PARANORMAL

1  
00:00:24,910 --> 00:00:20,520

[Music]

2  
00:00:39,470 --> 00:00:35,600

blast-off in my eyes now time to blast

3  
00:00:43,130 --> 00:00:39,480

off everyone on another VIP episode of

4  
00:00:45,049 --> 00:00:43,140

hero paranormal podcast this is Ryan the

5  
00:00:48,139 --> 00:00:45,059

original outlaw of the airwaves

6  
00:00:51,740 --> 00:00:48,149

broadcast getting direct from the Silver

7  
00:00:55,639 --> 00:00:51,750

State just south of area 51 Sin City

8  
00:01:00,200 --> 00:00:55,649

Nevada lot going on people are dealing

9  
00:01:02,209 --> 00:01:00,210

with finances family issues work-related

10  
00:01:04,700 --> 00:01:02,219

expenses whether or not they're gonna

11  
00:01:06,920 --> 00:01:04,710

get a paycheck from the government the

12  
00:01:11,270 --> 00:01:06,930

government seems to be offering to bail

13  
00:01:13,600 --> 00:01:11,280

everybody out this is a very interesting

14

00:01:17,960 --> 00:01:13,610

scenario we have economically

15

00:01:21,200 --> 00:01:17,970

socioeconomically morally in my opinion

16

00:01:22,940 --> 00:01:21,210

and mathematically there's there's

17

00:01:26,570 --> 00:01:22,950

there's a few custom brackets that we

18

00:01:28,130 --> 00:01:26,580

need to dot the i's cross the t's figure

19

00:01:30,740 --> 00:01:28,140

out what's going on i know a lot of us

20

00:01:33,940 --> 00:01:30,750

feel helpless i'm one of those i'm among

21

00:01:36,380 --> 00:01:33,950

those individuals who feel helpless I

22

00:01:39,710 --> 00:01:36,390

just you know and I consider myself

23

00:01:43,910 --> 00:01:39,720

pretty well informed and I just still

24

00:01:47,539 --> 00:01:43,920

there seems to be more to this than

25

00:01:51,560 --> 00:01:47,549

meets the eye and our guest today is

26

00:01:55,520 --> 00:01:51,570

none other than a political figure he is

27

00:01:58,100 --> 00:01:55,530

also a figure who you may know from a

28

00:02:00,950 --> 00:01:58,110

film coming out named Kecksburg dealing

29

00:02:03,469 --> 00:02:00,960

with the Kecksburg UFO incident great

30

00:02:06,950 --> 00:02:03,479

32

00:02:13,910 --> 00:02:10,050

Cody Knotts is going to join us today

33

00:02:16,580 --> 00:02:13,920

and hopefully explain what is going on

34

00:02:19,339 --> 00:02:16,590

and from his perspective he is across

35

00:02:22,580 --> 00:02:19,349

the country from where I'm at and I know

36

00:02:25,699 --> 00:02:22,590

that we have very little in common but

37

00:02:27,530 --> 00:02:25,709

we do seem to have this in common

38

00:02:29,570 --> 00:02:27,540

nothing wrong with talking about how to

39

00:02:30,949 --> 00:02:29,580

fix the world's problems help us

40

00:02:34,580 --> 00:02:30,959

41

00:02:37,640 --> 00:02:34,590

54  
00:03:11,470 --> 00:03:09,180  
wants people to know but a super

55  
00:03:13,789 --> 00:03:11,480  
talented guy and all was in the know

56  
00:03:16,039 --> 00:03:13,799  
definitely check out hero paranormal

57  
00:03:18,110 --> 00:03:16,049  
comm check out our research project it's

58  
00:03:20,240 --> 00:03:18,120  
it's basically a science school project

59  
00:03:23,210 --> 00:03:20,250  
that we do just for fun or recently we

60  
00:03:25,520 --> 00:03:23,220  
had James Keenan previous guest of the

61  
00:03:29,660 --> 00:03:25,530  
show doing science experiments there and

62  
00:03:33,800 --> 00:03:29,670  
he joined our head of security Allen Jin

63  
00:03:35,740 --> 00:03:33,810

who had just had to do had to just get

64

00:03:39,770 --> 00:03:35,750

off dealing with some law enforcement

65

00:03:42,289 --> 00:03:39,780

having handled a trespassing issue and

66

00:03:43,910 --> 00:03:42,299

damage as well but yeah that James

67

00:03:46,670 --> 00:03:43,920

Keenan did some really cool stuff he's

68

00:03:48,319 --> 00:03:46,680

he's gonna be up with information and

69

00:03:50,210 --> 00:03:48,329

he's gonna be bringing us all kinds of

70

00:03:52,300 --> 00:03:50,220

information from the UN a base ton of

71

00:03:55,940 --> 00:03:52,310

stuff that he was checking out different

72

00:03:59,150 --> 00:03:55,950

things he metered gauged and he has a

73

00:04:00,949 --> 00:03:59,160

theory and a hypothesis and I can't wait

74

00:04:03,349 --> 00:04:00,959

to hear it I don't know what it is I've

75

00:04:06,530 --> 00:04:03,359

heard murmurings that it may have

76  
00:04:08,630 --> 00:04:06,540  
something to do north of what's known as

77  
00:04:11,509 --> 00:04:08,640  
the UFO corridor there or do you know

78  
00:04:14,030 --> 00:04:11,519  
yet what we all know as that

79  
00:04:15,530 --> 00:04:14,040  
shapeshifter territory but it may be a

80  
00:04:17,479 --> 00:04:15,540  
little north of there I don't know there

81  
00:04:19,640 --> 00:04:17,489  
could be various things going on I don't

82  
00:04:21,680 --> 00:04:19,650  
want to jump to conclusions but keep in

83  
00:04:22,070 --> 00:04:21,690  
touch with what James Keenan has going

84  
00:04:24,339 --> 00:04:22,080  
on

85  
00:04:26,930 --> 00:04:24,349  
I will also update the website with

86  
00:04:27,710 --> 00:04:26,940  
anything we happen to catch things we

87  
00:04:29,870 --> 00:04:27,720  
happen to find

88  
00:04:31,970 --> 00:04:29,880

and things that we don't mind expressing

89

00:04:36,340 --> 00:04:31,980

to the public and that is space wolf

90

00:04:39,230 --> 00:04:36,350

research comm check it out just for fun

91

00:04:41,570 --> 00:04:39,240

ladies and gentlemen a force to be

92

00:04:44,440 --> 00:04:41,580

reckoned with in the political arena

93

00:04:47,660 --> 00:04:44,450

Cody is also CEO and founder of

94

00:04:50,240 --> 00:04:47,670

principalities of Darkness LLC he has

95

00:04:53,090 --> 00:04:50,250

been a force in the film industry since

96

00:04:55,010 --> 00:04:53,100

2011 he is the publisher of the weekly

97

00:04:59,690 --> 00:04:55,020

record he is an independent professional

98

00:05:03,560 --> 00:04:59,700

writer and CEO of grand conspiracy films

99

00:05:06,880 --> 00:05:03,570

LLC from West Point New York

100

00:05:11,090 --> 00:05:06,890

Cody knots welcome to the hero

101  
00:05:14,180 --> 00:05:11,100  
paranormal podcast good good it's good

102  
00:05:16,160 --> 00:05:14,190  
talking to you again I'm excited I know

103  
00:05:19,390 --> 00:05:16,170  
last time we talked to you we were

104  
00:05:21,620 --> 00:05:19,400  
talking about UFOs and Kecksburg and

105  
00:05:28,190 --> 00:05:21,630  
this time we're talking about something

106  
00:05:31,909 --> 00:05:28,200  
totally different and it's so weird as

107  
00:05:34,360 --> 00:05:31,919  
as far as your family and yourself how

108  
00:05:37,580 --> 00:05:34,370  
have you dealt with this quarantine

109  
00:05:44,590 --> 00:05:37,590  
yourselves I mean the coronavirus live

110  
00:05:50,510 --> 00:05:48,409  
and continue to go to work because share

111  
00:05:54,620 --> 00:05:50,520  
choices teleworking or not and she can't

112  
00:05:57,320 --> 00:05:54,630  
work and because we live on post she

113  
00:05:59,350 --> 00:05:57,330

generally it'll work if season post they

114

00:06:02,390 --> 00:05:59,360

would just sort of stay home and she was

115

00:06:04,610 --> 00:06:02,400

interim paid and that would have been

116

00:06:07,520 --> 00:06:04,620

that was over not because we the one

117

00:06:09,530 --> 00:06:07,530

policy is able to go to work and so I've

118

00:06:12,920 --> 00:06:09,540

actually been volunteering forming the

119

00:06:15,560 --> 00:06:12,930

religious services here at some of the

120

00:06:19,520 --> 00:06:15,570

religious services at West Point so it's

121

00:06:22,310 --> 00:06:19,530

made life actually I have more to do and

122

00:06:24,860 --> 00:06:22,320

I'm doing preach or pre-production work

123

00:06:25,520 --> 00:06:24,870

on a film that hopefully happens next

124

00:06:28,940 --> 00:06:25,530

year

125

00:06:31,610 --> 00:06:28,950

so that which is actually on another UFO

126

00:06:33,830 --> 00:06:31,620

I didn't think I'd do another UFO film

127

00:06:37,610 --> 00:06:33,840

but apparently I am going through it's

128

00:06:40,550 --> 00:06:37,620

just a hospital no one hidden we didn't

129

00:06:41,570 --> 00:06:40,560

we got the rights from the sis they had

130

00:06:45,440 --> 00:06:41,580

the senton family

131

00:06:47,990 --> 00:06:45,450

to do that so we're excited about making

132

00:06:50,330 --> 00:06:48,000

that film that's exciting and it was I

133

00:06:53,200 --> 00:06:50,340

apologize you cut out for just a moment

134

00:06:57,530 --> 00:06:53,210

it was the what incident I apologize

135

00:07:00,350 --> 00:06:57,540

Kelly oh well the family takes off

136

00:07:03,020 --> 00:07:00,360

inspired Close Encounters an easy and

137

00:07:10,130 --> 00:07:03,030

inspired 20 billion dollars worth of

138

00:07:12,410 --> 00:07:10,140

felts sized critters gremlins are the

139

00:07:16,150 --> 00:07:12,420

pests order guys was taken from it and

140

00:07:20,540 --> 00:07:16,160

it still burg revisited it three times

141

00:07:25,550 --> 00:07:20,550

all very successful so we're thrilled to

142

00:07:29,180 --> 00:07:25,560

be able to bring that incident to light

143

00:07:33,050 --> 00:07:29,190

properly and so we're going to do a film

144

00:07:34,460 --> 00:07:33,060

and a documentary at the same time we're

145

00:07:36,410 --> 00:07:34,470

a feature film and it's watch

146

00:07:39,730 --> 00:07:36,420

documentaries only two different films

147

00:07:46,190 --> 00:07:39,740

and then we're also but we'll review

148

00:07:48,920 --> 00:07:46,200

Geraldine's book and read issue it so

149

00:07:50,810 --> 00:07:48,930

that that'll be a lot of fun I can't

150

00:07:53,630 --> 00:07:50,820

wait and this is next year we can expect

151  
00:07:55,640 --> 00:07:53,640  
that that's cool well yeah we our goal

152  
00:07:59,240 --> 00:07:55,650  
is to film next summer we're gonna

153  
00:08:02,180 --> 00:07:59,250  
rebuild the house as it was it will be

154  
00:08:04,130 --> 00:08:02,190  
slightly larger because we need for

155  
00:08:06,260 --> 00:08:04,140  
filming but it will be basically a

156  
00:08:08,810 --> 00:08:06,270  
reference to the house and the location

157  
00:08:11,300 --> 00:08:08,820  
in Kentucky that we hope to turn into a

158  
00:08:14,090 --> 00:08:11,310  
site that people can then go and stay

159  
00:08:16,310 --> 00:08:14,100  
overnight and visit and go look this is

160  
00:08:18,680 --> 00:08:16,320  
where this happened that I mean there's

161  
00:08:21,140 --> 00:08:18,690  
a lot of moving parts in this stuff it

162  
00:08:22,580 --> 00:08:21,150  
worked out but our our design plan is to

163  
00:08:24,800 --> 00:08:22,590

do like the winch where they built the

164

00:08:26,450 --> 00:08:24,810

property and it's all practical

165

00:08:28,070 --> 00:08:26,460

locations but in this case we have

166

00:08:31,130 --> 00:08:28,080

actual plans the buildings with the

167

00:08:32,930 --> 00:08:31,140

military do so we can lay out the house

168

00:08:38,180 --> 00:08:32,940

just as it was there will be some

169

00:08:39,940 --> 00:08:38,190

modifications because these people were

170

00:08:43,070 --> 00:08:39,950

very important so we're putting like a

171

00:08:46,400 --> 00:08:43,080

bench into the wall on the one side that

172

00:08:49,040 --> 00:08:46,410

wouldn't have been there for filming are

173

00:08:51,770 --> 00:08:49,050

they're very small stuff but there's

174

00:08:53,240 --> 00:08:51,780

stuff that will enhance the story and

175

00:08:55,600 --> 00:08:53,250

the house didn't have shutters but we're

176

00:09:00,620 --> 00:08:55,610

putting shutters on the windows

177

00:09:06,590 --> 00:09:00,630

and really minor stuff but stuff that

178

00:09:09,020 --> 00:09:06,600

make enhances the story without oh that

179

00:09:10,820 --> 00:09:09,030

sounds great it's gonna be a neat that I

180

00:09:13,850 --> 00:09:10,830

just can't wait to see it and it sounds

181

00:09:16,400 --> 00:09:13,860

like having the rights that is going to

182

00:09:18,950 --> 00:09:16,410

be I mean people can just go and stay

183

00:09:21,230 --> 00:09:18,960

overnight that I signed me up this

184

00:09:27,740 --> 00:09:21,240

sounds as far as a good time this sounds

185

00:09:30,200 --> 00:09:27,750

like a lot of fun it's a Christian

186

00:09:33,110 --> 00:09:30,210

County so you know that's what we're in

187

00:09:34,820 --> 00:09:33,120

the process of witness Tobi's breaks

188

00:09:37,100 --> 00:09:34,830

that's the biggest drama I would have

189

00:09:41,450 --> 00:09:37,110

been probably going to Kentucky right

190

00:09:46,900 --> 00:09:41,460

now in May I have to wait till end of

191

00:09:50,450 --> 00:09:46,910

June I believe before I can make a trip

192

00:09:54,620 --> 00:09:50,460

to Kentucky so and I'm going in August

193

00:09:57,020 --> 00:09:54,630

again but we're just continuing on with

194

00:10:02,710 --> 00:09:57,030

those plans where we believe this will

195

00:10:07,640 --> 00:10:02,720

pass no this is this is not historically

196

00:10:09,980 --> 00:10:07,650

a very dangerous tired virus and people

197

00:10:14,380 --> 00:10:09,990

don't realize this because the last

198

00:10:17,480 --> 00:10:14,390

seven years almost everybody alive is

199

00:10:21,670 --> 00:10:17,490

lived in this golden age really since

200

00:10:25,190 --> 00:10:21,680

1900 but in particular since 1950

201  
00:10:26,990 --> 00:10:25,200  
viruses are not the main cause of deaths

202  
00:10:30,560 --> 00:10:27,000  
that people die in the Western world

203  
00:10:33,200 --> 00:10:30,570  
it's still on the non-western world but

204  
00:10:37,490 --> 00:10:33,210  
in the Western world we die of heart

205  
00:10:41,450 --> 00:10:37,500  
attacks strokes things like that and and

206  
00:10:46,010 --> 00:10:41,460  
cancer but historically before 1900

207  
00:10:47,780 --> 00:10:46,020  
people die the virus and and we

208  
00:10:51,560 --> 00:10:47,790  
forgotten that we've lost a lot of

209  
00:10:54,079 --> 00:10:51,570  
lessons up and this is really Mike and

210  
00:10:57,410 --> 00:10:54,089  
if you get to be there 85% chance with

211  
00:10:58,910 --> 00:10:57,420  
treatment of not dying until this

212  
00:11:04,550 --> 00:10:58,920  
diseases been showing in or near that

213  
00:11:05,870 --> 00:11:04,560

though now it's too little TV TV kills

214

00:11:09,540 --> 00:11:05,880

about a million people worldwide every

215

00:11:12,420 --> 00:11:09,550

year we won't talk about it

216

00:11:14,040 --> 00:11:12,430

pre 1900 killed one seven people in the

217

00:11:16,860 --> 00:11:14,050

right if you were born in United States

218

00:11:20,010 --> 00:11:16,870

before 1900 you had a 1/7 chance during

219

00:11:22,110 --> 00:11:20,020

your lifetime of buying aspergillosis no

220

00:11:24,240 --> 00:11:22,120

I'm just trying to like figure that math

221

00:11:27,600 --> 00:11:24,250

into like the reality of what we're

222

00:11:28,380 --> 00:11:27,610

dealing with now it's and is nothing is

223

00:11:33,440 --> 00:11:28,390

nothing

224

00:11:35,940 --> 00:11:33,450

a child born in 1700 survived childbirth

225

00:11:39,330 --> 00:11:35,950

that's an interesting prospect in itself

226  
00:11:41,190 --> 00:11:39,340  
it survives childbirth they asked me had

227  
00:11:47,280 --> 00:11:41,200  
a forty seven point six percent chance

228  
00:11:49,230 --> 00:11:47,290  
of death before they turn 16 so that's

229  
00:11:52,050 --> 00:11:49,240  
what people dealt with so when they

230  
00:11:55,530 --> 00:11:52,060  
wrote there was no idea than in a

231  
00:11:57,780 --> 00:11:55,540  
pandemic you shut the world out

232  
00:11:59,670 --> 00:11:57,790  
you would do isolated things like they

233  
00:12:02,370 --> 00:11:59,680  
did in yellow fever in Philadelphia in

234  
00:12:07,830 --> 00:12:02,380  
the 1700 there was three outbreaks of

235  
00:12:10,470 --> 00:12:07,840  
yellow fever in Philadelphia and they

236  
00:12:12,990 --> 00:12:10,480  
did a they did shot things down in

237  
00:12:14,430 --> 00:12:13,000  
Philly during that time sort of the

238  
00:12:19,440 --> 00:12:14,440

Congress was meeting there at one point

239

00:12:21,180 --> 00:12:19,450

so Congress left town early but the

240

00:12:24,930 --> 00:12:21,190

people had to stole it I mean there was

241

00:12:26,370 --> 00:12:24,940

no you know there him you couldn't just

242

00:12:28,230 --> 00:12:26,380

walk yourself in your house and you

243

00:12:33,900 --> 00:12:28,240

would and you have eaten have

244

00:12:35,910 --> 00:12:33,910

refrigeration so they did adaptations

245

00:12:38,280 --> 00:12:35,920

but they did do some quarantines and

246

00:12:41,760 --> 00:12:38,290

things like that and cut off sections of

247

00:12:44,610 --> 00:12:41,770

areas but this entire plan has been

248

00:12:46,890 --> 00:12:44,620

based upon the actions of the mayor of

249

00:12:49,620 --> 00:12:46,900

st. Louis in 1917 I can't even believe

250

00:12:51,750 --> 00:12:49,630

I'm saying that I need a versus it that

251

00:12:53,640 --> 00:12:51,760

we've instituted a plan for 2.5 billion

252

00:12:56,310 --> 00:12:53,650

people they from the mayor and a doctor

253

00:12:58,200 --> 00:12:56,320

and say first 1970 who only start

254

00:13:02,310 --> 00:12:58,210

businesses on successfully for 48 hours

255

00:13:06,120 --> 00:13:02,320

he did he did do a general stay at home

256

00:13:08,760 --> 00:13:06,130

order for six weeks after six weeks

257

00:13:11,070 --> 00:13:08,770

people wanted that to merely hang them

258

00:13:14,790 --> 00:13:11,080

on the tree but they believed that's

259

00:13:17,670 --> 00:13:14,800

what helped st. Louis have rest deaf

260

00:13:23,310 --> 00:13:17,680

students Benchley of course correlation

261

00:13:25,500 --> 00:13:23,320

is not causation and and I mean and so

262

00:13:29,310 --> 00:13:25,510

they left to this conclusion this must

263

00:13:32,070 --> 00:13:29,320

be the perfect plan this is basically no

264

00:13:35,640 --> 00:13:32,080

plan at all let's hope we figure out how

265

00:13:38,730 --> 00:13:35,650

to deal with something and this is what

266

00:13:40,710 --> 00:13:38,740

social distancing comes from in 2009

267

00:13:44,430 --> 00:13:40,720

these guys because fast with this idea

268

00:13:46,710 --> 00:13:44,440

and Ferguson who has been wrong on

269

00:13:51,720 --> 00:13:46,720

everything he predicted 150 million

270

00:13:54,510 --> 00:13:51,730

people with diets have SARS he you know

271

00:13:59,040 --> 00:13:54,520

he he constantly Sousa was going to kill

272

00:14:01,460 --> 00:13:59,050

us all you know I mean he's been a scare

273

00:14:03,900 --> 00:14:01,470

monk and he gets funding for it because

274

00:14:05,550 --> 00:14:03,910

the quickest way to get funding is tell

275

00:14:08,840 --> 00:14:05,560

people to run playing that and I'm an

276

00:14:11,870 --> 00:14:08,850

expert in intimate I saved the world and

277

00:14:14,130 --> 00:14:11,880

government will throw money at you

278

00:14:17,040 --> 00:14:14,140

without any idea of whether you're

279

00:14:20,280 --> 00:14:17,050

successful or not these guys aren't

280

00:14:23,400 --> 00:14:20,290

Jonas Salk then after trying to find a

281

00:14:25,380 --> 00:14:23,410

solution oil maybe we have a polio scare

282

00:14:27,450 --> 00:14:25,390

for three years in the early fifties we

283

00:14:31,020 --> 00:14:27,460

didn't shut society that people were

284

00:14:35,610 --> 00:14:31,030

dead be aware people on their own I'm

285

00:14:38,430 --> 00:14:35,620

afraid things went down the 57 pandemic

286

00:14:41,820 --> 00:14:38,440

the country lost 15% of the economy in

287

00:14:44,190 --> 00:14:41,830

one year and it bounced back the very

288

00:14:45,900 --> 00:14:44,200

next year and they had a vaccine by

289

00:14:48,270 --> 00:14:45,910

January but they didn't shut things down

290

00:14:50,130 --> 00:14:48,280

baseball didn't stop their dress

291

00:14:52,650 --> 00:14:50,140

attendance during a game you didn't

292

00:14:54,630 --> 00:14:52,660

Gilligan did us we may honor if we woman

293

00:14:57,600 --> 00:14:54,640

to make the choice what you wanted to do

294

00:15:00,630 --> 00:14:57,610

it seems like I think many Americans

295

00:15:03,420 --> 00:15:00,640

think something's up maybe it's just the

296

00:15:06,300 --> 00:15:03,430

way were raised or in your best

297

00:15:08,280 --> 00:15:06,310

estimation what are we dealing with here

298

00:15:11,430 --> 00:15:08,290

I mean cities are cracking down and

299

00:15:13,650 --> 00:15:11,440

arresting civilians it's kind of like it

300

00:15:20,190 --> 00:15:13,660

looks like 1984 like George Orwell's

301  
00:15:22,110 --> 00:15:20,200  
1984 in some places and people hear more

302  
00:15:25,050 --> 00:15:22,120  
panic and they go what it's something

303  
00:15:26,760 --> 00:15:25,060  
not really so much house that is not

304  
00:15:28,980 --> 00:15:26,770  
because more parents can be an

305  
00:15:32,150 --> 00:15:28,990  
exaggerated response to an existing

306  
00:15:36,550 --> 00:15:32,160  
problem we have a problem

307  
00:15:40,360 --> 00:15:36,560  
in response exaggerated yes

308  
00:15:43,440 --> 00:15:40,370  
really exaggerated yes do we have people

309  
00:15:47,730 --> 00:15:43,450  
running around acting as moral arbiters

310  
00:15:50,980 --> 00:15:47,740  
experts telling us how to live our lives

311  
00:15:52,750 --> 00:15:50,990  
telling us how we should behave telling

312  
00:15:56,019 --> 00:15:52,760  
us that everything will change forever

313  
00:15:58,110 --> 00:15:56,029

this is the new normal everything will

314

00:16:01,120 --> 00:15:58,120

be different because of this moment we

315

00:16:03,100 --> 00:16:01,130

heard with me - you heard of it that's

316

00:16:05,290 --> 00:16:03,110

why they're called moral panics we had

317

00:16:07,600 --> 00:16:05,300

them with children being of going to

318

00:16:09,370 --> 00:16:07,610

daycares in the 90s and that was there

319

00:16:11,820 --> 00:16:09,380

any children's section as it absolutely

320

00:16:14,470 --> 00:16:11,830

was every child in session lasted no

321

00:16:16,090 --> 00:16:14,480

which every daycare don't know but

322

00:16:23,290 --> 00:16:16,100

people became panicked about they care

323

00:16:25,410 --> 00:16:23,300

and their primal responses to - societal

324

00:16:31,000 --> 00:16:25,420

problems so what's the underlying

325

00:16:33,310 --> 00:16:31,010

societal problem we have we have the

326

00:16:36,190 --> 00:16:33,320

greatest generation and this is why you

327

00:16:39,220 --> 00:16:36,200

have so much on Netflix in that we have

328

00:16:40,630 --> 00:16:39,230

world war two for there was this great

329

00:16:42,880 --> 00:16:40,640

moment and these people stood like

330

00:16:45,300 --> 00:16:42,890

Giants it's why the cleanest so revered

331

00:16:48,490 --> 00:16:45,310

because she's the last person stand

332

00:16:50,890 --> 00:16:48,500

practically from this generation so and

333

00:16:53,550 --> 00:16:50,900

we you know we World War two bad girl by

334

00:16:57,310 --> 00:16:53,560

right so their children the baby boomers

335

00:16:59,800 --> 00:16:57,320

with this Gilded Age life that nobody

336

00:17:01,420 --> 00:16:59,810

has ever lived and and I want to be the

337

00:17:04,360 --> 00:17:01,430

first person to say their generation has

338

00:17:06,429 --> 00:17:04,370

been generally narcissistic not all

339

00:17:08,140 --> 00:17:06,439

people obviously are individuals but as

340

00:17:10,270 --> 00:17:08,150

a generation they've been pretty

341

00:17:14,380 --> 00:17:10,280

obsessed with themselves and their

342

00:17:16,929 --> 00:17:14,390

children the Millennials are very

343

00:17:18,669 --> 00:17:16,939

similar the generations in between are

344

00:17:21,970 --> 00:17:18,679

very similar also had the Kuwait there's

345

00:17:23,590 --> 00:17:21,980

so much each other so anyways the baby

346

00:17:26,020 --> 00:17:23,600

boomers beginning working towards death

347

00:17:29,050 --> 00:17:26,030

and they control every institution in

348

00:17:30,610 --> 00:17:29,060

the rest and almost every country almost

349

00:17:34,210 --> 00:17:30,620

every country's a leader as a believer

350

00:17:36,070 --> 00:17:34,220

and historically that hasn't been the

351  
00:17:39,640 --> 00:17:36,080  
case these people this age were always

352  
00:17:42,340 --> 00:17:39,650  
leading these countries and so what you

353  
00:17:45,360 --> 00:17:42,350  
what you have is them now facing their

354  
00:17:48,930 --> 00:17:45,370  
death their children facing their death

355  
00:17:52,290 --> 00:17:48,940  
their parents and because

356  
00:17:55,500 --> 00:17:52,300  
children especially high for specific

357  
00:17:57,030 --> 00:17:55,510  
college educated individuals I'll say

358  
00:17:59,550 --> 00:17:57,040  
which would traditionally be leaves

359  
00:18:01,200 --> 00:17:59,560  
we use the term elite for wealthy people

360  
00:18:03,620 --> 00:18:01,210  
but traditionally educated people are

361  
00:18:05,640 --> 00:18:03,630  
elites so the college educated people

362  
00:18:08,700 --> 00:18:05,650  
25% of people a country the United

363  
00:18:17,760 --> 00:18:08,710

States maybe 20 arrests and where those

364

00:18:20,310 --> 00:18:17,770

individuals have invested in career not

365

00:18:24,090 --> 00:18:20,320

family they've invented so they don't

366

00:18:25,860 --> 00:18:24,100

have children as often or as many their

367

00:18:28,710 --> 00:18:25,870

parents are about to die many of them

368

00:18:31,050 --> 00:18:28,720

are not married at all and they have no

369

00:18:33,090 --> 00:18:31,060

social network so their parents died

370

00:18:38,040 --> 00:18:33,100

they're going to lose their entire world

371

00:18:40,320 --> 00:18:38,050

and they've invested then ideals that

372

00:18:43,440 --> 00:18:40,330

have made them this is the best part

373

00:18:44,940 --> 00:18:43,450

socially distant they stared into their

374

00:18:47,460 --> 00:18:44,950

phones they played on the internet

375

00:18:51,210 --> 00:18:47,470

there's no screens they haven't dealt

376

00:18:53,400 --> 00:18:51,220

with other people and they was

377

00:18:55,110 --> 00:18:53,410

relatively a narcissistic right

378

00:18:57,060 --> 00:18:55,120

I'm not kids because it's too much

379

00:18:59,700 --> 00:18:57,070

trouble I'm going to have them late and

380

00:19:01,850 --> 00:18:59,710

thinking they can delay biology and then

381

00:19:06,300 --> 00:19:01,860

there are trouble having their children

382

00:19:08,190 --> 00:19:06,310

so the result of all this is is they've

383

00:19:12,270 --> 00:19:08,200

had a culture shock which is forced them

384

00:19:16,140 --> 00:19:12,280

to realize hey maybe I need to have more

385

00:19:18,330 --> 00:19:16,150

of my life it has been socially distant

386

00:19:20,430 --> 00:19:18,340

and truly separated from people not able

387

00:19:22,290 --> 00:19:20,440

to reach out to them scared them so I've

388

00:19:24,510 --> 00:19:22,300

heard many stories of people that were

389

00:19:26,430 --> 00:19:24,520

over in Europe and they were running

390

00:19:29,250 --> 00:19:26,440

around having a career in their 37 years

391

00:19:32,000 --> 00:19:29,260

older I'm married and they had no ties

392

00:19:34,590 --> 00:19:32,010

another terrify what my parents taught

393

00:19:38,640 --> 00:19:34,600

and I need to come home spend time with

394

00:19:40,650 --> 00:19:38,650

them but I can't been told you can't do

395

00:19:47,160 --> 00:19:40,660

it has not led them to understand what

396

00:19:50,370 --> 00:19:47,170

than this absolutely yeah there's this

397

00:19:51,920 --> 00:19:50,380

is a collective cry out for help it's

398

00:19:55,410 --> 00:19:51,930

the baby boomers I don't want to die

399

00:19:57,960 --> 00:19:55,420

save me and their children screaming

400

00:19:59,700 --> 00:19:57,970

world my life is a total fuck-up and I

401  
00:20:01,490 --> 00:19:59,710  
can't tell you the number of people told

402  
00:20:02,990 --> 00:20:01,500  
me I don't know

403  
00:20:04,880 --> 00:20:03,000  
actors and people like this and they

404  
00:20:05,210 --> 00:20:04,890  
said you know my values were all screwed

405  
00:20:07,340 --> 00:20:05,220  
up

406  
00:20:09,890 --> 00:20:07,350  
I think I need to get a white now we've

407  
00:20:12,530 --> 00:20:09,900  
been getting them more time more what

408  
00:20:15,290 --> 00:20:12,540  
happens if this ideally period of the

409  
00:20:17,590 --> 00:20:15,300  
last particular 70 years virus is

410  
00:20:20,330 --> 00:20:17,600  
returned as a killer

411  
00:20:23,030 --> 00:20:20,340  
the reason life expectancy is went up

412  
00:20:26,630 --> 00:20:23,040  
since 1900 has been because we've been

413  
00:20:31,280 --> 00:20:26,640

beating the viruses if viruses return as

414

00:20:35,150 --> 00:20:31,290

a killer then life expectancy goes down

415

00:20:36,950 --> 00:20:35,160

so what the society has to do we I think

416

00:20:39,440 --> 00:20:36,960

we need to just attack it head-on

417

00:20:41,180 --> 00:20:39,450

almost like a herd mentality but I could

418

00:20:46,160 --> 00:20:41,190

be wrong I'm not a doctor and there's a

419

00:20:49,640 --> 00:20:46,170

lot of and we survived that for this

420

00:20:55,210 --> 00:20:49,650

time with my medical education before

421

00:20:57,800 --> 00:20:55,220

the 19th so the 20th century yeah course

422

00:20:58,940 --> 00:20:57,810

women have been able to pursue doc Hertz

423

00:21:00,980 --> 00:20:58,950

and careers

424

00:21:04,000 --> 00:21:00,990

okay and put aside childbearing and

425

00:21:09,110 --> 00:21:04,010

besides told her at all we leave around

426  
00:21:11,300 --> 00:21:09,120  
you had two situations happened with the

427  
00:21:14,690 --> 00:21:11,310  
increased life expectancy one was being

428  
00:21:16,730 --> 00:21:14,700  
viruses the other one the penicillin

429  
00:21:20,090 --> 00:21:16,740  
penicillin massive increase in head

430  
00:21:21,950 --> 00:21:20,100  
expectancy intercepts this asana is

431  
00:21:25,930 --> 00:21:21,960  
silly but 40 some percent of child

432  
00:21:29,900 --> 00:21:25,940  
births like 20 or something like that

433  
00:21:33,470 --> 00:21:29,910  
ended in death for the invention of

434  
00:21:37,310 --> 00:21:33,480  
phone sex so the invention of forceps

435  
00:21:39,490 --> 00:21:37,320  
led the population speaking sickness and

436  
00:21:42,800 --> 00:21:39,500  
broccoli and they became widely used and

437  
00:21:46,010 --> 00:21:42,810  
they existed before coming to the end of

438  
00:21:52,280 --> 00:21:46,020

the 18th century but they begin the ride

439

00:21:57,610 --> 00:21:52,290

so ourselves the discovering of germ

440

00:22:01,150 --> 00:21:57,620

theory from 1888 and 70s civil war

441

00:22:04,010 --> 00:22:01,160

increased population okay

442

00:22:07,580 --> 00:22:04,020

people continued them children and the

443

00:22:09,650 --> 00:22:07,590

rare so when viruses are still there

444

00:22:11,870 --> 00:22:09,660

roughly they're caring people from 1900

445

00:22:13,750 --> 00:22:11,880

and we start to eat control of them and

446

00:22:18,320 --> 00:22:13,760

really

447

00:22:21,220 --> 00:22:18,330

toriel some very effective and small we

448

00:22:23,800 --> 00:22:21,230

had smallpox but anyway so the point is

449

00:22:26,810 --> 00:22:23,810

that those things have freed up with

450

00:22:28,820 --> 00:22:26,820

they can they will end up in the women's

451  
00:22:30,830 --> 00:22:28,830  
movement back but if you have a return

452  
00:22:34,220 --> 00:22:30,840  
of virals we're going to create a whole

453  
00:22:35,630 --> 00:22:34,230  
new balance we're gonna add virus to

454  
00:22:38,720 --> 00:22:35,640  
start to return it to Dennis Taylor

455  
00:22:40,780 --> 00:22:38,730  
we're gonna have got a reimagine a

456  
00:22:48,200 --> 00:22:40,790  
decision-making to make a culture

457  
00:22:50,180 --> 00:22:48,210  
because we need to have and it's no

458  
00:22:52,910 --> 00:22:50,190  
secret that psychological studies was

459  
00:22:55,040 --> 00:22:52,920  
said that the single most unhappy people

460  
00:22:59,990 --> 00:22:55,050  
are 40 year old women with a college

461  
00:23:03,350 --> 00:23:00,000  
degree it's passionate for divorce have

462  
00:23:04,940 --> 00:23:03,360  
not invested in family because we've

463  
00:23:09,080 --> 00:23:04,950

told them my career is going to replace

464

00:23:10,790 --> 00:23:09,090

family and they believe it because

465

00:23:12,410 --> 00:23:10,800

everything in society and there's a lot

466

00:23:15,080 --> 00:23:12,420

of advantage to sport we did more

467

00:23:17,180 --> 00:23:15,090

workers with it more corruption money

468

00:23:19,250 --> 00:23:17,190

becomes a primary pen because it make

469

00:23:22,130 --> 00:23:19,260

does that mean any individuals of happy

470

00:23:24,110 --> 00:23:22,140

no a whole this might not be the best

471

00:23:27,830 --> 00:23:24,120

choice because we're designed to be

472

00:23:30,230 --> 00:23:27,840

certain that like we don't go out and

473

00:23:33,020 --> 00:23:30,240

tell weekly a constant self revolution

474

00:23:36,530 --> 00:23:33,030

we're shooting for animals right we

475

00:23:39,260 --> 00:23:36,540

don't tell the boy in the tower how I

476

00:23:41,860 --> 00:23:39,270

behave we don't say we can ever bald

477

00:23:44,360 --> 00:23:41,870

women to something else they're a truly

478

00:23:46,970 --> 00:23:44,370

but we do human because with higher in

479

00:23:49,790 --> 00:23:46,980

power then we have more aberrations

480

00:23:54,410 --> 00:23:49,800

people who were absolutely capable of

481

00:23:58,540 --> 00:23:54,420

growing war era Shuman percent could

482

00:24:03,250 --> 00:23:58,550

have went on and been issues of applause

483

00:24:06,410 --> 00:24:03,260

and yet she chose that famine whatever

484

00:24:09,080 --> 00:24:06,420

with our big career took their home in

485

00:24:10,790 --> 00:24:09,090

half and now then we know isn't that a

486

00:24:13,880 --> 00:24:10,800

tragedy well maybe it isn't maybe this

487

00:24:16,700 --> 00:24:13,890

maybe they were happier with their life

488

00:24:18,380 --> 00:24:16,710

that's what choice is about but the

489

00:24:22,390 --> 00:24:18,390

choices become limited people die young

490

00:24:26,330 --> 00:24:22,400

and then society has to reevaluate and

491

00:24:29,149 --> 00:24:26,340

all institutions support what's in

492

00:24:32,390 --> 00:24:29,159

with the society median age and what

493

00:24:36,260 --> 00:24:32,400

Japan is 22 that's insane

494

00:24:41,919 --> 00:24:36,270

historically if you get a big bonus rate

495

00:24:49,880 --> 00:24:47,269

and no one talked about this and so I

496

00:24:51,649 --> 00:24:49,890

mean they do be obsessed with it but

497

00:24:56,330 --> 00:24:51,659

they didn't talk what do we create by

498

00:25:00,560 --> 00:24:56,340

making upside-down each parents and we

499

00:25:03,110 --> 00:25:00,570

won't having children but the argument

500

00:25:06,470 --> 00:25:03,120

spending is lost people okay that we do

501  
00:25:08,750 --> 00:25:06,480  
marry back that maybe the pain'll

502  
00:25:13,220 --> 00:25:08,760  
rectify itself but a second

503  
00:25:15,080 --> 00:25:13,230  
environmentalist there's no honest

504  
00:25:16,970 --> 00:25:15,090  
discussion and then the pom-pom for the

505  
00:25:19,460 --> 00:25:16,980  
fiction tradition isn't forgiving that

506  
00:25:22,279 --> 00:25:19,470  
alone which focuses the one where the

507  
00:25:25,310 --> 00:25:22,289  
organism to learn that this is what's

508  
00:25:27,409 --> 00:25:25,320  
gonna happen and we've done it it's

509  
00:25:27,860 --> 00:25:27,419  
pretty much been like a little the long

510  
00:25:32,060 --> 00:25:27,870  
haul

511  
00:25:34,370 --> 00:25:32,070  
no I think you're dead on and I think a

512  
00:25:38,000 --> 00:25:34,380  
lot of people are getting lumped in

513  
00:25:41,330 --> 00:25:38,010

oddly with conspiracy theorists and

514

00:25:43,880 --> 00:25:41,340

oddly a lot of conspiracy theorists are

515

00:25:46,039 --> 00:25:43,890

getting lumped in with political

516

00:25:47,510 --> 00:25:46,049

affiliations they don't have because

517

00:25:49,639 --> 00:25:47,520

they're not believing the narrative I

518

00:25:52,370 --> 00:25:49,649

like that you mentioned the mayor in st.

519

00:25:54,919 --> 00:25:52,380

Louis in 1917 and I hate to go back to

520

00:25:57,500 --> 00:25:54,929

the herd mentality but we are in essence

521

00:25:59,659 --> 00:25:57,510

a social are supposed to be we are

522

00:26:02,419 --> 00:25:59,669

supposed to be a social animal the

523

00:26:04,580 --> 00:26:02,429

quarantine eing for such this isn't

524

00:26:08,060 --> 00:26:04,590

really a thinning of our herd I don't

525

00:26:10,460 --> 00:26:08,070

see this as a real threat and yet I'm

526

00:26:13,700 --> 00:26:10,470

watching the economy decimated I'm

527

00:26:18,139 --> 00:26:13,710

watching people's retirement decimated

528

00:26:20,630 --> 00:26:18,149

it is horrific but not to the extent

529

00:26:21,950 --> 00:26:20,640

that not like anything we've dealt with

530

00:26:23,840 --> 00:26:21,960

before we've dealt with everything and

531

00:26:24,409 --> 00:26:23,850

overcome it and it's all been worse than

532

00:26:26,960 --> 00:26:24,419

this

533

00:26:28,549 --> 00:26:26,970

so it's kind of a head scratcher it

534

00:26:29,029 --> 00:26:28,559

really makes you wonder where it's

535

00:26:31,220 --> 00:26:29,039

headed

536

00:26:32,510 --> 00:26:31,230

so what is the worst place in the world

537

00:26:34,760 --> 00:26:32,520

the worst place in the world was New

538

00:26:39,230 --> 00:26:34,770

York State all those out in New York

539

00:26:41,600 --> 00:26:39,240

City you have unknown them you have what

540

00:26:45,169 --> 00:26:41,610

twelve or thirteen hundred bucks all

541

00:26:47,540 --> 00:26:45,179

right 1,300 that's with giving them the

542

00:26:50,570 --> 00:26:47,550

extra ones they throw it on as suspected

543

00:26:51,530 --> 00:26:50,580

okay give them everything they want so

544

00:26:53,870 --> 00:26:51,540

this is bad news

545

00:26:57,320 --> 00:26:53,880

that means nine hundred and ninety eight

546

00:27:01,910 --> 00:26:57,330

thousand eight seven seven hundred

547

00:27:05,080 --> 00:27:01,920

people out of every million either had

548

00:27:07,549 --> 00:27:05,090

it didn't have it didn't die right

549

00:27:11,600 --> 00:27:07,559

overall death rates in the country are

550

00:27:13,910 --> 00:27:11,610

down for two weeks during the worst week

551  
00:27:15,620 --> 00:27:13,920  
our president declared as I'm going to

552  
00:27:16,220 --> 00:27:15,630  
bash talk a little bit this isn't well

553  
00:27:19,190 --> 00:27:16,230  
not

554  
00:27:22,010 --> 00:27:19,200  
I hated that time the worst week in our

555  
00:27:25,430 --> 00:27:22,020  
country's history we had we were 20%

556  
00:27:28,370 --> 00:27:25,440  
over no more best for a week the next

557  
00:27:30,110 --> 00:27:28,380  
week we were has intercept those 120-180

558  
00:27:34,580 --> 00:27:30,120  
every other week this year we've been

559  
00:27:38,510 --> 00:27:34,590  
under project with that so statistically

560  
00:27:40,940 --> 00:27:38,520  
it's a wash now why does that happen

561  
00:27:46,610 --> 00:27:40,950  
well we know that a large portion of the

562  
00:27:48,710 --> 00:27:46,620  
descotch year Anderson did the median age

563  
00:27:52,820 --> 00:27:48,720

of bathroom 32 so what happens when

564

00:27:58,070 --> 00:27:52,830

someone goes into a nursing home in a

565

00:28:01,010 --> 00:27:58,080

nursing home the United States be the

566

00:28:05,450 --> 00:28:01,020

average that the median time to you

567

00:28:09,350 --> 00:28:05,460

value is six months so you know nursing

568

00:28:12,890 --> 00:28:09,360

home your chances that is is within the

569

00:28:17,090 --> 00:28:12,900

year the odds are after you will die

570

00:28:18,650 --> 00:28:17,100

within a year and rest on your table so

571

00:28:23,510 --> 00:28:18,660

now you get into something else if you

572

00:28:25,880 --> 00:28:23,520

go when I turn right right now I am 51 I

573

00:28:30,110 --> 00:28:25,890

have a half a percent chance of that

574

00:28:33,919 --> 00:28:30,120

this year we're an actuary thing I will

575

00:28:37,900 --> 00:28:33,929

relate some point one percent so I had a

576  
00:28:43,040 --> 00:28:37,910  
higher chance of death from all causes

577  
00:28:45,080 --> 00:28:43,050  
then hopefully they are really

578  
00:28:47,840 --> 00:28:45,090  
ridiculously hot because cold is killing

579  
00:28:51,380 --> 00:28:47,850  
in New York in the worst place in the

580  
00:28:53,980 --> 00:28:51,390  
world ten percent of one percent of

581  
00:28:56,840 --> 00:28:53,990  
people

582  
00:28:58,190 --> 00:28:56,850  
that's its actual reference we don't

583  
00:29:00,050 --> 00:28:58,200  
know if everybody gets infected when

584  
00:29:02,570 --> 00:29:00,060  
it's don't have inspector there's the

585  
00:29:04,820 --> 00:29:02,580  
first half at the new Nagi and the

586  
00:29:10,100 --> 00:29:04,830  
reason adopted effect is because irises

587  
00:29:12,590 --> 00:29:10,110  
speak out when we first post first so if

588  
00:29:16,270 --> 00:29:12,600

you get exposed for an 85 year old man

589

00:29:24,140 --> 00:29:21,740

you just said first d-bags we both see

590

00:29:29,840 --> 00:29:24,150

please post your mean system might not

591

00:29:33,110 --> 00:29:29,850

gonna be depressed Irish human and so so

592

00:29:35,810 --> 00:29:33,120

she may look sick and she died pathetic

593

00:29:39,050 --> 00:29:35,820

or he might not bad in fact we learned

594

00:29:41,750 --> 00:29:39,060

visible compromising systems and by 30%

595

00:29:44,690 --> 00:29:41,760

of the time 39% herself in another way

596

00:29:46,730 --> 00:29:44,700

and 69% I read lips that's actually

597

00:29:49,760 --> 00:29:46,740

pretty good for him given his channel

598

00:29:54,560 --> 00:29:49,770

situation 82 this chance of death was

599

00:29:58,310 --> 00:29:54,570

about 3% per year every year did it

600

00:29:58,940 --> 00:29:58,320

require a common core and common for the

601  
00:30:04,100 --> 00:29:58,950  
virus

602  
00:30:05,900 --> 00:30:04,110  
yes any percent chance of that actually

603  
00:30:09,260 --> 00:30:05,910  
that's that's just something into I

604  
00:30:12,170 --> 00:30:09,270  
don't know if there's a comic music this

605  
00:30:17,270 --> 00:30:12,180  
is this this has been mass hysteria over

606  
00:30:19,520 --> 00:30:17,280  
it the new threatening scary and we have

607  
00:30:21,200 --> 00:30:19,530  
we have treatments for HIV who's not

608  
00:30:23,270 --> 00:30:21,210  
other backs it alright the people put

609  
00:30:27,850 --> 00:30:23,280  
that in fact then we all stop in the

610  
00:30:31,930 --> 00:30:27,860  
night the no disrespect not at all we

611  
00:30:34,730 --> 00:30:31,940  
continue to do so we need to live so

612  
00:30:38,600 --> 00:30:34,740  
your action of everybody to hide and not

613  
00:30:41,480 --> 00:30:38,610

live again I'll go back to three forceps

614

00:30:43,970 --> 00:30:41,490

your chance was about 34 35 percent

615

00:30:48,050 --> 00:30:43,980

chance of death having pregnancy all

616

00:30:52,540 --> 00:30:48,060

right did people have sex did women

617

00:30:58,430 --> 00:30:52,550

choose to enter that danger they did

618

00:30:59,510 --> 00:30:58,440

with a 24 percent chance of death so

619

00:31:03,110 --> 00:30:59,520

they can have a child

620

00:31:05,780 --> 00:31:03,120

this is an it keeps decreasing on 1500

621

00:31:06,470 --> 00:31:05,790

of personal dots but but it's fashion if

622

00:31:09,169 --> 00:31:06,480

they go

623

00:31:11,900 --> 00:31:09,179

you know what the need to live the need

624

00:31:16,820 --> 00:31:11,910

to reproduce the need to to have sex

625

00:31:19,909 --> 00:31:16,830

then was so strong that women were going

626

00:31:24,500 --> 00:31:19,919

I'm running the risk by to continue the

627

00:31:29,450 --> 00:31:24,510

species to be a mother and that's a real

628

00:31:33,289 --> 00:31:29,460

testament the women many one facing and

629

00:31:36,590 --> 00:31:33,299

they just got the in that and so we

630

00:31:40,720 --> 00:31:36,600

thought the none of this is honestly the

631

00:31:44,890 --> 00:31:40,730

stuff because since roughly since 1960

632

00:31:49,220 --> 00:31:44,900

the sexual revolution and I am as open

633

00:31:51,320 --> 00:31:49,230

ruined the to divide in my right I'm not

634

00:31:57,289 --> 00:31:51,330

bisexual Melisa's hazard winners but

635

00:31:59,000 --> 00:31:57,299

because I am as free thinking I am the

636

00:32:03,580 --> 00:31:59,010

closest upon no Christian he's miserable

637

00:32:07,100 --> 00:32:03,590

on the line not all being said I

638

00:32:13,250 --> 00:32:07,110

understand that we upset the applecart

639

00:32:16,780 --> 00:32:13,260

and we have been living lives that are

640

00:32:20,570 --> 00:32:16,790

out of sync with the realities of news

641

00:32:22,640 --> 00:32:20,580

and then in the process we've made

642

00:32:25,039 --> 00:32:22,650

people miserable and this is a little

643

00:32:28,190 --> 00:32:25,049

cultural reset but it's under it can

644

00:32:29,840 --> 00:32:28,200

affect the covert and all these issues

645

00:32:36,590 --> 00:32:29,850

are coming for that we're having a

646

00:32:41,330 --> 00:32:36,600

massive panic an arrest and were unable

647

00:32:44,150 --> 00:32:41,340

to deal with it and the be honest

648

00:32:47,150 --> 00:32:44,160

everyone has a Western culture now with

649

00:32:50,060 --> 00:32:47,160

various influences the anglo-saxon

650

00:32:54,310 --> 00:32:50,070

people call Matata since the city

651  
00:32:58,100 --> 00:32:54,320  
especially our model is suit between

652  
00:33:00,890 --> 00:32:58,110  
colonization and then our arts incentive

653  
00:33:02,419 --> 00:33:00,900  
especially for a century it's in the

654  
00:33:06,350 --> 00:33:02,429  
American with the American Century for

655  
00:33:11,720 --> 00:33:06,360  
reason we move the world to our culture

656  
00:33:16,070 --> 00:33:11,730  
and so and we our culture has a

657  
00:33:18,919 --> 00:33:16,080  
propensity that more pets again and

658  
00:33:19,880 --> 00:33:18,929  
again and again I don't know how are you

659  
00:33:24,860 --> 00:33:19,890  
sir

660  
00:33:26,240 --> 00:33:24,870  
I am 45 okay you remember the fear is

661  
00:33:29,150 --> 00:33:26,250  
that everybody was going that every

662  
00:33:33,800 --> 00:33:29,160  
child's net not inside refrigerators it

663  
00:33:36,050 --> 00:33:33,810

was the worst the worst yes the doors

664

00:33:37,040 --> 00:33:36,060

the doors are going to LA and you're

665

00:33:41,600 --> 00:33:37,050

going to be trapped inside a

666

00:33:43,700 --> 00:33:41,610

refrigerator okay that was in wrong pan

667

00:33:47,120 --> 00:33:43,710

it was a food number of kids who died

668

00:33:50,810 --> 00:33:47,130

and then we became obsessed with the

669

00:33:55,310 --> 00:33:50,820

wrong fat for Eisenhower's heart attack

670

00:33:58,970 --> 00:33:55,320

well can and we were left with rules and

671

00:34:00,410 --> 00:33:58,980

everything be wrong panics leave us with

672

00:34:02,150 --> 00:34:00,420

vestiges of themselves

673

00:34:04,850 --> 00:34:02,160

the reason is dead and met cards

674

00:34:06,560 --> 00:34:04,860

children's faces in some places with the

675

00:34:09,380 --> 00:34:06,570

round pen four statements were affecting

676  
00:34:11,090 --> 00:34:09,390  
children and the eight and the reason we

677  
00:34:13,610 --> 00:34:11,100  
change refrigerators is because it's

678  
00:34:15,440 --> 00:34:13,620  
more panic about the refrigerants to

679  
00:34:17,450 --> 00:34:15,450  
deport the government actually the study

680  
00:34:19,970 --> 00:34:17,460  
we're not children of different

681  
00:34:21,950 --> 00:34:19,980  
socioeconomic backgrounds inside

682  
00:34:24,440 --> 00:34:21,960  
refrigerators the season get out

683  
00:34:27,050 --> 00:34:24,450  
I can't think of any government study

684  
00:34:29,389 --> 00:34:27,060  
this Morni Chris said in the seventies

685  
00:34:31,970 --> 00:34:29,399  
they actually parents it painted better

686  
00:34:35,120 --> 00:34:31,980  
kicked off inside refrigerators this

687  
00:34:37,460 --> 00:34:35,130  
does Anna discover oh go ahead well it

688  
00:34:56,870 --> 00:34:37,470

does have that sort of taste to it like

689

00:34:59,000 --> 00:34:56,880

you're mentioning media and they use

690

00:35:01,640 --> 00:34:59,010

symbolology so when you watch the news you

691

00:35:04,010 --> 00:35:01,650

hear when they put up the corner virus

692

00:35:11,420 --> 00:35:04,020

they show the symbol of the virus and

693

00:35:14,360 --> 00:35:11,430

you hear about music yeah conditioning

694

00:35:17,540 --> 00:35:14,370

from welfare and so then return Nash

695

00:35:20,600 --> 00:35:17,550

don't work well unless you're wearing

696

00:35:23,060 --> 00:35:20,610

that in the n95 math of course they

697

00:35:24,410 --> 00:35:23,070

don't want that because the particles

698

00:35:27,950 --> 00:35:24,420

are smaller than the stuff they're going

699

00:35:30,710 --> 00:35:27,960

through right so returns us sometime

700

00:35:33,890 --> 00:35:30,720

okay you have to worry about so why are

701

00:35:36,440 --> 00:35:33,900

we wearing that is the dentro work

702

00:35:38,840 --> 00:35:36,450

- so what if there's a group of people

703

00:35:42,980 --> 00:35:38,850

bringing up who wear them it them get us

704

00:35:44,390 --> 00:35:42,990

back out in society so they're hoping

705

00:35:46,550 --> 00:35:44,400

the people of your peers

706

00:35:49,820 --> 00:35:46,560

the number two reason is social

707

00:35:51,830 --> 00:35:49,830

condition so what you are doing by

708

00:35:54,110 --> 00:35:51,840

wearing a mask or not one that is

709

00:35:59,540 --> 00:35:54,120

showing that you are part of the group

710

00:36:03,700 --> 00:35:59,550

in the paddock since they are delicious

711

00:36:08,530 --> 00:36:03,710

whether we were showing that people are

712

00:36:13,270 --> 00:36:10,880

which one we use phrases like believe

713

00:36:15,380 --> 00:36:13,280

science last time I wrote science

714

00:36:19,190 --> 00:36:15,390

doesn't get the leaves or not believe

715

00:36:21,860 --> 00:36:19,200

that method of scientific messages is

716

00:36:25,640 --> 00:36:21,870

that we test it so then you have a weird

717

00:36:29,120 --> 00:36:25,650

idea about people on the path if I drop

718

00:36:32,150 --> 00:36:29,130

it back then it hits before I know we

719

00:36:33,740 --> 00:36:32,160

now call that garbage but before we

720

00:36:37,630 --> 00:36:33,750

invented the theory of gravity the

721

00:36:37,640 --> 00:36:43,990

no no means they knew it would happen

722

00:37:00,590 --> 00:36:53,540

exactly and so we have this idea that

723

00:37:02,960 --> 00:37:00,600

they were completely wrong about right

724

00:37:06,440 --> 00:37:02,970

but I remember I had a college professor

725

00:37:09,140 --> 00:37:06,450

who he asked the question in class he

726  
00:37:10,670 --> 00:37:09,150  
was discussing antibodies in the church

727  
00:37:13,370 --> 00:37:10,680  
and people are saying that's all wrong

728  
00:37:16,460 --> 00:37:13,380  
super superstitious please go see them

729  
00:37:18,590 --> 00:37:16,470  
right so he then asked a very simple

730  
00:37:23,180 --> 00:37:18,600  
question how many people just will have

731  
00:37:25,310 --> 00:37:23,190  
seen in large mammal well the first year

732  
00:37:27,470 --> 00:37:25,320  
how many people didn't impressive ball

733  
00:37:30,230 --> 00:37:27,480  
and I am NOT Catholic that memorize it I

734  
00:37:33,650 --> 00:37:30,240  
raised my head I was the only person

735  
00:37:35,270 --> 00:37:33,660  
who's bleeding pepper so then he said

736  
00:37:40,210 --> 00:37:35,280  
many people this room has seen large

737  
00:37:45,410 --> 00:37:40,220  
them as well I was doing personally

738  
00:37:47,780 --> 00:37:45,420

better damage that I chose down on the

739

00:37:51,820 --> 00:37:49,490

and he said isn't that no the only

740

00:37:54,110 --> 00:37:51,830

person here who's seeing a body gras

741

00:37:55,820 --> 00:37:54,120

after days of decay but what it also

742

00:37:58,430 --> 00:37:55,830

believes me uncomfortable about it and

743

00:38:03,080 --> 00:37:58,440

so these people saw human beings rot and

744

00:38:08,660 --> 00:38:03,090

they died and biases America you don't

745

00:38:10,400 --> 00:38:08,670

your highlights a sanitized and there's

746

00:38:12,140 --> 00:38:10,410

been this removal from nature which also

747

00:38:14,270 --> 00:38:12,150

tells apartment so in people say they

748

00:38:17,480 --> 00:38:14,280

were trying for actions inside the third

749

00:38:20,630 --> 00:38:17,490

sofa and so that's technology science

750

00:38:24,320 --> 00:38:20,640

and technology and they give stressful

751

00:38:28,880 --> 00:38:24,330

side by and things like that and we very

752

00:38:34,690 --> 00:38:28,890

basic human element that is that why we

753

00:38:38,180 --> 00:38:34,700

are the way we are so they were peaceful

754

00:38:41,630 --> 00:38:38,190

but it's become like religious like a

755

00:38:44,300 --> 00:38:41,640

challenge about their factions opinion

756

00:38:47,390 --> 00:38:44,310

or dr. Berger well I cannot science

757

00:38:49,790 --> 00:38:47,400

requires an end challenge and it doesn't

758

00:38:51,620 --> 00:38:49,800

matter if I meant scientist I've been

759

00:38:56,240 --> 00:38:51,630

given a degree it matters that their

760

00:38:58,940 --> 00:38:56,250

their argument has your honor but it can

761

00:39:01,130 --> 00:38:58,950

hold up to scrutiny doesn't matter who's

762

00:39:06,730 --> 00:39:01,140

making that the field will afford I have

763

00:39:09,140 --> 00:39:06,740

a degree that logical fallacy and yet

764

00:39:10,940 --> 00:39:09,150

and that's why you have the things about

765

00:39:13,610 --> 00:39:10,950

these impartial divided country

766

00:39:15,410 --> 00:39:13,620

when one group of people have generally

767

00:39:17,150 --> 00:39:15,420

rejected the idea of authority there's a

768

00:39:19,940 --> 00:39:17,160

lot of cultural reasons for that are

769

00:39:22,610 --> 00:39:19,950

going back to the founding cultures of

770

00:39:24,680 --> 00:39:22,620

the country and you are another group

771

00:39:27,950 --> 00:39:24,690

that is absolutely obsessed with

772

00:39:31,120 --> 00:39:27,960

appealing report then and then is move

773

00:39:34,160 --> 00:39:31,130

away from religion members towards it

774

00:39:37,220 --> 00:39:34,170

and so you have this mismatch of the bag

775

00:39:40,940 --> 00:39:37,230

on how they view the problem but

776

00:39:42,770 --> 00:39:40,950

logically you know sooner because more

777

00:39:45,170 --> 00:39:42,780

about best and of course dr. Sarah

778

00:39:47,750 --> 00:39:45,180

there's anybody in this country the most

779

00:39:51,740 --> 00:39:47,760

best pathologist came out in power

780

00:39:52,340 --> 00:39:51,750

history due to the fact that we have no

781

00:39:54,770 --> 00:39:52,350

power

782

00:39:57,440 --> 00:39:54,780

iron when I was thrilled because I meant

783

00:40:01,490 --> 00:39:57,450

dr. what I think it's just the national

784

00:40:03,400 --> 00:40:01,500

treasure but

785

00:40:05,870 --> 00:40:03,410

this is not how you're going to die

786

00:40:09,650 --> 00:40:05,880

there was the beginning two weeks what

787

00:40:11,450 --> 00:40:09,660

was leading all about - really bad words

788

00:40:15,410 --> 00:40:11,460

to me work was mainly at me for this

789

00:40:20,030 --> 00:40:15,420

stuff the nursing homes in Newark New

790

00:40:22,070 --> 00:40:20,040

Jersey their attic which meant we

791

00:40:28,400 --> 00:40:22,080

instead what Sweden did we did the

792

00:40:30,770 --> 00:40:28,410

opposite this should not be every

793

00:40:32,750 --> 00:40:30,780

all-consuming moment of our life but

794

00:40:36,110 --> 00:40:32,760

they admitted it it wasn't taken away

795

00:40:38,930 --> 00:40:36,120

everything else now I'll ask you think

796

00:40:41,720 --> 00:40:38,940

about the more that think about how that

797

00:40:45,950 --> 00:40:41,730

makes you focus and makes you focus on

798

00:40:47,780 --> 00:40:45,960

problem but the real part is social it's

799

00:40:49,190 --> 00:40:47,790

a real homeless and if you're isolating

800

00:40:51,710 --> 00:40:49,200

trapped in your house you don't have a

801  
00:40:53,930 --> 00:40:51,720  
business and I can tell you the people

802  
00:40:55,640 --> 00:40:53,940  
that your host with all my back their

803  
00:40:57,770 --> 00:40:55,650  
families families your friends are

804  
00:41:00,430 --> 00:40:57,780  
talking about them they're they're now

805  
00:41:06,230 --> 00:41:00,440  
actively deciding opinion it's cost I

806  
00:41:09,350 --> 00:41:06,240  
think that this striking the change in

807  
00:41:11,960 --> 00:41:09,360  
their desire had a bunch of friends upon

808  
00:41:19,510 --> 00:41:11,970  
their demands and they're all I need to

809  
00:41:22,610 --> 00:41:19,520  
defend that's what this was about a

810  
00:41:30,010 --> 00:41:22,620  
generation loss and their parents been

811  
00:41:33,800 --> 00:41:30,020  
mad about their own death the grounders

812  
00:41:35,690 --> 00:41:33,810  
yeah and it is it is it's a lot of

813  
00:41:39,380 --> 00:41:35,700

ground but I think you covered it really

814

00:41:42,560 --> 00:41:39,390

well and I think that it's not an

815

00:41:45,980 --> 00:41:42,570

exaggeration whatsoever it seems that

816

00:41:48,920 --> 00:41:45,990

each generation previously was stronger

817

00:41:52,880 --> 00:41:48,930

than the one before it in in many ways

818

00:41:55,460 --> 00:41:52,890

and sadly this is kind of a reminder I

819

00:41:58,640 --> 00:41:55,470

hadn't thought about the age thing is

820

00:42:01,370 --> 00:41:58,650

such a huge thing Cody in Italy

821

00:42:03,410 --> 00:42:01,380

there was worries and concerns that I

822

00:42:06,830 --> 00:42:03,420

had read before I heard anything about

823

00:42:09,560 --> 00:42:06,840

the virus that there was so many older

824

00:42:12,380 --> 00:42:09,570

people because as you said these younger

825

00:42:14,740 --> 00:42:12,390

generations and their lifestyles did not

826

00:42:17,950 --> 00:42:14,750

condone having children

827

00:42:19,630 --> 00:42:17,960

and this has turn that makes sense now

828

00:42:22,660 --> 00:42:19,640

that I'm looking back and saw how many

829

00:42:26,830 --> 00:42:22,670

died in Italy as well this is kind of a

830

00:42:29,050 --> 00:42:26,840

narcissist tickle he targeted virus it

831

00:42:31,420 --> 00:42:29,060

what you know it's interesting

832

00:42:43,360 --> 00:42:31,430

do you know the median age in New York

833

00:42:46,600 --> 00:42:43,370

Cody yeah that that's a that's wild it's

834

00:42:54,610 --> 00:42:46,610

pretty one in Minnesota in Minnesota I

835

00:42:58,480 --> 00:42:54,620

believe was 79 and so I mean it's

836

00:42:59,710 --> 00:42:58,490

clearly been in the upper reaches and

837

00:43:02,650 --> 00:42:59,720

that's why they go out of their way to

838

00:43:05,610 --> 00:43:02,660

say about the year-old died not

839

00:43:08,740 --> 00:43:05,620

affection for children with some rare

840

00:43:09,670 --> 00:43:08,750

complication from it I mean it's

841

00:43:15,310 --> 00:43:09,680

never-ending

842

00:43:16,870 --> 00:43:15,320

we amount of manipulation because they

843

00:43:19,420 --> 00:43:16,880

gotta keep calorie because they gotta

844

00:43:21,520 --> 00:43:19,430

keep running with it unless you have an

845

00:43:23,710 --> 00:43:21,530

immoral panic eventually at the moment

846

00:43:28,570 --> 00:43:23,720

of establishing law well it will be

847

00:43:31,240 --> 00:43:28,580

universally ignored eventually and I'm

848

00:43:35,380 --> 00:43:31,250

gonna side the guy from Monty Python he

849

00:43:37,180 --> 00:43:35,390

came on with interview recently and I

850

00:43:44,950 --> 00:43:37,190

want to use the recent moral panic to

851

00:43:50,710 --> 00:43:44,960

meet to will young women continue to

852

00:43:54,790 --> 00:43:50,720

pursue powerful rich men will that now

853

00:43:56,620 --> 00:43:54,800

stop because of me too and will old men

854

00:43:59,470 --> 00:43:56,630

continue to exchange their wealth of

855

00:44:02,680 --> 00:43:59,480

power for sex with young girls young

856

00:44:05,080 --> 00:44:02,690

women that will not stop that has never

857

00:44:08,590 --> 00:44:05,090

stopped in the history of man nor will

858

00:44:10,330 --> 00:44:08,600

it stop complete said we were told there

859

00:44:13,200 --> 00:44:10,340

was going to be a whole new more doesn't

860

00:44:16,870 --> 00:44:13,210

mean so much be sexually harassed or or

861

00:44:18,220 --> 00:44:16,880

assaulted or anything like that okay but

862

00:44:22,710 --> 00:44:18,230

there is going to be this great movement

863

00:44:26,290 --> 00:44:22,720

toward all these massive changes inside

864

00:44:28,540 --> 00:44:26,300

if you're not going to happen because

865

00:44:32,680 --> 00:44:28,550

that really

866

00:44:34,900 --> 00:44:32,690

and again look at the more pet right dig

867

00:44:36,460 --> 00:44:34,910

deeper in the meat to what was actually

868

00:44:37,870 --> 00:44:36,470

happening people are using tick pop

869

00:44:43,390 --> 00:44:37,880

there's not a pile they're using all

870

00:44:47,250 --> 00:44:43,400

these like dating apps right and women

871

00:44:51,360 --> 00:44:47,260

were being used for sex and there was no

872

00:44:55,510 --> 00:44:51,370

connection to child rearing in chopper

873

00:45:00,030 --> 00:44:55,520

so if you were a young man who isn't

874

00:45:02,680 --> 00:45:00,040

married who needs to find a lite-brite

875

00:45:05,800 --> 00:45:02,690

which really scared the date in the wake

876

00:45:06,600 --> 00:45:05,810

of me - you met someone at work you met

877

00:45:09,910 --> 00:45:06,610

someone else

878

00:45:13,960 --> 00:45:09,920

sunset whatever even terrified horrified

879

00:45:15,220 --> 00:45:13,970

right okay that's what was happening so

880

00:45:18,250 --> 00:45:15,230

lifted that force

881

00:45:19,960 --> 00:45:18,260

I still wanna get married I had

882

00:45:22,240 --> 00:45:19,970

conservative friends that were pushing

883

00:45:24,910 --> 00:45:22,250

for this and rubbing their ability would

884

00:45:26,530 --> 00:45:24,920

take people back to courting but it

885

00:45:32,070 --> 00:45:26,540

takes them back the procedures which

886

00:45:34,750 --> 00:45:32,080

were about meeting a person valuing them

887

00:45:40,720 --> 00:45:34,760

making it well for them because they

888

00:45:43,690 --> 00:45:40,730

mattered to you and then having a family

889

00:45:45,550 --> 00:45:43,700

you see so you had that what the moral

890

00:45:47,830 --> 00:45:45,560

panic was about was really that women

891

00:45:49,780 --> 00:45:47,840

were being devalued in use for sexual

892

00:45:51,520 --> 00:45:49,790

revolution which is like so many other

893

00:45:54,570 --> 00:45:51,530

guys like that from Hoffman that were

894

00:45:59,080 --> 00:45:54,580

brought up because they were symbols at

895

00:46:02,590 --> 00:45:59,090

this cultural decision to separate sex

896

00:46:08,040 --> 00:46:02,600

from reproduction and the result was

897

00:46:11,440 --> 00:46:08,050

that people were left in particularly

898

00:46:13,300 --> 00:46:11,450

youth so in reading stories like the

899

00:46:17,020 --> 00:46:13,310

women cannot claim something disgusting

900

00:46:18,160 --> 00:46:17,030

- she wanted him to mentor her she

901  
00:46:19,510 --> 00:46:18,170  
thought she was gonna have his career in

902  
00:46:21,970 --> 00:46:19,520  
Hollywood she thought she was gonna have

903  
00:46:22,900 --> 00:46:21,980  
this person this as she rubbed his feet

904  
00:46:29,260 --> 00:46:22,910  
or whatever the hell it was

905  
00:46:30,760 --> 00:46:29,270  
and she's 47 years old that moment that

906  
00:46:33,130 --> 00:46:30,770  
she could get what she did it through

907  
00:46:38,320 --> 00:46:33,140  
sections of her ability to have a family

908  
00:46:42,010 --> 00:46:38,330  
and a life was over right and what was

909  
00:46:48,760 --> 00:46:44,760  
he had so lien Dustin guy with a thing

910  
00:46:56,370 --> 00:46:48,770  
and all that which is the biggest dead

911  
00:46:59,320 --> 00:46:56,380  
end of all spiritually and you're angry

912  
00:47:01,180 --> 00:46:59,330  
and I'm going to go back and learn the

913  
00:47:04,600 --> 00:47:01,190

culture and bring people see how to live

914

00:47:11,830 --> 00:47:04,610

with it and now you get into the

915

00:47:14,530 --> 00:47:11,840

structural thing so if the people whose

916

00:47:17,980 --> 00:47:14,540

disposition was in half or mainly

917

00:47:20,620 --> 00:47:17,990

actresses necessities and 40 for example

918

00:47:23,200 --> 00:47:20,630

Hollywood right American their positions

919

00:47:26,020 --> 00:47:23,210

weren't until they were now praised for

920

00:47:28,930 --> 00:47:26,030

the brave that under that and now they

921

00:47:31,270 --> 00:47:28,940

also under ten girls who might be coming

922

00:47:35,620 --> 00:47:31,280

up to might be willing to do whatever to

923

00:47:38,230 --> 00:47:35,630

get ahead you see and we don't pop

924

00:47:39,880 --> 00:47:38,240

chronically about that so now they're

925

00:47:42,820 --> 00:47:39,890

still in this world for that market by

926  
00:47:47,500 --> 00:47:42,830  
they've got them a better actor there's

927  
00:47:49,870 --> 00:47:47,510  
a lot of real truth to that but they

928  
00:47:51,820 --> 00:47:49,880  
also knew that that whole system on

929  
00:47:55,570 --> 00:47:51,830  
power was crop and this is how things

930  
00:47:57,040 --> 00:47:55,580  
were running so you know and then you

931  
00:47:57,940 --> 00:47:57,050  
have the more panic you're it's going to

932  
00:48:00,130 --> 00:47:57,950  
change forever in your debt

933  
00:48:04,770 --> 00:48:00,140  
if it's right back to where it was that

934  
00:48:06,700 --> 00:48:04,780  
before and so why does it do that

935  
00:48:08,770 --> 00:48:06,710  
because there's a bigger issue were

936  
00:48:12,099 --> 00:48:08,780  
trying to sell in this case this is two

937  
00:48:15,010 --> 00:48:12,109  
in a row trying to solve it that that we

938  
00:48:18,070 --> 00:48:15,020

have a whole generation of people or not

939

00:48:21,220 --> 00:48:18,080

reproducing who are not pretty when

940

00:48:25,510 --> 00:48:21,230

families then invested in corporate life

941

00:48:28,740 --> 00:48:25,520

and we're and in spiritual life and that

942

00:48:31,900 --> 00:48:28,750

was that leave them with the

943

00:48:34,080 --> 00:48:31,910

historically you worked to feed your

944

00:48:38,050 --> 00:48:34,090

family or to feed yourself

945

00:48:41,920 --> 00:48:38,060

he didn't work for the sake of once only

946

00:48:45,700 --> 00:48:41,930

leads to death yeah of higher purpose

947

00:48:49,750 --> 00:48:45,710

and all we all can't pursue higher

948

00:48:53,349 --> 00:48:49,760

purpose I hope this makes sense I mean

949

00:48:55,040 --> 00:48:53,359

I'm just because it's I have this felt

950

00:48:59,590 --> 00:48:55,050

processing which means I

951  
00:49:04,940 --> 00:48:59,600  
I I see big pictures better than I small

952  
00:49:06,170 --> 00:49:04,950  
details so I think I think I think

953  
00:49:12,890 --> 00:49:06,180  
you're dead-on

954  
00:49:14,330 --> 00:49:12,900  
I think you'd that on and so it's so

955  
00:49:17,330 --> 00:49:14,340  
human you offend people because people

956  
00:49:20,540 --> 00:49:17,340  
take everything emotionally and take it

957  
00:49:24,140 --> 00:49:20,550  
like okay let's say so Madison resident

958  
00:49:28,510 --> 00:49:24,150  
children Alisa result and in general

959  
00:49:32,480 --> 00:49:28,520  
those people are not happy no no no

960  
00:49:34,040 --> 00:49:32,490  
woman's were greater step and it goes

961  
00:49:36,170 --> 00:49:34,050  
back to biology whether they like it or

962  
00:49:38,900 --> 00:49:36,180  
not that's true so then you're a person

963  
00:49:41,720 --> 00:49:38,910

that doesn't matter to what do you do

964

00:49:43,820 --> 00:49:41,730

and you're you get anywhere you say that

965

00:49:45,740 --> 00:49:43,830

person's forever and you I shout at them

966

00:49:48,560 --> 00:49:45,750

and then the other people who are

967

00:49:50,630 --> 00:49:48,570

miserable who do say that committee

968

00:49:52,430 --> 00:49:50,640

they're not being honest about they

969

00:49:55,250 --> 00:49:52,440

scream through tonight including

970

00:49:58,190 --> 00:49:55,260

screaming a crowd of people angry and

971

00:50:00,430 --> 00:49:58,200

your internet is again another cost this

972

00:50:03,830 --> 00:50:00,440

parents a big surprise

973

00:50:08,270 --> 00:50:03,840

Tisch media issue they're clearing their

974

00:50:13,010 --> 00:50:08,280

bridges and you declaring the voices of

975

00:50:16,190 --> 00:50:13,020

discontent I'm done sale people people

976  
00:50:20,210 --> 00:50:16,200  
who like Revolution and the really badly

977  
00:50:22,760 --> 00:50:20,220  
players in these games know without any

978  
00:50:27,770 --> 00:50:22,770  
question they have learned over time

979  
00:50:31,870 --> 00:50:27,780  
that fishing and running of the banner

980  
00:50:33,860 --> 00:50:31,880  
for this contented women and

981  
00:50:36,260 --> 00:50:33,870  
discontented young man but in particular

982  
00:50:37,940 --> 00:50:36,270  
disc attended general but using that

983  
00:50:43,430 --> 00:50:37,950  
group then they were going to have

984  
00:50:47,080 --> 00:50:43,440  
political power because contrary to that

985  
00:50:49,850 --> 00:50:47,090  
feminism [h\_\_h] women control that

986  
00:50:54,200 --> 00:50:49,860  
whenever women say they've gotten met

987  
00:51:01,000 --> 00:50:54,210  
men become to in turn to gain access to

988  
00:51:04,460 --> 00:51:01,010

women and so that's one of the rise of

989

00:51:06,560 --> 00:51:04,470

feminism is if women had no power there

990

00:51:08,480 --> 00:51:06,570

and there's only two currencies in the

991

00:51:14,840 --> 00:51:08,490

world one second ones men

992

00:51:18,170 --> 00:51:14,850

and so the result is women control 50%

993

00:51:19,250 --> 00:51:18,180

at one which is why there's so many

994

00:51:21,050 --> 00:51:19,260

things are upside down

995

00:51:22,580 --> 00:51:21,060

Romek men aren't 60% of the money in the

996

00:51:28,240 --> 00:51:22,590

world wasn't important I think the

997

00:51:30,620 --> 00:51:28,250

Western Wall okay but women spend 75%

998

00:51:33,859 --> 00:51:30,630

because men give it to them with statins

999

00:51:35,870 --> 00:51:33,869

even when they are within that

1000

00:51:40,520 --> 00:51:35,880

fascinating thing three or four dollars

1001  
00:51:43,070 --> 00:51:40,530  
spent is done by one Wow that's how I

1002  
00:51:44,750 --> 00:51:43,080  
was probably just focused on them that's

1003  
00:51:48,560 --> 00:51:44,760  
right one point I know we were looking

1004  
00:51:52,520 --> 00:51:48,570  
at during a wrestling show on TV that

1005  
00:52:01,460 --> 00:51:52,530  
there was actually neither sports -

1006  
00:52:03,859 --> 00:52:01,470  
sports six shows that were scripted they

1007  
00:52:06,710 --> 00:52:03,869  
were targeted primarily on all

1008  
00:52:08,270 --> 00:52:06,720  
television everything else is part of

1009  
00:52:11,380 --> 00:52:08,280  
men everything else was targeted a

1010  
00:52:14,599 --> 00:52:11,390  
little everything

1011  
00:52:16,880 --> 00:52:14,609  
- all the binge watching all that whose

1012  
00:52:19,130 --> 00:52:16,890  
part in that if I said picture a binge

1013  
00:52:29,720 --> 00:52:19,140

watch or the rotavirus what would you

1014

00:52:31,370 --> 00:52:29,730

picture yeah 40 something 30 something

1015

00:52:33,430 --> 00:52:31,380

year old female sitting there eating

1016

00:52:38,060 --> 00:52:33,440

watching television

1017

00:52:43,370 --> 00:52:38,070

okay it's true that is reality to it we

1018

00:52:46,880 --> 00:52:43,380

all know girls like women and you know

1019

00:52:49,250 --> 00:52:46,890

if I said I'll be tying the woman's face

1020

00:52:52,910 --> 00:52:49,260

I said hey Shirley the deepest it will

1021

00:52:55,310 --> 00:52:52,920

spend his whole life and basement their

1022

00:52:58,870 --> 00:52:55,320

life ten video games even said she's

1023

00:53:02,030 --> 00:52:58,880

because it's obvious and we do right

1024

00:53:06,080 --> 00:53:02,040

yeah so the video games are part of that

1025

00:53:09,109 --> 00:53:06,090

if those guys and then the TV shows are

1026

00:53:12,710 --> 00:53:09,119

parted at these more because the guy

1027

00:53:16,660 --> 00:53:12,720

look at the contract the woman show is

1028

00:53:20,780 --> 00:53:16,670

mainly low pay or covered by advertised

1029

00:53:22,070 --> 00:53:20,790

traditional this is a sound product you

1030

00:53:23,660 --> 00:53:22,080

get there has to show

1031

00:53:26,300 --> 00:53:23,670

that's the world different it's

1032

00:53:31,220 --> 00:53:26,310

description day and then traditionally

1033

00:53:34,760 --> 00:53:31,230

Aranda advertised right the guy pays for

1034

00:53:38,720 --> 00:53:34,770

his day and as he wants to the core and

1035

00:53:40,790 --> 00:53:38,730

their status he's been format right so

1036

00:53:43,100 --> 00:53:40,800

he's drilling said I would win the game

1037

00:53:47,570 --> 00:53:43,110

I want to be the guy to make me feel

1038

00:53:49,760 --> 00:53:47,580

like I'm a big dude you know mastering

1039

00:53:52,280 --> 00:53:49,770

buddies and impulses and these guys to

1040

00:53:54,860 --> 00:53:52,290

make money off of us all know that you

1041

00:53:57,380 --> 00:53:54,870

know what they get them same as those

1042

00:54:02,510 --> 00:53:57,390

we've got different they I believe in

1043

00:54:04,190 --> 00:54:02,520

these new values because there's money

1044

00:54:07,580 --> 00:54:04,200

off the system I could get

1045

00:54:10,190 --> 00:54:07,590

as soon as really are and any marketer

1046

00:54:14,270 --> 00:54:10,200

who's honest includes these

1047

00:54:16,460 --> 00:54:14,280

psychological triggers a new system and

1048

00:54:22,360 --> 00:54:16,470

so we have a bunch of people pretending

1049

00:54:26,030 --> 00:54:22,370

I mean this is a great example returns

1050

00:54:28,550 --> 00:54:26,040

to normal panic that has run out of

1051

00:54:30,680 --> 00:54:28,560

speed during this part it created an

1052

00:54:38,500 --> 00:54:30,690

organization time's up that's also

1053

00:54:41,210 --> 00:54:38,510

traditional the temperance League the

1054

00:54:44,360 --> 00:54:41,220

African colonization League a few things

1055

00:54:45,650 --> 00:54:44,370

will continue for a hundred years like

1056

00:54:48,920 --> 00:54:45,660

the group that wanted to take the axe

1057

00:54:54,220 --> 00:54:48,930

back to Africa close your offices in

1058

00:54:57,730 --> 00:54:54,230

nineteen like 50 for hard to believe the

1059

00:55:00,620 --> 00:54:57,740

Irish in a war there's still a place

1060

00:55:03,680 --> 00:55:00,630

there then last that did you then was

1061

00:55:07,220 --> 00:55:03,690

made that there was a literature in

1062

00:55:08,600 --> 00:55:07,230

Liberia and the temperance League was

1063

00:55:11,090 --> 00:55:08,610

still in existence in the eighties and

1064

00:55:13,100 --> 00:55:11,100

played long after we have vanished

1065

00:55:17,450 --> 00:55:13,110

prohibition they're still buying

1066

00:55:19,760 --> 00:55:17,460

billboards read money there's money is

1067

00:55:21,770 --> 00:55:19,770

giving and foundations are created they

1068

00:55:24,200 --> 00:55:21,780

push the viewpoint we move past the do

1069

00:55:26,030 --> 00:55:24,210

we get over and all that but there's

1070

00:55:28,480 --> 00:55:26,040

vestiges of it that will continue

1071

00:55:35,000 --> 00:55:28,490

they'll be vestiges and you have

1072

00:55:35,810 --> 00:55:35,010

throughout the rest of our lifespan and

1073

00:55:38,090 --> 00:55:35,820

we will quit

1074

00:55:41,980 --> 00:55:38,100

attention today but for the people

1075

00:55:44,810 --> 00:55:41,990

display invested in a sure definitely

1076  
00:55:47,240 --> 00:55:44,820  
so a lot of more CDC workers will have

1077  
00:55:52,730 --> 00:55:47,250  
you know contact tracers not even

1078  
00:55:56,980 --> 00:55:52,740  
anything so it'll eventually turn into

1079  
00:56:04,970 --> 00:56:00,890  
you know I'll do the extreme example up

1080  
00:56:08,120 --> 00:56:04,980  
until in 1930 there was a man who had a

1081  
00:56:13,370 --> 00:56:08,130  
job to rush for summary tending left the

1082  
00:56:16,460 --> 00:56:13,380  
Ohio Valley and that's for just everyday

1083  
00:56:19,310 --> 00:56:16,470  
he was walked up he sat there with

1084  
00:56:22,130 --> 00:56:19,320  
binoculars and stared at the river he

1085  
00:56:23,870 --> 00:56:22,140  
got that job growing old with you there

1086  
00:56:29,330 --> 00:56:23,880  
was a fear that the Nazis would send

1087  
00:56:32,870 --> 00:56:29,340  
Semmering up the hybrid vigor to respond

1088  
00:56:43,220 --> 00:56:32,880

through world problems that job didn't

1089

00:56:45,890 --> 00:56:43,230

go away with binoculars waiting for

1090

00:56:50,300 --> 00:56:45,900

submarines does then excuse became with

1091

00:56:52,040 --> 00:56:50,310

the Soviet rule if this happened we

1092

00:56:54,320 --> 00:56:52,050

eventually got rid of job the man is

1093

00:56:58,280 --> 00:56:54,330

tired Robert Byrne that's a great extent

1094

00:57:04,190 --> 00:56:58,290

save his job lose that job that job

1095

00:57:09,650 --> 00:57:04,200

important to America okay I remember

1096

00:57:11,330 --> 00:57:09,660

when that job was created so so these

1097

00:57:14,930 --> 00:57:11,340

are the type of weird things we'll be

1098

00:57:16,520 --> 00:57:14,940

left with that we waste money on and so

1099

00:57:18,290 --> 00:57:16,530

one of these workers going to get we're

1100

00:57:20,960 --> 00:57:18,300

all tired of contract trick right we

1101

00:57:23,450 --> 00:57:20,970

hired always pantech Richard we're gonna

1102

00:57:25,570 --> 00:57:23,460

do this we're gonna wait for next pen

1103

00:57:30,620 --> 00:57:25,580

deck they're going to [h\_\_h] an office

1104

00:57:32,300 --> 00:57:30,630

paycheck and we're up the GS bill I have

1105

00:57:35,260 --> 00:57:32,310

an alphabet soup got some really cool

1106

00:57:37,640 --> 00:57:35,270

definition will be a plain new energy

1107

00:57:43,250 --> 00:57:37,650

you know who knows what it'll be

1108

00:57:47,900 --> 00:57:43,260

the CCTV who knows what I'll call three

1109

00:57:49,730 --> 00:57:47,910

letters man I can't believe that job

1110

00:57:52,850 --> 00:57:49,740

looking for submarines what a great

1111

00:57:55,870 --> 00:57:52,860

career unreal oh man

1112

00:57:59,120 --> 00:57:55,880

your knowledge of historical social

1113

00:58:01,880 --> 00:57:59,130

correlations and the views perceived

1114

00:58:03,950 --> 00:58:01,890

like the tyranny involved is appreciated

1115

00:58:07,150 --> 00:58:03,960

like there is some tyranny here you know

1116

00:58:09,260 --> 00:58:07,160

the reason life expectancy went up

1117

00:58:11,240 --> 00:58:09,270

historically was taking these things

1118

00:58:15,200 --> 00:58:11,250

head-on and in your knowledge of death

1119

00:58:17,810 --> 00:58:15,210

rates projecting forward I love that you

1120

00:58:19,460 --> 00:58:17,820

are pretty much the most open-minded

1121

00:58:22,250 --> 00:58:19,470

Christian I've talked to in a little

1122

00:58:24,920 --> 00:58:22,260

while your knowledge also of the truth

1123

00:58:27,740 --> 00:58:24,930

of the socio-economic reasons of why

1124

00:58:29,750 --> 00:58:27,750

things are the way they are where can

1125

00:58:32,060 --> 00:58:29,760

people keep in touch with these things

1126  
00:58:40,340 --> 00:58:32,070  
and your work and yourself and what's

1127  
00:58:44,750 --> 00:58:40,350  
coming where but that's where that

1128  
00:58:48,140 --> 00:58:44,760  
easiest way to find me I'm trying to

1129  
00:58:50,780 --> 00:58:48,150  
work them into films and trying to raise

1130  
00:58:52,580 --> 00:58:50,790  
more money to make the phones because it

1131  
00:58:56,240 --> 00:58:52,590  
means they that's how it's been the

1132  
00:58:58,370 --> 00:58:56,250  
downside you know anybody's a free

1133  
00:59:01,460 --> 00:58:58,380  
thinker it's harder to do than just

1134  
00:59:07,970 --> 00:59:01,470  
going along okay I'd rather do it that

1135  
00:59:10,099 --> 00:59:07,980  
way so yeah on Facebook right now the

1136  
00:59:12,770 --> 00:59:10,109  
picture of seen Christmas well because

1137  
00:59:18,590 --> 00:59:12,780  
you intervene with my life and that's

1138  
00:59:21,050 --> 00:59:18,600

been very very exciting for me and a

1139

00:59:23,060 --> 00:59:21,060

special moment that even keeping the

1140

00:59:27,790 --> 00:59:23,070

diamonds on my bed I was wearing a bit

1141

00:59:32,300 --> 00:59:27,800

irritating skin so I couldn't hear it

1142

00:59:35,240 --> 00:59:32,310

keep it beside the elations on Facebook

1143

00:59:36,620 --> 00:59:35,250

that devious way that's great

1144

00:59:39,020 --> 00:59:36,630

thank you so much for coming on the

1145

00:59:40,580 --> 00:59:39,030

podcast Cody and I hope to talk to you

1146

00:59:43,430 --> 00:59:40,590

again soon take care of yourself and

1147

00:59:47,599 --> 00:59:43,440

your family my man all right thank you

1148

00:59:50,060 --> 00:59:47,609

sir it moral panic ladies and gentlemen

1149

00:59:53,960 --> 00:59:50,070

we have to be aware of the moral panic

1150

00:59:57,770 --> 00:59:53,970

and be very careful not to become a part

1151  
00:59:59,690 --> 00:59:57,780  
of that moral panic worry about the

1152  
01:00:01,040 --> 00:59:59,700  
things the pitfalls that can cause that

1153  
01:00:03,559 --> 01:00:01,050  
to take place

1154  
01:00:06,829 --> 01:00:03,569  
I love how Cody's knowledge of

1155  
01:00:09,380 --> 01:00:06,839  
all of these things kind of came

1156  
01:00:11,689 --> 01:00:09,390  
together in a wonderful way explaining

1157  
01:00:13,880 --> 01:00:11,699  
you know the most important things in

1158  
01:00:15,680 --> 01:00:13,890  
life are the ones that are important to

1159  
01:00:18,670 --> 01:00:15,690  
you and these are the things that you

1160  
01:00:21,979 --> 01:00:18,680  
should do you know looking for fame

1161  
01:00:25,249 --> 01:00:21,989  
probably a spiritually dead end

1162  
01:00:29,630 --> 01:00:25,259  
moral panic these Hollywood enigmas me

1163  
01:00:32,420 --> 01:00:29,640

too movement the truth about feminism so

1164

01:00:35,660 --> 01:00:32,430

many things talk about keeping it real

1165

01:00:38,150 --> 01:00:35,670

Cody knots I can't wait to have him back

1166

01:00:41,420 --> 01:00:38,160

1173

01:01:01,549 --> 01:00:58,859

place where you can go and stay

1174

01:01:03,529 --> 01:01:01,559
