,790 --> 00:06:56,009

spokesperson

137

00:07:01,850 --> 00:06:58,800

she's kind of taken over all of the you

138

00:07:04,070 --> 00:07:01,860

ap commenting from the government

139

00:07:05,900 --> 00:07:04,080

spokespeople at this point because

140

00:07:07,730 --> 00:07:05,910

before that it was coming from a lot of

141

00:07:11,390 --> 00:07:07,740

other people and they were contradicting

142

00:07:13,370 --> 00:07:11,400

themselves and and it just wasn't

143

00:07:15,770 --> 00:07:13,380

organized so they kind of put a lid on

144

00:07:19,969 --> 00:07:15,780

it and put a bottom that ball and now

145

00:07:22,460 --> 00:07:19,979

only Susan go it was commenting she has

146

00:07:24,980 --> 00:07:22,470

consistently given false information or

147

00:07:26,629 --> 00:07:24,990

incorrect information or spun

148

00:07:29,870 --> 00:07:26,639

information however you want to put it

149

00:07:32,749 --> 00:07:29,880

but at the same time when she speaks and

150

00:07:35,779 --> 00:07:32,759

it hits the news like this it's it's

151

00:07:37,909 --> 00:07:35,789

great for the subject so well people

152

00:07:40,129 --> 00:07:37,919

that follow closely can are able to spot

153

00:07:42,230 --> 00:07:40,139

the misinformation for example she's

154

00:07:46,129 --> 00:07:42,240

saying that when the videos released

155

00:07:48,469 --> 00:07:46,139

were released in 2017 and 2018 they

156

00:07:52,129 --> 00:07:48,479

weren't authorized but we know from

157

00:07:55,820 --> 00:07:52,139

basically in writing from the weird

158

00:07:59,450 --> 00:07:55,830

emails between the Elizondo and dr.

159

00:08:03,860 --> 00:07:59,460

which is the agency that could preach

160

00:08:04,939 --> 00:08:03,870

them that the world so it's weird and I

161

00:08:06,320 --> 00:08:04,949

don't know if she's coming missing word

162

00:08:08,959 --> 00:08:06,330

but and I don't know why they're

163

00:08:12,260 --> 00:08:08,969

sticking to that part of it and then I

164

00:08:16,029 --> 00:08:12,270

view them releasing these videos now I

165

00:08:19,010 --> 00:08:16,039

kind of covered it back a little bit

166

00:08:20,839 --> 00:08:19,020

also one thing that's odd is a Dave lady

167

00:08:22,999 --> 00:08:20,849

a friend of mine who ran the metadata

168

00:08:25,219 --> 00:08:23,009

video hoping that they released is

169

00:08:27,980 --> 00:08:25,229

actually the Youtube version so it's not

170

00:08:30,320 --> 00:08:27,990

even like a you know inspected

171

00:08:33,190 --> 00:08:30,330

behind-the-scenes like Navy version like

172

00:08:35,360 --> 00:08:33,200

the resume of these over here on YouTube

173

00:08:37,040 --> 00:08:35,370

another thing that's she's saying that

174

00:08:40,010 --> 00:08:37,050

she's really sticking to her guns on is

175

00:08:41,639 --> 00:08:40,020

that the videos are longer and there's a

176

00:08:43,469 --> 00:08:41,649

multiple multiple

177

00:08:45,780 --> 00:08:43,479

witnesses and people involve you the

178

00:08:47,309 --> 00:08:45,790

subject also been told off the record

179

00:08:49,109 --> 00:08:47,319

that they are longer I mean why would

180

00:08:51,480 --> 00:08:49,119

they have to stop recording at that

181

00:08:53,999 --> 00:08:51,490

point I guess you could maybe say that

182

00:08:55,590 --> 00:08:54,009

those videos have been deleted since and

183

00:08:57,329 --> 00:08:55,600

that the ones where she currently has

184

00:08:59,009 --> 00:08:57,339

we're not like her but they were

185

00:09:03,199 --> 00:08:59,019

definitely or when they order captured

186

00:09:05,970 --> 00:09:03,209

the videos with that said though this

187

00:09:07,499 --> 00:09:05,980

little bit took the news every time this

188

00:09:10,079 --> 00:09:07,509

happens has been happening maybe like

189

00:09:12,359 --> 00:09:10,089

three or four times now it's kind of

190

00:09:15,389 --> 00:09:12,369

been a new wave in the media and exposes

191

00:09:18,269 --> 00:09:15,399

you know us or civilians as I call them

192

00:09:20,400 --> 00:09:18,279

sometimes to simulus us on it was you

193

00:09:22,679 --> 00:09:20,410

know what happened first in 2017 I was

194

00:09:26,129 --> 00:09:22,689

you to media push at the time a tip was

195

00:09:29,129 --> 00:09:26,139

also you know came out from the shadows

196

00:09:30,809 --> 00:09:29,139

we found out about a check and that was

197

00:09:33,269 --> 00:09:30,819

the gimbal and tick-tock video that was

198

00:09:36,290 --> 00:09:33,279

in December of 2017 and then it was

199

00:09:39,239 --> 00:09:36,300

March 2018 legal fast video was released

200

00:09:40,799 --> 00:09:39,249

and the do fast in the gimbal a post and

201  
00:09:44,100 --> 00:09:40,809  
the fleet attack video is from the West

202  
00:09:49,019 --> 00:09:44,110  
Coast Susan go saying that the prompt

203  
00:09:50,669 --> 00:09:49,029  
for still unidentified and which was not

204  
00:09:52,530 --> 00:09:50,679  
necessarily a big deal to the UFO

205  
00:09:56,129 --> 00:09:52,540  
community that it became a big deal kind

206  
00:09:59,519 --> 00:09:56,139  
of like this and and then it became a

207  
00:10:02,970 --> 00:09:59,529  
big media wave again and then now

208  
00:10:06,720 --> 00:10:02,980  
recently just last week I was at this

209  
00:10:09,419 --> 00:10:06,730  
week this week you know the Navy we

210  
00:10:11,519 --> 00:10:09,429  
released the videos and really doesn't

211  
00:10:14,189 --> 00:10:11,529  
mean a whole lot I mean we already had

212  
00:10:17,519 --> 00:10:14,199  
the videos just formulate from a UFO

213  
00:10:20,669 --> 00:10:17,529

community perspective but when I said it

214

00:10:22,379 --> 00:10:20,679

hit the news big-time the guy legs it's

215

00:10:23,999 --> 00:10:22,389

been picked up everywhere all across the

216

00:10:25,439 --> 00:10:24,009

world a lot of people are hearing about

217

00:10:27,600 --> 00:10:25,449

it from the first time a lot of people

218

00:10:30,360 --> 00:10:27,610

don't know that the views have been out

219

00:10:32,299 --> 00:10:30,370

for years and they're saying out about

220

00:10:35,789 --> 00:10:32,309

it for the first time and it's great and

221

00:10:38,309 --> 00:10:35,799

so we'll take that I mean where's can't

222

00:10:40,109 --> 00:10:38,319

be choosers and this is big publicity

223

00:10:42,059 --> 00:10:40,119

for the subject and keep there like

224

00:10:43,259 --> 00:10:42,069

learning about the videos for the first

225

00:10:45,480 --> 00:10:43,269

time they're learning about the subject

226

00:10:47,220 --> 00:10:45,490

for their first time learning about to

227

00:10:49,079 --> 00:10:47,230

the Stars Academy possibly for the first

228

00:10:52,350 --> 00:10:49,089

time so these are all great form of

229

00:10:53,370 --> 00:10:52,360

movement and despite the contradictions

230

00:10:57,270 --> 00:10:53,380

and kind of fibs

231

00:11:00,030 --> 00:10:57,280

don't waste time there and they're

232

00:11:02,280 --> 00:11:00,040

permitting the subject yeah it is almost

233

00:11:04,380 --> 00:11:02,290

like its back for the first time is what

234

00:11:07,830 --> 00:11:04,390

it really feels like because I've had

235

00:11:10,560 --> 00:11:07,840

all kinds of people who didn't know

236

00:11:12,180 --> 00:11:10,570

about it reach out to me I liked I liked

237

00:11:13,980 --> 00:11:12,190

some of the terms you used

238

00:11:16,950 --> 00:11:13,990

speaking of Susan going back to that

239

00:11:19,050 --> 00:11:16,960

real quick Danny you say what kind of

240

00:11:20,850 --> 00:11:19,060

stuff do we know what kind of stuff

241

00:11:22,090 --> 00:11:20,860

she's consistently given info about

242

00:11:26,900 --> 00:11:22,100

that's false

243

00:11:36,270 --> 00:11:34,020

basically the program yes he denied I

244

00:11:39,120 --> 00:11:36,280

was gonna run a program she's denied

245

00:11:43,130 --> 00:11:39,130

that years were supposed to be released

246

00:11:46,080 --> 00:11:43,140

every statement that she makes is like

247

00:11:49,110 --> 00:11:46,090

something for skeptics and the burgers

248

00:11:51,240 --> 00:11:49,120

to latch on to and she's contradicted

249

00:11:53,310 --> 00:11:51,250

other spokespeople other spokespeople

250

00:11:56,220 --> 00:11:53,320

said that Alessandra did have duties

251  
00:11:57,900 --> 00:11:56,230  
while he was there you know you know she

252  
00:12:01,470 --> 00:11:57,910  
may be missing words because a tip

253  
00:12:02,970 --> 00:12:01,480  
switched robos out and we originally

254  
00:12:05,460 --> 00:12:02,980  
using the DIA defense intelligence

255  
00:12:08,490 --> 00:12:05,470  
agency and then I mention office under

256  
00:12:10,140 --> 00:12:08,500  
the Secretary of Defense and from what I

257  
00:12:11,930 --> 00:12:10,150  
understand it's kind of muddy that's

258  
00:12:18,240 --> 00:12:11,940  
from what I understand is Lou ran it for

259  
00:12:20,970 --> 00:12:18,250  
OSD map dia so and then we know that the

260  
00:12:24,720 --> 00:12:20,980  
funny one out from us a paycheck that

261  
00:12:27,060 --> 00:12:24,730  
basically no continue that after that so

262  
00:12:29,610 --> 00:12:27,070  
is he only talking about before the

263  
00:12:31,920 --> 00:12:29,620

funding ran out because then it got more

264

00:12:33,990 --> 00:12:31,930

funding after all is she not privy to it

265

00:12:37,050 --> 00:12:34,000

and so it's just all this little

266

00:12:39,480 --> 00:12:37,060

stainless he makes there's just it's

267

00:12:43,230 --> 00:12:39,490

kind of going against what we know and

268

00:12:45,240 --> 00:12:43,240

what witnesses are telling us and it's

269

00:12:47,160 --> 00:12:45,250

been unfortunate and especially like I

270

00:12:49,590 --> 00:12:47,170

said selves we were getting more

271

00:12:50,640 --> 00:12:49,600

information from more people and they

272

00:12:52,620 --> 00:12:50,650

were realizing that they were

273

00:12:55,260 --> 00:12:52,630

contradicting themselves like they don't

274

00:12:57,690 --> 00:12:55,270

know what's happening and then you know

275

00:12:58,380 --> 00:12:57,700

see they put a stop to that and now it's

276

00:13:01,280 --> 00:12:58,390

other

277

00:13:04,370 --> 00:13:01,290

UFE statements are coming from her only

278

00:13:06,980 --> 00:13:04,380

in her defense you know maybe she's

279

00:13:09,710 --> 00:13:06,990

or maybe she doesn't like a variable to

280

00:13:11,900 --> 00:13:09,720

be the case it could be people above her

281

00:13:15,020 --> 00:13:11,910

that have it out for Amazon dough or

282

00:13:16,880 --> 00:13:15,030

don't you know one Clary on the subject

283

00:13:18,890 --> 00:13:16,890

telling her to say certain things you

284

00:13:20,750 --> 00:13:18,900

know not very well tutorial she could

285

00:13:22,580 --> 00:13:20,760

just be following orders and it's not

286

00:13:26,090 --> 00:13:22,590

personal with her but the fact that

287

00:13:28,910 --> 00:13:26,100

matter is her name's on it and and it's

288

00:13:32,330 --> 00:13:28,920

just incorrect info or expiring so or

289

00:13:34,730 --> 00:13:32,340

its she's making a comment I'm a certain

290

00:13:36,830 --> 00:13:34,740

thing and then she stayed at broadly and

291

00:13:38,540 --> 00:13:36,840

they also could be part of useful

292

00:13:40,250 --> 00:13:38,550

community's fault because they're

293

00:13:42,860 --> 00:13:40,260

spending for comments as well as her

294

00:13:46,340 --> 00:13:42,870

spending them so it's been kind of a

295

00:13:48,260 --> 00:13:46,350

struggle over it's been like a year at

296

00:13:51,620 --> 00:13:48,270

least now but she's been making these

297

00:13:53,660 --> 00:13:51,630

comments that we just you know we really

298

00:13:57,830 --> 00:13:53,670

took didn't hand and they're probably

299

00:13:59,960 --> 00:13:57,840

saying it did and it was a portfolio it

300

00:14:01,820 --> 00:13:59,970

wasn't a giant program towards the end

301  
00:14:05,210 --> 00:14:01,830  
there and we know if he was still doing

302  
00:14:07,430 --> 00:14:05,220  
on now just has a different name to do

303  
00:14:10,100 --> 00:14:07,440  
witness reports and then Thomas from

304  
00:14:12,560 --> 00:14:10,110  
Elizondo and other people I'm not to

305  
00:14:14,090 --> 00:14:12,570  
mention it on identify the TV show they

306  
00:14:16,190 --> 00:14:14,100  
actually sat down with the parent a tip

307  
00:14:17,630 --> 00:14:16,200  
guys and spoke to them although they

308  
00:14:20,000 --> 00:14:17,640  
went on camera their faces a little

309  
00:14:22,310 --> 00:14:20,010  
blurry but yeah it's been a struggle

310  
00:14:24,230 --> 00:14:22,320  
with her and um and now she says that

311  
00:14:28,190 --> 00:14:24,240  
she's coming out with another statement

312  
00:14:31,340 --> 00:14:28,200  
about a tip soon so we're just you know

313  
00:14:33,710 --> 00:14:31,350

waiting to see what is gonna hightail is

314

00:14:36,080 --> 00:14:33,720

is she going to be truthful or is it

315

00:14:38,660 --> 00:14:36,090

going to be more of the same also she

316

00:14:41,960 --> 00:14:38,670

had promised that to be coming out with

317

00:14:45,260 --> 00:14:41,970

a statement statement because there's

318

00:14:46,820 --> 00:14:45,270

been so much she divert from some of

319

00:14:49,100 --> 00:14:46,830

this great reporting from Popular

320

00:14:51,800 --> 00:14:49,110

Mechanics to meet God and other people

321

00:14:53,830 --> 00:14:51,810

that have gotten so many witnesses and

322

00:14:55,880 --> 00:14:53,840

so much information and data

323

00:14:58,700 --> 00:14:55,890

contradicting what she is saying and

324

00:15:01,670 --> 00:14:58,710

also to the world away you know she is

325

00:15:03,740 --> 00:15:01,680

ducking him she isn't really commenting

326

00:15:06,620 --> 00:15:03,750

you know professionally like this she

327

00:15:07,970 --> 00:15:06,630

won't answer people back and things like

328

00:15:10,280 --> 00:15:07,980

that and these are major journalists

329

00:15:11,780 --> 00:15:10,290

that deserve you know comments and

330

00:15:12,730 --> 00:15:11,790

deserve to be in contact with

331

00:15:14,930 --> 00:15:12,740

spokespeople

332

00:15:16,550 --> 00:15:14,940

so she kind of had her back against the

333

00:15:17,810 --> 00:15:16,560

wall and she was supposed to be coming a

334

00:15:20,900 --> 00:15:17,820

little stable for a while

335

00:15:23,180 --> 00:15:20,910

months some people are speculating world

336

00:15:24,920 --> 00:15:23,190

we're trying to hide coronavirus and

337

00:15:26,600 --> 00:15:24,930

that's why that came out with visa

338

00:15:28,070 --> 00:15:26,610

he also things I'm not really I think

339

00:15:29,540 --> 00:15:28,080

these things have been on tack these

340

00:15:31,580 --> 00:15:29,550

comments from the Pentagon I've been on

341

00:15:33,110 --> 00:15:31,590

deck for a while and she finally decide

342

00:15:34,640 --> 00:15:33,120

to come out with them it wasn't that

343

00:15:37,550 --> 00:15:34,650

they're trying to prolong or anything

344

00:15:39,410 --> 00:15:37,560

again exactly and a lot of these things

345

00:15:43,100 --> 00:15:39,420

they seem like they're kind of coming

346

00:15:45,800 --> 00:15:43,110

back for the first time the the Wilson

347

00:15:48,350 --> 00:15:45,810

documents as well they kind of seem like

348

00:15:51,230 --> 00:15:48,360

they're back and they are in the

349

00:15:52,910 --> 00:15:51,240

forefront it's almost it's almost like

350

00:15:54,590 --> 00:15:52,920

there's so much going on and it may be

351

00:15:56,450 --> 00:15:54,600

it's just one of those things it's

352

00:16:00,080 --> 00:15:56,460

usually like that you know a lot of

353

00:16:02,120 --> 00:16:00,090

things happen all at once and the origin

354

00:16:03,470 --> 00:16:02,130

of that I don't know but Elizondo I

355

00:16:08,090 --> 00:16:03,480

think he's been doing a great job I

356

00:16:11,360 --> 00:16:08,100

heard the interestingly enough his

357

00:16:13,390 --> 00:16:11,370

interview oh I think I was I can't

358

00:16:15,770 --> 00:16:13,400

remember where I was but I actually

359

00:16:17,180 --> 00:16:15,780

heard it in Spanish I found it in

360

00:16:19,010 --> 00:16:17,190

Spanish first and I heard it and it was

361

00:16:22,070 --> 00:16:19,020

a great interview but then I heard it in

362

00:16:24,920 --> 00:16:22,080

English and it was even better but what

363

00:16:27,590 --> 00:16:24,930

are your thoughts on going back to the

364

00:16:31,130 --> 00:16:27,600

Wilson docks where do you think that is

365

00:16:35,710 --> 00:16:31,140

where's that headed I was a story in a

366

00:16:38,960 --> 00:16:35,720

small way in those days but according to

367

00:16:40,550 --> 00:16:38,970

thanks to a researcher archivist

368

00:16:43,580 --> 00:16:40,560

investigative journalist friend of mine

369

00:16:46,760 --> 00:16:43,590

Juliana Marinovich she actually found

370

00:16:50,000 --> 00:16:46,770

the documents online so we had them for

371

00:16:51,890 --> 00:16:50,010

months before everyone else and I didn't

372

00:16:53,300 --> 00:16:51,900

leak them out I knew that they would

373

00:16:56,870 --> 00:16:53,310

come out eventually because they were on

374

00:16:58,490 --> 00:16:56,880

Reddit and we had heard about them from

375

00:16:59,420 --> 00:16:58,500

great cameras that I think Emily was

376

00:17:02,480 --> 00:16:59,430

claiming that they were going to close

377

00:17:05,000 --> 00:17:02,490

disclosure and then we came across them

378

00:17:06,980 --> 00:17:05,010

and we and we you know we had to start

379

00:17:08,929 --> 00:17:06,990

I basically contacted every source I

380

00:17:10,460 --> 00:17:08,939

have everyone I know in the world and I

381

00:17:12,470 --> 00:17:10,470

was asking them about them behind the

382

00:17:14,630 --> 00:17:12,480

scenes everyone was telling me that they

383

00:17:16,460 --> 00:17:14,640

were real behind the scenes or 99% of

384

00:17:17,960 --> 00:17:16,470

everyone with somebody real and that

385

00:17:18,530 --> 00:17:17,970

doesn't mean the information in them

386

00:17:20,810 --> 00:17:18,540

Israel

387

00:17:22,490 --> 00:17:20,820

it means the documents actually happened

388

00:17:25,160 --> 00:17:22,500

Erik Davis actually interview you know

389

00:17:26,840 --> 00:17:25,170

those things that day I do believe that

390

00:17:28,640 --> 00:17:26,850

to be true this from comments from

391

00:17:30,950 --> 00:17:28,650

important people that

392

00:17:33,980 --> 00:17:30,960

proof of it now I don't but it's just my

393

00:17:36,050 --> 00:17:33,990

opinion anyway so we so I had that

394

00:17:38,210 --> 00:17:36,060

backing for months before it came out

395

00:17:41,300 --> 00:17:38,220

some people were going back after they

396

00:17:42,770 --> 00:17:41,310

found out about that you know it was my

397

00:17:45,530 --> 00:17:42,780

choice I knew he was going to come out

398

00:17:47,090 --> 00:17:45,540

if I'm free if I felt like I was the

399

00:17:49,070 --> 00:17:47,100

only way for it to come out then I would

400

00:17:50,960 --> 00:17:49,080

have felt differently and maybe I would

401  
00:17:52,460 --> 00:17:50,970  
wake up myself but since it was on the

402  
00:17:54,290 --> 00:17:52,470  
internet already I knew it was just a

403  
00:17:56,510 --> 00:17:54,300  
matter of time and frankly I didn't want

404  
00:17:58,580 --> 00:17:56,520  
to burn Eric Davis it didn't I didn't

405  
00:18:01,730 --> 00:17:58,590  
feel like it was my place to air out

406  
00:18:04,580 --> 00:18:01,740  
Eric Davis's you know laundry basically

407  
00:18:07,700 --> 00:18:04,590  
and and he's done a lot for the subject

408  
00:18:09,680 --> 00:18:07,710  
and over the years he's a legend smell

409  
00:18:12,110 --> 00:18:09,690  
respect them daily so I didn't want to

410  
00:18:14,270 --> 00:18:12,120  
you know put him in hot water and put

411  
00:18:16,370 --> 00:18:14,280  
this out and my friends that had it all

412  
00:18:18,290 --> 00:18:16,380  
so they basically read this that we all

413  
00:18:20,180 --> 00:18:18,300

decided the same thing if this wasn't a

414

00:18:20,870 --> 00:18:20,190

place to do it you really come out

415

00:18:22,880 --> 00:18:20,880

eventually

416

00:18:25,400 --> 00:18:22,890

if a year's house and it didn't come out

417

00:18:28,010 --> 00:18:25,410

and we were going to kind of rethink it

418

00:18:29,330 --> 00:18:28,020

and maybe leak it or something like that

419

00:18:31,970 --> 00:18:29,340

but you know we didn't even have to

420

00:18:34,130 --> 00:18:31,980

consider that ugly because we knew it

421

00:18:35,900 --> 00:18:34,140

would come out and it did it came out

422

00:18:37,580 --> 00:18:35,910

you know we were thinking it would come

423

00:18:38,180 --> 00:18:37,590

out every day every day that wasn't

424

00:18:39,980 --> 00:18:38,190

coming out

425

00:18:42,470 --> 00:18:39,990

we were amazed because it was a sitting

426

00:18:44,060 --> 00:18:42,480

right there so it took a couple months

427

00:18:46,910 --> 00:18:44,070

but like every single day were like okay

428

00:18:47,900 --> 00:18:46,920

this is the day it's because it was

429

00:18:49,910 --> 00:18:47,910

sitting on the Internet

430

00:18:51,560 --> 00:18:49,920

but um so then it finally did get

431

00:18:53,330 --> 00:18:51,570

noticed Richard Dolan started reporting

432

00:18:58,070 --> 00:18:53,340

that and I think it became like this

433

00:18:59,840 --> 00:18:58,080

huge story and ethology um I had so many

434

00:19:02,660 --> 00:18:59,850

people off the record tell me that they

435

00:19:04,520 --> 00:19:02,670

think it's real and but again it doesn't

436

00:19:06,140 --> 00:19:04,530

mean that the information that's

437

00:19:08,450 --> 00:19:06,150

contained and it is accurate because

438

00:19:08,930 --> 00:19:08,460

Wilson was just relaying what he was

439

00:19:14,780 --> 00:19:08,940

told

440

00:19:16,040 --> 00:19:14,790

accurate then I did he sat down with

441

00:19:18,530 --> 00:19:16,050

Eric Davis I think it was like in that

442

00:19:20,930 --> 00:19:18,540

car in the back of the car yes I believe

443

00:19:23,960 --> 00:19:20,940

he did and it gives us a lot to

444

00:19:28,190 --> 00:19:23,970

contemplate and from what we know about

445

00:19:29,420 --> 00:19:28,200

our ads um and in other places like

446

00:19:31,190 --> 00:19:29,430

Rocky where they're hiding this

447

00:19:32,690 --> 00:19:31,200

information you know allegedly and

448

00:19:36,050 --> 00:19:32,700

probably more than allegedly because

449

00:19:37,970 --> 00:19:36,060

it's everyone was saying that um I

450

00:19:40,160 --> 00:19:37,980

actually say this about subjects of

451  
00:19:41,610 --> 00:19:40,170  
municipal surely all these other groups

452  
00:19:43,770 --> 00:19:41,620  
multi groups are same

453  
00:19:45,930 --> 00:19:43,780  
even the groups that don't like each

454  
00:19:48,270 --> 00:19:45,940  
other stay in the same thing like

455  
00:19:49,890 --> 00:19:48,280  
they're all saying that some of the co

456  
00:19:51,900 --> 00:19:49,900  
so subjective may be some of the CFO of

457  
00:19:54,780 --> 00:19:51,910  
material and technology and things like

458  
00:19:57,120 --> 00:19:54,790  
that is hidden in private contractors

459  
00:19:59,250 --> 00:19:57,130  
that way it's hidden away from FOIA and

460  
00:20:01,980 --> 00:19:59,260  
places like that so everyone is saying

461  
00:20:04,260 --> 00:20:01,990  
that across the board so I have to give

462  
00:20:08,070 --> 00:20:04,270  
it credence and I think it's relevant

463  
00:20:10,020 --> 00:20:08,080

and I think it's true and that was clear

464

00:20:12,780 --> 00:20:10,030

with the Rossum documents it was really

465

00:20:15,720 --> 00:20:12,790

clear the thing that was scary

466

00:20:17,610 --> 00:20:15,730

but the lesson documents was that he

467

00:20:19,290 --> 00:20:17,620

wasn't able to access the stuff and he

468

00:20:20,760 --> 00:20:19,300

was maybe he didn't have a need to know

469

00:20:23,610 --> 00:20:20,770

but he was definitely a really important

470

00:20:24,990 --> 00:20:23,620

person in the government they also told

471

00:20:29,430 --> 00:20:25,000

him basically if he wanted to be

472

00:20:31,650 --> 00:20:29,440

promoted so industries about wrongdoing

473

00:20:35,430 --> 00:20:31,660

in my mind I mean they're basically

474

00:20:38,400 --> 00:20:35,440

holding promotions over his head to get

475

00:20:40,230 --> 00:20:38,410

him to stop talking about it and but but

476  
00:20:43,740 --> 00:20:40,240  
at the same time I see that status

477  
00:20:44,940 --> 00:20:43,750  
document using a cross exposure and I

478  
00:20:47,130 --> 00:20:44,950  
knew that the reports that it would

479  
00:20:48,630 --> 00:20:47,140  
cause the schools are immediately or

480  
00:20:50,640 --> 00:20:48,640  
inaccurate that was my opinion at least

481  
00:20:52,230 --> 00:20:50,650  
I couldn't tell the future but that's

482  
00:20:53,910 --> 00:20:52,240  
what I was thinking because Wilson

483  
00:20:57,660 --> 00:20:53,920  
basically we had to come forward and

484  
00:21:01,500 --> 00:20:57,670  
talk about it even if Eric Davis came

485  
00:21:04,740 --> 00:21:01,510  
forward and said it was denied it but he

486  
00:21:05,970 --> 00:21:04,750  
has to kind of watch what he says that's

487  
00:21:07,590 --> 00:21:05,980  
just kind of an anecdote

488  
00:21:09,840 --> 00:21:07,600

so really Admiral Wilson would have to

489

00:21:13,100 --> 00:21:09,850

come out and say was real and he had

490

00:21:15,330 --> 00:21:13,110

already been asked about it over time

491

00:21:18,450 --> 00:21:15,340

previous decade and we knew he wasn't

492

00:21:20,880 --> 00:21:18,460

going to come out unless he does now I

493

00:21:22,710 --> 00:21:20,890

just don't think that document is going

494

00:21:25,620 --> 00:21:22,720

to do what we wanted to do and what we

495

00:21:28,560 --> 00:21:25,630

think it might do and he's denying it

496

00:21:30,720 --> 00:21:28,570

he's not talking to reporters and stuff

497

00:21:32,160 --> 00:21:30,730

like that so I disagreed with him and I

498

00:21:33,990 --> 00:21:32,170

turned out to be right and it didn't

499

00:21:36,419 --> 00:21:34,000

cause disclosure like people were

500

00:21:38,150 --> 00:21:36,429

claiming and it's really amazing and it

501  
00:21:41,070 --> 00:21:38,160  
gives us some really great insight into

502  
00:21:44,250 --> 00:21:41,080  
the inner workings and what's going on

503  
00:21:46,799 --> 00:21:44,260  
and some of basically corrupt ways that

504  
00:21:48,720 --> 00:21:46,809  
things are handled and how even these

505  
00:21:50,730 --> 00:21:48,730  
Admirals are getting upset because

506  
00:21:53,490 --> 00:21:50,740  
they're not getting access to what they

507  
00:21:54,180 --> 00:21:53,500  
want to get access to know now yeah I

508  
00:21:55,590 --> 00:21:54,190  
just didn't

509  
00:21:58,080 --> 00:21:55,600  
disclosure there's other things in it

510  
00:22:01,049 --> 00:21:58,090  
that are pretty interesting but I take

511  
00:22:03,840 --> 00:22:01,059  
them 10 of us the opinion as whoever was

512  
00:22:06,659 --> 00:22:03,850  
talking to Wilson it's their opinion and

513  
00:22:09,570 --> 00:22:06,669

it was necessarily a solid fact I think

514

00:22:10,860 --> 00:22:09,580

you even intimated that there's like no

515

00:22:14,190 --> 00:22:10,870

abductions up there only done by

516

00:22:16,980 --> 00:22:14,200

military to trick people you know that's

517

00:22:18,539 --> 00:22:16,990

really um controversial and a lot of

518

00:22:22,470 --> 00:22:18,549

people wouldn't agree with that so you

519

00:22:25,379 --> 00:22:22,480

know it's just an inside work and uh and

520

00:22:26,970 --> 00:22:25,389

you know this might have you know if I

521

00:22:28,769 --> 00:22:26,980

can even listen would come out and maybe

522

00:22:30,210 --> 00:22:28,779

he will maybe when he gets already

523

00:22:32,009 --> 00:22:30,220

experimental talk about the course of

524

00:22:34,680 --> 00:22:32,019

that clip at this point I just don't

525

00:22:37,740 --> 00:22:34,690

think he's motivated to do so yeah it is

526

00:22:40,019 --> 00:22:37,750

one of those documents this document in

527

00:22:41,789 --> 00:22:40,029

my opinion I'm with oh I'm with you my

528

00:22:45,049 --> 00:22:41,799

ma'am the minute I hear that Eric Davis

529

00:22:47,700 --> 00:22:45,059

is involved with or a part of a project

530

00:22:49,080 --> 00:22:47,710

legitimacy just won a front seat he's

531

00:22:50,549 --> 00:22:49,090

the kind of guy you want working on

532

00:22:52,649 --> 00:22:50,559

these things for sure

533

00:22:55,669 --> 00:22:52,659

I hear Eric Davis's name involvement

534

00:22:58,220 --> 00:22:55,679

with the project I look at the data I'm

535

00:23:00,299 --> 00:22:58,230

immediately convinced that it's truthful

536

00:23:02,310 --> 00:23:00,309

he's done so much for the community

537

00:23:04,310 --> 00:23:02,320

you're right I think it's interesting

538

00:23:07,049 --> 00:23:04,320

that you guys knew it would come out

539

00:23:09,810 --> 00:23:07,059

eventually this whole document leaking

540

00:23:12,509 --> 00:23:09,820

is it's it's huge

541

00:23:14,430 --> 00:23:12,519

I think Dolan talks about it as the

542

00:23:17,249 --> 00:23:14,440

biggest biggest thing ever

543

00:23:20,610 --> 00:23:17,259

in ufology and what's interesting about

544

00:23:22,440 --> 00:23:20,620

it is it a lot of times people get

545

00:23:24,570 --> 00:23:22,450

freaked out about like the accuracy like

546

00:23:27,840 --> 00:23:24,580

you were saying is this is this genuine

547

00:23:30,480 --> 00:23:27,850

is this exactly you know is everything

548

00:23:33,060 --> 00:23:30,490

adding up and they are forgetting that

549

00:23:37,820 --> 00:23:33,070

in many realms the government acts with

550

00:23:41,279 --> 00:23:37,830

a certainty and an ability of using

551  
00:23:44,279 --> 00:23:41,289  
compartmentalization and information in

552  
00:23:46,590 --> 00:23:44,289  
a way that nobody else does so you could

553  
00:23:48,330 --> 00:23:46,600  
be working on a project but you have no

554  
00:23:52,019 --> 00:23:48,340  
origin where that project came from you

555  
00:23:53,759 --> 00:23:52,029  
have no idea where it's headed and it

556  
00:23:55,769 --> 00:23:53,769  
could be speculation but a lot of people

557  
00:23:57,480 --> 00:23:55,779  
freak out because oh this person says

558  
00:24:01,200 --> 00:23:57,490  
this this person says that but yet they

559  
00:24:03,690 --> 00:24:01,210  
don't have all the pieces and of course

560  
00:24:06,690 --> 00:24:03,700  
they're not handed really any pieces it

561  
00:24:07,500 --> 00:24:06,700  
is scary that the access is so need to

562  
00:24:09,840 --> 00:24:07,510  
know

563  
00:24:14,370 --> 00:24:09,850

with Eric Davis I'm just like man how

564

00:24:15,810 --> 00:24:14,380

many NDA's is he under yeah and I'm sure

565

00:24:19,800 --> 00:24:15,820

he got into some hot water with this

566

00:24:22,590 --> 00:24:19,810

thing mate and you know I hate to hear

567

00:24:24,930 --> 00:24:22,600

that because you know he's done so much

568

00:24:27,330 --> 00:24:24,940

for the topic and for the community but

569

00:24:29,430 --> 00:24:27,340

at the same time it was great good to

570

00:24:33,060 --> 00:24:29,440

see it I think it was valuable really

571

00:24:35,010 --> 00:24:33,070

valuable in that regard but yeah I'm

572

00:24:38,940 --> 00:24:35,020

pretty sure Eric Davis has gone through

573

00:24:41,280 --> 00:24:38,950

some some troubles since that leak and

574

00:24:43,200 --> 00:24:41,290

you know there's more new documents

575

00:24:44,520 --> 00:24:43,210

there's a few others that came out you

576

00:24:48,120 --> 00:24:44,530

know reportedly they were from Edgar

577

00:24:49,440 --> 00:24:48,130

Mitchell uh the state or some of them

578

00:24:49,770 --> 00:24:49,450

actually people he was still alive I

579

00:24:52,590 --> 00:24:49,780

think

580

00:24:54,000 --> 00:24:52,600

but I'll there's a lot of area documents

581

00:24:56,970 --> 00:24:54,010

from women there and they have an

582

00:24:59,010 --> 00:24:56,980

optimal obviously this thing is pretty

583

00:25:00,960 --> 00:24:59,020

simple so you know we can understand why

584

00:25:03,480 --> 00:25:00,970

they haven't released it when you say

585

00:25:07,230 --> 00:25:03,490

it's from Edgar Mitchell's estate that's

586

00:25:08,970 --> 00:25:07,240

really interesting and it was it you

587

00:25:12,990 --> 00:25:08,980

said it has been published or it's going

588

00:25:15,990 --> 00:25:13,000

to be published or the state basically

589

00:25:16,950 --> 00:25:16,000

had a lot of that there was 30 days and

590

00:25:18,650 --> 00:25:16,960

you know I don't know this for a fact

591

00:25:21,060 --> 00:25:18,660

the story goes that once he passed away

592

00:25:23,340 --> 00:25:21,070

you know he had all these papers and

593

00:25:25,230 --> 00:25:23,350

documents and his family didn't know

594

00:25:27,510 --> 00:25:25,240

what to do with them all there was all

595

00:25:28,980 --> 00:25:27,520

this correspondence you know we're kind

596

00:25:31,170 --> 00:25:28,990

of missing out now because we're doing

597

00:25:33,030 --> 00:25:31,180

everything electronically whereas back

598

00:25:34,380 --> 00:25:33,040

then these guys are writing letters you

599

00:25:37,920 --> 00:25:34,390

know paper letters and they're sitting

600

00:25:40,020 --> 00:25:37,930

in the box and they're easier to uncover

601  
00:25:42,690 --> 00:25:40,030  
you know years later for historical

602  
00:25:45,780 --> 00:25:42,700  
purposes but yeah the story goes that

603  
00:25:47,940 --> 00:25:45,790  
his family you know found you know all

604  
00:25:51,480 --> 00:25:47,950  
this stuff they didn't want to do that

605  
00:25:53,850 --> 00:25:51,490  
and somehow I go to other people's hands

606  
00:25:56,730 --> 00:25:53,860  
and the story also those that it's not

607  
00:25:58,830 --> 00:25:56,740  
illegal that it came out sensitive

608  
00:26:02,250 --> 00:25:58,840  
information the none of this is like

609  
00:26:04,860 --> 00:26:02,260  
classified or anything like that that

610  
00:26:06,660 --> 00:26:04,870  
technically so there's an illegal that I

611  
00:26:09,000 --> 00:26:06,670  
came out but yeah it supposedly came

612  
00:26:13,380 --> 00:26:09,010  
from it astronaut Edgar Mitchell it was

613  
00:26:15,570 --> 00:26:13,390

a big beautiful advocate and he was you

614

00:26:16,320 --> 00:26:15,580

know involved with a lot of stuff going

615

00:26:17,830 --> 00:26:16,330

on back there

616

00:26:20,379 --> 00:26:17,840

and supposedly came

617

00:26:22,959 --> 00:26:20,389

his belongings basically after he passed

618

00:26:25,509 --> 00:26:22,969

away you know that's really cool and I

619

00:26:27,339 --> 00:26:25,519

don't doubt it for a minute it is from

620

00:26:29,499 --> 00:26:27,349

historical data perspectives it's

621

00:26:32,529 --> 00:26:29,509

amazing the sensitive stuff you can come

622

00:26:34,180 --> 00:26:32,539

across and like you said if it was in

623

00:26:37,659 --> 00:26:34,190

other people's hands it might be

624

00:26:40,209 --> 00:26:37,669

classified but it's still not it's it's

625

00:26:43,119 --> 00:26:40,219

okay that it's out in the public a lot

626  
00:26:45,969 --> 00:26:43,129  
of people are really really aiming high

627  
00:26:47,469 --> 00:26:45,979  
with their FOIA --iz and the requests

628  
00:26:49,389 --> 00:26:47,479  
their Freedom of Information Act

629  
00:26:52,029 --> 00:26:49,399  
requests it's getting a lot of coverage

630  
00:26:55,389 --> 00:26:52,039  
but I'm not seeing anything quite like

631  
00:26:59,109 --> 00:26:55,399  
the Wilson letter yeah and you know that

632  
00:27:03,820 --> 00:26:59,119  
into government the government form that

633  
00:27:06,129 --> 00:27:03,830  
was from Eric Davis and he he wrote it

634  
00:27:07,560 --> 00:27:06,139  
down and as a member of mids so he

635  
00:27:10,659 --> 00:27:07,570  
wasn't doing that as a government

636  
00:27:12,430 --> 00:27:10,669  
employee so none of that is like this

637  
00:27:15,849 --> 00:27:12,440  
not a government document is not subject

638  
00:27:17,889 --> 00:27:15,859

to FOIA it's private and there has been

639

00:27:20,469 --> 00:27:17,899

some question about what Wilson was

640

00:27:23,169 --> 00:27:20,479

supposed to report on his end because he

641

00:27:26,079 --> 00:27:23,179

was the government employee but I don't

642

00:27:27,190 --> 00:27:26,089

know too much about that but it sounded

643

00:27:30,789 --> 00:27:27,200

basically like an off-the-record

644

00:27:32,320 --> 00:27:30,799

discussion between Wilson and Vegas but

645

00:27:33,849 --> 00:27:32,330

yeah I heard Davis was not a girlfriend

646

00:27:36,239 --> 00:27:33,859

employer at the time so doesn't I keep

647

00:27:38,619 --> 00:27:36,249

explaining that anyways it is in its

648

00:27:41,169 --> 00:27:38,629

bachelors to the discovery science which

649

00:27:42,759 --> 00:27:41,179

wasn't a government organization there

650

00:27:47,320 --> 00:27:42,769

was a private organization nothing is

651  
00:27:49,629 --> 00:27:47,330  
for Apple with any of that and and even

652  
00:27:51,369 --> 00:27:49,639  
with that said once this stuff is hidden

653  
00:27:54,549 --> 00:27:51,379  
in private contractors you cancel yeah

654  
00:27:57,190 --> 00:27:54,559  
it either so you know before you guys

655  
00:27:59,200 --> 00:27:57,200  
are doing great work but they have a lot

656  
00:28:00,729 --> 00:27:59,210  
of they have a deck stacked against them

657  
00:28:03,639 --> 00:28:00,739  
basically and a lot of different ways

658  
00:28:05,619 --> 00:28:03,649  
yeah that's it's neat that it's like

659  
00:28:07,450 --> 00:28:05,629  
well I don't know I mean not that this

660  
00:28:08,950 --> 00:28:07,460  
stuff can be subject to FOIA but it's

661  
00:28:12,279 --> 00:28:08,960  
neat that you had such an integral part

662  
00:28:14,709 --> 00:28:12,289  
of this Danny you're so so involved the

663  
00:28:18,159 --> 00:28:14,719

interesting thing I think is the meta

664

00:28:21,279 --> 00:28:18,169

materials and how UFO pieces debris

665

00:28:25,119 --> 00:28:21,289

whatever you want to call them I I know

666

00:28:26,950 --> 00:28:25,129

for one in my mind without a doubt you

667

00:28:29,680 --> 00:28:26,960

know if somebody put a gun to my head I

668

00:28:31,630 --> 00:28:29,690

think I could lead them where I think

669

00:28:34,150 --> 00:28:31,640

they are but

670

00:28:37,180 --> 00:28:34,160

it is not something that I comment

671

00:28:39,100 --> 00:28:37,190

publicly about but at the same time I

672

00:28:42,160 --> 00:28:39,110

believe they're real and I know that a

673

00:28:43,810 --> 00:28:42,170

lot of people don't I know that it's

674

00:28:46,510 --> 00:28:43,820

it's controversial what are your

675

00:28:48,490 --> 00:28:46,520

thoughts on these that's another subject

676  
00:28:51,520 --> 00:28:48,500  
where all these groups across the board

677  
00:28:54,549 --> 00:28:51,530  
are a same thing they're all saying that

678  
00:28:58,030 --> 00:28:54,559  
there's pieces of UFOs I American

679  
00:29:01,060 --> 00:28:58,040  
locations also reported locations of

680  
00:29:03,240 --> 00:29:01,070  
crashes you know supposedly we can read

681  
00:29:04,990 --> 00:29:03,250  
about them in different birds and

682  
00:29:06,400 --> 00:29:05,000  
different places or I don't know

683  
00:29:08,169 --> 00:29:06,410  
actually public where people say they

684  
00:29:10,750 --> 00:29:08,179  
found myself in those crashes but I

685  
00:29:12,760 --> 00:29:10,760  
definitely think it's true and I think

686  
00:29:14,080 --> 00:29:12,770  
different pieces floating around not

687  
00:29:16,900 --> 00:29:14,090  
only in the government but in private

688  
00:29:21,070 --> 00:29:16,910

ads for a really long time decades and

689

00:29:23,470 --> 00:29:21,080

decades but yet everyone is saying it

690

00:29:24,789 --> 00:29:23,480

across the board I didn't accurate and

691

00:29:27,520 --> 00:29:24,799

you know I have to take it extremely

692

00:29:29,110 --> 00:29:27,530

seriously not only that but we have you

693

00:29:30,970 --> 00:29:29,120

know the crater with the government and

694

00:29:33,159 --> 00:29:30,980

to the Stars Academy right now or

695

00:29:34,419 --> 00:29:33,169

they're studying pieces there's all

696

00:29:36,970 --> 00:29:34,429

these other pieces being analyzed

697

00:29:39,970 --> 00:29:36,980

Jacques Frere doing a lot of work with

698

00:29:41,289 --> 00:29:39,980

that behind the scenes we're trying to

699

00:29:42,430 --> 00:29:41,299

go the science around it and get it

700

00:29:44,799 --> 00:29:42,440

peer-reviewed and everything like that

701  
00:29:46,299 --> 00:29:44,809  
but even in the new season that when

702  
00:29:48,460 --> 00:29:46,309  
identified coming out there to the Stars

703  
00:29:49,600 --> 00:29:48,470  
Academy it's going to show them I think

704  
00:29:52,120 --> 00:29:49,610  
it's going to show them picking up

705  
00:29:54,490 --> 00:29:52,130  
pieces I can Central America South

706  
00:29:56,580 --> 00:29:54,500  
America and just other places but

707  
00:29:59,230 --> 00:29:56,590  
there's all those crashes in New Mexico

708  
00:30:00,909 --> 00:29:59,240  
in the 40s I don't know that every

709  
00:30:04,330 --> 00:30:00,919  
single one of them was real but it

710  
00:30:06,669 --> 00:30:04,340  
definitely seems like some of the the

711  
00:30:10,890 --> 00:30:06,679  
crashes were real brain can't actually

712  
00:30:14,140 --> 00:30:10,900  
released some photos recently of the

713  
00:30:17,110 --> 00:30:14,150

some pieces and according to

714

00:30:19,270 --> 00:30:17,120

descriptions of the pieces these looked

715

00:30:21,669 --> 00:30:19,280

like they said the very least they had

716

00:30:24,640 --> 00:30:21,679

kind of they were metallic and they had

717

00:30:27,850 --> 00:30:24,650

like a frog skin type of looks to them

718

00:30:29,500 --> 00:30:27,860

which is pretty weird and a little even

719

00:30:30,880 --> 00:30:29,510

had a triangle on it with a circle in

720

00:30:31,270 --> 00:30:30,890

the middle of triangle which was really

721

00:30:34,000 --> 00:30:31,280

crazy

722

00:30:35,950 --> 00:30:34,010

and they'd had like bolt holes or

723

00:30:38,140 --> 00:30:35,960

something in it that looked like but I

724

00:30:40,630 --> 00:30:38,150

don't know for a fact that one is real

725

00:30:44,049 --> 00:30:40,640

but it really does fit the bill on the

726

00:30:45,830 --> 00:30:44,059

frog skin description from American book

727

00:30:49,560 --> 00:30:45,840

and

728

00:30:51,240 --> 00:30:49,570

so that's but maybe you know that's not

729

00:30:53,580 --> 00:30:51,250

something Mexico where she is supposedly

730

00:30:56,279 --> 00:30:53,590

waiting so you know a lot of things head

731

00:30:57,600 --> 00:30:56,289

up like that and but yeah I just think

732

00:31:00,480 --> 00:30:57,610

some of the stuff is going to have been

733

00:31:01,860 --> 00:31:00,490

coming back and not less I do wonder you

734

00:31:03,659 --> 00:31:01,870

know will we be able to convince

735

00:31:06,960 --> 00:31:03,669

skeptics whether they're gonna just come

736

00:31:08,850 --> 00:31:06,970

up with some other thing that says that

737

00:31:10,649 --> 00:31:08,860

I mean I don't know if we're going to be

738

00:31:11,730 --> 00:31:10,659

able to prove that it's alien we're

739

00:31:14,370 --> 00:31:11,740

going to be able to read between the

740

00:31:17,130 --> 00:31:14,380

lines and know that you know it's not

741

00:31:20,010 --> 00:31:17,140

man-made but I don't know if science at

742

00:31:23,370 --> 00:31:20,020

large will accept this that's definitely

743

00:31:25,049 --> 00:31:23,380

dr. Gary Nolan is working on you know he

744

00:31:27,720 --> 00:31:25,059

was basically trying to prove it in

745

00:31:31,470 --> 00:31:27,730

little ways here and there and then

746

00:31:33,240 --> 00:31:31,480

eventually show them the big picture and

747

00:31:35,760 --> 00:31:33,250

they're not gonna have any other choice

748

00:31:37,260 --> 00:31:35,770

that's his boy think it's basically to

749

00:31:39,299 --> 00:31:37,270

do it like that to prove something

750

00:31:40,740 --> 00:31:39,309

really here something right over and

751

00:31:42,570 --> 00:31:40,750

that have been eventually it builds the

752

00:31:43,649 --> 00:31:42,580

whole house and then he's going to show

753

00:31:45,299 --> 00:31:43,659

them the house at the end and they're

754

00:31:45,930 --> 00:31:45,309

not going to go to deny that there's a

755

00:31:47,850 --> 00:31:45,940

house there

756

00:31:50,730 --> 00:31:47,860

so I think that's that's how you do it

757

00:31:52,409 --> 00:31:50,740

in the science realm I'm not sure how

758

00:31:55,340 --> 00:31:52,419

the stories Academy is going to do about

759

00:31:58,260 --> 00:31:55,350

it they may peer review it they may not

760

00:31:59,639 --> 00:31:58,270

but simple fact that the army and other

761

00:32:03,750 --> 00:31:59,649

people are interested in what they have

762

00:32:06,450 --> 00:32:03,760

I think is very telling and you know how

763

00:32:09,570 --> 00:32:06,460

people think you can send this off again

764

00:32:10,889 --> 00:32:09,580

I like a like a test like a medical

765

00:32:13,919 --> 00:32:10,899

testing you get it back in the weekend

766

00:32:17,100 --> 00:32:13,929

but that's not really the case there's a

767

00:32:18,870 --> 00:32:17,110

lot of different instrumentation that's

768

00:32:21,450 --> 00:32:18,880

involved and other different ways to

769

00:32:23,250 --> 00:32:21,460

test it and it takes a lot of money and

770

00:32:25,080 --> 00:32:23,260

that's why to the Stars Academy

771

00:32:27,539 --> 00:32:25,090

you know signed with the government to

772

00:32:30,600 --> 00:32:27,549

do it it's not I was gonna get swallowed

773

00:32:34,620 --> 00:32:30,610

up they are in control of what's going

774

00:32:36,389 --> 00:32:34,630

on and if it was being sawed up the

775

00:32:38,370 --> 00:32:36,399

crater wouldn't even be public in the

776

00:32:41,010 --> 00:32:38,380

first place occur to agreement with the

777

00:32:42,029 --> 00:32:41,020

army it would have been black budget

778

00:32:46,380 --> 00:32:42,039

stuff and we would have never heard

779

00:32:49,380 --> 00:32:46,390

about it anyways and also don't be

780

00:32:53,820 --> 00:32:49,390

surprised if it comes out to the Stars

781

00:32:55,379 --> 00:32:53,830

Academy has also entered other contracts

782

00:32:58,159 --> 00:32:55,389

with the government I think that's going

783

00:33:00,349 --> 00:32:58,169

to eventually come out if

784

00:33:02,479 --> 00:33:00,359

guess I'm just guessing but that's from

785

00:33:03,830 --> 00:33:02,489

you know I think that that's gonna

786

00:33:05,720 --> 00:33:03,840

happen it's gonna be another one

787

00:33:07,489 --> 00:33:05,730

not just the crater that'll be unrelated

788

00:33:09,799 --> 00:33:07,499

to the crater so that's exciting then

789

00:33:11,690 --> 00:33:09,809

the guy who is involved with the UFO

790

00:33:14,570 --> 00:33:11,700

company basically an aerospace slash

791

00:33:16,489 --> 00:33:14,580

tech not technology sauce UFO company

792

00:33:19,909 --> 00:33:16,499

and to me it just gives credence for the

793

00:33:21,710 --> 00:33:19,919

subject and it kind of you know it just

794

00:33:22,940 --> 00:33:21,720

makes it really important and it's

795

00:33:25,810 --> 00:33:22,950

something we could take the skeptics say

796

00:33:28,399 --> 00:33:25,820

hey why is the army and interested them

797

00:33:30,859 --> 00:33:28,409

now there's a bit of results yet maybe

798

00:33:32,899 --> 00:33:30,869

we should which I'm talking to too

799

00:33:34,940 --> 00:33:32,909

quickly and assuming that the results

800

00:33:37,609 --> 00:33:34,950

are going to come back positive but I'm

801  
00:33:39,409 --> 00:33:37,619  
hoping they are and it's also great that

802  
00:33:41,599 --> 00:33:39,419  
we don't have all over a swarm basket so

803  
00:33:43,820 --> 00:33:41,609  
even if the to the Stars Academy stuff

804  
00:33:46,249 --> 00:33:43,830  
doesn't pan out then we have getting

805  
00:33:47,989 --> 00:33:46,259  
home and joyfully working on super

806  
00:33:50,239 --> 00:33:47,999  
exciting like you said the way these

807  
00:33:53,629 --> 00:33:50,249  
little pieces these breadcrumbs are

808  
00:33:56,509 --> 00:33:53,639  
coming together many people are claiming

809  
00:33:58,310 --> 00:33:56,519  
that there's artifacts are real and

810  
00:33:59,149 --> 00:33:58,320  
we're hearing about them in other places

811  
00:34:02,269 --> 00:33:59,159  
as well

812  
00:34:05,570 --> 00:34:02,279  
I think the TTS a stuff is pretty neat

813  
00:34:07,820 --> 00:34:05,580

with unidentified I like the science

814

00:34:11,569 --> 00:34:07,830

angle how things are being peer reviewed

815

00:34:13,099 --> 00:34:11,579

and the agreement with the army I mean

816

00:34:14,869 --> 00:34:13,109

this is this is huge

817

00:34:16,879 --> 00:34:14,879

this is exactly what they promised isn't

818

00:34:23,930 --> 00:34:16,889

it yeah really and you know people are

819

00:34:25,129 --> 00:34:23,940

getting you know that that the military

820

00:34:27,379 --> 00:34:25,139

is involved but it's like what do you

821

00:34:28,879 --> 00:34:27,389

want they have the most resources you

822

00:34:30,289 --> 00:34:28,889

know to the third Academy is a private

823

00:34:32,510 --> 00:34:30,299

company they don't have unlimited

824

00:34:34,669 --> 00:34:32,520

resources as far as phones and things

825

00:34:38,329 --> 00:34:34,679

like this so then we could clean up the

826

00:34:40,069 --> 00:34:38,339

people and those are patriots so if some

827

00:34:42,230 --> 00:34:40,079

of this technology does go so you have

828

00:34:44,210 --> 00:34:42,240

you know the Armed Services bring people

829

00:34:46,460 --> 00:34:44,220

home bring the troops home you know I

830

00:34:48,649 --> 00:34:46,470

think they're on board with that I

831

00:34:50,930 --> 00:34:48,659

understand what I make maybe he wouldn't

832

00:34:53,599 --> 00:34:50,940

agree with it but that's just the fact

833

00:34:57,589 --> 00:34:53,609

that southern operating and the create

834

00:34:59,000 --> 00:34:57,599

an agreement makes it so basically the

835

00:35:00,799 --> 00:34:59,010

government can use the technology but

836

00:35:02,690 --> 00:35:00,809

also to the Stars can use it so it's

837

00:35:05,059 --> 00:35:02,700

time to the stars whether they want to

838

00:35:08,490 --> 00:35:05,069

talk about it openly and I believe that

839

00:35:11,100 --> 00:35:08,500

they do and and that was another point

840

00:35:14,760 --> 00:35:11,110

their company and having investments was

841

00:35:16,140 --> 00:35:14,770

to be transparent they haven't been as

842

00:35:19,770 --> 00:35:16,150

transparent as some people would like

843

00:35:22,830 --> 00:35:19,780

but to me they have been and this is

844

00:35:24,210 --> 00:35:22,840

this exciting stash and you know people

845

00:35:26,010 --> 00:35:24,220

are saying that oh will they're just an

846

00:35:28,650 --> 00:35:26,020

entertainment company well not really

847

00:35:29,880 --> 00:35:28,660

they have a science you know contact

848

00:35:31,320 --> 00:35:29,890

with the government right now I mean

849

00:35:35,760 --> 00:35:31,330

that's obvious it's provable

850

00:35:36,990 --> 00:35:35,770

and socially you know incredibility to

851  
00:35:39,510 --> 00:35:37,000  
the subject and you know that's always

852  
00:35:41,730 --> 00:35:39,520  
been whining so I want and that's what

853  
00:35:42,990 --> 00:35:41,740  
we want another activist and we've

854  
00:35:45,240 --> 00:35:43,000  
delivered on it and they're going to

855  
00:35:47,310 --> 00:35:45,250  
continue delivering on it they are

856  
00:35:49,500 --> 00:35:47,320  
diversifying and doing other things in

857  
00:35:50,790 --> 00:35:49,510  
order to get revenue for their company

858  
00:35:53,670 --> 00:35:50,800  
but they're a private company and they

859  
00:35:55,230 --> 00:35:53,680  
need revenue streams so I'm not

860  
00:35:56,820 --> 00:35:55,240  
surprised whether and I'm not upset

861  
00:36:00,150 --> 00:35:56,830  
about it they just came out with this

862  
00:36:03,090 --> 00:36:00,160  
true clear technology which is basically

863  
00:36:05,790 --> 00:36:03,100

like electronic billboards attach the

864

00:36:07,020 --> 00:36:05,800

charts of other things but you know it's

865

00:36:08,600 --> 00:36:07,030

going to be a revenue stream for them

866

00:36:11,070 --> 00:36:08,610

and that's what they ate but the AL

867

00:36:12,960 --> 00:36:11,080

declared is exciting and I'm excited to

868

00:36:15,330 --> 00:36:12,970

hear about any other contracts that they

869

00:36:18,510 --> 00:36:15,340

might enter yeah I think the contracts

870

00:36:21,330 --> 00:36:18,520

are amazing and it's it's really cool

871

00:36:24,180 --> 00:36:21,340

that and it's big money these contracts

872

00:36:27,030 --> 00:36:24,190

are huge money and a lot of people like

873

00:36:28,770 --> 00:36:27,040

you said they give it so this tastes

874

00:36:30,780 --> 00:36:28,780

fuller I don't I'm not quite sure what

875

00:36:32,460 --> 00:36:30,790

to call it but let's face it folks when

876

00:36:34,620 --> 00:36:32,470

it comes down to it people get angry

877

00:36:36,150 --> 00:36:34,630

about oh you know this guy's got too

878

00:36:39,120 --> 00:36:36,160

much money or that guy's got too much

879

00:36:40,920 --> 00:36:39,130

money well in these particular these

880

00:36:42,950 --> 00:36:40,930

scientific games it really is what

881

00:36:45,960 --> 00:36:42,960

they're playing is like very expensive

882

00:36:48,020 --> 00:36:45,970

highly funded can go on for years and

883

00:36:51,210 --> 00:36:48,030

years and they're just money-grubbing

884

00:36:54,510 --> 00:36:51,220

projects and you know you have to have

885

00:36:56,850 --> 00:36:54,520

big money players involved or these

886

00:36:59,040 --> 00:36:56,860

projects don't really even scratch the

887

00:37:01,380 --> 00:36:59,050

surface so it's hard to like really hate

888

00:37:03,120 --> 00:37:01,390

these big money players and you know I

889

00:37:05,550 --> 00:37:03,130

know a lot of people are hating on the

890

00:37:08,010 --> 00:37:05,560

new owner of skinwalker ranch because

891

00:37:09,810 --> 00:37:08,020

he's obviously wealthy and the show

892

00:37:11,760 --> 00:37:09,820

makes that apparent a lot of people

893

00:37:15,600 --> 00:37:11,770

hated on Bigelow because he was

894

00:37:17,280 --> 00:37:15,610

obviously wealthy and but they're just

895

00:37:21,510 --> 00:37:17,290

human beings like you and I and they

896

00:37:22,200 --> 00:37:21,520

make mistakes and big big condolences

897

00:37:24,839 --> 00:37:22,210

actually to

898

00:37:27,720 --> 00:37:24,849

the Bigelow family for the loss of Diane

899

00:37:29,849 --> 00:37:27,730

Bigelow that she did so much for at

900

00:37:32,160 --> 00:37:29,859

least here in Vegas she's like an icon

901  
00:37:34,170 --> 00:37:32,170  
with the Smith Center and all the things

902  
00:37:36,720 --> 00:37:34,180  
she did for the Las Vegas community

903  
00:37:39,510 --> 00:37:36,730  
Diane Bigelow very big deal here in Las

904  
00:37:41,670 --> 00:37:39,520  
Vegas so condolences the Bigelow family

905  
00:37:44,460 --> 00:37:41,680  
yeah they're just people so I know a lot

906  
00:37:47,790 --> 00:37:44,470  
of people are hating on it and I need to

907  
00:37:52,950 --> 00:37:47,800  
ask you before I get too out on a limb

908  
00:37:54,720 --> 00:37:52,960  
on that about the the frog skin and I

909  
00:37:56,880 --> 00:37:54,730  
was going to ask you about American

910  
00:37:59,300 --> 00:37:56,890  
cosmic anyway so it's actually a perfect

911  
00:38:02,220 --> 00:37:59,310  
kind of segue to get into that Danny

912  
00:38:04,349 --> 00:38:02,230  
American cosmic is a great book I highly

913  
00:38:07,410 --> 00:38:04,359

recommend everybody get a copy give it a

914

00:38:12,359 --> 00:38:07,420

read it's worth having an opinion about

915

00:38:15,000 --> 00:38:12,369

and interesting the more strands off of

916

00:38:18,150 --> 00:38:15,010

that that you follow you'll find that

917

00:38:21,240 --> 00:38:18,160

they add up and not only do they add up

918

00:38:23,160 --> 00:38:21,250

but it's it's it's kind of unnerving

919

00:38:28,320 --> 00:38:23,170

isn't it I mean there's some reality to

920

00:38:29,910 --> 00:38:28,330

all this but I'm kind of you know I've

921

00:38:32,220 --> 00:38:29,920

been doing this your first uh for a

922

00:38:35,130 --> 00:38:32,230

while and I'm kind of immune to a lot of

923

00:38:38,820 --> 00:38:35,140

the things that are weirder but I'm it's

924

00:38:40,470 --> 00:38:38,830

great you know not only are they

925

00:38:41,760 --> 00:38:40,480

studying pieces in that book I mean

926

00:38:44,430 --> 00:38:41,770

that's actually another group that study

927

00:38:47,849 --> 00:38:44,440

pieces we had a you know one in ballet

928

00:38:52,230 --> 00:38:47,859

and we had a \$2.00 Academy and then we

929

00:38:54,410 --> 00:38:52,240

had this alias Tyler character from the

930

00:38:57,109 --> 00:38:54,420

book that's supposedly studying pieces

931

00:38:59,609 --> 00:38:57,119

and not only that but he's creating

932

00:39:03,270 --> 00:38:59,619

medical technology and other technology

933

00:39:04,829 --> 00:39:03,280

according to the book which is debaters

934

00:39:06,420 --> 00:39:04,839

and you know since it's an alias of

935

00:39:09,750 --> 00:39:06,430

unproven you can't prove it

936

00:39:11,520 --> 00:39:09,760

so it's okay to data that aspect or what

937

00:39:13,760 --> 00:39:11,530

I think the recording syllabic is

938

00:39:15,810 --> 00:39:13,770

creating medical technologies also

939

00:39:19,010 --> 00:39:15,820

necessary with the pieces that doing

940

00:39:21,480 --> 00:39:19,020

other things kind of getting that

941

00:39:23,310 --> 00:39:21,490

inspiration for maybe non-human

942

00:39:25,170 --> 00:39:23,320

intelligence and things like this but

943

00:39:29,359 --> 00:39:25,180

the book is amazing and and I like to

944

00:39:32,730 --> 00:39:29,369

focus specifically on when her and and

945

00:39:33,240 --> 00:39:32,740

the other two people went to the crash

946

00:39:34,680 --> 00:39:33,250

site

947

00:39:37,020 --> 00:39:34,690

I think that's the most amazing part of

948

00:39:38,490 --> 00:39:37,030

the book they talked about the frogs can

949

00:39:40,410 --> 00:39:38,500

you know the metamaterials they're just

950

00:39:41,640 --> 00:39:40,420

for the cultural materials whatever you

951  
00:39:45,030 --> 00:39:41,650  
want to call them they're really really

952  
00:39:47,520 --> 00:39:45,040  
amazing it's a great story and justice

953  
00:39:49,290 --> 00:39:47,530  
here in the book the story of how they

954  
00:39:52,770 --> 00:39:49,300  
went there and there's this real

955  
00:39:54,480 --> 00:39:52,780  
eye-opening and interesting and but yeah

956  
00:39:56,730 --> 00:39:54,490  
the frog skin is panning out I mean now

957  
00:39:59,790 --> 00:39:56,740  
we're seeing pictures of frog skin metal

958  
00:40:02,370 --> 00:39:59,800  
you know the the science and studies

959  
00:40:04,350 --> 00:40:02,380  
haven't came back on it but now we

960  
00:40:07,260 --> 00:40:04,360  
actually have pictures of log skin metal

961  
00:40:08,790 --> 00:40:07,270  
so you know it's really cool and there's

962  
00:40:09,990 --> 00:40:08,800  
other descriptions of pieces too like

963  
00:40:12,900 --> 00:40:10,000

honeycomb and things like that

964

00:40:15,210 --> 00:40:12,910

um I believe but um this is really

965

00:40:17,460 --> 00:40:15,220

interesting in that book you know it was

966

00:40:20,190 --> 00:40:17,470

put my favorite yellow book it's just

967

00:40:23,100 --> 00:40:20,200

reads really easy it's a real fun read

968

00:40:26,520 --> 00:40:23,110

and those couple chapters on Tyler and

969

00:40:30,210 --> 00:40:26,530

James are just really amazing diana is a

970

00:40:32,790 --> 00:40:30,220

real nice person too hey I believe a lot

971

00:40:35,400 --> 00:40:32,800

of what she says um there's always

972

00:40:37,710 --> 00:40:35,410

politics behind the scenes and and and

973

00:40:39,950 --> 00:40:37,720

things like that but so take away from

974

00:40:44,490 --> 00:40:39,960

the book is that it's really great and

975

00:40:47,040 --> 00:40:44,500

and is really believable and I think now

976

00:40:48,960 --> 00:40:47,050

with some of the pictures and things

977

00:40:51,420 --> 00:40:48,970

like that and from all these other

978

00:40:54,410 --> 00:40:51,430

studies of metamaterials that are above

979

00:40:57,900 --> 00:40:54,420

ground we're kind of able to look

980

00:40:59,940 --> 00:40:57,910

Penjing yeah and there's a lot of like

981

00:41:01,920 --> 00:40:59,950

everything kind of ties together the

982

00:41:05,130 --> 00:41:01,930

idea is I'm glad that you kind of went

983

00:41:07,710 --> 00:41:05,140

into Tyler a little bit because if I'm

984

00:41:10,920 --> 00:41:07,720

not mistaken there's a lot of

985

00:41:16,140 --> 00:41:10,930

coincidences with Tyler Durden and from

986

00:41:17,760 --> 00:41:16,150

Fight Club and it's interesting that

987

00:41:20,760 --> 00:41:17,770

this this guy worked for the space

988

00:41:22,290 --> 00:41:20,770

program claimed to be absorbing the

989

00:41:24,690 --> 00:41:22,300

emanations of strange and powerful

990

00:41:26,130 --> 00:41:24,700

machines altering the frequency of his

991

00:41:27,570 --> 00:41:26,140

body and making him receptive to

992

00:41:29,340 --> 00:41:27,580

communications and non-human

993

00:41:31,040 --> 00:41:29,350

intelligence let's just face it the guy

994

00:41:34,770 --> 00:41:31,050

was in places normal people weren't and

995

00:41:37,020 --> 00:41:34,780

he was in those places often so I could

996

00:41:38,850 --> 00:41:37,030

kind of buy that he did other things

997

00:41:41,370 --> 00:41:38,860

that were really interesting like sleep

998

00:41:43,950 --> 00:41:41,380

and sunbathe frequently I mean it all

999

00:41:45,840 --> 00:41:43,960

makes sense with biorhythms but what's

1000

00:41:46,980 --> 00:41:45,850

interesting is I'm a member of this

1001

00:41:48,660 --> 00:41:46,990

Masonic research

1002

00:41:50,580 --> 00:41:48,670

group a lot of people claim it's like

1003

00:41:52,680 --> 00:41:50,590

old loominatee type stuff it's not it's

1004

00:41:57,030 --> 00:41:52,690

just kind of like a scholarly type thing

1005

00:42:00,060 --> 00:41:57,040

and they delved into go figure Tyler

1006

00:42:02,280 --> 00:42:00,070

Durden and that character or persona as

1007

00:42:04,440 --> 00:42:02,290

it relates to masonry and they were

1008

00:42:08,970 --> 00:42:04,450

connecting a lot of very interesting

1009

00:42:12,510 --> 00:42:08,980

dots I was blown away and needless to

1010

00:42:16,070 --> 00:42:12,520

say the Fight Club motif and the Tyler

1011

00:42:18,560 --> 00:42:16,080

Durden character that of this

1012

00:42:22,350 --> 00:42:18,570

larger-than-life character who's really

1013

00:42:26,280 --> 00:42:22,360

not you at all it's the opposite of you

1014

00:42:29,280 --> 00:42:26,290

or your your alter ego but it goes into

1015

00:42:32,760 --> 00:42:29,290

this and brings in the topic of UFOs

1016

00:42:34,320 --> 00:42:32,770

there's a lot going on here and I was

1017

00:42:37,260 --> 00:42:34,330

just dumbfounded pretty amazing

1018

00:42:39,600 --> 00:42:37,270

synchronicity in an area that I really

1019

00:42:41,730 --> 00:42:39,610

didn't expect are you kidding me I'm

1020

00:42:45,000 --> 00:42:41,740

sitting here not wanting to say a word

1021

00:42:48,210 --> 00:42:45,010

about Basilica or American cosmic but

1022

00:42:49,920 --> 00:42:48,220

I'm thinking this is exactly the kind of

1023

00:42:52,080 --> 00:42:49,930

stuff that they're talking about and

1024

00:42:53,910 --> 00:42:52,090

where it comes in to the space program

1025

00:42:55,170 --> 00:42:53,920

is where I'm blown away have you been

1026  
00:42:57,120 --> 00:42:55,180  
blown away by any of the connections

1027  
00:42:59,430 --> 00:42:57,130  
you've made in that yeah and I won't

1028  
00:43:02,160 --> 00:42:59,440  
allow the leads as well as a lot of

1029  
00:43:08,520 --> 00:43:02,170  
other people we kind of walked the line

1030  
00:43:11,010 --> 00:43:08,530  
of rumor we airing out people's personal

1031  
00:43:12,930 --> 00:43:11,020  
business and we shouldn't be because

1032  
00:43:16,859 --> 00:43:12,940  
they used aliases in the book so we have

1033  
00:43:21,900 --> 00:43:16,869  
to be respectful of those aliases and

1034  
00:43:26,970 --> 00:43:21,910  
not to kind of cool but some of it I

1035  
00:43:28,740 --> 00:43:26,980  
think is more provable I guess than

1036  
00:43:31,800 --> 00:43:28,750  
other parts other parts is kind of we

1037  
00:43:34,140 --> 00:43:31,810  
just have to take the word on it when I

1038  
00:43:35,609 --> 00:43:34,150

asked her about so many things I'm

1039

00:43:37,530 --> 00:43:35,619

always asking services and talking to

1040

00:43:39,270 --> 00:43:37,540

people not over and over surgeries and

1041

00:43:41,460 --> 00:43:39,280

everything and that's the case with a

1042

00:43:43,220 --> 00:43:41,470

lot of subjects sort of it's also the

1043

00:43:45,690 --> 00:43:43,230

case of American housing stuff however

1044

00:43:47,760 --> 00:43:45,700

there's also a ton of people that agree

1045

00:43:49,109 --> 00:43:47,770

with everything in there I'm that's just

1046

00:43:51,120 --> 00:43:49,119

me looking at it from a citizen

1047

00:43:54,320 --> 00:43:51,130

journalists aspect you know trying to

1048

00:43:56,849 --> 00:43:54,330

vet stories and things like that and

1049

00:44:00,510 --> 00:43:56,859

some of the stuff in there like I said

1050

00:44:03,270 --> 00:44:00,520

with it just can't be vetted but it's

1051

00:44:04,530 --> 00:44:03,280

just from reading it and from an

1052

00:44:07,860 --> 00:44:04,540

anecdotal aspect

1053

00:44:11,780 --> 00:44:07,870

it seems pretty legitimate and just the

1054

00:44:14,700 --> 00:44:11,790

pieces alone but they time this space

1055

00:44:16,710 --> 00:44:14,710

the space angle some of it I think is

1056

00:44:18,360 --> 00:44:16,720

provable other parts aren't but also

1057

00:44:21,000 --> 00:44:18,370

we're doing the you know classified work

1058

00:44:22,680 --> 00:44:21,010

and that's the whole Fight Club aspect

1059

00:44:26,130 --> 00:44:22,690

of this thing they can't talk about what

1060

00:44:28,470 --> 00:44:26,140

they're doing and a part of me is like

1061

00:44:30,270 --> 00:44:28,480

well that stinks they should talk about

1062

00:44:34,280 --> 00:44:30,280

everything and I look at the invisible

1063

00:44:36,240 --> 00:44:34,290

college and even anyone that has email

1064

00:44:37,560 --> 00:44:36,250

studies and things like that that they

1065

00:44:39,240 --> 00:44:37,570

haven't like some public you could say

1066

00:44:42,420 --> 00:44:39,250

it about the glow of course you could

1067

00:44:44,370 --> 00:44:42,430

say it about almost everyone needs and

1068

00:44:46,890 --> 00:44:44,380

that's even the critique until the stars

1069

00:44:48,990 --> 00:44:46,900

Academy overreacted people more

1070

00:44:51,000 --> 00:44:49,000

forthcoming transparent but I know that

1071

00:44:52,830 --> 00:44:51,010

they're sitting on stuff also so there's

1072

00:44:54,210 --> 00:44:52,840

two sides to a coin part of it I get you

1073

00:44:56,160 --> 00:44:54,220

know upset I'm like hey just release it

1074

00:44:57,750 --> 00:44:56,170

the other part of me is like I'm sure

1075

00:45:00,960 --> 00:44:57,760

that they have great reasons why they

1076

00:45:03,600 --> 00:45:00,970

can't display I mean that's time to do

1077

00:45:06,420 --> 00:45:03,610

it or maybe to talk about certain things

1078

00:45:06,780 --> 00:45:06,430

they would mess up their ongoing work on

1079

00:45:12,960 --> 00:45:06,790

it

1080

00:45:16,620 --> 00:45:12,970

look in to judge people they should be

1081

00:45:18,390 --> 00:45:16,630

releasing or not everyone does it I do

1082

00:45:21,150 --> 00:45:18,400

it and we all want all the information

1083

00:45:22,950 --> 00:45:21,160

out at all times but at the same time I

1084

00:45:26,720 --> 00:45:22,960

just it's just not how it goes down and

1085

00:45:29,900 --> 00:45:26,730

so the fact I - visible' college aspect

1086

00:45:32,100 --> 00:45:29,910

it's something that's very real and

1087

00:45:35,190 --> 00:45:32,110

dynamic lesotho really nailed that home

1088

00:45:38,880 --> 00:45:35,200

in her book and we can hope that

1089

00:45:40,620 --> 00:45:38,890

basically that's more information is

1090

00:45:42,450 --> 00:45:40,630

going to come out and anytime you talk

1091

00:45:42,840 --> 00:45:42,460

about something in a book or anywhere

1092

00:45:44,640 --> 00:45:42,850

else

1093

00:45:47,610 --> 00:45:44,650

there's a million researchers now

1094

00:45:51,330 --> 00:45:47,620

digging into it and trying to uncover

1095

00:45:52,920 --> 00:45:51,340

every secret so it's a lot of the stuff

1096

00:45:54,420 --> 00:45:52,930

and I think you know will come out

1097

00:45:57,120 --> 00:45:54,430

eventually a little bit more information

1098

00:46:00,030 --> 00:45:57,130

and eventually about some of the stuff

1099

00:46:02,100 --> 00:46:00,040

yeah this stuff is not the normal thing

1100

00:46:05,040 --> 00:46:02,110

people talk about around the water

1101  
00:46:07,530 --> 00:46:05,050  
cooler it might seem strange strange to

1102  
00:46:09,270 --> 00:46:07,540  
many but that's just because the

1103  
00:46:12,560 --> 00:46:09,280  
information in the way it's organized I

1104  
00:46:14,849 --> 00:46:12,570  
think that the the coincidences are

1105  
00:46:17,099 --> 00:46:14,859  
nothing strange

1106  
00:46:19,349 --> 00:46:17,109  
and and and a lot of these coincidences

1107  
00:46:20,729 --> 00:46:19,359  
or synchronicities as they talk about

1108  
00:46:23,599 --> 00:46:20,739  
them in the book again if nobody's read

1109  
00:46:26,249 --> 00:46:23,609  
this again like you said not everybody

1110  
00:46:29,039 --> 00:46:26,259  
agrees with everything and you don't

1111  
00:46:30,479 --> 00:46:29,049  
have to believe everything in the book

1112  
00:46:32,519 --> 00:46:30,489  
you don't have to not believe everything

1113  
00:46:35,219 --> 00:46:32,529

in the book but it just kind of goes

1114

00:46:38,429 --> 00:46:35,229

into these cosmic synchronicities that

1115

00:46:40,949 --> 00:46:38,439

are utilized possibly and I put that

1116

00:46:43,319 --> 00:46:40,959

pretty broadly by you know larger

1117

00:46:46,169 --> 00:46:43,329

intelligences when you put yourself in

1118

00:46:49,169 --> 00:46:46,179

certain circumstances that other people

1119

00:46:52,019 --> 00:46:49,179

don't and I love that Tyler said that

1120

00:46:55,919 --> 00:46:52,029

his business ventures are cosmically

1121

00:46:59,249 --> 00:46:55,929

ordained I believe he took by Diana if

1122

00:47:01,229 --> 00:46:59,259

I'm not mistaken to the Vatican told her

1123

00:47:02,849 --> 00:47:01,239

to grab a piece of soap again like kind

1124

00:47:05,339 --> 00:47:02,859

of that sort of like that Vatican's soap

1125

00:47:08,429 --> 00:47:05,349

like The Fight Club reference but anyway

1126  
00:47:09,989 --> 00:47:08,439  
there's a lot of these and we come back

1127  
00:47:12,449 --> 00:47:09,999  
to this millionaires and billionaires

1128  
00:47:16,859 --> 00:47:12,459  
and successful innovative scientists

1129  
00:47:18,809 --> 00:47:16,869  
that have encounters or connections to

1130  
00:47:20,519 --> 00:47:18,819  
this invisible college and we only call

1131  
00:47:22,079 --> 00:47:20,529  
it the invisible college because they're

1132  
00:47:25,589 --> 00:47:22,089  
just not out there like charlatans

1133  
00:47:28,979 --> 00:47:25,599  
trying to make a penny or a dime every

1134  
00:47:31,199 --> 00:47:28,989  
chance they get no I think that this is

1135  
00:47:32,939 --> 00:47:31,209  
a credible space for research and a lot

1136  
00:47:35,489 --> 00:47:32,949  
of people do and I think there's a lot

1137  
00:47:38,880 --> 00:47:35,499  
of money involved and I think it's

1138  
00:47:43,109 --> 00:47:38,890

interesting that the science and the

1139

00:47:46,499 --> 00:47:43,119

religion blurs along with the ufology

1140

00:47:49,259 --> 00:47:46,509

because just the level of science is so

1141

00:47:52,769 --> 00:47:49,269

unique you're talking about things that

1142

00:47:55,079 --> 00:47:52,779

are so above the average intelligence

1143

00:47:57,319 --> 00:47:55,089

level that you know it seems like magic

1144

00:48:00,509 --> 00:47:57,329

really wouldn't you agree

1145

00:48:03,630 --> 00:48:00,519

yeah and you know we're talking about

1146

00:48:05,219 --> 00:48:03,640

disclosure oh this is a big one is one

1147

00:48:07,169 --> 00:48:05,229

serious medical technology which is

1148

00:48:08,609 --> 00:48:07,179

basically implied in the book that came

1149

00:48:10,380 --> 00:48:08,619

from nineteen intelligence and it's

1150

00:48:13,859 --> 00:48:10,390

provable and then that's disclosure

1151  
00:48:15,719 --> 00:48:13,869  
right there and so of course also maybe

1152  
00:48:17,969 --> 00:48:15,729  
they couldn't say it because it would

1153  
00:48:19,919 --> 00:48:17,979  
messed up ongoing you know technology

1154  
00:48:21,779 --> 00:48:19,929  
research and things like that but I mean

1155  
00:48:24,029 --> 00:48:21,789  
how amazing would it be if everyone

1156  
00:48:27,780 --> 00:48:24,039  
found out well hey this medical

1157  
00:48:30,300 --> 00:48:27,790  
technology that's been around forever

1158  
00:48:33,030 --> 00:48:30,310  
came from somewhere else and you know

1159  
00:48:34,680 --> 00:48:33,040  
there's always rumors about cell phones

1160  
00:48:36,690 --> 00:48:34,690  
or whatever other technology that uh

1161  
00:48:38,730 --> 00:48:36,700  
that has been leaked and I don't know if

1162  
00:48:39,840 --> 00:48:38,740  
any of that is true of course there's

1163  
00:48:42,480 --> 00:48:39,850

been a lot of rumors about that

1164

00:48:45,840 --> 00:48:42,490

exceeding technology or if it wasn't

1165

00:48:47,040 --> 00:48:45,850

only just kind of regular electronics

1166

00:48:48,630 --> 00:48:47,050

and things like that but what if it was

1167

00:48:50,790 --> 00:48:48,640

also medical technology that helps

1168

00:48:54,390 --> 00:48:50,800

people so to me that's your story is

1169

00:48:56,720 --> 00:48:54,400

probably largely improvable but it's

1170

00:48:59,730 --> 00:48:56,730

just something interesting to ponder and

1171

00:49:01,890 --> 00:48:59,740

if we could somehow prove it you know it

1172

00:49:05,130 --> 00:49:01,900

would be it would be disclosure in

1173

00:49:07,740 --> 00:49:05,140

itself but um everyone always comes up

1174

00:49:09,990 --> 00:49:07,750

with the way to say and they say stuff

1175

00:49:11,820 --> 00:49:10,000

at the same time but um yeah I thought

1176  
00:49:12,900 --> 00:49:11,830  
the medical technology that they talked

1177  
00:49:16,410 --> 00:49:12,910  
about of the book was especially

1178  
00:49:20,220 --> 00:49:16,420  
interesting and even trying to track

1179  
00:49:22,200 --> 00:49:20,230  
down some of that - yeah the medical

1180  
00:49:24,510 --> 00:49:22,210  
technology and not to get too personal

1181  
00:49:26,970 --> 00:49:24,520  
because I I'm just trying to like you

1182  
00:49:30,270 --> 00:49:26,980  
know talk about what's on our minds but

1183  
00:49:32,160 --> 00:49:30,280  
in my book the Utah UFO display I kind

1184  
00:49:33,690 --> 00:49:32,170  
of go into this a bit I had some

1185  
00:49:37,170 --> 00:49:33,700  
situations where like what you're

1186  
00:49:39,810 --> 00:49:37,180  
talking about some of this medical

1187  
00:49:44,070 --> 00:49:39,820  
technology was used in again the cell

1188  
00:49:46,740 --> 00:49:44,080

phone claim into play and the dots were

1189

00:49:50,160 --> 00:49:46,750

very easy for me to connect reading

1190

00:49:54,240 --> 00:49:50,170

American cosmic and just because it's

1191

00:49:59,420 --> 00:49:54,250

not the normal stuff that comes up but

1192

00:50:03,330 --> 00:49:59,430

the UFO phenomenon it seems is

1193

00:50:07,220 --> 00:50:03,340

increasingly being kind of brought into

1194

00:50:10,530 --> 00:50:07,230

a strange belief of a draconian

1195

00:50:12,720 --> 00:50:10,540

surveillance state concealing it from

1196

00:50:15,810 --> 00:50:12,730

the public and curiously I believe part

1197

00:50:18,240 --> 00:50:15,820

of it the growth of the the phenomenom

1198

00:50:20,790 --> 00:50:18,250

does kind of it's it's pretty wild that

1199

00:50:22,350 --> 00:50:20,800

how the government how seriously the

1200

00:50:23,820 --> 00:50:22,360

government is taking a lot of these

1201  
00:50:26,370 --> 00:50:23,830  
things whether you believe the book or

1202  
00:50:27,480 --> 00:50:26,380  
not what are your thoughts on that kind

1203  
00:50:37,260 --> 00:50:27,490  
of stuff Danny I know that's kind of a

1204  
00:50:39,000 --> 00:50:37,270  
big and wide question but yeah how

1205  
00:50:40,920 --> 00:50:39,010  
seriously they're looking at it I mean

1206  
00:50:41,540 --> 00:50:40,930  
they're taking it very seriously which

1207  
00:50:45,320 --> 00:50:41,550  
to me

1208  
00:50:47,330 --> 00:50:45,330  
tells me that as the public who trust in

1209  
00:50:50,450 --> 00:50:47,340  
the government we should probably take

1210  
00:50:52,370 --> 00:50:50,460  
it very seriously as well yeah yeah

1211  
00:50:54,770 --> 00:50:52,380  
unfortunately what they do is kind of

1212  
00:50:57,080 --> 00:50:54,780  
behind the scenes and it's probably

1213  
00:50:58,940 --> 00:50:57,090

highly classified in a lot of ways but

1214

00:51:00,290 --> 00:50:58,950

I'm convinced that the government has

1215

00:51:04,220 --> 00:51:00,300

been looking at this basically the whole

1216

00:51:06,470 --> 00:51:04,230

time and that's kind of what we do is

1217

00:51:09,860 --> 00:51:06,480

try to prove it and you know thanks to

1218

00:51:11,360 --> 00:51:09,870

Elizondo for coming forward we now know

1219

00:51:12,470 --> 00:51:11,370

that there is a useful program we know

1220

00:51:16,120 --> 00:51:12,480

that there's actually been three of them

1221

00:51:18,560 --> 00:51:16,130

arguably at least so another is more and

1222

00:51:20,990 --> 00:51:18,570

this was kind of weird about this whole

1223

00:51:23,180 --> 00:51:21,000

thing and the naysayers is that you know

1224

00:51:25,460 --> 00:51:23,190

they were screaming at the government

1225

00:51:26,060 --> 00:51:25,470

and people to come forward and talk

1226

00:51:29,180 --> 00:51:26,070

about it

1227

00:51:32,090 --> 00:51:29,190

Alexander did that and now you know

1228

00:51:33,500 --> 00:51:32,100

there's a sect of people that don't like

1229

00:51:34,940 --> 00:51:33,510

them and don't trust them because either

1230

00:51:36,560 --> 00:51:34,950

the government nor the same people that

1231

00:51:38,390 --> 00:51:36,570

have been telling the government to come

1232

00:51:40,850 --> 00:51:38,400

forward so they can't have it both ways

1233

00:51:42,140 --> 00:51:40,860

in there and you know they flip-flop

1234

00:51:45,980 --> 00:51:42,150

like that and it's really unfortunate

1235

00:51:47,330 --> 00:51:45,990

and many of us Pope Alexander has you

1236

00:51:49,250 --> 00:51:47,340

know we hear on things like that and I

1237

00:51:52,310 --> 00:51:49,260

think that's accurate um it's really

1238

00:51:55,220 --> 00:51:52,320

accurate he you know is taking all these

1239

00:51:57,740 --> 00:51:55,230

warrants from all some naysayers and

1240

00:52:00,140 --> 00:51:57,750

debuggers and all he did was come out

1241

00:52:01,160 --> 00:52:00,150

and tell the truth but I'm the

1242

00:52:03,230 --> 00:52:01,170

government's been doing this for a

1243

00:52:05,720 --> 00:52:03,240

really long time I'm convinced I'm

1244

00:52:08,960 --> 00:52:05,730

convinced that satellites and other

1245

00:52:11,660 --> 00:52:08,970

instrumentation trakula on a pretty

1246

00:52:13,250 --> 00:52:11,670

regular basis you know there's we

1247

00:52:16,270 --> 00:52:13,260

continuously hear about military

1248

00:52:18,410 --> 00:52:16,280

encounters all this stuff's going on and

1249

00:52:21,470 --> 00:52:18,420

we're just not being told about it

1250

00:52:23,600 --> 00:52:21,480

unfortunately we can you know speculate

1251  
00:52:26,270 --> 00:52:23,610  
on why maybe they don't know what's

1252  
00:52:28,100 --> 00:52:26,280  
going on maybe they're trying to hide

1253  
00:52:30,590 --> 00:52:28,110  
certain things but it's been happening

1254  
00:52:31,910 --> 00:52:30,600  
for a long time probably as long as the

1255  
00:52:34,760 --> 00:52:31,920  
United States has been around at least

1256  
00:52:38,660 --> 00:52:34,770  
since the 40s and I don't think it's

1257  
00:52:40,190 --> 00:52:38,670  
really stopped at any point and at least

1258  
00:52:42,110 --> 00:52:40,200  
parts of the government has been paying

1259  
00:52:43,940 --> 00:52:42,120  
attention and oh it's extremely

1260  
00:52:48,230 --> 00:52:43,950  
frustrating it's like they're trying to

1261  
00:52:49,310 --> 00:52:48,240  
I only cover up the subject but it's

1262  
00:52:51,980 --> 00:52:49,320  
like they're covering up a part of

1263  
00:52:55,380 --> 00:52:51,990

nature or a part of science which is

1264

00:52:57,589 --> 00:52:55,390

pretty weird you know I guess we can

1265

00:53:00,059 --> 00:52:57,599

talk about maybe they're doing it for

1266

00:53:01,859 --> 00:53:00,069

for the sovereignty of the country or

1267

00:53:03,390 --> 00:53:01,869

something like that and maybe they're

1268

00:53:05,400 --> 00:53:03,400

not gonna release this stuff until our

1269

00:53:07,799 --> 00:53:05,410

backup is it really against the loan you

1270

00:53:10,859 --> 00:53:07,809

know arguably United States is still on

1271

00:53:12,059 --> 00:53:10,869

top we're still the you know biggest

1272

00:53:15,000 --> 00:53:12,069

superpower in the world

1273

00:53:15,900 --> 00:53:15,010

so maybe until that gets shaken they're

1274

00:53:17,160 --> 00:53:15,910

just not going to come out with us

1275

00:53:18,960 --> 00:53:17,170

because they don't have to I don't know

1276

00:53:22,769 --> 00:53:18,970

it's just a lot of speculation really

1277

00:53:24,480 --> 00:53:22,779

but I'm it's really unfortunate and that

1278

00:53:26,640 --> 00:53:24,490

at the same time maybe there's been a

1279

00:53:30,120 --> 00:53:26,650

change of heart and I see that slowly

1280

00:53:32,460 --> 00:53:30,130

happening now six 2017 the videos being

1281

00:53:35,549 --> 00:53:32,470

released and and some of the other stuff

1282

00:53:36,990 --> 00:53:35,559

you know it's it's really hard to do to

1283

00:53:39,390 --> 00:53:37,000

speculate about what's going on there

1284

00:53:42,180 --> 00:53:39,400

though with some of this coming out but

1285

00:53:43,410 --> 00:53:42,190

I do it anyways I speculate about me we

1286

00:53:45,710 --> 00:53:43,420

know there's people that don't want this

1287

00:53:48,480 --> 00:53:45,720

ad in the government because they are

1288

00:53:49,890 --> 00:53:48,490

kind of contradicting what happened with

1289

00:53:52,410 --> 00:53:49,900

a tip and things like that but at the

1290

00:53:53,970 --> 00:53:52,420

same time I assume there's people in

1291

00:53:56,759 --> 00:53:53,980

government I'll then also do want this

1292

00:53:58,019 --> 00:53:56,769

out better staying quiet but and then

1293

00:54:00,180 --> 00:53:58,029

there's other people like Chris Mellon

1294

00:54:03,240 --> 00:54:00,190

who was involved with the government and

1295

00:54:06,950 --> 00:54:03,250

he's been talking the whole time so I'm

1296

00:54:08,849 --> 00:54:06,960

I kind of like maybe not only negative

1297

00:54:11,220 --> 00:54:08,859

opinions in the government about this

1298

00:54:13,349 --> 00:54:11,230

stuff but also positive and without some

1299

00:54:14,430 --> 00:54:13,359

of those positive voices behind the

1300

00:54:16,829 --> 00:54:14,440

scenes maybe none of this would be

1301  
00:54:19,140 --> 00:54:16,839  
happening but I'm you know the creator

1302  
00:54:21,420 --> 00:54:19,150  
and other things like that were signed

1303  
00:54:22,799 --> 00:54:21,430  
so I think two stars Academy not only

1304  
00:54:24,690 --> 00:54:22,809  
has a bunch of haters in the government

1305  
00:54:27,390 --> 00:54:24,700  
but they have a bunch of supporters too

1306  
00:54:29,069 --> 00:54:27,400  
and maybe some of this story will come

1307  
00:54:31,140 --> 00:54:29,079  
out eventually I don't know but it would

1308  
00:54:34,289 --> 00:54:31,150  
definitely be an amazing blockbuster

1309  
00:54:36,029 --> 00:54:34,299  
movie just to hear the politics alone of

1310  
00:54:40,980 --> 00:54:36,039  
what's going on behind the Saints or let

1311  
00:54:42,839 --> 00:54:40,990  
alone what we know about that's exactly

1312  
00:54:44,940 --> 00:54:42,849  
like what I was thinking is what we know

1313  
00:54:49,799 --> 00:54:44,950

about and what's really going on

1314

00:54:51,509 --> 00:54:49,809

probably on a daily basis and if it was

1315

00:54:54,329 --> 00:54:51,519

a movie I'm sure we'd all be on the edge

1316

00:54:55,890 --> 00:54:54,339

of our seats unfortunately you know as

1317

00:54:57,059 --> 00:54:55,900

you look into this stuff and I know

1318

00:55:01,170 --> 00:54:57,069

you've seen it Danny

1319

00:55:03,029 --> 00:55:01,180

you start realizing why so many are so

1320

00:55:06,509 --> 00:55:03,039

tight-lipped and it's it's pretty cool

1321

00:55:09,240 --> 00:55:06,519

you kind of have to go through the the

1322

00:55:13,410 --> 00:55:09,250

spin cycle yourself to realize why

1323

00:55:15,390 --> 00:55:13,420

silence is so golden but you know having

1324

00:55:18,960 --> 00:55:15,400

done that a few times you start to you

1325

00:55:20,100 --> 00:55:18,970

know get it the at least in in in you

1326

00:55:23,130 --> 00:55:20,110

know the literature that we're talking

1327

00:55:25,830 --> 00:55:23,140

about I'm with you man the TTS a I think

1328

00:55:28,380 --> 00:55:25,840

is you know like any group they're doing

1329

00:55:31,890 --> 00:55:28,390

amazing stuff people are trying to

1330

00:55:34,860 --> 00:55:31,900

nitpick you know like anything anything

1331

00:55:37,710 --> 00:55:34,870

that they don't agree with or and it's

1332

00:55:39,750 --> 00:55:37,720

really it's difficult it's difficult to

1333

00:55:43,290 --> 00:55:39,760

watch but I think they're doing a lot of

1334

00:55:46,550 --> 00:55:43,300

good stuff in like you said they don't

1335

00:55:49,410 --> 00:55:46,560

have endless funds there they're also

1336

00:55:51,000 --> 00:55:49,420

blamed for that as well so there really

1337

00:55:53,460 --> 00:55:51,010

no winning you know you either have too

1338

00:55:54,990 --> 00:55:53,470

much money you're not enough bunny you

1339

00:55:58,620 --> 00:55:55,000

can't have total control like the

1340

00:56:01,770 --> 00:55:58,630

government or close to it and then again

1341

00:56:04,460 --> 00:56:01,780

you know we need these people to protect

1342

00:56:07,500 --> 00:56:04,470

us I mean let's face it we really do and

1343

00:56:10,820 --> 00:56:07,510

so I think I think it's it's a it's a

1344

00:56:13,980 --> 00:56:10,830

catch-22 with a lot of people in the UFO

1345

00:56:15,540 --> 00:56:13,990

world and their thoughts I think it's

1346

00:56:18,030 --> 00:56:15,550

just you know it's kind of like an

1347

00:56:18,960 --> 00:56:18,040

Occam's razor but you know it's like

1348

00:56:21,120 --> 00:56:18,970

life itself

1349

00:56:25,520 --> 00:56:21,130

be aware that stuff is happening you're

1350

00:56:27,930 --> 00:56:25,530

not aware of there yeah oh yeah I think

1351  
00:56:31,890 --> 00:56:27,940  
what's also interesting about this whole

1352  
00:56:34,980 --> 00:56:31,900  
thing is we don't know what these

1353  
00:56:36,780 --> 00:56:34,990  
politicians now and in some of them we

1354  
00:56:37,740 --> 00:56:36,790  
can prove that have been briefed because

1355  
00:56:40,050 --> 00:56:37,750  
they've gone on the record saying

1356  
00:56:41,850 --> 00:56:40,060  
they've been briefed but there's also a

1357  
00:56:43,200 --> 00:56:41,860  
lot of evidence to say that they really

1358  
00:56:46,830 --> 00:56:43,210  
don't know what's going on at this I

1359  
00:56:48,360 --> 00:56:46,840  
mean don't know what's going on I laid

1360  
00:56:49,740 --> 00:56:48,370  
back to the Admiral with some document

1361  
00:56:51,660 --> 00:56:49,750  
he didn't really know what was going on

1362  
00:56:54,570 --> 00:56:51,670  
he was surprised by the law and then

1363  
00:56:56,580 --> 00:56:54,580

also um John McCain's I'm services

1364

00:56:59,100 --> 00:56:56,590

committee when John McCain was still

1365

00:57:00,810 --> 00:56:59,110

alive when the a tip story broke John

1366

00:57:04,230 --> 00:57:00,820

McCain asked for all products produced

1367

00:57:06,150 --> 00:57:04,240

by a tech and they were sent the Defense

1368

00:57:08,400 --> 00:57:06,160

Intelligence reference documents 38 of

1369

00:57:10,110 --> 00:57:08,410

them but those were only the scientific

1370

00:57:12,420 --> 00:57:10,120

documents and that was none of the UFO

1371

00:57:15,540 --> 00:57:12,430

studies so basically they were lied to

1372

00:57:17,220 --> 00:57:15,550

in my view I've been trying to kind of

1373

00:57:19,590 --> 00:57:17,230

prove that in a blog or something but

1374

00:57:21,720 --> 00:57:19,600

I'm kind of research that right now but

1375

00:57:23,520 --> 00:57:21,730

I'm basically doing Academy

1376

00:57:25,800 --> 00:57:23,530

he was lied to when they were given that

1377

00:57:28,080 --> 00:57:25,810

I don't know if it was some technicality

1378

00:57:30,300 --> 00:57:28,090

that I'm that they're able to say that

1379

00:57:32,370 --> 00:57:30,310

but it's like he asked for all products

1380

00:57:34,770 --> 00:57:32,380

produced by a tip and he only got those

1381

00:57:37,680 --> 00:57:34,780

the science document he got none of the

1382

00:57:40,800 --> 00:57:37,690

UFO research and none of the UFO studies

1383

00:57:43,230 --> 00:57:40,810

so that's telling to me and it's this

1384

00:57:46,530 --> 00:57:43,240

huge thing is the government magnets

1385

00:57:48,360 --> 00:57:46,540

like I don't know what whatever I know

1386

00:57:49,980 --> 00:57:48,370

is just because there's something locked

1387

00:57:51,990 --> 00:57:49,990

up in Lockheed or some special access

1388

00:57:54,390 --> 00:57:52,000

program we don't know if the politicians

1389

00:57:55,980 --> 00:57:54,400

know about it you know we don't know who

1390

00:57:58,530 --> 00:57:55,990

seemed like you know the Trump has been

1391

00:58:01,940 --> 00:57:58,540

briefed have they seen the longer videos

1392

00:58:04,020 --> 00:58:01,950

the season go denied exist as the

1393

00:58:05,490 --> 00:58:04,030

Senators and things like that that of MU

1394

00:58:07,590 --> 00:58:05,500

brief that they seem the longer videos

1395

00:58:10,530 --> 00:58:07,600

so it's really convoluted and really

1396

00:58:14,570 --> 00:58:10,540

confusing and it's unfortunate and it's

1397

00:58:17,280 --> 00:58:14,580

like to the Stars is advocating for

1398

00:58:19,580 --> 00:58:17,290

politicians and people like that to

1399

00:58:21,480 --> 00:58:19,590

understand more but at the same time

1400

00:58:24,060 --> 00:58:21,490

everything's wrapped up in a special

1401

00:58:25,680 --> 00:58:24,070

access program so it's just really

1402

00:58:27,000 --> 00:58:25,690

confusing I'm not part of the government

1403

00:58:29,640 --> 00:58:27,010

and I don't understand it as well as

1404

00:58:32,070 --> 00:58:29,650

some others that have been that are

1405

00:58:34,410 --> 00:58:32,080

career politicians or career government

1406

00:58:35,520 --> 00:58:34,420

employees but uh it's unfortunate like

1407

00:58:37,590 --> 00:58:35,530

you were saying earlier everything's

1408

00:58:38,670 --> 00:58:37,600

stove-piped so we're just trying to

1409

00:58:40,200 --> 00:58:38,680

break through some of that and I think

1410

00:58:42,240 --> 00:58:40,210

to the stars is also talked about that

1411

00:58:44,010 --> 00:58:42,250

too we need to change some of the laws

1412

00:58:49,170 --> 00:58:44,020

and some of the secrecy that's involved

1413

00:58:51,240 --> 00:58:49,180

I agree and if you can't you can't look

1414

00:58:55,200 --> 00:58:51,250

a gift torts in the mouth when it comes

1415

00:58:57,510 --> 00:58:55,210

to information and it is it's pretty

1416

00:58:59,850 --> 00:58:57,520

amazing the disclosure that we're

1417

00:59:02,400 --> 00:58:59,860

getting is stuff that I

1418

00:59:03,930 --> 00:59:02,410

I never really to be honest when I was a

1419

00:59:07,620 --> 00:59:03,940

kid I never really dreamed we would see

1420

00:59:09,450 --> 00:59:07,630

and it's pretty cool stuff Danny I can't

1421

00:59:11,790 --> 00:59:09,460

thank you enough for coming on the

1422

00:59:13,260 --> 00:59:11,800

podcast where can people keep up with

1423

00:59:15,450 --> 00:59:13,270

what you're doing I know you're super

1424

00:59:17,100 --> 00:59:15,460

busy with this and we're tell people

1425

00:59:18,350 --> 00:59:17,110

about your website and what you have

1426

00:59:21,420 --> 00:59:18,360

going on

1427

00:59:24,390 --> 00:59:21,430

silver record dot-com is a website Silv

1428

00:59:26,790 --> 00:59:24,400

a records at home there's a website I'm

1429

00:59:28,500 --> 00:59:26,800

always following leads and the great

1430

00:59:30,690 --> 00:59:28,510

thing about it is it's not just a couple

1431

00:59:32,210 --> 00:59:30,700

of us anymore every time there's a media

1432

00:59:35,390 --> 00:59:32,220

wave like this more mainstream

1433

00:59:37,040 --> 00:59:35,400

choice enter the fray they're not always

1434

00:59:40,970 --> 00:59:37,050

as up on everything

1435

00:59:43,040 --> 00:59:40,980

um not as many sources as we do but the

1436

00:59:44,839 --> 00:59:43,050

readership is sometimes larger if it's a

1437

00:59:46,250 --> 00:59:44,849

giant paper so every time there's

1438

00:59:50,750 --> 00:59:46,260

immediately but everything just gets

1439

00:59:53,120 --> 00:59:50,760

bigger I'm able to expand my source

1440

00:59:54,440 --> 00:59:53,130

space and now I'm also able to speak to

1441

00:59:56,630 --> 00:59:54,450

more mainstream journalists I was

1442

00:59:59,839 --> 00:59:56,640

quoting that quoted in a task and

1443

01:00:03,560 --> 00:59:59,849

purpose which is a military publication

1444

01:00:05,359 --> 01:00:03,570

basically about the videos but um my

1445

01:00:07,250 --> 01:00:05,369

lives on the silver record calm on all

1446

01:00:09,550 --> 01:00:07,260

social media silver record except

1447

01:00:12,560 --> 01:00:09,560

Instagram which is Danny silver record

1448

01:00:15,140 --> 01:00:12,570

and I'm just going to keep doing this

1449

01:00:17,990 --> 01:00:15,150

and every time there's a media wave we

1450

01:00:19,940 --> 01:00:18,000

just get more energy and not only that

1451  
01:00:22,460 --> 01:00:19,950  
but the unidentified TV show is about to

1452  
01:00:23,900 --> 01:00:22,470  
come out in about a month so we're

1453  
01:00:26,150 --> 01:00:23,910  
excited about that and there's a shot of

1454  
01:00:27,710 --> 01:00:26,160  
forward progress and nobody stopping

1455  
01:00:30,349 --> 01:00:27,720  
anytime soon not even the count of

1456  
01:00:32,290 --> 01:00:30,359  
viruses is stopping this forward

1457  
01:00:35,180 --> 01:00:32,300  
progress so it's going to continue

1458  
01:00:38,270 --> 01:00:35,190  
that's the truth and you're the man your

1459  
01:00:39,980 --> 01:00:38,280  
website is the best if anybody wants to

1460  
01:00:42,320 --> 01:00:39,990  
find out what's going on it's like kind

1461  
01:00:46,609 --> 01:00:42,330  
of a one-stop shop in my opinion and

1462  
01:00:48,710 --> 01:00:46,619  
it's it's on point all legit information

1463  
01:00:50,930 --> 01:00:48,720

can't thank you enough Danny and I hope

1464

01:00:53,630 --> 01:00:50,940

is it the real thing I don't know is it

real

1479

01:01:49,780 --> 01:01:47,450

absolutely the fear is probably the

1480

01:01:52,960 --> 01:01:49,790

scariest thing of all and the fear is

1481

01:01:56,260 --> 01:01:52,970

what has really taken hold of our

1482
