

CRAIG CAMPOBASSO

HERO

1
00:00:16,970 --> 00:00:14,910

[Music]

2
00:00:27,350 --> 00:00:16,980

uh

3
00:00:42,310 --> 00:00:36,480

[Music]

4
00:00:44,310 --> 00:00:42,320
blast off on another episode of hero

5
00:00:46,630 --> 00:00:44,320
paranormal podcast

6
00:00:47,430 --> 00:00:46,640
the original outlaw of the airwaves is

7
00:00:50,709 --> 00:00:47,440
bringing you a

8
00:00:53,590 --> 00:00:50,719
vip episode recorded just south

9
00:00:54,549 --> 00:00:53,600
of area 51 at the base of la madre

10
00:00:58,150 --> 00:00:54,559
mountain

11
00:00:58,869 --> 00:00:58,160
and well we got a killer killer show

12
00:01:01,670 --> 00:00:58,879
today

13
00:01:03,670 --> 00:01:01,680

if you don't know about craig campobaso

14

00:01:04,950 --> 00:01:03,680

well you must be living under a rock

15

00:01:07,109 --> 00:01:04,960

because he just

16

00:01:09,350 --> 00:01:07,119

his newest book all of his books are

17

00:01:10,070 --> 00:01:09,360

great all of his books are great but his

18

00:01:13,750 --> 00:01:10,080

newest one

19

00:01:16,950 --> 00:01:13,760

is above and beyond most things i'm

20

00:01:18,550 --> 00:01:16,960

able to even formidably conquer from a

21

00:01:21,990 --> 00:01:18,560

reading perspective

22

00:01:25,429 --> 00:01:22,000

a massive massive book and

23

00:01:28,910 --> 00:01:25,439

uh well we're gonna go into that craig

24

00:01:31,429 --> 00:01:28,920

craig craig craig is amazing a

25

00:01:33,510 --> 00:01:31,439

multi-award-winning filmmaker emmy

26

00:01:35,990 --> 00:01:33,520

nominated casting director

27

00:01:36,789 --> 00:01:36,000

craig was 15 when he started in the

28

00:01:39,270 --> 00:01:36,799

entertainment

29

00:01:39,990 --> 00:01:39,280

business his young acting career was off

30

00:01:41,830 --> 00:01:40,000

to a great

31

00:01:43,590 --> 00:01:41,840

start he landed his first national

32

00:01:44,950 --> 00:01:43,600

commercial for mcdonald's chicken

33

00:01:47,749 --> 00:01:44,960

sandwich and spoke

34

00:01:49,749 --> 00:01:47,759

a few killer lines after graduating high

35

00:01:51,749 --> 00:01:49,759

school at age 17

36

00:01:54,389 --> 00:01:51,759

craig went to work behind the scenes on

37

00:01:57,350 --> 00:01:54,399

such blockbuster film classics

38

00:01:58,709 --> 00:01:57,360

as frank herbert's dune directed by

39

00:02:01,109 --> 00:01:58,719

david lynch and two

40

00:02:03,510 --> 00:02:01,119

arnold schwarzenegger movies conan the

41

00:02:04,870 --> 00:02:03,520

destroyer and total recall one of my

42

00:02:07,270 --> 00:02:04,880

favorites

43

00:02:09,270 --> 00:02:07,280

he began his casting career on steven

44

00:02:10,790 --> 00:02:09,280

spielberg's amazing stories

45

00:02:12,949 --> 00:02:10,800

another one of my favorites and he

46

00:02:15,510 --> 00:02:12,959

received an emmy nomination

47

00:02:17,750 --> 00:02:15,520

for outstanding casting for a series on

48

00:02:20,070 --> 00:02:17,760

david e kelly pickett fences craig's

49

00:02:23,910 --> 00:02:20,080

casting career spans three decades

50

00:02:25,830 --> 00:02:23,920

the guy is an institution craig directed

51
00:02:27,510 --> 00:02:25,840
wrote and produced the short film

52
00:02:29,589 --> 00:02:27,520
stranger at the pentagon which was

53
00:02:32,470 --> 00:02:29,599
adapted from the popular ufo book

54
00:02:34,550 --> 00:02:32,480
authored by the late frank e strange's

55
00:02:36,630 --> 00:02:34,560
craig has appeared on many radio shows

56
00:02:37,270 --> 00:02:36,640
including coast to coast am with george

57
00:02:39,350 --> 00:02:37,280
nori

58
00:02:41,509 --> 00:02:39,360
he's been a guest on open minds talk

59
00:02:44,150 --> 00:02:41,519
show and that's just to name a few

60
00:02:45,670 --> 00:02:44,160
he's been on ancient aliens and just

61
00:02:46,790 --> 00:02:45,680
about every other talk show you can

62
00:02:48,949 --> 00:02:46,800
shake a stick at

63
00:02:50,150 --> 00:02:48,959

he was recently on greg carl wood which

64

00:02:51,509 --> 00:02:50,160

is one of my favorite if you haven't

65

00:02:54,790 --> 00:02:51,519

been over to thc

66

00:02:55,589 --> 00:02:54,800

the higher side chats he this latest

67

00:02:58,790 --> 00:02:55,599

book of his

68

00:03:02,149 --> 00:02:58,800

the extraterrestrial species almanac

69

00:03:05,830 --> 00:03:02,159

the ultimate guide to grays reptilians

70

00:03:09,670 --> 00:03:05,840

hybrids and nordics well released just

71

00:03:12,630 --> 00:03:09,680

2021 is something that is kind of

72

00:03:13,910 --> 00:03:12,640

an arsenal an arsenal of species

73

00:03:17,110 --> 00:03:13,920

identification

74

00:03:20,869 --> 00:03:17,120

and it's akin to well it's a work of art

75

00:03:22,390 --> 00:03:20,879

it is massive massive massive piece

76
00:03:24,710 --> 00:03:22,400
and we're going to get into how big the

77
00:03:27,030 --> 00:03:24,720
book is just how much is covered

78
00:03:27,830 --> 00:03:27,040
and really the amazing things that craig

79
00:03:30,149 --> 00:03:27,840
has done here

80
00:03:32,149 --> 00:03:30,159
i also should mention that he has

81
00:03:33,830 --> 00:03:32,159
revitalized a lot of

82
00:03:35,670 --> 00:03:33,840
older things and we're going to get into

83
00:03:37,830 --> 00:03:35,680
that he's got a very interesting

84
00:03:40,869 --> 00:03:37,840
background when it comes to his family

85
00:03:42,149 --> 00:03:40,879
and how things went down and it's it's

86
00:03:43,830 --> 00:03:42,159
just fascinating

87
00:03:46,229 --> 00:03:43,840
i couldn't be happier i'm tickled to

88
00:03:48,070 --> 00:03:46,239

have craig compobaso on

89

00:03:50,070 --> 00:03:48,080

but first i gotta do the spiel if you

90

00:03:51,750 --> 00:03:50,080

haven't been to heroparanormal.com

91

00:03:53,270 --> 00:03:51,760

please check it out you can join for

92

00:03:55,270 --> 00:03:53,280

just eight bucks a month

93

00:03:57,190 --> 00:03:55,280

and you get everything all that stuff

94

00:03:59,589 --> 00:03:57,200

you can't access is fully

95

00:04:00,869 --> 00:03:59,599

it's at your fingertips also you can go

96

00:04:04,070 --> 00:04:00,879

on podbean or

97

00:04:05,990 --> 00:04:04,080

patreon we're on there and um i think

98

00:04:06,949 --> 00:04:06,000

soon to be on some other stuff so anyway

99

00:04:09,429 --> 00:04:06,959

that's my spiel

100

00:04:11,270 --> 00:04:09,439

quick and short we are going to have

101
00:04:13,750 --> 00:04:11,280
some merch too that hopefully is

102
00:04:15,670 --> 00:04:13,760
above and beyond what you guys expect

103
00:04:18,310 --> 00:04:15,680
without further ado

104
00:04:18,949 --> 00:04:18,320
the man behind the almanac of the

105
00:04:22,230 --> 00:04:18,959
century

106
00:04:25,430 --> 00:04:22,240
and beyond craig my man we are live

107
00:04:28,550 --> 00:04:25,440
welcome to hero paranormal podcast

108
00:04:30,710 --> 00:04:28,560
hey how you doing ryan i

109
00:04:32,070 --> 00:04:30,720
i can't tell you what a work of art your

110
00:04:34,870 --> 00:04:32,080
book is i've been

111
00:04:36,629 --> 00:04:34,880
you know usually i i read this through

112
00:04:36,950 --> 00:04:36,639
audible or i guess i listened to it

113
00:04:40,310 --> 00:04:36,960

through

114

00:04:42,070 --> 00:04:40,320

audible and i can't tell you

115

00:04:44,230 --> 00:04:42,080

usually you know it's an eight-hour

116

00:04:46,950 --> 00:04:44,240

drive round trip to utah

117

00:04:49,430 --> 00:04:46,960

to an area kind of known for skinwalker

118

00:04:52,710 --> 00:04:49,440

ranch but the uinta basin of utah

119

00:04:54,710 --> 00:04:52,720

and right it took the entire eight hours

120

00:04:58,150 --> 00:04:54,720

to do your book and it was worth

121

00:05:01,749 --> 00:04:58,160

every hour what an amazing piece of work

122

00:05:05,749 --> 00:05:01,759

i wow thank you very much yeah we

123

00:05:07,670 --> 00:05:05,759

i i did 82 races and the reason i

124

00:05:09,430 --> 00:05:07,680

chose the number 82 i actually had a

125

00:05:13,189 --> 00:05:09,440

whole lot more

126
00:05:13,670 --> 00:05:13,199
is um i had to keep the book a certain

127
00:05:17,189 --> 00:05:13,680
length

128
00:05:19,830 --> 00:05:17,199
but also um i'm a big fan

129
00:05:22,550 --> 00:05:19,840
of the former canadian minister of

130
00:05:26,390 --> 00:05:22,560
defense paul hellyer who's come out and

131
00:05:27,670 --> 00:05:26,400
talked about uh that extraterrestrials

132
00:05:30,390 --> 00:05:27,680
do exist

133
00:05:31,830 --> 00:05:30,400
and in one of the last talks that he

134
00:05:35,670 --> 00:05:31,840
gave he talked about

135
00:05:38,629 --> 00:05:35,680
82 races that he knew about

136
00:05:42,390 --> 00:05:38,639
so i decided to pick 82 and sort of do

137
00:05:45,749 --> 00:05:44,310
i i think it's a good number and that's

138
00:05:49,830 --> 00:05:45,759

why i think it's kind of

139

00:05:52,230 --> 00:05:49,840

the the almanac of the century because

140

00:05:54,390 --> 00:05:52,240

uh previous to this nothing has gotten

141

00:05:58,550 --> 00:05:54,400

even close i think the closest was

142

00:06:04,830 --> 00:06:01,590

well i've i've seen that a few

143

00:06:08,150 --> 00:06:04,840

other people have um tried

144

00:06:10,790 --> 00:06:08,160

doing uh books like this i i didn't

145

00:06:11,590 --> 00:06:10,800

i didn't come up with a concept my book

146

00:06:13,830 --> 00:06:11,600

agent did

147

00:06:16,230 --> 00:06:13,840

and he actually had the name of the book

148

00:06:18,230 --> 00:06:16,240

and he called me and he said i just came

149

00:06:20,150 --> 00:06:18,240

up with this great idea i can sell this

150

00:06:22,230 --> 00:06:20,160

book and he goes on and you're the one

151

00:06:25,670 --> 00:06:22,240

to write it and i said yeah i actually

152

00:06:29,110 --> 00:06:25,680

am because i know all this stuff and uh

153

00:06:31,350 --> 00:06:29,120

anyway um so

154

00:06:32,150 --> 00:06:31,360

that's how that's sort of how the book

155

00:06:34,790 --> 00:06:32,160

came about

156

00:06:35,749 --> 00:06:34,800

and then i sort of saw that there were

157

00:06:39,510 --> 00:06:35,759

some other things

158

00:06:42,710 --> 00:06:39,520

floating on the internet um

159

00:06:45,590 --> 00:06:42,720

of like some book in russia

160

00:06:47,510 --> 00:06:45,600

which was where they just took pictures

161

00:06:47,990 --> 00:06:47,520

from the internet and sort of suck in

162

00:06:54,469 --> 00:06:48,000

for

163

00:06:55,469 --> 00:06:54,479

um and then a few other people had tried

164

00:06:58,469 --> 00:06:55,479

to do some

165

00:07:00,309 --> 00:06:58,479

illustrations and that kind of thing but

166

00:07:02,950 --> 00:07:00,319

i was actually able to obtain some

167

00:07:06,390 --> 00:07:02,960

actual photographs of extraterrestrials

168

00:07:09,510 --> 00:07:06,400

and put in the book as well uh we've got

169

00:07:13,270 --> 00:07:09,520

uh a male and female clarion uh

170

00:07:16,710 --> 00:07:13,280

humans uh they're a petite race amazing

171

00:07:19,589 --> 00:07:16,720

different faces the females uh

172

00:07:20,710 --> 00:07:19,599

have these cute little round doll faces

173

00:07:24,390 --> 00:07:20,720

with uh big

174

00:07:28,230 --> 00:07:24,400

almond eyes and very petite noses

175

00:07:29,029 --> 00:07:28,240

and mouths and uh and then i took a

176

00:07:31,990 --> 00:07:29,039

photograph

177

00:07:32,950 --> 00:07:32,000

of the of what i call the unknown alien

178

00:07:36,950 --> 00:07:32,960

when i was

179

00:07:39,430 --> 00:07:36,960

researching a uh an abduction case

180

00:07:41,749 --> 00:07:39,440

uh just so happened i've been friends

181

00:07:43,749 --> 00:07:41,759

with a guy that's been abducted and i

182

00:07:46,390 --> 00:07:43,759

flew to the midwest and

183

00:07:46,790 --> 00:07:46,400

he was taking me uh near the forest

184

00:07:50,150 --> 00:07:46,800

where

185

00:07:51,990 --> 00:07:50,160

they were coming

186

00:07:53,350 --> 00:07:52,000

walking out so i was just snapping

187

00:07:56,070 --> 00:07:53,360

pictures

188

00:07:56,390 --> 00:07:56,080

and and i actually caught one of those

189

00:07:59,430 --> 00:07:56,400

uh

190

00:08:00,390 --> 00:07:59,440

one of the aliens on camera and so i put

191

00:08:04,790 --> 00:08:00,400

it in the book

192

00:08:07,990 --> 00:08:04,800

wow wow and it's a fascinating it's

193

00:08:09,350 --> 00:08:08,000

the amount of detail in the book it's

194

00:08:11,589 --> 00:08:09,360

obvious that you're getting

195

00:08:13,990 --> 00:08:11,599

so much information in my mind i was

196

00:08:16,629 --> 00:08:14,000

thinking some of this has to be

197

00:08:18,950 --> 00:08:16,639

has to be channeled in some way shape or

198

00:08:21,029 --> 00:08:18,960

form but before we get into all of that

199

00:08:23,029 --> 00:08:21,039

i want to firstly get into some of the

200

00:08:24,950 --> 00:08:23,039

unique synchronicities

201
00:08:26,869 --> 00:08:24,960
that had to do with your family members

202
00:08:28,390 --> 00:08:26,879
i think dna goes a long way when it

203
00:08:30,629 --> 00:08:28,400
comes to these realms

204
00:08:32,550 --> 00:08:30,639
and how this connection to your father

205
00:08:33,110 --> 00:08:32,560
who had passed away sadly at the time

206
00:08:37,110 --> 00:08:33,120
but

207
00:08:41,670 --> 00:08:37,120
could we go into that at all craig sure

208
00:08:45,350 --> 00:08:41,680
so my uh my mom told me when i was 12

209
00:08:48,310 --> 00:08:45,360
that my dad was my stepdad

210
00:08:49,590 --> 00:08:48,320
and that they got married when i was one

211
00:08:52,870 --> 00:08:49,600
years old

212
00:08:54,630 --> 00:08:52,880
um and strangely enough

213
00:08:56,870 --> 00:08:54,640

my dad as i call him because he's the

214

00:09:00,630 --> 00:08:56,880

man that raised me uh

215

00:09:01,750 --> 00:09:00,640

worked uh in aeronautics his whole life

216

00:09:05,430 --> 00:09:01,760

and we could never

217

00:09:07,829 --> 00:09:05,440

ever visit um

218

00:09:09,509 --> 00:09:07,839

the last company he worked with for was

219

00:09:12,470 --> 00:09:09,519

north rick roman

220

00:09:13,190 --> 00:09:12,480

and we could never visit or go on the

221

00:09:17,590 --> 00:09:13,200

property

222

00:09:19,990 --> 00:09:17,600

at all but in 2019

223

00:09:22,070 --> 00:09:20,000

when i when i was writing the e.t

224

00:09:24,150 --> 00:09:22,080

almanac i got a phone call from a lady

225

00:09:27,430 --> 00:09:24,160

in canada who says she was my

226

00:09:29,269 --> 00:09:27,440

fifth fourth or fifth cousin she was a

227

00:09:30,949 --> 00:09:29,279

real live genealogist and was looking

228

00:09:33,670 --> 00:09:30,959

for information

229

00:09:35,269 --> 00:09:33,680

on my mom's father's side which is how

230

00:09:36,870 --> 00:09:35,279

we're related

231

00:09:38,870 --> 00:09:36,880

and so i gave it to her and i asked her

232

00:09:41,430 --> 00:09:38,880

if she can find my biological father

233

00:09:43,750 --> 00:09:41,440

because basically all i had was a name

234

00:09:44,870 --> 00:09:43,760

and she goes yeah i can find anybody and

235

00:09:47,910 --> 00:09:44,880

she did

236

00:09:50,150 --> 00:09:47,920

and she sent me uh where he was buried

237

00:09:54,070 --> 00:09:50,160

which is here in los angeles and

238

00:09:57,110 --> 00:09:54,080

i went to the uh mortuary or cemetery

239

00:10:00,470 --> 00:09:57,120

the next morning and asked if

240

00:10:02,829 --> 00:10:00,480

they had a name in their computer

241

00:10:04,230 --> 00:10:02,839

who called when he had passed away in

242

00:10:06,069 --> 00:10:04,240

2006.

243

00:10:08,710 --> 00:10:06,079

and they said actually we do have a name

244

00:10:11,590 --> 00:10:08,720

but we don't have any contact himself so

245

00:10:13,990 --> 00:10:11,600

came home looked the man up i i saw he

246

00:10:17,509 --> 00:10:14,000

was living around the corner from me

247

00:10:21,030 --> 00:10:17,519

of all things and that

248

00:10:23,190 --> 00:10:21,040

uh he was a 74 years old and i thought

249

00:10:25,910 --> 00:10:23,200

well maybe this was one of

250

00:10:26,949 --> 00:10:25,920

my biological father's friends so i

251

00:10:30,150 --> 00:10:26,959

wrote him a letter

252

00:10:33,030 --> 00:10:30,160

uh put my picture in there two days

253

00:10:36,949 --> 00:10:33,040

later i got a phone call from

254

00:10:39,750 --> 00:10:36,959

his uh son who said my dad got your

255

00:10:40,949 --> 00:10:39,760

letter and i said was he friends with

256

00:10:43,910 --> 00:10:40,959

fred and he said no

257

00:10:44,870 --> 00:10:43,920

actually it's his half brother and i

258

00:10:47,269 --> 00:10:44,880

said oh wow

259

00:10:48,550 --> 00:10:47,279

so you're my cousin and he goes yeah i

260

00:10:51,509 --> 00:10:48,560

guess i am he goes

261

00:10:52,949 --> 00:10:51,519

what's really strange is you look just

262

00:10:56,150 --> 00:10:52,959

like him

263

00:10:58,790 --> 00:10:56,160

and um so anyway i met them

264

00:11:00,949 --> 00:10:58,800

for dinner where they were they they

265

00:11:01,269 --> 00:11:00,959

just told for three hours they just told

266

00:11:04,310 --> 00:11:01,279

me

267

00:11:07,030 --> 00:11:04,320

everything uh about him

268

00:11:08,710 --> 00:11:07,040

and um and of course i've continued that

269

00:11:10,949 --> 00:11:08,720

relationship with them and

270

00:11:13,350 --> 00:11:10,959

and have gained this whole other side of

271

00:11:17,110 --> 00:11:13,360

a family which is fantastic

272

00:11:20,870 --> 00:11:17,120

and so about an hour into the dinner my

273

00:11:23,990 --> 00:11:20,880

my uncle uh says to me

274

00:11:25,590 --> 00:11:24,000

well you know your father really wanted

275

00:11:28,310 --> 00:11:25,600

to go into the air guard

276

00:11:30,150 --> 00:11:28,320

but he wasn't of age so my mom had to

277

00:11:34,389 --> 00:11:30,160

sign a piece of paper

278

00:11:37,190 --> 00:11:34,399

then when he turned 18 he went into

279

00:11:38,949 --> 00:11:37,200

uh the air force and he said oh yeah and

280

00:11:40,150 --> 00:11:38,959

by the way he worked for project blue

281

00:11:43,350 --> 00:11:40,160

book

282

00:11:43,910 --> 00:11:43,360

and i was like what he goes yeah project

283

00:11:46,790 --> 00:11:43,920

blue book

284

00:11:48,710 --> 00:11:46,800

and i said do you know what that is and

285

00:11:52,069 --> 00:11:48,720

he said well kind of

286

00:11:55,430 --> 00:11:52,079

and then of course my cousin chimed in

287

00:11:58,310 --> 00:11:55,440

and he was saying well me and my brother

288

00:11:59,990 --> 00:11:58,320

uh always tried to get out of him

289

00:12:01,350 --> 00:12:00,000

throughout the years when he knew about

290

00:12:04,310 --> 00:12:01,360

ufos but he would

291

00:12:06,069 --> 00:12:04,320

never ever talk about it and i said well

292

00:12:08,710 --> 00:12:06,079

he's really good at holding secrets

293

00:12:11,190 --> 00:12:08,720

because he never told you guys about me

294

00:12:12,470 --> 00:12:11,200

and so we all gotta chuckle out of that

295

00:12:14,470 --> 00:12:12,480

but my

296

00:12:16,310 --> 00:12:14,480

my uncle seems to think since he was in

297

00:12:17,269 --> 00:12:16,320

his early twenties and he was an

298

00:12:21,590 --> 00:12:17,279

extremely

299

00:12:24,230 --> 00:12:21,600

fast typist that he probably typed up

300

00:12:25,030 --> 00:12:24,240

a bunch of the project blue book reports

301
00:12:28,150 --> 00:12:25,040
and was

302
00:12:29,430 --> 00:12:28,160
you know a paper pusher for uh some of

303
00:12:32,069 --> 00:12:29,440
the generals and

304
00:12:33,030 --> 00:12:32,079
things like that and he did work in

305
00:12:36,710 --> 00:12:33,040
intelligence

306
00:12:38,150 --> 00:12:36,720
as well and uh and and was also

307
00:12:40,710 --> 00:12:38,160
stationed for a little while

308
00:12:41,990 --> 00:12:40,720
in bardo france which is where i hear

309
00:12:45,670 --> 00:12:42,000
they send

310
00:12:48,710 --> 00:12:45,680
they sent a lot of our guys uh

311
00:12:51,670 --> 00:12:48,720
who flew um there to learn

312
00:12:52,550 --> 00:12:51,680
intelligence so yeah it was just

313
00:12:55,509 --> 00:12:52,560

fascinating

314

00:12:57,110 --> 00:12:55,519

and and here i here i'm writing books

315

00:13:00,790 --> 00:12:57,120

for mufon

316

00:13:02,790 --> 00:13:00,800

which is more of a public arena

317

00:13:05,190 --> 00:13:02,800

for the same thing that project blue

318

00:13:08,710 --> 00:13:05,200

book was for the government

319

00:13:10,629 --> 00:13:08,720

and then when he left the uh

320

00:13:12,310 --> 00:13:10,639

when he when he left the air force and

321

00:13:14,470 --> 00:13:12,320

came back to l.a

322

00:13:16,470 --> 00:13:14,480

uh somebody introduced him into the

323

00:13:19,990 --> 00:13:16,480

union ayatsi

324

00:13:22,629 --> 00:13:20,000

and he became they had a construction

325

00:13:23,670 --> 00:13:22,639

at warner brothers and built uh all

326

00:13:26,389 --> 00:13:23,680

their sets for

327

00:13:26,790 --> 00:13:26,399

movies and television he was so busy

328

00:13:29,190 --> 00:13:26,800

there

329

00:13:30,629 --> 00:13:29,200

that they actually gave him a trailer

330

00:13:33,190 --> 00:13:30,639

that he slept on

331

00:13:34,389 --> 00:13:33,200

on the lot every night because he got up

332

00:13:37,430 --> 00:13:34,399

so early to do

333

00:13:38,710 --> 00:13:37,440

work so i've been in the film business

334

00:13:41,110 --> 00:13:38,720

since i was 15

335

00:13:42,629 --> 00:13:41,120

a casting director for more than 30

336

00:13:47,189 --> 00:13:42,639

years a filmmaker

337

00:13:49,350 --> 00:13:47,199

for the past 15 years as well

338

00:13:50,710 --> 00:13:49,360

and a writer so i just think just like

339

00:13:53,829 --> 00:13:50,720

you said it really

340

00:13:57,590 --> 00:13:53,839

is in your dna it's in your blood

341

00:14:00,870 --> 00:13:57,600

mm-hmm it's almost like

342

00:14:03,509 --> 00:14:00,880

that this just follows uh family lines

343

00:14:03,910 --> 00:14:03,519

and by you know i mean come on 2019 your

344

00:14:06,389 --> 00:14:03,920

uncle

345

00:14:07,350 --> 00:14:06,399

they tell you everything you look just

346

00:14:10,470 --> 00:14:07,360

like him

347

00:14:13,590 --> 00:14:10,480

and i can't your the amount of

348

00:14:14,470 --> 00:14:13,600

work that you have put towards really

349

00:14:16,870 --> 00:14:14,480

disclosure

350

00:14:18,389 --> 00:14:16,880

in my opinion and i think this book is a

351

00:14:21,430 --> 00:14:18,399

huge step

352

00:14:23,910 --> 00:14:21,440

just opening minds

353

00:14:26,470 --> 00:14:23,920

how has the effect of the book what kind

354

00:14:30,389 --> 00:14:26,480

of response have you gotten

355

00:14:33,990 --> 00:14:30,399

it has gotten a tremendous response

356

00:14:37,189 --> 00:14:34,000

it's already had its second printing and

357

00:14:40,310 --> 00:14:37,199

it's only been out since january 1st

358

00:14:44,389 --> 00:14:40,320

and they are doing a third reprinting in

359

00:14:48,550 --> 00:14:44,399

april so it's doing extremely

360

00:14:51,110 --> 00:14:48,560

well it's gotten good response there are

361

00:14:51,829 --> 00:14:51,120

you know there's haters no matter what

362

00:14:55,030 --> 00:14:51,839

you do

363

00:14:55,670 --> 00:14:55,040

right um and they're they're a small

364

00:14:58,870 --> 00:14:55,680

number

365

00:15:01,509 --> 00:14:58,880

and and a few of those people

366

00:15:02,550 --> 00:15:01,519

have made their voice known that they

367

00:15:06,550 --> 00:15:02,560

think

368

00:15:09,590 --> 00:15:06,560

uh that mufon um

369

00:15:11,269 --> 00:15:09,600

has lost their credibility allowing me

370

00:15:15,269 --> 00:15:11,279

to do a book like this

371

00:15:18,710 --> 00:15:15,279

but what they haven't learned was

372

00:15:21,189 --> 00:15:18,720

how i obtained the information for this

373

00:15:23,670 --> 00:15:21,199

book they didn't do their research

374

00:15:24,629 --> 00:15:23,680

or anything like that and that's what i

375

00:15:28,069 --> 00:15:24,639

always find

376

00:15:31,189 --> 00:15:28,079

in a lot of cases um

377

00:15:31,749 --> 00:15:31,199

especially uh in other cases that that

378

00:15:34,150 --> 00:15:31,759

i'm

379

00:15:36,629 --> 00:15:34,160

uh big on like the stranger at the

380

00:15:37,670 --> 00:15:36,639

pentagon story because i knew dr frank

381

00:15:39,590 --> 00:15:37,680

strange's

382

00:15:42,069 --> 00:15:39,600

uh for the last eight years of his life

383

00:15:45,269 --> 00:15:42,079

and i made the stranger at the pentagon

384

00:15:47,350 --> 00:15:45,279

short film and uh and

385

00:15:50,150 --> 00:15:47,360

and making the feature film as well

386

00:15:53,509 --> 00:15:50,160

we're ready getting gearing up for that

387

00:15:55,110 --> 00:15:53,519

so uh but a lot of people just hear

388

00:15:57,269 --> 00:15:55,120

little bits of pieces

389

00:15:59,749 --> 00:15:57,279

and they don't have the whole piece of

390

00:16:01,590 --> 00:15:59,759

the pie or go and search out

391

00:16:02,949 --> 00:16:01,600

what the whole piece of the pie is so

392

00:16:05,430 --> 00:16:02,959

then they start putting

393

00:16:06,550 --> 00:16:05,440

things down but that has been a very

394

00:16:09,670 --> 00:16:06,560

small

395

00:16:12,389 --> 00:16:09,680

fraction uh with this book um

396

00:16:14,230 --> 00:16:12,399

the majority of people love it i've i've

397

00:16:15,189 --> 00:16:14,240

gotten fan letters they even got a fan

398

00:16:18,310 --> 00:16:15,199

letter

399

00:16:23,269 --> 00:16:18,320

which i framed and have on my wall

400

00:16:26,870 --> 00:16:23,279

from like a seven-year-old boy

401

00:16:29,990 --> 00:16:26,880

literally and he he wrote

402

00:16:32,710 --> 00:16:30,000

uh dear craig campobaso

403

00:16:33,590 --> 00:16:32,720

i think your extraterrestrial species

404

00:16:37,910 --> 00:16:33,600

almanac

405

00:16:40,550 --> 00:16:37,920

is great and you're a film producer so

406

00:16:44,949 --> 00:16:40,560

you can make this into a documentary

407

00:16:49,269 --> 00:16:47,350

and then he drew you know said a few

408

00:16:51,509 --> 00:16:49,279

more things and then drew a stick figure

409

00:16:53,749 --> 00:16:51,519

of himself so of course i wrote them

410

00:16:55,829 --> 00:16:53,759

and tell them we are in the midst of

411

00:16:56,949 --> 00:16:55,839

doing a documentary right now which

412

00:16:59,269 --> 00:16:56,959

hopefully

413

00:17:00,790 --> 00:16:59,279

well we'll have ready by the end of the

414

00:17:03,590 --> 00:17:00,800

year so

415

00:17:05,829 --> 00:17:03,600

um and what's really cool is we're going

416

00:17:06,789 --> 00:17:05,839

to bring all the extraterrestrials to

417

00:17:09,189 --> 00:17:06,799

life

418

00:17:10,789 --> 00:17:09,199

in the documentary through cgi and

419

00:17:13,669 --> 00:17:10,799

through other processes

420

00:17:15,669 --> 00:17:13,679

so it's going to be really interesting

421

00:17:18,309 --> 00:17:15,679

and cool

422

00:17:18,949 --> 00:17:18,319

and you know everything you do seems to

423

00:17:22,309 --> 00:17:18,959

be

424

00:17:22,949 --> 00:17:22,319

interesting and cool and more epic than

425

00:17:24,470 --> 00:17:22,959

usual

426
00:17:26,309 --> 00:17:24,480
the stranger at the pentagon is one of

427
00:17:28,630 --> 00:17:26,319
my favorites and the film

428
00:17:30,950 --> 00:17:28,640
i if i'm not mistaken sold out for the

429
00:17:33,909 --> 00:17:30,960
first time ever in the venue

430
00:17:34,870 --> 00:17:33,919
yes yeah at the burbank film festival

431
00:17:38,310 --> 00:17:34,880
you know

432
00:17:42,470 --> 00:17:38,320
i i only made the short film

433
00:17:45,430 --> 00:17:42,480
to use it um as as a tool

434
00:17:46,310 --> 00:17:45,440
for investors to say look this is the

435
00:17:49,990 --> 00:17:46,320
potential

436
00:17:53,110 --> 00:17:50,000
of what it could look like if we had

437
00:17:55,990 --> 00:17:53,120
the right money and and in the short

438
00:17:59,430 --> 00:17:56,000

film i had over 80 visual effects

439

00:18:02,710 --> 00:17:59,440

as well and they're not ilm

440

00:18:05,190 --> 00:18:02,720

but they're not bad and it looks

441

00:18:06,710 --> 00:18:05,200

it looks pretty good and then i got a

442

00:18:08,710 --> 00:18:06,720

phone call from the burbank film

443

00:18:09,590 --> 00:18:08,720

festival who said i hear you have this

444

00:18:11,669 --> 00:18:09,600

film

445

00:18:13,350 --> 00:18:11,679

and we would really like to see it so i

446

00:18:15,190 --> 00:18:13,360

took it over and showed it to their

447

00:18:18,070 --> 00:18:15,200

director

448

00:18:20,070 --> 00:18:18,080

and and they made it an official

449

00:18:24,470 --> 00:18:20,080

selection right away

450

00:18:28,470 --> 00:18:24,480

and um and when the screening came

451

00:18:31,669 --> 00:18:28,480

uh it held 275 seats at the

452

00:18:33,669 --> 00:18:31,679

amc and it sold out every seat

453

00:18:35,029 --> 00:18:33,679

for people who came to see stranger at

454

00:18:38,390 --> 00:18:35,039

the pentagon

455

00:18:39,350 --> 00:18:38,400

and then they added another uh screening

456

00:18:42,630 --> 00:18:39,360

at midnight

457

00:18:45,830 --> 00:18:42,640

and that was half full wow so

458

00:18:48,870 --> 00:18:45,840

it's had a tremendous response um

459

00:18:51,430 --> 00:18:48,880

throughout the world there's um

460

00:18:52,470 --> 00:18:51,440

one of our producers tanya maiden ford

461

00:18:59,590 --> 00:18:52,480

had

462

00:19:01,590 --> 00:18:59,600

done a few screenings over in germany

463

00:19:03,590 --> 00:19:01,600

and she just said there was just hordes

464

00:19:06,870 --> 00:19:03,600

and hordes of people and they were

465

00:19:10,950 --> 00:19:06,880

standing up and applauding and

466

00:19:12,150 --> 00:19:10,960

and and just you know going crazy for

467

00:19:14,549 --> 00:19:12,160

the story everyone

468

00:19:15,990 --> 00:19:14,559

loves that story i love that story i

469

00:19:19,430 --> 00:19:16,000

think it's fantastic

470

00:19:22,950 --> 00:19:19,440

so um so since i was with him for

471

00:19:25,430 --> 00:19:22,960

so long dr frank before he passed uh

472

00:19:26,789 --> 00:19:25,440

the big feature film will be able to

473

00:19:29,510 --> 00:19:26,799

show

474

00:19:31,350 --> 00:19:29,520

uh a lot more about what happened during

475

00:19:32,390 --> 00:19:31,360

the three years that valiant thor was

476

00:19:35,669 --> 00:19:32,400

there at the

477

00:19:37,909 --> 00:19:35,679

at the pentagon it's

478

00:19:38,710 --> 00:19:37,919

it's one of the coolest stories and as

479

00:19:41,750 --> 00:19:38,720

far as the

480

00:19:46,310 --> 00:19:41,760

the the haters i say well

481

00:19:51,510 --> 00:19:49,029

my my book agent called me and he said

482

00:19:53,669 --> 00:19:51,520

well i just have to tell you you made it

483

00:19:54,870 --> 00:19:53,679

and i said what do you mean he goes when

484

00:19:56,620 --> 00:19:54,880

you got haters

485

00:19:58,230 --> 00:19:56,630

that's when you know you made it

486

00:20:01,430 --> 00:19:58,240

[Music]

487

00:20:04,789 --> 00:20:01,440

i think that's okay anyway

488

00:20:05,669 --> 00:20:04,799

but it's all right i mean every show

489

00:20:08,630 --> 00:20:05,679

that you do

490

00:20:09,190 --> 00:20:08,640

what what people don't understand is

491

00:20:12,230 --> 00:20:09,200

when you

492

00:20:16,070 --> 00:20:12,240

put like a year of your life like i

493

00:20:19,110 --> 00:20:16,080

did into the et species almanac

494

00:20:21,830 --> 00:20:19,120

like literally day in and day out

495

00:20:23,110 --> 00:20:21,840

and i am the one who had to oversee all

496

00:20:26,549 --> 00:20:23,120

of the artwork

497

00:20:27,270 --> 00:20:26,559

at the same time and all of those things

498

00:20:30,870 --> 00:20:27,280

that are going

499

00:20:33,750 --> 00:20:30,880

on and then when you make a movie

500

00:20:33,990 --> 00:20:33,760

and you pour your heart and soul into it

501
00:20:39,350 --> 00:20:34,000
and

502
00:20:43,350 --> 00:20:39,360
is to even make a short film

503
00:20:46,870 --> 00:20:43,360
or a big feature film and to just

504
00:20:49,510 --> 00:20:46,880
put it down without even

505
00:20:52,390 --> 00:20:49,520
realizing all the work that goes into it

506
00:20:56,149 --> 00:20:52,400
so i usually say to those people

507
00:20:58,390 --> 00:20:56,159
i challenge you to go and write a book

508
00:21:00,390 --> 00:20:58,400
and i challenge you to go and make a

509
00:21:03,430 --> 00:21:00,400
movie

510
00:21:06,710 --> 00:21:03,440
because they won't be able to do it it's

511
00:21:09,830 --> 00:21:06,720
it's so difficult to

512
00:21:12,070 --> 00:21:09,840
do i mean to get a book deal

513
00:21:15,669 --> 00:21:12,080

is difficult enough and this one

514

00:21:17,830 --> 00:21:15,679

happened in the matter of four days

515

00:21:20,310 --> 00:21:17,840

that says enough that's unheard of it's

516

00:21:23,669 --> 00:21:23,270

it's awesome i i really think really i

517

00:21:25,350 --> 00:21:23,679

think

518

00:21:26,870 --> 00:21:25,360

yeah there should that's when you know

519

00:21:29,110 --> 00:21:26,880

you got it is when you have haters your

520

00:21:32,149 --> 00:21:29,120

book is what 800 plus pages

521

00:21:33,750 --> 00:21:32,159

amazing really amazing artwork and let's

522

00:21:34,149 --> 00:21:33,760

get into the species because i can't

523

00:21:36,950 --> 00:21:34,159

wait

524

00:21:37,350 --> 00:21:36,960

what's really cool is how optimistic

525

00:21:40,230 --> 00:21:37,360

even

526
00:21:41,270 --> 00:21:40,240
about the malevolent species you really

527
00:21:44,549 --> 00:21:41,280
you get into

528
00:21:46,710 --> 00:21:44,559
and namely the reptilians uh i you

529
00:21:48,549 --> 00:21:46,720
mentioned the clarions and

530
00:21:50,630 --> 00:21:48,559
you get into just about everything else

531
00:21:54,310 --> 00:21:50,640
i loved how you even got into

532
00:21:57,190 --> 00:21:54,320
the mib which you know arguably yeah

533
00:21:58,149 --> 00:21:57,200
yeah how how would you how would you

534
00:22:01,669 --> 00:21:58,159
explain

535
00:22:03,350 --> 00:22:01,679
you know which species i guess the order

536
00:22:04,789 --> 00:22:03,360
in because i thought that was unique as

537
00:22:09,190 --> 00:22:04,799
well

538
00:22:13,750 --> 00:22:09,200

yes i i what i did was is

539

00:22:17,029 --> 00:22:13,760
over from the age of 26

540

00:22:18,310 --> 00:22:17,039
i i became very interested in the

541

00:22:22,230 --> 00:22:18,320
subject matter

542

00:22:24,230 --> 00:22:22,240
and i've been studying it i'm 61 now so

543

00:22:26,149 --> 00:22:24,240
i've been studying it for a very long

544

00:22:30,149 --> 00:22:26,159
time and

545

00:22:32,950 --> 00:22:30,159
i i got immersed in uh into reading

546

00:22:34,390 --> 00:22:32,960
all of the books about contactees from

547

00:22:37,669 --> 00:22:34,400
around the world

548

00:22:41,029 --> 00:22:37,679
uh started going to ufo conferences

549

00:22:43,390 --> 00:22:41,039
and meeting all of those people uh

550

00:22:44,950 --> 00:22:43,400
befriending i mean uh all of the

551
00:22:48,390 --> 00:22:44,960
ufologists

552
00:22:50,789 --> 00:22:48,400
um all of the top people who are

553
00:22:51,590 --> 00:22:50,799
on every show every time somebody's

554
00:22:55,830 --> 00:22:51,600
talking about

555
00:22:57,510 --> 00:22:55,840
ufos or extraterrestrials um

556
00:22:58,950 --> 00:22:57,520
and of course one of my favorite shows

557
00:23:01,669 --> 00:22:58,960
was ufo hunters

558
00:23:03,270 --> 00:23:01,679
and to have bill burns walk up to me at

559
00:23:06,390 --> 00:23:03,280
a conference and say

560
00:23:08,149 --> 00:23:06,400
i love the valiant thor story i'm so

561
00:23:10,950 --> 00:23:08,159
glad you did it and

562
00:23:13,750 --> 00:23:10,960
things like that really uh meant a lot

563
00:23:15,590 --> 00:23:13,760

to me because i just love bill burns and

564

00:23:17,350 --> 00:23:15,600

i love that show i thought they did such

565

00:23:20,549 --> 00:23:17,360

a great job with it

566

00:23:23,270 --> 00:23:20,559

but so what what i decided to do was

567

00:23:25,590 --> 00:23:23,280

pick a lot of my favorite contact these

568

00:23:29,270 --> 00:23:25,600

stories for instance like

569

00:23:30,950 --> 00:23:29,280

so uh wendell stevens when he was alive

570

00:23:34,310 --> 00:23:30,960

colonel wendell stevens

571

00:23:38,149 --> 00:23:34,320

he did about 65

572

00:23:39,270 --> 00:23:38,159

books on contactees from around the

573

00:23:42,870 --> 00:23:39,280

world

574

00:23:44,070 --> 00:23:42,880

right so these are all different things

575

00:23:48,830 --> 00:23:44,080

so what i did

576

00:23:51,750 --> 00:23:48,840

is i of course obtained a permission

577

00:23:52,310 --> 00:23:51,760

and uh by the way all of these books

578

00:23:54,070 --> 00:23:52,320

because

579

00:23:55,669 --> 00:23:54,080

i think these are very important for

580

00:23:59,029 --> 00:23:55,679

people to read uh

581

00:24:01,269 --> 00:23:59,039

they are his daughter cici now runs

582

00:24:06,870 --> 00:24:01,279

uh the website and it's the only place

583

00:24:11,350 --> 00:24:09,029

and all of wendell's books there are

584

00:24:14,310 --> 00:24:11,360

available in pdf format you can buy

585

00:24:15,190 --> 00:24:14,320

all 65 i think for like 100 and some

586

00:24:18,390 --> 00:24:15,200

bucks

587

00:24:20,549 --> 00:24:18,400

something like that so uh so

588

00:24:21,669 --> 00:24:20,559

uh some of the ones that i chose that i

589

00:24:25,269 --> 00:24:21,679

thought were very

590

00:24:29,510 --> 00:24:25,279

interesting races were uh they're called

591

00:24:32,630 --> 00:24:29,520

aryans and uh they're from aldebaran

592

00:24:35,669 --> 00:24:32,640

and um the these were uh

593

00:24:37,510 --> 00:24:35,679

asian races and uh

594

00:24:39,590 --> 00:24:37,520

and another one of the asian races were

595

00:24:42,789 --> 00:24:39,600

called the the knee or the

596

00:24:44,310 --> 00:24:42,799

gunny gne and

597

00:24:46,070 --> 00:24:44,320

it was interesting that they talked

598

00:24:48,950 --> 00:24:46,080

about in their solar system

599

00:24:51,269 --> 00:24:48,960

that all of the planets and everything

600

00:24:52,630 --> 00:24:51,279

ward and ward and ward for years and

601
00:24:55,430 --> 00:24:52,640
years and years and

602
00:24:57,669 --> 00:24:55,440
the death toll was just astronomical and

603
00:25:01,909 --> 00:24:57,679
at one point they all just

604
00:25:03,830 --> 00:25:01,919
banded together and um

605
00:25:05,110 --> 00:25:03,840
and started working together and now

606
00:25:08,310 --> 00:25:05,120
they travel

607
00:25:11,269 --> 00:25:08,320
uh the universe and explore in uh

608
00:25:13,029 --> 00:25:11,279
motherships and things of that nature so

609
00:25:13,510 --> 00:25:13,039
i think there were several races that

610
00:25:16,630 --> 00:25:13,520
were

611
00:25:19,350 --> 00:25:16,640
on that craft um another very

612
00:25:22,870 --> 00:25:19,360
fascinating race or the it's a puriens

613
00:25:27,430 --> 00:25:22,880

and their planet's called it to be ra

614

00:25:30,789 --> 00:25:27,440

and they came in 50s and 60s

615

00:25:33,830 --> 00:25:30,799

and sort of settled in the amazon

616

00:25:37,269 --> 00:25:33,840

in the middle of the amazon

617

00:25:41,029 --> 00:25:37,279

and they

618

00:25:44,310 --> 00:25:41,039

a long time ago lost

619

00:25:47,350 --> 00:25:44,320

they lost they they lost their uh taste

620

00:25:49,430 --> 00:25:47,360

for for chewing food so they went to a

621

00:25:52,789 --> 00:25:49,440

liquefied diet

622

00:25:53,510 --> 00:25:52,799

and over time their mouths became small

623

00:25:56,470 --> 00:25:53,520

and they had

624

00:25:57,750 --> 00:25:56,480

they have little rudimentary teeth their

625

00:26:00,870 --> 00:25:57,760

fingernails fell

626

00:26:03,190 --> 00:26:00,880

off um so they they have these little

627

00:26:06,470 --> 00:26:03,200

gloves on the tips of their fingers

628

00:26:10,310 --> 00:26:06,480

because they're sensitive and but

629

00:26:11,590 --> 00:26:10,320

but they they go exploring to find other

630

00:26:14,870 --> 00:26:11,600

worlds because

631

00:26:15,909 --> 00:26:14,880

they need to find new tasting food

632

00:26:19,510 --> 00:26:15,919

sources

633

00:26:21,990 --> 00:26:19,520

for their for their liquid diets

634

00:26:23,110 --> 00:26:22,000

and so they would hybridize some of

635

00:26:26,149 --> 00:26:23,120

their plants with

636

00:26:29,190 --> 00:26:26,159

our plants and they they were friendly

637

00:26:32,630 --> 00:26:29,200

uh with the local natives there

638

00:26:35,830 --> 00:26:32,640

as well um and

639

00:26:39,029 --> 00:26:35,840

uh so that that race was

640

00:26:40,789 --> 00:26:39,039

extremely fascinating the one thing that

641

00:26:44,470 --> 00:26:40,799

i found was a little

642

00:26:47,669 --> 00:26:44,480

common with a lot of the races um

643

00:26:51,190 --> 00:26:47,679

including some of the agarthins

644

00:26:54,510 --> 00:26:51,200

the clermers the

645

00:26:56,310 --> 00:26:54,520

the beings from a planet coldath

646

00:26:59,830 --> 00:26:56,320

k-o-l-d-a-s

647

00:27:03,190 --> 00:26:59,840

um they they would mingle

648

00:27:07,510 --> 00:27:03,200

for a few years on the surface

649

00:27:09,430 --> 00:27:07,520

and take take jobs and

650

00:27:11,269 --> 00:27:09,440

get to know the people so that they

651
00:27:15,190 --> 00:27:11,279
would have that experience

652
00:27:19,110 --> 00:27:15,200
because part of what they were doing

653
00:27:20,070 --> 00:27:19,120
was helping uh earth so they had to have

654
00:27:22,710 --> 00:27:20,080
their own personal

655
00:27:23,830 --> 00:27:22,720
experience with it and i think it was

656
00:27:27,510 --> 00:27:23,840
one of the

657
00:27:28,870 --> 00:27:27,520
i think it was valdar um i think he was

658
00:27:32,149 --> 00:27:28,880
from planet kohlberg

659
00:27:36,070 --> 00:27:32,159
he was i think in europe or

660
00:27:38,389 --> 00:27:36,080
italy for a couple of years and

661
00:27:40,950 --> 00:27:38,399
one of the people that he was in contact

662
00:27:43,350 --> 00:27:40,960
there with was a starseed from

663
00:27:45,510 --> 00:27:43,360

his homeworld so at a certain point he

664

00:27:48,870 --> 00:27:45,520

revealed who he was

665

00:27:50,470 --> 00:27:48,880

and that's when uh when all of the

666

00:27:53,029 --> 00:27:50,480

contacts sort of started

667

00:27:54,230 --> 00:27:53,039

um another really fascinating race are

668

00:27:57,269 --> 00:27:54,240

the umites

669

00:28:01,350 --> 00:27:57,279

or the umo they've visited uh

670

00:28:03,750 --> 00:28:01,360

many uh different people on the planet

671

00:28:04,549 --> 00:28:03,760

there's even pictures of their craft

672

00:28:07,590 --> 00:28:04,559

online

673

00:28:10,310 --> 00:28:07,600

they have a symbol it's like a uh

674

00:28:11,750 --> 00:28:10,320

three three lines with one line going

675

00:28:15,190 --> 00:28:11,760

down the middle

676

00:28:18,389 --> 00:28:15,200

and um uh they were

677

00:28:20,710 --> 00:28:18,399

also in italy and

678

00:28:21,669 --> 00:28:20,720

uh what they did was they took a

679

00:28:25,590 --> 00:28:21,679

different approach

680

00:28:28,549 --> 00:28:25,600

is they would send letters to scientists

681

00:28:29,190 --> 00:28:28,559

all over the world the top scientists

682

00:28:33,110 --> 00:28:29,200

and give

683

00:28:35,750 --> 00:28:33,120

them leads about how to

684

00:28:37,990 --> 00:28:35,760

clean up the environment how to do

685

00:28:40,549 --> 00:28:38,000

certain things to make the planet

686

00:28:41,590 --> 00:28:40,559

a better place to live which i thought

687

00:28:44,710 --> 00:28:41,600

was extremely

688

00:28:45,510 --> 00:28:44,720

fascinating there's actually a

689

00:28:50,710 --> 00:28:45,520

photograph

690

00:28:57,110 --> 00:28:54,470

oh god uh again it's something raw

691

00:28:58,389 --> 00:28:57,120

with on the end i can't remember the

692

00:29:02,149 --> 00:28:58,399

first name but

693

00:29:04,549 --> 00:29:02,159

if you google uh umites

694

00:29:06,389 --> 00:29:04,559

uh eight feet tall this guy was eight

695

00:29:08,470 --> 00:29:06,399

feet tall there's a photograph

696

00:29:10,830 --> 00:29:08,480

that somebody took of them using shorts

697

00:29:14,310 --> 00:29:10,840

and a hawaiian shirt

698

00:29:17,830 --> 00:29:14,320

um and he was uh one of the umites

699

00:29:20,549 --> 00:29:17,840

uh that was here uh back in the day

700

00:29:21,070 --> 00:29:20,559

um another fascinating race are the sort

701
00:29:24,070 --> 00:29:21,080
of

702
00:29:28,149 --> 00:29:24,080
lizard-looking beings from uh

703
00:29:30,789 --> 00:29:28,159
ragal and they had brought on board a 14

704
00:29:33,830 --> 00:29:30,799
year old cherokee girl

705
00:29:36,149 --> 00:29:33,840
and not to abduct her but

706
00:29:37,990 --> 00:29:36,159
to have a conversation with her and to

707
00:29:41,029 --> 00:29:38,000
share who they were

708
00:29:44,310 --> 00:29:41,039
and uh they hooked her up to

709
00:29:47,029 --> 00:29:44,320
a telepathic uh machine

710
00:29:48,630 --> 00:29:47,039
and so the being could talk to her and

711
00:29:51,269 --> 00:29:48,640
she could talk to the being

712
00:29:53,029 --> 00:29:51,279
but she said when the being did talked

713
00:29:55,750 --> 00:29:53,039

or vocalized it was a

714

00:29:56,389 --> 00:29:55,760

series of chirps and what sounded like

715

00:29:59,669 --> 00:29:56,399

kissing

716

00:30:01,830 --> 00:29:59,679

sounds um as well

717

00:30:03,269 --> 00:30:01,840

and it is also said that the mantis

718

00:30:05,669 --> 00:30:03,279

beings sound like that

719

00:30:06,630 --> 00:30:05,679

a little bit because well when when they

720

00:30:10,310 --> 00:30:06,640

vocalize

721

00:30:13,350 --> 00:30:10,320

and aren't using telepathy um

722

00:30:15,990 --> 00:30:13,360

so this uh cherokee girl

723

00:30:19,350 --> 00:30:16,000

actually when they put her back she was

724

00:30:21,669 --> 00:30:19,360

able to remember the entire

725

00:30:23,510 --> 00:30:21,679

incident because she was hooked up to

726

00:30:26,710 --> 00:30:23,520

this telepathic

727

00:30:29,830 --> 00:30:26,720

machine that let it let her

728

00:30:32,710 --> 00:30:29,840

have these memories and um

729

00:30:34,630 --> 00:30:32,720

and this sort of lizard-looking guy

730

00:30:37,909 --> 00:30:34,640

there's a great rendition of him

731

00:30:40,789 --> 00:30:37,919

in the book by the way and

732

00:30:41,830 --> 00:30:40,799

he uh just wanted to share with who they

733

00:30:46,710 --> 00:30:41,840

were

734

00:30:49,190 --> 00:30:46,720

tour of the ship

735

00:30:49,990 --> 00:30:49,200

and i just found that really fun and

736

00:30:52,710 --> 00:30:50,000

fascinating

737

00:30:53,110 --> 00:30:52,720

as well and then we have the clarions

738

00:30:59,430 --> 00:30:53,120

which

739

00:31:03,990 --> 00:30:59,440

and they also uh have

740

00:31:06,230 --> 00:31:04,000

been um around all around the world uh

741

00:31:08,470 --> 00:31:06,240

right now some of the clarions are

742

00:31:09,029 --> 00:31:08,480

actually physically living in italy and

743

00:31:12,070 --> 00:31:09,039

there is

744

00:31:13,590 --> 00:31:12,080

a contact dealer named maurizio cavallo

745

00:31:14,549 --> 00:31:13,600

who wrote a book called beyond the

746

00:31:16,549 --> 00:31:14,559

heavens

747

00:31:18,549 --> 00:31:16,559

he's the one who's photographed several

748

00:31:20,950 --> 00:31:18,559

of them and

749

00:31:22,389 --> 00:31:20,960

he gave me permission to print two of

750

00:31:26,070 --> 00:31:22,399

the photos

751

00:31:28,630 --> 00:31:26,080

and anyway they uh

752

00:31:30,950 --> 00:31:28,640

they're very uh very advanced beings

753

00:31:33,549 --> 00:31:30,960

there was also another contactee named

754

00:31:36,149 --> 00:31:33,559

elizabeth clara

755

00:31:37,029 --> 00:31:36,159

k-l-a-r-e-r she was a south african

756

00:31:39,110 --> 00:31:37,039

woman

757

00:31:41,750 --> 00:31:39,120

she was a starseed that came here and

758

00:31:46,310 --> 00:31:41,760

when she became

759

00:31:48,070 --> 00:31:46,320

of rightful age a clarion man began

760

00:31:50,310 --> 00:31:48,080

visiting her

761

00:31:51,669 --> 00:31:50,320

and this was actually her husband that

762

00:31:56,789 --> 00:31:51,679

she left behind

763

00:31:59,190 --> 00:31:56,799

on clarion and so they developed a

764

00:32:00,149 --> 00:31:59,200

a relationship over time she became

765

00:32:04,149 --> 00:32:00,159

pregnant

766

00:32:06,389 --> 00:32:04,159

he took her back uh to clarion

767

00:32:07,830 --> 00:32:06,399

and she delivered the baby there because

768

00:32:10,230 --> 00:32:07,840

he explained that

769

00:32:11,110 --> 00:32:10,240

the baby's organs and things there could

770

00:32:15,269 --> 00:32:11,120

not uh

771

00:32:17,269 --> 00:32:15,279

he could not be sustained on earth so

772

00:32:18,389 --> 00:32:17,279

then after she delivered the babies she

773

00:32:20,549 --> 00:32:18,399

was brought back here

774

00:32:22,470 --> 00:32:20,559

to live out the rest of her days and

775

00:32:24,389 --> 00:32:22,480

there's wonderful

776

00:32:25,669 --> 00:32:24,399

interviews on her and there is a book

777

00:32:28,549 --> 00:32:25,679

about her

778

00:32:31,269 --> 00:32:28,559

uh out there online so that's a another

779

00:32:34,950 --> 00:32:31,279

different perspective of the clarions

780

00:32:36,909 --> 00:32:34,960

and um and then another uh really really

781

00:32:38,310 --> 00:32:36,919

interesting race are the alpha

782

00:32:41,029 --> 00:32:38,320

centaurians

783

00:32:42,310 --> 00:32:41,039

uh in the book we call them apoonians

784

00:32:45,430 --> 00:32:42,320

because

785

00:32:48,710 --> 00:32:45,440

they first started visiting um

786

00:32:54,789 --> 00:32:48,720

the mountain apu in

787

00:32:57,909 --> 00:32:57,350

called them mapunians because they were

788

00:33:00,070 --> 00:32:57,919

they

789

00:33:02,230 --> 00:33:00,080

looked at them as the gods of the

790

00:33:05,509 --> 00:33:02,240

mountain of a pool

791

00:33:08,789 --> 00:33:05,519

so uh uh when they're

792

00:33:10,950 --> 00:33:08,799

when their um children or

793

00:33:12,870 --> 00:33:10,960

people were sick they would always go

794

00:33:15,750 --> 00:33:12,880

and try and

795

00:33:17,590 --> 00:33:15,760

find when uh the alpha centaurians were

796

00:33:19,669 --> 00:33:17,600

coming back and when they did they would

797

00:33:22,710 --> 00:33:19,679

go to their village and they would

798

00:33:23,190 --> 00:33:22,720

heal the sick they would help make it

799

00:33:24,789 --> 00:33:23,200

rain

800

00:33:26,789 --> 00:33:24,799

for their crops because these are

801
00:33:29,350 --> 00:33:26,799
extremely poor people

802
00:33:29,830 --> 00:33:29,360
so they did they did a lot for them

803
00:33:33,830 --> 00:33:29,840
there

804
00:33:37,190 --> 00:33:33,840
and that contactee is ricardo gonzalez

805
00:33:40,389 --> 00:33:37,200
he has a couple books out

806
00:33:42,470 --> 00:33:40,399
when contact from planet apu beings from

807
00:33:45,590 --> 00:33:42,480
the future among us

808
00:33:47,750 --> 00:33:45,600
and the ark an extraterrestrial warning

809
00:33:50,950 --> 00:33:47,760
from alpha centauri

810
00:33:54,149 --> 00:33:50,960
um so he uh

811
00:34:00,870 --> 00:33:57,830
he did here a couple of years ago

812
00:34:04,789 --> 00:34:00,880
in a big field

813
00:34:08,389 --> 00:34:04,799

in mount shasta he had a huge gathering

814

00:34:09,990 --> 00:34:08,399

where one of the main alpha centaurians

815

00:34:13,430 --> 00:34:10,000

who i believe is

816

00:34:16,710 --> 00:34:13,440

eight feet tall or more um

817

00:34:20,389 --> 00:34:16,720

his name is antaral and

818

00:34:23,750 --> 00:34:20,399

that he actually

819

00:34:24,790 --> 00:34:23,760

invited several of the people that were

820

00:34:28,069 --> 00:34:24,800

there to come

821

00:34:30,310 --> 00:34:28,079

and meet with him actually in the forest

822

00:34:32,230 --> 00:34:30,320

and and they appear in this thing called

823

00:34:34,710 --> 00:34:32,240

the zendra

824

00:34:36,629 --> 00:34:34,720

which is like an opening almost sort of

825

00:34:37,190 --> 00:34:36,639

like you could call it a stargate and

826
00:34:40,230 --> 00:34:37,200
they're

827
00:34:41,750 --> 00:34:40,240
in there in this dimension and the

828
00:34:43,430 --> 00:34:41,760
people here on earth are in this

829
00:34:46,069 --> 00:34:43,440
dimension but you can

830
00:34:48,069 --> 00:34:46,079
you can have a conversation so i

831
00:34:51,270 --> 00:34:48,079
actually had a very good friend

832
00:34:52,790 --> 00:34:51,280
who was there who witnessed this he he

833
00:34:56,069 --> 00:34:52,800
was not one of the ones

834
00:34:58,550 --> 00:34:56,079
invited to go and meet monterol

835
00:34:59,430 --> 00:34:58,560
but he saw everyone come out of the

836
00:35:02,630 --> 00:34:59,440
forest

837
00:35:05,510 --> 00:35:02,640
and saw the light and everything uh

838
00:35:07,670 --> 00:35:05,520

there in the forest and said uh he got

839

00:35:10,790 --> 00:35:07,680

everyone's stories firsthand

840

00:35:13,270 --> 00:35:10,800

and um that they were all changed

841

00:35:16,069 --> 00:35:13,280

it was almost like yeah when mooses saw

842

00:35:17,430 --> 00:35:16,079

the burning bush for the first time they

843

00:35:22,230 --> 00:35:17,440

were just stunned

844

00:35:25,910 --> 00:35:22,240

and and um didn't even know how to

845

00:35:28,790 --> 00:35:25,920

uh react to that so right right

846

00:35:29,109 --> 00:35:28,800

and a lot of these a lot of these things

847

00:35:32,150 --> 00:35:29,119

do

848

00:35:34,550 --> 00:35:32,160

border on spirituality and i have to say

849

00:35:35,589 --> 00:35:34,560

i love ricardo gonzalez your your

850

00:35:37,750 --> 00:35:35,599

research

851
00:35:38,790 --> 00:35:37,760
going to those conferences befriending

852
00:35:40,870 --> 00:35:38,800
peers

853
00:35:44,390 --> 00:35:40,880
and all the top people really really

854
00:35:47,109 --> 00:35:44,400
shows it shows and paid off because

855
00:35:47,829 --> 00:35:47,119
it's pretty amazing um raw getting on

856
00:35:50,550 --> 00:35:47,839
the raw

857
00:35:51,510 --> 00:35:50,560
i was really amazed by the itaperian the

858
00:35:53,750 --> 00:35:51,520
detail

859
00:35:55,829 --> 00:35:53,760
that's the culture that if i'm not

860
00:35:56,790 --> 00:35:55,839
mistaken all of their machines are

861
00:36:00,310 --> 00:35:56,800
separate from

862
00:36:03,510 --> 00:36:00,320
like their natural space yes their

863
00:36:06,630 --> 00:36:03,520

their uh their original planet was

864

00:36:09,589 --> 00:36:06,640

dying the whole ecosystem was uh

865

00:36:12,390 --> 00:36:09,599

was depleting and so they had to find a

866

00:36:15,589 --> 00:36:12,400

new place to live and then they found

867

00:36:18,390 --> 00:36:15,599

they found three planets that were

868

00:36:19,430 --> 00:36:18,400

close by so what they did is in timed

869

00:36:23,030 --> 00:36:19,440

intervals they

870

00:36:25,990 --> 00:36:23,040

moved their entire civilization

871

00:36:27,910 --> 00:36:26,000

along with the aquatic life the plant

872

00:36:31,030 --> 00:36:27,920

life the insect life

873

00:36:32,870 --> 00:36:31,040

all life in timed increments

874

00:36:34,550 --> 00:36:32,880

and then what they did is then they took

875

00:36:37,990 --> 00:36:34,560

the second planet

876

00:36:41,190 --> 00:36:38,000

and they put all their machinery uh

877

00:36:43,829 --> 00:36:41,200

there and they

878

00:36:44,870 --> 00:36:43,839

they said that they found that machinery

879

00:36:48,470 --> 00:36:44,880

was linked

880

00:36:50,870 --> 00:36:48,480

to cancer on their world so

881

00:36:52,790 --> 00:36:50,880

they put it on a different planet and

882

00:36:56,710 --> 00:36:52,800

then they took that third planet

883

00:36:59,510 --> 00:36:56,720

and made it a heart center where

884

00:37:02,150 --> 00:36:59,520

this emanation of just this

885

00:37:05,430 --> 00:37:02,160

unconditional love would constantly be

886

00:37:07,349 --> 00:37:05,440

sent out and reinforced into the other

887

00:37:10,550 --> 00:37:07,359

two worlds which

888

00:37:14,069 --> 00:37:10,560

which i just found absolutely

889

00:37:17,270 --> 00:37:14,079

um incredible in

890

00:37:20,550 --> 00:37:17,280

uh that type of thing so uh

891

00:37:23,190 --> 00:37:20,560

and and they they really couldn't

892

00:37:24,550 --> 00:37:23,200

speak because of their small mouse and

893

00:37:28,230 --> 00:37:24,560

things of that nature

894

00:37:31,109 --> 00:37:28,240

so they would uh when they were here

895

00:37:31,990 --> 00:37:31,119

if they were talking with with uh

896

00:37:34,710 --> 00:37:32,000

somebody from

897

00:37:36,550 --> 00:37:34,720

earth they would either have a device on

898

00:37:39,670 --> 00:37:36,560

them that was like a brooch

899

00:37:41,589 --> 00:37:39,680

or or something on them

900

00:37:42,710 --> 00:37:41,599

and they would telepathically speak and

901
00:37:44,870 --> 00:37:42,720
their voice would come

902
00:37:45,990 --> 00:37:44,880
out of whatever apparatus they were

903
00:37:49,670 --> 00:37:46,000
wearing

904
00:37:51,349 --> 00:37:49,680
so cool and uh yeah i again

905
00:37:53,349 --> 00:37:51,359
the detail on that was really

906
00:37:55,829 --> 00:37:53,359
fascinating so

907
00:37:57,349 --> 00:37:55,839
it's so cool i think it's so interesting

908
00:37:59,829 --> 00:37:57,359
and you know uh

909
00:38:01,829 --> 00:37:59,839
the again the photos are amazing one

910
00:38:03,349 --> 00:38:01,839
race i was enthralled by

911
00:38:05,510 --> 00:38:03,359
and i was hoping we could go into a

912
00:38:06,550 --> 00:38:05,520
little bit of detail with the cyclops i

913
00:38:10,069 --> 00:38:06,560

thought that was pretty

914

00:38:12,790 --> 00:38:10,079

interesting how different they are than

915

00:38:13,589 --> 00:38:12,800

what well what first of all they exist

916

00:38:17,190 --> 00:38:13,599

right

917

00:38:18,150 --> 00:38:17,200

well and you know how i learned about

918

00:38:20,790 --> 00:38:18,160

the cyclops

919

00:38:23,750 --> 00:38:20,800

is because the cycle out there is a

920

00:38:26,950 --> 00:38:23,760

cyclops on board valium thor's

921

00:38:30,069 --> 00:38:26,960

flagship that is uh

922

00:38:32,150 --> 00:38:30,079

so on on valium thor's flagship there's

923

00:38:32,550 --> 00:38:32,160

valium thor who's the commander there's

924

00:38:34,710 --> 00:38:32,560

four

925

00:38:35,750 --> 00:38:34,720

vice commanders there's vice commander

926

00:38:39,190 --> 00:38:35,760

teal

927

00:38:43,430 --> 00:38:39,200

thon dawn and zan

928

00:38:47,430 --> 00:38:43,440

then there is another created being

929

00:38:50,550 --> 00:38:47,440

a melchizedek master named yunaya

930

00:38:52,150 --> 00:38:50,560

and then there is his associate who is a

931

00:38:56,069 --> 00:38:52,160

cyclops whose name

932

00:38:59,670 --> 00:38:56,079

is yo or yo y-e-o

933

00:39:03,270 --> 00:38:59,680

and dr frank told me

934

00:39:07,190 --> 00:39:03,280

where they were from and

935

00:39:12,310 --> 00:39:07,200

and he said when he first met him

936

00:39:15,589 --> 00:39:12,320

he said it was so strange looking

937

00:39:17,990 --> 00:39:15,599

into one eye and

938

00:39:19,190 --> 00:39:18,000

and he said and i was thinking inside my

939

00:39:22,710 --> 00:39:19,200

head god he

940

00:39:23,990 --> 00:39:22,720

looks so strange and then he said i

941

00:39:26,829 --> 00:39:24,000

wasn't even thinking

942

00:39:28,950 --> 00:39:26,839

that he could telepathically read my

943

00:39:30,470 --> 00:39:28,960

mind and he said

944

00:39:33,750 --> 00:39:30,480

and he said to me well you're pretty

945

00:39:37,589 --> 00:39:36,310

yeah so that's where that's actually

946

00:39:40,870 --> 00:39:37,599

where i learned about the

947

00:39:42,470 --> 00:39:40,880

cyclops and there's a lot i'm actually

948

00:39:44,230 --> 00:39:42,480

glad you that you mentioned that because

949

00:39:46,710 --> 00:39:44,240

there is a lot of

950

00:39:48,069 --> 00:39:46,720

melchizedek scholarly unions but i

951
00:39:50,150 --> 00:39:48,079
wanted also

952
00:39:52,069 --> 00:39:50,160
a lot of our listeners may not know

953
00:39:54,069 --> 00:39:52,079
about valiant thor stranger at the

954
00:39:56,150 --> 00:39:54,079
pentagon and just how important that was

955
00:39:59,829 --> 00:39:56,160
for our time period

956
00:40:02,790 --> 00:39:59,839
sure um i'll give you a nutshell the

957
00:40:05,430 --> 00:40:02,800
um website stranger at the pentagon.com

958
00:40:08,550 --> 00:40:05,440
people can watch the short film there

959
00:40:11,670 --> 00:40:08,560
where they can if you have amazon prime

960
00:40:14,790 --> 00:40:11,680
in america or the uk they can watch it

961
00:40:17,510 --> 00:40:14,800
uh there as well um there is more

962
00:40:18,710 --> 00:40:17,520
history about it on the website but the

963
00:40:22,870 --> 00:40:18,720

the short condensed

964

00:40:26,870 --> 00:40:22,880

version is that valiant thor

965

00:40:28,870 --> 00:40:26,880

uh came here uh it was it was a

966

00:40:33,670 --> 00:40:28,880

pre-arranged meeting

967

00:40:36,950 --> 00:40:33,680

and he came here on march 16 1957

968

00:40:38,950 --> 00:40:36,960

which was a saturday uh landed at 8 a.m

969

00:40:40,710 --> 00:40:38,960

was brought to the pentagon

970

00:40:43,270 --> 00:40:40,720

then was brought on the underground

971

00:40:46,150 --> 00:40:43,280

train to meet eisenhower nixon

972

00:40:46,470 --> 00:40:46,160

the rest of the joint chiefs and the

973

00:40:49,829 --> 00:40:46,480

other

974

00:40:51,910 --> 00:40:49,839

powers that be and and he

975

00:40:53,109 --> 00:40:51,920

came with a proposal that was to

976
00:40:59,910 --> 00:40:53,119
eliminate

977
00:41:01,349 --> 00:40:59,920
poverty prolonged life to talk to them

978
00:41:04,630 --> 00:41:01,359
about atomics

979
00:41:07,190 --> 00:41:04,640
the dangers of uh

980
00:41:08,230 --> 00:41:07,200
of it not only for our planet but for

981
00:41:11,589 --> 00:41:08,240
other planets and

982
00:41:12,470 --> 00:41:11,599
interdimensional worlds and universes as

983
00:41:15,750 --> 00:41:12,480
well

984
00:41:17,589 --> 00:41:15,760
um talk about free energy

985
00:41:19,430 --> 00:41:17,599
all of the things that would make the

986
00:41:23,270 --> 00:41:19,440
planet a better place for

987
00:41:26,390 --> 00:41:23,280
all to live and there and that during

988
00:41:28,950 --> 00:41:26,400

a three-year vip status

989

00:41:30,470 --> 00:41:28,960

where he would live there and they would

990

00:41:33,510 --> 00:41:30,480

work out and discuss

991

00:41:36,150 --> 00:41:33,520

this proposal as well but

992

00:41:38,790 --> 00:41:36,160

he did befriend several people at the

993

00:41:41,910 --> 00:41:38,800

pentagon one was a secretary

994

00:41:44,950 --> 00:41:41,920

he um he became uh

995

00:41:47,990 --> 00:41:44,960

close to nixon

996

00:41:50,069 --> 00:41:48,000

and and to eisenhower but more with

997

00:41:51,190 --> 00:41:50,079

nixon because nixon was more readily

998

00:41:53,829 --> 00:41:51,200

available

999

00:41:54,630 --> 00:41:53,839

uh because eisenhower was busy with a

1000

00:41:58,710 --> 00:41:54,640

lot of the

1001
00:42:02,070 --> 00:41:58,720
other things but um

1002
00:42:04,790 --> 00:42:02,080
so it's it's a um

1003
00:42:08,069 --> 00:42:04,800
[Music]

1004
00:42:10,710 --> 00:42:08,079
what what the

1005
00:42:12,390 --> 00:42:10,720
military industrial complex was just

1006
00:42:15,510 --> 00:42:12,400
getting its legs

1007
00:42:17,910 --> 00:42:15,520
at that time and what that means

1008
00:42:19,990 --> 00:42:17,920
is they were an offshoot of the

1009
00:42:23,990 --> 00:42:20,000
government

1010
00:42:25,750 --> 00:42:24,000
that had their own agenda

1011
00:42:27,750 --> 00:42:25,760
and they would do whatever they needed

1012
00:42:31,109 --> 00:42:27,760
to get done for their own

1013
00:42:34,309 --> 00:42:31,119

agenda and if anyone

1014

00:42:36,950 --> 00:42:34,319

listens to ike's

1015

00:42:39,510 --> 00:42:36,960

farewell address he talked about the

1016

00:42:40,790 --> 00:42:39,520

dangers of the military industrial

1017

00:42:44,470 --> 00:42:40,800

complex it's online

1018

00:42:48,550 --> 00:42:44,480

anybody can watch it so

1019

00:42:50,390 --> 00:42:48,560

in the end uh nixon and eisenhower were

1020

00:42:53,670 --> 00:42:50,400

for the proposal

1021

00:42:56,950 --> 00:42:53,680

and uh but in the end

1022

00:42:59,190 --> 00:42:56,960

um well the the military industrial

1023

00:43:02,470 --> 00:42:59,200

complex wanted thor's technology

1024

00:43:03,589 --> 00:43:02,480

he had organic technology and all they

1025

00:43:06,069 --> 00:43:03,599

had were

1026
00:43:07,190 --> 00:43:06,079
were sort of dinosaur saucers from the

1027
00:43:10,230 --> 00:43:07,200
graves

1028
00:43:11,990 --> 00:43:10,240
that had crashed over over the years all

1029
00:43:15,750 --> 00:43:12,000
the several crashes

1030
00:43:17,270 --> 00:43:15,760
and uh and when they realized they

1031
00:43:18,390 --> 00:43:17,280
weren't going to get it and they baited

1032
00:43:20,710 --> 00:43:18,400
him and baited him

1033
00:43:22,630 --> 00:43:20,720
along and along you know over these

1034
00:43:25,829 --> 00:43:22,640
years

1035
00:43:28,950 --> 00:43:25,839
they all turned it down on the basis

1036
00:43:31,109 --> 00:43:28,960
that it would put doctors nurses

1037
00:43:33,990 --> 00:43:31,119
pharmaceutical companies

1038
00:43:35,990 --> 00:43:34,000

um electric companies everything out of

1039

00:43:36,630 --> 00:43:36,000

business and our world economy would

1040

00:43:40,630 --> 00:43:36,640

crash

1041

00:43:43,589 --> 00:43:40,640

and uh that would be the end of that so

1042

00:43:44,990 --> 00:43:43,599

so if i have thor left on uh three years

1043

00:43:48,230 --> 00:43:45,000

later march 16

1044

00:43:51,750 --> 00:43:48,240

1960 um he met dr

1045

00:43:55,270 --> 00:43:51,760

dr frank uh he had the secretary

1046

00:43:56,470 --> 00:43:55,280

um from the pentagon retrieved dr frank

1047

00:43:59,349 --> 00:43:56,480

who was doing

1048

00:44:00,150 --> 00:43:59,359

a talk at a local church for two weeks

1049

00:44:02,870 --> 00:44:00,160

and

1050

00:44:03,589 --> 00:44:02,880

uh dr frank was a unique minister he

1051
00:44:06,950 --> 00:44:03,599
talked about

1052
00:44:07,990 --> 00:44:06,960
ufos and the bible and things of that

1053
00:44:12,630 --> 00:44:08,000
nature and he would

1054
00:44:15,670 --> 00:44:12,640
incorporate um george adamski

1055
00:44:18,870 --> 00:44:15,680
and orazon and

1056
00:44:20,470 --> 00:44:18,880
and those types of things but what was

1057
00:44:23,750 --> 00:44:20,480
interesting

1058
00:44:27,109 --> 00:44:23,760
just for people who aren't aware of that

1059
00:44:30,230 --> 00:44:27,119
era at the time valiant thor came

1060
00:44:30,870 --> 00:44:30,240
a venusian name orthon met with adamski

1061
00:44:32,950 --> 00:44:30,880
who was

1062
00:44:34,230 --> 00:44:32,960
talking to adamski about a lot of the

1063
00:44:37,430 --> 00:44:34,240

same issues

1064

00:44:38,630 --> 00:44:37,440

and then another venusian around in the

1065

00:44:42,069 --> 00:44:38,640

early 50s

1066

00:44:45,510 --> 00:44:42,079

met with um george van tassel

1067

00:44:46,790 --> 00:44:45,520

out at giant rock and talked to him

1068

00:44:49,990 --> 00:44:46,800

about the same issues

1069

00:44:52,550 --> 00:44:50,000

and gave him the blueprints to build a

1070

00:44:55,750 --> 00:44:52,560

machine called the integratron

1071

00:44:58,309 --> 00:44:55,760

which reversed the aging process

1072

00:44:58,950 --> 00:44:58,319

and prolonged your life and kept you

1073

00:45:01,190 --> 00:44:58,960

healthy

1074

00:45:02,069 --> 00:45:01,200

same thing that all of these beings were

1075

00:45:05,270 --> 00:45:02,079

coming

1076
00:45:08,710 --> 00:45:05,280
to share with the earth right so cool

1077
00:45:12,470 --> 00:45:08,720
so um so

1078
00:45:15,750 --> 00:45:12,480
dr frank uh came and met with him

1079
00:45:19,030 --> 00:45:15,760
and this is just my own opinion

1080
00:45:21,990 --> 00:45:19,040
but i believe valiant thor saw the

1081
00:45:23,270 --> 00:45:22,000
opportunity that dr frank was there

1082
00:45:26,710 --> 00:45:23,280
speaking

1083
00:45:27,510 --> 00:45:26,720
and wanted to meet with him because he

1084
00:45:31,109 --> 00:45:27,520
knew he was

1085
00:45:32,309 --> 00:45:31,119
open to who he was and thor knew by that

1086
00:45:36,069 --> 00:45:32,319
time

1087
00:45:37,349 --> 00:45:36,079
that he was that they had already turned

1088
00:45:40,630 --> 00:45:37,359

down his proposal

1089

00:45:43,510 --> 00:45:40,640

so by meeting dr frank dr frank would

1090

00:45:46,550 --> 00:45:43,520

start a grassroots

1091

00:45:49,670 --> 00:45:46,560

campaign to tell the world

1092

00:45:52,950 --> 00:45:49,680

about valiant thor and who he is

1093

00:45:55,430 --> 00:45:52,960

and he already had photographs of him

1094

00:45:55,990 --> 00:45:55,440

because the photographs were taken by

1095

00:45:59,510 --> 00:45:56,000

august

1096

00:46:02,870 --> 00:45:59,520

roberts a retired air force photographer

1097

00:46:05,829 --> 00:46:02,880

amateur ufologist and

1098

00:46:07,910 --> 00:46:05,839

who was also friends with dr frank and

1099

00:46:12,069 --> 00:46:07,920

howard menger who was a major

1100

00:46:14,390 --> 00:46:12,079

human extraterrestrial contactee

1101
00:46:15,910 --> 00:46:14,400
and those photos of valiant thor his

1102
00:46:19,589 --> 00:46:15,920
wife commander dawn

1103
00:46:20,550 --> 00:46:19,599
and jill who is zan's wife taken on the

1104
00:46:23,750 --> 00:46:20,560
mender farm

1105
00:46:26,470 --> 00:46:23,760
at a ufo lecture

1106
00:46:28,870 --> 00:46:26,480
were taken by august roberts who then

1107
00:46:30,069 --> 00:46:28,880
went to dr frank the next day with the

1108
00:46:33,829 --> 00:46:30,079
pictures

1109
00:46:34,790 --> 00:46:33,839
and said these these people aren't from

1110
00:46:38,550 --> 00:46:34,800
here

1111
00:46:40,150 --> 00:46:38,560
and that man valiant thor

1112
00:46:43,430 --> 00:46:40,160
he doesn't have fingerprints or

1113
00:46:46,550 --> 00:46:43,440

handprints and i went to howard

1114

00:46:49,109 --> 00:46:46,560

and asked him after the lecture

1115

00:46:51,190 --> 00:46:49,119

if they gave him the secret handshake

1116

00:46:54,390 --> 00:46:51,200

because there was a handshake

1117

00:46:57,430 --> 00:46:54,400

of eight kind of movements

1118

00:47:00,470 --> 00:46:57,440

and this uh star people

1119

00:47:03,829 --> 00:47:00,480

would always do that with howard so he

1120

00:47:06,630 --> 00:47:03,839

knew that they weren't from here and so

1121

00:47:10,069 --> 00:47:06,640

that was confirmed that they weren't so

1122

00:47:12,950 --> 00:47:10,079

when dr frank was speaking in washington

1123

00:47:14,390 --> 00:47:12,960

not only did he have his normal ufo

1124

00:47:17,430 --> 00:47:14,400

photographs up there

1125

00:47:18,710 --> 00:47:17,440

and the adamski uh photographs of the

1126

00:47:21,829 --> 00:47:18,720

craft and

1127

00:47:23,430 --> 00:47:21,839

of adamski but he put a big picture of

1128

00:47:23,750 --> 00:47:23,440

valiant thor in the middle he didn't

1129

00:47:26,790 --> 00:47:23,760

they

1130

00:47:29,829 --> 00:47:26,800

but

1131

00:47:31,430 --> 00:47:29,839

he would then tell the story that august

1132

00:47:33,589 --> 00:47:31,440

roberts told him

1133

00:47:35,589 --> 00:47:33,599

and say that this is the man who is

1134

00:47:38,710 --> 00:47:35,599

alleged a legend from

1135

00:47:41,990 --> 00:47:38,720

another place so when the secretary

1136

00:47:44,870 --> 00:47:42,000

went to the uh

1137

00:47:46,230 --> 00:47:44,880

to the church and talked to dr frank

1138

00:47:48,790 --> 00:47:46,240

after his lecture

1139

00:47:49,430 --> 00:47:48,800

she pointed to the picture valiant thor

1140

00:47:51,910 --> 00:47:49,440

and said

1141

00:47:53,829 --> 00:47:51,920

he wants to meet with you so it's

1142

00:47:55,190 --> 00:47:53,839

amazing how it all just sort of

1143

00:47:59,829 --> 00:47:55,200

interweaves together

1144

00:48:02,309 --> 00:47:59,839

and how it all um came about

1145

00:48:03,270 --> 00:48:02,319

it really is and that's the best

1146

00:48:05,670 --> 00:48:03,280

explanation

1147

00:48:07,589 --> 00:48:05,680

ever craig and i love the organic

1148

00:48:08,630 --> 00:48:07,599

technology i might have to use that in

1149

00:48:11,750 --> 00:48:08,640

the future

1150

00:48:15,190 --> 00:48:11,760

i i'm sure absolutely it's a good

1151
00:48:16,150 --> 00:48:15,200
term good term and the the i wanted to

1152
00:48:19,270 --> 00:48:16,160
get into something

1153
00:48:21,349 --> 00:48:19,280
really interesting that is the one

1154
00:48:22,470 --> 00:48:21,359
consciousness or the we are one that

1155
00:48:24,549 --> 00:48:22,480
many of the races

1156
00:48:25,589 --> 00:48:24,559
seem to share through the book not all

1157
00:48:28,710 --> 00:48:25,599
but some

1158
00:48:32,630 --> 00:48:28,720
yes yes well it's it's

1159
00:48:35,910 --> 00:48:32,640
uh what they call unity consciousness um

1160
00:48:39,589 --> 00:48:35,920
we believe here we're brought up

1161
00:48:42,230 --> 00:48:39,599
to love god and i think

1162
00:48:43,430 --> 00:48:42,240
god is could be something different to

1163
00:48:47,190 --> 00:48:43,440

everyone

1164

00:48:50,230 --> 00:48:47,200

uh up there they call god

1165

00:48:53,670 --> 00:48:50,240

the invisible architect of

1166

00:48:56,069 --> 00:48:53,680

all in other words we

1167

00:48:58,230 --> 00:48:56,079

we go back i think the clarions

1168

00:49:02,069 --> 00:48:58,240

explained it the best

1169

00:49:05,190 --> 00:49:02,079

that the first primordial atom

1170

00:49:08,309 --> 00:49:05,200

contained all life and we

1171

00:49:13,030 --> 00:49:08,319

are all a part of that

1172

00:49:16,069 --> 00:49:13,040

and therefore we are the

1173

00:49:19,349 --> 00:49:16,079

owners we are we

1174

00:49:23,109 --> 00:49:19,359

are the family of

1175

00:49:25,750 --> 00:49:23,119

the entire universe so when you go back

1176

00:49:29,430 --> 00:49:25,760

to the unity consciousness

1177

00:49:32,470 --> 00:49:29,440

and you say we are all god

1178

00:49:35,589 --> 00:49:32,480

it totally makes perfect sense

1179

00:49:40,470 --> 00:49:35,599

now on worlds such as earth

1180

00:49:44,069 --> 00:49:43,109

civilization that is learning the

1181

00:49:47,430 --> 00:49:44,079

difference between

1182

00:49:50,549 --> 00:49:47,440

right and wrong we are as

1183

00:49:53,829 --> 00:49:50,559

dr frank explained it that

1184

00:49:57,430 --> 00:49:53,839

valiant thor taught him he said

1185

00:50:01,349 --> 00:49:57,440

earth is beings are learning

1186

00:50:01,910 --> 00:50:01,359

they are going from clods to ultimately

1187

00:50:06,150 --> 00:50:01,920

become

1188

00:50:08,790 --> 00:50:06,160

gods wow so it's a school

1189

00:50:11,510 --> 00:50:08,800

and every planet is a school throughout

1190

00:50:14,790 --> 00:50:11,520

the entire universe

1191

00:50:17,589 --> 00:50:14,800

and the university of melchizedek which

1192

00:50:20,910 --> 00:50:17,599

is located in the mirror system

1193

00:50:24,870 --> 00:50:20,920

and has about four uh

1194

00:50:27,270 --> 00:50:24,880

190 planets from one in the

1195

00:50:28,790 --> 00:50:27,280

galaxy to the other all of these

1196

00:50:32,069 --> 00:50:28,800

university planets

1197

00:50:35,349 --> 00:50:32,079

teach different different subjects

1198

00:50:37,510 --> 00:50:35,359

so for instance in my book series the

1199

00:50:38,870 --> 00:50:37,520

autobiography of an extraterrestrial

1200

00:50:41,910 --> 00:50:38,880

saga

1201
00:50:43,430 --> 00:50:41,920
um the lead character tehran is a

1202
00:50:46,630 --> 00:50:43,440
pleiadian

1203
00:50:49,910 --> 00:50:46,640
and he um he

1204
00:50:52,630 --> 00:50:49,920
is a professor a professor who

1205
00:50:53,990 --> 00:50:52,640
teaches starseeds from this universe

1206
00:50:57,829 --> 00:50:54,000
other universes

1207
00:51:00,870 --> 00:50:57,839
and other super universes who have lent

1208
00:51:04,309 --> 00:51:00,880
their soul energy to come

1209
00:51:05,829 --> 00:51:04,319
and to incarnate on earth because when

1210
00:51:07,910 --> 00:51:05,839
you're an advanced soul

1211
00:51:08,950 --> 00:51:07,920
you will quicken your energy being

1212
00:51:12,230 --> 00:51:08,960
dualistic

1213
00:51:14,710 --> 00:51:12,240

and rise up quicker and then

1214

00:51:16,470 --> 00:51:14,720

everyone around you starts rising up

1215

00:51:19,030 --> 00:51:16,480

quicker and this is how

1216

00:51:20,390 --> 00:51:19,040

consciousness raising programs work so

1217

00:51:22,630 --> 00:51:20,400

you start getting

1218

00:51:25,430 --> 00:51:22,640

more and more starseeds and generation

1219

00:51:27,670 --> 00:51:25,440

after generation after generation

1220

00:51:29,190 --> 00:51:27,680

and i'm now i've been meeting lots of

1221

00:51:32,549 --> 00:51:29,200

starseed

1222

00:51:34,630 --> 00:51:32,559

um kids who have had these generational

1223

00:51:35,750 --> 00:51:34,640

things and they're able to come in a lot

1224

00:51:38,309 --> 00:51:35,760

stronger

1225

00:51:39,270 --> 00:51:38,319

and these kids are speaking star

1226

00:51:42,309 --> 00:51:39,280

languages

1227

00:51:45,910 --> 00:51:42,319

drawing star maps doing grids

1228

00:51:48,950 --> 00:51:45,920

doing like phenomenal things that

1229

00:51:52,230 --> 00:51:48,960

uh that is just beyond what

1230

00:51:53,109 --> 00:51:52,240

uh any normal kid would even be able to

1231

00:51:56,710 --> 00:51:53,119

think of doing

1232

00:52:01,030 --> 00:51:56,720

so so there there is just

1233

00:52:04,390 --> 00:52:01,040

there's so much that is

1234

00:52:05,349 --> 00:52:04,400

out there and to bring in another couple

1235

00:52:09,109 --> 00:52:05,359

things that aren't

1236

00:52:12,630 --> 00:52:09,119

in the book um like our solar system

1237

00:52:16,150 --> 00:52:12,640

um the the home of the melchizedek

1238

00:52:17,430 --> 00:52:16,160

here is on the interior of venus for

1239

00:52:20,630 --> 00:52:17,440

instance

1240

00:52:23,190 --> 00:52:20,640

um the galactarian alignment of space

1241

00:52:27,750 --> 00:52:23,200

peoples and planets the home

1242

00:52:30,790 --> 00:52:27,760

um here in this solar system

1243

00:52:34,470 --> 00:52:30,800

is on the interior of saturn

1244

00:52:35,190 --> 00:52:34,480

um they explained uh valiant thorus

1245

00:52:38,630 --> 00:52:35,200

explained

1246

00:52:41,670 --> 00:52:38,640

also that all of the planets are

1247

00:52:44,549 --> 00:52:41,680

are made hollow and

1248

00:52:45,270 --> 00:52:44,559

that there is a central sun and that

1249

00:52:48,549 --> 00:52:45,280

there

1250

00:52:51,750 --> 00:52:48,559

is um uh it's a whole

1251

00:52:54,870 --> 00:52:51,760

different uh way of

1252

00:52:58,230 --> 00:52:54,880

life and living there like in

1253

00:53:01,349 --> 00:52:58,240

agartha in the middle there's the

1254

00:53:05,030 --> 00:53:01,359

central sun and

1255

00:53:06,470 --> 00:53:05,040

it it it sheds a perfect amount of light

1256

00:53:09,829 --> 00:53:06,480

it is not blinding

1257

00:53:11,510 --> 00:53:09,839

and then when nightfall comes a cloud

1258

00:53:15,349 --> 00:53:11,520

cover comes over

1259

00:53:16,390 --> 00:53:15,359

and covers it and then it's nightfall

1260

00:53:19,990 --> 00:53:16,400

but in the center

1261

00:53:22,790 --> 00:53:20,000

of the earth everything is much larger

1262

00:53:24,950 --> 00:53:22,800

like the beings they're like 20 feet

1263

00:53:27,109 --> 00:53:24,960

they say a grape is the size of a

1264

00:53:30,150 --> 00:53:27,119

grapefruit

1265

00:53:33,030 --> 00:53:30,160

the uh cree the animals are

1266

00:53:33,670 --> 00:53:33,040

gigantic and then as you spread out

1267

00:53:36,230 --> 00:53:33,680

closer

1268

00:53:37,190 --> 00:53:36,240

towards the surface in some of the other

1269

00:53:39,750 --> 00:53:37,200

cities

1270

00:53:41,349 --> 00:53:39,760

uh where there are over there several

1271

00:53:45,190 --> 00:53:41,359

hundred of these cities

1272

00:53:49,510 --> 00:53:45,200

all connected in the sagartha network

1273

00:53:52,309 --> 00:53:49,520

what we have is the um

1274

00:53:54,549 --> 00:53:52,319

the capital of agartha is shambhala the

1275

00:53:58,309 --> 00:53:54,559

greater beneath the himalayas

1276

00:54:03,030 --> 00:53:58,319

the capital of former atlantis

1277

00:54:06,470 --> 00:54:03,040

is posid which is beneath the mato grazo

1278

00:54:09,910 --> 00:54:06,480

in brazil and the capital

1279

00:54:13,109 --> 00:54:09,920

of the ancient lemurians who were here

1280

00:54:16,790 --> 00:54:13,119

way before the atlanteans

1281

00:54:17,430 --> 00:54:16,800

is is called telos and that's located

1282

00:54:20,549 --> 00:54:17,440

beneath

1283

00:54:23,030 --> 00:54:20,559

mount shasta so in these

1284

00:54:23,990 --> 00:54:23,040

other places what they do is they have

1285

00:54:27,109 --> 00:54:24,000

crystals that they

1286

00:54:29,430 --> 00:54:27,119

put up in in in the top that

1287

00:54:30,390 --> 00:54:29,440

that are that give off this sunlight

1288

00:54:34,790 --> 00:54:30,400

they can burn

1289

00:54:38,069 --> 00:54:37,670

up there as well and that if you're

1290

00:54:40,230 --> 00:54:38,079

going

1291

00:54:41,109 --> 00:54:40,240

through tunnels or walking through

1292

00:54:44,150 --> 00:54:41,119

tunnels or

1293

00:54:44,870 --> 00:54:44,160

if uh if their bullet train is going

1294

00:54:48,470 --> 00:54:44,880

from

1295

00:54:50,069 --> 00:54:48,480

one side of the inner earth to the other

1296

00:54:53,190 --> 00:54:50,079

side they say it takes about

1297

00:54:56,069 --> 00:54:53,200

two hours uh only wow right

1298

00:54:56,470 --> 00:54:56,079

that's pretty fast that's working and

1299

00:54:59,910 --> 00:54:56,480

yeah

1300

00:55:02,710 --> 00:54:59,920

really fast and uh but

1301

00:55:03,430 --> 00:55:02,720

that heat is what like if you were

1302

00:55:07,030 --> 00:55:03,440

walking

1303

00:55:09,589 --> 00:55:07,040

down a tunnel or a darkened area

1304

00:55:10,870 --> 00:55:09,599

the heat of your body would make the

1305

00:55:14,549 --> 00:55:10,880

walls glow

1306

00:55:15,510 --> 00:55:14,559

and and provide the amount of light that

1307

00:55:19,270 --> 00:55:15,520

you need

1308

00:55:22,470 --> 00:55:19,280

so um i sure would like to have

1309

00:55:23,349 --> 00:55:22,480

have a visit to agartha and see it i

1310

00:55:26,309 --> 00:55:23,359

think it

1311

00:55:27,030 --> 00:55:26,319

would be great i was taken there once in

1312

00:55:31,589 --> 00:55:27,040

my

1313

00:55:34,150 --> 00:55:31,599

um in a dream and i just got to see this

1314

00:55:36,309 --> 00:55:34,160

big beautiful lake and just the beauty

1315

00:55:38,470 --> 00:55:36,319

of what it looked like i didn't see any

1316

00:55:41,910 --> 00:55:38,480

people or civilizations

1317

00:55:44,470 --> 00:55:41,920

i just saw this uh beautiful

1318

00:55:45,670 --> 00:55:44,480

inner uh lake that looked like a

1319

00:55:49,030 --> 00:55:45,680

powdered blue

1320

00:55:49,589 --> 00:55:49,040

illuminated uh sort of water in this

1321

00:55:55,829 --> 00:55:49,599

beautiful

1322

00:55:57,190 --> 00:55:55,839

how cool is that that sounds amazing

1323

00:55:59,349 --> 00:55:57,200

it's it's

1324

00:56:01,430 --> 00:55:59,359

one of those things i would love to see

1325

00:56:03,589 --> 00:56:01,440

that and i think a lot of these terms

1326
00:56:05,430 --> 00:56:03,599
like family of the entire universe and

1327
00:56:06,309 --> 00:56:05,440
we are all god are so perfect and we

1328
00:56:08,789 --> 00:56:06,319
could

1329
00:56:09,750 --> 00:56:08,799
learn so much about it but it's so hard

1330
00:56:13,349 --> 00:56:09,760
in a dualistic

1331
00:56:15,910 --> 00:56:13,359
society i wanted to just coincidentally

1332
00:56:17,030 --> 00:56:15,920
jump into the melchizedek as mentioned

1333
00:56:19,109 --> 00:56:17,040
in the bible

1334
00:56:20,710 --> 00:56:19,119
is this a coincidence or is this uh

1335
00:56:22,950 --> 00:56:20,720
actually similar

1336
00:56:24,069 --> 00:56:22,960
no i think it's i think it's all tied

1337
00:56:27,349 --> 00:56:24,079
together it's

1338
00:56:30,950 --> 00:56:27,359

um because they they are uh they're an

1339

00:56:34,470 --> 00:56:30,960

ancient priest and priestess hood and

1340

00:56:36,870 --> 00:56:34,480

um they're uh

1341

00:56:39,109 --> 00:56:36,880

they they go way back i i have not

1342

00:56:40,309 --> 00:56:39,119

studied the melchizedek and ancient

1343

00:56:44,069 --> 00:56:40,319

religion

1344

00:56:48,950 --> 00:56:44,079

um i was uh i was taught

1345

00:56:52,549 --> 00:56:48,960

by when i was writing my books

1346

00:56:56,230 --> 00:56:52,559

by melchizedek masters

1347

00:56:59,349 --> 00:56:56,240

who who would come to me

1348

00:57:02,630 --> 00:56:59,359

and um and uh

1349

00:57:03,589 --> 00:57:02,640

download the information so so what i

1350

00:57:06,870 --> 00:57:03,599

became

1351
00:57:09,750 --> 00:57:06,880
after i had a two-year waking process

1352
00:57:13,109 --> 00:57:09,760
with master teachers is what they were

1353
00:57:16,069 --> 00:57:13,119
doing was clearing my vessel

1354
00:57:17,990 --> 00:57:16,079
so that they could therefore start

1355
00:57:19,829 --> 00:57:18,000
imparting the information that i was

1356
00:57:21,750 --> 00:57:19,839
going to write in the autobiography of

1357
00:57:23,430 --> 00:57:21,760
an extraterrestrial saga books because

1358
00:57:25,030 --> 00:57:23,440
it's all about the universe and the

1359
00:57:28,150 --> 00:57:25,040
setup and

1360
00:57:30,710 --> 00:57:28,160
uh how everything works there and

1361
00:57:32,710 --> 00:57:30,720
all about uh the galactarian alignment

1362
00:57:34,710 --> 00:57:32,720
of space peoples and planets about

1363
00:57:36,150 --> 00:57:34,720

meltisa deck the university of

1364

00:57:40,309 --> 00:57:36,160

melchizedek

1365

00:57:44,309 --> 00:57:40,319

um the the greater duality out in the

1366

00:57:47,349 --> 00:57:44,319

uh out in the universe and

1367

00:57:47,910 --> 00:57:47,359

so uh so the melchizedek teachings

1368

00:57:50,950 --> 00:57:47,920

really

1369

00:57:51,670 --> 00:57:50,960

are coming back here they they are one

1370

00:57:55,190 --> 00:57:51,680

of the main

1371

00:57:58,309 --> 00:57:55,200

staples in agartha they each

1372

00:58:02,150 --> 00:57:58,319

city has its own high priest um

1373

00:58:03,750 --> 00:58:02,160

telos uh the high melchizedek priest

1374

00:58:08,150 --> 00:58:03,760

there is a dhamma

1375

00:58:12,549 --> 00:58:08,160

and uh the high priestess there

1376

00:58:15,829 --> 00:58:12,559

uh her name is tara tarara

1377

00:58:16,630 --> 00:58:15,839

and um and then all of the other cities

1378

00:58:20,789 --> 00:58:16,640

have them

1379

00:58:27,589 --> 00:58:24,630

in there there was a a book

1380

00:58:29,589 --> 00:58:27,599

uh done like over a hundred years ago

1381

00:58:34,470 --> 00:58:29,599

called the smoky god

1382

00:58:37,910 --> 00:58:34,480

and this man and his son

1383

00:58:38,870 --> 00:58:37,920

found their way in the boat going

1384

00:58:41,990 --> 00:58:38,880

through the

1385

00:58:43,990 --> 00:58:42,000

the hole and into the inner earth

1386

00:58:45,349 --> 00:58:44,000

and they sort of got lost there they

1387

00:58:48,710 --> 00:58:45,359

were picked up by

1388

00:58:49,990 --> 00:58:48,720

these giants and they were brought and

1389

00:58:51,829 --> 00:58:50,000

they actually lived on the inner

1390

00:58:53,109 --> 00:58:51,839

earth for two years and they talked a

1391

00:58:55,510 --> 00:58:53,119

lot about

1392

00:58:57,670 --> 00:58:55,520

a lot of the same stuff and that they

1393

00:59:00,870 --> 00:58:57,680

were taken to

1394

00:59:04,390 --> 00:59:00,880

um uh one of the main hub

1395

00:59:06,390 --> 00:59:04,400

cities which was called eden and in eden

1396

00:59:10,390 --> 00:59:06,400

they met a high priest

1397

00:59:12,549 --> 00:59:10,400

as well and when um

1398

00:59:13,750 --> 00:59:12,559

admiral richard e byrd went into the

1399

00:59:17,030 --> 00:59:13,760

inner earth

1400

00:59:19,589 --> 00:59:17,040

he also talked of meeting a high priest

1401
00:59:21,510 --> 00:59:19,599
so that's right so here we have several

1402
00:59:22,630 --> 00:59:21,520
confirmations that there are high

1403
00:59:25,750 --> 00:59:22,640
priests

1404
00:59:26,390 --> 00:59:25,760
and priestesses in all of these major

1405
00:59:28,630 --> 00:59:26,400
hubs

1406
00:59:30,710 --> 00:59:28,640
that uh that go throughout the whole

1407
00:59:33,510 --> 00:59:30,720
land of agartha

1408
00:59:33,990 --> 00:59:33,520
and i am such i am such a believer in

1409
00:59:37,030 --> 00:59:34,000
the

1410
00:59:41,990 --> 00:59:37,040
it's

1411
00:59:45,109 --> 00:59:42,000
smokey god that sounds good

1412
00:59:47,829 --> 00:59:45,119
yes it is it is online i looked it up i

1413
00:59:50,069 --> 00:59:47,839

looked it up it's uh it's a really

1414

00:59:52,309 --> 00:59:50,079

really good story i mean the man

1415

00:59:53,750 --> 00:59:52,319

the son the father ended up dying but

1416

00:59:55,030 --> 00:59:53,760

the son when he came back and he told

1417

00:59:57,910 --> 00:59:55,040

him they put him in prison

1418

00:59:58,950 --> 00:59:57,920

for like 30 years uh saying he was

1419

01:00:02,549 --> 00:59:58,960

insane

1420

01:00:04,950 --> 01:00:02,559

wow wow wow that's a big price to pay

1421

01:00:06,710 --> 01:00:04,960

a big price to pay just for talking

1422

01:00:10,150 --> 01:00:06,720

about being on the inner earth

1423

01:00:13,349 --> 01:00:10,160

so yes yeah i i mean it's amazing

1424

01:00:16,470 --> 01:00:13,359

but the main thing with the melchizedek

1425

01:00:19,109 --> 01:00:16,480

is that it is it is

1426

01:00:19,750 --> 01:00:19,119

the melchizedek schooling is taught

1427

01:00:23,589 --> 01:00:19,760

throughout

1428

01:00:27,109 --> 01:00:23,599

agartha and also about the angelic core

1429

01:00:29,109 --> 01:00:27,119

as well so these most of the beings in

1430

01:00:32,789 --> 01:00:29,119

agartha have offended

1431

01:00:33,750 --> 01:00:32,799

some have not and um and those are

1432

01:00:36,630 --> 01:00:33,760

working their way

1433

01:00:37,670 --> 01:00:36,640

towards ascension as well so but they

1434

01:00:40,710 --> 01:00:37,680

but they're

1435

01:00:41,990 --> 01:00:40,720

they're able to be with these fully

1436

01:00:44,390 --> 01:00:42,000

conscious beings and

1437

01:00:46,309 --> 01:00:44,400

to also learn from these great master

1438

01:00:48,309 --> 01:00:46,319

teachers

1439

01:00:49,589 --> 01:00:48,319

so neat and so well it's so well

1440

01:00:52,630 --> 01:00:49,599

explained it's

1441

01:00:54,870 --> 01:00:52,640

epic epic epic work here craig i will

1442

01:00:57,109 --> 01:00:54,880

post a link on where to buy the book

1443

01:00:59,349 --> 01:00:57,119

where can listeners grab more info on

autograph them um social media

1461

01:01:47,270 --> 01:01:46,480

i facebook for a stranger at the

1462

01:01:50,829 --> 01:01:47,280

pentagon

1463

01:01:53,510 --> 01:01:50,839

autobiography of an e.t uh craig

1464

01:01:56,630 --> 01:01:53,520

campobaso and we also have an e.t

1465

01:02:00,069 --> 01:01:56,640

almanac page there and uh

1466

01:02:03,109 --> 01:02:00,079

instagram craig campobaso tehran

1467

01:02:05,190 --> 01:02:03,119

um tehran books and uh

1468

01:02:06,230 --> 01:02:05,200

stranger at the pentagon and the same

1469

01:02:09,589 --> 01:02:06,240

with

1470

01:02:11,750 --> 01:02:09,599

twitter as well so cool i love that

1471

01:02:13,349 --> 01:02:11,760

you're all over the place and all over

1472

01:02:15,270 --> 01:02:13,359

the internet because you kind of have to

1473

01:02:16,950 --> 01:02:15,280

be these days and with a work like this

1474

01:02:17,829 --> 01:02:16,960

which in my opinion is just a work of

1475

01:02:20,230 --> 01:02:17,839

art

1476

01:02:21,990 --> 01:02:20,240

this has to get out so i will post a

1477

01:02:22,710 --> 01:02:22,000

link on where people can buy it and i

1478

01:02:25,510 --> 01:02:22,720

hope we

1479

01:02:27,349 --> 01:02:25,520

get to chat again in the future sir oh i

1480

01:02:29,589 --> 01:02:27,359

would love that this has been fun

1481

01:02:30,789 --> 01:02:29,599

thank you so much for having me have a

1482

01:02:33,589 --> 01:02:30,799

great day take care

1483

01:02:33,990 --> 01:02:33,599

it really is a work of art the amount of

1484

01:02:36,470 --> 01:02:34,000

effort

1485

01:02:37,829 --> 01:02:36,480

and research that's been put into this

1486

01:02:40,549 --> 01:02:37,839

800 page

1487

01:02:42,069 --> 01:02:40,559

plus eight hour listening if you're

1488

01:02:44,390 --> 01:02:42,079

listening on audible

1489

01:02:45,190 --> 01:02:44,400

and if you do the audio book but either

1490

01:02:47,270 --> 01:02:45,200

way i

1491

01:02:48,789 --> 01:02:47,280

actually recommend getting the physical

1492

01:02:51,750 --> 01:02:48,799

book because the

1493

01:02:53,270 --> 01:02:51,760

it would be nice to have the uh all of

1494

01:02:55,190 --> 01:02:53,280

the artists renderings

1495

01:02:56,870 --> 01:02:55,200

which are just fast fascinating just

1496

01:02:59,029 --> 01:02:56,880

absolutely fantastic

1497

01:03:01,109 --> 01:02:59,039

until next time guys keep your eyes to

1498

01:03:18,110 --> 01:03:01,119

the skies feet on the ground but don't

1499

01:03:18,120 --> 01:03:29,430

[Music]

1500

01:03:32,630 --> 01:03:32,309

come blast off in my time machine third

1501
