[Music]

6  
00:00:42,630 --> 00:00:40,399

last off on another episode of hero

7  
00:00:43,990 --> 00:00:42,640

paranormal podcast that's right my name

8  
00:00:45,590 --> 00:00:44,000

00:00:48,150 --> 00:00:45,600

outlaw of the airwaves bringing you

10  
00:00:51,029 --> 00:00:48,160

another vip episode

11  
00:00:52,630 --> 00:00:51,039

just south of area 51 at the base of la

12  
00:00:53,270 --> 00:00:52,640

madre mountain is where we're bringing

13  
00:00:55,590 --> 00:00:53,280

it from

14

00:00:57,670 --> 00:00:55,600

and i'll tell you what the guest today

15

00:00:59,189 --> 00:00:57,680

is somebody who i have wanted to have on

16

00:01:01,670 --> 00:00:59,199

for over a year

17

00:01:03,910 --> 00:01:01,680

he is somebody in the know who seems to

18

00:01:06,149 --> 00:01:03,920

know mostly about everything and

19

00:01:07,510 --> 00:01:06,159

not only that he's a super nice guy i'm

20

00:01:09,910 --> 00:01:07,520

just gonna call him t

21

00:01:12,310 --> 00:01:09,920

for now if we're able to share his name

22

00:01:14,550 --> 00:01:12,320

during the podcast i definitely will

23

00:01:16,550 --> 00:01:14,560

i know that he has some important

24

00:01:17,670 --> 00:01:16,560

clearances that he may or may not be

25

00:01:19,350 --> 00:01:17,680

able to break

26

00:01:21,109 --> 00:01:19,360

so we're going to keep it real and

27

00:01:21,910 --> 00:01:21,119

respect anything that he can't talk

28

00:01:23,670 --> 00:01:21,920

about

29

00:01:25,190 --> 00:01:23,680

with that being said i'm going to try to

30

00:01:27,429 --> 00:01:25,200

take it there wherever

31

00:01:29,190 --> 00:01:27,439

on and everywhere anywhere that he has

32

00:01:31,109 --> 00:01:29,200

any information i'm gonna try to

33

00:01:32,950 --> 00:01:31,119

itch and scratch and try to figure out

34

00:01:35,109 --> 00:01:32,960

what he does know because he is such a

35

00:01:37,190 --> 00:01:35,119

fascinating individual with such

36

00:01:39,510 --> 00:01:37,200

a breadth of knowledge about everything

37

00:01:42,710 --> 00:01:39,520

it's tough to do this stuff you know

54  
00:02:18,949 --> 00:02:16,000  
with kids and and

55  
00:02:20,710 --> 00:02:18,959  
it you know you guys all know how it is

56  
00:02:22,390 --> 00:02:20,720  
scraping away a little time to do your

57  
00:02:24,470 --> 00:02:22,400  
passions well this is what it is

58  
00:02:27,190 --> 00:02:24,480  
and i appreciate those who help me do it

59  
00:02:29,910 --> 00:02:27,200  
so without further ado

60  
00:02:30,869 --> 00:02:29,920  
t welcome to the hero paranormal podcast

61  
00:02:33,190 --> 00:02:30,879  
my man how you been

62  
00:02:35,030 --> 00:02:33,200  
it's been a long time it has it's been a

63  
00:02:37,589 --> 00:02:35,040

really long time

64

00:02:39,589 --> 00:02:37,599

so how are you you know i can't complain

65

00:02:41,190 --> 00:02:39,599

life is good given the fact of every

66

00:02:43,670 --> 00:02:41,200

all the weirdness that has taken place

67

00:02:45,350 --> 00:02:43,680

since since we saw each other last my

68

00:02:46,630 --> 00:02:45,360

gosh the world has been flipped on its

69

00:02:50,150 --> 00:02:46,640

head

70

00:02:53,589 --> 00:02:50,160

i know it's just insanity and then

71

00:02:57,030 --> 00:02:53,599

you know i after i

72

00:02:59,350 --> 00:02:57,040

was down in um in roosevelt

73

00:03:00,949 --> 00:02:59,360

with you the last time you know i went

74

00:03:02,149 --> 00:03:00,959

to work for the back to work for the

75

00:03:03,990 --> 00:03:02,159

government so

76

00:03:05,509 --> 00:03:04,000

oh that's cool i that's what i heard

77

00:03:07,190 --> 00:03:05,519

that you went to nevada i think it was

78

00:03:09,509 --> 00:03:07,200

nevada i couldn't i can't remember

79

00:03:10,949 --> 00:03:09,519

you don't have to say and i want to ask

80

00:03:13,750 --> 00:03:10,959

you too

81

00:03:15,670 --> 00:03:13,760

how do you want me to um you want me to

82

00:03:18,229 --> 00:03:15,680

call you just terrance or just

83

00:03:19,190 --> 00:03:18,239

mr t or how would you like me to call

84

00:03:22,390 --> 00:03:19,200

you call me

85

00:03:25,589 --> 00:03:22,400

yeah call me parents okay great fine

86

00:03:28,869 --> 00:03:25,599

at my age i don't i don't care anymore

87

00:03:30,710 --> 00:03:28,879

you know about anything so you've been

88

00:03:33,509 --> 00:03:30,720

you've been in the game a long time and

89

00:03:36,229 --> 00:03:33,519

i have man so many questions to ask you

90

00:03:37,830 --> 00:03:36,239

and yeah last time we saw each other was

91

00:03:40,390 --> 00:03:37,840

in the uinta basin

92

00:03:41,830 --> 00:03:40,400

and we did encounter i guess some high

93

00:03:43,430 --> 00:03:41,840

strangeness do you want to talk about

94

00:03:46,630 --> 00:03:43,440

that

95

00:03:51,589 --> 00:03:46,640

well if you're talking about the uh

96

00:03:58,789 --> 00:03:55,509

when we went to the uh elders place and

97

00:04:01,589 --> 00:03:58,799

i got kind of got pushed down

98

00:04:03,750 --> 00:04:01,599

i guess you would call it you know

99

00:04:05,350 --> 00:04:03,760

because i was probably taking photos of

100

00:04:09,110 --> 00:04:05,360

something i shouldn't have been

101  
00:04:10,149 --> 00:04:09,120  
anyway that was a wild experience it you

102  
00:04:12,229 --> 00:04:10,159  
i mean i could feel

103  
00:04:13,990 --> 00:04:12,239  
even though i wasn't pushed down or

104  
00:04:15,750 --> 00:04:14,000  
thrown or anything i could feel

105  
00:04:17,670 --> 00:04:15,760  
the energy in that that area it's just

106  
00:04:21,509 --> 00:04:17,680  
so wild up there in the uinta basin

107  
00:04:24,550 --> 00:04:21,519  
the energy was amazing and and

108  
00:04:26,230 --> 00:04:24,560  
you know it just blew me away and it it

109  
00:04:29,749 --> 00:04:26,240  
kind of followed me for a little bit

110  
00:04:32,230 --> 00:04:29,759  
after that you know and um

111  
00:04:33,350 --> 00:04:32,240  
um yeah it was definitely high

112  
00:04:35,110 --> 00:04:33,360  
strangeness

113  
00:04:37,030 --> 00:04:35,120

but that area you know i've been going

114

00:04:38,790 --> 00:04:37,040

down there since been going over there

115

00:04:42,070 --> 00:04:38,800

since

116

00:04:44,710 --> 00:04:42,080

1990 and the things that

117

00:04:45,990 --> 00:04:44,720

have happened there that just blow me

118

00:04:49,590 --> 00:04:46,000

away

119

00:04:52,870 --> 00:04:49,600

you know um

120

00:04:56,390 --> 00:04:52,880

i think the most incredible one was

121

00:04:58,230 --> 00:04:56,400

my friend dan merkley who passed away a

122

00:05:00,629 --> 00:04:58,240

year ago last christmas eve

123

00:05:02,310 --> 00:05:00,639

god bless him yep remember him well he

124

00:05:05,510 --> 00:05:02,320

and i twice

125

00:05:07,430 --> 00:05:05,520

saw a really strange craft

126  
00:05:09,110 --> 00:05:07,440  
because she was a non-believer he just

127  
00:05:10,390 --> 00:05:09,120  
figured it was something different you

128  
00:05:12,310 --> 00:05:10,400  
know

129  
00:05:13,830 --> 00:05:12,320  
when we would watch the lights and do

130  
00:05:15,590 --> 00:05:13,840  
different things because we used to go

131  
00:05:18,150 --> 00:05:15,600  
out there every couple of weeks

132  
00:05:20,710 --> 00:05:18,160  
and stay for a week he had a house in

133  
00:05:24,230 --> 00:05:20,720  
roosevelt

134  
00:05:26,070 --> 00:05:24,240  
and was set

135  
00:05:27,830 --> 00:05:26,080  
vacant that we would take a trailer and

136  
00:05:30,070 --> 00:05:27,840  
go out and sit out there and

137  
00:05:32,550 --> 00:05:30,080  
go exploring and do different things go

138  
00:05:38,070 --> 00:05:32,560

around skinwalker

139

00:05:41,909 --> 00:05:38,080

um but twice we saw

140

00:05:46,469 --> 00:05:41,919

just after that uh

141

00:05:49,350 --> 00:05:46,479

encounter at your place um

142

00:05:51,270 --> 00:05:49,360

we saw we saw this strange i guess you

143

00:05:52,790 --> 00:05:51,280

would call it a craft it was basically

144

00:05:55,909 --> 00:05:52,800

lights

145

00:05:57,670 --> 00:05:55,919

but what was strange about it it had a

146

00:06:00,710 --> 00:05:57,680

couple of green lights

147

00:06:01,749 --> 00:06:00,720

two bright lights on the top and one

148

00:06:04,790 --> 00:06:01,759

extremely

149

00:06:05,990 --> 00:06:04,800

bright red light in a red color that

150

00:06:09,749 --> 00:06:06,000

you've never seen before

151  
00:06:10,469 --> 00:06:09,759  
it just was intense when you tried to

152  
00:06:13,029 --> 00:06:10,479  
look at it

153  
00:06:14,390 --> 00:06:13,039  
and focus on it it was like somebody was

154  
00:06:16,870 --> 00:06:14,400  
shaking your head

155  
00:06:21,110 --> 00:06:16,880  
vibrating your head so you couldn't

156  
00:06:23,350 --> 00:06:21,120  
focus on the craft

157  
00:06:24,230 --> 00:06:23,360  
the second time we saw it was probably a

158  
00:06:28,469 --> 00:06:24,240  
good four

159  
00:06:31,749 --> 00:06:28,479  
four minutes and uh

160  
00:06:35,990 --> 00:06:31,759  
that was just south of uh roosevelt

161  
00:06:38,790 --> 00:06:36,000  
and we were probably a quarter mile away

162  
00:06:39,990 --> 00:06:38,800  
of that and i've never seen anything

163  
00:06:43,110 --> 00:06:40,000

like it before or

164

00:06:43,670 --> 00:06:43,120

since but uh it was pretty interesting

165

00:06:46,790 --> 00:06:43,680

that

166

00:06:48,870 --> 00:06:46,800

when you looked at it it just you know

167

00:06:49,909 --> 00:06:48,880

it was like your eyes started vibrating

168

00:06:51,909 --> 00:06:49,919

in your head

169

00:06:54,950 --> 00:06:51,919

like somebody was shaking your head

170

00:06:58,150 --> 00:06:54,960

extremely right right

171

00:07:01,110 --> 00:06:58,160

and um so definitely

172

00:07:03,830 --> 00:07:01,120

that's probably the most the strangest

173

00:07:07,990 --> 00:07:03,840

encounter i've ever had down there

174

00:07:10,390 --> 00:07:08,000

all the other things pale in comparison

175

00:07:12,309 --> 00:07:10,400

you know those those green and red

176  
00:07:14,830 --> 00:07:12,319  
lights they have been witnessed

177  
00:07:16,070 --> 00:07:14,840  
right around the fort duchesne

178  
00:07:19,270 --> 00:07:16,080  
reservation

179  
00:07:19,749 --> 00:07:19,280  
actually you know and and by many people

180  
00:07:22,150 --> 00:07:19,759  
this is

181  
00:07:22,870 --> 00:07:22,160  
uh red and blue or red and green however

182  
00:07:24,870 --> 00:07:22,880  
you want to

183  
00:07:26,710 --> 00:07:24,880  
you know it's it's really like you said

184  
00:07:28,309 --> 00:07:26,720  
though they kind of it's like a hologram

185  
00:07:30,150 --> 00:07:28,319  
almost the way they can fade out it

186  
00:07:33,029 --> 00:07:30,160  
sounds like

187  
00:07:34,070 --> 00:07:33,039  
yeah and it did it just when it was

188  
00:07:37,350 --> 00:07:34,080

there for a while

189

00:07:40,550 --> 00:07:37,360

and then it just poof it was gone

190

00:07:42,550 --> 00:07:40,560

and at first the first time we saw it

191

00:07:44,070 --> 00:07:42,560

dan thought it was a helicopter because

192

00:07:46,710 --> 00:07:44,080

the helicopter

193

00:07:47,350 --> 00:07:46,720

sometimes would fly over to the medical

194

00:07:52,309 --> 00:07:47,360

center

195

00:07:55,589 --> 00:07:52,319

in roosevelt and

196

00:07:57,029 --> 00:07:55,599

and being around helicopters forever

197

00:07:58,869 --> 00:07:57,039

you know it definitely wasn't a

198

00:08:00,230 --> 00:07:58,879

helicopter because it was a home there

199

00:08:02,390 --> 00:08:00,240

was no noise

200

00:08:04,230 --> 00:08:02,400

and we were close enough if it was a if

201  
00:08:07,749 --> 00:08:04,240  
it was a helicopter

202  
00:08:10,070 --> 00:08:07,759  
you definitely would hear it you know

203  
00:08:11,189 --> 00:08:10,080  
even the military helicopters that are

204  
00:08:14,550 --> 00:08:11,199  
stealth

205  
00:08:17,189 --> 00:08:14,560  
that don't have much noise behind them

206  
00:08:20,629 --> 00:08:17,199  
because they use those special blades

207  
00:08:22,230 --> 00:08:20,639  
which i've had experience with

208  
00:08:24,150 --> 00:08:22,240  
you can still hear them because they

209  
00:08:26,550 --> 00:08:24,160  
make a wishing sound

210  
00:08:27,990 --> 00:08:26,560  
but this was just a constant hum and a

211  
00:08:31,510 --> 00:08:28,000  
vibration

212  
00:08:33,670 --> 00:08:31,520  
it was i don't know i i it's just

213  
00:08:35,909 --> 00:08:33,680

difficult to explain

214

00:08:37,829 --> 00:08:35,919

so cool though and but you're not you

215

00:08:39,190 --> 00:08:37,839

know the nice thing is you're not the

216

00:08:41,829 --> 00:08:39,200

only one and that's

217

00:08:43,509 --> 00:08:41,839

what's neat about that it's it's it's

218

00:08:46,389 --> 00:08:43,519

really cool

219

00:08:47,910 --> 00:08:46,399

well i remember going to we went to uh

220

00:08:49,670 --> 00:08:47,920

marian's and roosevelt

221

00:08:51,110 --> 00:08:49,680

if you know where that is for breakfast

222

00:08:54,710 --> 00:08:51,120

one morning

223

00:08:56,230 --> 00:08:54,720

after that and i you know we were

224

00:08:59,350 --> 00:08:56,240

sitting at the counter and i was

225

00:09:00,550 --> 00:08:59,360

talking with my friend dan about it and

226

00:09:02,230 --> 00:09:00,560

some other people came

227

00:09:04,150 --> 00:09:02,240

in and over here heard us talking and

228

00:09:05,750 --> 00:09:04,160

they said that they saw the same thing

229

00:09:11,590 --> 00:09:05,760

so

230

00:09:13,590 --> 00:09:11,600

i wanted to ask you since you kind of

231

00:09:14,470 --> 00:09:13,600

mentioned it's not an isolated

232

00:09:16,710 --> 00:09:14,480

experience there's

233

00:09:19,030 --> 00:09:16,720

other areas too and i want to get into

234

00:09:21,110 --> 00:09:19,040

the felt blades that you mentioned

235

00:09:22,870 --> 00:09:21,120

too before i forget but there's other

236

00:09:24,790 --> 00:09:22,880

areas where they feel this stuff too and

237

00:09:25,990 --> 00:09:24,800

they usually think there's portals and

238

00:09:28,710 --> 00:09:26,000

stuff like that

239

00:09:30,790 --> 00:09:28,720

have you had any experience in any any

240

00:09:33,350 --> 00:09:30,800

like other areas where you've had

241

00:09:34,550 --> 00:09:33,360

you know where this type of stuff is

242

00:09:38,470 --> 00:09:34,560

seem you know

243

00:09:40,710 --> 00:09:38,480

to takes place well

244

00:09:42,790 --> 00:09:40,720

you can see you can experience that

245

00:09:44,550 --> 00:09:42,800

anywhere in the basin as you well know i

246

00:09:47,829 --> 00:09:44,560

mean anywhere along the ridge

247

00:09:49,990 --> 00:09:47,839

in walker ridge you know

248

00:09:52,630 --> 00:09:50,000

it's isolated you know there's an

249

00:09:56,310 --> 00:09:52,640

isolated point of skin walker but

250

00:09:58,470 --> 00:09:56,320

that entire area is

251  
00:10:00,470 --> 00:09:58,480  
my main experiences that i've had

252  
00:10:02,630 --> 00:10:00,480  
haven't been around the ranch as much as

253  
00:10:07,030 --> 00:10:02,640  
it's been

254  
00:10:10,069 --> 00:10:07,040  
just in different areas um

255  
00:10:12,710 --> 00:10:10,079  
so you see them all over the

256  
00:10:14,310 --> 00:10:12,720  
the most experiences i've had with

257  
00:10:15,910 --> 00:10:14,320  
things like that though has been in the

258  
00:10:18,150 --> 00:10:15,920  
west utah desert

259  
00:10:19,110 --> 00:10:18,160  
if that's what you're referring to so it

260  
00:10:20,550 --> 00:10:19,120  
kind of was

261  
00:10:22,310 --> 00:10:20,560  
yeah that's kind of where i was going

262  
00:10:24,870 --> 00:10:22,320  
with that you you kind of since

263  
00:10:25,829 --> 00:10:24,880

i lived there lived right next to the

264

00:10:29,350 --> 00:10:25,839

utpr

265

00:10:33,509 --> 00:10:29,360

in dugway for 35 years

266

00:10:36,389 --> 00:10:33,519

and uh contracted with a couple of uh

267

00:10:38,310 --> 00:10:36,399

companies that did communications out

268

00:10:41,829 --> 00:10:38,320

there

269

00:10:44,069 --> 00:10:41,839

um yeah i've had some really strange

270

00:10:48,550 --> 00:10:44,079

experiences out there even

271

00:10:51,829 --> 00:10:48,560

crazier than that crafted down and i saw

272

00:10:56,550 --> 00:10:55,390

and my wife was with me on two occasions

273

00:11:00,230 --> 00:10:56,560

[Music]

274

00:11:04,230 --> 00:11:00,240

where we had experiences with orbs

275

00:11:07,269 --> 00:11:04,240

um and of course

276  
00:11:07,750 --> 00:11:07,279  
you've got a picture of what appears to

277  
00:11:11,030 --> 00:11:07,760  
be an

278  
00:11:15,269 --> 00:11:11,040  
orb in the back of your place

279  
00:11:19,509 --> 00:11:15,279  
right right yeah something like that

280  
00:11:21,590 --> 00:11:19,519  
but uh yeah there's uh

281  
00:11:23,590 --> 00:11:21,600  
there's definitely high strangeness out

282  
00:11:28,470 --> 00:11:23,600  
there i'll tell you

283  
00:11:31,509 --> 00:11:28,480  
you know you've i've i've seen um

284  
00:11:32,949 --> 00:11:31,519  
running the craft on the ground

285  
00:11:35,190 --> 00:11:32,959  
being out on the range when they

286  
00:11:37,990 --> 00:11:35,200  
shouldn't have been

287  
00:11:39,509 --> 00:11:38,000  
and uh if you've ever been out there

288  
00:11:41,030 --> 00:11:39,519

there's these mounds

289

00:11:42,550 --> 00:11:41,040

you know there's just a standard thing

290

00:11:46,630 --> 00:11:42,560

that you run into in the desert

291

00:11:50,470 --> 00:11:46,640

and i'll go back to the very first

292

00:11:54,470 --> 00:11:50,480

one that really got to me and it was

293

00:11:57,509 --> 00:11:54,480

part of a thing called project bluebeam

294

00:12:00,310 --> 00:11:57,519

that the university of utah was

295

00:12:00,710 --> 00:12:00,320

working out working on out on the range

296

00:12:03,750 --> 00:12:00,720

and

297

00:12:08,949 --> 00:12:06,629

we were just out cruising around man a

298

00:12:13,190 --> 00:12:08,959

friend of mine

299

00:12:16,949 --> 00:12:13,200

and in the one section out there on the

300

00:12:18,389 --> 00:12:16,959

on the range you uh

301  
00:12:20,870 --> 00:12:18,399  
went around the corner because we could

302  
00:12:24,310 --> 00:12:20,880  
see a glow behind one of the

303  
00:12:24,710 --> 00:12:24,320  
one of the hills went around the corner

304  
00:12:26,629 --> 00:12:24,720  
and

305  
00:12:27,910 --> 00:12:26,639  
there was all these guys out there with

306  
00:12:31,350 --> 00:12:27,920  
equipment and

307  
00:12:32,710 --> 00:12:31,360  
setting things up but there was also a

308  
00:12:37,509 --> 00:12:32,720  
craft off into the

309  
00:12:39,910 --> 00:12:37,519  
distance part of plot project bluebeam

310  
00:12:41,269 --> 00:12:39,920  
but it was just a glowing fiery horn

311  
00:12:43,829 --> 00:12:41,279  
kind of saucy shape

312  
00:12:45,190 --> 00:12:43,839  
but round on the edges and just kind of

313  
00:12:47,190 --> 00:12:45,200

uh

314

00:12:48,550 --> 00:12:47,200

it was pretty strange and you could feel

315

00:12:52,069 --> 00:12:48,560

it

316

00:12:56,310 --> 00:12:52,079

that was probably a half a mile

317

00:12:58,230 --> 00:12:56,320

away wow but uh

318

00:12:59,990 --> 00:12:58,240

if you've spent any time at all out

319

00:13:02,790 --> 00:13:00,000

there

320

00:13:03,829 --> 00:13:02,800

you've definitely run into things off

321

00:13:07,430 --> 00:13:03,839

and on i'm

322

00:13:09,590 --> 00:13:07,440

used to going to salt lake and

323

00:13:10,550 --> 00:13:09,600

work with a model railroad club on

324

00:13:12,790 --> 00:13:10,560

weekends and

325

00:13:14,310 --> 00:13:12,800

coming back and come back really late at

326

00:13:17,110 --> 00:13:14,320

night i'd leave it at 12

327

00:13:18,829 --> 00:13:17,120

1 o'clock in the morning and drive back

328

00:13:21,110 --> 00:13:18,839

to

329

00:13:23,670 --> 00:13:21,120

wendover and

330

00:13:25,269 --> 00:13:23,680

i would get this urge to stop at the

331

00:13:27,990 --> 00:13:25,279

eagle range

332

00:13:30,069 --> 00:13:28,000

exit which is actually called grassy

333

00:13:33,269 --> 00:13:30,079

knolls by

334

00:13:36,069 --> 00:13:33,279

state highway department but

335

00:13:39,430 --> 00:13:36,079

a uh of times there you would i would

336

00:13:41,189 --> 00:13:39,440

stop pull off go on a dirt road

337

00:13:42,629 --> 00:13:41,199

just to take a little break and get out

338

00:13:45,269 --> 00:13:42,639

and look at the stars to

339

00:13:46,310 --> 00:13:45,279

do that i like to do that often love

340

00:13:48,310 --> 00:13:46,320

that and

341

00:13:49,509 --> 00:13:48,320

you would feel all of the hair on your

342

00:13:52,310 --> 00:13:49,519

arms would start

343

00:13:53,829 --> 00:13:52,320

your hair and everything would start to

344

00:13:56,710 --> 00:13:53,839

stand up

345

00:13:59,910 --> 00:13:56,720

and the whole all the mountains around

346

00:14:04,230 --> 00:14:01,829

you couldn't see anything but you could

347

00:14:05,750 --> 00:14:04,240

feel it the energy would just vibrate

348

00:14:09,509 --> 00:14:05,760

through your body

349

00:14:14,949 --> 00:14:13,030

and the light would be kind of

350

00:14:16,550 --> 00:14:14,959

like a moonlight but there's no moon in

351  
00:14:16,870 --> 00:14:16,560  
the sky and it would just kind of things

352  
00:14:21,990 --> 00:14:16,880  
would

353  
00:14:24,870 --> 00:14:22,000  
light up and and the way you go

354  
00:14:27,829 --> 00:14:24,880  
and you you it was enough to kind of

355  
00:14:30,069 --> 00:14:27,839  
instill a little bit of fear in you so

356  
00:14:31,910 --> 00:14:30,079  
i used to just be worried that i was

357  
00:14:33,110 --> 00:14:31,920  
gonna be abducted or something and would

358  
00:14:36,230 --> 00:14:33,120  
just get in my car and

359  
00:14:38,389 --> 00:14:36,240  
get that cattle and it's so

360  
00:14:40,150 --> 00:14:38,399  
desolate out there like you said it it

361  
00:14:43,110 --> 00:14:40,160  
doesn't take oh it is yeah

362  
00:14:44,470 --> 00:14:43,120  
yeah well in the old days you know they

363  
00:14:48,870 --> 00:14:44,480

used to have uh

364

00:14:51,189 --> 00:14:48,880

air force used to go up and down i-15

365

00:14:52,150 --> 00:14:51,199

with their lights flashing to make sure

366

00:14:55,750 --> 00:14:52,160

nobody got off

367

00:14:57,269 --> 00:14:55,760

off the exits at knolls and dragonite

368

00:15:02,310 --> 00:14:57,279

and

369

00:15:05,910 --> 00:15:02,320

dugway

370

00:15:09,269 --> 00:15:05,920

and they would block off the exits

371

00:15:10,949 --> 00:15:09,279

and the on-ramps and guard the area

372

00:15:11,910 --> 00:15:10,959

whenever they were doing something out

373

00:15:14,949 --> 00:15:11,920

there

374

00:15:17,990 --> 00:15:14,959

you would see things like like a

375

00:15:18,949 --> 00:15:18,000

blue laser light that would just shoot

376

00:15:21,110 --> 00:15:18,959

up straight up to

377

00:15:22,470 --> 00:15:21,120

clouds things like that you'd see stuff

378

00:15:26,150 --> 00:15:22,480

like that all the time

379

00:15:28,949 --> 00:15:26,160

wow but um and

380

00:15:30,710 --> 00:15:28,959

most people they just they don't pay

381

00:15:31,269 --> 00:15:30,720

attention to things so they never see

382

00:15:33,030 --> 00:15:31,279

that

383

00:15:34,629 --> 00:15:33,040

you know when you tell people well did

384

00:15:36,069 --> 00:15:34,639

you see that the other night you just

385

00:15:40,150 --> 00:15:36,079

think you're nuts but

386

00:15:43,430 --> 00:15:40,160

right i've just always been observant so

387

00:15:45,110 --> 00:15:43,440

but the strangest thing i think i ran

388

00:15:48,710 --> 00:15:45,120

into out on the west desert

389

00:15:50,150 --> 00:15:48,720

and i kind of tie it to a little known

390

00:15:54,069 --> 00:15:50,160

project

391

00:15:58,150 --> 00:15:54,079

they give me no

392

00:16:02,389 --> 00:15:58,160

gay hanger out there with dr robert goku

393

00:16:04,230 --> 00:16:02,399

when and the official

394

00:16:05,590 --> 00:16:04,240

thing that they say and it was a right

395

00:16:07,670 --> 00:16:05,600

path

396

00:16:10,310 --> 00:16:07,680

like patterson air force base uh

397

00:16:12,629 --> 00:16:10,320

sponsored project

398

00:16:14,710 --> 00:16:12,639

through their uh foreign technologies

399

00:16:17,910 --> 00:16:14,720

division

400

00:16:19,430 --> 00:16:17,920

and i used to go down and help him out a

401  
00:16:21,990 --> 00:16:19,440  
little bit that was the first time i'd

402  
00:16:25,030 --> 00:16:22,000  
gone to that area

403  
00:16:28,790 --> 00:16:25,040  
and he was working on a plasma

404  
00:16:31,030 --> 00:16:28,800  
project not not the ball lightning that

405  
00:16:34,150 --> 00:16:31,040  
that's officially listed as what what

406  
00:16:37,590 --> 00:16:34,160  
the tesla project was about

407  
00:16:41,269 --> 00:16:37,600  
and uh years later

408  
00:16:44,310 --> 00:16:41,279  
this goes back to 2013

409  
00:16:46,310 --> 00:16:44,320  
my wife and i we used to go out drive

410  
00:16:48,629 --> 00:16:46,320  
out on old highway 40 go across the

411  
00:16:50,790 --> 00:16:48,639  
tracks and go out on the range because

412  
00:16:53,350 --> 00:16:50,800  
on day so it'd be just a nice little

413  
00:16:56,870 --> 00:16:53,360

walk out there

414

00:16:58,230 --> 00:16:56,880

uh one time we were out there the first

415

00:17:01,189 --> 00:16:58,240

time

416

00:17:02,870 --> 00:17:01,199

my wife i was paying attention to

417

00:17:04,789 --> 00:17:02,880

something else and my wife says what the

418

00:17:08,710 --> 00:17:04,799

heck is this

419

00:17:11,909 --> 00:17:08,720

i turn around and here come two plasma

420

00:17:15,590 --> 00:17:11,919

yes orbs i call them plasma balls

421

00:17:17,429 --> 00:17:15,600

everybody else calls them orbs but

422

00:17:18,789 --> 00:17:17,439

they come streaming across the desert

423

00:17:22,789 --> 00:17:18,799

about six

424

00:17:24,949 --> 00:17:22,799

eight feet off the ground it's gorgeous

425

00:17:27,270 --> 00:17:24,959

when we first she first spotted them and

426

00:17:29,350 --> 00:17:27,280

they were quite a distance away

427

00:17:31,750 --> 00:17:29,360

they came up to about 10 feet in front

428

00:17:37,669 --> 00:17:35,110

two of them they're larger than about

429

00:17:40,390 --> 00:17:37,679

double the size of a basketball

430

00:17:41,830 --> 00:17:40,400

and they you when you look at it it's a

431

00:17:45,190 --> 00:17:41,840

purplish

432

00:17:48,549 --> 00:17:45,200

it's plasma if you've ever seen

433

00:17:49,669 --> 00:17:48,559

plasma generated in a vacuum that's what

434

00:17:53,990 --> 00:17:49,679

they look like

435

00:18:00,070 --> 00:17:55,909

anyway the day we were out there that

436

00:18:02,470 --> 00:18:00,080

time it was lunch time

437

00:18:04,230 --> 00:18:02,480

my wife she was just in awe she was just

438

00:18:05,270 --> 00:18:04,240

going what the what are these what are

439

00:18:08,390 --> 00:18:05,280

these and i

440

00:18:09,669 --> 00:18:08,400

i didn't say anything but they just sat

441

00:18:12,870 --> 00:18:09,679

there

442

00:18:14,150 --> 00:18:12,880

and the next thing i remember is they

443

00:18:15,990 --> 00:18:14,160

shot up about

444

00:18:17,270 --> 00:18:16,000

20 feet in the air and then took off to

445

00:18:18,870 --> 00:18:17,280

the south

446

00:18:21,110 --> 00:18:18,880

they came from the east when they

447

00:18:24,710 --> 00:18:21,120

approached us

448

00:18:25,270 --> 00:18:24,720

and what i remember most is on the drive

449

00:18:27,110 --> 00:18:25,280

home

450

00:18:30,549 --> 00:18:27,120

we had gone out there at lunch time and

451  
00:18:34,150 --> 00:18:30,559  
on the drive home the sun was going down

452  
00:18:36,789 --> 00:18:34,160  
so there was a period of a relaxed

453  
00:18:37,750 --> 00:18:36,799  
time that went from about one o'clock in

454  
00:18:39,909 --> 00:18:37,760  
the afternoon

455  
00:18:41,350 --> 00:18:39,919  
and this was summertime so the sun went

456  
00:18:45,110 --> 00:18:41,360  
down at about

457  
00:18:47,990 --> 00:18:45,120  
nine o'clock at night whoa

458  
00:18:48,789 --> 00:18:48,000  
and uh driving home my wife was in a

459  
00:18:51,029 --> 00:18:48,799  
daze

460  
00:18:52,710 --> 00:18:51,039  
and i kept asking her what how she felt

461  
00:18:56,870 --> 00:18:52,720  
she didn't respond to me at

462  
00:18:59,190 --> 00:18:56,880  
all and when we got home

463  
00:19:01,990 --> 00:18:59,200

you know i started talking to her about

464

00:19:05,430 --> 00:19:02,000

it she couldn't remember

465

00:19:06,870 --> 00:19:05,440

what happens the the two alarms

466

00:19:07,990 --> 00:19:06,880

approaching us at all she didn't

467

00:19:10,070 --> 00:19:08,000

remember it

468

00:19:11,350 --> 00:19:10,080

she just thought that we'd just driven

469

00:19:13,830 --> 00:19:11,360

out there and she didn't even know we

470

00:19:17,110 --> 00:19:13,840

gotta have a call

471

00:19:17,430 --> 00:19:17,120

but i distinctly remember that the two

472

00:19:22,390 --> 00:19:17,440

of

473

00:19:25,270 --> 00:19:22,400

and going up into the air

474

00:19:27,190 --> 00:19:25,280

and taking off at a high rate of speed

475

00:19:30,630 --> 00:19:27,200

to the south

476

00:19:33,110 --> 00:19:30,640

and it dawned on me later that

477

00:19:36,470 --> 00:19:33,120

hey you know there's a lapse of time

478

00:19:39,830 --> 00:19:36,480

from when we went out there at lunchtime

479

00:19:43,270 --> 00:19:39,840

to when we got home it had been about

480

00:19:46,549 --> 00:19:43,280

four or five six hours holy

481

00:19:48,549 --> 00:19:46,559

between the time that i remember

482

00:19:49,590 --> 00:19:48,559

seeing those two orbs in front of us and

483

00:19:51,909 --> 00:19:49,600

then

484

00:19:53,909 --> 00:19:51,919

it's orbs going up and shooting off to

485

00:19:54,630 --> 00:19:53,919

the south and then driving home the sun

486

00:19:57,909 --> 00:19:54,640

was

487

00:19:59,830 --> 00:19:57,919

just above the mountains to the west

488

00:20:02,230 --> 00:19:59,840

so we definitely lost some time and the

489

00:20:05,350 --> 00:20:02,240

second time that that happened to us

490

00:20:08,470 --> 00:20:05,360

was about the same location

491

00:20:12,070 --> 00:20:08,480

and um

492

00:20:17,430 --> 00:20:15,190

i'm giving away a little getting trouble

493

00:20:19,110 --> 00:20:17,440

trespassing but i was actually on the

494

00:20:22,149 --> 00:20:19,120

railroad tracks

495

00:20:27,350 --> 00:20:22,159

okay and i'd climb i'd climbed up

496

00:20:33,669 --> 00:20:31,029

for the rail of the railroad signal

497

00:20:35,190 --> 00:20:33,679

and was coming down and my wife again

498

00:20:37,669 --> 00:20:35,200

she said look

499

00:20:40,310 --> 00:20:37,679

she was yelling at me and i went over to

500

00:20:43,590 --> 00:20:40,320

where she was out on the

501  
00:20:46,950 --> 00:20:43,600  
desert there about

502  
00:20:48,870 --> 00:20:46,960  
just 100 yards from railroad tracks

503  
00:20:51,029 --> 00:20:48,880  
and she had spotted them way off and

504  
00:20:53,830 --> 00:20:51,039  
they were two small little dots at that

505  
00:20:55,750 --> 00:20:53,840  
time and they came up to us again

506  
00:20:58,390 --> 00:20:55,760  
and it was this almost the same

507  
00:21:01,830 --> 00:20:58,400  
experience all over again

508  
00:21:04,149 --> 00:21:01,840  
only that time it wasn't it was only a

509  
00:21:06,870 --> 00:21:04,159  
couple of hours

510  
00:21:07,909 --> 00:21:06,880  
probably and but the same thing happened

511  
00:21:09,909 --> 00:21:07,919  
to her

512  
00:21:11,590 --> 00:21:09,919  
when we got home she could she could

513  
00:21:12,870 --> 00:21:11,600

remember the orbs

514

00:21:15,830 --> 00:21:12,880

coming up to her but she couldn't

515

00:21:17,669 --> 00:21:15,840

remember anything pasta

516

00:21:18,950 --> 00:21:17,679

remember getting in the car and driving

517

00:21:22,470 --> 00:21:18,960

home

518

00:21:24,310 --> 00:21:22,480

man wild plasma projects

519

00:21:25,750 --> 00:21:24,320

foreign technology division tesla

520

00:21:27,510 --> 00:21:25,760

project this is wild

521

00:21:29,270 --> 00:21:27,520

and then when you said knolls and

522

00:21:30,310 --> 00:21:29,280

aragonite i always say that wrong

523

00:21:34,710 --> 00:21:30,320

aragonite

524

00:21:36,390 --> 00:21:34,720

that that area is wild oh yeah

525

00:21:38,070 --> 00:21:36,400

there's a lot of things that if you know

526  
00:21:39,909 --> 00:21:38,080  
any of the people that have worked out

527  
00:21:43,270 --> 00:21:39,919  
there when they put those facilities

528  
00:21:45,909 --> 00:21:43,280  
in it's it's kind of a

529  
00:21:47,029 --> 00:21:45,919  
strange thing and the guy who started it

530  
00:21:51,990 --> 00:21:47,039  
all was a

531  
00:21:55,190 --> 00:21:52,000  
guy named seminani who built it for uh

532  
00:21:59,350 --> 00:21:55,200  
for a toxic waste dump

533  
00:22:01,750 --> 00:21:59,360  
and then union pacific court built a

534  
00:22:03,990 --> 00:22:01,760  
fern plant there that never really was a

535  
00:22:08,950 --> 00:22:04,000  
burn plant

536  
00:22:12,549 --> 00:22:08,960  
at uh just uh east of knolls there

537  
00:22:15,590 --> 00:22:12,559  
but it's also the it's also the northern

538  
00:22:17,590 --> 00:22:15,600

gateway into dugway

539

00:22:19,750 --> 00:22:17,600

so if you go out there you're usually

540

00:22:21,270 --> 00:22:19,760

met with security people and they won't

541

00:22:22,870 --> 00:22:21,280

let you drive any further out on the

542

00:22:26,710 --> 00:22:22,880

road

543

00:22:29,430 --> 00:22:26,720

uh it's kind of like area 51.

544

00:22:30,310 --> 00:22:29,440

if you've ever been to that gate there's

545

00:22:34,390 --> 00:22:30,320

always

546

00:22:36,470 --> 00:22:34,400

somebody shows up and turns you away

547

00:22:39,270 --> 00:22:36,480

you're so right about that gosh it's

548

00:22:41,510 --> 00:22:39,280

like in immediate force

549

00:22:42,789 --> 00:22:41,520

but uh it's been when they first started

550

00:22:44,470 --> 00:22:42,799

building that facility

551  
00:22:46,390 --> 00:22:44,480  
we used to drive out there because

552  
00:22:49,750 --> 00:22:46,400  
there's a

553  
00:22:51,430 --> 00:22:49,760  
couple of dirt roads the security used

554  
00:22:53,350 --> 00:22:51,440  
to be pretty lacks out there and you

555  
00:22:53,990 --> 00:22:53,360  
could drive around on the range and not

556  
00:22:58,549 --> 00:22:54,000  
get in trouble

557  
00:23:02,230 --> 00:22:58,559  
in fact i used to go out there and get

558  
00:23:03,350 --> 00:23:02,240  
you know all the military artifacts and

559  
00:23:05,990 --> 00:23:03,360  
everything from

560  
00:23:07,350 --> 00:23:06,000  
from tests you know you'd find them

561  
00:23:10,789 --> 00:23:07,360  
laying on the ground and

562  
00:23:13,669 --> 00:23:10,799  
i'd collected them and dragged them home

563  
00:23:15,350 --> 00:23:13,679

even got a test bomb for the enola gay

564

00:23:18,630 --> 00:23:15,360

at one time

565

00:23:21,990 --> 00:23:18,640

and we drug it into wendover and

566

00:23:23,909 --> 00:23:22,000

i had pork douglas on my back over

567

00:23:25,909 --> 00:23:23,919

that one he thought it was a live

568

00:23:28,549 --> 00:23:25,919

ordinance but uh

569

00:23:29,909 --> 00:23:28,559

that's another story for another time

570

00:23:31,590 --> 00:23:29,919

yeah

571

00:23:33,590 --> 00:23:31,600

if you don't mind me going back i wanted

572

00:23:35,430 --> 00:23:33,600

to get back to that cool laser that you

573

00:23:36,710 --> 00:23:35,440

said people see going up and down i just

574

00:23:38,950 --> 00:23:36,720

had to mention this

575

00:23:40,950 --> 00:23:38,960

you probably know dave rosenfelder some

576

00:23:43,350 --> 00:23:40,960

some of our listeners might but

577

00:23:44,470 --> 00:23:43,360

he got a picture of something similar to

578

00:23:46,230 --> 00:23:44,480

that so i mean again

579

00:23:48,950 --> 00:23:46,240

something that more than one person said

580

00:23:50,310 --> 00:23:48,960

yeah you could see it from wandover if

581

00:23:52,549 --> 00:23:50,320

you were

582

00:23:54,230 --> 00:23:52,559

i used to go at nighttime watch the

583

00:23:56,149 --> 00:23:54,240

sunset

584

00:23:57,909 --> 00:23:56,159

and a couple of hours later you know you

585

00:23:59,350 --> 00:23:57,919

would sit there and all of a sudden bang

586

00:24:02,390 --> 00:23:59,360

this thing would just shoot up through

587

00:24:05,430 --> 00:24:02,400

the clouds and it was extremely bright

588

00:24:07,269 --> 00:24:05,440

i get like yeah just working around that

589

00:24:09,190 --> 00:24:07,279

technology

590

00:24:12,870 --> 00:24:09,200

with the tesla project and a few other

591

00:24:16,870 --> 00:24:12,880

things it definitely wasn't the laser

592

00:24:19,590 --> 00:24:16,880

um and i really don't know what it is i

593

00:24:22,710 --> 00:24:19,600

can only speculate

594

00:24:24,630 --> 00:24:22,720

but uh you used to see adam

595

00:24:26,470 --> 00:24:24,640

for a period of time quite you know

596

00:24:27,990 --> 00:24:26,480

quite a bit

597

00:24:29,430 --> 00:24:28,000

you know where you'd just be sitting

598

00:24:31,350 --> 00:24:29,440

there and all of a sudden dang this

599

00:24:33,029 --> 00:24:31,360

thing would just shoot up off the desert

600

00:24:37,430 --> 00:24:33,039

floor

601  
00:24:40,950 --> 00:24:37,440  
um and uh

602  
00:24:43,350 --> 00:24:40,960  
yeah i i know who dave is but

603  
00:24:45,110 --> 00:24:43,360  
you know just by people telling me who

604  
00:24:46,070 --> 00:24:45,120  
he is but i've never met him or talked

605  
00:24:48,070 --> 00:24:46,080  
to him or

606  
00:24:49,269 --> 00:24:48,080  
i really don't know much about what he

607  
00:24:51,190 --> 00:24:49,279  
does but

608  
00:24:53,190 --> 00:24:51,200  
yeah he's out there quite a bit well you

609  
00:24:54,549 --> 00:24:53,200  
know on the outsides the outskirts

610  
00:24:56,950 --> 00:24:54,559  
a lot of the areas you're mentioning

611  
00:24:58,390 --> 00:24:56,960  
knolls and i wanted to ask you about the

612  
00:25:00,789 --> 00:24:58,400  
round edges on

613  
00:25:01,830 --> 00:25:00,799

like ufos that you have seen do they

614

00:25:03,990 --> 00:25:01,840

ever look like

615

00:25:06,310 --> 00:25:04,000

you know like the lazar ufo is that what

616

00:25:09,269 --> 00:25:06,320

kind of or is it different

617

00:25:09,590 --> 00:25:09,279

no no no well i've seen similar ones to

618

00:25:12,950 --> 00:25:09,600

the

619

00:25:14,870 --> 00:25:12,960

lasaru ufo i mean we used to go

620

00:25:17,029 --> 00:25:14,880

when i lived in vegas and worked down

621

00:25:20,230 --> 00:25:17,039

vegas we used to go up

622

00:25:20,630 --> 00:25:20,240

before i even knew who lazar was or knew

623

00:25:23,590 --> 00:25:20,640

what

624

00:25:24,950 --> 00:25:23,600

was going on they got tips from people

625

00:25:26,789 --> 00:25:24,960

we would go up and

626

00:25:28,789 --> 00:25:26,799

sit on a certain ridge and you'd watch

627

00:25:32,390 --> 00:25:28,799

the lights

628

00:25:34,230 --> 00:25:32,400

and i love it so you'd watch the

629

00:25:36,630 --> 00:25:34,240

crap go and every once in a while you'd

630

00:25:39,909 --> 00:25:36,640

get one that would buzz you

631

00:25:42,470 --> 00:25:39,919

i figured those were just something that

632

00:25:46,310 --> 00:25:42,480

we were experimenting with

633

00:25:50,470 --> 00:25:46,320

our government and

634

00:25:52,230 --> 00:25:50,480

those were similar to this lazar ufo

635

00:25:55,269 --> 00:25:52,240

but the ones that i've seen out on the

636

00:25:57,669 --> 00:25:55,279

uh west desert

637

00:25:58,710 --> 00:25:57,679

there were a bright orange you couldn't

638

00:26:01,830 --> 00:25:58,720

define the

639

00:26:05,510 --> 00:26:01,840

edges the bottom part would be

640

00:26:08,630 --> 00:26:05,520

kind of like a boomerang

641

00:26:10,630 --> 00:26:08,640

rounded edges then with a little bubble

642

00:26:13,029 --> 00:26:10,640

on top of it and you couldn't

643

00:26:15,029 --> 00:26:13,039

really tell what was going on with it

644

00:26:16,549 --> 00:26:15,039

because they were bright

645

00:26:18,950 --> 00:26:16,559

bright orange it was almost like they

646

00:26:22,390 --> 00:26:18,960

were on fire

647

00:26:30,630 --> 00:26:26,149

that's cool you'd see it long

648

00:26:32,950 --> 00:26:30,640

when i first went out there early 80s

649

00:26:34,630 --> 00:26:32,960

and used to go out there's an old

650

00:26:38,070 --> 00:26:34,640

railroad bed that would go out

651  
00:26:39,590 --> 00:26:38,080  
to gold hill and it goes through the

652  
00:26:42,390 --> 00:26:39,600  
range

653  
00:26:44,710 --> 00:26:42,400  
and every once in a while you would see

654  
00:26:47,110 --> 00:26:44,720  
off in the distance you would see

655  
00:26:48,230 --> 00:26:47,120  
crap that were like that that would they

656  
00:26:51,110 --> 00:26:48,240  
were just lit up

657  
00:26:51,669 --> 00:26:51,120  
you know they were bright they weren't

658  
00:26:57,430 --> 00:26:51,679  
did you

659  
00:27:02,310 --> 00:26:59,750  
it's just difficult to explain similar

660  
00:27:06,230 --> 00:27:02,320  
to the plasma balls only

661  
00:27:10,149 --> 00:27:06,240  
a lot larger yeah and probably about

662  
00:27:13,190 --> 00:27:10,159  
30 40 feet in diameter

663  
00:27:16,710 --> 00:27:13,200

12 to 18 feet thick

664

00:27:19,669 --> 00:27:16,720

um would be my estimate

665

00:27:19,990 --> 00:27:19,679

but and then there was just a period of

666

00:27:21,909 --> 00:27:20,000

maybe

667

00:27:23,590 --> 00:27:21,919

a couple years where i saw those and

668

00:27:27,269 --> 00:27:23,600

then you never

669

00:27:30,630 --> 00:27:27,279

ever saw him again just didn't

670

00:27:32,870 --> 00:27:30,640

ever see him again after that

671

00:27:34,789 --> 00:27:32,880

but the lights you see lights all the

672

00:27:38,630 --> 00:27:34,799

time come up off the desert floor

673

00:27:41,110 --> 00:27:38,640

scoot across the and just disappear

674

00:27:42,310 --> 00:27:41,120

so cool they go at a high rate of speed

675

00:27:48,070 --> 00:27:42,320

shoot off in

676

00:27:49,830 --> 00:27:48,080

one direction or another um

677

00:27:52,470 --> 00:27:49,840

completely different and just a little

678

00:27:54,710 --> 00:27:52,480

antidote to that

679

00:27:56,070 --> 00:27:54,720

you went you used to go shopping when

680

00:27:58,630 --> 00:27:56,080

you live out in the middle of nowhere

681

00:28:01,269 --> 00:27:58,640

you go shopping in salt lake or

682

00:28:03,269 --> 00:28:01,279

idaho or other places and you usually go

683

00:28:05,269 --> 00:28:03,279

once a week

684

00:28:07,350 --> 00:28:05,279

on the way back we would always be late

685

00:28:11,669 --> 00:28:07,360

and always stop at the rest area

686

00:28:16,070 --> 00:28:11,679

at uh at aragonite

687

00:28:18,870 --> 00:28:16,080

and uh there was about

688

00:28:21,590 --> 00:28:18,880

two three four year period where all the

689

00:28:24,230 --> 00:28:21,600

guys from a flight line

690

00:28:26,549 --> 00:28:24,240

at hill air force base would all be

691

00:28:29,669 --> 00:28:26,559

sitting up on their cars up on the hill

692

00:28:31,510 --> 00:28:29,679

in the parking lot drinking beer

693

00:28:34,549 --> 00:28:31,520

and a couple of times i went up to ask

694

00:28:36,470 --> 00:28:34,559

them what was going on

695

00:28:39,110 --> 00:28:36,480

and that's how i found out they were

696

00:28:41,269 --> 00:28:39,120

from hill air force base

697

00:28:42,870 --> 00:28:41,279

air force guys off the flight line

698

00:28:44,549 --> 00:28:42,880

they'd say well we're just come to look

699

00:28:46,230 --> 00:28:44,559

at the fireworks

700

00:28:48,070 --> 00:28:46,240

and look at the lights because you had a

701  
00:28:51,350 --> 00:28:48,080  
good view out over the

702  
00:28:54,149 --> 00:28:51,360  
segway range right

703  
00:28:56,389 --> 00:28:54,159  
and these guys would come out there on

704  
00:28:58,070 --> 00:28:56,399  
on wednesday and thursday nights and sit

705  
00:28:59,909 --> 00:28:58,080  
out the rest area

706  
00:29:02,789 --> 00:28:59,919  
to watch what was going on out on the

707  
00:29:09,750 --> 00:29:06,870  
man good view i'm sure

708  
00:29:11,269 --> 00:29:09,760  
yeah a couple of times we sit sat with

709  
00:29:13,190 --> 00:29:11,279  
them and waited for

710  
00:29:15,190 --> 00:29:13,200  
things to happen and yeah sure enough

711  
00:29:18,310 --> 00:29:15,200  
you know you would see lights

712  
00:29:20,310 --> 00:29:18,320  
come up off the desert floor there's a

713  
00:29:23,190 --> 00:29:20,320

there's a mountain out there that has a

714

00:29:26,310 --> 00:29:23,200

air base behind it

715

00:29:29,430 --> 00:29:26,320

um just off knolls

716

00:29:30,950 --> 00:29:29,440

and um you can see it on google earth

717

00:29:32,470 --> 00:29:30,960

we'll even see all kinds of things on

718

00:29:34,630 --> 00:29:32,480

viewers out there a lot of them are

719

00:29:37,750 --> 00:29:34,640

blocked out but

720

00:29:41,990 --> 00:29:37,760

um that's the area where the

721

00:29:43,750 --> 00:29:42,000

lights would come from and

722

00:29:45,750 --> 00:29:43,760

and then knowing a couple of people that

723

00:29:48,630 --> 00:29:45,760

have worked out there they said that the

724

00:29:50,630 --> 00:29:48,640

mountain everything's inside the

725

00:29:53,669 --> 00:29:50,640

mountain

726

00:29:56,549 --> 00:29:53,679

and they have these big doors

727

00:29:58,789 --> 00:29:56,559

like at later on i think looking at some

728

00:30:02,950 --> 00:29:58,799

of the videos that uh

729

00:30:04,630 --> 00:30:02,960

the bob lazar um

730

00:30:06,470 --> 00:30:04,640

said you know that they had these big

731

00:30:08,310 --> 00:30:06,480

hangar doors that would just open up and

732

00:30:11,669 --> 00:30:08,320

look just like a mountain

733

00:30:13,590 --> 00:30:11,679

yep and the guys that i talked to that

734

00:30:17,990 --> 00:30:13,600

work out there

735

00:30:21,190 --> 00:30:20,149

they explained that there were two sides

736

00:30:25,110 --> 00:30:21,200

two areas

737

00:30:26,549 --> 00:30:25,120

in that mountain where the uh

738

00:30:28,389 --> 00:30:26,559

mountain would just open up and then

739

00:30:31,430 --> 00:30:28,399

they would bring out the test

740

00:30:34,710 --> 00:30:31,440

test craft wow

741

00:30:38,230 --> 00:30:34,720

and something so cool is you know this

742

00:30:40,310 --> 00:30:38,240

this idea of like hidden secret bases

743

00:30:41,750 --> 00:30:40,320

has been around a long time you know the

744

00:30:44,230 --> 00:30:41,760

the deep underground

745

00:30:45,430 --> 00:30:44,240

military bases yeah well if you know the

746

00:30:47,510 --> 00:30:45,440

history

747

00:30:48,710 --> 00:30:47,520

of that area you know it's pretty much

748

00:30:52,630 --> 00:30:48,720

one of the largest

749

00:30:56,630 --> 00:30:52,640

military installations

750

00:31:00,070 --> 00:30:56,640

in the us if not the on the planet

751  
00:31:04,230 --> 00:31:00,080  
so they've been and that was the first

752  
00:31:07,350 --> 00:31:04,240  
it was part of the manhattan project one

753  
00:31:08,230 --> 00:31:07,360  
i went over airfit air base under the

754  
00:31:10,789 --> 00:31:08,240  
field

755  
00:31:12,389 --> 00:31:10,799  
it was part of the manhattan project

756  
00:31:13,190 --> 00:31:12,399  
where they learned how to assemble the

757  
00:31:15,909 --> 00:31:13,200  
atom bomb

758  
00:31:18,549 --> 00:31:15,919  
and do all that those buildings those

759  
00:31:22,389 --> 00:31:18,559  
buildings still exist

760  
00:31:26,230 --> 00:31:22,399  
out there on that base and in wendover

761  
00:31:27,830 --> 00:31:26,240  
and um there were 40 000 people there

762  
00:31:31,110 --> 00:31:27,840  
during world war ii

763  
00:31:35,269 --> 00:31:31,120

man on that base and

764

00:31:38,230 --> 00:31:35,279

you got greeted on highway 40 by a guard

765

00:31:40,870 --> 00:31:38,240

in a guard shack before you could enter

766

00:31:44,230 --> 00:31:40,880

town and before you could leave town

767

00:31:45,350 --> 00:31:44,240

and if you know the history of that area

768

00:31:48,870 --> 00:31:45,360

they started

769

00:31:52,070 --> 00:31:48,880

digging underground in 1939

770

00:31:55,430 --> 00:31:52,080

and they haven't quit today is my

771

00:31:57,029 --> 00:31:55,440

understanding that they still expand and

772

00:32:01,269 --> 00:31:57,039

everything's underground out there on

773

00:32:05,269 --> 00:32:01,279

that out there on that range

774

00:32:10,149 --> 00:32:07,509

i've explored a little bit what other

775

00:32:13,110 --> 00:32:10,159

people say about it and

776

00:32:14,389 --> 00:32:13,120

i don't think very many people really

777

00:32:16,389 --> 00:32:14,399

can tell them

778

00:32:18,630 --> 00:32:16,399

what really is out there and what really

779

00:32:22,470 --> 00:32:18,640

goes on out there

780

00:32:25,430 --> 00:32:22,480

if you i used to have a pass to drive

781

00:32:29,269 --> 00:32:25,440

across the test range to go to a

782

00:32:33,269 --> 00:32:29,279

place called lakeside

783

00:32:36,549 --> 00:32:33,279

and we used to shoot rail photography

784

00:32:38,230 --> 00:32:36,559

still do and to get to the tracks where

785

00:32:40,950 --> 00:32:38,240

the uh

786

00:32:41,750 --> 00:32:40,960

causeway comes across from ogden utah to

787

00:32:44,230 --> 00:32:41,760

uh

788

00:32:45,110 --> 00:32:44,240

across the great salt lake there's a

789

00:32:46,870 --> 00:32:45,120

pill there

790

00:32:48,310 --> 00:32:46,880

they're for the transcontinental

791

00:32:52,549 --> 00:32:48,320

railroad

792

00:32:54,310 --> 00:32:52,559

and it intersects with that in fact um

793

00:32:57,350 --> 00:32:54,320

there's a road that goes up to the

794

00:32:59,430 --> 00:32:57,360

towers that the radio towers and all the

795

00:33:01,509 --> 00:32:59,440

communication towers for

796

00:33:03,590 --> 00:33:01,519

the test range the hill hill air force

797

00:33:05,110 --> 00:33:03,600

base in utah

798

00:33:07,430 --> 00:33:05,120

and you used to be able to drive up

799

00:33:09,350 --> 00:33:07,440

there and watch the uh

800

00:33:10,950 --> 00:33:09,360

boars in the early days and then the

801  
00:33:15,269 --> 00:33:10,960  
f-16s fly in

802  
00:33:17,190 --> 00:33:15,279  
below you and then blast

803  
00:33:20,310 --> 00:33:17,200  
targets that were that they would haul

804  
00:33:24,950 --> 00:33:22,950  
so it's a it's an interesting place as

805  
00:33:28,230 --> 00:33:24,960  
far as that goes

806  
00:33:29,990 --> 00:33:28,240  
but um yeah there's

807  
00:33:31,669 --> 00:33:30,000  
there's roads out there that are well

808  
00:33:35,190 --> 00:33:31,679  
maintained and really

809  
00:33:36,230 --> 00:33:35,200  
you know i would equate it to four lane

810  
00:33:40,789 --> 00:33:36,240  
highway

811  
00:33:47,190 --> 00:33:45,430  
and it's like you look at the road

812  
00:33:48,389 --> 00:33:47,200  
and you drive on the road you go up to

813  
00:33:49,990 --> 00:33:48,399

the mountain the whole side of the

814

00:33:52,950 --> 00:33:50,000

mountain

815

00:33:55,350 --> 00:33:52,960

all the foliage everything is one color

816

00:33:56,149 --> 00:33:55,360

and it's usually kind of a bronze gold

817

00:33:57,750 --> 00:33:56,159

color

818

00:33:59,590 --> 00:33:57,760

and it doesn't really fit with the

819

00:34:00,630 --> 00:33:59,600

terrain but if you look at it from a

820

00:34:02,230 --> 00:34:00,640

distance

821

00:34:03,750 --> 00:34:02,240

it just blends in

822

00:34:05,750 --> 00:34:03,760

[Music]

823

00:34:07,909 --> 00:34:05,760

and you don't spend very much time out

824

00:34:09,510 --> 00:34:07,919

there trying to explore when you're out

825

00:34:11,829 --> 00:34:09,520

on that

826

00:34:13,270 --> 00:34:11,839

range because you look up into the

827

00:34:16,790 --> 00:34:13,280

distance and here comes

828

00:34:18,310 --> 00:34:16,800

everybody in the humvees and military

829

00:34:19,750 --> 00:34:18,320

vehicles wanting to know what the heck

830

00:34:22,389 --> 00:34:19,760

you're doing you know

831

00:34:24,389 --> 00:34:22,399

right and you know you get stories like

832

00:34:26,629 --> 00:34:24,399

that in other places like the dulce

833

00:34:28,069 --> 00:34:26,639

bass and have you heard of any other

834

00:34:31,190 --> 00:34:28,079

locations where this type of thing

835

00:34:34,230 --> 00:34:31,200

happens or maybe area 51

836

00:34:36,950 --> 00:34:34,240

well tampa you know

837

00:34:39,510 --> 00:34:36,960

telepod test range something that a lot

838

00:34:41,990 --> 00:34:39,520

of people don't know about

839

00:34:45,030 --> 00:34:42,000

you know i that's actually you know they

840

00:34:48,230 --> 00:34:45,040

say that they did the f-117 it

841

00:34:51,030 --> 00:34:48,240

and all these other aircraft

842

00:34:52,710 --> 00:34:51,040

area 51 but they actually stored them

843

00:34:56,470 --> 00:34:52,720

and flew them out of

844

00:34:58,150 --> 00:34:56,480

out of toronto donald trump

845

00:35:00,230 --> 00:34:58,160

what the government started doing back

846

00:35:03,430 --> 00:35:00,240

in the old days when

847

00:35:06,870 --> 00:35:03,440

a couple of contracts i'd worked on

848

00:35:08,870 --> 00:35:06,880

they started privatizing everything so

849

00:35:13,750 --> 00:35:08,880

you couldn't get any information on any

850

00:35:19,990 --> 00:35:16,550

most recent contract i worked on was a

851

00:35:24,150 --> 00:35:20,000

contract that used to be a pentagon

852

00:35:27,270 --> 00:35:24,160

operation but they privatized it

853

00:35:29,829 --> 00:35:27,280

and was out office of information and

854

00:35:33,030 --> 00:35:29,839

technology

855

00:35:36,550 --> 00:35:33,040

privatize it because

856

00:35:37,829 --> 00:35:36,560

you're you're not susceptible to a foia

857

00:35:41,950 --> 00:35:37,839

act

858

00:35:44,950 --> 00:35:41,960

so a lot most of the military and

859

00:35:48,550 --> 00:35:44,960

military-industrial is all

860

00:35:50,710 --> 00:35:48,560

privatized under that because then

861

00:35:52,069 --> 00:35:50,720

you've got a private citizen or anyone

862

00:35:54,390 --> 00:35:52,079

else can't

863

00:35:56,630 --> 00:35:54,400

submit a foia request and getting

864

00:35:59,750 --> 00:35:56,640

information on any projects or

865

00:36:01,270 --> 00:35:59,760

any ongoing technology that they're

866

00:36:05,190 --> 00:36:01,280

working on

867

00:36:09,510 --> 00:36:08,470

the tone of pop test ring test space is

868

00:36:20,950 --> 00:36:09,520

shown by

869

00:36:27,510 --> 00:36:22,870

i've actually been arrested out there a

870

00:36:31,270 --> 00:36:27,520

couple of times

871

00:36:34,390 --> 00:36:33,910

late 70s early 80s worked on a project

872

00:36:37,589 --> 00:36:34,400

doing

873

00:36:41,270 --> 00:36:37,599

fiber optics before anybody knew what

874

00:36:44,870 --> 00:36:41,280

fiber optics was it was

875

00:36:49,430 --> 00:36:44,880

funded by lockheed and government and

876  
00:36:52,829 --> 00:36:49,440  
based out of las vegas it was called edt

877  
00:36:54,230 --> 00:36:52,839  
yes i devolved that now electronic data

878  
00:36:57,670 --> 00:36:54,240  
technologies

879  
00:36:59,510 --> 00:36:57,680  
and they were experimenting with all the

880  
00:37:01,430 --> 00:36:59,520  
kinds of fiber optics and one of the

881  
00:37:05,510 --> 00:37:01,440  
things that we did was we did a

882  
00:37:07,589 --> 00:37:05,520  
test situation to test the

883  
00:37:10,310 --> 00:37:07,599  
communications and we did one in a

884  
00:37:12,310 --> 00:37:10,320  
casino and donald pond one in casino and

885  
00:37:14,230 --> 00:37:12,320  
window

886  
00:37:15,349 --> 00:37:14,240  
where we ran all fiber optics through

887  
00:37:19,030 --> 00:37:15,359  
the casino

888  
00:37:23,349 --> 00:37:19,040

and uh this was early 80s

889

00:37:24,630 --> 00:37:23,359

cool and tied some systems together to

890

00:37:26,710 --> 00:37:24,640

monitor

891

00:37:28,470 --> 00:37:26,720

what play was the beginning of the

892

00:37:31,270 --> 00:37:28,480

players clubs that you see in

893

00:37:31,750 --> 00:37:31,280

casinos right now yeah those were the

894

00:37:37,349 --> 00:37:31,760

two

895

00:37:40,710 --> 00:37:37,359

technology and they didn't calm player

896

00:37:46,069 --> 00:37:40,720

clubs back then we just used it to

897

00:37:50,069 --> 00:37:48,630

and the engineers would come in off of

898

00:37:52,390 --> 00:37:50,079

the uh

899

00:37:54,230 --> 00:37:52,400

when i was doing the white casino and

900

00:37:57,990 --> 00:37:54,240

telephone

901  
00:38:01,430 --> 00:37:58,000  
the engineers would come in off the

902  
00:38:03,270 --> 00:38:01,440  
base at night and stay at the casino we

903  
00:38:04,630 --> 00:38:03,280  
were working on

904  
00:38:07,109 --> 00:38:04,640  
and they would tell us hey if you want

905  
00:38:09,349 --> 00:38:07,119  
to see some strange things go on

906  
00:38:10,390 --> 00:38:09,359  
you go up to this part on the highway

907  
00:38:12,950 --> 00:38:10,400  
you'll see some

908  
00:38:15,270 --> 00:38:12,960  
poles going out there's some rocks

909  
00:38:17,670 --> 00:38:15,280  
stacked up take the dirt road

910  
00:38:19,430 --> 00:38:17,680  
go out until you can till you come to a

911  
00:38:21,829 --> 00:38:19,440  
certain spot that's high up in the air

912  
00:38:24,870 --> 00:38:21,839  
and you can overlook the range and

913  
00:38:27,750 --> 00:38:24,880

watch what's going on

914

00:38:31,109 --> 00:38:27,760

so one of the guys i was working with

915

00:38:33,270 --> 00:38:31,119

decided we would go out there one night

916

00:38:34,710 --> 00:38:33,280

we were out there sitting on the

917

00:38:38,150 --> 00:38:34,720

tailgate of uh

918

00:38:40,790 --> 00:38:38,160

my el camino that we had at the time

919

00:38:42,470 --> 00:38:40,800

and uh we were sitting there having a

920

00:38:45,750 --> 00:38:42,480

couple of beers and watching

921

00:38:46,710 --> 00:38:45,760

pretty soon the fireworks started lights

922

00:38:51,829 --> 00:38:46,720

come

923

00:38:53,750 --> 00:38:51,839

roaring up off the desert floor and

924

00:38:55,030 --> 00:38:53,760

we weren't on the next thing you know we

925

00:38:57,430 --> 00:38:55,040

got two guys telling us

926  
00:38:58,550 --> 00:38:57,440  
get on the ground hands on our head on

927  
00:39:01,829 --> 00:38:58,560  
the ground and

928  
00:39:06,150 --> 00:39:01,839  
they've got it and m16s pointed at us

929  
00:39:15,430 --> 00:39:11,750  
and uh i spent uh four days in

930  
00:39:21,990 --> 00:39:18,550  
basically a prison cell

931  
00:39:24,470 --> 00:39:22,000  
and my partner was intelligence for the

932  
00:39:28,310 --> 00:39:26,870  
they took him to a different location i

933  
00:39:29,990 --> 00:39:28,320  
didn't find out what happened to him

934  
00:39:32,870 --> 00:39:30,000  
until a couple months later and they

935  
00:39:36,069 --> 00:39:32,880  
just grilled him and let him go

936  
00:39:38,950 --> 00:39:36,079  
made him signs fine um

937  
00:39:42,069 --> 00:39:38,960  
see you know good paperwork saying that

938  
00:39:45,750 --> 00:39:42,079

you didn't see anything he wasn't there

939

00:39:49,109 --> 00:39:45,760

i had to do the same but

940

00:39:52,390 --> 00:39:51,990

and then when i came back they moved my

941

00:39:56,069 --> 00:39:52,400

car

942

00:39:57,589 --> 00:39:56,079

to the hotel and i had the sheriff

943

00:40:00,710 --> 00:39:57,599

waiting for me and he

944

00:40:02,550 --> 00:40:00,720

escorted me out of town i called

945

00:40:04,069 --> 00:40:02,560

called the company i said okay what's

946

00:40:05,750 --> 00:40:04,079

going on and they said well you're off

947

00:40:08,309 --> 00:40:05,760

the job

948

00:40:10,150 --> 00:40:08,319

we're trans we're gonna put you

949

00:40:12,150 --> 00:40:10,160

someplace else

950

00:40:16,069 --> 00:40:12,160

obviously you saw something you weren't

951  
00:40:21,750 --> 00:40:20,230  
and that was a pretty strange experience

952  
00:40:24,710 --> 00:40:21,760  
that

953  
00:40:26,470 --> 00:40:24,720  
i had they went and packed all my bags

954  
00:40:30,870 --> 00:40:26,480  
everything i had to pull

955  
00:40:32,550 --> 00:40:30,880  
just went into my room with two escorts

956  
00:40:34,069 --> 00:40:32,560  
pulled everything out put it in my car

957  
00:40:38,069 --> 00:40:34,079  
the sheriff followed me out of town to

958  
00:40:42,150 --> 00:40:38,079  
make sure that i was outside of toronto

959  
00:40:45,750 --> 00:40:43,829  
so that's how they do things and then

960  
00:40:48,309 --> 00:40:45,760  
you sign a

961  
00:40:51,270 --> 00:40:48,319  
you sign your oath that you didn't see

962  
00:40:53,270 --> 00:40:51,280  
anything didn't do anything

963  
00:40:55,109 --> 00:40:53,280

um don't know anything about what's

964

00:40:55,510 --> 00:40:55,119

going on and if you ever tell anybody

965

00:40:59,589 --> 00:40:55,520

that

966

00:41:03,030 --> 00:40:59,599

you'll do 20 20 years in prison you know

967

00:41:05,829 --> 00:41:03,040

jeez you know

968

00:41:06,950 --> 00:41:05,839

yeah i i recently drove from vegas up to

969

00:41:08,710 --> 00:41:06,960

lake tahoe

970

00:41:10,150 --> 00:41:08,720

and i'll tell you what you kind of drive

971

00:41:11,589 --> 00:41:10,160

through a lot of that territory that

972

00:41:14,630 --> 00:41:11,599

you're talking about

973

00:41:15,750 --> 00:41:14,640

and you really drive right past it on

974

00:41:19,190 --> 00:41:15,760

95.

975

00:41:22,309 --> 00:41:19,200

yeah it's i you can't i mean

976

00:41:23,270 --> 00:41:22,319

the size of it is impossible to even

977

00:41:25,190 --> 00:41:23,280

describe

978

00:41:28,150 --> 00:41:25,200

and i mean you have all kinds of like

979

00:41:29,910 --> 00:41:28,160

you said private contractors nav c

980

00:41:32,710 --> 00:41:29,920

uh you see all the contractors really

981

00:41:35,510 --> 00:41:32,720

cool stuff along the road

982

00:41:36,390 --> 00:41:35,520

and you get to it's just amazing to see

983

00:41:40,069 --> 00:41:36,400

all

984

00:41:42,710 --> 00:41:40,079

fascinating

985

00:41:46,150 --> 00:41:42,720

yeah well there's a you know there's a

986

00:41:49,910 --> 00:41:46,160

corridor that runs from edwards

987

00:41:53,349 --> 00:41:49,920

down the fire area 51 and up through to

988

00:41:57,109 --> 00:41:53,359

uttr dugway

989

00:41:59,190 --> 00:41:57,119

so and it's it's you know there's no

990

00:42:02,230 --> 00:41:59,200

population there

991

00:42:04,390 --> 00:42:02,240

you know these guys can fly out of skunk

992

00:42:08,870 --> 00:42:04,400

works or edwards or

993

00:42:13,109 --> 00:42:08,880

41 one of those and

994

00:42:17,430 --> 00:42:13,119

just go on a flight go straight up to

995

00:42:20,470 --> 00:42:17,440

uttr which is the largest test range

996

00:42:23,829 --> 00:42:20,480

you know they just expanded another 235

997

00:42:27,430 --> 00:42:23,839

000 acres out there to

998

00:42:32,790 --> 00:42:27,440

expand their supersonic

999

00:42:40,550 --> 00:42:37,510

and so i that goes on all the time

1000

00:42:42,230 --> 00:42:40,560

you know and most of the time the only

1001  
00:42:43,750 --> 00:42:42,240  
people that see it are the ranchers that

1002  
00:42:44,470 --> 00:42:43,760  
are out there in the middle of nowhere

1003  
00:42:47,190 --> 00:42:44,480  
and those

1004  
00:42:48,710 --> 00:42:47,200  
they don't care you know they're not

1005  
00:42:50,470 --> 00:42:48,720  
gonna

1006  
00:42:52,390 --> 00:42:50,480  
they just see it and just figure well

1007  
00:42:55,910 --> 00:42:52,400  
what the heck

1008  
00:42:57,910 --> 00:42:55,920  
right i mean it doesn't bother them

1009  
00:42:58,950 --> 00:42:57,920  
no it doesn't bother them you know the

1010  
00:43:01,990 --> 00:42:58,960  
only people that

1011  
00:43:04,470 --> 00:43:02,000  
i've discovered

1012  
00:43:06,550 --> 00:43:04,480  
and just recently just getting into the

1013  
00:43:09,430 --> 00:43:06,560

this ufo thing

1014

00:43:11,510 --> 00:43:09,440

community and paranormal normal

1015

00:43:14,230 --> 00:43:11,520

community

1016

00:43:15,190 --> 00:43:14,240

uh they're the only people that really

1017

00:43:17,270 --> 00:43:15,200

care about what's

1018

00:43:19,750 --> 00:43:17,280

what they see or want to say anything

1019

00:43:22,950 --> 00:43:19,760

about it everybody else just

1020

00:43:25,990 --> 00:43:22,960

sees things and you know it just

1021

00:43:28,069 --> 00:43:26,000

goes by them

1022

00:43:29,109 --> 00:43:28,079

so that's why you know i i think that's

1023

00:43:31,670 --> 00:43:29,119

why you don't

1024

00:43:33,270 --> 00:43:31,680

care a lot about what really goes on in

1025

00:43:35,990 --> 00:43:33,280

a lot of different parts of the country

1026

00:43:39,589 --> 00:43:37,349

and i think there's a good point if

1027

00:43:41,750 --> 00:43:39,599

there's less residents you can get a lot

1028

00:43:45,349 --> 00:43:41,760

you can get a lot more done

1029

00:43:46,470 --> 00:43:45,359

yeah and well most of the time people

1030

00:43:49,430 --> 00:43:46,480

don't even

1031

00:43:51,109 --> 00:43:49,440

they aren't even aware that what's going

1032

00:43:53,510 --> 00:43:51,119

on above them you know

1033

00:43:55,030 --> 00:43:53,520

you're there in their houses and doing

1034

00:43:57,510 --> 00:43:55,040

whatever and

1035

00:43:59,670 --> 00:43:57,520

you've only got you've got highway 93

1036

00:44:03,270 --> 00:43:59,680

highway 95

1037

00:44:05,990 --> 00:44:03,280

and a couple of smaller roads where the

1038

00:44:07,510 --> 00:44:06,000

local people take you know when they're

1039

00:44:11,670 --> 00:44:07,520

traveling around

1040

00:44:15,670 --> 00:44:11,680

up north of austin eureka those areas

1041

00:44:19,430 --> 00:44:15,680

and so if you're up north of those

1042

00:44:22,150 --> 00:44:19,440

on highway 50 and in that corridor

1043

00:44:24,150 --> 00:44:22,160

you know you might a plane could fly

1044

00:44:27,670 --> 00:44:24,160

over you at 50 feet and you probably

1045

00:44:32,069 --> 00:44:29,750

exactly it's just the way the landscape

1046

00:44:34,390 --> 00:44:32,079

is set up it's really hard to see things

1047

00:44:36,710 --> 00:44:34,400

and you know you hear a lot of stories

1048

00:44:38,710 --> 00:44:36,720

about area 51 projects and i was

1049

00:44:40,390 --> 00:44:38,720

fascinated by the fiber optic project

1050

00:44:42,309 --> 00:44:40,400

you mentioned did you ever come across

1051  
00:44:43,829 --> 00:44:42,319  
or hear about anything about 5g or do

1052  
00:44:46,710 --> 00:44:43,839  
you have any opinions of that that's

1053  
00:44:48,470 --> 00:44:46,720  
that's a tough one well my friend just

1054  
00:44:51,910 --> 00:44:48,480  
died from it so

1055  
00:44:56,390 --> 00:44:51,920  
him and 30 people that he worked with

1056  
00:44:56,400 --> 00:45:01,910  
i think that's my opinion

1057  
00:45:05,670 --> 00:45:04,470  
i you know it's up in the same range as

1058  
00:45:08,870 --> 00:45:05,680  
microwave oven

1059  
00:45:11,030 --> 00:45:08,880  
you know in fact it's a little higher

1060  
00:45:12,950 --> 00:45:11,040  
so if you're very close to it or close

1061  
00:45:13,670 --> 00:45:12,960  
to a tower you know over time you're

1062  
00:45:17,670 --> 00:45:13,680  
gonna

1063  
00:45:24,630 --> 00:45:21,430

my friend dan that he's a fellow

1064

00:45:27,750 --> 00:45:24,640

electronics guy engineer

1065

00:45:29,990 --> 00:45:27,760

we've known we knew each other for 50

1066

00:45:31,910 --> 00:45:30,000

years

1067

00:45:33,589 --> 00:45:31,920

before he passed away worked on a

1068

00:45:37,109 --> 00:45:33,599

project

1069

00:45:40,710 --> 00:45:37,119

with a government contract working on 5g

1070

00:45:44,309 --> 00:45:40,720

technology and every one of them

1071

00:45:46,069 --> 00:45:44,319

developed a rare form of bone and blood

1072

00:45:48,309 --> 00:45:46,079

cancer and they all died within two

1073

00:45:51,910 --> 00:45:48,319

months of each other

1074

00:45:56,150 --> 00:45:54,069

so that pretty much tells you what i

1075

00:46:00,550 --> 00:45:56,160

think about rng

1076

00:46:03,270 --> 00:46:00,560

doesn't sound like a coincidence and um

1077

00:46:05,190 --> 00:46:03,280

they were doing military grade which was

1078

00:46:07,270 --> 00:46:05,200

a little higher power than what your our

1079

00:46:10,309 --> 00:46:07,280

cell phones are but

1080

00:46:13,270 --> 00:46:10,319

still if you've got i think if you've

1081

00:46:15,270 --> 00:46:13,280

got a 5g cell phone

1082

00:46:18,390 --> 00:46:15,280

next to you you know on your best friend

1083

00:46:21,510 --> 00:46:18,400

at night it's going to be radiating that

1084

00:46:25,030 --> 00:46:21,520

that same radiation and then same

1085

00:46:27,990 --> 00:46:25,040

frequencies and over time i think it's

1086

00:46:29,910 --> 00:46:28,000

i think that you know you're going to

1087

00:46:32,069 --> 00:46:29,920

you're gonna

1088

00:46:33,670 --> 00:46:32,079

suffer from it yeah you know i've

1089

00:46:34,950 --> 00:46:33,680

started just keep in mind in the next

1090

00:46:37,589 --> 00:46:34,960

room over just

1091

00:46:40,550 --> 00:46:37,599

i figure it won't hurt any you know and

1092

00:46:43,750 --> 00:46:40,560

i don't know if it helps or not

1093

00:46:46,790 --> 00:46:43,760

well i still use an old old phone

1094

00:46:47,670 --> 00:46:46,800

without gps and everything else i refuse

1095

00:46:49,750 --> 00:46:47,680

to

1096

00:46:53,109 --> 00:46:49,760

get one of the newer phones anyway but

1097

00:46:56,230 --> 00:46:53,119

um smart man

1098

00:46:59,990 --> 00:46:56,240

um i'm just as

1099

00:47:02,390 --> 00:47:00,000

you know i'm kind of a private person i

1100

00:47:04,710 --> 00:47:02,400

only just decided to do this right now

1101  
00:47:06,790 --> 00:47:04,720  
because uh

1102  
00:47:08,790 --> 00:47:06,800  
at my age what the heck you know if

1103  
00:47:11,510 --> 00:47:08,800  
they'd come after me

1104  
00:47:14,069 --> 00:47:11,520  
for some reason or whatever then so be

1105  
00:47:16,390 --> 00:47:14,079  
it you know

1106  
00:47:18,150 --> 00:47:16,400  
right and it seems like you've had a lot

1107  
00:47:19,589 --> 00:47:18,160  
of i mean government contracts are the

1108  
00:47:20,790 --> 00:47:19,599  
way to go and i've

1109  
00:47:22,790 --> 00:47:20,800  
talked to other people that have worked

1110  
00:47:25,270 --> 00:47:22,800  
with them it's a great career

1111  
00:47:26,470 --> 00:47:25,280  
um what are your thoughts of some of

1112  
00:47:28,309 --> 00:47:26,480  
these new

1113  
00:47:29,670 --> 00:47:28,319

kind of they're not government but

1114

00:47:32,230 --> 00:47:29,680

they're somewhat private

1115

00:47:33,670 --> 00:47:32,240

organizations like tsa and stuff what

1116

00:47:35,190 --> 00:47:33,680

is up with those are they

1117

00:47:37,990 --> 00:47:35,200

are they trying to do the right thing or

1118

00:47:41,109 --> 00:47:38,000

are they just information tubes

1119

00:47:44,069 --> 00:47:41,119

well you know they get funding from

1120

00:47:45,910 --> 00:47:44,079

military or cia or wherever they get

1121

00:47:49,270 --> 00:47:45,920

their funding from depending on

1122

00:47:52,390 --> 00:47:49,280

darpa depending on what

1123

00:47:54,630 --> 00:47:52,400

what technology they're working on

1124

00:47:57,030 --> 00:47:54,640

and the way the government's done it

1125

00:47:58,069 --> 00:47:57,040

ever since i was involved in the 70s and

1126

00:48:01,470 --> 00:47:58,079

the way they

1127

00:48:04,790 --> 00:48:01,480

started doing things everything's come

1128

00:48:06,950 --> 00:48:04,800

compartmentalized and

1129

00:48:08,230 --> 00:48:06,960

so all these little companies can work

1130

00:48:10,230 --> 00:48:08,240

on one part

1131

00:48:11,750 --> 00:48:10,240

of a certain technology and think that

1132

00:48:14,069 --> 00:48:11,760

that's the

1133

00:48:19,349 --> 00:48:14,079

they're working on a technology that's

1134

00:48:23,670 --> 00:48:22,230

it's just a standalone technology when

1135

00:48:26,710 --> 00:48:23,680

in fact it's uh

1136

00:48:29,750 --> 00:48:26,720

part of another system interesting

1137

00:48:35,910 --> 00:48:32,870

you know and then they'll take it what

1138

00:48:37,510 --> 00:48:35,920

the smaller companies develop and what

1139

00:48:40,790 --> 00:48:37,520

they build and what they

1140

00:48:41,670 --> 00:48:40,800

protect they'll bring that all together

1141

00:48:44,870 --> 00:48:41,680

and then that

1142

00:48:45,589 --> 00:48:44,880

goes into a larger system it's just like

1143

00:48:59,589 --> 00:48:45,599

a

1144

00:49:03,589 --> 00:48:59,599

different system

1145

00:49:07,349 --> 00:49:03,599

within that within that

1146

00:49:09,990 --> 00:49:07,359

airframe and thinking that they're doing

1147

00:49:11,349 --> 00:49:10,000

it to develop robotics or something else

1148

00:49:13,190 --> 00:49:11,359

but and then

1149

00:49:15,670 --> 00:49:13,200

when they turn it over to the government

1150

00:49:19,430 --> 00:49:15,680

the government will take it

1151

00:49:22,069 --> 00:49:19,440

they might elaborate on it they might

1152

00:49:24,230 --> 00:49:22,079

make some changes and incorporate it in

1153

00:49:29,270 --> 00:49:24,240

into a larger

1154

00:49:31,190 --> 00:49:29,280

uh larger platform genius

1155

00:49:32,790 --> 00:49:31,200

yeah so the people that are actually

1156

00:49:35,589 --> 00:49:32,800

building all of these things and

1157

00:49:37,190 --> 00:49:35,599

and these smaller companies and that you

1158

00:49:38,950 --> 00:49:37,200

know

1159

00:49:42,150 --> 00:49:38,960

they think they're just working on a

1160

00:49:43,750 --> 00:49:42,160

standalone technology but in fact

1161

00:49:46,309 --> 00:49:43,760

when it comes to the bigger picture

1162

00:49:48,549 --> 00:49:46,319

they're just working on a small

1163

00:49:52,710 --> 00:49:48,559

component that's going to be

1164

00:49:52,720 --> 00:49:55,910

larger system

1165

00:50:00,549 --> 00:49:57,829

such a great way to do things to not

1166

00:50:04,390 --> 00:50:00,559

have people know what's going on

1167

00:50:06,630 --> 00:50:04,400

yeah it is and except our education

1168

00:50:08,710 --> 00:50:06,640

system suffers from it because if you

1169

00:50:10,870 --> 00:50:08,720

watch look at the education system the

1170

00:50:14,470 --> 00:50:10,880

past 50 60

1171

00:50:17,829 --> 00:50:14,480

70 well since world war ii

1172

00:50:21,430 --> 00:50:17,839

um education has been

1173

00:50:23,109 --> 00:50:21,440

set up so that no one person can

1174

00:50:27,670 --> 00:50:23,119

actually go in and

1175

00:50:31,750 --> 00:50:27,680

get all the knowledge they need to know

1176

00:50:34,630 --> 00:50:31,760

to do a particular technology

1177

00:50:36,549 --> 00:50:34,640

and it takes me back to uh one of my

1178

00:50:39,910 --> 00:50:36,559

favorite stories

1179

00:50:42,549 --> 00:50:39,920

of all time which was i think was a

1180

00:50:44,230 --> 00:50:42,559

release to let the public know

1181

00:50:45,910 --> 00:50:44,240

what was going on in the government and

1182

00:50:49,589 --> 00:50:45,920

it was by a guy named raymond f

1183

00:50:51,910 --> 00:50:49,599

jones who was a mormon in salt lake city

1184

00:50:55,030 --> 00:50:51,920

and he wrote this

1185

00:50:58,230 --> 00:50:55,040

he worked with the

1186

00:51:00,710 --> 00:50:58,240

state department he was a government

1187

00:51:02,470 --> 00:51:00,720

high level government

1188

00:51:04,069 --> 00:51:02,480

and he wrote these stories on the side

1189

00:51:07,109 --> 00:51:04,079

and one of the stories he wrote was

1190

00:51:12,549 --> 00:51:10,950

noise level is uh it's kind of a long

1191

00:51:14,710 --> 00:51:12,559

story but

1192

00:51:19,270 --> 00:51:14,720

it's pretty interesting when you realize

1193

00:51:26,309 --> 00:51:22,470

and what it's about is

1194

00:51:28,069 --> 00:51:26,319

the pentagon um

1195

00:51:29,750 --> 00:51:28,079

all the heads of the different

1196

00:51:32,069 --> 00:51:29,760

departments and the pentagon

1197

00:51:33,430 --> 00:51:32,079

called a meeting with all of these

1198

00:51:35,430 --> 00:51:33,440

scientists

1199

00:51:37,270 --> 00:51:35,440

and engineers for all the different

1200

00:51:38,069 --> 00:51:37,280

military contractors in the united

1201  
00:51:42,950 --> 00:51:38,079  
states

1202  
00:51:44,710 --> 00:51:42,960  
called them to the pentagon when they

1203  
00:51:46,230 --> 00:51:44,720  
got to the pentagon and they all sit

1204  
00:51:47,829 --> 00:51:46,240  
around this big giant

1205  
00:51:49,589 --> 00:51:47,839  
conference table and in the center of

1206  
00:51:53,589 --> 00:51:49,599  
the table was a

1207  
00:51:57,190 --> 00:51:53,599  
plastic wrap bunch of burnt

1208  
00:51:59,349 --> 00:51:57,200  
goo and yeah a big mess and a

1209  
00:52:01,270 --> 00:51:59,359  
different thing and one of the chiefs of

1210  
00:52:06,230 --> 00:52:01,280  
staff stood up and he says

1211  
00:52:09,829 --> 00:52:08,069  
i'm going to show you a video and it's

1212  
00:52:11,910 --> 00:52:09,839  
going to be very difficult for you to

1213  
00:52:14,870 --> 00:52:11,920

believe

1214

00:52:15,190 --> 00:52:14,880

that this is actually happening but it's

1215

00:52:18,470 --> 00:52:15,200

that

1216

00:52:20,470 --> 00:52:18,480

it's real and we need you to help us

1217

00:52:22,309 --> 00:52:20,480

with this problem

1218

00:52:24,470 --> 00:52:22,319

so it has the egg go over turn off the

1219

00:52:27,750 --> 00:52:24,480

lights they turn on the

1220

00:52:29,349 --> 00:52:27,760

movie projector and there's a kids fan

1221

00:52:31,829 --> 00:52:29,359

in there with a pack on the

1222

00:52:33,990 --> 00:52:31,839

front body pack on the back and a button

1223

00:52:37,589 --> 00:52:34,000

in his hand and

1224

00:52:41,270 --> 00:52:37,599

and um he's standing next to the

1225

00:52:43,349 --> 00:52:41,280

chief of staff and

1226  
00:52:45,030 --> 00:52:43,359  
chief of staff nods to him they're on an

1227  
00:52:46,950 --> 00:52:45,040  
air force base

1228  
00:52:48,950 --> 00:52:46,960  
kid pushes a button adjust something in

1229  
00:52:51,829 --> 00:52:48,960  
his belt he floats up 30 feet off the

1230  
00:52:55,030 --> 00:52:51,839  
ground and just hovers

1231  
00:52:57,109 --> 00:52:55,040  
then he flies around

1232  
00:52:59,109 --> 00:52:57,119  
doing different maneuvers up and down

1233  
00:53:02,069 --> 00:52:59,119  
and back and forth and

1234  
00:53:03,030 --> 00:53:02,079  
and all this stuff and then goes into a

1235  
00:53:06,710 --> 00:53:03,040  
high-speed

1236  
00:53:08,470 --> 00:53:06,720  
race around the tarmac

1237  
00:53:09,990 --> 00:53:08,480  
and then all of a sudden a big pup of

1238  
00:53:14,390 --> 00:53:10,000

smoke in the backpack

1239

00:53:16,390 --> 00:53:14,400

kid crashes to the ground and kills him

1240

00:53:17,990 --> 00:53:16,400

and they turn off the movie and the

1241

00:53:21,750 --> 00:53:18,000

chief of staff tells the

1242

00:53:25,990 --> 00:53:23,670

you know gentlemen this kid discovered

1243

00:53:27,589 --> 00:53:26,000

anti-gravity

1244

00:53:30,390 --> 00:53:27,599

we don't know how he did it we know

1245

00:53:33,109 --> 00:53:30,400

nothing about this kid

1246

00:53:35,270 --> 00:53:33,119

but we need you since he did it you know

1247

00:53:37,349 --> 00:53:35,280

you should be able to do it too and all

1248

00:53:38,710 --> 00:53:37,359

scientists stood up and these professors

1249

00:53:41,430 --> 00:53:38,720

from universities

1250

00:53:42,069 --> 00:53:41,440

and well the laws of physics says that's

1251  
00:53:45,829 --> 00:53:42,079  
impossible

1252  
00:53:47,589 --> 00:53:45,839  
we can't do that and to shorten the

1253  
00:53:50,710 --> 00:53:47,599  
story

1254  
00:53:52,309 --> 00:53:50,720  
um they gave the pentagon gave these

1255  
00:53:54,549 --> 00:53:52,319  
guys six months to come up with a

1256  
00:53:59,030 --> 00:53:54,559  
solution to the problem

1257  
00:54:00,630 --> 00:53:59,040  
jeez and so all these guys go back to

1258  
00:54:02,790 --> 00:54:00,640  
lockheed northrop grumman

1259  
00:54:04,470 --> 00:54:02,800  
back to the universities and different

1260  
00:54:07,589 --> 00:54:04,480  
places that they

1261  
00:54:08,790 --> 00:54:07,599  
work and they keep collaborating on all

1262  
00:54:11,910 --> 00:54:08,800  
of this and

1263  
00:54:15,589 --> 00:54:11,920

i'm gonna make it a short story but

1264

00:54:17,510 --> 00:54:15,599

um after six months time

1265

00:54:19,750 --> 00:54:17,520

i'm leaving out a lot of details but

1266

00:54:21,190 --> 00:54:19,760

after six months time

1267

00:54:23,670 --> 00:54:21,200

the general is calling back to the

1268

00:54:26,150 --> 00:54:23,680

pentagon well gentlemen of you

1269

00:54:26,950 --> 00:54:26,160

had any success and one of the

1270

00:54:30,710 --> 00:54:26,960

spokespers

1271

00:54:34,549 --> 00:54:30,720

everybody stood up and said well

1272

00:54:39,349 --> 00:54:37,109

he says he didn't say well what's a good

1273

00:54:41,990 --> 00:54:39,359

news we only crack the code and we've

1274

00:54:43,910 --> 00:54:42,000

developed anti-gravity

1275

00:54:46,069 --> 00:54:43,920

well what's the bad news well the bad

1276

00:54:48,150 --> 00:54:46,079

news is it's 30 feet in diameter and

1277

00:54:52,309 --> 00:54:48,160

weighs 15 times

1278

00:54:54,390 --> 00:54:52,319

but it works

1279

00:54:56,309 --> 00:54:54,400

so the one of the generals stand up and

1280

00:54:58,230 --> 00:54:56,319

he says well gentlemen we have something

1281

00:54:59,750 --> 00:54:58,240

to show you and it goes over to the side

1282

00:55:01,750 --> 00:54:59,760

door opens the door

1283

00:55:03,109 --> 00:55:01,760

and out comes the kid that was killed in

1284

00:55:08,309 --> 00:55:03,119

the

1285

00:55:10,549 --> 00:55:08,319

months earlier

1286

00:55:13,430 --> 00:55:10,559

everybody gasped they'd go well we saw

1287

00:55:16,549 --> 00:55:13,440

him die and well gentlemen that was all

1288

00:55:18,230 --> 00:55:16,559

hollywood magic we had the film made

1289

00:55:20,230 --> 00:55:18,240

and the only way we could convince you

1290

00:55:23,430 --> 00:55:20,240

to go develop this new technology

1291

00:55:27,910 --> 00:55:23,440

was to remove the noise placed in your

1292

00:55:31,910 --> 00:55:30,390

the way you were educated in the way you

1293

00:55:34,069 --> 00:55:31,920

grew up

1294

00:55:35,910 --> 00:55:34,079

and the only way we would ever take that

1295

00:55:39,430 --> 00:55:35,920

out of your mind was

1296

00:55:43,990 --> 00:55:39,440

to make you believe that it was possible

1297

00:55:50,630 --> 00:55:47,829

amazing yeah i'm

1298

00:55:52,230 --> 00:55:50,640

so you know it's like albert einstein

1299

00:55:55,349 --> 00:55:52,240

quoted you know

1300

00:55:57,510 --> 00:55:55,359

if you judge a fish's ability a

1301  
00:55:58,710 --> 00:55:57,520  
charge of fish by its ability to climb a

1302  
00:56:00,230 --> 00:55:58,720  
tree

1303  
00:56:02,789 --> 00:56:00,240  
it'll go through the rest of the flight

1304  
00:56:04,470 --> 00:56:02,799  
believing it's stupid

1305  
00:56:06,950 --> 00:56:04,480  
because he was putting down our

1306  
00:56:10,150 --> 00:56:06,960  
education system said the

1307  
00:56:12,470 --> 00:56:10,160  
education system really didn't educate

1308  
00:56:15,190 --> 00:56:12,480  
people it just conditioned them and

1309  
00:56:17,270 --> 00:56:15,200  
indoctrinated them into believing

1310  
00:56:20,309 --> 00:56:17,280  
something different

1311  
00:56:26,390 --> 00:56:23,349  
and i'm a firm believer of that

1312  
00:56:29,349 --> 00:56:26,400  
having experienced it throughout my life

1313  
00:56:30,630 --> 00:56:29,359

because working on some of the projects

1314

00:56:32,150 --> 00:56:30,640

i've worked on and some of the

1315

00:56:37,030 --> 00:56:32,160

technology i've developed

1316

00:56:41,430 --> 00:56:37,040

for well i've worked with casinos for

1317

00:56:43,510 --> 00:56:41,440

30 years developing technology

1318

00:56:45,510 --> 00:56:43,520

you know computer systems different

1319

00:56:47,670 --> 00:56:45,520

things like that and

1320

00:56:49,589 --> 00:56:47,680

you get these kids out of school they

1321

00:56:49,990 --> 00:56:49,599

want to argue where you try to tell them

1322

00:56:52,150 --> 00:56:50,000

here's

1323

00:56:53,829 --> 00:56:52,160

how we're going to do this system

1324

00:56:55,430 --> 00:56:53,839

they'll argue with you all day long but

1325

00:56:58,069 --> 00:56:55,440

oh that's not right

1326  
00:57:01,349 --> 00:56:58,079  
that's not what i was taught in school

1327  
00:57:06,390 --> 00:57:02,870  
they were taught that there's only one

1328  
00:57:10,150 --> 00:57:06,400  
way to do things and that's it

1329  
00:57:14,549 --> 00:57:10,160  
anything outside of that is not possible

1330  
00:57:22,549 --> 00:57:19,510  
it's hard to think out of the box it is

1331  
00:57:24,789 --> 00:57:22,559  
and well if you think about it most of

1332  
00:57:26,950 --> 00:57:24,799  
the inventors

1333  
00:57:27,910 --> 00:57:26,960  
throughout history none of them were

1334  
00:57:31,589 --> 00:57:27,920  
educated

1335  
00:57:37,030 --> 00:57:33,750  
the traditional education system you

1336  
00:57:44,549 --> 00:57:41,109  
very pre-thinkers that had an idea or

1337  
00:57:47,030 --> 00:57:44,559  
got it from and

1338  
00:57:48,549 --> 00:57:47,040

you know just thought it up or it was

1339

00:57:52,470 --> 00:57:48,559

injected into them by an

1340

00:57:55,510 --> 00:57:52,480

outside source and they stuck with it

1341

00:57:58,150 --> 00:57:55,520

developed the technology and well like

1342

00:58:00,230 --> 00:57:58,160

nikola tesla for example

1343

00:58:02,549 --> 00:58:00,240

he was educated but everything that he

1344

00:58:06,630 --> 00:58:02,559

came up with he always claimed that

1345

00:58:10,069 --> 00:58:06,640

he got it from from

1346

00:58:11,510 --> 00:58:10,079

aliens or from other sources you know it

1347

00:58:14,870 --> 00:58:11,520

just came to him

1348

00:58:19,349 --> 00:58:14,880

while he was asleep and um

1349

00:58:21,190 --> 00:58:19,359

the ideas that he came up with and uh

1350

00:58:22,789 --> 00:58:21,200

we're getting up on a tangent but it's

1351

00:58:27,589 --> 00:58:22,799

so true though yeah they're free

1352

00:58:34,789 --> 00:58:32,549

yeah so that's my take on all that but

1353

00:58:36,630 --> 00:58:34,799

in getting back to 5g i just think it's

1354

00:58:37,510 --> 00:58:36,640

a really bad idea and i think it's

1355

00:58:42,069 --> 00:58:37,520

pre-planned

1356

00:58:43,750 --> 00:58:42,079

uh same way college was

1357

00:58:45,270 --> 00:58:43,760

oh man and i wish we had more time to

1358

00:58:47,750 --> 00:58:45,280

talk about that one because

1359

00:58:48,950 --> 00:58:47,760

now i mean gosh now that it seems to be

1360

00:58:51,910 --> 00:58:48,960

over

1361

00:58:54,630 --> 00:58:51,920

we got these fouchy emails and the mask

1362

00:58:58,230 --> 00:58:54,640

thing is weird it's gosh it's so weird

1363

00:59:02,069 --> 00:58:58,240

well not only that it's it's

1364

00:59:06,710 --> 00:59:02,079

it's the uh immunization you know

1365

00:59:08,870 --> 00:59:06,720

i i equate it to 1930s germany

1366

00:59:10,230 --> 00:59:08,880

if you know that history the incurable

1367

00:59:13,270 --> 00:59:10,240

illness

1368

00:59:13,990 --> 00:59:13,280

was they could only say it was the

1369

00:59:16,470 --> 00:59:14,000

incurable

1370

00:59:17,670 --> 00:59:16,480

illness and they locked down the entire

1371

00:59:20,789 --> 00:59:17,680

country they had

1372

00:59:24,230 --> 00:59:20,799

everybody had to get tested

1373

00:59:27,510 --> 00:59:24,240

the whole thing behind it was is hitler

1374

00:59:30,230 --> 00:59:27,520

and all the people in the nazi party

1375

00:59:30,950 --> 00:59:30,240

that was trying to convert germany to

1376

00:59:50,309 --> 00:59:30,960

the

1377

00:59:52,950 --> 00:59:50,319

wouldn't go along

1378

00:59:54,069 --> 00:59:52,960

with the program that would be a problem

1379

00:59:57,910 --> 00:59:54,079

so they invented the

1380

00:59:59,910 --> 00:59:57,920

incurable illness and then a dr brandt

1381

01:00:01,190 --> 00:59:59,920

was ordered by hitler to go to all of

1382

01:00:04,710 --> 01:00:01,200

the dockers

1383

01:00:06,150 --> 01:00:04,720

and throughout europe with a list

1384

01:00:07,829 --> 01:00:06,160

of all of these people it was

1385

01:00:10,150 --> 01:00:07,839

subversives and all that and they came

1386

01:00:11,750 --> 01:00:10,160

up with what was called uh

1387

01:00:13,349 --> 01:00:11,760

i'm gonna get in trouble with this but

1388

01:00:16,870 --> 01:00:13,359

what was called the uh

1389

01:00:21,670 --> 01:00:18,630

so they would test all of these people

1390

01:00:24,309 --> 01:00:21,680

if you were on the list

1391

01:00:27,670 --> 01:00:24,319

you know you immediately were admitted

1392

01:00:30,710 --> 01:00:27,680

you know put in the hospital

1393

01:00:31,990 --> 01:00:30,720

and to be cured or to investigate your

1394

01:00:35,589 --> 01:00:32,000

illness terrible

1395

01:00:37,510 --> 01:00:35,599

illness and what they did to eliminate

1396

01:00:39,349 --> 01:00:37,520

all of their competition or any any

1397

01:00:43,109 --> 01:00:39,359

problems that they would have

1398

01:00:45,589 --> 01:00:43,119

in the future they uh

1399

01:00:46,870 --> 01:00:45,599

administered a mercy death injection to

1400

01:00:49,990 --> 01:00:46,880

all of these people

1401  
01:00:54,069 --> 01:00:50,000  
hitler killed over 3 3 million people

1402  
01:00:55,670 --> 01:00:54,079  
geez that way long before the jews

1403  
01:00:57,589 --> 01:00:55,680  
and that's a little piece of history

1404  
01:01:00,789 --> 01:00:57,599  
that people

1405  
01:01:02,710 --> 01:01:00,799  
really don't know about wow but we've

1406  
01:01:05,349 --> 01:01:02,720  
seen that what i think what

1407  
01:01:07,349 --> 01:01:05,359  
my opinion is what we see now is uh

1408  
01:01:12,230 --> 01:01:07,359  
adaptation

1409  
01:01:16,390 --> 01:01:14,870  
it is scary times and it i just hope

1410  
01:01:18,789 --> 01:01:16,400  
we're seeing the end of it because

1411  
01:01:20,309 --> 01:01:18,799  
but then like you said if it i guess

1412  
01:01:22,390 --> 01:01:20,319  
only time will tell my man

1413  
01:01:24,150 --> 01:01:22,400

i i don't want to keep you much longer

1414

01:01:25,829 --> 01:01:24,160

terence i appreciate you staying

1415

01:01:27,109 --> 01:01:25,839

talking to you gosh it's been a better

1416

01:01:28,230 --> 01:01:27,119

part of a year that i've wanted to talk

1417

01:01:29,270 --> 01:01:28,240

to you and i'm glad we're finally

1418

01:01:31,510 --> 01:01:29,280

chatting again

1419

01:01:32,789 --> 01:01:31,520

we'll have to we'll have to meet up and

1420

01:01:34,789 --> 01:01:32,799

and chat again when we're

1421

01:01:36,950 --> 01:01:34,799

nearby yeah we will have to meet up and

1422

01:01:40,710 --> 01:01:36,960

you know i still go to the basement

1423

01:01:43,430 --> 01:01:40,720

quite often so that'd be great

1424

01:01:44,150 --> 01:01:43,440

i should uh contact you next time i come

1425

01:01:46,470 --> 01:01:44,160

home

1426

01:01:49,190 --> 01:01:46,480

that sounds great my man well take care

1427

01:01:51,829 --> 01:01:49,200

and um i hope i talk to you soon

1428

01:01:53,670 --> 01:01:51,839

yes i'm here man i wish i could just

1429

01:01:56,470 --> 01:01:53,680

keep picking terence's

1430

01:01:57,829 --> 01:01:56,480

brain because holy cow does he have a

1431

01:01:59,349 --> 01:01:57,839

lot of information

1432

01:02:01,589 --> 01:01:59,359

and they don't come any cooler than

1433

01:02:05,029 --> 01:02:01,599

terence he is a great guy

1434

01:02:08,150 --> 01:02:05,039

honest and he's worked on a lot of

1435

01:02:11,029 --> 01:02:08,160

interesting things and uh it's a

1436

01:02:13,589 --> 01:02:11,039

pleasure every time i talk to him

1437

01:02:16,309 --> 01:02:13,599

thanks for listening in and uh

01:02:19,510 --> 01:02:16,319

definitely check out heroparanormal.com
