3
00:00:44,869 --> 00:00:42,879

paranormal podcast that's right my name

4
00:00:46,869 --> 00:00:44,879

is ryan the original

5
00:00:48,150 --> 00:00:46,879

outlaw of the airwaves bringing you

6
00:00:51,830 --> 00:00:48,160

another vip

7
00:00:54,389 --> 00:00:51,840

episode from sin city the silver state

8
00:00:54,950 --> 00:00:54,399

from the base of la madre mountain just

9
00:00:57,990 --> 00:00:54,960

south of

10
00:01:00,150 --> 00:00:58,000

area 51 and uh

11
00:01:01,189 --> 00:01:00,160

we appreciate your loyalty our

12
00:01:04,229 --> 00:01:01,199

multi-purpose

13
00:01:06,230 --> 00:01:04,239

podcast is produced with love and that's

14

00:01:08,469 --> 00:01:06,240

just basically

15

00:01:10,550 --> 00:01:08,479

information love of information love of

16

00:01:12,070 --> 00:01:10,560

opening minds and at least considering

17

00:01:15,990 --> 00:01:12,080

ideas that other people

18

00:01:18,950 --> 00:01:16,000

just don't and when it comes to

19

00:01:20,310 --> 00:01:18,960

this sort of thing darcy where wrote the

20

00:01:23,429 --> 00:01:20,320

book on this or

21

00:01:24,149 --> 00:01:23,439

better said he wrote the movie because

22

00:01:26,950 --> 00:01:24,159

he has

23

00:01:29,910 --> 00:01:26,960

created some of the best in my opinion

24

00:01:34,230 --> 00:01:29,920

documentaries that stick to the facts

25

00:01:37,749 --> 00:01:34,240

and don't embellish in my opinion

26
00:01:39,429 --> 00:01:37,759
what is a naturally occurring phenomenon

27
00:01:42,950 --> 00:01:39,439
of high strangeness

28
00:01:43,670 --> 00:01:42,960
and uh well i'm sure he's not going to

29
00:01:47,270 --> 00:01:43,680
disappoint

30
00:01:49,670 --> 00:01:47,280
at all this time because it looks

31
00:01:52,789 --> 00:01:49,680
absolutely phenomenal and amazing

32
00:01:54,389 --> 00:01:52,799
at least the trailer does the trailer to

33
00:01:57,510 --> 00:01:54,399
his new documentary is

34
00:01:59,590 --> 00:01:57,520
remarkable it's on youtube and and

35
00:02:02,230 --> 00:01:59,600
uh yeah you gotta check out the trailer

36
00:02:05,590 --> 00:02:02,240
it's amazing also check out the olympic

37
00:02:07,350 --> 00:02:05,600
project which is a research and evidence

38
00:02:09,990 --> 00:02:07,360

gathering project

39

00:02:11,350 --> 00:02:10,000

by david ellis with connection to the

40

00:02:13,350 --> 00:02:11,360

bfro

41

00:02:15,750 --> 00:02:13,360

great group of individuals matt

42

00:02:19,270 --> 00:02:15,760

moneymaker is a great guy

43

00:02:20,869 --> 00:02:19,280

check out all of the resources

44

00:02:22,309 --> 00:02:20,879

that are available if this is something

45

00:02:23,830 --> 00:02:22,319

you're getting into do it the right way

46

00:02:26,949 --> 00:02:23,840

don't do it the wrong way and go to

47

00:02:28,790 --> 00:02:26,959

reliable credible sources to begin with

48

00:02:31,110 --> 00:02:28,800

and there's a lot of them out there i'm

49

00:02:31,589 --> 00:02:31,120

not trying to discriminate against other

50

00:02:33,509 --> 00:02:31,599

ones

51
00:02:34,710 --> 00:02:33,519
but i'm just you know from the cuff

52
00:02:37,509 --> 00:02:34,720
shooting from the hip

53
00:02:37,910 --> 00:02:37,519
naming names darcy weir has nailed it

54
00:02:40,949 --> 00:02:37,920
again

55
00:02:43,430 --> 00:02:40,959
as far as my consideration

56
00:02:44,869 --> 00:02:43,440
in getting people that have very good

57
00:02:47,509 --> 00:02:44,879
intentions to the field

58
00:02:48,710 --> 00:02:47,519
the research the science the evidence

59
00:02:50,630 --> 00:02:48,720
gathering

60
00:02:52,630 --> 00:02:50,640
people like jeffrey meldrum the list

61
00:02:54,869 --> 00:02:52,640
goes on and on there's just so many

62
00:02:56,390 --> 00:02:54,879
without further ado let's let's get to

63
00:02:58,229 --> 00:02:56,400

it because it's amazing

64

00:02:59,910 --> 00:02:58,239

very cool trailer i will post it on the

65

00:03:03,190 --> 00:02:59,920

75

00:03:26,470 --> 00:03:24,239

80

00:03:37,509 --> 00:03:35,519

a lot of free content so

81

00:03:39,110 --> 00:03:37,519

if you don't want to subscribe i get it

82

00:03:41,830 --> 00:03:39,120

it's just hard for me to continue

83

00:03:42,630 --> 00:03:41,840

without a little bit of subscription so

84

00:03:44,550 --> 00:03:42,640

um

85

00:03:47,190 --> 00:03:44,560

maybe it's just my ego no it's really

86

00:03:49,430 --> 00:03:47,200

not it's it's expensive

87

00:03:51,030 --> 00:03:49,440

and i uh i'll probably do it whether i

88

00:03:54,470 --> 00:03:51,040

have zero listeners or

89

00:03:57,750 --> 00:03:54,480

a million so um do what you need to do

90

00:04:00,390 --> 00:03:57,760

go with the flow and uh darcy

91

00:04:02,309 --> 00:04:00,400

weir is coming here in just a second i'm

92

00:04:04,149 --> 00:04:02,319

going to dial him up on skype

93

00:04:05,429 --> 00:04:04,159

be patient with me while we ring him

94

00:04:08,309 --> 00:04:05,439

sometimes skype is

95

00:04:09,509 --> 00:04:08,319

uh really loud so i like to mute that it

96

00:04:11,509 --> 00:04:09,519

can be annoying

97

00:04:13,910 --> 00:04:11,519

and it sometimes just cuts out for no

98

00:04:15,830 --> 00:04:13,920

reason so oh wait i think we got him

99

00:04:17,990 --> 00:04:15,840

with no further ado

100

00:04:19,990 --> 00:04:18,000

darcy weir welcome to the hero

101
00:04:22,310 --> 00:04:20,000
paranormal podcast

102
00:04:25,189 --> 00:04:22,320
good bud how you doing doing great doing

103
00:04:27,430 --> 00:04:25,199
great i'm super excited about this new

104
00:04:29,590 --> 00:04:27,440
trailer uh that was on youtube this

105
00:04:31,749 --> 00:04:29,600
looks amazing man

106
00:04:32,790 --> 00:04:31,759
thank you thank you i hope you enjoy the

107
00:04:36,150 --> 00:04:32,800
film when it's uh

108
00:04:38,310 --> 00:04:36,160
out on tuesday it's it's so cool to be

109
00:04:40,870 --> 00:04:38,320
able to talk about it kind of beforehand

110
00:04:42,070 --> 00:04:40,880
because you know you got all the right

111
00:04:45,270 --> 00:04:42,080
players in here

112
00:04:45,909 --> 00:04:45,280
and listening to meldrum at the

113
00:04:47,430 --> 00:04:45,919

beginning

114

00:04:50,150 --> 00:04:47,440

i think he kind of hits it on the head

115

00:04:51,189 --> 00:04:50,160

where you know a lot of this information

116

00:04:52,390 --> 00:04:51,199

is being lost

117

00:04:53,909 --> 00:04:52,400

you know literally through our

118

00:04:55,030 --> 00:04:53,919

fingertips because of cultural

119

00:04:56,710 --> 00:04:55,040

differences

120

00:04:58,629 --> 00:04:56,720

and different names for the animal

121

00:05:00,150 --> 00:04:58,639

things of that nature

122

00:05:01,670 --> 00:05:00,160

without going into too much because the

123

00:05:03,830 --> 00:05:01,680

film's not out yet

124

00:05:05,590 --> 00:05:03,840

what what kind of motive you motivated

125

00:05:07,670 --> 00:05:05,600

you darcy this time

126

00:05:08,950 --> 00:05:07,680

to kind of attack the big furry guy

127

00:05:10,950 --> 00:05:08,960

again and go into one of my favorite

128

00:05:14,629 --> 00:05:10,960

topics which is bigfoot

129

00:05:18,310 --> 00:05:14,639

cool um yeah one of my favorite

130

00:05:20,150 --> 00:05:18,320

two um well i

131

00:05:21,909 --> 00:05:20,160

believe it or not uh you know you've

132

00:05:24,710 --> 00:05:21,919

seen the

133

00:05:26,150 --> 00:05:24,720

first cut of the unwanted sasquatch

134

00:05:29,270 --> 00:05:26,160

right

135

00:05:33,670 --> 00:05:29,280

my first documentary amazing yep

136

00:05:36,390 --> 00:05:33,680

okay um so that that film when i was

137

00:05:36,710 --> 00:05:36,400

shooting the interview with jeff meldrum

138

00:05:39,830 --> 00:05:36,720

back

139

00:05:43,590 --> 00:05:39,840

in i believe it was 2016

140

00:05:46,790 --> 00:05:43,600

but i started filming it in 2015 with

141

00:05:49,189 --> 00:05:46,800

bill miller and thomas steenberg

142

00:05:51,110 --> 00:05:49,199

in harrison hot springs northern british

143

00:05:55,189 --> 00:05:51,120

columbia of canada

144

00:05:58,230 --> 00:05:55,199

um i basically

145

00:05:59,909 --> 00:05:58,240

traveled out to jeff meldrum's lab in at

146

00:06:03,029 --> 00:05:59,919

idaho state university

147

00:06:05,029 --> 00:06:03,039

and he was gracious enough to start

148

00:06:08,629 --> 00:06:05,039

enlightening me on

149

00:06:11,430 --> 00:06:08,639

you know the facts all of the history

150

00:06:11,990 --> 00:06:11,440

surrounding sasquatch and or bigfoot in

151
00:06:15,510 --> 00:06:12,000
other

152
00:06:18,950 --> 00:06:15,520
in the american terminology

153
00:06:20,629 --> 00:06:18,960
and i was in his

154
00:06:23,430 --> 00:06:20,639
lab and i was looking around we were

155
00:06:27,510 --> 00:06:23,440
chatting and i picked up this pamphlet

156
00:06:31,670 --> 00:06:27,520
and it set on it uh

157
00:06:34,790 --> 00:06:31,680
wild men uh relic hominids from

158
00:06:38,870 --> 00:06:34,800
around the world and i i i

159
00:06:40,309 --> 00:06:38,880
started you know moving my way through

160
00:06:43,670 --> 00:06:40,319
it and i said oh what's this

161
00:06:45,670 --> 00:06:43,680
and he said oh yeah um i just

162
00:06:48,150 --> 00:06:45,680
printed off a couple of those i

163
00:06:52,070 --> 00:06:48,160

something i'm working on right now

164

00:06:55,670 --> 00:06:52,080

i think i'm gonna uh get them out there

165

00:06:56,469 --> 00:06:55,680

in distribution like on scale soon but

166

00:07:03,830 --> 00:06:56,479

uh

167

00:07:07,430 --> 00:07:03,840

a whole bunch of you know cryptid

168

00:07:10,469 --> 00:07:07,440

wild men that have appeared throughout

169

00:07:13,589 --> 00:07:10,479

history internationally

170

00:07:17,830 --> 00:07:13,599

and uh you know we've got the dev

171

00:07:21,110 --> 00:07:17,840

and the dev can be found in um

172

00:07:23,510 --> 00:07:21,120

iraq syria like the mountainous areas

173

00:07:24,790 --> 00:07:23,520

out in the middle east all the way to

174

00:07:28,390 --> 00:07:24,800

eastern europe

175

00:07:32,390 --> 00:07:28,400

we've got uh the yeren

176

00:07:33,990 --> 00:07:32,400

in china the yeti everybody recognizes

177

00:07:37,670 --> 00:07:34,000

which is in the himalayas

178

00:07:41,029 --> 00:07:37,680

but um also the yeti

179

00:07:44,950 --> 00:07:41,039

the russians refer to their

180

00:07:49,189 --> 00:07:44,960

wild man the one that more so resembles

181

00:07:50,150 --> 00:07:49,199

bigfoot as a yeti but then the russians

182

00:07:52,550 --> 00:07:50,160

also have

183

00:07:53,510 --> 00:07:52,560

the almisty there's more than one

184

00:07:57,510 --> 00:07:53,520

there's

185

00:07:59,029 --> 00:07:57,520

something that looks quite similar to a

186

00:08:02,550 --> 00:07:59,039

neanderthal

187

00:08:05,990 --> 00:08:02,560

a short stockier version of

188

00:08:09,189 --> 00:08:06,000

a human but more heavily clad with

189

00:08:11,909 --> 00:08:09,199

hair from head to toe than uh

190

00:08:12,869 --> 00:08:11,919

your average human and a little bit you

191

00:08:14,469 --> 00:08:12,879

know

192

00:08:17,830 --> 00:08:14,479

stronger looking a little bit more

193

00:08:21,029 --> 00:08:17,840

ape-like looking in the face

194

00:08:22,150 --> 00:08:21,039

so he said you can have that you can

195

00:08:24,950 --> 00:08:22,160

keep that

196

00:08:26,390 --> 00:08:24,960

and i said all right yeah this looks

197

00:08:28,790 --> 00:08:26,400

really interesting

198

00:08:30,469 --> 00:08:28,800

i'm going to read it on the flight home

199

00:08:33,350 --> 00:08:30,479

so i was reading it and i i

200

00:08:34,550 --> 00:08:33,360

put sort of in the back of my mind this

201
00:08:37,909 --> 00:08:34,560
is a cool story

202
00:08:40,870 --> 00:08:37,919
this is what needs to be told

203
00:08:42,310 --> 00:08:40,880
this is kind of the natural progression

204
00:08:46,630 --> 00:08:42,320
of the theory

205
00:08:50,389 --> 00:08:46,640
to talk about relatives to

206
00:08:53,829 --> 00:08:50,399
bigfoot or sasquatch and and further

207
00:08:57,030 --> 00:08:53,839
um put it out there that

208
00:09:01,590 --> 00:08:57,040
look sasquatch

209
00:09:05,590 --> 00:09:01,600
is not alone and it's possibly

210
00:09:07,509 --> 00:09:05,600
a cryptid or hominid relic hominid that

211
00:09:10,550 --> 00:09:07,519
lives in deep wilderness in in our

212
00:09:13,269 --> 00:09:10,560
forests here in north america

213
00:09:14,949 --> 00:09:13,279

and there's other relic hominids that

214

00:09:20,829 --> 00:09:14,959

are related to it

215

00:09:25,910 --> 00:09:22,710

world

216

00:09:27,190 --> 00:09:25,920

yeah and i like the term relic hominid

217

00:09:29,750 --> 00:09:27,200

because

218

00:09:31,670 --> 00:09:29,760

this is a story and like all of your

219

00:09:33,750 --> 00:09:31,680

documentaries they're all true

220

00:09:34,949 --> 00:09:33,760

you only stick to the facts and i i

221

00:09:37,190 --> 00:09:34,959

think that's

222

00:09:38,550 --> 00:09:37,200

my favorite thing about them darcy and

223

00:09:40,870 --> 00:09:38,560

this is like thousands

224

00:09:41,990 --> 00:09:40,880

of years throughout the world many

225

00:09:44,230 --> 00:09:42,000

cultures and

226

00:09:46,150 --> 00:09:44,240

it's the same idea and and they're

227

00:09:49,350 --> 00:09:46,160

different sizes they're different colors

228

00:09:50,710 --> 00:09:49,360

but there's a lot of a uh there seems to

229

00:09:54,070 --> 00:09:50,720

be a trap

230

00:09:57,269 --> 00:09:54,080

that we get caught into because it's not

231

00:10:00,630 --> 00:09:57,279

quite human and and so it's just

232

00:10:03,990 --> 00:10:00,640

discouraged to even talk about

233

00:10:08,069 --> 00:10:04,000

that's right um you know if

234

00:10:11,430 --> 00:10:08,079

if we were to go off of reports of

235

00:10:13,910 --> 00:10:11,440

commonly uh shared

236

00:10:15,670 --> 00:10:13,920

reports data that we've received over

237

00:10:18,230 --> 00:10:15,680

the years in north america

238

00:10:19,670 --> 00:10:18,240

from multiple sightings you know

239

00:10:23,590 --> 00:10:19,680

hundreds

240

00:10:27,750 --> 00:10:23,600

uh people claim to see them at night

241

00:10:30,389 --> 00:10:27,760

and uh they claim to see them

242

00:10:31,269 --> 00:10:30,399

sometimes more often than not in their

243

00:10:34,069 --> 00:10:31,279

headlights

244

00:10:35,670 --> 00:10:34,079

crossing the road on like a logging road

245

00:10:39,110 --> 00:10:35,680

or a forest road

246

00:10:40,150 --> 00:10:39,120

something like that and when people say

247

00:10:42,550 --> 00:10:40,160

that they see them

248

00:10:44,870 --> 00:10:42,560

they recognize that the headlights are

249

00:10:48,310 --> 00:10:44,880

shining in their eyes

250

00:10:51,910 --> 00:10:48,320

so in other words they have eye shine

251

00:10:55,030 --> 00:10:51,920

and um as far as i know

252

00:10:59,590 --> 00:10:55,040

there is no such thing as eye shine in

253

00:11:02,150 --> 00:10:59,600

the human capability right we don't have

254

00:11:03,030 --> 00:11:02,160

nocturnal eyes we haven't adapted that

255

00:11:06,550 --> 00:11:03,040

way

256

00:11:07,430 --> 00:11:06,560

so that leads me to believe that these

257

00:11:10,870 --> 00:11:07,440

are definitely

258

00:11:12,550 --> 00:11:10,880

not a human so to speak they're

259

00:11:16,389 --> 00:11:12,560

something else

260

00:11:20,630 --> 00:11:16,399

they are just another hominid and we are

261

00:11:23,269 --> 00:11:20,640

a hominid you know we are um

262

00:11:24,069 --> 00:11:23,279

very ape-like we are very instinctual

263

00:11:27,269 --> 00:11:24,079

still right

264

00:11:30,470 --> 00:11:27,279

we act upon our urge to

265

00:11:33,110 --> 00:11:30,480

eat procreate

266

00:11:33,590 --> 00:11:33,120

sleep find shelter you know and and

267

00:11:36,790 --> 00:11:33,600

there's

268

00:11:39,829 --> 00:11:36,800

not much has changed for us since we

269

00:11:41,509 --> 00:11:39,839

became officially homo sapiens thousands

270

00:11:43,750 --> 00:11:41,519

of years ago

271

00:11:45,110 --> 00:11:43,760

that's why we're still trying to kill

272

00:11:48,150 --> 00:11:45,120

each other uh

273

00:11:50,790 --> 00:11:48,160

and warring like

274

00:11:52,069 --> 00:11:50,800

normal apes do if you look at like a

275

00:11:55,269 --> 00:11:52,079

chimpanzee

276

00:11:59,030 --> 00:11:55,279

their tribe can't be any bigger than

277

00:12:01,030 --> 00:11:59,040

i think it's 50 otherwise they'll

278

00:12:02,470 --> 00:12:01,040

break off and they'll become two

279

00:12:03,350 --> 00:12:02,480

different tribes and fight with each

280

00:12:07,990 --> 00:12:03,360

other

281

00:12:09,750 --> 00:12:08,000

and uh the theory with sasquatch is that

282

00:12:12,389 --> 00:12:09,760

they're

283

00:12:13,190 --> 00:12:12,399

there's many of them out there uh not as

284

00:12:17,269 --> 00:12:13,200

many as

285

00:12:20,790 --> 00:12:17,279

us they live more of a solitary

286

00:12:24,870 --> 00:12:20,800

uh smaller tribe type life

287

00:12:27,750 --> 00:12:24,880

in deep wilderness and um

288

00:12:28,949 --> 00:12:27,760

you know if we look at the the yaren

289

00:12:32,230 --> 00:12:28,959

tales of the urine

290

00:12:37,110 --> 00:12:32,240

in china we actually

291

00:12:40,550 --> 00:12:37,120

show the expose of

292

00:12:43,269 --> 00:12:40,560

many chinese men that not only have had

293

00:12:45,750 --> 00:12:43,279

yarin encounters themselves in the in

294

00:12:50,629 --> 00:12:45,760

the new documentary

295

00:12:54,949 --> 00:12:50,639

but we also um listen to

296

00:12:58,629 --> 00:12:54,959

you know their their accounts of

297

00:13:01,910 --> 00:12:58,639

how the yaren relates to sasquatch

298

00:13:03,030 --> 00:13:01,920

um and jeff meldrum did a really cool

299

00:13:06,310 --> 00:13:03,040

study

300

00:13:08,310 --> 00:13:06,320

uh at the idaho state university and

301

00:13:11,030 --> 00:13:08,320

you you'll see it in the documentary

302

00:13:13,910 --> 00:13:11,040

where he compares the findings of the

303

00:13:15,990 --> 00:13:13,920

erin and the trace evidence of that's

304

00:13:19,750 --> 00:13:16,000

left behind

305

00:13:21,509 --> 00:13:19,760

after those sightings to what we have as

306

00:13:22,389 --> 00:13:21,519

trace evidence here in north america

307

00:13:25,430 --> 00:13:22,399

when the bigfoot

308

00:13:28,629 --> 00:13:25,440

or sasquatch has been seen and

309

00:13:31,750 --> 00:13:28,639

it's remarkably very very similar

310

00:13:35,990 --> 00:13:31,760

they have pretty much the same

311

00:13:39,430 --> 00:13:36,000

uh feat in terms of foot pathology

312

00:13:42,470 --> 00:13:39,440

they have uh similar dimensions

313

00:13:43,350 --> 00:13:42,480

in in what's described as their the size

314

00:13:46,949 --> 00:13:43,360

of their feet

315

00:13:49,430 --> 00:13:46,959

their body um anatomy

316

00:13:50,150 --> 00:13:49,440

seems to be the same from accounts you

317

00:13:53,509 --> 00:13:50,160

know

318

00:13:56,949 --> 00:13:53,519

very tall covered in reddish brown

319

00:14:00,230 --> 00:13:56,959

sometimes dark brown uh

320

00:14:03,350 --> 00:14:00,240

fur from head to toe um

321

00:14:04,550 --> 00:14:03,360

and they they seem to be more so

322

00:14:06,150 --> 00:14:04,560

nocturnal because

323

00:14:08,230 --> 00:14:06,160

these gentlemen if you look at the

324

00:14:11,509 --> 00:14:08,240

trailer they had

325

00:14:14,629 --> 00:14:11,519

um an encounter on a highway

326

00:14:16,470 --> 00:14:14,639

in china um while they were passing a

327

00:14:19,670 --> 00:14:16,480

national forest

328

00:14:22,470 --> 00:14:19,680

and uh they nearly hit a

329

00:14:25,269 --> 00:14:22,480

year in on that road so they got out of

330

00:14:27,590 --> 00:14:25,279

the car threw rocks at it and you know

331

00:14:29,110 --> 00:14:27,600

exactly what you'd want to do to some

332

00:14:33,509 --> 00:14:29,120

unique find in the world

333

00:14:35,990 --> 00:14:33,519

but um yeah uh

334

00:14:37,990 --> 00:14:36,000

it's just it's remarkable when when you

335

00:14:38,710 --> 00:14:38,000

see the association between all these

336

00:14:40,069 --> 00:14:38,720

different

337

00:14:42,150 --> 00:14:40,079

accounts that have happened around the

338

00:14:45,030 --> 00:14:42,160

world

339

00:14:45,829 --> 00:14:45,040

yeah and as is so often the case that's

340

00:14:47,990 --> 00:14:45,839

that's what

341

00:14:49,269 --> 00:14:48,000

happens you know there's so many times

342

00:14:51,269 --> 00:14:49,279

that you know people

343

00:14:53,430 --> 00:14:51,279

try to shoot at it or it's just fear

344

00:14:55,829 --> 00:14:53,440

kicks in i guess fight or flight

345

00:14:57,590 --> 00:14:55,839

and something so interesting about this

346

00:14:58,150 --> 00:14:57,600

documentary although i haven't seen it

347

00:15:00,550 --> 00:14:58,160

yet as

348

00:15:02,629 --> 00:15:00,560

usual you have kind of blown me away by

349

00:15:06,150 --> 00:15:02,639

incorporating the whole

350

00:15:08,470 --> 00:15:06,160

chinese urine and i started to like

351
00:15:11,269 --> 00:15:08,480
research that darcy and i mean

352
00:15:13,590 --> 00:15:11,279
the urine translated directly actually

353
00:15:17,030 --> 00:15:13,600
means wild man so you nailed it

354
00:15:19,350 --> 00:15:17,040
and the interesting thing is i mean this

355
00:15:20,870 --> 00:15:19,360
is like the oldest documented

356
00:15:22,949 --> 00:15:20,880
culture that has dealt with this

357
00:15:25,990 --> 00:15:22,959
mysterious creature and it predates

358
00:15:29,430 --> 00:15:26,000
all stories of yeti and bigfoot so mad

359
00:15:32,949 --> 00:15:29,440
props again the interesting thing is

360
00:15:35,990 --> 00:15:32,959
that they have almost identical

361
00:15:39,590 --> 00:15:36,000
in the research i've done anyway like

362
00:15:40,069 --> 00:15:39,600
how the urine reacts as far as like the

363
00:15:42,230 --> 00:15:40,079

bigfoot

364

00:15:44,230 --> 00:15:42,240

reacting and and i just thought that was

365

00:15:48,389 --> 00:15:44,240

a real a real win there so

366

00:15:51,670 --> 00:15:48,399

good job on that hey thank you ben

367

00:15:55,189 --> 00:15:51,680

um i appreciate that uh

368

00:15:56,150 --> 00:15:55,199

yeah i mean exactly what you were saying

369

00:15:59,269 --> 00:15:56,160

with the urine

370

00:16:02,470 --> 00:15:59,279

being translating as a wild man

371

00:16:03,749 --> 00:16:02,480

um in in the chinese culture their

372

00:16:07,110 --> 00:16:03,759

language

373

00:16:10,310 --> 00:16:07,120

um they've had you know

374

00:16:12,949 --> 00:16:10,320

thousand thousands of years of

375

00:16:13,350 --> 00:16:12,959

documentation talking about this wild

376

00:16:17,910 --> 00:16:13,360

man

377

00:16:20,310 --> 00:16:17,920

in fact you know um they've been

378

00:16:21,590 --> 00:16:20,320

documenting their history for a lot

379

00:16:24,870 --> 00:16:21,600

longer than

380

00:16:27,829 --> 00:16:24,880

uh what north americans may

381

00:16:28,790 --> 00:16:27,839

give credit to you know people may not

382

00:16:32,230 --> 00:16:28,800

know but

383

00:16:34,790 --> 00:16:32,240

there's oral tradition kind of like our

384

00:16:37,990 --> 00:16:34,800

indigenous people but there's also

385

00:16:40,550 --> 00:16:38,000

scrolls and and manuscripts dating back

386

00:16:41,829 --> 00:16:40,560

thousands of years in china and they

387

00:16:45,030 --> 00:16:41,839

talk about the wild man

388

00:16:47,910 --> 00:16:45,040

so um if we are

389

00:16:49,269 --> 00:16:47,920

to liken that to something we have in

390

00:16:52,629 --> 00:16:49,279

north america

391

00:16:56,069 --> 00:16:52,639

in terms of a history

392

00:16:57,910 --> 00:16:56,079

of encounters we can look at the bigfoot

393

00:17:01,189 --> 00:16:57,920

or the sasquatch

394

00:17:04,390 --> 00:17:01,199

and we can

395

00:17:07,510 --> 00:17:04,400

speak to the elder tribes in

396

00:17:08,870 --> 00:17:07,520

the indigenous peoples of the united

397

00:17:11,270 --> 00:17:08,880

states and canada

398

00:17:13,510 --> 00:17:11,280

you know across north america and they

399

00:17:15,189 --> 00:17:13,520

will say themselves that

400

00:17:17,350 --> 00:17:15,199

these things have been around since the

401
00:17:19,669 --> 00:17:17,360
dawn of time

402
00:17:20,630 --> 00:17:19,679
they go by different names all the the

403
00:17:23,990 --> 00:17:20,640
the native

404
00:17:26,230 --> 00:17:24,000
tribes across north america uh have

405
00:17:28,150 --> 00:17:26,240
different names you know a few i could

406
00:17:31,110 --> 00:17:28,160
mention obviously is

407
00:17:33,830 --> 00:17:31,120
sasquatch it comes from canada it was

408
00:17:37,909 --> 00:17:33,840
sas get

409
00:17:40,310 --> 00:17:37,919
in the stahelis tribe

410
00:17:42,070 --> 00:17:40,320
and then we have the zunichua and we

411
00:17:45,350 --> 00:17:42,080
have

412
00:17:47,270 --> 00:17:45,360
the skookum

413
00:17:48,710 --> 00:17:47,280

you know which are two other names but

414

00:17:52,390 --> 00:17:48,720

the names you know

415

00:17:55,110 --> 00:17:52,400

is longer than the list of um

416

00:17:56,710 --> 00:17:55,120

names that are out there internationally

417

00:17:59,750 --> 00:17:56,720

for wild men

418

00:18:01,350 --> 00:17:59,760

um like i said in russia they have a

419

00:18:05,590 --> 00:18:01,360

couple names for their

420

00:18:09,190 --> 00:18:05,600

different types of wild men and

421

00:18:11,029 --> 00:18:09,200

i i think

422

00:18:13,750 --> 00:18:11,039

it's quite possible i mean if you look

423

00:18:16,310 --> 00:18:13,760

at the theory of

424

00:18:17,669 --> 00:18:16,320

neanderthal for example right we know

425

00:18:20,470 --> 00:18:17,679

that they died off

426
00:18:21,510 --> 00:18:20,480
and that they were a unique uh

427
00:18:25,190 --> 00:18:21,520
subspecies

428
00:18:28,310 --> 00:18:25,200
of hominids that existed

429
00:18:29,110 --> 00:18:28,320
when homo sapiens were first starting

430
00:18:32,470 --> 00:18:29,120
out

431
00:18:36,870 --> 00:18:32,480
taking over the uh the planet

432
00:18:37,830 --> 00:18:36,880
really and if you think about the story

433
00:18:41,510 --> 00:18:37,840
of

434
00:18:41,990 --> 00:18:41,520
uh neanderthals people say that they may

435
00:18:45,830 --> 00:18:42,000
have

436
00:18:47,990 --> 00:18:45,840
red hair

437
00:18:50,390 --> 00:18:48,000
and they say that's genetic trait of

438
00:18:53,750 --> 00:18:50,400

neanderthals red hair is

439

00:18:55,909 --> 00:18:53,760

can be tracked back to that gene and

440

00:18:57,510 --> 00:18:55,919

unfortunately they did another study

441

00:19:00,789 --> 00:18:57,520

with covid19

442

00:19:03,909 --> 00:19:00,799

recently and they tried they

443

00:19:05,510 --> 00:19:03,919

say that folks that have the neanderthal

444

00:19:08,830 --> 00:19:05,520

gene in their blood

445

00:19:10,070 --> 00:19:08,840

are more likely to have more severe

446

00:19:13,510 --> 00:19:10,080

effects

447

00:19:17,190 --> 00:19:13,520

um to have a higher reaction

448

00:19:20,470 --> 00:19:17,200

to covid19 worse symptoms

449

00:19:23,990 --> 00:19:20,480

uh which sucks but anyways

450

00:19:27,510 --> 00:19:24,000

um neanderthals officially

451
00:19:32,070 --> 00:19:27,520
may have mingled and or they did

452
00:19:35,430 --> 00:19:32,080
we can genetically prove that but their

453
00:19:38,870 --> 00:19:35,440
species died off that's what we think

454
00:19:41,909 --> 00:19:38,880
and the almisty may be a

455
00:19:46,310 --> 00:19:41,919
relic neanderthal that has

456
00:19:49,350 --> 00:19:46,320
not died off that was decided to

457
00:19:52,390 --> 00:19:49,360
live in deeper russian

458
00:19:54,710 --> 00:19:52,400
um wilderness

459
00:19:56,470 --> 00:19:54,720
in order to stay further away from us

460
00:19:59,590 --> 00:19:56,480
because we are

461
00:20:02,789 --> 00:19:59,600
violent highly intelligent creatures

462
00:20:05,750 --> 00:20:02,799
um and uh yeah by

463
00:20:05,990 --> 00:20:05,760

what you said earlier when we listen to

464

00:20:19,430 --> 00:20:06,000

the

465

00:20:23,029 --> 00:20:19,440

aggressive and

466

00:20:25,510 --> 00:20:23,039

i don't know coming towards us and

467

00:20:27,350 --> 00:20:25,520

and uh although there are accounts of

468

00:20:28,310 --> 00:20:27,360

that i have heard of that it's it's

469

00:20:31,430 --> 00:20:28,320

rarer

470

00:20:32,070 --> 00:20:31,440

i hear more often that they're just as

471

00:20:35,270 --> 00:20:32,080

shocked

472

00:20:37,590 --> 00:20:35,280

by our presence as we are

473

00:20:38,950 --> 00:20:37,600

by theirs and they want to go one way

474

00:20:42,310 --> 00:20:38,960

and we want to go the other

475

00:20:45,270 --> 00:20:42,320

you know uh so

476

00:20:46,870 --> 00:20:45,280

i think if there are relic commented

477

00:20:50,950 --> 00:20:46,880

still in existence

478

00:20:54,390 --> 00:20:50,960

that are associated with things that are

479

00:20:55,270 --> 00:20:54,400

in the fossil record that have been said

480

00:20:58,630 --> 00:20:55,280

to exist

481

00:21:02,310 --> 00:20:58,640

like australopithecus

482

00:21:04,950 --> 00:21:02,320

or gigantopithecus um

483

00:21:05,750 --> 00:21:04,960

neanderthal you know these are all

484

00:21:08,549 --> 00:21:05,760

things that we

485

00:21:08,950 --> 00:21:08,559

we know did exist there's a possibility

486

00:21:12,070 --> 00:21:08,960

that

487

00:21:16,710 --> 00:21:12,080

some of them or their relatives

488

00:21:18,950 --> 00:21:16,720

are still alive today in deep wilderness

489

00:21:19,830 --> 00:21:18,960

yeah and that's that's so amazing

490

00:21:21,909 --> 00:21:19,840

because there are

491

00:21:23,510 --> 00:21:21,919

different branches and different you

492

00:21:25,669 --> 00:21:23,520

know like you said that they

493

00:21:27,190 --> 00:21:25,679

these these can go different ways we

494

00:21:28,789 --> 00:21:27,200

don't know exactly what they

495

00:21:30,549 --> 00:21:28,799

and they may have gone different ways

496

00:21:34,390 --> 00:21:30,559

these different creatures

497

00:21:36,789 --> 00:21:34,400

but they may be part of the same uh

498

00:21:37,909 --> 00:21:36,799

general group an interesting thing i

499

00:21:40,630 --> 00:21:37,919

wanted to chat about

500

00:21:42,230 --> 00:21:40,640

is you know eerie sounds in the distance

501
00:21:42,950 --> 00:21:42,240
and i know that this is something that

502
00:21:46,390 --> 00:21:42,960
is

503
00:21:47,669 --> 00:21:46,400
usually ignored uh most hunters that

504
00:21:49,590 --> 00:21:47,679
i've talked about

505
00:21:50,710 --> 00:21:49,600
or talked to have done that you know

506
00:21:53,029 --> 00:21:50,720
they'll tell you stories but they

507
00:21:55,909 --> 00:21:53,039
usually try to ignore these things

508
00:21:57,990 --> 00:21:55,919
and um it's usually because of range the

509
00:21:59,990 --> 00:21:58,000
range is dramatically larger than

510
00:22:01,510 --> 00:22:00,000
you know what other animals quote

511
00:22:03,510 --> 00:22:01,520
unquote would do

512
00:22:05,430 --> 00:22:03,520
and a lot of people have heard these

513
00:22:06,549 --> 00:22:05,440

howls initially from the distance and

514

00:22:09,590 --> 00:22:06,559

they appear to

515

00:22:12,710 --> 00:22:09,600

be super loud in the trailer you

516

00:22:15,590 --> 00:22:12,720

have a testimony from someone who

517

00:22:17,350 --> 00:22:15,600

was like ground zero to one of these i i

518

00:22:18,310 --> 00:22:17,360

realize you may not be able to go into

519

00:22:19,909 --> 00:22:18,320

it but

520

00:22:21,909 --> 00:22:19,919

a gentleman that i can't remember it was

521

00:22:25,510 --> 00:22:21,919

like 30 yards or 30 feet

522

00:22:28,950 --> 00:22:25,520

away i thought that was so fascinating

523

00:22:29,430 --> 00:22:28,960

yeah so um one of the things we delve

524

00:22:34,149 --> 00:22:29,440

into

525

00:22:37,270 --> 00:22:34,159

in in the documentary is vocalizations

526
00:22:41,270 --> 00:22:37,280
and we covered vocalizations before

527
00:22:44,630 --> 00:22:41,280
in my previous documentary

528
00:22:45,909 --> 00:22:44,640
the unwanted sasquatch in this

529
00:22:49,029 --> 00:22:45,919
documentary

530
00:22:50,710 --> 00:22:49,039
we cover um some of the research that

531
00:22:53,270 --> 00:22:50,720
david ellis

532
00:22:54,149 --> 00:22:53,280
has done over the years and this is a

533
00:22:57,830 --> 00:22:54,159
really impressive

534
00:23:00,549 --> 00:22:57,840
collection of sounds that he has

535
00:23:01,510 --> 00:23:00,559
not only recorded firsthand from

536
00:23:06,230 --> 00:23:01,520
encounters

537
00:23:09,750 --> 00:23:06,240
or expeditions that they had taken

538
00:23:13,510 --> 00:23:09,760

him and other researchers but

539

00:23:16,070 --> 00:23:13,520

uh he also has this collection built on

540

00:23:17,830 --> 00:23:16,080

other people's recordings they've taken

541

00:23:20,830 --> 00:23:17,840

from across north america

542

00:23:22,310 --> 00:23:20,840

and they've submitted to him to have

543

00:23:25,510 --> 00:23:22,320

analyzed um

544

00:23:28,549 --> 00:23:25,520

and yeah we really

545

00:23:31,830 --> 00:23:28,559

we show how he

546

00:23:32,549 --> 00:23:31,840

analyzes those vocalizations and how we

547

00:23:35,029 --> 00:23:32,559

can

548

00:23:36,149 --> 00:23:35,039

rule out that those vocalizations come

549

00:23:38,710 --> 00:23:36,159

from

550

00:23:40,310 --> 00:23:38,720

something uh such as a i don't know a

551
00:23:43,590 --> 00:23:40,320
raccoon a coyote

552
00:23:47,029 --> 00:23:43,600
uh a wolf elk that type of thing

553
00:23:47,909 --> 00:23:47,039
so um that's a really cool part of the

554
00:23:51,190 --> 00:23:47,919
documentary

555
00:23:54,149 --> 00:23:51,200
and i think it it helps

556
00:23:55,750 --> 00:23:54,159
people understand that it's not just a

557
00:23:59,510 --> 00:23:55,760
bunch of lunatic

558
00:24:01,750 --> 00:23:59,520
uh fringe theory people that are

559
00:24:02,950 --> 00:24:01,760
pursuing this subject you know you've

560
00:24:06,630 --> 00:24:02,960
got people like

561
00:24:08,789 --> 00:24:06,640
dr jeffrey meldrum who's a

562
00:24:09,909 --> 00:24:08,799
state university professor of

563
00:24:13,750 --> 00:24:09,919

anthropology

564

00:24:16,470 --> 00:24:13,760

and knows wildlife um

565

00:24:17,110 --> 00:24:16,480

he's a biologist and knows like all

566

00:24:20,230 --> 00:24:17,120

kinds of

567

00:24:23,909 --> 00:24:20,240

things to help him uh

568

00:24:25,750 --> 00:24:23,919

make a very informed decision about

569

00:24:28,710 --> 00:24:25,760

what he's looking at or what he's

570

00:24:31,669 --> 00:24:28,720

experiencing or what other people have

571

00:24:32,070 --> 00:24:31,679

and then you have david ellis who's

572

00:24:36,750 --> 00:24:32,080

quite

573

00:24:41,549 --> 00:24:36,760

trained in how to analyze

574

00:24:45,029 --> 00:24:41,559

spectrograms of audio or

575

00:24:48,149 --> 00:24:45,039

vocalizations and then how he

576

00:24:52,230 --> 00:24:48,159

rules out what it is or what it isn't

577

00:24:55,830 --> 00:24:52,240

and the tactics of comparison so

578

00:24:58,950 --> 00:24:55,840

i think it's just a good thing to shed

579

00:25:04,390 --> 00:25:01,190

other interviewers have asked me you

580

00:25:07,669 --> 00:25:04,400

know what do you think of shows like

581

00:25:11,110 --> 00:25:07,679

finding bigfoot and monster hunter

582

00:25:12,630 --> 00:25:11,120

quest or whatever uh those reality tv

583

00:25:14,230 --> 00:25:12,640

shows and i

584

00:25:15,750 --> 00:25:14,240

i think they're interesting they have

585

00:25:19,750 --> 00:25:15,760

their own place in the world

586

00:25:22,470 --> 00:25:19,760

but they tend to

587

00:25:23,350 --> 00:25:22,480

not focus on the more credible parts of

588

00:25:29,830 --> 00:25:23,360

this

589

00:25:30,789 --> 00:25:29,840

and they don't really do it a serious

590

00:25:33,110 --> 00:25:30,799

justice

591

00:25:34,390 --> 00:25:33,120

they kind of make fun of or make light

592

00:25:37,190 --> 00:25:34,400

of

593

00:25:38,310 --> 00:25:37,200

the people that are investigating or

594

00:25:41,669 --> 00:25:38,320

researching

595

00:25:46,470 --> 00:25:44,230

and and yeah um that's that's pretty

596

00:25:49,590 --> 00:25:46,480

much where david ellis comes into

597

00:25:51,830 --> 00:25:49,600

uh the documentary and

598

00:25:53,110 --> 00:25:51,840

i'm glad that you mentioned david ellis

599

00:25:56,470 --> 00:25:53,120

and uh

600

00:25:58,110 --> 00:25:56,480

dr jeffrey meldrum because i i remember

601
00:25:59,510 --> 00:25:58,120
mr meldrum saying that it's

602
00:26:01,909 --> 00:25:59,520
irresponsible

603
00:26:03,510 --> 00:26:01,919
is what i believe he would call the

604
00:26:06,149 --> 00:26:03,520
behavior of some

605
00:26:06,710 --> 00:26:06,159
but it's it's i think it's important to

606
00:26:09,990 --> 00:26:06,720
note

607
00:26:13,029 --> 00:26:10,000
that um you know a lot of what meldrum

608
00:26:13,750 --> 00:26:13,039
does is he also shows the hallmarks of

609
00:26:15,990 --> 00:26:13,760
hoaxes

610
00:26:17,590 --> 00:26:16,000
with mid-tarsal breaks like you said he

611
00:26:20,789 --> 00:26:17,600
knows a lot

612
00:26:23,510 --> 00:26:20,799
and he's not after controversy

613
00:26:24,870 --> 00:26:23,520

or speculation he's after science and i

614

00:26:26,950 --> 00:26:24,880

think he brings

615

00:26:27,909 --> 00:26:26,960

you know hard science to it as does

616

00:26:30,070 --> 00:26:27,919

david

617

00:26:31,669 --> 00:26:30,080

so that that's so cool that you brought

618

00:26:35,269 --> 00:26:31,679

them both into it

619

00:26:38,230 --> 00:26:35,279

and the from the

620

00:26:38,950 --> 00:26:38,240

at least from the initial trailer it

621

00:26:41,750 --> 00:26:38,960

looks to me

622

00:26:42,149 --> 00:26:41,760

like we probably have like one of the

623

00:26:46,070 --> 00:26:42,159

best

624

00:26:48,390 --> 00:26:46,080

coming out

625

00:26:50,830 --> 00:26:48,400

um can you give us any teasers of neat

626
00:26:53,510 --> 00:26:50,840
things that are going to be

627
00:26:57,909 --> 00:26:53,520
included yeah

628
00:26:59,190 --> 00:26:57,919
so we not only go around the world and

629
00:27:02,310 --> 00:26:59,200
compare

630
00:27:05,590 --> 00:27:02,320
accounts and tales of

631
00:27:13,430 --> 00:27:09,430
sightings and uh creatures that

632
00:27:18,230 --> 00:27:13,440
have been said said to exist but we also

633
00:27:21,590 --> 00:27:18,240
um interview jeffrey meldrum again

634
00:27:25,029 --> 00:27:21,600
um we get his full

635
00:27:26,870 --> 00:27:25,039
and uh devoted attention on the subject

636
00:27:29,350 --> 00:27:26,880
you know he compares

637
00:27:30,710 --> 00:27:29,360
foot casts that he has from the

638
00:27:33,110 --> 00:27:30,720

different creatures

639

00:27:34,310 --> 00:27:33,120

uh from different famous sightings that

640

00:27:37,669 --> 00:27:34,320

have happened

641

00:27:40,950 --> 00:27:37,679

internationally and

642

00:27:44,230 --> 00:27:40,960

we talk about uh just

643

00:27:47,110 --> 00:27:44,240

the way the world was in in in

644

00:27:48,149 --> 00:27:47,120

ancient times you know before homo

645

00:27:50,389 --> 00:27:48,159

sapiens

646

00:27:51,430 --> 00:27:50,399

like i said before really took over the

647

00:27:54,870 --> 00:27:51,440

planet

648

00:27:57,909 --> 00:27:54,880

we had um things such as the bearing

649

00:27:59,350 --> 00:27:57,919

straight the bearing ice bridge or some

650

00:28:02,389 --> 00:27:59,360

people call it the bearing

651
00:28:05,990 --> 00:28:02,399
uh land bridge that

652
00:28:09,029 --> 00:28:06,000
connected our continent north america

653
00:28:12,149 --> 00:28:09,039
with um that of asia

654
00:28:16,389 --> 00:28:12,159
and russia and that whole area

655
00:28:17,350 --> 00:28:16,399
and we talk about how there was a

656
00:28:20,230 --> 00:28:17,360
migration

657
00:28:21,430 --> 00:28:20,240
of different types of species between

658
00:28:25,110 --> 00:28:21,440
the two

659
00:28:26,789 --> 00:28:25,120
um we also talked about uh some recent

660
00:28:29,669 --> 00:28:26,799
findings in north america

661
00:28:31,110 --> 00:28:29,679
that are quite remarkable quite

662
00:28:32,710 --> 00:28:31,120
interesting from a group called the

663
00:28:36,149 --> 00:28:32,720

olympic project

664

00:28:39,190 --> 00:28:36,159

that kind of do their research across

665

00:28:42,389 --> 00:28:39,200

washington state oregon

666

00:28:44,870 --> 00:28:42,399

and northern california

667

00:28:47,750 --> 00:28:44,880

these are all hot spot states for

668

00:28:50,870 --> 00:28:47,760

sightings even still today

669

00:28:52,149 --> 00:28:50,880

and uh these gentlemen found what seems

670

00:28:55,830 --> 00:28:52,159

to be nests

671

00:28:58,950 --> 00:28:55,840

nesting sites or a community

672

00:29:02,389 --> 00:28:58,960

so to speak of supposed

673

00:29:06,389 --> 00:29:02,399

bigfoot that may have existed in the

674

00:29:09,750 --> 00:29:06,399

olympic park national forest

675

00:29:11,590 --> 00:29:09,760

in washington state so

676

00:29:13,669 --> 00:29:11,600

we then compare that also with nests

677

00:29:16,710 --> 00:29:13,679

that have been found internationally

678

00:29:17,590 --> 00:29:16,720

you know and uh i've said it before i'll

679

00:29:19,750 --> 00:29:17,600

say it again

680

00:29:21,750 --> 00:29:19,760

where there's smoke there must be fire

681

00:29:23,510 --> 00:29:21,760

if if there's that much smoke there must

682

00:29:27,190 --> 00:29:23,520

be something to this

683

00:29:29,350 --> 00:29:27,200

um and of course we cover

684

00:29:30,470 --> 00:29:29,360

that there is hoaxes there are people

685

00:29:33,190 --> 00:29:30,480

out there

686

00:29:34,710 --> 00:29:33,200

that are not doing justice to what

687

00:29:38,389 --> 00:29:34,720

should be considered

688

00:29:41,750 --> 00:29:38,399

a serious topic i think and uh

689

00:29:42,549 --> 00:29:41,760

you get that in every phenomenon and

690

00:29:45,830 --> 00:29:42,559

every

691

00:29:48,950 --> 00:29:45,840

um fringe theory out there

692

00:29:50,230 --> 00:29:48,960

or mainstream theory for that matter you

693

00:29:52,789 --> 00:29:50,240

get

694

00:29:54,950 --> 00:29:52,799

people that will raise their hand and

695

00:29:57,430 --> 00:29:54,960

say i have something to say

696

00:29:57,990 --> 00:29:57,440

this is what happened in my experience

697

00:29:59,510 --> 00:29:58,000

and

698

00:30:01,669 --> 00:29:59,520

most of the time it's just people that

699

00:30:02,630 --> 00:30:01,679

are attention seekers you know they're

700

00:30:05,510 --> 00:30:02,640

not

701
00:30:06,389 --> 00:30:05,520
really there for the betterment of the

702
00:30:08,310 --> 00:30:06,399
study

703
00:30:10,310 --> 00:30:08,320
uh so we go into that a bit too in the

704
00:30:12,389 --> 00:30:10,320
documentary and uh i

705
00:30:14,630 --> 00:30:12,399
we did that as well in the under

706
00:30:16,630 --> 00:30:14,640
unwanted sasquatch

707
00:30:17,909 --> 00:30:16,640
um i don't know if you remember we we

708
00:30:20,149 --> 00:30:17,919
covered some

709
00:30:22,310 --> 00:30:20,159
some interesting theories kind of fringe

710
00:30:25,590 --> 00:30:22,320
theories in terms of the

711
00:30:26,310 --> 00:30:25,600
bigfoot or sasquatch question in north

712
00:30:29,350 --> 00:30:26,320
america

713
00:30:30,950 --> 00:30:29,360

and um that documentary

714

00:30:33,909 --> 00:30:30,960

i'll just add we're going to be

715

00:30:37,350 --> 00:30:33,919

releasing as a director's cut with

716

00:30:40,470 --> 00:30:37,360

you know around 15 minutes of extra

717

00:30:43,830 --> 00:30:40,480

interviews and new content uh

718

00:30:46,630 --> 00:30:43,840

next january so you know we've got

719

00:30:47,990 --> 00:30:46,640

uh this documentary in november and then

720

00:30:51,830 --> 00:30:48,000

pretty much after a month

721

00:30:53,350 --> 00:30:51,840

we've got another uh new and improved

722

00:30:55,590 --> 00:30:53,360

version of the original that you might

723

00:30:58,870 --> 00:30:55,600

have seen so if people want to check out

724

00:31:01,990 --> 00:30:58,880

both um i think they'll get a lot out of

725

00:31:04,870 --> 00:31:02,000

this continuity of content that we've

726

00:31:05,750 --> 00:31:04,880

put together yeah and for those that

727

00:31:07,669 --> 00:31:05,760

haven't seen it

728

00:31:09,350 --> 00:31:07,679

i would say that that uh the the

729

00:31:12,389 --> 00:31:09,360

unwanted is a must-see it's

730

00:31:14,470 --> 00:31:12,399

it's the best i've seen since uh

731

00:31:15,990 --> 00:31:14,480

better really than when legend meets

732

00:31:19,029 --> 00:31:16,000

science you know and

733

00:31:20,710 --> 00:31:19,039

just because it does not embellish in in

734

00:31:22,310 --> 00:31:20,720

addition i'm really glad that you

735

00:31:23,509 --> 00:31:22,320

brought up the olympic project because

736

00:31:26,630 --> 00:31:23,519

we kind of

737

00:31:28,789 --> 00:31:26,640

uh brushed over david ellis and you know

738

00:31:30,870 --> 00:31:28,799

the track casting analysis and the field

739

00:31:33,269 --> 00:31:30,880

audio recording analysis and

740

00:31:34,789 --> 00:31:33,279

he's tracking i mean what's so amazing

741

00:31:37,830 --> 00:31:34,799

if if people haven't checked out the

742

00:31:39,990 --> 00:31:37,840

olympic project you have to because

743

00:31:41,269 --> 00:31:40,000

it's pretty neat it's pretty neat and

744

00:31:43,750 --> 00:31:41,279

it's real field

745

00:31:45,029 --> 00:31:43,760

investigation that's that's gravitating

746

00:31:48,710 --> 00:31:45,039

towards collecting evidence

747

00:31:50,549 --> 00:31:48,720

and show i mean literally possibly

748

00:31:52,070 --> 00:31:50,559

showing where they're going to be ahead

749

00:31:54,710 --> 00:31:52,080

of the time they're there which is

750

00:31:56,470 --> 00:31:54,720

mind-blowing i mean this is you know the

751
00:31:57,350 --> 00:31:56,480
technology involved is getting to a

752
00:32:00,789 --> 00:31:57,360
point where

753
00:32:02,789 --> 00:32:00,799
you know it is a lot like uh

754
00:32:04,710 --> 00:32:02,799
not to go down that path but like

755
00:32:05,909 --> 00:32:04,720
moneymaker said that we have more to

756
00:32:09,430 --> 00:32:05,919
learn from them

757
00:32:13,669 --> 00:32:11,509
yeah of course and i'm i'm a fan of matt

758
00:32:14,310 --> 00:32:13,679
moneymaker you know i think he's done a

759
00:32:17,750 --> 00:32:14,320
lot

760
00:32:21,350 --> 00:32:17,760
for this study um i think

761
00:32:22,389 --> 00:32:21,360
the uh bigfoot field research

762
00:32:25,590 --> 00:32:22,399
organization

763
00:32:28,310 --> 00:32:25,600

bfro is incredibly important

764

00:32:30,310 --> 00:32:28,320

and the uh olympic project is part of

765

00:32:32,470 --> 00:32:30,320

that you know

766

00:32:34,310 --> 00:32:32,480

it's just its own branch that's doing

767

00:32:37,509 --> 00:32:34,320

some new things and

768

00:32:38,789 --> 00:32:37,519

trying to find some new details in

769

00:32:42,389 --> 00:32:38,799

regards to

770

00:32:43,350 --> 00:32:42,399

this study um going about it a different

771

00:32:46,470 --> 00:32:43,360

way

772

00:32:47,029 --> 00:32:46,480

so yeah definitely check out the olympic

773

00:32:49,830 --> 00:32:47,039

project

774

00:32:50,789 --> 00:32:49,840

check out what's going on in the bfro if

775

00:32:53,830 --> 00:32:50,799

you're

776

00:32:55,190 --> 00:32:53,840

not burst in this at all check out some

777

00:32:59,990 --> 00:32:55,200

books that have been written

778

00:33:04,549 --> 00:33:00,000

you know there's um sasquatch for

779

00:33:10,630 --> 00:33:04,559

uh meets science i think that's jeffrey

780

00:33:13,750 --> 00:33:10,640

dr meldrum's book

781

00:33:15,350 --> 00:33:13,760

i'm just going to check meats

782

00:33:19,430 --> 00:33:15,360

yeah i think that's right when legend

783

00:33:22,710 --> 00:33:22,070

it's legend meat science so yeah check

784

00:33:25,909 --> 00:33:22,720

out

785

00:33:29,029 --> 00:33:25,919

the book uh sasquatch

786

00:33:31,590 --> 00:33:29,039

where uh just legend meets science

787

00:33:32,630 --> 00:33:31,600

i think it's a fascinating really well

788

00:33:35,509 --> 00:33:32,640

done book

789

00:33:37,750 --> 00:33:35,519

nothing super over sensational in that

790

00:33:38,070 --> 00:33:37,760

you've got books by grover crans you've

791

00:33:43,909 --> 00:33:38,080

got

792

00:33:50,230 --> 00:33:47,190

wildlife biologist uh john

793

00:33:52,470 --> 00:33:50,240

binderman dr john bindernangle who was a

794

00:33:55,909 --> 00:33:52,480

canadian as well

795

00:33:59,269 --> 00:33:55,919

he you know when you see somebody like a

796

00:34:05,110 --> 00:34:02,310

making a book about this very credibly

797

00:34:07,029 --> 00:34:05,120

and trying to say we have an upright ape

798

00:34:10,710 --> 00:34:07,039

possibly a living

799

00:34:13,750 --> 00:34:10,720

um in our midst on the north american

800

00:34:14,629 --> 00:34:13,760

continent if a wildlife biologist is

801
00:34:16,550 --> 00:34:14,639
saying this

802
00:34:18,869 --> 00:34:16,560
you gotta kind of take that seriously

803
00:34:19,990 --> 00:34:18,879
because he is he knows what's out there

804
00:34:23,310 --> 00:34:20,000
in our forests

805
00:34:26,710 --> 00:34:23,320
um and he's heard most of the

806
00:34:29,669 --> 00:34:26,720
vocalizations he's seen scat he's seen

807
00:34:30,230 --> 00:34:29,679
tracks he knows what is a bear what's

808
00:34:34,629 --> 00:34:30,240
not

809
00:34:38,149 --> 00:34:34,639
you know and here he is writing a book

810
00:34:39,589 --> 00:34:38,159
about something that mainstream science

811
00:34:43,750 --> 00:34:39,599
says does not exist

812
00:34:46,550 --> 00:34:43,760
so uh yeah check it yeah it's very cool

813
00:34:47,669 --> 00:34:46,560

and i also wanted to not brush over the

814

00:34:50,230 --> 00:34:47,679

fact that if nobody's

815

00:34:52,310 --> 00:34:50,240

actually checked out the bigfoot field

816

00:34:54,470 --> 00:34:52,320

research organization that's

817

00:34:56,470 --> 00:34:54,480

kind of where i dip my toe into this and

818

00:34:59,270 --> 00:34:56,480

was proven that it was real i signed an

819

00:35:02,870 --> 00:34:59,280

nda so i can't go into it but

820

00:35:03,430 --> 00:35:02,880

it's amazing that the the impact on the

821

00:35:05,910 --> 00:35:03,440

land

822

00:35:07,589 --> 00:35:05,920

that these creatures have is so subtle

823

00:35:10,790 --> 00:35:07,599

that it takes a really trained

824

00:35:11,990 --> 00:35:10,800

eye to even notice it and the bfro has

825

00:35:15,270 --> 00:35:12,000

been around

826

00:35:16,710 --> 00:35:15,280

the longest so if you want to have a

827

00:35:17,589 --> 00:35:16,720

trained eye they're a really good place

828

00:35:19,829 --> 00:35:17,599

to go

829

00:35:20,630 --> 00:35:19,839

um thank you so much darcy i can't wait

830

00:35:22,630 --> 00:35:20,640

to watch it

831

00:35:24,230 --> 00:35:22,640

and can you tell our listeners where we

832

00:35:25,109 --> 00:35:24,240

can pre-order it or just kind of get it

833

00:35:28,470 --> 00:35:25,119

in general

834

00:35:31,750 --> 00:35:28,480

yeah sure i can send you a link to the

835

00:35:34,150 --> 00:35:31,760

amazon dvd site if

836

00:35:37,270 --> 00:35:34,160

if people want to have a physical copy

837

00:35:40,950 --> 00:35:37,280

of course they can they can order it

838

00:35:44,230 --> 00:35:40,960

but otherwise it will be

839

00:35:47,270 --> 00:35:44,240

live on tuesday on

840

00:35:55,190 --> 00:35:50,790

in demand a whole bunch of [h__h]

841

00:35:58,710 --> 00:35:55,200

verizon fios all kinds of cable

842

00:36:01,270 --> 00:35:58,720

television and in demand

843

00:36:02,230 --> 00:36:01,280

sort of on-demand services across north

844

00:36:07,270 --> 00:36:02,240

america

845

00:36:13,030 --> 00:36:10,310

and many other streaming services

846

00:36:13,910 --> 00:36:13,040

from the get-go if if that's you know

847

00:36:16,470 --> 00:36:13,920

google play

848

00:36:17,670 --> 00:36:16,480

if these are places where you'd like to

849

00:36:20,790 --> 00:36:17,680

consume your data

850

00:36:24,630 --> 00:36:20,800

instead of um through your

851
00:36:26,069 --> 00:36:24,640
typical tv platform and uh yeah i'm

852
00:36:28,950 --> 00:36:26,079
really looking forward

853
00:36:29,829 --> 00:36:28,960
to hearing people's feedback you know

854
00:36:32,870 --> 00:36:29,839
i'm

855
00:36:33,670 --> 00:36:32,880
a very inclusive documentary maker i

856
00:36:37,430 --> 00:36:33,680
want to

857
00:36:40,470 --> 00:36:37,440
the subject

858
00:36:42,390 --> 00:36:40,480
so if you ever have some information or

859
00:36:44,630 --> 00:36:42,400
encounters you've had yourself you know

860
00:36:46,790 --> 00:36:44,640
you can reach me on

861
00:36:48,230 --> 00:36:46,800
facebook i go by the same name darcy

862
00:36:52,150 --> 00:36:48,240
weir

863
00:36:55,589 --> 00:36:52,160

linkedin uh instagram

864

00:37:00,470 --> 00:36:55,599

yeah hope everybody stays uh

865

00:37:03,990 --> 00:37:00,480

868

00:37:10,150 --> 00:37:07,359

dedication of this subject matter

869

00:37:12,230 --> 00:37:10,160

870

00:37:14,150 --> 00:37:12,240

871

00:37:15,430 --> 00:37:14,160

thanks for having me on the show man and

872

00:37:17,270 --> 00:37:15,440

uh

873

00:37:19,349 --> 00:37:17,280

happy to come back sometime with some of

874

00:37:20,870 --> 00:37:19,359

the future documentaries that are coming

875

00:37:23,270 --> 00:37:20,880

in take care man always a pleasure

876

00:37:24,790 --> 00:37:23,280

chatting with you wow man darcy weir

877

00:37:26,230 --> 00:37:24,800

ladies and gentlemen pretty much the

878

00:37:30,950 --> 00:37:26,240

coolest

879

00:37:34,950 --> 00:37:30,960

justice to the science

880

00:37:38,390 --> 00:37:34,960

and the reality that there may be

881

00:37:40,950 --> 00:37:38,400

something airy in the woods

882

00:37:41,990 --> 00:37:40,960

usually at night so don't let that freak

883

00:37:44,470 --> 00:37:42,000

you out get out there

884

00:37:45,589 --> 00:37:44,480

enjoy the woods it's the best time to go

885

00:37:48,870 --> 00:37:45,599

out in my opinion

886

00:37:49,990 --> 00:37:48,880

leaves are changing and honestly the

887

00:37:53,270 --> 00:37:50,000

cities just aren't that

888

00:37:55,430 --> 00:37:53,280

appealing anymore i've been uh

889

00:37:56,470 --> 00:37:55,440

updating a bunch of stuff in my life

890

00:37:58,630 --> 00:37:56,480

including

891

00:38:00,069 --> 00:37:58,640

the realization that i want to be

892

00:38:02,390 --> 00:38:00,079

outdoors more

893

00:38:03,829 --> 00:38:02,400

than i want to be indoors so that's hard

894

00:38:04,790 --> 00:38:03,839

to do especially when you're doing a

895

00:38:07,030 --> 00:38:04,800

podcast so

896

00:38:08,150 --> 00:38:07,040

i will continue to try to make both

897

00:38:09,750 --> 00:38:08,160

happen

898

00:38:11,750 --> 00:38:09,760

and raise a family in addition to that

899

00:38:13,510 --> 00:38:11,760

it's all good times and

900

00:38:14,870 --> 00:38:13,520

uh if you haven't been outdoors get out

901
00:38:16,150 --> 00:38:14,880
there get out there

902
00:38:17,990 --> 00:38:16,160
not where there's a bunch of other

903
00:38:21,510 --> 00:38:18,000
people but get out there where

904
00:38:23,430 --> 00:38:21,520
there's not a bunch of other people and

905
00:38:24,870 --> 00:38:23,440
maybe if you're in those areas you just

906
00:38:27,670 --> 00:38:24,880
might see a wild man

907
00:38:29,510 --> 00:38:27,680
or something along those lines we may

908
00:38:32,470 --> 00:38:29,520
have more to learn from them

909
00:38:34,230 --> 00:38:32,480
than they have to learn from us until

910
00:38:35,270 --> 00:38:34,240
next time guys keep your eyes to the

911
00:38:38,950 --> 00:38:35,280
skies

912
00:38:47,100 --> 00:38:38,960
feet on the ground but don't forget

913
00:38:58,630 --> 00:38:47,110

to take a look around

914

00:39:13,109 --> 00:38:58,640
