um

3  
00:00:28,120 --> 00:00:36,310

[Music]

4  
00:00:41,670 --> 00:00:39,990  
blast off on another episode of hero

5  
00:00:44,470 --> 00:00:41,680  
paranormal podcast

6  
00:00:45,910 --> 00:00:44,480  
my name is ryan the original outlaw of

7  
00:00:50,470 --> 00:00:45,920  
the airwaves bringing you

8  
00:00:53,510 --> 00:00:50,480  
a vip episode of hero paranormal from

9  
00:00:56,830 --> 00:00:53,520  
the silver state the base

10  
00:00:57,990 --> 00:00:56,840  
at la madre mountain just south of area

11  
00:01:01,590 --> 00:00:58,000  
51.

12  
00:01:04,950 --> 00:01:01,600  
we are bringing you the well sometimes

13  
00:01:06,390 --> 00:01:04,960

my mind is constantly blown and

14

00:01:08,550 --> 00:01:06,400

that's the fun and the love and the

15

00:01:12,469 --> 00:01:08,560

passion that it's about

16

00:01:16,149 --> 00:01:12,479

this particular guest today

17

00:01:18,950 --> 00:01:16,159

really characterizes that passion in a

18

00:01:22,789 --> 00:01:18,960

major way for me

19

00:01:26,070 --> 00:01:22,799

because he is not only altruistic

20

00:01:29,270 --> 00:01:26,080

in his mission but he is very

21

00:01:30,870 --> 00:01:29,280

forward-thinking and open-minded and

22

00:01:33,990 --> 00:01:30,880

willing to

23

00:01:37,510 --> 00:01:34,000

have a conversation with

24

00:01:40,950 --> 00:01:37,520

the people that matter and he's uh

25

00:01:43,030 --> 00:01:40,960

i'm talking about lou elizondo if you've

26

00:01:45,510 --> 00:01:43,040

watched and identified i believe it's

27

00:01:47,510 --> 00:01:45,520

season two episode three

28

00:01:49,190 --> 00:01:47,520

i could be wrong on that don't but i

29

00:01:52,630 --> 00:01:49,200

believe that's the one

30

00:01:55,910 --> 00:01:52,640

it's jeremy mcgowan and

31

00:01:59,109 --> 00:01:55,920

he's a local las vegas here a fellow

32

00:02:02,069 --> 00:01:59,119

local uh resident of las vegas so

33

00:02:04,469 --> 00:02:02,079

kudos to that another desert rat out

34

00:02:05,990 --> 00:02:04,479

here having a good time in the sun and

35

00:02:08,550 --> 00:02:06,000

not only is he having a good time in the

36

00:02:11,910 --> 00:02:08,560

sun he is doing some amazing things

37

00:02:14,550 --> 00:02:11,920

networking wise and technology wise

38

00:02:16,470 --> 00:02:14,560

working with sky hub technology if you

39

00:02:19,750 --> 00:02:16,480

haven't

40

00:02:21,670 --> 00:02:19,760

checked that out um gosh you've been

41

00:02:23,430 --> 00:02:21,680

i know i felt like i was living under a

42

00:02:24,070 --> 00:02:23,440

rock somewhere when i realized how neat

43

00:02:26,390 --> 00:02:24,080

sky hub

44

00:02:27,110 --> 00:02:26,400

is it came on quick everybody's getting

45

00:02:30,390 --> 00:02:27,120

involved

46

00:02:32,790 --> 00:02:30,400

i'm on it get in it i appreciate

47

00:02:36,390 --> 00:02:32,800

everybody who's involved jeremy is

48

00:02:37,990 --> 00:02:36,400

a front-runner here with a gofundme

49

00:02:41,350 --> 00:02:38,000

which we will

50

00:02:45,110 --> 00:02:41,360

shoot links to for all the listeners and

51  
00:02:47,110 --> 00:02:45,120  
also uh note here in the podcast so have

52  
00:02:50,150 --> 00:02:47,120  
a pen and paper ready

53  
00:02:51,350 --> 00:02:50,160  
what he is doing is attaching one of

54  
00:02:54,309 --> 00:02:51,360  
these skyhub

55  
00:02:55,350 --> 00:02:54,319  
units high high technology scanning

56  
00:02:59,830 --> 00:02:55,360  
units

57  
00:03:02,550 --> 00:02:59,840  
uh it's amazing what they do onto his

58  
00:03:03,190 --> 00:03:02,560  
land rover and i'm kind of a land rover

59  
00:03:06,949 --> 00:03:03,200  
nerd

60  
00:03:09,830 --> 00:03:06,959  
nut whatever you want to call it i have

61  
00:03:10,949 --> 00:03:09,840  
uh you know two of the pedigree in my

62  
00:03:14,949 --> 00:03:10,959  
garage

63  
00:03:17,190 --> 00:03:14,959

and they are well he's got

64

00:03:18,790 --> 00:03:17,200

my possibly my all-time favor or one of

65

00:03:21,270 --> 00:03:18,800

my all-time favorites which is a land

66

00:03:22,790 --> 00:03:21,280

rover discovery with the ace package

67

00:03:25,350 --> 00:03:22,800

which is a pretty amazing

68

00:03:26,390 --> 00:03:25,360

package that they had on the discovery

69

00:03:30,390 --> 00:03:26,400

version

70

00:03:32,789 --> 00:03:30,400

now a pretty amazing 4x4

71

00:03:36,070 --> 00:03:32,799

in its own capacity but what he's

72

00:03:39,110 --> 00:03:36,080

turning it into is basically

73

00:03:41,910 --> 00:03:39,120

something much more than that so

74

00:03:43,830 --> 00:03:41,920

keep keeping kee keep listening and

75

00:03:46,309 --> 00:03:43,840

jeremy's going to go into that

76

00:03:48,070 --> 00:03:46,319

there's so much more to this podcast

77

00:03:50,789 --> 00:03:48,080

than i think we can cram

78

00:03:53,830 --> 00:03:50,799

into the time allotted if you haven't

79

00:03:56,710 --> 00:03:53,840

watched and identified i highly

80

00:03:57,670 --> 00:03:56,720

recommend it it's on the history channel

81

00:04:00,789 --> 00:03:57,680

and

82

00:04:01,589 --> 00:04:00,799

you will see to the stars academy

83

00:04:05,030 --> 00:04:01,599

basically

84

00:04:06,070 --> 00:04:05,040

followed by i believe a television crew

85

00:04:07,910 --> 00:04:06,080

jeremy can

86

00:04:09,270 --> 00:04:07,920

explicitly explain that a little bit

87

00:04:12,390 --> 00:04:09,280

better i'm not sure

88

00:04:14,070 --> 00:04:12,400

how that all works but it is much like

89

00:04:16,789 --> 00:04:14,080

other shows with the history channel

90

00:04:20,310 --> 00:04:16,799

that are as real as they can get

91

00:04:21,749 --> 00:04:20,320

and uh that's kind of how jeremy is as

92

00:04:24,150 --> 00:04:21,759

real as you can get

93

00:04:25,990 --> 00:04:24,160

one of the coolest guys out there great

94

00:04:27,909 --> 00:04:26,000

projects going on

95

00:04:29,110 --> 00:04:27,919

everybody get in there get it to be a

96

00:04:31,670 --> 00:04:29,120

part of it

97

00:04:32,550 --> 00:04:31,680

and uh even if that's just pitching him

98

00:04:35,590 --> 00:04:32,560

a buck or two

99

00:04:36,710 --> 00:04:35,600

towards his gofundme and uh keeping

100

00:04:40,790 --> 00:04:36,720

track of what he's doing

101  
00:04:44,070 --> 00:04:40,800  
because it's really really cool and

102  
00:04:47,510 --> 00:04:44,080  
we're going to get into possibly the

103  
00:04:50,550 --> 00:04:47,520  
most amazing part of the whole scenario

104  
00:04:52,469 --> 00:04:50,560  
which is his own experiences

105  
00:04:54,070 --> 00:04:52,479  
and i'm talking about experiences in the

106  
00:04:59,670 --> 00:04:54,080  
middle east

107  
00:05:03,110 --> 00:04:59,680  
with ufos and a lot of top secret stuff

108  
00:05:06,950 --> 00:05:03,120  
i'm not gonna get into we will let

109  
00:05:08,950 --> 00:05:06,960  
mr mcgowan talk about that in uh

110  
00:05:09,990 --> 00:05:08,960  
the way that he can because i know he

111  
00:05:13,749 --> 00:05:10,000  
has to carefully watch

112  
00:05:17,350 --> 00:05:13,759  
his words and as is commonly the case

113  
00:05:18,469 --> 00:05:17,360

with people who were on missions like

114

00:05:20,430 --> 00:05:18,479

this so

115

00:05:22,870 --> 00:05:20,440

it's a doozy if you haven't been to

116

00:05:24,390 --> 00:05:22,880

heroparanormal.com please check it out

117

00:05:26,230 --> 00:05:24,400

and listen to them in a more quickly

120

00:05:31,909 --> 00:05:30,560

downloadable format if you're jumping on

121

00:05:34,870 --> 00:05:31,919

a flight jumping in a car

122

00:05:36,469 --> 00:05:34,880

124

00:05:41,990 --> 00:05:39,840

and i say us because it's about us

125

00:05:44,230 --> 00:05:42,000

not just me it's about the listeners too

126

00:05:46,469 --> 00:05:44,240

because you guys

127

00:05:47,350 --> 00:05:46,479

actually give me a lot of ideas that i

128

00:05:50,390 --> 00:05:47,360

wouldn't come up with

129

00:05:53,830 --> 00:05:50,400

my own so i appreciate that

130

00:05:54,390 --> 00:05:53,840

without further ado jeremy mcgowan

131

00:05:57,990 --> 00:05:54,400

welcome

132

00:05:59,990 --> 00:05:58,000

to the hero paranormal podcast well hey

133

00:06:01,189 --> 00:06:00,000

cool we're finally talking this is

134

00:06:05,270 --> 00:06:01,199

amazing

135

00:06:08,550 --> 00:06:05,280

and i'm i'm just fascinated by

136

00:06:10,309 --> 00:06:08,560

gosh so much going on the not just the

137

00:06:13,350 --> 00:06:10,319

stuff with unidentified

138

00:06:14,710 --> 00:06:13,360

but you know that's fascinating in and

139

00:06:17,270 --> 00:06:14,720

of itself

140

00:06:19,590 --> 00:06:17,280

but uh the sky hub things there's

141

00:06:22,309 --> 00:06:19,600

there's so many directions we can go

142

00:06:23,590 --> 00:06:22,319

uh mr mcgowan let me let me just start

143

00:06:25,029 --> 00:06:23,600

by having you

144

00:06:27,270 --> 00:06:25,039

kind of tell our listeners a little bit

145

00:06:29,270 --> 00:06:27,280

about yourself how you found yourself in

146

00:06:32,150 --> 00:06:29,280

this position it's not something you

147

00:06:32,629 --> 00:06:32,160

ran after or looked after and and just

148

00:06:35,430 --> 00:06:32,639

kind of

149

00:06:37,350 --> 00:06:35,440

how this all came about yeah man and and

150

00:06:38,390 --> 00:06:37,360

you're right there are so many facets to

151  
00:06:41,189 --> 00:06:38,400  
this it's

152  
00:06:42,870 --> 00:06:41,199  
it's pretty i'm still wrapping my head

153  
00:06:46,070 --> 00:06:42,880  
around everything i i don't

154  
00:06:49,350 --> 00:06:46,080  
know what direction i'm going to go in

155  
00:06:52,870 --> 00:06:49,360  
i i sure as hell know where i came from

156  
00:06:56,710 --> 00:06:52,880  
um and i do want to give a shout out to

157  
00:06:58,230 --> 00:06:56,720  
sean cahill who has uh

158  
00:07:00,309 --> 00:06:58,240  
has developed well he and i have

159  
00:07:01,510 --> 00:07:00,319  
developed a very very strong friendship

160  
00:07:04,309 --> 00:07:01,520  
over the past

161  
00:07:06,629 --> 00:07:04,319  
several months and i think that the

162  
00:07:10,710 --> 00:07:06,639  
directionality that i'm heading in

163  
00:07:14,870 --> 00:07:10,720

is being severely influenced by sean

164

00:07:17,749 --> 00:07:14,880

but as a little bit of a background

165

00:07:18,950 --> 00:07:17,759

and i've told the story multiple times

166

00:07:20,870 --> 00:07:18,960

so i don't know if you want to go into

167

00:07:23,430 --> 00:07:20,880

the story itself or just kind of

168

00:07:24,710 --> 00:07:23,440

the ancillary stuff before and and after

169

00:07:27,749 --> 00:07:24,720

enduring but

170

00:07:29,350 --> 00:07:27,759

uh back in 1995 when i was in the air

171

00:07:33,270 --> 00:07:29,360

force i was deployed to

172

00:07:36,550 --> 00:07:33,280

jordan and i had a sighting

173

00:07:39,189 --> 00:07:36,560

when i was on duty in jordan

174

00:07:40,629 --> 00:07:39,199

and i kind of had put it out of my head

175

00:07:42,070 --> 00:07:40,639

for

176

00:07:43,749 --> 00:07:42,080

well i didn't really put it out of my

177

00:07:46,150 --> 00:07:43,759

head i just didn't do anything with it

178

00:07:47,990 --> 00:07:46,160

for about 24-25 years

179

00:07:50,790 --> 00:07:48,000

and then through a series of very

180

00:07:54,230 --> 00:07:50,800

strange coincidences and events

181

00:07:56,710 --> 00:07:54,240

i ended up contacting tsa

182

00:07:57,670 --> 00:07:56,720

based on some advice from some guys on

183

00:08:04,150 --> 00:07:57,680

reddit

184

00:08:05,909 --> 00:08:04,160

could help me track down some other

185

00:08:06,950 --> 00:08:05,919

people that were on that deployment with

186

00:08:10,070 --> 00:08:06,960

me because i

187

00:08:12,309 --> 00:08:10,080

i wanted my personal memory validated

188

00:08:13,749 --> 00:08:12,319

and the guys on reddit had told me about

189

00:08:16,550 --> 00:08:13,759

the tv show

190

00:08:18,309 --> 00:08:16,560

and to uh to reach out to tsa and see

191

00:08:21,350 --> 00:08:18,319

if they could do anything

192

00:08:22,390 --> 00:08:21,360

and that's exactly what i did and i

193

00:08:25,670 --> 00:08:22,400

ended up on the show

194

00:08:28,309 --> 00:08:25,680

i ended up on season two episode three

195

00:08:29,110 --> 00:08:28,319

telling my story about what i had seen

196

00:08:31,990 --> 00:08:29,120

in jordan

197

00:08:33,029 --> 00:08:32,000

but it was it was never with intention

198

00:08:34,709 --> 00:08:33,039

i'd i'd never

199

00:08:38,389 --> 00:08:34,719

wanted to go down that rabbit hole i

200

00:08:40,149 --> 00:08:38,399

never wanted that 15 minutes

201  
00:08:42,070 --> 00:08:40,159  
i just wanted personal validation and

202  
00:08:44,389 --> 00:08:42,080  
stuff and

203  
00:08:45,670 --> 00:08:44,399  
and ever since then it's just been man

204  
00:08:49,110 --> 00:08:45,680  
it's been a wild ride

205  
00:08:54,710 --> 00:08:49,120  
since that show and

206  
00:08:58,310 --> 00:08:54,720  
um you you got some personal validation

207  
00:09:01,269 --> 00:08:58,320  
by just by coincidence because

208  
00:09:02,870 --> 00:09:01,279  
they if i'm not mistaken and i could be

209  
00:09:04,230 --> 00:09:02,880  
going out a little bit further than i

210  
00:09:04,790 --> 00:09:04,240  
should because i know a lot of these

211  
00:09:07,110 --> 00:09:04,800  
things

212  
00:09:08,150 --> 00:09:07,120  
are well i mean you were on a mission

213  
00:09:12,470 --> 00:09:08,160

and

214

00:09:14,310 --> 00:09:12,480

was another witness

215

00:09:16,470 --> 00:09:14,320

and this was corroborated if i'm not

216

00:09:19,750 --> 00:09:16,480

mistaken correct

217

00:09:21,190 --> 00:09:19,760

well there wasn't necessarily another

218

00:09:24,630 --> 00:09:21,200

witness directly to

219

00:09:29,430 --> 00:09:27,269

what had happened in a nutshell and i

220

00:09:31,190 --> 00:09:29,440

won't go into all the details of the

221

00:09:34,150 --> 00:09:31,200

sighting and everything but

222

00:09:35,430 --> 00:09:34,160

during the vetting process anthony lapp

223

00:09:38,790 --> 00:09:35,440

who was the producer

224

00:09:41,750 --> 00:09:38,800

and of course lou elizondo uh

225

00:09:43,110 --> 00:09:41,760

being with tsa in the show before you

226

00:09:45,269 --> 00:09:43,120

even make it to lou

227

00:09:46,630 --> 00:09:45,279

you have to jump through so many hoops

228

00:09:48,790 --> 00:09:46,640

and they verify

229

00:09:49,670 --> 00:09:48,800

your dd214s they want to make sure that

230

00:09:52,790 --> 00:09:49,680

you weren't

231

00:09:54,870 --> 00:09:52,800

discharged on a psycho val they compare

232

00:09:56,870 --> 00:09:54,880

you know if like for me i said hey i was

233

00:09:58,070 --> 00:09:56,880

in jordan in 1995

234

00:09:59,509 --> 00:09:58,080

they go back through your military

235

00:10:00,550 --> 00:09:59,519

records and look at your travel orders

236

00:10:03,590 --> 00:10:00,560

to make sure that

237

00:10:03,990 --> 00:10:03,600

hey yeah you were in jordan in 1995

238

00:10:06,630 --> 00:10:04,000

right

239

00:10:08,150 --> 00:10:06,640

so they they cross reference absolutely

240

00:10:11,670 --> 00:10:08,160

everything

241

00:10:14,310 --> 00:10:11,680

and then the the basic general gist of

242

00:10:16,470 --> 00:10:14,320

the story was that i was guarding this

243

00:10:18,870 --> 00:10:16,480

unmarked crate in the middle of the

244

00:10:21,910 --> 00:10:18,880

desert that

245

00:10:23,509 --> 00:10:21,920

going fast forwarding a lot i i had a

246

00:10:26,550 --> 00:10:23,519

personal reason to believe

247

00:10:27,590 --> 00:10:26,560

that that crate contained a nuclear

248

00:10:31,350 --> 00:10:27,600

device

249

00:10:33,750 --> 00:10:31,360

and apparently lou had done a lot of

250

00:10:36,630 --> 00:10:33,760

investigation behind the scenes and he

251  
00:10:40,870 --> 00:10:36,640  
had come to the exact same conclusion

252  
00:10:43,030 --> 00:10:40,880  
that there was in fact a recovered

253  
00:10:44,230 --> 00:10:43,040  
and i'll use the term recovered very

254  
00:10:47,750 --> 00:10:44,240  
loosely

255  
00:10:50,389 --> 00:10:47,760  
but there was a recovered russian ss-24

256  
00:10:51,030 --> 00:10:50,399  
inside that crate which is capable of

257  
00:10:53,670 --> 00:10:51,040  
housing

258  
00:10:54,790 --> 00:10:53,680  
10 separate nuclear warheads on this

259  
00:10:58,389 --> 00:10:54,800  
thing

260  
00:11:01,110 --> 00:10:58,399  
um and he had come to that conclusion

261  
00:11:02,630 --> 00:11:01,120  
independently and verified my suspicions

262  
00:11:04,870 --> 00:11:02,640  
that i had had for

263  
00:11:05,829 --> 00:11:04,880

you know almost 24 years that that was

264

00:11:08,870 --> 00:11:05,839

one of the reasons

265

00:11:11,990 --> 00:11:08,880

that the sighting that i had uh

266

00:11:15,110 --> 00:11:12,000

was was so interesting because

267

00:11:17,110 --> 00:11:15,120

this is a nuclear device separate from

268

00:11:17,829 --> 00:11:17,120

anything else i mean we're out in the

269

00:11:21,430 --> 00:11:17,839

middle of

270

00:11:23,990 --> 00:11:21,440

nowhere and uh in this uap

271

00:11:24,710 --> 00:11:24,000

ufo phenomenon whatever you want to call

272

00:11:28,069 --> 00:11:24,720

it

273

00:11:34,630 --> 00:11:28,079

uh was apparently able to

274

00:11:39,350 --> 00:11:37,829

and it really seems that

275

00:11:41,110 --> 00:11:39,360

and first of all thank you for your

276

00:11:41,990 --> 00:11:41,120  
service i i should have said that

277

00:11:45,350 --> 00:11:42,000  
already because

278

00:11:47,670 --> 00:11:45,360  
not only you know you are

279

00:11:49,829 --> 00:11:47,680  
like you said in the middle of nowhere

280

00:11:51,910 --> 00:11:49,839  
literally guarding something that could

281

00:11:55,990 --> 00:11:51,920  
change the world as we know it

282

00:12:00,470 --> 00:11:56,000  
and you have these these the the this

283

00:12:04,629 --> 00:12:00,480  
interesting sighting this um

284

00:12:07,910 --> 00:12:04,639  
almost as if these

285

00:12:10,389 --> 00:12:07,920  
objects are interested in energy itself

286

00:12:12,470 --> 00:12:10,399  
and the component of you know the

287

00:12:15,829 --> 00:12:12,480  
possibility that that energy could

288

00:12:18,870 --> 00:12:15,839

compromise who knows what it is

289

00:12:20,710 --> 00:12:18,880

of interest to them or i i don't know

290

00:12:23,750 --> 00:12:20,720

it's hard to theorize but it's

291

00:12:25,670 --> 00:12:23,760

i believe that an

292

00:12:27,030 --> 00:12:25,680

unidentified made a very good case for

293

00:12:30,870 --> 00:12:27,040

this uh

294

00:12:34,870 --> 00:12:30,880

that there is a component of the uap

295

00:12:39,829 --> 00:12:34,880

phenomena that seems to be tracking

296

00:12:43,030 --> 00:12:39,839

nuclear devices yeah yeah i

297

00:12:46,949 --> 00:12:43,040

any man any idea that i come up with

298

00:12:48,150 --> 00:12:46,959

is is just pure speculation i'm i'm not

299

00:12:51,430 --> 00:12:48,160

a physicist i'm

300

00:12:53,030 --> 00:12:51,440

i'm not an expert in quantum mechanics i

301  
00:12:55,509 --> 00:12:53,040  
don't know if the experts in quantum

302  
00:12:58,629 --> 00:12:55,519  
mechanics are actually experts in it

303  
00:13:02,710 --> 00:12:58,639  
but if you

304  
00:13:04,949 --> 00:13:02,720  
if you accept the potential

305  
00:13:06,790 --> 00:13:04,959  
that the uap phenomenon could be

306  
00:13:09,590 --> 00:13:06,800  
associated with

307  
00:13:11,430 --> 00:13:09,600  
uh alternate realities or different

308  
00:13:14,389 --> 00:13:11,440  
dimensions and things like that

309  
00:13:15,430 --> 00:13:14,399  
and then understand a little bit about

310  
00:13:18,310 --> 00:13:15,440  
the ideas

311  
00:13:20,790 --> 00:13:18,320  
in quantum entanglement and where a

312  
00:13:23,910 --> 00:13:20,800  
specific action or a specific particle

313  
00:13:27,030 --> 00:13:23,920

uh could be attached to another particle

314

00:13:29,350 --> 00:13:27,040

at massive distances away

315

00:13:31,829 --> 00:13:29,360

uh and an effect on one could have an

316

00:13:34,629 --> 00:13:31,839

effect on on another

317

00:13:35,190 --> 00:13:34,639

and if that holds true across dimensions

318

00:13:38,150 --> 00:13:35,200

and across

319

00:13:39,269 --> 00:13:38,160

boundaries there could be the potential

320

00:13:42,150 --> 00:13:39,279

that

321

00:13:43,750 --> 00:13:42,160

nuclear explosions in our version of

322

00:13:46,870 --> 00:13:43,760

this reality

323

00:13:49,990 --> 00:13:46,880

have some sort of effect

324

00:13:51,509 --> 00:13:50,000

on another reality where these uaps may

325

00:13:54,790 --> 00:13:51,519

be coming from

326

00:13:57,750 --> 00:13:54,800

and it may be in their interest

327

00:13:59,910 --> 00:13:57,760

that uh that we're not detonating them

328

00:14:02,389 --> 00:13:59,920

anymore

329

00:14:03,110 --> 00:14:02,399

yeah i think that's uh a key that's a

330

00:14:04,710 --> 00:14:03,120

good thing

331

00:14:06,150 --> 00:14:04,720

because there was a while there where it

332

00:14:08,550 --> 00:14:06,160

sure seemed like there was a lot of

333

00:14:10,710 --> 00:14:08,560

detonations taking place

334

00:14:11,910 --> 00:14:10,720

and i don't know if that's a good thing

335

00:14:15,350 --> 00:14:11,920

for anybody

336

00:14:17,670 --> 00:14:15,360

very interestingly your story

337

00:14:19,189 --> 00:14:17,680

can you take us to the actual sighting i

338

00:14:20,069 --> 00:14:19,199

mean just take us there you're in the

339

00:14:22,870 --> 00:14:20,079

middle of well

340

00:14:23,590 --> 00:14:22,880

actually just take us to before even and

341

00:14:25,990 --> 00:14:23,600

uh the

342

00:14:28,389 --> 00:14:26,000

maybe maybe even the thoughts that went

343

00:14:32,230 --> 00:14:28,399

through your mind on this particular

344

00:14:33,990 --> 00:14:32,240

mission yeah yeah so

345

00:14:35,350 --> 00:14:34,000

you know it's interesting because i i

346

00:14:37,030 --> 00:14:35,360

went through about an hour and a half

347

00:14:40,310 --> 00:14:37,040

long interview almost two hours

348

00:14:41,750 --> 00:14:40,320

uh for the the show unidentified and

349

00:14:43,509 --> 00:14:41,760

they did a really good job of

350

00:14:45,590 --> 00:14:43,519

maintaining the story

351

00:14:46,710 --> 00:14:45,600

but there was a lot left on the cutting

352

00:14:48,550 --> 00:14:46,720

room floor so

353

00:14:49,910 --> 00:14:48,560

i appreciate the opportunity to uh to

354

00:14:51,269 --> 00:14:49,920

kind of go back into a lot of that

355

00:14:54,629 --> 00:14:51,279

detail

356

00:14:58,710 --> 00:14:54,639

but at this point in time i had been

357

00:15:00,629 --> 00:14:58,720

serving for several years this was 1995.

358

00:15:02,069 --> 00:15:00,639

and you got to keep in mind that you

359

00:15:03,750 --> 00:15:02,079

know only

360

00:15:05,990 --> 00:15:03,760

only four to five years prior to this

361

00:15:09,750 --> 00:15:06,000

was the collapse of the soviet union

362

00:15:14,710 --> 00:15:09,760

so the cold war had just basically ended

363

00:15:18,550 --> 00:15:17,509

not confusion but there's a lot of a lot

364

00:15:20,230 --> 00:15:18,560  
of issues

365

00:15:22,550 --> 00:15:20,240  
surrounding the fall of the soviet

366

00:15:23,990 --> 00:15:22,560  
empire and and the rise of different

367

00:15:26,790 --> 00:15:24,000  
nation states and

368

00:15:28,470 --> 00:15:26,800  
and all sorts of things like that so we

369

00:15:31,269 --> 00:15:28,480  
were still on heightened alert

370

00:15:33,509 --> 00:15:31,279  
uh you know our b2 bombers right now b1

371

00:15:34,069 --> 00:15:33,519  
bombers and everything we're uh b-52s

372

00:15:36,389 --> 00:15:34,079  
and

373

00:15:37,350 --> 00:15:36,399  
everything we're still on active status

374

00:15:39,350 --> 00:15:37,360  
because

375

00:15:41,350 --> 00:15:39,360  
we were still in that mindset that you

376

00:15:43,189 --> 00:15:41,360

know we were 30 seconds away from global

377

00:15:46,870 --> 00:15:43,199

nuclear conflict

378

00:15:49,749 --> 00:15:46,880

and that's how we trained and

379

00:15:51,749 --> 00:15:49,759

i was very accustomed to getting phone

380

00:15:53,670 --> 00:15:51,759

calls that said hey get your bag packed

381

00:15:54,470 --> 00:15:53,680

you got 24 hours to be on no notice

382

00:15:56,629 --> 00:15:54,480

deployment

383

00:15:57,829 --> 00:15:56,639

i was with a unit that was that's what

384

00:16:00,949 --> 00:15:57,839

we did we had

385

00:16:01,430 --> 00:16:00,959

rapid rapid deployments and for the most

386

00:16:03,829 --> 00:16:01,440

time

387

00:16:05,829 --> 00:16:03,839

i was attached to jsoc which is the

388

00:16:08,310 --> 00:16:05,839

joint special operations command

389

00:16:09,509 --> 00:16:08,320

now i was not myself special forces i

390

00:16:12,790 --> 00:16:09,519

was support

391

00:16:15,910 --> 00:16:12,800

for special forces i provided uh

392

00:16:19,110 --> 00:16:15,920

close then defense for deployed units

393

00:16:22,150 --> 00:16:19,120

uh whether it be the the green berets or

394

00:16:25,670 --> 00:16:22,160

uh the rangers or

395

00:16:28,710 --> 00:16:25,680

other entities in and out of

396

00:16:29,910 --> 00:16:28,720

of jsoc we would we would typically go

397

00:16:31,829 --> 00:16:29,920

where they went

398

00:16:33,590 --> 00:16:31,839

but we wouldn't go as deep as they went

399

00:16:37,189 --> 00:16:33,600

and we would kind of provide

400

00:16:39,269 --> 00:16:37,199

airbase defense for them when they were

401  
00:16:41,269 --> 00:16:39,279  
further out wherever they were doing

402  
00:16:44,790 --> 00:16:41,279  
whatever it is that they do

403  
00:16:45,509 --> 00:16:44,800  
um so like normal this began like like

404  
00:16:47,189 --> 00:16:45,519  
anything else

405  
00:16:48,870 --> 00:16:47,199  
uh get a phone call that says hey you

406  
00:16:51,110 --> 00:16:48,880  
got you got 12 hours to

407  
00:16:52,310 --> 00:16:51,120  
to be on board with this aircraft and

408  
00:16:52,949 --> 00:16:52,320  
we're not telling you where you're going

409  
00:16:55,350 --> 00:16:52,959  
to go

410  
00:16:56,310 --> 00:16:55,360  
until you're airborne like okay so

411  
00:16:59,590 --> 00:16:56,320  
standard pack and

412  
00:17:01,269 --> 00:16:59,600  
grab my bag and head out and

413  
00:17:04,470 --> 00:17:01,279

i think there's nine other people from

414

00:17:05,669 --> 00:17:04,480

my unit that got deployed with me and we

415

00:17:07,350 --> 00:17:05,679

first fly to dover

416

00:17:09,189 --> 00:17:07,360

air force base in delaware and we

417

00:17:10,230 --> 00:17:09,199

transfer over to another aircraft in

418

00:17:12,470 --> 00:17:10,240

dover

419

00:17:13,750 --> 00:17:12,480

and uh the only thing that we were told

420

00:17:15,029 --> 00:17:13,760

at that point is we were going to be

421

00:17:16,549 --> 00:17:15,039

heading out to the middle east

422

00:17:18,470 --> 00:17:16,559

and they didn't tell us anything else

423

00:17:20,390 --> 00:17:18,480

until we were probably about three

424

00:17:23,189 --> 00:17:20,400

quarters away across the pond

425

00:17:24,549 --> 00:17:23,199

and before we started uh our descent

426  
00:17:25,909 --> 00:17:24,559  
they told us that we were heading into

427  
00:17:29,110 --> 00:17:25,919  
jordan

428  
00:17:29,830 --> 00:17:29,120  
you're like okay that was weirdness

429  
00:17:32,230 --> 00:17:29,840  
number one

430  
00:17:33,990 --> 00:17:32,240  
because you know i had i had by that

431  
00:17:34,870 --> 00:17:34,000  
time i had already been in kuwait and i

432  
00:17:38,310 --> 00:17:34,880  
had been

433  
00:17:41,430 --> 00:17:38,320  
uh in in taipei

434  
00:17:43,190 --> 00:17:41,440  
cars in the uae and all over uh saudi

435  
00:17:45,430 --> 00:17:43,200  
arabia during desert storm

436  
00:17:46,870 --> 00:17:45,440  
and was very familiar with the vast

437  
00:17:49,110 --> 00:17:46,880  
majority of the middle east having

438  
00:17:51,510 --> 00:17:49,120

spent a lot of time over there but never

439

00:17:53,270 --> 00:17:51,520

once never once had i even

440

00:17:55,029 --> 00:17:53,280

thought about the country of jordan much

441

00:17:57,430 --> 00:17:55,039

less stepped foot in it there was no

442

00:18:00,710 --> 00:17:57,440

reason to yet

443

00:18:02,549 --> 00:18:00,720

so when we got there it was immediately

444

00:18:04,950 --> 00:18:02,559

different

445

00:18:07,190 --> 00:18:04,960

we were told primarily that this was an

446

00:18:10,070 --> 00:18:07,200

exercise

447

00:18:10,390 --> 00:18:10,080

but i didn't buy it from from the onset

448

00:18:13,110 --> 00:18:10,400

and

449

00:18:13,990 --> 00:18:13,120

it was it was evident that this was not

450

00:18:15,510 --> 00:18:14,000

an exercise

451  
00:18:17,909 --> 00:18:15,520  
this was this was a real world

452  
00:18:19,750 --> 00:18:17,919  
deployment because you know in exercises

453  
00:18:20,230 --> 00:18:19,760  
we're wearing miles gear which is like

454  
00:18:22,150 --> 00:18:20,240  
the

455  
00:18:23,990 --> 00:18:22,160  
advanced military version of laser tag

456  
00:18:24,549 --> 00:18:24,000  
and we use blanks and things like that

457  
00:18:26,710 --> 00:18:24,559  
and i

458  
00:18:28,310 --> 00:18:26,720  
i had a full combat load we were armed

459  
00:18:29,909 --> 00:18:28,320  
to the teeth

460  
00:18:31,350 --> 00:18:29,919  
there was no blank adapters there was no

461  
00:18:33,270 --> 00:18:31,360  
miles gear there was no

462  
00:18:34,390 --> 00:18:33,280  
white hat safety inspectors walking

463  
00:18:37,590 --> 00:18:34,400

around this was

464

00:18:40,230 --> 00:18:37,600

this is the real deal and uh

465

00:18:41,110 --> 00:18:40,240

my team got there and then one of the

466

00:18:42,630 --> 00:18:41,120

things that

467

00:18:45,510 --> 00:18:42,640

that occurred right off the bat that i

468

00:18:49,270 --> 00:18:45,520

was like whoa this is this is not normal

469

00:18:52,150 --> 00:18:49,280

my team got broken up we were not

470

00:18:53,029 --> 00:18:52,160

working with the people that we traveled

471

00:18:54,950 --> 00:18:53,039

with

472

00:18:56,549 --> 00:18:54,960

which is odd because when you're in a

473

00:18:57,909 --> 00:18:56,559

when you're in a deployment man i mean

474

00:18:59,510 --> 00:18:57,919

these these are the guys from my unit

475

00:19:01,110 --> 00:18:59,520

right so i knew them i knew what their

476

00:19:03,830 --> 00:19:01,120

behavior was like i knew what their

477

00:19:05,830 --> 00:19:03,840

capabilities were i you know i knew the

478

00:19:07,430 --> 00:19:05,840

guy that i wanted in my foxhole or

479

00:19:09,510 --> 00:19:07,440

and he knew what my capabilities were

480

00:19:10,870 --> 00:19:09,520

because we work fight and train together

481

00:19:13,990 --> 00:19:10,880

and the next thing i know i don't see

482

00:19:14,470 --> 00:19:14,000

him anymore and we're all split up and

483

00:19:18,710 --> 00:19:14,480

i've got

484

00:19:20,310 --> 00:19:18,720

no idea who the guy is that i'm

485

00:19:21,909 --> 00:19:20,320

assigned on post with which is one of

486

00:19:23,669 --> 00:19:21,919

the reasons i went on reddit

487

00:19:25,270 --> 00:19:23,679

to see if i could track this dude down

488

00:19:26,230 --> 00:19:25,280

because i couldn't remember him i can't

489

00:19:28,710 --> 00:19:26,240

remember his face

490

00:19:29,270 --> 00:19:28,720

you know and it was just weird to me

491

00:19:35,110 --> 00:19:29,280

that

492

00:19:35,750 --> 00:19:35,120

and i got on post and uh i ended up

493

00:19:38,630 --> 00:19:35,760

working

494

00:19:39,510 --> 00:19:38,640

uh graveshift which i think was oh

495

00:19:43,029 --> 00:19:39,520

basically you know

496

00:19:45,110 --> 00:19:43,039

7 p.m to 7 a.m 12 hour shifts

497

00:19:47,190 --> 00:19:45,120

and uh i don't know for your listeners

498

00:19:51,430 --> 00:19:47,200

that have never been into the desert

499

00:19:54,390 --> 00:19:51,440

it is i mean there's no clouds it's just

500

00:19:55,510 --> 00:19:54,400

dark and stars there's no there's

501  
00:19:58,470 --> 00:19:55,520  
nothing to obscure

502  
00:19:58,909 --> 00:19:58,480  
your sight and you can see man you can

503  
00:20:02,710 --> 00:19:58,919  
see

504  
00:20:06,789 --> 00:20:02,720  
forever at night

505  
00:20:08,230 --> 00:20:06,799  
and uh i i used to smoke

506  
00:20:10,549 --> 00:20:08,240  
back then i was i was probably a

507  
00:20:13,110 --> 00:20:10,559  
two-pack a day smoker

508  
00:20:15,350 --> 00:20:13,120  
and of course you can't do that while

509  
00:20:20,230 --> 00:20:15,360  
you're on post

510  
00:20:23,669 --> 00:20:20,240  
but well i'll come back to that because

511  
00:20:27,510 --> 00:20:23,679  
when we sorry when we uh

512  
00:20:29,430 --> 00:20:27,520  
when when i get on post it was very

513  
00:20:30,710 --> 00:20:29,440

different it was it was very obvious

514

00:20:33,830 --> 00:20:30,720

that this was not a

515

00:20:34,870 --> 00:20:33,840

normal situation because any time that

516

00:20:36,230 --> 00:20:34,880

you get

517

00:20:38,549 --> 00:20:36,240

you're you're told to guard something

518

00:20:40,070 --> 00:20:38,559

that you have written rules written

519

00:20:41,830 --> 00:20:40,080

regulations that you have in a little

520

00:20:43,750 --> 00:20:41,840

three-ring binder

521

00:20:46,549 --> 00:20:43,760

sounds stupid but you know the rules of

522

00:20:48,070 --> 00:20:46,559

engagements are there and they tell you

523

00:20:49,669 --> 00:20:48,080

this is when you can use deadly force

524

00:20:51,590 --> 00:20:49,679

this is when you can't use deadly force

525

00:20:52,070 --> 00:20:51,600

this is your patrol zone don't go more

526  
00:20:54,149 --> 00:20:52,080  
than

527  
00:20:55,270 --> 00:20:54,159  
30 meters away from this you know these

528  
00:20:57,510 --> 00:20:55,280  
are your

529  
00:20:58,470 --> 00:20:57,520  
these are the badges that authorized

530  
00:21:00,230 --> 00:20:58,480  
personnel

531  
00:21:02,310 --> 00:21:00,240  
are going to be carrying to identify

532  
00:21:03,909 --> 00:21:02,320  
who's supposed to come in and come out

533  
00:21:06,390 --> 00:21:03,919  
you know everything you're supposed to

534  
00:21:07,990 --> 00:21:06,400  
do and man in this circumstance there

535  
00:21:10,870 --> 00:21:08,000  
was none of that

536  
00:21:12,710 --> 00:21:10,880  
that did not exist and i can't remember

537  
00:21:14,789 --> 00:21:12,720  
it was a captain or a major or whomever

538  
00:21:18,149 --> 00:21:14,799

but uh but told me

539

00:21:20,070 --> 00:21:18,159

told me to uh what my rules of

540

00:21:22,710 --> 00:21:20,080

engagements were

541

00:21:23,830 --> 00:21:22,720

and uh he basically said see this crate

542

00:21:27,430 --> 00:21:23,840

i was like yeah

543

00:21:29,830 --> 00:21:27,440

it's big-ass wooden crate giant crate

544

00:21:32,230 --> 00:21:29,840

you guys all right don't get near it

545

00:21:35,590 --> 00:21:32,240

don't let anybody else near it

546

00:21:36,230 --> 00:21:35,600

like okay what do i do if people get

547

00:21:39,510 --> 00:21:36,240

near it

548

00:21:41,110 --> 00:21:39,520

like okay i get that part but what

549

00:21:44,630 --> 00:21:41,120

happens if somebody gets near it

550

00:21:47,830 --> 00:21:44,640

he's like shoot them oh

551  
00:21:49,510 --> 00:21:47,840  
okay that's fairly serious

552  
00:21:51,350 --> 00:21:49,520  
you know we don't typically shoot people

553  
00:21:53,750 --> 00:21:51,360  
especially in the middle of an exercise

554  
00:21:57,590 --> 00:21:53,760  
just for getting near something

555  
00:21:59,990 --> 00:21:57,600  
so that was that was red flag number two

556  
00:22:03,430 --> 00:22:00,000  
you know immediate use of deadly force

557  
00:22:04,950 --> 00:22:03,440  
just for somebody getting near this

558  
00:22:08,230 --> 00:22:04,960  
giant ass wooden crate with no

559  
00:22:11,270 --> 00:22:08,240  
nomenclature on it right

560  
00:22:12,149 --> 00:22:11,280  
and uh of course when you're i forget

561  
00:22:15,350 --> 00:22:12,159  
how old i was i'm

562  
00:22:17,190 --> 00:22:15,360  
24 25 years old you know i think at the

563  
00:22:20,070 --> 00:22:17,200

time i was probably an e3

564

00:22:22,789 --> 00:22:20,080

pretty low rank at the time and there's

565

00:22:24,710 --> 00:22:22,799

very little supervision out there

566

00:22:26,390 --> 00:22:24,720

it was just me and another another guy

567

00:22:27,990 --> 00:22:26,400

that i like i said i don't remember who

568

00:22:30,549 --> 00:22:28,000

he was

569

00:22:31,430 --> 00:22:30,559

and uh when you're told not to get near

570

00:22:34,070 --> 00:22:31,440

something

571

00:22:36,549 --> 00:22:34,080

and you're told you're not told why you

572

00:22:40,390 --> 00:22:36,559

get curious about it right

573

00:22:42,070 --> 00:22:40,400

so uh hell man i got near it i stood on

574

00:22:43,430 --> 00:22:42,080

it i sat on it i laid down on it i

575

00:22:45,750 --> 00:22:43,440

pissed on it

576

00:22:46,630 --> 00:22:45,760

um did just about everything that i was

577

00:22:49,669 --> 00:22:46,640

told not to do

578

00:22:50,710 --> 00:22:49,679

on this crate and uh

579

00:22:52,710 --> 00:22:50,720

going back to the point where i said i

580

00:22:54,470 --> 00:22:52,720

was about a two pack a day smoker of

581

00:22:55,350 --> 00:22:54,480

course i want a cigarette every 15

582

00:22:57,190 --> 00:22:55,360

minutes

583

00:22:59,029 --> 00:22:57,200

and you can't smoke when you're on post

584

00:23:01,190 --> 00:22:59,039

because it just gives your position away

585

00:23:02,549 --> 00:23:01,200

that just the cherry on that cigarette

586

00:23:03,830 --> 00:23:02,559

you know a pair of night vision goggles

587

00:23:05,750 --> 00:23:03,840

and enemy hands they can see you from

588

00:23:07,190 --> 00:23:05,760

like a mile and a half away and

589

00:23:08,789 --> 00:23:07,200

i didn't really want to get shot in the

590

00:23:11,029 --> 00:23:08,799

face so

591

00:23:12,950 --> 00:23:11,039

i would literally walk away from my

592

00:23:13,669 --> 00:23:12,960

assigned post and climb up on a sand

593

00:23:16,070 --> 00:23:13,679

dune

594

00:23:17,430 --> 00:23:16,080

where i could still pretty much see what

595

00:23:20,230 --> 00:23:17,440

it was that i needed to see

596

00:23:21,909 --> 00:23:20,240

but i wasn't anywhere close to my my

597

00:23:23,510 --> 00:23:21,919

required responsibilities and i'd sit up

598

00:23:25,110 --> 00:23:23,520

there on that sand dune and i'd

599

00:23:27,510 --> 00:23:25,120

i'd smoke my cigarette and then when i

600

00:23:28,870 --> 00:23:27,520

was done i'd go back and uh

601  
00:23:31,909 --> 00:23:28,880  
and walk back over to where i'm supposed

602  
00:23:33,830 --> 00:23:31,919  
to be and uh

603  
00:23:35,430 --> 00:23:33,840  
the guy that i was that i was posted

604  
00:23:37,110 --> 00:23:35,440  
with he would go out there with me every

605  
00:23:41,990 --> 00:23:37,120  
now and then

606  
00:23:43,430 --> 00:23:42,000  
and on the night that i saw what i saw

607  
00:23:45,190 --> 00:23:43,440  
it was just it was like i said it was a

608  
00:23:49,430 --> 00:23:45,200  
cloudless night

609  
00:23:51,190 --> 00:23:49,440  
perfectly beautiful outside no

610  
00:23:53,110 --> 00:23:51,200  
i climbed up on the sand dune and i kind

611  
00:23:55,350 --> 00:23:53,120  
of laid down and

612  
00:23:58,470 --> 00:23:55,360  
smoking a cigarette and he came over and

613  
00:24:01,110 --> 00:23:58,480

he copped a squat beside me

614

00:24:02,070 --> 00:24:01,120

and uh he's smoking as well i just got

615

00:24:04,630 --> 00:24:02,080

really bored

616

00:24:05,510 --> 00:24:04,640

and i took my night vision goggles out

617

00:24:10,149 --> 00:24:05,520

and i

618

00:24:11,590 --> 00:24:10,159

i just started looking up at the sky

619

00:24:13,909 --> 00:24:11,600

and i don't i don't know if you've ever

620

00:24:15,669 --> 00:24:13,919

worn nvgs or if any of your listeners

621

00:24:18,470 --> 00:24:15,679

have ever looked through them but

622

00:24:20,549 --> 00:24:18,480

as many thousands of stars as you can

623

00:24:23,269 --> 00:24:20,559

see without them

624

00:24:24,470 --> 00:24:23,279

multiply that by another million when

625

00:24:27,990 --> 00:24:24,480

you're looking

626  
00:24:31,430 --> 00:24:28,000  
with them and the cosmos just

627  
00:24:34,470 --> 00:24:31,440  
opens up you can see

628  
00:24:36,230 --> 00:24:34,480  
everything man i mean you're

629  
00:24:37,830 --> 00:24:36,240  
you can see star constellations and

630  
00:24:41,430 --> 00:24:37,840  
patterns that you did not even know

631  
00:24:44,310 --> 00:24:41,440  
existed um

632  
00:24:46,070 --> 00:24:44,320  
and i'm just i'm fascinated i'm just

633  
00:24:49,669 --> 00:24:46,080  
mesmerized by by

634  
00:24:52,230 --> 00:24:49,679  
looking at everything and then uh

635  
00:24:53,830 --> 00:24:52,240  
then i saw what i saw and it it freaked

636  
00:24:55,669 --> 00:24:53,840  
me the hell out

637  
00:24:57,750 --> 00:24:55,679  
um when you're looking through these

638  
00:24:59,510 --> 00:24:57,760

these nvgs you know these are old ones

639

00:25:03,269 --> 00:24:59,520

because this is back in the

640

00:25:05,990 --> 00:25:03,279

you know the the early 90s mid 90s

641

00:25:07,590 --> 00:25:06,000

i think these were the old a and b pvs 7

642

00:25:10,950 --> 00:25:07,600

bravos

643

00:25:13,909 --> 00:25:10,960

they were up to the 14s now i think

644

00:25:16,390 --> 00:25:13,919

so seven generations later but you had

645

00:25:17,909 --> 00:25:16,400

about a 40 degree field of view

646

00:25:20,230 --> 00:25:17,919

but when you're on the surface of the

647

00:25:21,029 --> 00:25:20,240

earth looking up at the the universe 40

648

00:25:25,110 --> 00:25:21,039

degrees still

649

00:25:27,029 --> 00:25:25,120

spans a lot of space right

650

00:25:28,149 --> 00:25:27,039

and basically what i saw is i saw a

651  
00:25:30,789 --> 00:25:28,159  
pinpoint of light

652  
00:25:32,149 --> 00:25:30,799  
come from behind me because keep in mind

653  
00:25:35,430 --> 00:25:32,159  
i'm lying on my back

654  
00:25:37,190 --> 00:25:35,440  
so i'm looking straight up and i see a

655  
00:25:39,909 --> 00:25:37,200  
pinpoint of light that comes

656  
00:25:41,350 --> 00:25:39,919  
from my six o'clock position and then

657  
00:25:44,390 --> 00:25:41,360  
goes up to my top dead

658  
00:25:47,750 --> 00:25:44,400  
center and then makes a 90 degree angle

659  
00:25:51,430 --> 00:25:47,760  
and shoots off uh to my left to my uh

660  
00:25:52,950 --> 00:25:51,440  
my nine o'clock in the first time i saw

661  
00:25:54,870 --> 00:25:52,960  
it i was like

662  
00:25:57,990 --> 00:25:54,880  
time to change the batteries the imaging

663  
00:25:59,750 --> 00:25:58,000

tubes taking a dump

664

00:26:02,070 --> 00:25:59,760

so they uh they ran on i think it was

665

00:26:04,149 --> 00:26:02,080

cr124 batteries or something like that

666

00:26:05,269 --> 00:26:04,159

so i swapped out the batteries and i saw

667

00:26:07,590 --> 00:26:05,279

it again

668

00:26:09,510 --> 00:26:07,600

i'm like okay not the battery imaging

669

00:26:11,029 --> 00:26:09,520

tube has dust in it

670

00:26:12,630 --> 00:26:11,039

so i'm laying there and i take the the

671

00:26:15,510 --> 00:26:12,640

imaging tube apart and

672

00:26:16,630 --> 00:26:15,520

blow on it a couple times and slap it

673

00:26:19,909 --> 00:26:16,640

back together

674

00:26:22,549 --> 00:26:19,919

look back up and see it again

675

00:26:23,350 --> 00:26:22,559

and i keep seeing it over and over and

676  
00:26:26,549 --> 00:26:23,360  
over again

677  
00:26:29,350 --> 00:26:26,559  
same pattern same thing it just

678  
00:26:30,070 --> 00:26:29,360  
flies from my six o'clock top dead

679  
00:26:31,669 --> 00:26:30,080  
center

680  
00:26:33,590 --> 00:26:31,679  
shoots off to the left and this is

681  
00:26:37,110 --> 00:26:33,600  
horizon to horizon man

682  
00:26:38,870 --> 00:26:37,120  
and it's happening repeatedly in under

683  
00:26:41,350 --> 00:26:38,880  
two seconds

684  
00:26:42,470 --> 00:26:41,360  
so i just take my nods off i give them

685  
00:26:43,909 --> 00:26:42,480  
to the guy

686  
00:26:45,510 --> 00:26:43,919  
that's out there with me and he's like

687  
00:26:46,950 --> 00:26:45,520  
what and i was like just look

688  
00:26:49,830 --> 00:26:46,960

he's like what am i looking for i was

689

00:26:53,350 --> 00:26:49,840

like just look

690

00:26:54,789 --> 00:26:53,360

and he puts them on and it was a couple

691

00:26:57,029 --> 00:26:54,799

well probably about a minute or so it

692

00:26:59,750 --> 00:26:57,039

goes by and he doesn't do anything and

693

00:27:01,430 --> 00:26:59,760

i'm like [h\_\_h] he's not seeing what i saw

694

00:27:03,350 --> 00:27:01,440

and the next thing i said oh i saw his

695

00:27:05,590 --> 00:27:03,360

head track i saw his head

696

00:27:06,870 --> 00:27:05,600

bound down and then swing off to the

697

00:27:09,830 --> 00:27:06,880

left and i'm like yep

698

00:27:10,630 --> 00:27:09,840

he saw it he took the night vision

699

00:27:12,310 --> 00:27:10,640

goggles off

700

00:27:14,470 --> 00:27:12,320

he handed them back to me he lit a

701

00:27:16,230 --> 00:27:14,480

cigarette and then he walked off

702

00:27:18,149 --> 00:27:16,240

he did not mention it he did not say

703

00:27:19,110 --> 00:27:18,159

anything about it he just handed them

704

00:27:21,510 --> 00:27:19,120

back to me and

705

00:27:22,470 --> 00:27:21,520

walked off and he and i never said

706

00:27:25,669 --> 00:27:22,480

anything

707

00:27:27,590 --> 00:27:25,679

about it again and of course

708

00:27:29,190 --> 00:27:27,600

because i had walked off post to go get

709

00:27:30,710 --> 00:27:29,200

a cigarette i couldn't tell anybody

710

00:27:32,549 --> 00:27:30,720

about it i couldn't go into the command

711

00:27:34,149 --> 00:27:32,559

post tent and say hey major uh

712

00:27:35,830 --> 00:27:34,159

you know when i was 100 meters away from

713

00:27:36,630 --> 00:27:35,840

my assigned position i saw something

714

00:27:38,070 --> 00:27:36,640

that

715

00:27:39,430 --> 00:27:38,080

i shouldn't have seen because i was

716

00:27:40,870 --> 00:27:39,440

smoking where i wasn't supposed to be

717

00:27:42,310 --> 00:27:40,880

smoking and doing something that i was

718

00:27:44,789 --> 00:27:42,320

told not to do so

719

00:27:46,549 --> 00:27:44,799

i couldn't say it to anybody i couldn't

720

00:27:50,549 --> 00:27:46,559

tell anybody about it

721

00:27:51,669 --> 00:27:50,559

and uh all i know is that it's not an

722

00:27:58,630 --> 00:27:51,679

aircraft

723

00:28:00,310 --> 00:27:58,640

night vision goggles you can see the

724

00:28:01,350 --> 00:28:00,320

strobe lights you can see the wing tips

725

00:28:04,630 --> 00:28:01,360

you can see

726

00:28:06,070 --> 00:28:04,640

compartments because with the night

727

00:28:06,950 --> 00:28:06,080

vision goggles that's what it does it

728

00:28:11,190 --> 00:28:06,960

amplifies

729

00:28:12,870 --> 00:28:11,200

light and even if we're talking 30 40

730

00:28:13,750 --> 00:28:12,880

000 feet up you're going to see an

731

00:28:15,830 --> 00:28:13,760

aircraft

732

00:28:18,630 --> 00:28:15,840

with night fishing goggles especially

733

00:28:20,789 --> 00:28:18,640

when there's no clouds

734

00:28:22,710 --> 00:28:20,799

you're going to see satellites and i did

735

00:28:26,149 --> 00:28:22,720

see satellites

736

00:28:28,870 --> 00:28:26,159

in in very slow orbital smooth

737

00:28:32,950 --> 00:28:28,880

paths and patterns that don't change

738

00:28:38,789 --> 00:28:36,789

this was not an aircraft it was not

739

00:28:40,870 --> 00:28:38,799

a satellite it was something that would

740

00:28:43,430 --> 00:28:40,880

be able to traverse

741

00:28:45,269 --> 00:28:43,440

from one horizon to the other horizon

742

00:28:47,430 --> 00:28:45,279

with a 90 degree turn in the middle

743

00:28:48,549 --> 00:28:47,440

breaking the laws of the conservation of

744

00:28:50,510 --> 00:28:48,559

momentum

745

00:28:51,750 --> 00:28:50,520

in under two seconds we're talking

746

00:28:55,750 --> 00:28:51,760

hypersonic

747

00:28:58,789 --> 00:28:55,760

velocities uh we don't have that

748

00:29:00,630 --> 00:28:58,799

we just simply don't have that

749

00:29:04,149 --> 00:29:00,640

and when i was when i was doing the

750

00:29:07,269 --> 00:29:04,159

interview for unidentified i recounted

751

00:29:10,310 --> 00:29:07,279

that exact same story and

752

00:29:13,029 --> 00:29:10,320

it kind of creeped me out because lou

753

00:29:14,870 --> 00:29:13,039

lou looked at me at the end of my my

754

00:29:18,149 --> 00:29:14,880

testimony and he said

755

00:29:21,350 --> 00:29:18,159

jeremy do you do you think it was

756

00:29:22,230 --> 00:29:21,360

one craft repeating the pattern or do

757

00:29:25,110 --> 00:29:22,240

you think it was

758

00:29:27,590 --> 00:29:25,120

multiple craft following the same

759

00:29:30,070 --> 00:29:27,600

pattern

760

00:29:31,669 --> 00:29:30,080

and that freaked me the hell out because

761

00:29:34,710 --> 00:29:31,679

until that point i had

762

00:29:39,350 --> 00:29:34,720

never even considered the possibility

763

00:29:45,830 --> 00:29:42,950

and since that day on unidentified i've

764

00:29:47,430 --> 00:29:45,840

i've maintained a friendship with lou

765

00:29:49,110 --> 00:29:47,440

and i've developed a friendship with

766

00:29:52,870 --> 00:29:49,120

sean

767

00:29:54,549 --> 00:29:52,880

and it had never been my intention to

768

00:29:57,590 --> 00:29:54,559

climb down the rabbit hole i

769

00:29:59,909 --> 00:29:57,600

just wanted a personal validation

770

00:30:00,630 --> 00:29:59,919

i wanted to find that other guy and have

771

00:30:03,830 --> 00:30:00,640

him

772

00:30:05,909 --> 00:30:03,840

tell me that he saw what i saw

773

00:30:08,149 --> 00:30:05,919

and that was going to be the end of it

774

00:30:09,110 --> 00:30:08,159

but holy crap have i opened up a can of

775

00:30:11,110 --> 00:30:09,120

worms

776

00:30:14,710 --> 00:30:11,120

and i am i am now in a place that i

777

00:30:18,870 --> 00:30:17,110

it's it's an interesting place that

778

00:30:21,430 --> 00:30:18,880

you're in because

779

00:30:22,070 --> 00:30:21,440

well i think these things are meant to

780

00:30:24,389 --> 00:30:22,080

be in a way

781

00:30:26,310 --> 00:30:24,399

at least it seems that way when you're

782

00:30:28,789 --> 00:30:26,320

dealing with uap and that sounds

783

00:30:30,230 --> 00:30:28,799

super crazy like half the people i know

784

00:30:33,430 --> 00:30:30,240

think i'm crazy

785

00:30:35,190 --> 00:30:33,440

and it's because once you start talking

786

00:30:37,990 --> 00:30:35,200

about these things

787

00:30:39,190 --> 00:30:38,000

it uh you're just cater categorized into

788

00:30:41,029 --> 00:30:39,200

a section of

789

00:30:42,470 --> 00:30:41,039

society that it's like don't pay

790

00:30:45,750 --> 00:30:42,480

attention to them

791

00:30:48,630 --> 00:30:45,760

yet lou is somebody who i've met

792

00:30:49,269 --> 00:30:48,640

quality individual his word is his bond

793

00:30:51,590 --> 00:30:49,279

and

794

00:30:53,430 --> 00:30:51,600

it's something you can take to the bank

795

00:30:58,389 --> 00:30:53,440

and um

796

00:31:02,310 --> 00:30:58,399

you know you're a desert storm veteran

797

00:31:04,950 --> 00:31:02,320

you were involved with very

798

00:31:05,430 --> 00:31:04,960

intricate missions possibly within

799

00:31:08,549 --> 00:31:05,440

inches

800

00:31:10,230 --> 00:31:08,559

it sounds like maybe closer to an ss24

801  
00:31:14,310 --> 00:31:10,240  
nuclear warhead

802  
00:31:16,230 --> 00:31:14,320  
and you know this is exactly

803  
00:31:18,070 --> 00:31:16,240  
you guys are exactly the kind of people

804  
00:31:19,590 --> 00:31:18,080  
that we need to protect

805  
00:31:21,750 --> 00:31:19,600  
us from this sort of thing because who

806  
00:31:24,630 --> 00:31:21,760  
knows what hands if that is

807  
00:31:27,029 --> 00:31:24,640  
in fact what it is or was what hands

808  
00:31:30,630 --> 00:31:27,039  
that may have possibly gotten into

809  
00:31:32,710 --> 00:31:30,640  
but the wording is very difficult in

810  
00:31:35,430 --> 00:31:32,720  
these scenarios because once you

811  
00:31:38,070 --> 00:31:35,440  
mention uap involved with anything and

812  
00:31:41,509 --> 00:31:38,080  
it can be a top secret mission it can be

813  
00:31:43,110 --> 00:31:41,519

uh u.s war games systems it can be

814

00:31:46,149 --> 00:31:43,120

anything you want to mention

815

00:31:46,789 --> 00:31:46,159

you you mention ufo uap or something in

816

00:31:49,909 --> 00:31:46,799

the sky

817

00:31:50,470 --> 00:31:49,919

and people just just close off have you

818

00:31:53,830 --> 00:31:50,480

noticed

819

00:31:57,430 --> 00:31:53,840

any of that uh since since you were on

820

00:32:00,630 --> 00:31:57,440

unidentified uh

821

00:32:02,070 --> 00:32:00,640

yeah and to be honest with you i i'm

822

00:32:05,990 --> 00:32:02,080

guilty of it

823

00:32:07,750 --> 00:32:06,000

um man i saw something

824

00:32:09,590 --> 00:32:07,760

i'm not going to say that i experienced

825

00:32:12,470 --> 00:32:09,600

anything because

826

00:32:13,509 --> 00:32:12,480

i didn't experience anything i i

827

00:32:17,669 --> 00:32:13,519

witnessed

828

00:32:25,990 --> 00:32:22,070

but i grew up with that stigma

829

00:32:29,269 --> 00:32:26,000

i i matured in the military

830

00:32:29,990 --> 00:32:29,279

and the way that the military treated

831

00:32:33,430 --> 00:32:30,000

people who

832

00:32:34,710 --> 00:32:33,440

mentioned ufos whether they be pilots or

833

00:32:37,669 --> 00:32:34,720

whether they be

834

00:32:39,750 --> 00:32:37,679

uh missile techs or whomever it happened

835

00:32:41,350 --> 00:32:39,760

to be that said hey i saw a ufo i mean

836

00:32:43,669 --> 00:32:41,360

you know you didn't see those guys again

837

00:32:44,230 --> 00:32:43,679

or they went they went to the hospital

838

00:32:46,389 --> 00:32:44,240

and

839

00:32:50,389 --> 00:32:46,399

you know when they came back they they

840

00:32:57,830 --> 00:32:55,029

so to this day

841

00:33:00,630 --> 00:32:57,840

when somebody tells me that they've had

842

00:33:03,669 --> 00:33:00,640

an experience or they've seen something

843

00:33:07,190 --> 00:33:03,679

my default personal position

844

00:33:08,830 --> 00:33:07,200

is super skeptical and what the hell is

845

00:33:12,789 --> 00:33:08,840

wrong with you

846

00:33:14,710 --> 00:33:12,799

right you know if somebody tells me that

847

00:33:16,310 --> 00:33:14,720

they were driving down a country road at

848

00:33:18,389 --> 00:33:16,320

11 o'clock at night and the black

849

00:33:20,549 --> 00:33:18,399

triangle hovered over top of them and

850

00:33:21,830 --> 00:33:20,559

their radio turned off and they lost two

851  
00:33:25,509 --> 00:33:21,840  
hours and

852  
00:33:29,350 --> 00:33:25,519  
i'm like what were you smoking

853  
00:33:30,789 --> 00:33:29,360  
were you drinking mushroom tea and

854  
00:33:33,269 --> 00:33:30,799  
how many other lies have you told

855  
00:33:36,070 --> 00:33:33,279  
throughout the course of your your life

856  
00:33:37,269 --> 00:33:36,080  
i default immediately to the negative

857  
00:33:38,950 --> 00:33:37,279  
connotations of

858  
00:33:41,430 --> 00:33:38,960  
this is impossible and i don't believe

859  
00:33:44,310 --> 00:33:41,440  
you um

860  
00:33:46,149 --> 00:33:44,320  
and i should not do that because i'm in

861  
00:33:48,230 --> 00:33:46,159  
that world now

862  
00:33:49,830 --> 00:33:48,240  
you know i've never been abducted i've

863  
00:33:53,590 --> 00:33:49,840

never had any

864

00:33:56,710 --> 00:33:53,600

ce5 types of experiences

865

00:34:00,389 --> 00:33:56,720

but what i saw should tell me that

866

00:34:03,029 --> 00:34:00,399

anything else is possible but i'm still

867

00:34:07,350 --> 00:34:03,039

defaulting to that

868

00:34:09,349 --> 00:34:07,360

what is wrong with you mentality

869

00:34:11,430 --> 00:34:09,359

and there's nothing wrong with that i do

870

00:34:12,230 --> 00:34:11,440

the same thing and and this is sort of

871

00:34:14,149 --> 00:34:12,240

what i do

872

00:34:16,869 --> 00:34:14,159

that gets a passion of mine and yet

873

00:34:21,109 --> 00:34:16,879

still you know i would say 90

874

00:34:24,069 --> 00:34:21,119

of the well i won't get into it but yeah

875

00:34:24,710 --> 00:34:24,079

the the the people throwing stuff uh up

876

00:34:27,109 --> 00:34:24,720

in the air

877

00:34:28,869 --> 00:34:27,119

and and claiming what they're seeing is

878

00:34:31,270 --> 00:34:28,879

something that it may not be

879

00:34:32,629 --> 00:34:31,280

um or or maybe misidentifying things

880

00:34:34,149 --> 00:34:32,639

which is very common

881

00:34:35,990 --> 00:34:34,159

we're really talk i mean that's what i

882

00:34:38,230 --> 00:34:36,000

love about unidentified and

883

00:34:39,030 --> 00:34:38,240

unidentified aerial phenomena is we

884

00:34:42,069 --> 00:34:39,040

don't know

885

00:34:44,950 --> 00:34:42,079

what it is and yeah this is

886

00:34:45,909 --> 00:34:44,960

this is this is a matter of national

887

00:34:49,349 --> 00:34:45,919

security

888

00:34:52,550 --> 00:34:49,359

and i believe that

889

00:34:56,069 --> 00:34:52,560

luckily for for that luckily for that

890

00:34:59,670 --> 00:34:56,079

the the entire ufo uap culture is

891

00:35:03,270 --> 00:34:59,680

changing because

892

00:35:07,270 --> 00:35:03,280

military involvement and that human

893

00:35:09,430 --> 00:35:07,280

element to that is corroborating

894

00:35:10,470 --> 00:35:09,440

things that in the past there was

895

00:35:13,829 --> 00:35:10,480

literally just

896

00:35:15,270 --> 00:35:13,839

a just a brick wall you you couldn't

897

00:35:17,510 --> 00:35:15,280

there's no communication have you

898

00:35:20,390 --> 00:35:17,520

noticed a lot of that changing

899

00:35:22,390 --> 00:35:20,400

yeah yeah there's there's a tremendous

900

00:35:25,750 --> 00:35:22,400

amount

901  
00:35:30,069 --> 00:35:29,190  
a reduction in in the negative

902  
00:35:35,270 --> 00:35:30,079  
connotations

903  
00:35:39,430 --> 00:35:38,790  
it's not gone i don't know if it'll ever

904  
00:35:43,349 --> 00:35:39,440  
be gone

905  
00:35:44,630 --> 00:35:43,359  
because i think at the same time that

906  
00:35:46,870 --> 00:35:44,640  
people are getting to be more

907  
00:35:49,430 --> 00:35:46,880  
comfortable with their abilities to to

908  
00:35:52,230 --> 00:35:49,440  
come forward and talk about it

909  
00:35:55,109 --> 00:35:52,240  
there are people who just simply want

910  
00:35:57,510 --> 00:35:55,119  
their 15 minutes and they don't care

911  
00:35:59,030 --> 00:35:57,520  
what [h\_\_h] sorry that they make up

912  
00:36:03,430 --> 00:35:59,040  
for this

913  
00:36:08,470 --> 00:36:06,710

we're still we're we are always going to

914

00:36:11,030 --> 00:36:08,480

be faced

915

00:36:12,790 --> 00:36:11,040

with the guy wearing the wife beater

916

00:36:14,230 --> 00:36:12,800

chain smoking newport standing out

917

00:36:16,470 --> 00:36:14,240

behind the trailer

918

00:36:17,750 --> 00:36:16,480

in his mama's trailer court in southern

919

00:36:21,589 --> 00:36:17,760

georgia saying

920

00:36:23,990 --> 00:36:21,599

he had an anal probe that is going to be

921

00:36:24,950 --> 00:36:24,000

a personality type that we will forever

922

00:36:28,710 --> 00:36:24,960

contend with

923

00:36:31,910 --> 00:36:28,720

that reduces the credibility of

924

00:36:39,990 --> 00:36:35,829

and it's sad because

925

00:36:44,069 --> 00:36:40,000

there's no reason there's no legitimate

926

00:36:46,069 --> 00:36:44,079

reason for people to do that um

927

00:36:47,670 --> 00:36:46,079

i think if you spend enough time looking

928

00:36:49,990 --> 00:36:47,680

you're going to see something regardless

929

00:36:53,190 --> 00:36:50,000

you don't need to make it up

930

00:36:53,990 --> 00:36:53,200

that's exactly right i agree with you

931

00:36:57,190 --> 00:36:54,000

100

932

00:37:00,790 --> 00:36:57,200

that uh without it's not a matter of

933

00:37:03,349 --> 00:37:00,800

if but when and like that i mean

934

00:37:04,710 --> 00:37:03,359

your experience in the deserts of jordan

935

00:37:06,870 --> 00:37:04,720

that just kind of takes you there

936

00:37:08,790 --> 00:37:06,880

because that's exactly the kind of place

937

00:37:11,270 --> 00:37:08,800

that you would perfectly envision

938

00:37:13,109 --> 00:37:11,280

something like this being more obvious

939

00:37:15,030 --> 00:37:13,119

and readily visible than

940

00:37:17,430 --> 00:37:15,040

near a city with ambient light i mean

941

00:37:20,470 --> 00:37:17,440

some of this stuff could be taking place

942

00:37:22,710 --> 00:37:20,480

all the time and we have no idea the

943

00:37:23,670 --> 00:37:22,720

interesting thing about the nuclear

944

00:37:26,950 --> 00:37:23,680

aspect is

945

00:37:29,030 --> 00:37:26,960

there's a ton of evidence and i mean a

946

00:37:31,109 --> 00:37:29,040

ton and this is a rabbit hole that i

947

00:37:34,150 --> 00:37:31,119

have not wanted to look down

948

00:37:35,750 --> 00:37:34,160

i find other rabbit holes more appealing

949

00:37:37,750 --> 00:37:35,760

if you want to call it that but it's one

950

00:37:40,230 --> 00:37:37,760

that cannot be denied the

951  
00:37:41,510 --> 00:37:40,240  
the nuclear aspect we have major

952  
00:37:44,710 --> 00:37:41,520  
countries

953  
00:37:47,270 --> 00:37:44,720  
all corroborating that uh

954  
00:37:49,109 --> 00:37:47,280  
systems weapon systems are being being

955  
00:37:49,990 --> 00:37:49,119  
checked and analyzed and shut off and

956  
00:37:53,750 --> 00:37:50,000  
turned on and

957  
00:37:56,390 --> 00:37:53,760  
all kinds of stuff there

958  
00:37:56,950 --> 00:37:56,400  
there's there's something to it i i

959  
00:38:00,470 --> 00:37:56,960  
don't

960  
00:38:04,390 --> 00:38:00,480  
know what it is and thanks to sean

961  
00:38:06,470 --> 00:38:04,400  
who is probably one of the most stand-up

962  
00:38:08,069 --> 00:38:06,480  
people that i've that i've ever met uh

963  
00:38:11,510 --> 00:38:08,079

inside or outside of this

964

00:38:15,270 --> 00:38:11,520

this arena um sean and i have had

965

00:38:16,790 --> 00:38:15,280

god we've had hours and hours and hours

966

00:38:20,150 --> 00:38:16,800

of conversations

967

00:38:21,270 --> 00:38:20,160

uh about this and about the phenomenon

968

00:38:25,190 --> 00:38:21,280

in general and just

969

00:38:29,030 --> 00:38:25,200

about things but i've started

970

00:38:30,390 --> 00:38:29,040

down the road of how we're talking right

971

00:38:32,310 --> 00:38:30,400

now about the uh

972

00:38:34,870 --> 00:38:32,320

the relationship between the nuclear

973

00:38:37,990 --> 00:38:34,880

aspect and the uap phenomenon

974

00:38:41,190 --> 00:38:38,000

sean and i have have really tilted the

975

00:38:45,109 --> 00:38:41,200

conversation to the consciousness aspect

976

00:38:48,550 --> 00:38:45,119

in the uap phenomena and

977

00:38:52,069 --> 00:38:48,560

i'm beginning to wonder

978

00:38:55,990 --> 00:38:52,079

if the nuclear aspect

979

00:38:59,270 --> 00:38:56,000

is tied to the consciousness aspect

980

00:39:04,630 --> 00:38:59,280

just because of the capabilities of

981

00:39:08,310 --> 00:39:04,640

mass destruction that the nukes possess

982

00:39:10,470 --> 00:39:08,320

yeah i think that's

983

00:39:11,510 --> 00:39:10,480

that's a good uh that's a good analogy

984

00:39:13,910 --> 00:39:11,520

because

985

00:39:15,829 --> 00:39:13,920

that's more the appealing area that i

986

00:39:16,790 --> 00:39:15,839

like to go down is the consciousness

987

00:39:20,710 --> 00:39:16,800

aspect because

988

00:39:23,270 --> 00:39:20,720

it does appear that uh there's

989

00:39:23,990 --> 00:39:23,280

a lot of evidence for the consciousness

990

00:39:27,109 --> 00:39:24,000

aspect

991

00:39:28,230 --> 00:39:27,119

and what what exactly they're trying to

992

00:39:30,630 --> 00:39:28,240

do or

993

00:39:31,510 --> 00:39:30,640

what they're trying to keep us from

994

00:39:34,630 --> 00:39:31,520

doing

995

00:39:35,270 --> 00:39:34,640

it's it's very difficult to tell and you

996

00:39:37,510 --> 00:39:35,280

know

997

00:39:38,550 --> 00:39:37,520

when you have that that oddball wrench

998

00:39:41,349 --> 00:39:38,560

of the guy

999

00:39:41,990 --> 00:39:41,359

getting probed calling in constantly it

1000

00:39:44,630 --> 00:39:42,000

makes things

1001  
00:39:46,150 --> 00:39:44,640  
difficult not to take away from you know

1002  
00:39:49,430 --> 00:39:46,160  
there's mental illness there's

1003  
00:39:53,030 --> 00:39:49,440  
actual abduction cases and and and

1004  
00:39:55,510 --> 00:39:53,040  
you know sure through the right prism

1005  
00:39:56,550 --> 00:39:55,520  
of view it might be the same elephant in

1006  
00:39:59,270 --> 00:39:56,560  
the room but it's

1007  
00:40:00,950 --> 00:39:59,280  
nowhere near the same uh thing that

1008  
00:40:02,069 --> 00:40:00,960  
we're looking at discussing or talking

1009  
00:40:04,390 --> 00:40:02,079  
about and

1010  
00:40:05,990 --> 00:40:04,400  
it makes it very difficult because you

1011  
00:40:07,990 --> 00:40:06,000  
know people want answers they want

1012  
00:40:11,349 --> 00:40:08,000  
disclosure

1013  
00:40:14,230 --> 00:40:11,359

and my fear is

1014

00:40:15,750 --> 00:40:14,240

uh that already the little bit of

1015

00:40:20,069 --> 00:40:15,760

disclosure we've had

1016

00:40:22,710 --> 00:40:20,079

you have people that are abandoning all

1017

00:40:24,069 --> 00:40:22,720

more of those people that we were just

1018

00:40:25,510 --> 00:40:24,079

discussing are showing up in the

1019

00:40:28,230 --> 00:40:25,520

woodwork but

1020

00:40:29,430 --> 00:40:28,240

there's uh there's there's a legitimacy

1021

00:40:33,109 --> 00:40:29,440

to it too

1022

00:40:35,030 --> 00:40:33,119

yeah we're not to the point

1023

00:40:37,030 --> 00:40:35,040

where you can stop paying your mortgage

1024

00:40:39,270 --> 00:40:37,040

and stop brushing your teeth and

1025

00:40:40,870 --> 00:40:39,280

and you know stop doing your daily

1026

00:40:44,230 --> 00:40:40,880

routine we are

1027

00:40:47,030 --> 00:40:44,240

still in our definition humans

1028

00:40:48,470 --> 00:40:47,040

with a daily life regardless of what we

1029

00:40:51,190 --> 00:40:48,480

believe

1030

00:40:53,109 --> 00:40:51,200

may be the answer to this you can't just

1031

00:40:57,670 --> 00:40:53,119

become the fisher king

1032

00:41:04,150 --> 00:41:01,109

so until we have a good

1033

00:41:05,430 --> 00:41:04,160

understanding and a good handle on the

1034

00:41:07,589 --> 00:41:05,440

relationship between

1035

00:41:09,030 --> 00:41:07,599

between consciousness and the uap

1036

00:41:12,150 --> 00:41:09,040

phenomenon

1037

00:41:14,069 --> 00:41:12,160

we can't separate ourselves from what

1038

00:41:17,030 --> 00:41:14,079

we've been doing for the last

1039

00:41:21,270 --> 00:41:17,040

150 000 years you know we've got to

1040

00:41:23,829 --> 00:41:21,280

continue pushing forward as humanity

1041

00:41:24,550 --> 00:41:23,839

in our definition of of what humanity is

1042

00:41:26,390 --> 00:41:24,560

now

1043

00:41:28,950 --> 00:41:26,400

at the same time we may be in the

1044

00:41:32,470 --> 00:41:28,960

process of changing that definition

1045

00:41:36,230 --> 00:41:32,480

we may be in the process of accepting

1046

00:41:39,430 --> 00:41:36,240

that uh humanity means a lot more

1047

00:41:42,630 --> 00:41:39,440

than just us in

1048

00:41:43,990 --> 00:41:42,640

flesh and bone uh but we're not there

1049

00:41:47,670 --> 00:41:44,000

yet

1050

00:41:50,150 --> 00:41:47,680

yeah great stuff and i wanna

1051  
00:41:52,870 --> 00:41:50,160  
not totally jump ship because it's such

1052  
00:41:56,390 --> 00:41:52,880  
a great conversation but i cannot get

1053  
00:41:58,309 --> 00:41:56,400  
through the podcast and not uh mention

1054  
00:42:02,630 --> 00:41:58,319  
not only your awesome vehicle because

1055  
00:42:05,030 --> 00:42:02,640  
i'm a land rover fan and kind of a

1056  
00:42:06,550 --> 00:42:05,040  
but uh i i want to also mention what

1057  
00:42:08,390 --> 00:42:06,560  
you're doing with it what you're bolting

1058  
00:42:08,630 --> 00:42:08,400  
to it and what your plans are for it can

1059  
00:42:11,589 --> 00:42:08,640  
we

1060  
00:42:12,950 --> 00:42:11,599  
discuss that a bit yeah absolutely

1061  
00:42:13,990 --> 00:42:12,960  
absolutely i appreciate you bringing

1062  
00:42:17,750 --> 00:42:14,000  
that up in

1063  
00:42:21,190 --> 00:42:17,760

um so i was on uh

1064

00:42:24,150 --> 00:42:21,200

another podcast uh with andrew hall

1065

00:42:25,829 --> 00:42:24,160

it was called dead hand radio and we

1066

00:42:27,670 --> 00:42:25,839

were discussing uh

1067

00:42:30,630 --> 00:42:27,680

a lot of different things and i believe

1068

00:42:32,069 --> 00:42:30,640

andrew had asked me what i would be

1069

00:42:34,790 --> 00:42:32,079

doing

1070

00:42:36,790 --> 00:42:34,800

if if i could control the narrative on

1071

00:42:37,829 --> 00:42:36,800

the uap phenomenon or something to that

1072

00:42:39,589 --> 00:42:37,839

aspect

1073

00:42:41,349 --> 00:42:39,599

and i i basically told her i was like

1074

00:42:44,309 --> 00:42:41,359

man we need standardization

1075

00:42:45,589 --> 00:42:44,319

of information collection you know

1076

00:42:49,270 --> 00:42:45,599

everybody has

1077

00:42:49,750 --> 00:42:49,280

a cell phone and it's a nokia or a hue

1078

00:42:52,710 --> 00:42:49,760

way

1079

00:42:54,230 --> 00:42:52,720

or an iphone or an android or whatever

1080

00:42:56,870 --> 00:42:54,240

it is and they all have different camera

1081

00:42:59,910 --> 00:42:56,880

systems and different processors and

1082

00:43:03,430 --> 00:42:59,920

uh you know horizontal and vertical

1083

00:43:06,790 --> 00:43:03,440

and it's just different

1084

00:43:08,309 --> 00:43:06,800

and they're not designed to collect the

1085

00:43:08,870 --> 00:43:08,319

evidence that we're attempting to

1086

00:43:12,069 --> 00:43:08,880

collect

1087

00:43:14,470 --> 00:43:12,079

with them right so yes all

1088

00:43:15,589 --> 00:43:14,480

ufo pictures are looking like a giant

1089

00:43:19,190 --> 00:43:15,599

cheese puff

1090

00:43:21,510 --> 00:43:19,200

a mile away and they just look like butt

1091

00:43:22,790 --> 00:43:21,520

so what i would have done is i would

1092

00:43:25,109 --> 00:43:22,800

have created

1093

00:43:27,510 --> 00:43:25,119

some sort of equipment that would have

1094

00:43:28,069 --> 00:43:27,520

been able to be accessible by everyone

1095

00:43:31,270 --> 00:43:28,079

that is

1096

00:43:34,550 --> 00:43:31,280

built in a standardized method with with

1097

00:43:38,069 --> 00:43:34,560

a specific specific purpose to it

1098

00:43:39,190 --> 00:43:38,079

that would eliminate variables in data

1099

00:43:40,790 --> 00:43:39,200

collection

1100

00:43:41,910 --> 00:43:40,800

and he told me at that moment he was

1101

00:43:43,349 --> 00:43:41,920

like you know there's there's an

1102

00:43:46,030 --> 00:43:43,359

organization out there

1103

00:43:47,510 --> 00:43:46,040

called sky hub and it's literally

1104

00:43:49,510 --> 00:43:47,520

skyhub.org

1105

00:43:51,670 --> 00:43:49,520

org for the people that are listening

1106

00:43:53,750 --> 00:43:51,680

that want to check it out

1107

00:43:56,230 --> 00:43:53,760

and what they've done is there's a guy

1108

00:44:00,390 --> 00:43:56,240

by the name of steve mcdaniels

1109

00:44:02,630 --> 00:44:00,400

who has built a sensor stack

1110

00:44:04,870 --> 00:44:02,640

and we're talking everything from

1111

00:44:09,270 --> 00:44:04,880

multi-spectral imaging to

1112

00:44:13,109 --> 00:44:09,280

weather telemetry to adsb information to

1113

00:44:15,430 --> 00:44:13,119

uh gps's and accelerometers and rf

1114

00:44:16,150 --> 00:44:15,440

measurement and uh electrostatic

1115

00:44:18,710 --> 00:44:16,160

management

1116

00:44:20,950 --> 00:44:18,720

it's a it's a box it's like a suitcase

1117

00:44:21,589 --> 00:44:20,960

with every sensor that you can possibly

1118

00:44:25,109 --> 00:44:21,599

think of it

1119

00:44:27,349 --> 00:44:25,119

in there plus video uh recording with

1120

00:44:31,349 --> 00:44:27,359

with ptz type of cameras and hunt and

1121

00:44:33,430 --> 00:44:31,359

360 degree fisheye cameras and

1122

00:44:35,349 --> 00:44:33,440

you can't deploy it without capturing

1123

00:44:38,630 --> 00:44:35,359

something and the idea behind this

1124

00:44:40,870 --> 00:44:38,640

is that it will record and monitor

1125

00:44:43,750 --> 00:44:40,880

everything within the field of view or

1126

00:44:46,870 --> 00:44:43,760

within the sensor range of this box

1127

00:44:50,069 --> 00:44:46,880

and it will then feed that data stream

1128

00:44:52,230 --> 00:44:50,079

into an ai and the ai

1129

00:44:53,430 --> 00:44:52,240

will go back through this data and we'll

1130

00:44:55,190 --> 00:44:53,440

be like nope

1131

00:44:57,109 --> 00:44:55,200

that's a bird and i can tell you that

1132

00:44:57,910 --> 00:44:57,119

not only it's a bird it's a barn swallow

1133

00:44:59,750 --> 00:44:57,920

and it's a

1134

00:45:01,510 --> 00:44:59,760

you know a south african swallow

1135

00:45:02,870 --> 00:45:01,520

carrying coconuts and here's the air

1136

00:45:05,270 --> 00:45:02,880

speed velocity or

1137

00:45:06,069 --> 00:45:05,280

that was not only an aircraft but based

1138

00:45:11,270 --> 00:45:06,079

on the

1139

00:45:13,270 --> 00:45:11,280

that was this aircraft with this call

1140

00:45:14,870 --> 00:45:13,280

sign heading from here to here and it

1141

00:45:18,309 --> 00:45:14,880

will identify

1142

00:45:21,589 --> 00:45:18,319

all the knowns and filter them out

1143

00:45:23,910 --> 00:45:21,599

and only leave you with the unknowns

1144

00:45:25,270 --> 00:45:23,920

and then be able to provide those

1145

00:45:28,470 --> 00:45:25,280

unknowns

1146

00:45:29,270 --> 00:45:28,480

to the world at large to academia to

1147

00:45:32,309 --> 00:45:29,280

research to

1148

00:45:35,430 --> 00:45:32,319

industry unfettered access for

1149

00:45:38,870 --> 00:45:35,440

everybody to look at and say this is

1150

00:45:42,230 --> 00:45:38,880

unedited this is unidentified

1151

00:45:45,589 --> 00:45:42,240

please help us research these

1152

00:45:53,270 --> 00:45:49,030

so that's sky hub and

1153

00:45:58,230 --> 00:45:53,280

i became enthralled with the idea

1154

00:46:02,950 --> 00:45:58,240

of sky hub because witnesses

1155

00:46:05,670 --> 00:46:02,960

are wrong probably 90 of the time

1156

00:46:08,470 --> 00:46:05,680

i was in law enforcement for 12 years

1157

00:46:10,230 --> 00:46:08,480

and if you interview a witness

1158

00:46:12,790 --> 00:46:10,240

you can take about 10 percent of their

1159

00:46:15,589 --> 00:46:12,800

testimony as being accurate but it's up

1160

00:46:18,630 --> 00:46:15,599

to you as the investigator to identify

1161

00:46:19,349 --> 00:46:18,640

which 10 percent of their 100 of

1162

00:46:22,390 --> 00:46:19,359

testimony

1163

00:46:25,670 --> 00:46:22,400

is actually accurate

1164

00:46:28,870 --> 00:46:25,680

with sky hub you don't have to do that

1165

00:46:32,309 --> 00:46:28,880

because if i see something and

1166

00:46:33,990 --> 00:46:32,319

i've got sky hub that is validating and

1167

00:46:36,150 --> 00:46:34,000

backing it up

1168

00:46:37,750 --> 00:46:36,160

you know i'm going to be able to say it

1169

00:46:39,430 --> 00:46:37,760

hovered over my house

1170

00:46:41,510 --> 00:46:39,440

for eight and a half minutes and it

1171

00:46:42,150 --> 00:46:41,520

glowed orange and i could see windows on

1172

00:46:51,670 --> 00:46:42,160

it

1173

00:46:52,390 --> 00:46:51,680

move more than eight pixels left or

1174

00:46:54,230 --> 00:46:52,400

right

1175

00:46:57,030 --> 00:46:54,240

and i mean it can get down to the

1176

00:47:00,870 --> 00:46:57,040

nitty-gritty on this and validate

1177

00:47:03,430 --> 00:47:00,880

or prove that i was full of crap

1178

00:47:05,430 --> 00:47:03,440

and that's why i love the idea of skyhub

1179

00:47:07,829 --> 00:47:05,440

because it doesn't care about

1180

00:47:11,670 --> 00:47:07,839

your mental state or your feelings it

1181

00:47:13,990 --> 00:47:11,680

simply reports and records data

1182

00:47:15,829 --> 00:47:14,000

so when i learned about skyhub and i i

1183

00:47:19,270 --> 00:47:15,839

wanted to take it a step further

1184

00:47:21,030 --> 00:47:19,280

and i wanted to make this mobile and uh

1185

00:47:23,030 --> 00:47:21,040

and i like like you were saying i've got

1186

00:47:26,549 --> 00:47:23,040

an old land rover

1187

00:47:29,829 --> 00:47:26,559

it's a land rover discovery too

1188

00:47:32,630 --> 00:47:29,839

and and very very capable over landing

1189

00:47:36,870 --> 00:47:32,640

vehicle this thing can go

1190

00:47:41,750 --> 00:47:39,990

and living out here in nevada uh in las

1191

00:47:44,470 --> 00:47:41,760

vegas i have access

1192

00:47:45,589 --> 00:47:44,480

150 miles to the backyard of area 51

1193

00:47:48,309 --> 00:47:45,599

tone and paws

1194

00:47:49,270 --> 00:47:48,319

is 80 90 miles away from me uh papoose

1195

00:47:51,589 --> 00:47:49,280

lake is

1196

00:47:53,430 --> 00:47:51,599

is not accessible but i know where it is

1197

00:47:54,870 --> 00:47:53,440

i've got crete air force base i've got

1198

00:47:56,950 --> 00:47:54,880

indian springs where

1199

00:47:58,950 --> 00:47:56,960

most of the drones around the world are

1200

00:48:01,589 --> 00:47:58,960

are launched and flown from

1201

00:48:03,910 --> 00:48:01,599

i've got death valley california right

1202

00:48:05,430 --> 00:48:03,920

down the road and i wanted a sky hub

1203

00:48:07,589 --> 00:48:05,440

unit on the top

1204

00:48:08,790 --> 00:48:07,599

of my land rover so i could go to all

1205

00:48:12,390 --> 00:48:08,800

these places

1206

00:48:13,510 --> 00:48:12,400

and just sit and and do these recording

1207

00:48:17,109 --> 00:48:13,520

sessions and see

1208

00:48:20,309 --> 00:48:17,119

what i can pick up and uh

1209

00:48:22,309 --> 00:48:20,319

it's expensive it's not cheap

1210

00:48:24,069 --> 00:48:22,319

skyhub does not sell the units they give

1211

00:48:26,069 --> 00:48:24,079

you an itemized listing of everything

1212

00:48:27,589 --> 00:48:26,079

that people need to be able to build

1213

00:48:30,390 --> 00:48:27,599

their own

1214

00:48:31,510 --> 00:48:30,400

they don't make any money off of off of

1215

00:48:34,390 --> 00:48:31,520

anybody

1216

00:48:35,109 --> 00:48:34,400

building them so they don't sell the

1217

00:48:37,510 --> 00:48:35,119

components

1218

00:48:39,670 --> 00:48:37,520

but they have a shopping list for it and

1219

00:48:42,309 --> 00:48:39,680

what i need to do to my vehicle

1220

00:48:43,829 --> 00:48:42,319

plus what i need to acquire to build the

1221

00:48:45,349 --> 00:48:43,839

sky hub

1222

00:48:46,950 --> 00:48:45,359

and the specialized components and the

1223

00:48:48,230 --> 00:48:46,960

inverters and things like that that i

1224

00:48:50,470 --> 00:48:48,240

need to be able to run it from my

1225

00:48:52,630 --> 00:48:50,480

vehicle i'm looking at

1226  
00:48:54,950 --> 00:48:52,640  
around three thousand dollars worth of

1227  
00:48:58,309 --> 00:48:54,960  
an investment to make this happen

1228  
00:49:00,309 --> 00:48:58,319  
and so i started a gofundme page

1229  
00:49:02,470 --> 00:49:00,319  
and uh you can find it on my twitter i

1230  
00:49:03,030 --> 00:49:02,480  
don't know what the the url is for it

1231  
00:49:06,150 --> 00:49:03,040  
but

1232  
00:49:07,510 --> 00:49:06,160  
i started a gofundme page a few few days

1233  
00:49:09,990 --> 00:49:07,520  
ago and i think we're

1234  
00:49:11,109 --> 00:49:10,000  
close to 400 in donations right now

1235  
00:49:14,150 --> 00:49:11,119  
which will

1236  
00:49:15,990 --> 00:49:14,160  
components

1237  
00:49:17,270 --> 00:49:16,000  
uh which is the uh the processor for

1238  
00:49:20,470 --> 00:49:17,280

this thing

1239

00:49:24,390 --> 00:49:20,480

and my my intent is to get this and

1240

00:49:28,870 --> 00:49:24,400

go everywhere i can with the skyhub unit

1241

00:49:35,030 --> 00:49:32,069

i i think that the sky hub

1242

00:49:35,990 --> 00:49:35,040

technology is the greatest idea ever uh

1243

00:49:39,349 --> 00:49:36,000

bolted onto

1244

00:49:42,390 --> 00:49:39,359

the greatest vehicle ever and uh

1245

00:49:44,069 --> 00:49:42,400

i think it's a genius idea uh steve the

1246

00:49:45,430 --> 00:49:44,079

creator if you guys haven't checked out

1247

00:49:49,030 --> 00:49:45,440

skyhub check it out

1248

00:49:50,630 --> 00:49:49,040

it's it's amazing and i can't think of a

1249

00:49:55,030 --> 00:49:50,640

better way of using it

1250

00:50:00,790 --> 00:49:58,390

the the amazing thing is that

1251  
00:50:03,109 --> 00:50:00,800  
uh and we have to get the gofundme we'll

1252  
00:50:05,750 --> 00:50:03,119  
all have to list it or

1253  
00:50:07,270 --> 00:50:05,760  
look it up and get it to our listeners

1254  
00:50:10,829 --> 00:50:07,280  
before we're off

1255  
00:50:12,309 --> 00:50:10,839  
but um it if i'm not mistaken it can

1256  
00:50:15,670 --> 00:50:12,319  
track it

1257  
00:50:17,990 --> 00:50:15,680  
the technology behind it is pretty magic

1258  
00:50:19,910 --> 00:50:18,000  
i mean it can track uh uh the the amount

1259  
00:50:23,190 --> 00:50:19,920  
of tracking involved that it can do is

1260  
00:50:26,069 --> 00:50:23,200  
is pretty pretty amazing

1261  
00:50:29,190 --> 00:50:26,079  
yeah i'm i'm not a sensor sensortech uh

1262  
00:50:30,870 --> 00:50:29,200  
type of guy i don't

1263  
00:50:32,870 --> 00:50:30,880

i'm not an electronics guy i'm hell i'm

1264

00:50:35,349 --> 00:50:32,880

not even a computer guy but

1265

00:50:36,549 --> 00:50:35,359

from my understanding the sensitivity on

1266

00:50:40,390 --> 00:50:36,559

this thing

1267

00:50:42,630 --> 00:50:40,400

it the cameras uh the bass

1268

00:50:43,990 --> 00:50:42,640

camera like the low end camera that's

1269

00:50:46,630 --> 00:50:44,000

being put on this thing

1270

00:50:48,950 --> 00:50:46,640

is a 12 megapixel platform camera and

1271

00:50:51,910 --> 00:50:48,960

it's a fisheye so it has a huge

1272

00:50:52,870 --> 00:50:51,920

field of view and then the general idea

1273

00:50:56,069 --> 00:50:52,880

is to have a

1274

00:50:58,790 --> 00:50:56,079

massive ptz pan tilt zoom camera

1275

00:50:59,990 --> 00:50:58,800

on a motorized gimbal so that when the

1276  
00:51:03,030 --> 00:51:00,000  
fisheye picks up

1277  
00:51:04,710 --> 00:51:03,040  
something anomalous and the ai says yep

1278  
00:51:08,069 --> 00:51:04,720  
it's not a bird it's not a

1279  
00:51:11,030 --> 00:51:08,079  
it's not a moth it's not a 747 we don't

1280  
00:51:12,790 --> 00:51:11,040  
know what this is based on angle and

1281  
00:51:15,030 --> 00:51:12,800  
attitude and speed and elevation of

1282  
00:51:18,390 --> 00:51:15,040  
flight path and behavior

1283  
00:51:22,470 --> 00:51:18,400  
then the fisheye triggers the ptz

1284  
00:51:24,549 --> 00:51:22,480  
the ptz zooms in on this thing and

1285  
00:51:26,470 --> 00:51:24,559  
while everything is being measured in

1286  
00:51:29,670 --> 00:51:26,480  
multi-spectral imaging and

1287  
00:51:34,829 --> 00:51:29,680  
and rf and and uh even

1288  
00:51:37,190 --> 00:51:34,839

even uh like geophone type of uh

1289

00:51:41,109 --> 00:51:37,200

vibrations we're getting

1290

00:51:43,030 --> 00:51:41,119

visual backup of everything else that

1291

00:51:46,069 --> 00:51:43,040

every other sensor is recording so

1292

00:51:47,109 --> 00:51:46,079

nothing is separate everything is being

1293

00:51:49,430 --> 00:51:47,119

recorded at the top

1294

00:51:51,990 --> 00:51:49,440

same time and date stamp so you're able

1295

00:51:55,349 --> 00:51:52,000

to go back and look at the rf

1296

00:51:57,829 --> 00:51:55,359

based on uh the exact moment in time

1297

00:51:59,670 --> 00:51:57,839

that the sky hub detected the unit and

1298

00:51:59,990 --> 00:51:59,680

and see what the environmental changes

1299

00:52:03,589 --> 00:52:00,000

are

1300

00:52:05,270 --> 00:52:03,599

nothing is left out

1301

00:52:07,829 --> 00:52:05,280

everything is everything is being

1302

00:52:10,470 --> 00:52:07,839

recorded on this

1303

00:52:12,630 --> 00:52:10,480

absolutely amazing technology the fact

1304

00:52:13,510 --> 00:52:12,640

that it even exists is just mind-blowing

1305

00:52:15,750 --> 00:52:13,520

to me

1306

00:52:17,270 --> 00:52:15,760

and uh those areas that you're talking

1307

00:52:19,910 --> 00:52:17,280

about hitting with the 4x4

1308

00:52:21,990 --> 00:52:19,920

are exactly the kinds of areas where

1309

00:52:24,390 --> 00:52:22,000

this stuff is not only taking place

1310

00:52:25,030 --> 00:52:24,400

but it's taking place often and i see

1311

00:52:35,829 --> 00:52:25,040

that

1312

00:52:39,270 --> 00:52:35,839

particular skyhub unit

1313

00:52:41,670 --> 00:52:39,280

how close you said how how how much do

1314

00:52:43,510 --> 00:52:41,680

does it take to get the full unit did

1315

00:52:46,230 --> 00:52:43,520

you say it's about 3 000

1316

00:52:47,430 --> 00:52:46,240

is that about right no no it's it's

1317

00:52:49,750 --> 00:52:47,440

probably about a

1318

00:52:51,030 --> 00:52:49,760

thousand to eleven hundred dollars for

1319

00:52:54,950 --> 00:52:51,040

the full unit

1320

00:52:57,589 --> 00:52:54,960

but because i'm doing things differently

1321

00:52:59,589 --> 00:52:57,599

with making it mobile i have to increase

1322

00:53:00,870 --> 00:52:59,599

the storage capacity on this thing i

1323

00:53:04,710 --> 00:53:00,880

have to

1324

00:53:05,430 --> 00:53:04,720

acquire some really not heavy duty

1325

00:53:09,190 --> 00:53:05,440

inverters

1326

00:53:11,190 --> 00:53:09,200

to make sure that

1327

00:53:13,750 --> 00:53:11,200

the electricity that's coming off of my

1328

00:53:16,390 --> 00:53:13,760

alternator is not affecting

1329

00:53:16,950 --> 00:53:16,400

the the systems on the sky hub and i've

1330

00:53:19,430 --> 00:53:16,960

got to

1331

00:53:21,109 --> 00:53:19,440

increase the ability for the vehicle to

1332

00:53:23,349 --> 00:53:21,119

be grounded i'm actually

1333

00:53:24,309 --> 00:53:23,359

taking uh i'm actually drilling into my

1334

00:53:27,670 --> 00:53:24,319

frame

1335

00:53:30,710 --> 00:53:27,680

and making a copper line

1336

00:53:33,750 --> 00:53:30,720

with uh i think four foot long

1337

00:53:36,549 --> 00:53:33,760

grounding rods so when i park in an area

1338

00:53:37,990 --> 00:53:36,559

i pull this line off and i slam the rods

1339

00:53:39,030 --> 00:53:38,000

into the ground and ground out the

1340

00:53:41,670 --> 00:53:39,040

vehicle

1341

00:53:44,309 --> 00:53:41,680

just to make sure that i'm eliminating

1342

00:53:46,549 --> 00:53:44,319

any type of interference

1343

00:53:47,430 --> 00:53:46,559

and then i have to upgrade a couple

1344

00:53:50,069 --> 00:53:47,440

things on

1345

00:53:51,430 --> 00:53:50,079

on my suspension to get into some of the

1346

00:53:53,829 --> 00:53:51,440

places that i need to go so

1347

00:53:55,109 --> 00:53:53,839

my cost on this is around the three

1348

00:53:57,030 --> 00:53:55,119

thousand dollar mark

1349

00:53:58,950 --> 00:53:57,040

if somebody wanted to build a sky hub

1350

00:54:00,630 --> 00:53:58,960

and mount it on the roof of their house

1351

00:54:02,230 --> 00:54:00,640

uh or their building or out in the

1352

00:54:04,069 --> 00:54:02,240

middle of a field somewhere

1353

00:54:06,790 --> 00:54:04,079

they'd probably be into this uh right

1354

00:54:09,349 --> 00:54:06,800

around a grand yeah

1355

00:54:11,190 --> 00:54:09,359

it's the coolest technology ever and i

1356

00:54:13,589 --> 00:54:11,200

can't wait to see it on the top of your

1357

00:54:16,390 --> 00:54:13,599

rig i think it would look so cool

1358

00:54:16,870 --> 00:54:16,400

um definitely listeners if you have a

1359

00:54:19,349 --> 00:54:16,880

chance

1360

00:54:19,910 --> 00:54:19,359

go to the gofundme which i will i will

1361

00:54:22,150 --> 00:54:19,920

list

1362

00:54:23,270 --> 00:54:22,160

and mention on the end of the podcast

1363

00:54:25,670 --> 00:54:23,280

and

1364

00:54:26,870 --> 00:54:25,680

let's make this happen where can people

1365

00:54:29,589 --> 00:54:26,880

keep up with you

1366

00:54:30,309 --> 00:54:29,599

uh stay up to date with what's going on

1367

00:54:32,630 --> 00:54:30,319

and

1368

00:54:34,470 --> 00:54:32,640

is is there any possibility that uh

1369

00:54:35,990 --> 00:54:34,480

there's more corroboration taking place

1370

00:54:39,910 --> 00:54:36,000

with lou and sean and

1371

00:54:41,430 --> 00:54:39,920

the bunch yeah so i'm on twitter

1372

00:54:44,230 --> 00:54:41,440

i've created a twitter account

1373

00:54:45,829 --> 00:54:44,240

specifically for the the ufo uap stuff i

1374

00:54:50,470 --> 00:54:45,839

had a personal twitter but

1375

00:54:53,270 --> 00:54:50,480

i try to keep everything separate

1376

00:54:54,630 --> 00:54:53,280

just in case it becomes too weird and i

1377

00:54:57,829 --> 00:54:54,640

need to pull the plug on it

1378

00:55:01,030 --> 00:54:57,839

and and just continue to live my life so

1379

00:55:04,150 --> 00:55:01,040

my twitter handle is uh jeremy j e

1380

00:55:09,109 --> 00:55:04,160

r e m y underscore

1381

00:55:13,270 --> 00:55:12,710

the number one uh so that's my twitter

1382

00:55:15,829 --> 00:55:13,280

handle

1383

00:55:17,349 --> 00:55:15,839

and uh you can you can find me on there

1384

00:55:19,109 --> 00:55:17,359

shoot me a direct message i don't do

1385

00:55:21,910 --> 00:55:19,119

anything on instagram

1386

00:55:23,030 --> 00:55:21,920

um i do play around on reddit

1387

00:55:26,150 --> 00:55:23,040

occasionally

1388

00:55:27,990 --> 00:55:26,160

my handle on reddit is vet searcher

1389

00:55:29,910 --> 00:55:28,000

and that was the handle that i used when

1390

00:55:34,150 --> 00:55:29,920

i originally went to reddit

1391

00:55:36,309 --> 00:55:34,160

to see if the uh the detective type

1392

00:55:37,990 --> 00:55:36,319

people there could help me track down

1393

00:55:39,670 --> 00:55:38,000

the other guy that was uh that was with

1394

00:55:41,349 --> 00:55:39,680

me on the deployment and i've just used

1395

00:55:42,950 --> 00:55:41,359

that same handle ever since that that

1396

00:55:44,870 --> 00:55:42,960

day but that's the handle that ended up

1397

00:55:46,390 --> 00:55:44,880

getting me on the uh the unidentified

1398

00:55:48,390 --> 00:55:46,400

show

1399

00:55:50,069 --> 00:55:48,400

as far as corroboration with lou and

1400

00:55:52,309 --> 00:55:50,079

sean um

1401

00:55:54,069 --> 00:55:52,319

i don't know that's that's up to them i

1402

00:55:56,789 --> 00:55:54,079

talked to

1403

00:55:57,109 --> 00:55:56,799

sean probably twice a week i speak with

1404

00:55:58,960 --> 00:55:57,119

lou

1405

00:56:00,710 --> 00:55:58,970

probably twice a month

1406

00:56:03,270 --> 00:56:00,720

[Music]

1407

00:56:05,349 --> 00:56:03,280

i don't ask to become involved in

1408

00:56:09,270 --> 00:56:05,359

anything that's tsa

1409

00:56:12,630 --> 00:56:09,280

related uh lou knows where i am if

1410

00:56:17,589 --> 00:56:12,640

if i'm needed as far as sean

1411

00:56:20,630 --> 00:56:17,599

and i are concerned sean is

1412

00:56:23,670 --> 00:56:20,640

sean is is basically i guess

1413

00:56:24,230 --> 00:56:23,680

i guess you could call him now like my

1414

00:56:28,069 --> 00:56:24,240

mental

1415

00:56:30,230 --> 00:56:28,079

sensei in all of this

1416

00:56:31,670 --> 00:56:30,240

there is there's a certain consciousness

1417

00:56:33,270 --> 00:56:31,680

aspect and a certain

1418

00:56:35,589 --> 00:56:33,280

[Music]

1419

00:56:37,190 --> 00:56:35,599

certain rabbit hole that uh that you can

1420

00:56:40,230 --> 00:56:37,200

go down with the ce5

1421

00:56:42,150 --> 00:56:40,240

type of type of things and everything

1422

00:56:44,549 --> 00:56:42,160

from

1423

00:56:46,150 --> 00:56:44,559

meditation and mind and body and

1424

00:56:49,270 --> 00:56:46,160

out-of-body experiences

1425

00:56:52,150 --> 00:56:49,280

and astral projection and remote viewing

1426

00:56:54,950 --> 00:56:52,160

and i don't know where my belief

1427

00:56:58,069 --> 00:56:54,960

structure lies with that

1428

00:57:00,470 --> 00:56:58,079

but i'm opening my mind to the

1429

00:57:03,270 --> 00:57:00,480

possibility of it all being true

1430

00:57:05,510 --> 00:57:03,280

in varying degrees and just running some

1431

00:57:08,549 --> 00:57:05,520

personal experiments um

1432

00:57:12,789 --> 00:57:08,559

i would not have thought that any of it

1433

00:57:16,870 --> 00:57:12,799

was real until

1434

00:57:18,950 --> 00:57:16,880

if you ever go to the cia library online

1435

00:57:20,630 --> 00:57:18,960

and just do some keyword searches and

1436

00:57:22,630 --> 00:57:20,640

and look for these things like astral

1437

00:57:24,870 --> 00:57:22,640

projection and remote viewing and

1438

00:57:27,349 --> 00:57:24,880

you actually see the declassified

1439

00:57:28,870 --> 00:57:27,359

document straight out of the cia reading

1440

00:57:30,069 --> 00:57:28,880

room where they're talking about this

1441

00:57:33,589 --> 00:57:30,079

and they're like

1442

00:57:34,549 --> 00:57:33,599

they're giving directions on how to do

1443

00:57:36,789 --> 00:57:34,559

it in old

1444

00:57:38,549 --> 00:57:36,799

documents on how they used to train

1445

00:57:42,230 --> 00:57:38,559

special forces operatives

1446

00:57:43,750 --> 00:57:42,240

in in in cement block rooms back in the

1447

00:57:46,789 --> 00:57:43,760

60s and 70s i'm like

1448

00:57:48,950 --> 00:57:46,799

man our government was doing this

1449

00:57:50,470 --> 00:57:48,960

this is the instruction manual on how

1450

00:57:53,670 --> 00:57:50,480

they were doing this

1451

00:57:56,230 --> 00:57:53,680

i now have access to the same thing

1452

00:57:57,030 --> 00:57:56,240

that people that were apparently spying

1453

00:58:05,829 --> 00:57:57,040

on

1454

00:58:05,839 --> 00:58:11,030

right here there it it's not focusing

1455

00:58:14,950 --> 00:58:12,950

yeah if you can see the document at all

1456

00:58:17,750 --> 00:58:14,960

on the camera

1457

00:58:19,109 --> 00:58:17,760

this is this is all i'll read it if it's

1458

00:58:21,510 --> 00:58:19,119

not focusing it's

1459

00:58:23,829 --> 00:58:21,520

approved for release for release back in

1460

00:58:26,710 --> 00:58:23,839

2003 department of the army

1461

00:58:28,870 --> 00:58:26,720

u.s army operational group u.s army

1462

00:58:31,589 --> 00:58:28,880

intelligence and security command

1463

00:58:32,549 --> 00:58:31,599

and the subject is analysis and

1464

00:58:35,670 --> 00:58:32,559

assessment of

1465

00:58:35,990 --> 00:58:35,680

gateway process and the gateway process

1466

00:58:38,549 --> 00:58:36,000

comes

1467

00:58:40,150 --> 00:58:38,559

from the monroe institute that was

1468

00:58:45,750 --> 00:58:40,160

teaching people

1469

00:58:51,990 --> 00:58:48,829

i've got 20

1470

00:58:55,510 --> 00:58:52,000

27 28 pages

1471

00:58:58,470 --> 00:58:55,520

of documentation from the cia

1472

00:58:59,430 --> 00:58:58,480

uh library on remote viewing just right

1473

00:59:01,510 --> 00:58:59,440

there and that

1474

00:59:03,030 --> 00:59:01,520

that stuff blows my mind i never thought

1475

00:59:06,309 --> 00:59:03,040

it was real but

1476

00:59:07,990 --> 00:59:06,319

but now i'm i'm like hey okay let's give

1477

00:59:10,789 --> 00:59:08,000

it a shot let's see if this works

1478

00:59:12,630 --> 00:59:10,799

it's it's totally real and when you when

1479

00:59:15,349 --> 00:59:12,640

you realize that it's

1480

00:59:15,670 --> 00:59:15,359

if it's real to them and i by them i

1481

00:59:18,470 --> 00:59:15,680

mean

1482

00:59:19,430 --> 00:59:18,480

intelligence then it should be real to

1483

00:59:22,230 --> 00:59:19,440

us

1484

00:59:22,870 --> 00:59:22,240

and uh when they perfectly explain these

1485

00:59:26,950 --> 00:59:22,880

things

1486

00:59:28,470 --> 00:59:26,960

in declassified cia documents it becomes

1487

00:59:30,870 --> 00:59:28,480

readily available

1488

00:59:33,109 --> 00:59:30,880

and you know it's a small world have you

1489

00:59:34,789 --> 00:59:33,119

spoken with angela thompson smith at all

1490

00:59:39,270 --> 00:59:34,799

in boulder city

1491

00:59:42,069 --> 00:59:39,280

no you gotta talk with her i i have uh

1492

00:59:42,870 --> 00:59:42,079

i have a very close circle and believe

1493

00:59:46,470 --> 00:59:42,880

it or not

1494

00:59:50,549 --> 00:59:46,480

i rely on sean and lou

1495

00:59:53,910 --> 00:59:50,559

to be my filters for the world because

1496

00:59:57,430 --> 00:59:53,920

i do not want to get duped by

1497

00:59:59,270 --> 00:59:57,440

joe dirt and and his his wife peter out

1498

01:00:01,430 --> 00:59:59,280

behind his trailer reporting himself to

1499

01:00:02,390 --> 01:00:01,440

be somebody he's not there are a lot of

1500

01:00:07,270 --> 01:00:02,400

people

1501  
01:00:08,710 --> 01:00:07,280  
and some of them have a lot of followers

1502  
01:00:11,829 --> 01:00:08,720  
on twitter who are

1503  
01:00:12,309 --> 01:00:11,839  
not who they say they are and they did

1504  
01:00:15,670 --> 01:00:12,319  
not

1505  
01:00:19,750 --> 01:00:15,680  
go through what they say they did and i

1506  
01:00:20,630 --> 01:00:19,760  
use lou and sean and their experience in

1507  
01:00:23,510 --> 01:00:20,640  
all this

1508  
01:00:25,430 --> 01:00:23,520  
to become my filter and tell me straight

1509  
01:00:27,589 --> 01:00:25,440  
up you know hey this guy is trustworthy

1510  
01:00:29,109 --> 01:00:27,599  
this guy's solid yes i vetted him

1511  
01:00:30,950 --> 01:00:29,119  
i don't know [h\_\_\h] about this guy stay

1512  
01:00:34,069 --> 01:00:30,960  
the heck away from him you know

1513  
01:00:35,190 --> 01:00:34,079

so if i don't run it through sean or

1514

01:00:37,829 --> 01:00:35,200

lou

1515

01:00:40,390 --> 01:00:37,839

i don't talk to him yep and it's it's

1516

01:00:43,589 --> 01:00:40,400

kind of getting back to that gateway

1517

01:00:46,630 --> 01:00:43,599

uh she has it well she she is a

1518

01:00:49,349 --> 01:00:46,640

remote view instructor who used to

1519

01:00:49,670 --> 01:00:49,359

do the nevada remote viewing group who

1520

01:00:53,190 --> 01:00:49,680

was

1521

01:00:57,430 --> 01:00:53,200

hired by uh bob bigelow

1522

01:01:00,470 --> 01:00:57,440

to remote view uh specific areas in utah

1523

01:01:03,910 --> 01:01:00,480

and it's it's interesting

1524

01:01:04,870 --> 01:01:03,920

when uh it when and if you make a trip

1525

01:01:08,150 --> 01:01:04,880

to utah

1526

01:01:09,829 --> 01:01:08,160

it may be fun maybe afterwards just or

1527

01:01:11,190 --> 01:01:09,839

i you don't want to what they call

1528

01:01:14,549 --> 01:01:11,200

pre-load you know

1529

01:01:16,069 --> 01:01:14,559

go with go with uh go go with something

1530

01:01:17,589 --> 01:01:16,079

in mind so it may be best to

1531

01:01:19,510 --> 01:01:17,599

put that on the back burner like you

1532

01:01:22,390 --> 01:01:19,520

said but yeah the remote viewing

1533

01:01:23,750 --> 01:01:22,400

stuff is very real and when you talk to

1534

01:01:24,710 --> 01:01:23,760

people that were involved with the

1535

01:01:27,030 --> 01:01:24,720

instruction

1536

01:01:28,069 --> 01:01:27,040

or the actual gateway project the monroe

1537

01:01:30,470 --> 01:01:28,079

institute and

1538

01:01:32,230 --> 01:01:30,480

and kind of that invisible college you

1539

01:01:34,150 --> 01:01:32,240

realize like it's real from

1540

01:01:35,910 --> 01:01:34,160

pretty much every angle you look at it

1541

01:01:38,549 --> 01:01:35,920

it's a solid

1542

01:01:39,670 --> 01:01:38,559

solid well the one thing that convinced

1543

01:01:44,309 --> 01:01:39,680

me

1544

01:01:47,670 --> 01:01:44,319

and it's it's so

1545

01:01:49,430 --> 01:01:47,680

i don't know so so weird

1546

01:01:52,150 --> 01:01:49,440

the one person that i've spoken to

1547

01:01:53,109 --> 01:01:52,160

outside of of the approved quote unquote

1548

01:01:57,109 --> 01:01:53,119

circle

1549

01:01:59,029 --> 01:01:57,119

um i spoke to a guy probably about

1550

01:02:00,630 --> 01:01:59,039

four weeks ago about a month yeah about

1551  
01:02:02,150 --> 01:02:00,640  
a month ago

1552  
01:02:03,910 --> 01:02:02,160  
and he was talking to me about the

1553  
01:02:07,430 --> 01:02:03,920  
remote viewing and this guy

1554  
01:02:08,710 --> 01:02:07,440  
was in the military claimed to have been

1555  
01:02:10,090 --> 01:02:08,720  
a remote viewer

1556  
01:02:12,309 --> 01:02:10,100  
for the us government

1557  
01:02:14,549 --> 01:02:12,319  
[Music]

1558  
01:02:15,829 --> 01:02:14,559  
did not give me his identity he

1559  
01:02:17,349 --> 01:02:15,839  
contacted me

1560  
01:02:19,029 --> 01:02:17,359  
because of a couple tweets that i had

1561  
01:02:22,069 --> 01:02:19,039  
put out and

1562  
01:02:22,470 --> 01:02:22,079  
he he called me through a burner number

1563  
01:02:25,829 --> 01:02:22,480

on

1564

01:02:29,109 --> 01:02:25,839

signal and i have no idea who he was

1565

01:02:31,990 --> 01:02:29,119

uh is but

1566

01:02:35,190 --> 01:02:32,000

he creeped me the hell out man because

1567

01:02:40,390 --> 01:02:35,200

he told me

1568

01:02:44,230 --> 01:02:42,549

and as soon as he used the words in the

1569

01:02:47,430 --> 01:02:44,240

middle of your living room

1570

01:02:51,270 --> 01:02:47,440

the hair on my arms stood up because

1571

01:02:54,549 --> 01:02:51,280

i have a really big living room

1572

01:02:56,309 --> 01:02:54,559

and everything that i have is pushed up

1573

01:02:58,950 --> 01:02:56,319

against the walls because i suck at

1574

01:03:01,589 --> 01:02:58,960

interior decorations so i don't have

1575

01:03:03,829 --> 01:03:01,599

things in the middle of my living room

1576

01:03:05,670 --> 01:03:03,839

at all

1577

01:03:07,589 --> 01:03:05,680

but i did that week because i was

1578

01:03:09,029 --> 01:03:07,599

working on my ceiling fan and i left my

1579

01:03:11,510 --> 01:03:09,039

ladder sitting in the middle of my damn

1580

01:03:13,270 --> 01:03:11,520

living room

1581

01:03:14,950 --> 01:03:13,280

and he told me i had a ladder sitting in

1582

01:03:19,029 --> 01:03:14,960

the middle of my living room

1583

01:03:21,270 --> 01:03:19,039

and i'm like all right i'm listening

1584

01:03:23,670 --> 01:03:21,280

and and we had a at a probably about a

1585

01:03:25,990 --> 01:03:23,680

20 30 minute long conversation

1586

01:03:30,069 --> 01:03:26,000

and it was not on instructions it was

1587

01:03:33,829 --> 01:03:30,079

not on abilities it was just simply on

1588

01:03:37,910 --> 01:03:33,839

him telling me that it's real i'm like

1589

01:03:40,710 --> 01:03:37,920

okay it's real i get it

1590

01:03:41,910 --> 01:03:40,720

it's such a fascinating subject and

1591

01:03:44,870 --> 01:03:41,920

there's so many

1592

01:03:46,710 --> 01:03:44,880

aspects to it you're i i can't thank you

1593

01:03:48,549 --> 01:03:46,720

enough for coming on the podcast jeremy

1594

01:03:50,309 --> 01:03:48,559

and i hope we talk again real soon i'm

1595

01:03:52,309 --> 01:03:50,319

happy that you're a fellow uh

1596

01:03:54,069 --> 01:03:52,319

nevadan because there's so much neat

1597

01:03:55,029 --> 01:03:54,079

stuff to see down here and i think your

1598

01:03:59,430 --> 01:03:55,039

project

1599

01:04:00,710 --> 01:03:59,440

will definitely tell our listeners where

1600

01:04:03,349 --> 01:04:00,720

your gofundme is

1601  
01:04:03,750 --> 01:04:03,359  
where sky hub is and i can't wait to

1602  
01:04:07,349 --> 01:04:03,760  
hear

1603  
01:04:07,910 --> 01:04:07,359  
from you and your adventures ryan it has

1604  
01:04:09,430 --> 01:04:07,920  
been an

1605  
01:04:11,670 --> 01:04:09,440  
absolute pleasure i appreciate you

1606  
01:04:14,230 --> 01:04:11,680  
having me on and and uh

1607  
01:04:16,069 --> 01:04:14,240  
you know once uh once we get this whole

1608  
01:04:18,150 --> 01:04:16,079  
mask thing taken care of

1609  
01:04:19,190 --> 01:04:18,160  
uh you and i need to sit down and and

1610  
01:04:20,789 --> 01:04:19,200  
have a beer

1611  
01:04:23,349 --> 01:04:20,799  
sounds good all right thank you for your

1612  
01:04:25,190 --> 01:04:23,359  
service again and all the best my man

1613  
01:04:26,390 --> 01:04:25,200

absolutely ryan thank you very much i

1614

01:04:28,789 --> 01:04:26,400

appreciate it

1615

01:04:29,430 --> 01:04:28,799

what an amazing guy what an amazing

1616

01:04:32,789 --> 01:04:29,440

mission

1617

01:04:35,430 --> 01:04:32,799

what amazing experiences and of course

1618

01:04:36,470 --> 01:04:35,440

just a classic quality individual and

1619

01:04:39,510 --> 01:04:36,480

veteran

1620

01:04:42,309 --> 01:04:39,520

can't thank him enough for his time

1621

01:04:43,910 --> 01:04:42,319

and uh you know for all the military

1622

01:04:46,630 --> 01:04:43,920

operations he did

1623

01:04:47,349 --> 01:04:46,640

and i i think what he witnessed a lot of

1624

01:04:50,549 --> 01:04:47,359

people

1625

01:04:53,029 --> 01:04:50,559

uh can really thank him for that because

1626

01:04:55,910 --> 01:04:53,039

it's opening the eyes of a lot of

1627

01:04:57,190 --> 01:04:55,920

individuals when military members and

1628

01:04:58,549 --> 01:04:57,200

veterans come forward with this

1629

01:05:00,470 --> 01:04:58,559

information because these are the people

1630

01:05:03,589 --> 01:05:00,480

we trust with our safety

1631

01:05:07,109 --> 01:05:03,599

and uh he is just a quality guy

1632

01:05:09,829 --> 01:05:07,119

i really want this sky hub

1633

01:05:11,349 --> 01:05:09,839

technology to be mounted to his awesome

1634

01:05:12,950 --> 01:05:11,359

overland vehicle

1635

01:05:14,870 --> 01:05:12,960

and i think you guys should definitely

1636

01:05:15,190 --> 01:05:14,880

follow him on twitter let me give you

1637

01:05:18,470 --> 01:05:15,200

that
