paranormal podcast with me my name is

00:00:51,170 --> 00:00:48,480

the original outlaw of the airwaves here

8  
00:00:55,939 --> 00:00:51,180

to bring it to you coming from just

9  
00:00:58,400 --> 00:00:55,949

south of area 51 in Nevada Sin City the

10

Silver State the most illuminated and

11  
00:01:03,830 --> 00:01:02,340

bright place on the planet well not

12  
00:01:07,460 --> 00:01:03,840

right now things aren't looking so

13  
00:01:13,250 --> 00:01:07,470

bright it is there's there's a lot going

14

00:01:19,310 --> 00:01:13,260

on we have asteroids we have viruses we

15

00:01:23,749 --> 00:01:19,320

have division among perception and what

16

00:01:26,120 --> 00:01:23,759

we think is going on and to boot nobody

17

00:01:27,350 --> 00:01:26,130

really knows what the point of it all is

18

00:01:30,109 --> 00:01:27,360

there's a lot of people that are just

19

00:01:32,950 --> 00:01:30,119

like finally it's time the virus is

20

00:01:38,210 --> 00:01:32,960

actually humanity let it all just happen

21

00:01:42,770 --> 00:01:38,220

well I'm not exactly I think we are not

22

00:01:46,270 --> 00:01:42,780

a virus and we are creators and we are

23

00:01:49,219 --> 00:01:46,280

architects of our own futures and

24

00:01:52,069 --> 00:01:49,229

especially our country is pretty amazing

25

00:01:54,830 --> 00:01:52,079

at all the above so we're talking to

26

00:01:55,670 --> 00:01:54,840

someone who in my opinion is a pretty

27

00:01:58,760 --> 00:01:55,680

amazing guy

28

00:02:01,490 --> 00:01:58,770

pretty amazing background he's done his

29

00:02:03,770 --> 00:02:01,500

own research he's a veteran former

30

00:02:07,609 --> 00:02:03,780

police officer government contractor and

31

00:02:10,580 --> 00:02:07,619

family man and he's had an obsession of

32

00:02:13,340 --> 00:02:10,590

reading ancient texts to either

33

00:02:16,190 --> 00:02:13,350

corroborate or refute

34

00:02:19,580 --> 00:02:16,200

his Christian faith and has reached a

35

00:02:23,510 --> 00:02:19,590

startling conclusion a conclusion that

36

00:02:25,940 --> 00:02:23,520

our guest Jeffery Sortino is going to

37

00:02:30,590 --> 00:02:25,950

38

00:02:35,830 --> 00:02:30,600

doing this and he has a BS in biology

39

00:02:37,730 --> 00:02:35,840

Sortino

62

00:03:42,470 --> 00:03:40,460

welcome to the hero paranormal podcast

63

00:03:45,590 --> 00:03:42,480

all right thanks for having me I

64

00:03:49,100 --> 00:03:45,600

appreciate it you know it's really cool

65

00:03:54,080 --> 00:03:49,110

that you came on because your book is it

66

00:03:57,890 --> 00:03:54,090

reminds me a lot of a lot of people who

67

00:04:01,570 --> 00:03:57,900

have very interesting cosmic experiences

68

00:04:04,190 --> 00:04:01,580

and without without giving too much away

69

00:04:07,060 --> 00:04:04,200

the name of the book is the identity of

70

00:04:10,250 --> 00:04:07,070

God and it's the search for and

71

00:04:13,520 --> 00:04:10,260

identification of God through ancient

72

00:04:16,820 --> 00:04:13,530

texts which I mean it is so neat I

73

00:04:19,070 --> 00:04:16,830

wanted to let you kind of go into what

74

00:04:22,010 --> 00:04:19,080

started you along this path you had a

75

00:04:24,770 --> 00:04:22,020

lot of very personal things in the book

76

00:04:26,450 --> 00:04:24,780

that took place with to you and I can

77

00:04:26,990 --> 00:04:26,460

kind of relate to that that's so cool

78

00:04:28,760 --> 00:04:27,000

and I think

79

00:04:31,640 --> 00:04:28,770

makes it more legitimate but what took

80

00:04:36,500 --> 00:04:31,650

you along this path Jeff and and and

81

00:04:38,090 --> 00:04:36,510

what led you here I I guess it led me

82

00:04:40,160 --> 00:04:38,100

along the path really it's just I mean I

83

00:04:44,330 --> 00:04:40,170

was just living in my life I was brought

84

00:04:45,320 --> 00:04:44,340

up in the church by my mother and made

85

00:04:48,050 --> 00:04:45,330

sure that you know we were going to

86

00:04:49,580 --> 00:04:48,060

church all the time and and the

87

00:04:51,590 --> 00:04:49,590

Christian Church when people say which

88

00:04:54,080 --> 00:04:51,600

church I mean to me there is no other

89

00:04:57,320 --> 00:04:54,090

Church I mean most of the United States

90

00:04:58,730 --> 00:04:57,330

is Christian most of it so I mean the

91

00:05:01,700 --> 00:04:58,740

Christian Church when I say the church

92

00:05:05,690 --> 00:05:01,710

and we were brought up Protestant I

93

00:05:07,790 --> 00:05:05,700

ended up marrying a Catholic woman my

94

00:05:11,510 --> 00:05:07,800

both my kids were baptized Catholic I

95

00:05:14,150 --> 00:05:11,520

was baptized Baptist but we went around

96

00:05:16,490 --> 00:05:14,160

when I was younger to all kinds of

97

00:05:19,070 --> 00:05:16,500

different Protestant churches it's what

98

00:05:21,620 --> 00:05:19,080

so ever was conveniently moved around a

99

00:05:24,470 --> 00:05:21,630

lot so we would end up going to a

100

00:05:28,520 --> 00:05:24,480

Lutheran or Methodist or a Baptist or

101  
00:05:30,080 --> 00:05:28,530  
whatever was available but mainly just

102  
00:05:34,250 --> 00:05:30,090  
being brought up and having a strong

103  
00:05:37,159 --> 00:05:34,260  
belief in God till I mean I can't

104  
00:05:39,530 --> 00:05:37,169  
remember when I didn't I've always had

105  
00:05:43,100 --> 00:05:39,540  
that strong belief it's been kind of

106  
00:05:46,640 --> 00:05:43,110  
indoctrinated in me and I still do I

107  
00:05:51,409 --> 00:05:46,650  
just look at it much differently now but

108  
00:05:53,120 --> 00:05:51,419  
and we'll go into that again but yeah

109  
00:05:55,670 --> 00:05:53,130  
just being raised in the church is what

110  
00:06:00,680 --> 00:05:55,680  
got me into this but as I was growing up

111  
00:06:03,200 --> 00:06:00,690  
I you know I was always told when you

112  
00:06:08,600 --> 00:06:03,210  
had questions about the Bible you would

113  
00:06:11,690 --> 00:06:08,610

go to hear an elder or a your minister

114

00:06:15,050 --> 00:06:11,700

or pastor if it was Catholicism would be

115

00:06:16,700 --> 00:06:15,060

a priest somebody that was supposedly

116

00:06:18,980 --> 00:06:16,710

more knowledgeable than you were about

117

00:06:21,070 --> 00:06:18,990

the Bible and if you had any question

118

00:06:24,440 --> 00:06:21,080

whatsoever you would ask them and

119

00:06:26,210 --> 00:06:24,450

usually they didn't have an answer they

120

00:06:28,010 --> 00:06:26,220

were only you know they need to say you

121

00:06:29,810 --> 00:06:28,020

know pray about it and it'll come to you

122

00:06:32,240 --> 00:06:29,820

if it really means that much to you

123

00:06:35,450 --> 00:06:32,250

he'll answer you or it would be a

124

00:06:37,430 --> 00:06:35,460

cop-out answer like you know there's

125

00:06:40,810 --> 00:06:37,440

some things man wasn't meant to know or

126

00:06:42,580 --> 00:06:40,820

or we can't try to even understand the

127

00:06:46,120 --> 00:06:42,590

and of God because we're just merely

128

00:06:49,600 --> 00:06:46,130

meant so you know I would always get

129

00:06:51,520 --> 00:06:49,610

those kind of answers so eventually some

130

00:06:54,000 --> 00:06:51,530

time around I want to say some timely on

131

00:06:57,070 --> 00:06:54,010

20/20 ones I'm like that I started

132

00:06:58,810 --> 00:06:57,080

realizing that you know what I'm gonna

133

00:07:01,120 --> 00:06:58,820

try to find out some of these dancers

134

00:07:04,750 --> 00:07:01,130

myself now I was always told not to read

135

00:07:06,490 --> 00:07:04,760

anything other than the Bible if you

136

00:07:07,660 --> 00:07:06,500

read the body if you read anything other

137

00:07:10,360 --> 00:07:07,670

than the Bible you know the church is

138

00:07:12,490 --> 00:07:10,370

always like it's just the devil trying

139

00:07:15,250 --> 00:07:12,500

to confuse you just read only the Bible

140

00:07:16,720 --> 00:07:15,260

it's all you need to know so I from I

141

00:07:19,990 --> 00:07:16,730

got over that fear and I started reading

142

00:07:24,400 --> 00:07:20,000

all kinds of different texts and I end

143

00:07:26,080 --> 00:07:24,410

up it was biblical to begin with so you

144

00:07:28,390 --> 00:07:26,090

know anything dealing with the Bible

145

00:07:31,060 --> 00:07:28,400

they may in the books of the Apocrypha

146

00:07:33,970 --> 00:07:31,070

you know like the Book of Enoch book of

147

00:07:36,220 --> 00:07:33,980

Giants there's a number of books so I

148

00:07:38,950 --> 00:07:36,230

wanted to see they're all associated

149

00:07:42,820 --> 00:07:38,960

with my little book of Jubilees the all

150

00:07:46,990 --> 00:07:42,830

the agnostic the books that were not put

151  
00:07:49,390 --> 00:07:47,000  
into the Bible and was canonized at the

152  
00:07:52,800 --> 00:07:49,400  
Council of Nicaea in 325 AD by

153  
00:07:55,150 --> 00:07:52,810  
Constantine Emperor Constantine mr.

154  
00:07:58,840 --> 00:07:55,160  
Constantine of the Roman Empire is the

155  
00:08:00,760 --> 00:07:58,850  
one that basically did the biggest push

156  
00:08:02,710 --> 00:08:00,770  
for Christianity in the world it

157  
00:08:05,400 --> 00:08:02,720  
wouldn't be where it is today if it

158  
00:08:08,290 --> 00:08:05,410  
wasn't for him actually making it the

159  
00:08:10,860 --> 00:08:08,300  
official religion of the Roman Empire as

160  
00:08:13,090 --> 00:08:10,870  
it was following the Roman Empire was

161  
00:08:14,860 --> 00:08:13,100  
deteriorating at this time but it was

162  
00:08:17,650 --> 00:08:14,870  
still an empire and Constantine was in

163  
00:08:21,430 --> 00:08:17,660

control so he converted to Christianity

164

00:08:23,650 --> 00:08:21,440

and made it the official religion so

165

00:08:28,030 --> 00:08:23,660

that really helped Christianity spread

166

00:08:30,970 --> 00:08:28,040

across the world but anyway we got into

167

00:08:32,440 --> 00:08:30,980

this and well I don't know I just

168

00:08:34,480 --> 00:08:32,450

started reading these different texts

169

00:08:37,209 --> 00:08:34,490

and trying to find those answers you

170

00:08:40,330 --> 00:08:37,219

know like it still says in the Bible God

171

00:08:43,209 --> 00:08:40,340

made man and it says let us make him in

172

00:08:44,680 --> 00:08:43,219

our image and after our likeness and

173

00:08:46,450 --> 00:08:44,690

that's one of the questions I would have

174

00:08:49,960 --> 00:08:46,460

I would say well why does it say our if

175

00:08:51,670 --> 00:08:49,970

it's just God usually the answer it

176

00:08:53,420 --> 00:08:51,680

comes back as the Trinity because

177

00:08:55,190 --> 00:08:53,430

they're trying to explain it the

178

00:08:56,960 --> 00:08:55,200

the church and the people associated

179

00:08:58,690 --> 00:08:56,970

with the church are trying to explain it

180

00:09:01,519 --> 00:08:58,700

because they don't know either

181

00:09:03,079 --> 00:09:01,529

so they say all it's the Trinity they're

182

00:09:05,540 --> 00:09:03,089

talking about and if you don't know what

183

00:09:07,930 --> 00:09:05,550

the Trinity is it's it's three

184

00:09:10,090 --> 00:09:07,940

hypostasis

185

00:09:13,689 --> 00:09:10,100

with God it's God the Father God the Son

186

00:09:15,240 --> 00:09:13,699

and the Holy Spirit suppose these are

187

00:09:18,939 --> 00:09:15,250

all separate but there are all the same

188

00:09:19,600 --> 00:09:18,949

but it makes no sense to me and it never

189

00:09:22,120 --> 00:09:19,610

did really

190

00:09:25,030 --> 00:09:22,130

I was trying right my head around it so

191

00:09:26,379 --> 00:09:25,040

I set out to look for that and I read

192

00:09:28,360 --> 00:09:26,389

all those different texts looking for

193

00:09:31,180 --> 00:09:28,370

answers and I really found anything I

194

00:09:33,960 --> 00:09:31,190

sort of looking towards I mean I found a

195

00:09:36,519 --> 00:09:33,970

lot of knowledge that I didn't know but

196

00:09:40,829 --> 00:09:36,529

not the answers I was looking for were

197

00:09:43,120 --> 00:09:40,839

the the Epiphany that I was looking for

198

00:09:44,470 --> 00:09:43,130

like most people they want a definite

199

00:09:46,269 --> 00:09:44,480

answer to whether their question is

200

00:09:48,040 --> 00:09:46,279

they're looking for some lost knowledge

201  
00:09:50,259 --> 00:09:48,050  
that will revolutionize or the whole way

202  
00:09:51,819 --> 00:09:50,269  
of thinking a lot of these texts that

203  
00:09:53,110 --> 00:09:51,829  
I've read didn't really revolutionize

204  
00:09:56,019 --> 00:09:53,120  
everything I was thinking but I learned

205  
00:09:58,960 --> 00:09:56,029  
a lot that I didn't learn from reading

206  
00:10:01,180 --> 00:09:58,970  
the Bible but I kept looking elsewhere

207  
00:10:04,180 --> 00:10:01,190  
that so if I couldn't find it in these

208  
00:10:07,990 --> 00:10:04,190  
extra biblical texts I started looking

209  
00:10:11,319 --> 00:10:08,000  
at aside the Bible that other religions

210  
00:10:14,199 --> 00:10:11,329  
I took world religions in college it got

211  
00:10:15,280 --> 00:10:14,209  
me thinking as well so it's probably one

212  
00:10:17,290 --> 00:10:15,290  
of the things that spurred me on to

213  
00:10:19,389 --> 00:10:17,300

reach from these other things like

214

00:10:21,460 --> 00:10:19,399

looking into Buddhism I read the Tibetan

215

00:10:24,660 --> 00:10:21,470

Book of the Dead

216

00:10:30,280 --> 00:10:24,670

you know Hinduism in the Vedic

217

00:10:34,600 --> 00:10:30,290

sac-cid-ananda just this year I read the

218

00:10:36,700 --> 00:10:34,610

Mahabharata and the Ramayana this past

219

00:10:39,580 --> 00:10:36,710

year because I'd never really read that

220

00:10:41,350 --> 00:10:39,590

Veda X I always you know I learned about

221

00:10:42,970 --> 00:10:41,360

him through other people but I got sick

222

00:10:45,550 --> 00:10:42,980

of listening to what other people said

223

00:10:47,950 --> 00:10:45,560

about it and I decided to read it for

224

00:10:50,620 --> 00:10:47,960

myself I do the same thing with the

225

00:10:52,470 --> 00:10:50,630

Quran the you know they got sick of

226  
00:10:55,930 --> 00:10:52,480  
people telling me what was in the Quran

227  
00:10:58,120 --> 00:10:55,940  
and what it said so I set out to read it

228  
00:11:02,170 --> 00:10:58,130  
myself so I read the whole thing cover

229  
00:11:07,530 --> 00:11:02,180  
to cover and I was axed today I was

230  
00:11:11,170 --> 00:11:07,540  
moved by it a little bit I tried to

231  
00:11:13,780 --> 00:11:11,180  
change my way of living by trying not to

232  
00:11:15,790 --> 00:11:13,790  
eat pork which if you ever done that the

233  
00:11:18,010 --> 00:11:15,800  
United States it's pretty much

234  
00:11:20,500 --> 00:11:18,020  
impossible I mean there's also looking

235  
00:11:22,770 --> 00:11:20,510  
foods I love to eat you know you got

236  
00:11:26,420 --> 00:11:22,780  
pepperoni and sausage on there it's also

237  
00:11:28,860 --> 00:11:26,430  
on anything breakfast

238  
00:11:31,620 --> 00:11:28,870

you know there's all kinds of things out

239

00:11:33,260 --> 00:11:31,630

there that are made a port so I have a

240

00:11:36,000 --> 00:11:33,270

bit in the last too long

241

00:11:37,950 --> 00:11:36,010

what else did I read all kinds of

242

00:11:42,120 --> 00:11:37,960

different things the Egyptian Book of

243

00:11:44,860 --> 00:11:42,130

the Dead the child an account of Genesis

244

00:11:49,960 --> 00:11:44,870

by dr. George Smith

245

00:11:51,400 --> 00:11:49,970

like I got a number of them in the in my

246

00:11:54,250 --> 00:11:51,410

book that I mentioned and I summarized

247

00:11:56,930 --> 00:11:54,260

all of those books that I had read in a

248

00:11:59,540 --> 00:11:56,940

picture of the cover of each

249

00:12:01,190 --> 00:11:59,550

so there's just so many to read but even

250

00:12:04,250 --> 00:12:01,200

I hit paydirt

251  
00:12:07,310 --> 00:12:04,260  
basically when I found these Sumerian

252  
00:12:10,040 --> 00:12:07,320  
tablets and the child Aniki they in

253  
00:12:11,840 --> 00:12:10,050  
account of Genesis by dr. George Smith

254  
00:12:13,100 --> 00:12:11,850  
was probably the thing that really

255  
00:12:14,840 --> 00:12:13,110  
turned me on to that and I started

256  
00:12:18,080 --> 00:12:14,850  
reading other things and then I

257  
00:12:20,120 --> 00:12:18,090  
eventually found stitch in if you turn

258  
00:12:23,350 --> 00:12:20,130  
owner who zecharia sitchin was I mean

259  
00:12:25,370 --> 00:12:23,360  
he's his works are kind of controversial

260  
00:12:27,020 --> 00:12:25,380  
because they contain a lot of

261  
00:12:31,430 --> 00:12:27,030  
information from the Sumerian tablets

262  
00:12:34,940 --> 00:12:31,440  
but also his own interpretations so yeah

263  
00:12:36,620 --> 00:12:34,950

this one got me started into it I don't

264

00:12:40,900 --> 00:12:36,630

I just read kind of all of those things

265

00:12:43,550 --> 00:12:40,910

but your original question I think was

266

00:12:47,450 --> 00:12:43,560

you said you talked about something in

267

00:12:52,340 --> 00:12:47,460

my book that some personal matters that

268

00:12:55,190 --> 00:12:52,350

click yeah just kind of I I see what got

269

00:12:59,690 --> 00:12:55,200

you into it I see what got you into it

270

00:13:01,520 --> 00:12:59,700

as far as this for sure as far as you

271

00:13:03,650 --> 00:13:01,530

know reading all the text I mean oh my

272

00:13:06,530 --> 00:13:03,660

gosh the Tibetan Book of the Dead the

273

00:13:08,120 --> 00:13:06,540

Quran I'm mesmerised actually but with

274

00:13:10,070 --> 00:13:08,130

the Quran with you know some of the

275

00:13:13,040 --> 00:13:10,080

stuff it has about the jinn but we'll

276

00:13:16,190 --> 00:13:13,050

talk about that but the identity of God

277

00:13:19,040 --> 00:13:16,200

is such a great it's just just it's such

278

00:13:22,160 --> 00:13:19,050

a great title and I believe it to be the

279

00:13:23,690 --> 00:13:22,170

truth of your book it I like that you

280

00:13:26,390 --> 00:13:23,700

brought up the in our image of the

281

00:13:29,840 --> 00:13:26,400

Trinity kind of that cosmic intelligence

282

00:13:32,350 --> 00:13:29,850

that they're all pointing to but can't

283

00:13:35,750 --> 00:13:32,360

you can't pinpoint

284

00:13:40,640 --> 00:13:35,760

yeah what what got you down the path of

285

00:13:44,060 --> 00:13:40,650

of the research was it was it like a I

286

00:13:50,290 --> 00:13:44,070

I mean you sort of answered it and and I

287

00:13:54,110 --> 00:13:52,760

I see what you're going with that and I

288

00:13:57,020 --> 00:13:54,120

was trying to understand what a question

289

00:13:59,210 --> 00:13:57,030

exactly I mean there's no one thing that

290

00:14:00,470 --> 00:13:59,220

kind of the pinpointed me or pushed me

291

00:14:04,220 --> 00:14:00,480

in that direction there was a number of

292

00:14:07,010 --> 00:14:04,230

things what are some of the things you

293

00:14:10,100 --> 00:14:07,020

know I mentioned my book about how some

294

00:14:11,630 --> 00:14:10,110

bad things happened in my life and I

295

00:14:15,710 --> 00:14:11,640

kind of go over some of those bad things

296

00:14:22,210 --> 00:14:18,749

if you don't mind I'll go into one of

297

00:14:27,140 --> 00:14:25,490

okay what this happens sometimes when I

298

00:14:29,300 --> 00:14:27,150

was a teenager young a very young

299

00:14:31,410 --> 00:14:29,310

teenager I was not yet a man I'm still a

300

00:14:35,170 --> 00:14:31,420

boy

301

00:14:36,449 --> 00:14:35,180

but this story is always hard to talk

302

00:14:39,280 --> 00:14:36,459

about even though I've you know I've

303

00:14:41,710 --> 00:14:39,290

lived my whole life with it since and

304

00:14:43,090 --> 00:14:41,720

you know I had to get over it everything

305

00:14:48,250 --> 00:14:43,100

but still every time you talk about it

306

00:14:52,060 --> 00:14:48,260

it can be tough at one time we're living

307

00:14:55,680 --> 00:14:52,070

in Georgia my stepfather was in the army

308

00:14:58,500 --> 00:14:55,690

he ends up moving over to Germany while

309

00:15:02,530 --> 00:14:58,510

my brother and myself and my mother are

310

00:15:04,300 --> 00:15:02,540

living in Georgia and we're waiting to

311

00:15:07,150 --> 00:15:04,310

go over to Germany but that's that's how

312

00:15:09,610 --> 00:15:07,160

I worked in the military the whoever's

313

00:15:11,500 --> 00:15:09,620

in the military first either the the

314

00:15:13,120 --> 00:15:11,510

male or the female spouse whatever goes

315

00:15:15,460 --> 00:15:13,130

over first the family stays behind and

316

00:15:16,860 --> 00:15:15,470

they wait until is everything set up for

317

00:15:22,750 --> 00:15:16,870

them and then they come over

318

00:15:24,819 --> 00:15:22,760

so we're babysit a neighbor's girl who's

319

00:15:26,829 --> 00:15:24,829

like six years old five years old

320

00:15:29,199 --> 00:15:26,839

something like that and I really don't

321

00:15:31,269 --> 00:15:29,209

know the girl but my mother knew their

322

00:15:35,199 --> 00:15:31,279

parents or whatever and say okay well

323

00:15:37,660 --> 00:15:35,209

well uh well babies didn't so but they

324

00:15:40,750 --> 00:15:37,670

had to go somewheres for the night so my

325

00:15:44,490 --> 00:15:40,760

mother made my brother sleep in my bed

326

00:15:49,840 --> 00:15:44,500

and the little girl got my brother's bed

327

00:15:51,930 --> 00:15:49,850

there's only three bedrooms so we go to

328

00:15:55,210 --> 00:15:51,940

bed no no big deal everything is just

329

00:15:57,490 --> 00:15:55,220

normal as usual but then in the middle

330

00:15:59,860 --> 00:15:57,500

of night I'm woken up and when I'm woken

331

00:16:02,439 --> 00:15:59,870

up it turns it out that there's a

332

00:16:05,079 --> 00:16:02,449

stranger away coming up I look up and

333

00:16:06,670 --> 00:16:05,089

I'm totally confused trying to come out

334

00:16:09,430 --> 00:16:06,680

of a slumber is pretty deep sleep you

335

00:16:12,189 --> 00:16:09,440

know and the whole room is flooded with

336

00:16:16,930 --> 00:16:12,199

lights red and blue flashing lights all

337

00:16:19,090 --> 00:16:16,940

over the place in this stranger I looked

338

00:16:24,730 --> 00:16:19,100

up and he's wearing some type of uniform

339

00:16:27,129 --> 00:16:24,740

like a blue uniform mustache wearing

340

00:16:27,900 --> 00:16:27,139

glasses you know and he says you gotta

341

00:16:31,449 --> 00:16:27,910

get up son

342

00:16:32,889 --> 00:16:31,459

so you know I start to get up I'm still

343

00:16:33,939 --> 00:16:32,899

trying to figure out what's going on I

344

00:16:37,569 --> 00:16:33,949

look over and there's someone else

345

00:16:38,920 --> 00:16:37,579

trying to wake my brother up and we

346

00:16:40,179 --> 00:16:38,930

don't know who these people are but

347

00:16:42,670 --> 00:16:40,189

there's red and blue lights all over the

348

00:16:44,489 --> 00:16:42,680

place I can hear commotion going on in

349

00:16:48,739 --> 00:16:44,499

the house

350

00:16:53,489 --> 00:16:48,749

I hear my mother in the next room and

351  
00:16:57,649 --> 00:16:53,499  
she's screaming and hysterically like

352  
00:17:00,899 --> 00:16:57,659  
blood-curdling so I knew something was

353  
00:17:04,319 --> 00:17:00,909  
differently wrong so I end up getting up

354  
00:17:06,539 --> 00:17:04,329  
and they got us quickly dressed or

355  
00:17:07,889 --> 00:17:06,549  
whatever and they started to push it

356  
00:17:10,669 --> 00:17:07,899  
downstairs it turns out these two guys

357  
00:17:13,259 --> 00:17:10,679  
that were in that room were paramedics

358  
00:17:15,090 --> 00:17:13,269  
so and then when he goes up and trying

359  
00:17:17,009 --> 00:17:15,100  
to get us downstairs and as we're going

360  
00:17:19,639 --> 00:17:17,019  
downstairs we got to pass my book my

361  
00:17:24,629 --> 00:17:19,649  
mother's room and as we passed through

362  
00:17:28,199 --> 00:17:24,639  
the door I can see my mother over next

363  
00:17:33,389 --> 00:17:28,209

to the bed on the floor up against the

364

00:17:35,039 --> 00:17:33,399

wall on the far side of the room and her

365

00:17:36,749 --> 00:17:35,049

knee pains her up and she's got her

366

00:17:41,460 --> 00:17:36,759

hands out and she's screaming she's

367

00:17:45,080 --> 00:17:41,470

naked and she's screaming hysterically

368

00:17:47,759 --> 00:17:45,090

any time that another lady no paramedic

369

00:17:50,639 --> 00:17:47,769

is in the room trying to get close to

370

00:17:52,919 --> 00:17:50,649

her with a blanket but she can't get

371

00:17:54,899 --> 00:17:52,929

close to her because of the

372

00:17:56,820 --> 00:17:54,909

blood-curdling screams you know that

373

00:17:59,159 --> 00:17:56,830

she's freaking out every time this lady

374

00:18:01,440 --> 00:17:59,169

gets close to her so I don't know what's

375

00:18:04,950 --> 00:18:01,450

going on I suddenly stop right in the

376

00:18:08,759 --> 00:18:04,960

doorway because I see this and you know

377

00:18:11,879 --> 00:18:08,769

my first instinct as her son is to want

378

00:18:13,230 --> 00:18:11,889

to help her you know I love my mother so

379

00:18:15,330 --> 00:18:13,240

I want to go in there but as soon as I

380

00:18:17,909 --> 00:18:15,340

stopped I mean that the paramedic behind

381

00:18:20,399 --> 00:18:17,919

me just pushed me forward and just kept

382

00:18:24,810 --> 00:18:20,409

me moving so we move down the stairs and

383

00:18:29,009 --> 00:18:24,820

move this outside and because outside to

384

00:18:30,659 --> 00:18:29,019

the parking lot and it was a we're on

385

00:18:33,029 --> 00:18:30,669

base we're on the military base but

386

00:18:35,549 --> 00:18:33,039

right in a really bad neighborhood and

387

00:18:37,080 --> 00:18:35,559

we was right close to the border where

388

00:18:40,970 --> 00:18:37,090

they had fencing and everything like

389

00:18:44,399 --> 00:18:40,980

that that separated the the base from D

390

00:18:46,909 --> 00:18:44,409

from the community it was a real bad

391

00:18:51,769 --> 00:18:46,919

community and in Atlanta Georgia but

392

00:18:54,060 --> 00:18:51,779

anyway we get out to the parking lot and

393

00:18:57,080 --> 00:18:54,070

we're surrounded by there's tons of cops

394

00:18:58,700 --> 00:18:57,090

there there's plainclothes detect is

395

00:19:02,810 --> 00:18:58,710

there's all kinds of stuff there and so

396

00:19:06,139 --> 00:19:02,820

many vehicles ambulances police cars MP

397

00:19:09,590 --> 00:19:06,149

vehicles as military police as well but

398

00:19:11,360 --> 00:19:09,600

you know the sheriff everything all

399

00:19:13,430 --> 00:19:11,370

kinda the whole thing was packed full of

400

00:19:14,720 --> 00:19:13,440

vehicle vehicles and lights are going

401  
00:19:17,539 --> 00:19:14,730  
everywhere the whole neighborhood is up

402  
00:19:19,039 --> 00:19:17,549  
everyone's kind of coming out onto the

403  
00:19:22,159 --> 00:19:19,049  
doorstep in the robes and stuff wonder

404  
00:19:24,619 --> 00:19:22,169  
what's going on so they get us over to

405  
00:19:26,810 --> 00:19:24,629  
the vehicles and they're gonna take us

406  
00:19:28,789 --> 00:19:26,820  
somewhere but I still don't know what's

407  
00:19:30,889 --> 00:19:28,799  
going on so I'm listening to everybody

408  
00:19:35,230 --> 00:19:30,899  
and we're asking what's going on me and

409  
00:19:38,210 --> 00:19:35,240  
my better and then one of the paramedic

410  
00:19:41,180 --> 00:19:38,220  
edex actually was actually I can't

411  
00:19:42,379 --> 00:19:41,190  
remember the paramedic refer was one of

412  
00:19:44,450 --> 00:19:42,389  
the plainclothes detectives went ahead

413  
00:19:46,249 --> 00:19:44,460

and just told me because they were kind

414

00:19:47,450 --> 00:19:46,259

of beating around the bush with each

415

00:19:49,940 --> 00:19:47,460

other trying to figure out how they're

416

00:19:52,639 --> 00:19:49,950

gonna tell us so they went ahead you

417

00:19:54,590 --> 00:19:52,649

know one told us he said son your mother

418

00:19:55,730 --> 00:19:54,600

has gone through a really hard time

419

00:19:59,930 --> 00:19:55,740

she's been raped

420

00:20:04,299 --> 00:19:59,940

um and then I'm like oh yeah I knew what

421

00:20:07,279 --> 00:20:04,309

was was you know what was happening um

422

00:20:10,129 --> 00:20:07,289

but to see your mother screaming like

423

00:20:11,539 --> 00:20:10,139

that it is it is I don't know then you

424

00:20:12,980 --> 00:20:11,549

see the fear in someone's eyes and you

425

00:20:17,320 --> 00:20:12,990

can't help them

426  
00:20:20,539 --> 00:20:17,330  
it really hurts so they took us away and

427  
00:20:24,980 --> 00:20:20,549  
we stayed it with a friends for a little

428  
00:20:27,049 --> 00:20:24,990  
bit my my mother's friend her best

429  
00:20:30,590 --> 00:20:27,059  
friend at the time so we stayed with her

430  
00:20:35,269 --> 00:20:30,600  
but even after about a week of my mother

431  
00:20:37,820 --> 00:20:35,279  
being taken and put in evaluation as

432  
00:20:42,950 --> 00:20:37,830  
well because she wasn't all there it's

433  
00:20:43,820 --> 00:20:42,960  
like she went crazy and she later told

434  
00:20:46,430 --> 00:20:43,830  
me that she had an out-of-body

435  
00:20:48,379 --> 00:20:46,440  
experience because it's the only way she

436  
00:20:50,570 --> 00:20:48,389  
could survive disassociating your mind

437  
00:20:51,080 --> 00:20:50,580  
with what was going on because this guy

438  
00:20:56,539 --> 00:20:51,090

just

439

00:21:01,190 --> 00:20:56,549

you know it's he beat the living crap

440

00:21:03,169 --> 00:21:01,200

out of her um close to death you know he

441

00:21:05,659 --> 00:21:03,179

ended up putting a pillowcase over her

442

00:21:07,249 --> 00:21:05,669

head putting a gun to her head her head

443

00:21:09,409 --> 00:21:07,259

and saying if you do what I tell you

444

00:21:10,040 --> 00:21:09,419

where I'm gonna kill your kids so he

445

00:21:14,570 --> 00:21:10,050

used

446

00:21:16,700 --> 00:21:14,580

own love against her in giving that

447

00:21:21,290 --> 00:21:16,710

situation she thought of her kids more

448

00:21:24,080 --> 00:21:21,300

than she did herself so and this guy too

449

00:21:28,790 --> 00:21:24,090

didn't just you know was it a one-time

450

00:21:31,760 --> 00:21:28,800

thing any left in up Stan he took his

451  
00:21:34,970 --> 00:21:31,770  
time invested you know smoke cigarettes

452  
00:21:37,330 --> 00:21:34,980  
whatever any rate there again in any

453  
00:21:40,070 --> 00:21:37,340  
raped her again

454  
00:21:42,320 --> 00:21:40,080  
and then he he finally left before

455  
00:21:43,640 --> 00:21:42,330  
daybreak or before 3:00 a.m. or

456  
00:21:44,840 --> 00:21:43,650  
something like you know I can't remember

457  
00:21:47,600 --> 00:21:44,850  
exactly I remember was early morning

458  
00:21:52,520 --> 00:21:47,610  
very early morning when everybody was

459  
00:21:54,710 --> 00:21:52,530  
out still dark Sun wasn't coming out so

460  
00:21:56,900 --> 00:21:54,720  
anyway that was going on and after about

461  
00:22:00,650 --> 00:21:56,910  
a week of going through the evaluation

462  
00:22:03,280 --> 00:22:00,660  
coming back we even coming out to help

463  
00:22:05,210 --> 00:22:03,290

her because we see that you know the

464

00:22:07,070 --> 00:22:05,220

hospital workers and staff helped her

465

00:22:08,930 --> 00:22:07,080

out of the car and my brother want to

466

00:22:12,620 --> 00:22:08,940

rush to help her because we love our

467

00:22:16,940 --> 00:22:12,630

mother so we rushed to help her and

468

00:22:19,310 --> 00:22:16,950

within I want to say about 30 to 25 feet

469

00:22:24,140 --> 00:22:19,320

she sees us coming and even though we're

470

00:22:26,180 --> 00:22:24,150

her sons were still males and she freaks

471

00:22:28,400 --> 00:22:26,190

out and started sparking and spread it's

472

00:22:30,380 --> 00:22:28,410

going you know kind of pushing backward

473

00:22:32,390 --> 00:22:30,390

even though the two helpers two workers

474

00:22:33,860 --> 00:22:32,400

are on and I'm trying to help her move

475

00:22:37,220 --> 00:22:33,870

forward and she's trying to push

476

00:22:42,020 --> 00:22:37,230

backwards push I see total fear in highs

477

00:22:44,180 --> 00:22:42,030

and that stopped me in my tracks so me

478

00:22:46,520 --> 00:22:44,190

my brother couldn't even go near her for

479

00:22:49,270 --> 00:22:46,530

a while anyway and she she eventually

480

00:22:53,720 --> 00:22:49,280

got over this you know thank goodness

481

00:22:55,250 --> 00:22:53,730

over years she wanted to do therapy and

482

00:22:57,740 --> 00:22:55,260

style she had some real answers but you

483

00:23:00,920 --> 00:22:57,750

know they found the guy if anyone wants

484

00:23:03,590 --> 00:23:00,930

to know of a he was wanted for murder

485

00:23:07,840 --> 00:23:03,600

and he had raped my best friend's mother

486

00:23:11,240 --> 00:23:07,850

which I did not know the night before so

487

00:23:14,090 --> 00:23:11,250

he was a serial rapist and he had killed

488

00:23:17,360 --> 00:23:14,100

a couple people so when they finally got

489

00:23:20,090 --> 00:23:17,370

him they caught him he ended up cleaning

490

00:23:21,680 --> 00:23:20,100

out and admitting to the race to get off

491

00:23:21,940 --> 00:23:21,690

on the murder charges so he wouldn't get

492

00:23:25,480 --> 00:23:21,950

the

493

00:23:27,310 --> 00:23:25,490

penalty he got life in prison I don't

494

00:23:29,320 --> 00:23:27,320

know who he is no one would tell me then

495

00:23:32,250 --> 00:23:29,330

and eventually I lost interest once he

496

00:23:35,500 --> 00:23:32,260

had only once he got life in prison so

497

00:23:37,659 --> 00:23:35,510

that is one of the stories sailor on but

498

00:23:41,230 --> 00:23:37,669

the thing is is I kept thinking to

499

00:23:43,440 --> 00:23:41,240

myself as years went by too why would

500

00:23:47,379 --> 00:23:43,450

God let this happen

501  
00:23:49,990 --> 00:23:47,389  
we were good people I mean I can't think

502  
00:23:53,710 --> 00:23:50,000  
of anyone more pure of heart and honest

503  
00:23:56,049 --> 00:23:53,720  
and loving than my own mother and why

504  
00:23:57,519 --> 00:23:56,059  
would God let this happen so he got me

505  
00:23:59,470 --> 00:23:57,529  
they got the ball rolling

506  
00:24:02,500 --> 00:23:59,480  
more or less it's probably one of the

507  
00:24:07,149 --> 00:24:02,510  
reasons I became a police officer as

508  
00:24:08,799 --> 00:24:07,159  
well you know some years later I have

509  
00:24:15,549 --> 00:24:08,809  
you have taken a cycle that's like a

510  
00:24:16,990 --> 00:24:15,559  
talk to psychological evaluation to get

511  
00:24:18,810 --> 00:24:17,000  
on the police force I work for three

512  
00:24:21,279 --> 00:24:18,820  
different agencies during my lifetime

513  
00:24:23,860 --> 00:24:21,289

but on the first one it was really

514

00:24:28,299 --> 00:24:23,870

in-depth and the psychiatrist really got

515

00:24:30,430 --> 00:24:28,309

into why I wanted to be a police officer

516

00:24:33,490 --> 00:24:30,440

and what spurred that which Spurs these

517

00:24:36,789 --> 00:24:33,500

feelings of me wanting to protect people

518

00:24:39,940 --> 00:24:36,799

and protect a weak and it really got me

519

00:24:43,840 --> 00:24:39,950

really thought about the situation like

520

00:24:45,430 --> 00:24:43,850

just the story just Holt you know as the

521

00:24:47,799 --> 00:24:45,440

main factor or whatever but we got into

522

00:24:51,430 --> 00:24:47,809

it and I was bawling like a baby by the

523

00:24:55,210 --> 00:24:51,440

time I left but you really drew it out

524

00:24:59,950 --> 00:24:55,220

and it's the same reason one of the main

525

00:25:02,860 --> 00:24:59,960

ones that spurred me to look into you

526  
00:25:07,210 --> 00:25:02,870  
know the origins of God or its are there

527  
00:25:08,440 --> 00:25:07,220  
any other answers anywhere so that's one

528  
00:25:11,950 --> 00:25:08,450  
of the things together did there's some

529  
00:25:14,919 --> 00:25:11,960  
other stories I go into in the book they

530  
00:25:15,970 --> 00:25:14,929  
tell about you know in my personal life

531  
00:25:17,379 --> 00:25:15,980  
and everything but I don't want the

532  
00:25:20,200 --> 00:25:17,389  
whole book to be about my personal life

533  
00:25:22,450 --> 00:25:20,210  
so I you know I quickly move on to

534  
00:25:26,810 --> 00:25:22,460  
talking about going into world religion

535  
00:25:29,960 --> 00:25:26,820  
studying that in in college and then

536  
00:25:31,430 --> 00:25:29,970  
there was a long time long a long time

537  
00:25:34,070 --> 00:25:31,440  
before I started actually reading some

538  
00:25:35,510 --> 00:25:34,080

ancient texts because again I was always

539

00:25:38,180 --> 00:25:35,520

told don't read anything either the

540

00:25:40,550 --> 00:25:38,190

Bible so I didn't I was pretty devout at

541

00:25:42,950 --> 00:25:40,560

one time sorted out that my mother long

542

00:25:46,190 --> 00:25:42,960

after this incident had happened her but

543

00:25:50,120 --> 00:25:46,200

my mother thought that I was susceptible

544

00:25:53,360 --> 00:25:50,130

to being in a cult because I was going

545

00:25:56,090 --> 00:25:53,370

to church all the time and go into Bible

546

00:25:59,660 --> 00:25:56,100

study twice a week and you know and much

547

00:26:03,320 --> 00:25:59,670

more than anyone else in the family my

548

00:26:08,990 --> 00:26:03,330

father who do push push for my mother a

549

00:26:11,150 --> 00:26:09,000

long time ago that one I was nine he is

550

00:26:14,240 --> 00:26:11,160

an atheist always has but is an agnostic

551  
00:26:16,550 --> 00:26:14,250  
he believes in a higher power but yeah I

552  
00:26:18,470 --> 00:26:16,560  
have this obsession so I started looking

553  
00:26:21,020 --> 00:26:18,480  
into it and in reading all these

554  
00:26:24,590 --> 00:26:21,030  
different texts well I ended up hitting

555  
00:26:26,890 --> 00:26:24,600  
paydirt again when I found the Sumerian

556  
00:26:30,670 --> 00:26:26,900  
tablets because the Sumerian tablets

557  
00:26:35,180 --> 00:26:30,680  
basically contain the same stories as

558  
00:26:36,740 --> 00:26:35,190  
what does in Genesis so there's some

559  
00:26:40,730 --> 00:26:36,750  
similarity there in that that was kind

560  
00:26:42,830 --> 00:26:40,740  
of like almost like the Epiphany that I

561  
00:26:44,540 --> 00:26:42,840  
was looking for you know cuz I was

562  
00:26:47,180 --> 00:26:44,550  
looking for something that you know

563  
00:26:48,650 --> 00:26:47,190

referred to the same stories I've been

564

00:26:51,710 --> 00:26:48,660

learning in the Bible but mainly its

565

00:26:54,470 --> 00:26:51,720

Genesis so there's some Exodus like over

566

00:26:56,000 --> 00:26:54,480

in my in my book as well cuz I do a

567

00:26:58,730 --> 00:26:56,010

comparative analysis between the

568

00:27:01,970 --> 00:26:58,740

Sumerian tablets and Genesis and some

569

00:27:04,460 --> 00:27:01,980

X's but so I say the Bible I mean

570

00:27:06,700 --> 00:27:04,470

Genesis and Exodus because the rest of

571

00:27:10,670 --> 00:27:06,710

the Bible basically is based off of

572

00:27:13,310 --> 00:27:10,680

Genesis and our whole concept of God is

573

00:27:21,650 --> 00:27:13,320

based off of what we learn in Genesis

574

00:27:23,900 --> 00:27:21,660

and the same tablets are the oldest

575

00:27:26,170 --> 00:27:23,910

ones any one or two thousand years older

576

00:27:31,100 --> 00:27:26,180

than when Abraham the patriarch in

577

00:27:34,430 --> 00:27:31,110

Genesis 2,000 years older than when he

578

00:27:38,300 --> 00:27:34,440

was even born so that leads me to

579

00:27:40,460 --> 00:27:38,310

conclude two things either the Sumerian

580

00:27:42,799 --> 00:27:40,470

tablets are in the base

581

00:27:44,690 --> 00:27:42,809

of what Genesis was based on so

582

00:27:47,539 --> 00:27:44,700

basically not plagiarism but actually

583

00:27:52,789 --> 00:27:47,549

taken from those tablets right or they

584

00:27:55,820 --> 00:27:52,799

both share a common text that's older

585

00:27:57,260 --> 00:27:55,830

than both either way you're learning

586

00:27:59,270 --> 00:27:57,270

knowledge about it in Genesis that we

587

00:28:01,340 --> 00:27:59,280

never had before because it's for 2,000

588

00:28:06,620 --> 00:28:01,350

years or so we that's all we've had to

589

00:28:10,010 --> 00:28:06,630

go on but in 18-49 the first scenario

590

00:28:11,299 --> 00:28:10,020

tablets were discovered the first 30,000

591

00:28:15,830 --> 00:28:11,309

of them they were discovered in Nineveh

592

00:28:17,840 --> 00:28:15,840

Iraq and they were written and what they

593

00:28:20,570 --> 00:28:17,850

call cuneiform writing and this Canadia

594

00:28:23,149 --> 00:28:20,580

form writing laid under decipher

595

00:28:26,200 --> 00:28:23,159

basically for almost a hundred years

596

00:28:28,549 --> 00:28:26,210

about seventy-five years or so before

597

00:28:31,010 --> 00:28:28,559

monitors scholars and stuff started

598

00:28:32,750 --> 00:28:31,020

studying it and comparing it to other

599

00:28:35,180 --> 00:28:32,760

languages and was able to make something

600

00:28:37,190 --> 00:28:35,190

out of it we're learning more and more

601  
00:28:39,649 --> 00:28:37,200  
all the time the Ivy League schools or

602  
00:28:43,610 --> 00:28:39,659  
got teams of people translating to try

603  
00:28:46,970 --> 00:28:43,620  
to get good translations you had the

604  
00:28:49,490 --> 00:28:46,980  
Oriental and African Studies in the

605  
00:28:54,200 --> 00:28:49,500  
University of London I got some premier

606  
00:28:57,140 --> 00:28:54,210  
scholars there that looking into it as

607  
00:28:59,779 --> 00:28:57,150  
two of which I kind of follow dr. Andrew

608  
00:29:01,490 --> 00:28:59,789  
George he's the director and then dr.

609  
00:29:04,640 --> 00:29:01,500  
Irving Finkel you can find both of those

610  
00:29:06,409 --> 00:29:04,650  
people on YouTube doing lectures rolling

611  
00:29:11,870 --> 00:29:06,419  
for a lot of people but interesting for

612  
00:29:15,710 --> 00:29:11,880  
me so it just that explain some Oh

613  
00:29:17,810 --> 00:29:15,720

criminal questions to you exactly and

614

00:29:19,549 --> 00:29:17,820

that's kind of what I thought and thank

615

00:29:22,220 --> 00:29:19,559

you for your service not only for

616

00:29:24,830 --> 00:29:22,230

serving in our military but also for you

617

00:29:27,470 --> 00:29:24,840

know serving our civilians is a police

618

00:29:28,700 --> 00:29:27,480

officer but yeah that that's I came to

619

00:29:31,039 --> 00:29:28,710

that assumption I didn't know for sure

620

00:29:32,630 --> 00:29:31,049

if that may have done anything about it

621

00:29:34,659 --> 00:29:32,640

and there's other stories in the book

622

00:29:38,899 --> 00:29:34,669

that I have to tell our listeners are

623

00:29:40,850 --> 00:29:38,909

mind blowing like so wild I I wanted to

624

00:29:41,870 --> 00:29:40,860

ask you also but I don't want to like

625

00:29:44,240 --> 00:29:41,880

you said I don't want to like

626  
00:29:46,640 --> 00:29:44,250  
concentrate on your stories but I think

627  
00:29:49,460 --> 00:29:46,650  
they're so good that that it's a really

628  
00:29:52,700 --> 00:29:49,470  
good mix I do believe that you kind of

629  
00:29:54,289 --> 00:29:52,710  
kind of hit that sweet spot as far as

630  
00:29:57,499 --> 00:29:54,299  
being able to make

631  
00:30:00,289 --> 00:29:57,509  
those stories with the actual research

632  
00:30:02,690 --> 00:30:00,299  
and I kind of wanted to take it there to

633  
00:30:04,519 --> 00:30:02,700  
the research that is and kind of the

634  
00:30:07,249 --> 00:30:04,529  
post-flood Tower of Babel

635  
00:30:09,289 --> 00:30:07,259  
Abraham Sodom and Gomorrah this this

636  
00:30:11,749 --> 00:30:09,299  
idea and I don't want to let too much

637  
00:30:13,639 --> 00:30:11,759  
out of your book because it does mention

638  
00:30:15,889 --> 00:30:13,649

some things and I don't want to kind of

639

00:30:17,570 --> 00:30:15,899

like tell the whole story of the book

640

00:30:21,259 --> 00:30:17,580

because you have to read the whole book

641

00:30:24,799 --> 00:30:21,269

but it's kind of a neat idea if we can

642

00:30:27,619 --> 00:30:24,809

talk about it the idea of earth being

643

00:30:29,839 --> 00:30:27,629

surveyed after after the flood and the

644

00:30:35,180 --> 00:30:29,849

damage was done and where that lead

645

00:30:38,359 --> 00:30:35,190

right right yeah and before we even get

646

00:30:40,629 --> 00:30:38,369

there if you don't mind it you know I'd

647

00:30:46,219 --> 00:30:40,639

like to talk about even before the flood

648

00:30:49,849 --> 00:30:46,229

yeah yeah the Sumerian tablets talked

649

00:30:53,569 --> 00:30:49,859

about before the flood there's

650

00:30:56,119 --> 00:30:53,579

fascinating as well because we learn a

651  
00:30:57,769 --> 00:30:56,129  
lot you know after the flood we look

652  
00:30:59,239 --> 00:30:57,779  
some of the information from the Bible

653  
00:31:02,739 --> 00:30:59,249  
which is in there but it doesn't talk a

654  
00:31:04,579 --> 00:31:02,749  
lot about what happens before the flood

655  
00:31:08,930 --> 00:31:04,589  
according to the Sumerian tablets

656  
00:31:10,339 --> 00:31:08,940  
tablets and all just clicked it until

657  
00:31:17,060 --> 00:31:10,349  
you tell the people on the listeners

658  
00:31:19,069 --> 00:31:17,070  
here what the actually say as far as who

659  
00:31:21,589 --> 00:31:19,079  
God is and who the angels are and stuff

660  
00:31:24,859 --> 00:31:21,599  
like that basically they describe aliens

661  
00:31:26,989 --> 00:31:24,869  
they describe that they came here

662  
00:31:29,119 --> 00:31:26,999  
because they wanted over and basically

663  
00:31:32,209 --> 00:31:29,129

the definition of a alien is anything

664

00:31:34,899 --> 00:31:32,219

that is not over Earth or born on earth

665

00:31:40,419 --> 00:31:34,909

or aliens so whether you think of these

666

00:31:43,489 --> 00:31:40,429

beings as in a dimensional or physical

667

00:31:45,589 --> 00:31:43,499

beings from an extraterrestrial from

668

00:31:47,389 --> 00:31:45,599

this universe from this realm or

669

00:31:48,799 --> 00:31:47,399

whatever it doesn't matter because

670

00:31:54,019 --> 00:31:48,809

they're both still fit that definition

671

00:31:56,299 --> 00:31:54,029

of aliens now it's my opinion that they

672

00:31:58,249 --> 00:31:56,309

have the technology I don't think they

673

00:32:01,009 --> 00:31:58,259

have the I don't think they have the

674

00:32:05,629 --> 00:32:01,019

they might have it but you know their

675

00:32:07,680 --> 00:32:05,639

actual innate abilities to jump in to

676

00:32:10,870 --> 00:32:07,690

this dimension or this

677

00:32:13,480 --> 00:32:10,880

universe you know into this realm from

678

00:32:20,320 --> 00:32:13,490

their room I think they do it with

679

00:32:22,090 --> 00:32:20,330

technology you know I read the Watchers

680

00:32:23,920 --> 00:32:22,100

and the Watchers to which at first I

681

00:32:25,570 --> 00:32:23,930

thought it was too far-fetched in

682

00:32:27,700 --> 00:32:25,580

fiction when I was younger and then

683

00:32:31,270 --> 00:32:27,710

later I was thinking there might be

684

00:32:34,630 --> 00:32:31,280

something to this in there is a story in

685

00:32:38,410 --> 00:32:34,640

there where Betty Andreessen from the

686

00:32:40,840 --> 00:32:38,420

Betty attrition abduction case she was

687

00:32:44,680 --> 00:32:40,850

asking them but she had been abducted or

688

00:32:47,200 --> 00:32:44,690

whatever by these human looking alien

689

00:32:51,670 --> 00:32:47,210

type being they were tall muscular

690

00:32:55,570 --> 00:32:51,680

either blonde or whitish hair they end

691

00:32:57,880 --> 00:32:55,580

up she asked up her asked them you know

692

00:33:01,660 --> 00:32:57,890

is this technology you're using what it

693

00:33:04,420 --> 00:33:01,670

would how do you do these things and it

694

00:33:07,480 --> 00:33:04,430

was explained to her from this being

695

00:33:11,500 --> 00:33:07,490

that he says that their technology is

696

00:33:12,790 --> 00:33:11,510

based on physical and spiritual and he

697

00:33:14,620 --> 00:33:12,800

said mainly will never know the

698

00:33:19,120 --> 00:33:14,630

spiritual he only knows the physical

699

00:33:23,020 --> 00:33:19,130

part so there's a lot that we don't know

700

00:33:25,240 --> 00:33:23,030

it dealing with physics and other things

701

00:33:28,840 --> 00:33:25,250

dealing with the spirit that we don't

702

00:33:32,590 --> 00:33:28,850

know about yet everyone thinks that were

703

00:33:36,760 --> 00:33:32,600

you know the pinnacle of creation and

704

00:33:38,200 --> 00:33:36,770

the pinnacle of intelligence and that we

705

00:33:39,580 --> 00:33:38,210

know so much on this planet that we

706

00:33:41,290 --> 00:33:39,590

don't know much more you know we there's

707

00:33:42,940 --> 00:33:41,300

not that much or they're not and I say

708

00:33:44,530 --> 00:33:42,950

it's the tip of the iceberg

709

00:33:48,610 --> 00:33:44,540

there's so much more that we don't

710

00:33:50,950 --> 00:33:48,620

understand about the universe and cut

711

00:33:52,420 --> 00:33:50,960

alone our own planet and I kind of lost

712

00:33:55,630 --> 00:33:52,430

my oh yeah we're talking about before

713

00:33:56,920 --> 00:33:55,640

the the flood that's right well Sitchin

714

00:33:57,280 --> 00:33:56,930

if everyone's familiar with zecharia

715

00:33:59,320 --> 00:33:57,290

sitchin

716

00:34:02,080 --> 00:33:59,330

like I said his works a kind of

717

00:34:04,270 --> 00:34:02,090

controversial but nobody even as critics

718

00:34:06,790 --> 00:34:04,280

and people that don't believe anything

719

00:34:09,250 --> 00:34:06,800

that he wrote or whatever they owe

720

00:34:11,409 --> 00:34:09,260

everything to him anyway because even

721

00:34:14,050 --> 00:34:11,419

his critics that don't agree with him we

722

00:34:15,909 --> 00:34:14,060

probably would not know about the

723

00:34:17,210 --> 00:34:15,919

Sumerian tablets wouldn't look into it

724

00:34:19,460 --> 00:34:17,220

wouldn't look into these

725

00:34:21,230 --> 00:34:19,470

civilizations that use clay for writing

726

00:34:24,379 --> 00:34:21,240

they wouldn't have looked into the

727

00:34:26,810 --> 00:34:24,389

Sumerians the Acadians the Babylonians

728

00:34:29,480 --> 00:34:26,820

the Assyrians the Hittite the elamite

729

00:34:32,089 --> 00:34:29,490

the Persians you know they wouldn't look

730

00:34:36,200 --> 00:34:32,099

into all these great empires that once

731

00:34:40,550 --> 00:34:36,210

existed I mean aside from a few museum

732

00:34:42,680 --> 00:34:40,560

curators or or some a few archaeologists

733

00:34:44,450 --> 00:34:42,690

that deal in that no one would be

734

00:34:49,099 --> 00:34:44,460

talking about this at all

735

00:34:51,440 --> 00:34:49,109

that's if it wasn't for so what do you

736

00:34:52,430 --> 00:34:51,450

longer hate him you know Sitchin is the

737

00:34:55,690 --> 00:34:52,440

one that brought this to us and he

738

00:34:58,370 --> 00:34:55,700

deserves the credit so anyway what the

739

00:35:00,950 --> 00:34:58,380

controversial part of stitches work is

740

00:35:02,300 --> 00:35:00,960

that everyone thinks he wasn't

741

00:35:03,950 --> 00:35:02,310

translating everything because it

742

00:35:06,560 --> 00:35:03,960

doesn't match up exactly to what the

743

00:35:08,810 --> 00:35:06,570

scholarship translated in the Anu Mali

744

00:35:11,050 --> 00:35:08,820

Sh the seven tablets tablets of creation

745

00:35:14,060 --> 00:35:11,060

like the seven days it took to create

746

00:35:16,010 --> 00:35:14,070

heaven and earth in the Bible you know

747

00:35:19,220 --> 00:35:16,020

the seven tablets of creation talk about

748

00:35:21,530 --> 00:35:19,230

the creation of heaven on earth but it

749

00:35:25,970 --> 00:35:21,540

is mainly a story of the Battle of the

750

00:35:28,010 --> 00:35:25,980

Gods the celestial gods and Sitchin took

751  
00:35:30,620 --> 00:35:28,020  
this as a metaphor like they were

752  
00:35:33,410 --> 00:35:30,630  
writing it these ancient people were

753  
00:35:38,660 --> 00:35:33,420  
writing this as a metaphor for the

754  
00:35:40,490 --> 00:35:38,670  
formation of our solar system so I'm

755  
00:35:42,800 --> 00:35:40,500  
gonna go into the interpretation of what

756  
00:35:45,500 --> 00:35:42,810  
Sitchin said and not exactly what the

757  
00:35:46,609 --> 00:35:45,510  
tablets say because I mean it's like yo

758  
00:35:48,980 --> 00:35:46,619  
to speech sometimes it's talking

759  
00:35:51,980 --> 00:35:48,990  
backwards and you have to you know it's

760  
00:35:53,990 --> 00:35:51,990  
not hard to read the translation but to

761  
00:35:56,420 --> 00:35:54,000  
try to figure everything out you got to

762  
00:35:58,640 --> 00:35:56,430  
go pretty slow sometimes but Sitchin

763  
00:36:03,140 --> 00:35:58,650

tries to put it in plain English and his

764

00:36:05,480 --> 00:36:03,150

metaphor for the construction of a solar

765

00:36:07,910 --> 00:36:05,490

system the way it is today and that is

766

00:36:10,960 --> 00:36:07,920

where we get the God created the heavens

767

00:36:15,230 --> 00:36:10,970

and the earth so the way that they

768

00:36:17,740 --> 00:36:15,240

interpreted it is that what started out

769

00:36:23,620 --> 00:36:17,750

in our solar system was just the Sun and

770

00:36:26,990 --> 00:36:23,630

Mercury and out of the Sun came this

771

00:36:29,540 --> 00:36:27,000

protoplasmic ball of mass or whatever

772

00:36:30,560 --> 00:36:29,550

you know which a controversy on itself

773

00:36:35,840 --> 00:36:30,570

because today

774

00:36:37,880 --> 00:36:35,850

that theory if that's not the prevailing

775

00:36:40,010 --> 00:36:37,890

theory they think that there was all

776

00:36:41,660 --> 00:36:40,020

this dust from the Big Bang and all

777

00:36:44,270 --> 00:36:41,670

that's to create the planets where they

778

00:36:46,510 --> 00:36:44,280

are but we don't know that that's a

779

00:36:49,780 --> 00:36:46,520

theory no one really knows that for sure

780

00:36:54,980 --> 00:36:49,790

I don't think this is next point and

781

00:36:56,750 --> 00:36:54,990

there's so much space and dash'd in

782

00:36:59,120 --> 00:36:56,760

between the oh there are things out

783

00:37:00,710 --> 00:36:59,130

there but there's so much space that it

784

00:37:02,390 --> 00:37:00,720

just doesn't make sense so they try to

785

00:37:04,610 --> 00:37:02,400

say that the solar wind blew it all out

786

00:37:06,920 --> 00:37:04,620

well the solar wind blew it allowed it

787

00:37:08,390 --> 00:37:06,930

they wouldn't call lest the way that

788

00:37:11,060 --> 00:37:08,400

they are so their own theory doesn't

789

00:37:13,700 --> 00:37:11,070

really make sense so we don't know how

790

00:37:16,640 --> 00:37:13,710

planets kawaman so anyway this

791

00:37:19,160 --> 00:37:16,650

protoplasmic ball comes out and it it

792

00:37:22,600 --> 00:37:19,170

finally settles somewhere where the

793

00:37:25,370 --> 00:37:22,610

asteroid belt is and out of this giant

794

00:37:28,520 --> 00:37:25,380

protoplasmic mass which eventually

795

00:37:33,080 --> 00:37:28,530

became a planet right came out the other

796

00:37:37,460 --> 00:37:33,090

planets they were born as twins so first

797

00:37:39,050 --> 00:37:37,470

popped out Venus and Mars so and if you

798

00:37:41,540 --> 00:37:39,060

I've never really noticed this before -

799

00:37:42,920 --> 00:37:41,550

when you look at the size of the planets

800

00:37:44,990 --> 00:37:42,930

and stuff they may not be exactly the

801  
00:37:46,850 --> 00:37:45,000  
same but they're kind of roughly the

802  
00:37:49,430 --> 00:37:46,860  
same sizes when we're talking about them

803  
00:37:53,470 --> 00:37:49,440  
in pairs like Venus and Mars they're

804  
00:37:56,660 --> 00:37:53,480  
almost the same size and then next came

805  
00:38:00,440 --> 00:37:56,670  
Uranus and Neptune and then finally the

806  
00:38:01,250 --> 00:38:00,450  
gas giants Saturn and Jupiter now what

807  
00:38:03,980 --> 00:38:01,260  
caused this

808  
00:38:05,210 --> 00:38:03,990  
I'd opponent don't know yeah you know

809  
00:38:07,280 --> 00:38:05,220  
the formation of our solar system is

810  
00:38:09,530 --> 00:38:07,290  
very chaotic there may have been another

811  
00:38:11,690 --> 00:38:09,540  
star of galaxies passing close by and

812  
00:38:15,440 --> 00:38:11,700  
gravitational forces decided to pull

813  
00:38:17,660 --> 00:38:15,450

this mass out of the planet you know

814

00:38:19,550 --> 00:38:17,670

that originally gave birth to the other

815

00:38:21,560 --> 00:38:19,560

planets I mean who knows we don't know

816

00:38:25,190 --> 00:38:21,570

but this supposedly is what happened and

817

00:38:28,250 --> 00:38:25,200

then still there was chaos no one

818

00:38:30,620 --> 00:38:28,260

all the planets didn't have an orbit the

819

00:38:32,120 --> 00:38:30,630

photo plastic mass that became a planet

820

00:38:34,880 --> 00:38:32,130

itself that gave birth to all the other

821

00:38:36,620 --> 00:38:34,890

planets this man is called Tiamat so

822

00:38:41,270 --> 00:38:36,630

what happened next

823

00:38:43,140 --> 00:38:41,280

we'll call Nibiru according efficient it

824

00:38:46,620 --> 00:38:43,150

was a rogue planet not part of our soul

825

00:38:48,810 --> 00:38:46,630

system that that was and end up getting

826

00:38:50,550 --> 00:38:48,820

caught by the gravitational forces of

827

00:38:53,070 --> 00:38:50,560

some of our other outer planet and it

828

00:38:55,230 --> 00:38:53,080

brought it in and as it came in close

829

00:38:59,130 --> 00:38:55,240

during the closer ends up coming so

830

00:39:01,770 --> 00:38:59,140

close to Tiamat that one of its moons

831

00:39:05,580 --> 00:39:01,780

struck it directly and there was a

832

00:39:08,250 --> 00:39:05,590

celestial collision bellicose is another

833

00:39:11,220 --> 00:39:08,260

author that ended up writing a book

834

00:39:12,990 --> 00:39:11,230

called worlds in collision this would be

835

00:39:16,920 --> 00:39:13,000

congruent with what you know his

836

00:39:20,040 --> 00:39:16,930

theories are so that moon hit that

837

00:39:22,500 --> 00:39:20,050

planet that planet half that planet was

838

00:39:26,220 --> 00:39:22,510

knocked into a orbit closer to the Sun

839

00:39:29,540 --> 00:39:26,230

so when that half of that planet got

840

00:39:31,890 --> 00:39:29,550

into its position closer to the Sun it

841

00:39:33,720 --> 00:39:31,900

coalesced even you know more because it

842

00:39:35,190 --> 00:39:33,730

was kind of a planet so it eventually

843

00:39:39,630 --> 00:39:35,200

coalesced I'm sure it's molten or

844

00:39:41,850 --> 00:39:39,640

whatever it became a birth and then the

845

00:39:43,770 --> 00:39:41,860

other half of the planet was torn and

846

00:39:45,750 --> 00:39:43,780

crushed by the immense gravity and stuff

847

00:39:48,810 --> 00:39:45,760

of this other planet that was close by

848

00:39:52,110 --> 00:39:48,820

and got strong neckl into its own orbit

849

00:39:53,070 --> 00:39:52,120

the order there was already in but the

850

00:39:55,140 --> 00:39:53,080

Sumerians called it the hammered

851

00:40:00,330 --> 00:39:55,150

bracelet and that's basically our

852

00:40:02,820 --> 00:40:00,340

asteroid belt so now this planet is

853

00:40:05,730 --> 00:40:02,830

caught this Nibiru and this Nibiru is

854

00:40:08,100 --> 00:40:05,740

probably the planet that these beans are

855

00:40:08,550 --> 00:40:08,110

from it's actually part of our solar

856

00:40:13,410 --> 00:40:08,560

system

857

00:40:16,410 --> 00:40:13,420

this is sitchin's theory and this planet

858

00:40:18,510 --> 00:40:16,420

now is caught by our Sun and as part of

859

00:40:20,640 --> 00:40:18,520

the part of the solar system and has an

860

00:40:22,440 --> 00:40:20,650

orbit now like a comet night not like

861

00:40:26,790 --> 00:40:22,450

the regular planets but like a comet and

862

00:40:28,170 --> 00:40:26,800

orbits for 3,600 years and every time it

863

00:40:30,810 --> 00:40:28,180

comes back in our solar system after

864

00:40:32,310 --> 00:40:30,820

3,600 years it creates some chaos from

865

00:40:35,670 --> 00:40:32,320

the gravitational forces with the other

866

00:40:37,200 --> 00:40:35,680

planets and it's like pinball or pool or

867

00:40:38,970 --> 00:40:37,210

whatever you know their gravitational

868

00:40:42,900 --> 00:40:38,980

forces were working against each other

869

00:40:45,540 --> 00:40:42,910

and it causes some calamities if it's as

870

00:40:47,670 --> 00:40:45,550

close as it can be when it both is it's

871

00:40:51,150 --> 00:40:47,680

in its orbit as close as it can be to

872

00:40:53,760 --> 00:40:51,160

this planet you get maybe the flood you

873

00:40:55,490 --> 00:40:53,770

know it definitely kicks rocks this

874

00:40:58,520 --> 00:40:55,500

planet probably kicks rocks from the ass

875

00:41:01,370 --> 00:40:58,530

towards earth if it doesn't drag him

876

00:41:03,530 --> 00:41:01,380

along with him and creating it could

877

00:41:07,300 --> 00:41:03,540

create a small debris tail or something

878

00:41:09,830 --> 00:41:07,310

and we could actually our planet might

879

00:41:13,370 --> 00:41:09,840

being in its regular orbit and actually

880

00:41:15,320 --> 00:41:13,380

fall into that tail or that debris or

881

00:41:19,609 --> 00:41:15,330

some bigger rocks might just be kicked

882

00:41:21,440 --> 00:41:19,619

towards us and it causes calamities more

883

00:41:23,240 --> 00:41:21,450

eruptions more volcanic eruptions more

884

00:41:25,700 --> 00:41:23,250

earthquakes and stuff like that now if

885

00:41:28,370 --> 00:41:25,710

it's only opposite side of the Sun from

886

00:41:30,530 --> 00:41:28,380

when this planet crosses you we may not

887

00:41:32,930 --> 00:41:30,540

have any effect no one would even hardly

888

00:41:37,790 --> 00:41:32,940

know but every 3,600 years it's supposed

889

00:41:40,250 --> 00:41:37,800

to happen so what is Sitchin correct we

890

00:41:41,859 --> 00:41:40,260

don't know we don't know if he is 100%

891

00:41:44,990 --> 00:41:41,869

correct but I think he's onto something

892

00:41:50,950 --> 00:41:45,000

there are three things that I think

893

00:41:53,720 --> 00:41:50,960

support his theory and one is the

894

00:41:56,089 --> 00:41:53,730

presence of planet 9 that's what the

895

00:41:58,570 --> 00:41:56,099

modern-day astronomers call planet 9

896

00:42:01,550 --> 00:41:58,580

today they have mathematically proven

897

00:42:04,040 --> 00:42:01,560

that there is another planet a large

898

00:42:05,690 --> 00:42:04,050

planet out there in our solar system and

899

00:42:07,730 --> 00:42:05,700

they calculate that from the

900

00:42:09,849 --> 00:42:07,740

perturbations that it has on the other

901  
00:42:13,760 --> 00:42:09,859  
planets and they can mathematically

902  
00:42:17,180 --> 00:42:13,770  
calculate this they could see it so and

903  
00:42:19,460 --> 00:42:17,190  
this is already accepted math it's

904  
00:42:23,359 --> 00:42:19,470  
accepted science by the International

905  
00:42:25,750 --> 00:42:23,369  
Astronomical Union so this isn't like

906  
00:42:28,730 --> 00:42:25,760  
Cray tail stuff this is exactly what

907  
00:42:30,109 --> 00:42:28,740  
modern strana Murs have calculated now

908  
00:42:32,270 --> 00:42:30,119  
they don't think don't think it's

909  
00:42:34,640 --> 00:42:32,280  
Sitchin Nibiru they don't believe any of

910  
00:42:36,050 --> 00:42:34,650  
that and they can't prove anything it

911  
00:42:37,849 --> 00:42:36,060  
usually they don't believe anything

912  
00:42:39,290 --> 00:42:37,859  
until they can prove it and it's very

913  
00:42:41,480 --> 00:42:39,300

very hard to prove the existence of the

914

00:42:46,130 --> 00:42:41,490

planets out in deep space that dark and

915

00:42:48,620 --> 00:42:46,140

it's hard to see so anyway um and Mike

916

00:42:50,470 --> 00:42:48,630

Brown and konstantin batygin of Caltech

917

00:42:53,750 --> 00:42:50,480

University or the astronomers should

918

00:42:55,280 --> 00:42:53,760

mathematically calculated the existence

919

00:42:56,630 --> 00:42:55,290

of Planet nine and they're still

920

00:42:59,710 --> 00:42:56,640

circuital searching for it we just

921

00:43:02,240 --> 00:42:59,720

haven't seen it and we won't be able to

922

00:43:04,730 --> 00:43:02,250

call it more than a theory I guess then

923

00:43:07,099 --> 00:43:04,740

until we actually see this planet but it

924

00:43:08,329 --> 00:43:07,109

has been mathematically proven so the

925

00:43:11,749 --> 00:43:08,339

existence of Planet nine is

926

00:43:18,620 --> 00:43:11,759

one thing that supports decision the

927

00:43:21,380 --> 00:43:18,630

second one is the no scientist today

928

00:43:23,299 --> 00:43:21,390

would argue that the continents used to

929

00:43:25,219 --> 00:43:23,309

fit together like a jigsaw puzzle we're

930

00:43:29,599 --> 00:43:25,229

taught that in grade school even you

931

00:43:30,739 --> 00:43:29,609

know or top in gold all just to fit

932

00:43:33,769 --> 00:43:30,749

together in one land mass that they

933

00:43:35,150 --> 00:43:33,779

called Pangea okay I have seen computer

934

00:43:37,789 --> 00:43:35,160

simulations with all the contents put

935

00:43:41,690 --> 00:43:37,799

back together and taking away the oceans

936

00:43:44,049 --> 00:43:41,700

and take away the oceans you in totally

937

00:43:47,509 --> 00:43:44,059

specific Basin is totally scooped out

938

00:43:49,519 --> 00:43:47,519

out I'd call it half a planet but it

939

00:43:52,849 --> 00:43:49,529

looks like there's a large portion of

940

00:43:54,640 --> 00:43:52,859

our planet is missing when you see those

941

00:43:56,809 --> 00:43:54,650

simulations are the simulations correct

942

00:43:58,609 --> 00:43:56,819

don't know but you know that's what the

943

00:44:01,089 --> 00:43:58,619

computer simulations are coming up

944

00:44:05,359 --> 00:44:01,099

weathers I know what I was saying so

945

00:44:06,950 --> 00:44:05,369

that adds support to it and then well we

946

00:44:09,829 --> 00:44:06,960

support to earth and being the same

947

00:44:12,859 --> 00:44:09,839

planet as the asteroids and comets how

948

00:44:15,589 --> 00:44:12,869

much are the pieces at both free anyway

949

00:44:17,779 --> 00:44:15,599

in avid own orbits now but the comments

950

00:44:20,059 --> 00:44:17,789

the asteroid belt nur supposedly were

951  
00:44:21,559 --> 00:44:20,069  
the same planet now the third thing that

952  
00:44:24,349 --> 00:44:21,569  
I'd like to go over the supports

953  
00:44:26,950 --> 00:44:24,359  
Hitchens theory at least that birth was

954  
00:44:31,549 --> 00:44:26,960  
the same planet as the asteroid belt is

955  
00:44:33,529 --> 00:44:31,559  
that today's scientists have used the

956  
00:44:35,499 --> 00:44:33,539  
sensors on asteroids on her probes and

957  
00:44:39,229 --> 00:44:35,509  
stuff like that and they're able to

958  
00:44:44,870 --> 00:44:39,239  
determine that the water ice on the

959  
00:44:48,319 --> 00:44:44,880  
asteroid belt is an exact mad mad - well

960  
00:44:52,249 --> 00:44:48,329  
the deuterium to h<sub>2</sub>o isotope a greater

961  
00:44:55,219 --> 00:44:52,259  
ratio of the water ice on the asteroids

962  
00:44:58,609 --> 00:44:55,229  
is an exact match to that of the oceans

963  
00:45:04,130 --> 00:44:58,619

on our earth and this deuterium to h2o

964

00:45:07,009 --> 00:45:04,140

isotopic ratio does not match the

965

00:45:09,950 --> 00:45:07,019

water ice that we found on Mars nor does

966

00:45:13,940 --> 00:45:09,960

it fit the water vapor that they

967

00:45:17,479 --> 00:45:13,950

detected this present Oh tons of other

968

00:45:21,860 --> 00:45:17,489

gases poisonous gases hey on Venus so

969

00:45:25,550 --> 00:45:21,870

why does it or why is it that that

970

00:45:31,040 --> 00:45:25,560

- h2o isotopic ratio matches exactly

971

00:45:33,950 --> 00:45:31,050

those there is oceans so today

972

00:45:35,600 --> 00:45:33,960

scientists have a theory that the earth

973

00:45:38,180 --> 00:45:35,610

was bombarded with all these different

974

00:45:39,710 --> 00:45:38,190

asteroids and stuff enough to fill up

975

00:45:42,620 --> 00:45:39,720

our oceans with this water

976

00:45:45,890 --> 00:45:42,630

I think that's less plausible than

977

00:45:49,490 --> 00:45:45,900

Sitchin's theory that there was the same

978

00:45:52,700 --> 00:45:49,500

planet as the asteroid belt that to me

979

00:45:54,980 --> 00:45:52,710

that makes a lot more sense and Occam's

980

00:45:57,200 --> 00:45:54,990

razor tells us that the simplest

981

00:46:00,170 --> 00:45:57,210

solution is probably the correct one so

982

00:46:03,830 --> 00:46:00,180

I would go with that so that's what

983

00:46:04,970 --> 00:46:03,840

happened before the flood is there any

984

00:46:08,120 --> 00:46:04,980

particular place you'd like take up

985

00:46:09,950 --> 00:46:08,130

after the flood well I think you nailed

986

00:46:12,380 --> 00:46:09,960

like it's kind of crazy like I have this

987

00:46:14,150 --> 00:46:12,390

list of questions and you are just

988

00:46:16,630 --> 00:46:14,160

killing it you're just nailing them one

989

00:46:20,840 --> 00:46:16,640

after the other I'm like oh my gosh

990

00:46:22,100 --> 00:46:20,850

yeah it is it was stitch and I'm really

991

00:46:26,300 --> 00:46:22,110

glad that you're going down this pathway

992

00:46:28,220 --> 00:46:26,310

because he gets it from all sides you

993

00:46:31,580 --> 00:46:28,230

know you've got the group of people that

994

00:46:33,860 --> 00:46:31,590

say when the CIA is interested in you

995

00:46:35,510 --> 00:46:33,870

you're no longer valid but then again if

996

00:46:36,710 --> 00:46:35,520

he's that important that they're

997

00:46:42,020 --> 00:46:36,720

interested it's got to make you wonder

998

00:46:44,120 --> 00:46:42,030

and I like that you mentioned Nibiru in

999

00:46:47,450 --> 00:46:44,130

the 3,600 years and how it comes by and

1000

00:46:50,810 --> 00:46:47,460

just kind of dusts the place you know

1001  
00:46:53,900 --> 00:46:50,820  
and and yeah no I think you're nailing

1002  
00:46:55,970 --> 00:46:53,910  
it exactly where I wanted to go and the

1003  
00:46:59,390 --> 00:46:55,980  
h2o comment with the water and the

1004  
00:47:03,620 --> 00:46:59,400  
asteroid belt this is one of those areas

1005  
00:47:06,130 --> 00:47:03,630  
where when science stops making sense it

1006  
00:47:11,040 --> 00:47:09,400  
when historical texts start to make

1007  
00:47:14,760 --> 00:47:11,050  
sense

1008  
00:47:17,430 --> 00:47:14,770  
totally get that leap of faith and I've

1009  
00:47:18,930 --> 00:47:17,440  
taken it I think you're you've nailed it

1010  
00:47:20,220 --> 00:47:18,940  
I'm willing to go wherever you want to

1011  
00:47:24,630 --> 00:47:20,230  
go from here Jeff you're just you're

1012  
00:47:27,510 --> 00:47:24,640  
just killing it well you know eventually

1013  
00:47:29,970 --> 00:47:27,520

well through the flood again you know

1014

00:47:31,260 --> 00:47:29,980

because we had to fast forward from the

1015

00:47:34,110 --> 00:47:31,270

formation of the universe or the

1016

00:47:38,370 --> 00:47:34,120

universe but the solar system and fast

1017

00:47:44,180 --> 00:47:38,380

forward to approximately again this is

1018

00:47:47,250 --> 00:47:44,190

fictions approximation 340 2000 BC

1019

00:47:49,890 --> 00:47:47,260

that's when these beans the ones that we

1020

00:47:51,990 --> 00:47:49,900

call angels Anunnaki is what the

1021

00:47:54,770 --> 00:47:52,000

Sumerians called them that they came to

1022

00:47:57,780 --> 00:47:54,780

earth now scientists don't believe that

1023

00:48:00,540 --> 00:47:57,790

they're aliens right they believe that

1024

00:48:02,340 --> 00:48:00,550

the texts say what they say but they

1025

00:48:04,410 --> 00:48:02,350

don't they'll agree with stitches

1026

00:48:08,250 --> 00:48:04,420

interpretations they'd only agree that

1027

00:48:09,990 --> 00:48:08,260

Nibiru is plain pennant because Indian

1028

00:48:13,170 --> 00:48:10,000

in Malaysia it says the gods retreated

1029

00:48:15,130 --> 00:48:13,180

didn't appear and it's not Nibiru its

1030

00:48:16,809 --> 00:48:15,140

Nabire but

1031

00:48:21,579 --> 00:48:16,819

that's what Citroen was talking about

1032

00:48:27,359 --> 00:48:21,589

but we don't know what Nabire is the

1033

00:48:29,739 --> 00:48:27,369

Babylonians are calling Nibiru Jupiter

1034

00:48:31,420 --> 00:48:29,749

so that's basically that's what the

1035

00:48:33,549 --> 00:48:31,430

Babylonians did the Acadians and

1036

00:48:34,539 --> 00:48:33,559

Sumerians and stuff were you know it

1037

00:48:36,819 --> 00:48:34,549

seems like they were pretty clear that

1038

00:48:41,349 --> 00:48:36,829

Nibiru was not Jupiter but the

1039

00:48:43,660 --> 00:48:41,359

Babylonians called Jupiter Nibiru so

1040

00:48:45,430 --> 00:48:43,670

that's what they think that that is

1041

00:48:47,920 --> 00:48:45,440

Nibiru and there's not another planet

1042

00:48:51,759 --> 00:48:47,930

out there but as we can see in Planet

1043

00:48:53,680 --> 00:48:51,769

nine is out there so who knows maybe

1044

00:48:55,059 --> 00:48:53,690

Titian was a lot more right than what

1045

00:48:57,609 --> 00:48:55,069

they you know what scientists are

1046

00:48:59,799 --> 00:48:57,619

willing to admit we don't know the time

1047

00:49:02,519 --> 00:48:59,809

will tell but these beings came here and

1048

00:49:04,959 --> 00:49:02,529

and for whatever reason they came here

1049

00:49:10,420 --> 00:49:04,969

decision says to mine gold for their

1050

00:49:13,760 --> 00:49:10,430

dying planet for chemical properties

1051

00:49:15,680 --> 00:49:13,770

the text really didn't say exactly but

1052

00:49:19,430 --> 00:49:15,690

they were here and when they were here

1053

00:49:23,870 --> 00:49:19,440

they had a mission of service and they

1054

00:49:26,450 --> 00:49:23,880

had a mission and their people rebelled

1055

00:49:27,980 --> 00:49:26,460

it was hard work for what they were

1056

00:49:29,720 --> 00:49:27,990

doing there they were mining they were

1057

00:49:35,330 --> 00:49:29,730

digging they were doing all kinds of

1058

00:49:38,210 --> 00:49:35,340

things and so they needed a worker to

1059

00:49:39,740 --> 00:49:38,220

take over the work of the of the people

1060

00:49:41,420 --> 00:49:39,750

or their beings because they rebelled

1061

00:49:43,820 --> 00:49:41,430

there's their leaders we're going to end

1062

00:49:46,010 --> 00:49:43,830

up killing some of them in front of them

1063

00:49:47,630 --> 00:49:46,020

and gonna make them work and then just

1064

00:49:50,450 --> 00:49:47,640

like political factions today we got

1065

00:49:51,770 --> 00:49:50,460

Democrats and Republicans here in the

1066

00:49:54,500 --> 00:49:51,780

United States and they got the labor

1067

00:49:56,990 --> 00:49:54,510

party Tory party and stuff like that and

1068

00:49:59,900 --> 00:49:57,000

Britain you know you know different

1069

00:50:02,300 --> 00:49:59,910

factions and like some people wanted it

1070

00:50:04,400 --> 00:50:02,310

to be stripped and kill people and from

1071

00:50:06,290 --> 00:50:04,410

the other angels and stuff killed them

1072

00:50:08,450 --> 00:50:06,300

and because the angels can die

1073

00:50:11,120 --> 00:50:08,460

it's just that supposedly they live to

1074

00:50:12,590 --> 00:50:11,130

be like a million years old or eight

1075

00:50:14,180 --> 00:50:12,600

hundred thousand you know there's

1076

00:50:15,530 --> 00:50:14,190

something because they differently

1077

00:50:19,940 --> 00:50:15,540

because they're closer to the Sun or

1078

00:50:21,260 --> 00:50:19,950

whatever so they're not immortal these

1079

00:50:23,630 --> 00:50:21,270

beings that are spoken over this

1080

00:50:28,240 --> 00:50:23,640

marrying tablets but they might as well

1081

00:50:36,560 --> 00:50:30,950

anyway they needed a worker so one of

1082

00:50:39,500 --> 00:50:36,570

these people spoke up and it's a key in

1083

00:50:43,780 --> 00:50:39,510

a Sumerian tablets these programs that I

1084

00:50:48,170 --> 00:50:43,790

can create a worker and I can fix this

1085

00:50:50,060 --> 00:50:48,180

so he's that we could create this new

1086

00:50:52,099 --> 00:50:50,070

worker from already exist on this planet

1087

00:50:56,030 --> 00:50:52,109

so what they because they took their own

1088

00:50:58,700 --> 00:50:56,040

DNA and spliced it with the continent

1089

00:51:02,320 --> 00:50:58,710

that was already on this that was

1090

00:51:06,920 --> 00:51:02,330

already evolved on this block and

1091

00:51:10,940 --> 00:51:06,930

created us probably not where we are

1092

00:51:13,130 --> 00:51:10,950

today is they were tampering with in

1093

00:51:15,500 --> 00:51:13,140

they were prompt in their town halls

1094

00:51:16,970 --> 00:51:15,510

were sleeping with our females they

1095

00:51:20,330 --> 00:51:16,980

found them attractive and that's written

1096

00:51:22,840 --> 00:51:20,340

in Genesis so and that was an

1097

00:51:24,670 --> 00:51:22,850

abomination to one of the leaders

1098

00:51:26,980 --> 00:51:24,680

these beings though one of the royal

1099

00:51:28,960 --> 00:51:26,990

leaders of these beings and they said

1100

00:51:31,690 --> 00:51:28,970

now you can't be constant species it's

1101

00:51:36,610 --> 00:51:31,700

gross you know I'm pretty sure that if

1102

00:51:38,860 --> 00:51:36,620

we humans it surely from a Navy ship and

1103

00:51:41,110 --> 00:51:38,870

all the men went out there and found

1104

00:51:44,050 --> 00:51:41,120

chimpanzees on the land and decided to

1105

00:51:45,670 --> 00:51:44,060

start having sex with chimpanzees I'm

1106

00:51:48,370 --> 00:51:45,680

sure you know their leaders are going to

1107

00:51:52,180 --> 00:51:48,380

be pretty upset about that and most

1108

00:51:54,700 --> 00:51:52,190

people would think it's got us so anyway

1109

00:51:56,440 --> 00:51:54,710

what had happened was one political

1110

00:51:58,120 --> 00:51:56,450

faction was against all this the other

1111

00:51:59,950 --> 00:51:58,130

ploy Pro faction said you have to

1112

00:52:03,460 --> 00:51:59,960

understand we're so far away from home

1113

00:52:06,730 --> 00:52:03,470

our mission is super important they're

1114

00:52:09,430 --> 00:52:06,740

they're lonely they took human wives but

1115

00:52:12,480 --> 00:52:09,440

they took unions as wives in females as

1116

00:52:15,340 --> 00:52:12,490

wives so and then one of the leaders

1117

00:52:17,080 --> 00:52:15,350

decided that you know they want the

1118

00:52:19,630 --> 00:52:17,090

humans go anyone created in the first

1119

00:52:22,060 --> 00:52:19,640

place but after a while they made too

1120

00:52:23,320 --> 00:52:22,070

much noise according to the Sumerian

1121

00:52:27,040 --> 00:52:23,330

tablets and he wants them gone

1122

00:52:28,810 --> 00:52:27,050

he used to use famine and plague and all

1123

00:52:31,450 --> 00:52:28,820

kinds of things through the god that he

1124

00:52:33,550 --> 00:52:31,460

was called namtar in the Sumerian

1125

00:52:39,100 --> 00:52:33,560

tablets he's the god of plagues and

1126

00:52:41,710 --> 00:52:39,110

stuff and his it was his role to try to

1127

00:52:43,480 --> 00:52:41,720

create these famines and plagues to wipe

1128

00:52:45,340 --> 00:52:43,490

out some of the humans not totally wipe

1129

00:52:47,530 --> 00:52:45,350

them out but to call them every now and

1130

00:52:52,840 --> 00:52:47,540

then because there's too many of them

1131

00:52:54,790 --> 00:52:52,850

and his leader in live or you and some

1132

00:52:57,660 --> 00:52:54,800

texts but Sitchin calls him and little

1133

00:53:00,340 --> 00:52:57,670

same character he's kind of the the

1134

00:53:03,130 --> 00:53:00,350

number one guy on the planet

1135

00:53:05,920 --> 00:53:03,140

his father supposedly is king on another

1136

00:53:09,070 --> 00:53:05,930

planet but on this planet with the

1137

00:53:11,860 --> 00:53:09,080

mission he is the leader and his

1138

00:53:15,640 --> 00:53:11,870

half-brother Enki his half-brother Enki

1139

00:53:18,970 --> 00:53:15,650

is next in line they're both presents to

1140

00:53:25,390 --> 00:53:18,980

the throne and inky's on the created

1141

00:53:29,590 --> 00:53:25,400

humans but he's also his his symbol is

1142

00:53:32,830 --> 00:53:29,600

the serpent so we see that the serpent

1143

00:53:34,540 --> 00:53:32,840

was in the Garden of Eden and Enki is

1144

00:53:35,120 --> 00:53:34,550

the one that created us but he's the one

1145

00:53:37,520 --> 00:53:35,130

that was

1146

00:53:40,970 --> 00:53:37,530

and this can get very controversial

1147

00:53:45,710 --> 00:53:40,980

towards Christianity because basically

1148

00:53:48,650 --> 00:53:45,720

what these stories say is that Genesis

1149

00:53:50,270 --> 00:53:48,660

is a conflation they take two stories

1150

00:53:54,830 --> 00:53:50,280

and combine them into one it's missing

1151  
00:53:57,230 --> 00:53:54,840  
information the Adam and Eve story is a

1152  
00:54:00,860 --> 00:53:57,240  
conflation yes Adam and Eve were these

1153  
00:54:03,110 --> 00:54:00,870  
first man and woman created in the

1154  
00:54:05,510 --> 00:54:03,120  
Garden of Eden but it was many

1155  
00:54:08,210 --> 00:54:05,520  
generations later that it was a da and

1156  
00:54:11,180 --> 00:54:08,220  
Pt that were actually kicked out of the

1157  
00:54:12,800 --> 00:54:11,190  
garden to be it wasn't at the knees and

1158  
00:54:15,050 --> 00:54:12,810  
also during the creation Avenue where

1159  
00:54:17,660 --> 00:54:15,060  
the first man and woman created but then

1160  
00:54:20,000 --> 00:54:17,670  
the Anunnaki created six more males and

1161  
00:54:24,620 --> 00:54:20,010  
six more females immediately after so we

1162  
00:54:28,550 --> 00:54:24,630  
had seven and they knew they killed one

1163  
00:54:30,560 --> 00:54:28,560

of their own people

1164

00:54:35,560 --> 00:54:30,570

they're beings one of the Anunnaki and

1165

00:54:38,600 --> 00:54:35,570

used his life force essence spirit and

1166

00:54:40,400 --> 00:54:38,610

DNA and mixed it with the ethical

1167

00:54:44,180 --> 00:54:40,410

hominid that was already here on the

1168

00:54:47,090 --> 00:54:44,190

planet and created us many years later

1169

00:54:49,640 --> 00:54:47,100

after cross fertilization after DNA

1170

00:54:52,160 --> 00:54:49,650

tampering and stuff of mankind kept

1171

00:54:54,560 --> 00:54:52,170

changing and we are what we are today

1172

00:54:57,830 --> 00:54:54,570

and I think the consensus is that we are

1173

00:54:59,660 --> 00:54:57,840

called homo sapiens sapiens now so where

1174

00:55:01,640 --> 00:54:59,670

do these beings go a lot of people think

1175

00:55:04,400 --> 00:55:01,650

that they are still here a lot of people

1176

00:55:05,960 --> 00:55:04,410

think that they're all gone but the

1177

00:55:08,990 --> 00:55:05,970

consensus seems to be if you actually

1178

00:55:13,010 --> 00:55:09,000

believe the stories is that they will

1179

00:55:16,460 --> 00:55:13,020

return one day and if they are here now

1180

00:55:19,040 --> 00:55:16,470

they haven't shown themselves but they

1181

00:55:21,410 --> 00:55:19,050

all will return one day and I still

1182

00:55:22,970 --> 00:55:21,420

think they're fighting over mankind and

1183

00:55:27,250 --> 00:55:22,980

control of the earth and they'll have a

1184

00:55:31,070 --> 00:55:27,260

final battle if you believe the stories

1185

00:55:32,990 --> 00:55:31,080

just like on again in the Bible so I

1186

00:55:36,860 --> 00:55:33,000

hope this kind of explains some of the

1187

00:55:39,050 --> 00:55:36,870

questions it totally does and for those

1188

00:55:44,030 --> 00:55:39,060

listeners that are listening the book

1189

00:55:45,980 --> 00:55:44,040

goes as far as explain really some some

1190

00:55:48,110 --> 00:55:45,990

theories as to when that day might be

1191

00:55:48,890 --> 00:55:48,120

that they come back there's some really

1192

00:55:52,700 --> 00:55:48,900

neat stuff

1193

00:55:54,020 --> 00:55:52,710

that the book goes into but you're gonna

1194

00:55:55,760 --> 00:55:54,030

have to read it there's there's there's

1195

00:55:58,340 --> 00:55:55,770

some really neat revelations in there

1196

00:56:01,220 --> 00:55:58,350

and I just wanted to thank you Jeff for

1197

00:56:05,210 --> 00:56:01,230

all the research that I mean I can't

1198

00:56:09,980 --> 00:56:05,220

even imagine the thousands of man-hours

1199

00:56:10,550 --> 00:56:09,990

and sharing in the contribution to all

1200

00:56:12,440 --> 00:56:10,560

of us

1201  
00:56:14,090 --> 00:56:12,450  
where can everybody get your book how

1202  
00:56:15,500 --> 00:56:14,100  
can they keep in touch with you and I

1203  
00:56:17,420 --> 00:56:15,510  
just wanted to say thanks so much for

1204  
00:56:18,830 --> 00:56:17,430  
coming on the podcast I've been waiting

1205  
00:56:23,570 --> 00:56:18,840  
and I'm happy that we finally made it

1206  
00:56:25,250 --> 00:56:23,580  
happen yeah my pleasure if I mean you go

1207  
00:56:28,490 --> 00:56:25,260  
to see me on Facebook it's under the

1208  
00:56:30,770 --> 00:56:28,500  
name of the same name is the title of

1209  
00:56:35,120 --> 00:56:30,780  
the book the identity of God I have a

1210  
00:56:37,910 --> 00:56:35,130  
Facebook page there I'm also a benefit

1211  
00:56:40,310 --> 00:56:37,920  
editor now for a Facebook group called

1212  
00:56:43,610 --> 00:56:40,320  
Haitian astronaut theorists we have like

1213  
00:56:45,800 --> 00:56:43,620

two hundred and seventeen thousand

1214

00:56:48,170 --> 00:56:45,810

members right now I've been a chief

1215

00:56:49,430 --> 00:56:48,180

editor for a year so you could probably

1216

00:56:52,460 --> 00:56:49,440

find me there as well

1217

00:56:56,060 --> 00:56:52,470

I'll be at Fan Expo in June here in

1218

00:56:59,480 --> 00:56:56,070

Dallas I'll be at the alien Con in

1219

00:57:02,840 --> 00:56:59,490

Dallas probably there's a UFO UFO

1220

00:57:05,030 --> 00:57:02,850

conference in Kansas City in July that

1221

00:57:06,920 --> 00:57:05,040

I'll be in as well so I'm making the

1222

00:57:10,580 --> 00:57:06,930

rounds and and trying to get it out

1223

00:57:12,170 --> 00:57:10,590

there well it's obvious that you care

1224

00:57:14,840 --> 00:57:12,180

about getting the message out you care

1225

00:57:17,060 --> 00:57:14,850

about people and thank you for all your

1226

00:57:18,890 --> 00:57:17,070

service in every single way thank you

1227

00:57:21,200 --> 00:57:18,900

for being on the podcast Jeff appreciate

1228

00:57:21,760 --> 00:57:21,210

you thank you so much Ryan thanks for

1229

00:57:24,230 --> 00:57:21,770

having me

1230

00:57:25,040 --> 00:57:24,240

well there you have it ladies and

1231

00:57:28,940 --> 00:57:25,050

gentlemen

1232

00:57:30,650 --> 00:57:28,950

Jeff Sortino I'm telling you there's no

1233

00:57:35,090 --> 00:57:30,660

doubt there's not a better guy out there

1234

00:57:38,080 --> 00:57:35,100

for taking these crumbs that many

1235

00:57:41,960 --> 00:57:38,090

cultures before us have left and

1236

00:57:43,250 --> 00:57:41,970

exposing them not only that you have to

1237

00:57:46,760 --> 00:57:43,260

get the book it is called the identity

1238

00:57:48,920 --> 00:57:46,770

of God by Jeff Sortino it goes into all

1239

00:57:52,480 --> 00:57:48,930

kinds of top secret classified

1240

00:57:55,320 --> 00:57:52,490

information on UFOs existence of

1241

00:57:58,470 --> 00:57:55,330

extraterrestrials how it ties in with

1242

00:57:59,480 --> 00:57:58,480

the Annunaki with Egyptian Book of the

1243

00:58:03,870 --> 00:57:59,490

Dead

1244

00:58:08,300 --> 00:58:03,880

Anke and who it goes into there's really

1245

00:58:10,770 --> 00:58:08,310

the writings the descriptions and the

1246

00:58:15,420 --> 00:58:10,780

some of the some of the really cool

1247

00:58:17,220 --> 00:58:15,430

things that the book reveals and I

1248

00:58:19,500 --> 00:58:17,230

really wish I could just go into that

1249

00:58:22,820 --> 00:58:19,510

and tell you guys all that from my

1250

00:58:25,710 --> 00:58:22,830

perspective having read the book but I

1251

00:58:27,710 --> 00:58:25,720

can't give it all away I can't give it

1252

00:58:31,440 --> 00:58:27,720

all away but there are some amazing

1253

00:58:33,480 --> 00:58:31,450

revelations really amazing stuff the

1254

00:58:38,970 --> 00:58:33,490

identity of God by Jeff Sortino highly

1255

00:58:42,900 --> 00:58:38,980

recommend I hope you are all surviving

1256

00:58:45,540 --> 00:58:42,910

this kovat 19 delirium corona virus

1257

00:58:48,180 --> 00:58:45,550

pandemic plan demux care depending on

1258

00:58:50,430 --> 00:58:48,190

whatever your whatever you believe is

1259

00:58:55,070 --> 00:58:50,440

happening it is a real virus it is

1260

00:58:57,240 --> 00:58:55,080

hurting and killing people it is not

1261

00:59:00,660 --> 00:58:57,250

what the media is making it out to

1262

00:59:02,250 --> 00:59:00,670

appear to be and will keep the patron

1263

00:59:04,590 --> 00:59:02,260

goodness coming we're getting the patron

1264

00:59:06,750 --> 00:59:04,600

premium status coming soon can't wait to

1265

00:59:08,790 --> 00:59:06,760

reveal that base wolf research go to

1266

00:59:11,060 --> 00:59:08,800

space wolf research calm check it out

1267

00:59:13,740 --> 00:59:11,070

it's something we do for the science

1268

00:59:16,890 --> 00:59:13,750

factions of our community researchers

1269

00:59:18,690 --> 00:59:16,900

and the best minds investigating the

1270

00:59:22,920 --> 00:59:18,700

biggest questions for Humanity anyway

1271

00:59:25,590 --> 00:59:22,930

long story short had somebody drive

1272

00:59:27,210 --> 00:59:25,600

through the fence and trying to sneak a

1273

00:59:29,730 --> 00:59:27,220

peek you know the same stuff we're

1274

00:59:31,650 --> 00:59:29,740

trying to research but the thousands and

1275

00:59:33,570 --> 00:59:31,660

thousands of dollars of damage is the

1276

00:59:35,160 --> 00:59:33,580

part that mat that's what hurts the most

1277

00:59:36,750 --> 00:59:35,170

you know you can see the same stuff from

1278

00:59:38,850 --> 00:59:36,760

the road you didn't you didn't have to

1279

00:59:41,870 --> 00:59:38,860

do that whoever did that but hey it is

1280

00:59:45,660 --> 00:59:41,880

what it is I am NOT one of the cosmic

1281

00:59:49,160 --> 00:59:45,670

intelligences or gatekeepers or entities

1282

00:59:52,080 --> 00:59:49,170

that is in charge of making or

1283

00:59:53,550 --> 00:59:52,090

describing or analyzing these situations

1284

00:59:55,380 --> 00:59:53,560

now I'm just going to make the best of

1285

00:59:58,410 --> 00:59:55,390

the situation to my best ability I'm a

1286

01:00:00,900 --> 00:59:58,420

human being and apparently it's a lot

1287

01:00:04,320 --> 01:00:00,910

cooler than we think it is until next

1288

01:00:06,570 --> 01:00:04,330

time keep your eyes to the skies feet on

1289

01:00:11,910 --> 01:00:06,580

the ground but don't forget to take a

1290

01:00:11,920 --> 01:00:24,880

[Music]

1291

01:00:34,690 --> 01:00:27,470

coughing that's how the Machine sir I

1292

01:00:38,210 --> 01:00:34,700

feel like it needs a blast blast blast
