that's right nevada sin city and

12  
00:01:07,030 --> 00:01:05,439

we've got a good one today because i'm

13  
00:01:08,710 --> 00:01:07,040

not going to mess around much we're just

14

00:01:12,950 --> 00:01:08,720

going to get right to it

15

00:01:16,310 --> 00:01:12,960

talking about ryan layton bigfoot

16

00:01:19,510 --> 00:01:16,320

uh ron johnson daryl smith

17

00:01:22,789 --> 00:01:19,520

legendary utah bigfoot people

18

00:01:25,270 --> 00:01:22,799

others uh ufos and

19

00:01:25,990 --> 00:01:25,280

monoliths and we're even gonna get into

20

00:01:28,870 --> 00:01:26,000

some really

21

00:01:30,310 --> 00:01:28,880

strange other sightings is all i can

22

00:01:33,830 --> 00:01:30,320

call them without going into

23

00:01:37,429 --> 00:01:33,840

too much detail stuff that uh

24

00:01:41,109 --> 00:01:37,439

goes around possible well military slash

25

00:01:42,950 --> 00:01:41,119

tide installation it uh isn't one that i

26

00:01:44,469 --> 00:01:42,960

would call a military installation but

27

00:01:47,030 --> 00:01:44,479

militarily tied

28

00:01:48,389 --> 00:01:47,040

another sighting that is near a

29

00:01:52,230 --> 00:01:48,399

monastery

30

00:01:55,910 --> 00:01:52,240

and has a more occult well

31

00:01:58,950 --> 00:01:55,920

foreboding about it very eerie tale

32

00:02:00,950 --> 00:01:58,960

and a tale near the chemical depot

33

00:02:04,310 --> 00:02:00,960

another military installation

34

00:02:05,109 --> 00:02:04,320

in utah where well we'll get into that

35

00:02:08,150 --> 00:02:05,119

one too

36

00:02:09,910 --> 00:02:08,160

it's a bunch of weird eerie and

37

00:02:11,910 --> 00:02:09,920

you know strange the way our

38

00:02:15,190 --> 00:02:11,920

conversation just bounced

39

00:02:17,430 --> 00:02:15,200

when we uh got together and chatted and

40

00:02:19,110 --> 00:02:17,440

uh well anyway let's let's chat some

41

00:02:22,550 --> 00:02:19,120

more i hope to get other

42

00:02:25,589 --> 00:02:22,560

utah bigfoot experts that

43

00:02:26,070 --> 00:02:25,599

were really boots on the ground during

44

00:02:30,390 --> 00:02:26,080

the

45

00:02:32,630 --> 00:02:30,400

strangest stuff that's

46

00:02:34,710 --> 00:02:32,640

really ever happened in the state but

47

00:02:36,550 --> 00:02:34,720

then again i mean it's 20 20.

48

00:02:38,869 --> 00:02:36,560

don't downplay anything happening right

49

00:02:40,150 --> 00:02:38,879

now just as recently as this week there

50

00:02:43,110 --> 00:02:40,160

was

51  
00:02:43,830 --> 00:02:43,120  
a monolith found in southern utah

52  
00:02:47,110 --> 00:02:43,840  
somewhere

53  
00:02:48,949 --> 00:02:47,120  
during a sheep count i'm not mistaken i

54  
00:02:49,430 --> 00:02:48,959  
believe it was done from a helicopter

55  
00:02:51,910 --> 00:02:49,440  
but

56  
00:02:53,030 --> 00:02:51,920  
long story short some law enforcement

57  
00:02:55,830 --> 00:02:53,040  
officials ended up

58  
00:02:57,110 --> 00:02:55,840  
doing an actual social media post but i

59  
00:02:58,470 --> 00:02:57,120  
mean the darn thing

60  
00:03:01,270 --> 00:02:58,480  
looks pretty strange if you haven't

61  
00:03:04,149 --> 00:03:01,280  
checked it out go to fox news 13

62  
00:03:07,270 --> 00:03:04,159  
and type in monolith and it should pull

63  
00:03:10,630 --> 00:03:07,280

up as it's very recent news

64

00:03:12,309 --> 00:03:10,640

maybe nothing but it might be something

65

00:03:13,830 --> 00:03:12,319

so anyway we're going to talk about

66

00:03:14,470 --> 00:03:13,840

other things that may have been

67

00:03:16,390 --> 00:03:14,480

something

68

00:03:18,470 --> 00:03:16,400

and some of these are in the past others

69

00:03:19,430 --> 00:03:18,480

are not so far back but i don't like to

70

00:03:21,949 --> 00:03:19,440

waste time

71

00:03:23,430 --> 00:03:21,959

only thing i'm going to promote is

72

00:03:25,190 --> 00:03:23,440

heroparanormal.com

73

in a easier faster downloadable format

76  
00:03:32,550 --> 00:03:31,920  
than just youtube unless you're at home

77  
00:03:34,229 --> 00:03:32,560  
and

78  
00:03:35,589 --> 00:03:34,239  
if you're jumping in a car jumping on a

79  
00:03:37,270 --> 00:03:35,599  
plane wherever you are sometimes you

80  
00:03:39,149 --> 00:03:37,280

81  
00:03:40,470 --> 00:03:39,159  
and you can do that just go to

00:03:48,550 --> 00:03:46,799  
let's talk leighton bigfoot ufos and

86  
00:03:51,589 --> 00:03:48,560  
monoliths

87  
00:03:53,190 --> 00:03:51,599

88  
00:03:55,670 --> 00:03:53,200

89

00:03:57,429 --> 00:03:55,680

no get to talk to you know i would i

90

00:03:58,830 --> 00:03:57,439

know you've had your doubts because of

91

00:04:01,270 --> 00:03:58,840

the dave thing

92

00:04:03,509 --> 00:04:01,280

mm-hmm you can't but i don't know what

93

00:04:05,509 --> 00:04:03,519

he said to you or whatever or that but i

94

00:04:07,110 --> 00:04:05,519

get this feeling

95

00:04:09,030 --> 00:04:07,120

that he's throwing some [ʌ\_\_ʌ] in your

96

00:04:10,070 --> 00:04:09,040

direction and i want you to know it's

97

00:04:13,670 --> 00:04:10,080

not whatever he

98

00:04:14,550 --> 00:04:13,680

said that's negative how i feel towards

99

00:04:17,110 --> 00:04:14,560

you or whether

100

00:04:18,710 --> 00:04:17,120

it's not it's not a goddamn grain of

101  
00:04:22,310 --> 00:04:18,720  
soup to it okay

102  
00:04:23,909 --> 00:04:22,320  
yup yup yup now i thought

103  
00:04:26,230 --> 00:04:23,919  
you've been nothing but good to me

104  
00:04:28,629 --> 00:04:26,240  
you've been a good buddy

105  
00:04:29,350 --> 00:04:28,639  
and i every time i wear your las vegas

106  
00:04:31,990 --> 00:04:29,360  
uh

107  
00:04:33,990 --> 00:04:32,000  
baseball hat i'm constantly i got your i

108  
00:04:36,629 --> 00:04:34,000  
got your energy on the top of my head

109  
00:04:39,830 --> 00:04:36,639  
almost every day

110  
00:04:41,909 --> 00:04:39,840  
that's awesome man i'm calling you uh

111  
00:04:43,270 --> 00:04:41,919  
mr leighton i'm calling you from a

112  
00:04:52,390 --> 00:04:43,280  
bigfoot

113  
00:04:54,870 --> 00:04:52,400

if you would be interested

114

00:04:57,990 --> 00:04:54,880

in discussing bigfoot for about a half

115

00:05:00,710 --> 00:04:58,000

an hour to maybe 45 minutes

116

00:05:01,510 --> 00:05:00,720

i would be happy to contribute whatever

117

00:05:04,230 --> 00:05:01,520

i can

118

00:05:06,230 --> 00:05:04,240

that's awesome i wanted to ask you

119

00:05:08,070 --> 00:05:06,240

question why are you doing that on this

120

00:05:11,189 --> 00:05:08,080

subject at this time

121

00:05:14,550 --> 00:05:11,199

well you know a lot of reasons um

122

00:05:18,070 --> 00:05:14,560

ron johnson posted some images

123

00:05:18,870 --> 00:05:18,080

of well daryl smith and it kind of got

124

00:05:22,830 --> 00:05:18,880

the

125

00:05:25,670 --> 00:05:22,840

talking to ron

126

00:05:28,790 --> 00:05:25,680

and iran is still

127

00:05:32,230 --> 00:05:31,749

yep ron is still alive and kicking and

128

00:05:36,310 --> 00:05:32,240

and he

129

00:05:39,270 --> 00:05:36,320

more than anything it's just he's

130

00:05:41,510 --> 00:05:39,280

by the way before we go on my my adopted

131

00:05:46,230 --> 00:05:41,520

daughter is living here with me

132

00:05:50,150 --> 00:05:47,909

she thinks it'd be fun to meet you one

133

00:05:52,710 --> 00:05:50,160

of these days

134

00:05:53,189 --> 00:05:52,720

oh what a fun dude you were like you

135

00:05:55,189 --> 00:05:53,199

look like

136

00:05:56,790 --> 00:05:55,199

you're both should be on the cover of a

137

00:05:58,710 --> 00:05:56,800

g2 magazine

138

00:06:00,950 --> 00:05:58,720

oh i don't know about that i don't know

139

00:06:03,510 --> 00:06:00,960

about that but thank you

140

00:06:04,230 --> 00:06:03,520

yeah can you yeah yeah where'd he go i'm

141

00:06:07,270 --> 00:06:04,240

still here

142

00:06:09,350 --> 00:06:07,280

yep did you hear all that i did i did

143

00:06:10,790 --> 00:06:09,360

that's great

144

00:06:13,189 --> 00:06:10,800

yeah he's a good looking dude he looks

145

00:06:15,749 --> 00:06:13,199

like he should be on the cover of a jean

146

00:06:17,590 --> 00:06:15,759

gentlemen's quarterly uh magazine oh i

147

00:06:21,350 --> 00:06:17,600

don't know about that

148

00:06:23,350 --> 00:06:21,360

so he admires good studs so

149

00:06:24,629 --> 00:06:23,360

i know you're a married man but she

150

00:06:26,230 --> 00:06:24,639

thought it would be cool to meet you

151

00:06:26,629 --> 00:06:26,240

i've told her a lot of cool stuff about

152

00:06:29,749 --> 00:06:26,639

you

153

00:06:31,830 --> 00:06:29,759

this

154

00:06:36,309 --> 00:06:31,840

is somebody interesting you know yeah

155

00:06:43,670 --> 00:06:40,550

i know and you know the weird thing is

156

00:06:45,110 --> 00:06:43,680

you went out a lot with daryl and with

157

00:06:47,110 --> 00:06:45,120

ron johnson

158

00:06:49,189 --> 00:06:47,120

looking for no i still have dreams of

159

00:06:52,230 --> 00:06:49,199

daryl on occasion

160

00:06:54,950 --> 00:06:52,240

yeah i bet he yeah yeah

161

00:06:57,110 --> 00:06:54,960

he i think he even showed himself to me

162

00:06:59,589 --> 00:06:57,120

one night

163

00:07:01,670 --> 00:06:59,599

a few years ago i had a dream of him

164

00:07:01,990 --> 00:07:01,680

he's standing about 10 feet away smiling

165

00:07:05,189 --> 00:07:02,000

like

166

00:07:07,510 --> 00:07:05,199

a pig and [\h\_\_\h] and

167

00:07:08,550 --> 00:07:07,520

god it was so real i can't forget him to

168

00:07:10,070 --> 00:07:08,560

tell you and i

169

00:07:13,029 --> 00:07:10,080

thought and then when i woke up i

170

00:07:15,189 --> 00:07:13,039

thought oh god

171

00:07:17,830 --> 00:07:15,199

he was actually standing in front of me

172

00:07:20,070 --> 00:07:17,840

it was so so surreal you know

173

00:07:21,589 --> 00:07:20,080

i remember you telling me about that

174

00:07:23,830 --> 00:07:21,599

dream and

175

00:07:25,029 --> 00:07:23,840

oh hell i still think about it on

176

00:07:28,309 --> 00:07:25,039

occasion it was so

177

00:07:31,589 --> 00:07:28,319

goddamn real i remember man

178

00:07:34,870 --> 00:07:31,599

it was um it was a dream about

179

00:07:36,870 --> 00:07:34,880

oh my gosh well yeah he was

180

00:07:38,790 --> 00:07:36,880

and you know daryl was like that no i'm

181

00:07:39,990 --> 00:07:38,800

not the big i don't mean to boast to

182

00:07:43,430 --> 00:07:40,000

brad but i left him

183

00:07:45,830 --> 00:07:43,440

i was one i left a big impression on

184

00:07:48,869 --> 00:07:45,840

darryl years ago when he

185

00:07:50,950 --> 00:07:48,879

when he found out you have

186

00:07:53,270 --> 00:07:50,960

at a mere farm meeting in salt lake and

187

00:07:55,990 --> 00:07:53,280

he found out

188

00:07:57,589 --> 00:07:56,000

that i was in the bigfoot my hilly

189

00:08:01,029 --> 00:07:57,599

turned on to me like a

190

00:08:04,150 --> 00:08:01,039

big dude in doo-doo i couldn't

191

00:08:06,710 --> 00:08:04,160

i couldn't get rid of him that day

192

00:08:08,309 --> 00:08:06,720

because he was so turned on to meet

193

00:08:11,990 --> 00:08:08,319

somebody that was uh

194

00:08:14,629 --> 00:08:12,000

involved in the bigfoot subject

195

00:08:16,309 --> 00:08:14,639

and he he was he was secretly so

196

00:08:19,029 --> 00:08:16,319

interested in all his life

197

00:08:19,510 --> 00:08:19,039

he was so into it and that brings up

198

00:08:23,189 --> 00:08:19,520

like

199

00:08:25,670 --> 00:08:23,199

oh god almighty he was obsessed right

200

00:08:29,749 --> 00:08:25,680

do you remember the map that goes back

201  
00:08:31,990 --> 00:08:29,759  
to 1989 when i met him

202  
00:08:33,269 --> 00:08:32,000  
you remember the map that amazing map he

203  
00:08:36,020 --> 00:08:33,279  
had with all the little feet

204  
00:08:39,029 --> 00:08:36,030  
all over it in the state of

205  
00:08:42,149 --> 00:08:39,039  
[Laughter]

206  
00:08:45,190 --> 00:08:42,159  
he's a utah guy i know you loved him

207  
00:08:50,310 --> 00:08:45,200  
i wish oh to death i wish i knew

208  
00:08:53,990 --> 00:08:53,030  
funny little you know bigfoot in a way

209  
00:08:58,389 --> 00:08:54,000  
was an escape

210  
00:09:02,630 --> 00:09:01,590  
oh yeah did you catch that big time big

211  
00:09:04,470 --> 00:09:02,640  
time

212  
00:09:06,829 --> 00:09:04,480  
yeah because his what he did for a

213  
00:09:10,550 --> 00:09:06,839

living was so

214

00:09:13,990 --> 00:09:10,560

boring that he needed something

215

00:09:17,670 --> 00:09:14,000

exciting in his life and bigfoot

216

00:09:20,550 --> 00:09:17,680

filled that gap for him uh ryan

217

00:09:22,790 --> 00:09:20,560

and you know he was so good at his job

218

00:09:26,310 --> 00:09:22,800

it was kind of the same thing he did a

219

00:09:28,310 --> 00:09:26,320

really good job with three by five cards

220

00:09:29,509 --> 00:09:28,320

oh yeah i know but what i'm at what he

221

00:09:32,389 --> 00:09:29,519

did for a living by

222

00:09:33,670 --> 00:09:32,399

selling uh he it was the this actually

223

00:09:37,269 --> 00:09:33,680

was a boring

224

00:09:40,070 --> 00:09:37,279

living that he did but he did it and

225

00:09:42,389 --> 00:09:40,080

that was still an insurance

226

00:09:44,630 --> 00:09:42,399

excuse me i got a mouth full of fiber

227

00:09:46,550 --> 00:09:44,640

here

228

00:09:48,790 --> 00:09:46,560

yeah he was an insurance salesman i

229

00:09:49,990 --> 00:09:48,800

remember he kind of caught me he kind of

230

00:09:53,190 --> 00:09:50,000

pushed me in the direction

231

00:09:54,870 --> 00:09:53,200

of real estate because i remember i was

232

00:09:57,030 --> 00:09:54,880

gonna sell a house

233

00:09:59,110 --> 00:09:57,040

and i thought i was really smart at the

234

00:10:03,509 --> 00:09:59,120

time this was years ago

235

00:10:06,949 --> 00:10:03,519

i mean i met daryl i think in 2004

236

00:10:09,030 --> 00:10:06,959

five and it was

237

00:10:10,310 --> 00:10:09,040

he explained the math behind not selling

238

00:10:13,190 --> 00:10:10,320

the house

239

00:10:14,230 --> 00:10:13,200

and i was my jaw hit the floor because

240

00:10:17,990 --> 00:10:14,240

he was

241

00:10:20,630 --> 00:10:18,000

numbers no calculator

242

00:10:22,310 --> 00:10:20,640

no nothing just yeah i'll bet you didn't

243

00:10:23,430 --> 00:10:22,320

know this about and then we'll get back

244

00:10:26,870 --> 00:10:23,440

on subject yeah

245

00:10:29,110 --> 00:10:26,880

crack i'm leaving it off it's all good

246

00:10:32,750 --> 00:10:29,120

it's all good

247

00:10:35,590 --> 00:10:32,760

his dad and his brothers are

248

00:10:37,030 --> 00:10:35,600

multi-millionaires all together in the

249

00:10:39,110 --> 00:10:37,040

real estate world

250

00:10:41,910 --> 00:10:39,120

i bet you didn't know that i bet i never

251

00:10:46,150 --> 00:10:41,920

told you that he never did either

252

00:10:47,030 --> 00:10:46,160

i never knew that oh my god they're

253

00:10:49,030 --> 00:10:47,040

amazing

254

00:10:52,230 --> 00:10:49,040

when you find out the past but we'll say

255

00:10:55,750 --> 00:10:54,630

yeah he was he was he was something else

256

00:10:58,470 --> 00:10:55,760

darryl was something

257

00:11:00,949 --> 00:10:58,480

else and yeah well let me just tell you

258

00:11:03,750 --> 00:11:00,959

one funny story i hate to

259

00:11:06,150 --> 00:11:03,760

kick that you off but i'm rude anyway so

260

00:11:09,269 --> 00:11:06,160

go for it no let's do it

261

00:11:11,110 --> 00:11:09,279

uh there was a movie they were

262

00:11:15,030 --> 00:11:11,120

advertising at

263

00:11:17,190 --> 00:11:15,040

the tower the gator a few years ago

264

00:11:18,389 --> 00:11:17,200

one night and it was a packed crowd in

265

00:11:20,230 --> 00:11:18,399

there on ninth

266

00:11:21,509 --> 00:11:20,240

ninth and ninth i know you're familiar

267

00:11:24,150 --> 00:11:21,519

with the the tower

268

00:11:26,069 --> 00:11:24,160

the tower yeah the tower and sugar house

269

00:11:27,430 --> 00:11:26,079

well anyway i was the medium there that

270

00:11:29,750 --> 00:11:27,440

night

271

00:11:31,430 --> 00:11:29,760

and good hell but people were you know

272

00:11:33,269 --> 00:11:31,440

in the lobby and all that wasn't that

273

00:11:37,590 --> 00:11:33,279

big

274

00:11:40,230 --> 00:11:37,600

it was packed people like starting

275

00:11:40,949 --> 00:11:40,240

in town i mean you could no i mean talk

276

00:11:44,710 --> 00:11:40,959

about

277

00:11:45,509 --> 00:11:44,720

corona virus fred but he was right next

278

00:11:49,430 --> 00:11:45,519

to each other

279

00:11:51,350 --> 00:11:49,440

years ago and we were supposed to meet

280

00:11:52,470 --> 00:11:51,360

so that we you know that night for the

281

00:11:56,150 --> 00:11:52,480

event

282

00:11:58,310 --> 00:11:56,160

well he didn't know he was in there

283

00:11:59,509 --> 00:11:58,320

and it was bought you couldn't even move

284

00:12:03,190 --> 00:11:59,519

in there it was just

285

00:12:05,430 --> 00:12:03,200

bumper to bumper humans standing and

286

00:12:08,710 --> 00:12:05,440

you know with all that well he didn't

287

00:12:12,389 --> 00:12:08,720

know that i had spotted him

288

00:12:16,310 --> 00:12:12,399

this is so this is so funny orion

289

00:12:17,990 --> 00:12:16,320

and so i got right close to him

290

00:12:19,829 --> 00:12:18,000

because you could see everybody just

291

00:12:24,870 --> 00:12:19,839

standing stacked in there like a

292

00:12:27,910 --> 00:12:24,880

a stalk of asparagus everybody

293

00:12:29,190 --> 00:12:27,920

and so i got crouched down where he

294

00:12:31,269 --> 00:12:29,200

didn't see me because

295

00:12:33,350 --> 00:12:31,279

people were all you couldn't even move

296

00:12:36,069 --> 00:12:33,360

in that place you know

297

00:12:38,310 --> 00:12:36,079

and uh i started stepping on his foot

298

00:12:40,150 --> 00:12:38,320

and ankle

299

00:12:44,310 --> 00:12:40,160

and i was ducked down because i had all

300

00:12:49,430 --> 00:12:45,990

and he didn't even know what the hell

301  
00:12:51,990 --> 00:12:49,440  
was going on who was stepping on it

302  
00:12:54,470 --> 00:12:52,000  
he was like what's this guy's problem

303  
00:12:57,750 --> 00:12:54,480  
what is it oh yeah i was making it

304  
00:12:59,750 --> 00:12:57,760  
a little bit painful too and he just sat

305  
00:13:03,750 --> 00:12:59,760  
there with a smile looking at everybody

306  
00:13:07,269 --> 00:13:05,990  
what is this what is this guy's problem

307  
00:13:09,350 --> 00:13:07,279  
oh that was funny i

308  
00:13:11,750 --> 00:13:09,360  
i still think about that and laughed my

309  
00:13:14,949 --> 00:13:11,760  
ass off and i think about that

310  
00:13:19,190 --> 00:13:14,959  
oh my god you get the picture

311  
00:13:25,670 --> 00:13:22,629  
anyway so when ron

312  
00:13:28,069 --> 00:13:25,680  
i i remember ron and him and yourself

313  
00:13:31,790 --> 00:13:28,079

had some pretty amazing experiences

314

00:13:34,710 --> 00:13:31,800

out by well dang it was out by

315

00:13:36,790 --> 00:13:34,720

murker-ish am i right or wilson no i'm

316

00:13:39,829 --> 00:13:36,800

sorry wilson air force

317

00:13:41,430 --> 00:13:39,839

yeah more of them than me i never really

318

00:13:45,030 --> 00:13:41,440

could sing anything

319

00:13:48,150 --> 00:13:45,040

myself personally do you remember

320

00:13:50,150 --> 00:13:48,160

that were you involved now

321

00:13:51,590 --> 00:13:50,160

was it alan woody that was on that case

322

00:13:53,670 --> 00:13:51,600

as well he's

323

00:13:56,389 --> 00:13:53,680

he's deceased since but i know that he

324

00:13:58,310 --> 00:13:56,399

was on that case for a while

325

00:14:00,389 --> 00:13:58,320

was it what was his name i can't

326  
00:14:01,990 --> 00:14:00,399  
remember but that there was a case out

327  
00:14:04,069 --> 00:14:02,000  
that way where a woman was

328  
00:14:06,069 --> 00:14:04,079  
seeing i think dave rosenfeld was on it

329  
00:14:07,990 --> 00:14:06,079  
too a woman was seeing

330  
00:14:09,509 --> 00:14:08,000  
something out there and it was a new

331  
00:14:11,910 --> 00:14:09,519  
build and a new area

332  
00:14:13,670 --> 00:14:11,920  
and newly developed i can't remember

333  
00:14:15,750 --> 00:14:13,680  
exactly it was in utah and i think it

334  
00:14:17,269 --> 00:14:15,760  
was out by one of the bases or possibly

335  
00:14:19,590 --> 00:14:17,279  
the chemical depot

336  
00:14:21,350 --> 00:14:19,600  
but i don't remember too much about i

337  
00:14:24,629 --> 00:14:21,360  
know what you're thinking of

338  
00:14:27,430 --> 00:14:24,639

i was always intrigued by that case

339

00:14:29,030 --> 00:14:27,440

oh that's the one oh yeah i know exactly

340

00:14:30,389 --> 00:14:29,040

i believe i know what you're talking

341

00:14:34,629 --> 00:14:30,399

about that's

342

00:14:37,350 --> 00:14:34,639

when you want to hear it for a quick

343

00:14:38,150 --> 00:14:37,360

oh yeah yeah oh please please i would

344

00:14:41,430 --> 00:14:38,160

love to hear it

345

00:14:43,590 --> 00:14:41,440

yeah on restricted property

346

00:14:44,870 --> 00:14:43,600

on the burn plant you're right you got

347

00:14:46,870 --> 00:14:44,880

that right

348

00:14:48,230 --> 00:14:46,880

it was on the burn plant property with

349

00:14:51,430 --> 00:14:48,240

defense you know this

350

00:14:55,430 --> 00:14:51,440

is uh accessing force

351

00:14:58,710 --> 00:14:55,440

uh stay out you know government property

352

00:15:00,470 --> 00:14:58,720

you know natural you know and a big one

353

00:15:02,230 --> 00:15:00,480

you know keep people off of that you

354

00:15:04,150 --> 00:15:02,240

know which was several probably several

355

00:15:08,230 --> 00:15:04,160

hundred acres

356

00:15:10,629 --> 00:15:08,240

you know surrounding the uh the plant

357

00:15:12,389 --> 00:15:10,639

oh yeah yeah you know with the wire

358

00:15:13,990 --> 00:15:12,399

turned into you know the big job like

359

00:15:17,509 --> 00:15:14,000

that but what happened here

360

00:15:20,389 --> 00:15:17,519

the one you want to remember the most

361

00:15:22,870 --> 00:15:20,399

is what yeah i'll never forget that how

362

00:15:26,150 --> 00:15:22,880

amazing that was uh

363

00:15:29,030 --> 00:15:26,160

security at the plant they had humvee

364

00:15:32,189 --> 00:15:30,710

you know around the perimeter here and

365

00:15:36,470 --> 00:15:32,199

there in that yeah

366

00:15:41,749 --> 00:15:36,480

1700 feet away one of the humvee

367

00:15:46,069 --> 00:15:41,759

patrols started a large dark

368

00:15:47,990 --> 00:15:46,079

uh quick moving individual

369

00:15:50,470 --> 00:15:48,000

and so at the time it was initially

370

00:15:52,069 --> 00:15:50,480

reported that there was a breach of

371

00:15:54,550 --> 00:15:52,079

security

372

00:15:56,949 --> 00:15:54,560

with an individual dressed in black

373

00:16:01,829 --> 00:15:56,959

appearing to be quite large

374

00:16:07,350 --> 00:16:04,389

well when they dashed over there to

375

00:16:10,710 --> 00:16:07,360

intercept the individual

376

00:16:12,550 --> 00:16:10,720

there was nobody in sight

377

00:16:15,990 --> 00:16:12,560

and you know it didn't imagine it

378

00:16:17,910 --> 00:16:16,000

probably only took them a few seconds

379

00:16:19,670 --> 00:16:17,920

to put that vehicle or it could have

380

00:16:20,550 --> 00:16:19,680

been more than one vehicle of memory

381

00:16:23,590 --> 00:16:20,560

certainly

382

00:16:25,189 --> 00:16:23,600

to apprehend the individual who was not

383

00:16:27,430 --> 00:16:25,199

supposed to be

384

00:16:29,269 --> 00:16:27,440

inside that bench in that low uh

385

00:16:32,310 --> 00:16:29,279

priority secure location

386

00:16:35,990 --> 00:16:32,320

right right

387

00:16:37,749 --> 00:16:36,000

yeah yeah yeah yeah yeah so so it just

388

00:16:40,470 --> 00:16:37,759

was so when they get there there's no

389

00:16:43,670 --> 00:16:40,480

there's nobody to apprehend

390

00:16:48,230 --> 00:16:43,680

and there's no way an individual could

391

00:16:50,949 --> 00:16:48,240

have rammed 150 yards approximately

392

00:16:51,430 --> 00:16:50,959

to pole vault over the fence with pole

393

00:16:55,590 --> 00:16:51,440

vault

394

00:16:59,269 --> 00:16:57,910

and so it's been long thought that it

395

00:17:03,030 --> 00:16:59,279

was actually a

396

00:17:07,590 --> 00:17:03,040

sasquatch type apparition

397

00:17:10,630 --> 00:17:07,600

or individual that they actually saw

398

00:17:14,309 --> 00:17:10,640

and in the initial report to the news

399

00:17:18,150 --> 00:17:14,319

i'll never forget the base commander

400

00:17:20,789 --> 00:17:18,160

making a point of uh

401  
00:17:21,350 --> 00:17:20,799  
these the height and the approximate

402  
00:17:25,110 --> 00:17:21,360  
weight

403  
00:17:27,270 --> 00:17:25,120  
of the mystery individual

404  
00:17:29,669 --> 00:17:27,280  
now see they could have if that was a

405  
00:17:31,190 --> 00:17:29,679  
normal person that had breached the

406  
00:17:33,669 --> 00:17:31,200  
they would have been able to intercept

407  
00:17:35,190 --> 00:17:33,679  
an apprehension he had to know where to

408  
00:17:38,070 --> 00:17:35,200  
go

409  
00:17:40,549 --> 00:17:38,080  
it doesn't take but a few seconds for uh

410  
00:17:43,270 --> 00:17:40,559  
humvee to do it 1700 feet

411  
00:17:46,789 --> 00:17:43,280  
and arrest the guy and you know there

412  
00:17:49,590 --> 00:17:46,799  
wasn't a guy

413  
00:17:51,270 --> 00:17:49,600

amazing and i i remember the commander

414

00:17:54,470 --> 00:17:51,280

making a big deal out of the height

415

00:17:56,789 --> 00:17:54,480

of the weight and so you know

416

00:17:57,990 --> 00:17:56,799

what difference does it matter how big

417

00:18:01,110 --> 00:17:58,000

or how tall or

418

00:18:04,950 --> 00:18:01,120

how much approximate weight the

419

00:18:08,470 --> 00:18:04,960

inner looter the uh

420

00:18:12,789 --> 00:18:08,480

uh is it it doesn't matter you know a

421

00:18:13,190 --> 00:18:12,799

uh so we kind of let the cat out of the

422

00:18:15,110 --> 00:18:13,200

bag

423

00:18:17,510 --> 00:18:15,120

by being so concerned of the heist and

424

00:18:19,029 --> 00:18:17,520

the what making a point to the media

425

00:18:21,669 --> 00:18:19,039

about the heist and the way

426

00:18:22,950 --> 00:18:21,679

you still with me oh absolutely it's

427

00:18:26,310 --> 00:18:22,960

just so amazing

428

00:18:28,870 --> 00:18:26,320

yeah what happened and then for

429

00:18:30,789 --> 00:18:28,880

like two to three days later it was

430

00:18:33,830 --> 00:18:30,799

constant

431

00:18:35,990 --> 00:18:33,840

air patrol in the area

432

00:18:38,870 --> 00:18:36,000

to find the uh what's the word against

433

00:18:42,070 --> 00:18:38,880

the intruder

434

00:18:46,070 --> 00:18:42,080

no car

435

00:18:48,789 --> 00:18:46,080

parked by no nothing no tracks

436

00:18:50,150 --> 00:18:48,799

there was no intruder right i think dogs

437

00:18:53,270 --> 00:18:50,160

were even brought in

438

00:18:55,029 --> 00:18:53,280

uh after the fact and

439

00:18:57,270 --> 00:18:55,039

they couldn't even leave them anywhere

440

00:18:59,830 --> 00:18:57,280

to nothing but somebody was there with

441

00:19:02,789 --> 00:18:59,840

those big proportions

442

00:19:03,510 --> 00:19:02,799

unbelievable and this until they've been

443

00:19:06,390 --> 00:19:03,520

from the air

444

00:19:07,990 --> 00:19:06,400

for you know quite some time and never

445

00:19:11,029 --> 00:19:08,000

found their man

446

00:19:12,070 --> 00:19:11,039

yeah because that their man was probably

447

00:19:15,590 --> 00:19:12,080

inter-dimensional

448

00:19:17,909 --> 00:19:15,600

actually that's what it sounds like

449

00:19:19,750 --> 00:19:17,919

and they're and the sheriff patrols on

450

00:19:20,150 --> 00:19:19,760

the outside were running all over in the

451  
00:19:22,310 --> 00:19:20,160  
area

452  
00:19:25,110 --> 00:19:22,320  
doing their part too and nothing

453  
00:19:28,310 --> 00:19:25,120  
suspicious was ever found

454  
00:19:31,750 --> 00:19:28,320  
so it's uh but i think

455  
00:19:32,070 --> 00:19:31,760  
the uh within the system uh ryan i think

456  
00:19:36,150 --> 00:19:32,080  
the

457  
00:19:37,510 --> 00:19:36,160  
uh security and intelligence figured out

458  
00:19:39,510 --> 00:19:37,520  
eventually what the hell they were

459  
00:19:42,470 --> 00:19:39,520  
dealing with probably right off

460  
00:19:43,990 --> 00:19:42,480  
shortly after the get-go i would assume

461  
00:19:47,190 --> 00:19:44,000  
they followed my grip

462  
00:19:54,710 --> 00:19:47,200  
they added it to an x-file or something

463  
00:20:00,310 --> 00:19:58,590

that's the one because i had in about

464

00:20:03,110 --> 00:20:00,320

2006

465

00:20:03,750 --> 00:20:03,120

i had a co-worker i was working at a uh

466

00:20:07,510 --> 00:20:03,760

hotel

467

00:20:10,470 --> 00:20:07,520

company and i had a co-worker who had a

468

00:20:11,590 --> 00:20:10,480

experience out there similar with a

469

00:20:13,590 --> 00:20:11,600

large being

470

00:20:15,669 --> 00:20:13,600

this was years before it would have been

471

00:20:17,190 --> 00:20:15,679

around the same timeline actually

472

00:20:19,029 --> 00:20:17,200

and that's why i really wanted to get

473

00:20:20,710 --> 00:20:19,039

some information about if you knew what

474

00:20:23,750 --> 00:20:20,720

years that was

475

00:20:25,510 --> 00:20:23,760

because this co-worker saw well a

476

00:20:28,070 --> 00:20:25,520

similar thing where

477

00:20:29,830 --> 00:20:28,080

they were out there and they were

478

00:20:31,590 --> 00:20:29,840

thinking about finding a camp spot

479

00:20:34,390 --> 00:20:31,600

somewhere around marker

480

00:20:36,310 --> 00:20:34,400

you know not the greatest place to camp

481

00:20:38,390 --> 00:20:36,320

i actually think they were one canyon

482

00:20:40,950 --> 00:20:38,400

over is that over

483

00:20:42,710 --> 00:20:40,960

is that right yeah yeah yeah i think

484

00:20:45,830 --> 00:20:42,720

they were at that one which is also

485

00:20:48,710 --> 00:20:45,840

within you know throwing distance

486

00:20:49,029 --> 00:20:48,720

to that to that same area so i don't

487

00:20:53,430 --> 00:20:49,039

know

488

00:20:56,710 --> 00:20:53,440

say this is probably

489

00:21:00,870 --> 00:20:56,720

the year 2000 one two

490

00:21:01,270 --> 00:21:00,880

or three okay it's been a hell of a long

491

00:21:07,750 --> 00:21:01,280

time

492

00:21:10,149 --> 00:21:07,760

very interesting great case another case

493

00:21:13,029 --> 00:21:10,159

i wanted to ask you about was the case

494

00:21:13,909 --> 00:21:13,039

out in your neck of the woods up on the

495

00:21:16,310 --> 00:21:13,919

mountain

496

00:21:18,710 --> 00:21:16,320

where it was like miles i was just

497

00:21:20,630 --> 00:21:18,720

thinking of getting my cd out the other

498

00:21:22,630 --> 00:21:20,640

day of that i haven't seen that

499

00:21:24,470 --> 00:21:22,640

for such a long time yeah go ahead

500

00:21:26,310 --> 00:21:24,480

address that question

501  
00:21:28,470 --> 00:21:26,320  
what are you gonna do your podcast here

502  
00:21:29,110 --> 00:21:28,480  
in about half an hour oh no we're live

503  
00:21:33,029 --> 00:21:29,120  
now

504  
00:21:35,029 --> 00:21:33,039  
that good thing i didn't

505  
00:21:36,470 --> 00:21:35,039  
use any of the seven words you shouldn't

506  
00:21:40,710 --> 00:21:36,480  
use on the radio

507  
00:21:44,070 --> 00:21:42,789  
oh we're doing it now i didn't unders i

508  
00:21:46,310 --> 00:21:44,080  
didn't even realize that

509  
00:21:48,070 --> 00:21:46,320  
i'll shoot y'all i'll shoot you a link

510  
00:21:50,149 --> 00:21:48,080  
i'll shoot you a link when i'm done

511  
00:21:51,990 --> 00:21:50,159  
oh and it's ron it's ron johnson's

512  
00:21:54,630 --> 00:21:52,000  
birthday so we should shout out and

513  
00:21:58,950 --> 00:21:54,640

shoot him at happy birthday

514

00:22:01,270 --> 00:21:58,960

another another bigfoot researcher from

515

00:22:05,190 --> 00:22:01,280

kind of that same era

516

00:22:07,270 --> 00:22:05,200

i would say he's 68 years old today

517

00:22:08,310 --> 00:22:07,280

i bet you're real close if not right on

518

00:22:12,070 --> 00:22:08,320

the money

519

00:22:15,669 --> 00:22:12,080

not 60 80

520

00:22:18,950 --> 00:22:15,679

60 70. oh that's cool

521

00:22:19,990 --> 00:22:18,960

yeah he's like anyway he's a cool cat

522

00:22:23,430 --> 00:22:20,000

he's a cool cat

523

00:22:26,549 --> 00:22:23,440

he's got a a few interesting endeavors

524

00:22:29,190 --> 00:22:26,559

of his own bigfoot wise um

525

00:22:29,590 --> 00:22:29,200

that story well gosh that footage

526  
00:22:32,630 --> 00:22:29,600  
there's

527  
00:22:33,830 --> 00:22:32,640  
actually footage it's not just you know

528  
00:22:37,270 --> 00:22:33,840  
a story or

529  
00:22:38,870 --> 00:22:37,280  
a personal experience there's an actual

530  
00:22:40,549 --> 00:22:38,880  
video that goes along with it that i

531  
00:22:42,310 --> 00:22:40,559  
think is two minutes long or something

532  
00:22:43,750 --> 00:22:42,320  
can you go into that and and kind of the

533  
00:22:47,190 --> 00:22:43,760  
back story about it

534  
00:22:48,230 --> 00:22:47,200  
oh wait run run through that again i'm

535  
00:22:51,909 --> 00:22:48,240  
i'm a little bit

536  
00:22:53,909 --> 00:22:51,919  
lost there yeah i i think there was

537  
00:22:55,750 --> 00:22:53,919  
i'm not quite following that i i think

538  
00:22:58,390 --> 00:22:55,760

there was it wasn't this isn't just a

539

00:23:01,430 --> 00:22:58,400

story we're talking about that video

540

00:23:03,430 --> 00:23:01,440

that was caught on the mountain there in

541

00:23:06,230 --> 00:23:03,440

your neck of the woods in layton

542

00:23:08,710 --> 00:23:06,240

was it layton yeah yeah and in the

543

00:23:11,750 --> 00:23:08,720

middle of the winter and

544

00:23:14,310 --> 00:23:11,760

uh my gosh i mean you were right there

545

00:23:15,990 --> 00:23:14,320

boots on the ground moments afterwards

546

00:23:17,909 --> 00:23:16,000

can you tell us a little bit about that

547

00:23:19,350 --> 00:23:17,919

story and a little bit about the

548

00:23:23,350 --> 00:23:19,360

backstory and how

549

00:23:25,830 --> 00:23:23,360

you ended up uh investigating that case

550

00:23:26,950 --> 00:23:25,840

so i i actually wasn't there right after

551  
00:23:30,310 --> 00:23:26,960  
it happened

552  
00:23:30,950 --> 00:23:30,320  
i found out sometime later i can't

553  
00:23:33,029 --> 00:23:30,960  
remember

554  
00:23:34,070 --> 00:23:33,039  
right off hand how much later i found

555  
00:23:36,950 --> 00:23:34,080  
out but what

556  
00:23:39,110 --> 00:23:36,960  
what happened that day it's a very

557  
00:23:42,950 --> 00:23:39,120  
simple beginning

558  
00:23:44,950 --> 00:23:42,960  
a kid uh that lived a great distance

559  
00:23:48,830 --> 00:23:44,960  
away

560  
00:23:49,990 --> 00:23:48,840  
was used to bringing out his uh

561  
00:23:51,510 --> 00:23:50,000  
binoculars

562  
00:23:53,269 --> 00:23:51,520  
in looking at the mountains and the

563  
00:23:55,909 --> 00:23:53,279

mountain it's not real close i'd

564

00:23:57,190 --> 00:23:55,919

say i'd say he was probably at least

565

00:24:00,630 --> 00:23:57,200

three quarters of a mile

566

00:24:03,269 --> 00:24:00,640

or so away but he was used to

567

00:24:05,669 --> 00:24:03,279

you know nice quiet morning and he was

568

00:24:07,909 --> 00:24:05,679

used to putting binoculars on the

569

00:24:10,549 --> 00:24:07,919

and you know and just for the fun of it

570

00:24:15,750 --> 00:24:10,559

you know if he could spot here

571

00:24:20,310 --> 00:24:18,630

uh with binoculars he sees this and i

572

00:24:22,070 --> 00:24:20,320

know i realize that's a great distance

573

00:24:24,950 --> 00:24:22,080

away

574

00:24:28,630 --> 00:24:24,960

but he sees a large individual with some

575

00:24:32,950 --> 00:24:28,640

kind of a hump or something on the back

576

00:24:36,470 --> 00:24:32,960

uh and it extremely big

577

00:24:39,190 --> 00:24:36,480

and black and bulky

578

00:24:40,710 --> 00:24:39,200

uh it wasn't moving too it would stop

579

00:24:41,909 --> 00:24:40,720

and pause there's a bit of a i've been

580

00:24:43,750 --> 00:24:41,919

there several times

581

00:24:45,430 --> 00:24:43,760

there's a bit of a bitter spot there in

582

00:24:49,110 --> 00:24:45,440

between the oak brush

583

00:24:52,470 --> 00:24:49,120

and probably for uh so when he saw that

584

00:24:54,710 --> 00:24:52,480

he rushed to get the family camera

585

00:24:56,230 --> 00:24:54,720

and i believe it was maybe even an

586

00:24:58,390 --> 00:24:56,240

old-fashioned eight millimeter or

587

00:25:00,230 --> 00:24:58,400

sixteen millimeter

588

00:25:02,470 --> 00:25:00,240

uh something like that nothing really

589

00:25:05,110 --> 00:25:02,480

too state-of-the-art

590

00:25:06,789 --> 00:25:05,120

uh and took that picture this was like

591

00:25:09,110 --> 00:25:06,799

what around 2000

592

00:25:11,510 --> 00:25:09,120

oh this is a long time ago too it's

593

00:25:13,510 --> 00:25:11,520

probably around 2001.

594

00:25:16,549 --> 00:25:13,520

so the years are really flying now but

595

00:25:18,950 --> 00:25:16,559

anyway so what he did

596

00:25:19,750 --> 00:25:18,960

he got the family camera and shot the

597

00:25:21,430 --> 00:25:19,760

footage

598

00:25:22,789 --> 00:25:21,440

of the end because the individual wasn't

599

00:25:26,470 --> 00:25:22,799

moving very quickly

600

00:25:28,630 --> 00:25:26,480

it would pause stop so he shot it

601  
00:25:31,350 --> 00:25:28,640  
got it on camera from that distance

602  
00:25:33,350 --> 00:25:31,360  
telephoto lens

603  
00:25:35,430 --> 00:25:33,360  
and it covered i've been up there and

604  
00:25:36,630 --> 00:25:35,440  
i'm you know like i said on the turf so

605  
00:25:41,590 --> 00:25:36,640  
probably

606  
00:25:46,710 --> 00:25:41,600  
something odd yards

607  
00:25:50,070 --> 00:25:48,870  
90 something seconds because it wasn't

608  
00:25:53,669 --> 00:25:50,080  
on the run

609  
00:25:56,230 --> 00:25:53,679  
it was being rather casual and some kind

610  
00:25:58,310 --> 00:25:56,240  
of something on the back

611  
00:26:00,230 --> 00:25:58,320  
uh and he can't really make it out too

612  
00:26:02,310 --> 00:26:00,240  
well but it could have been

613  
00:26:03,830 --> 00:26:02,320

if it was a bigfoot which we believe it

614

00:26:06,549 --> 00:26:03,840

is now

615

00:26:07,750 --> 00:26:06,559

it had a juvenile on his back and that

616

00:26:10,149 --> 00:26:07,760

was the

617

00:26:11,190 --> 00:26:10,159

protrusion on the back and not a big bad

618

00:26:13,190 --> 00:26:11,200

bat

619

00:26:16,549 --> 00:26:13,200

but here's what it's interesting about

620

00:26:20,630 --> 00:26:20,230

is that the the kid and his father and

621

00:26:27,110 --> 00:26:20,640

about

622

00:26:29,190 --> 00:26:27,120

went to that same location

623

00:26:30,310 --> 00:26:29,200

and it's easy to spot you wouldn't get

624

00:26:33,510 --> 00:26:30,320

you wouldn't get

625

00:26:36,630 --> 00:26:33,520

thrown off because it's

626  
00:26:38,149 --> 00:26:36,640  
very identifiable and easy to get to uh

627  
00:26:41,430 --> 00:26:38,159  
when you hike up

628  
00:26:45,590 --> 00:26:41,440  
only probably about a or less than a

629  
00:26:48,710 --> 00:26:45,600  
thousand feet above the elevation of the

630  
00:26:51,750 --> 00:26:48,720  
beginning of the the mountain you know

631  
00:26:53,669 --> 00:26:51,760  
so anyway they arrived there 90 90

632  
00:26:56,950 --> 00:26:53,679  
minutes later

633  
00:26:59,669 --> 00:26:56,960  
brian wow

634  
00:27:01,350 --> 00:26:59,679  
yeah okay and the conditions were the

635  
00:27:03,990 --> 00:27:01,360  
same in the last

636  
00:27:04,630 --> 00:27:04,000  
no temperature change no rain no sleet

637  
00:27:07,350 --> 00:27:04,640  
no snow

638  
00:27:08,870 --> 00:27:07,360

no wind everything was the same

639

00:27:11,750 --> 00:27:08,880

condition

640

00:27:13,990 --> 00:27:11,760

90 minutes later when this party of five

641

00:27:15,750 --> 00:27:14,000

arrived on the location after he took

642

00:27:18,870 --> 00:27:15,760

the footage

643

00:27:21,990 --> 00:27:18,880

but here's what's weird

644

00:27:25,029 --> 00:27:22,000

and they were on the right spot

645

00:27:26,470 --> 00:27:25,039

a problem of not being on the exact

646

00:27:29,750 --> 00:27:26,480

location

647

00:27:32,830 --> 00:27:29,760

of the uh individual in the footage

648

00:27:34,070 --> 00:27:32,840

and covering that 70-something plus

649

00:27:37,350 --> 00:27:34,080

yards

650

00:27:39,190 --> 00:27:37,360

here's what's weird and i heard it from

651  
00:27:43,990 --> 00:27:39,200  
most of the party there was

652  
00:27:49,110 --> 00:27:46,310  
in that uh bear area there'd been a fire

653  
00:27:52,149 --> 00:27:49,120  
there years ago so that area was

654  
00:27:57,110 --> 00:27:52,159  
fairly fair in between the uh

655  
00:28:02,310 --> 00:27:57,120  
uh oak brush coverage

656  
00:28:03,269 --> 00:28:02,320  
there were no traps whoa and not

657  
00:28:06,389 --> 00:28:03,279  
anywhere even

658  
00:28:09,830 --> 00:28:06,399  
close unbelief they ventured out several

659  
00:28:12,070 --> 00:28:09,840  
you know like distances and 360.

660  
00:28:13,750 --> 00:28:12,080  
in fact there was no tracks of any kind

661  
00:28:17,590 --> 00:28:13,760  
deer fox

662  
00:28:19,830 --> 00:28:17,600  
bio et cetera et cetera et cetera

663  
00:28:20,630 --> 00:28:19,840

now you would think in 90 minutes with

664

00:28:23,510 --> 00:28:20,640

the conditions

665

00:28:23,909 --> 00:28:23,520

being the same constant you would have

666

00:28:26,630 --> 00:28:23,919

seen

667

00:28:28,389 --> 00:28:26,640

tracks because it had to move that by

668

00:28:30,549 --> 00:28:28,399

the time you put the camera on it till

669

00:28:32,630 --> 00:28:30,559

it disappeared in oak brush

670

00:28:33,990 --> 00:28:32,640

oh for sure there should there should be

671

00:28:41,110 --> 00:28:34,000

something there

672

00:28:47,430 --> 00:28:44,549

fascinating oh my gosh yeah

673

00:28:49,029 --> 00:28:47,440

now that kind of leads me into another

674

00:28:49,590 --> 00:28:49,039

another one that i needed to ask you

675

00:28:51,909 --> 00:28:49,600

about

676

00:28:54,389 --> 00:28:51,919

involving a fish farm i've got this in

677

00:29:03,190 --> 00:28:54,399

my notes but i don't have the location

678

00:29:08,310 --> 00:29:05,590

what in the world happened up there it

679

00:29:12,230 --> 00:29:08,320

was in the 80s correct

680

00:29:16,710 --> 00:29:12,240

yes in a couple incidences in the 90s

681

00:29:21,029 --> 00:29:19,430

what happened first in the 80s and then

682

00:29:22,470 --> 00:29:21,039

i i don't know if i heard about what

683

00:29:25,750 --> 00:29:22,480

happened in the 90s this sounds

684

00:29:27,350 --> 00:29:25,760

i'm more intrigued now than ever

685

00:29:29,750 --> 00:29:27,360

well i'll have to do it in bits and

686

00:29:32,070 --> 00:29:29,760

pieces quickly as to not

687

00:29:33,909 --> 00:29:32,080

go into a lot of detail and stall this

688

00:29:36,310 --> 00:29:33,919

out but uh

689

00:29:37,830 --> 00:29:36,320

in the 80s the staff there and the owner

690

00:29:41,029 --> 00:29:37,840

of the

691

00:29:42,549 --> 00:29:41,039

cold water fish farm noticed uh some

692

00:29:45,750 --> 00:29:42,559

fish out on the bank

693

00:29:46,470 --> 00:29:45,760

half beating no bites out of them and

694

00:29:49,990 --> 00:29:46,480

great big

695

00:29:51,590 --> 00:29:50,000

human-like tracks in the raceways you

696

00:29:53,590 --> 00:29:51,600

know where the moss is you're

697

00:29:54,710 --> 00:29:53,600

a fisherman you know about all this

698

00:29:58,310 --> 00:29:54,720

stuff

699

00:30:01,750 --> 00:29:58,320

and alongside the raceways with

700

00:30:03,750 --> 00:30:01,760

some muddy areas and there was your

701  
00:30:04,870 --> 00:30:03,760  
typical bigfoot threat you know a large

702  
00:30:09,269 --> 00:30:04,880  
human

703  
00:30:11,110 --> 00:30:09,279  
being prince this is the initial one

704  
00:30:13,669 --> 00:30:11,120  
there are several other occasions here

705  
00:30:16,870 --> 00:30:13,679  
but uh

706  
00:30:20,470 --> 00:30:16,880  
that was what uh

707  
00:30:22,389 --> 00:30:20,480  
that was one of the first indications

708  
00:30:24,549 --> 00:30:22,399  
and there's been a lot of other reports

709  
00:30:27,029 --> 00:30:24,559  
from other people in the area

710  
00:30:29,029 --> 00:30:27,039  
of bigfoot coming down that particular

711  
00:30:29,830 --> 00:30:29,039  
canyon coldwater camp did you not ever

712  
00:30:31,830 --> 00:30:29,840  
make a

713  
00:30:33,750 --> 00:30:31,840

a visit to coldwater canyon it's the

714

00:30:36,950 --> 00:30:33,760

next one to the south

715

00:30:39,669 --> 00:30:36,960

of the ogden the famous ogden divide it

716

00:30:43,750 --> 00:30:41,830

vermont and up over to ogden valley

717

00:30:47,269 --> 00:30:43,760

except near finds you and all that

718

00:30:49,590 --> 00:30:47,279

did you not ever go there i went up

719

00:30:51,750 --> 00:30:49,600

and investigated that after the first

720

00:30:53,269 --> 00:30:51,760

time you told me about it and it was

721

00:30:57,509 --> 00:30:53,279

beautiful that area is

722

00:31:01,029 --> 00:30:59,110

yeah but there's been a lot of other

723

00:31:04,070 --> 00:31:01,039

incidences and another bizarre

724

00:31:07,029 --> 00:31:04,080

high strangeness one is

725

00:31:08,070 --> 00:31:07,039

not far from there with a guy who raised

726

00:31:11,190 --> 00:31:08,080

pigs

727

00:31:13,029 --> 00:31:11,200

and i personally got to interview him uh

728

00:31:13,430 --> 00:31:13,039

the owner of the fish farm took me to

729

00:31:17,029 --> 00:31:13,440

him

730

00:31:20,549 --> 00:31:17,039

and um this was a crazy one too

731

00:31:25,190 --> 00:31:20,559

you want to get into weird ones yeah

732

00:31:28,950 --> 00:31:25,200

uh so he's missing an occasional

733

00:31:32,870 --> 00:31:28,960

pigs out of his pants you know and

734

00:31:36,549 --> 00:31:32,880

uh what guy catches the culprit

735

00:31:38,789 --> 00:31:36,559

and his bigfoot himself palming one of

736

00:31:40,710 --> 00:31:38,799

those

737

00:31:42,630 --> 00:31:40,720

pigs like it was a football you know

738

00:31:46,950 --> 00:31:42,640

like a basketball

739

00:31:49,509 --> 00:31:46,960  
and he's uh he's only about 30

740

00:31:50,470 --> 00:31:49,519  
to 40 feet away and he goes out i

741

00:31:53,750 --> 00:31:50,480  
believe a 30 out

742

00:31:56,789 --> 00:31:53,760  
thick and squares it up on him and they

743

00:31:59,029 --> 00:31:56,799  
both froze in their trash

744

00:32:01,190 --> 00:31:59,039  
that was the call it wasn't a cougar you

745

00:32:07,990 --> 00:32:01,200  
know he's got a good look at the

746

00:32:14,230 --> 00:32:12,230  
and uh took off on a run

747

00:32:16,470 --> 00:32:14,240  
still holding the pig probably hearing

748

00:32:19,269 --> 00:32:16,480  
it like a football by then

749

00:32:19,509 --> 00:32:19,279  
i remember homie and left that there was

750

00:32:22,149 --> 00:32:19,519  
an

751

00:32:23,269 --> 00:32:22,159

alfalfa field in the back you showed me

752

00:32:26,830 --> 00:32:23,279

the direction but

753

00:32:30,070 --> 00:32:26,840

he didn't fire on it and it ran

754

00:32:34,549 --> 00:32:30,080

and said it was as fast as a

755

00:32:38,389 --> 00:32:36,149

and you know on two legs and then

756

00:32:40,630 --> 00:32:38,399

shortly he could see where he hopped

757

00:32:42,710 --> 00:32:40,640

over his small canal and then was

758

00:32:46,149 --> 00:32:42,720

dodging in and out of the oak brush and

759

00:32:49,269 --> 00:32:47,909

oh wait a minute i forgot to add one of

760

00:32:51,750 --> 00:32:49,279

the part

761

00:32:52,950 --> 00:32:51,760

and did he still have the yeah excuse me

762

00:32:55,509 --> 00:32:52,960

i forgot to add an

763

00:32:56,710 --> 00:32:55,519

integral part of what happened he

764

00:33:01,830 --> 00:32:56,720

actually [h\_\_h]

765

00:33:04,870 --> 00:33:01,840

try to shoot it from 30 40 feet out

766

00:33:08,230 --> 00:33:04,880

and guess what happened

767

00:33:10,950 --> 00:33:08,240

what the

768

00:33:11,990 --> 00:33:10,960

hand hit the center rim and but the

769

00:33:16,389 --> 00:33:12,000

bullets did

770

00:33:18,389 --> 00:33:16,399

not discharge got to be kidding me

771

00:33:19,669 --> 00:33:18,399

no this is not the only one of these

772

00:33:23,430 --> 00:33:19,679

i've been told

773

00:33:25,509 --> 00:33:23,440

from personal from individuals i

774

00:33:26,950 --> 00:33:25,519

i've got one more that i interviewed too

775

00:33:29,669 --> 00:33:26,960

on this thing

776

00:33:30,310 --> 00:33:29,679

the same type of strange i mean how do

777

00:33:34,149 --> 00:33:30,320

you

778

00:33:37,509 --> 00:33:34,159

this is this has nothing to do with

779

00:33:38,389 --> 00:33:37,519

with uh what am i trying to say a

780

00:33:40,310 --> 00:33:38,399

microwave

781

00:33:41,909 --> 00:33:40,320

type of energy you're with this is

782

00:33:45,190 --> 00:33:41,919

mechanical

783

00:33:47,350 --> 00:33:45,200

right right he went up

784

00:33:49,029 --> 00:33:47,360

shortly in that canyon where he figured

785

00:33:51,350 --> 00:33:49,039

he went through the old pressure up that

786

00:33:54,630 --> 00:33:51,360

cold water

787

00:33:57,990 --> 00:33:54,640

and he went up looking for more traction

788

00:34:00,310 --> 00:33:58,000

evidence you think most people leave it

789

00:34:02,470 --> 00:34:00,320

they'd leave this alone

790

00:34:06,549 --> 00:34:02,480

but he went up there and he discharged

791

00:34:10,550 --> 00:34:06,559

that same bullet this

792

00:34:16,869 --> 00:34:10,560

did not fire when he was gonna hit the

793

00:34:24,230 --> 00:34:20,470

just didn't totally 100 percent

794

00:34:27,270 --> 00:34:24,240

true how in the he double q

795

00:34:30,069 --> 00:34:27,280

do you explain a phenomena like that

796

00:34:32,829 --> 00:34:30,079

impossible the coincidence is

797

00:34:34,550 --> 00:34:32,839

mathematically

798

00:34:36,149 --> 00:34:34,560

impossible i

799

00:34:38,069 --> 00:34:36,159

i feel that the man i would have to

800

00:34:39,190 --> 00:34:38,079

re-interview him if he's still alive

801  
00:34:42,389 --> 00:34:39,200  
today that's been

802  
00:34:45,190 --> 00:34:42,399  
quite a number of years ago uh but

803  
00:34:46,069 --> 00:34:45,200  
uh at the time i must honestly tell you

804  
00:34:48,629 --> 00:34:46,079  
i felt that

805  
00:34:49,750 --> 00:34:48,639  
telling the truth and nothing but the

806  
00:34:53,589 --> 00:34:49,760  
truth

807  
00:34:56,310 --> 00:34:53,599  
yeah and uh the guy that led me to him

808  
00:34:59,430 --> 00:34:56,320  
the owner of the he's a big game hunter

809  
00:35:03,349 --> 00:34:59,440  
now he he that's jay barker

810  
00:35:06,150 --> 00:35:03,359  
that owns the fish farm ironically speak

811  
00:35:08,870 --> 00:35:06,160  
who had a sighting of kubernetes with

812  
00:35:11,510 --> 00:35:08,880  
another man and about six boy scouts

813  
00:35:13,510 --> 00:35:11,520

that made national news in the height

814

00:35:16,630 --> 00:35:13,520

windows of eastern utah

815

00:35:19,190 --> 00:35:16,640

in 1979 and i i know you

816

00:35:20,310 --> 00:35:19,200

i know you're familiar with that

817

00:35:23,109 --> 00:35:20,320

somewhat are you not

818

00:35:24,390 --> 00:35:23,119

i am i i am but it's such a good story

819

00:35:26,230 --> 00:35:24,400

that it has to be

820

00:35:28,069 --> 00:35:26,240

it has to be told especially i know that

821

00:35:33,670 --> 00:35:28,079

you know probably 90

822

00:35:39,670 --> 00:35:37,190

i interviewed most people and you know

823

00:35:41,430 --> 00:35:39,680

it was yeah i remember i recall quite a

824

00:35:43,829 --> 00:35:41,440

bit but if you

825

00:35:44,950 --> 00:35:43,839

you know that many years though uh you

826

00:35:48,069 --> 00:35:44,960

do sometimes

827

00:35:51,430 --> 00:35:48,079

lose some of your recall

828

00:35:53,109 --> 00:35:51,440

you know of the like for example as i

829

00:35:56,790 --> 00:35:53,119

was just telling you that about the

830

00:35:58,390 --> 00:35:56,800

thing i almost forgot left out the fact

831

00:36:03,030 --> 00:35:58,400

that he actually did

832

00:36:06,390 --> 00:36:04,630

well that's why it's good to talk about

833

00:36:08,790 --> 00:36:06,400

these things and get them down

834

00:36:10,150 --> 00:36:08,800

because that's really where i mean

835

00:36:12,550 --> 00:36:10,160

really you know

836

00:36:14,550 --> 00:36:12,560

how do you explain that and then that

837

00:36:16,230 --> 00:36:14,560

same bullet discharge

838

00:36:18,470 --> 00:36:16,240

would you like to hear another quick one

839

00:36:19,349 --> 00:36:18,480

similar to that oh yeah but let's go

840

00:36:22,150 --> 00:36:19,359

into uh

841

00:36:23,990 --> 00:36:22,160

the the 79 case a little bit can you

842

00:36:26,630 --> 00:36:24,000

tell us a little bit more about that one

843

00:36:29,030 --> 00:36:26,640

and then go into the next one

844

00:36:30,950 --> 00:36:29,040

see i didn't even know about it 79 i

845

00:36:31,990 --> 00:36:30,960

didn't even know about it was on the

846

00:36:35,190 --> 00:36:32,000

news and

847

00:36:37,510 --> 00:36:35,200

national news made a big hoop law

848

00:36:38,630 --> 00:36:37,520

but i didn't actively get involved in

849

00:36:40,630 --> 00:36:38,640

the

850

00:36:42,150 --> 00:36:40,640

interviewing and going on location and

851

00:36:47,190 --> 00:36:42,160

tracking and

852

00:36:49,030 --> 00:36:47,200

a whole bit until 1980 physically

853

00:36:51,589 --> 00:36:49,040

you know when some sightings occurred

854

00:36:53,910 --> 00:36:51,599

between where i live in ogden utah

855

00:36:55,349 --> 00:36:53,920

and a couple little towns up there

856

00:36:56,630 --> 00:36:55,359

you're probably you probably know where

857

00:36:59,910 --> 00:36:56,640

south we were

858

00:37:01,910 --> 00:36:59,920

yeah when you landed sure out of weber

859

00:37:04,310 --> 00:37:01,920

commencement has occurred up there in

860

00:37:07,270 --> 00:37:04,320

february of 80 and that's when i

861

00:37:08,870 --> 00:37:07,280

physically got involved in i to this day

862

00:37:49,109 --> 00:37:08,880

i

863

00:37:51,750 --> 00:37:49,119

so on

864

00:37:53,829 --> 00:37:51,760

that that lit the fire in 79 i didn't

865

00:37:56,710 --> 00:37:53,839

know about the cooper and basin

866

00:37:58,630 --> 00:37:56,720

fighting and he'd win a mountain with

867

00:38:00,550 --> 00:37:58,640

jay barker in the scout

868

00:38:02,790 --> 00:38:00,560

uh and that made national news in the

869

00:38:04,950 --> 00:38:02,800

day that was

870

00:38:06,550 --> 00:38:04,960

basically they just uh we're on a hike

871

00:38:08,710 --> 00:38:06,560

and we're on a ledge and looked down on

872

00:38:10,150 --> 00:38:08,720

one of the lakes

873

00:38:13,270 --> 00:38:10,160

there's three little lakes up there

874

00:38:14,870 --> 00:38:13,280

behind us and they

875

00:38:17,030 --> 00:38:14,880

basically thought they were seeing a

876

00:38:18,390 --> 00:38:17,040

moose at first and saw this thing on two

877

00:38:21,990 --> 00:38:18,400

legs

878

00:38:24,630 --> 00:38:22,000

scurrying about so the kids rolled rocks

879

00:38:28,470 --> 00:38:26,710

side of the uh mountain there down

880

00:38:31,190 --> 00:38:28,480

towards that locate

881

00:38:32,790 --> 00:38:31,200

and yelled screamed at it and then

882

00:38:35,990 --> 00:38:32,800

shortly it went outside

883

00:38:40,310 --> 00:38:36,000

basically that was the the initial

884

00:38:42,630 --> 00:38:40,320

79 sightings of jay barker

885

00:38:43,349 --> 00:38:42,640

and then ironically this thing shows up

886

00:38:46,150 --> 00:38:43,359

on his

887

00:38:48,230 --> 00:38:46,160

he is which threw a lot of doubt for

888

00:38:51,829 --> 00:38:48,240

some people but it doesn't apply

889

00:38:54,950 --> 00:38:51,839

uh shows up on his property

890

00:38:56,950 --> 00:38:54,960

a few short years later in north ogden

891

00:39:00,150 --> 00:38:56,960

on the fish farm

892

00:39:02,710 --> 00:39:00,160

wow same kind of area really

893

00:39:03,750 --> 00:39:02,720

i mean general area yeah by the way

894

00:39:06,150 --> 00:39:03,760

daryl and i had

895

00:39:07,910 --> 00:39:06,160

uh actually carol was so into that

896

00:39:11,510 --> 00:39:07,920

location because

897

00:39:13,750 --> 00:39:11,520

him and i actually backpacked into there

898

00:39:14,710 --> 00:39:13,760

in the 90s for a couple of days so i

899

00:39:16,310 --> 00:39:14,720

could

900

00:39:18,710 --> 00:39:16,320

show him the you know he's so

901  
00:39:20,790 --> 00:39:18,720  
enthusiastic it's kind of hard to

902  
00:39:22,790 --> 00:39:20,800  
turn him down so we we actually

903  
00:39:26,470 --> 00:39:22,800  
backpacked into that

904  
00:39:28,310 --> 00:39:26,480  
that area i really wish that uh yeah he

905  
00:39:30,950 --> 00:39:28,320  
put some serious miles

906  
00:39:31,510 --> 00:39:30,960  
on with his walking sticks with the and

907  
00:39:38,470 --> 00:39:31,520  
he was

908  
00:39:39,510 --> 00:39:38,480  
um i had to cheer him out though on that

909  
00:39:44,310 --> 00:39:39,520  
backpack

910  
00:39:47,589 --> 00:39:47,109  
a button-up are you gonna announce your

911  
00:39:51,670 --> 00:39:47,599  
your

912  
00:39:53,430 --> 00:39:51,680  
presence miles away up

913  
00:39:57,030 --> 00:39:53,440

he was ready to sell the bigfoot

914

00:40:00,069 --> 00:39:57,040

insurance if he met

915

00:40:03,190 --> 00:40:00,079

i said anything but that white

916

00:40:04,550 --> 00:40:03,200

shirt i could you know you can see you

917

00:40:06,870 --> 00:40:04,560

coming miles away

918

00:40:07,829 --> 00:40:06,880

here you know it reminds me of other

919

00:40:11,190 --> 00:40:07,839

people who

920

00:40:15,430 --> 00:40:13,109

yeah they go into the field dressed as

921

00:40:19,190 --> 00:40:15,440

if they are at their day job

922

00:40:21,910 --> 00:40:19,200

but um it is what it is the

923

00:40:22,550 --> 00:40:21,920

you know the he was he was hardcore but

924

00:40:24,630 --> 00:40:22,560

that whole

925

00:40:26,069 --> 00:40:24,640

area had an explosion and i wanted to

926

00:40:28,069 --> 00:40:26,079

kind of go up a little bit

927

00:40:30,069 --> 00:40:28,079

off of that area not too far off but

928

00:40:30,550 --> 00:40:30,079

monte cristo and get into the caped

929

00:40:33,589 --> 00:40:30,560

figures

930

00:40:36,950 --> 00:40:33,599

oh several sightings up at monte cristo

931

00:40:38,390 --> 00:40:36,960

can we talk about the caped figures yeah

932

00:40:39,190 --> 00:40:38,400

that's where they said that that's where

933

00:40:41,829 --> 00:40:39,200

this other

934

00:40:43,109 --> 00:40:41,839

bullet phenomena occurs oh let's get

935

00:40:45,910 --> 00:40:43,119

into all of it if we can

936

00:40:48,630 --> 00:40:45,920

yeah this one relates to the pig farmer

937

00:40:51,750 --> 00:40:48,640

down below in the valley there by then

938

00:40:54,470 --> 00:40:51,760

okay similar story let me let me rip

939

00:40:56,950 --> 00:40:54,480

let me get let me tell you this one it's

940

00:41:00,069 --> 00:40:56,960

because this will make an impression too

941

00:41:03,109 --> 00:41:00,079

see how it relates to the story of uh

942

00:41:04,630 --> 00:41:03,119

the pig farmer near the uh

943

00:41:07,670 --> 00:41:04,640

fish farm that i just told you in the

944

00:41:12,790 --> 00:41:07,680

phenomena of the bullet not the church

945

00:41:14,069 --> 00:41:12,800

okay this was a couple this is 1979

946

00:41:15,589 --> 00:41:14,079

and they're up there hunting i can't

947

00:41:17,109 --> 00:41:15,599

remember who's filtered here i believe

948

00:41:19,109 --> 00:41:17,119

this is the elk

949

00:41:20,950 --> 00:41:19,119

there's a famous location there called

950

00:41:23,670 --> 00:41:20,960

mount mechanic

951

00:41:24,630 --> 00:41:23,680

up there is monte cristo and a lot of

952

00:41:26,630 --> 00:41:24,640

people know where

953

00:41:28,390 --> 00:41:26,640

this one particular water hole is

954

00:41:30,470 --> 00:41:28,400

because it's not too far off the main

955

00:41:33,030 --> 00:41:30,480

road

956

00:41:36,710 --> 00:41:33,040

and the man's name was larry darling and

957

00:41:39,990 --> 00:41:38,950

and uh we're waiting one evening you

958

00:41:45,030 --> 00:41:40,000

know

959

00:41:47,030 --> 00:41:45,040

the evening hours

960

00:41:50,950 --> 00:41:47,040

so they're not too far away waiting to

961

00:41:54,790 --> 00:41:50,960

see what shows up with the water hole

962

00:41:58,230 --> 00:41:54,800

and uh all of a sudden the

963

00:42:01,430 --> 00:41:58,240

oh let's see what's the distance

964

00:42:03,829 --> 00:42:01,440

well it wasn't very far 90 to 120 feet

965

00:42:05,020 --> 00:42:03,839

something like that if i recall which is

966

00:42:06,390 --> 00:42:05,030

real close

967

00:42:10,150 --> 00:42:06,400

[Music]

968

00:42:13,430 --> 00:42:10,160

here's this hairy you know big tall

969

00:42:15,030 --> 00:42:13,440

uh individual of flowing hair you know

970

00:42:18,390 --> 00:42:15,040

the typical the physical

971

00:42:20,870 --> 00:42:18,400

description of a bigfoot coming in the

972

00:42:25,190 --> 00:42:20,880

direction of that little uh

973

00:42:27,829 --> 00:42:25,200

water hole if you follow this

974

00:42:28,550 --> 00:42:27,839

wow and it apparently wasn't aware of

975

00:42:31,910 --> 00:42:28,560

them

976  
00:42:33,589 --> 00:42:31,920  
ryan they were aware of it before it was

977  
00:42:35,190 --> 00:42:33,599  
aware of them and they want to become

978  
00:42:37,670 --> 00:42:35,200  
aware of them

979  
00:42:39,109 --> 00:42:37,680  
he started distorting his facial you

980  
00:42:42,230 --> 00:42:39,119  
know figure

981  
00:42:44,870 --> 00:42:42,240  
and his teeth and uh

982  
00:42:46,870 --> 00:42:44,880  
started that looked did you say did you

983  
00:42:49,430 --> 00:42:46,880  
say he started snorting a little bit

984  
00:42:50,950 --> 00:42:49,440  
yeah well yeah you know just kind of use

985  
00:42:53,030 --> 00:42:50,960  
your imagination yeah

986  
00:42:54,309 --> 00:42:53,040  
yeah yeah no that sounds very that falls

987  
00:42:56,870 --> 00:42:54,319  
right into line with some other

988  
00:43:00,069 --> 00:42:56,880

yeah wait a minute she had the scope on

989

00:43:02,230 --> 00:43:00,079

because it was her turn to shoot the

990

00:43:03,190 --> 00:43:02,240

and so she passes it down to larry and

991

00:43:07,990 --> 00:43:03,200

says

992

00:43:09,829 --> 00:43:08,000

cue that there's a moth that's a monster

993

00:43:11,190 --> 00:43:09,839

or something to that effect i know that

994

00:43:13,270 --> 00:43:11,200

sounds silly

995

00:43:15,109 --> 00:43:13,280

that i remember not at all i think

996

00:43:18,550 --> 00:43:15,119

that's what they told me

997

00:43:21,750 --> 00:43:18,560

uh when i interviewed them and uh

998

00:43:22,230 --> 00:43:21,760

so he went it was looks like it was

999

00:43:24,790 --> 00:43:22,240

going to

1000

00:43:26,309 --> 00:43:24,800

move in their direction quickly and

1001

00:43:29,430 --> 00:43:26,319

believe me they didn't take down

1002

00:43:29,910 --> 00:43:29,440

lawn to cover ground when you're faster

1003

00:43:32,790 --> 00:43:29,920

than

1004

00:43:33,589 --> 00:43:32,800

the swift as a race woods you know on

1005

00:43:35,430 --> 00:43:33,599

two legs

1006

00:43:37,750 --> 00:43:35,440

i mean that's swift and that even in

1007

00:43:38,790 --> 00:43:37,760

that terrain all right now having said

1008

00:43:41,270 --> 00:43:38,800

that

1009

00:43:44,390 --> 00:43:41,280

he decided to shoot a warning shot over

1010

00:43:44,400 --> 00:43:51,190

are you ready for this yeah yeah

1011

00:43:51,200 --> 00:43:57,030

again either a misfire

1012

00:44:03,589 --> 00:44:00,470

yeah but what are the chances

1013

00:44:06,829 --> 00:44:03,599

that is physically mathematically

1014

00:44:08,230 --> 00:44:06,839

and just basically impossible in in i

1015

00:44:11,270 --> 00:44:08,240

mean have told me that

1016

00:44:14,309 --> 00:44:11,280

uh including jay barker himself

1017

00:44:14,630 --> 00:44:14,319

big time game hunter the the odds of

1018

00:44:17,790 --> 00:44:14,640

that

1019

00:44:20,950 --> 00:44:17,800

are uh uh

1020

00:44:24,390 --> 00:44:23,430

so but here's what else happened true

1021

00:44:27,430 --> 00:44:24,400

story i'm not

1022

00:44:29,430 --> 00:44:27,440

i'm not thinking i'm not a bs

1023

00:44:30,470 --> 00:44:29,440

and a storyteller i'm telling you

1024

00:44:32,150 --> 00:44:30,480

exactly

1025

00:44:33,750 --> 00:44:32,160

is the interview went with these

1026

00:44:36,550 --> 00:44:33,760

individuals mm-hmm

1027

00:44:38,550 --> 00:44:36,560

i'm telling the truth oh i know you are

1028

00:44:40,470 --> 00:44:38,560

i know you are yeah i know you know i

1029

00:44:42,309 --> 00:44:40,480

am but it takes your audience picking up

1030

00:44:45,270 --> 00:44:42,319

it's like a boy there's a story

1031

00:44:48,470 --> 00:44:45,280

there's a storyteller if there was one

1032

00:44:51,750 --> 00:44:48,480

okay so here's what happened

1033

00:44:55,270 --> 00:44:51,760

they had bought while that thing was

1034

00:44:56,870 --> 00:44:55,280

close by nearby they of all things that

1035

00:45:01,109 --> 00:44:56,880

hunt elk in

1036

00:45:03,990 --> 00:45:01,119

they had a brand new 79 subaru

1037

00:45:05,990 --> 00:45:04,000

you remember their little team what a

1038

00:45:09,109 --> 00:45:06,000

strange vehicle to go hunting

1039

00:45:10,230 --> 00:45:09,119

you know right right well anyway while

1040

00:45:13,030 --> 00:45:10,240

it was near

1041

00:45:13,910 --> 00:45:13,040

they so they rushed panickedly to go get

1042

00:45:17,190 --> 00:45:13,920

in that

1043

00:45:19,589 --> 00:45:17,200

because it was close by to get the hell

1044

00:45:23,109 --> 00:45:19,599

out of there

1045

00:45:24,870 --> 00:45:23,119

and uh the thing wouldn't start

1046

00:45:26,230 --> 00:45:24,880

it wasn't that that you know they were

1047

00:45:29,430 --> 00:45:26,240

fiddling around so again

1048

00:45:31,990 --> 00:45:29,440

similar to the misfire

1049

00:45:34,390 --> 00:45:32,000

okay this is electromagnetic here now

1050

00:45:38,069 --> 00:45:34,400

that the rifle as you know is mechanic

1051  
00:45:41,750 --> 00:45:38,079  
how do you apply this to a mechanical

1052  
00:45:43,670 --> 00:45:41,760  
but this is uh the electromagnetic is

1053  
00:45:46,790 --> 00:45:43,680  
the way i was looking

1054  
00:45:47,990 --> 00:45:46,800  
the subaru wouldn't start as long as

1055  
00:45:49,750 --> 00:45:48,000  
this thing was cool

1056  
00:45:51,670 --> 00:45:49,760  
but when i guess it backed off and it

1057  
00:45:54,630 --> 00:45:51,680  
was out of sight

1058  
00:45:55,349 --> 00:45:54,640  
the thing started up and they rushed

1059  
00:45:58,950 --> 00:45:55,359  
down the

1060  
00:46:02,069 --> 00:45:58,960  
highway 39 there that my crystal

1061  
00:46:05,670 --> 00:46:02,079  
you know uh shaken

1062  
00:46:08,630 --> 00:46:05,680  
mm-hmm and uh

1063  
00:46:12,069 --> 00:46:08,640

it's not remarkable but shaken and so

1064

00:46:15,670 --> 00:46:12,079

they go down about a mile or so

1065

00:46:19,670 --> 00:46:15,680

get out of the vehicle and

1066

00:46:22,550 --> 00:46:19,680

and again true story uh ryan

1067

00:46:24,390 --> 00:46:22,560

the bullet just the bullet fires the

1068

00:46:28,630 --> 00:46:24,400

same bullet

1069

00:46:30,950 --> 00:46:28,640

you're kidding me uh hail do you

1070

00:46:33,030 --> 00:46:30,960

so is there some kind of supernatural

1071

00:46:34,829 --> 00:46:33,040

thing going on here

1072

00:46:36,470 --> 00:46:34,839

in the mecha i could see the

1073

00:46:38,710 --> 00:46:36,480

electromagnetic stuff

1074

00:46:39,589 --> 00:46:38,720

with vehicles you're familiar with all

1075

00:46:42,550 --> 00:46:39,599

those type of

1076  
00:46:44,870 --> 00:46:42,560  
oh yeah stories cars and equipment

1077  
00:46:46,950 --> 00:46:44,880  
machinery and so on

1078  
00:46:49,349 --> 00:46:46,960  
but this is my cat so there's another

1079  
00:46:51,270 --> 00:46:49,359  
one very similar

1080  
00:46:52,630 --> 00:46:51,280  
isn't this interesting when you get into

1081  
00:46:56,630 --> 00:46:52,640  
this it is so weird

1082  
00:47:00,550 --> 00:46:56,640  
it is very similar to what happened down

1083  
00:47:04,069 --> 00:47:00,560  
uh to the uh peterson was the man's name

1084  
00:47:05,589 --> 00:47:04,079  
the pig farmer uh that jay barker itself

1085  
00:47:08,550 --> 00:47:05,599  
took me to to go

1086  
00:47:10,550 --> 00:47:08,560  
to interview and speak same kind of uh

1087  
00:47:13,349 --> 00:47:10,560  
situation there so

1088  
00:47:16,710 --> 00:47:13,359

there's food for thought for the serious

1089

00:47:20,309 --> 00:47:16,720

individual that's looking at this

1090

00:47:23,510 --> 00:47:22,470

and that that area you said there's a

1091

00:47:27,109 --> 00:47:23,520

variety

1092

00:47:30,710 --> 00:47:27,119

of other sightings very close by

1093

00:47:35,750 --> 00:47:30,720

and oh yes plenty of them one man

1094

00:47:39,030 --> 00:47:35,760

out here in roy utah runs a tire

1095

00:47:42,440 --> 00:47:39,040

another big game hunter galore

1096

00:47:43,829 --> 00:47:42,450

taylor carl carl taylor

1097

00:47:46,870 --> 00:47:43,839

[Music]

1098

00:47:49,990 --> 00:47:46,880

um good guy

1099

00:47:53,349 --> 00:47:50,000

he uh watched one for over

1100

00:47:54,710 --> 00:47:53,359

well over a thousand feet from the time

1101

00:47:57,910 --> 00:47:54,720

he picked it up

1102

00:48:00,790 --> 00:47:57,920

up in monte cristo

1103

00:48:03,030 --> 00:48:00,800

and uh where he was at was a place

1104

00:48:06,069 --> 00:48:03,040

called piss that flat

1105

00:48:09,510 --> 00:48:06,079

oh great great

1106

00:48:09,910 --> 00:48:09,520

name great name yeah yeah well anyway

1107

00:48:13,270 --> 00:48:09,920

he's

1108

00:48:16,470 --> 00:48:13,280

higher level

1109

00:48:19,670 --> 00:48:16,480

on a small overhang clip

1110

00:48:22,710 --> 00:48:19,680

and it threat when it was walking

1111

00:48:24,470 --> 00:48:22,720

it was directly right below him and

1112

00:48:26,710 --> 00:48:24,480

never really

1113

00:48:28,630 --> 00:48:26,720

and you think of them as being extra

1114

00:48:31,190 --> 00:48:28,640

sensory perceptive

1115

00:48:33,030 --> 00:48:31,200

and being able to be you know pick up on

1116

00:48:35,670 --> 00:48:33,040

anything in their environment

1117

00:48:36,549 --> 00:48:35,680

well this walked right by you know of

1118

00:48:40,309 --> 00:48:36,559

course he had the

1119

00:48:43,109 --> 00:48:40,319

he was up looking down uh somewhat

1120

00:48:43,750 --> 00:48:43,119

as you can describe to me and then i and

1121

00:48:45,990 --> 00:48:43,760

then it can

1122

00:48:48,309 --> 00:48:46,000

he watched it it went past him and i

1123

00:48:50,630 --> 00:48:48,319

said i stood up there in this business

1124

00:48:52,630 --> 00:48:50,640

at the interview i said how much further

1125

00:48:56,069 --> 00:48:52,640

did you watch that

1126  
00:48:59,670 --> 00:48:56,079  
did you watch the that bigfoot when you

1127  
00:49:01,750 --> 00:48:59,680  
when it was directly below you

1128  
00:49:03,510 --> 00:49:01,760  
and so he gave me a landmark there right

1129  
00:49:05,109 --> 00:49:03,520  
here in the town on the main street

1130  
00:49:07,910 --> 00:49:05,119  
highway of roy

1131  
00:49:08,870 --> 00:49:07,920  
good hell where he pointed where he

1132  
00:49:12,710 --> 00:49:08,880  
finally lost

1133  
00:49:15,510 --> 00:49:12,720  
eyesight come to visual with him my hail

1134  
00:49:16,069 --> 00:49:15,520  
it was like another thousand feet away

1135  
00:49:20,390 --> 00:49:16,079  
right

1136  
00:49:50,950 --> 00:49:20,400  
a

1137  
00:49:54,790 --> 00:49:50,960  
weird one could we go in

1138  
00:49:57,430 --> 00:49:54,800

that case we're really dealing with the

1139

00:50:00,390 --> 00:49:57,440

weird cases on this podcast oh yeah just

1140

00:50:03,589 --> 00:50:00,400

nothing but mind blowers here

1141

00:50:04,069 --> 00:50:03,599

oh yeah that's a weird one that yep and

1142

00:50:06,549 --> 00:50:04,079

but

1143

00:50:08,230 --> 00:50:06,559

this one i'm we got time to tell it you

1144

00:50:10,870 --> 00:50:08,240

bet you bet

1145

00:50:12,309 --> 00:50:10,880

yeah uh there's a couple more similar to

1146

00:50:15,190 --> 00:50:12,319

it and there

1147

00:50:15,589 --> 00:50:15,200

as the three that i know of i've never

1148

00:50:19,030 --> 00:50:15,599

heard

1149

00:50:22,150 --> 00:50:19,040

anything else that even resembled

1150

00:50:24,950 --> 00:50:22,160

other than the three inches

1151

00:50:26,069 --> 00:50:24,960

through the years uh i mean this isn't

1152

00:50:29,109 --> 00:50:26,079

like a

1153

00:50:32,390 --> 00:50:29,119

like these are rare because you i just

1154

00:50:34,150 --> 00:50:32,400

i've only heard three of these and i've

1155

00:50:36,950 --> 00:50:34,160

covered a lot of ground with

1156

00:50:40,150 --> 00:50:36,960

uh folks through the years essentially

1157

00:50:43,589 --> 00:50:40,160

let me get into it

1158

00:50:46,069 --> 00:50:43,599

uh one cowboy guy i knew

1159

00:50:48,390 --> 00:50:46,079

in fact i rented uh my pasture to a

1160

00:50:51,589 --> 00:50:48,400

bunch years ago

1161

00:50:53,589 --> 00:50:51,599

but at any rate he's up in the monte

1162

00:50:56,950 --> 00:50:53,599

cristo

1163

00:50:59,430 --> 00:50:56,960

and he sees um

1164

00:51:01,510 --> 00:50:59,440

where they cut the trees there for fire

1165

00:51:03,430 --> 00:51:01,520

fireline

1166

00:51:05,589 --> 00:51:03,440

i can't remember the distance without

1167

00:51:07,030 --> 00:51:05,599

referring and i probably lost my notes

1168

00:51:09,589 --> 00:51:07,040

and information on some

1169

00:51:11,910 --> 00:51:09,599

a lot of these fights now but anyway so

1170

00:51:14,470 --> 00:51:11,920

i can't remember the exact distance

1171

00:51:16,470 --> 00:51:14,480

to be honest with you but he sees three

1172

00:51:18,150 --> 00:51:16,480

individuals

1173

00:51:20,870 --> 00:51:18,160

you know that's the middle of nowhere up

1174

00:51:23,670 --> 00:51:20,880

there i mean this is weird so it seems

1175

00:51:26,150 --> 00:51:23,680

about he was close enough to see that

1176

00:51:29,589 --> 00:51:26,160

they were extremely tall

1177

00:51:33,109 --> 00:51:29,599

about seven feet tall

1178

00:51:35,030 --> 00:51:33,119

plus maybe huge then

1179

00:51:36,390 --> 00:51:35,040

yeah but here's the thought this

1180

00:51:39,109 --> 00:51:36,400

probably has nothing this

1181

00:51:40,069 --> 00:51:39,119

has probably zero to do with bigfoot

1182

00:51:43,990 --> 00:51:40,079

other than the

1183

00:51:46,390 --> 00:51:44,000

uh high strangeness paranormal aspect of

1184

00:51:54,549 --> 00:51:51,030

is that they are dressed in macro

1185

00:51:56,069 --> 00:51:54,559

when you say call now i don't think they

1186

00:51:58,150 --> 00:51:56,079

were mortal

1187

00:52:00,069 --> 00:51:58,160

personally and i'll tell you why later

1188

00:52:02,829 --> 00:52:00,079

on based on this

1189

00:52:06,470 --> 00:52:02,839

and so he sees them and one of them has

1190

00:52:10,470 --> 00:52:08,710

just one of them so just one of them had

1191

00:52:13,589 --> 00:52:10,480

a staff

1192

00:52:15,190 --> 00:52:13,599

yes and the two other with them and he

1193

00:52:18,309 --> 00:52:15,200

couldn't see it you know because of the

1194

00:52:22,549 --> 00:52:18,319

hoods he couldn't see any facial

1195

00:52:24,549 --> 00:52:22,559

yeah the hell out of him and he uh

1196

00:52:25,589 --> 00:52:24,559

he didn't deserve too long but again i

1197

00:52:29,109 --> 00:52:25,599

don't recall

1198

00:52:31,109 --> 00:52:29,119

the exact this daytime

1199

00:52:32,870 --> 00:52:31,119

oh this was a date this was a daytime

1200

00:52:35,589 --> 00:52:32,880

sighting see i didn't know

1201  
00:52:36,390 --> 00:52:35,599  
but i don't recall the i wish i could

1202  
00:52:41,990 --> 00:52:36,400  
honestly

1203  
00:52:43,829 --> 00:52:42,000  
say uh exactly what

1204  
00:52:46,710 --> 00:52:43,839  
it's unclear to me in memory just

1205  
00:52:49,030 --> 00:52:46,720  
exactly how close he was

1206  
00:52:51,589 --> 00:52:49,040  
right right now was this was this was an

1207  
00:52:54,790 --> 00:52:51,599  
instance positively make those

1208  
00:52:57,430 --> 00:52:54,800  
physical uh uh

1209  
00:52:59,190 --> 00:52:57,440  
you mentioned uh you didn't think that

1210  
00:53:02,870 --> 00:52:59,200  
they were living beings or

1211  
00:53:05,349 --> 00:53:02,880  
alive really well no mortals

1212  
00:53:08,870 --> 00:53:05,359  
mortal i'm sorry yeah you have to be

1213  
00:53:11,430 --> 00:53:08,880

seven foot tall to belong to a cult

1214

00:53:13,109 --> 00:53:11,440

right now there is there is a monastery

1215

00:53:14,390 --> 00:53:13,119

you've probably been to that monastery

1216

00:53:16,230 --> 00:53:14,400

up in august

1217

00:53:17,910 --> 00:53:16,240

i've stayed weeks at that place yeah i

1218

00:53:19,030 --> 00:53:17,920

used to love it it's a shame that it's

1219

00:53:22,470 --> 00:53:19,040

no longer

1220

00:53:25,109 --> 00:53:22,480

not like a bunch of monks went on a wall

1221

00:53:28,390 --> 00:53:25,119

seven foot tall monks that decided to

1222

00:53:30,710 --> 00:53:28,400

split the scene at the monastery and

1223

00:53:32,309 --> 00:53:30,720

still you know go out in the nature

1224

00:53:35,109 --> 00:53:32,319

seven feet tall and you know

1225

00:53:36,230 --> 00:53:35,119

monk costume you know that's similar to

1226  
00:53:39,270 --> 00:53:36,240  
that right

1227  
00:53:40,790 --> 00:53:39,280  
so weird so that doesn't make any sense

1228  
00:53:44,630 --> 00:53:40,800  
you can rule that out

1229  
00:53:47,190 --> 00:53:44,640  
even though as the crow flies miles away

1230  
00:53:48,069 --> 00:53:47,200  
a few short miles away there is that

1231  
00:53:51,910 --> 00:53:48,079  
monastery

1232  
00:54:06,390 --> 00:53:53,990  
but the chances are three seven foot

1233  
00:54:11,670 --> 00:54:09,750  
so there's one now the second one the

1234  
00:54:15,430 --> 00:54:11,680  
first one i ever heard was from a guy

1235  
00:54:17,270 --> 00:54:15,440  
that worked in the post office in murray

1236  
00:54:19,190 --> 00:54:17,280  
and i remember going down there i was so

1237  
00:54:21,109 --> 00:54:19,200  
interested as i went down to

1238  
00:54:22,549 --> 00:54:21,119

the workplace and waited he went on

1239

00:54:25,990 --> 00:54:22,559

lunch so i could

1240

00:54:28,309 --> 00:54:26,000

speak to him about it in the flesh yeah

1241

00:54:31,589 --> 00:54:28,319

see if he if i could pick up on the

1242

00:54:33,270 --> 00:54:31,599

truthfulness of the statement

1243

00:54:35,430 --> 00:54:33,280

and uh he was up fishing i can't

1244

00:54:38,870 --> 00:54:35,440

remember the exact location somewhere in

1245

00:54:42,069 --> 00:54:38,880

utah high country here and he uh

1246

00:54:42,710 --> 00:54:42,079

he uh got disoriented and had to spend

1247

00:54:46,230 --> 00:54:42,720

the night

1248

00:54:48,710 --> 00:54:46,240

uh sleeping uh

1249

00:54:50,390 --> 00:54:48,720

in a grove of uh clerkiness street

1250

00:54:51,670 --> 00:54:50,400

assembly i don't even remember the exact

1251  
00:54:53,510 --> 00:54:51,680  
location on this

1252  
00:54:56,230 --> 00:54:53,520  
you know a lot of these have been years

1253  
00:54:58,390 --> 00:54:56,240  
ago for crying out loud

1254  
00:54:59,910 --> 00:54:58,400  
so but anyway when he wakes up in the

1255  
00:55:02,230 --> 00:54:59,920  
early morning hours you know

1256  
00:55:03,030 --> 00:55:02,240  
he's up against the tree trying to keep

1257  
00:55:07,190 --> 00:55:03,040  
warm

1258  
00:55:10,309 --> 00:55:07,200  
because he got momentarily lost

1259  
00:55:12,309 --> 00:55:10,319  
he sees three individuals

1260  
00:55:14,789 --> 00:55:12,319  
see the parallel what i'm about to tell

1261  
00:55:15,190 --> 00:55:14,799  
you he sees three individuals that are

1262  
00:55:18,870 --> 00:55:15,200  
about

1263  
00:55:21,829 --> 00:55:18,880

seven feet tall in robes and one with a

1264

00:55:25,430 --> 00:55:21,839

staff

1265

00:55:26,309 --> 00:55:25,440

completely far away location than the

1266

00:55:29,589 --> 00:55:26,319

monte cristo

1267

00:55:31,910 --> 00:55:29,599

area that i just told in the mountainous

1268

00:55:35,190 --> 00:55:31,920

country

1269

00:55:37,349 --> 00:55:35,200

now what's up with this stuff but at the

1270

00:55:39,750 --> 00:55:37,359

time when he saw him he thought

1271

00:55:40,390 --> 00:55:39,760

he was so glad to see some kind of human

1272

00:55:42,870 --> 00:55:40,400

movement

1273

00:55:44,630 --> 00:55:42,880

but so he thought he was yelling and

1274

00:55:46,870 --> 00:55:44,640

screaming from his position

1275

00:55:48,549 --> 00:55:46,880

hey i'm right here i'm here i'm here you

1276

00:55:51,829 --> 00:55:48,559

know like he's been proud

1277

00:55:55,030 --> 00:55:51,839

and he was walked right

1278

00:55:57,990 --> 00:55:55,040

right why not and they never looked up

1279

00:55:58,710 --> 00:55:58,000

broke stride or a damn thing and

1280

00:56:01,190 --> 00:55:58,720

eventually

1281

00:56:03,750 --> 00:56:01,200

walked into another grove and i don't

1282

00:56:05,270 --> 00:56:03,760

remember how the distance again

1283

00:56:06,789 --> 00:56:05,280

and he never saw him again and they

1284

00:56:08,950 --> 00:56:06,799

never responded

1285

00:56:10,789 --> 00:56:08,960

didn't stop you know he's yelling and

1286

00:56:11,750 --> 00:56:10,799

screaming that you know like here i am

1287

00:56:14,549 --> 00:56:11,760

you know like you know

1288

00:56:16,069 --> 00:56:14,559

oh good people i'm gonna be i'm gonna be

1289

00:56:18,950 --> 00:56:16,079

saved i'm gonna be

1290

00:56:21,270 --> 00:56:18,960

led back from the right trail to

1291

00:56:23,510 --> 00:56:21,280

civilization here

1292

00:56:25,670 --> 00:56:23,520

they didn't even stop they had hoods on

1293

00:56:28,069 --> 00:56:25,680

he couldn't see any facial things

1294

00:56:29,670 --> 00:56:28,079

again the staff three of them seven feet

1295

00:56:32,710 --> 00:56:29,680

tall

1296

00:56:34,870 --> 00:56:32,720

now what's up with this stuff that one

1297

00:56:40,230 --> 00:56:34,880

more

1298

00:56:44,470 --> 00:56:40,240

yeah let's do it or monte cristo again

1299

00:56:46,069 --> 00:56:44,480

a guy i got the interview i found out

1300

00:56:48,710 --> 00:56:46,079

about interview

1301  
00:56:49,670 --> 00:56:48,720  
as a small japanese truck back in those

1302  
00:56:53,109 --> 00:56:49,680  
days

1303  
00:56:54,870 --> 00:56:53,119  
hating you know you you've owned your

1304  
00:56:56,870 --> 00:56:54,880  
share of japanese trucks but yours have

1305  
00:57:00,230 --> 00:56:56,880  
been nice when

1306  
00:57:03,030 --> 00:57:00,240  
anyway he's got uh a couple of

1307  
00:57:04,710 --> 00:57:03,040  
some people they're just out driving

1308  
00:57:07,910 --> 00:57:04,720  
around late at night

1309  
00:57:10,230 --> 00:57:07,920  
adventurizing you know and what and

1310  
00:57:12,069 --> 00:57:10,240  
uh he's got a guy in the back that can't

1311  
00:57:13,030 --> 00:57:12,079  
fit everybody in those little caps so

1312  
00:57:15,990 --> 00:57:13,040  
one of the guys

1313  
00:57:17,270 --> 00:57:16,000

in the back of the i'll call it the

1314

00:57:20,710 --> 00:57:17,280

toyota

1315

00:57:21,670 --> 00:57:20,720

are eight each type and they're going up

1316

00:57:23,190 --> 00:57:21,680

late at night

1317

00:57:25,589 --> 00:57:23,200

up through the winding road they're on

1318

00:57:27,430 --> 00:57:25,599

highway 39 monte cristo

1319

00:57:30,309 --> 00:57:27,440

goes up in that country and if you kept

1320

00:57:33,829 --> 00:57:30,319

going and you go into wyoming you know

1321

00:57:36,069 --> 00:57:33,839

but at any rate this time there's only

1322

00:57:39,670 --> 00:57:36,079

one of them

1323

00:57:41,030 --> 00:57:39,680

of the tall seven-foot road individuals

1324

00:57:44,309 --> 00:57:41,040

and i can't remember if this one

1325

00:57:47,349 --> 00:57:44,319

individual had a staff or not

1326  
00:57:49,109 --> 00:57:47,359  
but again here's the same

1327  
00:57:50,630 --> 00:57:49,119  
you know here's the same description

1328  
00:57:54,150 --> 00:57:50,640  
brian

1329  
00:57:56,870 --> 00:57:54,160  
and uh when he saw it was like

1330  
00:57:59,190 --> 00:57:56,880  
standing almost in the center of the

1331  
00:58:03,109 --> 00:57:59,200  
two-lane road winding through

1332  
00:58:05,349 --> 00:58:03,119  
the mountainous terrain there

1333  
00:58:06,390 --> 00:58:05,359  
and he had a a really hearing feeling

1334  
00:58:09,430 --> 00:58:06,400  
like this thing was

1335  
00:58:12,870 --> 00:58:09,440  
evil oh really

1336  
00:58:16,950 --> 00:58:12,880  
real energy in fact he had to

1337  
00:58:21,670 --> 00:58:16,960  
kind of drive around it to something

1338  
00:58:28,230 --> 00:58:25,750

that's really freaky here in the back

1339

00:58:30,309 --> 00:58:28,240

shot when because he picked up speed and

1340

00:58:33,589 --> 00:58:30,319

accelerated when they

1341

00:58:35,430 --> 00:58:33,599

and the kid in the back said he felt

1342

00:58:36,870 --> 00:58:35,440

whatever this thing he felt some kind of

1343

00:58:39,109 --> 00:58:36,880

work that this thing

1344

00:58:40,470 --> 00:58:39,119

if it wanted to have the power and

1345

00:58:42,549 --> 00:58:40,480

capability

1346

00:58:44,710 --> 00:58:42,559

that yanked him right out of the back of

1347

00:58:48,829 --> 00:58:44,720

that truck

1348

00:58:51,829 --> 00:58:48,839

and a perceived evil to boot

1349

00:58:53,030 --> 00:58:51,839

yeah now there's three of those are the

1350

00:58:57,190 --> 00:58:53,040

only

1351

00:58:58,789 --> 00:58:57,200

three of that nature in all these years

1352

00:59:02,309 --> 00:58:58,799

i've heard

1353

00:59:04,630 --> 00:59:02,319

that's so fascinating and comparison to

1354

00:59:07,910 --> 00:59:04,640

the big precision

1355

00:59:09,030 --> 00:59:07,920

you know what uh hundreds of bigfoot

1356

00:59:12,150 --> 00:59:09,040

related sightings

1357

00:59:14,789 --> 00:59:12,160

or dozens dozens and dozens and dozens

1358

00:59:15,589 --> 00:59:14,799

and thousands and dozens and more you

1359

00:59:18,309 --> 00:59:15,599

know in that

1360

00:59:19,589 --> 00:59:18,319

you know you're talking you know in a

1361

00:59:22,950 --> 00:59:19,599

40-year period

1362

00:59:26,789 --> 00:59:22,960

yeah 40 years and

1363

00:59:30,069 --> 00:59:29,270

so nobody knows nobody's been able to

1364

00:59:33,109 --> 00:59:30,079

give me any

1365

00:59:35,990 --> 00:59:33,119

you know official feedback

1366

00:59:39,430 --> 00:59:36,000

other than but just between you and me

1367

00:59:42,390 --> 00:59:39,440

and uh some of your listeners uh

1368

00:59:42,870 --> 00:59:42,400

wow what's up with this phenomenon yeah

1369

00:59:46,309 --> 00:59:42,880

yeah

1370

00:59:48,309 --> 00:59:46,319

and that area is explosively active

1371

00:59:50,470 --> 00:59:48,319

man i wish we could talk about it all

1372

00:59:52,630 --> 00:59:50,480

day and we need to talk again soon

1373

00:59:54,069 --> 00:59:52,640

let's wrap it up with one if you have

1374

00:59:55,670 --> 00:59:54,079

and it doesn't have to be bigfoot

1375

00:59:59,270 --> 00:59:55,680

related if you don't want it to be

1376

01:00:01,270 --> 00:59:59,280

mr layton but whatever one last one

1377

01:00:04,309 --> 01:00:01,280

ryan go ahead i'm going to let you take

1378

01:00:07,349 --> 01:00:04,319

it away whatever you think is uh most

1379

01:00:07,359 --> 01:00:11,190

one you want to mention

1380

01:00:17,430 --> 01:00:14,870

well there's several of them really

1381

01:00:19,030 --> 01:00:17,440

let's do it let's i would say that the i

1382

01:00:22,309 --> 01:00:19,040

would say the mother of all

1383

01:00:25,430 --> 01:00:22,319

sides was actually a ufo site

1384

01:00:27,670 --> 01:00:25,440

i like it i like it

1385

01:00:29,910 --> 01:00:27,680

okay i'll get your running out of time

1386

01:00:31,670 --> 01:00:29,920

i'll try to go through this real quickly

1387

01:00:34,470 --> 01:00:31,680

no we can stretch it out a bit let's

1388

01:00:39,510 --> 01:00:34,480

let's do it let's do it right yeah

1389

01:00:43,750 --> 01:00:39,520

this goes back to uh about 1966

1390

01:00:46,950 --> 01:00:43,760

in northern utah yeah near the final

1391

01:00:48,549 --> 01:00:46,960

rocket booster plant

1392

01:00:50,069 --> 01:00:48,559

have you ever been out in that country

1393

01:00:53,750 --> 01:00:50,079

up on the northern i've

1394

01:00:55,670 --> 01:00:53,760

been out there i used to know the uh

1395

01:00:57,270 --> 01:00:55,680

hr person out there and i saw some of

1396

01:00:58,630 --> 01:00:57,280

the rocket testing out there and it was

1397

01:01:00,150 --> 01:00:58,640

just fascinating

1398

01:01:01,670 --> 01:01:00,160

yeah so yeah i've been out there it's

1399

01:01:05,910 --> 01:01:01,680

crazy pretty neat

1400

01:01:09,990 --> 01:01:05,920

this is far from the actual plant and

1401

01:01:12,789 --> 01:01:10,000

yes this involved uh two young people

1402

01:01:14,230 --> 01:01:12,799

who are dry farmers last name sorensen

1403

01:01:16,069 --> 01:01:14,240

out of logan utah

1404

01:01:17,510 --> 01:01:16,079

that they owned a lot of farmland up

1405

01:01:20,789 --> 01:01:17,520

there

1406

01:01:23,990 --> 01:01:20,799

and yes they were young men uh

1407

01:01:29,349 --> 01:01:24,000

about 12 13 and 16

1408

01:01:34,870 --> 01:01:32,390

and uh one particular night they

1409

01:01:35,910 --> 01:01:34,880

you know as farmers do folks they have

1410

01:01:39,910 --> 01:01:35,920

to irrigate

1411

01:01:41,750 --> 01:01:39,920

uh in the wee hours the morning

1412

01:01:43,470 --> 01:01:41,760

so this is the wee hours of the morning

1413

01:01:46,789 --> 01:01:43,480

on one particular night

1414

01:01:49,349 --> 01:01:46,799

1966. you know both of them are in their

1415

01:01:52,470 --> 01:01:49,359

60s today

1416

01:01:54,309 --> 01:01:52,480

uh however uh all of a sudden hello this

1417

01:01:56,069 --> 01:01:54,319

is amazing i know this

1418

01:01:57,430 --> 01:01:56,079

i know that i know they're telling the

1419

01:02:00,710 --> 01:01:57,440

truth they have

1420

01:02:03,910 --> 01:02:00,720

this guy runs a major insurance

1421

01:02:06,470 --> 01:02:03,920

uh operation right yeah

1422

01:02:07,109 --> 01:02:06,480

well easy but which is a no-no career

1423

01:02:09,670 --> 01:02:07,119

killer

1424

01:02:10,789 --> 01:02:09,680

he's even shared this story with his

1425

01:02:13,910 --> 01:02:10,799

some of his fellow

1426

01:02:15,349 --> 01:02:13,920

insurance salesmen

1427

01:02:17,109 --> 01:02:15,359

if they didn't you know could be a

1428

01:02:18,630 --> 01:02:17,119

career killer but anyway here's

1429

01:02:21,430 --> 01:02:18,640

here's what happened let's get to the

1430

01:02:23,029 --> 01:02:21,440

good part get to the action

1431

01:02:25,510 --> 01:02:23,039

so though they're up irrigating in the

1432

01:02:27,910 --> 01:02:25,520

wee hours of the morning

1433

01:02:28,789 --> 01:02:27,920

but all of a sudden oh this is a good

1434

01:02:32,309 --> 01:02:28,799

one

1435

01:02:34,150 --> 01:02:32,319

the sky blocks out right over the top of

1436

01:02:36,789 --> 01:02:34,160

they can't see nothing i mean all of a

1437

01:02:39,710 --> 01:02:36,799

sudden there's an object i should say

1438

01:02:42,230 --> 01:02:39,720

and it covers everything and it's

1439

01:02:46,829 --> 01:02:42,240

approximately

1440

01:02:50,069 --> 01:02:46,839

a minimum of 150 to 250 feet directly

1441

01:02:56,870 --> 01:02:53,510

and uh it's got concave and convex

1442

01:03:03,589 --> 01:02:59,430

but you can't see the sky and their

1443

01:03:05,589 --> 01:03:03,599

first initial reaction was instinctive

1444

01:03:07,990 --> 01:03:05,599

they didn't know of course in those days

1445

01:03:10,069 --> 01:03:08,000

you're not thinking mothership

1446

01:03:11,829 --> 01:03:10,079

they didn't know why i mean they

1447

01:03:14,829 --> 01:03:11,839

panicked and they both dove

1448

01:03:17,510 --> 01:03:14,839

into the uh alfalfa that they were

1449

01:03:19,750 --> 01:03:17,520

watering

1450

01:03:22,470 --> 01:03:19,760

into the dirt with their faces you know

1451

01:03:25,029 --> 01:03:22,480

further down that's being caused

1452

01:03:25,589 --> 01:03:25,039

the startling effect of something that

1453

01:03:29,190 --> 01:03:25,599

uh

1454

01:03:30,630 --> 01:03:29,200

colossal right over your head

1455

01:03:33,270 --> 01:03:30,640

they thought they were thought to be

1456

01:03:35,990 --> 01:03:33,280

crushed of course

1457

01:03:37,430 --> 01:03:36,000

by whatever the flip this thing was you

1458

01:03:39,589 --> 01:03:37,440

know

1459

01:03:41,190 --> 01:03:39,599

oh this wasn't it this is the mother of

1460

01:03:45,670 --> 01:03:41,200

all my interviews yeah

1461

01:03:47,589 --> 01:03:45,680

and i've had some good ones and so

1462

01:03:50,470 --> 01:03:47,599

that was the distance overhead it made

1463

01:03:56,150 --> 01:03:53,990

and probably took uh as long as

1464

01:03:59,029 --> 01:03:56,160

it must have been in idle it must have

1465

01:04:02,309 --> 01:03:59,039

been encouraged because it took

1466

01:04:07,190 --> 01:04:02,319

he figures 20 to 30 minutes

1467

01:04:15,910 --> 01:04:11,270

unbelievable and um let me think

1468

01:04:18,870 --> 01:04:15,920

he uh oh and periodically they would

1469

01:04:20,150 --> 01:04:18,880

look up from a prone position

1470

01:04:22,870 --> 01:04:20,160

because they're still down on their

1471

01:04:24,870 --> 01:04:22,880

bellies most of the time in fact not all

1472

01:04:25,910 --> 01:04:24,880

probably all of it thinking that this

1473

01:04:28,470 --> 01:04:25,920

thing if it sat

1474

01:04:29,109 --> 01:04:28,480

down it's going to crush it which would

1475

01:04:32,230 --> 01:04:29,119

be an

1476

01:04:33,670 --> 01:04:32,240

honest natural response an answer you

1477

01:04:35,750 --> 01:04:33,680

would be horrified to see that

1478

01:04:38,069 --> 01:04:35,760

of course you would yeah no pressure no

1479

01:04:41,670 --> 01:04:38,079

sound no noise

1480

01:04:43,990 --> 01:04:41,680

and then when it finally passed overhead

1481

01:04:46,150 --> 01:04:44,000

and they could see the sky again it was

1482

01:04:48,150 --> 01:04:46,160

heading in a southerly direction

1483

01:04:49,430 --> 01:04:48,160

this is out in howell valley a very

1484

01:04:52,069 --> 01:04:49,440

remote area

1485

01:04:59,029 --> 01:04:52,079

matter of fact back in college days uh

1486

01:05:02,309 --> 01:05:00,549

now there's not a lot out there from

1487

01:05:04,230 --> 01:05:02,319

what i remember well there's nothing out

1488

01:05:06,870 --> 01:05:04,240

there but dry farms and stuff

1489

01:05:08,230 --> 01:05:06,880

probably still the same today i haven't

1490

01:05:09,750 --> 01:05:08,240

been up there for years

1491

01:05:12,150 --> 01:05:09,760

that's that's kind of why they do the

1492

01:05:14,710 --> 01:05:12,160

testing out there

1493

01:05:17,270 --> 01:05:14,720

well the the booster plant is probably

1494

01:05:19,670 --> 01:05:17,280

from where this big place

1495

01:05:22,309 --> 01:05:19,680

uh i'm gonna say a minimum of three to

1496

01:05:25,990 --> 01:05:22,319

six miles down

1497

01:05:28,309 --> 01:05:26,000

oh man away so it's relatively close

1498

01:05:30,630 --> 01:05:28,319

oh man it's really close that's really

1499

01:05:32,789 --> 01:05:30,640

close a lot closer than i thought

1500

01:05:33,910 --> 01:05:32,799

well anyway being a country boy and all

1501  
01:05:36,789 --> 01:05:33,920  
and everything like that

1502  
01:05:38,069 --> 01:05:36,799  
knowing the turf the terrain the family

1503  
01:05:43,349 --> 01:05:38,079  
he can estimate

1504  
01:05:47,670 --> 01:05:43,359  
the size of this thing here here's the

1505  
01:05:50,309 --> 01:05:47,680  
here's the uh surprise right here

1506  
01:05:51,589 --> 01:05:50,319  
based on the landmarks now this thing

1507  
01:05:55,190 --> 01:05:51,599  
was at least a

1508  
01:05:59,349 --> 01:05:55,200  
mile if not possibly a

1509  
01:06:02,470 --> 01:05:59,359  
mile and a half in length

1510  
01:06:06,549 --> 01:06:02,480  
an absolutely huge craft

1511  
01:06:09,910 --> 01:06:06,559  
and it went in the direction

1512  
01:06:12,870 --> 01:06:09,920  
of the rocket booster cycle

1513  
01:06:13,190 --> 01:06:12,880

in fact right he estimates right where

1514

01:06:16,230 --> 01:06:13,200

it

1515

01:06:18,710 --> 01:06:16,240

shot up into the sky

1516

01:06:20,309 --> 01:06:18,720

like a golden streak when it was that

1517

01:06:22,150 --> 01:06:20,319

far away from

1518

01:06:25,829 --> 01:06:22,160

from where it was when it went past

1519

01:06:29,670 --> 01:06:25,839

overhead with feminist system

1520

01:06:33,670 --> 01:06:29,680

so that particular night 1966

1521

01:06:35,910 --> 01:06:33,680

you know damn well the security there

1522

01:06:37,109 --> 01:06:35,920

at the rocket booster plant had to have

1523

01:06:40,309 --> 01:06:37,119

seen this

1524

01:06:42,150 --> 01:06:40,319

up close and personal they had some

1525

01:06:43,990 --> 01:06:42,160

something had to have been seen so the

1526

01:06:47,510 --> 01:06:44,000

joke is is that

1527

01:06:49,589 --> 01:06:47,520

they were probably taking a tour

1528

01:06:50,710 --> 01:06:49,599

you know oh and here's what the humans

1529

01:06:53,190 --> 01:06:50,720

are doing with their

1530

01:06:54,230 --> 01:06:53,200

their space here's one of them well

1531

01:06:56,789 --> 01:06:54,240

there are

1532

01:06:58,630 --> 01:06:56,799

a little bit of humor well it kind of is

1533

01:07:01,349 --> 01:06:58,640

interesting because there's a history a

1534

01:07:03,990 --> 01:07:01,359

long history of ufos

1535

01:07:04,870 --> 01:07:04,000

engaging with nuclear plants and

1536

01:07:08,309 --> 01:07:04,880

military

1537

01:07:11,750 --> 01:07:08,319

facilities so that falls into line

1538

01:07:14,950 --> 01:07:11,760

oh yes of course but this comes from uh

1539

01:07:18,069 --> 01:07:14,960

some very honest people

1540

01:07:21,029 --> 01:07:18,079

and uh you know

1541

01:07:22,230 --> 01:07:21,039

even though it's 66 no drugs involved no

1542

01:07:25,510 --> 01:07:22,240

alcohol none of

1543

01:07:29,349 --> 01:07:25,520

none of that horse play more upright

1544

01:07:31,270 --> 01:07:29,359

straight truth speaking

1545

01:07:32,789 --> 01:07:31,280

folks even though they were young at the

1546

01:07:35,910 --> 01:07:32,799

time like i said

1547

01:07:38,549 --> 01:07:35,920

telling you the facts based on it you

1548

01:07:41,270 --> 01:07:38,559

remember everything i said

1549

01:07:43,750 --> 01:07:41,280

so here's here's the thing here's the

1550

01:07:48,390 --> 01:07:43,760

here's the impact

1551

01:07:50,710 --> 01:07:48,400

wow who are these beans

1552

01:07:53,990 --> 01:07:50,720

you know yeah i mean really i mean and

1553

01:07:57,190 --> 01:07:54,000

this isn't one of a kind there have been

1554

01:08:00,710 --> 01:07:57,200

you know mild [h\_\_\h] long vehicles

1555

01:08:03,829 --> 01:08:00,720

spotted numerous times around the planet

1556

01:08:05,829 --> 01:08:03,839

i'm gonna divulge a little do you

1557

01:08:07,829 --> 01:08:05,839

this is one that i think going back to

1558

01:08:11,270 --> 01:08:07,839

daryl how strange

1559

01:08:13,510 --> 01:08:11,280

but this is like the daryl cast the um

1560

01:08:14,710 --> 01:08:13,520

did you ever or you may have been

1561

01:08:17,030 --> 01:08:14,720

involved i don't know

1562

01:08:18,229 --> 01:08:17,040

and i think ron johnson might have also

1563

01:08:19,749 --> 01:08:18,239

been involved i can't remember the

1564

01:08:21,030 --> 01:08:19,759

characters and their players that were

1565

01:08:24,870 --> 01:08:21,040

telling the story

1566

01:08:28,950 --> 01:08:27,430

there's so many of them there was one

1567

01:08:32,390 --> 01:08:28,960

there was one that involved some

1568

01:08:33,510 --> 01:08:32,400

frog people type aliens like a farmer

1569

01:08:36,829 --> 01:08:33,520

saw

1570

01:08:37,990 --> 01:08:36,839

a craft of some sort land near a river i

1571

01:08:40,789 --> 01:08:38,000

believe

1572

01:08:42,870 --> 01:08:40,799

and these things that he described as

1573

01:08:45,269 --> 01:08:42,880

frog-like

1574

01:08:47,110 --> 01:08:45,279

came out and for lack of a better word

1575

01:08:47,829 --> 01:08:47,120

took some buckets out to the river or

1576

01:08:50,070 --> 01:08:47,839

grabbed some

1577

01:08:51,510 --> 01:08:50,080

sheep it was a crazy story do you

1578

01:08:53,590 --> 01:08:51,520

remember that story

1579

01:08:55,269 --> 01:08:53,600

that doesn't ring a bell at all to me

1580

01:08:56,390 --> 01:08:55,279

i've got to hit the archives and dig

1581

01:08:58,950 --> 01:08:56,400

that one up

1582

01:08:59,990 --> 01:08:58,960

is that a u-car one it was a utah one

1583

01:09:01,910 --> 01:09:00,000

and it was i think

1584

01:09:03,430 --> 01:09:01,920

i think that's a ron story because if

1585

01:09:04,470 --> 01:09:03,440

i'm not mistaken it was down in the

1586

01:09:07,349 --> 01:09:04,480

price area

1587

01:09:08,709 --> 01:09:07,359

or book cliffs or somewhere around i

1588

01:09:11,269 --> 01:09:08,719

couldn't even add to that

1589

01:09:12,950 --> 01:09:11,279

right now i don't i got one more

1590

01:09:14,309 --> 01:09:12,960

equipment for you that's a good one

1591

01:09:17,189 --> 01:09:14,319

let's do it

1592

01:09:21,030 --> 01:09:17,199

well i stood actually on the exact spot

1593

01:09:26,470 --> 01:09:24,630

yeah let's do that okay here's how this

1594

01:09:29,030 --> 01:09:26,480

came about

1595

01:09:30,070 --> 01:09:29,040

i stood on that spot years after the

1596

01:09:32,709 --> 01:09:30,080

fact i

1597

01:09:34,070 --> 01:09:32,719

didn't know i knew nothing of it it

1598

01:09:37,269 --> 01:09:34,080

occurred in the spring

1599

01:09:39,749 --> 01:09:37,279

of 1972. up in

1600

01:09:40,950 --> 01:09:39,759

woodland utah i know you're familiar

1601

01:09:42,470 --> 01:09:40,960

with the

1602

01:09:44,070 --> 01:09:42,480

countryside because you're a great

1603

01:09:46,789 --> 01:09:44,080

observer and a traveler

1604

01:09:49,030 --> 01:09:46,799

i love you as you know near family on

1605

01:09:53,189 --> 01:09:49,040

the way up the wolf creek

1606

01:09:54,950 --> 01:09:53,199

you know you know the turf yes sir

1607

01:09:58,149 --> 01:09:54,960

well this occurred in woodland in the

1608

01:10:00,709 --> 01:09:58,159

spring of 72.

1609

01:10:02,070 --> 01:10:00,719

and this occurred in a uh on a remote

1610

01:10:06,070 --> 01:10:02,080

lane there

1611

01:10:09,189 --> 01:10:06,080

in a pasture of a of a dairy farm

1612

01:10:11,350 --> 01:10:09,199

mind you and

1613

01:10:12,550 --> 01:10:11,360

they were up at that hour because the

1614

01:10:17,110 --> 01:10:12,560

boys had to get up

1615

01:10:19,590 --> 01:10:17,120

or to do the milking and uh the mother

1616

01:10:21,270 --> 01:10:19,600

the boys and the father

1617

01:10:22,950 --> 01:10:21,280

and maybe the young sisters all

1618

01:10:25,830 --> 01:10:22,960

witnessed it

1619

01:10:26,550 --> 01:10:25,840

but 180 yards out from the kitchen

1620

01:10:29,030 --> 01:10:26,560

window

1621

01:10:30,630 --> 01:10:29,040

that morning was what they all thought

1622

01:10:34,550 --> 01:10:30,640

initially was a big

1623

01:10:36,310 --> 01:10:34,560

motor home out in the pasture

1624

01:10:38,550 --> 01:10:36,320

but to get that motorhome out in the

1625

01:10:39,750 --> 01:10:38,560

pasture you would have to bust down say

1626

01:10:43,189 --> 01:10:39,760

a series of

1627

01:10:45,430 --> 01:10:43,199

three four or five fence levels

1628

01:10:46,950 --> 01:10:45,440

you know to get that motorhome in that

1629

01:10:49,590 --> 01:10:46,960

location

1630

01:10:50,390 --> 01:10:49,600

right well it wasn't a motorhome of

1631

01:10:53,030 --> 01:10:50,400

course

1632

01:10:56,870 --> 01:10:53,040

but all the the milk cows were as far

1633

01:10:59,510 --> 01:10:56,880

away from this object as possible

1634

01:11:01,189 --> 01:10:59,520

in the in the uh pastures and in the

1635

01:11:04,470 --> 01:11:01,199

farm there

1636

01:11:07,910 --> 01:11:04,480

it's as if they knew something was

1637

01:11:11,430 --> 01:11:07,920

rotten in denmark well anyway

1638

01:11:13,270 --> 01:11:11,440

uh so they noticed this thing going up

1639

01:11:15,270 --> 01:11:13,280

and that there were cottonwood trees

1640

01:11:17,030 --> 01:11:15,280

nearby

1641

01:11:19,110 --> 01:11:17,040

and he was noticing this thing was

1642

01:11:21,270 --> 01:11:19,120

riding up and down

1643

01:11:24,470 --> 01:11:21,280

and those caught with trees were saying

1644

01:11:28,149 --> 01:11:24,480

70 80 90 100 feet tall

1645

01:11:31,110 --> 01:11:28,159

at least and i don't know too many motor

1646

01:11:33,750 --> 01:11:31,120

homes that are capable of doing that

1647

01:11:35,830 --> 01:11:33,760

i i wish i did know one of the one of

1648

01:11:39,430 --> 01:11:35,840

the brothers

1649

01:11:41,270 --> 01:11:39,440

and he's fifth deceased i know this from

1650

01:11:43,750 --> 01:11:41,280

the mother there

1651  
01:11:44,310 --> 01:11:43,760  
and i've stopped him a few times since

1652  
01:11:49,030 --> 01:11:44,320  
this

1653  
01:11:52,790 --> 01:11:49,040  
uh but i didn't know about it until 1988

1654  
01:11:54,310 --> 01:11:52,800  
right you know with his uh what 16 years

1655  
01:11:57,510 --> 01:11:54,320  
later right right

1656  
01:11:59,110 --> 01:11:57,520  
right and what i found about it i asked

1657  
01:11:59,990 --> 01:11:59,120  
if i could come out and speak to the

1658  
01:12:02,950 --> 01:12:00,000  
family

1659  
01:12:06,550 --> 01:12:02,960  
yeah come you're welcome come on up so i

1660  
01:12:09,510 --> 01:12:06,560  
went out on location and heard it all

1661  
01:12:11,590 --> 01:12:09,520  
and one of the sons who dared to get

1662  
01:12:15,270 --> 01:12:11,600  
close to this

1663  
01:12:15,910 --> 01:12:15,280

object it was a uh and unfortunately

1664

01:12:18,229 --> 01:12:15,920

that

1665

01:12:19,350 --> 01:12:18,239

son had been murdered through the years

1666

01:12:24,870 --> 01:12:19,360

he told me

1667

01:12:30,390 --> 01:12:28,470

afterwards so he's not here available to

1668

01:12:32,709 --> 01:12:30,400

tell his eyewitness account

1669

01:12:34,950 --> 01:12:32,719

but he can't he went through the fence

1670

01:12:37,030 --> 01:12:34,960

line to the south and came up that way

1671

01:12:38,630 --> 01:12:37,040

to get near this object to get a good

1672

01:12:44,870 --> 01:12:38,640

look at it

1673

01:12:48,830 --> 01:12:48,070

and it had a series of windows and he

1674

01:12:52,149 --> 01:12:48,840

could see

1675

01:12:52,790 --> 01:12:52,159

beams moving in and out you know the

1676

01:12:55,669 --> 01:12:52,800

silhouette

1677

01:12:56,950 --> 01:12:55,679

no way through through the portholes

1678

01:12:58,709 --> 01:12:56,960

through the portholes

1679

01:12:59,990 --> 01:12:58,719

so he was he could see beings through

1680

01:13:04,709 --> 01:13:00,000

the portholes

1681

01:13:07,910 --> 01:13:04,719

yeah through the window it had windows

1682

01:13:09,669 --> 01:13:07,920

this shaped uh

1683

01:13:11,270 --> 01:13:09,679

i don't remember the dimensions but i'm

1684

01:13:15,830 --> 01:13:11,280

going to say at least

1685

01:13:18,310 --> 01:13:15,840

minimum of the 60 90 120 feet plus

1686

01:13:19,430 --> 01:13:18,320

is what i i don't know about the exact

1687

01:13:23,510 --> 01:13:19,440

but i'm just gonna

1688

01:13:26,870 --> 01:13:23,520

figure maybe even bigger well anyway

1689

01:13:30,229 --> 01:13:26,880

um that's what he

1690

01:13:32,709 --> 01:13:30,239

saw close at around

1691

01:13:37,189 --> 01:13:32,719

four a.m in the morning that particular

1692

01:13:42,950 --> 01:13:40,790

that is crazy and so when i'm there in

1693

01:13:45,669 --> 01:13:42,960

88 the fact i went up there with mildred

1694

01:13:47,430 --> 01:13:45,679

beasley did you ever meet her

1695

01:13:49,510 --> 01:13:47,440

no i don't believe i did i think i

1696

01:13:52,229 --> 01:13:49,520

talked on the phone once with her

1697

01:13:53,510 --> 01:13:52,239

i picked mildred up with me that day it

1698

01:13:55,990 --> 01:13:53,520

was snowing

1699

01:13:58,390 --> 01:13:56,000

march first night when i found out about

1700

01:14:00,070 --> 01:13:58,400

this from one of their cousins

1701

01:14:02,550 --> 01:14:00,080

and then i got on the phone and we

1702

01:14:04,870 --> 01:14:02,560

discussed and i said i'm coming up

1703

01:14:07,830 --> 01:14:04,880

yes you're welcome come on so i grabbed

1704

01:14:10,470 --> 01:14:07,840

mildred beasley that day

1705

01:14:12,830 --> 01:14:10,480

on march 1st kind of a snowy day up

1706

01:14:15,990 --> 01:14:12,840

there on woodland

1707

01:14:16,630 --> 01:14:16,000

1988 she stayed behind with the lady

1708

01:14:18,709 --> 01:14:16,640

that

1709

01:14:23,189 --> 01:14:18,719

and i walked out there she told me

1710

01:14:27,030 --> 01:14:24,630

it was caught with trees if you were

1711

01:14:30,630 --> 01:14:27,040

there he probably ground some

1712

01:14:33,910 --> 01:14:30,640

1972 oh by the way they said

1713

01:14:35,830 --> 01:14:33,920

they went out the next day in 72 and

1714

01:14:38,470 --> 01:14:35,840

it's kind of a damp area because there's

1715

01:14:38,870 --> 01:14:38,480

small creeks and springs that kind of

1716

01:14:42,390 --> 01:14:38,880

makes

1717

01:14:45,590 --> 01:14:42,400

you know the moss and it was bone dry

1718

01:14:46,310 --> 01:14:45,600

no kidding yeah yeah don't dry where it

1719

01:14:49,270 --> 01:14:46,320

had been

1720

01:14:51,270 --> 01:14:49,280

okay did it well anyway it was 88 so

1721

01:14:56,229 --> 01:14:51,280

there i go walk it out

1722

01:14:59,830 --> 01:14:56,239

to where this x marks the spot

1723

01:15:01,590 --> 01:14:59,840

uh of course i don't see anything that

1724

01:15:03,750 --> 01:15:01,600

would indicate you know that many years

1725

01:15:06,709 --> 01:15:03,760

later that such an event is played

1726

01:15:07,669 --> 01:15:06,719

but i guess my claim is uh based on the

1727

01:15:11,110 --> 01:15:07,679

story

1728

01:15:14,149 --> 01:15:11,120

and if it's truthful and i have

1729

01:15:16,390 --> 01:15:14,159

i have next to zero doubt that it's just

1730

01:15:17,990 --> 01:15:16,400

that there's that it's a complete

1731

01:15:19,990 --> 01:15:18,000

truthful statement

1732

01:15:21,350 --> 01:15:20,000

google interview i think these people

1733

01:15:24,310 --> 01:15:21,360

are too pure and good of

1734

01:15:25,110 --> 01:15:24,320

art to make this you know type of thing

1735

01:15:28,310 --> 01:15:25,120

up

1736

01:15:31,350 --> 01:15:28,320

right yeah and uh and it all had it all

1737

01:15:33,430 --> 01:15:31,360

it all squares up when you analyze it

1738

01:15:34,630 --> 01:15:33,440

and everything with the statements and

1739

01:15:37,430 --> 01:15:34,640

events

1740

01:15:38,070 --> 01:15:37,440

yeah there's no holes in this but uh

1741

01:15:40,709 --> 01:15:38,080

anyway

1742

01:15:41,910 --> 01:15:40,719

having said that so i guess my uh

1743

01:15:44,149 --> 01:15:41,920

feather in the hat

1744

01:15:45,430 --> 01:15:44,159

if you want to call it that and maybe

1745

01:15:47,830 --> 01:15:45,440

you don't

1746

01:15:50,550 --> 01:15:47,840

is that i actually should wear an

1747

01:15:52,630 --> 01:15:50,560

extraterrestrial craft

1748

01:15:54,790 --> 01:15:52,640

if that's what it was and i suppose 100

1749

01:15:58,390 --> 01:15:54,800

percent that's what it was

1750

01:16:00,229 --> 01:15:58,400

of course yeah i got so i'm not boasting

1751

01:16:03,510 --> 01:16:00,239

but i stood right where it sparked

1752

01:16:06,310 --> 01:16:03,520

spot brian that is so cool

1753

01:16:07,110 --> 01:16:06,320

my adventures here on this planet that's

1754

01:16:10,870 --> 01:16:07,120

pretty cool

1755

01:16:11,270 --> 01:16:10,880

been there let's see anything else on

1756

01:16:14,390 --> 01:16:11,280

this

1757

01:16:15,830 --> 01:16:14,400

same location first

1758

01:16:17,910 --> 01:16:15,840

right for the little lane in front of

1759

01:16:18,870 --> 01:16:17,920

the farmhouse there to the two sisters

1760

01:16:21,750 --> 01:16:18,880

years later

1761

01:16:23,669 --> 01:16:21,760

i'll throw this in real quick oh there's

1762

01:16:26,310 --> 01:16:23,679

so many of these

1763

01:16:27,430 --> 01:16:26,320

i'd have to have a list to do a big that

1764

01:16:29,590 --> 01:16:27,440

uh

1765

01:16:32,149 --> 01:16:29,600

throughout walking on the lane and then

1766

01:16:35,430 --> 01:16:32,159

one uh one particular night they're

1767

01:16:38,070 --> 01:16:35,440

almost hand in hand this beam of light

1768

01:16:41,510 --> 01:16:38,080

comes down from the sky

1769

01:16:43,830 --> 01:16:41,520

uh it strikes one sister

1770

01:16:45,510 --> 01:16:43,840

and doesn't affect the other sister at

1771

01:16:48,070 --> 01:16:45,520

all

1772

01:16:48,870 --> 01:16:48,080

and then shortly after that she has

1773

01:16:53,030 --> 01:16:48,880

breaks out

1774

01:16:59,990 --> 01:16:56,470

short of breath tired fatigued

1775

01:17:01,990 --> 01:17:00,000

headache you know all these symptoms

1776

01:17:03,830 --> 01:17:02,000

and if i remember if i remember right i

1777

01:17:07,510 --> 01:17:03,840

think they took her into the hospital

1778

01:17:11,270 --> 01:17:07,520

in uh provo or salt lake after that if i

1779

01:17:11,990 --> 01:17:11,280

recall correctly and uh but that see

1780

01:17:15,910 --> 01:17:12,000

that's the

1781

01:17:17,030 --> 01:17:15,920

you know that's real actual accounts

1782

01:17:21,189 --> 01:17:17,040

with like evidence

1783

01:17:23,350 --> 01:17:21,199

yeah after 72. that was probably in the

1784

01:17:27,990 --> 01:17:23,360

so let's see that was probably in the

1785

01:17:31,110 --> 01:17:30,310

well i can't remember the exact year but

1786

01:17:33,910 --> 01:17:31,120

uh

1787

01:17:35,189 --> 01:17:33,920

so cool but that's right in front of the

1788

01:17:38,709 --> 01:17:35,199

same farmhouse

1789

01:17:41,669 --> 01:17:38,719

of the dairy uh

1790

01:17:42,950 --> 01:17:41,679

family that have the uh landing in the

1791

01:17:47,750 --> 01:17:42,960

pasture

1792

01:17:51,350 --> 01:17:47,760

so again proximity is a huge

1793

01:17:54,229 --> 01:17:51,360

so if you want to add 180 yards from the

1794

01:17:57,430 --> 01:17:54,239

kitchen window to the country lane from

1795

01:18:02,630 --> 01:17:57,440

where the craft left two separate events

1796

01:18:05,189 --> 01:18:02,640

uh maybe add another 50 yards at best

1797

01:18:07,270 --> 01:18:05,199

so let's stretch it so the two events

1798

01:18:17,350 --> 01:18:07,280

are only uh

1799

01:18:21,110 --> 01:18:19,510

but not very many people know this that

1800

01:18:23,030 --> 01:18:21,120

very few here

1801  
01:18:24,310 --> 01:18:23,040  
very few of the right people today even

1802  
01:18:26,709 --> 01:18:24,320  
know that

1803  
01:18:28,149 --> 01:18:26,719  
these events occur that's right and if

1804  
01:18:31,669 --> 01:18:28,159  
i'm not mistaken

1805  
01:18:32,070 --> 01:18:31,679  
there was an event near oh i don't even

1806  
01:18:33,669 --> 01:18:32,080  
know

1807  
01:18:36,310 --> 01:18:33,679  
but anyway yeah there were there's been

1808  
01:18:40,229 --> 01:18:36,320  
other events in that same area so

1809  
01:18:41,910 --> 01:18:40,239  
this is sure there has been

1810  
01:18:43,510 --> 01:18:41,920  
real quick i'll make this one really

1811  
01:18:44,310 --> 01:18:43,520  
quick because this was reaching into

1812  
01:18:46,229 --> 01:18:44,320  
another

1813  
01:18:48,390 --> 01:18:46,239

if you're into harm's creepiness you

1814

01:18:52,070 --> 01:18:48,400

better here we go you bet

1815

01:18:55,430 --> 01:18:52,080

the lady the the uh dairy

1816

01:18:57,030 --> 01:18:55,440

uh she's probably passed away the ears

1817

01:18:59,910 --> 01:18:57,040

are flying here

1818

01:19:02,870 --> 01:18:59,920

so she she she uh recommends me to go up

1819

01:19:05,030 --> 01:19:02,880

on the hillside and talk to

1820

01:19:08,310 --> 01:19:05,040

a woman and her family up there that had

1821

01:19:11,750 --> 01:19:08,320

a paradoxical

1822

01:19:13,750 --> 01:19:11,760

holy hell and i said

1823

01:19:16,630 --> 01:19:13,760

really so i did i went and saw him and

1824

01:19:19,830 --> 01:19:16,640

interviewed them

1825

01:19:23,270 --> 01:19:19,840

and uh do we have yeah let's

1826

01:19:25,910 --> 01:19:23,280

do it yeah let's do it let's go into it

1827

01:19:27,110 --> 01:19:25,920

so anyway i go up there and uh she tells

1828

01:19:29,350 --> 01:19:27,120

me that

1829

01:19:30,870 --> 01:19:29,360

this happened years ago kids were out on

1830

01:19:34,470 --> 01:19:30,880

her swing

1831

01:19:36,149 --> 01:19:34,480

in the yard and the kids saw it up close

1832

01:19:36,790 --> 01:19:36,159

and personal and she saw it when she

1833

01:19:39,669 --> 01:19:36,800

walked out

1834

01:19:42,390 --> 01:19:39,679

check on the children all grown now

1835

01:19:45,830 --> 01:19:42,400

years and years and years you know

1836

01:19:46,229 --> 01:19:45,840

but here's this great thing described as

1837

01:19:47,270 --> 01:19:46,239

uh

1838

01:19:49,350 --> 01:19:47,280

you know we're not talking about

1839

01:19:52,790 --> 01:19:49,360

historical uh

1840

01:19:54,950 --> 01:19:52,800

or a uh uh

1841

01:19:56,630 --> 01:19:54,960

what do you call a condor or anything

1842

01:19:57,510 --> 01:19:56,640

like there's not calm door driver

1843

01:19:59,669 --> 01:19:57,520

vultures

1844

01:20:01,990 --> 01:19:59,679

yeah nothing like a california well yeah

1845

01:20:07,270 --> 01:20:02,000

the california condor is sure

1846

01:20:11,669 --> 01:20:07,280

yeah and uh swooping low

1847

01:20:15,430 --> 01:20:11,679

close to the swing set and a few passes

1848

01:20:18,310 --> 01:20:15,440

but and they and everybody was panicked

1849

01:20:21,110 --> 01:20:18,320

at that time i talked to one of the boys

1850

01:20:24,310 --> 01:20:21,120

that one of the witnesses himself

1851

01:20:27,590 --> 01:20:24,320

and their mother was with herself

1852

01:20:30,310 --> 01:20:27,600

but anyway so they go to uh

1853

01:20:32,310 --> 01:20:30,320

i mean these are country folk of course

1854

01:20:33,910 --> 01:20:32,320

so they go over the dinosaur land which

1855

01:20:37,430 --> 01:20:33,920

you're familiar with over there

1856

01:20:41,350 --> 01:20:37,440

uh north of vernal in the museum

1857

01:20:44,550 --> 01:20:41,360

you bet shortly after the fact

1858

01:20:46,950 --> 01:20:44,560

and uh point to the paradiso i guess

1859

01:20:50,310 --> 01:20:46,960

they have a

1860

01:20:53,030 --> 01:20:50,320

uh sure yeah

1861

01:20:54,550 --> 01:20:53,040

i've not been in there myself but any

1862

01:21:00,590 --> 01:20:54,560

and they all agreed that

1863

01:21:03,189 --> 01:21:00,600

what the hell they saw that day what

1864

01:21:06,070 --> 01:21:03,199

unbelievable so this is

1865

01:21:07,750 --> 01:21:06,080

is crypto if you want to know why go

1866

01:21:09,270 --> 01:21:07,760

into the literature

1867

01:21:10,709 --> 01:21:09,280

i'm not going to cover that right now

1868

01:21:12,390 --> 01:21:10,719

it's too lengthy but go into the

1869

01:21:15,669 --> 01:21:12,400

literature and cover

1870

01:21:17,430 --> 01:21:15,679

all the theories of those type of

1871

01:21:19,750 --> 01:21:17,440

sightings

1872

01:21:20,470 --> 01:21:19,760

fascinating crypto go ahead say what

1873

01:21:22,709 --> 01:21:20,480

you're saying

1874

01:21:24,390 --> 01:21:22,719

yeah that's just unbelievable how when

1875

01:21:27,430 --> 01:21:24,400

you really like if you step

1876

01:21:29,669 --> 01:21:27,440

back all of the stories and tales and

1877

01:21:31,590 --> 01:21:29,679

events and cases that you just mentioned

1878

01:21:35,189 --> 01:21:31,600

if you stepped back from a map

1879

01:21:39,430 --> 01:21:35,199

and looked at it it's pretty significant

1880

01:21:42,070 --> 01:21:39,440

yes it is isn't it

1881

01:21:43,910 --> 01:21:42,080

yeah that's that's really really we need

1882

01:21:44,310 --> 01:21:43,920

to we need to chat more about it for

1883

01:21:47,430 --> 01:21:44,320

sure

1884

01:21:47,669 --> 01:21:47,440

it's it's pretty fascinating um there

1885

01:21:51,270 --> 01:21:47,679

are

1886

01:21:58,870 --> 01:21:55,270

you know right here you grew up in utah

1887

01:22:01,510 --> 01:21:58,880

i mean there's tons of these

1888

01:22:02,070 --> 01:22:01,520

incidences that have occurred right here

1889

01:22:04,470 --> 01:22:02,080

oh

1890

01:22:05,910 --> 01:22:04,480

are you aware of the recent monolith

1891

01:22:09,189 --> 01:22:05,920

that was

1892

01:22:13,270 --> 01:22:09,199

spotted in southern utah fascinating

1893

01:22:17,270 --> 01:22:15,350

did you get did i send you well i'll

1894

01:22:17,830 --> 01:22:17,280

tell you we'll discuss that one off here

1895

01:22:23,510 --> 01:22:17,840

that

1896

01:22:25,669 --> 01:22:23,520

helicopter

1897

01:22:26,629 --> 01:22:25,679

uh department of uh public safety

1898

01:22:29,030 --> 01:22:26,639

helicopter

1899

01:22:30,470 --> 01:22:29,040

it was a couple of highway patrol i

1900

01:22:33,189 --> 01:22:30,480

thought that posted the

1901

01:22:34,550 --> 01:22:33,199

image anyway doing a sheep count is that

1902

01:22:46,149 --> 01:22:34,560

correct

1903

01:22:50,709 --> 01:22:48,390

so i don't want to jump the gun and say

1904

01:22:55,590 --> 01:22:50,719

a lot of things right now

1905

01:22:59,189 --> 01:22:58,070

now on the mundane it could be somebody

1906

01:23:03,750 --> 01:22:59,199

that's

1907

01:23:06,149 --> 01:23:03,760

put that piece of material

1908

01:23:08,390 --> 01:23:06,159

in that location but that location is so

1909

01:23:10,870 --> 01:23:08,400

remote

1910

01:23:12,790 --> 01:23:10,880

and i mean it just seems almost

1911

01:23:14,310 --> 01:23:12,800

unpractical but

1912

01:23:16,149 --> 01:23:14,320

but i don't want to jump the gun i don't

1913

01:23:20,870 --> 01:23:16,159

know i'm not right now but

1914

01:23:23,669 --> 01:23:20,880

um it does seem out of place

1915

01:23:25,750 --> 01:23:23,679

well it's reminiscent of uh 2001 of

1916

01:23:27,430 --> 01:23:25,760

space odyssey

1917

01:23:28,790 --> 01:23:27,440

you know when all the chimps are dancing

1918

01:23:31,990 --> 01:23:28,800

around the mama

1919

01:23:41,910 --> 01:23:32,000

the monolith that's right the motto

1920

01:23:46,550 --> 01:23:45,030

they landed the helicopter and hiked and

1921

01:23:48,149 --> 01:23:46,560

found it

1922

01:23:51,189 --> 01:23:48,159

when they first spotted this thing from

1923

01:23:53,110 --> 01:23:51,199

the air and it baffled the crap out they

1924

01:23:56,629 --> 01:23:53,120

don't still don't know what it is

1925

01:24:00,149 --> 01:23:56,639

but they despite it well

1926

01:24:02,149 --> 01:24:00,159

naturally so no brainer to not give away

1927

01:24:04,390 --> 01:24:02,159

the details of the location everything

1928

01:24:07,510 --> 01:24:04,400

because they don't you know what

1929

01:24:09,030 --> 01:24:07,520

which only makes practical sense sure

1930

01:24:12,070 --> 01:24:09,040

sure you don't want a bunch of yahoos

1931

01:24:15,110 --> 01:24:12,080

out there a horde of individuals

1932

01:24:18,470 --> 01:24:15,120

trying to find this location in

1933

01:24:20,149 --> 01:24:18,480

the remote outback it's not worth it

1934

01:24:22,229 --> 01:24:20,159

hey we know they get yeah that's right

1935

01:24:23,189 --> 01:24:22,239

general public up there stirring around

1936

01:24:26,709 --> 01:24:23,199

in a remote

1937

01:24:30,149 --> 01:24:26,719

outback yeah as you as you can

1938

01:24:30,709 --> 01:24:30,159

understand hey go ahead it's just so

1939

01:24:32,629 --> 01:24:30,719

crazy

1940

01:24:34,229 --> 01:24:32,639

yeah and i mean that that story is just

1941

01:24:34,709 --> 01:24:34,239

from this week i mean this stuff is

1942

01:24:37,750 --> 01:24:34,719

still

1943

01:24:39,189 --> 01:24:37,760

happening on a regular basis and it's

1944

01:24:41,430 --> 01:24:39,199

just funny how

1945

01:24:43,669 --> 01:24:41,440

a great deal of the population won't

1946

01:24:43,990 --> 01:24:43,679

even take a second glance at any of them

1947

01:24:46,390 --> 01:24:44,000

oh

1948

01:24:47,110 --> 01:24:46,400

they won't however let me i'll pay off

1949

01:24:48,550 --> 01:24:47,120

air

1950

01:24:51,030 --> 01:24:48,560

i don't want to get into it now because

1951

01:24:54,310 --> 01:24:51,040

i don't want to stretch something i've

1952

01:24:56,870 --> 01:24:54,320

not feel really super cut

1953

01:24:58,390 --> 01:24:56,880

i it's easy to jump the gun on some of

1954

01:24:59,510 --> 01:24:58,400

it but i i can't do it on this one

1955

01:25:03,510 --> 01:24:59,520

because i just don't

1956

01:25:06,870 --> 01:25:03,520

know all the details at this time

1957

01:25:07,750 --> 01:25:06,880

or enough to really let it all hang out

1958

01:25:10,310 --> 01:25:07,760

here

1959

01:25:11,270 --> 01:25:10,320

however i spoke to and i'll tell you

1960

01:25:14,629 --> 01:25:11,280

this

1961

01:25:16,870 --> 01:25:14,639

until further

1962

01:25:18,790 --> 01:25:16,880

sure information gathered here but i

1963

01:25:22,390 --> 01:25:18,800

sent you some other links that

1964

01:25:29,110 --> 01:25:22,400

dr true lot sent me oh okay

1965

01:25:34,709 --> 01:25:32,310

southern utah right yeah yeah

1966

01:25:36,229 --> 01:25:34,719

very all right i'll just put it this way

1967

01:25:38,629 --> 01:25:36,239

as far as this thing

1968

01:25:39,590 --> 01:25:38,639

let's not get into it too deeply because

1969

01:25:43,350 --> 01:25:39,600

it's just

1970

01:25:44,070 --> 01:25:43,360

now it was believed and there's

1971

01:25:47,510 --> 01:25:44,080

information

1972

01:25:49,830 --> 01:25:47,520

put out officially that there was

1973

01:25:50,550 --> 01:25:49,840

uh members of the nazi party that

1974

01:25:54,390 --> 01:25:50,560

southern ut

1975

01:25:57,110 --> 01:25:54,400

in that well i don't know if his area

1976

01:25:57,990 --> 01:25:57,120

is the same or if this is another i i

1977

01:26:01,669 --> 01:25:58,000

don't even know

1978

01:26:03,270 --> 01:26:01,679

all that the exact location of this

1979

01:26:05,510 --> 01:26:03,280

but we're talking yeah we're talking

1980

01:26:08,950 --> 01:26:05,520

about lay back in the day

1981

01:26:12,070 --> 01:26:08,960

even back in 38

1982

01:26:14,709 --> 01:26:12,080

the uh the low all that in that area the

1983

01:26:16,550 --> 01:26:14,719

locals felt there was a

1984

01:26:18,470 --> 01:26:16,560

i don't want to get i don't want to be

1985

01:26:20,470 --> 01:26:18,480

too far reaching here for people oh

1986

01:26:23,750 --> 01:26:20,480

let's do it let's do it

1987

01:26:27,430 --> 01:26:23,760

there was a nazi party that was

1988

01:26:29,910 --> 01:26:27,440

searching for something very important

1989

01:26:32,149 --> 01:26:29,920

extraordinary there were even articles

1990

01:26:34,550 --> 01:26:32,159

written

1991

01:26:35,669 --> 01:26:34,560

really yeah it initially came out in

1992

01:26:39,030 --> 01:26:35,679

1938

1993

01:26:39,990 --> 01:26:39,040

in that area that so let me say southern

1994

01:26:43,350 --> 01:26:40,000

utah

1995

01:26:45,110 --> 01:26:43,360

outside of uh cedar city

1996

01:26:46,470 --> 01:26:45,120

that sounds about right that sounds

1997

01:26:49,990 --> 01:26:46,480

about right

1998

01:26:53,030 --> 01:26:50,000

that terrain i saw in the news clip uh

1999

01:26:54,229 --> 01:26:53,040

that looks like it'd be to me i don't

2000

01:26:57,030 --> 01:26:54,239

know for sure

2001

01:26:58,149 --> 01:26:57,040

it looks like it'd be a lot further east

2002

01:26:59,990 --> 01:26:58,159

well i don't know

2003

01:27:01,669 --> 01:27:00,000

2004

01:27:04,790 --> 01:27:01,679

can't say with any certainty

2005

01:27:06,709 --> 01:27:04,800

though it's a beautiful image or it does

2006

01:27:08,709 --> 01:27:06,719

it is reminiscent of uh

2007

01:27:10,229 --> 01:27:08,719

the chimps dancing around the monolith i

2008

01:27:13,189 --> 01:27:10,239

think that's a really good

2009

01:27:14,629 --> 01:27:13,199

way to describe it man oh we gotta talk

2017

01:27:34,950 --> 01:27:32,320

2024

01:27:49,830 --> 01:27:46,719

epic epic classic utah researcher

2025

01:27:52,390 --> 01:27:49,840

and classic re utah stories uh

2026  
01:27:53,990 --> 01:27:52,400  
from bigfoot territory and you know i

2027  
01:27:57,590 --> 01:27:54,000  
can't wait to delve deeper

2028  
01:28:01,430 --> 01:27:57,600  
into the really these are important

2029  
01:28:05,910 --> 01:28:01,440  
stories archives oral

2030  
01:28:08,870 --> 01:28:05,920  
you know investigations detailed with

2031  
01:28:10,470 --> 01:28:08,880  
some have video it's pretty amazing uh

2032  
01:28:12,870 --> 01:28:10,480  
how much research and how much

2033  
01:28:14,070 --> 01:28:12,880  
activity when it comes to the purported

2034  
01:28:17,990 --> 01:28:14,080  
sasquatch

2035  
01:28:19,270 --> 01:28:18,000  
bigfoot in utah how much activity has

2036  
01:28:21,590 --> 01:28:19,280  
actually taken place

2037  
01:28:24,390 --> 01:28:21,600  
and i think it's important to talk to

2038  
01:28:27,430 --> 01:28:24,400

these masters of the realm in their day

2039

01:28:29,910 --> 01:28:27,440

and actually still when it comes to

2040

01:28:30,550 --> 01:28:29,920

information and the research that they

2041

01:28:32,470 --> 01:28:30,560

did and

2042

01:28:34,310 --> 01:28:32,480

documented it's important to archive

2043

01:28:36,229 --> 01:28:34,320

this in any format you can even if

2044

01:28:38,950 --> 01:28:36,239

that's just podcasting

2045

01:28:41,030 --> 01:28:38,960

i've tried to uh talk to the best and

2046

01:28:43,030 --> 01:28:41,040

i'll continue to do the same

2047

01:28:44,870 --> 01:28:43,040

i won't bore you until next time keep

2048

01:28:46,870 --> 01:28:44,880

2049

01:28:58,990 --> 01:28:46,880

feet on the ground but don't forget to

2050

01:28:59,000 --> 01:29:03,830
