Military
testing

ERICA LUKES

1
00:00:28,390 --> 00:00:14,910

[Music]

2
00:00:28,400 --> 00:00:37,190

machine

3
00:00:43,990 --> 00:00:40,869

last off on a vip episode of hero

4
00:00:46,229 --> 00:00:44,000

paranormal my name is ryan the original

5
00:00:47,430 --> 00:00:46,239

outlaw of the airwaves bringing you a

6
00:00:50,950 --> 00:00:47,440

episode

7
00:00:53,630 --> 00:00:50,960

from shapeshifter territory that's right

8
00:00:56,069 --> 00:00:53,640

and it's a heck of an episode go to

9
00:00:59,670 --> 00:00:56,079

heroparormal.com to check out the rest

10
00:01:02,630 --> 00:00:59,680

now here we go okay so most

11
00:01:03,750 --> 00:01:02,640

listeners of this podcast are familiar

12
00:01:06,789 --> 00:01:03,760

with

13
00:01:10,230 --> 00:01:06,799

well the supposed haunting

14

00:01:13,670 --> 00:01:10,240

and oddness of paranormal phenomena

15

00:01:16,710 --> 00:01:13,680

in the Uintah basin it is an area

16

00:01:17,749 --> 00:01:16,720

of study and alleged phenomena for many

17

00:01:20,789 --> 00:01:17,759

years

18

00:01:21,109 --> 00:01:20,799

now this has gone on from well as long

19

00:01:24,390 --> 00:01:21,119

as

20

00:01:25,030 --> 00:01:24,400

i've been alive for sure if you haven't

21

00:01:28,469 --> 00:01:25,040

read

22

00:01:30,630 --> 00:01:28,479

Colm Kellehers and

23

00:01:31,910 --> 00:01:30,640

George Knapp's book The Hunt for the

24

00:01:35,990 --> 00:01:31,920

skin walker

25

00:01:40,149 --> 00:01:36,000

many of these purported events

26

00:01:43,590 --> 00:01:40,159

of alleged phenomena are described

27

00:01:47,190 --> 00:01:43,600

in detail so

28

00:01:49,590 --> 00:01:47,200

here we go chris marks is a u.s

29

00:01:50,230 --> 00:01:49,600

army veteran and certified military

30

00:01:53,109 --> 00:01:50,240

police

31

00:01:54,550 --> 00:01:53,119

investigator who served two tours of

32

00:01:57,109 --> 00:01:54,560

duty in iraq

33

00:01:58,709 --> 00:01:57,119

and one in afghanistan returning from

34

00:02:01,510 --> 00:01:58,719

iraq in 2009

35

00:02:03,109 --> 00:02:01,520

he was hired by bigelow aerospace

36

00:02:06,469 --> 00:02:03,119

advanced space studies

37

00:02:07,190 --> 00:02:06,479

or bass as an investigator and security

38

00:02:09,749 --> 00:02:07,200

guard

39

00:02:12,229 --> 00:02:09,759

here's where things start to get hairy

40

00:02:15,990 --> 00:02:12,239

and i mean that

41

00:02:18,390 --> 00:02:16,000

himself and chris bartel both insist

42

00:02:19,350 --> 00:02:18,400

that medical testing was done on them

43

00:02:22,070 --> 00:02:19,360

now

44

00:02:22,630 --> 00:02:22,080

this was something out of the ordinary

45

00:02:26,229 --> 00:02:22,640

from my

46

00:02:28,949 --> 00:02:26,239

understanding they also insist that

47

00:02:30,470 --> 00:02:28,959

non-lethal weapons testing may have been

48

00:02:33,270 --> 00:02:30,480

also used on them

49

00:02:34,470 --> 00:02:33,280

but we'll get into that as well wild

50

00:02:37,190 --> 00:02:34,480

claims from a wild

51
00:02:39,830 --> 00:02:37,200
place a lot of wild things happening all

52
00:02:43,270 --> 00:02:39,840
over now i will like

53
00:02:45,110 --> 00:02:43,280
to justify that others have maintained

54
00:02:46,630 --> 00:02:45,120
this is not the case at all including

55
00:02:50,070 --> 00:02:46,640
eric davis

56
00:02:53,190 --> 00:02:50,080
and um who perfectly explained i believe

57
00:02:57,110 --> 00:02:53,200
his scenario in uh let me read it here i

58
00:03:01,670 --> 00:03:00,869
there we go eric davis yes i worked for

59
00:03:04,229 --> 00:03:01,680
five years

60
00:03:06,550 --> 00:03:04,239
when i was director of aerospace and

61
00:03:08,470 --> 00:03:06,560
astrophysics research at nids

62
00:03:09,910 --> 00:03:08,480
i investigated and personally

63
00:03:13,030 --> 00:03:09,920

experienced a lot of

64

00:03:14,790 --> 00:03:13,040

the phenomenon including the shooting of

65

00:03:17,110 --> 00:03:14,800

a possible crypto-terrestrial

66

00:03:19,030 --> 00:03:17,120

one very violent calf mutilation orbs

67

00:03:22,309 --> 00:03:19,040

telepathic contact ufos

68

00:03:24,390 --> 00:03:22,319

powerful muskie odors etc

69

00:03:26,309 --> 00:03:24,400

i was never mentally or physically

70

00:03:28,390 --> 00:03:26,319

injured or medically tested

71

00:03:30,309 --> 00:03:28,400

after five years or much later after

72

00:03:32,550 --> 00:03:30,319

leaving nudes

73

00:03:34,149 --> 00:03:32,560

all of my work was documented in

74

00:03:35,910 --> 00:03:34,159

kelleher and knapp's book

75

00:03:37,990 --> 00:03:35,920

followed by knapp and corbell's

76

00:03:40,949 --> 00:03:38,000

documentary film

77

00:03:42,229 --> 00:03:40,959

you and mr marks are misleading with

78

00:03:43,830 --> 00:03:42,239

your false narrative

79

00:03:46,550 --> 00:03:43,840

of being military vets who were

80

00:03:49,270 --> 00:03:46,560

medically tested without your consent

81

00:03:51,030 --> 00:03:49,280

so um and he goes in to say that he's

82

00:03:52,789 --> 00:03:51,040

read all of the reports from asap and

83

00:03:56,390 --> 00:03:52,799

none of that was involved so

84

00:03:58,789 --> 00:03:56,400

there's varying degrees of opinion here

85

00:03:59,990 --> 00:03:58,799

but in all fairness i like to be fair

86

00:04:02,789 --> 00:04:00,000

and listen to

87

00:04:04,869 --> 00:04:02,799

all aspects now i'm going to discuss

88

00:04:08,309 --> 00:04:04,879

many things with erica luke's

89

00:04:10,229 --> 00:04:08,319

and this podcast is going to

90

00:04:12,390 --> 00:04:10,239

hopefully you know we don't have to

91

00:04:15,670 --> 00:04:12,400

agree we can agree to disagree

92

00:04:16,069 --> 00:04:15,680

but have a conversation about it and uh

93

00:04:21,189 --> 00:04:16,079

see

94

00:04:24,629 --> 00:04:21,199

forthcoming with each other i believe

95

00:04:26,710 --> 00:04:24,639

that research has a

96

00:04:28,469 --> 00:04:26,720

better chance of going further than it

97

00:04:31,110 --> 00:04:28,479

does uh with

98

00:04:33,350 --> 00:04:31,120

without that in all clarification i

99

00:04:33,909 --> 00:04:33,360

should mention that erica luke's is now

100

00:04:36,550 --> 00:04:33,919

married

101
00:04:38,950 --> 00:04:36,560
to chris marks so uh just there's not

102
00:04:42,550 --> 00:04:38,960
any miscommunication about that

103
00:04:45,030 --> 00:04:42,560
and um they do go up to the basin

104
00:04:46,629 --> 00:04:45,040
uh on occasion quite often just you know

105
00:04:48,469 --> 00:04:46,639
camping doing whatever so we're going to

106
00:04:50,870 --> 00:04:48,479
discuss a lot of different things

107
00:04:52,550 --> 00:04:50,880
hopefully not get stuck on any one thing

108
00:04:55,830 --> 00:04:52,560
in particular

109
00:04:57,670 --> 00:04:55,840
it is also very very important to

110
00:04:59,590 --> 00:04:57,680
clarify and maintain that

111
00:05:01,590 --> 00:04:59,600
all of the things that chris marx and

112
00:05:04,230 --> 00:05:01,600
erica are

113
00:05:05,110 --> 00:05:04,240

allegedly reporting could have possibly

114

00:05:09,430 --> 00:05:05,120

happened

115

00:05:10,150 --> 00:05:09,440

are prior to many properties changing

116

00:05:13,270 --> 00:05:10,160

hands

117

00:05:15,350 --> 00:05:13,280

to different things happening other

118

00:05:16,150 --> 00:05:15,360

things have transpired it's been a long

119

00:05:18,790 --> 00:05:16,160

time

120

00:05:20,950 --> 00:05:18,800

and a lot has taken place so things are

121

00:05:23,110 --> 00:05:20,960

not the same as they used to be

122

00:05:24,550 --> 00:05:23,120

some things are but most things are not

123

00:05:25,830 --> 00:05:24,560

the same as they used to be so keep that

124

00:05:28,710 --> 00:05:25,840

in mind as well

125

00:05:29,749 --> 00:05:28,720

yeah it's anybody's best guess how this

126

00:05:32,390 --> 00:05:29,759

is going to go

127

00:05:33,270 --> 00:05:32,400

it's the episode the guest episode so

128

00:05:36,150 --> 00:05:33,280

anybody's best

129

00:05:37,430 --> 00:05:36,160

guess episode it should be um it should

130

00:05:39,189 --> 00:05:37,440

be a good time though

131

00:05:41,189 --> 00:05:39,199

as long as everything is cordial which

132

00:05:43,990 --> 00:05:41,199

it it will be

133

00:05:45,189 --> 00:05:44,000

you know the uinta basin is a pandora's

134

00:05:48,550 --> 00:05:45,199

box in general

135

00:05:52,950 --> 00:05:48,560

so it's kind of nice to hear yes i

136

00:05:56,230 --> 00:05:52,960

i consider chris marks and erica luke's

137

00:05:59,189 --> 00:05:56,240

and chris bartel a very real angle

138

00:06:00,550 --> 00:05:59,199

to the metaphysical prism known as

139

00:06:04,790 --> 00:06:00,560

shapeshifter territory

140

00:06:08,950 --> 00:06:06,950

it is important to hear what they have

141

00:06:12,309 --> 00:06:08,960

to say

142

00:06:16,950 --> 00:06:12,319

missing something important could be

143

00:06:24,230 --> 00:06:20,309

aliens military testing mk ultra

144

00:06:28,150 --> 00:06:24,240

paranormal activity cryptozoology

145

00:06:32,629 --> 00:06:28,160

and native american legends all

146

00:06:35,749 --> 00:06:32,639

explode together and more

147

00:06:36,790 --> 00:06:35,759

welcome to hero paranormal yeah so

148

00:06:39,909 --> 00:06:36,800

what's up in your life

149

00:06:43,029 --> 00:06:39,919

what are you doing these days

150

00:06:43,830 --> 00:06:43,039

uh kiddos kiddos kiddos and more kiddos

151

00:06:46,870 --> 00:06:43,840

but yeah it's

152

00:06:48,629 --> 00:06:46,880

it's good life is good

153

00:06:50,550 --> 00:06:48,639

are you and you're you're you spend most

154

00:06:52,230 --> 00:06:50,560

of your time in las vegas

155

00:06:54,150 --> 00:06:52,240

and then how often do you get up near

156

00:06:57,830 --> 00:06:54,160

the ranch

157

00:07:01,029 --> 00:06:57,840

i come up every month um

158

00:07:03,830 --> 00:07:01,039

monthly and try to just you know

159

00:07:05,510 --> 00:07:03,840

take some time to spend there and mix it

160

00:07:09,110 --> 00:07:05,520

in with work

161

00:07:12,790 --> 00:07:09,120

and uh it's it's kind of uh

162

00:07:13,909 --> 00:07:12,800

it's kind of what i do yeah and so what

163

00:07:16,629 --> 00:07:13,919

tell us about

164

00:07:17,749 --> 00:07:16,639

you know when what was your time frame

165

00:07:19,749 --> 00:07:17,759

when did you first

166

00:07:21,430 --> 00:07:19,759

learn about the ranch and i know you

167

00:07:23,430 --> 00:07:21,440

were living in the area when all of that

168

00:07:25,589 --> 00:07:23,440

happened but just give us the

169

00:07:27,430 --> 00:07:25,599

rundown on how all of it unfolded for

170

00:07:29,749 --> 00:07:27,440

you

171

00:07:31,830 --> 00:07:29,759

okay and to clarify the ranch or the

172

00:07:33,909 --> 00:07:31,840

area the things we're talking about when

173

00:07:35,990 --> 00:07:33,919

i think the ranch like i just think of

174

00:07:37,909 --> 00:07:36,000

a little property that i purchased known

175

00:07:39,589 --> 00:07:37,919

as spacewolf research where

176

00:07:41,670 --> 00:07:39,599

i just kind of go it's a spiritual

177

00:07:42,950 --> 00:07:41,680

retreat for me basically to just kind of

178

00:07:46,710 --> 00:07:42,960

go and unwind

179

00:07:49,430 --> 00:07:46,720

when i do real estate work up in utah

180

00:07:51,350 --> 00:07:49,440

so about once about about a week out of

181

00:07:52,629 --> 00:07:51,360

the month i'll head up to utah and i'll

182

00:07:54,790 --> 00:07:52,639

do real estate work

183

00:07:56,150 --> 00:07:54,800

and i either have to stay in the town

184

00:07:58,230 --> 00:07:56,160

where i do the work

185

00:08:00,309 --> 00:07:58,240

or i can stay in a town over which is

186

00:08:01,510 --> 00:08:00,319

really close by and a lot more fun and i

187

00:08:03,430 --> 00:08:01,520

kind of enjoy

188

00:08:04,629 --> 00:08:03,440

being there which is why i purchased the

189

00:08:06,629 --> 00:08:04,639

property but

190

00:08:09,670 --> 00:08:06,639

the area in general the uintah basin in

191

00:08:13,189 --> 00:08:09,680

general i originally

192

00:08:15,510 --> 00:08:13,199

went up uh to the uinta basin i

193

00:08:17,589 --> 00:08:15,520

um i was i was a fly fishing guide gosh

194

00:08:19,350 --> 00:08:17,599

this story's so long it just keeps going

195

00:08:21,350 --> 00:08:19,360

but i was a fly fishing guide to

196

00:08:23,830 --> 00:08:21,360

condense into like a super

197

00:08:26,790 --> 00:08:23,840

you know super condensed version i was a

198

00:08:30,629 --> 00:08:26,800

fly fishing guide in the area had some

199

00:08:32,070 --> 00:08:30,639

strange experiences uh got injured

200

00:08:33,990 --> 00:08:32,080

because of some lights in the sky i

201
00:08:36,630 --> 00:08:34,000
dropped a big rock on my toe

202
00:08:38,870 --> 00:08:36,640
and i was dumb and i was out of work so

203
00:08:42,550 --> 00:08:38,880
i drove around looking for fishing spots

204
00:08:44,149 --> 00:08:42,560
and one day came across this

205
00:08:45,829 --> 00:08:44,159
epicenter quote unquote in the uintah

206
00:08:47,750 --> 00:08:45,839
basin you know just the univision in

207
00:08:48,389 --> 00:08:47,760
general is amazing i spent a lot of time

208
00:08:50,630 --> 00:08:48,399
looking for

209
00:08:51,509 --> 00:08:50,640
fishing spots and and just you know

210
00:08:54,070 --> 00:08:51,519
doing that

211
00:08:55,670 --> 00:08:54,080
if you spend any quantity of time alone

212
00:08:58,870 --> 00:08:55,680
in the uintah basin

213
00:09:01,670 --> 00:08:58,880

you start to get a greater respect for

214

00:09:03,590 --> 00:09:01,680

it and that's what first intrigued me

215

00:09:07,030 --> 00:09:03,600

then i had another experience

216

00:09:09,190 --> 00:09:07,040

there in the what is now known as you

217

00:09:12,949 --> 00:09:09,200

know the hot spots

218

00:09:14,790 --> 00:09:12,959

and that has kind of led me down a path

219

00:09:15,430 --> 00:09:14,800

where i left corporate america went up

220

00:09:16,790 --> 00:09:15,440

full-time

221

00:09:18,870 --> 00:09:16,800

lived there and was researching

222

00:09:19,670 --> 00:09:18,880

full-time for quite a while about 10

223

00:09:22,949 --> 00:09:19,680

years

224

00:09:27,110 --> 00:09:22,959

and then uh life goes on and and

225

00:09:30,630 --> 00:09:29,030

you know i it's interesting i mean both

226

00:09:32,790 --> 00:09:30,640

of us have had

227

00:09:33,910 --> 00:09:32,800

such a trippy journey with regard to

228

00:09:36,150 --> 00:09:33,920

that and

229

00:09:38,230 --> 00:09:36,160

we're so passionate about it and for you

230

00:09:38,790 --> 00:09:38,240

you spent so much time up there and it

231

00:09:40,550 --> 00:09:38,800

is

232

00:09:42,630 --> 00:09:40,560

there's something about that whole area

233

00:09:44,710 --> 00:09:42,640

it really is magnificent

234

00:09:45,990 --> 00:09:44,720

the last time i went up there i was a

235

00:09:48,389 --> 00:09:46,000

little bit

236

00:09:49,190 --> 00:09:48,399

shocked at how much uh how much drilling

237

00:09:51,590 --> 00:09:49,200

they're doing

238

00:09:52,630 --> 00:09:51,600

now how much things have very quickly

239

00:09:55,190 --> 00:09:52,640
changed

240

00:09:55,829 --> 00:09:55,200
uh and i from what i understand there is

241

00:10:02,710 --> 00:09:55,839
a

242

00:10:04,630 --> 00:10:02,720
going to be doing some things right next

243

00:10:06,470 --> 00:10:04,640
to the ranch and in the surrounding

244

00:10:09,590 --> 00:10:06,480
areas with regard to

245

00:10:11,190 --> 00:10:09,600
uh transporting some uh it's

246

00:10:13,990 --> 00:10:11,200
stuff do you know what do you know about

247

00:10:16,230 --> 00:10:14,000
about the uintah railway basin

248

00:10:17,269 --> 00:10:16,240
it's a big basement railway you went to

249

00:10:20,949 --> 00:10:17,279
base railway

250

00:10:23,910 --> 00:10:20,959
yeah yeah it is it is a big project

251

00:10:25,910 --> 00:10:23,920

it is a big project it has some heavy

252

00:10:26,470 --> 00:10:25,920

hitters involved and they have taken the

253

00:10:29,509 --> 00:10:26,480

gamble

254

00:10:31,990 --> 00:10:29,519

covered no covid nobody cares it's uh

255

00:10:33,509 --> 00:10:32,000

this is energy raw energy and they're

256

00:10:35,829 --> 00:10:33,519

going to be moving it

257

00:10:36,949 --> 00:10:35,839

in a new way that will hopefully

258

00:10:40,150 --> 00:10:36,959

hopefully free

259

00:10:42,630 --> 00:10:40,160

up some space on the utah roadways

260

00:10:43,269 --> 00:10:42,640

and you know we'll see less of those big

261

00:10:47,110 --> 00:10:43,279

rigs

262

00:10:49,430 --> 00:10:47,120

going back and forth um the the concern

263

00:10:50,150 --> 00:10:49,440

i had was that this would take away from

264

00:10:52,069 --> 00:10:50,160

jobs

265

00:10:53,750 --> 00:10:52,079

from you know many of the truck drivers

266

00:10:56,949 --> 00:10:53,760

but i guess they have

267

00:10:58,310 --> 00:10:56,959

the infrastructure and uh the ability

268

00:11:00,870 --> 00:10:58,320

they're going to be hiring

269

00:11:02,790 --> 00:11:00,880

a lot more than they're firing so that's

270

00:11:06,389 --> 00:11:02,800

the proposal and it's going to be going

271

00:11:09,269 --> 00:11:06,399

right down this general corridor of

272

00:11:11,990 --> 00:11:09,279

south of i-40 uh right through the

273

00:11:14,630 --> 00:11:12,000

dinosaur diamond

274

00:11:15,430 --> 00:11:14,640

well it's very extensive and i know that

275

00:11:17,509 --> 00:11:15,440

uh

276

00:11:18,790 --> 00:11:17,519

tom winterton who's involved with the

277

00:11:21,829 --> 00:11:18,800

new ranch uh

278

00:11:23,670 --> 00:11:21,839

project his father is a senator and

279

00:11:25,829 --> 00:11:23,680

was responsible for some of the tax

280

00:11:27,590 --> 00:11:25,839

breaks that the project received

281

00:11:28,870 --> 00:11:27,600

so it is interesting to see how all of

282

00:11:31,910 --> 00:11:28,880

the you know that

283

00:11:33,750 --> 00:11:31,920

it's such a small small place and you

284

00:11:36,310 --> 00:11:33,760

know everything seems to connect one way

285

00:11:38,630 --> 00:11:36,320

or another

286

00:11:39,829 --> 00:11:38,640

so it's fascinating to me but uh

287

00:11:43,269 --> 00:11:39,839

hopefully

288

00:11:45,269 --> 00:11:43,279

there's always concern of what

289

00:11:46,790 --> 00:11:45,279

what that will do to the environment and

290

00:11:47,829 --> 00:11:46,800

as a result what that will do to the

291

00:11:49,509 --> 00:11:47,839

people

292

00:11:50,949 --> 00:11:49,519

living in the area i think that there's

293

00:11:52,710 --> 00:11:50,959

already some

294

00:11:54,310 --> 00:11:52,720

you know that there was a rolling stone

295

00:11:55,829 --> 00:11:54,320

article a few

296

00:11:57,670 --> 00:11:55,839

a couple years ago about all the

297

00:11:58,710 --> 00:11:57,680

stillbirths and vernal which they never

298

00:12:02,069 --> 00:11:58,720

seem to

299

00:12:03,750 --> 00:12:02,079

to quite get a handle on but

300

00:12:06,230 --> 00:12:03,760

what do you think about about things

301
00:12:10,710 --> 00:12:06,240
like that

302
00:12:13,670 --> 00:12:10,720
you know i i think the entire enigma of

303
00:12:14,949 --> 00:12:13,680
fossil fuel is just so fascinating in

304
00:12:18,790 --> 00:12:14,959
and of itself

305
00:12:21,670 --> 00:12:18,800
and it is you know the the backbone

306
00:12:23,350 --> 00:12:21,680
to the entire industrial revolution and

307
00:12:25,350 --> 00:12:23,360
the whole reason why

308
00:12:26,629 --> 00:12:25,360
why you and i are probably talking over

309
00:12:29,110 --> 00:12:26,639
the internet but

310
00:12:30,550 --> 00:12:29,120
the interesting thing is that nobody

311
00:12:33,190 --> 00:12:30,560
really knows what it is

312
00:12:33,590 --> 00:12:33,200
um yes it's most likely fossil fuel but

313
00:12:37,350 --> 00:12:33,600

there's

314

00:12:38,949 --> 00:12:37,360

passed but not to go down that that

315

00:12:40,550 --> 00:12:38,959

definite alley because that kind of

316

00:12:41,750 --> 00:12:40,560

leads into gilsonite which i want to go

317

00:12:44,790 --> 00:12:41,760

into later

318

00:12:48,470 --> 00:12:44,800

but the the interesting thing

319

00:12:49,269 --> 00:12:48,480

about the energy sector and the military

320

00:12:54,150 --> 00:12:49,279

sector

321

00:12:57,670 --> 00:12:54,160

all share many of the same channels

322

00:12:59,750 --> 00:12:57,680

and many of these channels are uh

323

00:13:02,870 --> 00:12:59,760

at a quandary at some of the stuff

324

00:13:06,150 --> 00:13:02,880

taking place in the basin

325

00:13:07,430 --> 00:13:06,160

that is interesting and and that really

326

00:13:08,870 --> 00:13:07,440

is interesting and thank you for

327

00:13:11,110 --> 00:13:08,880

bringing that up because it does

328

00:13:11,910 --> 00:13:11,120

all that again that's something all of

329

00:13:14,550 --> 00:13:11,920

those

330

00:13:15,350 --> 00:13:14,560

things intersect and it makes for a much

331

00:13:18,230 --> 00:13:15,360

more

332

00:13:20,790 --> 00:13:18,240

intriguing and involved story uh behind

333

00:13:24,069 --> 00:13:20,800

the scenes than most people realize

334

00:13:24,870 --> 00:13:24,079

and i think for you and i having having

335

00:13:27,509 --> 00:13:24,880

kind of dug

336

00:13:28,629 --> 00:13:27,519

a little bit further or deeper than most

337

00:13:30,949 --> 00:13:28,639

people

338

00:13:32,790 --> 00:13:30,959

have the you know opportunity to do that

339

00:13:33,430 --> 00:13:32,800

it we've kind of discovered some of

340

00:13:37,590 --> 00:13:33,440

these

341

00:13:40,470 --> 00:13:37,600

much more to the story than just

342

00:13:41,750 --> 00:13:40,480

lights in the sky or you know strange

343

00:13:46,389 --> 00:13:41,760

creatures or

344

00:13:50,790 --> 00:13:48,949

yes it is and the military is involved

345

00:13:52,790 --> 00:13:50,800

in a lot of the complexities

346

00:13:54,310 --> 00:13:52,800

with good reason they are things that

347

00:13:57,990 --> 00:13:54,320

can be militarized

348

00:14:00,870 --> 00:13:58,000

and there is the obvious camellio

349

00:14:02,069 --> 00:14:00,880

robert guffy agenda that has been

350

00:14:04,629 --> 00:14:02,079

unveiled which is

351
00:14:07,110 --> 00:14:04,639
hard to deny anymore but that um amazing

352
00:14:10,629 --> 00:14:07,120
technology i'm glad that we have it and

353
00:14:13,990 --> 00:14:10,639
the other people don't but um

354
00:14:17,189 --> 00:14:14,000
it's it's scary too at the same time

355
00:14:20,069 --> 00:14:17,199
it is it's just very interesting so i

356
00:14:21,350 --> 00:14:20,079
when you first had your experiences and

357
00:14:23,350 --> 00:14:21,360
and you decided that you were just going

358
00:14:25,189 --> 00:14:23,360
to bite the bullet and then

359
00:14:27,350 --> 00:14:25,199
you know move move there and see what

360
00:14:29,509 --> 00:14:27,360
you could do and research was this

361
00:14:32,949 --> 00:14:29,519
before or after the book had been

362
00:14:35,509 --> 00:14:32,959
written hunt for the skinwalker

363
00:14:37,110 --> 00:14:35,519

this was well it depends on okay when i

364

00:14:40,069 --> 00:14:37,120

left corporate america it was

365

00:14:41,590 --> 00:14:40,079

after the book had been written and

366

00:14:45,189 --> 00:14:41,600

what's interesting

367

00:14:49,030 --> 00:14:45,199

is um i had not read the book

368

00:14:52,310 --> 00:14:49,040

um but i was interested

369

00:14:53,910 --> 00:14:52,320

in jamming up there and

370

00:14:55,990 --> 00:14:53,920

actually no i take that back i had read

371

00:14:59,509 --> 00:14:56,000

the book i had read the book

372

00:15:01,670 --> 00:14:59,519

but i hadn't i hadn't correlated that

373

00:15:02,550 --> 00:15:01,680

some events that had taken place in my

374

00:15:06,030 --> 00:15:02,560

life

375

00:15:09,110 --> 00:15:06,040

were in fact 100 percent

376

00:15:09,670 --> 00:15:09,120

definitively in the same location i i

377

00:15:11,269 --> 00:15:09,680

had not

378

00:15:12,710 --> 00:15:11,279

wrapped my head around that yet and it

379

00:15:14,230 --> 00:15:12,720

took me a while to

380

00:15:16,710 --> 00:15:14,240

when it when i wrap my head around that

381

00:15:17,269 --> 00:15:16,720

i was with ryan skinner and it just it

382

00:15:19,350 --> 00:15:17,279

just

383

00:15:20,629 --> 00:15:19,360

i was like oh my gosh am i looking at

384

00:15:22,870 --> 00:15:20,639

what i think i'm looking at

385

00:15:24,389 --> 00:15:22,880

and yeah it was the same thing but just

386

00:15:26,150 --> 00:15:24,399

a different angle but yeah there's a lot

387

00:15:29,749 --> 00:15:26,160

of strange angles to this and

388

00:15:33,670 --> 00:15:29,759

it all kind of comes back um to

389

00:15:37,030 --> 00:15:36,230

and so will you describe that incident

390

00:15:41,509 --> 00:15:37,040

that you had with

391

00:15:45,670 --> 00:15:41,519

with brian skinner

392

00:15:49,110 --> 00:15:45,680

we were at the time we were

393

00:15:51,350 --> 00:15:49,120

we were at a location that was

394

00:15:52,389 --> 00:15:51,360

famed in my mind i'd read the book like

395

00:15:54,069 --> 00:15:52,399

you mentioned

396

00:15:56,470 --> 00:15:54,079

and we were looking for something i

397

00:16:00,710 --> 00:15:56,480

didn't know exactly existed

398

00:16:05,590 --> 00:16:00,720

and when i came across something

399

00:16:07,269 --> 00:16:05,600

i realized that i was looking down upon

400

00:16:09,590 --> 00:16:07,279

something that i was looking up upon

401
00:16:13,269 --> 00:16:09,600
before so it was like oh my gosh

402
00:16:16,069 --> 00:16:13,279
like i saw the same landmarks the same

403
00:16:17,509 --> 00:16:16,079
uh general and it's hard in that area

404
00:16:18,150 --> 00:16:17,519
because a lot of the stuff looks the

405
00:16:29,030 --> 00:16:18,160
same

406
00:16:32,629 --> 00:16:30,949
and i know that there was i mean this

407
00:16:35,030 --> 00:16:32,639
that kind of episode

408
00:16:37,030 --> 00:16:35,040
was very disconcerting for you from what

409
00:16:40,870 --> 00:16:37,040
i'm remembering

410
00:16:45,269 --> 00:16:40,880
yeah yeah literally i was like

411
00:16:48,710 --> 00:16:45,279
would have been probably almost exactly

412
00:16:51,350 --> 00:16:48,720
uh above an incident that took place

413
00:16:52,790 --> 00:16:51,360

but i was looking down on a roadway

414

00:16:55,509 --> 00:16:52,800

where i had driven in

415

00:16:56,710 --> 00:16:55,519

and back then it was not what it is

416

00:16:59,269 --> 00:16:56,720

today and

417

00:17:00,629 --> 00:16:59,279

things have changed as many things have

418

00:17:03,110 --> 00:17:00,639

over and over again

419

00:17:04,630 --> 00:17:03,120

but it just that realization that oh my

420

00:17:05,909 --> 00:17:04,640

gosh you're in the same spot this is the

421

00:17:08,150 --> 00:17:05,919

same place

422

00:17:11,189 --> 00:17:08,160

and what you thought didn't happen

423

00:17:16,150 --> 00:17:14,309

wow and and so did you after that

424

00:17:21,110 --> 00:17:16,160

incident did you feel any

425

00:17:27,510 --> 00:17:24,309

yeah i had this injury to a toe

426

00:17:30,470 --> 00:17:27,520

and this toe turned out to be quite the

427

00:17:31,110 --> 00:17:30,480

troublesome appendage throughout my life

428

00:17:33,510 --> 00:17:31,120

just maybe

429

00:17:34,789 --> 00:17:33,520

i don't know why but um you know maybe

430

00:17:36,549 --> 00:17:34,799

it's sympathetic

431

00:17:37,990 --> 00:17:36,559

involvement or emotional energy i don't

432

00:17:38,950 --> 00:17:38,000

know maybe it's just a portion of your

433

00:17:41,909 --> 00:17:38,960

body that's just

434

00:17:44,150 --> 00:17:41,919

you know overtaken by just whatever i've

435

00:17:47,350 --> 00:17:44,160

heard so many different

436

00:17:50,789 --> 00:17:47,360

theories and concoctions and excuses but

437

00:17:54,310 --> 00:17:50,799

the truth is i don't know all i know is

438

00:17:58,549 --> 00:17:54,320

uh when i was a young kid i had this toe

439

00:18:01,830 --> 00:17:58,559

pulled in costa rica of all places

440

00:18:04,070 --> 00:18:01,840

in a room that later my

441

00:18:05,350 --> 00:18:04,080

a family member not to go into too much

442

00:18:08,710 --> 00:18:05,360

detail had a

443

00:18:11,909 --> 00:18:08,720

poltergeist like uh experience

444

00:18:15,270 --> 00:18:11,919

ongoing for quite some time until they

445

00:18:17,510 --> 00:18:15,280

subdued to a coma and they didn't come

446

00:18:18,630 --> 00:18:17,520

out of that coma until a quote-unquote

447

00:18:21,350 --> 00:18:18,640

witch

448

00:18:22,310 --> 00:18:21,360

who was involved perished and then came

449

00:18:25,350 --> 00:18:22,320

out of the coma

450

00:18:28,470 --> 00:18:25,360

but the interesting thing is

451

00:18:30,630 --> 00:18:28,480

the toe didn't really

452

00:18:31,510 --> 00:18:30,640

change it kind of like followed through

453

00:18:33,590 --> 00:18:31,520

into these

454

00:18:35,350 --> 00:18:33,600

first it started as kind of a paranormal

455

00:18:37,350 --> 00:18:35,360

poltergeist kind of ooh scary i'm a

456

00:18:38,789 --> 00:18:37,360

little kid this is horrifying thing

457

00:18:40,390 --> 00:18:38,799

but i'm pretty sure that happened in

458

00:18:43,350 --> 00:18:40,400

real and there's marks on my toe

459

00:18:44,470 --> 00:18:43,360

and you know very traumatic and then

460

00:18:47,350 --> 00:18:44,480

later on

461

00:18:49,029 --> 00:18:47,360

it's kind of uh oh you you dummy you saw

462

00:18:49,830 --> 00:18:49,039

a light in the sky and dropped a rock on

463

00:18:52,390 --> 00:18:49,840

your toe

464

00:18:54,549 --> 00:18:52,400

well that turned into a whole ordeal

465

00:18:55,590 --> 00:18:54,559

that led into the event you're talking

466

00:18:57,909 --> 00:18:55,600

about

467

00:18:58,950 --> 00:18:57,919

and and it's just funny how these dots

468

00:19:01,590 --> 00:18:58,960

connect

469

00:19:02,310 --> 00:19:01,600

and yet you see the same players um or

470

00:19:07,510 --> 00:19:02,320

the same

471

00:19:08,549 --> 00:19:07,520

even body parts you know when it comes

472

00:19:11,029 --> 00:19:08,559

to

473

00:19:11,750 --> 00:19:11,039

things that are purportedly alien

474

00:19:17,430 --> 00:19:11,760

implants

475

00:19:22,710 --> 00:19:20,630

that is interesting and so i mean you

476
00:19:24,549 --> 00:19:22,720
you obviously i mean you have a you had

477
00:19:27,430 --> 00:19:24,559
a place there

478
00:19:28,310 --> 00:19:27,440
and how far away was your place from

479
00:19:31,990 --> 00:19:28,320
from

480
00:19:36,070 --> 00:19:35,190
well i i don't want to say uh exactly

481
00:19:38,630 --> 00:19:36,080
the ranch

482
00:19:39,830 --> 00:19:38,640
just because if a lot of these incidents

483
00:19:42,230 --> 00:19:39,840
didn't take place

484
00:19:45,750 --> 00:19:42,240
and that's the thing with the area in

485
00:19:49,029 --> 00:19:45,760
general this is not by any means

486
00:19:50,870 --> 00:19:49,039
held into one property or boundary a lot

487
00:19:52,070 --> 00:19:50,880
of times people will see a location like

488
00:19:53,510 --> 00:19:52,080

oh it happened right there

489

00:19:55,270 --> 00:19:53,520

and we have to be right there and it's

490

00:19:56,070 --> 00:19:55,280

like no you can throw a baseball there

491

00:19:59,510 --> 00:19:56,080

you're there

492

00:20:02,310 --> 00:19:59,520

you're you're beyond there and if

493

00:20:05,029 --> 00:20:02,320

if if you're there you're there and you

494

00:20:05,990 --> 00:20:05,039

usually know it you don't have to anyway

495

00:20:08,070 --> 00:20:06,000

so not to get into

496

00:20:10,710 --> 00:20:08,080

the whole like property boundaries or

497

00:20:13,830 --> 00:20:10,720

area but yeah in general fort duchesne

498

00:20:15,830 --> 00:20:13,840

might and randlette uray

499

00:20:17,669 --> 00:20:15,840

uh the list goes on and on from there

500

00:20:20,549 --> 00:20:17,679

that's that i would say roosevelt

501
00:20:22,149 --> 00:20:20,559
ballard is we're looking at an epicenter

502
00:20:25,510 --> 00:20:22,159
even vernal

503
00:20:28,549 --> 00:20:25,520
duchene is where my house was and so

504
00:20:32,630 --> 00:20:28,559
um that's about equidistant from

505
00:20:34,549 --> 00:20:32,640
vernal uh to uh well now let's see

506
00:20:35,750 --> 00:20:34,559
let's see do shane it depends on what

507
00:20:36,630 --> 00:20:35,760
roads you take you can get there in a

508
00:20:42,549 --> 00:20:36,640
half hour

509
00:20:44,710 --> 00:20:42,559
away and i was going all the time to

510
00:20:45,029 --> 00:20:44,720
some of these random spots where you'd

511
00:20:46,710 --> 00:20:45,039
see

512
00:20:48,149 --> 00:20:46,720
random lights and when you look back

513
00:20:51,190 --> 00:20:48,159

you're thinking that's probably

514

00:20:53,750 --> 00:20:51,200

not randomly that smart

515

00:20:54,710 --> 00:20:53,760

right it is interesting just to see

516

00:20:57,350 --> 00:20:54,720

either

517

00:20:59,510 --> 00:20:57,360

uh read the reports or hear the reports

518

00:21:02,870 --> 00:20:59,520

from different people over the years

519

00:21:04,870 --> 00:21:02,880

in in that area and i always kind of

520

00:21:07,190 --> 00:21:04,880

thought it it you know it was a little

521

00:21:08,630 --> 00:21:07,200

funny that supposedly the big the

522

00:21:11,590 --> 00:21:08,640

epicenter where

523

00:21:13,270 --> 00:21:11,600

all the you know the whatever portals

524

00:21:15,510 --> 00:21:13,280

and evil entities or

525

00:21:17,430 --> 00:21:15,520

you know that kind of scenario is taking

526
00:21:18,390 --> 00:21:17,440
place is just in one little isolated

527
00:21:20,390 --> 00:21:18,400
area

528
00:21:21,510 --> 00:21:20,400
you know which obviously we have reports

529
00:21:24,310 --> 00:21:21,520
from all over the whole

530
00:21:24,710 --> 00:21:24,320
the whole area so it's it is funny the

531
00:21:29,029 --> 00:21:24,720
way

532
00:21:33,669 --> 00:21:29,039
things kind of um evolved with the story

533
00:21:36,230 --> 00:21:33,679
over the years oh yeah

534
00:21:37,590 --> 00:21:36,240
and so when you when you started to

535
00:21:39,909 --> 00:21:37,600
investigate

536
00:21:41,029 --> 00:21:39,919
this and you were really you know i mean

537
00:21:42,950 --> 00:21:41,039
kind of getting

538
00:21:44,549 --> 00:21:42,960

used to it knowing the people in the

539

00:21:45,510 --> 00:21:44,559

area making friends with people in the

540

00:21:47,510 --> 00:21:45,520

area

541

00:21:48,549 --> 00:21:47,520

what were some of the first things that

542

00:21:53,110 --> 00:21:48,559

you discovered

543

00:21:56,390 --> 00:21:53,120

about people's thoughts or experiences

544

00:21:59,430 --> 00:21:56,400

with regard to ufos and

545

00:22:00,070 --> 00:21:59,440

bigfoot and shape shifters and and all

546

00:22:03,909 --> 00:22:00,080

of that

547

00:22:08,870 --> 00:22:07,190

great question because yeah it's so

548

00:22:10,470 --> 00:22:08,880

such a good question because it takes a

549

00:22:12,789 --> 00:22:10,480

long time to gain

550

00:22:14,310 --> 00:22:12,799

that level of confidence with somebody

551
00:22:15,750 --> 00:22:14,320
where they'll tell you about something

552
00:22:19,110 --> 00:22:15,760
like this

553
00:22:21,350 --> 00:22:19,120
and yeah you'll get that look and it's

554
00:22:23,590 --> 00:22:21,360
that look like can you handle it and

555
00:22:25,350 --> 00:22:23,600
you know everybody gives you that look

556
00:22:26,390 --> 00:22:25,360
and then they look away and smile like

557
00:22:28,149 --> 00:22:26,400
yeah you know what

558
00:22:29,590 --> 00:22:28,159
what kind of question are you asking me

559
00:22:32,470 --> 00:22:29,600
well that's the look and

560
00:22:33,830 --> 00:22:32,480
if they follow up with something like

561
00:22:34,710 --> 00:22:33,840
that what kind of question are you

562
00:22:36,789 --> 00:22:34,720
asking me you

563
00:22:38,710 --> 00:22:36,799

you have to kind of you know lead down

564

00:22:40,230 --> 00:22:38,720

well something maybe that didn't look

565

00:22:44,230 --> 00:22:40,240

right to you or

566

00:22:46,230 --> 00:22:44,240

something that had a spiritual effect

567

00:22:48,310 --> 00:22:46,240

and kind of changed you a little bit

568

00:22:50,950 --> 00:22:48,320

could be and that that's where

569

00:22:51,830 --> 00:22:50,960

the best stories come in is when it

570

00:22:55,590 --> 00:22:51,840

affects

571

00:22:58,149 --> 00:22:55,600

the observer

572

00:22:59,110 --> 00:22:58,159

absolutely it's true i mean so who are

573

00:23:01,510 --> 00:22:59,120

some of the

574

00:23:02,630 --> 00:23:01,520

um i mean how did you who are some of

575

00:23:06,789 --> 00:23:02,640

the first people that you

576

00:23:08,549 --> 00:23:06,799

you got to know in the area

577

00:23:10,789 --> 00:23:08,559

well i'll tell you a classic tale that

578

00:23:14,070 --> 00:23:10,799

comes to mind and that was

579

00:23:17,190 --> 00:23:14,080

at rockies actually waiting around

580

00:23:19,270 --> 00:23:17,200

to talk to junior hicks and

581

00:23:21,270 --> 00:23:19,280

it was i was sitting around and i just

582

00:23:23,590 --> 00:23:21,280

ordered a raspberry shake and got him

583

00:23:26,870 --> 00:23:23,600

one because that's what he liked and

584

00:23:29,909 --> 00:23:26,880

i'm sitting there and the person

585

00:23:32,070 --> 00:23:29,919

in the next booth over could

586

00:23:34,950 --> 00:23:32,080

hear me talking on the phone asking

587

00:23:38,310 --> 00:23:34,960

someone else what questions to ask him

588

00:23:39,990 --> 00:23:38,320

and at the time

589

00:23:41,430 --> 00:23:40,000

i didn't think anything of it when i put

590

00:23:41,990 --> 00:23:41,440

the phone down they looked at me and

591

00:23:43,590 --> 00:23:42,000

they said

592

00:23:46,549 --> 00:23:43,600

hey we need to talk to you about some

593

00:23:50,230 --> 00:23:46,559

dogs that by our up by our trailer

594

00:23:52,950 --> 00:23:50,240

and uh they don't look like they're

595

00:23:54,310 --> 00:23:52,960

real they look more like hyenas they're

596

00:23:56,950 --> 00:23:54,320

robotic

597

00:23:57,909 --> 00:23:56,960

and they'll kill anything in their path

598

00:23:59,830 --> 00:23:57,919

and i

599

00:24:01,190 --> 00:23:59,840

then they mentioned that some of them

600

00:24:03,750 --> 00:24:01,200

had tubes

601
00:24:05,590 --> 00:24:03,760
hanging out of their sides and and and

602
00:24:07,190 --> 00:24:05,600
things that looked laboratory in nature

603
00:24:08,230 --> 00:24:07,200
and i'm sitting there going hey this is

604
00:24:10,710 --> 00:24:08,240
not the weirdness

605
00:24:11,750 --> 00:24:10,720
that i want to go down i i need to talk

606
00:24:13,350 --> 00:24:11,760
to junior

607
00:24:15,750 --> 00:24:13,360
but that's the kind of stuff that you'll

608
00:24:17,510 --> 00:24:15,760
just kind of come across so

609
00:24:18,950 --> 00:24:17,520
and it was a random person so it just

610
00:24:21,190 --> 00:24:18,960
happens

611
00:24:23,110 --> 00:24:21,200
and i remember years ago you telling me

612
00:24:26,070 --> 00:24:23,120
that story

613
00:24:27,430 --> 00:24:26,080

that and that is i mean what now i mean

614

00:24:29,430 --> 00:24:27,440

is your opinion changed on

615

00:24:31,029 --> 00:24:29,440

what you think that was and can you tell

616

00:24:32,710 --> 00:24:31,039

us you know what

617

00:24:35,029 --> 00:24:32,720

what your thoughts were when you heard

618

00:24:39,830 --> 00:24:35,039

that and what your investigations

619

00:24:46,310 --> 00:24:43,190

well it led to a general area that

620

00:24:49,029 --> 00:24:46,320

is um

621

00:24:49,430 --> 00:24:49,039

i in my opinion highly overlooked and

622

00:24:53,269 --> 00:24:49,440

that

623

00:24:55,269 --> 00:24:53,279

in general

624

00:24:56,870 --> 00:24:55,279

over and over again we've seen these

625

00:25:00,390 --> 00:24:56,880

examples

626
00:25:03,110 --> 00:25:00,400
historically of extreme

627
00:25:04,149 --> 00:25:03,120
experiences coming forth even in the

628
00:25:08,149 --> 00:25:04,159
media

629
00:25:10,149 --> 00:25:08,159
uh historical notes as far as 1776

630
00:25:11,669 --> 00:25:10,159
with dominguez and escalante coming

631
00:25:11,990 --> 00:25:11,679
through the area saying hey this place

632
00:25:15,510 --> 00:25:12,000
just

633
00:25:19,190 --> 00:25:15,520
isn't right and they i think that even

634
00:25:20,470 --> 00:25:19,200
mormon uh uh surveyors said the only

635
00:25:22,310 --> 00:25:20,480
thing this is

636
00:25:23,909 --> 00:25:22,320
serving a purpose for is holding the

637
00:25:25,669 --> 00:25:23,919
earth together and that kind of

638
00:25:27,510 --> 00:25:25,679

resonates with me now because maybe

639

00:25:28,789 --> 00:25:27,520

that's exactly what we're looking at is

640

00:25:32,870 --> 00:25:28,799

a place that's just kind of

641

00:25:37,190 --> 00:25:32,880

holding the whole expletive show

642

00:25:42,390 --> 00:25:39,510

and so and then go into a little bit

643

00:25:43,750 --> 00:25:42,400

more of that of that history

644

00:25:45,750 --> 00:25:43,760

because i think that is really really

645

00:25:49,430 --> 00:25:45,760

fascinating

646

00:25:52,630 --> 00:25:49,440

yeah um okay so it goes i i grew up

647

00:25:54,710 --> 00:25:52,640

living across from a gentleman whose

648

00:25:57,750 --> 00:25:54,720

family was very

649

00:25:58,789 --> 00:25:57,760

uh involved and uppity let's say in the

650

00:26:00,310 --> 00:25:58,799

vernal area

651
00:26:02,390 --> 00:26:00,320
and they owned right there at main

652
00:26:04,870 --> 00:26:02,400
street where it meets with

653
00:26:05,430 --> 00:26:04,880
you know all the all the major real

654
00:26:09,350 --> 00:26:05,440
estate

655
00:26:10,870 --> 00:26:09,360
they were involved with and at the time

656
00:26:12,710 --> 00:26:10,880
i didn't think anything of it but as a

657
00:26:14,149 --> 00:26:12,720
kid he would tell stories about when he

658
00:26:17,350 --> 00:26:14,159
was up in vernal

659
00:26:19,350 --> 00:26:17,360
and drive in a semi truck and

660
00:26:21,750 --> 00:26:19,360
he would come across weird things in the

661
00:26:23,750 --> 00:26:21,760
night and he would park on these oil

662
00:26:25,669 --> 00:26:23,760
roads and stuff would push on his truck

663
00:26:29,590 --> 00:26:25,679

and we're talking 70s

664

00:26:32,870 --> 00:26:29,600

maybe yeah early 70s 73 74

665

00:26:35,029 --> 00:26:32,880

and i was born in 75 so it predates me

666

00:26:36,390 --> 00:26:35,039

but i i grew up like this guy was

667

00:26:37,029 --> 00:26:36,400

telling me about this place that i'd

668

00:26:39,029 --> 00:26:37,039

never been

669

00:26:40,789 --> 00:26:39,039

and i thought i would never go to and

670

00:26:41,909 --> 00:26:40,799

ended up being a place i can't get out

671

00:26:45,510 --> 00:26:41,919

of my life now

672

00:26:47,669 --> 00:26:45,520

but vernal utah and um

673

00:26:49,269 --> 00:26:47,679

it was this mysterious place and now

674

00:26:50,630 --> 00:26:49,279

it's just kind of like a hub of high

675

00:26:53,669 --> 00:26:50,640

strangeness for me so

676

00:26:55,909 --> 00:26:53,679

it goes way back but yeah it it

677

00:26:57,990 --> 00:26:55,919

the story i think you're talking about

678

00:27:00,710 --> 00:26:58,000

not to get tangential which i do at

679

00:27:04,950 --> 00:27:00,720

times i apologize

680

00:27:09,750 --> 00:27:04,960

um the story of a very

681

00:27:13,190 --> 00:27:09,760

notable real estate broker slash

682

00:27:14,310 --> 00:27:13,200

realtor uh in the area who is very well

683

00:27:18,310 --> 00:27:14,320

respected

684

00:27:21,830 --> 00:27:18,320

including information and

685

00:27:24,710 --> 00:27:21,840

this person just happens to be kind of a

686

00:27:25,510 --> 00:27:24,720

an amazing archive of information uh

687

00:27:27,590 --> 00:27:25,520

with

688

00:27:29,350 --> 00:27:27,600

things that go way back to the times i'm

689

00:27:31,190 --> 00:27:29,360

i'm talking about and predate that

690

00:27:32,630 --> 00:27:31,200

in the area she's kind of into this high

691

00:27:33,430 --> 00:27:32,640

strangest but doesn't want anyone to

692

00:27:35,750 --> 00:27:33,440

know

693

00:27:37,750 --> 00:27:35,760

and this is important because she

694

00:27:41,269 --> 00:27:37,760

doesn't want to come forward but i

695

00:27:45,029 --> 00:27:41,279

it's easy to connect the dots and

696

00:27:47,110 --> 00:27:45,039

the uh she she's the owner of

697

00:27:48,230 --> 00:27:47,120

one of the largest real estate companies

698

00:27:49,669 --> 00:27:48,240

and and i know where

699

00:27:51,029 --> 00:27:49,679

you need to get some of these archives

700

00:27:52,310 --> 00:27:51,039

or at least get your eyes on them so

701
00:27:55,430 --> 00:27:52,320
we'll make this happen

702
00:27:58,630 --> 00:27:55,440
but the um the story goes

703
00:28:00,870 --> 00:27:58,640
that a gentleman who was far from

704
00:28:02,070 --> 00:28:00,880
being that just kind of bustled into her

705
00:28:04,630 --> 00:28:02,080
office

706
00:28:05,830 --> 00:28:04,640
he was of russian descent said his name

707
00:28:09,110 --> 00:28:05,840
was slugger

708
00:28:11,510 --> 00:28:09,120
he had a van or an suv outside with a

709
00:28:12,230 --> 00:28:11,520
ton of gold bars sitting under a blanket

710
00:28:14,389 --> 00:28:12,240
in the back

711
00:28:15,990 --> 00:28:14,399
went outside and showed it to her first

712
00:28:18,230 --> 00:28:16,000
you know as brusque he was like a bull

713
00:28:19,750 --> 00:28:18,240

in a china shop like here's the cash

714

00:28:21,190 --> 00:28:19,760

went back inside and said this is what i

715

00:28:23,510 --> 00:28:21,200

need you to do

716

00:28:25,350 --> 00:28:23,520

there's a guy that wants to sell me this

717

00:28:28,950 --> 00:28:25,360

6 000 acre ranch

718

00:28:30,310 --> 00:28:28,960

but it's just to do portal technology

719

00:28:31,990 --> 00:28:30,320

but this came out later the portal

720

00:28:33,350 --> 00:28:32,000

technology part she had to dig to get

721

00:28:35,350 --> 00:28:33,360

that information i'm just trying to

722

00:28:37,990 --> 00:28:35,360

condense and make it go faster

723

00:28:39,510 --> 00:28:38,000

but um yeah how do i make it happen but

724

00:28:41,350 --> 00:28:39,520

i don't want my name on paper

725

00:28:42,870 --> 00:28:41,360

and it's a 10-year stint and we've

726

00:28:44,070 --> 00:28:42,880

already taken care of the oil companies

727

00:28:46,230 --> 00:28:44,080

how do we do this

728

00:28:47,669 --> 00:28:46,240

and she said i don't i can't do this and

729

00:28:49,990 --> 00:28:47,679

that's where she

730

00:28:51,350 --> 00:28:50,000

plagued and plunged and delved and

731

00:28:53,430 --> 00:28:51,360

proped and prodded to

732

00:28:54,870 --> 00:28:53,440

ask what the property was being used for

733

00:28:56,230 --> 00:28:54,880

to see if they could find some kind of

734

00:28:58,789 --> 00:28:56,240

legal loophole

735

00:28:59,590 --> 00:28:58,799

to sublet the property in some legal

736

00:29:02,470 --> 00:28:59,600

format

737

00:29:03,909 --> 00:29:02,480

as payment payment for you know exchange

738

00:29:05,750 --> 00:29:03,919

of goods or services

739

00:29:07,750 --> 00:29:05,760

and when he said portal technology

740

00:29:08,630 --> 00:29:07,760

there's obviously no no box in in the

741

00:29:10,870 --> 00:29:08,640

real estate

742

00:29:12,070 --> 00:29:10,880

that i've come across that says that so

743

00:29:13,750 --> 00:29:12,080

she couldn't find a way

744

00:29:15,269 --> 00:29:13,760

to find a loophole to sublet the

745

00:29:15,590 --> 00:29:15,279

property and said she couldn't help him

746

00:29:25,029 --> 00:29:15,600

and

747

00:29:25,750 --> 00:29:25,039

the portal technology we've heard so

748

00:29:27,590 --> 00:29:25,760

much

749

00:29:29,029 --> 00:29:27,600

about this and you know then you you've

750

00:29:31,830 --> 00:29:29,039

got people like

751
00:29:33,430 --> 00:29:31,840
you know firmidge and pendolffy and and

752
00:29:36,389 --> 00:29:33,440
all of these things and

753
00:29:37,830 --> 00:29:36,399
and i think things get very muddied what

754
00:29:40,149 --> 00:29:37,840
were your

755
00:29:41,830 --> 00:29:40,159
thoughts about what he was referring to

756
00:29:42,310 --> 00:29:41,840
with regard to portal technology was

757
00:29:45,350 --> 00:29:42,320
this

758
00:29:48,870 --> 00:29:45,360
man-made thing

759
00:29:52,230 --> 00:29:48,880
a combination of potentially both or

760
00:29:58,389 --> 00:29:55,269
honestly it sounded like

761
00:30:01,510 --> 00:29:58,399
a like a russian gesture

762
00:30:04,389 --> 00:30:01,520
of rushing jumping the gun and

763
00:30:07,430 --> 00:30:04,399

trying to catch up with our military

764

00:30:11,350 --> 00:30:11,029

okay and and that is interesting and i

765

00:30:13,750 --> 00:30:11,360

think

766

00:30:14,389 --> 00:30:13,760

a lot of people don't understand how

767

00:30:17,029 --> 00:30:14,399

much

768

00:30:18,149 --> 00:30:17,039

we have with regard to the military with

769

00:30:19,350 --> 00:30:18,159

you know defense and aerospace

770

00:30:22,630 --> 00:30:19,360

contractors

771

00:30:26,470 --> 00:30:22,640

in utah and also in the area that you're

772

00:30:31,190 --> 00:30:29,110

yeah if i were to guess it is and and

773

00:30:33,110 --> 00:30:31,200

there's i i haven't seen it and i don't

774

00:30:35,510 --> 00:30:33,120

have any like definitive proof

775

00:30:37,110 --> 00:30:35,520

and again even what i'm saying is second

776

00:30:39,029 --> 00:30:37,120

person even though i do have some the

777

00:30:41,190 --> 00:30:39,039

story goes on i did make contact with

778

00:30:44,310 --> 00:30:41,200

slugger and it wasn't pretty but

779

00:30:47,830 --> 00:30:44,320

the the truth is he was an

780

00:30:49,830 --> 00:30:47,840

ugly individual i think and um

781

00:30:50,870 --> 00:30:49,840

i don't think he was one of our guys he

782

00:30:54,070 --> 00:30:50,880

wasn't he wasn't

783

00:30:57,750 --> 00:30:54,080

on the united states team

784

00:31:01,909 --> 00:31:00,789

this would have put smack dab around oh

785

00:31:05,990 --> 00:31:01,919

gosh this was in the

786

00:31:09,350 --> 00:31:06,000

0-8 i'd say 0809

787

00:31:13,269 --> 00:31:11,909

interesting well and yeah we're gonna i

788

00:31:13,669 --> 00:31:13,279

want to talk about that a little bit

789

00:31:16,950 --> 00:31:13,679

later

790

00:31:18,789 --> 00:31:16,960

because it's you know i mean you hear

791

00:31:19,909 --> 00:31:18,799

these things and then

792

00:31:22,070 --> 00:31:19,919

you know a lot of times you just think

793

00:31:22,950 --> 00:31:22,080

oh that's you know complete garbage or

794

00:31:24,950 --> 00:31:22,960

people are

795

00:31:27,350 --> 00:31:24,960

you know this is a conspiracy and people

796

00:31:30,149 --> 00:31:27,360

are at reading too much into things and

797

00:31:32,710 --> 00:31:30,159

and it's like for me i go you know i've

798

00:31:35,509 --> 00:31:32,720

changed my opinion every day i change my

799

00:31:36,549 --> 00:31:35,519

my opinion on stuff but now to kind of

800

00:31:40,230 --> 00:31:36,559

understand

801
00:31:41,909 --> 00:31:40,240
more of how how much uh testing there is

802
00:31:43,430 --> 00:31:41,919
potentially going on in that area it

803
00:31:45,909 --> 00:31:43,440
would make sense that

804
00:31:46,950 --> 00:31:45,919
other actors would be stepping in and

805
00:31:50,470 --> 00:31:46,960
wanting to

806
00:31:51,029 --> 00:31:50,480
see what was going on but yep you never

807
00:31:54,310 --> 00:31:51,039
know

808
00:31:56,870 --> 00:31:54,320
when you first

809
00:31:59,990 --> 00:31:56,880
moved up there did you have any contact

810
00:32:02,710 --> 00:32:00,000
with the shermans

811
00:32:03,909 --> 00:32:02,720
um okay so and to back up a little bit

812
00:32:06,710 --> 00:32:03,919
i'm gonna get to your uh

813
00:32:08,470 --> 00:32:06,720

no and to get to your not that i know of

814

00:32:10,630 --> 00:32:08,480

and to get to your question

815

00:32:11,669 --> 00:32:10,640

um i was just looking at my notes and i

816

00:32:14,870 --> 00:32:11,679

lied to you it was

817

00:32:19,110 --> 00:32:14,880

about 2010 to 2012.

818

00:32:19,120 --> 00:32:22,870

interesting

819

00:32:26,070 --> 00:32:25,669

okay and so the shermans had kind of

820

00:32:28,630 --> 00:32:26,080

they

821

00:32:31,350 --> 00:32:28,640

had moved uh when you when you first

822

00:32:34,389 --> 00:32:31,360

moved up there right

823

00:32:37,590 --> 00:32:34,399

um they were still

824

00:32:39,669 --> 00:32:37,600

let's see i'm thinking they were still

825

00:32:41,990 --> 00:32:39,679

if i'm if i'm not mistaken there was a

826
00:32:44,070 --> 00:32:42,000
big move okay so there was a large move

827
00:32:46,149 --> 00:32:44,080
where they went north and then i believe

828
00:32:48,389 --> 00:32:46,159
they came back to the south close by

829
00:32:51,669 --> 00:32:48,399
about 60 miles away

830
00:32:53,190 --> 00:32:51,679
and um that is the last

831
00:32:55,029 --> 00:32:53,200
i've i believe they're still in

832
00:32:56,470 --> 00:32:55,039
proximity right there the last i heard

833
00:32:58,230 --> 00:32:56,480
they were thinking about coming a little

834
00:33:01,509 --> 00:32:58,240
closer but i don't know if that move

835
00:33:04,149 --> 00:33:01,519
ever took place okay

836
00:33:04,710 --> 00:33:04,159
and you know when when all of this kind

837
00:33:07,350 --> 00:33:04,720
of

838
00:33:07,909 --> 00:33:07,360

broke i mean we obviously had the zac

839

00:33:10,950 --> 00:33:07,919

venic

840

00:33:13,669 --> 00:33:10,960

articles and and things and then

841

00:33:15,110 --> 00:33:13,679

bigelow buying the property and and all

842

00:33:18,630 --> 00:33:15,120

of this and

843

00:33:21,190 --> 00:33:18,640

it and so i mean do you know any

844

00:33:22,549 --> 00:33:21,200

i mean what kernels of information can

845

00:33:25,110 --> 00:33:22,559

you give us about

846

00:33:25,990 --> 00:33:25,120

the way all of that went down and how

847

00:33:30,710 --> 00:33:26,000

this kind of

848

00:33:36,310 --> 00:33:33,830

um okay so

849

00:33:38,470 --> 00:33:36,320

the best information i think is just

850

00:33:40,549 --> 00:33:38,480

getting it right from the source

851
00:33:41,990 --> 00:33:40,559
which would be zack who i recently did a

852
00:33:43,990 --> 00:33:42,000
podcast with and it was pretty

853
00:33:46,149 --> 00:33:44,000
fascinating to hear him

854
00:33:47,110 --> 00:33:46,159
explain how it all went down you know

855
00:33:50,389 --> 00:33:47,120
meeting

856
00:33:55,669 --> 00:33:50,399
know

857
00:33:57,110 --> 00:33:55,679
talking to junior and and kind of poking

858
00:33:58,870 --> 00:33:57,120
and prodding a little more than the

859
00:33:59,909 --> 00:33:58,880
average journalist and then junior

860
00:34:02,310 --> 00:33:59,919
finally saying yeah

861
00:34:03,830 --> 00:34:02,320
you need to talk to gwen and then that

862
00:34:05,669 --> 00:34:03,840
led to going down to the bank and

863
00:34:07,590 --> 00:34:05,679

talking to gwen and that led to him

864

00:34:09,909 --> 00:34:07,600

going out to the property and

865

00:34:11,669 --> 00:34:09,919

sort of sort of getting the idea that

866

00:34:15,109 --> 00:34:11,679

hey this place isn't quite

867

00:34:16,869 --> 00:34:15,119

right and um after he realized the place

868

00:34:18,950 --> 00:34:16,879

wasn't quite right

869

00:34:21,349 --> 00:34:18,960

some other coincidental things took

870

00:34:24,790 --> 00:34:21,359

place and he reached out to people

871

00:34:27,829 --> 00:34:24,800

and you know i guess things either got

872

00:34:34,069 --> 00:34:27,839

less quite right or more right i don't

873

00:34:36,470 --> 00:34:34,079

know but things got weirder for sure

874

00:34:37,430 --> 00:34:36,480

to me it's interesting because at the

875

00:34:40,230 --> 00:34:37,440

time

876

00:34:41,030 --> 00:34:40,240

zach was writing for the deseret news

877

00:34:44,389 --> 00:34:41,040

which is

878

00:34:47,750 --> 00:34:44,399

a very conservative newspaper

879

00:34:48,230 --> 00:34:47,760

and so for them to be running with this

880

00:34:52,230 --> 00:34:48,240

story

881

00:34:55,270 --> 00:34:52,240

that is so you know out there

882

00:34:57,430 --> 00:34:55,280

it seems a little unusual what what do

883

00:35:00,150 --> 00:34:57,440

you think what is your take on that

884

00:35:02,870 --> 00:35:00,160

why would the desert news you know do a

885

00:35:05,670 --> 00:35:02,880

story like that

886

00:35:06,950 --> 00:35:05,680

i believe that and i say this with all

887

00:35:10,790 --> 00:35:06,960

respect my father

888

00:35:14,710 --> 00:35:10,800

was the leading missionary

889

00:35:17,430 --> 00:35:14,720

in peru as far as uh you know

890

00:35:17,910 --> 00:35:17,440

getting people signed on and and and he

891

00:35:21,270 --> 00:35:17,920

you know

892

00:35:24,470 --> 00:35:21,280

i was i was very very well hurst in

893

00:35:27,829 --> 00:35:24,480

in mormon culture literature

894

00:35:30,230 --> 00:35:27,839

kids books you know since every night

895

00:35:31,829 --> 00:35:30,240

i was reading you know a book out of the

896

00:35:33,510 --> 00:35:31,839

mormon library and a book out of the

897

00:35:35,510 --> 00:35:33,520

catholic library both parents were

898

00:35:39,190 --> 00:35:35,520

pushing their agendas hard

899

00:35:41,109 --> 00:35:39,200

and the interesting thing is the mormon

900

00:35:44,230 --> 00:35:41,119

religion i can say this honestly

901
00:35:47,349 --> 00:35:44,240
is quite steeped as well as catholicism

902
00:35:49,270 --> 00:35:47,359
in ufology i mean there's all kinds of

903
00:35:51,910 --> 00:35:49,280
strange tablets and

904
00:35:53,589 --> 00:35:51,920
strange things in the sky and angels

905
00:35:55,190 --> 00:35:53,599
that say don't be scared because they're

906
00:35:57,910 --> 00:35:55,200
horrifying as they come down

907
00:35:59,670 --> 00:35:57,920
and all kinds of stuff and so these

908
00:36:03,589 --> 00:35:59,680
these i think that these religions

909
00:36:06,870 --> 00:36:03,599
already have an underlayment of sorts

910
00:36:11,030 --> 00:36:06,880
um that make fertile ground for

911
00:36:15,349 --> 00:36:13,510
and it i i i think it is really

912
00:36:16,630 --> 00:36:15,359
fascinating and the more i

913
00:36:18,790 --> 00:36:16,640

look at things and the more i look at

914

00:36:20,390 --> 00:36:18,800

the lds religion and and

915

00:36:23,030 --> 00:36:20,400

and the things it's just it's

916

00:36:23,829 --> 00:36:23,040

fascinating i had the remote viewer paul

917

00:36:25,910 --> 00:36:23,839

smith

918

00:36:27,349 --> 00:36:25,920

on my show last week and it was

919

00:36:30,470 --> 00:36:27,359

fascinating to hear

920

00:36:30,790 --> 00:36:30,480

from you know his perspective he is lds

921

00:36:40,630 --> 00:36:30,800

and

922

00:36:43,270 --> 00:36:40,640

connections uh with regard to that so

923

00:36:45,030 --> 00:36:43,280

i i don't know it's a trip but you know

924

00:36:45,829 --> 00:36:45,040

so we've got the story that comes out

925

00:36:48,870 --> 00:36:45,839

and then

926

00:36:51,910 --> 00:36:48,880

you know bigelow comes in and so if

927

00:36:54,550 --> 00:36:51,920

somebody could look at this and say okay

928

00:36:55,190 --> 00:36:54,560

you know this somebody you know this

929

00:36:59,109 --> 00:36:55,200

reporter

930

00:37:02,390 --> 00:36:59,119

is creating a story laying a foundation

931

00:37:05,510 --> 00:37:02,400

so if somebody came in and was

932

00:37:06,550 --> 00:37:05,520

in fact going to be doing testing of

933

00:37:08,230 --> 00:37:06,560

some sort

934

00:37:11,270 --> 00:37:08,240

then you would have this brilliant

935

00:37:13,030 --> 00:37:11,280

narrative of oh it was a ufo and so

936

00:37:15,030 --> 00:37:13,040

people wouldn't really look any further

937

00:37:16,230 --> 00:37:15,040

they would dismiss it

938

00:37:18,310 --> 00:37:16,240

what do you i mean do you think that

939

00:37:18,950 --> 00:37:18,320

that could have been almost a cover

940

00:37:21,750 --> 00:37:18,960

story

941

00:37:24,150 --> 00:37:21,760

for something more nefarious going on in

942

00:37:27,670 --> 00:37:24,160

that area

943

00:37:31,270 --> 00:37:27,680

well there is another very real

944

00:37:33,270 --> 00:37:31,280

angle to the to the story and to zach

945

00:37:36,230 --> 00:37:33,280

and that's the fact that he was

946

00:37:39,109 --> 00:37:36,240

previously down in new mexico and

947

00:37:40,310 --> 00:37:39,119

he had kind of broken some pretty

948

00:37:43,589 --> 00:37:40,320

mind-boggling

949

00:37:46,630 --> 00:37:43,599

um cattle mutilation cases which

950

00:37:47,670 --> 00:37:46,640

you know which odd inherently a lot of

951
00:37:50,390 --> 00:37:47,680
these cases

952
00:37:52,310 --> 00:37:50,400
odd things were found on the scene uh

953
00:37:54,230 --> 00:37:52,320
you know some farmers were convinced it

954
00:37:57,109 --> 00:37:54,240
was the military doing it

955
00:37:58,230 --> 00:37:57,119
others were convinced it was a spiritual

956
00:38:00,069 --> 00:37:58,240
enlightenment

957
00:38:02,150 --> 00:38:00,079
and others were convinced it was the

958
00:38:05,430 --> 00:38:02,160
same players you know it was aliens

959
00:38:09,109 --> 00:38:05,440
so it's kind of the same trifecta of

960
00:38:12,710 --> 00:38:09,119
uh of of whatever the observer

961
00:38:15,109 --> 00:38:12,720
decides to categorize this as

962
00:38:16,790 --> 00:38:15,119
and you know and that's that's fun how

963
00:38:20,790 --> 00:38:16,800

how do people think it's spiritual

964

00:38:25,190 --> 00:38:23,910

i guess that just i guess that just

965

00:38:28,550 --> 00:38:25,200

means they didn't die

966

00:38:31,190 --> 00:38:28,560

i don't know oh good okay okay

967

00:38:32,870 --> 00:38:31,200

just checking you know that you bring up

968

00:38:33,990 --> 00:38:32,880

a really great point the fact that he

969

00:38:35,349 --> 00:38:34,000

was involved in

970

00:38:37,589 --> 00:38:35,359

investigating some of these cattle

971

00:38:38,470 --> 00:38:37,599

mutilations and and you know when you

972

00:38:40,630 --> 00:38:38,480

look at

973

00:38:42,710 --> 00:38:40,640

colm kelleher's background who worked

974

00:38:45,349 --> 00:38:42,720

for the cdc and was working

975

00:38:46,150 --> 00:38:45,359

on uh you know mad cow disease and

976
00:38:48,630 --> 00:38:46,160

things

977
00:38:50,310 --> 00:38:48,640

of that nature and also the one of the

978
00:38:51,829 --> 00:38:50,320

few things that made it to the light of

979
00:38:52,710 --> 00:38:51,839

the soveletta day with regard to the

980
00:38:55,349 --> 00:38:52,720

ned's

981
00:38:56,710 --> 00:38:55,359

uh stuff which was supposed to be put

982
00:38:58,870 --> 00:38:56,720

forward but wasn't

983
00:39:00,390 --> 00:38:58,880

uh was the cattle mutilations and the

984
00:39:05,510 --> 00:39:00,400

radiation

985
00:39:08,550 --> 00:39:07,430

so it just is it the whole thing is just

986
00:39:10,790 --> 00:39:08,560

a trip but what

987
00:39:12,069 --> 00:39:10,800

what do you think now just to go off

988
00:39:13,190 --> 00:39:12,079

track a little teeny bit what do you

989

00:39:14,710 --> 00:39:13,200

think about

990

00:39:18,950 --> 00:39:14,720

cattle mutilations where do you stand

991

00:39:22,310 --> 00:39:21,589

i know less today i think than i ever

992

00:39:25,109 --> 00:39:22,320

have

993

00:39:26,390 --> 00:39:25,119

and it's sad to say that because i used

994

00:39:29,990 --> 00:39:26,400

to be 100

995

00:39:30,230 --> 00:39:30,000

sure it was aliens period done that was

996

00:39:32,550 --> 00:39:30,240

it

997

00:39:34,710 --> 00:39:32,560

signed seal delivered i'll you know meet

998

00:39:38,950 --> 00:39:34,720

you out back and fight you over it

999

00:39:42,069 --> 00:39:38,960

well not anymore it is um

1000

00:39:44,310 --> 00:39:42,079

there's a lot more going on and uh

1001
00:39:45,349 --> 00:39:44,320
even you know i i love some of the

1002
00:39:47,750 --> 00:39:45,359
theories i even

1003
00:39:48,790 --> 00:39:47,760
zach kind of blew my mind speaking of

1004
00:39:50,710 --> 00:39:48,800
zach again

1005
00:39:52,950 --> 00:39:50,720
he kind of blew my mind with a theory

1006
00:39:54,710 --> 00:39:52,960
that they may be et miners

1007
00:39:56,390 --> 00:39:54,720
and sure this is going down the alien

1008
00:39:58,310 --> 00:39:56,400
path again but

1009
00:39:59,910 --> 00:39:58,320
very interesting you know i was like wow

1010
00:40:01,270 --> 00:39:59,920
this is kind of this could be some of

1011
00:40:03,270 --> 00:40:01,280
the things that i've seen you know it's

1012
00:40:05,030 --> 00:40:03,280
a one light on their head and

1013
00:40:06,870 --> 00:40:05,040

but then i thought well that's just

1014

00:40:08,950 --> 00:40:06,880

there's so many theories

1015

00:40:10,150 --> 00:40:08,960

and that's the fascinating thing with

1016

00:40:14,390 --> 00:40:10,160

this metaphysical

1017

00:40:16,390 --> 00:40:14,400

prism that is the uintah basin

1018

00:40:18,069 --> 00:40:16,400

and that is interesting i mean it it's

1019

00:40:21,109 --> 00:40:18,079

um i know that

1020

00:40:22,829 --> 00:40:21,119

dr eric davis was on the record saying

1021

00:40:24,069 --> 00:40:22,839

that the cattle mutilations were

1022

00:40:25,990 --> 00:40:24,079

man-made

1023

00:40:27,430 --> 00:40:26,000

and when you look at the specific areas

1024

00:40:28,550 --> 00:40:27,440

where the academy relations were taking

1025

00:40:30,390 --> 00:40:28,560

place was there

1026

00:40:32,390 --> 00:40:30,400

you know maybe you went to basin uh

1027

00:40:35,589 --> 00:40:32,400

there was a great deal of

1028

00:40:37,190 --> 00:40:35,599

nuclear fallout in the area could

1029

00:40:39,349 --> 00:40:37,200

could that be connected could somebody

1030

00:40:42,309 --> 00:40:39,359

come in and try to do

1031

00:40:46,069 --> 00:40:42,319

testing to see what what was taking

1032

00:40:49,990 --> 00:40:48,230

that's a good question now i don't know

1033

00:40:51,270 --> 00:40:50,000

if this has been done already and i'm

1034

00:40:55,109 --> 00:40:51,280

sure it has

1035

00:40:57,990 --> 00:40:55,119

as far as testing the environmental uh

1036

00:40:59,829 --> 00:40:58,000

categories and radiation i know that

1037

00:41:02,309 --> 00:40:59,839

it's it's a popular thing you see on

1038

00:41:03,990 --> 00:41:02,319

television shows but in reality i can't

1039

00:41:05,430 --> 00:41:04,000

speak for all television shows but i'm

1040

00:41:07,270 --> 00:41:05,440

just talking you know as somebody who

1041

00:41:07,910 --> 00:41:07,280

watches television shows i'm not talking

1042

00:41:11,190 --> 00:41:07,920

about

1043

00:41:14,069 --> 00:41:11,200

any particular show in the uintah basin

1044

00:41:15,190 --> 00:41:14,079

but even ghost even ghost hunting shows

1045

00:41:18,550 --> 00:41:15,200

um you watch

1046

00:41:21,349 --> 00:41:18,560

uh you know mythbusters they're using

1047

00:41:21,829 --> 00:41:21,359

the same technology television has

1048

00:41:24,390 --> 00:41:21,839

really

1049

00:41:26,470 --> 00:41:24,400

heightened people's i just don't know if

1050

00:41:28,069 --> 00:41:26,480

you could accurately test in the uh

1051
00:41:30,710 --> 00:41:28,079
basin for something like that

1052
00:41:31,270 --> 00:41:30,720
and i think the idea that fallout from

1053
00:41:33,510 --> 00:41:31,280
vegas

1054
00:41:34,470 --> 00:41:33,520
made it all the way there is total bs i

1055
00:41:36,790 --> 00:41:34,480
don't know maybe

1056
00:41:40,710 --> 00:41:36,800
but i mean if that's the case then i'm

1057
00:41:44,470 --> 00:41:43,030
well you know i do believe that there

1058
00:41:46,630 --> 00:41:44,480
have been some

1059
00:41:48,950 --> 00:41:46,640
some studies that kind of back that up

1060
00:41:52,069 --> 00:41:48,960
which is is interesting and

1061
00:41:53,750 --> 00:41:52,079
um you know that the yeah the whole

1062
00:41:56,470 --> 00:41:53,760
thing is very curious but i find

1063
00:41:58,470 --> 00:41:56,480

it cold keller's background most

1064

00:42:01,349 --> 00:41:58,480

interesting you know with regard to

1065

00:42:02,069 --> 00:42:01,359

what he was looking into um and at the

1066

00:42:04,390 --> 00:42:02,079

cdc

1067

00:42:05,190 --> 00:42:04,400

and and i think that you can you know he

1068

00:42:08,470 --> 00:42:05,200

wrote a book

1069

00:42:12,150 --> 00:42:08,480

uh it was a brain trust about

1070

00:42:13,670 --> 00:42:12,160

that very issue um and and so not the

1071

00:42:16,309 --> 00:42:13,680

cattle mutilations but the

1072

00:42:18,230 --> 00:42:16,319

prion disease and things and it's just i

1073

00:42:21,190 --> 00:42:18,240

don't know it's all fascinating so

1074

00:42:22,309 --> 00:42:21,200

you so zach was on the cattle mutilation

1075

00:42:25,510 --> 00:42:22,319

trail and then

1076

00:42:27,670 --> 00:42:25,520

he somehow hears about this ranch do you

1077

00:42:29,030 --> 00:42:27,680

remember how specifically he heard

1078

00:42:30,710 --> 00:42:29,040

about what the shermans were going

1079

00:42:33,670 --> 00:42:30,720

through

1080

00:42:34,309 --> 00:42:33,680

you know if i remember correctly um he

1081

00:42:36,790 --> 00:42:34,319

was

1082

00:42:37,349 --> 00:42:36,800

sort of even the cattle mutilation story

1083

00:42:39,030 --> 00:42:37,359

thing

1084

00:42:41,270 --> 00:42:39,040

intrigued him because he's kind of a

1085

00:42:42,230 --> 00:42:41,280

punk rock guy and somehow punk rock and

1086

00:42:44,950 --> 00:42:42,240

ufos just

1087

00:42:46,630 --> 00:42:44,960

always seem to go like tea and crumpets

1088

00:42:48,630 --> 00:42:46,640

and

1089

00:42:50,950 --> 00:42:48,640

this thing just kind of intrigued him

1090

00:42:53,829 --> 00:42:50,960

and i guess he was in new mexico

1091

00:42:55,510 --> 00:42:53,839

and his his story of these cattle

1092

00:42:57,190 --> 00:42:55,520

mutilations i mean

1093

00:42:59,270 --> 00:42:57,200

very interesting you know some of them

1094

00:43:01,990 --> 00:42:59,280

he'd arrive and the

1095

00:43:03,270 --> 00:43:02,000

the the patrol officer that came out to

1096

00:43:05,270 --> 00:43:03,280

the scene and saw it

1097

00:43:07,190 --> 00:43:05,280

would literally drive to the church you

1098

00:43:08,870 --> 00:43:07,200

know to talk to the pastor first before

1099

00:43:11,990 --> 00:43:08,880

he would talk to zach

1100

00:43:14,390 --> 00:43:12,000

and so these were very emotional

1101
00:43:16,230 --> 00:43:14,400
and like wow boots on the ground type

1102
00:43:17,829 --> 00:43:16,240
investigations that he was involved with

1103
00:43:20,150 --> 00:43:17,839
and he was he's kind of built for it

1104
00:43:23,670 --> 00:43:20,160
he's built for business in that aspect

1105
00:43:26,870 --> 00:43:23,680
but the interesting thing is that

1106
00:43:27,270 --> 00:43:26,880
he moved on so that job kind of played

1107
00:43:30,550 --> 00:43:27,280
out

1108
00:43:33,030 --> 00:43:30,560
and from what i understand he uh

1109
00:43:34,230 --> 00:43:33,040
was looking for work and had already

1110
00:43:36,309 --> 00:43:34,240
kind of

1111
00:43:37,510 --> 00:43:36,319
put out feelers in utah but hadn't had

1112
00:43:41,910 --> 00:43:37,520
any hits

1113
00:43:42,950 --> 00:43:41,920

he i believe put out to the tribune but

1114

00:43:46,630 --> 00:43:42,960

didn't know that they were

1115

00:43:49,510 --> 00:43:46,640

owned by the deseret news and um

1116

00:43:50,069 --> 00:43:49,520

because they seemed to compete but then

1117

00:43:54,390 --> 00:43:50,079

he

1118

00:43:58,069 --> 00:43:54,400

remember i'm pretty sure it's

1119

00:44:01,109 --> 00:43:58,079

that way and then later on

1120

00:44:03,910 --> 00:44:01,119

he actually got a call from them

1121

00:44:07,910 --> 00:44:03,920

and uh it was just kind of like hired on

1122

00:44:08,630 --> 00:44:07,920

quickly from what i understand

1123

00:44:11,990 --> 00:44:08,640

interesting

1124

00:44:14,710 --> 00:44:12,000

articles are

1125

00:44:16,390 --> 00:44:14,720

you know they they will they're i

1126

00:44:16,950 --> 00:44:16,400

remember reading them i'd still read

1127

00:44:19,190 --> 00:44:16,960

them to

1128

00:44:20,230 --> 00:44:19,200

go back over things and it was a very

1129

00:44:23,109 --> 00:44:20,240

interesting

1130

00:44:24,550 --> 00:44:23,119

uh series that he did and he put that on

1131

00:44:27,190 --> 00:44:24,560

the map and then

1132

00:44:27,670 --> 00:44:27,200

uh you know and then the book and things

1133

00:44:28,950 --> 00:44:27,680

and

1134

00:44:32,150 --> 00:44:28,960

one of the questions that i've been

1135

00:44:33,829 --> 00:44:32,160

asking myself lately is if they were

1136

00:44:35,349 --> 00:44:33,839

if they didn't want this in the

1137

00:44:37,510 --> 00:44:35,359

spotlight and then

1138

00:44:39,190 --> 00:44:37,520

you know you've heard several people say

1139

00:44:41,190 --> 00:44:39,200

that we're involved with this

1140

00:44:43,109 --> 00:44:41,200

it should be kind of kept out of the

1141

00:44:43,910 --> 00:44:43,119

prying eyes of the public but then why

1142

00:44:50,309 --> 00:44:43,920

was it

1143

00:44:53,030 --> 00:44:50,319

pushed in the public in a big way i

1144

00:44:55,349 --> 00:44:53,040

think that this enigma and this this is

1145

00:44:55,750 --> 00:44:55,359

just my own personal opinion so and i'm

1146

00:44:57,349 --> 00:44:55,760

not

1147

00:44:59,510 --> 00:44:57,359

like an expert i'm just somebody who

1148

00:45:02,630 --> 00:44:59,520

spent way too much time doing this

1149

00:45:03,270 --> 00:45:02,640

and i i think that this enigma in

1150

00:45:06,470 --> 00:45:03,280

general

1151

00:45:09,829 --> 00:45:06,480

it seems i was that person where

1152

00:45:12,470 --> 00:45:09,839

i remember having arguments at end with

1153

00:45:13,910 --> 00:45:12,480

ryan skinner at we can't post we don't

1154

00:45:16,870 --> 00:45:13,920

want anybody to know where

1155

00:45:18,630 --> 00:45:16,880

anything is like are you crazy and you

1156

00:45:20,230 --> 00:45:18,640

know there's different opinions of

1157

00:45:21,910 --> 00:45:20,240

of you know some people just want to get

1158

00:45:23,349 --> 00:45:21,920

information out there and others want to

1159

00:45:25,829 --> 00:45:23,359

keep secrets and

1160

00:45:27,190 --> 00:45:25,839

i don't think i'm a secret keeper but

1161

00:45:29,270 --> 00:45:27,200

you know i thought

1162

00:45:31,109 --> 00:45:29,280

even way back then i thought oh my gosh

1163

00:45:33,430 --> 00:45:31,119

we don't want everyone

1164

00:45:34,309 --> 00:45:33,440

to know where this is because it is

1165

00:45:37,190 --> 00:45:34,319

special

1166

00:45:38,069 --> 00:45:37,200

and um but then i understood his point

1167

00:45:39,510 --> 00:45:38,079

it's special

1168

00:45:41,589 --> 00:45:39,520

so there are people that should know

1169

00:45:42,150 --> 00:45:41,599

where it is and there's so many

1170

00:45:45,510 --> 00:45:42,160

different

1171

00:45:45,829 --> 00:45:45,520

perspectives but the you know i don't

1172

00:45:49,270 --> 00:45:45,839

know

1173

00:45:49,990 --> 00:45:49,280

it's it's it's an area that as time has

1174

00:45:52,390 --> 00:45:50,000

progressed

1175

00:45:54,309 --> 00:45:52,400

i've turned into instead of uh someone

1176
00:45:55,910 --> 00:45:54,319
who is a gatekeeper says no i don't want

1177
00:45:58,230 --> 00:45:55,920
people out there but

1178
00:46:00,790 --> 00:45:58,240
now i'm more like a person that says you

1179
00:46:03,510 --> 00:46:00,800
probably don't want to go out there

1180
00:46:04,550 --> 00:46:03,520
but if you have to just be safe about it

1181
00:46:06,309 --> 00:46:04,560
and you'll know

1182
00:46:08,950 --> 00:46:06,319
right away whether it's something you're

1183
00:46:11,270 --> 00:46:08,960
into or not

1184
00:46:12,150 --> 00:46:11,280
right absolutely that's that's the thing

1185
00:46:15,190 --> 00:46:12,160
i mean i

1186
00:46:17,109 --> 00:46:15,200
i was you know the first one running up

1187
00:46:18,870 --> 00:46:17,119
there because it was just so intriguing

1188
00:46:21,430 --> 00:46:18,880

to me and the more i've learned

1189

00:46:23,349 --> 00:46:21,440

the more i just think i i would i would

1190

00:46:25,030 --> 00:46:23,359

probably discourage people yeah

1191

00:46:26,790 --> 00:46:25,040

from from going up there because you

1192

00:46:27,670 --> 00:46:26,800

just don't know what the health effects

1193

00:46:28,950 --> 00:46:27,680

will be you don't know what you're

1194

00:46:29,270 --> 00:46:28,960

actually dealing with at the end of the

1195

00:46:32,230 --> 00:46:29,280

day

1196

00:46:33,349 --> 00:46:32,240

and and that can never be good but you

1197

00:46:35,430 --> 00:46:33,359

know you say that and then that just

1198

00:46:38,150 --> 00:46:35,440

makes people want to go up there more

1199

00:46:39,670 --> 00:46:38,160

yeah yeah you get the oh i'm you know

1200

00:46:40,309 --> 00:46:39,680

i'm tougher than the other weekend

1201
00:46:43,589 --> 00:46:40,319
warrior

1202
00:46:45,910 --> 00:46:43,599
effect and the the scarier thing is

1203
00:46:47,030 --> 00:46:45,920
i totally get that but these effects we

1204
00:46:49,670 --> 00:46:47,040
don't know what they

1205
00:46:50,309 --> 00:46:49,680
are if it could be cataclysmic i mean if

1206
00:46:52,710 --> 00:46:50,319
this really

1207
00:46:54,470 --> 00:46:52,720
is just just a place that kind of holds

1208
00:46:56,230 --> 00:46:54,480
the earth together and it has these

1209
00:46:59,109 --> 00:46:56,240
metaphysical tendencies

1210
00:47:00,309 --> 00:46:59,119
and non-corporeal entities that can

1211
00:47:03,430 --> 00:47:00,319
engage with you

1212
00:47:06,790 --> 00:47:03,440
in ways that can be medic medically

1213
00:47:09,910 --> 00:47:06,800

catastrophic and in some cases have

1214

00:47:10,309 --> 00:47:09,920

well you know it can be bad and uh you

1215

00:47:14,390 --> 00:47:10,319

don't

1216

00:47:17,349 --> 00:47:14,400

heard so many stories of people who

1217

00:47:18,150 --> 00:47:17,359

just have mental issues afterwards and

1218

00:47:19,589 --> 00:47:18,160

just that

1219

00:47:21,349 --> 00:47:19,599

i mean just think of somebody having

1220

00:47:21,990 --> 00:47:21,359

mental issues after going to some place

1221

00:47:25,270 --> 00:47:22,000

once

1222

00:47:27,589 --> 00:47:25,280

that's that's not cool

1223

00:47:29,190 --> 00:47:27,599

right and and that also could

1224

00:47:30,390 --> 00:47:29,200

potentially be because they're stumbling

1225

00:47:33,750 --> 00:47:30,400

into something that is

1226

00:47:35,190 --> 00:47:33,760

is man-made that has dangerous

1227

00:47:37,910 --> 00:47:35,200

effects i mean you look at what took

1228

00:47:38,390 --> 00:47:37,920

place at in cuba you know at the embassy

1229

00:47:41,750 --> 00:47:38,400

and

1230

00:47:43,270 --> 00:47:41,760

that is coming to light the technologies

1231

00:47:43,990 --> 00:47:43,280

that we have i can't even imagine what

1232

00:47:47,430 --> 00:47:44,000

we

1233

00:47:50,150 --> 00:47:47,440

because you know how things usually

1234

00:47:51,589 --> 00:47:50,160

are put out that are 20 years you know

1235

00:47:54,150 --> 00:47:51,599

or behind the scenes

1236

00:47:56,390 --> 00:47:54,160

with regard to that but some of the the

1237

00:47:58,150 --> 00:47:56,400

uh effects that were experienced in the

1238

00:47:58,870 --> 00:47:58,160

embassy were some of the effects that

1239

00:48:01,109 --> 00:47:58,880

have been

1240

00:48:05,270 --> 00:48:01,119

experienced on and around the ranch

1241

00:48:09,190 --> 00:48:08,069

yeah um i can't speak to that but what

1242

00:48:12,309 --> 00:48:09,200

were the effects that

1243

00:48:14,150 --> 00:48:12,319

that were found at the embassy so

1244

00:48:15,510 --> 00:48:14,160

the the effects were you know the

1245

00:48:18,630 --> 00:48:15,520

ringing in the ears

1246

00:48:22,710 --> 00:48:18,640

uh nausea uh vertigo

1247

00:48:24,470 --> 00:48:22,720

uh at there you know some of the people

1248

00:48:26,069 --> 00:48:24,480

experienced brain damage permanent brain

1249

00:48:28,309 --> 00:48:26,079

damage uh

1250

00:48:30,710 --> 00:48:28,319

so it was pretty interesting and in the

1251

00:48:33,430 --> 00:48:30,720

past couple weeks there have been

1252

00:48:33,990 --> 00:48:33,440

quite a few stories that have come out

1253

00:48:36,710 --> 00:48:34,000

about that

1254

00:48:39,589 --> 00:48:36,720

made the big investigation that that we

1255

00:48:41,109 --> 00:48:39,599

had done with regard to that

1256

00:48:42,790 --> 00:48:41,119

so it's all curious you know it's

1257

00:48:45,589 --> 00:48:42,800

curious to see how some of this can

1258

00:48:47,829 --> 00:48:45,599

you know now we've got the this new

1259

00:48:51,109 --> 00:48:47,839

theme coming out over

1260

00:48:53,349 --> 00:48:51,119

the holidays and it's the voice to skull

1261

00:48:54,470 --> 00:48:53,359

stuff and so i know that you and my

1262

00:48:56,309 --> 00:48:54,480

husband were talking

1263

00:48:57,510 --> 00:48:56,319

the other night and he was mentioning

1264

00:48:59,750 --> 00:48:57,520

that i mean now you've got this

1265

00:49:03,510 --> 00:48:59,760

commercial product that is capable of

1266

00:49:05,829 --> 00:49:03,520

beaming a whole movie into your brain

1267

00:49:07,190 --> 00:49:05,839

and sounds and you know all of these

1268

00:49:08,950 --> 00:49:07,200

things and it's like oh my gosh we've

1269

00:49:12,870 --> 00:49:08,960

got this technology

1270

00:49:15,270 --> 00:49:12,880

that can do all of that maybe mimic

1271

00:49:16,630 --> 00:49:15,280

things that are paranormal which i find

1272

00:49:19,670 --> 00:49:16,640

fascinating and so

1273

00:49:20,870 --> 00:49:19,680

you know what's what's technology what

1274

00:49:23,990 --> 00:49:20,880

is paranormal

1275

00:49:26,309 --> 00:49:24,000

it's all so blurry and perhaps they they

1276

00:49:27,990 --> 00:49:26,319

plan it that way the powers that be you

1277

00:49:31,510 --> 00:49:28,000

know that's that's their

1278

00:49:34,549 --> 00:49:31,520

no i guess

1279

00:49:37,349 --> 00:49:34,559

yeah the i can't speak to anything

1280

00:49:38,069 --> 00:49:37,359

as far as well what i what i can speak

1281

00:49:41,430 --> 00:49:38,079

to

1282

00:49:44,470 --> 00:49:41,440

is the technology is amazing and that

1283

00:49:47,829 --> 00:49:44,480

yes uh our our

1284

00:49:49,990 --> 00:49:47,839

enemies or um

1285

00:49:52,230 --> 00:49:50,000

are trying to do the same thing and as

1286

00:49:54,150 --> 00:49:52,240

usual are doing so if you look it up

1287

00:49:55,990 --> 00:49:54,160

online they're doing so in a very crude

1288

00:49:56,870 --> 00:49:56,000

manner compared to what we've already

1289

00:50:01,829 --> 00:49:56,880

perfected

1290

00:50:05,589 --> 00:50:01,839

according to skydio which is the

1291

00:50:08,150 --> 00:50:05,599

well okay so you can't

1292

00:50:09,190 --> 00:50:08,160

you can't have somebody in the field

1293

00:50:11,990 --> 00:50:09,200

that i'm aware of

1294

00:50:13,910 --> 00:50:12,000

looking at a remote control and you know

1295

00:50:15,510 --> 00:50:13,920

being boots on the ground with

1296

00:50:17,589 --> 00:50:15,520

dudes around him because he's going to

1297

00:50:19,990 --> 00:50:17,599

get taken out and so

1298

00:50:21,990 --> 00:50:20,000

from what i understand and i am not you

1299

00:50:23,990 --> 00:50:22,000

know i don't i don't go to defcon i

1300

00:50:25,190 --> 00:50:24,000

don't i am this is not my area of

1301
00:50:26,950 --> 00:50:25,200
expertise

1302
00:50:28,549 --> 00:50:26,960
but from what i understand our

1303
00:50:30,630 --> 00:50:28,559
government is doing their best

1304
00:50:32,630 --> 00:50:30,640
to figure out technologies that will

1305
00:50:35,990 --> 00:50:32,640
understand the neural

1306
00:50:37,829 --> 00:50:36,000
requests of the driver

1307
00:50:39,349 --> 00:50:37,839
which is the the person who's telling

1308
00:50:44,549 --> 00:50:39,359
the drone where to go what to do

1309
00:50:48,150 --> 00:50:47,030
which is you know i mean i think from my

1310
00:50:51,510 --> 00:50:48,160
understanding

1311
00:50:54,710 --> 00:50:51,520
uh these were things

1312
00:50:57,829 --> 00:50:54,720
that the group associated with

1313
00:51:01,190 --> 00:50:57,839

all of this has been looking up for

1314

00:51:04,790 --> 00:51:01,200

for decades and i find that you know

1315

00:51:06,470 --> 00:51:04,800

that fascinating in and of itself

1316

00:51:08,069 --> 00:51:06,480

but i think the technology that comes

1317

00:51:08,870 --> 00:51:08,079

out and even you know i was looking at

1318

00:51:11,990 --> 00:51:08,880

some

1319

00:51:14,470 --> 00:51:12,000

day and just the

1320

00:51:16,309 --> 00:51:14,480

incredible things they're capable of and

1321

00:51:19,109 --> 00:51:16,319

i think most people who

1322

00:51:19,990 --> 00:51:19,119

you know didn't obsess like i do and and

1323

00:51:21,990 --> 00:51:20,000

didn't have an

1324

00:51:23,910 --> 00:51:22,000

understanding of you know what was

1325

00:51:25,670 --> 00:51:23,920

really flowing around in our skies would

1326

00:51:27,190 --> 00:51:25,680

see some of these lights and think oh my

1327

00:51:29,349 --> 00:51:27,200

god it's a ufo

1328

00:51:30,790 --> 00:51:29,359

when in that you know actuality it's

1329

00:51:33,270 --> 00:51:30,800

probably not but

1330

00:51:34,950 --> 00:51:33,280

i mean it's crazy and so where do you

1331

00:51:35,510 --> 00:51:34,960

how do you draw the line and especially

1332

00:51:37,910 --> 00:51:35,520

with

1333

00:51:39,589 --> 00:51:37,920

a place like skinwalker ranch when or

1334

00:51:41,190 --> 00:51:39,599

that the surrounding area you know

1335

00:51:42,549 --> 00:51:41,200

you've got

1336

00:51:44,390 --> 00:51:42,559

you know i mean you and i have had

1337

00:51:47,589 --> 00:51:44,400

experiences and then

1338

00:51:49,829 --> 00:51:47,599

and then the waters are so muddied

1339

00:51:51,990 --> 00:51:49,839

and then you don't know you know what

1340

00:51:52,710 --> 00:51:52,000

way is up i mean was this paranormal was

1341

00:51:54,950 --> 00:51:52,720

this

1342

00:51:56,309 --> 00:51:54,960

you know some sort of experiment what

1343

00:51:58,150 --> 00:51:56,319

you know i mean

1344

00:51:59,589 --> 00:51:58,160

i don't know and how do you how have you

1345

00:52:03,670 --> 00:51:59,599

over the years

1346

00:52:07,829 --> 00:52:06,470

well the way i see it is if it's if if

1347

00:52:09,990 --> 00:52:07,839

we are

1348

00:52:12,150 --> 00:52:10,000

just barely looking beyond the veil and

1349

00:52:13,109 --> 00:52:12,160

in certain areas that are remote like

1350

00:52:15,430 --> 00:52:13,119

the deserts

1351
00:52:17,670 --> 00:52:15,440
and things of that nature maybe we're

1352
00:52:19,349 --> 00:52:17,680
seeing some kind of testing

1353
00:52:21,349 --> 00:52:19,359
just imagine what the cities are like

1354
00:52:22,470 --> 00:52:21,359
we're literally living in a proverbial

1355
00:52:25,990 --> 00:52:22,480
soup of

1356
00:52:27,670 --> 00:52:26,000
5g and 4g technology that hasn't

1357
00:52:29,270 --> 00:52:27,680
been tested just rolled out with

1358
00:52:31,910 --> 00:52:29,280
inadequacy and quickness

1359
00:52:33,910 --> 00:52:31,920
and you know the testing there it comes

1360
00:52:37,270 --> 00:52:33,920
again that darn word you know is

1361
00:52:39,829 --> 00:52:37,280
key and i think that you know

1362
00:52:41,349 --> 00:52:39,839
a lot of the things that we take for

1363
00:52:44,390 --> 00:52:41,359

granted unfortunately are

1364

00:52:47,190 --> 00:52:44,400

all military by-products

1365

00:52:48,630 --> 00:52:47,200

you know uh the internet and many of the

1366

00:52:50,870 --> 00:52:48,640

other things that we've discussed

1367

00:52:53,270 --> 00:52:50,880

so it's such a double-edged sword erica

1368

00:52:55,829 --> 00:52:53,280

i don't you know we have to stay up

1369

00:52:56,630 --> 00:52:55,839

in front of in in front of our enemies

1370

00:53:00,549 --> 00:52:56,640

we can't

1371

00:53:01,349 --> 00:53:00,559

just be singing kumbaya around a

1372

00:53:04,390 --> 00:53:01,359

campfire

1373

00:53:06,309 --> 00:53:04,400

in the desert but on the other hand

1374

00:53:07,990 --> 00:53:06,319

you know you don't want to be flying a

1375

00:53:09,349 --> 00:53:08,000

drone into that campfire and

1376

00:53:11,670 --> 00:53:09,359

blowing up the people that are doing

1377

00:53:13,190 --> 00:53:11,680

that right i mean

1378

00:53:15,910 --> 00:53:13,200

yeah that's the interesting thing with

1379

00:53:18,710 --> 00:53:15,920

that with regard to the the 5g

1380

00:53:19,270 --> 00:53:18,720

technology uh and and arpanet you know

1381

00:53:23,430 --> 00:53:19,280

the

1382

00:53:26,549 --> 00:53:23,440

university of utah

1383

00:53:28,710 --> 00:53:26,559

is and stanford research institute with

1384

00:53:30,950 --> 00:53:28,720

regard to arpanet but with the 5g

1385

00:53:34,710 --> 00:53:30,960

technology we were one of the first

1386

00:53:37,510 --> 00:53:34,720

places uh to actually roll out testing

1387

00:53:38,870 --> 00:53:37,520

on this and we were testing uh in a

1388

00:53:42,870 --> 00:53:38,880

community

1389

00:53:44,069 --> 00:53:42,880

which i find absolutely fascinating so

1390

00:53:46,390 --> 00:53:44,079

and i know that there were you know a

1391

00:53:48,470 --> 00:53:46,400

few news reports about that and

1392

00:53:49,910 --> 00:53:48,480

some people questioning that the safety

1393

00:53:51,750 --> 00:53:49,920

which many of the people around the

1394

00:53:52,549 --> 00:53:51,760

world have questioned the safety because

1395

00:53:55,910 --> 00:53:52,559

of its

1396

00:53:58,549 --> 00:53:55,920

ideas capability to be used uh

1397

00:53:59,109 --> 00:53:58,559

as a weapon and what are the harmful

1398

00:54:02,230 --> 00:53:59,119

effects

1399

00:54:03,750 --> 00:54:02,240

from being associated being around uh

1400

00:54:05,430 --> 00:54:03,760

you know the towers and things i mean

1401
00:54:06,470 --> 00:54:05,440
all of it is just fascinating but utah

1402
00:54:10,069 --> 00:54:06,480
really is

1403
00:54:14,069 --> 00:54:10,079
a a hub of testing

1404
00:54:14,549 --> 00:54:14,079
like this i i can't i don't know if it

1405
00:54:16,470 --> 00:54:14,559
is

1406
00:54:17,829 --> 00:54:16,480
i've heard the rumors and we're kind of

1407
00:54:19,750 --> 00:54:17,839
discussing those things

1408
00:54:21,510 --> 00:54:19,760
you know in other cases like this

1409
00:54:23,990 --> 00:54:21,520
location known as gl2

1410
00:54:25,589 --> 00:54:24,000
that this this russian individual wanted

1411
00:54:28,230 --> 00:54:25,599
to buy that is

1412
00:54:29,910 --> 00:54:28,240
um miles and miles and miles well and

1413
00:54:30,470 --> 00:54:29,920

that's the thing is the uinta basin is a

1414

00:54:35,270 --> 00:54:30,480

very

1415

00:54:36,069 --> 00:54:35,280

i'd say that there's a good 80 square

1416

00:54:38,390 --> 00:54:36,079

mile

1417

00:54:39,750 --> 00:54:38,400

area that you could probably paint all

1418

00:54:43,510 --> 00:54:39,760

red it's it's that

1419

00:54:44,789 --> 00:54:43,520

hot and uh that's why it's laughable

1420

00:54:47,750 --> 00:54:44,799

that some of these

1421

00:54:49,670 --> 00:54:47,760

boundary lines are like critical however

1422

00:54:51,589 --> 00:54:49,680

i do see why military would need

1423

00:54:52,150 --> 00:54:51,599

plausible deniability in probably about

1424

00:54:54,630 --> 00:54:52,160

6

1425

00:54:55,430 --> 00:54:54,640

000 acres like this ranch was to do what

1426

00:54:58,470 --> 00:54:55,440

they were going to do

1427

00:55:00,390 --> 00:54:58,480

unfortunately in the story i recounted

1428

00:55:01,990 --> 00:55:00,400

it was a russian individual that was

1429

00:55:04,789 --> 00:55:02,000

doing this and

1430

00:55:05,190 --> 00:55:04,799

you know as i look back a lot of the

1431

00:55:09,030 --> 00:55:05,200

hush

1432

00:55:10,710 --> 00:55:09,040

detrimental because

1433

00:55:12,069 --> 00:55:10,720

if this person would have been more

1434

00:55:13,349 --> 00:55:12,079

forthcoming and quick and would have

1435

00:55:14,950 --> 00:55:13,359

been talking about it it would have

1436

00:55:16,549 --> 00:55:14,960

gotten national attention

1437

00:55:18,309 --> 00:55:16,559

quote unquote nsa would have

1438

00:55:19,109 --> 00:55:18,319

investigated it all probably would have

1439

00:55:21,910 --> 00:55:19,119

been shut down

1440

00:55:22,309 --> 00:55:21,920

by now i think it went the other way i

1441

00:55:24,710 --> 00:55:22,319

think

1442

00:55:27,109 --> 00:55:24,720

that they did what they did and either

1443

00:55:30,309 --> 00:55:27,119

succeeded or probably got defeated

1444

00:55:33,270 --> 00:55:30,319

and and here we are you know dealing

1445

00:55:34,870 --> 00:55:33,280

and who knows how many quote-unquote

1446

00:55:37,349 --> 00:55:34,880

sightings came out of that

1447

00:55:39,030 --> 00:55:37,359

so i don't know like it's hard to tell

1448

00:55:39,589 --> 00:55:39,040

you know it there's there's all kinds of

1449

00:55:41,990 --> 00:55:39,599

craft

1450

00:55:43,589 --> 00:55:42,000

drones personal private drones some of

1451

00:55:46,710 --> 00:55:43,599

them illegal some of them aren't

1452

00:55:49,990 --> 00:55:46,720

sadly you know uh probably

1453

00:55:52,630 --> 00:55:50,000

not our friends and

1454

00:55:54,549 --> 00:55:52,640

um you know there's there's all kinds of

1455

00:55:56,470 --> 00:55:54,559

angles to this so it's it's tough you

1456

00:55:58,710 --> 00:55:56,480

know with the 5g thing

1457

00:56:00,069 --> 00:55:58,720

it's very difficult because you know why

1458

00:56:02,630 --> 00:56:00,079

do we need it you know it's going to

1459

00:56:03,910 --> 00:56:02,640

cause this and cause that and well we

1460

00:56:05,910 --> 00:56:03,920

need it because your guy

1461

00:56:07,510 --> 00:56:05,920

and i mean like you know actually yeah

1462

00:56:08,470 --> 00:56:07,520

literally like your guy could be in

1463

00:56:10,950 --> 00:56:08,480

battle

1464

00:56:11,990 --> 00:56:10,960

and he needs to get the information

1465

00:56:16,230 --> 00:56:12,000

faster than

1466

00:56:19,510 --> 00:56:16,240

the enemy you know so it's tough

1467

00:56:21,670 --> 00:56:19,520

absolutely i i agree with you on on that

1468

00:56:25,109 --> 00:56:21,680

absolutely yeah you know what i think

1469

00:56:27,430 --> 00:56:25,119

you might be right that is insane

1470

00:56:28,870 --> 00:56:27,440

wow where does time go i don't know i

1471

00:56:30,870 --> 00:56:28,880

can look in the mirror and figure that

1472

00:56:33,510 --> 00:56:30,880

one out but

1473

00:56:35,109 --> 00:56:33,520

it's just it is so crazy how you know i

1474

00:56:38,390 --> 00:56:35,119

mean you and i have been through

1475

00:56:40,950 --> 00:56:38,400

so much and had um

1476
00:56:41,990 --> 00:56:40,960
we had an interesting relationship and

1477
00:56:44,630 --> 00:56:42,000
and i'm glad that we

1478
00:56:45,510 --> 00:56:44,640
you know are in touch again and all of

1479
00:56:47,349 --> 00:56:45,520
that because i

1480
00:56:49,190 --> 00:56:47,359
there's so much that i can learn from

1481
00:56:51,670 --> 00:56:49,200
you and vice versa we're

1482
00:56:52,390 --> 00:56:51,680
both on this quest and we care very much

1483
00:56:55,109 --> 00:56:52,400
about

1484
00:56:57,349 --> 00:56:55,119
the area you know the uh basin the

1485
00:56:58,470 --> 00:56:57,359
people the land it's just an exquisite

1486
00:57:01,589 --> 00:56:58,480
place and

1487
00:57:02,309 --> 00:57:01,599
and so so much mystery going on and you

1488
00:57:03,510 --> 00:57:02,319

were

1489

00:57:04,870 --> 00:57:03,520

you know talking about a little bit

1490

00:57:06,950 --> 00:57:04,880

before we went to the break you were

1491

00:57:10,549 --> 00:57:06,960

talking about you know gl2

1492

00:57:12,870 --> 00:57:10,559

and this russian uh slugger

1493

00:57:13,829 --> 00:57:12,880

who you know who wanted to buy the

1494

00:57:15,910 --> 00:57:13,839

property what

1495

00:57:18,950 --> 00:57:15,920

can you tell us what your what your

1496

00:57:21,990 --> 00:57:18,960

interaction with him was

1497

00:57:24,470 --> 00:57:22,000

yeah absolutely it was a weird one

1498

00:57:25,990 --> 00:57:24,480

and and to my reference just to go back

1499

00:57:28,309 --> 00:57:26,000

super quickly

1500

00:57:30,390 --> 00:57:28,319

like to my reference of a drone crashing

1501
00:57:31,670 --> 00:57:30,400
into folks singing kumbaya around a

1502
00:57:35,190 --> 00:57:31,680
campfire

1503
00:57:37,190 --> 00:57:35,200
um to clarify i i think the likelihood

1504
00:57:38,630 --> 00:57:37,200
of some bozo with little to no

1505
00:57:41,190 --> 00:57:38,640
experience

1506
00:57:42,789 --> 00:57:41,200
is much more likely and i think i have

1507
00:57:43,750 --> 00:57:42,799
some folks in mind and you probably know

1508
00:57:46,789 --> 00:57:43,760
who

1509
00:57:48,549 --> 00:57:46,799
than a military trained drone operator

1510
00:57:50,390 --> 00:57:48,559
and that's why it's a good idea do not

1511
00:57:53,510 --> 00:57:50,400
fly drones up there

1512
00:57:56,150 --> 00:57:53,520
there are no good guys in this game

1513
00:57:57,190 --> 00:57:56,160

and uh there are our guys and there's

1514

00:58:02,789 --> 00:57:57,200

they're

1515

00:58:04,789 --> 00:58:02,799

you know humanity that's that's where we

1516

00:58:07,990 --> 00:58:04,799

are at this point is humanity with

1517

00:58:08,950 --> 00:58:08,000

with uh and with those chips my gamble's

1518

00:58:11,670 --> 00:58:08,960

always going to be with

1519

00:58:13,349 --> 00:58:11,680

our military but with that said this was

1520

00:58:14,789 --> 00:58:13,359

obviously not our military this was

1521

00:58:18,870 --> 00:58:14,799

somebody else's

1522

00:58:22,150 --> 00:58:18,880

and uh this guy invited me to some very

1523

00:58:25,510 --> 00:58:22,160

interesting affairs um

1524

00:58:28,630 --> 00:58:25,520

offering to fly me to

1525

00:58:29,910 --> 00:58:28,640

uh uh to it basically uh you know hey

1526

00:58:33,030 --> 00:58:29,920

i'll put you up

1527

00:58:35,190 --> 00:58:33,040

let's chat um everything's included

1528

00:58:39,990 --> 00:58:35,200

you'll love it it's a big party

1529

00:58:43,030 --> 00:58:42,390

uh you know that i would be freaking out

1530

00:58:45,829 --> 00:58:43,040

as well

1531

00:58:48,710 --> 00:58:45,839

i may do what he did so did you approach

1532

00:58:51,030 --> 00:58:48,720

him or did he approach you initially

1533

00:58:52,309 --> 00:58:51,040

i approached him initially and got no

1534

00:58:55,270 --> 00:58:52,319

response initially

1535

00:58:56,630 --> 00:58:55,280

and then uh and then everything changed

1536

00:58:59,349 --> 00:58:56,640

and it went from

1537

00:58:59,910 --> 00:58:59,359

like who are you where are you to hey

1538

00:59:02,710 --> 00:58:59,920

buddy

1539

00:59:06,390 --> 00:59:02,720

you know let's uh let's hang out this is

1540

00:59:12,150 --> 00:59:10,069

and so how often was he up in the area

1541

00:59:13,270 --> 00:59:12,160

oh he was in the area full time i don't

1542

00:59:15,750 --> 00:59:13,280

know where his base

1543

00:59:16,549 --> 00:59:15,760

of operations was but you could tell

1544

00:59:18,950 --> 00:59:16,559

that this guy

1545

00:59:21,030 --> 00:59:18,960

was not driving the city roads he was

1546

00:59:23,430 --> 00:59:21,040

driving country roads you know and

1547

00:59:26,150 --> 00:59:23,440

and and this was i don't know who the

1548

00:59:31,030 --> 00:59:29,109

and how long did it last then did you

1549

00:59:33,430 --> 00:59:31,040

ever attend anything that he invited you

1550

00:59:36,549 --> 00:59:33,440

to

1551

00:59:39,430 --> 00:59:36,559

no i i i did not it

1552

00:59:40,549 --> 00:59:39,440

at first i did kind of respond with a

1553

00:59:42,630 --> 00:59:40,559

little bit of warmth

1554

00:59:44,309 --> 00:59:42,640

and then i realized just what a slippery

1555

00:59:45,750 --> 00:59:44,319

slope this could be and i mean the

1556

00:59:47,990 --> 00:59:45,760

minute i take a flight out of the

1557

00:59:51,190 --> 00:59:48,000

country all bets are off you know

1558

00:59:52,870 --> 00:59:51,200

so i just did none of it really it just

1559

00:59:55,910 --> 00:59:52,880

didn't pass the sniff test to me and i

1560

00:59:57,510 --> 00:59:55,920

was pretty stupid at that point

1561

00:59:59,510 --> 00:59:57,520

well and that's the thing i think you

1562

01:00:02,069 --> 00:59:59,520

know a lot of people in

1563

01:00:04,230 --> 01:00:02,079

you know a lot of us who get into this

1564

01:00:05,990 --> 01:00:04,240

they don't understand the

1565

01:00:07,430 --> 01:00:06,000

i don't know the dangers i think when

1566

01:00:10,710 --> 01:00:07,440

you start sniffing around

1567

01:00:14,069 --> 01:00:10,720

in in places where there is potential

1568

01:00:15,190 --> 01:00:14,079

uh military testing or other things you

1569

01:00:17,109 --> 01:00:15,200

know and so

1570

01:00:18,950 --> 01:00:17,119

it's been you know fascinating for me to

1571

01:00:19,750 --> 01:00:18,960

see the people who've approached me over

1572

01:00:22,150 --> 01:00:19,760

the

1573

01:00:23,750 --> 01:00:22,160

years but you know let's that brings me

1574

01:00:26,870 --> 01:00:23,760

to you know my next

1575

01:00:29,030 --> 01:00:26,880

uh question we hear so much about the

1576

01:00:32,150 --> 01:00:29,040

men in black and

1577

01:00:36,390 --> 01:00:32,160

for me looking into it the men in black

1578

01:00:39,030 --> 01:00:36,400

was is another kind of a way to hide

1579

01:00:40,870 --> 01:00:39,040

things that are going on you know and so

1580

01:00:41,750 --> 01:00:40,880

uh and i don't necessarily think it's

1581

01:00:44,230 --> 01:00:41,760

paranormal

1582

01:00:45,670 --> 01:00:44,240

those are my opinions but what you know

1583

01:00:48,309 --> 01:00:45,680

tell us a little bit about

1584

01:00:49,190 --> 01:00:48,319

some of the unusual experiences with

1585

01:00:51,589 --> 01:00:49,200

with you

1586

01:00:52,710 --> 01:00:51,599

in the basin i know that you have shared

1587

01:00:55,510 --> 01:00:52,720

some video with me

1588

01:00:56,549 --> 01:00:55,520

and and that is available online from my

1589

01:00:58,950 --> 01:00:56,559

understanding

1590

01:01:02,230 --> 01:00:58,960

where there were people that were coming

1591

01:01:08,230 --> 01:01:05,750

yeah this was back in um

1592

01:01:10,710 --> 01:01:08,240

it was it was a strange thing because it

1593

01:01:13,910 --> 01:01:10,720

was a new area for me and i was still

1594

01:01:16,150 --> 01:01:13,920

kind of getting established and

1595

01:01:17,670 --> 01:01:16,160

i would have these for lack of a better

1596

01:01:20,309 --> 01:01:17,680

word intruders

1597

01:01:21,430 --> 01:01:20,319

who seemed professional in capacity they

1598

01:01:24,230 --> 01:01:21,440

were usually either

1599

01:01:25,510 --> 01:01:24,240

armed with electrical devices or

1600

01:01:28,230 --> 01:01:25,520

sidearms

1601
01:01:29,430 --> 01:01:28,240
and they were always looking for

1602
01:01:32,710 --> 01:01:29,440
something in the same

1603
01:01:33,510 --> 01:01:32,720
freaking area and it was three different

1604
01:01:36,549 --> 01:01:33,520
times

1605
01:01:38,789 --> 01:01:36,559
uh one guy the first time to the next

1606
01:01:40,309 --> 01:01:38,799
i think to the last time and the last

1607
01:01:42,069 --> 01:01:40,319
one is the most intriguing and i

1608
01:01:43,670 --> 01:01:42,079
couldn't find that video i apologize

1609
01:01:45,190 --> 01:01:43,680
it would make sense that it's online and

1610
01:01:48,309 --> 01:01:45,200
i wouldn't know where it is so

1611
01:01:49,589 --> 01:01:48,319
um but it's it's weird and

1612
01:01:51,270 --> 01:01:49,599
you know there were some other

1613
01:01:51,990 --> 01:01:51,280

interesting things that took place over

1614

01:01:54,950 --> 01:01:52,000

there with

1615

01:01:56,230 --> 01:01:54,960

uh other researchers ron johnson and

1616

01:01:59,190 --> 01:01:56,240

daryl smith

1617

01:02:00,230 --> 01:01:59,200

on one occasion there was an event with

1618

01:02:03,910 --> 01:02:00,240

a guy that

1619

01:02:05,670 --> 01:02:03,920

pulled into the famous uh

1620

01:02:07,589 --> 01:02:05,680

parking lot beside where i lived where

1621

01:02:09,270 --> 01:02:07,599

these strange cars would often times

1622

01:02:11,829 --> 01:02:09,280

pull at strange hours

1623

01:02:12,390 --> 01:02:11,839

and um anyway who knows what it was this

1624

01:02:14,230 --> 01:02:12,400

guy had

1625

01:02:15,750 --> 01:02:14,240

what looked and we only know this

1626

01:02:17,270 --> 01:02:15,760

because we had night vision goggles but

1627

01:02:17,990 --> 01:02:17,280

it looked like he got out of his car

1628

01:02:20,950 --> 01:02:18,000

with

1629

01:02:21,510 --> 01:02:20,960

a nerf gun or a super soaker or

1630

01:02:25,190 --> 01:02:21,520

something

1631

01:02:27,029 --> 01:02:25,200

ridiculous and uh

1632

01:02:28,390 --> 01:02:27,039

so there was no reason to be afraid or

1633

01:02:30,390 --> 01:02:28,400

at least we didn't think there was

1634

01:02:31,589 --> 01:02:30,400

and then he proceeded to walk towards us

1635

01:02:34,390 --> 01:02:31,599

and aim it at us

1636

01:02:34,870 --> 01:02:34,400

and i remember ron and myself both took

1637

01:02:37,430 --> 01:02:34,880

cover

1638

01:02:39,349 --> 01:02:37,440

but daryl just kind of stood there and

1639

01:02:41,829 --> 01:02:39,359

all we saw was

1640

01:02:43,029 --> 01:02:41,839

what could be likened to a pulse or a

1641

01:02:44,150 --> 01:02:43,039

light coming out of

1642

01:02:45,589 --> 01:02:44,160

you know we were looking through night

1643

01:02:47,029 --> 01:02:45,599

vision and that's where the

1644

01:02:48,549 --> 01:02:47,039

miscommunication or maybe my

1645

01:02:49,990 --> 01:02:48,559

misperception comes in

1646

01:02:52,870 --> 01:02:50,000

maybe it just had a light on the end of

1647

01:02:55,109 --> 01:02:52,880

it but it sure did look like a

1648

01:02:57,029 --> 01:02:55,119

pulse of some kind coming out of it and

1649

01:02:57,589 --> 01:02:57,039

the weird coincidence to not make a long

1650

01:03:00,710 --> 01:02:57,599

story

1651
01:03:02,069 --> 01:03:00,720
longer is that within a month daryl came

1652
01:03:04,549 --> 01:03:02,079
down with a als

1653
01:03:06,630 --> 01:03:04,559
lou gehrig's disease long story short

1654
01:03:09,029 --> 01:03:06,640
got sick and died and

1655
01:03:09,990 --> 01:03:09,039
you know it's uh it's a really sad tale

1656
01:03:11,670 --> 01:03:10,000
but is there

1657
01:03:14,950 --> 01:03:11,680
is there a correlation or is it just

1658
01:03:17,589 --> 01:03:14,960
coincidence i don't know

1659
01:03:18,150 --> 01:03:17,599
well i mean that certainly is odd an odd

1660
01:03:19,670 --> 01:03:18,160
story

1661
01:03:21,510 --> 01:03:19,680
you know even if you didn't have the

1662
01:03:22,470 --> 01:03:21,520
other intrigue around it i mean if

1663
01:03:24,390 --> 01:03:22,480

somebody

1664

01:03:26,470 --> 01:03:24,400

getting out close to your property and

1665

01:03:29,589 --> 01:03:26,480

then taking out what appears to be

1666

01:03:31,670 --> 01:03:29,599

a gun and and things like that and it is

1667

01:03:34,710 --> 01:03:31,680

interesting because i've spoken with

1668

01:03:38,230 --> 01:03:34,720

a fellow in the area who's lived there

1669

01:03:42,309 --> 01:03:38,240

his whole life and he had a similar

1670

01:03:45,190 --> 01:03:42,319

experience where he was there was uh

1671

01:03:46,390 --> 01:03:45,200

two fellows he believes and there was

1672

01:03:49,430 --> 01:03:46,400

they were aiming

1673

01:03:51,029 --> 01:03:49,440

some sort of weapon uh light weapon

1674

01:03:54,549 --> 01:03:51,039

whatever at him

1675

01:03:56,789 --> 01:03:54,559

and that induced some physical reactions

1676
01:03:58,150 --> 01:03:56,799
in him and so that that really you know

1677
01:03:59,510 --> 01:03:58,160
i was thinking about that after i talked

1678
01:04:01,109 --> 01:03:59,520
to you the other night and you

1679
01:04:02,950 --> 01:04:01,119
told me that story again and i'm just

1680
01:04:07,349 --> 01:04:02,960
like okay that's really

1681
01:04:09,510 --> 01:04:07,359
quite curious so what is it is it just

1682
01:04:11,109 --> 01:04:09,520
uh you know i mean are we making

1683
01:04:12,470 --> 01:04:11,119
connections where there aren't any but

1684
01:04:13,510 --> 01:04:12,480
it's you know now you've got more than

1685
01:04:17,029 --> 01:04:13,520
one

1686
01:04:20,789 --> 01:04:17,039
account of that which i find interesting

1687
01:04:22,710 --> 01:04:20,799
and so i mean what what did ron

1688
01:04:24,630 --> 01:04:22,720

feel about that and i know that you're

1689

01:04:25,510 --> 01:04:24,640

very good friends with him he's a great

1690

01:04:27,029 --> 01:04:25,520

person

1691

01:04:29,109 --> 01:04:27,039

what has he thought about that over the

1692

01:04:30,870 --> 01:04:29,119

years

1693

01:04:33,029 --> 01:04:30,880

you know we thought it was strange at

1694

01:04:36,069 --> 01:04:33,039

the time now

1695

01:04:39,109 --> 01:04:36,079

um fast forward daryl getting sick

1696

01:04:42,789 --> 01:04:39,119

we didn't even have time to kind of uh

1697

01:04:46,230 --> 01:04:42,799

you know honestly i remember sitting

1698

01:04:49,990 --> 01:04:46,240

with ryan layton at the funeral and

1699

01:04:51,270 --> 01:04:50,000

saying to him man i daryl was there

1700

01:04:53,349 --> 01:04:51,280

close by and i was thinking

1701

01:04:54,710 --> 01:04:53,359

i wonder if this has to do with that

1702

01:04:56,950 --> 01:04:54,720

weird night

1703

01:04:58,150 --> 01:04:56,960

and discussing it at that point because

1704

01:05:00,150 --> 01:04:58,160

you know these things happen

1705

01:05:01,910 --> 01:05:00,160

so quickly that you don't really want to

1706

01:05:03,190 --> 01:05:01,920

bring it up especially while somebody's

1707

01:05:05,910 --> 01:05:03,200

sick and dying

1708

01:05:07,109 --> 01:05:05,920

but you know and that's the issue is are

1709

01:05:10,549 --> 01:05:07,119

these things

1710

01:05:11,990 --> 01:05:10,559

it could be a lot of miss misdiagnosis

1711

01:05:13,109 --> 01:05:12,000

because we don't know there's no

1712

01:05:15,430 --> 01:05:13,119

legitimate proof

1713

01:05:18,150 --> 01:05:15,440

that i have that this was any kind of

1714

01:05:21,589 --> 01:05:18,160

pulse weapon it could just be some yahoo

1715

01:05:24,789 --> 01:05:21,599

with uh with a with his kid's gun

1716

01:05:27,190 --> 01:05:24,799

after a few beers and you know it

1717

01:05:28,309 --> 01:05:27,200

it's it's difficult to say what it is

1718

01:05:32,230 --> 01:05:28,319

we're looking at now

1719

01:05:35,510 --> 01:05:32,240

with with respect to

1720

01:05:38,309 --> 01:05:35,520

other countries doing testing and doing

1721

01:05:39,430 --> 01:05:38,319

exercises in the area that's all i can

1722

01:05:41,670 --> 01:05:39,440

actually

1723

01:05:43,029 --> 01:05:41,680

speak to because that's all i've seen

1724

01:05:46,390 --> 01:05:43,039

and have 100

1725

01:05:49,270 --> 01:05:46,400

in my mind proof of and that is

1726

01:05:49,589 --> 01:05:49,280

the fact that my believe it or not i had

1727

01:05:53,109 --> 01:05:49,599

a

1728

01:05:56,309 --> 01:05:53,119

often who

1729

01:05:57,190 --> 01:05:56,319

would install carpet and flooring and he

1730

01:06:00,309 --> 01:05:57,200

witnessed

1731

01:06:01,829 --> 01:06:00,319

uh on various occasions while he was at

1732

01:06:03,349 --> 01:06:01,839

work doing this at different people's

1733

01:06:05,750 --> 01:06:03,359

houses he would witness

1734

01:06:08,069 --> 01:06:05,760

these strange engagements that he would

1735

01:06:10,069 --> 01:06:08,079

tell me about with

1736

01:06:14,549 --> 01:06:10,079

military that did not seem like they

1737

01:06:18,309 --> 01:06:16,069

can you go a little bit more into detail

1738

01:06:21,190 --> 01:06:18,319

about that

1739

01:06:22,390 --> 01:06:21,200

i i can tell you that it took place on

1740

01:06:25,510 --> 01:06:22,400

the ridges

1741

01:06:28,630 --> 01:06:25,520

south of duchesne utah and

1742

01:06:31,670 --> 01:06:28,640

i can tell you that it

1743

01:06:32,710 --> 01:06:31,680

was it was not the russian military so

1744

01:06:35,990 --> 01:06:32,720

it was another

1745

01:06:39,670 --> 01:06:36,000

and another possible enemy but what's

1746

01:06:40,549 --> 01:06:39,680

interesting is there's i don't know i

1747

01:06:42,309 --> 01:06:40,559

mean

1748

01:06:43,750 --> 01:06:42,319

when you ask these questions more people

1749

01:06:45,270 --> 01:06:43,760

come out of the woodwork and

1750

01:06:47,029 --> 01:06:45,280

tell you stories about this kind of

1751

01:06:49,029 --> 01:06:47,039

stuff now

1752

01:06:50,470 --> 01:06:49,039

our military that i'm aware of is doing

1753

01:06:51,190 --> 01:06:50,480

nothing like that the only thing they're

1754

01:06:53,270 --> 01:06:51,200

helping with

1755

01:06:55,670 --> 01:06:53,280

is possibly some of the companies or

1756

01:06:58,870 --> 01:06:55,680

subcontractors that help with the oil

1757

01:07:00,950 --> 01:06:58,880

are also engaged with

1758

01:07:03,430 --> 01:07:00,960

for example halliburton is engaged both

1759

01:07:06,710 --> 01:07:03,440

ways in military and

1760

01:07:09,910 --> 01:07:06,720

in industry commerce finance energy

1761

01:07:11,910 --> 01:07:09,920

and so there's you know a lot of these

1762

01:07:14,309 --> 01:07:11,920

larger players are they have their hands

1763

01:07:17,510 --> 01:07:14,319

in everything and

1764

01:07:18,549 --> 01:07:17,520

it's it's tough because to the belief

1765

01:07:20,950 --> 01:07:18,559

that there's

1766

01:07:23,670 --> 01:07:20,960

like no strange entity in the deserts of

1767

01:07:24,710 --> 01:07:23,680

the southwestern united states aka the

1768

01:07:27,750 --> 01:07:24,720

shape shifter

1769

01:07:29,430 --> 01:07:27,760

or the skinwalker i mean i i've seen

1770

01:07:35,029 --> 01:07:29,440

stuff that tells me that that just

1771

01:07:38,069 --> 01:07:37,109

and that's what makes it so you know i

1772

01:07:40,230 --> 01:07:38,079

think

1773

01:07:41,190 --> 01:07:40,240

it's what makes it so difficult and

1774

01:07:42,950 --> 01:07:41,200

muddy and

1775

01:07:44,549 --> 01:07:42,960

it is you know like i was mentioning

1776
01:07:45,510 --> 01:07:44,559
before the break it's my understanding

1777
01:07:48,230 --> 01:07:45,520
that these

1778
01:07:49,589 --> 01:07:48,240
you know these these types of things are

1779
01:07:51,270 --> 01:07:49,599
used and as

1780
01:07:53,589 --> 01:07:51,280
they can you know as a psychological

1781
01:07:55,829 --> 01:07:53,599
operation you take some of the common

1782
01:07:58,069 --> 01:07:55,839
myths in the in the area and then you

1783
01:08:00,870 --> 01:07:58,079
play on those myths and create

1784
01:08:01,510 --> 01:08:00,880
you know uh you know it's it's it's

1785
01:08:03,349 --> 01:08:01,520
perfect

1786
01:08:05,029 --> 01:08:03,359
we have done it before other countries

1787
01:08:07,349 --> 01:08:05,039
have done that before

1788
01:08:08,150 --> 01:08:07,359

uh and then you take weapons that you're

1789

01:08:11,029 --> 01:08:08,160

developing

1790

01:08:11,270 --> 01:08:11,039

and you know they mimic the paranormal

1791

01:08:14,789 --> 01:08:11,280

and

1792

01:08:16,229 --> 01:08:14,799

camillio

1793

01:08:17,829 --> 01:08:16,239

and some of the very interesting

1794

01:08:21,430 --> 01:08:17,839

experiences that

1795

01:08:23,590 --> 01:08:21,440

his friend dion had had with uh relation

1796

01:08:26,709 --> 01:08:23,600

to being followed and harassed

1797

01:08:28,390 --> 01:08:26,719

by a different uh group and things and

1798

01:08:29,910 --> 01:08:28,400

and the technologies the cloaking

1799

01:08:33,349 --> 01:08:29,920

technologies

1800

01:08:35,590 --> 01:08:33,359

uh the the drone uh technology

1801
01:08:37,510 --> 01:08:35,600
some of these things are just very very

1802
01:08:39,349 --> 01:08:37,520
interesting and if people haven't read

1803
01:08:41,349 --> 01:08:39,359
camellia i would highly recommend that

1804
01:08:43,189 --> 01:08:41,359
and i'd also recommend going back and

1805
01:08:45,510 --> 01:08:43,199
listening to robert cuffy on

1806
01:08:46,550 --> 01:08:45,520
some of my shows because it's absolutely

1807
01:08:49,189 --> 01:08:46,560
fascinating and

1808
01:08:50,470 --> 01:08:49,199
you know jacques la references uh

1809
01:08:53,030 --> 01:08:50,480
camellia

1810
01:08:55,430 --> 01:08:53,040
so what are we developing that have has

1811
01:08:58,870 --> 01:08:55,440
these camellia-like effects and

1812
01:09:00,070 --> 01:08:58,880
is that being tested in the uh basin it

1813
01:09:02,390 --> 01:09:00,080

seems like it and so

1814

01:09:03,430 --> 01:09:02,400

your friend who was watching some of

1815

01:09:06,550 --> 01:09:03,440

this stuff taking place

1816

01:09:09,829 --> 01:09:06,560

on the ridge do you know or remember

1817

01:09:11,990 --> 01:09:09,839

specifically what he was seeing

1818

01:09:12,950 --> 01:09:12,000

oh yeah i can i can get you in contact

1819

01:09:15,110 --> 01:09:12,960

with him and

1820

01:09:17,030 --> 01:09:15,120

it's it's very interesting because it

1821

01:09:17,510 --> 01:09:17,040

just you know he said it just sounded

1822

01:09:25,189 --> 01:09:17,520

like

1823

01:09:27,430 --> 01:09:25,199

copters were coming down hovering

1824

01:09:28,550 --> 01:09:27,440

you know oh i don't know a few feet off

1825

01:09:30,550 --> 01:09:28,560

the ground

1826

01:09:33,189 --> 01:09:30,560

and these guys were either jumping out

1827

01:09:36,630 --> 01:09:33,199

or getting down on ladders

1828

01:09:42,470 --> 01:09:36,640

and rushing into positions and innate

1829

01:09:47,990 --> 01:09:45,510

and so what made what

1830

01:09:49,189 --> 01:09:48,000

made him think that this wasn't

1831

01:09:50,950 --> 01:09:49,199

something from

1832

01:09:54,070 --> 01:09:50,960

this wasn't the contractor from the

1833

01:09:57,189 --> 01:09:56,870

he in his words they were all obviously

1834

01:10:04,390 --> 01:09:57,199

in

1835

01:10:05,350 --> 01:10:04,400

and it was obvious who it was and it had

1836

01:10:07,590 --> 01:10:05,360

the flag of the

1837

01:10:08,950 --> 01:10:07,600

the country which i don't want to name

1838

01:10:12,950 --> 01:10:08,960

but it it was

1839

01:10:15,910 --> 01:10:12,960

it was obvious to him okay

1840

01:10:17,669 --> 01:10:15,920

and i mean i have to just wonder with

1841

01:10:20,229 --> 01:10:17,679

with regard to that wouldn't

1842

01:10:20,790 --> 01:10:20,239

i mean are we willingly letting

1843

01:10:22,870 --> 01:10:20,800

different

1844

01:10:23,910 --> 01:10:22,880

countries come here to do that because

1845

01:10:26,070 --> 01:10:23,920

it would seem like

1846

01:10:27,270 --> 01:10:26,080

if there was something taking place on

1847

01:10:28,790 --> 01:10:27,280

our soil

1848

01:10:30,470 --> 01:10:28,800

like that that we would have to know

1849

01:10:31,669 --> 01:10:30,480

about it and be involved at least i

1850

01:10:33,510 --> 01:10:31,679

would hope

1851

01:10:35,510 --> 01:10:33,520

well and that comes back to the stuff

1852

01:10:37,350 --> 01:10:35,520

we're discussing i mean the only way

1853

01:10:37,990 --> 01:10:37,360

that we're going to know about it and be

1854

01:10:41,270 --> 01:10:38,000

involved

1855

01:10:42,630 --> 01:10:41,280

is to have quite literally skynet type

1856

01:10:45,990 --> 01:10:42,640

technology

1857

01:10:48,229 --> 01:10:46,000

which is going to enable us to

1858

01:10:49,189 --> 01:10:48,239

trace for things that are not normally

1859

01:10:50,790 --> 01:10:49,199

checked for on

1860

01:10:53,350 --> 01:10:50,800

things like radar and stuff and you hear

1861

01:10:55,110 --> 01:10:53,360

this you know this murmuring in in the

1862

01:10:57,590 --> 01:10:55,120

military about this stuff existing and

1863

01:10:58,950 --> 01:10:57,600

oh no that cat that couldn't be real but

1864

01:11:01,030 --> 01:10:58,960

but we're gonna have to develop

1865

01:11:02,630 --> 01:11:01,040

something because yeah if if this is

1866

01:11:04,310 --> 01:11:02,640

actually taking place it's not a good

1867

01:11:08,070 --> 01:11:04,320

thing

1868

01:11:10,950 --> 01:11:08,080

wow and and so what other types of

1869

01:11:12,070 --> 01:11:10,960

stories have you heard about people's

1870

01:11:14,550 --> 01:11:12,080

encounters

1871

01:11:16,630 --> 01:11:14,560

with the you know quote unquote men in

1872

01:11:19,669 --> 01:11:16,640

black or mysterious

1873

01:11:21,270 --> 01:11:19,679

people that's right i kind of i kind of

1874

01:11:24,390 --> 01:11:21,280

left you hanging on that one i'm sorry

1875

01:11:28,070 --> 01:11:24,400

and um

1876

01:11:31,590 --> 01:11:28,080

so the the experiences that i'll speak

1877

01:11:33,910 --> 01:11:31,600

to uh i'll speak to my own first

1878

01:11:35,830 --> 01:11:33,920

which are probably the funniest because

1879

01:11:38,870 --> 01:11:35,840

nothing bad came of them

1880

01:11:42,149 --> 01:11:38,880

and and the first would be

1881

01:11:44,550 --> 01:11:42,159

uh once hanging out at uh

1882

01:11:46,229 --> 01:11:44,560

my house dave rosenfeld was there a few

1883

01:11:47,510 --> 01:11:46,239

other people were there brian white's

1884

01:11:50,310 --> 01:11:47,520

eyes i believe

1885

01:11:53,189 --> 01:11:50,320

janice moore there was a crowd of people

1886

01:11:55,189 --> 01:11:53,199

there hanging out on a weekend

1887

01:11:56,709 --> 01:11:55,199

and uh you know we were getting ready to

1888

01:11:59,510 --> 01:11:56,719

do dinner and stuff and

1889

01:12:01,510 --> 01:11:59,520

and somebody said dude um there's a

1890

01:12:03,830 --> 01:12:01,520

truck at the end of your driveway

1891

01:12:05,830 --> 01:12:03,840

and it kind of looks like the mars rover

1892

01:12:08,550 --> 01:12:05,840

like it's got so many antennas and stuff

1893

01:12:10,470 --> 01:12:08,560

hanging out of it

1894

01:12:11,830 --> 01:12:10,480

and i was i didn't believe him at first

1895

01:12:12,709 --> 01:12:11,840

and sure enough came around the corner

1896

01:12:15,430 --> 01:12:12,719

and there it is

1897

01:12:17,510 --> 01:12:15,440

so it sat there for about a half an hour

1898

01:12:18,550 --> 01:12:17,520

and then i got a call on my phone and i

1899

01:12:20,870 --> 01:12:18,560

answered it and it's

1900

01:12:22,790 --> 01:12:20,880

this guy and he's like hey i'm sitting

1901
01:12:24,630 --> 01:12:22,800
here in your driveway

1902
01:12:26,310 --> 01:12:24,640
and i'm like hi how can i help you and

1903
01:12:28,229 --> 01:12:26,320
he's like well we

1904
01:12:29,910 --> 01:12:28,239
we uh we were wondering if you had any

1905
01:12:31,910 --> 01:12:29,920
rooms available and i'm like

1906
01:12:33,830 --> 01:12:31,920
um do you need a room and he goes well

1907
01:12:34,709 --> 01:12:33,840
no we don't but we were just wondering

1908
01:12:35,910 --> 01:12:34,719
if you did

1909
01:12:38,229 --> 01:12:35,920
because we're having some trouble with

1910
01:12:39,590 --> 01:12:38,239
our gear and our other question is it

1911
01:12:43,430 --> 01:12:39,600
okay if we park here for

1912
01:12:44,709 --> 01:12:43,440
a while and uh i said well if you do

1913
01:12:47,510 --> 01:12:44,719

need a room we'll

1914

01:12:48,229 --> 01:12:47,520

we'll make something happen but as far

1915

01:12:50,070 --> 01:12:48,239

as

1916

01:12:52,790 --> 01:12:50,080

parking there a while i don't see why

1917

01:12:56,070 --> 01:12:52,800

not what are you doing

1918

01:12:58,709 --> 01:12:56,080

you know like what are you doing like

1919

01:13:00,950 --> 01:12:58,719

you're in a ridiculous vehicle with tons

1920

01:13:03,030 --> 01:13:00,960

of antennas facing every which way

1921

01:13:05,110 --> 01:13:03,040

and he said oh we're just we're just

1922

01:13:08,870 --> 01:13:05,120

testing the the cellular

1923

01:13:09,910 --> 01:13:08,880

grid for uh anomalies or disruptions and

1924

01:13:11,510 --> 01:13:09,920

we're just trying to make it so

1925

01:13:13,270 --> 01:13:11,520

everybody's cell phones work better so

1926

01:13:16,310 --> 01:13:13,280

if you're start acting up

1927

01:13:17,990 --> 01:13:16,320

it's probably us and that

1928

01:13:19,510 --> 01:13:18,000

that was that i mean you could just

1929

01:13:21,990 --> 01:13:19,520

chalk that up to nothing

1930

01:13:22,709 --> 01:13:22,000

but you know if you get enough of these

1931

01:13:24,630 --> 01:13:22,719

nothings

1932

01:13:27,990 --> 01:13:24,640

over and over again they start to become

1933

01:13:31,510 --> 01:13:28,720

absolutely

1934

01:13:33,669 --> 01:13:31,520

[Music]

1935

01:13:34,950 --> 01:13:33,679

and what were some other experiences

1936

01:13:35,669 --> 01:13:34,960

because i know you you know you've got

1937

01:13:37,350 --> 01:13:35,679

your hands

1938

01:13:39,430 --> 01:13:37,360

in you have a lot of friends in the

1939

01:13:41,110 --> 01:13:39,440

community and i know over the years

1940

01:13:43,030 --> 01:13:41,120

people have come to you with

1941

01:13:44,870 --> 01:13:43,040

with different you know sightings or

1942

01:13:47,910 --> 01:13:44,880

different experiences that they've

1943

01:13:51,750 --> 01:13:47,920

had with regard to this what

1944

01:13:57,350 --> 01:13:54,709

sure one without i don't want to tip my

1945

01:13:59,189 --> 01:13:57,360

hat too much because i definitely

1946

01:14:01,189 --> 01:13:59,199

engaged a little bit with this one

1947

01:14:04,709 --> 01:14:01,199

because it was a little bit odd

1948

01:14:06,950 --> 01:14:04,719

um there was one that the vehicle

1949

01:14:09,110 --> 01:14:06,960

seemed again out of place extremely

1950

01:14:09,910 --> 01:14:09,120

tinted and and i'm that guy that doesn't

1951

01:14:13,270 --> 01:14:09,920

want to go down

1952

01:14:14,950 --> 01:14:13,280

the you know it's so easy uh like in the

1953

01:14:16,229 --> 01:14:14,960

guffy tale if nobody's read the book

1954

01:14:19,110 --> 01:14:16,239

camillo they have to

1955

01:14:19,750 --> 01:14:19,120

but you know these these it's a slippery

1956

01:14:21,590 --> 01:14:19,760

slope

1957

01:14:23,830 --> 01:14:21,600

and once they've convinced you you've

1958

01:14:24,390 --> 01:14:23,840

gone crazy guess what you've gone crazy

1959

01:14:26,470 --> 01:14:24,400

so the

1960

01:14:28,149 --> 01:14:26,480

the best way to do that is to just not

1961

01:14:31,510 --> 01:14:28,159

let them convince you you've gone crazy

1962

01:14:32,870 --> 01:14:31,520

and don't don't get paranoid about stuff

1963

01:14:34,630 --> 01:14:32,880

and that that's kind of why i followed

1964

01:14:37,189 --> 01:14:34,640

this thing and tried to engage but

1965

01:14:38,149 --> 01:14:37,199

to get back to the story there was a a

1966

01:14:41,669 --> 01:14:38,159

suburban

1967

01:14:43,830 --> 01:14:41,679

and it was extremely blacked out had uh

1968

01:14:45,590 --> 01:14:43,840

some kind of antenna off the back that

1969

01:14:47,590 --> 01:14:45,600

looked like a satellite tv

1970

01:14:49,430 --> 01:14:47,600

and had a bunch of just straight

1971

01:14:50,870 --> 01:14:49,440

antennas like law enforcement or

1972

01:14:54,390 --> 01:14:50,880

military off the front

1973

01:15:01,430 --> 01:14:54,400

had a push bar had no license plate

1974

01:15:04,630 --> 01:15:03,750

windshield was tinted so you could not

1975

01:15:07,270 --> 01:15:04,640

see the driver

1976

01:15:08,550 --> 01:15:07,280

because i crept into my driveway as i

1977

01:15:09,669 --> 01:15:08,560

usually did and he was parked right in

1978

01:15:11,910 --> 01:15:09,679

front

1979

01:15:13,030 --> 01:15:11,920

and right by there and i couldn't see

1980

01:15:14,550 --> 01:15:13,040

his face because

1981

01:15:16,630 --> 01:15:14,560

you know you just couldn't now i could

1982

01:15:17,750 --> 01:15:16,640

tell that he was wearing i went by slow

1983

01:15:21,270 --> 01:15:17,760

enough that he was wearing

1984

01:15:22,950 --> 01:15:21,280

kind of uh the canvassy uh velcro

1985

01:15:25,189 --> 01:15:22,960

attached

1986

01:15:26,950 --> 01:15:25,199

patches you know the type of uniform

1987

01:15:30,070 --> 01:15:26,960

that will accept patches

1988

01:15:33,189 --> 01:15:30,080

and and but that means nothing

1989

01:15:34,950 --> 01:15:33,199

so anyway i i went home

1990

01:15:36,709 --> 01:15:34,960

quote-unquote tried to act as normal as

1991

01:15:37,990 --> 01:15:36,719

possible going in the house expecting to

1992

01:15:39,910 --> 01:15:38,000

be arrested at any moment

1993

01:15:41,590 --> 01:15:39,920

and then i realized this guy's not going

1994

01:15:45,270 --> 01:15:41,600

anywhere he's just sitting there

1995

01:15:47,110 --> 01:15:45,280

and i'm like this is weird so i got the

1996

01:15:49,030 --> 01:15:47,120

quote-unquote balls to get up and get

1997

01:15:51,750 --> 01:15:49,040

out and i'm just gonna drive

1998

01:15:52,790 --> 01:15:51,760

up and drive behind him so i got in my

1999

01:15:54,070 --> 01:15:52,800

car

2000

01:15:56,470 --> 01:15:54,080

and i started pulling out of the

2001

01:15:57,270 --> 01:15:56,480

driveway and he busted out of there

2002

01:16:00,470 --> 01:15:57,280

super quick

2003

01:16:03,110 --> 01:16:00,480

so um it was

2004

01:16:04,630 --> 01:16:03,120

weird now he could probably tell that i

2005

01:16:06,470 --> 01:16:04,640

was looking at him inside the house and

2006

01:16:07,590 --> 01:16:06,480

i could tell that his car started and i

2007

01:16:09,510 --> 01:16:07,600

could tell that

2008

01:16:11,430 --> 01:16:09,520

his eyes were on me now it could be

2009

01:16:12,709 --> 01:16:11,440

anybody this is where it gets so weird

2010

01:16:14,709 --> 01:16:12,719

it could be anybody there's lots of

2011

01:16:16,630 --> 01:16:14,719

wackos out there so you don't wanna

2012

01:16:19,110 --> 01:16:16,640

but i probably did the worst thing and i

2013

01:16:21,189 --> 01:16:19,120

followed and this guy was going

2014

01:16:22,709 --> 01:16:21,199

i mean the fastest speeds i would guess

2015

01:16:26,870 --> 01:16:22,719

he was probably going

2016

01:16:30,550 --> 01:16:26,880

over 100 maybe 140 and 130 maybe

2017

01:16:34,070 --> 01:16:30,560

and his he ended up in roosevelt at the

2018

01:16:36,149 --> 01:16:34,080

airport and i at that point

2019

01:16:37,990 --> 01:16:36,159

when i saw that from afar i just decided

2020

01:16:40,070 --> 01:16:38,000

you know what this is bigger than me

2021

01:16:41,669 --> 01:16:40,080

and i'm not gonna i'm not going to cause

2022

01:16:43,669 --> 01:16:41,679

any problem with anybody that has a

2023

01:16:46,390 --> 01:16:43,679

plane in my little mind you know

2024

01:16:47,910 --> 01:16:46,400

and that was it for me so i don't know

2025

01:16:49,910 --> 01:16:47,920

if there's anything to that or it could

2026

01:16:53,510 --> 01:16:49,920

just be a whack job driving crazy

2027

01:16:55,669 --> 01:16:53,520

in a cool car wow

2028

01:16:57,350 --> 01:16:55,679

oh that's uh i know and that's the thing

2029

01:16:59,590 --> 01:16:57,360

i mean is there anything to that

2030

01:17:00,790 --> 01:16:59,600

i mean do i know that we can put more

2031

01:17:03,350 --> 01:17:00,800

things together than

2032

01:17:03,990 --> 01:17:03,360

you know are sometimes in the that

2033

01:17:07,110 --> 01:17:04,000

aren't there

2034

01:17:09,510 --> 01:17:07,120

uh but you know that it is curious and

2035

01:17:11,270 --> 01:17:09,520

it's interesting too because you know

2036

01:17:13,030 --> 01:17:11,280

during the time frame

2037

01:17:14,550 --> 01:17:13,040

that i believe that happened to you

2038

01:17:16,790 --> 01:17:14,560

that's when uh

2039

01:17:19,030 --> 01:17:16,800

chris marx and chris bartel were up at

2040

01:17:22,630 --> 01:17:19,040

the ranch and working on the ranch and

2041

01:17:23,990 --> 01:17:22,640

they were uh influencing me in fact

2042

01:17:26,870 --> 01:17:24,000

there was

2043

01:17:27,350 --> 01:17:26,880

one specific time where where chris was

2044

01:17:29,990 --> 01:17:27,360

told

2045

01:17:31,350 --> 01:17:30,000

to to monitor you and who was seeing who

2046

01:17:32,310 --> 01:17:31,360

was coming and going and different

2047

01:17:35,510 --> 01:17:32,320

things but

2048

01:17:38,630 --> 01:17:35,520

he wasn't in a black suburban

2049

01:17:41,189 --> 01:17:38,640

so very interesting it's

2050

01:17:41,750 --> 01:17:41,199

yeah and other people have mentioned you

2051

01:17:44,229 --> 01:17:41,760

know the

2052

01:17:45,350 --> 01:17:44,239

black vehicles in the in the area as

2053

01:17:47,669 --> 01:17:45,360

well and

2054

01:17:49,350 --> 01:17:47,679

and things and and with regard to you

2055

01:17:52,550 --> 01:17:49,360

know the airport

2056

01:17:54,310 --> 01:17:52,560

you had mentioned the other day at how

2057

01:17:56,149 --> 01:17:54,320

there seemed to be some interesting

2058

01:17:57,430 --> 01:17:56,159

comings and goings in and out of the

2059

01:18:01,270 --> 01:17:57,440

roosevelt airport

2060

01:18:03,590 --> 01:18:01,280

i wonder if that's still taking place

2061

01:18:04,630 --> 01:18:03,600

that i have no idea to that i can't

2062

01:18:08,149 --> 01:18:04,640

speak to that

2063

01:18:09,030 --> 01:18:08,159

but i do know that they just released

2064

01:18:10,550 --> 01:18:09,040

some lots of

2065

01:18:12,550 --> 01:18:10,560

around there and i thought that was

2066

01:18:15,910 --> 01:18:12,560

interesting so they're expecting more

2067

01:18:17,750 --> 01:18:15,920

uh more more obviously with commerce

2068

01:18:19,590 --> 01:18:17,760

they must be expecting more people to be

2069

01:18:22,630 --> 01:18:19,600

moving in and out and put

2070

01:18:24,790 --> 01:18:22,640

and put their own things up close by so

2071

01:18:25,990 --> 01:18:24,800

that's cool but i don't know back then i

2072

01:18:28,470 --> 01:18:26,000

really don't know and

2073

01:18:29,189 --> 01:18:28,480

still i'm i'm not there enough to

2074

01:18:33,110 --> 01:18:29,199

honestly

2075

01:18:35,830 --> 01:18:33,120

say that i i keep an eye on it

2076

01:18:37,430 --> 01:18:35,840

how interesting well it'll be yeah that

2077

01:18:38,390 --> 01:18:37,440

would be an interesting place to watch

2078

01:18:41,430 --> 01:18:38,400

for

2079

01:18:42,630 --> 01:18:41,440

the uh there is

2080

01:18:44,550 --> 01:18:42,640

a lot there are a lot of other things

2081

01:18:46,950 --> 01:18:44,560

taking place there and with the

2082

01:18:47,750 --> 01:18:46,960

the railway uh project and things i'm

2083

01:18:50,229 --> 01:18:47,760

sure

2084

01:18:53,189 --> 01:18:50,239

activity will increase as you mentioned

2085

01:18:55,430 --> 01:18:53,199

in a lot of ways and so

2086

01:18:57,030 --> 01:18:55,440

when when you started you know snooping

2087

01:19:00,229 --> 01:18:57,040

around obviously you caught

2088

01:19:00,870 --> 01:19:00,239

the eye of bigelow um who do you

2089

01:19:02,790 --> 01:19:00,880

remember

2090

01:19:03,990 --> 01:19:02,800

during that time frame like who kind of

2091

01:19:07,110 --> 01:19:04,000

came out of

2092

01:19:09,270 --> 01:19:07,120

the woodwork and and befriended you like

2093

01:19:10,550 --> 01:19:09,280

you know i mean the the russian fellow

2094

01:19:13,510 --> 01:19:10,560

eventually

2095

01:19:16,149 --> 01:19:13,520

did were there other people that that

2096

01:19:19,669 --> 01:19:16,159

did the same thing

2097

01:19:23,110 --> 01:19:19,679

um not not initially not initially

2098

01:19:25,430 --> 01:19:23,120

i just kind of did my own thing and um

2099

01:19:26,550 --> 01:19:25,440

i of course got in contact with ryan

2100

01:19:29,669 --> 01:19:26,560

skinner

2101
01:19:31,270 --> 01:19:29,679
and uh yeah we were interested in a lot

2102
01:19:34,390 --> 01:19:31,280
of the same things

2103
01:19:36,870 --> 01:19:34,400
and we encountered a lot of things that

2104
01:19:37,990 --> 01:19:36,880
seemed to be out of place over the years

2105
01:19:40,950 --> 01:19:38,000
and

2106
01:19:42,229 --> 01:19:40,960
could be you know regarded as

2107
01:19:45,990 --> 01:19:42,239
supernatural

2108
01:19:50,790 --> 01:19:46,000
or out of this world experiences

2109
01:19:54,550 --> 01:19:50,800
so yeah i i got some contacts online and

2110
01:19:55,270 --> 01:19:54,560
i remember asking other people a lot of

2111
01:19:57,750 --> 01:19:55,280
questions

2112
01:19:59,990 --> 01:19:57,760
and that's just kind of where it went

2113
01:20:01,830 --> 01:20:00,000

and it doesn't take much digging around

2114

01:20:03,830 --> 01:20:01,840

you don't have to be an amazing hunting

2115

01:20:07,270 --> 01:20:03,840

dog to sniff out

2116

01:20:08,390 --> 01:20:07,280

that something is odd and in in the you

2117

01:20:11,189 --> 01:20:08,400

in a basin

2118

01:20:13,590 --> 01:20:11,199

and so it's not that i'm some amazing

2119

01:20:16,709 --> 01:20:13,600

investigator or that anybody

2120

01:20:17,430 --> 01:20:16,719

really can be when it's this blatant in

2121

01:20:19,030 --> 01:20:17,440

my opinion

2122

01:20:20,629 --> 01:20:19,040

it's it's not a matter of if you're

2123

01:20:23,800 --> 01:20:20,639

going to see something it's a matter of

2124

01:20:25,030 --> 01:20:23,810

when in the skies

2125

01:20:28,070 --> 01:20:25,040

[Music]

2126

01:20:30,790 --> 01:20:28,080

and and what types of sightings are

2127

01:20:34,709 --> 01:20:30,800

you hearing about now have you talked to

2128

01:20:37,830 --> 01:20:36,709

yes there's been a lot of sightings that

2129

01:20:40,550 --> 01:20:37,840

are similar

2130

01:20:42,310 --> 01:20:40,560

reminiscent to starlink like the strings

2131

01:20:43,669 --> 01:20:42,320

of lights but some of them seem lower

2132

01:20:47,590 --> 01:20:43,679

than they should be

2133

01:20:50,070 --> 01:20:47,600

and videos of stuff like that um

2134

01:20:50,870 --> 01:20:50,080

low-flying aircraft that appear to not

2135

01:20:55,030 --> 01:20:50,880

have

2136

01:20:57,910 --> 01:20:55,040

uh any any flashing lights at all

2137

01:21:00,149 --> 01:20:57,920

and and then some that are not quite

2138

01:21:02,390 --> 01:21:00,159

silent but close to silent

2139

01:21:03,350 --> 01:21:02,400

uh but it's strange because it seems

2140

01:21:05,830 --> 01:21:03,360

very cyclical

2141

01:21:06,470 --> 01:21:05,840

the craft that get reported you know

2142

01:21:10,070 --> 01:21:06,480

you'll get

2143

01:21:10,790 --> 01:21:10,080

get the same report like seven years

2144

01:21:12,550 --> 01:21:10,800

later

2145

01:21:14,390 --> 01:21:12,560

you know like this flurry of the same

2146

01:21:16,870 --> 01:21:14,400

things and it's i don't know if

2147

01:21:18,950 --> 01:21:16,880

it's just a cyclical nature of the

2148

01:21:22,870 --> 01:21:18,960

tapestry of reality or it's

2149

01:21:26,830 --> 01:21:25,430

do you have you heard of i mean is

2150

01:21:30,310 --> 01:21:26,840

anybody reporting any

2151
01:21:34,229 --> 01:21:30,320
abduction stuff

2152
01:21:35,669 --> 01:21:34,239
in that area now interestingly enough

2153
01:21:39,110 --> 01:21:35,679
due to covid

2154
01:21:40,310 --> 01:21:39,120
and some of these things taking place

2155
01:21:43,750 --> 01:21:40,320
a lot of people are having their

2156
01:21:47,750 --> 01:21:43,760
temperature taken as you go into places

2157
01:21:50,870 --> 01:21:47,760
and one of the critical areas

2158
01:21:51,750 --> 01:21:50,880
that is looked at with abductions as

2159
01:21:53,510 --> 01:21:51,760
i've looked in

2160
01:21:56,870 --> 01:21:53,520
over the years is that your temperature

2161
01:21:59,590 --> 01:21:56,880
goes way down like 93s right 94's

2162
01:22:00,790 --> 01:21:59,600
and um there's been a multitude of

2163
01:22:04,229 --> 01:22:00,800

individuals

2164

01:22:06,149 --> 01:22:04,239

and i mean a lot in utah

2165

01:22:08,229 --> 01:22:06,159

and here in vegas as well that are

2166

01:22:09,189 --> 01:22:08,239

reporting super low temperatures i'm one

2167

01:22:12,070 --> 01:22:09,199

of them but

2168

01:22:12,629 --> 01:22:12,080

there's tons like i'm not it's in utah i

2169

01:22:16,629 --> 01:22:12,639

think there's

2170

01:22:19,430 --> 01:22:16,639

there's more even and that's interesting

2171

01:22:21,270 --> 01:22:19,440

i mean i have i in the same way and i

2172

01:22:24,629 --> 01:22:21,280

but then i have a thyroid

2173

01:22:27,669 --> 01:22:24,639

issue and so who knows what

2174

01:22:29,910 --> 01:22:27,679

what that's about do you i mean with

2175

01:22:31,750 --> 01:22:29,920

with regard to and i want to go back and

2176

01:22:33,750 --> 01:22:31,760

i'm sorry i'm jumping around here but

2177

01:22:35,030 --> 01:22:33,760

i want to go back to kind of a time

2178

01:22:37,030 --> 01:22:35,040

frame when

2179

01:22:38,629 --> 01:22:37,040

you know the sermons were at the ranch

2180

01:22:41,189 --> 01:22:38,639

and i had heard

2181

01:22:43,189 --> 01:22:41,199

the fact the last time i met with with

2182

01:22:46,550 --> 01:22:43,199

junior hicks

2183

01:22:50,310 --> 01:22:46,560

he had told me that mrs sherman

2184

01:22:54,149 --> 01:22:50,320

was fired the bigelow robert bigelow

2185

01:22:57,189 --> 01:22:54,159

had mrs sherman fired from the bank

2186

01:22:57,910 --> 01:22:57,199

and was trying to get terry sherman to

2187

01:23:00,550 --> 01:22:57,920

kind of put the

2188

01:23:01,270 --> 01:23:00,560

could put the stranglehold on him so he

2189

01:23:04,149 --> 01:23:01,280

would stay

2190

01:23:05,590 --> 01:23:04,159

at the property have you ever heard

2191

01:23:09,350 --> 01:23:05,600

anything

2192

01:23:12,229 --> 01:23:09,360

like that i never

2193

01:23:13,189 --> 01:23:12,239

have and it just sounds very out of

2194

01:23:15,590 --> 01:23:13,199

character

2195

01:23:17,669 --> 01:23:15,600

for robert bigelow because he does seem

2196

01:23:20,149 --> 01:23:17,679

very benevolent at least

2197

01:23:21,189 --> 01:23:20,159

in his way the way he treats employees

2198

01:23:24,229 --> 01:23:21,199

here in vegas

2199

01:23:26,629 --> 01:23:24,239

and the way he treats uh i don't know

2200

01:23:28,149 --> 01:23:26,639

i don't i haven't met the man i haven't

2201

01:23:30,790 --> 01:23:28,159

engaged with the man

2202

01:23:31,669 --> 01:23:30,800

but from my understanding of people that

2203

01:23:34,950 --> 01:23:31,679

have

2204

01:23:40,310 --> 01:23:34,960

he is not the type to really cause

2205

01:23:44,470 --> 01:23:41,830

interesting yeah i just i found that

2206

01:23:45,830 --> 01:23:44,480

very peculiar that you know junior

2207

01:23:47,350 --> 01:23:45,840

had mentioned that and i think that was

2208

01:23:48,790 --> 01:23:47,360

actually the second time they'd

2209

01:23:50,629 --> 01:23:48,800

mentioned it when i was meeting

2210

01:23:52,310 --> 01:23:50,639

with with him and so it sounds like

2211

01:23:54,310 --> 01:23:52,320

there was a little bit a little bit of

2212

01:23:57,030 --> 01:23:54,320

something extra on the side

2213

01:23:57,990 --> 01:23:57,040

going on there with with regard to that

2214

01:24:01,110 --> 01:23:58,000

um

2215

01:24:02,870 --> 01:24:01,120

and what do you i mean

2216

01:24:04,310 --> 01:24:02,880

what are your thoughts because i know

2217

01:24:06,950 --> 01:24:04,320

that you know junior was

2218

01:24:08,470 --> 01:24:06,960

also very important in your world and

2219

01:24:13,510 --> 01:24:08,480

what are some of your

2220

01:24:16,629 --> 01:24:15,669

other than just wanting to be just like

2221

01:24:19,270 --> 01:24:16,639

him he

2222

01:24:20,310 --> 01:24:19,280

is such an awesome and amazing person

2223

01:24:23,669 --> 01:24:20,320

and

2224

01:24:26,709 --> 01:24:23,679

he uh i think that he was very diligent

2225

01:24:28,790 --> 01:24:26,719

and what he did and what i appreciated

2226

01:24:32,390 --> 01:24:28,800

the most out of junior

2227

01:24:34,470 --> 01:24:32,400

is that he really delved into how

2228

01:24:36,629 --> 01:24:34,480

these things made people feel especially

2229

01:24:38,629 --> 01:24:36,639

when they were telling him a story so

2230

01:24:39,750 --> 01:24:38,639

he maybe it was the teacher in him that

2231

01:24:41,590 --> 01:24:39,760

actually cared

2232

01:24:45,590 --> 01:24:41,600

but he he did actually care and you

2233

01:24:48,070 --> 01:24:45,600

could tell that just engaging with him

2234

01:24:49,110 --> 01:24:48,080

he was such a lovely man i just thought

2235

01:24:50,790 --> 01:24:49,120

yeah right so

2236

01:24:52,709 --> 01:24:50,800

so grateful that he was in my life for

2237

01:24:54,709 --> 01:24:52,719

the small portion

2238

01:24:56,070 --> 01:24:54,719

uh that he was i was also excited that

2239

01:24:56,390 --> 01:24:56,080

you know i had the opportunity to talk

2240

01:24:59,189 --> 01:24:56,400

to

2241

01:25:00,070 --> 01:24:59,199

dr frank salisbury who is another

2242

01:25:03,270 --> 01:25:00,080

enigmatic

2243

01:25:04,790 --> 01:25:03,280

uh figure in all of this and and he uh

2244

01:25:05,669 --> 01:25:04,800

just to let people know that haven't

2245

01:25:08,149 --> 01:25:05,679

heard

2246

01:25:10,070 --> 01:25:08,159

about either these two gentleman's names

2247

01:25:12,229 --> 01:25:10,080

uh frank salisbury

2248

01:25:13,270 --> 01:25:12,239

wrote the utah ufo display and that was

2249

01:25:15,110 --> 01:25:13,280

based on

2250

01:25:17,669 --> 01:25:15,120

the reports that junior hicks had

2251

01:25:20,070 --> 01:25:17,679

collected over years and so that's

2252

01:25:20,709 --> 01:25:20,080

well you know must read in in that

2253

01:25:24,229 --> 01:25:20,719

regard

2254

01:25:26,149 --> 01:25:24,239

and and so you know where

2255

01:25:27,430 --> 01:25:26,159

i mean what tell us a little bit more

2256

01:25:29,910 --> 01:25:27,440

because i just you've had so many

2257

01:25:32,390 --> 01:25:29,920

fascinating experiences but some of the

2258

01:25:33,669 --> 01:25:32,400

the sightings that you have had and the

2259

01:25:37,189 --> 01:25:33,679

specific

2260

01:25:40,470 --> 01:25:37,199

um effects that you experienced i mean

2261

01:25:42,470 --> 01:25:40,480

or were there any yeah

2262

01:25:44,390 --> 01:25:42,480

and just quickly to interject about

2263

01:25:45,750 --> 01:25:44,400

frank uh dr salisbury

2264

01:25:48,550 --> 01:25:45,760

it's such a it's such a funny

2265

01:25:51,350 --> 01:25:48,560

coincidental and synchronistic

2266

01:25:53,430 --> 01:25:51,360

um history i you know he was such a hero

2267

01:25:55,510 --> 01:25:53,440

of mine and i was trying to figure out

2268

01:25:57,990 --> 01:25:55,520

how i could ever talk to them

2269

01:25:59,669 --> 01:25:58,000

and him and and talk to talk to him and

2270

01:26:03,189 --> 01:25:59,679

talk to him about his work and

2271

01:26:06,470 --> 01:26:03,199

all of his experiences and cases and

2272

01:26:10,070 --> 01:26:06,480

i had to wait until he came

2273

01:26:12,950 --> 01:26:10,080

up to the uintah basin to talk to me

2274

01:26:14,790 --> 01:26:12,960

and what's so funny is i had just rented

2275

01:26:17,270 --> 01:26:14,800

my house in utah which

2276

01:26:17,990 --> 01:26:17,280

coincidentally was just down the street

2277

01:26:20,310 --> 01:26:18,000

from him

2278

01:26:21,990 --> 01:26:20,320

literally we lived on the same street

2279

01:26:25,669 --> 01:26:22,000

and that's how these things are but

2280

01:26:28,709 --> 01:26:25,679

okay to go back to what you were saying

2281

01:26:29,750 --> 01:26:28,719

um some of the strangest events of my

2282

01:26:32,310 --> 01:26:29,760

personal sightings

2283

01:26:33,750 --> 01:26:32,320

my favorite uh i'll just kind of go

2284

01:26:34,790 --> 01:26:33,760

through the like little top 10 or

2285

01:26:37,830 --> 01:26:34,800

whatever

2286

01:26:39,030 --> 01:26:37,840

uh greatest hits i guess uh one of my

2287

01:26:42,550 --> 01:26:39,040

favorites was

2288

01:26:43,990 --> 01:26:42,560

i came out of the back porch

2289

01:26:46,149 --> 01:26:44,000

at the strawberry river bed and

2290

01:26:47,350 --> 01:26:46,159

breakfast and i actually had my mom and

2291

01:26:50,709 --> 01:26:47,360

my dad up

2292

01:26:53,350 --> 01:26:50,719

uh for a weekend and at the time i was

2293

01:26:54,790 --> 01:26:53,360

kind of a smoker i smoked cigarettes

2294

01:26:58,229 --> 01:26:54,800

kind of like a lot

2295

01:26:59,750 --> 01:26:58,239

and so i had been hiding it all day and

2296

01:27:02,229 --> 01:26:59,760

come night time i

2297

01:27:03,270 --> 01:27:02,239

jumped out back and i was lighting up a

2298

01:27:09,350 --> 01:27:03,280

cigarette

2299

01:27:13,110 --> 01:27:11,430

gosh it looked a lot like a cyber truck

2300

01:27:16,550 --> 01:27:13,120

without wheels now

2301

01:27:18,550 --> 01:27:16,560

um you know those weird angular

2302

01:27:20,870 --> 01:27:18,560

stainless steel kind of kind of that

2303

01:27:22,870 --> 01:27:20,880

look and it had

2304

01:27:25,270 --> 01:27:22,880

a single light on the front and it had

2305

01:27:27,189 --> 01:27:25,280

like a led light on the back that looked

2306

01:27:29,270 --> 01:27:27,199

like it was out of a really cheap honda

2307

01:27:32,229 --> 01:27:29,280

or something a really big long one

2308

01:27:32,870 --> 01:27:32,239

and you know like with the fuzzy dice in

2309

01:27:35,430 --> 01:27:32,880

the mirror

2310

01:27:36,950 --> 01:27:35,440

and it it looked like a spaceship this

2311

01:27:37,430 --> 01:27:36,960

thing and i thought for sure it was a

2312

01:27:40,229 --> 01:27:37,440

car

2313

01:27:42,390 --> 01:27:40,239

up on the ridge behind me well i kept

2314

01:27:44,950 --> 01:27:42,400

watching it it was definitely

2315

01:27:46,070 --> 01:27:44,960

on my property and i was like well he's

2316

01:27:48,070 --> 01:27:46,080

i'm not going to go up there

2317

01:27:49,750 --> 01:27:48,080

i'm not doing anything you know i'm not

2318

01:27:52,950 --> 01:27:49,760

going to go up there and engage

2319

01:27:55,030 --> 01:27:52,960

it's screw it and i just watched it

2320

01:27:56,310 --> 01:27:55,040

and it eventually just kind of popped

2321

01:27:58,550 --> 01:27:56,320

off the hill

2322

01:27:59,750 --> 01:27:58,560

and there was no road there there was no

2323

01:28:02,629 --> 01:27:59,760

ground there there was

2324

01:28:03,830 --> 01:28:02,639

nothing there but air and it popped off

2325

01:28:06,070 --> 01:28:03,840

the hill

2326

01:28:06,870 --> 01:28:06,080

and it sort of dropped down a little bit

2327

01:28:09,910 --> 01:28:06,880

over this

2328

01:28:12,950 --> 01:28:09,920

other subdivision to the left of me

2329

01:28:14,229 --> 01:28:12,960

uh to the east and continued east kind

2330

01:28:17,430 --> 01:28:14,239

of towards vernal

2331

01:28:19,030 --> 01:28:17,440

and that was a really cool one and um

2332

01:28:20,790 --> 01:28:19,040

there's been there's been a few others

2333

01:28:21,830 --> 01:28:20,800

there's but yeah

2334

01:28:24,310 --> 01:28:21,840

is that kind of what you were looking

2335

01:28:27,830 --> 01:28:24,320

for were you looking for something else

2336

01:28:29,910 --> 01:28:27,840

no no i mean that that that's perfect i

2337

01:28:33,510 --> 01:28:29,920

love that and and if you have more that

2338

01:28:39,910 --> 01:28:37,669

um sure uh one

2339

01:28:41,110 --> 01:28:39,920

and these aren't all craft because some

2340

01:28:42,550 --> 01:28:41,120

of these things

2341

01:28:44,790 --> 01:28:42,560

you just don't know what they are it

2342

01:28:47,910 --> 01:28:44,800

just looks like energy in the sky

2343

01:28:50,470 --> 01:28:47,920

is really what it looks like and

2344

01:28:52,310 --> 01:28:50,480

um you know even if you're able to catch

2345

01:28:55,189 --> 01:28:52,320

this stuff on video

2346

01:28:57,189 --> 01:28:55,199

it can be easily discounted with uh you

2347

01:28:59,590 --> 01:28:57,199

know film anomalies or

2348

01:29:00,550 --> 01:28:59,600

or the reflection of some light source

2349

01:29:02,790 --> 01:29:00,560

or

2350

01:29:05,030 --> 01:29:02,800

there's plenty of ways to debunk just

2351
01:29:08,870 --> 01:29:05,040
about anything if you want to

2352
01:29:12,390 --> 01:29:08,880
so the the consideration

2353
01:29:14,229 --> 01:29:12,400
and priority that i've taken to

2354
01:29:16,149 --> 01:29:14,239
get everything on film has kind of

2355
01:29:18,709 --> 01:29:16,159
dropped down to a minimum because

2356
01:29:19,669 --> 01:29:18,719
it really doesn't matter and i remember

2357
01:29:21,990 --> 01:29:19,679
back in the day

2358
01:29:23,510 --> 01:29:22,000
talking to older researchers than myself

2359
01:29:26,550 --> 01:29:23,520
who who would watch

2360
01:29:28,470 --> 01:29:26,560
these um anomalous events with me on

2361
01:29:29,910 --> 01:29:28,480
location and they just sit there and

2362
01:29:31,910 --> 01:29:29,920
take it in and do nothing and i was

2363
01:29:33,270 --> 01:29:31,920

scrambling about trying to do tripods

2364

01:29:34,629 --> 01:29:33,280

and cameras and

2365

01:29:36,390 --> 01:29:34,639

you know i just kind of learned over the

2366

01:29:38,229 --> 01:29:36,400

years that yeah just just

2367

01:29:43,430 --> 01:29:38,239

watch what's happening you know take

2368

01:29:47,350 --> 01:29:45,430

absolutely i know it's it's difficult

2369

01:29:48,870 --> 01:29:47,360

because you just are never

2370

01:29:51,189 --> 01:29:48,880

i don't know you get out there and you

2371

01:29:52,470 --> 01:29:51,199

it's you're fussing around with so much

2372

01:29:53,590 --> 01:29:52,480

do you want to just take it in or do you

2373

01:29:56,629 --> 01:29:53,600

want to

2374

01:29:57,910 --> 01:29:56,639

you know it's hard but um

2375

01:30:00,149 --> 01:29:57,920

over the years you have definitely

2376

01:30:02,310 --> 01:30:00,159

caught some very interesting things

2377

01:30:04,870 --> 01:30:02,320

i will say and i wanted you know talk to

2378

01:30:07,830 --> 01:30:04,880

you a little bit about the portal

2379

01:30:09,430 --> 01:30:07,840

stuff because a couple years back uh you

2380

01:30:12,470 --> 01:30:09,440

know ron pandolfie

2381

01:30:13,110 --> 01:30:12,480

was very much into you know we heard

2382

01:30:16,229 --> 01:30:13,120

about the

2383

01:30:17,750 --> 01:30:16,239

portals with regard to his his wife and

2384

01:30:19,030 --> 01:30:17,760

different things and then the portal

2385

01:30:21,830 --> 01:30:19,040

technology

2386

01:30:22,390 --> 01:30:21,840

uh you know firmage was in there in the

2387

01:30:25,669 --> 01:30:22,400

mix

2388

01:30:29,030 --> 01:30:25,679

do you do you know anything about

2389

01:30:32,310 --> 01:30:29,040

uh that and would you could you comment

2390

01:30:38,870 --> 01:30:36,229

what i can comment is that i

2391

01:30:40,870 --> 01:30:38,880

have never received as much pushback

2392

01:30:43,590 --> 01:30:40,880

from any video

2393

01:30:44,870 --> 01:30:43,600

um no to any of the players that you

2394

01:30:47,189 --> 01:30:44,880

mentioned however

2395

01:30:48,149 --> 01:30:47,199

i've never received as much pushback to

2396

01:30:52,149 --> 01:30:48,159

any video

2397

01:30:55,590 --> 01:30:52,159

as the portal video that i that i posted

2398

01:30:57,510 --> 01:30:55,600

and uh it apparently has lights going in

2399

01:31:00,629 --> 01:30:57,520

and out of it i was with my best friend

2400

01:31:02,470 --> 01:31:00,639

will hoffman who's a baptist pastor

2401

01:31:05,750 --> 01:31:02,480

and not one to lie he was right there

2402

01:31:08,629 --> 01:31:05,760

and i mean what in the world it is

2403

01:31:09,750 --> 01:31:08,639

is kind of i we i don't know and i don't

2404

01:31:11,430 --> 01:31:09,760

claim to know and

2405

01:31:13,270 --> 01:31:11,440

it didn't look much different than the

2406

01:31:15,350 --> 01:31:13,280

video i actually was you know the

2407

01:31:18,229 --> 01:31:15,360

technology was crappier than

2408

01:31:19,830 --> 01:31:18,239

but it was the best at the time and i

2409

01:31:21,590 --> 01:31:19,840

got a lot of pushback on that video and

2410

01:31:22,310 --> 01:31:21,600

i don't know if it would have been

2411

01:31:25,350 --> 01:31:22,320

because

2412

01:31:28,149 --> 01:31:25,360

of um somebody not liking what they saw

2413

01:31:30,149 --> 01:31:28,159

i don't know but it was an area that was

2414

01:31:33,750 --> 01:31:30,159

in the uintah basin and

2415

01:31:35,669 --> 01:31:33,760

um yeah very very intriguing uh i don't

2416

01:31:37,430 --> 01:31:35,679

know anything about the

2417

01:31:38,950 --> 01:31:37,440

i've only heard rumors probably the same

2418

01:31:41,990 --> 01:31:38,960

rumors that you have about

2419

01:31:43,669 --> 01:31:42,000

anything like that okay

2420

01:31:45,189 --> 01:31:43,679

so when you you say that you got

2421

01:31:48,790 --> 01:31:45,199

pushback what

2422

01:31:54,550 --> 01:31:51,750

i i can't go into that but it was not

2423

01:31:57,350 --> 01:31:54,560

good pushback

2424

01:31:59,270 --> 01:31:57,360

okay wait i mean and i'm not to pray

2425

01:32:02,950 --> 01:31:59,280

either but was it it was

2426

01:32:08,470 --> 01:32:02,960

an in-person thing or an online

2427

01:32:12,709 --> 01:32:10,950

typically the way these things work is

2428

01:32:13,189 --> 01:32:12,719

through plausible deniability and you

2429

01:32:15,830 --> 01:32:13,199

have

2430

01:32:17,030 --> 01:32:15,840

uh threats made through characters that

2431

01:32:20,550 --> 01:32:17,040

are not

2432

01:32:22,870 --> 01:32:20,560

the person that

2433

01:32:24,310 --> 01:32:22,880

actually is making the bidding but in my

2434

01:32:25,990 --> 01:32:24,320

opinion i don't know what it was but i

2435

01:32:28,149 --> 01:32:26,000

just got a lot of pushback and that

2436

01:32:29,430 --> 01:32:28,159

that getting pushback on that particular

2437

01:32:33,270 --> 01:32:29,440

video which is such an

2438

01:32:36,310 --> 01:32:33,280

old video i think it dates back to 2012

2439

01:32:38,830 --> 01:32:36,320

and it's just very odd to get pushback

2440

01:32:40,470 --> 01:32:38,840

throughout the years on such an old

2441

01:32:41,910 --> 01:32:40,480

video

2442

01:32:43,669 --> 01:32:41,920

and and that is interesting that would

2443

01:32:44,390 --> 01:32:43,679

have been around the time that you know

2444

01:32:47,590 --> 01:32:44,400

uh

2445

01:32:51,110 --> 01:32:47,600

and

2446

01:32:53,510 --> 01:32:51,120

know junior had talked

2447

01:32:55,430 --> 01:32:53,520

a little bit about uh you know having

2448

01:32:57,270 --> 01:32:55,440

that type scene that type of thing

2449

01:33:00,390 --> 01:32:57,280

where the sky almost looks like it it's

2450

01:33:02,629 --> 01:33:00,400

opening up in specific places and

2451

01:33:03,830 --> 01:33:02,639

and and yeah and the pushback is

2452

01:33:06,310 --> 01:33:03,840

interesting

2453

01:33:07,510 --> 01:33:06,320

for sure and did you ever and i've got

2454

01:33:08,870 --> 01:33:07,520

two over

2455

01:33:10,629 --> 01:33:08,880

i'm thinking about this you know joe

2456

01:33:13,669 --> 01:33:10,639

firmage is a big you know

2457

01:33:17,030 --> 01:33:13,679

uh person in utah his family's

2458

01:33:20,550 --> 01:33:17,040

very prominent and he was for

2459

01:33:22,390 --> 01:33:20,560

a lot of years very genuinely interested

2460

01:33:23,430 --> 01:33:22,400

and probably still is about the subject

2461

01:33:26,550 --> 01:33:23,440

and donated

2462

01:33:29,110 --> 01:33:26,560

a considerable amount of money to

2463

01:33:30,310 --> 01:33:29,120

research and there there are some you

2464

01:33:32,070 --> 01:33:30,320

know you hear

2465

01:33:34,149 --> 01:33:32,080

things through the rumor mill over the

2466

01:33:36,950 --> 01:33:34,159

years and i mean there's no doubt

2467

01:33:37,990 --> 01:33:36,960

that he was a brilliant is a brilliant

2468

01:33:40,709 --> 01:33:38,000

man

2469

01:33:42,070 --> 01:33:40,719

and and things and i mean what have you

2470

01:33:44,950 --> 01:33:42,080

have you ever had any

2471

01:33:46,870 --> 01:33:44,960

contact with him and what are your

2472

01:33:50,709 --> 01:33:46,880

thoughts on how he has

2473

01:33:53,030 --> 01:33:50,719

played into some of this um i think he's

2474

01:33:54,390 --> 01:33:53,040

a brilliant brilliant individual from my

2475

01:33:57,430 --> 01:33:54,400

understanding

2476

01:34:01,350 --> 01:33:57,440

and i believe that

2477

01:34:04,629 --> 01:34:01,360

with these areas of interest

2478

01:34:06,390 --> 01:34:04,639

sometimes um you know it

2479

01:34:08,550 --> 01:34:06,400

it's stuff that can affect you in real

2480

01:34:10,470 --> 01:34:08,560

life and i know that people

2481

01:34:12,470 --> 01:34:10,480

joke about the hitchhikers in the uinta

2482

01:34:13,030 --> 01:34:12,480

base and that but this is stuff that can

2483

01:34:15,030 --> 01:34:13,040

affect you

2484

01:34:17,110 --> 01:34:15,040

in real life or else this would not be

2485

01:34:20,149 --> 01:34:17,120

in native american lore

2486

01:34:23,030 --> 01:34:20,159

and some of these other uh traditions

2487

01:34:24,790 --> 01:34:23,040

but yeah where where it comes to joe

2488

01:34:26,310 --> 01:34:24,800

firmage i've never met the man

2489

01:34:27,910 --> 01:34:26,320

i don't know i've never discussed

2490

01:34:28,470 --> 01:34:27,920

anything with him so i really can't

2491

01:34:33,350 --> 01:34:28,480

speak

2492

01:34:35,350 --> 01:34:33,360

to anything that along those lines

2493

01:34:36,390 --> 01:34:35,360

well he's you know it's it is

2494

01:34:39,189 --> 01:34:36,400

interesting like i was saying

2495

01:34:41,109 --> 01:34:39,199

you know you you hear things in the ufo

2496

01:34:42,709 --> 01:34:41,119

world over the years and then

2497

01:34:44,149 --> 01:34:42,719

and then you know you make a decision

2498

01:34:47,030 --> 01:34:44,159

based on that and then

2499

01:34:48,950 --> 01:34:47,040

you learn more and and your ideas and

2500

01:34:51,669 --> 01:34:48,960

thoughts change on that but there

2501

01:34:53,030 --> 01:34:51,679

there is is no doubt that he really uh

2502

01:34:55,430 --> 01:34:53,040

heavily funded

2503

01:34:57,430 --> 01:34:55,440

uh a few people in the field uh much

2504

01:35:00,070 --> 01:34:57,440

like you know bigelow has done

2505

01:35:02,229 --> 01:35:00,080

over the years and and so it's and with

2506

01:35:04,390 --> 01:35:02,239

the utah connection it is

2507

01:35:05,430 --> 01:35:04,400

quite curious and and i hope that i get

2508

01:35:07,750 --> 01:35:05,440

the opportunity to

2509

01:35:08,709 --> 01:35:07,760

to speak with him someday but it is

2510

01:35:12,470 --> 01:35:08,719

funny to see how

2511

01:35:14,310 --> 01:35:12,480

some of these people involved or are um

2512

01:35:16,390 --> 01:35:14,320

you know moving around and how they've

2513

01:35:18,550 --> 01:35:16,400

been involved for decades and been

2514

01:35:21,109 --> 01:35:18,560

involved with some very interesting

2515

01:35:22,470 --> 01:35:21,119

projects as contractors and i want to go

2516

01:35:24,390 --> 01:35:22,480

back because i'm just looking at my

2517

01:35:26,709 --> 01:35:24,400

notes what i've taken from

2518

01:35:28,870 --> 01:35:26,719

from the uh from our interview today and

2519

01:35:30,550 --> 01:35:28,880

you mentioned defcon

2520

01:35:32,149 --> 01:35:30,560

and i know that that's usually held in

2521

01:35:33,910 --> 01:35:32,159

las vegas right

2522

01:35:35,430 --> 01:35:33,920

have you ever you kind of dropped off a

2523

01:35:35,990 --> 01:35:35,440

little bit have you ever have you ever

2524

01:35:39,430 --> 01:35:36,000

been to

2525

01:35:41,669 --> 01:35:39,440

a conference to deathcom

2526

01:35:43,109 --> 01:35:41,679

no no that's what i said is i've never

2527

01:35:46,470 --> 01:35:43,119

been to defcon

2528

01:35:47,030 --> 01:35:46,480

i would love to but um no i think that

2529

01:35:51,109 --> 01:35:47,040

you know

2530

01:35:52,629 --> 01:35:51,119

um it's a lot like a ces of

2531

01:35:54,709 --> 01:35:52,639

if people are familiar with that but

2532

01:35:55,510 --> 01:35:54,719

it's more of the military industrial

2533

01:35:59,830 --> 01:35:55,520

complex

2534

01:36:03,109 --> 01:35:59,840

which at this point is a behemoth that

2535

01:36:06,470 --> 01:36:03,119

is got some pretty cool technology and

2536

01:36:08,870 --> 01:36:06,480

with good reason a lot of it is

2537

01:36:10,550 --> 01:36:08,880

shying away from using anything that is

2538

01:36:13,109 --> 01:36:10,560

non-domestic and i think

2539

01:36:15,669 --> 01:36:13,119

that's because of a lot of spying as

2540

01:36:18,390 --> 01:36:15,679

we've seen taking place over the years

2541

01:36:19,910 --> 01:36:18,400

and they're i say they but it's very

2542

01:36:21,990 --> 01:36:19,920

easy to

2543

01:36:23,669 --> 01:36:22,000

spy on a population that you sell goods

2544

01:36:27,990 --> 01:36:23,679

and services to and they rely on it

2545

01:36:31,109 --> 01:36:30,390

and then if that that really that is an

2546

01:36:32,310 --> 01:36:31,119

interesting

2547

01:36:34,149 --> 01:36:32,320

you know point and i know that's

2548

01:36:36,870 --> 01:36:34,159

something that i've haven't really

2549

01:36:38,229 --> 01:36:36,880

thought about too much before now but

2550

01:36:41,430 --> 01:36:38,239

then how you know i mean

2551
01:36:41,830 --> 01:36:41,440
that are there are we doing the same

2552
01:36:45,510 --> 01:36:41,840
thing

2553
01:36:48,629 --> 01:36:45,520
you know to our own citizens who knows

2554
01:36:49,109 --> 01:36:48,639
with the you know we with what snowden

2555
01:36:51,590 --> 01:36:49,119
uh

2556
01:36:54,149 --> 01:36:51,600
approached with with all of the what the

2557
01:36:56,310 --> 01:36:54,159
nsa was doing and different things and

2558
01:36:57,350 --> 01:36:56,320
data collection and we know that utah is

2559
01:37:00,149 --> 01:36:57,360
definitely

2560
01:37:01,990 --> 01:37:00,159
home home for that and and things but

2561
01:37:02,709 --> 01:37:02,000
it's it's all curious and i think that

2562
01:37:04,470 --> 01:37:02,719
defcon

2563
01:37:05,990 --> 01:37:04,480

i mean from my understanding is kind of

2564

01:37:08,230 --> 01:37:06,000

a recruiting ground

2565

01:37:09,910 --> 01:37:08,240

for the intelligence agencies

2566

01:37:11,510 --> 01:37:09,920

[Music]

2567

01:37:12,950 --> 01:37:11,520

yeah i've never gone to one of those

2568

01:37:15,669 --> 01:37:12,960

conferences and

2569

01:37:16,310 --> 01:37:15,679

all i've seen is stuff online and it

2570

01:37:20,629 --> 01:37:16,320

looks like

2571

01:37:22,870 --> 01:37:20,639

you can get at ces you can get one at

2572

01:37:25,669 --> 01:37:22,880

defcon that will you know take that

2573

01:37:26,229 --> 01:37:25,679

that out so it's kind of cool i think

2574

01:37:29,350 --> 01:37:26,239

that would be

2575

01:37:30,550 --> 01:37:29,360

so fascinating to go i um have

2576

01:37:33,189 --> 01:37:30,560

interviewed richard theme

2577

01:37:35,510 --> 01:37:33,199

who speaks at devcom most years i think

2578

01:37:36,229 --> 01:37:35,520

and it's he's a very interesting fellow

2579

01:37:40,470 --> 01:37:36,239

and

2580

01:37:43,189 --> 01:37:40,480

have the opportunity

2581

01:37:45,270 --> 01:37:43,199

to to watch uh his video where he

2582

01:37:47,990 --> 01:37:45,280

discusses dr kit green

2583

01:37:48,790 --> 01:37:48,000

uh it that again is fascinating and it's

2584

01:37:52,390 --> 01:37:48,800

all connected

2585

01:37:54,550 --> 01:37:52,400

and and you wonder what that's about but

2586

01:37:55,510 --> 01:37:54,560

um what i have to ask you you know

2587

01:37:58,070 --> 01:37:55,520

because you've

2588

01:37:59,189 --> 01:37:58,080

when you and i both got into this we

2589

01:38:03,030 --> 01:37:59,199

were so

2590

01:38:04,870 --> 01:38:03,040

bright item and bushy-tailed and we

2591

01:38:06,629 --> 01:38:04,880

you know at least for me i thought that

2592

01:38:08,709 --> 01:38:06,639

this i didn't

2593

01:38:09,990 --> 01:38:08,719

think that things were going to go where

2594

01:38:11,910 --> 01:38:10,000

they've gone

2595

01:38:13,430 --> 01:38:11,920

for me and i would make the discoveries

2596

01:38:15,430 --> 01:38:13,440

that i have

2597

01:38:18,629 --> 01:38:15,440

over the years what are some of the

2598

01:38:21,590 --> 01:38:18,639

things that that you saw that maybe

2599

01:38:24,189 --> 01:38:21,600

either you know inspired you or took the

2600

01:38:26,629 --> 01:38:24,199

wind out of your sails and made you

2601
01:38:28,870 --> 01:38:26,639
re-frame the things that you were

2602
01:38:30,709 --> 01:38:28,880
presented with

2603
01:38:32,470 --> 01:38:30,719
such a good question erica because it's

2604
01:38:36,310 --> 01:38:32,480
so true you get jaded

2605
01:38:38,070 --> 01:38:36,320
and you you it it it i'm not bright-eyed

2606
01:38:41,910 --> 01:38:38,080
and bushy-tailed anymore

2607
01:38:44,790 --> 01:38:41,920
it's um it's it's true

2608
01:38:46,070 --> 01:38:44,800
uh you find out that these things are

2609
01:38:49,990 --> 01:38:46,080
taking place

2610
01:38:52,790 --> 01:38:50,000
that um that you know there's a reason

2611
01:38:53,430 --> 01:38:52,800
people that are just idiots can't fly

2612
01:38:56,470 --> 01:38:53,440
drones

2613
01:38:59,990 --> 01:38:56,480

in specific areas because

2614

01:39:02,950 --> 01:39:00,000

you know uh these drones may have

2615

01:39:04,790 --> 01:39:02,960

chinese will usually 99 of the time have

2616

01:39:07,510 --> 01:39:04,800

chinese technology

2617

01:39:08,629 --> 01:39:07,520

in them namely dji and everything else

2618

01:39:13,189 --> 01:39:08,639

you can buy

2619

01:39:15,030 --> 01:39:13,199

and at this point and uh the sad part is

2620

01:39:16,390 --> 01:39:15,040

this is changing and will change very

2621

01:39:19,270 --> 01:39:16,400

quickly uh

2622

01:39:20,950 --> 01:39:19,280

this year but there's a lot of stuff

2623

01:39:22,390 --> 01:39:20,960

that's happening and

2624

01:39:24,310 --> 01:39:22,400

people don't understand the reasoning

2625

01:39:26,070 --> 01:39:24,320

behind it so yeah we have all kinds of

2626

01:39:27,510 --> 01:39:26,080

drones and stuff we buy for our kids

2627

01:39:29,350 --> 01:39:27,520

for christmas which is coming up which

2628

01:39:30,629 --> 01:39:29,360

is super but these things are spying on

2629

01:39:31,750 --> 01:39:30,639

us and we don't even know it and they're

2630

01:39:34,790 --> 01:39:31,760

doing so

2631

01:39:36,470 --> 01:39:34,800

through our internet through our modems

2632

01:39:38,149 --> 01:39:36,480

and this isn't even going to our

2633

01:39:39,109 --> 01:39:38,159

government this is going to another

2634

01:39:41,350 --> 01:39:39,119

government

2635

01:39:43,510 --> 01:39:41,360

let's just put that into perspective so

2636

01:39:46,950 --> 01:39:43,520

you can imagine that the recourse

2637

01:39:48,070 --> 01:39:46,960

at uh trying to get this this appendage

2638

01:39:51,830 --> 01:39:48,080

to stop bleeding

2639

01:39:56,149 --> 01:39:54,149

wow that's yeah those definitely gives

2640

01:39:59,189 --> 01:39:56,159

you positive thought i have

2641

01:39:59,669 --> 01:39:59,199

mentioned uh a book that i have been

2642

01:40:02,310 --> 01:39:59,679

reading

2643

01:40:03,189 --> 01:40:02,320

which is uh at the surveillance

2644

01:40:05,189 --> 01:40:03,199

capitalism

2645

01:40:06,229 --> 01:40:05,199

and it's about you know different

2646

01:40:08,229 --> 01:40:06,239

companies and how

2647

01:40:09,910 --> 01:40:08,239

you know you have a nest in your home

2648

01:40:11,430 --> 01:40:09,920

and how you don't realize when you're

2649

01:40:14,629 --> 01:40:11,440

putting the nest in your home

2650

01:40:16,229 --> 01:40:14,639

that there are 300 other companies that

2651
01:40:18,550 --> 01:40:16,239
are gathering your data that are

2652
01:40:21,590 --> 01:40:18,560
listening through a microphone that are

2653
01:40:24,470 --> 01:40:21,600
you know hearing uh or you know

2654
01:40:25,270 --> 01:40:24,480
seeing specific things and it really is

2655
01:40:26,470 --> 01:40:25,280
amazing are all

2656
01:40:28,470 --> 01:40:26,480
all the other apps that are on our

2657
01:40:29,590 --> 01:40:28,480
computers that are getting in there and

2658
01:40:32,950 --> 01:40:29,600
collecting

2659
01:40:33,990 --> 01:40:32,960
data all the time on us and profiling us

2660
01:40:36,390 --> 01:40:34,000
it's very

2661
01:40:38,790 --> 01:40:36,400
uh disconcerting sometimes as much as i

2662
01:40:41,910 --> 01:40:38,800
love technology

2663
01:40:43,910 --> 01:40:41,920

yeah technology is in the words

2664

01:40:45,830 --> 01:40:43,920

of some of my best friends it's kind of

2665

01:40:48,950 --> 01:40:45,840

like a cyber satan

2666

01:40:49,990 --> 01:40:48,960

because this thing is uncontrollable and

2667

01:40:52,149 --> 01:40:50,000

sadly

2668

01:40:54,149 --> 01:40:52,159

the ones who claim to have the most

2669

01:40:54,950 --> 01:40:54,159

control talk about this thing as if it

2670

01:40:58,229 --> 01:40:54,960

was a divine

2671

01:41:00,149 --> 01:40:58,239

entity or a spiritual embodiment of

2672

01:41:01,189 --> 01:41:00,159

something larger than ourselves you know

2673

01:41:03,990 --> 01:41:01,199

you start

2674

01:41:05,030 --> 01:41:04,000

talking to people that are involved with

2675

01:41:07,990 --> 01:41:05,040

ai

2676

01:41:10,629 --> 01:41:08,000

and the things that have taken over that

2677

01:41:13,109 --> 01:41:10,639

were discussed in agenda 21 20 years ago

2678

01:41:13,669 --> 01:41:13,119

and you know they were pushing ai then

2679

01:41:15,510 --> 01:41:13,679

so

2680

01:41:18,070 --> 01:41:15,520

i think i think we're running into a

2681

01:41:19,990 --> 01:41:18,080

problem i just heard recently boston

2682

01:41:22,070 --> 01:41:20,000

dynamics the war continues

2683

01:41:24,149 --> 01:41:22,080

boston dynamics just this week was

2684

01:41:27,270 --> 01:41:24,159

purchased by a chinese company

2685

01:41:29,109 --> 01:41:27,280

so they want to know what we know and

2686

01:41:30,870 --> 01:41:29,119

uh there's a reason because i think we

2687

01:41:34,390 --> 01:41:30,880

know a lot more

2688

01:41:36,629 --> 01:41:34,400

than we are letting on

2689

01:41:38,310 --> 01:41:36,639

and it's interesting and thank you for

2690

01:41:41,669 --> 01:41:38,320

bringing that up i wanted to

2691

01:41:44,229 --> 01:41:41,679

to ask you because we see in ufology

2692

01:41:45,270 --> 01:41:44,239

uh when you go down this rabbit hole

2693

01:41:47,669 --> 01:41:45,280

that you can

2694

01:41:48,790 --> 01:41:47,679

go down the rabbit hole of of looking

2695

01:41:51,910 --> 01:41:48,800

into

2696

01:41:54,550 --> 01:41:51,920

the secret societies or people that have

2697

01:41:55,669 --> 01:41:54,560

specific you know political agendas and

2698

01:41:58,550 --> 01:41:55,679

different things and i've

2699

01:42:00,629 --> 01:41:58,560

always found it intriguing that you know

2700

01:42:03,430 --> 01:42:00,639

you look at the cast of characters

2701

01:42:05,590 --> 01:42:03,440

uh that you know i'm sure we all know

2702

01:42:08,950 --> 01:42:05,600

who i'm referring to and some of their

2703

01:42:12,229 --> 01:42:08,960

uh religious uh beliefs and things

2704

01:42:14,470 --> 01:42:12,239

and dabblings in scientology and other

2705

01:42:17,510 --> 01:42:14,480

things over the years and so

2706

01:42:23,669 --> 01:42:17,520

did you find yourself going

2707

01:42:28,709 --> 01:42:26,629

just trying to trying to formulate a

2708

01:42:31,830 --> 01:42:28,719

good way to answer that

2709

01:42:33,990 --> 01:42:31,840

yeah okay so

2710

01:42:35,030 --> 01:42:34,000

i think some of the greatest okay so

2711

01:42:39,750 --> 01:42:35,040

it's true

2712

01:42:40,310 --> 01:42:39,760

that uh the the greatest coincidences

2713

01:42:42,390 --> 01:42:40,320

are the most

2714

01:42:44,550 --> 01:42:42,400

obvious sometimes and and the greatest

2715

01:42:47,910 --> 01:42:44,560

civilizations in history have

2716

01:42:50,470 --> 01:42:47,920

always had the belief of like a

2717

01:42:52,550 --> 01:42:50,480

hierarchy of unseen

2718

01:42:53,830 --> 01:42:52,560

entities right uh starting with the

2719

01:42:56,709 --> 01:42:53,840

egyptians

2720

01:42:57,910 --> 01:42:56,719

uh the greeks everybody claims to have

2721

01:42:59,910 --> 01:42:57,920

started it but the

2722

01:43:01,669 --> 01:42:59,920

reality is everybody's believing in the

2723

01:43:05,030 --> 01:43:01,679

same thing which is

2724

01:43:08,629 --> 01:43:05,040

this unseen hierarchy

2725

01:43:12,229 --> 01:43:08,639

of whatever you want to call them

2726

01:43:15,350 --> 01:43:12,239

and they are explained as

2727

01:43:17,350 --> 01:43:15,360

somewhat governing over the embodiment

2728

01:43:19,350 --> 01:43:17,360

of at least our reality

2729

01:43:20,950 --> 01:43:19,360

and this goes back to atlantis and it

2730

01:43:22,390 --> 01:43:20,960

all sounds really silly and oh i heard

2731

01:43:25,830 --> 01:43:22,400

about that as a kid

2732

01:43:28,390 --> 01:43:25,840

but the reality is that

2733

01:43:28,950 --> 01:43:28,400

more of the population believe in this

2734

01:43:32,149 --> 01:43:28,960

stuff

2735

01:43:34,149 --> 01:43:32,159

that govern us then we believe in it

2736

01:43:38,629 --> 01:43:34,159

and that is what we should be

2737

01:43:40,870 --> 01:43:38,639

concentrating on

2738

01:43:42,709 --> 01:43:40,880

and that said you know the interesting

2739

01:43:44,470 --> 01:43:42,719

thing about all of it it's not just i

2740

01:43:45,510 --> 01:43:44,480

wish and sometimes i wish it was just a

2741

01:43:48,070 --> 01:43:45,520

black and white issue

2742

01:43:48,629 --> 01:43:48,080

and which if we're really researching

2743

01:43:52,229 --> 01:43:48,639

the

2744

01:43:54,870 --> 01:43:52,239

should be very black and white

2745

01:43:56,950 --> 01:43:54,880

and and uh but then you know you have

2746

01:43:59,510 --> 01:43:56,960

all these other aspects that are

2747

01:44:00,870 --> 01:43:59,520

that are moving into it and i think if

2748

01:44:02,550 --> 01:44:00,880

you both you and i are quite similar in

2749

01:44:05,990 --> 01:44:02,560

the fact we've always explored

2750

01:44:09,990 --> 01:44:06,000

different things and and spirituality or

2751
01:44:13,510 --> 01:44:10,000
you know what have you and i um i do

2752
01:44:16,229 --> 01:44:13,520
almost wonder you know is this subject

2753
01:44:16,950 --> 01:44:16,239
uh the people involved are they using

2754
01:44:20,229 --> 01:44:16,960
that as

2755
01:44:24,950 --> 01:44:20,239
to form some sort of new religion

2756
01:44:24,960 --> 01:44:29,590
hmm that's a loaded question i know

2757
01:44:32,830 --> 01:44:31,910
yeah is that before or after the great

2758
01:44:38,149 --> 01:44:32,840
reset

2759
01:44:42,629 --> 01:44:40,790
and you're gonna have to answer that

2760
01:44:44,149 --> 01:44:42,639
question but tell us what the great

2761
01:44:46,950 --> 01:44:44,159
reset is because i'm

2762
01:44:48,390 --> 01:44:46,960
i think i know but i'm not proficient in

2763
01:44:51,590 --> 01:44:48,400

that

2764

01:44:53,590 --> 01:44:51,600

okay so there is with with coven 19

2765

01:44:55,669 --> 01:44:53,600

apparently there is this

2766

01:44:57,669 --> 01:44:55,679

purported this is the odd thing with

2767

01:44:58,149 --> 01:44:57,679

these coincidences is they're using the

2768

01:45:01,510 --> 01:44:58,159

same

2769

01:45:03,430 --> 01:45:01,520

jargon in two different arenas which

2770

01:45:04,550 --> 01:45:03,440

is kind of like hey wait a minute maybe

2771

01:45:07,830 --> 01:45:04,560

there's a tie

2772

01:45:08,950 --> 01:45:07,840

and with covid19 many have discussed

2773

01:45:12,229 --> 01:45:08,960

that after this

2774

01:45:14,950 --> 01:45:12,239

grand vaccine and and this um

2775

01:45:16,470 --> 01:45:14,960

this vaccine is taken by the masses and

2776

01:45:18,950 --> 01:45:16,480

we're out of the woods

2777

01:45:20,390 --> 01:45:18,960

that there will be a great reset of

2778

01:45:22,790 --> 01:45:20,400

sorts

2779

01:45:24,149 --> 01:45:22,800

economically culturally and like a

2780

01:45:25,910 --> 01:45:24,159

renaissance that will take place

2781

01:45:29,189 --> 01:45:25,920

afterwards well

2782

01:45:29,990 --> 01:45:29,199

that's wonderful however if you look at

2783

01:45:33,189 --> 01:45:30,000

some of these secret

2784

01:45:35,510 --> 01:45:33,199

teachings many also discuss great resets

2785

01:45:37,350 --> 01:45:35,520

and so and this goes on from time to

2786

01:45:38,390 --> 01:45:37,360

time generation to generation every

2787

01:45:41,669 --> 01:45:38,400

culture

2788

01:45:44,390 --> 01:45:41,679

has kind of had the same stories again

2789

01:45:45,669 --> 01:45:44,400

you know even predating the egyptians

2790

01:45:48,629 --> 01:45:45,679

which many people don't

2791

01:45:50,470 --> 01:45:48,639

like to do because then you go against

2792

01:45:51,669 --> 01:45:50,480

the whole how long have we been here and

2793

01:45:52,790 --> 01:45:51,679

i think that's been blown out of the

2794

01:45:56,629 --> 01:45:52,800

water with

2795

01:45:58,950 --> 01:45:56,639

places in turkey like ubegli tepee and

2796

01:46:01,350 --> 01:45:58,960

and it's it's getting to a point where

2797

01:46:03,510 --> 01:46:01,360

uh our history may be more ancient

2798

01:46:05,750 --> 01:46:03,520

than we've realized and some of these

2799

01:46:08,149 --> 01:46:05,760

quote-unquote crazy ideas

2800

01:46:10,310 --> 01:46:08,159

may not be so crazy there there may be a

2801
01:46:12,390 --> 01:46:10,320
reason why

2802
01:46:13,510 --> 01:46:12,400
why why the people that are the

2803
01:46:15,830 --> 01:46:13,520
brightest minds

2804
01:46:16,629 --> 01:46:15,840
are talking about something they created

2805
01:46:19,590 --> 01:46:16,639
as if

2806
01:46:20,470 --> 01:46:19,600
it is an entity which is sort of a scary

2807
01:46:22,870 --> 01:46:20,480
thought you know

2808
01:46:26,390 --> 01:46:22,880
it's reminiscent of transhumanism and

2809
01:46:28,629 --> 01:46:26,400
the sphinx and all kinds of stuff

2810
01:46:29,830 --> 01:46:28,639
interesting well it is interesting to

2811
01:46:33,430 --> 01:46:29,840
see how a lot of this

2812
01:46:35,990 --> 01:46:33,440
uh has has been you know really

2813
01:46:36,709 --> 01:46:36,000

imaged in the ufo community over the

2814

01:46:38,790 --> 01:46:36,719

decades

2815

01:46:40,470 --> 01:46:38,800

you know it's funny in my library and i

2816

01:46:41,830 --> 01:46:40,480

mentioned this on several shows because

2817

01:46:43,270 --> 01:46:41,840

i think it's fascinating but if

2818

01:46:45,189 --> 01:46:43,280

if you know you're looking at a

2819

01:46:47,750 --> 01:46:45,199

publication from

2820

01:46:49,510 --> 01:46:47,760

the 50s or 60s and you turn it over and

2821

01:46:50,390 --> 01:46:49,520

the person that's advertising on the

2822

01:46:53,830 --> 01:46:50,400

back

2823

01:46:55,430 --> 01:46:53,840

cover is it's the word of christians and

2824

01:46:57,350 --> 01:46:55,440

you know you start looking through and

2825

01:46:59,109 --> 01:46:57,360

seeing okay who's placing ads in this

2826

01:47:01,030 --> 01:46:59,119

magazine and who's doing

2827

01:47:02,950 --> 01:47:01,040

uh you know this over there and then

2828

01:47:04,790 --> 01:47:02,960

what are you like if you look through

2829

01:47:05,750 --> 01:47:04,800

fate magazine and you see that there's a

2830

01:47:08,629 --> 01:47:05,760

very

2831

01:47:09,510 --> 01:47:08,639

uh religious uh in your face type of

2832

01:47:12,310 --> 01:47:09,520

thing

2833

01:47:13,590 --> 01:47:12,320

and and then also i think uh some

2834

01:47:16,950 --> 01:47:13,600

interesting

2835

01:47:18,790 --> 01:47:16,960

political uh ideas

2836

01:47:20,950 --> 01:47:18,800

and probably dangerous political ideas

2837

01:47:23,990 --> 01:47:20,960

it's been curious to me

2838

01:47:26,070 --> 01:47:24,000

to to see how much of this

2839

01:47:27,189 --> 01:47:26,080

is you know a lot of people involved in

2840

01:47:31,109 --> 01:47:27,199

this are

2841

01:47:33,109 --> 01:47:31,119

uh you know why are nazi sympathizers

2842

01:47:34,229 --> 01:47:33,119

and i find that fascinating and we're

2843

01:47:36,310 --> 01:47:34,239

gonna have to you and i are gonna have

2844

01:47:37,990 --> 01:47:36,320

to talk about that privately because

2845

01:47:39,990 --> 01:47:38,000

the show's getting ready to close but it

2846

01:47:42,790 --> 01:47:40,000

just is it's it's all

2847

01:47:43,510 --> 01:47:42,800

a trip but at the end of the day you

2848

01:47:46,310 --> 01:47:43,520

know with

2849

01:47:47,830 --> 01:47:46,320

regard to what you've learned about

2850

01:47:50,310 --> 01:47:47,840

things at the basin

2851

01:47:53,350 --> 01:47:50,320

the things that you've experienced you

2852

01:47:55,669 --> 01:47:53,360

know in a nutshell what would you say of

2853

01:47:58,870 --> 01:47:55,679

of your experience and what what are you

2854

01:48:01,750 --> 01:47:58,880

going to be doing in the future

2855

01:48:02,629 --> 01:48:01,760

great questions about spacewolf oh great

2856

01:48:07,510 --> 01:48:02,639

great question

2857

01:48:10,629 --> 01:48:07,520

um okay so uh i'm glad you asked that

2858

01:48:12,870 --> 01:48:10,639

because in in the uintah basin it's it's

2859

01:48:15,030 --> 01:48:12,880

one of those things that

2860

01:48:17,030 --> 01:48:15,040

we we mentioned these beliefs these

2861

01:48:17,990 --> 01:48:17,040

crazy beliefs in hierarchies of these

2862

01:48:20,629 --> 01:48:18,000

things so there's more than

2863

01:48:21,990 --> 01:48:20,639

one right and and so there's more than

2864

01:48:23,590 --> 01:48:22,000

one possibility right

2865

01:48:25,669 --> 01:48:23,600

and especially if there's some time

2866

01:48:27,270 --> 01:48:25,679

slips or dimensionality or we're looking

2867

01:48:30,229 --> 01:48:27,280

behind the veil so

2868

01:48:31,270 --> 01:48:30,239

these are a lot of faceted multiplying

2869

01:48:33,990 --> 01:48:31,280

factors

2870

01:48:35,109 --> 01:48:34,000

that if you're calculating your safety

2871

01:48:37,590 --> 01:48:35,119

as you mentioned

2872

01:48:38,709 --> 01:48:37,600

if you go up there you definitely want

2873

01:48:41,270 --> 01:48:38,719

to be safe

2874

01:48:43,350 --> 01:48:41,280

and so take that calculation into

2875

01:48:45,030 --> 01:48:43,360

consideration as well but the belief of

2876
01:48:46,709 --> 01:48:45,040
multiple entities like we discussed are

2877
01:48:48,470 --> 01:48:46,719
hierarchies of these things

2878
01:48:50,229 --> 01:48:48,480
don't just go out there invoking

2879
01:48:52,790 --> 01:48:50,239
whatever because

2880
01:48:53,430 --> 01:48:52,800
there is the very good possibility that

2881
01:48:57,189 --> 01:48:53,440
whatever

2882
01:48:59,350 --> 01:48:57,199
is not going to be nice to you and

2883
01:49:01,270 --> 01:48:59,360
with that in mind kind of moving out of

2884
01:49:04,390 --> 01:49:01,280
the occult

2885
01:49:04,790 --> 01:49:04,400
moving on to space wolf basically space

2886
01:49:08,310 --> 01:49:04,800
wolf

2887
01:49:09,590 --> 01:49:08,320
is kind of just sitting there and trying

2888
01:49:12,550 --> 01:49:09,600

to be as

2889

01:49:13,189 --> 01:49:12,560

omnipresent yet non-static as possible

2890

01:49:14,550 --> 01:49:13,199

cause

2891

01:49:16,629 --> 01:49:14,560

the least amount of static with

2892

01:49:19,189 --> 01:49:16,639

neighbors the community

2893

01:49:20,070 --> 01:49:19,199

or anybody um and that's hard when

2894

01:49:22,790 --> 01:49:20,080

you've taken

2895

01:49:25,350 --> 01:49:22,800

kind of the lovers lane that saw you

2896

01:49:28,550 --> 01:49:25,360

know like eight to ten cars a weekend

2897

01:49:31,589 --> 01:49:28,560

and you you fence it all up and say

2898

01:49:32,550 --> 01:49:31,599

hey this is being monitored 24 7 no

2899

01:49:36,070 --> 01:49:32,560

trespassing

2900

01:49:38,149 --> 01:49:36,080

so that kind of can make people angry um

2901

01:49:39,830 --> 01:49:38,159

and i've had you know trust i've had

2902

01:49:41,030 --> 01:49:39,840

trespassing and people who have driven

2903

01:49:43,990 --> 01:49:41,040

through the fence

2904

01:49:46,070 --> 01:49:44,000

and craziness and and but you know it's

2905

01:49:48,550 --> 01:49:46,080

just an area that i'm trying to get back

2906

01:49:49,430 --> 01:49:48,560

uh the way it should be i think with

2907

01:49:51,830 --> 01:49:49,440

being at least

2908

01:49:52,790 --> 01:49:51,840

the least amount intrusive as possible

2909

01:49:56,229 --> 01:49:52,800

um i did have an

2910

01:49:58,629 --> 01:49:56,239

rv that like got vaporized there by by

2911

01:49:59,910 --> 01:49:58,639

yeah we're going to ask you about that

2912

01:50:04,470 --> 01:49:59,920

yeah

2913

01:50:06,310 --> 01:50:04,480

place i kind of did the opposite of what

2914

01:50:07,430 --> 01:50:06,320

everybody expected because rvs are not

2915

01:50:09,189 --> 01:50:07,440

supposed to be able to

2916

01:50:10,709 --> 01:50:09,199

get hit really by lightning because

2917

01:50:13,350 --> 01:50:10,719

they're insulated and

2918

01:50:13,830 --> 01:50:13,360

this one i did all the precautions but

2919

01:50:16,070 --> 01:50:13,840

um

2920

01:50:17,109 --> 01:50:16,080

in its place i put a container a steel

2921

01:50:20,229 --> 01:50:17,119

container which

2922

01:50:22,229 --> 01:50:20,239

uh should draw lightning you know and uh

2923

01:50:24,870 --> 01:50:22,239

i haven't had any effects with that yet

2924

01:50:26,709 --> 01:50:24,880

but the reason i did it is many believe

2925

01:50:30,550 --> 01:50:26,719

that these entities if they are

2926

01:50:34,070 --> 01:50:30,560

something other than a plausibly

2927

01:50:35,350 --> 01:50:34,080

explained um thing

2928

01:50:37,510 --> 01:50:35,360

unless unless it's something you can

2929

01:50:39,669 --> 01:50:37,520

explain easily it's

2930

01:50:41,189 --> 01:50:39,679

it could be some of these entities

2931

01:50:43,750 --> 01:50:41,199

called faye in the uk

2932

01:50:45,430 --> 01:50:43,760

or jin in the middle east or whatever we

2933

01:50:47,350 --> 01:50:45,440

call them in the southwest

2934

01:50:48,709 --> 01:50:47,360

but uh we'll see if it gets hit by

2935

01:50:51,510 --> 01:50:48,719

lightning or not but that's kind of what

2936

01:50:54,870 --> 01:50:51,520

we're kind of up to right now

2937

01:50:56,629 --> 01:50:54,880

and said you um it was so what is i mean

2938

01:50:59,430 --> 01:50:56,639

if you can tell us what is inside the

2939

01:51:03,669 --> 01:51:03,030

i can't tell you that okay yeah i wish i

2940

01:51:07,669 --> 01:51:03,679

could

2941

01:51:15,830 --> 01:51:07,679

nothing fascinating

2942

01:51:19,830 --> 01:51:18,470

and and so are you at one point i had

2943

01:51:20,709 --> 01:51:19,840

heard that you were working with chris

2944

01:51:23,750 --> 01:51:20,719

o'brien

2945

01:51:27,430 --> 01:51:23,760

and that you had some of his his uh

2946

01:51:30,470 --> 01:51:27,440

equipment up there is that correct

2947

01:51:32,709 --> 01:51:30,480

that is correct um the issue with that

2948

01:51:34,750 --> 01:51:32,719

is that uh a couple of things took place

2949

01:51:35,990 --> 01:51:34,760

at that time um there was kind of a

2950

01:51:39,109 --> 01:51:36,000

resurgence

2951
01:51:41,030 --> 01:51:39,119
that i believe i i just believed that i

2952
01:51:44,229 --> 01:51:41,040
wanted to

2953
01:51:46,629 --> 01:51:44,239
camera down just less technology less

2954
01:51:47,589 --> 01:51:46,639
stuff buzzing at night you know less

2955
01:51:49,830 --> 01:51:47,599
stuff less

2956
01:51:50,790 --> 01:51:49,840
less electricity just kind of more of a

2957
01:51:53,669 --> 01:51:50,800
natural

2958
01:51:55,189 --> 01:51:53,679
regenerative like regenerate the area a

2959
01:51:58,310 --> 01:51:55,199
little bit um if there are

2960
01:52:01,990 --> 01:51:58,320
entities there let it get back to normal

2961
01:52:04,550 --> 01:52:02,000
and that's kind of been the case so um

2962
01:52:05,750 --> 01:52:04,560
anyway yeah that that's kind of my

2963
01:52:08,870 --> 01:52:05,760

direction

2964

01:52:11,270 --> 01:52:08,880

and uh the the the stuff with chris

2965

01:52:14,950 --> 01:52:11,280

o'brien it's an amazing product

2966

01:52:18,470 --> 01:52:14,960

however it does utilize dahua uh

2967

01:52:20,390 --> 01:52:18,480

cameras and unfortunately those lenses

2968

01:52:22,229 --> 01:52:20,400

and cameras and that system and many of

2969

01:52:25,270 --> 01:52:22,239

the diagnostics

2970

01:52:28,629 --> 01:52:25,280

and systems that run that are

2971

01:52:30,950 --> 01:52:28,639

all um based out of china and

2972

01:52:32,550 --> 01:52:30,960

and questionable so that's that's a

2973

01:52:34,070 --> 01:52:32,560

that's a bummer because you know that

2974

01:52:35,510 --> 01:52:34,080

stuff's not cheap but

2975

01:52:37,109 --> 01:52:35,520

it's more important i think in my

2976

01:52:40,149 --> 01:52:37,119

opinion to

2977

01:52:42,470 --> 01:52:40,159

uh not use stuff or utilize things or

2978

01:52:44,310 --> 01:52:42,480

you know fly drones or do things that

2979

01:52:47,589 --> 01:52:44,320

are going to

2980

01:52:51,030 --> 01:52:47,599

um possibly open up

2981

01:52:51,990 --> 01:52:51,040

this inexplicable treasure trove

2982

01:52:55,669 --> 01:52:52,000

whatever it may be

2983

01:53:02,149 --> 01:52:55,679

to characters that are not uh you know

2984

01:53:07,350 --> 01:53:05,189

do you get concerned you know with being

2985

01:53:09,030 --> 01:53:07,360

up there and i know that they have

2986

01:53:12,390 --> 01:53:09,040

mentioned specifically

2987

01:53:19,669 --> 01:53:12,400

uh the new ownership about the the

2988

01:53:24,550 --> 01:53:22,709

i can't speak to that but i i love the

2989

01:53:27,109 --> 01:53:24,560

place maybe it's just like a rat in a

2990

01:53:30,149 --> 01:53:27,119

cage going back to the strychnine but

2991

01:53:31,589 --> 01:53:30,159

i love the place and it does have an

2992

01:53:34,310 --> 01:53:31,599

energy about it that is

2993

01:53:36,070 --> 01:53:34,320

un you know it's unsafe at any level is

2994

01:53:37,510 --> 01:53:36,080

the way i like to say it because it's an

2995

01:53:41,510 --> 01:53:37,520

amazing energy

2996

01:53:43,589 --> 01:53:41,520

going to be

2997

01:53:45,510 --> 01:53:43,599

you know any force has an equal or

2998

01:53:47,830 --> 01:53:45,520

greater reaction so

2999

01:53:50,229 --> 01:53:47,840

you are that reaction so just be ready

3000

01:53:53,270 --> 01:53:50,239

for anything

3001

01:53:55,030 --> 01:53:53,280

okay yeah that is interesting and this

3002

01:53:57,270 --> 01:53:55,040

has been such a fascinating

3003

01:53:58,390 --> 01:53:57,280

show i could talk to you for you know a

3004

01:54:00,950 --> 01:53:58,400

lot longer

3005

01:54:02,709 --> 01:54:00,960

which i'm really glad that we're we're

3006

01:54:04,390 --> 01:54:02,719

communicating and things because

3007

01:54:05,910 --> 01:54:04,400

we have a lot i think we can share with

3008

01:54:08,550 --> 01:54:05,920

each other and learn from

3009

01:54:10,310 --> 01:54:08,560

with regard to some of the goings on in

3010

01:54:11,750 --> 01:54:10,320

in that area and i can't wait for you to

3011

01:54:14,870 --> 01:54:11,760

come up and see the library

3012

01:54:17,270 --> 01:54:14,880

and to you know maybe get up

3013

01:54:18,229 --> 01:54:17,280

get up in the neighborhoods up there and

3014

01:54:20,229 --> 01:54:18,239

stuff but i

3015

01:54:21,350 --> 01:54:20,239

thank you so much and is there a place

3016

01:54:24,390 --> 01:54:21,360

where people can

3017

01:54:26,550 --> 01:54:24,400

learn more about space wolf's research

3018

01:54:28,310 --> 01:54:26,560

oh sure um there's not much to it it's

3019

01:54:30,229 --> 01:54:28,320

just a real estate company that

3020

01:54:31,990 --> 01:54:30,239

is allowing some research and the

3021

01:54:32,550 --> 01:54:32,000

research is pretty minimal like i said

3022

01:54:34,310 --> 01:54:32,560

and

3023

01:54:35,910 --> 01:54:34,320

yeah if you get up there maybe we'll uh

3024

01:54:38,870 --> 01:54:35,920

take a peek inside the uh

3025

01:54:39,189 --> 01:54:38,880

the container but um yeah there's not a

3026

01:54:42,870 --> 01:54:39,199

lot

3027

01:54:45,430 --> 01:54:42,880

just go to spacewolfresearch.com and uh

3028

01:54:45,910 --> 01:54:45,440

it there's not that not a lot there but

3029

01:54:48,950 --> 01:54:45,920

it's

3030

01:54:52,390 --> 01:54:48,960

what it is

3031

01:54:54,550 --> 01:54:52,400

and i just i think research is important

3032

01:54:55,430 --> 01:54:54,560

and so i also want to say if you you

3033

01:54:56,870 --> 01:54:55,440

last time

3034

01:54:58,550 --> 01:54:56,880

i had you on the show you were talking

3035

01:55:00,870 --> 01:54:58,560

about uh

3036

01:55:04,149 --> 01:55:00,880

editing your book and then putting out a

3037

01:55:07,109 --> 01:55:04,159

new version did you ever do that

3038

01:55:07,750 --> 01:55:07,119

good question um i think i did but i

3039

01:55:10,629 --> 01:55:07,760

don't know

3040

01:55:11,430 --> 01:55:10,639

if it was if if it was the vegas

3041

01:55:13,669 --> 01:55:11,440

shooting book

3042

01:55:14,629 --> 01:55:13,679

that is just not happening like i've

3043

01:55:17,430 --> 01:55:14,639

been shot down

3044

01:55:18,310 --> 01:55:17,440

no pun intended by everybody so that's

3045

01:55:20,070 --> 01:55:18,320

not happening

3046

01:55:21,910 --> 01:55:20,080

but um yeah there's some other stuff in

3047

01:55:24,390 --> 01:55:21,920

the works i'm just so slow

3048

01:55:26,870 --> 01:55:24,400

and i'm trying my best but i'll get it

3049

01:55:28,790 --> 01:55:26,880

as soon as i can out there

3050

01:55:30,390 --> 01:55:28,800

well and the fact that you've got a

3051

01:55:33,270 --> 01:55:30,400

beautiful family

3052

01:55:34,149 --> 01:55:33,280

now and and stuff i mean i'm glad that

3053

01:55:35,430 --> 01:55:34,159

you're

3054

01:55:37,350 --> 01:55:35,440

taking a little you know break and

3055

01:55:37,990 --> 01:55:37,360

focusing on the family because it's just

3056

01:55:41,510 --> 01:55:38,000

such a

3057

01:55:43,750 --> 01:55:41,520

fun fun time of life so give

3058

01:55:45,510 --> 01:55:43,760

your give your wife my love and

3059

01:55:46,470 --> 01:55:45,520

hopefully we will see each other soon

3060

01:55:49,030 --> 01:55:46,480

and thank you

3061

01:55:50,550 --> 01:55:49,040

for for being here and let's definitely

3062

01:55:51,830 --> 01:55:50,560

connect because you said some things

3063

01:55:54,550 --> 01:55:51,840

that i want to talk to you about

3064

01:55:56,310 --> 01:55:54,560

off the air that sounds great okay we'll

3065

01:55:58,149 --> 01:55:56,320

do thanks erica

3066

01:55:59,990 --> 01:55:58,159

they said it couldn't be done but i

3067

01:56:01,589 --> 01:56:00,000

wanted to have some fun i hope i'm not

3068

01:56:05,350 --> 01:56:01,599

the only one

3069

01:56:08,229 --> 01:56:05,360

reminiscent of sheryl crow i think that

3070

01:56:10,149 --> 01:56:08,239

uh yeah that was a good show and

3071

01:56:11,830 --> 01:56:10,159

speaking of singers erica is a great

3072

01:56:12,790 --> 01:56:11,840

singer reminiscent of cheryl crow as

3073

01:56:15,669 --> 01:56:12,800

well she's a

3074

01:56:17,510 --> 01:56:15,679

interesting and chris marks is a

3075

01:56:18,709 --> 01:56:17,520

incredible musician as well so it just

3076

01:56:21,189 --> 01:56:18,719

goes to show there's

3077

01:56:21,830 --> 01:56:21,199

so many interesting individuals involved

3078

01:56:24,390 --> 01:56:21,840

in so

3079

01:56:25,510 --> 01:56:24,400

many parts of ufology and other research

3080

01:56:28,550 --> 01:56:25,520

that is important

3081

01:56:31,990 --> 01:56:28,560

to all of us well there you have it

3082

01:56:33,189 --> 01:56:32,000

erica luke's grilling me no i'm just

3083

01:56:36,390 --> 01:56:33,199

kidding it's kind of nice

3084

01:56:39,109 --> 01:56:36,400

chatting with her about these subjects

3085

01:56:39,990 --> 01:56:39,119

interestingly we don't have these same

3086

01:56:43,030 --> 01:56:40,000

views

3087

01:56:46,950 --> 01:56:43,040

now i try not to engage too much

3088

01:56:49,669 --> 01:56:46,960

in that format instead i try to uh

3089

01:56:52,390 --> 01:56:49,679

concentrate on the similarities we we do

3090

01:56:55,990 --> 01:56:52,400

have some things that we do agree upon

3091

01:56:58,070 --> 01:56:56,000

and and the history is important

3092

01:57:00,390 --> 01:56:58,080

and she's archiving significant amounts

3093

01:57:02,149 --> 01:57:00,400

of information which is very important

3094

01:57:04,070 --> 01:57:02,159

and important to everybody and i think

3095

01:57:05,990 --> 01:57:04,080

we all are doing our best

3096

01:57:08,149 --> 01:57:06,000

so it's good to look past your

3097

01:57:09,510 --> 01:57:08,159

differences especially in this political

3098

01:57:11,510 --> 01:57:09,520

day and age where

3099

01:57:13,510 --> 01:57:11,520

you know families are being torn apart

3100

01:57:16,550 --> 01:57:13,520

over the christmas

3101

01:57:18,950 --> 01:57:16,560

turkey or ham over a discussion on

3102

01:57:22,629 --> 01:57:18,960

politics i mean the reality is

3103

01:57:26,149 --> 01:57:22,639

it's okay to agree to disagree

3104

01:57:29,189 --> 01:57:26,159

because it's not my place and

3105

01:57:31,430 --> 01:57:29,199

that is really what i believe the more

3106

01:57:33,430 --> 01:57:31,440

that i go on in this game it's not my

3107

01:57:35,189 --> 01:57:33,440

place to judge others it is just my

3108

01:57:38,310 --> 01:57:35,199

place to do what i do

3109

01:57:38,950 --> 01:57:38,320

best and that's be me so until next time

3110

01:57:41,030 --> 01:57:38,960

guys

3111

01:57:42,550 --> 01:57:41,040

keep your eyes to the skies feet on the

3112

01:57:52,270 --> 01:57:42,560

ground but don't forget

3113

01:58:00,070 --> 01:57:52,280

to take a look around

3114

01:58:02,950 --> 01:58:00,080

[Music]

3115

01:58:12,160 --> 01:58:02,960

come blast off in my time machine third

3116

01:58:12,170 --> 01:58:16,149

[Music]

3117

01:58:23,030 --> 01:58:20,149

blast off blast off blast off

3118

01:58:35,150 --> 01:58:23,040

come blast off in my time machine third

3119

01:59:01,830 --> 01:58:35,160

eye feeling like you need
