00:00:07,269 --> 00:00:03,669
submarine notes

2
00:00:11,030 --> 00:00:07,279
possibly headed to antarctica

3
00:00:14,910 --> 00:00:11,040
some kind of base and ufos involved

4
00:00:18,070 --> 00:00:14,920
advanced weapons systems being tested

5
00:00:21,510 --> 00:00:18,080
possibly theories

6
00:00:22,390 --> 00:00:21,520
into many of the mysteries of the uintah

7
00:00:27,509 --> 00:00:22,400
basin

8
00:00:30,390 --> 00:00:27,519
basically a swiss pocket watch

9
00:00:31,669 --> 00:00:30,400
of high strangeness a finely tuned

10
00:00:34,950 --> 00:00:31,679
individual

11
00:00:38,229 --> 00:00:34,960
with an amazing track record

12
00:00:39,350 --> 00:00:38,239
decorated soldier military police and

13
00:00:42,709 --> 00:00:39,360

we're going to get into

14

00:00:45,029 --> 00:00:42,719

all the rest an amazing gentleman

15

00:00:46,389 --> 00:00:45,039

as a precursor though let me explain

16

00:00:48,869 --> 00:00:46,399

this

17

00:00:51,590 --> 00:00:48,879

some claims will be made against certain

18

00:00:54,950 --> 00:00:51,600

landowners and previous landowners

19

00:00:57,270 --> 00:00:54,960

in the uintah basin past and present

20

00:00:59,110 --> 00:00:57,280

claims that by their very nature can't

21

00:01:02,150 --> 00:00:59,120

be substantiated and

22

00:01:06,070 --> 00:01:02,160

invoke plausible deniability

23

00:01:10,310 --> 00:01:06,080

i can speak to this as i'm a landowner

24

00:01:12,310 --> 00:01:10,320

and well i've i've done this very thing

25

00:01:14,950 --> 00:01:12,320

so i don't know what people have done on

26

00:01:18,630 --> 00:01:14,960

property of mine

27

00:01:20,550 --> 00:01:18,640

and uh without further ado let's uh

28

00:01:26,930 --> 00:01:20,560

get to the intro and and get moving

29

00:01:29,520 --> 00:01:26,940

along guys thanks for tuning in

30

00:01:39,109 --> 00:01:29,530

[Applause]

31

00:01:45,109 --> 00:01:41,990

come blast off in my time machine third

32

00:01:49,190 --> 00:01:45,119

eye feeling like a knee vision blast off

33

00:01:52,149 --> 00:01:49,200

blast off blast off glassed off

34

00:01:56,110 --> 00:01:52,159

come blast off in my time machine third

35

00:02:03,109 --> 00:02:00,069

[Music]

36

00:02:06,789 --> 00:02:03,119

hey everybody welcome

37

00:02:10,550 --> 00:02:06,799

and blast off on another episode of hero

38

00:02:12,869 --> 00:02:10,560

paranormal podcast broadcasting

39

00:02:15,670 --> 00:02:12,879

somewhere between the base of la madre

40

00:02:18,229 --> 00:02:15,680

mountain just south of area 51

41

00:02:21,670 --> 00:02:18,239

and the epicenter of high strangeness

42

00:02:26,070 --> 00:02:21,680

the uinta basin in utah

43

00:02:28,869 --> 00:02:26,080

liminally involved my name is ryan

44

00:02:29,750 --> 00:02:28,879

the original outlaw of the airwaves

45

00:02:33,110 --> 00:02:29,760

bringing you

46

00:02:34,550 --> 00:02:33,120

an epic episode tonight we have the one

47

00:02:37,270 --> 00:02:34,560

the only chris marks

48

00:02:37,750 --> 00:02:37,280

and erica luke's i guess that's two so

49

00:02:40,630 --> 00:02:37,760

it's like

50

00:02:41,830 --> 00:02:40,640

twice the bang for your buck these guys

51
00:02:45,190 --> 00:02:41,840
are going to explain

52
00:02:46,949 --> 00:02:45,200
theories into some pretty advanced stuff

53
00:02:49,030 --> 00:02:46,959
dealing in the uinda basin and we're

54
00:02:51,270 --> 00:02:49,040
going to hopefully delve into some stuff

55
00:02:52,550 --> 00:02:51,280
that uh i'm really interested in

56
00:02:55,350 --> 00:02:52,560
that may have something to do with

57
00:02:59,589 --> 00:02:55,360
hollow earth nazis

58
00:03:02,630 --> 00:02:59,599
submarine notes we're gonna get into it

59
00:03:05,030 --> 00:03:02,640
anyway i will uh explain

60
00:03:06,550 --> 00:03:05,040
more in just a moment let's just get to

61
00:03:07,190 --> 00:03:06,560
it let's call these guys without further

62
00:03:09,910 --> 00:03:07,200
ado

63
00:03:11,910 --> 00:03:09,920

chris marks erica luke's welcome to the

64

00:03:14,790 --> 00:03:11,920

hero paranormal podcast

65

00:03:16,830 --> 00:03:14,800

good how are the little rascals they are

66

00:03:18,869 --> 00:03:16,840

rascally they're up to no good all the

67

00:03:21,910 --> 00:03:18,879

time well they are

68

00:03:28,149 --> 00:03:26,550

to be expected correct yeah pretty much

69

00:03:29,589 --> 00:03:28,159

how have you guys been hanging in there

70

00:03:32,789 --> 00:03:29,599

through uh

71

00:03:35,110 --> 00:03:32,799

what's a pretty crazy week

72

00:03:37,509 --> 00:03:35,120

you know good yeah it's just been it's

73

00:03:39,830 --> 00:03:37,519

just we're rolling along and

74

00:03:41,509 --> 00:03:39,840

things with covet are definitely getting

75

00:03:41,910 --> 00:03:41,519

you know more exciting as the day goes

76

00:03:46,710 --> 00:03:41,920

by

77

00:03:48,550 --> 00:03:46,720

it's trying to keep safe chris got his

78

00:03:52,550 --> 00:03:48,560

first shot so that's good

79

00:03:55,509 --> 00:03:52,560

nice vaccine nice it's scary stuff

80

00:03:56,309 --> 00:03:55,519

hey ryan how are you chris how are you

81

00:04:00,149 --> 00:03:56,319

hey

82

00:04:01,509 --> 00:04:00,159

i'm good i'm good good good good las

83

00:04:04,710 --> 00:04:01,519

vegas

84

00:04:05,270 --> 00:04:04,720

man i i love it down here but i miss it

85

00:04:07,990 --> 00:04:05,280

up there

86

00:04:09,910 --> 00:04:08,000

so it's it's tough if you if you need

87

00:04:12,070 --> 00:04:09,920

somebody to drive that

88

00:04:15,190 --> 00:04:12,080

sexy sweet harley of yours up to you

89

00:04:18,789 --> 00:04:15,200

just let me know that's not a bad idea

90

00:04:23,909 --> 00:04:21,990

not a bad idea even better that's yeah

91

00:04:25,749 --> 00:04:23,919

that's one thing i'm really missing it's

92

00:04:27,590 --> 00:04:25,759

like i can't wait to get a house

93

00:04:29,510 --> 00:04:27,600

and and get all that stuff up here

94

00:04:33,830 --> 00:04:29,520

because i almost bought a yamaha

95

00:04:36,550 --> 00:04:33,840

um like uh off-road uh enduro type thing

96

00:04:38,710 --> 00:04:36,560

mm-hmm uh just to go cruise and i miss

97

00:04:40,629 --> 00:04:38,720

it man i miss it i missed the handlebars

98

00:04:41,990 --> 00:04:40,639

i missed open road maybe you and maybe

99

00:04:43,510 --> 00:04:42,000

you could go down there and

100

00:04:45,430 --> 00:04:43,520

you and ryan could ride the bikes back

101
00:04:47,430 --> 00:04:45,440
together that would be awesome

102
00:04:48,790 --> 00:04:47,440
do you know that's not a bad idea i know

103
00:04:50,550 --> 00:04:48,800
yeah

104
00:04:52,230 --> 00:04:50,560
we'll have to talk about it that's kind

105
00:04:52,790 --> 00:04:52,240
of a cool idea that'd be fun for you

106
00:04:56,710 --> 00:04:52,800
guys

107
00:04:57,270 --> 00:04:56,720
because i was i don't like trailering

108
00:04:59,350 --> 00:04:57,280
them

109
00:05:00,950 --> 00:04:59,360
yeah i don't like the way the forks all

110
00:05:05,909 --> 00:05:00,960
the way compressed down

111
00:05:09,110 --> 00:05:05,919
and especially for like 480 miles or so

112
00:05:13,029 --> 00:05:09,120
ah first we gotta i gotta get that house

113
00:05:16,310 --> 00:05:13,039

yeah and that's one thing it really is

114

00:05:18,310 --> 00:05:16,320

amazing um i bought my house new 10

115

00:05:20,310 --> 00:05:18,320

years ago up in the northwest by

116

00:05:23,670 --> 00:05:20,320

hualapai

117

00:05:26,710 --> 00:05:23,680

um for 229. story

118

00:05:31,430 --> 00:05:26,720

2500 square feet great neighborhood

119

00:05:35,029 --> 00:05:31,440

um awesome sold for 3 29

120

00:05:37,909 --> 00:05:35,039

last summer and up here you can't find

121

00:05:39,510 --> 00:05:37,919

anything that's below a half a million

122

00:05:41,350 --> 00:05:39,520

even ramshackles like

123

00:05:43,670 --> 00:05:41,360

like a thousand square feet homes go for

124

00:05:47,029 --> 00:05:43,680

half a mil yeah it's just mind-blowing

125

00:05:49,350 --> 00:05:47,039

yeah so yeah we're looking

126
00:05:50,390 --> 00:05:49,360
you know uh fixer-upper would be great

127
00:05:52,710 --> 00:05:50,400
putting some

128
00:05:54,230 --> 00:05:52,720
some work into it and like get a nice

129
00:05:56,950 --> 00:05:54,240
old victorian

130
00:05:58,629 --> 00:05:56,960
type home that we shall see that's

131
00:06:01,670 --> 00:05:58,639
awesome we shall see

132
00:06:02,070 --> 00:06:01,680
it'll happen in time yeah i know it will

133
00:06:05,749 --> 00:06:02,080
man

134
00:06:06,230 --> 00:06:05,759
and it's great that you're up there um

135
00:06:09,029 --> 00:06:06,240
chris

136
00:06:10,790 --> 00:06:09,039
i i can't explain how excited i am to

137
00:06:14,469 --> 00:06:10,800
finally talk to you

138
00:06:16,870 --> 00:06:14,479

not only about well

139

00:06:18,469 --> 00:06:16,880

the most interesting experiences

140

00:06:20,950 --> 00:06:18,479

documented correctly

141

00:06:21,909 --> 00:06:20,960

on record uh in the history of the

142

00:06:24,950 --> 00:06:21,919

uintah basin

143

00:06:27,590 --> 00:06:24,960

but amazing insight into

144

00:06:28,150 --> 00:06:27,600

past possible top secret german u-boat

145

00:06:31,909 --> 00:06:28,160

notes

146

00:06:32,390 --> 00:06:31,919

talking about uh possibly antarctica i

147

00:06:34,230 --> 00:06:32,400

believe

148

00:06:36,710 --> 00:06:34,240

and maybe much more you're you're a

149

00:06:38,710 --> 00:06:36,720

wealth of information and i don't doubt

150

00:06:40,150 --> 00:06:38,720

that um you have other experiences that

151
00:06:41,590 --> 00:06:40,160
i would love to pick your brain about in

152
00:06:44,230 --> 00:06:41,600
theories as well so

153
00:06:44,790 --> 00:06:44,240
it's kind of it's amazing that you and

154
00:06:47,270 --> 00:06:44,800
erica

155
00:06:47,990 --> 00:06:47,280
are you know it's it's like twice the

156
00:06:49,430 --> 00:06:48,000
bang for the buck

157
00:06:52,469 --> 00:06:49,440
you guys are like the power couple when

158
00:06:54,309 --> 00:06:52,479
it comes to the synchronicities

159
00:06:56,550 --> 00:06:54,319
and explainable events and i think a

160
00:06:58,790 --> 00:06:56,560
very important facet of the mystery of

161
00:07:02,629 --> 00:06:58,800
the you in a basin

162
00:07:07,110 --> 00:07:02,639
thank you that sounds kind of cool

163
00:07:11,029 --> 00:07:07,120

um just you know before we go on

164

00:07:13,909 --> 00:07:11,039

anything anything is good you can ask

165

00:07:16,710 --> 00:07:13,919

anything you want i will give you 100

166

00:07:20,390 --> 00:07:16,720

clear info

167

00:07:23,189 --> 00:07:20,400

it's totally totally open

168

00:07:23,749 --> 00:07:23,199

whatever you need to know i will give

169

00:07:25,830 --> 00:07:23,759

you

170

00:07:28,150 --> 00:07:25,840

a clear account i don't embellish i

171

00:07:34,550 --> 00:07:28,160

don't i have no

172

00:07:39,270 --> 00:07:37,110

horse in this race as far as like i'm

173

00:07:44,230 --> 00:07:39,280

trying to make connections or i'm i'm

174

00:07:47,510 --> 00:07:44,240

in this for gain or whatnot i'm simply

175

00:07:49,830 --> 00:07:47,520

wanted to tell the story as it occurred

176

00:07:51,589 --> 00:07:49,840

i'm currently working also on a

177

00:07:55,270 --> 00:07:51,599

documentary that i'm doing

178

00:07:58,469 --> 00:07:55,280

a book form there will be two books

179

00:08:00,869 --> 00:07:58,479

um one that will

180

00:08:01,830 --> 00:08:00,879

simply show the journey from getting

181

00:08:05,029 --> 00:08:01,840

hired on

182

00:08:08,390 --> 00:08:05,039

and how that all happened

183

00:08:11,270 --> 00:08:08,400

the second one will contain

184

00:08:11,749 --> 00:08:11,280

reports that i had written over the

185

00:08:17,029 --> 00:08:11,759

years

186

00:08:21,510 --> 00:08:20,710

uh probably upwards of like 800 or so

187

00:08:27,909 --> 00:08:21,520

pictures

188

00:08:30,629 --> 00:08:27,919

available um

189

00:08:32,709 --> 00:08:30,639

so i just want to tell there's there's

190

00:08:36,310 --> 00:08:32,719

so much being talked about this

191

00:08:40,070 --> 00:08:36,320

this place uh so much lore

192

00:08:41,990 --> 00:08:40,080

so much myth uh embellishments

193

00:08:43,990 --> 00:08:42,000

uh for crown out loud now we have a

194

00:08:47,190 --> 00:08:44,000

second season of another

195

00:08:50,710 --> 00:08:47,200

reality tv uh entertainment show that

196

00:08:53,110 --> 00:08:50,720

that deals with it and so i

197

00:08:53,750 --> 00:08:53,120

i'm not an expert i'm not a scientist

198

00:08:57,509 --> 00:08:53,760

but

199

00:09:00,870 --> 00:08:57,519

i was there and i can give the account

200

00:09:03,670 --> 00:09:00,880

of what happened without it being shaded

201

00:09:05,990 --> 00:09:03,680

one way or another

202

00:09:07,670 --> 00:09:06,000

and you were definitely there and not

203

00:09:07,990 --> 00:09:07,680

only were you you were there but you

204

00:09:11,110 --> 00:09:08,000

were

205

00:09:14,389 --> 00:09:11,120

capacity and

206

00:09:15,910 --> 00:09:14,399

you know that's so rare because many

207

00:09:18,389 --> 00:09:15,920

researchers in the basin

208

00:09:19,670 --> 00:09:18,399

including myself are just civilians and

209

00:09:21,670 --> 00:09:19,680

haphazardly

210

00:09:23,110 --> 00:09:21,680

going about this you know literally

211

00:09:25,030 --> 00:09:23,120

throwing paint at the wall and seeing if

212

00:09:27,430 --> 00:09:25,040

it sticks and having no

213

00:09:28,790 --> 00:09:27,440

no real professional training or

214

00:09:31,670 --> 00:09:28,800

investigative skills

215

00:09:33,509 --> 00:09:31,680

and you had not only all that but top

216

00:09:34,470 --> 00:09:33,519

secret clearances you were military

217

00:09:38,150 --> 00:09:34,480

trained police

218

00:09:40,389 --> 00:09:38,160

intelligence officer i believe and also

219

00:09:41,590 --> 00:09:40,399

uh knew a thing or two about actually

220

00:09:45,030 --> 00:09:41,600

documenting

221

00:09:46,870 --> 00:09:45,040

research um and investigating things

222

00:09:51,670 --> 00:09:46,880

that put you in a position that i think

223

00:09:54,949 --> 00:09:51,680

is so far above most

224

00:09:58,310 --> 00:09:54,959

yeah i kind of grew into this thing um

225

00:10:00,070 --> 00:09:58,320

when i first i came you know

226

00:10:01,750 --> 00:10:00,080

going back to the beginnings when i came

227

00:10:05,110 --> 00:10:01,760

back from iraq

228

00:10:07,350 --> 00:10:05,120

um i was out there for two years and

229

00:10:09,190 --> 00:10:07,360

uh the the company i had worked for

230

00:10:12,310 --> 00:10:09,200

prior had folded so i didn't

231

00:10:14,949 --> 00:10:12,320

have a job at that time

232

00:10:16,550 --> 00:10:14,959

but i had saved a lot of money from

233

00:10:19,430 --> 00:10:16,560

deployment and so forth

234

00:10:20,630 --> 00:10:19,440

uh wrote my harley coast coast and spent

235

00:10:22,470 --> 00:10:20,640

about three

236

00:10:24,310 --> 00:10:22,480

and a half months three months on the

237

00:10:29,190 --> 00:10:24,320

road

238

00:10:31,990 --> 00:10:29,200

uh came back and i saw this this

239

00:10:32,870 --> 00:10:32,000

job advertisement for bigelow aerospace

240

00:10:37,750 --> 00:10:32,880

coming over

241

00:10:42,150 --> 00:10:37,760

the military communal website

242

00:10:45,269 --> 00:10:42,160

and i figured you know why not

243

00:10:46,949 --> 00:10:45,279

i needed a job and i never heard of

244

00:10:47,590 --> 00:10:46,959

bigelow aerospace i've never heard of

245

00:10:51,269 --> 00:10:47,600

any of that

246

00:10:53,829 --> 00:10:51,279

i just

247

00:10:54,310 --> 00:10:53,839

applied to the gig and ultimately you

248

00:10:57,350 --> 00:10:54,320

know

249

00:11:01,350 --> 00:10:57,360

got it um it was a journey

250

00:11:03,430 --> 00:11:01,360

uh one that totally

251
00:11:04,710 --> 00:11:03,440
had not been planned had not been laid

252
00:11:08,150 --> 00:11:04,720
out it just

253
00:11:10,630 --> 00:11:08,160
happened the way it happened um it was

254
00:11:11,269 --> 00:11:10,640
a gig that eventually grew into much

255
00:11:14,870 --> 00:11:11,279
more than

256
00:11:18,150 --> 00:11:14,880
just a gig what was interesting

257
00:11:21,269 --> 00:11:18,160
was not only my time on the ranch itself

258
00:11:21,829 --> 00:11:21,279
but also the time i spent the years i

259
00:11:25,750 --> 00:11:21,839
spent

260
00:11:26,790 --> 00:11:25,760
at aerospace itself and getting to know

261
00:11:29,829 --> 00:11:26,800
mr bigelow

262
00:11:32,550 --> 00:11:29,839
and get into no column and being

263
00:11:34,790 --> 00:11:32,560

pretty very close with bigelow we went

264

00:11:38,870 --> 00:11:34,800

hiking

265

00:11:41,990 --> 00:11:38,880

company hikes we had a lot of

266

00:11:45,269 --> 00:11:42,000

conversation not just about the ranch

267

00:11:47,910 --> 00:11:45,279

but many things such as you know they

268

00:11:50,389 --> 00:11:47,920

had traveled to europe we spent a couple

269

00:11:53,269 --> 00:11:50,399

hours talking about

270

00:11:54,790 --> 00:11:53,279

political develop developments in europe

271

00:11:57,269 --> 00:11:54,800

how it had changed

272

00:11:59,030 --> 00:11:57,279

places he had visited places that i was

273

00:12:04,069 --> 00:11:59,040

familiar with

274

00:12:07,509 --> 00:12:04,079

at one point he had a medical episode

275

00:12:10,470 --> 00:12:07,519

and diane his late wife

276

00:12:15,030 --> 00:12:10,480

suggested that i would become his driver

277

00:12:22,150 --> 00:12:18,710

i guess bodyguard for

278

00:12:22,160 --> 00:12:26,310

and i agreed to that

279

00:12:30,310 --> 00:12:29,030

but then afghanistan came up and i had

280

00:12:32,550 --> 00:12:30,320

to roll back out

281

00:12:34,870 --> 00:12:32,560

and so that whole thing went up in smoke

282

00:12:39,110 --> 00:12:34,880

but um i was pretty close with

283

00:12:42,949 --> 00:12:39,120

with uh the organization at that time

284

00:12:44,790 --> 00:12:42,959

so cool it is so cool such as such a

285

00:12:46,870 --> 00:12:44,800

unique history position

286

00:12:48,470 --> 00:12:46,880

and the i think some of the most

287

00:12:51,269 --> 00:12:48,480

interesting experiences

288

00:12:52,470 --> 00:12:51,279

overall in the basin that didn't end up

289

00:12:55,910 --> 00:12:52,480

with somebody being

290

00:12:56,870 --> 00:12:55,920

like instantly uh injured and we'll get

291

00:12:58,470 --> 00:12:56,880

into that because

292

00:12:59,990 --> 00:12:58,480

there's been cases like that you know

293

00:13:02,790 --> 00:13:00,000

historically

294

00:13:03,750 --> 00:13:02,800

but um something i came across uh we've

295

00:13:05,990 --> 00:13:03,760

been talking

296

00:13:08,230 --> 00:13:06,000

um occasionally and something i came

297

00:13:09,350 --> 00:13:08,240

across just recently 11 hours ago

298

00:13:12,710 --> 00:13:09,360

actually

299

00:13:14,389 --> 00:13:12,720

is very odd um a researcher named

300

00:13:17,430 --> 00:13:14,399

richard lenny

301
00:13:19,350 --> 00:13:17,440
is he's a he's a ufologist that's

302
00:13:21,750 --> 00:13:19,360
uh in the field for quite a long time

303
00:13:24,470 --> 00:13:21,760
and he posted a

304
00:13:25,509 --> 00:13:24,480
an it's basically an article and it's

305
00:13:27,670 --> 00:13:25,519
talking about

306
00:13:29,430 --> 00:13:27,680
the special air service which i know

307
00:13:31,110 --> 00:13:29,440
that secrets are traded within our

308
00:13:34,230 --> 00:13:31,120
government and theirs

309
00:13:37,509 --> 00:13:34,240
and how the special air service has

310
00:13:40,629 --> 00:13:37,519
et basically an et

311
00:13:44,069 --> 00:13:40,639
uh task force that uses

312
00:13:47,430 --> 00:13:44,079
quote unquote non-lethal weapons

313
00:13:48,870 --> 00:13:47,440

uh the the sas i'll just read a quick

314

00:13:50,949 --> 00:13:48,880

segment and then i'll ask you what you

315

00:13:52,949 --> 00:13:50,959

think the sas

316

00:13:55,030 --> 00:13:52,959

have got e.t in their sites the daily

317

00:13:58,069 --> 00:13:55,040

star sunday can reveal a special ops

318

00:14:00,790 --> 00:13:58,079

project unit of around 20 troopers

319

00:14:02,550 --> 00:14:00,800

ready to tackle alternative threats the

320

00:14:04,629 --> 00:14:02,560

elite soldiers are trained to use

321

00:14:06,069 --> 00:14:04,639

non-lethal weapons against a variety of

322

00:14:09,590 --> 00:14:06,079

potential threats including

323

00:14:12,389 --> 00:14:09,600

aliens a source told that the

324

00:14:13,269 --> 00:14:12,399

sas has to be prepared for anything and

325

00:14:15,430 --> 00:14:13,279

any threat

326

00:14:16,710 --> 00:14:15,440

it keeps going on and on and on and on

327

00:14:20,069 --> 00:14:16,720

but it's kind of like

328

00:14:27,350 --> 00:14:20,079

their answer to space force so

329

00:14:35,509 --> 00:14:30,629

no um

330

00:14:38,710 --> 00:14:35,519

i have seen um

331

00:14:45,269 --> 00:14:41,910

elements that that i can explain twice

332

00:14:49,590 --> 00:14:45,279

once in new mexico many many years back

333

00:14:54,310 --> 00:14:49,600

were it was

334

00:15:00,150 --> 00:14:57,350

flying objects

335

00:15:01,269 --> 00:15:00,160

that came across the horizon and that

336

00:15:04,389 --> 00:15:01,279

was at the time

337

00:15:08,150 --> 00:15:04,399

uh i was in law enforcement

338

00:15:10,550 --> 00:15:08,160

me and uh another deputy sheriff were

339

00:15:12,870 --> 00:15:10,560

sitting side by side parked side by side

340

00:15:15,910 --> 00:15:12,880

uh talking with two window

341

00:15:18,710 --> 00:15:15,920

and my partner had seen them first

342

00:15:19,590 --> 00:15:18,720

alert me to them and they were almost

343

00:15:22,949 --> 00:15:19,600

like

344

00:15:26,150 --> 00:15:22,959

flying in a linear formation type

345

00:15:29,350 --> 00:15:26,160

and then enacted some

346

00:15:32,389 --> 00:15:29,360

really weird maneuvering

347

00:15:35,910 --> 00:15:32,399

that seemed physically impossible

348

00:15:38,949 --> 00:15:35,920

i mean they moved in a in a zigzag

349

00:15:41,590 --> 00:15:38,959

type manner um there were no

350

00:15:42,389 --> 00:15:41,600

rounded movements it was all zigzaggy

351
00:15:46,790 --> 00:15:42,399
type of stuff

352
00:15:49,269 --> 00:15:46,800
at a very very high speed and we were

353
00:15:51,110 --> 00:15:49,279
just at the right place right time to uh

354
00:15:54,949 --> 00:15:51,120
to really observe that close

355
00:15:58,389 --> 00:15:54,959
uh above us um the second time

356
00:16:01,910 --> 00:15:58,399
uh i saw a huge

357
00:16:04,150 --> 00:16:01,920
disc shaped thing that hovered in

358
00:16:06,550 --> 00:16:04,160
arizona when i came back from rio verde

359
00:16:09,509 --> 00:16:06,560
uh it's a long dark deserted

360
00:16:11,430 --> 00:16:09,519
desert road and this thing just hovered

361
00:16:15,030 --> 00:16:11,440
however

362
00:16:18,550 --> 00:16:15,040
having said that um

363
00:16:23,509 --> 00:16:18,560

i'm very cautious to use

364

00:16:25,110 --> 00:16:23,519

the terminology extraterrestrial um

365

00:16:27,509 --> 00:16:25,120

which is later on what i did on the

366

00:16:31,110 --> 00:16:27,519

ranch as well i

367

00:16:32,230 --> 00:16:31,120

observe that these things but i i try

368

00:16:35,790 --> 00:16:32,240

not to make

369

00:16:37,110 --> 00:16:35,800

a conclusion i i don't know if this is

370

00:16:40,150 --> 00:16:37,120

extraterrestrial

371

00:16:41,509 --> 00:16:40,160

i don't know if other cassava is in the

372

00:16:44,790 --> 00:16:41,519

purest form there

373

00:16:46,470 --> 00:16:44,800

to me ufos as far as unidentified flying

374

00:16:49,509 --> 00:16:46,480

objects

375

00:16:53,189 --> 00:16:49,519

if they're in the end terrestrial

376

00:16:55,670 --> 00:16:53,199

or extraterrestrial i i really can't

377

00:16:59,030 --> 00:16:55,680

make that determination i don't know

378

00:17:02,949 --> 00:17:01,269

my six years on the ranch which was the

379

00:17:06,390 --> 00:17:02,959

longest period of time

380

00:17:08,309 --> 00:17:06,400

that any bass member had ever spent up

381

00:17:12,230 --> 00:17:08,319

there

382

00:17:15,350 --> 00:17:12,240

a lot of things come into question and

383

00:17:16,150 --> 00:17:15,360

a lot of the technology that has been

384

00:17:19,829 --> 00:17:16,160

developed

385

00:17:22,470 --> 00:17:19,839

in the last 20 30 40 years

386

00:17:23,990 --> 00:17:22,480

i think is coming at this point to the

387

00:17:27,350 --> 00:17:24,000

surface

388

00:17:30,549 --> 00:17:27,360

uh interesting i've heard a commercial

389

00:17:33,029 --> 00:17:30,559

by an israeli company that is promoting

390

00:17:35,510 --> 00:17:33,039

a new device it's supposed to replace

391

00:17:38,789 --> 00:17:35,520

the ipod

392

00:17:42,390 --> 00:17:38,799

it will beam music

393

00:17:46,070 --> 00:17:42,400

video games books movies

394

00:17:48,070 --> 00:17:46,080

anything straight into your brain

395

00:17:50,150 --> 00:17:48,080

without the need of headphones so there

396

00:17:52,230 --> 00:17:50,160

are no headphones it just goes straight

397

00:17:55,990 --> 00:17:52,240

into your

398

00:17:59,669 --> 00:17:56,000

brain and it is beamed in a way

399

00:18:02,070 --> 00:17:59,679

that nobody else around you can hear it

400

00:18:03,669 --> 00:18:02,080

it's just you and you can program this

401
00:18:07,270 --> 00:18:03,679
thing to where it follows you

402
00:18:08,470 --> 00:18:07,280
where it can be stationary and when i

403
00:18:11,270 --> 00:18:08,480
first thought when i first

404
00:18:12,470 --> 00:18:11,280
heard that i thought this is uh cannot

405
00:18:16,070 --> 00:18:12,480
be for real

406
00:18:17,830 --> 00:18:16,080
and then i researched it and finding out

407
00:18:21,510 --> 00:18:17,840
it actually is for real

408
00:18:22,789 --> 00:18:21,520
it exists and they are planning on

409
00:18:26,150 --> 00:18:22,799
rolling this out

410
00:18:29,190 --> 00:18:26,160
next year christmas so it's commercially

411
00:18:32,630 --> 00:18:29,200
developed it's it's just another

412
00:18:34,549 --> 00:18:32,640
basically the ipod 2.0

413
00:18:37,909 --> 00:18:34,559

so there are a lot of things that have

414

00:18:41,029 --> 00:18:37,919
been developed that have been

415

00:18:43,710 --> 00:18:41,039
put out that

416

00:18:45,110 --> 00:18:43,720
many years ago we would have said we're

417

00:18:48,710 --> 00:18:45,120
extraterrestrial

418

00:18:53,190 --> 00:18:51,430
you know we didn't have a better

419

00:18:56,710 --> 00:18:53,200
explanation for that

420

00:18:59,350 --> 00:18:56,720
when back in the day you know when

421

00:19:00,870 --> 00:18:59,360
there was lightning it was zeus throwing

422

00:19:02,070 --> 00:19:00,880
on lightning balls from the clouds

423

00:19:05,510 --> 00:19:02,080
because we couldn't explain what

424

00:19:07,270 --> 00:19:05,520
lightning was so i'm very cautious when

425

00:19:10,390 --> 00:19:07,280
it comes to

426

00:19:13,590 --> 00:19:10,400

classifying things

427

00:19:16,950 --> 00:19:13,600

i tend to stay away from it what

428

00:19:19,909 --> 00:19:16,960

i like to do is just observe and

429

00:19:20,950 --> 00:19:19,919

document the best i can without trying

430

00:19:23,350 --> 00:19:20,960

to stay

431

00:19:24,390 --> 00:19:23,360

clear of the many rabbit holes of trying

432

00:19:27,350 --> 00:19:24,400

to put

433

00:19:27,750 --> 00:19:27,360

an explanation to it because in the end

434

00:19:35,350 --> 00:19:27,760

i

435

00:19:38,710 --> 00:19:35,360

for that

436

00:19:41,750 --> 00:19:38,720

um anything that

437

00:19:45,190 --> 00:19:41,760

that we deem out of the ordinary

438

00:19:48,470 --> 00:19:45,200

becomes um something

439

00:19:48,870 --> 00:19:48,480

paranormal or extraterrestrial and i

440

00:19:51,029 --> 00:19:48,880

think

441

00:19:52,950 --> 00:19:51,039

that is by design that that is how it's

442

00:19:55,510 --> 00:19:52,960

designed to be

443

00:19:56,510 --> 00:19:55,520

um now i'm not doubting that there

444

00:19:58,310 --> 00:19:56,520

aren't any

445

00:19:59,510 --> 00:19:58,320

extraterrestrials i'm absolutely not

446

00:20:01,190 --> 00:19:59,520

doubting that at all

447

00:20:03,190 --> 00:20:01,200

and i'm not doubting that there's

448

00:20:03,990 --> 00:20:03,200

paranormal activity i have experienced

449

00:20:07,990 --> 00:20:04,000

some of that

450

00:20:09,510 --> 00:20:08,000

uh throughout the years that is genuine

451
00:20:11,909 --> 00:20:09,520
but i also think we got to be very

452
00:20:15,669 --> 00:20:11,919
careful um

453
00:20:19,990 --> 00:20:15,679
to classify uh all things

454
00:20:23,190 --> 00:20:20,000
that we can't explain as as such

455
00:20:24,470 --> 00:20:23,200
because like the ranch showed and i'll

456
00:20:27,830 --> 00:20:24,480
get more into that

457
00:20:30,870 --> 00:20:27,840
uh further down this interview uh about

458
00:20:34,390 --> 00:20:30,880
these events and the book

459
00:20:37,190 --> 00:20:34,400
hunt for the skinwalker okay and how

460
00:20:38,789 --> 00:20:37,200
there was what we call in the

461
00:20:42,149 --> 00:20:38,799
intelligence

462
00:20:47,029 --> 00:20:42,159
community as priming

463
00:20:55,029 --> 00:20:50,230

subjective or subceptive of of

464

00:20:58,870 --> 00:20:55,039

events yet to come and when you prime

465

00:21:01,990 --> 00:20:58,880

something um it is much easier to get

466

00:21:05,830 --> 00:21:02,000

into their mindset because you have

467

00:21:08,310 --> 00:21:05,840

already laid the foundation and that's

468

00:21:09,190 --> 00:21:08,320

what i believe is happening and has

469

00:21:12,950 --> 00:21:09,200

happened

470

00:21:15,990 --> 00:21:12,960

um in the extraterrestrial arena

471

00:21:18,310 --> 00:21:16,000

and more specifically

472

00:21:20,630 --> 00:21:18,320

at skinwalker ranch and it's still

473

00:21:23,909 --> 00:21:20,640

happening it is still

474

00:21:27,510 --> 00:21:23,919

happening that way only on a

475

00:21:30,630 --> 00:21:27,520

much more defined level than

476
00:21:31,990 --> 00:21:30,640
than bass had done it but bastard laid

477
00:21:33,750 --> 00:21:32,000
the foundation and

478
00:21:35,110 --> 00:21:33,760
there's so much more to baths and we'll

479
00:21:40,149 --> 00:21:35,120
get into that as well

480
00:21:44,710 --> 00:21:40,159
um because we we laid that foundation

481
00:21:47,510 --> 00:21:44,720
um by by steering the narrative

482
00:21:48,549 --> 00:21:47,520
and we actively steered the narrative by

483
00:21:52,549 --> 00:21:48,559
design

484
00:21:55,990 --> 00:21:52,559
um going on on websites

485
00:21:56,789 --> 00:21:56,000
skinnners comes to mind um we had at

486
00:22:00,230 --> 00:21:56,799
least

487
00:22:07,590 --> 00:22:00,240
website

488
00:22:14,470 --> 00:22:11,110

wow yeah it's a fascinating history

489

00:22:17,590 --> 00:22:14,480

amazing stuff and i agree with you chris

490

00:22:18,710 --> 00:22:17,600

uh a hundred percent on the et moniker

491

00:22:21,990 --> 00:22:18,720

and phrasing

492

00:22:24,870 --> 00:22:22,000

for the phenomenon et is just

493

00:22:26,950 --> 00:22:24,880

overused in my opinion i know we

494

00:22:27,590 --> 00:22:26,960

disagree on many things the way human

495

00:22:30,630 --> 00:22:27,600

beings

496

00:22:32,149 --> 00:22:30,640

should um as an intel officer once told

497

00:22:33,110 --> 00:22:32,159

me if someone agrees with you on

498

00:22:36,310 --> 00:22:33,120

everything watch

499

00:22:36,870 --> 00:22:36,320

out and it's so true uh getting back to

500

00:22:39,270 --> 00:22:36,880

bass

501
00:22:40,149 --> 00:22:39,280
and some of that i wanted to read really

502
00:22:43,430 --> 00:22:40,159
quick just going

503
00:22:45,110 --> 00:22:43,440
um to the uh what bass is and all of

504
00:22:47,909 --> 00:22:45,120
that but really quickly i wanted to read

505
00:22:49,909 --> 00:22:47,919
something a little more in this article

506
00:22:52,310 --> 00:22:49,919
to get your opinion of it

507
00:22:55,350 --> 00:22:52,320
because it's a little bit odd um a

508
00:22:56,950 --> 00:22:55,360
source told that

509
00:22:58,390 --> 00:22:56,960
they had to be ready for anything is

510
00:23:00,870 --> 00:22:58,400
where i think i left off and

511
00:23:02,950 --> 00:23:00,880
that includes anything from terrorists

512
00:23:04,950 --> 00:23:02,960
to human bio weapons where someone has

513
00:23:05,830 --> 00:23:04,960

been deliberately infected with a deadly

514

00:23:09,270 --> 00:23:05,840

bug

515

00:23:11,830 --> 00:23:09,280

all the way through to alien life forms

516

00:23:13,430 --> 00:23:11,840

and i know it sounds bonkers but the sas

517

00:23:16,390 --> 00:23:13,440

train for capture missions

518

00:23:17,909 --> 00:23:16,400

for every threat they can use a range of

519

00:23:20,549 --> 00:23:17,919

non-lethal weapons

520

00:23:22,630 --> 00:23:20,559

one of which involves spraying foam

521

00:23:23,510 --> 00:23:22,640

which covers the target and hardens

522

00:23:26,230 --> 00:23:23,520

rapidly

523

00:23:28,390 --> 00:23:26,240

preventing them from moving troops are

524

00:23:31,190 --> 00:23:28,400

understood to have trained alongside u.s

525

00:23:32,149 --> 00:23:31,200

special forces in america our source

526

00:23:33,669 --> 00:23:32,159

added most

527

00:23:35,669 --> 00:23:33,679

people believe that life on other

528

00:23:37,510 --> 00:23:35,679

planets exist

529

00:23:39,430 --> 00:23:37,520

einstein said in 1920 why should earth

530

00:23:41,669 --> 00:23:39,440

be the only planet supporting human life

531

00:23:43,510 --> 00:23:41,679

if you believe that then you must accept

532

00:23:44,950 --> 00:23:43,520

human life as a present threat so you

533

00:23:47,669 --> 00:23:44,960

need to plan for it

534

00:23:49,510 --> 00:23:47,679

no one wants to kind of similar

535

00:23:51,830 --> 00:23:49,520

publicity but no one wants to talk about

536

00:23:54,149 --> 00:23:51,840

it publicly because it sounds crazy

537

00:23:55,510 --> 00:23:54,159

but it makes sense the late professor

538

00:23:57,430 --> 00:23:55,520

stephen hawkins warned against

539

00:24:00,470 --> 00:23:57,440

contacting little green men

540

00:24:01,269 --> 00:24:00,480

he once said if aliens visit us the

541

00:24:04,710 --> 00:24:01,279

outcome would be

542

00:24:06,230 --> 00:24:04,720

much like columbus landing in america

543

00:24:07,750 --> 00:24:06,240

and it didn't turn out well for the

544

00:24:10,310 --> 00:24:07,760

native americans

545

00:24:11,269 --> 00:24:10,320

in 2018 it emerged the timing is

546

00:24:13,830 --> 00:24:11,279

interesting

547

00:24:15,510 --> 00:24:13,840

british defense experts had spent 50

548

00:24:17,350 --> 00:24:15,520

years trying to catch a ufo so they

549

00:24:18,870 --> 00:24:17,360

could use the technology to build a new

550

00:24:20,630 --> 00:24:18,880

super weapon

551
00:24:22,470 --> 00:24:20,640
declassified files show that the

552
00:24:22,950 --> 00:24:22,480
government feared china or the soviet

553
00:24:25,190 --> 00:24:22,960
union

554
00:24:27,110 --> 00:24:25,200
impounded a ufo and were using its

555
00:24:29,830 --> 00:24:27,120
secrets to develop super fast

556
00:24:31,750 --> 00:24:29,840
warplanes at bass did you come across

557
00:24:34,149 --> 00:24:31,760
anything that kind of

558
00:24:35,110 --> 00:24:34,159
well went across came across anything

559
00:24:36,870 --> 00:24:35,120
like this and and

560
00:24:38,310 --> 00:24:36,880
can we tell our listeners what bass

561
00:24:41,029 --> 00:24:38,320
stands for because i know some don't

562
00:24:48,390 --> 00:24:44,789
bass stood for bigelow advanced

563
00:24:51,710 --> 00:24:48,400

space studies and uh

564

00:24:53,510 --> 00:24:51,720

optical aerospace advanced space studies

565

00:24:57,110 --> 00:24:53,520

baass

566

00:25:00,950 --> 00:24:57,120

it was a pretty small outfit

567

00:25:04,230 --> 00:25:00,960

about give or take 75

568

00:25:07,830 --> 00:25:04,240

uh members of which

569

00:25:10,789 --> 00:25:07,840

about 10 were

570

00:25:11,510 --> 00:25:10,799

10 to 12 and the numbers always vary

571

00:25:14,870 --> 00:25:11,520

were

572

00:25:19,590 --> 00:25:14,880

dedicated to skinwalker ranch and then

573

00:25:22,630 --> 00:25:19,600

the other part were investigators that

574

00:25:28,549 --> 00:25:26,149

domestic meaning computer research as

575

00:25:32,470 --> 00:25:28,559

well as

576

00:25:35,269 --> 00:25:32,480

travels to investigate

577

00:25:36,470 --> 00:25:35,279

potential sightings uh potential

578

00:25:40,549 --> 00:25:36,480

interactions

579

00:25:42,710 --> 00:25:40,559

and one of the teams actually also went

580

00:25:47,029 --> 00:25:42,720

to brazil to

581

00:25:47,430 --> 00:25:47,039

research uh some activity that involved

582

00:25:50,669 --> 00:25:47,440

some

583

00:25:54,870 --> 00:25:50,679

of the natives out there so it was a

584

00:25:59,029 --> 00:25:58,070

we worked out of a place we all called

585

00:26:03,190 --> 00:25:59,039

polaris

586

00:26:06,230 --> 00:26:03,200

downtown las vegas

587

00:26:09,350 --> 00:26:06,240

um off of spring street uh

588

00:26:11,990 --> 00:26:09,360

by chinatown uh building

589

00:26:13,029 --> 00:26:12,000

used to be in i guess an arcade of some

590

00:26:16,149 --> 00:26:13,039

sort and then

591

00:26:18,070 --> 00:26:16,159

uh right behind the um

592

00:26:20,070 --> 00:26:18,080

budget suites of america which is a

593

00:26:22,789 --> 00:26:20,080

bigelow enterprise

594

00:26:23,510 --> 00:26:22,799

and i don't know if he acquired the

595

00:26:26,149 --> 00:26:23,520

property

596

00:26:27,830 --> 00:26:26,159

for bass or if fiore had owned it but

597

00:26:30,870 --> 00:26:27,840

that's where we were

598

00:26:34,470 --> 00:26:30,880

headquartered out of

599

00:26:38,149 --> 00:26:34,480

facility also had included two

600

00:26:40,950 --> 00:26:38,159

government certified safe systems

601
00:26:42,710 --> 00:26:40,960
that house all kinds of stuff i was

602
00:26:45,750 --> 00:26:42,720
privileged to get into one of them

603
00:26:49,110 --> 00:26:45,760
i didn't see the other but

604
00:26:52,470 --> 00:26:49,120
it was almost set up like a skiff

605
00:26:53,350 --> 00:26:52,480
where you know you surrendered to your

606
00:26:56,390 --> 00:26:53,360
cell phone

607
00:26:59,750 --> 00:26:56,400
up on entry it was guarded by

608
00:27:03,110 --> 00:26:59,760
uh armed guards but

609
00:27:05,590 --> 00:27:03,120
um as so many things in the

610
00:27:07,669 --> 00:27:05,600
world of bigelow uh there was also

611
00:27:10,230 --> 00:27:07,679
access to

612
00:27:12,070 --> 00:27:10,240
the open internet i guess partially

613
00:27:15,110 --> 00:27:12,080

because that's what they

614

00:27:16,870 --> 00:27:15,120

did as far as research

615

00:27:18,870 --> 00:27:16,880

i didn't get too much into that during

616

00:27:21,990 --> 00:27:18,880

my time at bass

617

00:27:25,269 --> 00:27:22,000

but having worked in actual

618

00:27:28,470 --> 00:27:25,279

top-secret military gifts uh

619

00:27:31,750 --> 00:27:28,480

abroad um

620

00:27:35,029 --> 00:27:31,760

it i i could see the concept

621

00:27:38,149 --> 00:27:35,039

but it kind of lacked a little bit of

622

00:27:41,029 --> 00:27:38,159

definition as far as

623

00:27:42,070 --> 00:27:41,039

things i came across that were in line

624

00:27:46,149 --> 00:27:42,080

with the

625

00:27:47,590 --> 00:27:46,159

fas type stuff i guess

626

00:27:49,269 --> 00:27:47,600

the closest thing to that would have

627

00:27:52,389 --> 00:27:49,279

been the

628

00:27:55,590 --> 00:27:52,399

um euro not ufo there the u-boat

629

00:27:58,230 --> 00:27:55,600

um orders that i had received that

630

00:28:00,230 --> 00:27:58,240

i translated from english uh me from

631

00:28:03,430 --> 00:28:00,240

germany to english

632

00:28:05,510 --> 00:28:03,440

um that was early on there was

633

00:28:06,549 --> 00:28:05,520

within about my first couple of weeks

634

00:28:10,230 --> 00:28:06,559

working

635

00:28:13,350 --> 00:28:10,240

uh for bass or being hired on

636

00:28:16,389 --> 00:28:13,360

wow and it's um

637

00:28:18,230 --> 00:28:16,399

i spent some time the first week i i was

638

00:28:20,549 --> 00:28:18,240

there spent in the library

639

00:28:21,909 --> 00:28:20,559

which kind of i thought was odd in the

640

00:28:25,110 --> 00:28:21,919

beginning

641

00:28:26,950 --> 00:28:25,120

and they wanted me to just read

642

00:28:28,310 --> 00:28:26,960

and there were many many different

643

00:28:31,110 --> 00:28:28,320

journals and books

644

00:28:31,350 --> 00:28:31,120

all touching on that very subject a lot

645

00:28:36,070 --> 00:28:31,360

of

646

00:28:39,110 --> 00:28:36,080

uh journals that had pictures in them

647

00:28:44,470 --> 00:28:39,120

of of what appeared to be

648

00:28:46,389 --> 00:28:44,480

um extraterrestrial craft uh

649

00:28:48,149 --> 00:28:46,399

photographs all kinds of different

650

00:28:48,870 --> 00:28:48,159

qualities some of them were really good

651
00:28:52,389 --> 00:28:48,880
some of them

652
00:28:55,350 --> 00:28:52,399
were more shadowy uh he had an

653
00:28:56,710 --> 00:28:55,360
extensive library of things uh

654
00:29:00,470 --> 00:28:56,720
pertaining to

655
00:29:02,549 --> 00:29:00,480
that as far as i mean i

656
00:29:04,310 --> 00:29:02,559
i was there when he did the 60-minute

657
00:29:06,789 --> 00:29:04,320
interview i was

658
00:29:07,510 --> 00:29:06,799
sitting right next to him uh i don't

659
00:29:10,630 --> 00:29:07,520
know

660
00:29:13,350 --> 00:29:10,640
i guess he felt the need to have like

661
00:29:14,710 --> 00:29:13,360
some sort of a protection thing going i

662
00:29:17,110 --> 00:29:14,720
don't know

663
00:29:18,070 --> 00:29:17,120

but uh he alluded to that and some of it

664

00:29:20,389 --> 00:29:18,080

got edited

665

00:29:21,350 --> 00:29:20,399

uh later on in the interview but he made

666

00:29:24,389 --> 00:29:21,360

mention

667

00:29:27,750 --> 00:29:24,399

several times of them

668

00:29:30,950 --> 00:29:27,760

uh being here and

669

00:29:33,269 --> 00:29:30,960

argued that uh quite a bit

670

00:29:34,630 --> 00:29:33,279

but i think parts of that later on when

671

00:29:37,669 --> 00:29:34,640

the the actual show

672

00:29:40,710 --> 00:29:37,679

aired were edited and stuff was cut out

673

00:29:41,350 --> 00:29:40,720

so i mean i i did hear about that i i

674

00:29:44,710 --> 00:29:41,360

did

675

00:29:48,310 --> 00:29:44,720

um to some extent read about it

676
00:29:50,149 --> 00:29:48,320
but again i don't know

677
00:29:51,830 --> 00:29:50,159
there's so much spoken mirrors what's

678
00:29:54,070 --> 00:29:51,840
real what is that what is

679
00:29:56,070 --> 00:29:54,080
actual happen what's actually happening

680
00:29:59,430 --> 00:29:56,080
and what is just part of a

681
00:30:02,549 --> 00:29:59,440
conditioning of a of a priming

682
00:30:06,870 --> 00:30:02,559
of um of

683
00:30:11,269 --> 00:30:10,310
other things in mind um is it just

684
00:30:14,630 --> 00:30:11,279
conditioning of

685
00:30:16,389 --> 00:30:14,640
of at that point me as a person that was

686
00:30:18,470 --> 00:30:16,399
working closely within the organization

687
00:30:21,430 --> 00:30:18,480
or was it is it really

688
00:30:22,630 --> 00:30:21,440

a priming that goes on for the broader

689

00:30:26,950 --> 00:30:22,640

population

690

00:30:30,230 --> 00:30:26,960

um when the sr-71 first took flight

691

00:30:33,269 --> 00:30:30,240

the blackbird it was an ufo

692

00:30:33,590 --> 00:30:33,279

when it came out of edwards uh turns out

693

00:30:40,230 --> 00:30:33,600

it

694

00:30:41,430 --> 00:30:40,240

a new aircraft that nobody had seen when

695

00:30:44,870 --> 00:30:41,440

the u2 rolled out

696

00:30:45,909 --> 00:30:44,880

it was the same thing um when the first

697

00:30:48,630 --> 00:30:45,919

drones rolled out

698

00:30:49,350 --> 00:30:48,640

it was ufos it was math fightings well

699

00:30:52,470 --> 00:30:49,360

no it was

700

00:30:56,070 --> 00:30:52,480

actually turns out drones so

701
00:30:57,990 --> 00:30:56,080
i'm just very cautious um

702
00:30:59,990 --> 00:30:58,000
do we have a need for a special forces

703
00:31:03,029 --> 00:31:00,000
unit that tackles stuff like that

704
00:31:03,750 --> 00:31:03,039
absolutely but it's just such a broad

705
00:31:07,750 --> 00:31:03,760
spectrum

706
00:31:10,870 --> 00:31:07,760
that it's so hard to comment and and be

707
00:31:13,029 --> 00:31:10,880
realistic about it without making

708
00:31:14,070 --> 00:31:13,039
conclusions without falling into the the

709
00:31:18,470 --> 00:31:14,080
rat trap

710
00:31:20,149 --> 00:31:18,480
of of ongoing rabbit holes mhm

711
00:31:22,470 --> 00:31:20,159
and there's a lot of them i agree with

712
00:31:24,710 --> 00:31:22,480
you on that and definitely

713
00:31:25,830 --> 00:31:24,720

i when i when i first heard of your

714

00:31:29,830 --> 00:31:25,840

experiences

715

00:31:32,710 --> 00:31:29,840

had other than being met at

716

00:31:34,950 --> 00:31:32,720

gunpoint at bigelow aerospace as far as

717

00:31:36,389 --> 00:31:34,960

researching and translation included

718

00:31:39,029 --> 00:31:36,399

those notes about

719

00:31:40,310 --> 00:31:39,039

a nazi u-boat mission possibly showing a

720

00:31:42,549 --> 00:31:40,320

belief in a hollow

721

00:31:44,230 --> 00:31:42,559

earth theory maybe or other world of

722

00:31:45,990 --> 00:31:44,240

sorts that might be

723

00:31:47,669 --> 00:31:46,000

seriously pushing the envelope of

724

00:31:50,549 --> 00:31:47,679

science in the military

725

00:31:52,070 --> 00:31:50,559

and kind of pushing the envelope of the

726
00:31:55,110 --> 00:31:52,080
military

727
00:31:56,630 --> 00:31:55,120
operations which segues quite well into

728
00:31:58,789 --> 00:31:56,640
the theory

729
00:32:00,310 --> 00:31:58,799
that there is military involvement in

730
00:32:03,590 --> 00:32:00,320
the uintah basin

731
00:32:06,549 --> 00:32:03,600
by possibly multiple agencies and even

732
00:32:08,230 --> 00:32:06,559
countries and the possibility that the

733
00:32:10,630 --> 00:32:08,240
scary reality really

734
00:32:12,549 --> 00:32:10,640
that uh they are pushing the envelope

735
00:32:15,590 --> 00:32:12,559
and and you may have some information

736
00:32:18,710 --> 00:32:15,600
along those lines

737
00:32:21,269 --> 00:32:18,720
i actually i agree with you i think

738
00:32:24,549 --> 00:32:21,279

there is more and more evidence showing

739

00:32:28,870 --> 00:32:27,909

the ranch as we know it and you know it

740

00:32:32,070 --> 00:32:28,880

um

741

00:32:32,710 --> 00:32:32,080

you have property nearby and you can

742

00:32:34,789 --> 00:32:32,720

overlook

743

00:32:35,909 --> 00:32:34,799

the property and standing up at the

744

00:32:41,110 --> 00:32:35,919

gravel pit

745

00:32:43,430 --> 00:32:41,120

uh looking down it is

746

00:32:44,710 --> 00:32:43,440

you know without all the the stuff that

747

00:32:48,789 --> 00:32:44,720

that bass had leased

748

00:32:52,149 --> 00:32:48,799

on to it it's like a 600 680 acre

749

00:32:55,269 --> 00:32:52,159

property it's not all that big

750

00:32:58,070 --> 00:32:55,279

it's square um in its

751

00:32:59,190 --> 00:32:58,080

setup it's got clearly defined

752

00:33:01,430 --> 00:32:59,200

boundaries

753

00:33:03,190 --> 00:33:01,440

the river to the south and the mesa to

754

00:33:06,549 --> 00:33:03,200

the north and then you've got eastgate

755

00:33:11,430 --> 00:33:06,559

and west gate and pasture in between

756

00:33:13,990 --> 00:33:11,440

um talking to

757

00:33:16,230 --> 00:33:14,000

people that had it was during my time

758

00:33:19,350 --> 00:33:16,240

while i was on the ranch we did a lot of

759

00:33:22,710 --> 00:33:19,360

research that did not just

760

00:33:23,110 --> 00:33:22,720

encompass the ranch itself we would go

761

00:33:26,070 --> 00:33:23,120

out

762

00:33:28,230 --> 00:33:26,080

and talk to locals we would go to

763

00:33:30,950 --> 00:33:28,240

neighbors we would

764

00:33:31,909 --> 00:33:30,960

be a clearing house for anyone that

765

00:33:35,509 --> 00:33:31,919

wanted to call

766

00:33:36,830 --> 00:33:35,519

us and and share information and wanted

767

00:33:40,389 --> 00:33:36,840

us to research

768

00:33:42,630 --> 00:33:40,399

and investigate

769

00:33:44,870 --> 00:33:42,640

uh events and incidents that happened so

770

00:33:45,509 --> 00:33:44,880

i was not just on the ranch i was all

771

00:33:49,430 --> 00:33:45,519

around

772

00:33:50,470 --> 00:33:49,440

as well going all the way down to

773

00:33:54,230 --> 00:33:50,480

duchesne

774

00:33:58,549 --> 00:33:57,909

i've had the the honor of talking with

775

00:34:00,549 --> 00:33:58,559

one of the

776

00:34:01,590 --> 00:34:00,559

ditch writers uh for those that don't

777

00:34:04,630 --> 00:34:01,600

know what that is

778

00:34:06,310 --> 00:34:04,640

it is a government position of a person

779

00:34:09,990 --> 00:34:06,320

or person's

780

00:34:13,270 --> 00:34:10,000

that keep and regulate

781

00:34:15,270 --> 00:34:13,280

the water irrigation canals making sure

782

00:34:18,310 --> 00:34:15,280

that nobody's stealing water

783

00:34:21,349 --> 00:34:18,320

on watering days on off watering days

784

00:34:25,270 --> 00:34:21,359

and also keeping them clear of debris

785

00:34:28,550 --> 00:34:25,280

and and so forth um his name was jerry

786

00:34:32,230 --> 00:34:28,560

and when i met him he was in his 50s

787

00:34:35,430 --> 00:34:32,240

um super cool guy and

788

00:34:39,109 --> 00:34:35,440

we talked and he mentioned

789

00:34:43,109 --> 00:34:39,119

um almost on the sideline

790

00:34:46,869 --> 00:34:43,119

that he grew up there

791

00:34:48,629 --> 00:34:46,879

and i sort my ass kinda got big i was

792

00:34:51,829 --> 00:34:48,639

like what do you mean by that

793

00:34:53,109 --> 00:34:51,839

he goes well when i was a kid uh my

794

00:34:56,149 --> 00:34:53,119

family

795

00:34:59,349 --> 00:34:56,159

lived at the homestead 2 complex

796

00:35:00,069 --> 00:34:59,359

that's where i spent many summers so

797

00:35:02,550 --> 00:35:00,079

cool i'm like

798

00:35:03,910 --> 00:35:02,560

what wait a minute you lived at

799

00:35:06,230 --> 00:35:03,920

homestead 2. i said

800

00:35:07,349 --> 00:35:06,240

yeah i spent my summers at homestead too

801
00:35:09,349 --> 00:35:07,359
and uh the

802
00:35:11,190 --> 00:35:09,359
the you know it's more than just one

803
00:35:14,150 --> 00:35:11,200
building

804
00:35:16,069 --> 00:35:14,160
and i worked on the ranch um the kappa

805
00:35:19,190 --> 00:35:16,079
ranch we had

806
00:35:24,470 --> 00:35:19,200
cattle and so

807
00:35:26,790 --> 00:35:24,480
i asked him said wasn't that scary

808
00:35:28,470 --> 00:35:26,800
and he looked at me almost bewildered he

809
00:35:30,390 --> 00:35:28,480
said scary why

810
00:35:31,990 --> 00:35:30,400
i said well all this stuff he goes there

811
00:35:35,670 --> 00:35:32,000
was nothing

812
00:35:36,230 --> 00:35:35,680
uh it it it was a ranch it was a cattle

813
00:35:39,510 --> 00:35:36,240

ranch

814

00:35:42,550 --> 00:35:39,520

there was no extra terrestrial

815

00:35:43,349 --> 00:35:42,560

paranormal whatever you may want to call

816

00:35:46,790 --> 00:35:43,359

it there was

817

00:35:49,109 --> 00:35:46,800

none of that it was simply just like any

818

00:35:50,870 --> 00:35:49,119

other property in the basin it was a

819

00:35:55,270 --> 00:35:50,880

cattle ranch

820

00:35:58,150 --> 00:35:55,280

that's what they did for a living and

821

00:36:00,230 --> 00:35:58,160

he absolutely denied having ever

822

00:36:01,910 --> 00:36:00,240

experienced anything out of the ordinary

823

00:36:03,829 --> 00:36:01,920

in all these years he grew up there and

824

00:36:07,510 --> 00:36:03,839

he was uh i think he lived in

825

00:36:10,950 --> 00:36:07,520

in roosevelt

826

00:36:11,589 --> 00:36:10,960

um and there's there are plenty of

827

00:36:14,470 --> 00:36:11,599

others

828

00:36:15,349 --> 00:36:14,480

that i had spoken with and then with

829

00:36:17,910 --> 00:36:15,359

erica's

830

00:36:19,190 --> 00:36:17,920

uh research we actually started digging

831

00:36:21,190 --> 00:36:19,200

into this more

832

00:36:23,030 --> 00:36:21,200

deeply and erica developed a lot of

833

00:36:25,349 --> 00:36:23,040

different sources

834

00:36:26,710 --> 00:36:25,359

that she spoke with and we did a lot of

835

00:36:29,510 --> 00:36:26,720

trips up to the

836

00:36:29,990 --> 00:36:29,520

to the area to interview these people

837

00:36:35,030 --> 00:36:30,000

and

838

00:36:36,870 --> 00:36:35,040

being the researcher that she is she's

839

00:36:39,510 --> 00:36:36,880

like a pit bull my god when she's got

840

00:36:42,310 --> 00:36:39,520

her teeth in something she won't let go

841

00:36:43,990 --> 00:36:42,320

but we spoke to so many people that had

842

00:36:48,150 --> 00:36:44,000

been there

843

00:36:50,870 --> 00:36:48,160

grew up there uh had businesses there

844

00:36:52,630 --> 00:36:50,880

respected people of the community a lot

845

00:36:55,510 --> 00:36:52,640

of mormons

846

00:36:56,310 --> 00:36:55,520

and uh there was always this consensus

847

00:37:00,190 --> 00:36:56,320

that

848

00:37:03,829 --> 00:37:00,200

all this stuff started happening uh

849

00:37:07,750 --> 00:37:03,839

1995-ish 1996-ish

850

00:37:08,550 --> 00:37:07,760

when all of a sudden uh it became this

851
00:37:11,829 --> 00:37:08,560
uh

852
00:37:13,349 --> 00:37:11,839
paranormal central hub in the united

853
00:37:16,950 --> 00:37:13,359
states

854
00:37:21,829 --> 00:37:16,960
and based

855
00:37:22,710 --> 00:37:21,839
other research that mostly erica has

856
00:37:25,829 --> 00:37:22,720
done on this

857
00:37:28,390 --> 00:37:25,839
and then keith basterfield and

858
00:37:32,950 --> 00:37:28,400
and jack brewer and other people that i

859
00:37:36,310 --> 00:37:35,430
and then some of the sources that i

860
00:37:39,990 --> 00:37:36,320
spoke with

861
00:37:41,990 --> 00:37:40,000
after uh departing baths i talked to

862
00:37:43,270 --> 00:37:42,000
vegato i talked to i met other people

863
00:37:46,550 --> 00:37:43,280

from from the

864

00:37:51,190 --> 00:37:46,560

the bassfield bass team

865

00:37:55,430 --> 00:37:51,200

we connected with quite a few of them

866

00:37:58,470 --> 00:37:55,440

and it was like a mutual 21 questions

867

00:37:59,589 --> 00:37:58,480

um i would ask about the cattle

868

00:38:03,190 --> 00:37:59,599

modulations

869

00:38:05,349 --> 00:38:03,200

um what they have because back in the

870

00:38:08,630 --> 00:38:05,359

day we were kind of separated

871

00:38:10,550 --> 00:38:08,640

the scientists were kept from

872

00:38:12,230 --> 00:38:10,560

the researchers and the researchers were

873

00:38:15,430 --> 00:38:12,240

kept from the scientists

874

00:38:18,950 --> 00:38:15,440

we didn't interact yeah now we do

875

00:38:23,829 --> 00:38:18,960

and it opens the door to a lot of

876

00:38:27,109 --> 00:38:23,839

of different theories um and hypothesis

877

00:38:29,589 --> 00:38:27,119

that are so far from the narrative

878

00:38:31,349 --> 00:38:29,599

that has been put out over all these

879

00:38:34,550 --> 00:38:31,359

years carefully crafted

880

00:38:36,550 --> 00:38:34,560

and carefully put on billboards and

881

00:38:37,829 --> 00:38:36,560

on one hand oh my god we are a secret

882

00:38:40,630 --> 00:38:37,839

organization on the other

883

00:38:41,510 --> 00:38:40,640

well here's a book come on everybody is

884

00:38:43,670 --> 00:38:41,520

welcome

885

00:38:45,510 --> 00:38:43,680

i mean that's up considered putting up a

886

00:38:46,550 --> 00:38:45,520

hot dog stand by the gate because we had

887

00:38:49,670 --> 00:38:46,560

people from

888

00:38:51,910 --> 00:38:49,680

as far as japan and and europe and

889

00:38:53,910 --> 00:38:51,920

the locals and it was like the big

890

00:38:55,270 --> 00:38:53,920

disneyland attraction it was like space

891

00:38:58,390 --> 00:38:55,280

mountain

892

00:39:00,630 --> 00:38:58,400

um so i

893

00:39:02,630 --> 00:39:00,640

the more i learn about it and it's an

894

00:39:06,790 --> 00:39:02,640

ongoing process

895

00:39:08,150 --> 00:39:06,800

the more i have developed a theory that

896

00:39:11,829 --> 00:39:08,160

yes you're right

897

00:39:15,270 --> 00:39:11,839

um there is involvement of

898

00:39:19,430 --> 00:39:15,280

of tech companies that have

899

00:39:22,150 --> 00:39:19,440

vested interest into that property

900

00:39:23,349 --> 00:39:22,160

i believe now more than ever that

901
00:39:26,950 --> 00:39:23,359
bigelow

902
00:39:30,550 --> 00:39:26,960
was the landlord who subleased

903
00:39:31,910 --> 00:39:30,560
the the property to whomever was willing

904
00:39:35,030 --> 00:39:31,920
to pay

905
00:39:38,069 --> 00:39:35,040
the the share um and

906
00:39:38,790 --> 00:39:38,079
why not i mean here you had a place that

907
00:39:41,910 --> 00:39:38,800
was

908
00:39:43,030 --> 00:39:41,920
kind of isolated but then again not too

909
00:39:47,109 --> 00:39:43,040
far

910
00:39:50,230 --> 00:39:47,119
out there um you could

911
00:39:52,630 --> 00:39:50,240
test and develop and and

912
00:39:53,910 --> 00:39:52,640
and and bring all your newest greatest

913
00:39:57,589 --> 00:39:53,920

stuff

914

00:40:01,750 --> 00:39:57,599

without osha without media without

915

00:40:04,950 --> 00:40:01,760

any liabilities without any

916

00:40:09,270 --> 00:40:04,960

concern for your test

917

00:40:11,910 --> 00:40:09,280

subjects and you could just play and

918

00:40:13,670 --> 00:40:11,920

more and more i believe that from what

919

00:40:17,109 --> 00:40:13,680

i'm understanding there may have been

920

00:40:21,270 --> 00:40:17,119

some israeli companies involved

921

00:40:27,670 --> 00:40:24,550

of course america big tech

922

00:40:30,470 --> 00:40:27,680

and over the years uh they

923

00:40:32,309 --> 00:40:30,480

were able to have and it's funny because

924

00:40:35,589 --> 00:40:32,319

they mentioned that a lot

925

00:40:36,470 --> 00:40:35,599

especially uh nap and company uh when

926

00:40:39,589 --> 00:40:36,480

they talk about

927

00:40:41,190 --> 00:40:39,599

a living laboratory and that's

928

00:40:42,950 --> 00:40:41,200

it's so funny when you listen to the

929

00:40:45,750 --> 00:40:42,960

language of these people like nap

930

00:40:48,950 --> 00:40:45,760

corbell and all the clan there

931

00:40:49,990 --> 00:40:48,960

um they tell you what it is you just

932

00:40:52,390 --> 00:40:50,000

gotta listen

933

00:40:53,030 --> 00:40:52,400

because they're so eager to tell and

934

00:40:57,190 --> 00:40:53,040

they tell

935

00:40:58,630 --> 00:40:57,200

so much they put it in it's like

936

00:41:00,470 --> 00:40:58,640

that that certain ingredient in the

937

00:41:02,710 --> 00:41:00,480

pudding it's the narrative

938

00:41:04,309 --> 00:41:02,720

that they steer but they're always

939

00:41:07,829 --> 00:41:04,319

putting

940

00:41:11,270 --> 00:41:07,839

some of the reality mixed in with it

941

00:41:15,430 --> 00:41:11,280

and the more i got my ears cartooned

942

00:41:18,470 --> 00:41:15,440

to listening to what they are saying

943

00:41:19,589 --> 00:41:18,480

and looking at um the for example the

944

00:41:22,150 --> 00:41:19,599

klas

945

00:41:25,109 --> 00:41:22,160

article that came out about the human

946

00:41:27,750 --> 00:41:25,119

body as a retail system

947

00:41:29,190 --> 00:41:27,760

connected to bass and the ranch the

948

00:41:31,430 --> 00:41:29,200

information is out there

949

00:41:34,150 --> 00:41:31,440

it's out there on open media you just

950

00:41:36,309 --> 00:41:34,160

got to be able to filter

951
00:41:37,750 --> 00:41:36,319
the nonsense from what they're really

952
00:41:41,910 --> 00:41:37,760
saying

953
00:41:42,630 --> 00:41:41,920
and so i know i embellished this a lot

954
00:41:45,190 --> 00:41:42,640
but

955
00:41:46,870 --> 00:41:45,200
coming back to your initial question yes

956
00:41:51,109 --> 00:41:46,880
i do believe

957
00:41:54,309 --> 00:41:51,119
that it it has been

958
00:41:57,750 --> 00:41:54,319
a military government

959
00:42:01,990 --> 00:41:57,760
orchestrated event

960
00:42:05,349 --> 00:42:02,000
um that is

961
00:42:08,550 --> 00:42:05,359
my theory uh and that's only my theory

962
00:42:09,109 --> 00:42:08,560
going on to this day um and it's still

963
00:42:13,829 --> 00:42:09,119

being

964

00:42:19,910 --> 00:42:17,109

okay and yeah it's it's

965

00:42:21,510 --> 00:42:19,920

interesting that you mention you know

966

00:42:23,829 --> 00:42:21,520

bigelow well let's get to

967

00:42:24,550 --> 00:42:23,839

uh it's funny that you mention many

968

00:42:27,109 --> 00:42:24,560

things

969

00:42:28,950 --> 00:42:27,119

um the synchronicities are so cool it's

970

00:42:30,270 --> 00:42:28,960

funny that you mentioned my property

971

00:42:32,470 --> 00:42:30,280

which is

972

00:42:34,390 --> 00:42:32,480

spacewolfresearch.com because it

973

00:42:36,470 --> 00:42:34,400

literally like you said has a view of

974

00:42:38,630 --> 00:42:36,480

every inch of that place somehow i don't

975

00:42:41,670 --> 00:42:38,640

know why it's so strategically placed

976

00:42:44,069 --> 00:42:41,680

but i really have noticed that there's

977

00:42:45,990 --> 00:42:44,079

like you said it's there's so much more

978

00:42:48,150 --> 00:42:46,000

to see there's everywhere to see and and

979

00:42:51,190 --> 00:42:48,160

this is the place that you used to be a

980

00:42:54,309 --> 00:42:51,200

a security guard at now um

981

00:42:58,550 --> 00:42:54,319

i think the entire basin is kind of a

982

00:43:01,349 --> 00:42:58,560

magical place and well uh you mentioned

983

00:43:03,190 --> 00:43:01,359

zeus and the greeks and reality is when

984

00:43:04,150 --> 00:43:03,200

it comes to my property it has been

985

00:43:06,150 --> 00:43:04,160

attacked by

986

00:43:07,190 --> 00:43:06,160

lightning you know or whatever you want

987

00:43:10,230 --> 00:43:07,200

to call it and

988

00:43:11,190 --> 00:43:10,240

you know it's easier for me to believe

989

00:43:15,030 --> 00:43:11,200

in something like

990

00:43:16,710 --> 00:43:15,040

zeus or uh a massive supreme being

991

00:43:18,309 --> 00:43:16,720

and that he just zapped this because i

992

00:43:19,510 --> 00:43:18,319

did something wrong that's my that was

993

00:43:23,190 --> 00:43:19,520

my initial

994

00:43:25,349 --> 00:43:23,200

human experience when it when i saw it

995

00:43:27,349 --> 00:43:25,359

it was so unlikely that

996

00:43:29,430 --> 00:43:27,359

you know we're so taught to believe in

997

00:43:31,670 --> 00:43:29,440

this dogma and the

998

00:43:32,870 --> 00:43:31,680

the crew anyway but that was my initial

999

00:43:34,309 --> 00:43:32,880

thing so

1000

00:43:36,230 --> 00:43:34,319

and then i realized that there's a lot

1001
00:43:37,589 --> 00:43:36,240
more you know to this you know you don't

1002
00:43:38,390 --> 00:43:37,599
have to believe in zeus and the greeks

1003
00:43:40,230 --> 00:43:38,400
even though i do

1004
00:43:42,069 --> 00:43:40,240
prefer to believe in something like that

1005
00:43:43,829 --> 00:43:42,079
it's easier for me

1006
00:43:45,109 --> 00:43:43,839
than the thing you're talking about

1007
00:43:47,109 --> 00:43:45,119
because

1008
00:43:48,950 --> 00:43:47,119
the uinta basin's a magical place you

1009
00:43:52,069 --> 00:43:48,960
got to ride along with ditch riders

1010
00:43:54,790 --> 00:43:52,079
which is a magical experience

1011
00:43:56,470 --> 00:43:54,800
between you and i the water has a lot to

1012
00:43:59,750 --> 00:43:56,480
do with the place and this

1013
00:44:00,630 --> 00:43:59,760

this has historically been and explained

1014

00:44:03,190 --> 00:44:00,640

in many ways

1015

00:44:04,230 --> 00:44:03,200

both uh by the native americans and

1016

00:44:06,309 --> 00:44:04,240

others one of which

1017

00:44:08,550 --> 00:44:06,319

claims the souls of babies were tossed

1018

00:44:10,550 --> 00:44:08,560

in and the water by ritualistic

1019

00:44:12,390 --> 00:44:10,560

sacrifice and other scenarios and

1020

00:44:14,150 --> 00:44:12,400

the entities along the waterways are

1021

00:44:15,190 --> 00:44:14,160

quote unquote called water babies and

1022

00:44:17,109 --> 00:44:15,200

other things

1023

00:44:18,230 --> 00:44:17,119

and that these waterways have come to be

1024

00:44:21,589 --> 00:44:18,240

known as kind of a

1025

00:44:22,550 --> 00:44:21,599

area of magic but there are many other

1026

00:44:26,150 --> 00:44:22,560

explanations

1027

00:44:29,109 --> 00:44:26,160

including the belief that the military

1028

00:44:34,870 --> 00:44:29,119

and the government have had a long

1029

00:44:38,390 --> 00:44:37,910

you know it what i find interesting i

1030

00:44:41,750 --> 00:44:38,400

mean

1031

00:44:46,069 --> 00:44:41,760

if you go out to uh mccoys flats

1032

00:44:50,230 --> 00:44:46,079

there is a nasa um

1033

00:44:53,430 --> 00:44:50,240

structure uh i heard

1034

00:44:55,430 --> 00:44:53,440

the rumors for years

1035

00:44:57,190 --> 00:44:55,440

and i always kind of dismissed them as

1036

00:45:00,309 --> 00:44:57,200

yeah whatever

1037

00:45:03,190 --> 00:45:00,319

but um last fall

1038

00:45:03,990 --> 00:45:03,200

erica and i went out there and actually

1039

00:45:08,390 --> 00:45:04,000

um

1040

00:45:11,349 --> 00:45:08,400

coordinates

1041

00:45:12,309 --> 00:45:11,359

and since we go out there quite a bit

1042

00:45:15,030 --> 00:45:12,319

anyways we

1043

00:45:16,950 --> 00:45:15,040

figured we'll just go and and look for

1044

00:45:19,589 --> 00:45:16,960

the coordinates and see if we can see

1045

00:45:24,390 --> 00:45:19,599

what we've what we see

1046

00:45:28,309 --> 00:45:24,400

low behold that was not a rumor

1047

00:45:32,870 --> 00:45:28,319

there is a a concrete uh square

1048

00:45:33,990 --> 00:45:32,880

that measures probably 25 feet by 25

1049

00:45:37,349 --> 00:45:34,000

feet

1050

00:45:41,510 --> 00:45:37,359

um that has a contraption

1051

00:45:45,030 --> 00:45:41,520

um in the center of it

1052

00:45:47,190 --> 00:45:45,040

that bears the nasa seal

1053

00:45:48,870 --> 00:45:47,200

there are actually several of those on

1054

00:45:51,990 --> 00:45:48,880

this platform

1055

00:45:54,069 --> 00:45:52,000

that show a nasa insignia um and it's

1056

00:45:57,190 --> 00:45:54,079

it's not counterfeit this is real

1057

00:45:59,589 --> 00:45:57,200

um so i'm thinking they

1058

00:46:00,550 --> 00:45:59,599

it it seems to be some sort of a

1059

00:46:03,910 --> 00:46:00,560

transmitter

1060

00:46:06,630 --> 00:46:03,920

station um the

1061

00:46:09,190 --> 00:46:06,640

coordinates that we got showed four more

1062

00:46:11,349 --> 00:46:09,200

of such installations and we looked

1063

00:46:12,550 --> 00:46:11,359

from standing on in the center of this

1064

00:46:15,670 --> 00:46:12,560

one

1065

00:46:16,470 --> 00:46:15,680

we looked um at you couldn't get to them

1066

00:46:19,109 --> 00:46:16,480

because they were

1067

00:46:19,589 --> 00:46:19,119

on top of or unless you hiked up there

1068

00:46:22,950 --> 00:46:19,599

there were

1069

00:46:30,069 --> 00:46:22,960

antenna

1070

00:46:31,990 --> 00:46:30,079

that were in the other four locations

1071

00:46:33,670 --> 00:46:32,000

that were depicted on our coordinates

1072

00:46:36,790 --> 00:46:33,680

map

1073

00:46:39,670 --> 00:46:36,800

so there's

1074

00:46:40,710 --> 00:46:39,680

um undeniable proof of a government

1075

00:46:43,990 --> 00:46:40,720

entity

1076

00:46:48,950 --> 00:46:44,000

that is up there and and and

1077

00:46:52,309 --> 00:46:48,960

anybody can go up there and see it um

1078

00:46:52,790 --> 00:46:52,319

you have a ton of of contractors up

1079

00:46:57,190 --> 00:46:52,800

there

1080

00:47:00,230 --> 00:46:57,200

uh halliburton is is heavily represented

1081

00:47:03,750 --> 00:47:00,240

up in vernal and in

1082

00:47:07,829 --> 00:47:03,760

roosevelt um of course

1083

00:47:13,349 --> 00:47:11,190

going back to your property space wolf

1084

00:47:15,270 --> 00:47:13,359

up there and i've driven by it many

1085

00:47:18,390 --> 00:47:15,280

times eric and i

1086

00:47:19,910 --> 00:47:18,400

uh every time we go up there we drive

1087

00:47:22,309 --> 00:47:19,920

that little road that goes around the

1088

00:47:25,990 --> 00:47:22,319

ranch and just look at

1089

00:47:29,349 --> 00:47:26,000

what what appear to be like physical

1090

00:47:32,470 --> 00:47:29,359

actually changes to

1091

00:47:33,910 --> 00:47:32,480

the geography or new structures or

1092

00:47:37,030 --> 00:47:33,920

whatnot

1093

00:47:40,069 --> 00:47:37,040

what has always baffled me

1094

00:47:43,750 --> 00:47:40,079

was back in the day when you

1095

00:47:47,109 --> 00:47:43,760

were when you bought the place um

1096

00:47:50,309 --> 00:47:47,119

you actually purchased it um

1097

00:47:53,589 --> 00:47:50,319

at that time i was still uh

1098

00:47:56,710 --> 00:47:53,599

communicating with brandon fogle the

1099

00:47:58,549 --> 00:47:56,720

now uh owner of the property

1100

00:47:59,750 --> 00:47:58,559

and so i sent him a text to say hey did

1101

00:48:03,190 --> 00:47:59,760

you know that

1102

00:48:05,829 --> 00:48:03,200

that ryan burns

1103

00:48:06,309 --> 00:48:05,839

is buying and developing a place that

1104

00:48:09,349 --> 00:48:06,319

has

1105

00:48:12,630 --> 00:48:09,359

literally eighty percent of view of

1106

00:48:16,710 --> 00:48:12,640

everything below everything and

1107

00:48:19,829 --> 00:48:16,720

um he

1108

00:48:20,950 --> 00:48:19,839

texted me back saying yeah yeah i know i

1109

00:48:24,069 --> 00:48:20,960

know

1110

00:48:26,630 --> 00:48:24,079

what baffled me about that is that

1111

00:48:28,230 --> 00:48:26,640

with all the monies that this guy has

1112

00:48:31,430 --> 00:48:28,240

that he didn't jump in

1113

00:48:34,309 --> 00:48:31,440

because if i were conducting

1114

00:48:34,710 --> 00:48:34,319

um whatever he's conducting i wouldn't

1115

00:48:37,910 --> 00:48:34,720

want

1116

00:48:41,190 --> 00:48:37,920

somebody that has a bird's eye view of

1117

00:48:44,950 --> 00:48:41,200

my land but he didn't seem to care

1118

00:48:47,349 --> 00:48:44,960

and then um back in the day i was still

1119

00:48:49,190 --> 00:48:47,359

talking to skinner here and there and so

1120

00:48:52,790 --> 00:48:49,200

skinner contacted me and said oh

1121

00:48:55,589 --> 00:48:52,800

i told uh wintertime and

1122

00:48:55,990 --> 00:48:55,599

the boys at the ranch that you know you

1123

00:48:58,069 --> 00:48:56,000

were

1124

00:49:00,230 --> 00:48:58,079

planning on i guess that was before you

1125

00:49:01,510 --> 00:49:00,240

purchased it and he was met with the

1126

00:49:04,230 --> 00:49:01,520

same

1127

00:49:05,910 --> 00:49:04,240

uh national on type attitude like they

1128

00:49:09,109 --> 00:49:05,920

didn't care

1129

00:49:12,470 --> 00:49:09,119

and it gave me something to think about

1130

00:49:14,470 --> 00:49:12,480

and it actually after

1131

00:49:16,150 --> 00:49:14,480

playing different theories and different

1132

00:49:17,589 --> 00:49:16,160

because i couldn't explain that in the

1133

00:49:21,030 --> 00:49:17,599

beginning

1134

00:49:24,630 --> 00:49:21,040

it it all of a sudden made perfect sense

1135

00:49:29,190 --> 00:49:24,640

um it actually

1136

00:49:35,510 --> 00:49:32,470

i would imagine

1137

00:49:39,589 --> 00:49:35,520

that you may have had

1138

00:49:43,829 --> 00:49:39,599

um chameleo-type experiences

1139

00:49:47,030 --> 00:49:43,839

and events at that place

1140

00:49:50,230 --> 00:49:47,040

while you were up there uh

1141

00:49:53,349 --> 00:49:50,240

thus expanding the the stage

1142

00:49:56,790 --> 00:49:53,359

from the ranch itself

1143

00:49:57,349 --> 00:49:56,800

to properties that are surrounding and

1144

00:50:00,950 --> 00:49:57,359

there's

1145

00:50:01,589 --> 00:50:00,960

quite a few of them so it does make

1146

00:50:05,030 --> 00:50:01,599

sense

1147

00:50:09,430 --> 00:50:05,040

after all nothing up there happens on

1148

00:50:12,549 --> 00:50:09,440

on chance everything's planned and

1149

00:50:15,030 --> 00:50:12,559

everything is laid out what do you think

1150

00:50:18,150 --> 00:50:15,040

about that

1151
00:50:21,270 --> 00:50:18,160
yeah sometimes controlled opposition

1152
00:50:23,589 --> 00:50:21,280
is the best opposition and uh

1153
00:50:25,990 --> 00:50:23,599
there's so many theories and it's odd

1154
00:50:29,829 --> 00:50:26,000
you mentioned that chris because

1155
00:50:33,109 --> 00:50:29,839
i reached out as well um i reached out

1156
00:50:34,069 --> 00:50:33,119
to some folks and said hey just so you

1157
00:50:35,990 --> 00:50:34,079
know

1158
00:50:37,589 --> 00:50:36,000
this place is for sale you guys should

1159
00:50:40,710 --> 00:50:37,599
probably buy it because

1160
00:50:41,030 --> 00:50:40,720
like you said it has a bird's-eye view

1161
00:50:44,150 --> 00:50:41,040
of

1162
00:50:46,549 --> 00:50:44,160
absolutely everything and i'm interested

1163
00:50:49,829 --> 00:50:46,559

because of that fact

1164

00:50:52,150 --> 00:50:49,839

and i did state that you know i

1165

00:50:54,390 --> 00:50:52,160

was gonna try to play as nice as

1166

00:50:55,670 --> 00:50:54,400

possible but holy cow this is a passion

1167

00:50:57,990 --> 00:50:55,680

project for me and

1168

00:50:59,270 --> 00:50:58,000

very interesting and and i wanted to be

1169

00:51:00,309 --> 00:50:59,280

a part of it but i didn't want to step

1170

00:51:02,309 --> 00:51:00,319

on any toes

1171

00:51:04,630 --> 00:51:02,319

and like you said there was very little

1172

00:51:05,510 --> 00:51:04,640

pushback so i don't know there's so many

1173

00:51:08,549 --> 00:51:05,520

theories

1174

00:51:10,710 --> 00:51:08,559

and the uh the epic

1175

00:51:12,549 --> 00:51:10,720

bringing something you mentioned the

1176

00:51:16,390 --> 00:51:12,559

epic scenario

1177

00:51:18,549 --> 00:51:16,400

of well there's a lot going on

1178

00:51:20,470 --> 00:51:18,559

that area used to be a very popular

1179

00:51:24,230 --> 00:51:20,480

hangout slash

1180

00:51:26,710 --> 00:51:24,240

make out spot and you know uh

1181

00:51:27,270 --> 00:51:26,720

for security purposes and liability

1182

00:51:29,030 --> 00:51:27,280

reasons

1183

00:51:30,470 --> 00:51:29,040

it's no longer kind of open to the

1184

00:51:33,190 --> 00:51:30,480

public and

1185

00:51:34,950 --> 00:51:33,200

and so maybe that's a benefit however

1186

00:51:37,750 --> 00:51:34,960

what i have noticed

1187

00:51:39,430 --> 00:51:37,760

is that there's there's strange things

1188

00:51:42,309 --> 00:51:39,440

that take place there's a

1189

00:51:44,309 --> 00:51:42,319

an oil rig which is the closest one at

1190

00:51:47,270 --> 00:51:44,319

least to what is quote unquote

1191

00:51:48,069 --> 00:51:47,280

this oh i don't know natural natural

1192

00:51:51,750 --> 00:51:48,079

formation

1193

00:51:52,630 --> 00:51:51,760

a uh the older guys used to call it ufo

1194

00:51:55,190 --> 00:51:52,640

alley

1195

00:51:56,390 --> 00:51:55,200

it's it's a big basin in the basin i

1196

00:51:59,109 --> 00:51:56,400

don't know what to call it it's

1197

00:51:59,750 --> 00:51:59,119

it's the path of the shape shifter or

1198

00:52:03,750 --> 00:51:59,760

the

1199

00:52:05,510 --> 00:52:03,760

legends so

1200

00:52:07,589 --> 00:52:05,520

and it goes from dark canyon to dark

1201

00:52:08,470 --> 00:52:07,599

canyon because everything is as above so

1202

00:52:10,790 --> 00:52:08,480

below right

1203

00:52:12,790 --> 00:52:10,800

and there's big arguments about which

1204

00:52:15,510 --> 00:52:12,800

dark canyon you know all about this so

1205

00:52:16,150 --> 00:52:15,520

the best neighbors might be somebody who

1206

00:52:18,630 --> 00:52:16,160

uh

1207

00:52:19,270 --> 00:52:18,640

has similar i don't know i really don't

1208

00:52:22,870 --> 00:52:19,280

know and

1209

00:52:25,349 --> 00:52:22,880

and it does it does bother me now

1210

00:52:26,870 --> 00:52:25,359

because i have had many experiences up

1211

00:52:30,150 --> 00:52:26,880

there as you have

1212

00:52:32,309 --> 00:52:30,160

um but they're not as well documented

1213

00:52:33,510 --> 00:52:32,319

and at least back in the day i want to

1214

00:52:36,790 --> 00:52:33,520

discuss

1215

00:52:38,390 --> 00:52:36,800

you know some of the amazing experiences

1216

00:52:39,589 --> 00:52:38,400

that you were able to document and your

1217

00:52:42,470 --> 00:52:39,599

theories

1218

00:52:46,870 --> 00:52:42,480

um among other things about what could

1219

00:52:52,950 --> 00:52:46,880

be behind them

1220

00:52:56,470 --> 00:52:52,960

um as far as the stuff that

1221

00:52:59,510 --> 00:52:56,480

i i personally experienced

1222

00:53:03,270 --> 00:52:59,520

um it was

1223

00:53:06,870 --> 00:53:03,280

interesting in the beginning because we

1224

00:53:09,990 --> 00:53:06,880

it i was with bass for about four weeks

1225

00:53:13,030 --> 00:53:10,000

five weeks uh until i got my first

1226

00:53:16,630 --> 00:53:13,040

marching orders to go up there

1227

00:53:20,230 --> 00:53:16,640

and um i had read

1228

00:53:23,190 --> 00:53:20,240

a lot alright read the uh skinwalker

1229

00:53:23,750 --> 00:53:23,200

i was a perfectly conditioned and primed

1230

00:53:26,790 --> 00:53:23,760

subject

1231

00:53:30,150 --> 00:53:26,800

to go up and

1232

00:53:32,549 --> 00:53:30,160

the big theme that

1233

00:53:34,309 --> 00:53:32,559

was kind of spun across the whole

1234

00:53:37,670 --> 00:53:34,319

project was

1235

00:53:41,589 --> 00:53:37,680

that none of these events none of this

1236

00:53:45,910 --> 00:53:41,599

so-called quote-unquote paranormal stuff

1237

00:53:49,589 --> 00:53:45,920

could ever be truly documented because

1238

00:53:53,910 --> 00:53:49,599

it was random it was uncontrollable

1239

00:53:55,510 --> 00:53:53,920

it happened when you least expected it

1240

00:53:57,829 --> 00:53:55,520

and in the beginning that kind of held

1241

00:53:58,630 --> 00:53:57,839

truth for a while anything that the

1242

00:54:01,430 --> 00:53:58,640

sherman's

1243

00:54:02,549 --> 00:54:01,440

uh experienced that's documented in that

1244

00:54:06,069 --> 00:54:02,559

book

1245

00:54:09,510 --> 00:54:06,079

um i ultimately over six years

1246

00:54:10,390 --> 00:54:09,520

experienced in either the exact same or

1247

00:54:13,589 --> 00:54:10,400

similar

1248

00:54:18,069 --> 00:54:16,230

there was a very high turnover a lot of

1249

00:54:19,910 --> 00:54:18,079

people that went up

1250

00:54:21,349 --> 00:54:19,920

bass personnel never went up a second

1251
00:54:23,670 --> 00:54:21,359
time because they

1252
00:54:25,750 --> 00:54:23,680
just lost their cookies because there

1253
00:54:29,990 --> 00:54:25,760
was a lot of weird stuff

1254
00:54:33,030 --> 00:54:30,000
but having had the background

1255
00:54:36,230 --> 00:54:33,040
and having worked

1256
00:54:39,990 --> 00:54:36,240
uh in in military intelligence and

1257
00:54:43,430 --> 00:54:40,000
having ran uh the mpi office out of

1258
00:54:46,230 --> 00:54:43,440
bagram for the whole

1259
00:54:47,829 --> 00:54:46,240
southern district of afghanistan and and

1260
00:54:48,789 --> 00:54:47,839
looking at things from a different

1261
00:54:50,829 --> 00:54:48,799
perspective

1262
00:54:52,470 --> 00:54:50,839
and different schooling and different

1263
00:54:55,750 --> 00:54:52,480

backgrounds

1264

00:55:00,870 --> 00:54:55,760

i i wasn't ready quite yet to

1265

00:55:00,880 --> 00:55:05,750

my experiences in life

1266

00:55:09,670 --> 00:55:09,109

everything repeats everything is a

1267

00:55:12,789 --> 00:55:09,680

repeat

1268

00:55:16,230 --> 00:55:12,799

there there is no such thing as a

1269

00:55:20,230 --> 00:55:16,240

a lone standing event there

1270

00:55:22,789 --> 00:55:20,240

is always a cause and an effect nothing

1271

00:55:25,990 --> 00:55:22,799

just happens out of the blue

1272

00:55:30,549 --> 00:55:26,000

nothing so i started looking at it from

1273

00:55:34,390 --> 00:55:30,559

that angle and soon i realized

1274

00:55:36,710 --> 00:55:34,400

that there truly were only about

1275

00:55:38,710 --> 00:55:36,720

five different types of events that took

1276
00:55:42,230 --> 00:55:38,720
place at the ranch

1277
00:55:45,270 --> 00:55:42,240
um and they weren't random they were

1278
00:55:48,390 --> 00:55:45,280
tied to specific geographical

1279
00:55:51,829 --> 00:55:48,400
locations they were

1280
00:55:54,950 --> 00:55:51,839
repetitive they were

1281
00:55:58,390 --> 00:55:54,960
um similar

1282
00:56:01,430 --> 00:55:58,400
if not identical and so i started

1283
00:56:06,549 --> 00:56:01,440
writing very very detailed reports

1284
00:56:13,589 --> 00:56:09,750
reprinted in a publication

1285
00:56:14,230 --> 00:56:13,599
i'm putting out so that i can shine some

1286
00:56:15,990 --> 00:56:14,240
light

1287
00:56:18,950 --> 00:56:16,000
into this whole thing and maybe put some

1288
00:56:21,990 --> 00:56:18,960

of the rumors to rest

1289

00:56:25,270 --> 00:56:22,000

um what would happen at

1290

00:56:28,309 --> 00:56:25,280

the trailer where we stayed

1291

00:56:31,190 --> 00:56:28,319

would only happen at the trailer

1292

00:56:33,270 --> 00:56:31,200

these events these type of events the

1293

00:56:36,470 --> 00:56:33,280

type of events that would take place

1294

00:56:39,430 --> 00:56:36,480

at homestead 2 compound would

1295

00:56:40,630 --> 00:56:39,440

only manifest themselves at homestead 2

1296

00:56:42,390 --> 00:56:40,640

compound

1297

00:56:44,150 --> 00:56:42,400

nowhere else on the ranch they wouldn't

1298

00:56:45,750 --> 00:56:44,160

happen at the river they wouldn't happen

1299

00:56:48,470 --> 00:56:45,760

on the mesa

1300

00:56:49,349 --> 00:56:48,480

events that took place in and around the

1301

00:56:51,910 --> 00:56:49,359

mesa

1302

00:56:53,829 --> 00:56:51,920

would not cross over to anywhere else on

1303

00:56:55,510 --> 00:56:53,839

the property and events that happened at

1304

00:56:58,549 --> 00:56:55,520

the river

1305

00:57:01,670 --> 00:56:58,559

would not cross over towards the

1306

00:57:06,150 --> 00:57:01,680

the central um pasture or into

1307

00:57:09,270 --> 00:57:06,160

of cell seldomly into the pasture or

1308

00:57:13,990 --> 00:57:09,280

um to the mesa so i started noticing a

1309

00:57:22,069 --> 00:57:18,309

started looking at that more closely

1310

00:57:24,630 --> 00:57:22,079

also looked at the time frames

1311

00:57:26,710 --> 00:57:24,640

when would this happen what what times

1312

00:57:29,430 --> 00:57:26,720

of day because i was out there

1313

00:57:30,390 --> 00:57:29,440

uh i wasn't just i mean part of my gig

1314

00:57:33,990 --> 00:57:30,400

was to keep

1315

00:57:37,670 --> 00:57:34,000

uh people off the property but

1316

00:57:40,950 --> 00:57:37,680

i would say about 70 of what i did was

1317

00:57:42,789 --> 00:57:40,960

researching and documenting and i had 24

1318

00:57:45,349 --> 00:57:42,799

hours a day to do that and i did

1319

00:57:46,309 --> 00:57:45,359

i slept very little um i was out there

1320

00:57:49,990 --> 00:57:46,319

day and night

1321

00:57:51,990 --> 00:57:50,000

and i never used hardly ever did i use

1322

00:57:55,430 --> 00:57:52,000

electric light or a flashlight

1323

00:57:57,670 --> 00:57:55,440

i was able to blend in and became part

1324

00:58:00,069 --> 00:57:57,680

of my environment

1325

00:58:01,030 --> 00:58:00,079

um for several reasons security was one

1326

00:58:03,430 --> 00:58:01,040

of them

1327

00:58:05,030 --> 00:58:03,440

because there were a lot of people that

1328

00:58:06,069 --> 00:58:05,040

were under the idea that we were some

1329

00:58:09,109 --> 00:58:06,079

sort of hybrids

1330

00:58:10,710 --> 00:58:09,119

that were immortal and so i was always

1331

00:58:14,069 --> 00:58:10,720

worried about a 30 odd six

1332

00:58:17,589 --> 00:58:14,079

pointed at me from the hill somewhere

1333

00:58:28,069 --> 00:58:23,109

to go into into more depth of this

1334

00:58:32,230 --> 00:58:28,079

so at the trailer the events were

1335

00:58:37,349 --> 00:58:35,349

you would find on occasion

1336

00:58:39,109 --> 00:58:37,359

a wallet that you knew you left on your

1337

00:58:42,710 --> 00:58:39,119

nightstand

1338

00:58:47,190 --> 00:58:42,720

before going out in the refrigerator

1339

00:58:49,030 --> 00:58:47,200

or in the freezer um you would find

1340

00:58:50,950 --> 00:58:49,040

that at some point we used to go to

1341

00:58:53,990 --> 00:58:50,960

vernal for shopping once a week

1342

00:58:57,430 --> 00:58:54,000

on on when thursdays and so

1343

00:58:58,950 --> 00:58:57,440

i made that my laundry day

1344

00:59:00,710 --> 00:58:58,960

so at some point i had taken all my

1345

00:59:01,829 --> 00:59:00,720

loose change out of my pocket put it on

1346

00:59:04,069 --> 00:59:01,839

the nightstand just

1347

00:59:05,510 --> 00:59:04,079

just you know just taking out the pocket

1348

00:59:09,109 --> 00:59:05,520

placing on the nightstand

1349

00:59:12,789 --> 00:59:09,119

when i came back from the shopping trip

1350

00:59:15,829 --> 00:59:12,799

uh all my currency was arranged

1351

00:59:17,670 --> 00:59:15,839

by serial number and

1352

00:59:19,270 --> 00:59:17,680

pennies with pennies and dimes with

1353

00:59:20,470 --> 00:59:19,280

dimes and nickels with nickels and

1354

00:59:23,510 --> 00:59:20,480

quarters with quarters

1355

00:59:27,109 --> 00:59:23,520

all uh heads up facing

1356

00:59:30,789 --> 00:59:27,119

to the uh southwest

1357

00:59:32,630 --> 00:59:30,799

and all sorted by um serial numbers of

1358

00:59:34,470 --> 00:59:32,640

the coins

1359

00:59:37,030 --> 00:59:34,480

so there were a lot of events one of the

1360

00:59:40,230 --> 00:59:37,040

the most significant

1361

00:59:43,109 --> 00:59:40,240

and this happened and and chris partel

1362

00:59:46,950 --> 00:59:43,119

when we were up as as a duo and we went

1363

00:59:52,150 --> 00:59:50,230

my partner up there uh

1364

00:59:53,510 --> 00:59:52,160

before we started doing the solo trips

1365

00:59:57,670 --> 00:59:53,520

after the

1366

01:00:01,030 --> 00:59:57,680

osap contract no longer existed

1367

01:00:01,670 --> 01:00:01,040

but chris and i noticed this a lot

1368

01:00:04,950 --> 01:00:01,680

together

1369

01:00:06,789 --> 01:00:04,960

where there were doors opened

1370

01:00:08,470 --> 01:00:06,799

there was no wind speed we had a weather

1371

01:00:11,190 --> 01:00:08,480

station and there no wind

1372

01:00:12,549 --> 01:00:11,200

the whole trailer was crooked uh set on

1373

01:00:15,430 --> 01:00:12,559

blocks had it been

1374

01:00:15,910 --> 01:00:15,440

set up in in many years uh the doors

1375

01:00:19,109 --> 01:00:15,920

opened

1376

01:00:21,030 --> 01:00:19,119

you had really um because this whole

1377

01:00:23,349 --> 01:00:21,040

thing was shifted

1378

01:00:24,390 --> 01:00:23,359

and so there's no way a door just opens

1379

01:00:27,270 --> 01:00:24,400

by itself especially when you have to

1380

01:00:27,990 --> 01:00:27,280

put about 15 pounds of force to open it

1381

01:00:31,910 --> 01:00:28,000

and yank on

1382

01:00:33,750 --> 01:00:31,920

it so um we've seen that a lot together

1383

01:00:37,510 --> 01:00:33,760

where doors opened where

1384

01:00:41,270 --> 01:00:37,520

stuff was thrown uh items moved

1385

01:00:43,910 --> 01:00:41,280

um everybody has their routine where

1386

01:00:45,430 --> 01:00:43,920

you know i get up i make coffee and i

1387

01:00:47,109 --> 01:00:45,440

got my coffee mug right next to the

1388

01:00:48,950 --> 01:00:47,119

coffee maker in the kitchen

1389

01:00:50,470 --> 01:00:48,960

and go to the restroom i come back and

1390

01:00:51,990 --> 01:00:50,480

all of a sudden my coffee cup is no

1391

01:00:53,829 --> 01:00:52,000

longer where i have placed it

1392

01:00:55,589 --> 01:00:53,839

it's sitting on the living room table in

1393

01:00:55,990 --> 01:00:55,599

the living room which is about 20 feet

1394

01:00:57,589 --> 01:00:56,000

away

1395

01:00:59,750 --> 01:00:57,599

i i didn't put it there i know that i'm

1396

01:01:00,630 --> 01:00:59,760

not crazy why would i do that i've never

1397

01:01:02,309 --> 01:01:00,640

done that

1398

01:01:05,030 --> 01:01:02,319

and this happened more often and the

1399

01:01:08,789 --> 01:01:05,040

crowning event and that was

1400

01:01:11,030 --> 01:01:08,799

i said at my desk and i

1401

01:01:13,030 --> 01:01:11,040

wrote parsley wrote the report for the

1402

01:01:15,670 --> 01:01:13,040

next day

1403

01:01:16,630 --> 01:01:15,680

um usually did that around 10 ish at

1404

01:01:19,510 --> 01:01:16,640

night where i

1405

01:01:20,390 --> 01:01:19,520

recaptured what happened up until that

1406

01:01:24,390 --> 01:01:20,400

point

1407

01:01:24,789 --> 01:01:24,400

of time and i hear the outer the front

1408

01:01:27,190 --> 01:01:24,799

door

1409

01:01:30,309 --> 01:01:27,200

there are stairs going up mobile home

1410

01:01:33,990 --> 01:01:30,319

type stairs you know the rickety ones

1411

01:01:37,109 --> 01:01:34,000

uh and i hear footsteps and i'm turning

1412

01:01:39,510 --> 01:01:37,119

and there are two doors uh in the front

1413

01:01:40,150 --> 01:01:39,520

entryway one is a glass door storm door

1414

01:01:42,789 --> 01:01:40,160

the other one

1415

01:01:43,829 --> 01:01:42,799

is which opens to the outside the other

1416

01:01:46,470 --> 01:01:43,839

one

1417

01:01:48,470 --> 01:01:46,480

um is like the the house door which

1418

01:01:51,589 --> 01:01:48,480

opens to the inside

1419

01:01:54,630 --> 01:01:51,599

and the outer doors being thrown open

1420

01:01:58,150 --> 01:01:54,640

and the inner door is almost as if

1421

01:02:01,750 --> 01:01:58,160

kicked it flies open with a loud bang

1422

01:02:02,870 --> 01:02:01,760

with a force that it hits it smashes it

1423

01:02:06,549 --> 01:02:02,880

into the wall

1424

01:02:09,910 --> 01:02:06,559

and it bounces back halfway um

1425

01:02:12,390 --> 01:02:09,920

there are distinct footsteps in my house

1426
01:02:14,069 --> 01:02:12,400
as i'm sitting behind my desk and not

1427
01:02:16,230 --> 01:02:14,079
only footsteps

1428
01:02:17,109 --> 01:02:16,240
but the trailer used to because it's

1429
01:02:19,670 --> 01:02:17,119
sitting on

1430
01:02:20,630 --> 01:02:19,680
on on blocks and it's got a very

1431
01:02:24,150 --> 01:02:20,640
specific

1432
01:02:24,870 --> 01:02:24,160
sound to it a creaking it creaks

1433
01:02:27,109 --> 01:02:24,880
differently

1434
01:02:28,309 --> 01:02:27,119
in the living room then it creaks

1435
01:02:30,390 --> 01:02:28,319
walking through the kitchen

1436
01:02:32,309 --> 01:02:30,400
and it yet creaks differently when you

1437
01:02:32,870 --> 01:02:32,319
walk towards the washer and dryer and

1438
01:02:36,870 --> 01:02:32,880

rear

1439

01:02:40,150 --> 01:02:36,880

exit area very distinct sounds

1440

01:02:42,390 --> 01:02:40,160

and you could and because the

1441

01:02:43,910 --> 01:02:42,400

there was no support for the floor it

1442

01:02:47,670 --> 01:02:43,920

also

1443

01:02:50,710 --> 01:02:47,680

gave way where you could feel

1444

01:02:51,109 --> 01:02:50,720

somebody walking it it kind of you know

1445

01:02:54,309 --> 01:02:51,119

like

1446

01:02:56,390 --> 01:02:54,319

walking on a hollow surface

1447

01:02:58,150 --> 01:02:56,400

it kind of gives way a little bit and

1448

01:03:01,109 --> 01:02:58,160

you could feel

1449

01:03:01,750 --> 01:03:01,119

a person walking you could hear the

1450

01:03:05,510 --> 01:03:01,760

boots

1451
01:03:08,549 --> 01:03:05,520
feel the creak

1452
01:03:11,829 --> 01:03:08,559
of the floor and this

1453
01:03:14,069 --> 01:03:11,839
individual entered front door

1454
01:03:16,150 --> 01:03:14,079
walked behind me walked through the

1455
01:03:18,230 --> 01:03:16,160
trailer

1456
01:03:19,670 --> 01:03:18,240
the living room the kitchen and then

1457
01:03:24,230 --> 01:03:19,680
exited

1458
01:03:28,230 --> 01:03:24,240
the the back door and then i could hear

1459
01:03:31,670 --> 01:03:28,240
um footsteps walking on the wooden deck

1460
01:03:34,789 --> 01:03:31,680
in the the back door

1461
01:03:38,549 --> 01:03:34,799
and the individual then walked down the

1462
01:03:42,829 --> 01:03:38,559
about eight stairs um off the deck

1463
01:03:46,230 --> 01:03:42,839

so it was a clearly audible experience

1464

01:03:48,309 --> 01:03:46,240

and i immediately

1465

01:03:50,230 --> 01:03:48,319

um of course when this all took place i

1466

01:03:51,190 --> 01:03:50,240

said they go like what the hell is

1467

01:03:54,789 --> 01:03:51,200

happening

1468

01:03:59,190 --> 01:03:54,799

sure and i looked at my weather data

1469

01:04:01,670 --> 01:03:59,200

and the wind speed was two miles an hour

1470

01:04:04,710 --> 01:04:01,680

um so there was nothing that could have

1471

01:04:07,190 --> 01:04:04,720

caused any of this

1472

01:04:07,750 --> 01:04:07,200

and i started i picked up my camera

1473

01:04:09,990 --> 01:04:07,760

which is

1474

01:04:11,029 --> 01:04:10,000

always within arms reach of me and i

1475

01:04:13,349 --> 01:04:11,039

looked for

1476

01:04:16,710 --> 01:04:13,359

any kind of residual trying to capture

1477

01:04:24,470 --> 01:04:20,630

energy and there wasn't any

1478

01:04:25,109 --> 01:04:24,480

which then led me to expand on that

1479

01:04:29,510 --> 01:04:25,119

experi

1480

01:04:32,710 --> 01:04:29,520

very long shutter speed

1481

01:04:35,829 --> 01:04:32,720

in by bigelow's uh bedroom

1482

01:04:37,910 --> 01:04:35,839

facing the entire trailer

1483

01:04:39,430 --> 01:04:37,920

length capturing the living room the

1484

01:04:42,950 --> 01:04:39,440

kitchen

1485

01:04:44,309 --> 01:04:42,960

and the hallway towards the the back

1486

01:04:47,829 --> 01:04:44,319

area

1487

01:04:52,309 --> 01:04:47,839

and randomly um in black and white

1488

01:04:55,750 --> 01:04:52,319

um took about 500 or so pictures

1489

01:04:59,190 --> 01:04:55,760

different times of day and night um

1490

01:05:02,549 --> 01:04:59,200

remotely controlled and my shutter speed

1491

01:05:05,670 --> 01:05:02,559

was probably at about 15 20 seconds

1492

01:05:07,109 --> 01:05:05,680

so it was wide open i used the 56

1493

01:05:10,470 --> 01:05:07,119

millimeter lens

1494

01:05:13,829 --> 01:05:10,480

um which captured the the the

1495

01:05:16,789 --> 01:05:13,839

trailer perfectly and um

1496

01:05:17,670 --> 01:05:16,799

had my white balance set to to

1497

01:05:20,630 --> 01:05:17,680

perfection

1498

01:05:21,829 --> 01:05:20,640

and over the 500 pictures i started

1499

01:05:25,109 --> 01:05:21,839

seeing things

1500

01:05:27,589 --> 01:05:25,119

i started seeing um

1501
01:05:28,549 --> 01:05:27,599
what appeared to be like a shadowy

1502
01:05:32,390 --> 01:05:28,559
movement

1503
01:05:35,990 --> 01:05:32,400
in some pictures i could see where

1504
01:05:41,670 --> 01:05:36,000
uh some items of background were blurry

1505
01:05:45,829 --> 01:05:44,470
there was something that from time to

1506
01:05:49,589 --> 01:05:45,839
time was present

1507
01:05:53,349 --> 01:05:49,599
in that trailer that

1508
01:05:56,390 --> 01:05:53,359
i couldn't see with my naked eyes

1509
01:05:57,029 --> 01:05:56,400
but my camera with the settings that it

1510
01:06:00,390 --> 01:05:57,039
was

1511
01:06:03,109 --> 01:06:00,400
i had dialed in could um

1512
01:06:04,069 --> 01:06:03,119
it i could identify what it was but i

1513
01:06:07,349 --> 01:06:04,079

could identify

1514

01:06:11,190 --> 01:06:07,359

that whatever it was was not stationary

1515

01:06:12,470 --> 01:06:11,200

it was uh mobile and it blurred out

1516

01:06:16,309 --> 01:06:12,480

different things

1517

01:06:17,589 --> 01:06:16,319

um and usually that happened in a series

1518

01:06:22,150 --> 01:06:17,599

of about

1519

01:06:25,430 --> 01:06:22,160

you know three four pictures

1520

01:06:29,029 --> 01:06:25,440

so i started

1521

01:06:32,789 --> 01:06:29,039

really giving that some thought also

1522

01:06:35,430 --> 01:06:32,799

strange lights that happened

1523

01:06:36,150 --> 01:06:35,440

then there were apparitions that took

1524

01:06:38,870 --> 01:06:36,160

place

1525

01:06:40,870 --> 01:06:38,880

uh within the trailer uh most notably

1526
01:06:42,549 --> 01:06:40,880
there was an old native american male

1527
01:06:45,990 --> 01:06:42,559
that looked as real as

1528
01:06:49,109 --> 01:06:46,000
as me looking at erica right now

1529
01:06:50,950 --> 01:06:49,119
uh that appeared out of nowhere and

1530
01:06:53,109 --> 01:06:50,960
he was there for a while that i was

1531
01:06:54,549 --> 01:06:53,119
doing dishes and i just felt there was a

1532
01:06:56,069 --> 01:06:54,559
presence i turned around boom there's

1533
01:06:59,270 --> 01:06:56,079
this guy standing there in my living

1534
01:07:06,069 --> 01:07:02,549
a lot of these weird things that only

1535
01:07:09,349 --> 01:07:06,079
specifically happened at that trailer

1536
01:07:12,470 --> 01:07:09,359
nowhere else on the ranch um

1537
01:07:15,829 --> 01:07:12,480
disembodied voices could be heard

1538
01:07:19,589 --> 01:07:15,839

at homestead 2. um

1539

01:07:22,309 --> 01:07:19,599

one of the the weird things um

1540

01:07:22,710 --> 01:07:22,319

my dogs i had you know bella ruka and

1541

01:07:26,390 --> 01:07:22,720

max

1542

01:07:27,990 --> 01:07:26,400

later on william whenever i went

1543

01:07:29,829 --> 01:07:28,000

in that area and i spent a lot of time

1544

01:07:32,150 --> 01:07:29,839

in that area

1545

01:07:33,109 --> 01:07:32,160

um they almost appear to be playing

1546

01:07:35,829 --> 01:07:33,119

fetch

1547

01:07:36,470 --> 01:07:35,839

with i mean all three dogs would sit

1548

01:07:39,829 --> 01:07:36,480

there and look

1549

01:07:43,270 --> 01:07:39,839

with their tags uh you know

1550

01:07:46,549 --> 01:07:43,280

i mean their tails uh wagging

1551

01:07:49,430 --> 01:07:46,559

looking up at something

1552

01:07:49,750 --> 01:07:49,440

or somebody and all that chunks hanging

1553

01:07:51,910 --> 01:07:49,760

out

1554

01:07:53,349 --> 01:07:51,920

and then it seemed like all three all of

1555

01:07:56,789 --> 01:07:53,359

a sudden would

1556

01:07:59,430 --> 01:07:56,799

charge running after an object and

1557

01:08:00,870 --> 01:07:59,440

um whichever dog got there first would

1558

01:08:04,150 --> 01:08:00,880

pick up

1559

01:08:05,029 --> 01:08:04,160

this invisible object and return it back

1560

01:08:08,069 --> 01:08:05,039

and drop it

1561

01:08:08,390 --> 01:08:08,079

i mean all the facial the body movement

1562

01:08:14,630 --> 01:08:08,400

was

1563

01:08:15,990 --> 01:08:14,640

the the person that threw the stick or

1564

01:08:17,910 --> 01:08:16,000

the stick itself

1565

01:08:21,349 --> 01:08:17,920

and sometimes they played this game for

1566

01:08:24,950 --> 01:08:21,359

15 minutes sometimes for five minutes

1567

01:08:27,349 --> 01:08:24,960

so these were all very specific events

1568

01:08:28,789 --> 01:08:27,359

tied to very specific geographical

1569

01:08:32,390 --> 01:08:28,799

locations

1570

01:08:35,910 --> 01:08:32,400

tied to very specific times

1571

01:08:39,430 --> 01:08:35,920

and more and more the whole

1572

01:08:43,110 --> 01:08:39,440

theory of oh you can't document because

1573

01:08:45,430 --> 01:08:43,120

it's the paranormal is random

1574

01:08:47,269 --> 01:08:45,440

and it doesn't like to get photographed

1575

01:08:50,709 --> 01:08:47,279

and

1576

01:08:53,990 --> 01:08:50,719

on that note um i wonder how many people

1577

01:08:58,789 --> 01:08:54,000

actually knew that there wasn't a

1578

01:09:01,430 --> 01:08:58,799

single working camera on that property

1579

01:09:01,990 --> 01:09:01,440

the ones that people took pictures off

1580

01:09:05,669 --> 01:09:02,000

that

1581

01:09:09,189 --> 01:09:05,679

they theorized were security cameras

1582

01:09:11,430 --> 01:09:09,199

i bought them off amazon for like 14.95

1583

01:09:12,950 --> 01:09:11,440

a pop and got reimbursed for it one of

1584

01:09:14,550 --> 01:09:12,960

the very few things was big little

1585

01:09:16,550 --> 01:09:14,560

stingy

1586

01:09:18,390 --> 01:09:16,560

um they had two double a batteries in

1587

01:09:20,550 --> 01:09:18,400

the back and a red blinking light to

1588

01:09:23,749 --> 01:09:20,560

create the illusion

1589

01:09:27,349 --> 01:09:23,759

of being

1590

01:09:31,590 --> 01:09:27,359

cameras the whole ranch was

1591

01:09:35,349 --> 01:09:31,600

one big illusion it was a mind screw

1592

01:09:38,470 --> 01:09:35,359

it still is there was no surveillance

1593

01:09:41,269 --> 01:09:38,480

none zero we had

1594

01:09:42,550 --> 01:09:41,279

some game cameras replaced but before

1595

01:09:45,669 --> 01:09:42,560

they could be placed

1596

01:09:48,709 --> 01:09:45,679

bigelow himself had to give

1597

01:09:50,870 --> 01:09:48,719

the thumbs up and he dictated

1598

01:09:53,030 --> 01:09:50,880

where they could be placed between what

1599

01:09:56,070 --> 01:09:53,040

times they could be placed

1600

01:09:59,270 --> 01:09:56,080

well i broke the rules

1601
01:10:01,510 --> 01:09:59,280
quite often and i placed them

1602
01:10:03,830 --> 01:10:01,520
where i wanted to place them at times

1603
01:10:06,870 --> 01:10:03,840
that were not authorized

1604
01:10:10,870 --> 01:10:06,880
and i did catch some interesting stuff

1605
01:10:14,149 --> 01:10:10,880
wow um so the more and more

1606
01:10:16,310 --> 01:10:14,159
i took those pieces and

1607
01:10:18,310 --> 01:10:16,320
looked at them individually and then

1608
01:10:21,669 --> 01:10:18,320
combined them

1609
01:10:25,030 --> 01:10:21,679
the more i i formed a theory

1610
01:10:28,390 --> 01:10:25,040
that these things were not random that

1611
01:10:31,750 --> 01:10:28,400
they were very well structured

1612
01:10:35,910 --> 01:10:31,760
that they were going for

1613
01:10:39,430 --> 01:10:35,920

very specific test results

1614

01:10:41,270 --> 01:10:39,440

um to back that up

1615

01:10:43,590 --> 01:10:41,280

in the first couple of years i went up

1616

01:10:44,950 --> 01:10:43,600

there when we got back and that was just

1617

01:10:48,390 --> 01:10:44,960

not just me that

1618

01:10:52,149 --> 01:10:48,400

that was chris partel and others

1619

01:10:52,870 --> 01:10:52,159

we went into deep reefs uh with colin

1620

01:10:56,390 --> 01:10:52,880

kelleher

1621

01:10:58,709 --> 01:10:56,400

and and robert bigelow up at park house

1622

01:11:01,189 --> 01:10:58,719

and they could last anywhere from half

1623

01:11:02,950 --> 01:11:01,199

an hour to two hours

1624

01:11:05,990 --> 01:11:02,960

and in the beginning especially in the

1625

01:11:09,750 --> 01:11:06,000

beginning um

1626

01:11:11,669 --> 01:11:09,760

it always baffled me the the questions

1627

01:11:12,870 --> 01:11:11,679

um so i would basically the way it would

1628

01:11:14,950 --> 01:11:12,880

roll

1629

01:11:17,030 --> 01:11:14,960

is i would give an account and they

1630

01:11:18,390 --> 01:11:17,040

would have my printed reports in front

1631

01:11:21,910 --> 01:11:18,400

of them

1632

01:11:23,590 --> 01:11:21,920

um i would give an account oral account

1633

01:11:27,110 --> 01:11:23,600

of

1634

01:11:28,709 --> 01:11:27,120

my deployment and then they would go

1635

01:11:31,350 --> 01:11:28,719

into specific

1636

01:11:34,390 --> 01:11:31,360

questions and the way and what they

1637

01:11:38,149 --> 01:11:34,400

asked was what really kind of got me

1638

01:11:42,229 --> 01:11:38,159

so another event and this is particular

1639

01:11:46,310 --> 01:11:42,239

specific to homestead 2. um

1640

01:11:49,669 --> 01:11:46,320

they we all had the same

1641

01:11:53,510 --> 01:11:49,679

experiences at homestead 2. um

1642

01:11:56,709 --> 01:11:53,520

erica was able to get reports going back

1643

01:11:58,630 --> 01:11:56,719

way beyond my time before i started and

1644

01:12:00,110 --> 01:11:58,640

we we read through those and it's the

1645

01:12:04,510 --> 01:12:00,120

same thing happened there

1646

01:12:07,430 --> 01:12:04,520

2010 2008

1647

01:12:09,510 --> 01:12:07,440

2005.

1648

01:12:11,189 --> 01:12:09,520

different people same same same effects

1649

01:12:15,189 --> 01:12:11,199

same events

1650

01:12:17,910 --> 01:12:15,199

so one of the the side effects of being

1651
01:12:18,790 --> 01:12:17,920
in the area of homestead 2 and i started

1652
01:12:23,030 --> 01:12:18,800
measuring it

1653
01:12:26,470 --> 01:12:23,040
it's about a 50 feet radius around

1654
01:12:29,510 --> 01:12:26,480
the central building at homestead 2

1655
01:12:32,709 --> 01:12:32,149
physiological effects kick in or can

1656
01:12:41,110 --> 01:12:32,719
kick in

1657
01:12:45,430 --> 01:12:41,120
vertigo migraine type

1658
01:12:49,110 --> 01:12:45,440
symptoms overall confusion

1659
01:12:52,510 --> 01:12:49,120
extreme emotional mood swings

1660
01:12:56,870 --> 01:12:52,520
into depression almost

1661
01:13:03,270 --> 01:13:00,470
up to diarrhea so a lot of

1662
01:13:03,669 --> 01:13:03,280
of very specific physiological changes

1663
01:13:05,430 --> 01:13:03,679

that

1664

01:13:07,110 --> 01:13:05,440

you did not have when you left the

1665

01:13:08,950 --> 01:13:07,120

trailer

1666

01:13:12,229 --> 01:13:08,960

that you experienced typically within

1667

01:13:15,830 --> 01:13:12,239

about a 50 feet radius of

1668

01:13:19,270 --> 01:13:15,840

the central building so

1669

01:13:22,470 --> 01:13:19,280

when we did the deep brief um

1670

01:13:26,390 --> 01:13:22,480

column would ask and then bigelow would

1671

01:13:29,750 --> 01:13:26,400

jump in they weren't asking me

1672

01:13:33,030 --> 01:13:29,760

if i had seen anything

1673

01:13:34,709 --> 01:13:33,040

or my surroundings or

1674

01:13:36,310 --> 01:13:34,719

if there was anything out of the

1675

01:13:38,630 --> 01:13:36,320

ordinary

1676
01:13:39,510 --> 01:13:38,640
when i started experiencing these

1677
01:13:42,630 --> 01:13:39,520
symptoms

1678
01:13:45,510 --> 01:13:42,640
and none of this mattered

1679
01:13:46,070 --> 01:13:45,520
as if they expected that to be the the

1680
01:13:48,950 --> 01:13:46,080
onset

1681
01:13:49,910 --> 01:13:48,960
or the the stage itself but what they

1682
01:13:53,110 --> 01:13:49,920
were asking

1683
01:13:55,830 --> 01:13:53,120
were uh stuff like

1684
01:13:56,790 --> 01:13:55,840
so when you experienced when the nausea

1685
01:14:00,390 --> 01:13:56,800
came on

1686
01:14:02,950 --> 01:14:00,400
did it come on rapidly

1687
01:14:04,390 --> 01:14:02,960
did it come on like in a creeping kind

1688
01:14:07,030 --> 01:14:04,400

of fashion

1689

01:14:09,990 --> 01:14:07,040

did it start in your stomach did you

1690

01:14:11,990 --> 01:14:10,000

have any kind of a taste in your mouth

1691

01:14:13,910 --> 01:14:12,000

specifically a metallic taste in your

1692

01:14:16,310 --> 01:14:13,920

mouth

1693

01:14:18,470 --> 01:14:16,320

when you started feeling vertigo was

1694

01:14:21,510 --> 01:14:18,480

that something that started in your

1695

01:14:23,910 --> 01:14:21,520

head was it something that started

1696

01:14:25,590 --> 01:14:23,920

somewhere was it like an overall body

1697

01:14:28,310 --> 01:14:25,600

experience

1698

01:14:29,669 --> 01:14:28,320

uh tinnitus um when did you start

1699

01:14:32,870 --> 01:14:29,679

hearing tonight is when

1700

01:14:36,070 --> 01:14:32,880

did the did the ringing in your ear

1701

01:14:37,030 --> 01:14:36,080

coincide with the onset of nausea or did

1702

01:14:39,510 --> 01:14:37,040

it come after

1703

01:14:41,510 --> 01:14:39,520

or did it come before as an onset to the

1704

01:14:43,669 --> 01:14:41,520

nausea

1705

01:14:45,510 --> 01:14:43,679

she throw up when you threw up what kind

1706

01:14:48,950 --> 01:14:45,520

of throw up was it solid

1707

01:14:52,550 --> 01:14:48,960

was it liquid was it like

1708

01:14:54,830 --> 01:14:52,560

flammy um did your did you feel

1709

01:14:55,990 --> 01:14:54,840

a nose strip did you i mean it was

1710

01:14:59,590 --> 01:14:56,000

specifically

1711

01:15:02,550 --> 01:14:59,600

physiological medical questions

1712

01:15:03,030 --> 01:15:02,560

um not ever came it up that they asked

1713

01:15:04,870 --> 01:15:03,040

so

1714

01:15:07,270 --> 01:15:04,880

did you hear a loud bang or did you see

1715

01:15:10,950 --> 01:15:07,280

anything or none of this mattered

1716

01:15:14,070 --> 01:15:10,960

it was strictly a detailed

1717

01:15:15,510 --> 01:15:14,080

medical questions of which column took

1718

01:15:17,990 --> 01:15:15,520

notes

1719

01:15:18,790 --> 01:15:18,000

if you combine that with later on where

1720

01:15:20,870 --> 01:15:18,800

bartel

1721

01:15:22,709 --> 01:15:20,880

me and we identified five others were

1722

01:15:25,830 --> 01:15:22,719

flown to reno

1723

01:15:29,430 --> 01:15:25,840

and for i

1724

01:15:33,030 --> 01:15:29,440

i am 95 sure chris patel is 100

1725

01:15:36,229 --> 01:15:33,040

sure was picked up by kit green

1726

01:15:38,070 --> 01:15:36,239

at the airport and got mris done

1727

01:15:40,070 --> 01:15:38,080

on a sunday afternoon at a clinic that

1728

01:15:43,990 --> 01:15:40,080

was absolutely winky dink

1729

01:15:48,790 --> 01:15:46,790

where the person that picked us up and

1730

01:15:53,910 --> 01:15:48,800

conducted the mri scans

1731

01:16:01,110 --> 01:15:57,030

he was a rent

1732

01:16:05,030 --> 01:16:01,120

on type person and a contractor

1733

01:16:09,590 --> 01:16:08,470

operated very differently than than you

1734

01:16:14,790 --> 01:16:09,600

would expect your

1735

01:16:18,470 --> 01:16:14,800

typical md um to act

1736

01:16:21,590 --> 01:16:18,480

when we went up there were told that

1737

01:16:25,590 --> 01:16:21,600

they wanted to see of if our

1738

01:16:28,950 --> 01:16:25,600

um um they called the antenna

1739

01:16:38,630 --> 01:16:28,960

the caudate um what is it erica

1740

01:16:43,030 --> 01:16:41,590

i'm not a medical guy but anyways it is

1741

01:16:48,709 --> 01:16:43,040

supposedly

1742

01:16:52,950 --> 01:16:48,719

a part of your brain that um direct

1743

01:16:56,070 --> 01:16:52,960

emotions uh physiological effects

1744

01:16:59,669 --> 01:16:56,080

also the part responsible for putting

1745

01:17:02,790 --> 01:16:59,679

um hormones in your system

1746

01:17:04,870 --> 01:17:02,800

is the part that runs the fight or

1747

01:17:08,229 --> 01:17:04,880

flight

1748

01:17:13,750 --> 01:17:08,239

contributes to anger

1749

01:17:21,189 --> 01:17:18,070

aggression so we were told

1750

01:17:24,870 --> 01:17:21,199

that they wanted to see if

1751

01:17:29,189 --> 01:17:24,880

the caudate was somehow affected by our

1752

01:17:33,990 --> 01:17:29,199

close interaction with the paranormal

1753

01:17:37,750 --> 01:17:34,000

because chris and i were out there

1754

01:17:40,870 --> 01:17:37,760

always and we wrote the reports detailed

1755

01:17:45,910 --> 01:17:44,149

a lot and so i guess that's why we were

1756

01:17:48,950 --> 01:17:45,920

chosen because we had

1757

01:17:52,310 --> 01:17:48,960

the most interaction with whatever

1758

01:17:56,070 --> 01:17:52,320

it was that was out there so

1759

01:17:59,110 --> 01:17:56,080

i looked at at

1760

01:18:02,390 --> 01:17:59,120

the specific medical questions that

1761

01:18:05,030 --> 01:18:02,400

we were asked um by column

1762

01:18:07,910 --> 01:18:05,040

and and bigelow it was not something

1763

01:18:11,030 --> 01:18:07,920

where you could say you know what

1764

01:18:13,669 --> 01:18:11,040

not doing it um

1765

01:18:15,750 --> 01:18:13,679

we both had mortgages to pay and not

1766

01:18:17,350 --> 01:18:15,760

doing it would have cost us our jobs

1767

01:18:18,870 --> 01:18:17,360

and that would have put me back on

1768

01:18:19,590 --> 01:18:18,880

unemployment so i really didn't have a

1769

01:18:22,870 --> 01:18:19,600

choice

1770

01:18:27,510 --> 01:18:22,880

i was kind of at a stranglehold by

1771

01:18:30,870 --> 01:18:27,520

by uh rbt and and company

1772

01:18:33,990 --> 01:18:30,880

so it wasn't much option there

1773

01:18:37,430 --> 01:18:36,790

looking back now and having read robert

1774

01:18:40,070 --> 01:18:37,440

guffy's

1775

01:18:42,149 --> 01:18:40,080

camellio which i've talked to robert

1776

01:18:42,709 --> 01:18:42,159

extensively about the book after i read

1777

01:18:45,910 --> 01:18:42,719

it

1778

01:18:51,030 --> 01:18:45,920

and picked his brain the parallels

1779

01:18:54,310 --> 01:18:51,040

between uh camille and the setting that

1780

01:18:57,510 --> 01:18:54,320

he describes in it are mirroring

1781

01:19:00,870 --> 01:18:57,520

the ranch setting sometimes to a t

1782

01:19:01,830 --> 01:19:00,880

that is amazing and they came out of

1783

01:19:05,510 --> 01:19:01,840

different timelines

1784

01:19:07,030 --> 01:19:05,520

so very amazing and robert duffy is not

1785

01:19:08,790 --> 01:19:07,040

quite really that familiar with the

1786

01:19:13,189 --> 01:19:08,800

ranch so these projects are

1787

01:19:17,669 --> 01:19:13,199

entirely independent from one another

1788

01:19:22,630 --> 01:19:17,679

but yeah so do i think

1789

01:19:26,390 --> 01:19:22,640

more than think that there has been

1790

01:19:29,830 --> 01:19:26,400

private and government entities involved

1791

01:19:32,790 --> 01:19:29,840

in the so-called living laboratory at

1792

01:19:39,270 --> 01:19:36,709

absolutely i do absolutely i do

1793

01:19:40,070 --> 01:19:39,280

okay and chris i'm glad you say that

1794

01:19:42,550 --> 01:19:40,080

because

1795

01:19:43,990 --> 01:19:42,560

you also mentioned awsap no longer

1796

01:19:44,950 --> 01:19:44,000

existing and i'm going to get into that

1797

01:19:47,430 --> 01:19:44,960

in a second but

1798

01:19:48,790 --> 01:19:47,440

firstly i'd like to pipe up and say i

1799

01:19:50,709 --> 01:19:48,800

agree with you 100

1800

01:19:52,390 --> 01:19:50,719

that you can in fact engage with

1801
01:19:54,790 --> 01:19:52,400
whatever this is

1802
01:19:56,070 --> 01:19:54,800
as an observer and it can be documented

1803
01:19:56,790 --> 01:19:56,080
what you do with that is the big

1804
01:20:00,229 --> 01:19:56,800
question

1805
01:20:01,750 --> 01:20:00,239
and secondly having run military

1806
01:20:05,350 --> 01:20:01,760
operations

1807
01:20:07,910 --> 01:20:05,360
do you believe someone who has had

1808
01:20:10,470 --> 01:20:07,920
wartime experiences is possibly more

1809
01:20:13,149 --> 01:20:10,480
prone to these type of

1810
01:20:17,590 --> 01:20:13,159
uh experiences technology or

1811
01:20:23,510 --> 01:20:21,110
i don't really think that

1812
01:20:25,830 --> 01:20:23,520
it plays a lot into it i think the

1813
01:20:29,270 --> 01:20:25,840

difference is i mean i was a

1814

01:20:32,310 --> 01:20:29,280

in in civilian law enforcement for years

1815

01:20:35,830 --> 01:20:32,320

before i got into

1816

01:20:39,189 --> 01:20:35,840

the military stuff and um

1817

01:20:41,669 --> 01:20:39,199

yes i mean one thing and you gotta keep

1818

01:20:43,590 --> 01:20:41,679

in mind also that

1819

01:20:45,669 --> 01:20:43,600

out of all these people that were up

1820

01:20:49,350 --> 01:20:45,679

there i mean for bigelow

1821

01:20:53,350 --> 01:20:49,360

the requirement to work for aerospace

1822

01:20:56,310 --> 01:20:53,360

or baths was that you had to have

1823

01:20:57,110 --> 01:20:56,320

five years of either civilian law

1824

01:21:00,550 --> 01:20:57,120

enforcement

1825

01:21:03,590 --> 01:21:00,560

or military um

1826

01:21:07,350 --> 01:21:03,600

in order to even you know

1827

01:21:10,310 --> 01:21:07,360

sign the application however out of all

1828

01:21:12,229 --> 01:21:10,320

the people at the ranch uh that i worked

1829

01:21:13,510 --> 01:21:12,239

with i can speak for the ones prior to

1830

01:21:16,310 --> 01:21:13,520

me

1831

01:21:17,110 --> 01:21:16,320

but i was the only one that actually had

1832

01:21:20,310 --> 01:21:17,120

uh

1833

01:21:24,550 --> 01:21:20,320

actual combat experience and

1834

01:21:27,990 --> 01:21:24,560

um i was the only one that had

1835

01:21:30,310 --> 01:21:28,000

uh also a fight or flight experience i

1836

01:21:31,270 --> 01:21:30,320

was involved in a deadly force incident

1837

01:21:34,390 --> 01:21:31,280

in my

1838

01:21:36,709 --> 01:21:34,400

civilian law enforcement career and so i

1839

01:21:37,750 --> 01:21:36,719

i kind of knew how i would react to

1840

01:21:40,709 --> 01:21:37,760

things

1841

01:21:41,189 --> 01:21:40,719

but many of them that were up there were

1842

01:21:45,189 --> 01:21:41,199

also

1843

01:21:51,110 --> 01:21:45,199

just air force privates or army privates

1844

01:21:55,189 --> 01:21:51,120

um e4s or e5s that had never deployed

1845

01:21:58,310 --> 01:21:55,199

that came from a military kind of a

1846

01:22:03,990 --> 01:21:58,320

lineage but had not

1847

01:22:13,110 --> 01:22:09,510

violence in in that type shape and form

1848

01:22:17,350 --> 01:22:13,120

i think by putting me

1849

01:22:20,550 --> 01:22:17,360

up there they almost did themselves

1850

01:22:24,550 --> 01:22:20,560

a disservice because i

1851

01:22:28,070 --> 01:22:24,560

wasn't eating it the way it was dished

1852

01:22:33,510 --> 01:22:28,080

i asked a lot of questions

1853

01:22:36,550 --> 01:22:33,520

and questions that others didn't ask

1854

01:22:39,830 --> 01:22:36,560

starting with the

1855

01:22:44,229 --> 01:22:39,840

lack of equipment there was no

1856

01:22:49,830 --> 01:22:47,830

there were a handful of gas station type

1857

01:22:53,030 --> 01:22:49,840

flashlights

1858

01:22:55,510 --> 01:22:53,040

there were about eight or so

1859

01:22:56,790 --> 01:22:55,520

uh click point and shoot cameras those

1860

01:23:00,310 --> 01:22:56,800

little olympuses

1861

01:23:02,950 --> 01:23:00,320

that you know fit in your pocket

1862

01:23:03,830 --> 01:23:02,960

that didn't have a zoom function or any

1863

01:23:07,030 --> 01:23:03,840

kind of function

1864

01:23:10,790 --> 01:23:07,040

so you took a picture pretty much

1865

01:23:12,229 --> 01:23:10,800

after dusk you had orbs and you had all

1866

01:23:15,430 --> 01:23:12,239

this crazy stuff

1867

01:23:18,390 --> 01:23:15,440

and i think again that was by design um

1868

01:23:18,950 --> 01:23:18,400

to further the myth this was dust and

1869

01:23:21,350 --> 01:23:18,960

pollen

1870

01:23:22,709 --> 01:23:21,360

and other crap in the air these weren't

1871

01:23:24,790 --> 01:23:22,719

orbs

1872

01:23:26,790 --> 01:23:24,800

however it was interesting for me to see

1873

01:23:30,310 --> 01:23:26,800

when i walked into this one vault

1874

01:23:33,590 --> 01:23:30,320

at polaris there were

1875

01:23:37,350 --> 01:23:33,600

rows i'm talking about 15

1876

01:23:40,470 --> 01:23:37,360

20 uh super high-tech

1877

01:23:44,149 --> 01:23:40,480

canon cameras with every lens

1878

01:23:47,510 --> 01:23:44,159

that you could imagine every

1879

01:23:48,070 --> 01:23:47,520

belt and whistles and the equipment was

1880

01:23:51,990 --> 01:23:48,080

there

1881

01:23:55,510 --> 01:23:52,000

i mean set in the safe he didn't give us

1882

01:23:59,270 --> 01:23:55,520

anything um there were

1883

01:24:08,149 --> 01:23:59,280

some stationary game camps that

1884

01:24:16,149 --> 01:24:11,830

probably coming out of vietnam

1885

01:24:19,590 --> 01:24:16,159

and the thermal imaging device we had

1886

01:24:21,510 --> 01:24:19,600

when it worked um it was battery powered

1887

01:24:24,470 --> 01:24:21,520

it took about

1888

01:24:25,590 --> 01:24:24,480

three minutes to even come online uh

1889

01:24:27,189 --> 01:24:25,600

where you could use it

1890

01:24:29,030 --> 01:24:27,199

to you went through all the testing and

1891

01:24:32,149 --> 01:24:29,040

warm-up processes

1892

01:24:34,390 --> 01:24:32,159

and then um if you had it

1893

01:24:35,830 --> 01:24:34,400

actually on it you could only it would

1894

01:24:37,510 --> 01:24:35,840

only last about an hour

1895

01:24:39,189 --> 01:24:37,520

hour and a half and then it would die

1896

01:24:41,430 --> 01:24:39,199

the batteries were depleted

1897

01:24:43,110 --> 01:24:41,440

but let's say you did see something that

1898

01:24:46,310 --> 01:24:43,120

you want to verify with

1899

01:24:48,550 --> 01:24:46,320

with thermal imaging um you were in that

1900

01:24:49,430 --> 01:24:48,560

in that situation where either you turn

1901

01:24:50,790 --> 01:24:49,440

it off

1902

01:24:52,709 --> 01:24:50,800

and then you have to wait three minutes

1903

01:24:55,110 --> 01:24:52,719

for it to come back on

1904

01:24:55,910 --> 01:24:55,120

or you leave it on but then you only

1905

01:24:59,270 --> 01:24:55,920

have about

1906

01:25:01,510 --> 01:24:59,280

an hour and a half of of using of time

1907

01:25:04,790 --> 01:25:01,520

where you can actually utilize it

1908

01:25:06,550 --> 01:25:04,800

and that was it that was it that was the

1909

01:25:07,750 --> 01:25:06,560

only equipment that was there there was

1910

01:25:12,390 --> 01:25:07,760

nothing

1911

01:25:15,830 --> 01:25:12,400

um so walking into the place

1912

01:25:18,870 --> 01:25:15,840

i was like this looks like a

1913

01:25:22,149 --> 01:25:18,880

a budget suites of america is sweet

1914

01:25:24,229 --> 01:25:22,159

it looks like a hotel room

1915

01:25:25,750 --> 01:25:24,239

there was nothing that was specifically

1916

01:25:29,990 --> 01:25:25,760

geared towards any kind of

1917

01:25:33,030 --> 01:25:30,000

research of any type which of course

1918

01:25:33,669 --> 01:25:33,040

you know i started uh bringing my own

1919

01:25:37,430 --> 01:25:33,679

stuff

1920

01:25:41,669 --> 01:25:37,440

and some of it was authorized

1921

01:25:46,070 --> 01:25:41,679

others i didn't mention um

1922

01:25:50,310 --> 01:25:48,629

used it brought it did my my stuff with

1923

01:25:53,750 --> 01:25:50,320

it did my experiments with it

1924

01:25:55,669 --> 01:25:53,760

um i brought infrared cameras

1925

01:25:57,830 --> 01:25:55,679

that i purchased myself i bought

1926

01:26:02,229 --> 01:25:57,840

infrared camcorders

1927

01:26:07,830 --> 01:26:02,239

um i bought motion detecting devices

1928

01:26:11,590 --> 01:26:07,840

um brought my own night vision

1929

01:26:14,709 --> 01:26:11,600

of course my own camera with my

1930

01:26:17,910 --> 01:26:14,719

uh array of of lenses that i utilized

1931

01:26:21,110 --> 01:26:17,920

and a lot

1932

01:26:27,590 --> 01:26:24,550

yeah it just baffled me that there was

1933

01:26:31,990 --> 01:26:27,600

nothing to work with and

1934

01:26:35,189 --> 01:26:32,000

it goes back into was there really

1935

01:26:38,629 --> 01:26:35,199

a specific target on military

1936

01:26:40,629 --> 01:26:38,639

members i don't know

1937

01:26:42,870 --> 01:26:40,639

i don't know the answer to that because

1938

01:26:46,229 --> 01:26:42,880

if you want to establish a baseline

1939

01:26:50,790 --> 01:26:46,239

of people that have been preconditioned

1940

01:26:53,830 --> 01:26:50,800

to certain um um

1941

01:26:57,110 --> 01:26:53,840

outputs of hormones due to violence

1942

01:27:01,430 --> 01:26:57,120

and aggression and panic

1943

01:27:03,430 --> 01:27:01,440

and fear um you would have to do

1944

01:27:04,870 --> 01:27:03,440

some sort of a baseline that would

1945

01:27:07,830 --> 01:27:04,880

include

1946

01:27:08,550 --> 01:27:07,840

a psychological profile to get that very

1947

01:27:11,750 --> 01:27:08,560

specific

1948

01:27:14,229 --> 01:27:11,760

target group um

1949

01:27:15,830 --> 01:27:14,239

it'd be interesting to see if he used

1950

01:27:19,590 --> 01:27:15,840

for example

1951

01:27:23,510 --> 01:27:19,600

people that are affected with ptsd

1952

01:27:26,629 --> 01:27:23,520

how would they react to these events

1953

01:27:28,470 --> 01:27:26,639

but you wouldn't know and ptsd is

1954

01:27:30,070 --> 01:27:28,480

nothing that is just something that can

1955

01:27:33,990 --> 01:27:30,080

be acquired in combat

1956

01:27:36,870 --> 01:27:34,000

or law enforcement but i wanted to bet

1957

01:27:37,669 --> 01:27:36,880

that a lot of people that have seen

1958

01:27:39,990 --> 01:27:37,679

something

1959

01:27:41,510 --> 01:27:40,000

that blew their mind a car accident that

1960

01:27:44,790 --> 01:27:41,520

they witnessed

1961

01:27:47,750 --> 01:27:44,800

uh trauma nurses in hospitals

1962

01:27:48,790 --> 01:27:47,760

uh children that see their dog run over

1963

01:27:52,229 --> 01:27:48,800

by

1964

01:27:53,830 --> 01:27:52,239

a vehicle in the street i mean pta ptsd

1965

01:27:57,030 --> 01:27:53,840

is something that

1966

01:28:00,870 --> 01:27:57,040

can occur from so many different

1967

01:28:04,310 --> 01:28:00,880

sources not just as so much talked about

1968

01:28:07,669 --> 01:28:04,320

combat i mean

1969

01:28:09,669 --> 01:28:07,679

it does exist but in order to form

1970

01:28:12,790 --> 01:28:09,679

a target group that you would

1971

01:28:14,790 --> 01:28:12,800

specifically experiment on

1972

01:28:16,629 --> 01:28:14,800

you would have to lay a foundation you

1973

01:28:19,590 --> 01:28:16,639

would have to

1974

01:28:20,470 --> 01:28:19,600

do at the very least a couple of written

1975

01:28:23,270 --> 01:28:20,480

site tests

1976

01:28:23,910 --> 01:28:23,280

to see where people are mentally but

1977

01:28:26,229 --> 01:28:23,920

that never

1978

01:28:27,430 --> 01:28:26,239

did happen at the ranch there were no

1979

01:28:30,629 --> 01:28:27,440

such things it

1980

01:28:33,030 --> 01:28:30,639

the turnover was so high yeah

1981

01:28:34,550 --> 01:28:33,040

that um it seemed like cannon fodder

1982

01:28:38,070 --> 01:28:34,560

because a lot of people like i said

1983

01:28:41,270 --> 01:28:38,080

were up there for a tour my very first

1984

01:28:44,550 --> 01:28:41,280

partner alex um

1985

01:28:45,750 --> 01:28:44,560

we were both newbies that was our first

1986

01:28:48,790 --> 01:28:45,760

tour

1987

01:28:51,910 --> 01:28:48,800

um and uh

1988

01:28:53,990 --> 01:28:51,920

he after the fifth day he would lock

1989

01:28:55,990 --> 01:28:54,000

himself into his room

1990

01:28:57,030 --> 01:28:56,000

and he wouldn't come out he would

1991

01:28:59,430 --> 01:28:57,040

hysterically

1992

01:29:00,149 --> 01:28:59,440

sob and cry and scream and at some point

1993

01:29:02,149 --> 01:29:00,159

he came out

1994

01:29:03,669 --> 01:29:02,159

and and rolled up in a fetal position in

1995

01:29:06,870 --> 01:29:03,679

the living room

1996

01:29:09,350 --> 01:29:06,880

and was begging uh to leave

1997

01:29:11,030 --> 01:29:09,360

and of course since we had rental cars

1998

01:29:13,750 --> 01:29:11,040

we drove up there with

1999

01:29:15,430 --> 01:29:13,760

which were only exchanged on um the

2000

01:29:18,229 --> 01:29:15,440

wednesdays when we did shift

2001
01:29:19,189 --> 01:29:18,239
turnover uh there was no way for him to

2002
01:29:22,310 --> 01:29:19,199
get off

2003
01:29:24,070 --> 01:29:22,320
the ranch so i've seen quite a few of

2004
01:29:26,790 --> 01:29:24,080
people like that that just turned into

2005
01:29:29,189 --> 01:29:26,800
nut cases out there

2006
01:29:30,629 --> 01:29:29,199
but i want to touch real quick on

2007
01:29:34,149 --> 01:29:30,639
something else

2008
01:29:37,590 --> 01:29:34,159
so you bet as far as people seeing stuff

2009
01:29:41,030 --> 01:29:37,600
and having to be a certain category of

2010
01:29:44,390 --> 01:29:41,040
of a preconditioning thing

2011
01:29:47,350 --> 01:29:44,400
erica was up there at some point and

2012
01:29:47,830 --> 01:29:47,360
started taking pictures from the gravel

2013
01:29:51,030 --> 01:29:47,840

pit

2014

01:29:52,390 --> 01:29:51,040

perspective looking down and that was

2015

01:29:55,990 --> 01:29:52,400

after

2016

01:29:56,790 --> 01:29:56,000

the fogle um regime had taken over up

2017

01:29:59,830 --> 01:29:56,800

there

2018

01:30:01,750 --> 01:29:59,840

and um she took some pictures and she is

2019

01:30:03,830 --> 01:30:01,760

definitely not involved in any kind of

2020

01:30:06,870 --> 01:30:03,840

law enforcement military

2021

01:30:10,629 --> 01:30:06,880

uh none of that quite the opposite

2022

01:30:13,830 --> 01:30:10,639

um she's a person that that

2023

01:30:16,470 --> 01:30:13,840

is in arts and in music

2024

01:30:18,149 --> 01:30:16,480

and that type of thing but i want to let

2025

01:30:21,189 --> 01:30:18,159

her tell you real quick

2026

01:30:23,030 --> 01:30:21,199

the stuff that she had photographed that

2027

01:30:26,790 --> 01:30:23,040

was later on

2028

01:30:30,149 --> 01:30:26,800

uh looked at and dismissed

2029

01:30:34,470 --> 01:30:30,159

but let you take that from there

2030

01:30:35,830 --> 01:30:34,480

yeah yeah yeah so it's like um brian i

2031

01:30:37,510 --> 01:30:35,840

know you and i have

2032

01:30:39,110 --> 01:30:37,520

experienced some interesting things in

2033

01:30:42,390 --> 01:30:39,120

in and around that area

2034

01:30:46,390 --> 01:30:42,400

um so i went there one night i

2035

01:30:49,270 --> 01:30:46,400

just interviewed junior hicks and i

2036

01:30:50,629 --> 01:30:49,280

uh decided to i have a friend up in the

2037

01:30:52,790 --> 01:30:50,639

basement who i've been

2038

01:30:54,790 --> 01:30:52,800

uh documenting he and his family's

2039

01:30:56,870 --> 01:30:54,800

experiences for years

2040

01:30:58,470 --> 01:30:56,880

and things and he just gave me a you

2041

01:31:01,030 --> 01:30:58,480

know he said this is a great place

2042

01:31:03,189 --> 01:31:01,040

to go and look and see what what happens

2043

01:31:06,709 --> 01:31:03,199

uh there and

2044

01:31:07,990 --> 01:31:06,719

so i it was a kind of a stormy night and

2045

01:31:10,709 --> 01:31:08,000

there was a lightning storm

2046

01:31:11,590 --> 01:31:10,719

rolling in which was amazing over the

2047

01:31:16,790 --> 01:31:11,600

over that area

2048

01:31:20,310 --> 01:31:16,800

such a beautiful area and um i noticed

2049

01:31:23,430 --> 01:31:20,320

that it was dark uh getting darker

2050

01:31:23,910 --> 01:31:23,440

and over by the old homestead um i

2051
01:31:25,270 --> 01:31:23,920
noticed

2052
01:31:27,189 --> 01:31:25,280
there it looked to me like there was

2053
01:31:29,590 --> 01:31:27,199
some sort of mist that was

2054
01:31:30,629 --> 01:31:29,600
forming and i kept trying to you know

2055
01:31:32,950 --> 01:31:30,639
okay with what

2056
01:31:35,430 --> 01:31:32,960
could it be due to a b c and d and roll

2057
01:31:38,550 --> 01:31:35,440
up possibilities and

2058
01:31:42,390 --> 01:31:38,560
and the it it appeared to this

2059
01:31:45,350 --> 01:31:42,400
missed kind of uh doubled and came over

2060
01:31:45,830 --> 01:31:45,360
towards me and then around me and you

2061
01:31:47,510 --> 01:31:45,840
know when

2062
01:31:49,030 --> 01:31:47,520
that happened the temperature got really

2063
01:31:50,790 --> 01:31:49,040

low and

2064

01:31:53,030 --> 01:31:50,800

there was just that electrical feeling

2065

01:31:56,310 --> 01:31:53,040

it was like all the sounds were

2066

01:31:59,990 --> 01:31:56,320

muffled um and that happened

2067

01:32:02,310 --> 01:32:00,000

for that you know a good period of time

2068

01:32:03,510 --> 01:32:02,320

and to where it would just go retreat

2069

01:32:06,470 --> 01:32:03,520

come back

2070

01:32:08,629 --> 01:32:06,480

uh and then i noticed above uh the skin

2071

01:32:12,229 --> 01:32:08,639

walker bridge that there was a

2072

01:32:14,709 --> 01:32:12,239

bright amber orange sphere you know like

2073

01:32:15,990 --> 01:32:14,719

you've seen those as well i know um

2074

01:32:18,550 --> 01:32:16,000

could have been bell lightning i don't

2075

01:32:21,669 --> 01:32:18,560

know but i watched that and then

2076
01:32:23,270 --> 01:32:21,679
watched another one appear below it that

2077
01:32:26,310 --> 01:32:23,280
seemed to have some sort of

2078
01:32:27,910 --> 01:32:26,320
um almost like an electrical current

2079
01:32:29,510 --> 01:32:27,920
going between the two of them and they

2080
01:32:32,229 --> 01:32:29,520
were hovering

2081
01:32:33,189 --> 01:32:32,239
there for quite some time and and so

2082
01:32:36,709 --> 01:32:33,199
just very

2083
01:32:38,390 --> 01:32:36,719
very interesting types of of things and

2084
01:32:41,030 --> 01:32:38,400
again is that man-made or is that

2085
01:32:43,990 --> 01:32:41,040
something that is is paranormal

2086
01:32:45,430 --> 01:32:44,000
i don't i don't know uh uh you know

2087
01:32:48,070 --> 01:32:45,440
there was a natural

2088
01:32:49,430 --> 01:32:48,080

phenomenon of some sort it was it was it

2089

01:32:50,870 --> 01:32:49,440

was interesting you know how it always

2090

01:32:53,430 --> 01:32:50,880

is up there

2091

01:32:54,070 --> 01:32:53,440

yeah and i remember oh yeah go ahead

2092

01:32:57,750 --> 01:32:54,080

chris

2093

01:33:00,550 --> 01:32:57,760

i'm sorry so basically i don't think

2094

01:33:01,590 --> 01:33:00,560

that the notion that you would have to

2095

01:33:03,910 --> 01:33:01,600

be

2096

01:33:05,430 --> 01:33:03,920

coming from a military type background

2097

01:33:08,550 --> 01:33:05,440

really

2098

01:33:12,310 --> 01:33:08,560

factors into a lot i think that

2099

01:33:15,350 --> 01:33:12,320

if that was my show uh up there

2100

01:33:17,910 --> 01:33:15,360

i would actually use people that have

2101
01:33:19,030 --> 01:33:17,920
not been exposed to anything because

2102
01:33:22,310 --> 01:33:19,040
they're much easier

2103
01:33:24,229 --> 01:33:22,320
to to influence

2104
01:33:25,590 --> 01:33:24,239
but i think the problem is so and this

2105
01:33:27,110 --> 01:33:25,600
is where i just have to step in here and

2106
01:33:29,669 --> 01:33:27,120
i disagree with chris you know

2107
01:33:31,510 --> 01:33:29,679
um that's good 100 on this i mean i

2108
01:33:34,070 --> 01:33:31,520
think that you definitely did have

2109
01:33:36,070 --> 01:33:34,080
military personnel we know on on the

2110
01:33:37,750 --> 01:33:36,080
ranch and i think that they were

2111
01:33:39,350 --> 01:33:37,760
knowing some of the studies that kick

2112
01:33:40,790 --> 01:33:39,360
green has been involved with i mean they

2113
01:33:43,590 --> 01:33:40,800

were looking for

2114

01:33:44,950 --> 01:33:43,600

specific types of people who did perhaps

2115

01:33:48,310 --> 01:33:44,960

have maybe a

2116

01:33:50,790 --> 01:33:48,320

uh were a little bit more exposed to

2117

01:33:52,709 --> 01:33:50,800

to uh things that would be fearful like

2118

01:33:54,149 --> 01:33:52,719

you would be if you were in combat

2119

01:33:56,629 --> 01:33:54,159

and they're trying to develop these

2120

01:33:59,110 --> 01:33:56,639

technologies that can

2121

01:34:00,149 --> 01:33:59,120

influence them and so they needed a

2122

01:34:03,189 --> 01:34:00,159

different

2123

01:34:05,270 --> 01:34:03,199

set of people group to do that on

2124

01:34:06,229 --> 01:34:05,280

and so i think that that's kind of what

2125

01:34:09,270 --> 01:34:06,239

took place

2126

01:34:11,030 --> 01:34:09,280

while the while the asap contract was

2127

01:34:12,629 --> 01:34:11,040

up and running and and like i said you

2128

01:34:15,270 --> 01:34:12,639

know you look at kit green's

2129

01:34:16,310 --> 01:34:15,280

work and you look at the people he

2130

01:34:19,110 --> 01:34:16,320

surrounded himself

2131

01:34:20,550 --> 01:34:19,120

with and things and it's um quite

2132

01:34:22,550 --> 01:34:20,560

interesting

2133

01:34:24,550 --> 01:34:22,560

yes actually you know what erica you got

2134

01:34:26,709 --> 01:34:24,560

a point um if you look at it from that

2135

01:34:29,750 --> 01:34:26,719

perspective it totally makes sense

2136

01:34:33,350 --> 01:34:29,760

it would make sense because ultimately

2137

01:34:36,229 --> 01:34:33,360

um depending on the application that

2138

01:34:37,750 --> 01:34:36,239

uh they're planning on on utilizing

2139

01:34:40,470 --> 01:34:37,760

their stuff

2140

01:34:42,709 --> 01:34:40,480

uh if it's if it becomes or is geared

2141

01:34:47,430 --> 01:34:42,719

towards also being part of the arsenal

2142

01:34:50,550 --> 01:34:47,440

and we see it is

2143

01:34:53,750 --> 01:34:50,560

uh the armies rolled out um

2144

01:34:56,950 --> 01:34:53,760

microwave weapons of modern humvees and

2145

01:34:58,629 --> 01:34:56,960

and mobile platforms where and plasma

2146

01:35:00,229 --> 01:34:58,639

balls that talk and different things i

2147

01:35:02,390 --> 01:35:00,239

mean all of that stuff

2148

01:35:04,149 --> 01:35:02,400

is you know the known technology that

2149

01:35:06,390 --> 01:35:04,159

could have that absolutely mimics the

2150

01:35:08,790 --> 01:35:06,400

paranormal that has been deployed

2151
01:35:10,709 --> 01:35:08,800
in theater uh but also you know you've

2152
01:35:12,629 --> 01:35:10,719
got the people on the ranch who signed

2153
01:35:14,070 --> 01:35:12,639
you know who were there that were

2154
01:35:15,990 --> 01:35:14,080
employed for bigelow and then you've got

2155
01:35:17,189 --> 01:35:16,000
the people in that community outside

2156
01:35:18,950 --> 01:35:17,199
that are also

2157
01:35:20,229 --> 01:35:18,960
seeing it documenting and posting it on

2158
01:35:22,950 --> 01:35:20,239
social media

2159
01:35:24,470 --> 01:35:22,960
and so you've got a whole whole bunch of

2160
01:35:26,229 --> 01:35:24,480
different people that you can

2161
01:35:28,709 --> 01:35:26,239
kind of analyze and i want to just throw

2162
01:35:30,709 --> 01:35:28,719
in there too i've noticed in my

2163
01:35:32,550 --> 01:35:30,719

research especially with abduction

2164

01:35:34,790 --> 01:35:32,560

groups you know that they're

2165

01:35:36,470 --> 01:35:34,800

the specific questions they ask them i

2166

01:35:39,510 --> 01:35:36,480

mean most of these people have had

2167

01:35:42,709 --> 01:35:39,520

trauma and in their lives at some point

2168

01:35:46,229 --> 01:35:42,719

so it is interesting just to maybe

2169

01:35:48,629 --> 01:35:46,239

think that the abduction cases um

2170

01:35:49,990 --> 01:35:48,639

and the people that kind of surrounded

2171

01:35:53,990 --> 01:35:50,000

abductees

2172

01:35:56,390 --> 01:35:54,000

were perhaps doing this as some sort of

2173

01:35:57,109 --> 01:35:56,400

experiment on on people that it had

2174

01:35:58,629 --> 01:35:57,119

trauma

2175

01:36:01,109 --> 01:35:58,639

it's fascinating the whole thing is like

2176

01:36:03,030 --> 01:36:01,119

it's just a big big big dark hole

2177

01:36:04,550 --> 01:36:03,040

of things i wish it was just dt that

2178

01:36:07,510 --> 01:36:04,560

would be right a lot more fun

2179

01:36:09,109 --> 01:36:07,520

yeah it is fascinating and i hate to do

2180

01:36:10,149 --> 01:36:09,119

this but wrapping up i still have a

2181

01:36:11,830 --> 01:36:10,159

couple questions one

2182

01:36:13,669 --> 01:36:11,840

or actually one for you and a couple for

2183

01:36:17,669 --> 01:36:13,679

chris the um

2184

01:36:20,070 --> 01:36:17,679

firstly like well let me let me get to

2185

01:36:22,830 --> 01:36:20,080

yours erica because i remember you

2186

01:36:24,149 --> 01:36:22,840

uh telling me about that experience and

2187

01:36:28,470 --> 01:36:24,159

that uh

2188

01:36:31,910 --> 01:36:28,480

mist of sorts and it is very spooky

2189

01:36:32,390 --> 01:36:31,920

and it it may very you know it's a

2190

01:36:35,590 --> 01:36:32,400

presence

2191

01:36:38,709 --> 01:36:35,600

you were able to document it so that's

2192

01:36:42,149 --> 01:36:38,719

i mean kudos for that um chris

2193

01:36:45,109 --> 01:36:42,159

i wanted to ask you a couple of things

2194

01:36:46,390 --> 01:36:45,119

so while you were there did you ever

2195

01:36:48,629 --> 01:36:46,400

feel the ground

2196

01:36:50,229 --> 01:36:48,639

kind of shaking under you like it felt

2197

01:36:54,229 --> 01:36:50,239

like that vertigo

2198

01:36:57,910 --> 01:36:54,239

in your own experiences and

2199

01:36:59,669 --> 01:36:57,920

the other thing is you said that the

2200

01:37:02,950 --> 01:36:59,679

experiences were far from random

2201

01:37:05,990 --> 01:37:02,960

specific events locations

2202

01:37:08,629 --> 01:37:06,000

and descriptions and i wanted to know

2203

01:37:10,550 --> 01:37:08,639

did you find that the lower waterways to

2204

01:37:11,510 --> 01:37:10,560

the south were much more elemental in

2205

01:37:13,590 --> 01:37:11,520

crypto

2206

01:37:15,270 --> 01:37:13,600

the mesa more high-tech and light

2207

01:37:17,430 --> 01:37:15,280

craft-like phenomena and the stuff in

2208

01:37:19,109 --> 01:37:17,440

between was just kind of in between

2209

01:37:22,550 --> 01:37:19,119

or i know that's a lot of questions and

2210

01:37:29,590 --> 01:37:26,310

um there were vibrations

2211

01:37:30,950 --> 01:37:29,600

um not very often but there i have

2212

01:37:35,270 --> 01:37:30,960

experienced vibrations

2213

01:37:38,790 --> 01:37:35,280

in the ground which

2214

01:37:40,149 --> 01:37:38,800

were sort of like you know a very

2215

01:37:43,590 --> 01:37:40,159

low-key earthquake

2216

01:37:47,109 --> 01:37:43,600

type thing uh event

2217

01:37:50,149 --> 01:37:47,119

um as far as and here's again

2218

01:37:53,590 --> 01:37:50,159

uh my experience is all

2219

01:37:56,470 --> 01:37:53,600

what i experienced but at some point

2220

01:37:57,750 --> 01:37:56,480

uh jason degato came up and we conducted

2221

01:38:01,109 --> 01:37:57,760

experiments together

2222

01:38:04,310 --> 01:38:01,119

um at homestead too he was a physicist

2223

01:38:04,870 --> 01:38:04,320

and what we did was within that 50 meter

2224

01:38:08,709 --> 01:38:04,880

circle

2225

01:38:12,310 --> 01:38:08,719

of homestead 2 we would uh daisy chain

2226

01:38:14,470 --> 01:38:12,320

8 laptops and

2227

01:38:16,390 --> 01:38:14,480

they would measure they would be set up

2228

01:38:19,590 --> 01:38:16,400

geared up to measure

2229

01:38:22,550 --> 01:38:19,600

uh electromagnetic pulse

2230

01:38:23,270 --> 01:38:22,560

and we did this experiment for about a

2231

01:38:25,750 --> 01:38:23,280

week straight

2232

01:38:28,070 --> 01:38:25,760

and did different locations within that

2233

01:38:31,030 --> 01:38:28,080

roughly 50 meter circle

2234

01:38:31,830 --> 01:38:31,040

and the experience was always the same

2235

01:38:34,470 --> 01:38:31,840

uh

2236

01:38:35,350 --> 01:38:34,480

turn them on and nothing would happen

2237

01:38:38,070 --> 01:38:35,360

for

2238

01:38:39,189 --> 01:38:38,080

anywhere between 20 and 45 seconds a

2239

01:38:42,070 --> 01:38:39,199

minute

2240

01:38:42,709 --> 01:38:42,080

and then there would be some sort of a

2241

01:38:44,310 --> 01:38:42,719

spike

2242

01:38:46,149 --> 01:38:44,320

that showed up on all the different

2243

01:38:49,030 --> 01:38:46,159

screens that was off

2244

01:38:49,950 --> 01:38:49,040

the chart um and all computers would

2245

01:38:53,669 --> 01:38:49,960

shut down

2246

01:38:56,790 --> 01:38:53,679

simultaneously within a fraction

2247

01:38:57,510 --> 01:38:56,800

of a second you could barely see there

2248

01:38:59,590 --> 01:38:57,520

were

2249

01:39:01,990 --> 01:38:59,600

there was a program on these that

2250

01:39:04,629 --> 01:39:02,000

indicated the the presence of

2251
01:39:05,669 --> 01:39:04,639
gay electromagnetic activity and they

2252
01:39:08,790 --> 01:39:05,679
would spike

2253
01:39:09,270 --> 01:39:08,800
uh in almost like within a fraction of a

2254
01:39:11,030 --> 01:39:09,280
second

2255
01:39:12,470 --> 01:39:11,040
after you could see the spike and then

2256
01:39:14,790 --> 01:39:12,480
boom black screen

2257
01:39:15,669 --> 01:39:14,800
all of them and we did this for a week

2258
01:39:17,750 --> 01:39:15,679
uh

2259
01:39:18,950 --> 01:39:17,760
took a couple hours to recharge them

2260
01:39:22,550 --> 01:39:18,960
with the same result

2261
01:39:26,470 --> 01:39:22,560
every single time i had compasses

2262
01:39:29,910 --> 01:39:26,480
electric and manual um

2263
01:39:32,950 --> 01:39:29,920

um compasses i always carried them spin

2264

01:39:33,430 --> 01:39:32,960

like helicopter blades uh at homestead

2265

01:39:35,430 --> 01:39:33,440

too

2266

01:39:37,189 --> 01:39:35,440

and started spinning to the point where

2267

01:39:37,750 --> 01:39:37,199

you couldn't even see the dial anymore

2268

01:39:40,790 --> 01:39:37,760

they

2269

01:39:44,310 --> 01:39:40,800

just started spinning out of control

2270

01:39:47,270 --> 01:39:44,320

um so these things were all over

2271

01:39:47,910 --> 01:39:47,280

the this very very very bright light

2272

01:39:50,629 --> 01:39:47,920

that

2273

01:39:51,830 --> 01:39:50,639

appeared uh over the ranch usually in

2274

01:39:54,870 --> 01:39:51,840

the vicinity of

2275

01:39:56,149 --> 01:39:54,880

of the gates uh it was almost like there

2276

01:39:58,070 --> 01:39:56,159

was a linear

2277

01:39:59,990 --> 01:39:58,080

i mean the dirt road between east and

2278

01:40:00,870 --> 01:40:00,000

westgate is you can almost draw a

2279

01:40:04,070 --> 01:40:00,880

straight line

2280

01:40:06,390 --> 01:40:04,080

got a couple of curves but they are

2281

01:40:08,390 --> 01:40:06,400

kind of opposite of one another

2282

01:40:11,830 --> 01:40:08,400

geographically and geometrically

2283

01:40:15,270 --> 01:40:11,840

and this light which was so

2284

01:40:18,070 --> 01:40:15,280

uh bright that

2285

01:40:18,629 --> 01:40:18,080

uh i've read about i actually wrote

2286

01:40:22,390 --> 01:40:18,639

about it

2287

01:40:25,350 --> 01:40:22,400

where i could see um

2288

01:40:27,030 --> 01:40:25,360

um the bones of my hand of course i

2289

01:40:28,550 --> 01:40:27,040

closed my eyes i could

2290

01:40:31,270 --> 01:40:28,560

shield them with my hands and i could

2291

01:40:33,910 --> 01:40:31,280

see bone

2292

01:40:35,189 --> 01:40:33,920

fracture and i could see even foliage

2293

01:40:37,430 --> 01:40:35,199

through my closed eyes

2294

01:40:38,310 --> 01:40:37,440

with my hands in front of my eyes i

2295

01:40:41,910 --> 01:40:38,320

could still see

2296

01:40:42,870 --> 01:40:41,920

it was that bright uh probably not very

2297

01:40:44,709 --> 01:40:42,880

healthy

2298

01:40:46,709 --> 01:40:44,719

uh it has been experienced by people

2299

01:40:50,310 --> 01:40:46,719

that are not vigorously related and

2300

01:40:53,750 --> 01:40:50,320

it has been experienced by

2301
01:40:56,070 --> 01:40:53,760
people that i have been up there with so

2302
01:40:57,510 --> 01:40:56,080
i would say that to answer a question

2303
01:41:00,629 --> 01:40:57,520
that every event

2304
01:41:02,310 --> 01:41:00,639
that took place up there was a high

2305
01:41:05,590 --> 01:41:02,320
level event

2306
01:41:07,510 --> 01:41:05,600
if that was uh the

2307
01:41:08,870 --> 01:41:07,520
knowledge era and disability voices at

2308
01:41:12,390 --> 01:41:08,880
homestead 2 or the

2309
01:41:15,270 --> 01:41:12,400
these this x-ray type device

2310
01:41:15,910 --> 01:41:15,280
uh that was experienced between the

2311
01:41:19,590 --> 01:41:15,920
gates

2312
01:41:22,070 --> 01:41:19,600
or if it was this uh creature i

2313
01:41:23,910 --> 01:41:22,080

ended up calling toby who displayed no

2314

01:41:25,189 --> 01:41:23,920

body temperature and the mesa or the

2315

01:41:29,430 --> 01:41:25,199

wolves to the south

2316

01:41:32,629 --> 01:41:29,440

at the uh at the um the river

2317

01:41:35,590 --> 01:41:32,639

all these were very very different

2318

01:41:36,870 --> 01:41:35,600

type of events that were not connected

2319

01:41:39,510 --> 01:41:36,880

not interconnected

2320

01:41:40,310 --> 01:41:39,520

totally independent from one another but

2321

01:41:46,149 --> 01:41:40,320

i would

2322

01:41:48,149 --> 01:41:46,159

call them all equally of significance

2323

01:41:50,390 --> 01:41:48,159

so there's so much more we almost got to

2324

01:41:53,590 --> 01:41:50,400

do it there's so much more to talk

2325

01:41:56,629 --> 01:41:53,600

i know i know um it's just you know

2326

01:41:59,590 --> 01:41:56,639

it's it's really hard to wrap up uh

2327

01:41:59,990 --> 01:41:59,600

six years and other stuff that has come

2328

01:42:03,750 --> 01:42:00,000

out

2329

01:42:06,870 --> 01:42:03,760

since and in in uh

2330

01:42:09,030 --> 01:42:06,880

an hour and a half but it's just

2331

01:42:10,070 --> 01:42:09,040

looking back it was just a mind-blowing

2332

01:42:12,550 --> 01:42:10,080

experience

2333

01:42:14,070 --> 01:42:12,560

man i know and such a better answer than

2334

01:42:15,750 --> 01:42:14,080

i expected which is

2335

01:42:17,189 --> 01:42:15,760

starting to be what i expect such a good

2336

01:42:20,550 --> 01:42:17,199

answer thank you chris

2337

01:42:22,070 --> 01:42:20,560

um the and erica i wanted to get back to

2338

01:42:24,790 --> 01:42:22,080

you really quick and ask you

2339

01:42:26,870 --> 01:42:24,800

a little bit about that that mist

2340

01:42:27,669 --> 01:42:26,880

because i've been with researchers that

2341

01:42:30,790 --> 01:42:27,679

you know

2342

01:42:32,950 --> 01:42:30,800

we've seen mist and it's done things

2343

01:42:33,910 --> 01:42:32,960

um and i also wanted to thank chris

2344

01:42:35,910 --> 01:42:33,920

about mentioning

2345

01:42:37,669 --> 01:42:35,920

the wolves near the waterways or you

2346

01:42:39,030 --> 01:42:37,679

know what he named toby and some of this

2347

01:42:41,669 --> 01:42:39,040

other stuff because

2348

01:42:42,229 --> 01:42:41,679

that's very interesting again not random

2349

01:42:45,830 --> 01:42:42,239

and

2350

01:42:49,030 --> 01:42:45,840

uh you know specific areas but

2351
01:42:49,430 --> 01:42:49,040
erica the reality of what dabbles in our

2352
01:42:52,070 --> 01:42:49,440
world

2353
01:42:54,070 --> 01:42:52,080
sometimes reaching through maybe a veil

2354
01:42:54,550 --> 01:42:54,080
uh may always elude us in the uinta

2355
01:42:56,390 --> 01:42:54,560
basin

2356
01:42:58,070 --> 01:42:56,400
but the frequency with which this

2357
01:43:01,590 --> 01:42:58,080
intelligence no pun

2358
01:43:04,629 --> 01:43:01,600
intended dabbles is beyond measure

2359
01:43:06,870 --> 01:43:04,639
if i had to guess i

2360
01:43:09,030 --> 01:43:06,880
would say it takes place without

2361
01:43:10,709 --> 01:43:09,040
observation but exponentially less i'm

2362
01:43:13,990 --> 01:43:10,719
not sure it seems

2363
01:43:15,830 --> 01:43:14,000

as if the observer's very gays may be

2364

01:43:16,470 --> 01:43:15,840

kind of a harvest of sorts and once

2365

01:43:20,070 --> 01:43:16,480

filled

2366

01:43:23,510 --> 01:43:20,080

the phenomena disappears disengages

2367

01:43:26,470 --> 01:43:23,520

or eludes pursuit at all costs um

2368

01:43:27,109 --> 01:43:26,480

our otherworldly quote-unquote friends

2369

01:43:29,990 --> 01:43:27,119

which people

2370

01:43:31,030 --> 01:43:30,000

are pushing may have ulterior motives

2371

01:43:33,669 --> 01:43:31,040

that have been kind of

2372

01:43:35,430 --> 01:43:33,679

put out there and a very real presence

2373

01:43:37,669 --> 01:43:35,440

under our very noses not to use

2374

01:43:40,550 --> 01:43:37,679

somebody's exact term

2375

01:43:41,430 --> 01:43:40,560

but the very planet we call home do you

2376

01:43:45,430 --> 01:43:41,440

think that there

2377

01:43:46,950 --> 01:43:45,440

is any part of that and this

2378

01:43:48,790 --> 01:43:46,960

that you still believe could be a

2379

01:43:50,629 --> 01:43:48,800

possibility other than you know that

2380

01:43:52,709 --> 01:43:50,639

it's not all military

2381

01:43:53,669 --> 01:43:52,719

you know it's it's so hard for me

2382

01:43:55,430 --> 01:43:53,679

because i've

2383

01:43:58,550 --> 01:43:55,440

like chris and you i mean i've had

2384

01:44:01,750 --> 01:43:58,560

experiences that i still cannot explain

2385

01:44:05,750 --> 01:44:01,760

but knowing all the people involved

2386

01:44:07,990 --> 01:44:05,760

at skinwalker ranch uh historically and

2387

01:44:09,109 --> 01:44:08,000

and different things i you know i fully

2388

01:44:11,189 --> 01:44:09,119

believe there wasn't

2389

01:44:12,790 --> 01:44:11,199

i don't think that there was ever any

2390

01:44:14,790 --> 01:44:12,800

paranormal uh

2391

01:44:17,590 --> 01:44:14,800

things taking place there i think it was

2392

01:44:20,390 --> 01:44:17,600

a psychological operation and then

2393

01:44:21,430 --> 01:44:20,400

uh testing and and and they you they

2394

01:44:24,629 --> 01:44:21,440

carefully

2395

01:44:27,830 --> 01:44:24,639

used the the native lore and and

2396

01:44:30,390 --> 01:44:27,840

those stories and different things to to

2397

01:44:31,109 --> 01:44:30,400

give that that kind of a veil so they

2398

01:44:33,750 --> 01:44:31,119

could do this

2399

01:44:34,950 --> 01:44:33,760

and get away with it and and so i you

2400

01:44:36,790 --> 01:44:34,960

know i mean

2401

01:44:38,550 --> 01:44:36,800

i you know like i said i know that there

2402

01:44:41,669 --> 01:44:38,560

are there are things that take place

2403

01:44:44,790 --> 01:44:41,679

we can't understand do i think the

2404

01:44:45,510 --> 01:44:44,800

skinwalker ranch is paranormal in any

2405

01:44:49,510 --> 01:44:45,520

respect i

2406

01:44:50,990 --> 01:44:49,520

i don't and it's i've come a long way my

2407

01:44:54,390 --> 01:44:51,000

thinking has changed

2408

01:44:56,709 --> 01:44:54,400

180 degrees yeah

2409

01:44:58,870 --> 01:44:56,719

and i wanted to say oh my gosh uh you

2410

01:44:59,750 --> 01:44:58,880

had barry littleton on and and i loved

2411

01:45:02,550 --> 01:44:59,760

hearing that

2412

01:45:04,070 --> 01:45:02,560

and his experiences at eseti which gosh

2413

01:45:05,350 --> 01:45:04,080

like chris said we have to go down a

2414

01:45:07,030 --> 01:45:05,360

whole other rabbit hole because there's

2415

01:45:07,830 --> 01:45:07,040

multiple places where multiple things

2416

01:45:10,470 --> 01:45:07,840

are happening

2417

01:45:12,070 --> 01:45:10,480

and it is just wild and well anyway i

2418

01:45:12,790 --> 01:45:12,080

can't thank you guys enough be blessed

2419

01:45:15,109 --> 01:45:12,800

out there stay

2420

01:45:17,109 --> 01:45:15,119

safe and i hope to talk to you both soon

2421

01:45:20,070 --> 01:45:17,119

thank you so much chris

2422

01:45:21,830 --> 01:45:20,080

hey anytime ryan that was uh very cool

2423

01:45:25,590 --> 01:45:21,840

thanks for having us on

2424

01:45:27,270 --> 01:45:25,600

and uh it is my my goal that i want to

2425

01:45:28,790 --> 01:45:27,280

give and i'm open for any of your

2426

01:45:32,149 --> 01:45:28,800

listeners have any questions

2427

01:45:35,189 --> 01:45:32,159

to reach out and contact me ask

2428

01:45:36,149 --> 01:45:35,199

uh if they need more uh in depth or if i

2429

01:45:38,709 --> 01:45:36,159

left something

2430

01:45:39,669 --> 01:45:38,719

that that i didn't explain um there's so

2431

01:45:42,149 --> 01:45:39,679

much more

2432

01:45:42,950 --> 01:45:42,159

uh especially now we're talking the wolf

2433

01:45:46,310 --> 01:45:42,960

story

2434

01:45:49,109 --> 01:45:46,320

and yeah there's just

2435

01:45:49,830 --> 01:45:49,119

a lot more and i i appreciate the

2436

01:45:53,350 --> 01:45:49,840

opportunity

2437

01:45:57,510 --> 01:45:53,360

to be able to to just

2438

01:45:58,629 --> 01:45:57,520

tell my side or the side that i refer to

2439

01:46:01,430 --> 01:45:58,639

as the

2440

01:46:03,430 --> 01:46:01,440

i have no interest in in there's no gain

2441

01:46:06,470 --> 01:46:03,440

for me other than just putting out

2442

01:46:08,390 --> 01:46:06,480

what i observed um there there's

2443

01:46:09,830 --> 01:46:08,400

no connections i'm not connected to fugl

2444

01:46:12,149 --> 01:46:09,840

i'm not connected to big law i'm not

2445

01:46:15,270 --> 01:46:12,159

connected to anybody i'm not in the

2446

01:46:18,709 --> 01:46:15,280

ufo world i'm not any of that i

2447

01:46:22,470 --> 01:46:18,719

i'm a guitar player and i simply

2448

01:46:24,470 --> 01:46:22,480

had the uh the opportunity to be at the

2449

01:46:27,510 --> 01:46:24,480

ranch when i was at the ranch and to

2450

01:46:30,950 --> 01:46:27,520

have documented and kept records of

2451

01:46:33,270 --> 01:46:30,960

the things that i have experienced

2452

01:46:35,030 --> 01:46:33,280

yeah so thank you ryan yeah i i don't

2453

01:46:35,750 --> 01:46:35,040

think these synchronicities are to be

2454

01:46:39,270 --> 01:46:35,760

ignored

2455

01:46:42,310 --> 01:46:39,280

and um again like i mentioned the uh

2456

01:46:44,390 --> 01:46:42,320

the ufo classified with erica where you

2457

01:46:47,350 --> 01:46:44,400

had barry littleton on erica could you

2458

01:46:50,870 --> 01:46:47,360

tell our listeners about ufo classified

2459

01:46:51,270 --> 01:46:50,880

and uh where to listen in and and check

2460

01:46:53,030 --> 01:46:51,280

up on

2461

01:46:55,109 --> 01:46:53,040

all the work that you're doing yeah

2462

01:46:57,510 --> 01:46:55,119

thank you i ufo classify

2463

01:46:59,430 --> 01:46:57,520

is is a show actually started doing a

2464

01:46:59,830 --> 01:46:59,440

show about six years ago every friday

2465

01:47:03,109 --> 01:46:59,840

night

2466

01:47:04,709 --> 01:47:03,119

and and it has been a great joy and it's

2467

01:47:06,550 --> 01:47:04,719

been an interesting it's a trip to

2468

01:47:07,750 --> 01:47:06,560

you know my people that i first

2469

01:47:10,310 --> 01:47:07,760

interviewed i

2470

01:47:12,229 --> 01:47:10,320

i definitely changed my opinion about

2471

01:47:12,709 --> 01:47:12,239

them and certain things over the years

2472

01:47:14,310 --> 01:47:12,719

but

2473

01:47:15,830 --> 01:47:14,320

i try to bring on people that are not on

2474

01:47:18,950 --> 01:47:15,840

the speaking circuit

2475

01:47:19,270 --> 01:47:18,960

uh and people that have different things

2476

01:47:21,350 --> 01:47:19,280

to

2477

01:47:23,830 --> 01:47:21,360

say and offer and so it's friday nights

2478

01:47:26,629 --> 01:47:23,840

at 7 00 pm eastern time

2479

01:47:27,109 --> 01:47:26,639

and it's on speaker and so you can

2480

01:47:29,990 --> 01:47:27,119

listen

2481

01:47:32,470 --> 01:47:30,000

to that and then i have a show supporter

2482

01:47:34,229 --> 01:47:32,480

who posts them on youtube but it's um

2483

01:47:36,390 --> 01:47:34,239

barry littleton was on last night and he

2484

01:47:40,950 --> 01:47:36,400

is one of the few

2485

01:47:43,990 --> 01:47:40,960

uh people who who is is uh he's a black

2486

01:47:47,030 --> 01:47:44,000

man and he's had abduction experiences

2487

01:47:49,830 --> 01:47:47,040

and so it is very interesting in a

2488

01:47:50,790 --> 01:47:49,840

ufo culture that is predominantly white

2489

01:47:53,590 --> 01:47:50,800

men

2490

01:47:55,590 --> 01:47:53,600

i love berry i love it and so and he he

2491

01:47:56,629 --> 01:47:55,600

talked about how difficult that that was

2492

01:47:59,350 --> 01:47:56,639

and some of the

2493

01:48:00,950 --> 01:47:59,360

challenges he's faced uh in in trying to

2494

01:48:03,510 --> 01:48:00,960

get involved with the community but

2495

01:48:04,070 --> 01:48:03,520

say it's very interesting and tune in

2496

01:48:07,669 --> 01:48:04,080

and

2497

01:48:09,430 --> 01:48:07,679

yeah

2498

01:48:11,030 --> 01:48:09,440

he's so cool and you always have great

2499

01:48:11,830 --> 01:48:11,040

guests and everybody should definitely

2500

01:48:13,270 --> 01:48:11,840

listen in

2501

01:48:15,830 --> 01:48:13,280

all right guys well i hope to talk to

2502

01:48:17,990 --> 01:48:15,840

you soon be blessed and we'll talk soon

2503

01:48:20,550 --> 01:48:18,000

you too take care thanks ryan bye-bye

2504

01:48:24,149 --> 01:48:20,560

thank you bye

2505

01:48:27,189 --> 01:48:24,159

well there you have it guys double

2506

01:48:31,189 --> 01:48:27,199

duty double duty class

2507

01:48:34,470 --> 01:48:31,199

act both erica luke's and chris marks

2508

01:48:36,709 --> 01:48:34,480

being honest about the oddities and they

2509

01:48:38,550 --> 01:48:36,719

don't see eye to eye which i absolutely

2510

01:48:39,590 --> 01:48:38,560

adore that i mean that is the human

2511

01:48:42,070 --> 01:48:39,600

condition

2512

01:48:43,990 --> 01:48:42,080

this is a scenario that is constantly

2513

01:48:45,910 --> 01:48:44,000

changing shape and i'm glad that erica

2514

01:48:46,629 --> 01:48:45,920

mentions that her opinion is constantly

2515

01:48:48,790 --> 01:48:46,639

changing

2516

01:48:50,790 --> 01:48:48,800

because mine is too the interesting

2517

01:48:52,550 --> 01:48:50,800

thing about shapeshifter territory is

2518

01:48:54,149 --> 01:48:52,560

you can't pay get down

2519

01:48:55,830 --> 01:48:54,159

you may think something's happening but

2520

01:48:57,669 --> 01:48:55,840

the reality is it could be something

2521

01:49:00,550 --> 01:48:57,679

completely different

2522

01:49:01,590 --> 01:49:00,560

the doors of perception are very well

2523

01:49:04,709 --> 01:49:01,600

lubricated

2524

01:49:06,870 --> 01:49:04,719

in the uintah basin of utah and

2525

01:49:08,149 --> 01:49:06,880

what you see and don't see may

2526

01:49:11,109 --> 01:49:08,159

ultimately be

2527

01:49:13,270 --> 01:49:11,119

up to you the garden and the gardener

2528

01:49:16,709 --> 01:49:13,280

poem comes to mind

2529

01:49:17,830 --> 01:49:16,719

by loxi sims within the garden of my

2530

01:49:21,750 --> 01:49:17,840

mind

2531

01:49:25,030 --> 01:49:21,760

i choose what seed i'll sow

2532

01:49:28,629 --> 01:49:25,040

the soil prepared with love receives

2533

01:49:32,149 --> 01:49:28,639

and warms the thought below i water

2534

01:49:33,109 --> 01:49:32,159

weed and cultivate the sun will do its

2535

01:49:36,550 --> 01:49:33,119

best

2536

01:49:39,830 --> 01:49:36,560

to raise the seed of conscious deed

2537

01:49:41,030 --> 01:49:39,840

and god will do the rest the harvest

2538

01:49:44,229 --> 01:49:41,040

will be coming

2539

01:49:45,589 --> 01:49:44,239

the product on display the fruits of my

2540

01:49:49,109 --> 01:49:45,599

own labor

2541

01:49:51,430 --> 01:49:49,119

shows more than words can say

2542

01:49:53,109 --> 01:49:51,440

we are all the gardeners of our own mind

2543

01:49:55,990 --> 01:49:53,119

and

2544

01:49:56,550 --> 01:49:56,000

we have control of of the garden of the

2545

01:49:58,629 --> 01:49:56,560

mind

2546

01:50:00,310 --> 01:49:58,639

until next time keep your eyes to the

2547

01:50:11,790 --> 01:50:00,320

skies feet on the ground

2548

01:50:35,370 --> 01:50:11,800

and don't forget to take a look around

2549

01:50:44,060 --> 01:50:36,950

[Music]

2550

01:50:50,830 --> 01:50:44,070

time machine third eye feeling passed

2551

01:51:04,830 --> 01:50:53,210

off

2552

01:51:06,020 --> 01:51:04,840

[Music]

2553

01:51:18,229 --> 01:51:06,030

do
