00:01:11,670 --> 00:01:09,360

on today's episode we have the amazing

19

00:01:14,230 --> 00:01:11,680

researcher

20

00:01:16,070 --> 00:01:14,240

photographer landscape photographer very

21

00:01:19,109 --> 00:01:16,080

talented individual

22

00:01:22,230 --> 00:01:19,119

ron johnson some of you may know ron

23

00:01:25,109 --> 00:01:22,240

from grant cameron's podcast series

24

00:01:26,070 --> 00:01:25,119

ron has had some of the most interesting

25

00:01:27,749 --> 00:01:26,080

and insightful

26
00:01:29,270 --> 00:01:27,759
experiences when it comes to the

27
00:01:31,590 --> 00:01:29,280
paranormal

28
00:01:32,630 --> 00:01:31,600
ron has experiences he remembers as a

29
00:01:36,310 --> 00:01:32,640
child

30
00:01:39,910 --> 00:01:36,320
that absolutely blew my mind he has been

31
00:01:40,789 --> 00:01:39,920
in most of the squatchy areas of utah

32
00:01:44,469 --> 00:01:40,799
and

33
00:01:46,950 --> 00:01:44,479
what's going on

34
00:01:49,350 --> 00:01:46,960
ron has investigated some of the most

35
00:01:49,990 --> 00:01:49,360
remote places of the entire state in

36
00:01:53,749 --> 00:01:50,000
fact he

37
00:01:55,910 --> 00:01:53,759
is well based in

38
00:01:58,469 --> 00:01:55,920

area very close to some of the most

39

00:02:00,709 --> 00:01:58,479

remote places in the entire state

40

00:02:01,910 --> 00:02:00,719

and he's very knowledgeable of these

41

00:02:05,350 --> 00:02:01,920

areas

42

00:02:08,389 --> 00:02:05,360

ron and i had a mutual friend

43

00:02:11,830 --> 00:02:08,399

named daryl smith who

44

00:02:13,510 --> 00:02:11,840

was well quite quite the investigator

45

00:02:15,830 --> 00:02:13,520

and he was a high strangeness

46

00:02:17,990 --> 00:02:15,840

investigator who really made his mark on

47

00:02:18,869 --> 00:02:18,000

the utah bigfoot scene amongst other

48

00:02:21,350 --> 00:02:18,879

scenes

49

00:02:23,750 --> 00:02:21,360

and we will discuss daryl and some of

50

00:02:24,550 --> 00:02:23,760

the mutual experiences we had with daryl

51

00:02:27,350 --> 00:02:24,560

as well

52

00:02:30,070 --> 00:02:27,360

ron has also had some of the most

53

00:02:32,390 --> 00:02:30,080

remarkable experiences with a particular

54

00:02:35,990 --> 00:02:32,400

entity who even gave him an

55

00:02:40,710 --> 00:02:36,000

well uncanny information about

56

00:02:43,750 --> 00:02:40,720

the flying of very mysterious craft

57

00:02:44,949 --> 00:02:43,760

we are going to get into ufos piloting

58

00:02:47,990 --> 00:02:44,959

ufos

59

00:02:51,030 --> 00:02:48,000

entities who are in the craft bigfoot

60

00:02:51,910 --> 00:02:51,040

and much more the best part about the

61

00:02:53,750 --> 00:02:51,920

whole thing is

62

00:02:55,750 --> 00:02:53,760

ron is someone who is just one of the

63

00:02:57,910 --> 00:02:55,760

nicest guys around i consider him a

64

00:02:59,350 --> 00:02:57,920

friend and i can't wait to get into all

65

00:03:00,550 --> 00:02:59,360

the good stuff

66

00:03:03,350 --> 00:03:00,560

67

00:03:05,589 --> 00:03:03,360

without further ado let's get to ron

72

00:03:16,390 --> 00:03:13,519

johnson

73

00:03:17,670 --> 00:03:16,400

experiencer extraordinaire researcher

74

00:03:19,830 --> 00:03:17,680

who's been

75

00:03:20,790 --> 00:03:19,840

to the most remote places of the state

76

00:03:24,229 --> 00:03:20,800

looking for the most

77

00:03:26,309 --> 00:03:24,239

wild of things

78

00:03:28,229 --> 00:03:26,319

ron johnson welcome to the hero

79

00:03:31,270 --> 00:03:28,239

paranormal podcast my friend

80

00:03:33,830 --> 00:03:31,280

oh good how are you i'm doing

81

00:03:35,750 --> 00:03:33,840

pretty good i i had an okay thanksgiving

82

00:03:39,030 --> 00:03:35,760

how was yours

83

00:03:42,149 --> 00:03:39,040

oh it was fantastic oh good

84

00:03:45,509 --> 00:03:42,159

great i'm still uh

85

00:03:48,789 --> 00:03:45,519

bloated from it right that's how i

86

00:03:49,110 --> 00:03:48,799

am that's exactly how i am so you've

87

00:03:51,750 --> 00:03:49,120

been

88

00:03:53,830 --> 00:03:51,760

posting a lot of really cool shots of uh

89

00:03:55,350 --> 00:03:53,840

right around the carbon area there

90

00:03:57,110 --> 00:03:55,360

have you heard anything new on the

91

00:04:00,869 --> 00:03:57,120

bigfoot front there

92

00:04:04,789 --> 00:04:00,879

uh with with with bigfoot stuff

93

00:04:08,869 --> 00:04:04,799

uh not really not around here it's

94

00:04:12,470 --> 00:04:08,879

time to turn quiet

95

00:04:14,869 --> 00:04:12,480

but uh still

96

00:04:17,349 --> 00:04:14,879

still looking still going out and doing

97

00:04:20,789 --> 00:04:17,359

calls and stuff

98

00:04:22,629 --> 00:04:20,799

so hopefully something will come up

99

00:04:25,749 --> 00:04:22,639

yeah that's all it takes that's all it

100

00:04:28,710 --> 00:04:25,759

takes and i wanted to talk to you

101
00:04:29,430 --> 00:04:28,720
while i have you for a bit um you have

102
00:04:33,270 --> 00:04:29,440
so many

103
00:04:36,230 --> 00:04:33,280
experiences ron

104
00:04:38,070 --> 00:04:36,240
i wanted you to kind of if you can think

105
00:04:40,310 --> 00:04:38,080
back i know it's difficult too because

106
00:04:40,870 --> 00:04:40,320
you've had so many bigfoot excursions

107
00:04:46,870 --> 00:04:40,880
and

108
00:04:47,590 --> 00:04:46,880
what are some of the ones that have over

109
00:04:51,430 --> 00:04:47,600
the years

110
00:04:57,670 --> 00:04:56,870
well the ones uh the ones that i really

111
00:05:00,390 --> 00:04:57,680
really

112
00:05:01,510 --> 00:05:00,400
uh cherish are the ones when uh i would

113
00:05:02,740 --> 00:05:01,520

go out with

114

00:05:05,510 --> 00:05:02,750

daryl smith

115

00:05:09,430 --> 00:05:05,520

[Music]

116

00:05:11,749 --> 00:05:09,440

yep we would go to uh

117

00:05:13,510 --> 00:05:11,759

most of the times you would end up going

118

00:05:17,270 --> 00:05:13,520

to uh

119

00:05:20,310 --> 00:05:17,280

uh over there by camis

120

00:05:24,790 --> 00:05:20,320

uh what's the name of that

121

00:05:30,230 --> 00:05:24,800

hoyt peak was it hoyt peak point peak

122

00:05:34,550 --> 00:05:32,870

and i remember one trip over there with

123

00:05:37,590 --> 00:05:34,560

daryl

124

00:05:42,870 --> 00:05:37,600

we uh we got there

125

00:05:46,310 --> 00:05:42,880

and as we were driving up from samish

126
00:05:49,430 --> 00:05:46,320
we passed two u.s government

127
00:05:52,950 --> 00:05:49,440
vans there were

128
00:05:57,350 --> 00:05:52,960
two ford vans and so we got

129
00:06:00,710 --> 00:05:57,360
up there and we parked the truck

130
00:06:04,150 --> 00:06:00,720
and then we went down this bra

131
00:06:08,790 --> 00:06:04,160
where we had been seeing tracks

132
00:06:12,230 --> 00:06:08,800
and the darn thing uh

133
00:06:13,990 --> 00:06:12,240
after we got down there

134
00:06:15,270 --> 00:06:14,000
i think we were down there for about two

135
00:06:18,230 --> 00:06:15,280
three hours

136
00:06:19,590 --> 00:06:18,240
and then when we went back to the truck

137
00:06:23,110 --> 00:06:19,600
this is unusual

138
00:06:26,790 --> 00:06:23,120

i have never heard this before

139

00:06:27,270 --> 00:06:26,800

but when we left i locked the doors on

140

00:06:30,629 --> 00:06:27,280

my

141

00:06:32,830 --> 00:06:30,639

truck i had a dodge ram four-door crew

142

00:06:36,550 --> 00:06:32,840

cab

143

00:06:38,390 --> 00:06:36,560

and when we got back all four doors were

144

00:06:42,950 --> 00:06:38,400

open

145

00:06:46,629 --> 00:06:42,960

truck

146

00:06:49,909 --> 00:06:46,639

including what was in the glove box

147

00:06:51,029 --> 00:06:49,919

was laid out systematically in order on

148

00:06:54,070 --> 00:06:51,039

the ground

149

00:06:54,870 --> 00:06:54,080

around the truck everything in the back

150

00:06:58,070 --> 00:06:54,880

of the truck

151
00:07:01,029 --> 00:06:58,080
was out on the ground uh

152
00:07:02,950 --> 00:07:01,039
the coolers that had our food and our

153
00:07:05,189 --> 00:07:02,960
lunches in it

154
00:07:07,270 --> 00:07:05,199
everything was out of the cooler and

155
00:07:10,469 --> 00:07:07,280
laying on the ground

156
00:07:13,749 --> 00:07:10,479
uh it was really

157
00:07:17,189 --> 00:07:16,230
that is one of the weirdest things i

158
00:07:20,390 --> 00:07:17,199
think i've ever

159
00:07:23,749 --> 00:07:20,400
heard what in the heck that reminds me

160
00:07:25,430 --> 00:07:23,759
my gosh so like in order of

161
00:07:27,189 --> 00:07:25,440
however you put it in is kind of how it

162
00:07:29,990 --> 00:07:27,199
was taken out and left around

163
00:07:31,510 --> 00:07:30,000

that is very inquisitive do you what

164

00:07:33,670 --> 00:07:31,520

what did you attribute it to or do you

165

00:07:36,790 --> 00:07:33,680

have any ideas

166

00:07:39,189 --> 00:07:36,800

i i i still think and i told

167

00:07:40,629 --> 00:07:39,199

daryl that i believe it has something to

168

00:07:44,230 --> 00:07:40,639

do with those two

169

00:07:45,530 --> 00:07:44,240

u.s government bans we saw while we were

170

00:07:47,670 --> 00:07:45,540

driving up there

171

00:07:50,710 --> 00:07:47,680

[Music]

172

00:07:54,309 --> 00:07:50,720

i have no idea why

173

00:07:57,430 --> 00:07:54,319

but what's weird is i had all my

174

00:08:01,110 --> 00:07:57,440

camera equipment in the back seat

175

00:08:04,390 --> 00:08:01,120

my camera cases my head my floor

176

00:08:04,950 --> 00:08:04,400

the thermal imaging camera all that

177

00:08:07,749 --> 00:08:04,960

stuff

178

00:08:08,390 --> 00:08:07,759

and it was all laying out on the ground

179

00:08:11,990 --> 00:08:08,400

just

180

00:08:20,550 --> 00:08:12,000

was

181

00:08:22,869 --> 00:08:20,560

strange

182

00:08:25,749 --> 00:08:22,879

nope everything was there nothing was

183

00:08:30,230 --> 00:08:28,469

now in i've heard a lot of bigfoot tales

184

00:08:33,589 --> 00:08:30,240

coming from the hoyt peak

185

00:08:37,670 --> 00:08:33,599

area there ron did you guys ever

186

00:08:39,750 --> 00:08:37,680

get any responses to uh bigfoot calls or

187

00:08:42,870 --> 00:08:39,760

knocks

188

00:08:44,470 --> 00:08:42,880

yes yes we did the

189

00:08:46,710 --> 00:08:44,480

i don't know have you seen the plaster

190

00:08:49,750 --> 00:08:46,720

cast that i have

191

00:08:52,790 --> 00:08:49,760

yes amazing

192

00:08:56,949 --> 00:08:52,800

yeah in daryl

193

00:09:00,310 --> 00:08:56,959

we were in this draw where we found them

194

00:09:03,389 --> 00:09:00,320

there was actually five steps of tracks

195

00:09:08,150 --> 00:09:03,399

there was a set of 22

196

00:09:10,870 --> 00:09:08,160

23-inch tracks a set of 22-inch track

197

00:09:11,750 --> 00:09:10,880

a set of 19-inch tracks and then a set

198

00:09:15,430 --> 00:09:11,760

of 12 and

199

00:09:18,870 --> 00:09:15,440

13. that they they were

200

00:09:20,949 --> 00:09:18,880

you know pretty old uh probably made

201
00:09:24,310 --> 00:09:20,959
from the previous fall

202
00:09:27,030 --> 00:09:24,320
i believe but we uh we followed them

203
00:09:28,470 --> 00:09:27,040
and we picked out the best two that we

204
00:09:31,509 --> 00:09:28,480
could find

205
00:09:33,990 --> 00:09:31,519
and that was the two but anyways right

206
00:09:37,190 --> 00:09:34,000
after we got through

207
00:09:40,070 --> 00:09:37,200
cleaning up uh after

208
00:09:41,829 --> 00:09:40,080
making the cast we kind of cleaned up

209
00:09:45,910 --> 00:09:41,839
the area so

210
00:09:50,310 --> 00:09:45,920
we didn't you know leave it disturbed

211
00:09:50,710 --> 00:09:50,320
and uh i asked uh daryl to give one of

212
00:09:53,829 --> 00:09:50,720
his

213
00:09:57,110 --> 00:09:53,839

calls and

214

00:09:59,590 --> 00:09:57,120

we were probably about

215

00:10:00,630 --> 00:09:59,600

pretty close to a mile away from the

216

00:10:03,670 --> 00:10:00,640

truck

217

00:10:06,870 --> 00:10:03,680

and it was already starting to

218

00:10:10,630 --> 00:10:06,880

get turned late evening starting to

219

00:10:15,190 --> 00:10:10,640

get dark and

220

00:10:18,389 --> 00:10:15,200

so daryl about one of his girls

221

00:10:21,509 --> 00:10:18,399

screams and uh

222

00:10:22,790 --> 00:10:21,519

we had uh something answered back three

223

00:10:25,829 --> 00:10:22,800

times

224

00:10:28,790 --> 00:10:25,839

and it's uh it just

225

00:10:31,430 --> 00:10:28,800

i just turned ice cold because it wasn't

226

00:10:35,110 --> 00:10:31,440

that far away

227

00:10:38,470 --> 00:10:35,120

whatever it was it doesn't

228

00:10:42,150 --> 00:10:38,480

say it's the same

229

00:10:46,630 --> 00:10:42,160

sound three screams that i've heard

230

00:10:49,350 --> 00:10:46,640

when i've done uh bigfoot calling up

231

00:10:50,790 --> 00:10:49,360

where i had my sighting and then up here

232

00:10:55,110 --> 00:10:50,800

on top of the

233

00:10:58,310 --> 00:10:55,120

book cliffs and where was where was the

234

00:11:02,790 --> 00:10:58,320

location of your sighting ron

235

00:11:05,110 --> 00:11:02,800

mine in c canyon uh

236

00:11:06,630 --> 00:11:05,120

okay you don't worry carbon is where i

237

00:11:11,350 --> 00:11:06,640

live

238

00:11:14,710 --> 00:11:11,360

yeah yeah you bet okay if you go

239

00:11:15,509 --> 00:11:14,720

do west along the base of the foot

240

00:11:19,269 --> 00:11:15,519

mountain

241

00:11:23,110 --> 00:11:19,279

carbon

242

00:11:26,069 --> 00:11:23,120

and you go over it i think it's one two

243

00:11:27,110 --> 00:11:26,079

i think it's five canyons over it's

244

00:11:30,550 --> 00:11:27,120

roughly about

245

00:11:33,269 --> 00:11:30,560

uh eight miles away okay

246

00:11:34,470 --> 00:11:33,279

there's a uh canyon it's called sea

247

00:11:37,509 --> 00:11:34,480

canyon

248

00:11:40,630 --> 00:11:37,519

and that that's where

249

00:11:43,750 --> 00:11:40,640

i had my sighting and

250

00:11:45,430 --> 00:11:43,760

there's a coal miner out there called

251
00:11:47,829 --> 00:11:45,440
west ridge

252
00:11:52,629 --> 00:11:47,839
but uh they're they're not in business

253
00:11:56,550 --> 00:11:55,269
i think i have been in that area now

254
00:11:58,790 --> 00:11:56,560
that you mention it there

255
00:12:01,509 --> 00:11:58,800
it is there's a there's so much neat

256
00:12:05,030 --> 00:12:01,519
stuff there close by to you

257
00:12:08,310 --> 00:12:05,040
it it one area that just fascinates me

258
00:12:10,150 --> 00:12:08,320
that is uh not too far away is nine mile

259
00:12:11,990 --> 00:12:10,160
canyon have you had any experiences up

260
00:12:15,190 --> 00:12:12,000
there ron

261
00:12:15,590 --> 00:12:15,200
none i haven't had any i've been up

262
00:12:27,030 --> 00:12:15,600
there

263
00:12:28,230 --> 00:12:27,040

that time that you me and daryl went up

264

00:12:32,710 --> 00:12:28,240

there and you showed us

265

00:12:35,829 --> 00:12:32,720

what uh might have been a uh

266

00:12:37,110 --> 00:12:35,839

a bigfoot hut oh that's right that's

267

00:12:40,230 --> 00:12:37,120

right

268

00:12:41,829 --> 00:12:40,240

yeah that's about the only thing i had

269

00:12:45,350 --> 00:12:41,839

there

270

00:12:47,590 --> 00:12:45,360

uh experience wise that i i know

271

00:12:49,430 --> 00:12:47,600

they're there i know they're in that

272

00:12:52,389 --> 00:12:49,440

area

273

00:12:52,790 --> 00:12:52,399

yeah i've heard i've heard tales of that

274

00:12:55,910 --> 00:12:52,800

and

275

00:12:56,710 --> 00:12:55,920

have you um come across any one thing

276

00:12:58,710 --> 00:12:56,720

that

277

00:13:00,470 --> 00:12:58,720

a lot of people come across is physical

278

00:13:02,389 --> 00:13:00,480

evidence you have the

279

00:13:03,910 --> 00:13:02,399

you have the foot casts have you come

280

00:13:05,750 --> 00:13:03,920

across any other

281

00:13:07,670 --> 00:13:05,760

physical evidence like hair or other

282

00:13:11,590 --> 00:13:07,680

matters

283

00:13:14,629 --> 00:13:11,600

yes hear about

284

00:13:17,990 --> 00:13:14,639

the last partner i had my cousin

285

00:13:21,190 --> 00:13:18,000

the one that died he

286

00:13:24,230 --> 00:13:21,200

we were up we interviewed a woman

287

00:13:27,509 --> 00:13:24,240

that saw one standing on the side of the

288

00:13:31,030 --> 00:13:27,519

uh highway right at the top of

289

00:13:34,150 --> 00:13:31,040

uh price canyon and

290

00:13:35,030 --> 00:13:34,160

i guess it really shook her up pretty

291

00:13:37,110 --> 00:13:35,040

bad

292

00:13:38,470 --> 00:13:37,120

she pulled over inside the road after

293

00:13:41,670 --> 00:13:38,480

she passed it

294

00:13:44,550 --> 00:13:41,680

and said she had to calm down

295

00:13:46,310 --> 00:13:44,560

and uh told me my cousin we went up

296

00:13:49,829 --> 00:13:46,320

there we were looking around

297

00:13:51,269 --> 00:13:49,839

and right where she had the sighting

298

00:13:54,790 --> 00:13:51,279

where it was standing on the back

299

00:13:57,990 --> 00:13:54,800

side of the road there was a

300

00:13:59,910 --> 00:13:58,000

uh when you

301
00:14:01,590 --> 00:13:59,920
when you go along the top of price

302
00:14:04,790 --> 00:14:01,600
canyon there's

303
00:14:07,509 --> 00:14:04,800
uh some pretty tall

304
00:14:09,110 --> 00:14:07,519
ledges along the side of the road and

305
00:14:12,629 --> 00:14:09,120
there's one little spot

306
00:14:15,990 --> 00:14:12,639
where there's no ledges but the

307
00:14:18,870 --> 00:14:16,000
land just kind of uh

308
00:14:19,670 --> 00:14:18,880
it was down to the road and there's

309
00:14:21,269 --> 00:14:19,680
trees

310
00:14:23,350 --> 00:14:21,279
right there and that's where the

311
00:14:25,910 --> 00:14:23,360
sighting was

312
00:14:26,949 --> 00:14:25,920
and so we were up there looking around

313
00:14:30,069 --> 00:14:26,959

and i got hair

314

00:14:34,710 --> 00:14:30,079

samples off of a off the

315

00:14:38,629 --> 00:14:34,720

fence there right where she saw it

316

00:14:43,430 --> 00:14:38,639

and i i don't know uh

317

00:14:49,829 --> 00:14:46,710

do is university here and

318

00:14:52,389 --> 00:14:49,839

they just tell me they you know you just

319

00:14:55,829 --> 00:14:52,399

have to find somebody that can

320

00:14:59,670 --> 00:14:57,430

really cool that you found it's really

321

00:15:00,310 --> 00:14:59,680

cool that you found a hair sample though

322

00:15:02,629 --> 00:15:00,320

i think

323

00:15:04,069 --> 00:15:02,639

they're harder to come across you know

324

00:15:06,870 --> 00:15:04,079

and i think you're right

325

00:15:08,550 --> 00:15:06,880

those barbed wire fences are gold mines

326

00:15:11,350 --> 00:15:08,560

when it comes to looking for hair

327

00:15:14,069 --> 00:15:11,360

samples so that's so neat

328

00:15:15,590 --> 00:15:14,079

jump kind of jumping off topic a bit

329

00:15:19,350 --> 00:15:15,600

they're in price

330

00:15:22,949 --> 00:15:19,360

there is a long history of

331

00:15:26,069 --> 00:15:22,959

well ufos and even

332

00:15:27,829 --> 00:15:26,079

there is a history of

333

00:15:29,910 --> 00:15:27,839

plot project blue book coming through

334

00:15:33,509 --> 00:15:29,920

the area and canvassing

335

00:15:36,310 --> 00:15:33,519

from home to home do

336

00:15:37,590 --> 00:15:36,320

have as far as that's concerned i i've

337

00:15:40,710 --> 00:15:37,600

had some interesting

338

00:15:42,389 --> 00:15:40,720

information come across that the project

339

00:15:44,870 --> 00:15:42,399

blue book files were actually

340

00:15:46,710 --> 00:15:44,880

purchased by ancestry.com which i

341

00:15:47,670 --> 00:15:46,720

thought that was kind of interesting you

342

00:15:49,590 --> 00:15:47,680

know that they would

343

00:15:51,110 --> 00:15:49,600

that they would buy the project bluebook

344

00:15:52,949 --> 00:15:51,120

files but ron

345

00:15:54,470 --> 00:15:52,959

when you were a kid growing up in the

346

00:15:57,030 --> 00:15:54,480

area do you remember

347

00:15:58,629 --> 00:15:57,040

anywhere in price there project blue

348

00:16:01,350 --> 00:15:58,639

book coming through and asking questions

349

00:16:07,509 --> 00:16:01,360

about ufos

350

00:16:13,430 --> 00:16:12,389

pretty cool have you seen any ufos down

351
00:16:16,550 --> 00:16:13,440
there in the

352
00:16:19,590 --> 00:16:16,560
carbon area oh yeah

353
00:16:21,670 --> 00:16:19,600
a lot quite quite a few

354
00:16:23,990 --> 00:16:21,680
give us yeah tell us some of the better

355
00:16:26,870 --> 00:16:24,000
ones yeah

356
00:16:28,230 --> 00:16:26,880
all right me and my sister we were down

357
00:16:31,910 --> 00:16:28,240
in price

358
00:16:35,749 --> 00:16:31,920
and uh well

359
00:16:39,030 --> 00:16:35,759
who was this this was probably about

360
00:16:39,749 --> 00:16:39,040
nine months ago nine ten months ago oh

361
00:16:44,310 --> 00:16:39,759
cool

362
00:16:47,829 --> 00:16:44,320
and i got i've seen a uh

363
00:16:49,829 --> 00:16:47,839

thing in the sky uh an object that it

364

00:16:51,829 --> 00:16:49,839

wasn't an airplane or anything i took a

365

00:16:54,629 --> 00:16:51,839

picture of it

366

00:16:55,910 --> 00:16:54,639

and it uh kind of looks like a jelly

367

00:17:00,230 --> 00:16:55,920

bean

368

00:17:03,269 --> 00:17:00,240

oh wow okay uh you might have seen it

369

00:17:06,309 --> 00:17:03,279

i posted it i think

370

00:17:07,189 --> 00:17:06,319

i think i did it was really yes yes i'm

371

00:17:10,630 --> 00:17:07,199

looking

372

00:17:14,390 --> 00:17:10,640

now yes very interesting very cool

373

00:17:15,990 --> 00:17:14,400

yeah yeah and then another one i used to

374

00:17:20,470 --> 00:17:16,000

go up on top of the

375

00:17:24,470 --> 00:17:20,480

uh book clips here above east carbon on

376

00:17:25,110 --> 00:17:24,480

ruin point and uh one time i was up

377

00:17:28,230 --> 00:17:25,120

there

378

00:17:33,430 --> 00:17:28,240

this was a couple years ago

379

00:17:35,669 --> 00:17:33,440

and i was taking pictures of chemtrails

380

00:17:37,430 --> 00:17:35,679

and there was one big chemtrail running

381

00:17:41,350 --> 00:17:37,440

across the sky

382

00:17:45,110 --> 00:17:41,360

just almost above me

383

00:17:45,669 --> 00:17:45,120

and then i noticed something paralleling

384

00:17:52,630 --> 00:17:45,679

it

385

00:17:54,470 --> 00:17:52,640

and so i just instead of finding out

386

00:17:56,789 --> 00:17:54,480

what it was i just put my camera up

387

00:17:59,430 --> 00:17:56,799

there and just started taking pictures

388

00:18:00,789 --> 00:17:59,440

and i took like 36 pictures of this

389

00:18:04,070 --> 00:18:00,799

thing

390

00:18:08,470 --> 00:18:04,080

and it had kind of paralleled the

391

00:18:11,990 --> 00:18:08,480

chemtrail and it came down

392

00:18:17,510 --> 00:18:12,000

and then it made a about a

393

00:18:20,950 --> 00:18:17,520

uh i'd say about a 35 degree

394

00:18:25,029 --> 00:18:20,960

turn and almost went back

395

00:18:33,350 --> 00:18:28,710

and this thing it looked like

396

00:18:36,710 --> 00:18:33,360

four uh round balls

397

00:18:38,950 --> 00:18:36,720

hooked together and i got

398

00:18:40,950 --> 00:18:38,960

many pictures of it i'll have to send

399

00:18:44,630 --> 00:18:40,960

you a send them to you

400

00:18:48,150 --> 00:18:44,640

that sounds really really cool and

401
00:18:50,150 --> 00:18:48,160
well yeah go ahead oh but that one uh

402
00:18:51,590 --> 00:18:50,160
it was hit when it made the turn and

403
00:18:53,909 --> 00:18:51,600
went kind of

404
00:18:55,590 --> 00:18:53,919
back kind of sorted towards the way it

405
00:18:58,710 --> 00:18:55,600
was coming from

406
00:19:02,230 --> 00:18:58,720
it was headed right

407
00:19:05,350 --> 00:19:02,240
towards in the direction of the skin

408
00:19:09,990 --> 00:19:08,390
because when i when you're up on top up

409
00:19:13,750 --> 00:19:10,000
there before you drop down

410
00:19:17,270 --> 00:19:13,760
into uh the lower areas where

411
00:19:19,909 --> 00:19:17,280
uh nine mile is you're not that far from

412
00:19:21,750 --> 00:19:19,919
the skinwalker ranch you're real close

413
00:19:27,029 --> 00:19:21,760

you're within probably

414

00:19:33,750 --> 00:19:30,630

and it's interesting um

415

00:19:35,270 --> 00:19:33,760

you so the area in general

416

00:19:37,430 --> 00:19:35,280

it's really cool that you live in the

417

00:19:39,590 --> 00:19:37,440

area because we've we've had experiences

418

00:19:42,789 --> 00:19:39,600

and been able to talk about things

419

00:19:44,630 --> 00:19:42,799

and uh yeah through daryl

420

00:19:46,470 --> 00:19:44,640

who we've been mentioning who's no

421

00:19:49,830 --> 00:19:46,480

longer with us but who was a

422

00:19:52,070 --> 00:19:49,840

big time big time bigfoot hunter

423

00:19:53,750 --> 00:19:52,080

in the area and and uh he had this

424

00:19:56,950 --> 00:19:53,760

amazing map with

425

00:20:00,390 --> 00:19:56,960

little footprints of everywhere he had

426

00:20:03,909 --> 00:20:00,400

taken a report on a three by five card

427

00:20:04,470 --> 00:20:03,919

by an eyewitness and then he would put a

428

00:20:07,270 --> 00:20:04,480

little

429

00:20:09,270 --> 00:20:07,280

sasquatch foot on the a massive map of

430

00:20:11,430 --> 00:20:09,280

the state of utah the size of uh

431

00:20:12,630 --> 00:20:11,440

well gosh it was massive you remember

432

00:20:15,990 --> 00:20:12,640

that ron

433

00:20:17,590 --> 00:20:16,000

oh yeah i remember that uh in fact

434

00:20:20,710 --> 00:20:17,600

that's where i

435

00:20:22,390 --> 00:20:20,720

i made one oh how cool trying to put all

436

00:20:26,149 --> 00:20:22,400

of his sightings on there

437

00:20:28,950 --> 00:20:26,159

along with mine but um

438

00:20:29,510 --> 00:20:28,960

then when he got sick and uh died i

439

00:20:32,470 --> 00:20:29,520

never

440

00:20:33,190 --> 00:20:32,480

uh got to finish putting all of his on

441

00:20:35,909 --> 00:20:33,200

there i got

442

00:20:37,590 --> 00:20:35,919

probably half of them but that's pretty

443

00:20:41,029 --> 00:20:37,600

good

444

00:20:43,909 --> 00:20:41,039

map

445

00:20:45,190 --> 00:20:43,919

and it had you know it was neat because

446

00:20:48,310 --> 00:20:45,200

it kind of showed

447

00:20:49,750 --> 00:20:48,320

the areas and how often bigfoot is seen

448

00:20:53,510 --> 00:20:49,760

in utah

449

00:20:56,870 --> 00:20:53,520

and it's a lot of the time yeah

450

00:21:03,430 --> 00:21:00,549

one reason why i wanted to do that

451
00:21:03,830 --> 00:21:03,440
is a lot of the researchers that i've

452
00:21:07,029 --> 00:21:03,840
talked

453
00:21:09,430 --> 00:21:07,039
to not you but other ones

454
00:21:11,190 --> 00:21:09,440
they've always told me that don't quit

455
00:21:13,830 --> 00:21:11,200
wasting your time

456
00:21:15,190 --> 00:21:13,840
here in carbon emory counties he says

457
00:21:17,430 --> 00:21:15,200
there's

458
00:21:19,110 --> 00:21:17,440
no bigfoot sightings down there they're

459
00:21:23,270 --> 00:21:19,120
all up here

460
00:21:29,270 --> 00:21:26,310
uintah mountains i told them you know

461
00:21:31,510 --> 00:21:29,280
hogwash i said there's quite a few

462
00:21:33,669 --> 00:21:31,520
bigfoot sightings i hear reports from

463
00:21:35,430 --> 00:21:33,679

people all the time here at carbon and

464

00:21:38,310 --> 00:21:35,440

andrew counties

465

00:21:39,430 --> 00:21:38,320

and so i started collecting them just

466

00:21:42,710 --> 00:21:39,440

like daryl did

467

00:21:45,990 --> 00:21:42,720

then i'd interview the people uh

468

00:21:47,510 --> 00:21:46,000

try to get try to get a video of them

469

00:21:50,149 --> 00:21:47,520

but most of them don't want to be

470

00:21:53,270 --> 00:21:50,159

videotaped

471

00:21:57,190 --> 00:21:53,280

but uh there is i've got

472

00:22:01,029 --> 00:21:57,200

over 109 just in the

473

00:22:04,950 --> 00:22:01,039

castle valley area here and i

474

00:22:08,390 --> 00:22:04,960

only have a few of those you know on my

475

00:22:11,510 --> 00:22:08,400

website i gotta finish getting the rest

476

00:22:17,430 --> 00:22:14,789

109 is quite a few considering

477

00:22:18,149 --> 00:22:17,440

you know this area and i say this area

478

00:22:20,230 --> 00:22:18,159

because

479

00:22:22,230 --> 00:22:20,240

uh i you and i lived over the mountain

480

00:22:23,430 --> 00:22:22,240

from each other for many many years over

481

00:22:27,110 --> 00:22:23,440

a decade

482

00:22:29,029 --> 00:22:27,120

and um yeah everything in between us too

483

00:22:30,870 --> 00:22:29,039

seemed like you know between the you in

484

00:22:33,350 --> 00:22:30,880

a basin and between

485

00:22:33,909 --> 00:22:33,360

carbon and emory everything in between

486

00:22:37,830 --> 00:22:33,919

there

487

00:22:41,110 --> 00:22:37,840

is questionable mysterious badlands

488

00:22:44,070 --> 00:22:41,120

a lot of strange happenings take place

489

00:22:44,549 --> 00:22:44,080

and i wanted to kind of switch base a

490

00:22:46,950 --> 00:22:44,559

little bit

491

00:22:48,149 --> 00:22:46,960

and kind of go into some of your

492

00:22:52,710 --> 00:22:48,159

experiences

493

00:22:54,630 --> 00:22:52,720

very the coolest i think that i've heard

494

00:22:55,909 --> 00:22:54,640

experiences as a kid because i know a

495

00:22:59,029 --> 00:22:55,919

lot of people these days

496

00:23:00,390 --> 00:22:59,039

have well my lab is a lot more well

497

00:23:02,390 --> 00:23:00,400

known nowadays

498

00:23:03,750 --> 00:23:02,400

and it's not a big deal but you were

499

00:23:07,590 --> 00:23:03,760

talking about this before

500

00:23:08,230 --> 00:23:07,600

my lab was even popular and as a kid you

501
00:23:10,230 --> 00:23:08,240
had some

502
00:23:11,990 --> 00:23:10,240
some interesting experiences as a kid

503
00:23:15,110 --> 00:23:12,000
that may have had some government

504
00:23:18,390 --> 00:23:15,120
ties i i

505
00:23:20,470 --> 00:23:18,400
have um

506
00:23:22,630 --> 00:23:20,480
could you tell us like the story of how

507
00:23:24,950 --> 00:23:22,640
that how that went about like as a kid

508
00:23:29,190 --> 00:23:24,960
how was it what did it feel like was it

509
00:23:38,310 --> 00:23:34,830
it was uh pretty mind-blowing

510
00:23:44,630 --> 00:23:38,320
um one experience i had

511
00:23:51,590 --> 00:23:47,510
experience that i've experienced that

512
00:23:54,630 --> 00:23:51,600
i've had as a child

513
00:23:57,909 --> 00:23:54,640

oh not so much

514

00:24:01,029 --> 00:23:57,919

uh my lab

515

00:24:09,750 --> 00:24:05,269

that do with i believe was

516

00:24:13,110 --> 00:24:09,760

men in black mib sure

517

00:24:17,269 --> 00:24:13,120

and one of those experiences was

518

00:24:20,110 --> 00:24:17,279

i was in it was the fifth grade

519

00:24:22,070 --> 00:24:20,120

in elementary school and this is back in

520

00:24:25,190 --> 00:24:22,080

1960

521

00:24:27,990 --> 00:24:25,200

it was 61

522

00:24:30,830 --> 00:24:28,000

and this is in southern california where

523

00:24:30,840 --> 00:24:36,070

and i was on the

524

00:24:43,430 --> 00:24:39,909

playground with a friend of mine

525

00:24:46,390 --> 00:24:43,440

and i was showing him this

526

00:24:48,470 --> 00:24:46,400

what i have on my ear that i've had my

527

00:24:52,230 --> 00:24:48,480

whole entire life

528

00:24:54,549 --> 00:24:52,240

that uh is a implant under the skin

529

00:24:56,789 --> 00:24:54,559

it's like a little metal ball yeah i've

530

00:24:59,110 --> 00:24:56,799

seen it and can you kind of yeah

531

00:25:00,390 --> 00:24:59,120

it's very unnoticeable unless you know

532

00:25:04,549 --> 00:25:00,400

what to look for

533

00:25:07,669 --> 00:25:04,559

right and uh anyway after i

534

00:25:08,630 --> 00:25:07,679

showed him that there had been something

535

00:25:12,149 --> 00:25:08,640

that was in my

536

00:25:12,950 --> 00:25:12,159

ear that was it had been bugging me all

537

00:25:14,630 --> 00:25:12,960

day

538

00:25:16,230 --> 00:25:14,640

and i was trying to dig it out with my

539

00:25:19,830 --> 00:25:16,240

little finger

540

00:25:23,110 --> 00:25:19,840

and i finally got it out

541

00:25:25,029 --> 00:25:23,120

and it looked like a little tiny

542

00:25:27,669 --> 00:25:25,039

you know this spring that's in a

543

00:25:30,310 --> 00:25:27,679

ballpoint pen

544

00:25:31,990 --> 00:25:30,320

yeah yeah it looked like one of those

545

00:25:35,110 --> 00:25:32,000

except for it was only about two

546

00:25:36,630 --> 00:25:35,120

meters long no meters long and it looked

547

00:25:39,909 --> 00:25:36,640

like it was wrapped in

548

00:25:42,470 --> 00:25:39,919

brown paper whoa and i pulled that out

549

00:25:44,070 --> 00:25:42,480

of my ear and i went over and scared me

550

00:25:46,549 --> 00:25:44,080

you know as young as i was i was you

551
00:25:48,470 --> 00:25:46,559
know frightened the hell out of me

552
00:25:51,350 --> 00:25:48,480
so i took it over to the teacher on the

553
00:25:54,549 --> 00:25:51,360
playground i showed it to her

554
00:25:56,950 --> 00:25:54,559
and she slaps it out of my hand and says

555
00:25:58,070 --> 00:25:56,960
stop messing with your air you're gonna

556
00:26:01,830 --> 00:25:58,080
pull your eardrum

557
00:26:03,510 --> 00:26:01,840
out and go down and that scared me even

558
00:26:06,390 --> 00:26:03,520
more

559
00:26:07,990 --> 00:26:06,400
and so i was standing there the teacher

560
00:26:10,870 --> 00:26:08,000
walked off

561
00:26:13,029 --> 00:26:10,880
and there was a man walked up to me

562
00:26:15,830 --> 00:26:13,039
wearing a black suit

563
00:26:17,909 --> 00:26:15,840

at her narrow white or a narrow black

564

00:26:20,149 --> 00:26:17,919

tie

565

00:26:21,830 --> 00:26:20,159

and he came up to me called me by my

566

00:26:24,549 --> 00:26:21,840

name

567

00:26:28,230 --> 00:26:24,559

and told me that uh if i didn't stop

568

00:26:31,590 --> 00:26:28,240

messing with my ear i'd go deaf

569

00:26:34,070 --> 00:26:31,600

and then he turned around and he left

570

00:26:36,390 --> 00:26:34,080

and when he left the playground there's

571

00:26:37,350 --> 00:26:36,400

a ramp that goes from the playground we

572

00:26:40,630 --> 00:26:37,360

were at

573

00:26:42,470 --> 00:26:40,640

down to the street down below

574

00:26:44,549 --> 00:26:42,480

the school was sitting on the side of a

575

00:26:46,390 --> 00:26:44,559

hill

576
00:26:49,350 --> 00:26:46,400
and i watched a muck all the way down

577
00:26:51,830 --> 00:26:49,360
the ramp to the street down below

578
00:26:53,990 --> 00:26:51,840
stopped turned around looked at me then

579
00:26:58,549 --> 00:26:54,000
he walked up

580
00:27:01,190 --> 00:26:58,559
and uh i believe it was a

581
00:27:02,149 --> 00:27:01,200
you know he didn't wear a hat but he

582
00:27:05,669 --> 00:27:02,159
looked

583
00:27:08,310 --> 00:27:05,679
like the typical mib like a

584
00:27:10,470 --> 00:27:08,320
like a man in black that's what it

585
00:27:14,669 --> 00:27:10,480
sounds like

586
00:27:18,230 --> 00:27:14,679
but i did have a my lab experience in uh

587
00:27:21,029 --> 00:27:18,240
2009 wow can we hear about that

588
00:27:22,870 --> 00:27:21,039

yeah i'd love to hear about that yeah

589

00:27:25,750 --> 00:27:22,880

with the

590

00:27:26,870 --> 00:27:25,760

Id the entity that i've been having

591

00:27:31,269 --> 00:27:26,880

encounters with

592

00:27:37,990 --> 00:27:31,279

between 2008 and 2010

593

00:27:41,990 --> 00:27:38,000

and back in 2006

594

00:27:45,110 --> 00:27:42,000

i was in a industrial accident

595

00:27:48,310 --> 00:27:45,120

a pretty bad one it uh messed my

596

00:27:51,830 --> 00:27:48,320

left leg up and uh it

597

00:27:55,590 --> 00:27:51,840

uh gave me i had uh spinal

598

00:27:58,230 --> 00:27:55,600

damage spinal cord damage from it

599

00:27:59,909 --> 00:27:58,240

and i had to have back immediate back

600

00:28:04,470 --> 00:27:59,919

surgery

601
00:28:07,590 --> 00:28:04,480
so they put me in the hospital up north

602
00:28:11,110 --> 00:28:07,600
and i went through an operation and got

603
00:28:16,470 --> 00:28:11,120
the use of my left leg back

604
00:28:19,510 --> 00:28:16,480
but the pain in my back was so severe

605
00:28:21,909 --> 00:28:19,520
i couldn't even bend over and for

606
00:28:22,549 --> 00:28:21,919
years i couldn't bend over i couldn't

607
00:28:25,669 --> 00:28:22,559
pin

608
00:28:27,750 --> 00:28:25,679
put my pants on i couldn't put

609
00:28:29,430 --> 00:28:27,760
my socks or my shoes on i had to have

610
00:28:33,110 --> 00:28:29,440
help

611
00:28:36,310 --> 00:28:33,120
and i was really getting

612
00:28:40,630 --> 00:28:36,320
depressed from this so i started

613
00:28:44,310 --> 00:28:40,640

meditating i was asking god for help

614

00:28:47,750 --> 00:28:44,320

i was asking anybody

615

00:28:50,630 --> 00:28:47,760

think for help and

616

00:28:51,830 --> 00:28:50,640

in 2008 i started having these

617

00:28:54,950 --> 00:28:51,840

encounters with

618

00:28:57,909 --> 00:28:54,960

uh elvie

619

00:28:58,789 --> 00:28:57,919

after i started meditating and i think

620

00:29:01,909 --> 00:28:58,799

it was about

621

00:29:06,870 --> 00:29:01,919

nine months or so later after i

622

00:29:10,710 --> 00:29:06,880

started i thought to myself that well

623

00:29:13,350 --> 00:29:10,720

nobody's gonna help me so i just

624

00:29:14,789 --> 00:29:13,360

stopped meditating i'd say god's not

625

00:29:16,710 --> 00:29:14,799

going to help me nobody's going to help

626

00:29:19,909 --> 00:29:16,720

me i'm just going to have to

627

00:29:21,909 --> 00:29:19,919

put up with this list my life and it

628

00:29:23,029 --> 00:29:21,919

went on and on and on and i was having

629

00:29:26,549 --> 00:29:23,039

these encounters

630

00:29:31,190 --> 00:29:26,559

with uh it'll be

631

00:29:35,350 --> 00:29:31,200

and then in 2009

632

00:29:36,549 --> 00:29:35,360

uh i had one abduction encounter with

633

00:29:40,470 --> 00:29:36,559

him

634

00:29:42,070 --> 00:29:40,480

and i ended up on a stainless steel

635

00:29:45,029 --> 00:29:42,080

table

636

00:29:45,990 --> 00:29:45,039

that was in a uh looked like it was in a

637

00:29:49,830 --> 00:29:46,000

laboratory

638

00:29:53,110 --> 00:29:49,840

and it there was the

639

00:29:56,710 --> 00:29:53,120

people in there along with the aliens

640

00:29:57,190 --> 00:29:56,720

the entities and they were all wearing

641

00:30:01,430 --> 00:29:57,200

white

642

00:30:05,669 --> 00:30:01,440

lab coats and

643

00:30:09,510 --> 00:30:05,679

so i was laying on this table face down

644

00:30:12,070 --> 00:30:09,520

and this one man comes over

645

00:30:14,149 --> 00:30:12,080

and he tells me he says there's some

646

00:30:16,310 --> 00:30:14,159

entities that wanna

647

00:30:17,269 --> 00:30:16,320

they wanna check you over they want to

648

00:30:20,549 --> 00:30:17,279

examine you

649

00:30:23,750 --> 00:30:20,559

they want to look at your brain

650

00:30:27,190 --> 00:30:23,760

and they want to look at your back

651

00:30:30,310 --> 00:30:27,200

or you had your back surgery

652

00:30:32,070 --> 00:30:30,320

and i was just you know petrified

653

00:30:33,990 --> 00:30:32,080

in this i didn't know what the heck was

654

00:30:38,070 --> 00:30:34,000

happening

655

00:30:41,269 --> 00:30:38,080

and so this entity comes over

656

00:30:44,870 --> 00:30:41,279

uh the one that i have been

657

00:30:48,230 --> 00:30:44,880

seeing since 2008

658

00:30:49,510 --> 00:30:48,240

and at that time i did not know what his

659

00:30:51,669 --> 00:30:49,520

name was

660

00:30:55,430 --> 00:30:51,679

he didn't reveal his name but he did

661

00:31:00,149 --> 00:30:58,870

and so he comes over and he tells me he

662

00:31:03,350 --> 00:31:00,159

says i want to

663

00:31:06,950 --> 00:31:03,360

examine your brain

664

00:31:08,789 --> 00:31:06,960

i want to examine your back

665

00:31:10,389 --> 00:31:08,799

your spine where you had your back

666

00:31:13,750 --> 00:31:10,399

spirit

667

00:31:18,789 --> 00:31:13,760

so he gets up on the table

668

00:31:21,990 --> 00:31:18,799

and it's like he's

669

00:31:25,430 --> 00:31:22,000

going inside my spine

670

00:31:28,470 --> 00:31:25,440

and man i tell you ryan you talk about

671

00:31:31,830 --> 00:31:28,480

hurt i mean the pain was so

672

00:31:33,350 --> 00:31:31,840

severe i was actually praying to god

673

00:31:36,630 --> 00:31:33,360

take my life

674

00:31:39,029 --> 00:31:36,640

it hurt that bad and

675

00:31:41,430 --> 00:31:39,039

this one run for a while and it felt

676
00:31:43,909 --> 00:31:41,440
like he was right inside where my spinal

677
00:31:48,070 --> 00:31:43,919
cord was

678
00:31:51,269 --> 00:31:48,080
and so he gets done with that

679
00:31:54,710 --> 00:31:51,279
and then he uh he

680
00:31:57,269 --> 00:31:54,720
grabs my head and jerks it back

681
00:31:59,269 --> 00:31:57,279
and he sticks his three long bony

682
00:32:01,269 --> 00:31:59,279
fingers in my mouth

683
00:32:02,789 --> 00:32:01,279
and presses him up against my upper

684
00:32:05,350 --> 00:32:02,799
palate

685
00:32:07,590 --> 00:32:05,360
pulls him out of my mouth and up my face

686
00:32:10,149 --> 00:32:07,600
and across top of my head

687
00:32:11,909 --> 00:32:10,159
does this three times i have no idea

688
00:32:15,029 --> 00:32:11,919

what it's for

689

00:32:18,789 --> 00:32:15,039

or what he was you know doing it for

690

00:32:22,310 --> 00:32:18,799

and so he gets down often

691

00:32:23,990 --> 00:32:22,320

comes around grabs my left ear

692

00:32:27,029 --> 00:32:24,000

and it feels like he's going to rip it

693

00:32:30,789 --> 00:32:27,039

right outside of my head

694

00:32:34,230 --> 00:32:30,799

and it tells me that uh

695

00:32:36,470 --> 00:32:34,240

this is where your implant is and it

696

00:32:39,669 --> 00:32:36,480

takes his finger

697

00:32:41,669 --> 00:32:39,679

and he rubs it across that little ball

698

00:32:43,669 --> 00:32:41,679

that i was telling you about behind my

699

00:32:46,310 --> 00:32:43,679

ear

700

00:32:49,590 --> 00:32:46,320

and he said this was yours he says you

701
00:32:53,190 --> 00:32:49,600
were thinking about having it removed

702
00:32:56,789 --> 00:32:53,200
says don't do it whatever

703
00:32:58,149 --> 00:32:56,799
whatever reason don't you ever have that

704
00:33:00,950 --> 00:32:58,159
removed

705
00:33:02,870 --> 00:33:00,960
and it just sounded sinister the way he

706
00:33:06,149 --> 00:33:02,880
said that

707
00:33:09,990 --> 00:33:06,159
and i at the time i was going to have

708
00:33:12,870 --> 00:33:10,000
dr roger lear was going to remove it

709
00:33:14,389 --> 00:33:12,880
and so i called him back up and told him

710
00:33:18,950 --> 00:33:14,399
that i

711
00:33:25,669 --> 00:33:22,230
and that was uh you know a mill lab

712
00:33:28,789 --> 00:33:25,679
type setting with both

713
00:33:31,909 --> 00:33:28,799

entities and humans

714

00:33:33,269 --> 00:33:31,919

and uh that's pretty much the only mill

715

00:33:37,190 --> 00:33:33,279

lab

716

00:33:41,190 --> 00:33:39,590

it's so cool though and it hits home on

717

00:33:42,710 --> 00:33:41,200

so many levels like you said the

718

00:33:45,430 --> 00:33:42,720

entities the mylab

719

00:33:46,070 --> 00:33:45,440

the again it hits you know back with the

720

00:33:48,230 --> 00:33:46,080

uh

721

00:33:49,750 --> 00:33:48,240

implant and i've heard that from a lot

722

00:33:51,190 --> 00:33:49,760

of individuals that hits home with me

723

00:33:54,310 --> 00:33:51,200

too just because i've

724

00:33:57,830 --> 00:33:54,320

heard it so often and and in my own

725

00:34:00,789 --> 00:33:57,840

historic research and experiences

726

00:34:01,590 --> 00:34:00,799

sometimes it may be best to leave

727

00:34:04,630 --> 00:34:01,600

everything

728

00:34:05,990 --> 00:34:04,640

on you know the way it is and not not

729

00:34:08,310 --> 00:34:06,000

not have it removed as

730

00:34:09,909 --> 00:34:08,320

as roger lear was doing but it really

731

00:34:11,669 --> 00:34:09,919

depends on the situation and the

732

00:34:15,990 --> 00:34:11,679

individual you know some people

733

00:34:20,069 --> 00:34:16,000

are very bothered by by these implants

734

00:34:23,109 --> 00:34:20,079

yeah this one it never bothers me

735

00:34:26,470 --> 00:34:23,119

but what's weird is it'll it's like

736

00:34:28,869 --> 00:34:26,480

it moves to a different location

737

00:34:30,950 --> 00:34:28,879

and then it'll move back to where it

738

00:34:36,310 --> 00:34:30,960

originally was

739

00:34:43,669 --> 00:34:39,430

how i met roger layer was

740

00:34:46,790 --> 00:34:43,679

you know patty greer yeah yeah

741

00:34:48,310 --> 00:34:46,800

yeah she introduced me to uh i did an

742

00:34:51,270 --> 00:34:48,320

interview with patty

743

00:34:52,869 --> 00:34:51,280

at the iufoc conference and she

744

00:34:56,149 --> 00:34:52,879

introduced me

745

00:34:59,510 --> 00:34:56,159

to roger or roger

746

00:35:02,950 --> 00:34:59,520

lear dr lear and

747

00:35:06,150 --> 00:35:02,960

uh when i met him there was another

748

00:35:09,589 --> 00:35:06,160

woman that was there

749

00:35:13,430 --> 00:35:09,599

talking to roger lear

750

00:35:16,950 --> 00:35:13,440

and she had the same exact

751
00:35:21,430 --> 00:35:16,960
thing on her ears i had on mine

752
00:35:26,630 --> 00:35:24,790
yeah yeah that's very cool

753
00:35:28,790 --> 00:35:26,640
i mean what are the odds of that that

754
00:35:31,190 --> 00:35:28,800
that can't be a coincidence you know

755
00:35:32,230 --> 00:35:31,200
that that there's a possibility that uh

756
00:35:35,190 --> 00:35:32,240
and and i've heard

757
00:35:36,230 --> 00:35:35,200
that the ears if i'm not mistaken the

758
00:35:39,510 --> 00:35:36,240
nose

759
00:35:40,790 --> 00:35:39,520
the toes yeah there's areas that are

760
00:35:43,829 --> 00:35:40,800
specifically

761
00:35:47,510 --> 00:35:43,839
targeted for these

762
00:35:51,990 --> 00:35:47,520
yeah if this is the only one i know

763
00:35:53,030 --> 00:35:52,000

of and i asked my mom how long i've had

764

00:35:54,950 --> 00:35:53,040

it

765

00:35:59,030 --> 00:35:54,960

because i i really don't know how long i

766

00:36:02,230 --> 00:35:59,040

got it but my mom told me that

767

00:36:03,589 --> 00:36:02,240

it's been not it was there on me ever

768

00:36:05,910 --> 00:36:03,599

since i was born

769

00:36:07,270 --> 00:36:05,920

ever since i was you know first born it

770

00:36:10,390 --> 00:36:07,280

was there

771

00:36:13,510 --> 00:36:12,230

yeah a lot of these things seem to be

772

00:36:15,990 --> 00:36:13,520

genetic or at least

773

00:36:16,750 --> 00:36:16,000

the predisposition you know like that

774

00:36:19,430 --> 00:36:16,760

whole

775

00:36:23,349 --> 00:36:19,440

1970s project blue book all those

776

00:36:26,390 --> 00:36:23,359

reports being purchased by ancestry.com

777

00:36:28,470 --> 00:36:26,400

you only i mean i only guess

778

00:36:29,990 --> 00:36:28,480

that they're doing it to see if there is

779

00:36:33,270 --> 00:36:30,000

a genetic component

780

00:36:35,349 --> 00:36:33,280

and it is interesting because yeah

781

00:36:37,190 --> 00:36:35,359

typically people that see ufos have

782

00:36:39,430 --> 00:36:37,200

parents that see ufos

783

00:36:40,870 --> 00:36:39,440

and see high strangeness and then they

784

00:36:44,230 --> 00:36:40,880

have kids that

785

00:36:48,790 --> 00:36:44,240

witness and engage in the same phenomena

786

00:36:50,890 --> 00:36:48,800

yeah my uh i know my mom has

787

00:36:53,030 --> 00:36:50,900

and my dad has definitely

788

00:36:56,310 --> 00:36:53,040

[Music]

789

00:36:56,790 --> 00:36:56,320

my dad used to have uh visitors that

790

00:37:00,630 --> 00:36:56,800

would

791

00:37:03,910 --> 00:37:00,640

come in through the uh ceiling

792

00:37:06,790 --> 00:37:03,920

on a uh my dad called it a

793

00:37:10,069 --> 00:37:06,800

line but i i think he was trying to

794

00:37:12,710 --> 00:37:10,079

describe a beam of light

795

00:37:14,550 --> 00:37:12,720

and it would uh these little grays would

796

00:37:18,230 --> 00:37:14,560

come down the way he would describe

797

00:37:19,670 --> 00:37:18,240

them i i'm sure they were graves

798

00:37:21,270 --> 00:37:19,680

right they would come down and they

799

00:37:24,470 --> 00:37:21,280

would show them things and then they

800

00:37:27,670 --> 00:37:24,480

would leave and go back up

801
00:37:30,710 --> 00:37:27,680
and uh it was just

802
00:37:31,510 --> 00:37:30,720
weird this was about he started telling

803
00:37:33,430 --> 00:37:31,520
me about this

804
00:37:37,270 --> 00:37:33,440
about the time i started having these

805
00:37:40,870 --> 00:37:37,280
encounters with kelby

806
00:37:44,630 --> 00:37:40,880
but uh were there any

807
00:37:46,470 --> 00:37:44,640
oh sorry go ahead oh it's it seems to be

808
00:37:50,390 --> 00:37:46,480
a family thing

809
00:37:53,990 --> 00:37:50,400
it's not just one person yeah but it's

810
00:37:56,150 --> 00:37:54,000
usually the whole entire family

811
00:37:58,230 --> 00:37:56,160
yeah i wanted to ask you did you were

812
00:38:01,430 --> 00:37:58,240
your mom's encounters more visual

813
00:38:04,950 --> 00:38:01,440

just sightings uh

814

00:38:08,230 --> 00:38:04,960

yeah uh basically with my mom

815

00:38:11,430 --> 00:38:08,240

i never really did bother her about

816

00:38:16,069 --> 00:38:11,440

you know what she was seeing or anything

817

00:38:19,030 --> 00:38:16,079

until uh the last year before she died

818

00:38:19,750 --> 00:38:19,040

then i started asking her questions

819

00:38:24,710 --> 00:38:19,760

about

820

00:38:27,750 --> 00:38:24,720

uh what she had been seeing

821

00:38:31,270 --> 00:38:27,760

and she says i

822

00:38:34,950 --> 00:38:31,280

i know of your encounters

823

00:38:37,510 --> 00:38:34,960

and she would tell me that

824

00:38:39,670 --> 00:38:37,520

she would become paralyzed in bed

825

00:38:42,710 --> 00:38:39,680

wouldn't be able to move

826

00:38:45,589 --> 00:38:42,720

and she said the little people

827

00:38:47,670 --> 00:38:45,599

would come for you and they would take

828

00:38:51,589 --> 00:38:47,680

you out

829

00:38:52,230 --> 00:38:51,599

with them and i don't remember anything

830

00:38:55,030 --> 00:38:52,240

like that

831

00:38:55,750 --> 00:38:55,040

but my mom was telling me this and she

832

00:39:01,430 --> 00:38:55,760

get

833

00:39:05,030 --> 00:39:01,440

so upset over this um

834

00:39:07,750 --> 00:39:05,040

she'd just go to pieces and she

835

00:39:08,230 --> 00:39:07,760

was so afraid that they were gonna take

836

00:39:15,829 --> 00:39:08,240

me

837

00:39:20,230 --> 00:39:15,839

she said if i could get up out of bed

838

00:39:26,630 --> 00:39:23,430

yeah there's a lot of uh-huh

839

00:39:29,829 --> 00:39:26,640

she would see him uh they would come

840

00:39:33,349 --> 00:39:29,839

like in the middle of the night and then

841

00:39:37,109 --> 00:39:33,359

take me out the front door

842

00:39:39,030 --> 00:39:37,119

wow and it really shocked me because you

843

00:39:43,109 --> 00:39:39,040

know i was surprised she never told me

844

00:39:45,510 --> 00:39:43,119

this before

845

00:39:46,150 --> 00:39:45,520

i had to ask her if you know she was

846

00:39:51,510 --> 00:39:46,160

keeping

847

00:39:55,190 --> 00:39:53,430

and that part i understand you know

848

00:39:57,589 --> 00:39:55,200

trying to protect your

849

00:39:59,190 --> 00:39:57,599

your your i would get being a parent

850

00:40:02,550 --> 00:39:59,200

myself i would say you know

851

00:40:04,710 --> 00:40:02,560

kind of hope oh i hope my kid is uh

852

00:40:05,990 --> 00:40:04,720

you know does not have these experiences

853

00:40:08,550 --> 00:40:06,000

because some of them

854

00:40:10,390 --> 00:40:08,560

are a little bit traumatic and i think

855

00:40:12,390 --> 00:40:10,400

it's so amazing your story about the

856

00:40:13,589 --> 00:40:12,400

healing process though that was so neat

857

00:40:16,390 --> 00:40:13,599

about your back

858

00:40:20,150 --> 00:40:16,400

but there are there's a lot of trauma

859

00:40:23,270 --> 00:40:20,160

involved with a lot of these experiences

860

00:40:26,150 --> 00:40:23,280

well there is uh but i tell you

861

00:40:27,670 --> 00:40:26,160

you know they hurt me when they were

862

00:40:30,790 --> 00:40:27,680

working on my back

863

00:40:32,870 --> 00:40:30,800

i mean they hurt me bad it was almost to

864

00:40:36,470 --> 00:40:32,880

the point where i couldn't stand it

865

00:40:37,430 --> 00:40:36,480

but i'll tell you one thing uh that next

866

00:40:40,390 --> 00:40:37,440

day

867

00:40:41,270 --> 00:40:40,400

you know that next morning after i'd

868

00:40:45,430 --> 00:40:41,280

been returned

869

00:40:48,470 --> 00:40:45,440

back home uh

870

00:40:50,710 --> 00:40:48,480

it was like a 90 percent improvement i

871

00:40:52,550 --> 00:40:50,720

could bend over i could put my shoes on

872

00:40:56,150 --> 00:40:52,560

the back didn't hurt that much

873

00:40:59,750 --> 00:40:56,160

just a little bit and to this day

874

00:41:02,390 --> 00:40:59,760

i haven't had any problems with it

875

00:41:04,309 --> 00:41:02,400

it was a it was a healing that's what it

876

00:41:06,550 --> 00:41:04,319

was

877

00:41:08,710 --> 00:41:06,560

such a neat story it's nice when there's

878

00:41:10,069 --> 00:41:08,720

a story with a little with with a with a

879

00:41:13,829 --> 00:41:10,079

silver lining

880

00:41:14,390 --> 00:41:13,839

and well ron you also i wanted to ask

881

00:41:16,390 --> 00:41:14,400

you about

882

00:41:17,430 --> 00:41:16,400

some of my the things that intrigue me

883

00:41:20,870 --> 00:41:17,440

the most

884

00:41:24,309 --> 00:41:20,880

which of course are the ufo aspects

885

00:41:25,430 --> 00:41:24,319

and the you know we've kind of gone over

886

00:41:28,550 --> 00:41:25,440

sightings and

887

00:41:32,470 --> 00:41:28,560

things of that nature have you ever

888

00:41:34,550 --> 00:41:32,480

well the craft have you seen any craft

889

00:41:36,550 --> 00:41:34,560

up close and personal

890

00:41:38,069 --> 00:41:36,560

and i know in the basin you and i have

891

00:41:40,150 --> 00:41:38,079

spoken about what we've seen in the

892

00:41:42,550 --> 00:41:40,160

skies it's pretty amazing

893

00:41:44,390 --> 00:41:42,560

um could you give us any info on kind of

894

00:41:48,470 --> 00:41:44,400

like uh ufo uap

895

00:41:52,230 --> 00:41:48,480

studies and your experiences with that

896

00:41:53,430 --> 00:41:52,240

oh you bet when i started having these

897

00:41:57,190 --> 00:41:53,440

encounters with

898

00:42:00,470 --> 00:41:57,200

elbi they would always

899

00:42:03,109 --> 00:42:00,480

start out the same way i'd go to bed

900

00:42:03,990 --> 00:42:03,119

there would be a beam of light that

901
00:42:05,910 --> 00:42:04,000
would

902
00:42:07,430 --> 00:42:05,920
extend from the ceiling down to the

903
00:42:10,470 --> 00:42:07,440
floor

904
00:42:13,510 --> 00:42:10,480
uh i think it was plasma

905
00:42:17,190 --> 00:42:13,520
is where it was but

906
00:42:19,910 --> 00:42:17,200
i'm not exactly sure

907
00:42:21,030 --> 00:42:19,920
if you ever in a dark room open up a

908
00:42:23,190 --> 00:42:21,040
door a little bit

909
00:42:24,870 --> 00:42:23,200
and you know and there's a light on in

910
00:42:25,670 --> 00:42:24,880
another room and you get that kind of

911
00:42:29,349 --> 00:42:25,680
like

912
00:42:32,870 --> 00:42:29,359
strip of light by the door

913
00:42:35,589 --> 00:42:32,880

that's what it reminded me of

914

00:42:37,990 --> 00:42:35,599

but uh anyways i would see this and then

915

00:42:41,349 --> 00:42:38,000

everything would turn a fuzzy white

916

00:42:42,230 --> 00:42:41,359

and then i'd boom i was out and then i

917

00:42:48,710 --> 00:42:42,240

would come

918

00:42:52,069 --> 00:42:48,720

to in a room wide symbols

919

00:42:54,820 --> 00:42:52,079

sitting on a chair on an armless chair

920

00:42:56,309 --> 00:42:54,830

in this little room and

921

00:42:59,349 --> 00:42:56,319

[Music]

922

00:43:00,870 --> 00:42:59,359

this went on and on for quite a few

923

00:43:05,870 --> 00:43:00,880

times

924

00:43:05,880 --> 00:43:10,829

2009 i think it was

925

00:43:17,670 --> 00:43:14,470

uh the uh

926

00:43:18,790 --> 00:43:17,680

experience started the same way the beam

927

00:43:21,190 --> 00:43:18,800

of light i went

928

00:43:23,270 --> 00:43:21,200

went to bed everything turned to fuzzy

929

00:43:26,470 --> 00:43:23,280

white except this time i came

930

00:43:29,990 --> 00:43:26,480

to on a ship

931

00:43:33,670 --> 00:43:30,000

of some sort of a craft and

932

00:43:37,030 --> 00:43:33,680

me and this entity was standing

933

00:43:40,390 --> 00:43:37,040

up it was kind of like a tear-drop shape

934

00:43:40,950 --> 00:43:40,400

crap kind of came down to somewhat of a

935

00:43:44,390 --> 00:43:40,960

point

936

00:43:45,990 --> 00:43:44,400

in the front and i'm standing up in

937

00:43:49,750 --> 00:43:46,000

front

938

00:43:54,470 --> 00:43:49,760

with elvie and again

939

00:43:57,349 --> 00:43:54,480

at this time i didn't know elbi's name

940

00:43:59,109 --> 00:43:57,359

uh she didn't tell me his name until a

941

00:44:01,750 --> 00:43:59,119

little later

942

00:44:02,950 --> 00:44:01,760

but i'm standing with this entity up in

943

00:44:06,230 --> 00:44:02,960

front of this

944

00:44:07,030 --> 00:44:06,240

crap and you can see right through the

945

00:44:10,390 --> 00:44:07,040

wall

946

00:44:13,589 --> 00:44:10,400

right out in the space and

947

00:44:16,550 --> 00:44:13,599

uh that was needed he says i'm gonna

948

00:44:18,790 --> 00:44:16,560

take you on a trip and he said don't be

949

00:44:21,990 --> 00:44:18,800

don't be frightened don't be scared

950

00:44:24,790 --> 00:44:22,000

nothing's gonna happen to you

951
00:44:27,030 --> 00:44:24,800
we start accelerating and i can feel

952
00:44:30,870 --> 00:44:27,040
g-force

953
00:44:33,190 --> 00:44:30,880
and then all of a sudden everything

954
00:44:36,150 --> 00:44:33,200
i just blacked out and then i come to in

955
00:44:40,150 --> 00:44:36,160
that room watching

956
00:44:43,349 --> 00:44:40,160
symbol and after that

957
00:44:46,710 --> 00:44:43,359
okay right after the healing

958
00:44:49,990 --> 00:44:46,720
and that i had in at the end of

959
00:44:53,270 --> 00:44:50,000
2009 yeah

960
00:44:56,150 --> 00:44:53,280
i had another encounter with hilby

961
00:44:58,550 --> 00:44:56,160
and uh this time i knew who he was

962
00:45:00,550 --> 00:44:58,560
because the one before this he had told

963
00:45:02,870 --> 00:45:00,560

me his name

964

00:45:04,950 --> 00:45:02,880

but uh everything started out the same

965

00:45:07,910 --> 00:45:04,960

had the

966

00:45:08,309 --> 00:45:07,920

beam of light everything turned to fuzzy

967

00:45:12,870 --> 00:45:08,319

white

968

00:45:15,990 --> 00:45:12,880

i passed out and when i came to

969

00:45:19,030 --> 00:45:16,000

i was in this cubicle

970

00:45:22,230 --> 00:45:19,040

inside this bigger

971

00:45:23,430 --> 00:45:22,240

room at the time i didn't know it was a

972

00:45:26,550 --> 00:45:23,440

ship

973

00:45:30,390 --> 00:45:26,560

but i was up against the ceiling

974

00:45:32,710 --> 00:45:30,400

in a clear rectangular cubicle

975

00:45:34,230 --> 00:45:32,720

and there were other cubicles all around

976
00:45:38,870 --> 00:45:34,240
me and each one

977
00:45:41,910 --> 00:45:38,880
had a human in it and a person in it

978
00:45:44,950 --> 00:45:41,920
and so i'm looking down below

979
00:45:46,470 --> 00:45:44,960
and these entities are walking all

980
00:45:50,390 --> 00:45:46,480
around

981
00:45:52,710 --> 00:45:50,400
and then pretty soon uh the cubicle

982
00:45:53,750 --> 00:45:52,720
and it just slowly starts to descend

983
00:45:57,750 --> 00:45:53,760
down to the

984
00:45:59,750 --> 00:45:57,760
ground level and all the entities leave

985
00:46:02,069 --> 00:45:59,760
except for one

986
00:46:03,829 --> 00:46:02,079
and he comes over the front of this

987
00:46:06,870 --> 00:46:03,839
cubicle opens up

988
00:46:09,990 --> 00:46:06,880

and i step out and

989

00:46:13,349 --> 00:46:10,000

tell me and he's telling me

990

00:46:16,470 --> 00:46:13,359

well he takes me over to the uh

991

00:46:19,670 --> 00:46:16,480

the wall and it

992

00:46:23,670 --> 00:46:21,990

opens up and you could see through it

993

00:46:28,550 --> 00:46:23,680

out into space

994

00:46:31,270 --> 00:46:28,560

it was really neat that is so cool

995

00:46:33,109 --> 00:46:31,280

so he was telling me he said you have to

996

00:46:35,510 --> 00:46:33,119

be in this cubicle

997

00:46:36,790 --> 00:46:35,520

so because you wouldn't be able to

998

00:46:39,510 --> 00:46:36,800

survive

999

00:46:40,710 --> 00:46:39,520

you would die if you know he wasn't in

1000

00:46:43,589 --> 00:46:40,720

there

1001
00:46:45,030 --> 00:46:43,599
and so he took me back and he said i'll

1002
00:46:47,750 --> 00:46:45,040
get you a little later

1003
00:46:48,550 --> 00:46:47,760
and he put me back in this cubicle and i

1004
00:46:52,069 --> 00:46:48,560
rose

1005
00:46:54,309 --> 00:46:52,079
up failing and that's probably there a

1006
00:46:57,829 --> 00:46:54,319
minute or so

1007
00:47:01,109 --> 00:46:57,839
and then i started to descend back

1008
00:47:03,349 --> 00:47:01,119
down and he was there to beat me when i

1009
00:47:06,069 --> 00:47:03,359
got when the front of the cubicle opened

1010
00:47:08,710 --> 00:47:06,079
up and i stepped out

1011
00:47:10,950 --> 00:47:08,720
and then he tells me it's time for you

1012
00:47:14,069 --> 00:47:10,960
to know

1013
00:47:17,190 --> 00:47:14,079

what's happening to you

1014

00:47:21,990 --> 00:47:17,200

and he says you've been programmed

1015

00:47:25,589 --> 00:47:22,000

from birth to fly this ship

1016

00:47:29,349 --> 00:47:25,599

and your

1017

00:47:33,109 --> 00:47:29,359

what you're he says your job

1018

00:47:36,950 --> 00:47:33,119

will be to transport certain

1019

00:47:38,710 --> 00:47:36,960

chosen humans to another dimensional

1020

00:47:40,390 --> 00:47:38,720

earth

1021

00:47:42,069 --> 00:47:40,400

now i don't know if i'm supposed to take

1022

00:47:45,109 --> 00:47:42,079

that literally or

1023

00:47:50,390 --> 00:47:48,230

but and he says

1024

00:47:52,470 --> 00:47:50,400

uh i want you to come over here and

1025

00:47:56,790 --> 00:47:52,480

there was a console

1026

00:48:04,309 --> 00:48:00,630

this big plastic seat

1027

00:48:05,349 --> 00:48:04,319

everything on this crap looked like it

1028

00:48:07,270 --> 00:48:05,359

was one piece

1029

00:48:09,589 --> 00:48:07,280

there it looked like everything was

1030

00:48:12,870 --> 00:48:09,599

injected molded

1031

00:48:15,270 --> 00:48:12,880

uh there were no seams no rivet and on

1032

00:48:21,670 --> 00:48:15,280

the armrest

1033

00:48:23,430 --> 00:48:21,680

there was haze in the end

1034

00:48:24,710 --> 00:48:23,440

did you say on the end of the armrest

1035

00:48:31,109 --> 00:48:24,720

there was holes

1036

00:48:34,549 --> 00:48:31,119

looked like your fingers could go into

1037

00:48:38,309 --> 00:48:34,559

and then there was like a

1038

00:48:42,549 --> 00:48:40,950

patient that you could put your elbow

1039

00:48:45,349 --> 00:48:42,559

and your arm in

1040

00:48:47,190 --> 00:48:45,359

along with these holes and he says i

1041

00:48:49,030 --> 00:48:47,200

want you to place your hands

1042

00:48:50,870 --> 00:48:49,040

your fingers and your arms in these

1043

00:48:54,630 --> 00:48:50,880

indentations

1044

00:48:56,870 --> 00:48:54,640

and as soon as i did that

1045

00:48:59,270 --> 00:48:56,880

the whole front of this fit it was like

1046

00:49:00,309 --> 00:48:59,280

it disappeared and i could see out into

1047

00:49:03,829 --> 00:49:00,319

space

1048

00:49:07,589 --> 00:49:03,839

and this console it

1049

00:49:10,150 --> 00:49:07,599

kind of looked like a it was

1050

00:49:12,950 --> 00:49:10,160

it didn't look mechanical it looked uh

1051
00:49:20,150 --> 00:49:16,950
likely it

1052
00:49:21,430 --> 00:49:20,160
it was really strange like a hologram

1053
00:49:24,470 --> 00:49:21,440
was it like a hologram

1054
00:49:28,549 --> 00:49:24,480
or yeah like a hologram

1055
00:49:32,630 --> 00:49:28,559
that that's a good way to describe it

1056
00:49:35,829 --> 00:49:32,640
and i said what do you want me to do

1057
00:49:40,470 --> 00:49:35,839
and he said he tells me

1058
00:49:43,030 --> 00:49:40,480
that it's all inside you he says

1059
00:49:43,750 --> 00:49:43,040
you'll know what to do all you have to

1060
00:49:47,270 --> 00:49:43,760
do is

1061
00:49:51,670 --> 00:49:47,280
think about it and the ship will respond

1062
00:49:54,790 --> 00:49:51,680
to what you're thinking and

1063
00:49:57,510 --> 00:49:54,800

i'm thinking wow this is

1064

00:50:00,630 --> 00:49:57,520

pretty wild and he asked me he says

1065

00:50:03,030 --> 00:50:00,640

where would you like to go

1066

00:50:03,829 --> 00:50:03,040

and i tell him that well i'd like to go

1067

00:50:06,790 --> 00:50:03,839

out into

1068

00:50:09,349 --> 00:50:06,800

deep space and see the milky way galaxy

1069

00:50:12,230 --> 00:50:09,359

from the distance

1070

00:50:12,950 --> 00:50:12,240

and he says i want you to think about

1071

00:50:15,030 --> 00:50:12,960

that

1072

00:50:16,950 --> 00:50:15,040

the ship will respond but don't think

1073

00:50:19,589 --> 00:50:16,960

about it right now

1074

00:50:21,589 --> 00:50:19,599

and he says i need to warn you that when

1075

00:50:25,589 --> 00:50:21,599

we

1076

00:50:28,870 --> 00:50:25,599

take off you're going to feel

1077

00:50:33,589 --> 00:50:28,880

real bad g-force and

1078

00:50:36,549 --> 00:50:33,599

as soon as we start dimension hopping

1079

00:50:39,510 --> 00:50:36,559

or transversing the dimensions then you

1080

00:50:42,950 --> 00:50:39,520

won't have that feeling anymore

1081

00:50:45,910 --> 00:50:42,960

and he says this is how we travel by

1082

00:50:47,829 --> 00:50:45,920

transversing the different dimensions he

1083

00:50:51,829 --> 00:50:47,839

says we can't do it

1084

00:50:55,589 --> 00:50:54,470

the distances are too vast we have to

1085

00:50:57,990 --> 00:50:55,599

take

1086

00:50:59,589 --> 00:50:58,000

and go from dimension to dimension to

1087

00:51:04,309 --> 00:50:59,599

dimension

1088

00:51:13,030 --> 00:51:09,430

and so i i think about uh

1089

00:51:17,190 --> 00:51:14,790

out in deep space i want to see the

1090

00:51:18,230 --> 00:51:17,200

milky way and as soon as i think about

1091

00:51:21,270 --> 00:51:18,240

that we start

1092

00:51:25,430 --> 00:51:21,280

exploring and i can feel the g-force

1093

00:51:29,270 --> 00:51:25,440

and it's getting bad the g-force

1094

00:51:32,390 --> 00:51:29,280

and uh we're going along and it's just

1095

00:51:34,230 --> 00:51:32,400

to the point everything starts to turn

1096

00:51:35,270 --> 00:51:34,240

the fuzzy white on me and i'm just right

1097

00:51:38,549 --> 00:51:35,280

on the verge of pass

1098

00:51:41,670 --> 00:51:38,559

now can't stand it

1099

00:51:44,630 --> 00:51:41,680

and then all of a sudden we

1100

00:51:46,150 --> 00:51:44,640

it the feeling went away and out the

1101

00:51:48,710 --> 00:51:46,160

front of the ship there's different

1102

00:51:51,829 --> 00:51:48,720

scenarios going on out there

1103

00:51:52,470 --> 00:51:51,839

and it's like taking a picture book a

1104

00:51:54,870 --> 00:51:52,480

big

1105

00:51:55,829 --> 00:51:54,880

quick one and just flipping through the

1106

00:51:59,510 --> 00:51:55,839

pages

1107

00:52:02,470 --> 00:51:59,520

real fast you know how you do like

1108

00:52:03,670 --> 00:52:02,480

how they used to do motion pictures back

1109

00:52:05,910 --> 00:52:03,680

in the old days

1110

00:52:07,750 --> 00:52:05,920

yeah yeah like from scene to scene

1111

00:52:11,829 --> 00:52:07,760

screen to screen

1112

00:52:16,470 --> 00:52:11,839

yeah it was like that and uh

1113

00:52:18,230 --> 00:52:16,480

it just and it only seemed like it took

1114

00:52:21,190 --> 00:52:18,240

like a half a second

1115

00:52:22,870 --> 00:52:21,200

or so and then we came to a stop and

1116

00:52:26,069 --> 00:52:22,880

we're out in deep space and i'd see the

1117

00:52:29,270 --> 00:52:26,079

milky way galaxy off into this thing

1118

00:52:30,470 --> 00:52:29,280

looked awesome and then we're sitting

1119

00:52:32,790 --> 00:52:30,480

there

1120

00:52:34,710 --> 00:52:32,800

and then after i don't know about 30

1121

00:52:35,190 --> 00:52:34,720

seconds he tells me he says we need to

1122

00:52:40,150 --> 00:52:35,200

get

1123

00:52:43,910 --> 00:52:40,160

be out here

1124

00:52:47,829 --> 00:52:43,920

and so i think let's go back

1125

00:52:50,950 --> 00:52:47,839

above earth where we left from

1126
00:52:52,150 --> 00:52:50,960
and back to the same location and then

1127
00:52:55,190 --> 00:52:52,160
all of a sudden the

1128
00:52:58,549 --> 00:52:55,200
ship takes off and then there's that

1129
00:53:01,990 --> 00:52:58,559
transversing of the

1130
00:53:02,630 --> 00:53:02,000
dimensions again and and all this stuff

1131
00:53:05,910 --> 00:53:02,640
happens

1132
00:53:09,829 --> 00:53:05,920
in like just a split

1133
00:53:12,710 --> 00:53:09,839
second it was that quick

1134
00:53:14,309 --> 00:53:12,720
and so we got back there and then he

1135
00:53:17,510 --> 00:53:14,319
said uh you

1136
00:53:20,549 --> 00:53:17,520
you've seen too much you've had too much

1137
00:53:23,750 --> 00:53:20,559
uh to think of right now and you said

1138
00:53:27,430 --> 00:53:23,760

uh time for you to go back and

1139

00:53:31,270 --> 00:53:27,440

uh we'll continue this later

1140

00:53:33,510 --> 00:53:31,280

but the ship was awesome it was almost

1141

00:53:36,549 --> 00:53:33,520

like a

1142

00:53:39,270 --> 00:53:36,559

black porcelain

1143

00:53:41,829 --> 00:53:39,280

everything was there was no sharp

1144

00:53:45,430 --> 00:53:41,839

corners everything was

1145

00:53:49,589 --> 00:53:45,440

rounded there was no points on anything

1146

00:53:53,990 --> 00:53:49,599

everything was radianced up

1147

00:53:56,950 --> 00:53:54,000

and like i say there was no uh

1148

00:53:58,150 --> 00:53:56,960

no nuts and bolts uh nothing like that

1149

00:54:01,430 --> 00:53:58,160

there wasn't even any

1150

00:54:04,549 --> 00:54:01,440

light uh you know like

1151

00:54:11,270 --> 00:54:08,150

yeah yeah the lighting

1152

00:54:15,270 --> 00:54:11,280

was it was ambient it was just

1153

00:54:18,230 --> 00:54:15,280

there you know amazing ron my gosh well

1154

00:54:18,710 --> 00:54:18,240

and it's not like you know so many

1155

00:54:21,030 --> 00:54:18,720

people

1156

00:54:22,790 --> 00:54:21,040

obviously have a hard time wrapping

1157

00:54:24,790 --> 00:54:22,800

their heads around things

1158

00:54:27,510 --> 00:54:24,800

but i love the quote for those that

1159

00:54:30,549 --> 00:54:27,520

don't believe that this stuff exists

1160

00:54:34,069 --> 00:54:30,559

the quote from ben rich the former

1161

00:54:35,270 --> 00:54:34,079

ceo of lockheed martin's skunk works

1162

00:54:39,109 --> 00:54:35,280

division

1163

00:54:41,589 --> 00:54:39,119

and his quote was we have already

1164

00:54:43,510 --> 00:54:41,599

the means to travel among the stars but

1165

00:54:43,910 --> 00:54:43,520

these technologies are locked up in

1166

00:54:46,710 --> 00:54:43,920

black

1167

00:54:47,829 --> 00:54:46,720

projects and it would take an act of god

1168

00:54:49,990 --> 00:54:47,839

to ever get them

1169

00:54:52,549 --> 00:54:50,000

to benefit humanity anything you can

1170

00:54:54,069 --> 00:54:52,559

imagine we already know how to do

1171

00:54:56,470 --> 00:54:54,079

so it just goes to show that he's

1172

00:54:58,069 --> 00:54:56,480

admitting that i mean if we can think it

1173

00:55:00,150 --> 00:54:58,079

up kind of what you're saying i mean

1174

00:55:01,030 --> 00:55:00,160

almost exactly what you're saying when

1175

00:55:03,190 --> 00:55:01,040

in the ship

1176

00:55:06,309 --> 00:55:03,200

if you you know you think it up and then

1177

00:55:08,950 --> 00:55:06,319

you go there it's amazing yeah it's all

1178

00:55:12,950 --> 00:55:08,960

done telepathically

1179

00:55:13,670 --> 00:55:12,960

uh esp and you know grant cameron's been

1180

00:55:16,309 --> 00:55:13,680

uh

1181

00:55:18,069 --> 00:55:16,319

talking about a lot a lot of gifts that

1182

00:55:21,270 --> 00:55:18,079

you know in the last couple years

1183

00:55:25,430 --> 00:55:21,280

love grant yeah yeah like you too

1184

00:55:27,670 --> 00:55:25,440

he's been real good with me

1185

00:55:30,309 --> 00:55:27,680

i'm surprised he has anything to do with

1186

00:55:33,510 --> 00:55:31,910

he's a great guy oh i don't know he

1187

00:55:34,230 --> 00:55:33,520

thinks the world of you when i've talked

1188

00:55:36,870 --> 00:55:34,240

to him

1189

00:55:37,349 --> 00:55:36,880

and it's you know an interesting thing

1190

00:55:40,390 --> 00:55:37,359

ron

1191

00:55:43,589 --> 00:55:40,400

is that a lot of the

1192

00:55:44,950 --> 00:55:43,599

you know the messages that you were

1193

00:55:48,150 --> 00:55:44,960

receiving

1194

00:55:51,349 --> 00:55:48,160

for example that you were kind of

1195

00:55:54,549 --> 00:55:51,359

you know the pilot uh of this

1196

00:55:56,630 --> 00:55:54,559

craft that's amazing too yeah

1197

00:56:00,230 --> 00:55:56,640

that's that's what grant calls me the

1198

00:56:04,230 --> 00:56:03,270

it's very cool yeah it's awesome to

1199

00:56:06,950 --> 00:56:04,240

never

1200

00:56:07,430 --> 00:56:06,960

have experiences that's one experience

1201
00:56:11,349 --> 00:56:07,440
that

1202
00:56:12,309 --> 00:56:11,359
you know i hope hope you get to have

1203
00:56:16,069 --> 00:56:12,319
because i tell you

1204
00:56:18,150 --> 00:56:16,079
it is awesome now i wanted to jump back

1205
00:56:19,430 --> 00:56:18,160
to some experiences that you and i and

1206
00:56:23,430 --> 00:56:19,440
daryl had in the

1207
00:56:25,430 --> 00:56:23,440
uinta basin because at the time and this

1208
00:56:26,950 --> 00:56:25,440
was years ago but at the time we were at

1209
00:56:28,630 --> 00:56:26,960
the old strawberry riverbed and

1210
00:56:31,109 --> 00:56:28,640
breakfast i believe

1211
00:56:32,549 --> 00:56:31,119
and we saw we saw something similar to

1212
00:56:36,870 --> 00:56:32,559
an mib

1213
00:56:38,630 --> 00:56:36,880

kind of pull over next to us and uh

1214

00:56:40,549 --> 00:56:38,640

well it at the time i don't i didn't

1215

00:56:43,270 --> 00:56:40,559

think that technology existed

1216

00:56:43,589 --> 00:56:43,280

these quote-unquote non-lethal weapons

1217

00:56:51,430 --> 00:56:43,599

or

1218

00:56:54,150 --> 00:56:51,440

so many different kinds of

1219

00:56:55,910 --> 00:56:54,160

pulse wave electromagnetic frequency

1220

00:56:59,030 --> 00:56:55,920

weapons

1221

00:57:01,990 --> 00:56:59,040

but we saw something like that and

1222

00:57:04,230 --> 00:57:02,000

uh daryl kind of got sick shortly

1223

00:57:07,349 --> 00:57:04,240

thereafter i was going to ask you

1224

00:57:09,349 --> 00:57:07,359

have you seen anybody or have you

1225

00:57:10,630 --> 00:57:09,359

heard of anyone recently getting sick

1226

00:57:12,710 --> 00:57:10,640

from sightings

1227

00:57:16,789 --> 00:57:12,720

weird strange paranormal behavior things

1228

00:57:21,829 --> 00:57:20,789

uh daryl's the only one that comes to

1229

00:57:25,589 --> 00:57:21,839

mind

1230

00:57:28,870 --> 00:57:25,599

right you know that time we were out

1231

00:57:32,069 --> 00:57:28,880

at your bed and breakfast and the

1232

00:57:33,990 --> 00:57:32,079

uh the encounter with the

1233

00:57:37,990 --> 00:57:34,000

vehicles and the people over in the

1234

00:57:42,309 --> 00:57:40,230

across the field from where your house

1235

00:57:48,470 --> 00:57:42,319

or your heavy breakfast was

1236

00:57:56,710 --> 00:57:52,870

yeah right after that

1237

00:57:59,829 --> 00:57:56,720

we went to uh peak

1238

00:58:06,150 --> 00:58:02,870

a week or two after that and

1239

00:58:07,109 --> 00:58:06,160

uh we got up there and then daryl was

1240

00:58:09,570 --> 00:58:07,119

having

1241

00:58:12,390 --> 00:58:09,580

problems walking and

1242

00:58:14,630 --> 00:58:12,400

[Music]

1243

00:58:15,910 --> 00:58:14,640

we figured it was he he thought it was

1244

00:58:19,030 --> 00:58:15,920

just his hips

1245

00:58:22,230 --> 00:58:19,040

bothering him so he went to the

1246

00:58:26,150 --> 00:58:22,240

uh the doctor and they told him

1247

00:58:29,349 --> 00:58:26,160

that he had was contacting als

1248

00:58:31,910 --> 00:58:29,359

that just totally blew me away

1249

00:58:32,710 --> 00:58:31,920

and i mean it was just that quick you

1250

00:58:34,950 --> 00:58:32,720

know

1251

00:58:36,549 --> 00:58:34,960

it was sudden it was fast it came on

1252

00:58:38,870 --> 00:58:36,559

fast and of course daryl

1253

00:58:41,750 --> 00:58:38,880

handled it like a gentleman but it did

1254

00:58:45,109 --> 00:58:41,760

just come and decimate him

1255

00:58:46,549 --> 00:58:45,119

god i i would go up and try to visit him

1256

00:58:49,990 --> 00:58:46,559

whenever i could

1257

00:58:53,270 --> 00:58:50,000

and it was hard in seeing him

1258

00:58:57,990 --> 00:58:53,280

laying in bed like that and not being

1259

00:59:01,990 --> 00:58:58,000

not being able to move it just

1260

00:59:05,030 --> 00:59:02,000

it was gut-wrenching it really was

1261

00:59:06,390 --> 00:59:05,040

yeah als is not a fun and

1262

00:59:08,789 --> 00:59:06,400

you know other people know it as lou

1263

00:59:09,910 --> 00:59:08,799

gehrig's but it it it just comes out of

1264

00:59:14,150 --> 00:59:09,920

nowhere

1265

00:59:17,990 --> 00:59:14,160

and and it just it just tears you up

1266

00:59:20,309 --> 00:59:18,000

yeah and i got a

1267

00:59:21,670 --> 00:59:20,319

just before he died i think it was like

1268

00:59:25,270 --> 00:59:21,680

about a week

1269

00:59:27,270 --> 00:59:25,280

because maybe a week and a half

1270

00:59:29,510 --> 00:59:27,280

he wanted me to come up he wanted to do

1271

00:59:32,789 --> 00:59:29,520

a an interview we wanted to talk

1272

00:59:34,789 --> 00:59:32,799

on the utah bigfoot and so i went up

1273

00:59:37,910 --> 00:59:34,799

there and i recorded them

1274

00:59:40,950 --> 00:59:37,920

and i made these discs of this it

1275

00:59:43,349 --> 00:59:40,960

lasted about an hour and a half and i've

1276

00:59:43,670 --> 00:59:43,359

got one for you and i got i give it to

1277

00:59:46,789 --> 00:59:43,680

you

1278

00:59:49,910 --> 00:59:46,799

and i got one for dave oh how cool

1279

00:59:51,670 --> 00:59:49,920

thanks ron i would that's so cool of you

1280

00:59:53,030 --> 00:59:51,680

that's like the best christmas present

1281

00:59:55,510 --> 00:59:53,040

ever he says

1282

00:59:57,670 --> 00:59:55,520

promise me he says make sure you give

1283

01:00:01,190 --> 00:59:57,680

everybody in our

1284

01:00:03,589 --> 01:00:01,200

little group a copy of this and i said i

1285

01:00:08,549 --> 01:00:06,470

man that is so cool well i can't thank

1286

01:00:10,069 --> 01:00:08,559

you enough for coming on today ron and

1287

01:00:11,510 --> 01:00:10,079

speaking with me i know it's the day

1288

01:00:13,190 --> 01:00:11,520

after thanksgiving

1289

01:00:14,630 --> 01:00:13,200

you recently had a birthday this week

1290

01:00:18,150 --> 01:00:14,640

happy birthday

1291

01:00:21,030 --> 01:00:18,160

and you know it's it's it's one of those

1292

01:00:21,670 --> 01:00:21,040

it's it's a it's holiday time and and i

1293

01:00:31,430 --> 01:00:21,680

i

1294

01:00:32,870 --> 01:00:31,440

problem

1295

01:00:34,950 --> 01:00:32,880

i'll definitely reach out to you when i

1296

01:00:36,470 --> 01:00:34,960

come up to utah again and we'll have to

1297

01:00:39,589 --> 01:00:36,480

touch base

1298

01:00:42,950 --> 01:00:39,599

yeah oh aren't you where are you at

1299

01:00:45,750 --> 01:00:42,960

i'm right now i am in las vegas

1300

01:00:46,230 --> 01:00:45,760

um i i still come up to utah about every

1301
01:00:49,109 --> 01:00:46,240
month

1302
01:00:50,870 --> 01:00:49,119
so but all it's just so cold my gosh and

1303
01:00:52,470 --> 01:00:50,880
with this covid stuff

1304
01:00:54,069 --> 01:00:52,480
it's been wild what are your thoughts on

1305
01:00:55,109 --> 01:00:54,079
this interesting monolith i guess the

1306
01:00:57,589 --> 01:00:55,119
very last thing

1307
01:00:59,430 --> 01:00:57,599
this is weird i'm going down tuesday to

1308
01:01:00,150 --> 01:00:59,440
look at it take pictures of it i want to

1309
01:01:03,109 --> 01:01:00,160
measure it

1310
01:01:03,430 --> 01:01:03,119
and do all kinds of different things

1311
01:01:06,870 --> 01:01:03,440
with

1312
01:01:10,710 --> 01:01:06,880
it paranormally i love it uh i'm gonna

1313
01:01:14,150 --> 01:01:10,720

do some uh evps there

1314

01:01:16,870 --> 01:01:14,160

providing that it's not crowded with

1315

01:01:17,589 --> 01:01:16,880

people but that's why i want to go down

1316

01:01:19,510 --> 01:01:17,599

tuesday

1317

01:01:21,109 --> 01:01:19,520

because i think most everybody will be

1318

01:01:23,030 --> 01:01:21,119

at work

1319

01:01:24,309 --> 01:01:23,040

that's a great idea that is a really

1320

01:01:25,750 --> 01:01:24,319

good idea

1321

01:01:28,630 --> 01:01:25,760

well i can't wait to talk to you again

1322

01:01:29,270 --> 01:01:28,640

ron um blessings thanks for coming on

1323

01:01:32,390 --> 01:01:29,280

and i i

1324

01:01:35,190 --> 01:01:32,400

i appreciate you thank you okay

1325

01:01:36,549 --> 01:01:35,200

what appreciate you having me okay we'll

1326

01:01:40,390 --> 01:01:36,559

talk soon my friend

1327

01:01:42,950 --> 01:01:40,400

take care okay all right bye bye bye

1328

01:01:43,670 --> 01:01:42,960

ron is one of the nicest guys i've ever

1329

01:01:46,150 --> 01:01:43,680

met

1330

01:01:48,390 --> 01:01:46,160

and true to his word everything that he

1331

01:01:48,789 --> 01:01:48,400

investigates he gets down and dirty

1332

01:01:51,589 --> 01:01:48,799

about

1333

01:01:53,750 --> 01:01:51,599

he spends the evening in some of the

1334

01:01:55,349 --> 01:01:53,760

coldest peaks in utah i know because

1335

01:01:58,789 --> 01:01:55,359

i've been there with them

1336

01:02:00,069 --> 01:01:58,799

and uh yeah hill hill four-wheel way out

1337

01:02:04,069 --> 01:02:00,079

in the middle of nowhere

1338

01:02:06,789 --> 01:02:04,079

and uh up up the craziest hills

1339

01:02:07,349 --> 01:02:06,799

elevation doesn't matter so he has

1340

01:02:10,390 --> 01:02:07,359

researched

1341

01:02:10,950 --> 01:02:10,400

some of the most wild places in the

1342

01:02:12,549 --> 01:02:10,960

state

1343

01:02:14,549 --> 01:02:12,559

and has some of the most wild

1344

01:02:18,230 --> 01:02:14,559

experiences and is just such

1345

01:02:20,390 --> 01:02:18,240

a treasure trove of information i was

1346

01:02:22,470 --> 01:02:20,400

really happy that he came on the podcast

1347

01:02:24,950 --> 01:02:22,480

he had a birthday earlier this week

1348

01:02:26,630 --> 01:02:24,960

obviously thanksgiving yesterday we've

1349

01:02:29,750 --> 01:02:26,640

all been busy with family

1350

01:02:30,230 --> 01:02:29,760

and uh but his his stuff is so important

1351

01:02:33,190 --> 01:02:30,240

and so

1352

01:02:34,470 --> 01:02:33,200

unique it's it's really interesting

1353

01:02:38,309 --> 01:02:34,480

information that i believe

1354

01:02:41,270 --> 01:02:38,319

everyone needs to hear ron johnson

1355

01:02:43,829 --> 01:02:41,280

is in price utah and you can follow him

1356

01:02:46,950 --> 01:02:43,839

on social media you can find him

1357

01:02:48,150 --> 01:02:46,960

and his photography of both wildlife and

1358

01:02:50,630 --> 01:02:48,160

landscapes

1359

01:02:53,190 --> 01:02:50,640

as well as updates on some of the

1360

01:02:55,430 --> 01:02:53,200

stranger things in the state

1361

01:02:57,670 --> 01:02:55,440

i know he's on facebook i believe he's

1362

01:02:59,349 --> 01:02:57,680

on other social media and he is involved

1363

01:03:00,470 --> 01:02:59,359

with some of the paranormal groups in

1364

01:03:02,789 --> 01:03:00,480

the area

1365

01:03:04,470 --> 01:03:02,799

keep an eye out for what ron has going

1366

01:03:05,589 --> 01:03:04,480

on it sounds like he's going down and

1367

01:03:08,470 --> 01:03:05,599

checking out the

1368

01:03:09,270 --> 01:03:08,480

lift the quote-unquote monolith that was

1369

01:03:12,630 --> 01:03:09,280

found

1370

01:03:16,309 --> 01:03:12,640

uh such a neat such a neat find and

1371

01:03:17,190 --> 01:03:16,319

although it is most surely made by human

1372

01:03:20,069 --> 01:03:17,200

hands

1373

01:03:21,910 --> 01:03:20,079

there is an interesting dynamic in that

1374

01:03:24,470 --> 01:03:21,920

it so closely

1375

01:03:25,589 --> 01:03:24,480

mimics and represents possibly the same

1376

01:03:28,630 --> 01:03:25,599

things as

1377

01:03:29,990 --> 01:03:28,640

2001 a space odyssey so i don't know i'm

1378

01:03:33,589 --> 01:03:30,000

sure it's a short list of

1379

01:03:36,230 --> 01:03:33,599

movie buffs who are able to

1380

01:03:37,109 --> 01:03:36,240

make something so amazingly appealing i

1381

01:03:40,549 --> 01:03:37,119

mean it looks

1382

01:03:43,109 --> 01:03:40,559

gorgeous i would love to see it and uh

1383

01:03:45,029 --> 01:03:43,119

yeah really neat stuff could end up

1384

01:03:47,349 --> 01:03:45,039

being a state

1385

01:03:48,230 --> 01:03:47,359

attraction who knows anyway until next

1386

01:03:49,990 --> 01:03:48,240

time

1387

01:03:51,589 --> 01:03:50,000

keep your eyes to the skies feet on the

1388

01:04:01,130 --> 01:03:51,599

ground but don't forget

1389

01:04:13,589 --> 01:04:10,950

[Music]

1390

01:04:15,750 --> 01:04:13,599

my time machine third eye feeling like a

1391

01:04:19,910 --> 01:04:15,760

knee vision blast off

1392

01:04:22,789 --> 01:04:19,920

blast off blast off glassed off
